Year 2 Quarter 4:	July 1 – September 30	Q4 Report Due:	October 15

Quarterly reports must be submitted even if there are no sales or no deliveries in a quarter. If a Vendor has no sales within a quarter, the Vendor shall indicate "No sales this quarter" or "No deliveries this quarter" to FSA CPP by e-mail to Reports@flsheriffs.org.

FSA CPP reserves the right to modify the procedure for submitting quarterly reports during the term of the Contract. Such a change shall not materially modify the substance of the information to be reported but may change the method by which future quarterly reports are to be submitted. In the event of such a change, FSA CPP will provide written notice to all Vendors of the method by which future quarterly reports are to be submitted.

3.25 ADMINISTRATIVE FEE

The FSA CPP charges three quarters of one percent (.0075) to procure, process and administer the Contract. Payment of the administrative fees to the FSA CPP are the contractual responsibility of each awarded Vendor.

After receipt of payment from Contract purchases, the Vendor shall remit all administrative fees to the FSA CPP no later than fifteen (15) calendar days after the end of each quarter. All fees payable to the FSA CPP during any given quarter will be accompanied and supported by a quarterly report.

The administrative fee will remain payable to FSA CPP and no relief from payment of the administrative fee, nor any additional charge to recoup the administrative fee, will be permitted if a Vendor fails to incorporate the administrative fee in its bid pricing. The administrative fee should never be listed as a separate line item on any Purchase Order or invoice.

The administrative fee is based on the total Purchase Order amount of new items. Trade-ins, extended warranties and other exchanges will not reduce or impact the fee calculation.

The ACH form for electronic payment or wiring of funds is included in Appendix C. It is the preference of FSA CPP that all payments be electronically paid and submitted. If ACH is not available, checks for the administrative fee can be sent to:

Florida Sheriffs Association
Cooperative Purchasing Program
2617 Mahan Drive
Tallahassee, FL 32308

3.26 LIQUIDATED DAMAGES

The Vendor warrants that the item supplied to the purchaser shall conform in all respects to the standards set forth in the applicable FSA Base Specifications and the failure to comply with this condition will be considered as a breach of Contract. Any liquidated damages levied because of inadequacies or failures to comply with these requirements shall be borne solely by the Vendor responsible for same.

Failure to submit the administrative fee with accompanying quarterly reports to FSA CPP within fifteen (15) calendar days following the end of each quarter may result in the imposition of liquidated damages. Vendors failing to submit administrative fees and/or quarterly reports will incur liquidated damages in the amount of $25.00 for each calendar day that fees and reports are past due, beginning on the 16th day following the end of the quarter.

If a civil action is initiated by the FSA to recover administrative fees or liquidated damages as set forth in this section, the prevailing party shall be entitled to its reasonable attorneys' fees and costs incurred in the litigation. The venue shall lie in the Circuit Court for the Second Judicial Circuit in and for Leon County, Florida.

When quarterly reports are late, liquidated damages are to be included in Vendor's quarterly report and administrative fee submission. Liquidated damages that remain unpaid beyond forty-five (45) calendar days can result in FSA CPP, at its sole discretion, implementing Contract compliance actions, including but not limited to, suspension, limited participation by specifications or zones, disqualification from future solicitations, or termination of this Contract for cause pursuant to the Terms and Conditions.

Schedule of Liquidated Damages

Failure to submit quarterly report on time	$25.00 per calendar day
Failure to submit administrative fee on time	$25.00 per calendar day
Failure to report a Purchase Order to FSA CPP within 15 calendar days of the Purchase Order issue date	$100.00 per Purchase Order
Failure to Report Sales	.0075 of the sales price plus 1.5% each month following the delivery date.

Vendor agrees and acknowledges that its failure to take any of the actions specified in the above schedule will result in liquidated damages to this Contract. Vendor agrees and acknowledges that these liquidated damages are not intended to be and do not constitute a penalty and that these amounts are reasonably calculated to compensate the FSA CPP for the damages that it will incur as a result of the Vendor's failure to take the specified actions.

flsheriffs.org

TO: All Customers of the Florida Sheriffs Association

SUBJECT: Automated Payments through ACH

The Florida Sheriffs Association values the integrity of our business operations and knows that our partners do as well. As we continue to strengthen this partnership, FSA invites each company to offer payments to FSA via ACH. It is our goal to secure payments and reduce fraudulent transactions and this will be our primary method of accepting payments due to recent efforts to defraud FSA. Florida Sheriffs Association can be added to your company's list of vendors authorized to be paid via electronic payment for no additional fee.

Florida Sheriffs Association's Banking Information is as follows:

Checking Account
Capital City Bank
Routing Number: 063100688
Account Number: 0010867001

Please email any payment remittance information to accounting@flsheriffs.org.

If you choose to make ACH payments to the association, there is no additional charge. The information above can be used to pay with a wire transfer as well, but if you choose to pay via wire, there is a charge of $25 per wire that you will need to add to your payment.

If you have any questions at all, please contact Trish Eldridge at teldridge@flsheriffs.org or call (850) 559-5668.

Sincerely,

Trish Eldridge

Director of Accounting and Finance
Florida Sheriffs Association

Appendix D: Federal Clauses

Applicability of Third-Party Contract Provisions*
(Excluding micro-purchases, as defined in 48 C.F.R. Subpart 2.1, except Davis-Bacon requirements apply to construction contracts exceeding $2,000.) In addition to other provisions negotiated with purchasers placing federally funded Purchase Orders, Vendors must comply with the following provisions upon award of a federally funded Purchase Order:

PROVISION	Professional Services/A&E	Operations/ Management	Construction	Materials & Supplies
Equal Employment Opportunity			All	
Davis-Bacon Act			>$2,000	
Copeland "Anti-Kickback" Act			>$2,000	
Contract Work Hours and Safety Standards Act	>$100,000	>$100,000	>$100,000	>$100,000
Rights to Inventions Made Under a Contract or Agreement	If the Purchase Order involves performance of experimental, developmental or research work	If the Purchase Order involves performance of experimental, developmental or research work	If the Purchase Order involves performance of experimental, developmental or research work	If the Purchase Order involves performance of experimental, developmental or research work
Clean Air Act	>$150,000	>$150,000	>$150,000	>$150,000
Federal Water Pollution Control Act	>$150,000	>$150,000	>$150,000	>$150,000
Debarment and Suspension	All	All	All	All
Byrd Anti-Lobbying Amendment	>$100,000	>$100,000	>$100,000	>$100,000
Procurement of Recovered Materials	All	All	All	All
Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment	All	All	All	All
Domestic Preferences for Procurements	All	All	All	All

*References to the Code of Federal Regulations ("C.F.R.") or United States Code ("U.S.C.") were accurate at the time of publication. It is the responsibility of the Bidder to ensure compliance is met of the referenced state and federal laws within the published rules.

EQUAL EMPLOYMENT OPPORTUNITY: Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. Part 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 C.F.R. part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of

Labor." The clause set forth in 41 C.F.R. 60-1.4(b) is incorporated herein by reference. Vendor must comply with this clause and include this clause in all lower-tier federal assisted construction contracts.

DAVIS-BACON ACT, as amended (40 U.S.C. 3141-3148): When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 C.F.R. Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. Vendors performing construction must comply with all applicable provisions of the Davis-Bacon Act and include this clause in all lower-tier subcontracts for construction.

CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C., chapter 37): Vendor shall comply with Sections 102 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C., chapter 37), as supplemented by Department of Labor regulations (29 C.F.R. part 5).
(a) Overtime requirements. Neither Vendor nor any contractor or subcontractor contracting for any part of the purchase order work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
(b) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in Paragraph 15(a), Vendor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, Vendor or such subcontractor shall be liable to the United States (in the case of work done under the Contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in Paragraph 15(a), in the sum of $29 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in Paragraph 15(a) of this section.
(c) Withholding for unpaid wages and liquidated damages. Purchaser shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by Vendor or a subcontractor under the purchase order or any other Federal contract with Purchaser, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by Purchaser, such sums as may be determined to be necessary to satisfy any liabilities of Vendor or its subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in Paragraph (a).
(d) Subcontracts. Vendor shall insert in any subcontracts over $100,000 for construction and other purposes that involve the employment of mechanics or laborers, the clauses set forth in Paragraphs (a) through (d) and also a clause requiring the subcontractors to include these clauses in any lower-tier subcontracts.

RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT: If the Federal award meets the definition of "funding agreement" under 37 C.F.R. § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 C.F.R. Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency. Vendor shall comply with these requirements when performing a purchase order involving experimental, developmental or research work and flowdown this clause to lower-tier subcontractors performing such work.

CLEAN AIR ACT (42 U.S.C. 7401 *et seq.*) and the FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. 1251 *et seq.*), as amended: Vendor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401 *et seq.*) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 *et seq.*). Violations shall be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Vendor shall comply with the requirements of Clean Air Act and the Federal Water Pollution Control Act and include this clause in all lower-tier subcontracts with a value over $150,000.

DEBARMENT AND SUSPENSION (E.O.s 12549 and 12689): By accepting or performing this purchase order, Vendor certifies that it is not identified in the Exclusions area of the System for Award Management as being currently debarred, suspended, proposed for debarment, or otherwise excluded ("SAM Exclusion"). Vendor shall obtain similar certifications from its lower-tier subcontractors for each subcontract in excess of $25,000 and Vendor shall not award lower-tier subcontracts in excess of $25,000 to an entity subject to a SAM Exclusion.

LOBBYING RESTRICTIONS (31 U.S.C. 1352): By accepting or performing this purchase order, Vendor certifies that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Vendor shall also disclose to Purchaser any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award or contract. Vendor shall flow down this clause and require this certification for lower-tier subcontractors with a subcontract of $100,000 or more. Vendor shall provide its disclosure and all disclosures received from lower-tier subcontractors to Purchaser.

PROCUREMENT OF RECOVERED MATERIALS: A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency ("EPA") at 40 C.F.R. part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines. Vendor shall comply with this clause and include this clause in all lower-tier subcontracts.

PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT:
(a) Recipients and subrecipients are prohibited from obligating or expending loan or grant funds to:

(1) Procure or obtain;

(2) Extend or renew a contract to procure or obtain; or

(3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential

component of any system, or as critical technology as part of any system. As described in Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).

(i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).

(ii) Telecommunications or video surveillance services provided by such entities or using such equipment.

(iii) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

(b) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.
(c) See Public Law 115-232, section 889 for additional information.

DOMESTIC PREFERENCES FOR PROCUREMENTS:
(a) As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). Vendor agrees to comply with the requirements of this clause and include the requirements of this clause in all subawards including all contracts and purchase orders for work or products under this award.
(b) For purposes of this section:

(1) “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

(2) “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

Good afternoon,

We received the above estimate and total loss evaluation for the Refuse Electric garbage truck. The ACV is $506,840.00. Please advise if the city wishes to keep or discard this unit.

If kept for **parts only**, settlement would be $477,837.00 which is the ACV less the $25,000.00 deductible and less a proquote of $4,003.00. To issue payment, we will need the signed title and authority letter mailed to Copart for processing. A Certificate of Destruction will be retained then signed over to the city and mailed with an authority letter for further handling.

If discarded, settlement would be $481,840.00 which is the ACV less the $25,000.00 deductible. To issue payment, we would need the signed title, authority letter and the vehicle removed of

belongings, decals, license plate and equipment to process the salvage with Copart.

I recommend picking up the vehicle first when ready to secure the lot number then, I will provide the lot number for you include on the envelope to Copart when mailing in the signed title and authority letter. Please send me a copy for my file.

To complete the title:

- Print and sign your name where it states: SELLER MUST SIGN HERE

To complete the authority letter:

- Example attached
- Whomever is signing the title cannot complete the authority letter
- The state requires the original, wet ink letter for processing
- On letterhead

Copart

Email: Bsapp@nextranusa.com

April 28, 2026

Bryan:

Southern Sewer Equipment Sales appreciates the opportunity to provide the City of Ocala with a quote for a New Way Sidewinder 31-yard refuse body to be mounted on your suitable chassis. Please review the attached equipment list.

Total Price for a New Way Sidewinder Refuse Body with City of Ocala Option Package: $199,175.00*

Pricing based on current market conditions and chassis arrival before November 30, 2026. Does not include unforeseen changes due to volatile market fluctuations and/or material surcharges. These prices do not include any contract fees. Quote is valid for 30 days.

Minimum Chassis Requirements:
Clear Usable 194" CT
72" After Frame
66,000 lb. GVWR, ***Tires must meet Florida DOT GVWR requirements***
Clear Left Rail 50"
Clear Right Rail 85"
Mack Layout Code: MBP3038

This price does include delivery to a Florida location. Anticipated delivery time should be 150-180 days after receipt of chassis and order. Please have your chassis shipped to New Way in Booneville, MS.

Please feel free to contact Bill Stinson at (772) 216-2173, if you have any questions.

Sincerely,

Jenny Mitchem

Outlook

Mack EPA Engine Change

From Bryan Sapp <bsapp@nextranusa.com>
Date Wed 5/27/2026 8:45 AM
To John King <jking@ocalafl.gov>
Cc Liza F. Warmuth <lwarmuth@ocalafl.gov>

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. King,

Per our conversation, Mack Trucks will discontinue the 11 liter, MP7 engine platform January 1, 2027. This is due to the new EPA emissions regulations that take effect on the same date. Mack has chosen to use the new Cummins 10 liter engine platform. Mack estimates the new platform to add an additional $20k to $25k to the cost, but as of today they have made no official announcement. Additionally, the new engine platform is not listed on the current Florida Sheriffs Bid. We are working with Mack to establish actually pricing and will have it added to the FSA Bid for Oct 1, 2026. Mack has made us aware that may be chassis available with the current engine and emissions platform later this year on a first come first serve bases. This chassis will be at current Florida Sheriffs Bid pricing, a considerable discount compared to the anticipated 2027 / 2028 FSA bid.

Please call me if you have any questions or if you need further clarfications.

Thank You

File #: BR-2026-143 Agenda Item #: 10d.

Submitted By: Christina Guy

Presentation By: John King

Department: Fleet

FORMAL TITLE:
Budget Resolution 2026-143 to amend the Fiscal Year 2025-26 budget to transfer funds from the General Liability Claims fund for the purchase of one refuse vehicle for the Public Works Department in the amount of $477,837

OCALA'S RELEVANT STRATEGIC GOALS:
Operational Excellence

PROOF OF PUBLICATION:
N/A

BACKGROUND:
Vehicle 06-273 was removed from service following an incident that resulted in a total loss. It was determined that the cost to repair the vehicle would exceed its replacement value, making it impractical to restore.

FINDINGS AND CONCLUSIONS:
Staff recommends replacing vehicle 06-273 to support the Public Works operations. Insurance proceeds in the amount of $477,837 will be utilized to facilitate the purchase from Nextran Truck Centers under the Florida Sheriffs Association Contract No. FSA25-VEH23.0.

FISCAL IMPACT:
The City's General Liability Claims Reserves Fund (626-099-999-590-81-45020) has approved $477,837 for this purchase, which will be allocated to account 453-023-602-534-66-64010 - Public Works Sanitation Machinery & Equipment. Out of this total, $432,521 will be specifically used for the purchase, while $45,316 is reserved for future equipment needs.

PROCUREMENT REVIEW:

BUDGET RESOLUTION 2026-143

A RESOLUTION TO AMEND THE FISCAL YEAR 2025-26 BUDGET TO SUPPORT THE REPLACEMENT OF ONE REFUSE VEHICLE APPRAISED AT A TOTAL LOSS AND TRANSFER FUNDS FROM THE GENERAL LIABILITY CLAIMS FUND TO THE PUBLIC WORKS SANITATION FUND IN THE AMOUNT OF $477,837

WHEREAS, city vehicle 06-273 was appraised as a total loss due to a major incident; and

WHEREAS, the total replacement cost is $432,521; and

WHEREAS, the General Liability Claims fund approved $477,837 towards the purchase; and

WHEREAS, the remaining $45,316 will be used towards the purchase of future equipment; and

WHEREAS, the purchase will be made under the Florida Sheriffs Association Contract No. FSA25-VEH23.0 pricing.

NOW THEREFORE, BE IT RESOLVED THAT THE CITY COUNCIL OF THE CITY OF OCALA, FLORIDA, duly assembled in regular session, that the Fiscal Year 2025-26 budget be amended as outlined below:

SOURCE:

626-099-999-590-81-45020	General Liability Fund - Insurance Claims Exp	($477,837)
453-381-000-000-19-38626	Trf In - Genl Liab Claims Fund	$477,837

USE:

I have read and understand the above. It is intended by my signature hereon that this be a binding, enforceable sales agreement.
I further understand that the terms and conditions that follow are a true and integral part of this agreement.

_____ _____
Purchaser's Signature ***Date***

_____ _____
Accepted by Nextran Truck Centers ***Date***

This agreement shall not be binding on Nextran Truck Centers until accepted by the General Manager.

TERMS AND CONDITIONS

1. Acceptance. The purchaser identified on the first page hereof ("**Purchaser**") and Nextran Corporation, a Florida corporation d/b/a Nextran Truck Centers ("**Dealer**") hereby agree that these Terms and Conditions are incorporated into, and constitute an integral part of, the Sales Agreement governing Purchaser's purchase of motor vehicles from Dealer as more particularly described on the first page hereof.

2. Purchaser's Payment of Charges. Purchaser shall pay all charges arising out of or associated with this Agreement, whether correctly stated on page one of this Sales Agreement or otherwise, including without limitation all tag, license, tire, battery and lien fees, and all federal, state and local taxes. Purchaser shall pay all amounts required to pay off and satisfy in full all liens on Purchaser's trade-in vehicle(s), as may be required by any such lien holder, regardless of whether the lien holder has quoted the wrong amount, the payoff amount has changed since the date of any such quote, or Purchaser has failed to disclose all lien holders on such vehicle(s). If Purchaser chooses to pay any portion of the purchase price by using a bank or credit card, Purchaser shall pay all charges associated with the use of such card imposed on Dealer and shall promptly reimburse Dealer upon demand for any such costs arising after the consummation of any sale.

3. Deposit. Upon the execution of this Sales Agreement, Purchaser shall pay to Dealer a non-refundable deposit in the amount set forth on the first page of this Sales Agreement. If Dealer fails to deliver the motor vehicle(s) as contemplated herein, Purchaser's sole remedy against Dealer shall be a return of the deposit as liquidated damages in full settlement of any and all claims relating to this Sales Agreement, and Purchaser hereby waives any claims to the contrary. If Purchaser fails to pay the balance of the Selling Price, fails to take delivery of the motor vehicle for any reason or otherwise breaches its obligations under this Sales Agreement, Dealer shall be entitled to retain the entire deposit as liquidated damages in full settlement of any and all related claims. Purchaser and Dealer acknowledge that their actual damages arising out of any breach of this Sales Agreement would be difficult or impossible to calculate with specificity and that the foregoing treatment of the deposit constitutes mutually bargained liquidated damages and not a penalty.

4. Commercially Reasonable Efforts. Dealer shall use all commercially reasonable efforts to make prompt delivery of the motor vehicle(s) contemplated hereby. However, Purchaser acknowledges and agrees that time is not of the essence with respect to the transactions contemplated in this Sales Agreement.

5. Warranties. DEALER MAKES NO REPRESENTATIONS OR WARRANTIES OTHER THAN THE MANUFACTURER'S WARRANTY ON NEW MOTOR VEHICLES. ALL USED MOTOR VEHICLES ARE **SOLD BY PURCHASER "AS IS, WITHOUT WARRANTY," EITHER EXPRESS OR IMPLIED. DEALER SPECIFICALLY DISCLAIMS ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE OF THE MOTOR VEHICLE(S) SOLD UNDER THIS SALES AGREEMENT, ALL OF WHICH PURCHASER HEREBY WAIVES TO THE FULLEST EXTENT PERMITTED BY LAW.** Purchaser acknowledges that no person is authorized to make any representations or warranties to the contrary, whether oral or written. _____ ***(Initials of Purchaser)***

6. Limitation of Liability; Waiver of Claims. Purchaser shall have the right to fully inspect the motor vehicles sold under this Sales Agreement at the time of delivery. Dealer shall not be liable for, and Purchaser's acceptance of such motor vehicle constitutes Purchaser's waiver of, any and all claims, causes of action, losses and damages arising out of Dealer's sale of the motor vehicle to Purchaser, including without limitation any and all actual, incidental or consequential damages arising out of: a) loss, damage or delays for any reason; b) failure to supply any property ordered hereunder; c) loss of use, loss of time, lost profits or income; d) changes in design, materials or specifications; e) modifications to the motor vehicle performed by others; and f) defects in design, materials or workmanship, in each case with respect to the motor vehicles purchased by Purchaser pursuant to this Sales Agreement.

Purchaser shall indemnify, defend and hold Dealer and its affiliated companies and their officers, agents, and employees harmless from and against all loss, liability and expense, including reasonable attorneys' fees, by reason of bodily injury including death, and property damage, sustained by any persons including but not limited to the officers, agents and employees of Purchaser, as a result of the maintenance, use, operation, servicing, transportation, defect in or failure of such motor vehicles, whether such bodily injury, death or property damage is due or claimed to be due in whole or in part, to any neglect, default, defect, fault, failure, act or omission, by or on behalf of Dealer, its officers, agents and employees or any other person, including but not limited to any claims of strict liability in tort, breach of warranty, and/or negligence. Purchaser acknowledges that this waiver constitutes a material inducement for Dealer to consummate the transactions contemplated in this Sales Agreement and is subject to no exceptions.

7. Modifications by Others. Purchaser acknowledges that any requested modifications to the motor vehicles subject to this Sales Agreement to be performed by others are Purchaser's sole responsibility, and Purchaser shall pay Dealer for the cost of such modifications, regardless of whether Purchaser takes delivery of the vehicle. Dealer is not liable for any defects in design, materials or workmanship, or any errors or omissions by such third parties.

8. Trade-in Allowance. The trade-in allowance set forth on page one of this Sales Agreement is based upon an appraisal by Dealer of the trade-in described herein in its present mechanical condition and with the equipment and attachments described on Dealer's appraisal sheet. Such trade-in shall be subject to reappraisal at the time of delivery of the motor vehicle to be sold hereunder. Purchaser shall be liable for any differences in the trade-in allowance due to changes in mechanical condition, equipment or attachments.

9. Entire Agreement. This Sales Agreement constitutes the complete and exclusive statement of the terms of the agreement between Purchaser and Dealer concerning the subject matter hereof and supersedes all prior agreements, understandings, negotiations and discussions of the parties, whether written or oral. No modification, course of conduct, amendment, supplement to or waiver of this Sales Agreement shall be binding unless made in writing and signed by both Purchaser and Dealer.

10. Assignment. This Sales Agreement may not be assigned by Purchaser without Dealer's prior written consent, and any attempted assignment by Purchaser shall be null and void. Subject to the foregoing, this Sales Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, successors, permitted assigns and legal representatives. There are no third party beneficiaries of this Sales Agreement.

11. Governing Law; Consent to Jurisdiction; Waiver of Right to Trial by Jury. This Sales Agreement and the rights and obligations of the parties hereunder shall be governed by, and construed and interpreted in accordance with, the laws of the State of Florida, without giving effect to the conflict of laws principles thereof. Venue for any litigation, legal action or other proceedings arising out of or relating to this Sales Agreement shall lie solely in the courts of the State of Florida located in Dade County, Florida. Purchaser and Dealer (a) agree that such courts shall have exclusive jurisdiction over any matters arising out of or related to this Sales Agreement and (b) hereby waive any and all claims to the effect that any of such courts constitutes an inconvenient forum. The parties hereby irrevocably and unconditionally waive any right they may have to a trial by jury in any suit, action, proceeding, or counterclaim arising out of or relating to this SALES Agreement.

12. Miscellaneous. Risk of loss shall pass to the Purchaser upon delivery of the motor vehicle sold under this Sales Agreement. A facsimile of this Sales Agreement shall have the same legal effect as an original hereof. In the event of any litigation arising out of this Sales Agreement, the non-prevailing party shall reimburse the prevailing party for the reasonable attorneys' fees and other expenses incurred by the prevailing party in connection therewith.

1.0 GENERAL CONDITIONS

1.01 BID CORRESPONDENCE

All correspondence regarding this bid should be directed to the Florida Sheriffs Association ("FSA"). Please be sure to reference the bid number and title and provide your contact information. Communication for this Invitation to Bid should be identified by contract number and title and directed to:

Florida Sheriffs Association
Attn: Cooperative Purchasing Program Coordinator
2617 Mahan Drive
Tallahassee, FL 32308
E-mail: CPP@flsheriffs.org

1.02 PURPOSE

The Florida Sheriffs Association invites interested bidders, including manufacturers and dealers or authorized representatives (each a "Bidder" and together, "Bidders"), to submit responses in accordance with this solicitation document for Bid FSA25-VEH23.0 Heavy Trucks and Buses. The FSA Cooperative Purchasing Program will conduct the solicitation process and administer the resulting contract. The purpose of this bid is to establish contracts with manufacturers and/or manufacturers' authorized dealers for contract terms specified under Section 1.03 for the purchase of on a "no trade-in basis."

1.03 TERM OF CONTRACT

The term for Contract FSA25-VEH23.0 Heavy Trucks and Buses ("Contract" or "Agreement") shall remain in effect for two years from date of Contract execution by the FSA, and may be extended by mutual agreement, at the sole option and discretion of the FSA. The initial term of this Contract begins October 1, 2025, and ends September 30, 2027.

Contract extensions will only be executed when the FSA determines, based on then-existing conditions, that it is in the best interest of the FSA and the purchasers to do so.

1.04 JURISDICTION

This Agreement and the provisions contained herein shall be governed by and interpreted and construed in accordance with the laws of the State of Florida. Each party consents that the venue for any litigation arising out of or related to this Agreement shall lie in the appropriate court in and for Leon County, Florida.

1.05 SHERIFF AS COUNTY CONSTITUTIONAL OFFICER

The Offices of the Sheriff in the State of Florida are constitutional offices of the State of Florida. Each has the authority either individually or collectively to execute contracts for all goods and services for the proper conduct of that office. Section 30.53, *Florida Statutes*, exempts the sheriffs' offices from the provisions of the Florida Statutes that would otherwise require sealed and competitive bidding procedures "concerning the purchase and procurement of supplies and equipment, selection of personnel, and the hiring, firing, and setting of salaries of such personnel".

The Offices of the Sheriff are not required by law to accept the lowest priced proposal and may reject any or all of the proposals without recourse. Bidders are solely responsible for their own bid preparation costs and nothing in this solicitation in any way obligates the participating sheriffs' offices for any payment for any activity or costs incurred by any Bidder in responding to this solicitation.

1.06 FUNDING

In the case of certain purchasers, including state agencies, funds expended for the purposes of a contract must be appropriated by the Florida Legislature, the individual purchaser or the purchaser's appropriating authority for each fiscal year included within the contract period. For such purchasers, their performances and obligations to pay for products or services under any resulting contract or Purchase Order, including this Contract, are contingent upon such an annual appropriation by the Legislature, individual purchaser or by the appropriating authority. Therefore, any contract or Purchase Order, including this Contract, with such a purchaser shall automatically terminate without penalty or termination costs in the event of non-appropriation.

1.07 CURRENCY

All transaction amounts, bids, quotes, provisions, payments or any part of this Contract relating to currency are to be made in United States Dollars.

1.08 GENERAL DEFINITIONS

The terms used in this Contract are defined as the following:

A. Bidder: A business or enterprise that submits a formal bid to the Florida Sheriffs Association Cooperative Purchasing Program in accordance with these Terms and Conditions. A bidder, that is not the Manufacturer, must be authorized by the Manufacturer to market and sell an item for which they are bidding.

B. Bid System: The online forum used for the submission of bids and review of bid results for the specifications connected to this Invitation to Bid. VendorLink is the software used for this bid.

C. Build Sheet: A document from the Bidder that confirms that the item submitted meets or exceeds the FSA Base Specifications. Build Sheets include, but are not limited to, the factory options list and door data plate information for vehicles that include details such as engine size and transmission, paint codes, production date, axle code, etc.

D. Dealer: An enterprise authorized by the Manufacturer to market, sell, provide, and service the items for the Florida Sheriffs Association Cooperative Purchasing Program. Dealers may be Vendor-owned and controlled, in whole or in part, or independently owned and controlled.

E. End User: A term used to distinguish the person who ultimately uses or is intended to use a product or for whom a product is designed for use.

F. Factory: Refers to the Manufacturer produced products.

G. Fleet Advisory Committee ("Committee"): An employee of a sheriff's office or other local governmental agency, or person who FSA CPP identifies as a subject matter expert who assists with the development of bid specifications and evaluation of bid responses. The Committee makes recommendations to the FSA CPP but is not responsible for final awards.

H. Florida Sheriffs Association Cooperative Purchasing Program ("FSA CPP"): The entity that administers the Invitation to Bid and contract administration functions for the resulting contract(s).

I. FSA Base Specifications: Written descriptions of the minimum requirements for each item or item group developed by the FSA CPP for Bidders to bid on. These item requirements may be unique to FSA CPP and require additional components to the Manufacturer's standard item.

J. Invitation to Bid: A competitive solicitation and award process established through the issuance of an invitation to Bidders, vendors, Dealers and Manufacturers to submit a price offer on a specific product to be provided. This term shall include the FSA Base Specifications available to Bidders on the Bid System and references to solicitation documents. The term shall not include requests for proposals, requests for quotes, requests for letters of interest, or purchase orders based on oral or written quotations.

K. Manufacturer: The original producer or provider of items offered on this Contract.

L. Manufacturer's Suggested Retail Price ("MSRP"): The Manufacturer's recommended retail selling price, list price, published list price, or other usual and customary price that would be paid by the purchaser. The following are acceptable sources of current MSRPs and MSRP Lists for use in submission of the bid solicitation and the resulting contract:
    a. Manufacturer's Computer Printouts
    b. Chrome Systems, Inc.'s PC Carbook Plus and PC Carbook Fleet Edition
    c. Manufacturer's Annual U.S. Price Book
    d. Manufacturer's official website

M. Non-Scheduled Option: Any optional new or unused component, feature or configuration that is not included or listed in the FSA Base Specifications or options provided by the Vendor.

N. Production Cutoff: A date used by Manufacturers to notify vendors and Dealers that the Manufacturer has reached maximum capacity for orders or are discontinuing the production of an item. Vehicle Manufacturers use this term when referring to any given model year for production.

O. Published List Price: A standard "quantity of one" price currently available to government and educational purchasers, excluding cooperative or volume discounts.

P. Purchase Order: An official request for order from a purchaser to an awarded Vendor for an item that has been awarded on this Contract. Purchase Orders placed using this Contract formalize the Terms and Conditions of this Contract under which a Vendor furnishes items to a purchaser.

Q. Purchaser: An entity that seeks to obtain items awarded on this Contract by meeting the eligible user criteria.

R. Qualifications Packet: This packet containing the required forms, attestations, authorizations, and organizational information needed by Bidders to qualify.

S. Terms and Conditions: This document, which serves as the governing Invitation to Bid and Contract for the identified FSA CPP Invitation to Bid and resulting contract(s). Standard regulations, processes, procedures, and compliance requirements are identified herein. Bidders complete a Qualifications Packet during the bid process indicating they agree to comply with the Terms and Conditions, and that this will serve as the

Contract for both parties, should the Bidder(s) receive award. Bidder must respond to the Contract Signature Form affirming acceptance of the Terms and Conditions, which will serve as the Contract for both parties, should the Bidder receive an award.

T. Third Party Supplier: Businesses external to a Bidder or Vendor that provide products and services which contribute to the overall finished item in this Contract. Third Party Suppliers are contractors and/or subcontractors under the direction and responsibility of the Bidder or Vendor.

U. Vendor: The Bidder(s) that receive award, who agree to provide the contract items that meet the requirements of this ITB and FSA Base Specifications of the Contract. The Vendor must agree to the Terms and Conditions, which will serve as the governing Contract. If the Vendor is not the Manufacturer, the Vendor must be authorized by the Manufacturer to market, sell, provide, and service all awarded items.

V. Vendor Installed: A product or service provided by the Vendor or other third party; not the factory.

1.09 ELIGIBLE PURCHASERS OF CONTRACT

Awarded bid contract pricing will be extended and guaranteed to the Florida Sheriffs Association, any unit of local government, political subdivision or agency of the State of Florida ("State"). This includes, but is not limited to counties, municipalities, sheriffs' offices, clerks, property appraisers, tax collectors, supervisors of elections, school boards or districts, water management districts, other special districts, police and fire departments, emergency response units, state universities and colleges, or other state, local or regional government entities within the State of Florida. Eligible purchaser also includes all Eligible Users as defined in Section 60A-1.001(2), *Florida Administrative Code* ("F.A.C.").

All purchasers are bound by applicable Federal and State law, local ordinances, rules and regulations for purchases made under this Contract. Participating agencies cannot guarantee any order other than those ordered by the individual agency.

In addition, awarded bids can be extended and guaranteed to other entities, which can include out-of-state sales, in accordance with Vendors' individual Manufacturers' agreements. Vendors that wish to extend contract pricing to entities other than those defined here are governed by their Manufacturers' agreements and must agree to the Terms and Conditions.

1.10 LEGAL REQUIREMENTS

Federal, State, and local laws, ordinances, rules and regulations, including any applicable motor vehicle dealer laws, that in any manner affect the items covered herein apply to this Contract and all services, work, materials, and supplies provided by Vendor in order to fulfill its obligations under this Contract. Lack of knowledge by the Bidder of applicable legal requirements will in no way be a cause for relief from responsibility.

Bidders have the option to certify that they are willing to accept Purchase Orders funded in whole or in part with Federal funds. By opting in, Bidders certify that they are willing to comply with the requirements outlined in Appendix D upon receipt of a federally funded Purchase Order. This is not a requirement of the Invitation to Bid or Contract. Bidders are not required to opt-in; however, they are required to indicate whether they will opt-in or opt-out of receiving federally funded Purchase Orders. FSA CPP has taken actions to provide and develop information, materials, and resources for Bidders, Vendors and purchasers that will assist in the use of Federal funding with this

Contract. It is the responsibility of the purchaser to determine compliance for each Vendor, if they wish to use Federal funds for purchase or intend to request reimbursements using Federal funds.

1.11 PATENTS & ROYALTIES

The Vendor, without exception, shall indemnify and hold harmless the Florida Sheriffs Association ("FSA") and its employees from liability of any nature or kind, including costs and expenses for, or on account of, any copyrighted, patented, or unpatented invention, process, or article manufactured or used in the performance of the Contract, including its use by the FSA or a purchaser.

If the Bidder uses any design, device or materials covered by letters, patent, or copyright, it is mutually understood and agreed, without exception, that the bid prices shall include all royalties or costs in any way arising, directly or indirectly, from the use of such design, device, or materials in any way involved in the work.

1.12 FEDERAL AND STATE STANDARDS

It is the intent of FSA CPP that all specifications herein are in full and complete compliance with all Federal and State of Florida laws, requirements, and regulations applicable to the type and class of commodities and contractual services being provided.

In addition, any applicable Federal or State legal or regulatory requirements that become effective during the term of the Terms and Conditions, regarding the items and services specifications, safety, and environmental requirements shall immediately become a part of the Terms and Conditions. The Vendor shall meet or exceed any such requirements of the laws and regulations. If an apparent conflict exists, the Vendor shall contact the FSA CPP immediately.

1.13 UNDERWRITERS' LABORATORIES

Unless otherwise stipulated in the bid, all manufactured items and fabricated assemblies shall be Underwriters' Laboratories, or U.L., listed or re-examination listing where such has been established by U.L. for the item(s) offered and furnished.

1.14 AMERICANS WITH DISABILITIES ACT

To request this material in accessible format, sign language interpreters, information on access for persons with disabilities, or any accommodation to review any document or participate in any FSA sponsored proceeding, please contact FSA Human Resources at (850) 877-2165 five business days in advance to initiate your request. TTY users may also call the Florida Relay Service at 711.

1.15 REASONABLE ACCOMMODATION

In accordance with the Title II of the Americans with Disabilities Act, any person requiring an accommodation because of a disability at the bid opening must contact the FSA Human Resources at (850) 877-2165.

1.16 DISADVANTAGED BUSINESSES

As part of the solicitation process FSA CPP makes information publicly available to potentially qualified entities, and conducts additional outreach to qualified:

- Small businesses,
- Minority-owned small businesses,
- Women-owned small business enterprises, and
- Disadvantaged business enterprises.

FSA CPP takes necessary affirmative steps to ensure that minority businesses, women's business enterprises, and labor surplus area firms are used, when possible, as recommended by 2 C.F.R. § 200.321. FSA CPP will:

- Evaluate whether small, minority, and women's businesses are potential sources,
- Place those qualified small and minority businesses and women's business enterprises on solicitation lists, and
- Search the Small Business Administration, Minority Business Development Agency, and Labor Surplus Area reports for additional potential sources.

Bidders self-certify in the Qualifications Packet whether they meet the state and federal definitions of a small business, minority-owned small business, women-owned small business enterprise, and disadvantaged business.

1.17 ANTI-DISCRIMINATION, E-VERIFY, AND ANTI-HUMAN TRAFFICKING REQUIREMENTS

The Bidder certifies that they are in compliance as applicable by federal or state law with the non-discrimination clause contained in Section 202, Executive Order 11246, as amended by Executive Order 11375, relative to equal employment opportunity for all persons without regard to race, color, religion, sex or national origin.

The Vendor shall comply with and perform all applicable provisions of Section 448.095, *Florida Statutes*. The Vendor shall register with and use the United States Department of Homeland Security's E-Verify system to verify the work authorization status of all newly hired employees. The FSA CPP, or purchaser, may terminate this Agreement immediately for cause if there is a good faith belief that the Vendor has knowingly violated Section 448.091, *Florida Statutes*.

If the Vendor anticipates entering into agreements with a subcontractor for the services and/or work contemplated under this Agreement, the Vendor will not enter into the subcontractor agreement without first receiving an affidavit from the subcontractor regarding compliance with Section 448.095, *Florida Statutes*, and stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. The Vendor shall maintain a copy of such affidavit for the duration of the agreement and provide a copy to the FSA CPP, or purchaser, upon request.

In the event that the FSA CPP, or purchaser, has a good faith belief that a subcontractor has knowingly violated Section 448.095, *Florida Statutes*, but the Vendor has otherwise complied with its obligations hereunder, the FSA CPP, or purchaser, shall promptly notify the Vendor. The Vendor agrees to immediately terminate the agreement with the subcontractor upon notice from the FSA CPP or purchaser. Further, absent such notification from the FSA CPP or purchaser, the Vendor or any subcontractor who has a good faith belief that a person or entity with which it is contracting has knowingly violated Section 448.09(1), *Florida Statutes*, shall promptly terminate its agreement with such person or entity.

By entering into this Contract, the Vendor represents that no public employer has terminated a contract with the Vendor under Section 448.095(5)(c), *Florida Statutes*, within the year immediately preceding the date of this Contract.

The Vendor certifies, by acceptance of this Contract, that neither it nor its principals utilize coercion for labor or services as defined in Section 787.06, *Florida Statutes*. The Vendor agrees to execute an affidavit in a form satisfactory to FSA CPP or the purchaser in compliance with Section 787.06(13), *Florida Statutes*.

1.18 BEST COMMERCIAL PRACTICES

The apparent silence or omission of any description from the specifications shall be regarded as meaning that only the best commercial practices, size, and design are to be used. All workmanship is to be first quality. All interpretations of FSA Base Specifications shall be upon the basis of this statement.

1.19 PUBLIC ENTITY CRIMES ("PEC") AND SCRUTINIZED COMPANIES STATEMENTS

In accordance with the Public Entity Crimes Act, Section 287.133, *Florida Statutes*, a person or affiliate who has been placed on the convicted vendor list, maintained by the State of Florida Department of Management Services following a conviction for public entity crimes, may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a vendor, supplier, sub-vendor, or consultant under a contract with a public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, *Florida Statutes*, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

In accordance with Section 287.135, *Florida Statutes*, Bidder certifies that neither it nor any of its officers, directors, executives, partners, shareholders, members, or agents is on the Scrutinized Companies with Activities in Sudan List, the Scrutinized Companies with Activities in the Iran Terrorism Sectors List, or the Scrutinized Companies that Boycott Israel List created pursuant to Sections 215.4725 and 215.473, *Florida Statutes*, and in the event such status changes, Bidder and/or Vendor, if status changes after award, shall immediately notify FSA CPP and/or the purchaser. If Bidder and/or Vendor, if applicable after award, is found to have submitted a false statement, has been placed on the Scrutinized Companies with Activities in Sudan List, the Scrutinized Companies with Activities in the Iran Terrorism Sectors List, or has been engaged in business operations in Cuba or Syria, or is now or in the future on the Scrutinized Companies that Boycott Israel List, or engaged in a boycott of Israel, the FSA CPP may immediately terminate this Contract.

1.20 TAX EXEMPTION

Purchasers making a purchase pursuant to the awarded bid are generally exempt from Federal Excise and State Sales Tax. It is the responsibility of the Vendor to verify that the purchaser is exempt by obtaining the purchaser's Federal Excise and State Taxes and Use Certificate Number.

The Florida Sheriffs Association is a 501(c)3 organization and is exempt from all Federal Excise and State Taxes. The FSA State Sales Tax and Use Certificate Number is 85-8012646919C-3.

1.21 ORDER OF PRECEDENCE IN THE EVENT OF CONFLICT

In the event of conflict, the conflict may be resolved in the following order of priority (highest to lowest):

- Addenda to Contract Terms and Conditions, if issued
- Contract Conditions
- General Conditions

- Addenda to FSA Base Specifications, if issued
- FSA Base Specifications
- Bidder Instructions

1.22 COMMUNICATIONS

Communications between a Bidder, lobbyist or consultant and FSA are limited to matters of process or procedure and shall be made in writing to the FSA CPP Staff.

Bidders should not rely on representations, statements, or explanations other than those made in this Invitation to Bid or in any written addendum to this Invitation to Bid, and no oral representations, statements, or explanations shall be deemed to bind the FSA or Eligible Users.

1.23 CLARIFICATION AND ADDENDA

Any questions or clarifications concerning the Invitation to Bid shall be submitted to FSA CPP by e-mail to CPP@flsheriffs.org with the bid title and number referenced on all correspondence. Final questions must be received by the date for Request for Clarification stated on the Bid Calendar. Questions and answers will be posted to the FSA CPP website on the date indicated on the Bid Calendar. Questions received during the cone of silence date listed on the bid calendar will not be addressed, except as provided herein.

Interpretation of the specifications or any solicitation documents will **not** be made to the Bidder verbally, and if any verbal clarifications are provided, they are without legal effect. FSA CPP will make every attempt to e-mail updates to registered Bidders. However, posting to the FSA CPP website or the Bid System constitutes proper notice of addenda.

The FSA CPP shall issue a formal addendum if substantial changes that impact the submission of bids are required. Any such addenda shall be binding on the Bidder and shall become a part of the solicitation document. In the event of conflict with the original specifications, addenda shall govern to the extent specified. Subsequent formal addenda, if any, shall govern over prior formal addenda only to the extent specified. The FSA will not be responsible for any explanation or interpretation made verbally or in writing except those made through the posting of a formal addendum.

The bid submission constitutes acknowledgment of addenda to the FSA Base Specifications. Bids that fail to account for the specification addenda shall be determined to be nonresponsive; however, the FSA CPP may waive this requirement when in its best interest.

After the start of the Contract term, FSA CPP will notify all Vendors of any addenda and will require acknowledgement of the new terms and conditions. If the Vendor does not agree to the new terms and conditions, the Vendor's award can be removed or replaced by another Vendor or qualified responsive bidder.

1.24 SIGNED BID CONSIDERED AN OFFER

The signed bid shall be considered an offer on the part of the Bidder, which offer shall be deemed accepted upon approval by the FSA CPP. The bid submission must be signed by an authorized representative. Submission of a bid in the FSA CPP Bid System constitutes a signed bid for purposes of bid evaluation. An electronic signature may be used and shall have the same force and effect as a written signature.

1.25 ASSIGNMENT OF CONTRACT

No right or interest in this contract may be assigned, transferred, conveyed, sublet or otherwise disposed of, without prior written consent of the FSA CPP.

If the original Vendor sells or transfers all assets or the entire portion of the assets used to perform this Contract, a successor-in-interest must perform all obligations under this Contract. FSA CPP reserves the right to reject the acquiring entity as Vendor. A change of name agreement will not change the contractual obligations of the Vendor.

In the event a Manufacturer reassigns the product line to an alternate company, the Vendor is required to notify the FSA CPP in writing of the change within 10 business days of the reassignment. If the Vendor is not already an approved FSA CPP Vendor, the alternate company is required to submit a Qualifications Packet to the FSA CPP to become an approved Vendor *prior to* conducting any qualified sales. FSA CPP may approve such assignments of existing or new vendors at its discretion. The Vendor is required to honor the contract pricing and all of the applicable Terms and Conditions throughout the remaining term of the Contract.

1.26 TERMINATION OF PRODUCT LINE

If a Vendor terminates a product line (Manufacturer or brand), the Vendor is required to notify the FSA CPP within 10 business days of the decision not to retain the product line. FSA CPP may remove the terminated products from the Contract. In the event of a termination of a product line (Manufacturer or brand), the purchaser shall compensate the Vendor in accordance with the Contract for all goods delivered by the Vendor prior to termination, net of any costs incurred by the purchaser and FSA as a consequence of the termination.

1.27 DEMONSTRATION OF COMPETENCY

Bidders must be able to demonstrate a good record of performance for a reasonable period of time, and have sufficient financial support, equipment and organization to ensure they can satisfactorily execute the services if awarded a Contract under the Terms and Conditions herein stated.

The terms "equipment" and "organization" as used herein shall be construed to mean a fully equipped and well-established company in line with the best business practices in the industry and as determined by the FSA CPP.

The FSA CPP may consider any evidence available and may require submission of supporting documentation regarding the financial, technical and other qualifications and abilities of a Bidder, including past performance with the FSA CPP, in making the award.

FSA CPP may inspect the Bidder's facility prior to the award of a Contract. Bids will only be considered from firms which are regularly engaged in the business of providing the goods or services described in this Invitation to Bid.

1.28 VENDOR ABILITY TO PERFORM

The FSA CPP may require Bidders to show proof that they have been designated as authorized representatives of a Manufacturer or supplier, which is the actual source of supply. In these instances, the FSA CPP may also require information from the source of supply regarding the quality, packaging and characteristics of the products. Any conflicts between this material information provided by the source of supply and the information contained in the bid submission may render the bid nonresponsive.

During the Contract term, FSA CPP may review the Vendor's record of performance and may require submission of supporting documentation to ensure that the Vendor is providing sufficient financial support, equipment and organization.

If the FSA CPP determines that the Vendor no longer possesses the financial support, equipment and organization in order to comply with this section, FSA has the authority to immediately terminate the Contract.

By responding to this Invitation to Bid, the Bidder warrants that, to the best of his or her knowledge, there is no pending or threatened action, proceeding, or investigation, or any other legal or financial condition, that would in any way prohibit, restrain, or diminish the Bidder's ability to satisfy the obligations of a resulting contract. The Bidder warrants that neither it nor any affiliate is currently on the convicted vendor list maintained pursuant to Section 287.133, *Florida Statutes*, or on any similar list maintained by any other state or the federal government. The Bidder, by responding to this Invitation to Bid, acknowledges and warrants that, if selected, Bidder (being then considered a "Vendor") shall immediately notify the FSA CPP and purchaser(s) in writing if its ability to perform is compromised in any manner during the term of the Contract.

1.29 FINANCIAL RESPONSIBILITY

Bidder affirms by the submission of the bid and by signature on the Contract Signature Form that the Bidder:

- Has fully read and understands the scope, nature, and quality of work to be performed or the services to be rendered under this Invitation to Bid and has adequate facilities and personnel to fulfill such requirements.
- Accepts the financial responsibility associated with this bid and declares that they have the access to capital (in the form of liquidity or credit lines) in order to meet the financial demands of such award.
- Has assessed the financial responsibility required to serve the Contract as bid, including such details as the obligations to perform all items bid, zones bid, and quantities that could be ordered, as well as timing of payment from purchasers, which can be 45 calendar days from receipt of invoice.

1.30 QUALITY AND SAFETY

All materials used for the manufacture or construction of any supplies, materials or equipment covered by this bid shall be new. The items bid must be new, the latest model, of the best quality, and highest-grade workmanship that meet or exceed federal safety standards.

Items requiring certification should require certification of options in cases where non-certified options could result in the decertification of the original product or warranty. In all cases where options are not certified, the Bidder (or, if after award, the Vendor) must disclose to the end user that the non-certified options are not required to be certified. All options must meet or exceed federal safety standards.

1.31 NONCONFORMANCE

Items may be tested for conformance with specifications. Items delivered that do not conform to specifications may be rejected and returned at the Vendor's expense.

Any violation of these stipulations may also result in:

- Vendor's name being removed from the awarded vendor list.
- FSA and purchasers being advised not to do business with Vendor.

1.32 GRATUITIES

Bidders shall not offer any gratuities, favors, or anything of monetary value to any official, employee, or agent of the FSA, for the purpose of influencing consideration of this bid. Bidders shall disclose in writing any conflicts of interest to FSA prior to any award, or as soon as practicable after learning of any such conflict, including any contractual or employment relationships with FSA or potential purchasers of Bidder's products or services.

1.33 TIE BIDS

FSA CPP has the right to award multiple Bidders the primary or alternate award in the event of a tie. In the event the FSA CPP desires to break tie bids, and businesses have qualifying drug-free work programs, the award will be made using the following criteria, in order:

- Bidder within the State of Florida; and if none, then,
- Vendors' performance record with purchasers; and if none, then
- Coin Toss.

1.34 RIGHT TO AUDIT

Vendor shall establish and maintain a reasonable accounting system that enables FSA CPP to readily identify Vendor's sales. FSA CPP and its authorized representatives shall have the right to audit and to make copies of all related records pertaining to this Contract, including all government sales and eligible user information, whether kept by or under the control of the Vendor, including, but not limited to those kept by its employees, agents, assignees, successors, sub-vendors, or third-party suppliers in whatever form they may be kept – written or electronic. Such records shall include, but not be limited to:

- Accounting records, including but not limited to Purchase Orders, confirmation of orders or invoices, paid vouchers, cancelled checks, deposit slips, ledgers, and bank statements;
- Written policies and procedures;
- Subcontract files (including proposals of successful and unsuccessful Bidders, bid recaps, etc.);
- Original estimates, quotes, or work sheets;
- Contract amendments and change order files;
- Insurance documents; or
- Memoranda or correspondence.

Vendor shall maintain such records during the term of this Contract and for a period of three (3) years after the completion of this Contract or for such period of time as is required for retaining public records pursuant to Florida law. At the Vendor's expense and upon written notice from FSA CPP, the Vendor shall provide such records for inspection and audit by FSA CPP and its authorized representatives. Such records shall be made available to FSA CPP during normal business hours within three (3) business days of receipt of the written notice. FSA CPP may select the Vendor's place of business or offsite location for the audit. The FSA CPP may also request the Vendor provide requested records via e-mail.

Vendor shall ensure FSA has these rights with Vendor's employees, agents, assignees, successors, and third-party suppliers, and the obligations of these rights shall be explicitly included in any subcontracts or agreements formed between the Vendor and any sub-vendors to the extent that those subcontracts or agreements relate to fulfillment of the Vendor's obligations to FSA or purchaser(s).

Professional fees, personnel costs and travel costs incurred by FSA under its authority to audit and not addressed elsewhere will be the responsibility of the FSA. However, if the audit identifies underreporting, overpricing or overcharges (of any nature) by the Vendor to FSA or a purchaser in excess of three percent (3%) of the total Contract billings, the Vendor shall reimburse FSA for the total costs of the audit not to exceed $5,000. If the audit discovers substantive findings related to fraud, misrepresentation, or non-performance, FSA may recoup all the costs of the audit work from the Vendor.

Any adjustments or payments that must be made as a result of any such audit or inspection of the Vendor's invoices or records shall be made within a reasonable amount of time (not to exceed 60 calendar days) from presentation of FSA's findings to Vendor.

FSA has the right to assess damages or seek reimbursements or refunds based on audit results.

1.35 LICENSES AND PERMITS

The Bidder shall obtain and pay for all licenses, permits and inspection fees for this bid submission and any resulting contract. Where Vendors are required to enter or go onto FSA or purchaser property to deliver materials or perform work or services as a result of a bid award, the Vendor will assume the full duty, obligation and expense of obtaining all necessary licenses, permits and insurance.

The Bidder must, by the time of award, be actively registered to do business in the State of Florida on SunBiz.gov.

1.36 PERFORMANCE BONDS

Purchasers may request a performance bond from a Vendor. Performance bonds are recommended with pre-payment and will be at the expense of the requesting agency. Purchasers should determine the best practice in comparing performance bond expense against any prior discounts that may be available.

1.37 ELIMINATION FROM CONSIDERATION

This Invitation to Bid shall not be awarded to any person or Bidder who has outstanding debts to the FSA, whether in relation to current or previous bid awards or for other business purposes.

1.38 INDEPENDENT PREPARATION

A Bidder shall not, directly or indirectly, collude, consult, communicate or agree with any other Bidder as to any matter related to the bid each is submitting. Additionally, a Bidder shall not induce any other Bidder to modify, withdraw, submit, or not submit a bid.

Bidders and Vendors who are found to have engaged in these acts will be considered nonresponsive and will be suspended or barred from bid participation. Any contract award resulting from these acts may be terminated for default. Further, any such acts detected by the FSA may be reported to relevant law enforcement and/or prosecutorial agencies.

Bidders may submit multiple bids without violating this provision if the bid submitted is not from the same Manufacturer and product line. Dealers that share the same ownership may submit multiple bids without violating this provision if the Bidders are not in the same region featuring the same Manufacturer and product line.

1.39 DEFAULT

In case of default on the part of Vendor, the FSA CPP may take necessary steps to otherwise procure the products sought, including but not limited to procuring the products or services from the next highest ranked Bidder or from other sources. A defaulting Vendor may be held liable for costs incurred by the FSA in procuring replacement products.

1.40 PROTESTS AND ARBITRATION

Any person who is adversely affected by the decision or intended decision to award shall file a "Notice of Protest" in writing to the FSA CPP within three (3) business days after the posting of the Intent to Award and shall file a formal written protest within five (5) business days after filing the Notice of Protest. Failure to file both a notice of protest and a formal written protest within the above referenced timelines shall constitute a waiver of proceedings.

The burden is on the party protesting the award of the bid to establish grounds for invalidating the award(s). The formal written protest must state with particularity the facts and law upon which the protest is based. Options are for informational purposes only and will not serve as a basis for protest. Failure to do so will result in a denial of protest. Formal written protest which states with particularity the facts and law upon which the protest is based will be reviewed by FSA legal counsel for legal soundness and validity, and corrective action will be taken as needed contingent upon the validity of such claims. However, any additional time required and costs incurred by the FSA to substantiate a protesting party's claim(s) beyond the normal scope of its legal review due to the vague or inconclusive nature of the protesting party's filing will be reimbursable to the FSA and deducted from the protesting party's bond or security which must accompany their filing.

Any Bidder who files an action protesting a decision or intended decision pertaining to this Contract shall post a bond, cashier's check or money order payable to the Florida Sheriffs Association in the amount equal to ten percent (10%) of the item being protested. The bond, cashier's check or money order must be filed at the time of filing the formal written protest or within the five (5) business day period allowed for filing the formal written protest. FSA CPP will provide the amount required within two (2) business days of the notice of protest received. This bond or security will be conditioned upon the payment of all costs which may be adjudged against the protesting party in a court of law and/or to reimburse the FSA for additional legal expenses incurred and required to substantiate the protesting party's claim(s). Failure to post the bond or security requirement within the time allowed for filing will result in a denial of protest. The filing of the protest shall not stay the implementation of the bid award by the Florida Sheriffs Association.

Should the unsuccessful Bidder(s) decide to appeal the decision of the FSA, they shall file a notice to FSA CPP within three (3) business days of the FSA bid protest decision regarding their intent to request arbitration. A demand for arbitration with the American Arbitration Association's ("AAA") commercial panel under its rules and regulations must be made within ten (10) business days of the FSA bid protest decision. Any person who files for an arbitration with the AAA shall post with the Florida Sheriffs Association at the time of filing the formal written arbitration request, a bond, cashier's check or money order payable to the Florida Sheriffs Association in the amount equal to ten percent of the product line being protested. This amount will be the same amount as the FSA CPP provided at the time of filing the initial protest. Failure to provide written notice to FSA CPP, file a demand for arbitration with the AAA, or failure to post the required bond and security requirement within the specified timelines shall constitute a waiver of arbitration proceedings. By responding to this procurement, the Bidder expressly agrees to the use of mandatory binding arbitration to resolve any appeals of the decision of the FSA, and any claims arising from or in any way relating to the procurement process, and expressly waives any and all rights that it may otherwise have to pursue such claims in any other forum, judicial or otherwise.

If the party filing for arbitration does not prevail, it shall pay all costs, legal expenses and attorneys' fees of the prevailing party incurred in connection with the arbitration. However, if the filing party prevails, the parties shall share equally the fees and expenses of the arbitration and AAA and each shall bear the cost of their own attorneys' fees. The filing for arbitration shall not stay the implementation of the bid award by the Florida Sheriffs Association.

1.41 NONPERFORMANCE

By virtue of the bid submission, Bidder acknowledges its obligation to sell items in all zones for which it is awarded. Upon award, failure of the Vendor to comply with these requirements may result in the imposition of liquidated damages of up to $1,000 per item, which amount the Vendor agrees is reasonable, or probation, suspension, termination or a combination thereof from current and future bids at the FSA CPP's discretion.

The Vendor shall at all times during the Contract term remain responsive and responsible. In determining Vendor's responsibility, the FSA CPP shall consider all information or evidence that demonstrates the Vendor's ability or willingness to fully satisfy the requirements of the Terms and Conditions.

Vendors that are not in compliance with any of the provisions of this Contract can be assessed liquidated damages, suspended or terminated from the Contract. The FSA CPP at its sole discretion may remove a noncompliant Vendor from future competitive bid solicitations; or take other actions including suspension from the Contract until compliance issues are resolved, limit current or future vendor participation by items or zones, or other actions as determined by FSA CPP at its sole discretion.

At FSA CPP's discretion, Vendors may be required to develop corrective action plans to address contract compliance. Failure to abide by corrective action plans will result in termination of the Contract and future competitive bid solicitations at the discretion of the FSA CPP.

In situations where there is evidence that the Vendor has engaged in egregious breaches of the Contract with respect to either the FSA CPP and/or the purchaser, the Contract can be terminated immediately and the Vendor will be removed from future solicitations for a period of up to three (3) years, or a permanent ban from the bid process at the sole discretion of FSA CPP.

Specific conditions for termination include, but are not limited to: failure to perform, refusal to accept orders during the Contract term while Manufacturer orders are still being accepted for current model year or the new year if the vehicle is price protected by the factory, charging amounts exceeding MSRP on factory or Vendor installed items and packages, requiring the purchase of additional options over and above the base vehicle as a condition of acceptance of order, providing aftermarket options where factory options are available without the consent of the purchaser, any misrepresentation of optional equipment or service as being factory that fails to meet the definition as described in this document, and any other practice deemed to be inconsistent with the intent of the Contract.

Any Vendor presented with a valid Purchase Order consistent with Vendor bid quotes or other agreed upon terms and pricing is required by this Contract to accept such Purchase Order and deliver the product. Purchase Orders must be fulfilled whether or not the Purchase Order includes options. The Vendor must deliver this product in accordance with the Terms and Conditions – regardless of whether doing so will provide the Vendor with a profit or loss.

Failure to deliver the item may result in the purchaser seeking damages for the difference of cost to issue a new Purchase Order with another Vendor, plus any legal fees and damages that may be incurred in the process to facilitate a completed order. Additionally, FSA CPP may seek damages for nonpayment of administrative fees, to

which FSA CPP is entitled, according to Section 3.25, and any attorneys' fees incurred in the recovery of these damages.

1.42 SEVERABILITY

In the event any provision of this Contract is held to be unenforceable for any reason, the unenforceability thereof shall not affect the remainder of the Contract, which shall remain in full force and effect and enforceable in accordance with its terms.

1.43 TERMINATION FOR CAUSE

If, through any cause within the reasonable control of the Vendor, it shall fail to fulfill in a timely manner, or otherwise violate any of the terms of this Contract, the FSA shall have the right to terminate the services remaining to be performed. Written notice of the deficiencies shall be given to the Vendor and unless the deficiencies are corrected within ten (10) business days, the Contract may be terminated for cause immediately. The right to exercise the option to terminate for cause shall be in the sole discretion of the FSA, and the failure to exercise such right shall not be deemed to constitute a waiver of this right.

In the event of a termination for cause, the purchaser shall compensate the Vendor in accordance with the Contract for all services performed by the Vendor prior to termination, net of any costs incurred by the purchaser and FSA as a consequence of the default.

