## **Interests & Experiences**

Please tell us about yourself and why you want to serve.

**Why do you think you are qualified to serve on this board/commission?**

I went to LaGuardia High School of Music & Arts & Performing Arts and of all the institutions I've passed through, that is my proudest affiliation. I have been a consistent cheerleader of my classmates as they rose in their careers (Awkwafina, Issa Rae, Matt McGorry, Amy Aniobi, Ben Levin, Zurin Villanueva, and more who did not know personally, but inspired me). My mother paints and her art covers the walls of my home. My fondest memory of my late grandfather was when he took me to the Louvre. The arts turn our darkest and most feared parts into beauty, connection, and passion. I see the potential of Ocala and I see the need. As a first time homeowner who chose Ocala for its raw beauty and complexity, I want to contribute to its blossoming in the arts.

**Brief Resume of Education and Experience:**

After LaGuardia Arts, I got a Bachelors in Economics from Stanford, started my career in the nascent data science field, was featured in Wired for my work at the Mayor's Office of the City of New York, and later received a Masters in Engineering from Cornell Tech (an offset of Cornell University) for Computer Science. I went on to found a startup, was listed on Forbes 30 Under 30, and later led the Data & Analytics team at Barkbox through the company's IPO. I now work from home as a technology consultant and enjoy the company of my 2 male cats while completing entrepreneurial technology projects.
