   B. When force majeure circumstances arise, the parties shall negotiate in good faith any modifications of the terms of this Agreement that may be necessary or appropriate in order to arrive at an equitable solution.

   C. TPA performance shall be extended for a number of days equal to the duration of the force majeure. TPA shall be entitled to an extension of time only and, in no event, shall TPA be entitled to any increased costs, additional compensation, or damages of any type resulting from such force majeure delays.

7. **RULES AND REGULATIONS**. TPA shall be responsible for complying with all rules and regulations promulgated by the various agencies prescribing practices and procedures of self-insurer service companies. TPA agrees to reimburse the City for any fines, penalties, or assessments leveraged against the City by the State of Florida, or other regulatory agency, for

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

failure to comply with such rules and regulations, to include those related to any reporting associated with TPA's performance or any other responsibility of TPA.

8. **TERMINATION AND DEFAULT**. Either party, upon determination that the other party has failed or refused to perform or is otherwise in breach of any obligation or provision under this Agreement or the Contract Documents, may give written notice of default to the defaulting party in the manner specified for the giving of Notices herein. Termination of this Agreement by either party for any reason shall have no effect upon the rights or duties accruing to the parties prior to termination.

   A. **Termination**. This Agreement may be terminated:

      a. by mutual agreement of the parties;

      b. by TPA if City is in default in payment of any fees or expenses due hereunder or fails to maintain the requisite claim funding levels as required herein and TPA has given City prior written notice of such default five days prior to the date set for termination;

      c. by the non-breaching party if the other party breaches (other than a monetary breach) under any of the terms, covenants and conditions hereunder and the non-breaching party has given the breaching party prior written notice of such breach 20 days prior to the date set for termination and the breaching party has failed to cure such breach prior to the termination date;

      d. by one party if the other party becomes insolvent or bankrupt, is placed into receivership, makes an assignment for the benefit of creditors, or is levied upon or sold by Sheriff's sale; or

      e. by TPA or City if TPA fails to obtain any required state or federal licensing for providing services hereunder.

   B. **Termination for Non-Funding**. In the event that budgeted funds to finance this Agreement are reduced, terminated, or otherwise become unavailable, City may terminate this Agreement upon written notice to TPA without penalty or expense to City. City shall be the final authority as to the availability of budgeted funds.

   C. **Termination for Convenience**. Each party reserves the right to terminate this Agreement in for convenience without penalty or recourse upon not less than thirty (30) days prior written notice to the other party. Upon receipt of the notice, TPA shall immediately discontinue all work as directed in the notice, notify all subcontractors of the effective date of the termination, and minimize all further costs to City including, but not limited to, the placing of any and all orders for materials, facilities, or supplies, in connection with its performance under this Agreement. TPA shall be entitled to receive compensation solely for: (1) the actual cost of the work completed in conformity with this Agreement; and/or (2) such other costs incurred by TPA as permitted under this Agreement and approved by City.

9. **PERFORMANCE EVALUATION**. At the end of the contract, City may evaluate TPA's performance. Any such evaluation will become public record.

10. **NOTICE REGARDING FAILURE TO FULFILL AGREEMENT**. Any vendor who enters into an Agreement with the City of Ocala and fails to complete the contract term, for any reason (other than termination of this Agreement in accordance with its terms), shall be subject to future

bidding suspension for a period of **ONE (1)** year and bid debarment for a period of up to **THREE (3)** years for serious contract failures.

11. **TPA REPRESENTATIONS**. TPA expressly represents that:

    A. TPA has read and is fully familiar with all of the terms and conditions of this Agreement, the Contract Documents, and other related data and acknowledges that they are sufficient in scope and detail to indicate and convey understanding of all terms and conditions of the work to be performed by TPA under this Agreement.

    B. TPA has disclosed, in writing, all known conflicts, errors, inconsistencies, discrepancies, or omissions discovered by TPA in the Contract Documents, and that the City's written resolution of same is acceptable to TPA.

    C. TPA is familiar with all local, state, and Federal laws, regulations, and ordinances which may affect cost, progress, or its performance under this Agreement whatsoever.

    D. **Public Entity Crimes.** Neither TPA, its parent corporations, subsidiaries, members, shareholders, partners, officers, directors, or executives, nor any of its affiliates, contractors, suppliers, subcontractors, or consultants under this Agreement have been placed on the convicted vendor list following a conviction of a public entity crime. TPA understands that a "public entity crime" as defined in section 287.133(1)(g), Florida Statutes, is "a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States…" TPA further understands that any person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime: (1) may not submit a bid, proposal, or reply on a contract: (a) to provide any goods or services to a public entity; (b) for the construction or repair of a public building or public work; or (c) for leases of real property to a public entity; (2) may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and (3) may not transact business with any public entity in excess of the threshold amount provided in section 287.017, Florida Statutes, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

12. **TPA RESPONSIBILITIES**. Except as otherwise specifically provided for in this Agreement, the following provisions are the responsibility of the TPA:

    A. TPA shall competently and efficiently supervise, inspect, and direct all work to be performed under this Agreement, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the work in accordance with the Contract Documents.

    B. TPA shall be solely responsible for the means, methods, techniques, sequences, or procedures, and safety precautions or programs incident thereto.

    C. TPA shall be responsible to see that the finished work complies accurately with the contract and the intent thereof.

    D. TPA shall comply with all local, state, and Federal laws, regulations, and ordinances which may affect cost, progress, or its performance under this Agreement, and be responsible for all costs associated with same.

E. Except as expressly provided herein, TPA shall continue its performance under this Agreement during the pendency of any dispute or disagreement arising out of or relating to this Agreement, except as TPA and City may otherwise agree in writing.

13. **CITY RESPONSIBILITIES.**

A. City shall timely produce complete and accurate information including, but not limited to, current financial information, statements of values, loss information, and any other information necessary for the effectuation of insurance coverage at the request of the TPA.

B. City will provide TPA with a notice of any material changes in the City's business operations, risk exposures, or in any other material information provided under the Scope of Work. In addition, TPA shall confirm the accuracy and recommend any changes to insurance policies issued to City.

14. **EXCESS REPORTING.** TPA will report to City's excess insurance carrier or carriers ("**Carrier(s)**") all claims serviced by TPA which meet City's excess insurance reporting requirements, subject to the following requirements:

A. City shall promptly provide TPA with copies of all applicable excess policies and contact information, as well as amended or modified policies, endorsements, and any excess claim reporting thresholds or standards agreed by the City and Carrier(s).

B. City shall direct Carrier(s) to promptly provide TPA with copies of all claim notice confirmations, claim reports, and any similar reports provided by Carrier(s) to City.

C. City shall promptly provide claim data for conversion to TPA's computer system for purposes of determining historical loss information.

D. City's failure to meet the requirements set forth above shall relieve TPA of its obligation to report excess claims to Carrier(s). TPA shall not be obligated to report any claims not serviced by TPA.

E. TPA will attempt to collect non-aggregate excess claim recoveries on behalf of the City for a period of 180 days (from the date of the initial request), after which TPA will turn over pursuit of the outstanding balance to the City for the reimbursable funds and possess no further collection obligations or responsibilities for that outstanding balance.

15. **SECTION 111 REPORTING.** City understands and acknowledges that it is a Responsible Reporting Entity ("RRE") as defined by the Centers for Medicare and Medicaid Services ("CMS"), and is responsible for the reporting requirements as set forth in Section 111 of the Medicare, Medicaid, and SCHIP Extension Act of 2007.

A. City authorizes TPA or TPA's designee to undertake City's Section 111 reporting requirements as City's Account Manager/Reporting Agent as it relates to City's Qualified Claims. City further agrees to fully cooperate with TPA, including the execution of any documents necessary for such authorization.

B. TPA shall not provide any Section 111 reporting services for City's Record Only Claims

C. TPA shall not undertake Section 111 reporting activities for City's claims which were converted from City's prior TPA to TPA but were never serviced by TPA

D. City acknowledges and agrees to provide TPA with complete, accurate, and timely data, as well as completed CMS documentation, for Section 111 reporting purposes.

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

E. Upon receipt of complete, accurate claim data, TPA shall commence reporting of City's data to CMS, and shall continue for as long as TPA provides claims handling services for City's Qualified Claims.

F. TPA shall have no liability for any failure of (i) City to register as a RRE; (ii) City to execute any documents necessary to authorize TPA or TPA's designee as its Account Manager/Reporting Agent; or (iii) City or its prior TPA to report City's claims when they were first required to do so.

16. **FUNDING.**

A. TPA will maintain a non-interest-bearing checking account in TPA's name ("**Payment Account**") with TPA's bank, which is to be funded by City but which TPA will administer for the purposes of paying Qualified Claims and ALAE, in accordance with the procedures set forth in this Section. TPA will provide City with a monthly schedule ("**Payment Register**") outlining all claim payments, ALAE, and correction items funded by TPA and will contain the name of the payee, date of payment, amount of payment, and claim number for all transactions occurring during the prior month.

B. The Payment Account will initially be funded by City in the amount equal to three months estimated claims payments and ALAE, which amount may be revised at TPA's discretion at any time based upon actual claims and expense payment history. Within 15 calendar days of the receipt of the Payment Register and statement, City shall reimburse TPA for the total amount of payments made, which reimbursement shall replenish the Payment Account to its required balance. If at any time the Payment Account balance is depleted by 75% or more during any given month, TPA shall provide written notice of such depletion to City, and City shall replenish the balance within two business days of receipt of notice.

C. TPA is not obligated to pay any claims or expenses on behalf of City unless the required funds are made available by City to TPA to do so. Should TPA advance funding on the part of City, then City shall immediately reimburse TPA or TPA will stop providing services, including ceasing to pay claims and expenses, until full reimbursement has been received and any related TPA bank charges, fees, or penalties have been paid by City. TPA shall have no liability to City for any penalties, fines or assessments incurred due to City's failure to maintain sufficient funds in the Payment Account or TPA's election to stop performing services as a result thereof. Should City fail at any time to maintain the required funding after receiving notification from TPA, TPA will stop providing all services, including ceasing to pay claims and expenses, until such funding has been restored and any related TPA bank charges, fees, or penalties have been paid by City.

17. **RISK MANAGEMENT INFORMATION SYSTEM(RMIS).** City will have access to TPA's RMIS for up to three users, provided City agrees to the terms and conditions of the License Agreement when first accessing TPA's RMIS.

A. TPA warrants TPA's RMIS against malfunctions, errors, or loss of data which are due solely to errors on its part. If City notifies TPA in writing and furnishes adequate documentation of any such malfunction, error, or loss of data, then:

(1) in the event of a malfunction, error, or loss of data, upon notice from City within 20 days of the event, TPA will recreate the reports designated by City without an additional fee, using data as of the recreation date.

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

(2) the maximum and only liability of TPA for such malfunction, error or loss of data shall be its obligation to recreate reports or regenerate data as described above.

B. THE WARRANTIES STATED IN THIS SECTION ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT SHALL TPA BE LIABLE FOR ANY LOSS OR DAMAGE TO REVENUES, PROFITS, OR GOODWILL OR OTHER DIRECT, SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY KIND RESULTING FROM ITS PERFORMANCE OR FAILURE TO PERFORM UNDER THIS SECTION, INCLUDING WITHOUT LIMITATION ANY INTERRUPTION OF BUSINESS, EVEN IF TPA HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH LOSS OR DAMAGE. THIS SECTION OF THE AGREEMENT SHALL SURVIVE THE TERMINATION OF THE AGREEMENT.

C. City shall adhere to state and federal law with regard to protecting the privacy of any claimant whose information may appear in TPA's RMIS. City agrees to use all available security features and to notify TPA promptly of all potential and actual breaches of the system.

D. City agrees that no information in TPA's RMIS will be used as a pretext for retaliatory or other illegal or unfair discriminatory employment practices in violation of any federal or state statute or regulation.

E. City agrees to limit access to TPA's RMIS to those persons who perform the essential functions of claim and risk management, including protecting security access passwords and communications, except that this provision is not intended to limit City from generating and using reports and statistics for legitimate business purposes.

F. Unless otherwise stated, City's access to TPA's RMIS will end upon termination of the Agreement.

18. **NO EXCLUSIVITY**. It is expressly understood and agreed by the parties that this is not an exclusive agreement. Nothing in this Agreement shall be construed as creating any exclusive arrangement with TPA or as prohibit City from either acquiring similar, equal, or like goods and/or services or from executing additional contracts with other entities or sources. The City is not obligated to procure any insurance or to use Agent for insurance it might wish to procure; the City may do so independently at any time with no notice.

19. **COMMERCIAL AUTO LIABILITY INSURANCE.** Contractor shall procure, maintain, and keep in full force, effect, and good standing for the life of this Agreement a policy of commercial auto liability insurance with a minimum combined single limit of One Million Dollars ($1,000,000) per occurrence for bodily injury and property damage arising out of Contractor's operations and covering all owned, hired, scheduled, and non-owned automobiles utilized in said operations. If Contractor does not own vehicles, Contractor shall maintain coverage for hired and non-owned automobile liability, which may be satisfied by way of endorsement to Contractor's Commercial General Liability policy or separate Commercial Automobile Liability policy.

20. **GENERAL LIABILITY INSURANCE.** TPA shall procure and maintain, for the life of this Agreement, commercial general liability insurance with minimum coverage limits not less than:

A. One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) aggregate limit for bodily injury, property damage, and personal and advertising injury; and

B. One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) aggregate limit for products and completed operations.

C. Policy must include coverage for contractual liability and independent contractors.

D. The City, a Florida municipal corporation, and its officials, employees, and volunteers are to be covered as additional insureds with a CG 20 26 04 13 Additional Insured – Designated Person or Organization Endorsement or similar endorsement providing equal or broader Additional Insured Coverage with respect to liabilities arising out of activities performed by or on behalf of Contractor. This coverage shall contain no special limitation on the scope of protection to be afforded to the City, its officials, employees, and volunteers.

21. **WORKERS' COMPENSATION AND EMPLOYER'S LIABILITY.** Contractor shall procure, maintain, and keep in full force, effect, and good standing for the life of this Agreement adequate workers' compensation and employer's liability insurance covering all of its employees in at least such amounts as required by Chapter 440, Florida Statutes, and all other state and federal workers' compensation laws, including the U.S. Longshore Harbor Workers' Act and the Jones Act, if applicable. Contractor shall similarly require any and all of its subcontractors to afford such coverage for all of its employees as required by applicable law. Contractor shall waive and shall ensure that Contractor's insurance carrier waives, all subrogation rights against the City of Ocala and its officers, employees, and volunteers for all losses or damages. Contractor's policy shall be endorsed with WC 00 03 13 Waiver of our Right to Recover from Others or its equivalent. **Exceptions and exemptions to this Section may be allowed at the discretion of the City's Risk Manager on a case-by-case basis in accordance with Florida Statutes and shall be evidenced by a separate waiver**.

22. **PROFESSIONAL LIABILITY/ERRORS AND OMISSIONS INSURANCE.** Consultant shall procure, maintain, and keep in full force, effect, and good standing - until the fifth anniversary of the expiration of this Agreement - professional liability or errors and omissions insurance coverage for wrongful acts in an amount not less than One Million Dollars ($1,000,000) per claim and Two Million Dollars ($2,000,000) aggregate, exclusive of defense costs. It is recognized that this type of insurance is only available on a claims-made basis and additional insured endorsements are not available.

23. **MISCELLANEOUS INSURANCE PROVISIONS.**

A. Consultant's insurance coverage, excluding professional liability, shall be primary insurance for all applicable policies. The limits of coverage under each policy maintained by Consultant shall not be interpreted as limiting Consultant's liability or obligations under this Agreement. City does not in any way represent that these types or amounts of insurance are sufficient or adequate enough to protect Consultant's interests or liabilities or to protect Consultant from claims that may arise out of or result from the negligent acts, errors, or omissions of Consultant, any of its agents or subcontractors, or for anyone whose negligent act(s) Consultant may be liable.

B. No insurance shall be provided by the City for Consultant under this Agreement and Consultant shall be fully and solely responsible for any costs or expenses incurred as a result of a coverage deductible, co-insurance penalty, or self-insured retention to include any loss not covered because of the operation of such deductible, co-insurance penalty, self-insured retention, or coverage exclusion or limitation.

C. Certificates of Insurance. No work shall be commenced by Consultant under this Agreement until the required Certificate of Insurance and endorsements have been provided nor shall Consultant allow any subcontractor to commence work until all similarly required certificates

and endorsements of the subcontractor have also been provided. Work shall not continue after expiration (or cancellation) of the Certificate of Insurance and work shall not resume until a new Certificate of Insurance has been provided. **Consultant shall provide evidence of insurance in the form of a valid Certificate of Insurance (binders are unacceptable) prior to the start of work contemplated under this Agreement to: City of Ocala. Attention: Procurement & Contracting Department, Address: 110 SE Watula Avenue, Third Floor, Ocala Florida 34471, E-Mail: vendors@ocalafl.org.** Consultant's Certificate of Insurance and required endorsements shall be issued by an agency authorized to do business in the State of Florida with an A.M. Best Rating of A or better. The Certificate of Insurance shall indicate whether coverage is being provided under a claims-made or occurrence form. If any coverage is provided on a claims-made form, the Certificate of Insurance must show a retroactive date, which shall be the effective date of the initial contract or prior.

D. City as an Additional Insured. The City of Ocala shall be added as an Additional Insured and Certificate Holder on all liability policies identified in this Section with the exception of Workers' Compensation and Professional Liability policies.

E. Notice of Cancellation of Insurance. Consultant's Certificate of Insurance shall provide **THIRTY (30) DAY** notice of cancellation, **TEN (10) DAY** notice if cancellation is for non-payment of premium. In the vent that Consultant's insurer is unable to accommodate the cancellation notice requirement, it shall be the responsibility of Consultant to provide the proper notice. Such notification shall be in writing by registered mail, return receipt requested, and addressed to the certificate holder. Additional copies may be sent to the City of Ocala at vendors@ocalafl.org.

F. Failure to Maintain Coverage. The insurance policies and coverages set forth above are required and providing proof of and maintaining insurance of the types and with such terms and limits set forth above is a material obligation of Consultant. Consultant's failure to obtain or maintain in full force and effect any insurance coverage required under this Agreement shall constitute material breach of this Agreement.

G. Severability of Interests. Consultant shall arrange for its liability insurance to include, or be endorsed to include, a severability of interests/cross-liability provision so that the "City of Ocala" (where named as an additional insured) will be treated as if a separate policy were in existence, but without increasing the policy limits.

24. **NON-DISCRIMINATORY EMPLOYMENT PRACTICES**. During the performance of the contract, the TPA shall not discriminate against any employee or applicant for employment because of race, color, religion, ancestry, national origin, sex, pregnancy, age, disability, sexual orientation, gender identity, marital or domestic partner status, familial status, or veteran status and shall take affirmative action to ensure that an employee or applicant is afforded equal employment opportunities without discrimination. Such action shall be taken with reference to, but not limited to: recruitment, employment, termination, rates of pay or other forms of compensation and selection for training or retraining, including apprenticeship and on-the-job training.

25. **SUBCONTRACTORS.** Nothing in this Agreement shall be construed to create, impose, or give rise to any duty owed by City or its representatives to any subcontractor of TPA or any other persons or organizations having a direct contract with TPA, nor shall it create any obligation on the part of City or its representatives to pay or seek payment of any monies to any subcontractor

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

of TPA or any other persons or organizations having a direct contract with TPA, except as may otherwise be required by law. City shall not be responsible for the acts or omissions of any vendor, subcontractor, or of any of their agents or employees, nor shall it create any obligation on the part of City or its representatives to pay or to seek the payment of any monies to any subcontractor or other person or organization, except as may otherwise be required by law.

26. **DELAYS AND DAMAGES.** The Vendor agrees to make no claim for extra or additional costs attributable to any delays, inefficiencies, or interference in the performance of this contract occasioned by any act or omission to act by the City except as provided in the Agreement. The TPA also agrees that any such delay, inefficiency, or interference shall be compensated for solely by an extension of time to complete the performance of the work in accordance with the provision in the standard specification.
27. **INDEPENDENT CONTRACTOR STATUS.** TPA acknowledges and agrees that under this Agreement, TPA and any agent or employee of TPA shall be deemed at all times to be an independent contractor and shall be wholly responsible for the manner in which it performs the services and work required under this Agreement. Neither TPA nor its agents or employees shall represent or hold themselves out to be employees of City at any time. Neither TPA nor its agents or employees shall have employee status with City. Nothing in this Agreement shall constitute or be construed to create any intent on the part of either party to create an agency relationship, partnership, employer-employee relationship, joint venture relationship, or any other relationship which would allow City to exercise control or discretion over the manner or methods employed by TPA in its performance of its obligations under this Agreement.
28. **ACCESS TO FACILITIES.** City shall provide TPA with access to all City facilities as is reasonably necessary for TPA to perform its obligations under this Agreement.
29. **ASSIGNMENT.** Neither party may assign its rights or obligations under this Agreement to any third party without the prior express approval of the other party, which shall not be unreasonably withheld.
30. **RIGHT OF CITY TO TAKE OVER CONTRACT.** Should the work to be performed by TPA under this Agreement be abandoned, or should TPA become insolvent, or if TPA shall assign or sublet the work to be performed hereunder without the written consent of City, the City Project Manager shall have the power and right to hire and acquire additional men and equipment, supply additional material, and perform such work as deemed necessary for the completion of this Agreement. Under these circumstances, all expenses and costs actually incurred by City to accomplish such completion shall be credited to City along with amounts attributable to any other elements of damage and certified by the Project Manager. The City Project Manager's certification as to the amount of such liability shall be final and conclusive.
31. **PUBLIC RECORDS.** TPA shall comply with all applicable provisions of the Florida Public Records Act, Chapter 119, Florida Statutes. Specifically, TPA shall:

    A. Keep and maintain public records required by the public agency to perform the service.

    B. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if TPA does not transfer the records to the public agency.

D. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of TPA or keep and maintain public records required by the public agency to perform the service. If TPA transfers all public records to the public agency upon completion of the contract, TPA shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If TPA keeps and maintains public records upon completion of the contract, TPA shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF TPA HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO TPA'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: CITY OF OCALA, OFFICE OF THE CITY CLERK; 352-629-8266; E-mail: clerk@ocalafl.org; City Hall, 110 SE Watula Avenue, Ocala, FL 34471.

32. **AUDIT.** TPA shall reasonably comply and cooperate with any inspections, reviews, investigations, or audits relating to this Agreement as deemed necessary by the Florida Office of the Inspector General, the City's Internal or External auditors or by any other Florida official with proper authority.

33. **PUBLICITY.** TPA shall not use City's name, logo, seal or other likeness in any press release, marketing materials, or other public announcement without City's prior written approval.

34. **E-VERIFY.** Pursuant to section 448.095, Contractor shall register with and use the U.S. Department of Homeland Security's ("DHS") E-Verify System, accessible at https://everify.uscis.gov/emp, to verify the work authorization status of all newly hired employees. Contractor shall obtain affidavits from any and all subcontractors in accordance with paragraph 2(b) of section 448.095, Florida Statutes, and maintain copies of such affidavits for the duration of this Agreement. By entering into this Agreement, Contractor certifies and ensures that it utilizes and will continue to utilize the DHS E-Verify System for the duration of this Agreement and any subsequent renewals of same. Contractor understands that failure to comply with the requirements of this section shall result in the termination of this Agreement and Contractor may lose the ability to be awarded a public contract for a minimum of one (1) year after the date on which the Agreement was terminated. Contractor shall provide a copy of its DHS Memorandum of Understanding upon City's request. Please visit www.e-verify.gov for more information regarding the E-Verify System.

35. **CONFLICT OF INTEREST.** TPA is required to have disclosed, with the submission of their bid, the name of any officer, director, or agent who may be employed by the City. TPA shall further disclose the name of any City employee who owns, directly or indirectly, any interest in TPA's business or any affiliated business entity. Any additional conflicts of interest that may occur during the contract term must be disclosed to the City of Ocala Procurement Department.

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

36. **WAIVER.** The failure or delay of any party at any time to require performance by another party of any provision of this Agreement, even if known, shall not affect the right of such party to require performance of that provision or to exercise any right, power or remedy hereunder. Any waiver by any party of any breach of any provision of this Agreement should not be construed as a waiver of any continuing or succeeding breach of such provision, a waiver of the provision itself, or a waiver of any right, power or remedy under this Agreement. No notice to or demand on any party in any circumstance shall, of itself, entitle such party to any other or further notice or demand in similar or other circumstances.

37. **SEVERABILITY OF ILLEGAL PROVISIONS.** Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the applicable law. Should any portion of this Agreement be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Agreement.

38. **INDEMNITY.** TPA shall indemnify City and its elected officials, employees and volunteers against, and hold City and its elected officials, employees and volunteers harmless from, all damages, claims, losses, costs, and expenses, including reasonable attorneys' fees, which City or its elected officials, employees or volunteers may sustain, or which may be asserted against City or its elected officials, employees or volunteers, arising out of the activities contemplated by this Agreement including, without limitation, harm or personal injury to third persons during the term of this Agreement to the extent attributable to the actions of TPA, its agents, and employees. Neither party shall be liable to the other party for punitive or consequential damages.

39. **NO WAIVER OF SOVEREIGN IMMUNITY.** Nothing herein is intended to waive sovereign immunity by the City to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

40. **NOTICES.** All notices, certifications or communications required by this Agreement shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices may also be concurrently delivered by e-mail. All notices shall be addressed to the respective parties as follows:

If to TPA:	PMA Management Corp. Attention: Michael Hurst 2701 N Rocky Pointe Drive Island Center Suite 250 Tampa, FL 33607 Phone: 804-928-6580 Cell: 804-928-6580 E-mail: Michael_hurst@pmagroup.com

E-mail: cityattorney@ocalafl.org

41. **ATTORNEYS' FEES.** If any civil action, arbitration or other legal proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party shall be entitled to recover reasonable attorneys' fees, sales and use taxes, court costs and all expenses reasonably incurred even if not taxable as court costs (including, without limitation, all such fees, taxes, costs and expenses incident to arbitration, appellate, bankruptcy and post-judgment proceedings), incurred in that civil action, arbitration or legal proceeding, in addition to any other relief to which such party or parties may be entitled. Attorneys' fees shall include, without limitation, paralegal fees, investigative fees, administrative costs, sales and use taxes and all other charges reasonably billed by the attorney to the prevailing party.

42. **JURY WAIVER.** IN ANY CIVIL ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF, CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY ANY OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.

43. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.

44. **JURISDICTION AND VENUE.** The parties acknowledge that a majority of the negotiations, anticipated performance and execution of this Agreement occurred or shall occur in Marion County, Florida. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought only in the courts of record of the State of Florida in Marion County or the United States District Court, Middle District of Florida, Ocala Division. Each party consents to the exclusive jurisdiction of such court in any such civil action or legal proceeding and waives any objection to the laying of venue of any such civil action or legal proceeding in such court and/or the right to bring an action or proceeding in any other court. Service of any court paper may be effected on such party by mail, as provided in this Agreement, or in such other manner as may be provided under applicable laws, rules of procedures or local rules.

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

45. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all whom shall be bound by the provisions hereof.
46. **MUTUALITY OF NEGOTIATION.** TPA and City acknowledge that this Agreement is a result of negotiations between TPA and City, and the Agreement shall not be construed in favor of, or against, either party because of that party having been more involved in the drafting of the Agreement.
47. **SECTION HEADINGS.** The section headings herein are included for convenience only and shall not be deemed to be a part of this Agreement.
48. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or because of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.
49. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both parties to this Agreement.
50. **COUNTERPARTS.** This Agreement may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.
51. **ELECTRONIC SIGNATURE(S).** TPA, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.
52. **ENTIRE AGREEMENT.** This Agreement, including exhibits, (if any) constitutes the entire Agreement between the parties hereto with respect to the subject matter hereof. There are no other representations, warranties, promises, agreements or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. No course of prior dealings between the parties and no usage of trade shall be relevant or admissible to supplement, explain, or vary any of the terms of this Agreement. No representations, understandings, or agreements have been made or relied upon in the making of this Agreement other than those specifically set forth herein.
53. **LEGAL AUTHORITY**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

BACKGROUND

The Third-Party Administrator ("TPA") will provide claims adjusting and related services to the Risk Management Department. The TPA will be responsible for claims administration for Workers' Compensation, third party liability, and records management for first party claims. This includes, but is not limited to, Medicare Section 111 mandatory reporting requirements, Bill review, Medical Case Management, Utilization Review and Medical Provider Network as well as program implementation services.

Only TPAs' legally entitled to conduct business in the State of Florida will be considered

The terms and conditions concerning Administrative Services, Claims Services, and Loss Statistic Services indicated in this Contract are those desired by the City.

SUMMARY OF WORK

Contractor must agree to provide all of the following services:

- Administrative services
- Claims services
- First notice of injury services
- Loss statistic services
- Network access and development services
- Pharmaceutical benefit management service
- Communicable disease management program service
- Subrogation services (outside the normal adjuster subrogation responsibilities) notate percentage if applicable

  City requires full and total transparency with its vendor relationships. Therefore, any commission, service fee or other form of remuneration paid to any agent, broker, lobbyist or third party must be identified throughout the term of the Contract.

  Contractor must identify all sub-contractors who will be used to provide the services outlined in this Contract. The flat fee paid by the City must be the only remuneration to the Contractor for services provided to the City. Contractor must receive no revenue for these services from sub-contractors.

  The TPA will be required to provide detailed Summary of Paid Losses and Reserves for Workers' Compensation, Auto Liability and General Liability. This includes data prior to inception of Contract, and TPA will be required to work with the current Provider to access information needed for reporting.

A. Staffing Requirements

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

Contractor shall provide the City with off-site workers' compensation claims adjusting and administration services for medical only and lost-time claims.

In addition to off-site workers' compensation claims adjusting and administration services, the Contractor must provide at least one (1) full-time experienced General Liability and Automobile Liability adjusters to work in the City's Risk Management offices Monday through Friday between the hours of 8:00 a.m. and 5:00 p.m. (excluding holidays) The Contractor must also provide a part time experienced adjuster that may work remotely, and provide dedicated claims adjusting 24 hours 3 days per week . The City will consider alternative staffing proposals for case-load and/or cost-efficiency, providing that at least one (1) full-time and one (1) part-time adjuster is included in the proposal.

B. Compliance with Rules or Division of Workers' Compensation

It shall be the responsibility of the Contractor to comply with all rules and regulations promulgated by the various agencies prescribing the practices and procedures of self-insurer service companies. Contractor will be responsible for all required EDI DWC reporting.

Contractor must agree to reimburse the City for payment of any fines, penalties, or assessments assigned by the State of Florida, or other regulatory agency, for failure to comply with such rules and regulations, including EDI reporting associated with the performance or responsibility of the service company.

C. Access to Claim Files

The Contractor agrees the City shall have real-time access to all claim files, including all adjuster notes, supervisory notes, field case management notes, diary items, payment records, medical bills and expense bills in an electronic manger with internet-based access available to the City. The Contractor should detail how this access to claims will be provided. A minimum of 5 users must be provided to the City at no additional cost.

D. Ownership of Claim Files

The City shall have all right, title, interest, and ownership to all loss statistics and claim files created as a result of the services to be provided by the Contractor. Further, at the sole option of the City, and upon ten (10) days written notice, the Contractor shall return such files to the City.

At the termination of the Contract, and at the sole expense of the Contractor, the Contractor shall provide the City with computer tapes or other computer media containing all the claim data. Such data shall be made available in a format generally importable into a commonly recognized database for claims administrative services.

E. Audit of File and Procedures

At the sole option of the City, TPA shall agree, at no additional cost to the City, to any audits conducted by the City or the City's designee (hereinafter, "Auditor") of TPA's claim files and procedures as they relate to the services under this Agreement. City shall have the right to audit during the Contract period and for five years following the termination of the Agreement.

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

F. Audit Records

1. **Definition**: The term "Records" shall mean all documentary and electronic records of TPA and TPA's subcontractors related to the services performed under this Agreement including, but not limited to:
   a. Financial records (including accounting records, payroll records, timesheets, audited and unaudited financial statement)
   b. Contracts (including Contractors with subcontractors and Contracts between subcontractors and others)
   c. Contractor performance data
   d. Network and Provider agreements
   e. Cost data
2. **Right to Audit**: At the sole option of the City, TPA shall agree, at no additional cost to City, to allow Auditor to have access to Records of TPA and Records of TPA's subcontractors for the purpose of reviewing and auditing such Records. Any Records requested for audit or review must be related to the services provided under this Agreement. City shall have the right to audit Records during the contract period and for five (5) years following the termination of the Agreement.

G. Proprietary Documents

To the extent TPA or TPA's subcontractor designates any "Records" requested for audit as "Proprietary Records" (i.e., containing confidential information, trade secrets, or provide information), TPA shall be allowed to limit the access of Auditor such that Auditor will only be permitted to review such Proprietary Records in controlled conditions at a TPA chosen location in Marion County, Florida. With respect to such Proprietary Records, Auditor's rights will be limited to on-premises review of such Records and Auditor will not be permitted to retain copies or make reproductions of such Records. Such designation of Records as proprietary by TPA or TPA' proprietary by TPA or TPA's subcontractor shall only be made to the extent reasonable grounds exist for TPA of TPA's subcontractor to protect the information contained in such Records.

H. Administrative Service

The Contractor is requested to provide the following administrative services:

1. In accordance with state mandated time frames; TPA must prepare and file with the appropriate state agencies all applications, bonds, documents, and data required (if any) for implementation and continuance of the program.
2. In accordance with state mandated time frames, prepare, maintain, and file all records and reports as may be required by legal authorities (State, local, and federal).

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

3. Prepare, maintain, and file statistical or other records and reports as required by the City's excess insurers. Report claims to the City's excess insurer(s) in accordance with the requirements of excess insurer(s). Provide a copy of the reports to the City. Follow specific written investigation procedures for any case for which the Excess Worker's Compensation Insurer requires specific notification or investigation.
4. In accordance with state mandated time frames, prepare, maintain, and file statistical information required by Workers' Compensation Rating Bureaus or appropriate state agencies, including EDI and data necessary for the promulgation of experience modifications.
5. Comply fully with all rules, regulations, guidelines or procedures established by the City and the State of Florida, including EDI.
6. Provide the City, annually, with the latest paylag report from the State of Florida.
7. Recognize the City will be continuing a Workers' Compensation program which focuses on respecting the injured worker and the medical Providers providing care. Contractor must be committed to work collaboratively with the City to effect program changes and enhancements as requested by the City. Contractor must be committed to work collaboratively with the current third-party claims administrator when appropriate.
8. Annually, provide the City with a SSAE 16 audit as required by the financial auditors.
9. Retain legal counsel as required and authorized by HR/Risk Management and provide investigative and other support to that legal counsel.
10. Procure investigative services and other "expert" services as authorized by HR/Risk Management.
11. Meet with the City to coordinate a timely and efficient transition.
12. Converting data for all existing claims. The TPA will assume all adjusting responsibility for carry over files.
13. Ensure claims conversions are correct with respect to data integrity – to include, but not limited to, data mapping, historical financial transactions, payment history and classification.

I. Preferred Provider

Contractor will be required to establish and maintain a list of preferred Providers. These Providers may be medical doctors, physical therapists, chiropractors, and any other service Provider whose services may be required. The TPA will endeavor to initiate agreement with these Providers in an effort to obtain their services at rates of reimbursement beneficial to the City.

J. Claims Service

Contractor must provide the following claims services:

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

1. Establish reporting procedures which are compatible with the needs and organizational structure of the City.
2. Develop specific service instructions with the City for the handling of the City's claims. Develop specific service instructions with the City for the handling of the City's catastrophic claims.
3. Establish a claims file on all incidents reported by the City.
4. Establish and maintain reasonable reserves on all active claims.
5. Timely investigate all reported incidents and make a determination of the claim's compensability. At a minimum, such investigation shall include telephonic interviews with the claimant, the employee's immediate supervisor, any and all witnesses and the initial treating physician. Such interviews should be concluded within 24 hours of the administrator receiving notification of the claim.
6. Obtain recorded statements from the claimant and all witnesses if any aspect of the claim is questionable.
7. Monitor the medical treatment of the claimant and pursue timely Maximum Medical Improvement (MMI) dates from the treating physician.
8. Pay and or record all benefits in accordance with the Florida Statues.
9. Reduce all medical bills in accordance with the State Fee Schedule.
10. Coordinate with the City to determine that feasibility of a light duty position, and obtain the opinions of the treating physician regarding the claimant's ability to perform the duties of such positions.
11. Coordinate with the City, and its defense counsel on all litigated matters.
12. Advise the City of all claims that could benefit from the assignment of Nurse Case Management and provide such services at the direction of the City.
13. Report claims that could possibly pierce the self-insured retention of the City to its Excess Insurer and provide periodic reports in accordance with the terms and conditions of its policies.
14. File necessary documentation to the City's Excess Insurer and obtain reimbursements on a timely basis.
15. Pursue all potential subrogations to the full extent of the law including, but not limited to, class action settlements the City may be party to.
16. Electronically capture all claims costs and prepare detailed loss history reports on a monthly basis. In addition, the City desires to receive loss history information in Microsoft Excel format on a monthly basis.
17. Maintain detailed adjuster and nurse case manager's notes documenting all claim activity.

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

18. Provide real time, online access to the City's claims to include adjuster and nurse case manager's notes.
19. Provide the City with written narrative reports every sixty (60) days on all major claims documenting recent claim activity and strategies on the future handling of the claim. The definition of major claims will be determined jointly by the administrator and the City.
20. File all State mandated reports on behalf of the City.
21. Periodically as appropriate, but at least every quarter, review all open cases and complete a strategic action plan in order to assist in the settlement of the cases and discuss at a claims review meeting with City staff. This claims review can be conducted via phone or in person. Such as written reviews shall include a review and verification of outstanding reserves. Participate in quarterly reviews of field case management progress and legal progress. A written summary of the review shall be documented in the open case file and shall be documented in the open case file and shall be provided to the City within ten working days after the end of the period for which the report is being made.
22. Pursue timely and cost effective settlements in accordance with the City's approval and protocols.

K. Loss Statistic Services

Costs for this component are to be included in the Contractor's flat annual fee, and, as a minimum the following shall be included:

It is the desire of the City that loss information is available to designated Risk Management personnel (read only access) through an on-line computer system provided by the TPA.

Individual Claim Details: The following required details (but not limited to) are to be included for each claim assigned.

1. Employer (City of Ocala)
2. Department or Division
3. Claim Number (City)
4. Claimant's name and occupation
5. Date of injury
6. Nature of injury (including specific body part)
7. Description of accident (including location, equipment or vehicle involved, if any)
8. Indemnity paid to date
9. Reserve for future indemnity
10. Medical paid to date
11. Reserve for future medical
12. Total allocated claims expense paid to date

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

13. Attorney cost paid to date
14. Reserve for future allocated claims expense
15. Cross reference for multiple claimant accident/occurrences - all accidents or occurrences involving more than one claimant (whether workers' compensation, general liability and/or automobile liability) are to be identified.

L. Reports

Reports are to be grouped by fiscal year by date of accident. The required reports are to be presented in the following formats to include the following: ("City" reserves the right to alter report content and format requirements at any time with reasonable notice to the TPA).

1. Employer (City of Ocala)
2. Major Department/Division - Individual claim details to be grouped by such major department/divisions as designated by Risk Management.
3. Claim Summaries - For each department/division and for all combined departments/divisions in each entity, the required reports are to include claim summaries showing:
   a. Total number of claims
   b. Total number of closed indemnity claims
   c. Total number of open indemnity claims
   d. Total number of closed medical only claims
   e. Total number of open medical only claims
   f. Total number of claims closed without payment
   g. Total indemnity paid to date
   h. Total reserves for future indemnity
   i. Total medical paid to date
   j. Total reserves for future medical
   k. Total allocated expense paid to date
   l. Total attorney cost as a part of claims expense
   m. Total reserves for future allocated claims expense
4. Frequency of Reports:
   a. Current fiscal year - Monthly
   b. Previous fiscal years - Quarterly
   c. Quarterly reports are to continue until all claims for the Contract period have been closed.

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

NOTE: Workers' Compensation claims are to be shown separately from any other claims.

5. Severity Report (Loss Run):

   On a quarterly basis a report shall be provided which includes only those claims for which the total cost incurred (paid and reserved) is $10,000 or more. This severity report shall include the same data as required above.

6. Subrogation Reports:

   On a quarterly basis a report shall be provided on all claims for which the TPA has pursued (whether successful or not) subrogation, contribution, indemnity or recovery from special or second injury funds on behalf of the "City". In addition to the Claim Details of Loss Statistic Services, the following shall be included.

   a. Claim number
   b. Name of party from whom recovery is sought
   c. Anticipated amount to be recovered
   d. Amount recovered to date

7. Loss Fund Reconciliation: A loss fund, held in trust, will be established and maintained. This fund is to be periodically replenished by the entity and the Contractor shall be required to provide biweekly reports as follows:

   a. Replenishment of the loss fund will be provided on an as-needed basis with the Contractor sending appropriate documentation of expenditures, including copies of check stubs or a copy of the check register, with a request for funds.

   b. Reconciliation reports are due to Risk Management on a biweekly basis. They will include the following and will include a copy of the bank statement: (reports with copy of actual bank statement will be copied to the Finance Department. Risk Management to supply proper contact and address information).

      - Date of report
      - Balance at inception
      - Total disbursement
      - Balance at close
      - Request for replenishment of funds if needed
      - Current check register
      - Copy of actual bank statement

M. Medical Bill Review and Audit Services

Contractor is required to provide the following medical bill review and audit services:

1. For Medical Bill Review:

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

Promptly review medical/surgical bills (in and out of network) for accuracy including, but not limited to, as they relate to the following:

a. Duplicate billings

b. Unbundling of charges

c. Upcoding of charges

d. Approval and appropriate precertification.

2. Review all medical bills that:

   a. Are not subject to fee schedule coding.

   b. Are for services not specifically addressed in the fee schedule.

   c. Need an in-depth medical interpretation of the rules and regulations.

   d. In the exercise of professional judgment, specifically warrant review.

3. Process, pay and mail with 20 days of receipt.

4. Reimburse the City for any overpayments made in the bill review process within 30 days of identification of overpayment. Reimburse the City for any penalties and/or interest associated with inaccurate payments.

5. For Medical Auditing Services:

   Audit in-network and out-network hospital/Provider bills

   a. Exceeding $5,000.

   b. Where a departmental charge exceeds 10% of the total bill, excluding room and board charges.

   c. Others at the Contractor's discretion or specific request by the City for accuracy and appropriateness.

6. Develop and follow written policies on how late charges, no show charges and special payment arrangement are to be handled.

N. Pharmaceutical Management Services

The Contractor shall recommend a prescription benefit management (PBM) vendor. Details regarding the PBM's services should be provided, including access, utilization review services, coordination of claims data and reporting.

Contractor is requested to address the issue of physician dispensing and the high cost of repackaged drugs. Contractor should describe how their other Florida based clients have handled this issue.

O. Contagious Disease Management Services

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

The Contractor must assist the City in the investigation of and management of the contagious disease management. When an employee contracts a contagious disease for which there is a likelihood the disease exposure occurred on the job, the City will treat the illness as a workers' compensation claim. The administrator will be expected to assist in the investigation of these situations, provide quarterly (or more often, at the request of the City) reporting regarding these situations, as appropriate provide disease management services and manage these claims as workers' compensation claims.

P. General Liability, Automobile Liability, Property Damage and Subrogation –City of Ocala

Utilizing personnel itemized above, together with other TPA personnel, the TPA shall provide the following:

1. Compliance with Appropriate State Statutes: The responsibility of the TPA to comply with all applicable State Statutes and Ethical Procedures for handling liability claims shall be no less than those responsibilities which would be imposed on an insurer were the program fully insured. Any fines or penalties incurred by the TPA while performing for the City shall be the responsibility of the TPA unless the circumstances leading to the fines and penalties were the sole responsibility of the City.
2. Administrative Services: The TPA shall:
   a. Prepare, maintain and file in a timely manner, all records and reports as may be required by legal authorities (local, state and federal).
   b. Prepare, maintain and file statistical or other records and reports as required by excess insurers; place excess insurers on notice of claims pursuant to requirements outlined in those policies.
   c. Retain legal counsel as required and authorized by HR/Risk Management Director and provide investigative and other support to that legal counsel.
   d. Procure investigative services and other "expert" services as authorized by Risk Management.
   e. While the City believes the reserves to be accurate, the successful Contractor will be required to review each open claim and establish its independent evaluation of the projected cost.
3. Claims Services: The TPA shall:
   a. Establish a claims file on all incidents reported by the City.
   b. Establish and maintain appropriate reserves on all active claims.
   c. Timely investigate all reported incidents and make an initial evaluation of the City's liability.
   d. Develop recommended defenses in a timely fashion.
   e. Coordinate all claim activity until advised by the City that the claim has been assigned to the City's Attorney. Once a claim has been assigned to the City's Attorney, provide

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

all claim documentation to the City Attorney or defense counsel and continue to coordinate claim activity at his/her directions.

f. Coordinate with the City and its defense counsel on all litigated matters.

g. Pursue all potential subrogation to the full extent of the law including but not limited to class action settlements the City may be a party to.

h. Timely Report claims that could possibly pierce the self-insured retention of the City to its Excess Insurer and provide periodic reports in accordance with the terms and conditions of its policies.

i. File necessary documentation to the City's Excess Insurer and obtain reimbursements on a timely basis.

j. Provide the City with written narrative reports every sixty (60) days on all major claims documenting recent claim activity and strategies on the future handling of the claim. The definition of major claims will be determined jointly by the administrator and the City.

k. Provide recommendations to the City and obtain approval for outside services such as appraisers and field investigators.

l. Maintain detailed adjuster's notes on all claim activity.

m. Arrange for the responsible adjuster and his/her supervisor to attend quarterly claim review meetings.

n. Respond to all questions raised by the City or its representative(s) in a timely fashion.

o. Pursue timely and cost effective settlements in accordance with the City's approval and protocols.

p. Maintain all closed files for a period of time acceptable to the City and return such files to the City if requested.

q. Cooperate and assist the City in the performance of claim audits/reviews.

r. Other services customary to effective claims administration services.

4. Loss Statistic Services: Costs for this component are to be included in the Contractor's flat annual fee, and as a minimum the following shall be included:

   a. It is the desire of the City that loss information is available to designated Risk Management personnel (read only access) through an on-line computer system provided by the TPA.

5. Individual Claim Details: The following required details (but not limited to) are to be included for each claim assigned.

   a. Employer (City of Ocala)

   b. Department or Division

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

c. Claim number (specific to entity)

d. Claimant's name and occupation

e. Driver and Vehicle Type (if motor vehicle accident)

f. Date of accident

g. Description of accident including location and nature of injury if applicable

h. Bodily or personal injury paid to date

i. Reserve for future property damage

j. Total allocated claims expense paid to date

k. Total attorney cost paid to date

l. Reserve for future allocated claims expense

m. Coding to indicate claims in suit

n. Identification of multiple claimant accident/occurrences - all accidents or occurrences involving more than one claimant (whether General Liability, Automobile Liability or both) are to be identified.

6. Reports: Reports are to be grouped by fiscal year by date of accident. The required reports are to be presented in the following formats to include the following:

a. Employer (City of Ocala)

b. Department or Division - Individual claim details to be grouped by such major department/divisions as designated by HR/Risk Management Director.

c. General liability (bodily injury and property damage) claims are to be reported separately from all other claims.

d. Automobile liability (bodily injury and property damage) claims are to be reported separately from all other claims.

e. Property Damage claims shall be reported separately from all other claims.

f. Claim summaries - For each category in 3) above and for each department/division and for all departments/divisions in each entity, the required reports are to include claim summaries showing (where applicable):

1. Total number of claims

2. Total number of open claims

3. Total number of closed claims

4. Total paid (bodily injury and property damage) to date per claim

5. Total attorney cost paid to date per claim

6. Total expenses paid per claim

DocuSign Envelope ID: 8311465D-4DF8-4388-B0BB-7DAFB96CA913

7. Total incurred (paid plus reserves) per claim

g. Frequency of Reports:

1. Current fiscal year - Monthly
2. Previous fiscal years - Quarterly
3. Quarterly reports are to continue until all claims for the Contract period have been closed.

h. Severity Report (Loss Run):

On a quarterly basis, or as specifically requested by HR/Risk Management Director, a report shall be provided which includes only those claims for which the total cost incurred (paid and reserved) is $10,000 or more. This severity report shall include the same data as required in D.2 above (Individual Claim Details of Loss Statistic Services.)

i. Subrogation Reports:

On a quarterly basis a report shall be provided on all claims for which the TPA has pursued (whether successful or not) subrogation, contribution or restitution on behalf of the City. In addition to the data required by Individual Claim Details of Loss Statistic Services, the following shall be included.

1. Claim number
2. Name of party from whom recovery is sought
3. Amount recovered to date
4. Estimated amount yet to be recovered

j. Loss Fund Reconciliation: A loss fund, held in trust, will be established and maintained. This fund is to be periodically replenished by the City and the TPA shall be required to provide biweekly reports as follows:

1. Replenishment of the loss fund will be provided on an as-needed basis with the TPA sending appropriate documentation of expenditures, including copies of check stubs or a copy of the check register, with a request for funds.
2. Reconciliation reports are due to Risk Management on a bi-weekly basis. They will include the following and will include a copy of the bank statement:
    a. Date of report
    b. Balance at inception
    c. Total disbursement by G/L, A/L and P/D
    d. Balance at close
    e. Request for replenishment of funds if needed

Cover Letter

January 18, 2023

Ms. Eileen Marquez – Senior Buyer
City of Ocala Procurement Department
110 Southeast Watula Avenue - 3rd Floor
Ocala, FL 34471

Dear Ms. Marquez,

On behalf of PMA Management Corp., thank you for the opportunity to submit a proposal to continue serving the City of Ocala and provide Workers' Compensation, Property and Casualty Third-Party Administrative (TPA) & Risk Services. It has been a pleasure working with the City of Ocala, and I believe we have made great progress together.

We understand that the business and risk management priorities of the City of Ocala include creating a safer, healthier workplace, safeguarding its assets, and reducing its total cost of risk. Our approach to risk management aligns our priorities with yours, helping to maximize the results we can achieve together.

This proposal outlines why PMA Management Corp is the best choice to continue serving as your partner in managing risk. In addition to the City of Ocala, we provide risk services to 200+ distinct clients in the public entity sector. PMAMC has 50 years of experience serving public entities. Key highlights of our workers' compensation TPA & Risk Services proposal include:

- Unique **holistic approach**—which provides pre-loss, loss-reduction, and post-loss strategies to reduce your total cost of risk
- An **innovative company with a stable leadership team**, and **service-driven culture**—all focused on protecting workers while preventing claims and reducing their costs
- **Industry expertise** earned through **decades of experience and research collaboration** with various national self-insurance and public risk organizations
- A professional **service team** leveraging PMA's 100 years of specialized risk management expertise and infrastructure
- **Low target caseloads** for claims professionals to facilitate greater focus on each claim
- An ever-evolving and fully integrated **managed care program** that uses a strategically sequenced, data-driven approach to assess lost-time claims and cost-effectively get injured workers the right care at the right time
- **24/7 Customer Service Center** that supports you, your injured workers, and their medical providers, enabling our claims professionals to focus on cost-effective claims resolutions.
-

At PMA Management Corp., we have created a 100-year success story one relationship at a time; we consider the City of Ocala to be an important chapter in that story. We are passionate about doing what we say and delivering exceptional value to our clients. We look forward to the opportunity to continue as your partner in managing risk, improving your program results, and exceeding your service expectations.

Sincerely,

Michael Hurst
PMAMC Sales Manager

Executive Summary

Years TPA & Risk Services Expertise

National Award-Winning Clients

Average Customer Retention

Average PMA Client Tenure

Old Republic International (ORI) is a Fortune 500 firm, the parent company of PMA Companies, and one of the nation's 50 largest shareholder-owned insurance organizations with consolidated assets of $24.98 billion (as of December 31, 2021).

PMA Management Corp. (PMAMC) is a leading provider of workers' compensation, property and casualty third-party administration and risk services for self-insureds, unbundled large deductible and self-insured retention programs, groups, trusts, captives, pools and programs. PMAMC's client retention averages 97% and client satisfaction averages 95% per independent surveys. PMAMC aims to deliver tangible value every day, striving to exceed our clients' service expectations and improve their financial results.

PMAMC has over 30 years of property, casualty and workers' compensation experience. Our company's performance reflects an innovative spirit, a focus on service and partnership and a corporate structure that promotes accountability and exceeding customer expectations.

Our Results-Focused Claims Service

Loss Reporting

PMAMC offers **the City of Ocala a selection of in-house claims reporting options** so you can choose the channel that's most convenient for the City of Ocala. PMAMC can receive first notice of loss (FNOL) reports electronically through PMAMC's website or through PMAMC Cinch®, our internet-based risk management information system. You can report losses from mobile devices, including iPhones, iPads, Android smartphones, and tablets. Telephone, fax, and mail reporting options are also available to the City of Ocala and its employees.

Claims reported electronically are immediately assigned a PMAMC claim number. That claim number will instantly be provided to the submitter and can be shared with your injured parties involved in the claim. For all reported claims, acknowledgement letters will be e-mailed to designated client contacts.

Optionally, for Workers' Compensation, PMAMC offers PMA Care24, a convenient **24/7 telephonic claim intake and first level clinical assessment** of the employee's injury by a Registered Nurse at the point of injury. The Registered Nurse serves as a patient advocate in determining the appropriate level of treatment pursuant to the injury assessment. If medical treatment is recommended, the employee will be referred to a provider within the PMAMC or client's Preferred Network. This interaction becomes the sole point of claim reporting to PMAMC and helps mitigate costs, unnecessary treatment utilization, and claim reporting redundancies.

PMAMC's Customer Service Center

Our 24/7, multilingual Customer Service Center (CSC) is available to answer high-level claims service needs of the City of Ocala, their employees, injured parties, medical providers, and vendor partners. PMAMC's CSC provides a suite of support services for our claims professionals resulting in the ability for claims teams to focus on adjusting functions. Our investment in this key department is what continues to differentiate PMAMC in the marketplace and allows us to maintain low claims professional turnover and strong satisfaction of our employees and customers.

45,000+ Calls
Handled monthly

20 Seconds
To answer a call

<1.5% Rate
Of call abandonment

PMAMC's CSC is a center of excellence in providing exceptional quality of **data integrity and capture at claim intake**. Our Customer Service representatives are measured by their ability to capture and display the most accurate information in the claim files, including employee demographics, location coding data, and items required by state EDI.

Workers Compensation Early Intervention Model

Once a claim is reported, PMAMC deploys our people, processes, and powerful claims management information system (CMIS) to identify high exposure claims characteristics like comorbidities, psycho-social factors, injured worker age, body mass index (BMI), and length of employment. This critical information helps our claims professionals and triage nurses intervene early in the process to deliver a proactive approach designed to achieve positive outcomes

Upon receipt of your casualty and property claims, we will conduct an aggressive investigation that includes contact with all parties, onsite investigation coordination, liability determinations, and evaluation of alleged damages. **Early contact with all parties involved** in the loss provides us with the information needed to properly determine liability.

On-site investigations will be coordinated where appropriate. These investigations would be monitored and controlled by the service team. All investigations would be coordinated with the appropriate Risk Manager. Investigations will include photographs and diagrams to assist in liability and damages determination. Official reports such as police, fire, weather, autopsy, and toxicology will be obtained to assist our investigation.

Purchase orders, leases, contracts, and certificates of insurance will be reviewed to identify potentially responsible parties and facilitate risk transfer.

PMA COMPANIES

This presentation and the information set forth herein have been prepared by and is the property of PMA. You should not share, distribute, copy, republish, or reproduce any portion of this presentation without prior express written consent from PMA.

Claims Handling

Upon receipt of a claim, **PMAMC will ensure accuracy of all data points** provided on FNOL and follow-up for any missing information or any updates as needed. PMAMC claims system offers our customers the ability to track additional data fields specific to their business need that could be captured at the time of the claim reporting or throughout the life of the claim. These **custom codes** are viewable to our clients in PMAMC RMIS - Cinch®.

PMAMC designed our claims service to **reduce our clients' overall exposures and control costs**. Each step of our comprehensive claims program for workers' compensation, property and casualty has been structured to achieve results, including driving claims to resolution in a timely, thorough, and cost-effective manner.

We recruit and retain claims professionals with strong technical knowledge in all lines of business. In fact, our adjusting staff has **an average of 12 years of workers' compensation** claims handling experience and **an average of 10 years of property and liability** claims handling experience. PMAMC supervisors have **over 15 years of experience**. We leverage our roots as an insurance company with liability claims professionals who not only understand these distinct coverages, but also how best to resolve their claims. As part of our holistic approach, we maintain a tight linkage between claims management, PMAcare+, and risk control—enabling us to continually identify and **help you address emerging loss trends** while seeking to reduce your loss costs.

Upon receipt of a claim from the City of Ocala, a claim is generated in PMAMC claims system and referred to the supervisor for review and assignment. The supervisor utilizes their knowledge and claims facts available to assess claim complexity, provide guidance and determine the level of Claims Professional expertise that will be needed to most appropriately handle the file. The supervisor assigns the claim to the selected individual. The Claims Professional will receive an activity in the claims system notifying them of the claim receipt.

All claims are reviewed by the Claims Professionals within **24 hours of receipt** from the client and 24-hour contacts are completed. The number of contacts made on each claim is defined by **Special Handling Instructions** and PMAMC Best Practices. The Claims Professional will review the Special Handling Instructions for any guidelines on initial claim handling. During the initial investigation, the Claims Professional obtains all the necessary information that will be required to make a compensability determination for workers' compensation claims or a liability assessment in property and liability claims. **All of the information obtained is documented in the log notes and will be visible to the City of Ocala in our PMAMC RMIS system - Cinch®**. Additionally, Claims Professionals are **responsible for updating the data fields** that are mandatory for the state, carrier and client reporting. If the contact attempts are unsuccessful, the Claims Professional will follow-up via a letter or an email (if available) and make additional telephonic attempts to reach all parties.

PMAMC values customer service as a key result area of the Claims Professional staff. Therefore, upon reaching the parties involved in the claim, the Claims Professional will ensure that each contact is provided with all of the information necessary about the claim, next steps, outstanding items, etc. The Claims Professional will request any and all necessary information, including payroll records, police reports, medical records, investigative reports, and other relevant documents and upload them to the claim file.

PMA COMPANIES

This presentation and the information set forth herein have been prepared by and is the property of PMA. You should not share, distribute, copy, republish, or reproduce any portion of this presentation without prior express written consent from PMA.

For workers' compensation claims, it is the Claims Professional's responsibility to **ensure appropriate EDI filings** are completed timely and accurately. Additionally, workers' compensation lost time claims are evaluated by a PMAMC nurse case manager to **determine the need for clinical intervention** or nurse assignment. If the claim complexity and Special Handling Instructions indicate the need for a telephonic or a field case manager, a nurse is assigned to the file to work in collaboration with the Claims Professional **to help bring the injured worker back to safe and gainful employment**.

PMAMC's Predictive Severity Model

PMAMC has developed a **proprietary algorithm** based on the claim information gathered over multiple decades of claim handling experience. The Predictive Analytics tool encompasses multiple models that incorporate **45 different data points** and analyzes their influences on claim exposure and likelihood of claim payment as the data points relate to each other. This model identifies combinations of factors that influence ultimate claim exposure and duration and serves as a tool to bring supervisor and claims professional attention to the key components of the claim to ensure the appropriate claim assignment and intervention at the right time.

PMAMC developed 2 main models to assist with claim exposure and duration analysis. These models are run daily to provide ongoing input and recommendations to the claims team:

1. The Severity Escalation at FNOL Model
This model produces a risk **score from a selection of low, moderate, or high**. This score serves as guidance to the claims team in determining, upon receipt of the initial claim, the proper trajectory for claim assignment to the correct claims professional. A low-risk score reflects a strong probability of the claim resulting in overall low ultimate probable exposure, where as a high risk score would drive supervisor assessment and assignment to the senior claims professional for complex analysis and handling. This FNOL model serves to ensure that the right claims are assigned to the right skill set level (based on complexity) at the right time within the life of a claim file.

2. The Severity Escalation at 30-day Model
This model builds upon the FNOL model and relies on the additional information that has been gathered by the claims professional since the loss was initially reported and throughout the first 30 days of the claim. This **additional data is used to re-score the claim** to identify files that may develop significantly, may change severity projections based on new information, or may require additional interventions based on new detail gathered during the investigation.

File Supervision

Unlike many TPAs, **PMAMC Claims Supervisors do not carry claim pendings and are solely responsible for guiding claims staff** on claim file direction, oversight, and compliance with customer's Special Handling Instructions. PMAMC maintains a span of control of 1:6 (or less) for our claims supervisor and claims professional staff.

WC Medical Only claims require supervisor review within 15 days from assignment to verify state and jurisdictional compliance. This review is documented in claim log notes. Subsequently, supervisor review is required within 90 days from assignment to identify closure opportunities or potential for escalation to an indemnity claim, based on claim definitions.

This presentation and the information set forth herein have been prepared by and is the property of PMA. You should not share, distribute, copy, republish, or reproduce any portion of this presentation without prior express written consent from PMA.

WC Indemnity claims require an **initial supervisor assignment note within 24 hours** after claim assignment. Supervisor Review on all claims classified as indemnity will be completed within 15 days from file assignment, 60 days thereafter, and every 90 days until resolution. Supervisors are required to comment regarding the accuracy and validity of reserves during each review.

Casualty and Property claims require supervisor review during initial assignment and on an ongoing basis depending on complexity of the file, expertise of the claims professional and client Special Handling Instructions.

Claims Caseloads & Staffing

PMAMC's Claims Professional caseloads and support resources, such as our 24/7 Customer Service Center, are established to **allow our claims professionals to give each claim the time and attention** it requires. This allows us to complete more thorough investigations, and to exercise greater control over loss development. PMAMC will commit to providing the City of Ocala with weekly reports outlining claims assigned to each Claims Professional to validate the proper caseload caps enforcement.

PMAMC's Adjuster Duties

Investigation

Appropriate, timely and thorough **24-hour contact investigation of claims of all exposures occur within 24 hours of the first notice of claim to PMAMC.** Contact attempt follow requirements as outlined in Special Handling Instructions. Daily attempts at contact are made to reach the impacted parties and are documented in the claim log notes and visible in PMAMC RMIS Cinch system.

Reserving

Initial reserve is established within 15 business days of receipt of all new claims. Ongoing **reserves are established based on most probable outcome** based on the most current information available and are updated upon each review of the Action Plan as well as within 24 hours of any major claim event.

Action Planning

An **Action Plan is established within 30 days** of claim assignment and provides a summary of findings from Claims Professional investigation as well as details the strategies with specific goals and timeframes for executing key objectives to resolve claim. **Ongoing Action Plans** are completed at any major claim event or a minimum of every 90 days and include review of outstanding reserves on file.

Settlement Authority

Authorization will be requested prior to the settlement of any claim for any line of insurance that we would administer. Clear and detailed instructions will be outlined in **Special Handling Guidelines** for reference of all claims professionals.

Our claims professionals will provide written requests for settlement authority in advance of the proposed settlement date. Requests will include a detailed evaluation of the claims exposures, along with input from defense counsel and your risk manager.

Litigation Management

PMAMC believes that **litigation management is a team effort** involving the Claims Professional, defense counsel, our client, and the carrier (if/where applicable) to best protect your interests. Upon knowledge of litigation, PMAMC Claims Professional will advise the City of Ocala contact no later than 48 hours and begin file preparation for assignment to the City of Ocala preferred defense firms. Our litigation management procedures include collaborative development of defense strategies with counsel selected by the City of Ocala, preparation and maintenance of files necessary for legal defense of claims or claim-related activity, attendance of hearings, depositions, mediations, where appropriate. PMAMC Claims Professionals are required to document their files timely and accurately with the outcome of each legal proceeding and will provide a summary of such outline to the City of Ocala. All fees and expenses for legal services are evaluated for adherence to budget, accuracy, and compliance with terms of negotiated fee agreements. **PMAMC will pay all attorney, strategic partner, and other vendor fees within 30 days of receipt.**

This presentation and the information set forth herein have been prepared by and is the property of PMA. You should not share, distribute, copy, republish, or reproduce any portion of this presentation without prior express written consent from PMA.

Legal Bill Analyzer

To help the City of Ocala save money on legal fees, we provide an optional enhanced service called Legal Bill Analyzer. This service utilizes technology and legal professionals to analyze bills against clients' legal guidelines and rate structures. In order to create clear expectations, PMAMC will collaborate with the City of Ocala to establish Customized Defense Counsel Guidelines and rates. The TPA Compliance Team at PMAMC will make sure the City of Ocala sees outcomes in the legal expenditure area through client onboarding, program support, and quality assurance. All aspects of invoices received from defense counsel will be reviewed by algorithm intelligence and legal professionals. This enables Claim Professionals to concentrate on strategic litigation management instead of legal invoice management. We can provide the City of Ocala reports of the findings to observe trends and drive down costs.

Claims Reviews and Status Reports

We are committed to providing the City of Ocala with all of the tools and information necessary to effectively manage their programs. This is accomplished by providing access to detailed claims information through PMAMC Cinch, by conducting in-person or telephonic claims reviews, and through the presentation of our annual Stewardship Reports.

PMAMC will offer two annual telephonic claim reviews to the City of Ocala and all its employees as requested. These reviews will serve to provide up-to-date loss information and will allow all parties to discuss detailed action plans and resolution strategies on the selected claims files being reviewed.

PMAMC's Claim Reviews are:

- customized for the audience involved in the review e.g. Risk Managers, Human Resource Managers, Financial Executives
- included for claims with incurred over $25,000
- performed 2 times each year, telephonically or in-person (costs may apply to in-person for travel)
- delivered by the Client Service Manager and claims representatives(s)

PMAMC's Claims Reviews and the reports are meant to enhance the client experience while creating more operational efficiency.

- Streamlined process for the claims teams to complete the reports
- Automatic email reminders to the staff as the date of the review is approaching
- Q/A reports designed to assist the supervisors in managing the claim review preparation
- Corporate calendars for claim review meetings
- More efficient process for the Account Managers to schedule and prepare for the claim review meeting
- Customization of the report for the client - what is most important to them at the review
- Modernization of the report including key claim indicators

Diary Management

All open claims are maintained on a diary by PMAMC Claims Professionals and PMAMC supervisors. Claims on diary are reviewed at a minimum of every 90 days. PMAMC's supervisors have access to the claims professional's diary. All diary activities will have a corresponding entry or document in the claim file. Each claim has a diary set for a future date to ensure proactive file handling and resolution. PMAMC management teams and Quality Assurance Specialists review diary reports on a regular basis to address any delays in proactive file handling and to offer guidance.

PMA COMPANIES

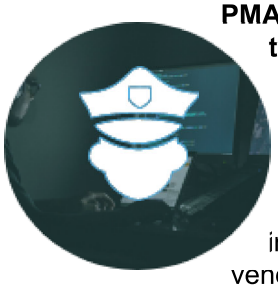
Subrogation & Recovery



PMAMC offers specialized fee-based services for claims with subrogation and recovery opportunities throughout the United States. These services provide an enhanced level of focus, expertise, and specialization. Our subrogation specialists are highly trained in jurisdictional nuances and have developed state-specific strategies to maximize recoveries for our customers

PMAMC also specializes in **maximizing excess recoveries for Production Resource Group** through our fee-based recovery services. PMAMC will identify claims for excess reporting based on the requirements on the specific carrier and send the initial excess notification to the excess carrier in a timely manner as well as provide a copy for your records. Following the carrier notification, **PMAMC will aggressively pursue all possibilities of excess insurance reimbursement** and document their efforts in the claim log notes. This approach will apply for all potential recoveries including, but not limited to, third party liens, contribution, special/second injury fund, and others.

Claim Indexing & Special Investigation Unit

All Workers Compensation indemnity and Liability claims are indexed through the Insurance Services Office system and results documented in the claim log notes. If there are records that are relevant to the claim, the Claims Professional will follow-up to obtain those records. **Claims are automatically alerted to any new index matches within the 12-month period from the original indexing. The Claims Professional re-indexes the claims every 12 months thereafter**. Indexing claimants with the Central Index Bureau and the National Insurance Crime Bureau allows us to determine if the claimant has filed any other claims. This ensures that you are responsible only for the injuries related to your accident. Indexing is a critical tool in our fraud control program. Suspect claims are reviewed with the client and our Special Investigative Unit (SIU) to determine additional action steps.

PMAMC employs a full-time SIU that is made available to the City of Ocala typically at no additional cost. The SIU is staffed with industry fraud professionals with over 25 years of experience who are committed to detecting, deterring, and preventing fraud while protecting the assets of our clients. Our SIU works in conjunction with the PMAMC Claims Professionals. This collaborative approach has resulted in significant savings for our clients and criminal insurance fraud prosecutions in many states. PMAMC's SIU is responsible for fraud investigations, fraud training, regulatory anti-fraud compliance, private investigator vendor management, and maintaining PMA's Anti-Fraud Plan.

This presentation and the information set forth herein have been prepared by and is the property of PMA. You should not share, distribute, copy, republish, or reproduce any portion of this presentation without prior express written consent from PMA.

Customer Education, Experience, & Satisfaction

Special Handling Instructions

Understanding and meeting the unique needs of our customers is at the heart of our service model. PMAMC prides itself on being a ***high-touch, customer-focused organization*** with strong customization capabilities. As a part of onboarding of all PMAMC clients, we spend time to learn your requirements, your internal structure, unique program goals and custom requests. This information is utilized to partner with you to develop a ***comprehensive, customized Special Handling Guideline document*** that is stored in our claims system for the reference and utilization by PMAMC claims professionals and internal supporting departments. This document includes guidelines for handling your standard as well as catastrophic claims.

We work closely with you to develop and re-evaluate this document on an ongoing basis to ensure the timeliest information is being provided to our staff.

The Special Handling Instructions are developed to memorialize a mutual agreement between our organizations about how we will be servicing your program. It can include reserve notifications, initial contact information, specifics about benefit payments, settlement authority levels, attorney selection, and other areas important to you and your team.

PMA Websource®

PMAMC's clients also have access to PMA Websource®—an on-line portal of safety and risk management resources exclusively for our clients. Our Risk Control Consultants designed PMA Websource® **to offer convenient access to practical loss prevention and safety information and solutions,** including technical bulletins, safety and compliance training programs, monthly webinars led by PMAMC industry specialists, as well as tools and resources to enhance your safety and health programs.

PMAMC Learning Academy

PMAMC has a comprehensive learning academy accessible to all employees which includes an **on-demand Video Reference Library, annual topic-focused workshops, and personalized learning sessions**. This provides PMAMC employees the ability to expand upon skills related to our technology, all disciplines of the claims process, including legal management and strategic resolutions, managed care partnerships, and risk control. We also frequently use focused training sessions to concentrate new policies and procedures, case law developments, and changes in rules and regulations.

Satisfaction Surveys

PMAMC offers our customers an opportunity to **assess the experience of their employees and injured parties** throughout the claims process by providing Satisfaction Surveys that can be delivered at varied frequency and be focused on any specific areas including customer service of the claims handling staff, medical care, claim handling experience, and others. These surveys could also be offered to the City of Ocala employees to assess their satisfaction level with this program.

This presentation and the information set forth herein have been prepared by and is the property of PMA. You should not share, distribute, copy, republish, or reproduce any portion of this presentation without prior express written consent from PMA.

Communication with Medical Providers, Employers, and Injured Workers

PMAMC believes in the importance of communication and relationship building at all levels of claim handling. It is our experience that claims with proactive disability management and ongoing follow-up, lead to faster resolution and better ultimate outcome for our customers and their employees. The outline below will summarize PMAMC requirements for ongoing disability management and engagement on behalf of our Claims Professionals.

Ongoing and proactive communication with the client for return-to-work planning is important for disability management. When the physical status of the employee changes, updates of physical capabilities and their impact on return to work in transitional/modified/full duty capacity are communicated to the client. In addition, **the Claims Professional will contact the client at a minimum of 30-day intervals** unless other contact has taken place in the interim. Claims Professional will verify return to work with the client and document the file accordingly.

The Claims Professional will utilize job descriptions obtained during initial client contact and provide them to the treating medical providers. It is the Claims Professional's responsibility to communicate with the medical provider confirming they received the appropriate job description and considered it during their assessment of the employee. If the client can accommodate light-duty work, the Claims Professional will obtain available job descriptions from the employer.

Ongoing and proactive **communication with the employee** is critical to facilitate prompt resolution of the claim and to **demonstrate empathy and caring**. On all indemnity claims the Claims Professional will contact the employee at consistent intervals throughout the claim to establish a strong rapport and trust. Contacts and interactions may be more frequent if the claim circumstances change or based on the specific events of the file.

On files involving a Nurse Case Manager, the **PMAMC registered nurse will serve as a patient advocate** and provide an additional level of support to the injured employee by remaining in ongoing contact, closely monitoring treatment progression, reviewing ODG guidelines and working with medical provider on a clinically appropriate treatment and return to work plan.

Claims Professional will **engage the treating provider at the onset of the claims** file and in coordination with the employee's treatment plan. The Claims Professional and/or Nurse Case Manager will follow up with the treating medical provider after the employee's medical appointments for updated work status, medical prognosis, updated diagnosis, appointment dates, and any additional treatment referrals.

If a Nurse Case Manager (telephonic or field) follows up with the medical provider, he/she will engage the Claims Professional to discuss the findings and agree on an action plan that would provide the best benefit to the injured employee while allowing him/her to progress along the treatment trajectory.

The Claims Professional or a Nurse Case Manager may elect to engage a **PMAMC Recover-At-Work Specialist** on select cases to assist with **additional expertise from a vocational rehab specialist** that can work with the medical provider to adjust restrictions and allow for a safe return to work. Utilization of this offering will be done in consultation with the client unless outlined differently in Special Handling Instructions.

Comprehensive & Integrated Managed Care

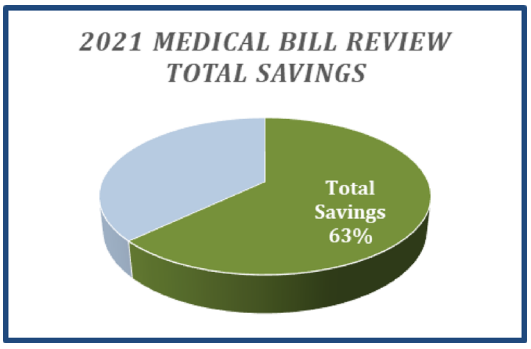
PMAcare+

Provider Channeling Tool

PMAMC PPO network is **updated at a minimum every 180 days and is available online** to the City of Ocala. PMAMC provides Claims Professionals and clients with a customized Provider Search tool to locate network providers for employees. **This tool offers claims professionals and injured workers an opportunity to search for network providers by address, zip code, and provider specialty**. Additionally, it provides our Claims Professionals with an opportunity to nominate new providers into the network and help grow the footprint of successful treating physicians. PMAMC Provider Channeling Tool is available online and can provide quick access to the necessary treatment with prior approvals. Networks review their contractual arrangements with individual providers on an annual basis and address any concerns or areas of opportunity. Specialty Networks (those handling PT, DME, and diagnostic services) provide continuous feedback to the medical provider and use a scoring system to drive referrals to the physicians/facilities with best outcomes.

PMAMC Health Ticket

To support communication with injured workers, **PMAMC offers a medical resource card that is mailed to the injured employee** on every claim. The card provides an **outline of resources available to the injured worker,** including a reference to the pharmacy card, listing of PT, DME, and ancillary scheduling services, and medical bill submission protocols.



Point of Sale Pharmacy Intervention Program

This optional program is driven by a PMAMC team of clinical experts trained in pharmacology whose sole **focus is to review incoming medications outside of CDC guidelines and develop a comprehensive intervention strategy that would involve potential weaning, drug testing, urine testing, peer reviews, and other tools to help mitigate long-term dependency right at the point of sale**. These nurses review alerts live in our PBM system and make decisions regarding approval of medications utilizing a combination of clinical knowledge and jurisdictional expertise.

Medical Bill Review & Network Management

PMAMC is strategically partnered with Conduent for Medical Bill Review Services. ***Our average Florida customer savings off billed charges in 2021 was 70%, PPO penetration is 73%.***

Medical bill review is integral for managing workers' compensation medical costs. Our bill review service team provides comprehensive expert bill review services. As a cost containment tool, it can deliver real savings by repricing medical bills to state mandated fee schedules, as well as usual and customary rates. It also ensures that negotiated provider discounts are applied, duplicate billings are caught, and dollars are not paid out for services that were not reasonable or necessary. Our full-service bill review platform using the power of the flexible and impactful

PMA COMPANIES

This presentation and the information set forth herein have been prepared by and is the property of PMA. You should not share, distribute, copy, republish, or reproduce any portion of this presentation without prior express written consent from PMA.

technology has set the standard for maximum net savings with low reconsideration rates. As our client, you will get access to high-quality services at more predictable costs, along with increased flexibility to meet changing regulatory requirements. The benefits of front-end bill processing pre-integrated with bill review are realized with an automated bill and data intake solution.

Physical and electronic technology accurately extracts data and securely delivers it to our medical bill review platform, giving PMAMC actionable insights into bill status and workflows. Our clinical bill review offering combines research, data analysis and medical expertise to ***uncover hidden savings*** through retrospective line-item audits of complex or specialty medical bills and their related medical records. During the bill audit process, **we scrutinize for potential billing errors**, charges not supported by documentation, charges not related to the workers compensation injury, charges that should not be unbundled, validation of the diagnosis-related group, implant verification/proof of service, correct use of CPT, diagnosis, procedure, HCPCS codes and modifiers, and unlisted or bill review code verification and/or re-pricing.

Our negotiators will identify bills based on customized thresholds or those with limited fee schedule savings that aren't eligible for PPO repricing. We leverage ***a highly reliable and defensible database*** as the basis for negotiating a fair cost to both parties. This consistent, systematic approach concludes with obtaining a signed agreement from the provider prior to payment.

- ***Complex Bill Review.*** PMAMC's Complex Bill Review (CBR) team includes coding specialists and Registered Nurses. These experts perform review of medical documentation to ensure appropriate billing based on clinical reports. Our CBR coding specialists review bills for compliance with complex state-mandated rules and regulations beyond fee schedule and UCR guidelines.

- ***PPO Networks.*** PMA offers access to a hierarchy of ***strategically aligned provider networks*** designed to make available the highest quality providers while achieving ***industry-leading savings*** for the client. This includes a series of specialty networks with focused expertise in multiple ancillary services, including physical medicine, DME, diagnostics, Home Health and Dental.

- ***Out-of-Network Program (OON).*** Our OON services provide savings below traditional state fee schedule or usual and customary charges for medical services provided outside of PMA's preferred provider network

PMAcare+ Signature Program

The PMAcare+ Signature Program is a best-in-class approach to Field Case Management (FCM). Powered by a secure, state-of-the-art case management system and **a national network of 2,000 Field Case Managers**, including nearly 250 who are bilingual, the program is designed to improve injured workers' experiences, increase the efficiency of their care, and expedite their safe and productive return to the workplace.

Improved Security, Care & Outcomes
The PMAcare+ Signature Program combines positive outcomes and **effective cost control and cybersecurity** designed to ensure key user benefits:

- Quality control for case management performance and outcomes
- Multi-level data security protocols protect our customers and their injured workers' data
- Robust single-system data management for complete and consistent program analysis
- Reduced overspending via preferred primary and ancillary service providers with negotiated pricing

THE AVERAGE DAYS A CASE IS OPENED DECREASED BY

23%

THE AVERAGE INVOICED AMOUNT DECREASED BY

18%

THE AVERAGE RETURN TO WORK INCREASED BY

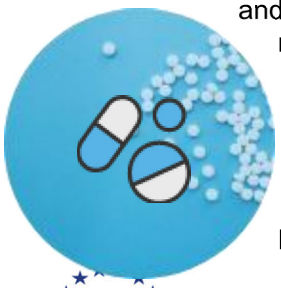
**Typical results after two years of Signature usage*



**Your experience with PMAcare+ Signature Program may differ.*

Safeguarding What Matters
All PMAcare+ Signature Program case management work is performed within a single secure and dedicated system. Field Case Manager notes go **directly into the PMA claim system** via secured electronic transmission, which means your injured workers' information is protected throughout the case management process. This approach mitigates risk for all parties and provides a comprehensive view of your case management program.

Strong, Flexible Model to Optimize Results
Our customers may continue working with their preferred FCM providers and still reap the benefits of the PMAcare+ Signature Program. **We can work with customer-nominated providers** to contractually add them to the network to leverage the Signature platform's secure environment. Incorporating these providers into our network gives injured workers the care and protections afforded by the Signature Program.

Pharmacy Benefit Management (PBM) Services

PMAMC offers robust pharmacy benefit management services. Our program delivers **utilization controls, targeted interventions, and care management solutions** to address drug utilization, prescriber activity, and medication mix. Our PBM program offers full adjudication of physician dispensed and third-party invoices for pharmaceutical products. Additionally, the program includes retail pharmacy with all major national chains, mail order pharmacy, clinical management and formularies, as well as on-line resources for reporting and education.

PMAMC provides a claim eligibility feed to our PBM through an electronic interface that is used to manage script alerts and administer the specifics of each pharmacy program.

PMA COMPANIES

This presentation and the information set forth herein have been prepared by and is the property of PMA. You should not share, distribute, copy, republish, or reproduce any portion of this presentation without prior express written consent from PMA.

Our PBM principles include a focus on providing value pricing to clients, encouraging the use of high-quality and less expensive generic drugs, maintaining excellent pharmacy relationships to provide a robust pharmacy network and offering a skilled team of professionals to manage and achieve our program goals. PMAMC has significant resources to help control pharmacy costs and to meet the needs of injured workers.

Some of the features of the PMAMC Pharmacy Benefit Management program include:

- Average 30% *contract* savings off billed charges**, average 54% savings, including cost avoidance savings**
- **Over 70,000+ pharmacy-chains and independents**. Including all major retail chains (CVS, Walgreens, Target, Wal-Mart, Albertsons & Rite Aid)
- **First-Fill capabilities** even if claim has not been reported to PMAMC at no cost to your employees
- **In-house medical and clinical expertise** to guide claim representatives and nurse case managers
- **Script Alert- identifies potentially inappropriate patterns** of medication use and evaluates the need for interventions

This presentation and the information set forth herein have been prepared by and is the property of PMA. You should not share, distribute, copy, republish, or reproduce any portion of this presentation without prior express written consent from PMA.

Additional Services for Your Consideration

Point of Injury Clinical Triage Program - PMA Care24

This optional **24/7/365 telephonic first notice of loss and clinical assessment** by a Registered Nurse (RN) of an employee's condition occurs immediately at the point of injury. The RN serves as **a patient advocate** in determining the most appropriate level of care and triaging the new loss. The RN provides treatment recommendations and/or refers the injured employee to a provider within the PMA Preferred Network. This interaction becomes the sole point of claim reporting to PMAMC and helps mitigate costs and utilization.

Customers that elect to participate in this offering are provided with **a unique 1-800 number** that they can offer to their employees for claim reporting purposes. At the time of injury, employee or their supervisor (based on the client's internal set-up) utilizes this number to call-in a claim. They will reach a telephonic nurse who will complete a triage of the injury and medical history and provide an assessment of future medical needs for the injured employee. Our PMA Care24™ product is specific to PMAMC and provides a number of great benefits to our clients, including **early access to clinical care**, **impact on OSHA recordables** by avoiding unnecessary treatment, **reduction in Emergency Room spend**, access to after-hour care when panel providers are not available, **reduction in lag times for reporting claims**, and improved network and panel penetration.

Access to Tele-Health

Telemedicine connects injured workers with specially trained physicians and physical therapists for medical diagnosis and treatment online, including prescribing medications when necessary. Injured workers can have one-on-one video consultations right from the comforts of home via their smartphones, tablets, or computers.

Telerehabilitation

- Injured workers can avoid delays in getting the physical therapy (PT) they need with quality care through telerehabilitation
- Telerehabilitation offers one-on-one PT sessions with certified physical therapists via a smartphone, tablet, or computer
- 30- or 45-minute sessions are available 7 days a week in all 50 states

Telephonic, Field & Catastrophic Nurse Case Management Services

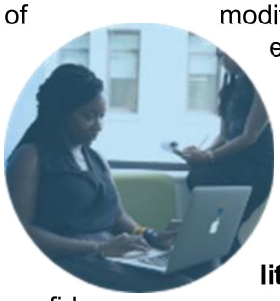
PMAMC's service team includes telephonic nurse case manager resources. Additionally, PMAMC employs a team of specialized and dedicated nurses that are responsible for evaluation and action plan development on all lost time cases identified through the PMA model. The PMAMC program contains a team of highly skilled Registered Nurses with strong expertise in managing occupational injuries. Our Nurse Case Managers work in an integrated fashion with our claims professionals, treating providers and injured workers to facilitate an appropriate treatment plan to achieve timely, safe return-to-health. PMAMC offers telephonic and field case management services that are geared toward employee advocacy and education. PMAMC offers our clients access to a national network of multi-lingual nurses available to travel and assist employees in their care plans.

PMA COMPANIES

This presentation and the information set forth herein have been prepared by and is the property of PMA. You should not share, distribute, copy, republish, or reproduce any portion of this presentation without prior express written consent from PMA.

Utilization Review

PMAMC uses evidence-based and jurisdictionally compliant medical guidelines to evaluate the **reasonableness and necessity of injured employee care.** Treatment is reviewed prospectively, concurrently, or retroactively by a Registered Nurse via a **URAC certified process**. Utilization Review determinations serve to impact treatment decisions and the strategy based on jurisdictional guidelines.



Medical Peer Review

PMAMC engages a board-certified provider, in the same specialty as the injured employee's treatment physician, to review the treatment file and **render an expert opinion of medical treatment** for reasonableness and necessity. The Peer Review physicians are also engaged to provide an expert opinion in cases that warrant further review as a part of the Utilization Review process or through other jurisdictional requirements.

PMAMC Recover-At-Work Solution®

PMAMC offers Recover -At- Work solution for our customers looking to improve their outcomes in this area. PMAMC utilizes internal Recover-At-Work specialists (RAWS) **trained in vocational rehabilitation with certifications in rehabilitation specialty and occupational health.** These resources are utilized to assist our customers with analysis and development of a comprehensive job demand bank, creation of modified duty positions within unique departments understanding complexities of each employer's business. Our RAWS are uniquely positioned to provide our customers with solutions and recommendations around development and **implementation of the return to work programs at departmental or organizational levels. Additionally, RAWS are often utilized to provide transferrable skill analysis, resume reviews and assist with cross-departmental job placements within employer's organization. Unlike a formal vocational rehabilitation specialist assigned by the state, through defense counsel or due to litigation, the RAWS is focused on offering injured employees support and** confidence necessary for the return to work in temporary or permanent capacity.

PMAMC Medicare Solutions

PMAMC offers dedicated centralized resources for oversight and management of all Medicare and Medicaid products and services. Our PMAMC Medicare Solutions division provides our customers with access to **best-in-class services for all of their Medicare and Medicaid needs**, including Medicare Set-Asides, Social Security checks, conditional liens and other related services. We provide **extensive quality oversight** to these services and conduct regular audits and quality assurance initiatives to ensure compliance with PMAMC Service Level standards and expectations.

Claims professional will evaluate each claim on its specific merit and provide recommendations related to the need for Medicare Set-Aside, conditional lien searches, structured settlement considerations. Recommendations are made in collaboration with case managers, defense counsel and other parties.

This presentation and the information set forth herein have been prepared by and is the property of PMA. You should not share, distribute, copy, republish, or reproduce any portion of this presentation without prior express written consent from PMA.

Risk Control Services

Drawing on **100+ years of safety, risk management and commercial insurance experience**, our risk control team has provided cost effective safety and risk management services to organizations throughout the United States. With more than **60 risk control consultants on staff**, our risk control services are designed to prevent claims, support effective safety and risk management practices and lower the cost of risk for our clients.

Outlined are core skills of the PMAMC's risk control team and how we believe the City of Ocala will benefit from an expanded engagement with our risk control team, **if you so choose**. *Please note that these services are only applicable for clients who purchase the program.*

Data Analytics

Organizations that leverage data analytics will better understand their business, their industry, their strengths and their opportunities for improvement. **PMAMC will bring clarity to complex data, analyzing loss trends** to pinpoint areas needing improvement and ultimately reduce the frequency and severity of your losses and costs. We provide analytic solutions, including **stewardship reporting, loss trending analysis, industry comparison,** and goal establishment. PMAMC can provide a "Performance Indictor Report" for the City of Ocala program where we normalize and rank client performance. (see below).

Risk Assessment

PMAMC risk control can support the City of Ocala underwriting process by assessing exposures presented by employees. We have experience working closely with underwriters to identify risk characteristics which drive performance and selection.

Safety & Risk Management Training

PMAMC's risk control team is also available to develop and present customized safety and risk management training events to address the specific needs of the City of Ocala and its employees via remote training platforms or in live on-site training (post COVID).

Risk Improvement Support

Every organization can improve their safety and risk management performance. Using data analytics, we work with organizations to understand historical loss trends and develop plans to prevent claims and reduce claim costs.

OSHA & Regulatory Compliance Support

To help our clients manage their OSHA compliance and other regulatory safety standards we offer a **broad range of safety training and safety program assistance designed to ensure compliance and keep employees safe**. We routinely provide training and program development around OSHA lockout / tagout, fall protection, hazard communication, ergonomics, blood borne pathogens, personal protective equipment, emergency planning and workplace violence to name a few. To support these efforts, many of our consultants are authorized **OSHA 10 and 30-hour outreach trainers**. In addition to OSHA compliance, we also offer many programs designed to manage the liability exposures associated with facility conditions, motor vehicle operations and employment practices.

This presentation and the information set forth herein have been prepared by and is the property of PMA. You should not share, distribute, copy, republish, or reproduce any portion of this presentation without prior express written consent from PMA.

OSHA REPORTING & SPECIALIST SERVICES

PMAMC offers our clients access to our proprietary **OSHA tool through PMA Cinch**, our online risk management information system. This tool offers users the ability to quickly and efficiently track the recordability of OSHA cases, and easily complete and generate OSHA 300 and 300A logs in compliance with OSHA regulations.

This option incorporates trained OSHA Recordkeeping Specialists who can help alleviate the organizational burdens of OSHA tracking and recordability. **These specialists can help with recordability, tracking, and OSHA log generation.** All services are performed in accordance with the OSHA requirements and special handling guidelines for our clients, including:

- Assistance with customized reporting
- Reporting by state, region, or specific location
- Flexible report generation frequency to support our clients' unique OSHA compliance needs

PMAMC's RMIS System

PMAMC Cinch®

*PMAMC provides clients with **PMA Cinch®**, a Risk Management Information System with easy access to live claim information, status updates, and the ability to run reports and dashboards.* The robust capabilities and flexibility of Cinch® allow your end users to pinpoint the information that can significantly impact your bottom line. **By analyzing trends** and taking quick corrective action, you can **enhance your operating performance, lower costs, and improve your financial results**. On a day-to-day basis, Cinch® will give you **timely and convenient access** to information about claims. The tool features an "Executive Dashboard" for a high-level view of activity. It also enables users to drill down, analyze, and develop reports and graphs about a wide range of information, including:

- **Executive Summary** Tool
- Utilize an **interactive tool** to organize and view both aggregate and individual claims information.
- View **claims information per your parameters**—location, type, status, and accident date range.
- Data appears in **easy-to-view graphs, charts, and tables**, allowing you to grasp information quickly.
- Display **elements are based upon detailed data** in your existing loss reports.
- **Ease of Use**

The Dashboard is highly intuitive and requires minimal training, but **we are happy to deliver training to any client** as needed.

We have continuously enhanced PMAMC Cinch® based on feedback from **client focus groups**. We listened to our clients and gave them the reports and tools they need to make decisions about their risk management programs.

*We also provide Stewardship Reports, Benchmarking and customer reporting **capabilities which outline trends that have an impact on your organization's total cost of risk**. Stewardship Reports provide benchmarking, pending analysis, risk profiles, and risk management*

Real-time access to adjuster notes, supervisory notes, field case management notes, diary items, payment records, medical and expense bills

Contains all historical converted claim information at enterprise claim levels

Successful Conversions from 50+ TPA systems, including your current TPA

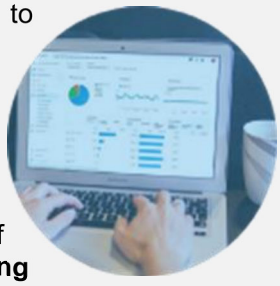
Business Metrics and Analytics

PMAMC offers Business Metrics and Analytics services that assist with interpreting your historical business data using analytical methodologies, statistical and predictive models to **transform your data into business insights** that can be leveraged to make business decisions, **improve productivity and reduce expenses**. These solutions help our clients **develop trend analysis** and provide them with recommendations for actionable items that can help improve their outcomes. Below are some of the examples of the available dashboards. However, the **functionality is vast and expansive** and would be **best displayed via a live demonstration** of the PMAMC RMIS Cinch® system. Additional reports capturing any data required could be provided upon request.

This presentation and the information set forth herein have been prepared by and is the property of PMA. You should not share, distribute, copy, republish, or reproduce any portion of this presentation without prior express written consent from PMA.

Stewardship, Benchmarking and Client Reporting

Stewardship Reporting



In addition, we provide a detailed stewardship report on an annual basis to review the overall results of your program against your risk management goals. This report provides an **extensive financial analysis**, a detailed analysis of loss information, including PMAcare+ and litigation management impact, and a comprehensive review of risk-management data. This report is used both to demonstrate the results that have been obtained and to identify loss trends, enabling you to determine exactly where to focus your ongoing risk management efforts.

It is PMAMC's philosophy that **every client should be a success story**. We utilize our stewardships to highlight success stories that we achieve in partnership with our clients while also using our analytical capabilities to highlight further areas of opportunity that could be impacted. We strive to support our client in the **quest of continuous improvement** and to utilize our expertise in risk management and claims handling to develop joint ideas and solutions to impact the total cost of risk for our customers while continuing to care for their injured workers, customers and claimants.

Benchmarking

PMAMC offers Business Metrics and Analytics services that assist with interpreting your historical business data using iterative methodologies, statistical and predictive models to **transform your data into business insights** that can be leveraged to make business decisions, improve productivity and reduce expenses. These solutions help our clients develop trend analysis and provide them with recommendations for actionable items that can help improve their outcomes. PMAMC post-loss services include **peer, industry and jurisdictional benchmarking**. PMAMC offers **sophisticated business analytics model** that includes extensive data aggregation via our state-of-the-art claims system, data mining by our team of highly specialized business analysts, **predictive analytics focused on directing the right claim to the right resource at the right time**, and a suite of data visualization tools.

Client Reporting

PMAMC Business Metrics and Analytics assists our customers with solving for recommendations related to their unique business needs. We utilize your data to provide information and recommend actions that could help improve outcomes, reduce total cost of risk and enhance your program.

Our reporting capabilities are expansive and can support all of our customers' needs, including **scheduled and ad-hoc reporting related to deductibles, open excess recoveries**, numerous variations of customized loss runs, customized data fields, and any other analytics required by our clients.

PMAMC's Transition Plan

PMAMC has successfully transitioned numerous accounts from other TPA's. Over the years, we have developed detailed plans for the smooth transition of new accounts that will provide for uninterrupted benefits to your employees. Here are the key action steps and timeframes for your reference.

Transition Overview

Upon award of the City of Ocala contract, PMAMC will schedule a comprehensive service orientation meeting to discuss the specific claim and servicing guidelines that will work the best for you. We will work with you to ensure that specific personnel and/or departments will be informed of the key facets of the transition. PMAMC will also be engaging our entire service team to begin the implementation of claim file transfer, data conversion, funding mechanisms, PMA CINCH® installation, and other initiatives. Over the years, we have developed custom detailed plans for the smooth transition of new accounts that will eliminate any interruptions in the claims process.

7 Day Transition Plan

- Perform claims orientation meeting with the Client and PMAMC Service Team
- Establish Special Handling Instructions
- Collect copies of open run-off claim files from the Incumbent TPA to begin the imaging process
- Begin Data Conversion Process
- Set-up access to PMA CINCH® (RMIS)
- Establish banking arrangement for claims funding
- Establish location structure and required coding

15-30 Day Transition Plan

- Convert available images into PMAMC system
- Notify medical providers and vendors of changes in TPA
- Connect with key vendor partners for PMAMC Orientation
- Set-up and training on PMA CINCH®
- Claims evaluation of takeover files
- Reserving, payment, diary set-up
- Completion of data conversion
- Customized reporting development

	Pre-Transition	At Transition	Post Transition

Pricing Proposal

PMA offers a complete and comprehensive claims management and risk services program.

Claims Handling Activities:

- Investigation
- Three-Point Contact
- Action Planning
- Claims Processing
- Compensability Decisions
- SIF Investigation
- Excess Reporting & Recovery
- Fraud Prevention / SIU Capabilities
- Account Management
- Quality Assurance Program Oversight
- Structured Settlements
- Pre-Settlement Advisories
- EDI with State as Required
- 1099 Reports
- Settlement Authority
- Resolution Negotiation
- Litigation Management
- Check Issuance
- Payment Registers
- Claim Review Meetings
- Stewardship Meeting
- Self-Insurance Re-Application Assistance
- First Report of Injury Filed with State Agency
- Customized Claim Handling Instructions
- Reserve Advisories
- Patriot Act Compliance
- Office of Federal Asset Control Compliance
- Claim Acknowledgements
- Direct Deposit of Indemnity Payments

PMAcare+ Managed Care:

- Medical Bill Review
- Complex Bill Review
- Out-of-Network Bill Review
- Early Intervention Nurse Assessment on Lost Time Claims
- PPO & Specialty Network Access
- PPO Radius Listing & Mapping to Locations
- Pharmaceutical Benefit Management
- Case Management

Safety/Loss Prevention Services:

- Websource Access
- PMA Technical Bulletins
- PMA Monthly Web Events Training
- 300+ Safety Videos/DVD Library
- WC/Liability Performance Indicator Report
- Risk Management Assessment
- PMA Insights White Papers
- PMA Engineering & Safety Services

RMIS Services:

- Executive “Dashboard”
- Internet Claim reporting via Cinch
- Claim Number Notification
- Real Time Access to Claim Log Notes
- Client Diary System
- Loss Analysis Reports
- PMAcare+ Savings Reports
- Reserve Analysis Reports
- Email Claims Professional Capabilities
- “Schedule My Reports” Feature

Loss Adjustment Expenses:

- Independent Medical Exams
- Medical Bill Review
- Complex Bill Review
- Out-of-Network Bill Review
- Case Management Expenses
- Utilization Review Expenses
- SIF / SITF Recovery
- PPO Network Access Fees
- Private Investigators
- Medicare Section 111 Reporting Fee
- Central Index Bureau /National Insurance Crime Bureau
- Legal Fees / Attorney Fees

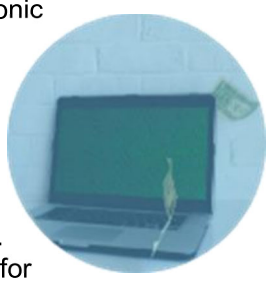
PMAMC Funding Options

PMAMC offers ACH direct deposit and expedited payments **at no additional cost to the City of Ocala**. PMAMC claims loss funding options are outlined below.



Traditional Escrow

With this option, the client will provide PMA with an escrow of three months of estimated paid losses and loss adjustment expenses. PMA will pay for the claims throughout the month with this account. At the end of the month, PMA will bill the client for losses and loss adjustment expenses paid along with the appropriate claims handling fees (if applicable). The client will also receive detailed loss reports showing all claims activity for the month and a cumulative claims summary report by policy/contract.

Direct Funding

With this option, the client will receive a daily, weekly, or monthly electronic communication from Wells Fargo Bank with the total claim checks issued that day, week, or month. On the next business day, Wells Fargo will initiate an ACH transfer to deduct the previous days' (weeks'/months') claims from the client's bank account. Payment is deposited directly into a sub-account, which is unique to the client. At month-end, the client will receive an AMPS billing statement for the loss-handling fees. The client will also receive detailed claims reports showing all activity for the month and a cumulative claims summary report by policy/contract. Reimbursement by check or client-initiated wire transfer/ACH transfer is required for payment of all fees.

PMAMC eBilling Solution

eBilling* is available to PMAMC clients for loss funding and service fees bills. With eBilling you can easily access and view your bills electronically through our secure internet site instead of receiving paper copies through the mail

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Hi Richard,

I want to confirm PMA's interest in extending the TPA contract for three additional years, as stipulated in the attached agreement. We look forward to continuing our relationship with the City of Ocala, and we greatly appreciate your continued commitment, confidence, and partnership with PMA.

Please let me know if you need any additional information.

Regards,

Michael

Attention: This email originates from an external source. Exercise caution and verify the sender's identity and content legitimacy before taking any action or disclosing non-public information.

Good Morning Mr. Hurst, I hope you are doing well. I'm reaching out because our contract between the City of Ocala and PMA will be expiring March 30th 2026 and I need your acknowledgement to extend the contract for another three years. If you would please respond to this e-mail so I can work with my procurement office to execute the extension that will go into effect April 1st. Thank you very much

Good morning Richard,

I'm drafting this renewal amendment. As the initial term was for three years also (and the original contract amount was $802,239), is the amount of $353,250 referenced below correct for the three-year renewal term?

We want to include enough funding on this amendment to cover what you will need without having to go back to Council.

Thank you,

Patti Lewis, MBA, NIGP-CPP

Presentation By: Michael Balken

Department: Police

FORMAL TITLE:
Continued utilization of the State of Florida's contract with WEX Bank for fuel card services for renewal term expenditures in an amount not to exceed $96,000

OCALA'S RELEVANT STRATEGIC GOALS:
Operational Excellence

PROOF OF PUBLICATION:
N/A

BACKGROUND:
The Ocala Police Department utilizes a competitively awarded State of Florida contract for fuel card services from WEX Bank, as needed. The contract enables Ocala Police Department (OPD) personnel to purchase all grades of unleaded gasoline and fuel oil from participating gas station merchants at negotiated rates.

WEX fuel cards are a convenient fuel option for OPD employees who work undercover or periodically work outside the Marion County area and do not have access to the three city-owned fuel islands available for city-owned vehicles within Marion County.

WEX also provides an online program that offers real-time fuel price mapping, participating station location information, and internal controls and reports for supervisors. The WEX fuel card program offers a discount of three cents per gallon off the retail price at 95 percent of U.S. gas stations. All rebates and credits are realized at the time of the transaction and are netted against the fuel card invoices quarterly.

FINDINGS AND CONCLUSIONS:
As a political subdivision of the state of Florida, the City of Ocala qualifies as an eligible user of Florida Department of Management Services ("DMS") alternate contract source ("ACS") agreements under Rule 60A-1.001, Florida Administrative Code. ACS agreements have been competitively solicited by governmental agencies and evaluated and determined by the Florida Secretary of Management Services to be cost-effective and to afford best value. On October 17, 2023, the City Council approved OPD's utilization of DMS's ACS Agreement for Fuel Card Services, Contract No.: 78181701-21-NASPO-ACS, through December 31, 2025.

Contract No. 78181701-21-NASPO-ACS was recently renewed by DMS for a two-year term ending December 31, 2027.

OPD expended $194,266 during the initial contract term and projects that $96,000 in expenditure authority will be required to cover anticipated costs through December 31, 2027.

Staff recommends approval.

FISCAL IMPACT:
OPD's fuel card services are budgeted under account 001-018-820-521-52-52020. Expenditures will continue to be tracked under Munis Contract No. OPD/211006.

PROCUREMENT REVIEW:
These goods and services were procured in compliance with the City's Procurement Policy.

LEGAL REVIEW:
This Agreement will be reviewed and approved for form and legality by City Attorney, William E. Sexton.

ALTERNATIVE:
- Approve with Changes
- Table
- Deny

CONTRACT AMENDMENT NO.: 1
Contract No.: 78181701-21-NASPO-ACS
Contract Name: Fuel Card Services

This Contract Amendment No. 1 ("Amendment") to Contract No. **78181701-21-NASPO-ACS** ("Term Contract") is made by the **Department of Management Services** ("Department"), an agency of the State of Florida, located at 4050 Esplanade Way, Tallahassee, Florida 32399; and **WEX Bank** ("Contractor"), with its principal place of business located at 1 Hancock Street, Portland, Maine 04101; collectively referred to herein as the "Parties."

WHEREAS the Parties entered into the Term Contract, which became effective on April 6, 2021, for the provision of Fuel Card Services;

WHEREAS the Master Contract was amended on April 1, 2024;

WHEREAS the Master Contract was extended for a period of two years with a new Master Contract expiration date of December 31, 2027;

WHEREAS the Parties agree to renew the Term Contract as provided for in Exhibit B, Special Contract Conditions, subsection 2.2 Renewal, and;

WHEREAS the Parties agreed that the Term Contract may be amended by mutual agreement as provided in Exhibit B, Special Contract Conditions, subsection 6.9, Modification and Severability.

ACCORDINGLY, and in consideration of the mutual promises contained in the Term Contract documents, the Parties agree as follows:

I. Contract Amendment.
All references to Contract contained within the previously executed Contract documents are hereby amended to refer to the underlying agreement as "Term Contract."

Term Contract Exhibit A, Additional Special Contract Conditions, is hereby deleted and replaced in its entirety with the attached Exhibit A, Additional Terms and Conditions to the Enterprise Contract, which is incorporated into the Term Contract by reference herein. All references to Exhibit A, Additional Special Contract Conditions in the Term Contract are hereby amended to read as Exhibit A, Additional Terms and Conditions to the Enterprise Contract.

Term Contract Exhibit B, Special Contract Conditions, is hereby deleted and replaced in its entirety with the attached Exhibit B, Enterprise Standard Terms and Conditions, which is incorporated into the Term Contract by reference herein.

II. Contract Renewal. The Term Contract is renewed for a period of two years pursuant to the same terms and conditions of the Term Contract and any executed written amendments, with a new Term Contract expiration date of December 31, 2027**.**

CONTRACT AMENDMENT NO.: 1
Contract No.: 78181701-21-NASPO-ACS
Contract Name: Fuel Card Services

III. Conflict. To the extent any of the terms of this Amendment conflict with the terms of the Term Contract, the terms of this Amendment shall control.

IV. Effect. The terms and conditions of the Term Contract are incorporated by reference as if fully re-written herein. The terms and conditions of the Term Contract not amended herein will remain in full effect. This Amendment is effective when signed by both Parties.

IN WITNESS WHEREOF, the Parties have executed this Amendment by the undersigned duly authorized representatives.

EXHIBIT A

ADDITIONAL TERMS AND CONDITIONS TO THE ENTERPRISE CONTRACT

The following subsections are added to the Enterprise Standard Terms and Conditions:

SECTION 18: PUNCHOUT CATALOG AND ELECTRONIC INVOICING.

The Contractor is encouraged to provide a MFMP punchout catalog. The punchout catalog provides an alternative mechanism for suppliers to offer the State access to Products awarded under the Term Contract. The punchout catalog also allows for direct communication between the MFMP eProcurement System and a supplier's Enterprise Resource Planning (ERP) system, which can reflect real-time Product inventory/availability information.

The punchout catalog enables Florida buyers to "punch out" to a supplier's website. Using the search tools on the supplier's Florida punchout catalog site, the user selects the desired Products. When complete, the user exits the supplier's punchout catalog site and the shopping cart (full of Products) is "brought back" to MFMP. No orders are sent to a supplier when the user exits the supplier's punchout catalog site. Instead, the chosen Products are "brought back" to MFMP as line items in a purchase order. The user can then proceed through the normal workflow steps, which may include adding/editing the Products (i.e., line items) in the purchase order. An order is not submitted to a supplier until the user approves and submits the purchase order, at which point the supplier receives an email with the order details.

SECTION 19: FINANCIAL CONSEQUENCES

Failure to comply with the requirements of the Term Contract will result in the imposition of financial consequences. The following financial consequences will apply for the Contractor's failure to meet the performance metric standard and due date corresponding with the deliverables under the Term Contract. The Customer may impose additional Financial Consequences beyond those stated herein to apply to that Customer's purchase. The State of Florida reserves the right to withhold payment or implement other appropriate remedies, such as Term Contract termination, or nonrenewal, when the Contractor has failed to comply with the provisions of the Term Contract.

The financial consequences below will be paid and received by the Department of Management Services within 30 calendar days from the due date specified by the Department. These financial consequences below are individually assessed for failures over each target period beginning with the first full month or quarter of the Term Contract performance and every month or quarter, respectively, thereafter.

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

Financial Consequences Chart

Deliverable	Performance Metric	Performance Due Date	Financial Consequence for Non-Performance
Contractor will timely submit complete Term Contract Quarterly Sales Reports	All Term Contract Quarterly Sales Reports will be submitted timely with the required information	Completed reports are due on or before the 60th calendar day after the close of each State fiscal quarter	$250 per day late

No favorable action will be considered when Contractor has outstanding Term Contract Quarterly Sales Reports, MFMP Transaction Fee Reports, or any other documentation owed to the Department or Customer, to include fees / monies, that are required under this Term Contract.

Enterprise Standard Terms and Conditions revisions:

The corresponding subsections of the Enterprise Standard Terms and Conditions referenced below are hereby deleted in their entirety:

SECTION 3.2.3: WAIVER
SECTION 6.1: PRICING
SECTION 6.2: BEST PRICING OFFER
SECTION 6.3: PRICING DECREASES
SECTION 6.3.3: EQUITABLE ADJUSTMENT
SECTION 6.5: TRANSACTION FEES
SECTION 7.5: FORCE MAJEURE, NOTICE OF DELAY, AND NO DAMAGES FOR DELAY
SECTION 10.7: INDEMNIFICATIONSECTION
SECTION 14.2.4: MFMP TRANSACTION FEE REPORTS
SECTION 14.4: PERFORMANCE DEFICIANCIES

The corresponding subsections of the Enterprise Standard Terms and Conditions referenced below are hereby replaced in their entirety:

SECTION 4.2.1: SUSPENSION OF WORK

The Department may, in its sole discretion, suspend any or all activities under the Term Contract, at any time, when it is in the best interest of the State of Florida to do so. The Department will provide the Contractor written notice of no fewer than 30 days outlining the particulars of the suspension. After receiving a suspension notice, the Contractor must comply with the notice and will cease the performance of the Term Contract. Suspension of work will not entitle the Contractor to any compensation for services not performed or commodities not delivered during the suspension period nor for any additional compensation.

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

SECTION 6.4: PURCHASE PREREQUISITES

The contractor must ensure that entities receiving payment directly from customers under this Term Contract have met the following requirements:

- Have an active registration with the Florida Department of State, Division of Corporations (www.sunbiz.org), or, if exempt from the registration requirements, provide the Department with the basis for such exemption.
- Be registered in the MFMP Vendor Information Portal (https://vendor.myfloridamarketplace.com)
- Have a current W-9 filed with the Florida Department of Financial Serviced (https://flvendor.myfloridacfo.com)

SECTION 7.1: WARRANTY OF ABILITY TO PERFORM

Upon the effective date of the Term Contract, and each year on the anniversary date of the Term Contract, the Contractor shall submit to the Department a completed PUR 7801, Vendor Certification Form. The Contractor warrants that, to the best of its knowledge, there is no pending or threatened action, proceeding, or investigation, or any other legal or financial condition, that would in any way prohibit, restrain, or diminish the Contractor's ability to satisfy its Term Contract obligations.

Additionally, the Contractor shall promptly notify the Department in writing if its ability to perform is compromised in any manner during the term of the Term Contract (including potential inability to renew the Term Contract due to section 287.138 or 908.111, F.S.) or if it or its suppliers, subcontractors, or consultants under the Term Contract are placed on the Suspended Vendor, Convicted Vendor, Discriminatory Vendor, Forced Labor Vendor, or Antitrust Violator Vendor Lists.

SECTION 7.3: ASSIGNMENT

The Contractor shall not sell, assign or transfer any of its rights, duties or obligations under the Term Contract without the prior written consent of the Department. In the event of any assignment, the Contractor remains secondarily liable for performance of the Term Contract, unless the Department expressly waives such secondary liability. The Department may assign the Term Contract upon prior written notice to Contractor of its intent to do so.

SECTION 7.4.1: SUBCONTRACTORS

The Contractor will not subcontract any work under the Term Contract without prior written consent of the Department. The Contractor shall obtain prior written consent using the process identified on the Department's website: Subcontractor/Dealer/Reseller Forms / Vendor Resources / State Purchasing / Business Operations - Florida Department of Management Services (myflorida.com). The use of the term "subcontractor" may refer to resellers, dealers, distributors, partners, teammates, and all other third parties utilized by the Contractor at any tier under the Term Contract By execution of the Term Contract, the Contractor acknowledges that it will not be released of its contractual obligations to Customers because of any failure of a subcontractor. The Contractor is fully responsible for satisfactory completion of all work performed under the Term Contract. The Contractor's use of a subcontractor not approved by the Department will be considered a material breach of the Term Contract.

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

SECTION 10.1: DISPUTE RESOLUTION

In the event there is a dispute concerning performance of the Contract, except for disputed transactions, the parties shall discuss and seek to arrive at a resolution in good faith. In the event the parties are unable to arrive at a resolution, then the Department's designated Contract Manager shall reduce State's decision as to such dispute to writing and serve a copy on the Contractor. Should any disputes arise between the Department and the Contractor with respect to the Term Contract, the Contractor and the Department shall act immediately to resolve any such disputes. Time is of the essence in the resolution of disputes.

Exhaustion of this administrative remedy detailed in the Dispute Resolution Process contemplated in this Term Contract is an absolute condition precedent to the Contractor's ability to seek other remedies related to the Term Contract.

SECTION 12.3: PUBLIC RECORDS REQUIREMENTS PURSUANT TO SECTION 119.0701, F.S.

Solely for the purpose of this section, the Department's Contract Manager is the agency custodian of public records. If, under the Term Contract, the Contractor is providing services and is acting on behalf of the public agency, as provided in section 119.0701, F.S., the Contractor shall:

i. Keep and maintain public records required by the Department to perform the service.

ii. Upon request from the Department's custodian of public records, provide the Department with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, F.S., or as otherwise provided by law.

iii. Ensure that public records that are exempt or confidential and exempt from public records disclosure are not disclosed except as authorized by law for the duration of the Term Contract term and following the completion of the Term Contract if the Contractor does not transfer the records to the Department.

iv. Upon completion of the Term Contract, transfer, at no cost, to the Department all public records in possession of the Contractor or keep and maintain public records required by the Department to perform the service. If the Contractor transfers all public records to the Department upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. Subject to any retention of data required by applicable taxing authorities. If the Contractor keeps and maintains public records upon completion of the Term Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Department, upon request from the Department's custodian of public records, in a format that is compatible with the information technology systems of the Department.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS TERM CONTRACT, CONTACT THE DEPARTMENT'S CUSTODIAN OF

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

PUBLIC RECORDS AT PUBLICRECORDS@DMS.FL.GOV, (850) 487-1082 OR 4050 ESPLANADE WAY, SUITE 160, TALLAHASSEE, FLORIDA 32399-0950.

SECTION 13: DATA SECURITY

Contractor hereby represents, warrants and covenants that it shall cause and ensure that all measures set forth in Section 9.6 and Exhibit G, Section 7 of the Master Agreement be provided and delivered to the State, and all representations, warranties and covenants made in such sections are hereby also made to State.

SECTION 14.2.1 TERM CONTRACT QUARTERLY SALES REPORTS

The Contractor shall submit Quarterly Sales Reports in the manner and format required by the Department within 60 calendar days after the close of each State fiscal quarter (the State's fiscal quarters close on September 30, December 31, March 31, and June 30).

The Quarterly Sales Report template can be found here: Quarterly Sales Report Format / Vendor Resources / State Purchasing / Business Operations / Florida Department of Management Services - DMS (myflorida.com). Initiation and submission of the most recent version of the Quarterly Sales Report posted on the DMS website is the responsibility of the Contractor without prompting or notification from the Department. Sales will be reviewed on a quarterly basis. If no sales are recorded in two consecutive quarters, the Contractor may be placed on probationary status, or the Department may terminate the Term Contract. Failure to provide the Quarterly Sales Report, or other reports requested by the Department, will result in the imposition of financial consequences and may result in the Contractor being found in default and the termination of the Term Contract.

SECTION 14.2.2: CERTIFIED AND MINORITY BUSINESS ENTERPRISES

Upon Customer request, the Contractor shall report to each Customer spend with certified and other minority business enterprises in the provision of commodities or services related to the Customer orders. These reports shall include the period covered; the name, and minority code of each minority business enterprise utilized during the period; commodities and services provided by the minority business enterprise; and the amount paid to each minority business enterprise on behalf of the Customer.

SECTION 14.2.3: AD HOC SALES REPORTS

The Department may require additional Term Contract sales information such as copies of purchase orders or ad hoc sales reports. The Contractor shall submit these mutually agreed upon documents and reports in the format acceptable to the Department and within the timeframe specified by the Department and the Contractor.

SECTION 14.5: INSPECTION

14.5.1 Statutory Inspection Rights. If services are to be provided pursuant to the Term Contract, in accordance with section 216.1366, F.S., the Department is authorized to inspect the: (i) financial records, papers, and documents of the Contractor that are directly related to the performance of the Term Contract or the expenditure of State funds; and (ii) programmatic records, papers, and documents of the Contractor which the Department determines are necessary to monitor the performance of the Term Contract or to ensure that the terms of the

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

Term Contract are being met. The Contractor shall provide such records, papers, and documents requested by the Department within ten (10) Business Days after the request is made.
Further, for any Term Contract for services with a nonprofit organization as defined in section 215.97(2)(m), F.S., the Contractor must provide documentation that indicates the amount of state funds:

1. Allocated to be used during the full term of the Term Contract for remuneration to any member of the board of directors or an officer of the contractor; and
2. Allocated under each payment by the public agency to be used for remuneration of any member of the board of directors or an officer of the contractor.

The documentation must indicate the amounts and recipients of the remuneration.

14.5.2 Inspection Compliance. The Contractor understands its, and its subcontractors (if any), duty, pursuant to section 20.055(5), F.S., to cooperate with the Inspector General in any investigation, audit, inspection, review, or hearing. Upon request of the Department's Inspector General, or other authorized State official, the Contractor shall provide any type of information the State official deems relevant to the Contractor's integrity or responsibility. Such information may include the Contractor's business or financial records, documents, or files of any type or form that refer to or relate to the Term Contract. The Contractor agrees to reimburse the State for the reasonable costs of investigation incurred by the Inspector General or other authorized State official for investigations of the Contractor's compliance with the terms of the Term Contract or any other agreement between the Contractor and the State which results in the suspension or debarment of the Contractor. Such costs will include salaries of investigators, including overtime; travel and lodging expenses; and expert witness and documentary fees. The Contractor shall not be responsible for any costs of investigations that do not result in the Contractor's suspension or debarment.

SECTION 16: CONFIDENTIALITY

The Contractor shall not divulge to third parties any materials marked by Customer as "confidential information" obtained by the Contractor or its employees, subcontractors, or agents in the course of performing Term Contract work, including security procedures, business operations information, or commercial proprietary information in the possession of the Customer or State. The Contractor will not be required to keep confidential information or material that is publicly available through no fault of the Contractor, material that the Contractor developed independently without relying on the Customer's or State's confidential information, or material that is otherwise obtainable under State law as a public record. To ensure confidentiality, the Contractor shall take appropriate steps as to its employees, subcontractors, and agents.

The Contractor must maintain confidentiality of all confidential data, files, and records related to the commodities or contractual services provided pursuant to the Term Contract and must comply with all state and federal laws, including, but not limited to sections 381.004, 384.29, 392.65, and 456.057, F.S. The Contractor hereby represents, warrants and covenants that it shall cause and ensure that all measures set forth in Section 9.6 and Exhibit G, Section 7 of the Master Agreement be provided and delivered to the State, and all representations, warranties and covenants made in such sections are hereby also made to State. The Contractor must also comply with any applicable professional standards with respect to confidentiality of information.

ENTERPRISE STANDARD TERMS AND CONDITIONS

These Enterprise Standard Terms and Conditions set forth the terms and conditions regarding the administration of the Term Contract, including the provision of Products to Customers. Customer specific terms for purchases off this Term Contract shall be set forth in the Customer specific agreement.

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

SECTION 1. DEFINITIONS

Capitalized terms used herein are defined as follows:

"Attachments" means the attachments, addenda, schedules, exhibits, and other documents, however so titled, attached hereto or incorporated by reference herein.

"Business Days" means Monday through Friday, inclusive, excluding State holidays specified in section 110.117, Florida Statutes ("F.S.").

"Contractor" means the person or entity that is a party to the Term Contract and is offering Products for purchase.

"Customer" means the agency, as defined in section 287.012, F.S., or eligible user, as defined in Rule 60A-1.001, Florida Administrative Code ("F.A.C."), that makes a purchase off the Term Contract. For the avoidance of doubt, this also includes the Department when it purchases off the Term Contract.

"Department" means the Department of Management Services, an agency as defined in section 287.012, F.S., responsible for the administration of this Term Contract.

"Enterprise Alternate Contract Source" means a contract authorized pursuant to section 287.042(16), F.S., or approved pursuant to section 287.057(3)(b), F.S., for statewide use.

"Product" means any deliverable under the Term Contract, which may include commodities and contractual services, as each is defined in section 287.012, F.S. "Product" does not include, and no State funding under the Term Contract is being provided for, promoting, advocating for, or providing training or education on "Diversity, Equity, and Inclusion" ("DEI"). DEI is any program, activity, or policy that classifies individuals on the basis of race, color, sex, national origin, gender identity, or sexual orientation and promotes differential or preferential treatment of individuals on the basis of such classification, or promotes the position that a group or an individual's action is inherently, unconsciously, or implicitly biased on the basis of such classification.

"State" means the State of Florida

"State Term Contract" means a term contract that is competitively procured by the department pursuant to section 287.057, F.S. and that is used by agencies and eligible users pursuant to section 287.056, F.S.

"Term Contract" means the legally enforceable term contract, as defined in section 287.012, F.S., between the Department and Contractor to which these Enterprise Standard Terms and Conditions apply, including all Attachments thereto**.** The Term Contract is either a State Term Contract or an Enterprise Alternate Contract Source.

SECTION 2. CONTRACT AMENDMENT

2.1 Amendment. The Term Contract contains all the terms and conditions agreed upon by the parties. Unless otherwise stated in Term Contract, the Term Contract may only be amended upon mutual written agreement signed by the parties. No oral agreements or representations will be valid or binding upon the Department or the Contractor. Unless explicitly agreed to by the Department in the Term Contract, no unilateral alteration or modification of the Term

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

Contract terms, including substitution of Product, will be valid or binding against the Customer.

The Department and Contractor may modify the Term Contract to alter, add to, or deduct from the Term Contract specifications, provided that such changes are within the general scope of the Term Contract. The parties may make an equitable adjustment in the Term Contract price or delivery date if the change affects the cost or time of performance.

SECTION 3. CONTRACT CONSTRUCTION AND ADMINISTRATION

3.1 Construction. Unless the context requires otherwise, (i) the words "include," "includes," and "including" are deemed to be followed by the words "without limitation;" (ii) the word "or" is not exclusive; and (iii) the words "herein," "hereof," "hereby," "hereto," and "hereunder" refer to the Term Contract as a whole, inclusive of all Attachments. Unless the context requires otherwise, references herein to (i) sections or Attachments mean the sections of, or Attachments to, the Term Contract; (ii) an agreement, instrument, or other document means such agreement, instrument, or other document as amended, supplemented, and modified from time to time to the extent permitted by the provisions thereof; and (iii) a statute, rule, or other law or regulation means such statute, rule, or other law or regulation as amended from time to time and includes any successor legislation thereto and any regulations promulgated thereunder.

Unless the context requires otherwise, whenever the masculine is used in the Term Contract, the same will include the feminine and whenever the feminine is used herein, the same will include the masculine. Unless the context requires otherwise, whenever the singular is used in the Term Contract, the same will include the plural, and whenever the plural is used herein, the same will include the singular, where appropriate. All references to "$" or "dollars" means the United States Dollar, the official and lawful currency of the United States of America.

The Term Contract will be construed without regard to any presumption or rule requiring construction or interpretation against the party drafting an instrument or causing any instrument to be drafted. The Attachments referred to herein will be construed with, and as an integral part of, the Term Contract to the same extent as if they were set forth verbatim herein.

3.2 Administration. Execution in Counterparts. The Term Contract may be executed in counterparts, each of which will be an original and all of which will constitute but one and the same instrument.

3.2.1 **Notices.** Where the term “written notice” is used to specify a notice requirement herein, said notice will be deemed to have been given (i) when personally delivered; (ii) email (with confirmation of receipt) the day immediately following the day (except if not a Business Day then the next Business Day) on which the notice or communication has been provided prepaid by the sender to a recognized overnight delivery service; or (iii) on the date actually received except where there is a date of the certification of receipt.

Unless otherwise specified, the Contractor shall deliver all notices to the Department’s Contract Manager and the Department shall deliver all notices to the Contractor’s Contract Manager.

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

3.2.2 **Severability.** If a court deems any non-material provision of the Term Contract void or unenforceable, all other provisions will remain in full force and effect. Upon a determination that any material provision is void or unenforceable, the parties shall negotiate in good faith to modify this Term Contract to give effect to the original intent of the parties as closely as possible in order that the transactions contemplated hereby are consummated as originally contemplated to the greatest extent possible.

3.2.3 **Waiver.** The delay or failure by the Department to exercise or enforce any of its rights under the Term Contract will not constitute or be deemed a waiver of the Department's right thereafter to enforce those rights, nor will any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right.

3.2.4 **Survivability.** The Term Contract and any and all promises, covenants, and representations made herein are binding upon the parties hereto and any and all respective heirs, assigns, and successors in interest. The respective obligations of the parties, which by their nature would continue beyond the termination or expiration of the Term Contract, including without limitation, the obligations regarding confidentiality, proprietary interests, reporting, and public records, will survive termination or expiration of the Term Contract.

3.2.5 **Third Party Beneficiaries.** The parties acknowledge and agree that the Term Contract is for the benefit of the parties hereto. The Term Contract is not intended to confer any legal rights or benefits on any other party, except such rights and benefits associated with a purchase made by a Customer off this Term Contract.

SECTION 4. CONTRACT TERM, SUSPENSION, AND TERMINATION.

4.1 **Term.** The initial term will begin on the date set forth in the Term Contract documents or on the date the Term Contract is signed by all parties, whichever is later.

Upon written agreement, the Department and the Contractor may renew the Term Contract in whole or in part only as set forth in the Term Contract documents, and in accordance with section 287.057(13), F.S. No costs may be charged for the renewals.

4.2 **Suspension of Work and Termination.**

4.2.1 **Suspension of Work.** The Department may, in its sole discretion, suspend any or all activities under the Term Contract, at any time, when it is in the best interest of the State of Florida to do so. The Department will provide the Contractor written notice outlining the particulars of the suspension. After receiving a suspension notice, the Contractor must comply with the notice and will cease the performance of the Term Contract. Suspension of work will not entitle the Contractor to any compensation for services not performed or commodities not delivered during the suspension period nor for any additional compensation.

4.2.2 **Termination for Convenience.** The Term Contract may be terminated by the Department, by written notice to the Contractor thirty (30) calendar days in advance, in whole or in part at any time, when the Department determines in its sole discretion that it is in the Department's interest to do so. The Contractor shall not furnish any Product after it receives the notice of termination, except as necessary to complete

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

the continued portion of the Term Contract, or a continued purchase off the Term Contract, if any. The Contractor will not be entitled to recover any cancellation charges or lost profits. If the Term Contract is terminated before performance is completed, the Contractor will be paid only for that work satisfactorily performed for which costs can be substantiated. Such payment, however, may not exceed an amount which is the same percentage of any Customer contract price as the amount of work satisfactorily performed. All work in progress will become the property of the Customer and will be turned over promptly by the Contractor.

4.2.3 **Termination for Cause.** The Department may terminate the Term Contract if the Contractor fails to (i) on multiple occasions, timely deliver Products purchased by Customers, (ii) on multiple occasions, maintain adequate progress on Customer purchases, thus endangering performance, (iii) honor any term of the Term Contract, or (iv) abide by any statutory, regulatory, or licensing requirement. The Department may, at its sole discretion, (i) immediately terminate the Term Contract, (ii) notify the Contractor of the deficiency and require that the deficiency be corrected within a specified time, otherwise the Term Contract will terminate at the end of such time, or (iii) take other action deemed appropriate by the Department. The Contractor shall continue work on any work not terminated.

Except for defaults of subcontractors at any tier, the Contractor will not be liable for any excess costs if the failure to perform arises from events completely beyond the control, and without the fault or negligence, of the Contractor. If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is completely beyond the control of both the Contractor and the subcontractor, and without the fault or negligence of either, the Contractor will not be liable for any excess costs for failure to perform, unless the subcontracted Products were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule. If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of the Department. The rights and remedies of the Department in this clause are in addition to any other rights and remedies provided by law or under the Term Contract. The Customer will notify the Department of any vendor that has met the grounds for placement of the vendor on the Department of Management Services' Suspended Vendor List, as required in section 287.1351, F.S.

4.2.4 **Termination for Non-Compliance with E-Verify.** Pursuant to section 448.095(5)(c)1., F.S., the Department shall terminate the Term Contract if it has a good faith belief that the Contractor has knowingly violated section 448.09(1), F.S. Pursuant to section 448.095(5)(c)2., F.S., if the Department has a good faith belief that a subcontractor knowingly violated section 448.09(1), F.S., the Department shall promptly notify the Contractor and order the Contractor to immediately terminate the contract with the subcontractor.

4.2.5 **Termination Related to Statutory Certifications.** At the Department's option, the Term Contract may be terminated if the Contractor is placed on any of the lists referenced in the attached PUR 7801, Vendor Certification Form, or would otherwise be prohibited from entering into or renewing the Term Contract based on the statutory provisions referenced therein.

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

4.2.6 **Termination for Refusing Access to Public Records.** In accordance with section 287.058, F.S., the Department may unilaterally terminate the Term Contract for refusal by the Contractor to allow public access to all documents, papers, letters, or other material made or received by the Contractor in conjunction with the Term Contract, unless the records are exempt from s. 24(a) of Art. I of the State Constitution and section 119.071(1), F.S.

SECTION 5. PURCHASES OFF THE TERM CONTRACT.

5.1 Purchases. By executing the Term Contract, the Contractor agrees to allow Customers to make purchases off the Term Contract. Purchases from Customers other than the Department are independent of the agreement between the Department and the Contractor, and the Department shall not be a party to such transaction. Customers' purchases off the Term Contract are limited to Products offered under the Term Contract, and no additional Products may be provided under a purchase off the Term Contract.

5.2 Purchase Submission. For any purchases off the Term Contract, either the contract (as defined in Rule 60A-1.001, F.A.C.) must be executed between the Customer and Contractor, or the purchase order (as defined in Rule 60A-1.001, F.A.C.) must be issued by the Customer to the Contractor, no later than the last day of the Term Contract's term to be considered timely. Contracts executed, or purchase orders issued, after the last day of the Term Contract's term shall be considered void.

5.3 Terms. The terms of the Form PUR 1000, General Contract Conditions, incorporated in Rule 60A-1.002, F.A.C.**,** and linked here http://www.flrules.org/Gateway/reference.asp?No=Ref-16731, are hereby incorporated by reference herein and will apply to all purchases made by a Customer off the Term Contract. The Customer may attach additional terms and conditions specific to its particular purchase made off the Term Contract, which are considered Special Conditions. The term "Special Conditions" does not include any Contractor-provided documents, including attachments or standard preprinted forms, service agreements, end user agreements, product literature, or "shrink wrap" terms accompanying or affixed to a Product, whether written or electronic, or terms incorporated onto the Contractor's order or fiscal forms or other documents forwarded by the Contractor for payment. Any Customer Special Conditions shall not become a part of the Term Contract.

5.3.1 **Term.** The term of the Customer purchase off the Term Contract will be as specified in the purchase, except that if renewals of the purchase are permitted, the Customer and Contractor shall not renew the purchase if the Term Contract expires prior to the effective date of the renewal. Any existing term of a purchase off the Term Contract shall not extend more than forty-eight (48) months beyond the end of the Term Contract. However, if an extended pricing plan offered in the Term Contract is agreed upon by the Customer and Contractor and extends more than forty-eight (48) months beyond the end of the Term Contract, the agreed upon extended pricing plan terms shall govern the maximum duration of the purchase. The Contractor is required to fulfill timely purchases that extend performance beyond the Term Contract term even when such extended delivery will occur after expiration of the Term Contract. For such purchases, all terms and conditions of the Term Contract shall survive the termination or expiration of the Term Contract and apply to the Contractor's continued performance.

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

5.3.2 **Additional Requirements.** All Customer purchases off the Term Contract shall contain the Term Contract name and number and shall be placed by the Customer. Delivery or furnishing Products shall not occur until the Customer executes their contract or transmits the purchase order**,** as defined in Rule 60A-1.001, F.A.C**.**

SECTION 6. PAYMENT AND FEES.

6.1 Pricing. The Contractor shall not exceed the pricing set forth in the Term Contract documents.

6.2 Best Pricing Offer. During the term of the Term Contract, if the Department or Customer becomes aware of better pricing offered by the Contractor for substantially the same or a smaller quantity of a Product outside the Term Contract, but upon the same or similar terms of the Term Contract, then the Department or Customer may request that the Contractor immediately reduce to the lower price.

6.3 Price Decreases. The following price decrease terms will apply to the Term Contract:

6.3.1 **Quantity Discounts.** The Contractor may offer additional discounts for one-time delivery of large single orders. The Customer should seek to negotiate additional price concessions on quantity purchases of any Products offered under the Term Contract.

6.3.2 **Sales Promotions.** In addition to decreasing prices for the balance of the Term Contract term due to a change in market conditions, the Contractor may conduct sales promotions involving price reductions for a specified lesser period. If conducting a sales promotion, the Contractor must submit documentation to the Department's Contract Manager identifying the proposed: (1) starting and ending dates of the promotion, (2) Products involved, and (3) promotional prices compared to then-authorized prices. The Contractor shall provide notice to Customers of the promotion and shall make the promotional prices available to all Customers.

6.3.3 **Equitable Adjustment.** The Department may, in its sole discretion, make an equitable adjustment in the Term Contract terms or pricing if pricing or availability of supply is affected by extreme and unforeseen volatility in the marketplace, that is, by circumstances that satisfy all the following criteria: (1) the volatility is due to causes wholly beyond the Contractor's control, (2) the volatility affects the marketplace or industry, not just the particular Term Contract source of supply, (3) the effect on pricing or availability of supply is substantial, and (4) the volatility so affects the Contractor that continued performance of the Term Contract would result in a substantial loss.

6.4 Purchase Prerequisites. The Contractor may be required to accept the State of Florida Purchasing Card and MyFloridaMarketPlace (MFMP) purchase orders. The Contractor shall not charge any fees for payments received via the State's P-Card. The Contractor must ensure that entities receiving payment directly from Customers under this Term Contract must have met the following requirements:

- Have an active registration with the Florida Department of State, Division of Corporations (www.sunbiz.org), or, if exempt from the registration requirements, provide the Department with the basis for such exemption.
- Be registered in the MFMP Vendor Information Portal (https://vendor.myfloridamarketplace.com).
- Have a current W-9 filed with the Florida Department of Financial Services (https://flvendor.myfloridacfo.com)

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

6.5 **Transaction Fees.** The State of Florida, through the Department of Management Services, has instituted MyFloridaMarketPlace, a statewide eProcurement system pursuant to section 287.057(24), Florida Statutes (F.S.). All payments issued by Agencies to registered vendors for purchases of Commodities or Contractual Services under Chapter 287, F.S., shall be assessed the Transaction Fee of one percent (1.0%) of the total amount of the payments received from the State or Eligible Users, as prescribed by Rule 60A-1.031, Florida Administrative Code (F.A.C.), or as may otherwise be established by law. Vendors shall pay the Transaction Fee and are subject to automatic deduction of the Transaction Fee, when automatic deduction becomes available. Vendors shall submit any monthly reports required pursuant to Rule 60A-1.031, F.A.C. All such reports and payments are subject to audit. The Agency will have grounds for declaring the vendor in default if the vendor fails to comply with the payment of the Transaction Fee or reporting of payments, which may subject the vendor to being suspended from business with the State of Florida.

6.6 **Exclusivity.** The Term Contract is not an exclusive license to provide the Products described in the Term Contract. The Department may, without limitation and without recourse by the Contractor, contract with other vendors to provide the same or similar Products.

SECTION 7. PERFORMANCE

7.1 **Warranty of Ability to Perform.** Upon the effective date of the Term Contract, and each year on the anniversary date of the Term Contract, the Contractor shall submit to the Department a completed PUR 7801, Vendor Certification Form. The Contractor warrants that, to the best of its knowledge, there is no pending or threatened action, proceeding, or investigation, or any other legal or financial condition, that would in any way prohibit, restrain, or diminish the Contractor's ability to satisfy its Term Contract obligations.

Additionally, the Contractor shall promptly notify the Department in writing if its ability to perform is compromised in any manner during the term of the Term Contract (including potential inability to renew the Term Contract due to section 287.138 or 908.111, F.S.) or if it or its suppliers, subcontractors, or consultants under the Term Contract are placed on the Suspended Vendor, Convicted Vendor, Discriminatory Vendor, Forced Labor Vendor, or Antitrust Violator Vendor Lists. The Contractor shall use commercially reasonable efforts to avoid or minimize any delays in performance and shall inform the Department of the steps the Contractor is taking or will take to do so, and the projected actual completion (or delivery) time. If the Contractor believes a delay in performance by the Department has caused or will cause the Contractor to be unable to perform its obligations on time, the Contractor shall promptly so notify the Department and use commercially reasonable efforts to perform its obligations on time notwithstanding the Department's delay.

7.2 **Further Assurances.** The parties shall, with reasonable diligence, do all things and provide all reasonable assurances as may be necessary to complete the requirements of the Term Contact, and each party shall provide such further documents or instruments requested by the other party as may be reasonably necessary or desirable to give effect to the Term Contract and to carry out its provisions. The Department is entitled at all times, upon request, to be advised as to the status of work being done by the Contractor and the details thereof.

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

7.3 **Assignment.** The Contractor shall not sell, assign or transfer any of its rights, duties or obligations under the Term Contract without the prior written consent of the Department. In the event of any assignment, the Contractor remains secondarily liable for performance of the Term Contract, unless the Department expressly waives such secondary liability. The Department may assign the Term Contract with prior written notice to Contractor of its intent to do so.

7.4 **Employees, Subcontractors, and Agents.**

7.4.1 **Subcontractors.** The Contractor will not subcontract any work under the Term Contract without prior written consent of the Department. The Contractor shall obtain prior written consent using the process identified on the Department's website: Subcontractor/Dealer/Reseller Forms / Vendor Resources / State Purchasing / Business Operations - Florida Department of Management Services (myflorida.com). The use of the term "subcontractor" may refer to affiliates, resellers, dealers, distributors, partners, teammates, and all other third parties utilized by the Contractor at any tier under the Term Contract. The Contractor is responsible for ensuring that its subcontractors providing commodities and performing services in furtherance of the Term Contract do so in compliance with the terms and conditions of the Term Contract. By execution of the Term Contract, the Contractor acknowledges that it will not be released of its contractual obligations to Customers because of any failure of a subcontractor. The Contractor is fully responsible for satisfactory completion of all work performed under the Term Contract. The Contractor's use of a subcontractor not approved by the Department will be considered a material breach of the Term Contract.

7.4.2 **Independent Contractor.** The Contractor and its employees, agents, representatives, and subcontractors are not employees or agents of the Department or the State and are not entitled to the benefits of Department or State employees. Neither the Customer nor the State will be bound by any acts or conduct of the Contractor or its employees, subcontractors, or agents. The Contractor shall include this provision in all of its subcontracts under the Term Contract.

7.5 **Force Majeure, Notice of Delay, and No Damages for Delay.** The Contractor will not be responsible for delay resulting from its failure to perform if neither the fault nor the negligence of the Contractor or its employees, subcontractors, or agents contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, lightning strikes, fires, floods, or other similar cause wholly beyond the Contractor's control, or for any of the foregoing that affect suppliers if no alternate source of supply is available to the Contractor.

In case of any delay the Contractor believes is excusable, the Contractor shall notify the Department in writing of the delay or potential delay and describe the cause of the delay either (i) within ten (10) calendar days after the cause that creates or will create the delay first arose, if the Contractor could reasonably foresee that a delay could occur as a result; or (ii) if a delay is not reasonably foreseeable, within five (5) calendar days after the date the Contractor first had reason to believe that a delay could result. THE FOREGOING WILL CONSTITUTE THE CONTRACTOR'S SOLE REMEDY OR EXCUSE WITH RESPECT TO ANY DELAY except if such delay is caused by the fraud, bad faith, or active interference of the Department. Providing notice in strict accordance with this paragraph is a condition precedent to such remedy, and a rebuttable presumption of prejudice will exist based on

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

Contractor's untimely notice. The Contractor shall not assert any claim for damages related to such delay. The Contractor will not be entitled to an increase in the Term Contract price or payment of any kind from the Department for direct, indirect, consequential, impact, or other costs, expenses, or damages, including costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any cause whatsoever.

If performance is suspended or delayed, in whole or in part, due to any of the causes described in this subsection, the Department may unilaterally (and with no recourse on the part of the Contractor) identify and use an alternate source to complete any work under the Term Contract as the Department deems necessary, in its sole discretion. After the causes have ceased to exist, the Contractor shall perform at no increased cost, unless the Department determines, in its sole discretion, that the delay will significantly impair the value of the Contract to the Department or State, in which case the Department may (i) accept allocated performance or deliveries from the Contractor, provided that the Contractor grants preferential treatment to the Department with respect to Products subjected to allocation; or (ii) terminate the Term Contract in whole or in part.

SECTION 8. CONTRACT MANAGEMENT

8.1 Department's Contract Manager. The Department's Contract Manager for the Term Contract, who is primarily responsible for the Department's oversight of the Term Contract, will be identified in a separate writing to the Contractor upon Term Contract signing in the following format:

Department's Contract Manager Name
Department's Name
Department's Physical Address
Department's Telephone #
Department's Email Address

8.2 Contractor's Contract Manager. The Contractor's Contract Manager, who is primarily responsible for the Contractor's oversight of the Term Contract performance, will be identified in a separate writing to the Department upon Term Contract signing in the following format:

Contractor's Contract Manager Name
Contractor's Name
Contractor's Physical Address
Contractor's Telephone #
Contractor's Email Address

Either party may notify the other by email of a change to a designated contact providing the contact information for the newly designated contact, and such notice is sufficient to effectuate this change without requiring a written amendment to the Term Contract.

SECTION 9. COMPLIANCE WITH LAWS.

9.1 Conduct of Business. The Contractor shall comply with all laws, rules, codes, ordinances, and licensing requirements that are applicable to the conduct of its business and that are applicable to the Term Contract, including those of federal, state, and local agencies having jurisdiction and authority, and shall ensure that any and all subcontractors utilized do the same. The Contractor represents and warrants that no part of the funding under the Term Contract will be used in violation of any state or federal law, including, but not limited to, 8

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

U.S.C. § 1324 or 8 U.S.C. § 1325, or to aid or abet another in violating state or federal law. The Department may terminate the Term Contract at any time if the Contractor violates, or aids or abets another in violating, any state or federal law.

If the requirements of the Term Contract conflict with any governing law, codes or regulations, the Contractor shall notify the Department in writing and the parties shall amend the Term Contract to comply with the applicable code or regulation. Similarly, if the Contractor believes that any governmental restrictions have been imposed that require alteration of the material, quality, workmanship or performance of the Products offered under the Term Contract, the Contractor shall immediately notify the Department in writing, indicating the specific restriction. The Department reserves the right and the complete discretion to accept any such alteration or to cancel the Term Contract at no further expense to the Department.

Pursuant to section 287.057(26), F.S., the Contractor shall answer all questions of, and ensure a representative will be available to, a Customer's continuing oversight team for purchases off this Term Contract.

9.2 Integrity. In addition to any applicable statutory restrictions, the Contractor shall not, in connection with this or any other agreement with the State, directly or indirectly (i) offer, confer, or agree to confer any pecuniary benefit on anyone as consideration for any State officer or employee's decision, opinion, recommendation, vote, other exercise of discretion, or violation of a known legal duty; or (ii) offer, give, or agree to give to anyone any gratuity for the benefit of, or at the direction or request of, any State officer or employee. For purposes of clause (ii), "gratuity" means any payment in the form of cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, services, employment, or contracts of any kind.

SECTION 10. DISPUTES AND LIABILITIES.

10.1 Dispute Resolution. Should any disputes arise between the Department and the Contractor with respect to the Term Contract, the Contractor and the Department shall act immediately to resolve any such disputes. Time is of the essence in the resolution of disputes.

Exhaustion of this administrative remedy detailed in the Dispute Resolution Process contemplated in this Term Contract is an absolute condition precedent to the Contractor's ability to seek other remedies related to the Term Contract.

10.2 Dispute Resolution Process.

(a) Department Review. The parties shall resolve disputes through written submission of their dispute to the Department's Contract Manager. The Department shall respond to the dispute in writing within ten (10) Business Days from the date that the Department's Contract Manager receives the dispute. The Department's decision shall be final unless a party provides the other party with written notice of the party's disagreement with the decision within ten (10) Business Days from the date of the Department's decision. If a party disagrees with the Department's decision, the party may proceed to subsection (b) below.

(b) Meeting between the Principals. If either party disagrees with the Department's decision, such disagreeing party shall notify the other party of the disagreement within ten (10) Business Days. The parties shall then schedule a meeting between each party's principal (for the Department, the Department head or designee; for the Contractor, the Chief Executive Officer or designee) on a mutually agreed upon date, no later than ten (10)

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

Business Days after the provision of the notice. The principals shall attempt to mutually resolve the disagreement at such meeting.

(c) Mediation. If the dispute is not resolved through a meeting of the Principals, the parties, upon mutual agreement, may mediate such dispute. If such mediation is not completed within 100 calendar days from receipt of the Department's decision, then either party may seek other remedies.