Notwithstanding the above, the Vendor shall not be relieved of liability to the FSA for damages sustained by the FSA by virtue of any breach of the Contract by the Vendor, and the FSA may reasonably withhold payments to the Vendor for the purposes of offset until such time as the exact amount of damages due the FSA from the Vendor is determined.

1.44 TERMINATION WITHOUT CAUSE

The FSA can terminate the Contract in whole or part without cause by giving written notice to the Vendor of such termination, which shall become effective thirty (30) calendar days following receipt by Vendor of such notice.

In the event of termination without cause, all finished or unfinished documents and other materials shall be properly delivered to the FSA.

The Vendor shall not furnish any product after it receives the notice of termination, except as necessary to complete the continued portion of the Contract, if any. The Vendor shall not be entitled to recover any lost profits that the Vendor expected to earn on the balance of the Contract or cancellation charges.

Any payments to the Vendor shall be only to the total extent of the purchaser's liability for goods or services delivered prior to the date of notice to terminate the Contract.

1.45 CONTRACT ADVERTISEMENT AND USE OF FSA LOGO

The FSA CPP logo is an official logo of the Florida Sheriffs Association designed to promote the program. The FSA CPP logo may be used by Vendors in accordance with the policy contained in this Section 1.45. Use of the FSA CPP logo is limited to the original version received from the FSA. Modifications are not permitted.

Methods of use include, but are not limited to:

- Electronic mediums such as websites, digital marketing campaigns, social media and e-mail; or
- Print media such as forms, marketing campaigns, business cards, posters, banners, brochures, flyers and postcards.

Vendors may request use of the FSA CPP logo by contacting cpp@flsheriffs.org, and should include a brief description of how the Vendor intends to use it. The official FSA sheriff's star and wreath logo may not be used without prior written permission.

2.0 BIDDER INSTRUCTIONS

2.01 QUALIFICATION

Bidders are required to complete the Qualifications Packet as part of the bid submission. A Bidder becomes a qualified bidder if they comply with this section and Section 2.09, Mandatory Pre-Bid Meeting.

Qualifications Packet information required for bid submission include:

- Qualification Form
  - Contact Information
  - Business Profile
  - References
  - Disqualifications & Defaults
- Compliance Attestations
  - E-Verify
  - Anti-Human Trafficking
  - Workers' Compensation
  - Drug-Free Workplace
  - Compliance with Applicable Federal, State, and Local Laws and Ordinances
  - Sunbiz
- Federal Compliance

The Qualifications Packet is located on the Bid System.

2.02 LICENSING AND FACILITIES

Bidders are required to obtain all required licenses, including any applicable motor vehicle dealer licenses, and registrations, and comply with all applicable Federal, State, and local laws and ordinances, including any applicable motor vehicle dealer laws, in order to bid on any motor vehicle.

Bidders must maintain a repair facility within the State of Florida to provide warranty service for the items bid. If Bidders do not have a facility, the Bidder must be able to assist purchasers in obtaining warranty work as authorized by the Manufacturer.

2.03 INSURANCE AND INDEMNIFICATION

Vendor shall maintain, at its sole cost and expense, the insurance coverages required by FSA and purchasers through the duration of this Contract, with limits of liability not less than the following:

- Workers' Compensation Insurance in accordance with the laws of the State of Florida.
- Comprehensive General Liability Insurance covering the Vendor's legal liability for bodily injury and property damage, contractual liability, and completed products and operation, with limits of not less than $1,000,000 per occurrence and $2,000,000 aggregate, and covering at least the following hazards:
  - Independent Contractors Coverage for bodily injury and property damage in connection with any subcontractors' operation.
- Automobile Liability Insurance covering the Vendor's legal liability for bodily injury and property damage in limits of not less than $1,000,000 per occurrence, providing coverage for any accident arising out of or resulting from the operation, maintenance, or use by the Vendor of any owned, non-owned, or hired automobiles, trailers, or other equipment required to be licensed.

- Garage Keepers Liability Insurance covering the Vendor's legal liability for property damage in limits of not less than $1,000,000 per occurrence.

It is understood and agreed that all insurance policies of insurance provided by the Vendor are primary coverage and non-contributory with respect to any insurance or self-insurance the FSA or purchasers possess that may apply to a loss resulting from the work performed pursuant to this Contract. All insurance policies issued to cover the insurance requirements herein shall provide full coverage from the first dollar of exposure.

Vendor shall be fully liable for the actions of its agents, officers, employees, contractors, partners, subcontractors, and third party suppliers, performing work under this Contract, and shall fully indemnify and hold harmless the Florida Sheriffs Association ("FSA"), the purchasers, and each of their officers, agents, and employees from suits, actions, damages, and costs of every name and description, including legal counsels' fees and court costs, arising from or relating to negligence, omissions, personal injury or damage to real or personal tangible property alleged to be caused in whole or in part by Vendor, its agents, officers, employees, contractors, partners, subcontractors, and third party suppliers; provided, however, that the Vendor shall not indemnify for that portion of any loss or damages resulting directly from the grossly negligent acts or omissions of the FSA or purchasers or for that portion of any loss or damages proximately caused by intentional wrongful acts or omissions of the FSA or purchasers.

All insurance policies shall be issued by companies authorized to do business under the laws of the State of Florida and these companies must have a rating of B+ or better per the AM Best Rating. At no time shall the Vendor be without insurance in the required amounts. No policy may be changed to provide for less coverage than is required or canceled during the term of this Contract without at least thirty (30) days' written notice to the FSA and/or purchasers, as applicable.

The Vendor must specifically and distinctly assume, and does so assume, all risks of damage or injury to property or persons used or employed on or in connection with the work to be performed by Vendor pursuant to this Contract and of all damage or injury to any person or property wherever located, resulting from any action, omission or operation by the Vendor, its agents, officers, employees, contractors, partners, subcontractors, and third party suppliers, under this Contract or in connection with the work contemplated herein. It is understood and agreed that at all times the Vendor, its agents, officers, employees, contractors, partners, subcontractors, and third party suppliers, are acting as independent contractors to the FSA and/or purchasers, as applicable. Nothing in this Contract shall be interpreted or construed as creating or establishing the relationship of employer and employee between the FSA and/or purchasers and the Vendor or any of its agents, officers, employees, contractors, partners, subcontractors, and third party suppliers, or anyone directly or indirectly employed by the Vendor. The parties acknowledge that the Vendor is not an employee for state or federal tax purposes. The Vendor shall hire and pay all of Vendor's employees, agents, subcontractors or anyone directly or indirectly employed by the Vendor, all of whom at all times being entirely under the Vendor's supervision, direction and control. The Vendor shall be responsible for the means, manner, and methods by which its duties, obligations, and responsibilities under this Contract are met to the satisfaction of the FSA and/or purchasers, as applicable. The Vendor shall be responsible for every part of the work contemplated herein, and for all labor, expertise, materials, tools, appliances and property of every description, used in connection with this Contract.

The Vendor will secure and maintain policies of third-party suppliers performing work or providing services and/or materials to or for Vendor in furtherance of Vendor's performance under this Contract. All third-party supplier insurance policies must be made available to the FSA and/or purchasers upon written request. Compliance by the Vendor and all third-party suppliers with the foregoing requirements as to carrying insurance and furnishing copies of the insurance policies will not relieve the Vendor or any of its third-party suppliers of each of their liabilities and obligations under any section or provisions of this Contract. Vendor must be as fully responsible to the FSA and/or

purchasers for the acts and omissions of the third-party suppliers and of persons employed by the third-party suppliers as Vendor is for acts and omissions of persons directly employed by the Vendor.

The FSA and/or purchasers may request, and upon such request the Vendor must furnish, proof of insurance, within seven (7) calendar days of receipt of the written request once the contract times have commenced. Should the Vendor fail to provide acceptable evidence of current insurance during the Contract term, the FSA and/or purchasers, as applicable, have the right, but not obligation, to consider the Contract breached and terminate the Contract effective immediately, in the sole discretion of the FSA and/or purchasers, as applicable. If Vendor fails to have secured and maintained the required insurance, the FSA and/or purchasers has the right to consider alternate insurance coverage proffered by the Vendor, but has no obligation to do so.

The FSA and/or purchasers will give the Vendor the opportunity to take over and settle or defend any such action at Vendor's sole expense. As permitted by law and within a reasonable time period, the FSA and/or purchasers will give the Vendor written notice of an action or threatened action. Vendor will not be liable for commercially unreasonable costs, expenses or compromises incurred solely by the FSA, or purchasers, in any legal action without Vendor's prior written consent, which consent shall not be unreasonably withheld, conditioned, or delayed.

The Comprehensive General liability insurance coverage, Automobile liability insurance coverage, and Garage Keeper's liability insurance coverage must extend to and include the following contractual indemnity and hold harmless agreement:

> *The Vendor hereby agrees to indemnify and hold harmless the FSA, a 501(c)3, its officers, agents, and employees from all claims for bodily injuries and for all damages to property, including tangible and intangible, per the insurance requirement under the specifications including costs of investigation, all expenses of litigation, including reasonable legal counsel fees (including paralegal and other expert and support service fees) and the cost of appeals arising out of any such claims or suits because of any and all acts, omissions or commissions by the Vendor, its agents, officers, employees, contractors, partners, subcontractors, and third party suppliers under the Contract FSA25-VEH23.0 Heavy Trucks and Buses.*

The foregoing indemnity agreement must apply to any and all claims and suits other than claims and suits arising out of the sole and exclusive gross negligence of the FSA, its officers, agents, and employees, as determined by a court of competent jurisdiction.

The Vendor will notify the insurance agent without delay of the existence of the Hold Harmless Agreement contained within this Contract and furnish a copy of the Hold Harmless Agreement to the insurance agent and carrier.

The Vendor, at all times during the full duration of work under this Contract, including any extra or additional work approved by and consented to in writing by the parties in connection with this Contract, shall meet the requirements of the foregoing provisions.

2.04 SPECIFICATIONS

All items covered by this Invitation to Bid and any resulting contract, and the specifications shall be the Manufacturer's current basic production model, and shall, as a minimum, be equipped with all standard factory equipment in accordance with the Manufacturer's latest literature unless otherwise noted in the Bid System or FSA Base Specifications.

The FSA Base Specifications are contained in the FSA CPP Bid System, may be requested from FSA CPP, and are retained within FSA CPP's archive. As part of the bid submission, Bidders will be required to provide confirmation that the item bid meets the FSA Base Specifications. FSA CPP may reject bids that fail to provide confirmation that the item(s) bid meet the FSA Base Specifications.

FSA CPP develops the specifications with subject matter experts and publicly available information. However, FSA CPP does not have access to full details from the Manufacturer and relies on Bidders to assist in this process. Bidders should immediately notify the FSA CPP of any inaccuracies in the specifications. All notifications of inaccuracies must be in writing.

If awarded a contract, Vendor(s) must offer and supply an item that either meets or exceeds all the requirements included in the applicable FSA Base Specifications, unless a purchaser specifically issues a Purchase Order for a base item and option that differs from the FSA Base Specifications. Failure of a Vendor to comply with these provisions will result in Vendor being held responsible for all costs required to bring the item into compliance with the contract specifications.

2.05 SEALED BIDS

For purposes of this solicitation, a sealed bid is considered a bid submitted using the FSA CPP Bid System.

2.06 MISTAKES

Bidders are expected to examine the FSA Base Specifications, delivery schedules, bid prices and all information pertaining to servicing this Contract before submitting a bid. Failure to do so will be at the Bidder's risk.

2.07 EXCEPTIONS

Any requested exceptions, deviations, or contingencies a Bidder may have to the Terms and Conditions must be documented in Bidder's submission. Exceptions to the FSA Base Specifications at the time of the bid submission shall reference the item number, make and model. FSA CPP has the discretion to grant or deny, in whole or in part, the Bidder's requested exception, deviation or contingency to the specifications or Terms and Conditions. Bidder acknowledges that the bid may be disqualified if FSA CPP rejects the proposed exceptions.

2.08 EQUIVALENTS

Prior to the opening of the Bid System, Bidders may request item equivalents. The Bidder must submit the Manufacturer name and model number (or product identifier) of each equivalent requested to FSA CPP. Complete, descriptive, technical literature should demonstrate that the equivalent conforms with FSA Base Specifications. If a bid uses equivalents without prior approval, the bid may be disqualified.

2.09 MANDATORY PRE-BID MEETING

Bidders are required to attend or participate in the **mandatory** Pre-Bid Meeting. The Pre-Bid Meeting is designed for Bidders, the Fleet Advisory Committee, and the FSA CPP to clarify questions on the Terms and Conditions and to confirm all FSA Base Specifications. Questions relating to the items, specifications, the bid process, or award can be asked at the Pre-Bid Meeting. Bidders have the opportunity to suggest technical modifications or corrections before the FSA Base Specifications are finalized.

FSA CPP reserves the right to grant attendance exceptions to the mandatory Pre-Bid Meeting if the Bidder has requested authorization, agrees in writing to meet all the Terms and Conditions without exception and further waives their right to protest the bid process in its entirety or any portion thereof.

2.10 PRICES QUOTED

Items and options should reflect the most complete price and be below MSRP and, at a minimum, should cover the cost of the item or option bid.

Prices quoted in the bid submission should reflect the final amount the Bidder can expect to receive for payment for the items bid for the duration of the Contract, unless otherwise provided in the Contract. Prices submitted as indicated in the sealed bid are final. Bidders acknowledge that prices quoted will be valid for a period of sixty (60) calendar days from the date of bid opening.

Each item, make, and model must be priced and bid separately. Prices must be inclusive of all the components included in the FSA Base Specification.

Prices bid must include the administrative fee FSA CPP charges to administer the Contract, as outlined in these Terms and Conditions. The administrative fee is three quarters of one percent (.0075).

Prices bid must be at least cost, be Free On Board ("FOB") destination, and must include delivery to the purchaser.

Upon award, the Vendor has the authority to offer additional discounts based on prompt payment, quantity, as well as additional Manufacturer or vendor discounts.

2.11 OPTION PRICING

FSA CPP requests Bidders include most frequently purchased options in the Bid System. Option pricing must include the administrative fee. Bidders must provide a price for each option in addition to a percent below MSRP for factory-installed options or a percent above cost for other options.

The FSA CPP has the discretion to disqualify Bidders if the option pricing is excessive. In order to determine if pricing is excessive, Bidders and, if awarded a contract, Vendors agree to provide documentation to FSA CPP to verify cost at any time during the solicitation process or during the Contract term. This information is for comparison purposes and will not be published.

Options are intended to add or delete equipment or features from the FSA Base Specifications. Options can provide an upgrade or downgrade to a Manufacturer's model, such as a slightly different engine size or horsepower, and should not be made available for purchase separate from the base vehicle or equipment. Options may only provide a downgrade to a Manufacturer's model when specifically requested in a Purchase Order issued in accordance with the Terms and Conditions by a purchaser. Bidders shall NOT use options to create an item that is available as another item bid on this Invitation to Bid.

The use of options to facilitate the sale of an alternate Manufacturer's product which is outside the scope of the FSA Base Specifications will be determined nonresponsive and the bid will be rejected in whole or part by the FSA CPP. Bidders must disclose which options require the purchase of other options or are dependent on another option in their bid submission. Option pricing will include all costs of labor associated with the option and cost of labor should not be listed separately.

Bidder must use proper Manufacturer codes for factory options. Options available through the factory should be bid as and supplied to purchaser as factory options, unless otherwise requested in writing by the purchaser. Factory package options are permitted under this Contract. Factory package options included in the bid submission must detail what components the package includes.

If the Bidder wishes to offer credit to the purchaser for an option that is standard on the FSA Base Specifications, the Bidder should include the word "Credit" at the beginning of the description field and continue to describe the option being credited. For example, "Credit: one key fob" and enter the price the Bidder will credit the purchaser.

2.12 BID SUBMISSION

Bidders must submit a bid electronically using the Bid System. Bid submissions include a price for each item and option bid in accordance with Sections 2.10, 2.11, 2.12, and 2.13. Each Bidder must submit a Qualifications Packet for each bid. The bid must be received by the date and time specified on the Bid Calendar in Appendix B. Failure to meet all submission requirements by the date indicated on the Bid Calendar will result in rejection of the bid.

Bid System: VendorLink
The Bid System is located at https://www.myvendorlink.com. Bidders are encouraged to participate in training provided. Usernames and passwords will be issued to Bidders after registering in the Bid System. Contact VendorLink at support@evendorlink.com if technical issues arise during bid submission.

Prices are to be rounded to the nearest whole dollar. If a Bidder submits bid pricing using cents, the following formula will be applied to round the bid pricing to the nearest whole dollar: $.01-.49 will be rounded down to the dollar bid (e.g., $50.49 = $50) and $.50-.99 will be rounded to the next dollar (e.g., $50.50 =$51).

Bid Submission
To ensure correct bid submittal and formatting, Bidders shall:

- Offer a price for each item bid by zone.
- Upload files as instructed in the Bid System; files requested will be .pdf.
- Follow all instructions outlined in this Invitation to Bid and provide all requested information.

The bid shall include the following documents:

- Executed Qualifications Packet.
- Build sheet for each item bid as a single .pdf.
- Any requested exceptions or equivalents.

Option Upload
An option sheet should be submitted for each item bid. The Bid System will accept option information for each item through a .pdf file upload. Each option sheet should include a header to identify the FSA CPP contract title and number, the Bidder name, item number, make and model. Each option sheet should include:

- Option
- Description
- Manufacturer order code or identifying code
- Price
- Cost plus percent for all items not installed at the factory
- Percent below MSRP for factory installed options

Repair and Replacement Parts Upload - Optional

If a Vendor chooses to sell repair and replacement parts upon award, a parts pricing sheet should be submitted with the bid. Parts are listed by Vendor and are not tied to items bid. A template is offered in the bid system. Each pricing sheet should include:

- Category
- Description
- MSRP or List Price discount percentage
- Exceptions to discount provided
- Quantity discounts

FSA CPP may ask awarded Vendors to supply one (1) hard copy set of the bid with digital signatures and original compliance forms, prior to the Contract execution. Hard copy bids should not be submitted unless specifically requested by FSA CPP. FSA is not responsible for Bidder's improper use of the Bid System. Exceptions may be granted to Bidders by FSA CPP pursuant this section should any Bid System malfunctions occur.

2.13 ZONE BIDDING

Bidders may bid in one or more geographic zones. Bidders must submit pricing for each zone they wish to be evaluated. The zone map is included in Appendix A. The geographic zones are in place to assist Bidders in estimating costs of delivery, which must be included in the price bid and quoted to the purchaser.

2.14 EXECUTION OF BID

By submitting a response to this Invitation to Bid, the Bidder agrees to the Terms and Conditions and to be bound by such Terms and Conditions if selected for award. The Bidder must respond to the Contract Signature Form with the signature of an authorized representative five (5) days prior to award.. All Terms and Conditions are applicable throughout the term of the awarded contract and are not specific to any given year, make or model.

2.15 MODIFICATION OR WITHDRAWALS OF BIDS

A Bidder may submit a modified bid to replace all or any portion of a previously submitted bid until the due date and time of the bid submission listed in the Bid Calendar. Modifications received after the bid due date and time will not be considered.

Bids can be withdrawn in writing prior to the contract award. If a Bidder must withdraw the bid, the Bidder must contact FSA CPP immediately. Bid withdrawals are handled on a case-by-case basis and can result in a limitation of participation in future bids.

2.16 LATE BIDS

The responsibility for submitting a bid before the due date and time on the Bid Calendar is solely and strictly the responsibility of the Bidder. The FSA is not responsible for delays caused by technical problems, any internet outages or delays incurred by electronic delivery, or any other occurrence. Any reference to time will be based on Eastern Time.

2.17 BID OPENING

Bids shall be opened on the date and time specified on the Bid Calendar. The bid opening may occur at the Florida Sheriffs Association, 2617 Mahan Drive, Tallahassee, Florida, or may be offered online.

FSA CPP will provide a bid inspection period for Bidders following the bid opening. The date, time and duration will be announced prior to the bid opening.

2.18 DETERMINATION OF RESPONSIVENESS

Determination of responsiveness will take place at the time of bid opening and evaluation. In order to be deemed a responsive bidder, the bid must conform in all material respects to the requirements stated in the Invitation to Bid. As set forth in Section 2.22, FSA CPP reserves the right to waive or allow a Bidder to correct minor irregularities.

2.19 RESPONSIBLE BIDDER CRITERIA

Bids will be evaluated to determine if qualifications and Contract requirements are met. Responses that do not meet all requirements of this Invitation to Bid or fail to provide all required information, documents or materials may be rejected as nonresponsive. The FSA CPP will not request documentation or consider a Bidder's social, political or ideological interests in determining if the Bidder is a responsible bidder. FSA CPP will not give preference to a Bidder based on the Bidder's social, political, or ideological interests.

Bidders whose responses, past performance, or current status do not reflect the capability, integrity, or reliability to fully and in good faith perform the requirements of the Contract may be rejected as non-responsible. In determining a responsible Bidder, the following factors may be considered:

- Adequacy of facilities, staffing, and financial resources;
- Previous experience with FSA contract or other similar government contracts;
- Ability to provide excellent customer service, including on previous FSA contracts; and
- Any other information relevant to the responsibility of a Bidder of which FSA CPP is aware.

In addition to the requirements set forth by these Terms and Conditions, FSA CPP reserves the right to request staffing, performance and financial information from any Bidder during the evaluation process.

FSA CPP reserves the right to determine which responses meet the requirements, specifications, Terms and Conditions of the solicitation, and which Bidders are responsive and responsible.

FSA CPP further reserves the right to limit participation of Bidders who, in FSA CPP's sole discretion, are determined to present responsibility concerns that call into question the Bidder's ability to perform but that do not rise to the level of requiring rejection of the Bidder as non-responsible.

2.20 BASIS FOR AWARD

The FSA CPP shall make award to the qualified, responsive and responsible Bidder(s) who submitted the lowest offer price by item, Manufacturer, and zone. Awards may also be made to subsequent lowest responsive and responsible Bidders by item, Manufacturer, and zone, when determined to be in the best interest of the FSA and the purchaser(s). FSA CPP has the discretion to consider option pricing in making the award and to disqualify Bidders for proposing excessive percent(s) or option pricing.

Awards will not be given to any parties listed on the government wide exclusion in the System for Award Management.

FSA CPP reserves the right to accept or reject any and all bids, and to waive any minor irregularity, technicality or omission if it determines that doing so will serve the purchaser's best interest. FSA CPP reserves the right to make multiple awards for each item, if determined to be in the best interest of the FSA and the purchasers.

Awards will be posted on the FSA CPP website according to the date posted in the Bid Calendar.

2.21 BID TABULATIONS

The bid tabulation report will be posted on the FSA CPP website after the bid submission closes.

If there is a delay in posting the bid tabulation results, FSA CPP will post a notice of the delay and a revised date for posting of results.

2.22 MINOR IRREGULARITIES/RIGHT TO REJECT

The FSA CPP has the right to accept or reject any and all bids, or separate portions thereof, and to waive any minor irregularity, technicality or omission if the FSA CPP determines that doing so will serve its best interest or the best interest of the purchasers. A minor irregularity is a variation from the Terms and Conditions of this procurement that does not affect the price of the bid or give the Bidder a substantial advantage over other Bidders and thereby restrict or stifle competition and does not adversely impact the interests of the FSA or the purchasers. At its option, the FSA CPP may allow a Bidder to correct minor irregularities but is under no obligation to do so. In doing so, the FSA CPP may request a Bidder to provide clarifying information or additional materials to correct the irregularity. However, the FSA CPP will not request, and a Bidder may not provide, the FSA CPP with additional materials that affect the price of the bid or give the Bidder an advantage or benefit not enjoyed by other Bidders.

The FSA CPP may also reject any bids not submitted in the manner specified in this Invitation to Bid.

2.23 CONE OF SILENCE

This Invitation to Bid is subject to the Cone of Silence that begins the date the bid submission opens through the intent to award date as indicated in the Bid Calendar. During this period, all communications regarding this solicitation between FSA and Bidder will cease, except for procedural questions, questions regarding problems incurred in the use of the Bid System, or communications initiated by the FSA CPP. All permitted communications during this period shall be made in writing to the contact person identified in Section 1.01 of this Invitation to Bid.

3.0 CONTRACT CONDITIONS

3.01 GENERAL REQUIREMENTS

Once the bid has been awarded, the Terms and Conditions of this document become the Contract between the FSA and the awarded Vendor. The Terms and Conditions apply to all items purchased from this Contract.

3.02 STATEMENT OF AUTHORITY

Each person signing the Contract warrants that they are duly authorized to do so and binds the respective party to the Contract.

3.03 VENDOR CONTACT INFORMATION

The Vendor shall maintain current contact information with FSA CPP at all times for sales and submission of Purchase Orders, quarterly reports and administrative fee payments. If a change occurs during the term of this Contract, the Vendor must notify FSA immediately.

3.04 ADDITIONS OR DELETIONS

FSA CPP reserves the right to add or delete any items from the Vendor's bid or this Contract when deemed to be in the best interest of FSA and purchasers, at its discretion. This decision to take action may be based upon and not limited to few or no sales, product recalls and other safety issues, Vendor or Manufacturer performance, or the product's lack of relevance.

For items that come to market during the Contract term, FSA CPP may authorize qualified and awarded Vendors to offer the new item under the existing Contract Terms and Conditions, if the Manufacturer authorizes a Vendor to sell the item. FSA CPP will request awarded Vendors submit pricing and will evaluate the responses prior to authorizing awarded Vendors to offer the new item.

3.05 CONTRACT EXTENSION

Contract Extension

The Contract may be extended by mutual agreement for up to two (2) additional years, on a year-to-year basis. FSA reserves the right to execute a Contract extension or to allow the Contract to fully or partially terminate and readvertise for bids, whichever is in the best interest of FSA.

The Vendor may request price adjustments for Contract extensions as provided for herein. If no request is received from the Vendor, the FSA will assume that the Vendor has agreed that the optional term may be exercised without a price adjustment. Any adjustment request received after the execution of an extension may not be considered unless otherwise provided for in this Contract.

Month-to-Month Continuation

In the event a new contract is not active at the time of this Contract's expiration, this Contract's Terms and Conditions shall extend on a month-to-month basis and shall not constitute an implied extension of the Contract. Such a month-to-month continuation shall be upon the compensation and payment provided herein.

3.06 PRICE ADJUSTMENT

The Terms and Conditions provide the following methods of price adjustments:

- Annual Price Adjustments
- Changes to Manufacturer Production or Design
- Manufacturer Certified Adjustments
- Equitable Adjustments

Price adjustment requests must clearly substantiate a need to increase or decrease the price. Price adjustments will not be considered if Vendors are delinquent on administrative fee payments or have outstanding quarterly reports.

Annual Price Adjustment

The FSA CPP may consider annual price adjustments due to:

- Changes in the Producer Price Index ("PPI") as published by the U.S. Department of Labor, Bureau of Labor Statistics ("BLS"); or
- As a result of changes to national or state standards that require substantial price adjustments.

FSA CPP may consider other documentation related to the change to national or state standards but is not obligated to grant price changes without literature from the Manufacturer. The FSA CPP will consider the request and will make a final determination on the change in price.

Changes to Manufacturer Production or Design

Significant changes by the Manufacturer to the production of and specification design may initiate a price adjustment request. FSA CPP will consider order dates, production factors, model year, or other conditions, as well as the replacement or complete redesign of items. Vendors must provide documentation from the Manufacturer.

Manufacturer Certified Adjustments

Vendors must provide documentation from the Manufacturer to FSA CPP that shows the additional costs or price adjustments imposed by the Manufacturer and substantiate the need for a related price adjustment for this Contract.

Equitable Adjustments

The FSA CPP, on behalf of FSA, may make an equitable adjustment to the Contract terms or pricing at its discretion.

3.07 CONDITIONS

It is understood and agreed that any item offered or shipped as a result of this Contract shall be the most current model offered.

3.08 PRODUCTION CUTOFF

Vendors shall notify the FSA CPP in writing no less than sixty (60) calendar days prior to the close of final order date by the Manufacturer when the final order date is during the term of the Contract. Purchase Orders received by the Vendor ten (10) business days prior to the final order date must be accepted and entered into the order system with

the Manufacturer. Purchase Orders issued and received after the production cutoff date will be subject to availability. In this case, the Vendor and Manufacturer have the discretion whether to choose to provide next year's model at current year's prices until the end of the Contract term. If the Manufacturer cutoff date is during the term of the Contract and will affect the purchaser's ability to obtain the items, FSA CPP may consider substitutions from the same Manufacturer.

3.09 FACILITIES

The FSA CPP reserves the right to inspect the Vendor's facilities at any time with prior notice.

3.10 CAB AND CHASSIS PURCHASES

Vendors performing upfitting of cab and chassis should be licensed and certified to perform such work. Vendors are responsible for tag and title work if the chassis is completed by the Vendor or the Vendor's contracted third-party supplier. The requirements of Section 319.21, *Florida Statutes*, related to the Manufacturer statement of origin apply to cab and chassis purchases apply.

Cabs and chassis may be purchased from the Vendor without any required additional upfitting by the Vendor. Vendors are not responsible for tag and title if an incomplete chassis is requested and sold to the purchaser.

3.11 FACTORY-INSTALLED OPTIONS

All options specified as factory-installed are to be installed on the item at the primary site of assembly and are to be the Manufacturer's standard assembly-line product. Aftermarket and vendor-installed equipment will not be accepted as factory-installed. Vendors found supplying aftermarket or vendor-installed equipment where factory-installed are specified shall be required to retrieve all delivered items and supply new items meeting the specifications.

All factory-ordered options are to be original equipment Manufacturer ("OEM") and installed at the primary site of assembly unless otherwise noted by the Vendor and acknowledged in writing by the purchaser. Verbal agreements will not be recognized.

3.12 VENDOR-INSTALLED OPTIONS

All vendor-installed accessories, equipment, or options shall be installed according to the Manufacturer's specifications. All vendor-installed options must be manufactured by an established Manufacturer of the product provided. Vendors are required to disclose make and model of product being offered, the design and model must be approved by the purchaser prior to installation. Prior to any purchase, the Vendor must also disclose the warranty of any accessory, equipment or option that is less than or exceeds the factory or equipment warranty coverage. Any Vendor that violates this provision will be considered in default of the Contract. FSA may terminate the Contract in accordance with these Terms and Conditions.

3.13 NON-SCHEDULED OPTIONS

A non-scheduled option is an option not listed on the FSA CPP published award. Vendors may provide non-scheduled options at less than MSRP or the Published List Price. Non-scheduled options should be identified and listed as a separate line item with the price and discount on the Purchase Order. Non-scheduled options are covered under these Terms and Conditions.

3.14 FORCE MAJEURE

A Vendor shall not be penalized for a delay resulting from the Vendor's failure to comply with delivery requirements if neither the fault nor the negligence of the Vendor or its employees contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond the Vendor's control, or for any of the foregoing that third party suppliers if no alternate source of supply is available to the Vendor.

3.15 PARTS

Vendors may sell repair and replacement parts. Parts pricing must include the administrative fee. If a Vendor wishes to offer parts under this Contract, the Vendor must provide a price list to FSA and offer a discount below MSRP or Published List Price. Bidders and/or Vendors, as applicable, may include parts pricing sheet with the bid submission or following award. Bidders and/or Vendors, as applicable, may use the template offered in the bid system. Items listed below are required for the pricing sheet:

- Description.
- MSRP or List Price discount percentage.
- Exceptions to discount provided.
- Quantity discounts.

3.16 PURCHASE ORDERS

To initiate a purchase, a Purchase Order must be issued to the Vendor, which includes:

- FSA CPP contract title and number;
- FSA CPP item number;
- Make and model or item description; and
- Purchaser name, phone number and email address.

The Vendor's acceptance of a purchaser's order will indicate that the Vendor agrees to deliver an awarded item that will be fully compatible with all of its options. Production schedules and delivery dates should be discussed at the time the quote is provided to the purchaser, or if no quote is provided, when the Purchase Order is delivered to the Vendor. Vendor shall place the order with the Manufacturer within ten (10) business days of receipt of the Purchase Order. The Vendor shall ensure that all orders are placed in full compliance with the specifications and the Terms and Conditions of the Contract and the Purchase Order. Any changes that are required to bring an item into compliance with the various options due to an incorrect order will be accomplished at the Vendor's expense.

The Vendor should supply a confirmation of order to the purchaser and FSA CPP fifteen (15) calendar days from receipt of Purchase Order without request by the purchaser. Any additional information needed to complete this form should be obtained by the Vendor from the purchaser.

While it is recommended that a purchaser purchase from the zone which is closest to their location, it is not mandatory to do so. If the purchaser determines that a Vendor in another zone can better serve their needs, the purchaser may order from a Vendor in another zone. Vendors that provide awarded items outside of an awarded zone may upon mutual agreement between the Vendor and the purchaser charge a delivery fee.

If a Vendor receives a Purchase Order for an item for which they were not awarded, the Vendor must notify the purchaser and return the Purchase Order to the purchaser within three (3) business days.

The Vendor must submit electronic copies of Purchase Orders within fifteen (15) calendar days of the Purchase Order issue date. Purchase Orders should be submitted through the reporting tool provided by FSA CPP. Purchase Orders received by the Vendor after this deadline must be submitted to FSA CPP as soon as possible with the date received by the Vendor and cause for the delay. Purchase Orders should contain the following required information:

- Purchaser name,
- Purchase Order number,
- Purchase Order issue date,
- FSA CPP contract title and number,
- Item number,
- Item make and model, or item description,
- Item price,
- Options by item, and
- Estimated delivery date.

Purchase Orders vary in format and information provided. If a Purchase Order does not include the required information, the Vendor must submit supplemental documentation to FSA CPP at the same time the Purchase Order is due. Such information may be in bid quotes, equipment proposals, confirmation of orders, or other documents. If a purchaser does not use Purchase Orders, written communication from the purchaser to the Vendor will be provided to FSA CPP.

3.17 REGISTRATION, TAG, AND TITLE

Title items shall be the responsibility of the Vendor. If the purchaser is a government agency, the purchaser has the right to choose to register and title the item. Costs of registration, tag and title shall not exceed the statutory rates.

3.18 DELIVERY

Vendors are to inspect the item to confirm the item meets or exceeds the FSA Base Specifications, Manufacturer specification, and Purchase Order. Deliveries not complying with these requirements may be rejected and will have to be redelivered at Vendor's expense.

Delivery shall be within the normal working hours of the purchaser, Monday through Friday, excluding holidays. Delivery schedules shall be agreed to by the purchaser and the Vendor. Vendor shall notify the purchaser no less than twenty-four (24) hours prior to delivery of the time and location, which shall reflect the mutually agreed upon delivery details. The Vendor shall be responsible for delivering items that are properly serviced, clean and in first class operating condition. Items shall be delivered with each of the following documents completed or included:

1. Copy of the Purchase Order.
2. Copy of the FSA Base Specifications.
3. Copy of Manufacturer's invoice, price sheet, build sheet or other documentation that verifies what components are included on the item(s) being delivered
4. Copy of the pre-delivery service report
5. Registration warranty certification
6. Owner's manual
7. Registration, tag and title or an application for the registration, as applicable

All items with fuel tanks of thirty-five (35) gallons or less must contain no less than one quarter (1/4) tank of fuel as indicated by the fuel gauge at the time of delivery. For items that have more than thirty-five (35) gallons, a minimum of one eighth (1/8) of a tank of fuel must be provided. All electric vehicles must be delivered with a minimum charge level of 10 percent. The purchaser has the option to reject a vehicle with more than 350 odometer miles or may deduct $0.51 cents per mile in excess of 350 miles from the invoice, unless distance above 350 miles was previously approved by the purchaser. Deliveries of less than 350 miles may be accomplished by driving the vehicle. Any delivery accomplished by driving the vehicle must be supervised and the driver must comply with Manufacturer's break-in requirements and all applicable traffic laws. Deliveries in excess of 350 miles shall be made by transport, or otherwise approved by the purchaser, however, this requirement shall not apply to incomplete chassis.

When items require service or adjustments upon delivery, the Vendor shall either remedy the defect or be responsible for reimbursing the Manufacturer's local authorized representative or other service provider to remedy the defect. Such service or adjustments shall be initiated by the Vendor within 48 hours after notification by a purchaser, not to include weekends and holidays. Delivery will not be considered complete until all services or adjustments are satisfactory, and the item is redelivered or repaired. The cost of any transportation required to address the defect shall be the responsibility of the Vendor until the items are satisfactory and accepted by the purchaser.

3.19 INSPECTION AND ACCEPTANCE

Final acceptance shall be given only after the purchaser inspects or confirms the item meets Contract specifications. Delivery of an item to a purchaser does not constitute acceptance for the purpose of payment. Inspection and acceptance will be at the purchaser's destination unless otherwise previously agreed upon location was provided in the Purchase Order. Should the delivered items differ in any respect from the FSA Base Specifications, payment can be withheld until such time as the Vendor completes the necessary corrective action.

3.20 INVOICING AND PAYMENTS

Invoicing and payments shall be the responsibility of the Vendor and purchaser placing orders using this Contract. Vendors must invoice each purchaser independently. The Vendor shall be paid upon submission of invoices to the purchaser after satisfactory delivery and acceptance of the items. While the Local Government Prompt Payment Act applies to ensure timely payment of Vendor invoices, the FSA CPP encourages purchasers to make payment within thirty (30) days of acceptance of the item. The Local Government Prompt Payment Act is defined in Sections 218.70–218.79, *Florida Statutes*.

3.23 WARRANTY

All warranties shall begin at the time of delivery and final acceptance by the purchaser. The purchaser's warranty should not be active for incomplete items and items delivered to a third-party supplier before final delivery.

3.24 QUARTERLY REPORTS

Quarterly reports are the contractual responsibility of each Vendor. Quarterly reports must be completed and submitted electronically. The quarterly report template shall be submitted using the tool provided by FSA CPP. Quarterly reports which do not adhere to the required format or are not complete of all Purchase Orders received and/or deliveries made during the quarter will be returned to the Vendor for correction.

Quarterly reports are due no later than the 15th day of the month following the end of the quarter. Quarterly reports shall follow the schedule below for the duration of the Contract. If a Contract extension is executed, the quarterly reports will maintain the same schedule for future reporting periods.

Contract Years: October 1, 2025 – September 30, 2027

Year 1 Quarter 1:	October 1 – December 31	Q1 Report Due:	January 15
Year 1 Quarter 2:	January 1 – March 31	Q2 Report Due:	April 15
Year 1 Quarter 3:	April 1 – June 30	Q3 Report Due:	July 15
Year 1 Quarter 4:	July 1 – September 30	Q4 Report Due:	October 15
Year 2 Quarter 1:	October 1 – December 31	Q1 Report Due:	January 15
Year 2 Quarter 2:	January 1 – March 31	Q2 Report Due:	April 15
Year 2 Quarter 3:	April 1 – June 30	Q3 Report Due:	July 15
Year 2 Quarter 4:	July 1 – September 30	Q4 Report Due:	October 15

Quarterly reports must be submitted even if there are no sales or no deliveries in a quarter. If a Vendor has no sales within a quarter, the Vendor shall indicate "No sales this quarter" or "No deliveries this quarter" to FSA CPP by e-mail to Reports@flsheriffs.org.

FSA CPP reserves the right to modify the procedure for submitting quarterly reports during the term of the Contract. Such a change shall not materially modify the substance of the information to be reported but may change the method by which future quarterly reports are to be submitted. In the event of such a change, FSA CPP will provide written notice to all Vendors of the method by which future quarterly reports are to be submitted.

3.25 ADMINISTRATIVE FEE

The FSA CPP charges three quarters of one percent (.0075) to procure, process and administer the Contract. Payment of the administrative fees to the FSA CPP are the contractual responsibility of each awarded Vendor.

After receipt of payment from Contract purchases, the Vendor shall remit all administrative fees to the FSA CPP no later than fifteen (15) calendar days after the end of each quarter. All fees payable to the FSA CPP during any given quarter will be accompanied and supported by a quarterly report.

The administrative fee will remain payable to FSA CPP and no relief from payment of the administrative fee, nor any additional charge to recoup the administrative fee, will be permitted if a Vendor fails to incorporate the administrative fee in its bid pricing. The administrative fee should never be listed as a separate line item on any Purchase Order or invoice.

The administrative fee is based on the total Purchase Order amount of new items. Trade-ins, extended warranties and other exchanges will not reduce or impact the fee calculation.

The ACH form for electronic payment or wiring of funds is included in Appendix C. It is the preference of FSA CPP that all payments be electronically paid and submitted. If ACH is not available, checks for the administrative fee can be sent to:

Florida Sheriffs Association
Cooperative Purchasing Program
2617 Mahan Drive
Tallahassee, FL 32308

3.26 LIQUIDATED DAMAGES

The Vendor warrants that the item supplied to the purchaser shall conform in all respects to the standards set forth in the applicable FSA Base Specifications and the failure to comply with this condition will be considered as a breach of Contract. Any liquidated damages levied because of inadequacies or failures to comply with these requirements shall be borne solely by the Vendor responsible for same.

Failure to submit the administrative fee with accompanying quarterly reports to FSA CPP within fifteen (15) calendar days following the end of each quarter may result in the imposition of liquidated damages. Vendors failing to submit administrative fees and/or quarterly reports will incur liquidated damages in the amount of $25.00 for each calendar day that fees and reports are past due, beginning on the 16th day following the end of the quarter.

If a civil action is initiated by the FSA to recover administrative fees or liquidated damages as set forth in this section, the prevailing party shall be entitled to its reasonable attorneys' fees and costs incurred in the litigation. The venue shall lie in the Circuit Court for the Second Judicial Circuit in and for Leon County, Florida.

When quarterly reports are late, liquidated damages are to be included in Vendor's quarterly report and administrative fee submission. Liquidated damages that remain unpaid beyond forty-five (45) calendar days can result in FSA CPP, at its sole discretion, implementing Contract compliance actions, including but not limited to, suspension, limited participation by specifications or zones, disqualification from future solicitations, or termination of this Contract for cause pursuant to the Terms and Conditions.

Schedule of Liquidated Damages

Failure to submit quarterly report on time	$25.00 per calendar day
Failure to submit administrative fee on time	$25.00 per calendar day
Failure to report a Purchase Order to FSA CPP within 15 calendar days of the Purchase Order issue date	$100.00 per Purchase Order
Failure to Report Sales	.0075 of the sales price plus 1.5% each month following the delivery date.

Vendor agrees and acknowledges that its failure to take any of the actions specified in the above schedule will result in liquidated damages to this Contract. Vendor agrees and acknowledges that these liquidated damages are not intended to be and do not constitute a penalty and that these amounts are reasonably calculated to compensate the FSA CPP for the damages that it will incur as a result of the Vendor's failure to take the specified actions.

flsheriffs.org

TO: All Customers of the Florida Sheriffs Association

SUBJECT: Automated Payments through ACH

The Florida Sheriffs Association values the integrity of our business operations and knows that our partners do as well. As we continue to strengthen this partnership, FSA invites each company to offer payments to FSA via ACH. It is our goal to secure payments and reduce fraudulent transactions and this will be our primary method of accepting payments due to recent efforts to defraud FSA. Florida Sheriffs Association can be added to your company's list of vendors authorized to be paid via electronic payment for no additional fee.

Florida Sheriffs Association's Banking Information is as follows:

Checking Account
Capital City Bank
Routing Number: 063100688
Account Number: 0010867001

Please email any payment remittance information to accounting@flsheriffs.org.

If you choose to make ACH payments to the association, there is no additional charge. The information above can be used to pay with a wire transfer as well, but if you choose to pay via wire, there is a charge of $25 per wire that you will need to add to your payment.

If you have any questions at all, please contact Trish Eldridge at teldridge@flsheriffs.org or call (850) 559-5668.

Sincerely,

Trish Eldridge

Director of Accounting and Finance
Florida Sheriffs Association

Appendix D: Federal Clauses

Applicability of Third-Party Contract Provisions*
(Excluding micro-purchases, as defined in 48 C.F.R. Subpart 2.1, except Davis-Bacon requirements apply to construction contracts exceeding $2,000.) In addition to other provisions negotiated with purchasers placing federally funded Purchase Orders, Vendors must comply with the following provisions upon award of a federally funded Purchase Order:

PROVISION	Professional Services/A&E	Operations/ Management	Construction	Materials & Supplies
Equal Employment Opportunity			All	
Davis-Bacon Act			>$2,000	
Copeland "Anti-Kickback" Act			>$2,000	
Contract Work Hours and Safety Standards Act	>$100,000	>$100,000	>$100,000	>$100,000
Rights to Inventions Made Under a Contract or Agreement	If the Purchase Order involves performance of experimental, developmental or research work	If the Purchase Order involves performance of experimental, developmental or research work	If the Purchase Order involves performance of experimental, developmental or research work	If the Purchase Order involves performance of experimental, developmental or research work
Clean Air Act	>$150,000	>$150,000	>$150,000	>$150,000
Federal Water Pollution Control Act	>$150,000	>$150,000	>$150,000	>$150,000
Debarment and Suspension	All	All	All	All
Byrd Anti-Lobbying Amendment	>$100,000	>$100,000	>$100,000	>$100,000
Procurement of Recovered Materials	All	All	All	All
Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment	All	All	All	All
Domestic Preferences for Procurements	All	All	All	All

*References to the Code of Federal Regulations ("C.F.R.") or United States Code ("U.S.C.") were accurate at the time of publication. It is the responsibility of the Bidder to ensure compliance is met of the referenced state and federal laws within the published rules.

EQUAL EMPLOYMENT OPPORTUNITY: Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. Part 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 C.F.R. part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of

Labor." The clause set forth in 41 C.F.R. 60-1.4(b) is incorporated herein by reference. Vendor must comply with this clause and include this clause in all lower-tier federal assisted construction contracts.

DAVIS-BACON ACT, as amended (40 U.S.C. 3141-3148): When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 C.F.R. Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. Vendors performing construction must comply with all applicable provisions of the Davis-Bacon Act and include this clause in all lower-tier subcontracts for construction.

CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C., chapter 37): Vendor shall comply with Sections 102 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C., chapter 37), as supplemented by Department of Labor regulations (29 C.F.R. part 5).
(a) Overtime requirements. Neither Vendor nor any contractor or subcontractor contracting for any part of the purchase order work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
(b) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in Paragraph 15(a), Vendor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, Vendor or such subcontractor shall be liable to the United States (in the case of work done under the Contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in Paragraph 15(a), in the sum of $29 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in Paragraph 15(a) of this section.
(c) Withholding for unpaid wages and liquidated damages. Purchaser shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by Vendor or a subcontractor under the purchase order or any other Federal contract with Purchaser, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by Purchaser, such sums as may be determined to be necessary to satisfy any liabilities of Vendor or its subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in Paragraph (a).
(d) Subcontracts. Vendor shall insert in any subcontracts over $100,000 for construction and other purposes that involve the employment of mechanics or laborers, the clauses set forth in Paragraphs (a) through (d) and also a clause requiring the subcontractors to include these clauses in any lower-tier subcontracts.

RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT: If the Federal award meets the definition of "funding agreement" under 37 C.F.R. § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 C.F.R. Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency. Vendor shall comply with these requirements when performing a purchase order involving experimental, developmental or research work and flowdown this clause to lower-tier subcontractors performing such work.

CLEAN AIR ACT (42 U.S.C. 7401 *et seq.*) and the FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. 1251 *et seq.*), as amended: Vendor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401 *et seq.*) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 *et seq.*). Violations shall be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Vendor shall comply with the requirements of Clean Air Act and the Federal Water Pollution Control Act and include this clause in all lower-tier subcontracts with a value over $150,000.

DEBARMENT AND SUSPENSION (E.O.s 12549 and 12689): By accepting or performing this purchase order, Vendor certifies that it is not identified in the Exclusions area of the System for Award Management as being currently debarred, suspended, proposed for debarment, or otherwise excluded ("SAM Exclusion"). Vendor shall obtain similar certifications from its lower-tier subcontractors for each subcontract in excess of $25,000 and Vendor shall not award lower-tier subcontracts in excess of $25,000 to an entity subject to a SAM Exclusion.

LOBBYING RESTRICTIONS (31 U.S.C. 1352): By accepting or performing this purchase order, Vendor certifies that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Vendor shall also disclose to Purchaser any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award or contract. Vendor shall flow down this clause and require this certification for lower-tier subcontractors with a subcontract of $100,000 or more. Vendor shall provide its disclosure and all disclosures received from lower-tier subcontractors to Purchaser.

PROCUREMENT OF RECOVERED MATERIALS: A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency ("EPA") at 40 C.F.R. part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines. Vendor shall comply with this clause and include this clause in all lower-tier subcontracts.

PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT:
(a) Recipients and subrecipients are prohibited from obligating or expending loan or grant funds to:

(1) Procure or obtain;

(2) Extend or renew a contract to procure or obtain; or

(3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential

component of any system, or as critical technology as part of any system. As described in Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).

(i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).

(ii) Telecommunications or video surveillance services provided by such entities or using such equipment.

(iii) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

(b) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.
(c) See Public Law 115-232, section 889 for additional information.

DOMESTIC PREFERENCES FOR PROCUREMENTS:
(a) As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). Vendor agrees to comply with the requirements of this clause and include the requirements of this clause in all subawards including all contracts and purchase orders for work or products under this award.
(b) For purposes of this section:

(1) “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

(2) “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

Department: Public Works

FORMAL TITLE:
Eighth amendment to the agreement with Waste Pro of Florida, Inc. for single-stream curbside recycling

OCALA'S RELEVANT STRATEGIC GOALS:
Quality of Place, Operational Excellence

PROOF OF PUBLICATION:
N/A

BACKGROUND:
The Public Works Sanitation Division has provided single-stream curbside recycling services for single-family residences within the city limits since April 2012.

On December 15, 2017, the City of Ocala issued Invitation to Bid (ITB) No.: PWD/18-014 for single-stream curbside recycling. Waste Pro of Florida, Inc. (Waste Pro) was the sole bidder at $332 per ton. On May 15, 2018, the City Council approved the award of Contract No.: PWD/18-014 with Waste Pro for a five-year term in the amount of $6,308,000. The agreement included one optional, five-year renewal period, with an annual adjustment to the Consumer Price Index for All Urban Consumers (CPI-U) of not more than 3 percent.

The first amendment to the agreement for a CPI-U rate increase to $337.98 per ton was approved by the Assistant City Manager, effective December 30, 2019.

The second amendment, increasing the CPI-U rate to $342.04 per ton, was approved by the Assistant City Manager, effective October 1, 2020.

The third amendment, increasing the CPI-U rate to $352.30 per ton, was approved by the Assistant City Manager, effective October 1, 2021.

The fourth amendment, increasing the CPI-U rate to $362.70 per ton, was approved by the City Council on December 6, 2022.

For the fifth amendment, in addition to a 5 percent CPI-U rate increase, which brought the rate to $391.90 per ton, the parties negotiated modifications that included an increase of the contamination rate to 25 percent, and an annual CPI-U-justified rate increase of no more than 5 percent for the renewal term through September 30, 2028. The City Council approved this amendment on April 4, 2023.

The sixth amendment to the agreement for a CPI-U rate increase to $406.79 per ton was approved by the City Council on October 15, 2024.

The seventh amendment to the agreement for single-stream curbside recycling, with an annual expenditure of $1,684,065, was approved by the City Council on September 16, 2025. The compensation was increased to $427.13 per ton (a 5 percent increase).

FINDINGS AND CONCLUSIONS:
At the Solid Waste Revenue Sufficiency Study workshop held on January 13, 2026, the City Council directed staff to revise the existing single-stream recycling contract to eliminate curbside recycling collection, establish recycling drop-off locations, and purchase the existing recycling carts from Waste Pro. The change from curbside collection to recycling drop-off locations was projected to result in $1.4 million in annual cost avoidance, helping reduce the rate increase needed to sustain the solid waste fund. On February 3, 2026, the City Council approved the rate increase.

Waste Pro and City staff negotiated a recycling rate of $125 per ton and a purchase price of $18 per cart. We anticipate purchasing 17,602 carts totaling $316,836. The recyclables will be collected by the City of Ocala Sanitation Division and delivered to Waste Pro's materials recovery facility (MRF) for processing. For comparison, Marion County is paying Waste Pro $137.70 per ton to drop off single-stream recycling at its MRF.

FISCAL IMPACT:
Funds for this contract, already budgeted for Fiscal Year 2025-2026 in account 453-023-326-534-53-34010 for single-stream curbside recycling, will cover the cost of purchasing the recycling carts and processing recyclables by Waste Pro. The result of this change will be a projected cost avoidance of $60,000 this fiscal year.

For Fiscal Year 2026-2027 funds for this contract will be budgeted to account 453-023-326-534-53-34010 in the amount of $100,000. This represents a cost avoidance of approximately $1.5 million compared to continuing the curbside single-stream recycling program.

PROCUREMENT REVIEW:
These services were procured in compliance with the City's Procurement Policy.

LEGAL REVIEW:
This Amendment will be reviewed and approved for form and legality by City Attorney, William E. Sexton.

EIGHTH AMENDMENT TO AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING

THIS EIGHTH AMENDMENT TO AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING ("Eighth Amendment") is entered into by and between **CITY OF OCALA**, a Florida municipal corporation ("City"), and **WASTE PRO OF FLORIDA, INC.**, a for-profit corporation duly organized and authorized to do business in the state of Florida (EIN# 59-3701785) ("Vendor").

WHEREAS, on May 15, 2018, City and Vendor entered into an Agreement for Single-Stream Curbside Recycling for a term of five (5) years from October 1, 2018, through September 30, 2023, City of Ocala Contract Number: PWD/18-014 (the "Original Agreement"); and

WHEREAS, on December 30, 2019, City and Vendor entered into a First Amendment (the "First Amendment") of Agreement for Single-Stream Curbside Recycling, modifying the compensation in accordance with the escalation provisions in the Original Agreement; and

WHEREAS, on June 10, 2021, City and Vendor entered into a Second Amendment (the "Second Amendment") of Agreement for Single-Stream Curbside Recycling, to amend the compensation pursuant to the escalation provisions in the Original Agreement; and

WHEREAS, on October 12, 2021, City and Vendor entered into a Third Amendment (the "Third Amendment") of Agreement for Single-Stream Curbside Recycling, to amend the compensation pursuant to the escalation provisions in the Original Agreement; and

WHEREAS, on January 31, 2023, City and Vendor entered into a Fourth Amendment (the "Fourth Amendment") of Agreement for Single-Stream Curbside Recycling, to further amend the compensation per Section 3, Escalation of the Original Agreement utilizing the CPI-U Index; and

WHEREAS, on April 10, 2023, City and Vendor entered into a Fifth Amendment (the "Fifth Amendment") of Agreement for Single-Stream Curbside Recycling, extending the Original Agreement for the available five-year renewal period and further amending the compensation and contamination provisions.

WHEREAS, on October 30, 2024, City and Vendor entered into a Sixth Amendment (the "Sixth Amendment") of Agreement for Single-Stream Curbside Recycling, amending the compensation terms in the Original Agreement.

WHEREAS, on September 22, 2025, City and Vendor entered into a Seventh Amendment to Agreement for Single-Stream Curbside Recycling to increase contract compensation pursuant to the CPI-U Index; and

WHEREAS, on January 13, 2026, at the Solid Waste Revenue Sufficiency Study Workshop, City Council directed staff to eliminate single-stream curbside recycling for City sanitation customers effective July 1, 2026; and

WHEREAS, City and Vendor wish to further amend the Agreement to comply with the City Council directive.

NOW THEREFORE, in consideration of each of the foregoing recitals and the following mutual covenants, conditions and other good and valuable consideration, the receipt and sufficiency of which is hereby mutually acknowledged, City and Vendor agree as follows:

1. **RECITALS.** City and Vendor hereby represent and warrant that the Recitals set forth above are true and correct.

Docusign Envelope ID: 5A625625-8716-8C5F-83E2-995DB4537326

2. **INCORPORATION OF ORIGINAL AGREEMENT**. Effective **JULY 6, 2026**, The Original Agreement between City and Vendor, as amended, is hereby incorporated by reference as if set forth herein in its entirety and remains in full force and effect, except for those terms and conditions expressly amended by this Eighth Amendment.

3. **AMENDMENT TO EXHIBIT A.** The document attached to the Original Agreement, as amended, as **Exhibit A – Scope of Service** is hereby deleted and replaced in its entirety with **Amended Exhibit A – Scope of Service**.

4. **AMENDMENT TO EXHIBIT B.** The document attached to the Original Agreement, as amended, as **Exhibit B – Tagging Procedures** is hereby deleted in its entirety from this Agreement.

5. **SERVICES.** Vendor shall provide all materials, labor, and equipment to process recyclable materials at its Materials Recovery Facility (MRF) as described, and pursuant to the scope of service set forth on the attached **Amended Exhibit A – Scope of Services.** This Agreement, and all exhibits, hold precedence over the Soliciation Documents.

6. **COMPENSATION.** The City shall pay the Vendor for the performance of the services, and in accordance with the contract documents a total of **$125.00 per ton (ONE HUNDRED TWENTY-FIVE AND NO/100 DOLLARS/TON)**.

7. **PURCHASE OF CARTS.** City shall pay Vendor **EIGHTEEN AND NO/100 DOLLARS PER CONTAINER ($18.00/container)** for each single-family residential recycling cart, based on the number of single-family unit customers currently receiving sanitation services from the City. Vendor shall be responsible for removing recycling containers from multi-family and commercial properties.

8. **NOTICES**. All notices, certifications or communications required by this Eighth Amendment shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by e-mail. All notices shall be addressed to the respective parties as follows:

If to Vendor:	Waste Pro of Florida, Inc. Attn: Joseph Lourenco 408 Cypress Road Ocala, Florida 34472 PH: 352-857-3387 E-mail: jolourenco@wasteprousa.com
If to City of Ocala:	Daphne M. Robinson, Contracting Officer City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 PH: 352-629-8343 E-mail: notices@ocalafl.gov

Docusign Envelope ID: 5A625625-8716-8C5F-83E2-995DB4537326

Copy to:

William E. Sexton, Esq., City Attorney
City of Ocala
110 SE Watula Avenue, 3rd Floor
Ocala, Florida 34471
Phone: 352-401-3972
E-mail: cityattorney@ocalafl.gov

9. **COUNTERPARTS.** This Eighth Amendment may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.

10. **ELECTRONIC SIGNATURE(S).** Vendor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Eighth Amendment. Further, a duplicate or copy of the Eighth Amendment that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Eighth Amendment for all purposes.

11. **LEGAL AUTHORITY**. Each person signing this Eighth Amendment on behalf of either party individually warrants that he or she has full legal power to execute this Eighth Amendment on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Eighth Amendment.

IN WITNESS WHEREOF, the parties have executed this Eighth Amendment on _____.

The City shall collect recyclable materials from City-owned recycling drop-off sites and deliver them to the Vendor's Materials Recovery Facility (MRF). Vendor shall be responsible for the processing of recyclable materials. The City will drop off recyclable materials to the Vendor's MRF between the hours of 7:00 a.m. and 4:00 p.m. Monday through Friday.

Definitions

Recyclables – Objects that can be salvaged, processed and used again.

Recyclable processing – Sorting and/or delivering recyclables to a certified recycling facility.

Landfilling – A system of trash and garbage disposal in which the waste is buried between layers of earth in an appropriately permitted facility.

Vendor Responsibilities

Vendor will be responsible for the processing of recyclables in the most cost efficient and effective manner. It is the sole responsibility of the Vendor to perform the necessary activities in accordance with requirements of any permits and applicable laws.

Scope of Service

Vendor will process, and market recyclable materials including:

1. Aluminum products; bi-metal/steel cans;
2. PET, PETE, HDPE plastic containers (includes colored, #1-7 plastics);
3. Newspapers and inserts; phone books; junk mail; office paper; old corrugated cardboard (OCC); paperboard; magazines; cereal boxes.

Revenues

Vendor will receive 100% of the revenues from the sale of recyclables.

Contamination

All recycling materials collected will be delivered by the City to the Vendor. Landfilling of approved recycling materials will be prohibited, apart from material contamination. The Vendor must report on a quarterly basis the landfilling of contaminated materials, detailing the amount of landfilled materials.

The City will pay for contamination (out-throws) that exceeds 10% of the monthly recyclable materials delivered by the City, at the rate of $125.00 a ton. Updated composition studies will be done every 12 months thereafter to determine the charge for out-throws for that period.

Recycling Bins

The City shall purchase the existing recycling bins at single-family units located within City limits that were provided by Vendor as part of this Agreement. The City will collect the recycling bins from customer addresses within City Limits. Vendor shall remove existing recycling containers from multi-family units and commercial buildings.

