RE: CD150S-CS
Sale Quotation 156001337

Dear Liza:

Thank you for your interest in Xylem Dewatering Solutions, Inc and our Godwin Pumps line of Dri-Prime pumps.

As requested, please see the attached sale pricing for our CD150S Critically Silenced Diesel Pump with trailer and requested options.

The CD150S model is a member of the Godwin S Series of Smart pumps, equipped with a new generation of Field Smart Technology (FST) for remote monitoring and control. In addition to improved hydraulic efficiency, greater fuel economy, and streamlined serviceability.

The Critically Silenced unit is engineered from start to finish for quiet operation. The enclosure consists of 14 gauge sheet metal lined with 1" and 2" layers of polydamp acoustical sound deadening material. The engine is designed with a critical grade silenced muffler, silenced the priming exhaust, and isolated engine vibration to further reduce operating noise. Hinged, lockable doors provide convenient access to operating controls and service locations. Sound levels are approximately 69 dBA at 30 feet.

The pricing is based on the Florida Sheriff's Contract #FSA20-EQU18.0, Item #272. There are no delivery / freight charges when utilizing the FSA Contract.

Should you require further information or have any questions, please do not hesitate to contact me.

Sincerely,

Joshua Grangruth
Outside Sales Representative