If the dispute is not resolved through the full process in subsections (a) - (c) above (or (a) – (b), if mediation is not agreed to), either party may pursue any other remedies.

10.3 Contractor's Obligation to Perform While Disputes are Pending. The Contractor shall proceed diligently with performance under the Term Contract pending the final resolution of any dispute or request for relief, claim, appeal, or action arising under the Term Contract and shall comply with directions to perform from the Department. Should the Contractor not perform while a dispute is pending, including by not performing disputed work, such nonperformance by the Contractor may be deemed to be an unexcused breach of the Term Contract which is separate and apart from any other dispute.

10.4 Governing Law and Venue. The Term Contract will be governed by, and construed in accordance with, the laws of the State. Jurisdiction and venue for suit arising under the terms of the Term Contract will exclusively be in the appropriate State court located in Leon County, Florida. Except as otherwise provided by law, the parties agree to be responsible for their own attorney's fees and costs incurred in connection with disputes arising under the terms of the Term Contract.

10.5 Remedies Cumulative. No remedy herein conferred upon or reserved to either party is intended to be exclusive of any other remedy or remedies, and each and every such remedy will be cumulative, and will be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity.

10.6 JURY WAIVER. THE PARTIES, ON BEHALF OF THEMSELVES AND ASSIGNS, WAIVE ALL RIGHT TO TRIAL BY JURY FOR ANY ACTION, APPEAL, CLAIM, OR PROCEEDING, WHETHER IN LAW IN OR IN EQUITY, WHICH IN ANY WAY ARISES OUT OF OR RELATES TO THE TERM CONTRACT OR ITS SUBJECT MATTER.

10.7 Indemnification. For any and all third-party claims, actions, demands, liabilities, and expenses of any kind which are caused by, related to, growing out of or happening in connection with the Term Contract (including any determination arising out of or related to the Term Contract that the Contractor or its employees, agents, subcontractors, assignees, or delegates are not independent contractors in relation to the Department or State), the Contractor shall be fully liable for the actions of its employees, subcontractors, and agents and shall fully indemnify, defend, and hold harmless the Department and the State (including each of their current and former officers, agents, and employees) for any and all loss, damage, injury, costs, reasonable expenses, or other casualty to person or property. Without limiting this indemnification requirement, the Department may provide the Contractor (i) written notice of any action or threatened action, (ii) the opportunity to take over and settle or defend any such action at the Contractor's sole expense, and (iii) assistance in defending the action at the Contractor's sole expense. The above indemnity requirement does not apply to that portion of any loss or damages proximately caused by the negligent act or omission of the Department or the State. Nothing herein is intended to act as a waiver of the Department's or State's sovereign immunity or to be deemed consent by the Department or State or its

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

subdivisions to suit by third parties.

SECTION 11. MISCELLANEOUS.

11.1 Department of State Registration. Consistent with Title XXXVI, F.S., if the Contractor asserts status other than that of a sole proprietor, it must provide the Department with i) conclusive evidence of a certificate of status, not subject to qualification, if a Florida business entity; ii) a certificate of authorization if a foreign business entity; or iii) if exempt from the registration requirements, a basis for such exemption.

11.2 Time is of the Essence. Time is of the essence regarding every obligation of the Contractor under the Term Contract. Each obligation is deemed material, and a breach of any such obligation (including a breach resulting from untimely performance) is a material breach.

11.3 Cooperative Purchasing. Pursuant to their own governing laws, and subject to the agreement of the Contractor, governmental entities that are not Customers may make purchases under the terms and conditions contained herein, if agreed to by the Contractor. Such purchases are independent of the Term Contract between the Department and the Contractor, and the Department is not a party to these transactions.

SECTION 12. PUBLIC RECORDS, TRADE SECRETS, DOCUMENT MANAGEMENT, AND INTELLECTUAL PROPERTY.

12.1 General Record Management and Retention. The Contractor shall retain all records that were made in relation to the Term Contract for the longer of five (5) years after expiration of the Term Contract or the period required by the General Records Schedules maintained by the Florida Department of State available at: https://dos.fl.gov/library-archives/records-management/general-records-schedules/.

12.2 Identification and Protection of Confidential Information. Article 1, section 24, of the Florida Constitution, guarantees every person access to public records, and section 119.011, F.S., provides a broad definition of "public record." As such, records submitted to the Department (or any other State agency) are public records and are subject to disclosure unless exempt from disclosure by law. If the Contractor considers any portion of a record it provides to the Department (or any other State agency) to be trade secret or otherwise confidential or exempt from disclosure under Florida or federal law ("Confidential Information"), the Contractor shall mark as "confidential" each page of a document or specific portion of a document containing Confidential Information and simultaneously provide the Department (or other State agency) with a separate, redacted copy of the record. The Contractor shall state the basis of the exemption that the Contractor contends is applicable to each portion of the record redacted, including the specific statutory citation for such exemption. The Contractor shall only redact portions of records that it claims contains Confidential Information. If the Contractor fails to mark a record it claims contains Confidential Information as "confidential," or fails to submit a redacted copy in accordance with this section of a record it claims contains Confidential Information, the Department (or other State agency) shall have no liability for release of such record. The foregoing will apply to every instance in which the Contractor fails to both mark a record "confidential" and redact it in accordance with this section, regardless of whether the Contractor may have properly marked and redacted the same or similar Confidential Information in another instance or record submitted to the Department (or any other State agency).

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

In the event of a public records request, to which records the Contractor marked as "confidential" are responsive to the request, the Department shall provide the Contractor-redacted copy to the requestor. If the Contractor has marked a record as "confidential" but failed to provide a Contractor-redacted copy to the Department, the Customer may notify the Contractor of the request and the Contractor may have up to ten (10) Business Days from the date of the notice to provide a Contractor-redacted copy, or else the Department may release the unredacted record to the requestor without liability. If the Department provides a Contractor- redacted copy of the documents and the requestor asserts a right to the Contractor-redacted Confidential Information, the Department shall promptly notify the Contractor such an assertion has been made. The notice will provide that if the Contractor seeks to protect the Contractor-redacted Confidential Information from release it must, within thirty (30) days after the date of the notice and at its own expense, file a cause of action seeking a declaratory judgment that the information in question is exempt from section 119.07(1), F.S., or other applicable law and an order prohibiting the Department from publicly disclosing the information. The Contractor shall provide written notice to the Department of any cause of action filed. If the Contractor fails to file a cause of action within thirty (30) days the Department may release the unredacted copy of the record to the requestor without liability.

If the Department is requested or compelled in any legal proceeding to disclose documents that are marked as "confidential" (whether by oral questions, interrogatories, requests for information or documents, subpoena, or similar process), unless otherwise prohibited by law, the Department shall give the Contractor prompt written notice of the demand or request prior to disclosing any Confidential Information to allow the Contractor to seek a protective order or other appropriate relief at the Contractor's sole discretion and expense. If the Contractor fails to take appropriate and timely action to protect the Confidential Information contained within documents it has marked as "confidential" or fails to provide a redacted copy that may be disclosed, the Department may provide the unredacted records in response to the demand without liability.

The Contractor shall protect, defend, and indemnify the Department for all claims, costs, fines, settlement fees, and attorneys' fees, at both the trial and appellate levels, arising from or relating to the Contractor's determination that its records contain Confidential Information. In the event of a third-party claim brought against the Department for failure to release the Contractor's redacted Confidential Information, the Contractor shall assume, at its sole expense, the defense or settlement of such claim, including attorney's fees and costs at both the trial and appellate levels. If the Contractor fails to continuously undertake the defense or settlement of such claim or if the Contractor and Department mutually agree that the Department is best suited to undertake the defense or settlement, the Department will have the right, but not the obligation, to undertake the defense or settlement of such claim, at its discretion. The Contractor shall be bound by any defense or settlement the Department may make as to such claim, and the Contractor agrees to reimburse the Department for the expense, including reasonable attorney's fees and costs at both the trial and appellate levels associated with any defense or settlement that the Department may undertake to defend Contractor's Confidential Information. The Department will also be entitled to join the Contractor in any third-party claim for the purpose of enforcing any right of indemnity under this section.

If at any point the Department is reasonably advised by its counsel that disclosure of the

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

Confidential Information is required by law, including but not limited to Florida's public records laws, the Department may disclose such Confidential Information without liability hereunder.

12.3 **Public Records Requirements Pursuant to Section 119.0701, F.S.** Solely for the purpose of this section, the Department's Contract Manager is the agency custodian of public records. If, under the Term Contract, the Contractor is providing services and is acting on behalf of the public agency, as provided in section 119.0701, F.S., the Contractor shall:

i. Keep and maintain public records required by the Department to perform the service.

ii. Upon request from the Department's custodian of public records, provide the Department with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, F.S., or as otherwise provided by law.

iii. Ensure that public records that are exempt or confidential and exempt from public records disclosure are not disclosed except as authorized by law for the duration of the Term Contract term and following the completion of the Term Contract if the Contractor does not transfer the records to the Department.

iv. Upon completion of the Term Contract, transfer, at no cost, to the Department all public records in possession of the Contractor or keep and maintain public records required by the Department to perform the service. If the Contractor transfers all public records to the Department upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the Term Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Department, upon request from the Department's custodian of public records, in a format that is compatible with the information technology systems of the Department.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS TERM CONTRACT, CONTACT THE DEPARTMENT'S CUSTODIAN OF PUBLIC RECORDS AT PUBLICRECORDS@DMS.FL.GOV, (850) 487-1082 OR 4050 ESPLANADE WAY, SUITE 160, TALLAHASSEE, FLORIDA 32399-0950.

12.4 **Advertising.** Subject to Chapter 119, Florida Statutes, the Contractor shall not publicly disseminate any information concerning the Term Contract without prior written approval from the Department, including mentioning the Term Contract in a press release or other promotional material, identifying the Department or the State as a reference, or otherwise linking the Contractor's name and either a description of the Term Contract or the name of the Department or the State in any material published, either in print or electronically, to any entity that is not a party to the Term Contract, except potential or actual Customers or authorized distributors, dealers, resellers, or service representatives.

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

12.5 Intellectual Property.

12.5.1 **Ownership.** Unless specifically addressed otherwise in the Customer's contract, the State of Florida shall be the owner of all intellectual property rights to all new property created or developed in connection with the Customer's contract. This shall not apply to intellectual property developed prior to the execution of the Term Contract.

12.5.2 **Patentable Inventions or Discoveries.** Any inventions or discoveries developed in the course, or as a result, of services in connection with the Customer's contract that are patentable pursuant to 35 U.S.C. § 101 are the sole property of the State of Florida. Contractor must inform the Customer and the Department of any inventions or discoveries developed or made through performance of the Customer's contract, and such inventions or discoveries will be referred to the Florida Department of State for a determination on whether patent protection will be sought. The State of Florida will be the sole owner of all patents resulting from any invention or discovery made through performance of the Customer's contract. This shall not apply to any invention or discovery made prior to the execution of the Term Contract.

12.5.3 **Copyrightable Works.** Contractor must notify the Customer and the Department of any publications, artwork, or other copyrightable works developed in connection with the Customer's contract. All copyrights created or developed through performance of the Customer's contract are owned solely by the State of Florida. This shall not apply to any copyrightable works created or developed prior to the execution of the Term Contract.

SECTION 13. DATA SECURITY.

The Contractor will maintain the security of State of Florida data including, but not limited to, maintaining a secure area around any displayed visible data and ensuring data is stored and secured when not in use. "State of Florida data" means data collected by, transmitted from, created for, or provided by the Department or the Customer. The Contractor will not allow any State of Florida data to be sent by any medium, transmitted, or accessed outside the United States due to Contractor's action or inaction. In the event of a Security Incident involving State of Florida data, the Contractor shall give notice to the Customer and the Department within one business day of becoming aware of the Security Incident. "Security Incident" for purposes of this section will refer to an actual or imminent threat of a violation of information technology resources, security, policies, or practices, unauthorized access of State of Florida data, or occurrences that compromise the confidentiality, integrity, or availability of State of Florida data. An imminent threat refers to a situation in which the Contractor has a factual basis for believing that a specific incident is about to occur. Once a data breach has been contained, the Contractor must provide the Department and the Customer with a post-incident report documenting all containment, eradication, and recovery measures taken. The Department reserves the right in its sole discretion to enlist a third party to audit Contractor's findings and produce an independent report, and the Contractor will fully cooperate with the third party. The Contractor will also comply with all HIPAA requirements and any other current state and federal rules and regulations regarding security of information.

SECTION 14. CONTRACT MONITORING.

14.1 Performance Standards. The Contractor agrees to perform all tasks and provide deliverables as set forth in the Term Contract. The Customer will be entitled at all times,

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

upon request, to be advised as to the status of work being done by the Contractor and of the details thereof.

14.2 Contract Reporting. The Contractor shall provide the Department the following accurate and complete reports associated with this Term Contract.

14.2.1 **Term Contract Quarterly Sales Reports.** The Contractor shall submit Quarterly Sales Reports in the manner and format required by the Department within 30 calendar days after the close of each State fiscal quarter (the State's fiscal quarters close on September 30, December 31, March 31, and June 30).

The Quarterly Sales Report template can be found here: Quarterly Sales Report Format / Vendor Resources / State Purchasing / Business Operations / Florida Department of Management Services - DMS (myflorida.com). Initiation and submission of the most recent version of the Quarterly Sales Report posted on the DMS website is the responsibility of the Contractor without prompting or notification from the Department. Sales will be reviewed on a quarterly basis. If no sales are recorded in two consecutive quarters, the Contractor may be placed on probationary status, or the Department may terminate the Term Contract. Failure to provide the Quarterly Sales Report, or other reports requested by the Department, will result in the imposition of financial consequences and may result in the Contractor being found in default and the termination of the Term Contract.

14.2.2 **Certified and Minority Business Enterprises Reports.** Upon Customer request, the Contractor shall report to each Customer spend with certified and other minority business enterprises in the provision of commodities or services related to the Customer orders. These reports shall include the period covered; the name, minority code, and Vendor Identification Information of each minority business enterprise utilized during the period; commodities and services provided by the minority business enterprise; and the amount paid to each minority business enterprise on behalf of the Customer.

14.2.3 **Ad Hoc Sales Reports.** The Department may require additional Term Contract sales information such as copies of purchase orders or ad hoc sales reports. The Contractor shall submit these documents and reports in the format acceptable to the Department and within the timeframe specified by the Department.

14.2.4 **MFMP Transaction Fee Reports.** The Contractor shall submit complete monthly MFMP Transaction Fee Reports to the Department. Reports are due 15 calendar days after the end of each month. Information on how to submit MFMP Transaction Fee Reports online can be located at https://www.dms.myflorida.com/business_operations/state_/myfloridamarketplace/mfmp_vendors/transaction_fee_and_reporting. Assistance with transaction fee reporting is also available by email at feeprocessing@myfloridamarketplace.com or telephone at 866-FLA-EPRO (866-352-3776) from 8:00 a.m. to 6:00 p.m. Eastern Time.

14.3 Business Review Meetings. Both the Department and Customer reserve the right to schedule business review meetings. The Department or Customer may specify the format or agenda for the meeting. At a minimum, the Business Review Meeting may include the following topics:

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

- Term Contract or Customer contract compliance
- Term Contract savings (in dollar amount and cost avoidance)
- Spend reports by Customer
- Recommendations for improved compliance and performance

14.4 Performance Deficiencies.

14.4.1 **Proposal of a Corrective Action Plan.** In addition to the processes set forth in the Term Contract (e.g., service level agreements), if the Customer or the Department determines that there is a performance deficiency that requires correction by the Contractor, then the Customer or the Department will notify the Contractor. The correction must be made within a timeframe specified by the Customer or the Department. The Contractor must provide the Customer or the Department with a corrective action plan describing how the Contractor will address all performance deficiencies identified by the Customer or the Department.

14.4.2 **Retainage for Unacceptable Corrective Action Plan or Plan Failure.** For Customer-requested Corrective Action Plans, if the corrective action plan is unacceptable to the Customer, or implementation of the plan fails to remedy the performance deficiencies, the Customer will retain ten percent (10%) of the total invoice amount. The retainage will be withheld until the Contractor resolves the performance deficiencies. If the performance deficiencies are resolved, the Contractor may invoice the Customer for the retained amount. If the Contractor fails to resolve the performance deficiencies, the retained amount will be forfeited to compensate the Customer for the performance deficiencies.

14.5 Inspection.

14.5.1 **Inspection at Contractor's Site.** The Department reserves the right to inspect, or enlist a third-party to perform, at any reasonable time with prior notice, the equipment, product, plant or other facilities of the Contractor to assess conformity with Term Contract requirements and to determine whether they are adequate and suitable for proper and effective Term Contract performance.

14.5.2 **Statutory Inspection Rights.** If services are to be provided pursuant to the Term Contract, in accordance with section 216.1366, F.S., the Department is authorized to inspect the: (i) financial records, papers, and documents of the Contractor that are directly related to the performance of the Term Contract or the expenditure of State funds; and (ii) programmatic records, papers, and documents of the Contractor which the Department determines are necessary to monitor the performance of the Term Contract or to ensure that the terms of the Term Contract are being met. The Contractor shall provide such records, papers, and documents requested by the Department within ten (10) Business Days after the request is made.

Further, for any Term Contract for services with a nonprofit organization as defined in section 215.97(2)(m), F.S., the Contractor must provide documentation that indicates the amount of state funds:

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

1. Allocated to be used during the full term of the Term Contract for remuneration to any member of the board of directors or an officer of the contractor; and
2. Allocated under each payment by the public agency to be used for remuneration of any member of the board of directors or an officer of the contractor.

The documentation must indicate the amounts and recipients of the remuneration.

14.5.3 **Inspection Compliance.** The Contractor understands its, and its subcontractors (if any), duty, pursuant to section 20.055(5), F.S., to cooperate with the Inspector General in any investigation, audit, inspection, review, or hearing. Upon request of the Department's Inspector General, or other authorized State official, the Contractor shall provide any type of information the State official deems relevant to the Contractor's integrity or responsibility. Such information may include the Contractor's business or financial records, documents, or files of any type or form that refer to or relate to the Term Contract. The Contractor agrees to reimburse the State for the reasonable costs of investigation incurred by the Inspector General or other authorized State official for investigations of the Contractor's compliance with the terms of the Term Contract or any other agreement between the Contractor and the State which results in the suspension or debarment of the Contractor. Such costs will include salaries of investigators, including overtime; travel and lodging expenses; and expert witness and documentary fees. The Contractor shall not be responsible for any costs of investigations that do not result in the Contractor's suspension or debarment.

SECTION 15. PERFORMANCE OR COMPLIANCE AUDITS.

The Department may conduct or have conducted performance and/or compliance audits of the Contractor and subcontractors as determined by the Department. The Department may conduct an audit and review all the Contractor's and subcontractors' data and records that directly relate to the Term Contract. To the extent necessary to verify the Contractor's fees and claims for payment under the Term Contract, the Contractor's agreements or contracts with subcontractors, partners, or agents of the Contractor, pertaining to the Term Contract, may be inspected by the Department upon fifteen (15) calendar days' notice, during normal working hours and in accordance with the Contractor's facility access procedures where facility access is required. Release statements from its subcontractors, partners, or agents are not required for the Department or its designee to conduct compliance and performance audits on any of the Contractor's contracts relating to this Term Contract.

SECTION 16. CONFIDENTIALITY.

The Contractor shall not divulge to third parties any confidential information obtained by the Contractor or its employees, subcontractors, or agents in the course of performing Term Contract work, including security procedures, business operations information, or commercial proprietary information in the possession of the Customer or State. The Contractor will not be required to keep confidential information or material that is publicly available through no fault of the Contractor, material that the Contractor developed independently without relying on the Customer's or State's confidential information, or material that is otherwise obtainable under State law as a public record. To ensure confidentiality, the Contractor shall take appropriate steps as to its employees, subcontractors, and agents.

Docusign Envelope ID: B175B7C9-6F1A-4E26-84A1-A6FB3286D814

SECTION 17. SUPPLIER DEVELOPMENT.

17.1 **Office of Supplier Development.** The State of Florida supports its business community by creating opportunities for business enterprises to participate in procurements and contracts. The Department encourages supplier development through certain certifications and provides advocacy, outreach, and networking through regional business events. For additional information, please contact the Office of Supplier Development (OSD) at OSDHelp@dms.fl.gov.

17.2 **Reporting Certified Business Enterprises.** Upon request, the Contractor will report to the Department its spend with business enterprises certified by the OSD. These reports must include the time period covered, the name and vendor identification information of each business enterprise utilized during the period, commodities and contractual services provided by the business enterprise, and the amount paid to the business enterprise on behalf of each agency purchasing under the Term Contract.

Alternate Contract Source (ACS)
No. 78181701-21-NASPO-ACS
For
Fuel Card Services

This Alternate Contract Source ("ACS" or "Contract") No. 78181701-21-NASPO-ACS; for Fuel Card Services, is between the Department of Management Services (Department), an agency of the State of Florida (State), located at 4050 Esplanade Way, Tallahassee, FL 32399 and WEX Bank, 1 Hancock Street, Portland, Maine 04101 (Contractor), registered to do business in Florida as Wex Inc., collectively referred to herein as the "Parties."

WHEREAS, the Department is authorized by section 287.042(16), Florida Statutes:

> To evaluate contracts let by the Federal Government, another state, or a political subdivision for the provision of commodities and contract services, and, if it is determined in writing to be cost-effective and in the best interest of the state, to enter into a written agreement authorizing an agency to make purchases under such contract;

WHEREAS, the Department evaluated the Master Agreement and determined that use of the Master Agreement is cost-effective and in the best interest of the State.

NOW THEREFORE, in consideration of the mutual promises contained herein, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. **Term and Effective Date.**

The Master Agreement became effective October 1, 2020, and its term currently ends on December 31, 2025 The Master Agreement has five years of renewals available. The ACS will become effective on April 6, 2021, or on the date signed by all Parties, whichever is later. The ACS will expire on December 31, 2025, unless terminated earlier or renewed in accordance with Exhibit B, Special Contract Conditions

2. **Order of Precedence.**

This Contract document and the attached exhibits constitute the Contract and the entire understanding of the Parties. Exhibit A, Exhibit B, Exhibit C, and this Contract document constitue the Participating Addendum to the Master Agreement, and modify or supplement the terms and conditions of the Master Agreement (Exhibit D). All exhibits

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

listed below are incorporated by reference into, and form part of, this Contract. In the event of a conflict, the following order of precedence shall apply:

a) This ACS document and amendments, with the latest issued having priority.
b) Exhibit A: Additional Special Contract Conditions (Florida)
c) Exhibit B: Special Contract Conditions (Florida)
d) Exhibit C: Schedule of Points and Fees
e) Exhibit D: Cooperative Purchasing Master Agreement No. 00819, Fleet Card Services

Where the laws and regulations of a state other than the State of Florida are cited or referenced in the Master Agreement, such citation or reference shall be replaced by the comparable Florida law or regulation.

3. National Annual Volume

The National Annual Volume Incentive will be applied as an ancillary credit for each Customer.

4. Purchases off this ACS.

Upon execution of this ACS, agencies, as defined in section 287.012, Florida Statutes, may purchase products and services under this Contract. Any entity making a purchase off of this Contract acknowledges and agrees to be bound by the terms and conditions of this Contract. The Contractor shall adhere to the terms included in any contract or purchase orders issued pursuant to this Contract.

Department of MANAGEMENT SERVICES
We serve those who serve Florida

ADDITIONAL SPECIAL CONTRACT CONDITIONS
Exhibit A

The Contractor and Customers acknowledge and agree to be bound by the terms and conditions of the Master Agreement except as otherwise specified in the Department's Contract as modified and supplemented by the Special Contract Conditions and these Additional Special Contract Conditions.

Contractor acknowledges that the Participating State is an agency of the State of Florida and as such, the Contract will include the terms and conditions in these Additional Special Contract Conditions. All references to the Contract in these Additional Special Contract Conditions include the terms and conditions herein.

A. Contractor and applicable subcontractors, affiliates, partners, resellers, distributors, and dealers: By execution of a Contract, the Contractor acknowledges that it will not be released of its contractual obligations to the Department or state agencies because of any failure of a subcontractor, reseller, distributor, or dealer. The Contractor is fully responsible for satisfactory completion of all work performed under the Contract.

B. Purchases Prerequisites: Before fulfilling any Customer purchases and receiving payment, the Contractor and applicable subcontractors, affiliates, partners, resellers, distributors, and dealers must have met the following requirements, unless further notated below:
   - Have an active registration with the Florida Department of State, Division of Corporations (www.sunbiz.org), or, if exempt from the registration requirements, provide the Department with the basis for such exemption.
   - Be registered in the MFMP Vendor Information Portal (https://vendor.myfloridamarketplace.com) *only required if receiving payment.
   - Not be on the State's Convicted, Suspended, or Discriminatory Vendor lists (http://www.dms.myflorida.com/business_operations/State_purchasing/vendor_information/convicted_suspended_discriminatory_complaints_vendor_lists)
   - Comply with E-Verify requirements set forth in section 448.095, F.S, if applicable.
   - Have a current W-9 filed with the Florida Department of Financial Services (https://flvendor.myfloridacfo.com) *only required if receiving payment.
   - For subcontractors, affiliates, partners, resellers, distributors, and dealers (Third Party Entities) fulfilling any Customer purchases and receiving payment from a Customer, Contractor shall include in any agreement with such Third Party Entities that they shall adhere to the requirements set forth above, if applicable, prior to fulfilling any Customer purchases.

C. Contract Reporting: The Contractor shall provide the following reports associated with this Contract.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

1) Contract Quarterly Sales Reports. The Contractor shall submit Quarterly Sales Reports to the Department's Contract Manager within 60 calendar days after the close of each State fiscal quarter (the State's fiscal quarters close on September 30, December 31, March 31, and June 30). The Contractor's first Quarterly Sales Report will be due 60 calendar days after the first full quarter following Contract execution.

   Reports must be submitted in MS Excel format in a format agreed upon between contractor and the Department's contract manager. The report shall include all Customer sales received and associated with this Contract during the quarter. Initiation and submission of the Quarterly Sales Report is the responsibility of the Contractor without prompting or notification from the Department's Contract Manager. If no orders are received during the period, the Contractor must submit a report stating that there was no activity. If the Contractor fails to submit two consecutive quarterly sales reports, the Contract may be terminated, or the Department may choose to not renew the Contract.

2) Certified and Minority Business Enterprises Reports. Upon Customer request, the Contractor shall report to each Customer, spend with certified and other minority business enterprises in the provision of commodities or services related to the Customer orders. These reports shall include the period covered; the name and minority code of each minority business enterprise utilized during the period; commodities and services provided by the minority business enterprise; and the amount paid to each minority business enterprise on behalf of the Customer.

3) Ad Hoc Sales Reports. The Department may require additional Contract sales information such as copies of purchase orders or ad hoc sales reports. The Contractor shall submit these mutually agreed upon documents and reports within the timeframe specified by the Department and the contractor.

D. Financial Consequences: The following financial consequences will apply for the Contractor's non-performance of the provision of the Quarterly Sales Reports and the MFMP Transaction Fee Reports. The State of Florida reserves the right to withhold payment or implement other appropriate remedies, such as Contract termination or nonrenewal, when the Contractor has failed to comply with these provisions of the Contract. The Contractor and the Department agree that the financial consequences for non-performance are an estimate of damages which are difficult to ascertain and are not penalties.

   The financial consequences will be paid via check or money order and made out to the Department of Management Services in U.S. dollars within 30 calendar days after the required report submission date. These consequences are individually assessed for failures over each target period beginning with the first full month or quarter of the contract performance and every month or quarter, respectively, thereafter.

Financial Consequences Chart

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Deliverable	Performance Metric	Performance Due Date	Financial Consequence for Non-Performance (Per Calendar Day Late/Not Received by the Contract Manager)
Contractor will timely submit complete Quarterly Sales Reports	All Quarterly Sales Reports will be submitted timely with the required information	Reports are due on or before the 60th calendar day after the close of each State fiscal quarter	$250

Quarterly reporting timeframes coincide with the State Fiscal Year as follows:

Quarter 1 - (July-September) – due 60 calendar days after close of the period
Quarter 2 - (October-December) – due 60 calendar days after close of the period
Quarter 3 - (January-March) – due 60 calendar days after close of the period
Quarter 4 - (April-June) – due 60 calendar days after close of the period

The Department may not consider renewal of a Contract or price adjustments if the Contractor is late on submitting required reports or for outstanding fees owed.

E. Business Review Meetings: Both the Department and Customer reserve the right to schedule business review meetings. The Department or Customer will provide the format for the Contractor's agenda. In the event the Department or Customer schedules a business review meeting, the Contractor shall submit the completed agenda to the Department or Customer for review and acceptance prior to the meeting. The Contractor shall address the agenda items and any of the Department's or Customer's additional concerns at the meeting. At a minimum, the agenda items may include:

   a. Contract compliance
   b. Savings report (in dollar amount and cost avoidance)
   c. Spend reports by Customer
   d. Recommendations for improved compliance and performance

   Failure to comply with this section may result in the Contractor being placed on a Corrective Action Plan and possible termination of the Contract.

F. The following sections of Exhibit B, Special Contract Conditions are hereby deleted in their entirety:

   Section 3.1 Pricing
   Section 3.2 Pricing Decreases
   Section 3.4 Purchase Order
   Section 3.7 Transaction Fees
   Section 6.4 Inspection and Acceptance of Commodities

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Section 6.5 Safety Standards
Section 6.8 Waiver
Section 7.1 Workers' Compensation Insurance
Section 7.2 General Liability
Section 7.3 Florida Authorized Insurers
Section 7.4 Performance Bond
Section 7.5 Indemnfifcation
Section 7.6 Limitation of Liability
Section 11.3 Performance Delay
Section 11.4 Force Majeure , Notice of Delay, and No Damages for Delay.

G. The following sections of Exhibit B, Special Contract Conditions are hereby replaced in their entirety:

a. Section 2.3.1, Suspension of Work
The Department may, at its sole discretion, suspend any or all activities under the Contract, at any time, when it is in the best interest of the State of Florida to do so. The Customer may suspend a resulting contract or purchase order, at any time, when in the best interest of the Customer to do so. The Department or Customer will provide advance written notice of no fewer than 30 days outlining the particulars of the suspension. After receiving a suspension notice, the Contractor must comply with the notice and will cease the performance of the Contract or purchase order. Suspension of work will not entitle the Contractor to any additional compensation. The Contractor will not resume performance of the Contract or purchase order until so authorized by the Department.

b. Section 2.3.2, Termination of Convenience
The Contract may be terminated by the Department in whole or in part at any time subject to advance written notice of no fewer than 30 days, in the best interest of the State of Florida. If the Contract is terminated before performance is completed, the Contractor will be paid only for that work satisfactorily performed for which costs can be substantiated. Such payment, however, may not exceed an amount which is the same percentage of the Contract price as the amount of work satisfactorily performed. All work in progress will become the property of the Customer and will be turned over promptly by the Contractor

c. Section 3.5, Travel
Travel expenses are not reimbursable.

d. Section 5.2, Dispute Resolution, Governing Law, and Venue
In the event there is a dispute concerning performance of the Contract, except for disputed transactions, the parties shall discuss and seek to arrive at a resolution in good faith. In the event the parties are unable to arrive at a resolution, then the Department's designated Contract Manager shall reduce State's decision as to such dispute to writing and serve a copy on the Contractor. Exhaustion of this administrative remedy is an absolute condition precedent to the Contractor's ability to pursue legal action related to the Contract or any other form of dispute resolution. The laws of the State of Florida govern the Contract. The Parties submit to the jurisdiction of the courts of the State of Florida exclusively for any legal action related to the Contract. Further, the Contractor hereby waives all privileges and rights relating to venue it may have under Chapter 47, F.S., and all

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

such venue privileges and rights it may have under any other statute, rule, or case law, including, but not limited to, those based on convenience. The Contractor hereby submits to venue in the county chosen by the Department.

e. Section 6.2, Assignment
The Contractor will not sell, assign, or transfer any of its rights, duties, or obligations under the Contract without the prior written consent of the Department. However, the Contractor may waive its right to receive payment and assign same upon notice to the Department. In the event of any assignment, the Contractor remains responsible for performance of the Contract, unless such responsibility is expressly waived by the Department. The Department may assign the Contract upon prior written notice to the Contractor.

f. Section 8.1.2(d)
Upon completion of the Contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. Subject to any retention of data required by applicable taxing authorities. If the Contractor keeps and maintains public records upon completion of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

g. Section 9, Data Security
Contractor hereby represents, warrants and covenants that it shall cause and ensure that all measures set forth in Section 9.6 and Exhibit G, Section 7 of the Master Agreement be provided and delivered to the State, and all representations, warranties and covenants made in such sections are hereby also made to State.

h. Section 13.1, Background Check
The Department or Customer may request the Contractor to conduct background checks of its employees providing services under this Contract (directly or indirectly) and/or perform appropriate screening of all agents, representatives, and subcontractors providing services under this Contract (directly or indirectly). The cost of the background checks will be borne by the Contractor. The Department or Customer may require the Contractor to exclude the Contractor's employees, agents, representatives, or subcontractors should they fail a background check and/or screening process. In addition, the Contractor must ensure that all persons have a responsibility to self-report to the Contractor within five (5) calendar days (or sooner as directed by the relevant Contractor policy) any conviction (or plea of no contest) for any disqualifying offence listed in 13.3 below, that triggers reporting obligations pursuant to the relevant Contractor policies. The Contractor must promptly notify the Contract Manager of all details concerning any reported conviction. Upon the reasonable request of the Department or Customer, the Contractor will re-screen any of its employees providing services under this contract (directly or indirectly) or request re-

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

screening of any agents, representatives, and subcontractors providing services under this contract (directly or indirectly) in each case during the term of the Contract.

i. Section 13.2, E-Verify
The Contractor (and its subcontractors) have an obligation to utilize the U.S. Department of Homeland Security's (DHS) E-Verify system for all newly hired employees. By executing this Contract, the Contractor certifies that it is registered with, and uses, the E-Verify system for all newly hired employees. The Contractor must obtain an affidavit from its subcontractors in accordance with paragraph (2)(b) of section 448.095, F.S., and maintain a copy of such affidavit for the duration of the Contract. In order to implement this provision, the Contractor shall provide a copy of its DHS Memorandum of Understanding (MOU) to the Department's Contract Manager within five (5) days of Contract execution. This section serves as notice to the Contractor regarding the requirements of section 448.095, F.S., specifically sub-paragraph (2)(c)1, and the Department's obligation to terminate the Contract if it has a good faith belief that the Contractor has knowingly violated section 448.09(1), F.S. If terminated for such reason, the Contractor will not be eligible for award of a public contract for at least one (1) year after the date of such termination. The Department reserves the right to order the immediate termination of any contract between the Contractor and a subcontractor performing work on its behalf should the Department develop a good faith belief that the subcontractor has knowingly violated section 448.095(1), F.S. This section shall only be deemed to apply to the extent Contractor is subject to the applicable State E-Verify laws

j. Section 13.3 Disqualifying Offenses
If at any time it is determined that a person directly or indirectly providing commodities and services under this Contract has been found guilty of a misdemeanor or felony offense as a result of a trial or has entered a plea of guilty or nolo contendere, regardless of whether adjudication was withheld, within the last six (6) years from the date of the court's determination for the crimes listed below, or their equivalent in any jurisdiction, the Contractor is required to immediately remove that person from any position with access to State of Florida data or directly performing services under the Contract. The disqualifying offenses are as follows:

(a) Computer related crimes;
(b) Information technology crimes;
(c) Fraudulent practices;
(d) False pretenses;
(e) Frauds;
(f) Credit card crimes;
(g) Forgery;
(h) Counterfeiting;
(i) violations involving checks or drafts;
(j) Misuse of medical or personnel records; and
(k) Felony theft.

k. Section 13.4, Confidentiality

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

The Contractor must maintain confidentiality of all confidential data, files, and records related to the commodities or contractual services provided pursuant to the Contract and must comply with all state and federal laws, including, but not limited to sections 381.004, 384.29, 392.65, and 456.057, F.S. The Contractor hereby represents, warrants and covenants that it shall cause and ensure that all measures set forth in Section 9.6 and Exhibit G, Section 7 of the Master Agreement be provided and delivered to the State, and all representations, warranties and covenants made in such sections are hereby also made to State. The Contractor must also comply with any applicable professional standards with respect to confidentiality of information.

SECTION 1. DEFINITION.

The following definition applies in addition to the definitions in Chapter 287, Florida Statutes (F.S.), and Rule Chapter 60A-1, Florida Administrative Code (F.A.C.):

1.1 Customer.
The agency or eligible user that purchases commodities or contractual services pursuant to the Contract.

SECTION 2. CONTRACT TERM AND TERMINATION.

2.1 Initial Term.
The initial term will begin on the date set forth in the Contract documents or on the date the Contract is signed by all Parties, whichever is later.

2.2 Renewal.
Upon written agreement, the Department and the Contractor may renew the Contract in whole or in part only as set forth in the Contract documents, and in accordance with section 287.057(13), F.S.

2.3 Suspension of Work and Termination.

2.3.1 Suspension of Work.
The Department may, at its sole discretion, suspend any or all activities under the Contract, at any time, when it is in the best interest of the State of Florida to do so. The Customer may suspend a resulting contract or purchase order, at any time, when in the best interest of the Customer to do so. The Department or Customer will provide the Contractor written notice outlining the particulars of the suspension. After receiving a suspension notice, the Contractor must comply with the notice and will cease the performance of the Contract or purchase order. Suspension of work will not entitle the Contractor to any additional compensation. The Contractor will not resume performance of the Contract or purchase order until so authorized by the Department.

2.3.2 Termination for Convenience.
The Contract may be terminated by the Department in whole or in part at any time, in the best interest of the State of Florida. If the Contract is terminated before performance is completed, the Contractor will be paid only for that work satisfactorily performed for which costs can be substantiated. Such payment, however, may not exceed an amount which is the same percentage of the Contract price as the amount of work satisfactorily performed. All work in progress will become the property of the Customer and will be turned over promptly by the Contractor.

2.3.3 Termination for Cause.
If the performance of the Contractor is not in compliance with the Contract requirements or the Contractor has defaulted, the Department may:

(a) immediately terminate the Contract;
(b) notify the Contractor of the noncompliance or default, require correction, and specify the date by which the correction must be completed before the Contract is terminated; or
(c) take other action deemed appropriate by the Department.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

SECTION 3. PAYMENT AND FEES.

3.1 Pricing.
The Contractor will not exceed the pricing set forth in the Contract documents.

3.2 Price Decreases.
The following price decrease terms will apply to the Contract:

3.2.1 Quantity Discounts. Contractor may offer additional discounts for one-time delivery of large single orders;

3.2.2 Preferred Pricing. The Contractor guarantees that the pricing indicated in this Contract is a maximum price. Additionally, Contractor's pricing will not exceed the pricing offered under comparable contracts. Comparable contracts are those that are similar in size, scope, and terms. In compliance with section 216.0113, F.S., Contractor must annually submit an affidavit from the Contractor's authorized representative attesting that the Contract complies with this clause.

3.2.3 Sales Promotions. In addition to decreasing prices for the balance of the Contract term due to a change in market conditions, the Contractor may conduct sales promotions involving price reductions for a specified lesser period. The Contractor must submit documentation identifying the proposed: (1) starting and ending dates of the promotion, (2) commodities or contractual services involved, and (3) promotional prices compared to then-authorized prices.

3.3 Payment Invoicing.
The Contractor will be paid upon submission of invoices to the Customer after delivery and acceptance of commodities or contractual services is confirmed by the Customer. Invoices must contain sufficient detail for an audit and contain the Contract Number and the Contractor's Federal Employer Identification Number.

3.4 Purchase Order.
A Customer may use purchase orders to buy commodities or contractual services pursuant to the Contract and, if applicable, the Contractor must provide commodities or contractual services pursuant to purchase orders. Purchase orders issued pursuant to the Contract must be received by the Contractor no later than the close of business on the last day of the Contract's term. The Contractor is required to accept timely purchase orders specifying delivery schedules that extend beyond the Contract term even when such extended delivery will occur after expiration of the Contract. Purchase orders shall be valid through their specified term and performance by the Contractor, and all terms and conditions of the Contract shall survive the termination or expiration of the Contract and apply to the Contractor's performance. The duration of purchase orders for recurring deliverables shall not exceed the expiration of the Contract by more than twelve months. Any purchase order terms and conditions conflicting with these Special Contract Conditions shall not become a part of the Contract.

3.5 Travel.
Travel expenses are not reimbursable unless specifically authorized by the Customer in writing and may be reimbursed only in accordance with section 112.061, F.S.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

3.6 Annual Appropriation.
Pursuant to section 287.0582, F.S., if the Contract binds the State of Florida or an agency for the purchase of services or tangible personal property for a period in excess of one fiscal year, the State of Florida's performance and obligation to pay under the Contract is contingent upon an annual appropriation by the Legislature.

3.7 Transaction Fees.
The State of Florida, through the Department of Management Services, has instituted MyFloridaMarketPlace, a statewide eProcurement system pursuant to section 287.057(22), F.S. All payments issued by Customers to registered Vendors for purchases of commodities or contractual services will be assessed Transaction Fees as prescribed by rule 60A-1.031, F.A.C., or as may otherwise be established by law. Vendors must pay the Transaction Fees and agree to automatic deduction of the Transaction Fees when automatic deduction becomes available. Vendors will submit any monthly reports required pursuant to the rule. All such reports and payments will be subject to audit. Failure to comply with the payment of the Transaction Fees or reporting of transactions will constitute grounds for declaring the Vendor in default and subject the Vendor to exclusion from business with the State of Florida.

3.8 Taxes.
Taxes, customs, and tariffs on commodities or contractual services purchased under the Contract will not be assessed against the Customer or Department unless authorized by Florida law.

3.9 Return of Funds.
Contractor will return any overpayments due to unearned funds or funds disallowed pursuant to the terms of the Contract that were disbursed to the Contractor. The Contractor must return any overpayment within forty (40) calendar days after either discovery by the Contractor, its independent auditor, or notification by the Department or Customer of the overpayment.

SECTION 4. CONTRACT MANAGEMENT.

4.1 Composition and Priority.
The Contractor agrees to provide commodities or contractual services to the Customer as specified in the Contract. Additionally, the terms of the Contract supersede the terms of all prior agreements between the Parties on this subject matter.

4.2 Notices.
All notices required under the Contract must be delivered to the designated Contract Manager in a manner identified by the Department.

4.3 Department's Contract Manager.
The Department's Contract Manager, who is primarily responsible for the Department's oversight of the Contract, will be identified in a separate writing to the Contractor upon Contract signing in the following format:

Department's Contract Manager Name

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Department's Name
Department's Physical Address
Department's Telephone #
Department's Email Address

If the Department changes the Contract Manager, the Department will notify the Contractor. Such a change does not require an amendment to the Contract.

4.4 Contractor's Contract Manager.
The Contractor's Contract Manager, who is primarily responsible for the Contractor's oversight of the Contract performance, will be identified in a separate writing to the Department upon Contract signing in the following format:

Contractor's Contract Manager Name
Contractor's Name
Contractor's Physical Address
Contractor's Telephone #
Contractor's Email Address

If the Contractor changes its Contract Manager, the Contractor will notify the Department. Such a change does not require an amendment to the Contract.

4.5 Diversity.

4.5.1 Office of Supplier Diversity.
The State of Florida supports its diverse business community by creating opportunities for woman-, veteran-, and minority-owned small business enterprises to participate in procurements and contracts. The Department encourages supplier diversity through certification of woman-, veteran-, and minority-owned small business enterprises and provides advocacy, outreach, and networking through regional business events. For additional information, please contact the Office of Supplier Diversity (OSD) at osdinfo@dms.myflorida.com.

4.5.2 Diversity Reporting.
Upon request, the Contractor will report to the Department its spend with business enterprises certified by the OSD. These reports must include the time period covered, the name and Federal Employer Identification Number of each business enterprise utilized during the period, commodities and contractual services provided by the business enterprise, and the amount paid to the business enterprise on behalf of each agency purchasing under the Contract.

4.6 RESPECT.
Subject to the agency determination provided for in section 413.036, F.S., the following statement applies:

IT IS EXPRESSLY UNDERSTOOD AND AGREED THAT ANY ARTICLES THAT ARE THE SUBJECT OF, OR REQUIRED TO CARRY OUT, THIS CONTRACT SHALL BE PURCHASED FROM A NONPROFIT AGENCY FOR THE BLIND OR FOR THE SEVERELY HANDICAPPED THAT IS QUALIFIED PURSUANT TO CHAPTER 413, FLORIDA STATUTES, IN THE SAME MANNER AND UNDER THE SAME PROCEDURES SET FORTH IN SECTION 413.036(1) AND (2), FLORIDA STATUTES;

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

AND FOR PURPOSES OF THIS CONTRACT THE PERSON, FIRM, OR OTHER BUSINESS ENTITY CARRYING OUT THE PROVISIONS OF THIS CONTRACT SHALL BE DEEMED TO BE SUBSTITUTED FOR THE STATE AGENCY INSOFAR AS DEALINGS WITH SUCH QUALIFIED NONPROFIT AGENCY ARE CONCERNED.

Additional information about RESPECT and the commodities or contractual services it offers is available at https://www.respectofflorida.org.

4.7 PRIDE.
Subject to the agency determination provided for in sections 287.042(1) and 946.515, F.S., the following statement applies:

IT IS EXPRESSLY UNDERSTOOD AND AGREED THAT ANY ARTICLES WHICH ARE THE SUBJECT OF, OR REQUIRED TO CARRY OUT, THIS CONTRACT SHALL BE PURCHASED FROM THE CORPORATION IDENTIFIED UNDER CHAPTER 946, F.S., IN THE SAME MANNER AND UNDER THE SAME PROCEDURES SET FORTH IN SECTION 946.515(2) AND (4), F.S.; AND FOR PURPOSES OF THIS CONTRACT THE PERSON, FIRM, OR OTHER BUSINESS ENTITY CARRYING OUT THE PROVISIONS OF THIS CONTRACT SHALL BE DEEMED TO BE SUBSTITUTED FOR THIS AGENCY INSOFAR AS DEALINGS WITH SUCH CORPORATION ARE CONCERNED.

Additional information about PRIDE and the commodities or contractual services it offers is available at https://www.pride-enterprises.org.

SECTION 5. COMPLIANCE WITH LAWS.

5.1 Conduct of Business.
The Contractor must comply with all laws, rules, codes, ordinances, and licensing requirements that are applicable to the conduct of its business, including those of federal, state, and local agencies having jurisdiction and authority. For example, the Contractor must comply with section 274A of the Immigration and Nationality Act, the Americans with Disabilities Act, Health Insurance Portability and Accountability Act, if applicable, and all prohibitions against discrimination on the basis of race, religion, sex, creed, national origin, handicap, marital status, or veteran's status. The provisions of subparagraphs 287.058(1)(a)-(c), and (g), F.S., are hereby incorporated by reference.

5.2 Dispute Resolution, Governing Law, and Venue.
Any dispute concerning performance of the Contract shall be decided by the Department's designated Contract Manager, who will reduce the decision to writing and serve a copy on the Contractor. The decision of the Contract Manager shall be final and conclusive. Exhaustion of this administrative remedy is an absolute condition precedent to the Contractor's ability to pursue legal action related to the Contract or any other form of dispute resolution. The laws of the State of Florida govern the Contract. The Parties submit to the jurisdiction of the courts of the State of Florida exclusively for any legal action related to the Contract. Further, the Contractor hereby waives all privileges and rights relating to venue it may have under Chapter 47, F.S., and all such venue privileges and rights it may have under any other statute, rule, or case law, including, but not limited to, those based on convenience. The Contractor hereby submits to venue in the county chosen by the Department.

5.3 Department of State Registration.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Consistent with Title XXXVI, F.S., the Contractor and any subcontractors that assert status, other than a sole proprietor, must provide the Department with conclusive evidence of a certificate of status, not subject to qualification, if a Florida business entity, or of a certificate of authorization if a foreign business entity.

5.4 Suspended, Convicted, and Discriminatory Vendor Lists.
In accordance with sections 287.042, 287.133, and 287.134, F.S., an entity or affiliate who is on the Suspended Vendor List, Convicted Vendor List, or Discriminatory Vendor List may not perform work as a contractor, supplier, subcontractor, or consultant under the Contract. The Contractor must notify the Department if it or any of its suppliers, subcontractors, or consultants have been placed on the Suspended Vendor List, Convicted Vendor List, or Discriminatory Vendor List during the term of the Contract.

5.5 Scrutinized Companies - Termination by the Department.
The Department may, at its option, terminate the Contract if the Contractor is found to have submitted a false certification as provided under section 287.135(5), F.S., or been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or been engaged in business operations in Cuba or Syria, or to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

5.6 Cooperation with Inspector General and Records Retention.
Pursuant to section 20.055(5), F.S., the Contractor understands and will comply with its duty to cooperate with the Inspector General in any investigation, audit, inspection, review, or hearing. Upon request of the Inspector General or any other authorized State official, the Contractor must provide any information the Inspector General deems relevant to the Contractor's integrity or responsibility. Such information may include, but will not be limited to, the Contractor's business or financial records, documents, or files of any type or form that refer to or relate to the Contract. The Contractor will retain such records for the longer of five years after the expiration of the Contract, or the period required by the General Records Schedules maintained by the Florida Department of State, at the Department of State’s Records Management website. The Contractor agrees to reimburse the State of Florida for the reasonable costs of investigation incurred by the Inspector General or other authorized State of Florida official for investigations of the Contractor's compliance with the terms of this or any other agreement between the Contractor and the State of Florida which results in the suspension or debarment of the Contractor. Such costs will include but will not be limited to: salaries of investigators, including overtime; travel and lodging expenses; and expert witness and documentary fees. The Contractor agrees to impose the same obligations to cooperate with the Inspector General and retain records on any subcontractors used to provide goods or services under the Contract.

SECTION 6. MISCELLANEOUS.

6.1 Subcontractors.
The Contractor will not subcontract any work under the Contract without prior written consent of the Department. The Contractor is fully responsible for satisfactory completion of all its subcontracted work. The Department supports diversity in its procurements and contracts, and requests that the Contractor offer subcontracting opportunities to certified woman-, veteran-, and minority-owned small businesses. The

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Contractor may contact the OSD at osdhelp@dms.myflorida.com for information on certified small business enterprises available for subcontracting opportunities.

6.2 Assignment.
The Contractor will not sell, assign, or transfer any of its rights, duties, or obligations under the Contract without the prior written consent of the Department. However, the Contractor may waive its right to receive payment and assign same upon notice to the Department. In the event of any assignment, the Contractor remains responsible for performance of the Contract, unless such responsibility is expressly waived by the Department. The Department may assign the Contract with prior written notice to the Contractor.

6.3 Independent Contractor.
The Contractor and its employees, agents, representatives, and subcontractors are independent contractors and not employees or agents of the State of Florida and are not entitled to State of Florida benefits. The Department and Customer will not be bound by any acts or conduct of the Contractor or its employees, agents, representatives, or subcontractors. The Contractor agrees to include this provision in all its subcontracts under the Contract.

6.4 Inspection and Acceptance of Commodities.

6.4.1 Risk of Loss.
Matters of inspection and acceptance are addressed in section 215.422, F.S. Until acceptance, risk of loss or damage will remain with the Contractor. The Contractor will be responsible for filing, processing, and collecting all damage claims. To assist the Contractor with damage claims, the Customer will: record any evidence of visible damage on all copies of the delivering carrier's bill of lading; report damages to the carrier and the Contractor; and provide the Contractor with a copy of the carrier's bill of lading and damage inspection report.

6.4.2 Rejected Commodities.
When a Customer rejects a commodity, Contractor will remove the commodity from the premises within ten (10) calendar days after notification of rejection, and the risk of loss will remain with the Contractor. Commodities not removed by the Contractor within ten (10) calendar days will be deemed abandoned by the Contractor, and the Customer will have the right to dispose of such commodities. Contractor will reimburse the Customer for costs and expenses incurred in storing or effecting removal or disposition of rejected commodities.

6.5 Safety Standards.
Performance of the Contract for all commodities or contractual services must comply with requirements of the Occupational Safety and Health Act and other applicable State of Florida and federal requirements.

6.6 Ombudsman.
A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this office are found in section 215.422, F.S., which include disseminating information relative to prompt payment and assisting contractors in receiving their payments in a timely manner from a Customer. The Vendor Ombudsman may be contacted at (850) 413-5516.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

6.7 Time is of the Essence.
Time is of the essence regarding every obligation of the Contractor under the Contract. Each obligation is deemed material, and a breach of any such obligation (including a breach resulting from untimely performance) is a material breach.

6.8 Waiver.
The delay or failure by the Department or the Customer to exercise or enforce any rights under the Contract will not constitute waiver of such rights.

6.9 Modification and Severability.
The Contract may only be modified by written agreement between the Department and the Contractor. Should a court determine any provision of the Contract is invalid, the remaining provisions will not be affected, and the rights and obligations of the Parties will be construed and enforced as if the Contract did not contain the provision held invalid.

6.10 Cooperative Purchasing.
Pursuant to their own governing laws, and subject to the agreement of the Contractor, governmental entities that are not Customers may make purchases under the terms and conditions contained herein, if agreed to by Contractor. Such purchases are independent of the Contract between the Department and the Contractor, and the Department is not a party to these transactions. Agencies seeking to make purchases under this Contract are required to follow the requirements of Rule 60A-1.045(5), F.A.C.

SECTION 7. LIABILITY AND INSURANCE.

7.1 Workers' Compensation Insurance.
The Contractor shall maintain workers' compensation insurance as required under the Florida Workers' Compensation Law or the workers' compensation law of another jurisdiction where applicable. The Contractor must require all subcontractors to similarly provide workers' compensation insurance for all of the latter's employees. In the event work is being performed by the Contractor under the Contract and any class of employees performing the work is not protected under Workers' Compensation statutes, the Contractor must provide, and cause each subcontractor to provide, adequate insurance satisfactory to the Department, for the protection of employees not otherwise protected.

7.2 General Liability Insurance.
The Contractor must secure and maintain Commercial General Liability Insurance, including bodily injury, property damage, products, personal and advertising injury, and completed operations. This insurance must provide coverage for all claims that may arise from performance of the Contract or completed operations, whether by the Contractor or anyone directly or indirectly employed by the Contractor. Such insurance must include the State of Florida as an additional insured for the entire length of the resulting contract. The Contractor is responsible for determining the minimum limits of liability necessary to provide reasonable financial protections to the Contractor and the State of Florida under the resulting contract.

7.3 Florida Authorized Insurers.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

All insurance shall be with insurers authorized and eligible to transact the applicable line of insurance business in the State of Florida. The Contractor shall provide Certification(s) of Insurance evidencing that all appropriate coverage is in place and showing the Department to be an additional insured.

7.4 Performance Bond.
Unless otherwise prohibited by law, the Department may require the Contractor to furnish, without additional cost to the Department, a performance bond or irrevocable letter of credit or other form of security for the satisfactory performance of work hereunder. The Department shall determine the type and amount of security.

7.5 Indemnification.
To the extent permitted by Florida law, the Contractor agrees to indemnify, defend, and hold the Customer and the State of Florida, its officers, employees, and agents harmless from all fines, claims, assessments, suits, judgments, or damages, including consequential, special, indirect, and punitive damages, including court costs and attorney's fees, arising from or relating to violation or infringement of a trademark, copyright, patent, trade secret, or intellectual property right or out of any acts, actions, breaches, neglect, or omissions of the Contractor, its employees, agents, subcontractors, assignees, or delegates related to the Contract, as well as for any determination arising out of or related to the Contract that the Contractor or Contractor's employees, agents, subcontractors, assignees, or delegates are not independent contractors in relation to the Customer. The Contract does not constitute a waiver of sovereign immunity or consent by the Customer or the State of Florida or its subdivisions to suit by third parties. Without limiting this indemnification, the Customer may provide the Contractor (1) written notice of any action or threatened action, (2) the opportunity to take over and settle or defend any such action at Contractor's sole expense, and (3) assistance in defending the action at Contractor's sole expense.

7.6 Limitation of Liability.
Unless otherwise specifically enumerated in the Contract or in the purchase order, neither the Department nor the Customer shall be liable for special, indirect, punitive, or consequential damages, including lost data or records (unless the Contract or purchase order requires the Contractor to back-up data or records), even if the Department or Customer has been advised that such damages are possible. Neither the Department nor the Customer shall be liable for lost profits, lost revenue, or lost institutional operating savings. The Department or Customer may, in addition to other remedies available to them at law or equity and upon notice to the Contractor, retain such monies from amounts due Contractor as may be necessary to satisfy any claim for damages, penalties, costs, and the like asserted by or against them. The State may set off any liability or other obligation of the Contractor or its affiliates to the State against any payments due the Contractor under any contract with the State.

SECTION 8. PUBLIC RECORDS, TRADE SECRETS, DOCUMENT MANAGEMENT, AND INTELLECTUAL PROPERTY.

8.1 Public Records.

8.1.1 Termination of Contract.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

The Department may terminate the Contract for refusal by the Contractor to comply with this section by not allowing access to all public records, as defined in Chapter 119, F. S., made or received by the Contractor in conjunction with the Contract.

8.1.2 Statutory Notice.
Pursuant to section 119.0701(2)(a), F.S., for contracts for services with a contractor acting on behalf of a public agency, as defined in section 119.011(2), F.S., the following applies:

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT THE TELEPHONE NUMBER, EMAIL ADDRESS, AND MAILING ADDRESS PROVIDED IN THE RESULTING CONTRACT OR PURCHASE ORDER.

Pursuant to section 119.0701(2)(b), F.S., for contracts for services with a contractor acting on behalf of a public agency as defined in section 119.011(2), F.S., the Contractor shall:

(a) Keep and maintain public records required by the public agency to perform the service.
(b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, F.S., or as otherwise provided by law.
(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure are not disclosed except as authorized by law for the duration of the Contract term and following the completion of the Contract if the Contractor does not transfer the records to the public agency.
(d) Upon completion of the Contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

8.2 Protection of Trade Secrets or Otherwise Confidential Information.

8.2.1 Contractor Designation of Trade Secrets or Otherwise Confidential Information.
If the Contractor considers any portion of materials to be trade secret under section 688.002 or 812.081, F.S., or otherwise confidential under Florida or federal law, the Contractor must clearly designate that portion of the materials as trade secret or otherwise confidential when submitted to the Department. The Contractor will be

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

responsible for responding to and resolving all claims for access to Contract-related materials it has designated trade secret or otherwise confidential.

8.2.2 Public Records Requests.
If the Department receives a public records request for materials designated by the Contractor as trade secret or otherwise confidential under Florida or federal law, the Contractor will be responsible for taking the appropriate legal action in response to the request. If the Contractor fails to take appropriate and timely action to protect the materials designated as trade secret or otherwise confidential, the Department will provide the materials to the requester.

8.2.3 Indemnification Related to Confidentiality of Materials.
The Contractor will protect, defend, indemnify, and hold harmless the Department for claims, costs, fines, and attorney's fees arising from or relating to its designation of materials as trade secret or otherwise confidential.

8.3 Document Management.
The Contractor must retain sufficient documentation to substantiate claims for payment under the Contract and all other records, electronic files, papers, and documents that were made in relation to this Contract. The Contractor must retain all documents related to the Contract for five (5) years after expiration of the Contract or, if longer, the period required by the General Records Schedules maintained by the Florida Department of State available at the Department of State's Records Management website.

8.4 Intellectual Property.

8.4.1 Ownership.
Unless specifically addressed otherwise in the Contract, the State of Florida shall be the owner of all intellectual property rights to all property created or developed in connection with the Contract.

8.4.2 Patentable Inventions or Discoveries.
Any inventions or discoveries developed in the course, or as a result, of services in connection with the Contract that are patentable pursuant to 35 U.S.C. § 101 are the sole property of the State of Florida. Contractor must inform the Customer of any inventions or discoveries developed or made through performance of the Contract, and such inventions or discoveries will be referred to the Florida Department of State for a determination on whether patent protection will be sought. The State of Florida will be the sole owner of all patents resulting from any invention or discovery made through performance of the Contract.

8.4.3 Copyrightable Works.
Contractor must notify the Department or State of Florida of any publications, artwork, or other copyrightable works developed in connection with the Contract. All copyrights created or developed through performance of the Contract are owned solely by the State of Florida.

SECTION 9. DATA SECURITY.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

The Contractor will maintain the security of State of Florida data including, but not limited to, maintaining a secure area around any displayed visible data and ensuring data is stored and secured when not in use. The Contractor and subcontractors will not perform any of the services from outside of the United States, and the Contractor will not allow any State of Florida data to be sent by any medium, transmitted, or accessed outside the United States due to Contractor's action or inaction. In the event of a security breach involving State of Florida data, the Contractor shall give notice to the Customer and the Department within one business day. "Security breach" for purposes of this section will refer to a confirmed event that compromises the confidentiality, integrity, or availability of data. Once a data breach has been contained, the Contractor must provide the Department with a post-incident report documenting all containment, eradication, and recovery measures taken. The Department reserves the right in its sole discretion to enlist a third party to audit Contractor's findings and produce an independent report, and the Contractor will fully cooperate with the third party. The Contractor will also comply with all HIPAA requirements and any other state and federal rules and regulations regarding security of information.

SECTION 10. GRATUITIES, LOBBYING, AND COMMUNICATIONS.

10.1 Gratuities.
The Contractor will not, in connection with this Contract, directly or indirectly (1) offer, give, or agree to give anything of value to anyone as consideration for any State of Florida officer's or employee's decision, opinion, recommendation, vote, other exercise of discretion, or violation of a known legal duty, or (2) offer, give, or agree to give to anyone anything of value for the benefit of, or at the direction or request of, any State of Florida officer or employee.

10.2 Lobbying.
In accordance with sections 11.062 and 216.347, F.S., Contract funds are not to be used for the purpose of lobbying the Legislature, the judicial branch, or the Department. Pursuant to section 287.058(6), F.S., the Contract does not prohibit the Contractor from lobbying the executive or legislative branch concerning the scope of services, performance, term, or compensation regarding the Contract after the Contract is executed and during the Contract term.

10.3 Communications.

10.3.1 Contractor Communication or Disclosure.
The Contractor shall not make any public statements, press releases, publicity releases, or other similar communications concerning the Contract or its subject matter or otherwise disclose or permit to be disclosed any of the data or other information obtained or furnished in compliance with the Contract, without first notifying the Customer's Contract Manager and securing the Customer's prior written consent.

10.3.2 Use of Customer Statements.
The Contractor shall not use any statement attributable to the Customer or its employees for the Contractor's promotions, press releases, publicity releases, marketing, corporate communications, or other similar communications, without first notifying the Customer's Contract Manager and securing the Customer's prior written consent.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

SECTION 11. CONTRACT MONITORING.

11.1 Performance Standards.
The Contractor agrees to perform all tasks and provide deliverables as set forth in the Contract. The Department and the Customer will be entitled at all times, upon request, to be advised as to the status of work being done by the Contractor and of the details thereof.

11.2 Performance Deficiencies and Financial Consequences of Non-Performance.

11.2.1 Proposal of Corrective Action Plan.
In addition to the processes set forth in the Contract (e.g., service level agreements), if the Department or Customer determines that there is a performance deficiency that requires correction by the Contractor, then the Department or Customer will notify the Contractor. The correction must be made within a time-frame specified by the Department or Customer. The Contractor must provide the Department or Customer with a corrective action plan describing how the Contractor will address all performance deficiencies identified by the Department or Customer.

11.2.2 Retainage for Unacceptable Corrective Action Plan or Plan Failure.
If the corrective action plan is unacceptable to the Department or Customer, or implementation of the plan fails to remedy the performance deficiencies, the Department or Customer will retain ten percent (10%) of the total invoice amount. The retainage will be withheld until the Contractor resolves the performance deficiencies. If the performance deficiencies are resolved, the Contractor may invoice the Department or Customer for the retained amount. If the Contractor fails to resolve the performance deficiencies, the retained amount will be forfeited to compensate the Department or Customer for the performance deficiencies.

11.3 Performance Delay.

11.3.1 Notification.
The Contractor will promptly notify the Department or Customer upon becoming aware of any circumstances that may reasonably be expected to jeopardize the timely and successful completion (or delivery) of any commodity or contractual service. The Contractor will use commercially reasonable efforts to avoid or minimize any delays in performance and will inform the Department or the Customer of the steps the Contractor is taking or will take to do so, and the projected actual completion (or delivery) time. If the Contractor believes a delay in performance by the Department or the Customer has caused or will cause the Contractor to be unable to perform its obligations on time, the Contractor will promptly so notify the Department and use commercially reasonable efforts to perform its obligations on time notwithstanding the Department’s delay.

11.3.2 Liquidated Damages.
The Contractor acknowledges that delayed performance will damage the DepartmentCustomer, but by their nature such damages are difficult to ascertain. Accordingly, the liquidated damages provisions stated in the Contract documents will apply. Liquidated damages are not intended to be a penalty and are solely intended to compensate for damages.

11.4 Force Majeure, Notice of Delay, and No Damages for Delay.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

The Contractor will not be responsible for delay resulting from its failure to perform if neither the fault nor the negligence of the Contractor or its employees or agents contributed to the delay, and the delay is due directly to fire, explosion, earthquake, windstorm, flood, radioactive or toxic chemical hazard, war, military hostilities, terrorism, civil emergency, embargo, riot, strike, violent civil unrest, or other similar cause wholly beyond the Contractor's reasonable control, or for any of the foregoing that affect subcontractors or suppliers if no alternate source of supply is available to the Contractor. The foregoing does not excuse delay which could have been avoided if the Contractor implemented any risk mitigation required by the Contract. In case of any delay the Contractor believes is excusable, the Contractor will notify the Department in writing of the delay or potential delay and describe the cause of the delay either (1) within ten (10) calendar days after the cause that created or will create the delay first arose, if the Contractor could reasonably foresee that a delay could occur as a result, or (2) if delay is not reasonably foreseeable, within five (5) calendar days after the date the Contractor first had reason to believe that a delay could result. The foregoing will constitute the Contractor's sole remedy or excuse with respect to delay. Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. No claim for damages will be asserted by the Contractor. The Contractor will not be entitled to an increase in the Contract price or payment of any kind from the Department for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist the Contractor will perform at no increased cost, unless the Department determines, in its sole discretion, that the delay will significantly impair the value of the Contract to the State of Florida or to Customers, in which case the Department may (1) accept allocated performance or deliveries from the Contractor, provided that the Contractor grants preferential treatment to Customers and the Department with respect to commodities or contractual services subjected to allocation, or (2) purchase from other sources (without recourse to and by the Contractor for the related costs and expenses) to replace all or part of the commodity or contractual services that are the subject of the delay, which purchases may be deducted from the Contract quantity, or (3) terminate the Contract in whole or in part.

SECTION 12. CONTRACT AUDITS.

12.1 Performance or Compliance Audits.
The Department may conduct or have conducted performance and/or compliance audits of the Contractor and subcontractors as determined by the Department. The Department may conduct an audit and review all the Contractor's and subcontractors' data and records that directly relate to the Contract. To the extent necessary to verify the Contractor's fees and claims for payment under the Contract, the Contractor's agreements or contracts with subcontractors, partners, or agents of the Contractor, pertaining to the Contract, may be inspected by the Department upon fifteen (15) calendar days' notice, during normal working hours and in accordance with the Contractor's facility access procedures where facility access is required. Release statements from its subcontractors, partners, or agents are not required for the Department or its designee to conduct compliance and performance audits on any of the Contractor's contracts relating to this Contract. The Inspector General, in accordance with section 5.6, the State of Florida's Chief Financial Officer, the Office of the Auditor General also have authority to perform audits and inspections.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

12.2 Payment Audit.
Records of costs incurred under terms of the Contract will be maintained in accordance with section 8.3 of these Special Contract Conditions. Records of costs incurred will include the Contractor's general accounting records, together with supporting documents and records of the Contractor and all subcontractors performing work, and all other records of the Contractor and subcontractors considered necessary by the Department, the State of Florida's Chief Financial Officer, or the Office of the Auditor General.

SECTION 13. BACKGROUND SCREENING AND SECURITY.

13.1 Background Check.
The Department or Customer may require the Contractor to conduct background checks of its employees, agents, representatives, and subcontractors as directed by the Department or Customer. The cost of the background checks will be borne by the Contractor. The Department or Customer may require the Contractor to exclude the Contractor's employees, agents, representatives, or subcontractors based on the background check results. In addition, the Contractor must ensure that all persons have a responsibility to self-report to the Contractor within three (3) calendar days any arrest for any disqualifying offense. The Contractor must notify the Contract Manager within twenty-four (24) hours of all details concerning any reported arrest. Upon the request of the Department or Customer, the Contractor will re-screen any of its employees, agents, representatives, and subcontractors during the term of the Contract.

13.2 E-Verify.
The Contractor must use the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired during the term of the Contract for the services specified in the Contract. The Contractor must also include a requirement in subcontracts that the subcontractor must utilize the E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the Contract term. In order to implement this provision, the Contractor must provide a copy of its DHS Memorandum of Understanding (MOU) to the Contract Manager within five (5) calendar days of Contract execution. If the Contractor is not enrolled in DHS E-Verify System, it will do so within five (5) calendar days of notice of Contract award and provide the Contract Manager a copy of its MOU within five (5) calendar days of Contract execution. The link to E-Verify is https://www.uscis.gov/e-verify. Upon each Contractor or subcontractor new hire, the Contractor must provide a statement within five (5) calendar days to the Contract Manager identifying the new hire with its E-Verify case number.

13.3 Disqualifying Offenses.
If at any time it is determined that a person has been found guilty of a misdemeanor or felony offense as a result of a trial or has entered a plea of guilty or nolo contendere, regardless of whether adjudication was withheld, within the last six (6) years from the date of the court's determination for the crimes listed below, or their equivalent in any jurisdiction, the Contractor is required to immediately remove that person from any position with access to State of Florida data or directly performing services under the Contract. The disqualifying offenses are as follows:

(a) Computer related crimes;
(b) Information technology crimes;

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

(c) Fraudulent practices;
(d) False pretenses;
(e) Frauds;
(f) Credit card crimes;
(g) Forgery;
(h) Counterfeiting;
(i) Violations involving checks or drafts;
(j) Misuse of medical or personnel records; and
(k) Felony theft.

13.4 Confidentiality.
The Contractor must maintain confidentiality of all confidential data, files, and records related to the commodities or contractual services provided pursuant to the Contract and must comply with all state and federal laws, including, but not limited to sections 381.004, 384.29, 392.65, and 456.057, F.S. The Contractor's confidentiality procedures must be consistent with the most recent version of the Department security policies, protocols, and procedures. The Contractor must also comply with any applicable professional standards with respect to confidentiality of information.

SECTION 14. WARRANTY OF CONTRACTOR'S ABILITY TO PERFORM.

The Contractor warrants that, to the best of its knowledge, there is no pending or threatened action, proceeding, or investigation, or any other legal or financial condition, that would in any way prohibit, restrain, or diminish the Contractor's ability to satisfy its Contract obligations. The Contractor warrants that neither it nor any affiliate is currently on the Suspended Vendor List, Convicted Vendor List, or the Discriminatory Vendor List, or on any similar list maintained by any other state or the federal government. The Contractor shall immediately notify the Department in writing if its ability to perform is compromised in any manner during the term of the Contract.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

EXHIBIT C
SCHEDULE OF POINTS AND FEES

1. **Incentive Share #1 – Standard Volume Incentive** – Each Customer will receive a basis point (percentage) of their quarterly standard sales volume. The formula for calculating the Standard Volume Incentive is:

   Quarterly Total Volume x basis points = Quarterly Standard Volume Incentive.

   Basis Points Offered: __170 basis points (1.70%)_____

2. **Incentive Share #2 – Prompt Payment Incentive** – Each Customer will receive a basis point (percentage) of their Quarterly Total Volume based on the entity's average speed of pay. The formula for calculating the Prompt Payment Incentive is:

   Quarterly Total Volume x Basis Points for Entity average file turn days = Quarterly Prompt Payment Incentive.

   Note: The payment terms for the Master Agreement is forty-five (45) days.

Basis Points Offered:

3. **Incentive Share #3 – National Annual Volume Incentive** – Each Participating State will receive an incentive based on the total National Annual Volume (total annual sales for all Participating States/Participating Entities). The formula for calculating the National Annual Sales Volume Incentive is:

   National Annual Volume (for all Fleet products) x basis points = National Annual Sales Volume Incentive.

   Basis Points Offered:

Total Annual Spend	Basis Points
$50,000,000 – $100,000,000	**10**
$100,000,001– $200,000,000	**15**
$200,000,001– $300,000,000	**20**
$300,000,001– $400,000,000	**25**
$400,000,001+	**30**

FEES

Below is a list of fees allowed under this Master Agreement. If choosing to charge these fees throughout the agreement, indicate the amount and/or rates here.

Fee Type	Fee Amount
Foreign Transaction Fee	1.5% of the total transaction value
Overnight Delivery Fee	$15.00 per occurrence

COOPERATIVE PURCHASING MASTER AGREEMENT

NO. 00819

FLEET CARD SERVICES

This Cooperative Purchasing Master Agreement ("Master Agreement") is made and entered into by and between Enterprise Services acting by and through the State of Washington ("Enterprise Services") and WEX Bank, a Utah corporation ("Contractor") and is dated as of October 1, 2020.

RECITALS

A. Pursuant to Legislative authorization, Enterprise Services, on behalf of the State of Washington, is authorized to develop, solicit, and establish master contracts for goods and/or services to support Washington state agencies. *See* RCW 39.26.050(1); RCW 39.26.080(3). The Washington State Legislature has authorized Enterprise Services to make these master contracts available, pursuant to an agreement in which Enterprise Services ensures full cost recovery, to any other local or federal government agency or entity, any public benefit nonprofit organizations, or any tribes located in the State of Washington. *See* RCW 39.26.050(1) & (2).

B. The Washington State Legislature also has authorized Enterprise Services to participate in, sponsor, conduct, or administer certain cooperative purchasing agreements for the procurement of goods or services. *See* RCW 39.26.060(1). One of the approaches that Enterprise Services utilizes to participate in cooperative purchasing agreements with other states is NASPO ValuePoint.

C. NASPO ValuePoint is the cooperative contracting arm of the National Association of State Procurement Officials (NASPO). NASPO ValuePoint is led by state procurement officers from member states. NASPO ValuePoint does not award contracts, rather, it assists states, for an administrative fee, in their collaboration pertaining to solicitations and the resulting Master Agreements.

D. Pursuant to the NASPO ValuePoint cooperative purchasing model, a state serves as the 'lead state' to conduct a competitive procurement in compliance with that state's procurement laws and award a Master Agreement with a contractor for the specified goods or services. States (including the District of Columbia and the organized territories of the United States), including the lead state, then may participate in that Master Agreement by executing a Participating Addendum with the awarded contractor. Until a Participating Addendum is executed by the applicable state (a 'participating state'), no agency or other eligible organization (a 'purchasing entity') may utilize the products and services offered pursuant to the cooperative purchasing Master Agreement. Under Washington law, at the time of solicitation, states may provide supplemental substantive terms and conditions to inform the competitive procurement. In addition, pursuant to their Participating Addendum, states may require certain administrative terms and conditions (e.g., a vendor management fee for sales within the state, state registration and reporting). Contractor, however, has no obligation to condition execution of a Participating Addendum on substantive terms and conditions that were not competitively procured.

E. Enterprise Services, as a part of a cooperative purchasing competitive governmental procurement, with administrative support from NASPO ValuePoint, issued Competitive Solicitation No. 00719/00819 dated June 4, 2019 regarding Commercial Card Services, resulting in two separate Cooperative Purchasing Master Agreements. Eleven (11) states indicated an intent to utilize the resulting cooperative purchasing Master Agreement.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

F. Enterprise Services and a stakeholder team consisting of representatives from Washington, Oregon, California, Colorado, and Minnesota evaluated all responses to the Competitive Solicitation and identified Contractor as the Apparent Successful Bidder (ASB) Category 2 – Fleet Card Services.

G. Enterprise Services determined that entering into this Master Agreement will meet the cooperative purchasing needs and be in the best interest of the State of Washington.

H. The purpose of this Master Agreement is to enable Participating or Purchasing Entities to utilize Commercial Card Services – Fleet Card Services as set forth herein.

AGREEMENT

NOW THEREFORE, in consideration of the mutual promises, covenants, and conditions set forth herein, the parties hereto hereby agree as follows:

1. **TERM.** The term of this Master Agreement starts on October 1, 2020 and ends on December 31, 2025; The Fleet Card services provided pursuant to this Master Agreement start January 1, 2021 and end on December 31, 2025; provided, however that, the contract term shall be extended for twenty-four (24) months if, in Enterprise Services' sole, reasonable judgement, Contractor meets the following performance metrics:
    - Reports: Contractor provides timely and accurate reports as detailed in this Master Agreement and Participating Addendums; and
    - Rebate: Contractor provides timely and accurate rebates as detailed in this Master Agreement and Participating Addendums.

    Provided, further however, Contractor shall provide implementation and transition support to Participating States who wish to utilize the Master Agreement, beginning upon the Participating Addendum execution date so as to effectuate a smooth transition for Participating States and Purchasing Entities for Fleet Card services to start on January 1, 2021.

2. **PARTICIPANTS.** Use of this Master Agreement may be authorized by Participating States for use by Purchasing Entities as set forth herein.

    2.1. PARTICIPATING STATES. For the purpose of this Master Agreement, a Participating State shall mean: any state, or U.S. territory (e.g., District of Columbia, Puerto Rico, etc.) ("State") that executes a Participating Addendum with the Contractor. Such Participating Addendum will authorize Purchasing Entities for such Participating State and must be executed by the chief procurement officer for the applicable Participating State; *provided however,* that some States, with state authority to do so and permission from such state chief procurement officer, may authorize local governments, political subdivisions, and other entities to execute a Participating Addendum. Contractor may not provide Fleet Card Services under this Master Agreement until a Participating Addendum acceptable to the Participating State and Contractor is executed.

    2.2. PURCHASING ENTITIES. For the purpose of this Master Agreement, a Purchasing Entity is any eligible entity authorized by a Participating State to participate in the Master Agreement (i.e. to purchase from the Master Agreement) pursuant to a Participating Addendum. Purchasing Entities may be required to execute a Card User Agreement (CUA) as outlined in this Master Agreement and shall be financially committed to the card account unless otherwise agreed to in the Participating Addendum.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

2.3. PARTICIPATING ADDENDUM. For the purpose of this Master Agreement, a Participating Addendum is the document executed between a Participating State and Contractor that enables eligible Purchasing Entities to utilize the Master Agreement. The terms and conditions set forth in the Master Agreement are applicable to any Purchasing Entity except to the extent altered, modified, supplemented, or amended by a Participating Addendum. The Participating Addendum enables Participating States to specify state specific administrative terms and conditions to enable utilization of the Master Agreement. In no event shall a Participating Addendum change the material terms and conditions set forth in this Master Agreement. Contractor shall email a fully executed PDF copy of each Participating Addendum to PA@naspovaluepoint.org to support documentation of participation and posting in appropriate databases.

2.4. PARTICIPATING ADDENDUM CHANGES. Participating Addenda shall not be construed to amend the Master Agreement provisions pertaining to NASPO ValuePoint program requirements.

3. SCOPE – INCLUDED GOODS/SERVICES AND PRICE.

3.1. SCOPE. Pursuant to this Master Agreement, Contractor is authorized to provide only those goods and services set forth in *Exhibit A – Fleet Card Products* and *Exhibit G Fleet Card Requirements* and provide the Rebate/Incentive Share as set forth in *Exhibit B – Rebate/Incentive Share*. Contractor shall not represent to any Participating or Purchasing Entity under this Master Agreement that Contractor has contractual authority to provide any goods and services beyond those set forth in *Exhibit A – Fleet Card Products* and *Exhibit G Fleet Card Requirements*.

3.2. LEAD STATE'S ABILITY TO MODIFY SCOPE OF MASTER AGREEMENT. Subject to mutual written agreement between the parties, Enterprise Services reserves the right to modify the goods and services included in this Master Agreement; *Provided*, however, that any such modification shall be effective only upon thirty (30) days advance written notice; and *Provided further*, that any such modification must be within the scope of this Master Agreement.

3.3. INCENTIVE SHARE ADJUSTMENT. Incentive share and fees shall remain firm and fixed for the term of the Agreement. Enterprise Services reserves the right to negotiate a greater incentive share at any time during the life of the Agreement. A greater incentive share must be mutually agreed between the Parties. A Participating State may negotiate the specifics of the Incentive Share Component, but shall not exceed the total basis points offered by the Contractor.

3.4. PRICE CEILING. Contractor's Basis Points as set forth in this Master Agreement shall be fixed. Contractor's fees (e.g. overnight card delivery and international transactions) set forth in this Master Agreement shall be the maximum fees Contractor may charge during the term of the Master Agreement.

3.5. MASTER AGREEMENT INFORMATION. Enterprise Services shall maintain and provide information regarding this Master Agreement, including scope and pricing, to the eligible Participating Entities.

4. CONTRACTOR REPRESENTATIONS AND WARRANTIES. Contractor makes each of the following representations and warranties as of the effective date of this Master Agreement and at the time any Card User Agreement (CUA) is placed pursuant to this Master Agreement and Participating Addendum. If, at the time of any such agreement, Contractor cannot make such representations and warranties, the Contractor shall not process any additional CUA and shall notify Enterprise Services, in writing, of such breach as soon as commercially reasonable but, in no event, later than ten (10) days after Contractor has knowledge of any such breach.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

4.1. QUALIFIED TO DO BUSINESS. Contractor represents and warrants that it is in good standing and qualified to do business in the State of Washington and that, if required to by law, it will register with the Washington State Department of Revenue and the Washington Secretary of State, that it possesses and shall keep current all required licenses and/or approvals, and that it is current, in full compliance, and has paid all applicable taxes owed to the State of Washington. Contractor further represents and warrants that it will do the equivalent, to the extent required, for any Participating State for which it executes a Participating Addendum.

4.2. SUSPENSION & DEBARMENT. Contractor represents and warrants that neither it nor its principals or affiliates presently are debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in any governmental contract by any governmental department or agency within the United States.

4.3. WAGE VIOLATIONS. Contractor represents and warrants that, during the term of this Master Agreement and the three (3) year period immediately preceding the award of the Master Agreement, it is not determined, by a final and binding citation and notice of assessment issued by the Washington Department of Labor and Industries or through a civil judgment entered by a court of limited or general jurisdiction, to be in willful violation of any provision of Washington state wage laws set forth in RCW chapters 49.46, 49.48, or 49.52.

4.4. PAY EQUALITY. Contractor represents and warrants that, among its workers, similarly employed individuals are compensated as equals. For purposes of this provision, employees are similarly employed if the individuals work for the same employer, the performance of the job requires comparable skill, effort, and responsibility, and the jobs are performed under similar working conditions. Job titles alone are not determinative of whether employees are similarly employed. Contractor may allow differentials in compensation for its workers based in good faith on any of the following: a seniority system; a merit system; a system that measures earnings by quantity or quality of production; a bona fide job-related factor or factors; or a bona fide regional difference in compensation levels. A bona fide job-related factor or factors may include, but not be limited to, education, training, or experience, that is: consistent with business necessity; not based on or derived from a gender-based differential; and accounts for the entire differential. A bona fide regional difference in compensation level must be consistent with business necessity; not based on or derived from a gender-based differential; and account for the entire differential. Notwithstanding any provision to the contrary, upon breach of warranty and Contractor's failure to provide satisfactory evidence of compliance within thirty (30) days, Enterprise Services may suspend or terminate this Master Agreement and any Participating Entity hereunder similarly may suspend or terminate its use of the Master Agreement and/or any Participating Addendum entered into pursuant to the Master Agreement.

4.5. EXECUTIVE ORDER 18-03 WORKERS' RIGHTS (MANDATORY INDIVIDUAL ARBITRATION). Contractor represents and warrants, as previously certified in Contractors bid submission, that Contractor does NOT require its employees, as a condition of employment, to sign or agree to mandatory individual arbitration clauses or class or collective action waivers. Contractor further represents and warrants that, during the term of this Master Agreement, Contractor shall not, as a condition of employment, require its employees to sign or agree to mandatory individual arbitration clauses or class or collective action waivers.

4.6. INTENTIONALLY DELETED.

4.7. INTENTIONALLY DELETED.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

4.8. QUALITY OF GOODS AND SERVICES. Contractor represents and warrants that any goods and services provided pursuant to this Master Agreement, shall conform to this Master Agreement and Cardholder User Agreement, and shall be provided in full compliance with applicable law.

4.9. NO EFFECT OF ADDITIONAL TERMS AND CONDITIONS. Other than the terms and conditions listed in *Exhibit E - WEX Forms and Specific Terms & Conditions*, attached hereto, the terms of which shall govern the parties' relationship with respect to the relevant subject matter, Contractor represents and warrants that any Authorized Users agreement to "click through" or other terms and conditions shall not be binding and shall have no force or effect as to the Services of this Master Agreement or Participating Addendum, unless agreed to in writing between the parties. Without prejudice to first sentence of this Section 4.9, the parties agree that the terms and conditions listed in Exhibit E do not modify, amend or change the Master Agreement in any way and if there is a conflict between Master Agreement and any of the terms in Exhibit E, Master Agreement will govern. The parties agree that the "WEX Click Through Agreement" as set forth in Exhibit E shall apply with respect to any Purchasing Entity's use of the WEX website, notwithstanding anything to the contrary in the click-through terms and conditions that any Purchasing Entity shall click to approve in order to access such website.

4.10. PROCUREMENT ETHICS & PROHIBITION ON GIFTS. Contractor represents and warrants that it complies fully with all applicable procurement ethics restrictions including, but not limited to, restrictions against Contractor providing gifts or anything of economic value, directly or indirectly, to Participating Entity's employees. Contractor further represents and warrants that it will do the equivalent for any Participating State for which it executes a Participating Addendum.

4.11. WASHINGTON'S ELECTRONIC BUSINESS SOLUTION (WEBS). Contractor represents and warrants that it is registered in Washington's Electronic Business Solution (WEBS), Washington's contract registration system and that, all of its information therein is current and accurate and that throughout the term of this Master Agreement, Contractor shall maintain an accurate profile in WEBS.

4.12. STATEWIDE PAYEE DESK. Contractor represents and warrants that, prior to conducting any transactions under this Master Agreement, Contractor will register with Washington's Statewide Payee Desk, which registration is a condition to invoice payment for the State of Washington.

4.13. MASTER AGREEMENT PROMOTION; ADVERTISING AND ENDORSEMENT. Contractor represents and warrants that it shall use commercially reasonable efforts both to promote and market the use of this Master Agreement with eligible Participating Entities and ensure that those entities that utilize this Master Agreement are eligible Participating Entities. Contractor understands and acknowledges that neither Enterprise Services nor any Participating Entity are endorsing Contractor's goods and/or services or suggesting that such goods and/or services are the best or only solution to their needs. Accordingly, Contractor represents and warrants that it shall make no reference to Enterprise Services, the State of Washington, or any Participating or Purchasing Entity in any promotional material without the prior written consent of Enterprise Services.

4.14. MASTER AGREEMENT TRANSITION. Contractor covenant that, in the event this Master Agreement or a similar contract, is transitioned to another contractor (e.g., Master Agreement expiration or termination), Contractor shall use commercially reasonable efforts to assist Enterprise Services for a period of nine (9) months to effectuate a smooth transition to another contractor to minimize disruption of service and/or costs to the State of Washington and all other Participating Entities.

5. USING THE MASTER AGREEMENT – ESTABLISHING A CARD USER AGREEMENT.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

5.1. ESTABLISHING A CARD USER AGREEMENT (CUA). Purchasing Entities shall establish a Card User Agreement as described in Exhibit D or as modified by the Participating State's Participating Addendum in order to receive cards, establish access to the online system, and leverage any other goods and services from this Master Agreement.

5.2. EXTENSION OF CREDIT. Contractor in its sole discretion extends credit and establishes accounts for Purchasing Entities. Contractor may research the financial condition of any Purchasing Entity. If requested, Purchasing Entity agrees to furnish Contractor copies of its official and finalized financial statements or other applicable financial information no later than 120 days following the end of each of its fiscal years. The financial statements shall have been prepared, consistently year over year and shall be in accordance with the books and records of Purchasing Entity. Any financial information submitted shall be kept strictly confidential by Contractor.

(a) Purchasing Entities or any other entity or individual authorized by a Purchasing Entity to use an account opened pursuant to this Master Agreement or, as applicable, a Participating Addendum, or cards issued by Contractor pursuant to this Master Agreement or, as applicable, a Participating Addendum (each such entity or individual an "Account User") can make purchases up to the credit limit that is assigned by Contractor. The credit limit appears on the billing statement and can be monitored via WEXOnline®. Each Purchasing Entity shall not to exceed its credit limit. Contractor may change the credit limit without prior notice. Contractor will use its best efforts to provide advance notice of any changes to the credit limit. If Contractor is unable to provide advance notice, Purchasing Entity will receive notification promptly following any such change. If Contractor has previously permitted Participating Entity to exceed its credit limit, it does not mean that Contractor will permit Participating Entity to exceed its credit limit again.

(b) Contractor may suspend an account or refuse to authorize any transaction in its sole discretion and specifically in the event that: (i) any balance is past due more than 60 days (Purchasing Entity are contacted by WEX strategic receivables team prior to suspension. Should the authorized contact not respond, WEX strategic receivables will notify the Purchasing Entity's WEX premium fleet account manager to escalate concern to other contacts within that Purchasing Entity); and/or (ii) the amount of the transaction plus the outstanding balance (including transactions authorized but not yet posted) exceeds the credit limit. Contractor shall notify the Purchasing Entity prior to account suspension for past due balances or exceeding credit limits. Each Purchasing Entity shall, immediately upon request, pay the amount over the limit and any associated fees or the entire balance due on the account. Nothing contained in this Master Agreement prevents Purchasing Entity or an Account User from requesting a modification of the credit limit.

5.3. ACCOUNTS AND ACCOUNT USERS.

(a) Purchasing Entity shall designate its Account Users as well as those contacts authorized to: (i) provide Contractor with the information necessary to establish and maintain Account(s), Cards, and DINs; (ii) provide vehicle, driver and other information; (iii) receive all Account numbers, Cards or reports; (iv) receive other Account information; and (v) select additional products and/or services that may be offered. Purchasing Entity will provide notice of any change or removal of any contact or Account User either in writing, by telephoning Contractor's customer service department or through Contractor's online system. Purchasing Entity remains liable for any unauthorized use until Contractor receives notice of any change in or removal of any Account User or contact. Contractor is

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

authorized to take instruction from any Account User or contact with apparent authority to act on Purchasing Entity's behalf. Unless Purchasing Entity reports any errors in Account information or Cards, Contractor is entitled to rely on that information for servicing the Account.

(b) Purchasing Entity is responsible for notifying Contractor of any revocation of any Account User's authority and Purchasing Entity shall remain liable for any charges made by an Account User until notice of revocation of authority is received by Contractor. Purchasing Entity agrees that use of a Card and the applicable DIN is deemed authorized use of the Account. Purchasing Entity assumes all risk if Purchasing Entity chooses to leave a Card at an accepting location for use by its drivers or Account Users and as such, agrees to pay for all charges made with that Card or on that Account. Purchasing Entity agrees to keep DINs confidential and to provide for its employees or Account Users to not disclose any DIN. If Account Users or other employees disclose a DIN or write a DIN on a Card, then Purchasing Entity is liable for any fraudulent use that may result even if the disclosure is inadvertent or unintentional.

(c) All Cards will be valid through the expiration date listed on the Card. Participating Entity will automatically receive new Cards prior to the expiration date of their current Cards. Standard delivery time for renewal cards is 30 to 45 days prior to the card expiration. Purchasing Entity's may request an earlier renewal timeframe if necessary.

(d) Accounts and Cards will only be used for the purchase of products and services for business or commercial purposes and not for personal, family or household purposes. Purchasing Entity shall adopt internal policies and controls to ensure that the Accounts and Cards are used strictly for business or commercial purposes. Purchases of lottery tickets or other games of chance, gift cards, pre-paid cards or other cash equivalent charges are prohibited. Purchasing Entity agrees that Purchasing Entity's use of Cards or Accounts is deemed acceptance by Purchasing Entity of this Agreement's terms.

(e) Contractor is not responsible in the event a merchant does not accept or honor a Card or Account number as payment.

5.4. DISPUTED AMOUNTS.

(a) Purchasing Entity shall use its best efforts to resolve purchase disputes directly with the relevant merchant particularly such disputes arising out of quality or warranty issues.

(b) During dispute a temporary credit may be placed on Purchasing Entity's account. All disputed items must be submitted in writing within sixty (60) days from the billing date or they will be final and binding. Purchasing Entity may dispute an amount reflected on a billing statement if: (i) the amount does not reflect the face value of the Transaction; (ii) the amount being disputed is a fee that is not properly accrued under this Agreement; or (iii) Purchasing Entity does not believe it is liable for that amount.

(c) Transactions made at an island card reader where the Purchasing Entity or Account User did not obtain a receipt at the time of sale are eligible for dispute. However, the receipt may provide the only opposing record to the transaction information submitted by the

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

merchant. It is also important to note that island card reader transactions require both a valid card and DID to be authorized.

(d) Transactions in dispute may qualify for charge back to the merchant. Contractor shall attempt to charge the Transaction back to the merchant in accordance with its procedures under its merchant acceptance agreements. Any accepted charge back will be credited to the relevant Account. The Purchasing Entity may be liable for the Transaction if the disputed item is found to be no fault of the merchant and therefore cannot be charged back to the merchant.

5.5. NOTICE OF LOSS, THEFT OR UNAUTHORIZED USE. In the event that Purchasing Entity or an Account User knows of or suspects the loss, theft or possible unauthorized use of a Card or Account or if Purchasing Entity would like to terminate an Account User, Contractor must be immediately notified by calling 1-800-492-0669.

5.6. CONTROLS. Purchasing Entity may request that Controls be applied to its Account(s).

5.7. UNAUTHORIZED USE AND UNAUTHORIZED TRANSACTIONS.

(a) The availability and effectiveness of Controls is dependent upon each merchant's adoption of card specifications and the information, including product codes that the merchant transmits to Contractor. The product codes are assigned by each merchant and not by the Contractor. In addition, some Controls are not enforceable at island card readers due to equipment restrictions at the merchant location.

(b) Default Control values are only assigned by Participating Entity through the online product. More detailed information related to Controls and their limitations is available online. Contractor is not responsible for the prudence of any particular Control level selected by Participating Entity. Contractor shall use reasonable efforts to deny requests for Transaction authorizations that fall outside the selected Control parameters. Purchasing Entity remains responsible for payment in full of Transactions which fall outside of the Control parameters selected, if such Transactions are made with a valid Card and are processed by Contractor. The existence and/or use of Controls will not affect Purchasing Entity's liability for Unauthorized Transactions in certain circumstances and is more fully described in the guidance information provided when Purchasing Entities make Control elections. Only transactions submitted for authorization are subject to Controls and those Controls can only be enforced when the merchant provides sufficient information as part of the authorization.

(c) Contractor may, in its sole discretion and/or without prior notice, modify Authorization Controls for the purpose of the prevention of suspected fraudulent activity, see Exhibit G Section 15 Fraud Protection. Contractor will notify Purchasing Entity after any modification is made. Purchasing Entity agrees it is responsible for reviewing fraud control data provided by Contractor for the purpose of detecting fraud that may occur within Control parameters.

5.8. REPORTS AND OTHER PRODUCT FEATURES.

(a) Contractor provides transaction data for each Account to the Purchasing Entity as transmitted by merchants. Purchasing Entity is responsible for reconciling that data. Contractor will report the data received from merchants and as such is not liable for accuracy or completeness of the data received, posted or contained in any specialty reports, management reports, data services or other information services provided. In

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

addition, Purchasing Entity understands that in the event an error is identified in a report, such as incorrect product code, Purchasing Entity is still liable for the Transaction, but may follow the dispute process to obtain clarifying information.

(b) Except as otherwise expressly provided below, Purchasing Entity will be liable to Contractor for all unauthorized use or Unauthorized Transactions that occur: (i) when a Card is lost or stolen, for the period prior to which a Purchasing Entity gives notice to Contractor as provided in this Agreement; (ii) if such use or suspected use occurs as a result of the Purchasing Entity's lack of reasonable security precautions and controls surrounding the Cards or Accounts as described in this Agreement; or (iii) if such use results in a benefit, directly or indirectly, to the Purchasing Entity or Account User. Misuse as defined by Purchasing Entity internal Purchasing Entity policy by an Account User or other employee does not constitute fraud, unauthorized use, or an Unauthorized Transaction.

(c) Purchasing Entity may purchase dyed special fuel using its Account or Cards. Purchasing Entity acknowledges that all dyed special fuel purchases will be used exclusively for off-road purposes and according to all applicable laws governing its use. Contractor is not liable in any way for any misuse or mishandling by Purchasing Entity of any dyed special fuel. Upon request from applicable governmental authorities, Contractor may provide information regarding Participating Entity's dyed special fuel purchases without prior authorization from Purchasing Entity.

5.9. DELIVERY REQUIREMENTS. Contractor must ensure that delivery of goods and/or services will be made as required by this Master Agreement, the Participating Addendum or as otherwise mutually agreed in writing between the Purchasing Entity and Contractor.

(a) On-Site Requirements. Contractor, its agents, employees, or subcontractors shall comply, in all respects, with Purchasing Entity's physical, fire, access, safety, or other security requirements required by any Participating State or Purchaser Entity while on their premises. Purchase Entities shall clearly communicate any such requirements to Contactor in the event Contractor is on their premises.

5.10. INTERNATIONAL USE OF CARDS/CURRENCY CONVERSION.

(a) Cards are issued for use by Purchasing Entity's United States based operations, but may be used in Canada. Purchasing Entity may not distribute Cards to employees based in countries other than the United States. If Cards are used in any other country other than the United States, Purchasing Entity will: (i) be billed in US Dollars; and (ii) receive reporting in English.

(b) Contractor will convert any purchase made in a foreign currency into a U.S. Dollar amount before the Transaction is posted to the Account. The exchange rate between the Transaction currency (the foreign currency) and the billing currency (U.S. Dollars) used for processing international Transactions is a rate selected by Contractor using rates available from the Oanda Index for the date that the Transaction is posted by Contractor, which rate may vary from the rate Contractor itself receives, or the government mandated rate in effect at that time.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

6. STATEMENTS & PAYMENT.

6.1. CONTRACTOR STATEMENT. Contractor shall submit to Purchasing Entity's designated statement contact properly itemized account statements on a monthly basis. Such statements shall itemize the following:

(a) Master Agreement No. 00819

(b) Participating Addendum No.

(c) Contractor name, address, telephone number, and email address for billing issues (i.e., Contractor Purchasing Entity Service Representative)

(d) Contractor's Federal Tax Identification Number

(e) Statement amount; and

(f) Payment terms, including any available prompt payment discounts.

Statements will not be processed for payment until receipt of a complete statement as specified herein.

6.2. PAYMENT.

(a) Payment is the sole responsibility of, and will be made by, the Purchasing Entity. Payment is due in full within the earlier of (a) forty-five (45) days of statement or (b) the date required pursuant to the applicable Participating Entity's prompt pay act or similar legislation, in each case on or before the relevant cutoff time on or before the Due Date. If Purchasing Entity fails to make timely payment(s) (i.e., by the applicable Due Date) in full, such failure shall constitute a "Payment Default." "Due Date" means the date on which the repayment of the balance of the account is due as provided on a billing statement. In the event of a Payment Default, Contractor may invoice in the amount of up to one percent (1%) per month on the amount overdue or a minimum of $1 (or as otherwise agreed in the applicable Participating Addendum) (the "Late Fee"). The Late Fee will be applied to the Total Outstanding Balance (as defined below) on the Calculation Date, not to exceed the amount allowable by applicable law]. The "Calculation Date" is the earlier of (a) the posting date for the Purchasing Entity's payment in full of the invoiced amount to its account, or (b) the last day of the Billing Cycle during which the Payment Default occurred. The "Total Outstanding Balance" is the invoiced amount, plus the amount of any unbilled transactions delivered by a merchant to Contractor, and minus any credits that have posted to the account, through the Calculation Date.

(b) Each Purchasing Entity shall be liable for all Transactions on the account to the fullest extent permitted by applicable law, except as expressly provided in this Agreement. Purchasing Entities may pay the entire balance of the account or a portion of it, at any time prior to its Due Date without penalty.

(c) Payments made via paper check are posted to the account after processing and must arrive at Contractor at least three Business Days before the Due Date on the billing statement. It can take up to three Business Days to process a check from the time the envelope containing a check arrives at Contractor's facility to posting of the check amount to the account.

(d) For payments not made by paper check, payments on a Business Day before the cut-off time (the "Cut-off Time") will be posted on that Business Day. Payments after the Cut-off Time on a Business Day, or on a day other than a Business Day, will be posted on the

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

following Business Day. The Cut-off Times for payments not made by check are as follows: a payment transaction made via Contractor's online payment portal must be completed by 3:00 p.m. ET; a payment transaction made via IVR must be completed by 3:00 p.m. ET; and a payment transaction made via ACH must arrive to Contractor by 3:00 p.m. ET.

(e) Regardless of payment method, each Purchasing Entity must ensure that Purchasing Entity's account number is provided with the payment. Failure to do so will cause processing delays in posting the payment to the account. Payments that are received at locations other than the address specified on the billing statement, or that do not otherwise comply with instructions on the billing statement or this Master Agreement, may be delayed in posting.

(f) Each Purchasing Entity shall: (i) pay all fees set forth herein; (ii) pay all amounts payable for transactions on each card issued by Contractor, and (iii) perform all obligations, covenants, and warranties in this Master Agreement.

(g) Payments will be applied first to unpaid Late Fees and then to any unpaid balances. Each Participating Entity may pay their account balance or a portion of it, at any time prior to its due date without penalty.

6.3. OVERPAYMENTS. Contractor promptly shall refund to Purchasing Entity the full amount of any erroneous payment or overpayment. Such refunds shall occur promptly upon discovery by Contractor or within thirty (30) days of written notice to Contractor; *Provided*, however, that Purchasing Entity shall have the right to elect to have either direct payments or written credit memos issued. If Contractor fails to make timely payment(s) or issuance of such credit memos, Purchasing Entity may impose a one percent (1%) per month on the amount overdue thirty (30) days after notice to the Contractor.

6.4. NO ADDITIONAL CHARGES. Unless otherwise specified herein, Contractor shall not include or impose any additional charges including, but not limited to, charges for shipping, handling, or payment processing.

6.5. TAXES/FEES. Contractor promptly shall pay all applicable taxes on its operations and activities pertaining to this Master Agreement.

7. MASTER AGREEMENT MANAGEMENT.

7.1. MASTER AGREEMENT ADMINISTRATION & NOTICES. Except for legal notices, the parties hereby designate the following administrators as the respective single points of contact for purposes of this Master Agreement. Enterprise Services' contract administrator shall provide Master Agreement oversight. Contractor's contract administrator shall be Contractor's principal contact for business activities under this Master Agreement. The parties may change contractor administrators by written notice as set forth below.

Any notices required or desired shall be in writing and sent by U.S. mail, postage prepaid, or sent via email, and shall be sent to the respective addressee at the respective address or email address set forth below or to such other address or email address as the parties may specify in writing:

Enterprise Services	Contractor

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Attn: WA Dept. of Enterprise Services PO Box 41411 Olympia, WA 98504-1411 Tel: (360) 407-2218 Email: DESContractsTeamCypress@des.wa.gov	Attn: Ryan Kelly WEX Inc. – North American Fleet 1 Hancock Street Portland, ME 04101 Tel: (952)-922-1104 Email: ryan.kelly@wexinc.com

Notices shall be deemed effective upon the earlier of receipt, if mailed, or, if emailed, upon transmission to the designated email address of said addressee.

7.2. CONTRACTOR RELATIONSHIP MANAGER. In each Participating Addendum, Contractor shall designate a Relationship Manager who shall be responsible for addressing Purchasing Entity issues pertaining to this Master Agreement and Participating Addendum. Notwithstanding any provision to the contrary, Contractor agrees that upon written notice from Participating State it shall collaborate with such State to transition the Relationship Manager duties to an alternative representative so as to achieve the mutually beneficial relationship intended by this Master Agreement.

7.3. ACCOUNT COORDINATOR. In each Participating Addendum, Contractor shall designate an Account Coordinator who shall be responsible for addressing Purchasing Entity issues pertaining to this Master Agreement and Participating Addendum. Notwithstanding any provision to the contrary, Contractor agrees that upon written notice from Participating State it shall collaborate with such State to transition the Account Coordinator duties to an alternative representative so as to achieve the mutually beneficial relationship intended by this Master Agreement.

7.4. LEGAL NOTICES. Any legal notices required or desired shall be in writing and delivered by U.S. certified mail, return receipt requested, postage prepaid, or sent via email, and shall be sent to the respective addressee at the respective address or email address set forth below or to such other address or email address as the parties may specify in writing:

Enterprise Services	**Contractor**

Notices shall be deemed effective upon the earlier of receipt when delivered, or, if mailed, upon return receipt, or, if emailed, upon transmission to the designated email address of said addressee.

8. CONTRACTOR SALES REPORTING; ADMINISTRATIVE FEE; & CONTRACTOR REPORTS.

8.1. NASPO VALUEPOINT ADMINISTRATIVE FEE. Contractor shall pay to NASPO ValuePoint, or its assignee, a NASPO ValuePoint Administrative Fee of one-quarter (1/4 or 25%) of one basis point (0.0025% or 0.000025) of the National Annual Volume no later than sixty (60) days following the end of the calendar year. The NASPO ValuePoint administrative fee is not negotiable. This fee may not be adjusted in any Participating Addendum. This fee is to be included as part of the pricing submitted with the bid.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

8.2. PARTICIPATING STATE ADMINISTRATIVE FEE. Some states may require an additional fee be paid directly to the state only on PURCHASES made by Purchasing Entities within that state. The fee level, payment method and schedule for such reports and payments will be incorporated into the Participating Addendum that is made a part of the Master Agreement. The Contractor may adjust the Master Agreement pricing accordingly for purchases made by Purchasing Entities within the jurisdiction of the state. All such agreements shall not affect the NASPO ValuePoint Administrative Fee percentage or the prices paid by the Purchasing Entities outside the jurisdiction of the state requesting the additional fee. The NASPO ValuePoint Administrative Fee set forth above shall be based on the gross amount of all sales (less any charges for taxes or shipping) at the adjusted prices (if any) in Participating Addenda.

9. **NASPO VALUEPOINT SUMMARY AND DETAILED USAGE REPORTS.** In addition to other reports that may be required by the Master Agreement, Contractor shall provide the following NASPO ValuePoint reports.

9.1. SUMMARY SALES DATA. Contractor shall submit quarterly sales reports directly to NASPO ValuePoint using the NASPO ValuePoint Quarterly Sales/Administrative Fee Reporting Tool found at http://www.naspo.org/WNCPO/Calculator.aspx. Any/all sales made under this Master Agreement shall be reported as cumulative totals by state. Even if Contractor experiences zeros sales during a calendar quarter, a report is still required. Reports shall be due no later than thirty (30) days following the end of the calendar quarter (as specified in the reporting tool).

9.2. DETAILED SALES DATA. Contractor also shall report detailed sales data by: (1) Participating State, (2) Purchasing Entity (customer type, e.g. local government, higher education, K12, non-profit); (3) transaction date; (4) transaction amount; and (5) line item description for transactions with Level 3 data. Reports are due on a quarterly basis and must be received by Enterprise Services and NASPO ValuePoint no later than thirty (30) days after the end of the reporting period. Reports shall be delivered to Enterprise Services and to NASPO ValuePoint electronically through a designated portal, email, CD-ROM, flash drive or other method as determined by Enterprise Services and NASPO ValuePoint. Detailed sales data reports shall include sales information for all sales under participating addenda executed under this Master Agreement. The format for the detailed sales data report is shown in this Master Agreement.

9.3. NATIONAL ANNUAL SALES INCENTIVE REPORT. Contractor shall provide the NASPO ValuePoint Cooperative Development Coordinator and Enterprise Services Contract Administrator with a National Annual Sales Volume Incentive Report reflecting each State's total annual spend, National Annual Volume Rebate earned no later than thirty (30) days after the end of the calendar year.

9.4. NASPO VALUEPOINT EXECUTIVE SUMMARY. Contractor shall provide NASPO ValuePoint an executive summary each quarter that includes, at a minimum, a list of states with an active Participating Addendum, states that Contractor is in negotiations with and any Participating Addendum roll out or implementation activities and issues. NASPO ValuePoint and Contractor will determine the format and content of the executive summary. The executive summary is due thirty (30) days after the conclusion of each calendar quarter.

9.5. REPORT OWNERSHIP. Timely submission of these reports is a material requirement of the Master Agreement. Enterprise Services and NASPO ValuePoint shall have a perpetual, irrevocable, non-exclusive, royalty free, transferable right to display, modify, copy and otherwise use reports, data and information provided under this section.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

9.6. CONFIDENTIALITY OF DETAILED SALES DATA AND PARTICIPATING ADDENDA.

(a) Participating Addenda, as well as transaction data relating to purchases under this Master Agreement that identify the entity, transaction dates, line item descriptions and volumes, and prices/rates, shall be Confidential Information. Except as required by law, Contractor shall hold Confidential Information in confidence and shall not transfer or otherwise disclose Confidential Information to third parties or use Confidential Information for any purposes whatsoever other than what is necessary to the performance of purchase transactions under this Master Agreement. Contractor shall advise each of its employees and agents of their obligations to keep Confidential Information confidential. This provision does not apply to disclosure to the Lead State, a Participating State or any governmental entity exercising an audit, inspection, or examination pursuant to this Master Agreement. To the extent permitted by law, Contractor shall notify the Lead State of the identity of any entity seeking access to the Confidential Information described in this subsection.

(b) Contractor shall use and disclose Data solely and exclusively for the purpose of providing the services; and not use, sell, rent, transfer, distribute, or otherwise disclose or make available Data for Contractor's own purposes or for the benefit of anyone other than the Participating Entity without their prior written consent.

10. NASPO VALUEPOINT COOPERATIVE PROGRAM MARKETING AND PERFORMANCE REVIEW.

10.1. NASPO VALUEPOINT COOPERATIVE PROGRAM. Contractor agrees to work cooperatively with NASPO ValuePoint personnel. Contractor agrees to present plans to NASPO ValuePoint for the education of Contractor's contract administrator(s) and sales/marketing workforce regarding the Master Agreement, including the competitive nature of NASPO ValuePoint procurements, the Master Agreement and Participating addendum process, and the manner in which qualifying entities can participate in the Master Agreement.

10.2. LOGOS. NASPO ValuePoint logos may not be used by the Contractor in sales and marketing until a logo use agreement is executed with NASPO ValuePoint.

10.3. ANNUAL CONTRACT REVIEW. Contractor agrees to participate in an annual contract performance review at a location selected by Enterprise Services and NASPO ValuePoint, which may include a discussion of marketing action plans, target strategies, marketing materials, as well as Contractor reporting and timeliness of payment of administration fees.

11. RECORDS RETENTION & AUDITS.

11.1. RECORDS RETENTION. Contractor shall maintain books, records, documents, and other evidence pertaining to this Master Agreement and Card User Agreements (CUA) entered into by Participating or Purchasing Entities under it to the extent and in such detail as shall adequately reflect performance and administration of payments and fees. Contractor shall retain such records for a period of six (6) years following expiration or termination of this Master Agreement or final payment for any order placed by a Participating or Purchasing Entity against this Master Agreement, whichever is later; *Provided*, however, that if any litigation, claim, or audit is commenced prior to the expiration of this period, such period shall extend until all such litigation, claims, or audits have been resolved.

11.2. AUDIT. Enterprise Services reserves the right to audit, or have a designated third party audit, applicable records to ensure that Contractor has properly issued the Purchasing Entity the applicable rebate/incentive share. Accordingly, no more than once per calendar year (or more

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

frequently to the extent agreed between the parties), upon advance written notice of no fewer than 60 days from Enterprise Services, Contractor shall permit Enterprise Services, any Participating or Purchasing Entity, and any other duly authorized agent of a governmental agency, to audit, inspect, examine, copy and/or transcribe Contractor's books, documents, papers and records directly pertinent to this Master Agreement or agreements entered into by Participating and/or Purchasing Entities under it for the purpose of making audits, examinations, excerpts, and transcriptions. This right shall survive for a period of six (6) years following expiration or termination of this Master Agreement or final payment for any account under this Master Agreement, whichever is later; *Provided*, however, that if any litigation, claim, or audit is commenced prior to the expiration of this period, such period shall extend until all such litigation, claims, or audits have been resolved.

11.3. OVERPAYMENT OF PURCHASES OR UNDERPAYMENT OF FEES. Without limiting any other remedy available to any Participating or Purchasing Entity, Contractor shall (a) reimburse Participating or Purchasing Entity for any overpayments inconsistent with the terms of this Master Agreement, at a rate of 100% of such overpayments, found as a result of the examination of the Contractor's records; and (b) reimburse Purchasing Entity for any underpayment of fees, at a rate of 100% of such fees found as a result of the examination of the Contractor's records.

Underpayment of Rebate/Incentive Share. Without limiting any other remedy available to any Participating or Purchasing Entity, in the event of a material underpayment of the Rebate/Incentive Share, in addition to compensating such Participating or Purchasing Entity for the deficiency, Contractor shall reimburse such Participating or Purchasing Entity for its reasonable out-of-pocket expenses incurred to discover and calculate the amount of such deficiency, or 25% of the amount of the deficiency, whichever is less, up to a maximum of $15,000 per calendar year.

12. INSURANCE.

12.1. REQUIRED INSURANCE. DURING the term of this Master Agreement, Contractor, at its expense, shall maintain in full force and effect the insurance coverages set forth in *Exhibit C – Insurance Requirements*.

12.2. WORKERS COMPENSATION. Contractor shall comply with applicable workers compensation statutes and regulations (e.g., RCW Title 51, Industrial Insurance). If Contractor fails to provide industrial insurance coverage or fails to pay premiums or penalties on behalf of its employees as may be required by law, Enterprise Services may terminate this Master Agreement. This provision does not waive any of the Washington State Department of Labor and Industries (L&I) rights to collect from Contractor. In addition, Contractor waives its immunity under RCW Title 51 to the extent it is required to indemnify, defend, and hold harmless the State of Washington and its agencies, officials, agents, or employees.

12.3. INSURANCE CERTIFICATE. Prior to commencement of performance, Contractor shall provide to Enterprise Services a written endorsement to the Contractor's general liability insurance policy or other documentation evidence acceptable to the Lead State that (1) names the Participating States identified in the Competitive Solicitation as additional insureds, (2) provides for written notice of cancellation shall be delivered in accordance with the policy provisions, and (3) provides that the Contractor's liability insurance policy shall be primary, with any liability insurance of any Participating State as secondary and noncontributory. Unless otherwise agreed in any Participating Addendum, other Participating States' rights and Contractor's obligations are the same as those specified in the first sentence of this subsection except the endorsement is provided to the applicable Participating State.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

13. **PUBLIC INFORMATION.** This Master Agreement, all related documents, and all records created as a result of the Master Agreement are subject to public disclosure as required by Washington's Public Records Act, RCW chapter 42.56. In addition, Participating Addendums and related records shall be subject to public disclosure as required by applicable law pertaining to such Purchasing Entity. Consistent with the Public Records Act, to the extent that any such Contractor document or record – in whole or in part – includes information exempted or protected from disclosure by the Public Records Act, Contractor may mark such document or record – the exempted or protected portions only – with the specific basis for protection under the Public Records Act. In the event that Enterprise Services receives a public records disclosure request that pertains to such properly marked documents or records, Enterprise Services shall notify Contractor of such disclosure request and of the date that the records will be released to the requester unless Contractor, at Contractor's sole expense, timely obtains a court order enjoining such disclosure, Enterprise Services shall release the requested documents on the date specified. Contractor's failure properly to identify exempted or protected information or timely respond after notice of request for public disclosure has been given shall be deemed a waiver by Contractor of any claim that such materials are protected or exempt from disclosure.

14. **CLAIMS.**

14.1 ASSUMPTION OF RISKS; CLAIMS BETWEEN THE PARTIES. Contractor assumes sole responsibility and all risks of personal injury or property damage to itself and its employees, and agents in connection with Contractor's operations under this Master Agreement. Enterprise Services has made no representations regarding any factor affecting Contractor's risks. Contractor shall pay for all damage to any Purchasing Entity's property resulting directly from its grossly negligent or fraudulent acts or omissions, or acts of willful misconduct under this Master Agreement.

14.2 THIRD-PARTY CLAIMS; INDEMNITY. Contractor shall defend, indemnify, and hold harmless Enterprise Services and any Purchasing Entity and their employees and agents from and against all claims, demands, judgments, assessments, damages, penalties, fines, costs, liabilities or losses including, without limitation, sums paid in settlement of claims, reasonable attorneys' fees, consultant fees, and expert fees (collectively "claims") directly arising from any grossly negligent act or omission, or willful misconduct, of Contractor or its agents and subcontractors under this Master Agreement, except claims caused solely by Enterprise Services or any Purchasing Entity's gross negligence. Contractor shall take all steps needed to keep Purchasing Entity's property free of liens arising from Contractor's activities, and promptly obtain or bond the release of any such liens that may be filed.

14.3 THIRD- PARTY CLAIMS; INDEMNITY - INTELLECTUAL PROPERTY. Contractor shall defend, indemnify and hold harmless Enterprise Services and any Purchasing Entity, along with their officers and employees, from and against claims, damages or causes of action brought against Enterprise Services or any Purchasing Entity including reasonable attorney fees and related costs arising out of the claim that Contractor's operations/products or their use, infringes Intellectual Property rights of any person or entity.

(a) The Contractor's obligations under this section shall not extend to any combination of the Product with any other product, system or method, unless the Product, system or method is:

i. Provided by the Contractor or the Contractor's subsidiaries or affiliates;

ii. Specified by the Contractor to work with the Product; or

iii. Reasonably required, in order to use the product in its intended manner, and in the infringement could not have been avoided by substituting another reasonably available product, system or method capable of performing the same function; or

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

iv. It would be reasonably expected to use the Product in combination with such product, system, or method.

(b) The indemnified party shall notify the Contractor within a reasonable time after receiving notice of an intellectual property claim. Even if the indemnified party fails to provide reasonable notice, the Contractor shall not be relieved from its obligations unless the Contractor was prejudiced in defending the intellectual property claim resulting in increased expenses or loss to the Contractor. If the Contractor promptly and reasonably investigates and defends any intellectual property claim, it shall have no control over the defense and settlement of it. However, the indemnified party must consent in writing for any money damages or obligations for which it may be responsible. The indemnified party shall furnish, at the Contractor's reasonable request and expense, information and assistance necessary for such defense. If the Contractor fails to vigorously pursue the defense or settlement of the intellectual property claim, the indemnified party may assume the defense or settlement of it and the Contractor shall be liable for all costs and expenses, including reasonable attorneys' fees and related costs, incurred by the indemnified party in the pursuit of the intellectual property claim. Unless otherwise agreed in writing, this section is not subject to any limitations of liability in this Master Agreement or in any other document executed in conjunction with this Master Agreement.

14.4 THIRD-PARTY CLAIMS; INDEMNITY: NASPO. Contractor's indemnity obligations set forth above shall extend to an obligation to defend, indemnify, and hold harmless, NASPO and NASPO ValuePoint) to the same extent as Enterprise Services and any Purchasing Entity.

15. DISPUTE RESOLUTION. The parties shall cooperate to resolve any dispute pertaining to this Master Agreement efficiently, as timely as practicable, and at the lowest possible level with authority to resolve such dispute. If, however, a dispute persists and cannot be resolved, it may be escalated within each organization. In such situation, upon notice by either party, each party, within five (5) business days shall reduce its description of the dispute to writing and deliver it to the other party. The receiving party then shall have three (3) business days to review and respond in writing. In the event that the parties cannot then agree on a resolution of the dispute, the parties shall schedule a conference between the respective senior manager of each organization to attempt to resolve the dispute. In the event the parties cannot agree, either party may resort to court to resolve the dispute. For the avoidance of doubt, this Section 15 shall not apply to disputed transactions, which shall be governed by Exhibit G Section 16.

16. DEFAULTS AND REMEDIES.

16.1 SUSPENSION & TERMINATION FOR DEFAULT BY CONTRACTOR. Enterprise Services may suspend Contractor's operations under this Master Agreement immediately by written cure notice of any default. Suspension shall continue until the default is remedied to Enterprise Services' reasonable satisfaction; *Provided*, however, that, if after thirty (30) days from such a suspension notice, Contractor remains in default, Enterprise Services may terminate Contractor's rights under this Master Agreement. In such event, except as otherwise set forth herein, each of the parties' obligations to each other survive termination of this Master Agreement, until such obligations have been fulfilled.

16.2 DEFAULT BY CONTRACTOR. Each OF the following events shall constitute default of this Master Agreement by Contractor:

(a) Contractor materially fails to perform or comply with any of the terms or conditions of this Master Agreement;

(b) Contractor breaches any representation or warranty provided herein; or

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

(c) Contractor enters into proceedings relating to bankruptcy, whether voluntary or involuntary.

16.3 REMEDIES FOR DEFAULT BY CONTRACTOR.

(a) Enterprise Services' rights to suspend and terminate Contractor's rights under this Master Agreement are in addition to all other available remedies.

(b) In the event of termination for default, Enterprise Services may exercise any remedy provided by law including, without limitation, the right to procure replacement goods and/or services. In such event, Contractor shall be liable to Enterprise Services for damages as set forth in this Master Agreement.

16.4 LIMITATION ON DAMAGES.

(a) Notwithstanding any provision to the contrary, the parties agree that in no event shall Contractor be liable to Enterprise Services or any Participating Entity for special, consequential, exemplary or punitive damages. Except as otherwise required under applicable law, Contractor makes no warranty with respect to goods, products, merchantability, or services purchased with a card or the account, or through Contractor. Contractor is not responsible for any failure of a merchant to accept a card issued by Contractor hereunder.

(b) Contractor's liability with respect to each Participating Entity under this Master Agreement for actual damages shall not exceed three times the sum of: (a) all fees paid by such Participating Entity to Contractor under this Agreement in the twelve (12) month period prior to the date when any claim is made against Contractor; plus (b) all other revenue earned by Contractor for all of Enterprise Services' transactions made in the twelve (12) months prior to the date of any claim made against Contractor; provided, however, that in the case of claims (as such term is defined and limited pursuant to and in accordance with Sections 14.2 and 14.3) directly resulting from a data breach (i.e., any access, destruction, loss, theft, use or disclosure of Enterprise Services' Data by an unauthorized party), Contractor's liability with respect to each Participating Entity under this Master Agreement for such damages shall not exceed six times the sum of: (a) all fees paid by such Participating Entity to Contractor under this Agreement in the twelve (12) month period prior to the date when any claim is made against Contractor; plus (b) all other revenue earned by Contractor for all of Enterprise Services' transactions made in the twelve (12) months prior to the date of any claim made against Contractor.

16.5 GOVERNMENTAL TERMINATION.

(a) Termination for Withdrawal of Authority. Enterprise Services may suspend or terminate this Master Agreement if, during the term hereof, Enterprise Services' procurement authority is withdrawn, reduced, or limited such that Enterprise Services, in its judgment, would lack authority to enter into this Master Agreement; *Provided*, however, that such suspension or termination for withdrawal of authority shall only be effective upon twenty (20) days prior written notice; and *Provided further*, that such suspension or termination for withdrawal of authority shall not relieve any Participating Entity or Purchasing Entity from payment for purchases on account (and any related fees or other amounts owed to Contractor) as of the effective date of such notice. Except as stated in this provision, in the event of such suspension or termination for withdrawal of authority, neither Enterprise Services nor any Participating Entity or Purchasing Entity shall have any obligation or liability to Contractor.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

(b) Termination for Public Convenience. Enterprise Services, for public convenience, may terminate this Master Agreement; *Provided*, however, that such termination for public convenience must, in Enterprise Services' judgment, be in the best interest of the State of Washington; and *Provided further*, that such termination for public convenience shall only be effective upon sixty (60) days prior written notice; and *Provided further*, that such termination for public convenience shall not relieve any Participating Entity or Purchasing Entity from payment for purchases on account (and any related fees or other amounts owed to Contractor) as of the effective date of such notice. Except as stated in this provision, in the event of such termination for public convenience, neither Enterprise Services nor any Participating Entity or Purchasing Entity shall have any obligation or liability to Contractor.

16.6 TERMINATION PROCEDURE. Regardless of basis, in the event of suspension or termination (in full or in part), the PARTIES shall cooperate to ensure an orderly and efficient suspension or termination. Unless directed by Enterprise Services to the contrary, Contractor shall not process any orders after notice of suspension or termination inconsistent therewith.

16.7 IF A PURCHASING ENTITY DEFAULTS: (i) it will not have any further right to borrow under the relevant PARTICIPATING Addendum; (ii) all outstanding amounts under the account shall be immediately due and payable; (iii) Contractor may terminate the relevant Purchasing Entity Cardholder Agreement; and (iv) Contractor will have the right to bring suit and exercise all rights and remedies available under applicable law. Alternatively, Contractor MAY, in its sole discretion: (i) suspend all services and obligations; (ii) shorten the billing cycle; or (iii) change the payment terms. The suspension of services and/or obligations will not be deemed a waiver of any right to terminate the Purchasing Entity Cardholder Agreement, whether as a result of the default to which such suspension of services or obligations relates or otherwise. For purposes of this Section 16.7, "default" means if: (a) Purchasing Entity fails to perform any obligation hereunder or, as applicable, the Purchasing Entity Cardholder Agreement; (b) a representation or warranty by Purchasing Entity in connection with this Master Agreement or, as applicable, the Participating Addendum, was incorrect or misleading when made; (c) any petition in bankruptcy, insolvency, receivership, or reorganization or proceeding pursuant to any other debtor relief law is filed by or against Purchasing Entity; (d) any order is entered appointing a receiver, custodian, trustee, liquidator, or any other person with similar authority over the assets of Purchasing Entity; (e) there is an insolvency, dissolution, reorganization, or assignment for the benefit of creditors with respect to Purchasing Entity, or any other material adverse change in the financial condition of Purchasing Entity; or (f) any adverse judgment, order or award is entered against Purchasing Entity that has a material adverse impact on the financial condition of Purchasing Entity or a detrimental effect on the ability of Purchasing Entity to perform its obligations to Contractor.

17. GENERAL PROVISIONS.

17.1 TIME IS OF THE ESSENCE. Time is of the essence for each and every provision of this Master Agreement.

17.2 FORCE MAJEURE. Neither party to this Master Agreement shall be held responsible for delay or default caused by any unforeseeable acts of God including, but not limited to, fire, riot, unusually severe weather, epidemics or pandemics, or war which are beyond that party's reasonable control which said party provides written notice within three (3) calendar days to the other specifying such force majeure event and their detailed plan to resume normal operations; *Provided*, however, that, in the event Contractor declares force majeure, Enterprise Services shall have the right to terminate this Master Agreement if such force majeure event interferes, in Enterprise Services' judgment, with the successful performance of Contractor's obligations under this Master Agreement for more than thirty (30) days; *Provided further*, that this Section 17.2 shall not apply to Enterprise Services' or any

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Participating Entity's obligation to pay the balance on its account under this Master Agreement or, as applicable, any Participating Addendum.

17.3 COMPLIANCE WITH LAW. Each of the parties shall comply with all applicable law.

17.4 INTEGRATED AGREEMENT. This Master Agreement (including all exhibits, schedules and attachments hereto) constitutes the entire agreement and understanding of the parties with respect to the subject matter and supersedes all prior negotiations, representations, and understandings between them. There are no representations or understandings of any kind not set forth herein.

17.5 AMENDMENT OR MODIFICATION. Except as set forth herein, this Master Agreement may not be amended or modified except in writing and signed by a duly authorized representative of each party hereto.

17.6 AUTHORITY. Each party to this Master Agreement, and each individual signing on behalf of each party, hereby represents and warrants to the other that it has full power and authority to enter into this Master Agreement and that its execution, delivery, and performance of this Master Agreement has been fully authorized and approved, and that no further approvals or consents are required to bind such party.

17.7 NO AGENCY. The parties agree that no agency, partnership, or joint venture of any kind shall be or is intended to be created by or under this Master Agreement. Neither party is an agent of the other party nor authorized to obligate it.

17.8 ASSIGNMENT. Neither party may assign its rights under this Master Agreement without the other party's prior written consent and any attempted assignment without such consent to be void.

17.9 BINDING EFFECT; SUCCESSORS & ASSIGNS. This Master Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective permitted successors and assigns.

17.10 ASSIGNMENT OF ANTITRUST RIGHTS REGARDING PURCHASED GOODS/SERVICES. Contractor irrevocably assigns to Enterprise Services, on behalf of the State of Washington, any claim for relief or cause of action which the Contractor now has or which may accrue to the Contractor in the future by reason of any violation of state or federal antitrust laws in connection with any goods and/or services provided in Washington for the purpose of carrying out the Contractor's obligations under this Master Agreement, including, at Enterprise Services' option, the right to control any such litigation on such claim for relief or cause of action. Contractor irrevocably assigns to a state Participating Entity outside the State of Washington any claim for relief or cause of action as described in this subsection, and the same right to control such litigation, in connection with any goods and/or services provided in the Participating Entity's state.

17.11 SEVERABILITY. If any provision of this Master Agreement is held to be invalid or unenforceable, such provision shall not affect or invalidate the remainder of this Master Agreement, and to this end, the provisions of this Master Agreement are declared to be severable. If such invalidity becomes known or apparent to the parties, the parties agree to negotiate promptly in good faith in an attempt to amend such provision as nearly as possible to be consistent with the intent of this Master Agreement.

17.12 WAIVER. Failure of either party to insist upon the strict performance of any of the terms and conditions hereof, or failure to exercise any rights or remedies provided herein or by law, or to notify the other party in the event of breach, shall not release the other party of any of its obligations under this Master Agreement, nor shall any purported oral modification or rescission of this Master Agreement by either party operate as a waiver of any of the terms hereof. No waiver

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

by either party of any breach, default, or violation of any term, warranty, representation, contract, covenant, right, condition, or provision hereof shall constitute waiver of any subsequent breach, default, or violation of the same or other term, warranty, representation, contract, covenant, right, condition, or provision. Similarly, failure of any party to insist upon the strict performance of any of the terms and conditions of any Participating Addendum, or failure to exercise any rights or remedies provided therein or by law, or to notify the other party in the events of breach, shall not release such party of any of its obligations under such Participating Addendum, nor shall any purported oral modification or rescission of such by either party operate as a waiver of any such terms thereof.

17.13 SURVIVAL. All covenants, agreements, and indemnities set forth in or otherwise made pursuant to this Master Agreement shall survive and remain in effect following the expiration or termination of this Master Agreement, Provided, however, that nothing herein is intended to extend the survival beyond any applicable statute of limitations periods.

17.14 GOVERNING LAW. The validity, construction, performance, and enforcement of this Master Agreement shall be governed by and construed in accordance with the laws of the State of Washington, provided that 12 U.S.C. 1831d shall apply on the basis of the location of the Contractor, without regard to its choice of law rules. The validity, construction, and effect of any Participating Addendum pertaining to the Master Agreement or order placed pursuant to such Participating Addendum shall be governed by and construed in accordance with the laws of the Participating Entity or Purchasing Entity's State, provided that 12 U.S.C. 1831d shall apply on the basis of the location of the Contractor.

17.15 JURISDICTION & VENUE. In the event that any action is brought to enforce any provision of this Master Agreement, the parties agree to submit to exclusive jurisdiction in Thurston County Superior Court for the State of Washington and agree that in any such action venue shall lie exclusively at Olympia, Washington; Provided, however, that venue for any claim, dispute, or action concerning this Master Agreement or the effect of a Participating Addendum shall be in the Participating Entity's State.

17.16 SOVEREIGN IMMUNITY. In no event shall this Master Agreement, any Participating Addendum, or any act of the lead State, a Participating Entity, or Purchasing Entity be a waiver of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court. This section applies to a claim brought against the Participating Entities who are states only to the extend Congress has appropriately abrogated the state's sovereign immunity and is not consent by the state to be sued in federal court.

17.17 ATTORNEYS' FEES. Should any legal action or proceeding be commenced by either party in order to enforce this Master Agreement or any provision hereof, or in connection with any alleged dispute, breach, default, or misrepresentation in connection with any provision herein contained, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs incurred in connection with such action or proceeding, including costs of pursuing or defending any legal action, including, without limitation, any appeal, discovery, or negotiation and preparation of settlement arrangements, in addition to such other relief as may be granted.

17.18 FAIR CONSTRUCTION & INTERPRETATION. The provisions of this Master Agreement shall be construed as a whole according to their common meaning and not strictly for or against any party and consistent with the provisions contained herein in order to achieve the objectives and purposes of this Master Agreement. Each party hereto and its counsel has reviewed and revised this Master Agreement and agrees that the normal rules of construction to the effect that any ambiguities are to be

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

resolved against the drafting party shall not be construed in the interpretation of this Master Agreement. Each term and provision of this Master Agreement to be performed by either party shall be construed to be both a covenant and a condition.

17.19 FURTHER ASSURANCES. In addition to the actions specifically mentioned in this Master Agreement, the parties shall each do whatever may reasonably be necessary to accomplish the transactions contemplated in this Master Agreement including, without limitation, executing any additional documents reasonably necessary to effectuate the provisions and purposes of this Master Agreement.

17.20 EXHIBITS. All exhibits referred to herein are deemed to be incorporated in this Master Agreement in their entirety.

17.21 CAPTIONS & HEADINGS. The captions and headings in this Master Agreement are for convenience only and are not intended to, and shall not be construed to, limit, enlarge, or affect the scope or intent of this Master Agreement nor the meaning of any provisions hereof.

17.22 ELECTRONIC SIGNATURES. A signed copy of this Master Agreement or any other ancillary agreement transmitted by facsimile, email, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original executed copy of this Master Agreement or such other ancillary agreement for all purposes.

17.23 COUNTERPARTS. This Master Agreement may be executed in any number of counterparts, each of which shall be deemed an original and all of which counterparts together shall constitute the same instrument which may be sufficiently evidenced by one counterpart. Execution of this Master Agreement at different times and places by the parties shall not affect the validity thereof so long as all the parties hereto execute a counterpart of this Master Agreement.

EXECUTED as of the date and year first above written.

FLEET CARD PRODUCTS

This exhibit details the type of Fleet Card products and services that are within the scope of this Master Agreement. Fleet Card Types include:

- Fleet Card – Physical specialized Commercial Card used to capture fleet-related expenses (e.g., fuel, vehicle maintenance, aviation, marine, electric, repair and service).
- Cardless Account (WEXPay) – Virtual card (no plastic) account used for maintenance services.

WEX CARD PROGRAM

WEX is offering the Universal WEX Fleet Card, a corporate liability card that offers acceptance in all 50 states, at more than 95% of U.S. retail fueling locations, all of which provide Level III data. The card is accepted by all major oil companies and fuel retailers as well as independent merchants, in urban, rural, and remote locations.

The WEX Fleet Card is also accepted at more than 4,000 locations in Canada.

WEX customers can be billed using centralized or decentralized invoicing across agencies and departments as desired. The program supports nine levels of hierarchy, offering robust reporting and billing flexibility.

1. **THE WEX FLEET CARD**

   The WEX Fleet Card program offers best-in-class card functionality, reporting and customer service. Our technology and services include:

   - Level III data capture on 99.8% of transactions, including remote sites that may only transmit Level I or II using MasterCard, for greater insight and fraud protection
   - Nine levels of hierarchy for more flexible reporting and billing options
   - Advanced card-to-PIN functions; ability to tie one card to one PIN, etc.
   - More flexible prompting options at point of sale
   - Acceptance at more than 95% of all retail fuel sites in the U.S., plus expanded acceptance through virtual MasterCard technologies
   - Comprehensive Federal and State tax exemption, reporting and recovery program
   - Robust online reporting tools through WEXOnline®, including ability to schedule and share custom reports
   - Ability to customize data fields and add GL codes for accounts, drivers, vehicles or cards for greater financial control and visibility
   - Control user access to the online system, with advanced administrative functions

2. **WEXPAY™**

   Along with the flagship Fleet card, WEX is offering **WEXPay™**, a tool that enables out-of-network purchases at an additional 398,000 merchants in the MasterCard® network by utilizing a virtual card interface. Typically used for independent or geographically remote fuel and service sites, WEXPay™ provides the control of a fleet card with the convenience of a credit card.

   This out-of-network tool reduces the number of out-of-network sites where drivers would have to use an alternative form of payment.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Using WEXPay™ in conjunction with a Custom Control fleet card lets Purchasing Entity set the rules for drivers. Custom Control cards allow Purchasing Entity to set merchant, transaction, and even product type limits. WEX apply those limits to both WEX Fleet Card and WEXPay™ MasterCard transactions. Expanded coverage combined with integrated reporting and invoicing will further streamline Purchasing Entity fleet purchasing and operations.

How WEXPay Works: As a MasterCard issuing bank, WEX uses Single-Use Account Number technology to authorize a one-time payment to a merchant. The account number provided to the merchant by phone is fast and secure — good only for that one purchase.

When the merchant calls for authorization, WEX applies the Purchasing Entity's purchase controls and collect the same level of purchase detail, including Prompt ID and odometer. WEX integrate the purchase details into Purchasing Entity WEX Fleet Card invoice and reports. One card, one invoice, one report with the same controls and service our Purchasing Entity's expect from WEX.

** Purchases are subject to the MasterCard transaction processing rules and terms of use, including tax exemption rules.*

3. **WEX SERVICE NETWORK**

WEX also offers acceptance for service and maintenance needs through the **WEX Service Network**. WEX Custom Control cards can be used to purchase tires, transmissions, brakes, mufflers, oil changes, glass replacement, car washes, and other routine vehicle maintenance products and services at national brand and local service stations, including Goodyear, Sears, Jiffy Lube, Valvoline, and Bridgestone/Firestone. The WEX card is currently accepted at more than 32,000 locations that provide service.

4. **WEX EV FLEETCHARGE**

The WEX Fleet card also helps government fleets in their sustainability and greening initiatives. If a Purchasing entity is facing mandates to cut emissions, **WEX EV FleetCharge**, WEX's partnership with ChargePoint, allows a Purchasing Entity to use their WEX Fleet card to pay for charges at more than 66,000 Electric Vehicle charging sites. Purchasing Entities will also get reporting on EV charges that integrates with their traditional liquid fueling activity for a total fleet view of their fuel usage.

5. **AVCARD PROGRAM**

Purchasing Entities can manage their aircraft fueling, maintenance, and activity as easily as they manage their ground fleet with the **AVCARD program**. AVCARD — a complete purchasing solution for fuel and related aviation services — is a credit card and contract fuel program used by corporate and private flight departments at both domestic and international airport locations. In addition to the Purchasing Entity's WEX Fleet Card account, WEX can set them up with an AVCARD account, which is integrated with the Purchasing Entity's WEX account.

AVCARD cards function as both a credit card and a contract fuel card. Purchasing Entities only need one card program for purchasing fuel and services from all AVCARD acceptors and/or contract fuel suppliers.

AVCARD is the most widely accepted aviation credit card, providing fuel access at 7,500 locations in more than 190 countries. With an AVCARD account, a Purchasing Entity automatically participate in their Contract Fuel Program, which allows them to receive significant savings on jet fuel virtually everywhere in the world. AVCARD's 24/7 Fuel Dispatch team is available to find, prearrange and quote, Contract Fuel prices worldwide for all trips.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Look up accepting locations by individual IATA/ICAO codes or geographically by country, state and city at WFSCORP.com. Purchasing Entities can also:

- View and download contact information and a detailed listing of specific services provided (catering, rental cars, hangar, etc.)
- Prearrange fuel and services
- Log in to obtain contract fuel pricing
- Request a firm Price Quote by email
- Report a lost or stolen card online or use the toll-free number during business hours

Purchasing Entities can sign up and use the convenient features of the AVCARD program at no additional charge.

6. **MARINE FUEL**

Fleets can purchase gasoline and diesel fuel at **marine fueling locations** through a combination of direct acceptance of the WEX Fleet Card at marinas with branded oil locations through electronic point of sale systems, and at any of the more than 9,500 marina locations that accept MasterCard worldwide. The WEX Fleet Card and WEX*Pay*™ would be used at these accepting locations just like any other fueling location to purchase fuel and related services. Additional terms and conditions apply.

7. **ALTERNATIVE FUEL & ADDITIONAL ACCEPTANCE**

Certain WEX-accepting merchants supply ethanol, natural gas (CNG, LNG), propane (LPG), hydrogen, biodiesel, methanol, and other alternative fuels. So WEX has created an **Alternative Fuel Directory** using transaction information passed to WEX by accepting merchants, and from external sources such as the Department of Energy. This directory contains more than 6,000 WEX-accepting sites that carry at least one alternative fuel type. This directory is available through a download from WEX*Online*®, or can be provided in hard copy for use in vehicles. WEX uniquely reports ethanol, methanol, CNG, LNG, and biodiesel.

WEX is always **increasing its acceptance coverage** for fuel, marina and service locations. Because WEX currently have acceptance at more than 95% of all U.S. fuel sites, our merchant acquisition strategy is driven by the needs of our fleet customers requiring service in remote areas or acceptance outside of domestic coverage. If a fleet customer identifies specific fueling needs, WEX will work toward signing any needed location

If the customer has merchants that they would like to be part of the WEX accepting network who do not already have direct acceptance or cannot utilize the WEX*Pay*™ tool, WEX will request the following information from the fleet:

- Merchant name
- Merchant address
- Merchant contact person
- Phone and fax numbers
- Expected utilization/volume from a Purchasing Entities fleet
- Name and phone number of fleet employee requesting WEX card acceptance

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

WEX will work with all interested parties toward gaining acceptance at the location. This includes either direct agreements or acceptance through our partnerships with network sales organizations and acquirers.

WEX OPTIONAL PRODUCTS /SERVICES

1. **WEX FLEET CLEARVIEW™** is a suite of powerful, cloud-based analytic solutions that automatically organizes, interprets, and intuitively displays fleet-related information. Critical data is presented in an intentional layout of simple and informative visualizations, helping fleet managers monitor operations, understand trends, benchmark performance, investigate anomalies, and recognize cost-saving opportunities.

   With an eye toward designing solutions for fleets with a wide range of needs, WEX ClearView products present complex fleet data in straight-forward and compelling graphics turning information into insights.

   ClearView Essentials. With ClearView™ Essentials, a Purchasing Entity will enjoy actionable insights into fuel expense and driver purchasing that they have not experienced before. Purchasing Entities will quickly see a gain in time savings due to the elimination of manual manipulation and analysis of spreadsheets and identify opportunities to reduce their fuel expense. ClearView™ Essentials, the cornerstone of the ClearView™ analytics product suite, provides a comprehensive range of analysis opportunities: Within the five ClearView™ Essentials modules there are many key pieces of functionality that can be utilized to more comprehensively and accurately analyze vehicles and the employees driving those vehicles each day.

   ClearView™ Advanced. ClearView™ Advanced gives a Purchasing Entity all the data analytics power of ClearView™ Essentials and more. It offers exceptional opportunities for fuel price optimization. In addition, ClearView™ Advanced provides an entirely new channel for communicating with drivers and/or managers, enabling the Purchasing Entity to implement, track, and evaluate the effectiveness of driver messaging campaigns.

   Identify and eliminate costly and unwanted driver purchasing behaviors: ClearView™ Advanced helps Purchasing Entities hone in on which drivers' purchasing habits represent the greatest opportunities for savings. Quickly spot drivers who purchase unnecessary fuel grades or consistently buy from high-priced merchants. Once the drivers are identified, they can be targeted with behavior-specific messaging campaigns delivered via email or text from the ClearView™ platform. Customers using ClearView™ Advanced have experienced success in reducing unwanted driver purchasing behaviors and have realized thousands of dollars in savings. ClearView™ Advanced is add-on feature to ClearVeiw and is optional. The fee is **$0.25/month** (.25 cents) **per active card.**

   ClearView Snap. ClearView™ Snap gives a Purchasing Entity a quick snapshot of their agency's fueling activity in easy-to-interpret charts and graphs that are delivered directly to their inbox on a monthly and/or weekly basis. No login is required. These simple, clean visuals display prior period actuals, period comparisons, and trends over time. Easily share key fueling metrics with senior leadership and the field building awareness and oversight of their fuel card program.

   ClearView Snap™ includes an Alexa voice skill which offers a new delivery channel, daily updates, and limited amounts of transaction-level information. Alexa will verbally relay information about dollars spent, gallons purchased, highest-spending employees, and tracks six savings opportunity and potential misuse exceptions, such as non-regular fuel purchases, exceeding tank capacity, and weekend fueling.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

2. Tax Exemption, Recovery, And Reporting Program

Federal Gasoline and Diesel Excise Tax-Exempt Program. WEX will invoice a Purchasing Entity net of all Federal excise taxes on gasoline and diesel, at the transaction level, regardless of merchant participation if they are qualified as tax-exempt.

State Sales, County and Local Taxes at Participating Merchants. WEX currently offers eligible tax-exempt entities a comprehensive tax exemption and reporting program for applicable motor fuel transactions based on merchant participation. The program supports the following levels of tax, including:

- State Primary (Excise Tax)
- State Secondary (Sales Tax)
- State Special
- County Primary (Excise Tax)
- County Secondary (Sales Tax)
- County Special
- City Primary (Excise Tax)
- City Secondary (Sales Tax)
- City Special

Tax-exempt reporting through WEXOnline®, WEX*Link*™ 300, and the paper PAR (Purchase Activity Report) shows:

- Exempted Tax, at the transaction level
- Reported Tax, at the transaction level
- Summary of tax types by product for both exempted and reported transactions (available on the paper PAR only)

State Sales Tax and County Tax at Non-Participating Merchants. For fueling transactions with those fuel marketers that do not participate in the WEX tax-exempt program, but for which the fleet is eligible to receive tax exemption, WEX reports applicable taxes as "Reported Tax." "Reported Tax" transactions list transactions and tax amounts that WEX does not exempt so the fleet can file for exemption. Many fleets use their WEX*Link*™ data file to aid in the recovery of taxes that could not be excluded through the tax-exempt program. Reporting shows:

- Exempted tax, by transaction
- Reported tax, by transaction
- Summary of tax types by product for both exempted and reported transactions

Tax Exemption for Non-Fuel Purchases. For non-fuel transactions, merchants may provide transactional data to WEX net of tax on a fleet-by-fleet basis at the merchants' discretion. Drivers must supply the merchant with proper documentation of the organizations tax-exempt status at the point of sale. The merchant will send the transaction to WEX, net of tax, for billing.