Docusign Envelope ID: 5A625625-8716-8C5F-83E2-995DB4537326

Reporting Requirements

Vendor shall keep accurate program records and submit reports to comply with the City's reporting requirements. These reports are extremely important, as they will serve as a means to inform the City's staff of the status of recycling activities. The City also requires the Vendor to provide certifiable, accurate monthly weight receipts for all materials collected in the City's program and marketed by the Vendor. Monthly, quarterly and annual reporting requirements are outlined below:

Monthly Project Reports

- Summaries of the tonnages of all materials recovered
- Any changes in processing locations or outlets for any commodity.

Quarterly Reporting Requirements

- Tonnages recovered by material and where they were processed.
- Discussion of problems and noteworthy experiences in program operation.
- Summary of all complaint calls received by number and type.

Annual Reports

- Summary of recovered materials' tonnage and type, and where they were processed.
- A discussion of highlights and problems, and measures taken to resolve problems and increase efficiency.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

Department: Public Works

FORMAL TITLE:
Seventh amendment to the agreement with Waste Pro of Florida, Inc. for single-stream curbside recycling with a yearly expenditure of $1,684,065

OCALA'S RELEVANT STRATEGIC GOALS:
Quality of Place, Operational Excellence

PROOF OF PUBLICATION:
N/A

BACKGROUND:
The Public Works Sanitation Division has provided single-stream curbside recycling services for single-family residences within the city limits since April 2012.
On December 15, 2017, the City of Ocala issued Invitation to Bid (ITB) No.: PWD/18-014 for single-stream curbside recycling. Waste Pro of Florida, Inc. (Waste Pro) was the sole bidder at $332 per ton. On May 15, 2018, the City Council approved the award of Contract No.: PWD/18-014 with Waste Pro for a five-year term in the amount of $6,308,000. The agreement included one optional, five-year renewal period with an annual Consumer Price Index for All Urban Consumers (CPI-U) adjustment of not more than 3 percent per year.
The First Amendment to the agreement for a CPI-U rate increase to $337.98 per ton was approved by the Assistant City Manager, effective December 30, 2019.
The Second Amendment, for a CPI-U rate increase to $342.04 per ton, was approved by the Assistant City Manager, effective October 1, 2020.
The Third Amendment, for a CPI-U rate increase to $352.30 per ton, was approved by the Assistant City Manager, effective October 1, 2021.
The Fourth Amendment, for a CPI-U rate increase to $362.70 per ton, was approved by the City Council on December 6, 2022.
For the Fifth Amendment, in addition to a five percent CPI-U rate increase, which brought the rate to $391.90 per ton, the parties negotiated modifications which included an increase of the contamination rate to 25 percent, and an annual CPI-U-justified rate increase of no more than 5 percent for the renewal term through September 30, 2028. This amendment was approved by City Council on April 4, 2023.
The Sixth Amendment to the agreement for a CPI-U rate increase to $406.79 per ton was approved by the City Council on October 15, 2024.

FINDINGS AND CONCLUSIONS:
Due to continued economic pressures on processing, labor, recycling, and disposal expenses, Waste Pro is requesting a CPI-U rate increase to $427.13, a 5 percent ($20.34) increase, effective

October 1, 2025.

Year	Bidder Name	Office Location	Total Amount
2018	**Waste Pro of Florida, Inc**	**Ocala, FL**	**$332.00/ton**
2019	**Waste Pro of Florida, Inc**	**Ocala, FL**	**$337.98/ton**
2020	**Waste Pro of Florida, Inc**	**Ocala, FL**	**$342.04/ton**
2021	**Waste Pro of Florida, Inc**	**Ocala, FL**	**$352.30/ton**
2022	**Waste Pro of Florida, Inc**	**Ocala, FL**	**$362.70/ton**
2023	**Waste Pro of Florida, Inc**	**Ocala, FL**	**$391.90/ton**
2024	**Waste Pro of Florida, Inc**	**Ocala, FL**	**$406.79/ton**
2025	**Waste Pro of Florida, Inc**	**Ocala, FL**	**$427.13/ton**

The expected expenditure for Fiscal Year 2025-26, with a 5 percent increase, is $1,665,494 ($427.13 x 3,800 tons [contract minimum] plus $42,400 for contamination). The Fiscal Year 2025-26 budgeted amount for recycling is $1,684,065. This amount was budgeted in anticipation of the CPI-U increase as well as residential growth within the city limits.
Staff recommends approval of the Seventh Amendment to the agreement, effective October 1, 2025.

FISCAL IMPACT:
Funds for this contract have been budgeted for Fiscal Year 2025-26 in account 453-023-326-534-53-34010 in the amount of $1,684,065.

PROCUREMENT REVIEW:
These services were procured in compliance with the City's Procurement Policy.

LEGAL REVIEW:
This Amendment will be reviewed and approved for form and legality by City Attorney, William E. Sexton.

SEVENTH AMENDMENT TO AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING

THIS SEVENTH AMENDMENT TO AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING ("Seventh Amendment") is entered into by and between **CITY OF OCALA**, a Florida municipal corporation ("City"), and **WASTE PRO OF FLORIDA, INC.**, a for-profit corporation duly organized and authorized to do business in the state of Florida (EIN# 59-3701785) ("Vendor").

WHEREAS, on May 15, 2018, City and Vendor entered into an Agreement for Single-Stream Curbside Recycling for a term of five (5) years from October 1, 2018, through September 30, 2023, City of Ocala Contract Number: PWD/18-014 (the "Original Agreement"); and

WHEREAS, on December 30, 2019, City and Vendor entered into a First Amendment (the "First Amendment") of Agreement for Single-Stream Curbside Recycling, modifying the compensation in accordance with the escalation provisions in the Original Agreement; and

WHEREAS, on June 10, 2021, City and Vendor entered into a Second Amendment (the "Second Amendment") of Agreement for Single-Stream Curbside Recycling, to amend the compensation pursuant to the escalation provisions in the Original Agreement; and

WHEREAS, on October 12, 2021, City and Vendor entered into a Third Amendment (the "Third Amendment") of Agreement for Single-Stream Curbside Recycling, to amend the compensation pursuant to the escalation provisions in the Original Agreement; and

WHEREAS, on January 31, 2023, City and Vendor entered into a Fourth Amendment (the "Fourth Amendment") of Agreement for Single-Stream Curbside Recycling, to further amend the compensation per Section 3, Escalation of the Original Agreement utilizing the CPI-U Index; and

WHEREAS, on April 10, 2023, City and Vendor entered into a Fifth Amendment (the "Fifth Amendment") of Agreement for Single-Stream Curbside Recycling, extending the Original Agreement for the available five-year renewal period and further amending the compensation and contamination provisions.

WHEREAS, on October 30, 2024, City and Vendor entered into a Sixth Amendment (the "Sixth Amendment") of Agreement for Single-Stream Curbside Recycling, amending the compensation terms in the Original Agreement.

WHEREAS, Vendor has requested an increase to the contract compensation amount pursuant to the CPI-U Index.

NOW THEREFORE, in consideration of each of the foregoing recitals and the following mutual covenants, conditions and other good and valuable consideration, the receipt and sufficiency of which is hereby mutually acknowledged, City and Vendor agree as follows:

1. **RECITALS.** City and Vendor hereby represent and warrant that the Recitals set forth above are true and correct.
2. **INCORPORATION OF ORIGINAL AGREEMENT**. The Original Agreement between City and Vendor, as amended, is hereby incorporated by reference as if set forth herein in its entirety and remains in full force and effect, except for those terms and conditions expressly amended by this Seventh Amendment.
3. **COMPENSATION.** Effective **OCTOBER 1, 2025**, the City shall pay the Vendor for the performance of the work, and in accordance with the contract documents a total of **$427.13 per ton (FOUR**

Docusign Envelope ID: 53017D64-E751-4EBB-BDFE-37F11F99659C

HUNDRED TWENTY-SEVEN 13/100 DOLLARS/TON) which represents a 5% increase based on the most recent **twelve (12) month** period of the CPI-U Index.

4. **NOTICES**. All notices, certifications or communications required by this Seventh Amendment shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by e-mail. All notices shall be addressed to the respective parties as follows:

If to Vendor:	Waste Pro of Florida, Inc. Attn: Joseph Lourenco 408 Cypress Road Ocala, Florida 34472 PH: 352-857-3387 E-mail: jolourenco@wasteprousa.com
If to City of Ocala:	Daphne M. Robinson, Contracting Officer City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 PH: 352-629-8343 E-mail: notices@ocalafl.gov
Copy to:	William E. Sexton, Esq., City Attorney City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-401-3972 E-mail: cityattorney@ocalafl.gov

5. **COUNTERPARTS.** This Seventh Amendment may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.

6. **ELECTRONIC SIGNATURE(S).** Vendor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Seventh Amendment. Further, a duplicate or copy of the Seventh Amendment that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Seventh Amendment for all purposes.

7. **LEGAL AUTHORITY**. Each person signing this Seventh Amendment on behalf of either party individually warrants that he or she has full legal power to execute this Seventh Amendment on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Seventh Amendment.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

SIXTH AMENDMENT TO AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING

THIS SIXTH AMENDMENT TO AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING ("Sixth Amendment") is entered into by and between **CITY OF OCALA**, a Florida municipal corporation ("City"), and **WASTE PRO OF FLORIDA, INC.**, a for-profit corporation duly organized and authorized to do business in the state of Florida (EIN# 59-3701785) ("Vendor").

WHEREAS, on May 15, 2018, City and Vendor entered into an Agreement for Single-Stream Curbside Recycling for a term of five (5) years from October 1, 2018, through September 30, 2023, City of Ocala Contract Number: PWD/18-014 (the "Original Agreement"); and

WHEREAS, on December 30, 2019, City and Vendor entered into a First Amendment (the "First Amendment") of Agreement for Single-Stream Curbside Recycling, modifying the compensation in accordance with the escalation provisions in the Original Agreement; and

WHEREAS, on June 10, 2021, City and Vendor entered into a Second Amendment (the "Second Amendment") of Agreement for Single-Stream Curbside Recycling, to amend the compensation pursuant to the escalation provisions in the Original Agreement; and

WHEREAS, on October 12, 2021, City and Vendor entered into a Third Amendment (the "Third Amendment") of Agreement for Single-Stream Curbside Recycling, to amend the compensation pursuant to the escalation provisions in the Original Agreement; and

WHEREAS, on January 31, 2023, City and Vendor entered into a Fourth Amendment (the "Fourth Amendment") of Agreement for Single-Stream Curbside Recycling, to further amend the compensation per Section 3, Escalation of the Original Agreement utilizing the CPI-U Index; and

WHEREAS, on April 10, 2023, City and Vendor entered into a Fifth Amendment (the "Fifth Amendment") of Agreement for Single-Stream Curbside Recycling, extending the Original Agreement for the available five-year renewal period and further amending the compensation and contamination provisions.

WHEREAS, Vendor has requested to further amend the compensation terms in the Original Agreement, as amended.

NOW THEREFORE, in consideration of each of the foregoing recitals and the following mutual covenants, conditions and other good and valuable consideration, the receipt and sufficiency of which is hereby mutually acknowledged, City and Vendor agree as follows:

1. **RECITALS.** City and Vendor hereby represent and warrant that the Recitals set forth above are true and correct.
2. **INCORPORATION OF ORIGINAL AGREEMENT**. The Original Agreement between City and Vendor, as amended, is hereby incorporated by reference as if set forth herein in its entirety and remains in full force and effect, except for those terms and conditions expressly amended by this Sixth Amendment.
3. **COMPENSATION.** Effective **OCTOBER 1, 2024**, the City shall pay the Vendor for the performance of the work, and in accordance with the contract documents a total of **$406.79 per ton (FOUR HUNDRED SIX AND 79/100 DOLLARS/TON)** which represents a 3.8% increase based on the most recent **twelve (12) month** period of the CPI-U Index.
4. **NOTICES**. All notices, certifications or communications required by this Sixth Amendment shall be given in writing and shall be deemed delivered when personally served, or when received if

Docusign Envelope ID: 81AB478F-FDE2-4C83-92D2-CF8A5B5F6703

by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by e-mail. All notices shall be addressed to the respective parties as follows:

If to Vendor:	Waste Pro of Florida, Inc. Attn: Joseph Lourenco 408 Cypress Road Ocala, Florida 34472 PH: 352-857-3387 E-mail: jolourenco@wasteprousa.com
If to City of Ocala:	Daphne M. Robinson, Contracting Officer City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 PH: 352-629-8343 E-mail: notices@ocalafl.gov
Copy to:	William E. Sexton, Esq., City Attorney City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-401-3972 E-mail: cityattorney@ocalafl.gov

5. **COUNTERPARTS.** This Sixth Amendment may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.

6. **ELECTRONIC SIGNATURE(S).** Vendor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Sixth Amendment. Further, a duplicate or copy of the Sixth Amendment that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Sixth Amendment for all purposes.

7. **LEGAL AUTHORITY**. Each person signing this Sixth Amendment on behalf of either party individually warrants that he or she has full legal power to execute this Sixth Amendment on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Sixth Amendment.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

FIFTH AMENDMENT OF AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING

THIS FIFTH AMENDMENT OF AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING ("Fifth Amendment") is entered into by and between **CITY OF OCALA**, a Florida municipal corporation ("City"), and **WASTE PRO OF FLORIDA, INC.**, a corporation duly organized and authorized to do business in the State of Florida (EIN# 59-3701785) ("Vendor").

WHEREAS, on May 15, 2018, City and Vendor entered into an Agreement for Single-Stream Curbside Recycling for a term of five (5) years from October 1, 2018 through and including September 30, 2023, City of Ocala Contract Number: PWD/18-014 (the "Original Agreement"); and

WHEREAS, on December 30, 2019, City and Vendor entered into a First Amendment ("First Amendment") of Agreement for Single-Stream Curbside Recycling to amend the compensation pursuant to the escalation provisions in the Original Agreement; and

WHEREAS, on June 10, 2021, City and Vendor entered into a Second Amendment ("Second Amendment") of Agreement for Single-Stream Curbside Recycling to amend the compensation pursuant to the escalation provisions in the Original Agreement; and

WHEREAS, on October 12, 2021, City and Vendor entered into a Third Amendment ("Third Amendment") of Agreement for Single-Stream Curbside Recycling to amend the compensation pursuant to the escalation provisions on the Original Agreement; and

WHEREAS, on January 31, 2023, City and Vendor entered into a Fourth Amendment ("Fourth Amendment") of Agreement for Single-Stream Curbside Recycling to further amend the compensation per Section 3, Escalation of the Original Agreement utilizing the CPI-U Index; and

WHEREAS, City and Vendor now desire to extend the term of the Original Agreement for the single five-year renewal period available under the Original Agreement, and to further amend the compensation and contamination terms in the Original Agreement.

NOW THEREFORE, in consideration of each of the foregoing recitals and the following mutual covenants, conditions and other good and valuable consideration, the receipt and sufficiency of which is hereby mutually acknowledged, City and Vendor agree as follows:

1. **RECITALS.** City and Vendor hereby represent and warrant that the Recitals set forth above are true and correct.
2. **INCORPORATION OF ORIGINAL AGREEMENT**. The Original Agreement between City and Vendor is hereby incorporated by reference as if set forth herein in its entirety and remains in full force and effect, except for those terms and conditions expressly amended by this Fifth Amendment.
3. **RENEWAL TERM**. The Original Agreement is hereby renewed for an additional five-year term beginning **OCTOBER 1, 2023** and terminating **SEPTEMBER 30, 2028**.
4. **COMPENSATION**. Effective **OCTOBER 1, 2023**, the City shall pay the Vendor for the performance of the work, and in accordance with the contract documents a total of **$391.90 per ton (THREE HUNDRED NINETY-ONE AND 90/100 DOLLARS/TON)** which represents an 8% increase based on the prior year's CPI-U index change.
   A. Pricing shall remain firm and fixed during the initial year of this Renewal Term.

DocuSign Envelope ID: 0F7707C7-D753-4F3E-8345-6D06C7D98728

B. Any renewal price adjustments shall be subject to negotiation and must be approved by the City of Ocala. Contractor shall submit a written request for price adjustment identifying the reason for the price increase, and attach suitable documentation in support of same, no less than **NINETY (90) DAYS** prior to the anniversary date of the Renewal Term. No retroactive price adjustments will be allowed.

C. Pricing increases shall not exceed the lesser of: (i) the amount of the percentage increase reflected in the Consumer Price Index for all Urban Consumers (CPI-U), not seasonally adjusted, based upon the most recent **TWELVE (12) MONTH** period; or (ii) **FIVE PERCENT (5%) ANNUALLY** unless there are mitigating market conditions.

D. The City guarantees a minimum 3,800 tons during a 12-month recycling period. Beginning every October 1st of the contract year, if recycling collections are less than 3,800 tons for the preceding 12-month period, the Vendor may invoice the City for the difference up to 3,800 tons at the contract price.

5. **CONTAMINATION.** The City will pay for contamination (out-throws) that exceed **TWENTY FIVE PERCENT (25%)** of the monthly recycling collection at the rate of **ONE HUNDRED TWENTY-FIVE AND NO/100 DOLLARS ($125)** per ton. A composition study shall be performed every six months during the renewal term to determine charges for out-throws. Vendor shall notify the City the date on which each composition study will be performed, and invite the City to observe the process.

6. **NOTICES**. All notices required or permitted under this Agreement shall be given in writing and shall be deemed sufficiently served on the date delivered if delivered by registered or certified mail, with return receipt requested; or delivered personally; or delivered via electronic mail (as provided below) and followed with delivery of a hard copy. All notices shall be addressed to the respective parties as follows:

If to Vendor:
Waste Pro of Florida, Inc.
Joseph Lourenco
408 Cypress Road
Ocala, FL 34472
PH: 352-857-3387
E-mail: jolourenco@wasteprousa.com

If to City of Ocala:
Daphne M. Robinson, Contracting Officer
City of Ocala
110 SE Watula Avenue, Third Floor
Ocala, Florida 34471
Phone: 352-629-8343
E-mail: notices@ocalafl.org

Copy to:
William E. Sexton, Esq., City Attorney
City of Ocala
110 SE Watula Avenue, Third Floor
Ocala, Florida 34471
Phone: 352-401-3972
Email: cityattorney@ocalafl.org

DocuSign Envelope ID: 0F7707C7-D753-4F3E-8345-6D06C7D98728

7. **COUNTERPARTS.** This Fifth Amendment may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.
8. **ELECTRONIC SIGNATURE(S).** Vendor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Fifth Amendment. Further, a duplicate or copy of the Fifth Amendment that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Fifth Amendment for all purposes.
9. **LEGAL AUTHORITY**. Each person signing this Fifth Amendment on behalf of either party individually warrants that he or she has full legal power to execute this Fifth Amendment on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Fifth Amendment.

IN WITNESS WHEREOF, the parties have executed this Fifth Amendment on 4/10/2023.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

FOURTH AMENDMENT OF AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING

THIS FOURTH AMENDMENT OF AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING ("Fourth Amendment") is entered into by and between **CITY OF OCALA**, a Florida municipal corporation ("City"), and **WASTE PRO OF FLORIDA, INC.**, a corporation duly organized and authorized to do business in the State of Florida (EIN# 59-3701785) ("Vendor").

WHEREAS, on May 15, 2018, City and Vendor entered into an Agreement for Single-Stream Curbside Recycling for a term of five (5) years from October 1, 2018 through and including September 30, 2023, City of Ocala Contract Number: PWD/18-014 (the "Original Agreement"); and

WHEREAS, on December 30, 2019, City and Vendor entered into a First Amendment ("First Amendment") of Agreement for Single-Stream Curbside Recycling to amend the compensation pursuant to the escalation provisions in the Original Agreement; and

WHEREAS, on June 10, 2021, City and Vendor entered into a Second Amendment ("Second Amendment") of Agreement for Single-Stream Curbside Recycling to amend the compensation pursuant to the escalation provisions in the Original Agreement; and

WHEREAS, on October 12, 2021, City and Vendor entered into a Third Amendment ("Third Amendment") of agreement for Single-Stream Curbside Recycling to amend the compensation pursuant to the escalation provisions on the Original Agreement; and

WHEREAS, City and Vendor now desire to further amend the compensation per Section 3, Escalation of the Original Agreement utilizing the CPI-U index and to amend Exhibit A – Scope of Service to allow for exemptions from recycling requirements under certain circumstances.

NOW THEREFORE, in consideration of each of the foregoing recitals and the following mutual covenants, conditions and other good and valuable consideration, the receipt and sufficiency of which is hereby mutually acknowledged, City and Vendor agree as follows:

1. **RECITALS.** City and Vendor hereby represent and warrant that the Recitals set forth above are true and correct.
2. **INCORPORATION OF ORIGINAL AGREEMENT**. The Original Agreement between City and Vendor is hereby incorporated by reference as if set forth herein in its entirety and remains in full force and effect, except for those terms and conditions expressly amended by this Fourth Amendment.
3. **COMPENSATION**. Effective **OCTOBER 1, 2022**, the City shall pay the Vendor for the performance of the work, and in accordance with the contact documents a total of **$362.70 per ton (THREE HUNDRED SIXTY-TWO AND 70/100 DOLLARS/TON)** which represents a 3% increase based on the prior year's CPI-U index change. The City guarantees a minimum 3,800 tons during a 12-month recycling period. Beginning every October 1st of the contract year, if recycling collections are less than 3,800 tons for the preceding 12-month period, the Vendor may invoice the City for the difference up to 3,800 tons at the contract price.
4. **NOTICES**. All notices required or permitted under this Agreement shall be given in writing and shall be deemed sufficiently served on the date delivered if delivered by registered or certified mail, with return receipt requested; or delivered personally; or delivered via electronic mail (as provided below) and followed with delivery of a hard copy. All notices shall be addressed to the respective parties as follows:

Doc ID: [illegible]

If to Vendor:	Waste Pro of Florida, Inc. Joseph Lourenco 408 Cypress Road Ocala, FL 34472 PH: 352-857-3387 E-mail: jlourenco@wasteprousa.com
If to City of Ocala:	Daphne M. Robinson, Esq. - Contracting Officer City of Ocala 110 SE Watula Avenue, Third Floor Ocala, Florida 34471 Phone: 352-629-8343 Fax: 352-690-2025 E-mail: notices@ocalafl.org
Copy to:	William E. Sexton, Esq. - City Attorney City of Ocala 110 SE Watula Avenue, Third Floor Ocala, Florida 34471 Phone: 352-401-3972 Email: cityattorney@ocalafl.org

5. **COUNTERPARTS.** This Fourth Amendment may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.
6. **ELECTRONIC SIGNATURE(S).** Vendor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Fourth Amendment. Further, a duplicate or copy of the Fourth Amendment that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Fourth Amendment for all purposes.
7. **LEGAL AUTHORITY**. Each person signing this Fourth Amendment on behalf of either party individually warrants that he or she has full legal power to execute this Fourth Amendment on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Fourth Amendment.

WASTE PRO OF FLORIDA, INC.

By: _____

Waste Pro of Florida, Inc.
(Printed Name)

Division Manager
(Title)

Doc ID:

Vendor shall be responsible for recycling collection, processing and hauling with glass included. Vendor is guaranteed to be paid for a minimum of 3,800 tons of recycling collection. Single-stream recycling is available to approximately 16,000 residential customers, 7,000 multi-family customers and just over 100 residential offices. Recycling collection services are performed once per week at the curbside, or rear door. Collection services are performed between the hours of 7:00 a.m. and 5:00 p.m., Monday through Friday. The approximate annual amount of recyclables collected is 3,800 tons with glass.

Definitions

Recyclables – Objects that can be salvaged, processed and used again.

Recyclable processing – Sorting and/or delivering recyclables to a certified recycling facility.

Landfilling – A system of trash and garbage disposal in which the waste is buried between layers of earth.

Vendor Responsibilities

Vendor will be responsible for the complete collection and processing of recyclables in the most cost efficient and effective manner. It is the sole responsibility of the Vendor to perform the necessary activities in accordance with requirements of any permits and applicable laws.

Scope of Service

A. Vendor will collect, process, and market recyclable materials including:
   1. Aluminum products; bi-metal/steel cans;
   2. PET, PETE, HDPE plastic containers (includes colored, #1-7 plastics);
   3. Newspapers and inserts; phone books; junk mail; office paper; old corrugated cardboard (OCC); paperboard; magazines; cereal boxes;
   4. Glass containers;
   5. Aerosol cans.

B. The current collections are approximately 3,800 tons (with glass) annually from single family residential units, multifamily residential units serviced by the commercial division (dumpsters) and City buildings and properties

C. Vendor shall be required to monitor and keep records of market conditions for recyclable materials described under Paragraph A, above. For any recyclable material found to have a market value of $0 for a period of **SIXTY (60) DAYS**, Vendor may submit a written request for exemption from recycling requirements to the City Project Manager seeking permission to landfill said items. Upon receipt of the City's approval, Vendor may landfill those recyclable materials specifically set forth in the City's approval. Within **SIXTY (60) DAYS** of an improvement in market conditions, Vendor must resume recycling services for those recyclable materials previously approved for landfill disposal due to a decrease in market value.

Doc ID: [illegible]

Recycling Collection Schedule

The Vendor shall collect recyclables on a weekly basis. Collections must not begin before 7:00 a.m. Recycling services will be performed year round, excluding predetermined holidays and with the exception of extreme and adverse weather conditions. The Vendor will give notification and consult with the City as such occasions arise. The Vendor will work with City staff to determine holiday and inclement weather pick up schedule modifications.

Collection Procedure

Vendor shall collect all properly prepared materials accepted by this program. Newspapers and other paper materials shall be considered acceptable for collection whether wet or dry. Improper contents, i.e. those materials not designated for collections, do not have to be collected and may be left in the container with a printed explanatory notice. The contents of the notices shall be subject to the City's approval prior to printing for use.

Vendor will not place items from the customer's cart on the ground and cardboard boxes placed next to recycle carts will be collected. In the case of missed collections, arrangements should be made to collect those the same day or on the next business day.

Road Specifications

All roads and/or drives receiving garbage service are eligible to participate in curbside recycling.

Front Door/Back Door Service

Special front door/back door collection service shall be provided for medical waiver residents as identified by the City. The City will relay all customer requests for such service to the Vendor upon receipt. Currently, 150 residents receive this service.

Multi-Family Complexes

Multi-family recycling drop off points may require screening and/or other solutions to accommodate the containers and to meet the planning, parking, access, appearance, zoning, and other requirements of the jurisdiction in which the site is found. The complexes themselves may also have appearance and other requirements. Vendor will have primary responsibility for ensuring the placement of sufficient containers at each complex. Containers used for multifamily dwellings must be maintained by the Vendor in cooperation with apartment complex or mobile home park maintenance personnel so that they are available for use. Vendor shall furnish recycling containers appropriate for multi-family complexes.

The City will not require the Vendor to bear any expense of any required site modifications, but the Vendor will be required to work closely with the complex managers to ensure proper and acceptable container placement.

Revenues

Vendor will receive 100% of the revenues from the sale of recyclables.

Public Awareness Campaign

Before and during the program, the Vendor will conduct a Public Awareness Campaign, with the assistance of the City, to ensure comprehensive public education of the recycling program. The vendor will be responsible for providing flyers along with delivery of the bins to all households.

Doc ID: [illegible]

Vendor will submit for the City's review, any marketing program it plans for public awareness to promote recycling.

City Buildings

The City requires that City buildings and properties maintained by the City receive basic recycling service at no charge.

Contamination

All recycling materials collected will be processed and marketed by the Vendor. Landfilling of approved recycling materials will be prohibited, apart from material contamination. The Vendor must report on a quarterly basis the landfilling of contaminated materials, providing in writing the details of how much, and where materials were landfilled.

The City will pay for contamination (out-throws) that exceed 10% of the monthly recycling collection at the rate of $125.00 a ton beginning six months after service begin date. Five months after the service begin date, a composition study will be completed to calculate the percentage of out-throws charged to the City on monthly collections. Updated composition studies will be done every 6 months thereafter to determine the charge for out-throws for that period. The vendor will notify the City the date when each composition study will be completed, and invite the City to observe the process.

Recycling Bins

Vendor will provide and distribute, at its own expense, collection containers for each unit. Used carts can be provided if they are in good condition. For most households, these containers will be 96 gallon carts. Smaller bins/containers will be available for disabled residents, or those in smaller housing units with limited space that may request a reduced size collection bin. Each container will be able to withstand outside weather conditions and will have the City of Ocala's logo imprinted (if new carts) and contractor's name and number identified. Vendor must provide additional containers at the request of the City at no cost, as needed. Appearance, color and design of the containers are subject to the approval of the City to distinguish them as recycle containers.

When customers request a bin/cart, the request must be met within five (5) working days.

Reporting Requirements

Vendor will be required to keep accurate program records and submit reports to comply with the City's reporting requirements. These reports are extremely important, as they will serve as a means to inform the City's staff of the status of recycling activities. The City also requires the Vendor to provide certifiable, accurate monthly weight receipts for all materials collected in the City's program and marketed by the Vendor. The Vendor will submit these records of sales of materials quarterly. Monthly, quarterly and annual reporting requirements are outlined below:

Monthly Project Reports

- Summaries of the tonnages of all materials recovered by material type.
- List of all customer complaints including name, address, date, nature of complaint, and how the complaint was resolved.

Doc ID: [illegible]

- Weekly set-out rates and monthly participation rates.
- Any changes in processing locations or outlets for any commodity.

Quarterly Reporting Requirements

- Tonnages recovered by material and where they were processed.
- Discussion of problems and noteworthy experiences in program operation.
- Summary of all complaint calls received by number and type.

Annual Reports

- Summary of participation rates, recovered materials' tonnage and type, and where they were processed.
- A discussion of public awareness activities and their impact on participation and recovered volumes.
- A discussion of highlights and problems, and measures taken to resolve problems and increase efficiency and household participation.
- Summary of complaint calls by number and type.

Contract Term

This contract will remain as a firm, fixed-price contract for a term of five (5) years. One five-year renewal may be exercised upon both parties' mutual written agreement.

THIRD AMENDMENT OF AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING

THIS THIRD AMENDMENT OF AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING ("Third Amendment") is entered into by and between **CITY OF OCALA**, a Florida municipal corporation ("City"), and **WASTE PRO OF FLORIDA, INC.**, a corporation duly organized and authorized to do business in the State of Florida (EIN# 59-3701785) ("Vendor").

WHEREAS, on May 15, 2018, City and Vendor entered into an Agreement for Single-Stream Curbside Recycling for a term of five (5) years from October 1, 2018 through and including September 30, 2023, City of Ocala Contract Number: PWD/18-014 (the "Original Agreement"); and

WHEREAS, on December 30, 2019, City and Vendor entered into a First Amendment ("First Amendment") of Agreement for Single-Stream Curbside Recycling to amend the compensation pursuant to the escalation provisions in the Original Agreement; and

WHEREAS, on June 10, 2021, City and Vendor entered into a Second Amendment ("Second Amendment") of Agreement for Single-Stream Curbside Recycling to amend the compensation pursuant to the escalation provisions in the Original Agreement; and

WHEREAS, City and Vendor now desire to further amend the compensation per Section 3, Escalation of the Original Agreement utilizing the CPI-U index.

NOW THEREFORE, in consideration of each of the foregoing recitals and the following mutual covenants, conditions and other good and valuable consideration, the receipt and sufficiency of which is hereby mutually acknowledged, City and Vendor agree as follows:

1. **RECITALS.** City and Vendor hereby represent and warrant that the Recitals set forth above are true and correct.
2. **INCORPORATION OF ORIGINAL AGREEMENT**. The Original Agreement between City and Vendor is hereby incorporated by reference as if set forth herein in its entirety and remains in full force and effect, except for those terms and conditions expressly amended by this Third Amendment.
3. **COMPENSATION**. Effective **OCTOBER 1, 2021**, the City shall pay the Vendor for the performance of the work, and in accordance with the contact documents a total of **$352.30 per ton (THREE HUNDRED FIFTY-TWO AND 30/100 DOLLARS)** which represents a 3% increase based on the prior year's CPI-U index change. The City guarantees a minimum 3,800 tons during a 12-month recycling period. Beginning every October 1st of the contract year,

Doc ID: 8668B02388e8256e8B89927d6d79d9087880260

if recycling collections are less than 3,800 tons for the preceding 12-month period, the Vendor may invoice the City for the difference up to 3,800 tons at the contract price.

4. **NOTICES**. All notices, certifications or communications required by this Third Amendment shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by email. All notices shall be addressed to the respective parties as follows:

If to Vendor:	Waste Pro of Florida, Inc. Joseph Lourenco 408 Cypress Road Ocala, FL 34472 PH: 352-857-3387 E-mail: jolourenco@wasteprousa.com
If to City of Ocala:	Tiffany L. Kimball, Contracting Officer City of Ocala, City Hall 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 PH: 352-629-8366 FAX: 352-690-2025 Email: tkimball@ocalafl.org

5. **COUNTERPARTS.** This Third Amendment may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.

6. **ELECTRONIC SIGNATURE(S).** Vendor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Third Amendment. Further, a duplicate or copy of the Third Amendment

Doc ID: 8668B02388e8325e6886992736a79a910667885a60

that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Third Amendment for all purposes.

7. **LEGAL AUTHORITY**. Each person signing this Third Amendment on behalf of either party individually warrants that he or she has full legal power to execute this Third Amendment on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Third Amendment.

IN WITNESS WHEREOF, the parties have executed this Third Amendment on 10/12/2021.

SECOND AMENDMENT OF AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING

THIS SECOND AMENDMENT OF AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING ("Second Amendment") is entered into by and between **CITY OF OCALA**, a Florida municipal corporation ("City"), and **WASTE PRO OF FLORIDA, INC.**, a corporation duly organized and authorized to do business in the State of Florida (EIN# 59-3701785) ("Vendor").

WHEREAS, on May 15, 2018, City and Vendor entered into an Agreement for Single-Stream Curbside Recycling (the "Original Agreement"), City of Ocala Contract Number: PWD/18-014; and

WHEREAS, the term of the Original Agreement commenced on October 1, 2018 and has provisions for escalation utilizing the CPI-U index; and

WHEREAS, City and Vendor are amending the compensation per Section 3, Escalation of the Original Agreement.

NOW THEREFORE, in consideration of each of the foregoing recitals and the following mutual covenants, conditions and other good and valuable consideration, the receipt and sufficiency of which is hereby mutually acknowledged, City and Vendor agree as follows:

1. **RECITALS.** City and Vendor hereby represent and warrant that the Recitals set forth above are true and correct.
2. **INCORPORATION OF ORIGINAL AGREEMENT**. The Original Agreement between City and Vendor is hereby incorporated by reference as if set forth herein in its entirety and remains in full force and effect, except for those terms and conditions expressly amended by this Second Amendment.
3. **COMPENSATION**. Effective **October 1, 2020**, the City shall pay the Vendor for the performance of the work, and in accordance with the contact documents a total of **$342.04 (THREE HUNDRED, FORTY-TWO AND 04/100 DOLLARS) per ton** which represents a 1.2% increase based on the prior year's CPI-U index change. The City guarantees a minimum 3,800 tons during a 12-month recycling period. Beginning every October 1st of the contract year, if recycling collections are less than 3,800 tons for the preceding 12-month period, the Vendor may invoice the City for the difference up to 3,800 tons at the contract price.

Doc ID: c3662686f9ca29c51b07225861cf1c88646b3793

4. **NOTICES**. All notices, certifications or communications required by this Second Amendment shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by email. All notices shall be addressed to the respective parties as follows:

If to Vendor:	Waste Pro of Florida, Inc. Joseph Lourenco 408 Cypress Road Ocala, FL 34472 PH: 352-857-3387 E-mail: jlourenco@wasteprousa.com
If to City of Ocala:	Tiffany L. Kimball, Contracting Officer City of Ocala, City Hall 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 PH: 352-629-8366 FAX: 352-690-2025 Email: tkimball@ocalafl.org
Copy to:	Robert W. Batsel, Jr. Gilligan, Gooding, Batsel, Anderson & Phelan, P.A. 1531 SE 36th Avenue Ocala, Florida 34471 PH: 352-867-7707 FAX: 352-867-0237 Email: rbatsel@ocalalaw.com

5. **COUNTERPARTS.** This Second Amendment may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.

6. **ELECTRONIC SIGNATURE(S).** Vendor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Second Amendment. Further, a duplicate or copy of the Second Amendment that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Second Amendment for all purposes.

Doc ID: c3662686f9ca29c51b07225861cf1c88646b3793

7. **LEGAL AUTHORITY**. Each person signing this Second Amendment on behalf of either party individually warrants that he or she has full legal power to execute this Second Amendment on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Second Amendment.

IN WITNESS WHEREOF, the parties have executed this Second Amendment on 06 / 10 / 2021.

FIRST AMENDMENT OF AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING

THIS FIRST AMENDMENT OF AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING ("First Amendment") is entered into this 30th day of December, 2019, by and between **CITY OF OCALA**, a Florida municipal corporation ("City"), and **WASTE PRO OF FLORIDA, INC.**, a corporation duly organized and authorized to do business in the State of Florida (EIN# 59-3701785) ("Vendor").

WHEREAS, on May 15, 2018, City and Vendor entered into an Agreement for Single-Stream Curbside Recycling (the "Original Agreement"), City of Ocala Contract Number: PWD/18-014; and

WHEREAS, the term of the Original Agreement commenced on October 1, 2018 and is set to expire on September 20, 2023; and

WHEREAS, City and Vendor desire are amending the compensation per the provisions of Section 3, Escalation of the Original Agreement.

NOW THEREFORE, in consideration of each of the foregoing recitals and the following mutual covenants, conditions and other good and valuable consideration, the receipt and sufficiency of which is hereby mutually acknowledged, City and Vendor agree as follows:

1. **RECITALS.** City and Vendor hereby represent and warrant that the Recitals set forth above are true and correct.
2. **INCORPORATION OF ORIGINAL AGREEMENT**. The Original Agreement between City and Vendor is hereby incorporated by reference as if set forth herein in its entirety and remains in full force and effect, except for those terms and conditions expressly amended by this First Amendment.
3. **COMPENSATION**. The City shall pay the Vendor for the performance of the work, and in accordance with the contact documents a total of **$337.98 per ton (THREE HUNDRED, THIRTY-SEVEN AND 98/100 DOLLARS)**. The City guarantees a minimum 3,800 tons during a 12-month recycling period. Beginning every October 1st of the contract year, if recycling collections are less than 3,800 tons for the preceding 12-month period, the Vendor may invoice the City for the difference up to 3,800 tons at the contract price.

4. **NOTICES**. All notices, certifications or communications required by this First Amendment shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by email. All notices shall be addressed to the respective parties as follows:

If to Vendor:	Waste Pro of Florida, Inc. Joseph Lourenco 408 Cypress Road Ocala, FL 34472 PH: 352-857-3387 E-mail: jlourenco@wasteprousa.com
If to City of Ocala:	Tiffany L. Kimball, Contracting Officer City of Ocala, City Hall 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 PH: 352-629-8366 FAX: 352-690-2025 Email: tkimball@ocalafl.org
Copy to:	Patrick G. Gilligan, Esquire Gilligan, Gooding, Franjola & Batsel, P.A. 1531 SE 36th Avenue Ocala, Florida 34471 PH: 352-867-7707 FAX: 352-867-0237 Email: pgilligan@ocalalaw.com

5. **COUNTERPARTS.** This First Amendment may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.

6. **ELECTRONIC SIGNATURE(S).** Vendor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this First Amendment. Further, a duplicate or copy of the First Amendment that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original First Amendment for all purposes.

7. **LEGAL AUTHORITY**. Each person signing this First Amendment on behalf of either party individually warrants that he or she has full legal power to execute this First Amendment on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this First Amendment.

IN WITNESS WHEREOF, the parties have executed this First Amendment on the date set forth above

WASTE PRO OF FLORIDA, INC.

Vice President or higher

CITY OF OCALA
GOD BE WITH US
MARION COUNTY, FLORIDA

AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING

THIS AGREEMENT is entered into this 15th day of May, 2018 by and between the **CITY OF OCALA**, a Florida municipal corporation ("City") and **WASTE PRO OF FLORIDA, INC.,** a Florida registered corporation (EIN: 59-3701785), with offices at 408 Cypress Road, Ocala, Florida 34472 ("Vendor").

WHEREAS:

The City of Ocala issued an Invitation to Bid on December 15, 2017 for **ITB# PWD/17-032: Solid Waste Disposal and Recycling Services**.

Two (2) bidders responded, and Waste Pro of Florida, Inc. was the lowest responsive and responsible bidder for recycling services. The Vendor was subsequently selected as the intended awardee for these services.

NOW THEREFORE, in consideration of the matters set forth above (which are incorporated herein by reference), the parties hereto agree as follows:

1. **SERVICES.** Vendor will provide all materials, labor, and equipment to provide single stream recycling services for the City as described, and pursuant to the scope of service set forth on the attached **Exhibit A - Scope of Service**, and underlying ITB# PWD/17-032. The contract, and all exhibits, hold precedence over the ITB documents.

2. **COMPENSATION.** City shall pay Vendor for the performance of the work, and in accordance with the contract documents, a total of **$332.00 per ton (THREE HUNDRED, THIRTY-TWO DOLLARS).** The City guarantees a minimum 3,800 tons during a 12-month recycling period. Beginning every October 1st of the contract year, if recycling collections are less than 3,800 tons for the preceding 12-month period, the Vendor may invoice City for the difference up to 3,800 tons at the contract price.

3. **ESCALATION.** During each contract year anniversary on October 1st, Vendor may request a CPI-U adjustment applied to the per ton price, but in no case will it exceed 3% yearly. If the CPI-U change is greater than 3% in one year, the difference will carryforward and be applied to the following year for a maximum of 3% total. (I.e.- if Year 1 has a CPI-U increase of 3.8 % then .8% will carry forward to the next year to be applied to the CPI-U change. In no event will City's increase ever be more than the 3% cap in any year)

4. **RECYCLING MARKETS.** If recycling market prices change significantly during the course of the contract, the Vendor may present their findings to the City for consideration of a price or scope adjustment. Vendor may terminate the contract upon a 180-day notice if a revised agreement between the parties cannot be met.

5. **CONTAMINATION.** The City will pay for contamination (out-throws) that exceed 10% of the monthly recycling collection at the rate of **$125.00 per ton** beginning six months after service begin date. A composition study will be completed five months after service begin date which will be used to calculate the percentage of out-throws charged to the City on monthly collections beginning on month six. Updated composition studies will be done every six months during the renewal term to determine charges for out-throws. Waste Pro will notify the City the date when each composition study will be completed, and invite the City to observe the process.

6. **TERM & TERMINATION.** This Agreement shall begin on **October 1, 2018** and terminate at the end of the business day on **September 30, 2023**. This Agreement may, by written consent between City and the Vendor, be renewed for up to one (1) additional five-year term. Either party may terminate this Agreement immediately upon default or breach by the other party, if said party remains in default or breach after receiving written notice and fails to cure such default or breach within thirty (30) days of said notice. Termination of this Agreement shall have no effect upon the rights of the parties that accrued prior to termination.

7. **CHANGE IN SCOPE.** Should the City and Vendor mutually agree to a change in the scope of services being provided during the term of this Agreement, an agreed to price adjustment shall be set forth in a written amendment to this Agreement. Pricing shall be based on unit prices set forth in this Agreement, when applicable.

8. **PERFORMANCE EVALUATION.** At the end of the contract, the City may evaluate the Vendor's performance. This evaluation will become public record.

9. **CONTRACT FULFILLMENT.** Vendors who enter into an Agreement with the City of Ocala and fail to complete the contract term, for any reason, will be subject to future bidding suspension for one (1) year, and up to a possible three (3) year bid debarment for serious contract failures.

10. **TAGGING PROCEDURES.** Vendor will perform tagging procedures as outlined in Exhibit B-Tagging Procedures to assist with reducing contamination in the City's recycling stream. The City will visit tagged households on the 2nd violation to discuss contamination and violations

with recycling. Repeat offenders will have their recycling cart removed by the City.

11. **METHOD OF COMPENSATION.** In consideration for providing the City with the services described in this contract, the City will compensate the Vendor as noted in **Section 2** as follows:

A. The City will pay Vendor, as approved and invoiced, for each verified ton of recycling collected. Vendor shall provide certified scale reports of tons collected with the invoice. The allowability of compensation sought under this Contract is expressly made subject to the terms of this Contract, and any pertinent Federal and State law.

B. Vendor shall invoice the City monthly for all tons collected during the preceding calendar month. Invoices for this Agreement will be prepared by Vendor, and submitted through the responsible City Project Manager at: **City of Ocala Sanitation Department, Dwayne Drake, 2100 NE 30th Avenue, Building 200, ddrake@ocalafl.org**. Invoices must be reviewed and agreed upon by City of Ocala Project Manager; this review and agreement shall not be unreasonably withheld, conditioned, or delayed. The City contract number must be listed on the submitted invoice along with an assigned invoice number and invoice date. Please indicate any payment discount terms on the invoice. One original of the invoice should be included with the submission.

C. The City reserves the right to withhold payment for work not completed, or services completed unsatisfactorily, or work or products deemed inadequate or untimely by the City. Any payment withheld will be released and paid to Vendor promptly when work or products are subsequently performed/delivered to the City's satisfaction.

12. **MISCELLANEOUS INSURANCE PROVISIONS.**

A. Insurance Requirements. These insurance requirements shall not relieve or limit the liability of Vendor. The City does not in any way represent that these types or amounts of insurance are sufficient or adequate to protect Vendor's interests or liabilities, but are merely minimums. No insurance is provided by the City under this contract to cover Vendor. No work shall be commenced under this contract until the required Certificate(s) have been provided. Work shall not continue after expiration (or cancellation) of the Certificate and shall not resume until new Certificate(s) have been provided. Insurance written on a "Claims Made" form is not acceptable without City of Ocala Risk Management consultation.

B. Deductibles. Vendor's deductibles/self-insured retentions shall be disclosed to the City and may be disapproved by the latter. Vendor is responsible for the amount of any deductible or self-insured retention.

C. Certificates. Vendor shall provide a Certificate of insurance, issued by an agency authorized to do business in the State of Florida and with an A.M. Best rating* of at least an A, showing the "City of Ocala" as an Additional Insured for General Liability, and Business Automobile Liability insurance. The City of Ocala, Procurement Department, 110 SE Watula Ave, Ocala, FL 34471 should be shown as the Certificate Holder, and for providing for required thirty (30) day cancellation notice.

*Non-rated insurers must be pre-approved by the City Risk Manager.

D. Failure to Maintain Coverage. In the event Vendor fails to disclose each applicable deductible/self-insured retention or obtain or maintain in full force and effect any insurance coverage required to be obtained by Vendor under this Agreement, Vendor shall be considered to be in default of this Agreement.

E. Severability of Interests. Vendor shall arrange for its liability insurance to include General Liability, Business Automobile Liability, and Excess/Umbrella Insurance, or be endorsed to include, a severability of interests/cross liability provision, so that the "City of Ocala" (where named as an additional insured) will be treated as if a separate policy were in existence, but without increasing the policy limits.

13. **LIABILITY INSURANCE.** Vendor shall procure and maintain for the life of this contract Commercial General Liability Insurance with limits not less than:

A. $1,000,000 each occurrence and $2,000,000 aggregate for Bodily Injury, Property Damage and Personal and Advertising Injury;

B. $1,000,000 each occurrence and $2,000,000 aggregate for Products and Completed Operations;

C. Commercial General Liability policy must include coverage for Contractual Liability.

The City, a political subdivision of the State of Florida, its officials, employees, and volunteers will be covered as an additional insured with a CG 20 26 04 13 Additional Insured – Designated Person or Organization Endorsement or similar endorsement providing equal or broader Additional Insured Coverage regarding liability arising out of activities performed by or on behalf of Vendor. The coverage shall contain no special limitation on the scope of protection afforded to the City, its officials, employees, or volunteers.

14. **BUSINESS AUTO LIABILITY.** Vendor shall procure and maintain Automobile Insurance for the life of this contract. Coverage must be afforded for all Owned, Hired, Scheduled, and Non-Owned vehicles for Bodily Injury and Property Damage in an amount not less than $1,000,000 combined single limit each accident. The City must be an additional insured on the policy.

15. **WORKERS' COMPENSATION AND EMPLOYER'S LIABILITY.** Vendor shall procure and maintain for the life of this contract Workers' Compensation insurance, and Employer's Liability at statutory requirement limits. Vendor shall ensure any subcontractor has statutory coverage. The City of Ocala need not be named as an additional insured, but a subrogation waiver endorsement is required. Exceptions and exemptions will be allowed by the City's HR/Risk Director, if they are in accordance with Florida Statute.

16. **POLLUTION LIABILITY.** Vendor shall purchase and maintain in force for the duration of the contract insurance for pollution legal liability applicable to bodily injury, property damage, including natural resource damage, loss of use of damaged property or of property that has not been physically injured or destroyed; cleanup costs, removal, storage, disposal, and/or use of the pollutant; and defense, including costs and expenses incurred in the investigation, defense or settlement of claims.

    Coverage shall apply to sudden and gradual pollution conditions resulting from the escape of release of smoke, vapors, fumes, acids, alkalis, toxic chemicals, liquids, or gases, natural gas, waste materials, or other irritants, contaminants, or pollutants, including asbestos.

17. **E-VERIFY.** In accordance with Executive Order 11-116, Vendor shall utilize the U.S. Agency of Homeland Security's E-Verify system, https://e-verify.uscis.gov/emp, to verify the employment eligibility of all employees hired during the term of this Agreement. Vendor shall also require all subcontractors performing work under this Agreement to utilize the E-Verify system for any employees they may hire during the term of this Agreement.

18. **SAFETY/ENVIRONMENTAL.** Vendor is responsible at all times for precautions to achieve the protection of all persons including employees and property. The Vendor shall make reasonable efforts to detect apparent hazardous conditions and shall take prompt action where necessary to avoid accident, injury or property damage. EPA, DEP, OSHA, and all other applicable safety laws and ordinances shall be followed as well as American National Standards Institute Safety Standards. All Vendor caused hazardous spills, accidents, injuries

or claims or potential claims shall be reported promptly to the City Risk Management Department.

19. **INDEPENDENT CONTRACTOR STATUS.** City expressly acknowledges the Vendor is an independent contractor. Nothing in this Agreement is intended, nor shall be construed, to create an agency relationship, a partner or partnership, an employer/employee relationship, a joint venture relationship, or any other relationship allowing the City to exercise control or discretion over the manner or method by which Vendor performs hereunder.

20. **ACCESS TO FACILITIES.** City will provide Vendor with access to the Facilities to permit Vendor to meet its obligations hereunder.

21. **ASSIGNMENT.** Neither party may assign this Agreement or the rights and obligations thereunder to any third party without the prior express written approval of the other party, which shall not be unreasonably withheld.

22. **NON-EXCLUSIVITY.** Nothing herein is intended nor shall be construed as creating any exclusive arrangement with Vendor. This Contract shall not restrict City from acquiring similar, equal or like goods and/or services, or executing additional contracts from other entities or sources.

23. **PUBLIC RECORDS.** The Vendor shall comply with all applicable provisions of the Florida Public Records Act, Chapter 119, Florida Statutes. Specifically, the Vendor shall:

    A. Keep and maintain public records required by the public agency to perform the service.

    B. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

    C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the vendor does not transfer the records to the public agency.

    D. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the vendor or keep and maintain public records required by the public agency to perform the service. If the vendor transfers all public records to the public agency upon completion of the contract, the vendor shall destroy any duplicate

public records that are exempt or confidential and exempt from public records disclosure requirements. If the vendor keeps and maintains public records upon completion of the contract, the vendor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF THE VENDOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE VENDOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: CITY OF OCALA, OFFICE OF THE CITY CLERK; 352-629-8266; E-mail: clerk@ocalafl.org; City Hall, 110 SE Watula Avenue, Ocala, FL 34471.

24. **TAX EXEMPTION**. City is exempt from all federal excise and state sales taxes (State of Florida Consumer's Certification of Exemption 85-8012621655C-9). The City's Employer Identification Number is 59-60000392. Vendor doing business with City will not be exempted from paying sales tax to its suppliers for materials to fulfill contractual obligations with the City, nor will Vendor be authorized to use City's Tax Exemption Number for securing materials listed herein.

25. **EXCESS FUNDS**. Any party receiving funds paid by City under this Agreement shall promptly notify City of any funds erroneously received upon the discovery of such erroneous funds receipt. Any such excess funds shall be refunded to City within thirty (30) days, or must include interest calculated from the date of the erroneous payment or overpayment at the interest rate for judgments at the highest rate as allowed by law.

26. **AUDIT.** Vendor shall comply and cooperate immediately with any inspections, reviews, investigations, or audits relating to this Agreement as deemed necessary by the Florida Office of the Inspector General, the City's Internal or External auditors or by any other Florida official with proper authority.

27. **PUBLICITY.** Vendor shall not use City's name, logo, seal or other likeness in any press release, marketing materials, or other public announcement without City's prior written approval.

28. **CONFLICT OF INTEREST.** Vendor must have disclosed with the submission of their bid, the name of any officer, director, or agent who may be employed by the City. Vendor must

disclose the name of any City employee who owns, directly or indirectly, any interest in Vendor or any affiliated business entity. Any additional conflicts of interest that may occur during the contract term must be disclosed to the City of Ocala Procurement Department.

29. **NON-DISCRIMINATORY EMPLOYMENT PRACTICES.** During the performance of the contract, the Vendor agrees to not discriminate against any employee or applicant for employment because of race, color, religion, ancestry, national origin, sex, pregnancy, age, disability, marital status, familial status, sexual orientation or veteran status and will take affirmative action to ensure that an employee or applicant is afforded equal employment opportunities without discrimination. Such action shall be taken with reference to, but not limited to: recruitment, employment, termination, rates of pay or other forms of compensation and selection for training or retraining, including apprenticeship and on-the-job training.

30. **PUBLIC ENTITY CRIMES.** Vendor on its behalf and its affiliates agrees and affirms that it has not been placed on the convicted vendor list following a conviction of a public entity crime as provided for in Section 287.133(2)(a), Florida Statutes, which states that a person or affiliate who has been placed on the convicted vendor list following a conviction for public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases or real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO, for a period of 36 months from the date of being placed on the convicted vendor list.

31. **DEFAULT.** This Agreement is critical to the City and the City reserves the right to immediately cancel either in whole or in part any portion of this Agreement due to failure of the Vendor to carry out any obligation, term, or condition of the Agreement. The City will issue a written notice of default effective immediately and not deferred by any interval of time. Default shall be any act or failure to act on the part of the Vendor including, but not limited to, any of the following:

    A. Vendor fails to adequately perform the services set forth in the specifications of the Agreement;

    B. Vendor fails to complete the work required within the time stipulated in the Agreement; and

C. Vendor fails to make progress in the performance of the Agreement and/or gives the City reason to believe that the Vendor will not or cannot perform to the requirements of the Agreement.

32. **REMEDIES/OPPORTUNITY TO CURE.** If Vendor defaults on any provision of this Agreement, City may, at its sole discretion, give written notice to Vendor detailing Vendor's violations and giving Vendor an opportunity to cure the default. If such violation is not corrected to the reasonable satisfaction of City within the time required by the City to cure the default, after the date of notice of violation, the City may, without further notice, declare Vendor to be in breach of this Agreement and pursue all remedies available at law or equity, including termination of this Agreement without further notice and all rights of vendor hereunder.

    Notwithstanding City's termination of the Agreement, Vendor shall remain liable to City for damages, costs, or attorney's fees arising prior to such termination. In case of default, the City reserves the right to hire another vendor to complete the required work in accordance with the needs of the City. City may recover any actual excess costs from the Vendor by: (a) Deduction from an unpaid balance, (b) Placing a claim against the Performance Bond, or (c) Any other remedy as provided by law.

33. **TERMINATION FOR CONVENIENCE.** City may, at any time and for any reason, terminate Vendor's services and work at City's convenience. Upon receipt of such notice, Vendor shall, unless the notice directs otherwise, immediately discontinue the work and placing of orders for materials, facilities and supplies in connection with the performance of this Agreement. Upon such termination, Vendor shall be entitled to payment only as follows: (1) the actual cost of the work completed in conformity with this Agreement; plus, (2) such other costs incurred by Vendor as permitted by the contract and approved by City.

34. **NON-FUNDING.** In the event sufficient budgeted funds are not available or depleted, City shall notify the Vendor of such occurrence and contract shall terminate without penalty or expense to the City.

35. **WAIVER.** The failure or delay of any party at any time to require performance by another party of any provision of this Agreement, even if known, shall not affect the right of such party to require performance of that provision or to exercise any right, power or remedy hereunder. Any waiver by any party of any breach of any provision of this Agreement should not be construed as a waiver of any continuing or succeeding breach of such provision, a waiver of the provision itself, or a waiver of any right, power or remedy under this Agreement. No notice to or demand on any party in any circumstance shall, of itself, entitle such party

to any other or further notice or demand in similar or other circumstances.

36. **FORCE MAJEURE.** Neither party shall be responsible for damages or delays caused by Force Majeure or other events beyond the reasonable control of the party and which could not reasonably have been anticipated or prevented.

    For purposes of this Agreement, Force Majeure includes, but is not limited to, war, terrorism, riots, epidemics, fire, acts of nature, strikes, lockouts, court orders, and acts, orders, laws, or regulations of the government of the United States or the several states, prohibiting or impeding any party from performing its respective obligations under the contract.

    If Force Majeure occurs, the parties shall mutually agree on the terms and conditions upon which services may continue. Should Vendor be delayed in the commencement, performance, or completion of the Work due to any of the conditions under this section, Vendor shall be entitled to an extension of time only, provided however, that in no event shall Vendor be entitled to any increased costs, additional compensation, or damages of any type resulting from such Force Majeure delays.

37. **SEVERABILITY OF ILLEGAL PROVISIONS.** Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the applicable law. Should any portion of this Agreement be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Agreement.

38. **INDEMNITY.** Vendor shall indemnify City and its elected officials, employees and volunteers against, and hold City and its elected officials, employees and volunteers harmless from, all damages, claims, losses, costs, and expenses, including reasonable attorneys' fees, which City or its elected officials, employees or volunteers may sustain, or which may be asserted against City or its elected officials, employees or volunteers, arising out of the activities contemplated by this Agreement including, without limitation, harm or personal injury to third persons during the term of this Agreement to the extent attributable to the actions of Vendor, its agents, and employees.

39. **NO WAIVER OF SOVEREIGN IMMUNITY.** Nothing herein is intended to waive sovereign immunity by the City to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

40. **NOTICES.** All notices, certifications or communications required by this Agreement shall be

given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by email. All notices shall be addressed to the respective parties as follows:

If to Vendor:	Waste Pro of Florida, Inc. Joseph Lourenco 408 Cypress Road Ocala, Florida 34472 Phone: 352-857-3387 Email: jlourenco@wasteprousa.com
If to City of Ocala:	Tiffany Kimball, Contracting Officer 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-629-8366 Fax: 352-690-2025 Email: tkimball@ocalafl.org
Copy to:	Patrick G. Gilligan, Esquire Gilligan, Gooding, Franjola & Batsel, P.A. 1531 SE 36th Avenue Ocala, Florida 34471 Phone: 352-867-7707 Fax: 352-867-0237 Email: pgilligan@ocalalaw.com

41. **ATTORNEYS' FEES.** If any civil action, arbitration or other legal proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party shall be entitled to recover reasonable attorneys' fees, sales and use taxes, court costs and all expenses reasonably incurred even if not taxable as court costs (including, without limitation, all such fees, taxes, costs and expenses incident to arbitration, appellate, bankruptcy and post-judgment proceedings), incurred in that civil action, arbitration or legal proceeding, in addition to any other relief to which such party or parties may be entitled. Attorneys' fees shall include, without limitation, paralegal fees, investigative fees, administrative costs, sales and use taxes and all other charges reasonably billed by the

attorney to the prevailing party.

42. **JURY WAIVER.** IN ANY CIVIL ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF, CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY ANY OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.

43. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.

44. **JURISDICTION AND VENUE.** The parties acknowledge that a majority of the negotiations, anticipated performance and execution of this Agreement occurred or shall occur in Marion County, Florida. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought only in the courts of record of the State of Florida in Marion County or the United States District Court, Middle District of Florida, Ocala Division. Each party consents to the exclusive jurisdiction of such court in any such civil action or legal proceeding and waives any objection to the laying of venue of any such civil action or legal proceeding in such court and/or the right to bring an action or proceeding in any other court. Service of any court paper may be effected on such party by mail, as provided in this Agreement, or in such other manner as may be provided under applicable laws, rules of procedures or local rules.

45. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all whom shall be bound by the provisions hereof.

46. **MUTUALITY OF NEGOTIATION.** Vendor and City acknowledge that this Agreement is a result of negotiations between Vendor and City, and the Agreement shall not be construed in favor of, or against, either party because of that party having been more involved in the drafting of the Agreement.

47. **SECTION HEADINGS.** The section headings herein are included for convenience only and shall not be deemed to be a part of this Agreement.

48. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or because of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.

49. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both parties to this Agreement.

50. **COUNTERPARTS.** This Agreement may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.