Qualification. Any fleet participating in this contract will be required to complete a certification process affirming its qualification to receive the tax exemption based upon the rules and criteria set by the appropriate taxing jurisdiction.

Required Data. Tax Exemption processing requires that the merchant provide electronically to WEX the following data points:

- Account Number

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

- Account Name
- Type of Fuel
- Gallons
- Price per gallon
- Total gross sale

Not all transactions may have exemptions applied to them. WEX is not able to exempt applicable fuel taxes on transactions that are provided with certain data elements that are missing and may be autocorrected. Taxing jurisdictions require documentation from the party providing the exemption of the type of fuel, gallons purchased, and price per gallon. There are occasions where the merchant is unable to provide all the required documentation, therefore these transactions will not go through our tax processing. However, if a Purchasing Entity provides WEX with a copy of the sales receipt, WEX can repost these transactions and apply the applicable exemptions.

3. PRIVATE SITE AND BULK FUEL SOLUTIONS

For fleets with private site and bulk fueling needs, WEX offers secure, live authorizations and integrated reporting for onsite bulk fueling transactions. A Purchasing Entity can select one of two options.

Private Site Program. WEX's private site program allows a Purchasing Entity to use the WEX Fleet Card to activate pumps at their onsite bulk fuel tanks, allowing for increased security and asset-level fuel usage reporting on their bulk fuel. WEX captures Driver ID and odometer information, authorizes the card swipe, and provides integrated reporting of the private site transactions with the Purchasing Entities retail transactions while excluding onsite fuel transactions from their invoice.

Private Site Reporting. Private Site Reporting consolidates tracking of onsite and retail fuel transactions into one comprehensive report and allows the Purchasing Entity to monitor private transactions for abuse through purchase controls at the point of sale using their WEX card.

This program provides in-depth reporting of onsite fuel transactions at the vehicle level, integrated with retail fuel purchases. Onsite fuel transactions are excluded from the Purchasing Entity's invoice while providing consolidated comprehensive vehicle level paper and electronic reporting along with their retail transactions.

Once installed, a Purchasing Entity's card readers will be required to retain reportable information so they don't have to. Just like a retail transaction, the driver initiates the data capture by entering the Driver ID and odometer. The card reader will provide the fuel type, gallons, PPG as programmed in the card reader, and total sale. Upon receipt, WEX integrates this key information into the Purchasing Entity's fleet's usage reporting. Card security features help mitigate fuel theft, and comprehensive tracking of usage and consumption will help them better control costs.

Using private site card readers with the WEX Fleet Card Program quickly gets Purchasing Entities on track to minimize time, effort and cost of administering fuel usage.

Transactions that occur at a private site location, utilizing a local (non-networked/non-WEX) authorization, carry no additional costs from WEX. If a site owner were to network their transactions from their owned private site locations to WEX (run each translation through a network to WEX for authorization), there is a **$0.15/transaction** (.15 cent) cost. This is a pass-through cost of using a network.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

4. WEX EMERGENCY FUEL PROGRAM

WEX Emergency Fuel is an optional service may be offered, negotiated and mutually agreed in Participating Addendum.

High Level Overview of program: For public safety and public works vehicles that require 100 percent uptime, guaranteed, **WEX Emergency Fuel** provides peace of mind to public fleet administrators who cannot be caught without fuel in an emergency. Sign up for WEX Emergency Fuel and when weather or a disaster disrupts a Purchasing Entities fuel supply, WEX will connect them with one of our approved partners to get their fleet back on the road with the fuel they need. Guaranteed. Because WEX partners with the leading providers of emergency fueling services, WEX has the necessary supply sources and logistical network to guarantee 100% uptime, including fuel dispensing equipment, mobile fueling trailers, military-grade rapid deployment equipment, high-water fueling vehicles, mini-mobile fueling stations, diesel and gasoline generators and more.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

EXHIBIT B

FLEET CARD REBATE/INCENTIVE SHARE

This Exhibit includes the Rebate/Incentive Share components for Fleet Card Services.

Rebate amounts will be based on total spend less write-offs, returns, and fraudulent charges.

A single payment combining Incentive Share Components 1 and 2 will be paid directly to the Participating State/Purchasing Entity on a quarterly basis as determined in the Participating Addendum. Incentive Share Payments can be made via account credit, mailed check, ACH or EFT payment (standard or non-standard format) as determined in the Participating Addendum. Incentive Share Payments must be received no later than the 60th day following the end of each calendar quarter.

Incentive Share Component 3 will be paid to the Participating State on an annual basis. Incentive Share Payment can be made via mailed check, ACH, or EFT as determined in the Participating Addendum. Incentive Share Payment must be received no later than the 60th day following the end of each calendar year.

Delivery of the rebate may be adjusted in any Participating Entity's Participating Addendum.
1 Basis Point = .0001 or .01%

INCENTIVE SHARE COMPONENTS

1. **INCENTIVE SHARE #1 – STANDARD VOLUME INCENTIVE**

   Each Participating Entity will receive a basis point (percentage) of their quarterly standard sales volume. The formula for calculating the Standard Volume Incentive is:

   Quarterly Total Volume x basis points = Quarterly Standard Volume Incentive.

   Basis Points Offered: 170 basis points (1.70%)

   Conditions. The Rebate set forth herein is expressly conditioned on the following: (1) monthly billing; (2) payment in full within 45 calendar days of the billing date appearing on the Purchasing Entity's invoice; (3) credit approval.

   Quarterly Total Volume spend by all Purchasing Entities for all card liability products in a Quarter. "Quarterly Total Volume" includes the total amount of all purchases made using Cards at retail locations that appear on invoices provided to the Purchasing Entity in three calendar months. Quarterly Total Volume shall not include: (i) those amounts representing credits, disputed items, fees, late fees or charges posted to their accounts (such as returned check fees, collection costs, administrative fees and reporting fees), (ii) fuel purchased at Tier 1 Truck Stop locations* (currently Flying J, Loves, TA, Petro, and Pilot), or (iii) any amounts posted to an account with respect to which a Card has been reported lost or stolen. **Purchasing Entities will be charged the posted cash price at Tier 1 truck stops.*

2. **INCENTIVE SHARE #2 – PROMPT PAYMENT INCENTIVE**

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Each Participating Entity will receive a basis point (percentage) of their Quarterly Total Volume based on the entity's average speed of pay. The formula for calculating the Prompt Payment Incentive is:

Quarterly Total Volume x Basis Points for Entity average file turn days = Quarterly Prompt Payment Incentive.

Note: The payment terms for the Master Agreement is forty-five (45) days.

Conditions. The Prompt Payment Incentive set forth herein is expressly conditioned on the following: (1) electronic reporting (i.e. no paper reports); and (2) our receipt of payment in full in accordance with one of the Average File Turn Days in the Prompt Payment Table.

3. **INCENTIVE SHARE #3 – NATIONAL ANNUAL VOLUME INCENTIVE**
Each Participating State will receive an incentive based on the total National Annual Volume (total annual sales for all Participating States/Participating Entities). The formula for calculating the National Annual Sales Volume Incentive is:

National Annual Volume (for all Fleet products) x basis points = National Annual Sales Volume Incentive.

Conditions. The Rebate set forth herein is expressly conditioned on the following: (1) monthly billing; (2) payment in full within 45 calendar days of the billing date appearing on the Purchasing Entity's invoice; (3) credit approval.

Total annual volume spend by all Participating States/Purchasing Entities for all card products in a calendar year. "National Annual Volume" includes the total amount of all purchases made using Cards at retail locations that appear on invoices provided to the Purchasing Entity in a calendar year. National Annual Volume shall not include: (i) those amounts representing credits, disputed items, fees, late fees or charges posted to their accounts (such as returned check fees, collection costs, administrative fees and reporting fees), (ii) fuel purchased at Tier 1 Truck Stop locations* (currently Flying J, Loves, TA, Petro, and Pilot), or (iii) any amounts posted to an account with respect to which a Card has been reported lost or stolen. **Purchasing Entities will be charged the posted cash price at Tier 1 truck stops.*

Basis Points Offered:

Total Annual Spend	Basis Points
$50,000,000 – $100,000,000	10
$100,000,001– $200,000,000	15
$200,000,001– $300,000,000	20
$300,000,001– $400,000,000	25
$400,000,001+	30

FEES

Below is a list of fees allowed under this Master Agreement.

Fee Type	Fee Amount
Foreign Transaction Fee	1.5% of the total transaction value
Overnight Delivery Fee	$15.00 per occurrence

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

INSURANCE REQUIREMENTS

1. **INSURANCE OBLIGATION.** During the Term of this Master Agreement, Contractor obtain and maintain in full force and effect, at Contractor's sole expense, the following insurance coverages:

   a. COMMERCIAL GENERAL LIABILITY INSURANCE. Commercial General Liability Insurance (and, if necessary, commercial umbrella liability insurance) covering Bodily Injury and Property Damage on an 'occurrence form' in the amount of not less than $2,000,000 per occurrence and $4,000,000 general aggregate. This coverage shall include Contractual Liability insurance for the indemnity provided under this Master Agreement.

   b. COMMERCIAL AUTOMOBILE LIABILITY INSURANCE. 'Symbol 1' Commercial Automobile Liability coverage (and, if necessary, commercial umbrella liability insurance) included coverage for all owned, hired, and non-owned vehicles. The combined limit per occurrence shall not be less than $1,000,000.

   c. WORKERS' COMPENSATION INSURANCE & EMPLOYER'S LIABILITY (STOP GAP). Contractor shall comply with applicable Workers' Compensation or Industrial Accident Insurance providing benefits as required by law, including Employer's or Stop-Gap Liability with a minimum limit of $1,000,000 per accident.

   d. PROFESSIONAL LIABILITY (ERRORS & OMISSIONS) INSURANCE. Professional Liability insurance in the amount of not less than $2,000,000 combined single limit per occurrence, $4,000,000 general annual aggregate for malpractice or errors and omissions coverage against liability for damages because of personal injury, bodily injury, death, or damage to property, including the loss of use thereof, and damages because of negligent acts, errors, and omissions in any way related to this Master Agreement.

   e. CRIME INSURANCE/EMPLOYEE DISHONESTY. Employee Dishonesty and (when applicable) Inside/Outside Money and Securities coverage for State of Washington and/or purchaser owned property in the care, custody, and control of Contractor, including computer fraud. Coverage limits shall not be less than $2,000,000.

   f. CYBER RISK LIABILITY INSURANCE. Cyber Risk Insurance, on an occurrence form. This coverage shall include Contractual Liability Insurance for the indemnity provided under this Master Agreement. Limits are $8,000,000 per claim/annual aggregate.

   The limits of all insurance required to be provided by Contractor shall be no less than the minimum amounts specified. Coverage in the amounts of these minimum limits, however, shall not be construed to relieve Contractor from liability in excess of such limits.

   A cross-liability clause or separation of insured condition shall be included in all general liability, professional liability, and errors and omissions policies required by this Master Agreement.

2. **INSURANCE CARRIER RATING.** Coverages provided by the Contractor must be underwritten by an insurance company deemed reasonably acceptable to the State of Washington's Office of Risk Management. Insurance coverage shall be provided by companies authorized to do business within the State of Washington and rated A- Class VII or better in the most recently published edition of Best's Insurance Rating. Enterprise Services reserves the right to reasonably reject all or any insurance carrier(s) with an unacceptable financial rating.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

3. **ADDITIONAL INSURED.** Except for Workers' Compensation, Professional Liability, and Commercial Automobile Liability, all required insurance shall include the State of Washington and all authorized Purchasers (and their agents, officers, and employees) as an Additional Insureds evidenced by copy of the Additional Insured Endorsement, including blanket Additional Insured Endorsements, attached to the Certificate of Insurance on such insurance policies.

4. **CERTIFICATE OF INSURANCE.** Upon request by Enterprise Services, Contractor shall furnish to Enterprise Services, as evidence of the insurance coverage required by this Master Agreement, a certificate of insurance satisfactory to Enterprise Services that insurance, in the above-stated kinds and minimum amounts, has been secured. A renewal certificate shall be delivered to Enterprise Services within 10 business days of the renewal of any required insurance. Failure to provide proof of insurance, as required, and upon 10 business days prior written notice to Contractor's Risk Manager, could result in contract cancellation. All policies and certificates of insurance shall include the Master Agreement number stated on the cover of this Master Agreement.

5. **PRIMARY COVERAGE.** Contractor's insurance shall apply as primary and shall not seek contribution from any insurance or self-insurance maintained by, or provided to, the additional insureds listed above including, at a minimum, the State of Washington and/or any Purchaser; but only to the extent an indemnity is owed pursuant to this Agreement. All insurance or self-insurance of the State of Washington and/or Purchasers shall be excess of any insurance provided by Contractor; but only to the extent an indemnity is owed by Contractor pursuant to this Agreement.

6. **SUBCONTRACTORS.** Contractor shall include all subcontractors as insureds under all required insurance policies, or shall furnish separate Certificates of Insurance and endorsements for each subcontractor. Each subcontractor must comply fully with all insurance requirements stated herein. Failure of any subcontractor to comply with insurance requirements does not limit Contractor's liability or responsibility.

7. **WAIVER OF SUBROGATION.** Contractor waives all rights of subrogation against the State of Washington and any Purchaser for the recovery of damages; but only to the extent Contractor is legally liable to indemnify the State of Washington and any Purchaser under this Agreement.

8. **NOTICE OF CANCELLATION.** Contractor or its insurer representative shall use best efforts to provide 30 days prior written notice of cancellation of any policy required under this Agreement.

ESTABLISHING A CARD ACCOUNT AGREEMENT

INTRODUCTION

This exhibit explains the process and documentation for establishing an account for an individual Purchasing Entity. Participating States may edit this via the Participating Addendum process.

NEW ACCOUNT & CARD SET-UP: STATE AGENCY ACCOUNTS

In the initial implementation phase, a universal credit line will be established for a Participating Entity based on the Participating Entity's needs and spend requirements. WEX has the ability to place protection against credit lines to ensure a Participating Entity does not experience any service interruptions due to sudden increased spending that can be caused by seasonal, emergency or other unexpected occurrences. This universal credit line then applies to all applicable accounts under the Participating Entity's hierarchy, allowing them to set up accounts without needing to seek a new credit line for each new card set-up.

For new accounts under a Participating Entity's hierarchy, an electronic template is completed and tax exemption information is collected, either through a blanket tax exemption for the Participating Entity, or individually by agency depending on how the Participating Entity is set up with tax identification numbers.

The information required for a new account set-up typically includes account name, DBA account name, account level within the existing Participating Entity's hierarchy, shipping address, and if there are any other further requirements specific requirements a given Participating Entity may have, like ERP integration, etc. Once the information is captured and processed by WEX, an account number is generated and provided to the Participating Entity to complete the proper tax exemption paperwork for enrollment in the WEX Tax Program, assuming it is a financially liable account.

FLEET CARD ENROLLMENT PROCESS: EXISTING PARTICIPATING ENTITY ACCOUNTS

Program administrators can add cards and drivers via the Fleet Manager module of WEXOnline®, WEX's web-based account management and reporting tool, or through WEX customer service or the Participating Entity's Premium Fleet Services Account Manager. The Premium Fleet Services Account Manager is a one-to-one point of contact assigned to the Participating Entity for day-to-day operational support and account needs. The Fleet Manager module allows the fleet manager to add, edit, suspend, reactivate, and terminate cards and drivers, to add and manage card controls, and to view and download invoice details.

Purchasing Entities can also:

- Assign card to driver, vehicle or location
- Transfer cards from one account to another
- Group cards into authorization profiles to enforce their purchasing policies
- Create organizational units or departments to better organize cards, vehicles and drivers for reporting and management purposes (initially added during the implementation phase)
- Edit account information

Card orders: WEX will process requests for replacement cards for lost, damaged, or stolen cards within one business day. If notification is received by 3:30 p.m. Eastern Time, Purchasing Entities can have

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

cards sent that day. They can use their own shipping account number, or be charged a fee to cover the shipping costs. The WEX overnight fee, is included in Exhibit B. If a WEX card is lost or stolen, it should be reported immediately to WEX's Customer Service Department by calling the toll-free number. The Customer Service Department is available 24 hours a day, 365 days a year. The fleet can also notify WEX of the loss, theft, or unauthorized use of any card or account electronically through WEXOnline®.

NEW ACCOUNT AND CARD SET-UP: POLITICAL SUBDIVISION ACCOUNTS

Eligible new accounts using this Master Agreement under a Participating Entity's Participation Addendum (i.e. cities, counties, schools, etc.) will need to complete a Credit Application that references the Master Agreement/Participating Entity's Participating Addendum and have their credit adjudicated independent of the State's line of credit. WEX will collect both the credit application and tax exemption form, both of which can be completed electronically or manually, from the interested entities prior to their account set-up.

*See the WEX Credit Application, attached in Exhibit E, for a political subdivision participation under this Master Agreement.

Note: This Credit Application can be customized and can be discussed with each Participating State during the discussion of their Participation Addendum. A Credit Application will be made for each Participating State to account for the Master Agreement and that state's individual Participation Addendum to the Master Agreement.

			$	$

ACCOUNT SETUP INFORMATION

Write Participating Entity name as it should appear on cards. Limit of 20 characters & spaces. Unless specified, no Purchasing Entity name will appear on cards.

☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐

Billing Contact	Billing Address	City	State	Zip+4

Designate the Fleet Contact authorized to receive all charge cards, reports, and other such information WEX provides from time to time and to take actions with respect to your account and account access. This is also the person designated by the Purchasing Entity to provide all fleet vehicles, driver and other information WEX may request.

Authorized Fleet Contact Name	Title	Phone #	Fax #

Mailing Address (if different from billing address)	City	State	Zip+4

Email address (required to take advantage of product type card controls)

Card Controls: To help WEX estimate the Purchasing Entity's credit needs, indicate the types of cards they anticipate using.

If the Purchasing Entity provides a valid email address above, they can select from these product type options:

☐ All Products ☐ Fuel & Service ☐ Fuel & Fluids with Roadside Assistance ☐ Fuel with Roadside Assistance ☐ Mix of card types

☐ Check here if business is exempt from motor fuels tax

TERMS

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

DEFINITIONS:

"Agreement" means: **Contract No. XXXX effective** for Fuel Cards and Fuel Management Services (the "Agreement") between the **(State of XXXX and NASPO Value Point** and **WEX Bank**.

"Participating Entity" shall mean the Participating Entity as defined in the Agreement permitted to purchase services under the Agreement, as specified in the Credit Information above.

All other capitalized terms used in this Addendum without definition have the meanings set forth in the Agreement.

AGREEMENTS OF WEX BANK AND PARTICIPATING ENTITY:

1. This Addendum is to allow the Participating Entity to participate under the Agreement between WEX BANK and the State. It does not modify, amend or change the Agreement in any way. The parties agree to comply with the terms and conditions of Contract No. XXXX which is referenced and made a part of this transaction.
2. Participating Entity represents that it is authorized or allowed by the laws of its home state to enter into this Addendum and to participate under the Agreement.
3. Participating Entity hereby requests the services of WEX BANK described in the Agreement and agrees to perform all duties of a Participating Entity under the Agreement, including, without limitation, payment of all charges on its account(s) within the time periods provided under the Agreement, payment of any fees provided in the Agreement, and cooperation with respect to providing all necessary information for the administration of the Agreement. Participating Entity agrees to be bound by the terms and conditions of the Agreement, including, without limitation, rules for authorized and unauthorized use of cards, disputes of charges, reporting lost and stolen cards, and all other rules and provisions relating to use of Participating Entity's account.
4. Participating Entity acknowledges that its failure to make timely payment in accordance with the terms of the Agreement and/or the Addendum may result in suspension or cancellation of the account(s). The undersigned represents and warrants that he/she is duly authorized to execute this Addendum on behalf of the Participating Entity and this Addendum is the valid and binding obligation of the Participating Entity, enforceable in accordance with its terms.

INFORMATION SHARING DISCLOSURE: Information regarding Purchasing Entity's transactions may be provided to accepting merchants or their service providers to facilitate discounts or other promotional campaigns of interest to them.

COMPLIANCE WIATH FEDERAL LAW: WEX Bank complies with federal law which requires all financial institutions to obtain, verify, and record information that identifies each company or person who opens an account. Issuer may ask for name, address, date of birth, and other applicable information to identify the Company and/or Account Users.

DISCLAIMER: **THIS IS AN APPLICATION FOR SERVICES AND SHALL NOT BE BINDING UPON WEX BANK UNTIL FINAL CREDIT APPROVAL HAS BEEN GRANTED BY WEX BANK.**

CONTRACTING AGENCY AUTHORIZED SIGNATURE REQUIRED

Any person signing on behalf of the Participating Entity has been duly authorized by all necessary action of Applicant's governing body, and that the undersigned is authorized to make this application on behalf of the Participating Entity.

WEX Online Click-Through Terms and Conditions

1. **General**

   WEX Inc., the parent company of Contractor ("WEX") provides this web site subject to the following terms of use ("Terms"). WEX owns and operates this site. Any Purchasing Entity's continued use of this website constitutes its acceptance of these Terms.

2. **Purpose of the Website**

   The goal of the web site is to provide Any Purchasing Entity with access to information about WEX products and services, and certain functionality with respect to the Business Charge Accounts under or any Purchasing Entity's program. Continued use of the site constitutes the Purchasing Entity's acceptance of these terms and conditions.

3. **Trademarks, Service Marks and Copyrighted Materials**

   WEX controls and operates the website. All content on the website, including, but not limited to, text, photographs, images, illustrations, audio clips, and video clips, is protected by copyrights, trademarks, service marks, and/or other intellectual property rights (which are governed by United States and worldwide copyright laws and treaty provisions, privacy and publicity laws, and communication regulations and statutes). The content is owned and controlled by WEX, its affiliates, or by third party content providers, merchants, sponsors and licensors (collectively the "Providers") that have licensed their content or the right to market their products and/or services to users of this site using this site. Purchasing Entity agrees to abide by all additional copyright notices, information, or restrictions contained in any content that is presented on this site.

   Purchasing Entity's may not use any registered or unregistered trademarks, service marks or copyrighted materials appearing on the website, including but not limited to any logos or characters, without the express written consent of the owner of the mark or copyright. Purchasing Entity may not frame, deep link, or otherwise incorporate into another website any of the content or other materials on this website without WEX's express prior written consent.

   Violation of trademark and copyright laws may result in significant civil liability or criminal penalties under United States and/or worldwide copyright and trademark laws. Purchasing Entity recognizes that any reproduction or use of content, except as authorized by these Terms, is considered intentional infringement.

4. **Use of the Site**

   Purchasing Entity is are accessing this site using the Internet and Purchasing Entity's Internet service provider. Security cannot be guaranteed. WEX hereby disclaims all liability for any security breaches of online communications or for any electronic, computer or other system failures. WEX shall not be liable to any person for loss, liability or damages, including consequential or special damages, arising as a result of any security breaches or system failures or any other defect of the electronic online communication procedures, including, without limitation, loss due to data modification or destruction.

   Purchasing Entity agrees not to use this site for any purpose except (a) access to descriptions of WEX products and services and (b) to the extent agreed with WEX, certain specified functionality with respect to the Business Charge Accounts under Purchasing Entity's program. In using this site Purchasing Entity' agrees not to disrupt or interfere with the site, its services, system resources, nor to upload, post or otherwise transmit any viruses or other harmful, disruptive, inappropriate, illegal or destructive files. Purchasing Entity' also agrees not to use, attempt to use, or access other accounts,

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

or create or use a false identity on the site.

For the avoidance of doubt, the indemnification provisions set forth above are in addition to those set forth in (i) for Fleet Customers, their Business Charge Account agreement(s) and/or terms and conditions and (ii) for Partners, their Program Agreement(s).

WEX reserves the right to terminate or suspend access to wexinc.com, in whole or in part, at any time, without notice.

This site and the information provided on this site is provided "AS IS" without any representation or warranty, express or implied, of any kind, including, but not limited to, warranties of merchantability, noninfringement, or fitness for a particular purpose. WEX, its subsidiaries and affiliates, make no warranty that use of the site or the materials will be uninterrupted, timely, secure, or error free or that defects, if any will be corrected and WEX assumes no responsibility for any damages that may be suffered by any Purchasing Entity, including, but not limited to, losses from delays, nondelivery of content or any communications, errors, system down time, network or system outages, file corruption or service interruptions.

5. Governing Law

WEX Inc. operates this website (excluding linked sites) from our offices within the state of Maine. The website can be accessed from all 50 states, as well as from other countries around the world. These Terms and Purchasing Entity's use of the web site shall be governed by the laws of the State of Washington, without regard to conflict of laws provisions and shall not be governed by the United Nations Convention on the International Sale of Goods. WEX makes no representation that materials on this web site are appropriate or available for use in other locations, and accessing them from territories where the content is illegal is prohibited. Customers who choose to access this web site from other locations do so at their own risk and are responsible for compliance with local laws, including laws regarding the transmission of technical data exported from the United States or the country in which the user resides.

6. Questions

For questions concerning these terms or the products described online please call the following number: 1-800-492-0669, or send inquiries to: WEX Inc., P.O. Box 639, Portland, ME 04104.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

TAX EXEMPTION AND REPORTING PROGRAM

The WEX Tax Exemption and Reporting Program can significantly reduce accounting and administrative time for qualified fleets exempt from motor fuel excise taxes or certain sales taxes — at Federal, state, county or local levels.

Benefits include:

- Net billing of federal excise tax on applicable fuel purchases at any location.
- Net billing of state, local, county and special tax on applicable fuel purchases at participating merchant brands based on local tax laws.
- Detailed reporting of the purchase data and tax exemption.

Exemptions are dependent upon several factors, such as the Purchasing Entity's tax-exempt status for fuel purchases, the taxing jurisdiction's laws, regulations and requirements, and for most state, county and local taxes, require merchant participation. In the event that a transaction cannot be billed "net of tax", a Purchasing Entity will receive detailed reporting showing the full purchase price and the tax paid.

Before WEX can start billing a Purchasing Entity net of applicable taxes on fuel transactions based upon their eligibility, they will need to complete the following required documentation:

1. Tax Exemption and Reporting Program Enrollment form (enclosed)
2. Certificate of Buyer of Taxable Fuel form for federal exemptions (enclosed)
3. Any required State forms – obtain these from the appropriate state governing body.

Please review the enclosed Frequently Asked Questions sheet for helpful information on the program.

IMPORTANT: Purchasing Entities must fill out all forms completely and accurately in order to avoid delays in their program enrollment, so please follow the instructions on the enrollment form carefully.

IRS regulations require that WEX Inc. obtain from a Purchasing Entity, their certification that they are eligible to receive exemptions from federal excise taxes. For all other taxing jurisdictions (state, county, local) a Purchasing Entity may need to submit similar certifications as required by the different taxing jurisdictions. The state certifications may, in most cases, be obtained from the appropriate state's tax department. WEX must have all applicable documents on file prior to providing a Purchasing Entity with exemptions. It is the customer's responsibility to make sure WEX has all of the necessary current forms properly filled out in order to be billed "net of tax".

If a Purchasing Entity has any questions about the program or the enclosed materials, please call WEX at **1-866-841-3542.**

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

TAX EXEMPTION & REPORTING PROGRAM FREQUENTLY ASKED QUESTIONS

Q: If my fleet begins fueling before I have provided all necessary tax exemption paperwork, what will occur?

WEX will not be able to bill a Purchasing Entity net of taxes or report tax exemptions until WEX has received all necessary forms and completed the qualification and setup process.

Q: When will taxes begin to be exempted?

Once WEX receive all the properly completed forms, WEX will complete the tax exemption setup in approximately 3 business days. WEX will then begin calculating applicable exemptions. It is a Purchasing Entity's responsibility to notify WEX of any errors or omissions that they feel may have occurred. If a Purchasing Entity notices any problems, contact the WEX tax department at 1-866-841-3542.

Q: How can a Purchasing Entity determine their fleet's tax-exempt status for fuel, as well as what type of forms they need?

Purchasing Entities should contact their local Department of Revenue for free help and answers regarding their tax-exempt status for fuel and necessary forms. This agency can best assist a Purchasing Entity with questions of this nature.

Q: Will a Purchasing Entity's fleet be exempted from federal fuels excise taxes?

Yes, if the Purchasing Entity is a qualified entity. Federal law effective January 1, 2006 allows a card issuer to invoice qualified fleets net of federal gasoline and federal diesel excise tax for transactions that occur wherever cards are accepted in all 50 states. In order to be exempted from federal fuels excise taxes, a Purchasing Entity will need to complete a Certificate of Buyer of Taxable Fuel in the name of the card issuer.

Q: Does Purchasing Entity's tax-exempt status apply in all states and localities?

The local Department of Revenue, in each state that a Purchasing Entity's fleet will be fueling, will be able to help determine exemption eligibility for each state and locality respectively.

Q: Will a Purchasing Entity receive state and local exemptions anywhere they can fuel with the card?

Not necessarily. Merchant brand participation in the WEX tax program is optional in most states. Merchant participation is not necessary in the following states: Maine, Georgia, Michigan, North Carolina, Alabama, New York and New Jersey.

Q: What should a Purchasing Entity do if their tax-exempt status changes?

The Purchasing Entity should immediately notify WEX by calling the WEX Inc. Tax Exempt Department at 1-866-841-3542.

Q: Do any of these forms expire and if so will a Purchasing Entity be notified prior to the expiration?

Yes. Federal forms expire every 24 months and certain state forms expire as well. Starting at 120 days prior to the expiration of a Purchasing Entity's tax exemption form(s), WEX will send the Purchasing Entity three monthly reminders that renewed forms are required. If WEX has not received renewed tax exemption forms by the expiration date, the tax exemption process will cease until WEX receives the necessary paperwork and no credits will be given.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Q: Will a Purchasing Entity's fleet be exempted from taxes on non-fuel products?

The Tax Exemption Program provides applicable tax exemption and reporting for **motor fuel taxes only**; however, merchants may provide WEX with non-fuel transaction data net of tax on a fleet-by-fleet basis at their discretion. The fleet will need to supply the merchant with proper documentation of their tax-exempt status at the point of sale for this to occur.

Q: What if a Purchasing Entity's fleet is entitled to a refund for motor fuel taxes that cannot be exempted up front through the WEX program?

In these instances, the "non-exemptible" tax is reported (not exempted) on the Purchasing Entity's fleet report. These reported taxes appear at the transaction level and at a summary level, providing them with supporting documentation, which can help them when filing for a refund of the non-exempted taxes.

Q: What types of tax information reporting will a Purchasing Entity receive?

At the transaction level, a fleet report will provide Gross Cost, Exempted Amount, Net Cost and Reported Taxes (for non-applicable taxes). Additionally, a Tax Exemption Summary will provide a detailed list of all taxes exempted, sorted by state and by tax type. Finally, a Tax Reported Summary will provide a detailed list of all taxes reported, sorted by state and by tax type.

Q: How does a Purchasing Entity know how many forms to send in?

If a Purchasing Entity qualifies for Federal exemptions, they need to send in one form per account or one form with a letter certifying all accounts belong to the same FEIN. If a new account is added in the future, a new form or amended certification letter will need to be sent. For state exemptions, each state is different and will be addressed on an individual basis.

Q: What if a Purchasing Entity believes there is an error with their exemptions?

The Purchasing Entity must notify WEX in writing within sixty (60) days of the billing date of the alleged error. WEX requests that the customer provide as many details regarding the error as possible including, but not limited to: transaction date and time, dollar amount and reason for alleging an error.

CERTIFICATE OF BUYER OF TAXABLE FUEL FOR USE BY A STATE OR NONPROFIT EDUCATIONAL ORGANIZATION

(To support credit card issuer's claim for a credit, refund, or payment under § 6416(a) (4) (B) or § 6427(l) (6) (D) of the Internal Revenue Code.)

WEX Account Number (if known):
Federal Tax Identification Number:
Certification:

The undersigned hereby certifies under penalties of perjury that I am the (Title of Officer):

_____

Of (Certifying Entity): _____

Entity Physical Address: _____

Entity Phone Number: _____

And that I am authorized to execute this certificate and that all purchases, are, or will be, purchased using a credit card issued by

(Credit Card Issuer): WEX BANK
7090 Union Park Center, Suite 350
Midvale, UT 84047

Buyer will use the taxable fuel to which this certificate relates for the exclusive use of: (check one)

☐	State government	☐	American Red Cross or Blood Collection Center
☐	Local government	☐	Indian Tribe
☐	Public nonprofit educational organization	☐	Volunteer Fire/Rescue
☐	Private nonprofit educational organization	☐	Foreign Diplomat (they must provide a copy of their PID Card)

and it applies to all exempt purchases of gasoline and diesel fuel, if eligible, using charge cards issued by the Credit Card Issuer named above. Information including the nature and quantity of each purchase of gasoline and diesel fuel (the subject of this Certificate) are evidenced by periodic reports provided by WEX BANK, the above- named Credit Card Issuer.

Certification will be valid for twenty-four consecutive calendar months commencing upon completion and remittance of this Certificate. WEX Inc. may extend the certificate period upon its discretion for an additional period not to exceed four months.

I understand that by signing this certificate, I, as an authorized representative of the entity named above, give up our right to claim a credit or payment for the taxable fuel purchased with the credit card to which this Certificate relates. I understand that the exemption from tax, in this case of sales of articles under the exemption Certificate, is limited to the sale of articles purchased for our exclusive use. I understand that the fraudulent use of this Certificate for the purpose of securing this exemption will subject us, and all parties making such fraudulent use of this Certificate, to fines or imprisonment, or both, together with the costs of prosecution.

The parties agree that a signed transmission shall be considered valid for purposes of this certification and that the parties hereby waive any claim that a transmission does not satisfy the requirements of a signature or writing under applicable law.

TAX EXEMPTION & REPORTING ENROLLMENT FORM

C. TERMS AND CONDITIONS

This Tax Exemption and Reporting Enrollment Form modifies a Participating Entity's charge card agreement based on their participation in the Tax Exemption and Reporting Program ("Program"). Signature on this form and a Participating Entity's continued use of their account constitutes acceptance of these terms and conditions. All capitalized terms contained herein shall have the same meaning as in the Master Agreement with the Contractor unless otherwise expressly provided herein. Except as amended hereby, the charge card agreement governing your account remains in full force and effect.

TAX EXEMPTION AND REPORTING PROGRAM

a. The tax exemption and reporting program (the "program") permits qualified tax-exempt Participating Entities to be billed net of certain "Applicable Taxes" (as defined herein and in Exhibit F). By completing this enrollment form the Participating Entity is electing to participate in the program. The Contractor will enroll a Participating Entity in the program upon receipt by Contractor of all of the Participating Entity's enrollment materials, including all required certificates, and validation of the Participating Entity's tax-exempt status. Upon completion of the Participating Entity's enrollment, their invoices will reflect the net amount due with a line item indicating total "Applicable Taxes" (as defined herein and in Exhibit F). The Participating Entity's reporting will provide a specific breakdown of Applicable Taxes deducted for each taxing authority or jurisdiction. Applicable Taxes are those federal, state, county and/or local taxes levied on the purchase of gasoline or diesel fuel for which the Participating Entity has provided the proper documentation to the Contractor showing their exempt status, and for which such documentation has been accepted by us and for which the Program provides exemption[1].

b. As the Participating Entity's credit card issuer, the Contractor has elected to provide Participating Entities with net billing of Federal excise taxes on fuel based upon the participation requirements in section (a) above. The Contractor will file a claim for refund with the Internal Revenue Service for these taxes. The Participating agrees that they may not file a claim for refund of any federal excise tax exempted by the Contractor and not billed to the Participating Entity by the Contractor.

c. For state, county, special and local taxes, merchants have the option of electing to participate or not to participate in the Contractor's program based on their own preferences and ability to obtain refunds from state/local taxing authorities. Transactions that occur at merchant locations not participating in this program will be billed to Participating Entities with the tax included regardless of their exempt status. In these instances the Participating Entity's reporting will contain a detailed listing of their transactions and the taxes charged to them. This information may assist a Participating Entity in filing their own claims for refunds if they so desire. Participating Entities agree that they may not file a claim for refund of any state, county, special or local taxes exempted by a participating merchant and not billed to them by the Contractor.

d. The tax certificates and other pertinent documentation on which a Participating Entity's exemption is based must be received by the Contractor from the Participating Entity in

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

order for the Contractor to provide the Participating Entity with net billing of any Applicable Taxes. These documents are required to be completed prior to any net billing of Applicable Taxes in order for the Contractor or a participating merchant to recover such exempted taxes from the applicable taxing jurisdiction. The Contractor shall have no responsibility to verify the correctness of the certificate supplied by a Participating Entity and shall be entitled to rely thereon in preparing the reports and tax exemptions until such time as the Contractor is notified by a Participating Entity in writing of a change in any such data. The Contractor reserve the right to terminate a Participating Entity's participation in the program, provided, however, that such termination shall not terminate the underlying Mater Agreement between the Participating Entity and the Contractor.

e. The Contractor shall calculate tax exemptions based on Internal Revenue Service or other applicable taxing authority guidelines for transactions made by the Participating Entity. For state, county and local taxes, only those transactions agreed upon by the participating merchant shall be treated as tax exempt[1]. If the Contractor is obligated to reimburse a participating merchant for any actual loss incurred or rebill a Participating Entity for any taxes previously exempted (including refunds denied and assessments of previously made refunds and penalties) attributable to the provision of a tax exemption to them, they hereby agree to reimburse the Contractor for said losses incurred.

f. For non-fuel transactions, merchants may provide transaction data to the Contractor net of tax at their sole discretion. Participating Entities would need to supply the merchant with proper documentation of their tax-exempt status at the point of sale. The merchant will send the transaction to the Contractor and the Contractor will bill the Participating Entity net of tax for those transactions. The Participating Entity will not receive reporting of taxes levied or exempted for non-fuel purchases.

g. The Contractor shall comply with reasonable requests for information retrieval made by the Participating Entity.

h. The Contractor cannot apply exemptions to transactions that occurred prior to the Contractor's receipt and acceptance of the Participating Entity's completed certificates.

i. The Contractor shall use reasonable efforts to correctly calculate the amount of tax included in each account arising from a tax exempt sale. The Contractor shall recalculate taxes only in cases where the Contractor miscalculated the original taxable transaction.

j. The Contractor disclaims all warranties in connection with tax-exempt reporting and invoicing and shall not be responsible for the accuracy or completeness of such reports. In no event shall the Contractor be responsible for loss, liability or damages, including consequential or special damages, costs and expenses, including taxes, penalties, interest and attorney's fees that arising as a result of any inaccurate or incomplete report which the Participating Entity may suffer or incur in connection with or arising out of the tax-exempt reporting/invoicing service offered hereunder.

WEX FLEET CLEARVIEW ENROLLMENT PACKET

1. Complete parts A and B.
2. Be sure to sign and date the form at the bottom.
3. Email to the Purchasing Entity's WEX Relationship Manager, (Fill in name and email address)

A. ACCOUNT INFORMATION

Company Name:	**Account Number:**
Authorized Fleet Contact Name:	
Fleet Contact Phone Number:	Fleet Contact Fax Number:
Authorized Fleet Contact Email:	

B. SERVICE OPTIONS

1. Please choose the ClearView product Purchasing Entity plans to enroll in at this time:
   - ☐ **ClearView Essentials** — Volume & Spend, Exceptions, Reports, Community, and Admin modules, Driver and Vehicle Detail, product code and odometer cleansing algorithms, and VIN decoding.
   - ☐ **ClearView Advanced** — Includes Essentials services plus additional functionality such as Fuel Price Explorer, Cost Outliers, Driver Fuel Purchasing Analysis, Driver Messaging, and Campaign Management and Tracking.
2. ClearView Essentials and ClearView Advanced customers can elect to enroll in ClearVieaw Snap for free by checking the box below:
   - ☐ **ClearView Snap** — Key purchasing information and analysis displayed in visual dashboards delivered automatically by email on a weekly and/or monthly basis. Instant voice command access and accompanying visuals using Snap's Alexa Skill.

C. FEES

WEX shall charge the following fee based on the Purchasing Entity's product election above:

(i) ClearView Essentials and ClearView Snap: $0.00 per month

(ii) ClearView Advanced: $0.25 per active card per month.

(Active card is defined as a card that is in active status vs. suspended or terminated status).

WEX reserves the right to change fees with prior written notice.

The ClearView program term will coincide with the Purchasing Entity's card program contract term.

By signing this form, the purchasing Entity agrees to the ClearView (and, if applicable, ClearView Snap) Terms of Use, which supplement the terms of the Purchasing Entity's credit agreement, included herein. The Purchasing Entity further represent that they are authorized to sign on behalf of their company.

WEX Fleet ClearView™ Terms Of Use

1. **General:** WEX Inc. ("we," "us" and "our") will provide the ClearView platform ("CV") to the Purchasing Entity named in this Enrollment Form (also known as "you", and "your") subject to the following terms of use (the "Terms"). These Terms supplement the general terms of use for our online products as well as your credit agreement with WEX Bank or an approved WEX Issuer and may be used by you only for the purposes set forth in these Terms. You agree to abide by the Terms which shall be applicable to you upon your completion of this Enrollment Form. If you have any questions, please call our Customer Service department at 1-800-492-0669.

2. **Purpose of WEX Fleet ClearView:** The goal of CV is to allow you to perform data analysis for your Accounts (the "Purpose") through the use of this platform. You agree not to use CV for any purpose except to perform analysis on your Account data.

3. **Link and License:** You may access CV using the user login information we provide. We grant you a non-exclusive, non-transferable, limited right to log in and access CV. You agree not to purposefully interrupt or attempt to interrupt the operation of CV, its services or system resources in any way and you may not modify CV in any way nor upload, post or otherwise transmit any viruses or other harmful, disruptive, inappropriate, illegal or destructive files.

4. **Access and Security:** You will access CV using the Internet and your Internet service provider through portals provided by WEX and subject to the terms previously agreed to under your credit agreement with WEX Bank and any online terms previously agreed to for access to our products and features via our online portals.

5. **Important Disclosures:** The availability and effectiveness of portions of CV is dependent upon product codes that the merchant transmits to us. The product codes are assigned by each merchant, and as such, we are not responsible for inappropriate product code assignment, or any claims arising or damages resulting therefrom.

   ClearView includes machine learning algorithms that cleanse erroneous data we receive from third parties. WEX assumes no responsibility for any damages that may be suffered by you due to the use of CV's correction algorithms, in particular but not limited to any subsequent tax filings that you may make using reporting features on CV. WEX does not recommend that you use CV to submit for any fuel tax exemption reimbursements as revenue agencies may not accept this as evidence of your purchase and may still require actual sales receipts. Machine learning algorithms delivered in CV are not integrated with any other WEX systems or reporting.

   On occasion, we will make new products, modules, and functionality available to customers during a free trial, pilot, or beta test. We make no warranty that this new functionality will be error free or that defects, if any will be corrected, and we assume no responsibility for any damages that may be suffered by you due to the use of this functionality. Further, we reserve the right to alter and/or discontinue any new products, modules, and functionality that are offered as part of a free trial, pilot, or beta test.

   CV works best with more current versions of internet browsers, such as Chrome and Firefox. Use of older browsers, more specifically Internet Explorer (IE), is not recommended and should not be used to access and use CV. We assume no responsibility for sub-optimal CV use that may result by using a non-recommended browser.

   We will make an attempt to port in data from other programs and systems, such as customer-generated or third party data. We make no warranty that we will be able to successfully import non-WEX originated data into CV or that if successful this data will be error-free or that defects, if any, will

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

be corrected, and we assume no responsibility for any damages that may be suffered by you due to the use of this data.

Data, such as transactional data from a card swipe, could take up to 24-48 hours to load into CV.

6. **Modifications:** We reserve the right to modify, change or discontinue any aspect of CV and the products and services accessed via CV at any time upon 15 days prior written notice. We may also impose limits on certain features and services or restrict your access to parts or all of CV without liability.

7. **Versions:** New Versions: We may publish revised and/or new versions of both modules and documentation, such as the CV Quick Start Guides, from time to time ("New Version" or "New Versions").

   Effect of New Versions: When a New Version is published and/or revised, we may modify the Terms applicable to the New Version. You may commence using the New Version once published and/or revised at your election. You will be required to agree to any additional terms of use for a New Version prior to using any New Versions.

   Retirement of Versions: We may make CV product obsolescence and retirement decisions that maximize customer and marketplace benefits. We will notify you of such planned obsolescence and retirement decisions.

8. **Representations and Warranties:** CV is provided "AS IS" without any representation or warranty, express or implied, of any kind, including, but not limited to, warranties of merchantability, or fitness for a particular purpose. Notwithstanding the foregoing, we represent and warrant that to the best of our knowledge and belief: (i) the content developed by us available through CV: (a) does not and will not infringe any copyright, trademarks or trade secrets of any third party; and (b) does not and will not constitute a defamation or invasion of the rights of privacy or publicity of any kind of any third party, and (ii) CV does not violate the laws, statutes or regulations of any jurisdiction.

9. **Assignment:** You may not sell, assign, transfer or otherwise convey any of your rights or delegate any of your duties under these Terms without our prior written consent.

10. **Independent Parties:** Nothing in these Terms shall be deemed to constitute, create, give effect to, or otherwise recognize a partnership, joint venture or formal business entity of any kind or create a fiduciary or similar relationship between the parties not in existence prior to the effective date of these Terms; and the rights and obligations of the parties shall be limited to those expressly set forth herein.

11. **Questions:** For questions concerning these Terms, please call the following number: 1-800-492-0669, or send inquiries to: WEX Inc., 97 Darling Avenue, South Portland, ME 04106. Be sure to include your account number with all inquiries. For questions concerning CV, please email WEX at support@wexclearview.com.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

ADDITIONAL CLEARVIEW™ PRIVACY ISSUES

1. **Consumer Privacy Rules**

   The objective of this Privacy Policy is to provide you with a clear, concise and accurate statement of how WEX handles customer information. Please note that our products and services are intended to be used only for commercial and business purposes. As our products and services are not intended to be used for personal, family or household purposes, consumer privacy protection laws and regulations do not apply to our information handling practices for these programs. This Privacy Policy is not a statement of intent to be bound by or comply with such laws and regulations.

2. **Security**

   WEX recognizes the importance of secure online interaction, and we utilize a number of methods to safeguard your transmissions. Our Website is hosted on secure servers with firewall protection. WEX uses Secure Socket Layer (SSL) encryption technology on our Website and information that is gathered is stored within secure databases protected by multiple firewalls. As effective as current encryption technology is, however, no security system is impenetrable. We cannot guarantee the security of our databases, nor can we guarantee that the information provided via our Website will not be intercepted while being transmitted to WEX over the Internet.

3. **Children**

   WEX provides only business services and does not intend to collect or knowingly collect any information from or about children. It is possible that a child may impersonate a company representative and attempt to access or use this Website and, in so doing, provide the child's name, address, phone number, fax number, email address and other identifying information. When such information is received and WEX is aware that the individual providing the information is a child, the information is used only to reject the child's application and is immediately deleted by WEX. Such information is never shared with third parties. WEX cannot always determine if a visitor to its Website or the sender of an email is a child.

4. **Cookies**

   Our Website makes use of a standard feature of browser software called a "cookie" to assign each visitor a unique, random number. A cookie is a file that identifies a computer as a unique user. Cookies may be used to facilitate your use of our Website, to maintain site security and to improve our Website. Most browsers are initially set up to accept cookies. You may be able to reset your browser to refuse all cookies or to indicate when a cookie is being sent. If cookies are disabled, however, our Website (and other Websites) may be harder to use. A cookie cannot read data stored on the hard drive of a computer.

5. **Links to Other Websites**

   Our Website contains links to other sites whose information practices may be different than ours. If you click on a banner or other hyperlink, you may be transferred off of this Website. Our inclusion of hyperlinks to these websites does not imply any endorsement of the material on such web sites or associations with the operators of the websites. Our Privacy Policy does not extend to these sites or the internet. You should consult the other sites' privacy notices as WEX has no control over information that is submitted to, or collected by, these third parties and how that information is used.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

6. **Security of your Data in Cloud-Based Storage**

   ClearView uses cloud-based databases and employs a sophisticated firewall that protects from hackers and intruders attempting to gain access to your fleet data. As a protective measure, ClearView does NOT store full card numbers.

7. **Security of Your Data across the Internet**

   A third layer of security is data encryption, or SSL, between the web server and your browser. Encryption helps prevent technically sophisticated individuals who have the desire, tools, and opportunity from intercepting your data as it travels over the Internet.

   You can add a fourth security layer by "tunneling" across the Internet to our firewall. Tunneling requires installation of additional software and a fixed IP address, which may be acquired from your local systems

   Technical questions and concerns relating to security should be directed to the WEX Inc. Webmaster at webadmin@wexinc.com. For questions relating to usage, please email support@wexclearview.com.

WEX PRIVATE SITE ENROLLMENT PACKET

Secure, live authorizations and integrated reporting for onsite bulk fueling transactions.

Choose Between Two Program Options:

1. **Private Site Program:** Allows Purchasing Entity to use the WEX Fleet Card to activate pumps at Purchasing Entity's onsite bulk fuel tanks allowing for increased security and asset-level fuel usage reporting on Purchasing Entity's bulk fuel. WEX captures Driver ID and odometer information, authorizes the card swipe, and provides integrated reporting of the Private Site transactions with Purchasing Entity's retail transactions while excluding onsite fuel transactions from Purchasing Entity's invoice.
2. **Private Site Rebilling Program:** Combines the same features and functionality of the private site program with the ability to allow other WEX Universal fleets to fuel at Purchasing Entity 's onsite bulk tank.* Purchasing Entity will receive a private site report that details all of Purchasing Entity transactions—both non-financial and rebilled. WEX will handle the reconciliation and settlement on Purchasing Entity behalf. WEX will bill the visiting fleet. Funds from the visiting fleet transactions will be automatically deposited in Purchasing Entity's bank account via ACH 30 days after the transaction posts in the WEX system.

   How It Works:
   - Fleet must have or install certified card readers (see certified equipment vendor list)
   - Drivers, who fuel at the site, are prompted for Driver ID and Odometer reading
   - Card reader provides fuel type, gallons, PPG, and total sale
   - WEX integrates the information into Purchasing Entity's fleet's reports
   - Depending on Purchasing Entity's set-up, certain fees may apply

   The Benefits:
   - Consolidates tracking of Purchasing Entity's onsite and retail fuel transactions into one comprehensive report.
   - Minimizes time, effort, and cost of administering fuel usage.
   - Purchase controls available through the Purchasing Entity's WEX card monitor private site transactions for card abuse and misuse.

   Easy Processing:
   - Driver swipes their WEX fuel card at the onsite card reader.
   - Card reader prompts driver for Driver ID and odometer reading on vehicle.
   - Card reader dials out via network to WEX for authorization.
   - WEX authorizes sale and pump activates.
   - Driver fuels vehicle.
   - Card reader sends final sale to WEX via network.
   - WEX processes this information and posts the information in Purchasing Entity's fleet reporting.

   *Rebilling functionality is only available for certain types of programs. Please contact the Purchasing Entity's WEX Sales Representative for more information.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Set-up and Maintenance

1. Customer contacts certified equipment providers found in the Private Site Agreement Packet
   - Customer obtains quotes, makes a purchase, and has the equipment installed
   - If the customer already owns equipment; they contact the vendor to confirm they have what is needed to process WEX
2. Customer completes the WEX Private Site Agreement Packet*
3. Customer emails the packet to MerchantApplications@wexinc.com
4. WEX begins the setup in WEX Systems**
5. WEX reaches out to the network to obtain a terminal ID number
6. WEX uses the terminal ID number to complete the setup
7. WEX emails a checklist containing the terminal ID and WEX Site ID to the customer
8. Customer reaches out to equipment provider or tech, and provides them with the checklist
9. Using the checklist, the tech contacts the network number provided to complete the setup

*Agreement is sent to WEX after the equipment has been installed
**Steps 3 – 7 are completed in 3-5 business days. WEX is unable to completed same-day setups.

PRIVATE SITE OWNER	*WEX*	NETWORK
SETUP		
1. Purchase or validate existing POS equipment and software with Purchasing Entity's vendor. All equipment must be certified by WEX. See the attached list of vendors to ensure a certified equipment purchase.		
2. Provide a completed and signed Private Site Agreement (see attached) to WEX. *If participating in Rebilling, complete the Rebilling portion of the agreement as well.	3. WEX Merchant Operations updates the fleet accounts, including transaction pricing, setup costs and site(s), and works with the Network to obtain the Purchasing Entity's Private Site Merchant / Terminal ID. *If participating in Rebilling, Merchant Operations will set up the banking information needed for settlement.	
	4. Confirms set up of all locations and sends the Purchasing Entity the Welcome Packet that includes Purchasing Entity's Network assigned and WEX Site ID's.	
5. Contact Purchasing Entity's Equipment Provider to initiate a software download to complete the setup process.		
6. Run connectivity test with equipment vendor and network to assure transactions are authorizing and posting correctly.		
ONGOING

E. WEX BANKING AUTHORIZATION FORM (Rebilling Only)

BANK ACCOUNT INFORMATION

Private site owner/operator hereby authorizes and requests WEX to make payments of amounts owing to private site owner/operator by WEX by initiating credit entries to private site owner/operator's demand deposit account at the Bank indicated below ("private site owner/operator's bank"), and authorizes and requests private site owner/operator's bank to accept any credit entries initiated by WEX to such account without responsibility for the correctness thereof. In the event of an overpayment or payment in error, private site owner/operator hereby authorizes WEX to initiate a debit entry to the account for each overpayment or payment in error. It is understood that for purposes of this Agreement, the term "private site owner/operator's bank" shall mean and include the bank identified below by private site owner/operator and any successor bank identified to WEX (i) in a Notice of Change provided to WEX by any Automated Clearing House Association processing credit or debit transactions under this Agreement, or (ii) by private site owner/operator, whether orally or by other non-written means. Any such notification to WEX shall be effective only with respect to entries credited to private site owner/operator's account by the Bank after receipt of such notification and a reasonable time to act upon such notice. Private site owner/operator agrees and acknowledges that WEX will not be liable to private site owner/operator for any damages resulting from the performance or the failure to perform of any Automated Clearing House Association. Funds from the visiting fleet transactions will be automatically deposited in the private site owner/operator's bank account via ACH 30 days after the transaction posts in the WEX system.

PRIVATE SITE OWNER/OPERATOR: The undersigned represents and warrants to WEX that all of the terms and conditions of this WEX Private Site Program Application consisting of this entire document in addition to any other document or addendum including the EX Private Site Program Application have been reviewed in their entirety, are true and correct, and set forth the agreement between WEX and the private site owner/operator. Additionally, the undersigned represents and warrants that he or she has authority to sign and to bind Merchant to the terms of this Application. Also, the undersigned represents that the undersigned has the authority to provide information and execute this Application on behalf of the private site owner/operator. The Agreement shall only become effective upon WEX's acceptance of the Agreement and the Application at its headquarters following approval, and the assignment to private site owner/operator of a private site owner/operator processing identification number. The private site owner/operator further affirms that they are establishing a credit card processing relationship with the processor indicated on the attached WEX private site application. Once WEX begins processing credit cards through this processor, our company does not intend to process any transactions through a processing agreement with a branded petroleum marketer.

By signing and submitting this Private Site Agreement, the Purchasing Entity agrees to adhere to the WEX Private Site Card Sale Procedures incorporated herein as Exhibit A.

G. FEES

WEX shall charge the following fees:

(i) a set-up fee waived per site; and

(ii) a transaction fee of $0.15 for each card sale that is made using the private site owner/operator WEX charge card account.

(iii) a transaction fee of $0.15 for each WEX card sale that is made by a visiting fleet ("Foreign Transaction Fee") will be assessed to such visiting fleets for (iv) the purchases that they make using the sites set forth herein.

(v) WEX may increase the transaction fees, in its sole discretion.

☐ Check box if the Purchasing Entity has a separate negotiated rate under a Master Contract. Include the contract with their Private Site Agreement submission.

The contract is needed in order for set up to be completed.

H. MISCELLANEOUS

The parties agree that a signed facsimile transmission shall be considered valid for purposes of this enrollment form and satisfies the requirements of a signature or writing under applicable law. The undersigned represents and warrants to WEX that all the terms and conditions have been reviewed in their entirety, all information provided in this request form is true and correct, and he or she has been duly authorized to sign and to bind the private site owner/operator to the terms of this agreement.

WEX PRIVATE SITE CARD SALE PROCEDURES

1. Method of Transmission Of Card Sales To WEX

A. MERCHANT shall have the necessary equipment to permit the electronic acceptance of the Card at its Distribution Sites including but not limited to their point of sale equipment and networking services.

B. MERCHANT shall collect and transmit the Card Sale data in accordance with the WEX Technical Specification. Merchant shall obtain from WEX the necessary acceptance certification for its network and equipment that will be used for processing sales transaction.

2. Minimum Card Sale Processing Requirements

A. Card Sale data sent to WEX shall include: account number, vehicle number, driver identification number, sales date, sales time, site identification number, authorization number, product code(s), quantity, total sales amount (in dollars), odometer, ticket number and any other information as WEX and MERCHANT may mutually agree upon. MERCHANT is responsible for the inclusion of any applicable taxes on the fuel when allowing a non-tax exempt fleet to utilize the fuel at its locations. WEX will not add any taxes to the total PPG of any private site transactions transmitted by MERCHANT.

B. All Card Sales require an authorization or approval from WEX. MERCHANT shall request such authorization from WEX for the total Card Sale amount prior to sending the Card Sale to WEX for processing.

C. WEX does not provide pre-authorizations, nor does it place available credit on "hold". If MERCHANT calls prior to completion of the services being provided to the cardholder, MERCHANT still needs to obtain an authorization number upon completion of the services or Card Sale to obtain payment from WEX.

D. An authorization or other approval code is not a guarantee that MERCHANT will receive payment. WEX does not provide payment to merchants based upon receipt of information during the authorization process. MERCHANT is still required to submit the completed Card Sale, including the authorization or other approval code, to WEX. Obtaining an authorization without submitting the completed Card Sale to WEX may result in non-payment by WEX for such Card Sale.

E. MERCHANT shall not accept payment through use of an expired Card or when advised upon authorization inquiry, that the Card is not to be honored.

F. MERCHANT shall never make a Card Sale when MERCHANT believes or has reason to believe that the Card may be counterfeit or stolen or the Card Sale is in any way fraudulent or otherwise suspicious.

G. Merchant shall maintain a record of all information required in Section 1.3.A above.

H. If the Card Sale is not an island card reader transaction ("pay-at-the-pump"), MERCHANT shall require the cardholder to sign the transaction receipt unless the total for the Card Sale is less than $25.

I. Any Card Sale data received by WEX from MERCHANT by 5:00 p.m. Eastern Time ("ET") shall be treated as having been received on the next business day.

J. MERCHANT shall not divide the price of goods and services purchased in a single transaction among two (2) or more transaction receipts for billing to WEX.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

K. Merchant must not submit Card Sales until Products are delivered.

L. A Card must be present at the time of purchase. In the event that MERCHANT processes a Card Sale when the Card is not presented, MERCHANT bears the risk of the sale being charged back.

M. MERCHANT shall maintain a record of the Card Sale, including all sales data required for a period of **one (1) year**. Upon the reasonable request of WEX, such records shall be provided to WEX within **thirty (30) calendar days** of WEX's request. Failure to provide the requested record will result in a charge back of the Card Sale to MERCHANT.

3. Data Input and Transmission

A. Merchant is responsible for the data entry of Card Sale information by its personnel, or representatives. All data shall meet the WEX Technical Specification and shall be in good and usable condition.

B. If information pertaining to any Card Sale is garbled in transmission such that part or all of the record is likely to vary from what MERCHANT transmitted, WEX may advise MERCHANT of the suspected inaccuracy and request retransmission of the record or other appropriate confirmation. WEX may, with notice to MERCHANT, withhold payment for such Card Sales until the record is retransmitted or MERCHANT provides other appropriate confirmation.

C. If MERCHANT has not provided WEX with required information or that WEX needs to interpret, verify, or validate a Card Sale, WEX may, withhold payment for such Card Sale until MERCHANT sends WEX the necessary information. WEX may make appropriate adjustments in its settlements with MERCHANT to reflect the receipt or correction of any such Card Sale information. WEX shall provide notice to MERCHANT of any Card Sales that it is not able to process due to errors or missing information through its daily settlement reports.

D. MERCHANT shall submit all Card Sales to WEX for processing within **thirty (30)** days of the transaction date. WEX may accept transactions up to **one hundred and twenty (120) days** from the date of the transaction for processing and billing to the fleet, however, reserves the right to chargeback any such transaction that is disputed by a fleet customer.

E. MERCHANT authorizes WEX to refer to a default price per gallon table, which may be used when the calculated price per gallon for the transaction falls outside of WEX's acceptable range of pricing which is updated from time to time by WEX based upon market conditions. The table is based upon average price per gallon data collected from all merchants who accept WEX Cards.

F. MERCHANT authorizes WEX to refer to the authorization log to obtain information to complete the processing of transactions in the event that errors are detected by WEX during processing. It is understood by the parties that the information contained in the authorization log is the "actual, real-time" information received by WEX from the MERCHANT at the time the use of the charge card was authorized. If sufficient information is not available in the authorization log to correct any errors in the transaction file received by WEX from MERCHANT, then these transactions will be returned back to MERCHANT for correction.

G. Use of the defaults in Section 1.3.E and 1.3.F above does not affect the total transaction value submitted for settlement and is only used to facilitate reporting to fleet customers. It does not relieve MERCHANT of its requirements to provide accurate and complete data as set forth in 1.2.A for Card Sales.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

WEX PRIVATE SITE CARD SALE FREQUENTLY ASKED QUESTIONS

How does it work?

Drivers swipe their WEX fuel cards through the Purchasing Entity's WEX-certified equipment reader and enter a Driver ID and the vehicle's odometer reading. The transaction information is transmitted by the network to WEX for approval. In a matter of seconds, a driver using an authorized card can begin fueling. All of the Purchasing Entity's transaction information appears on their WEX purchase report.

What equipment will a Purchasing Entity need?

A purchasing Entity will need to purchase a card reader (or upgrade existing equipment) to match WEX and network requirements (see certified equipment vendor list).

What is the cost?

There is a one-time set up fee that is waived and a $0.15 per transaction fee. Costs to purchase new card readers (or upgrade current equipment) vary by vendor so the Purchasing Entity will need to negotiate their purchase.

Are there other costs that might be associated with set up?

Depending on Purchasing Entity's chosen network and equipment vendors, there could be additional hardware and software costs. Please contact the Purchasing Entity's providers for more information.

How does a Purchasing Entity sign up?

Just complete the enclosed Private Site Agreement and submit it to WEX.

What equipment provider would WEX recommend?

WEX provides the Purchasing Entity with a certified equipment vendor list to choose from. The Private Site Owner/operator is responsible for the purchase and upkeep of the equipment.

Who do I contact with issues regarding incorrect product coding or reporting from the Purchasing Entity's equipment?

The Purchasing Entity's vendor or network will be able to ensure proper downloads and configurations are reporting correctly.

What is a network?

A network is a third party processor who sends a transaction files from the Purchasing Entity's equipment to WEX for electronic processing.

What information should a Purchasing Entity provide the network helpdesk if they need to call?

Be sure to have the Merchant/Terminal ID for the location the Purchasing Entity is calling for. This along with the Network Contact numbers can be found on the Welcome Packet received from WEX.

If a Purchasing Entity participates in Rebilling, how do they receive the funds for the fuel used by visiting fleets?

Upon enrollment, WEX will collect the Purchasing Entity's banking information to set up ACH payment. The funds for visiting fleet transactions will be automatically deposited in their account under the payment term of their contract.

If I allow visiting fleets to fuel at my location, how will I be able to keep track of those transactions?

Each month, WEX will send you a private site merchant report. The report will provide detail on all visiting fleet transactions. In addition, your transaction detail report will include both local and visiting fleet transactions.

WEXPAY ENROLLMENT PACKET

FAX to: _____ **FAX #:** _____

1. Complete parts A and B.
2. Be sure to sign the form and keep a copy for the Purchasing Entity's records.
3. Fax completed form to: 1-800-516-7536.

A. ACCOUNT INFORMATION

Account Name:	Account Number: 04
Authorized Fleet Contact:	Phone No.:
Fleet Contact email:	Fax No.:

B. SETUP INFORMATION

Complete the below items:

_____ Number of Alternative Authorization Instruction cards needed. (WEX recommend at least one per driver using WEX*Pay*)

$_____ How much spend does the Purchasing Entity anticipate? (Credit line may need to be reviewed)

C. TERMS AND CONDITIONS

These terms and conditions supplement the WEX ® Business Charge Account Agreement (the "Agreement") between the Purchasing Entity and WEX Bank ("Issuer"). The following additional terms and conditions shall be applicable to their account upon their completion and WEX's acceptance of this WEX*Pay*™ Request form. The Participating Entity's continued use of their account and the product referenced herein constitutes acceptance of these terms and conditions. All capitalized terms shall have the same meaning as in the Agreement, as amended from time to time.

Issuer will provide single use virtual MasterCard® Cards for purchases made by the Purchasing Entity only at U.S. merchant locations that do not accept the WEX® Universal Fleet Card. A virtual card is one where there is no plastic issued, only card numbers. Single use virtual cards may be used for purchases one time only. MasterCard International's chargeback rules apply. The Purchasing Entity's MasterCard purchases will appear on their WEX® Universal Fleet invoices. The Purchasing Entity agrees to
pay and/or perform, as the case may be, when due all indebtedness, obligations and liabilities of each MasterCard account established pursuant to this request of every kind, nature and character whatsoever, including, without limitation, (i) all amounts payable under each account, (ii) all obligations, covenants, and agreements contained herein. Purchases are due and payable in full by the Purchasing Entity upon billing in accordance with the terms of credit Agreement with Issuer.

In the event the Purchasing Entity currently participates in any rebate or discount program offered by Issuer for the WEX® Universal Fleet card purchases, their purchases made using WEX*Pay*™ will apply to such rebate or discount provided they meet any conditions of such rebate or discount program.

Issuer reserve the right to modify or terminate WEX*Pay*™ at any time upon 15 days notice to the Purchasing Entity.

Issuer will provide WEX*Pay*™ Alternative Authorization Instruction card for the Purchasing Entity's distribution to their drivers. When their drivers present the Alternative Authorization Instruction card to a merchant, the merchant may, at the merchant's discretion and their own risk, either complete the work or contact Issuer to validate the Purchasing Entity's account. Issuer will not pre-authorize the transaction if the work has not been completed but WEX will provide the merchant with a reference number so that they may contact WEX upon completion of the work for payment authorization. In order to validate the Purchasing Entity's account WEX must preview their account information and this may affect their control limits, if the Purchasing Entity has set them on their account, including the number of transactions available per day and the total daily dollar limits. The Purchasing Entity should check their current controls (if any) to be certain that they have sufficient limits for these transactions. If they make any changes or set any control limits, the Purchasing Entity agrees that WEX is authorized to rely on such changes and WEX will not be responsible for any losses resulting from such changes. The Purchasing Entity will also agree that WEX will not be liable to the Purchasing Entity for any loss, liability or damages they suffer which arise from, are related to, or are in any way connected with any fraud control or purchase restrictions such as Authorization Controls which WEX implements from time to time. WEX is not liable on account of any merchant's refusal to honor the MasterCard or to participate in the WEX*Pay*™ process, regardless of the reason.

The person signing this Out-of-Network Authorization Process Request represents and warrants that he/she is authorized to execute this Request.

DEFINITIONS

This exhibit provides definitions of terms used throughout this Master Agreement and exhibits.

Account: For purposes of this Master Agreement, cards do not represent an individual account. Accounts are established within the WEX system in the Participating Entity's hierarchy where the cards are issued from. The Account contains the overall credit line and authorization controls that are applied to one or many cards.

Account Coordinator: Employee of the Contractor assigned to a Participating State or Purchasing Entity to provide day-to-day assistance with regard to program card maintenance.

Annual Volume: Total volume spend by all Purchasing Entities within a Participating State for all card liability products in a calendar year.

Applicable Taxes: Federal, state, county and/or local taxes levied on the purchase of gasoline or diesel fuel that may be eligible for tax emption by the Contractor.

ASC X12: Official designation of the U.S. national standards body for the development and maintenance of Electronic Data Interchange (EDI) standards. Also known as ANSI ASC X12.

Associations: Group of card-issuing banks or organizations that set common transaction terms for merchants, issuers, and acquirers. Some major associations are Visa, MasterCard American Express and Discover. Also referred to as Network.

Authorization Controls: Controls that are established in the WEX system and assigned to every card to determine the purchasing rules for cards assigned to the given control profile. Like an Emergency Card, emergency authorization controls can also be established.

Authorized User/User: Representative of Purchasing Entity that leverages a Commercial Card, manages Commercial Cards, and/or accesses the online system

Automated Clearing House (ACH): Central distribution point for transferring funds electronically for participating depository financial institutions. Transactions are accumulated and sorted by destination for transmission during a predetermined period. It includes small dollar payments in large transaction volume.

Bank Overrides: A transaction that has been pushed through by the Contractor.

Basis Points: Unit of measure for incentive share/rebate rates. One basis point is equal to 1/100th of 1% or 0.01% or 0.0001.

Bidder: Any entity submitting a bid or response to the solicitation

Billing Cycle: A specific recurring time period between the time statements of account/invoices are processed.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Card Issuer: Financial institution issuing a Commercial Card or account. Also referred to as a card issuer, card provider or bank. For the avoidance of doubt, Contractor shall be the sole Card Issuer under the Master Agreement and Participating Addenda.

Card User Agreement: Agreement between the Purchasing Entity and awarded Contractor verifying credit availability, account information, and agreeing to the terms and conditions of the Master Agreement and Participating Addendum.

Cardholder: An employee, contractor, or representative of a Purchasing Entity to whom a Commercial Card is issued for making designated business purchases/payments on behalf of his or her organization.

Card-less Accounts/Ghost Cards: Accounts that have no plastic card issued, only an account number to which the acquisition of goods and services are charged.

Centrally Billed Account: Card accounts are billed to the Purchasing Entity or program within a Purchasing Entity. CBA accounts are paid directly by the Purchasing Entity.

Client-held Days: Number of days from the billing cycle date to the date payment is received.

Commercial Card: Generic term for any card product used by organizations for making payments for various goods, services and business expenses.

Contractor: The entity/entities awarded a Master Agreement and/or Participating Addendum(s) as a result of the evaluation of the bids received in response to a solicitation.

Corporate Liability: Purchasing Entity is liable for all card transactions and fees.

Credit Application: WEX form to establish a credit line with WEX Bank and adhere the contractual terms & conditions of this Master Agreement to the Purchasing Entity.

Declined Transaction: Transaction where authorization has been refused by the Card Issuer's transaction authorization system.

Duplicate Transaction: a transaction that has been processed twice for the same purchase.

Department: Functional business unit of an organization such as purchasing, accounting, human resources, etc.

Department Card: Card issued to a department rather than a specific cardholder.

Declining Balance/Managed Spend Card: Specialized Purchase Card with a pre-set spend limit and expiration date that is typically non-replenishing. Also referred to as a Controlled Value Card.

Electronic Payables: A form of electronic payment, utilizing the card infrastructure, managed centrally within an organization, typically by accounts payable. Also known as electronic accounts payable (EAP), automated payables, e-payables, Virtual Payment Cards, push payments, straight through payments 9STP), buyer-initiated payments (BIP), supplier/vendor card, single-use accounts and

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

electronic invoice presentment and payment (EIPP). Each provider has a proprietary name for its solution; functionality and processes vary for each.

Eligible Purchaser: A Purchasing Entity authorized pursuant to the execution of a Participating Addendum.

Emergency Card: A type of Commercial Card that is always open, active and ready for use. Usually equipped with high or no credit limits and are used in emergency response situations.

Entity Program Administrator(s): A common role responsible for various administrative tasks (i.e., ongoing operations) in a typical Commercial Card program, including card issuance, account maintenance, card cancellation and reporting.

File Turn: Number of days from the date a transaction is posted to an account to the date payment is received.

Fleet Card: Specialized Commercial Card used to capture fleet-related expenses and vehicle data (e.g., fuel, vehicle maintenance, repair, and service).

Foreign Transaction Fee: A charge applied to purchase made in foreign countries (outside the United States). Purchases made online from your home country where the vendor is foreign and processes the transaction in its local currency.

Fraud: Unauthorized use of a card, resulting in an acquisition whereby the Purchasing Entity does not benefit.

Implementation: Process of putting all card program functions and activities into place.

Interchange Rate: A rate, set by the Network (i.e., Visa, MasterCard, Discover, American Express), collected by the card issuer to cover the cost of processing the transaction.

Lead State: State responsible for soliciting for and managing the awarded Master Agreement.

Level 1 Data: Standard commercial transaction data that includes the total purchase amount, the date of purchase, the merchant category code, merchant's name, city/state, debit/credit indicator, date transaction/credit was processed by the Contractor, Contractor processing/transaction reference number for each transaction/credit, and other data elements as defined by the Associations or similar entity.

Level 2 Data: In addition to Level 1 data, includes sales tax amount, company information, and other data elements as defined by the Associations or similar entity.

Level 3 Data: In addition to the Level 2 data includes cost, quantiles, unit of measure, product codes, product descriptions, and ship to/from zip codes, freight amount, duty amount, order date, discount amount, order number and other data elements as defined by the Associations or similar entity.

Master Agreement: Underlying agreement executed by and between the Lead State and the Contractor, as now or hereafter amended. May also be referred to as contract or Master Contract.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Master Agreement Administrator: Employee of the Lead State responsible for soliciting for and managing the awarded Master Agreement

Master Agreement Authorized Representative: Employee of the Bidder authorized to sign bid submittal documents, provide bid clarification responses, and function as the primary point of contact during the solicitation and evaluation.

Merchant Category Codes (MCC): A system of four-digit codes, maintained by networks, used to identify a merchant's principle trade, profession or line of business; a MCC is assigned to a merchant by the merchant or merchant acquirer.

Merchant Negotiated Transaction: Transaction completed with a merchant that has an agreement with the Association to complete theirs at a lower than standard interchange rate.

Merchant Negotiated Volume: Total quarterly merchant negotiated volume spend by a Purchasing Entities for all card liability products in a Quarter.

Merchant Overrides: A transaction that has been pushed through by a merchant location.

National Annual Volume: Total annual volume spend by all Participating States/Purchasing Entitles for all card products in a calendar year.

National Annual Volume Incentive: Rebate or Incentive Share earned by a Participating State based on their contribution to the National Annual Volume.

Network: Entity that facilities the movement of transactional data between the Card Issuer and acquirer and sets merchant rules for card acceptance. Organizations in this role include Visa, MasterCard, American Express and Discover. Also referred to as Association.

Non-Standard Volume: Transactions that are processed using Reduced Interchange Rate as determined through an agreement between the merchant and the Association.

Participating Addendum: An agreement signed by the Contractor and a Participating State that incorporates the Master Agreement and any other additional Participating State specific terms and conditions.

Participating Addendum Administrator: Employee of the Participating State responsible for the management and administration of the Participating Addendum.

Participating Addendum Authorized Representative: Employee of the Participating State authorized to sign the Participating Addendum.

Participating State: Any State, territory or entity (authorized by a state's chief procurement officer) that chooses to execute a Participating Addendum under the awarded Master Agreement. May also be referred to as Participating Entity.

Participating State Annual Volume: Total annual volume spent by a Participating States for all card products in a calendar year.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Product Code (PC): A unique identifier, assigned to product types (e.g. maintenance, tires, etc.) within a Fleet management system.

Program Administrator(s): Refers to Participating Entity, Purchasing Entity, or Statewide Program Administrators.

Program Administrator Overrides: A transaction that has been pushed through by a Program Administrator.

Prompt Payment Incentive: Rebate or Incentive earned by a Purchasing Entity based on their average speed of pay/file turn days.

Purchasing Entity: Any eligible organization executing a Card User Agreement as allowed by a Participating Addendum under the Master Agreement.

Quarter: Three (3) month period based on the yearly calendar as follows:

Quarter 1(Q1) – January, February & March
Quarter 2 (Q2) – April, May & June
Quarter 3 (Q3), July, August, September
Quarter 4(Q4) – October, November & December.

Quarterly Non-Standard Volume: Total Non-Standard Volume sales for a Quarter.

Quarterly Non-Standard Volume Incentive: Rebate or Incentive Share earned by a Purchasing Entity based on their Non-Standard Volume sales for a Quarter.

Quarterly Standard Volume: Standard Volume sales for a Quarter.

Quarterly Standard Volume Incentive: Rebate or Incentive Share earned by a Purchasing Entity based on their Quarterly Standard Volume.

Quarterly Total Volume: Total quarterly volume spend by all Purchasing Entities for all card liability products in a Quarter.

Relationship Manager: Employee of the Contractor assigned to a Participating State or Purchasing Entity to provide day-to-day assistance with regard to program card maintenance.

Reduced Interchange Rate: A lower interchange rate for processing Commercial Card transactions.

Standard Volume: All transactions, less Non-Standard Volume, fees, cash advances, convenience checks, Fraud, chargebacks and net of Write-Off Adjustments.

Statement/Invoice: Document reflecting account details for the billing period including debits, credits, transaction detail and balance due.

Statewide Program Administrator: Employee of the Participating State who administers the State's Purchase Card and or Fleet Card Program(s)

Transaction: Exchange between cardholder and merchant, payment for goods and/or services.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Virtual Cards/Single Use Card: One time use account numbers.

Write-Off: A cancelled account with an unpaid balance determined to be uncollectible by the Contractor. Accounts are considered uncollectible once delinquent for one-hundred-eighty (180) days after billing cycle close date. At the Contractor's discretion, collection action may continue on these accounts.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

FLEET CARD SERVICE REQUIREMENTS

This exhibit details Fleet Card service requirements and Contractor responses to how these requirements will be met as submitted with their bid.

1. **RESERVED** – Identifies card products available in Exhibit A.

2. **ADMINISTRATION OF ACCOUNTS**

2.1 System must allow for Program Administrator to setup new accounts online – including ordering and registering cards, establishing User ID and password.

2.2 System must allow for Program Administrator to add, edit, or remove single or multiple Product Codes (PC) or Merchant Category Codes (MCC) from multiple card accounts at once.

2.3 System must allow for Program Administrator to initiate one-time overrides per transaction.

2.4 System must allow for Program Administrator to establish roles, access, and authority levels for all user types (i.e. managers, approvers, cardholders) within the Purchasing Entity.

2.5 System must allow for Program Administrator to unlock system access, reset User ID and reset password for any User within the Purchasing Entity.

2.6 System must allow for Program Administrator to see changes made to a card profile and who made those changes.

2.7 System must allow for system to allow Program Administrator to view cancelled, deactivated and suspended cards within the Entity.

2.8 System must allow for Program Administrator to order and issue replacement cards (singular or multiple simultaneously) online.

2.9 System must allow for Program Administrators and Cardholders to access statements online.

2.10 System must allow for Program Administrators and Cardholders to mark accounts for paper or paperless statement delivery.

2.11 System must notify Program Administrators and Cardholders of statement availability.

2.12 System must allow for Program Administrator and Cardholders to check status of cards and view account information including but not limited to:

- balances
- limits
- charges
- declined transactions
- spend history
- default accounting codes
- demographics

2.13 System must allow for the Program Administrator to choose the billing cycle close date for the Purchasing Entity. The billing cycle date will be established at account implementation and will be set for the Purchasing Entities' agreement period.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

2.14 System must have the ability to roll-up billing to managing account level or bill at department level as determined by the Purchasing Entity.

2.15 System must display all transactions in US Dollars.

2.16 System must be able to restrict fuel type at the card and/or vehicle level by not allowing the wrong fuel type to be purchased and by being able to report exceptions for wrong fuel type.

2.17 System must be able to apply hard limits on quantity (gallons) of fuel dispensed.

2.18 System must be able to restrict maintenance purchases.

2.19 System must allow for Program Administrator to reset Driver PIN online and in real time.

2.20 System must have the ability for Program Administrator to set/change PIN for each driver and/or vehicle.

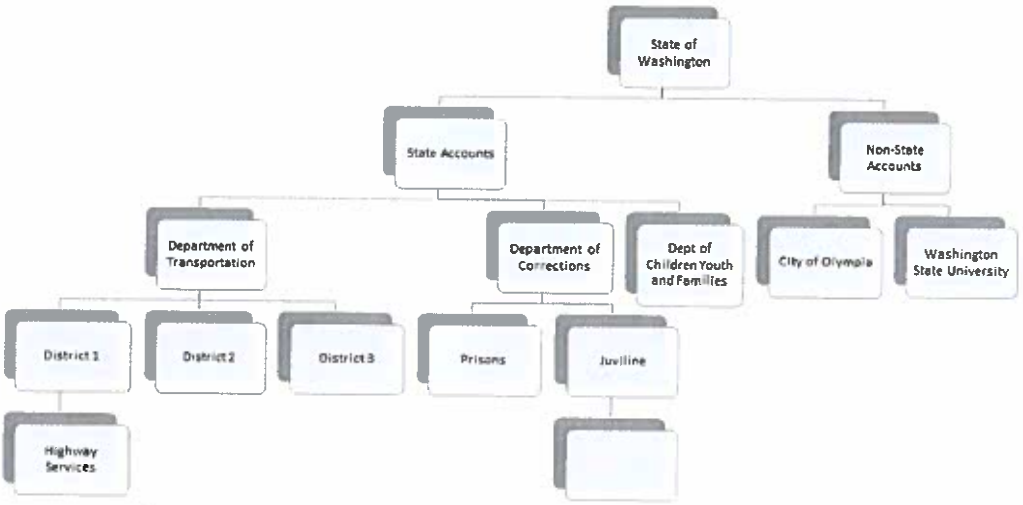
2.21 System must be able to provide federal fuel tax exemption prior to invoicing.

2.22 Reserved, see Exhibit D Establishing an Account.

2.23 System must allow for Program Administrator to edit User ID, role and authority level online.

WEXOnline® allows the Program Administrator, or other individuals with appropriate permission levels, to add/edit new online users, manage existing users, and manage online enrollment requests. The module also allows for a prospective user to self-enroll online and have their request route to a Program Administrator to be approved and have the appropriate level of access assigned to them by the Administrator. A prospective user is not granted any level of access until after their request has been approved by a Program Administrator and their level of access is assigned.

The administrator retains ultimate control over access and assignment of roles, authority level and privileges allowed online. The module contains prepopulated templates for roles with varying levels of permissions available online to control the access an individual may have for their given job duty. The module also allows for users to create custom roles for levels of access specific to an individual or job duty. This creates appropriate account and system access, based on user responsibilities; ultimate control over who has access to the module, what level of access, and to what accounts; and the ability to track user logins.



Additionally, WEXOnline® allows users to reset their passwords on their own should they need to do so. This allows for a greater level of control at the user level and helps minimize the need to reach out for assistance with a reset.

2.24 System must have a minimum of seven (7) program hierarchies.

WEX's system allows for robust account structures and reporting functionality. WEXOnline® supports nine (9) levels of hierarchy, providing a high level of detail and flexibility. The levels of hierarchy are customizable to the set-up of an individual entity participating in the contract to meet their specific needs.

For example, the State of Washington could be set up as a level 1 (L1) account with multiple L2 accounts hanging off of the overall contractual relationship. The accounts under the L2 would then have the ability to structure the departmental breakdown unique to that agency or entity.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

- Identifying accounts:
  - Accounts can be identified in multiple ways in WEXOnline®. WEX offers custom reporting, account search functionality, and visual hierarchy layouts that are collapsible for finding and identifying accounts. Reporting can also offer account details about the account with the hierarchy regarding addresses (shipping, billing, primary and physical) total drivers and/or vehicles, total cards, default authorization profile, and primary shipping method and carrier.

- Reporting rebate earnings:
  - WEX does offer rebate reporting that provides a full breakdown of rebate for a given time period. WEX will work with states at implementation to get the appropriate rebate reporting set-up to cover their needs.

- Reporting transaction data:
  - All WEX transaction data is available within WEXOnline® to view and is reportable through the system. Additionally, WEX offers custom files and file interfaces to provide transactional data to customers. Below are several templated examples of how transactional data as well as authorization data can be accessed in WEXOnline®.
    - Custom Report/ Authorization Activity – This template helps users build a custom report with a direct view of authorization activity, including declines transactions.
    - Custom Report/ Transaction Management – This template permits users to generate a transactional-level report, whereby a user may analyze usage at certain merchants, or within certain timeframes, or exceeding specified dollar amounts and more.

2.25 System must allow for a Statewide Program Administrator account with access to view and pull reports for all transactions made by Purchasing Entities within the Participating State under this Master Agreement.

WEXOnline® allows for a Statewide Program Administrator with access to view and pull reports for all transactions made by Purchasing Entities within the Participating State under this Master Agreement. This would be accomplished by providing the administrator with an access role rooted at the top of the hierarchy. This can be accomplished through either the templated roles available within the module or creating a custom role should it be required.

1109

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

2.26 System must allow for Program Administrator to simultaneously activate, deactivate, suspend, and terminate cards online.

WEXOnline® allows the Program Administrator to update cardholder and vehicle information online, including simultaneously activating, deactivating suspending or terminating cards. This is accomplished by providing the administrator with edit access to vehicle/cards and driver information. The administrator can select multiple cards and then choose to activate, deactivate, suspend or terminate these cards simultaneously. Additionally, through the account support provided by WEX, an agency can also send large amounts of data to the WEX Premium Fleet Services Account Manager to handle for them on their behalf. For example, if a State's motor pool had a large amount of new vehicles incoming or old vehicles being sold, the agency's fleet manager could send a spreadsheet of the information to WEX to activate, deactivate, suspend or terminate cards on the State's behalf. This often helps save time, energy and resources in a given agency.

2.27 System must allow for Program Administrator to update all cardholder information online, unless barred by Federal Regulation.

WEXOnline® allows the Program Administrator to update all cardholder and vehicle information online. This is accomplished by providing the administrator with edit access to cardholder/driver information. Additionally, through the account support provided by WEX, an agency can also send large amounts of data to the WEX Premium Fleets Services (PFS) Account Manager to handle for them on their behalf. For example, if a State agency had a large amount of seasonal workers coming on again to work, the agency's fleet manager could send a spreadsheet of the information to WEX to activate, deactivate, suspend or terminate drivers/card holders on the State's behalf. This often can help save time, energy and resources in a given agency. WEX Fuel cards are not individual liability cards, so WEX is not aware of any Federal Regulations preventing the editing of cardholder information online.

2.28 Throughout the life of the Master Agreement and associated Participating Addendums, Purchasing Entities may have reason(s) to cancel a card (or a group of cards).

Cards or groups of cards can easily be canceled within the WEXOnline® module. Cards can be found under the Fleet Manager tab, administrator can search to find the card or group of cards an authorized user may want to cancel. Once a card has been reported lost, stolen, canceled, suspended or otherwise inactive, it is immediately invalidated in the WEX system. As stated above, this can be accomplished in WEXOnline® or by contacting the fleets Premium Fleet Services Account Manager or by calling WEX's 24/7 customer service. After cancellation, all electronic authorizations associated with the card are declined at the time a purchase is attempted. Additionally, once WEX receives proper notification, the fleet is relieved from liability for any subsequent charges.

2.29 When a card (or group of cards) is closed, a credit may be due to the card based on an overpayment, transaction credit, or something similar.

WEX's receivables department reviews all credits on termed accounts and cards 90 days after termination. If the credit qualifies for a refund, WEX will process that transaction and send a check for closed accounts or post a credit to an account, if it is a cancelled card within an active account.

The timeline for a credit to post to an account can vary. This is due to the nature of the credit. For example, in some cases a WEX representative may be able to confirm immediately that a credit is owed. In other cases WEX may need to do additional research or contact a merchant to

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

verify additional information. WEX always works to resolve any owed credits as quickly as possible. Once the credit is confirmed to be owed to the customer, it is posted to the account and it will be reflected as a credit on the next invoice in the billing cycle. Should the customer require payment for the credit, WEX will process the credit for payment which typically takes 3-5 business days.

2.30 Foreign Transaction Fee

For US-based WEX card programs, the WEX system recognizes an assigned originating site ID and/or country code, provided to WEX by the merchant, for the corresponding country of origin of a transaction.

For example, if an agency transacted in Canada, WEX would receive the transactional data that would include a site ID, country code or similar identifying code, provided to WEX by the merchant, for the site. The WEX system would then compare that transaction's location against the merchant location's country of origin, in this case being Canada.

The check in the WEX system is also tied to the currency. For US-based WEX card programs, the currency is based in US Dollars. If a transaction comes through in Canadian Dollars, the WEX system would flag that transaction and assess the associated Foreign Transaction Fee.

Foreign Transaction Fees are denoted in WEX reporting to reflect the appropriate amount invoiced to a customer, versus what may show on a customer's point of sale receipt from a merchant.

2.31 System must be able to route transactions through approval/workflow path as established by the Program Administrator.

WEXOnline® provides the ability to route transactions through an approval workflow path. The user roles required for this functionality and the process flow is outlined below.

An eligible approver is a User within a hierarchy who

- has the Approve Transactions permission
- has opted in to receive approval emails
- is an active online user
- a Fleet Manager/Program Administrator. A Fleet Manager will have all of the Manage Transactions features and functionality including the Approve Transactions permission
- or, have a Custom Role that includes the Approve Transactions permission only.

For those responsible for *reviewing* transactions:

These users will have Manage Transactions without the Approve Transactions permission. They:

- can filter transactions
- can view transactions
- can change transaction status as follows:
  - None → Follow Up
  - None → Reviewed
  - Follow Up → None
  - Follow Up→ Reviewed
  - Reviewed → None
  - Reviewed → Follow Up
  - will have all other existing manage transaction functionality (including upload receipt,

1111

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

reallocate, notes, view history)
- If there is an eligible approver at and/or above the reviewing user in the hierarchy, the user can see the "Email Approval Request" button and send an email to those Approvers.

For those responsible for approving transactions:

These users will have a Custom Role with the Approve Transactions permission that allows them to:

- filter transactions
- view transactions
- change transaction status as follows:
  - reviewed → approved
  - reviewed → follow up
  - approved → reviewed
- receive and read approval emails sent from a User at and/or below their level in the hierarchy as long as long as the user has opted in to receive Approval Emails

Or, they can be assigned a Fleet Manager/Program Administrator role so they:

- can do everything available in the Manage Transactions
- Fleet Manager/Program Administrators also have the ability to change permissioning or access to allow for substitution scenarios when the approver role maybe out on vacation or leave allowing another user who is either new or would have a lesser role normal to step in an approve transactions in the Fleet Manager/Program Administrators absence.

2.32 System must allow for Program Administrator to add, edit, or remove security features (temporarily or permanently) in real time at the card account level including, but not limited to:

- dollar per transaction limit
- maximum daily/weekly/monthly spend
- transactions per day/week/month limit
- pay at pump only
- tank capacity limit
- type of fuel, by individual vehicle
- authorized State or Province
- Product Code (PC) blocks

The WEX system and the Fleet Manager module of WEXOnline® allows the fleet manager to add, edit, suspend, reactivate, and terminate cards and drivers, to add and manage card controls, and to view and download invoice details, card by card or simultaneously among a grouping of cards. The Program Administrator has all the capabilities requested above, the ability to do so in real-time and simultaneously to multiple cards. Pay-at-pump ONLY functionality is systematically supported by WEX but cannot be done online. This is supported by the WEX Customer Service team on request or during account set-up at the time of implementation. Product code blocks are achieved by our product-type controls in the authorization profile card is assigned. These can be changed, created and applied in real-time and simultaneously to multiple cards.

Users can also:

- Assign card to driver, vehicle or location
- Transfer cards from one account to another
- Group cards into authorization profiles to enforce purchasing policies

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

- Create organizational units or departments to better organize cards, vehicles and drivers for reporting and management purposes (initially added during implementation phase)
- Edit account information

WEXOnline® is structured to provide the ultimate flexibility to meet unique account program needs. The Administration module of WEXOnline® allows the fleet manager to create custom roles that can be assigned to online users to limit or broaden access into the system. The fleet manager can create custom roles which provide users with access to different sections – like the driver section. This setup allows them to focus on their defined tasks without giving broader permissions that could be abused.

Authorization profiles are the purchasing control parameters, or limits, that fleet managers assign to cards. This allows for easy management of the program to ensure purchasing policies are enforced each time a card is used.

WEX offers the flexibility for the fleet manager to name the authorization profiles via numeric or alphabetic naming scheme. For example, one group of profiles could be named "sedan," and the profile could be applied to that group of vehicles. Or, the profile could be called "delivery driver," and be set up for that type of employee. The fleet manager can assign as few or as many profiles as necessary

Fleet managers can add new profiles, view existing profiles, view cards assigned to each profile, clone, edit or modify the values, change the status of the profile, set account defaults, and reassign cards to other profiles.

Authorization control profiles allow the fleet manager to edit a profile and have that change impact all cards associated with that profile. There is no limit to the number of cards that can be assigned to a certain profile and this functionality eliminates the need to manually edit each driver or vehicle record when a policy changes.

Benefits include centralized account management; efficient administration of cards, driver, vehicles and authorization controls; and quick link navigation to all management features and functions.

2.33 System must allow for Program Administrator to assign card (with an identifying PIN or VIN number) to a driver, vehicle, department, etc. as determined by the Program Administrator.

A WEX card can be assigned to a vehicle/asset, driver, or organizational unit (or cost center) in the fleet, enabling the card to capture and track all purchase activity. This flexibility allows a Fleet Manager/Program Administrator to assign a card (with an identifying PIN (Driver/Vehicle ID) or VIN number) to a driver, vehicle, department or any other entity, asset or individual needing a card as determined by the Program administrator. When the card is swiped at the point-of-sale device, the driver is prompted to enter a Driver ID (DID), or PIN as referenced in the requirement, and the odometer reading of the vehicle in order to receive authorization for the ensuing transaction.

Each DID can be assigned to one, many, or all cards on the WEX account and can be generated by WEX at random, or assigned by the fleet customer. This 4- or 6-digit DID can be assigned to a driver, vehicle/asset, or organizational unit on the WEX account (based on the type of card preferred to use). For example, if Purchasing Entity decides to assign the card to the driver, the driver would typically enter a DID associated with the vehicle. If Purchasing Entity prefers to assign the card to a vehicle, typically the DID is associated with the driver.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

The DID, combined with the card and account validation rules, is queried against the WEX database for verification and transaction authorization. If valid, the transaction is authorized. The WEX card cannot be electronically activated without entering a valid DID, making the card useless to someone who has found or stolen it and does not know the DID. The authorization process acts as a security measure, and provides a layer of protection against fraudulent activity.

2.34 System must allow for Program Administrator to create an approval path of setting specific card limits higher than Entity established limits.

2.35 System must allow for Program Administrator and/or Cardholder to mark transactions sent to accounting for payment.

2.36 System must be able to send notifications of pending approval(s) based on established approval path.

2.37 System must allow for Program Administrator to lock transaction accounting code data from editing.

2.38 If capable, system must allow for Program Administrator to create templates for card/account set up (i.e. same billing address, TIN, workflow, etc.).

The WEX system allows for templates with different functions within the site as well as the ability to utilize "clone" functionality, which acts in the same manner as a template. Cloning functionality exists for card and authorization profile information to leverage like information (address, cost center, TIN, org/department, user defined fields, etc.) associated between card or driver types.

- Templated default limits for authorization profile & set-up
- Clone function

The WEX team lead by an assigned Strategic Relationship Manager and Premium Fleet Services Account Manager will work to set-up and establish these with customer during the initial implementation. For needs that arose after implementation the Premium Fleet Services Account Manager will be able to assist in setting up these functions.

2.39 If capable, system must allow for Users, with multiple roles within a program, (i.e., Cardholder & Program Administrator) to opt to have one login to be able to access all aspects of their accounts (dual role). If yes, provide details on how that functionality works/is implemented.

The flexibility of the WEXOnline® module allows for each user's User ID to have one assigned role. However, this requirement can be met by creating a Custom Role with all necessary levels of permissions to support scenarios where a user maybe both a cardholder and Program Administrator or have other roles and responsibilities with a given agency. Another example is when the user is a cardholder who also carries financial responsibilities and also need to access the system for pulling invoices and reporting, and making payments. The module allows for this user's access to be customized to the specifications specific to their job function.

3. DATA COLLECTION AND MANAGEMENT

3.1 System must capture and display transaction data at the following minimum levels:

- Cardholder
- Approving official
- Entity office or unit
- Account/billing (available at different levels)

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

- Entity Program Administrator or alternates (available at different levels)
- Participating State (all state entity transactional data, statewide administrative level and compliance review group)

3.2 System must have the ability to view transaction authorization/declines in real time.

3.3 System must post transactions within twenty-four (24) to forty-eight (48) hours of receipt from merchant.

3.4 System must have the ability to capture and display Level 1, Level 2, and Level 3 transaction data as made available from the merchant.

3.5 System must allow for Users to add notes, comments, and additional descriptions to a transaction in a separate field. This field must:

- Allow for alpha, numeric, and special characters.
- Be searchable
- Be reportable
- Be accessible to all hierarchies within the system

3.6 System must be able to capture and display merchant Tax Identification Number (TIN) or similar unique identifier.

3.7 System must allow for user to input a minimum of 150 character of Entity defined accounting code structure/segments at the transaction level.

3.8 System must allow for the Purchasing Entity to set requirements for accounting code segments (i.e. mandatory, non-mandatory, etc.)

3.9 System must allow for Purchasing Entity to define, edit, maintain, and upload valid value tables for each accounting code segment.

3.10 System must actively validate accounting segment data against valid value table data as determined by the Purchasing Entity.

3.11 System must allow for Program Administrator to assign, edit, and delete "default" accounting codes for all program hierarchies within the Purchasing Entity.

3.12 System must allow for User to save and edit frequently used accounting codes.

3.13 System must allow for a minimum of 99 accounting code splits per transaction.

3.14 System must allow for User to manually enter tax detail at the transaction level.

3.15 System must allow Program Administrator to download the entire Fleet Card number for use in other systems.

3.16 Participating States and Purchasing Entities have a need to access past transaction detail data in real time for a minimum of thirty-six (36) months throughout the life of the Master Agreement and Participating Addendum.

WEX's system maintains past transactional data for a period of seven years (84 months). In the WEXOnline® module, files are retained for a period of 24 months. WEX's Premium Fleet Services Account manager can fulfill requests from NASPO participating entities for transaction details going back to 84 months.

In addition, WEX Fleet ClearView™ data analytics module has no cap on accessible data, so users of WEX Fleet ClearView™ Essentials and Snap modules, offered as part of WEX's core product

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

offering at no extra cost, are able to access past transaction data for a minimum of 36 months throughout the life of the Master Agreement, as required.

3.17 Templates/defaults

At the time of account set-up and during implementation, WEX can establish user-defined fields with a State or Agency. User-defined fields can be used for any information or data the State or Agency may wish to capture. For example, as it relates to accounting information, a user defined field can be created for a particular GL Codes or set of GL codes and made a mandatory field as part of the card set-up template a user will have to complete in order to place a card order. This ensures the data will be assigned to it can be reported against. These fields can also be added, removed or edited after the account set-up as well given the user has the appropriate permissions to do so.

3.18 System must allow for user to upload and attach supporting documentation to the transaction in the following formats (at a minimum): pdf, jpg, png.

WEXOnline® Receipt Upload feature supports the uploading of supporting documentation to a transaction in the following file formats: .png, .jpg, .gif, and .pdf. Additionally, WEX has the ability to add support for more file types for upload should an agency require it. WEX will work with agencies should there be a file format they may need.

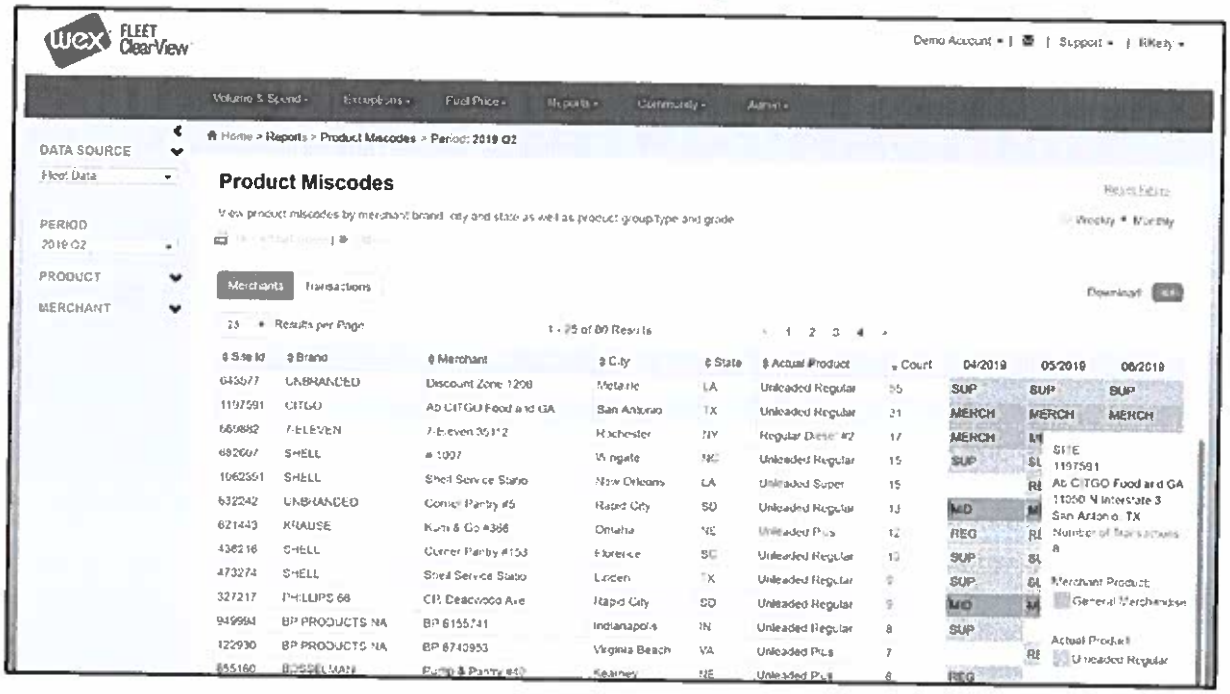
3.19 Contractor will be required to work directly with Participating State to develop effective strategies to address product code errors with merchants.

WEX routinely works with merchants, the processing networks, and point-of-sale providers to ensure product code accuracy and address issues. Once WEX becomes aware that there is an issue with a merchant(s), we work with all parties involved to identify the root cause and remediate it. For customers whose tax exemptions may be negatively impacted by a product code error, if WEX is able to definitively validate the product that was actually purchased, WEX will perform a transaction correction to ensure that either the exemption or reported taxes are accurate.

WEX also employs other tools, like WEX Fleet ClearView™, to assist both our Merchant Services Team, this team is responsible for working with merchants, networks and point of sales providers to remediate issues like product coding errors, and our customers to actively catch errors in merchant data, like bad product codes.

WEX Fleet ClearView™ is a dynamic a suite of powerful, cloud-based analytics solutions that automatically organizes, interprets, and intuitively displays fleet-related information. Critical data is presented in an intentional layout of simple and informative visualizations, helping fleet managers monitor operations, uncover card misuse and potential driver theft, understand trends, benchmark performance, investigate anomalies, and recognize cost-saving opportunities.

WEX offers the ClearView™ Essentials and ClearView™ Snap modules as part of our core product offering with extra no charge. Included in the ClearView™ Essentials module is a live product code cleansing algorithm fleets can utilize to proactively catch and see corrected product types.



Product Code Cleansing: The data scientists on the ClearView™ Team solved a long-standing, industry-wide issue by designing and developing a proprietary machine learning algorithm, which automatically detects and corrects inaccurate product codes transmitted by fuel merchants. The algorithm can make the following determinations with a 0.3% error rate:

- Categorize transactions by Product Group: fuel and non-fuel

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

- Categorize fuel transactions by Product Type: gasoline and diesel
- Categorize gasoline transactions by Product Grade: regular, mid-grade, premium

Corrected values are used in ClearView™ analysis, calculations, and exceptions reporting. Purchasing Entity can trust their product-related data displayed in ClearView™ and use it to make informed and confident decisions. This corrected information is aggregated in the Reports Module and displayed in ClearView™ transaction tables. ClearView™ displays both the type, grade and product level information provided by the merchant and the corrected values enabled by the algorithm. This information can be downloaded into Excel.

For information about how WEX handles disputed transactions, see 16.1.

3.20 Controls and Non-Vehicle Spending

The WEX Fleet card was developed to provide control and transparency. The card allows for fuel spending, non-vehicle spending at accepting locations within WEX's closed-loop network, and non-fuel vehicle spending -- along with the ability to discern between those various types of purchases -- to allow ONLY purchases that comply with an agency's policy or those that have been approved by a reviewer with permission to grant that level of approval.

One of the most significant advantages the WEX proprietary closed-loop card offers over an open-loop solution is our custom-built network that operates on product codes and not Merchant Category Codes (sometimes referred to as MCC codes). The WEX Fleet card can only be used at fuel and maintenance locations that accept the WEX card. This is the first line of defense against unauthorized or fraudulent spending, either of which could more easily occur with an open-loop credit card that can be used at any type of retailer.

WEX can ensure that all vendors accepting our cards comply with the same requirements and that data capture is tailored specifically to meet fleet customer needs.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

WEX Fleet Cards and open-loop credit cards both offer fleet managers the ability to track and set controls on fuel spend. However, the WEX closed-loop solution provides more in-depth transaction data, greater flexibility and security, and tighter controls than open-loop credit cards.

Greater Access to Level III Data: All WEX-accepting merchants are required to be capable of transmitting Level III data, and that level of data is transmitted on 99.8% of transactions. When a driver swipes the card, the point-of-sale device prompts him or her to enter the Authorization Prompt ID and odometer reading. Level III line-item detail allows fleet managers to better track expenditures and facilitates cost analyses, vehicle life-cycle analyses, and overall fleet management.

For example, entering the correct odometer reading helps provide valuable vehicle information such as cost per mile, miles per gallon, vehicle operating costs, and intelligence for preventive maintenance schedules and vehicle replacements. It can also help streamline administrative operations, reducing the time and resources devoted to accounting.

Additionally, the WEX proprietary closed-loop network removes the need for fleets to have to perform site lockouts for merchants that do not transmit Level III Data on open-loop networks. Site lockouts can significantly reduce the number of accepting locations of an open-loop network card. This can be highly problematic for drivers utilizing open-loop solutions as they may pull up to a station that will decline their card due to merchant not being able to transmit Level III Data on an open loop solutions. This is not an issue for WEX's proprietary closed-loop network.

The WEX closed-loop proprietary network has an added advantage for government fleets eligible fuel tax exemptions. The IRS requires Level III Data to be included in that transaction data in order for a Credit Card Issuer to invoice a fleet net of the eligible taxes. These are typically Federal Excise Taxes for unleaded and diesel fuel and can have a significant impact to the bottom line for a fleet if they are not exempted up front by the fuel card provider. Transactions on an open-loop network where Level III Data is not present are not eligible for tax exemptions by the fuel card issuer.

Greater Security: The cardholder is required to enter an Authorization Prompt ID for each transaction. This helps prevent the card's use in case of loss or theft. Authorization Prompt IDs make fleet cards more secure and help limit internal and external fraud.

The Authorization Prompt ID can be linked to a specific purchase profile in WEXOnline®, providing further security by limiting expenditures to certain types of purchases, at specific dollar levels, and during specific timeframes.

Contrast this to a typical credit card, which usually requires no additional verification.

WEX customer have the ability to choose between Fuel Only cards and Custom Control cards.

Fuel Only cards permit the purchase of fuel -- such as gasoline, diesel, or alternative fuels -- based on the coding in the card's magnetic strip. Non-fuel purchases are not permitted when non-fuel items are identified at the time of authorization. It does not prevent items such as car washes paid for at the pump as merchant devices do not send this authorization request to us.

Custom Control cards permit all allowed types of purchases, based on the coding in the magnetic strip, at WEX accepting locations. This includes fuel, maintenance, and other items, such as general merchandise. Fleet managers have the option to apply Product Type Controls, allowing certain product categories to be allowed or blocked. For example, "General Merchandise" could

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

be deselected, allowing only Fuel and Parts/Service-related purchases. Custom Control Cards and Product Type Controls provide control over *what* drivers buy, not just *where* they buy it.

WEX accounts may be comprised of all Fuel Only cards, all Custom Control cards, or a mix of the two. This enables fleet managers to issue the appropriate card type based on a variety of purchasing needs.

Purchasing Controls: WEX developed its own closed-loop acceptance network among merchants and can control transactions at the merchant-type level. The WEX card is accepted at approximately 135,000 fuel and maintenance locations across the US.

Most generic credit cards can control the type of merchant. However, WEX goes a level deeper and is able to control the product type being purchased.

Product Type Controls: Product Type Controls are groupings of like products separated by type such as services, fuels, oil and fluids, food, etc. These controls enable or disable access to specific product categories, within WEX's closed-loop network of fuel and service merchants. WEX uses Level III data to allow customized card controls that allow use only at certain times and/or on specific product types.

Product Type Controls
Fuel (always on)
Parts & Service
Quick Lube
Oil & Fluids
Roadside Assistance
General Merchandise

Fleet managers can then set spending limits at the transaction level: dollar limits, fuel quantity limits, and timeframe of purchase.

Product Type Controls enable the fleet manager to limit transactions within WEX's pre-determined network of fuel and service vendors. For example, the fleet can allow drivers to purchase fluids, like washer fluid or oil, and disallow general merchandise, like snacks and soft drinks. A typical credit card would be open to all gas stations, and any merchandise that is available in this retail channel. For example, a driver could purchase electronics or snack food. This opens up the business to unauthorized expenses and program abuse.

Transaction Level Limits
Dollar Limits (Limit to specific daily and weekly amounts)
Fuel Quantity (Limit the amount of fuel purchased in a day)
Timeframe of Purchase (Limit to certain days, weeks, or hours of the day)

Purchase Controls: WEX Purchase Controls allow fleet managers to control the amount and frequency of purchases at the card level. Defining limits helps a fleet manager detect and prevent unauthorized transactions, potentially saving Purchasing Entity money by limiting unauthorized purchases. Fleet managers can use these tools to establish daily, weekly, twice monthly, or monthly limits for fuel and service expenditures. If a transaction is outside of the set limit, it is logged and recorded at the point of sale or, in the case of hard controls, declined at the point of sale.

Purchase Control Tools *	Level
Per transaction dollar limit	Card
Per period dollar limits (daily, weekly, twice monthly, monthly)	Card
Per period # of transactions (daily, weekly, twice monthly, monthly)	Card

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Total Fuel per period (daily, weekly, twice monthly, monthly)	Card
Total Non-Fuel per period (daily, weekly, twice monthly, monthly)	Card
Total Gallons per period (daily, weekly, twice monthly, monthly)	Card
Time of day (subject to server location's time zone)	Card
Day of week (subject to server location's time zone)	Card

**Enforcement of some limits depends upon adoption of specification and merchant participation.*

3.21 Account Maintenance Services

The WEX system works off product codes that discern between what is being purchased. This includes maintenance services. If the WEX Product Type controls allow for maintenance services to be purchased in the card's assigned profile, then the corresponding product/service being purchased will be reported as any other transaction would. The controls in place are stated in 3.20 and maintenance services can be opted out of entirely as well should those types of purchase be not allowed. All of these controls can be accessed through the WEXOnline® module.

Additionally, WEX also offers a tool we call WEXPay™ to provide drivers a mechanism that enables out-of-network purchases at an additional 398,000 merchants in the MasterCard® network. Typically used for independent or geographically remote fuel and service sites, WEXPay™ utilizes a virtual card interface to provide the control of a fleet card with the convenience of a credit card. This out-of-network tool reduces the number of out-of-network sites where drivers would have to use an alternative form of payment.

Using WEX*Pay*™ in conjunction with a Custom Control fleet card lets Purchasing Entity set the rules for their drivers. Custom Control cards allow Purchasing Entity to set merchant, transaction, and even product type limits. WEX applies those limits to both WEX Fleet Card and WEX*Pay*™ MasterCard transactions. Expanded coverage combined with integrated reporting and invoicing will further streamline Purchasing Entity's fleet purchasing and operations.

How It Works

As a MasterCard issuing bank, WEX uses Single-Use Account Number technology to authorize a one-time payment to a merchant. The account number provided to the merchant by phone is fast and secure — good only for that one purchase.

When the merchant calls for authorization, WEX applies Purchasing Entity's purchase controls and collect the same level of purchase detail, including Prompt ID and odometer. WEX integrates the purchase details into Purchasing Entity's WEX Fleet Card invoice and reports. One card, one invoice, one report with the same controls and service our customers expect from WEX.

As an additional option for fleets that operate a call center type operation for maintenance approvals, WEX offers Purchase Log to facilitate payments to merchants that accept MasterCard®.

Lastly, WEX does offer an ancillary product that is separate from our fuel card offering that and completely optional for use that we call Purchase Log. Purchase Log is a web-based interface that allows fleet-designated staff to securely log in to WEX's MasterCard® settlement website and enter pertinent Level III data associated with a transaction (or invoice). This can include up to six entry fields for the fleet-specific data such as billing codes. Once the transaction information and

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

payment amount is entered, a virtual card/single use ghost account with expiration dates and CVC2 values is presented. The fleet provides this to the merchant for payment. The Purchase Log product typically works well for fleets that operate a call center or central garage locations where an authorized fleet or service manager is working directly with service merchant locations who is servicing an asset of theirs. Purchase Log helps facilitate safe, secure, quick and easy payment. Additionally, it allows for maximum data capture to feed fleet management systems and removes the need for having to invoice on account, issue checks or other forms of payment.

Using the MasterCard® payment network, Purchasing Entity's see all requests and approve all transactions before they take place. Purchasing Entities can give their managers different levels of approval, while maintaining control over larger purchases.

Purchase Log uses Single Use Virtual Accounts to make secure payments to vendors. It is a safe and secure method of paying vendors that lowers the possibility of misuse or fraud, and significantly reduces paperwork.

Purchase Log transactions appear on their own invoice and report since the program is separate from WEX Fleet Card account. Reports can often be formatted to be imported into most customer accounting programs.

**Purchase Log purchases are subject to the MasterCard transaction processing rules and terms of use, including tax exemption rules and would be a separate account set-up.*

3.22 Level 3 Data

When a driver swipes the card, the point-of-sale device prompts him or her to enter the Authorization Prompt ID (required) and odometer reading. Level III data line-item detail allows fleet managers to better track expenditures and facilitates cost analyses, vehicle life-cycle analyses, and overall fleet management. The Authorization Prompt ID is flexible to allow for the input of driver ID information for cards assigned to vehicles or department or the input of asset/vehicle ID information for cards assigned to a person or department, yet this Prompt ID is required for authorization.

For example, entering the correct odometer reading helps provide valuable vehicle information such as cost per mile, miles per gallon, vehicle operating costs, and intelligence for preventive maintenance schedules and vehicle replacements. It can also help streamline administrative operations, reducing the time and resources devoted to accounting.

Requiring the cardholder to enter an Authorization Prompt ID, typically referred to as a Driver/Asset ID or PIN, for each transaction helps prevent the card's use in case of loss or theft. Authorization Prompt IDs make fleet cards more secure and help limit internal and external fraud.

The Authorization Prompt ID can be linked to a specific purchase profile in WEXOnline®, providing further security by limiting expenditures to certain types of purchases, at specific dollar levels, and during specific timeframes.

Contrast this to a typical credit card, which usually requires no additional verification. Additionally, if a merchant is not set-up to pass Level III Data on an open-loop network most times this additional prompting is non-existent.

WEX also offers flexible prompting at merchants who have adopted and coded to our most recent point of sale specification. This flexible or 3rd prompting allows fleets the option to ask for an additional field of data that is prompted at the pump. For example, this could be for a job number,

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

cost center, department code or any other piece of data a fleet may want to capture. This is an optional feature that can be opted in or out of.

3.23 If capable, System will provide accurate Merchant latitude and longitude. WEX complies with this requirement.

3.24 Participating States and Purchasing Entities have the need to capture their state's specific merchant diversity information (i.e. small business, minority owned, etc.) including Federal Diversity information.

WEX has all of the source data behind our merchant diversity information and standard reporting. Should a Participating State or Purchasing Entity have a need to capture information specific to their state, WEX can provide this information on a state-by-state basis by building and delivering a custom report based on the individual state's specifications.

3.25 Ability for Contractor to initiate/create one-time overrides after hours with follow-up notification to Program Administrator.

The WEX Customer Service Department is open 24 hours a day, 365 days a year (366 days in leap years), the WEX Customer Service Department are WEX Employees hired by WEX, US based, fleet-trained in-house through a WEX training program, located in several call centers across multiple states and time zones and are always available to handle the needs of the fleet by calling the toll-free number 800-492-0669.

WEX has a No Driver Stranded (NDS) policy and will work with States and Agencies to tailor that policy at the time of account set-up to ensure it complies with that given fleets needs and own policies. This policy will be put into the WEX account notes available to our customer service representatives for account so that representative can follow the stated policy to assist a driver in need, help safeguard against possible misuse and appropriately notify a fleet when an occurrence may happen. NDS policy can include scenarios such as:

- Emergency and/or Extenuating Situations
- Out of Network
- Specific Agencies: State Police/Patrol, DOT, etc.
- Exceeding Authorization Controls
- Lost/Stolen Card
- Terminated Card
- Card Suspended for Fraud
- Card Suspended
- Driver is unsure of Vehicle ID but it is active
- Driver is unsure of Vehicle ID and it is not active
- Vehicle ID is terminated

In addition to the WEX NDS policy, WEX also offers a virtual card option to facilitate out of network payments called WEXPay™. WEXPay™ can also be used to facilitate a No Driver Stranded program. WEX*Pay*™ is a tool that enables out-of-network purchases at an additional 398,000 merchants in the MasterCard® network by utilizing a virtual card interface. Typically used for independent or geographically remote fuel and service sites, WEX*Pay*™ provides the control of a fleet card with the convenience of a credit card. This out-of-network tool reduces the number of out-of-network sites where drivers would have to use an alternative form of payment.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Using WEX*Pay*™ in conjunction with a Custom Control fleet card lets Purchasing Entity set the rules for drivers. Custom Control cards allows the ability to set merchant, transaction, and even product type limits. WEX applies those limits to both WEX Fleet Card and WEX*Pay*™ MasterCard transactions. Expanded coverage combined with integrated reporting and invoicing will further streamline Purchasing Entity's fleet purchasing and operations.

The merchant would call the number on the back of the WEX Fleet Card, and the merchant will be routed MasterCard for a virtual payment. Use of WEX*Pay*™ is subject to MasterCard terms & conditions and enrollment at the time of account set-up.

3.26 Roadside Assistance.

WEX Emergency Roadside is an existing WEX service delivered through partnership with National Automobile Club (NAC), one of the premier service motor clubs in the United States. Their mission since they were founded in 1924 has been to render Emergency Road Service promptly, courteously, safely and efficiently. WEX Emergency Roadside is available to all WEX Fleet Card users, and it's free until it is used. Users must "opt in" using settings in their online profile. Service is available for any class of vehicle, including Class 7 and 8 vehicles.

Services include winching, fluid delivery, lockout services, towing, tire change, jumpstart and more. Benefits include no out-of-pocket expense for drivers, 24/7/365 service with toll-free call or by placing a digital service request, preferred rates and ease of pay through the WEX Fleet Card, coverage across the United States, Canada and Puerto Rico, with service right from the driver's seat using available mobile app access. Drivers can also call WEX customer service connected to NAC or call NAC directly. All they will need is their WEX card.

NAC will advise the driver of the quoted response time and an estimated amount for the needed service from the vendor they identify who is able to assist with their breakdown need. These times can vary, depending on the type of service needs and other circumstances like weather or emergency events.

3.27 Many states require Fleet Card services in rural areas and marinas where separate/proprietary network are not always available.

WEX offers tool called WEX*Pay*™ to address out-of-network instances where a driver maybe in a rural area and the merchant is not set-up to accept our proprietary WEX Fleet card. WEX*Pay*™ is a tool that enables out-of-network purchases at an additional 398,000 merchants in the MasterCard® network by utilizing a virtual card interface. Typically used for independent or geographically remote fuel and service sites, WEX*Pay*™ provides the control of a fleet card with the convenience of a credit card. This out-of-network tool reduces the number of out-of-network sites where drivers would have to use an alternative form of payment.

Using WEX*Pay*™ in conjunction with a Custom Control fleet card lets Purchasing Entity set the rules for drivers. Custom Control cards allow Purchasing Entity to set merchant, transaction, and even product type limits. We apply those limits to both WEX Fleet Card and WEX*Pay*™ MasterCard transactions. Expanded coverage combined with integrated reporting and invoicing will further streamline fleet purchasing and operations.

How It Works

As a MasterCard issuing bank, WEX uses Single-Use Account Number technology to authorize a one-time payment to a merchant. The account number provided to the merchant by phone is fast and secure — good only for that one purchase.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

When the merchant calls for authorization, WEX applies Purchasing Entity purchase controls and collects the same level of purchase detail, including Prompt ID and odometer. WEX integrates the purchase details into Purchasing Entity's WEX Fleet Card invoice and reports. One card, one invoice, one report with the same controls and service our customers expect from WEX.

WEX is always increasing its acceptance coverage for fuel, marina and service locations. Because we currently have acceptance at more than 95% of all U.S. fuel sites, our merchant acquisition strategy is driven by the needs of our fleet customers that require service in remote areas or acceptance outside of domestic coverage.

If a customer needs specific merchants added to the WEX accepting network, we will request the following information from the fleet:

- Merchant name
- Merchant address
- Merchant contact person
- Phone and fax numbers
- Expected utilization/volume from Purchasing Entity's fleet
- Name and phone number of fleet employee requesting WEX card acceptance

WEX will work with all interested parties in an attempt to gain acceptance at the location. This includes either direct agreements or acceptance through our partnerships with network sales organizations and acquirers.

** Purchases are subject to the MasterCard transaction processing rules and terms of use, including tax*

3.28 Non-proprietary Network

When the merchant calls for authorization, WEX applies purchase controls and collects the same level of purchase detail and Level III Data including Prompt ID and odometer. WEX integrates the purchase details into Purchasing Entity's WEX Fleet Card invoice and reports alongside all other purchases made with Purchasing Entity's WEX Fleet Card. WEXPay™ transactions are denoted in reporting with MC to show they were processed using a MasterCard.

3.29 Primary vs. Non-proprietary Transactional Data

See response to 3.28.

3.30 Ability for a purchase to be executed via the standard (non-proprietary) network with Driver ID/PIN prompting.

When a driver is utilizing WEXPay™, the merchant will call into WEX customer service to receive a one-time use virtual card account number. When the merchant calls for authorization, WEX applies purchase controls and collects the same level of purchase detail, including Prompt ID and odometer from the driver that is verified by the WEX Customer Service Representative while the merchant is on the phone with them. WEX then integrates the purchase details into Purchasing Entity's WEX Fleet Card invoice and reports. One card, one invoice, one report with the same controls and service our customers expect from WEX.

3.31 Electric Vehicles

WEX has partnered with ChargePoint to provide Drivers and Fleet Managers/Program Administrators utilizing the WEX EV FleetCharge solution the ability to tie their WEX Fleet Card to an RFID tag or Mobile application. This integration allows fleets to obtain an EV charge at more than 66,000 ChargePoint locations.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

The customer logs into the ChargePoint portal to connect the WEX card to the RFID card/fob provided by ChargePoint. The data needed to link a WEX account in the ChargePoint online system will be the WEX account number found on the card (13 digits), the WEX card number found on the card (5 digits) and the expiration date found on the card (MM/YY). WEX will facilitate all needed payments to ChargePoint and integrate the available data with all other available transaction data through WEX. All verification comes through ChargePoint and the associated data with transaction is reported through WEX as we receive it from ChargePoint.

WEX is also varying stages of talks with other charging providers to bring on additional acceptance. Future integrations will include mobile and other applications to allow for additional prompting and authorizations. Should there be particular vendors/charging providers States or Agency identify as wanting to have card acceptance with, WEX will work with those various providers to establish acceptance wherever possible.

3.32 Electric Vehicle Charging Stations

ChargePoint controls authorization for its charging stations. They send WEX a daily sales file containing all transactions made on a WEX Fleet Card and transactional data they have available for reporting. Transactions typically post to the customer's account within 48 hours. Customers will not see these transactions in the authorization details in WEXOnline for ChargePoint transactions, but all the details of the transaction available in the transaction detail (Excel/CSV) once the transaction has posted. The transaction will also show within the standard report set (PDF reports) WEX provides to fleet customers. Typical transactional data along with kilowatt hours and other available information is included in WEX reporting.

3.33 Parking Stations

Almost all parking station point of sale (POS) devices are not currently capable of passing along Level III data as part of a transaction. To solve for this POS hurdle, WEX is currently in the process of applying our mobile payment capabilities, via the WEX Fleet DriverDash mobile application. Using mobile technology is a way to overcome POS limitations and facilitate payments that also include the requisite data. Currently, WEX mobile payments are accepted at 25,000 US fueling locations, and WEX is in the process of talking to several national parking providers. WEX's plan is to bring acceptance for parking, with Level III data, to customers in the near future.

4. System Upgrades

4.1 Participating States/Purchasing Entities understand that as technology and regulations change, system changes will have to occur. Participating States/Purchasing Entities also assume that as a good partner, Contractor will actively and continuously improve the systems capabilities, functionality and usability including platform transition. Changes/upgrades will be made at no additional cost to the Participating States/Purchasing Entities.

When changes are made Contractor must, at a minimum, notify the Master Agreement Administrator (Lead State) and Statewide Program Administrator (Participating States), prior to changes being put in place. Master Agreement Administrator and Statewide Program Administrator must provide approval of any notification communication prior to distribution to Users.

4.2 Online Transaction Management

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

WEX engages with our customers in both the public and private sector on a regular basis to collaboratively create and improve WEX products and solutions. WEX product managers seek fleet input directly from customers through WEX's relationship management team for online input and improvements among many other WEX products and system. Products like WEX Fleet ClearView™ have grown directly from customer feedback and input.

WEX holds an annual Lead User Group conference. The Fleet Lead User Group is a broad group of fleet administrators and managers representing more than 50 organizations and government agencies nationwide. This group includes WEX's largest and most demanding fleets, and is focused on providing WEX direction on near-term products and services (typically 1-3 years out). In some cases, these fleets serve as WEX "beta testers" for new initiatives, and help identify important needs that might be unmet. The group conferences annually at WEX headquarters in Maine, and teleconferences regularly. Additionally, the group responds to "rapid-fire surveys" several times per year, answering questions regarding satisfaction with WEX products and services. This forum enables WEX to stay close to its largest fleet customers and maintain a clear understanding of the requirements necessary to keep products current and competitive.

As part of our Lead User Group, WEX also employs a Fleet Advisory Board. This is a targeted group made up of a cross-section of WEX's largest fleets. Its role is to represent the fleet industry with WEX senior leadership, and to provide key input, ideas and direction to advance WEX's leadership position in the marketplace. This group meets once or twice a year, and corresponds regularly via conference calls and email. Its focus is on strategic initiatives, looking out 3-5 years or more, to support WEX's continued growth efforts.

WEX will also employ frequent surveys to our largest customers. States' fleet and purchasing managers interact with our Strategic Relationship Managers (SRM) on a regular basis. Through these interactions and account review with SRMs, they will seek feedback or currently or desired products and online enhancement to bring back to WEX's product managers.

For users of WEX Fleet ClearView™, the Community Module allows Purchasing Entity to network, collaborate, participate in discussion groups on fleet-related topics (i.e. positively impacting driver behavior or reducing fraudulent spend), pose questions, and share best practice information with fellow analytics peers.

This module features Discussion Forums on a variety of fleet-related topics where users can collaborate and share information, a news feed of recent Community activity, the ClearView University and an Events calendar, and a Resources section where content can be downloaded.

The Summary Dashboard (default or home view) contains important announcements, a news feed of recent posts from WEX Fleet ClearView™ users, and a schedule of upcoming training and events.

The Discussion Forums view contains a list of available forums. Navigate to this view by using the top navigation menu.

The Calendar view contains a list of free events and training that is open to all WEX Fleet ClearView™ users. Navigate to this view by using the top navigation menu. There are four different ways to view the events: Month, Week, Day, and Event Stream.

The Resources view contains informational assets, such as, Quick Start Guides, white papers, articles, images, and release notes. Navigate to this view by using the top navigation menu.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

4.3 System Upgrades/Changes Communication

WEX conducts routine, frequent and multichannel messaging to customers, from posting news in the WEXOnline® module's landing page, to sending emails, invoice inserts, mailers, and regular communications from the WEX Relationship Management Team in order to communicate system changes. Any major changes, either systematic or policy related, are communicated well in advance of any change being implemented and WEX typically seeks feedback from fleets to measure what, if any impacts they experience.

Online Outage Notification: Display on Home Screen

English example

Due to scheduled maintenance, online access will not be available from 11:00 pm ET Friday, November 16 to approximately 8:00 am ET, Sunday, November 18.

French example

En raison de l'entretien prévu du site Web, l'accès en ligne ne sera pas disponible à partir du vendredi 16

Novembre, de 23 h (heure de l'Est) et du dimanche 18 Novembre à 8 h (de l'Est)

4.4 Participating States/Purchasing Entities Top-Down Communication to the online transaction management system when changes are made

WEX does not engage in forced system changes without prior notice to the customer and collecting customer feedback as part of our assessment. WEX is proud of our long history of developing solutions and policies in close consultation and collaboration with our customers. We employ our Lead User Group, the advice of our Fleet Advisory Board and WEX Relationship Management Team to create and facilitate conversation and feedback around any potential changes with customers to make sure they are engaged and have a voice in any decisions that may occur. As an example, WEX was able to avoid implementing extreme policies that could have proved detrimental to our Fleet Customers with the large increase in White Plastic Fraud (card skimming) the industry has seen over the past several years. Through this collaborative process WEX was able to manage implementing manageable safeguards with our customers where possible and at the same time WEX implemented new technologies to more effectively identify and catch fraud early on after a card had been compromised.

4.5 System Changes Communication and Access to Data

Similar to our responses in requirements 4.3 and 4.4, WEX employs advanced notification for system changes. These notifications are posted in the WEXOnline® module prior to going into effect. Additionally, participating states in this agreement would each have the services of a Premium Fleet Services Account Manager and Strategic Relationship Manager assigned to their account. As such, outreach of this kind would occur at least one week prior, via phone call and/or email to the primary contact at each participating entity from this team to ensure proper notification is received and there is time for questions.

4.6 Training for System Changes

WEX provides multiple options and formats for training when system changes are made. Training can be customized as well to make sure they are relevant to at State or Agency's specific needs. The WEX Relationship Management Team will work with States and Agencies to ensure a training

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

model is put in place that works to cover their needs. Examples of what is available include but are not limited to:

- advice from the Premium Fleet Account Manager and/or the Strategic Relationship Manager;
- in-Person or video conference calls;
- recorded training sessions that can be saved and shared on State or Agencies local libraries or intranet sites;
- online self-help videos
- contextual Help within the WEXOnline® and ClearView™ modules;
- "What's New" indicators/information embedded where relevant in WEXOnline® with each release; and
- contextual help tutorials and walk-throughs to support right in line with what managers are attempting to do online in WEXOnline® and ClearView™.

4.7 Participating States will not accept forced/pushed 'top-down' process changes unless required by federal law. An example of a forced/pushed 'top-down' process change would be automatic shut off of cards on weekends, block purchases on specific days of the week.

WEX does not engage in forced system changes without prior notice to the customer and collecting customer feedback as part of our assessment. WEX is proud of our long history of developing solutions and policies in close consultation and collaboration with our customers. Although we can't foresee every scenario out there, WEX does not engage in forced process changes like the automatic shutoff of cards on the weekends, blocking of purchases on specific days or other drastic measures of this kind. We employ our Lead User Group, the advice of our Fleet Advisory Board and WEX Relationship Management Team to create and facilitate conversation and feedback around any potential changes with customers to make sure they are engaged and have a voice in any decisions that may occur. As an example, WEX was able to avoid implementing any policies that proved extremely detrimental to our Fleet Customers with the large increase in White Plastic Fraud (card skimming) the industry has seen over the past several years. Through this collaborative process WEX was able to manage this process with our customer while WEX implemented new technologies to more effectively identify and catch fraud early on after a card had been compromised.

5. REPORTING

Participating States and Purchasing Entities must have the ability to generate reports including detailed transaction data. A system with robust reporting capabilities is required.

5.1 System must time-stamp authorizations and reports according to the time zone of the authorization location or report request.

5.2 System must allow Program Administrator or Cardholder to run a transaction detail report which includes all User-inputted data.

5.3 System must allow for reports to be accessible as defined by roles and access levels.

5.4 System must have the ability for reports to be available in multiple formats (e.g. PDF, text, Excel, HTML, browser).

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

5.5 System must have the ability to provide program and transaction data reports at various frequencies to meet each Participating State/Purchasing Entity's requirements including but not limited to:

- Daily
- Weekly
- Monthly (billing cycle and calendar)
- Quarterly
- Annually (fiscal and calendar)

5.6 System must have the ability to extract/download data at any given time so that a report can be generated. The data can be downloaded by the following areas:

- Purchasing Entity Name
- Department/program Name
- Cardholder name (if applicable)
- Last 4 -6 digits of Credit Card number
- Merchant Name
- Merchant Spend
- Merchant transaction number
- Product Code
- Date transaction occurred
- Date transaction processed
- Charge Amount
- Transaction reference number
- City in which the transaction occurred
- State in which the transaction occurred
- Accounting string (Fund, Organization, Account, Program, Activity, etc.)

5.7 System must have the ability to provide "exception reports" including, but not limited to:

- Merchant Overrides
- Bank Overrides
- Program Administrator Overrides
- Back-to-back transactions
- Fuel type
- Over tank capacity
- Maintenance transactions
- Odometer input
- Decline report
- Miscellaneous transactions
- Split Transactions
- Duplicate Transactions

5.8 Contractor must provide quarterly rebate report no later than sixty (60) days after the end of the quarter to the Statewide Program Administrator or other representative designated by the Participating State. This report, at a minimum must include:

- Participating State
- Purchasing Entity legal name
- Purchasing Entity Type (Agency, City, etc. as defined by the Participating State)
- Gross spend for the rebate period

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

- Any credits for the rebate period
- Any write-offs for the rebate period
- Net spend for the rebate period
- Net spend for each rebate type
- Incentive Share/Rebate Rate per rebate type
- Rebate amount by rebate type
- Total rebate paid to the Purchasing Entity and/or Participating State.

5.9 Contractor must be able to provide a rebate report that reflects the type of rebate applied to each transaction no later than sixty (60) days after the end of the quarter. This report, at a minimum, must include:

- Purchasing Entity legal name,
- Entity Type (Agency, City, etc. as defined by the Participating State)
- Transaction date
- Merchant name
- Merchant TIN
- Transaction amount
- Applicable rebate type
- Applicable rebate BPS
- Rebate amount earned

5.10 Participating States and Purchasing Entities may have additional transaction data and rebate reporting requirements, detailed in each Participating Addendum.

5.11 Contractor must provide an annual report to the Lead State reflecting total spend and National Annual Volume Rebate earned by Participating States for the calendar year.

5.12 System must have the ability to schedule on-demand and Ad Hoc reports.

The WEXOnline® module offers a suite of reports, both standard and Ad Hoc, to help slash the administrative time involved with managing fleet expenses and operations. These reports can be scheduled for timely delivery to users or to a Fleet Manager/Program Administrator, they can be scheduled to run daily, weekly or monthly. The suite of standard and Ad Hoc reports allows users the flexibility to access system generated reports quickly, or build a report to the specifications important to them, their job responsibilities and/or reporting requirements. Additionally, through WEX's relationship management team can work with Purchasing Entity to build customized reporting for many different kinds of specialized or specific reporting needs a State or Agency may have. WEX requires all accepting merchants to be Level III capable, a level of transaction data capture that provides the foundation for our superior reporting tools.

The major report categories we offer are:

- Management Reports
- Profile Reports
- Transaction Reports
- Exception Reports
- Benchmark Reports
- Billing Cycle Reports
- Ad Hoc Reports
- Authorization Detail Reports
- Standard Reports

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

- Customizable Reports

In addition to these reports, contact Premium Fleet Services Account Manager, who has advanced query tools that satisfy complex reporting needs not covered by our standard reports, to order custom reports. WEX will be able to demonstrate this functionality in a Demo setting should the evaluation like to see what our WEXOnline® module is capable of.

5.13 Reports When Data is not available

Average turnaround times can vary depending on the type of data/report being requested and when the request is made of WEX. However, typical requests and responses usually take less than 24 business hours and are answered the same business day. The WEX Relationship Management team will work with Purchasing Entity on the initial request to ensure we are aware of any timelines, restraints or deadlines that the requesting State or Agency faces. Furthermore, whenever possible we communicate how long we anticipate a specific request to take. Some requests may require WEX to, for example, reach back out to a merchant for clarification or more information. This can add time, but is something WEX will work to communicate upfront with the requesting entity.

5.14 Standard or 'canned' reports available and who has authority to view them. Include description of search capabilities criteria and methods available.

The standard reports available in the WEXOnline® Reporting module are provided and described below. The authority to view various reports depends on the permissions assigned to a user within WEXOnline®. Search criteria and methods can vary based on the types of reports but they are typically searchable over a various levels in the hierarchy. Users can be limited to show only the levels of access they have within the hierarchy. Search criteria can include date ranges, report types, filter options, billing cycle, transaction date, posting date various other measures to populate the necessary data from the module.

Management Reports provide a view into the entire portfolio, illuminating trends and areas for possible savings. Available reports include:

Report Name	Description/Benefit	Mode of Delivery	Frequency
Major Fleet Activity Report	This report provides current and previous monthly summary information by account, by brand, outlining total spend, fueling spend, gallons, and average PPG. The report helps fleets identify which merchants they are using and whether they could save by switching to brands with a lower PPG.	WEXOnline	Monthly
Account Review	This report is a rolling 13-month review of data consisting of the following reports: portfolio summary, spend report, gallon report, fuel type usage snapshot, premium fuel gasoline spend, non-fuel spend snapshot, average price per gallon (gas and diesel), transaction report, activation report, brand report (gasoline, diesel and maintenance). This report allows fleets to identify areas of opportunity (such as excessive premium fuel use).	WEXOnline	Monthly
Opportunity Report	This report outlines savings opportunities by account, driver and/or vehicle by benchmarking purchases at a zip code level against the entire WEX portfolio. This report provides insight into where drivers are fueling, identifying ways to save by fueling at lower cost stations near their routes.	WEXOnline	Monthly

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Profile Reports provide fleet managers and administrators with a snapshot of the information available in our system at the time the report is run, making it easy to manage the inventory of accounts, cards, drivers, and vehicles and helping ensure that the information and status of each item is up-to-date. Available reports include:

Report Name	Description/Benefit	Mode of Delivery	Frequency
Account Profile	This report itemizes the accounts within Purchasing Entity's hierarchy and provides details including contact name, shipping information, total cards, total driver prompts, card type, accounts, org units, and total vehicle prompts. This report helps fleet managers ensure their accounts are set up as desired.	WEXOnline	On Demand or Scheduled
Card Profile	This report provides a broad view of cards across multiple accounts or focused on a single account. This allows fleets to monitor and review card data based on a comprehensive view of card attributes or just a few specific card details.	WEXOnline	On Demand or Scheduled
Vehicle Profile	This report provides a broad view of vehicles and assets across multiple accounts or focused on a single account. This allows fleets to monitor and review vehicle data based on comprehensive information, including account assignment, name, status, and date of last transaction.	WEXOnline	On Demand or Scheduled
Driver Profile	This report provides a broad view of drivers across multiple accounts or focused on a single account. This allows fleets to monitor and review driver data based on comprehensive information, including account assignment, name, status, and date of last transaction.	WEXOnline	On Demand or Scheduled

Transaction Reports provide fleet managers and administrators with a full range of authorization and posted transaction data to perform audits, trend analysis and data mining. This allows for simple ad hoc queries and more in-depth, customizable reporting to help drill down to the data needed. Available reports include:

Report Name	Description/Benefit	Mode of Delivery	Frequency
Ad Hoc Transaction Details	This report is a simple, on-demand, ad hoc reporting tool that provides posted transaction details for a period of time specified (up to 24 months). This tool is especially useful in viewing transactions associated with a particular billing cycle, or a quick way to look up something being investigated. It has both filtering and sorting capabilities.	WEXOnline	On Demand
Ad Hoc Transaction Summary	This report is a simple, on-demand, ad hoc reporting tool that provides posted transaction details at a summary level for a period of time specified (up to 24 months). This tool is especially useful in viewing a summary of information by account, card, or brand, with an ability to then drill down into transaction details to get more information.	WEXOnline	On Demand
Transaction Management	This report is a comprehensive, highly customizable, transaction-level report that allows the ability to analyze usage at certain merchants or	WEXOnline	On Demand or Scheduled

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

	within specified dollar amounts or within selected accounts. It allows for a broad set of filters, and the ability to select and sort the fields.		
Authorization Activity	This report provides a direct view of authorization activity, which is posted in real-time in our system. This detailed authorization data helps make informed decisions and perform analysis to help manage and enforce driver purchasing policies. It is also an excellent tool for assisting drivers on the road who may have encountered a "decline" at the fuel pump, but are unsure why.	WEXOnline	On Demand or Scheduled

Managing by exception is an excellent way to save time while ensuring Purchasing Entity policies are being followed in the field. **Exception Reports**, when paired with card controls, help manage program by identifying potential fraud or abuse. Available reports include:

Report Name	Description/Benefit	Mode of Delivery	Frequency
Ad Hoc Exceptions	This report is a simple, on-demand, ad hoc exception reporting tool that provides the ability to view posted transaction details for a variety of exceptions. Some of the options include: high octane fuel, weekend purchases, and number of gallons or number of transactions per period. The tool has both filtering and sorting capabilities.	WEXOnline	On Demand
Flexible Exceptions	This report provides a comprehensive set of exception parameters for posted transactions upon which Purchasing Entity can be alerted. Any transactions that meet the threshold set will be captured on a report for review. Additionally, Purchasing Entity can choose to receive an email once a day notifying of any exception that has occurred. This tool is effective in identifying possible fraud or abuse of cards.	Email and WEXOnline	Daily capture of transaction details; on demand report viewing
Real Time Alerts	This tool allows Purchasing Entity to set parameters within Authorization Profiles so Purchasing Entity can be immediately alerted when a transaction falls outside of that parameter. An email will be deployed to notify of what has occurred, in near real-time, and it will also be available for review in an online report. This tool is very effective in identifying possible fraud or abuse as the transaction is occurring.	Email and WEXOnline	Emailed as threshold is exceeded; on demand report viewing

Benchmarking Reports provide a way for fleets to understand how their purchasing behavior compares to others, with insight into the types of merchants being used.

Report Name	Description/Benefit	Mode of Delivery	Frequency
Minority and Women-Owned Business Report	This report provides monthly roll-up of transactions, gallons, and dollars spent at minority- and women-owned fueling and service sites. This report is useful for those fleets that are tracking their minority spend and have a program to increase spending at minority- and women-owned businesses.	WEXOnline	Monthly
WEXIndex™	WEXIndex™ is an index and report published by WEX for the price per gallon of certain fuel types in a given month. Our customers use this report to understand pricing trends in the industry. Within the Account Review (see above under Management Reports), it is used to benchmark Purchasing Entity's fleet pricing behavior vs. the national	WEXOnline	On Demand

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

	average for the specific fuel type. This tool is an excellent way to help drivers make good choices on where they fuel and where fueling costs can be reduced.		

Billing Cycle Reports accompany an invoice to assist fleets in reconciliation before making payment. They are available in a variety of formats, giving the fleet the ability to choose the format that is most beneficial. Available reports include:

Report Name	Description/Benefit	Mode of Delivery	Frequency
Purchase Activity Report	This is our standard billing cycle report that accompanies each invoice, with a roll-up by card or department. It can be retrieved online and is in a PDF format. It consists of several key elements: Purchase Activity: by card transaction details for that cycle Financial Summary: financial roll-up of spend by account, fuel and non-fuel Site Summary: roll-up of purchase behavior by brand, with totals Tax Exempt Summary (tax exempt fleets only): roll-up of exempted and reported transactions by jurisdiction and fuel type	WEXOnline	With invoice, at cycle close
View Details	This is our standard transaction detail report that is available online and accompanies each invoice. The report can be downloaded into Excel or CSV as needed and provides an easy way for fleets to reconcile their transactions with their invoice. Also provides the ability to download for additional filtering or archiving.	WEXOnline	With invoice, at cycle close
WEXLink	WEXLink is a comprehensive data file available to fleets that wish to import transaction details into their systems. It can serve as simply a report, or as a billing and reporting file. (See description below in requirement 6.6)	WEXOnline, FTP, or Email	With invoice, at cycle close

5.15 System must capture and report sales by Product Code (PC). If PC Type reporting is available, please explain how this reporting would be conducted and what information would be provided.

WEX does capture and report sales by Product Code (PC). PC type reporting is available through WEX, is accessible in multiple places and formats. WEX's reporting tools in WEXOnline®, ClearView™ and in WEXLink™ files all contain Transaction Data that is inclusive of the product codes as reported to WEX by the merchant. WEX utilizes product coding standards set by the National Association of Convenience Stores (NACS).

WEXOnline® contains multiple reports that are available either via standard reporting or custom reporting that includes PC information. WEXOnline® Exception Reporting can also be set-up to trigger against unwanted or closely watch product grouping to alert a Fleet Manager/Program Administrator when an unwanted purchase may have occurred.

WEX Fleet ClearView™ Essentials module allows user with access and the appropriate permissioning to search and reports on Product Codes easily and quickly with in the dynamic analytics platform. PCs can be easily searched by Product Group, Product Type, Product Grade and Product Name.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Most of our larger fleets choose to receive billing and transaction data in the form of WEXLink™ file. This is an electronic file that provides customers with transaction data on a daily, weekly, or monthly basis via the internet (i.e. SFTP). The data is provided in a flat file and includes extensive detail for both fueling and service transactions, enabling fleets to analyze vehicle, driver and purchase information, and to reconcile monthly invoices. WEXLink™ files are designed specifically for fleet customers who want to perform detailed analysis and reporting on their fleet accounts within their own systems. This file can be merged with existing information management system, making it easy to track costs. Product Code information is available as Transaction Data report.

See table in Answer 6.6 for a summary of available reports, including Product Code reporting.

5.16 Contractor must be able to provide comparative rebate reporting comparing the previous quarterly and annual rebates to the then current quarter/year.

WEX's system allows for robust account structures and reporting functionality, including the reporting of rebate earnings that provides a full breakdown of a rebate for a given time period. These reports can be structured to compare the previous quarterly and annual rebates to the current quarter/year. Purchasing Entity's WEX Premium Fleet Services Account Manager along with the dedicated Strategic Relationship manager will work at the time of implementation, or at any point during the life of the contract, to set up or modify reporting to ensure it satisfies the needs on an individual State or Agency.

5.17 If capable, system must provide sales by merchant type (i.e. small business, minority owned, etc.) including Federal Diversity information.

WEX's Minority and Women-Owned Business Report provides monthly roll-up of transactions, gallons, and dollars spent at minority- and women-owned fueling and service sites. This report is useful for those fleets that are tracking their minority spend and have a program to increase spending at minority- and women-owned businesses. This report is delivered via WEXOnline®.

In addition to WEX's Minority and Women-Owned Business Report Purchase Activity Report, delivered via WEXOnline® at the close of every billing cycle, is our standard billing cycle report that accompanies each invoice, with a roll-up by card or department. It can be retrieved online and is in PDF format. It consists of several key elements:

- Purchase Activity: by card transaction details for that cycle
- Financial Summary: financial roll-up of spend by account, fuel and non-fuel
- Site Summary: roll-up of purchase behavior by brand, with totals
- Tax Exempt Summary (tax exempt fleets only): roll-up of exempted and reported transactions by jurisdiction and fuel type

6. DATA TRANSFER/INTEROPERABILITY

6.1 System must be accessible in accordance with Section 508 (Section 508 of the Rehabilitation Act (29 U.S.C. 794d), as amended by the Workforce Investment Act of 1998 (P.L. 105-220), August 7, 1998) - accessibility.

6.2 System must be supported (at a minimum) by Internet Explorer, Edge, Firefox, Safari, Chrome.

6.3 System must allow for downloads, data transmissions, and integration in support of non-standard/standalone financial management systems, including legacy systems.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

6.4 System must have the ability to interface with legacy fleet management systems at no charge to customers including, but not limited to:

- Asset Works (Maximus, M4 and M5)
- Faster
- VMTS
- SAP

6.5 System must be able to provide Fleet Card information and transaction detail in a format compatible with all Enterprise Resource Planning (ERP) or e-procurement systems utilized by any Participating State/Purchasing Entity that is part of this Master Agreement. Those systems include, but are not limited to any SAP, Banner, Oracle, Periscope, or PeopleSoft systems.

WEX can deliver data in a flat file format, or WEX*Link*™ file, as well as downloadable formats out of our WEXOnline® module in CSV and XLS formats. These file types make it easy to import data into any back-office system -- including, but not limited to, SAP, Banner, Oracle, Periscope and PeopleSoft -- for thorough reporting and analysis. Additionally, WEX can perform custom file work to help meet a State or Agency need.

6.6 Contractor shall be able to provide, at no cost, the entire transaction data collected by the merchant at the frequency requested by the Participating State or Purchasing Entity in accordance with standard File Transfer Protocol (FTP). At a minimum, file outputs must include CSV (comma delimited) format and XLS.

Most of our larger fleets choose to receive billing data in the form of WEX*Link*™, an electronic file that provides customers with transaction data on a daily, weekly, or monthly basis via the internet (i.e. FTP). The data is provided in a flat file and includes all available information made available by the merchant with extensive detail for both fueling and service transactions, enabling fleets to analyze vehicle, driver and purchase information, and to reconcile monthly invoices. WEX*Link*™ files are designed specifically for fleet customers who want to perform detailed analysis and reporting on their fleet accounts. This file can be merged with existing information management system, making it easy to track costs. File outputs include CSV (comma delimited) format and XLS. The file can be set-up for delivery on a frequency suitable for the participating State and/or Agency.

Some of the detailed transaction information included in the WEX*Link*™ billing file is:

WEX*Link* File Data Summary			
Transaction Data	*Site Data*	*Vehicle Data*	*Driver Data*
Product code	Site name	Vehicle number/ID	Driver ID
Product name	Brand name	Vehicle plate number	First name
Transaction date	Site address	License plate state	Last name
Transaction time	Site city	Odometer	
Transaction number	Site state		
Fuel type	Site zip code		

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Unit of measure	Private site quantity		
Unit cost	Private site transaction		
Quantity purchased			
Gross dollars			
Exempted tax			
Reported tax			
Invoice number			
Billing period			
Account number			
Code tracking*			
Non-fuel purchases			

6.7 System must have the ability to create custom extract files/mappers at no charge to the customer for automatic feed into their financial systems (i.e. SAP, Oracle, SMFA, SQL, PeopleSoft, Excel, etc.). This custom file will be created in such a manner that it can be imported into the Purchasing Entity's financial system with no interaction, special programming, or manual entry of transaction data.

WEX, at no charge to the Purchasing Entity, is able to create custom files that are capable of being imported into financial systems. The WEX IT Team can build custom files that are delivered via SFTP, email or mailed to a customer. The file types we can build and support are fixed length, CSV, Excel and PDF files. The files will be built to specs provided by the customer to match what they need the file to look like to minimize coding on their side to load the files. The files can be delivered on a variety of frequencies from daily, weekly, monthly (on any day of the month) and billing cycle. This work does have to go through a slotting and prioritization process. Customers should make requests through the Relationship Management Team. The Purchasing Entity/Customer will need to clearly detail what it is they are looking for and how they need to receive the customize file. The Contractor will build the file and work through a testing process with the Purchasing Entity to ensure the file work prior to them being put into production. Changes to a file would follow a similar process.

The WEXOnline®system also offers customization of data for reporting and export. The specification would be based on the standard data fields provided by WEX. These reports can be scheduled for export to CSV or Excel format and can be emailed to individuals or multiple people. Depending upon account set-up, they can also be sent to a WEX SFTP for retrieval.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

7. SECURITY & CONFIDENTIALITY

7.1 System must be PCI DSS compliant throughout the term of the Master Agreement.

7.2 System Electronic Data Interchange (EDI) standards must be compliant with ANSI ASC.

7.3 Contractor must keep Participating State, Purchasing Entity, and Cardholder information confidential and may not share, use, or sell data acquired through the execution of this Master Agreement or affiliated Participating Addendum.

7.4 Cyber Security Protocols.

WEX's Information Security Organization is responsible for safeguarding the confidentiality, integrity and availability of physical and electronic information assets. The overall objectives for information security at WEX include:

- Ensuring the confidentiality, integrity and availability of WEX's information assets.
- Managing controls to safeguard WEX's information assets against unauthorized use, access or disclosure.
- Maintaining business resiliency in the event of a disaster or security incident.
- Managing a control environment consistent with commonly accepted industry standards and frameworks including ISO 27001, PCI-DSS, SOX/404, and NIST.
- Managing risks related to the use of external service providers and related third parties.

WEX's Information Security organization has adopted the ISO 27001/27002 framework for protecting information assets. The framework and related control activities have been established using a risk based approach aligned to enable the business and support strategic priorities.

As such, the Information Security framework includes the following:

ISO 27001 Domain	Representative WEX IS Capabilities
Information security policies	Corporate IS Policy, Acceptable Use, and extensive IS standards and procedures
Organization of information security	VP CISO reporting to the audit committee with functional groups including access management, threat management, risk management, business resiliency and architecture and engineering.
Human resource security	Background checks, training, management oversight
Asset management	Asset inventories maintained, data classification, and media handling controls
Access control	Provisioning and recertification controls limit access based on need to know and enforce stringent password and segregation of duties requirements

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Cryptography	Encryption of relevant data in transit and at rest based on data classification
Physical and environmental security	Physical access and environmental controls
Operations security	Procedures, anti-virus, backups, change management, capacity management, logging, vulnerability management
Communications security	Network controls, network segmentation
System acquisition, development and maintenance	System development methodologies, secure coding training, security engagement into the project management lifecycle
Supplier relationships	Review of key third party service organizations to include right to audit and review of SSAE16, PCI and related reports
Information security incident management	Incident management, security investigations, and eDiscovery capabilities
Information security aspects of business continuity management	Formal business continuity and disaster recovery programs including periodic testing and business resiliency controls
Compliance; with internal requirements - policies, and with external requirements - laws	PCI-DSS, SSAE16, SOX/404, NIST, Data Protection Laws, data loss prevention controls

In terms of administration and governance, WEX has established a Global Chief Information Security Officer who reports to the Board of Directors Technology Committee and administratively through the Chief Technology Officer. WEX's security function includes Governance, Risk and Compliance, Identity and Access Management, Security Architecture, Security Engineering, and Business Continuity/Disaster Recovery functions. The Security framework is reviewed regularly and updated at least annually to respond to the rapidly evolving threat landscape.

WEX has also contracted with a Managed Security Service provider to perform 24x7 real time threat intelligence, security monitoring, and incident response capabilities.

7.5 Data Breached Notification.

The WEX Crisis Management Team ensures notification requirements are assessed by the legal and compliance teams and facilitates all required notifications via the appropriate channels to those who may have been impacted by any data breach.

7.6 Data Breach and Protocols to protect Agency Information.

In the event of a data breach the WEX Crisis Management Team engages immediately to implement the WEX Business Continuity Plan (BCP) to triage the level a potential breach and immediately safeguard all customer, State and/or Purchasing Entity's information. WEX has a BCP for each line of business across our organization, and this plan is customized to meet the unique needs of WEX customers across our organization in a given line of business. The WEX Business

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Continuity Plan ensures that WEX employees, and the physical and information assets entrusted to us by our clients are protected by viable response and recovery plans. The Corporate BCP takes an all hazards approach to the assessment of risk posed to critical business functions and develops comprehensive plans that provide for effective recovery from a disruption of critical business functions. The plans are tested before implementation and exercised regularly thereafter to ensure their viability and continued improvement.

In instances of fraud or card skimming, WEX works in a similar manner to ensure accounts and customer information is shut off and safeguarded. See discussion of WEX's fraud detection system, SaferPayments, in our response to Question 15.4.

7.7 Contractor must provide and maintain an appropriate information security program to prevent the unauthorized disclosure, misuse, alteration, or destruction of confidential information.

As part of the WEX BCP, WEX has in place an information security program that exists to safeguard both WEX and WEX customers from the unauthorized disclosure of information, especially sensitive information. This includes unauthorized disclosure, misuse, alteration or destruction of confidential information. The WEX Information Security Program outlined below covers the protection of cards, account numbers, passwords, PINs, transaction data, among many other sensitive systems and information.

The WEX production data center is a secure facility, accessed by badge readers and monitored by CCTV. The facility is staffed 24x7x365. The WEX data center has a Tier III rating as specified by the uptime institute. WEX visitors and maintenance personnel are only allowed access to data center facilities with an authorized escort and approved business need.

WEX has an ISO 27001/27002 based Information Security Program that includes robust access controls, security monitoring controls, governance, risk and compliance, backup and recovery capabilities, regular penetration testing and vulnerability scanning, strong physical and environmental controls, policies and procedures, and security awareness training. Policies and standards are reviewed and updated annually. Procedures are owned by the individual teams and are required to meet the standards and also be approved by their management.

WEX also obtains a SSAE16 SOC1, PCI-DSS certification over our WEXOnline® platform, and is subjected to regular reviews and oversight by Internal Audit, External Audit, FDIC Examiners, and various third parties.

The SSAE16 SOC1, PCI-DSS certification governs WEX security protocols for how we handle customer information like cards, account numbers, passwords, personal identification numbers and transaction data.

Vendor Access

WEX has a Vendor program that establishes the following review and oversight areas: Information Security service provider review, Procurement review, and Legal Department review that must be performed prior to a third party being approved. Logical access is then requested by the WEX manager that owns the relationship with the third party and provisioned by a systems access group.

System Patches

System patches, including service packs and security fixes are reviewed and approved following standard change management processes. Relevant patches are applied as soon as practical given

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

maintenance windows, risks, etc. Not all updates are relevant in every environment, so each is evaluated for relevance and risk before implementation.

Protection From Attacks

The OWASP standards are built into development processes and manual testing is performed in addition to peer review as required by our SDLC. WEX uses an automated dynamic application security testing (DAST) solution that scans web applications to find vulnerabilities and provide guidance on remediation.

WEX receives vulnerability announcements, for relevant systems, from vendors, third parties, NIST, FDIC, FBI, and other threat feeds and has a dedicated security operations team managing and maintaining the vulnerability management program. The Vulnerability management procedure requires a ticket to be generated and assigned to Information Technology operations teams for patching.

Logging and Log Monitoring

Logs are aggregated and correlated using an on premise, commercially available, SIEM platform. Logs are kept for one year. Additionally, WEX has managed services contracts with a well known global service to assist in monitoring and responding to log events.

Remote Access

Remote access to WEX networks from a non-trusted network requires an authorized device, the use of VPN and two-factor authentication.

Network based intrusion detection is used at critical points of the network infrastructure. Network access control has been implemented to ensure only authorized devices that have the correct security posture are admitted onto the network.

Media Destruction

WEX utilizes a third-party vendor for media destruction. WEX also has onsite degauss capability that meets Department Of Defense requirements for media sanitization.

Access

Access is granted through the provisioning of a unique user ID, with least privilege rights granted. Requests are approved by a user's manager, and provisioned by a systems access group. Initial logon requires a password change, and access is disabled upon termination. Key password parameters: Min. Length of 8 characters must choose 3 out of the 4 of the following: capital letter, lower case letter, number, special character.

Lock out is three unsuccessful attempts and expiration is 90 days. User authentication can be performed, depending on the application, by: Active Directory, LDAPS, or Oracle access manager.

Encryption Policies and Standards

WEX encryption policies and standards govern encryption for data in transit and/or at rest. Standard algorithms are AES 256 and 3DES. WEX SAN data is encrypted at rest using AES256 and mobile devices utilize whole disk encryption. For web applications, SSL is used between web servers and the browser. Console access is SSH.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Incident Response

WEX has an incident response policy, standard, and procedure that is reviewed, approved, and tested yearly. Procedures contain: incident handling, incident detection and analysis, incident categorization, incident analysis, incident documentation, incident prioritization, incident notification, containment, eradication, and recovery, evidence gathering and handling, identifying the attackers, eradication and recovery, and post-incident activity using collected incident data.

Subcontractors

The WEX Legal Department, in conjunction with Procurement, performs contract review for service providers and has standard legal language in all contracts that address our security requirements and expectations of subcontractors.

7.8 Securing and preventing unauthorized disclosure, misuse, alteration, or destruction of confidential information.

WEX employees multiple levels of security with our contractors depending on the level of access they require. WEX prevents unauthorized disclosure, misuse, alteration or destruction of confidential information by utilizing the security protocols and proprietary technological advantages described above for both WEX and our Contractors. See responses in 7.1, 7.5, 7.6, 7.7 and 15.4 for more detail.

7.9 Disaster recovery plan (i.e. data breaches, system errors and resolution plans, timeframe for data restoration, backup in case of power failure, etc.).

WEX's Organizational Resilience Program Overview was created to provide clients with information identifying and defining the resiliency roles and responsibilities of WEX and our clients in the event operations are impacted due to disruption or disaster. WEX employs multiple call center locations across the country to ensure a given event in one area or region will not render another in operable. The same goes for WEX's authorizer that validates and approves transactions. Both are on separate power grids and housed in multiple locations across the country. In addition to some of these basic precautions, see our business continuity plan:

Overview

The WEX Business Continuity Plan includes well-defined and documented procedures, designed to respond to unforeseen events. WEX utilizes a step-by-step, standardized incident management process that ensures all requirements relating to proper response, escalation, notification and resolution of a disruption of any type are met. The WEX BCP utilizes the ISO 22301 framework and is integrated with WEX physical and information security, and risk management systems. The WEX BCP adopts a process approach for establishing, implementing, operating, monitoring, reviewing, maintaining, and improving the organization's organizational resilience management system.

Review Policy

Oversight of business continuity planning is assigned to the Director, Organizational Resilience who ensures that plan updates are completed and that the plan is tested and remains current and relevant.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Objective

The objective of the WEX BCP is to provide a comprehensive and systematic process of prevention, mitigation, preparedness, response, continuity, and recovery that provides an on-going, dynamic, and interactive process that serves to assure the continuation of the organization's critical business functions before, during, and after a disruptive event.

The BCP allows WEX to: effectively manage disruptions; provide efficient notification to personnel, clients, business partners, service providers and vendors; ensure organizational stability; provide well-defined and documented incident management procedures to minimize decision making during a disaster; ensure regulatory and legal compliance; and ensure regular testing of response/recovery plans.

Recovery

Summary

The WEX BCP provides well defined and documented procedures which provide the incident management team with the ability to effectively and efficiently manage the recovery process during and after a disruption of service to our clients. By implementing the pre-planned procedures, our incident management team can work together in an expedient and effective manner to resolve any unforeseen incident and ensure that the impact to our clients is minimized.

Alternate Processing Sites

WEX utilizes a combination of cloud and physical infrastructure to ensure resilience and recoverability of production systems across the globe. Each primary production system is designed to be highly available and resilient by utilizing HA architecture within each data center or by duplicating systems across multiple cloud availability zones as well as a corresponding disaster recovery solution to ensure recoverability of production systems.

The WEX call center will staff the alternate processing sites with operational support staff, technical, telecommunications, and administrative support personnel. WEX will maintain a fully functional Emergency Command Center at each location to provide redundancy for incident command.

Plan Organization

Overview

The WEX BCP consists of multiple plans that outline physical security, emergency response, and recovery responsibilities, tasks, and procedures to be used throughout recovery efforts for our business locations and data centers.

WEX utilizes multiple industry recognized automated resiliency tools and services to ensure global situational awareness, effective preparation, communication and collaboration across the enterprise related to resiliency planning, testing and incident management.

Business Unit Plans

The business unit plans contain the recovery tasks and the action items required to recover the functions of each critical business unit.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Technology Plans

The technology plans identify the responsibilities, recovery tasks, detailed logistics and action items vital to recovering the critical applications and network infrastructure that supports our business units.

Emergency Response Plans

The emergency response plans identify the responsibilities and action items required for initial response to incidents and focus on preservation of life and safety of WEX employees and clients, as well as, the safeguarding of physical and information assets.

Corporate Incident Management System (IMS)

By allocating resources and providing a standardized incident management structure for all affected locations, the IMS identifies the Emergency Operations Center (EOC) responsibilities and activities that will assist the crisis management and recovery teams throughout the recovery effort. The responsibilities and tasks contained in the IMS are performed at the designated EOC.

Crisis Communications Plan (CCP)

The crisis communications plan provides procedures for the management and coordination of communications within WEX and externally to WEX clients and external stakeholders.

Pandemic Plan

The WEX Pandemic Plan lays out the strategic approach and preparations for influenza or other infectious disease pandemic. The plan is designed to minimize the risk to the health and safety of WEX employees and customers and ensure the continuity of business operations.

The plan includes recommendations from the Centers for Disease Control (CDC) and includes tactics for addressing workforce and facility impairment, notification of employees, and clients in the event of plan activation.

Support Plans

The support plans identify the responsibilities and recovery tasks required to provide emergency travel, financial, human resource, damage assessment, and salvage activities.

Evaluation AND TESTING

Summary

WEX will evaluate organizational resilience plans, procedures and capabilities through periodic assessments, testing, After Action Reports (AAR), performance evaluations and exercises.

Monitoring and Measurement

WEX will establish, implement and maintain performance metrics and procedures to monitor and measure, on a regular basis, characteristics of its operations that have a material impact on its performance, including partnership and supply chain relationships. The procedure shall include documenting of information to monitor performance, applicable operational controls, and conformity with the organization's organizational resilience objectives.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Evaluation of Compliance

Consistent with its commitment to compliance, WEX is continuously evaluating compliance with applicable legal and regulatory requirements. WEX will evaluate compliance with other requirements to which it subscribes including industry best practices.

Exercises

WEX will validate its Business Continuity Plans using testing and exercises that:

- Are consistent with the scope of the BCP and the objectives of the organization
- Are based on scenarios that are well planned with clearly defined objectives
- Minimize the risk of disruption to operations and assets
- Produce a formalized post exercise report that contains outcomes, recommendations, and plans to implement improvements in a timely fashion
- Are reviewed within the context of promoting continual improvement and are conducted at planned intervals, from time to time on a non-periodic basis, and when significant changes occur within the organization and the environment it operates in.

7.10 Roles and responsibilities of the team responsible for monitoring and managing system and product risks. Include how known risks and mitigation plans would be communicated to Participating States, Purchasing Entities, and Cardholders.

Consistent with its commitment to compliance, WEX is continuously evaluating compliance with applicable legal and regulatory requirements. WEX employs an Organizational Resilience Team to manage, monitor, and evaluate WEX's systems. The team works to assess risk across the entire WEX organization and employ policy and plans to ensure all risk is mitigated to the lowest level possible as well have to have communication and response plans in place should something happen. WEX evaluates compliance with other requirements to which it subscribes, including industry best practices. WEX has established performance metrics and procedures to monitor and measure, on a regular basis, those characteristics of its operations that have a material impact on its performance, including partnership and supply chain relationships. The procedure shall include documenting of information to monitor performance, applicable operational controls, and conformity with the organization's organizational resilience objectives.

8. CUSTOMER SERVICE

Customer service and support are key to the successful operation of any card program.

8.1 Contractor must provide at least one (1) designated Relationship Manager assigned to each Participating State. Relationship Manager may provide service to multiple states as long as service level meets each of the Participating State's requirements.

8.2 Relationship Manager must be familiar with all aspects of Category 2 – Fleet Card Services of the Commercial Card Solutions Master Agreement and applicable Participating Addendum.

8.3 Relationship Manager must be available to Program Administrators and Master Agreement Administrator Monday through Friday during the Participating State's regular business hours.

8.4 Relationship Manager will provide managing account support to Program Administrators and contract support to Master Agreement Administrator in each state.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

8.5 Contractor must provide at least one (1) designated Account Coordinator assigned to each Participating State to support all Purchasing Entities within that state. Account Coordinator may provide service to multiple states as long as services level meets each Participating State's needs.

8.6 Account Coordinator must be familiar with all aspects of Category 2 – Fleet Card Services of the Commercial Card Solutions Master Agreement and applicable Participating Addendum.

8.7 Account Coordinator must be available to Program Administrators Monday through Friday during the Participating State's/Entity's regular business hours.

8.8 Account Coordinator will provide day-to-day account management support to Program Administrators and Cardholders.

8.9 Contractor must provide a domestic and international toll-free numbers available to cardholders 24/7/365.

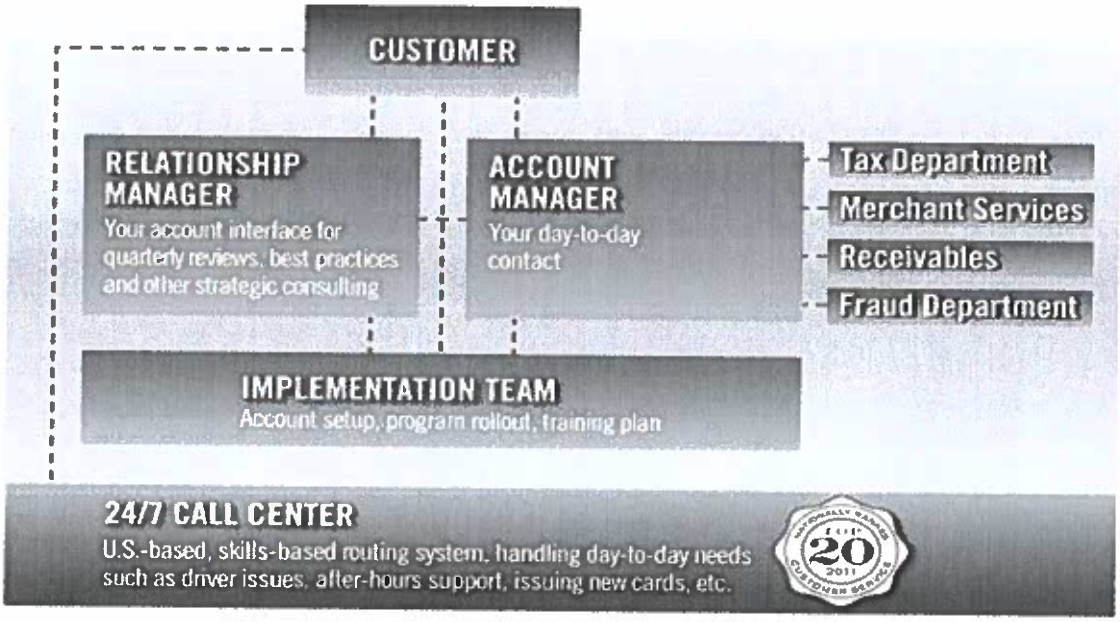
8.10 Roles and responsibilities filled by proposed Relationship Manager(s). At a minimum, include how they will meet the requirements described above.

WEX assigns a Relationship Management Team lead by a Strategic Relationship Manager to each State relationship. The Strategic Relationship Manager is in charge of the overall relationship under the contract for a given State and is able to provide for and oversee all of the requirements listed above.

The role of the Strategic Relationship Manager is to ensure States and Agencies maximize the value of our program. This includes an in-depth understanding of your business and your goals so that they can provide you with the best solutions and best practices for optimal savings and usage of the program. The Strategic Relationship Manager will engage with you during the implementation of your program, and ongoing, through regular business reviews which includes a review of key performance indicators, sharing best practices, introducing new products, as well as tracking against your established policies, goals and objectives. The Strategic Relationship Manager is also available to assist with problem resolution and escalation whenever necessary.

Working with the Strategic Relationship Manager will be a Premium Fleet Service Account Manager whose responsibilities are to assist the Strategic Relationship Manager with the overall relationship as well as provide day to day operations support to the State and it's participating entities. The Premium Fleet Services Account Manager is also able to provide for and oversee all of the requirements listed above.

8.11 Roles and responsibilities filled by proposed Account Coordinators. At a minimum, include how they will meet the requirements described above.



At WEX, our management and staff are tasked with improving and enhancing the effectiveness and efficiency of all aspects of our service offering. Our charge is to maximize resources while creating and maintaining a balance between work expectations and personal lives. Keeping first line customer representatives invigorated and available to handle the next call requires support from an extended team of specialists to provide assistance with complex issues and ensure optimal staffing during peak call hours.

Your Premium Fleet Services (PFS) Account Manager is the primary day-to-day contact for your fleet managers/program administrators. PFS generally ensures that the program is working smoothly and also expedites all problems to their quickest resolution so that the fleet experiences minimal disruption. PFS will also serve as the liaison to any technical needs the State or Participating Entity may require. PFS will help create reporting that may not be easily accessible

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

to the Fleet Managers. It is the goal of PFS to ensure that the Fleet Managers have the necessary data to manage their fleets. PFS Account Managers, at a minimum, return phone calls within two business hours and return emails within 24 business hours. WEX Premium Fleet Services Account Managers are dedicated to a balanced portfolio of strategic clients. Capacity is closely managed to ensure a superior customer experience for each client.

Your PFS and Strategic relationship manager will assist facilitating requests and needs that come up throughout the life of the contract. In addition to these two roles, WEX has host of support department the Relationship Management Team will lean on to support your State through the life of the contract. Below is an outline of that support structure:

8.12 Contractor must provide a designated customer service team familiar with all aspects of Category 2 of the Commercial Cards Solutions Master Agreement and the Participating State's Participating Addendum in order to provide consistent, relevant, and effective front-line customer service via phone or on-line, 24/7/365. The designated customer service team may provide service to multiple states as long as customer service level meets each Participating States' requirements.

In addition to the Relationship Management team described in 8.10 and 8.11, WEX also provides an award winning, 24/7/365, toll-free customer service department to assist with after-hours needs, reporting lost or stolen cards, assistance in processing transactions, cardholder assistance, general accounts information, reporting fraud, invoice questions, authorization questions or help, out-of-network transaction authorizations and many more specific needs or questions a customer may have.

Roles within WEX Customer Service Call Center include:

Customer Service Help Desk is available to support service representatives with calls that require, immediate help, additional research or specialized knowledge to fleet manager, system users, drivers and merchants. The goal is to resolve issues in one call and provide an immediate response to the customer.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Customer Service Trainer is accountable for providing initial, remedial, and new program training for all CSRs. The Relationship Management Team will work with the Customer Service Trainer in support of the States and participating entities to this contract to ensure the Call center is trained appropriately and they will also develop account notes that are visible to all customer service representatives to make sure that beyond initial training on the Master Contract and Participation Addendums, they will have the information handy to them on a go forward basis as well.

Technical and Resource Planning Team is responsible for the daily management of the queues to ensure service levels are achieved. The team also provides daily, monthly, and ad hoc reporting for the call center. They forecast the resources required and manage the scheduling of associates to optimize the customer experience.

WEX employs a state-of-the-art call handling system featuring skill-based call routing. Our skill-based call routing ensures that our CSRs do not receive certain types of calls until they are fully trained to support them. We conduct a rigorous training and examination phase for all newly hired CSRs, and provide continuous refresher training to experienced staff. Only upon successful completion of the training program, are CSRs allowed to field calls from the customers, ensuring that they are able to provide the best in class service that our customers have come to expect from WEX. Experienced CSRs and team leaders monitor new staff responses to assure quality and program performance.

8.13 After-hour/holiday/weekend customer service will be provided (internally or 3rd party). If provided by a 3rd party, explain how this team is trained and access to the system and data.

The WEX Customer Service Department is available 24 hours a day, 365 days a year (366 days in leap years) and fully staffed by WEX employees who are fleet-trained in-house. The WEX Customer Service Department is always available to handle the needs of the fleet by calling the toll-free number 800-492-0669. Realizing that customer service is paramount in our relationships, WEX has kept its support within the company and aggressively invests in training, technology, equipment and industry best practices. WEX does not outsource its call center service to a third party.

8.14 System issues (bugs) communicated (acknowledgement, status of fix, resolution, etc.) to system users?

As the Premium Fleet Services Account Manager is made aware of a system issue they will communicate via email and/or via phone to the customer acknowledging the issue, providing insight around any known impacts and timing of fix. The Premium Fleet Services Account Manager will provide consistent communication and progress updates through to issue resolution. If a production defect is present, an IT ticket is opened and addressed by the product support team. If an enhancement is requested, it will be added to workflow or, if multiple teams are required to actualize, the new product ticketing system "Aha."

8.15 Participating States and Purchasing Entities will need the support of a secure and knowledgeable team at all hierarchical levels of the Program.

WEX offers Participating States and Purchasing Entities our Relationship Management Team, including our Premium Fleet Services Account Manager, who are all tenured employees of WEX and have fleet specific knowledge. This team supports all hierarchical levels of the program. This team ONLY manages fleet-related accounts, ensuring they are well versed in the needs of state governments and fleet in general.

8.16 Contractor must benchmark customer service.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

WEX uses two benchmarks as success measures: service level (the percentage of calls answered within a certain time frame) and customer satisfaction (driven by post-servicing customer survey results). Both are monthly targets. Service level is measured daily and adjustments are made on a weekly basis as required. Customer satisfaction surveys are sent to a percentage of customers post call, and our internal QA system is designed to support customer satisfaction drivers. Agent receive weekly coaching designed to improve customer satisfaction.

8.17 Contractor must have an established escalation process.

Your Premium Fleet Services Account Manager is the primary day-to-day contact for your fleet managers. He or she generally ensures that the program is working smoothly and also expedites all problems to their quickest resolution so that the fleet experiences minimal disruption. Premium Fleet Services Account Managers work hand in hand with the Strategic Relationship Manager assigned to the account as well. Should any issues, problem or concern in need of escalation, the PFS Account Manager will immediately engage the Relationship Manager. Customers can always reach out to the Strategic Relationship Manager as well directly. The Strategic Relationship Manager will work with all parties involved to ensure plan is put in place to address and resolve any issue that is at hand in the quickest and most effective way possible.

8.18 Additional customer support services.

Our fleet customers — including public sector clients — cite their customer service experience as the single finest aspect of their relationship with WEX. Our service philosophy is based on matching customer service personnel with the skills and expertise to meet large and small fleet needs at various organizational levels.

WEX will assign experienced Account Managers to large fleet Program Coordinators as the single point of contact for their programs. Program participants will also have 24/7 access to trained call center representatives (CSRs) available whenever needed. This tiered approach enables us to provide high levels of customer service at all times, as well as strategic oversight to work closely with agency contacts to improve their fleet card programs. Below are additional tools and support staff WEX employees who support the ongoing relationships:

eServices

In coordination with Premium Fleet Services and Strategic Support, eServices provides fleet support for WEX's online tool. The eServices team strives for one-call resolution and, where applicable, customer education on use of our online products.

Fraud Specialists

WEX's experienced fraud prevention professionals work with fleets, partners, merchants, and, when necessary, local and federal authorities in order to minimize fraud, misuse, and abuse of our fleet card programs. We take a three-pronged approach to mitigating inappropriate use of cards and card programs —prevention, detection, and management. The Fraud Team an extensive network of industry contacts and association memberships to ensure they are on top of new trends and developments.

Merchant Services

The Merchant Services group works closely with both our Merchant Acquisition team and our Tax Department to achieve maximum acceptance with the greatest level of tax participation possible. This work includes the recruitment of new merchant acceptance when requested by a fleet.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Strategic Receivables Services (SRS)

WEX takes a proactive and service oriented approach to reducing payment delinquency. Our team of receivables specialists (Strategic Receivables Services) works with large customers to ensure accurate and on-time billing and payment. Each customer is assigned a specific receivables specialist who will be the primary point of contact and will work closely with the account manager. Your SRS specialist will work with you to ensure that your billing structure and payment methods work well for your business and help you get the most value from your card program.

SRS specialists monitor payments on a daily basis and make contact with customers that have remitted a payment amount that does not match the amount due. In this way, past due balances are cleared up quickly, reducing the need for costly and time consuming historical reconciliation and analysis.

The WEX Customer Service Department is available 24 hours a day, 365 days a year, and is staffed by highly proficient service representatives and supervisors. The Customer Service Department is always available to answer questions, handle lost or stolen card reports, order replacement cards and authorize transactions for cardholders and Program Administrators. Customer Service Representatives are also trained to handle questions regarding account billing and reporting. Station attendants can utilize an interactive voice response system (IVR) to obtain quick purchase authorization. Program administrators can use the IVR to check balances, available credit limits, or make a payment by phone.

Customer satisfaction is the bottom line for any service organization and WEX has developed high standards for how we deal with our customers. For example, our current minimum performance goal is to have ***70% of calls answered by a person within 30 seconds.**** We set our standards for customer service by benchmarking against other card-based call centers. We then strive to exceed these standards with each call. Measured metrics include:

- Average speed to answer
- Time to abandon
- Abandonment rate
- Talk Time
- After-Call Work
- Handle Time

WEX surveys its customers to gain insight into their Customer Service experience. Our customers consistently give us high marks for the service we provide. Additionally, we record all of our calls and evaluate trends using speech analytic technology. This provides us with rich, real time voice of the customer information that is valuable for enhancing our training programs and informing our product development activities.

**Subject to change based on seasonality and call volumes.*

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

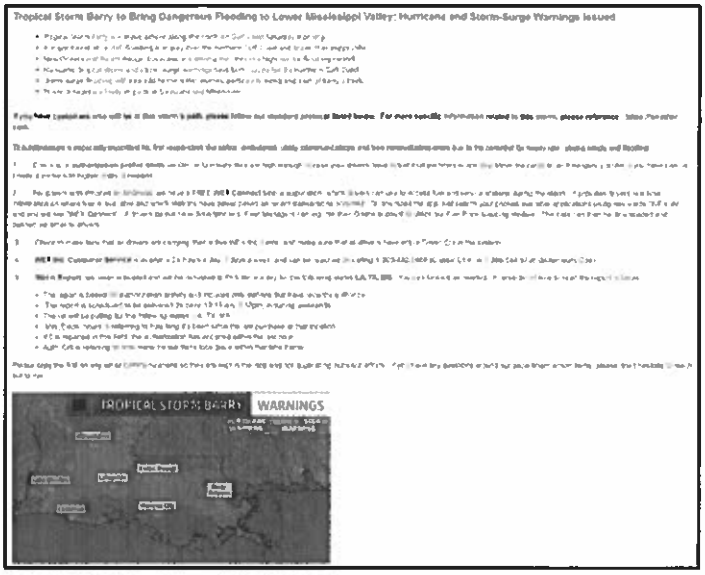
Customer Service Management

At WEX, our management and our staff are tasked with improving and enhancing the effectiveness and efficiency of all aspects of our service offering. Our charge is to maximize resources while creating and maintaining a balance between work expectations and personal lives. Keeping first line customer representatives invigorated and available to handle the next call requires support from an extended team of specialists to provide assistance with complex issues and ensure optimal staffing during peak call hours.

Skill-Based Call Routing System

WEX employs a state-of-the-art call handling system featuring skill-based call routing. Our skill-based call routing ensures that our CSRs do not receive certain types of calls until they are fully trained to support them. We conduct a rigorous training and examination phase for all newly hired CSRs, and provide continuous refresher training to experienced staff. Only upon successful completion of the training program, are CSRs allowed to field calls from the customers, ensuring that they are able to provide the best in class service that our customers have come to expect from WEX. Experienced CSRs and team leaders monitor new staff to assure quality and program performance.

Emergency Response (Premium Fleet Services)



WEX is prepared to support the needs of our Premium Fleet Service fleets in the case of natural disasters (e.g., hurricanes, earthquakes), threats to national security, and military mobilization.

At WEX, we recognize the critical importance of keeping fuel supplies available so that public sector vehicles can operate and respond during natural disasters and other emergencies. We're proud that the fleets we serve have found our work to be instrumental in their ability to maintain continuous operations during their most crucial times of need. Some services that can be provided upon request include:

- Emergency plan development: we work with each customer to prepare a plan of response should an emergency occur
- Set up of online emergency card profiles, so you can easily remove or change your card control limits to support your emergency needs
- Regular updates outlining which networks and fuel stations are open and active in disaster areas

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

At right is a recent communication WEX sent to our PFS customers in preparation for the Tropical Storm/Hurricane Barry that hit the Gulf Coast in July. These reminders are provided when there is an expected event, like weather, that may affect a certain area. WEX also provides this type of notification on an ongoing basis after a major event. This type of communication would include list of fuel merchants where WEX is seeing purchasing activity so we can inform our customers of places to find fuel in the event of power or fuel shortages.

ClearView communities

For users of WEX Fleet ClearView™, **the Community Module** allows you to network, collaborate, participate in discussion groups on fleet-related topics (i.e. positively impacting driver behavior or reducing fraudulent spend), pose questions, and share best practice information with your fellow analytics peers.

This module features **Discussion Forums** on a variety of fleet-related topics where users can collaborate and share information, a news feed of recent Community activity, the **ClearView University** and Events calendar, and a Resources section where content can be downloaded.

The **Resources** view contains informational assets, such as, Quick Start Guides, white papers, articles, images, and release notes. Navigate to this view by using the top navigational menu.

8.19 Contractor must provide an issue tracking system.

When a service interruption or problem is reported by a customer, the contact center agent enters the information into a CRM system for case lifecycle tracking management. This would include any issues that may require additional research, off-phone work where the resolution would be provided back to the customer based upon their preferred channel phone or email. When an enterprise outage occurrence, for example, online application, there is a standard notification provided within the online application to notify customers.

8.20 If a customer has to call back or another customer calls about the same issue, how is the customer service team notified that the issue has already been explained and should be (at a minimum) in the issue resolution que?

When a service interruption or problem is reported by a customer, the contact center agent enters the information into a CRM system for case lifecycle tracking management. This would include any issues that may require additional research, off-phone work where the resolution would be provided back to the customer based upon their preferred channel phone or email. When an enterprise outage occurrence, for example, online application, there is a standard notification provided within the online application to notify customers. The lifecycle tracking also allows customer service agents to see if the same or like issue has already been addressed and be

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

able to communicate that to a customer. Is some cases similar issues may still need to be addressed with the individual calling and the customer service representative will work with the caller to ensure their issues are taken care of.

As the Premium Fleet Services Account Manager is made aware of a system issue, they will communicate via email and/or via phone to the customer acknowledging the issue, providing insight around any known impacts and timing of fix. The Account Manager will provide consistent communication and progress updates through to issue resolution. If a production defect is present, an IT ticket is opened and addressed by the product support team. If an enhancement is requested, it will be added to workflow or, if multiple teams are required to actualize, the new product ticketing system "Aha."

9. Implementation/Transition

The timeline and assigned resources of the multi-state implementation/transition to a new program are critical. The awarded Contractor will be responsible to fully cooperate with the current Contractor and any State executing a Participating Addendum under the new Master Agreement during all phases of the implementation/transition.

9.1 Implementation/Transition activities will occur at no cost to the Participating States or Purchasing Entities.

9.2 Upon award of the Master Agreement and each Participating State's Participating Addendum, but prior to the effective date, many entities will transition from the current NASPO ValuePoint contract and other individual state contracts to the new agreement*. Contractor must have a pre-established account set-up process that may be customized based on the needs of each Participating State.
Note: Each state's implementation shall not exceed nine (9) months.

*If the new agreement is awarded to the currently awarded Contractor, current Participating States may choose to 'reset' (i.e. re-organize under one statewide hierarchy/short name) their State's program requiring new account set ups/transition for all current Purchasing Entities.

Contractor will be required to work with Participating State to meet implementation requirements.

After contract award and execution of the Master Agreement and Participation Addendums, WEX will begin the implementation phase at the availability of State and/or participating Entity. The WEX Relationship Management Team will enlist the help of a WEX Strategic Implementation Manager to take the lead on the implementation process. WEX is well versed in implemented large complex accounts onto our platform. In recent years WEX has successfully lead the implementation of numerous large State, Private Sector and Federal Agency accounts as well as entire card portfolios for large Fleet Management Companies as well as several Major Oil Card Programs for branded merchants.

Strategic Implementation Managers work exclusively with WEX's large fleet customers, rolling out new programs and implementing significant changes to existing large client programs. Your Strategic Implementation Manager will work with the State to create and coordinate project plans and design, lead and execute communication to ensure milestones are met. The Strategic Implementation Manager will also develop and execute training plans to ensure card holders and fleet managers are well prepared to use the program.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

During the implementation, they will also prepare and distribute regular project updates, facilitate and document issues and action items and document the State's requirements for customized reporting.

Task Name	Duration	Who's Responsible
TRANSITION/PRE-IMPLEMENTATION	**20-30 days**	
Initial formal contact between WEX and fleet		Relationship Manager / Fleet
Establish contacts, addresses and areas of responsibilities between all parties		Relationship Manager / Fleet
Relationship Managers		Relationship Manager / Fleet
Fleet Manager (day to day contact(s))		Fleet
Premium Fleet Services (PFS) Account Manager		WEX
Fleet billing		Fleet
Fleet maintenance		Fleet
Fleet technical		Fleet
Determine fleet expectations		Fleet / Relationship Manager / PFS
Determine whether roll out is at once or staggered		Fleet
Finalize implementation schedule		Fleet / PFS
Establish account profiles and hierarchy requirements		Fleet / PFS
Determine needed credit line		Fleet / WEX
Determine fleet's electronic capabilities		Fleet / PFS
Determine billing requirements		Fleet / PFS
Determine reporting requirements		Fleet / PFS
Determine account maintenance (WEXOnline) requirements		Fleet/PFS
Determine fleet training needs and create training plan		Fleet/PFS
Provide format for auto upload of fleet data into WEX system		PFS
Account information verified (prior to loading)		Fleet/PFS
IMPLEMENTATION - Timeline depends upon size and complexity, but typically 60 days		

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

4 or 6 digit personal prompt identification number?		Fleet
Prompt IDs provided by fleet or randomly generated by WEX System?		Fleet
Determine card design and embossing requirements		Fleet
Determine card types and restrictions		Fleet
Verify card information		PFS
Establish billing process and where invoices are sent for reconciliation and payment		Fleet /PFS
Establish payment terms		Fleet/WEX
Establish rebate process		Fleet/WEX
WEXOnline – fleet user enrollment		Fleet/PFS
Test applicable billing files and reports		Fleet/PFS
Execute training plan		Fleet/PFS
Create Training materials and Driver guides		PFS
Establish dispute process		PFS
Establish problem resolution process		PFS
Issue and distribute new fleet cards (confirming receipt)		PFS
POST-IMPLEMENTATION	**30 days**	
Review first set of reports		PFS
Are reports received on time and meeting fleet's needs?		PFS
Review first set of invoices		PFS
Are invoices received on time and meeting fleet needs?		PFS
Are payments being received on time?		PFS
Survey fleet to obtain feedback on implementation		PFS

Depending on the project plan that is mutually agreed to WEX will work to meet all requirements in the allotted time. A typical implementation takes around 90 days, but that can vary based on the specific requirements a fleet may have.

Please refer to the following sample Implementation Plan for a step-by-step list of implementation activities and the responsible party. This plan will be expanded and modified to meet your specific needs, including custom plastic.

9.3 Contractor must provide an Implementation/Transition Communication Plan.

As addressed in requirement 9.2, the WEX Strategic Implementation Manager will create a communication plan as part of the overall project plan that WEX will put in place with the customer at the very beginning of the implementation. The communication plan will be mutually

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

agreed to and provide for how communication will happen as well as resources and training for all users who are coming on board. This plan will call out any needed staff resources, how communication should take place as well as timing of any necessary communications and training.

WEX has been in the fleet fueling business since 1983, and has a long history of efficiently and effectively implementing fleet fueling programs for many of the largest commercial and government fleets in the United States. We believe customers who have worked with WEX, such as the references included in this response, will agree that our implementation process is unsurpassed when compared to our fleet card competitors. See sample implementation plan above for reference.

9.4 Contractor must provide qualified personnel during the implementation/transition process.

WEX would replicate the proven implementation process detailed above in 9.2 and 9.3 and engage the proper contacts at each of the participating entities, optimizing the sequence of implementation by the project plan that is put in place following the first meeting. Additionally, WEX will work to schedule group online training session, recorded training session and additional trainings in person as needed or required.

9.5 Contractor must provide Implementation Training Plan for all Purchasing Entities.

WEX would replicate the proven implementation process detailed above in 9.2-9.4 and engage the proper contacts at each of the participating entities to put in place project plans to ensure the above requirement and all other needs are met.

9.6 Contractor must provide access to online test-environment for Participating State and Purchasing Entity testing during all phases of the account setup process. The system must look, act, and demonstrate all aspects of the "live" system.

Although WEX does not have a customer-facing testing environment, we typically provide account access at the time of account creation to users who desire early access. This is done so customers can familiarize themselves with the site as the WEX Strategic Implementation Managers are standing up all of the specific aspects of the account for the end-users. This process allows fleets to see how their actual account's specific details will look and feel. In terms of online or in-person training, WEX also provides access to the actual system interface and can walk users through typical set-ups in live webinars or other in-person training.

9.7 Contractor must agree that at the end of any applicable Master Agreement or Participating Addendum, should any Participating State conduct another procurement and award a new contract, the Contractor will work with Participating State to ensure that an efficient and effective transition takes place within nine (9) months.

WEX agrees to this requirement and that we would make every attempt to ensure that contract close-out and transition to a new contractor is successful, and would assign a close out and transition team to carry this out. This team will be assigned by WEX no later than one hundred twenty (120) calendar days prior to expiration of the Contract.

WEX understands that the State may have a need for WEX to continue providing any part or all of the services required under the Contract for a period not to exceed one hundred twenty (120) calendar days after expiration or termination of the Contract. If this need exists, upon written notification by the State, WEX will provide services for that period or until the State notifies WEX in writing to cease providing services, whichever is sooner.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Coordinating the card, driver and account terminations in our system to coincide with the timing of their transition has been our primary focus and action. WEX will continue to provide reporting as needed, communicate with the customer about how long they will need online access, and either only suspend the accounts accordingly until online access is not needed and then terminate the accounts and associated online logon(s). We will work with the customer to establish a reasonable date or phase out of WEX card usage, so that there is no interruption in service, and keep credit on the account accordingly if there are no credit issues. If there are credit issues we will communicate with the customer and the bank to work out a plan to switch to the new provider when needed. The goal of the plan and the continuous communication to the fleet is to provide uninterrupted fueling and reporting. All of these activities are performed by an account manager per an authorized fleet contact request.

10. PROGRAM GROWTH

Throughout the life of the Master Agreement/Participating Addendum and through the growth of each Participating State's programs, it can be anticipated that new Purchasing Entities and new cards within exiting Purchasing Entities will need to be added.

10.1 As the marketplace changes and technology advances, card products and service may also expand. If the awarded Contractor proposes an additional product or service, that request must be submitted to the Lead State for review and approval. Request must include:

- Full description of product/service;
- Full implementation plan, including level of effort and timeline;
- Full communication plan; and
- Full training plan.
- New card products and services must not impact the rebate/incentive share or have any additional cost to the Participating States or Purchasing Entities. Addition of any card product or service to the Master Agreement is at the sole discretion of the Lead State. Participating States will have the option to allow or exclude new card products or services in the Participating Addendum.

10.2 While the goal is for a majority of Purchasing Entities to enroll in the program prior to the program effective date, it is understood that some Purchasing Entities will need to be integrated after the program effective date and additional Purchasing Entities will join throughout the program term.

WEX would encourage full participation at the outset to maximize training resources and transmit standardized information to all participating entities. However, WEX has no issues in meeting this requirement and providing whatever levels of support for the on-boarding of the new participating entities individually as they join.

10.3 Adding cards to an active Purchasing Entity account.

An active purchasing entity account requires no extra paperwork or agreement to add cards to that account. As long as an authorized contact is making the request.

Fleet Card Enrollment Process: Existing State Agency Accounts

Program administrators can add cards and drivers via the Fleet Manager WEX's online module named, WEXOnline®, through WEX customer service or the State's Premium Fleet Services Account Manager. The Premium Fleet Services Account Manager is a one to one point of contact

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

assigned to the State to day to day operation support and account needs. The Fleet Manager module allows the fleet manager to add, edit, suspend, reactivate, and terminate cards and drivers, to add and manage card controls, and to view and download invoice details. You can also:

- Assign card to driver, vehicle or location
- Transfer cards from one account to another
- Group cards into authorization profiles to enforce your purchasing policies
- Create organizational units or departments to better organize cards, vehicles and drivers for reporting and management purposes (initially added during the implementation phase)
- Edit account information

Card orders: WEX will process requests for replacement cards for lost, damaged, or stolen cards within one business day. If notification is received by 3:30 p.m. Eastern Time, you can have cards sent that day. You can use your own shipping account number or be charged a fee to cover the shipping costs. The WEX overnight fee, is included in the pricing evaluation for the RFP. If a WEX card is lost or stolen, it should be reported immediately to our Customer Service Department by calling the toll-free number. The Customer Service Department is available 24 hours a day, 365 days a year. The fleet can also notify WEX of the loss, theft, or unauthorized use of any card or account electronically through WEXOnline®.

10.4 Contractor is expected to promote the card program.

WEX currently provides fleet fuel cards for 24 states, and has governmental and tax-exempt customers in all 50 states. Our State customers represent more than 375,000 cards. Additionally, WEX provides fleet card services as a subcontractor to Citibank under the Federal Government's GSA SmartPay 3 Charge Card Program for the GSA Fleet, as well as to the Departments of Homeland Security, Energy, Treasury, and Agriculture. These federal government customers have more than 320,000 cards. In total, WEX services more than 1 million tax-exempt cards.

WEX offers and actively markets its card programs to municipal and other public entities within member states so as to extend the benefits of the program throughout member states. See **ADDENDA** for examples of how WEX markets its government card programs to political subdivisions within a participating entity.

WEX employs an outside sales team as well as two inside sales representative who are dedicated to Government Contract Support for promoting and onboarding eligible entities to support contract growth. In addition to these resources, WEX actively participates in government-specific trade shows and associations to actively promote and sell our products and services to grow our contracts. Some of these events include the NASPO Exchange, NCSFA, NIGP, NAFA, GFX, state-specific shows showcasing their contracts, and many others.

Over the years, WEX has seen tremendous growth and high retention rates for all our state-held contracts, cooperative contracts, and political subdivision participation within those contracts.

11. Card Design/Embossing, Delivery & Activation

11.1 Contractor shall be responsible for the embossing and printing of the cards to each Participating State's specifications. Each Participating State will be responsible for furnishing the necessary artwork (digital file) to the Contractor.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

11.2 Each Participating State reserves the right to change the card design during this contract, and if doing so, will provide the artwork needed to make changes.

11.3 Contractor must be able to deliver cards overnight when requested by the Purchasing Entity.

11.4 Customization options to the front side of the card will include verbiage and/or logo or graphic and embossing including but not limited to:

- Participating State
- Purchasing Entity
- Program/Department Name
- Cardholder Name
- Picture/Logo
- Phrase (i.e. "FOR OFFICIAL USE ONLY")
- Embossing Line, ALPH OR NUMERIC VERBIAGE
- Contractor supplied options

Card embossing, production, and distribution process.

WEX is able to meet the above requirements as stated. Our embossing capabilities and card design enable customers to customize the information that is imprinted and printed on the cards. There are two lines for embossing. The first line is usually designated for the account name, while the second line can be used to identify the associated equipment or driver. Each line will accommodate up to 24 characters. The account number, card number, product restriction (such as "Fuel Only"), and expiration dates are printed on the front of the card. Embedded in the card's magnetic strip are the card number, expiration date, prompt, and restrictions, if any.

The WEX Fleet Card is a standard-size plastic charge card with an encoded magnetic strip on the back. The strip is encoded with the account and card information which, when read at the point of sale, is married in our systems with Level III data obtained during the transaction.

Although we use the highest grade plastic that is rated for longer periods of use, our standard term for card expiration is three years. WEX uses a three-year active period for our cards due to the wear and tear on the magnetic strip that requires a card to be replaced for optimum performance. WEX ships new cards 45 days prior to expiration to ensure that your drivers will never be without an active card. On request WEX can renew cards earlier than the standard 45 day prior to expiration to allow the fleet more time to swap out cards. Some competitors offer longer card terms on equally rated card stock prior to replacement. We prefer to replace cards before they become problematic for your drivers and detrimental to the efficiency of your fleet operations.

WEX will process requests for replacement cards for lost, damaged, or stolen cards within one business day. If notification is received by 3:30 p.m. Eastern Time, you can have cards sent that day. You can use your own shipping account number or be charged a fee to cover the shipping costs.

If a WEX card is lost or stolen, it should be reported immediately to our Customer Service Department by calling the toll-free number. The Customer Service Department is available 24 hours a day, 365 days a year. The fleet can also notify WEX of the loss, theft, or unauthorized use of any card or account through WEXOnline®. Subject to any limitations imposed by applicable law, the fleet will be liable to WEX for all unauthorized use of a card until you notify us of such use.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Once a card has been reported as lost or stolen, it is immediately invalidated in the WEX system. After cancellation, all electronic authorizations associated with the card are declined at the time a purchase is attempted. Once WEX receives proper notification, the fleet will be relieved from liability for any subsequent charges to the card.

WEX will work with each participating entity to customize plastics types.

11.5 Physical cards will be delivered to the Purchasing Entity or Cardholder at the address specified by the Purchasing Entity.

WEX cards can be shipped directly to the address specified by the user making the card order. Standard card orders are set to go out via Standard US Mail at no charge. WEX does offer expedited shipping options of overnight and two-day shipping. WEX cards can also be delivered using the carrier specified by the fleet (e.g., the U.S. Postal Service, FedEx and UPS). There is a fee for expedited orders if you choose not to use your own shipping account. For all card orders of five or more cards, WEX ships via USPS Parcel to provide a tracking number for the order. This is done at no extra cost and helps provide visibility into card orders that would not be trackable through regular mail.

11.6 Purchasing Entities must be able to decide if cards are delivered active or inactive.

WEX typically ships cards in active status. WEX can accommodate cards being shipped inactive; we only need to be notified of that request at the time of card order. We will change the cards to suspended status once the file is sent to our card production. Card status can be changed to active when the customer is ready to begin using the cards. WEX cards can also be suspended on arrival by authorized users and WEX can assist with any mass card activations on our end.

11.7 Purchasing Entities need to have the ability to have cards delivered in batches (i.e. Division A, Program 1) as determined by the Purchasing Entity.

The customer can order cards in batches using the WEXOnline® module or the Premium Fleets Services Account Manager can work with the customer to order new cards or reissue cards in batches using a Data Collection Document (DCD) for orders exceeding 100. The PFS Account Manager has access to and can provide to the customer delivery tracking information for USPS card orders totaling five or greater and tracking on expedited card orders at no additional cost.

11.8 Card re-issuance.

Accounts can be set up with different expiration dates, and account expiration dates can be changed by the account manager to renew early. Both measures are precautions to avoid a mass-reissuance of cards.

In the normal course of business, files of reissuance cards are sent to the vendor on the 1st and 15th of the month prior to the month in which cards expire. Cards expiring on August 31 are sent to the vendor on July 1 and 15. Cards are completed and mailed to the customer within seven business days of receipt of the file and shipped via regular mail.

For Purchasing Entities requiring more time, WEX can perform an early card renewal given the entity the time needed to complete their re-issuance. This is available on request from the entity to the Premium Fleet Services Account Manager.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

11.9 Mass re-issuance of cards for a Purchasing Entity avoidance process.

Accounts can be set up with different expiration dates, and account expiration dates can be changed by the account manager to renew early. Both measures are precautions to avoid mass-reissuance of cards.

WEX is flexible in that we are always looking to work to meet the needs of our customers. If there are specific re-issuance scenarios a fleet may be concerned about, WEX will work with that entity to mitigate and put in place precautions to avoid a mass re-issuance scenario.

12. TRAINING

Initial and ongoing training are critical to each Participating State's ability to manage their program. Each Participating State may have additional training requirements and will be negotiated in the Participating Addendum. At a minimum, training will include:

12.1 Contractor must provide System User Guides online and accessible through the web-based card management system.

12.2 Contractor must provide ongoing training for the life of the contract. WEX will provide initial training at agreed upon sites, ongoing as-needed training, and re-training as required via the following delivery methods: in-person training, webinars, phone conference or a combination of those.

Upon the initial implementation, your WEX Strategic Implementation Manager will train the fleet management team in how to perform the following functions. Online or in person system training typically takes 60 to 90 minutes, depending on questions:

WEXOnline® Account Maintenance

- User ID/Password Creation and Site Overview
- View Hierarchy/Account Search
- Card Maintenance
- Vehicle Maintenance
- Driver Maintenance
- Invoices
- Authorization Controls
- Address/Contact Management
- WEXOnline® Account Financials
- Accounting Fields/Codes
- Accounting Profiles
- Transaction Management
- WEXOnline® Reports
- Ad hoc Reports
- Exception Reports
- Custom Report
- Standard Reports
- WEXOnline® Resource Tools
- Accepting Locations
- Fuel Price Mapping

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

- Alternative/Diesel Fuel Directory
- WEX Index Top Metro Report
- WEXOnline® Administration
- View /Add Online Users
- View Pending Requests
- Add/View Roles and permissions

Training can be divided into specific segments depending on the administrator's duties. WEX will work with the State to organize tailored online training per users' assigned roles.

WEX will provide recorded training sessions that can be posted to the State's intranet site as an additional tool. Multiple trainings can be recorded based on the audience's role e.g., full access or read only.

12.3 Contractor must provide web-based training.

WEX is able to provide training for all of the above requirements and will hold ongoing WebEX and in-person training sessions at a frequency determined by the State of Washington/NASPO and any other Participating Entity. For instance, WEX could host monthly WebEX/online trainings for new employees and those who need refresher training. Items included in the training are customizable depending on the need, but typically consist of all of the needs mentioned in Question 12.3 plus:

- Program policies as dictated by the member states
  - Card usage at retail locations
  - System access
  - Customer Service Support
  - Updated technology
  - Best practices
  - Industry trends

12.4 Contractor must provide onsite/classroom training for Program Administrators

WEX agrees to and will hold onsite, in-person training sessions for Program Administrators at a frequency determined by the State of Washington/NASPO and any other Participating Entity.

12.5 Contractor must provide onsite User group forums.

WEX will hold ongoing in-person training and user forum sessions at a frequency determined by the State of Washington/NASPO and any other Participating Entity for whatever subject matter, best practice sharing, account reviews, raising concerns or any other need the customer may have. Many times these user forums are a great time for Participating Entities to share new or reinforce existing polices as well for their users. Items included in the forums are customizable and can meet all of the above requirements.

12.6 Contractor must provide written User reference guides, both extensive and quick guides.

WEX will provide reference guides that are detailed and provide quick summaries as part of the implementation project plan. Other reference guides exist throughout WEX's various systems. For example, The WEXOnline® module has PDF help guides that provide step-by-step instructions to navigate the different modules available.

The following PDF help guides are available:

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

- Homepage. View news and events, pending online user requests, flexible exception report notifications, and search and select both accounts and organizational units.
- Fleet Manager. Managing cards, drivers, vehicles, authorization profiles, accounts, org units (or departments), contacts, and addresses.
- Financials. Provides access to accounting fields and definitions, and allows you to assign financial profiles throughout your hierarchy.
- Reports- Guides the user through the various reporting tools to meet your analysis needs.
- Resource Tools. offers various, commonly-requested reporting tools to help locate sites where your fleet card can be used, to assist you in finding diesel and alternative fuel sites, and to direct you to locations with the lowest price per gallon.
- Administration. Manage online users, view the roles and permissions to which these users are assigned; create custom roles to meet your security needs.

The Implementation Manager will also work with the Agency to create a WEXOnline® Summary Guide that outlines how agency nuances and requirements will be captured and reported through the system as well as quick-step guides for the online system.

12.7 Contractor must provide updates to the user guides will be proactively communicated.

Improving our end-user assistance, WEX is shifting away from static PDF user guides in favor of an online contextual and embedded help management system that's always available and is updated dynamically. PDF user guides will remain available on the site as we continue to add embedded content to the contextual and embedded help management system.

- New contextual and embedded help management system content is prioritized based on information communicated from the call center, account reps, and direct user feedback. When new information is added, on-screen alerts appear.
- Adding new contextual and embedded help management system content is ongoing, and new walk-throughs are added as quickly as resources and capacity allow.
- Our site is coded such that video content can be generic or, if state-specific tutorials are available and supplied to WEX, branded by state.

12.8 Additional training.

During the implementation phase WEX will source feedback from user to craft training to ensure customer input is received, needs are prioritized, training is tailored, the venue it needs to be presented in and how it is communicated. At the conclusion of the implementation, the Implementation Manager will create a final document outlining the program as implemented for a given Participating Entity and capturing the nuances of the different Agencies along with any customized servicing or reporting that has been designed for your team. This is a collaborative process between the customer and WEX and will be maintained throughout the life of the contract for support on an ongoing basis.

See the response in 12.7 regarding how our system also provides dynamic training updates with pertinent on-screen alerts that notify of new training topics and learnings supplied by our call center, account reps, and direct user feedback.

WEX will also provide training on an ongoing basis as technical releases are completed to ensure the Agencies are taking full advantage of all the WEX offerings. Your Strategic Relationship Manager along with your Premium Fleet Services Account Managers will work with the

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Participating Entities to schedule additional training sessions as required or requested after the initial implementation is completed.

12.9 Reserved

13. RESERVED - See Payment Terms Section 6.

14. LIABILITY

14.1 Purchasing Entities shall have no liability for lost or stolen cards upon notification to the Contractor or fraudulent use of any card products.

15. FRAUD PROTECTION

15.1 Contractor shall report fraud transactions, and the resulting credit issuance(s) to the Cardholder and the Purchasing Entity Program Administrator through real time notifications.

15.2 Contractor or system must be capable of providing a daily (at a minimum) fraud and declined transaction report as requested by the Purchasing Entity.

15.3 Contractor must provide external fraud protection coverage for the following types of occurrences including, but not limited to:

- lost/stolen cards
- counterfeit cards
- skimmed cards
- unauthorized internet transactions
- fraud patterns
- account takeovers

Fraud protection coverage plan.

The WEX Fraud team looks for and provides protection coverage for the types of occurrence listed above. In our experience, efforts by WEX's Fraud Department, in tandem with a customer's use of a fleet management policy; controls; and alerts, along with careful review of all reports, including exception reports, helps substantially reduce exposure to abuse and fraud, and any associated losses.

WEX has instituted business practices designed to help you detect and reduce fraud and/or misuse of the WEX card. WEX's Fraud Department performs three primary functions in an effort to identify and mitigate fraud on our fleet customers' accounts:

Primary Functions
• Review Transaction activity
• Identify potentially abusive or fraudulent behavior
• Notify customers when such behavior occurs

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Our Fraud Department makes every effort to detect unusual or excessive purchase activity using constantly evolving techniques and reporting. If such activity is detected, an analyst will contact the fleet manager to bring it to their attention, noting details such as:

"Red Flag" Activity Indicators
• Date and time of purchase
• Merchant location
• Product purchased
• Driver identification number used to conduct the sale
• Dollar amount

Our Fraud Department has been instrumental in providing recommendations to prevent fraud from occurring, proactively working to identify fraudulent transactions, and working closely with fleets, merchants and appropriate authorities to minimize losses and prevent such situations from continuing or recurring.

WEX will terminate compromised cards within 48 hours if there are no fraudulent transactions. If WEX discovers a suspicious transaction, the card is terminated immediately and WEX will attempt to contact the fleet for verification. If the transaction proves to be legitimate, WEX can reactivate the card.

There are currently approximately 40 members of in WEX's fraud department. WEX works with state and local law enforcement, in all 50 states, in an effort to prosecute those who commit fraud with the WEX card.

WEX only covers liability for losses for counterfeit/skimmed transactions. For lost or stolen cards, liability only applies after the customer reports a loss.

If a WEX card is lost or stolen, it should be reported immediately to our Customer Service Department by calling the toll-free number. The Customer Service Department is available 24 hours a day, 365 days a year. The fleet can also notify WEX of the loss, theft, or unauthorized use of any card or account through WEXOnline®. Subject to any limitations imposed by applicable law, the fleet will be liable to WEX for all unauthorized use of a card until you notify us of such use.

Once a card has been reported as lost or stolen, it is immediately invalidated in the WEX system. After cancellation, all electronic authorizations associated with the card are declined at the time a purchase is attempted. Once WEX receives proper notification, the fleet will be relieved from liability for any subsequent charges to the card.

15.4 Contractor must provide program screening activity for external fraud patterns and the process for communicating potential external fraud with Cardholders and Program Administrators.

In recent years, white plastic fraud has become the most significant form of fraud in the fleet card industry. White plastic is the result of a third party stealing card information and loading that information onto a new card for the purpose of conducting fraudulent transactions. In the cases that we see, the data is primarily acquired through devices placed into Automated Fuel Dispensers (AFDs). The devices allow the perpetrators to capture the card numbers, Driver IDs, and odometer readings as they are input at the pump. It is important to know that it's not just WEX cards that

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

are affected by gas pump skimming; any other gas or bank card used at the same pump during the time a device is in place is also at risk of being compromised.

WEX uses the data available to us in an attempt to discern the Point of Compromise (POC) for each identified occurrence of white plastic. We use this data to review other cards used at the same location during the same time period for possible abuse. Based on this information and other variables, we determine which cards are most at risk for having white plastic created.

WEX also regularly communicates fraud patterns to our customers on an ad-hoc basis.

Finally, as a global payments innovator with more than 35 years in the market, WEX has developed SaferPayments, a **true 24/7 real-time system** that prevents fraud by intercepting fraudulent transactions "in-flight," generating case queues for subsequent investigation and, in specific cases, triggering email alerts to customers.

SaferPayments is capable of preventing fraud at the holistic individual portfolio level, either during the authorization process or at the payment gateway. SaferPayments can prevent first party fraud and enforce business policies in one single instance for a true multi-channel/ multi-portfolio application. SaferPayments has been carefully programmed to prevent the authorization of the highest number of suspicious transactions possible without negatively impacting the customer experience by minimizing the number of "false positive" transactions that are stopped.

SaferPayments is an artificial intelligence based software that identifies risky transactions during the authorization process within milliseconds to prevent the degradation of authorization response times from the WEX authorization system. Transactions above a certain "suspicious level" will be declined, while all other transactions will be allowed to pass. SaferPayments delivers exceptionally accurate results at high fraud detection rates without impacting the customer experience. SaferPayments can detect anything from an unauthorized transaction due to a lost or stolen card, a compromised account (skimming, data breach, account takeover), or a potentially illicit transaction (money laundering, drug smuggling, etc.).

SaferPayments can both detect *and* prevent fraud. SaferPayments is both versatile and easily configurable, allowing WEX to maintain the fraud models internally, yet still provides robust fraud management capabilities. Using advanced machine learning algorithms, SaferPayments continuously "learns" as it aggregates transactions streaming through the solution to detect trends at a portfolio, customer, channel, product, and transaction level. WEX controls the settings that allows the WEX transaction authorization system to "pass", "pass, but flag for review", or "deny" any transaction or group of transactions.

Most traditional "neural" or "anomaly detection" software solutions rely heavily on pre-coded patterns of transactions or geolocation monitoring. They lack the ability to learn as they go and monitor all levels of a card portfolio. They also will typically only "flag" a transaction for review, but may not be able to actually stop a potentially fraudulent transaction from getting through the authorization process.

SaferPayments "learns" as it streams transactions through its logic. SaferPayments is able to monitor trends and activity at the portfolio, channel, customer, product, and transaction levels.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

The logic within SaferPayments is highly configurable and as fraud trends are identified, will apply past learning, patterns, and trends to new transactions that stream through its logic engine. SaferPayments has multiple levels of detection which can actually prevent a transaction from authorizing or can flag a transaction for review by the fraud team depending upon scoring logic.

SaferPayments model maintenance requires no vendor intervention, enabling WEX to update models internally on a daily basis.

15.5 Fraudulent charges and communication.

WEX sends an immediate email notifying of potential fraud transactions. We don't execute massive "block and reissue" of potentially compromised cards. Our strategy involves enhanced monitoring of cards involved in a compromised event using Safer Payments decision intelligence (see 15.4).

15.6 Fraud deterrent of an EMV chip.

WEX will begin issuing chip cards in 2020 and will have a proprietary chip card live in market before the scheduled EMV liability shift in October 2020. This is in accordance with the industry wide movement led by the major card brands to require EMV chip usage at pay-at-the-pump fuel terminals.

An added benefit of the WEX chip cards will be that card renewal cycles will go from three years on current plastic to five-year renewal cycles (card expiration date). This will give fleets that added benefit of not having to deal with card swap outs due to expiring cards as often and help relieve some of that administrative burden.

WEX's current WEX Spec Compliance Policy requires that all WEX accepting merchants are able to accept a WEX chip card by October 2020 or merchants will cover the costs of any counterfeit fraud.

WEX developed its proprietary chip card in partnership with FIS, Multos and Gemalto, world-class leaders in chip card technology. This is the first fleet-centric chip applet designed specifically for the U.S. fleet industry, spec-based and customized for WEX Fleet.

Despite technological advances WEX is developing in the card, not all retail fuel merchants will choose to invest in chip card readers at the point of sale or at outside payment terminals due to the significant financial investment required. Some merchants will accept the risk of liability for fraudulent transactions. Because of this, the WEX Fleet card will have both a chip and magnetic stripe for many years to come.

WEX has taken a thoughtful and comprehensive approach to its chip card development:

- Because WEX's reputation is based on customer security and satisfaction, WEX chose to use a proprietary chip applet -- not a consumer based chip applet -- in order to continue to be the market leader in Fleet technology.
- The WEX research and development team initiated planning years in advance with a goal to define a lasting standard, and to release the highest quality solution for commercial fleet at the right time.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

- WEX is building a WEX Chip Issuance Roadmap to provide a seamless transition to WEX chip cards for our fleet customers.
- WEX also is working directly with our WEX-accepting merchants, their payment processors and their POS/pin pad vendors to build and to ensure compliance of the WEX chip.

15.7 Contractor or system must provide a way for Purchasing Entities to report fraudulent activity, lost, or stolen cards. Purchasing Entities also know it is important to be able to verify credentials of someone reporting such activity.

If a WEX card is lost or stolen, it should be reported immediately to our Customer Service Department by calling the toll-free number. The Customer Service Department is available 24 hours a day, 365 days a year. The fleet can also notify WEX of the loss, theft, or unauthorized use of any card or account through WEXOnline®. Subject to any limitations imposed by applicable law, the fleet will be liable to WEX for all unauthorized use of a card until you notify us of such use.

WEX will process requests for replacement cards for lost, damaged, or stolen cards within one business day. If notification is received by 3:30 p.m. Eastern Time, you can have cards sent that day. You can use your own shipping account number or be charged a fee to cover the shipping costs.

Once a card has been reported as lost or stolen, it is immediately invalidated in the WEX system. After cancellation, all electronic authorizations associated with the card are declined at the time a purchase is attempted. Once WEX receives proper notification, the fleet will be relieved from liability for any subsequent charges to the card.

WEX actively works with authorities at both local and federal levels to help authorities identify and apprehend individuals associated with White Plastic and/or Skimming. This level of engagement sometimes involves undercover surveillance which could be jeopardized by an unknowing individual pursuing an investigation on his or her own.

WEX may assume liability (financial loss) for white plastic cases. WEX may also require the impacted fleet to submit a dispute form or an Unauthorized Use Affidavit. This notarized document may be requested should the matter be prosecuted and it enables WEX to submit information in a court proceeding as evidence. Without the formal notarization, the claims we are prosecuting on your behalf may be disallowed.

It is important to remember that diligence and responsiveness are also important for fraud mitigation:

- Timely review of transaction data and reports is critical to fast identification of suspicious activity.
- Expeditious reporting (including submission of the Unauthorized Use Affidavit, if requested) of any suspicious transactions.
- Drivers should be encouraged to report to Customer Service anything unusual at stations, such as a pump that may have been tampered with/opened or a card reader that appears abnormal.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

15.8 Contractor or system must provide a way for Purchasing Entities to track reported fraud transactions to completion (closure).

WEX offers a comprehensive fraud prevention and management program. Most recently, we have been beta testing an enhanced customer facing claims management interface with a large government customer. This tool allows customers to view each claim, the claim number, type of claim, card number, date reported, age of claim, total dollars, claim status and date of resolution. Upon resolution, an email is sent to the fleet for notification. The information in the interface can be exported into a report (on demand or scheduled) so it can be easily shared with others in your organization. Once beta testing is complete, we expect to deploy this solution to other large customers. We expect this to be in place before the contract effective date of January 1, 2021.

15.9 Contractor or system must be able to resolve mass attacks (i.e. fraudulent low value charges on multiple cards at once) without requiring action from the Purchasing Entities.

This type of attack is not a risk to WEX Fleet card holders, as our transaction processing occurs on a closed-loop network, not over the Internet.

Regarding other Web-based applications, OWASP standards are built into development processes, and manual testing is performed in addition to peer review as required by our SDLC. WEX uses an automated dynamic application security testing (DAST) solution that scans web applications to find vulnerabilities and provide guidance on remediation.

WEX receives vulnerability announcements for relevant systems from vendors, third parties, NIST, FDIC, FBI, and other threat feeds, and has a dedicated security operations team managing and maintaining the vulnerability management program. The vulnerability management procedure requires a ticket to be generated and assigned to Information Technology operations teams for patching.

16. Disputed Transactions

Purchasing Entities will pay according to the contract payment terms; however, in instances of dispute, the charges must be placed in suspense until there is resolution. The Contractor must propose a timely dispute procedure to ensure that the payment network charge back rights do not expire. If upon resolution of a dispute it is found that the transaction was actually an authorized charge, the Participating Entity will be liable for the payment within the payment terms as described herein.

16.1 Contractor must provide a resolution procedure for dealing with disputed transactions resulting from unauthorized charges, errors in cardholder billings, or problems with charges for merchandise or services that are not resolved between the Cardholder and Merchant.

Disputed Transaction Detail

- How users will notify the Contractor
- Ability to dispute transactions electronically as well as track through final resolutions of the charge
- Instructions for cardholders
- Instructions (including invoice adjustments) for billing offices
- Provisions for prompt investigation of disputed items

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

- Provisions for reporting/disposition on resolution of dispute to cardholders, approving officials, Program Administrators, and billing office
- Provisions for system identified disputed related credit or payment on resolved dispute.
- Any limitations on the timeline of disputed transactions.
- Any details on what components of the transaction can be disputed

The WEX transaction dispute process is outlined below:

1. A customer must notify WEX in writing of a disputed transaction within sixty (60) days of the billing date of said transaction. WEX requests that the customer to provide as many details regarding the transaction and the reason for dispute as possible, including, but not limited to the following: card number, driver identification number used, transaction date and time, transaction dollar amount, and reason for dispute. Additional information may be requested as necessary to facilitate the investigation.
2. The fleet's written dispute is then forwarded to the applicable department for follow up and investigation. If the dispute involves an allegation of abuse or fraud, it will be handled by WEX's Fraud Department and the dispute process may vary from the standards as outlined below depending on the nature and validity of the claim.
3. If the disputed transaction occurred inside the fueling location and required a signature from the cardholder, WEX may request a copy of the sales draft from the merchant. As a result of the ticket request, the fleet customer will receive a memo on their invoice noting that a transaction is in dispute.
4. Once the applicable merchant provides a copy of the sales draft, it will be reviewed for compliance with the fleet program. If WEX determines that the sale is valid in accordance with the program, the disputed charge balance will be carried forward for payment and will be subject to applicable late fees. Payment is expected during the next billing cycle. Copies of the sale draft are then forwarded to the fleet for review.
5. In the rare event that the transaction in question is determined to be a duplicate transaction, it is not necessary for WEX to request a copy of the ticket from the merchant. After receiving the fleet's dispute in writing and confirming that the transaction is a duplicate, WEX will permanently credit the account within five (5) business days.
6. If the disputed transaction occurred at an automated facility, a copy of the sales draft would not be available as no signature is required and swipe of the card into the card reader establishes that the card was present at the time of sale. Pursuant to the terms of our Agreement, "...use of a Card and DIN and entry of the applicable sales data into the card system will evidence (your) Agreement to pay for such purchases."
7. In the rare occasion that a technical error occurred at an automated facility, WEX will perform an investigation into the dispute sale.
8. Upon conclusion of the investigation, WEX will communicate the outcome of the investigation to the fleet customer. If a credit for a disputed transaction is warranted, it will be applied against the current billing period.

**Disputes of WEXPay™ transactions are subject to the MasterCard dispute process.*

Online Dispute Process

Provisioned users can use WEXOnline® to request ticket copies, initiate a transaction dispute on a single or multiple transaction(s), and maintain visibility until resolution.

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

Current rules about what types of transactions cannot be disputed (e.g., private site, transactions, aviation transactions, island card reader, etc.) still apply. Onscreen instructional text and error messaging will be displayed if a transaction doesn't meet the dispute criteria.

Fraud-related dispute requests can be initiated within WEXOnline®, but due to their urgent nature, these disputes are immediately routed to the WEX Fraud Department for analysis and review. Given their sensitive disposition and circumstance, information about fraud-related disputes, including their status, will not appear in WEXOnline®, and instead will follow existing communication channels.

WEXPay™ transactions cannot be disputed online and must follow the existing process. Onscreen error messaging with a hyperlink to the dispute form will appear if this type of transaction is selected.

17. Card Acceptance

17.1 Card acceptance is critical to state business and is a scored element of this Competitive Solicitation.

The WEX Fleet Card offers acceptance in all 50 states, at more than 95% of U.S. retail fueling locations, all of which provide Level III data. The card is accepted by all major oil companies and fuel retailers, as well as independent merchants, in urban, rural, and remote locations. The WEX Fleet Card is also accepted at approximately 4,500 locations in Canada. Although the number of accepting locations fluctuates due to gas and service stations opening and closing, the WEX card is currently accepted at more than 132,000 retail locations. Of these, approximately 120,000 offer fuel or both fuel and service; approximately 32,000 offer service or both fuel and service.

WEX Fleet DriverDash, our free mobile fuel payments platform, is now accepted at more than 25,000 US fueling locations, with frequent new acceptance announcements. DriverDash is an industry-first, fleet fuel card mobile payments application. WEX Fleet DriverDash sets the fundamental framework and acceptance for how future payments will be made, including by the vehicle itself. As connected car technology grows and becomes more accessible, the need for these type of mobile payments applications and interfaces will continue to grow. Mobile payments are safer, more secure, and provide a greater level of flexibility and accuracy for what can be prompted for at the time of purchase.

WEX is always increasing its acceptance coverage for fuel, marina and service locations. Because we currently have acceptance at more than 95% of all U.S. fuel sites, our merchant acquisition strategy is driven by the needs of our fleet customers requiring service in remote areas or acceptance outside of domestic coverage. If a fleet customer identifies specific fueling needs, WEX will work toward signing any needed location

If the customer has merchants that they would like to be part of the WEX accepting network who do not already have direct acceptance or cannot utilize the WEX*Pay*™ tool, we will request the following information from the fleet:

- Merchant name
- Merchant address
- Merchant contact person
- Phone and fax numbers
- Expected utilization/volume from your fleet

DocuSign Envelope ID: C1AD950F-9B4C-4DE5-98D5-725EBB24CD9D

- Name and phone number of fleet employee requesting WEX card acceptance

WEX will work with all interested parties toward gaining acceptance at the location. This includes either direct agreements or acceptance through our partnerships with network sales organizations and acquirers.

Number of WEX-accepting locations, July 2019:

Text of Legislative File 2024-0071

Approve the continued use of State of Florida contract with WEX Bank for fuel card services with an increased total contract expenditure of $180,000

BACKGROUND:

The Ocala Police Department is requesting to utilize a competitively awarded State of Florida contract for fuel card services from WEX Bank, as needed. This contract enables Ocala Police Department (OPD) personnel to purchase all grades of unleaded gasoline and fuel oil from participating gas station merchants at negotiated rates.

As a political subdivision of the state of Florida, the City of Ocala qualifies as an eligible user of Florida Department of Management Services ("DMS") alternate contract source ("ACS") agreements under Rule 60A-1.001, Florida Administrative Code. ACS agreements have been competitively solicited by governmental agencies and evaluated and determined by the Florida Secretary of Management Services to be cost-effective and to afford best value. DMS's ACS Agreement for Fuel Card Services, Contract No.: 78181701-21-NASPO-ACS, is effective for a 56-month term commencing on April 6, 2021, and expiring on December 31, 2025.

FINDINGS AND CONCLUSIONS:

WEX fuel cards are a convenient fuel option for OPD employees who are working undercover or who periodically work outside of the Marion County area and do not have access to the three (3) City-owned fuel islands available for use by City-owned vehicles within Marion County.

WEX also provides an online program which offers real-time fuel price mapping, participating station location information, and internal controls and reports for supervisors. The WEX fuel card program offers a 1.7% discount off the retail price of fuel. All rebates and credits are realized at the time of the transaction and are netted against the fuel card invoices quarterly.
Since its inception, OPD has expended $90,430.62 under Munis Contract No. OPD/211006 for fuel card purchases. The department estimates that an additional $89,569.38 is needed to cover projected expenses through December 31, 2025, thereby bringing the total contract threshold to $180,000.

FISCAL IMPACT:
OPD's fuel card services are budgeted under account 001-18-822-521-52020.

PROCUREMENT REVIEW:
These goods and services were procured in compliance with the City's Procurement Policy.

LEGAL REVIEW:
This Agreement will be reviewed and approved for form and legality by City Attorney, William E. Sexton.

Department: Public Works

FORMAL TITLE:
Utilization of a cooperative purchasing agreement with Iteris, Inc., for the purchase of traffic signal travel time readers with connected vehicle capability in the amount of $384,000

OCALA'S RELEVANT STRATEGIC GOALS:
Operational Excellence

PROOF OF PUBLICATION:
N/A

BACKGROUND:
Travel time readers are installed at signalized intersections throughout the City of Ocala to measure travel times through corridors of signalized intersections. The data is used by the Traffic Division of the Public Works Department to develop traffic signal timing, optimization, and measure congestion.

The City of Ocala currently utilizes Velocity travel time units which have reached the end of their service life and are no longer supported by the manufacturer. These units are being phased out and replaced with new and more technologically advanced devices. Bluetoad Spectra devices offer enhanced features which include real-time traffic data and analytics, vehicle-to-everything (V2X) messaging, and compatibility with mobile and connected vehicle platforms.

FINDINGS AND CONCLUSIONS:
On December 18, 2025, Public Works sought a procurement exception to piggyback the contract awarded to Iteris by Seminole County, Florida. Seminole County competitively solicited travel time reading equipment under Invitation for Bid No. 604689-23. Iteris was the sole responsive bidder under the solicitation. The contract was awarded for a three year period through February 11, 2027. Iteris has agreed to extend pricing and services to the City of Ocala under the same terms and conditions as the Seminole County agreement.

Public Works staff has found the pricing offered to be competitive. Utilization of the Seminole County agreement enables the City to purchase at a trade-in discount of $1,060 per unit (line item #7 versus #6). The replacement units will be purchased and installed over a two fiscal year period.

Staff recommends approval.

FISCAL IMPACT:

Funding for these purchases has been budgeted in 109-023-201-541-54-52010 for Fiscal Year 2025-26 in the amount of $128,000 Fiscal Year 2026-27 in 109-023-201-541-54-52010 in the amount of $256,000.

PROCUREMENT REVIEW:
These goods were procured in compliance with the City's Procurement Policy.

LEGAL REVIEW:
This Agreement will be reviewed and approved for form and legality by City Attorney, William E. Sexton.

COOPERATIVE PURCHASING AGREEMENT FOR CONNECTED VEHICLE EQUIPMENT

THIS COOPERATIVE PURCHASING AGREEMENT FOR CONNECTED VEHICLE EQUIPMENT ("Piggyback Agreement") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City") and **ITERIS, INC.**, a for-profit corporation duly organized in the state of Delaware and authorized to do business in the state of Florida (EIN: 95-2588496) ("Contractor").

WHEREAS, after a competitive procurement process, Seminole County, Florida ("Seminole County") entered into a Term Contract for Connected Vehicle Equipment with Iteris, Inc. for the provision of Bluetooth travel time reading equipment, Seminole County contract number IFB-604689-23/LNF (the "Seminole County Agreement"); and

WHEREAS, in accordance with Chapter 287, Florida Statutes and the City of Ocala's contracting and procurement policies and procedures, City has the legal authority to "piggyback" the purchase of goods and services as contracted by another governmental entity as a form of inter-governmental cooperative purchasing when seeking to utilize the same or similar services provided for in said contract; and

WHEREAS, City desires to purchase labor, services, and materials for the provision of Bluetooth travel time reading equipment pursuant to essentially the same terms and conditions provided under the Seminole County Agreement as applicable and amended by the terms and conditions of this Piggyback Agreement; and

WHEREAS, Contractor agrees to extend the terms, conditions, and pricing of the Seminole County Agreement to the City of Ocala, subject to the terms and conditions of the Piggyback Agreement.

NOW THEREFORE, in consideration of the foregoing recitals, the following mutual covenants and conditions, and other good and valuable consideration, City and Contractor agree as follows:

1. **RECITALS.** City and Contractor hereby represent, warrant, and agree that the Recitals set forth above are true and correct and are incorporated herein by reference.
2. **DEFINITIONS.** As used in this Piggyback Agreement, the following terms shall have the meaning specified below:
   A. **Piggyback Agreement:** shall mean this Cooperative Purchasing Agreement for Connected Vehicle Equipment as it may from time to time be amended or modified pursuant to its terms and provisions.
   B. **Seminole County Agreement:** shall mean the Term Contract for Connected Vehicle Equipment between Seminole County and Iteris, Inc., and its exhibits, as amended and attached hereto as **Exhibit A – Seminole County Agreement.**
3. **INCORPORATION OF SEMINOLE COUNTY AGREEMENT.** The Seminole County Agreement attached hereto as **Exhibit A** is hereby incorporated by reference as if set forth herein in its entirety. However, to the extent that any terms and conditions set forth in the Seminole County Agreement conflict with any of the amended or supplemental terms and conditions set forth in this Piggyback Agreement, then the amended and supplemental terms and conditions set forth in this Piggyback Agreement shall be given precedence.
4. **CONTRACT DOCUMENTS.** The Contract Documents which comprise the entire understanding between City and Contractor shall only include this Agreement and those documents listed in this section as Exhibits to this Agreement. Each of these documents are incorporated herein by

reference for all purposes. If there is a conflict between the terms of this Agreement and the Contract Documents, then the terms of this Agreement shall control, amend, and supersede any conflicting terms contained in the remaining Contract Documents.

Exhibits to Agreement: The Exhibits to this Agreement are as follows:

A. Exhibit A: Seminole County Agreement (A-1 through A-34)

5. **AMENDED TERMS AND CONDITIONS.** The following terms and conditions of the Seminole County Agreement are modified and replaced, in their entirety, as follows:

A. The terms "Seminole County," or "County" shall be replaced and intended to refer to the "City of Ocala."

B. **COMPENSATION.** City shall pay Contractor a price not to exceed the maximum limiting amount of **THREE HUNDRED EIGHTY-FOUR THOUSAND AND NO/100 DOLLARS ($384,000)** over the contract term for the performance of the work and in accordance with the contract documents based on the most current prices set forth in **Exhibit A – Seminole County Agreement**.

C. **TIME FOR PERFORMANCE.** This Agreement shall become effective and commence on **FEBRUARY 18, 2026** and continue through and including **FEBRUARY 11, 2027**.

D. **Invoice Submission**. All invoices submitted by Contractor shall include the City Contract Number, an assigned Invoice Number, and Invoice Date. Contractor shall submit the original invoice through the responsible City Project Manager at: **Public Works Department**, 1805 NE 30th Avenue, Ocala, Florida 34470 Attn: **Nick Blizzard** E-Mail: njblizzard@ocalafl.gov; Office: 352-351-6707.

E. **Payment of Invoices by City**. The City Project Manager must review and approve all invoices prior to payment. City Project Manager's approval shall not be unreasonably withheld, conditioned, or delayed. Payments by City shall be made no later than the time periods established in section 218.735, Florida Statutes.

F. **Withholding of Payment**. City reserves the right to withhold, in whole or in part, payment for any and all work that: (i) has not been completed by Contractor; (ii) is inadequate or defective and has not been remedied or resolved in a manner satisfactory to the City Project Manager; or (iii) which fails to comply with any term, condition, or other requirement under this Agreement. Any payment withheld shall be released and remitted to Contractor within **THIRTY (30)** calendar days of the Contractor's remedy or resolution of the inadequacy or defect.

G. **Excess Funds**. If due to mistake or any other reason Contractor receives payment under this Agreement in excess of what is provided for by the Agreement, Contractor shall promptly notify City upon discovery of the receipt of the overpayment. Any overpayment shall be refunded to City within **THIRTY (30)** days of Contractor's receipt of the overpayment or must also include interest calculated from the date of the overpayment at the interest rate for judgments at the highest rate as allowed by law.

H. **Amounts Due to the City.** Contractor must be current and remain current in all obligations due to the City during the performance of services under the Agreement. Payments to Contractor may be offset by any delinquent amounts due to the City or fees and/or charges owed to the City.

I. **Tax Exemption**. City is exempt from all federal excise and state sales taxes (State of Florida Consumer's Certification of Exemption 85-8012621655C-9). The City's Employer Identification Number is 59-60000392. Contractor shall not be exempted from paying sales tax to its suppliers for materials to fulfill contractual obligations with the City, nor will Contractor be authorized to use City's Tax Exemption Number for securing materials listed herein.

6. **COMMERCIAL AUTO LIABILITY INSURANCE**. Contractor shall procure, maintain, and keep in full force, effect, and good standing for the life of this Agreement a policy of commercial auto liability insurance with a minimum combined single limit of One Million Dollars ($1,000,000) per occurrence for bodily injury and property damage arising out of Contractor's operations and covering all owned, hired, scheduled, and non-owned automobiles utilized in said operations. If Contractor does not own vehicles, Contractor shall maintain coverage for hired and non-owned automobile liability, which may be satisfied by way of endorsement to Contractor's Commercial General Liability policy or separate Commercial Automobile Liability policy.

7. **GENERAL LIABILITY INSURANCE.** Contractor shall procure and maintain, for the life of this Agreement, commercial general liability insurance with minimum coverage limits not less than:

   A. One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) aggregate limit for bodily injury, property damage, and personal and advertising injury; and
   B. One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) aggregate limit for products and completed operations.
   C. Policy must include coverage for contractual liability and independent contractors.
   D. Policy must include Additional Insured coverage in favor of the City that is no less restrictive than that afforded under the CG 20 26 04 13 Additional Insured Form.

8. **WORKERS' COMPENSATION AND EMPLOYER'S LIABILITY.** Worker's Compensation insurance shall be provided by Contractor as required by Chapter 440, Florida Statutes, or any other applicable state or federal law, including the U.S. Longshoremen's and Harbor Workers Compensation Act and the Jones Act.

   A. Contractor shall similarly require any and all subcontractors to afford such coverage for all of its employees as required by applicable law.

   B. Contractor shall waive and shall ensure that Contractor's insurance carrier waives, all subrogation rights against the City of Ocala and its officers, employees, and volunteers for all losses or damages. Contractor's policy shall be endorsed with WC 00 03 13 Waiver of our Right to Recover from Others or its equivalent.

   C. Exceptions and exemptions to this Section may be allowed at the discretion of the City's Risk Manager on a case-by-case basis in accordance with Florida Statutes and shall be evidenced by a separate waiver.

9. **ADDITIONAL INSURANCE REQUIREMENTS.**
   A. Contractor's insurance coverage shall be primary insurance for all applicable policies. The limits of coverage under each policy maintained by Contractor shall not be interpreted as limiting Contractor's liability or obligations under this Agreement. City does not in any way represent that these types or amounts of insurance are sufficient or adequate enough to protect Contractor's interests or liabilities or to protect Contractor from claims that may arise

out of or result from the negligent acts, errors, or omissions of Contractor, any of its agents or subcontractors, or for anyone whose negligent act(s) Contractor may be liable.

B. No insurance shall be provided by the City for Contractor under this Agreement and Contractor shall be fully and solely responsible for any costs or expenses incurred as a result of a coverage deductible, co-insurance penalty, or self-insured retention to include any loss not covered because of the operation of such deductible, co-insurance penalty, self-insured retention, or coverage exclusion or limitation.

C. **Certificates of Insurance**. No work shall be commenced by Contractor under this Agreement until the required Certificate of Insurance and endorsements have been provided nor shall Contractor allow any subcontractor to commence work until all similarly required certificates and endorsements of the subcontractor have also been provided. Work shall not continue after expiration (or cancellation) of the Certificate of Insurance and work shall not resume until a new Certificate of Insurance has been provided. **Contractor shall provide evidence of insurance in the form of a valid Certificate of Insurance (binders are unacceptable) prior to the start of work contemplated under this Agreement to: City of Ocala. Attention: Procurement & Contracting Department, Address: 110 SE Watula Avenue, Third Floor, Ocala Florida 34471, E-Mail: vendors@ocalafl.gov.** Contractor's Certificate of Insurance and required endorsements shall be issued by an agency authorized to do business in the State of Florida with an A.M. Best Rating of A or better. The Certificate of Insurance shall indicate whether coverage is being provided under a claims-made or occurrence form. If any coverage is provided on a claims-made form, the Certificate of Insurance must show a retroactive date, which shall be the effective date of the initial contract or prior.

D. **City as Additional Insured**. The City of Ocala shall be named as an Additional Insured and Certificate Holder on all liability policies identified in this Section with the exception of Workers' Compensation, Auto Liability (except when required by Risk Management) and Professional Liability policies**. Workers Compensation policy must contain a Waiver of Subrogation in favor of the City**.

E. **Notice of Cancellation of Insurance**. Contractor's Certificate of Insurance shall provide **THIRTY (30) DAY** notice of cancellation, **TEN (10) DAY** notice if cancellation is for non-payment of premium. In the vent that Contractor's insurer is unable to accommodate the cancellation notice requirement, it shall be the responsibility of Contractor to provide the proper notice. Such notification shall be in writing by registered mail, return receipt requested, and addressed to the certificate holder. Additional copies may be sent to the City of Ocala at vendors@ocalafl.gov.

F. **Failure to Maintain Coverage**. The insurance policies and coverages set forth above are required and providing proof of and maintaining insurance of the types and with such terms and limits set forth above is a material obligation of Contractor. Contractor's failure to obtain or maintain in full force and effect any insurance coverage required under this Agreement shall constitute material breach of this Agreement.

G. **Severability of Interests**. Contractor shall arrange for its liability insurance to include or be endorsed to include a severability of interests/cross-liability provision so that the "City of Ocala" (where named as an additional insured) will be treated as if a separate policy were in existence, but without increasing the policy limits.

10. **PUBLIC RECORDS.** Contractor shall comply with all applicable provisions of the Florida Public Records Act, Chapter 119, Florida Statutes. Specifically, Contractor shall:

A. Keep and maintain public records required by the public agency to perform the service.

B. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if Contractor does not transfer the records to the public agency.

D. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of Contractor or keep and maintain public records required by the public agency to perform the service. If Contractor transfers all public records to the public agency upon completion of the contract, Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Contractor keeps and maintains public records upon completion of the contract, Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: CITY OF OCALA, OFFICE OF THE CITY CLERK; 352-629-8266; E-mail: clerk@ocalafl.gov; City Hall, 110 SE Watula Avenue, Ocala, FL 34471.

11. **AUDIT.** Contractor shall comply and cooperate immediately with any inspections, reviews, investigations, or audits relating to this Agreement as deemed necessary by the Florida Office of the Inspector General, the City's Internal or External auditors or by any other Florida official with proper authority.

12. **PUBLICITY.** Contractor shall not use City's name, logo, seal or other likeness in any press release, marketing materials, or other public announcement without City's prior written approval.

13. **E-VERIFY.** Pursuant to section 448.095, Contractor shall register with and use the U.S. Department of Homeland Security's ("DHS") E-Verify System, accessible at https://e-verify.uscis.gov/emp, to verify the work authorization status of all newly hired employees. Contractor shall obtain affidavits from any and all subcontractors in accordance with paragraph 2(b) of section 448.095, Florida Statutes, and maintain copies of such affidavits for the duration of this Agreement. By entering into this Agreement, Contractor certifies and ensures that it utilizes and will continue to utilize the DHS E-Verify System for the duration of this Agreement and any subsequent renewals of same. Contractor understands that failure to comply with the requirements of this section shall result in the termination of this Agreement and Contractor may lose the ability to be awarded a public contract for a minimum of one (1) year after the date on which the Agreement was terminated. Contractor shall provide a copy of its DHS Memorandum

of Understanding upon City's request. Please visit www.e-verify.gov for more information regarding the E-Verify System.

14. **CONFLICT OF INTEREST.** Contractor is required to have disclosed, with the submission of their bid, the name of any officer, director, or agent who may be employed by the City. Contractor shall further disclose the name of any City employee who owns, directly or indirectly, any interest in Contractor's business or any affiliated business entity. Any additional conflicts of interest that may occur during the contract term must be disclosed to the City of Ocala Procurement Department.

15. **WAIVER.** The failure or delay of any party at any time to require performance by another party of any provision of this Agreement, even if known, shall not affect the right of such party to require performance of that provision or to exercise any right, power or remedy hereunder. Any waiver by any party of any breach of any provision of this Agreement should not be construed as a waiver of any continuing or succeeding breach of such provision, a waiver of the provision itself, or a waiver of any right, power or remedy under this Agreement. No notice to or demand on any party in any circumstance shall, of itself, entitle such party to any other or further notice or demand in similar or other circumstances.

16. **SEVERABILITY OF ILLEGAL PROVISIONS.** Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the applicable law. Should any portion of this Agreement be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Agreement.

17. **INDEMNITY.** Contractor shall indemnify City and its elected officials, employees and volunteers against, and hold City and its elected officials, employees and volunteers harmless from, all damages, claims, losses, costs, and expenses, including reasonable attorneys' fees, which City or its elected officials, employees or volunteers may sustain, or which may be asserted against City or its elected officials, employees or volunteers, arising out of the activities contemplated by this Agreement including, without limitation, harm or personal injury to third persons during the term of this Agreement to the extent attributable to the actions of Contractor, its agents, and employees.

18. **NO WAIVER OF SOVEREIGN IMMUNITY.** Nothing herein is intended to waive sovereign immunity by the City to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

19. **NOTICES.** All notices, certifications or communications required by this Agreement shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by e-mail. All notices shall be addressed to the respective parties as follows:

If to Contractor:

Iteris, Inc.
Attention: Mike Searle
1250 S. Capital of Texas Hwy., Bldg. 1, Ste. 330

Copy to:	William E. Sexton, Esq., City Attorney City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-401-3972 E-mail: cityattorney@ocalafl.gov

20. **ATTORNEYS' FEES.** If any civil action, arbitration or other legal proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party shall be entitled to recover reasonable attorneys' fees, sales and use taxes, court costs and all expenses reasonably incurred even if not taxable as court costs (including, without limitation, all such fees, taxes, costs and expenses incident to arbitration, appellate, bankruptcy and post-judgment proceedings), incurred in that civil action, arbitration or legal proceeding, in addition to any other relief to which such party or parties may be entitled. Attorneys' fees shall include, without limitation, paralegal fees, investigative fees, administrative costs, sales and use taxes and all other charges reasonably billed by the attorney to the prevailing party.

21. **JURY WAIVER.** IN ANY CIVIL ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF, CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY ANY OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.

22. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.

23. **JURISDICTION AND VENUE.** The parties acknowledge that a majority of the negotiations, anticipated performance and execution of this Agreement occurred or shall occur in Marion County, Florida. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought only in the courts of record of the State of Florida in Marion County or the United States District Court, Middle District of Florida, Ocala Division. Each party consents to the exclusive jurisdiction of such court in any such civil action or legal proceeding and waives any

objection to the laying of venue of any such civil action or legal proceeding in such court and/or the right to bring an action or proceeding in any other court. Service of any court paper may be effected on such party by mail, as provided in this Agreement, or in such other manner as may be provided under applicable laws, rules of procedures or local rules.

24. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all whom shall be bound by the provisions hereof.
25. **MUTUALITY OF NEGOTIATION.** Contractor and City acknowledge that this Agreement is a result of negotiations between Contractor and City, and the Agreement shall not be construed in favor of, or against, either party because of that party having been more involved in the drafting of the Agreement.
26. **SECTION HEADINGS.** The section headings herein are included for convenience only and shall not be deemed to be a part of this Agreement.
27. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or because of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.
28. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both parties to this Agreement.
29. **COUNTERPARTS.** This Agreement may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.
30. **ELECTRONIC SIGNATURE(S).** Contractor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.
31. **ENTIRE AGREEMENT.** This Agreement, including exhibits, (if any) constitutes the entire Agreement between the parties hereto with respect to the subject matter hereof. There are no other representations, warranties, promises, agreements or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. No course of prior dealings between the parties and no usage of trade shall be relevant or admissible to supplement, explain, or vary any of the terms of this Agreement. No representations, understandings, or agreements have been made or relied upon in the making of this Agreement other than those specifically set forth herein.
32. **LEGAL AUTHORITY**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement on _____.

TERM CONTRACT FOR CONNECTED VEHICLE EQUIPMENT
(IFB -604689-23/LNF)

THIS AGREEMENT is dated as of the 12th day of February 2024, by and between **ITERIS, INC.**, duly authorized to conduct business in the State of Florida, whose address is 1250 South Capital of Texas Highway, Building 1, Suite 330, Austin, Texas 78746, in this Agreement referred to as "CONTRACTOR", and **SEMINOLE COUNTY**, a charter county and political subdivision of the State of Florida, whose address is Seminole County Services Building, 1101 E. 1st Street, Sanford, Florida 32771, in this Agreement referred to as "COUNTY".

W I T N E S S E T H:

WHEREAS, COUNTY desires to retain the services of a competent and qualified contractor to provide Bluetooth Travel Time Reading Equipment to Seminole County; and

WHEREAS, COUNTY has requested and received expressions of interest for the retention of services of contractors; and

WHEREAS, CONTRACTOR is competent and qualified to provide materials to COUNTY, and desires to provide materials according to the terms and conditions stated in this Agreement,

NOW, THEREFORE, in consideration of the mutual understandings and covenants set forth in this Agreement, COUNTY and CONTRACTOR agree as follows:

Section 1. Materials. COUNTY hereby retains CONTRACTOR to provide materials as further described in the Scope of Services attached as Exhibit A and made a part of this Agreement. CONTRACTOR is also bound by all requirements as contained in the solicitation package, all addenda to this package, and CONTRACTOR's submission in response to this solicitation. Required materials will be specifically enumerated, described, and depicted in the

Purchase Orders authorizing purchase of specific materials. This Agreement standing alone does not authorize the purchase of materials or require COUNTY to place any orders for materials.

Section 2. Term. This Agreement takes effect on the date of its execution by COUNTY and continues for a period of three (3) years. At the sole option of COUNTY, this Agreement may be renewed for two (2) successive periods not to exceed one (1) year each. Expiration of the term of this Agreement will have no effect upon Purchase Orders issued pursuant to this Agreement and prior to the expiration date. Obligations entered by both parties under such Purchase Orders will remain in effect until delivery and acceptance of the materials authorized by the respective Purchase Order. The first three (3) months of the initial term are considered probationary. During the probationary period, COUNTY may immediately terminate this Agreement at any time, with or without cause, upon written notice to CONTRACTOR.

Section 3. Authorization for Materials. Authorization for provision of materials by CONTRACTOR under this Agreement must be in the form of written Purchase Orders issued and executed by COUNTY. A sample Purchase Order is attached as Exhibit B. Each Purchase Order will describe the materials required, state the dates for delivery of materials, and establish the amount and method of payment. The Purchase Orders must be issued under and incorporate the terms of this Agreement. COUNTY makes no covenant or promise as to the number of available Purchase Orders or that CONTRACTOR will perform any Purchase Order for COUNTY during the life of this Agreement. COUNTY reserves the right to contract with other parties for the services contemplated by this Agreement when it is determined by COUNTY to be in the best interest of COUNTY to do so.

Section 4. Time for Completion. The materials to be provided by CONTRACTOR will be delivered, as specified in such Purchase Orders as may be issued under this Agreement, within the time specified in the Purchase Order.

Page 2 of 34

Section 5. Compensation. COUNTY shall compensate CONTRACTOR for the materials provided for under this Agreement on a Fixed Fee basis at the rates as outlined in Exhibit C. When a Purchase Order is issued on a Fixed Fee basis, then the applicable Purchase Order Fixed Fee amount will include any and all reimbursable expenses and will be based on the unit pricing attached to this Agreement, or as reduced in the quoting process leading to specific Purchase Orders.

Section 6. Payment and Billing.

(a) CONTRACTOR shall supply all materials required by the Purchase Order, but in no event will CONTRACTOR be paid more than the negotiated Fixed Fee amount stated within each Purchase Order.

(b) For Purchase Orders issued on a Fixed Fee basis, CONTRACTOR may invoice the amount due based on the percentage of total Purchase Order materials actually provided, but in no event may the invoice amount exceed a percentage of the Fixed Fee amount equal to a percentage of the total services actually completed.

(c) COUNTY shall make payments to CONTRACTOR when requested as materials are provided, but not more than once monthly. Each Purchase Order will be invoiced separately. At the close of each calendar month, CONTRACTOR shall render to COUNTY an itemized invoice, properly dated, describing any materials provided, the cost of the materials provided, the name and address of CONTRACTOR, Purchase Order Number, Contract Number, and any other information required by this Agreement.

(d) Submittal instructions for invoices are as follows:

(1) The original invoice must be emailed to:

AP@SeminoleClerk.org

(2) The original invoice may also be mailed or delivered to:

(3) A copy of the invoice must be sent to:

Seminole County Public Works Department
Traffic Engineering Division
200 W. County Home Road
Sanford, FL 32773

(e) Upon review and approval of CONTRACTOR's invoice, COUNTY shall pay CONTRACTOR the approved amount in accordance with the terms as set forth in Chapter 218, Part VII, Florida Statutes.

Section 7. General Terms of Payment and Billing.

(a) Upon satisfactory delivery of materials required under this Agreement and upon acceptance of the materials by COUNTY, CONTRACTOR may invoice COUNTY for the full amount of compensation provided for under the terms of this Agreement less any amount already paid by COUNTY.

(b) COUNTY may perform or have performed an audit of the records of CONTRACTOR at any time during the term of this Agreement and after final payment to support final payment under this Agreement. Audits may be performed at a time mutually agreeable to CONTRACTOR and COUNTY. Total compensation to CONTRACTOR may be determined subsequent to an audit as provided for in this Section and the total compensation so determined will be used to calculate final payment to CONTRACTOR. Performance of this audit will not delay final payment as provided by subsection (a) of this Section.

(c) CONTRACTOR shall maintain all books, documents, papers, accounting records, and other evidence pertaining to materials provided under this Agreement in such a manner as will readily conform to the terms of this Agreement. CONTRACTOR shall make such materials

Page 4 of 34

available at CONTRACTOR's office at all reasonable times during the term of this Agreement and for five (5) years from the date of final payment under the contract for audit or inspection as provided for in subsection (b) of this Section.

(d) In the event any audit or inspection conducted after final payment but within the period provided in paragraph (c) of this Section reveals any overpayment by COUNTY under the terms of the Agreement, CONTRACTOR shall refund such overpayment to COUNTY within thirty (30) days of notice by COUNTY.

Section 8. No Waiver by Forbearance. COUNTY's review of approval and acceptance of, or payment for the materials or services required under this Agreement does not operate as a waiver of any rights under this Agreement, or of any cause of action arising out of the performance of this Agreement. CONTRACTOR is and will always remain liable to COUNTY in accordance with applicable law for any and all damages to COUNTY caused by CONTRACTOR's negligent or wrongful provision of any of the materials or services provided under this Agreement.

Section 9. Termination.

(a) COUNTY may, by written notice to CONTRACTOR, terminate this Agreement or any Purchase Order issued under this Agreement, in whole or in part, at any time, either for COUNTY's convenience or because of the failure of CONTRACTOR to fulfill its obligations under this Agreement. Upon receipt of such notice, CONTRACTOR shall immediately discontinue all services affected, unless the notice directs otherwise, and deliver to COUNTY all data, drawings, specifications, reports, estimates, summaries, and any and all such other information and materials of whatever type or nature as may have been accumulated by CONTRACTOR in performing this Agreement, whether completed or in process.

Page 5 of 34

(b) If the termination is for the convenience of COUNTY, CONTRACTOR will be paid compensation for services performed to the date of termination.

(c) If the termination is due to the failure of CONTRACTOR to fulfill its obligations under this Agreement, COUNTY may take over the work and carry it to completion by other agreements or otherwise. In such case, CONTRACTOR will be liable to COUNTY for all reasonable additional costs associated with CONTRACTOR's failure to fulfill its obligations under this Agreement.

(d) CONTRACTOR will not be liable for such additional costs if the failure to perform the Agreement arises without any fault or negligence of CONTRACTOR, but CONTRACTOR will be responsible and liable for the actions by its subcontractors, agents, employees, persons, and entities of a similar type or nature. Matters beyond the fault or negligence of CONTRACTOR include acts of God or of the public enemy, acts of COUNTY in its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather, but in every case the failure to perform must be beyond the control and without any fault or negligence of CONTRACTOR.

(e) If after notice of termination for CONTRACTOR's failure to fulfill its obligations under this Agreement it is determined that CONTRACTOR had not so failed, the termination will be conclusively deemed to have been effected for the convenience of COUNTY. In such event, adjustment in the Agreement price will be made as provided in subsection (b) of this Section.

(f) The rights and remedies of COUNTY provided for in this Section are in addition and supplemental to any and all other rights and remedies provided by law or under this Agreement.

Section 10. Conflict with Contract Documents. Wherever the terms of this Agreement conflict with any Purchase Order issued pursuant to it or any other contract documents, including proposals submitted by CONTRACTOR, this Agreement will prevail. For the avoidance of doubt, proposals and any other documents submitted by CONTRACTOR are not incorporated into this Agreement, unless expressly stated otherwise.

Section 11. Equal Opportunity Employment. CONTRACTOR shall not discriminate against any employee or applicant for employment for work under this Agreement because of race, color, religion, sex, age, disability, or national origin. CONTRACTOR shall take steps to ensure that applicants are employed, and employees are treated during employment without regard to race, color, religion, sex, age, disability, or national origin. This provision includes, but is not limited to the following: employment, upgrading, demotion or transfer, recruitment advertising, layoff or termination, rates of pay or other forms of compensation and selection for training including apprenticeship.

Section 12. No Contingent Fees. CONTRACTOR warrants that it has not employed or retained any company or person other than a bona fide employee working solely for CONTRACTOR to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for CONTRACTOR, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from award or making of this Agreement. For the breach or violation of this provision, COUNTY will have the right to terminate the Agreement at its sole discretion without liability and to deduct from the Agreement price or otherwise recover the full amount of such fee, commission, percentage, gift, or consideration.

Section 13. Conflict of Interest.

(a) CONTRACTOR shall not engage in any action that would create a conflict of interest in the performance of its obligations pursuant to this Agreement with COUNTY or violate or cause others to violate the provisions of Chapter 112, Part III, Florida Statutes, relating to ethics in government.

(b) CONTRACTOR hereby certifies that no officer, agent, or employee of COUNTY has any material interest (as defined in Section 112.312(15), Florida Statutes, as over 5%), either directly or indirectly, in the business of CONTRACTOR to be conducted under this Agreement and that no such person will have any such interest at any time during the term of this Agreement.

Section 14. Assignment. Neither this Agreement nor any interest in it may be assigned, transferred, or otherwise encumbered under any circumstances by either party without prior written consent of the other party and in such cases only by a document of equal dignity with this Agreement.

Section 15. Subcontractors. CONTRACTOR shall first secure the prior written approval of COUNTY before engaging or contracting for the services of any subcontractors under this Agreement. CONTRACTOR will remain fully responsible to COUNTY for the services of any subcontractors under this Agreement.

Section 16. Indemnification of COUNTY. To the fullest extent permitted by law, CONTRACTOR shall hold harmless, release, and indemnify COUNTY, its commissioners, officers, employees, and agents from any and all claims, losses, damages, costs, attorney fees, and lawsuits for damages arising from, allegedly arising from, or related to CONTRACTOR's provision of materials or services under this Agreement caused by CONTRACTOR's act or omission in the performance of this Agreement.

Section 17. Insurance.

(a) General. CONTRACTOR shall procure and maintain insurance required under this Section at CONTRACTOR's own cost.

(1) CONTRACTOR shall provide COUNTY with a Certificate of Insurance on a current ACORD Form signed by an authorized representative of the insurer evidencing the insurance required by this Section (Professional Liability, Workers' Compensation/Employer's Liability, Commercial General Liability, and Business Auto). **The Certificate must have the Agreement number for this Agreement clearly marked on its face.** COUNTY, its officials, officers, and employees must be named additional insureds under the Commercial General Liability, Umbrella Liability and Business Auto policies. If the policy provides for a blanket additional insured coverage, CONTRACTOR shall provide a copy of the section of the policy along with the Certificate of Insurance. If the coverage does not exist, the policy must be endorsed to include the named additional insureds as described in this subsection. The Certificate of Insurance must provide that COUNTY will be provided, by policy endorsement, not less than thirty (30) days written notice prior to the cancellation or non-renewal, or by a method acceptable to COUNTY. Until such time as the insurance is no longer required to be maintained by CONTRACTOR, CONTRACTOR shall provide COUNTY with a renewal or replacement Certificate of Insurance before expiration or replacement of the insurance for which a previous Certificate of Insurance has been provided.

(2) In addition to providing the Certificate of Insurance on a current ACORD Form, upon request as required by COUNTY, CONTRACTOR shall provide COUNTY with a certified copy of each of the policies of insurance providing the coverage required by this

Page 9 of 34

Section within thirty (30) days after receipt of the request. Certified copies of policies may only be provided by the insurer, not the agent or broker.

(3) Neither approval by COUNTY nor failure to disapprove the insurance provided by CONTRACTOR will relieve CONTRACTOR of its full responsibility for performance of any obligation, including its indemnification of COUNTY, under this Agreement.

(b) Insurance Company Requirements. Insurance companies providing the insurance under this Agreement must meet the following requirements:

(1) Companies issuing policies must be authorized to conduct business in the State of Florida and prove such authorization by maintaining Certificates of Authority or Letters of Eligibility issued to the companies by the Florida Office of Insurance Regulation. Alternatively, policies required by this Agreement for Workers' Compensation/Employer's Liability, may be those authorized as a group self-insurer by Section 624.4621, Florida Statutes.

(2) In addition, such companies must have and maintain, at a minimum, a Best's Rating of "A-" and a minimum Financial Size Category of "VII" according to A.M. Best Company.

(3) If, during the period that an insurance company is providing the insurance coverage required by this Agreement, an insurance company (i) loses its Certificate of Authority, or (ii) fails to maintain the requisite Best's Rating and Financial Size Category, the CONTRACTOR shall immediately notify COUNTY as soon as CONTRACTOR has knowledge of any such circumstance and immediately replace the insurance coverage provided by the insurance company with a different insurance company meeting the requirements of this Agreement. Until such time as CONTRACTOR has replaced the unacceptable insurer with an

Page 10 of 34

insurer acceptable to COUNTY, CONTRACTOR will be deemed to be in default of this Agreement.

(c) Specifications. Without limiting any of the other obligations or liability of CONTRACTOR, CONTRACTOR shall procure, maintain, and keep in force amounts and types of insurance conforming to the minimum requirements set forth in this subsection, at CONTRACTOR's sole expense. Except as otherwise specified in this Agreement, the insurance will become effective upon execution of this Agreement by CONTRACTOR and must be maintained in force until the expiration of this Agreement's term or the expiration of all Orders issued under this Agreement, whichever comes last. Failure by CONTRACTOR to maintain this required insurance coverage within the stated period will constitute a material breach of this Agreement, for which COUNTY may immediately terminate this Agreement. The amounts and types of insurance must conform to the following minimum requirements:

(1) Workers' Compensation/Employer's Liability.

(A) CONTRACTOR's insurance must cover it for liability that would be covered by the latest edition of the standard Workers' Compensation policy as filed for use in Florida by the National Council on Compensation Insurance without restrictive endorsements. CONTRACTOR is also responsible for procuring proper proof of coverage from its subcontractors of every tier for liability that is a result of a Workers' Compensation injury to the subcontractor's employees. The minimum required limits to be provided by both CONTRACTOR and its subcontractors are outlined in subsection (C) below. In addition to coverage for the Florida Workers' Compensation Act, where appropriate, coverage must be included for the United States Longshoremen and Harbor Worker's Compensation Act, Federal Employee's Liability Act, and any other applicable Federal or State law.

Page 11 of 34

(B) Subject to the restrictions of coverage found in the standard Workers' Compensation policy, there will be no maximum limit on the amount of coverage for liability imposed by the Florida Workers' Compensation Act, the United States Longshoremen's and Harbor Worker's Compensation Act, or any other coverage customarily insured under Part One of the standard Workers' Compensation policy.

(C) The minimum amount of coverage under Part Two of the standard Workers' Compensation policy is required to be the following:

$500,000.00	(Each Accident)
$500,000.00	(Disease-Policy Limit)
$500,000.00	(Disease-Each Employee)

(2) Commercial General Liability.

(A) CONTRACTOR's insurance must cover it for those sources of liability that would be covered by the latest edition of the standard Commercial General Liability Coverage Form (ISO Form CG 00 01), as filed for use in the State of Florida by the Insurance Services Office. Coverage must not contain any endorsements excluding or limiting Products/Completed Operations, Contractual Liability, or Separation of Insureds.

(B) CONTRACTOR shall maintain these minimum insurance limits:

General Aggregate	Two Times (2x) the Each Occurrence Limit
Personal & Advertising Injury Limit	$1,000,000.00
Each Occurrence Limit	$1,000,000.00
Pollution Liability	$1,000,000.00

(3) Professional Liability Insurance. CONTRACTOR shall carry Professional Liability Insurance with limits of not less than One Million and No/100 Dollars ($1,000,000.00).

(4) Business Auto Policy.

(A) CONTRACTOR's insurance must cover CONTRACTOR for those sources of liability which would be covered by Section II of the latest edition of the

Page 12 of 34

standard Business Auto Policy (ISO Form CA 00 01), as filed for use in the State of Florida by the Insurance Services Office. Coverage must include owned, non-owned, and hired autos or any auto used by CONTRACTOR. In the event CONTRACTOR does not own automobiles, CONTRACTOR shall maintain coverage for hired and non-owned auto liability for autos used by CONTRACTOR, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy. If the contract involves operations governed by Sections 29 or 30 of the Motor Carrier Act of 1980, endorsement MCS-90 is required.

(B) The minimum limits to be maintained by CONTRACTOR must be per-accident combined single limit for bodily injury liability and property damage liability.

(C) The minimum amount of coverage under the Business Auto Policy is required to be the following:

Combined Single Limit	$1,000,000.00

(d) Coverage. The insurance provided by CONTRACTOR pursuant to this Agreement must apply on a primary and non-contributory basis, and any other insurance or self-insurance maintained by COUNTY or COUNTY's officials, officers, or employees must be in excess of and not contributing to the insurance provided by or on behalf of CONTRACTOR.

(e) Occurrence Basis. The Workers' Compensation policy, the Commercial General Liability, and the Umbrella policy required by this Agreement must be provided on an occurrence rather than a claims-made basis. The Professional Liability insurance policy may be on an occurrence basis or claims-made basis. In the event that the Professional Liability insurance required by this Agreement is written on a claims-made basis, CONTRACTOR warrants that any retroactive date under the policy will precede the effective date of this Agreement and that either continuous coverage will be maintained, or an extended discovery

period will be exercised for a period of three (3) years beginning at the time work under this Agreement is completed.

(f) Obligations. Compliance with the foregoing insurance requirements will not relieve CONTRACTOR, its employees, or its agents of liability from any obligation under this Section or any other Section of this Agreement.

Section 18. Dispute Resolution.

(a) In the event of a dispute related to any performance or payment obligation arising under this Agreement, the parties shall exhaust COUNTY administrative dispute resolution procedures prior to filing a lawsuit or otherwise pursuing legal remedies. COUNTY administrative dispute resolution procedures for proper invoice and payment disputes are set forth in Section 22.15, "Prompt Payment Procedures," Seminole County Administrative Code. COUNTY administrative dispute resolution procedures for contract claims related to this Agreement, other than for proper invoice and payment disputes, are set forth in Section 3.5541, "Contract Claims," Seminole County Administrative Code.

(b) In any lawsuit or legal proceeding arising under this Agreement, CONTRACTOR hereby waives any claim or defense based on facts or evidentiary materials that were not presented for consideration in COUNTY administrative dispute resolution procedures set forth in subsection (a) above of which CONTRACTOR had knowledge and failed to present during COUNTY administrative dispute resolution procedures.

(c) In the event that COUNTY administrative dispute resolution procedures are exhausted, and a lawsuit or legal proceeding is filed, the parties shall exercise best efforts to resolve disputes through voluntary mediation and to select a mutually acceptable mediator. The parties participating in the voluntary mediation shall share the costs of mediation equally.

Section 19. Representatives of COUNTY and CONTRACTOR.

(a) It is recognized that questions in the day-to-day conduct of performance pursuant to this Agreement may arise. Upon request by CONTRACTOR, COUNTY shall designate and advise CONTRACTOR in writing of one or more of its employees to whom to address all communications pertaining to the day-to-day conduct of this Agreement. The designated representative will have the authority to transmit instructions, receive information, and interpret and define COUNTY's policy and decisions pertinent to the work covered by this Agreement.

(b) At all times during the normal work week, CONTRACTOR shall designate or appoint one or more representatives who are authorized to act on behalf of CONTRACTOR and bind CONTRACTOR regarding all matters involving the conduct of the performance pursuant to this Agreement, and who will keep COUNTY continually and effectively advised of such designation.

Section 20. All Prior Agreements Superseded. This Agreement incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained in this Agreement and the parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained or referred to in this document. Accordingly, it is agreed that no deviation from the terms of this Agreement may be predicated upon any prior representations or agreements, whether oral or written.

Section 21. Modifications, Amendments, or Alterations. No modification, amendment, or alteration in the terms or conditions contained in this Agreement will be effective unless contained in a written amendment executed with the same formality and of equal dignity with this Agreement.

Section 22. Independent Contractor. Nothing in this Agreement is intended or may be construed as in any manner creating or establishing a relationship of co-partners between the parties, or as constituting CONTRACTOR (including its officers, employees, and agents) as an agent, representative, or employee of COUNTY for any purpose or in any manner whatsoever. CONTRACTOR is and will remain forever an independent contractor with respect to all services performed under this Agreement.

Section 23. Employee Status. Persons employed by CONTRACTOR in the performance of services and functions pursuant to this Agreement have no claim to pension, workers' compensation, unemployment compensation, civil service, or other employee rights or privileges granted to COUNTY's officers and employees, either by operation of law or by COUNTY.

Section 24. Services Not Provided For. No claim for services provided by CONTRACTOR not specifically provided for in this Agreement will be honored by COUNTY.

Section 25. Public Records Law.

(a) CONTRACTOR acknowledges COUNTY's obligations under Article 1, Section 24, Florida Constitution and Chapter 119, Florida Statutes, to release public records to members of the public upon request. CONTRACTOR acknowledges that COUNTY is required to comply with Article 1, Section 24, Florida Constitution and Chapter 119, Florida Statutes, in the handling of the materials created under this Agreement and this statute controls over the terms of this Agreement. Upon COUNTY's request, CONTRACTOR shall provide COUNTY with all requested public records in CONTRACTOR's possession or shall allow COUNTY to inspect or copy the requested records within a reasonable time and at a cost that does not exceed costs as provided under Chapter 119, Florida Statutes.

(b) CONTRACTOR specifically acknowledges its obligations to comply with Section 119.0701, Florida Statutes, with regard to public records and shall perform the following:

(1) CONTRACTOR shall keep and maintain public records that ordinarily and necessarily would be required by COUNTY in order to perform the services required under this Agreement,

(2) CONTRACTOR shall provide COUNTY with access to public records on the same terms and conditions that COUNTY would provide the records and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

(3) CONTRACTOR shall ensure public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed, except as authorized by law.

(c) Upon termination of this Agreement, CONTRACTOR shall transfer, at no cost to COUNTY, all public records in possession of CONTRACTOR, or keep and maintain public records required by COUNTY under this Agreement. If CONTRACTOR transfers all public records to COUNTY upon completion of this Agreement, CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If CONTRACTOR keeps and maintains the public records upon completion of this Agreement, CONTRACTOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to COUNTY, upon request of COUNTY, in a format that is compatible with the information technology systems of COUNTY.

(d) Failure to comply with this Section will be deemed a material breach of this Agreement for which COUNTY may terminate this Agreement immediately upon written notice

to CONTRACTOR. CONTRACTOR may also be subject to statutory penalties as set forth in Section 119.10, Florida Statutes.

(e) **IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO CONTRACTOR's DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTRACTOR MAY CONTACT THE CUSTODIAN OF PUBLIC RECORDS, THE SEMINOLE COUNTY PURCHASING AND CONTRACTS MANAGER, AT 407-665-7116, PURCH@SEMINOLECOUNTYFL.GOV, PURCHASING AND CONTRACTS DIVISION, 1301 E. SECOND STREET, SANFORD, FL 32771.**

Section 26. Governing Law, Jurisdiction, and Venue. The laws of the State of Florida govern the validity, enforcement, and interpretation of this Agreement. The sole jurisdiction and venue for any legal action in connection with this Agreement will be in the courts of Seminole County, Florida.

Section 27. Compliance with Laws and Regulations. In providing all services pursuant to this Agreement, CONTRACTOR shall abide by all statutes, ordinances, rules, and regulations pertaining to or regulating the provision of such services, including those now in effect and subsequently adopted. Any violation of these statutes, ordinances, rules, or regulations will constitute a material breach of this Agreement and will entitle COUNTY to terminate this Agreement immediately upon delivery of written notice of termination to CONTRACTOR.

Section 28. Patents and Royalties. Unless otherwise provided, CONTRACTOR is solely responsible for obtaining the right to use any patented or copyrighted materials in the performance of this Agreement. CONTRACTOR, without exception, shall indemnify and save harmless COUNTY and its employees from liability of any nature or kind, including costs and expenses for or on account of any copyrighted, patented, or unpatented invention, process, or article manufactured or supplied by CONTRACTOR. In the event of any claim against COUNTY of copyright or patent infringement, COUNTY shall promptly provide written notification to CONTRACTOR. If such a claim is made, CONTRACTOR shall use its best efforts to promptly purchase for COUNTY the legitimate version of any infringing products or services or procure a license from the patent or copyright holder at no cost to COUNTY that will allow continued use of the service or product. If none of these alternatives are reasonably available, COUNTY shall return the article on request to CONTRACTOR and receive reimbursement, if any, as may be determined by a court of competent jurisdiction.

Section 29. Notices. Whenever either party desires to give notice to the other, it must be given by written notice, sent by registered or certified United States mail, return receipt requested, addressed to the party for whom it is intended at the place last specified. The place for giving of notice will remain such until it has been changed by written notice in compliance with the provisions of this Section. For the present, the parties designate the following as the respective places for giving of notice:

For COUNTY:

Seminole County Public Works Department
Traffic Engineering Division
200 W. County Home Road
Sanford, FL 32773

With a copy to:

Seminole County Purchasing & Contracts Division

Austin, TX 78746

Section 30. Rights At Law Retained. The rights and remedies of COUNTY provided for under this Agreement are in addition and supplemental to any other rights and remedies provided by law.

Section 31. Headings and Captions. All headings and captions contained in this Agreement are provided for convenience only, do not constitute a part of this Agreement, and may not be used to define, describe, interpret or construe any provision of this Agreement.

Section 32. E-Verify System Registration.

(a) CONTRACTOR must register with and use the E-Verify system to verify the work authorization status of all new employees prior to entering into this Agreement with COUNTY. If COUNTY provides written approval to CONTRACTOR for engaging with or contracting for the services of any subcontractors under this Agreement, CONTRACTOR must require certification from the subcontractor that at the time of certification, the subcontractor does not employ, contract, or subcontract with an unauthorized alien. CONTRACTOR must maintain a copy of the foregoing certification from the subcontractor for the duration of the agreement with the subcontractor.

(b) If COUNTY has a good faith belief that CONTRACTOR has knowingly violated this Section, COUNTY shall terminate this Agreement. If COUNTY terminates this Agreement with CONTRACTOR, CONTRACTOR may not be awarded a public contract for at least one (1) year after the date on which this Agreement is terminated. If COUNTY has a good faith belief

that a subcontractor knowingly violated this Section, but CONTRACTOR otherwise complied with this Section, COUNTY must promptly notify CONTRACTOR and order CONTRACTOR to immediately terminate its agreement with the subcontractor.

(c) CONTRACTOR shall execute and return the Affidavit of E-Verify Requirements Compliance, attached to this Agreement as Exhibit D, to COUNTY.

IN WITNESS WHEREOF, the parties have made and executed this Agreement for the purposes stated above.

Terms and Conditions

1. Acceptance/Entire Agreement. This Purchase Order ("PO") is entered into between Seminole County, Florida ("County") and the Supplier referenced herein (individually, referred to as "Party," and collectively, "Parties"). By accepting this PO, Supplier accepts all Terms and Conditions contained herein. This PO, including specifications and drawings, if any, and referenced documents, such as solicitations and responses constitutes the entire agreement between the Parties. Whenever terms and conditions of Main Agreement, if any, conflict with any PO issued pursuant to Main Agreement, Main Agreement will control.

2. Inspection. Notwithstanding any prior payment or inspection, all goods/services are subject to inspection/rejection by County at any time, including during manufacture, construction or preparation. To the extent a PO requires a series of performances by Supplier, County reserves right to cancel remainder of PO if goods/services provided during the term of PO are non-conforming or otherwise rejected. Without limiting any rights County may have, County, at its sole option, may require Supplier, at Supplier's expense to: (a) promptly repair or replace any or all rejected goods, or to cure or re-perform any or all rejected services; or (b) refund price of any or all rejected goods or services. All rejected goods will be held for Supplier's prompt inspection at Supplier's risk. Nothing contained in PO will relieve Supplier's obligation of testing, inspection and quality control.

3. Packing & Shipping. Unless otherwise specified, all goods must be packed, packaged, marked and prepared for shipment in a manner that is: (a) in accordance with good commercial practice; (b) acceptable to common carriers for shipment at the lowest rate for the particular good; (c) in accordance with local, state, and federal regulations; and (d) protected against weather. Supplier must mark all containers with necessary lifting, handling, shipping information, PO number, date of shipment and the name of the consignee and consignor. An itemized packing sheet must accompany each shipment.

4. Delivery; Risk of Loss. All goods are FOB destination, and risk of loss will remain with Supplier until delivery by Supplier and acceptance by County. Goods delivered by Supplier that are damaged, defective, or otherwise fail to conform to PO may be rejected by County or held by County at Supplier's risk and expense. County may charge Supplier for cost(s) to inspect, unpack, repack, store and re-ship rejected goods.

5. Delivery of Excess Quantities. If Supplier delivers excess quantities of goods without prior written authorization from County, excess quantities of goods may be returned to Supplier at Supplier's expense.

6. Time is of the Essence. Time is of the essence for delivery of goods /services under PO. Failure to meet delivery schedules or deliver within a reasonable time, as determined by County, entitles County to seek all remedies available at law or in equity. County reserves right to cancel any PO and procure goods/services elsewhere if delivery is not timely. Supplier agrees to reimburse County for all costs incurred in enforcing its rights. Failure of County to cancel PO, acceptance, or payment will not be deemed a waiver of County's right to cancel remainder of PO. Delivery date or time in PO may be extended if Supplier provides a written request in advance of originally scheduled delivery date and time and County agrees to delayed delivery in writing prior to originally scheduled delivery date and time.

7. Warranties. Supplier warrants to County that all goods/services covered by PO conform strictly to specifications, drawings or samples specified or furnished by County, and are free from: (a) defects in title; and (b) latent or patent defects in material or workmanship. If no quality is specified by County, Supplier warrants to County that goods/services are of the best grade of their respective kinds, meet or exceed applicable standards for industry represented, are merchantable (as to goods) and are fit for County's particular purpose. Supplier warrants that at the time County accepts the goods/services, the goods/services will have been produced, sold, delivered and furnished in strict compliance with all applicable federal and state laws, regulations, ordinances, rules, labor agreements and working conditions to which goods/services are subject. Supplier warrants the title to goods furnished under PO is valid, transfer of such title to County is rightful and goods are free of any claims or liens of any nature whatsoever, whether rightful or otherwise, of any person, corporation, partnership or association. All applicable manufacturers' warranties must be furnished to County at time of delivery of goods or completion of service. All warranties are cumulative and are in addition to any other express or implied warranties provided by law.

8. Indemnification. To the fullest extent permitted by law, Supplier assumes any and all liability for damages, breach of PO, loss or injury of any kind or nature whatsoever to persons or property caused by, resulting from or related to the goods/services provided under PO. To the fullest extent permitted by law, Supplier shall indemnify and hold harmless County, its commissioners, officers, employees and agents from and against any and all claims, damages, demands, lawsuits, losses, costs and expenses, including attorneys' fees, patent, copyright or trademark infringement, judgments, decrees of whatsoever nature which County may incur as a result of claims, demands, lawsuits or causes of action of any kind or nature arising from, caused by or related to goods/services furnished by Supplier, its officers, employees, agents, partners, principals or subcontractors. Remedies afforded to County by this section are cumulative with and in no way affect any other legal remedy County may have under PO or at law. Supplier's obligations under PO must not be limited by any insurance coverage or by any provision in or exclusion or omission from any policy of insurance.

9. Insurance. Supplier, at its sole expense, shall maintain insurance coverage acceptable to County. All policies must name County as an additional insured. All Insurance Certificates must be provided to the Purchasing and Contracts Division within ten (10) days of request. Supplier shall notify County, in writing, of any cancellation, material change, or alteration to Supplier's Certificate of Insurance.

10. Modifications. PO may be modified or rescinded in writing by County.

11. Material Safety Data Sheets. At time of delivery, Supplier agrees to provide County with a current Material Safety Data Sheet for any hazardous chemicals or toxic substances, as required by law.

12. Pricing. Supplier agrees that pricing included on PO shall remain firm through and until delivery of goods and/or completion of services, unless otherwise agreed to by the Parties in writing.

13. Invoicing & Payment. After delivery of goods/services by Supplier and acceptance by the County, the Supplier must electronically submit an original invoice via email to AP@seminoleclerk.org or may mail the invoice, if electronic invoice is not available, to: Seminole County Clerk of the Circuit Court and Comptroller, P.O. Box 8080, Sanford, Florida 32772. Invoices must be billed at pricing stipulated on PO and must include the County's Purchase Order Number. Thereafter, all payments and interest on any late payments will be paid in compliance with Florida Prompt Payment Act, §218. 70, Florida Statutes.

14. Taxes. County is exempt from Florida sales tax, federal taxes on transportation charges and any federal excise tax. County will not reimburse Supplier for taxes paid.

15. Termination. County may terminate PO, in whole or in part, at any time, either for County's convenience or because of Supplier's failure to fulfill its obligations under PO, by written notice to Supplier. Upon receipt of written notice, Supplier must discontinue all deliveries affected unless written notice directs otherwise. In the event of termination, County will be liable only for materials procured, work completed or services rendered or supplies partially fabricated, within the authorization of PO. In no event will County be liable for incidental or consequential damages by reason of such termination.

16. Equal Opportunity Employer. County is an Equal Employment Opportunity ("EEO") employer, and as such, requires all Suppliers to comply with EEO regulations with regards to race, color, religion, sex, national origin, age, disability or genetic information, as may be applicable to Supplier. Any subcontracts entered into, as authorized by County, must make reference to this clause with the same degree of application being encouraged.

17. Assignment. Supplier may not assign, transfer, or subcontract PO or any right or obligation under it without County's written consent. Any purported assignment, transfer, or subcontract will be null and void.

18. Venue & Applicable Law. The laws of the State of Florida govern validity, enforcement, and interpretation of PO. The sole jurisdiction and venue for any legal action in connection with PO will be in the courts of Seminole County, Florida.

19. Fiscal Non-Funding. In the event sufficient budgeted funds are not available for payment to Supplier for a new fiscal period, County shall notify Supplier of such occurrence and PO will terminate on the last day of the current fiscal period without penalty or expense to County.

20. Public Records. Supplier acknowledges that PO and any related financial records, audits, reports, plans, correspondence and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Supplier shall maintain all public records and, upon request, provide a copy of requested records or allow records to be inspected within a reasonable time. Supplier shall also ensure that any public records that are exempt or confidential from disclosure are not disclosed except as authorized by law. In event Supplier fails to abide by provisions of Chapter 119, Florida Statutes, County may, without prejudice to any other right or remedy and after giving Supplier seven (7) days written notice, during which period Supplier still fails to allow access to such documents, terminate PO. **IF SUPPLIER HAS QUESTIONS REGARDING APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO SUPPLIER'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO PO, CONTACT CUSTODIAN OF PUBLIC RECORDS AT: 407-665-7116, PURCH@SEMINOLECOUNTYFL.GOV, PURCHASING AND CONTRACTS DIVISION, 1301 E. SECOND STREET, SANFORD, FL 32771.**

21. Right to Audit Records. County will be entitled to audit the books and records of Supplier to the extent that the books and records relate to this PO. Supplier must maintain books and records relating to this PO for a period of three (3) years from the date of final payment under the PO, unless the County authorizes otherwise in writing.

22. Severability. If any section, sentence, clause, phrase or portion of PO are, for any reason, held invalid or unconstitutional by any court of competent jurisdiction, such portion will be deemed separate, distinct, and independent and such holding will not affect validity of remaining portion of PO.

23. Headings & Captions. All headings and captions contained in PO are provided for convenience only, do not constitute a part of PO, and may not be used to define, describe, interpret or construe any provision of PO.

EXHIBIT "D"

Agreement Name: TERM CONTRACT FOR CONNECTED VEHICLE EQUIPMENT

Agreement Number: IFB-604689-23/LNF

AFFIDAVIT OF E-VERIFY REQUIREMENTS COMPLIANCE

The CONSULTANT/CONTRACTOR agrees to comply with section 448.095, Florida Statutes, and to incorporate in all subcontracts the obligation to comply with section 448.095, Florida Statutes.

1. The CONSULTANT/CONTRACTOR shall utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the CONSULTANT during the term of the Agreement and shall expressly require any subcontractors performing work or providing services pursuant to the Agreement to likewise utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the Agreement term.

2. The CONSULTANT/CONTRACTOR understands and agrees that its failure to comply with the verification requirements as set forth herein or its failure to ensure that all employees and subcontractors performing work under Agreement Number IFB-604689-23/LNF are legally authorized to work in the United States and the State of Florida constitute a breach of Agreement Number IFB-604689-23/LNF for which Seminole County may immediately terminate the Agreement without notice and without penalty. The CONSULTANT/CONTRACTOR further understands and agrees that in the event of such termination, the CONSULTANT/CONTRACTOR shall be liable to the county for any costs incurred by the County as a result of the CONSULTANT'S/CONTRACTOR'S breach.

Subject: Your policy exception has been approved.
Date: Thursday, December 18, 2025 7:09:41 AM

Your policy exception has been **approved**.

Approval Comments: drobinson@ocalafl.org
The department is approved to piggyback the contract awarded to Iteris, Inc., by Seminole County, Contract No. IFB-604689-23/LNF for the provision of BlueTOAD bluetooth travel time reading equipment through February 11, 2027. These services were competitively solicited by Seminole County under Invitation to Bid No. IFB-604689-23/LNF on November 26, 2023. Iteris, Inc., was the sole responsive vendor. The award was for a three year term through February 11, 2027 and offers two one-year renewal terms. Iteris, Inc., has agreed to extend pricing and services to the City of Ocala under the same terms and conditions as Contract No. IFB-604689-23/LNF. This pricing has been found to be fair and reasonable by Public Works staff. PLEASE ESTABLISH A MUNIS CONTRACT NUMBER AND ISSUE A REQUEST TO CONTRACTING SO THAT A FORMAL PIGGYBACK AGREEMENT CAN BE PREPARED. IF THE DEPARTMENT ANTICIPATES SPENDING MORE THAN $50,000 WITH THE VENDOR BEFORE THE EXPIRATION OF THE CONTRACT TERM (February 11, 2027), THEN THE CONTRACT NEEDS TO BE PLACED ON A COUNCIL AGENDA. PLEASE ENSURE THAT THIS EXCEPTION APPROVAL IS ATTACHED TO THE MUNIS CONTRACT, CONTRACT REQUEST, AND AGENDA ITEM (IF ANY).

Procurement/Contract/P-Card Exception

Select exception type:	Procurement
Reason for procurement exception:	Piggyback Request in Lieu of Bid
Enter a brief description of your exception request:	We have traffic signal devices called Velocity travel time readers that collect data and show real-time how a particular corridor's signal timing is currently performing, these Velocity devices are not in line with the latest technology and are no longer supported. Velocity has now been replaced with a device called Bluetoad Spectra with CV2X these are technologically advanced devices that also have a connected vehicle module which can provide real-time traffic information to vehicles equipped with connected vehicle devices or those who have the application to access it. I would like to piggyback the Seminole County contract to purchase the Bluetoad Spectra's this budget year and next budget year to replace the outdated Velocity units. I would be utilizing item #7 on the contract which will provide a Velocity trade-in discount of $1,060.00 per unit.

Presentation By: Darren Park

Department: Public Works

FORMAL TITLE:
Purchase and Sale Agreement for approximately 6.65 acres of real property located east of NW Martin Luther King, Jr. Ave., identified by Parcel ID: 25502-000-00, in an amount not to exceed $550,000

OCALA'S RELEVANT STRATEGIC GOALS:
Quality of Place

PROOF OF PUBLICATION:
N/A

BACKGROUND:
Parcel No. 25502-000-00 consists of approximately 6.65 acres (289,674+ square feet) of vacant land located east of NW Martin Luther King, Jr. Avenue, with easement access from the terminus of NW 18th Street (please refer to the attached Aerial and Case Maps). The property is currently owned by Stavola Investments LLC (Stavola).

Adjacent uses include vacant land to the north and west, city-owned property (William James Walking Trail) to the south, and the Railyard One property to the east. NW 18th Street extends east from NW Martin Luther King, Jr. Avenue as a two-lane paved interior street and then continues north and east as an unpaved dirt road towards the subject site. Although an aerial map provided by the Marion County Property Appraiser's Office indicates the right-of-way for SW 18th Street (50-feet wide) extends in an east/west direction from NW Martin Luther King, Jr. Avenue, the roadway physically begins within a city-owned property (Parcel ID No. 25489-000 -00) adjacent south of the aforementioned right-of-way. It then turns north to the right-of-way and continues east to another city-owned parcel (Parcel ID No. 25491-001-00) that provides easement access to the northwest corner of the subject property. NW Martin Luther King, Jr. Avenue is a connector that extends from NW 35th Street to SW 17th Street (SR 464).
Stavola used the property to reduce tree debris and storage.

FINDINGS AND CONCLUSIONS:

Using the Sales Comparison Approach and analyzing six comparable land sales and four listings, the appraiser determined market value of the property to be $80,000 per acre, or $530,000 as of January 29, 2026. The

appraisal considered multiple comparable land sales and concluded a value between statistical indicators, accounting for the subject's smaller size (economies of scale), more intensive industrial zoning classification, and somewhat inferior accessibility. Stavola Investments LLC is prepared to accept a purchase price of $550,000.