51. **ELECTRONIC SIGNATURE(S).** Vendor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.

52. **ENTIRE AGREEMENT.** This Agreement, including exhibits, (if any) constitutes the entire Agreement between the parties hereto with respect to the subject matter hereof. There are no other representations, warranties, promises, agreements or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. No course of prior dealings between the parties and no usage of trade shall be relevant or admissible to supplement, explain, or vary any of the terms of this Agreement. No representations, understandings, or agreements have been made or relied upon in the making of this Agreement other than those specifically set forth herein.

53. **CONTRACT DOCUMENTS.** The contract documents that comprise the entire Agreement between the City and Vendor are made a part hereof, and are listed as exhibits. There are no contract documents other than those listed below. If there is a conflict in terms between this Agreement and the contract documents, then the terms of this Agreement will control over the terms of the contract documents listed below.

Exhibit A: Scope of Service (A-1 through A-5)

Exhibit B: Tagging Procedures (B-1 through B-2)

54. **LEGAL AUTHORITY**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement on the date set forth above.

CITY OF OCALA * GOD BE WITH US * MARION COUNTY, FLORIDA

WASTE PRO OF FLORIDA, INC.

Vice President or higher

ATTESTED BY CITY COUNCIL
May 15, 2018
DATE
OFFICE OF THE CITY CLERK

Vendor will be responsible for recycling collection, processing and hauling with glass included. Vendor is guaranteed to be paid for a minimum of 3,800 tons of recycling collection. Single stream recycling is available to approximately 16,000 residential customers, 7,000 multi-family customers and just over 100 residential offices. Recycling collection services are performed once per week at the curbside, or rear door. Collection services are performed between the hours of 7:00 a.m. and 5:00 p.m., Monday through Friday.

Definitions

Recyclables – Objects that can be salvaged, processed and used again.

Recyclable processing – Sorting and/or delivering recyclables to a certified recycling facility.

Landfilling – A system of trash and garbage disposal in which the waste is buried between layers of earth.

Vendor Responsibilities

Vendor will be responsible for the complete collection and processing of recyclables in the most cost efficient and effective manner. It is the sole responsibility of the Vendor to perform the necessary activities in accordance with requirements of any permits and applicable laws.

Recycling Materials

Vendor will collect, process, and market recyclable materials including:

1. Aluminum products; bi-metal/steel cans;
2. PET, PETE, HDPE plastic containers (includes colored, #1-7 plastics);
3. Newspapers and inserts; phone books; junk mail; office paper; old corrugated cardboard (OCC); paperboard; magazines; cereal boxes;
4. Glass containers;
5. Aerosol cans.

The current collections are approximately 3,800 tons (with glass) annually from single family residential units, multifamily residential units serviced by the commercial division (dumpsters) and City buildings and properties

Recycling Collection Schedule

The Vendor shall collect recyclables on a weekly basis. Collections must not begin before 7:00 a.m. Recycling services will be performed year round, excluding predetermined holidays and with the exception of extreme and adverse weather conditions. The Vendor will give notification and consult with the City as such occasions arise. The Vendor will work with City staff to determine holiday and inclement weather pick up schedule modifications.

Collection Procedure

Vendor shall collect all properly prepared materials accepted by this program. Newspapers and other paper materials shall be considered acceptable for collection whether wet or dry. Improper contents, i.e. those materials not designated for collections, do not have to be collected and may be left in the container with a printed explanatory notice. The contents of the notices shall be subject to the City's approval prior to printing for use.

Vendor will not place items from the customer's cart on the ground and over-sized cardboard boxes placed next to recycle carts will be collected by the City. In the case of missed collections, arrangements should be made to collect those the same day or on the next business day.

Road Specifications

All roads and/or drives receiving garbage service are eligible to participate in curbside recycling.

Front Door/Back Door Service

Special front door/back door collection service shall be provided for medical waiver residents as identified by the City. The City will relay all customer requests for such service to the Vendor upon receipt. Currently, 150 residents receive this service.

Multi-Family Complexes

Multi-family recycling drop off points may require screening and/or other solutions to accommodate the containers and to meet the planning, parking, access, appearance, zoning, and other requirements of the jurisdiction in which the site is found. The complexes themselves may also have appearance and other requirements. Vendor will have primary responsibility for ensuring the placement of sufficient containers at each complex. Containers used for

multifamily dwellings must be maintained by the Vendor in cooperation with apartment complex or mobile home park maintenance personnel so that they are available for use. Vendor shall furnish recycling containers appropriate for multi-family complexes.

The City will not require the Vendor to bear any expense of any required site modifications, but the Vendor will be required to work closely with the complex managers to ensure proper and acceptable container placement.

Revenues

Vendor will receive 100% of the revenues from the sale of recyclables.

Public Awareness Campaign

Before and during the program, the Vendor will conduct a Public Awareness Campaign, with the assistance of the City, to ensure comprehensive public education of the recycling program. The Vendor will be responsible for providing flyers along with delivery of the bins to all households. Vendor will submit for the City's review, any marketing program it plans for public awareness to promote recycling.

City Buildings

The City requires that City buildings and properties maintained by the City receive basic recycling service at no charge.

Contamination

All recycling materials collected will be processed and marketed by the Vendor. Landfilling of approved recycling materials will be prohibited, apart from material contamination. The Vendor must report on a quarterly basis the landfilling of contaminated materials, providing in writing the details of how much, and where materials were landfilled.

The City will pay for contamination (out-throws) that exceed 10% of the monthly recycling collection at the rate of $125.00 a ton beginning six months after service begin date. Five months after the service begin date, a composition study will be completed to calculate the percentage of out-throws charged to the City on monthly collections. Updated composition studies will be done every 6 months thereafter to determine the charge for out-throws for

that period. The Vendor will notify the City the date when each composition study will be completed, and invite the City to observe the process.

Recycling Bins

Vendor will provide and distribute, at its own expense, collection containers for each unit. Used carts can be provided if they are in good condition. For most households, these containers will be 96 gallon carts. Smaller bins/containers will be available for disabled residents, or those in smaller housing units with limited space that may request a reduced size collection bin. Each container will be able to withstand outside weather conditions and will have the City of Ocala's logo imprinted (if new carts) and contractor's name and number identified. Vendor must provide additional containers at the request of the City at no cost, as needed. Appearance, color and design of the containers are subject to the approval of the City to distinguish them as recycle containers.

When customers request a bin/cart, the request must be met within five (5) working days.

Reporting Requirements

Vendor will be required to keep accurate program records and submit reports to comply with the City's reporting requirements. These reports are extremely important, as they will serve as a means to inform the City's staff of the status of recycling activities. The City also requires the Vendor to provide certifiable, accurate monthly weight receipts for all materials collected in the City's program and marketed by the Vendor. The Vendor will submit these records of sales of materials quarterly. Monthly, quarterly and annual reporting requirements are outlined below:

Monthly Project Reports

- Summaries of the tonnages of all materials recovered by material type.
- List of all customer complaints including name, address, date, nature of complaint, and how the complaint was resolved.
- Weekly set-out rates and monthly participation rates.
- Any changes in processing locations or outlets for any commodity.

Quarterly Reporting Requirements

- Tonnages recovered by material and where they were processed.
- Discussion of problems and noteworthy experiences in program operation.

- Summary of all complaint calls received by number and type.

Annual Reports

- Summary of participation rates, recovered materials' tonnage and type, and where they were processed.
- A discussion of public awareness activities and their impact on participation and recovered volumes.
- A discussion of highlights and problems, and measures taken to resolve problems and increase efficiency and household participation.
- Summary of complaint calls by number and type.

Tagging Procedures

- Vendor will complete tagging procedures as outlined in **Exhibit B** to reduce contamination in the recycling stream. City will assist the effort by removing carts of repeat violators.

I. Recycling Tagging, Reporting, and Violation Procedures:

A. WastePro Tagging Procedures:

1. WastePro will provide a separate driver to identify violators and tag appropriately.
2. WastePro shall visually check each residence on all City routes on a continuous basis, one route per day, nine weeks to check all routes, until recycling contamination is reduced to 10% or less.
3. ***WastePro Cart Tagging Procedures***:
   a. First violation: WastePro must place a yellow tag with a yellow tag letter on recycling cart.
   b. Second violation: WastePro must place a red tag with a red tag letter on recycling cart.
   c. Third violation: WastePro must report violation to City for cart removal.

B. WastePro Reporting Procedures:

1. Provide a daily report to the City on recycling violations, the report must include the following:
   a. Date;
   b. Route;
   c. Address of violator;
   d. Contaminant(s)
   e. Number of violation offense (1, 2, or 3); and
   f. Color of tag left (if applicable).
2. Example of daily report format:

Tagging Report: April 25, 2018				
Route	**Address**	**Violation**	**Contaminants**	**Color of Tag**
2	2 SE 1st Street	1	Garbage	Yellow
4	4 SE Watula Ave	2	Yard waste	Red
6	6 SE 3rd Place	3	Cat litter	N/A

C. **City Recycling Violation Procedures:**

1. First violation: City will provide a yellow tag notice letter to WastePro.
2. Second violation: City will provide a red tag notice letter to WastePro. City representative will visit the residence and speak to the resident about recycling. If no one is home, a red tag notice letter will also be left at the residence or mailed to the residence.
3. Third violation: City will remove recycling cart from residence.

CITY OF OCALA
CITY COUNCIL REPORT

Council Meeting Date: 05/15/18

Subject: Award Contract - PWD/18-014 Single Stream Curbside Recycling

Submitted By: Darren Park

Department: Public Works

STAFF RECOMMENDATION (Motion Ready): Approve Agenda Item (ID # 12153) five-year contract with Waste Pro of Florida, Inc. for single stream curbside recycling and a total approximate expenditure of $6,308,000

OCALA'S RELEVANT STRATEGIC GOALS: Operational Excellence, Quality of Place

PROOF OF PUBLICATION: Bid released to public: December 15, 2017

BACKGROUND:

The Public Works Sanitation Division is requesting approval of Contract# PWD/18-014 with Waste Pro of Florida, Inc. to provide single stream curbside recycling services for residential and multi-family complexes within the City limits. The City has provided single stream curbside recycling since April 2012. The current contract with Waste Pro of Florida, Inc. expires September 30, 2018.

FINDINGS AND CONCLUSIONS:

On December 15, 2017, Invitation To Bid (ITB)# PWD/17-032 was issued for single stream curbside recycling services. One bid, from Waste Pro of Florida, Inc, was received for $368.27 per ton, including glass and new recycling carts. This is equivalent to a $5.05 monthly unit cost per household. Staff negotiated a rate of $332.00 per ton using existing recycling carts. This is equivalent to $4.55 per household.

Bidder	Location	Original Price per Ton	Negotiated Price per Ton
Waste Pro of Florida, Inc.	Ocala, FL	$368.27	$332.00

The current monthly unit cost per household is $4.22 and, per previous Council action on March 21, 2017, will revert to $3.25 beginning October 1, 2018. The Sanitation fund is not able to absorb the cost of this increase beyond our budgeted amount. Therefore, a monthly increase of $0.97 per account for single and multi-family rates will be needed to cover the cost in excess of our Fiscal Year 2019 funds budgeted for the recycling program. This takes the rate back to $4.22 per account on October 1, 2018, which, with the savings from the solid waste disposal services contract, will cover our expenses. The rate increase will take effect October 1, 2018 and continue until September 30, 2023.

Award of this contract will allow the City to continue to provide single stream curbside recycling for residents with no program changes.

Staff recommends approval of Contract# PWD/18-014 Single Stream Curbside Recycling Service to Waste Pro of Florida, Inc., effective October 1, 2018 through September 30, 2023.

FISCAL IMPACT:
The rate change will generate increased revenues for Residential Sanitation of approximately $1,344,420 to cover the additional cost in excess of our budgeted funds for the recycling program beginning October 1, 2018 through September 30, 2023. The contract will be funded utilizing account 453-23-326-534-34010 and will be funded as part of the FY19 budget process.

PROCUREMENT REVIEW: This contract has been reviewed and approved for compliance with the City's procurement policies.

LEGAL REVIEW: The contract has been reviewed and approved for form and legality by the Assistant City Attorney, Robert W. Batsel, Jr.

FORMAL TITLE:
Local Mitigation Strategy 2025 Annual Report

OCALA'S RELEVANT STRATEGIC GOALS:
Quality of Place

PROOF OF PUBLICATION:
N/A

BACKGROUND:
The Local Mitigation Strategy (LMS) Steering Committee must submit an annual report to the Florida Department of Emergency Management (FDEM). Additionally, to maintain its Insurance Service Office (ISO) rating for flooding, the City of Ocala (City) is required under the Community Rating System (CRS) to submit an annual evaluation report on the LMS projects to the City Council and to review the plan's implementation.

Attached is a letter from the City Engineer regarding the implementation of the City's LMS projects. Also attached is the LMS 2025 annual report submitted to FDEM by the LMS Steering Committee and coordinated by Marion County.

Following Hurricane Irma, in 2018 the City of Ocala received funding for three LMS projects from the Federal Emergency Management Agency (FEMA) through the Public Assistance Hazard Mitigation Grant program.

Construction on the Northeast 16th Avenue Drainage project started on July 15, 2024, and was completed in October 2024. A final inspection by FDEM was requested in April 2024. The grant closeout phase is underway.

Construction of the Lift Station Generators and Manhole Lid Improvements project started on April 16, 2023, and substantial completion was issued in March 2025. TECO Peoples Gas is currently installing gas service to the last four natural gas generator locations. Once the gas service is installed and the generators are commissioned, the project will be complete.

The Fisher Park Lift Station Generator and Flood Project started construction on March 11, 2024, and was completed on September 1, 2025. The grant agreement is currently in the closeout phase.

Re: Florida Administrative Code 27P-22.004 Compliance

Dear Director Bowlin:

The Florida Division of Emergency Management's Mitigation Planning Unit received your updated 27P-22.004 information for the 2025 calendar year. After reviewing the information received, it has been determined that your update is complete, and your Local Mitigation Strategy complies with F.A.C. 27P-22.004.

If you have any questions regarding this matter, or if our office can be of any further assistance, please contact your LMS Liaison Evan Jenkins at Evan.Jenkins@em.myflorida.com or 850-815-4589.

Respectfully,

Kristin Lentz Digitally signed by Kristin Lentz

Program Summary
Marion County Local Mitigation Strategy

January 15, 2026

1) Marion County Local Mitigation Strategy (LMS)

a. Marion County has adopted a Local Mitigation Strategy in accordance with the Federal Disaster Mitigation Act of 2000.

b. Chapter 44 CFR Sections 201 & 206 provide that local jurisdiction(s) must review and revise the local mitigation plan to reflect changes in development, progress in local mitigation efforts, and changes in priorities, and update the local mitigation plan a minimum of every five (5) years in order to continue to be eligible for Federal hazard mitigation funds under the Federal Emergency Management Agency ("FEMA"). The LMS Five-Year Plan was updated in 2021. The LMS Plan Five-Year Update was approved by the Marion County Board of County Commissioners on May 4, 2021 by Resolution No. 21-R-214. The Federal Emergency Management Agency (FEMA) granted formal approval of the document on July 28, 2021. It will expire on May 19, 2026. As an approved participating jurisdiction, the County is an eligible applicant for the following mitigation programs administered by FEMA: Hazard Mitigation Grant Program (HMGP), Elevate Florida, and Flood Mitigation Assistance (FMA).

c. The DRAFT 2026 LMS Five-Year Plan Update was submitted to FDEM on November 26, 2025 and is currently under review. Adoption by each of the participating municipalities and Marion County will occur in March and April.

d. The LMS is coordinated by the Marion County Growth Services Department, 2710 E. Silver Springs Blvd., Ocala, FL 34470. Staff contact is Kenneth Odom, Transportation Planner.

e. New staff member Sarah Wells – Marion County: Planner II has joined the LMS staff

e. In accordance with the LMS by-laws, the strategy is guided by a local working group led by a Steering Committee containing representatives from Marion County, incorporated municipalities, key businesses, interest groups and citizens.

2) LMS Project List – "Mitigation Initiatives"

a. The 2025 call for projects for HMGP – Watershed Planning Program were transmitted on transmitted on January 1, 2026, Elevate Florida Program Information on July 28. 2025 and Flood Mitigation Assistance Grant Program NOFP: August 25, 2025. Seven new project submittals were approved by the Steering Committee for inclusion into the 2025 Prioritized Project List. They are as follows, organized by scoring position for new projects:

- 2025-01: Advent Health - Back-Up Generator
- 2025-03: Clay Electric – Marion Distribution Infrastructure Hardening
- 2025-06: Clay Electric – Reconductor/Tie Lines/ Poles Hardening
- 2025-04: Clay Electric – Duke Energy to Cara Substation Hardening
- 2025-02: Clay Electric – Cara Substation Hardening
- 2026-07: Clay Electric – Salt Springs Substation Hardening
- 2026-05: Clay Electric – Lynee Substation Hardening

b. No projects have reached the 5-year expiration so none will be deleted from the list in January 2026.

3) Election of Officers

a. On April 16, 2025, the LMS Steering Committee elected Erin Miller, Sheriff's Office Emergency Management Deputy Director as Chairman and Sean Lanier, Director, Office of City Engineer, City of Ocala as Vice Chairman.

4) LMS Document Revisions – 2025

a. Hazard Assessment – None
b. Critical Facilities – None
c. Repetitive Loss – None
d. Maps – None

5) By-Laws Update/Committee Member Update

a. Ashley Arbuckle from HCA Health was added as a Committee Member. Two health providing agencies serve on the LMS voting committee. They serve alternately, reversing roles from year to year, as a primary and as an alternate.
b. Jessica Gonzalez was added as the delegate for the Town of McIntosh.
c. Ron Bray was added as the delegate for the City of Dunnellon and Chad Ward was added as the City of Dunnellon Alternate.
d. Brady Nettina was added as the primary delegated for Marion County Public Schools. Dennis McFatten was added as the alternate delegate.

Distribution: County EM Directors, LMS Work Groups, FDEM Regional Recovery Coordinators

Good afternoon All,

We would like to invite you to participate in one of two options for Office Hours to receive updates on the Elevate Florida Program. As we noted in the monthly program snapshot, all applicants will be notified about whether they will be moving forward in the Program by the end of August. These Office Hours will provide information about those notifications and what you can expect over the next month from the Program.

NOTE: Please do not forward this to residents. It is meant to provide an update for local government officials – forward as necessary to municipal contacts.

You only need to attend one session as the information shared will be the same at both sessions:

- Wednesday, 7/30, at 12 PM ET
  - **Join the meeting now**
  - Meeting ID: 229 790 077 312 2
  - Passcode: WW76LP3t
- Friday, 8/1, at 2 PM ET

- Join the meeting now
- Meeting ID: 223 300 602 789 2
- Passcode: iu9bw28y

Please let us know if you have any questions ahead of the sessions.
Thank you,

Kristin Lentz | Deputy Bureau Chief
Bureau of Mitigation
Florida Division of Emergency Management

Cell: (850) 273-2950
Kristin.Lentz@em.myflorida.com

Under Florida law, correspondence with the Florida Division of Emergency Management concerning agency business that is neither confidential nor exempt pursuant to Florida Statutes is a public record and will be made available to the public upon request.

Outlook

RE: REMINDER: FDEM Fiscal Year 2025 Notice of Interest Announcement for Flood Mitigation Assistance Program

From Brinkley, Rebecca <Rebecca.Brinkley@marionfl.org>
To Roussel, Angel <Angel.Roussel@marionfl.org>; Kramer, Joshua <Joshua.Kramer@marionfl.org>; Cunningham, Tony <Tony.Cunningham@marionfl.org>
Cc Odom, Kenneth <Kenneth.Odom@marionfl.org>

Good afternoon, Ms. Roussel,

Thank you for including me on this email. I will be sure both Mr. Kramer and Mr. Cunningham are added to the list.

Thank you,
Rebecca

This email originated from outside the organization. Do not click links, open attachments, or share any information unless you recognize the sender and know the content is safe. Report suspicious emails using the "Phish Alert" button in Outlook or contact the Helpdesk.

MITIGATION NOTICE OF INTEREST REMINDER

NON-DISASTER GRANT PROGRAMS
NOTICE OF INTEREST FORM REMINDER
FY 2025 FMA Program

This announcement is intended for local government use only. Residents are not eligible to apply directly to FMA and should not submit a form.

This is a final reminder regarding the Fiscal Year (FY) 2025 Application Period for the Flood Mitigation Assistance (FMA) program. All subapplicants interested in submitting a subapplication for FMA must complete the NOI Form and submit it to the Non-Disaster Programs' email, non-disasterprograms@em.myflorida.com, by **5 PM EDT on August 29, 2025**.

Grant: Flood Mitigation Assistance

Cycle: FY 2025

Deadline: August 29, 2025 at 5:00 PM (EDT)

Submittal: Email complete NOI Form to non-disasterprograms@em.myflorida.com

Contact: Non-Disaster Programs

Please note, you may submit your NOI form as soon as it is complete. Forms will be reviewed in the order they are received. The goal of the form is to help determine project eligibility and provide feedback for potential subapplications to reduce review time later. Submitting the NOI as early as possible will allow for more time to develop a complete subapplication. For more information or to access the NOI form online, please visit the FDEM FMA webpage.

Update your subscriptions, modify your password or email address, or stop subscriptions at any time on your Subscriber Preferences Page. You will need to use your email address to log in. If you have questions or problems with the subscription service, please visit subscriberhelp.govdelivery.com.

This service is provided to you at no charge by the Florida Division of Emergency Management.

Distribution: County EM Directors, LMS Work Groups, FDEM Regional Recovery Coordinators

Good afternoon All,

We would like to invite you to participate in one of two options for Office Hours to receive updates on the Elevate Florida Program. As we noted in the monthly program snapshot, all applicants will be notified about whether they will be moving forward in the Program by the end of August. These Office Hours will provide information about those notifications and what you can expect over the next month from the Program.

NOTE: Please do not forward this to residents. It is meant to provide an update for local government officials – forward as necessary to municipal contacts.

You only need to attend one session as the information shared will be the same at both sessions:

- Wednesday, 7/30, at 12 PM ET
  - **Join the meeting now**
  - Meeting ID: 229 790 077 312 2
  - Passcode: WW76LP3t
- Friday, 8/1, at 2 PM ET
  - **Join the meeting now**
  - Meeting ID: 223 300 602 789 2
  - Passcode: iu9bw28y

Please let us know if you have any questions ahead of the sessions.
Thank you,

Kristin Lentz | Deputy Bureau Chief
Bureau of Mitigation
Florida Division of Emergency Management

Ladies and Gentlemen,

Our meeting is tomorrow morning and I am still two people short of a quorum. We really need two more attendees.

The meeting is scheduled for tomorrow, June 25, 2025 at 10:30 am in the Marion County Growth Services Main Training Room.

If you have not already, please respond to this email whether you will be **"Attending"** or **"Not Attending".**
We need at least 8 members to be present to have a quorum. At present, we are 3 members short.

Those who have confirmed they **will** be in attendance:
Ken McCann
Wanda Bowlin
Sean Lanier
Erin Miller
Bob Titterington
Darlene Yonce

Those who have confirmed they **will not** be in attendance:
Tamara Fleischhaker
Shawna Chancey

Please, if you are able to attend, reply to this email and let me know.

Thank you,
Rebecca

Subject: LMS Meeting for June 25, 2025 -- Please Confirm Attendance

Good afternoon,

An LMS meeting is proposed to be scheduled for Wednesday, June 25, 2025 at 1030 am in the Growth Services Building Training Room. This meeting is being held to replace the LMS meeting that was cancelled on June 4, 2025. The previous meeting was cancelled because all applications were not received in time for staff to conduct scoring and base ranking.

We have one action item for adopting a Priority Projects List and supporting applications and staff will also provide an update on the LMS Five Year Plan.

In order to confirm a quorum for this meeting, please respond to this email with whether you will be **"Attending"** or **"Not Attending"**. If we are unable to secure a quorum, staff will propose a new date during the same week.

Thank you,
Rebecca

LMS Committee Members,

The DRAFT LMS Five-Year Plan has been compiled and is available for you review. We will be discussing the update at tomorrow's meeting in preparation for the impending transmittal to FDEM in the coming weeks. Please do not worry about trying to absorb everything by tomorrow. You will still have plenty of time for review and comment prior to our transmittal. We just wanted to make sure that you had access to the documentation prior to tomorrow. Please contact myself or Sarah Wells should you have any questions. The link below is to our share file system. Simply click on it and then sign in and you will have access to download all of the chapters.

City Engineer's Office

April 29, 2026

RE: Local Mitigation Strategy Annual Report and Progress of City Mitigation Projects.

Dear Council President, Honorable Mayor, and Members of the Council:

For informational purposes, I am attaching the 2025 annual report for the Marion County Local Mitigation Strategy (LMS).

On the 2025 LMS Prioritized Project List, 2021-03, the Drainage Retention Area (DRA) 222 Flood Relief project is listed for the City of Ocala. The City has procured the parcel for the expansion of DRA 204, and the project is currently in the design phase. We have met with residents of the adjacent neighborhoods, discussed the design, and incorporated their concerns into the final design. We expect to start the project this summer and complete construction in the fall.

Following Hurricane Irma in August of 2018, the City of Ocala received funding from the Federal Emergency Management Agency (FEMA) through the Public Assistance Hazard Mitigation Grant for the construction of the following LMS projects:

- Northeast 16th Avenue Drainage
- Lift Station Generators and Manhole Lid Improvements
- Fisher Park Lift Station Generator and Flood Project

Construction on the Northeast 16th Avenue Drainage project began on July 15, 2024, and was completed in October of 2024. A final inspection by the Florida Division of Emergency Management (FDEM) was requested in April 2024. The grant closeout phase is underway.

Construction of the Lift Station Generators and Manhole Lid Improvements project began on April 16, 2023, and substantial completion was issued in March of 2025. TECO Peoples Gas is currently providing gas service to the last four natural gas generator locations. Once the gas service is installed and the generators are commissioned, the project will be complete.

The Fisher Park Lift Station Generator and Flood Project started construction on March 11, 2024, and was completed on September 1, 2025. The grant agreement is currently in the closeout phase.

Very Respectfully,

Sean Lanier, P.E., CFM
City Engineer/Director

Department: Electric Utility

STAFF REPORT:
Power Cost Adjustment Report - April 2026

OCALA'S RELEVANT STRATEGIC GOALS:
Fiscally Sustainable

PROOF OF PUBLICATION:
N/A

BACKGROUND:
The Power Cost Adjustment (PCA) rate is the mechanism by which positive and negative fluctuations in power costs are passed through to customers. Power costs and sales are reviewed monthly to project over- or under-collections for the year. While the PCA can be adjusted monthly, the recent practice has been to make minimal adjustments to maintain stable customer rates.

As requested by the City Council, a monthly report on the projected over- or under-collection of the PCA is attached.

On May 13, 2026, staff participated in a rate call with the Florida Municipal Power Agency (FMPA). Based on the rates and sales projections at that time, an under-collection of $8,514,127 is projected for the end of Fiscal Year 2025-26.

The policy sets the rate stabilization reserve funding range at 15 to 25 percent of projected fuel costs. As of April 30, 2026, the reserve is funded at approximately 21 percent of the projected power cost and is in compliance with policy requirements.

City Council Report
Power Cost Adjustment Projection

April 2026

On May 13, 2026, staff participated in a rate call with FMPA. Based on their current rate projections and our sales projections, an under-collection of $8,514,127 is estimated for fiscal year-end.

FMPA updates its rate projections monthly and staff will continue to monitor and provide monthly updates. Staff will continue to monitor the PCA and make recommendations as necessary.

Projected Annual Power Costs		$131,065,460
Projected Annual kWh Sales		1,430,838,680
PCA Rate for: 4/30/2026		$0.02815
Cumulative Over(Under) Collection:	4/30/2026	($11,804,416)
Projected Over(Under) Collection:	9/30/2026	($8,514,127)

Marion County Public Schools
Developing Successful Citizens – Every Student, Every Day

NON-PAID STRUCTURED WORK STUDY AGREEMENT

Exceptional Student Education Department
1614 SE Fort King Street ● Ocala, FL 34471
(352) 236-0500 ● Fax (352) 671-6833

THIS AGREEMENT is made and entered into by and between the School Board of Marion County, Florida (hereinafter referred to as "School Board") and **City of Ocala (business name)** (hereinafter referred to as "Cooperating Business").

RECITALS

WHEREAS, the School Board, through its Exceptional Student Education (ESE) Department offers a non-paid, off-site structured work study program for certain students with disabilities (hereinafter referred to as "Program"), and

WHEREAS, it is to the mutual benefit of both parties that the School Board utilize certain community businesses for the training of students, and that the Cooperating Business cooperate with the School Board in implementing such objectives.

IT IS, THEREFORE, in consideration of the mutual promises contained herein agreed as follows:

1. The School Board, by and through its Exceptional Student Education Department, agrees to provide vocational training programs at certain community businesses in accordance with the terms and conditions of this Agreement.

2. The School Board faculty and students may utilize the Cooperating Business's facility without charge.

3. The Cooperating Business further agrees to provide learning/clinical experiences, as determined in consultation with the School Board, with daily documentation of student attendance.

4. The School Board agrees to provide student supervision and the Cooperating Business agrees to provide student instruction. The Program will be coordinated by a School Board employee or employees appointed by the School Board. The employee responsible for the Program is:

   Karen Smith (name) 352-671-6832 (phone #)

5. The contract manager for the School Board is the Director of Exceptional Student Education. The representative of the Cooperating Business responsible for the administration of the Program under this Agreement of understanding is the **Recreation Division Head (representative's title).** In the event either party designates different representatives after the execution of this Agreement, notice of the name and address of the new representative shall be rendered in writing to the other party, and said notification will be attached to the originals of this Agreement.

6. The education of the student will be the only objective of the Program. All services rendered by the student under this Agreement will be uncompensated, and shall be deemed to be given in consideration for instruction and educational expenses. The School Board will require students and their parent/guardian to acknowledge in writing the student as a non-paid trainee. Neither students nor School Board employees shall be considered to be agents or employees of the Cooperating Business.

7. The term of this Agreement shall be for a period of two (2) years. This Agreement shall remain in force and effect until terminated by either party in accordance herewith. This Agreement shall be subject to review and renewal by the parties annually; provided, however, that either party hereto shall have the right to terminate this Agreement upon not less than sixty (60) days written notice to the other party. However, parties will make every effort not to terminate the program during a regular academic year.

Docusign Envelope ID: F093AE16-ED38-825A-835D-AA5DBE4DCDAC

8. The liability and immunity of the School Board is governed by the provisions of §768.28, Fla. Stat. (2009) and nothing in this agreement is intended to extend the liability of School Board or to waive any immunity enjoyed by School Board under that statute. Any provisions of this agreement determined to be contrary to §768.28 or to create any liability or waive any immunity except as specifically provided in §768.28 shall be considered void.

9. The School Board will inform participants and their parents about rules governing hours of participation, school attendance, dress, conduct, and issues of confidentiality.

10. The School Board will select practical educational experiences, based upon needs of the students, to meet the objectives of the Program.

11. At the discretion of the Cooperating Business or the School Board, any student unacceptable to either Cooperating Business or the School Board for reasons of health, performance, or other reasonable and legally permissible causes shall be withdrawn from the Cooperating Business.

12. The School Board agrees to provide Worker's Compensation Insurance coverage in the event their employees (e.g., Program faculty) are injured during the course of their duties at the site.

13. The School Board agrees to comply with all existing policies and procedures of the Cooperating Business in the planning and documentation of learning/clinical experiences and further agrees to comply with all existing policies and procedures of the Cooperating Business related to the specific areas of training in these programs. If these policies and procedures are changed, the Cooperating Business agrees to notify the School Board, specifically the faculty and staff of the ESE Department, in order to disseminate and make the School Board aware of such changes.

14. Both parties agree that they shall cooperate in planning, implementing, and evaluating the Program.

15. The School Board agrees that:

A. School personnel will assume all responsibilities for supervision, transportation, record keeping regarding student performance, and evaluation of the students unless other arrangements are mutually agreed upon.

B. School personnel will be available to meet with the Cooperating Business to discuss problems, concerns, changes, or possible employment opportunities.

C. The School Board will attempt to provide at least two weeks' notice if, for whatever reasons, a student will no longer be participating in the Program.

D. The School Board will provide accidental insurance coverage for each student. The School Board is self-insured for auto-liability and general liability within the Sovereign Immunity limits but does not extend the coverage to students.

E. The School Board will provide transportation for the students to the community-based training site and back to the selected schools.

F. At least 10 days prior to placement the School Board will provide the Cooperating Business with a written list of the following information as it pertains to students placed at that location:

1) student's name,

2) permanent residence address,

3) telephone number

4) such other information as the Cooperating Business shall reasonably require in accordance with its policies and procedures.

NON-PAID STRUCTURED WORK STUDY AGREEMENT

G. The School Board will require appropriate identification to be displayed by students and supervising School Board employees at all times when the students and School Board employees are on site at the Cooperating Business.

16. The Cooperating Business agrees that:

A. All training activities will be performed within the guidelines of the Fair Labor Standards Act, as follows:

(1) the training will be similar to that which is generally provided in a public vocational school;

(2) the training is for the benefit of the trainees or students;

(3) the student or trainee does not displace a regular employee;

(4) the student or trainee is not entitled to a job at the conclusion of the training program;

(5) the student or trainee is not entitled to wages or benefits for time spent in training;

(6) no one has represented to the Cooperating Business that the students or their work will assist or benefit the Cooperating Business.

B. The Cooperating Business will maintain the same health and safety standards and conditions for the students as are maintained for paid employees, commensurate with their assignments.

C. The Cooperating Business will permit students to engage in instructional activities that are similar to those instructional activities engaged in by other employees of the Cooperating Business.

D. The Cooperating Business will not carry Worker's Compensation Insurance on the student trainees.

E. The Cooperating Business will adhere to state and federal child labor laws and will not discriminate in policies, educational programs, or activities for reasons of race, sex, color, religion, national origin, marital status, age, or handicap.

17. The Cooperating Business specifically warrants and represents to the School Board that the person executing this Agreement has authority to do so and to legally bind the Cooperating Business in regard to this Agreement.

18. The Cooperating Business agrees to indemnify, hold harmless, and defend the School Board from and against any and all claims, suits, actions, damages, or causes of action arising out of the negligent act of the Cooperating Business or in connection with the provisions of this Agreement.

19. Unforeseen questions and/or any problems whatsoever arising during the administration of this Agreement between the parties shall be resolved through negotiations. The negotiated resolution of the unforeseen problems and/or questions shall be reduced to writing that shall then be attached to and made part of this Agreement as a clarifying interpretation.

20. This Agreement represents the entire understanding and agreement between the parties with respect to the subject matter hereof, and supersedes all other negotiations or agreements (if any) by and between the parties.

21. The provisions of this Agreement may not be amended, supplemented, waived or changed except by a written amendment to this Agreement executed by both parties.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Software as a Service Agreement

This Software as a Service Agreement (the "Agreement"), effective as of Signature Date (the "Effective Date"), is by and between Facilities Management Express, LLC ("FMX") and the customer listed on the applicable Subscription Summary ("Customer"). FMX and Customer may be referred to herein collectively as the "Parties" or each individually as a "Party."

WHEREAS, FMX provides access to its software-as-a-service offerings to its customers, as described in the applicable Subscription Summary, attached hereto;

WHEREAS, Customer desires to access the software-as-a-service offerings, and FMX desires to provide Customer access to such offerings, subject to the terms and conditions set forth in this Agreement.

NOW, THEREFORE, in consideration of the mutual covenants, terms, and conditions set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Definitions. The definitions identified above are hereby incorporated by reference.

"Aggregated Statistics" means data and information related to Customer's use of the Services that is used by FMX in an aggregate and anonymized manner, including to compile statistical and performance information related to the provision and operation of the Services.

"Authorized Users" means Customer's employees, consultants, contractors, and agents (a) who are authorized by Customer to access and use the Services under the rights granted to Customer pursuant to this Agreement; and (b) for whom access to the Services has been purchased hereunder, as set forth in the Subscription Summary.

"Confidential Information" has the meaning set forth in Section 5.

"Customer Data" means information, data, and other content, in any form or medium, that is collected, downloaded, or otherwise received, directly or indirectly, from Customer or an Authorized User by or through the Services. For the avoidance of doubt, Customer Data does not include Aggregated Statistics or any other information reflecting the access or use of the Services by or on behalf of Customer or any Authorized User.

"Customer IP" means Customer's trademarks, service marks, trade names, logos, symbols, or brand names.

"Customer Systems" means the Customer's information technology infrastructure, including computers, software, hardware, databases, electronic systems (including database management systems), and networks.

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

"Digital Notice" means any notices, demands, or other communications required or desired to be given hereunder by any Party may be delivered by electronic mail or other digital means.

"Documentation" means any manuals, instructions, or other documents or materials that the FMX provides or makes available to Customer in any form or medium and which describe the functionality, components, features, or requirements of the Services, including any aspect of the installation, configuration, integration, operation, use, support, or maintenance thereof.

"Fees" has the meaning set forth in Section 4(a).

"Feedback" has the meaning set forth in Section 6(c).

"Force Majeure Event" has the meaning set forth in 14(d).

"FMX IP" means the Services, Documentation, and any and all other information, data, documents, materials, works, and other content, devices, methods, processes, hardware, software, and other technologies and inventions, including any deliverables, technical or functional descriptions, requirements, plans, or reports, that are provided or used by FMX in connection with the Services or otherwise comprise or relate to the Services. For the avoidance of doubt, FMX IP includes Aggregated Statistics and any information, data, or other content derived from FMX's monitoring of Customer's access to or use of the Services, but do not include Customer Data.

"Renewal Term" has the meaning set forth in Section 13(b).

"Services" means the software-as-a-service solutions described in the Subscription Summary.

"Service Suspension" has the meaning set forth in Section 3(f).

"Subscription Summary" means the Subscription Summary entered into by the Parties and attached to this Agreement.

"Term" has the meaning set forth in Section 13(a).

"Third Party Claims" means any losses, damages, liabilities, costs (including attorneys' fees) resulting from any third-party claim, suit, action, or proceeding.

"Third-Party Services" means software, services or other material offered by a third-party.

2. Provision of Access.

(a) Access to Services. Subject to and conditioned on Customer's payment of Fees and compliance with all other terms and conditions of this Agreement, FMX hereby grants Customer a non-exclusive, non-transferable right to access and use the Services listed on the Subscription Summary, as attached hereto, during the Term,

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

solely for use by Customer and its Authorized Users (if any), in accordance with the terms and conditions herein. Such use is limited to Customer's internal use.

(b) Subscription Summary. The specific Services to be provided, the initial Service term(s), and the Fees for such Services shall be identified on the Subscription Summary, as may be amended by the parties from time to time, in writing. If applicable to the Services offered under the Subscription Summary, the Subscription Summary shall further identify the quantity of Authorized Users purchased by the Customer to access the Services.

(c) Documentation License. Subject to the terms and conditions contained in this Agreement, FMX hereby grants to Customer a non-exclusive, non-sublicensable, non-transferable license to use the Documentation during the Term solely for Customer's internal business purposes in connection with its use of the Services.

(d) Changes. FMX may, via Digital Notice, keep Customer informed of Service updates, scheduled maintenance, new versions of the Services offered hereunder, and other developments which may affect Customer's use of the Services. FMX reserves the right, in its sole discretion, to make any changes to the Services and Documentation that it deems necessary or useful to (among other things): (a) maintain or enhance: (i) the quality or delivery of FMX's services to its customers; (ii) the competitive strength of or market for FMX's services; or (iii) the Services' cost efficiency or performance; or (b) to comply with applicable law. All updates shall remain the sole property of FMX and be subject to this Agreement in all respects.

(e) Third-Party Services. FMX may from time to time make Third-Party Services available to Customer. For purposes of this Agreement, such Third-Party Services are subject to their own terms and conditions. Customer acknowledges that FMX makes no representations or warranties with respect to or regarding such Third-Party Services, including but not limited to the quality, availability, interoperability, or functionality of any third-party platforms or APIs. All use of Third-Party Services is subject to compliance with terms and conditions of use required by such third-parties and is at Customer's sole risk.

3. Use of Services.

(a) Control.

(i) Customer acknowledges and agrees that it is solely responsible for the operation, supervision, management and control of the Customer's and Authorized Users' (if any) use of the Services, including but not limited to maintaining the confidentiality and security of its login credentials, providing training for its personnel, instituting appropriate security procedures applicable to its Authorized Users' access and use of the Services, and implementing reasonable procedures to examine and verify all output before use.

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

(ii) Customer has and will retain sole control over the operation, maintenance, and management of, and all access to and use of the Customer Systems, whether operated directly by Customer or through the use of third-party services. Customer shall, at its sole expense, provide, configure and be responsible for the proper functioning of Internet connectivity at levels recommended by FMX, hardware, systems software, and other applications software, during the Term, for proper functioning of the Services.

(iii) Customer is responsible and liable for all uses of the Services and Documentation resulting from access provided by or through Customer's account, directly or indirectly, whether such access or use is permitted by or in violation of this Agreement.

(b) Authorized Users.

(i) FMX will review Customer's compliance with the Authorized User allocation identified on the Subscription Summary on a regular basis if any Authorized User is provided access to the Services. Upon notification from FMX, Customer will have thirty (30) days to bring Customer's account back into compliance with the Authorized User quantity from the Subscription Summary. FMX will exercise reasonable efforts to work with the Customer to reduce Customer's Authorized Users by identifying users that are inactive or improperly classified so that it achieves compliance. In the event that the Customer is unable to achieve compliance, the Customer agrees to pay for excess usage in accordance with the Section 4 below.

(ii) If any Authorized User is provided access to the Services, Customer is responsible for all acts and omissions of Authorized Users, and any act or omission by an Authorized User that would constitute a breach of this Agreement if taken by Customer will be deemed a breach of this Agreement by Customer. Customer shall use reasonable efforts to make all Authorized Users, if any, aware of this Agreement's provisions as applicable to such Authorized User's use of the Services and shall cause Authorized Users to comply with such provisions.

(c) Use Restrictions. Customer shall not use the Services for any purposes beyond the scope of the access granted in this Agreement. Customer shall not at any time, directly or indirectly, and shall not permit any Authorized Users to: (i) copy, modify, or create derivative works of the Services or Documentation, in whole or in part; (ii) rent, lease, lend, sell, license, sublicense, assign, distribute, publish, transfer, or otherwise make available the Services or Documentation; (iii) reverse engineer, disassemble, decompile, decode, adapt, or otherwise attempt to derive or gain access to any software component of the Services, in whole or in part; (iv) remove any proprietary notices from the Services or Documentation; or (v) use the Services or Documentation in any manner or for any purpose that infringes, misappropriates, or otherwise violates any intellectual property right, right of privacy, or other right of any person, or that violates any applicable law.

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

(d) Cooperation. Customer shall at all times during the Term (as defined herein), provide all cooperation and assistance as FMX may reasonably request to enable FMX to exercise its rights and perform its obligations under and in connection with this Agreement.

(e) Support. FMX will provide normal phone and email support on business days Monday through Friday 8:00 AM to 6:00 PM Eastern Time.

(f) Suspension. Notwithstanding anything to the contrary in this Agreement, FMX may temporarily suspend Customer's and any Authorized User's (if any) access to any portion or all of the Services if: (i) FMX reasonably determines that (A) there is a threat or attack on any of the FMX IP; (B) Customer's or any Authorized User's use of the Services disrupts or poses a security risk to the FMX IP or to any other customer or vendor of FMX; (C) Customer, or any Authorized User, is using the Services for fraudulent or illegal activities; (D) subject to applicable law, Customer has ceased to continue its business in the ordinary course, made an assignment for the benefit of creditors or similar disposition of its assets, or become the subject of any bankruptcy, reorganization, liquidation, dissolution, or similar proceeding; or (E) FMX's provision of the Services to Customer or any Authorized User is prohibited by applicable law; (ii) any vendor of FMX has suspended or terminated FMX's access to or use of any Third-Party Services or products required to enable Customer to access the Services; or (iii) in accordance with Section 4(b) (any such suspension described in subclause (i), (ii), or (iii), a "Service Suspension"). FMX shall use commercially reasonable efforts to provide written notice of any Service Suspension to Customer. FMX shall use commercially reasonable efforts to resume providing access to the Services as soon as reasonably possible after the event giving rise to the Service Suspension is cured. FMX will have no liability for any damage, liabilities, losses (including any loss of data or profits), or any other consequences that Customer or any Authorized User may incur as a result of a Service Suspension.

(g) Aggregated Statistics. Notwithstanding anything to the contrary in this Agreement, FMX may monitor Customer's use of the Services and collect and compile data and information related to such use in an aggregate and anonymized manner. As between FMX and Customer, all right, title, and interest in Aggregated Statistics, and all intellectual property rights therein, belong to and are retained solely by FMX. Customer acknowledges that FMX may compile Aggregated Statistics based on Customer Data (as defined herein) input into the Services. Customer agrees that FMX may use Aggregated Statistics to the fullest extent and in the manner permitted under applicable law.

(h) Reservation of Rights. FMX reserves all rights not expressly granted to Customer in this Agreement. Except for the limited rights and licenses expressly granted under this Agreement, nothing in this Agreement grants, by implication, waiver, estoppel, or otherwise, to Customer or any third party any intellectual property rights or other right, title, or interest in or to the FMX IP.

4. Fees and Payment.

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

(a) Fees. Customer agrees to pay FMX the fees for Services as listed in the Subscription Summary ("Fees"). In the event that either a Service is added to or removed from the Services provided to Customer by mutual agreement of the Parties, or, if applicable, the Parties agree to increase or decrease the number of Authorized Users, the Subscription Summary shall be modified by FMX to reflect the then-current Fees. In the event the Subscription Summary is modified, the applicable Fees for the then current invoice period shall be calculated by FMX in accordance with its then current practices.

(b) Payment Terms. Unless otherwise specified in the Subscription Summary, FMX will invoice Customer periodically. The Customer will pay any undisputed invoice within thirty (30) days of the applicable invoice date, unless otherwise stated in the Subscription Summary. If Customer has a good faith dispute as to any amounts invoiced, Customer shall promptly notify FMX of the grounds for such dispute, pay the undisputed portion of such invoice when due, and engage with FMX in good faith efforts to resolve such dispute promptly. Customer will pay FMX simple interest on all overdue payments at a rate of 10% per year, or the maximum rate allowable by law, if lesser. If any amount is past due, FMX may, without notice, immediately suspend Customer's access to any or all Services until such amounts are paid in full. Customer shall be responsible for all expenses incurred by FMX in the collection of any unpaid invoice, including attorney's fees and costs.

(c) Fees Exclusive of Taxes. All Fees and other amounts payable by Customer under this Agreement are exclusive of taxes and similar assessments. Customer is responsible for all sales, use, and excise taxes, and any other similar taxes, duties, and charges of any kind imposed by any federal, state, or local governmental or regulatory authority on any amounts payable by Customer hereunder, other than any taxes imposed on FMX's income.

5. Confidential Information. From time to time during the Term, either Party may disclose or make available to the other Party information about its business affairs, products, confidential intellectual property, trade secrets, third-party confidential information, and other sensitive or proprietary information, whether orally or in written, electronic, or other form or media, and whether or not marked, designated, or otherwise identified as "confidential" (collectively, "Confidential Information"). In the case of FMX, the term "Confidential information" includes the Services and the FMX IP. Confidential Information does not include information that, at the time of disclosure is: (a) in the public domain except as a result of a Party's violation of this Agreement; (b) known to the receiving Party on a non-confidential basis at the time of disclosure; (c) rightfully obtained by the receiving Party on a non-confidential basis from a third party; (d) Aggregated Statistics; or (e) independently developed by the receiving Party without reference to the other Party's Confidential Information. The receiving Party shall not disclose the disclosing Party's Confidential Information to any person or entity, except to the receiving Party's employees who have a need to know the Confidential Information for the receiving Party to exercise its rights or perform its obligations hereunder. The receiving Party shall be liable for any unauthorized use or disclosure of the disclosing Party's Confidential Information by any of such receiving Party's employees or agents in the same manner as if such use or disclosure was made by the receiving Party itself. Further, the receiving Party shall not use the disclosing Party's

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

Confidential Information for any purpose except in performance of the receiving Party's duties or the exercise of the disclosing Party's rights under this Agreement. Notwithstanding the foregoing, each Party may disclose Confidential Information to the limited extent required (i) in order to comply with the order of a court or other governmental body, or as otherwise necessary to comply with applicable law, provided that the Party making the disclosure pursuant to the order shall first have given written notice to the other Party and made a reasonable effort to obtain a protective order, at the request and expense of the other Party; or (ii) to establish a Party's rights under this Agreement, including to make required court filings. On the expiration or termination of the Agreement, the receiving Party shall promptly return to the disclosing Party all copies, whether in written, electronic, or other form or media, of the disclosing Party's Confidential Information, or destroy all such copies and certify in writing to the disclosing Party that such Confidential Information has been destroyed. Each Party's obligations of non-disclosure with regard to Confidential Information are effective as of the Effective Date and will expire two (2) years from the date of termination of this Agreement; provided, however, with respect to any Confidential Information that constitutes a trade secret (as determined under applicable law), such obligations of non-disclosure will survive the termination or expiration of this Agreement for as long as such Confidential Information remains subject to trade secret protection under applicable law.

6. Intellectual Property Ownership; Feedback.

(a) FMX IP. Customer acknowledges that, as between Customer and FMX, FMX owns all right, title, and interest, including all intellectual property rights, in and to the FMX IP included within the Services and/or provided to Customer or any Authorized User in connection with the foregoing. For the avoidance of doubt, FMX IP includes Aggregated Statistics and any information, data, or other content derived from FMX's monitoring of Customer's access to or use of the Services, but does not include Customer Data, and, with respect to Third-Party Services, the applicable third-party owns all right, title, and interest, including all intellectual property rights, in and to the Third-Party Services. No ownership rights in the FMX IP are transferred to Customer. Customer acknowledges and agrees that Customer neither has nor at any time shall attempt to claim, any interest in or to any of the FMX IP or the use thereof other than any limited rights of access and use as expressly granted in this Agreement.

(b) Customer Data. FMX acknowledges that, as between FMX and Customer, Customer owns all right, title, and interest, including all intellectual property rights, in and to the Customer Data that is submitted, posted, or otherwise transmitted by or on behalf of Customer or an Authorized User through the Services, other than the Aggregated Statistics. Customer hereby grants to FMX a non-exclusive, royalty-free, worldwide license to reproduce, distribute, and otherwise use and display the Customer Data and perform all acts with respect to the Customer Data as may be necessary for FMX to provide the Services to Customer, and a non-exclusive, perpetual, irrevocable, royalty-free, worldwide license to reproduce, distribute, modify, and otherwise use and display Customer Data incorporated within the Aggregated Statistics.

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

(c) Feedback. If Customer or any of its employees or contractors sends or transmits any communications or materials to FMX by mail, email, telephone, orally or otherwise, suggesting or recommending changes to the Services or the FMX IP, including without limitation, new features or functionality relating thereto, or any comments, questions, suggestions, or the like ("Feedback"), FMX is free to use such Feedback without any obligation to Customer or any other person, irrespective of any other obligation or limitation between the Parties governing such Feedback. Customer hereby assigns to FMX on Customer's behalf, and on behalf of its employees, contractors and/or agents, all right, title, and interest in, and FMX is free to use and fully exploit, without any attribution or compensation to any party, any ideas, know-how, concepts, techniques, or other intellectual property rights contained in the Feedback, for any purpose whatsoever, although FMX is not required to use any Feedback.

7. Data Security.

(a) FMX Obligations. FMX shall not use, disclose or access Customer Data except as authorized by Customer, required to provide and support the Services or to comply with law or as permitted by this Agreement, the Documentation or the Subscription Summary. FMX shall implement commercially reasonable controls and procedures to limit access or use by its employees and contractors to Customer Data except as permitted by the preceding sentence. FMX, however, makes no representations or warranties with regard to Customer or any third party's compliance with standards or use of other data security controls.

(b) Customer Obligations. Customer represents that Customer has all required rights and permissions to transmit the data through the Services and that Customer's collection, use, processing and disclosure of the Customer Data complies with all applicable laws and governmental and industry regulations. FMX does not review data stored or transmitted through the Services, and FMX shall not be responsible for the legality of any such data or transmissions. Customer agrees to safeguard all usernames and passwords associated with the Services and acknowledges Customer shall be liable for any actions conducted using Customer's username, whether or not authorized by Customer.

(c) Breaches and Vulnerabilities. FMX shall promptly provide written notice within SEVENTY-TWO (72) hours upon becoming aware of any data breach or new vulnerability that may compromise the security or confidentiality of the Customer's Data. The notification shall include detailed information about the nature of the breach or vulnerability, the potential impact on the Customer's data and systems, and any remedial actions being taken or recommend by FMX to address the situation.

8. Representations and Warranties; Acknowledgment.

(a) By Customer. Customer represents and warrants that (a) all Customer Data and other materials and data provided by Customer do not, and will not, infringe any United States patent, copyright, trademark, service mark or other intellectual property right of any third party in the United States; (b) Customer is now in compliance with and during the Term of the Agreement shall continue to remain in compliance with all applicable U.S. and foreign laws and regulations including but not limited to (i) the International Emergency Economic Powers Act (50 U.S.C. § 1701) and all other laws administered by United States Office of Foreign Assets Control or any other governmental authority imposing economic sanctions and trade embargoes, (ii) U.S. export control laws, including the Export Administration Regulations promulgated under the Export Administration Act of 1979 and the International Traffic in Arms Regulations administered by the U.S. Department of State, and (iii) the

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

Foreign Corrupt Practices Act of 1977, as amended; and (c) each of the Authorized Users shall agree to be bound by and comply with this Agreement.

(b) Customer Acknowledgment. Customer acknowledges that the proper functioning and availability of the Services is dependent on interface and data exchange with various Customer and third-party platforms and APIs. In the event that changes, or updates are made to such Customer or third-party platforms or APIs, changes or updates may be required to FMX's infrastructure or codebase in order to maintain the functionality of the Services. FMX reserves the right to charge additional fees or increase the Fees to be payable by Customer in order to accommodate such changes or updates.

9. Limited Warranty; Warranty Disclaimer. FMX will make commercially reasonable efforts to make the Services available in a professional manner substantially consistent with the level of care, skill, practice and judgment exercised by other professionals in developing and providing Services of a similar nature under similar circumstances. EXCEPT FOR THE LIMITED WARRANTY PROVIDED HEREIN, THE SERVICES AND THE FMX IP ARE PROVIDED "AS IS" AND "WHERE IS" AND WITH ALL FAULTS, AND FMX HEREBY DISCLAIMS ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE. FMX SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND NON-INFRINGEMENT, AND ALL WARRANTIES ARISING FROM COURSE OF DEALING, USAGE, OR TRADE PRACTICE. FMX MAKES NO WARRANTY OF ANY KIND THAT THE FMX IP, OR ANY SERVICES OR RESULTS OF THE USE THEREOF, WILL MEET CUSTOMER'S OR ANY OTHER PERSON'S REQUIREMENTS, OPERATE WITHOUT INTERRUPTION, ACHIEVE ANY INTENDED RESULT, BE COMPATIBLE OR WORK WITH ANY SOFTWARE, SYSTEM, OR OTHER SERVICES, OR BE SECURE, ACCURATE, COMPLETE, FREE OF HARMFUL CODE, OR ERROR FREE. IN THE EVENT OF ANY INTERRUPTION NOT PERMITTED BY THIS AGREEMENT, FMX'S SOLE OBLIGATION SHALL BE TO RESTORE ACCESS AS SOON AS REASONABLY POSSIBLE. CUSTOMER ACKNOWLEDGES AND AGREES THAT CUSTOMER HAS NOT ENTERED INTO THE AGREEMENT ON THE BASIS OF ANY REPRESENTATIONS OR PROMISES NOT EXPRESSLY CONTAINED HEREIN.

10. Customer Indemnification. Customer shall indemnify, hold harmless, and, at FMX's option, defend FMX from and against any Third-Party Claim that (a) the Customer Data, or any use of the Customer Data in accordance with this Agreement, infringes or misappropriates such third party's intellectual property rights, privacy rights or other rights, and (b) any Third-Party Claims based on Customer's or any Authorized User's (i) negligence or willful misconduct; (ii) use of the Services in a manner not authorized by this Agreement; (iii) use of the Services in combination with data, software, hardware, equipment, or technology not provided by FMX or authorized by FMX in writing; or (iv) modifications to the Services not made by FMX; provided that Customer may not settle any Third-Party Claim against FMX unless FMX consents in writing to such settlement, and further provided that FMX will have the right, at its option, to defend itself against any such Third-Party Claim or to participate in the defense thereof by counsel of its own choice.

11. FMX Indemnification. FMX shall indemnify, defend, and hold harmless Customer from and against any and all Third-Party Claims that the Services, or any use of the

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

Services in accordance with this Agreement, infringes or misappropriates such third party's intellectual property rights, provided that Customer promptly notifies FMX in writing of such Third-Party Claim, cooperates with FMX, and allows FMX sole authority to control the defense and settlement of such Third-Party Claim. If a Third Party-Claim is made or appears possible, Customer agrees to permit FMX, at FMX's sole discretion, to (a) modify or replace the Services, or component or part thereof, to make it non-infringing, or (b) obtain the right for Customer to continue use. If FMX determines that neither alternative is reasonably available, either Party may terminate this Agreement, in its entirety or with respect to the affected component or part, effective immediately on written notice to the other. This Section will not apply to the extent that the alleged infringement arises from: (a) use of the Services in combination with data, software, hardware, equipment, or technology not provided by FMX; (b) modifications to the Services not made by FMX; or (c) Customer Data.

12. Limitations of Liability. NOTWITHSTANDING ANY DAMAGES THAT CUSTOMER MIGHT INCUR FOR ANY REASON WHATSOEVER, IN NO EVENT WILL FMX BE LIABLE UNDER OR IN CONNECTION WITH THIS AGREEMENT OR OTHERWISE UNDER ANY LEGAL OR EQUITABLE THEORY, INCLUDING BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, AND OTHERWISE, FOR ANY: (a) CONSEQUENTIAL, INCIDENTAL, INDIRECT, EXEMPLARY, SPECIAL, ENHANCED, OR PUNITIVE DAMAGES; (b) INCREASED COSTS, DIMINUTION IN VALUE OR LOST BUSINESS, PRODUCTION, REVENUES, OR PROFITS; (c) LOSS OF GOODWILL OR REPUTATION; (d) USE, INABILITY TO USE, LOSS, INTERRUPTION, DELAY, OR RECOVERY OF ANY DATA, OR BREACH OF DATA OR SYSTEM SECURITY; OR (e) COST OF REPLACEMENT GOODS OR SERVICES, IN EACH CASE REGARDLESS OF WHETHER FMX WAS ADVISED OF THE POSSIBILITY OF SUCH LOSSES OR DAMAGES OR SUCH LOSSES OR DAMAGES WERE OTHERWISE FORESEEABLE. IN NO EVENT WILL FMX'S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT UNDER ANY LEGAL OR EQUITABLE THEORY, INCLUDING BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, AND OTHERWISE EXCEED THE LESSER OF THE ACTUAL, DIRECT DAMAGES INCURRED OR THE AMOUNT ACTUALLY PAID OR PAYABLE BY CUSTOMER UNDER THIS AGREEMENT DURING THE SIX (6) MONTH PERIOD IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO THE INITIAL CLAIM. THE PARTIES ACKNOWLEDGE AND AGREE THAT THE FEES REFLECT THE ALLOCATION OF RISK SET FORTH IN THIS PARAGRAPH AND THAT FMX WOULD NOT ENTER INTO THIS AGREEMENT WITHOUT THE LIMITATIONS OF LIABILITY SET FORTH HEREIN.

13. Term and Termination.

(a) Term. The term ("Term") of this Agreement shall commence on the Effective Date and shall continue thereafter until the termination or expiration, as applicable, of the term for each Service listed on the Subscription Summary, as may be amended from time to time by the parties, in writing.

(b) Renewal. Following the initial Term, the Term of this Agreement shall continue for a subsequent period of time that is equal to the duration of the initial Term (each such period, a "Renewal Term") unless either Party elects to terminate this Agreement by giving written notice to the other Party of the election to terminate at least thirty (30) days prior to the expiration of the then-current initial Term or Renewal

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

Term. After the initial Term, FMX may, at least thirty (30) days prior to the expiration of the then-current initial Term or Renewal Term, provide written notice to Customer adjusting the Fees and other costs, fees or prices for such Services.