The property's zoning and surrounding industrial development support its highest and best use for industrial purposes. The City intends to utilize this vacant property as a temporary Disaster Debris Management Site (DDMS) for storm debris, a storage area for materials, and a potential future stormwater site.

Acquisition of this site enhances the City's emergency preparedness debris staging capacity, provides geographic flexibility for debris management operations following major storm events or natural disasters, provides operational flexibility, and future stormwater capacity. The City of Ocala owns the adjacent parcels to the east (Parcel No. 25502-002-00) and west (Parcel No. 25491-001-00). The site is surrounded by compatible industrial and city-owned uses and benefits from existing access through City-controlled parcels.

Staff recommends approval.

FISCAL IMPACT:

Funds will be transferred from the Stormwater Reserve for Contingencies account to purchase this parcel. The account has a balance of $9,950,973, and the purchase of this parcel for a temporary disaster debris site is an appropriate use of the project funding. An accompanying budget resolution is provided on this Council agenda.

PROCUREMENT REVIEW:

The Purchase and Sale Agreement was reviewed by the Procurement and Contracting Officer in compliance with City policy.

LEGAL REVIEW:

This Agreement will be reviewed and approved for form and legality by City Attorney, William E. Sexton.

AGREEMENT FOR PURCHASE AND SALE OF REAL PROPERTY

THIS AGREEMENT FOR PURCHASE AND SALE OF REAL PROPERTY is made and entered into this 25th day of February 2026 by and between the CITY OF OCALA, FLORIDA, a Florida municipal corporation, whose address is 110 S.E. Watula Avenue, Ocala, Florida 34471, hereinafter referred to as "BUYER," and STAVOLA INVESTMENTS LLC, Florida limited liability company, whose mailing address is PO BOX 8, ANTHONY, FL 32617-0008, hereinafter referred to as SELLER.

WITNESSETH:

WHEREAS, STAVOLA INVESTMENTS LLC is the owner of that certain parcel of real property located in the City of Ocala, Florida and Marion County, Florida and further identified by Marion County Property Appraiser Parcel Identification Number 25502-000-00; and

WHEREAS, the CITY OF OCALA, FLORIDA, Florida is interested in acquiring a portion of said parcel of real property and

WHEREAS, STAVOLA INVESTMENTS LLC, desires to sell said portion of said parcel of real property to the City of Ocala, Florida and

WHEREAS, the CITY OF OCALA finds that acquisition from STAVOLA INVESTMENTS LLC of parcel of real property and entry into this agreement is in the best interest of the City of Ocala, Florida and its citizens.

NOW THEREFORE, for and in consideration of the sum of TEN AND NO/100 DOLLARS ($10.00), the mutual promises contained herein and in exchange for the good and valuable consideration provided for herein, the receipt and sufficiency of which are hereby specifically acknowledged, the City of Ocala, Florida and STAVOLA INVESTMENTS LLC hereby agree as follows:

Section 1. Adoption and Incorporation of Recitals.

The recitals outlined above and herein are hereby adopted by BUYER and SELLER and are specifically incorporated herein as part of this agreement.

Section 2. Purpose and Authority for Agreement.

A. This agreement is entered into for the purpose of outlining the terms and conditions of the relationship between BUYER and SELLER with respect to the real estate purchase and sale transaction for a portion of the parcel of real property located in the City of Ocala, Marion County, Florida and further identified as by Marion County, Florida Property Appraiser Parcel Identification Number 25502-000-00.

B. This agreement is entered into pursuant to the authority provided by Chapters 689, 166 and 605, *Florida Statutes*, as well as other relevant provisions of Florida law.

Section 3. Purchase and Sale of Real Property.

BUYER agrees to buy from SELLER and SELLER agrees to sell to BUYER the entirety of SELLER's interest in that portion of that certain parcel of real property located in the City of Ocala, Marion County, Florida and more particularly described as follows:

See Exhibits "A" which is attached hereto and incorporated herein by reference.

Together with all improvements and structures located in and upon said parcel of real property.

Said parcel being a portion of the property being further described by Marion County, Florida Property Appraiser Parcel Identification Number 25502-000-00 and said parcel further being referred to herein as the PROPERTY.

Section 4. Purchase Price.

A. The purchase price for this transaction shall be FIVE HUNDRED FIFTY THOUSAND AND 00/100 U.S.DOLLARS ($550,000.00) due at the closing of this real estate purchase and sale transaction.

Section 5. Time for Acceptance and Contingencies.

A. This agreement is contingent and is not binding upon BUYER until ratified and accepted by the City Council of the City of Ocala, Florida, signed by its President, and attested to by its Clerk, within thirty (30) days of the execution of this agreement by SELLER.

B. If this agreement is not ratified and accepted by the City Council of the City of Ocala, Florida within said thirty (30) day period, this agreement shall be deemed rejected by BUYER and shall be of no further effect.

C. SELLER understands, acknowledges and agrees that the time for acceptance and contingencies contained within this provision cannot be waived by BUYER or any agent of BUYER.

Section 6. Closing of Real Estate Purchase and Sale Transaction.

A. Date of Closing.

The closing for this real estate purchase and sale transaction shall be held on a date selected by BUYER, provided however, that any such date is not more than ninety (90) days following BUYER's acceptance of this agreement in accordance with Section 5 above and herein.

B. Location of Closing.

The closing for this real estate purchase and sale transaction shall be held at the City of Ocala, Florida, Growth Management Department which is located at 208 S.E. 3rd Street, Ocala, Florida 34471, unless otherwise agreed to between the Parties, or may be accomplished via wire transfer of funds and electronic mail of executed documents, to be followed by original documents.

C. Selection of Closing Agent(s).

BUYER may select the closing agent to close this real estate purchase and sale transaction and disburse the proceeds from this transaction.

D. Documents and Payments at the Closing.

At the closing for this transaction:

i. SELLER shall execute and deliver to BUYER a special warranty deed, in a form to be agreed upon during the Feasibility Study Period, transferring the complete and entire interest of SELLER in the afore described real property, subject to the (i) ad valorem taxes for the year of the closing and all subsequent years, (ii) all matters affecting title to the PROPERTY as shown on the Survey or which would be shown on a current and accurate survey of the PROPERTY (including any encroachments), (iii) all easements, covenants, restrictions, and conditions of record, and each Permitted Exception, and rights-of-way of public and private streets and roads, (iv) all easements, restrictions, and rights-of-way as may be apparent from an inspection of the PROPERTY, and (v) all zoning, subdivision, land use, and other laws, regulations, or ordinances applicable to the PROPERTY; together with and any other applicable or necessary corrective instruments;

ii. SELLER shall execute and deliver an affidavit attesting to the absence of any liens, parties in possession, or other claims;

iii. BUYER shall furnish to SELLER a completed closing statement and the entire cash purchase price as identified and outlined in Section 4 above and herein;

iv. BUYER and SELLER shall execute and deliver any other documents reasonably required by the closing agent in order to complete this transaction in accordance with the terms of this agreement.

Section 7. Title; Obligations of Seller.

A. BUYER shall obtain, at BUYER's expense, a title insurance commitment for the PROPERTY, issued by a nationally recognized title insurer (the "Commitment").

B. BUYER may obtain a survey of the PROPERTY (the "Survey"), at BUYER's expense. To the extent that BUYER elects to obtain the Survey, BUYER must obtain and provide to Seller a copy of same no later than the Title Objection Deadline, as defined in Section 9.C. BUYER hereby acknowledges and agrees that in the event BUYER does not elect to obtain the Survey or fails to deliver its objections to the Survey to SELLER by the Title Objection Deadline, any standard survey exception shown in the Commitment shall not be deleted and shall appear on the owner's policy of title insurance.

C. If the Commitment or the Survey contains exceptions to title which are not acceptable to BUYER, then BUYER shall notify SELLER of any and all objections to same (each, a "Title Defect" and collectively, the "Title Defects") in writing (the "Notice of Title Defect") no later than sixty (60) days after the Effective Date, as defined in Section 18 (the "Title Objection Deadline"). The Notice of Title Defect shall be accompanied by copies of the Commitment and all documents referenced therein. Any matter reflected in the Commitment or the Survey (or in the event BUYER elects not to obtain a Survey, then any matter which would have been disclosed in the Survey) to which BUYER does not object by the Title Objection Deadline shall be deemed acceptable and shall thereafter be deemed a "Permitted Exception." SELLER shall have a period of five (5) business days after SELLER's receipt of the Notice of Title Defect (the "Response Period") to notify BUYER which, if any, of the Title Defects SELLER elects to cure (the "Seller's Response"). If SELLER does not timely provide the Seller's Response, SELLER shall be deemed to have elected not to cure any of the Title Defects. If BUYER is dissatisfied with the Seller's Response (or lack thereof), BUYER may, as its sole and exclusive remedy, either: (a) terminate this agreement by delivering notice of such intent to SELLER within five (5) days after the expiration of the Response Period, in which event neither Party shall have any further rights or obligations hereunder, except for those matters that expressly survive termination of this agreement or (b) proceed to the closing, and the Title Defects SELLER elected (or was deemed to have elected) not to cure shall each be deemed a Permitted Exception. If BUYER does not terminate this agreement as set forth in the preceding sentence, BUYER shall be deemed to have elected to accept title to the PROPERTY pursuant to clause (b) above. If SELLER elects to cure one or more of the Title Defects, then SELLER shall have a period to cure such Title Defects up to and including the later of (i) the forty-fifth (45th) day after SELLER's receipt of the Notice of Title Defect and (ii) the Closing (the "Cure Period"), and if needed, the Closing shall be delayed by SELLER until such cure has been completed or until SELLER elects to discontinue any such efforts to cure such Title Defects. If SELLER cures such Title Defects within the Cure Period, then SELLER shall deliver written notice to BUYER with proof of cure reasonably acceptable to BUYER, and title to the PROPERTY shall be deemed accepted by BUYER for purposes of this agreement. If SELLER elects not to cure, or is unable to

cure, the Title Defects within the Cure Period, then, as its sole and exclusive remedy, BUYER may (x) terminate this agreement by delivering notice of such intent to SELLER within five (5) days after expiration of the Cure Period, in which event neither Party shall have any further rights or obligations hereunder, except for those matters that expressly survive termination of this agreement or (i) proceed to the Closing, and the uncured Title Defects shall each be deemed a Permitted Exception. If BUYER does not terminate this agreement as set forth in the preceding sentence, BUYER shall be deemed to have elected to accept title to the PROPERTY pursuant to (ii) above. BUYER shall also have the right to object to any exception of title placed of record or on the PROPERTY permitted by SELLER subsequent to the effective date of the Commitment and/or the Survey, by notifying SELLER in writing no later than three (3) days after BUYER has knowledge of such new matter, and the foregoing procedure set forth in Section 9.C. above shall apply.

Section 8. Conduct of Feasibility Study.

A. BUYER may, during the period commencing on the Effective Date and concluding Ninety (90)days after the Effective Date (the "Feasibility Study Period"), determine whether the PROPERTY is suitable, in BUYER's sole, exclusive and absolute discretion, for BUYER's use.

B. BUYER, at their sole, exclusive and absolute discretion, may conduct a "Phase I" environmental assessment and any other tests, analyses, surveys and investigations ("Inspections") that BUYER deems necessary to determine, to BUYER's satisfaction, the PROPERTY's engineering, architectural and environmental properties; zoning and land use restrictions; subdivision status; soil and grade; availability of access to public roads, water and other utilities; consistency with local, state and regional growth management plans; availability of permits, governmental approvals and licenses; and other inspections that BUYER deems appropriate to determine the suitability of the PROPERTY for BUYER's intended use. BUYER shall not perform any Phase II environmental testing or any invasive testing of the PROPERTY without prior written consent of SELLER .

C. In the event that the PROPERTY must be rezoned or other governmental approval given to permit the use of the PROPERTY for BUYER's purposes, SELLER agrees to execute all documents BUYER may be required to file in connection with development or rezoning approvals and SELLER shall further cooperate with BUYER in obtaining such approvals but shall not be required to incur any expense or liability in the application process or related proceedings or execute any documents that will be binding on SELLER or the PROPERTY in the event this Agreement is terminated.

D. SELLER specifically gives BUYER, its agents and other representatives, the right to enter the PROPERTY at any time during the Feasibility Study Period for the purpose of conducting Inspections. BUYER shall (i) cause any consultant or vendor entering the PROPERTY to carry liability insurance in the minimum amount required by the County and to include SELLER as an additional insured on such insurance policies, and (ii) provide evidence of such insurance to SELLER.

E. SELLER shall fully cooperate with BUYER and its agents, representatives and other professionals in connection with the foregoing.

F. Upon completion of any of the Inspections, BUYER shall restore any damage or disturbance to the PROPERTY caused by such Inspections. BUYER hereby indemnifies, defends, and holds SELLER and its shareholders, officers, employees, agents, members, guests, and other invitees harmless from and against all injury or death to persons, damage (including consequential, punitive, and special damage), loss, cost, expense, or liability including, but not limited to, attorneys' fees and court costs through appeal, arising, directly or indirectly, out of the acts or omissions of BUYER, its agents, employees, invitees, or contractors, on the PROPERTY, including those arising out of the Inspections.

G. Prior to the expiration of the Feasibility Study Period, BUYER shall deliver written notice to SELLER if BUYER determines that the PROPERTY is not acceptable, in which event this Agreement shall be deemed canceled and of no further effect.

Section 9. Prorations of Required Payments.

A. Taxes, assessments, interest, insurance, and other expenses and revenue of the PROPERTY shall be prorated through the date of the closing.

B. Cash at closing shall be increased or decreased as may be required by prorations.

C. If closing occurs at a date or under circumstances where the current year's millage is not yet fixed, or the current year's assessments are otherwise unavailable, taxes will be prorated based on prior year's tax.

D. A tax proration based upon an estimate shall, at request of either party, be readjusted upon receipt of a tax bill if a statement to that effect is signed at closing.

Section 10. Risk of Loss.

In the event that the subject property is damaged by fire or other casualty before the closing for this transaction, BUYER shall have the option of either (A) taking the subject property as is, together with any insurance proceeds payable by virtue of such loss or damage; or (B) cancelling this agreement.

Section 11. Allocation of Expenses.

BUYER shall pay for all title insurance, all fees of the closing agent selected by BUYER, and for the recording of the aforementioned deed and SELLER shall pay all costs necessary to cure or satisfy any title defects, liens or encumbrances and the cost(s) of recording any corrective instruments.

Section 12. Disclosure of Brokerage Commissions.

SELLER represents that it has not listed the PROPERTY or its interest in said property with any real estate broker. SELLER and BUYER each represent to the other that no real estate brokers, salespersons, agents, or finder fees are involved in this transaction, and each party agrees to indemnify and hold harmless the

other party from and against any claims by real estate brokers or other persons claiming by, through or under them.

Section 13. Additional Terms of Agreement.
N/A.

Section 14. Acknowledgement that Time is of the Essence.

SELLER and BUYER understand, acknowledge and agree that time is of the essence with respect to this transaction and to each and every provision of this agreement which requires action to be taken by either party hereto, regardless of whether said provisions provide a stated time period or specified date.

Section 15. Limitation on Liability and No Waiver of Sovereign Immunity.

Nothing contained in this agreement is intended to waive sovereign immunity by the City of Ocala, Florida to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Section 768.28, *Florida Statutes*. This term shall survive the termination of all performance or obligations under this agreement and shall be fully binding until any proceeding brought under this agreement is barred by any applicable statute of limitations.

Section 16. Allocation of Attorney's Fees and Costs.

In the event of legal conflict regarding this agreement up to and including litigation, the prevailing party shall be entitled to recover all expenses and costs incurred, including court costs, reasonable attorney's fees, paralegal, investigative and any other paraprofessional fees, whether incurred at the trial phase, appellate phase, post-judgement phase or in any related bankruptcy proceeding.

Section 17. Entirety of Agreement.

This agreement, together with any and all exhibits and other attachments hereto, constitutes the entire agreement between BUYER and SELLER regarding this real estate purchase and sale transaction and there are no other covenants, agreements, promises terms, provisions, conditions, undertakings or understandings, either oral or written, between them concerning this real estate purchase and sale transaction other than those set forth herein.

Section 18. Amendments to Agreement.

This agreement may not be amended, changed or otherwise modified unless such change(s), amendment(s) or modification(s) are in the form of a written amendment executed by both BUYER and SELLER.

Section 19. Effective Date of Agreement.

This agreement shall be effective on the date executed by both BUYER and SELLER.

Section 20. Default; Cure Period.

In the event of any default by SELLER, BUYER, as its sole and exclusive remedy, shall have the right to either: (a) terminate this Agreement a or (b) seek specific performance of this Agreement, provided, that such litigation seeking specific performance against SELLER is filed by BUYER not later than forty-five (45) days after the date of such default and further, provided, that such specific performance remedy shall be available to BUYER only upon BUYER's full satisfaction of each of BUYER's obligations under this Agreement, including, without limitation, BUYER's obligation to deliver sufficient proof to SELLER that BUYER is ready, willing, and able to close this transaction. BUYER shall take no action with respect to a SELLER's Default, and SELLER shall take no action with respect to a BUYER's Default, until the non-defaulting Party has given written notice to the defaulting Party and the defaulting Party has failed to cure the default for a period of ten (10) days after receipt of such notice ("Cure Period"). Notwithstanding the foregoing, there shall be no allowance for any notice or any Cure Period in connection with BUYER's failure to close on the closing date.

Section 21. Notices. All notices required or desired to be given under this Agreement shall be in writing and either: (a) hand-delivered, (b) sent by certified mail, return receipt requested, (c) sent via FedEx or similar overnight service, or (d) sent via electronic mail, so long as notice is also provided through either method (a), (b), or (c) as herein described. All notices shall be addressed to the Party being noticed, and shall be deemed to have been given (i) when delivered, if by hand delivery, (ii) three (3) business days after deposit in a U.S. Post Office or official letter box, if sent by certified mail, (iii) one (1) business day after timely deposited in a FedEx or similar overnight service depository, or (iv) upon confirmation of receipt by sender if sent via electronic mail. All notices shall be delivered or sent prepaid for the specified service by the Party giving notice, and shall be addressed as follows:

Section 22. Survival.

Unless otherwise provided for in this Agreement, all terms and provisions of this Agreement shall not survive the Closing or earlier termination of this Agreement.

Section 23. Counterparts.

This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same Agreement. To facilitate execution and delivery of this Agreement, the Parties may execute and exchange executed counterparts by e-mail in a PDF file to the other Party or to the other Party's counsel. Signatures in a PDF file shall have the same legal effect as original signatures.

Re: 6.65 Acres of Vacant Land; East of NW Martin Luther King, Jr. Avenue, Ocala, Marion County, Florida

Dear Mr. Switt:

As requested, I have prepared an appraisal report for the subject property that is identified as approximately 6.65 acres (289,674 SF) of vacant land located east of NW Martin Luther King, Jr. Avenue in Ocala, Marion County, Florida. It is further identified as Parcel No. 25502-000-00 and includes easement access from the terminus of NW 18th Street.

This appraisal report includes summarized studies of relevant factual data necessary to arrive at the market value estimate of the fee simple interest of the subject property, as of the effective date of valuation indicated herein. The following report provides the legal description and summarized descriptions of the subject's market area (region and neighborhood), site, and any improvements, as well as all market analyses required for the conclusion of market value.

The subject property was most recently inspected and photographed on January 29, 2026, which corresponds with the effective date of valuation. The purpose of the inspection was to study the physical characteristics of the subject property and its interrelationship with surrounding economic influences. As well, attention has been given to other factors that may impact the market value of the subject property within its region and neighborhood.

This appraisal report and its contents were prepared according to appraisal standards and reporting guidelines provided by the Uniform Standards of Professional Appraisal Practice (USPAP) adopted by the Appraisal Standards Board of the Appraisal Foundation, and the Appraisal Institute. The intended use of this appraisal is to determine market value for potential acquisition purposes. The client and intended user of this appraisal is the City of Ocala. I have not provided any services regarding the subject property within the prior three years, as an appraiser or in any other capacity.

The conclusion of market value is not subject to any additional extraordinary assumptions or hypothetical conditions except as stated within the Assumptions and Limiting Conditions section of this appraisal report.

Based upon the market analyses presented within this appraisal report, as well as my investigations and studies, it is my opinion the market value estimate of the fee simple interest of the subject property, as of January 29, 2026, was:

ESTIMATE OF MARKET VALUE **As Is, As of January 29, 2026**	**$530,000**

The following report presents all of the relevant factual data that resulted in the estimate of market value for the subject property.

Respectfully submitted,

Gibboney & Associates

Nathan R. Gibboney, MAI
State-Certified General Real Estate Appraiser

Effective Date of Value: January 29, 2026

Date of Report: February 2, 2026

Identification of the Property

Approximately 6.65 acres (289,674 SF) of vacant land located east of NW Martin Luther King, Jr. Avenue in Ocala, Marion County, Florida

Site Data

Size:	289,674 SF; 6.65 AC
Zoning:	M-3, Heavy Industrial
Future Land Use:	Medium Intensity/Special District
Characteristics:	Slightly irregular-shaped site; grassy characteristics with minimal tree cover; highest elevations in the central portion of the site with a gradual downward slope to the north, south, east, and west; the property includes earthen berms and debris piles along the south and east boundaries; interior lot configuration with easement access from the terminus of NW 18th Street, which is accessible from NW Martin Luther King, Jr. Avenue; situated level with road grade; CSX Railroad (Florida Northern Railroad) right-of-way along the east boundary
Flood Zone:	Zone X (FEMA Panel No. 12083C 0509 E; dated April 19, 2017)

Improvements: The property includes sections of older fencing along the south and east boundaries that provide no contributory value

Highest and Best Use

Industrial development

Approach to Value

Sales Comparison Approach 6.65 AC @ $80,000/AC, rounded	$530,000

Reconciled Market Value Estimate

ESTIMATE OF MARKET VALUE **As Is, As of January 29, 2026**	**$530,000**

All appraisals begin by identifying the appraisal problem. Data concerning the subject property is determined from various sources including, but not limited to, the property owner, various governmental agencies, surveys and building plans, and engineering studies/reports. When possible, more than one source is utilized to confirm data, and within the report the source is identified. Should plans or a building sketch be available, the measurements are confirmed for accuracy. Land size is based on surveys, public records, and/or recorded plats. Descriptions of improvements are based on visual inspection and/or plans. The age of the improvements is based on public records or discussions with knowledgeable parties.

For each assignment, all approaches to value are considered. These include the Cost Approach, Sales Comparison Approach, and Income Capitalization Approach. However, depending on the property being appraised, not all approaches may be applicable. Comparable sales and rentals are inspected by the appraisers and the sale prices and lease information are confirmed with a party to the transaction (buyer, seller, real estate Broker, or closing attorney) or through public records. Research of comparable sales and rentals include, but are not limited to, data sources such as Multiple Listing Service, Marion County Property Appraiser, CoStar, Loopnet, local Brokers, Realtors, and property managers, as well as peers within the real estate appraisal profession.

The scope of work for this appraisal assignment includes physical inspection of the subject property and the surrounding influences of the region and neighborhood. The highest and best use of the subject property, as vacant, must then be determined acknowledging legal permissibility, physical possibility, financial feasibility, and maximum productivity. Next, the market must be researched for comparable land sales for comparison to the subject. As a result, the market identified for analysis purposes and ultimate conclusion of value herein included the current and competitive open market using vacant industrial land sales and other land sales similarly influenced as the subject property. The data is then analyzed as it relates to the subject property and an estimate of market value of the fee simple interest is concluded, as of the effective date of valuation, from the range of value indicators. Finally, an appraisal report is prepared that summarizes the analyses and conclusions of the appraiser. The subject property is comprised of vacant land and only the Sales Comparison Approach to value will be included in this report.

The value conclusion presented herein excludes the value of personal property including furnishings, fixtures, and equipment (F, F & E), as well as business inventory. As well, the valuation process excludes goodwill of the business, intangible, and/or going concern value. The conclusion of value is limited strictly to real estate; that is, land and any improvements that are identified within this report.

The scope of work for this assignment has been described above and is considered acceptable for this appraisal assignment. The analyses, opinions, and conclusions of this appraisal report have been prepared in accordance with accepted appraisal practices and procedures provided by USPAP, FIRREA, and the Appraisal Institute.

PURPOSE OF THE APPRAISAL

The purpose of this appraisal is to estimate the market value of the fee simple interest of subject property identified herein, as of the effective date of valuation.

INTENDED USE OF APPRAISAL AND INTENDED USER

The intended use of this appraisal is to determine market value for potential acquisition purposes. The intended user of this appraisal is the City of Ocala. I have not provided any services regarding the subject property within the prior three years, as an appraiser or in any other capacity.

PROPERTY RIGHTS APPRAISED

The value conclusion presented herein acknowledges the fee simple interest of the subject property.

Fee Simple Interest

Fee simple interest is defined as absolute ownership unencumbered by any other interest or estate. A person who owns all of the property rights is said to have fee simple title, subject only to the limitations of eminent domain, escheat, police power, and taxation.

APPRAISAL DATES

The effective dates of this appraisal are as follows.

Date of Inspection:	January 29, 2026
Effective Date of Value:	January 29, 2026
Date of Report:	February 2, 2026

DEFINITION OF VALUE

The following definition was compiled from the ***Code of Federal Regulations, Title 12, Chapter I, Part 34.42[g]*** and ***The Dictionary of Real Estate Appraisal,* Sixth Edition**, published by the Appraisal Institute.

Market Value

Market value is defined as the most probable price that a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and

seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and passing of title from seller to buyer under conditions whereby:

- buyer and seller are typically motivated;
- both parties are well informed or well advised, and acting in what they consider their best interests;
- a reasonable time is allowed for exposure in the open market;
- payment is made in terms of cash in United States dollars or in terms of financial arrangements comparable thereto; and,
- the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

IDENTIFICATION OF THE PROPERTY

The subject property of this appraisal is identified as approximately 6.65 acres (289,674 SF) of vacant land located east of NW Martin Luther King, Jr. Avenue in Ocala, Marion County, Florida. It is further identified as Parcel No. 25502-000-00 and includes easement access from the terminus of NW 18th Street.

LEGAL DESCRIPTION

The complete legal description for the subject property is located in the Addenda of this report.

PROPERTY OWNERSHIP

As of the effective date of valuation, fee simple ownership of the subject property is identified as:

Stavola Investments, LLC
Post Office Box 8
Anthony, Florida 32617-0008

HISTORY OF THE PROPERTY

Sales History

The subject property has been in its present ownership for at least the past three years. In addition, the subject is not currently listed for sale. However, the client provided a preliminary Agreement For Purchase and Sale of Real Property between the City of Ocala, Florida (buyer) and the owner of record (seller). The preliminary contract includes a purchase price of $550,000, or $82,707/AC. The prospective purchase price is within the range of the comparable land sales studied and will not be discussed further. No other information was provided to the appraiser.

Rental Data

The subject includes vacant land and no lease agreements were provided to the appraiser.

TAXES AND ASSESSMENTS

The subject property is included in the 2025 Marion County Property Assessment Roll as Parcel No. 25502-000-00. The total just value in 2025 was $146,488 and the total assessed

value in 2025 was $89,021. The 2025 combined tax liability and assessments for the subject were $1,944.42. Based on information provided by the Marion County Tax Collector's Office, real estate taxes have not been paid for 2025. However, there are no past due taxes from previous years.

ZONING AND LAND USE PLANS

According to the City of Ocala Land Development Regulations and Comprehensive Plan, the subject property include the following classifications.

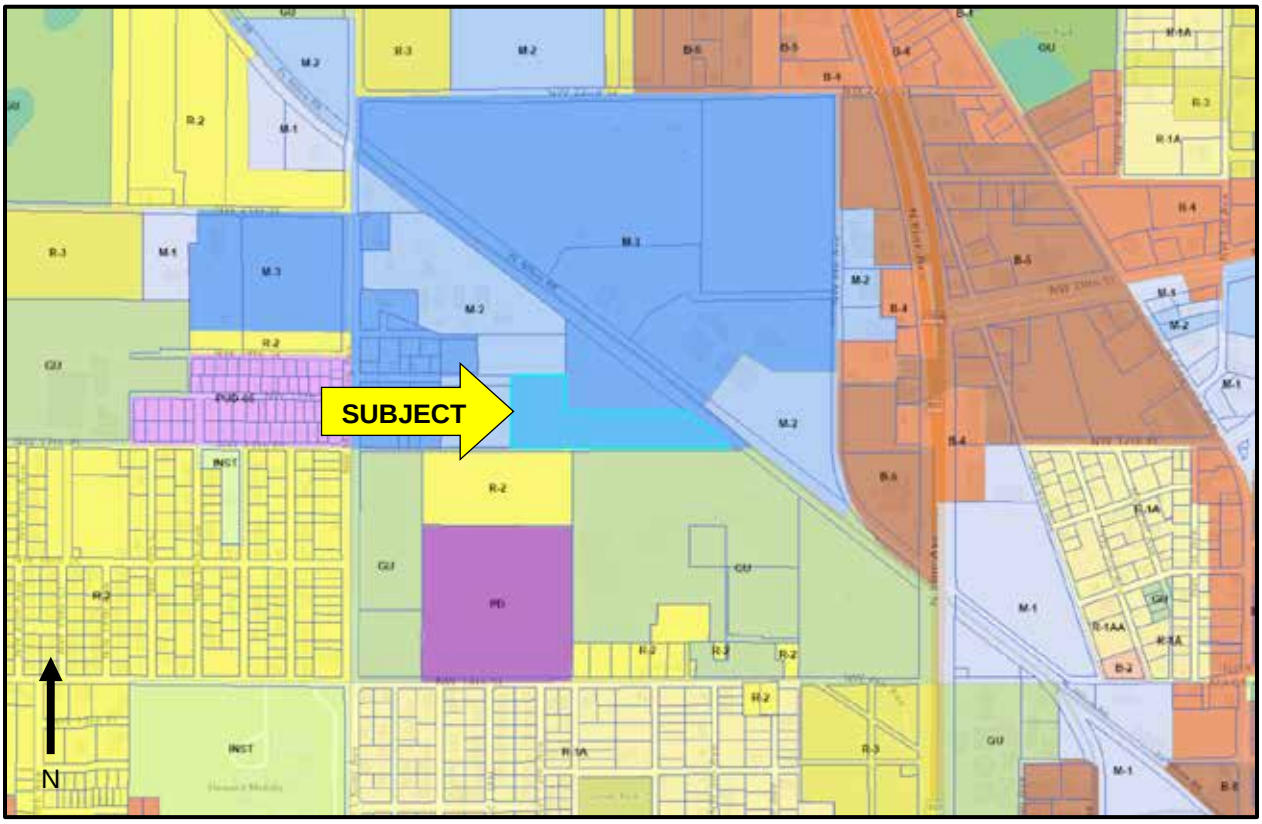
Zoning

M-3, Heavy Industrial

The Heavy Industrial (M-3) district is intended primarily for those heavy manufacturing and processing activities, which create undesirable effects that are not properly associated with residential or commercial areas. Outdoor manufacturing activities and storage associated with permitted uses may be allowed in the M-3 district. Service and commercial establishments, as well as showroom and outdoor sales, are not permitted in this district.

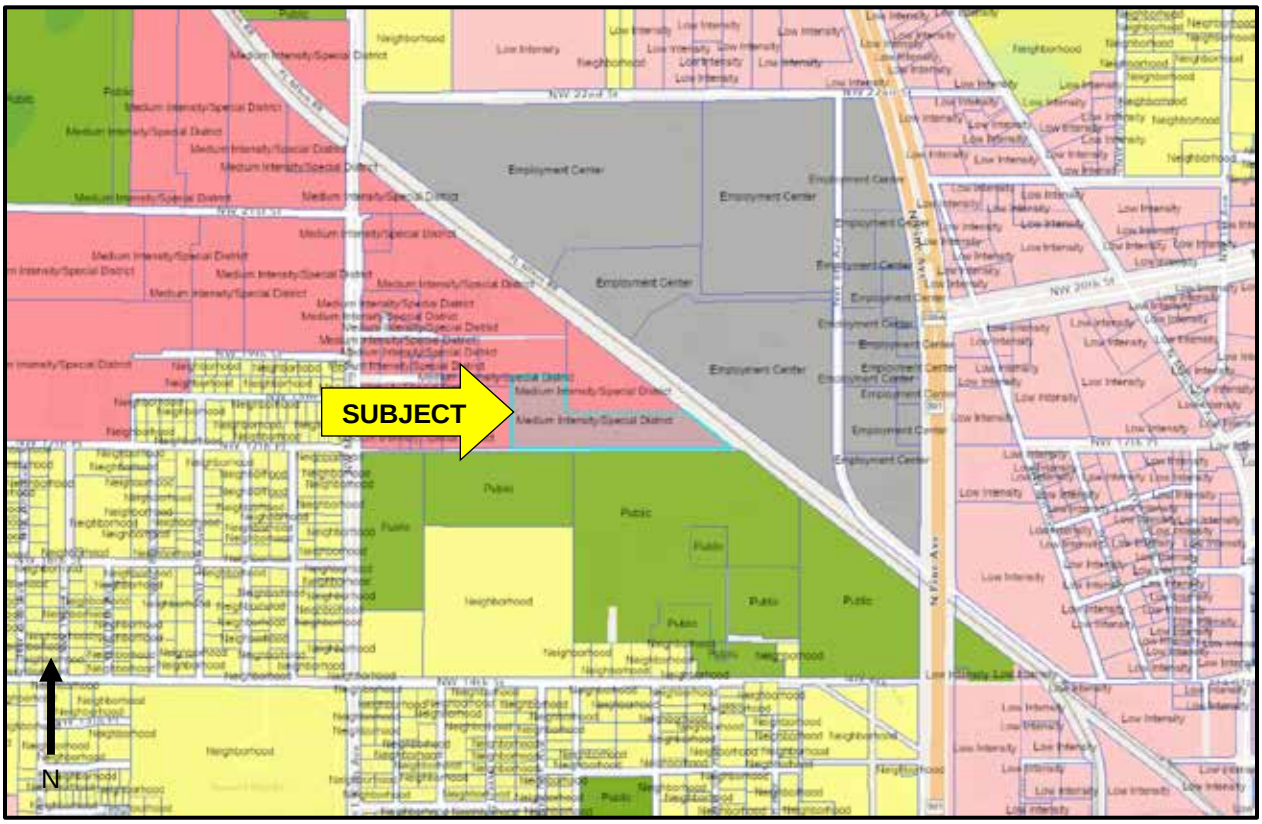
The following uses are permitted without exception in the Heavy Industrial (M-3) district: construction service establishment; parking lot; professional and business office; construction and demolition landfill; materials recovery facility; assembly of electronic components; manufacturing, light; recreational vehicle and boat outdoor storage; recycling center; research and testing laboratory; warehouse; and, wholesale and distribution. Outdoor storage is permitted as an accessory use. Residential, retail, agricultural, eating or drinking establishment, hospitality and tourism, personal service, vehicular service, education/recreation/social uses, public uses, and health care uses are not permitted.

The minimum lot size is 44,000 SF and the minimum lot width is 200 feet. The maximum building height is 150 feet. There are no minimum building setbacks.



Future Land Use

According to the City of Ocala Comprehensive Plan, the subject property is located within the **Medium Intensity/Special District** future land use classification. The intent of this category is to identify neighborhood- and community-serving activity centers, generally represented as "Medium Low" or "Medium High" on the Ocala 2035 Vision. The Medium Intensity/Special District category encourages developments with two or more uses. Permitted uses include residential, office, commercial, public, recreation, institutional, light industrial, and educational facilities. This future land use category is characterized by buildings that are one to four stories in height. The use of Best Practices Design Guidelines is required in this land use category, with the form of buildings and development regulated by the Form Based Code. Buildings are to have moderate build-to-lines from the street and public right-of-way. Parking may occur on-street or in the



moderate build-to-line of buildings, though rear and side yard parking is encouraged. Shade for pedestrians should be provided through landscaping and/or building design. Open space should consist of large neighborhood and community parks. To promote a walkable urban form, the minimum density allowed is five units per gross acre. The maximum density (before incentives) is 30 units per gross acre. The Medium Intensity/Special District category encourages a typical floor area ratio (FAR) range of .15 to 4.0. Increased density and intensity incentives may be approved for inclusion of workforce housing, green building and sustainable design standards, setting aside right-of-way for trails, employment-generating uses, exemplary urban design, or other benefits to the City as specified in the Land Development Code. The location and application of incentives are set forth in the Land Development Code.

Based on the current zoning and future land use classifications, the conclusion of highest and best use for some form of industrial development is permissible on the subject property.

ZONING MAP

FUTURE LAND USE MAP

According to information from the Marion County Property Appraiser's Office, the subject site includes approximately 289,674 SF, or 6.65 acres. The subject is situated east of NW Martin Luther King, Jr. Avenue with easement access from the terminus of NW 18th Street. The slightly irregular-shaped site has grassy characteristics with minimal tree cover. The highest elevations were noted in the central portion of the site with a gradual downward slope to the north, south, east, and west. It should be noted the property has earthen berms and debris piles along the south and east boundaries. The subject includes an interior lot configuration with easement access from the terminus of NW 18th Street, which is accessible from NW Martin Luther King, Jr. Avenue. The property is situated level with road grade. The CSX Railroad (Florida Northern Railroad) right-of-way is situated along the east boundary.

The subject property includes sections of post and wire and chainlink fencing along the south and east boundaries. The fencing is older and in poor condition and provides no contributory value.

Adjacent uses include vacant land to the north and west, City-owned property (William James Walking Trail) to the south, and the Railyard One property to the east. NW 18th Street extends east from NW Martin Luther King, Jr. Avenue as a two-lane paved interior street and then continues north and east as an unpaved dirt road towards the subject site. Although an aerial map provided by the Marion County Property Appraiser's Office indicates the right-of-way for SW 18th Street (50-feet wide) extends in an east/west direction from NW Martin Luther King, Jr. Avenue, the roadway physically begins within a City-owned property (Parcel No. 25489-000-00) adjacent south of the aforementioned right-of-way. It then turns north to the right-of-way and continues east to another City-owned parcel (Parcel No. 25491-001-00) that provides easement access to the northwest corner of the subject property. NW Martin Luther King, Jr. Avenue is a connector that extends from NW 35th Street to SW 17th Street (SR 464) and includes four asphalt-paved lanes, concrete and landscaped median, center turn-lane to NW 18th Street, concrete curbs and gutters, concrete sidewalks, overhead electric service, and streetlights. Based on information provided by the Florida Department of Transportation (FDOT), the annual average daily traffic (AADT) data along NW Martin Luther King, Jr. Avenue (NW 10th Street to NW Gainesville Road) in 2024 was a total of 7,400 trips.

The subject property includes water, sewer, and electricity provided by the City of Ocala. According to FEMA Flood Insurance Rate Map Panel No. 12083C 0509 E, dated April 19, 2017, the subject site is located in Zone X, an area of 0.2% annual flood chance or of 1% annual chance flood with average depths of less than one foot or with drainage areas less than one square mile. Based on a National Wetlands Inventory Map provided by the U.S. Fish and Wildlife Service, the subject property does not include any wetlands.

FLOOD INSURANCE RATE MAP

As was previously discussed, the subject property is identified as approximately 6.65 acres (289,674 SF) of vacant land located east of NW Martin Luther King, Jr. Avenue in Ocala, Marion County, Florida. It is further identified as Parcel No. 25502-000-00 and includes easement access from the terminus of NW 18th Street. Please refer to the Site Description and Analysis section of this report for descriptions of the subject site and any improvements.

Based on my comparison of the subject with other vacant sites in the market area, the physical characteristics are typical of similar properties. The slightly irregular-shaped site includes grassy characteristics with minimal tree cover, highest elevations in the central portion of the site, and a gradual downward slope to the north, south, east, and west. The property has earthen berms and debris piles along the south and east boundaries. It includes an interior lot configuration with easement access from the terminus of NW 18th Street, which is accessible from NW Martin Luther King, Jr. Avenue. The CSX Railroad (Florida Northern Railroad) right-of-way is situated along the east boundary. These characteristics are conducive to development that would benefit from the location just removed from NW Martin Luther King, Jr. Avenue. As a result, this analysis indicates the subject is overall comparable to other vacant properties in the area.

As previously discussed in the Zoning and Land Use Plans section of this report, the subject is zoned M-3, Heavy Industrial with a Medium Intensity/Special District future land use classification. The M-3 district is intended primarily for those heavy manufacturing and processing activities that create undesirable effects not properly associated with residential or commercial areas. Outdoor manufacturing activities and storage associated with permitted uses may be allowed in the M-3 district. Service and commercial establishments, as well as showroom and outdoor sales, are not permitted in this district. In addition, residential, retail, agricultural, eating or drinking establishment, hospitality and tourism, personal service, vehicular service, education/recreation/social uses, public uses, and health care uses are not permitted. Due to the location removed from NW Martin Luther King, Jr. Avenue and within a neighborhood that is largely comprised of commercial and industrial properties, some form of industrial development is appropriate.

A review of the City of Ocala Future Land Use Maps shows the subject's location in relationship with surrounding land uses. The zoning and future land use patterns are consistent with planning policies, and adjacent land uses in the area are complementary. As a result, there are no probable zoning or future land use amendments for the subject. Please refer to the Zoning and Land Use Plans section for more detailed discussion of the public regulations governing the subject property.

A neighborhood has been defined as a grouping of complimentary land uses affected in a similar manner by the following forces: social, economic, governmental, and environmental, which affect all property values. In addition to physical boundaries, neighborhood boundaries can be further identified by perceptible changes in such characteristics as degree of similarity in land use, type of structure, architectural style, and

maintenance. Its surrounding community or metropolitan area influences every neighborhood.

The general neighborhood that has the greatest impact upon the highest and best use of the subject property is described as the land area lying east of I-75, south of NW 35th Street, north of US Highway 27, and west of US Highway 301/441 in northwest Ocala. Much of the neighborhood is zoned industrial and is utilized for a variety of industrial purposes. Although industrial utilization is the most predominant use found in the subject neighborhood, other land uses also exist. This is evidenced by residential uses that are scattered throughout the neighborhood, but away from the major thoroughfares. Other significant land uses include commercial properties situated along NW 27th Avenue, US Highway 301/441, and US Highway 27. These uses are most prevalent at the US Highway 27 interchange with I-75.

According to information provided by CoStar, the 2024 population estimate within five miles of the subject property was 88,962 persons, which represents a 3.54% increase over 2020 levels. This is expected to increase to 103,829 persons in 2029. The average household size is 2.30 persons and 56.66% of the homes are owner-occupied. The median age within a five-mile radius of the subject is 40.90 years and the unemployment rate of 1.66% is below the Ocala/Marion County and State averages of 6.3% and 4.2%, respectively (United States Department of Labor, Bureau of Labor Statistics, November 2025). The average household income in the area is $74,644 and the median household income is $51,116. The median home value within five miles of the subject property is $190,405 and the median year built is 1983. Lastly, a slight majority of the homes in the immediate area are valued between $100,000 and $200,000 (32.01%), while 27.02% of the homes are valued between $200,000 and $300,000 and 21.06% of the homes are valued at less than $100,000.

The industrial complexion of the subject neighborhood is due primarily to the proximity of the three I-75 interchanges of west Ocala. The subject neighborhood accesses I-75 via US Highway 27, while the SR 40 interchange is located about 1½ miles to the south and the SR 200 interchange is approximately four miles to the south. In addition to favorable distribution routes available to the subject neighborhood, other amenities include rail access, a full complement of City utilities, and the Ocala International Airport, which is located at the southwest corner of the signalized intersection of SR 40 and SW 60th Avenue.

The Florida Department of Transportation (FDOT) also plans to construct a new Diverging Diamond Interchange (DDI) in the area of I-75 and NW 49th Street. This interchange will improve interstate and regional mobility within Marion County, accommodate future traffic growth, and provide relief to existing surrounding interchanges. The DDI design was chosen because it has proven to enhance efficiency and increase safety by eliminating left turns across oncoming traffic. Construction of the interchange is funded for 2025 and the total costs including design, right-of-way-acquisition, and construction are $100,500,000. This interchange will be located approximately 3½ miles northwest of the subject and construction is expected to commence in 2025. Buc-ee's acquired a 34.47-acre

site at the southeast pin of the proposed I-75/NW 49th Street interchange. It is proposed to be the largest Buc-ee's in Florida at 80,000 SF with 120 fuel pumps and 750 parking spaces. Other properties near the proposed interchange have been purchased in the past few years with plans for additional commercial and industrial development. This interchange will connect to NW 35th Street within the Ocala-Marion County Commerce Park. The roadway is part of a road widening project that is planned to extend east to SR 40 in Silver Springs. It has currently been completed between NW 35th Avenue Road and W. Anthony Road, which has resulted in increased industrial development in the area.

The Ocala-Marion County Commerce Park is located in the northeast quadrant of the I-75/US Highway 27 interchange. It comprises about 490 acres that fronts northbound I-75 at US Highway 27 and another 244 surrounding acres that could be consolidated for a mixed-use commerce park. The development includes the 383,161 SF FedEx Ground package distribution hub, a 444,000 SF AutoZone distribution hub that serves 290 stores throughout Florida and Puerto Rico, a 600,000 SF distribution facility for Chewy.com, and the 617,046 SF Florida Crossroads Logistics Center (Amazon). A 27.85-acre parcel was acquired by Peak Development in 2021 and subsequently developed with a 350,895 SF warehouse known as the Ocala Logistics Center. The entirety of the space was leased to BroadRange Logistics in November 2023. Another 35.14-acre site was purchased by SFG Ocala I, LLC in 2021 and developed with the Topline Logistics Center, which includes 457,217 SF of space that was leased in November 2025. The most recent acquisition of real estate in the Ocala-Marion County Commerce Park occurred in September 2023 when Averitt Express purchased 15.41 acres for the development of a transportation and logistics facility that will includes three phases totaling approximately 70,000 SF.

The other industrial parks east of I-75 are generally situated along and just removed from the road frontage of NW 27th Avenue. These subdivisions include Shady Road Industrial Park, Going's Corner, Galloway and Sands Industrial Subdivision, Bryan's (Bison) Industrial Park, Central Park, and South Forty Industrial Park. This area includes the Hale Products-Class 1, Outlaw Snax, Cheney Brothers, Green Ops-Ocala, and Raney's Truck Parts manufacturing and distribution facilities.

Other industrial properties located proximate to the subject include The Carport Company, Ace Distribution Solutions, Tri-County Truck and Trailer Repair, Anderson Columbia Plant No. 8, Encore Electric, Elite Construction, Capris Furniture, Counts Construction, Robinson Custom Metals, Frampton Construction, Fletcher Plumbing, Thompson Custom Auto, Friends Recycling, Carl Johnson Towing, Groeb Motors, Paintworx, Sallee Horse Vans, Hall-Mark Fire Apparatus, Air Parts, Trademark Electric, Southern Marble, Ray's Construction of Ocala, D & S Pallet Recycle, Steve Allen Construction-Tallen Builders, Marcum Construction, All American Cabinetry, Advanced Marketing Southeast, Butcher Transportation, A & A Trucking and Excavating, D & D Asphalt, and Ocala Recycling. A 148,000 SF facility for Antebellum Manufacturing was recently completed along NW 35th Street. The majority of these properties are situated along NW 27th Avenue and NW 35th Street. It should be noted these properties are predominately owner-occupied and limited comparable rental data was available for the immediate neighborhood.

Primary factors of influence within the neighborhood include commercial and light industrial uses that service the surrounding residential base, as well as its proximity to I-75 and downtown Ocala. The proximity to I-75 allows for easy transportation access for distribution purposes as evidenced by the numerous industrial parks located near the interchanges. As well, the eastern boundary is located along US Highway 301/441, a major north/south artery in Ocala that provides excellent visibility and exposure for retail commercial uses (used car dealerships, fast food restaurants, branch banks, service stations, and convenience stores).

Commercial uses in the subject neighborhood are generally situated along US Highway 27 and N. Pine Avenue (US Highway 301/441). The properties include restaurants, auto sales and service centers, office buildings, retail properties, and convenience stores with fuel sales. The neighborhood also includes several mobile home dealerships situated along US Highway 27 to the west of NW 27th Avenue. A number of hotels, motels, convenience stores with fuel sales, and fast food restaurants are located at the I-75 interchange with US Highway 27. UF Health recently completed a neighborhood hospital with emergency department services at the northeast pin of the I-75/US Highway 27 interchange. In addition, NW 30th Avenue, which is situated east of the Marion County Criminal Justice Complex, includes numerous office buildings that are primarily operated by bail bondsmen.

As well, the governmental facilities in the area include the Mary Sue Rich Community Center, Ocala Wetland Recharge Park, Howard Middle School, Madison Street Elementary School, and the Marion County Jail. Other governmental properties in the neighborhood include the State of Florida Department of Transportation facility, and the Marion Regional Juvenile Detention Center. It should be noted the presence of the Marion County Criminal Justice Complex and the Marion Regional Juvenile Detention Center could be perceived as having a negative influence on the neighborhood with respect to marketing. However, NW 10th Street is also improved with a mixture of commercial and industrial uses including Chariot Eagle, Waste Pro, Stone & Surface Designers, and Windstream Utilities.

The increased industrial development has spurred residential construction in the form of single-family residential lots and apartments. The residential properties are scattered throughout and include a mixture of single- and multi-family residential uses. These properties are generally older and of fair to average quality. However, Sable Run was recently completed along the south side of NW 21st Street. It includes 18 lots that represent an undeveloped portion of the Howard Heights subdivision. The most significant development in the residential sector of the subject neighborhood is West Oak, which is situated on the site of the former Pine Oaks golf course about ⅔ mile northwest of the subject. The property comprises more than 217 acres that is proposed to include a total of 2,300 multi-family residential units, 150 townhome units, and 170 single-family residential lots, as well as 12,000 SF of commercial space. The project is divided into four phases with development planned through 2027.

The first phase of development included the renovation of the existing clubhouse into a fitness center and swimming pool identified as The Club at West Oaks. Aurora St. Leon

Apartments is located at the northwest corner of NW 21st Street and NW 21st Avenue. It is a 272-unit complex that includes one-, two-, and three-bedroom units, as well as a bark park, pet spa, game lawn, fitness center, and community swimming pool. The Laurels at West Oak subdivision is situated just north of Aurora St. Leon Apartments. It includes 170 single-family residential lots with home/lot packages by Adams Homes and Century Complete starting at $268,990. Madison Oaks West is located in the north portion of the development just south of NW 35th Street. It is a 96-unit complex with one-, two-, and three-bedroom units. The complex includes a community swimming pool, playground, picnic pavilion, and business center. There have been two sales of multi-family residential land in the northwest portion of the site and each parcel is proposed to be developed with 250 units. Discussions with the developer (Scott Siemens) indicated the buyer has plans to take down three additional parcels and construct a total of 1,500 apartment units.

A large portion of the described neighborhood includes single-family residential subdivisions that are improved with fair to average housing in terms of size, quality, and price. They are located sporadically throughout the area, but predominantly away from the major roadways in the central and eastern portions. These are generally mature developments that were constructed more than 50 years ago. They were noted as Tree Haven, Howard Heights, Bunche Heights, Richmond Heights, Belvedar, Bethune Village, Westwood Park, and others. Although the majority of apartment complexes in northwest Ocala are located south of US Highway 27, the neighborhood includes Aurora St. Leon Apartments and Madison Oaks West. Another multi-family residential project that has been partially completed and is currently on hold is identified as Crystal Park Apartments with 130 proposed units. This suggests apartments and other multi-family residential uses have been accepted in the area.

The City of Ocala plans to expand on the success of the West Oak development with a revitalization plan for the surrounding area. The Ocala Wetland Recharge Park represented one of the initial phases of the plan with the next phase identified as Reeds Place. This includes the land lying south of NW 21st Street, north of NW 17th Street, east of NW 21st Avenue, and west of NW Martin Luther King, Jr. Avenue. The Mary Sue Rich Community Center serves as the anchor for this area of revitalization. Based on plans provided by the City, the project could potentially include a mixture of single-family residential, multi-family residential, and mixed-use (commercial and residential space) development connected by interior roadways and pedestrian walkways.

However, a portion of Reeds Place is located on the site of the former Royal Oaks Charcoal Plant that operated from 1970 to 2006. The City secured a Florida Department of Environmental Protection (FDEP) Brownfields grant to perform an environmental assessment and complete remediation work from 2011 to 2020. The east portion of the former plant includes on-site soil contamination that is above levels appropriate for residential development and further remediation is necessary. Furthermore, there is a potential for on-site groundwater contamination that is monitored by six monitoring wells. In order to develop the remainder of the former plant site it is likely the soil will need to be excavated and removed and the groundwater must continue to be monitored.

Between 2000 and 2010, the county's population increased from 258,914 to 331,298, an increase of about 28.0%. As of July 1, 2023, the population of Marion County had increased to 403,966. During the same 10-year period (2000-2010), 42,671 new residential units were constructed in Marion County. According to the U.S. Census Bureau, the number of new residential units constructed annually increased from 2,354 in 2000 to 7,453 in 2005. The number of new residential units for 2006 dropped slightly to 7,063 and each successive year to a low of 397 in 2012. The number of units permitted then gradually increased with 630 residential units in Marion County during 2013, 755 in 2014, 1,055 in 2015, 1,426 units in 2016, 2,234 units in 2017, and 2,808 units in 2018. There were a total of 2,357 permits issued for residential housing in 2019. Although the number of permits issued in 2019 was slightly lower than 2018 levels, there was a significant increase in 2020 with 3,814 housing units permitted. In addition, there were a total of 6,229 units permitted in 2021, 6,489 units in 2022, 5,197 units in 2023, and 7,071 units in 2024. There have been a total of 5,403 units permitted through November 2025. With respect to the area of the subject property (five-mile radius), 6,006 housing units were constructed between 2000 and 2010, while 3,462 housing units have been built in the area since 2010.

Due to the current inventory of vacant lots within existing developments throughout Marion County, growth patterns for the county are not expected to change significantly. However, demand for new housing units has increased as evidenced by the higher number of residential units permitted. Additionally, an increase in demand for new residential development in the subject neighborhood is anticipated as evidenced by the limited availability of vacant lots in existing subdivisions and the higher number of building permits issued for residential housing units.

That being said, the United States of America continues to recover from a national health pandemic caused by COVID-19 (coronavirus). In the short-term, financial markets and the global economy experienced significant volatility and turmoil. The Federal Reserve responded to the pandemic with significant reductions to interest rates in an effort to offset market uncertainty. In an effort to avoid face-to-face contact, banks initially reduced access to their lobbies. These policies were relaxed and increased transaction volumes were the result. However, interest rates have since increased and lending has decreased to some degree.

With respect to Florida, the number of new cases peaked in July 2020 and then decreased throughout August 2020 to the middle of October 2020. The number of cases peaked again in January and mid-August 2021, January 2022, August 2023, and most recently in July 2024. Although intermittent spikes may occur in the future, there is optimism any market disruptions could be short-term. Vaccines are widely available to the general public. In addition, recent studies indicate natural immunity generated from an infection was found to be at least as high, if not higher, than that provided by the vaccines. My analysis relies on the best market data available. Furthermore, the market continues to stabilize and revert to prior conditions as the public health risk remains contained.

In conclusion, this neighborhood includes a mixture of commercial, light industrial, and residential properties. As a result, the subject neighborhood reflects an accepted industrial

area of Ocala. This area has proven to be successful with these types of properties and it is these uses that impact the highest and best use of the subject to the greatest extent. Marketing activity in this portion of Ocala has been fairly stable due to the mature age of the developments and properties located therein. Although the majority of newer construction has occurred west of I-75 and proximate to the Ocala International Airport, the construction of the Ocala-Marion County Commerce Park has spurred industrial development in the area. The growth in the industrial sector has created demand for residential units and portions of the immediate area are transitioning to residential uses. However, due to the proximity to I-75, the area continues to be accepted for industrial use. The area also includes ample infrastructure and a large residential base that provide the foundation for development in the future. In addition, the widening of NW 35th Street, as well as the proposed construction of a new I-75 interchange at NW 49th Street and the construction of the West Oak development, should further enhance the marketability of the neighborhood, the immediate area, and the subject property.

HIGHEST AND BEST USE ANALYSIS

The basis of an appropriate conclusion of final value is the identification of the most profitable and competitive use to which a property can be put. This is accomplished through an analysis of the property's highest and best use.

***The Appraisal of Real Estate,* Fourteenth Edition**, published by the Appraisal Institute, defines highest and best use as:

The reasonably probable and legal use of vacant land or an improved property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity.

Highest and best use analysis is a three-step process. The first step involves the highest and best use of a site as though vacant. The determination must be made to leave the site vacant or to improve it. If the conclusion is to improve the site, the second step is to determine the ideal improvement. The final step is a comparison between the ideal improvement and the existing or proposed improvement. At this point, the determination must be made to maintain the property in its present or proposed form or to modify the improvements to conform more closely with the ideal.

AS VACANT

Acknowledging the existing zoning (M-3, Heavy Industrial) and future land use (Medium Intensity/Special District) designations, as well as location removed from NW Martin Luther King, Jr. Avenue, development of the subject site is intended for industrial uses. As sale prices and rental rates for comparable industrial space increase and vacancy levels remain low, the costs to acquire land and develop new facilities are more feasible and construction is expected to continue. This is supported by recent vacant industrial land

sales and new construction in the market. As a result, the financial feasibility for industrial development is well stated due to the location proximate to existing industrial properties and US Highway 27, NW 35th Street, and I-75. Market data and discussions with knowledgeable market participants also indicate property values and rental rates for industrial properties continue to increase. Such a use should result in maximum productivity for the site with ample size for buildings, site improvements, greenspace, and required on-site water retention. Therefore, use of the subject for **industrial development** purposes represents the highest and best use of the subject site, as vacant.

PROCESS OF ANALYSIS AND VALUATION

Traditionally, there are three approaches utilized in the valuation of real property. These include the Cost Approach, Sales Comparison Approach, and Income Capitalization Approach.

The Cost Approach is based on the principle of substitution, which states that no rational person would pay more for a property than the amount for which can be obtained, by purchase of a site and construction of improvements, without undue delay, a property of equal desirability and utility. The basic steps of the Cost Approach are to estimate site value, as vacant, estimate the reproduction cost new of the basic improvements and minor structures (excluding any that were included as part of the site value), and then estimate, in dollar amounts, the accrued depreciation caused by the physical deterioration, functional deficiencies or superadequacies, or any adverse external influences. The next step is to deduct the accrued depreciation from the improvement's estimated reproduction cost new to arrive at a present depreciated cost estimate. Then, by adding the site value estimate, the result is to arrive at an indicated value for the property via the Cost Approach.

The Sales Comparison Approach is based on the principal of substitution, which indicates that an informed purchaser would pay no more for a property than the cost of acquiring an equally desirable substitute property with the same or similar utility. This approach is applicable when an active market provides sufficient quantities of reliable data that can be verified from authoritative sources. The Sales Comparison Approach is reliable in a dynamic market or if an estimate of value is related to properties for which there are comparable sales available. This approach to value is also pertinent when sales data can be verified with the principals to the transaction. Heavy emphasis is placed on this approach to value in an active market.

In the Income Capitalization Approach, we are concerned with the present value of any future benefits of property ownership. Future benefits are generally indicated by the amount of net income the property will produce during its remaining useful life. After comparison of interest yields and characteristics of risk for investments of similar type and class of properties, this net income is then capitalized into an estimate of value. The value indicated by the Income Capitalization Approach is generally the most indicative value indication for properties that are held for income production or for investment purposes.

After obtaining value estimates by the Cost, Sales Comparison, and Income Capitalization Approaches, the results are reconciled into a final market value conclusion. This reconciliation process is a weighing of the strengths and weaknesses of each approach in order to reconcile the independent valuation estimates into a single, comprehensive estimate of market value.

For purposes of this appraisal report, only the Sales Comparison Approach to value will be included herein.

The Sales Comparison Approach of this appraisal will compare sales of similarly influenced properties with the subject. The reliability of this approach rests in the validity of the sales presented in terms of sale price, location, date of sale, physical characteristics, and so forth. This is accomplished by the verification process in which parties to the transactions are interviewed to verify information concerning the sales.

This approach is based on the Principle of Substitution, which holds that buyers and sellers go through a process similar to the comparison process herein when selecting a property based upon personal preferences, tastes, opinions, and desires. Adjustments are made to the sales when differences are found after comparing them to the subject.

The procedures of the Sales Comparison Approach include the investigation of the market for comparable sales based upon the best verification available. These land sales are then compared to the subject and adjustments are applied (as needed) to account for differences noted. Examination and analysis of the sales and the resulting adjusted sale prices provide the best reflection of value for the subject property via the Sales Comparison Approach.

Due to the conclusion of highest and best use, as vacant, for some form of industrial development, sales of similar vacant parcels in the subject neighborhood are compared to the subject resulting in an appropriate conclusion of value for the subject site. Due to the limited number of vacant industrial land sales, the sales studied also include similar-sized properties in the immediate area. Because no two properties are identical, adjustments are applied as an equalizer to account for differences between the sales and the subject. In lieu of specific adjustments, the bracketing process will be employed. This process "brackets" the subject between the sales with superior (-) and inferior (+) characteristics with the indication of value for the subject emphasizing those sales with similar features. This will be demonstrated in the following analysis.

The land sales presented in the following table are located in the subject's market area and other areas of similar economic influence. As a result, the sales studied are considered to be the most comparable to the subject property and will be used to provide the estimate of market value for the subject via the Sales Comparison Approach, as of the effective date of valuation.

Based on market evidence, vacant properties approved for industrial development are most commonly valued on a price per acre basis. All of the comparable land sales have been inspected and analyzed on the basis of conditions of sale, market conditions (time), location, size, physical characteristics, amount of road frontage (accessibility), and permitted development density (zoning). These adjustments will be applied to the land sales presented in the following table. The comparable land sales location map and presentation of the land sales will follow the table.

LAND SALES LOCATION MAP

LAND SALE 1

COUNTY:	Marion
RECORDING:	8443/0030
LOCATION:	South side of NE 24th Street just east of NE 25th Avenue, Ocala
SALE DATE:	10/07/2024
SALE PRICE:	$1,250,000 $56,536/AC
FINANCING:	Cash to seller
PROPERTY RIGHTS:	Fee simple
CONDITIONS OF SALE:	Arm's length
GRANTOR:	Chapman Family Foundation, Inc.
GRANTEE:	BFS Real Estate, LLC
LEGAL DESCRIPTION:	Lengthy legal lying in Section 03-15-22; Marion County, Florida
HIGHEST & BEST USE:	Industrial development
SITE SIZE:	963,112 SF; 22.11 AC

LAND SALE 1

SITE DESCRIPTION:	Slightly irregular-shaped site; heavy tree cover and underbrush; highest elevations to the west with a gradual downward slope to the east; interior lot configuration with paved road frontage along NE 24th Street; situated level with road grade; according to the FDOT, the AADT along NE 24th Street (CR 200-A to NE 36th Avenue) in 2023 was a total of 3,200 trips; CSX Railroad right-of-way along the south boundary
ZONING:	M-1, Light Industrial
FUTURE LAND USE:	Employment Center
FLOOD ZONE:	Zones X and A (FEMA Panel No. 12083C 0528 E; 04/19/2017); the property includes three pockets of Zone A in the central, north-central, and southeast portions of the site
IMPROVEMENTS:	None
ANALYSIS:	The property was listed for $1,500,000 and was on the market for 770 days prior to the sale; based on a study of industrial land sales in the market, the purchase price was somewhat aligned with market occurrences
VERIFIED WITH:	David Williams, Broker Associate (Showcase Properties of Central Florida) via MLS: 01/29/2026
VERIFIED BY:	Nathan R. Gibboney, MAI
PARCEL NO:	24265-000-00

LAND SALE 2

COUNTY:	Marion
RECORDING:	8501/1043
LOCATION:	West side of NW Gainesville Road (CR 25-A) between US Highway 301/441 and NW 35th Street, Ocala
SALE DATE:	12/23/2024
SALE PRICE:	$1,200,000 $114,286/AC
FINANCING:	Cash to seller
PROPERTY RIGHTS:	Fee simple
CONDITIONS OF SALE:	Arm's length
GRANTOR:	FRHP Lincolnshire, LLC
GRANTEE:	NW 20th Street, LLC
LEGAL DESCRIPTION:	Lengthy legal lying in Section 06-15-22; Marion County, Florida
HIGHEST & BEST USE:	Commercial development
SITE SIZE:	457,380 SF; 10.50 AC

LAND SALE 2

SITE DESCRIPTION:	Slightly irregular-shaped site; grassy characteristics with pockets of moderate tree cover; highest elevations to the east with a gradual downward slope to the west; interior lot configuration with paved road frontage along CR 25-A; situated level with road grade; the property is divided by a 40'-wide right-of-way for NW 31st Street, which has not been constructed; according to the FDOT, the AADT along CR 25-A (US Highway 441 to NW 35th Street) in 2023 was a total of 18,700 trips
ZONING:	B-4, General Business (north 5.00 AC) B-5, Wholesale Business (south 5.50 AC)
FUTURE LAND USE:	Low Intensity (north 5.00 AC) Employment Center (south 5.50 AC)
FLOOD ZONE:	Zones X and AE (FEMA Panel Nos. 12083C 0507 D and 12083C 0509 E; 08/28/2008 and 04/19/2017); the property includes two pockets of Zone AE in the south portion of the site with a base flood elevation of 63.0 feet
IMPROVEMENTS:	The south portion of the property includes paving and infrastructure associated with the former RV sales and service facility
ANALYSIS:	The property was purchased for redevelopment; the verifying party indicated the south portion of the site will be developed with a 20,000 SF office warehouse facility, while there are no current plans for the north portion; based on other commercial land sales in the subject neighborhood, the purchase price was aligned with market occurrences

Conclusion

The comparable land sales presented herein include an appropriate sale price range for conclusion of value for the subject property. These six sales provided a range from $50,000/AC to $173,160/AC with a statistical mean of $87,565/AC and a statistical median of $66,733/AC. Based on the bracketing process as noted in the comparable land sales table, an indication of value above $76,930/AC (highest indicator of Land Sales 1, 3, 5, and 6) and below $114,286/AC (lowest indicator of Land Sales 2 and 4) is reflective of this study.

In addition, I have studied four listings of vacant parcels that are zoned for commercial and industrial development. These properties provided an asking price range from $99,305/AC to $175,000/AC with an average asking price of $119,826/AC. It should be noted these properties range in size from 5.00 to 20.00 acres and have been on the market for an average of 915 days. Because of negotiations that are likely to occur prior to any sale and result in a lower sale price, a conclusion well below the average listing price is made. In addition, the average number of days on market suggests the asking prices are higher than buyers are willing to pay.

Therefore, based on the land sales studied, a conclusion between the statistical indicators is appropriate. This accounts for the smaller size (economies of scale) of the subject site as compared to the majority of the land sales studied and more intensive industrial zoning classification, which is offset by the inferior accessibility. As a result, I have concluded the market value estimate of the fee simple interest of the subject property, as of January 29, 2026, at **$80,000/AC**, or **$530,000**.

ESTIMATE OF MARKET VALUE **$530,000**
As Is, As of January 29, 2026

MARKETING AND EXPOSURE TIME

According to discussions with area Brokers and real estate agents, properties similar to the subject typically spend between nine months and 24 months on the market, depending on the location, physical condition, and asking price. This is somewhat supported by the improved sales studied that included an average of 523 days on the market, which is towards the upper end of the range. Based on this information, as well as acknowledging the current economy and market in northwest Ocala, the projected exposure time for the subject property is estimated at **12 months**.

While exposure time represents the estimated length of time the property would have been offered on the market prior to the hypothetical consummation of a sale at market value, as of the effective date of valuation, marketing time is an opinion of the amount of time it might take to a sell a real property interest at the concluded market value level during the period immediately after the effective date of valuation. In other words, exposure time

occurs prior to the effective date of valuation and marketing time occurs after the effective date. According to information provided by local Brokers familiar with the market area, the projected marketing time for the subject is estimated between **nine and 12 months**.

CERTIFICATION

I certify, to the best of my knowledge and belief, that:

- The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
- I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
- My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute.
- The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice (USPAP).
- The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.
- I have personally inspected the property that is the subject of this report and made a visual inspection of all comparable sales that were studied.
- No one provided significant real property appraisal assistance to the person signing this certification.
- As of the date of this report, Nathan R. Gibboney, MAI has completed the continuing education program for Designated Members of the Appraisal Institute.
- I have not provided any services regarding the subject property within the prior three years, as an appraiser or in any other capacity.

Dated: February 2, 2026

Nathan R. Gibboney, MAI
State-Certified General Real Estate Appraiser
License No. RZ2580

The appraisal report has been made with the following general assumptions and limiting conditions:

1. No responsibility is assumed for the legal description provided or for matters pertaining to legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated.

2. The property is appraised free and clear of any or all liens or encumbrances unless otherwise stated.

3. Responsible ownership and competent property management are assumed.

4. The information furnished by others is believed to be reliable, but no warranty is given for its accuracy.

5. The value finding of this appraisal is contingent upon the conclusions of a qualified survey of the subject property in terms of size, dimensions of the land and/or improvements, and the location of those on-site improvements. Significant differences between the survey and the representations made by the client and reported herein may result in the need for reevaluation of the appraisal process as it relates to the subject.

6. All engineering studies are assumed to be correct. Maps, plats, exhibits, and other illustrative material in this report are included only to help the reader visualize the property.

7. It is assumed that there are no hidden or unapparent conditions of the property, sub-soil, or structures that would render it more or less valuable. No responsibility is assumed for such conditions nor for the engineering that may be required to discover such factors. Unless specifically cited, no value has been allocated to subsurface rights or deposits, including minerals, oil, gas, and geothermal.

8. It is assumed that the property is in full compliance with all applicable federal, state, and local environmental regulations and laws unless the lack of compliance is stated, described, and considered in the appraisal report.

9. It is assumed that the property conforms to all applicable zoning and use regulations and restrictions unless a nonconformity has been identified, described, and considered in the appraisal report.

10. Although the flood hazard status for the subject property has been studied, it is recommended that more in-depth information be obtained prior to development upon the site.

11. It is assumed that all required licenses, certificates of occupancy, consents, and other legislative or administrative authority from any local, state, or national government or private entity or organization have been or can be obtained or renewed for any use on which the value estimate contained in this report is based.

12. It is assumed that the use of the land and improvements (if applicable) is confined within the boundaries or property liens of the property described and that there is no encroachment or trespass unless noted in the report.

13. Unless otherwise stated in this report, the existence of hazardous materials, which may or may not be present on the property, was not observed by the appraiser. The appraiser has no knowledge of the existence of such materials on or in the property. The presence of substances such as radon gas, lead based paint, mold, fungi, asbestos, formaldehyde, ground water contamination, underground storage tanks, and other potentially hazardous materials may affect the value of the property. The appraiser, however, is not qualified to detect such substances and is not an expert in the identification of adverse environmental factors. The value estimated is predicated on the assumption that there is no such material on or in the property that would cause a loss in value. No responsibility is assumed for such conditions or for any

expertise or engineering knowledge required to discover them. The intended user is urged to retain an expert in this field, if desired.

14. The appraiser has been retained to arrive at an opinion of value and the inspection performed by the appraiser is more of an observation and is not intended to reveal defects in the mechanical systems, plumbing, electrical systems, structural integrity, roofing, or other components of the structures appraised. The appraiser does not claim to be an expert in those areas. The appraiser can only observe areas that are visually accessible. If the client has any concerns about or questions about such conditions, an expert in this field should be called to do an inspection.

15. The conclusion presented within this report is warranted as an accurate representation of value, subject to the Certification of Value and Assumptions and Limiting Conditions specified herein, as of the effective date of valuation. I assume no responsibility for economic or physical factors occurring at some later date that may affect the opinion of value herein stated.

16. The conclusion of value presented within the report is an opinion and estimate of the appraiser. There is no guarantee, written or implied, that the subject property will sell for the precise estimate of value contained herein.

17. Forecasted projections presented within this report are utilized to assist in the valuation process and are based on current market conditions, as well as anticipated short-term supply and demand factors. Therefore, the projections are subject to changes in future conditions that cannot be accurately predicted by the appraiser and could affect the future income or value projections.

18. If this appraisal is to be used for mortgage loan purposes, the applicable lending procedures must be consistent with acceptable lending practices as promulgated by the Office of Thrift Supervision (OTS; formerly the Federal Home Loan Bank Board), the Office of the Comptroller of the Currency (OCC), the Federal Deposit Insurance Corporation (FDIC), and the Savings Association Insurance Fund (SAIF; formerly the Federal Savings and Loan Insurance Corporation). I assume no liability for a loss in value applicable to the subject, or its proposed development, which occurs as a result of lending practices that vary from generally accepted mortgage underwriting guidelines as established by institutions such as the OTS, OCC, FDIC, and the SAIF, or when the loan proceeds are diverted to other parties, uses, or properties.

19. Expert witness testimony or attendance in court or at any other hearing by Nathan R. Gibboney, MAI is not required by reason of rendering this appraisal unless such arrangements are made a reasonable time in advance.

20. Disclosure of the contents of the appraisal report is governed by the bylaws and regulations of the Appraisal Institute.

21. This appraisal report, including the format style, spreadsheet data, and addenda, is the property of the appraisal firm of **Gibboney & Associates** and no portion of the report is to be reproduced without the expressed written permission of **Gibboney & Associates**.

22. Any allocation of the total value estimated in this report between the land and the improvements applies only under the stated program of utilization. The separate values allocated to the land and buildings must not be used in conjunction with any appraisal and are invalid if so used.

23. Possession of this report, or a copy thereof, does not carry with it the right of publication.

24. The appraiser, by reason of this appraisal, is not required to give further consultation or testimony or to be in attendance in court with reference to the property in question unless arrangements have been previously made.

25. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news, sales, or other media without the prior written consent and approval of the appraiser.

26. The only intended user of this appraisal is the intended user stated in the appraisal report. There is no other intended user. No purchaser, seller, or borrower are intended users of this report. No party, other than the intended user, should rely upon this appraisal for any purpose whatsoever. The fact that some party, other than the client, paid for the appraisal, either directly, or indirectly, does not make them an intended user.

FORMAL TITLE:
Budget Resolution 2026-130 to amend the Fiscal Year 2025-26 budget to transfer funds from the Stormwater Reserve for Contingency account to purchase parcel 25502-000-00 in the amount of $550,000

OCALA'S RELEVANT STRATEGIC GOALS:
Operational Excellence, Quality of Place

PROOF OF PUBLICATION:
N/A

BACKGROUND:
Parcel No. 25502-000-00 consists of approximately 6.65 acres (289,674+ square feet) of vacant land located east of NW Martin Luther King, Jr. Avenue, with easement access from the terminus of NW 18th Street, currently owned by Stavola Investments LLC (Stavola). Please refer to the attached Aerial and Case Maps.

Adjacent uses include vacant land to the north and west, city-owned property (William James Walking Trail) to the south, and the Railyard One property to the east. NW 18th Street extends east from NW Martin Luther King, Jr. Avenue as a two-lane paved interior street and then continues north and east as an unpaved dirt road towards the subject site. Although an aerial map provided by the Marion County Property Appraiser's Office indicates the right-of-way for SW 18th Street (50-feet wide) extends in an east/west direction from NW Martin Luther King, Jr. Avenue, the roadway physically begins within a City-owned property (Parcel No. 25489-000-00) adjacent south of the aforementioned right-of-way. It then turns north to the right-of-way and continues east to another City-owned parcel (Parcel No. 25491-001-00) that provides easement access to the northwest corner of the subject property. NW Martin Luther King, Jr. Avenue is a connector that extends from NW 35th Street to SW 17th Street (SR 464).
Stavola used the property to reduce tree debris and storage.

FINDINGS AND CONCLUSIONS:
Using the Sales Comparison Approach and analyzing six comparable land sales and four listings, the appraiser concluded a market value of:

- $80,000 per acre
- $530,000 as of January 29, 2026

The property's zoning and surrounding industrial development support its highest and best use for industrial purposes.
• The Seller, Stavola Investments LLC, is prepared to accept a purchase price of $550,000. The independent MAI appraisal concluded a market value of $530,000 as of January 29, 2026. The appraisal considered multiple comparable land sales and concluded a value between statistical indicators, accounting for the subject's smaller size (economies of scale), more intensive industrial zoning classification, and somewhat inferior accessibility.
• The City intends to utilize this vacant property as a temporary Disaster Debris Management Site (DDMS) for storm debris, a storage area for materials, and a potential future stormwater site.
• Acquisition of this site enhances the City's emergency preparedness debris staging capacity, provides geographic flexibility for debris management operations following major storm events or natural disasters, provides operational flexibility, and future stormwater capacity.
• The City of Ocala owns the adjacent parcels to the east (Parcel No. 25502-002-00) and west (Parcel No. 25491-001-00). The site is surrounded by compatible industrial and city-owned uses and benefits from existing access through City-controlled parcels.
Staff recommends approval.

FISCAL IMPACT:
The Stormwater Reserve for Contingencies will be used to purchase this parcel. The account has a balance of $9,950,973, and the purchase of this parcel for a temporary disaster debris site is an appropriate use of the project funding.

BUDGET RESOLUTION 2026-130

A RESOLUTION TO AMEND THE FISCAL YEAR 2025-26 BUDGET TO TRANSFER FUNDS FROM THE STORMWATER RESERVE FOR CONTINGENCY ACCOUNT TO PURCHASE PARCEL 25502-000-00 IN THE AMOUNT OF $550,000

WHEREAS, the City of Ocala has identified the need to acquire approximately 6.65 acres of vacant land located east of NW Martin Luther King, Jr. Avenue, further identified as Parcel ID 25502-000-00; and

WHEREAS, the property owner, Stavola Investments LLC, has agreed to sell the parcel to the City for a purchase price not to exceed $550,000; and

WHEREAS, an independent MAI appraisal concluded a market value of $530,000 as of January 29, 2026, supporting the reasonableness of the negotiated purchase price; and

WHEREAS, the City intends to utilize the property as a temporary Disaster Debris Management Site to enhance emergency preparedness and operational flexibility following major storm events or natural disasters; and

WHEREAS, the Stormwater Reserve for Contingencies account has sufficient funds available, with a current balance of $9,950,973, and the purchase of this parcel is an appropriate use of said funds.

NOW THEREFORE, BE IT RESOLVED THAT THE CITY COUNCIL OF THE CITY OF OCALA, FLORIDA, duly assembled in regular session, that the Fiscal Year 2025-26 budget be amended as outlined below.

Re: 6.65 Acres of Vacant Land; East of NW Martin Luther King, Jr. Avenue, Ocala, Marion County, Florida

Dear Mr. Switt:

As requested, I have prepared an appraisal report for the subject property that is identified as approximately 6.65 acres (289,674 SF) of vacant land located east of NW Martin Luther King, Jr. Avenue in Ocala, Marion County, Florida. It is further identified as Parcel No. 25502-000-00 and includes easement access from the terminus of NW 18th Street.

This appraisal report includes summarized studies of relevant factual data necessary to arrive at the market value estimate of the fee simple interest of the subject property, as of the effective date of valuation indicated herein. The following report provides the legal description and summarized descriptions of the subject's market area (region and neighborhood), site, and any improvements, as well as all market analyses required for the conclusion of market value.

The subject property was most recently inspected and photographed on January 29, 2026, which corresponds with the effective date of valuation. The purpose of the inspection was to study the physical characteristics of the subject property and its interrelationship with surrounding economic influences. As well, attention has been given to other factors that may impact the market value of the subject property within its region and neighborhood.

This appraisal report and its contents were prepared according to appraisal standards and reporting guidelines provided by the Uniform Standards of Professional Appraisal Practice (USPAP) adopted by the Appraisal Standards Board of the Appraisal Foundation, and the Appraisal Institute. The intended use of this appraisal is to determine market value for potential acquisition purposes. The client and intended user of this appraisal is the City of Ocala. I have not provided any services regarding the subject property within the prior three years, as an appraiser or in any other capacity.

The conclusion of market value is not subject to any additional extraordinary assumptions or hypothetical conditions except as stated within the Assumptions and Limiting Conditions section of this appraisal report.

Based upon the market analyses presented within this appraisal report, as well as my investigations and studies, it is my opinion the market value estimate of the fee simple interest of the subject property, as of January 29, 2026, was:

ESTIMATE OF MARKET VALUE **As Is, As of January 29, 2026**	**$530,000**

The following report presents all of the relevant factual data that resulted in the estimate of market value for the subject property.

Respectfully submitted,

Gibboney & Associates

Identification of the Property

Approximately 6.65 acres (289,674 SF) of vacant land located east of NW Martin Luther King, Jr. Avenue in Ocala, Marion County, Florida

Site Data

Size:	289,674 SF; 6.65 AC
Zoning:	M-3, Heavy Industrial
Future Land Use:	Medium Intensity/Special District
Characteristics:	Slightly irregular-shaped site; grassy characteristics with minimal tree cover; highest elevations in the central portion of the site with a gradual downward slope to the north, south, east, and west; the property includes earthen berms and debris piles along the south and east boundaries; interior lot configuration with easement access from the terminus of NW 18th Street, which is accessible from NW Martin Luther King, Jr. Avenue; situated level with road grade; CSX Railroad (Florida Northern Railroad) right-of-way along the east boundary
Flood Zone:	Zone X (FEMA Panel No. 12083C 0509 E; dated April 19, 2017)

Improvements: The property includes sections of older fencing along the south and east boundaries that provide no contributory value

Highest and Best Use

Industrial development

Approach to Value

Sales Comparison Approach 6.65 AC @ $80,000/AC, rounded	$530,000

Reconciled Market Value Estimate

ESTIMATE OF MARKET VALUE **As Is, As of January 29, 2026**	**$530,000**

All appraisals begin by identifying the appraisal problem. Data concerning the subject property is determined from various sources including, but not limited to, the property owner, various governmental agencies, surveys and building plans, and engineering studies/reports. When possible, more than one source is utilized to confirm data, and within the report the source is identified. Should plans or a building sketch be available, the measurements are confirmed for accuracy. Land size is based on surveys, public records, and/or recorded plats. Descriptions of improvements are based on visual inspection and/or plans. The age of the improvements is based on public records or discussions with knowledgeable parties.

For each assignment, all approaches to value are considered. These include the Cost Approach, Sales Comparison Approach, and Income Capitalization Approach. However, depending on the property being appraised, not all approaches may be applicable. Comparable sales and rentals are inspected by the appraisers and the sale prices and lease information are confirmed with a party to the transaction (buyer, seller, real estate Broker, or closing attorney) or through public records. Research of comparable sales and rentals include, but are not limited to, data sources such as Multiple Listing Service, Marion County Property Appraiser, CoStar, Loopnet, local Brokers, Realtors, and property managers, as well as peers within the real estate appraisal profession.

The scope of work for this appraisal assignment includes physical inspection of the subject property and the surrounding influences of the region and neighborhood. The highest and best use of the subject property, as vacant, must then be determined acknowledging legal permissibility, physical possibility, financial feasibility, and maximum productivity. Next, the market must be researched for comparable land sales for comparison to the subject. As a result, the market identified for analysis purposes and ultimate conclusion of value herein included the current and competitive open market using vacant industrial land sales and other land sales similarly influenced as the subject property. The data is then analyzed as it relates to the subject property and an estimate of market value of the fee simple interest is concluded, as of the effective date of valuation, from the range of value indicators. Finally, an appraisal report is prepared that summarizes the analyses and conclusions of the appraiser. The subject property is comprised of vacant land and only the Sales Comparison Approach to value will be included in this report.

The value conclusion presented herein excludes the value of personal property including furnishings, fixtures, and equipment (F, F & E), as well as business inventory. As well, the valuation process excludes goodwill of the business, intangible, and/or going concern value. The conclusion of value is limited strictly to real estate; that is, land and any improvements that are identified within this report.

The scope of work for this assignment has been described above and is considered acceptable for this appraisal assignment. The analyses, opinions, and conclusions of this appraisal report have been prepared in accordance with accepted appraisal practices and procedures provided by USPAP, FIRREA, and the Appraisal Institute.

PURPOSE OF THE APPRAISAL

The purpose of this appraisal is to estimate the market value of the fee simple interest of subject property identified herein, as of the effective date of valuation.

INTENDED USE OF APPRAISAL AND INTENDED USER

The intended use of this appraisal is to determine market value for potential acquisition purposes. The intended user of this appraisal is the City of Ocala. I have not provided any services regarding the subject property within the prior three years, as an appraiser or in any other capacity.

PROPERTY RIGHTS APPRAISED

The value conclusion presented herein acknowledges the fee simple interest of the subject property.

Fee Simple Interest

Fee simple interest is defined as absolute ownership unencumbered by any other interest or estate. A person who owns all of the property rights is said to have fee simple title, subject only to the limitations of eminent domain, escheat, police power, and taxation.

APPRAISAL DATES

The effective dates of this appraisal are as follows.

Date of Inspection:	January 29, 2026
Effective Date of Value:	January 29, 2026
Date of Report:	February 2, 2026

DEFINITION OF VALUE

The following definition was compiled from the ***Code of Federal Regulations, Title 12, Chapter I, Part 34.42[g]*** and ***The Dictionary of Real Estate Appraisal,* Sixth Edition**, published by the Appraisal Institute.

Market Value

Market value is defined as the most probable price that a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and

seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and passing of title from seller to buyer under conditions whereby:

- buyer and seller are typically motivated;
- both parties are well informed or well advised, and acting in what they consider their best interests;
- a reasonable time is allowed for exposure in the open market;
- payment is made in terms of cash in United States dollars or in terms of financial arrangements comparable thereto; and,
- the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

IDENTIFICATION OF THE PROPERTY

The subject property of this appraisal is identified as approximately 6.65 acres (289,674 SF) of vacant land located east of NW Martin Luther King, Jr. Avenue in Ocala, Marion County, Florida. It is further identified as Parcel No. 25502-000-00 and includes easement access from the terminus of NW 18th Street.

LEGAL DESCRIPTION

The complete legal description for the subject property is located in the Addenda of this report.

PROPERTY OWNERSHIP

As of the effective date of valuation, fee simple ownership of the subject property is identified as:

Stavola Investments, LLC
Post Office Box 8
Anthony, Florida 32617-0008

HISTORY OF THE PROPERTY

Sales History

The subject property has been in its present ownership for at least the past three years. In addition, the subject is not currently listed for sale. However, the client provided a preliminary Agreement For Purchase and Sale of Real Property between the City of Ocala, Florida (buyer) and the owner of record (seller). The preliminary contract includes a purchase price of $550,000, or $82,707/AC. The prospective purchase price is within the range of the comparable land sales studied and will not be discussed further. No other information was provided to the appraiser.

Rental Data

The subject includes vacant land and no lease agreements were provided to the appraiser.

TAXES AND ASSESSMENTS

The subject property is included in the 2025 Marion County Property Assessment Roll as Parcel No. 25502-000-00. The total just value in 2025 was $146,488 and the total assessed

value in 2025 was $89,021. The 2025 combined tax liability and assessments for the subject were $1,944.42. Based on information provided by the Marion County Tax Collector's Office, real estate taxes have not been paid for 2025. However, there are no past due taxes from previous years.

ZONING AND LAND USE PLANS

According to the City of Ocala Land Development Regulations and Comprehensive Plan, the subject property include the following classifications.

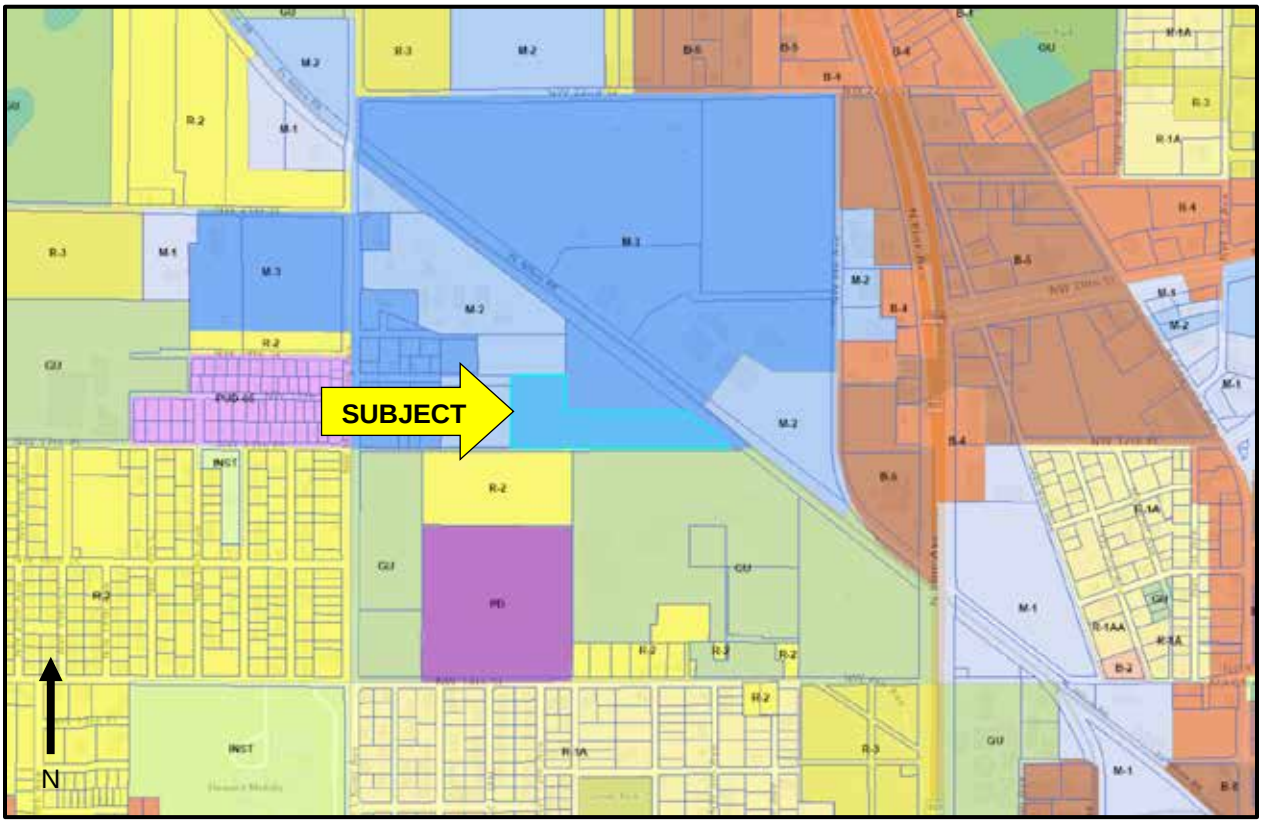
Zoning

M-3, Heavy Industrial

The Heavy Industrial (M-3) district is intended primarily for those heavy manufacturing and processing activities, which create undesirable effects that are not properly associated with residential or commercial areas. Outdoor manufacturing activities and storage associated with permitted uses may be allowed in the M-3 district. Service and commercial establishments, as well as showroom and outdoor sales, are not permitted in this district.

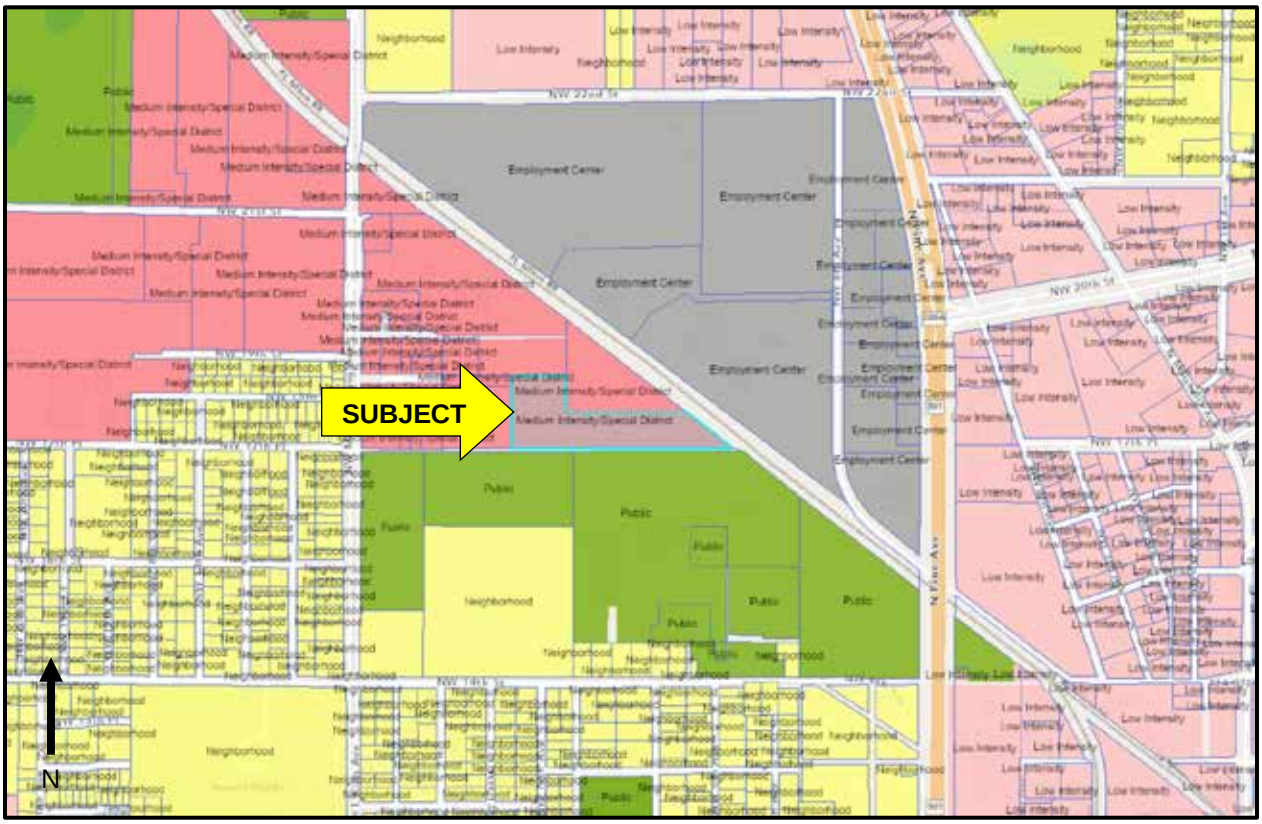
The following uses are permitted without exception in the Heavy Industrial (M-3) district: construction service establishment; parking lot; professional and business office; construction and demolition landfill; materials recovery facility; assembly of electronic components; manufacturing, light; recreational vehicle and boat outdoor storage; recycling center; research and testing laboratory; warehouse; and, wholesale and distribution. Outdoor storage is permitted as an accessory use. Residential, retail, agricultural, eating or drinking establishment, hospitality and tourism, personal service, vehicular service, education/recreation/social uses, public uses, and health care uses are not permitted.

The minimum lot size is 44,000 SF and the minimum lot width is 200 feet. The maximum building height is 150 feet. There are no minimum building setbacks.



Future Land Use

According to the City of Ocala Comprehensive Plan, the subject property is located within the **Medium Intensity/Special District** future land use classification. The intent of this category is to identify neighborhood- and community-serving activity centers, generally represented as "Medium Low" or "Medium High" on the Ocala 2035 Vision. The Medium Intensity/Special District category encourages developments with two or more uses. Permitted uses include residential, office, commercial, public, recreation, institutional, light industrial, and educational facilities. This future land use category is characterized by buildings that are one to four stories in height. The use of Best Practices Design Guidelines is required in this land use category, with the form of buildings and development regulated by the Form Based Code. Buildings are to have moderate build-to-lines from the street and public right-of-way. Parking may occur on-street or in the



moderate build-to-line of buildings, though rear and side yard parking is encouraged. Shade for pedestrians should be provided through landscaping and/or building design. Open space should consist of large neighborhood and community parks. To promote a walkable urban form, the minimum density allowed is five units per gross acre. The maximum density (before incentives) is 30 units per gross acre. The Medium Intensity/Special District category encourages a typical floor area ratio (FAR) range of .15 to 4.0. Increased density and intensity incentives may be approved for inclusion of workforce housing, green building and sustainable design standards, setting aside right-of-way for trails, employment-generating uses, exemplary urban design, or other benefits to the City as specified in the Land Development Code. The location and application of incentives are set forth in the Land Development Code.

Based on the current zoning and future land use classifications, the conclusion of highest and best use for some form of industrial development is permissible on the subject property.

ZONING MAP

FUTURE LAND USE MAP

According to information from the Marion County Property Appraiser's Office, the subject site includes approximately 289,674 SF, or 6.65 acres. The subject is situated east of NW Martin Luther King, Jr. Avenue with easement access from the terminus of NW 18th Street. The slightly irregular-shaped site has grassy characteristics with minimal tree cover. The highest elevations were noted in the central portion of the site with a gradual downward slope to the north, south, east, and west. It should be noted the property has earthen berms and debris piles along the south and east boundaries. The subject includes an interior lot configuration with easement access from the terminus of NW 18th Street, which is accessible from NW Martin Luther King, Jr. Avenue. The property is situated level with road grade. The CSX Railroad (Florida Northern Railroad) right-of-way is situated along the east boundary.

The subject property includes sections of post and wire and chainlink fencing along the south and east boundaries. The fencing is older and in poor condition and provides no contributory value.

Adjacent uses include vacant land to the north and west, City-owned property (William James Walking Trail) to the south, and the Railyard One property to the east. NW 18th Street extends east from NW Martin Luther King, Jr. Avenue as a two-lane paved interior street and then continues north and east as an unpaved dirt road towards the subject site. Although an aerial map provided by the Marion County Property Appraiser's Office indicates the right-of-way for SW 18th Street (50-feet wide) extends in an east/west direction from NW Martin Luther King, Jr. Avenue, the roadway physically begins within a City-owned property (Parcel No. 25489-000-00) adjacent south of the aforementioned right-of-way. It then turns north to the right-of-way and continues east to another City-owned parcel (Parcel No. 25491-001-00) that provides easement access to the northwest corner of the subject property. NW Martin Luther King, Jr. Avenue is a connector that extends from NW 35th Street to SW 17th Street (SR 464) and includes four asphalt-paved lanes, concrete and landscaped median, center turn-lane to NW 18th Street, concrete curbs and gutters, concrete sidewalks, overhead electric service, and streetlights. Based on information provided by the Florida Department of Transportation (FDOT), the annual average daily traffic (AADT) data along NW Martin Luther King, Jr. Avenue (NW 10th Street to NW Gainesville Road) in 2024 was a total of 7,400 trips.

The subject property includes water, sewer, and electricity provided by the City of Ocala. According to FEMA Flood Insurance Rate Map Panel No. 12083C 0509 E, dated April 19, 2017, the subject site is located in Zone X, an area of 0.2% annual flood chance or of 1% annual chance flood with average depths of less than one foot or with drainage areas less than one square mile. Based on a National Wetlands Inventory Map provided by the U.S. Fish and Wildlife Service, the subject property does not include any wetlands.

FLOOD INSURANCE RATE MAP

As was previously discussed, the subject property is identified as approximately 6.65 acres (289,674 SF) of vacant land located east of NW Martin Luther King, Jr. Avenue in Ocala, Marion County, Florida. It is further identified as Parcel No. 25502-000-00 and includes easement access from the terminus of NW 18th Street. Please refer to the Site Description and Analysis section of this report for descriptions of the subject site and any improvements.

Based on my comparison of the subject with other vacant sites in the market area, the physical characteristics are typical of similar properties. The slightly irregular-shaped site includes grassy characteristics with minimal tree cover, highest elevations in the central portion of the site, and a gradual downward slope to the north, south, east, and west. The property has earthen berms and debris piles along the south and east boundaries. It includes an interior lot configuration with easement access from the terminus of NW 18th Street, which is accessible from NW Martin Luther King, Jr. Avenue. The CSX Railroad (Florida Northern Railroad) right-of-way is situated along the east boundary. These characteristics are conducive to development that would benefit from the location just removed from NW Martin Luther King, Jr. Avenue. As a result, this analysis indicates the subject is overall comparable to other vacant properties in the area.

As previously discussed in the Zoning and Land Use Plans section of this report, the subject is zoned M-3, Heavy Industrial with a Medium Intensity/Special District future land use classification. The M-3 district is intended primarily for those heavy manufacturing and processing activities that create undesirable effects not properly associated with residential or commercial areas. Outdoor manufacturing activities and storage associated with permitted uses may be allowed in the M-3 district. Service and commercial establishments, as well as showroom and outdoor sales, are not permitted in this district. In addition, residential, retail, agricultural, eating or drinking establishment, hospitality and tourism, personal service, vehicular service, education/recreation/social uses, public uses, and health care uses are not permitted. Due to the location removed from NW Martin Luther King, Jr. Avenue and within a neighborhood that is largely comprised of commercial and industrial properties, some form of industrial development is appropriate.

A review of the City of Ocala Future Land Use Maps shows the subject's location in relationship with surrounding land uses. The zoning and future land use patterns are consistent with planning policies, and adjacent land uses in the area are complementary. As a result, there are no probable zoning or future land use amendments for the subject. Please refer to the Zoning and Land Use Plans section for more detailed discussion of the public regulations governing the subject property.

A neighborhood has been defined as a grouping of complimentary land uses affected in a similar manner by the following forces: social, economic, governmental, and environmental, which affect all property values. In addition to physical boundaries, neighborhood boundaries can be further identified by perceptible changes in such characteristics as degree of similarity in land use, type of structure, architectural style, and

maintenance. Its surrounding community or metropolitan area influences every neighborhood.

The general neighborhood that has the greatest impact upon the highest and best use of the subject property is described as the land area lying east of I-75, south of NW 35th Street, north of US Highway 27, and west of US Highway 301/441 in northwest Ocala. Much of the neighborhood is zoned industrial and is utilized for a variety of industrial purposes. Although industrial utilization is the most predominant use found in the subject neighborhood, other land uses also exist. This is evidenced by residential uses that are scattered throughout the neighborhood, but away from the major thoroughfares. Other significant land uses include commercial properties situated along NW 27th Avenue, US Highway 301/441, and US Highway 27. These uses are most prevalent at the US Highway 27 interchange with I-75.

According to information provided by CoStar, the 2024 population estimate within five miles of the subject property was 88,962 persons, which represents a 3.54% increase over 2020 levels. This is expected to increase to 103,829 persons in 2029. The average household size is 2.30 persons and 56.66% of the homes are owner-occupied. The median age within a five-mile radius of the subject is 40.90 years and the unemployment rate of 1.66% is below the Ocala/Marion County and State averages of 6.3% and 4.2%, respectively (United States Department of Labor, Bureau of Labor Statistics, November 2025). The average household income in the area is $74,644 and the median household income is $51,116. The median home value within five miles of the subject property is $190,405 and the median year built is 1983. Lastly, a slight majority of the homes in the immediate area are valued between $100,000 and $200,000 (32.01%), while 27.02% of the homes are valued between $200,000 and $300,000 and 21.06% of the homes are valued at less than $100,000.

The industrial complexion of the subject neighborhood is due primarily to the proximity of the three I-75 interchanges of west Ocala. The subject neighborhood accesses I-75 via US Highway 27, while the SR 40 interchange is located about 1½ miles to the south and the SR 200 interchange is approximately four miles to the south. In addition to favorable distribution routes available to the subject neighborhood, other amenities include rail access, a full complement of City utilities, and the Ocala International Airport, which is located at the southwest corner of the signalized intersection of SR 40 and SW 60th Avenue.

The Florida Department of Transportation (FDOT) also plans to construct a new Diverging Diamond Interchange (DDI) in the area of I-75 and NW 49th Street. This interchange will improve interstate and regional mobility within Marion County, accommodate future traffic growth, and provide relief to existing surrounding interchanges. The DDI design was chosen because it has proven to enhance efficiency and increase safety by eliminating left turns across oncoming traffic. Construction of the interchange is funded for 2025 and the total costs including design, right-of-way-acquisition, and construction are $100,500,000. This interchange will be located approximately 3½ miles northwest of the subject and construction is expected to commence in 2025. Buc-ee's acquired a 34.47-acre

site at the southeast pin of the proposed I-75/NW 49th Street interchange. It is proposed to be the largest Buc-ee's in Florida at 80,000 SF with 120 fuel pumps and 750 parking spaces. Other properties near the proposed interchange have been purchased in the past few years with plans for additional commercial and industrial development. This interchange will connect to NW 35th Street within the Ocala-Marion County Commerce Park. The roadway is part of a road widening project that is planned to extend east to SR 40 in Silver Springs. It has currently been completed between NW 35th Avenue Road and W. Anthony Road, which has resulted in increased industrial development in the area.

The Ocala-Marion County Commerce Park is located in the northeast quadrant of the I-75/US Highway 27 interchange. It comprises about 490 acres that fronts northbound I-75 at US Highway 27 and another 244 surrounding acres that could be consolidated for a mixed-use commerce park. The development includes the 383,161 SF FedEx Ground package distribution hub, a 444,000 SF AutoZone distribution hub that serves 290 stores throughout Florida and Puerto Rico, a 600,000 SF distribution facility for Chewy.com, and the 617,046 SF Florida Crossroads Logistics Center (Amazon). A 27.85-acre parcel was acquired by Peak Development in 2021 and subsequently developed with a 350,895 SF warehouse known as the Ocala Logistics Center. The entirety of the space was leased to BroadRange Logistics in November 2023. Another 35.14-acre site was purchased by SFG Ocala I, LLC in 2021 and developed with the Topline Logistics Center, which includes 457,217 SF of space that was leased in November 2025. The most recent acquisition of real estate in the Ocala-Marion County Commerce Park occurred in September 2023 when Averitt Express purchased 15.41 acres for the development of a transportation and logistics facility that will includes three phases totaling approximately 70,000 SF.

The other industrial parks east of I-75 are generally situated along and just removed from the road frontage of NW 27th Avenue. These subdivisions include Shady Road Industrial Park, Going's Corner, Galloway and Sands Industrial Subdivision, Bryan's (Bison) Industrial Park, Central Park, and South Forty Industrial Park. This area includes the Hale Products-Class 1, Outlaw Snax, Cheney Brothers, Green Ops-Ocala, and Raney's Truck Parts manufacturing and distribution facilities.

Other industrial properties located proximate to the subject include The Carport Company, Ace Distribution Solutions, Tri-County Truck and Trailer Repair, Anderson Columbia Plant No. 8, Encore Electric, Elite Construction, Capris Furniture, Counts Construction, Robinson Custom Metals, Frampton Construction, Fletcher Plumbing, Thompson Custom Auto, Friends Recycling, Carl Johnson Towing, Groeb Motors, Paintworx, Sallee Horse Vans, Hall-Mark Fire Apparatus, Air Parts, Trademark Electric, Southern Marble, Ray's Construction of Ocala, D & S Pallet Recycle, Steve Allen Construction-Tallen Builders, Marcum Construction, All American Cabinetry, Advanced Marketing Southeast, Butcher Transportation, A & A Trucking and Excavating, D & D Asphalt, and Ocala Recycling. A 148,000 SF facility for Antebellum Manufacturing was recently completed along NW 35th Street. The majority of these properties are situated along NW 27th Avenue and NW 35th Street. It should be noted these properties are predominately owner-occupied and limited comparable rental data was available for the immediate neighborhood.

Primary factors of influence within the neighborhood include commercial and light industrial uses that service the surrounding residential base, as well as its proximity to I-75 and downtown Ocala. The proximity to I-75 allows for easy transportation access for distribution purposes as evidenced by the numerous industrial parks located near the interchanges. As well, the eastern boundary is located along US Highway 301/441, a major north/south artery in Ocala that provides excellent visibility and exposure for retail commercial uses (used car dealerships, fast food restaurants, branch banks, service stations, and convenience stores).

Commercial uses in the subject neighborhood are generally situated along US Highway 27 and N. Pine Avenue (US Highway 301/441). The properties include restaurants, auto sales and service centers, office buildings, retail properties, and convenience stores with fuel sales. The neighborhood also includes several mobile home dealerships situated along US Highway 27 to the west of NW 27th Avenue. A number of hotels, motels, convenience stores with fuel sales, and fast food restaurants are located at the I-75 interchange with US Highway 27. UF Health recently completed a neighborhood hospital with emergency department services at the northeast pin of the I-75/US Highway 27 interchange. In addition, NW 30th Avenue, which is situated east of the Marion County Criminal Justice Complex, includes numerous office buildings that are primarily operated by bail bondsmen.

As well, the governmental facilities in the area include the Mary Sue Rich Community Center, Ocala Wetland Recharge Park, Howard Middle School, Madison Street Elementary School, and the Marion County Jail. Other governmental properties in the neighborhood include the State of Florida Department of Transportation facility, and the Marion Regional Juvenile Detention Center. It should be noted the presence of the Marion County Criminal Justice Complex and the Marion Regional Juvenile Detention Center could be perceived as having a negative influence on the neighborhood with respect to marketing. However, NW 10th Street is also improved with a mixture of commercial and industrial uses including Chariot Eagle, Waste Pro, Stone & Surface Designers, and Windstream Utilities.

The increased industrial development has spurred residential construction in the form of single-family residential lots and apartments. The residential properties are scattered throughout and include a mixture of single- and multi-family residential uses. These properties are generally older and of fair to average quality. However, Sable Run was recently completed along the south side of NW 21st Street. It includes 18 lots that represent an undeveloped portion of the Howard Heights subdivision. The most significant development in the residential sector of the subject neighborhood is West Oak, which is situated on the site of the former Pine Oaks golf course about ⅔ mile northwest of the subject. The property comprises more than 217 acres that is proposed to include a total of 2,300 multi-family residential units, 150 townhome units, and 170 single-family residential lots, as well as 12,000 SF of commercial space. The project is divided into four phases with development planned through 2027.

The first phase of development included the renovation of the existing clubhouse into a fitness center and swimming pool identified as The Club at West Oaks. Aurora St. Leon

Apartments is located at the northwest corner of NW 21st Street and NW 21st Avenue. It is a 272-unit complex that includes one-, two-, and three-bedroom units, as well as a bark park, pet spa, game lawn, fitness center, and community swimming pool. The Laurels at West Oak subdivision is situated just north of Aurora St. Leon Apartments. It includes 170 single-family residential lots with home/lot packages by Adams Homes and Century Complete starting at $268,990. Madison Oaks West is located in the north portion of the development just south of NW 35th Street. It is a 96-unit complex with one-, two-, and three-bedroom units. The complex includes a community swimming pool, playground, picnic pavilion, and business center. There have been two sales of multi-family residential land in the northwest portion of the site and each parcel is proposed to be developed with 250 units. Discussions with the developer (Scott Siemens) indicated the buyer has plans to take down three additional parcels and construct a total of 1,500 apartment units.

A large portion of the described neighborhood includes single-family residential subdivisions that are improved with fair to average housing in terms of size, quality, and price. They are located sporadically throughout the area, but predominantly away from the major roadways in the central and eastern portions. These are generally mature developments that were constructed more than 50 years ago. They were noted as Tree Haven, Howard Heights, Bunche Heights, Richmond Heights, Belvedar, Bethune Village, Westwood Park, and others. Although the majority of apartment complexes in northwest Ocala are located south of US Highway 27, the neighborhood includes Aurora St. Leon Apartments and Madison Oaks West. Another multi-family residential project that has been partially completed and is currently on hold is identified as Crystal Park Apartments with 130 proposed units. This suggests apartments and other multi-family residential uses have been accepted in the area.

The City of Ocala plans to expand on the success of the West Oak development with a revitalization plan for the surrounding area. The Ocala Wetland Recharge Park represented one of the initial phases of the plan with the next phase identified as Reeds Place. This includes the land lying south of NW 21st Street, north of NW 17th Street, east of NW 21st Avenue, and west of NW Martin Luther King, Jr. Avenue. The Mary Sue Rich Community Center serves as the anchor for this area of revitalization. Based on plans provided by the City, the project could potentially include a mixture of single-family residential, multi-family residential, and mixed-use (commercial and residential space) development connected by interior roadways and pedestrian walkways.

However, a portion of Reeds Place is located on the site of the former Royal Oaks Charcoal Plant that operated from 1970 to 2006. The City secured a Florida Department of Environmental Protection (FDEP) Brownfields grant to perform an environmental assessment and complete remediation work from 2011 to 2020. The east portion of the former plant includes on-site soil contamination that is above levels appropriate for residential development and further remediation is necessary. Furthermore, there is a potential for on-site groundwater contamination that is monitored by six monitoring wells. In order to develop the remainder of the former plant site it is likely the soil will need to be excavated and removed and the groundwater must continue to be monitored.

Between 2000 and 2010, the county's population increased from 258,914 to 331,298, an increase of about 28.0%. As of July 1, 2023, the population of Marion County had increased to 403,966. During the same 10-year period (2000-2010), 42,671 new residential units were constructed in Marion County. According to the U.S. Census Bureau, the number of new residential units constructed annually increased from 2,354 in 2000 to 7,453 in 2005. The number of new residential units for 2006 dropped slightly to 7,063 and each successive year to a low of 397 in 2012. The number of units permitted then gradually increased with 630 residential units in Marion County during 2013, 755 in 2014, 1,055 in 2015, 1,426 units in 2016, 2,234 units in 2017, and 2,808 units in 2018. There were a total of 2,357 permits issued for residential housing in 2019. Although the number of permits issued in 2019 was slightly lower than 2018 levels, there was a significant increase in 2020 with 3,814 housing units permitted. In addition, there were a total of 6,229 units permitted in 2021, 6,489 units in 2022, 5,197 units in 2023, and 7,071 units in 2024. There have been a total of 5,403 units permitted through November 2025. With respect to the area of the subject property (five-mile radius), 6,006 housing units were constructed between 2000 and 2010, while 3,462 housing units have been built in the area since 2010.

Due to the current inventory of vacant lots within existing developments throughout Marion County, growth patterns for the county are not expected to change significantly. However, demand for new housing units has increased as evidenced by the higher number of residential units permitted. Additionally, an increase in demand for new residential development in the subject neighborhood is anticipated as evidenced by the limited availability of vacant lots in existing subdivisions and the higher number of building permits issued for residential housing units.

That being said, the United States of America continues to recover from a national health pandemic caused by COVID-19 (coronavirus). In the short-term, financial markets and the global economy experienced significant volatility and turmoil. The Federal Reserve responded to the pandemic with significant reductions to interest rates in an effort to offset market uncertainty. In an effort to avoid face-to-face contact, banks initially reduced access to their lobbies. These policies were relaxed and increased transaction volumes were the result. However, interest rates have since increased and lending has decreased to some degree.

With respect to Florida, the number of new cases peaked in July 2020 and then decreased throughout August 2020 to the middle of October 2020. The number of cases peaked again in January and mid-August 2021, January 2022, August 2023, and most recently in July 2024. Although intermittent spikes may occur in the future, there is optimism any market disruptions could be short-term. Vaccines are widely available to the general public. In addition, recent studies indicate natural immunity generated from an infection was found to be at least as high, if not higher, than that provided by the vaccines. My analysis relies on the best market data available. Furthermore, the market continues to stabilize and revert to prior conditions as the public health risk remains contained.

In conclusion, this neighborhood includes a mixture of commercial, light industrial, and residential properties. As a result, the subject neighborhood reflects an accepted industrial

area of Ocala. This area has proven to be successful with these types of properties and it is these uses that impact the highest and best use of the subject to the greatest extent. Marketing activity in this portion of Ocala has been fairly stable due to the mature age of the developments and properties located therein. Although the majority of newer construction has occurred west of I-75 and proximate to the Ocala International Airport, the construction of the Ocala-Marion County Commerce Park has spurred industrial development in the area. The growth in the industrial sector has created demand for residential units and portions of the immediate area are transitioning to residential uses. However, due to the proximity to I-75, the area continues to be accepted for industrial use. The area also includes ample infrastructure and a large residential base that provide the foundation for development in the future. In addition, the widening of NW 35th Street, as well as the proposed construction of a new I-75 interchange at NW 49th Street and the construction of the West Oak development, should further enhance the marketability of the neighborhood, the immediate area, and the subject property.

HIGHEST AND BEST USE ANALYSIS

The basis of an appropriate conclusion of final value is the identification of the most profitable and competitive use to which a property can be put. This is accomplished through an analysis of the property's highest and best use.

***The Appraisal of Real Estate,* Fourteenth Edition**, published by the Appraisal Institute, defines highest and best use as:

The reasonably probable and legal use of vacant land or an improved property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity.

Highest and best use analysis is a three-step process. The first step involves the highest and best use of a site as though vacant. The determination must be made to leave the site vacant or to improve it. If the conclusion is to improve the site, the second step is to determine the ideal improvement. The final step is a comparison between the ideal improvement and the existing or proposed improvement. At this point, the determination must be made to maintain the property in its present or proposed form or to modify the improvements to conform more closely with the ideal.

AS VACANT

Acknowledging the existing zoning (M-3, Heavy Industrial) and future land use (Medium Intensity/Special District) designations, as well as location removed from NW Martin Luther King, Jr. Avenue, development of the subject site is intended for industrial uses. As sale prices and rental rates for comparable industrial space increase and vacancy levels remain low, the costs to acquire land and develop new facilities are more feasible and construction is expected to continue. This is supported by recent vacant industrial land

sales and new construction in the market. As a result, the financial feasibility for industrial development is well stated due to the location proximate to existing industrial properties and US Highway 27, NW 35th Street, and I-75. Market data and discussions with knowledgeable market participants also indicate property values and rental rates for industrial properties continue to increase. Such a use should result in maximum productivity for the site with ample size for buildings, site improvements, greenspace, and required on-site water retention. Therefore, use of the subject for **industrial development** purposes represents the highest and best use of the subject site, as vacant.

PROCESS OF ANALYSIS AND VALUATION

Traditionally, there are three approaches utilized in the valuation of real property. These include the Cost Approach, Sales Comparison Approach, and Income Capitalization Approach.

The Cost Approach is based on the principle of substitution, which states that no rational person would pay more for a property than the amount for which can be obtained, by purchase of a site and construction of improvements, without undue delay, a property of equal desirability and utility. The basic steps of the Cost Approach are to estimate site value, as vacant, estimate the reproduction cost new of the basic improvements and minor structures (excluding any that were included as part of the site value), and then estimate, in dollar amounts, the accrued depreciation caused by the physical deterioration, functional deficiencies or superadequacies, or any adverse external influences. The next step is to deduct the accrued depreciation from the improvement's estimated reproduction cost new to arrive at a present depreciated cost estimate. Then, by adding the site value estimate, the result is to arrive at an indicated value for the property via the Cost Approach.

The Sales Comparison Approach is based on the principal of substitution, which indicates that an informed purchaser would pay no more for a property than the cost of acquiring an equally desirable substitute property with the same or similar utility. This approach is applicable when an active market provides sufficient quantities of reliable data that can be verified from authoritative sources. The Sales Comparison Approach is reliable in a dynamic market or if an estimate of value is related to properties for which there are comparable sales available. This approach to value is also pertinent when sales data can be verified with the principals to the transaction. Heavy emphasis is placed on this approach to value in an active market.

In the Income Capitalization Approach, we are concerned with the present value of any future benefits of property ownership. Future benefits are generally indicated by the amount of net income the property will produce during its remaining useful life. After comparison of interest yields and characteristics of risk for investments of similar type and class of properties, this net income is then capitalized into an estimate of value. The value indicated by the Income Capitalization Approach is generally the most indicative value indication for properties that are held for income production or for investment purposes.

After obtaining value estimates by the Cost, Sales Comparison, and Income Capitalization Approaches, the results are reconciled into a final market value conclusion. This reconciliation process is a weighing of the strengths and weaknesses of each approach in order to reconcile the independent valuation estimates into a single, comprehensive estimate of market value.

For purposes of this appraisal report, only the Sales Comparison Approach to value will be included herein.

The Sales Comparison Approach of this appraisal will compare sales of similarly influenced properties with the subject. The reliability of this approach rests in the validity of the sales presented in terms of sale price, location, date of sale, physical characteristics, and so forth. This is accomplished by the verification process in which parties to the transactions are interviewed to verify information concerning the sales.

This approach is based on the Principle of Substitution, which holds that buyers and sellers go through a process similar to the comparison process herein when selecting a property based upon personal preferences, tastes, opinions, and desires. Adjustments are made to the sales when differences are found after comparing them to the subject.

The procedures of the Sales Comparison Approach include the investigation of the market for comparable sales based upon the best verification available. These land sales are then compared to the subject and adjustments are applied (as needed) to account for differences noted. Examination and analysis of the sales and the resulting adjusted sale prices provide the best reflection of value for the subject property via the Sales Comparison Approach.

Due to the conclusion of highest and best use, as vacant, for some form of industrial development, sales of similar vacant parcels in the subject neighborhood are compared to the subject resulting in an appropriate conclusion of value for the subject site. Due to the limited number of vacant industrial land sales, the sales studied also include similar-sized properties in the immediate area. Because no two properties are identical, adjustments are applied as an equalizer to account for differences between the sales and the subject. In lieu of specific adjustments, the bracketing process will be employed. This process "brackets" the subject between the sales with superior (-) and inferior (+) characteristics with the indication of value for the subject emphasizing those sales with similar features. This will be demonstrated in the following analysis.

The land sales presented in the following table are located in the subject's market area and other areas of similar economic influence. As a result, the sales studied are considered to be the most comparable to the subject property and will be used to provide the estimate of market value for the subject via the Sales Comparison Approach, as of the effective date of valuation.

Based on market evidence, vacant properties approved for industrial development are most commonly valued on a price per acre basis. All of the comparable land sales have been inspected and analyzed on the basis of conditions of sale, market conditions (time), location, size, physical characteristics, amount of road frontage (accessibility), and permitted development density (zoning). These adjustments will be applied to the land sales presented in the following table. The comparable land sales location map and presentation of the land sales will follow the table.

COMPARABLE LAND SALES Subject: 6.65 AC

LAND SALES LOCATION MAP

LAND SALE 1

COUNTY:	Marion
RECORDING:	8443/0030
LOCATION:	South side of NE 24th Street just east of NE 25th Avenue, Ocala
SALE DATE:	10/07/2024
SALE PRICE:	$1,250,000 $56,536/AC
FINANCING:	Cash to seller
PROPERTY RIGHTS:	Fee simple
CONDITIONS OF SALE:	Arm's length
GRANTOR:	Chapman Family Foundation, Inc.
GRANTEE:	BFS Real Estate, LLC
LEGAL DESCRIPTION:	Lengthy legal lying in Section 03-15-22; Marion County, Florida
HIGHEST & BEST USE:	Industrial development
SITE SIZE:	963,112 SF; 22.11 AC

LAND SALE 1

SITE DESCRIPTION:	Slightly irregular-shaped site; heavy tree cover and underbrush; highest elevations to the west with a gradual downward slope to the east; interior lot configuration with paved road frontage along NE 24th Street; situated level with road grade; according to the FDOT, the AADT along NE 24th Street (CR 200-A to NE 36th Avenue) in 2023 was a total of 3,200 trips; CSX Railroad right-of-way along the south boundary
ZONING:	M-1, Light Industrial
FUTURE LAND USE:	Employment Center
FLOOD ZONE:	Zones X and A (FEMA Panel No. 12083C 0528 E; 04/19/2017); the property includes three pockets of Zone A in the central, north-central, and southeast portions of the site
IMPROVEMENTS:	None
ANALYSIS:	The property was listed for $1,500,000 and was on the market for 770 days prior to the sale; based on a study of industrial land sales in the market, the purchase price was somewhat aligned with market occurrences
VERIFIED WITH:	David Williams, Broker Associate (Showcase Properties of Central Florida) via MLS: 01/29/2026
VERIFIED BY:	Nathan R. Gibboney, MAI
PARCEL NO:	24265-000-00

LAND SALE 2

COUNTY:	Marion
RECORDING:	8501/1043
LOCATION:	West side of NW Gainesville Road (CR 25-A) between US Highway 301/441 and NW 35th Street, Ocala
SALE DATE:	12/23/2024
SALE PRICE:	$1,200,000 $114,286/AC
FINANCING:	Cash to seller
PROPERTY RIGHTS:	Fee simple
CONDITIONS OF SALE:	Arm's length
GRANTOR:	FRHP Lincolnshire, LLC
GRANTEE:	NW 20th Street, LLC
LEGAL DESCRIPTION:	Lengthy legal lying in Section 06-15-22; Marion County, Florida
HIGHEST & BEST USE:	Commercial development
SITE SIZE:	457,380 SF; 10.50 AC

LAND SALE 2

SITE DESCRIPTION:	Slightly irregular-shaped site; grassy characteristics with pockets of moderate tree cover; highest elevations to the east with a gradual downward slope to the west; interior lot configuration with paved road frontage along CR 25-A; situated level with road grade; the property is divided by a 40'-wide right-of-way for NW 31st Street, which has not been constructed; according to the FDOT, the AADT along CR 25-A (US Highway 441 to NW 35th Street) in 2023 was a total of 18,700 trips
ZONING:	B-4, General Business (north 5.00 AC) B-5, Wholesale Business (south 5.50 AC)
FUTURE LAND USE:	Low Intensity (north 5.00 AC) Employment Center (south 5.50 AC)
FLOOD ZONE:	Zones X and AE (FEMA Panel Nos. 12083C 0507 D and 12083C 0509 E; 08/28/2008 and 04/19/2017); the property includes two pockets of Zone AE in the south portion of the site with a base flood elevation of 63.0 feet
IMPROVEMENTS:	The south portion of the property includes paving and infrastructure associated with the former RV sales and service facility
ANALYSIS:	The property was purchased for redevelopment; the verifying party indicated the south portion of the site will be developed with a 20,000 SF office warehouse facility, while there are no current plans for the north portion; based on other commercial land sales in the subject neighborhood, the purchase price was aligned with market occurrences

LAND SALE 3

COUNTY:	Marion
RECORDING:	8567/1377
LOCATION:	West side of NW Martin Luther King, Jr. Avenue just north of NW 28th Place, Ocala
SALE DATE:	03/24/2025
SALE PRICE:	$300,000 $50,000/AC
FINANCING:	Allstate Servicing, Inc. ($200,000)
PROPERTY RIGHTS:	Fee simple
CONDITIONS OF SALE:	Arm's length
GRANTOR:	Intimacy House of Prayer, Inc.
GRANTEE:	Kut Different, Inc.
LEGAL DESCRIPTION:	Lengthy legal lying in Section 01-15-21; Marion County, Florida
HIGHEST & BEST USE:	Multi-family residential development
SITE SIZE:	261,360 SF; 6.00 AC

LAND SALE 3

SITE DESCRIPTION:	Rectangular site; heavy tree cover and underbrush; highest elevations to the northeast with a gradual downward slope to the southwest; interior lot configuration with paved road frontage along NW Martin Luther King, Jr. Avenue, as well as the terminus of NW 17th Avenue and NW 18th Avenue, which are interior streets within the Tree Haven Subdivision; situated level with road grade; according to the FDOT, the AADT along NW Martin Luther King, Jr. Avenue (NW 10th Street to NW Gainesville Road) in 2024 was a total of 7,400 trips
ZONING:	INST, Institutional
FUTURE LAND USE:	Low Intensity
FLOOD ZONE:	Zone X (FEMA Panel No. 12083C 0509 E; 04/19/2017)
IMPROVEMENTS:	None
ANALYSIS:	The property was listed for $350,000 and sold after 12 days on the market; it was purchased for development with a private school (Kut Different Academy); the zoning would have to be changed to permit residential development; based on a study of multi-family residential land sales in the market, the purchase price was aligned with market occurrences

Conclusion

The comparable land sales presented herein include an appropriate sale price range for conclusion of value for the subject property. These six sales provided a range from $50,000/AC to $173,160/AC with a statistical mean of $87,565/AC and a statistical median of $66,733/AC. Based on the bracketing process as noted in the comparable land sales table, an indication of value above $76,930/AC (highest indicator of Land Sales 1, 3, 5, and 6) and below $114,286/AC (lowest indicator of Land Sales 2 and 4) is reflective of this study.

In addition, I have studied four listings of vacant parcels that are zoned for commercial and industrial development. These properties provided an asking price range from $99,305/AC to $175,000/AC with an average asking price of $119,826/AC. It should be noted these properties range in size from 5.00 to 20.00 acres and have been on the market for an average of 915 days. Because of negotiations that are likely to occur prior to any sale and result in a lower sale price, a conclusion well below the average listing price is made. In addition, the average number of days on market suggests the asking prices are higher than buyers are willing to pay.

Therefore, based on the land sales studied, a conclusion between the statistical indicators is appropriate. This accounts for the smaller size (economies of scale) of the subject site as compared to the majority of the land sales studied and more intensive industrial zoning classification, which is offset by the inferior accessibility. As a result, I have concluded the market value estimate of the fee simple interest of the subject property, as of January 29, 2026, at **$80,000/AC**, or **$530,000**.

ESTIMATE OF MARKET VALUE **$530,000**
As Is, As of January 29, 2026

MARKETING AND EXPOSURE TIME

According to discussions with area Brokers and real estate agents, properties similar to the subject typically spend between nine months and 24 months on the market, depending on the location, physical condition, and asking price. This is somewhat supported by the improved sales studied that included an average of 523 days on the market, which is towards the upper end of the range. Based on this information, as well as acknowledging the current economy and market in northwest Ocala, the projected exposure time for the subject property is estimated at **12 months**.

While exposure time represents the estimated length of time the property would have been offered on the market prior to the hypothetical consummation of a sale at market value, as of the effective date of valuation, marketing time is an opinion of the amount of time it might take to a sell a real property interest at the concluded market value level during the period immediately after the effective date of valuation. In other words, exposure time

occurs prior to the effective date of valuation and marketing time occurs after the effective date. According to information provided by local Brokers familiar with the market area, the projected marketing time for the subject is estimated between **nine and 12 months**.

CERTIFICATION

I certify, to the best of my knowledge and belief, that:

- The statements of fact contained in this report are true and correct.
- The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
- I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
- My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute.
- The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice (USPAP).
- The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.
- I have personally inspected the property that is the subject of this report and made a visual inspection of all comparable sales that were studied.
- No one provided significant real property appraisal assistance to the person signing this certification.
- As of the date of this report, Nathan R. Gibboney, MAI has completed the continuing education program for Designated Members of the Appraisal Institute.
- I have not provided any services regarding the subject property within the prior three years, as an appraiser or in any other capacity.

The appraisal report has been made with the following general assumptions and limiting conditions:

1. No responsibility is assumed for the legal description provided or for matters pertaining to legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated.

2. The property is appraised free and clear of any or all liens or encumbrances unless otherwise stated.

3. Responsible ownership and competent property management are assumed.

4. The information furnished by others is believed to be reliable, but no warranty is given for its accuracy.

5. The value finding of this appraisal is contingent upon the conclusions of a qualified survey of the subject property in terms of size, dimensions of the land and/or improvements, and the location of those on-site improvements. Significant differences between the survey and the representations made by the client and reported herein may result in the need for reevaluation of the appraisal process as it relates to the subject.

6. All engineering studies are assumed to be correct. Maps, plats, exhibits, and other illustrative material in this report are included only to help the reader visualize the property.

7. It is assumed that there are no hidden or unapparent conditions of the property, sub-soil, or structures that would render it more or less valuable. No responsibility is assumed for such conditions nor for the engineering that may be required to discover such factors. Unless specifically cited, no value has been allocated to subsurface rights or deposits, including minerals, oil, gas, and geothermal.

8. It is assumed that the property is in full compliance with all applicable federal, state, and local environmental regulations and laws unless the lack of compliance is stated, described, and considered in the appraisal report.

9. It is assumed that the property conforms to all applicable zoning and use regulations and restrictions unless a nonconformity has been identified, described, and considered in the appraisal report.

10. Although the flood hazard status for the subject property has been studied, it is recommended that more in-depth information be obtained prior to development upon the site.

11. It is assumed that all required licenses, certificates of occupancy, consents, and other legislative or administrative authority from any local, state, or national government or private entity or organization have been or can be obtained or renewed for any use on which the value estimate contained in this report is based.

12. It is assumed that the use of the land and improvements (if applicable) is confined within the boundaries or property liens of the property described and that there is no encroachment or trespass unless noted in the report.

13. Unless otherwise stated in this report, the existence of hazardous materials, which may or may not be present on the property, was not observed by the appraiser. The appraiser has no knowledge of the existence of such materials on or in the property. The presence of substances such as radon gas, lead based paint, mold, fungi, asbestos, formaldehyde, ground water contamination, underground storage tanks, and other potentially hazardous materials may affect the value of the property. The appraiser, however, is not qualified to detect such substances and is not an expert in the identification of adverse environmental factors. The value estimated is predicated on the assumption that there is no such material on or in the property that would cause a loss in value. No responsibility is assumed for such conditions or for any

expertise or engineering knowledge required to discover them. The intended user is urged to retain an expert in this field, if desired.

14. The appraiser has been retained to arrive at an opinion of value and the inspection performed by the appraiser is more of an observation and is not intended to reveal defects in the mechanical systems, plumbing, electrical systems, structural integrity, roofing, or other components of the structures appraised. The appraiser does not claim to be an expert in those areas. The appraiser can only observe areas that are visually accessible. If the client has any concerns about or questions about such conditions, an expert in this field should be called to do an inspection.

15. The conclusion presented within this report is warranted as an accurate representation of value, subject to the Certification of Value and Assumptions and Limiting Conditions specified herein, as of the effective date of valuation. I assume no responsibility for economic or physical factors occurring at some later date that may affect the opinion of value herein stated.

16. The conclusion of value presented within the report is an opinion and estimate of the appraiser. There is no guarantee, written or implied, that the subject property will sell for the precise estimate of value contained herein.

17. Forecasted projections presented within this report are utilized to assist in the valuation process and are based on current market conditions, as well as anticipated short-term supply and demand factors. Therefore, the projections are subject to changes in future conditions that cannot be accurately predicted by the appraiser and could affect the future income or value projections.

18. If this appraisal is to be used for mortgage loan purposes, the applicable lending procedures must be consistent with acceptable lending practices as promulgated by the Office of Thrift Supervision (OTS; formerly the Federal Home Loan Bank Board), the Office of the Comptroller of the Currency (OCC), the Federal Deposit Insurance Corporation (FDIC), and the Savings Association Insurance Fund (SAIF; formerly the Federal Savings and Loan Insurance Corporation). I assume no liability for a loss in value applicable to the subject, or its proposed development, which occurs as a result of lending practices that vary from generally accepted mortgage underwriting guidelines as established by institutions such as the OTS, OCC, FDIC, and the SAIF, or when the loan proceeds are diverted to other parties, uses, or properties.

19. Expert witness testimony or attendance in court or at any other hearing by Nathan R. Gibboney, MAI is not required by reason of rendering this appraisal unless such arrangements are made a reasonable time in advance.

20. Disclosure of the contents of the appraisal report is governed by the bylaws and regulations of the Appraisal Institute.

21. This appraisal report, including the format style, spreadsheet data, and addenda, is the property of the appraisal firm of **Gibboney & Associates** and no portion of the report is to be reproduced without the expressed written permission of **Gibboney & Associates**.

22. Any allocation of the total value estimated in this report between the land and the improvements applies only under the stated program of utilization. The separate values allocated to the land and buildings must not be used in conjunction with any appraisal and are invalid if so used.

23. Possession of this report, or a copy thereof, does not carry with it the right of publication.

24. The appraiser, by reason of this appraisal, is not required to give further consultation or testimony or to be in attendance in court with reference to the property in question unless arrangements have been previously made.

25. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news, sales, or other media without the prior written consent and approval of the appraiser.

26. The only intended user of this appraisal is the intended user stated in the appraisal report. There is no other intended user. No purchaser, seller, or borrower are intended users of this report. No party, other than the intended user, should rely upon this appraisal for any purpose whatsoever. The fact that some party, other than the client, paid for the appraisal, either directly, or indirectly, does not make them an intended user.

AGREEMENT FOR PURCHASE AND SALE OF REAL PROPERTY

THIS AGREEMENT FOR PURCHASE AND SALE OF REAL PROPERTY is made and entered into this _____ day of _____ 2026 by and between the CITY OF OCALA, FLORIDA, a Florida municipal corporation, whose address is 110 S.E. Watula Avenue, Ocala, Florida 34471, hereinafter referred to as "BUYER," and STAVOLA INVESTMENTS LLC, Florida limited liability company, whose mailing address is PO BOX 8, ANTHONY, FL 32617-0008, hereinafter referred to as SELLER.

WITNESSETH:

WHEREAS, STAVOLA INVESTMENTS LLC is the owner of that certain parcel of real property located in the City of Ocala, Florida and Marion County, Florida and further identified by Marion County Property Appraiser Parcel Identification Number 25502-000-00; and

WHEREAS, the CITY OF OCALA, FLORIDA, Florida is interested in acquiring a portion of said parcel of real property and

WHEREAS, STAVOLA INVESTMENTS LLC, desires to sell said portion of said parcel of real property to the City of Ocala, Florida and

WHEREAS, the CITY OF OCALA finds that acquisition from STAVOLA INVESTMENTS LLC of parcel of real property and entry into this agreement is in the best interest of the City of Ocala, Florida and its citizens.

NOW THEREFORE, for and in consideration of the sum of TEN AND NO/100 DOLLARS ($10.00), the mutual promises contained herein and in exchange for the good and valuable consideration provided for herein, the receipt and sufficiency of which are hereby specifically acknowledged, the City of Ocala, Florida and STAVOLA INVESTMENTS LLC hereby agree as follows:

Section 1. Adoption and Incorporation of Recitals.

The recitals outlined above and herein are hereby adopted by BUYER and SELLER and are specifically incorporated herein as part of this agreement.

Section 2. Purpose and Authority for Agreement.

A. This agreement is entered into for the purpose of outlining the terms and conditions of the relationship between BUYER and SELLER with respect to the real estate purchase and sale transaction for a portion of the parcel of real property located in the City of Ocala, Marion County, Florida and further identified as by Marion County, Florida Property Appraiser Parcel Identification Number 25502-000-00.

B. This agreement is entered into pursuant to the authority provided by Chapters 689, 166 and 605, *Florida Statutes*, as well as other relevant provisions of Florida law.

Section 3. Purchase and Sale of Real Property.

BUYER agrees to buy from SELLER and SELLER agrees to sell to BUYER the entirety of SELLER's interest in that portion of that certain parcel of real property located in the City of Ocala, Marion County, Florida and more particularly described as follows:

See Exhibits "A" which is attached hereto and incorporated herein by reference.

Together with all improvements and structures located in and upon said parcel of real property.

Said parcel being a portion of the property being further described by Marion County, Florida Property Appraiser Parcel Identification Number 25502-000-00 and said parcel further being referred to herein as the PROPERTY.

Section 4. Purchase Price.

A. The purchase price for this transaction shall be FIVE HUNDRED FIFTY THOUSAND AND 00/100 U.S.DOLLARS ($550,000.00) due at the closing of this real estate purchase and sale transaction.

Section 5. Time for Acceptance and Contingencies.

A. This agreement is contingent and is not binding upon BUYER until ratified and accepted by the City Council of the City of Ocala, Florida, signed by its President, and attested to by its Clerk, within thirty (30) days of the execution of this agreement by SELLER.

B. If this agreement is not ratified and accepted by the City Council of the City of Ocala, Florida within said thirty (30) day period, this agreement shall be deemed rejected by BUYER and shall be of no further effect.

C. SELLER understands, acknowledges and agrees that the time for acceptance and contingencies contained within this provision cannot be waived by BUYER or any agent of BUYER.

DRAFT

Section 6. Closing of Real Estate Purchase and Sale Transaction.

A. Date of Closing.

The closing for this real estate purchase and sale transaction shall be held on a date selected by BUYER, provided however, that any such date is not more than ninety (90) days following BUYER's acceptance of this agreement in accordance with Section 5 above and herein.

B. Location of Closing.

The closing for this real estate purchase and sale transaction shall be held at the City of Ocala, Florida, Growth Management Department which is located at 208 S.E. 3rd Street, Ocala, Florida 34471, unless otherwise agreed to between the Parties, or may be accomplished via wire transfer of funds and electronic mail of executed documents, to be followed by original documents.

C. Selection of Closing Agent(s).

BUYER may select the closing agent to close this real estate purchase and sale transaction and disburse the proceeds from this transaction.

D. Documents and Payments at the Closing.

At the closing for this transaction:

i. SELLER shall execute and deliver to BUYER a special warranty deed, in a form to be agreed upon during the Feasibility Study Period, transferring the complete and entire interest of SELLER in the afore described real property, subject to the (i) ad valorem taxes for the year of the closing and all subsequent years, (ii) all matters affecting title to the PROPERTY as shown on the Survey or which would be shown on a current and accurate survey of the PROPERTY (including any encroachments), (iii) all easements, covenants, restrictions, and conditions of record, and each Permitted Exception, and rights-of-way of public and private streets and roads, (iv) all easements, restrictions, and rights-of-way as may be apparent from an inspection of the PROPERTY, and (v) all zoning, subdivision, land use, and other laws, regulations, or ordinances applicable to the PROPERTY; together with and any other applicable or necessary corrective instruments;

ii. SELLER shall execute and deliver an affidavit attesting to the absence of any liens, parties in possession, or other claims;

iii. BUYER shall furnish to SELLER a completed closing statement and the entire cash purchase price as identified and outlined in Section 4 above and herein;

DRAFT

iv. BUYER and SELLER shall execute and deliver any other documents reasonably required by the closing agent in order to complete this transaction in accordance with the terms of this agreement.

Section 7. Title; Obligations of Seller.

A. BUYER shall obtain, at BUYER's expense, a title insurance commitment for the PROPERTY, issued by a nationally recognized title insurer (the "Commitment").

B. BUYER may obtain a survey of the PROPERTY (the "Survey"), at BUYER's expense. To the extent that BUYER elects to obtain the Survey, BUYER must obtain and provide to Seller a copy of same no later than the Title Objection Deadline, as defined in Section 9.C. BUYER hereby acknowledges and agrees that in the event BUYER does not elect to obtain the Survey or fails to deliver its objections to the Survey to SELLER by the Title Objection Deadline, any standard survey exception shown in the Commitment shall not be deleted and shall appear on the owner's policy of title insurance.

C. If the Commitment or the Survey contains exceptions to title which are not acceptable to BUYER, then BUYER shall notify SELLER of any and all objections to same (each, a "Title Defect" and collectively, the "Title Defects") in writing (the "Notice of Title Defect") no later than sixty (60) days after the Effective Date, as defined in Section 18 (the "Title Objection Deadline"). The Notice of Title Defect shall be accompanied by copies of the Commitment and all documents referenced therein. Any matter reflected in the Commitment or the Survey (or in the event BUYER elects not to obtain a Survey, then any matter which would have been disclosed in the Survey) to which BUYER does not object by the Title Objection Deadline shall be deemed acceptable and shall thereafter be deemed a "Permitted Exception." SELLER shall have a period of five (5) business days after SELLER's receipt of the Notice of Title Defect (the "Response Period") to notify BUYER which, if any, of the Title Defects SELLER elects to cure (the "Seller's Response"). If SELLER does not timely provide the Seller's Response, SELLER shall be deemed to have elected not to cure any of the Title Defects. If BUYER is dissatisfied with the Seller's Response (or lack thereof), BUYER may, as its sole and exclusive remedy, either: (a) terminate this agreement by delivering notice of such intent to SELLER within five (5) days after the expiration of the Response Period, in which event neither Party shall have any further rights or obligations hereunder, except for those matters that expressly survive termination of this agreement or (b) proceed to the closing, and the Title Defects SELLER elected (or was deemed to have elected) not to cure shall each be deemed a Permitted Exception. If BUYER does not terminate this agreement as set forth in the preceding sentence, BUYER shall be deemed to have elected to accept title to the PROPERTY pursuant to clause (b) above. If SELLER elects to cure one or more of the Title Defects, then SELLER shall have a period to cure such Title Defects up to and including the later of (i) the forty-fifth (45th) day after SELLER's receipt of the Notice of Title Defect and (ii) the Closing (the "Cure Period"), and if needed, the Closing shall be delayed by SELLER until such cure has been completed or until SELLER elects to discontinue any such efforts to cure such Title Defects. If SELLER cures such Title Defects within the Cure Period, then SELLER shall deliver written notice to BUYER with proof of cure reasonably acceptable to BUYER, and title to the PROPERTY shall be deemed accepted by BUYER for purposes of this agreement. If SELLER elects not to cure, or is unable to

DRAFT

cure, the Title Defects within the Cure Period, then, as its sole and exclusive remedy, BUYER may (x) terminate this agreement by delivering notice of such intent to SELLER within five (5) days after expiration of the Cure Period, in which event neither Party shall have any further rights or obligations hereunder, except for those matters that expressly survive termination of this agreement or (i) proceed to the Closing, and the uncured Title Defects shall each be deemed a Permitted Exception. If BUYER does not terminate this agreement as set forth in the preceding sentence, BUYER shall be deemed to have elected to accept title to the PROPERTY pursuant to (ii) above. BUYER shall also have the right to object to any exception of title placed of record or on the PROPERTY permitted by SELLER subsequent to the effective date of the Commitment and/or the Survey, by notifying SELLER in writing no later than three (3) days after BUYER has knowledge of such new matter, and the foregoing procedure set forth in Section 9.C. above shall apply.

Section 8. Conduct of Feasibility Study.

A. BUYER may, during the period commencing on the Effective Date and concluding Ninety (90)days after the Effective Date (the "Feasibility Study Period"), determine whether the PROPERTY is suitable, in BUYER's sole, exclusive and absolute discretion, for BUYER's use.

B. BUYER, at their sole, exclusive and absolute discretion, may conduct a "Phase I" environmental assessment and any other tests, analyses, surveys and investigations ("Inspections") that BUYER deems necessary to determine, to BUYER's satisfaction, the PROPERTY's engineering, architectural and environmental properties; zoning and land use restrictions; subdivision status; soil and grade; availability of access to public roads, water and other utilities; consistency with local, state and regional growth management plans; availability of permits, governmental approvals and licenses; and other inspections that BUYER deems appropriate to determine the suitability of the PROPERTY for BUYER's intended use. BUYER shall not perform any Phase II environmental testing or any invasive testing of the PROPERTY without prior written consent of SELLER .

C. In the event that the PROPERTY must be rezoned or other governmental approval given to permit the use of the PROPERTY for BUYER's purposes, SELLER agrees to execute all documents BUYER may be required to file in connection with development or rezoning approvals and SELLER shall further cooperate with BUYER in obtaining such approvals but shall not be required to incur any expense or liability in the application process or related proceedings or execute any documents that will be binding on SELLER or the PROPERTY in the event this Agreement is terminated.

D. SELLER specifically gives BUYER, its agents and other representatives, the right to enter the PROPERTY at any time during the Feasibility Study Period for the purpose of conducting Inspections. BUYER shall (i) cause any consultant or vendor entering the PROPERTY to carry liability insurance in the minimum amount required by the County and to include SELLER as an additional insured on such insurance policies, and (ii) provide evidence of such insurance to SELLER.

E. SELLER shall fully cooperate with BUYER and its agents, representatives and other professionals in connection with the foregoing.

F. Upon completion of any of the Inspections, BUYER shall restore any damage or disturbance to the PROPERTY caused by such Inspections. BUYER hereby indemnifies, defends, and holds SELLER and its shareholders, officers, employees, agents, members, guests, and other invitees harmless from and against all injury or death to persons, damage (including consequential, punitive, and special damage), loss, cost, expense, or liability including, but not limited to, attorneys' fees and court costs through appeal, arising, directly or indirectly, out of the acts or omissions of BUYER, its agents, employees, invitees, or contractors, on the PROPERTY, including those arising out of the Inspections.

G. Prior to the expiration of the Feasibility Study Period, BUYER shall deliver written notice to SELLER if BUYER determines that the PROPERTY is not acceptable, in which event this Agreement shall be deemed canceled and of no further effect.

Section 9. Prorations of Required Payments.

A. Taxes, assessments, interest, insurance, and other expenses and revenue of the PROPERTY shall be prorated through the date of the closing.

B. Cash at closing shall be increased or decreased as may be required by prorations.

C. If closing occurs at a date or under circumstances where the current year's millage is not yet fixed, or the current year's assessments are otherwise unavailable, taxes will be prorated based on prior year's tax.

D. A tax proration based upon an estimate shall, at request of either party, be readjusted upon receipt of a tax bill if a statement to that effect is signed at closing.

Section 10. Risk of Loss.

In the event that the subject property is damaged by fire or other casualty before the closing for this transaction, BUYER shall have the option of either (A) taking the subject property as is, together with any insurance proceeds payable by virtue of such loss or damage; or (B) cancelling this agreement.

Section 11. Allocation of Expenses.

BUYER shall pay for all title insurance, all fees of the closing agent selected by BUYER, and for the recording of the aforementioned deed and SELLER shall pay all costs necessary to cure or satisfy any title defects, liens or encumbrances and the cost(s) of recording any corrective instruments.

Section 12. Disclosure of Brokerage Commissions.

SELLER represents that it has not listed the PROPERTY or its interest in said property with any real estate broker. SELLER and BUYER each represent to the other that no real estate brokers, salespersons, agents, or finder fees are involved in this transaction, and each party agrees to indemnify and hold harmless the

other party from and against any claims by real estate brokers or other persons claiming by, through or under them.

Section 13. Additional Terms of Agreement.

The Buyer's obligation to purchase the Property is contingent upon the Property being appraised at a value that is equivalent to or more than the total purchase price. The cost of the appraisal will be covered by the Buyer.

Section 14. Acknowledgement that Time is of the Essence.

SELLER and BUYER understand, acknowledge and agree that time is of the essence with respect to this transaction and to each and every provision of this agreement which requires action to be taken by either party hereto, regardless of whether said provisions provide a stated time period or specified date.

Section 15. Limitation on Liability and No Waiver of Sovereign Immunity.

Nothing contained in this agreement is intended to waive sovereign immunity by the City of Ocala, Florida to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Section 768.28, *Florida Statutes*. This term shall survive the termination of all performance or obligations under this agreement and shall be fully binding until any proceeding brought under this agreement is barred by any applicable statute of limitations.

Section 16. Allocation of Attorney's Fees and Costs.

In the event of legal conflict regarding this agreement up to and including litigation, the prevailing party shall be entitled to recover all expenses and costs incurred, including court costs, reasonable attorney's fees, paralegal, investigative and any other paraprofessional fees, whether incurred at the trial phase, appellate phase, post-judgement phase or in any related bankruptcy proceeding.

Section 17. Entirety of Agreement.

This agreement, together with any and all exhibits and other attachments hereto, constitutes the entire agreement between BUYER and SELLER regarding this real estate purchase and sale transaction and there are no other covenants, agreements, promises terms, provisions, conditions, undertakings or understandings, either oral or written, between them concerning this real estate purchase and sale transaction other than those set forth herein.

Section 18. Amendments to Agreement.

This agreement may not be amended, changed or otherwise modified unless such change(s), amendment(s) or modification(s) are in the form of a written amendment executed by both BUYER and SELLER.

Section 19. Effective Date of Agreement.

This agreement shall be effective on the date executed by both BUYER and SELLER.

Section 20. Default; Cure Period.

In the event of any default by SELLER, BUYER, as its sole and exclusive remedy, shall have the right to either: (a) terminate this Agreement a or (b) seek specific performance of this Agreement, provided, that such litigation seeking specific performance against SELLER is filed by BUYER not later than forty-five (45) days after the date of such default and further, provided, that such specific performance remedy shall be available to BUYER only upon BUYER's full satisfaction of each of BUYER's obligations under this Agreement, including, without limitation, BUYER's obligation to deliver sufficient proof to SELLER that BUYER is ready, willing, and able to close this transaction. BUYER shall take no action with respect to a SELLER's Default, and SELLER shall take no action with respect to a BUYER's Default, until the non-defaulting Party has given written notice to the defaulting Party and the defaulting Party has failed to cure the default for a period of ten (10) days after receipt of such notice ("Cure Period"). Notwithstanding the foregoing, there shall be no allowance for any notice or any Cure Period in connection with BUYER's failure to close on the closing date.

Section 21. Notices. All notices required or desired to be given under this Agreement shall be in writing and either: (a) hand-delivered, (b) sent by certified mail, return receipt requested, (c) sent via FedEx or similar overnight service, or (d) sent via electronic mail, so long as notice is also provided through either method (a), (b), or (c) as herein described. All notices shall be addressed to the Party being noticed, and shall be deemed to have been given (i) when delivered, if by hand delivery, (ii) three (3) business days after deposit in a U.S. Post Office or official letter box, if sent by certified mail, (iii) one (1) business day after timely deposited in a FedEx or similar overnight service depository, or (iv) upon confirmation of receipt by sender if sent via electronic mail. All notices shall be delivered or sent prepaid for the specified service by the Party giving notice, and shall be addressed as follows:

Section 22. Survival.

Unless otherwise provided for in this Agreement, all terms and provisions of this Agreement shall not survive the Closing or earlier termination of this Agreement.

Section 23. Counterparts.

This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same Agreement. To facilitate execution and delivery of this Agreement, the Parties may execute and exchange executed counterparts by e-mail in a PDF file to the other Party or to the other Party's counsel. Signatures in a PDF file shall have the same legal effect as original signatures.

Department: Aviation

FORMAL TITLE:
Budget Resolution 2026-131 to amend the Fiscal Year 2025-26 budget to appropriate grant funding from the Florida Department of Transportation for the design and construction of fuel farm, wash rack, and parking concrete pads in the amount of $478,285 and transfer funds from the Reserve for Projects account in the amount of $119,572

OCALA'S RELEVANT STRATEGIC GOALS:
Operational Excellence

PROOF OF PUBLICATION:
NA

BACKGROUND:
On May 6, 2025, the City Council approved a grant from the Florida Department of Transportation (FDOT) to fund the design and construction of a fuel farm expansion pad, aircraft wash rack, and operations vehicle concrete parking pads at the Ocala Airport.

The FDOT is increasing its participation in this project because the engineer's estimate (at 100 percent design) exceeds the total funding available.

FINDINGS AND CONCLUSIONS:

- Maintenance of the Fuel Farm remains under the management of Sheltair Aviation.
- Storm Resilience and Disaster Preparedness: Expanding the Fuel Farm area enhances the airport's storm resilience and disaster preparedness. With the current storage capability and 2024 sales volume, the airport has 11.28 days of Jet-A fuel and 21.74 days of AVGAS available. Expanding the fuel tank pad and increasing Jet-A capacity by 12,000 gallons will increase the number of days of Jet-A fuel to 15.25 days, further improving the airport's operational readiness.
- Airport Staff are working closely with the City Engineer to ensure that the project complies with local regulations, standards, and permitting requirements.
- The project aligns with the long-term goals outlined in the Airport Master Plan.
- McFarland Johnson, Inc. is the consultant responsible for the design work, operating under an existing

general consulting agreement (AIR/220118), dated July 20, 2022.

FISCAL IMPACT:

FDOT Grant:	$478,285	341-050-722-542-54-31010
LOCAL Match:	$119,572	451-027-722-542-54-31010
TOTAL added to Project:	$597,857	

Total project amounts:		
FDOT Grants:	$1,021,605	341-050-722-542-54-31010
LOCAL Match:	$ 255,402	451-027-722-542-54-31010

BUDGET RESOLUTION 2026-131

A RESOLUTION TO AMEND THE FISCAL YEAR 2025-26 BUDGET TO APPROPRIATE SUPPLEMENTAL GRANT FUNDING FROM THE FLORIDA DEPARTMENT OF TRANSPORTATION FOR THE DESIGN AND CONSTRUCTION OF CONCRETE PARKING PADS, A FUEL FARM EXPANSION PAD, AND AIRCRAFT WASHRACK , AND PARKING CONCRETE PADS IN THE AMOUNT OF $478,285 AND TRANSFER FUNDS FROM THE RESERVE FOR PROJECTS ACCOUNT IN THE AMOUNT OF $119,572

WHEREAS, on May 6, 2025, the City of Ocala executed Resolution 2025-26 authorizing entering into a Public Transportation Grant Agreement (PTGA) with the Florida Department of Transportation for the Design and Construction of Concrete Pads in the amount of $543,320; and

WHEREAS, on February 17, 2026, the City of Ocala executed Resolution 2026-14 authorizing entering into a Supplemental PTGA with the Florida Department of Transportation for the Design and Construction of Concrete Pads in the amount of $478,285; and

WHEREAS, funding is available in the Airport's budget to provide the required match of $119,572.

NOW THEREFORE, BE IT RESOLVED THAT THE CITY COUNCIL OF THE CITY OF OCALA, FLORIDA, duly assembled in regular session, that the Fiscal Year 2025-26 budget be amended as outlined below to appropriate funding as follows:

SOURCE:		
341-334-000-000-09-33407	FDOT Airport Grants	$478,285
451-099-999-542-81-99801	Reserve for Projects	($119,572)
USE:

Department: Aviation

FORMAL TITLE:
Three-year renewal of the lease with Enterprise Leasing Company of Florida LLC at the Ocala International Airport for annual rent and fees of approximately $410,374

OCALA'S RELEVANT STRATEGIC GOALS:
Fiscally Sustainable, Economic Hub

PROOF OF PUBLICATION:
NA

BACKGROUND:
Enterprise Leasing Company of Florida, LLC ("ELC"), an existing tenant at Ocala International Airport (the "Airport"), has operated out of the original terminal building since 2002. This most recent amendment exercises the option for a three-year renewal term through January 31, 2029, for the use of 719 square feet of office space in the General Aviation Terminal, use of the car wash facility, and 58 (out of 103) vehicle parking spots.

FINDINGS AND CONCLUSIONS:
On October 3, 2019, the City issued Invitation to Negotiate No. AIR/190688 for the provision of airport car rental concession services. The Hertz Corporation, ELC, and Avis Budget Car Rental LLC submitted proposals on November 7, 2019. The City entered into contracts with all three companies. Hertz departed the Airport in 2021.

- ELC has been a tenant of the Airport since 2002 and is in good standing.
- The lease also accommodates ELC's other brand, "National".
- The proposed lease is a gross lease, with utilities, janitorial, and maintenance included in the rent.
- Of the two rental car companies operating at the Airport, ELC conducts the most business with CY2025 gross sales of $3,834,124.

FISCAL IMPACT:
The Airport collects a fee of 10 percent of its reported gross sales, less insurance-related rental business (insurance agency paid rentals), capped at 35 percent. As a reference, the 2025 10 percent annual concession paid to the airport was reported as $383,412 in account 451-344-000-000-02-31601.

A December 2025 appraisal conducted by Slack, Johnston & Magenheimer, Inc. determined the gross rental rate of the rental car office space to be $37.50 per square foot. ELC is leasing a total of 719 square feet in the terminal and will be paying $26,962 annually in account 451-362-000-000-02-31191. This is in addition to the concession fee.

The revenues of the two rental car companies combined equate to nearly thirty percent of the total airport revenue budget.

PROCUREMENT REVIEW:
These goods and services were procured in compliance with the City's Procurement Policy.

LEGAL REVIEW:
This Agreement will be reviewed and approved for form and legality by City Attorney, William E. Sexton.

ALTERNATIVE:
- Approve with Changes

- Deny

THIRD AMENDMENT TO CITY OF OCALA AIRPORT RENTAL CAR CONCESSION AGREEMENT AND LEASE

THIS THIRD AMENDMENT TO AGREEMENT FOR CITY OF OCALA AIRPORT RENTAL CAR CONCESSION AGREEMENT AND LEASE ("Third Amendment") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City") and **ENTERPRISE LEASING COMPANY OF FLORIDA, LLC,** a limited liability company duly organized in the state of Delaware and authorized to do business in the state of Florida ("Operator").

WHEREAS, on December 17, 2019, the City Council for the City of Ocala approved an Airport Rental Car Concession Agreement and Lease (the "Original Agreement") with Enterprise Leasing Company of Florida, LLC for a term of three (3) years, from February 1, 2020 through January 31, 2023; and

WHEREAS, on December 5, 2022, City and Operator entered into a First Amendment to Rental Car Concession Agreement and Lease to amend the terms of Paragraph 6.4.2.b.7 of the Original Agreement; and

WHEREAS, on May 7, 2023, City and Operator entered into a Second Amendment to Rental Car Concession Agreement and Lease to further amend the terms of Paragraph 4.2.6 and Attachment 2 – Rental Car Offices, and to extend the Original Agreement, as amended, for an additional three (3) year term from February 1, 2023 to January 31, 2026; and

WHEREAS, the City and Operator now desire to amend the terms in Paragraphs 4.2.2, 4.2.3, 4.2.4, and 6.3.1, and to extend the term of the Original Agreement, as amended, for an additional three (3) year period.

NOW THEREFORE, in consideration of the foregoing recitals, the following mutual covenants and conditions, and other good and valuable consideration, City and Operator agree as follows:

1. **RECITALS**. City and Operator hereby represent, warrant, and agree that the Recitals set forth above are true and correct and are incorporated herein by reference.
2. **INCORPORATION OF ORIGINAL AGREEMENT.** The Original Agreement between City and Operator, as amended, is hereby incorporated by reference as if set forth herein in its entirety and remains in full force and effect, except for those terms and conditions expressly amended by this Third Amendment.
3. **RENEWAL TERM.** The Original Agreement, as amended, is hereby renewed for an additional three-year term beginning **FEBRUARY 1, 2026** and terminating **JANUARY 31, 2029**.
4. **AMENDMENT TO PARAGRAPH 4.2.2 – SPECIFIC REQUIREMENTS.** Effective February 1, 2026, the language set forth in Paragraph 4.2.2 of the Original Agreement, as amended. shall be deleted and replaced in its entirety with:

   Specific Requirements. The Terminal Improvements shall include approximately 719 square feet for the Counter Space, but shall otherwise be located and configured as determined by City in its sole discretion.

5. **AMENDMENT TO PARAGRAPH 4.2.3 – PARKING AREA.** Effective February 1, 2026, the language set forth in Paragraph 4.2.3 of the Original Agreement, as amended, shall be deleted and replaced in its entirety with the following:

Parking Area. City shall provide parking spaces within the portion of the Terminal primary parking lot dedicated to the use of car rental companies, such as Operator, and shall assign to Operator, at a location determined by City in its sole discretion, thirty-three (33) spaces as Operator's Parking Area. During the Term of this Agreement, City may, by providing at least six (6) months' prior written notice to Operator, relocate Operator's Parking Area; provided, however, no such prior notice of relocation shall be necessary in the event of a casualty, force majeure, or national security event outside of City's control.

6. **AMENDMENT TO PARAGRAPH 4.2.4 – READY/RETURN AREA.** Effective February 1, 2026, the language set forth in Paragraph 4.2.4 of the Original Agreement, as amended, shall be deleted and replaced in its entirety with:

   Ready/Return Area. City shall provide an area within the portion of the Terminal parking lot dedicated for the use of car rental companies for the delivery and return of Vehicles, and shall assign to Operator, at a location within such portion as determined by City in its sole discretion, twenty-five (25) spaces as Operators Ready/Return Area. During the Term of this Agreement, City may, by providing at least six (6) months prior written notice to Operator, relocate Operator's Ready/Return Area; provided, however, no such prior notice of relocation shall be necessary in the event of a casualty, force majeure, or national security event outside of City's control.

7. **AMENDMENT TO PARAGRAPH 6.3.1 – RENT.** Effective February 1, 2026, the language set forth in Paragraph 6.3.1 of the Original Agreement, as amended, shall be deleted and replaced in its entirety with:

   As consideration for the lease of the Premises, Operator shall pay to City annual Rent as follows:

   a. The amount determined by multiplying **THIRTY-SEVEN AND 50/100 DOLLARS times the square footage of the Counter Space** (as determined by City in its reasonable discretion).

8. **NOTICES.** All notices, certifications or communications required by this Third Amendment shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by e-mail. All notices shall be addressed to the respective parties as follows:

If to Operator:	Enterprise Leasing Company of Florida, LLC Attention: VP/GM 11034 Atlantic Boulevard Jacksonville, Florida 32225-2902
Copy to:	Enterprise Holdings Attn: Airport Properties & Relations 600 Corporate Park Drive St. Louis, Missouri 63105

If to City of Ocala:	Daphne M. Robinson, Esq., Contracting Officer City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-629-8343 E-mail: notices@ocalafl.gov
Copy to:	William E. Sexton, Esq., City Attorney City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-401-3972 E-mail: cityattorney@ocalafl.gov

9. **COUNTERPARTS.** This Third Amendment may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.

10. **ELECTRONIC SIGNATURE(S).** Operator, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Third Amendment. Further, a duplicate or copy of the Third Amendment that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Third Amendment for all purposes.

11. **LEGAL AUTHORITY**. Each person signing this Third Amendment on behalf of either party individually warrants that he or she has full legal power to execute this Third Amendment on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Third Amendment.

SECOND AMENDMENT TO CITY OF OCALA AIRPORT RENTAL CAR CONCESSION AGREEMENT AND LEASE

THIS SECOND AMENDMENT TO CITY OF OCALA AIRPORT RENTAL CAR CONCESSION AGREEMENT AND LEASE ("Second Amendment") is entered into by and between **CITY OF OCALA**, a Florida municipal corporation ("City"), and **ENTERPRISE LEASING COMPANY OF FLORIDA, LLC**, a Delaware limited liability company ("Operator").

WHEREAS, on December 17, 2019, the City Council for the City of Ocala approved an Airport Rental Car Concession Agreement and Lease (the "Original Agreement") with Enterprise Leasing Company of Florida, LLC, for a term of three (3) years, from February 1, 2020 through January 31, 2023; and

WHEREAS, on December 5, 2022, City and Operator entered into a First Amendment to Rental Car Concession Agreement and Lease to amend the terms of Paragraph 6.4.2.b.7 of the Original Agreement; and

WHEREAS, City and Operator now desire to further amend certain terms of the Original Agreement as herein provided, to include an additional leased area, and to extend the Original Agreement for an additional three-year term.

NOW THEREFORE, in consideration of each of the foregoing recitals and the following mutual covenants, conditions and other good and valuable consideration, the receipt and sufficiency of which is hereby mutually acknowledged, City and Operator agree as follows:

1. **RECITALS.** City and Operator hereby represent and warrant that the Recitals set forth above are true and correct and are incorporated herein by reference as if set forth in full in this paragraph.
2. **INCORPORATION OF ORIGINAL AGREEMENT**. The Original Agreement between City and Operator, as amended, is hereby incorporated by reference as if set forth herein in its entirety and remains in full force and effect, except for those terms and conditions expressly amended by this Second Amendment.
3. **RENEWAL TERM.** The Original Agreement is hereby renewed for an additional three-year term beginning **FEBRUARY 1, 2023** and terminating **JANUARY 31, 2026**.
4. **AMENDMENT TO PARAGRAPH 4.2.6 – GRASSY FIELD**. Effective February 1, 2023, the language set forth in Paragraph 4.2.6 – *Grassy Field* of the Original Agreement shall be deleted and replaced in its entirety with:

   > *Grassy Field*. Following completion of the Terminal Improvements, City shall provide use of a portion of the Grassy Field for use by Operator and other Car Rental Companies, as assigned in the sole discretion of the Airport Director for the purposes set forth in paragraph 4.3.4. Operator shall be entitled to the exclusive use of a portion of the Grassy Field as assigned to Operator by Airport Director even though the entire Grassy Field may be used by Other Car Rental Companies.

5. **AMENDMENT TO ATTACHMENT 2 – RENTAL CAR OFFICES.** The document attached to the Original Agreement as Attachment 2 – Rental Car Offices is hereby deleted and replaced, in its

DocuSign Envelope ID: D08509D3-89C1-47E7-9761-DDA29DB90259

entirety, with the document attached to this Second Amendment as **Amended Attachment 2 – Rental Car Offices.**

6. **NOTICES**. All notices, certifications or communications required by the Original Agreement, as amended, shall be given in writing and shall be deemed delivered when personally served, or when received if by e-mail or facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. All notices shall be addressed to the respective parties as follows:

If to Operator:
Enterprise Leasing Company of Florida, LLC
Attn: VP/GM
11034 Atlantic Boulevard
Jacksonville, FL 32225-2902

Copy to:
Enterprise Holdings
Attn: Airport Properties & Relations
600 Corporate Park Drive

E-mail: cityattorney@ocalafl.org

7. **COUNTERPARTS.** This Second Amendment may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.

8. **ELECTRONIC SIGNATURE(S).** Operator, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Second Amendment. Further, a duplicate or copy of the Second Amendment

DocuSign Envelope ID: D08509D3-89C1-47E7-9761-DDA29DB90259

that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Second Amendment for all purposes.

9. **LEGAL AUTHORITY**. Each person signing this Second Amendment on behalf of either party individually warrants that he or she has full legal power to execute this Second Amendment on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Second Amendment.

IN WITNESS WHEREOF, the parties have executed this Second Amendment on 5/7/2023.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Department: Aviation

STAFF RECOMMENDATION (Motion Ready):
Approve lease amendment #2 with Enterprise Rental Car for three-year lease renewal at the Ocala International Airport for annual rent and fees of approximately $239,060

OCALA'S RELEVANT STRATEGIC GOALS:
Economic Hub, Fiscally Sustainable

PROOF OF PUBLICATION:
NA

BACKGROUND:
Enterprise Car Rental ("Enterprise") has been a long-time tenant on the airport, renting cars from the original terminal building since 2002. A lease agreement was approved in 2019 for Enterprise's occupancy in the (then new) General Aviation Terminal. This lease included consideration for 365 sq. ft. of office, associated parking lot and a car wash facility.

The renewal term is for three years.

FINDINGS AND CONCLUSIONS:
Enterprise is a tenant of the airport since 2002 and is in good standing. The proposed lease is a gross lease, with utilities, janitorial and maintenance included in the rent.

The lease amendment adds rental counter space previously occupied by Hertz Rental Car, effectively doubling the size of the Enterprise footprint.

Enterprise will pay $910 per month for their existing space (rental car office 1), and $887.50 for the new space (rental car office 2) for a total of $1,797.50 per month, (FL sales tax not included). Total sq.ft. will be 719.

FISCAL IMPACT:
In CY 2022, a 10% fee on the qualified sales provided revenue to the airport of $217,490 in account #451-344-000-000-02-31601. Enterprise will also pay $21,570 in office rent for 719 sq.ft. in account #451-362-000-000-02-36119.

PROCUREMENT REVIEW:
These services were procured and amendment reviewed in compliance with the City's Procurement Policy.

LEGAL REVIEW:
This Agreement will be reviewed and approved for form and legality by City Attorney, William E. Sexton.

ALTERNATIVE:
- Approve with Changes
- Table
- Deny

FIRST AMENDMENT TO RENTAL CAR CONCESSION AGREEMENT AND LEASE

This First Amendment to Rental Car Concession Agreement and Lease ("Amendment") is made and entered into as of the 5th day of December, 2022, by and between the City of Ocala, a Florida municipal corporation ("City") and Enterprise Leasing Company of Florida, LLC, a Delaware limited liability company ("Operator").

RECITALS:

WHEREAS, City and Operator previously entered into that certain Rental Car Concession Agreement and Lease dated January 13, 2020, as the same may be amended (the "Rental Car Concession Agreement and Lease") leasing unto Operator certain premises more particularly described in Sections 3 and 4 of the Rental Car Concession Agreement and Lease ("Premises"); and

WHEREAS, City and Operator desire to amend the terms of the Rental Car Concession Agreement and Lease as hereinafter provided.

NOW, THEREFORE, for and in consideration of the Rental Car Concession Agreement and Lease, this Amendment, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, City and Operator do hereby agree as follows:

1. The above recitals are hereby incorporated as a material part of this Amendment with the same force and effect as if restated in full in this paragraph.

2. All terms used in this Amendment which are defined in the Rental Car Concession Agreement and Lease shall have the same meaning in this Amendment as such terms have in the Rental Car Concession Agreement and Lease, as amended herein.

3. City and Operator hereby agree that the Initial Term under the Rental Car Concession Agreement and Lease commenced on February 1, 2020, and the current Term will end on January 31, 2023.

4. Effective June 1st 2022 and continuing throughout the remainder of the Rental Car Concession Agreement and Lease Term, Section 6.4.2.b.7 shall be deleted and replaced with:

   Amounts collected for any Vehicle rental billed directly to an insurance company, or to an automobile shop/dealership located in Marion County, Florida, where the rented Vehicle is to be used by the Customer while the Customer's personal vehicle is being repaired. This exclusion is capped at and shall not exceed 35% of Gross Receipts. If the 35% cap set forth herein is exceeded, then Operator shall pay the Percentage Fee at Three Percent (3.00%) times the Gross Receipts for such Gross Receipts exceeding the 35% cap.

5. The parties executing this Amendment represent and warrant they are authorized to execute the same.

6. Except as amended hereby, the Rental Car Concession Agreement and Lease remains in full force and effect. All terms, covenants, and conditions of the Rental Car Concession Agreement and Lease not expressly modified herein are hereby confirmed and ratified and remain in full force and effect, and as further amended hereby, constitute valid and binding obligations of City and Operator enforceable according to the terms thereof. In the event there is a conflict between the terms and provisions of this Amendment and the Rental Car Concession Agreement and Lease, the terms and provisions of this Amendment shall control.

Doc ID: 01a197540200c6c7b3eba1eafe76c5b32c80c30a6 (Continued)

7. All of the covenants contained in this Amendment, including, but not limited to, all covenants of the Rental Car Concession Agreement and Lease as modified hereby, shall be binding upon and shall inure to the benefit of the parties hereto and their respective heirs, legal representatives and permitted successors and assigns.

8. This Amendment may be executed in multiple counterparts, each of which shall be an original, but all of which shall constitute one and the same Amendment. Once executed, this Agreement merges with and becomes part of the Rental Car Concession Agreement and Lease.

IN WITNESS WHEREOF, the parties have executed this Amendment as of the day and year first written above.

Department: Aviation

STAFF RECOMMENDATION (Motion Ready):
Approve first amendment to Rental Car Concession Agreement and Lease with Enterprise Leasing Company of Florida, LLC

OCALA'S RELEVANT STRATEGIC GOALS:
Operational Excellence.

PROOF OF PUBLICATION:
N/A

BACKGROUND:
Enterprise Leasing Company of Florida, LLC, d/b/a Enterprise Rental Car ("ERC") reports that post-COVID, the business environment has changed, resulting in a reduction in retail business in markets like Ocala. This market shift resulted in their vehicle replacement business ("Car Insurance-Related Business") being a larger part of their overall business than was previously anticipated. The car insurance-related business is approximately 44% of total sales when it was previously around 36%.
As part of ERC's rent in the original lease agreement, they pay a 10% commission on their gross receipts to the City. Excluded from that 10% is their car insurance-related business, capped at 35% of their gross reported sales. This amendment retains that 35% exclusion but reduces the remaining amount from 10% to 3%. ERC continues to pay 10% on all other business activities.
FINDINGS AND CONCLUSIONS:
ERC requested this change in January 2022, and it is effective retroactively on June 1, 2022.
The proposed amendment was circulated throughout the City departments including City Auditor and Assistant Finance Director.
The Airport Advisory Board supports the amendment, reviewing the amendment at its May 26, 2022 meeting.
FISCAL IMPACT:
FY21/22 concession fees paid by ERC were $202,850 and the adjustment for the insurance-related portion is $6,405. This amount will be credited to ERC's first commission payment for FY22/23.
Overall, the amendment will reduce revenues by approximately 10%-12%, based on current ERC business activities (ratio between retail rentals and insurance rentals).

PROCUREMENT REVIEW:
These services were procured in compliance with the City's Procurement Policy.

LEGAL REVIEW:

This Amendment will be reviewed and approved for form and legality by City Attorney, William E. Sexton.

CITY OF OCALA AIRPORT
RENTAL CAR CONCESSION AGREEMENT AND LEASE

THIS CITY OF OCALA AIRPORT RENTAL CAR CONCESSION AGREEMENT AND LEASE is entered on the Execution Date of January 13, 2020, and with an Effective Date (as defined below), by and between:

- City of Ocala, a Florida municipal corporation ("City"); and
- Enterprise Leasing Company of Florida, LLC ("Operator"), a Delaware limited liability company.

WHEREAS:

A. City operates and maintains the Airport.[1]

B. Having automobile rental services at the Airport is desirable for the proper accommodation of pilots, passengers, members of the public, and other Customers at the Airport.

C. Operator is engaged in the Business of providing motor vehicle rental services to pilots, passengers, members of the public, and other Customers at airports and elsewhere.

D. City desires to lease certain Premises, and to grant certain Concession Rights, to Operator in order to make Operator's Business available at the Airport.

E. Operator desires to lease the Premises, and to obtain the Concession Rights, to allow Operator to operate its Business.

F. In consideration of leasing of the Premises and obtaining such Concession Rights from City, Operator is willing to make certain covenants and assume and undertake certain terms, conditions and obligations under this Agreement.

NOW, THEREFORE, in consideration of the mutual covenants, conditions, terms, privileges and obligations set forth herein, City and Operator hereby covenant and agree, for themselves, their successors and assigns, as follows:

1. **Definitions**.

1.1. Generally. Except as otherwise clearly indicated by the context, the words and phrases defined in this paragraph will have the following meanings when used elsewhere in this Agreement.

1.1.1. *Airport* – The Ocala International Airport as it presently exists and as it is hereinafter modified or expanded.

1.1.2. *Airport Director* – The Airport Director as appointed by City, any successor or successors to the duties of such official, or any other person specifically designated to act on behalf of such Airport Director.

[1] Terms capitalized herein and not previously defined herein are defined in paragraph 1 below.

1415
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

1.1.3. *Airport Rules and Regulations* – The Rules and Regulations adopted by the City of Ocala in 2011 governing the Airport, as now or hereafter amended, and any successor ordinance or resolution regulating activities or operations on the Airport.

1.1.4. *Car Rental Company* – Any business that, directly or indirectly, provides, procures and/or brokers rental vehicles as part of its business and/or conducts, facilitates, and/or manages vehicle rental activities as part of its business. This includes, but is not limited to, traditional rental car businesses, brokers for car rental businesses, rental car delivery companies, peer-to-peer car rental businesses and car sharing businesses.

1.1.5. *Charge* – The Concession Privilege Fee, Rent and any other amounts owed to City under this Agreement as set forth herein.

1.1.6. *Common Areas* – The portions of the Airport, including the Terminal, made available by City for the common use and benefit of pilots, passengers, members of the public, and other persons (including other motor vehicle rental companies). The location of the Common Areas, both before and after the construction of the Terminal Improvements, shall be determined by City in its sole discretion.

1.1.7. *Concession Privilege Fee* – The portion of the Charges to be paid by Operator to City as consideration for the Concession Right and, as set forth in greater detail in paragraph 6.6, consisting of the greater of the: (a) Minimum Annual Privilege Fee; or (b) Percentage Fee.

1.1.8. *Concession Right* – The right to engage in Operator's Business at the Airport pursuant to this Agreement, including paragraph 5.1.

1.1.9. *Counter Space* – The counter, office and counter queue area referred to in paragraph 4.3.1 and located as set forth in paragraph 4.2.2.

1.1.10. *Customer* – A pilot, passenger, member of the public or other person desiring to lease Vehicles or obtained related services from Operator as permitted under this Agreement.

1.1.11. *Customer Agreement* – An agreement between Operator and a Customer for the lease of a Vehicle by Operator to such Customer.

1.1.12. *Effective Date* – As set forth in paragraph 2.2.

1.1.13. *Environmental Laws* – Every applicable law, ordinance, rule, regulation, permit, permit condition, order, and directive regulating, relating to, or imposing liability standards of conduct, relating with respect to any Hazardous Materials, or to environmental matters, including, without limitation, those relating to fines, orders, injunctions, penalties, damages, contribution, cost recovery compensation, losses, or injuries resulting from the release or threatened release of any Hazardous Materials, or regulating or relating to the generation, use, storage, transportation, or disposal of any Hazardous Materials.

1.1.14. *Environmental Permits* – All permits, licenses, approvals, authorizations, consents, and registrations required by any Environmental Laws, whether Federal,

Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

state or local, which pertain to the production, use, treatment, generation, transportation, processing, handling, disposal, or storage of any Hazardous Materials.

1.1.15. *Execution Date* – The date this Agreement is executed by the last of the parties hereto.

1.1.16. *Existing Terminal* – The terminal building at the Airport as it presently exists.

1.1.17. *FAA* – The Federal Aviation Administration or any successor agency.

1.1.18. *Grassy Field* – The unpaved portion of the Airport immediately to the north of the Parking Area as referred to in, and as to be used pursuant to, paragraph 4.2.6.

1.1.19. *Gross Receipts* – As defined in paragraph 6.4.2.

1.1.20. *Hazardous Materials* – Friable asbestos or asbestos-containing materials, polychlorinated biphenyls (PCBs), petroleum, or crude oil or any fraction thereof, natural gas, source material, special nuclear material, and byproduct materials regulated under Environmental Laws, pesticides regulated under Environmental Laws, and any hazardous waste, toxic or dangerous substance or related material, including any material defined or treated as a hazardous substance, hazardous waste, toxic substance, or contaminant (or comparable term) under any of the Environmental Laws.

1.1.21. *Lease Month* – Each month, with the first Lease Month beginning on the Effective Date of this Agreement and ending at midnight on the day preceding the day which is one month thereafter. If hereafter agreed to between Airport Director and Operator in writing, the Lease Months can commence on the first day of each calendar month and end on the last day of such calendar month, whereupon Charges for any partial calendar month shall be prorated.

1.1.22. *Lease Year* – Each period of twelve (12) consecutive Lease Months.

1.1.23. *Maintenance or Repairs and Maintenance* (or similar terms, and regardless of the tense of such phrase or whether the phrase is capitalized) – When used in connection with maintenance, or repairs and maintenance, of the Premises, a portion thereof, or any improvements, fixtures or equipment thereon, means the maintenance, repair or replacement of the specified item in good condition and working order, including, without limitation, ordinary or routine maintenance, repairs or replacement, extraordinary maintenance, repairs, rebuilding, or replacement, and repair, maintenance or replacement of capital or structural items.

1.1.24. *Minimum Annual Privilege Fee* – For each Lease Year, the amount determined as set forth in paragraph 6.5.

1.1.25. *Minimum Standards* – The Minimum Standards for Commercial Aeronautical Activities at Ocala International Airport as revised July 2012, as now or hereafter amended and any successor general aviation minimum standards adopted for the Airport, which is hereby incorporated herein by this reference. When any provision of this Agreement refers to a specific provision (e.g., a Section) of the current

1417
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

Minimum Standards, and, by virtue of a subsequent amendment to the Minimum Standards, such reference is no longer accurate, the reference shall be deemed to refer to the provision in the amended Minimum Standards that deals with the subject of the current Minimum Standards. Notwithstanding the foregoing, however, no modification of the Minimum Standards shall serve to amend the Term, Charges or the categories of Permitted Uses.

1.1.26. *New Terminal* – The terminal building at the Airport after it is modified pursuant to the Terminal Improvements.

1.1.27. *Operator Improvements* – All buildings, structures, pavements, facilities, and other improvements, above and below ground, constructed by Operator upon the Premises during the Term.

1.1.28. *Operator Recovery Surcharge* – As described in paragraph 5.5 of this Agreement.

1.1.29. *Operator's Business* – Operator's business of providing motor vehicle rental services to Customers.

1.1.30. *Other Car Rental Companies* – Lessees of the Airport that: (a) engage in businesses substantially similar to that of Operator; or (b) constitute a Car Rental Company as defined in paragraph 1.1.4.

1.1.31. *Parking Area* – The portion of the Airport used for parking of Vehicles and other uses as referred to in paragraph 4.3.2, and located as set forth in paragraph 4.2.3.

1.1.32. *Percentage Fee* – The amount due to City from Operator pursuant to paragraph 6.4.

1.1.33. *Person* – Any individual, partnership, joint venture, association, corporation, limited liability company, trust or other entity.

1.1.34. *Premises* – As defined in paragraph 3.1.

1.1.35. *Ready/Return Area* – The portion of the Airport used for the delivery and return of Vehicles, and located as set forth in paragraph 4.2.4.

1.1.36. *Rent* – The portion of the Charges to be paid by Operator to City as consideration for the lease of the Premises, as set forth in greater detail in paragraph 6.3.

1.1.37. *Term* – As defined in paragraph 2.

1.1.38. *Terminal* – The Existing Terminal or New Terminal (as the context so dictates).

1.1.39. *Terminal Improvements* – The renovation of the Existing Terminal by City pursuant to paragraph 4.

1.1.40. *Vehicles* – Motor vehicles or trailers rented, or available for renting, by Operator to its Customers in connection with its Business.

1.1.41. *Wash Area* – The portion of the Airport used for washing of Vehicles as referred to in paragraph 4.3.3 and located as set forth in paragraph 4.2.5.

1418
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

1.2. Additional Definitions and Rules of Construction. The definitions in this Agreement shall apply equally to both the singular and plural forms of the terms defined. Whenever the context may require, any pronoun used herein shall include the corresponding masculine, feminine and neuter forms. The term "person" includes individuals, partnerships, corporations, limited liability companies, trusts, and other entities and associations. The words "include," "includes," and "including" shall be deemed to be followed by the phrase "without limitation." The words "herein," "hereof," "hereunder," and similar terms shall refer to this Agreement, unless the context otherwise requires. The use of verb to describe the act of performing a defined noun shall be interpreted in light of the definition of the noun; for example, to "maintain" a building means to perform maintenance on the building as "maintenance" is described in paragraph 1.1.23 and the "maintaining" of a building means the performing of such "maintenance."

2. **Term.**

2.1. Term. The term ("Term") of this Agreement shall begin on the Effective Date and shall expire three (3) years after the Effective Date. Lease may be renewed for additional 3-year terms upon written consent of the parties and amendment of this Agreement.

2.2. Effective Date.

2.2.1. The Effective Date shall be February 1, 2020.

2.2.2. Upon request of City or Operator, City and Operator will execute a document acknowledging, or exchange emails confirming, the Effective Date of this Agreement.

2.2.3. City shall use good faith reasonable efforts to permit Tenant access to the Premises prior to the Effective Date so that Tenant may prepare them for use by Tenant under this Agreement; all provisions of this Agreement shall govern such access by Operator except that Operator shall not be required to pay any Charges for any access to the Premises prior to the Effective Date.

2.3. Early Termination by Operator. Notwithstanding paragraph 2.1, Operator may terminate the Term of this Agreement by providing written notice of such termination to City at least 90 days before the Effective Date of the termination.

2.4. Holding Over. If Operator remains in possession of all or any portion of the Premises after the expiration or termination of this Agreement, by lapse of time or otherwise, following notice from City indicating its intention to have Operator quit and vacate the Premises as of that date, such holding over shall constitute the creation of a tenancy at sufferance, terminable by City at any time upon thirty (30) days written notice to Operator. During such holdover tenancy at sufferance, Operator shall pay Rent applicable to its period of occupancy, in the amount of double the Rent due under paragraph 6, as authorized by Section 83.06, Florida Statutes, in addition to all other Charges due under this Agreement.

3. **Lease and Grant of Concession Rights.**

3.1. City hereby leases to Operator, and Operator hereby leases from City, the following (the "Premises") at the Airport:

1419
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

3.1.1. For Operator's exclusive use, the Counter Space.

3.1.2. For Operator's exclusive use, the Parking Area.

3.1.3. For Operator's non-exclusive use, the Wash Area.

3.1.4. For Operator's non-exclusive use, the Common Areas.

3.1.5. For Operator's exclusive use, the Ready/Return Area (following completion of the Terminal Improvements only).

3.1.6. For Operator's non-exclusive use, the Grassy Field.

3.2. City hereby grants to Operator, and Operator accepts from City, certain Concession Rights to permit Operator to conduct its Business at the Airport.

3.3. The lease of the Premises, and the grant of the Concession Rights, involve somewhat distinct rights and obligations, but are related as set forth in this Agreement and the following provisions:

3.3.1. Any breach of this Agreement by any party concerning the lease of the Premises shall constitute a breach concerning the Concession Rights, and vice versa.

3.3.2. Any termination of the lease of the Premises shall terminate the Concession Rights, and vice versa.

4. **Lease of Premises.**

4.1. Premises. The Premises shall consist of the following:

4.1.1. For Operator's exclusive use, the Counter Space.

4.1.2. For Operator's exclusive use, the Parking Area.

4.1.3. For Operator's non-exclusive use, the Wash Area.

4.1.4. For Operator's non-exclusive use, the Common Areas.

4.1.5. For Operator's exclusive use, the Ready/Return Area (following completion of the Terminal Improvements only).

4.1.6. For Operator's non-exclusive use of the Grassy Field.

4.2. Locations of Premises.

4.2.1. *Generally.* As of the Execution Date, City is in the process of constructing a new Terminal pursuant to plans and specifications (the "Plans") developed by City (the "Terminal Improvements").

4.2.2. *Specific Requirements.* The Terminal Improvements shall include approximately 364 square feet for the Counter Space, but shall otherwise be located and configured as determined by City in its sole discretion.

1420
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

a. During the Terminal Improvements, City shall complete the "shell" of the Counter Space by constructing electric facilities, the structural system for the counters, and the ceiling, and providing basic flooring.

b. Operator shall be responsible for "finishing" the Counter Space including any improvements to the flooring and the counters.

4.2.3. *Parking Area.* Following completion of the Terminal Improvements, City shall provide parking spaces within the portion of the Terminal primary parking lot dedicated to the use of car rental companies, such as Operator, and shall assign to Operator, at a location determined by City in its sole discretion, twenty-one (21) spaces as Operator's Parking Area. During the Term of this Agreement, City may, by providing at least six (6) months' prior written notice to Operator, relocate Operator's Parking Area; provided, however, no such prior notice of relocation shall be necessary in the event of a casualty, force majeure, or national security event outside of City's control.

4.2.4. *Ready/Return Area.* Following completion of the Terminal Improvements, City shall provide an area within the portion of the Terminal parking lot dedicated for the use of car rental companies for the delivery and return of Vehicles, and shall assign to Operator, at a location within such portion as determined by City in its sole discretion, seventeen (17) spaces as Operator's Ready/Return Area. During the Term of this Agreement, City may, by providing at least six (6) months' prior written notice to Operator, relocate Operator's Ready/Return Area; provided, however, no such prior notice of relocation shall be necessary in the event of a casualty, force majeure, or national security event outside of City's control.

4.2.5. *Wash Area.* Following completion of the Terminal Improvements, City shall provide an area at the Airport sufficient in size for the washing and vacuuming of three (3) cars for use by Operator and Other Car Rental Companies. During the Term of this Agreement, City may, by providing at least six (6) months' prior written notice to Operator, relocate the Wash Area; provided, however, no such prior notice of relocation shall be necessary in the event of a casualty, force majeure, or national security event outside of City's control.

4.2.6. *Grassy Field.* Following completion of the Terminal Improvements, City shall provide use of a portion of the Grassy Field for use by Operator and other Car Rental Companies. Grassy Field may be used for the purposes set forth in paragraph 4.3.4. A portion of the Grassy Field assigned to Operator shall equal approximately one-half of the area of the Grassy Field; Airport Director shall assign such portion to Operator. Operator shall be entitled to the exclusive use of such portion even though the entire Grassy Field may be used by Other Car Rental Companies.

4.2.7. *Reallocation.* At the end of each year, the Airport Director shall review the amount of Concession Privilege Fees paid by Operator and all Other Car Rental Companies, and shall establish a percentage of the total Concession Privilege Fees paid by each Car Rental Company. If the number of spaces assigned to each Car Rental Company in the Parking Area, Ready/Return Area and Wash Area (but not the Grassy Field) are disproportional, the Airport Director shall reallocate the

1421
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

spaces such that the number of spaces equals the percentage of each Car Rental Company's Concession Privilege Fees.

4.3. Use of Premises. Operator may use the Premises under this Agreement for the following purposes and for no other purpose or purposes whatsoever, unless agreed to in writing and fully executed by the parties:

4.3.1. *Counter Space*. Operator's Counter Space may be used for processing Customer rental and return transactions, including the processing of Customer Agreements and for general office and administrative purposes related to the operation of Operator's Business.

4.3.2. *Parking Area*. Operator's Parking Area will be used for the short-term parking of Operator's authorized Vehicles awaiting rental and delivery to Customers, the parking of such Vehicles after their return and prior to their being washed and again made ready for rental, and the parking of Customer's Vehicles while they are engaging in business with Operator. If Operator leases Vehicles for moving goods, City may require that such Vehicles be parked elsewhere on the Airport and not in Operator's Parking Area in the Terminal's primary parking lot; such additional location shall be thereafter considered to be included in Operator's Parking Area under this Agreement.

4.3.3. *Wash Area*. Operator's assigned space within the Wash Area will be used to wash Operator's Vehicles prior to their delivery to the Parking Area or following their return to Operator.

4.3.4. *Grassy Field*. Operator's portion of the Grassy Field may be used by Operator for vehicular storage, overflow parking and such other uses as permitted by City in its sole discretion.

4.4. Prohibited Uses, Products and Services. Operator agrees that the Premises shall be utilized solely for the uses permitted herein, or as otherwise approved by City in writing, and for no other purpose whatsoever. Without limiting the foregoing:

4.4.1. Operator may not utilize the Premises for, or engage in, the uses prohibited under the Minimum Standards.

4.4.2. Operator shall not provide any products or services that are not specifically authorized by this Agreement or otherwise approved by City in writing.

4.4.3. Operator shall not engage in any activities prohibited by paragraph 4.7.3.

4.5. Compliance with Minimum Standards. Operator agrees to comply with the requirements set forth in the Minimum Standards applicable to Operator's operations at the Airport. In the event of a conflict between this Agreement and the Minimum Standards, Operator acknowledges and agrees that the more stringent requirement shall apply to Operator's operations hereunder, as determined by City.

4.6. Condition and Use of the Premises.

1422
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

4.6.1. Except as expressly set forth in this Agreement, City is not making and specifically disclaims any warranties or representations of any kind or character, express or implied, with respect to the Premises, including, but not limited to, zoning, tax consequences, physical conditions, availability of access, ingress or egress, operating history or projections, valuation, governmental approvals, governmental regulations, or any other matter or thing relating to or affecting the Premises including, without limitation, the value, condition, merchantability, marketability, profitability, suitability or fitness for a particular use or purpose of the Premises. Operator agrees that with respect to the Premises, Operator has not relied upon and will not rely upon, either directly or indirectly, any representation or warranty of City or any agent of City. Operator represents that it is relying solely on its own expertise and that of Operator's consultants, and that Operator has conducted such inspections and investigations of the Premises, including, but not limited to, the physical conditions thereof, and shall rely upon same, and, shall assume the risk that adverse matters, including, but not limited to, adverse physical conditions, which may not have been revealed by Operator's inspections and investigations. OPERATOR ACKNOWLEDGES AND AGREES THAT OPERATOR HAS ACCEPTED THE PREMISES "AS IS, WHERE IS," WITH ALL FAULTS, AND WITH NO ORAL AGREEMENTS, WARRANTIES, OR REPRESENTATIONS (EXCEPT AS SPECIFICALLY PROVIDED HEREIN) COLLATERAL TO OR AFFECTING THE PREMISES BY CITY, ANY AGENT OF CITY OR ANY THIRD PARTY ACTING FOR ON BEHALF OF CITY. City is not liable or bound in any manner by any verbal or written statements, representations, or information pertaining to the Premises furnished by any real estate broker, agent, employee, servant, or other person, unless the same are specifically set forth or referred to in this Agreement.

4.6.2. The provisions of paragraph 4.6.1 shall apply to the Premises in their current location and to any relocation of the Premises pursuant to this Agreement following Operator's occupancy thereof.

4.7. Operator's Obligations With Respect to the Use of the Premises.

4.7.1. In the conduct of its business, Operator covenants and agrees to restrict its activities on the Premises to only those authorized by this Agreement and shall not use or permit the use of the Premises for any other purpose, nor shall it vacate the Premises prior to the termination or expiration of this Agreement unless authorized in writing in advance by City. Operator shall use the Premises solely for the rental of Vehicles to Customers, and for the provision of services and equipment reasonably and directly associated with the rental of Vehicles, as specifically authorized in this Agreement.

4.7.2. Except for its signs identifying Operator's Business approved in advance by City and except as otherwise authorized by City in writing, Operator shall not display nor shall it permit others to display any signs, brochures, racks, promotional materials or similar items on or about the Premises or elsewhere within the Terminal or the Airport.

4.7.3. Operator shall not use the Premises, or any other portion of the Airport, for the following without City's express written consent:

1423
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

a. Selling used Vehicles.

b. Servicing any Vehicles (except for emergency repairs necessary to remove such Vehicles from the Airport (e.g., "jumping" the battery of a Vehicle)).

c. Fueling any Vehicles.

4.7.4. Operator shall promptly remove all damaged, destroyed or inoperable Vehicles from the Premises and the Airport.

4.8. Common Areas.

4.8.1. As set forth in paragraph 3.1.4, the Premises include the Common Areas.

4.8.2. Throughout the Term hereof, City shall operate and maintain the Common Areas for the use and benefit of the occupants of the Airport and their customers, employees and invitees. City shall at all times have exclusive control of the Common Areas and may at any time and from time to time: (a) temporarily close any part of the Common Areas; and (b) make such changes in the Common Areas as in its reasonable opinion are in the best interests of the City or Airport's occupants, including but not limited to changing the location of walkways, service areas, driveways, entrances, existing automobile parking spaces and other facilities, changing the direction and flow of traffic and establishing prohibited areas.

4.8.3. Operator shall keep all Common Areas free of obstructions created or permitted by Operator. Operator shall permit the use of the Common Areas only for normal uses. If in City's opinion unauthorized persons are using any of the Common Areas because of Operator's occupancy of the Premises, Operator shall, upon City's demand, enforce City's rights against all such unauthorized persons. City shall nonetheless have the right at any time to remove or restrain any such unauthorized persons from the Common Areas.

5. Concession Rights.

5.1. Concession Rights Granted. City grants to Operator the following Concession Rights, and Operator assumes all of the following as part of its obligation to operate its Business from the Premises and the Airport:

5.1.1. The privilege to rent passenger-type Vehicles to the public on the Airport; the privilege to offer for sale related loss and collision damage waiver protection, personal injury and accident insurance, supplemental liability, uninsured motorist, and personal effects insurance; and the privilege to offer Customer services, including but not limited to, refueling services, baby car seats, cellular/digital phones, and other related rental equipment. All additional rights shall be approved in writing, fully executed by City from time to time.

5.1.2. Operator's Business shall be operated under the following brand name(s) for the Term of this Agreement: Enterprise Rent-A-Car and National Car Rental. Operator cannot change or operate additional brands at the Premises or from the Airport during the Term of this Agreement. If Operator shall, at any time, cease to operate

1424
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

the Business under the Operator's brand name specified in this paragraph 5.1.2, then this Agreement and Operator's Business privileges at the Airport shall be subject to termination upon thirty (30) days advance written notice to Operator from the City.

5.1.3. The privilege for Operator's employees to use, in common with other employees on the Airport, the employee parking facilities provided by City, at such charges as City may, from time to time, establish for employees using the employee parking facilities. Operator's employees may not park in Operator's assigned space in the Parking Area.

5.1.4. All rights and privileges not specifically granted to Operator in this Agreement shall be reserved to City.

5.2. Non-Exclusive Privileges. Except for Operator's exclusive use of certain of the Premises, the Concession Rights granted under this Agreement are non-exclusive. By entering into this Agreement, Operator acknowledges that City has entered into similar agreements with other rental car companies for similar services at the Airport. City reserves the right to enter into agreements with other companies providing rental car services from "on" or "off" Airport locations, if City determines that it is in its best interest to do so.

5.3. Standards of Service.

5.3.1. Operator shall offer for rental to the public only popular-make passenger Vehicles of recent manufacture (not more than two (2) model years old). It is Operator's obligation to maintain all the Vehicles offered for rental in good and safe operating order, free from known mechanical defects, and to keep the Vehicles in a clean, neat, and attractive condition inside and out. Operator shall at all times maintain a sufficient number of Vehicles to meet reasonably foreseeable demands of the traveling public at the Airport.

5.3.2. Operator shall accept at least three (3) nationally recognized credit cards for payment of automobile rentals; and provide or have access to a national reservation system for its rental services at the Airport.

5.3.3. Operator shall maintain a sufficient number of trained personnel to insure that Operator's Customers will receive prompt and courteous service at all times. All personnel of Operator, while on or about the Premises or elsewhere at the Airport, shall be polite, clean and neat in appearance, and appropriately attired.

5.3.4. Operator shall not misrepresent to the public its prices or the terms and provisions of its Customer Agreements or those of its competitors. Operator shall comply with all applicable rules and regulations of the Federal Trade Commission and all other governmental agencies having jurisdiction over Operator's business operations. Operator shall fully inform each Customer, prior to the execution of such Customer's Customer Agreement, of all fees and charges applicable to such Customer's rental. City will give advance notice to Operator that City considers a certain practice to be unlawful, deceptive or discriminatory and Operator shall have an opportunity to respond to the allegation. If City determines, after notice and opportunity for Operator to comment, that any of Operator's business practices

Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

are unlawful, deceptive, or discriminatory, Operator shall immediately cease such practices upon receipt of a written order to do so from City.

5.3.5. Operator shall at all times maintain the Premises and its improvements and other personal property located on the Premises in a safe, clean, orderly, attractive and first-class condition satisfactory to City. Any sign or other item on the Premises which City deems to be offensive to the public shall, upon notice from City, be promptly and permanently removed from the Premises by Operator. Operator shall not permit any nuisance, waste or damage to be committed on the Premises or elsewhere at the Airport.

5.3.6. Operator shall conduct its Business from the Premises at least between the hours of 8 a.m. and 6 p.m., excluding weekends and holidays; for purposes of this Agreement, "holiday" means the day set aside by Section 110.117, Florida Statutes, for observing New Year's Day, Martin Luther King, Jr.'s Birthday, Memorial Day, Independence Day, Labor Day, Veterans' Day, Thanksgiving Day, the Friday after Thanksgiving Day, or Christmas Day, and any day upon which the Clerk of the Court of Marion County, Florida, is closed for ordinary business. Nothing set forth herein shall preclude Operator from conducting its Business from the Premises during additional days or hours.

5.3.7. The management, maintenance and operation of the Business shall at all times be under the supervision and direction of a qualified experienced full-time resident manager who shall at all times be subject to the direction and control of Operator. Operator shall assign the manager an office on the Premises and the manager shall be available during regular business hours. Operator shall at all times during the absence of the manager assign or cause to be assigned a qualified subordinate as manager to assume and be directly responsible for carrying out the duties of the manager.

5.4. Non-Diversion of Business. Operator covenants, warrants and agrees that it will not divert business and/or Gross Receipts from Operator's rental car Business at the Airport. Diversion shall include, but not be limited to, Operator advising or suggesting to a Customer or potential Customer arriving at the Airport or pre-arranging a car rental prior to or upon arrival at the Airport that such Customer or potential Customer rent a vehicle or take delivery of a vehicle at any off-Airport location, regardless of the reason.

5.5. Operator Recovery Surcharge. "Operator Recovery Surcharge" means any surcharge or any amount that Operator separately states and charges its Customers to recover the amount of the Percentage Fee that is payable under this Agreement. Operator acknowledges that its payment to City under this Agreement is for Operator's use of facilities and grant of Concession Rights at the Airport, and that those payments do not reflect a fee that is imposed by City upon Customers renting Vehicles from Operator. Operator understands that City does not encourage nor support the practice of transferring Operator's obligation for payment of the Percentage Fee due under this Agreement to its Customers. Operator is prohibited from stating or implying, in writing or verbally, that the City or the Airport imposes or approves of any direct charge to its Customers, including any surcharge that Operator passes on to its Customers to recoup the Percentage Fee. Operator is prohibited from misrepresenting to the public its prices or the terms and provisions of its Customer Agreement or those of its competitors, either verbally or in writing. If Operator recovers from or charges its Customers the Percentage Fee, that charge shall be clearly and

Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

separately stated in writing immediately adjacent to Operator's time and mileage and other charges on the Customer's Customer Agreement and invoice, shall not be described as a tax, and shall be no greater than eleven and 11/100 percent (11.11%) of the Gross Receipts resulting from such Customer Agreement. Such Operator Recovery Surcharge shall also be included within Gross Receipts subject to the Percentage Fee under this Agreement.

6. **Charges.**

6.1. Generally. Operator shall pay City, as and when set forth in this paragraph 6, Charges as follows:

6.1.1. The Rent as set forth in paragraph 6.3.

6.1.2. The Concession Privilege Fee which, as set forth in greater detail in paragraph 6.6, shall be the greater of:

a. The Percentage Fee as determined under paragraph 6.4.

b. The Minimum Annual Privilege Fee as determined under paragraph 6.5.

6.2. Manner of Payment. Operator agrees to pay all Charges due under this Agreement, plus applicable sales tax and such other taxes as City may be required to collect on any payments made hereunder, in lawful money of the United States of America, without invoice, unless invoicing is otherwise required hereunder, without further notice or demand, without deduction or setoff.

6.3. Rent.

6.3.1. As consideration for the lease of the Premises, Operator shall pay to City annual Rent as follows:

a. During the first Lease Year, the amount determined by multiplying Thirty and No/100 Dollars ($30.00) times the square footage of the Counter Space (as determined by City in its reasonable discretion).

6.3.2. The Rent is payable in advance without City's demand on the first day of each calendar month during the Term. Installments of one-twelfth (1/12) of the annual Rent as set forth in paragraph 6.3.1. Any references in this Agreement to Rent shall also be deemed to refer to any monthly installment thereof.

6.3.3. If the Effective Date is a day other than the first day of a calendar month, or if the Term terminates on a day other than the last day of the calendar month, the Rent shall be prorated on a daily basis.

6.3.4. All Rent shall be paid to City without set-off or withholding for any reason.

6.3.5. At the time Rent payments are made, the Operator agrees to pay to the City all sales and use taxes that arise because of payment of Rent to the City.

6.3.6. Any amount advanced by City pursuant to the terms and provisions of this Agreement shall be repaid to City by Operator by the first of the calendar month

1427
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

following the date of such advance unless otherwise specifically provided in this Agreement.

6.3.7. Operator further covenants and agrees to pay promptly when due all taxes assessed against all fixtures, furnishings, equipment and stock-in-trade placed in or on the Premises during the term of this Agreement.

6.4. Percentage Fee.

6.4.1. The Percentage Fee shall equal Ten Percent (10.00%) times the Gross Receipts.

6.4.2. "Gross Receipts" means all fees, charges and receipts of any and all kinds and descriptions, without deduction for any credit card discount, from or on account of Operator's Business or activities originating on, at, from or with respect to the Premises, Operator's Business at the Airport (including providing motor vehicle rental services through fixed base operators, or other third parties, at the Airport), this Agreement, Operator's vehicle fleet assigned to the Airport, or foreign Vehicles temporarily assigned or rented from the Airport, no matter where the reservation therefor, the rental thereof, or the delivery or possession of such vehicle is made, including but not limited to reservations made through airlines, other operators or travel agencies, or by way of telephone, computer or any other means of communication, including but not limited to amounts collected or due from, for or on behalf of Operator's Customers, and revenue and consideration of any and all types and in any and all forms which are collected, accrued, received, receivable, allocated or allocable or which should have been collected, accrued, received, receivable, allocated or allocable by, for or to Operator or any person or entity acting for or on behalf of Operator, including its franchisor or any affiliated person or entity.

a. Gross Receipts shall include but are not limited to the following specified items:

1). Base, time and mileage charges and fees for the rental and short-term leasing of Vehicles;

2). Premiums and any and all other fees and charges for personal accident insurance, personal effects insurance coverage, baggage insurance, personal effects protection insurance, liability insurance, liability insurance supplements, extended protection insurance, and any and all other types and kinds of insurance coverages and policies (regardless of how they be denominated, regardless of the parties covered, and regardless of the risks insured against);

3). Any and all sums for insurance waivers, collision damage waivers, and loss damage waivers, whether cash or credit and whether collected or uncollected;

4). Inter-city fees and drop charges;

5). Concession Recovery Fees or Concession Recoupment Fees charged to Customers;

1428
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

6). Fees for rental of equipment including child safety seats, cellular telephones, recreational gear and car racks, tire chains and global positioning systems;

7). Additional fees charged to Customers including additional and underage driver fees, upgrade and exchange fees, early pickup and late return fees, tire and battery recovery fees, and fees for miscellaneous services (such as service calls).

8). Any and all charges made to Customers for any and all equipment and services provided for, on account of or incidental to the rental of Vehicles;

9). All other receipts, compensation, revenue and other consideration received or accrued to Operator or Operator's franchisor or any other affiliated person or entity for or on account of the subject rental car concession, its operations or its fleet Vehicles, unless specifically excepted in writing by City.

b. Gross Receipts shall specifically exclude the following:

1). Sales taxes which are separately stated on Operator's vehicle rental agreements and which Operator collects and remits separately to governmental taxing authorities, as required by law;

2). Fuel service charges, prepaid fuel, fuel replacement fees waiver, and any and all other types and kinds of charges for fuel, fuel replacement and fuel service;

3). The rental car surcharge imposed pursuant to Section 212.0606, Florida Statutes, as now existing or hereinafter amended, provided that such amount is separately stated on Operator's Vehicle rental agreements, Customer's Agreement, collected from the Customer by Operator, and remitted by Operator to the State of Florida;

4). Compensation received by Operator from Customers and insurance carriers in payment of actual damages to, or the destruction or theft of, Vehicles and other personal property of Operator, including proceeds received for loss, conversion or abandonment of Vehicles (but provided that compensation and payments for the loss of use of Vehicles are to be included as part of the Gross Receipts);

5). Discounts, coupons or credits provided by Operator to its Customer at the time a Customer Agreement is closed; and

6). Amounts received from the administration and reimbursement of tolls, tickets, towing or fines paid by Operator.

7). Amounts collected for any rental billed directly to an insurance company, or to an automobile shop/dealership located in Marion County, Florida, where the rented Vehicle is to be used by the Customer while the

Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

Customer's non-rented Vehicle is being repaired. This exclusion is capped and will not exceed 35% of Gross Receipts.

8). Amounts collected from customers for optional "carbon offset" program fees paid by Operator to third-party environmental initiative organizations.

c. Without limiting the generality and scope of the definition of Gross Receipts and without broadening the limits of exclusions from Gross Receipts, as specified above, it is expressly agreed and understood by Operator that no exclusion shall be allowed for taxes or surcharges levied on Operator's activities, facilities, equipment, real or personal property, payroll taxes, income taxes, taxes on frequent flier miles paid directly to an airline, license, title, tag fees, or charges to recoup the same, or other charges which recoup operating costs. Therefore:

1). Unless specifically excluded by the express terms of paragraph 6.4.2.b, all receipts, revenues or considerations shall be deemed to be included in Gross Receipts under this Agreement.

2). Gross Receipts shall not be reduced by bank charges, uncollected or uncollectible credit accounts, charges made by collection agencies, bad debt losses, or any commission or other amount paid out or rebated by the Operator to travel agents or others with respect to any rental or sale of goods or services.

6.4.3. Each exclusion from Gross Receipts shall be segregated as a separate account in the Operator's general ledger.

6.4.4. Each transaction made on installment of credit shall be treated as a transaction for the full price in the month during which such charge or transaction is made, regardless of when or whether the Operator receives any full or partial payment therefore. In no event shall the Operator's Gross Receipts or Chargeable Gross Receipts be negative in any revenue category or in any period. Operator shall not allocate revenues to any other location, regardless of which city or location owns the vehicle, or where the vehicle is ultimately returned.

6.5. Minimum Annual Privilege Fee. "Minimum Annual Privilege Fee" shall mean the following:

6.5.1. During the first Lease Year, there shall be no Minimum Annual Privilege Fee.

6.5.2. During each succeeding Lease Year, 85% of the prior year's Concession Privilege Fees.

6.6. Payment of Concession Privilege Fee. Operator shall pay the Concession Privilege Fee as follows:

6.6.1. The Concession Privilege Fee shall be paid in monthly installments with the amount of each installment being the greater of: (a) one-twelfth (1/12) of the Minimum Annual Privilege Fee; or (b) the Percentage Fee for the preceding month. All references herein to Concession Privilege Fee shall refer to installments

1430
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

thereof. Notwithstanding that the Concession Privilege Fee is paid in monthly installments, the amount of the Concession Privilege Fee for each Lease Year shall be determined pursuant to paragraph 6.8.2 such that the Concession Privilege Fee, for such Lease Year, shall be the greater of the: (a) Minimum Annual Privilege Fee; or (b) the Percentage Fee.

6.6.2. Each installment payment of the Concession Privilege Fee shall be paid simultaneously with the provision of the Monthly Report pursuant to paragraph 6.7.

6.7. Monthly Reports.

6.7.1. Within twenty-one (21) days of the end of each Lease Month during the Term of this Agreement:

a. Operator shall submit to the Airport Director, in form and substance acceptable to the Airport Director, a monthly report (a "Monthly Report") containing the total Gross Receipts for the preceding Lease Month. Such Monthly Statement shall set forth the Gross Receipts, by individual component thereof as described in paragraph 6.4.2, and the calculation of the Percentage Fee, for such Lease Month. If so elected by City, Operator shall use a form Monthly Report as provided by City.

b. Operator shall pay to City the Concession Privilege Fee due for such preceding Lease Months.

6.7.2. City shall have the right to rely on such Monthly Report in determining Concession Privilege Fees due hereunder. Operator shall have full responsibility for the accuracy of such Monthly Report. Late payments and payment deficiencies due to incomplete or inaccurate Monthly Report to City shall be subject to the late payment and late penalty charges as set forth in paragraph 6.11 hereof. The acceptance by City of any Operator payment shall not preclude City from verifying the accuracy of Operator's reports or computations, or from recovering any additional payment actually due from Operator. Interest on any additional amount due shall accrue thereon from the date the payment was originally due, at the rate prescribed and calculated in paragraph 6.11 hereof.

6.8. Annual Reports.

6.8.1. Within ninety (90) days of the end of each Lease Year during the Term of this Agreement or any renewal hereof, Operator shall submit to the Airport Director, in form and substance acceptable to the Airport Director, an annual report (the "Annual Report") for the Airport for such Lease Year, prepared in accordance with generally accepted accounting principles, certified by a financial representative of Operator whose duties include familiarity with the matters set forth in the Annual Report and the reporting of such matters. Such Annual Report shall set forth the Gross Receipts, by individual component thereof as described in paragraph 6.4.2.a, and Operator's calculation of the Concession Privilege Fee for the Lease Year under this Agreement. If so elected by City, Operator shall use a form Annual Report as provided by City.

1431
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

6.8.2. Following City's receipt of each Annual Report, City shall determine the amount of Concession Privilege Fee due from Operator for the preceding Lease Year.

a. If the amount of Concession Privilege Fee for the preceding Lease Year is in excess of the Concession Privilege Fee previously paid by Operator pursuant to paragraph 6.6 for such Lease Year, Operator shall pay the difference to City within thirty (30) days of written notice to Operator of the amount owed.

b. If the amount of Concession Privilege Fee due for the preceding Lease Year is less than the amount of Concession Privilege Fee previously paid by Operator pursuant to paragraph 6.6 for such Lease Year, City shall subtract the amount of such overpayment from the next Concession Privilege Fee payment due from Operator under paragraph 6.6 ; if, at the time such payment is due, this Agreement has expired or been terminated, City shall pay to Operator such overpayment in cash, provided by Operator is not then in default under the terms of this Agreement. This paragraph 6.8 shall survive the expiration or termination of this Agreement.

6.8.3. City shall have the right to rely on such Annual Report in determining the Concession Privilege Fee due hereunder. Operator shall have full responsibility for the accuracy of such Annual Reports. Late payments and payment deficiencies due to incomplete or inaccurate Annual Reports to City shall be subject to the late payment and interest charges as set forth in paragraph 6.11 hereof. The acceptance by City of any Operator payment shall not preclude City from verifying the accuracy of Operator's reports or computations, or from recovering any additional payment actually due from Operator. Interest on any additional amount due shall accrue thereon from the date the payment was originally due, at the rate prescribed and calculated in paragraph 6.11 hereof.

6.9. Operator's Records.

6.9.1. Operator shall maintain, either at the Airport or elsewhere within Marion County, Florida, books, records and accounts for its Business at the Airport, including computerized records that can be accessed at the Airport or elsewhere within Marion County, maintained in accordance with generally accepted accounting principles, generally accepted auditing standards, and the requirements of this Agreement, recording Gross Receipts under this Agreement and providing for the determination and calculation of Concession Privilege Fee and any other payments to be made to City by Operator.

6.9.2. Such books, records and accounts shall include detailed analyses listing all of Operator's transactions from operations at the Airport in the form of printed, written or electronic media. A numbered invoice shall be issued with each sale or transaction. Books and records shall include, but shall not be limited to, all original accounting source documents detailing transactions relevant to this Agreement, including but not limited to, original Customer Agreements, operating/financial statements, a complete (cumulative) general ledger, monthly sales journals detailing each rental transaction for the month, reconciliations between the financial records and monthly reports submitted to City, bank statements applicable to the operations of its Business at the Airport, corporate trial balances, corporate contracts with corporate Customers, annual audited financial statements

1432
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

and related reports on internal controls (including management representation letters), electronic media documenting accounting records, and other sales-related documents. Such books, records and accounts shall also include documentation of all exclusions from Gross Receipts claimed by Operator. For exclusions or adjustments to Gross Receipts, Operator's books and records shall include, but are not limited to, all agreements between Operator and corporate or volume Customers establishing the Customer's contractual rights to discounts and/or rebates, if such reduction is permitted by this Agreement, lists of all individual rental transactions with all corporate or volume Customers, all individual Customer Agreements with all corporate or volume Customers, and documentation of such records supporting other reductions to Gross Receipts authorized pursuant to paragraph 6.4.2 of this Agreement.

6.9.3. Operator shall cause to be installed in Operator's operating area, and shall at all times use, such cash registers, invoicing machines, sales slips and other accounting equipment, devices and forms as are reasonably necessary to record properly, accurately and completely all sales at the Airport related to Operator's Gross Receipts.

6.9.4. In those situations where Operator's records have been generated from computerized data (whether mainframe, minicomputer, or PC-based computer systems), Operator agrees to provide City with extracts of data files in a computer readable format on compact disks (CD), E-mail with attached files, or suitable alternative computer data exchange formats as requested by City.

6.9.5. Each record and item of information required hereunder shall be maintained for a period of at least five (5) years from the date of creation and for such extended period as City requires if there is an audit or litigation pending.

6.10. Audit of Operator's Books and Records.

6.10.1. City shall have the right to audit or authorize audits of Operator's book, records and accounts relevant to its operations of Operator's Business at the Airport. If either an annual audit or any other lesser period audit performed by City discloses an under reporting of Gross Receipts, Operator shall pay to City any amounts due under this Agreement within fifteen (15) calendar days of written notice by City, plus interest calculated in accordance with paragraph 6.11 of this Agreement. If an audit conducted by City or at City's direction discloses an under reporting of Gross Receipts by two percent (2%) or more for any twelve (12) month period, Operator shall reimburse City for the full cost of the audit, interest calculated in accordance with paragraph 6.11, any applicable legal fees and expenses, and shall pay liquidated damages in the amount of ten percent (10%) of the under-reported Concession Privilege Fees.

6.10.2. Operator shall provide the name and telephone number of Operator's accounting manager who has a thorough knowledge of the accounting system as it pertains to this Agreement and who will assist City with its audit. Operator will also allow interviews of past and present employees who were involved in the financial or operational activities of Operator as part of the audit.

1433
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

6.10.3. Operator agrees to provide appropriate work space to conduct the audit and free access to office and equipment needed to conduct the audit. Operator will also make the requested original books and records available within ten (10) working days from the date of request by City or City's representative and will freely lend its own assistance in conducting the audit. If Operator's books and records outside the Airport or outside Marion County, Florida cannot be provided and made available locally, Operator agrees to reimburse City for expenses incurred in sending representatives to wherever such books and records are maintained. Such expense will include transportation, lodging, food and other out-of-pocket expenses resulting from the necessity to leave Marion County, Florida.

6.11. Late Payments. If Operator fails to make payment of any Charges, or any other payment due City by the due date thereof, Operator shall pay to City, in addition to all other remedies available to City and all other payments to be made by Operator to City, a late charge equal to an administrative fee of two hundred fifty dollars ($250.00) per amount not paid, together with interest calculated at the rate of 10% per annum on the amount of such payment until the payment is made in full.

6.12. Survives Expiration or Termination. Operator's duty to maintain books and records and City's rights under this Agreement to inspect and audit the books and records of Operator shall survive the expiration or earlier termination of this Agreement.

6.13. No Confidentiality. Operator acknowledges that City is subject to the Florida Public Records Act (Chapter 119, Florida Statutes) and that, in such capacity, may not be able to retain any information it obtains from or concerning Operator's operation in confidence, and may, in fact, be required to disclose such information.

6.14. Payments by City. If City has paid any sum or sums or has incurred any obligation or expense for which Operator has agreed to pay or reimburse City, or if City is required or elects to pay any sum or sums or insure any obligations or expense by reason of the failure, neglect, or refusal of Operator to perform or fulfill any one or more of the conditions, covenants and undertakings contained in this Agreement.

6.15. Taxes and Assessments. Operator shall pay all taxes, including sales tax on payments made to the City subject to sales tax, any applicable payment in lieu of taxes, assessments, and charges of a like nature, which at any time during the Term of this Agreement may be levied or become a lien by virtue of any levy, assessment, or charge by the Federal Government, the State of Florida, Marion County, or any other municipal corporation or other local government entity having jurisdiction over the Airport, any government successor in authority to the foregoing, or any other tax or assessment levying bodies, in whole or in part, upon or in respect to Operator's business, the Charges or any other amount payable under this Agreement, or upon or in respect to any personal property belonging to Operator situated on the Premises. Payment of such taxes, assessments and charges, when and if levied or assessed, shall be made by Operator directly to the taxing or assessing authority charged with collection thereof. City shall timely forward to Operator any assessment or tax notice received by City and payable by Operator.

6.16. License and Permit Fees. Operator shall also pay all fees associated with any and all licenses, permit, certificates and other authorizations required by any governmental authority in connection with the operations or activities performed by Operator under this Agreement.

Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

6.17. Operator's Rights to Contest. Operator may, at its own expense, contest the amount or validity of any tax or assessment, or the inclusion of the Premises, this Agreement or the Charges or any other payment under this Agreement as taxable or assessable property, directly against the taxing or assessing authority and Operator shall not be deemed to be in default under this Agreement for failure to pay any such tax or assessment pending the outcome of any such contest proceedings. City reserves the right to require Operator to provide such security as City's legal counsel determines necessary to assure that the tax and any costs related to the tax contest are promptly discharged upon final determination of such tax contest adverse to Operator.

6.18. Accord and Satisfaction. If Operator pays any amount that is less than the amount stipulated to be paid under this Agreement, such payment shall be considered to be made only on account of the stipulated amount. No endorsement or statement on any check or letter shall be deemed an accord and satisfaction. City may accept any check or payment without prejudice to City's right to recover the balance due or to pursue any other remedy available to City pursuant to this Agreement or under the law.

6.19. Additional Charges. In addition to the Rent and Concession Privilege Fee, all other payments that Operator is obligated to make under this Agreement including, without limitation, under all provisions of this paragraph are considered additional Charges ("Additional Charges"), and unless explicitly stated otherwise, regardless of whether the payments are so designated. All additional payments are due and payable fifteen (15) days after the time City demands payment or at the time the next succeeding Percentage Fee installment is due, whichever occurs later. City shall have the same remedies for Operator's failure to pay Additional Charges as it does for Operator's failure to pay the stated Charges. All further references to "Charges" shall include both stated Charges and Additional Charges. The provisions of this paragraph 6.19 shall apply only concerning remedies, and not concerning Charges upon which sales and use taxes are to be calculated or paid.

6.20. Amounts Advanced by City. Any amount advanced by City pursuant to the terms and provisions of this Agreement shall be repaid to City by Operator by the first of the calendar month following the date of such advance unless otherwise specifically provided in this Agreement.

6.21. Allocation of Charges.

6.21.1. As set forth elsewhere in this Agreement:

a. The Rent represents consideration to City for the lease of the Premises; and

b. The Concession Privilege Fee represents consideration to City for the Concession Rights.

6.21.2. City shall collect sales and use taxes only on the Rent, unless City receives a notice or demand from the applicable taxing authority (currently the Florida Department of Revenue) to collect sales and use taxes on other Charges.

6.21.3. Operator shall be solely responsible for the payment of all sales, use or other taxes levied upon the fees and other charges payable by Operator to the City hereunder, whether or not the same shall have been billed or collected by the City, together with any and all interest and penalties levied thereon, and Operator hereby agrees

Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

to indemnify the City and hold it harmless from and against all claims by any taxing authority that the amounts, if any, collected from Company to such taxing authority, were less than the total amount of taxes due, and for any sums including interest and penalties payable by the City as a result thereof. The provisions of this paragraph 6.21.3 shall survive the expiration or prior termination of this Agreement.

7. **Operator's Improvements**.

7.1. Alterations, Additions and Improvements.

7.1.1. Except as expressly provided for herein, Operator shall make no alterations, additions or improvements to or installations on its Premises (including, but not limited to, any work which could affect utility or other systems for which City is responsible) without the prior written permission of the City.

7.1.2. Before the commencement of any such work, if required by the City, detailed plans and specifications, including any modifications or amendments thereto requested by City, shall be filed with and approved, in writing, by the Airport Director and all governmental departments and authorities having jurisdiction thereover. All such work shall be done subject to and in accordance with the requirements of applicable law and regulations of all such governmental departments and authorities, and, where required, each affected public utility company.

7.1.3. Such work shall be performed in a good and workmanlike manner and in accordance with the plans and specifications approved for the same. At all times during such work, Operator shall have a copy of the approved plans and specifications on the construction site for inspection by City, if the same are herein required. Operator shall be required to replace any work which is not done in accordance with such plans and specifications as approved by the Airport Director.

7.1.4. All alterations, additions or improvements at any time placed upon its Premises by Operator shall be deemed to be and become a part of the realty and the sole and absolute property of City upon completion.

7.1.5. Operator shall promptly pay all claims made against City and discharge all liens filed or which exist against the Premises, any other portion of the Airport, or Operator's trade fixtures or trade equipment arising out of or in connection with, whether directly or indirectly, the failure to make payment for work done or materials provided by Operator, its contractors, subcontractors or materialmen. However, Operator shall have the right to contest the amount or validity of any such claim or lien without being in default under this Agreement. If City's legal counsel reasonably determines that security is required to guarantee discharge of such claim or lien if such claim or lien is finally determined against Operator, City shall provide Operator with written notice of such determination. Within ten (10) days of such notice, Operator shall provide such security, in such form and amount as is reasonably satisfactory to City's legal counsel. City shall give timely notice to Operator of all such claims and liens of which it becomes aware.

7.2. Conduct. Operator, its employees, passengers, guests, licensees, invitees and independent contractors shall conduct themselves in an orderly and proper manner so as not to disturb,

1436
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

annoy or offend others at the Airport or to violate any of City's present or future written or published policies, rules or regulations. Upon notification by City of any violation of the provisions of this paragraph 7.2, Operator shall forthwith take all reasonable measures necessary to terminate the offensive, disorderly or improper conduct.

7.3. Performance by City Upon Failure by Operator. If Operator fails to perform any obligation required by paragraph 7.1 or 8.2, City shall give Operator written notice of such failure. If Operator fails to perform such obligation within thirty (30) days of receipt of such notice, or if such obligation cannot with due diligence be performed within such thirty (30) day period, and Operator has failed to immediately commence and diligently pursue performance thereof upon receipt of such notice, City may perform such obligation of Operator, and charge Operator for the cost of City's performance, including a charge of fifteen percent (15%) representing City's overhead, plus a reasonable administrative charge representing City's fee for managing the same, plus attorneys' fees or costs of legal counsel, if performed by City's legal counsel.

8. **Obligations of City.**

8.1. City Operation and Maintenance.

8.1.1. Except at otherwise provided in this Agreement, City shall operate and maintain the Airport and the Terminal and shall keep the Airport, including the Terminal and City-installed Terminal equipment and fixtures, in good condition and repair. City's maintenance obligation with respect to the Terminal shall also include custodial and general maintenance of the public areas of the Terminal.

8.1.2. City shall cause electricity, air conditioning, heat, sewerage disposal and water to be supplied to the Premises. City shall not be responsible for disruptions in service due to failure of utility suppliers or other causes beyond City's control.

8.2. Operator's Maintenance, Replacement and Repair. Operator shall, at its own cost and expense, maintain and repair all parts of Operator's improvements, equipment, fixtures and personal property installed or located on or at the Premises, including Operator's computers and communications system, any Operator-installed connections to City-installed utility systems or property, and all other Operator's equipment and property whether or not any of the same is affixed or attached to such Premises. Operator shall also provide cleaning, general maintenance and refuse removal for the Counter Area, Parking Area, Ready/Return Area and Wash Area; the Wash Area shall be cleaned daily. Operator shall dispose of all trash or other refuse in dumpsters provided by City.

9. **Damage or Destruction.**

9.1. Damage. Should the Premises or any portions thereof, or buildings or structures on which the Premises may be a part, be damaged by fire or other casualty, and if the damage or buildings or structures of which the Premises are a part, is repairable within ninety (90) days from the date of the occurrence, the Premises shall be repaired with due diligence by City and, provided that the damage is not due to the negligence of Operator, the Rent allocable to the portions of the Premises rendered untenantable, for the period from the occurrence of the damage to the completion of repairs, shall be abated proportionately based upon the portion and impact of the untenantable Premises; there shall be no

1437
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

abatement, however, if the need for repair is due to the negligence of Operator or if City is able to substitute substantially equivalent space to replace the untenantable Premises.

9.2. Destruction. Should the Premises or any portions thereof, or buildings or structures of which the Premises may be a part, be completely destroyed by fire or other casualty, or should they be damaged to such an extent that the damage cannot be repaired within ninety (90) days after the occurrence, City shall have the option to terminate this Agreement to the extent that it shall apply to the portion of the Premises so rendered untenantable. If this paragraph 9.2 becomes applicable, City shall notify Operator within thirty (30) days after the happening of any such damage whether City has elected to continue this Agreement in effect as to the premises damaged or destroyed or to terminate it. Such notice shall advise Operator of City's estimated schedule for completion of repair and restoration and identify to Operator reasonably adequate substitute premises to be provided to Operator pending reconstruction of the damaged or destroyed Premises. If repairs are estimated to take more than one hundred eighty (180) days to complete as determined by City in its reasonable discretion after consultation with a Florida-licensed contractor, and City is not able to provide Operator reasonably adequate substitute premises within 60 days for the premises damaged and destroyed pending reconstruction, and such premises are essential to the operation of Operator's Business, Operator may terminate this Agreement by providing written notice to City within ten (10) days of receipt of notice from City as aforesaid. If City shall elect to continue this Agreement in effect, it shall commence and prosecute with due diligence any work necessary to restore or repair the premises, and, so long as the damage is not due to the negligence of Operator, the Rent allocable to the particular Premises rendered untenantable, for the period from the occurrence of the damage to the completion of the repairs, shall be abated and Operator shall pay City a reasonable rental for the substitute premises provided during reconstruction.

9.3. Relocation of Premises. During any time period when the Premises, or any portions thereof, are damaged by fire or other casualty, City may relocate the damaged Premises or portions to other locations at the Airport until repairs have been completed.

10. **Indemnification and Insurance.**

10.1. Commercial General Liability. Operator shall maintain during the entire Lease Term and all periods in which Operator is in possession of the Premises, commercial general liability insurance as well provide coverage for the following matters and with limits not less than:

10.1.1. $1,000,000 each occurrence and $2,000,000 aggregate for Bodily Injury, Property Damage, and Personal and Advertising Injury.

10.1.2. $1,000,000 each occurrence and $2,000,000 aggregate for Products and Completed Operations.

10.1.3. $100,000 each occurrence for Damage to the Premises.

10.1.4. Policy must include coverage for contractual liability and independent contractors.

10.1.5. City, its officials, employees, and volunteers are to be covered as an additional insured with a CG 20 26 04 13 Additional Insured – Designated Person or Organization Endorsement or similar endorsement providing equal or broader Additional Insured Coverage with respect to liability arising out of activities

1438
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

performed by or on behalf of Operator. The coverage shall contain no special limitation on the scope of protection afforded to City, its officials, employees, and volunteers.

10.2. Business Automobile Liability. Coverage must be afforded for all Owned, Hired, Scheduled, and Non-Owned vehicles for Bodily Injury and Property Damage in an amount not less than $1,000,000 combined single limit each accident. If the Operator's Contractor does not own vehicles, the Operator's Contractor shall maintain coverage for Hired and Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

10.3. Workers' Compensation and Employer's Liability. Coverage must be afforded per Chapter 440, Florida Statutes. Any person or entity performing work for or on behalf of Operator ("Operator's Contractor") must provide Workers' Compensation insurance. Exceptions and exemptions will be allowed by the City's Risk Manager, if they are in accordance with Florida Statutes. The Operator's Contractor waives, and the Operator's Contractor shall ensure that the Operator's Contractor's insurance carrier waives, all subrogation rights against the City and the City's officers, employees, and volunteers for all losses or damages. The City requires the policy to be endorsed with WC 00 03 13 Waiver of our Right to Recover from Others or equivalent. The Operator's Contractor must be in compliance with all applicable State and federal workers' compensation laws, including the U.S. Longshore Harbor Workers' Act and the Jones Act, if applicable.

10.4. Construction Insurance. Operator shall, at its sole expense, procure and maintain during the course of the construction of any improvement or alterations on the Premises constructed during the Term of this Agreement, "builder's risk," Operator shall ensure Operator's Contractor obtains comprehensive public liability insurance, and Operator shall also carry during such period of construction Worker's Compensation Insurance covering all persons employed by Operator on or in connection with such construction.

10.5. Environmental Liability. Operator shall maintain Pollution Liability or other similar Environmental Impairment Liability, at a minimum limit of not less than Two Million Dollars ($2,000,000) per claim and Five Million Dollars annual aggregate ($5,000,000) providing coverage for damages including, without limitation, third-party liability, clean up, corrective action, including assessment, remediation and defense costs. When a self-insured retention or deductible amount exceeds Ten Thousand Dollars ($10,000), City reserves the right, but not the obligation, to review and request a copy of Operator's most recent annual report or audited financial statements in evaluating the acceptability of a higher self-insured retention or deductible in relationship to Operator's financial condition.

10.6. Deductibles. Operator's deductibles or self-insured retentions shall be disclosed to City and may be disapproved upon commercially reasonable grounds by the latter if inconsistent with industry standards. The deductibles once accepted by City may be reduced or eliminated at the option of City upon recommendation of City's Risk Management Department so long as the resulting premiums do not then become commercially unreasonable and so long as any such recommendations are consistent with industry standards. The Operator is responsible for the amount of any deductible or self-insured retention.

10.7. Insurance Requirements. These insurance requirements shall not relieve or limit the liability of Operator. City does not in any way represent that these types or amounts of

1439
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

insurance are sufficient or adequate to protect Operator's interests or liabilities, but are merely the minimums. No insurance is provided by City under this Agreement to cover Operator or its contractors or sub-contractors.

10.8. Duplicate Insurance. Insurance required of Operator or any other insurance of Operator which covers City shall be considered primary, and insurance or self-insurance of City shall be considered excess, as may be applicable to claims against City which arise out of this Agreement.

10.9. Insurance Certificate Requirements. Operator shall provide City with valid Certificates of Insurance (binders are unacceptable) at least ten (10) days prior to execution of this Agreement and no later than thirty (30) days prior to commencement of any improvements, or following any written request by City.

10.9.1. Operator shall provide a Certificate of Insurance to City with a thirty (30) day notice of cancellation, or ten (10) days' notice if cancellation is for nonpayment of premium.

10.9.2. In the event that the insurer is unable to accommodate the cancellation notice requirement, it shall be the responsibility of Operator to provide the proper notice. Such notification will be in writing by registered mail, return receipt requested, and addressed to the certificate holder.

10.9.3. In the event this Agreement term goes beyond the expiration date of the insurance policy, Operator shall provide City with an updated Certificate of Insurance no later than ten (10) days prior to the expiration of the insurance currently in effect. City reserves the right to suspend this Agreement until this requirement is met.

10.9.4. City shall be named as an Additional Insured on all liability policies. Lessee shall provide copies of Additional Insured endorsements to Lessor to verify the City's status as an Additional Insured on all applicable polices.

10.9.5. The Lease, Bid/Contract number, event dates, or other identifying reference must be listed on the Certificate of Insurance.

10.10. City May Change Limits. City reserves the right to increase or decrease, or expand or narrow, the minimum limits or amounts of insurance requirements set forth above whenever the liability of City under Florida law (including the Florida Tort Claims Act) increases or City's defined areas of liability or risk are expanded. City shall give the Operator a minimum of sixty (60) days advance written notice for any modification or change in the insurance limits as set forth herein.

10.11. Failure to Provide Insurance. If Operator shall fail to obtain or maintain in full force and effect any insurance coverage required to be obtained by Operator under this Agreement, City may procure same from such insurance carriers as City may deem proper, irrespective that a lesser premium for such insurance coverage may have been obtained from another insurance carrier, and Operator shall pay as additional Charges, upon demand of City, any and all premiums, costs, charges and expenses incurred or expended by City in obtaining such insurance. Notwithstanding the foregoing sentence, if City shall procure insurance coverage required of Operator hereunder, City shall in no manner be liable to Operator for any insufficiency or failure of coverage with regard to such insurance or any loss to

Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

Operator occasioned thereby, and additionally, the procurement of such insurance by City shall not relieve Operator of its obligations under this Agreement to maintain insurance coverage in the types and amounts herein specified, and Operator shall nevertheless hold City harmless from any loss or damage incurred or suffered by City from Operator's failure to maintain such insurance.

10.12. Safety/Environmental.

10.12.1. Operator is responsible at all times for reasonable precautions to achieve the protection of all persons including employees, and property lawfully upon the Premises.

10.12.2. Operator shall comply with all applicable safety and Environmental Laws and ordinances. Operator shall promptly notify the City's Risk Management Department regarding any and all Hazardous Material spills that are required to be reported by the State.

10.13. Miscellaneous.

10.13.1. Operator shall be responsible for carrying such insurance as Operator may desire to protect Operator's own equipment, contents, personal property and other property on the Premises, and business loss insurance

10.13.2. Operator may not perform or fail to do any act with respect to the Premises, may not use or occupy the Premises, and may not conduct or operate the Operator's business, in any manner that is objectionable to the insurance companies, it causes them to void or suspend any insurance, or that causes them to increase the premiums above the amounts that would usually have been in effect for the occupancy under this Agreement. Operator may not permit or suffer another person to do so with respect to the Premises.

10.13.3. Operator acknowledges the limits, coverages and endorsements required by this paragraph 10 are intended to minimize liability for City. Operator agrees that it will not rely upon the requirements of this paragraph 10 when assessing the extent or determining appropriate types or limits of insurance coverage to protect Operator against any loss exposures, whether as a result of this Agreement or otherwise.

11. **Default; Remedies.**

11.1. Default. The occurrence of any one or more of the following events shall constitute a default of this Agreement by Operator:

11.1.1. Vacating or abandoning of the Premises by Operator without the advance written consent of City. The Premises shall be deemed vacated or abandoned upon: (a) the Premises no longer being open for business, or Operator not being open for business as required by paragraph 5.3.6 on three or more days in a six-month period; or (b) such other facts as City determines, in its reasonable discretion, establish that Operator has vacated or abandoned the Premises.

1441
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

11.1.2. The failure by Operator to make payment of any Charge or any other payment required to be made by Operator hereunder, as and when due, where such failure shall continue for a period of five (5) days after City delivers written notice of such non-payment to Operator.

11.1.3. The failure by Operator to observe or perform any of the covenants, conditions or provisions of this Agreement to be observed or performed by Operator where such failure continues for a period of thirty (30) days after written notice thereof from City to Operator, notwithstanding the foregoing:

a. If the nature of Operator's default is such that more than thirty (30) days are reasonably required for its cure, then Operator shall not be deemed to be in default if Operator commenced such cure within such thirty (30) day period and thereafter diligently pursues such cure to completion.

b. Nothing contained in this paragraph 11.1.3 shall be deemed to alter or affect the cure period for performance of any covenant, condition or provision for which a specific time period is provided elsewhere in this Agreement, or to require notice and an opportunity to cure where any provision of this Agreement provides that such notice or opportunity are not necessary.

c. If Operator has twice previously violated a term, condition or covenant of this Agreement and is provided with notice of and an opportunity to cure such violation, any subsequent violation of the same term, condition, or covenant within twelve (12) months of the prior violation shall constitute a default without further notice or opportunity to cure.

d. Only three (3) days' notice and an opportunity to cure need be provided for the failure to provide insurance, or proof thereof, under this Agreement.

11.1.4. To the extent permitted by law, (a) the making by Operator or any guarantor, receiver, or trustee thereof of any general assignment, or general arrangement for the benefit of creditors; (b) the filing by or against Operator of a petition to have Operator adjudged bankrupt or a petition for reorganization or arrangement under any law relating to bankruptcy unless, in the case of a petition filed against Operator, the same is dismissed within sixty (60) days; (c) the appointment of a trustee or receiver to take possession of substantially all of Operator's assets located at the Premises or of Operator's interest in this Agreement, where possession is not restored to Operator within thirty (30) days; or (d) the attachment, execution or other judicial seizure of substantially all of Operator's assets located at the Premises or of Operator's interest in this Agreement, where such seizure is not discharged within thirty (30) days.

11.1.5. The seizure, sequestration or impounding by virtue or under authority of any legal proceeding of all or substantially all of the personal property or fixtures of Operator used in or incident to the operation of the Property.

11.1.6. Operator makes an assignment of this Agreement for the benefit of creditors.

11.1.7. Any sale, transfer, assignment, subleasing, concession, license, or other disposition prohibited under this Agreement.

Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

11.1.8. Notwithstanding any provision of this Agreement, Operator acknowledges and agrees that City may require Operator to immediately cease any activity, which could result in an Airport hazard or endanger safety of any other Airport user, as reasonably determined by City.

11.2. Remedies.

11.2.1. If any Operator default occurs (and has not been cured during any applicable cure period), City shall have the right, at the option of City, to pursue one or more of the following remedies, in addition to all other remedies available at law or equity:

a. Terminate this Agreement and thereupon reenter and take possession of the Premises with or without legal process.

b. Without terminating this Agreement, reenter and relet the Premises, or any part thereof, and grant additional Concession Rights, for the account of Operator upon such terms and conditions as City may deem advisable or satisfactory, in which event the rents received on such reletting shall be applied:

a). First, to the expenses of such reletting and collection including but not limited to, necessary renovation and alterations of the Premises, reasonable attorney's fees, any real estate commissions paid;

b). Second, toward payment of all Charges or other sums due or to become due City hereunder; and

c). Third, if a sufficient sum shall not be thus realized or secured to pay such sums and other charges due City, then, Operator shall pay City any deficiency monthly, and City may bring an action therefor as such monthly deficiency shall arise.

d). Nothing herein, however, shall be construed to require City to reenter and relet in any event. City shall not, in any event, be required to pay Operator any surplus of any sums received by City on a reletting of the Premises in excess of the Charges provided in this Agreement.

c. Remove all or any part of the Operator's property from the Premises and any property removed may be stored in any public warehouse or elsewhere at the cost of, and for the account of Operator, and City shall not be responsible for the care or safekeeping thereof whether in transport, storage or otherwise. Operator hereby waives any claim against City for loss, destruction and/or damage or injury that may be occasioned by any of the previously mentioned acts. In addition to any statutory lien granted to City, this Agreement shall be deemed and considered to grant City a security interest in the previously mentioned items and City shall have all the rights of a secured party under the Uniform Commercial Code. The foregoing notwithstanding, City will not claim or have a lien of any kind, be it contractual or statutory, on or against Operator's motor vehicles for non-payment of any Charges or fees due under the Lease, or for any default of Operator or any other reason, and the City hereby waives all such liens available to the City.

1443
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

11.2.2. No reentry or taking possession of the Premises by City shall be construed as an election on City's part to terminate this Agreement unless a written notice of such intention is given to Operator. Notwithstanding any such reletting without termination, City may at all times thereafter elect to terminate this Agreement for such previous default. Any such reentry shall be allowed by Operator without hindrance, and City shall not be liable in damages for any such reentry, or guilty of trespass or forcible entry.

11.3. Cure of Operator Default by City. If Operator shall default in the performing of any covenant or condition of this Agreement and the opportunity to cure if any has expired, City may, at its sole discretion, perform the same for the account of Operator and Operator shall reimburse City for commercially reasonable expenses incurred therefore together with interest thereon at the highest legal rate. This provision imposes no duty on City nor waives any right of City otherwise provided in this Agreement.

11.4. Default by City. City shall not be in default unless City fails to perform obligations imposed upon City hereunder within a reasonable time, but in no event later than thirty (30) days after written notice by Operator to City, specifying wherein City has failed to perform such obligations; provided, however, that if the nature of City's obligations is such that more than thirty (30) days are required for performance then City shall not be in default if City commences performance within such thirty (30) day period and thereafter diligently prosecutes the same to completion. Operator shall have, in the event of default by City, any remedy now or hereafter available to Operator under the laws of the State of Florida.

11.5. Surrender of Premises. Operator expressly agrees that it shall immediately surrender the Premises to City in good condition, upon expiration or earlier termination of this Agreement, depreciation and wear from ordinary use for the purpose for which the Premises were leased being excepted. Operator shall remove all of its personal property from the Premises on or before the expiration of this Agreement. Any personal property of Operator not removed by Operator shall become the property of City or may be disposed of by City at Operator's expense.

12. **Assignment, Sublease and Transfers.**

12.1. Permissible Assignments and Sublets. The Operator may not assign, mortgage, pledge, or encumber this ease, nor sublet, license, or grant any concession for the use of the Premises, to another person without obtaining the City's prior written consent, such consent shall not be unreasonably withheld or conditioned. City may require Operator and such other person to provide City with such information as City may reasonably request so that City may consider whether to grant or condition such consent.

12.2. Continued Liability of Operator. If the Operator makes any assignment, sublease, license, or grant of a concession, the Operator will nevertheless remain unconditionally liable for the performance and financial obligations of all of the terms, conditions, and covenants of this Agreement.

12.3. City's Right to Collect Charges From Any Occupant. If the Operator is in default on any payments under this Agreement and any other person is subletting or occupying the Leased Premises, or if the Operator assigns this Agreement, the City may collect Charges from the assignee, subtenant, or occupant. The City may apply the net amount collected to the Charges required under this Agreement. The City's collection of the Charges does not

1444
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

waive the covenant against assignment and subletting under this Agreement nor does it constitute the City's acceptance of the assignee, subtenant, or occupant as an Operator, nor the City's waiver of the Operator's further performance of the covenants contained in this Agreement.

13. **Environmental**.

13.1. Compliance with Environmental Laws.

13.1.1. Operator covenants, represents, and warrants that in conducting any activity or business on the Premises or at the Airport, or in conducting any operation or performing any work pursuant to this Agreement, Operator shall comply with all applicable Environmental Laws. Operator further covenants, represents and warrants that:

a. Operator shall obtain and maintain all Environmental Permits required for it to conduct its activities and business on the Premises and at the Airport.

b. At City's request, Operator shall make available to City for inspection and copying, upon reasonable notice and at reasonable times, any and all documents and materials which Operator prepared or had prepared with respect to or pursuant to any Environmental Law or Environmental Permit, or which Operator submitted or had submitted to any governmental agency, which documents or materials relate to environmental issues, Environmental Laws or Environmental Permits, pertain to the Airport or the Premises, and would be discoverable in litigation.

13.1.2. City and its representatives shall have access to the Premises upon prior notice to inspect the same in order to determine if Operator is using the Premises in accordance with all Environmental Laws and Environmental Permits. Operator agrees to fully cooperate with any such inspections, provided that such inspections shall not unreasonably interfere with Operator's operations. Upon receipt of written notification of noncompliance or upon assertion of a claim by a third party, and at the request of City, Operator shall conduct such testing and analysis as City deems reasonable to ascertain whether Operator is using the Premises in compliance with all Environmental Laws and Environmental Permits. Any such tests shall be conducted by qualified independent experts chosen by Operator, but who shall be subject to City's approval, which shall not be unreasonably withheld. Operator shall provide to City copies of all reports prepared by such experts within a reasonable time after Operator receives each such report.

13.1.3. If Operator fails to comply with any Environmental Law or Environmental Permit or if Operator fails to commence immediate corrective action or required remediation, City may, in addition to the rights and remedies described elsewhere in this Agreement and any other rights and remedies otherwise available to City, enter the Premises and take all reasonable and necessary actions, at Operator's expense, to ensure such compliance with the Environmental Law or Environmental Permit.

13.1.4. In the event of any release or threatened release of Hazardous Materials caused by Operator or any of its agents, employees, invitees, licensees, contractors, or

1445
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

subcontractors, and which is required by an applicable Environmental Law or City Rule or Regulation to be reported by Operator, whether as a result of negligent conduct or otherwise, at, on, under or about the Premises or the Airport, or in the event any claim, demand, complaint, or action is made or taken against Operator that pertains to the environment at the Premises or the Airport, or if Operator receives any notice pertaining to Operator's failure or alleged failure to comply with any Environmental Law or Environmental Permit, Operator shall promptly notify City of all known facts pertinent to such release, threatened release, claim, demand, complaint, action, or notice, and shall provide City with a copy of each such claim, demand, complaint, notice, and action. If Operator is required by any Environmental Law, Environmental Permit, or governmental agency to file any notice or report of a release or threatened release of Hazardous Materials at, on, under or about the Premises or the Airport, Operator shall simultaneously provide a copy of such notice or report to City.

13.1.5. Operator shall undertake all necessary steps to remedy and remove any environmental pollution, contamination, condition, or damage to the extent caused by or resulting from the activities or conduct of Operator or any of its agents, employees, invitees, licensees, contractors, or subcontractors on the Premises or at the Airport, whether resulting from negligent conduct or otherwise, as determined by the appropriate governmental agency to be necessary to reasonably protect the public health or safety to the extent required by applicable law, or to bring the Premises or the Airport into compliance with all Environmental Laws and Environmental Permits. Such work shall be performed at Operator's expense. Except in the event of an emergency, such work shall be after Operator submits to City a written plan for completing such work and receives the prior approval of City, which shall not be unreasonably withheld. City shall have the right to review and inspect all such work at any time using consultants and representatives of its choice. The actual cost of such review and inspection shall be paid by Operator. Specific cleanup levels for any environmental remediation work Operator performs shall be designed to meet and satisfy the requirements of all applicable Environmental Laws and Environmental Permits. Operator warrants that all work performed pursuant to this Agreement shall be performed in accordance with all Environmental Laws and Environmental Permits, specifically including without limiting the generality of the foregoing any applicable National Emission Standards for Hazardous Air Pollutants (NESHAP), 40 C.F.R. 61.145.

13.1.6. Notwithstanding the obligations imposed on Operator in paragraph 13.1.5 of this Agreement, City and other Federal, state, and local agencies having jurisdiction shall at all times have the right, should Operator fail to respond to a notification, after a specified cure period, if any, or immediately if necessary to mediate further contamination, to take any and all actions as they may individually or collectively deem appropriate to cease, contain, investigate, remediate, and otherwise respond to a condition which results from, causes, or threatens to cause environmental pollution, contamination, or damage at, under or about the Premises or the Airport. Operator agrees to cooperate with any and all such actions.

13.1.7. City shall not be responsible to Operator or any of its agents, employees, invitees, licensees, contractors, or subcontractors for any environmental condition in existence on the Premises or at the Airport, which condition may interfere with Operator's business or other operations or activities, or which might otherwise

1446
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

cause damage to Operator through loss of business, destruction of property, or injury to Operator, its owners, directors, officers, agents, employees, Customers, clients, vendees, invitees, concessionaires, or licensees, except to the extent that any such condition is directly caused by City or its employees.

13.2. Operator's Environmental Indemnity. With respect to Environmental Laws and Environment Permits, Operator agrees as follows:

13.2.1. Without in any way limiting Operator's obligations under paragraph 13 hereof, Operator shall assume the risk of, be responsible for, protect, defend, indemnify and hold harmless City and its past, present and future officers, the members of the Board of City Commissioners, the employees and agents of City, and each of them, including without limitation the Airport Directors of City, and shall hold each and all of them harmless at all times from and against any and all losses, claims, liabilities, damages, costs, and expenses, including reasonable attorney's fees, which may be incurred in connection with any actual, threatened, or potential environmental pollution, contamination, condition, or damage to the extent caused by or resulting from any activity or conduct, or presence of Operator or any of Operator's directors, officers, agents, contractors, subcontractors, or employees at the Airport or from Operator's failure to comply with any Environmental Law or Environmental Permit. Operator is not responsible for pre-existing contamination by the City, or other tenant.

13.2.2. All rights and remedies of City as provided in this Agreement with regard to environmental pollution, contamination, damage, or any actual or threatened violations of any Environmental Law or Environmental Permit shall be deemed cumulative in nature; and City's right to indemnification as provided under this paragraph 13.2 shall survive the termination of this Agreement.

14. **Airport Specific Provisions**.

14.1. City Right to Improve Airport.

14.1.1. City has, has had and shall continue to have the absolute right to develop, expand, improve and renovate the Airport, including but not limited to, its apron and taxiways, the Terminal and other Airport facilities, regardless of the desires or views of Operator and without interference or hindrance from Operator and without any liability to Operator; and City may continue to so develop, expand, improve and renovate the Airport, including but not limited to, its apron and taxiways, Terminal and other Airport facilities throughout the Term of this Agreement.

14.1.2. Upon reasonable notice, during Operator's normal business hours, City shall have the right to enter the Premises to perform any of City's obligations hereunder, exercise any of its rights hereunder or in the exercise of its governmental functions, or in the event of any alteration, improvement or construction on, adjacent to or in the vicinity of the Premises, for purposes related thereto. Notwithstanding the foregoing, in an emergency, City shall have the absolute right to enter the Premises to perform or exercise any of the aforementioned obligations or rights.

1447
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

14.1.3. In addition to those rights reserved by City in paragraph 14.1.1 and 14.1.2 above, City reserves the right from time to time as may be reasonably necessary to close, relocate, reconstruct, change, alter or modify Operator's Premises for purposes of maintaining or constructing improvements, modifications or expansions to the Airport, provided that:

a. At least sixty (60) days prior written notice of any such action is given by City to Operator.

b. Reasonably convenient and equivalent alternative premises and adequate means of ingress and egress thereto shall be made available to Operator. Such alternative premises shall be subject to Operator's reasonable approval.

c. Operator shall continue to pay all Charges, and all other payments applicable under this Agreement with respect to its Premises during any such temporary relocation (adjusted for any decrease in square footage); provided, however, that City shall reimburse Operator for the reasonable costs associated with any necessary relocation.

14.2. Reservation of Air Navigation Rights. City reserves unto itself, its successors and assigns, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the Airport, including but not limited to Operator's Premises, for navigation or flight in such airspace for landing on, taking off from, or operating at the Airport. This reservation of air navigation rights is with respect to City's operations authorized under its joint use agreement with the Unites States of America.

14.3. Nondiscrimination. To the extent that the following provisions are applicable to Operator's Premises or activities at the Airport and the inclusion of such provisions is required by law, grant agreement or contract, Operator agrees to observe and comply with such provisions:

14.3.1. Operator agrees that in the operation of its Business at the Airport, it shall not discriminate against any person by reason of sex, race, color, religion, national origin, disability or handicap in the use of any of the facilities provided for the public at the Airport.

14.3.2. Operator, for itself, its successors in interest and assigns, as a part of the consideration therefor, does hereby covenant and agree, as a covenant running with the land, that if facilities are constructed, maintained or otherwise operated on the property described in this Agreement for a purpose for which a Department of Transportation program or activity is extended or for another purpose involving the provision of similar services or benefits, Operator shall maintain and operate such facilities and services in compliance with all other requirements imposed pursuant to Title 49, Code of Federal Regulations, Department of Transportation Effectuation of Title VI of the Civil Rights Act of 1964, and as such Regulations may be amended.

14.3.3. Operator, for itself, its successors in interest and assigns, as a part of the consideration therefor, does hereby covenant and agree, as a covenant running with the land, that:

1448
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

a. No person on the grounds of sex, race, color, religion, national origin or handicap shall be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of such facilities;

b. In the construction of any improvements on, over, or under such land and the furnishings of services thereon, no person on the grounds of sex, race, color, religion, national origin or handicap shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination.

c. Operator (whether a grantee, licensee, lessee, permittee, etc.) shall use the Premises in compliance with all other requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in federally-assisted programs of the Department of Transportation- Effectuation of Title VI of the Civil Rights Act of 1964, and as such Regulations may be amended.

d. In the event of the breach of any of the above nondiscrimination covenants, City shall have the right to terminate this Agreement and to reenter and repossess the Premises and the facilities thereon, and hold the same as if such Agreement had never been made or issued.

14.3.4. Operator assures City that it shall undertake an affirmative action program if required by Title 14, Code of Federal Regulations, Part 152, Subpart E, to ensure that no person shall, on the grounds of sex, race, color, religion, national origin, or handicap, be excluded from participating in any employment activities covered in Title 14, Code of Federal Regulations, Part 152, Subpart E. Operator assures that no person shall be excluded on these grounds from participating in or receiving the services of any program or activity covered by such Subpart E. Operator assures that it will require that its covered suborganizations to provide assurances to Operator that they similarly shall undertake an affirmative action program and that they shall require assurances from their suborganizations, if and as required by Title 14, Code of Federal Regulations, Subpart E, to the same effect. Operator assures that it shall furnish to the United States government or City, if and as required by law, any and all documents, reports, and records, including, but not limited to, an affirmative action plan, Form EEO-1, the submission of which are required by Title 14, Code of Federal Regulations, Part 152, Subpart E.

14.3.5. To the extent the requirements of Section 504 of the Rehabilitation Act of 1973, 49 CFR Part 27, and Titles II and III of the Americans with Disabilities Act of 1990 apply to the Premises and Operator's facilities thereon or the operation and/or construction or acquisition of any improvement, equipment or facilities by Operator on the Premises or the Airport or any part thereof, such improvement and equipment shall be provided and improvement and facilities shall be designed, constructed, and operated, so that the improvement, equipment or facility is accessible to and usable by handicapped persons. To assure such design, construction and use, Operator will design and construct the improvement, equipment or facility in accordance with the Uniform Federal Accessibility Standards ("UFAS") and/or the American National Standards Institute "Standard Specifications for Making Buildings and Facilities Accessible to, and Usable by, the Physically Handicapped" (ANSL A 117.1 1961 [R-1971]), as applicable, which standards are incorporated herein and made a part of this Agreement.

Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

14.3.6. This Agreement is subject to the requirements of the U.S. Department of Transportation's regulations, 49 CFR Part 23. The Operator, concessionaire or contractor, agrees that it will not discriminate against any business owner because of the owner's race, color, national origin, or sex in connection with the award or performance of any concession agreement, management contract, or subcontract, purchase or lease agreement, or other agreement covered by 49 CFR Part 23.

14.3.7. The Operator, concessionaire or contractor agrees to include the above statements in any subsequent concession agreement or contract covered by 40 CFR Part 23 that it enters and cause those businesses to similarly include the statements in further agreements.

14.4. Prohibition Against Exclusive Rights. It is hereby specifically understood and agreed that nothing herein contained shall be construed to grant or authorize the granting of an exclusive right to provide rental car services to the public, and City reserves the right to grant to others the privileges and right of conducting any or all activities related to the operations of a rental car concession (subject to paragraph 15).

14.5. Compliance with Security Requirements. Operator agrees to observe all security laws, rules, regulations and requirements of the DHS, FAA, TSA, and City applicable to Operator's operations, as now or hereafter amended or promulgated, including, without limitation, Title 49, Parts 1500 et al., of the Code of Federal Regulations, to the extent applicable to Operator and Operator's activities hereunder.

14.6. Criminal History Background Checks. Operator acknowledges that Operator and its employees, contractors, subtenants and agents may be subject to federal and state criminal history record check requirements under federal, state and/or local laws, as now or hereafter amended or promulgated which laws may require Operator to remove or restrict access of individuals who are not in compliance with the requirements of such laws. Operator agrees to comply with and to require its employees, contractors and agents to comply with all federal, state and local criminal history record check requirements, and any access restrictions imposed thereunder.

14.7. Security Deficiency. Operator shall rectify any security deficiency related specifically to premises under Operator's sole control, as may be determined as such by City, DHS, FAA or TSA. If Operator fails to remedy any such deficiency, City may do so on behalf and on the account of Operator. Operator shall pay to City any costs or expenses incurred by City within thirty (30) days of the date of City's invoice. Operator acknowledges and agrees that City shall have the right to take whatever action is necessary to rectify any security deficiency or other deficiency as may be determined by City, DHS, FAA or TSA.

14.8. Security Systems. City shall have the right to install, operate and maintain security cameras and other similar security devices or systems at the Airport, including locations within Premises, for the purpose of ensuring the safety and security of the Public Airport Facilities. City agrees to coordinate the installation and location of security cameras and other security systems or devices to be located within the Premises with Operator in an effort to avoid disruption of Operator's activities and operations. City shall be responsible for all costs associated with the maintenance and repair to any such Security Systems constructed hereunder. Nothing herein shall limit nor require Operator's right to install its own security systems/cameras within the Premises at Operator's sole cost and expense in addition to any installed by City hereunder.

Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

14.9. Stormwater. Operator shall comply with the following provisions with respect to stormwater management at or from the Airport:

14.9.1. Notwithstanding any other provisions or terms of this Agreement, Operator acknowledges that certain properties within the Airport, or on City-leased land, are subject to stormwater rules and regulations. Operator agrees to observe and abide by such stormwater rules and regulations as may be applicable to the Airport property and uses thereof.

14.9.2. City and Operator will cooperate to insure compliance with any stormwater discharge permit terms and conditions, as well as to insure safety and to minimize cost of compliance. Operator acknowledges further that it may be necessary to undertake such actions to minimize the exposure of stormwater to "significant materials" generated, stored, handled, or otherwise used by Operator, as such term may be defined by applicable stormwater rules and regulations, by implementing and maintaining appropriate and relevant "best management practices" as that term may be defined in applicable stormwater rules and regulations.

14.10. Federal Right to Reclaim. If a United States governmental agency shall demand and take over the entire facilities of the Airport or the portion thereof wherein the Premises are located for public purposes for a period in excess of sixty (60) days, Operator may terminate this Agreement by providing written notice of such termination to City and the parties shall thereupon be released and fully discharged from any and all liability hereunder arising after such termination or as a result thereof. This paragraph 14.10 shall not act or be construed as a waiver of any rights Operator may have against the United States as a result of such taking.

14.11. City Tax Assessment Right. None of the terms, covenants and conditions of this Agreement shall in any way be construed as a release or waiver on the part of City, as a political subdivision of the State of Florida, or any of the public officials of City, of the right to assess, levy, and collect any ad valorem, non-ad valorem, license, personal, intangible, occupation, or other tax which shall be lawfully imposed on the Airport.

14.12. Right of Flight. City reserves unto itself, its successors and assigns, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the Premises together with the right to cause in such airspace such noise as may be inherent in the operations of aircraft now known or hereafter used, for navigation of, or flight in, such airspace for landing on, taking off from, or operating on the Airport.

14.13. Operation of Airport. Operator expressly agrees for itself, its sublessees, successors and assigns, to prevent any use of the Premises which would materially adversely affect the operation and maintenance of the Airport, or otherwise constitute a material Airport hazard.

14.14. Release. Operator acknowledges that noise and vibration are inherent to the operation of an Airport and hereby releases City from any and all liability relating to the same.

14.15. Exclusive Rights. Notwithstanding any provision of this Agreement to the contrary, Operator understands and agrees that the rights granted under this Agreement are nonexclusive, other than the exclusive right of use of the Premises, and that City may grant similar privileges to another lessee or other lessees on other parts of the Airport.

Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

14.16. No Discrimination. Operator for itself, its successors in interest and assigns, as a part of the consideration hereof, does hereby covenant and agree that no person on the grounds of race, creed, color, national origin, sex, sexual orientation, gender identity and expression, familial status, religion, marital status, age, or disability shall be excluded from participation (a) in or denied the use of the Premises; (b) in the construction of any improvements on, over, or under the Premises; or (c) in the furnishing of services. Operator shall use the Premises in compliance with all requirements imposed by or pursuant to Title 49, Part 21 of Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Non-discrimination in Federally-Assisted Programs of the Department of Transportation-Effectuation of Title VI of the Civil Rights Act of 1964, as now or hereafter amended. In the event of the breach of any of the foregoing non-discrimination covenants which breach is not cured within thirty (30) days after written notice by City, City shall have the right to terminate this Agreement and to reenter and repossess such Premises and the facilities hereon, and hold the same as if this Agreement had never been made or issued. This cancellation provision shall not be effective until the procedures of Title 49, Part 21 of the Code of Federal Regulations are followed and completed including exercise or expiration of appeal rights.

15. **Most Favored Nations.**

15.1. If any agreement (the "Other Agreement") granted by the City to any Other Rental Car Company provides for the lease of premises inside the Terminal and the grant of Concession Rights at the Airport contains any Major Terms (as defined below) more favorable to the Other Car Rental Company than the terms and conditions of this Agreement, Tenant shall be entitled to an amendment to this Agreement (the "MFN Amendment") to include such Major Terms for so long as, and subject to the same conditions under which, the Major Terms of such Other Agreement shall be enjoyed by such Other Car Rental Company. In order to constitute an Other Agreement under this paragraph 15, the agreement with the Other Rental Car Company must provide for both the lease of premises inside the Terminal and the grant of Concession Rights at the Airport; therefore, an agreement with an Other Rental Car Company merely providing for the use of the Ready/Return Area (and not any area inside the Terminal) and the grant of Concession Rights to the Other Rental Car Company shall not constitute an Other Agreement. Tenant shall not be entitled to the Major Terms of such Other Agreement without accepting any less favorable terms that may be in such Other Agreement (regardless of whether such less favorable terms are Major Terms), and such favorable Major Terms shall not entitle Tenant to any refund or abatement of any Charges paid or accrued prior to the date of the MFN Amendment. For purposes of this paragraph 15.1, "Major Terms" shall include only the express provisions of paragraphs 2, 4.3, 4.4, 4.7, 5.3, 5.5, 6, 10 and 11 of this Agreement.

15.2. Tenant's sole remedy for a breach of City's obligations under this paragraph 15 shall be an action for specific performance of this paragraph; in no event shall Tenant have a right to terminate this Agreement or to seek monetary damages.

15.3. If the Other Agreement expires or is terminated (regardless of the reason for termination or the party terminating the Other Agreement), the MFN Amendment shall be deemed canceled and the provisions of this Agreement before the MFN Amendment shall thereafter apply.

16. **General Provisions.**

1452
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

16.1. Operator As Independent Contractor. It is expressly understood and agreed by and between the parties hereto that Operator is and shall remain an independent contractor responsible to all parties for all of its acts or omissions and City shall be in no way responsible for Operator's acts or omissions.

16.2. Subordination to Governmental Agreements. This Agreement shall be subject and subordinate to all the terms and conditions of any instrument or document under which City acquired the land or improvements thereon, of which the Premises are a part, and shall be given only such effect as will not conflict with nor be inconsistent with such terms and conditions. Operator understands and agrees that this Agreement shall be subordinate to the provisions of any existing or future agreement between City and the United States of America or State of Florida, or any of their agencies, relative to the operation or maintenance of the Airport, the execution of which has been or may be required as a condition precedent to the expenditure of state or federal funds for the improvement or development of the Airport.

16.3. Governmental Authority. Nothing in this Agreement shall be construed to waive or limit City's governmental authority as a Florida municipality to regulate Operator or its operations. City's obligations under this Agreement are made in a proprietary capacity (rather than in a governmental capacity), and such agreements shall not be construed as: limiting, prohibiting or eliminating the obligation of the parties to comply with all applicable rules, regulations, ordinances, statues and laws; altering or impairing City's governmental functions, including, without limitation, City's right to lawfully exercise its regulatory authority over the development of the Premises; or enabling, permitting, or creating any cause of action or claim arising out of the lawful exercise of City's governmental authority.

16.4. Rights Reserved to City. All rights not specifically granted Operator by this Agreement are reserved to City.

16.5. Invalidity of Clauses. The invalidity of any portion, paragraph, provision, clause or any portion thereof of this Agreement shall have no effect upon the validity of any other part or portion hereof.

16.6. Governing Law. This Agreement shall be governed by and in accordance with the laws of the State of Florida.

16.7. Estoppel Certificates. City or Operator shall have the right to request the other party to provide an estoppel certificate, as described below, without charge, 15 days after the requesting party sends a written notice. This estoppel certificate shall consist of a written statement certifying the following information to the requesting party or to any person specified by that party:

16.7.1. This Agreement is unmodified and in full force and effect; or, if there have been any modifications in this Agreement, this Agreement is in full force and effect as modified, specifying the nature of each modification.

16.7.2. The name and address of the owner of the fee simple estate in the Premises.

16.7.3. The name and address of the owner of the leasehold estate in the Premises.

Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

16.7.4. The Lease is in full force and effect.

16.7.5. Whether the terms of this Agreement have been assigned, supplemented, modified or otherwise amended and, if so, specifics of the assignment, supplementation, modification or other amendment.

16.7.6. Whether, to the best of the knowledge of the party providing the certificate, each of the obligations on its part to be performed to date under the Lease have been performed.

16.7.7. Whether, to the best of the knowledge of the party providing the certificate, each of the obligations of the other party to this Agreement have been performed to date under the Lease.

16.7.8. Whether Operator has any offsets, counterclaims, defenses, deductions or credits whatsoever with respect to the Lease.

16.7.9. Whether there exists any other agreements (including subordination, non-disturbance and attornment agreements) concerning the Premises, whether oral or written between City and Operator (or their respective predecessors or successors) under this Agreement.

16.7.10. Whether, as of the date of the certificate, any Charge is due from Operator under the Lease.

16.7.11. The following:

a. Amount of Charges currently payable by Operator under the Lease and the date through which such Charges has been paid.

b. Whether City or Operator have assigned the Lease and, if so, the specifics thereof.

16.7.12. As to the certificate to be executed by City, whether City has assigned, conveyed, transferred, sold, encumbered or mortgaged is interest in the Lease or the Premises and, if so, the specifics thereof, and whether any third party has an option or preferential right to purchase all or any of the Premises and, if so, the specifics thereof.

16.7.13. Whether the party providing the certificate has received any written notice of any pending eminent domain proceedings or other governmental actions, or any judicial action of any kind, against such parties' interests in the Premises.

16.7.14. Whether the party providing the certificate has received written notice that it is in violation of any governmental law or regulation applicable to its interest in the Premises and its operation thereon including, without limitation, any Environmental Law or the Americans with Disabilities Act, and whether such party has any reason to believe that there are grounds for any such claim or violation.

16.7.15. Attaching a true and correct copy of the Lease including all amendments thereto.

1454
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

16.7.16. Any other information with respect to this Agreement and the Premises that the requesting party shall reasonably request.

16.8. Force Majeure. Whenever a period of time is herein prescribed for action to be taken by City, City will not be liable or responsible for, and there will be excluded from the computation for any such period of time, any delays due to strikes, riots, acts of God, shortages of labor and materials, theft, fire, public enemy, injunction, court order, requisition of other governmental body or authority, war, governmental laws, regulations or restriction or any other causes of any kind whatsoever which are beyond the reasonable control of City (any or all of the foregoing being referred to as "Force Majeure").

16.9. Matters of Record. This Agreement is subject to all matters of record affecting the Premises.

16.10. Time.

16.10.1. Time is of the essence of all of the provisions and terms of this Agreement.

16.10.2. If a time period is five (5) days or less, intervening Saturdays, Sundays or legal holidays will be excluded from the calculation.

16.10.3. When any time period specified herein falls or ends upon a Saturday, Sunday or legal holiday, the time period shall automatically extend to 5:00 p.m. on the next ensuing business day.

16.10.4. For purposes of this Agreement, "legal holiday" means the day set aside by Section 110.117, Florida Statutes, for observing New Year's Day, Martin Luther King, Jr.'s Birthday, Memorial Day, Independence Day, Labor Day, Veterans' Day, Thanksgiving Day, the Friday after Thanksgiving Day, or Christmas Day, and any day upon which the Clerk of the Court of Marion County, Florida, is closed for ordinary business.

16.11. Notices.

16.11.1. All notices, requests, consents and other communications (each a "Communication") required or permitted under this Agreement shall be in writing and shall be (as elected by the person giving such notice) delivered by messenger or courier service (e.g., Federal Express, UPS, DHL, etc.), emailed or mailed by Registered or Certified Mail (postage pre-paid), Return Receipt Requested, addressed as follows or to such other addresses as any party may designate by Communication complying with the terms of this paragraph:

a. City: Attn: Airport Director, Ocala International Airport, 750 SW 60th Avenue, Ocala, FL 34474; Fax: 352-629-8887; Email: airport@ocalaairport.com or mgrow@ocalafl.org.

a). With a copy to: Contracting Officer, 110 SE Watula Avenue, 3rd Floor, Ocala, FL 34471; Fax: 352-690-2025; Email: tkimball@ocalafl.org.

Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

b. Operator: Enterprise Leasing Company of Florida, LLC, Attn: VP/GM, 11034 ATLANTIC BLVD, JACKSONVILLE, FL 32225-2902.

With Copy to: Enterprise Holdings, Attn: Airport Properties & Relations, 600 Corporate Park Drive, St. Louis, MO 63105.

16.11.2. Each such Communication shall be deemed delivered:

a. On the date delivered if by personal delivery;

b. On the date of email transmission if by email; and

c. If the Communication is mailed, on the earlier of: (a) the date upon which the Return Receipt is signed; (b) the date upon which delivery is refused; (c) the date upon which Communication is designated by the postal authorities as not having been delivered; or (d) the third business day after mailing.

d. Notwithstanding the foregoing, service by personal delivery, or by email sent, after 5:00 p.m. shall be deemed to have been made on the next day that is not a Saturday, Sunday or legal holiday.

16.11.3. If a Communication is delivered by multiple means, the Communication shall be deemed delivered upon the earliest date determined in accordance with the preceding subparagraph.

16.11.4. If the above provisions require Communication to be delivered to more than one person (including a copy), the Communication shall be deemed delivered to all such persons on the earliest date it is delivered to any of such persons.

16.11.5. Concerning Communications sent by email:

a. The Communication shall not be deemed to have been delivered if the sender receives a message from the sender's or the recipient's internet service provider or otherwise that the email was not delivered or received;

b. If the sender receives an automatic reply message indicating that the recipient is not present to receive the email (commonly referred to as an "out of the office message"), the email shall not be deemed delivered until the recipient returns;

c. Any email that the recipient replies to, or forwards to any person, shall be deemed delivered to the recipient.

d. The sender must print the email to establish that is was sent (though it need not do so at the time the email was sent); and

e. The sender shall maintain the digital copy of the email in its email system for a period of no less than one year after it was sent.

16.12. Headings. The headings of the various paragraphs of this Agreement and the Table of Contents are for convenience and ease of reference only, and shall not be construed to

1456
Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

define, limit, augment or describe the scope, context or intent of this Agreement or any part or parts of this Agreement.

16.13. Binding Effect. The terms, conditions and covenants of this Agreement shall inure to the benefit of and be binding upon the parties hereto and their successors, assigns and subtenants, if any. This provision shall not constitute a waiver of any prohibitions against or limitations regarding assignment or subletting.

16.14. Construction. No party shall be considered the author of this Agreement since the parties hereto have participated in extensive negotiations and drafting and redrafting of this document to arrive at a final Lease. Thus, the terms of this Agreement shall not be strictly construed against one party as opposed to the other party based upon who drafted it. If any section, paragraph, sentence, clause, or provision hereof, shall be held by a court of competent jurisdiction to be invalid, such shall not affect the remaining portions of this Agreement and the same shall remain in full force and effect.

16.15. Public Entity Crimes. As provided in Sections 287.132 through 287.133, Florida Statutes, by entering into this Agreement or performing any work in furtherance hereof, Operator certifies that it, its affiliates, suppliers, subcontractors and consultants who will perform hereunder, have not been placed on the convicted vendor list maintained by the State of Florida Department of Management Services within the thirty-six (36) months immediately preceding the effective date hereof. This notice is required by Section 287.133(3)(a), Florida Statutes.

16.16. Scrutinized Companies. As provided in Section 287.135, Florida Statutes by entering into this Agreement or performing any work in furtherance hereof, Operator certifies that it, its affiliates, suppliers, subcontractors and consultants who perform hereunder, have not been placed on the Scrutinized Companies Activities in Sudan List or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List created pursuant to Section 215.473, Florida Statutes. If City determines, using credible information available to the public, that a false certification has been submitted by Operator, this Agreement may be terminated and a civil penalty equal to the greater of Two Million Dollars ($2,000,000) or twice the amount of this Agreement shall be imposed, pursuant to Section 287.135, Florida Statutes.

16.17. No Third-Party Beneficiaries. No provision of this Agreement is intended to, or shall be construed to, create any third-party beneficiary or to provide any rights to any person or entity not a party to this Agreement, including without limitation any citizen or employees of City and/or Operator.

16.18. Incorporation by References. All exhibits attached hereto and referenced herein shall be deemed to be incorporated in this Agreement by reference.

16.19. RADON. RADON IS A NATURALLY OCCURRING RADIOACTIVE GAS THAT, WHEN IT HAS ACCUMULATED IN A BUILDING IN SUFFICIENT QUANTITIES, MAY PRESENT HEALTH RISKS TO PERSONS WHO ARE EXPOSED TO IT OVER TIME. LEVELS OF RADON THAT EXCEED FEDERAL AND STATE GUIDELINES HAVE BEEN FOUND IN BUILDINGS IN FLORIDA. ADDITIONAL INFORMATION REGARDING RADON AND RADON TESTING MAY BE OBTAINED FROM CITY'S PUBLIC HEALTH UNIT.

Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

16.20. Survival. Notwithstanding any early termination of this Agreement, Operator shall remain obligated hereunder to perform any duty, covenant or obligation imposed upon Operator hereunder arising prior to the date of such termination or surviving such termination.

16.21. Exclusive Venue. The parties agree that the exclusive venue for any litigation, suit, action, counterclaim, or proceeding, whether at law or in equity, which arises out of concerns, or relates to this Agreement, any and all transactions contemplated hereunder, the performance hereof, or the relationship created hereby, whether sounding in contract, tort, strict liability, or otherwise, shall be in Marion County, Florida.

16.22. JURY WAIVER. EACH PARTY HEREBY COVENANTS AND AGREES THAT IN ANY LITIGATION, SUIT, ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. ANY PARTY MAY FILE AN ORIGINAL COUNTERPART OR A COPY OF THIS AGREEMENT WITH ANY COURT, AS WRITTEN EVIDENCE OF THE CONSENT OF THE PARTIES HERETO OF THE WAIVER OF THEIR RIGHT TO TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY THE OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.

16.23. Governing Laws. This Agreement and all transactions contemplated by this Agreement shall be governed by, and construed and enforced in accordance with, the laws of the State of Florida without regard to principles of conflicts of laws.

16.24. Attorney's Fees. If any legal action or other proceeding (including, without limitation, appeals or bankruptcy proceedings) whether at law or in equity, which: arises out of, concerns, or relates to this Agreement, any and all transactions contemplated hereunder, the performance hereof, or the relationship created hereby; or is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provisions of this Agreement, the successful or prevailing party or parties shall be entitled to recover reasonable attorney's fees, court costs and all expenses even if not taxable as court costs, incurred in that action or proceeding, in addition to any other relief to which such party or parties may be entitled.

16.25. Language. Whenever used in this Agreement, the singular number shall include the plural, the plural number shall include the singular, and the use of any gender shall include all genders where the context permits.

16.26. Further Action. Each of the parties hereto shall execute and deliver any and all additional papers, documents, and other assurances, and shall do any and all acts and things reasonably necessary in connection with the performance of the obligations hereunder and to carry out the intent of the parties hereto.

16.27. Waiver.

Doc ID: ba39738fb5d1e189041017890b6c74fd267dc1ad

16.27.1. A failure to assert any rights or remedies available to a party under the terms of this Agreement, or a waiver of the right to remedies available to a party by a course of dealing or otherwise shall not be deemed to be a waiver of any other right or remedy under this Agreement, unless such waiver of such right or remedy is contained in a writing signed by the party alleged to have waived his other rights or remedies.

16.27.2. No payment by Operator or receipt by City or its agents of a lesser amount than the Charges and other charges stipulated in this Agreement shall be deemed to be other than a payment on account thereof, nor shall any endorsement or statement on any check or any letter accompanying any check or payment be deemed an accord and satisfaction, and City or its agents may accept such check or payment without prejudice to City's right to recover the balance of the amount due or to pursue any other remedy provided in this Agreement or by applicable Law.

16.28. Entirety of Agreement.

16.28.1. It is the intent of the parties that this Agreement and the Invitation to Negotiate #AIR/190688 (including all addenda, and questions and answers associated therewith) be construed consistently to the extent reasonably possible. In the event of an express conflict between this Agreement and such Invitation to Negotiate and related materials, this Agreement shall prevail.

16.28.2. Except as set forth in paragraph 16.28.1, the parties agree that this Agreement and its Exhibits set forth the entire agreement between the parties, and there are no promises or understandings other than those stated herein.

16.28.3. None of the provisions, terms and conditions contained in this Agreement may be added to, modified, superseded or otherwise altered except by written instrument executed by the parties hereto.

IN WITNESS WHEREOF, the parties hereto have executed these presents as of the day and year first above written.

CITY OF OCALA
CITY COUNCIL REPORT

Council Meeting Date: 12/17/19

Subject: Agreement between Enterprise Rental Car and City for approx. $176,535 annually in rent and fees.

Submitted By: Matt Grow

Department: Aviation

STAFF RECOMMENDATION (Motion Ready): Approved Subject to Legal Revi Agenda Item (ID # 13725) three-year lease with Enterprise Leasing Company of Florida LLC. at the Ocala International Airport for annual rent and fees of approximately $176,535

OCALA'S RELEVANT STRATEGIC GOALS: Fiscally Sustainable

PROOF OF PUBLICATION: ITN issued 10/3/2019

BACKGROUND:

Enterprise Car Rental ("Enterprise") has been a long time tenant at the airport renting cars from the original terminal building since 2002. This agreement addresses the expanded parking lot afforded to Enterprise, the new car wash facility, and their new office space inside the new terminal building of 364 sq.ft.

The lease term is for three years with the Airport collecting a fee of 10% their gross sales, less insurance related rental business (insurance agency paid rentals), capped at 35%. Enterprise gross sales equaled $2,547,928 over the last 12 months. The qualified sales (less insurance rentals) is estimated at $1,656,153. The 10% annual concession revenue paid to the airport is estimated at $165,615.

An appraisal conducted by Slack, Johnston & Magenheimer, Inc. determined the gross rental rate of the rental car office space to be $30 per square foot. Enterprise is leasing a total of 364 sq.ft. in the terminal, and will be paying $10,920 annually in addition to the concession fee.

There are two sections of the GA Terminal parking lot used by the rental car companies, general parking for their customers and rental car inventory, as well as a ready/return lot for cars being dropped off or picked up by customers. Based on their gross revenues, Enterprise will be allotted 21 general parking spaces and 17 ready/return lot spaces. They will also be provided with enough unimproved parking space to store approximately 50 cars.

The City Internal Auditor has reviewed and approved the language in this proposed lease that addresses financial reporting of monthly revenues lacking in the previous lease.

FINDINGS AND CONCLUSIONS:

On October 3, 2019, an Invitation to Negotiate (AIR/190688) was released for airport car rental concession services. The Hertz Corporation, Enterprise Leasing Company of Florida LLC. and Avis Budget Car Rental, LLC submitted proposals on November 7, 2019. The City entered into negotiations with all three companies.

Enterprise is a tenant of the airport since 2002 and is in good standing. Out of the three rental car companies based at the airport, Enterprise conducts the most business with twelve month gross sales of $2,547,928. The proposed lease is a gross lease with utilities and maintenance and janitorial included in the rent.

FISCAL IMPACT:
Using last twelve month gross sales, a 10% fee on the qualified sales will provide revenue to the airport of $165,615 in account #451-344-000-000-02-31601. Enterprise will also pay $10,920 in office rent for 364 sq.ft. in account #451-362-000-000-02-36119.

PROCUREMENT REVIEW:
The agreement has been reviewed and approved in compliance with the City's procurement policies.

LEGAL REVIEW: The contract will be reviewed and approved for form and legality by the Assistant City Attorney, W. James Gooding III.

Submitted By: Matthew Grow

Presentation By: Matthew Grow

Department: Aviation

FORMAL TITLE:
Three-year renewal of the lease with Avis/Budget Rental Car, LLC, at the Ocala International Airport for annual rent and fees of approximately $310,368

OCALA'S RELEVANT STRATEGIC GOALS:
Fiscally Sustainable, Economic Hub

PROOF OF PUBLICATION:
NA

BACKGROUND:
Avis Budget Car Rental, LLC ("Avis") an existing tenant at Ocala International Airport (the "Airport"), has operated out of the original terminal building since 2002. This most recent amendment exercises the option for a three-year renewal term through January 31, 2029, for the use of 365 square feet of office space in the General Aviation Terminal, use of the car wash facility, and 45 (out of 103) vehicle parking spots.

FINDINGS AND CONCLUSIONS:
On October 3, 2019, the City issued Invitation to Negotiate No. AIR/190688 for the provision of airport car rental concession services. The Hertz Corporation, Enterprise Leasing Company of Florida, LLC, and Avis submitted proposals on November 7, 2019. The City entered into contracts with all three companies. Hertz departed the Airport in 2021.

- AVIS has been a tenant of the Airport since 2003 and is in good standing.
- The lease also accommodates Avis's other brand, "Budget".
- The proposed lease is a gross lease, with utilities, janitorial, and maintenance included in the rent.
- Of the two rental car companies operating at the Airport, Avis conducts the second most business with calendar year 2025 gross sales of $2,966,818.

FISCAL IMPACT:

The Airport collects a fee of 10 percent of its reported gross sales, less insurance-related rental business (insurance agency paid rentals), capped at 35 percent. As a reference, the 2025 10 percent annual concession revenue paid to the Airport was reported as $296,681 in account 451-344-000-000-02-31601.

A December 2025 appraisal conducted by Slack, Johnston & Magenheimer, Inc. determined the gross rental rate of the rental car office space to be $37.50 per square foot. Avis is leasing a total of 365 sq. ft. in the terminal and will be paying $13,687 annually in account 451-362-000-000-02-31191. This is in addition to the concession fee.

The revenues of the two rental car companies combined equate to nearly thirty percent of the total airport revenue budget.

PROCUREMENT REVIEW:
These goods and services were procured in compliance with the City's Procurement Policy.

LEGAL REVIEW:
This Agreement will be reviewed and approved for form and legality by City Attorney, William E. Sexton.

ALTERNATIVE:
- Approve with Changes

- Deny

SECOND AMENDMENT TO CITY OF OCALA AIRPORT RENTAL CAR CONCESSION AGREEMENT AND LEASE

THIS SECOND AMENDMENT TO AGREEMENT FOR CITY OF OCALA AIRPORT RENTAL CAR CONCESSION AGREEMENT AND LEASE ("Second Amendment") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City") and **AVIS BUDGET CAR RENTAL, LLC,** a limited liability company duly organized in the state of Delaware and authorized to do business in the state of Florida ("Operator").

WHEREAS, on December 17, 2019, the City Council for the City of Ocala approved an Airport Rental Car Concession Agreement and Lease (the "Original Agreement") with Avis Budget Car Rental, LLC for a term of three (3) years, from February 1, 2020 through January 31, 2023; and

WHEREAS, on April 21, 2023, City and Operator entered into a First Amendment to Rental Car Concession Agreement and Lease to extend the term of the Original Agreement for an additional three (3) year period, from February 1, 2023 through January 31, 2026; and

WHEREAS, the City and Operator now desire to amend the terms in Paragraphs 4.2.4, and 6.3.1 and to extend the term of the Original Agreement, as amended, for an additional three (3) year period.

NOW THEREFORE, in consideration of the foregoing recitals, the following mutual covenants and conditions, and other good and valuable consideration, City and Operator agree as follows:

1. **RECITALS**. City and Operator hereby represent, warrant, and agree that the Recitals set forth above are true and correct and are incorporated herein by reference.

2. **INCORPORATION OF ORIGINAL AGREEMENT.** The Original Agreement between City and Operator, as amended, is hereby incorporated by reference as if set forth herein in its entirety and remains in full force and effect, except for those terms and conditions expressly amended by this Second Amendment.

3. **RENEWAL TERM.** The Original Agreement, as amended, is hereby renewed for an additional three-year term beginning **FEBRUARY 1, 2026** and terminating **JANUARY 31, 2029**.

4. **AMENDMENT TO PARAGRAPH 4.2.3 – PARKING AREA.** Effective February 1, 2026, the language set forth in Paragraph 4.2.3 of the Original Agreement, as amended, shall be deleted and replaced in its entirety with the following:

   Parking Area. City shall provide parking spaces within the portion of the Terminal primary parking lot dedicated to the use of car rental companies, such as Operator, and shall assign to Operator, at a location determined by City in its sole discretion, twenty-five (25) spaces as Operator's Parking Area. During the Term of this Agreement, City may, by providing at least six (6) months' prior written notice to Operator, relocate Operator's Parking Area; provided, however, no such prior notice of relocation shall be necessary in the event of a casualty, force majeure, or national security event outside of City's control.

5. **AMENDMENT TO PARAGRAPH 4.2.4 – READY/RETURN AREA.** Effective February 1, 2026, the language set forth in Paragraph 4.2.4 of the Original Agreement, as amended, shall be deleted and replaced in its entirety with:

   Ready/Return Area. City shall provide an area within the portion of the Terminal parking lot dedicated for the use of car rental companies for the delivery and return of Vehicles, and shall

assign to Operator, at a location within such portion as determined by City in its sole discretion, twenty (20) spaces as Operators Ready/Return Area. During the Term of this Agreement, City may, by providing at least six (6) months prior written notice to Operator, relocate Operator's Ready/Return Area; provided, however, no such prior notice of relocation shall be necessary in the event of a casualty, force majeure, or national security event outside of City's control.

6. **AMENDMENT TO PARAGRAPH 6.3.1 – RENT.** Effective February 1, 2026, the language set forth in Paragraph 6.3.1 of the Original Agreement, as amended, shall be deleted and replaced in its entirety with the following:

   As consideration for the lease of the Premises, Operator shall pay to City annual Rent as follows:

   a. The amount determined by multiplying **THIRTY-SEVEN AND 50/100 DOLLARS times the square footage of the Counter Space** (as determined by City in its reasonable discretion).

7. **NOTICES.** All notices, certifications or communications required by this Second Amendment shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by e-mail. All notices shall be addressed to the respective parties as follows:

If to Operator:	Avis Budget Car Rental, LLC Attention: David Stark david.stark@avisbudget.com
If to City of Ocala:	Daphne M. Robinson, Esq., Contracting Officer City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-629-8343 E-mail: notices@ocalafl.gov

8. **COUNTERPARTS.** This Second Amendment may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.

9. **ELECTRONIC SIGNATURE(S).** Operator, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Second Amendment. Further, a duplicate or copy of the Second Amendment that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Second Amendment for all purposes.

10. **LEGAL AUTHORITY**. Each person signing this Second Amendment on behalf of either party individually warrants that he or she has full legal power to execute this Second Amendment on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Second Amendment.

IN WITNESS WHEREOF, the parties have executed this Second Amendment on _____.

OCALA

CONTRACT# AIR/190696

FIRST AMENDMENT TO CITY OF OCALA AIRPORT RENTAL CAR CONCESSION AGREEMENT AND LEASE

THIS FIRST AMENDMENT TO CITY OF OCALA AIRPORT RENTAL CAR CONCESSION AGREEMENT AND LEASE ("First Amendment") is entered into by and between **CITY OF OCALA**, a Florida municipal corporation ("City"), and **AVIS BUDGET CAR RENTAL, LLC**, a Florida-registered corporation ("Operator").