(c) Termination. In addition to any other express termination right set forth in this Agreement:

(i) FMX may terminate this Agreement, effective on written notice to Customer, if Customer: (A) fails to pay any amount when due hereunder, and such failure continues more than five (5) days after FMX's delivery of written notice thereof; or (B) breaches any of its obligations under Section 3(c) or Section 8;

(ii) either Party may terminate this Agreement, effective on written notice to the other Party, if the other Party materially breaches this Agreement, and such breach: (A) is incapable of cure; or (B) being capable of cure, remains uncured ten (10) days after the non-breaching Party provides the breaching Party with written notice of such breach; or

(iii) either Party may terminate this Agreement, effective immediately upon written notice to the other Party, if the other Party: (A) becomes insolvent or is generally unable to pay, or fails to pay, its debts as they become due; (B) files or has filed against it, a petition for voluntary or involuntary bankruptcy or otherwise becomes subject, voluntarily or involuntarily, to any proceeding under any domestic or foreign bankruptcy or insolvency law; (C) makes or seeks to make a general assignment for the benefit of its creditors; or (D) applies for or has appointed a receiver, trustee, custodian, or similar agent appointed by order of any court of competent jurisdiction to take charge of or sell any material portion of its property or business.

(d) Effect of Expiration or Termination. Upon expiration or earlier termination of this Agreement, Customer shall immediately discontinue use of the Services and, without limiting Customer's obligations under Section 7, Customer shall delete, destroy, or return all copies of FMX's Confidential Information and certify in writing to FMX that the FMX Confidential Information has been deleted or destroyed. No expiration or termination will affect Customer's obligation to pay all Fees that may have become due before such expiration or termination or entitle Customer to any refund.

(e) Survival. This Section 13(e) and Sections 4, 5, 6, 8, 9, 10, 11, 13(d) and 14 survive any termination or expiration of this Agreement. No other provisions of this Agreement survive the expiration or earlier termination of this Agreement.

14. Miscellaneous.

(a) Publicity. FMX may issue or release announcements, statements, or other publicity or marketing materials relating to this Agreement, or otherwise use the Customer IP, in each case, without the prior written consent of the Customer, but

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

solely on or in connection with the promotion, advertising, and resale of FMX's services. FMX shall reasonably comply with any policies provided to FMX by Customer related to Customer IP, which may be amended from time to time in Customer's sole discretion.

(b) Entire Agreement. This Agreement, together with any other documents incorporated herein by reference, constitutes the sole and entire agreement of the Parties with respect to the subject matter of this Agreement and supersedes all prior and contemporaneous understandings, agreements, and representations and warranties, both written and oral, with respect to such subject matter. In the event of any inconsistency between the statements made in the body of this Agreement, and any other documents incorporated herein by reference, the following order of precedence governs: (i) first, any state mandated contract, rule, or regulation; (ii) second, this Agreement; (iii) third, the Subscription Summary applicable to this Agreement; and (iv) fourth, any other documents incorporated herein by reference.

(c) Notices. Except as otherwise set forth in this Agreement, any and all Digital Notices shall be effective when provided. Notices to Customer shall be sent via Digital Notice to the e-mail address specified in the Subscription Summary, or such other address as Customer may hereafter deliver to FMX by Digital Notice. If Customer is providing Digital Notice to terminate this Agreement as permitted herein, such written notice shall be sent via e-mail to billing@gofmx.com.

(d) Force Majeure. All other terms of this Agreement notwithstanding, FMX shall not be liable for failure to perform any obligation under this Agreement or the failure of Services if such failure is caused by the occurrence of any contingency beyond the reasonable control of FMX (a "Force Majeure Event"), including but not limited to, fire, flood, strike, power outage, Internet outage, industrial disturbance, disruption, termination, or availability or reduction of services or products provided by third parties, denial of service attack, unavailability of the Internet, war, riot, insurrection, acts of God, epidemics, pandemics, acts of civil or military authority, or changes in third party platforms or APIs with which the Services interface or otherwise operate. In the event of such a Force Majeure Event, time for delivery or other performance under this Agreement shall be as soon as practicable following such Force Majeure Event.

(e) Amendment and Modification; Waiver. No amendment to or modification of this Agreement is effective unless it is in writing and signed by an authorized representative of each Party. No waiver by any Party of any of the provisions hereof will be effective unless explicitly set forth in writing and signed by the Party so waiving. Except as otherwise set forth in this Agreement, (i) no failure to exercise, or delay in exercising, any rights, remedy, power, or privilege arising from this Agreement will operate or be construed as a waiver thereof, and (ii) no single or partial exercise of any right, remedy, power, or privilege hereunder will preclude any other or further exercise thereof or the exercise of any other right, remedy, power, or privilege.

(f) Severability. If any provision of this Agreement is invalid, illegal, or unenforceable in any jurisdiction, such invalidity, illegality, or unenforceability will not

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

affect any other term or provision of this Agreement or invalidate or render unenforceable such term or provision in any other jurisdiction. Upon such determination that any term or other provision is invalid, illegal, or unenforceable, the Parties shall negotiate in good faith to modify this Agreement so as to effect their original intent as closely as possible in a mutually acceptable manner in order that the transactions contemplated hereby be consummated as originally contemplated to the greatest extent possible.

(g) Governing Law; Submission to Jurisdiction. This Agreement shall be construed and interpreted in accordance with and shall be governed by the laws of the State of Ohio, without regard to principles of conflict of law and irrespective of the fact that one or more Parties hereto is now or may hereafter be a resident of a different state, jurisdiction or country. The state and federal courts situated in Franklin County, Ohio shall have exclusive jurisdiction for resolving any dispute arising under or relating to this Agreement. The Parties agree that the United Nations Convention on Contracts for the International Sale of Goods shall not apply. The parties further expressly exclude the application of the Uniform Computer Information Transactions Act.

(h) Assignment. Neither Party to this Agreement may assign or otherwise transfer any of its rights or obligations under this Agreement without the prior written consent of the other Party, which shall not be unreasonably withheld. Notwithstanding the foregoing, FMX may assign or otherwise transfer any or all of its rights or obligations under this Agreement in the case of a sale or other transfer of all or substantially all of its assets or equity (whether by sale of assets or stock or by merger or other reorganization), without the prior consent of or notice to Customer.

(i) Equitable Relief. Each Party acknowledges and agrees that a breach or threatened breach by such Party of any of its obligations under Sections 5, 8 or, in the case of Customer, Section 3(c), would cause the other Party irreparable harm for which monetary damages would not be an adequate remedy and agrees that, in the event of such breach or threatened breach, the other Party will be entitled to equitable relief, including a restraining order, an injunction, specific performance, and any other relief that may be available from any court, without any requirement to post a bond or other security, or to prove actual damages or that monetary damages are not an adequate remedy. Such remedies are not exclusive and are in addition to all other remedies that may be available at law, in equity, or otherwise.

(j) Counterparts. This Agreement may be executed in counterparts, each of which is deemed an original, but all of which together are deemed to be one and the same agreement. A signed copy of this Agreement delivered by facsimile, e-mail, electronic signature or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Agreement.

15. NO WAIVER OF SOVEREIGN IMMUNITY. Nothing herein is intended to waive sovereign immunity by the Customer to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

16. Public Records. FMX shall comply with all applicable provisions of the Florida Public Records Act, Chapter 119, Florida Statutes. Specifically, FMX shall:
i. Keep and maintain public records required by the public agency to perform the service.
ii. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
iii. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if FMX does not transfer the records to the public agency.
iv. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of FMX or keep and maintain public records required by the public agency to perform the service. If FMX transfers all public records to the public agency upon completion of the contract, FMX shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If FMX keeps and maintains public records upon completion of the contract, FMX shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

FIRST AMENDMENT TO MASTER SERVICES AGREEMENT

THIS FIRST AMENDMENT TO MASTER SERVICES AGREEMENT ("First Amendment") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City" or "Client") and **DATACAPABLE, INC.,** a for-profit corporation duly organized in the state of Delaware and authorized to do business in the state of Florida (EIN: 58-2246694) ("DataCapable").

WHEREAS, on February 19, 2026, City and DataCapable entered into a Master Services Agreement (the "Original Agreement"), City of Ocala Contract No.: ELE/260350; and

WHEREAS, after the full execution of the Original Agreement, it was determined that the Original Agreement contained conflicting language, ambiguities and other provisions the City wished to revise; and

WHEREAS, DataCapable is amenable to said revisions; and

WHEREAS, City and DataCapable wish to amend the Original Agreement to incorporate the revised mutually agreed-upon provisions.

NOW THEREFORE, in consideration of the foregoing recitals, the following mutual covenants and conditions, and other good and valuable consideration, City and DataCapable agree as follows:

1. **RECITALS**. City and DataCapable hereby represent, warrant, and agree that the Recitals set forth above are true and correct and are incorporated herein by reference.
2. **INCORPORATION OF ORIGINAL AGREEMENT.** The Original Agreement between City and DataCapable, attached hereto as **Exhibit A**, is hereby incorporated by reference as if set forth herein in its entirety and remains in full force and effect, except for those terms and conditions expressly amended by this First Amendment. If there is a conflict between the terms and conditions contained in this First Amendment and the Original Agreement, the terms and conditions in this First Amendment shall control.
3. **AMENDMENT TO PARAGRAPH 2**. The language in Paragraph 2 is hereby deleted and replaced in its entirety with the following:

   The initial term of this Agreement is for a period of **ONE (1) YEAR** commencing on the effective date (the "Initial Term"), unless terminated earlier in accordance with section 2.2. The Initial Term together with any and all Renewal Terms are referred to in this Agreement as the "Term." Unless otherwise mutually agreed in writing, any Statement of Work (SOW) the duration of which extends beyond the termination of this Agreement will continue for the term specified in such SOW and shall continue to be governed by the terms and conditions of this Agreement.
4. **AMENDMENT TO PARAGRAPH 6.3.** The language in Paragraph 6.3 is hereby deleted and replaced in its entirety with the following:

   A finance charge of 1.5% per month on the unpaid amount of an invoice will be charged on past due accounts. Payments by Client will thereafter be applied first to accrued interest and then to the principal unpaid balance. Client will pay any attorneys' fees, court costs, or other costs DataCapable may incur in collection of delinquent accounts. If Client has outstanding, past due invoices more than fifteen (15) days, DataCapable may suspend performing other work. A suspension of work due to Client's failure to make required payments may result in additional time to perform the Services required by any SOW and increased costs/fees.

Docusign Envelope ID: 1DF12103-5EDB-8F14-80DE-ACD6234A55E5

5. **DELETION OF PARAGRAPH 15**. Paragraph 15, and its sub-paragraphs are deleted in their entirety.
6. **AMENDMENT TO STATEMENT OF WORK**. Paragraph 3 in the Statement of Work is hereby deleted and replaced in its entirety with the following:

   The term of this SOW shall begin on the License Start Date specified in the attached Proposal and Pricing (Schedule 1) and shall continue for a period of one (1) year, unless terminated in accordance with the Master Services Agreement.
7. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.
8. **JURISDICTION AND VENUE.** The parties acknowledge that a majority of the negotiations, anticipated performance and execution of this Agreement occurred or shall occur in Marion County, Florida. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought only in the courts of record of the State of Florida in Marion County or the United States District Court, Middle District of Florida, Ocala Division. Each party consents to the exclusive jurisdiction of such court in any such civil action or legal proceeding and waives any objection to the laying of venue of any such civil action or legal proceeding in such court and/or the right to bring an action or proceeding in any other court. Service of any court paper may be effected on such party by mail, as provided in this Agreement, or in such other manner as may be provided under applicable laws, rules of procedures or local rules.
9. **NOTICES.** All notices, certifications or communications required by this First Amendment shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by e-mail. All notices shall be addressed to the respective parties as follows:

If to DataCapable:	DataCapable, Inc. Attention: Lucas Baerg 2093 Philadelphia Pike #4846 Claymont, Delaware 19703 E-mail: lucas@datacapable.com
If to City of Ocala:	Daphne M. Robinson, Esq., Contracting Officer City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-629-8343 E-mail: notices@ocalafl.gov
Copy to:	William E. Sexton, Esq., City Attorney City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-401-3972 E-mail: cityattorney@ocalafl.gov

Docusign Envelope ID: 1DF12103-5EDB-8F14-80DE-ACD6234A55E5

10. **COUNTERPARTS.** This First Amendment may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.
11. **ELECTRONIC SIGNATURE(S).** Contractor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this First Amendment. Further, a duplicate or copy of the First Amendment that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original First Amendment for all purposes.
12. **LEGAL AUTHORITY**. Each person signing this First Amendment on behalf of either party individually warrants that he or she has full legal power to execute this First Amendment on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this First Amendment.

IN WITNESS WHEREOF, the parties have executed this First Amendment on _____.

MASTER SERVICES AGREEMENT

This Master Services Agreement (the "Agreement"), effective January 1, 2026 (the "Effective Date"), is between Ocala Electric Utilities, doing business as Ocala Electric Utilities, with its principal office at 201 SE 3rd St, Ocala, FL 34471 ("Client"), and DataCapable, Inc., a Delaware corporation located at 2093 Philadelphia Pike #4846, Claymont, DE 19703 ("DataCapable"). Client and DataCapable, from time to time herein, shall collectively be referred to as "Parties," and individually, each a "Party."

1. PURPOSE OF AGREEMENT. The purpose of this Agreement is to state the terms and conditions: under which: (i) Client will license DataCapable's software platform, including without limitation situational awareness systems, event visualization tools, and data analytics services; and (ii) DataCapable will provide related professional services (the "Services") as defined more specifically in Section 3, below, and in Exhibit A hereto. This Agreement shall be the Master Agreement between the Parties and the terms and conditions herein shall govern any Purchase Order ("PO") and Statement of Work ("SOW") and all transactions between DataCapable and Client carried out pursuant to any PO and SOW.

2. TERM.

2.1. Term. The initial term of this Agreement is for a period of five (5) years commencing upon the Effective Date (the "Initial Term"), unless earlier terminated in accordance with this Section 2. ~~This Agreement shall automatically renew for successive five (5) year periods (each, a "Renewal Term"), unless Client has notified DataCapable of its intention not to renew at least ninety (90) calendar days prior to the end of the then current Term.~~ The Initial Term together with any and all Renewal Terms are referred to in this Agreement as the "Term." Unless otherwise mutually agreed in writing, any SOW the duration of which extends beyond the termination of this Agreement will continue for the term specified in such SOW and shall continue to be governed by the terms and conditions of this Agreement.

Initial LB

2.2. Termination. Either Party may terminate this Agreement, any SOW, or any of the Services provided hereunder, with or without cause, upon ninety (90) calendar days written notice prior to the end of the term of any SOW. Either Party may terminate this Agreement immediately by written notice delivered to the other Party if (i) the other Party voluntarily files a petition in bankruptcy, (ii) the other Party is adjudicated bankrupt or insolvent pursuant to an order or judgment entered by a court of competent jurisdiction that is no longer subject to appeal and has become final, (iii) the other Party makes an assignment for the benefit of creditors or (iv) a receiver is appointed for the other Party or for its business and such receiver is not discharged within ninety (90) days after such appointment.

2.3. Effect of Expiration or Termination. Without prejudice to any other remedy for breach of this Agreement, upon the expiration or termination of this Agreement, no Party shall be relieved of any liability arising out of any breach of this Agreement prior to expiration or termination, and no Party will be released from the payment of any sum

owed to another Party for services rendered prior to such expiration or termination or the performance of any obligation for which payment has been received. Upon the expiration or termination of this Agreement, DataCapable shall promptly transfer, assign, and make available to Client, all property and materials in DataCapable's possession or control belonging to Client.

3. SERVICES. DataCapable will provide to Client all services (the "Services") set forth in any SOW attached as an exhibit to this Agreement. Each SOW attached as a schedule to this Agreement, including without limitation, the specific SOW attached hereto as Exhibit A. Fees for the Services are allocated between the software license and the provision of related professional services, as more fully set forth in each SOW. Each SOW is incorporated herein by reference. References to this "Agreement" include this Agreement and each SOW in effect from time to time after the Effective Date. Unless otherwise defined in an SOW, capitalized terms herein shall have the meaning ascribed to them in the Agreement. Unless otherwise stated in an SOW, DataCapable shall use commercially reasonable efforts to ensure availability of the Services. Support will be provided to designated Customer contacts during standard business hours, excluding holidays. In providing the Services DataCapable shall comply with all applicable U.S. data privacy security laws and regulations, shall implement and maintain reasonable and appropriate safeguards to protect customer data from unauthorized access, use disclosure or destruction and shall ensure that it subcontractors processing data on its behalf are contractually required to adhere to substantially equivalent obligations. All work will be performed remotely.

4. ACCEPTANCE.

4.1. Acceptance Criteria and Period. The completion criteria and acceptance criteria, as well as the acceptance period, for the Services and associated deliverables ("Deliverables") are as set forth in the applicable SOW. If a SOW does not describe any acceptance criteria, then the Deliverables shall be deemed accepted when delivered by DataCapable.

4.2. Review and Acceptance. Each Deliverable will be deemed accepted upon written confirmation by Client, or if no deficiencies are reported in writing within ten (10) business days of delivery ("Acceptance Period"), signifying transfer of control.

4.3. License Delivery and Payment Obligations: Customer's obligation to pay fees shall begin upon delivery of access credentials to the licensed software, or on the License Start Date set forth in the applicable Statement of Work, whichever is earlier. Customer acknowledges that such obligation is not contingent upon the readiness, integration, or operation of any third-party system, including but not limited to OMS platforms.

4.4. Rejection. In the event Client reasonably determines the Deliverables do not meet the acceptance criteria, Client may reject Deliverables within the Acceptance Period by notifying DataCapable in writing.

4.5. Correction. In the event that Client rejects the Deliverables, DataCapable will use its best

efforts to correct the Deliverables and will deliver such corrections to Client for re-review and acceptance in accordance with the SOW.

4.6. Continued Failure. If DataCapable's corrections fail to satisfy the acceptance criteria as set forth in the applicable SOW after three (3) attempted corrections, the Parties will resolve the issue pursuant to Section 15, below.

5. CHANGES. If an alteration to the scope of work in any SOW, including Assumptions (as that term is defined in any SOW), deliverables, milestones and related pricing, is requested by either Party, it shall be brought to the attention of the other Party's management by completing and submitting a Change Order Form, which is substantially in the form incorporated into this Agreement as Exhibit B. Each Party's respective management will review the form to determine whether a modification to the scope of work is necessary and what effect the implementation of such change may have on the Services. If any such change causes an increase or decrease in the cost or time required for performance of the work, the price and/or delivery schedule shall be equitably adjusted and identified within the Change Order Form, subject to mutual agreement of the Parties. If the Parties mutually agree to implement the change in scope, the Change Order Form will be incorporated into the applicable SOW as an addendum when signed by authorized representatives of DataCapable and Client.

6. PRICING AND INVOICING TERMS.

6.1. General. DataCapable will invoice Client, and Client will pay DataCapable, for Services on invoices submitted every week by DataCapable for payment by Client. Payment is due no later than thirty (30) calendar days after receipt. If Client has any valid reason for disputing any portion of an invoice, Client will so notify DataCapable within ten (10) calendar days of receipt of invoice by Client, and if no such notification is given, the invoice will be deemed valid. Any portion of DataCapable's invoice that is not in dispute shall be paid in accordance with the procedures set forth herein.

6.2. Pricing. Pricing terms for the services are as set forth in the applicable SOW. DataCapable may bill Client on a fixed-fee or hourly basis for services rendered. Hourly rates for work performed by DataCapable's employees will be as set forth in a SOW (the "Hourly Rates"). DataCapable may periodically change Hourly Rates. License fees shall automatically increase by five percent (2%) upon each Renewal Term unless otherwise set forth in a SOW.

6.3. Late or Unpaid Invoices. A finance charge of 1.5% per month, or such lesser amount as may be the maximum amount permitted by Delaware law, on the unpaid amount of an invoice will be charged on past due accounts. Payments by Client will thereafter be applied first to accrued interest and then to the principal unpaid balance. Client will pay any attorneys' fees, court costs, or other costs DataCapable may incur in collection of delinquent accounts. If Client has outstanding, past due invoices more than fifteen (15) days, DataCapable may suspend performing further work. A suspension of work due to Client's failure to make required payments may result in additional time to perform the Services required by any SOW and increased costs/fees.

6.4. Reimbursable Costs. Client shall reimburse DataCapable all reasonable, preapproved (in writing) costs incurred in connection with the Services rendered or when travelling at Client's request. Reimbursable costs include, but are not limited to, travel costs, the cost of subcontractors, materials costs, delivery costs and other similar expenses and costs that are attributable to any Services (the "Reimbursable Costs"). Travel costs include air, train or bus travel, lodging, meals and incidentals, any ground transportation associated with air travel, tools, and all other reasonable costs generally associated with air travel. All extraordinary travel expenses will not be incurred without Client's approval. Together with any invoice containing Reimbursable Costs, DataCapable will provide to Client documentation of Reimbursable Costs incurred.

6.5. Taxes. All amounts payable pursuant to this Agreement are exclusive of taxes. Accordingly, there will be added to any amount payable by Client the monetary sum equal to any and all then-applicable taxes, however designated, incurred as a result of or otherwise in connection with this Agreement or the Services, including without limitation state and local privilege, excise, sales or similar transactional, services, withholding, and use taxes and any taxes or other amounts in lieu thereof paid or payable by Client (other than taxes based on DataCapable's net income and employment taxes). If Client does not pay such taxes, DataCapable may make such payments and Client will reimburse DataCapable for those payments. Client will indemnify, defend, protect and hold DataCapable harmless for, from and against any payments made by Client pursuant to this Section 6.5.

7. OWNERSHIP OF TECHNOLOGY AND DELIVERABLES.

7.1. Definitions.

7.1.1. "Background Technology" means all Technology owned, created or discovered by a Party:

7.1.1.1. prior to a SOW effective date, or

7.1.1.2. on or after the SOW effective date independent of the Services performed pursuant to the SOW.

7.1.2. "Deliverables" means the work product that DataCapable creates under an SOW.

7.1.3. "Developed Technology" means any Technology other than Background Technology created or discovered by DataCapable or Client in connection with an SOW.

7.1.4. "Intellectual Property Rights" means all copyright, moral rights, patent rights, trade and service marks, design rights, rights in or relating to databases, rights in or relating to confidential information, rights in relation to domain names, and any associated or other intellectual property rights (registered or unregistered) throughout the world.

7.1.5. "Technology" means all technical information, know-how, ideas, concepts, methods and processes, procedures, designs, schematics, works of authorship, inventions and discoveries, owned by a Party or licensed to a Party (to the extent such Party has the right to sublicense it) and any and all modifications, additions, changes or derivative works thereof.

7.2. Ownership of Technology and Deliverables.

7.2.1. Background Technology. Neither Party will own the other Party's Background Technology and acquires no rights or interest under this Agreement to the other Party's Background Technology, including, without limitation, the Intellectual Property Rights therein, except for the licenses granted in Section 7.3 below.

7.2.2. Developed Technology; Deliverables. DataCapable owns all Deliverables and any Developed Technology, except for any of Client's Background Technology that is incorporated into the Deliverables or Developed Technology (the "Incorporated IP")..

7.3. Licenses to Technology.

7.3.1. Client Background Technology. If Client provides DataCapable with any of Client's Background Technology under this Agreement to facilitate DataCapable's performance of the Services, Client grants to DataCapable a limited, nonexclusive, nontransferable, royalty-free license (with the right to sublicense to its delegates and subcontractors authorized by Client), solely for the purpose of performing the Services and solely for the Term of this Agreement, under Client's Intellectual Property Rights in such Background Technology, to:

7.3.1.1. copy, prepare derivative works of, perform, and display (internally only) such Background Technology, and

7.3.1.2. make, use, and import such Background Technology.

7.3.2. DataCapable Deliverables, Developed Technology and Incorporated IP. DataCapable grants to Client a nonexclusive, nontransferable, worldwide license, to use the Deliverables, Developed Technology and Incorporated IP, subject to the following limitations:

7.3.2.1. Client's license of the Deliverables, Developed Technology and Incorporated IP is limited to Client's own internal purposes, pursuant to which Client may use, perform or display the Deliverables, Developed Technology and Incorporated IP solely in connection with Client's use of the Deliverables and in no event shall Client be entitled to independently commercially exploit the Deliverables, Developed Technology and Incorporated IP;

7.3.2.2. DataCapable's limited license of the Deliverables, Developed Technology and Incorporated IP pursuant to this Section 7.3.2 does not grant Client a license to any modifications, additions, changes or derivative works

that are made to the Deliverables, Developed Technology and Incorporated IP by or for DataCapable after incorporation of the Incorporated IP into any Deliverables or Developed Technology;

7.3.2.3. Client is not permitted to sublicense the Deliverables, Developed Technology and Incorporated IP unless such sublicense is granted by Client to Client's independent contractors or consultants for the sole purpose of using or modifying the Deliverables, Developed Technology and Incorporated IP as may be required for Client's commercial exploitation of the Deliverables;

7.3.2.4. Nothing contained in this Agreement will permit Client or its agents to unbundle, separate, use, reverse engineer or cause the Deliverables, Developed Technology and Incorporated IP to be used as a stand-alone product or development tool or to otherwise commercialize the Incorporated IP;

7.3.2.5. Client shall not modify, add to, change or create any derivative works of any DataCapable's Background Technology, Deliverables, Developed Technology or Incorporated IP without the express written consent of DataCapable. To the extent that Client is authorized by DataCapable to make any modifications, additions, changes or derivative works of DataCapable's Background Technology, Deliverables, Developed Technology or Incorporated IP, such modifications, additions, changes or derivative works shall be owned exclusively by DataCapable immediately upon creation;

7.3.2.6. Client's license of the Deliverables, Developed Technology and Incorporated IP terminates upon termination of this Agreement.

8. REPRESENTATIONS AND WARRANTIES. Each Party represents and warrants that:

8.1.1. it has the full power and authority to enter into this Agreement, carry out its obligations under this Agreement, and grant the rights and licenses it grants the other in this Agreement; and

8.1.2. its compliance with the terms and conditions of this Agreement will not violate any agreements it has with any third Party.

9. DISCLAIMER. EXCEPT FOR THE EXPRESS WARRANTIES CONTAINED IN THIS AGREEMENT, NO OTHER WARRANTIES ARE EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE, MERCHANTABILITY, NON-INFRINGEMENT, TITLE OR OTHERWISE.

10. LIMITATION OF LIABILITY.

10.1. Limitation. UNDER NO CIRCUMSTANCE, WILL EITHER PARTY HEREUNDER BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL OR PUNITIVE DAMAGES INCURRED OR SUFFERED BY THE OTHER PARTY ARISING OUT OF OR IN CONNECTION WITH THIS

AGREEMENT (INCLUDING WITHOUT LIMITATION, LOST REVENUE, LOST PROFITS, LOSS OF INCOME OR LOSS OF BUSINESS ADVANTAGE), WHETHER OR NOT FORESEEABLE, EVEN IF SUCH PARTY, OR AN AUTHORIZED REPRESENTATIVE OF SUCH PARTY, HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT WILL DATACAPABLE'S LIABILITY ARISING OUT OF THIS AGREEMENT EXCEED THE PAYMENT RECEIVED BY DATACAPABLE FOR THE PARTICULAR SERVICE PROVIDED GIVING RISE TO THE CLAIM DURING THE 6 MONTHS PRIOR TO THE ASSERTION OF SUCH CLAIM, EXCEPT THAT NO LIMITATION SHALL APPLY TO PAYMENTS OWED FOR SERVICES AND DELIVERABLES PROVIDED UNDER THIS AGREEMENT OR ANY APPLICABLE SOW. THE LIMITATION OF LIABILITY SET FORTH HEREIN IS FOR ANY AND ALL MATTERS FOR WHICH DATACAPABLE MAY OTHERWISE HAVE LIABILITY ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT, WHETHER THE CLAIM ARISES IN CONTRACT, TORT, STATUTE, OR OTHERWISE.

10.2. Remedy. Client's exclusive remedy for any claim arising out of or relating to this Agreement will be for DataCapable, upon receipt of written notice, either (i) to use commercially reasonable efforts to cure, at its expense, the matter that gave rise to the claim for which DataCapable is at fault, or (ii) return to Client the fees paid by Client to DataCapable for the particular service provided that gives rise to the claim, subject to the limitation contained in Section 10.1.

11. NON-SOLICITATION OF EMPLOYEES.

11.1. Non-Solicitation Period. "Non-Solicitation Period" means a period of twelve (12) months following the termination of this Agreement, unless a court of competent jurisdiction determines that such period is unenforceable under applicable law because it is too long, in which case the Non-Solicitation Period shall be for the longest of the following periods that the court determines is reasonable under the circumstances: twelve (12) months, nine (9) months, or six (6) months following the termination of this Agreement.

11.2. DataCapable Covenant. DataCapable acknowledges the character of Client's business and the substantial amount of time, money and effort that Client has spent and will spend in recruiting competent employees and contractors, and DataCapable agrees that it will not, and will cause its employees and independent contractors not to, during the Term and the Non-Solicitation Period, alone or with others, directly or indirectly, solicit for engagement, hire, or engage, or assist any other entity or person in soliciting for engagement, hiring, or engagement any employee or contractor who is or who is hereafter engaged or engaged by Client without the prior written consent of Client. The Non-Solicitation Period shall be tolled while DataCapable is in breach hereof.

11.3. Client Covenant. Client acknowledges the character of DataCapable's business and the substantial amount of time, money and effort that DataCapable has spent and will spend in recruiting competent employees and contractors, and Client agrees that it will not, and will cause its employees and independent contractors not to, during the Term

and the Non-Solicitation Period, alone or with others, directly or indirectly, solicit for engagement, hire, or engage, or assist any other entity or person in soliciting for engagement, hiring, or engagement any employee or contractor who is or who is hereafter engaged or engaged by DataCapable without the prior written consent of DataCapable. The Non-Solicitation Period shall be tolled while Client is in breach hereof.

11.4. Reasonableness. Each of Client and DataCapable agrees that the restrictions contained in this Agreement are fair and reasonable and necessary for the protection of the legitimate business interests of Client and DataCapable, and each of Client and DataCapable intends that such restrictions be enforceable and enforced to their fullest extent.

11.5. General Advertisement. Notwithstanding anything to the contrary, Client and DataCapable agree that neither shall be restricted from hiring a person who responds to a general advertisement or solicitation that is not specifically directed at an employee or employees of the other Party.

12. CONFIDENTIALITY.

12.1. "Confidential Information" means information that is provided by or on behalf of either Party (the "Discloser") to the other Party (the "Recipient"), or to which a Recipient otherwise gains access, in the course of or incidental to the performance of this Agreement, which is of value to the Discloser, and is not generally known to others, including, without limitation, trade secrets, customer lists, customer information, employee lists, technology, processes, marketing techniques, price lists, pricing policies, business methods, contracts and contractual relations with the Discloser's customers and suppliers, know-how, software, future and proposed products and services, financial information, business forecasts, sales and merchandising, and marketing plans and information. Confidential Information may be disclosed in written or other tangible form (including on magnetic media) or by oral, visual, or other means. The terms, conditions, and provisions of this Agreement shall be deemed by the Parties to be Confidential Information of both Parties.

12.2. The Recipient of Confidential Information shall use the Confidential Information only for the purposes of this Agreement or as otherwise expressly permitted by this Agreement. The Recipient of Confidential Information shall protect such Confidential Information from disclosure to others, using the same degree of care used to protect its own confidential or proprietary information of like importance, but in any case, using no less than a reasonable degree of care.

12.3. Recipient may disclose Confidential Information received hereunder to (a) its affiliates, (b) Recipient's employees and independent contractors, and (c) Recipient's affiliate's employees and independent contractors, and who in all of the foregoing cases have a need to know such information and are bound to protect the received Confidential Information from unauthorized use and disclosure under terms no less restrictive than those contained in this Agreement. Confidential Information shall not otherwise be

Docusign Envelope ID: 1DF12103-5EDB-8F14-80DE-ACD6234A55E5

Docusign Envelope ID: 98341FEB-EF06-4D25-8D4E-1D75DDAC1741

disclosed by Recipient to any third Party without the prior written consent of the Discloser.

12.4. The restrictions herein on the use and disclosure of Confidential Information shall not apply to information that: (i) was publicly known at the time of Discloser's communication thereof to Recipient or becomes publicly known through no fault of Recipient subsequent to the time of such communication; (ii) was in Recipient's possession free of any obligation of confidence at the time of Discloser's communication to Recipient; (iii) is developed by Recipient independently of and without reference to any of Discloser's Confidential Information or other information that Discloser disclosed in confidence to any third Party; (iv) is rightfully obtained by Recipient from third Parties authorized to make such disclosure without restriction; (v) is identified in writing by the Discloser as no longer proprietary or confidential.

12.5. In the event Recipient is required by law, regulation, or court order to disclose any of Discloser's Confidential Information, Recipient will promptly notify Discloser in writing prior to making any such disclosure and shall reasonably cooperate in any efforts of Discloser to seek a protective order or other appropriate remedy from, the proper authority. If Discloser is not successful in precluding the requested disclosure, Recipient will furnish only that portion of the Confidential Information that is legally required and will exercise reasonable commercial efforts to obtain reliable assurances that confidential treatment will be accorded the Confidential Information.

12.6. All Confidential Information disclosed under this Agreement (including information in computer software or held in electronic storage media) shall be and remain the property of Discloser or its licensors. All such information in any computer memory or data storage apparatus shall be erased or destroyed, and all such information in tangible form in the possession or under the control of the Recipient shall, at the discretion of the Discloser, either be destroyed or returned to the Discloser promptly upon the earlier of: (i) the written request of the Discloser or (ii) termination or expiration of this Agreement, and in either of such events and to the applicable extent shall not thereafter be retained in any form by or through Recipient unless otherwise expressly permitted hereunder.

12.7. The Parties' obligations and rights with regard to Confidential Information shall remain in effect for a period of three (3) years from the termination of this Agreement, except that the Parties' obligations with respect to trade secrets shall continue for so long as such Confidential Information remains a trade secret under applicable law.

12.8. The Parties agree that any violation or threatened violation of this Section 13 could cause irreparable injury to Discloser, for which the Discloser may not have an adequate remedy at law, and that the Discloser shall be entitled, in addition to any other rights and remedies it may have, at law or in equity, to seek an injunction to restrain Recipient from violating or continuing to violate, such covenants and agreements.

13. INDEMNIFICATION. Client shall indemnify and hold DataCapable and its affiliates and their respective trustees, directors, officers, employees, agents, representatives, successors

and assigns (each, an "Indemnified Party") harmless from and against any loss, liability,

damage or expense arising from or relating to a claim, suit or proceeding brought against an Indemnified Party and any liability arising from Client's misuse or mismanagement of the Deliverables, Client's breach of this Agreement or Client's infringement of the intellectual property or other rights of any third party. Nothing in this Agreement is intended to waive the sovereign immunity protections provided to Client pursuant to Florida Statute 768.28.

Initial LB

14. GENERAL.

14.1. Governing Law and Construction. This Agreement will be governed by and construed in accordance with the laws of the State of Delaware

14.2. are, without regard to the principles of conflicts of law. The language of this Agreement shall be deemed to be the result of negotiation among the Parties and their respective counsel and shall not be construed strictly for or against any Party.

14.3. Severability. Should any part of this Agreement for any reason be declared invalid, such decision shall not affect the validity of any remaining provisions, which remaining provisions shall remain in full force and effect as if this Agreement had been executed with the invalid portion thereof eliminated, and it is hereby declared the intention of the Parties that they would have executed the remaining portion of this Agreement without including any such part, parts, or portions which may, for any reason, be hereafter declared invalid. Any provision shall nevertheless remain in full force and effect in all other circumstances.

14.4. Amendments. No amendment or modification of this Agreement will be deemed effective unless made in writing signed by Client and DataCapable.

14.5. No Waiver. No term or condition of this Agreement will be deemed to have been waived nor will there be any estoppel to enforce any provisions of this Agreement, except by a statement in writing signed by the Party against whom enforcement of the waiver or estoppel is sought. Any written waiver will not be deemed a continuing waiver unless specifically stated, will operate only as to the specific term or condition waived, and will not constitute a waiver of such term or condition for the future or as to any act other than that specifically waived.

14.6. Independent Contractor. The relationship of the Parties to each other under this Agreement shall be that of independent contractors, and nothing contained herein shall be construed to constitute, create, or in any way be interpreted as, a joint venture, partnership, or business organization of any kind. Additionally, under no circumstances shall the employees, agents or subcontractors of DataCapable be considered employees or agents of Client.

14.7. Notices. All notices or other communications hereunder shall be in writing, sent by courier or the fastest possible means, provided that recipient receives a manually signed copy and the transmission method is scheduled to deliver within 48 hours, and shall be deemed given when delivered to the address first set forth above or such other address as may be specified in a written notice in accordance with this Section 14.6.

14.8. Assignment. The Agreement is not assignable or transferable by Client without prior

written consent of DataCapable, which consent shall not be unreasonably withheld or delayed. This Agreement is not assignable or transferable by DataCapable without the prior written consent of Client, which consent shall not be unreasonably withheld or delayed. Any attempted assignment or transfer in contravention hereof shall be null and void. Notwithstanding the foregoing, either Party may assign its rights and obligations under this Agreement in the event of a merger, acquisition, sale of all or substantially all of its assets, or similar transaction resulting in a change of control.

14.9. Section Headings. Title and headings of sections of this Agreement are for convenience of reference only and shall not affect the construction of any provision of this Agreement.

14.10. Representations; Counterparts. Each person executing this Agreement on behalf of a Party hereto represents and warrants that such person is duly and validly authorized to do so on behalf of such Party, with full right and authority to execute this Agreement and to bind such Party with respect to all of its obligations hereunder. This Agreement may be executed in two or more counterparts, and it is not necessary that signatures of all Parties appear on the same counterpart, but such counterparts together will constitute a single binding agreement between and among all Parties hereto. Executed counterparts may be delivered via facsimile, electronic mail or other similar transmission method, and any executed counterpart so delivered shall be valid and effective for all purposes.

14.11. Cooperation. Client will cooperate with DataCapable in taking actions and executing documents, as appropriate, to achieve the objectives of this Agreement. Client agrees that DataCapable's performance is dependent on Client's timely and effective cooperation with DataCapable. Such cooperation is considered an Assumption underlying DataCapable's projections of costs and timing, and related quotes. Accordingly, Client acknowledges that any unreasonable delay by Client in excess of five (5) business days, will, at DataCapable's option, either (i) extend the applicable DataCapable scheduled delivery deadline by the length of such delay or (ii) permit DataCapable to invoice Client for additional charges incurred to meet the scheduled delivery deadline (e.g., Hourly Rates of employees not previously assigned in the SOW).

14.12. Entire Agreement; Survival. This Agreement, including any Exhibits and Schedules, states the entire Agreement between the Parties and supersedes all previous contracts, proposals, oral or written, and all other communications between the Parties respecting the subject matter hereof, and supersedes any and all prior understandings, representations, warranties, agreements or contracts (whether oral or written) between Client and DataCapable respecting the subject matter hereof. This Agreement may only be amended by an agreement in writing executed by the Parties hereto. Sections 6, 7, 8, 9, 10, 11, 12, 13, 14 and 15, as well as any other provisions who survival is necessary to give proper effect to their respective terms, shall survive the termination of this Agreement.

14.13. Force Majeure. DataCapable shall not be responsible for delays or failures (including any delay by DataCapable to make progress in the prosecution of any Services) if such

restricted to, acts of God or of the public enemy, fires, floods, epidemics, pandemics, riots, quarantine restrictions, strikes, freight embargoes, earthquakes, tariffs, electrical outages, computer or communications failures, and severe weather, and acts or omissions of subcontractors or third parties.

14.14. Conflict. In the case of any conflict between the terms of this Agreement, the terms of a PO and the terms of a SOW, the terms of the SOW shall control. In the case of any conflict between the terms of this Agreement and the terms of a PO, the terms of a PO shall control.

14.15. Publicity. DataCapable may (i) issue a press release or other public announcement, whether written or oral, related to this Agreement, (ii) use Client's name, logo, or describe the service provider and customer relationship outlined in this Agreement in general marketing promotions, including but not limited to, testimonials, case studies, speaking abstracts, website copy, collateral, and solution descriptions. Client hereby grants DataCapable a nonexclusive, worldwide, royalty-free license to use Client's name, logo, and describe the service provider and customer relationship on its website and in general marketing promotions as outlined above, and no prior consent of Client is required in such case. DataCapable will not share any sensitive business data without Client's express permission.

14.16. No Third-Party Beneficiaries. Nothing in this Agreement, express or implied, is intended to or will confer upon any other person any right, benefit or remedy of any nature whatsoever under or by reason of this Agreement.

15. DISPUTE RESOLUTION. The Parties deem it to be in their respective best interests to settle any dispute as expeditiously and economically as possible. Therefore, the Parties expressly agree to submit any dispute between them arising out of or relating to this Agreement ("Dispute") to Mediation (as defined below) and, if Mediation does not resolve the Dispute, the Parties shall agree to submit their disputes to binding arbitration, as set forth below. The Parties thus expressly waive any rights they may have to trial by jury with respect to such Dispute. The dispute resolution proceedings shall be conducted in Dallas, Texas, in the English language. The Parties agree to use the following procedure in good faith to resolve any Dispute.

15.1. A meeting (in person or by phone) shall be held among the Parties within ten (10) business days after any Party gives written notice of the Dispute to the other Party (the "Dispute Notice") attended by a representative of each Party having decision-making authority regarding the Dispute (subject to board of directors or equivalent approval, if required), to attempt in good faith to negotiate a resolution of the Dispute.

15.2. If, within thirty (30) calendar days after the Dispute Notice, the Parties have not succeeded in negotiating a written resolution of the Dispute, upon written request by any Party to the other Party all Parties shall promptly negotiate in good faith to jointly appoint a mutually acceptable neutral person not affiliated with any of the Parties (the "Neutral"). If all Parties so agree in writing, a panel of two or more individuals (such

shall seek assistance in such regard from the American Arbitration Association (the "AAA") if they have been unable to agree upon such appointment within forty (40) days after the Dispute Notice. The fees and costs of the Neutral and of any such assistance shall be shared equally among the Parties.

15.3. In consultation with the Neutral, the Parties shall negotiate in good faith to select or devise a nonbinding alternative dispute resolution procedure ("Mediation") by which they shall attempt to resolve the Dispute, and a time and place for the Mediation to be held, with the Neutral (at the written request of any Party to each other Party) making the decision as to the procedure if the Parties have been unable to agree on any of such matters in writing within ten (10) days after selection of the Neutral.

15.4. The Parties agree to participate in good faith in the Mediation to its conclusion; provided, however, that no Party shall be obligated to continue to participate in the Mediation if the Parties have not resolved the Dispute in writing within one hundred twenty (120) days after the Dispute Notice and any Party shall have terminated the Mediation by delivery of written notice of termination to each other Party following expiration of said 120-day period. Following any such termination notice after selection of the Neutral, and if any Party so requests in writing to the Neutral (with a copy to each other Party), then the Neutral shall make a recommended resolution of the Dispute in writing to each Party, which recommendation shall not be binding upon the Parties; provided, however, that the Parties shall give good faith consideration to the settlement of the Dispute on the basis of such recommendation, and if the Parties are unable to resolve the Dispute on the basis of such recommendation, then at the election of either Party the Dispute shall be submitted to binding arbitration as provided below. In the event of binding arbitration, the Party seeking further resolution shall pay the reasonable attorneys' fees, costs and other expenses (including expert witness fees) of the other incurred in connection with the pursuit of (and defense against) such arbitration, if the result thereof is less favorable to the Party pursuing the arbitration than the recommendation of the Neutral.

15.5. Subject to the foregoing, a Party may seek binding arbitration of an unresolved Dispute in Dallas, Texas in accordance with the Rules of the AAA governing commercial transactions. The arbitration will be conducted by a single arbitrator. If the Parties fail to agree on the arbitrator within twenty (20) days, the office the AAA in Dallas, Texas shall make the necessary appointment of an arbitrator. In connection with any Arbitration, the Parties shall be entitled to all discovery rights as provided for in the United States Federal Rules of Civil Procedure and each Party shall be entitled to apply to any court of competent jurisdiction for an order enforcing any discovery request authorized under the Federal Rules of Civil Procedure. THE PARTIES HEREBY EXPRESSLY WAIVE ANY RIGHTS THEY MAY HAVE TO TRIAL BY JURY WITH RESPECT TO ANY DISPUTE SUBJECT TO ARBITRATION PURSUANT TO THIS SECTION 15. After due consideration of all of the evidence submitted by the Parties, in accordance with the applicable procedural rules governing the arbitration proceedings, the arbitrator shall issue its decision and award. The decision and award of the arbitrator in any arbitration proceeding shall (i) be in writing, stating the grounds for the decision

in reasonable detail, specifying findings of fact and conclusions of law; (ii) be based

solely on the terms and conditions of this Agreement, as interpreted under the laws of the state of Delaware; and (iii) shall be final and binding upon the Parties. Judgment upon such decision and award may be entered in any competent court or application may be made to any competent court for judicial acceptance of such decision and award and an order of enforcement.

15.6. At the reasonable request of either Party, the mediator or arbitration tribunal shall adopt rules and procedures designed to expedite the dispute resolution process.

15.7. Notwithstanding anything herein to the contrary, nothing in this Section 15 shall preclude any Party from seeking interim or provisional relief, in the form of a temporary restraining order, preliminary injunction, or other interim equitable relief concerning the Dispute, either prior to or during any of the negotiations or proceedings set forth in this Section 15, if deemed necessary by a Party, in its discretion, to protect the interests of such Party. Bringing or defending an action for such relief shall not constitute a waiver of the right or avoid the obligation to arbitrate contained in this Agreement. Further, this Section 15 shall be specifically enforceable.

15.8. Except as otherwise provided for in this Agreement, each Party shall bear its own attorney's fees, costs, and expenses arising out of any dispute regarding this Agreement, regardless of whether a Party is declared to be a prevailing Party or is otherwise entitled to an award of such fees, costs, and expenses under applicable law.

[*Signature blocks appear on the following page.*]

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement as of the day and year written below.

CONTRACT# ELE/260350

EXHIBIT A – STATEMENT OF WORK #1

1. Parties and Purpose

This Statement of Work ("SOW"), including Schedule 1 attached, is entered into by and between DataCapable, Inc., a Delaware corporation with offices at 2093 Philadelphia Pike #4846, Claymont, DE 19703 ("DataCapable") and Ocala Electric Utilities, located at 201 SE 3rd St, Ocala, FL 34471 ("Client").

This SOW is issued pursuant to the Master Services Agreement ("MSA") between DataCapable and Client, and describes the scope of software licensing, professional services, and implementation work to be provided. Capitalized terms not defined in this SOW shall have the meanings ascribed to them in the MSA.

2. Software Products

Client has selected the following software product(s) as part of this engagement (check all that apply):

X Outage Map
☐ Community Portal
☐ Threat Detector

Each product includes cloud hosting, software updates, and support as outlined in the proposal quote during the subscription term. Additional modules or features may be included per the attached proposal.

3. Term

The term of this SOW shall begin on the License Start Date specified in the attached Proposal and Pricing (Schedule 1) and shall continue for a period of one (1) year, unless terminated in accordance with the Master Services Agreement. This SOW shall automatically renew for successive one (1) year periods unless either party provides at least ninety (90) days' written notice of non-renewal prior to the end of the then-current term. Renewal fees shall increase by five percent (2%) unless otherwise agreed in writing.

4. Scope of Work and Deliverables

DataCapable will provide professional services and implementation work necessary to configure and deliver the selected product(s) in accordance with Client's requirements. The scope, milestones, timeline, and deliverables for the project are defined in the attached Schedule 1: Proposal and Pricing.

5. Responsibilities
As more fully set forth in Section 14.10 of the MSA, Customer agrees to provide timely access to necessary personnel, data, and technical environments to support implementation. Any

Docusign Envelope ID: 1DF12103-5EDB-8F14-80DE-ACD6234A55E5

Docusign Envelope ID: 98341FEB-EF06-4D25-8D4E-1D75DDAC1741

CONTRACT# ELE/260350

changes to scope or responsibilities must be mutually agreed upon in a written Change Order as set forth in Exhibit B.

6. Acceptance Criteria

See Section 4 of MSA

7. Fees and Payment

All pricing, payment schedules, and applicable taxes are specified in the attached Schedule 1: Proposal and Pricing. Fees are due in accordance with the payment terms set forth therein. Customer acknowledges that payment obligations commence upon delivery of access credentials, and are not contingent upon completion of integration with third-party systems.

8. Change Management

Any changes to scope, schedule, or pricing shall be documented in a written Change Order as set forth in Exhibit B signed by both parties. No changes are valid unless documented in such form.

9. Incorporation of Master Services Agreement

This SOW is governed by the terms of the Master Services Agreement between the Parties. In case of a conflict, the SOW shall prevail solely with respect to scope, deliverables, or pricing. All other terms are controlled by the MSA.

10. Acceptance and Signature

IN WITNESS WHEREOF, the parties have executed this Statement of Work as of the date written below.

DataCapable, Inc.	Client: City of Ocala
Signed by: By: Lucas Baerg [illegible] Name: Lucas Baerg Title: CFO Date: 2/19/2026	Signed by: By: Janice Mitchell [illegible] Name: Janice Mitchell Title: CFO Date: 2/10/2026

Schedule 1: Proposal and Pricing

The attached proposal and pricing document, dated December 4, 2025 is incorporated into this SOW by reference. It includes:

- Selected software modules
- Pricing and payment terms
- Implementation timelines and milestones
- Custom feature requests (if any)
- Support and maintenance details

Pricing Summary

Item	Description	Amount(USD)
Software License	Outage and Event Map platform license	**$22,175.01**

Electronic Record and Signature Disclosure

Electronic Record and Signature Disclosure created on: 2/22/2023 11:31:05 AM
Parties agreed to: William E. Sexton, Esq., Janice Mitchell, Lucas Baerg

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Docusign Envelope ID: 1DF12103-5EDB-8F14-80DE-ACD6234A55E5

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

Docusign Envelope ID: 1DF12103-5EDB-8F14-80DE-ACD6234A55E5

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

AGREEMENT FOR ARTWORK LOAN AND DISPLAY

THIS AGREEMENT FOR ARTWORK LOAN AND DISPLAY ("Agreement") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City"), and **LINDA BOURASSA** ("Artist").

WHEREAS, City is a municipality which regularly utilizes its public spaces to provide exhibit space to local and regional artists for the benefit, use, and enjoyment of its citizens and visitors; and

WHEREAS, Artist is the creator and exclusive owner of certain artwork identified and set forth in the attached **Exhibit A - Artwork** (the "Artwork") and all intellectual property rights therein; and

WHEREAS, Artist desires to loan the Artwork to City for public display and potential sale; and

WHEREAS, City agrees to display the Artwork in certain of its public spaces as set forth herein for the term of this Agreement for the benefit, use, and enjoyment of its citizens and visitors (hereinafter referred to as the "Exhibition").

NOW THEREFORE, in consideration of the matters set forth above (which are incorporated herein by reference), the exchange of the mutual promises set forth herein, and other good and valuable consideration, receipt of which is hereby acknowledged, the parties hereto agree as follows:

1. **RECITALS**. City and Artist hereby represent and warrant that the Recitals set forth above are true and correct.
2. **LOAN, USE, CREDIT, AND SALE OF ARTWORK.** Artist grants to City a loan of the Artwork for public display during the City of Ocala's **THROUGH THE LOOKING GLASS**, at the **EIGHTH AVENUE ADULT ACTIVITY CENTER** located at **830 NE EIGHTH AVE, OCALA FL, 34470** from **JUNE 15, 2026** through **DECEMBER 16, 2026**.
   A. **Licensed Use.** Artist shall retain all copyrights and other intellectual property rights to the Artwork. Artist hereby expressly grants to City:
      (i) the right to display the Artwork in its public spaces; and
      (ii) an irrevocable right to photograph or film images of the Artwork and use such photographs and film for reproduction in publications now known or later developed by City or for educational, publicity or promotional purposes, provided that such use shall not be for commercial purposes. This grant shall survive the termination of this Agreement.
   B. **Artistic Credit.** City may display with the Artwork information identifying Artist as the creator of the Artwork ("Artistic Credit"). Artist shall be responsible for providing City with Artistic Credit information at the time that the Artwork is transferred to City.
   C. **City's Right to Refuse Artwork**. Artist acknowledges and agrees that City has the right to refuse to exhibit any piece of the Artwork in the City's sole discretion at any time and for any reason including, without limitation, available space, relevance, and content.
   D. **Sale of Artwork.** For any Artwork that has been selected by Artist to be for sale at the Exhibition, City shall include with its display of the Artistic Credit for the Artwork contact information for those persons interested in purchasing the Artwork. All sales and related negotiations for the Artwork shall be the sole responsibility of Artist. Any artwork sold during the Exhibition must remain on-site for the duration of the term of this Agreement, or any subsequent renewal term, unless authorized by City or its authorized representative. Artist shall pay to the City **THIRTY PERCENT (30%)** of the gross receipts generated from Artwork sales during the term of this agreement. City shall have the right to audit or to authorize audits of Artist's books, records, and accounts relevant to its obligations under this Agreement. If any audit performed by City discloses an under-reporting of gross receipts, Artist shall pay to City any amounts due under this Agreement within **FIFTEEN (15)** calendar days of written notice by City.

Docusign Envelope ID: 7045F27E-761C-86B4-815F-55F95F67D110

3. **LOAN PERIOD, RENEWAL AND TERMINATION.** The Artwork Loan Period ("Loan Period") shall begin on **JUNE 15, 2026** and shall end on **DECEMBER 16, 2026**, unless otherwise renewed or terminated pursuant to this Agreement.
   A. **Renewal**. The Loan Period may be renewed or extended upon the written consent of both parties, which shall specify the length of the term and any additional consideration exchanged during such renewal.
   B. **Termination**. City reserves the right to terminate this Agreement in whole or in part at any time for the convenience of City without penalty or recourse. City shall provide written notice of the termination to Artist and coordinate arrangements for the removal of the Artwork.
4. **TRANSFER, INSTALLATION, CARE, AND REMOVAL OF ARTWORK.** Artist shall deliver, or cause to be delivered, the Artwork to City on or before **JUNE 15, 2026**. Artist shall retrieve the Artwork, or cause the artwork to be retrieved, from City no earlier than **DECEMBER 16, 2026**, unless otherwise agreed to by the parties.
   A. **Delivery of Artwork**: City shall take possession of the Artwork at **EIGHTH AVENUE ADULT ACTIVITY CENTER,** located at **830 NE EIGHTH AVE, OCALA FL, 34470**; or at such other City property or City website that the City deems appropriate from time to time. All costs incurred in connection with the delivery and/or shipment of the Artwork from the Artist to the City shall be borne by Artist. City has the right to relocate the Artwork to other City-owned sites during the Loan Period. City shall provide reasonable notice to Artist of its intent to relocate the Artwork, however, City's decision regarding relocation of the Artwork is final and may occur at any time.
   B. **Condition of Artwork Upon Transfer to City**: The City reserves the right to inspect and document the condition of the Artwork upon its transfer to the City. City will share any such documentation with Artist upon Artist's request. The City has the right to refuse to exhibit any piece of the Artwork as outlined in Paragraph 2(C) above. The absence of any notation in this Agreement as to the condition of the Artwork at the time it is received by City shall not be construed to mean that the Artwork was in good condition upon receipt.
   C. **Installation and De-Installation of Artwork**: Prior to installation, Artist shall assume all risk of loss or damage to the Artwork and shall take such measures as are reasonably necessary to protect the Artwork from loss or damage. City shall supervise the installation and de-installation of the Artwork while the Artwork is in the possession of City. Artist agrees to take all actions reasonably necessary to facilitate the City's timely, safe, and cost-effective installation and de-installation of the Artwork.
   D. **Surrender and Removal of Artwork**: The Artwork shall be returned or released to Artist or Artist's authorized representative. All costs incurred in connection with the delivery and/or shipment of the Artwork from the City to the Artist shall be borne by the Artist. City reserves the right to request the immediate removal of the Artwork from City's public spaces at any time by sending written notice to Artist.
   E. **Abandonment of Artwork:** Artist's failure to remove the Artwork within **SIXTY (60)** days after the expiration of this Agreement, or after otherwise being provided with written request from City for immediate removal of the Artwork, such Artwork shall be deemed to be abandoned and shall become property of City and City shall have the right to dispose of the Artwork and any other items related thereto in any manner deemed appropriate in the sole discretion of the City. Under no circumstances shall City be obligated to ship or otherwise transport the Artwork.
5. **CONSIDERATION** Artist acknowledges and agrees that as consideration for the services rendered by Artist under this Agreement, the City shall provide Artist with the opportunity to exhibit and market the Artwork in a public forum, thereby increasing Artist's recognition and likelihood of selling

Docusign Envelope ID: 7045F27E-761C-86B4-815F-55F95F67D110

the Artwork. City shall not otherwise compensate Artist for use of the Artwork pursuant to this Agreement or reimburse Artist for any expenses incurred in providing the Artwork.

6. **ARTIST'S WARRANTIES AND REPRESENTATIONS**. Artist warrants and represents as follows:
   A. Artist is the sole owner of and has full legal title to all objects that constitute the Artwork under this Agreement;
   B. Artist has full authority and power to enter into and perform this Agreement and to make the grant of rights contained in this Agreement;
   C. The installation and removal of the Artwork will not unacceptably damage or alter the Artwork;
   D. The total value of the Artwork is in the amounts noted on the attached **Exhibit A - Artwork**.
   E. Nothing in the Artwork defames any person or entity, infringes upon any copyright, or otherwise violates the rights of any third party.
7. **ASSIGNMENT.** Neither party may assign this Agreement or the rights and obligations thereunder to any third party without the prior express written approval of the other party, which shall not be unreasonably withheld.
8. **SEVERABILITY OF ILLEGAL PROVISIONS.** Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the applicable law. Should any portion of this Agreement be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Agreement.
9. **INDEMNIFICATION.** Artist shall indemnify and hold harmless City and its elected officials, employees and volunteers against any and all damages, claims, losses, costs, and expenses, including reasonable attorneys' fees, which City may sustain or which may be asserted against City or its elected officials, employees, and volunteers arising out of the activities contemplated by this Agreement including, without limitation, any action, claim, suit, or liability based on a claim that work performed under this Agreement by Artist, or Artist's agents or subcontractors, constitutes an infringement of any patent, copyright, trademark, trade name, or other proprietary right of any kind. This Section shall survive the termination or other expiration of this Agreement. Artist shall advise City, in writing, within **TWENTY-FOUR (24)** hours of any known claim or demand made against the City or Artist relating to or arising out of Artist's activities under this Agreement.
10. **MAINTENANCE OR REPAIR OF ARTWORK.** City agrees to ensure that the Artwork will be maintained and protected to the extent practical. Except as otherwise set forth herein, Artist shall be solely responsible for any and all repair of the Artwork during its Exhibition including, but not limited to, repairs necessitated by damage, fabrication defects, or reasonable wear and tear due to the Artwork being displayed in a public location. In the event of such damage to the Artwork, City shall provide reasonable notice to Artist of the occurrence. Artist shall supply City with written maintenance instructions for the Artwork as applicable. City can perform routine or preventative maintenance of the Artwork during the loan period. And City may de-install and surrender possession of the Artwork to Artist pursuant to Paragraph 4, above
11. **RISK OF LOSS DURING LOAN PERIOD.** Except as otherwise stated herein, upon acceptance of the Artwork by City, the risk of loss to the Artwork during the Loan Period shall be borne by the City.
    A. City shall list the Artwork on its schedule of insured property for which it is self-insured and on any property and casualty insurance purchased by the City for the benefit and protection of Artist in the event the Artwork is damaged or destroyed by an act which would be an insurable risk under either the City's self-insurance and/or purchased insurance protections, consistent

Docusign Envelope ID: 7045F27E-761C-86B4-815F-55F95F67D110

with the City's legal ability to do so in accordance with the requirements and restrictions of Florida Statute § 768.28.

B. During the Loan Period, the City shall insure the Artwork against damage or loss in an amount equal to the lesser of: (a) the amounts set forth in **Exhibit A - Artwork**; or (b) $15,000.00. The amounts set forth in **Exhibit A – Artwork** are the Artist's estimate of fair market value and does not preclude the City from later disputing the claimed fair market value.

C. The City's obligation to provide insurance for the Artwork is solely for the duration of the Loan Period and only while the Artwork is in the possession and control of City. City shall have no liability for damage or destruction that may occur during transportation to or from the City, during installation, or during removal.

12. **NO WAIVER OF SOVEREIGN IMMUNITY.** Nothing herein is intended to waive sovereign immunity by the City to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

13. **NOTICES.** All notices, certifications or communications required by this Agreement shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by email. All notices shall be addressed to the respective parties as follows:

If to Artist:	Linda Bourassa 1056 Russell Loop The Villages, FL 32162 Phone: 901-335-0197 E-mail: linda@bourassa-art.com
If to City of Ocala:	Daphne M. Robinson, Esq. Contracting Officer City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-629-8343 Email: notices@ocalafl.gov
Copy to:	William E. Sexton, Esq., City Attorney City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, FL 34471 Phone: 352-401-3972 E-Mail: cityattorney@ocalafl.gov

14. **ACCESS TO FACILITIES**. City shall provide Artist with access to all City facilities as is reasonably necessary for Artist to perform its obligations under this Agreement.

15. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.

Docusign Envelope ID: 7045F27E-761C-86B4-815F-55F95F67D110

16. **JURISDICTION AND VENUE.** The parties acknowledge that a majority of the negotiations, anticipated performance and execution of this Agreement occurred or shall occur in Marion County, Florida. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought only in the courts of record of the State of Florida in Marion County or the United States District Court, Middle District of Florida, Ocala Division. Each party consents to the exclusive jurisdiction of such court in any such civil action or legal proceeding and waives any objection to the laying of venue of any such civil action or legal proceeding in such court and/or the right to bring an action or proceeding in any other court. Service of any court paper may be effected on such party by mail, as provided in this Agreement, or in such other manner as may be provided under applicable laws, rules of procedures or local rules.
17. **JURY WAIVER.** IN ANY CIVIL ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF, CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY ANY OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.
18. **ATTORNEY'S FEES.** If any legal action or other proceeding (including, without limitation, appeals or bankruptcy proceedings) whether at law or in equity, which: arises out of, concerns, or relates to this Agreement, any and all transactions contemplated hereunder, the performance hereof, or the relationship created hereby; or is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provisions of this Agreement, the successful or prevailing party or parties shall be entitled to recover reasonable attorney's fees, court costs and all expenses even if not taxable as court costs, incurred in that action or proceeding, in addition to any other relief to which such party or parties may be entitled.
19. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all whom shall be bound by the provisions hereof.
20. **SECTION HEADINGS.** The section headings herein are included for convenience only and shall not be deemed to be a part of this Agreement.
21. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or because of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.

Docusign Envelope ID: 7045F27E-761C-86B4-815F-55F95F67D110

22. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both parties to this Agreement.
23. **COUNTERPARTS.** This Agreement may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.
24. **ELECTRONIC SIGNATURE(S).** Artist, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.
25. **ENTIRE AGREEMENT.** This Agreement, including exhibits, (if any) constitutes the entire Agreement between the parties hereto with respect to the subject matter hereof. There are no other representations, warranties, promises, agreements or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. No course of prior dealings between the parties and no usage of trade shall be relevant or admissible to supplement, explain, or vary any of the terms of this Agreement. No representations, understandings, or agreements have been made or relied upon in the making of this Agreement other than those specifically set forth herein. This Agreement supersedes any previous agreements for the Artwork referenced herein.
26. **LEGAL AUTHORITY**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement on 5/18/2026.

VENDOR'S ACKNOWLEDGEMENT AND AGREEMENT IN EXCHANGE FOR WAIVER OF INSURANCE REQUIREMENTS

THIS ACKNOWLEDGEMENT AND AGREEMENT is made by:

LINDA BOURASSA

VENDOR NAME

1056 Russell Loop, The Villages, FL 32162

VENDOR STREET ADDRESS, CITY, STATE, ZIP CODE

VENDOR acknowledges and understands that prior to commencement of an Agreement with the City of Ocala (the "City") and until completion of all obligations under said agreement, all vendors desiring to provide services to the City or to hold special events on City property are required to procure and maintain, for the life of said Agreement, the following types and limitations of liability insurance:

- **Commercial General Liability Insurance** identifying the City, a political subdivision of the State of Florida, and its officials, employees, and volunteers as additional insureds with an endorsement equal or broader to CG 20 26 04 13 from and against all claims, demands, causes of action, expenses, costs, or liability for injury to or death of persons or damage to or loss of property arising out of or in any manner connected with the Vendor's services or event in the amounts of not less than ONE MILLION DOLLARS ($1,000,000.00) PER OCCURRENCE and TWO MILLION DOLLARS ($2,000,000.00) general aggregate.

VENDOR acknowledges and understands that **unless** CITY provides a written waiver of the insurance requirements, the failure of VENDOR to obtain and maintain the required insurance shall constitute a breach of contract.

By signing below, VENDOR intends for this document to serve as its written request for waiver of the foregoing insurance requirements for the following special event to occur on June 15 – Dec. 16, 2026 (IDENTIFY DATE HERE): EVENT DESCRIPTION:

Bourassa Art Show "Through The Looking Glass"

In exchange for and acceptance of CITY's waiver of the foregoing insurance requirements, VENDOR, including its successors and assigns, does hereby covenant and agree to indemnify, hold harmless, and defend the City of Ocala and its elected officials, employees, and volunteers from and against any and all claims, actions, liability, loss, damage, injury, death, or expense of any and every kind which may accrue or be suffered by any person, partnership, or other entity of any kind, in whole or in part from the intentional or negligent acts or omissions of VENDOR or its employees, agents, subcontractors, successors, or assigns. In the event that any suit or action is brought against CITY, its elected officials, employees, or volunteers for any of the claims described herein, VENDOR, its successors and assigns shall defend the suit or action at VENDOR'S sole cost and expense and shall fully satisfy any judgment that is rendered against CITY, its elected officials, employees, or volunteers, or any combination thereof.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: 7D40C781-A39C-8818-83FC-F69FDC900339

AGREEMENT FOR ARTWORK LOAN AND DISPLAY

THIS AGREEMENT FOR ARTWORK LOAN AND DISPLAY ("Agreement") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City"), and **PATRICIA TOMLINSON** ("Artist").

WHEREAS, City is a municipality which regularly utilizes its public spaces to provide exhibit space to local and regional artists for the benefit, use, and enjoyment of its citizens and visitors; and

WHEREAS, Artist is the creator and exclusive owner of certain artwork identified and set forth in the attached **Exhibit A - Artwork** (the "Artwork") and all intellectual property rights therein; and

WHEREAS, Artist desires to loan the Artwork to City for public display and potential sale; and

WHEREAS, City agrees to display the Artwork in certain of its public spaces as set forth herein for the term of this Agreement for the benefit, use, and enjoyment of its citizens and visitors (hereinafter referred to as the "Exhibition").

NOW THEREFORE, in consideration of the matters set forth above (which are incorporated herein by reference), the exchange of the mutual promises set forth herein, and other good and valuable consideration, receipt of which is hereby acknowledged, the parties hereto agree as follows:

1. **RECITALS**. City and Artist hereby represent and warrant that the Recitals set forth above are true and correct.

2. **LOAN, USE, CREDIT, AND SALE OF ARTWORK.** Artist grants to City a loan of the Artwork for public display during the City of Ocala's **CREATIVE VOICES**, at **MARY SUE RICH COMMUNITY CENTER** located at **1821 NW 21ST AVENUE, OCALA FL, 34475** from **JUNE 16, 2026,** through **DECEMBER 17, 2026**.

   A. **Licensed Use.** Artist shall retain all copyrights and other intellectual property rights to the Artwork. Artist hereby expressly grants to City:

      (i) the right to display the Artwork in its public spaces; and

      (ii) an irrevocable right to photograph or film images of the Artwork and use such photographs and film for reproduction in publications now known or later developed by City or for educational, publicity or promotional purposes, provided that such use shall not be for commercial purposes. This grant shall survive the termination of this Agreement.

   B. **Artistic Credit.** City may display with the Artwork information identifying Artist as the creator of the Artwork ("Artistic Credit"). Artist shall be responsible for providing City with Artistic Credit information at the time that the Artwork is transferred to City.

   C. **City's Right to Refuse Artwork**. Artist acknowledges and agrees that City has the right to refuse to exhibit any piece of the Artwork in the City's sole discretion at any time and for any reason including, without limitation, available space, relevance, and content.

   D. **Sale of Artwork.** For any Artwork that has been selected by Artist to be for sale at the Exhibition, City shall include with its display of the Artistic Credit for the Artwork contact information for those persons interested in purchasing the Artwork. All sales and related negotiations for the Artwork shall be the sole responsibility of Artist. Any artwork sold during the Exhibition must remain on-site for the duration of the term of this Agreement, or any subsequent renewal term, unless authorized by City or its authorized representative. Artist shall pay to the City **THIRTY PERCENT (30%)** of the gross receipts generated from Artwork sales during the term of this

Docusign Envelope ID: 7D40C781-A39C-8818-83FC-F69FDC900339

agreement. City shall have the right to audit or to authorize audits of Artist's books, records, and accounts relevant to its obligations under this Agreement. If any audit performed by City discloses an under-reporting of gross receipts, Artist shall pay to City any amounts due under this Agreement within **FIFTEEN (15)** calendar days of written notice by City.

3. **LOAN PERIOD, RENEWAL AND TERMINATION.** The Artwork Loan Period ("Loan Period") shall begin on **JUNE 16, 2026,** and shall end on **DECEMBER 17, 2026**, unless otherwise renewed or terminated pursuant to this Agreement.

   A. **Renewal**. The Loan Period may be renewed or extended upon the written consent of both parties, which shall specify the length of the term and any additional consideration exchanged during such renewal.

   B. **Termination**. City reserves the right to terminate this Agreement in whole or in part at any time for the convenience of City without penalty or recourse. City shall provide written notice of the termination to Artist and coordinate arrangements for the removal of the Artwork.

4. **TRANSFER, INSTALLATION, CARE, AND REMOVAL OF ARTWORK.** Artist shall deliver, or cause to be delivered, the Artwork to City on or before **JUNE 16, 2026**. Artist shall retrieve the Artwork, or cause the artwork to be retrieved, from City no earlier than **DECEMBER 17, 2026**, unless otherwise agreed to by the parties.

   A. **Delivery of Artwork**: City shall take possession of the Artwork at **MARY SUE RICH COMMUNITY CENTER,** located at **1821 NW 21ST AVENUE, OCALA FL, 34475**; or at such other City property or City website that the City deems appropriate from time to time. All costs incurred in connection with the delivery and/or shipment of the Artwork from the Artist to the City shall be borne by Artist. City has the right to relocate the Artwork to other City-owned sites during the Loan Period. City shall provide reasonable notice to Artist of its intent to relocate the Artwork, however, City's decision regarding relocation of the Artwork is final and may occur at any time.

   B. **Condition of Artwork Upon Transfer to City**: The City reserves the right to inspect and document the condition of the Artwork upon its transfer to the City. City will share any such documentation with Artist upon Artist's request. The City has the right to refuse to exhibit any piece of the Artwork as outlined in Paragraph 2(C) above. The absence of any notation in this Agreement as to the condition of the Artwork at the time it is received by City shall not be construed to mean that the Artwork was in good condition upon receipt.

   C. **Installation and De-Installation of Artwork**: Prior to installation, Artist shall assume all risk of loss or damage to the Artwork and shall take such measures as are reasonably necessary to protect the Artwork from loss or damage. City shall supervise the installation and de-installation of the Artwork while the Artwork is in the possession of City. Artist agrees to take all actions reasonably necessary to facilitate the City's timely, safe, and cost-effective installation and de-installation of the Artwork.

   D. **Surrender and Removal of Artwork**: The Artwork shall be returned or released to Artist or Artist's authorized representative. All costs incurred in connection with the delivery and/or shipment of the Artwork from the City to the Artist shall be borne by the Artist. City reserves the right to request the immediate removal of the Artwork from City's public spaces at any time by sending written notice to Artist.

Docusign Envelope ID: 7D40C781-A39C-8818-83FC-F69FDC900339

E. **Abandonment of Artwork:** Artist's failure to remove the Artwork within **SIXTY (60)** days after the expiration of this Agreement, or after otherwise being provided with written request from City for immediate removal of the Artwork, such Artwork shall be deemed to be abandoned and shall become property of City and City shall have the right to dispose of the Artwork and any other items related thereto in any manner deemed appropriate in the sole discretion of the City. Under no circumstances shall City be obligated to ship or otherwise transport the Artwork.

5. **CONSIDERATION** Artist acknowledges and agrees that as consideration for the services rendered by Artist under this Agreement, the City shall provide Artist with the opportunity to exhibit and market the Artwork in a public forum, thereby increasing Artist's recognition and likelihood of selling the Artwork. City shall not otherwise compensate Artist for use of the Artwork pursuant to this Agreement or reimburse Artist for any expenses incurred in providing the Artwork.

6. **ARTIST'S WARRANTIES AND REPRESENTATIONS**. Artist warrants and represents as follows:

   A. Artist is the sole owner of and has full legal title to all objects that constitute the Artwork under this Agreement;

   B. Artist has full authority and power to enter into and perform this Agreement and to make the grant of rights contained in this Agreement;

   C. The installation and removal of the Artwork will not unacceptably damage or alter the Artwork;

   D. The total value of the Artwork is in the amounts noted on the attached **Exhibit A - Artwork**.

   E. Nothing in the Artwork defames any person or entity, infringes upon any copyright, or otherwise violates the rights of any third party.

7. **ASSIGNMENT.** Neither party may assign this Agreement or the rights and obligations thereunder to any third party without the prior express written approval of the other party, which shall not be unreasonably withheld.

8. **SEVERABILITY OF ILLEGAL PROVISIONS.** Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the applicable law. Should any portion of this Agreement be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Agreement.

9. **INDEMNIFICATION.** Artist shall indemnify and hold harmless City and its elected officials, employees and volunteers against any and all damages, claims, losses, costs, and expenses, including reasonable attorneys' fees, which City may sustain or which may be asserted against City or its elected officials, employees, and volunteers arising out of the activities contemplated by this Agreement including, without limitation, any action, claim, suit, or liability based on a claim that work performed under this Agreement by Artist, or Artist's agents or subcontractors, constitutes an infringement of any patent, copyright, trademark, trade name, or other proprietary right of any kind. This Section shall survive the termination or other expiration of this Agreement. Artist shall advise City, in writing, within **TWENTY-FOUR (24)** hours of any known claim or demand made against the City or Artist relating to or arising out of Artist's activities under this Agreement.

10. **MAINTENANCE OR REPAIR OF ARTWORK.** City agrees to ensure that the Artwork will be maintained and protected to the extent practical. Except as otherwise set forth herein, Artist shall be solely responsible for any and all repair of the Artwork during its Exhibition including, but not limited to, repairs necessitated by damage, fabrication defects, or reasonable wear and tear due to the Artwork being displayed in a public location. In the event of such damage to the Artwork, City

shall provide reasonable notice to Artist of the occurrence. Artist shall supply City with written maintenance instructions for the Artwork as applicable. City can perform routine or preventative maintenance of the Artwork during the loan period. And City may de-install and surrender possession of the Artwork to Artist pursuant to Paragraph 4, above

11. **RISK OF LOSS DURING LOAN PERIOD.** Except as otherwise stated herein, upon acceptance of the Artwork by City, the risk of loss to the Artwork during the Loan Period shall be borne by the City.

    A. City shall list the Artwork on its schedule of insured property for which it is self-insured and on any property and casualty insurance purchased by the City for the benefit and protection of Artist in the event the Artwork is damaged or destroyed by an act which would be an insurable risk under either the City's self-insurance and/or purchased insurance protections, consistent with the City's legal ability to do so in accordance with the requirements and restrictions of Florida Statute § 768.28.

    B. During the Loan Period, the City shall insure the Artwork against damage or loss in an amount equal to the lesser of: (a) the amounts set forth in **Exhibit A - Artwork**; or (b) $15,000.00. The amounts set forth in **Exhibit A – Artwork** are the Artist's estimate of fair market value and does not preclude the City from later disputing the claimed fair market value.

    C. The City's obligation to provide insurance for the Artwork is solely for the duration of the Loan Period and only while the Artwork is in the possession and control of City. City shall have no liability for damage or destruction that may occur during transportation to or from the City, during installation, or during removal.

12. **NO WAIVER OF SOVEREIGN IMMUNITY.** Nothing herein is intended to waive sovereign immunity by the City to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

13. **NOTICES.** All notices, certifications or communications required by this Agreement shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by email. All notices shall be addressed to the respective parties as follows:

If to Artist:	Patricia Tomlinson 2330 NE 8th Road Ocala, FL 34470 Phone: 352-723-5444 E-mail: ptomlinson@aihocala.org
If to City of Ocala:	Daphne M. Robinson, Esq. Contracting Officer City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-629-8343 Email: notices@ocalafl.gov

City of Ocala
110 SE Watula Avenue, 3rd Floor
Ocala, FL 34471
Phone: 352-401-3972
E-Mail: cityattorney@ocalafl.gov

14. **ACCESS TO FACILITIES**. City shall provide Artist with access to all City facilities as is reasonably necessary for Artist to perform its obligations under this Agreement.

15. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.

16. **JURISDICTION AND VENUE.** The parties acknowledge that a majority of the negotiations, anticipated performance and execution of this Agreement occurred or shall occur in Marion County, Florida. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought only in the courts of record of the State of Florida in Marion County or the United States District Court, Middle District of Florida, Ocala Division. Each party consents to the exclusive jurisdiction of such court in any such civil action or legal proceeding and waives any objection to the laying of venue of any such civil action or legal proceeding in such court and/or the right to bring an action or proceeding in any other court. Service of any court paper may be effected on such party by mail, as provided in this Agreement, or in such other manner as may be provided under applicable laws, rules of procedures or local rules.

17. **JURY WAIVER.** IN ANY CIVIL ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF, CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY ANY OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.

18. **ATTORNEY'S FEES.** If any legal action or other proceeding (including, without limitation, appeals or bankruptcy proceedings) whether at law or in equity, which: arises out of, concerns, or relates to this Agreement, any and all transactions contemplated hereunder, the performance hereof, or the relationship created hereby; or is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provisions of this Agreement, the successful or prevailing party or parties shall be entitled to recover reasonable

Docusign Envelope ID: 7D40C781-A39C-8818-83FC-F69FDC900339

attorney's fees, court costs and all expenses even if not taxable as court costs, incurred in that action or proceeding, in addition to any other relief to which such party or parties may be entitled.

19. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all whom shall be bound by the provisions hereof.
20. **SECTION HEADINGS.** The section headings herein are included for convenience only and shall not be deemed to be a part of this Agreement.
21. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or because of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.
22. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both parties to this Agreement.
23. **COUNTERPARTS.** This Agreement may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.
24. **ELECTRONIC SIGNATURE(S).** Artist, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.
25. **ENTIRE AGREEMENT.** This Agreement, including exhibits, (if any) constitutes the entire Agreement between the parties hereto with respect to the subject matter hereof. There are no other representations, warranties, promises, agreements or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. No course of prior dealings between the parties and no usage of trade shall be relevant or admissible to supplement, explain, or vary any of the terms of this Agreement. No representations, understandings, or agreements have been made or relied upon in the making of this Agreement other than those specifically set forth herein. This Agreement supersedes any previous agreements for the Artwork referenced herein.
26. **LEGAL AUTHORITY**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

VENDOR'S ACKNOWLEDGEMENT AND AGREEMENT IN EXCHANGE FOR WAIVER OF INSURANCE REQUIREMENTS

THIS ACKNOWLEDGEMENT AND AGREEMENT is made by:

Arts in Health Ocala Metro

VENDOR NAME

2330 NE 8th Rd., Ocala, FL 34470

VENDOR STREET ADDRESS, CITY, STATE, ZIP CODE

VENDOR acknowledges and understands that prior to commencement of an Agreement with the City of Ocala (the "City") and until completion of all obligations under said agreement, all vendors desiring to provide services to the City or to hold special events on City property are required to procure and maintain, for the life of said Agreement, the following types and limitations of liability insurance:

- **Commercial General Liability Insurance** identifying the City, a political subdivision of the State of Florida, and its officials, employees, and volunteers as additional insureds with an endorsement equal or broader to CG 20 26 04 13 from and against all claims, demands, causes of action, expenses, costs, or liability for injury to or death of persons or damage to or loss of property arising out of or in any manner connected with the Vendor's services or event in the amounts of not less than ONE MILLION DOLLARS ($1,000,000.00) PER OCCURRENCE and TWO MILLION DOLLARS ($2,000,000.00) general aggregate.

VENDOR acknowledges and understands that **unless** CITY provides a written waiver of the insurance requirements, the failure of VENDOR to obtain and maintain the required insurance shall constitute a breach of contract.

By signing below, VENDOR intends for this document to serve as its written request for waiver of the foregoing insurance requirements for the following special event to occur on 6/16/2026 through 12/17/2026 (IDENTIFY DATE HERE): EVENT DESCRIPTION:

City of Ocala, Art in City Spaces Exhibit at Mary Sue Rich Community Center at Reed Place

In exchange for and acceptance of CITY's waiver of the foregoing insurance requirements, VENDOR, including its successors and assigns, does hereby covenant and agree to indemnify, hold harmless, and defend the City of Ocala and its elected officials, employees, and volunteers from and against any and all claims, actions, liability, loss, damage, injury, death, or expense of any and every kind which may accrue or be suffered by any person, partnership, or other entity of any kind, in whole or in part from the intentional or negligent acts or omissions of VENDOR or its employees, agents, subcontractors, successors, or assigns. In the event that any suit or action is brought against CITY, its elected officials, employees, or volunteers for any of the claims described herein, VENDOR, its successors and assigns shall defend the suit or action at VENDOR'S sole cost and expense and shall fully satisfy any judgment that is rendered against CITY, its elected officials, employees, or volunteers, or any combination thereof.

Docusign Envelope ID: 7D40C781-A39C-8818-83FC-F69FDC900339

IN WITNESS WHEREOF, the VENDOR sets its hand this 1 day of April, 2026.

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: F0487C1D-E210-8956-81CD-B87A540C85EF

AGREEMENT FOR PERFORMANCE SERVICES

THIS AGREEMENT FOR PERFORMANCE SERVICES ("Agreement") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City"), and **ERNESTO PIERSON** ("Artist").

In consideration for the following covenants, conditions, and promises, City agrees to engage Artist for the Performance described below, and Artist agrees to provide services at such Performance under the following terms and conditions:

1. **PERFORMANCE**. City hereby engages Artist to furnish, and Artist agrees to provide **ONE (1)** show that is approximately **FORTY (40) MINUTES** in length on **MAY 30, 2026,** beginning at **1:00 P.M.,** and ending at **1:40 P.M.** (the "Performance").

   A. Artist will provide their own instruments for performance. The load in and set up on the date of the Performance shall be at **12:45P.M.** Artist will perform throughout the event zone during the event.

   B. Exact time of scheduled Performance may change at City's discretion.

2. **VENUE.** The Performance shall take place at an outdoor venue at **WEBB FIELD, 1501 W. SILVER SPRINGS BLVD., OCALA FL, 34475** during the West Ocala Rhythm Fest (the "Event").

3. **COMPENSATION**. Artist shall be paid the total sum of **SIX HUNDRED AND NO/100 DOLLARS ($600)** for the entire Performance (the "Performance Fee") payable via hand-delivery to Artist immediately following the Performance unless the parties otherwise agree.

4. **AMOUNTS DUE TO THE CITY.** Artist must be current and remain current in all obligations due to the City during the performance of services under this Agreement. Payments to Artist may be offset by any delinquent amounts due to the City or fees and/or charges owed to the City.

5. **PERFORMANCE POLICY AND ARTIST RESPONSIBILITIES**. Artist's Performance must be suitable for family audiences. Artist and its employees and/or agents shall perform and conduct themselves in a manner that is consistent with City standards as specified below. Artist's failure to abide by the provisions of this Paragraph shall constitute a material breach of this Agreement at which time City shall have the right to immediately cancel the Performance and dismiss Artist from the Venue, and Artist shall forfeit any remaining compensation due under Paragraph 3 above:

A. **Smoking and Prohibited Substances**: The use of alcohol, illegal drugs, or other controlled substances by Artist, its employees and/or agents during the Performance is strictly prohibited. Artist shall not perform while under the influence of alcoholic beverages, illegal drugs, or other controlled substances. Venue is a non-smoking facility, and no smoking is permitted within the provided hospitality space or within thirty (30) feet of egress doorways. All smoking must take place in outdoor designated areas.

B. **Prohibited Conduct**: Artist's Performance must be suitable for family audiences and Artist, its employees, and/or agents agree to conduct themselves in a professional and courteous manner in compliance with City standards at all times during the performance of their duties under this Agreement. Examples of behavior, dress, and/or language considered to be inconsistent with City standards include, but is not limited to, that which:

   (i) demeans and/or exploits persons on the basis of gender, race, or other grounds;
   (ii) references alcohol, drugs, obscene acts, or other explicit subjects;
   (iii) contains political references, religious proselytizing, discriminatory, or sexually explicit language or images.

C. **Sound and Lighting**: Artist agrees to use the sound and lighting services and personnel provided by the City for the audio and lighting reinforcement of the Performance. Artist agrees that all decisions regarding sound and lighting shall be made solely by City and/or City's production team and will abide by them accordingly.

D. **Stage Access**: Artist acknowledges that stage entry is permitted to Artist, and personnel in capacity for performance and setup. The City will limit stage access to city staff, production staff, and approved community partners and/or sponsors. The public is not permitted on stage before, during, or after the performance.

E. **Pyrotechnics**: Artist shall not be permitted to have or use any type of electronic or pyrotechnic display that in any way creates a hazardous condition for the audience

F. **Copyrights and Licenses**: Artist shall be responsible for obtaining any and all necessary licenses or authorizations related to the provision of its services under this agreement including, but not limited to any ASCAP, BMI, or SESAC license required for the playing of music subject to copyright and shall ensure that any and all license payments required to be made by Artist are made promptly and directly to the licensing or authorizing organization.

6. **NON-PERFORMANCE.** If Artist is unable to provide the Performance due to illness or accident to the Artist or because of a Force Majeure event up to the scheduled performance date, then City shall have no obligation to pay the Performance Fee. If the City did not cancel the event at least THREE **(3)** days prior to its scheduled date, and/or if Artist is present at the venue at the designated date and time for the performance and is willing and able to perform but the Event is cancelled by the City on the day of the event, then Artist shall be paid the full Performance Fee.

7. **HOSPITALITY.** City will provide Artist with an air-conditioned break room that is not a restroom and is not accessible to the public. The room will have a table and 2 chairs or a sturdy countertop. City will provide a parking space as close to the green room as possible. Artist will secure their own travel and transportation to and from the venue.

8. **FORCE MAJEURE.** The term "Force Majeure" shall include delays, damages, or failure in the performance of any obligation under this Agreement if such delay, damage, or failure is due to causes beyond the party's control including, without limitation: fire, flood, strikes and labor disputes, pandemic, local or statewide states of emergency, acts of war, acts of nature, terrorism, civil unrest, acts or delays in acting of the government of the United States or the several states, judicial orders, decrees or restrictions or any other like reason which is beyond the control of the respective party.

9. **TERMINATION FOR NON-FUNDING**. In the event that budgeted funds to finance this Agreement are reduced, terminated, or otherwise become unavailable, City may terminate this Agreement upon written notice to Artist without penalty or expense to City. City shall be the final authority as to the availability of budgeted funds.

10. **INSURANCE*.** Artist shall obtain general liability insurance issued by a company authorized to do business in the State of Florida and with an A.M. Best Company rating of at least A-, as will provide coverage for claims for damages for bodily injury, including accidental death, as well as for claims for property damage. The amount of such insurance shall be not less than $200,000 for injury to one person arising out of a single incident and $400,000 for injuries to more than one person arising out of a single incident, and $200,000 for property damage with a reasonable deductible. Upon request by City, Artist shall provide City with certificates of insurance which shall list "City of Ocala, a Florida municipal corporation," as an Additional Insured. These insurance requirements do not relieve or limit the liability of Artist. Should Artist desire insurance protecting its personal property from casualty or damage while on the Venue, it will purchase such insurance, it being expressly understood that City is not obligated to purchase any insurance. The insurance required of Artist, or

Docusign Envelope ID: F0487C1D-E210-8956-81CD-B87A540C85EF

any other insurance of Artist shall be considered primary, and any insurance or self-insurance of City shall be considered excess, as may be applicable, to claims against City which may arise.

***Exceptions and exemptions to these insurance requirements may be allowed at the discretion of the City's HR/Risk Director on a case-by-case basis and evidenced by a separate waiver attached to this Agreement and incorporated herein.**

11. **INDEMNITY**. Artist shall indemnify City and its elected officials, employees and volunteers against, and hold City and its elected officials, employees and volunteers harmless from, all damages, claims, losses, costs, and expenses, including attorneys' fees, which City or its elected officials, employees or volunteers may sustain, or which may be asserted against City or its elected officials, employees or volunteers, arising out of the use of the venue by Artist or the use of any music, materials, devices, or processes that are patented, trademarked, franchised or subject to copyright.
12. **ATTORNEYS' FEES.** If any civil action, arbitration or other legal proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party shall be entitled to recover reasonable attorneys' fees, sales and use taxes, court costs and all expenses even if not taxable as court costs (including, without limitation, all such fees, taxes, costs and expenses incident to arbitration, appellate, bankruptcy and post-judgment proceedings), incurred in that civil action, arbitration or legal proceeding, in addition to any other relief to which such party or parties may be entitled. Attorneys' fees shall include, without limitation, paralegal fees, investigative fees, administrative costs, sales and use taxes and all other charges billed by the attorney to the prevailing party.
13. **JURY WAIVER**. IN ANY CIVIL ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF, CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY ANY OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.
14. **PUBLIC RECORDS.** The Artist shall comply with all applicable provisions of the Florida Public Records Act, Chapter 119, Florida Statutes. Specifically, the Artist shall:
    A. Keep and maintain public records required by the public agency to perform the service.
    B. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
    C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Artist does not transfer the records to the public agency.

Docusign Envelope ID: F0487C1D-E210-8956-81CD-B87A540C85EF

D. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Artist or keep and maintain public records required by the public agency to perform the service. If the Artist transfers all public records to the public agency upon completion of the contract, the Artist shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Artist keeps and maintains public records upon completion of the contract, the Artist shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF THE ARTIST HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE ARTIST'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: CITY OF OCALA, OFFICE OF THE CITY CLERK; 352-629-8266; E-mail: clerk@ocalafl.gov; City Hall, 110 SE Watula Avenue, Ocala, FL 34471.

15. **ASSIGNMENT.** This Agreement shall not be assigned by Artist without the prior written consent of City.
16. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all whom shall be bound by the provisions hereof.
17. **WAIVER.** The failure or delay of any party at any time to require performance by another party of any provision of this Agreement, even if known, shall not affect the right of such party to require performance of that provision or to exercise any right, power or remedy hereunder. Any waiver by any party of any breach of any provision of this Agreement should not be construed as a waiver of any continuing or succeeding breach of such provision, a waiver of the provision itself, or a waiver of any right, power or remedy under this Agreement. No notice to or demand on any party in any circumstance shall, of itself, entitle such party to any other or further notice or demand in similar or other circumstances.
18. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered into and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.
19. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or by reason of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.
20. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both of the parties to this Agreement.
21. **ELECTRONIC SIGNATURE(S).** Artist, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.

Docusign Envelope ID: F0487C1D-E210-8956-81CD-B87A540C85EF

22. **LEGAL AUTHORITY.** Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.
23. **ENTIRE AGREEMENT.** This Agreement and the attached Riders, if any, contains all agreements between the Parties. There are no other representations, warranties, promises, agreements or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. In the event of a conflict between the terms of this Agreement and the terms of any attached Riders, the terms of this Agreement shall control.

IN WITNESS WHEREOF, the parties have executed this Agreement on 5/13/2026.

VENDOR'S ACKNOWLEDGEMENT AND AGREEMENT
IN EXCHANGE FOR WAIVER OF INSURANCE REQUIREMENTS

THIS ACKNOWLEDGEMENT AND AGREEMENT is made by:

ERNESTO PIERSON / N.S.G.
VENDOR NAME

12718 S.E. 47TH AVE. BELLEVIEW, FL. 34420
VENDOR STREET ADDRESS, CITY, STATE, ZIP CODE

VENDOR acknowledges and understands that prior to commencement of an Agreement with the City of Ocala (the "City") and until completion of all obligations under said agreement, all vendors desiring to provide services to the City or to hold special events on City property are required to procure and maintain, for the life of said Agreement, the following types and limitations of liability insurance:

- **Commercial General Liability Insurance** identifying the City, a political subdivision of the State of Florida, and its officials, employees, and volunteers as additional insureds with an endorsement equal or broader to CG 20 26 04 13 from and against all claims, demands, causes of action, expenses, costs, or liability for injury to or death of persons or damage to or loss of property arising out of or in any manner connected with the Vendor's services or event in the amounts of not less than ONE MILLION DOLLARS ($1,000,000.00) PER OCCURRENCE and TWO MILLION DOLLARS ($2,000,000.00) general aggregate.

VENDOR acknowledges and understands that **unless** CITY provides a written waiver of the insurance requirements, the failure of VENDOR to obtain and maintain the required insurance shall constitute a breach of contract.

By signing below, VENDOR intends for this document to serve as its written request for waiver of the foregoing insurance requirements for the following special event to occur on _____ (IDENTIFY DATE HERE): EVENT DESCRIPTION: _____

In exchange for and acceptance of CITY's waiver of the foregoing insurance requirements, VENDOR, including its successors and assigns, does hereby covenant and agree to indemnify, hold harmless, and defend the City of Ocala and its elected officials, employees, and volunteers from and against any and all claims, actions, liability, loss, damage, injury, death, or expense of any and every kind which may accrue or be suffered by any person, partnership, or other entity of any kind, in whole or in part from the intentional or negligent acts or omissions of VENDOR or its employees, agents, subcontractors, successors, or assigns. In the event that any suit or action is brought against CITY, its elected officials, employees, or volunteers for any of the claims described herein, VENDOR, its successors and assigns shall defend the suit or action at VENDOR'S sole cost and expense and shall fully satisfy any judgment that is rendered against CITY, its elected officials, employees, or volunteers, or any combination thereof.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: 10B38781-4D27-8219-8174-D0B388A9FA62

AGREEMENT FOR PERFORMANCE SERVICES

THIS AGREEMENT FOR PERFORMANCE SERVICES ("Agreement") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City"), and **TESHA JACKSON** ("Artist").

In consideration for the following covenants, conditions, and promises, City agrees to engage Artist for the Performance described below, and Artist agrees to provide services at such Performance under the following terms and conditions:

1. **PERFORMANCE**. City hereby engages Artist, and Artist agrees to serve, as Master of Ceremonies for an event that is approximately **SIX (6) HOURS** in length on **MAY 30, 2026,** beginning at **11:00 A.M,** and ending at **5:00P.M.** (the "Performance").
   A. The load in, set up and sound check time on the date of the Performance shall be at **10:00 A.M.**
   B. Exact time of scheduled Performance may change at City's discretion.
2. **VENUE.** The Performance shall take place at an outdoor venue at **MLK WEBB FIELD, 1501 W SILVER SPRINGS BLVD, OCALA FL 34475** during the West Ocala Rhythm Fest (the "Event").
3. **COMPENSATION**. Artist shall be paid the total sum of **FIVE HUNDRED AND NO/100 DOLLARS ($500)** for the entire Performance (the "Performance Fee"). The Performance Fee shall be paid by check made payable to Artist known as **TESHA JACKSON** and shall be hand delivered to Artist immediately following the Performance unless the parties otherwise agree.
4. **AMOUNTS DUE TO THE CITY.** Artist must be current and remain current in all obligations due to the City during the performance of services under this Agreement. Payments to Artist may be offset by any delinquent amounts due to the City or fees and/or charges owed to the City.
5. **PERFORMANCE POLICY AND ARTIST RESPONSIBILITIES**. Artist's Performance must be suitable for family audiences. Artist and its employees and/or agents shall perform and conduct themselves in a manner that is consistent with City standards as specified below. Artist's failure to abide by the provisions of this Paragraph shall constitute a material breach of this Agreement at which time City shall have the right to immediately cancel the Performance and dismiss Artist from the Venue, and Artist shall forfeit any remaining compensation due under Paragraph 3 above:

A. **Smoking and Prohibited Substances**: The use of alcohol, illegal drugs, or other controlled substances by Artist, its employees and/or agents during the Performance is strictly prohibited. Artist shall not perform while under the influence of alcoholic beverages, illegal drugs, or other controlled substances. Venue is a non-smoking facility, and no smoking is permitted within the provided hospitality space or within thirty (30) feet of egress doorways. All smoking must take place in outdoor designated areas.

B. **Prohibited Conduct**: Artist's Performance must be suitable for family audiences and Artist, its employees, and/or agents agree to conduct themselves in a professional and courteous manner in compliance with City standards at all times during the performance of their duties under this Agreement. Examples of behavior, dress, and/or language considered to be inconsistent with City standards include, but is not limited to, that which:
   (i) demeans and/or exploits persons on the basis of gender, race, or other grounds;
   (ii) references alcohol, drugs, obscene acts, or other explicit subjects;
   (iii) contains political references, religious proselytizing, discriminatory, or sexually explicit language or images.

C. **Sound and Lighting**: Artist agrees to use the sound and lighting services and personnel provided by the City for the audio and lighting reinforcement of the Performance. Artist agrees that all

decisions regarding sound and lighting shall be made solely by City and/or City's production team and will abide by them accordingly.

D. **Stage Access**: Artist acknowledges that stage entry is permitted to Artist, and personnel in capacity for performance and setup. The City will limit stage access to city staff, production staff, and approved community partners and/or sponsors. The public is not permitted on stage before, during, or after the performance.

E. **Pyrotechnics**: Artist shall not be permitted to have or use any type of electronic or pyrotechnic display that in any way creates a hazardous condition for the audience

F. **Copyrights and Licenses**: Artist shall be responsible for obtaining any and all necessary licenses or authorizations related to the provision of its services under this agreement including, but not limited to any ASCAP, BMI, or SESAC license required for the playing of music subject to copyright and shall ensure that any and all license payments required to be made by Artist are made promptly and directly to the licensing or authorizing organization.

6. **NON-PERFORMANCE.** If Artist is unable to provide the Performance due to illness or accident to the Artist or because of a Force Majeure event up to the scheduled performance date, then City shall have no obligation to pay the Performance Fee. If the City did not cancel the event at least THREE **(3)** days prior to its scheduled date, and/or if Artist is present at the venue at the designated date and time for the performance and is willing and able to perform but the Event is cancelled by the City on the day of the event, then Artist shall be paid the full Performance Fee.

7. **HOSPITALITY.** Artist shall secure their own travel and transportation to and from venue**.**

8. **FORCE MAJEURE.** The term "Force Majeure" shall include delays, damages, or failure in the performance of any obligation under this Agreement if such delay, damage, or failure is due to causes beyond the party's control including, without limitation: fire, flood, strikes and labor disputes, pandemic, local or statewide states of emergency, acts of war, acts of nature, terrorism, civil unrest, acts or delays in acting of the government of the United States or the several states, judicial orders, decrees or restrictions or any other like reason which is beyond the control of the respective party.

9. **TERMINATION FOR NON-FUNDING**. In the event that budgeted funds to finance this Agreement are reduced, terminated, or otherwise become unavailable, City may terminate this Agreement upon written notice to Artist without penalty or expense to City. City shall be the final authority as to the availability of budgeted funds.

10. **INSURANCE*.** Artist shall obtain general liability insurance issued by a company authorized to do business in the State of Florida and with an A.M. Best Company rating of at least A-, as will provide coverage for claims for damages for bodily injury, including accidental death, as well as for claims for property damage. The amount of such insurance shall be not less than $200,000 for injury to one person arising out of a single incident and $400,000 for injuries to more than one person arising out of a single incident, and $200,000 for property damage with a reasonable deductible. Upon request by City, Artist shall provide City with certificates of insurance which shall list "City of Ocala, a Florida municipal corporation," as an Additional Insured. These insurance requirements do not relieve or limit the liability of Artist. Should Artist desire insurance protecting its personal property from casualty or damage while on the Venue, it will purchase such insurance, it being expressly understood that City is not obligated to purchase any insurance. The insurance required of Artist, or any other insurance of Artist shall be considered primary, and any insurance or self-insurance of City shall be considered excess, as may be applicable, to claims against City which may arise.

Docusign Envelope ID: 10B38781-4D27-8219-8174-D0B388A9FA62

***Exceptions and exemptions to these insurance requirements may be allowed at the discretion of the City's HR/Risk Director on a case-by-case basis and evidenced by a separate waiver attached to this Agreement and incorporated herein.**

11. **INDEMNITY**. Artist shall indemnify City and its elected officials, employees and volunteers against, and hold City and its elected officials, employees and volunteers harmless from, all damages, claims, losses, costs, and expenses, including attorneys' fees, which City or its elected officials, employees or volunteers may sustain, or which may be asserted against City or its elected officials, employees or volunteers, arising out of the use of the venue by Artist or the use of any music, materials, devices, or processes that are patented, trademarked, franchised or subject to copyright.
12. **ATTORNEYS' FEES.** If any civil action, arbitration or other legal proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party shall be entitled to recover reasonable attorneys' fees, sales and use taxes, court costs and all expenses even if not taxable as court costs (including, without limitation, all such fees, taxes, costs and expenses incident to arbitration, appellate, bankruptcy and post-judgment proceedings), incurred in that civil action, arbitration or legal proceeding, in addition to any other relief to which such party or parties may be entitled. Attorneys' fees shall include, without limitation, paralegal fees, investigative fees, administrative costs, sales and use taxes and all other charges billed by the attorney to the prevailing party.
13. **JURY WAIVER**. IN ANY CIVIL ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF, CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY ANY OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.
14. **PUBLIC RECORDS.** The Artist shall comply with all applicable provisions of the Florida Public Records Act, Chapter 119, Florida Statutes. Specifically, the Artist shall:
    A. Keep and maintain public records required by the public agency to perform the service.
    B. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
    C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Artist does not transfer the records to the public agency.
    D. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Artist or keep and maintain public records required by the public agency to perform the service. If the Artist transfers all public records to the public agency upon completion

Docusign Envelope ID: 10B38781-4D27-8219-8174-D0B388A9FA62

of the contract, the Artist shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Artist keeps and maintains public records upon completion of the contract, the Artist shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF THE ARTIST HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE ARTIST'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: CITY OF OCALA, OFFICE OF THE CITY CLERK; 352-629-8266; E-mail: clerk@ocalafl.gov; City Hall, 110 SE Watula Avenue, Ocala, FL 34471.

15. **ASSIGNMENT.** This Agreement shall not be assigned by Artist without the prior written consent of City.
16. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all whom shall be bound by the provisions hereof.
17. **WAIVER.** The failure or delay of any party at any time to require performance by another party of any provision of this Agreement, even if known, shall not affect the right of such party to require performance of that provision or to exercise any right, power or remedy hereunder. Any waiver by any party of any breach of any provision of this Agreement should not be construed as a waiver of any continuing or succeeding breach of such provision, a waiver of the provision itself, or a waiver of any right, power or remedy under this Agreement. No notice to or demand on any party in any circumstance shall, of itself, entitle such party to any other or further notice or demand in similar or other circumstances.
18. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered into and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.
19. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or by reason of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.
20. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both of the parties to this Agreement.
21. **ELECTRONIC SIGNATURE(S).** Artist, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.
22. **LEGAL AUTHORITY.** Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for

Docusign Envelope ID: 10B38781-4D27-8219-8174-D0B388A9FA62

whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

23. **ENTIRE AGREEMENT.** This Agreement and the attached Riders, if any, contains all agreements between the Parties. There are no other representations, warranties, promises, agreements or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. In the event of a conflict between the terms of this Agreement and the terms of any attached Riders, the terms of this Agreement shall control.

IN WITNESS WHEREOF, the parties have executed this Agreement on 5/13/2026.

VENDOR'S ACKNOWLEDGEMENT AND AGREEMENT IN EXCHANGE FOR WAIVER OF INSURANCE REQUIREMENTS

THIS ACKNOWLEDGEMENT AND AGREEMENT is made by:

Tesha Jackson

VENDOR NAME 32 SE 9th Ave. #2 Ocala Fla. 34471

VENDOR STREET ADDRESS, CITY, STATE, ZIP CODE

VENDOR acknowledges and understands that prior to commencement of an Agreement with the City of Ocala (the "City") and until completion of all obligations under said agreement, all vendors desiring to provide services to the City or to hold special events on City property are required to procure and maintain, for the life of said Agreement, the following types and limitations of liability insurance:

- **Commercial General Liability Insurance** identifying the City, a political subdivision of the State of Florida, and its officials, employees, and volunteers as additional insureds with an endorsement equal or broader to CG 20 26 04 13 from and against all claims, demands, causes of action, expenses, costs, or liability for injury to or death of persons or damage to or loss of property arising out of or in any manner connected with the Vendor's services or event in the amounts of not less than ONE MILLION DOLLARS ($1,000,000.00) PER OCCURRENCE and TWO MILLION DOLLARS ($2,000,000.00) general aggregate.

VENDOR acknowledges and understands that **unless** CITY provides a written waiver of the insurance requirements, the failure of VENDOR to obtain and maintain the required insurance shall constitute a breach of contract.

By signing below, VENDOR intends for this document to serve as its written request for waiver of the foregoing insurance requirements for the following special event to occur on May 30, 2026 (IDENTIFY DATE HERE): EVENT DESCRIPTION: Rhythm Fest

In exchange for and acceptance of CITY's waiver of the foregoing insurance requirements, VENDOR, including its successors and assigns, does hereby covenant and agree to indemnify, hold harmless, and defend the City of Ocala and its elected officials, employees, and volunteers from and against any and all claims, actions, liability, loss, damage, injury, death, or expense of any and every kind which may accrue or be suffered by any person, partnership, or other entity of any kind, in whole or in part from the intentional or negligent acts or omissions of VENDOR or its employees, agents, subcontractors, successors, or assigns. In the event that any suit or action is brought against CITY, its elected officials, employees, or volunteers for any of the claims described herein, VENDOR, its successors and assigns shall defend the suit or action at VENDOR'S sole cost and expense and shall fully satisfy any judgment that is rendered against CITY, its elected officials, employees, or volunteers, or any combination thereof.

Docusign Envelope ID: 10B38781-4D27-8219-8174-D0B388A9FA62

IN WITNESS WHEREOF, the VENDOR sets its hand this 6 day of May, 20 26.

Subject: FW: New Contract Requests - TeSha Jackson + Ernesto Pierson

Good morning Richard,

I have two more for you (hopefully the only ones for today).

Please see the waivers for two new performers for the upcoming West Rhythm Fest on May 29th for your approval. Tesha Jackson will be a new MC and Ernesto Pierson will be a new band to perform.

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

CONTRACT # ELE/260744

APPLICATION FOR INTERCONNECTION OF CUSTOMER-OWNED RENEWABLE GENERATION SYSTEMS

TIER 1 - Ten (10) kW or Less
TIER 2 - Greater than 10 kW and Less Than or Equal to 100 kW
TIER 3 - Greater than 100 kW and Less Than or Equal to Two (2) MW

Note: These customer-owned renewable generation system size limits may be subject to a cumulative enrollment limit on net-metering customers located in the area served by the City of Ocala Electric Utility. Please refer to the Ocala Electric Utility Net-Metering Rate Schedule.

Ocala Electric Utility customers who install customer-owned renewable generation systems (RGS) and desire to interconnect those facilities with the Ocala Electric Utility system are required to complete this application. When the completed application and fees are returned to Ocala Electric Utility, the process of completing the appropriate Tier 1, Tier 2 or Tier 3 Interconnection Agreement can begin. This application and copies of the Interconnection Agreements may be obtained at Ocala Electric Utility, located at 201 SE 3rd Street, Ocala, Florida 34471, or may be requested by email from OEU@ocalafl.org.

1. Customer Information

Name: Cooley G. Pantazis

Mailing Address: 2240 SE 5th Street

City: Ocala State: FL Zip Code: 34471

Phone Number: 352-812-8298 Alternate Phone Number: _____

Email Address: ellenpantazis@gmail.com Fax Number: _____

Ocala Electric Utility Customer Account Number: 544295-144762

2. RGS Facility Information

Facility Location: 2240 SE 5th Street Ocala, Fl. 34471

Ocala Electric Utility Customer Account Number: 544295-144762

RGS Manufacturer: Hyundai Energy Solutions

Manufacturer's Address: 3 Corporate Park Suite 235
Irvine, CA. 92635

Reference or Model Number: HiN-T435NF BK (11 Modules 435W)

Serial Number: Inverter-Enphase IQ8AC-72-M-US

(Continued on Sheet No.19.1)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

Has existing 15.9375kWac-Adding 4.07kWac=Total 20.01kWac

3. Facility Rating Information

Gross Power Rating: 20.01kWac ("Gross power rating" means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with Ocala Electric Utility's distribution facilities. For inverter-based systems, the AC nameplate generating capacity shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.)

Fuel or Energy Source: Solar PV

Anticipated In- Service Date: 12/30/25

4. Application Fee

The application fee is based on the Gross Power Rating and must be submitted with this application. The non-refundable application fee is $375 for Tier 2 and $750 for Tier 3 installations. There is no application fee for Tier 1 installations.

5. Interconnection Study Fee

For Tier 3 installations, a deposit in the amount of the estimated costs of the study (to be determined at time of application) must be paid along with this application in addition to the application fee referenced in Article 4 above. This deposit will be applied toward the cost of an interconnection study. The customer will be responsible for the actual costs of the study. Should the actual cost of the study be less than the deposit, the difference will be refunded to the customer. Customer agrees to comply with all interconnection requirements identified in the interconnection study report.

6. Required Documentation

Prior to completion of the Interconnection Agreement, the following information must be provided to the Ocala Electric Utility by the customer.

A. Documentation demonstrating that the installation complies with (or most current version at time of inspection approval):

1. IEEE 1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power Systems.
2. IEEE 1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnecting Distributed Resources with Electric Power Systems.
3. UL 1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed Energy Resources.

(Continued on Sheet No. 19.2)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

B. Documentation that the customer-owned renewable generation has been inspected and approved by local code officials prior to its operation in parallel with the Ocala Electric Utility system to ensure compliance with applicable local codes. OEU will also require proof of commission testing by a qualified 3rd party testing company (not affiliated in any way with the manufacturer, vendor or installation contractor), for compliance with all required and applicable codes, standards, and interconnection study requirements, prior to setting of OEU metering equipment.

C. Proof of insurance in the amount of:
Tier 1 - $100,000.00
Tier 2 - $1,000,000.00
Tier 3 - $2,000,000.00

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 10th day of November, 20 25, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and Cooley G. Pantazis, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

(Continued on Sheet No. 20.1)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

(Continued on Sheet No. 20.3)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

(Continued on Sheet No. 20.4)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

7.05. Enforcement of Agreement. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by either FMPA or OEU of the sovereign immunity applicable to either or both of them as established by Florida Statutes, 768.28.

(Continued on Sheet No. 20.5)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

Tier 2
Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 10th day of November, 20 25, by and between Cooley G. Pantazis, (hereinafter called "**Customer**"), located at 2240 SE 5th Street in Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereafter called "**OEU**"), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the interconnection is taking place: 2240 SE 5th Street Ocala, Fl. 34471.

WITNESSETH

Whereas, a Tier 2 Renewable Generation System (RGS) is an electric generating system that uses one or of more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at more than 10 kilowatts (10 kW) but not greater than 100 kilowatts (100 kW) alternating current (AC) power output and is primarily intended to offset part or all of the customer's current electric requirements; and

Whereas, OEU operates an electric system serving parts of the City of Ocala and Marion County; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU's electrical supply grid at the location indentified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which OEU has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate OEU's electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

(Continued on Sheet No. 22.1)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

(Continued from Sheet No. 22.0)

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and OEU.

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 2 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. In no case should modifications to the RGS be made such that the GPR increases above the 100 kilowatts (100 kW) limit.

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).
5. The Customer shall be required to pay a non-refundable application fee of $375 for the review and processing of the application.

6. The Customer shall fully comply with OEU's Rules and Regulations and Electric Service Specifications as those documents may be amended or revised by OEU from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):
   a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
   b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
   c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*

(Continued on Sheet No. 22.2)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

(Continued from Sheet No. 22.1)

d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising OEU of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 22.3)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

(Continued from Sheet No. 22.2)

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes a utility-interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS which (i) utilizes the same utility-interactive inverter for both systems; or (ii) utilizes a separate utility-interactive inverter for each system, then Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU's systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU's electric system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU's electric system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's electric system such that back feed from the customer-owned renewable generation system to OEU's electric system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 22.4)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

(Continued from Sheet No. 22.3)

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Sections 18 and 19, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one million dollars ($1,000,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and also measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OUS inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

(Continued on Sheet No. 22.5)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

(Continued from Sheet No. 22.4)

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU's electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU utility system emergencies, forced outages, uncontrollable forces or compliance with prudent electric utility practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's utility system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical effects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys' fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.

(Continued on Sheet No. 22.6)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, contractors (and any subcontractor or material supplier thereof), agents and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days notice of its intent to terminate this Agreement.

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a

(Continued on Sheet No. 22.7)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement which complies with the amended statutes/rules.

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds 2.5 percent (%) of the aggregate customer peak demand on OEU's electric system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

(Continued on Sheet No. 22.8)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

ELECTRICAL CERTIFICATION STATEMENT:

SUBJECT PV SYSTEM HAS BEEN DESIGNED TO MEET THE REQUIREMENTS OF THE NEC 2020, AND/OR THOSE SET FORTH BY THE FLORIDA SOLAR ENERGY CENTER CERTIFICATION, INCLUDING MAXIMUM NUMBER OF MODULE STRINGS, MAXIMUM NUMBER OF MODULES PER STRING, MAXIMUM OUTPUT, MODULE MANUFACTURER AND MODEL NUMBER, INVERTER MANUFACTURER AND MODEL NUMBER, AS APPLICABLE. HB1021 AMENDED F.S. 377.05 IN 2017 REMOVED THE REQUIREMENT FOR DESIGNERS TO HAVE THEIR SYSTEM DESIGNS CERTIFIED BY FSEC. THE VERBIAGE "…UNLESS OTHERWISE CERTIFIED BE AN ENGINEER LICENSED PURSUANT TO CHAPTER 471 USING THE STANDARDS CONTAINED IN THE MOST RECENT VERSION OF THE FLORIDA BUILDING CODE." ALLOWS LICENSED ENGINEERS TO DESIGN PV SYSTEMS ON THEIR OWN AS THEY DO IN ALL OTHER TRADES.

DATA SHEET

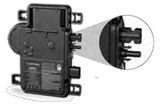
IQ8AC Microinverter

Our newest IQ8 Series Microinverters are the industry's first microgrid-forming*, software-defined microinverters with split-phase power conversion capability to convert DC power to AC power efficiently. The brain of the semiconductor-based microinverter is our proprietary application-specific integrated circuit (ASIC), which enables the microinverter to operate in grid-tied or off-grid modes. This chip is built in advanced 55 nm technology with high-speed digital logic and has superfast response times to changing loads and grid events, alleviating constraints on battery sizing for home energy systems.

Part of the Enphase Energy System, IQ8 Series Microinverters integrate with the IQ Battery, IQ Gateway, and the Enphase App monitoring and analysis software.

Enphase 25 year limited warranty

IQ8 Series Microinverters redefine reliability standards with more than one million cumulative hours of power-on testing, enabling an industry-leading limited warranty of up to 25 years.



Connect PV modules quickly and easily to the IQ8 Series Microinverters that have integrated MC4 connectors.

UL CERTIFIED SAFETY

IQ8 Series Microinverters are UL Listed as PV rapid shutdown equipment and conform with various regulations when installed according to the manufacturer's instructions.

*Meets UL 1741 only when installed with IQ System Controller 2 or 3.

© 2024 Enphase Energy. All rights reserved. Enphase, the e and CC logos, IQ, and certain other marks listed at https://enphase.com/trademark-usage-guidelines are trademarks of Enphase Energy, Inc. in the U.S. and other countries. Data subject to change.

Easy to install

- Lightweight and compact with plug-and-play connectors
- Power line communication (PLC) between components
- Faster installation with simple two-wire cabling

High productivity and reliability

- Produces power even when the grid is down*
- More than one million cumulative hours of testing
- Class II double-insulated enclosure
- Optimized for the latest high-powered PV modules

Microgrid-forming

- Complies with the latest advanced grid support
- Remote automatic updates for the latest grid requirements
- Configurable to support a wide range of grid profiles
- Meets CA Rule 21 (UL 1741-SA) and IEEE 1547:2018 (UL 1741-SB)

NOTE:

- IQ8 Series Microinverters cannot be mixed together with previous generations of Enphase microinverters (IQ7 Series, IQ6 Series, and so on) in the same system.
- IQ Microinverters ship with default settings that meet North America's IEEE 1547 interconnection standard requirements. Region-specific adjustments may be requested by an Authority Having Jurisdiction (AHJ) or utility representative according to the IEEE 1547 interconnection standard. An IQ Gateway is required to make these changes during installation.

IQ8AC Microinverter

INPUT DATA (DC)	UNITS	IQ8AC-72-M-US
Commonly used module pairings [1]	W	295–500
Module compatibility	–	To meet compatibility, PV modules must be within the maximum input DC voltage and maximum module I_{sc} listed below. Module compatibility can be checked at https://enphase.com/installers/microinverters/calculator.
MPPT voltage range	V	28–45
Operating range	V	18–58
Minimum/Maximum start voltage	V	22/58
Max. input DC voltage	V	60
Max. continuous input DC current	A	14
Max. input DC short-circuit current	A	25
Max. module (I_{sc})	A	20
Overvoltage class DC port	–	II
DC port backfeed current	mA	0
PV array configuration	–	Ungrounded array; no additional DC side protection required; AC side protection requires max 20 A per branch circuit

OUTPUT DATA (AC)	UNITS	IQ8AC-72-M-US @240 VAC	IQ8AC-72-M-US @208 VAC
Peak output power	VA	366	350
Max. continuous output power	VA	349	345
Nominal grid voltage (L-L)	V	240, split-phase (L-L), 180°	208, single-phase (L-L), 120°
Minimum and maximum grid voltage [2]	V	211-264	183-229
Max. continuous output current	A	1.45	1.66
Nominal frequency	Hz	60	
Extended frequency range	Hz	47-68	
AC short circuit fault current over three cycles	Arms	2.70	
Max. units per 20 A (L-L) branch circuit [3]	–	11	9
Total harmonic distortion	%	< 5	
Overvoltage class AC port	–	III	
AC port backfeed current	mA	18	
Power factor setting	–	1.0	
Grid-tied power factor (adjustable)	–	0.85 leading ... 0.85 lagging	
Peak efficiency	%	97.3	97.2
CEC weighted efficiency	%	97.0	96.5
Nighttime power consumption	mW	30	22

MECHANICAL DATA	UNITS
Ambient temperature range	-40°C to 65°C (-40°F to 149°F)
Relative humidity range	4% to 100% (condensing)
DC connector type	Stäubli MC4
Dimensions (H × W × D); Weight	212 mm (8.3") × 175 mm (6.9") × 30.2 mm (1.2"); 1.1 kg (2.43 lbs)
Cooling	Natural convection – no fans
Approved for wet locations; Pollution degree	Yes; PD3
Enclosure	Class II double-insulated, corrosion-resistant polymeric enclosure
Environ. category; UV exposure rating	NEMA Type 6; outdoor

COMPLIANCE	
Certifications	CA Rule 21 (UL 1741-SA), UL 62109-1, IEEE 1547:2018 (UL 1741-SB), FCC Part 15 Class B, ICES-0003 Class B, CAN/CSA-C22.2 NO. 107.1-01 This product is UL Listed as PV rapid shutdown equipment and conforms with NEC 2014, NEC 2017, NEC 2020 and NEC 2023 section 690.12 and C22.1-2018 Rule 64-218 rapid shutdown of PV systems for AC and DC conductors when installed according to manufacturer's instructions.

(1) No enforced DC/AC ratio.
(2) Nominal voltage range can be extended beyond nominal if required by the utility.
(3) Limits may vary. Refer to local requirements to define the number of microinverters per branch in your area.

IQ Combiner 5/5C

The IQ Combiner 5/5C consolidates interconnection equipment into a single enclosure and streamlines IQ Series Microinverters and IQ Gateway installation by providing a consistent, pre-wired solution for residential applications. IQ Combiner 5/5C uses wired control communication and is compatible with IQ System Controller 3/3G and IQ Battery 5P.

The IQ Combiner 5/5C, IQ Series Microinverters, IQ System Controller 3/3G, and IQ Battery 5P provide a complete grid-agnostic Enphase Energy System.

IQ Series Microinverters
The high-powered smart grid-ready IQ Series Microinverters (IQ6, IQ7, and IQ8 Series) simplify the installation process.

IQ System Controller 3/3G
Provides microgrid interconnection device (MID) functionality by automatically detecting grid failures and seamlessly transitioning the home energy system from grid power to backup power.

IQ Battery 5P
Fully integrated AC battery system. Includes six field-replaceable IQ8D-BAT Microinverters.

IQ Load Controller
Helps prioritize essential appliances during a grid outage to optimize energy consumption and prolong battery life.