WHEREAS, on December 17, 2019, the City Council for the City of Ocala approved an Airport Rental Car Concession Agreement and Lease (the "Original Agreement") with Avis Budget Car Rental, LLC, for a term of three (3) years, from February 1, 2020 through January 31, 2023; and

WHEREAS, City and Operator now desire to amend certain terms of the Original Agreement as herein provided and to extend the Original Agreement for an additional three-year term.

NOW THEREFORE, in consideration of each of the foregoing recitals and the following mutual covenants, conditions and other good and valuable consideration, the receipt and sufficiency of which is hereby mutually acknowledged, City and Operator agree as follows:

1. **RECITALS.** City and Operator hereby represent and warrant that the Recitals set forth above are true and correct and are incorporated herein by reference as if set forth in full in this paragraph.
2. **INCORPORATION OF ORIGINAL AGREEMENT**. The Original Agreement between City and Operator is hereby incorporated by reference as if set forth herein in its entirety and remains in full force and effect, except for those terms and conditions expressly amended by this First Amendment.
3. **RENEWAL TERM.** The Original Agreement is hereby renewed for an additional three-year term beginning **FEBRUARY 1, 2023** and terminating **JANUARY 31, 2026**.
4. **AMENDMENT TO PARAGRAPH 4.2.6 – GRASSY FIELD**. Effective February 1, 2023, the language set forth in Paragraph 4.2.6 – *Grassy Field* of the Original Agreement shall be deleted and replaced in its entirety with:

   > *Grassy Field.* Following completion of the Terminal Improvements, City shall provide use of a portion of the Grassy Field for use by Operator and other Car Rental Companies, as assigned in the sole discretion of the Airport Director for the purposes set forth in paragraph 4.3.4. Operator shall be entitled to the exclusive use of a portion of the Grassy Field as assigned to Operator by Airport Director even though the entire Grassy Field may be used by Other Car Rental Companies.

5. **AMENDMENT TO PARAGRAPH 6.4.2.b.7**. Effective February 1, 2023, the language set forth in Paragraph 6.4.2.b.7 of the Original Agreement shall be deleted and replaced in its entirety with:

   > Amounts collected for any Vehicle rental billed directly to an insurance company, or to an automobile shop/dealership located in Marion County, Florida, where the rented Vehicle is to be used by the Customer while the Customer's personal vehicle is being repaired. This exclusion is capped at and shall not exceed 35% of Gross Receipts. If the 35% cap set forth herein is exceeded, then Operator shall pay the Percentage Fee at Three Percent (3.00%) times the Gross Receipts for such Gross Receipts exceeding the 35% cap.

DocuSign Envelope ID: 40AF6BA4-3CD2-4C47-A236-ECF9D8AB4803

6. **NOTICES.** All notices, certifications or communications required by the Original Agreement, as amended, shall be given in writing and shall be deemed delivered when personally served, or when received if by e-mail or facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. All notices shall be addressed to the respective parties as follows:

7. **COUNTERPARTS.** This First Amendment may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.

8. **ELECTRONIC SIGNATURE(S).** Operator, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this First Amendment. Further, a duplicate or copy of the First Amendment that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original First Amendment for all purposes.

9. **LEGAL AUTHORITY**. Each person signing this First Amendment on behalf of either party individually warrants that he or she has full legal power to execute this First Amendment on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this First Amendment.

DocuSign Envelope ID: 40AF6BA4-3CD2-4C47-A236-ECF9D8AB4803

IN WITNESS WHEREOF, the parties have executed this First Amendment on 4/21/2023.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Text of Legislative File 2023-0936

Submitted By: Matthew Grow
Presentation By: Matthew Grow
Department: Aviation

STAFF RECOMMENDATION (Motion Ready):
Approve lease amendment #1 with Avis Rental Car for three-year lease renewal at the Ocala International Airport for annual rent and fees of approximately $255,736

OCALA'S RELEVANT STRATEGIC GOALS:
Economic Hub, Fiscally Sustainable

PROOF OF PUBLICATION:
NA

BACKGROUND:
Avis Budget Rental Car, LLC ("Avis/Budget") has been a long-time tenant on the airport, renting cars from the original terminal building since 2003. Budget trucks were added around 2014. A lease agreement was approved in 2019 for their occupancy in the General Aviation Terminal. That lease included 365 square feet of office, associated parking lot, and car wash facility.

The renewal term is for three years.

FINDINGS AND CONCLUSIONS:
Avis is a tenant of the airport since 2003 and is in good standing. The lease also accommodates Avis's other brand, Budget, and their rental truck business. The proposed lease is a gross lease, with utilities, janitorial and maintenance included in the rent.

FISCAL IMPACT:
In CY 2022, a 10% fee on the qualified sales provided revenue to the airport of $244,786 in account #451-344-000-000-02-31601. Avis/Budget continues to pay $10,950 in office rent for 365 sq.ft. in account #451-362-000-000-02-36119.

PROCUREMENT REVIEW:
These services were procured and amendment reviewed in compliance with the City's Procurement Policy.

LEGAL REVIEW:
This Agreement has been reviewed and approved for form and legality by City Attorney, William E. Sexton.

ALTERNATIVE:
- Approve with Changes

- Table
- Deny

CITY OF OCALA AIRPORT
RENTAL CAR CONCESSION AGREEMENT AND LEASE

THIS CITY OF OCALA AIRPORT RENTAL CAR CONCESSION AGREEMENT AND LEASE is entered on the Execution Date of December __, 2019, and with an Effective Date (as defined below), by and between:

- City of Ocala, a Florida municipal corporation ("City"); and
- Avis Budget Car Rental LLC. "Operator"), a Florida-registered corporation.

WHEREAS:

A. City operates and maintains the Airport.[1]

B. Having automobile rental services at the Airport is desirable for the proper accommodation of pilots, passengers, members of the public, and other Customers at the Airport.

C. Operator is engaged in the Business of providing motor vehicle rental services to pilots, passengers, members of the public, and other Customers at airports and elsewhere.

D. City desires to lease certain Premises, and to grant certain Concession Rights, to Operator in order to make Operator's Business available at the Airport.

E. Operator desires to lease the Premises, and to obtain the Concession Rights, to allow Operator to operate its Business.

F. In consideration of leasing of the Premises and obtaining such Concession Rights from City, Operator is willing to make certain covenants and assume and undertake certain terms, conditions and obligations under this Agreement.

NOW, THEREFORE, in consideration of the mutual covenants, conditions, terms, privileges and obligations set forth herein, City and Operator hereby covenant and agree, for themselves, their successors and assigns, as follows:

1. **Definitions**.

1.1. Generally. Except as otherwise clearly indicated by the context, the words and phrases defined in this paragraph will have the following meanings when used elsewhere in this Agreement.

1.1.1. *Airport* – The Ocala International Airport as it presently exists and as it is hereinafter modified or expanded.

1.1.2. *Airport Director* – The Airport Director as appointed by City, any successor or successors to the duties of such official, or any other person specifically designated to act on behalf of such Airport Director.

[1] Terms capitalized herein and not previously defined herein are defined in paragraph 1 below.

1492
Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

1.1.3. *Airport Rules and Regulations* – The Rules and Regulations adopted by the City of Ocala in 2011 governing the Airport, as now or hereafter amended, and any successor ordinance or resolution regulating activities or operations on the Airport.

1.1.4. *Car Rental Company* – Any business that, directly or indirectly, provides, procures and/or brokers rental vehicles as part of its business and/or conducts, facilitates, and/or manages vehicle rental activities as part of its business. This includes, but is not limited to, traditional rental car businesses, brokers for car rental businesses, rental car delivery companies, peer-to-peer car rental businesses and car sharing businesses.

1.1.5. *Charge* – The Concession Privilege Fee, Rent and any other amounts owed to City under this Agreement as set forth herein.

1.1.6. *Common Areas* – The portions of the Airport, including the Terminal, made available by City for the common use and benefit of pilots, passengers, members of the public, and other persons (including other motor vehicle rental companies). The location of the Common Areas, both before and after the construction of the Terminal Improvements, shall be determined by City in its sole discretion.

1.1.7. *Concession Privilege Fee* – The portion of the Charges to be paid by Operator to City as consideration for the Concession Right and, as set forth in greater detail in paragraph 6.6, consisting of the greater of the: (a) Minimum Annual Privilege Fee; or (b) Percentage Fee.

1.1.8. *Concession Right* – The right to engage in Operator's Business at the Airport pursuant to this Agreement, including paragraph 5.1.

1.1.9. *Counter Space* – The counter, office and counter queue area referred to in paragraph 4.3.1 and located as set forth in paragraph 4.2.2.

1.1.10. *Customer* – A pilot, passenger, member of the public or other person desiring to lease Vehicles or obtained related services from Operator as permitted under this Agreement.

1.1.11. *Customer Agreement* – An agreement between Operator and a Customer for the lease of a Vehicle by Operator to such Customer.

1.1.12. *Effective Date* – As set forth in paragraph 2.2.

1.1.13. *Environmental Laws* – Every applicable law, ordinance, rule, regulation, permit, permit condition, order, and directive regulating, relating to, or imposing liability standards of conduct, relating with respect to any Hazardous Materials, or to environmental matters, including, without limitation, those relating to fines, orders, injunctions, penalties, damages, contribution, cost recovery compensation, losses, or injuries resulting from the release or threatened release of any Hazardous Materials, or regulating or relating to the generation, use, storage, transportation, or disposal of any Hazardous Materials.

1.1.14. *Environmental Permits* – All permits, licenses, approvals, authorizations, consents, and registrations required by any Environmental Laws, whether Federal, state or

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

local, which pertain to the production, use, treatment, generation, transportation, processing, handling, disposal, or storage of any Hazardous Materials.

1.1.15. *Execution Date* – The date this Agreement is executed by the last of the parties hereto.

1.1.16. *Existing Terminal* – The terminal building at the Airport as it presently exists.

1.1.17. *FAA* – The Federal Aviation Administration or any successor agency.

1.1.18. *Grassy Field* – The unpaved portion of the Airport immediately to the north of the Parking Area as referred to in, and as to be used pursuant to, paragraph 4.2.6.

1.1.19. *Gross Receipts* – As defined in paragraph 6.4.2.

1.1.20. *Hazardous Materials* – Friable asbestos or asbestos-containing materials, polychlorinated biphenyls (PCBs), petroleum, or crude oil or any fraction thereof, natural gas, source material, special nuclear material, and byproduct materials regulated under Environmental Laws, pesticides regulated under Environmental Laws, and any hazardous waste, toxic or dangerous substance or related material, including any material defined or treated as a hazardous substance, hazardous waste, toxic substance, or contaminant (or comparable term) under any of the Environmental Laws.

1.1.21. *Lease Month* – Each month, with the first Lease Month beginning on the Effective Date of this Agreement and ending at midnight on the day preceding the day which is one month thereafter. If hereafter agreed to between Airport Director and Operator in writing, the Lease Months can commence on the first day of each calendar month and end on the last day of such calendar month, whereupon Charges for any partial calendar month shall be prorated.

1.1.22. *Lease Year* – Each period of twelve (12) consecutive Lease Months.

1.1.23. *Maintenance or Repairs and Maintenance* (or similar terms, and regardless of the tense of such phrase or whether the phrase is capitalized) – When used in connection with maintenance, or repairs and maintenance, of the Premises, a portion thereof, or any improvements, fixtures or equipment thereon, means the maintenance, repair or replacement of the specified item in good condition and working order, including, without limitation, ordinary or routine maintenance, repairs or replacement, extraordinary maintenance, repairs, rebuilding, or replacement, and repair, maintenance or replacement of capital or structural items.

1.1.24. *Minimum Annual Privilege Fee* – For each Lease Year, the amount determined as set forth in paragraph 6.5.

1.1.25. *Minimum Standards* – The Minimum Standards for Commercial Aeronautical Activities at Ocala International Airport as revised July 2012, as now or hereafter amended and any successor general aviation minimum standards adopted for the Airport, which is hereby incorporated herein by this reference. When any provision of this Agreement refers to a specific provision (e.g., a Section) of the current Minimum Standards, and, by virtue of a subsequent amendment to the Minimum

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

Standards, such reference is no longer accurate, the reference shall be deemed to refer to the provision in the amended Minimum Standards that deals with the subject of the current Minimum Standards. Notwithstanding the foregoing, however, no modification of the Minimum Standards shall serve to amend the Term, Charges or the categories of Permitted Uses.

1.1.26. *New Terminal* – The terminal building at the Airport after it is modified pursuant to the Terminal Improvements.

1.1.27. *Operator Improvements* – All buildings, structures, pavements, facilities, and other improvements, above and below ground, constructed by Operator upon the Premises during the Term.

1.1.28. *Operator Recovery Surcharge* – As described in paragraph 5.5 of this Agreement.

1.1.29. *Operator's Business* – Operator's business of providing motor vehicle rental services to Customers.

1.1.30. *Other Car Rental Companies* – Lessees of the Airport that: (a) engage in businesses substantially similar to that of Operator; or (b) constitute a Car Rental Company as defined in paragraph 1.1.4.

1.1.31. *Parking Area* – The portion of the Airport used for parking of Vehicles and other uses as referred to in paragraph 4.3.2, and located as set forth in paragraph 4.2.3.

1.1.32. *Percentage Fee* – The amount due to City from Operator pursuant to paragraph 6.4.

1.1.33. *Person* – Any individual, partnership, joint venture, association, corporation, limited liability company, trust or other entity.

1.1.34. *Premises* – As defined in paragraph 3.1.

1.1.35. *Ready/Return Area* – The portion of the Airport used for the delivery and return of Vehicles, and located as set forth in paragraph 4.2.4.

1.1.36. *Rent* – The portion of the Charges to be paid by Operator to City as consideration for the lease of the Premises, as set forth in greater detail in paragraph 6.3.

1.1.37. *Term* – As defined in paragraph 2.

1.1.38. *Terminal* – The Existing Terminal or New Terminal (as the context so dictates).

1.1.39. *Terminal Improvements* – The renovation of the Existing Terminal by City pursuant to paragraph 4.

1.1.40. *Vehicles* – Motor vehicles or trailers rented, or available for renting, by Operator to its Customers in connection with its Business.

1.1.41. *Wash Area* – The portion of the Airport used for washing of Vehicles as referred to in paragraph 4.3.3 and located as set forth in paragraph 4.2.5.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

1.2. Additional Definitions and Rules of Construction. The definitions in this Agreement shall apply equally to both the singular and plural forms of the terms defined. Whenever the context may require, any pronoun used herein shall include the corresponding masculine, feminine and neuter forms. The term "person" includes individuals, partnerships, corporations, limited liability companies, trusts, and other entities and associations. The words "include," "includes," and "including" shall be deemed to be followed by the phrase "without limitation." The words "herein," "hereof," "hereunder," and similar terms shall refer to this Agreement, unless the context otherwise requires. The use of verb to describe the act of performing a defined noun shall be interpreted in light of the definition of the noun; for example, to "maintain" a building means to perform maintenance on the building as "maintenance" is described in paragraph 1.1.23 and the "maintaining" of a building means the performing of such "maintenance."

2. **Term**.

2.1. Term. The term ("Term") of this Agreement shall begin on the Effective Date and shall expire three (3) years after the Effective Date. Lease may be renewed for additional three-year (3-year) terms upon written consent of the parties memorialized as an amendment to this Agreement.

2.2. Effective Date.

2.2.1. The Effective Date shall be February 1, 2020.

2.2.2. Upon request of City or Operator, City and Operator will execute a document acknowledging, or exchange emails confirming, the Effective Date of this Agreement.

2.2.3. City shall use good faith reasonable efforts to permit Tenant access to the Premises prior to the Effective Date so that Tenant may prepare them for use by Tenant under this Agreement; all provisions of this Agreement shall govern such access by Operator except that Operator shall not be required to pay any Charges for any access to the Premises prior to the Effective Date.

2.3. Early Termination by Operator. Notwithstanding paragraph 2.1, Operator may terminate the Term of this Agreement by providing written notice of such termination to City at least 90 days before the Effective Date of the termination.

2.4. Holding Over. If Operator remains in possession of all or any portion of the Premises after the expiration or termination of this Agreement, by lapse of time or otherwise, following notice from City indicating its intention to have Operator quit and vacate the Premises as of that date, such holding over shall constitute the creation of a tenancy at sufferance, terminable by City at any time upon thirty (30) days written notice to Operator. During such holdover tenancy at sufferance, Operator shall pay Rent applicable to its period of occupancy, in the amount of double the Rent due under paragraph 6, as authorized by Section 83.06, Florida Statutes, in addition to all other Charges due under this Agreement.

3. **Lease and Grant of Concession Rights**.

3.1. City hereby leases to Operator, and Operator hereby leases from City, the following (the "Premises") at the Airport:

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

3.1.1. For Operator's exclusive use, the Counter Space.

3.1.2. For Operator's exclusive use, the Parking Area.

3.1.3. For Operator's non-exclusive use, the Wash Area.

3.1.4. For Operator's non-exclusive use, the Common Areas.

3.1.5. For Operator's exclusive use, the Ready/Return Area (following completion of the Terminal Improvements only).

3.1.6. For Operator's non-exclusive use, the Grassy Field.

3.2. City hereby grants to Operator, and Operator accepts from City, certain Concession Rights to permit Operator to conduct its Business at the Airport.

3.3. The lease of the Premises, and the grant of the Concession Rights, involve somewhat distinct rights and obligations, but are related as set forth in this Agreement and the following provisions:

3.3.1. Any breach of this Agreement by any party concerning the lease of the Premises shall constitute a breach concerning the Concession Rights, and vice versa.

3.3.2. Any termination of the lease of the Premises shall terminate the Concession Rights, and vice versa.

4. **Lease of Premises.**

4.1. Premises. The Premises shall consist of the following:

4.1.1. For Operator's exclusive use, the Counter Space.

4.1.2. For Operator's exclusive use, the Parking Area.

4.1.3. For Operator's non-exclusive use, the Wash Area.

4.1.4. For Operator's non-exclusive use, the Common Areas.

4.1.5. For Operator's exclusive use, the Ready/Return Area (following completion of the Terminal Improvements only).

4.1.6. For Operator's non-exclusive use of the Grassy Field.

4.2. Locations of Premises.

4.2.1. *Generally.* As of the Execution Date, City is in the process of constructing a new Terminal pursuant to plans and specifications (the "Plans") developed by City (the "Terminal Improvements").

4.2.2. *Specific Requirements.* The Terminal Improvements shall include approximately 365 square feet for the Counter Space, but shall otherwise be located and configured as determined by City in its sole discretion.

a. During the Terminal Improvements, City shall complete the "shell" of the Counter Space by constructing electric facilities, the structural system for the counters, and the ceiling, and providing basic flooring.

b. Operator shall be responsible for "finishing" the Counter Space including any improvements to the flooring and the counters.

4.2.3. *Parking Area*. Following completion of the Terminal Improvements, City shall provide parking spaces within the portion of the Terminal primary parking lot dedicated to the use of car rental companies, such as Operator, and shall assign to Operator, at a location determined by City in its sole discretion, twenty-three (23) spaces as Operator's Parking Area. During the Term of this Agreement, City may, by providing at least six (6) months' prior written notice to Operator, relocate Operator's Parking Area; provided, however, no such prior notice of relocation shall be necessary in the event of a casualty, force majeure, or national security event outside of City's control.

4.2.4. *Ready/Return Area*. Following completion of the Terminal Improvements, City shall provide an area within the portion of the Terminal parking lot dedicated for the use of car rental companies for the delivery and return of Vehicles, and shall assign to Operator, at a location within such portion as determined by City in its sole discretion, eighteen (18) spaces as Operator's Ready/Return Area. During the Term of this Agreement, City may, by providing at least six (6) months' prior written notice to Operator, relocate Operator's Ready/Return Area; provided, however, no such prior notice of relocation shall be necessary in the event of a casualty, force majeure, or national security event outside of City's control.

4.2.5. *Wash Area*. Following completion of the Terminal Improvements, City shall provide an area at the Airport sufficient in size for the washing and vacuuming of three (3) cars for use by Operator and Other Car Rental Companies. During the Term of this Agreement, City may, by providing at least six (6) months' prior written notice to Operator, relocate the Wash Area; provided, however, no such prior notice of relocation shall be necessary in the event of a casualty, force majeure, or national security event outside of City's control.

4.2.6. *Grassy Field*. Following completion of the Terminal Improvements, City shall provide use of a portion of the Grassy Field for use by Operator and other Car Rental Companies. Grassy Field may be used for the purposes set forth in paragraph 4.3.4. A portion of the Grassy Field assigned to Operator shall equal approximately one-quarter of the area of the Grassy Field; Airport Director shall assign such portion to Operator. Operator shall be entitled to the exclusive use of such portion even though the entire Grassy Field may be used by Other Car Rental Companies.

4.2.7. *Reallocation.* At the end of each year, the Airport Director shall review the amount of Concession Privilege Fees paid by Operator and all Other Car Rental Companies, and shall establish a percentage of the total Concession Privilege Fees paid by each Car Rental Company. If the number of spaces assigned to each Car Rental Company in the Parking Area, Ready/Return Area and Wash Area (but not the Grassy Field) are disproportional, the Airport Director shall reallocate the

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

spaces such that the number of spaces equals the percentage of each Car Rental Company's Concession Privilege Fees.

4.3. Use of Premises. Operator may use the Premises under this Agreement for the following purposes and for no other purpose or purposes whatsoever, unless agreed to in writing and fully executed by the parties:

4.3.1. *Counter Space*. Operator's Counter Space may be used for processing Customer rental and return transactions, including the processing of Customer Agreements and for general office and administrative purposes related to the operation of Operator's Business.

4.3.2. *Parking Area*. Operator's Parking Area will be used for the short-term parking of Operator's authorized Vehicles awaiting rental and delivery to Customers, the parking of such Vehicles after their return and prior to their being washed and again made ready for rental, and the parking of Customer's Vehicles while they are engaging in business with Operator. If Operator leases Vehicles for moving goods, City may require that such Vehicles be parked elsewhere on the Airport and not in Operator's Parking Area in the Terminal's primary parking lot; such additional location shall be thereafter considered to be included in Operator's Parking Area under this Agreement.

4.3.3. *Wash Area*. Operator's assigned space within the Wash Area will be used to wash Operator's Vehicles prior to their delivery to the Parking Area or following their return to Operator.

4.3.4. *Grassy Field*. Operator's portion of the Grassy Field may be used by Operator for vehicular storage, overflow parking and such other uses as permitted by City in its sole discretion.

4.4. Prohibited Uses, Products and Services. Operator agrees that the Premises shall be utilized solely for the uses permitted herein, or as otherwise approved by City in writing, and for no other purpose whatsoever. Without limiting the foregoing:

4.4.1. Operator may not utilize the Premises for, or engage in, the uses prohibited under the Minimum Standards.

4.4.2. Operator shall not provide any products or services that are not specifically authorized by this Agreement or otherwise approved by City in writing.

4.4.3. Operator shall not engage in any activities prohibited by paragraph 4.7.3.

4.5. Compliance with Minimum Standards. Operator agrees to comply with the requirements set forth in the Minimum Standards applicable to Operator's operations at the Airport. In the event of a conflict between this Agreement and the Minimum Standards, Operator acknowledges and agrees that the more stringent requirement shall apply to Operator's operations hereunder, as determined by City.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

4.6. Condition and Use of the Premises.

4.6.1. Except as expressly set forth in this Agreement, City is not making and specifically disclaims any warranties or representations of any kind or character, express or implied, with respect to the Premises, including, but not limited to, zoning, tax consequences, physical conditions, availability of access, ingress or egress, operating history or projections, valuation, governmental approvals, governmental regulations, or any other matter or thing relating to or affecting the Premises including, without limitation, the value, condition, merchantability, marketability, profitability, suitability or fitness for a particular use or purpose of the Premises. Operator agrees that with respect to the Premises, Operator has not relied upon and will not rely upon, either directly or indirectly, any representation or warranty of City or any agent of City. Operator represents that it is relying solely on its own expertise and that of Operator's consultants, and that Operator has conducted such inspections and investigations of the Premises, including, but not limited to, the physical conditions thereof, and shall rely upon same, and, shall assume the risk that adverse matters, including, but not limited to, adverse physical conditions, which may not have been revealed by Operator's inspections and investigations. OPERATOR ACKNOWLEDGES AND AGREES THAT OPERATOR HAS ACCEPTED THE PREMISES "AS IS, WHERE IS," WITH ALL FAULTS, AND WITH NO ORAL AGREEMENTS, WARRANTIES, OR REPRESENTATIONS (EXCEPT AS SPECIFICALLY PROVIDED HEREIN) COLLATERAL TO OR AFFECTING THE PREMISES BY CITY, ANY AGENT OF CITY OR ANY THIRD PARTY ACTING FOR ON BEHALF OF CITY. City is not liable or bound in any manner by any verbal or written statements, representations, or information pertaining to the Premises furnished by any real estate broker, agent, employee, servant, or other person, unless the same are specifically set forth or referred to in this Agreement.

4.6.2. The provisions of paragraph 4.6.1 shall apply to the Premises in their current location and to any relocation of the Premises pursuant to this Agreement following Operator's occupancy thereof.

4.7. Operator's Obligations With Respect to the Use of the Premises.

4.7.1. In the conduct of its business, Operator covenants and agrees to restrict its activities on the Premises to only those authorized by this Agreement and shall not use or permit the use of the Premises for any other purpose, nor shall it vacate the Premises prior to the termination or expiration of this Agreement unless authorized in writing in advance by City. Operator shall use the Premises solely for the rental of Vehicles to Customers, and for the provision of services and equipment reasonably and directly associated with the rental of Vehicles, as specifically authorized in this Agreement.

4.7.2. Except for its signs identifying Operator's Business approved in advance by City and except as otherwise authorized by City in writing, Operator shall not display nor shall it permit others to display any signs, brochures, racks, promotional materials or similar items on or about the Premises or elsewhere within the Terminal or the Airport.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

4.7.3. Operator shall not use the Premises, or any other portion of the Airport, for the following without City's express written consent:

a. Selling used Vehicles.

b. Servicing any Vehicles (except for emergency repairs necessary to remove such Vehicles from the Airport (e.g., "jumping" the battery of a Vehicle)).

c. Fueling any Vehicles.

4.7.4. Operator shall promptly remove all damaged, destroyed or inoperable Vehicles from the Premises and the Airport.

4.8. Common Areas.

4.8.1. As set forth in paragraph 3.1.4, the Premises include the Common Areas.

4.8.2. Throughout the Term hereof, City shall operate and maintain the Common Areas for the use and benefit of the occupants of the Airport and their customers, employees and invitees. City shall at all times have exclusive control of the Common Areas and may at any time and from time to time: (a) temporarily close any part of the Common Areas; and (b) make such changes in the Common Areas as in its reasonable opinion are in the best interests of the City or Airport's occupants, including but not limited to changing the location of walkways, service areas, driveways, entrances, existing automobile parking spaces and other facilities, changing the direction and flow of traffic and establishing prohibited areas.

4.8.3. Operator shall keep all Common Areas free of obstructions created or permitted by Operator. Operator shall permit the use of the Common Areas only for normal uses. If in City's opinion unauthorized persons are using any of the Common Areas because of Operator's occupancy of the Premises, Operator shall, upon City's demand, enforce City's rights against all such unauthorized persons. City shall nonetheless have the right at any time to remove or restrain any such unauthorized persons from the Common Areas.

5. **Concession Rights.**

5.1. Concession Rights Granted. City grants to Operator the following Concession Rights, and Operator assumes all of the following as part of its obligation to operate its Business from the Premises and the Airport:

5.1.1. The privilege to rent passenger-type Vehicles to the public on the Airport; the privilege to offer for sale related loss and collision damage waiver protection, personal injury and accident insurance, supplemental liability, uninsured motorist, and personal effects insurance; and the privilege to offer Customer services, including but not limited to, refueling services, baby car seats, cellular/digital phones, and other related rental equipment. All additional rights shall be approved in writing, fully executed by City from time to time.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

5.1.2. Operator's Business shall be operated under the following brand name(s) for the Term of this Agreement: Hertz Car Rental. Operator cannot change or operate additional brands at the Premises or from the Airport during the Term of this Agreement. If Operator shall, at any time, cease to operate the Business under the Operator's brand name specified in this paragraph 5.1.2, then this Agreement and Operator's Business privileges at the Airport shall be subject to termination upon thirty (30) days advance written notice to Operator from the City.

5.1.3. The privilege for Operator's employees to use, in common with other employees on the Airport, the employee parking facilities provided by City, at such charges as City may, from time to time, establish for employees using the employee parking facilities. Operator's employees may not park in Operator's assigned space in the Parking Area.

5.1.4. All rights and privileges not specifically granted to Operator in this Agreement shall be reserved to City.

5.2. Non-Exclusive Privileges. Except for Operator's exclusive use of certain of the Premises, the Concession Rights granted under this Agreement are non-exclusive. By entering into this Agreement, Operator acknowledges that City has entered into similar agreements with other rental car companies for similar services at the Airport. City reserves the right to enter into agreements with other companies providing rental car services from "on" or "off" Airport locations, if City determines that it is in its best interest to do so.

5.3. Standards of Service.

5.3.1. Operator shall offer for rental to the public only popular-make passenger Vehicles of recent manufacture (not more than two (2) model years old). It is Operator's obligation to maintain all the Vehicles offered for rental in good and safe operating order, free from known mechanical defects, and to keep the Vehicles in a clean, neat, and attractive condition inside and out. Operator shall at all times maintain a sufficient number of Vehicles to meet reasonably foreseeable demands of the traveling public at the Airport.

5.3.2. Operator shall accept at least three (3) nationally recognized credit cards for payment of automobile rentals; and provide or have access to a national reservation system for its rental services at the Airport.

5.3.3. Operator shall maintain a sufficient number of trained personnel to insure that Operator's Customers will receive prompt and courteous service at all times. All personnel of Operator, while on or about the Premises or elsewhere at the Airport, shall be polite, clean and neat in appearance, and appropriately attired.

5.3.4. Operator shall not misrepresent to the public its prices or the terms and provisions of its Customer Agreements or those of its competitors. Operator shall comply with all applicable rules and regulations of the Federal Trade Commission and all other governmental agencies having jurisdiction over Operator's business operations. Operator shall fully inform each Customer, prior to the execution of such Customer's Customer Agreement, of all fees and charges applicable to such Customer's rental. City will give advance notice to Operator that City considers a certain practice to be unlawful, deceptive or discriminatory and Operator shall

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

have an opportunity to respond to the allegation. If City determines, after notice and opportunity for Operator to comment, that any of Operator's business practices are unlawful, deceptive, or discriminatory, Operator shall immediately cease such practices upon receipt of a written order to do so from City.

5.3.5. Operator shall at all times maintain the Premises and its improvements and other personal property located on the Premises in a safe, clean, orderly, attractive and first-class condition satisfactory to City. Any sign or other item on the Premises which City deems to be offensive to the public shall, upon notice from City, be promptly and permanently removed from the Premises by Operator. Operator shall not permit any nuisance, waste or damage to be committed on the Premises or elsewhere at the Airport.

5.3.6. Operator shall conduct its Business from the Premises at least between the hours of 8 a.m. and 6 p.m., excluding weekends and holidays; for purposes of this Agreement, "holiday" means the day set aside by Section 110.117, Florida Statutes, for observing New Year's Day, Martin Luther King, Jr.'s Birthday, Memorial Day, Independence Day, Labor Day, Veterans' Day, Thanksgiving Day, the Friday after Thanksgiving Day, or Christmas Day, and any day upon which the Clerk of the Court of Marion County, Florida, is closed for ordinary business. Nothing set forth herein shall preclude Operator from conducting its Business from the Premises during additional days or hours.

5.3.7. The management, maintenance and operation of the Business shall at all times be under the supervision and direction of a qualified experienced full-time resident manager who shall at all times be subject to the direction and control of Operator. Operator shall assign the manager an office on the Premises and the manager shall be available during regular business hours. Operator shall at all times during the absence of the manager assign or cause to be assigned a qualified subordinate as manager to assume and be directly responsible for carrying out the duties of the manager.

5.4. Non-Diversion of Business. Operator covenants, warrants and agrees that it will not divert business and/or Gross Receipts from Operator's rental car Business at the Airport. Diversion shall include, but not be limited to, Operator advising or suggesting to a Customer or potential Customer arriving at the Airport or pre-arranging a car rental prior to or upon arrival at the Airport that such Customer or potential Customer rent a vehicle or take delivery of a vehicle at any off-Airport location, regardless of the reason.

5.5. Operator Recovery Surcharge. "Operator Recovery Surcharge" means any surcharge or any amount that Operator separately states and charges its Customers to recover the amount of the Percentage Fee that is payable under this Agreement. Operator acknowledges that its payment to City under this Agreement is for Operator's use of facilities and grant of Concession Rights at the Airport, and that those payments do not reflect a fee that is imposed by City upon Customers renting Vehicles from Operator. Operator understands that City does not encourage nor support the practice of transferring Operator's obligation for payment of the Percentage Fee due under this Agreement to its Customers. Operator is prohibited from stating or implying, in writing or verbally, that the City or the Airport imposes or approves of any direct charge to its Customers, including any surcharge that Operator passes on to its Customers to recoup the Percentage Fee. Operator is prohibited from misrepresenting to the public its prices or the terms and provisions of its Customer

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

Agreement or those of its competitors, either verbally or in writing. If Operator recovers from or charges its Customers the Percentage Fee, that charge shall be clearly and separately stated in writing immediately adjacent to Operator's time and mileage and other charges on the Customer's Customer Agreement and invoice, shall not be described as a tax, and shall be no greater than eleven and 11/100 percent (11.11%) of the Gross Receipts resulting from such Customer Agreement. Such Operator Recovery Surcharge shall also be included within Gross Receipts subject to the Percentage Fee under this Agreement.

6. **Charges.**

6.1. Generally. Operator shall pay City, as and when set forth in this paragraph 6, Charges as follows:

6.1.1. The Rent as set forth in paragraph 6.3.

6.1.2. The Concession Privilege Fee which, as set forth in greater detail in paragraph 6.6, shall be the greater of:

a. The Percentage Fee as determined under paragraph 6.4.

b. The Minimum Annual Privilege Fee as determined under paragraph 6.5.

6.2. Manner of Payment. Operator agrees to pay all Charges due under this Agreement, plus applicable sales tax and such other taxes as City may be required to collect on any payments made hereunder, in lawful money of the United States of America, without invoice, unless invoicing is otherwise required hereunder, without further notice or demand, without deduction or setoff.

6.3. Rent.

6.3.1. As consideration for the lease of the Premises, Operator shall pay to City annual Rent as follows:

a. During the first Lease Year, the amount determined by multiplying Thirty and No/100 Dollars ($30.00) times the square footage of the Counter Space (as determined by City in its reasonable discretion).

6.3.2. The Rent is payable in advance without City's demand on the first day of each calendar month during the Term. Installments of one-twelfth (1/12) of the annual Rent as set forth in paragraph 6.3.1. Any references in this Agreement to Rent shall also be deemed to refer to any monthly installment thereof.

6.3.3. If the Effective Date is a day other than the first day of a calendar month, or if the Term terminates on a day other than the last day of the calendar month, the Rent shall be prorated on a daily basis.

6.3.4. All Rent shall be paid to City without set-off or withholding for any reason.

6.3.5. At the time Rent payments are made, the Operator agrees to pay to the City all sales and use taxes that arise because of payment of Rent to the City.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

6.3.6. Any amount advanced by City pursuant to the terms and provisions of this Agreement shall be repaid to City by Operator by the first of the calendar month following the date of such advance unless otherwise specifically provided in this Agreement.

6.3.7. Operator further covenants and agrees to pay promptly when due all taxes assessed against all fixtures, furnishings, equipment and stock-in-trade placed in or on the Premises during the term of this Agreement.

6.4. Percentage Fee.

6.4.1. The Percentage Fee shall equal Ten Percent (10.00%) times the Gross Receipts.

6.4.2. "Gross Receipts" means all fees, charges and receipts of any and all kinds and descriptions, without deduction for any credit card discount, from or on account of Operator's Business or activities originating on, at, from or with respect to the Premises, Operator's Business at the Airport (including providing motor vehicle rental services through fixed base operators, or other third parties, at the Airport), this Agreement, Operator's vehicle fleet assigned to the Airport, or foreign Vehicles temporarily assigned or rented from the Airport, no matter where the reservation therefor, the rental thereof, or the delivery or possession of such vehicle is made, including but not limited to reservations made through airlines, other operators or travel agencies, or by way of telephone, computer or any other means of communication, including but not limited to amounts collected or due from, for or on behalf of Operator's Customers, and revenue and consideration of any and all types and in any and all forms which are collected, accrued, received, receivable, allocated or allocable or which should have been collected, accrued, received, receivable, allocated or allocable by, for or to Operator or any person or entity acting for or on behalf of Operator, including its franchisor or any affiliated person or entity.

a. Gross Receipts shall include but are not limited to the following specified items:

1). Base, time and mileage charges and fees for the rental and short-term leasing of Vehicles;

2). Premiums and any and all other fees and charges for personal accident insurance, personal effects insurance coverage, baggage insurance, personal effects protection insurance, liability insurance, liability insurance supplements, extended protection insurance, and any and all other types and kinds of insurance coverages and policies (regardless of how they be denominated, regardless of the parties covered, and regardless of the risks insured against);

3). Any and all sums for insurance waivers, collision damage waivers, and loss damage waivers, whether cash or credit and whether collected or uncollected;

4). Inter-city fees and drop charges;

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

5). Concession Recovery Fees or Concession Recoupment Fees charged to Customers;

6). Fees for rental of equipment including child safety seats, cellular telephones, recreational gear and car racks, tire chains and global positioning systems;

7). Additional fees charged to Customers including additional and underage driver fees, upgrade and exchange fees, early pickup and late return fees, tire and battery recovery fees, and fees for miscellaneous services (such as service calls).

8). Any and all charges made to Customers for any and all equipment and services provided for, on account of or incidental to the rental of Vehicles;

9). All other receipts, compensation, revenue and other consideration received or accrued to Operator or Operator's franchisor or any other affiliated person or entity for or on account of the subject rental car concession, its operations or its fleet Vehicles, unless specifically excepted in writing by City.

b. Gross Receipts shall specifically exclude the following:

1). Sales taxes which are separately stated on Operator's vehicle rental agreements and which Operator collects and remits separately to governmental taxing authorities, as required by law;

2). Fuel service charges, prepaid fuel, fuel replacement fees waiver, and any and all other types and kinds of charges for fuel, fuel replacement and fuel service;

3). The rental car surcharge imposed pursuant to Section 212.0606, Florida Statutes, as now existing or hereinafter amended, provided that such amount is separately stated on Operator's Vehicle rental agreements, Customer's Agreement, collected from the Customer by Operator, and remitted by Operator to the State of Florida;

4). Compensation received by Operator from Customers and insurance carriers in payment of actual damages to, or the destruction or theft of, Vehicles and other personal property of Operator, including proceeds received for loss, conversion or abandonment of Vehicles (but provided that compensation and payments for the loss of use of Vehicles are to be included as part of the Gross Receipts);

5). Discounts, coupons or credits provided by Operator to its Customer at the time a Customer Agreement is closed; and

6). Amounts received from the administration and reimbursement of tolls, tickets, towing or fines paid by Operator.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

7). Amounts collected for any rental billed directly to an insurance company, or to an automobile shop/dealership located in Marion County, Florida, where the rented Vehicle is to be used by the Customer while the Customer's non-rented Vehicle is being repaired. This exclusion is capped and will not exceed 35% of Gross Receipts.

8). Amounts collected from customers for optional "carbon offset" program fees paid by Operator to third-party environmental initiative organizations.

c. Without limiting the generality and scope of the definition of Gross Receipts and without broadening the limits of exclusions from Gross Receipts, as specified above, it is expressly agreed and understood by Operator that no exclusion shall be allowed for taxes or surcharges levied on Operator's activities, facilities, equipment, real or personal property, payroll taxes, income taxes, taxes on frequent flier miles paid directly to an airline, license, title, tag fees, or charges to recoup the same, or other charges which recoup operating costs. Therefore:

1). Unless specifically excluded by the express terms of paragraph 6.4.2.b, all receipts, revenues or considerations shall be deemed to be included in Gross Receipts under this Agreement.

2). Gross Receipts shall not be reduced by bank charges, uncollected or uncollectible credit accounts, charges made by collection agencies, bad debt losses, or any commission or other amount paid out or rebated by the Operator to travel agents or others with respect to any rental or sale of goods or services.

6.4.3. Each exclusion from Gross Receipts shall be segregated as a separate account in the Operator's general ledger.

6.4.4. Each transaction made on installment of credit shall be treated as a transaction for the full price in the month during which such charge or transaction is made, regardless of when or whether the Operator receives any full or partial payment therefore. In no event shall the Operator's Gross Receipts or Chargeable Gross Receipts be negative in any revenue category or in any period. Operator shall not allocate revenues to any other location, regardless of which city or location owns the vehicle, or where the vehicle is ultimately returned.

6.5. Minimum Annual Privilege Fee. "Minimum Annual Privilege Fee" shall mean the following:

6.5.1. During the first Lease Year, there shall be no Minimum Annual Privilege Fee.

6.5.2. During each succeeding Lease Year, 85% of the prior year's Minimum Annual Privilege Fee.

6.6. Payment of Concession Privilege Fee. Operator shall pay the Concession Privilege Fee as follows:

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

6.6.1. The Concession Privilege Fee shall be paid in monthly installments with the amount of each installment being the greater of: (a) one-twelfth (1/12) of the Minimum Annual Privilege Fee; or (b) the Percentage Fee for the preceding month. All references herein to Concession Privilege Fee shall refer to installments thereof. Notwithstanding that the Concession Privilege Fee is paid in monthly installments, the amount of the Concession Privilege Fee for each Lease Year shall be determined pursuant to paragraph 6.8.2 such that the Concession Privilege Fee, for such Lease Year, shall be the greater of the: (a) Minimum Annual Privilege Fee; or (b) the Percentage Fee.

6.6.2. Each installment payment of the Concession Privilege Fee shall be paid simultaneously with the provision of the Monthly Report pursuant to paragraph 6.7.

6.7. Monthly Reports.

6.7.1. Within twenty-one (21) days of the end of each Lease Month during the Term of this Agreement:

a. Operator shall submit to the Airport Director, in form and substance acceptable to the Airport Director, a monthly report (a "Monthly Report") containing the total Gross Receipts for the preceding Lease Month. Such Monthly Statement shall set forth the Gross Receipts, by individual component thereof as described in paragraph 6.4.2, and the calculation of the Percentage Fee, for such Lease Month. If so elected by City, Operator shall use a form Monthly Report as provided by City.

b. Operator shall pay to City the Concession Privilege Fee due for such preceding Lease Months.

6.7.2. City shall have the right to rely on such Monthly Report in determining Concession Privilege Fees due hereunder. Operator shall have full responsibility for the accuracy of such Monthly Report. Late payments and payment deficiencies due to incomplete or inaccurate Monthly Report to City shall be subject to the late payment and late penalty charges as set forth in paragraph 6.11 hereof. The acceptance by City of any Operator payment shall not preclude City from verifying the accuracy of Operator's reports or computations, or from recovering any additional payment actually due from Operator. Interest on any additional amount due shall accrue thereon from the date the payment was originally due, at the rate prescribed and calculated in paragraph 6.11 hereof.

6.8. Annual Reports.

6.8.1. Within ninety (90) days of the end of each Lease Year during the Term of this Agreement or any renewal hereof, Operator shall submit to the Airport Director, in form and substance acceptable to the Airport Director, an annual report (the "Annual Report") for the Airport for such Lease Year, prepared in accordance with generally accepted accounting principles, certified by a financial representative of Operator whose duties include familiarity with the matters set forth in the Annual Report and the reporting of such matters. Such Annual Report shall set forth the Gross Receipts, by individual component thereof as described in paragraph 6.4.2.a,

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

and Operator's calculation of the Concession Privilege Fee for the Lease Year under this Agreement. If so elected by City, Operator shall use a form Annual Report as provided by City.

6.8.2. Following City's receipt of each Annual Report, City shall determine the amount of Concession Privilege Fee due from Operator for the preceding Lease Year.

a. If the amount of Concession Privilege Fee for the preceding Lease Year is in excess of the Concession Privilege Fee previously paid by Operator pursuant to paragraph 6.6 for such Lease Year, Operator shall pay the difference to City within thirty (30) days of written notice to Operator of the amount owed.

b. If the amount of Concession Privilege Fee due for the preceding Lease Year is less than the amount of Concession Privilege Fee previously paid by Operator pursuant to paragraph 6.6 for such Lease Year, City shall subtract the amount of such overpayment from the next Concession Privilege Fee payment due from Operator under paragraph 6.6 ; if, at the time such payment is due, this Agreement has expired or been terminated, City shall pay to Operator such overpayment in cash, provided by Operator is not then in default under the terms of this Agreement. This paragraph 6.8 shall survive the expiration or termination of this Agreement.

6.8.3. City shall have the right to rely on such Annual Report in determining the Concession Privilege Fee due hereunder. Operator shall have full responsibility for the accuracy of such Annual Reports. Late payments and payment deficiencies due to incomplete or inaccurate Annual Reports to City shall be subject to the late payment and interest charges as set forth in paragraph 6.11 hereof. The acceptance by City of any Operator payment shall not preclude City from verifying the accuracy of Operator's reports or computations, or from recovering any additional payment actually due from Operator. Interest on any additional amount due shall accrue thereon from the date the payment was originally due, at the rate prescribed and calculated in paragraph 6.11 hereof.

6.9. Operator's Records.

6.9.1. Operator shall maintain, either at the Airport or elsewhere within Marion County, Florida, books, records and accounts for its Business at the Airport, including computerized records that can be accessed at the Airport or elsewhere within Marion County, maintained in accordance with generally accepted accounting principles, generally accepted auditing standards, and the requirements of this Agreement, recording Gross Receipts under this Agreement and providing for the determination and calculation of Concession Privilege Fee and any other payments to be made to City by Operator.

6.9.2. Such books, records and accounts shall include detailed analyses listing all of Operator's transactions from operations at the Airport in the form of printed, written or electronic media. A numbered invoice shall be issued with each sale or transaction. Books and records shall include, but shall not be limited to, all original accounting source documents detailing transactions relevant to this Agreement, including but not limited to, original Customer Agreements, operating/financial statements, a complete (cumulative) general ledger, monthly sales journals

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

detailing each rental transaction for the month, reconciliations between the financial records and monthly reports submitted to City, bank statements applicable to the operations of its Business at the Airport, corporate trial balances, corporate contracts with corporate Customers, annual audited financial statements and related reports on internal controls (including management representation letters), electronic media documenting accounting records, and other sales-related documents. Such books, records and accounts shall also include documentation of all exclusions from Gross Receipts claimed by Operator. For exclusions or adjustments to Gross Receipts, Operator's books and records shall include, but are not limited to, all agreements between Operator and corporate or volume Customers establishing the Customer's contractual rights to discounts and/or rebates, if such reduction is permitted by this Agreement, lists of all individual rental transactions with all corporate or volume Customers, all individual Customer Agreements with all corporate or volume Customers, and documentation of such records supporting other reductions to Gross Receipts authorized pursuant to paragraph 6.4.2 of this Agreement.

6.9.3. Operator shall cause to be installed in Operator's operating area, and shall at all times use, such cash registers, invoicing machines, sales slips and other accounting equipment, devices and forms as are reasonably necessary to record properly, accurately and completely all sales at the Airport related to Operator's Gross Receipts.

6.9.4. In those situations where Operator's records have been generated from computerized data (whether mainframe, minicomputer, or PC-based computer systems), Operator agrees to provide City with extracts of data files in a computer readable format on compact disks (CD), E-mail with attached files, or suitable alternative computer data exchange formats as requested by City.

6.9.5. Each record and item of information required hereunder shall be maintained for a period of at least five (5) years from the date of creation and for such extended period as City requires if there is an audit or litigation pending.

6.10. Audit of Operator's Books and Records.

6.10.1. City shall have the right to audit or authorize audits of Operator's book, records and accounts relevant to its operations of Operator's Business at the Airport. If either an annual audit or any other lesser period audit performed by City discloses an under reporting of Gross Receipts, Operator shall pay to City any amounts due under this Agreement within fifteen (15) calendar days of written notice by City, plus interest calculated in accordance with paragraph 6.11 of this Agreement. If an audit conducted by City or at City's direction discloses an under reporting of Gross Receipts by two percent (2%) or more for any twelve (12) month period, Operator shall reimburse City for the full cost of the audit, interest calculated in accordance with paragraph 6.11, any applicable legal fees and expenses, and shall pay liquidated damages in the amount of ten percent (10%) of the under-reported Concession Privilege Fees.

6.10.2. Operator shall provide the name and telephone number of Operator's accounting manager who has a thorough knowledge of the accounting system as it pertains to this Agreement and who will assist City with its audit. Operator will also allow

1510
Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

interviews of past and present employees who were involved in the financial or operational activities of Operator as part of the audit.

6.10.3. Operator agrees to provide appropriate work space to conduct the audit and free access to office and equipment needed to conduct the audit. Operator will also make the requested original books and records available within ten (10) working days from the date of request by City or City's representative and will freely lend its own assistance in conducting the audit. If Operator's books and records outside the Airport or outside Marion County, Florida cannot be provided and made available locally, Operator agrees to reimburse City for expenses incurred in sending representatives to wherever such books and records are maintained. Such expense will include transportation, lodging, food and other out-of-pocket expenses resulting from the necessity to leave Marion County, Florida.

6.11. Late Payments. If Operator fails to make payment of any Charges, or any other payment due City by the due date thereof, Operator shall pay to City, in addition to all other remedies available to City and all other payments to be made by Operator to City, a late charge equal to an administrative fee of two hundred fifty dollars ($250.00) per amount not paid, together with interest calculated at the rate of 10% per annum on the amount of such payment until the payment is made in full.

6.12. Survives Expiration or Termination. Operator's duty to maintain books and records and City's rights under this Agreement to inspect and audit the books and records of Operator shall survive the expiration or earlier termination of this Agreement.

6.13. No Confidentiality. Operator acknowledges that City is subject to the Florida Public Records Act (Chapter 119, Florida Statutes) and that, in such capacity, may not be able to retain any information it obtains from or concerning Operator's operation in confidence, and may, in fact, be required to disclose such information.

6.14. Payments by City. If City has paid any sum or sums or has incurred any obligation or expense for which Operator has agreed to pay or reimburse City, or if City is required or elects to pay any sum or sums or insure any obligations or expense by reason of the failure, neglect, or refusal of Operator to perform or fulfill any one or more of the conditions, covenants and undertakings contained in this Agreement.

6.15. Taxes and Assessments. Operator shall pay all taxes, including sales tax on payments made to the City subject to sales tax, any applicable payment in lieu of taxes, assessments, and charges of a like nature, which at any time during the Term of this Agreement may be levied or become a lien by virtue of any levy, assessment, or charge by the Federal Government, the State of Florida, Marion County, or any other municipal corporation or other local government entity having jurisdiction over the Airport, any government successor in authority to the foregoing, or any other tax or assessment levying bodies, in whole or in part, upon or in respect to Operator's business, the Charges or any other amount payable under this Agreement, or upon or in respect to any personal property belonging to Operator situated on the Premises. Payment of such taxes, assessments and charges, when and if levied or assessed, shall be made by Operator directly to the taxing or assessing authority charged with collection thereof. City shall timely forward to Operator any assessment or tax notice received by City and payable by Operator.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

6.16. License and Permit Fees. Operator shall also pay all fees associated with any and all licenses, permit, certificates and other authorizations required by any governmental authority in connection with the operations or activities performed by Operator under this Agreement.

6.17. Operator's Rights to Contest. Operator may, at its own expense, contest the amount or validity of any tax or assessment, or the inclusion of the Premises, this Agreement or the Charges or any other payment under this Agreement as taxable or assessable property, directly against the taxing or assessing authority and Operator shall not be deemed to be in default under this Agreement for failure to pay any such tax or assessment pending the outcome of any such contest proceedings. City reserves the right to require Operator to provide such security as City's legal counsel determines necessary to assure that the tax and any costs related to the tax contest are promptly discharged upon final determination of such tax contest adverse to Operator.

6.18. Accord and Satisfaction. If Operator pays any amount that is less than the amount stipulated to be paid under this Agreement, such payment shall be considered to be made only on account of the stipulated amount. No endorsement or statement on any check or letter shall be deemed an accord and satisfaction. City may accept any check or payment without prejudice to City's right to recover the balance due or to pursue any other remedy available to City pursuant to this Agreement or under the law.

6.19. Additional Charges. In addition to the Rent and Concession Privilege Fee, all other payments that Operator is obligated to make under this Agreement including, without limitation, under all provisions of this paragraph are considered additional Charges ("Additional Charges"), and unless explicitly stated otherwise, regardless of whether the payments are so designated. All additional payments are due and payable fifteen (15) days after the time City demands payment or at the time the next succeeding Percentage Fee installment is due, whichever occurs later. City shall have the same remedies for Operator's failure to pay Additional Charges as it does for Operator's failure to pay the stated Charges. All further references to "Charges" shall include both stated Charges and Additional Charges. The provisions of this paragraph 6.19 shall apply only concerning remedies, and not concerning Charges upon which sales and use taxes are to be calculated or paid.

6.20. Amounts Advanced by City. Any amount advanced by City pursuant to the terms and provisions of this Agreement shall be repaid to City by Operator by the first of the calendar month following the date of such advance unless otherwise specifically provided in this Agreement.

6.21. Allocation of Charges.

6.21.1. As set forth elsewhere in this Agreement:

a. The Rent represents consideration to City for the lease of the Premises; and

b. The Concession Privilege Fee represents consideration to City for the Concession Rights.

6.21.2. City shall collect sales and use taxes only on the Rent, unless City receives a notice or demand from the applicable taxing authority (currently the Florida Department of Revenue) to collect sales and use taxes on other Charges.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

6.21.3. Operator shall be solely responsible for the payment of all sales, use or other taxes levied upon the fees and other charges payable by Operator to the City hereunder, whether or not the same shall have been billed or collected by the City, together with any and all interest and penalties levied thereon, and Operator hereby agrees to indemnify the City and hold it harmless from and against all claims by any taxing authority that the amounts, if any, collected from Company to such taxing authority, were less than the total amount of taxes due, and for any sums including interest and penalties payable by the City as a result thereof. The provisions of this paragraph 6.21.3 shall survive the expiration or prior termination of this Agreement.

7. **Operator's Improvements**.

7.1. Alterations, Additions and Improvements.

7.1.1. Except as expressly provided for herein, Operator shall make no alterations, additions or improvements to or installations on its Premises (including, but not limited to, any work which could affect utility or other systems for which City is responsible) without the prior written permission of the City.

7.1.2. Before the commencement of any such work, if required by the City, detailed plans and specifications, including any modifications or amendments thereto requested by City, shall be filed with and approved, in writing, by the Airport Director and all governmental departments and authorities having jurisdiction thereover. All such work shall be done subject to and in accordance with the requirements of applicable law and regulations of all such governmental departments and authorities, and, where required, each affected public utility company.

7.1.3. Such work shall be performed in a good and workmanlike manner and in accordance with the plans and specifications approved for the same. At all times during such work, Operator shall have a copy of the approved plans and specifications on the construction site for inspection by City, if the same are herein required. Operator shall be required to replace any work which is not done in accordance with such plans and specifications as approved by the Airport Director.

7.1.4. All alterations, additions or improvements at any time placed upon its Premises by Operator shall be deemed to be and become a part of the realty and the sole and absolute property of City upon completion.

7.1.5. Operator shall promptly pay all claims made against City and discharge all liens filed or which exist against the Premises, any other portion of the Airport, or Operator's trade fixtures or trade equipment arising out of or in connection with, whether directly or indirectly, the failure to make payment for work done or materials provided by Operator, its contractors, subcontractors or materialmen. However, Operator shall have the right to contest the amount or validity of any such claim or lien without being in default under this Agreement. If City's legal counsel reasonably determines that security is required to guarantee discharge of such claim or lien if such claim or lien is finally determined against Operator, City shall provide Operator with written notice of such determination. Within ten (10) days of such notice, Operator shall provide such security, in such form and amount

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

as is reasonably satisfactory to City's legal counsel. City shall give timely notice to Operator of all such claims and liens of which it becomes aware.

7.2. Conduct. Operator, its employees, passengers, guests, licensees, invitees and independent contractors shall conduct themselves in an orderly and proper manner so as not to disturb, annoy or offend others at the Airport or to violate any of City's present or future written or published policies, rules or regulations. Upon notification by City of any violation of the provisions of this paragraph 7.2, Operator shall forthwith take all reasonable measures necessary to terminate the offensive, disorderly or improper conduct.

7.3. Performance by City Upon Failure by Operator. If Operator fails to perform any obligation required by paragraph 7.1 or 8.2, City shall give Operator written notice of such failure. If Operator fails to perform such obligation within thirty (30) days of receipt of such notice, or if such obligation cannot with due diligence be performed within such thirty (30) day period, and Operator has failed to immediately commence and diligently pursue performance thereof upon receipt of such notice, City may perform such obligation of Operator, and charge Operator for the cost of City's performance, including a charge of fifteen percent (15%) representing City's overhead, plus a reasonable administrative charge representing City's fee for managing the same, plus attorneys' fees or costs of legal counsel, if performed by City's legal counsel.

8. **Obligations of City**.

8.1. City Operation and Maintenance.

8.1.1. Except at otherwise provided in this Agreement, City shall operate and maintain the Airport and the Terminal and shall keep the Airport, including the Terminal and City-installed Terminal equipment and fixtures, in good condition and repair. City's maintenance obligation with respect to the Terminal shall also include custodial and general maintenance of the public areas of the Terminal.

8.1.2. City shall cause electricity, air conditioning, heat, sewerage disposal and water to be supplied to the Premises. City shall not be responsible for disruptions in service due to failure of utility suppliers or other causes beyond City's control.

8.2. Operator's Maintenance, Replacement and Repair. Operator shall, at its own cost and expense, maintain and repair all parts of Operator's improvements, equipment, fixtures and personal property installed or located on or at the Premises, including Operator's computers and communications system, any Operator-installed connections to City-installed utility systems or property, and all other Operator's equipment and property whether or not any of the same is affixed or attached to such Premises. Operator shall also provide cleaning, general maintenance and refuse removal for the Counter Area, Parking Area, Ready/Return Area and Wash Area; the Wash Area shall be cleaned daily. Operator shall dispose of all trash or other refuse in dumpsters provided by City.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

9. **Damage or Destruction**.

9.1. Damage. Should the Premises or any portions thereof, or buildings or structures on which the Premises may be a part, be damaged by fire or other casualty, and if the damage or buildings or structures of which the Premises are a part, is repairable within ninety (90) days from the date of the occurrence, the Premises shall be repaired with due diligence by City and, provided that the damage is not due to the negligence of Operator, the Rent allocable to the portions of the Premises rendered untenantable, for the period from the occurrence of the damage to the completion of repairs, shall be abated proportionately based upon the portion and impact of the untenantable Premises; there shall be no abatement, however, if the need for repair is due to the negligence of Operator or if City is able to substitute substantially equivalent space to replace the untenantable Premises.

9.2. Destruction. Should the Premises or any portions thereof, or buildings or structures of which the Premises may be a part, be completely destroyed by fire or other casualty, or should they be damaged to such an extent that the damage cannot be repaired within ninety (90) days after the occurrence, City shall have the option to terminate this Agreement to the extent that it shall apply to the portion of the Premises so rendered untenantable. If this paragraph 9.2 becomes applicable, City shall notify Operator within thirty (30) days after the happening of any such damage whether City has elected to continue this Agreement in effect as to the premises damaged or destroyed or to terminate it. Such notice shall advise Operator of City's estimated schedule for completion of repair and restoration and identify to Operator reasonably adequate substitute premises to be provided to Operator pending reconstruction of the damaged or destroyed Premises. If repairs are estimated to take more than one hundred eighty (180) days to complete as determined by City in its reasonable discretion after consultation with a Florida-licensed contractor, and City is not able to provide Operator reasonably adequate substitute premises within 60 days for the premises damaged and destroyed pending reconstruction, and such premises are essential to the operation of Operator's Business, Operator may terminate this Agreement by providing written notice to City within ten (10) days of receipt of notice from City as aforesaid. If City shall elect to continue this Agreement in effect, it shall commence and prosecute with due diligence any work necessary to restore or repair the premises, and, so long as the damage is not due to the negligence of Operator, the Rent allocable to the particular Premises rendered untenantable, for the period from the occurrence of the damage to the completion of the repairs, shall be abated and Operator shall pay City a reasonable rental for the substitute premises provided during reconstruction.

9.3. Relocation of Premises. During any time period when the Premises, or any portions thereof, are damaged by fire or other casualty, City may relocate the damaged Premises or portions to other locations at the Airport until repairs have been completed.

10. **Indemnification and Insurance**.

10.1. Commercial General Liability. Operator shall maintain during the entire Lease Term and all periods in which Operator is in possession of the Premises, commercial general liability insurance as well provide coverage for the following matters and with limits not less than:

10.1.1. $1,000,000 each occurrence and $2,000,000 aggregate for Bodily Injury, Property Damage, and Personal and Advertising Injury.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

10.1.2. $1,000,000 each occurrence and $2,000,000 aggregate for Products and Completed Operations.

10.1.3. $100,000 each occurrence for Damage to the Premises.

10.1.4. Policy must include coverage for contractual liability and independent contractors.

10.1.5. City, its officials, employees, and volunteers are to be covered as an additional insured with a CG 20 26 04 13 Additional Insured – Designated Person or Organization Endorsement or similar endorsement providing equal or broader Additional Insured Coverage with respect to liability arising out of activities performed by or on behalf of Operator. The coverage shall contain no special limitation on the scope of protection afforded to City, its officials, employees, and volunteers.

10.2. Business Automobile Liability. Coverage must be afforded for all Owned, Hired, Scheduled, and Non-Owned vehicles for Bodily Injury and Property Damage in an amount not less than $1,000,000 combined single limit each accident. If the Operator's Contractor does not own vehicles, the Operator's Contractor shall maintain coverage for Hired and Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

10.3. Workers' Compensation and Employer's Liability. Coverage must be afforded per Chapter 440, Florida Statutes. Any person or entity performing work for or on behalf of Operator ("Operator's Contractor") must provide Workers' Compensation insurance. Exceptions and exemptions will be allowed by the City's Risk Manager, if they are in accordance with Florida Statutes. The Operator's Contractor waives, and the Operator's Contractor shall ensure that the Operator's Contractor's insurance carrier waives, all subrogation rights against the City and the City's officers, employees, and volunteers for all losses or damages. The City requires the policy to be endorsed with WC 00 03 13 Waiver of our Right to Recover from Others or equivalent. The Operator's Contractor must be in compliance with all applicable State and federal workers' compensation laws, including the U.S. Longshore Harbor Workers' Act and the Jones Act, if applicable.

10.4. Construction Insurance. Operator shall, at its sole expense, procure and maintain during the course of the construction of any improvement or alterations on the Premises constructed during the Term of this Agreement, "builder's risk," Operator shall ensure Operator's Contractor obtains comprehensive public liability insurance, and Operator shall also carry during such period of construction Worker's Compensation Insurance covering all persons employed by Operator on or in connection with such construction.

10.5. Environmental Liability. Operator shall maintain Pollution Liability or other similar Environmental Impairment Liability, at a minimum limit of not less than Two Million Dollars ($2,000,000) per claim and Five Million Dollars annual aggregate ($5,000,000) providing coverage for damages including, without limitation, third-party liability, clean up, corrective action, including assessment, remediation and defense costs. When a self-insured retention or deductible amount exceeds Ten Thousand Dollars ($10,000), City reserves the right, but not the obligation, to review and request a copy of Operator's most recent annual report or audited financial statements in evaluating the acceptability of a higher self-insured retention or deductible in relationship to Operator's financial condition.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

10.6. Deductibles. Operator's deductibles or self-insured retentions shall be disclosed to City and may be disapproved upon commercially reasonable grounds by the latter if inconsistent with industry standards. The deductibles once accepted by City may be reduced or eliminated at the option of City upon recommendation of City's Risk Management Department so long as the resulting premiums do not then become commercially unreasonable and so long as any such recommendations are consistent with industry standards. The Operator is responsible for the amount of any deductible or self-insured retention.

10.7. Insurance Requirements. These insurance requirements shall not relieve or limit the liability of Operator. City does not in any way represent that these types or amounts of insurance are sufficient or adequate to protect Operator's interests or liabilities, but are merely the minimums. No insurance is provided by City under this Agreement to cover Operator or its contractors or sub-contractors.

10.8. Duplicate Insurance. Insurance required of Operator or any other insurance of Operator which covers City shall be considered primary, and insurance or self-insurance of City shall be considered excess, as may be applicable to claims against City which arise out of this Agreement.

10.9. Insurance Certificate Requirements. Operator shall provide City with valid Certificates of Insurance (binders are unacceptable) at least ten (10) days prior to execution of this Agreement and no later than thirty (30) days prior to commencement of any improvements, or following any written request by City.

10.9.1. Operator shall provide a Certificate of Insurance to City with a thirty (30) day notice of cancellation, or ten (10) days' notice if cancellation is for nonpayment of premium.

10.9.2. In the event that the insurer is unable to accommodate the cancellation notice requirement, it shall be the responsibility of Operator to provide the proper notice. Such notification will be in writing by registered mail, return receipt requested, and addressed to the certificate holder.

10.9.3. In the event this Agreement term goes beyond the expiration date of the insurance policy, Operator shall provide City with an updated Certificate of Insurance no later than ten (10) days prior to the expiration of the insurance currently in effect. City reserves the right to suspend this Agreement until this requirement is met.

10.9.4. City shall be named as an Additional Insured on all liability policies. Lessee shall provide copies of Additional Insured endorsements to Lessor to verify the City's status as an Additional Insured on all applicable polices.

10.9.5. The Lease, Bid/Contract number, event dates, or other identifying reference must be listed on the Certificate of Insurance.

10.10. City May Change Limits. City reserves the right to increase or decrease, or expand or narrow, the minimum limits or amounts of insurance requirements set forth above whenever the liability of City under Florida law (including the Florida Tort Claims Act) increases or City's defined areas of liability or risk are expanded. City shall give the

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

Operator a minimum of sixty (60) days advance written notice for any modification or change in the insurance limits as set forth herein.

10.11. Failure to Provide Insurance. If Operator shall fail to obtain or maintain in full force and effect any insurance coverage required to be obtained by Operator under this Agreement, City may procure same from such insurance carriers as City may deem proper, irrespective that a lesser premium for such insurance coverage may have been obtained from another insurance carrier, and Operator shall pay as additional Charges, upon demand of City, any and all premiums, costs, charges and expenses incurred or expended by City in obtaining such insurance. Notwithstanding the foregoing sentence, if City shall procure insurance coverage required of Operator hereunder, City shall in no manner be liable to Operator for any insufficiency or failure of coverage with regard to such insurance or any loss to Operator occasioned thereby, and additionally, the procurement of such insurance by City shall not relieve Operator of its obligations under this Agreement to maintain insurance coverage in the types and amounts herein specified, and Operator shall nevertheless hold City harmless from any loss or damage incurred or suffered by City from Operator's failure to maintain such insurance.

10.12. Safety/Environmental.

10.12.1. Operator is responsible at all times for reasonable precautions to achieve the protection of all persons including employees, and property lawfully upon the Premises.

10.12.2. Operator shall comply with all applicable safety and Environmental Laws and ordinances. Operator shall promptly notify the City's Risk Management Department regarding any and all Hazardous Material spills that are required to be reported by the State.

10.13. Miscellaneous.

10.13.1. Operator shall be responsible for carrying such insurance as Operator may desire to protect Operator's own equipment, contents, personal property and other property on the Premises, and business loss insurance

10.13.2. Operator may not perform or fail to do any act with respect to the Premises, may not use or occupy the Premises, and may not conduct or operate the Operator's business, in any manner that is objectionable to the insurance companies, it causes them to void or suspend any insurance, or that causes them to increase the premiums above the amounts that would usually have been in effect for the occupancy under this Agreement. Operator may not permit or suffer another person to do so with respect to the Premises.

10.13.3. Operator acknowledges the limits, coverages and endorsements required by this paragraph 10 are intended to minimize liability for City. Operator agrees that it will not rely upon the requirements of this paragraph 10 when assessing the extent or determining appropriate types or limits of insurance coverage to protect Operator against any loss exposures, whether as a result of this Agreement or otherwise.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

11. **Default; Remedies**.

11.1. Default. The occurrence of any one or more of the following events shall constitute a default of this Agreement by Operator:

11.1.1. Vacating or abandoning of the Premises by Operator without the advance written consent of City. The Premises shall be deemed vacated or abandoned upon: (a) the Premises no longer being open for business, or Operator not being open for business as required by paragraph 5.3.6 on three or more days in a six-month period; or (b) such other facts as City determines, in its reasonable discretion, establish that Operator has vacated or abandoned the Premises.

11.1.2. The failure by Operator to make payment of any Charge or any other payment required to be made by Operator hereunder, as and when due, where such failure shall continue for a period of five (5) days after City delivers written notice of such non-payment to Operator.

11.1.3. The failure by Operator to observe or perform any of the covenants, conditions or provisions of this Agreement to be observed or performed by Operator where such failure continues for a period of thirty (30) days after written notice thereof from City to Operator, notwithstanding the foregoing:

a. If the nature of Operator's default is such that more than thirty (30) days are reasonably required for its cure, then Operator shall not be deemed to be in default if Operator commenced such cure within such thirty (30) day period and thereafter diligently pursues such cure to completion.

b. Nothing contained in this paragraph 11.1.3 shall be deemed to alter or affect the cure period for performance of any covenant, condition or provision for which a specific time period is provided elsewhere in this Agreement, or to require notice and an opportunity to cure where any provision of this Agreement provides that such notice or opportunity are not necessary.

c. If Operator has twice previously violated a term, condition or covenant of this Agreement and is provided with notice of and an opportunity to cure such violation, any subsequent violation of the same term, condition, or covenant within twelve (12) months of the prior violation shall constitute a default without further notice or opportunity to cure.

d. Only three (3) days' notice and an opportunity to cure need be provided for the failure to provide insurance, or proof thereof, under this Agreement.

11.1.4. To the extent permitted by law, (a) the making by Operator or any guarantor, receiver, or trustee thereof of any general assignment, or general arrangement for the benefit of creditors; (b) the filing by or against Operator of a petition to have Operator adjudged bankrupt or a petition for reorganization or arrangement under any law relating to bankruptcy unless, in the case of a petition filed against Operator, the same is dismissed within sixty (60) days; (c) the appointment of a trustee or receiver to take possession of substantially all of Operator's assets located at the Premises or of Operator's interest in this Agreement, where possession is not restored to Operator within thirty (30) days; or (d) the attachment,

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

execution or other judicial seizure of substantially all of Operator's assets located at the Premises or of Operator's interest in this Agreement, where such seizure is not discharged within thirty (30) days.

11.1.5. The seizure, sequestration or impounding by virtue or under authority of any legal proceeding of all or substantially all of the personal property or fixtures of Operator used in or incident to the operation of the Property.

11.1.6. Operator makes an assignment of this Agreement for the benefit of creditors.

11.1.7. Any sale, transfer, assignment, subleasing, concession, license, or other disposition prohibited under this Agreement.

11.1.8. Notwithstanding any provision of this Agreement, Operator acknowledges and agrees that City may require Operator to immediately cease any activity, which could result in an Airport hazard or endanger safety of any other Airport user, as reasonably determined by City.

11.2. Remedies.

11.2.1. If any Operator default occurs (and has not been cured during any applicable cure period), City shall have the right, at the option of City, to pursue one or more of the following remedies, in addition to all other remedies available at law or equity:

a. Terminate this Agreement and thereupon reenter and take possession of the Premises with or without legal process.

b. Without terminating this Agreement, reenter and relet the Premises, or any part thereof, and grant additional Concession Rights, for the account of Operator upon such terms and conditions as City may deem advisable or satisfactory, in which event the rents received on such reletting shall be applied:

a). First, to the expenses of such reletting and collection including but not limited to, necessary renovation and alterations of the Premises, reasonable attorney's fees, any real estate commissions paid;

b). Second, toward payment of all Charges or other sums due or to become due City hereunder; and

c). Third, if a sufficient sum shall not be thus realized or secured to pay such sums and other charges due City, then, Operator shall pay City any deficiency monthly, and City may bring an action therefor as such monthly deficiency shall arise.

d). Nothing herein, however, shall be construed to require City to reenter and relet in any event. City shall not, in any event, be required to pay Operator any surplus of any sums received by City on a reletting of the Premises in excess of the Charges provided in this Agreement.

c. Remove all or any part of the Operator's property from the Premises and any property removed may be stored in any public warehouse or elsewhere at the

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

cost of, and for the account of Operator, and City shall not be responsible for the care or safekeeping thereof whether in transport, storage or otherwise. Operator hereby waives any claim against City for loss, destruction and/or damage or injury that may be occasioned by any of the previously mentioned acts. In addition to any statutory lien granted to City, this Agreement shall be deemed and considered to grant City a security interest in the previously mentioned items and City shall have all the rights of a secured party under the Uniform Commercial Code. The foregoing notwithstanding, City will not claim or have a lien of any kind, be it contractual or statutory, on or against Operator's motor vehicles for non-payment of any Charges or fees due under the Lease, or for any default of Operator or any other reason, and the City hereby waives all such liens available to the City.

11.2.2. No reentry or taking possession of the Premises by City shall be construed as an election on City's part to terminate this Agreement unless a written notice of such intention is given to Operator. Notwithstanding any such reletting without termination, City may at all times thereafter elect to terminate this Agreement for such previous default. Any such reentry shall be allowed by Operator without hindrance, and City shall not be liable in damages for any such reentry, or guilty of trespass or forcible entry.

11.3. Cure of Operator Default by City. If Operator shall default in the performing of any covenant or condition of this Agreement and the opportunity to cure if any has expired, City may, at its sole discretion, perform the same for the account of Operator and Operator shall reimburse City for commercially reasonable expenses incurred therefore together with interest thereon at the highest legal rate. This provision imposes no duty on City nor waives any right of City otherwise provided in this Agreement.

11.4. Default by City. City shall not be in default unless City fails to perform obligations imposed upon City hereunder within a reasonable time, but in no event later than thirty (30) days after written notice by Operator to City, specifying wherein City has failed to perform such obligations; provided, however, that if the nature of City's obligations is such that more than thirty (30) days are required for performance then City shall not be in default if City commences performance within such thirty (30) day period and thereafter diligently prosecutes the same to completion. Operator shall have, in the event of default by City, any remedy now or hereafter available to Operator under the laws of the State of Florida.

11.5. Surrender of Premises. Operator expressly agrees that it shall immediately surrender the Premises to City in good condition, upon expiration or earlier termination of this Agreement, depreciation and wear from ordinary use for the purpose for which the Premises were leased being excepted. Operator shall remove all of its personal property from the Premises on or before the expiration of this Agreement. Any personal property of Operator not removed by Operator shall become the property of City or may be disposed of by City at Operator's expense.

12. **Assignment, Sublease and Transfers**.

12.1. Permissible Assignments and Sublets. The Operator may not assign, mortgage, pledge, or encumber this ease, nor sublet, license, or grant any concession for the use of the Premises, to another person without obtaining the City's prior written consent, such consent shall not be unreasonably withheld or conditioned. City may require Operator and such other person

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

to provide City with such information as City may reasonably request so that City may consider whether to grant or condition such consent.

12.2. Continued Liability of Operator. If the Operator makes any assignment, sublease, license, or grant of a concession, the Operator will nevertheless remain unconditionally liable for the performance and financial obligations of all of the terms, conditions, and covenants of this Agreement.

12.3. City's Right to Collect Charges From Any Occupant. If the Operator is in default on any payments under this Agreement and any other person is subletting or occupying the Leased Premises, or if the Operator assigns this Agreement, the City may collect Charges from the assignee, subtenant, or occupant. The City may apply the net amount collected to the Charges required under this Agreement. The City's collection of the Charges does not waive the covenant against assignment and subletting under this Agreement nor does it constitute the City's acceptance of the assignee, subtenant, or occupant as an Operator, nor the City's waiver of the Operator's further performance of the covenants contained in this Agreement.

13. **Environmental**.

13.1. Compliance with Environmental Laws.

13.1.1. Operator covenants, represents, and warrants that in conducting any activity or business on the Premises or at the Airport, or in conducting any operation or performing any work pursuant to this Agreement, Operator shall comply with all applicable Environmental Laws. Operator further covenants, represents and warrants that:

a. Operator shall obtain and maintain all Environmental Permits required for it to conduct its activities and business on the Premises and at the Airport.

b. At City's request, Operator shall make available to City for inspection and copying, upon reasonable notice and at reasonable times, any and all documents and materials which Operator prepared or had prepared with respect to or pursuant to any Environmental Law or Environmental Permit, or which Operator submitted or had submitted to any governmental agency, which documents or materials relate to environmental issues, Environmental Laws or Environmental Permits, pertain to the Airport or the Premises, and would be discoverable in litigation.

13.1.2. City and its representatives shall have access to the Premises upon prior notice to inspect the same in order to determine if Operator is using the Premises in accordance with all Environmental Laws and Environmental Permits. Operator agrees to fully cooperate with any such inspections, provided that such inspections shall not unreasonably interfere with Operator's operations. Upon receipt of written notification of noncompliance or upon assertion of a claim by a third party, and at the request of City, Operator shall conduct such testing and analysis as City deems reasonable to ascertain whether Operator is using the Premises in compliance with all Environmental Laws and Environmental Permits. Any such tests shall be conducted by qualified independent experts chosen by Operator, but who shall be subject to City's approval, which shall not be unreasonably withheld.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

Operator shall provide to City copies of all reports prepared by such experts within a reasonable time after Operator receives each such report.

13.1.3. If Operator fails to comply with any Environmental Law or Environmental Permit or if Operator fails to commence immediate corrective action or required remediation, City may, in addition to the rights and remedies described elsewhere in this Agreement and any other rights and remedies otherwise available to City, enter the Premises and take all reasonable and necessary actions, at Operator's expense, to ensure such compliance with the Environmental Law or Environmental Permit.

13.1.4. In the event of any release or threatened release of Hazardous Materials caused by Operator or any of its agents, employees, invitees, licensees, contractors, or subcontractors, and which is required by an applicable Environmental Law or City Rule or Regulation to be reported by Operator, whether as a result of negligent conduct or otherwise, at, on, under or about the Premises or the Airport, or in the event any claim, demand, complaint, or action is made or taken against Operator that pertains to the environment at the Premises or the Airport, or if Operator receives any notice pertaining to Operator's failure or alleged failure to comply with any Environmental Law or Environmental Permit, Operator shall promptly notify City of all known facts pertinent to such release, threatened release, claim, demand, complaint, action, or notice, and shall provide City with a copy of each such claim, demand, complaint, notice, and action. If Operator is required by any Environmental Law, Environmental Permit, or governmental agency to file any notice or report of a release or threatened release of Hazardous Materials at, on, under or about the Premises or the Airport, Operator shall simultaneously provide a copy of such notice or report to City.

13.1.5. Operator shall undertake all necessary steps to remedy and remove any environmental pollution, contamination, condition, or damage to the extent caused by or resulting from the activities or conduct of Operator or any of its agents, employees, invitees, licensees, contractors, or subcontractors on the Premises or at the Airport, whether resulting from negligent conduct or otherwise, as determined by the appropriate governmental agency to be necessary to reasonably protect the public health or safety to the extent required by applicable law, or to bring the Premises or the Airport into compliance with all Environmental Laws and Environmental Permits. Such work shall be performed at Operator's expense. Except in the event of an emergency, such work shall be after Operator submits to City a written plan for completing such work and receives the prior approval of City, which shall not be unreasonably withheld. City shall have the right to review and inspect all such work at any time using consultants and representatives of its choice. The actual cost of such review and inspection shall be paid by Operator. Specific cleanup levels for any environmental remediation work Operator performs shall be designed to meet and satisfy the requirements of all applicable Environmental Laws and Environmental Permits. Operator warrants that all work performed pursuant to this Agreement shall be performed in accordance with all Environmental Laws and Environmental Permits, specifically including without limiting the generality of the foregoing any applicable National Emission Standards for Hazardous Air Pollutants (NESHAP), 40 C.F.R. 61.145.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

13.1.6. Notwithstanding the obligations imposed on Operator in paragraph 13.1.5 of this Agreement, City and other Federal, state, and local agencies having jurisdiction shall at all times have the right, should Operator fail to respond to a notification, after a specified cure period, if any, or immediately if necessary to mediate further contamination, to take any and all actions as they may individually or collectively deem appropriate to cease, contain, investigate, remediate, and otherwise respond to a condition which results from, causes, or threatens to cause environmental pollution, contamination, or damage at, under or about the Premises or the Airport. Operator agrees to cooperate with any and all such actions.

13.1.7. City shall not be responsible to Operator or any of its agents, employees, invitees, licensees, contractors, or subcontractors for any environmental condition in existence on the Premises or at the Airport, which condition may interfere with Operator's business or other operations or activities, or which might otherwise cause damage to Operator through loss of business, destruction of property, or injury to Operator, its owners, directors, officers, agents, employees, Customers, clients, vendees, invitees, concessionaires, or licensees, except to the extent that any such condition is directly caused by City or its employees.

13.2. Operator's Environmental Indemnity. With respect to Environmental Laws and Environment Permits, Operator agrees as follows:

13.2.1. Without in any way limiting Operator's obligations under paragraph 13 hereof, Operator shall assume the risk of, be responsible for, protect, defend, indemnify and hold harmless City and its past, present and future officers, the members of the Board of City Commissioners, the employees and agents of City, and each of them, including without limitation the Airport Directors of City, and shall hold each and all of them harmless at all times from and against any and all losses, claims, liabilities, damages, costs, and expenses, including reasonable attorney's fees, which may be incurred in connection with any actual, threatened, or potential environmental pollution, contamination, condition, or damage to the extent caused by or resulting from any activity or conduct, or presence of Operator or any of Operator's directors, officers, agents, contractors, subcontractors, or employees at the Airport or from Operator's failure to comply with any Environmental Law or Environmental Permit. Operator is not responsible for pre-existing contamination by the City, or other tenant.

13.2.2. All rights and remedies of City as provided in this Agreement with regard to environmental pollution, contamination, damage, or any actual or threatened violations of any Environmental Law or Environmental Permit shall be deemed cumulative in nature; and City's right to indemnification as provided under this paragraph 13.2 shall survive the termination of this Agreement.

14. **Airport Specific Provisions**.

14.1. City Right to Improve Airport.

14.1.1. City has, has had and shall continue to have the absolute right to develop, expand, improve and renovate the Airport, including but not limited to, its apron and taxiways, the Terminal and other Airport facilities, regardless of the desires or views of Operator and without interference or hindrance from Operator and

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

without any liability to Operator; and City may continue to so develop, expand, improve and renovate the Airport, including but not limited to, its apron and taxiways, Terminal and other Airport facilities throughout the Term of this Agreement.

14.1.2. Upon reasonable notice, during Operator's normal business hours, City shall have the right to enter the Premises to perform any of City's obligations hereunder, exercise any of its rights hereunder or in the exercise of its governmental functions, or in the event of any alteration, improvement or construction on, adjacent to or in the vicinity of the Premises, for purposes related thereto. Notwithstanding the foregoing, in an emergency, City shall have the absolute right to enter the Premises to perform or exercise any of the aforementioned obligations or rights.

14.1.3. In addition to those rights reserved by City in paragraph 14.1.1 and 14.1.2 above, City reserves the right from time to time as may be reasonably necessary to close, relocate, reconstruct, change, alter or modify Operator's Premises for purposes of maintaining or constructing improvements, modifications or expansions to the Airport, provided that:

a. At least sixty (60) days prior written notice of any such action is given by City to Operator.

b. Reasonably convenient and equivalent alternative premises and adequate means of ingress and egress thereto shall be made available to Operator. Such alternative premises shall be subject to Operator's reasonable approval.

c. Operator shall continue to pay all Charges, and all other payments applicable under this Agreement with respect to its Premises during any such temporary relocation (adjusted for any decrease in square footage); provided, however, that City shall reimburse Operator for the reasonable costs associated with any necessary relocation.

14.2. Reservation of Air Navigation Rights. City reserves unto itself, its successors and assigns, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the Airport, including but not limited to Operator's Premises, for navigation or flight in such airspace for landing on, taking off from, or operating at the Airport. This reservation of air navigation rights is with respect to City's operations authorized under its joint use agreement with the Unites States of America.

14.3. Nondiscrimination. To the extent that the following provisions are applicable to Operator's Premises or activities at the Airport and the inclusion of such provisions is required by law, grant agreement or contract, Operator agrees to observe and comply with such provisions:

14.3.1. Operator agrees that in the operation of its Business at the Airport, it shall not discriminate against any person by reason of sex, race, color, religion, national origin, disability or handicap in the use of any of the facilities provided for the public at the Airport.

14.3.2. Operator, for itself, its successors in interest and assigns, as a part of the consideration therefor, does hereby covenant and agree, as a covenant running with the land, that if facilities are constructed, maintained or otherwise operated on the

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

property described in this Agreement for a purpose for which a Department of Transportation program or activity is extended or for another purpose involving the provision of similar services or benefits, Operator shall maintain and operate such facilities and services in compliance with all other requirements imposed pursuant to Title 49, Code of Federal Regulations, Department of Transportation Effectuation of Title VI of the Civil Rights Act of 1964, and as such Regulations may be amended.

14.3.3. Operator, for itself, its successors in interest and assigns, as a part of the consideration therefor, does hereby covenant and agree, as a covenant running with the land, that:

a. No person on the grounds of sex, race, color, religion, national origin or handicap shall be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of such facilities;

b. In the construction of any improvements on, over, or under such land and the furnishings of services thereon, no person on the grounds of sex, race, color, religion, national origin or handicap shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination.

c. Operator (whether a grantee, licensee, lessee, permittee, etc.) shall use the Premises in compliance with all other requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in federally-assisted programs of the Department of Transportation- Effectuation of Title VI of the Civil Rights Act of 1964, and as such Regulations may be amended.

d. In the event of the breach of any of the above nondiscrimination covenants, City shall have the right to terminate this Agreement and to reenter and repossess the Premises and the facilities thereon, and hold the same as if such Agreement had never been made or issued.

14.3.4. Operator assures City that it shall undertake an affirmative action program if required by Title 14, Code of Federal Regulations, Part 152, Subpart E, to ensure that no person shall, on the grounds of sex, race, color, religion, national origin, or handicap, be excluded from participating in any employment activities covered in Title 14, Code of Federal Regulations, Part 152, Subpart E. Operator assures that no person shall be excluded on these grounds from participating in or receiving the services of any program or activity covered by such Subpart E. Operator assures that it will require that its covered suborganizations to provide assurances to Operator that they similarly shall undertake an affirmative action program and that they shall require assurances from their suborganizations, if and as required by Title 14, Code of Federal Regulations, Subpart E, to the same effect. Operator assures that it shall furnish to the United States government or City, if and as required by law, any and all documents, reports, and records, including, but not limited to, an affirmative action plan, Form EEO-1, the submission of which are required by Title 14, Code of Federal Regulations, Part 152, Subpart E.

14.3.5. To the extent the requirements of Section 504 of the Rehabilitation Act of 1973, 49 CFR Part 27, and Titles II and III of the Americans with Disabilities Act of 1990

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

apply to the Premises and Operator's facilities thereon or the operation and/or construction or acquisition of any improvement, equipment or facilities by Operator on the Premises or the Airport or any part thereof, such improvement and equipment shall be provided and improvement and facilities shall be designed, constructed, and operated, so that the improvement, equipment or facility is accessible to and usable by handicapped persons. To assure such design, construction and use, Operator will design and construct the improvement, equipment or facility in accordance with the Uniform Federal Accessibility Standards ("UFAS") and/or the American National Standards Institute "Standard Specifications for Making Buildings and Facilities Accessible to, and Usable by, the Physically Handicapped" (ANSL A 117.1 1961 [R-1971]), as applicable, which standards are incorporated herein and made a part of this Agreement.

14.3.6. This Agreement is subject to the requirements of the U.S. Department of Transportation's regulations, 49 CFR Part 23. The Operator, concessionaire or contractor, agrees that it will not discriminate against any business owner because of the owner's race, color, national origin, or sex in connection with the award or performance of any concession agreement, management contract, or subcontract, purchase or lease agreement, or other agreement covered by 49 CFR Part 23.

14.3.7. The Operator, concessionaire or contractor agrees to include the above statements in any subsequent concession agreement or contract covered by 40 CFR Part 23 that it enters and cause those businesses to similarly include the statements in further agreements.

14.4. Prohibition Against Exclusive Rights. It is hereby specifically understood and agreed that nothing herein contained shall be construed to grant or authorize the granting of an exclusive right to provide rental car services to the public, and City reserves the right to grant to others the privileges and right of conducting any or all activities related to the operations of a rental car concession (subject to paragraph 15).

14.5. Compliance with Security Requirements. Operator agrees to observe all security laws, rules, regulations and requirements of the DHS, FAA, TSA, and City applicable to Operator's operations, as now or hereafter amended or promulgated, including, without limitation, Title 49, Parts 1500 et al., of the Code of Federal Regulations, to the extent applicable to Operator and Operator's activities hereunder.

14.6. Criminal History Background Checks. Operator acknowledges that Operator and its employees, contractors, subtenants and agents may be subject to federal and state criminal history record check requirements under federal, state and/or local laws, as now or hereafter amended or promulgated which laws may require Operator to remove or restrict access of individuals who are not in compliance with the requirements of such laws. Operator agrees to comply with and to require its employees, contractors and agents to comply with all federal, state and local criminal history record check requirements, and any access restrictions imposed thereunder.

14.7. Security Deficiency. Operator shall rectify any security deficiency related specifically to premises under Operator's sole control, as may be determined as such by City, DHS, FAA or TSA. If Operator fails to remedy any such deficiency, City may do so on behalf and on the account of Operator. Operator shall pay to City any costs or expenses incurred by City within thirty (30) days of the date of City's invoice. Operator acknowledges and agrees that

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

City shall have the right to take whatever action is necessary to rectify any security deficiency or other deficiency as may be determined by City, DHS, FAA or TSA.

14.8. Security Systems. City shall have the right to install, operate and maintain security cameras and other similar security devices or systems at the Airport, including locations within Premises, for the purpose of ensuring the safety and security of the Public Airport Facilities. City agrees to coordinate the installation and location of security cameras and other security systems or devices to be located within the Premises with Operator in an effort to avoid disruption of Operator's activities and operations. City shall be responsible for all costs associated with the maintenance and repair to any such Security Systems constructed hereunder. Nothing herein shall limit nor require Operator's right to install its own security systems/cameras within the Premises at Operator's sole cost and expense in addition to any installed by City hereunder.

14.9. Stormwater. Operator shall comply with the following provisions with respect to stormwater management at or from the Airport:

14.9.1. Notwithstanding any other provisions or terms of this Agreement, Operator acknowledges that certain properties within the Airport, or on City-leased land, are subject to stormwater rules and regulations. Operator agrees to observe and abide by such stormwater rules and regulations as may be applicable to the Airport property and uses thereof.

14.9.2. City and Operator will cooperate to insure compliance with any stormwater discharge permit terms and conditions, as well as to insure safety and to minimize cost of compliance. Operator acknowledges further that it may be necessary to undertake such actions to minimize the exposure of stormwater to "significant materials" generated, stored, handled, or otherwise used by Operator, as such term may be defined by applicable stormwater rules and regulations, by implementing and maintaining appropriate and relevant "best management practices" as that term may be defined in applicable stormwater rules and regulations.

14.10. Federal Right to Reclaim. If a United States governmental agency shall demand and take over the entire facilities of the Airport or the portion thereof wherein the Premises are located for public purposes for a period in excess of sixty (60) days, Operator may terminate this Agreement by providing written notice of such termination to City and the parties shall thereupon be released and fully discharged from any and all liability hereunder arising after such termination or as a result thereof. This paragraph 14.10 shall not act or be construed as a waiver of any rights Operator may have against the United States as a result of such taking.

14.11. City Tax Assessment Right. None of the terms, covenants and conditions of this Agreement shall in any way be construed as a release or waiver on the part of City, as a political subdivision of the State of Florida, or any of the public officials of City, of the right to assess, levy, and collect any ad valorem, non-ad valorem, license, personal, intangible, occupation, or other tax which shall be lawfully imposed on the Airport.

14.12. Right of Flight. City reserves unto itself, its successors and assigns, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the Premises together with the right to cause in such airspace such noise as may be

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

inherent in the operations of aircraft now known or hereafter used, for navigation of, or flight in, such airspace for landing on, taking off from, or operating on the Airport.

14.13. Operation of Airport. Operator expressly agrees for itself, its sublessees, successors and assigns, to prevent any use of the Premises which would materially adversely affect the operation and maintenance of the Airport, or otherwise constitute a material Airport hazard.

14.14. Release. Operator acknowledges that noise and vibration are inherent to the operation of an Airport and hereby releases City from any and all liability relating to the same.

14.15. Exclusive Rights. Notwithstanding any provision of this Agreement to the contrary, Operator understands and agrees that the rights granted under this Agreement are nonexclusive, other than the exclusive right of use of the Premises, and that City may grant similar privileges to another lessee or other lessees on other parts of the Airport.

14.16. No Discrimination. Operator for itself, its successors in interest and assigns, as a part of the consideration hereof, does hereby covenant and agree that no person on the grounds of race, creed, color, national origin, sex, sexual orientation, gender identity and expression, familial status, religion, marital status, age, or disability shall be excluded from participation (a) in or denied the use of the Premises; (b) in the construction of any improvements on, over, or under the Premises; or (c) in the furnishing of services. Operator shall use the Premises in compliance with all requirements imposed by or pursuant to Title 49, Part 21 of Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Non-discrimination in Federally-Assisted Programs of the Department of Transportation-Effectuation of Title VI of the Civil Rights Act of 1964, as now or hereafter amended. In the event of the breach of any of the foregoing non-discrimination covenants which breach is not cured within thirty (30) days after written notice by City, City shall have the right to terminate this Agreement and to reenter and repossess such Premises and the facilities hereon, and hold the same as if this Agreement had never been made or issued. This cancellation provision shall not be effective until the procedures of Title 49, Part 21 of the Code of Federal Regulations are followed and completed including exercise or expiration of appeal rights.

15. **Most Favored Nations**.

15.1. If any agreement (the "Other Agreement") granted by the City to any Other Rental Car Company provides for the lease of premises inside the Terminal and the grant of Concession Rights at the Airport contains any Major Terms (as defined below) more favorable to the Other Car Rental Company than the terms and conditions of this Agreement, Tenant shall be entitled to an amendment to this Agreement (the "MFN Amendment") to include such Major Terms for so long as, and subject to the same conditions under which, the Major Terms of such Other Agreement shall be enjoyed by such Other Car Rental Company. In order to constitute an Other Agreement under this paragraph 15, the agreement with the Other Rental Car Company must provide for both the lease of premises inside the Terminal and the grant of Concession Rights at the Airport; therefore, an agreement with an Other Rental Car Company merely providing for the use of the Ready/Return Area (and not any area inside the Terminal) and the grant of Concession Rights to the Other Rental Car Company shall not constitute an Other Agreement. Tenant shall not be entitled to the Major Terms of such Other Agreement without accepting any less favorable terms that may be in such Other Agreement (regardless of whether such less favorable terms are Major Terms), and such favorable

Major Terms shall not entitle Tenant to any refund or abatement of any Charges paid or accrued prior to the date of the MFN Amendment. For purposes of this paragraph 15.1, "Major Terms" shall include only the express provisions of paragraphs 2, 4.3, 4.4, 4.7, 5.3, 5.5, 6, 10 and 11 of this Agreement.

15.2. Tenant's sole remedy for a breach of City's obligations under this paragraph 15 shall be an action for specific performance of this paragraph; in no event shall Tenant have a right to terminate this Agreement or to seek monetary damages.

15.3. If the Other Agreement expires or is terminated (regardless of the reason for termination or the party terminating the Other Agreement), the MFN Amendment shall be deemed canceled and the provisions of this Agreement before the MFN Amendment shall thereafter apply.

16. **General Provisions**.

16.1. Operator As Independent Contractor. It is expressly understood and agreed by and between the parties hereto that Operator is and shall remain an independent contractor responsible to all parties for all of its acts or omissions and City shall be in no way responsible for Operator's acts or omissions.

16.2. Subordination to Governmental Agreements. This Agreement shall be subject and subordinate to all the terms and conditions of any instrument or document under which City acquired the land or improvements thereon, of which the Premises are a part, and shall be given only such effect as will not conflict with nor be inconsistent with such terms and conditions. Operator understands and agrees that this Agreement shall be subordinate to the provisions of any existing or future agreement between City and the United States of America or State of Florida, or any of their agencies, relative to the operation or maintenance of the Airport, the execution of which has been or may be required as a condition precedent to the expenditure of state or federal funds for the improvement or development of the Airport.

16.3. Governmental Authority. Nothing in this Agreement shall be construed to waive or limit City's governmental authority as a Florida municipality to regulate Operator or its operations. City's obligations under this Agreement are made in a proprietary capacity (rather than in a governmental capacity), and such agreements shall not be construed as: limiting, prohibiting or eliminating the obligation of the parties to comply with all applicable rules, regulations, ordinances, statues and laws; altering or impairing City's governmental functions, including, without limitation, City's right to lawfully exercise its regulatory authority over the development of the Premises; or enabling, permitting, or creating any cause of action or claim arising out of the lawful exercise of City's governmental authority.

16.4. Rights Reserved to City. All rights not specifically granted Operator by this Agreement are reserved to City.

16.5. Invalidity of Clauses. The invalidity of any portion, paragraph, provision, clause or any portion thereof of this Agreement shall have no effect upon the validity of any other part or portion hereof.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

16.6. Governing Law. This Agreement shall be governed by and in accordance with the laws of the State of Florida.

16.7. Estoppel Certificates. City or Operator shall have the right to request the other party to provide an estoppel certificate, as described below, without charge, 15 days after the requesting party sends a written notice. This estoppel certificate shall consist of a written statement certifying the following information to the requesting party or to any person specified by that party:

16.7.1. This Agreement is unmodified and in full force and effect; or, if there have been any modifications in this Agreement, this Agreement is in full force and effect as modified, specifying the nature of each modification.

16.7.2. The name and address of the owner of the fee simple estate in the Premises.

16.7.3. The name and address of the owner of the leasehold estate in the Premises.

16.7.4. The Lease is in full force and effect.

16.7.5. Whether the terms of this Agreement have been assigned, supplemented, modified or otherwise amended and, if so, specifics of the assignment, supplementation, modification or other amendment.

16.7.6. Whether, to the best of the knowledge of the party providing the certificate, each of the obligations on its part to be performed to date under the Lease have been performed.

16.7.7. Whether, to the best of the knowledge of the party providing the certificate, each of the obligations of the other party to this Agreement have been performed to date under the Lease.

16.7.8. Whether Operator has any offsets, counterclaims, defenses, deductions or credits whatsoever with respect to the Lease.

16.7.9. Whether there exists any other agreements (including subordination, non-disturbance and attornment agreements) concerning the Premises, whether oral or written between City and Operator (or their respective predecessors or successors) under this Agreement.

16.7.10. Whether, as of the date of the certificate, any Charge is due from Operator under the Lease.

16.7.11. The following:

a. Amount of Charges currently payable by Operator under the Lease and the date through which such Charges has been paid.

b. Whether City or Operator have assigned the Lease and, if so, the specifics thereof.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

16.7.12. As to the certificate to be executed by City, whether City has assigned, conveyed, transferred, sold, encumbered or mortgaged is interest in the Lease or the Premises and, if so, the specifics thereof, and whether any third party has an option or preferential right to purchase all or any of the Premises and, if so, the specifics thereof.

16.7.13. Whether the party providing the certificate has received any written notice of any pending eminent domain proceedings or other governmental actions, or any judicial action of any kind, against such parties' interests in the Premises.

16.7.14. Whether the party providing the certificate has received written notice that it is in violation of any governmental law or regulation applicable to its interest in the Premises and its operation thereon including, without limitation, any Environmental Law or the Americans with Disabilities Act, and whether such party has any reason to believe that there are grounds for any such claim or violation.

16.7.15. Attaching a true and correct copy of the Lease including all amendments thereto.

16.7.16. Any other information with respect to this Agreement and the Premises that the requesting party shall reasonably request.

16.8. Force Majeure. Whenever a period of time is herein prescribed for action to be taken by City, City will not be liable or responsible for, and there will be excluded from the computation for any such period of time, any delays due to strikes, riots, acts of God, shortages of labor and materials, theft, fire, public enemy, injunction, court order, requisition of other governmental body or authority, war, governmental laws, regulations or restriction or any other causes of any kind whatsoever which are beyond the reasonable control of City (any or all of the foregoing being referred to as "Force Majeure").

16.9. Matters of Record. This Agreement is subject to all matters of record affecting the Premises.

16.10. Time.

16.10.1. Time is of the essence of all of the provisions and terms of this Agreement.

16.10.2. If a time period is five (5) days or less, intervening Saturdays, Sundays or legal holidays will be excluded from the calculation.

16.10.3. When any time period specified herein falls or ends upon a Saturday, Sunday or legal holiday, the time period shall automatically extend to 5:00 p.m. on the next ensuing business day.

16.10.4. For purposes of this Agreement, "legal holiday" means the day set aside by Section 110.117, Florida Statutes, for observing New Year's Day, Martin Luther King, Jr.'s Birthday, Memorial Day, Independence Day, Labor Day, Veterans' Day, Thanksgiving Day, the Friday after Thanksgiving Day, or Christmas Day, and any day upon which the Clerk of the Court of Marion County, Florida, is closed for ordinary business.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

16.11. Notices.

16.11.1. All notices, requests, consents and other communications (each a "Communication") required or permitted under this Agreement shall be in writing and shall be (as elected by the person giving such notice) delivered by messenger or courier service (e.g., Federal Express, UPS, DHL, etc.), emailed or mailed by Registered or Certified Mail (postage pre-paid), Return Receipt Requested, addressed as follows or to such other addresses as any party may designate by Communication complying with the terms of this paragraph:

a. City: Attn: Airport Director, Ocala International Airport, 750 SW 60th Avenue, Ocala, FL 34474; Fax: 352–629–8887; Email: airport@ocalaairport.com or mgrow@ocalafl.org.

a). With a copy to: Contracting Officer, 110 SE Watula Avenue, 3rd Floor, Ocala, FL 34471; Email: notices@ocalafl.org.

b. Operator: Attn: David Stark; Email: david.stark@avisbudget.com

16.11.2. Each such Communication shall be deemed delivered:

a. On the date delivered if by personal delivery;

b. On the date of email transmission if by email; and

c. If the Communication is mailed, on the earlier of: (a) the date upon which the Return Receipt is signed; (b) the date upon which delivery is refused; (c) the date upon which Communication is designated by the postal authorities as not having been delivered; or (d) the third business day after mailing.

d. Notwithstanding the foregoing, service by personal delivery, or by email sent, after 5:00 p.m. shall be deemed to have been made on the next day that is not a Saturday, Sunday or legal holiday.

16.11.3. If a Communication is delivered by multiple means, the Communication shall be deemed delivered upon the earliest date determined in accordance with the preceding subparagraph.

16.11.4. If the above provisions require Communication to be delivered to more than one person (including a copy), the Communication shall be deemed delivered to all such persons on the earliest date it is delivered to any of such persons.

16.11.5. Concerning Communications sent by email:

a. The Communication shall not be deemed to have been delivered if the sender receives a message from the sender's or the recipient's internet service provider or otherwise that the email was not delivered or received;

b. If the sender receives an automatic reply message indicating that the recipient is not present to receive the email (commonly referred to as an "out of the office message"), the email shall not be deemed delivered until the recipient returns;

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

c. Any email that the recipient replies to, or forwards to any person, shall be deemed delivered to the recipient.

d. The sender must print the email to establish that is was sent (though it need not do so at the time the email was sent); and

e. The sender shall maintain the digital copy of the email in its email system for a period of no less than one year after it was sent.

16.12. Headings. The headings of the various paragraphs of this Agreement and the Table of Contents are for convenience and ease of reference only, and shall not be construed to define, limit, augment or describe the scope, context or intent of this Agreement or any part or parts of this Agreement.

16.13. Binding Effect. The terms, conditions and covenants of this Agreement shall inure to the benefit of and be binding upon the parties hereto and their successors, assigns and subtenants, if any. This provision shall not constitute a waiver of any prohibitions against or limitations regarding assignment or subletting.

16.14. Construction. No party shall be considered the author of this Agreement since the parties hereto have participated in extensive negotiations and drafting and redrafting of this document to arrive at a final Lease. Thus, the terms of this Agreement shall not be strictly construed against one party as opposed to the other party based upon who drafted it. If any section, paragraph, sentence, clause, or provision hereof, shall be held by a court of competent jurisdiction to be invalid, such shall not affect the remaining portions of this Agreement and the same shall remain in full force and effect.

16.15. Public Entity Crimes. As provided in Sections 287.132 through 287.133, Florida Statutes, by entering into this Agreement or performing any work in furtherance hereof, Operator certifies that it, its affiliates, suppliers, subcontractors and consultants who will perform hereunder, have not been placed on the convicted vendor list maintained by the State of Florida Department of Management Services within the thirty-six (36) months immediately preceding the effective date hereof. This notice is required by Section 287.133(3)(a), Florida Statutes.

16.16. Scrutinized Companies. As provided in Section 287.135, Florida Statutes by entering into this Agreement or performing any work in furtherance hereof, Operator certifies that it, its affiliates, suppliers, subcontractors and consultants who perform hereunder, have not been placed on the Scrutinized Companies Activities in Sudan List or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List created pursuant to Section 215.473, Florida Statutes. If City determines, using credible information available to the public, that a false certification has been submitted by Operator, this Agreement may be terminated and a civil penalty equal to the greater of Two Million Dollars ($2,000,000) or twice the amount of this Agreement shall be imposed, pursuant to Section 287.135, Florida Statutes.

16.17. No Third-Party Beneficiaries. No provision of this Agreement is intended to, or shall be construed to, create any third-party beneficiary or to provide any rights to any person or entity not a party to this Agreement, including without limitation any citizen or employees of City and/or Operator.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

16.18. Incorporation by References. All exhibits attached hereto and referenced herein shall be deemed to be incorporated in this Agreement by reference.

16.19. RADON. RADON IS A NATURALLY OCCURRING RADIOACTIVE GAS THAT, WHEN IT HAS ACCUMULATED IN A BUILDING IN SUFFICIENT QUANTITIES, MAY PRESENT HEALTH RISKS TO PERSONS WHO ARE EXPOSED TO IT OVER TIME. LEVELS OF RADON THAT EXCEED FEDERAL AND STATE GUIDELINES HAVE BEEN FOUND IN BUILDINGS IN FLORIDA. ADDITIONAL INFORMATION REGARDING RADON AND RADON TESTING MAY BE OBTAINED FROM CITY'S PUBLIC HEALTH UNIT.

16.20. Survival. Notwithstanding any early termination of this Agreement, Operator shall remain obligated hereunder to perform any duty, covenant or obligation imposed upon Operator hereunder arising prior to the date of such termination or surviving such termination.

16.21. Exclusive Venue. The parties agree that the exclusive venue for any litigation, suit, action, counterclaim, or proceeding, whether at law or in equity, which arises out of concerns, or relates to this Agreement, any and all transactions contemplated hereunder, the performance hereof, or the relationship created hereby, whether sounding in contract, tort, strict liability, or otherwise, shall be in Marion County, Florida.

16.22. JURY WAIVER. EACH PARTY HEREBY COVENANTS AND AGREES THAT IN ANY LITIGATION, SUIT, ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. ANY PARTY MAY FILE AN ORIGINAL COUNTERPART OR A COPY OF THIS AGREEMENT WITH ANY COURT, AS WRITTEN EVIDENCE OF THE CONSENT OF THE PARTIES HERETO OF THE WAIVER OF THEIR RIGHT TO TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY THE OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.

16.23. Governing Laws. This Agreement and all transactions contemplated by this Agreement shall be governed by, and construed and enforced in accordance with, the laws of the State of Florida without regard to principles of conflicts of laws.

16.24. Attorney's Fees. If any legal action or other proceeding (including, without limitation, appeals or bankruptcy proceedings) whether at law or in equity, which: arises out of, concerns, or relates to this Agreement, any and all transactions contemplated hereunder, the performance hereof, or the relationship created hereby; or is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provisions of this Agreement, the successful or prevailing party or parties shall be entitled to recover reasonable attorney's fees, court costs and all expenses even if not taxable as court costs, incurred in that action or proceeding, in addition to any other relief to which such party or parties may be entitled.

Doc ID: 4671d3f9c4f95be1e7ece90e58af2ab4f179c734

16.25. Language. Whenever used in this Agreement, the singular number shall include the plural, the plural number shall include the singular, and the use of any gender shall include all genders where the context permits.

16.26. Further Action. Each of the parties hereto shall execute and deliver any and all additional papers, documents, and other assurances, and shall do any and all acts and things reasonably necessary in connection with the performance of the obligations hereunder and to carry out the intent of the parties hereto.

16.27. Waiver.

16.27.1. A failure to assert any rights or remedies available to a party under the terms of this Agreement, or a waiver of the right to remedies available to a party by a course of dealing or otherwise shall not be deemed to be a waiver of any other right or remedy under this Agreement, unless such waiver of such right or remedy is contained in a writing signed by the party alleged to have waived his other rights or remedies.

16.27.2. No payment by Operator or receipt by City or its agents of a lesser amount than the Charges and other charges stipulated in this Agreement shall be deemed to be other than a payment on account thereof, nor shall any endorsement or statement on any check or any letter accompanying any check or payment be deemed an accord and satisfaction, and City or its agents may accept such check or payment without prejudice to City's right to recover the balance of the amount due or to pursue any other remedy provided in this Agreement or by applicable Law.

16.28. Entirety of Agreement.

16.28.1. It is the intent of the parties that this Agreement and the Invitation to Negotiate #AIR/190688 (including all addenda, and questions and answers associated therewith) be construed consistently to the extent reasonably possible. In the event of an express conflict between this Agreement and such Invitation to Negotiate and related materials, this Agreement shall prevail.

16.28.2. Except as set forth in paragraph 16.28.1, the parties agree that this Agreement and its Exhibits set forth the entire agreement between the parties, and there are no promises or understandings other than those stated herein.

16.28.3. None of the provisions, terms and conditions contained in this Agreement may be added to, modified, superseded or otherwise altered except by written instrument executed by the parties hereto.

IN WITNESS WHEREOF, the parties hereto have executed these presents as of the day and year first above written.

CITY OF OCALA
CITY COUNCIL REPORT

Council Meeting Date: 12/17/19

Subject: Agreement between Avis/Budget and City for approx. $191,300 in rent and fees.

Submitted By: Matt Grow

Department: Aviation

STAFF RECOMMENDATION (Motion Ready): Approved Subject to Legal Revi Agenda Item (ID # 13244) three-year lease with Avis Budget Rental Car, LLC at the Ocala International Airport for annual rent and fees of approximately $191,300

OCALA'S RELEVANT STRATEGIC GOALS: Fiscally Sustainable

PROOF OF PUBLICATION: ITN issued 10/3/2019

BACKGROUND:

Avis Budget Rental Car, LLC ("Avis/Budget") has been a long time tenant on the airport, renting cars out of the original terminal building since 2003. Budget trucks were added around 2014. This agreement addresses the expanded parking lot afforded to Avis/Budget, the car wash facility, and their office space inside the new terminal building which totals 365 sq.ft.

The lease term is for three years with the Airport collecting a fee of 10% their gross sales, less insurance related rental business (insurance agency paid rentals), capped at 35%. Avis/Budget gross sales equaled $1,859,283 over the last 12 months. The qualified sales (less insurance rentals) is estimated at $1,803,504. The 10% annual concession revenue paid to the airport is estimated at $180,350.

An appraisal conducted by Slack, Johnston & Magenheimer, Inc. determined the gross rental rate of the rental car office space to be $30 per square foot. Avis/Budget is leasing a total of 365 sq.ft. in the terminal, and will be paying $10,950 annually in addition to the concession fee.

There are two sections of the GA Terminal parking lot used by the rental car companies: general parking for their customers and rental car inventory, as well as a ready/return lot for cars being dropped off or picked up by customers. Based on their gross revenues, Avis/Budget will be allotted 23 general parking spaces and 18 ready/return lot spaces. They will also be provided with enough unimproved parking space to store approximately 25 cars or trucks. The Budget trucks will not be permitted to park on the paved areas in front of the new terminal building.

The City Internal Auditor has reviewed and approved the language in this proposed lease that addresses financial reporting of monthly revenues lacking in the previous lease.

FINDINGS AND CONCLUSIONS:

On October 3, 2019, an Invitation to Negotiate (AIR/190688) was released for airport car rental concession services. The Hertz Corporation, Enterprise Leasing Company of Florida LLC., and Avis Budget Car Rental, LLC submitted proposals on November 7, 2019. The City entered into negotiations with all three companies.

Avis is a tenant of the airport since 2003 and is in good standing. The lease also accommodates Avis' other brand, Budget and their rental truck business. The proposed lease is a gross lease, with utilities, janitorial and maintenance included in the rent. Out of the three rental car companies based at the airport, Avis/Budget conducts the second most business with twelve month gross sales of $1,859,283.

FISCAL IMPACT:
Using last twelve month gross sales, a 10% fee on the qualified sales will provide revenue to the airport of $180,350 in account #451-344-000-000-02-31601.

Avis/Budget will also pay $10,950 in office rent for 365 sq.ft. in account #451-362-000-000-02-36119.

PROCUREMENT REVIEW:
The agreement has been reviewed and approved in compliance with the City's procurement policies.

LEGAL REVIEW: The contract will be reviewed and approved for form and legality by the Assistant City Attorney, W. James Gooding III.

Department: Electric Utility

STAFF REPORT:
Power Cost Adjustment Report - January 2026

OCALA'S RELEVANT STRATEGIC GOALS:
Fiscally Sustainable

PROOF OF PUBLICATION:
N/A

BACKGROUND:
The Power Cost Adjustment (PCA) rate is the mechanism by which positive and negative fluctuations in power costs are passed through to customers. Power costs and sales are reviewed monthly to project over- or under-collections for the year. While the PCA can be adjusted monthly, the recent practice has been to make minimal adjustments to maintain stable customer rates.

As requested by the City Council, a monthly report on the projected over- or under-collection of the PCA is attached.

On February 11, 2026, staff participated in a rate call with the Florida Municipal Power Agency (FMPA). Based on rate projections at that time and our sales projections, an under-collection of $8,625,033 is projected for the end of Fiscal Year 2025-26.

The policy sets the rate stabilization reserve funding range at 15 to 25 percent of projected fuel costs. As of January 31, 2026, the reserve is funded at approximately 21 percent of the projected power cost and is in compliance with policy requirements.

City Council Report
Power Cost Adjustment Projection

January 2026

On February 11, 2026, staff participated in a rate call with FMPA. Based on their current rate projections and our sales projections, an under-collection of $8,625,033 is estimated for fiscal year-end.

FMPA updates its rate projections monthly and staff will continue to monitor and provide monthly updates. Staff will continue to monitor the PCA and make recommendations as necessary.

Projected Annual Power Costs		$129,401,388
Projected Annual kWh Sales		1,410,115,067
PCA Rate for: 1/31/2026		$0.02815
Cumulative Over(Under) Collection:	1/31/2026	($6,414,632)
Projected Over(Under) Collection:	9/30/2026	($8,625,033)

AGREEMENT FOR DEMOLITION AND REMOVAL OF STRUCTURE AT 1224 SW 2ND STREET

THIS AGREEMENT FOR DEMOLITION AND REMOVAL OF STRUCTURE AT 1224 SW 2ND ST ("Agreement") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City") and **MAGNIFICENT DEVELOPMENT, LLC,** a limited liability company duly organized and authorized to do business in the state of Florida (EIN: 99-1252503) ("Contractor").

WHEREAS, on November 7, 2025, City issued a Request for Quotation ("RFQ") for the demolition and removal of a structure, removal of overgrowth, structural debris, structure contents, improvements, and any junk on a residential property at 1224 SW 2nd Street, Ocala, Florida, 34471 RFQ No.: GRM/260189 (the "Solicitation"); and

WHEREAS, sixteen (16) firms responded to the Solicitation and, after consideration of price and other evaluation factors set forth in the Solicitation, the quote submitted by Magnificent Development, LLC was found to be the lowest; and

WHEREAS, Contractor was chosen as the intended awardee for the demolition and removal of a structure, removal of overgrowth, structural debris, structure contents, improvements, and any junk at 1224 SW 2nd Street, Ocala, Florida (the "Project"); and

WHEREAS, Contractor certifies that Contractor and its subcontractors are qualified and possess the required current and active Asbestos Supervisor licensure.

NOW THEREFORE, in consideration of the foregoing recitals, the following mutual covenants and conditions, and other good and valuable consideration, City and Contractor agree as follows:

1. **RECITALS**. City and Contractor hereby represent, warrant, and agree that the Recitals set forth above are true and correct and are incorporated herein by reference.
2. **CONTRACT DOCUMENTS**. The Contract Documents which comprise the entire understanding between City and Contractor shall only include: (a) this Agreement; (b) those documents listed in this section as Exhibits to this Agreement; and (c) the City's Solicitation for the Project and the quote submitted by Contractor in response to same (the "Solicitation Documents"). Each of these documents are incorporated herein by reference for all purposes.
   If there is a conflict between the terms of this Agreement and the other Contract Documents, then the terms of this Agreement shall control, amend, and supersede any conflicting terms contained in the remaining Contract Documents.
   A. **Exhibits to Agreement**: The Exhibits to this Agreement are as follows:
      Exhibit A: Scope of Work (A-1 through A-4)
      Exhibit B: Photos of Structure (B-1 through B-2)
      Exhibit C: Asbestos Survey Report (C-1 through C-26)

      If there is a conflict between the individual Exhibits regarding the scope of work to be performed, then any identified inconsistency shall be resolved by giving precedence in the following order: (1) Exhibit A, then (2) Exhibit C, then (3) Exhibit B.
3. **SCOPE OF SERVICES.** Contractor shall provide all materials, labor, supervision, tools, accessories, equipment, permits, fees, testing, inspections, certifications, and all other things necessary for Contractor to perform its obligations under this Agreement as set forth in the attached **Exhibit A - Scope of Work** and the Solicitation Documents. **Upon contract execution, salvage rights belong to the Contractor. Salvage by the Contractor is not allowed prior to the issuance of the City's Notice to Proceed.** In the event of a conflict between this Agreement and the Solicitation Documents, this Agreement and all of its Exhibits shall be given precedence to resolve any identified

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

inconsistency. The Scope of Work and/or pricing under this Agreement may only be adjusted by written amendment executed by both parties.

4. **COMPENSATION.** City shall pay Contractor a lump sum amount of **EIGHT THOUSAND, FIVE-HUNDRED AND NO/100 DOLLARS ($8,500)** (the "Contract Sum") as full and complete compensation for the timely and satisfactory completion of the work. A permit allowance has been established for this Project in the amount of **ONE HUNDRED FOUR AND NO/100 DOLLARS ($104)** and is included in the Contract Sum.
   A. **Invoice Submission**. All invoices submitted by Contractor shall include the City Contract Number, an assigned Invoice Number, and an Invoice Date. Contractor shall submit the original invoice through the responsible City Project Manager at: **City of Ocala Growth Management Department**, Attn: **Shaneka Greene, 201 SE 3rd Street, Second Floor, Ocala, Florida 34471**, E-Mail: sgreene@ocalafl.gov. Weight tickets from a certified landfill must be included with all invoices submitted by Contractor.
   B. **Progress Report and Progress Schedule**. A progress report and updated project schedule must be submitted with each monthly pay request indicating the Percent of Services Completed to date. This report will serve as support for payment to Contractor and the basis for payment in the event project is suspended or abandoned.
   C. **Payment of Invoices by City**. The City Project Manager must review and approve all invoices prior to payment. City Project Manager's approval shall not be unreasonably withheld, conditioned, or delayed. Payments by City shall be made no later than the time periods established in section 218.735, Florida Statutes.
   D. **Withholding of Payment**. City reserves the right to withhold, in whole or in part, payment for any and all work that: (i) has not been completed by Contractor; (ii) is inadequate or defective and has not been remedied or resolved in a manner satisfactory to the City Project Manager; or (iii) which fails to comply with any term, condition, or other requirement under this Agreement. Any payment withheld shall be released and remitted to Contractor within thirty (30) calendar days of the Contractor's remedy or resolution of the inadequacy or defect.
   E. **Excess Funds**. If due to mistake, or any other reason, Contractor receives payment under this Agreement in excess of what is provided for by the Agreement, Contractor shall promptly notify City upon discovery of the receipt of the overpayment. Any overpayment shall be refunded to City within thirty (30) days of Contractor's receipt of the overpayment or must also include interest calculated from the date of the overpayment at the interest rate for judgments at the highest rate as allowed by law.
   F. **Amounts Due to the City**. Contractor must be current and remain current in all obligations due to the City during the performance of services under this Agreement. Payments to Contractor may be offset by any delinquent amounts due to the City and/or charges owed to the City.
   G. **Tax Exemption**. City is exempt from all federal excise and state sales taxes (State of Florida Consumer's Certification of Exemption 85-8012621655C-9). The City's Employer Identification Number is 59-60000392. Contractor shall not be exempted from paying sales tax to its suppliers for materials to fulfill contractual obligations with the City, nor will Contractor be authorized to use City's Tax Exemption Number for securing materials listed herein.
5. **TIME FOR PERFORMANCE**. Time is of the essence with respect to the performance of all duties, obligations, and responsibilities set forth in this Agreement and the Contract Documents.
   A. Contractor shall commence work no later than **FIFTEEN (15)** working days from the date of issuance of a Notice to Proceed for the Project by City.

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

B. No work shall commence until Contractor has submitted proof of #62-257.900(1) – Notice of Demolition to Florida Department of Environmental Protection and provided proof of mailing for same to the City Project Manager. Demolition may not begin until **TEN (10)** business days (excluding holidays as observed by the State of Florida) after the confirmed delivery date of said Notice. **Notice of Demolition must be sent to FDEP and the City of Ocala Permit applied for within TWO (2) business days after issuance of NTP.**

C. **All work shall be completed by Contractor in a manner satisfactory to the City Project Manager and ready for final payment within SIXTY (60) days of the start date indicated on the Notice to Proceed.**

D. The Time for Performance under this Agreement may only be adjusted by Change Order, in the sole and absolute discretion of City. Any request for an extension of the Time for Performance must be submitted in a writing delivered to the City Project Manager, along with all supporting data, within **SEVEN (7)** calendar days of the occurrence of the event giving rise to the need for adjustment unless the City allows an additional period of time to ascertain more accurate data. All requests for adjustments in the Contract Time shall be determined by City.

E. As to any delay, inefficiency, or interference in this performance of this Agreement caused by any act or failure to act by City, the Contractor's sole remedy shall be the entitlement of an extension of time to complete the performance of the affected work in accordance with the Contract Documents. Contractor agrees to make no claim for extra or additional costs attributable to said delays, inefficiencies or interference, except as provided in this Agreement.

F. None of the provisions of this section shall exclude City's right of recovery for damages caused by delays or inefficiencies caused by any act or failure to act by Contractor, to include costs incurred by City for the procurement of additional professional services.

6. **FORCE MAJEURE**. Neither party shall be liable for delay, damage, or failure in the performance of any obligation under this Agreement if such delay, damage, or failure is due to causes beyond its reasonable control, including without limitation: fire, flood, strikes and labor disputes, acts of war, acts of nature, terrorism, civil unrest, acts or delays in acting of the government of the United States or the several states, judicial orders, decrees or restrictions, or any other like reason which is beyond the control of the respective party ("Force Majeure"). The party affected by any event of force majeure shall use reasonable efforts to remedy, remove, or mitigate such event and the effects thereof with all reasonable dispatch.

   A. The party affected by force majeure shall provide the other party with full particulars thereof including, but not limited to, the nature, details, and expected duration thereof, as soon as it becomes aware.

   B. When force majeure circumstances arise, the parties shall negotiate in good faith any modifications of the terms of this Agreement that may be necessary or appropriate in order to arrive at an equitable solution. Contractor performance shall be extended for a number of days equal to the duration of the force majeure. Contractor shall be entitled to an extension of time only and, in no event, shall Contractor be entitled to any increased costs, additional compensation, or damages of any type resulting from such force majeure delays.

7. **INSPECTION AND ACCEPTANCE OF THE WORK**. All services, work, and materials provided by Contractor under this Agreement shall be provided under the direction and to the satisfaction and approval of the City Project Manager.

   A. The City Project Manager shall decide all questions regarding the quality, acceptability, or workmanship performed, the rate of progress of the work, and the acceptable fulfillment of the Agreement, in his or her sole discretion, based upon both the requirements set forth by City and

the information provided by Contractor in its quote. The authority vested in the City Project Manager pursuant to this paragraph shall be confined to the direction or specification of what is to be performed under this Agreement and shall not extend to the actual execution of the work.

B. Neither the City Project Manager's review of Contractor's work nor recommendations made by City Project Manager pursuant to this Agreement will impose on City Project Manager any responsibility to supervise, direct, or control Contractor's work in progress or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident Contractor's furnishing and performing the work.

8. **TERMINATION AND DEFAULT**. Either party, upon determination that the other party has failed or refused to perform or is otherwise in breach of any obligation or provision under this Agreement or the Contract Documents, may give written notice of default to the defaulting party in the manner specified for the giving of notices herein. Termination of this Agreement by either party for any reason shall have no effect upon the rights or duties accruing to the parties prior to termination.

A. **Termination by City for Cause**. City shall have the right to terminate this Agreement immediately, in whole or in part, upon the failure of Contractor to carry out any obligation, term, or condition of this Agreement. City's election to terminate the Agreement for default shall be communicated by providing Contractor written notice of termination in the manner specified for the giving of notices herein. Any notice of termination given to Contractor by City shall be effective immediately, unless otherwise provided therein, upon the occurrence of any one or more of the following events:

(1) Contractor fails to timely and properly perform any of the services set forth in the specifications of the Agreement;
(2) Contractor provides material that does not meet the specifications of the Agreement;
(3) Contractor fails to complete the work required within the time stipulated in the Agreement; or
(4) Contractor fails to make progress in the performance of the Agreement and/or gives City reason to believe that Contractor cannot or will not perform to the requirements of the Agreement.

B. **Contractor's Opportunity to Cure Default**. City may, in its sole discretion, provide Contractor with an opportunity to cure the violations set forth in City's notice of default to Contractor. Contractor shall commence to cure the violations immediately and shall diligently and continuously prosecute such cure to completion within a reasonable time as determined by City. If the violations are not corrected within the time determined to be reasonable by City or to the reasonable satisfaction of City, City may, without further notice, declare Contractor to be in breach of this Agreement and pursue all remedies available at law or equity, to include termination of this Agreement without further notice.

C. **City's Remedies Upon Contractor Default**. In the event that Contractor fails to cure any default under this Agreement within the time period specified in this section, City may pursue any remedies available at law or equity, including, without limitation, the following:

(1) City shall be entitled to terminate this Agreement without further notice;
(2) City shall be entitled to hire another contractor to complete the required work in accordance with the needs of City;
(3) City shall be entitled to recover from Contractor all damages, costs, and attorney's fees arising from Contractor's default prior to termination; and

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

(4) City shall be entitled to recovery from Contractor any actual excess costs by: (i) deduction from any unpaid balances owed to Contractor; or (ii) any other remedy as provided by law.

9. **LIQUIDATED DAMAGES FOR LATE COMPLETION**. The parties agree that it would be extremely difficult and impracticable under the presently known facts and anticipated circumstances to ascertain and fix the actual damages that City and its residents would incur should Contractor fail to achieve Final Completion and readiness for final payment by the dates specified for each under the terms of this Agreement. Accordingly, the parties agree that should Contractor fail to achieve Final Completion by the date specified, then Contractor shall pay City, as liquidated damages and not as a penalty, the sum of **ONE HUNDRED AND NO/100 DOLLARS ($100)** per day for each calendar day of unexcused delay in achieving Final Completion beyond the date specified for Final Completion in the Contract Documents.

   A. **No Waiver of Rights or Liabilities**. Permitting Contractor to continue and finish the work, or any part thereof, beyond the dates specified for Final Completion and readiness for final payment shall not operate as a waiver on the part of the City of any of its rights under this Agreement. Any liquidated damages assessed pursuant to this section shall not relieve Contractor from liability for any damages or costs of other contractors caused by a failure of Contractor to complete the work as agreed.
   B. **Right to Withhold or Deduct Damages**. When liquidated damages are due and owing, City shall have the right to: (1) deduct the liquidated damages from any money in its hands or from any money otherwise due or to become due to Contractor; or to (2) initiate any applicable dispute resolution procedure for the recovery of liquidated damages within the times specified under this Agreement.
   C. **Additional Costs.** In addition to the liquidated damages set forth under this section, Contractor agrees to pay all costs and expenses incurred by City due to Contractor's delay in performance to include inspection fees, superintendence costs, and travel expenses.
   D. **Injunctive Relief.** The parties acknowledge that monetary damages may not be a sufficient remedy for Contractor's failure to achieve Final Completion in accordance with the terms of this Agreement, and that City shall be entitled, in addition to all other rights or remedies in law and equity, to seek injunctive relief.

10. **CONTRACTOR WARRANTY**. Contractor warrants to City that all materials and work shall be of good quality, free from faults and defects in workmanship, and in conformance with the Contract Documents for a period of **TWO (2)** years from the date of final payment by City. Contractor shall, at its own expense, correct any defect, loss, expense, or other damages arising from its work and shall defend any claims related to same.
11. **PERFORMANCE EVALUATION**. At the end of the contract, City may evaluate Contractor's performance. Any such evaluation will become public record.
12. **NOTICE REGARDING FAILURE TO FULFILL AGREEMENT**. Any contractor who enters into an Agreement with the City of Ocala and fails to complete the contract term, for any reason, shall be subject to future bidding suspension for a period of **ONE (1)** year and bid debarment for a period of up to **THREE (3)** years for serious contract failures.
13. **CONTRACTOR REPRESENTATIONS**. Contractor expressly represents that:

   A. Contractor has read and is fully familiar with all of the terms and conditions of this Agreement, the Contract Documents, and other related data and acknowledges that they are sufficient in scope and detail to indicate and convey understanding of all terms and conditions of the work to be performed by Contractor under this Agreement.

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

B. Contractor has disclosed, in writing, all known conflicts, errors, inconsistencies, discrepancies, or omissions discovered by Contractor in the Contract Documents, and that the City's written resolution of same is acceptable to Contractor.
C. Contractor has had an opportunity to visit, has visited, and has had an opportunity to examine and ask questions regarding the sites upon which the work is to be performed and is satisfied with the site conditions that may affect cost, progress, and performance of the work, as observable or determinable by Contractor's own investigation.
D. Contractor has is satisfied with the site conditions that may affect cost, progress, and performance of the work, as observable or determinable by Contractor's own investigation.
E. Contractor is familiar with all local, state, and Federal laws, regulations, and ordinances which may affect cost, progress, or its performance under this Agreement whatsoever.
F. Contractor represents that neither Contractor, its parent corporations, subsidiaries, members, shareholders, partners, officers, directors or executives, nor any of its affiliates, contractors, suppliers, subcontractors, or consultants under this Agreement have been placed on the convicted vendor list following a conviction of a public entity crime. Contractor understands that a "public entity crime" as defined in section 287.133(1)(g), Florida Statutes, is "a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States…" Contractor further understands that any person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime (1) may not submit a bid, proposal, or reply on a contract: (a) to provide any goods or services to a public entity; (b) for the construction or repair of a public building or public work; or (c) for leases of real property to a public entity; (2) may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and (3) may not transact business with any public entity in excess of the threshold amount provided in section 287.017, Florida Statutes, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

14. **CONTRACTOR RESPONSIBILITIES**. Except as otherwise specifically provided for in this Agreement, the following provisions are the responsibility of the Contractor:
A. Contractor shall competently and efficiently supervise, inspect, and direct all work to be performed under this Agreement, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the work in accordance with the Contract Documents.
B. Contractor shall ensure that a Florida licensed asbestos supervisor with current asbestos supervisor training is on site during all operations of the Contractor under this Agreement and ensure all workers performing tasks within a regulated area hold Florida asbestos work licenses and have undergone appropriate asbestos training as required by law.
C. Contractor shall be solely responsible for the means, methods, techniques, sequences, or procedures of construction and safety precautions or programs incident thereto.
D. Contractor shall be responsible to see that the finished work complies accurately with the contract and the intent thereof.
E. Contractor shall comply with all local, state, and Federal laws, regulations, and ordinances which may affect cost, progress, or its performance under this Agreement, to include obtaining all permits, licenses, and other authorizations necessary for the prosecution of the work, and be responsible for all costs associated with same.

F. Contractor shall operate and cause all construction equipment and materials supplied for or intended to be utilized in the Project to be operated and stored in only those areas prescribed by City. This includes the operations of workmen.
G. Contractor shall be fully responsible for receipt, inspection, acceptance, handling, and storage of all construction equipment and materials supplied for or intended to be utilized in the Project, whether furnished by Contractor or City. Contractor shall be responsible for providing adequate safeguards to prevent loss, theft, damage, or commingling with other materials or projects.
H. Contractor shall continue its performance under this Agreement during the pendency of any dispute or disagreement arising out of or relating to this Agreement, except as Contractor and City may otherwise agree in writing.

15. **NO EXCLUSIVITY**. It is expressly understood and agreed by the parties that this is not an exclusive agreement. Nothing in this Agreement shall be construed as creating any exclusive arrangement with Contractor or as prohibit City from either acquiring similar, equal, or like goods and/or services or from executing additional contracts with other entities or sources.
16. **STORAGE OF MATERIALS/EQUIPMENT**. Contractor shall be fully responsible for receipt, inspection, acceptance, handling, and storage of equipment and materials (whether furnished by Contractor or City) to be utilized in the performance of or incorporated into the work.
17. **RESPONSIBILITIES OF CITY.** City or its Representative shall issue all communications to Contractor. City has the authority to request changes in the work in accordance with the terms of this Agreement and with the terms in **Exhibit A.** City has the authority to stop work or to suspend any work.
18. **COMMERCIAL AUTO LIABILITY INSURANCE.** Contractor shall procure, maintain, and keep in full force, effect, and good standing for the life of this Agreement a policy of commercial auto liability insurance with a minimum combined single limit of One Million Dollars ($1,000,000) per occurrence for bodily injury and property damage arising out of Contractor's operations and covering all owned, hired, scheduled, and non-owned automobiles utilized in said operations. If Contractor does not own vehicles, Contractor shall maintain coverage for hired and non-owned automobile liability, which may be satisfied by way of endorsement to Contractor's Commercial General Liability policy or separate Commercial Automobile Liability policy.
19. **COMMERCIAL GENERAL LIABILITY INSURANCE.** Contractor shall procure, maintain, and keep in full force, effect, and good standing for the life of this Agreement a policy of commercial general liability insurance with limits not less than:

    A. One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) aggregate (or project aggregate, if a construction project) for bodily injury, property damage, and personal and advertising injury; and
    B. One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) aggregate (or project aggregate, if a construction project) for products and completed operations.
    C. Policy must include coverage for contractual liability and independent contractors.
    D. Policy must include Additional Insured coverage in favor of the City that is no less restrictive than that afforded under the CG 20 26 04 13 Additional Insured Form.

20. **POLLUTION LIABILITY INSURANCE**. Contractors providing services related to the handling, transporting, or abatement of hazardous materials shall provide, for a period of Three (3) Years after final completion of the Work, pollution liability insurance coverage for claims arising from the discharge, dispersal, release, or escape of any irritant or contaminant into or upon land, any structure, the atmosphere, watercourse, or body of water, including groundwater, in an amount not less than One Million Dollars ($1,000,000) per claim, and Two Million Dollars ($2,000,000) aggregate

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

limit. This shall also include coverage for claims of: (a) clean up, either on-site or off site; (b) third party liability, including bodily injury, property damage, natural resource damage, third party property loss of use/revenue, and clean up; and/or (c) costs incurred for the investigation, defense, or settlement of claims, fines or penalties.

21. **WORKERS' COMPENSATION AND EMPLOYER'S LIABILITY.** Worker's Compensation insurance shall be provided by Contractor as required by Chapter 440, Florida Statutes, or any other applicable state or federal law, including the U.S. Longshoremen's and Harbor Workers Compensation Act and the Jones Act.
    A. Contractor shall similarly require any and all subcontractors to afford such coverage for all of its employees as required by applicable law.
    B. Contractor shall waive and shall ensure that Contractor's insurance carrier waives, all subrogation rights against the City of Ocala and its officers, employees, and volunteers for all losses or damages. Contractor's policy shall be endorsed with WC 00 03 13 Waiver of our Right to Recover from Others or its equivalent.
    C. Exceptions and exemptions to this Section may be allowed at the discretion of the City's Risk Manager on a case-by-case basis in accordance with Florida Statutes and shall be evidenced by a separate waiver.
22. **ADDITIONAL INSURANCE REQUIREMENTS.**
    A. Contractor's insurance coverage shall be primary insurance for all applicable policies. The limits of coverage under each policy maintained by Contractor shall not be interpreted as limiting Contractor's liability or obligations under this Agreement. City does not in any way represent that these types or amounts of insurance are sufficient or adequate enough to protect Contractor's interests or liabilities or to protect Contractor from claims that may arise out of or result from the negligent acts, errors, or omissions of Contractor, any of its agents or subcontractors, or for anyone whose negligent act(s) Contractor may be liable.
    B. No insurance shall be provided by the City for Contractor under this Agreement and Contractor shall be fully and solely responsible for any costs or expenses incurred as a result of a coverage deductible, or co-insurance penalty to include any loss not covered because of the operation of such deductible, co-insurance penalty, or coverage exclusion or limitation.
    C. **Certificates of Insurance**. No work shall be commenced by Contractor under this Agreement until the required Certificate of Insurance and endorsements have been provided nor shall Contractor allow any subcontractor to commence work until all similarly required certificates and endorsements of the subcontractor have also been provided. Work shall not continue after expiration (or cancellation) of the Certificate of Insurance and work shall not resume until a new Certificate of Insurance has been provided. **Contractor shall provide evidence of insurance in the form of a valid Certificate of Insurance (binders are unacceptable) prior to the start of work contemplated under this Agreement to: City of Ocala. Attention: Procurement & Contracting Department, Address: 110 SE Watula Avenue, Third Floor, Ocala Florida 34471, E-Mail: vendors@ocalafl.gov.** Contractor's Certificate of Insurance and required endorsements shall be issued by an agency authorized to do business in the State of Florida with an A.M. Best Rating of A or better. The Certificate of Insurance shall indicate whether coverage is being provided under a claims-made or occurrence form. If any coverage is provided on a claims-made form, the Certificate of Insurance must show a retroactive date, which shall be the effective date of the initial contract or prior.
    D. **City as an Additional Insured**. The City of Ocala shall be named as an Additional Insured and Certificate Holder on all liability policies identified in this Section with the exception of Workers'

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

Compensation, Auto Liability (except when required by Risk Management) and Professional Liability policies**. Workers Compensation policy must contain a Waiver of Subrogation in favor of the City**.

E. **Notice of Cancellation of Insurance**. Contractor's Certificate of Insurance shall provide **THIRTY (30) DAY** notice of cancellation, **TEN (10) DAY** notice if cancellation is for non-payment of premium. In the event that Contractor's insurer is unable to accommodate the cancellation notice requirement, it shall be the responsibility of Contractor to provide the proper notice. Such notification shall be in writing by registered mail, return receipt requested, and addressed to the certificate holder. Additional copies may be sent to the City of Ocala at vendors@ocalafl.gov.

F. **Failure to Maintain Coverage**. The insurance policies and coverages set forth above are required and providing proof of and maintaining insurance of the types and with such terms and limits set forth above is a material obligation of Contractor. Contractor's failure to obtain or maintain in full force and effect any insurance coverage required under this Agreement shall constitute material breach of this Agreement.

G. **Severability of Interests**. Contractor shall arrange for its liability insurance to include, or be endorsed to include a severability of interests/cross-liability provision so that the "City of Ocala" (where named as an additional insured) will be treated as if a separate policy were in existence, but without increasing the policy limits.

23. **SAFETY/ENVIRONMENTAL.** Contractor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the work. Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury, or loss to:

A. All employees on the work and other persons that may be affected thereby;

B. All work, materials and equipment to be incorporated therein, whether in storage on or off the site; and

C. Other property at the site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, and utilities not designated for removal, relocation, or replacement in the course of construction.

All, injury, or loss to any property caused, directly or indirectly, in whole or in part, by Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, shall be remedied by Contractor. Contractor's duties and responsibilities for the safety and protection of the work shall continue until such time as the work is completed and accepted by City.

24. **TRAFFIC CONTROL AND BARRICADES.** The Contractor shall mitigate impact on local traffic conditions to all extents possible. The Contractor is responsible for establishing and maintaining appropriate traffic control and barricades. The Contractor shall provide sufficient signing, flagging and barricading to ensure the safety of vehicular and pedestrian traffic at all locations where work is being done under this Agreement.

A. In addition to the requirements set forth in the Solicitation, the Contractor shall maintain at all times a good and sufficient fence, railing or barrier around all exposed portions of said work in such a manner as to warn vehicular and pedestrian traffic of hazardous conditions.

B. Should the Contractor fail to properly barricade his work or stored material sites in the manner outlined above, the City may have the necessary barricading done, and all cost incurred for said barricading shall be charged to the Contractor.

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

25. **WORK SITE AND CLEANUP.** Daily, during the progress of the work, Contractor shall keep the premises free from accumulations of waste materials, rubbish, and all other debris resulting from the work. At the completion of the work, Contractor shall remove all waste materials, rubbish, and debris from and about the premises, as well as all tools, appliances, construction equipment and machinery, and surplus materials, and shall leave the site clean and ready for occupancy by City. Contractor shall provide an inventory listing of all surplus materials in an area designated by City. Contractor shall restore to their original condition those portions of the site not designated or alteration by the Contract.
26. **NON-DISCRIMINATORY EMPLOYMENT PRACTICES**. During the performance of the contract, the Contractor shall not discriminate against any employee or applicant for employment because of race, color, religion, ancestry, national origin, sex, pregnancy, age, disability, sexual orientation, gender identity, marital or domestic partner status, familial status, or veteran status and shall take affirmative action to ensure that an employee or applicant is afforded equal employment opportunities without discrimination. Such action shall be taken with reference to, but not limited to: recruitment, employment, termination, rates of pay or other forms of compensation and selection for training or retraining, including apprenticeship and on-the-job training.
27. **SUBCONTRACTORS.** Nothing in this Agreement shall be construed to create, impose, or give rise to any duty owed by City or its representatives to any subcontractor of Contractor or any other persons or organizations having a direct contract with Contractor, nor shall it create any obligation on the part of City or its representatives to pay or seek payment of any monies to any subcontractor of Contractor or any other persons or organizations having a direct contract with Contractor, except as may otherwise be required by law. City shall not be responsible for the acts or omissions of any Contractor, subcontractor, or of any of their agents or employees. nor shall it create any obligation on the part of City or its representatives to pay or to seek the payment of any monies to any subcontractor or other person or organization, except as may otherwise be required by law.
28. **DELAYS AND DAMAGES.** The Contractor agrees to make no claim for extra or additional costs attributable to any delays, inefficiencies, or interference in the performance of this contract occasioned by any act or omission to act by the City except as provided in the Agreement. The Contractor also agrees that any such delay, inefficiency, or interference shall be compensated for solely by an extension of time to complete the performance of the work in accordance with the provision in the standard specification.
29. **EMERGENCIES**. In an emergency affecting the welfare and safety of life or property, Contractor, without special instruction or authorization from the City Project Manager, is hereby permitted, authorized and directed to act at its own discretion to prevent threatened loss or injury. Except in the case of an emergency requiring immediate remedial work, any work performed after regular working hours, on Saturdays, Sundays or legal holidays, shall be performed without additional expense to the City unless such work has been specifically requested and approved by the City Project Manager. Contractor shall be required to provide to the City Project Manager with the names, addresses and telephone numbers of those representatives who can be contacted at any time in case of emergency. Contractor's emergency representatives must be fully authorized and equipped to correct unsafe or excessively inconvenient conditions on short notice by City or public inspectors.
30. **INDEPENDENT CONTRACTOR STATUS.** Contractor acknowledges and agrees that under this Agreement, Contractor and any agent or employee of Contractor shall be deemed at all times to be an independent contractor and shall be wholly responsible for the manner in which it performs the

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

services and work required under this Agreement. Neither Contractor nor its agents or employees shall represent or hold themselves out to be employees of City at any time. Neither Contractor nor its agents or employees shall have employee status with City. Nothing in this Agreement shall constitute or be construed to create any intent on the part of either party to create an agency relationship, partnership, employer-employee relationship, joint venture relationship, or any other relationship which would allow City to exercise control or discretion over the manner or methods employed by Contractor in its performance of its obligations under this Agreement.

31. **ACCESS TO FACILITIES.** City shall provide Contractor with access to all City facilities as is reasonably necessary for Contractor to perform its obligations under this Agreement.
32. **ASSIGNMENT.** Neither party may assign its rights or obligations under this Agreement to any third party without the prior express approval of the other party, which shall not be unreasonably withheld.
33. **RIGHT OF CITY TO TAKE OVER CONTRACT.** Should the work to be performed by Contractor under this Agreement be abandoned, or should Contractor become insolvent, or if Contractor shall assign or sublet the work to be performed hereunder without the written consent of City, the City Project Manager shall have the power and right to hire and acquire additional men and equipment, supply additional material, and perform such work as deemed necessary for the completion of this Agreement. Under these circumstances, all expenses and costs actually incurred by City to accomplish such completion shall be credited to City along with amounts attributable to any other elements of damage and certified by the City Project Manager. The City Project Manager's certification as to the amount of such liability shall be final and conclusive.
34. **PUBLIC RECORDS.** Contractor shall comply with all applicable provisions of the Florida Public Records Act, Chapter 119, Florida Statutes. Specifically, Contractor shall:
    A. Keep and maintain public records required by the public agency to perform the service.
    B. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
    C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if Contractor does not transfer the records to the public agency.
    D. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of Contractor or keep and maintain public records required by the public agency to perform the service. If Contractor transfers all public records to the public agency upon completion of the contract, Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Contractor keeps and maintains public records upon completion of the contract, Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

THE CUSTODIAN OF PUBLIC RECORDS AT: CITY OF OCALA, OFFICE OF THE CITY CLERK; 352-629-8266; E-mail: clerk@ocalafl.gov; City Hall, 110 SE Watula Avenue, Ocala, FL 34471.

35. **AUDIT.** Contractor shall comply and cooperate immediately with any inspections, reviews, investigations, or audits relating to this Agreement as deemed necessary by the Florida Office of the Inspector General, the City's Internal or External auditors or by any other Florida official with proper authority.
36. **PUBLICITY.** Contractor shall not use City's name, logo, seal or other likeness in any press release, marketing materials, or other public announcement without City's prior written approval.
37. **E-VERIFY**. Pursuant to section 448.095, Contractor shall register with and use the U.S. Department of Homeland Security's ("DHS") E-Verify System, accessible at https://e-verify.uscis.gov/emp, to verify the work authorization status of all newly hired employees. Contractor shall obtain affidavits from any and all subcontractors in accordance with paragraph 2(b) of section 448.095, Florida Statutes, and maintain copies of such affidavits for the duration of this Agreement. By entering into this Agreement, Contractor certifies and ensures that it utilizes and will continue to utilize the DHS E-Verify System for the duration of this Agreement and any subsequent renewals of same. Contractor understands that failure to comply with the requirements of this section shall result in the termination of this Agreement and Contractor may lose the ability to be awarded a public contract for a minimum of one (1) year after the date on which the Agreement was terminated. Contractor shall provide a copy of its DHS Memorandum of Understanding upon City's request. Please visit www.e-verify.gov for more information regarding the E-Verify System.
38. **CONFLICT OF INTEREST.** Contractor is required to have disclosed, with the submission of their bid, the name of any officer, director, or agent who may be employed by the City. Contractor shall further disclose the name of any City employee who owns, directly or indirectly, any interest in Contractor's business or any affiliated business entity. Any additional conflicts of interest that may occur during the contract term must be disclosed to the City of Ocala Procurement Department.
39. **WAIVER.** The failure or delay of any party at any time to require performance by another party of any provision of this Agreement, even if known, shall not affect the right of such party to require performance of that provision or to exercise any right, power or remedy hereunder. Any waiver by any party of any breach of any provision of this Agreement should not be construed as a waiver of any continuing or succeeding breach of such provision, a waiver of the provision itself, or a waiver of any right, power or remedy under this Agreement. No notice to or demand on any party in any circumstance shall, of itself, entitle such party to any other or further notice or demand in similar or other circumstances.
40. **SEVERABILITY OF ILLEGAL PROVISIONS.** Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the applicable law. Should any portion of this Agreement be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Agreement.
41. **INDEMNITY.** Contractor shall indemnify City and its elected officials, employees and volunteers against, and hold City and its elected officials, employees and volunteers harmless from, all damages, claims, losses, costs, and expenses, including reasonable attorneys' fees, which City or its elected officials, employees or volunteers may sustain, or which may be asserted against City or its elected officials, employees or volunteers, arising out of the activities contemplated by this Agreement

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

including, without limitation, harm or personal injury to third persons during the term of this Agreement to the extent attributable to the actions of Contractor, its agents, and employees.

42. **NO WAIVER OF SOVEREIGN IMMUNITY.** Nothing herein is intended to waive sovereign immunity by the City to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

43. **NOTICES.** All notices, certifications or communications required by this Agreement shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by email. All notices shall be addressed to the respective parties as follows:

If to Contractor:	Magnificent Development, LLC Attention: David Gil 1710 Drew St Suite 5 Clearwater, FL, 33755 Phone: (727) 314-0164 E-mail: info@magnificentdevelopment.com
If to City of Ocala:	Daphne M. Robinson, Esq., Contracting Officer City of Ocala 110 SE Watula Avenue, Third Floor Ocala, Florida 34471 Phone: 352-629-8343 E-mail: notices@ocalafl.gov
Copy to:	William E. Sexton, Esq., City Attorney City of Ocala 110 SE Watula Avenue, Third Floor Ocala, Florida 34471 Phone: 352-401-3972 Email: cityattorney@ocalafl.gov

44. **ATTORNEYS' FEES.** If any civil action, arbitration or other legal proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party shall be entitled to recover reasonable attorneys' fees, sales and use taxes, court costs and all expenses reasonably incurred even if not taxable as court costs (including, without limitation, all such fees, taxes, costs and expenses incident to arbitration, appellate, bankruptcy and post-judgment proceedings), incurred in that civil action, arbitration or legal proceeding, in addition to any other relief to which such party or parties may be entitled. Attorneys' fees shall include, without limitation, paralegal fees, investigative fees, administrative costs, sales and use taxes and all other charges reasonably billed by the attorney to the prevailing party.

45. **JURY WAIVER.** IN ANY CIVIL ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF, CONCERNS, OR RELATES

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY ANY OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.

46. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.

47. **JURISDICTION AND VENUE.** The parties acknowledge that a majority of the negotiations, anticipated performance and execution of this Agreement occurred or shall occur in Marion County, Florida. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought only in the courts of record of the State of Florida in Marion County or the United States District Court, Middle District of Florida, Ocala Division. Each party consents to the exclusive jurisdiction of such court in any such civil action or legal proceeding and waives any objection to the laying of venue of any such civil action or legal proceeding in such court and/or the right to bring an action or proceeding in any other court. Service of any court paper may be effected on such party by mail, as provided in this Agreement, or in such other manner as may be provided under applicable laws, rules of procedures or local rules.

48. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all whom shall be bound by the provisions hereof.

49. **MUTUALITY OF NEGOTIATION.** Contractor and City acknowledge that this Agreement is a result of negotiations between Contractor and City, and the Agreement shall not be construed in favor of, or against, either party because of that party having been more involved in the drafting of the Agreement.

50. **SECTION HEADINGS.** The section headings herein are included for convenience only and shall not be deemed to be a part of this Agreement.

51. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or because of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.

52. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both parties to this Agreement.

53. **COUNTERPARTS.** This Agreement may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.

54. **ELECTRONIC SIGNATURE(S).** Contractor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.

55. **ENTIRE AGREEMENT.** This Agreement, including exhibits, (if any) constitutes the entire Agreement between the parties hereto with respect to the subject matter hereof. There are no other representations, warranties, promises, agreements or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. No course of prior dealings between the parties and no usage of trade shall be relevant or admissible to supplement, explain, or vary any of the terms of this Agreement. No representations, understandings, or agreements have been made or relied upon in the making of this Agreement other than those specifically set forth herein.

56. **LEGAL AUTHORITY**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement on 1/20/2026.

BACKGROUND

1. Contractor shall demolish and remove a structure located at **1224 SW 2ND ST, Ocala, FL 34471 | 2845-053-023**.
    - demolish and remove improvements, remove junk, and cut and clean lot.
2. Contractor will provide all labor and equipment to complete this project.

PERMIT REQUIREMENTS

1. **City of Ocala Demolition Permit:**
    A. Contractor must obtain a City of Ocala demolition permit.
    B. If Contractor isn't already "certified" with the City of Ocala, Contractor must complete the Contractor Certification Application prior to applying for a City Demolition Permit.
    C. The application for demolition permit is available at: https://www.ocalafl.org/government/city-departments-a-h/growth-management/building/construction-permits
    D. It is the responsibility of the Contractor to obtain the approval signatures of the appropriate representatives of the following agencies listed on the City of Ocala Demolition Permit Application: gas, telephone, telecommunication, water and electric utilities, Cox Cable, a licensed exterminator, planning and environmental review from the City of Ocala's Growth Management Department.
2. No work shall commence, nor will any permits be issued, until all associated contracts have been approved and signed by all applicable parties involved.
3. **Marion County Permits:** In addition to any City required permits, septic tank permits must be obtained from the Marion County Growth Management Services Department, located at 2710 East Silver Springs Boulevard, Ocala, FL 34470. Information regarding septic tank permitting can be obtained by calling the septic permitting office at (352) 438-2417.
4. **Estimated Permit Fees:** The estimated fees and allowance for this project is **$104.**

PROJECT SUMMARY

This project consists of the following:

1. Termination of water and sewer connections at the property line (city meter/sewer laterals) prior to beginning demolition work.
2. Demolition and removal of a **structure, overgrowth, structural debris, structure contents, improvements, and any junk** on the property listed above.
3. Underbrush, overgrowth, and all debris must be removed from the property. All trees, **except for those that are dead,** shall remain.
4. Property shall be graded to final grade, using a box blade.
5. The ground where the buildings are removed will be leveled, and if on a grade, sodded.
6. Any fuel tanks found must be pumped, disconnected, crushed, and backfilled or pumped and completely removed from the property according to Chapter 62-761 of the Florida Administrative Code.

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

7. Public sidewalks and driveway aprons must remain intact. Any damage to sidewalks or driveway aprons by the Contractor will be repaired at the Contractor's expense.
8. Any septic tanks will be pumped, crushed and back-filled, according to City requirements, Florida Building and Plumbing codes, and the Marion County Health Department requirements.
9. Any water wells will be capped according to City requirements and Florida Building and Plumbing codes.
10. All items will be removed from the property and properly disposed. **NO** items will be buried.

WEATHER DAYS

1. Contractor shall submit a written request to the City Project Manager (email is the preferred method) for additional days for which work is suspended or delayed by weather. Weather days shall be reconciled with each monthly pay application for the time period which the application is submitted and shall be final. Contractor performance and execution of work will be considered in the determination for granting additional days.

CONTRACTOR RESPONSIBILITIES

1. Scheduling of demolition shall be coordinated through **Jennipher Buller,** (352)-629-8309, jbuller@ocalafl.gov.
2. Contractor shall promptly secure all necessary permits, inspections and approvals required and allow inspection of all work by authorized personnel.
3. No work shall commence until the contractor has submitted proof of #62-257.900(1) - Notice of Demolition* to FDEP and provide proof of mailing to the City Project Manager.
4. Contractor must wait ten (10) business days (excluding holidays as observed by the State of Florida) after the confirmed delivery date, prior to starting demolition. Acceptable forms of proof are as follows:
    - USPS Certified Mail receipt
    - FedEx tracking receipt
    - Similar mailing methods, where delivery date can be verified.
5. *FDEP form 62-257.900(1) - Notice of Demolition is available at the following link: https://floridadep.gov/sites/default/files/dep62_257_900%281%29.pdf
6. The Contractor shall complete all work performed under this contract in accordance with policies and procedures of the City of Ocala and all applicable State and Federal laws, policies, procedures, and guidelines.
7. The Contractor shall obtain and pay for any and licenses, additional equipment, dumping and/or disposal fees, etc., required to fulfill this contract.
8. The Contractor is responsible for purchasing the permits and ensuring that the hired sub-contractors purchase their required permits.
9. The Contractor must have sufficient equipment to complete work. The City will not pay for rental of additional equipment, purchases of equipment, etc.

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

10. Contractor shall leave the property at once, without altercation, if advised to leave by law enforcement or a person claiming to be the property owner and/or property owner's representative. Immediately after leaving, contact the City Project Manager and advise them of the situation.
11. Contractor will be responsible for inspector's overtime.
12. Contractor shall provide on-site sanitary facilities as required by governing agencies.
13. Contractor is responsible for any and all damages including but not limited to buildings, curbing, pavement, landscaping, or irrigation systems caused by their activity. Should any public or private property be damaged or destroyed, the Contractor, at their expense, shall repair or make restoration as acceptable to the City of destroyed or damaged property within forty-eight (48) hours of notification from the City.

CONTRACTOR EMPLOYEES AND EQUIPMENT

1. Contractor must utilize competent employees in performing the work. Employees performing the work must be properly licensed or qualified as required by the scope.
2. Contractor must provide a valid telephone number, email, and address to the City Project Manager. The phone must be answered during normal working hours, or voicemail must be available to take a message.
3. At the request of the City, the Contractor must replace any incompetent, unfaithful, abusive, or disorderly person in their employment. The City and the Contractor must each be promptly notified by the other of any complaints received.
4. Contractor's employees must wear suitable work clothes and personal protective equipment as defined by OSHA (hard hats, bucket harnesses, etc.) and meeting Manual on Uniform Traffic Control Devices (MUTCD) and National Electrical Safety Code (NESC) requirements as indicated for all work conducted and be as clean and in as good appearance as the job conditions permit.
5. Contractor will operate as an independent contractor and not as an agent, representative, partner or employee of the City of Ocala, and shall control their operations at the work site, and be solely responsible for the acts or omissions of their employees.
6. No smoking is allowed on City property or projects.
7. Contractor shall possess and maintain sufficient equipment to complete the work described herein. Contractor's equipment shall be in good repair, and contractor shall have a qualified operator to maintain the care of the equipment. All operators must be trained in proper use and care of equipment. A list of equipment shall be provided to the City upon request.
8. All company shirts and vehicles must display a visible company name/logo.

SUB-CONTRACTORS

1. Contractor must perform a minimum of **30%** of the work with their own forces.

SAFETY

1. The Contractor is solely responsible for ensuring safety during demolition and for conformance to all applicable OSHA standards; and local, state, and national codes concerning safety provisions for their

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

employees, sub-contractors, all building and site occupants, staff, public, and all persons in or around the work area.

2. Job site visits by City staff do not constitute approval, awareness, or liability for any hazardous condition.
3. Contractor shall be responsible for securing their equipment, materials, clothing, and other property.
4. In no event shall the City be responsible for any damages to any of the Contractor's equipment, materials, property, or clothing lost, damaged, destroyed or stolen.

I. INTRODUCTION

Property Address: 1224 SW 2nd Street
Ocala, FL 34471

Survey Performed For: City of Ocala, Code Enforcement
201 SE 3rd Street, 2nd Floor, Ocala, FL 34470

Survey Performed By: Chris Ritko, Asbestos Building Inspector

Company: DK Environmental & Construction Services
8786 Sonoma Coast Drive
Winter Garden, FL 34787
407-614-4572

Date of On-Site Survey: October 06, 2025

Date of Report: October 10, 2025

DK Environmental & Construction Services, Inc. (DKE) has completed a limited Asbestos Survey at the property address listed above. This report contains the results of the Survey. The purpose of this Survey was to identify the presence of asbestos-containing materials that may be disturbed during planned demolition. This limited Asbestos Survey report presents data that describes the location of asbestos-containing material (ACM) identified in the subject property. This Survey was conducted on site by an EPA-trained professional asbestos building inspector.

This report is intended for the exclusive use of our client. The findings are relevant to the conditions observed during the physical process of performing the Survey. These findings should not be treated as absolute, nor should they be relied upon to represent conditions at significantly later dates.

We appreciate the opportunity to provide environmental consulting services to your organization. If you have any questions or need additional assistance, please call (407)614-4572.

Chris Ritko
Asbestos Building Inspector
200244

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

II. SURVEY SUMMARY

On October 06, 2025, an Asbestos Survey was performed at 1224 SW 2nd Street, Ocala, FL 34471. The property is a single-family detached dwelling. It is approximately 786 square feet and was constructed in 1958.

The purpose of this Survey was to identify the presence of asbestos-containing materials that may be disturbed during planned demolition. Limited bulk samples were collected and AHERA protocols were adhered to.

The Asbestos Survey consisted of three basic procedures: 1) conducting a visual inspection of the property; 2) identifying homogeneous areas (HAs) of suspect surfacing, thermal system insulation, and miscellaneous materials; and 3) sampling accessible, friable, and non-friable suspect materials. Some building components may have been inaccessible at the time of this screening, or were not tested because they were covered by other building materials (paneling, tile, siding, etc.). It is possible that ACBMs may be hidden by these materials.

The property was visually inspected for the presence of building materials that are suspected to contain asbestos. With regard to asbestos, bulk material samples were collected and analyzed for asbestos content. These services were performed exercising the customary skill and competence of consulting professionals in the relevant disciplines in this region.

Bulk samples of identified suspect ACM were collected and placed into individual containers for transport to a National Voluntary Lab Accreditation Program (NVLAP)/American Industrial Hygiene Association (AIHA)-accredited laboratory for analysis. The collection of bulk samples consisted of physically removing a small piece of material and placing it in a marked, airtight container. The sample container identification numbers were also recorded in the field notes.

III. ASBESTOS OVERVIEW

Asbestos is a generic name given to a fibrous variety of naturally occurring minerals that have been used for many years in commercial products, based on specific properties of the minerals. Asbestos occurs in fiber bundles, which are composed of long and thin fibers that can be easily separated from one another. These mineral products possess high tensile strength, flexibility, resistance to chemical and thermal degradation, and high electrical resistance. The minerals are easily woven into various types of textiles, fabrics, cloths, sheets, panels, or mixed into adhesives, coatings, surfacing materials and cement products. Typically asbestos-containing building materials (ACBM) are segregated into three categories: Thermal System Insulation (TSI) usually found on pipes, boilers, and HVAC ducts; surfacing materials such as sprayed or troweled-on fireproofing and insulation, and plasters; and miscellaneous materials including vinyl composite floor tiles, floor sheeting, adhesives, roofing materials, window glazing and cement products.

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

Friable asbestos-containing material (ACM), is defined as any material containing more than one percent (1%) asbestos as determined using the method specified in Appendix A, Subpart F, 40 CFR Part 763, Section 1, Polarized Light Microscopy (PLM), that, when dry, can be crumbled, pulverized or reduced to powder by hand pressure. (Sec. 61.141)

Non-friable ACM is any material containing more than one percent (1%) asbestos as determined using the method specified in Appendix A, Supbart F, 40 CFR Part 763, Section 1, Polarized Light Microscopy (PLM), that, when dry, cannot be crumbled, pulverized, or reduced to powder by hand pressure. EPA also defines two categories of non-friable ACM, Category I and Category II non-friable ACM, which are described later in this guidance.

"Regulated Asbestos-Containing Material" (RACM) is (a) friable asbestos material, (b) Category I non-friable ACM that has become friable, (c) Category I non-friable ACM that will be or has been subjected to sanding, grinding, cutting or abrading, or (d) Category II non-friable ACM that has a high probability of becoming or has become crumbled, pulverized, or reduced to powder by the forces expected to act on the material in the course of demolition or renovation operations.

The EPA's National Emission Standard for Hazardous Air Pollutants (NESHAP) regulations and the Florida Department of Environmental Protection (FDEP) Asbestos program regulate the removal and disposal of asbestos-containing building materials (any material containing more than 1% asbestos).

Potential effects on workers or occupants in buildings where asbestos-containing materials (ACM) are present may occur when exposure to asbestos fibers is caused by deterioration, damage or renovation disturbance of ACBMs. Federal regulations pertaining to asbestos include 40 Code of Federal Regulations (CFR) 763 (a subchapter of the Toxic Substance Control Act (TSCA)); Occupational Safety and Health Act (OSHA) 29 CFR 1910 Subpart Z and 29 CFR 1926 Subpart Z.

Asbestos NESHAP regulations must be followed for demolitions and/or renovations of facilities with at least 260 linear feet of regulated asbestos-containing materials (RACM) on pipes, 160 square feet of regulated asbestos-containing materials on other facility components, or at least 35 cubic feet of facility components where the amount of RACM previously removed from pipes and other facility components could not be measured before stripping. If dimensions fall below these thresholds, Asbestos NESHAP regulations need not be followed for demolition and/or renovation activities.

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

IV. LIMITATIONS

This report has been prepared to assist in evaluating the potential presence of asbestos-containing material in the property. The objective of this assessment was to perform the work with care, exercising the customary skill and competence of consulting professionals in the relevant disciplines in this region. The conclusions presented in this report are professional opinions based upon visual observations of the site at the time of DKE's investigation and the results of laboratory analysis. The opinions presented herein apply to site conditions existing at the time of our investigation and those reasonably foreseeable. DKE cannot act as insurers, and no express or implied representation or warrant is included or intended in our report except that our work was performed, within the limits prescribed by our client, with the customary thoroughness and competence of our profession at the time and place the services were rendered. DKE cannot and will not warrant that this Asbestos Survey that was requested by the client will satisfy the dictates of, or provide a legal defense in connection with, any environmental laws or regulations. It is the responsibility of the client to know and abide by all applicable laws, regulations, and standards. The results reported and conclusions reached by DKE are solely for the benefit of the client. The results and opinions in this report, based solely upon the conditions found on the property as of the date of the Survey, will be valid only as of the date of the Survey.

Please note that the test results relate only to those homogeneous materials tested. If conditions or materials, other than those addressed in this report are encountered during the planned renovation/demolition activities, DKE should be contacted to assess the potential impact of these materials or conditions relative to the findings or recommendations included herein. The survey was performed by observing suspect materials throughout the structure where accessible. DKE must emphasize that it is not possible to look within every location of a building. The visual survey documents only general locations of suspect materials but does not determine exact boundaries. Concealed locations of asbestos may exist at the subject property, and the levels may vary from those stated in this report. There may be variations in the composition of materials which appear similar. Materials may be hidden from view and not accessible. No attempt was made to disassemble equipment or demolish structural elements and finishes as this is beyond the scope of our authorized services. Visual observations were made only at safe and convenient locations. Due to these limitations, wall voids, flooring under carpet, building cavities and mechanical equipment, and other areas may contain unreported asbestos-containing materials. Suspect materials not previously identified in this report may be encountered during any renovation/demolition activity. These materials should be assumed asbestos containing material until sample collection and subsequent analysis prove otherwise. Unsafe structures should be assumed to contain asbestos materials unless the suspect material is noted as sampled. All fire doors should be assumed asbestos containing material since disassembly of locks and/or other work to access the door insulation is not possible.

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

V. ANALYTICAL RESULTS

Samples were analyzed by Hayes Microbial Consulting in Midlothian, VA. Hayes Microbial Consulting is an American Industrial Hygiene Association (AIHA)-accredited laboratory.

All samples were analyzed utilizing Polarized Light Microscopy (PLM) according to EPA Method 600/R-93/116. Any material that contains greater that one percent asbestos is considered an ACM and must be handled according to the Occupational Safety and Health Administration (OSHA), EPA and applicable state and local regulations.

The following table contains information regarding bulk samples found to contain asbestos by definition. The laboratory report has also been included at the end of this report.

Bulk Collection and Sample Analysis Results

Sample Number	*Description*	*Condition*	*Friable*	*Asbestos Percent and Type*	*Location/ Amount*	*NESHAP Category*

VI. ASBESTOS RECOMMENDATIONS

Asbestos NESHAP regulations must be followed for demolitions and/or renovations of facilities with at least 260 linear feet of regulated asbestos-containing materials (RACM) on pipes, 160 square feet of regulated asbestos-containing materials on other facility components, or at least 35 cubic feet of facility components where the amount of RACM previously removed from pipes and other facility components could not be measured before stripping. If dimensions fall below these thresholds, Asbestos NESHAP regulations need not be followed for demolition and/or renovation activities.

The EPA and NESHAP recommend that a point-counting procedure be utilized for confirmation of asbestos percentage in friable materials that are visually estimated by PLM methodology to contain less than 10% asbestos. The 400 Point Count Procedure referenced in EPA 600/M4-82-020 (1987) and EPA 600/R-93/116 (1993) is commonly employed. Without the material being point counted or if point counting determined that material contains greater than one percent asbestos, it would be deemed an asbestos containing material and would need to be removed by a Florida licensed asbestos contractor prior to disturbance.

Disturbances to Asbestos Containing Materials:

- Should be performed by a Florida Licensed Asbestos Abatement Contractor

- U.S. Occupational Safety and Health Administration (OSHA) regulations apply to the disturbance of material; containing any percentage of asbestos fibers as outlined in 29 CFR 1926.1101-OSHA's Asbestos Standard for the Construction Industry. The contractor will need to comply with the specific training, duties and responsibilities outlined in this CFR.

- OSHA 29 CFR 1910.1001. OSHA 29 CFR 1910.1001 requires the communication of information concerning asbestos hazards. Employees engaged in work activities with installed ACM may be exposed to asbestos fibers. The owner or operator should take the necessary steps to reduce the potential for disturbance.

EPA National Emission Standards for Hazardous Air Pollutants (NESHAP) is applicable to amounts of asbestos that contains at least 260 linear feet on pipes or at least 160 square feet on other facility components, or (ii) At least 35 cubic feet off facility components where the length or area could not be measured previously.

The EPA’s National Emission Standard for Hazardous Air Pollutants (NESHAP) regulations and the Florida Department of Environmental Protection (DEP) Asbestos program regulate the removal and disposal of asbestos-containing building materials. The Florida Department of Environmental Protection (DEP) administers an asbestos removal program under Chapter 62-257, Florida

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

Administrative Code. The Asbestos NESHAP has been adopted by reference in section 62-204.800, Florida Administrative Code. The program's intent is to minimize the release of asbestos fibers during activities involving the processing, handling, and disposal of asbestos-containing material.

The regulations of these agencies require the removal of friable asbestos-containing materials prior to extensive renovation or demolition projects, and the removal of non-friable asbestos-containing materials that may be rendered friable in the course of renovation or demolition projects. Only a Florida licensed asbestos contractor using properly trained, certified, and licensed asbestos workers can perform asbestos removal projects in Florida. Air monitoring during and after abatement activities is also recommended to document the fiber levels inside and outside the abatement work area.

The asbestos NESHAP requires that an asbestos trained person be on site i.e. 40 CFR 61.145 (c) (8) states in part "no RACM shall be stripped, removed, or otherwise handled or disturbed at a facility regulated by this section unless at least one on-site representative, such as a foreman or management level person or other authorized person, trained in the provisions of this regulation and the means of complying with them is present."

DEP recommends that this "trained person" be on site when non-friable ACM is present so that developing problems can be caught early and corrected without delay. In addition, the regulations require the owner of the building and/or the operator to notify the applicable DEP District Office or Local Pollution Control Agency before any demolition, or before renovations of buildings that contain a certain threshold amount of asbestos or asbestos containing materials.

Florida requires the submission of a 10-Day Notification for all renovations and demolitions of facilities with at least 260 linear feet of regulated asbestos-containing materials (RACM), 160 square feet of regulated asbestos containing materials on other facility components, or at least 35 cubic feet off facility components. Asbestos waste requires disposal at an approved solid waste disposal facility.

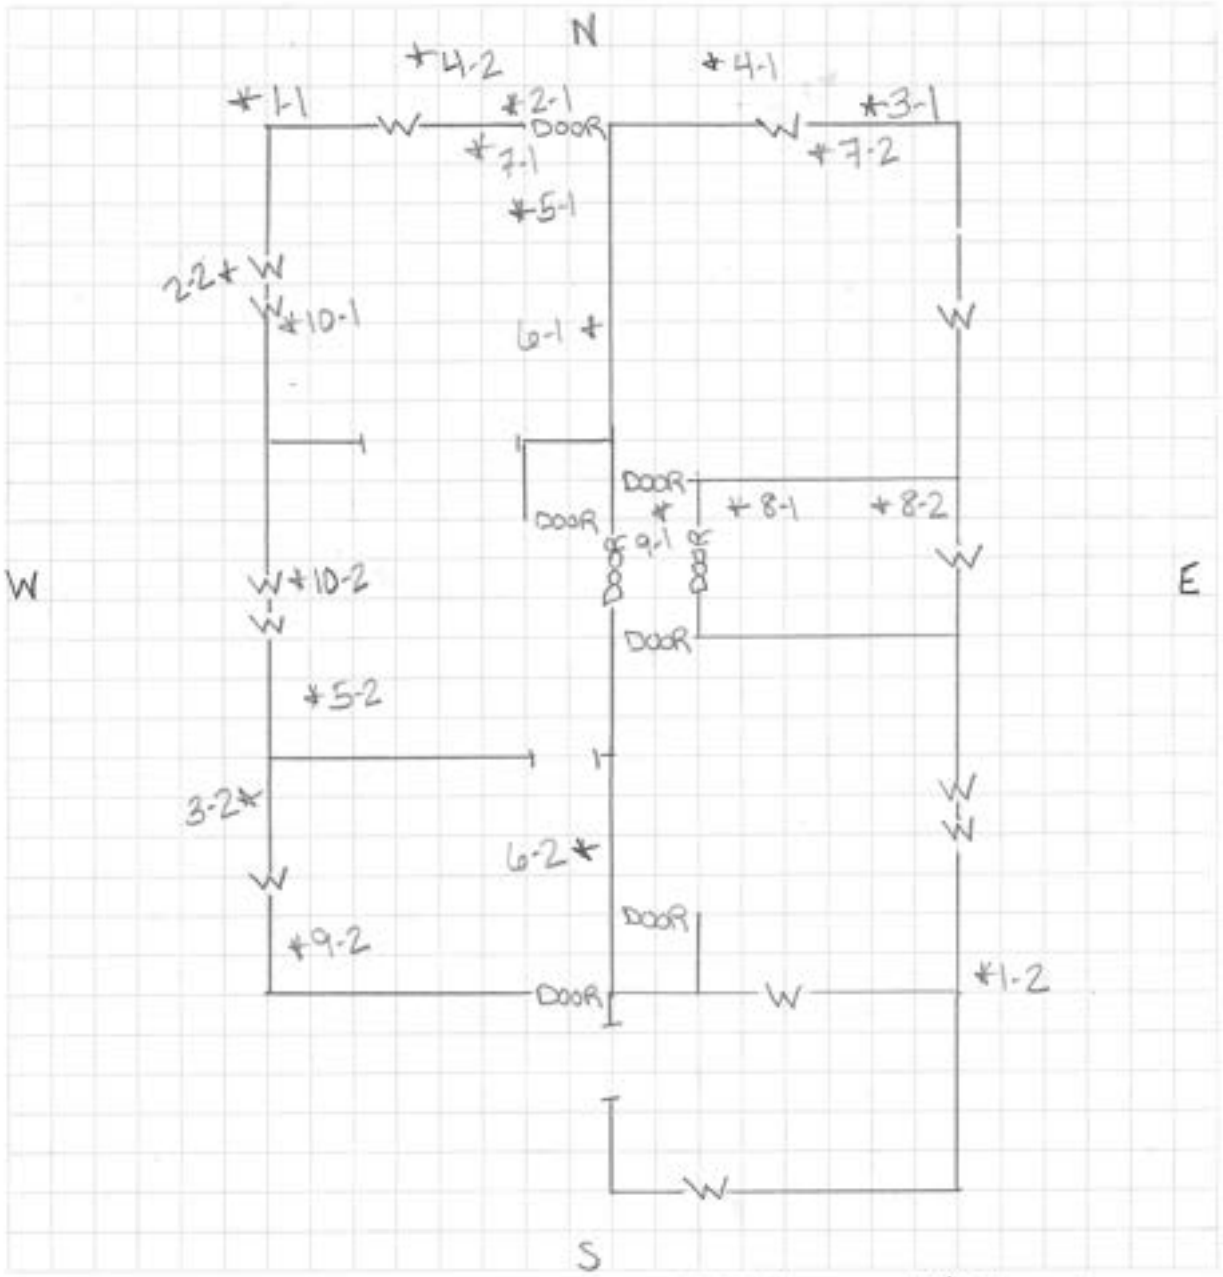
Local agencies may also have specific requirements for demolition/renovation projects involving asbestos-containing building materials.

OSHA 29 CFR 1910.1001 requires the communication of information concerning asbestos hazards. Employees engaged in work activities with installed ACM may be exposed to asbestos fibers. The owner or operator should take the necessary steps to reduce the potential for disturbance.

29 CFR 1926.1101- OSHA's Asbestos Standard for the Construction Industry does apply to the abatement, renovation and/or demolition of all buildings identified with asbestos containing material. The contractor will need to comply with the specific training, duties and responsibilities outlined in this CFR.

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

If asbestos containing materials identified within, or on, the property will be disturbed or otherwise caused to become friable within the scope of the renovation, they should be removed from the structures prior to the maneuvers taking place according to applicable regulations.



No other recommendations regarding asbestos containing materials are required at this time. In the event concealed building materials are discovered during future renovation or demolition activities, which are suspected to contain asbestos, the materials should be sampled and analyzed to confirm the presence of asbestos prior to the disturbing such materials.

X. GLOSSARY

Active waste disposal site: any disposal site other than an inactive site.

Adequately wet: sufficiently mix or penetrate with liquid to prevent the release of particulates. If visible emissions are observed coming from asbestos-containing material, then that material has not been adequately wetted. However, the absence of visible emissions is not sufficient evidence of being adequately wet.

Asbestos: the asbestiform varieties of serpentinite (chrysotile), riebeckite (crocidolite), cummingtonite-grunerite, anthophyllite, and actinolite-tremolite.

Asbestos-containing waste materials: mill tailings or any waste that contains commercial asbestos and is generated by a source subject to the provisions of this subpart. This term includes filters from control devices, friable asbestos waste material, and bags or other similar packaging contaminated with commercial asbestos. As applied to demolition and renovation operations, this term also includes regulated asbestos-containing material waste and materials contaminated with asbestos including disposable equipment and clothing.

Asbestos mill: any facility engaged in converting, or in any intermediate step in converting, asbestos ore into commercial asbestos. Outside storage of asbestos material is not considered a part of the asbestos mill.

Asbestos tailings: any solid waste that contains asbestos and is a product of asbestos mining or milling operations.

Asbestos waste from control devices: any waste material that contains asbestos and is collected by a pollution control device.

Category I non-friable asbestos-containing material (ACM): asbestos-containing packings, gaskets, resilient floor covering, and asphalt roofing products containing more than 1 percent asbestos as determined using the method specified in appendix E, subpart E, 40 CFR part 763, section 1, Polarized Light Microscopy.

Category II non-friable ACM: any material, excluding Category I non-friable ACM, containing more than 1 percent asbestos as determined using the methods specified in appendix E, subpart E, 40 CFR part 763, section 1, Polarized Light Microscopy that, when dry, cannot be crumbled, pulverized, or reduced to powder by hand pressure.

Commercial asbestos: any material containing asbestos that is extracted from ore and has value because of its asbestos content.

Cutting: to penetrate with a sharp-edged instrument and includes sawing, but

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

does not include shearing, slicing, or punching.

Demolition: the wrecking or taking out of any load-supporting structural member of a facility together with any related handling operations or the intentional burning of any facility.

Emergency renovation operation: a renovation operation that was not planned but results from a sudden, unexpected event that, if not immediately attended to, presents a safety or public health hazard, is necessary to protect equipment from damage, or is necessary to avoid imposing an unreasonable financial burden. This term includes operations necessitated by nonroutine failures of equipment.

Fabricating: any processing (e.g., cutting, sawing, drilling) of a manufactured product that contains commercial asbestos, with the exception of processing at temporary sites (field fabricating) for the construction or restoration of facilities. In the case of friction products, fabricating includes bonding, debonding, grinding, sawing, drilling, or other similar operations performed as part of fabricating.

Facility: any institutional, commercial, public, industrial, or residential structure, installation, or building (including any structure, installation, or building containing condominiums or individual dwelling units operated as a residential cooperative, but excluding residential buildings having four or fewer dwelling units); any ship; and any active or inactive waste disposal site. For purposes of this definition, any building, structure, or installation that contains a loft used as a dwelling is not considered a residential structure, installation, or building. Any structure, installation or building that was previously subject to this subpart is not excluded, regardless of its current use or function.

Facility component: any part of a facility including equipment.

Friable asbestos material: any material containing more than 1 percent asbestos as determined using the method specified in appendix E, subpart E, 40 CFR part 763 section 1, Polarized Light Microscopy, that, when dry, can be crumbled, pulverized, or reduced to powder by hand pressure. If the asbestos content is less than 10 percent as determined by a method other than point counting by polarized light microscopy (PLM), verify the asbestos content by point counting using PLM.

Fugitive source: any source of emissions not controlled by an air pollution control device.

Glove bag: a sealed compartment with attached inner gloves used for the handling of asbestos-containing materials. Properly installed and used, glove bags provide a small work area enclosure typically used for small-scale asbestos stripping operations. Information on glove-bag installation, equipment and supplies, and work practices is contained in the Occupational Safety and Health

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

Administration's (OSHA's) final rule on occupational exposure to asbestos (appendix G to 29 CFR 1926.58).

Grinding: to reduce to powder or small fragments and includes mechanical chipping or drilling.

In poor condition: the binding of the material is losing its integrity as indicated by peeling, cracking, or crumbling of the material.

Inactive waste disposal site: any disposal site or portion of it where additional asbestos-containing waste material has not been deposited within the past year.
Installation means any building or structure or any group of buildings or structures at a single demolition or renovation site that are under the control of the same owner or operator (or owner or operator under common control).

Leak-tight: solids or liquids cannot escape or spill out. It also means dust-tight.

Malfunction: any sudden and unavoidable failure of air pollution control equipment or process equipment or of a process to operate in a normal or usual manner so that emissions of asbestos are increased. Failures of equipment shall not be considered malfunctions if they are caused in any way by poor maintenance, careless operation, or any other preventable upset conditions, equipment breakdown, or process failure.

Manufacturing: the combining of commercial asbestos-or, in the case of woven friction products, the combining of textiles containing commercial asbestos-with any other material(s), including commercial asbestos, and the processing of this combination into a product. Chlorine production is considered a part of manufacturing.

Natural barrier: a natural object that effectively precludes or deters access. Natural barriers include physical obstacles such as cliffs, lakes or other large bodies of water, deep and wide ravines, and mountains. Remoteness by itself is not a natural barrier.

Non-friable asbestos-containing material: any material containing more than 1 percent asbestos as determined using the method specified in appendix E, subpart E, 40 CFR part 763, section 1, Polarized Light Microscopy, that, when dry, cannot be crumbled, pulverized, or reduced to powder by hand pressure.

Nonscheduled renovation operation: a renovation operation necessitated by the routine failure of equipment, which is expected to occur within a given period based on past operating experience, but for which an exact date cannot be predicted.

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

Outside air: the air outside buildings and structures, including, but not limited to, the air under a bridge or in an open air ferry dock.

Owner or operator of a demolition or renovation activity: any person who owns, leases, operates, controls, or supervises the facility being demolished or renovated or any person who owns, leases, operates, controls, or supervises the demolition or renovation operation, or both.

Particulate asbestos material: finely divided particles of asbestos or material containing asbestos.

Planned renovation operations: a renovation operation, or a number of such operations, in which some RACM will be removed or stripped within a given period of time and that can be predicted. Individual nonscheduled operations are included if a number of such operations can be predicted to occur during a given period of time based on operating experience.

Regulated asbestos-containing material (RACM): (a) Friable asbestos material, (b) Category I non-friable ACM that has become friable, (c) Category I non-friable ACM that will be or has been subjected to sanding, grinding, cutting, or abrading, or (d) Category II non-friable ACM that has a high probability of becoming or has become crumbled, pulverized, or reduced to powder by the forces expected to act on the material in the course of demolition or renovation operations regulated by this subpart.

Remove: to take out RACM or facility components that contain or are covered with RACM from any facility.

Renovation: altering a facility or one or more facility components in any way, including the stripping or removal of RACM from a facility component. Operations in which load-supporting structural members are wrecked or taken out are demolitions.

Resilient floor covering: asbestos-containing floor tile, including asphalt and vinyl floor tile, and sheet vinyl floor covering containing more than 1 percent asbestos as determined using polarized light microscopy according to the method specified in appendix E, subpart E, 40 CFR part 763, Section 1, Polarized Light Microscopy.

Roadways: surfaces on which vehicles travel. This term includes public and private highways, roads, streets, parking areas, and driveways.

Strip: to take off RACM from any part of a facility or facility components.

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

Structural member: any load-supporting member of a facility, such as beams and load supporting walls; or any nonload-supporting member, such as ceilings and nonload-supporting walls.

Visible emissions: any emissions, which are visually detectable without the aid of instruments, coming from RACM or asbestos-containing waste material, or from any asbestos milling, manufacturing, or fabricating operation. This does not include condensed, uncombined water vapor.

Waste generator: any owner or operator of a source covered by this subpart whose act or process produces asbestos-containing waste material.

Waste shipment record: the shipping document, required to be originated and signed by the waste generator, used to track and substantiate the disposition of asbestos-containing waste material.

Working day: Monday through Friday and includes holidays that fall on any of the days Monday through Friday.

Docusign Envelope ID: D1D5EF5C-1867-44D7-B16F-2315AE0B03E0

HAYES MICROBIAL CONSULTING

Collected: **October 6, 2025**
Received: **October 9, 2025**
Reported: **October 10, 2025**

We would like to thank you for trusting Hayes Microbial for your analytical needs!
We received 21 samples by UPS in good condition for this project on October 9th, 2025.

The results in this analysis pertain only to this job, collected on the stated date, and should not be used in the interpretation of any other job. Information supplied by the customer can affect the validity of results. These results apply only to the samples as received. This report may not be duplicated, except in full, without the written consent of Hayes Microbial Consulting, LLC.

All information provided to Hayes Microbial is confidential information relating to our customers and their clients. We will not disclose, copy, or distribute any information verbally or written, except to those designated by the customer(s). We take confidentiality very seriously. No changes to the distribution list will be made without the express consent of the customer.

This laboratory bears no responsibility for sample collection activities, analytical method limitations, or your use of the test results. Interpretation and use of test results are your responsibility. Any reference to health effects or interpretation of mold levels is strictly the opinion of Hayes Microbial. In no event, shall Hayes Microbial or any of its employees be liable for lost profits or any special, incidental or consequential damages arising out of the use of these test results.

Steve Hayes, BSMT(ASCP)
Laboratory Director

Asbestos Analysis Information

Analysis Details	All samples were received in acceptable condition unless otherwise noted on the report. This report must not be used by the client to claim product certification, approval, or endorsement by AIHA, NIST, NVLAP, NY ELAP, or any agency. The results relate only to the items tested. Hayes Microbial Consulting reserves the right to dispose of all samples after a period of 60 days in compliance with state and federal guidelines.
PLM Analysis	All Polarized Light Microscopy (PLM) results include an inherent uncertainty of measurement associated with estimating percentages by PLM. Materials with interfering matrix, low asbestos content, or small fiber size may require additional analysis via TEM Analysis.
TEM Analysis	Analysis by TEM is capable of providing positive identification of asbestos type(s) and semi-quantitation of asbestos content.
Definitions	'None Detected' - Below the detected reporting limit of 1% unless point counting is performed, then the detected reporting limit is .25%.
New York ELAP	Per NY ELAP198.6 (NOB), TEM is the only reliable method to declare an NOB material as Non-Asbestos Containing. Any NY ELAP samples that are subcontracted to another laboratory will display the name and ELAP Lab Identification number in the report page heading of those samples. The original report provided to Hayes Microbial Consulting is available upon request.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Special Considerations:

Advertiser authorizes and instructs The Lamar Companies (Lamar) to display in good and workmanlike manner, and to maintain for the terms set forth above, outdoor advertising displays described above or on the attached list. In consideration thereof, Advertiser agrees to pay Lamar all contracted amounts within thirty (30) days after the date of billing. Advertiser acknowledges and agrees to be bound by the terms and conditions on all pages of this contract.

The Agency representing this Advertiser in the contract executes this contract as an agent for a disclosed principal, but hereby expressly agrees to be liable jointly and severally and in solido with Advertiser for the full and faithful performance of Advertiser's obligations hereunder. Agency waives notice of default and consents to all extensions of payment.

The undersigned representative or agent of Advertiser hereby warrants to Lamar that he/she is the Media Buyer
(Officer/Title)
of the Advertiser and is authorized to execute this contract on behalf of the Advertiser.

Phone: 352-351-2345

2. Copyright/Trademark: Advertiser warrants that all approved designs do not infringe upon any trademark or copyright, state or federal. Advertiser agrees to defend, indemnify and hold Lamar free and harmless from any and all loss, liability, claims and demands, including attorney's fees arising out of the character contents or subject matter of any copy displayed or produced pursuant to this contract.

3. Payment Terms: Lamar will, from time to time at intervals following commencement of service, bill Advertiser at the address on the face hereof. Advertiser will pay Lamar within thirty (30) days after the date of invoice. If Advertiser fails to pay any invoice when it is due, in addition to amounts payable thereunder, Advertiser will promptly reimburse collection costs, including reasonable attorney's fees plus a monthly service charge at the rate of 1.5% of the outstanding balance of the invoice to the extent permitted by applicable law. Delinquent payment will be considered a breach of this contract. Payments will be applied as designated by the Advertiser; non designated payments will be applied to the oldest invoices outstanding.

4. Service Interruptions: If Lamar is prevented from posting or maintaining any of the spaces by causes beyond its control of whatever nature, including but not limited to acts of God, strikes, work stoppages or picketing, or in the event of damage or destruction of any of the spaces, or in the event Lamar is unable to deliver any portion of the service required in this contract, including buses in repair, or maintenance, this contract shall not terminate. Credit shall be allowed to Advertiser at the standard rates of Lamar for such space or service for the period that such space or service shall not be furnished or shall be discontinued or suspended. In the case of illumination, should there be more than a 50% loss of illumination, a 20% pro-rata credit based on four week billing will be given. If this contract requires illumination, it will be provided from dusk until 11:00p.m. Lamar may discharge this credit, at its option, by furnishing advertising service on substitute space, to be reasonably approved by Advertiser, or by extending the term of the advertising service on the same space for a period beyond the expiration date. The substituted or extended service shall be of a value equal to the amount of such credit.

5. Entire Agreement: This contract, all pages, constitutes the entire agreement between Lamar and Advertiser. Lamar shall not be bound by any stipulations, conditions, or agreements not set forth in this contract. Waiver by Lamar of any breach of any provision shall not constitute a waiver of any other breach of that provision or any other provision.

6. Copy Acceptance: Lamar reserves the right to determine if copy and design are in good taste and within the moral standards of the individual communities in which it is to be displayed. Lamar reserves the right to reject or remove any copy either before or after installation, including immediate termination of this contract.

7. Termination: All contracts are non-cancellable by Advertiser without the written consent of Lamar. Breach of any provisions contained in this contract may result in cancellation of this contract by Lamar.

8. Materials/Storage: Production materials will be held at customer's written request. Storage fees may apply.

9. Installation Lead Time: A leeway of five (5) working days from the initial Service Date is required to complete the installation of all non-digital displays.

10. Customer Provided Production: The Advertiser is responsible for producing and shipping copy production. Advertiser is responsible for all space costs involved in the event production does not reach Lamar by the established Service Dates. These materials must be produced in compliance with Lamar production specifications and must come with a 60 day warranty against fading and tearing.

11. Bulletin Enhancements: Cutouts/extensions, where allowed, are limited in size to 5 feet above, and 2 feet to the sides and 1 foot below normal display area. The basic fabrication charge is for a maximum 12 months.

12. Assignment: Advertiser shall not sublet, resell, transfer, donate or assign any advertising space without the prior written consent of Lamar.

13. Digital Provisions: Lamar will strive to provide Advertisers with 100% of the time they contract. However, due to problems with power interruptions, emergency governmental warnings (e.g. Amber Alerts) or other unforeseen interruptions, Lamar is guaranteeing copy will be displayed an average of 92.5% of the time contracted. If a location should be lost during the period of display for any reason, a digital location of equal advertising value will be substituted or credit issued for the loss of service. For purposes of determining whether a credit is due, the average number of guaranteed impressions per day will be measured over the duration of the contract, e.g., during a four week contract, the available impressions during the entire four week term of the contract will be calculated and 92.5% of that number will be used as the basis to determine whether a credit is due the Advertiser. If Lamar has provided 92.5% or greater of available impressions, then no credit will be due.

14. Customer Supplied Content (iSpots) License and Indemnity Agreement
Copyright/Trademark: Advertiser warrants that all approved designs do not infringe upon any trademark or copyright, state or federal. Advertiser agrees to defend, indemnify and hold Lamar free and harmless from any and all loss, liability, claims and demands, including attorney's fees arising out of the character, contents or subject matter of any copy displayed or produced pursuant to this contract.

14(a) - Customer Supplied Content - When Advertiser desires to purchase digital advertising from Lamar featuring images, photographs, graphics, text, data, or other such media ("Customer Supplied Content (CSC)") that will be provided by Advertiser, some of which may be owned and/or provided, directly or indirectly, by a third party (hereinafter "Third Party Customer Supplied Content or Third Party CSC"):
(i) the Advertiser shall be solely responsible to ensure the appropriateness and inoffensive or otherwise innocuous nature of the CSC or Third Party CSC.
(ii) Advertiser acknowledges that Advertiser is solely responsible for acquiring, licensing, and/or purchasing any Third Party CSC and/or has the authority to use and to license CSC and Third Party CSC.
(iii) Advertiser warrants that the CSC and/or Third Party CSC will comply with all applicable local, state and federal laws and regulations.
(iv) Advertiser shall be solely responsible for the truthfulness, accuracy, integrity, and lawfulness of the CSC and/or Third Party CSC.
(v) Advertiser shall defend, cover, indemnify and hold Lamar harmless for all loss, expense or damages, of whatever nature, which may be incurred by Lamar as a result of any claims or actions in connection with Lamar's or Lamar's affiliates and subsidiaries for use of the CSC or Third Party CSC. Claims or Actions shall specifically include but not be limited to the CSC's or Third Party CSC's public appropriateness. The foregoing duty to defend, cover and indemnify shall include, without limitation, a duty to pay any attorneys' fees and other costs of defense incurred by Lamar and its affiliates or subsidiaries.
(vi) Advertiser hereby grants to Lamar a paid up, non-exclusive, royalty-free license to use, reproduce, display, perform and modify the CSC and Third Party CSC, on its digital displays or to adapt the CSC and Third Party CSC for such use. The license granted herein includes the right to prepare works which may be considered derivative works of the CSC and/or Third Party CSC or any intellectual property contained therein. Additionally, Advertiser grants to Lamar such trademark license rights as may be necessary for Lamar to use the CSC and Third Party CSC on its digital displays.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Contract # 260479

OCALA ELECTRIC UTILITY
OCALA, FLORIDA

FIRST REVISED SHEET NO. 19.0
CANCELS ORIGINAL SHEET NO. 19.0

APPLICATION FOR INTERCONNECTION OF CUSTOMER-OWNED RENEWABLE GENERATION SYSTEMS

TIER 1 - Ten (10) kW or Less
TIER 2 - Greater than 10 kW and Less Than or Equal to 100 kW
TIER 3 - Greater than 100 kW and Less Than or Equal to Two (2) MW

Note: These customer-owned renewable generation system size limits may be subject to a cumulative enrollment limit on net-metering customers located in the area served by the City of Ocala Electric Utility. Please refer to the Ocala Electric Utility Net-Metering Rate Schedule.

Ocala Electric Utility customers who install customer-owned renewable generation systems (RGS) and desire to interconnect those facilities with the Ocala Electric Utility system are required to complete this application. When the completed application and fees are returned to Ocala Electric Utility, the process of completing the appropriate Tier 1, Tier 2 or Tier 3 Interconnection Agreement can begin. This application and copies of the Interconnection Agreements may be obtained at Ocala Electric Utility, located at 201 SE 3rd Street, Ocala, Florida 34471, or may be requested by email from OEU@ocalafl.org.

1. Customer Information

Name: Felix G. Jimenez

Mailing Address: 6730 SW 9th Avenue

City: Ocala State: FL Zip Code: 34476

Phone Number: 203-993-3672 Alternate Phone Number: _____

Email Address: melissajimenezc21@gmail.com Fax Number: _____

Ocala Electric Utility Customer Account Number: 556299-263608

2. RGS Facility Information

Facility Location: 6730 SW 9th Avenue Ocala, Fl. 34476

Ocala Electric Utility Customer Account Number: 556299-263608

RGS Manufacturer: Jinko Solar (US) Industries, Inc.

Manufacturer's Address: 4660 New World Avenue
Jacksonville, Fl. 32221

Reference or Model Number: JKM290K-60 (23 Modules 290W)

Serial Number: Inverter-SunnyBoy SMA SB50-ISP-US-40

(Continued on Sheet No.19.1)

Issued by: Michael Poucher, P.E.
Electric Utility Director

Effective: October 1, 2019

Docusign Envelope ID: D0792D9B-688D-4E0B-9911-D045C863980F

3. Facility Rating Information

Gross Power Rating: 5.67kWac ("Gross power rating" means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with Ocala Electric Utility's distribution facilities. For inverter-based systems, the AC nameplate generating capacity shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.)

Fuel or Energy Source: Solar PV

Anticipated In- Service Date: 4/7/2018

4. Application Fee

The application fee is based on the Gross Power Rating and must be submitted with this application. The non-refundable application fee is $375 for Tier 2 and $750 for Tier 3 installations. There is no application fee for Tier 1 installations.

5. Interconnection Study Fee

For Tier 3 installations, a deposit in the amount of the estimated costs of the study (to be determined at time of application) must be paid along with this application in addition to the application fee referenced in Article 4 above. This deposit will be applied toward the cost of an interconnection study. The customer will be responsible for the actual costs of the study. Should the actual cost of the study be less than the deposit, the difference will be refunded to the customer. Customer agrees to comply with all interconnection requirements identified in the interconnection study report.

6. Required Documentation

Prior to completion of the Interconnection Agreement, the following information must be provided to the Ocala Electric Utility by the customer.

A. Documentation demonstrating that the installation complies with (or most current version at time of inspection approval):

1. IEEE 1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power Systems.
2. IEEE 1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnecting Distributed Resources with Electric Power Systems.
3. UL 1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed Energy Resources.

(Continued on Sheet No. 19.2)

Docusign Envelope ID: D0792D9B-688D-4E0B-9911-D045C863980F

B. Documentation that the customer-owned renewable generation has been inspected and approved by local code officials prior to its operation in parallel with the Ocala Electric Utility system to ensure compliance with applicable local codes. OEU will also require proof of commission testing by a qualified 3rd party testing company (not affiliated in any way with the manufacturer, vendor or installation contractor), for compliance with all required and applicable codes, standards, and interconnection study requirements, prior to setting of OEU metering equipment.

C. Proof of insurance in the amount of:
Tier 1 - $100,000.00
Tier 2 - $1,000,000.00
Tier 3 - $2,000,000.00

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 9th day of February, 20 26, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and Felix G. Jimenez, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

(Continued on Sheet No. 20.1)

Docusign Envelope ID: D0792D9B-688D-4E0B-9911-D045C863980F

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: D0792D9B-688D-4E0B-9911-D045C863980F

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

(Continued on Sheet No. 20.3)

Docusign Envelope ID: D0792D9B-688D-4E0B-9911-D045C863980F

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

(Continued on Sheet No. 20.4)

7.05. Enforcement of Agreement. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by either FMPA or OEU of the sovereign immunity applicable to either or both of them as established by Florida Statutes, 768.28.

(Continued on Sheet No. 20.5)

Docusign Envelope ID: D0792D9B-688D-4E0B-9911-D045C863980F

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Docusign Envelope ID: D0792D9B-688D-4E0B-9911-D045C863980F

Tier 1 – Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 9th day of February, 20 26, by and between Felix G. Jimenez, (hereinafter called "**Customer**"), located at 6730 SW 9th Avenue in Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereinafter called OEU), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the interconnection is taking place: 6730 SW 9th Avenue Ocala, Fl. 34476.

WITNESSETH

Whereas, a Tier 1 Renewable Generation System (RGS) is an electric generating system that uses one or more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at no more than ten (10) kilowatts (10 kW) alternating current (AC) power output and is primarily intended to offset part or all of the Customer's current electric requirements; and

Whereas, OEU operates an electric system serving the City of Ocala; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU' electrical supply grid at the location identified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU' ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, the OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

(Continued on Sheet No. 21.1)

Docusign Envelope ID: D0792D9B-688D-4E0B-9911-D045C863980F

(Continued from Sheet No. 21.0)

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and the City of Ocala Electric Utility (OEU).

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU's distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 1 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. Increase in GPR above the ten kilowatt (10 kW) limit would necessitate entering into a new agreement at either Tier 2 or Tier 3 which may impose additional requirements on the Customer. In no case does the Tier 1, Tier 2 or Tier 3 agreement cover increases in GPR above two megawatts (2MW).

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).

5. The Customer shall not be required to pay any special fees due solely to the installation of the RGS.

6. The Customer shall fully comply with OEU's Design Standards following NEC standards as those documents may be amended or revised by OUS from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):

a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*
d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

(Continued to Sheet No. 21.2)

Docusign Envelope ID: D0792D9B-688D-4E0B-9911-D045C863980F

(Continued from Sheet No. 21.1)

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 21.3)

Docusign Envelope ID: D0792D9B-688D-4E0B-9911-D045C863980F

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes an OEU interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU's electric power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS that (i) utilizes the same OEU interactive inverter for both systems, or (ii) utilizes a separate OEU interactive inverter for each system, Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU' systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's system, such that back feed from the customer-owned renewable generation system to OEU's system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 21.4)

Docusign Envelope ID: D0792D9B-688D-4E0B-9911-D045C863980F

(Continued from Sheet No. 21.3)

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Section 18, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one hundred thousand dollars ($100,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

(Continued on Sheet No. 21.5)

Docusign Envelope ID: D0792D9B-688D-4E0B-9911-D045C863980F

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OEU inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU' electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU system emergencies, forced outages, uncontrollable forces or compliance with prudent electric OEU practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical affects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU.
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

(Continued to Sheet No. 21.6)

Docusign Envelope ID: D0792D9B-688D-4E0B-9911-D045C863980F

(Continued from Sheet No. 21.5)

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.
b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, agents, contractors (and any subcontractor or material supplier thereof) and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days' notice of its intent to terminate this Agreement.

(Continued on Sheet No. 21.7)

Docusign Envelope ID: D0792D9B-688D-4E0B-9911-D045C863980F

(Continued from Sheet No. 21.6)

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection Agreement and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement, which complies with the amended statutes/rules.

(Continued on Sheet No. 21.8)

Docusign Envelope ID: D0792D9B-688D-4E0B-9911-D045C863980F

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule, (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

(Continued on Sheet No. 21.9)

Docusign Envelope ID: D0792D9B-688D-4E0B-9911-D045C863980F

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

On-site Utility Generation
Disconnect Switch

PV AC Disconnect Label Requirements
Operating Current: 24 A
Operating Voltage: 240 VAC

13

DC Disconnect Label Requirements
Vmpp 320 VDC
Vmax 417.1 VDC
Impp 18.2 A
Imax 24.25 A

Notes: All work to meet or exceed NEC 2011

1. Junction box to be located within the array boundary. Junction box must be minimum Nema 3R UL listed enclosure. Free air conductors must be installed in raceway if readily accessible as per 690.31(A).
2. The minimum volume of the Nema 3R enclosure for the transition of PV wire to THWN-2 wire shall be 42 cubic inches. Heyco 5 wire Masthead gland seals or similar connector are required as strain relief for PV wire into Nema 3R junction box at array.
3. Interconnection with 30 Amp 2 pole OCPD via 2011 NEC 705.12(D)(2)Load Side Connection. The 30 A backfed breaker must be located at the opposite end of the bus from the 150 A main supply breaker
4. The required PV Backfed breaker plus the main breaker rating must be less than or equal to 120% of the Main service bus rating . 705.12(D)(2)
5. Optional Supply Side connection via 705.12A using parallel line taps in a NEMA 3R box (as required) using NSI IPCS4002, Ilsco IPC-KUP-L or NSI Tork IPLD 3/0-3 Multi-Tap Connector or equivalent.
6. PV service disconnecting means for "optional" supply side connection must have neutral/ EGC bond within and must be listed as "suitable for use as service equipment." 230.66
7. The fuses in the disconnect for the"supply side" option must be rated to handle the maximum short-circuit current available at the supply terminals. 110.9, 110.10 Over-current protection for the supply side connected conductors shall be located within 10 feet of the connection to the service. 705.31
8. Grounded conductor shall be routed with ungrounded conductors to PV Service disconnecting means as per 250.24(C) if "Supply Side" option is used.
9. For "Supply Side option" Continuous or irreversibly spliced Grounding Electrode Conductor installed per 250.24(D). Grounding Electrode Conductor shall be specified as per 250.64 and sized per 250.66
10. The following label is required on meter can and main panelboard "Services fed from dual power sources Utility and Photovoltaic system"
11. "PV input Do not relocate this OCPD" label required adjacent to backfed breaker. 705.12(d)(7)
12. Bonding of module to rail and module to module accomplished through WEEB washers or self grounding mid-clamps.
13. "Warning: DC conductors of this system are ungrounded and may be energized" required on the DC Disconnect 690.35F
14. "Warning: Photovoltaic Power Source" label required on conduit per 690.31 (E)(3)(4)
15. Total voltage drop % for all circuits based on listed conductors is 1.77%.

SUNNY BOY
3.0-US / 3.8-US / 5.0-US / 6.0-US / 7.0-US / 7.7-US

Value-Added Improvements

- World's first Secure Power Supply now offers up to 2,000 W
- Full grid management capabilities ensures a utility-compliant solution for any market

Reduced Labor

- New Installation Assistant with direct access via smartphone minimizes time in the field
- Integrated disconnect simplifies equipment stocking and speeds installation

Unmatched Flexibility

- SMA's proprietary OptiTrac™ Global Peak technology mitigates shade with ease
- Multiple independent MPPTs accommodate hundreds of stringing possibilities

Trouble-Free Servicing

- Two-part enclosure concept allows for simple, expedited servicing
- Enhanced AFCI technology reduces false tripping while improving sensitivity in real arcs, greatly reducing unneeded service calls

SUNNY BOY
3.0-US / 3.8-US / 5.0-US / 6.0-US / 7.0-US / 7.7-US

Reduce costs across your entire residential business model

The residential PV market is changing rapidly, and we understand that your bottom line matters more than ever. That's why we've designed a superior residential solution that will help you decrease costs throughout all stages of your business operations. The Sunny Boy 3.0-US/3.8-US/5.0-US/6.0-US/7.0-US/7.7-US join the SMA lineup of field-proven solar technology backed by the world's #1 service team, along with a wealth of improvements. Simple design, improved stocking and ordering, value driven sales support and streamlined installation are just some of the ways that SMA is working to help your business operate more efficiently.

SAME NAME, NEW GAME

The Sunny Boy 3.0-US through 7.7-US are once again raising the bar by offering improved performance, enhanced features, and most importantly, an economical approach to residential solar. Your business model is a value chain. The new Sunny Boy-US series can help you stay competitive in an increasingly price sensitive residential market by driving down costs across all of your business operations.

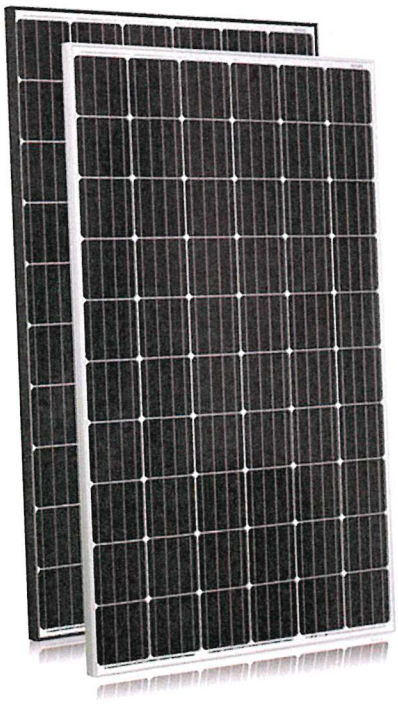
Eagle PERC 60
280-300 Watt



MONO CRYSTALLINE MODULE

Positive power tolerance of 0~+3%

ISO9001:2008、ISO14001:2004、OHSAS18001 certified factory.
IEC61215、IEC61730 certified products.

PERC

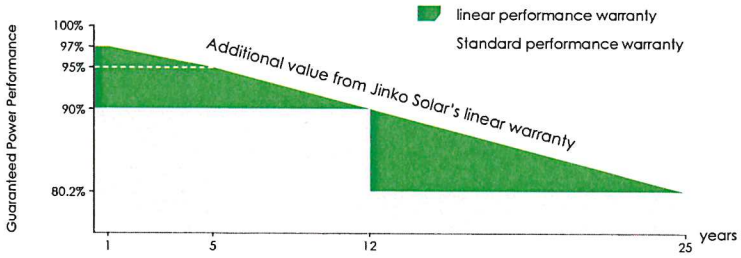
KEY FEATURES

4 Busbar Solar Cell:
4 busbar solar cell adopts new technology to improve the efficiency of modules , offers a better aesthetic appearance, making it perfect for rooftop installation.

High Efficiency:
Higher module conversion efficiency(up to 18.33%) benefit from Passivated Emmiter Rear Contact (PERC) technology.

PID RESISTANT:
Limited power degradation of Eagle module caused by PID effect is guaranteed under strict testing condition (85℃/85%RH,96hours)for mass production.

Low-light Performance:
Advanced glass and solar cell surface texturing allow for excellent performance in low-light environments.



Severe Weather Resilience:
Certified to withstand: wind load (2400 Pascal) and snow load (5400 Pascal).

Durability against extreme environmental conditions:
High salt mist and ammonia resistance certified by TUV NORD.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: E9755755-41B1-4622-82CB-4AA488D025A6

Contract # 260482

APPLICATION FOR INTERCONNECTION OF CUSTOMER-OWNED RENEWABLE GENERATION SYSTEMS

TIER 1 - Ten (10) kW or Less
TIER 2 - Greater than 10 kW and Less Than or Equal to 100 kW
TIER 3 - Greater than 100 kW and Less Than or Equal to Two (2) MW

Note: These customer-owned renewable generation system size limits may be subject to a cumulative enrollment limit on net-metering customers located in the area served by the City of Ocala Electric Utility. Please refer to the Ocala Electric Utility Net-Metering Rate Schedule.

Ocala Electric Utility customers who install customer-owned renewable generation systems (RGS) and desire to interconnect those facilities with the Ocala Electric Utility system are required to complete this application. When the completed application and fees are returned to Ocala Electric Utility, the process of completing the appropriate Tier 1, Tier 2 or Tier 3 Interconnection Agreement can begin. This application and copies of the Interconnection Agreements may be obtained at Ocala Electric Utility, located at 201 SE 3rd Street, Ocala, Florida 34471, or may be requested by email from OEU@ocalafl.org.

1. Customer Information

Name: Jeanne Levine

Mailing Address: 8585 NW 118th Terrace

City: Ocala State: Fl. Zip Code: 34482

Phone Number: 425-306-7945 Alternate Phone Number: _____

Email Address: SACFLY1@YAHOO.COM Fax Number: _____

Ocala Electric Utility Customer Account Number: 518395-263719

2. RGS Facility Information

Facility Location: 8585 NW 118th Terr. Ocala, Fl. 34482

Ocala Electric Utility Customer Account Number: 518395-263719

RGS Manufacturer: SilFab Solar

Manufacturer's Address: 240 Courtneypark Drive East
Mississauga, ON, L5T, 2S5, Canada

Reference or Model Number: SilFab-SIL 370 HC (80 Modules 370W)

Serial Number: Inverter-Enphase IQ 8A-72-2-US Microinverters

(Continued on Sheet No.19.1)

Docusign Envelope ID: E9755755-41B1-4622-82CB-4AA488D025A6

3. Facility Rating Information

Gross Power Rating: 25.16kWac ("Gross power rating" means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with Ocala Electric Utility's distribution facilities. For inverter-based systems, the AC nameplate generating capacity shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.)

Fuel or Energy Source: Solar PV

Anticipated In- Service Date: 8/9/2022

4. Application Fee

The application fee is based on the Gross Power Rating and must be submitted with this application. The non-refundable application fee is $375 for Tier 2 and $750 for Tier 3 installations. There is no application fee for Tier 1 installations.

5. Interconnection Study Fee

For Tier 3 installations, a deposit in the amount of the estimated costs of the study (to be determined at time of application) must be paid along with this application in addition to the application fee referenced in Article 4 above. This deposit will be applied toward the cost of an interconnection study. The customer will be responsible for the actual costs of the study. Should the actual cost of the study be less than the deposit, the difference will be refunded to the customer. Customer agrees to comply with all interconnection requirements identified in the interconnection study report.

6. Required Documentation

Prior to completion of the Interconnection Agreement, the following information must be provided to the Ocala Electric Utility by the customer.

A. Documentation demonstrating that the installation complies with (or most current version at time of inspection approval):

1. IEEE 1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power Systems.
2. IEEE 1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnecting Distributed Resources with Electric Power Systems.
3. UL 1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed Energy Resources.

(Continued on Sheet No. 19.2)

Docusign Envelope ID: E9755755-41B1-4622-82CB-4AA488D025A6

B. Documentation that the customer-owned renewable generation has been inspected and approved by local code officials prior to its operation in parallel with the Ocala Electric Utility system to ensure compliance with applicable local codes. OEU will also require proof of commission testing by a qualified 3rd party testing company (not affiliated in any way with the manufacturer, vendor or installation contractor), for compliance with all required and applicable codes, standards, and interconnection study requirements, prior to setting of OEU metering equipment.

C. Proof of insurance in the amount of:
Tier 1 - $100,000.00
Tier 2 - $1,000,000.00
Tier 3 - $2,000,000.00

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 12th day of February, 20 26, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and Jeanne Levine, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

(Continued on Sheet No. 20.1)

Docusign Envelope ID: E9755755-41B1-4622-82CB-4AA488D025A6

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: E9755755-41B1-4622-82CB-4AA488D025A6

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

(Continued on Sheet No. 20.3)

Docusign Envelope ID: E9755755-41B1-4622-82CB-4AA488D025A6

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

(Continued on Sheet No. 20.4)

Docusign Envelope ID: E9755755-41B1-4622-82CB-4AA488D025A6

7.05. Enforcement of Agreement. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by either FMPA or OEU of the sovereign immunity applicable to either or both of them as established by Florida Statutes, 768.28.

(Continued on Sheet No. 20.5)

Docusign Envelope ID: E9755755-41B1-4622-82CB-4AA488D025A6

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Docusign Envelope ID: E9755755-41B1-4622-82CB-4AA488D025A6

Tier 2
Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 12th day of February, 20 26, by and between Jeanne Levine, (hereinafter called "**Customer**"), located at 8585 NW 118th Terrace in Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereafter called "**OEU**"), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the interconnection is taking place: 8585 NW 118th Terr. Ocala, Fl. 34482.

WITNESSETH

Whereas, a Tier 2 Renewable Generation System (RGS) is an electric generating system that uses one or of more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at more than 10 kilowatts (10 kW) but not greater than 100 kilowatts (100 kW) alternating current (AC) power output and is primarily intended to offset part or all of the customer's current electric requirements; and

Whereas, OEU operates an electric system serving parts of the City of Ocala and Marion County; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU's electrical supply grid at the location indentified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which OEU has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate OEU's electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

(Continued on Sheet No. 22.1)

Docusign Envelope ID: E9755755-41B1-4622-82CB-4AA488D025A6

(Continued from Sheet No. 22.0)

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and OEU.

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 2 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. In no case should modifications to the RGS be made such that the GPR increases above the 100 kilowatts (100 kW) limit.

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).
5. The Customer shall be required to pay a non-refundable application fee of $375 for the review and processing of the application.

6. The Customer shall fully comply with OEU's Rules and Regulations and Electric Service Specifications as those documents may be amended or revised by OEU from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):
   a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
   b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
   c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*

(Continued on Sheet No. 22.2)

Docusign Envelope ID: E9755755-41B1-4622-82CB-4AA488D025A6

(Continued from Sheet No. 22.1)

d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising OEU of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 22.3)

Docusign Envelope ID: E9755755-41B1-4622-82CB-4AA488D025A6

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes a utility-interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS which (i) utilizes the same utility-interactive inverter for both systems; or (ii) utilizes a separate utility-interactive inverter for each system, then Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU's systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU's electric system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU's electric system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's electric system such that back feed from the customer-owned renewable generation system to OEU's electric system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 22.4)

Docusign Envelope ID: E9755755-41B1-4622-82CB-4AA488D025A6

(Continued from Sheet No. 22.3)

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Sections 18 and 19, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one million dollars ($1,000,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and also measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OUS inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

(Continued on Sheet No. 22.5)

Docusign Envelope ID: E9755755-41B1-4622-82CB-4AA488D025A6

(Continued from Sheet No. 22.4)

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU's electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU utility system emergencies, forced outages, uncontrollable forces or compliance with prudent electric utility practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's utility system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical effects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys' fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.

(Continued on Sheet No. 22.6)

Docusign Envelope ID: E9755755-41B1-4622-82CB-4AA488D025A6

b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, contractors (and any subcontractor or material supplier thereof), agents and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days notice of its intent to terminate this Agreement.

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a

(Continued on Sheet No. 22.7)

Docusign Envelope ID: E9755755-41B1-4622-82CB-4AA488D025A6

specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement which complies with the amended statutes/rules.

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds 2.5 percent (%) of the aggregate customer peak demand on OEU's electric system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

(Continued on Sheet No. 22.8)

Docusign Envelope ID: E9755755-41B1-4622-82CB-4AA488D025A6

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

Insurance Policy Terms and Conditions:

This replaces all previously issued policy Declarations, if any. This policy applies only to accidents, occurrences, or losses as set forth in the attached Coverage Forms and endorsements, if applicable, which happen during the policy term shown above. If the policy is written on a continuous basis, each period of one year ending on the anniversary date of this policy constitutes a separate policy period.

This policy applies only to those coverages below for which a limit of insurance or premium charge is shown. "Our" limit of insurance for each coverage will be not more than the amount stated for such coverage, subject to all the "terms" of this policy as set forth in the attached Coverage Forms and endorsements, if applicable.

ENPHASE

DATA SHEET

IQ8M and IQ8A Microinverters

Our newest IQ8 Microinverters are the industry's first microgrid-forming, software-defined microinverters with split-phase power conversion capability to convert DC power to AC power efficiently. The brain of the semiconductor-based microinverter is our proprietary application-specific integrated circuit (ASIC) which enables the microinverter to operate in grid-tied or off-grid modes. This chip is built in advanced 55nm technology with high speed digital logic and has super-fast response times to changing loads and grid events, alleviating constraints on battery sizing for home energy systems.

Part of the Enphase Energy System, IQ8 Series Microinverters integrate with the Enphase IQ Battery, Enphase IQ Gateway, and the Enphase App monitoring and analysis software.

Enphase 25 year limited warranty

IQ8 Series Microinverters redefine reliability standards with more than one million cumulative hours of power-on testing, enabling an industry-leading limited warranty of up to 25 years.

Connect PV modules quickly and easily to IQ8 Series Microinverters using the included Q-DCC-2 adapter cable with plug-n-play MC4 connectors.

UL CERTIFIED

IQ8 Series Microinverters are UL Listed as PV Rapid Shut Down Equipment and conform with various regulations, when installed according to manufacturer's instructions.

Easy to install

- Lightweight and compact with plug-n-play connectors
- Power Line Communication (PLC) between components
- Faster installation with simple two-wire cabling

High productivity and reliability

- Produce power even when the grid is down*
- More than one million cumulative hours of testing
- Class II double-insulated enclosure
- Optimized for the latest high-powered PV modules

Microgrid-forming

- Complies with the latest advanced grid support**
- Remote automatic updates for the latest grid requirements
- Configurable to support a wide range of grid profiles
- Meets CA Rule 21 (UL 1741-SA) requirements

© 2022 Enphase Energy. All rights reserved. Enphase, the Enphase logo, IQ8 Microinverters, and other names are trademarks of Enphase Energy, Inc. Data subject to change.

* Only when installed with IQ System Controller 2, meets UL 1741.
** IQ8M and IQ8A supports split phase, 240V installations only.

IQ8M and IQ8A Microinverters

INPUT DATA (DC)		IQ8M-72-2-US	IQ8A-72-2-US
Commonly used module pairings[1]	W	260 – 460	295 – 500
Module compatibility		60-cell/120 half-cell, 66-cell/132 half-cell and 72-cell/144 half-cell	
MPPT voltage range	V	33 – 45	36 – 45
Operating range	V	25 – 58	
Min/max start voltage	V	30 / 58	
Max input DC voltage	V	60	
Max DC current[2] [module Isc]	A	15	
Overvoltage class DC port		II	
DC port backfeed current	mA	0	
PV array configuration		1x1 Ungrounded array; No additional DC side protection required; AC side protection requires max 20A per branch circuit	

OUTPUT DATA (AC)		IQ8M-72-2-US	IQ8A-72-2-US
Peak output power	VA	330	366
Max continuous output power	VA	325	349
Nominal (L-L) voltage/range[3]	V	240 / 211 – 264	
Max continuous output current	A	1.35	1.45
Nominal frequency	Hz	60	
Extended frequency range	Hz	50 – 68	
AC short circuit fault current over 3 cycles	Arms	2	
Max units per 20 A (L-L) branch circuit[4]		11	
Total harmonic distortion		<5%	
Overvoltage class AC port		III	
AC port backfeed current	mA	30	
Power factor setting		1.0	
Grid-tied power factor (adjustable)		0.85 leading – 0.85 lagging	
Peak efficiency	%	97.6	97.6
CEC weighted efficiency	%	97	97.5
Night-time power consumption	mW	60	

MECHANICAL DATA	
Ambient temperature range	-40°C to +60°C (-40°F to +140°F)
Relative humidity range	4% to 100% (condensing)
DC Connector type	MC4
Dimensions (HxWxD)	212 mm (8.3") x 175 mm (6.9") x 30.2 mm (1.2")
Weight	1.08 kg (2.38 lbs)
Cooling	Natural convection – no fans
Approved for wet locations	Yes
Pollution degree	PD3
Enclosure	Class II double-insulated, corrosion resistant polymeric enclosure
Environ. category / UV exposure rating	NEMA Type 6 / outdoor

COMPLIANCE	
Certifications	CA Rule 21 (UL 1741-SA), UL 62109-1, UL1741/IEEE1547, FCC Part 15 Class B, ICES-0003 Class B, CAN/CSA-C22.2 NO. 107.1-01 This product is UL Listed as PV Rapid Shut Down Equipment and conforms with NEC 2014, NEC 2017, and NEC 2020 section 690.12 and C22.1-2018 Rule 64-218 Rapid Shutdown of PV Systems, for AC and DC conductors, when installed according to manufacturer's instructions.

(1) No enforced DC/AC ratio. See the compatibility calculator at https://link.enphase.com/module-compatibility
(2) Maximum continuous input DC current is 10.6A (3) Nominal voltage range can be extended beyond nominal if required by the utility. (4) Limits may vary. Refer to local requirements to define the number of microinverters per branch in your area.

X-IQ-AM1-240-4C

X-IQ-AM1-240-4

The Enphase IQ Combiner 4/4C with Enphase IQ Gateway and integrated LTE-M1 cell modem (included only with IQ Combiner 4C) consolidates interconnection equipment into a single enclosure and streamlines IQ microinverters and storage installations by providing a consistent, pre-wired solution for residential applications. It offers up to four 2-pole input circuits and Eaton BR series busbar assembly.

Smart

- Includes IQ Gateway for communication and control
- Includes Enphase Mobile Connect cellular modem (CELLMODEM-M1-06-SP-05), included only with IQ Combiner 4C
- Includes solar shield to match Enphase IQ Battery aesthetics and deflect heat
- Flexible networking supports Wi-Fi, Ethernet, or cellular
- Optional AC receptacle available for PLC bridge
- Provides production metering and consumption monitoring

Simple

- Centered mounting brackets support single stud mounting
- Supports bottom, back and side conduit entry
- Up to four 2-pole branch circuits for 240 VAC plug-in breakers (not included)
- 80A total PV or storage branch circuits

Reliable

- Durable NRTL-certified NEMA type 3R enclosure
- Five-year limited warranty
- Two years labor reimbursement program coverage included for both the IQ Combiner SKU's
- UL listed

UL LISTED

ENPHASE

Enphase IQ Combiner 4/4C

MODEL NUMBER	
IQ Combiner 4 (X-IQ-AM1-240-4)	IQ Combiner 4 with Enphase IQ Gateway printed circuit board for integrated revenue grade PV production metering (ANSI C12.20 +/- 0.5%) and consumption monitoring (+/- 2.5%). Includes a silver solar shield to match the IQ Battery system and IQ System Controller 2 and to deflect heat.
IQ Combiner 4C (X-IQ-AM1-240-4C)	IQ Combiner 4C with Enphase IQ Gateway printed circuit board for integrated revenue grade PV production metering (ANSI C12.20 +/- 0.5%) and consumption monitoring (+/- 2.5%). Includes Enphase Mobile Connect cellular modem (CELLMODEM-M1-06-SP-05), a plug-and-play industrial-grade cell modem for systems up to 60 microinverters. (Available in the US, Canada, Mexico, Puerto Rico, and the US Virgin Islands, where there is adequate cellular service in the installation area.) Includes a silver solar shield to match the IQ Battery and IQ System Controller and to deflect heat.
ACCESSORIES AND REPLACEMENT PARTS	(not included, order separately)
Ensemble Communications Kit COMMS-CELLMODEM-M1-06 CELLMODEM-M1-06-SP-05 CELLMODEM-M1-06-AT-05	- Includes COMMS-KIT-01 and CELLMODEM-M1-06-SP-05 with 5-year Sprint data plan for Ensemble sites - 4G based LTE-M1 cellular modem with 5-year Sprint data plan - 4G based LTE-M1 cellular modem with 5-year AT&T data plan
Circuit Breakers BRK-10A-2-240V BRK-15A-2-240V BRK-20A-2P-240V BRK-15A-2P-240V-B BRK-20A-2P-240V-B	Supports Eaton BR210, BR215, BR220, BR230, BR240, BR250, and BR260 circuit breakers Circuit breaker, 2 pole, 10A, Eaton BR210 Circuit breaker, 2 pole, 15A, Eaton BR215 Circuit breaker, 2 pole, 20A, Eaton BR220 Circuit breaker, 2 pole, 15A, Eaton BR215B with hold down kit support Circuit breaker, 2 pole, 20A, Eaton BR220B with hold down kit support
EPLC-01	Power line carrier (communication bridge pair), quantity - one pair
XA-SOLARSHIELD-ES	Replacement solar shield for IQ Combiner 4/4C
XA-PLUG-120-3	Accessory receptacle for Power Line Carrier in IQ Combiner 4/4C (required for EPLC-01)
XA-ENV-PCBA-3	Replacement IQ Gateway printed circuit board (PCB) for Combiner 4/4C
X-IQ-NA-HD-125A	Hold down kit for Eaton circuit breaker with screws.
ELECTRICAL SPECIFICATIONS	
Rating	Continuous duty
System voltage	120/240 VAC, 60 Hz
Eaton BR series busbar rating	125 A
Max. continuous current rating	65 A
Max. continuous current rating (input from PV/storage)	64 A
Max. fuse/circuit rating (output)	90 A
Branch circuits (solar and/or storage)	Up to four 2-pole Eaton BR series Distributed Generation (DG) breakers only (not included)
Max. total branch circuit breaker rating (input)	80A of distributed generation / 95A with IQ Gateway breaker included
Production metering CT	200 A solid core pre-installed and wired to IQ Gateway
Consumption monitoring CT (CT-200-SPLIT)	A pair of 200 A split core current transformers
MECHANICAL DATA	
Dimensions (WxHxD)	37.5 x 49.5 x 16.8 cm (14.75" x 19.5" x 6.63"). Height is 21.06" (53.5 cm) with mounting brackets.
Weight	7.5 kg (16.5 lbs)
Ambient temperature range	-40° C to +46° C (-40° to 115° F)
Cooling	Natural convection, plus heat shield
Enclosure environmental rating	Outdoor, NRTL-certified, NEMA type 3R, polycarbonate construction
Wire sizes	• 20 A to 50 A breaker inputs: 14 to 4 AWG copper conductors • 60 A breaker branch input: 4 to 1/0 AWG copper conductors • Main lug combined output: 10 to 2/0 AWG copper conductors • Neutral and ground: 14 to 1/0 copper conductors Always follow local code requirements for conductor sizing.
Altitude	To 2000 meters (6,560 feet)
INTERNET CONNECTION OPTIONS	
Integrated Wi-Fi	802.11b/g/n
Cellular	CELLMODEM-M1-06-SP-05, CELLMODEM-M1-06-AT-05 (4G based LTE-M1 cellular modem). Note that an Enphase Mobile Connect cellular modem is required for all Ensemble installations.
Ethernet	Optional, 802.3, Cat5E (or Cat 6) UTP Ethernet cable (not included)
COMPLIANCE	
Compliance, IQ Combiner	UL 1741, CAN/CSA C22.2 No. 107.1, 47 CFR Part 15, Class B, ICES 003 Production metering: ANSI C12.20 accuracy class 0.5 (PV production) Consumption metering: accuracy class 2.5
Compliance, IQ Gateway	UL 60601-1/CANCSA 22.2 No. 61010-1

Enphase IQ System Controller 2

The Enphase IQ System Controller 2 connects the home to grid power, the IQ Battery system, and solar PV. It provides microgrid interconnection device (MID) functionality by automatically detecting and seamlessly transitioning the home energy system from grid power to backup power in the event of a grid failure. It consolidates interconnection equipment into a single enclosure and streamlines grid independent capabilities of PV and storage installations by providing a consistent, pre-wired solution for residential applications.

Reliable

- Durable NEMA type 3R enclosure
- Ten-year limited warranty

Smart

- Controls safe connectivity to the grid
- Automatically detects grid outages
- Provides seamless transition to backup

Simple

- Connects to the load or service equipment[1] side of the main load panel
- Centered mounting brackets support single stud mounting
- Supports conduit entry from the bottom, bottom left side, and bottom right side
- Supports whole home and partial home backup and subpanel backup
- Up to 200A main breaker support
- Includes neutral-forming transformer for split phase 120/240V backup operation
- IQ System Controller supports backward compatibility with older generation of PV microinverters (M215, M250 and S series), making it simple for home owners to upgrade their systems
- Easy integration with generator from major manufacturers

1. IQ System Controller 2 is not suitable for use as service equipment in Canada

ENPHASE

Enphase IQ System Controller 2

MODEL NUMBER	
EP200G101-M240US01	Enphase IQ System Controller 2 with neutral forming transformer (NFT), Microgrid Interconnect Device (MID), breakers, and screws. Streamlines grid independent capabilities of PV and battery installations.
ACCESSORIES and REPLACEMENT PARTS	
EP200G-NA-XA-E3	Replacement IQ System Controller 2 printed circuit board
EP200G-NA-HD-200A	Eaton type BR circuit breaker hold-down screw kit: BRHDK125
CT-200-SPLIT	200 A split core current transformers for Generator metering (+/- 2.5%)
Circuit breakers (as needed)[2,3]	Not included; must order separately
BRK-100A-2P-240V	BRK-20A-2P-240V-B, Circuit breaker, 2 pole, 20A, 10kAIC, BR220B
BRK-125A-2P-240V	BRK-30A-2P-240V, Circuit breaker, 2 pole, 30A, 10kAIC, BR230B
BRK-150A-2P-240V	BRK-40A-2P-240V, Circuit breaker, 2 pole, 40A, 10kAIC, BR240B
BRK-175A-2P-240V	BRK-60A-2P-240V, Circuit breaker, 2 pole, 60A, 10kAIC, BR260
BRK-200A-2P-240V	BRK-80A-2P-240V, Circuit breaker, 2 pole, 80A, 10kAIC, BR280
EP200G-HNDL-R1	IQ System Controller 2 installation handle kit (order separately)
EP200G-LUGKIT	IQ System Controller 2 interconnect kit, including labels, pre-crimped lugs, ferrules, filler plates, and screws
BRK-20A-40A-2P-240V	2 pole, 20A/40A, 10kAIC, BQC220240
ELECTRICAL SPECIFICATIONS	
Assembly rating	Continuous operation at 100% of its rating
Nominal voltage / range (L-L)	240 VAC / 100 - 310 VAC
Voltage measurement accuracy	±1% V nominal (±1.2V L-N and ±2.4V L-L)
Auxiliary contact for load control, excess PV control, and generator two wire control	24V, 1A
Nominal frequency / range	60 Hz / 56 - 63 Hz
Frequency measurement accuracy	±0.1 Hz
Maximum continuous current rating	160A
Maximum input overcurrent protection device	200A
Maximum output overcurrent protection device	200A
Maximum overcurrent protection device rating for Generator circuit[4]	80A
Maximum overcurrent protection device rating for storage branch circuit[4] (the storage branch circuit can be replaced with PV)	80A
Maximum overcurrent protection device rating for IQ8 PV combiner branch circuit[4]	80A
Neutral Forming Transformer (NFT)	• Breaker rating (pre-installed): 40A between L1 and Neutral, 40A between L2 and Neutral • Continuous rated power: 3600VA • Maximum continuous unbalance current: 30A @ 120V • Peak rated power: 8800VA for 30 seconds • Peak unbalanced current: 60A @ 120V for 30 seconds
MECHANICAL DATA	
Dimensions (WxHxD)	50cm x 91.6cm x 24.6cm (19.7 in x 36 in x 9.7 in)
Weight	39.4 kg (87 lbs)
Ambient temperature range	-40° C to +50° C (-40° F to 122° F)
Cooling	Natural convection, plus heat shield
Enclosure environmental rating	Outdoor, NEMA type 3R, polycarbonate construction
Altitude	To 2500 meters (8200 feet)
WIRE SIZES	
Connections (All lugs are rated to 90C)	• Main lugs and backup load lugs: Cu/Al: 1 AWG – 300 KCMIL • CSR breaker bottom wiring lugs: Cu/Al: 2 AWG – 300 KCMIL • BR breakers (wire provided): 6 AWG • AC combiner lugs, Encharge lugs, and generator lugs: 14 AWG – 2 AWG • Neutral (large lugs): Cu/Al: 6 AWG - 300 KCMIL
Neutral and ground bars	Large holes (5/16-24 UNF): 14 AWG – 1/0 AWG Small holes (10-32 UNF): 14 AWG – 6 AWG
COMPLIANCE	
Compliance	UL 1741, UL 1741 SA, UL 1741 PCS, UL1998, UL869A[5], UL67[5], UL508[5], ULSOE[5] CSA 22.2 No. 107.1, 47 CFR Part 15, Class B, ICES 003, AC156 IQ System Controller 2 is approved for use as Service Equipment in the United States[1].

2. Compatible with BRHDK125 Hold-Down Kit to comply with 2017 NEC 770.15E for back-fed circuit breakers.
3. The IQ System Controller 2 is rated 22 kAIC.
4. Not included. Installer must provide properly rated breaker per circuit breaker list above.
5. Systems from these standards were used during the safety evaluation and are listed in the UL 1741 listing.

Data Sheet
Enphase Storage System

Enphase Encharge 10

The Enphase Encharge 10™ all-in-one AC-coupled storage system is **reliable, smart, simple,** and **safe**. It is comprised of three base Encharge 3™ storage units, has a total usable energy capacity of 10.08 kWh and twelve embedded grid-forming microinverters with 3.84 kW power rating. It provides backup capability and installers can quickly design the right system size to meet the needs of both new and retrofit solar customers.

Reliable

- Proven high reliability IQ Series Microinverters
- Ten-year limited warranty
- Three independent Encharge storage base units
- Twelve embedded IQ 8X-BAT Microinverters
- Passive cooling (no moving parts/fans)

Smart

- Grid-forming capability for backup operation
- Remote software and firmware upgrade
- Mobile app-based monitoring and control
- Support for self consumption
- Utility time of use (TOU) optimization

Simple

- Fully integrated AC battery system
- Quick and easy plug-and-play installation
- Interconnects with standard household AC wiring

Safe

- Cells safety tested
- Lithium iron phosphate (LFP) chemistry for maximum safety and longevity

ENPHASE.

Enphase Encharge 10

MODEL NUMBER	
ENCHARGE-10-1P-NA	Encharge 10 battery storage system with integrated Enphase Microinverters and battery management unit (BMU). Includes: - Three Encharge 3.36 kWh base units (B3-A01-US001-1-3) - One Encharge 10 cover kit with cover, wall mounting bracket, watertight conduit hubs, and interconnect kit for wiring between batteries (B10-C-1050-0)
ACCESSORIES	
ENCHARGE-HNDL-R1	One set of Encharge base unit installation handles
OUTPUT (AC)	**@ 240 VAC[1]**
Rated (continuous) output power[2]	3.84 kVA
Peak output power	5.7 kVA (10 seconds)
Nominal voltage / range	240 / 211 – 264 VAC
Nominal frequency / range	60 / 57 – 61 Hz
Rated output current	16 A
Peak output current	24.6A (10 seconds)
Power factor (adjustable)	0.85 leading . 0.85 lagging
Maximum units per 20 A branch circuit	1 unit (single phase)
Interconnection	Single-phase
Maximum AC short circuit fault current over 3 cycles	69.6 Arms
Round trip efficiency[2]	89%
BATTERY	
Total capacity	10.5 kWh
Usable capacity	10.08 kWh
Round trip efficiency	96%
Nominal DC voltage	67.2 V
Maximum DC voltage	73.5 V
Ambient operating temperature range	-15° C to 55° C (5° F to 131° F) non-condensing
Optimum operating temperature range	0° C to 30° C (32° F to 86° F)
Chemistry	Lithium iron phosphate (LFP)
MECHANICAL DATA	
Dimensions (WxHxD)	1070 mm x 664 mm x 319 mm (42.13 in x 26.14 in x 12.56 in)
Weight	Three individual 44.2 kg (97.4 lbs) base units plus 21.1 kg (48.7 lbs) cover and mounting bracket; total 154.7 kg (341 lbs)
Enclosure	Outdoor – NEMA type 3R
IQ 8X-BAT microinverter enclosure	NEMA type 6
Cooling	Natural convection - No fans
Altitude	Up to 2500 meters (8200 feet)
Mounting	Wall mount
FEATURES AND COMPLIANCE	
Compatibility	Compatible with grid-tied PV systems. Compatible with Enphase IQ Series Micros, Enphase Enpower, and Enphase IQ Envoy for backup operation
Communication	Wireless 2.4 GHz
Services	Backup, self-consumption, TOU, Demand Charge, NEM Integrity
Monitoring	Enlighten Manager and MyEnlighten monitoring options; API integration
Compliance	UL 9540, UN 38.3, UL 9540A, UL 1998, UL 991, NEMA Type 3R, AC156 EMI: 47 CFR, Part 15, Class B, ICES 003 Cell Module: UL 1973, UN 38.3 Inverters: UL 62109-1, IEC 62109-2, UL 1741SA, CAN/CSA C22.2 No. 107.1-16
LIMITED WARRANTY	
Limited Warranty[3]	>70% capacity, up to 10 years or 4000 cycles

1. Supported in backup/off grid operations
2. AC to Battery to AC at 50% power rating.
3. Whichever occurs first. Restrictions apply

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: 07EC8B32-0A32-4318-955A-9B4CFA2618A3

APPLICATION FOR INTERCONNECTION OF CUSTOMER-OWNED RENEWABLE GENERATION SYSTEMS

TIER 1 - Ten (10) kW or Less
TIER 2 - Greater than 10 kW and Less Than or Equal to 100 kW
TIER 3 - Greater than 100 kW and Less Than or Equal to Two (2) MW

Note: These customer-owned renewable generation system size limits may be subject to a cumulative enrollment limit on net-metering customers located in the area served by the City of Ocala Electric Utility. Please refer to the Ocala Electric Utility Net-Metering Rate Schedule.

Ocala Electric Utility customers who install customer-owned renewable generation systems (RGS) and desire to interconnect those facilities with the Ocala Electric Utility system are required to complete this application. When the completed application and fees are returned to Ocala Electric Utility, the process of completing the appropriate Tier 1, Tier 2 or Tier 3 Interconnection Agreement can begin. This application and copies of the Interconnection Agreements may be obtained at Ocala Electric Utility, located at 201 SE 3rd Street, Ocala, Florida 34471, or may be requested by email from OEU@ocalafl.org.

1. Customer Information

Name: Maurice G. Pitilon

Mailing Address: 1601 NE 47th Court

City: Ocala State: Fl. Zip Code: 34470

Phone Number: 561-703-2613 Alternate Phone Number: _____

Email Address: NYPIT2@AOL.COM Fax Number: _____

Ocala Electric Utility Customer Account Number: 534621-262889

2. RGS Facility Information

Facility Location: 1601 NE 47th Court Ocala, Fl. 34470

Ocala Electric Utility Customer Account Number: 534621-262889

RGS Manufacturer: Hanwha Q CELLS America, Inc.

Manufacturer's Address: 400 Spectrum Center Drive Suite 1400
Irvine, CA. 92618

Reference or Model Number: Q.PEAK DUO BLK ML-G10+ (14 modules 400W)

Serial Number: Inverter-Solaredge SE5000H-US

(Continued on Sheet No.19.1)

Docusign Envelope ID: 07EC8B32-0A32-4318-955A-9B4CFA2618A3

3. Facility Rating Information

Gross Power Rating: 4.76kWac ("Gross power rating" means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with Ocala Electric Utility's distribution facilities. For inverter-based systems, the AC nameplate generating capacity shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.)

Fuel or Energy Source: Solar PV

Anticipated In- Service Date: 11/2022

4. Application Fee

The application fee is based on the Gross Power Rating and must be submitted with this application. The non-refundable application fee is $375 for Tier 2 and $750 for Tier 3 installations. There is no application fee for Tier 1 installations.

5. Interconnection Study Fee

For Tier 3 installations, a deposit in the amount of the estimated costs of the study (to be determined at time of application) must be paid along with this application in addition to the application fee referenced in Article 4 above. This deposit will be applied toward the cost of an interconnection study. The customer will be responsible for the actual costs of the study. Should the actual cost of the study be less than the deposit, the difference will be refunded to the customer. Customer agrees to comply with all interconnection requirements identified in the interconnection study report.

6. Required Documentation

Prior to completion of the Interconnection Agreement, the following information must be provided to the Ocala Electric Utility by the customer.

A. Documentation demonstrating that the installation complies with (or most current version at time of inspection approval):

1. IEEE 1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power Systems.
2. IEEE 1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnecting Distributed Resources with Electric Power Systems.
3. UL 1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed Energy Resources.

(Continued on Sheet No. 19.2)

Docusign Envelope ID: 07EC8B32-0A32-4318-955A-9B4CFA2618A3

B. Documentation that the customer-owned renewable generation has been inspected and approved by local code officials prior to its operation in parallel with the Ocala Electric Utility system to ensure compliance with applicable local codes. OEU will also require proof of commission testing by a qualified 3rd party testing company (not affiliated in any way with the manufacturer, vendor or installation contractor), for compliance with all required and applicable codes, standards, and interconnection study requirements, prior to setting of OEU metering equipment.

C. Proof of insurance in the amount of:
Tier 1 - $100,000.00
Tier 2 - $1,000,000.00
Tier 3 - $2,000,000.00

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 4th day of February, 20 26, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and Maurice G. Pitilon, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

(Continued on Sheet No. 20.1)

Docusign Envelope ID: 07EC8B32-0A32-4318-955A-9B4CFA2618A3

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: 07EC8B32-0A32-4318-955A-9B4CFA2618A3

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

(Continued on Sheet No. 20.3)

Docusign Envelope ID: 07EC8B32-0A32-4318-955A-9B4CFA2618A3

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

(Continued on Sheet No. 20.4)

Docusign Envelope ID: 07EC8B32-0A32-4318-955A-9B4CFA2618A3

(Continued from Sheet No. 20.3)

7.05. Enforcement of Agreement. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by either FMPA or OEU of the sovereign immunity applicable to either or both of them as established by Florida Statutes, 768.28.

(Continued on Sheet No. 20.5)

Docusign Envelope ID: 07EC8B32-0A32-4318-955A-9B4CFA2618A3

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Docusign Envelope ID: 07EC8B32-0A32-4318-955A-9B4CFA2618A3

Tier 1 – Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 4th day of February, 20 26, by and between Maurice G. Pitilon, (hereinafter called "**Customer**"), located at 1601 NE 47th Court in Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereinafter called OEU), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the interconnection is taking place: 1601 NE 47th Court Ocala, Fl. 34470.

WITNESSETH

Whereas, a Tier 1 Renewable Generation System (RGS) is an electric generating system that uses one or more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at no more than ten (10) kilowatts (10 kW) alternating current (AC) power output and is primarily intended to offset part or all of the Customer's current electric requirements; and

Whereas, OEU operates an electric system serving the City of Ocala; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU' electrical supply grid at the location identified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU' ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, the OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

(Continued on Sheet No. 21.1)

Docusign Envelope ID: 07EC8B32-0A32-4318-955A-9B4CFA2618A3

(Continued from Sheet No. 21.0)

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and the City of Ocala Electric Utility (OEU).

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU's distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 1 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. Increase in GPR above the ten kilowatt (10 kW) limit would necessitate entering into a new agreement at either Tier 2 or Tier 3 which may impose additional requirements on the Customer. In no case does the Tier 1, Tier 2 or Tier 3 agreement cover increases in GPR above two megawatts (2MW).

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).

5. The Customer shall not be required to pay any special fees due solely to the installation of the RGS.

6. The Customer shall fully comply with OEU's Design Standards following NEC standards as those documents may be amended or revised by OUS from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):

a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*
d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

(Continued to Sheet No. 21.2)

Docusign Envelope ID: 07EC8B32-0A32-4318-955A-9B4CFA2618A3

(Continued from Sheet No. 21.1)

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 21.3)

Docusign Envelope ID: 07EC8B32-0A32-4318-955A-9B4CFA2618A3

(Continued from Sheet No. 21.2)

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes an OEU interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU's electric power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS that (i) utilizes the same OEU interactive inverter for both systems, or (ii) utilizes a separate OEU interactive inverter for each system, Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU' systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's system, such that back feed from the customer-owned renewable generation system to OEU's system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 21.4)

Docusign Envelope ID: 07EC8B32-0A32-4318-955A-9B4CFA2618A3

(Continued from Sheet No. 21.3)

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Section 18, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one hundred thousand dollars ($100,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

(Continued on Sheet No. 21.5)

Docusign Envelope ID: 07EC8B32-0A32-4318-955A-9B4CFA2618A3

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OEU inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU' electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU system emergencies, forced outages, uncontrollable forces or compliance with prudent electric OEU practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical affects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU.
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

(Continued to Sheet No. 21.6)

Docusign Envelope ID: 07EC8B32-0A32-4318-955A-9B4CFA2618A3

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.
b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, agents, contractors (and any subcontractor or material supplier thereof) and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days' notice of its intent to terminate this Agreement.

(Continued on Sheet No. 21.7)

Docusign Envelope ID: 07EC8B32-0A32-4318-955A-9B4CFA2618A3

(Continued from Sheet No. 21.6)

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection Agreement and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement, which complies with the amended statutes/rules.

(Continued on Sheet No. 21.8)

Docusign Envelope ID: 07EC8B32-0A32-4318-955A-9B4CFA2618A3

(Continued from Sheet No. 21.7)

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule, (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

(Continued on Sheet No. 21.9)

Docusign Envelope ID: 07EC8B32-0A32-4318-955A-9B4CFA2618A3

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

GENERAL NOTES

PER FL. STATUTE 377.705 (REVISED 7/1/2017), I RAFAEL A. GONZALEZ SOTO, P.E. 83104 AN ENGINEER LICENSED PURSUANT TO CHAPTER 471, CERTIFY THAT THE PV ELECTRICAL SYSTEM AND ELECTRICAL COMPONENTS ARE DESIGNED AND APPROVED USING THE STANDARDS CONTAINED IN THE MOST RECENT VERSION OF THE FLORIDA BUILDING CODE.

APPLICABLE CODES: 2020 FLORIDA BUILDING CODE 7TH EDITION, ASCE 7-16 MINIMUM DESIGN LOADS FOR BUILDING AND OTHER STRUCTURES, FFPC 7TH EDITION, NFPA 2018, NFPA 70 AND NEC 2017.

CONTRACTOR SHALL ENSURE ALL ROOF PENETRATIONS TO BE INSTALLED AND SEALED PER 2020 FLORIDA BUILDING CODE 7TH EDITION OR LOCAL GOVERNING CODE.

ALL WIRING METHODS AND INSTALLATION PRACTICES SHALL CONFORM TO THE NATIONAL ELECTRICAL CODE (NEC) 2017, LOCAL STATE CODES, AND OTHER APPLICABLE LOCAL CODES. MEANS SHALL BE PROVIDED TO DISCONNECT ALL CURRENT CARRYING CONDUCTORS OF THE PHOTOVOLTAIC POWER SOURCE FROM ALL OTHER CONDUCTORS IN THE BUILDING. CONNECTORS TO BE TORQUED PER DEVICE LISTING, OR MANUFACTURERS RECOMMENDATIONS. NON-CURRENT CARRYING METAL PARTS SHALL BE CHECKED FOR PROPER GROUNDING.

REQUIRED SAFETY SIGNS AND LABELS SHALL BE PERMANENTLY ATTACHED BY ADHESIVE, OR OTHER MECHANICAL MEANS, LABELS SHALL COMPLY WITH ARTICLE 690 VI OF THE NEC 2017 OR OTHER APPLICABLE STATE AND LOCAL CODES. SEE LABELS AND MARKING PAGE FOR MORE INFORMATION.

RACKING ROOF MOUNT SYSTEM SHALL BE INSTALLED FOLLOWING MANUFACTURERS INSTRUCTION SPEC'S, INCLUDING ALL GROUNDING WEEB CLIPS, GROUND LUGS, AND RAIL SPLICE KITS FOR ELECTRICAL CONTINUITY.

MECAWIND TOOL IS BASED ON THE C&C WIND LOADS FOR ENCLOSED BUILDINGS. DESIGN WIND PRESSURES ARE CALCULATED USING ASCE 7-16 EQUATION 30.6-1. ALL NOTES IN FIGURES ASCE 7-16 30.4-1 AND 30.4-2(A,B AND /67C) HAVE BEEN INCORPORATED. MEAN ROOF HEIGHT MUST BE LESS THAN 60 FEET.

Single Phase Inverter with HD-Wave Technology

for North America

SE3000H-US / SE3800H-US / SE5000H-US / SE6000H-US / SE7600H-US / SE10000H-US / SE11400H-US

INVERTERS

12-25 YEAR WARRANTY

Optimized installation with HD-Wave technology

- Specifically designed to work with power optimizers
- Record-breaking 99% weighted efficiency
- Quick and easy inverter commissioning directly from a smartphone using the SolarEdge SetApp
- Fixed voltage inverter for longer strings
- Integrated arc fault protection and rapid shutdown for NEC 2014, NEC 2017 and NEC 2020 per article 690.11 and 690.12
- UL1741 SA certified, for CPUC Rule 21 grid compliance
- Small, lightweight, and easy to install both outdoors or indoors
- Built-in module-level monitoring
- Optional: Faster installations with built-in consumption metering (1% accuracy) and production revenue grade metering (0.5% accuracy, ANSI C12.20)

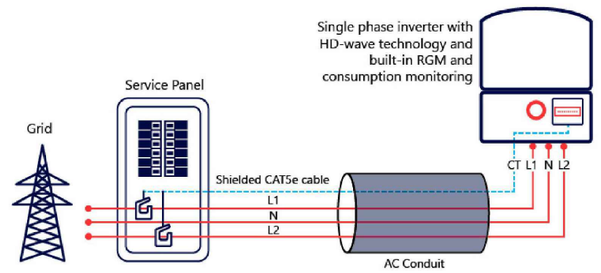
Utility Monitoring, Islanding Protection, Country Configurable Thresholds	Yes							
INPUT								
Maximum DC Power @240V	4650	5900	7750	9300	11800	15500	17650	W
Maximum DC Power @208V	-	5100	-	7750	-	-	15500	W
Transformer-less, Ungrounded	Yes							
Maximum Input Voltage	480							Vdc
Nominal DC Input Voltage	380					400		Vdc
Maximum Input Current @240V[2]	8.5	10.5	13.5	16.5	20	27	30.5	Adc
Maximum Input Current @208V[2]	-	9	-	13.5	-	-	27	Adc
Max. Input Short Circuit Current	45							Adc
Reverse-Polarity Protection	Yes							
Ground-Fault Isolation Detection	600kΩ Sensitivity							
Maximum Inverter Efficiency	99	99.2						%
CEC Weighted Efficiency	99						99 @ 240V 98.5 @ 208V	%
Nighttime Power Consumption	< 2.5							W

(1) For other regional settings please contact SolarEdge support
(2) A higher current source may be used; the inverter will limit its input current to the values stated

Single Phase Inverter with HD-Wave Technology

for North America



SE3000H-US / SE3800H-US / SE5000H-US / SE6000H-US/ SE7600H-US / SE10000H-US / SE11400H-US

MODEL NUMBER	SE3000H-US	SE3800H-US	SE5000H-US	SE6000H-US	SE7600H-US	SE10000H-US	SE11400H-US	
ADDITIONAL FEATURES								
Supported Communication Interfaces	RS485, Ethernet, ZigBee (optional), Cellular (optional)							
Revenue Grade Metering, ANSI C12.20	Optional[3]							
Consumption metering								
Inverter Commissioning	With the SetApp mobile application using Built-in Wi-Fi Access Point for Local Connection							
Rapid Shutdown - NEC 2014, NEC 2017 and NEC 2020, 690.12	Automatic Rapid Shutdown upon AC Grid Disconnect							
STANDARD COMPLIANCE								
Safety	UL1741, UL1741 SA, UL1699B, CSA C22.2, Canadian AFCI according to T.I.L. M-07							
Grid Connection Standards	IEEE1547, Rule 21, Rule 14 (HI)							
Emissions	FCC Part 15 Class B							
INSTALLATION SPECIFICATIONS								
AC Output Conduit Size / AWG Range	1" Maximum / 14-6 AWG					1" Maximum /14-4 AWG		
DC Input Conduit Size / # of Strings / AWG Range	1" Maximum / 1-2 strings / 14-6 AWG					1" Maximum / 1-3 strings / 14-6 AWG		
Dimensions with Safety Switch (HxWxD)	17.7 x 14.6 x 6.8 / 450 x 370 x 174					21.3 x 14.6 x 7.3 / 540 x 370 x 185		in / mm
Weight with Safety Switch	22 / 10	25.1 / 11.4		26.2 / 11.9		38.8 / 17.6		lb / kg
Noise	< 25				< 50			dBA
Cooling	Natural Convection							
Operating Temperature Range	-40 to +140 / -40 to +60[4]							°F / °C
Protection Rating	NEMA 4X (Inverter with Safety Switch)							

(3) Inverter with Revenue Grade Meter P/N: SExxxH-US000BNC4; Inverter with Revenue Grade Production and Consumption Meter P/N: SExxxH-US000BNI4 . For consumption metering, current transformers should be ordered separately: SSACT0750-200NA-20 or SSACT0750-400NA-20; 20 units per box
(4) Full power up to at least 50°C / 122°F, for power de-rating information refer to: https://www.solaredge.com/sites/default/files/se-temperature-derating-note-na.pdf

How to Enable Consumption Monitoring

By simply wiring current transformers through the inverter's existing AC conduits and connecting them to the service panel, homeowners will gain full insight into their household energy usage helping them to avoid high electricity bills

ENDURING HIGH PERFORMANCE

25 YR Warranty – Product & Performance

EUPD RESEARCH TOP BRAND PV MODULES EUROPE 2021

Q CELLS Yield Security

BREAKING THE 20% EFFICIENCY BARRIER
Q.ANTUM DUO Z Technology with zero gap cell layout boosts module efficiency up to 20.9%.

THE MOST THOROUGH TESTING PROGRAMME IN THE INDUSTRY
Q CELLS is the first solar module manufacturer to pass the most comprehensive quality programme in the industry: The new "Quality Controlled PV" of the independent certification institute TÜV Rheinland.

INNOVATIVE ALL-WEATHER TECHNOLOGY
Optimal yields, whatever the weather with excellent low-light and temperature behavior.

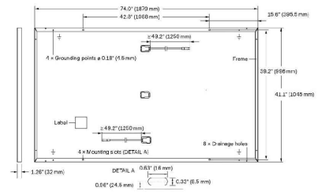
ENDURING HIGH PERFORMANCE
Long-term yield security with Anti LID Technology, Anti PID Technology[1], Hot-Spot Protect and Traceable Quality Tra.Q™.

EXTREME WEATHER RATING
High-tech aluminum alloy frame, certified for high snow (5400 Pa) and wind loads (4000 Pa).

A RELIABLE INVESTMENT
Inclusive 25-year product warranty and 25-year linear performance warranty[2].

[1] APT test conditions according to IEC / TS 62804-1:2015, method A (−1500 V, 96 h)
[2] See data sheet on rear for further information.

THE IDEAL SOLUTION FOR:



Rooftop arrays on residential buildings

Engineered in Germany

Q CELLS

MECHANICAL SPECIFICATION

Format	74.0 in × 41.1 in × 1.26 in (including frame) (1879 mm × 1045 mm × 32 mm)
Weight	48.5 lbs (22.0 kg)
Front Cover	0.13 in (3.2 mm) thermally pre-stressed glass with anti-reflection technology
Back Cover	Composite film
Frame	Black anodized aluminum
Cell	6 × 22 monocrystalline Q.ANTUM solar half cells
Junction Box	2.09–3.98 in × 1.26–2.36 in × 0.59–0.71 in (53–101 mm × 32–60 mm × 15–18 mm), IP67, with bypass diodes
Cable	4 mm² Solar cable; (+) ≥ 49.2 in (1250 mm), (−) ≥ 49.2 in (1250 mm)
Connector	Stäubli MC4; IP68

Accessories and technical features

Power at STC	270 – 335 W
Maximum System Voltage	1000 V
Class	II
Application Class	A
Fire Rating	C
Maximum Reverse Current	20 A
Mechanical Load	Qualified for heavy loads of snow and ice (Test load 5400 Pa)

Evaluation of quality characteristics

high reliability	▪ Testing with increased number of testing samples ▪ Testing with enhanced testing time and number of cycles	☑ ☑
low degradation	▪ Tightened pass/fail- criteria ▪ Maximum permitted degradation of the power of 5% over the enhanced test sequence	☑ ☑
optimized durability	▪ Additionally dynamic mechanical load test ▪ Robustness of terminations test with increased force	☑ ☑
continuous line monitoring	▪ Tightened and upgraded requirements within the 100% routine test ▪ Quarterly testing on samples collected from the running lines of each factory	☑ ☑

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

APPLICATION FOR INTERCONNECTION OF CUSTOMER-OWNED RENEWABLE GENERATION SYSTEMS

TIER 1 - Ten (10) kW or Less
TIER 2 - Greater than 10 kW and Less Than or Equal to 100 kW
TIER 3 - Greater than 100 kW and Less Than or Equal to Two (2) MW

Note: These customer-owned renewable generation system size limits may be subject to a cumulative enrollment limit on net-metering customers located in the area served by the City of Ocala Electric Utility. Please refer to the Ocala Electric Utility Net-Metering Rate Schedule.

Ocala Electric Utility customers who install customer-owned renewable generation systems (RGS) and desire to interconnect those facilities with the Ocala Electric Utility system are required to complete this application. When the completed application and fees are returned to Ocala Electric Utility, the process of completing the appropriate Tier 1, Tier 2 or Tier 3 Interconnection Agreement can begin. This application and copies of the Interconnection Agreements may be obtained at Ocala Electric Utility, located at 201 SE 3rd Street, Ocala, Florida 34471, or may be requested by email from OEU@ocalafl.org.

Serial Number: Inverter-Enphase IQ7HS-66-M-US

(Continued on Sheet No.19.1)

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

3. Facility Rating Information

Gross Power Rating: 4.18kWac ("Gross power rating" means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with Ocala Electric Utility's distribution facilities. For inverter-based systems, the AC nameplate generating capacity shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.)

Fuel or Energy Source: Solar PV

Anticipated In- Service Date: 12/31/25

4. Application Fee

The application fee is based on the Gross Power Rating and must be submitted with this application. The non-refundable application fee is $375 for Tier 2 and $750 for Tier 3 installations. There is no application fee for Tier 1 installations.

5. Interconnection Study Fee

For Tier 3 installations, a deposit in the amount of the estimated costs of the study (to be determined at time of application) must be paid along with this application in addition to the application fee referenced in Article 4 above. This deposit will be applied toward the cost of an interconnection study. The customer will be responsible for the actual costs of the study. Should the actual cost of the study be less than the deposit, the difference will be refunded to the customer. Customer agrees to comply with all interconnection requirements identified in the interconnection study report.

6. Required Documentation

Prior to completion of the Interconnection Agreement, the following information must be provided to the Ocala Electric Utility by the customer.

A. Documentation demonstrating that the installation complies with (or most current version at time of inspection approval):

1. IEEE 1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power Systems.
2. IEEE 1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnecting Distributed Resources with Electric Power Systems.
3. UL 1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed Energy Resources.

(Continued on Sheet No. 19.2)

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

B. Documentation that the customer-owned renewable generation has been inspected and approved by local code officials prior to its operation in parallel with the Ocala Electric Utility system to ensure compliance with applicable local codes. OEU will also require proof of commission testing by a qualified 3rd party testing company (not affiliated in any way with the manufacturer, vendor or installation contractor), for compliance with all required and applicable codes, standards, and interconnection study requirements, prior to setting of OEU metering equipment.

C. Proof of insurance in the amount of:
Tier 1 - $100,000.00
Tier 2 - $1,000,000.00
Tier 3 - $2,000,000.00

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 4th day of December, 20 25, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and Patrick Meyer, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

(Continued on Sheet No. 20.1)

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

(Continued on Sheet No. 20.3)

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

(Continued on Sheet No. 20.4)

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

(Continued from Sheet No. 20.3)

7.05. Enforcement of Agreement. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by either FMPA or OEU of the sovereign immunity applicable to either or both of them as established by Florida Statutes, 768.28.

(Continued on Sheet No. 20.5)

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

Tier 1 – Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 4th day of December, 20 25, by and between Patrick Meyer, (hereinafter called "**Customer**"), located at 4839 NE 6th Street in Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereinafter called OEU), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the interconnection is taking place: 4839 NE 6th Street Ocala, Fl. 34470.

WITNESSETH

Whereas, a Tier 1 Renewable Generation System (RGS) is an electric generating system that uses one or more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at no more than ten (10) kilowatts (10 kW) alternating current (AC) power output and is primarily intended to offset part or all of the Customer's current electric requirements; and

Whereas, OEU operates an electric system serving the City of Ocala; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU' electrical supply grid at the location identified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU' ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, the OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

(Continued on Sheet No. 21.1)

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

(Continued from Sheet No. 21.0)

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and the City of Ocala Electric Utility (OEU).

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU's distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 1 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. Increase in GPR above the ten kilowatt (10 kW) limit would necessitate entering into a new agreement at either Tier 2 or Tier 3 which may impose additional requirements on the Customer. In no case does the Tier 1, Tier 2 or Tier 3 agreement cover increases in GPR above two megawatts (2MW).

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).

5. The Customer shall not be required to pay any special fees due solely to the installation of the RGS.

6. The Customer shall fully comply with OEU's Design Standards following NEC standards as those documents may be amended or revised by OUS from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):

a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*
d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

(Continued to Sheet No. 21.2)

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

(Continued from Sheet No. 21.1)

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 21.3)

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

(Continued from Sheet No. 21.2)

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes an OEU interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU's electric power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS that (i) utilizes the same OEU interactive inverter for both systems, or (ii) utilizes a separate OEU interactive inverter for each system, Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU' systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's system, such that back feed from the customer-owned renewable generation system to OEU's system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 21.4)

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

(Continued from Sheet No. 21.3)

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Section 18, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one hundred thousand dollars ($100,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

(Continued on Sheet No. 21.5)

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OEU inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU' electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU system emergencies, forced outages, uncontrollable forces or compliance with prudent electric OEU practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical affects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU.
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

(Continued to Sheet No. 21.6)

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

(Continued from Sheet No. 21.5)

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.
b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, agents, contractors (and any subcontractor or material supplier thereof) and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days' notice of its intent to terminate this Agreement.

(Continued on Sheet No. 21.7)

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

(Continued from Sheet No. 21.6)

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection Agreement and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement, which complies with the amended statutes/rules.

(Continued on Sheet No. 21.8)

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

(Continued from Sheet No. 21.7)

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule, (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

(Continued on Sheet No. 21.9)

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

ENPHASE.

DATA SHEET

IQ7HS Microinverter

The high-powered, smart grid-ready IQ7HS Microinverter with integrated MC4 connectors dramatically simplifies installation while achieving the highest system efficiency.

Part of the Enphase Energy System, the IQ7HS Microinverters integrate with the IQ Gateway, IQ Battery, and the Enphase Installer App monitoring and analysis software.

Enphase 25 year limited warranty

IQ7HS Microinverters extend the reliability standards set forth by previous generations and undergo over a million hours of power-on testing, enabling Enphase to provide an industry-leading warranty of up to 25 years.

Connect PV modules quickly and easily to the IQ7HS Microinverters that have integrated MC4 connectors.

CERTIFIED SAFETY

IQ7HS Microinverters are UL Listed as PV rapid shutdown equipment and conform with various regulations when installed according to the manufacturer's instructions.

Easy to install

- Lightweight and simple
- Faster installation with improved, lighter two-wire cabling
- Built-in rapid shutdown compliant (NEC 2014 , 2017, 2020, and 2023)

Productive and reliable

- Optimized for high powered 60-cell/120-half-cut-cell, 66-cell/132-half-cut-cell, and 72-cell/144-half-cut-cell PV modules
- More than a million hours of testing
- Class II double-insulated enclosure
- UL Listed

Smart grid-ready

- Complies with advanced grid support, voltage, and frequency ride-through requirements
- Remotely updates to respond to changing grid requirements
- Configurable for varying grid profiles
- Meets CA Rule 21 (UL 1741-SA) and IEEE 1547:2018 (UL 1741-SB, 3rd Ed.) for single-phase systems

IQ7HS Microinverter

INPUT DATA (DC)	UNITS	IQ7HS-66-M-US
Commonly used module pairings[1]	W	320–460
Module compatibility	–	60-cell/120-half-cut-cell, 66-cell/132-half-cut-cell, and 72-cell/144-half-cut-cell PV modules
Maximum input DC voltage	V	59
Peak power tracking voltage	V	38–43
Operating range	V	20–59
Minimum/Maximum start voltage	V	30/59
Maximum input DC short-circuit current	A	25
Maximum module I_{sc}	A	20
Overvoltage class DC port	–	II
DC port back-feed current	A	0
PV array configuration	–	1 × 1 ungrounded array; no additional DC side protection required; AC side protection requires max. 20 A per branch circuit
OUTPUT DATA (AC)		
Peak output power	VA	384 @ 240 VAC, 369 @ 208 VAC
Maximum continuous output power	VA	384 @ 240 VAC, 369 @ 208 VAC
Nominal (L-L) voltage/Range[2]	V	240/211–264, 208/183–229
Maximum continuous output current	–	1.60 A (240 V), 1.77 A (208 V)
Nominal frequency	Hz	60
Extended frequency range	Hz	47–68
AC short-circuit fault current over three cycles	Arms	4.82
Maximum units per 20 A (L-L) branch circuit[3]	–	10 (240 VAC), 9 (208 VAC)
Overvoltage class AC port	–	III
AC port back-feed current	mA	18
Power factor setting	–	1.0
Power factor (adjustable)	–	0.85 leading ... 0.85 lagging
EFFICIENCY		
CEC weighted efficiency	%	97.0 @ 240 V, 96.5 @ 208 V
MECHANICAL DATA		
Ambient temperature range	°C (°F)	–40 to 60 (–40 to 140)
Relative humidity range	%	4 to 100 (condensing)
DC connector type	–	Stäubli MC4
Dimensions (H × W × D)	mm (in)	212 (8.3) × 175 (6.9) × 30.2 (1.2) without bracket
Weight	kg (lb)	1.1 (2.4)
Cooling	–	Natural convection—no fans
Approved for wet locations	–	Yes
Pollution degree	–	PD3

[1] Pairing PV modules with wattage above the limit may result in additional clipping losses. See the compatibility calculator at enphase.com/installers/microinverters/calculator.
[2] Nominal voltage range can be extended beyond nominal if required by the utility.
[3] Limits may vary. Refer to local requirements to define the number of microinverters per branch in your area.

IQ Combiner 5/5C

The IQ Combiner 5/5C consolidates interconnection equipment into a single enclosure and streamlines IQ Series Microinverters and IQ Gateway installation by providing a consistent, pre-wired solution for residential applications. IQ Combiner 5/5C uses wired control communication and is compatible with IQ System Controller 3/3G and IQ Battery 5P.

The IQ Combiner 5/5C, IQ Series Microinverters, IQ System Controller 3/3G, and IQ Battery 5P provide a complete grid-agnostic Enphase Energy System.

IQ Series Microinverters
The high-powered smart grid-ready IQ Series Microinverters (IQ6, IQ7, and IQ8 Series) simplify the installation process.

IQ System Controller 3/3G
Provides microgrid interconnection device (MID) functionality by automatically detecting grid failures and seamlessly transitioning the home energy system from grid power to backup power.

IQ Battery 5P
Fully integrated AC battery system. Includes six field-replaceable IQ8D-BAT Microinverters.

IQ Load Controller
Helps prioritize essential appliances during a grid outage to optimize energy consumption and prolong battery life.

Enphase 5 year limited warranty

NOM

UL CERTIFIED SAFETY US CA SÛRETÉ US CA E341166

5-year limited warranty

Smart

- Includes IQ Gateway for communication and control
- Includes Enphase Mobile Connect (CELLMODEM-M1-06-SP-05), only with IQ Combiner 5C
- Supports flexible networking: Wi-Fi, Ethernet, or cellular
- Provides production metering (revenue grade) and consumption monitoring

Easy to install

- Mounts to one stud with centered brackets
- Supports bottom, back, and side conduit entries
- Supports up to four 2-pole branch circuits for 240 VAC plug-in breakers (not included)
- 80 A total PV branch circuits
- Factory installed hold-down kit
- Bluetooth-based Wi-Fi provisioning for easy Wi-Fi setup

Reliable

- Durable NRTL-certified NEMA type 3R enclosure
- 5-year limited warranty
- 2-year labor reimbursement program coverage included for IQ Combiner SKUs*
- UL1741 Listed

*For country-specific warranty information, see the https://enphase.com/installers/resources/warranty page.

IQ Combiner 5/5C

MODEL NUMBER	
IQ Combiner 5 (X-IQ-AM1-240-5/ X-IQ-AM1-240-5-HDK)	IQ Combiner 5 with IQ Gateway printed circuit board for integrated revenue-grade PV production metering (ANSI C12.20 ±0.5%), consumption monitoring (±2.5%), and IQ Battery monitoring (±2.5%). Includes a silver solar shield to deflect heat. IQ-AM1-240-5-HDK includes a factory installed hold-down kit compatible with all the circuit breakers mentioned in the **Accessories and Replacement Parts** section.
IQ Combiner 5C (X-IQ-AM1-240-5C / X-IQ-AM1-240-5C-HDK)	IQ Combiner 5C with IQ Gateway printed circuit board for integrated revenue-grade PV production metering (ANSI C12.20 ±0.5%), consumption monitoring (±2.5%), and IQ Battery monitoring (±2.5%). Includes Enphase Mobile Connect cellular modem (CELLMODEM-M1-06-SP-05)[1]. Includes a silver solar shield to deflect heat. IQ-AM1-240-5C-HDK includes a factory installed hold-down kit compatible with all the circuit breakers mentioned in the **Accessories and Replacement Parts** section.
WHAT'S IN THE BOX	
IQ Gateway printed circuit board	IQ Gateway is the platform for total energy management for comprehensive, remote maintenance, and management of the Enphase Energy System
Busbar	80 A busbar with support for one IQ Gateway breaker and four 20 A breakers for installing IQ Series Microinverters and IQ Battery 5P
IQ Gateway breaker	Circuit breaker, 2-pole, 10 A/15 A
Production CT	Pre-wired revenue-grade solid-core CT, accurate up to ±0.5%
Consumption CT	Two consumption metering clamp CTs, shipped with the box, accurate up to ±2.5%
IQ Battery CT	One battery metering clamp CT, shipped with the box, accurate up to ±2.5%
CTRL board	Control board for wired communication with IQ System Controller 3/3G and the IQ Battery 5P
Enphase Mobile Connect (only with IQ Combiner 5C)	4G-based LTE-M1 cellular modem (CELLMODEM-M1-06-SP-05) with a 5-year T-Mobile data plan
Accessories kit	Spare control headers for the COMMS-KIT-2 board
ACCESSORIES AND REPLACEMENT PARTS (NOT INCLUDED, ORDER SEPARATELY)	
CELLMODEM-M1-06-SP-05	4G-based LTE-M1 cellular modem with a 5-year T-Mobile data plan
CELLMODEM-M1-06-AT-05	4G-based LTE-M1 cellular modem with a 5-year AT&T data plan
Circuit breakers (off-the-shelf)	Supports Eaton BR2XX, Siemens Q2XX, and GE/ABB THQL21XX Series circuit breakers (XX represents 10, 15, 20, 30, 40, 50, or 60). Also supports Eaton BR220B, BR230B, and BR240B circuit breakers compatible with the hold-down kit.
Circuit breakers (provided by Enphase)	BRK-10A-2-240V, BRK-15A-2-240V, BRK-20A-2P-240V, BRK-15A-2P-240V-B, and BRK-20A-2P-240V-B (more details in the "Accessories" section)
XA-SOLARSHIELD-ES	Replacement solar shield for IQ Combiner 5/5C
XA-ENV2-PCBA-5	IQ Gateway replacement printed circuit board (PCB) for IQ Combiner 5/5C
X-IQ-NA-HD-125A	Hold-down kit compatible with Eaton BR-B Series circuit breakers (with screws). Not required for X-IQ-AM1-240-5-HDK/X-IQ-AM1-240-5C-HDK.
XA-COMMS2-PCBA-5	Replacement COMMS-KIT-2 printed circuit board (PCB) for IQ Combiner 5/5C
ELECTRICAL SPECIFICATIONS	
Rating	80 A
System voltage and frequency	120/240 VAC or 120/208 VAC, 60 Hz
Busbar rating	125 A
Fault current rating	10 kAIC
Maximum continuous current rating (input from PV/ storage)	64 A
Branch circuits (solar and/or storage)	Up to four 2-pole Eaton BR, Siemens Q, or GE/ABB THQL Series distributed generation (DG) breakers only (not included)
Maximum total branch circuit breaker rating (input)	80 A of distributed generation/95 A with IQ Gateway breaker included
IQ Gateway breaker	10 A or 15 A rating GE/Siemens/Eaton included
Production metering CT	200 A solid core pre-installed and wired to IQ Gateway

[1] A plug-and-play industrial-grade cell modem for systems of up to 60 microinverters. Available in the United States, Canada, Mexico, Puerto Rico, and the US Virgin Islands, where there is adequate cellular service in the installation area.

COMBINER PANEL 2200

Docusign Envelope ID: DEFB05F0-BD75-4D1E-B0CB-A24DF8DE7755

ACCESSORIES AND REPLACEMENT PARTS (NOT INCLUDED, ORDER SEPARATELY)	
Consumption monitoring CT (CT-200-CLAMP)	A pair of 200 A clamp-style current transformers is included with the box
IQ Battery metering CT	200 A clamp-style current transformer for IQ Battery metering, included with the box
MECHANICAL DATA	
Dimensions (W × H × D)	37.5 cm × 49.5 cm × 16.8 cm (14.75" × 19.5" × 6.63"). Height is 53.5 cm (21.06") with mounting brackets.
Weight	7.5 kg (16.5 lb)
Ambient temperature range	-40°C to 46°C (-40°F to 115°F)
Cooling	Natural convection, plus heat shield
Enclosure environmental rating	Outdoor, NRTL-certified, NEMA type 3R, polycarbonate construction
Wire sizes	• 20 A to 50 A breaker inputs: 14 to 4 AWG copper conductors • 60 A breaker branch input: 4 to 1/0 AWG copper conductors • Main lug combined output: 10 to 2/0 AWG copper conductors • Neutral and ground: 14 to 1/0 copper conductors • Always follow local code requirements for conductor sizing
Communication (in-premise connectivity)	Built-in CTRL board for wired communication with the IQ Battery 5P and the IQ System Controller 3/3G. Integrated power line communication for IQ Series Microinverters.
Altitude	Up to 2,600 meters (8,530 feet)
COMMUNICATION INTERFACES	
Integrated Wi-Fi	802.11b/g/n (dual band 2.4 GHz/5 GHz) for connecting the Enphase Cloud through the internet.
Wi-Fi range (recommended)	10 m (32.8 feet)
Bluetooth	BLE4.2, 10 m range to configure Wi-Fi SSID
Ethernet	Optional, 802.3, Cat5E (or Cat 6) UTP Ethernet cable (not included) for connecting to the Enphase Cloud through the internet.
Cellular/Mobile Connect	CELLMODEM-M1-06-SP-05 or CELLMODEM-M1-06-AT-05 (included with the IQ Combiner 5C)
Digital I/O	Digital input/output for grid operator control
USB 2.0	Mobile Connect, COMMS-KIT-01 for IQ Battery 3/3T/10/10T, COMMS-KIT-02 for IQ Battery 5P
Access point (AP) mode	For connection between the IQ Gateway and a mobile device running the Enphase Installer App
Metering ports	Up to two Consumption CTs, one IQ Battery CT, and one Production CT
Power line communication	90–110 kHz
Web API	See https://developer-v4.enphase.com
Local API	See Guide for local API
COMPLIANCE	
IQ Combiner with IQ Gateway	UL 1741, CAN/CSA C22.2 No. 107.1, Title 47 CFR, Part 15, Class B, ICES 003, NOM-208-SCFI-2016, UL 61010-1, CAN/CSA 22.2 No. 61010-1, IEEE 1547: 2018 (UL 1741-SB, 3rd Ed.), IEEE 2030.5/CSIP Compliant, Production metering: ANSI C12.20 accuracy class 0.5 (PV production)

COMPATIBILITY		
PV	Microinverters	IQ6, IQ7, and IQ8 Series Microinverters
COMMS-KIT-01[2]	IQ System Controller	EP200G101-M240US00
	IQ System Controller 2	EP200G101-M240US01
	IQ Battery	ENCHARGE-3-1P-NA, ENCHARGE-10-1P-NA, ENCHARGE-3T-1P-NA, ENCHARGE-10T-1P-NA
COMMS-KIT-02[3]	IQ System Controller 3	SC200D111C240US01, SC200G111C240US01
	IQ Battery	IQBATTERY-5P-1P-NA

[2] For information about IQ Combiner 5/5C compatibility with the 2nd-generation batteries, refer to the compatibility matrix.
[3] IQ Combiner 5/5C comes pre-equipped with COMMS-KIT-02.

Accessories

Mobile Connect

4G-based LTE-M1 cellular modem with a 5-year data plan
(CELLMODEM-M1-06-SP-05 for T-Mobile and CELLMODEM-M1-06-AT-05 for AT&T)

Circuit breakers

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: 832F09DD-081D-48E3-867B-B947D2F4E2AF

APPLICATION FOR INTERCONNECTION OF CUSTOMER-OWNED RENEWABLE GENERATION SYSTEMS

TIER 1 - Ten (10) kW or Less
TIER 2 - Greater than 10 kW and Less Than or Equal to 100 kW
TIER 3 - Greater than 100 kW and Less Than or Equal to Two (2) MW

Note: These customer-owned renewable generation system size limits may be subject to a cumulative enrollment limit on net-metering customers located in the area served by the City of Ocala Electric Utility. Please refer to the Ocala Electric Utility Net-Metering Rate Schedule.

Ocala Electric Utility customers who install customer-owned renewable generation systems (RGS) and desire to interconnect those facilities with the Ocala Electric Utility system are required to complete this application. When the completed application and fees are returned to Ocala Electric Utility, the process of completing the appropriate Tier 1, Tier 2 or Tier 3 Interconnection Agreement can begin. This application and copies of the Interconnection Agreements may be obtained at Ocala Electric Utility, located at 201 SE 3rd Street, Ocala, Florida 34471, or may be requested by email from OEU@ocalafl.org.

1. Customer Information

Name: Wilnelia Cruz Viruet

Mailing Address: 2943 NE 45th Avenue

City: Ocala State: FL Zip Code: 34470

Phone Number: 352-286-0748 Alternate Phone Number: _____

Email Address: wcruzviruet@gmail.com Fax Number: _____

Ocala Electric Utility Customer Account Number: 562075-208761

2. RGS Facility Information

Facility Location: 2943 NE 45th Avenue Ocala, Fl. 34470

Ocala Electric Utility Customer Account Number: 562075-208761

RGS Manufacturer: Aptos Solar Technology

Manufacturer's Address: 3140 De La Cruz Blvd. Ste200

Santa Clara, CA. 95054

Reference or Model Number: DNA-144-MF-26-440W (16 Modules-440W)

Serial Number: Inverter-Solaredge SE5000H-US

(Continued on Sheet No.19.1)

Docusign Envelope ID: 832F09DD-081D-48E3-867B-B947D2F4E2AF

3. Facility Rating Information

Gross Power Rating: 5.98kWac ("Gross power rating" means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with Ocala Electric Utility's distribution facilities. For inverter-based systems, the AC nameplate generating capacity shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.)

Fuel or Energy Source: Solar PV

Anticipated In- Service Date: 2/24/2023

4. Application Fee

The application fee is based on the Gross Power Rating and must be submitted with this application. The non-refundable application fee is $375 for Tier 2 and $750 for Tier 3 installations. There is no application fee for Tier 1 installations.

5. Interconnection Study Fee

For Tier 3 installations, a deposit in the amount of the estimated costs of the study (to be determined at time of application) must be paid along with this application in addition to the application fee referenced in Article 4 above. This deposit will be applied toward the cost of an interconnection study. The customer will be responsible for the actual costs of the study. Should the actual cost of the study be less than the deposit, the difference will be refunded to the customer. Customer agrees to comply with all interconnection requirements identified in the interconnection study report.

6. Required Documentation

Prior to completion of the Interconnection Agreement, the following information must be provided to the Ocala Electric Utility by the customer.

A. Documentation demonstrating that the installation complies with (or most current version at time of inspection approval):

1. IEEE 1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power Systems.
2. IEEE 1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnecting Distributed Resources with Electric Power Systems.
3. UL 1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed Energy Resources.

(Continued on Sheet No. 19.2)

Docusign Envelope ID: 832F09DD-081D-48E3-867B-B947D2F4E2AF

B. Documentation that the customer-owned renewable generation has been inspected and approved by local code officials prior to its operation in parallel with the Ocala Electric Utility system to ensure compliance with applicable local codes. OEU will also require proof of commission testing by a qualified 3rd party testing company (not affiliated in any way with the manufacturer, vendor or installation contractor), for compliance with all required and applicable codes, standards, and interconnection study requirements, prior to setting of OEU metering equipment.

C. Proof of insurance in the amount of:
Tier 1 - $100,000.00
Tier 2 - $1,000,000.00
Tier 3 - $2,000,000.00

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 3rd day of February, 20 26, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and Wilnelia Cruz Viruet, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

(Continued on Sheet No. 20.1)

Docusign Envelope ID: 832F09DD-081D-48E3-867B-B947D2F4E2AF

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: 832F09DD-081D-48E3-867B-B947D2F4E2AF

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

(Continued on Sheet No. 20.3)

Docusign Envelope ID: 832F09DD-081D-48E3-867B-B947D2F4E2AF

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

(Continued on Sheet No. 20.4)

Docusign Envelope ID: 832F09DD-081D-48E3-867B-B947D2F4E2AF

7.05. Enforcement of Agreement. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by either FMPA or OEU of the sovereign immunity applicable to either or both of them as established by Florida Statutes, 768.28.

(Continued on Sheet No. 20.5)

Docusign Envelope ID: 832F09DD-081D-48E3-867B-B947D2F4E2AF

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Docusign Envelope ID: 832F09DD-081D-48E3-867B-B947D2F4E2AF

Tier 1 – Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 3rd day of February, 20 26, by and between Wilnelia Cruz Viruet, (hereinafter called "**Customer**"), located at 2943 NE 45th Avenue in Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereinafter called OEU), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the interconnection is taking place: 2943 NE 45th Avenue Ocala, Fl. 34470.

WITNESSETH

Whereas, a Tier 1 Renewable Generation System (RGS) is an electric generating system that uses one or more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at no more than ten (10) kilowatts (10 kW) alternating current (AC) power output and is primarily intended to offset part or all of the Customer's current electric requirements; and

Whereas, OEU operates an electric system serving the City of Ocala; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU' electrical supply grid at the location identified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU' ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, the OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

(Continued on Sheet No. 21.1)

Docusign Envelope ID: 832F09DD-081D-48E3-867B-B947D2F4E2AF

(Continued from Sheet No. 21.0)

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and the City of Ocala Electric Utility (OEU).

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU's distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 1 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. Increase in GPR above the ten kilowatt (10 kW) limit would necessitate entering into a new agreement at either Tier 2 or Tier 3 which may impose additional requirements on the Customer. In no case does the Tier 1, Tier 2 or Tier 3 agreement cover increases in GPR above two megawatts (2MW).

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).

5. The Customer shall not be required to pay any special fees due solely to the installation of the RGS.

6. The Customer shall fully comply with OEU's Design Standards following NEC standards as those documents may be amended or revised by OUS from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):

a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*
d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

(Continued to Sheet No. 21.2)

Docusign Envelope ID: 832F09DD-081D-48E3-867B-B947D2F4E2AF

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 21.3)

Docusign Envelope ID: 832F09DD-081D-48E3-867B-B947D2F4E2AF

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes an OEU interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU's electric power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS that (i) utilizes the same OEU interactive inverter for both systems, or (ii) utilizes a separate OEU interactive inverter for each system, Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU' systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's system, such that back feed from the customer-owned renewable generation system to OEU's system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 21.4)

Docusign Envelope ID: 832F09DD-081D-48E3-867B-B947D2F4E2AF

(Continued from Sheet No. 21.3)

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Section 18, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one hundred thousand dollars ($100,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

(Continued on Sheet No. 21.5)

Docusign Envelope ID: 832F09DD-081D-48E3-867B-B947D2F4E2AF

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OEU inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU' electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU system emergencies, forced outages, uncontrollable forces or compliance with prudent electric OEU practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical affects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU.
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

(Continued to Sheet No. 21.6)

Docusign Envelope ID: 832F09DD-081D-48E3-867B-B947D2F4E2AF

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.
b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, agents, contractors (and any subcontractor or material supplier thereof) and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days' notice of its intent to terminate this Agreement.

(Continued on Sheet No. 21.7)

Docusign Envelope ID: 832F09DD-081D-48E3-867B-B947D2F4E2AF

(Continued from Sheet No. 21.6)

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection Agreement and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement, which complies with the amended statutes/rules.

(Continued on Sheet No. 21.8)

Docusign Envelope ID: 832F09DD-081D-48E3-867B-B947D2F4E2AF

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule, (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

(Continued on Sheet No. 21.9)

Docusign Envelope ID: 832F09DD-081D-48E3-867B-B947D2F4E2AF

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

In Case of Emergency Call
ACDC Solar LLC
at 855-577-7999

Meets 11.12.2.1.5

Note:
-All wiring to meet the 2017 NEC and Florida electric codes.
30A Disconnect
-Type of conduit to be determined on site by contractor.

Install will be done to Manufacturer Spec

GEC NOTES
- Ungrounded system per 690.41(A)(4)
- GEC must be installed per 250.64
- GEC must be continuous un-spliced or irreversibly spliced from inverter to existing service ground system or continuous from the arrays to the existing service ground system.
- GEC must be min #8 AWG and installed in conduit
- If GEC is not in conduit, it must be #6 min

Disconnects will be Visible, lockable, adjacent to and within 10' of utility meter
All Labels & Markings for photovoltaic system will be reflective and meet all requirements for NFPA 11.12

Single Phase Inverter with HD-Wave Technology

for North America

SE3000H-US / SE3800H-US / SE5000H-US / SE6000H-US / SE7600H-US / SE10000H-US / SE11400H-US

INVERTERS

12-25 YEAR WARRANTY

Optimized installation with HD-Wave technology

- Specifically designed to work with power optimizers
- Record-breaking efficiency
- Fixed voltage inverter for longer strings
- Integrated arc fault protection and rapid shutdown for NEC 2014 and 2017, per article 690.11 and 690.12
- UL1741 SA certified, for CPUC Rule 21 grid compliance
- Extremely small
- Built-in module-level monitoring
- Outdoor and indoor installation
- Optional: Revenue grade data, ANSI C12.20 Class 0.5 (0.5% accuracy)

Power Optimizer
For Residential Installations

S440, S500

POWER OPTIMIZER

Enabling PV power optimization at the module level

- Specifically designed to work with SolarEdge residential inverters
- Detects abnormal PV connector behavior, preventing potential safety issues*
- Module-level voltage shutdown for installer and firefighter safety
- Superior efficiency (99.5%)
- Mitigates all types of module mismatch loss, from manufacturing tolerance to partial shading
- Faster installations with simplified cable management and easy assembly using a single bolt
- Flexible system design for maximum space utilization
- Compatible with bifacial PV modules

* Functionality subject to inverter model and firmware version

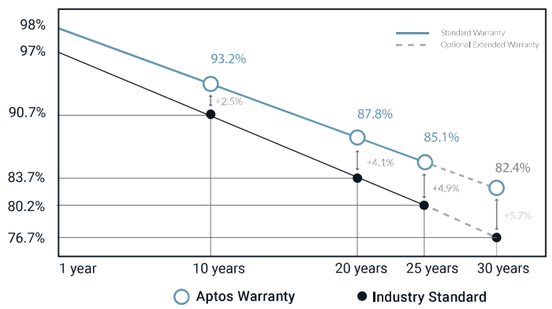
DNA™ 144

Solar for Innovators

Residential I Commercial

Designed & Engineered in Silicon Valley



440W I 435W I 430W

Our DNA™ Split Cell Series impressively combines advanced solar technologies to maximize performance. Our patented Dual Nano Absorber (DNA™) Technology allows the panel to operate at high-efficencies in extreme temperatures. Contact our sales team today to learn more about our line of high-efficienty solar panels.

- Patented DNA™ technology boosts power performance & module efficiency
- Advanced split cell technology with 9 ultra-thin busbars allows for less resistance and more photon capture
- Ideal solution for applications affected by shading
- All-black design for pristine aesthetics
  No excessive silver bussing or ribbons
- Robust product design is reslient in extreme weather. Up to 5400 Pa snow load and 210 mph wind speeds

30 Year Warranty | 3X IEC Standards | RETC Top Performer