Enphase 5 year limited warranty

5-year limited warranty

NOM

UL CERTIFIED SAFETY US.CA SÉCURITÉ US.CA E341166

Smart
- Includes IQ Gateway for communication and control
- Includes Enphase Mobile Connect (CELLMODEM-M1-06-SP-05), only with IQ Combiner 5C
- Supports flexible networking: Wi-Fi, Ethernet, or cellular
- Provides production metering (revenue grade) and consumption monitoring

Easy to install
- Mounts to one stud with centered brackets
- Supports bottom, back, and side conduit entries
- Supports up to four 2-pole branch circuits for 240 VAC plug-in breakers (not included)
- 80 A total PV branch circuits
- Factory installed hold-down kit
- Bluetooth-based Wi-Fi provisioning for easy Wi-Fi setup

Reliable
- Durable NRTL-certified NEMA type 3R enclosure
- 5-year limited warranty
- 2-year labor reimbursement program coverage included for IQ Combiner SKUs*
- UL1741 Listed

*For country-specific warranty information, see the https://enphase.com/installers/resources/warranty page.

IQ Combiner 5/5C

MODEL NUMBER	
IQ Combiner 5 (X-IQ-AM1-240-5/ X-IQ-AM1-240-5-HDK)	IQ Combiner 5 with IQ Gateway printed circuit board for integrated revenue-grade PV production metering (ANSI C12.20 ±0.5%), consumption monitoring (±2.5%), and IQ Battery monitoring (±2.5%). Includes a silver solar shield to deflect heat. IQ-AM1-240-5-HDK includes a factory installed hold-down kit compatible with all the circuit breakers mentioned in the **Accessories and Replacement Parts** section.
IQ Combiner 5C (X-IQ-AM1-240-5C / X-IQ-AM1-240-5C-HDK)	IQ Combiner 5C with IQ Gateway printed circuit board for integrated revenue-grade PV production metering (ANSI C12.20 ±0.5%), consumption monitoring (±2.5%), and IQ Battery monitoring (±2.5%). Includes Enphase Mobile Connect cellular modem (CELLMODEM-M1-06-SP-05)[1]. Includes a silver solar shield to deflect heat. IQ-AM1-240-5C-HDK includes a factory installed hold-down kit compatible with all the circuit breakers mentioned in the **Accessories and Replacement Parts** section.
WHAT'S IN THE BOX	
IQ Gateway printed circuit board	IQ Gateway is the platform for total energy management for comprehensive, remote maintenance, and management of the Enphase Energy System
Busbar	80 A busbar with support for one IQ Gateway breaker and four 20 A breakers for installing IQ Series Microinverters and IQ Battery 5P
IQ Gateway breaker	Circuit breaker, 2-pole, 10 A/15 A
Production CT	Pre-wired revenue-grade solid-core CT, accurate up to ±0.5%
Consumption CT	Two consumption metering clamp CTs, shipped with the box, accurate up to ±2.5%
IQ Battery CT	One battery metering clamp CT, shipped with the box, accurate up to ±2.5%
CTRL board	Control board for wired communication with IQ System Controller 3/3G and the IQ Battery 5P
Enphase Mobile Connect (only with IQ Combiner 5C)	4G-based LTE-M1 cellular modem (CELLMODEM-M1-06-SP-05) with a 5-year T-Mobile data plan
Accessories kit	Spare control headers for the COMMS-KIT-2 board
ACCESSORIES AND REPLACEMENT PARTS (NOT INCLUDED, ORDER SEPARATELY)	
CELLMODEM-M1-06-SP-05	4G-based LTE-M1 cellular modem with a 5-year T-Mobile data plan
CELLMODEM-M1-06-AT-05	4G-based LTE-M1 cellular modem with a 5-year AT&T data plan
Circuit breakers (off-the-shelf)	Supports Eaton BR2XX, Siemens Q2XX, and GE/ABB THQL21XX Series circuit breakers (XX represents 10, 15, 20, 30, 40, 50, or 60). Also supports Eaton BR220B, BR230B, and BR240B circuit breakers compatible with the hold-down kit.
Circuit breakers (provided by Enphase)	BRK-10A-2-240V, BRK-15A-2-240V, BRK-20A-2P-240V, BRK-15A-2P-240V-B, and BRK-20A-2P-240V-B (more details in the "Accessories" section)
XA-SOLARSHIELD-ES	Replacement solar shield for IQ Combiner 5/5C
XA-ENV2-PCBA-5	IQ Gateway replacement printed circuit board (PCB) for IQ Combiner 5/5C
X-IQ-NA-HD-125A	Hold-down kit compatible with Eaton BR-B Series circuit breakers (with screws). Not required for X-IQ-AM1-240-5-HDK/X-IQ-AM1-240-5C-HDK.
XA-COMMS2-PCBA-5	Replacement COMMS-KIT-2 printed circuit board (PCB) for IQ Combiner 5/5C
ELECTRICAL SPECIFICATIONS	
Rating	80 A
System voltage and frequency	120/240 VAC or 120/208 VAC, 60 Hz
Busbar rating	125 A
Fault current rating	10 kAIC
Maximum continuous current rating (input from PV/ storage)	64 A
Branch circuits (solar and/or storage)	Up to four 2-pole Eaton BR, Siemens Q, or GE/ABB THQL Series distributed generation (DG) breakers only (not included)
Maximum total branch circuit breaker rating (input)	80 A of distributed generation/95 A with IQ Gateway breaker included
IQ Gateway breaker	10 A or 15 A rating GE/Siemens/Eaton included
Production metering CT	200 A solid core pre-installed and wired to IQ Gateway

[1] A plug-and-play industrial-grade cell modem for systems of up to 60 microinverters. Available in the United States, Canada, Mexico, Puerto Rico, and the US Virgin Islands, where there is adequate cellular service in the installation area.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

CONTRACT # ELE/260759

APPLICATION FOR INTERCONNECTION OF CUSTOMER-OWNED RENEWABLE GENERATION SYSTEMS

TIER 1 - Ten (10) kW or Less
TIER 2 - Greater than 10 kW and Less Than or Equal to 100 kW
TIER 3 - Greater than 100 kW and Less Than or Equal to Two (2) MW

Note: These customer-owned renewable generation system size limits may be subject to a cumulative enrollment limit on net-metering customers located in the area served by the City of Ocala Electric Utility. Please refer to the Ocala Electric Utility Net-Metering Rate Schedule.

Ocala Electric Utility customers who install customer-owned renewable generation systems (RGS) and desire to interconnect those facilities with the Ocala Electric Utility system are required to complete this application. When the completed application and fees are returned to Ocala Electric Utility, the process of completing the appropriate Tier 1, Tier 2 or Tier 3 Interconnection Agreement can begin. This application and copies of the Interconnection Agreements may be obtained at Ocala Electric Utility, located at 201 SE 3rd Street, Ocala, Florida 34471, or may be requested by email from OEU@ocalafl.org.

1. Customer Information

Name: Francesco Crisafulli

Mailing Address: 3370 SE 31st Terrace

City: Ocala State: Fl. Zip Code: 34471

Phone Number: 914-907-2717 Alternate Phone Number: _____

Email Address: francesco.crisafulli@hotmail.com Fax Number: _____

Ocala Electric Utility Customer Account Number: 52692-266810

2. RGS Facility Information

Facility Location: 3370 SE 31st Terrace Ocala, FL. 34471

Ocala Electric Utility Customer Account Number: 52692-266810

RGS Manufacturer: Talesun Solar USA Ltd.

Manufacturer's Address: 111 West Saint John Street Suite 900
San Jose, CA. 95113

Reference or Model Number: TALESUN TP7G54M 415 (17 Modules 415W)

Serial Number: Inverter-Enphase IQ7PLUS-72-2-US microinverters

(Continued on Sheet No.19.1)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

3. Facility Rating Information

Gross Power Rating: 6.0kWac ("Gross power rating" means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with Ocala Electric Utility's distribution facilities. For inverter-based systems, the AC nameplate generating capacity shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.)

Fuel or Energy Source: Solar PV

Anticipated In- Service Date: 4/1/2026

4. Application Fee

The application fee is based on the Gross Power Rating and must be submitted with this application. The non-refundable application fee is $375 for Tier 2 and $750 for Tier 3 installations. There is no application fee for Tier 1 installations.

5. Interconnection Study Fee

For Tier 3 installations, a deposit in the amount of the estimated costs of the study (to be determined at time of application) must be paid along with this application in addition to the application fee referenced in Article 4 above. This deposit will be applied toward the cost of an interconnection study. The customer will be responsible for the actual costs of the study. Should the actual cost of the study be less than the deposit, the difference will be refunded to the customer. Customer agrees to comply with all interconnection requirements identified in the interconnection study report.

6. Required Documentation

Prior to completion of the Interconnection Agreement, the following information must be provided to the Ocala Electric Utility by the customer.

A. Documentation demonstrating that the installation complies with (or most current version at time of inspection approval):

1. IEEE 1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power Systems.
2. IEEE 1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnecting Distributed Resources with Electric Power Systems.
3. UL 1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed Energy Resources.

(Continued on Sheet No. 19.2)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

B. Documentation that the customer-owned renewable generation has been inspected and approved by local code officials prior to its operation in parallel with the Ocala Electric Utility system to ensure compliance with applicable local codes. OEU will also require proof of commission testing by a qualified 3rd party testing company (not affiliated in any way with the manufacturer, vendor or installation contractor), for compliance with all required and applicable codes, standards, and interconnection study requirements, prior to setting of OEU metering equipment.

C. Proof of insurance in the amount of:
Tier 1 - $100,000.00
Tier 2 - $1,000,000.00
Tier 3 - $2,000,000.00

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 16th day of February, 20 26, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and Francesco Crisafulli, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

(Continued on Sheet No. 20.1)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

(Continued on Sheet No. 20.3)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

(Continued on Sheet No. 20.4)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

7.05. Enforcement of Agreement. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by either FMPA or OEU of the sovereign immunity applicable to either or both of them as established by Florida Statutes, 768.28.

(Continued on Sheet No. 20.5)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

Tier 1 – Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 16th day of February, 20 26, by and between Francesco Crisafulli, (hereinafter called "**Customer**"), located at 3370 SE 31st Terrace in Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereinafter called OEU), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the interconnection is taking place: 3370 SE 31st Terrace Ocala, FL. 34471.

WITNESSETH

Whereas, a Tier 1 Renewable Generation System (RGS) is an electric generating system that uses one or more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at no more than ten (10) kilowatts (10 kW) alternating current (AC) power output and is primarily intended to offset part or all of the Customer's current electric requirements; and

Whereas, OEU operates an electric system serving the City of Ocala; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU' electrical supply grid at the location identified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU' ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, the OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

(Continued on Sheet No. 21.1)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

(Continued from Sheet No. 21.0)

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and the City of Ocala Electric Utility (OEU).

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU's distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 1 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. Increase in GPR above the ten kilowatt (10 kW) limit would necessitate entering into a new agreement at either Tier 2 or Tier 3 which may impose additional requirements on the Customer. In no case does the Tier 1, Tier 2 or Tier 3 agreement cover increases in GPR above two megawatts (2MW).

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).

5. The Customer shall not be required to pay any special fees due solely to the installation of the RGS.

6. The Customer shall fully comply with OEU's Design Standards following NEC standards as those documents may be amended or revised by OUS from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):

a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*
d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

(Continued to Sheet No. 21.2)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

(Continued from Sheet No. 21.1)

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 21.3)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes an OEU interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU's electric power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS that (i) utilizes the same OEU interactive inverter for both systems, or (ii) utilizes a separate OEU interactive inverter for each system, Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU' systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's system, such that back feed from the customer-owned renewable generation system to OEU's system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 21.4)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

(Continued from Sheet No. 21.3)

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Section 18, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one hundred thousand dollars ($100,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

(Continued on Sheet No. 21.5)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OEU inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU' electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU system emergencies, forced outages, uncontrollable forces or compliance with prudent electric OEU practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical affects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU.
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

(Continued to Sheet No. 21.6)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.
b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, agents, contractors (and any subcontractor or material supplier thereof) and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days' notice of its intent to terminate this Agreement.

(Continued on Sheet No. 21.7)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection Agreement and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement, which complies with the amended statutes/rules.

(Continued on Sheet No. 21.8)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule, (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

(Continued on Sheet No. 21.9)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

ENPHASE.

DATA SHEET

IQ7 and IQ7+ Microinverters

The high-powered, smart grid-ready IQ7 and IQ7+ Microinverters dramatically simplify installation while achieving the highest system efficiency.

Part of the Enphase Energy System, the IQ7 Series Microinverters integrate with the IQ Gateway, IQ Battery, and the Enphase Installer App monitoring and analysis software.

Enphase 25 year limited warranty

IQ7 Series Microinverters extend the reliability standards set forth by previous generations and undergo over a million hours of power-on testing, enabling Enphase to provide an industry-leading warranty of up to 25 years.

Connect PV modules quickly and easily to IQ7 Series Microinverters using the included Q-DCC-2 adapter cable with plug-and-play MC4 connectors.

UL CERTIFIED SAFETY

IQ7 Series Microinverters are UL Listed as PV rapid shutdown equipment and conform to various regulations when installed according to the manufacturer's instructions.

Easy to install

- Lightweight and simple
- Faster installation with improved, lighter two-wire cabling
- Built-in rapid shutdown compliant (NEC 2014 , 2017, and 2020)

Productive and reliable

- Optimized for high powered 60-cell/120-half-cell and 72-cell/144-half-cell PV modules
- More than a million hours of testing
- Class II double-insulated enclosure
- UL Listed

Smart grid-ready

- Complies with advanced grid support, voltage, and frequency ride-through requirements
- Remotely updates to respond to changing grid requirements
- Configurable for varying grid profiles
- Meets CA Rule 21 (UL 1741-SA) and IEEE 1547:2018 (UL 1741-SB, 3rd Ed. - for single-phase systems)

IQ7 and IQ7+ Microinverters

INPUT DATA (DC)	UNITS	IQ7-60-2-US	IQ7PLUS-72-2-US
Commonly used module pairings[1]	W	235–350	235–440
Module compatibility	–	60-cell/120-half-cut-cell and 54-cell/108-half-cut-cell PV modules	60-cell/120-half-cut-cell, 66-cell/132-half-cut-cell, 54-cell/108-half-cut-cell, and 72-cell/144-half-cut-cell PV modules
MPPT voltage range	V	27–37	27–45
Operating range	V	16–48	16–60
Minimum/Maximum start voltage	V	22/48	22/60
Maximum input DC voltage	V	50	60
Maximum continuous input DC current	A	10	12
Maximum input DC short-circuit current	A	25	
Maximum module I_{sc}	A	20	
Overvoltage class DC port	–	II	
DC port back-feed current	mA	0	
PV array configuration	–	1 × 1 ungrounded array; no additional DC side protection required; AC side protection requires max. 20 A per branch circuit	
OUTPUT DATA (AC)	**UNITS**	**IQ7-60-2-US**	**IQ7PLUS-72-2-US**
Peak output power	VA	250	295
Maximum continuous output power	VA	240	290
Nominal (L-L) voltage/Range[2]	V	240/211-264, 208/183-229	
Maximum continuous output current	A	1.0 (240 V)/1.15 (208 V)	1.21 (240 V)/1.39 (208 V)
Nominal frequency	Hz	60	
Extended frequency range	Hz	49–68	
AC short-circuit fault current over three cycles	Arms	5.8	
Maximum units per 20 A (L-L) branch circuit[3]	–	16 (240 V)/13 (208 V)	13 (240 V)/11 (208 V)
Total harmonic distortion	%	<5	
Overvoltage class AC port	–	III	
AC port back-feed current	mA	18	
Power factor setting	–	1.0	
Grid-tied power factor (adjustable)	–	0.85 leading … 0.85 lagging	
Peak efficiency	%	97.6 (240 V)/97.3 (208 V)	97.5 (240 V)/97.3 (208 V)
CEC weighted efficiency	%	97	
Nighttime power consumption	mW	60	
MECHANICAL DATA			
Ambient temperature range	°C (°F)	-40 to 65 (-40 to 149)	
Relative humidity range	%	4 to 100 (condensing)	
DC connector type	–	MC4 (or Amphenol H4 UTX with additional Q-DCC-5 adapter)	
Dimensions (H × W × D)	mm (in)	212 (8.3) × 175 (6.9) × 30.2 (1.2) without bracket	
Weight	kg (lb)	1.1 (2.4)	
Cooling	–	Natural convection–no fans	
Approved for wet locations	–	Yes	
Pollution degree	–	PD3	
Enclosure	–	Class II double-insulated, corrosion-resistant polymeric enclosure	
Environmental category/UV exposure rating	–	NEMA type 6/Outdoor	

[1] Pairing PV modules with wattage above the limit may result in additional clipping losses. See the compatibility calculator at https://link.enphase.com/module-compatibility.
[2] Nominal voltage range can be extended beyond nominal if required by the utility.
[3] Limits may vary. Refer to local requirements to define the number of microinverters per branch in your area.

IQ Combiner 5/5C

The IQ Combiner 5/5C consolidates interconnection equipment into a single enclosure and streamlines IQ Series Microinverters and IQ Gateway installation by providing a consistent, pre-wired solution for residential applications. IQ Combiner 5/5C uses wired control communication and is compatible with IQ System Controller 3/3G and IQ Battery 5P.

The IQ Combiner 5/5C, IQ Series Microinverters, IQ System Controller 3/3G, and IQ Battery 5P provide a complete grid-agnostic Enphase Energy System.

IQ Series Microinverters
The high-powered smart grid-ready IQ Series Microinverters (IQ6, IQ7, and IQ8 Series) simplify the installation process.

IQ System Controller 3/3G
Provides microgrid interconnection device (MID) functionality by automatically detecting grid failures and seamlessly transitioning the home energy system from grid power to backup power.

IQ Battery 5P
Fully integrated AC battery system. Includes six field-replaceable IQ8D-BAT Microinverters.

IQ Load Controller
Helps prioritize essential appliances during a grid outage to optimize energy consumption and prolong battery life.

Enphase 5 year limited warranty

5-year limited warranty

Smart

- Includes IQ Gateway for communication and control
- Includes Enphase Mobile Connect (CELLMODEM-M1-06-SP-05), only with IQ Combiner 5C
- Supports flexible networking: Wi-Fi, Ethernet, or cellular
- Provides production metering (revenue grade) and consumption monitoring

Easy to install

- Mounts to one stud with centered brackets
- Supports bottom, back, and side conduit entries
- Supports up to four 2-pole branch circuits for 240 VAC plug-in breakers (not included)
- 80 A total PV branch circuits
- Factory installed hold-down kit
- Bluetooth-based Wi-Fi provisioning for easy Wi-Fi setup

Reliable

- Durable NRTL-certified NEMA type 3R enclosure
- 5-year limited warranty
- 2-year labor reimbursement program coverage included for IQ Combiner SKUs*
- UL1741 Listed

*For country-specific warranty information, see the https://enphase.com/installers/resources/warranty page.

IQ Combiner 5/5C

MODEL NUMBER	
IQ Combiner 5 (X-IQ-AM1-240-5/ X-IQ-AM1-240-5-HDK)	IQ Combiner 5 with IQ Gateway printed circuit board for integrated revenue-grade PV production metering (ANSI C12.20 ±0.5%), consumption monitoring (±2.5%), and IQ Battery monitoring (±2.5%). Includes a silver solar shield to deflect heat. IQ-AM1-240-5-HDK includes a factory installed hold-down kit compatible with all the circuit breakers mentioned in the **Accessories and Replacement Parts** section.
IQ Combiner 5C (X-IQ-AM1-240-5C / X-IQ-AM1-240-5C-HDK)	IQ Combiner 5C with IQ Gateway printed circuit board for integrated revenue-grade PV production metering (ANSI C12.20 ±0.5%), consumption monitoring (±2.5%), and IQ Battery monitoring (±2.5%). Includes Enphase Mobile Connect cellular modem (CELLMODEM-M1-06-SP-05)[1]. Includes a silver solar shield to deflect heat. IQ-AM1-240-5C-HDK includes a factory installed hold-down kit compatible with all the circuit breakers mentioned in the **Accessories and Replacement Parts** section.
WHAT'S IN THE BOX	
IQ Gateway printed circuit board	IQ Gateway is the platform for total energy management for comprehensive, remote maintenance, and management of the Enphase Energy System
Busbar	80 A busbar with support for one IQ Gateway breaker and four 20 A breakers for installing IQ Series Microinverters and IQ Battery 5P
IQ Gateway breaker	Circuit breaker, 2-pole, 10 A/15 A
Production CT	Pre-wired revenue-grade solid-core CT, accurate up to ±0.5%
Consumption CT	Two consumption metering clamp CTs, shipped with the box, accurate up to ±2.5%
IQ Battery CT	One battery metering clamp CT, shipped with the box, accurate up to ±2.5%
CTRL board	Control board for wired communication with IQ System Controller 3/3G and the IQ Battery 5P
Enphase Mobile Connect (only with IQ Combiner 5C)	4G-based LTE-M1 cellular modem (CELLMODEM-M1-06-SP-05) with a 5-year T-Mobile data plan
Accessories kit	Spare control headers for the COMMS-KIT-2 board
ACCESSORIES AND REPLACEMENT PARTS (NOT INCLUDED, ORDER SEPARATELY)	
CELLMODEM-M1-06-SP-05	4G-based LTE-M1 cellular modem with a 5-year T-Mobile data plan
CELLMODEM-M1-06-AT-05	4G-based LTE-M1 cellular modem with a 5-year AT&T data plan
Circuit breakers (off-the-shelf)	Supports Eaton BR2XX, Siemens Q2XX, and GE/ABB THQL21XX Series circuit breakers (XX represents 10, 15, 20, 30, 40, 50, or 60). Also supports Eaton BR220B, BR230B, and BR240B circuit breakers compatible with the hold-down kit.
Circuit breakers (provided by Enphase)	BRK-10A-2-240V, BRK-15A-2-240V, BRK-20A-2P-240V, BRK-15A-2P-240V-B, and BRK-20A-2P-240V-B (more details in the "Accessories" section)
XA-SOLARSHIELD-ES	Replacement solar shield for IQ Combiner 5/5C
XA-ENV2-PCBA-5	IQ Gateway replacement printed circuit board (PCB) for IQ Combiner 5/5C
X-IQ-NA-HD-125A	Hold-down kit compatible with Eaton BR-B Series circuit breakers (with screws). Not required for X-IQ-AM1-240-5-HDK/X-IQ-AM1-240-5C-HDK.
XA-COMMS2-PCBA-5	Replacement COMMS-KIT-2 printed circuit board (PCB) for IQ Combiner 5/5C
ELECTRICAL SPECIFICATIONS	
Rating	80 A
System voltage and frequency	120/240 VAC or 120/208 VAC, 60 Hz
Busbar rating	125 A
Fault current rating	10 kAIC
Maximum continuous current rating (input from PV/ storage)	64 A
Branch circuits (solar and/or storage)	Up to four 2-pole Eaton BR, Siemens Q, or GE/ABB THQL Series distributed generation (DG) breakers only (not included)
Maximum total branch circuit breaker rating (input)	80 A of distributed generation/95 A with IQ Gateway breaker included
IQ Gateway breaker	10 A or 15 A rating GE/Siemens/Eaton included
Production metering CT	200 A solid core pre-installed and wired to IQ Gateway

[1] A plug-and-play industrial-grade cell modem for systems of up to 60 microinverters. Available in the United States, Canada, Mexico, Puerto Rico, and the US Virgin Islands, where there is adequate cellular service in the installation area.

COMBINER PANEL 1696

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

ACCESSORIES AND REPLACEMENT PARTS (NOT INCLUDED, ORDER SEPARATELY)	
Consumption monitoring CT (CT-200-CLAMP)	A pair of 200 A clamp-style current transformers is included with the box
IQ Battery metering CT	200 A clamp-style current transformer for IQ Battery metering, included with the box
MECHANICAL DATA	
Dimensions (W × H × D)	37.5 cm × 49.5 cm × 16.8 cm (14.75" × 19.5" × 6.63"). Height is 53.5 cm (21.06") with mounting brackets.
Weight	7.5 kg (16.5 lb)
Ambient temperature range	-40°C to 46°C (-40°F to 115°F)
Cooling	Natural convection, plus heat shield
Enclosure environmental rating	Outdoor, NRTL-certified, NEMA type 3R, polycarbonate construction
Wire sizes	• 20 A to 50 A breaker inputs: 14 to 4 AWG copper conductors • 60 A breaker branch input: 4 to 1/0 AWG copper conductors • Main lug combined output: 10 to 2/0 AWG copper conductors • Neutral and ground: 14 to 1/0 copper conductors • Always follow local code requirements for conductor sizing
Communication (in-premise connectivity)	Built-in CTRL board for wired communication with the IQ Battery 5P and the IQ System Controller 3/3G. Integrated power line communication for IQ Series Microinverters.
Altitude	Up to 2,600 meters (8,530 feet)
COMMUNICATION INTERFACES	
Integrated Wi-Fi	802.11b/g/n (dual band 2.4 GHz/5 GHz) for connecting the Enphase Cloud through the internet.
Wi-Fi range (recommended)	10 m (32.8 feet)
Bluetooth	BLE4.2, 10 m range to configure Wi-Fi SSID
Ethernet	Optional, 802.3, Cat5E (or Cat 6) UTP Ethernet cable (not included) for connecting to the Enphase Cloud through the internet.
Cellular/Mobile Connect	CELLMODEM-M1-06-SP-05 or CELLMODEM-M1-06-AT-05 (included with the IQ Combiner 5C)
Digital I/O	Digital input/output for grid operator control
USB 2.0	Mobile Connect, COMMS-KIT-01 for IQ Battery 3/3T/10/10T, COMMS-KIT-02 for IQ Battery 5P
Access point (AP) mode	For connection between the IQ Gateway and a mobile device running the Enphase Installer App
Metering ports	Up to two Consumption CTs, one IQ Battery CT, and one Production CT
Power line communication	90–110 kHz
Web API	See https://developer-v4.enphase.com
Local API	See Guide for local API
COMPLIANCE	
IQ Combiner with IQ Gateway	UL 1741, CAN/CSA C22.2 No. 107.1, Title 47 CFR, Part 15, Class B, ICES 003, NOM-208-SCFI-2016, UL 61010-1, CAN/CSA 22.2 No. 61010-1, IEEE 1547: 2018 (UL 1741-SB, 3rd Ed.), IEEE 2030.5/CSIP Compliant, Production metering: ANSI C12.20 accuracy class 0.5 (PV production)

COMPATIBILITY		
PV	Microinverters	IQ6, IQ7, and IQ8 Series Microinverters
COMMS-KIT-01[2]	IQ System Controller	EP200G101-M240US00
	IQ System Controller 2	EP200G101-M240US01
	IQ Battery	ENCHARGE-3-1P-NA, ENCHARGE-10-1P-NA, ENCHARGE-3T-1P-NA, ENCHARGE-10T-1P-NA
COMMS-KIT-02[3]	IQ System Controller 3	SC200D111C240US01, SC200G111C240US01
	IQ Battery	IQBATTERY-5P-1P-NA

[2] For information about IQ Combiner 5/5C compatibility with the 2nd-generation batteries, refer to the compatibility matrix.
[3] IQ Combiner 5/5C comes pre-equipped with COMMS-KIT-02.

Accessories

Mobile Connect

4G-based LTE-M1 cellular modem with a 5-year data plan (CELLMODEM-M1-06-SP-05 for T-Mobile and CELLMODEM-M1-06-AT-05 for AT&T)

Circuit breakers

BRK-10A-2-240V Circuit breaker, 2-pole, 10 A, Eaton BR210

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

CONTRACT # ELE/260745

APPLICATION FOR INTERCONNECTION OF CUSTOMER-OWNED RENEWABLE GENERATION SYSTEMS

TIER 1 - Ten (10) kW or Less
TIER 2 - Greater than 10 kW and Less Than or Equal to 100 kW
TIER 3 - Greater than 100 kW and Less Than or Equal to Two (2) MW

Note: These customer-owned renewable generation system size limits may be subject to a cumulative enrollment limit on net-metering customers located in the area served by the City of Ocala Electric Utility. Please refer to the Ocala Electric Utility Net-Metering Rate Schedule.

Ocala Electric Utility customers who install customer-owned renewable generation systems (RGS) and desire to interconnect those facilities with the Ocala Electric Utility system are required to complete this application. When the completed application and fees are returned to Ocala Electric Utility, the process of completing the appropriate Tier 1, Tier 2 or Tier 3 Interconnection Agreement can begin. This application and copies of the Interconnection Agreements may be obtained at Ocala Electric Utility, located at 201 SE 3rd Street, Ocala, Florida 34471, or may be requested by email from OEU@ocalafl.org.

1. Customer Information

Name: James R. Whelan

Mailing Address: 3590 SW 24th Avenue Road

City: Ocala State: FL Zip Code: 34471

Phone Number: 561-589-1234 Alternate Phone Number: _____

Email Address: mediarelations@thejrwa.com Fax Number: _____

Ocala Electric Utility Customer Account Number: 534274-263142

2. RGS Facility Information

Facility Location: 3590 SW 24th Avenue Road Ocala, Fl. 34471

Ocala Electric Utility Customer Account Number: 534274-263142

RGS Manufacturer: Hanwha Q.CELLS America, Inc.

Manufacturer's Address: 400 Spectrum Center Drive Suite 1400
Irvine, CA. 92618

Reference or Model Number: Q.PEAK DUO XL-G10.3/BFG (40 Modules-480W)

Serial Number: SCHNEIDER ELECTRIC XW PRO 6848 NA INVERTERS

(Continued on Sheet No.19.1)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

3. Facility Rating Information

Gross Power Rating: 16.32kWac ("Gross power rating" means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with Ocala Electric Utility's distribution facilities. For inverter-based systems, the AC nameplate generating capacity shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.)

Fuel or Energy Source: Solar PV

Anticipated In- Service Date: 5/6/2026

4. Application Fee

The application fee is based on the Gross Power Rating and must be submitted with this application. The non-refundable application fee is $375 for Tier 2 and $750 for Tier 3 installations. There is no application fee for Tier 1 installations.

5. Interconnection Study Fee

For Tier 3 installations, a deposit in the amount of the estimated costs of the study (to be determined at time of application) must be paid along with this application in addition to the application fee referenced in Article 4 above. This deposit will be applied toward the cost of an interconnection study. The customer will be responsible for the actual costs of the study. Should the actual cost of the study be less than the deposit, the difference will be refunded to the customer. Customer agrees to comply with all interconnection requirements identified in the interconnection study report.

6. Required Documentation

Prior to completion of the Interconnection Agreement, the following information must be provided to the Ocala Electric Utility by the customer.

A. Documentation demonstrating that the installation complies with (or most current version at time of inspection approval):

1. IEEE 1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power Systems.
2. IEEE 1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnecting Distributed Resources with Electric Power Systems.
3. UL 1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed Energy Resources.

(Continued on Sheet No. 19.2)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

B. Documentation that the customer-owned renewable generation has been inspected and approved by local code officials prior to its operation in parallel with the Ocala Electric Utility system to ensure compliance with applicable local codes. OEU will also require proof of commission testing by a qualified 3rd party testing company (not affiliated in any way with the manufacturer, vendor or installation contractor), for compliance with all required and applicable codes, standards, and interconnection study requirements, prior to setting of OEU metering equipment.

C. Proof of insurance in the amount of:
Tier 1 - $100,000.00
Tier 2 - $1,000,000.00
Tier 3 - $2,000,000.00

Customer

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 7th day of May, 20 26, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and James R. Whelan, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

(Continued on Sheet No. 20.1)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

(Continued on Sheet No. 20.3)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

(Continued on Sheet No. 20.4)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

7.05. Enforcement of Agreement. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by either FMPA or OEU of the sovereign immunity applicable to either or both of them as established by Florida Statutes, 768.28.

(Continued on Sheet No. 20.5)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

Tier 2
Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 7th day of May, 20 26, by and between James R. Whelan, (hereinafter called "**Customer**"), located at 3590 SW 24th Avenue Rin Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereafter called "**OEU**"), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the interconnection is taking place: 3590 SW 24th Avenue Road Ocala, Fl. 34471.

WITNESSETH

Whereas, a Tier 2 Renewable Generation System (RGS) is an electric generating system that uses one or of more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at more than 10 kilowatts (10 kW) but not greater than 100 kilowatts (100 kW) alternating current (AC) power output and is primarily intended to offset part or all of the customer's current electric requirements; and

Whereas, OEU operates an electric system serving parts of the City of Ocala and Marion County; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU's electrical supply grid at the location indentified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which OEU has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate OEU's electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

(Continued on Sheet No. 22.1)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

(Continued from Sheet No. 22.0)

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and OEU.

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 2 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. In no case should modifications to the RGS be made such that the GPR increases above the 100 kilowatts (100 kW) limit.

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).
5. The Customer shall be required to pay a non-refundable application fee of $375 for the review and processing of the application.

6. The Customer shall fully comply with OEU's Rules and Regulations and Electric Service Specifications as those documents may be amended or revised by OEU from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):
   a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
   b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
   c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*

(Continued on Sheet No. 22.2)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

(Continued from Sheet No. 22.1)

d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising OEU of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 22.3)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes a utility-interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS which (i) utilizes the same utility-interactive inverter for both systems; or (ii) utilizes a separate utility-interactive inverter for each system, then Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU's systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU's electric system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU's electric system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's electric system such that back feed from the customer-owned renewable generation system to OEU's electric system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 22.4)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

(Continued from Sheet No. 22.3)

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Sections 18 and 19, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one million dollars ($1,000,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and also measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OUS inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

(Continued on Sheet No. 22.5)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

(Continued from Sheet No. 22.4)

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU's electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU utility system emergencies, forced outages, uncontrollable forces or compliance with prudent electric utility practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's utility system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical effects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys' fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.

(Continued on Sheet No. 22.6)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, contractors (and any subcontractor or material supplier thereof), agents and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days notice of its intent to terminate this Agreement.

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a

(Continued on Sheet No. 22.7)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement which complies with the amended statutes/rules.

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds 2.5 percent (%) of the aggregate customer peak demand on OEU's electric system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

(Continued on Sheet No. 22.8)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

XW Pro

6.8/8.5 kW Hybrid Inverter for North America

865-6848-21

The XW Pro hybrid inverter provides energy security for residential, small commercial and off-grid applications. With high power ratings and 2X surge capability, the XW Pro is reliable for backup power operation and off-grid loads. In addition, broad battery compatibility provides flexibility in system design. It can be used for solar and storage or backup power systems without solar.

Backup power performance

- Reliable operation of backup power and off-grid loads with a high overload power rating (2x)
- Seamless transition to backup power with an integrated high-speed transfer switch
- Grid and Generator input ports
- Field proven product quality and reliability, building on two decades of experience in solar and storage
- Easy whole-home backup with Schneider Electric Backup Control Switch

Flexible

- 120/240 V output with stacking capability up to 4 units
- Configurable for 120 V output for 3 phase systems
- Connects solar with Conext™ MPPT Charge Controllers or PV inverters for DC-coupled or AC-coupled systems
- Lithium ion and lead acid battery integration
- Grid tied and off-grid systems IEEE1547-2018, Rule 21, HECO Rule 14H and PREPA compliant

Easy to install

- AC Out port for backup loads
- Full ecosystem and accessories for single unit or scalable systems

solar.se.com

- ✓ 48V Li-ion and lead acid battery compatibility
- ✓ Compatible with Schneider Electric range of MPPT charge controllers
- ✓ Flexible solar and battery bank sizing
- ✓ InsightCloud and InsightMobile apps

Insight Energy Management

Technical Specifications

	XW Pro 6848 NA 120/240 V	XW Pro 6848 NA 120 V
Inverter AC Output (Standalone)		
Output power (continuous) at 25°C	6800 W	5760 W
Overload 30 min/60 sec at 25°C	8500 W/12000 W	7200 W/12000 W
Output power (continuous) at 40°C	6000 W	5760 W
Maximum output current 60 seconds (rms)	52 A (240 V)	104 A (120 V)
Output frequency	50/60 Hz	50/60 Hz
Output voltage	Split phase 120/240 V +/- 3%	120 V +/- 3%
Total harmonic distortion at rated power	< 5 %	< 5 %
Idle consumption search mode	< 8 W	< 8 W
Input DC voltage range	40 to 64 V (48 V nominal)	40 to 64 V (48 V nominal)
Maximum input DC current	180 A	180 A
Charger DC Output		
Maximum output charge current	140 A	120 A
Output charge voltage range	40 – 64 V (48 V nominal)	
Charge control	Three stage, two stage, boost, external BMS, custom	
Charge temperature compensation	Battery temperature sensor included	
Power factor corrected charging	0.98	
Compatible battery types	Flooded (default), Gel, AGM, Lithium ion, custom	
AC Input		
AC 1 (grid) input current (selectable limit)	3 – 60 A (60 A default)	3 – 60 A (60 A default)
AC 2 (generator) input current (selectable limit)	3 – 60 A (60 A default)	3 – 60 A (60 A default)
Automatic transfer relay rating/typical transfer time	60 A / 8 ms	60 A / 8 ms
AC input voltage limits (bypass/charge mode)	L-L: 156 - 280 V (240 V nominal)	L-N: 78 - 140 V (120 V nominal)
AC input frequency range (bypass/charge mode)	52 – 68 Hz (allowable)	52 – 68 Hz (allowable)
AC Grid-Tie Output		
Grid sell power	6000 W	5760 W
Grid sell current (selectable limit)	0 to 27 A (240 V)	0 to 48 A (120 V)
Efficiency		
Peak	96.1%	94.8%
CEC weighted efficiency	94.1%	93.6%
General Specifications		
Part number	865-6848-21	
Product/shipping weight	55.2 kg (121.7 lb)/ 76.7 kg (169.0 lb)	
Product dimensions (H x W x D)	58 x 41 x 23 cm (23 x 16 x 9 in)	
Shipping dimensions (H x W x D)	71.1 x 57.2 x 39.4 cm (28.0 x 22.5 x 15.5 in)	
IP degree of protection	NEMA Type 1 Indoor	
Operating air temperature range	-25°C to 70°C (-13°F to 158°F) (power derated above 25°C (77°F))	
Features		
System monitoring and network communications	Available (through Insight)	
Intelligent features	Grid sell, peak load shave, generator support, solar self-supply	
Auxiliary port	0 to 12 V, maximum 250 mA DC output, selectable triggers	
Off-grid AC coupling	Frequency shifting	
Regulatory Approval		
Safety	UL1741, CSA 107.1	
EMC directive	FCC and Industry Canada Class B	
Interconnect	IEEE 1547-2018, UL 1741-SA and SB, Rule 21, Rule 14H, PREPA, and CSA 107.1	
Compatible Products Part Numbers		
Power Distribution Panels	XW Mini PDP (865-1013-01), XW PDP (865-1015-01)	XW PDP without AC Breakers (865-1014-01), 60 A Three Phase Breaker Kit (865-1315-01)
MPPT Charge Controllers	MPPT 100 600 (865-1034), MPPT 80 600 (865-1032), MPPT 60 150 (865-1030-1)	
Monitoring	**Insight**Home (865-0330), **Insight**Facility (865-0335)	
Accessories	Automatic Generator Start (865-1060), Battery Monitor (865-1080-01), Configuration Tool (865-1155-01)

LITHIUM BATTERY POWER

LBP 52v 10kw - 192Ah

48Volt 9,954W Lithium Ion Battery

LBP's 48v 192Ah is a high-performing deep cycle, 48 volt battery, built on patented Lithium Iron Manganese Phosphate chemistry. The LBP48V192AH features a built-in automatic battery management system (BMS) that keeps the battery running at peak performance for maximizing cell cycle life. Custom designed, The LBP48V192AH is powerhouse for any application that currently uses a high energy demand needing to last for hours or even days of service. (Application Determined)

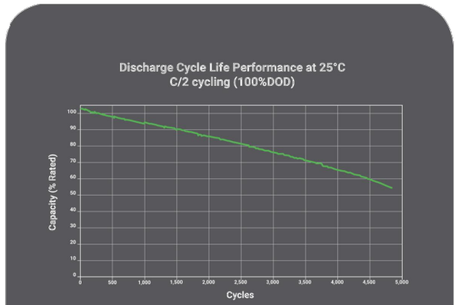
Overview

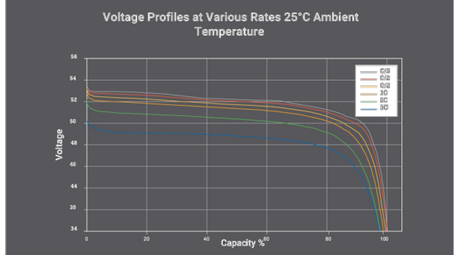
The LBP48V192AH is ideal for mission-critical, material handling or stationary - standby energy storage applications. The module's inherent safety, long cycle life, and zero maintenance offers end-users the assurance of 24/7 system uptime, while delivering significant cost-of-ownership over alternatives to lead acid by replacing with this reliable lithium ion solution performing with at least twice the run-time and <70% of the weight of similarly sized SLA batteries. The internal Battery Management System (BMS) operates seamlessly with any application. The battery system manages all battery module parameters in real-time.

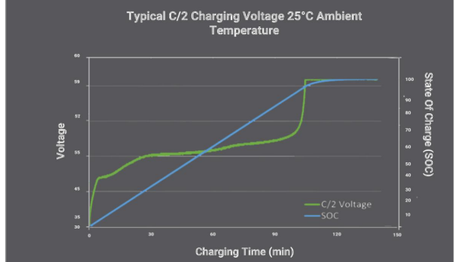
Features

- >3000 cycles at 80% DOD
- Create systems 10kW - 1000's of kW's
- Series and/or parallel operation
- Automatic system cell balancing
- Temperature monitoring
- Exceptional voltage stability
- Rugged mechanical design
- Maintenance-free
- No hydrogen generation or gassing
- **CAN interface for external BMS monitoring by LCD, PC Software, LIN, CAN Clusters**

Specifications		
Nominal Voltage		51.8 V
Nominal Capacity @ 1C		192AH
Charge Voltage		57.7V - 58.8V
Charge Current	Recommended	≤ 95 A
	Max Continuous[1]	100 A
Discharge Voltage Minimum		41.3 V
Discharge Current Max Continuous[1]		200 A
Pulse Current 5 Sec		550A
Weight		136.0 lb. / 61.7 kg
Dimensions L x W x H (including terminals)		36.75" x 19.75" x 4"
BCI Group Number		CUSTOM
Terminals, Female-threaded		Brass M10x1.25 OR 3/8-16
DC internal resistance (max)		>18.8 mΩ







Common Specifications

Operating Temperature	Charging: -10°C to 45°C Discharging: -20°C to 70°C
Storage Temperature	-40°C to 50°C
Operating Humidity	5% to 95%, non-condensing
Water/dust Resistance	IP54
Ingress Protection (IP) of Solids 5	Protected against harmful deposits of dust
Ingress Protection (IP) of Water 4	Protected from water spray from any direction
Certifications	UL 1642 (cells) FCC Class B, CE
Shipping Classification	UN 3480, Class 9 UN 38.3

Battery Management System

All LBP modules include a Battery Management System (BMS). The BMS maintains all the batteries charge/dis-change controls.

Parameters		Value
Voltage	Charging voltage cutoff	60.5±1%
Current	Maximal continuous charging current	≤120A
	Maximal continuous discharging current	≤200A
	Power consumption	<2.25W
Overcharge Protection	Over charge detection voltage	4.2V±0.025V
	Over charge detection delay time	0.96S~1.24S
	Over charge release voltage	4.0V±0.05V
Discharge Protection	Discharge cutoff voltage – Instant Recovery	2.75V±0.08V
Over Discharge Protection	*Over* discharge detection voltage	2.25V±0.08V
	Over discharge detection delay time	<180mS
	Over discharge release voltage	2.5V±0.1V
Short Circuit Protection	Detection condition	Exterior short circuit
	Detection delay time	230~500uS
	Release condition	Cut load, automatically recover
Temperature protection	Over temperature protection	75°C

Backup Control Switch

Microgrid Interconnect Device for the XW Pro inverters

865-BCS-2200

Whole home or partial home backup made easy. When paired with Schneider Electric XW Pro inverters, the Backup Control Switch (BCS) automatically disconnects from the grid during an outage, allowing the system to provide backup power to the home.

The Backup Control Switch is used for larger XW Pro systems requiring up to 200 A rated MID or service entrance installation.

Flexible Installation

- Whole home backup or subpanel backup with up to 200 A rating
- Service entrance rated when installed with a main breaker
- Top or bottom entry for grid input
- Optional non-backup circuit, making it easy to backup an existing panel and remove select non-critical loads
- Configurable for export limiting with integrated meter

Reliable

- Fast 50 ms transfer from grid connected to backup power operation
- Reliable backup power and load starting performance with the compatible XW Pro inverters
- Connect up to 4 XW Pro inverters for up to 27 kW continuous and 48 kW peak backup power capability
- Outdoor rated enclosure
- 10 year limited warranty

solar.se.com

Compatible with XW Pro

Full integration with Schneider Electric's solar & storage line of products, such as XW Pro hybrid inverters, MPPT charge controllers, and Insight Energy Management

Technical Specifications

Backup Control Switch (BCS) 2200	
Electrical Specifications	
Nominal Voltage	120/240 VAC
Frequency	60 Hz
Phase	1 Ø
Max. current rating (mains)	200 A
Optional Main Breaker	100-200 A, 2 pole, 22 kA
Optional Accessories	
Main Breaker	Square D QOM2100VH, QOM2125VH, QOM2150VH, QOM2175VH, QOM2200VH
Non-Backup Breaker	Square D QOU Series, 60-125 A, 2 Pole
Top Entry Conduit Hub	Square D Series B Conduit Hub
Wiring	
Connection from Grid	4 AWG to 300 kcmil with top or bottom cable entry
Connection to Backup Loads	4 AWG to 300 kcmil with two sets of lugs
Connection to Non-Backup panel	12 AWG to 1/0 AWG with optional non-backup circuit breaker installed
General Specifications	
Part Number	865-BCS-2200
Regulatory approvals	UL 1741, UL 67, UL 869A, FCC part 15 class B Suitable for use as Service Equipment when Main AC Circuit Breaker is installed
Meter	Integrated import/export meter and CTs
Enclosure Type	NEMA Type 3R outdoor
Operating Temperature Range	-40–122°F (-40–50°C)*
Product Dimensions (H × W × D)	35 x 19 x 7 3/4" (889 x 485 x 196mm)
Shipping Dimensions (H × W × D)	40 ¾ × 25 ½ × 17 ½" (1035 × 645 × 440 mm)

MPPT PV Optimization

600 Vdc Solar Charge Controllers

6 kW MPPT 100 600 (Part Number 865-1034)
4.8 kW MPPT 80 600 (Part Number 865-1032)

The MPPT 80 and MPPT 100 600 Vdc Solar Charge Controllers optimize the power from PV arrays for DC coupled solar and storage installations, with easy, flexible installation.

Optimum System Performance

- High power, 600 Vdc MPPT PV optimization and battery charge control
- Flexibility for oversized PV array power ratings up to 8.5 kW with the MPPT 100 or 6.8 kW with the MPPT 80
- High efficiency from PV to battery to grid, ideal for the self-consumption of solar energy
- Black start batteries from solar, providing maximum energy resilience for longer duration grid outages
- Harvest more energy with shade tolerant fast sweep MPPT algorithm

Flexible

- Flexible string sizing with a wide MPPT and PV operating voltage range
- Compatible with XW Pro and SW series hybrid inverters for a complete grid tied or off grid solar and storage solution

Easy to Install

- 2 string installations and smaller wire sizing with 600 Vdc PV arrays, allowing faster, lower cost installations
- No need for a combiner box with DC breakers or fuses
- Easy to install PV disconnect and NEC 2017 compliant rapid shutdown transmitter with the MPPT Disconnect RS accessory, UL1741 PVRSS certified

Compatible with Insight Energy Management

- Setup and configuration
- Remote monitoring & control with advanced data security
- Web and mobile app
- Multi-site management for installers

Insight Energy Management

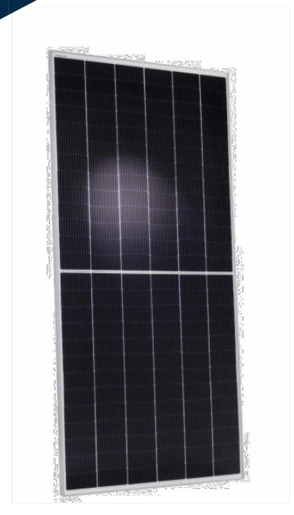
Q CELLS Yield Security



BIFACIAL ENERGY YIELD GAIN OF UP TO 20%
Bifacial Q.ANTUM solar cells with zero gap cell layout make efficient use of light shining on the module rear-side for radically improved LCOE.

LOW ELECTRICITY GENERATION COSTS
Q.ANTUM DUO Z combines cutting edge cell separation and innovative wiring with Q.ANTUM Technology for higher yield per surface area, lower BOS costs, higher power classes, and an efficiency rate of up to 21.4%.

INNOVATIVE ALL-WEATHER TECHNOLOGY
Optimal yields, whatever the weather with excellent low-light and temperature behavior.

ENDURING HIGH PERFORMANCE
Long-term yield security with Anti LID and Anti PID Technology[1], Hot-Spot Protect and Traceable Quality Tra.Q™.

FRAME FOR VERSATILE MOUNTING OPTIONS
High-tech aluminum alloy frame protects from damage, enables use of a wide range of mounting structures and is certified regarding IEC for high snow (5400 Pa) and wind loads (2400 Pa).

A RELIABLE INVESTMENT
Double glass module design enables extended lifetime with 12-year product warranty and improved 30-year performance warranty[2].

[1] APT test conditions according to IEC / TS 62804-1:2015 method B (−1500 V, 168 h) including post treatment according to IEC 61215-1-1 Ed. 2.0 (CD)
[2] See data sheet on rear for further information.

THE IDEAL SOLUTION FOR:

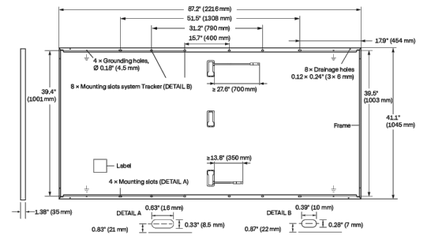
Ground-mounted solar power plants

Engineered in Germany

Q CELLS

MECHANICAL SPECIFICATION

Format	87.2 in × 41.1 in × 1.38 in (including frame) (2216 mm × 1045 mm × 35 mm)
Weight	64.2 lbs (29.1 kg)
Front Cover	0.08 in (2.0 mm) thermally pre-stressed glass with anti-reflection technology
Back Cover	0.08 in (2.0 mm) semi-tempered glass
Frame	Anodized aluminum
Cell	6 × 26 monocrystalline Q.ANTUM solar half cells
Junction Box	2.09-3.98 in × 1.26-2.36 in × 0.59-0.71 in (53-101 mm × 32-60 mm × 15-18 mm), IP67, with bypass diodes
Cable	4 mm² Solar cable; (+) ≥27.6 in (700 mm), (−) ≥13.8 in (350 mm)
Connector	Stäubli MC4, Stäubli MC4-Evo2, Hanwha Q CELLS HQC4, IP68



Drawing not to scale

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

CONTRACT # ELE / 260746

APPLICATION FOR INTERCONNECTION OF CUSTOMER-OWNED RENEWABLE GENERATION SYSTEMS

TIER 1 - Ten (10) kW or Less
TIER 2 - Greater than 10 kW and Less Than or Equal to 100 kW
TIER 3 - Greater than 100 kW and Less Than or Equal to Two (2) MW

Note: These customer-owned renewable generation system size limits may be subject to a cumulative enrollment limit on net-metering customers located in the area served by the City of Ocala Electric Utility. Please refer to the Ocala Electric Utility Net-Metering Rate Schedule.

Ocala Electric Utility customers who install customer-owned renewable generation systems (RGS) and desire to interconnect those facilities with the Ocala Electric Utility system are required to complete this application. When the completed application and fees are returned to Ocala Electric Utility, the process of completing the appropriate Tier 1, Tier 2 or Tier 3 Interconnection Agreement can begin. This application and copies of the Interconnection Agreements may be obtained at Ocala Electric Utility, located at 201 SE 3rd Street, Ocala, Florida 34471, or may be requested by email from OEU@ocalafl.org.

1. Customer Information

Name: Maricela Caldero

Mailing Address: 2806 NW 4th Avenue

City: Ocala State: FL Zip Code: 34475

Phone Number: 352-484-4919 Alternate Phone Number: _____

Email Address: madonel182@gmail.com Fax Number: _____

Ocala Electric Utility Customer Account Number: 555904-152547

2. RGS Facility Information

Facility Location: 2806 NW 4th Avenue Ocala, Fl. 34475

Ocala Electric Utility Customer Account Number: 555904-152547

RGS Manufacturer: Aptos Solar Technology

Manufacturer's Address: 3140 De La Cruz Blvd. STE200

Santa Clara, CA. 95054

Reference or Model Number: DNA-120-MF26 370W(23-Modules)

Serial Number: Enphase Microinverters-IQ8PLUS-72-2-US

(Continued on Sheet No.19.1)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

3. Facility Rating Information

Gross Power Rating: 7.23kWac ("Gross power rating" means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with Ocala Electric Utility's distribution facilities. For inverter-based systems, the AC nameplate generating capacity shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.)

Fuel or Energy Source: Solar PV

Anticipated In- Service Date: 4/22/25

4. Application Fee

The application fee is based on the Gross Power Rating and must be submitted with this application. The non-refundable application fee is $375 for Tier 2 and $750 for Tier 3 installations. There is no application fee for Tier 1 installations.

5. Interconnection Study Fee

For Tier 3 installations, a deposit in the amount of the estimated costs of the study (to be determined at time of application) must be paid along with this application in addition to the application fee referenced in Article 4 above. This deposit will be applied toward the cost of an interconnection study. The customer will be responsible for the actual costs of the study. Should the actual cost of the study be less than the deposit, the difference will be refunded to the customer. Customer agrees to comply with all interconnection requirements identified in the interconnection study report.

6. Required Documentation

Prior to completion of the Interconnection Agreement, the following information must be provided to the Ocala Electric Utility by the customer.

A. Documentation demonstrating that the installation complies with (or most current version at time of inspection approval):

1. IEEE 1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power Systems.
2. IEEE 1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnecting Distributed Resources with Electric Power Systems.
3. UL 1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed Energy Resources.

(Continued on Sheet No. 19.2)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

B. Documentation that the customer-owned renewable generation has been inspected and approved by local code officials prior to its operation in parallel with the Ocala Electric Utility system to ensure compliance with applicable local codes. OEU will also require proof of commission testing by a qualified 3rd party testing company (not affiliated in any way with the manufacturer, vendor or installation contractor), for compliance with all required and applicable codes, standards, and interconnection study requirements, prior to setting of OEU metering equipment.

C. Proof of insurance in the amount of:
Tier 1 - $100,000.00
Tier 2 - $1,000,000.00
Tier 3 - $2,000,000.00

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 22nd day of April, 20 25, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and Maricela Caldero, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

(Continued on Sheet No. 20.1)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

(Continued on Sheet No. 20.3)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

(Continued on Sheet No. 20.4)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

7.05. Enforcement of Agreement. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by either FMPA or OEU of the sovereign immunity applicable to either or both of them as established by Florida Statutes, 768.28.

(Continued on Sheet No. 20.5)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

Tier 1 – Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 22nd day of April, 20 25, by and between Maricela Caldero, (hereinafter called "**Customer**"), located at 2806 NW 4th Avenue in Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereinafter called OEU), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the interconnection is taking place: 2806 NW 4th Avenue Ocala, Fl. 34475.

WITNESSETH

Whereas, a Tier 1 Renewable Generation System (RGS) is an electric generating system that uses one or more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at no more than ten (10) kilowatts (10 kW) alternating current (AC) power output and is primarily intended to offset part or all of the Customer's current electric requirements; and

Whereas, OEU operates an electric system serving the City of Ocala; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU' electrical supply grid at the location identified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU' ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, the OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

(Continued on Sheet No. 21.1)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

(Continued from Sheet No. 21.0)

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and the City of Ocala Electric Utility (OEU).

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU's distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 1 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. Increase in GPR above the ten kilowatt (10 kW) limit would necessitate entering into a new agreement at either Tier 2 or Tier 3 which may impose additional requirements on the Customer. In no case does the Tier 1, Tier 2 or Tier 3 agreement cover increases in GPR above two megawatts (2MW).

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).

5. The Customer shall not be required to pay any special fees due solely to the installation of the RGS.

6. The Customer shall fully comply with OEU's Design Standards following NEC standards as those documents may be amended or revised by OUS from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):

a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*
d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

(Continued to Sheet No. 21.2)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

(Continued from Sheet No. 21.1)

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 21.3)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes an OEU interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU's electric power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS that (i) utilizes the same OEU interactive inverter for both systems, or (ii) utilizes a separate OEU interactive inverter for each system, Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU' systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's system, such that back feed from the customer-owned renewable generation system to OEU's system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 21.4)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

(Continued from Sheet No. 21.3)

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Section 18, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one hundred thousand dollars ($100,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

(Continued on Sheet No. 21.5)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OEU inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU' electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU system emergencies, forced outages, uncontrollable forces or compliance with prudent electric OEU practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical affects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU.
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

(Continued to Sheet No. 21.6)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.
b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, agents, contractors (and any subcontractor or material supplier thereof) and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days' notice of its intent to terminate this Agreement.

(Continued on Sheet No. 21.7)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection Agreement and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement, which complies with the amended statutes/rules.

(Continued on Sheet No. 21.8)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule, (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

(Continued on Sheet No. 21.9)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

The Hurricane portion of the premium is:	$906.92
The non-Hurricane portion of the premium is:	$2,027.52

Insurance is provided only with respect to the following coverages for which a limit of liability and/or premium is specified, subject to all conditions of this policy. Based on the information available to us, the premium shown is the lowest we offer for which you qualify.

SECTION I – PROPERTY COVERAGES	LIMIT OF LIABILITY	PREMIUM
Coverage A – Dwelling	$312,000	$2,934.44
Coverage B – Other Structures	$6,240	Included
Coverage C – Personal Property	$156,000	Included
Coverage D – Loss of Use	$31,200	Included
Ordinance or Law: 25% of Coverage A	$78,000	Included

SECTION I – DEDUCTIBLES:
In case of a property loss, we only cover that part of the loss over the deductible(s) stated:

All Other Perils:	$1,000
Windstorm or Hail (Other Than Hurricane)	$1,000
HURRICANE: 2% of Coverage A	**$6,240**
Sinkhole:	Not Included

SECTION II – LIABILITY COVERAGES		
Coverage E - Personal Liability	$100,000	Included
Coverage F - Medical Payments to Others	$1,000	Included

OPTIONAL COVERAGES:	LIMIT OF LIABILITY	PREMIUM
Home Cyber Protection	$25,000	$31.17
Ordinance or Law	$78,000	Included

GENERAL NOTES

1. ALL COMPONENTS ARE UL LISTED AND NEC CERTIFIED, WHERE WARRANTED.
2. THE SOLAR PV SYSTEM WILL BE INSTALLED IN ACCORDANCE WITH ARTICLE 690 OF THE NEC 2020.
3. THE UTILITY INTERCONNECTION APPLICATION MUST BE APPROVED AND PV SYSTEM INSPECTED PRIOR TO PARALLEL OPERATION.
4. ALL CONDUCTORS OF A CIRCUIT, INCLUDING THE EGC, MUST BE INSTALLED IN THE SAME RACEWAY, OR CABLE, OR OTHERWISE RUN WITH THE PV ARRAY CIRCUIT CONDUCTORS WHEN THEY LEAVE THE VICINITY OF THE PV ARRAY.
5. WHERE METALLIC CONDUIT CONTAINING DC CONDUCTORS IS USED INSIDE THE BUILDING, IT SHALL BE IDENTIFIED AS "CAUTION: SOLAR CIRCUIT" EVERY 10FT.
6. HEIGHT OF THE AC DISCONNECT SHALL NOT EXCEED 6'-7" PER NEC CODE 240.24.
7. A GROUNDING ELECTRODE SYSTEM IN ACCORDANCE WITH NEC 2020 690.47 AND 250.50 THROUGH 60 AND 250-166 SHALL BE PROVIDED. PER NEC GROUNDING ELECTRODE SYSTEM OF EXISTING BUILDING MAY BE USED AND BONDED TO THE SERVICE ENTRANCE. IF EXISTING SYSTEM IS INACCESSIBLE OR INADEQUATE A SUPPLEMENTAL GROUNDING ELECTRODE WILL BE USED AT THE INVERTER LOCATION CONSISTING OF A UL LISTED 8 FT. GROUND ROD WITH ACORN CLAMP. GROUNDING ELECTRODE CONDUCTORS SHALL BE NO LESS THAN #8 AWG AND NO LARGER THAN #6 AWG COPPER AND BONDED TO THE EXISTING GROUNDING ELECTRODE TO PROVIDE FOR A COMPLETE SYSTEM.
8. PHOTOVOLTAIC MODULES ARE TO BE CONSIDERED NON-COMBUSTIBLE.
9. PHOTOVOLTAIC INSTALLATION WILL NOT OBSTRUCT ANY PLUMBING, MECHANICAL, OR BUILDING ROOF VENTS.
10. ALL WIRING MUST BE PROPERLY SUPPORTED BY DEVICES OR MECHANICAL MEANS DESIGNED AND LISTED FOR SUCH USE. WIRING MUST BE PERMANENTLY AND COMPLETELY HELD OFF THE ROOF SURFACE.
11. ALL SIGNAGE TO BE PLACED IN ACCORDANCE WITH THE LOCAL BUILDING CODE. IF EXPOSED TO SUNLIGHT, IT SHALL BE UV RESISTANT. ALL PLAQUES AND SIGNAGE WILL BE INSTALLED AS REQUIRED BY THE NEC AND AHJ.
12. INVERTER(S) USED IN UNGROUNDED SYSTEM SHALL BE UL 1741 LISTED.
13. THE INSTALLATION OF EQUIPMENT AND ALL ASSOCIATED WIRING AND INTERCONNECTION SHALL BE PERFORMED ONLY BY QUALIFIED PERSONS [NEC 690.4(C)]
14. ALL OUTDOOR EQUIPMENT SHALL BE NEMA 3R RATED (OR BETTER), INCLUDING ALL ROOF MOUNTED TRANSITION BOXES AND SWITCHES.
15. ALL EQUIPMENT SHALL BE PROPERLY GROUNDED AND BONDED IN ACCORDANCE WITH NEC ARTICLE 250.
16. SYSTEM GROUNDING SHALL BE IN ACCORDANCE WITH NEC 690.41.
17. PV SYSTEM CIRCUITS INSTALLED ON OR IN BUILDINGS SHALL INCLUDE A RAPID SHUTDOWN FUNCTION IN ACCORDANCE WITH NEC 690.12
18. DISCONNECTING MEANS SHALL BE LOCATED IN A VISIBLE, READILY ACCESSIBLE LOCATION WITHIN THE PV SYSTEM EQUIPMENT OR A MAXIMUM OF 10 FEET AWAY FROM THE SYSTEM [NEC 690.13(A)]
19. ALL WIRING METHODS SHALL BE IN ACCORDANCE WITH NEC 690.31
20. WORK CLEARANCES AROUND ELECTRICAL EQUIPMENT WILL BE MAINTAINED PER NEC 110.26(A)(1), 110.26(A)(2) AND 110.26(A)(3).
21. ROOFTOP MOUNTED PHOTOVOLTAIC PANELS AND MODULES SHALL BE TESTED, LISTED & IDENTIFIED IN ACCORDANCE WITH UL1703
22. ELECTRICAL CONTRACTOR TO PROVIDE CONDUIT EXPANSION JOINTS AND ANCHOR CONDUIT RUNS AS REQUIRED PER NEC.
23. IN ACCORDANCE WITH 2021 IFC 1205.5, 2018 IFC 1204.4, AND 2015 IFC 605.11.2 A CLEAR, BRUSH-FREE AREA OF 10 FEET(3048 MM) SHALL BE REQUIRED FOR GROUND-MOUNTED PHOTOVOLTAIC ARRAYS.
24. PANEL LAYOUT ORIENTATION IS SUBJECT TO CHANGE ON DESIGNED MOUNTING PLANES.

DC SYSTEM SIZE: 23 x 370 = 8.510KW DC
AC SYSTEM SIZE: 23 x 290 = 6.670KW AC

(23) APTOS SOLAR: DNA-120-MF26 370W MONO MODULES WITH
(23) ENPHASE IQ8PLUS-72-2-US (240) MICROINVERTERS

(1) CIRCUIT OF 12 MODULES AND
(1) CIRCUIT OF 11 MODULES ARE CONNECTED IN PARALLEL

INSTRALLER / ELECTRICAN NOTE:
EC IS TO MEASURE VOLTAGE BEFORE WORK. IF RESULT IS ANY OTHER VOLTAGE MEASURED THAN 120/ 240 V IS OBSERVED . DO NOT PROCCED CONTACT ENGINEER

INTERCONNECTION NOTES:
1. INTERCONNECTION SIZING, LIMITATIONS AND COMPLIANCE DETERMINED IN ACCORDANCE WITH [NEC 705.12], AND [NEC 690.59].
2. GROUND FAULT PROTECTION IN ACCORDANCE WITH [NEC 215.9], [NEC 230.95].
3. ALL EQUIPMENT TO BE RATED FOR BACKFEEDING.
4. PV BREAKER TO BE POSITIONED AT THE OPPOSITE END OF THE BUSBAR RELATIVE TO THE MAIN BREAKER.

DISCONNECT NOTES:
1. DISCONNECTING SWITCHES SHALL BE WIRED SUCH THAT WHEN THE SWITCH IS OPENED THE CONDUCTORS REMAINING LIVE ARE CONNECTED TO THE TERMINALS MARKED “LINE SIDE” (TYPICALLY THE UPPER TERMINALS)
2. AC DISCONNECT MUST BE ACCESSIBLE TO QUALIFIED UTILITY PERSONNEL, BE LOCKABLE, AND BE A VISIBLE-BREAK SWITCH
3. DISCONNECT MEANS AND THEIR LOCATION SHALL BE IN ACCORDANCE WITH [NEC 225.31] AND [NEC 225.32].

GROUNDING & GENERAL NOTES:
1. **GROUNDING ELECTRODES AND GROUNDING ELECTRODE CONDUCTORS.** ADDITIONAL GROUNDING ELECTRODES SHALL BE PERMITTED TO BE INSTALLED IN ACCORDANCE WITH 250.52 AND 250.54.GROUNDING ELECTRODES SHALL BE PERMITTED TO BE CONNECTED DIRECTLY TO THE PV MODULE FRAME(S) OR SUPPORT STRUCTURE PER [NEC 690.47(B)]
2. PV INVERTER IS UNGROUNDED, TRANSFORMER-LESS TYPE.
3. DC GEC AND AC EGC TO REMAIN UNSPLICED, OR SPLICED TO EXISTING ELECTRODE
4. ANY EXISTING WIRING INVOLVED WITH PV SYSTEM CONNECTION THAT IS FOUND TO BE INADEQUATE PER CODE SHALL BE CORRECTED PRIOR TO FINAL INSPECTION.
5. SOLADECK QUANTITIES, AND PLACEMENT SUBJECT TO CHANGE IN THE FIELD - SOLADECK DEPICTED ON ELECTRICAL DIAGRAM REPRESENT WIRE TYPE TRANSITIONS.
6. AC DISCONNECT NOTED IN EQUIPMENT SCHEDULE OPTIONAL IF OTHER AC DISCONNECTING MEANS IS LOCATED WITHIN 10' OF SERVICE DISCONNECT.
7. RACEWAYS AND CABLES EXPOSED TO SUNLIGHT ON ROOFTOPS SHOULD BE INSTALLED MORE THAN 7/8" ABOVE THE ROOF USING CONDUIT SUPPORTS.
8. ALL NEW SERVICE INSTALLATIONS AND REPLACEMENTS REQUIRE A SURGE-PROTECTIVE DEVICE (SPD) IN ACCORDANCE WITH [NEC 230.67]. THE SPD SHALL BE TYPE 1 OR TYPE 2 AND IS REQUIRED TO BE AN INTEGRAL PART OF THE SERVICE EQUIPMENT OR LOCATED IMMEDIATELY ADJACENT THERETO.

ENPHASE

DATA SHEET

IQ8 and IQ8+ Microinverters

Our newest IQ8 Microinverters are the industry's first microgrid-forming, software-defined microinverters with split-phase power conversion capability to convert DC power to AC power efficiently. The brain of the semiconductor-based microinverter is our proprietary application-specific integrated circuit (ASIC), which enables the microinverter to operate in grid-tied or off-grid modes. This chip is built using advanced 55-nm technology with high-speed digital logic and has superfast response times to changing loads and grid events, alleviating constraints on battery sizing for home energy systems.

Part of the Enphase Energy System, IQ8 Series Microinverters integrate with the IQ Battery, IQ Gateway, and the Enphase App monitoring and analysis software.

Enphase 25 year limited warranty

IQ8 Series Microinverters redefine reliability standards with more than one million cumulative hours of power-on testing, enabling an industry-leading limited warranty of up to 25 years.

Connect PV modules quickly and easily to IQ8 Series Microinverters using the included Q-DCC-2 adapter cable with plug-and-play MC4 connectors.

CERTIFIED SAFETY

IQ8 Series Microinverters are UL Listed as PV rapid shutdown equipment and conform with various regulations, when installed according to the manufacturer's instructions.

*Meets UL 1741 only when installed with IQ System Controller 2 or 3.
**IQ8 and IQ8+ support split-phase, 240 V installations only.

© 2024 Enphase Energy. All rights reserved. Enphase, the e and CC logos, IQ, and certain other marks listed at https://enphase.com/trademark-usage-guidelines are trademarks of Enphase Energy, Inc. in the U.S. and other countries. Data subject to change.

Easy to install

- Lightweight and compact with plug-and-play connectors
- Power line communication (PLC) between components
- Faster installation with simple two-wire cabling

High productivity and reliability

- Produce power even when the grid is down*
- More than one million cumulative hours of testing
- Class II double-insulated enclosure
- Optimized for the latest high-powered PV modules

Microgrid-forming

- Compliant with the latest advanced grid support**
- Remote automatic updates for the latest grid requirements
- Configurable to support a wide range of grid profiles
- Meets CA Rule 21 (UL 1741-SA) and IEEE 1547:2018 (UL 1741-SB)

NOTE:

- IQ8 Microinverters cannot be mixed with previous generations of Enphase microinverters (IQ7 Series, IQ6 Series, and so on) in the same system.
- IQ Microinverters ship with default settings that meet North America's IEEE 1547 interconnection standard requirements. Region-specific adjustments may be requested by an Authority Having Jurisdiction (AHJ) or utility representative according to the IEEE 1547 interconnection standard. An IQ Gateway is required to make these changes during installation.

IQ8 and IQ8+ Microinverters

INPUT DATA (DC)	UNITS	IQ8-60-2-US	IQ8PLUS-72-2-US
Commonly used module pairings[1]	W	235–350	235–440
Module compatibility	–	To meet compatibility, PV modules must be within maximum input DC voltage and maximum module I_{sc} listed below. Module compatibility can be checked at https://enphase.com/installers/microinverters/calculator.	
MPPT voltage range	V	27–37	27–45
Operating range	V	16–48	16–58
Minimum/Maximum start voltage	V	22/48	22/58
Maximum input DC voltage	V	50	60
Maximum continuous input DC current	A	10	12
Maximum input DC short-circuit current	A	25	
Maximum module (I_{sc})	A	20	
Overvoltage class DC port	–	II	
DC port backfeed current	mA	0	
PV array configuration	–	Ungrounded array; no additional DC side protection required; AC side protection requires maximum 20 A per branch circuit.	
OUTPUT DATA (AC)	**UNITS**	**IQ8-60-2-US**	**IQ8PLUS-72-2-US**
Peak output power	VA	245	300
Maximum continuous output power	VA	240	290
Nominal grid voltage (L-L)	V	240, split-phase (L-L), 180°	
Minimum and Maximum grid voltage[2]	V	211-264	
Maximum continuous output current	A	1.0	1.21
Nominal frequency	Hz	60	
Extended frequency range	Hz	47–68	
AC short-circuit fault current over three cycles	Arms	2	
Maximum units per 20 A (L-L) branch circuit[3]	–	16	13
Total harmonic distortion	%	<5	
Overvoltage class AC port	–	III	
AC port backfeed current	mA	30	
Power factor setting	–	1.0	
Grid-tied power factor (adjustable)	–	0.85 leading ... 0.85 lagging	
Peak efficiency	%	97.7	
CEC weighted efficiency	%	97	
Nighttime power consumption	mW	23	25
MECHANICAL DATA			
Ambient temperature range		-40°C to 60°C (-40°F to 140°F)	
Relative humidity range		4% to 100% (condensing)	
DC connector type		MC4	
Dimensions (H × W × D)		212 mm (8.3 in) × 175 mm (6.9 in) × 30.2 mm (1.2 in)	
Weight		1.08 kg (2.38 lbs)	
Cooling		Natural convection–no fans	
Approved for wet locations		Yes	
Pollution degree		PD3	
Enclosure		Class II double-insulated, corrosion-resistant polymeric enclosure	
Environmental category/UV exposure rating		NEMA Type 6/Outdoor	

(1) No enforced DC/AC ratio.
(2) Nominal voltage range can be extended beyond nominal if required by the utility.
(3) Limits may vary. Refer to local requirements to define the number of microinverters per branch in your area.

IQ Combiner 4/4C

X-IQ-AM1-240-4C
X2-IQ-AM1-240-4C (IEEE 1547:2018)

X-IQ-AM1-240-4
X2-IQ-AM1-240-4 (IEEE 1547:2018)

The **IQ Combiner 4/4C** with IQ Gateway and integrated LTE-M1 cell modem (included only with IQ Combiner 4C) consolidates interconnection equipment into a single enclosure. It streamlines IQ Microinverters and storage installations by providing a consistent, pre-wired solution for residential applications. It offers up to four 2-pole input circuits and Eaton BR series busbar assembly.

Smart

- Includes IQ Gateway for communication and control
- Includes Mobile Connect cellular modem (CELLMODEM-M1-06-SP-05), included only with IQ Combiner 4C
- Includes solar shield to match Enphase IQ Battery aesthetics and deflect heat
- Supports Wi-Fi, Ethernet, or cellular connectivity
- Optional AC receptacle available for PLC bridge
- Provides production metering and consumption monitoring

Simple

- Mounts on single stud with centered brackets
- Supports bottom, back and side conduit entry
- Allows up to four 2-pole branch circuits for 240VAC plug-in breakers (not included)
- 80A total PV or storage branch circuits

Reliable

- Durable NRTL-certified NEMA type 3R enclosure
- Five-year limited warranty
- Two years labor reimbursement program coverage included for both the IQ Combiner SKU's
- UL listed
- X2-IQ-AM1-240-4 and X2-IQ-AM1-240-4C comply with IEEE 1547:2018 (UL 1741-SB, 3rd Ed.)

UL LISTED

ENPHASE

IQ Combiner 4/4C

MODEL NUMBER	
IQ Combiner 4 X-IQ-AM1-240-4 X2-IQ-AM1-240-4 (IEEE 1547:2018)	IQ Combiner 4 with IQ Gateway printed circuit board for integrated revenue grade PV production metering (ANSI C12.20 ± 0.5%) and consumption monitoring (± 2.5%). Includes a silver solar shield to match the IQ Battery and IQ System Controller 2 and to deflect heat.
IQ Combiner 4C X-IQ-AM1-240-4C X2-IQ-AM1-240-4C (IEEE 1547:2018)	IQ Combiner 4C with IQ Gateway printed circuit board for integrated revenue grade PV production metering (ANSI C12.20 ± 0.5%) and consumption monitoring (± 2.5%). Includes Mobile Connect cellular modem (CELLMODEM-M1-06-SP-05), a plug-and-play industrial-grade cell modem for systems up to 60 microinverters. (Available in the US, Canada, Mexico, Puerto Rico, and the US Virgin Islands, where there is adequate cellular service in the installation area.) Includes a silver solar shield to match the IQ Battery and IQ System Controller and to deflect heat.
ACCESSORIES AND REPLACEMENT PARTS	(not included, order separately)
Supported microinverters	IQ6, IQ7, and IQ8. (Do not mix IQ6/7 Microinverters with IQ8)
Communications Kit COMMS-CELLMODEM-M1-06 CELLMODEM-M1-06-SP-05 CELLMODEM-M1-06-AT-05	- Includes COMMS-KIT-01 and CELLMODEM-M1-06-SP-05 with 5-year Sprint data plan - 4G based LTE-M1 cellular modem with 5-year Sprint data plan - 4G based LTE-M1 cellular modem with 5-year AT&T data plan

Circuit breaker, 2 pole, 10A, Eaton BR210 Circuit breaker, 2 pole, 15A, Eaton BR215 Circuit breaker, 2 pole, 20A, Eaton BR220 Circuit breaker, 2 pole, 15A, Eaton BR215B with hold down kit support Circuit breaker, 2 pole, 20A, Eaton BR220B with hold down kit support
XA-SOLARSHIELD-ES	Replacement solar shield for IQ Combiner 4/4C
XA-PLUG-120-3	Accessory receptacle for Power Line Carrier in IQ Combiner 4/4C (required for EPLC-01)
X-IQ-NA-HD-125A	Hold-down kit for Eaton circuit breaker with screws
Consumption monitoring CT (CT-200-SPLIT/CT-200-CLAMP)	A pair of 200A split core current transformers
ELECTRICAL SPECIFICATIONS	
Rating	Continuous duty
System voltage	120/240VAC, 60 Hz
Eaton BR series busbar rating	125A
Max. continuous current rating	65A
Max. continuous current rating (input from PV/storage)	64A
Max. fuse/circuit rating (output)	90A
Branch circuits (solar and/or storage)	Up to four 2-pole Eaton BR series Distributed Generation (DG) breakers only (not included)
Max. total branch circuit breaker rating (input)	80A of distributed generation/95A with IQ Gateway breaker included
IQ Gateway breaker	10A or 15A rating GE/Siemens/Eaton included
Production metering CT	200A solid core pre-installed and wired to IQ Gateway
MECHANICAL DATA	
Dimensions (WxHxD)	37.5 cm x 49.5 cm x 16.8 cm (14.75 in x 19.5 in x 6.63 in). Height is 53.5 cm (21.06 in) with mounting brackets.
Weight	7.5 kg (16.5 lbs)
Ambient temperature range	-40°C to +46°C (-40°F to 115°F)
Cooling	Natural convection, plus heat shield
Enclosure environmental rating	Outdoor, NRTL-certified, NEMA type 3R, polycarbonate construction
Wire sizes	• 20A to 50A breaker inputs: 14 to 4 AWG copper conductors • 60A breaker branch input: 4 to 1/0 AWG copper conductors • Main lug combined output: 10 to 2/0 AWG copper conductors • Neutral and ground: 14 to 1/0 copper conductors • Always follow local code requirements for conductor sizing.
Altitude	Up to 3,000 meters (9,842 feet)
INTERNET CONNECTION OPTIONS	
Integrated Wi-Fi	IEEE 802.11b/g/n
Cellular	CELLMODEM-M1-06-SP-05, CELLMODEM-M1-06-AT-05 (4G based LTE-M1 cellular modem). Note that an Mobile Connect cellular modem is required for all Enphase Energy System installations.

DNA™ 120

Solar for Innovators

Residential I Commercial

Designed & Engineered in Silicon Valley
370W I 365W I 360W

Our DNA™ Split Cell Series impressively combines advanced solar technologies to maximize performance. Our patented Dual Nano Absorber (DNA™) Technology allows the panel to operate at high-efficencies in extreme temperatures. Contact our sales team today to learn more about our line of high-efficienty solar panels.

- Patented DNA™ technology boosts power performance & module efficiency
- Advanced split cell technology with 9 ultra-thin busbars allows for less resistance and more photon capture
- Ideal solution for applications affected by shading
- All-black design for pristine aesthetics
  No excessive silver bussing or ribbons
- Robust product design is resilient in extreme weather. Up to 5400 Pa snow load and 210 mph wind speeds

30 Year Warranty | 3X IEC Standards | RETC Top Performer

Linear Performance Warranty

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

CONTRACT # ELE/260730

APPLICATION FOR INTERCONNECTION OF CUSTOMER-OWNED RENEWABLE GENERATION SYSTEMS

TIER 1 - Ten (10) kW or Less
TIER 2 - Greater than 10 kW and Less Than or Equal to 100 kW
TIER 3 - Greater than 100 kW and Less Than or Equal to Two (2) MW

Note: These customer-owned renewable generation system size limits may be subject to a cumulative enrollment limit on net-metering customers located in the area served by the City of Ocala Electric Utility. Please refer to the Ocala Electric Utility Net-Metering Rate Schedule.

Ocala Electric Utility customers who install customer-owned renewable generation systems (RGS) and desire to interconnect those facilities with the Ocala Electric Utility system are required to complete this application. When the completed application and fees are returned to Ocala Electric Utility, the process of completing the appropriate Tier 1, Tier 2 or Tier 3 Interconnection Agreement can begin. This application and copies of the Interconnection Agreements may be obtained at Ocala Electric Utility, located at 201 SE 3rd Street, Ocala, Florida 34471, or may be requested by email from OEU@ocalafl.org.

1. Customer Information

Name: Michael Hernandez

Mailing Address: 410 SE 41st Avenue

City: Ocala State: FL Zip Code: 34471

Phone Number: 407-968-0219 Alternate Phone Number: _____

Email Address: Mahernandez10.8@gmail.com Fax Number: _____

Ocala Electric Utility Customer Account Number: 519998-229026

2. RGS Facility Information

Facility Location: 410 SE 41st Avenue Ocala, Fl. 34471

Ocala Electric Utility Customer Account Number: 519998-229026

RGS Manufacturer: Silfab Solar, Inc.

Manufacturer's Address: 240 Courtneypark Drive East
Mississauga, ON L5T 2Y3 Canada

Reference or Model Number: SIL-360-NX (32 Modules 360W)

Serial Number: Inverter-Enphase IQ7PLUS-72-2-US (32-Micro-Inverters)

(Continued on Sheet No.19.1)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

3. Facility Rating Information

Gross Power Rating: 9.79kWac ("Gross power rating" means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with Ocala Electric Utility's distribution facilities. For inverter-based systems, the AC nameplate generating capacity shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.)

Fuel or Energy Source: Solar PV

Anticipated In- Service Date: 3/2/2022

4. Application Fee

The application fee is based on the Gross Power Rating and must be submitted with this application. The non-refundable application fee is $375 for Tier 2 and $750 for Tier 3 installations. There is no application fee for Tier 1 installations.

5. Interconnection Study Fee

For Tier 3 installations, a deposit in the amount of the estimated costs of the study (to be determined at time of application) must be paid along with this application in addition to the application fee referenced in Article 4 above. This deposit will be applied toward the cost of an interconnection study. The customer will be responsible for the actual costs of the study. Should the actual cost of the study be less than the deposit, the difference will be refunded to the customer. Customer agrees to comply with all interconnection requirements identified in the interconnection study report.

6. Required Documentation

Prior to completion of the Interconnection Agreement, the following information must be provided to the Ocala Electric Utility by the customer.

A. Documentation demonstrating that the installation complies with (or most current version at time of inspection approval):

1. IEEE 1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power Systems.
2. IEEE 1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnecting Distributed Resources with Electric Power Systems.
3. UL 1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed Energy Resources.

(Continued on Sheet No. 19.2)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

B. Documentation that the customer-owned renewable generation has been inspected and approved by local code officials prior to its operation in parallel with the Ocala Electric Utility system to ensure compliance with applicable local codes. OEU will also require proof of commission testing by a qualified 3rd party testing company (not affiliated in any way with the manufacturer, vendor or installation contractor), for compliance with all required and applicable codes, standards, and interconnection study requirements, prior to setting of OEU metering equipment.

C. Proof of insurance in the amount of:
Tier 1 - $100,000.00
Tier 2 - $1,000,000.00
Tier 3 - $2,000,000.00

Customer

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 4th day of May, 20 26, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and Michael Hernandez, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

(Continued on Sheet No. 20.1)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

(Continued on Sheet No. 20.3)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

(Continued on Sheet No. 20.4)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

7.05. Enforcement of Agreement. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by either FMPA or OEU of the sovereign immunity applicable to either or both of them as established by Florida Statutes, 768.28.

(Continued on Sheet No. 20.5)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

Tier 1 – Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 4th day of May, 20 26, by and between Michael Hernandez, (hereinafter called "**Customer**"), located at 410 SE 41st Avenue in Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereinafter called OEU), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the interconnection is taking place: 410 SE 41st Avenue Ocala, Fl. 34471.

WITNESSETH

Whereas, a Tier 1 Renewable Generation System (RGS) is an electric generating system that uses one or more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at no more than ten (10) kilowatts (10 kW) alternating current (AC) power output and is primarily intended to offset part or all of the Customer's current electric requirements; and

Whereas, OEU operates an electric system serving the City of Ocala; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU' electrical supply grid at the location identified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU' ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, the OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

(Continued on Sheet No. 21.1)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

(Continued from Sheet No. 21.0)

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and the City of Ocala Electric Utility (OEU).

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU's distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 1 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. Increase in GPR above the ten kilowatt (10 kW) limit would necessitate entering into a new agreement at either Tier 2 or Tier 3 which may impose additional requirements on the Customer. In no case does the Tier 1, Tier 2 or Tier 3 agreement cover increases in GPR above two megawatts (2MW).

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).

5. The Customer shall not be required to pay any special fees due solely to the installation of the RGS.

6. The Customer shall fully comply with OEU's Design Standards following NEC standards as those documents may be amended or revised by OUS from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):

a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*
d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

(Continued to Sheet No. 21.2)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

(Continued from Sheet No. 21.1)

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 21.3)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes an OEU interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU's electric power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS that (i) utilizes the same OEU interactive inverter for both systems, or (ii) utilizes a separate OEU interactive inverter for each system, Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU' systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's system, such that back feed from the customer-owned renewable generation system to OEU's system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 21.4)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

(Continued from Sheet No. 21.3)

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Section 18, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one hundred thousand dollars ($100,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

(Continued on Sheet No. 21.5)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OEU inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU' electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU system emergencies, forced outages, uncontrollable forces or compliance with prudent electric OEU practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical affects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU.
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

(Continued to Sheet No. 21.6)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.
b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, agents, contractors (and any subcontractor or material supplier thereof) and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days' notice of its intent to terminate this Agreement.

(Continued on Sheet No. 21.7)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection Agreement and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement, which complies with the amended statutes/rules.

(Continued on Sheet No. 21.8)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule, (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

(Continued on Sheet No. 21.9)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

PV SYSYEM ELECTRICAL PLAN

THIS PLAN IS CERTIFIED BY ENGINEER OF RECORD AS CODE COMPLIANT & APPROVED FOR FLORIDA USE IN ACCORDANCE WITH HB 1021 ON ELECTRICAL PLANS.
https://www.flsenate.gov/Session/Bill/2017/01021

SYSTEM: 32-SILFAB SIL-360NX MONO PERC PV MODULES
32-ENPHASE IQ7PLUS-72-2-US MICRO INVERTERS
1-ENPHASE IQ COMBINER (X-IQ-AM1-240-3)

CONTRACTOR SHALL COMPLY WITH SOLAR PROVISIONS 2018 NFPA 1.

1. DRAWINGS INDICATE THE GENERAL ARRANGEMENT OF SYSTEMS. CONTRACTOR RESPONSIBLE FOR COMPLYING WITH ALL LOCAL OR NATIONAL CODE REQUIREMENTS AND EQUIPMENT INSTALLATION INSTRUCTIONS.
2. ALL COMPONENTS MUST BE GROUNDED PER ARTICLES NEC (2017) 250 AND 690.
3. ALL EQUIPMENT SHALL BE LISTED PER NEC 690.4(B).
4. PER NEC 690.17, PROVIDE A WARNING SIGN AT ALL LOCATIONS WHERE TERMINALS OF THE DISCONNECTING MEANS MAY BE ENERGIZED IN THE OPEN POSITION. SIGN SHALL READ "WARNING- ELECTRIC SHOCK HAZARD- DO NOT TOUCH TERMINALS- OR EQUIVALENT.
5. PER NEC 690.56, PROVIDE A PERMANENT PLAQUE OR DIRECTORY SHOWING ALL ELECTRIC POWER SOURCES ON THE PREMISES AT SERVICE ENTRANCE.
6. INTERCONNECTION METHOD SHALL COMPLY WITH NEC (2017) 705.12.
7. PV PERFORMANCE METER MAY OR MAY NOT BE REQUIRED BY THE AHJ AND/OR UTILITY FOR INTERCONNECTION.
8. ALL CONDUCTORS MUST BE COPPER, RATED FOR 600 V, 90 C° WET ENVIRONMET, TERMINALS ARE RATED FOR 75 C°.
9. UTILITY CONNECTION SHALL BE MADE BY LINE-SIDE TAP PER NEC ARTICLE 705.12(A) AND 705.31, LOCATED INSIDE PANEL BOARD ENCLOSURE USING UNUSED TERMINALS, TERMINALS THAT ARE SUITABLE FOR DOUBLE LUGGING, OR USING OTHER LOCALLY-APPROVED METHODS AND HARDWARE, IN COMPLIANCE WITH NEC 705.12(A). THE PANEL BOARD SHALL HAVE SUFFICIENT SPACE TO ALLOW FOR ANY TAP HARDWARE AS REQUIRED BY NEC 110.3 AND NEC 312.8(A).
10. PV SYSTEM DISCONNECT SHALL BE A VISIBLE KNIFE-BLADE TYPE DISCONNECT THAT IS ACCESSIBLE AND LOCKABLE BY THE UTILITY. THE DISCONNECT SHALL BE LOCATED WITHIN 5 FT OF UTILITY METER. DISCONNECT SHALL BE GROUPED IN ACCORDANCE WITH NEC 230.72
11. ALL CONDUCTORS MUST BE COPPER.
12. ALL CONDUCTORS AND RACEWAYS SHALL BE SUPPORTED ON INTERVALS AND BY METHODS REQUIRED BY NEC (2017).
13. CONTRACTOR SHALL PROVIDE ADDITIONAL INFORMATION IF REQUIRED BY AHJ.
14. EOR PREFERS EMAIL COMMUNICATIONS alper@iceli-pe.com

PV SYSYEM STRUCTURAL PLAN

Contractor is responsible to verify the fit of this array prior to installation. The solar module array shown is based on the field data provided by the contractor. Contractor shall contact the engineer if the array may not fit as projected. Satellite imagery shown may not correctly indicate potential current shading of property. Contractor is responsible to verify sun exposure and shading of installation prior to installation.

Engineer liability for error/omission/FBC 2020 (7th edition Florida Building Code) & NEC 2017 is limited by adequacy and accuracy of information provided to engineer by owner/contractor and by responsibilities per EJCDC® C-700, Standard General Conditions of the Construction Contract. Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers.

CODE

FBC 2020 (7TH EDITION) FLORIDA BUILDING CODE

I CERTIFY THAT THE SHEATHING & FRAMING OF THIS STRUCTURE WILL SAFELY ACCOMMODATE PV SYSTEM MOUNTING, RACKING, AND MODULES AND WITHSTAND WIND UPLIFT / LATERAL FORCES AND EQUIPMENT DEAD LOADS WITH THE CONDITION THAT CONTRACTOR'S INSTALLATION OF THE PV SYSTEM IS IN ACCORDANCE WITH THE INSTRUCTIONS ON THIS PLAN . THIS IS ATTESTED TO BY MY SIGNATURE AND SEAL ON THIS PLAN AT THE UPPER RIGHT.

1. INSTALLATION NOTES

2. THIS PAPER PLAN IS INTENDED TO PROVIDE THE ESSENTIAL INFORMATION NEEDED BY AHJ (AUTHORITY HAVING JURISDICTION) AND INSTALLERS.

3. THIS IS A COMBINED SET OF STRUCTURAL AND ELECTRICAL PLANS.
4. SOLAR EQUIPMENT ADDS LESS THAN 3 PSF (UNFACTORED) GRAVITY LOAD TO STRUCTURE.
5. MODULE GRAVITY & WIND LOADS SHALL BE TRANSMITTED TO RIBS OF PURLIN BREARING 'R' (PBR) ROOFING METAL OR STANDING SEAMS OF ROOFING METAL USING S-5 CLAMPS/BRACKETS SHOWN HEREON.
6. SEE DRAWINGS FOR MEANS & METHODS INFORMATION IN ADDITION TO THESE NOTES.
7. CONTRACTOR SHALL INSTALL S5 CLAMPS PER OEM INSTRUCTIONS.
8. CONTRACTOR SHALL INSTALL RAILS PERPENDICULAR TO STANDING SEAMS OR PBR RIBS ON IRONRIDGE XR100 RAILS ON TOP OF S5 CLAMPS.
9. CONTRACTOR TO ENSURE CONTINUITY OF ALL METAL PARTS AND CONNECTIONS OF THIS INSTALLATION TO BE ELECTRICALLY GROUNDED AND BONDED TOGETHER. TORQUE ALL S-5 SET SCREWS TO 115-INCH-POUNDS.
10. ADJUST C-C SPACING PLUS MINUS UP TO 4-INCHES TO HIT PBR METAL ROOF RIDGES.
11. CONTRACTOR SHALL NOT INSTALL ROOF ATTACHMENTS ON ROOF AREAS OVER OVERHANGS.
12. THERE SHALL BE A PV MODULE TO RAIL MOUNTING CLAMP AT EVERY MODULE/RAIL CROSSING POINT WITH MINIMUM 4 CLAMPS PER MODULE.
13. ADJOINING MODULES ON SAME RAIL SHALL SHARE CLAMPS.
14. MODULES SHALL BE PORTRAIT.
15. ROOF IS ASSUMED TO BE COMPLIANT WITH FBC (FLORIDA BUILDING CODE) AS OF TIME OF CONSTRUCTION.
16. THERE SHALL BE A MINIMUM OF TWO RAILS UNDER EACH PV MODULE.
17. ROOF ATTACHMENT SPACING SHALL BE AS SHOWN IN FIGURE 08.
18. RAILS SHALL NOT CANTILEVER BEYOND OUTSIDE END OF ROOF ATTACHMENT BY MORE THAN 1-FOOT.
19. CONTRACTOR/INSTALLER SHALL COMPLY WITH OEM INSTALLATION INSTRUCTIONS.
20. IF A CONFLICT SHOULD OCCUR BETWEEN A DRAWING AND/OR SPECIFICATION HEREON AND AN OEM DETAIL, OEM SHALL PREVAIL.
21. CONTRACTOR SHALL PROVIDE AHJ WITH ADDITIONAL INFORMATION AS REQUIRED.
22. ENGINEER OF RECORD (EOR) PREFERS EMAIL COMMUNICATION: alper@iceli-pe.com

Enphase IQ Combiner 3

MODEL NUMBER	
IQ Combiner 3 X-IQ-AM1-240-3	IQ Combiner 3 with Enphase IQ Envoy™ printed circuit board for integrated revenue grade PV **production** metering (ANSI C12.20 +/- 0.5%) and optional* **consumption** monitoring (+/- 2.5%).
ACCESSORIES and **REPLACEMENT PARTS** (not included, order separately)	
Enphase Mobile Connect™ CELLMODEM-03 (4G/12-year data plan) CELLMODEM-01 (3G/5-year data plan) CELLMODEM-M1 (4G based LTE-M/5-year data plan)	Plug and play industrial grade cellular modem with data plan for systems up to 60 microinverters. (Available in the US, Canada, Mexico, Puerto Rico, and the US Virgin Islands, where there is adequate cellular service in the installation area.)
Consumption Monitoring* CT CT-200-SPLIT	Split core current transformers enable whole home **consumption** metering (+/- 2.5%).
* Consumption monitoring is required for Enphase Storage Systems	
Wireless USB adapter COMMS-KIT-01	Installed at the IQ Envoy. For communications with Enphase Encharge™ storage and Enphase Enpower™ smart switch. Includes USB cable for connection to IQ Envoy or Enphase IQ Combiner™ and allows redundant wireless communication with Encharge and Enpower.
Circuit Breakers BRK-10A-2-240 BRK-15A-2-240 BRK-20A-2P-240	Supports Eaton BR210, BR215, BR220, BR230, BR240, BR250, and BR260 circuit breakers. Circuit breaker, 2 pole, 10A, Eaton BR210 Circuit breaker, 2 pole, 15A, Eaton BR215 Circuit breaker, 2 pole, 20A, Eaton BR220
EPLC-01	Power line carrier (communication bridge pair), quantity - one pair
XA-PLUG-120-3	Accessory receptacle for Power Line Carrier in IQ Combiner 3 (required for EPLC-01)
XA-ENV-PCBA-3	Replacement IQ Envoy printed circuit board (PCB) for Combiner 3
ELECTRICAL SPECIFICATIONS	
Rating	Continuous duty
System voltage	120/240 VAC, 60 Hz
Eaton BR series busbar rating	125 A
Max. continuous current rating (output to grid)	65 A
Max. fuse/circuit rating (output)	90 A
Branch circuits (solar and/or storage)	Up to four 2-pole Eaton BR series Distributed Generation (DG) breakers only (not included)
Max. continuous current rating (input from PV)	64 A
Max. total branch circuit breaker rating (input)	80A of distributed generation / 90A with IQ Envoy breaker included
Production Metering CT	200 A solid core pre-installed and wired to IQ Envoy
MECHANICAL DATA	
Dimensions (WxHxD)	49.5 x 37.5 x 16.8 cm (19.5" x 14.75" x 6.63"). Height is 21.06" (53.5 cm with mounting brackets).
Weight	7.5 kg (16.5 lbs)
Ambient temperature range	-40° C to +46° C (-40° to 115° F)
Cooling	Natural convection, plus heat shield
Enclosure environmental rating	Outdoor, NRTL-certified, NEMA type 3R, polycarbonate construction
Wire sizes	• 20 A to 50 A breaker inputs: 14 to 4 AWG copper conductors • 60 A breaker branch input: 4 to 1/0 AWG copper conductors • Main lug combined output: 10 to 2/0 AWG copper conductors • Neutral and ground: 14 to 1/0 copper conductors Always follow local code requirements for conductor sizing.
Altitude	To 2000 meters (6,560 feet)
INTERNET CONNECTION OPTIONS	
Integrated Wi-Fi	802.11b/g/n
Ethernet	Optional, 802.3, Cat5E (or Cat 6) UTP Ethernet cable (not included)
Cellular	Optional, CELLMODEM-01 (3G) or CELLMODEM-03 (4G) or CELLMODEM-M1 (4G based LTE-M) (not included)
COMPLIANCE	
Compliance, Combiner	UL 1741, CAN/CSA C22.2 No. 107.1, 47 CFR, Part 15, Class B, ICES 003 Production metering: ANSI C12.20 accuracy class 0.5 (PV production)
Compliance, IQ Envoy	UL 60601-1/CANCSA 22.2 No. 61010-1

Enphase IQ 7 and IQ 7+ Microinverters

INPUT DATA (DC)	IQ7-60-2-US / IQ7-60-B-US		IQ7PLUS-72-2-US / IQ7PLUS-72-B-US	
Commonly used module pairings[1]	235 W - 350 W +		235 W - 440 W +	
Module compatibility	60-cell PV modules only		60-cell and 72-cell PV modules	
Maximum input DC voltage	48 V		60 V	
Peak power tracking voltage	27 V - 37 V		27 V - 45 V	
Operating range	16 V - 48 V		16 V - 60 V	
Min/Max start voltage	22 V / 48 V		22 V / 60 V	
Max DC short circuit current (module Isc)	15 A		15 A	
Overvoltage class DC port	II		II	
DC port backfeed current	0 A		0 A	
PV array configuration	1 x 1 ungrounded array; No additional DC side protection required; AC side protection requires max 20A per branch circuit			
OUTPUT DATA (AC)	**IQ 7 Microinverter**		**IQ 7+ Microinverter**	
Peak output power	250 VA		295 VA	
Maximum continuous output power	240 VA		290 VA	
Nominal (L-L) voltage/range[2]	240 V / 211-264 V	208 V / 183-229 V	240 V / 211-264 V	208 V / 183-229 V
Maximum continuous output current	1.0 A (240 V)	1.15 A (208 V)	1.21 A (240 V)	1.39 A (208 V)
Nominal frequency	60 Hz		60 Hz	
Extended frequency range	47 - 68 Hz		47 - 68 Hz	
AC short circuit fault current over 3 cycles	5.8 Arms		5.8 Arms	
Maximum units per 20 A (L-L) branch circuit[3]	16 (240 VAC)	13 (208 VAC)	13 (240 VAC)	11 (208 VAC)
Overvoltage class AC port	III		III	
AC port backfeed current	0 A		0 A	
Power factor setting	1.0		1.0	
Power factor (adjustable)	0.7 leading ... 0.7 lagging		0.7 leading ... 0.7 lagging	
EFFICIENCY	**@240 V**	**@208 V**	**@240 V**	**@208 V**
Peak CEC efficiency	97.6 %	97.6 %	97.5 %	97.3 %
CEC weighted efficiency	97.0 %	97.0 %	97.0 %	97.0 %
MECHANICAL DATA				
Ambient temperature range	-40°C to +65°C			
Relative humidity range	4% to 100% (condensing)			
Connector type (IQ7-60-2-US & IQ7PLUS-72-2-US)	MC4 (or Amphenol H4 UTX with additional Q-DCC-5 adapter)			
Connector type (IQ7-60-B-US & IQ7PLUS-72-B-US)	Friends PV2 (MC4 Intermateable). Adaptors for modules with MC4 or UTX connectors: - PV2 to MC4: order ECA-S20-S22 - PV2 to UTX: order ECA-S20-S25			
Dimensions (WxHxD)	212 mm x 175 mm x 30.2 mm (without bracket)			
Weight	1.08 kg (2.38 lbs)			
Cooling	Natural convection - No fans			
Approved for wet locations	Yes			
Pollution degree	PD3			
Enclosure	Class II double-insulated, corrosion resistant polymeric enclosure			
Environmental category / UV exposure rating	NEMA Type 6 / outdoor			
FEATURES				
Communication	Power Line Communication (PLC)			
Monitoring	Enlighten Manager and MyEnlighten monitoring options. Both options require installation of an Enphase IQ Envoy.			
Disconnecting means	The AC and DC connectors have been evaluated and approved by UL for use as the load-break disconnect required by NEC 690.			
Compliance	CA Rule 21 (UL 1741-SA) UL 62109-1, UL1741/IEEE1547, FCC Part 15 Class B, ICES-0003 Class B, CAN/CSA-C22.2 NO. 107.1-01 This product is UL Listed as PV Rapid Shut Down Equipment and conforms with NEC-2014 and NEC-2017 section 690.12 and C22.1-2015 Rule 64-218 Rapid Shutdown of PV Systems, for AC and DC conductors, when installed according manufacturer's instructions.			

1. No enforced DC/AC ratio. See the compatibility calculator at https://enphase.com/en-us/support/module-compatibility.
2. Nominal voltage range can be extended beyond nominal if required by the utility.
3. Limits may vary. Refer to local requirements to define the number of microinverters per branch in your area.

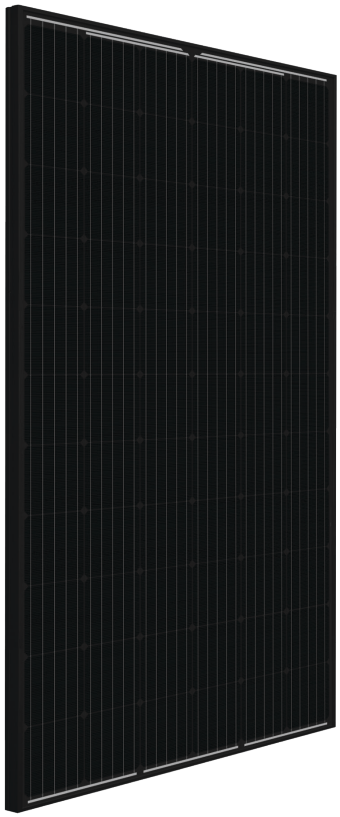
CHUBB*

* Chubb provides error and omission insurance to Silfab Solar Inc.

INDUSTRY LEADING WARRANTY
All our products include an industry leading 25-year product workmanship and 30-year performance warranty.

40+ YEARS OF SOLAR INNOVATION
Leveraging over 40 years of worldwide experience in the solar industry, Silfab is dedicated to superior manufacturing processes and innovations such as Bifacial and Back Contact technologies, to ensure our partners have the latest in solar innovation.

NORTH AMERICAN QUALITY
Silfab is the leading automated solar module manufacturer in North America. Utilizing premium quality materials and strict quality control management to deliver the highest efficiency, premium quality PV modules.



BAA / ARRA COMPLIANT
These panels are designed and manufactured to meet Buy American Act Compliance. The US State Department, US Military and FAA have all utilized Silfab panels in their solar installations.

LIGHT AND DURABLE
Engineered to accommodate high wind load conditions for test loads validated up to 5400Pa uplift. The light-weight frame is exclusively designed for wide-ranging racking compatibility and durability.

QUALITY MATTERS
Total automation ensures strict quality controls during the entire manufacturing process at our ISO certified facilities.

DOMESTIC SUPPORT/SERVICES
Our 500+ North American team is ready to help our partners win the hearts and minds of customers, providing customer service and product delivery that is direct, efficient and local.

AESTHETICALLY PLEASING
All black sleek design, ideal for high-profile residential or commercial applications.

PID RESISTANT
PID Resistant due to advanced cell technology and material selection. In accordance to IEC 62804-1.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

CONTRACT # ELE/260735

APPLICATION FOR INTERCONNECTION OF CUSTOMER-OWNED RENEWABLE GENERATION SYSTEMS

TIER 1 - Ten (10) kW or Less
TIER 2 - Greater than 10 kW and Less Than or Equal to 100 kW
TIER 3 - Greater than 100 kW and Less Than or Equal to Two (2) MW

Note: These customer-owned renewable generation system size limits may be subject to a cumulative enrollment limit on net-metering customers located in the area served by the City of Ocala Electric Utility. Please refer to the Ocala Electric Utility Net-Metering Rate Schedule.

Ocala Electric Utility customers who install customer-owned renewable generation systems (RGS) and desire to interconnect those facilities with the Ocala Electric Utility system are required to complete this application. When the completed application and fees are returned to Ocala Electric Utility, the process of completing the appropriate Tier 1, Tier 2 or Tier 3 Interconnection Agreement can begin. This application and copies of the Interconnection Agreements may be obtained at Ocala Electric Utility, located at 201 SE 3rd Street, Ocala, Florida 34471, or may be requested by email from OEU@ocalafl.org.

1. Customer Information

Name: Wendy L. McGraw

Mailing Address: 110 NE 53rd Court

City: Ocala State: FL Zip Code: 34470

Phone Number: 678-333-3100 Alternate Phone Number: _____

Email Address: jimandwendymcgraw@gmail.com Fax Number: _____

Ocala Electric Utility Customer Account Number: 509522-142539

2. RGS Facility Information

Facility Location: 110 NE 53rd Court Ocala, Fl. 34470

Ocala Electric Utility Customer Account Number: 509522-142539

RGS Manufacturer: Canadian Solar, Inc.

Manufacturer's Address: 545 Speedvale Avenue West
Guelph, Ontario N1K 1E6

Reference or Model Number: CS6P-260P(26 Modules-260W) TIGO TS4-A-O RAPID SHUTDOWN

Serial Number: SMA SUNNY BOY SB7.7-1 SP-US-40

(Continued on Sheet No.19.1)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

3. Facility Rating Information

Gross Power Rating: 5.75kWac ("Gross power rating" means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with Ocala Electric Utility's distribution facilities. For inverter-based systems, the AC nameplate generating capacity shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.)

Fuel or Energy Source: Solar PV

Anticipated In- Service Date: 4/23/25

4. Application Fee

The application fee is based on the Gross Power Rating and must be submitted with this application. The non-refundable application fee is $375 for Tier 2 and $750 for Tier 3 installations. There is no application fee for Tier 1 installations.

5. Interconnection Study Fee

For Tier 3 installations, a deposit in the amount of the estimated costs of the study (to be determined at time of application) must be paid along with this application in addition to the application fee referenced in Article 4 above. This deposit will be applied toward the cost of an interconnection study. The customer will be responsible for the actual costs of the study. Should the actual cost of the study be less than the deposit, the difference will be refunded to the customer. Customer agrees to comply with all interconnection requirements identified in the interconnection study report.

6. Required Documentation

Prior to completion of the Interconnection Agreement, the following information must be provided to the Ocala Electric Utility by the customer.

A. Documentation demonstrating that the installation complies with (or most current version at time of inspection approval):

1. IEEE 1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power Systems.
2. IEEE 1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnecting Distributed Resources with Electric Power Systems.
3. UL 1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed Energy Resources.

(Continued on Sheet No. 19.2)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

B. Documentation that the customer-owned renewable generation has been inspected and approved by local code officials prior to its operation in parallel with the Ocala Electric Utility system to ensure compliance with applicable local codes. OEU will also require proof of commission testing by a qualified 3rd party testing company (not affiliated in any way with the manufacturer, vendor or installation contractor), for compliance with all required and applicable codes, standards, and interconnection study requirements, prior to setting of OEU metering equipment.

C. Proof of insurance in the amount of:
Tier 1 - $100,000.00
Tier 2 - $1,000,000.00
Tier 3 - $2,000,000.00

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 23rd day of April, 20 25, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and Wendy L. McGraw, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

(Continued on Sheet No. 20.1)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

(Continued on Sheet No. 20.3)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

(Continued on Sheet No. 20.4)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

7.05. Enforcement of Agreement. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by either FMPA or OEU of the sovereign immunity applicable to either or both of them as established by Florida Statutes, 768.28.

(Continued on Sheet No. 20.5)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

Tier 1 – Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 23rd day of April, 20 25, by and between Wendy L. McGraw, (hereinafter called "**Customer**"), located at 110 NE 53rd Court in Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereinafter called OEU), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the interconnection is taking place: 110 NE 53rd Court Ocala, Fl. 34470.

WITNESSETH

Whereas, a Tier 1 Renewable Generation System (RGS) is an electric generating system that uses one or more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at no more than ten (10) kilowatts (10 kW) alternating current (AC) power output and is primarily intended to offset part or all of the Customer's current electric requirements; and

Whereas, OEU operates an electric system serving the City of Ocala; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU' electrical supply grid at the location identified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU' ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, the OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

(Continued on Sheet No. 21.1)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

(Continued from Sheet No. 21.0)

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and the City of Ocala Electric Utility (OEU).

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU's distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 1 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. Increase in GPR above the ten kilowatt (10 kW) limit would necessitate entering into a new agreement at either Tier 2 or Tier 3 which may impose additional requirements on the Customer. In no case does the Tier 1, Tier 2 or Tier 3 agreement cover increases in GPR above two megawatts (2MW).

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).

5. The Customer shall not be required to pay any special fees due solely to the installation of the RGS.

6. The Customer shall fully comply with OEU's Design Standards following NEC standards as those documents may be amended or revised by OUS from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):

a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*
d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

(Continued to Sheet No. 21.2)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

(Continued from Sheet No. 21.1)

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 21.3)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes an OEU interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU's electric power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS that (i) utilizes the same OEU interactive inverter for both systems, or (ii) utilizes a separate OEU interactive inverter for each system, Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU' systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's system, such that back feed from the customer-owned renewable generation system to OEU's system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 21.4)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Section 18, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one hundred thousand dollars ($100,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

(Continued on Sheet No. 21.5)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OEU inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU' electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU system emergencies, forced outages, uncontrollable forces or compliance with prudent electric OEU practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical affects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU.
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

(Continued to Sheet No. 21.6)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.
b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, agents, contractors (and any subcontractor or material supplier thereof) and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days' notice of its intent to terminate this Agreement.

(Continued on Sheet No. 21.7)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection Agreement and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement, which complies with the amended statutes/rules.

(Continued on Sheet No. 21.8)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule, (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

(Continued on Sheet No. 21.9)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

SUNNY BOY
3.0-US / 3.8-US / 5.0-US / 6.0-US / 7.0-US / 7.7-US

Value-Added Improvements
- World's first Secure Power Supply now offers up to 2,000 W
- Full grid management capabilities ensure a utility-compliant solution for any market

Reduced Labor
- New Installation Assistant with direct access via smartphone minimizes time in the field
- Integrated disconnect simplifies equipment stocking and speeds installation

Unmatched Flexibility
- SMA's proprietary OptiTrac™ Global Peak technology mitigates shade with ease
- Multiple independent MPPTs accommodate hundreds of stringing possibilities

Trouble-Free Servicing
- Two-part enclosure concept allows for simple, expedited servicing
- Enhanced AFCI technology reduces false tripping while improving sensitivity in real arcs

SUNNY BOY
3.0-US / 3.8-US / 5.0-US / 6.0-US / 7.0-US / 7.7-US

Reduce costs across your entire residential business model

The residential PV market is changing rapidly, and we understand that your bottom line matters more than ever. That's why we've designed a superior residential solution that will help you decrease costs throughout all stages of your business operations. The Sunny Boy 3.0-US/3.8-US/5.0-US/6.0-US/7.0-US/7.7-US join the SMA lineup of field-proven solar technology backed by the world's #1 service team, along with a wealth of improvements. Simple design, improved stocking and ordering, value driven sales support and streamlined installation are just some of the ways that SMA is working to help your business operate more efficiently.

www.SMA-America.com

SAME NAME, NEW GAME

The Sunny Boy 3.0-US through 7.7-US are once again raising the bar by offering improved performance, enhanced features, and most importantly, an economical approach to residential solar. Your business model is a value chain. The new Sunny Boy-US series can help you stay competitive in an increasingly price sensitive residential market by driving down costs across all of your business operations.

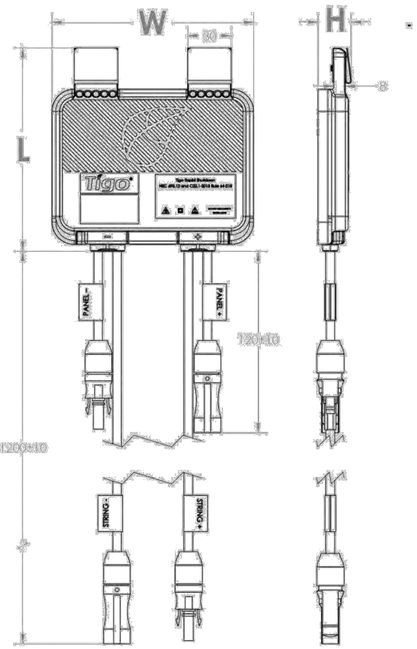
TS4-A-O

Module-level optimization, monitoring, and rapid shutdown

The Tigo TS4-A-O improves production, safety, and intelligence in new designs and existing systems. Patented technology delivers top performance with high efficiency for a fast ROI. Easy installation and long-term reliability reduce system downtime and truck rolls, while Tigo's Energy Intelligence platform enables quicker onsite commissioning and comprehensive remote monitoring.

Features

- Simple, fast installation – snap to a standard PV module frame or mount to racking
- Intelligent optimization – optimizes only when needed
- Module-level monitoring – full visibility into module- and system-level production
- Rapid shutdown – a UL/NEC-certified component for photovoltaic rapid shutdown systems (PVRSS) worldwide
- Works with any system – fully compatible with thousands of different inverter models from more than 50 inverter brands
- 25-year warranty
- Monitoring, rapid shutdown, and remote troubleshooting with TAP and CCA



Quick Specs

Height/width/depth	138.4 x 139.7 x 22.9mm (5.4 x 5.5 x 0.9in)
Weight	520g (1.15lbs)
Operating temperature	-40 – 70°C (-40 – 158°F)
Maximum elevation	2000m (6560ft)
Maximum current	15A
Maximum power	700W

The high quality and reliability of Canadian Solar's modules is ensured by 15 years of experience in module manufacturing, well-engineered module design, stringent BOM quality testing, an automated manufacturing process and 100% EL testing.

*Black frame product can be provided upon request.

25 years linear power output warranty

10 years product warranty on materials and workmanship

KEY FEATURES

- Excellent module efficiency of up to 16.79 %
- Outstanding low irradiance performance: 96.5 %
- +5Wp — Positive power tolerance of up to 5 W
- No. 1 PTC — High PTC rating of up to 92.0 %
- IP67 — IP67 junction box for long-term weather endurance
- Heavy snow load up to 5400 Pa, wind load up to 2400 Pa
- Salt mist, ammonia and blown sand resistance, for seaside, farm and desert environments*

MANAGEMENT SYSTEM CERTIFICATES*

ISO 9001:2008 / Quality management system
ISO/TS 16949:2009 / The automotive industry quality management system
ISO 14001:2004 / Standards for environmental management system
OHSAS 18001:2007 / International standards for occupational health & safety

PRODUCT CERTIFICATES*

IEC 61215 / IEC 61730: VDE / CE / MCS / JET / SII / CEC AU / INMETRO / CQC
UL 1703 / IEC 61215 performance: CEC listed (US) / FSEC (US Florida)
UL 1703: CSA / IEC 61701 ED2: VDE / IEC 62716: VDE / IEC 60068-2-68: SGS
Take-e-way / UNI 9177 Reaction to Fire: Class 1

* As there are different certification requirements in different markets, please contact your local Canadian Solar sales representative for the specific certificates applicable to the products in the region in which the products are to be used.

CANADIAN SOLAR INC. is committed to providing high quality solar products, solar system solutions and services to customers around the world. As a leading manufacturer of solar modules and PV project developer with over 14 GW of premium quality modules deployed around the world since 2001, Canadian Solar Inc. (NASDAQ: CSIQ) is one of the most bankable solar companies worldwide.

Opt. Operating Current (Imp)	6.80 A	6.88 A	6.97 A
Open Circuit Voltage (Voc)	34.5 V	34.7 V	34.8 V
Short Circuit Current (Isc)	7.39 A	7.48 A	7.55 A

* Under Nominal Operating Cell Temperature (NOCT), irradiance of 800 W/m², spectrum AM 1.5, ambient temperature 20°C, wind speed 1 m/s.

PERFORMANCE AT LOW IRRADIANCE

Industry leading performance at low irradiance, average relative efficiency of 96.5 % from an irradiance of 1000 W/m² to 200 W/m² (AM 1.5, 25°C).

The specification and key features described in this datasheet may deviate slightly and are not guaranteed. Due to on-going innovation, research and product enhancement, Canadian Solar Inc. reserves the right to make any adjustment to the information described herein at any time without notice. Please always obtain the most recent version of the datasheet which shall be duly incorporated into the binding contract made by the parties governing all transactions related to the purchase and sale of the products described herein.

Caution: For professional use only. The installation and handling of PV modules requires professional skills and should only be performed by qualified professionals. Please read the safety and installation instructions before using the modules.

MECHANICAL DATA

Specification	Data
Cell Type	Poly-crystalline, 6 inch
Cell Arrangement	60 (6×10)
Dimensions	1638×982×40 mm (64.5×38.7×1.57 in)
Weight	18 kg (39.7 lbs)
Front Cover	3.2 mm tempered glass
Frame Material	Anodized aluminium alloy
J-Box	IP67, 3 diodes
Cable	4 mm² (IEC)or 4 mm² & 12 AWG 1000 V (UL), 1000 mm (39.4 in) (650 mm (25.6 in) is optional)
Connectors	Friends PV2a (IEC), Friends PV2b (IEC / UL)
Standard Packaging	26 pieces, 515 kg (1135.4 lbs) (quantity & weight per pallet)
Module Pieces per Container	728 pieces (40' HQ)

TEMPERATURE CHARACTERISTICS

Specification	Data
Temperature Coefficient (Pmax)	-0.41 % / °C
Temperature Coefficient (Voc)	-0.31 % / °C
Temperature Coefficient (Isc)	0.053 % / °C
Nominal Operating Cell Temperature	45±2 °C

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

CONTRACT # ELE/260735

APPLICATION FOR INTERCONNECTION OF CUSTOMER-OWNED RENEWABLE GENERATION SYSTEMS

TIER 1 - Ten (10) kW or Less
TIER 2 - Greater than 10 kW and Less Than or Equal to 100 kW
TIER 3 - Greater than 100 kW and Less Than or Equal to Two (2) MW

Note: These customer-owned renewable generation system size limits may be subject to a cumulative enrollment limit on net-metering customers located in the area served by the City of Ocala Electric Utility. Please refer to the Ocala Electric Utility Net-Metering Rate Schedule.

Ocala Electric Utility customers who install customer-owned renewable generation systems (RGS) and desire to interconnect those facilities with the Ocala Electric Utility system are required to complete this application. When the completed application and fees are returned to Ocala Electric Utility, the process of completing the appropriate Tier 1, Tier 2 or Tier 3 Interconnection Agreement can begin. This application and copies of the Interconnection Agreements may be obtained at Ocala Electric Utility, located at 201 SE 3rd Street, Ocala, Florida 34471, or may be requested by email from OEU@ocalafl.org.

1. Customer Information

Name: Wendy L. McGraw

Mailing Address: 110 NE 53rd Court

City: Ocala State: FL Zip Code: 34470

Phone Number: 678-333-3100 Alternate Phone Number: _____

Email Address: jimandwendymcgraw@gmail.com Fax Number: _____

Ocala Electric Utility Customer Account Number: 509522-142539

2. RGS Facility Information

Facility Location: 110 NE 53rd Court Ocala, Fl. 34470

Ocala Electric Utility Customer Account Number: 509522-142539

RGS Manufacturer: Canadian Solar, Inc.

Manufacturer's Address: 545 Speedvale Avenue West
Guelph, Ontario N1K 1E6

Reference or Model Number: CS6P-260P(26 Modules-260W) TIGO TS4-A-O RAPID SHUTDOWN

Serial Number: SMA SUNNY BOY SB7.7-1 SP-US-40

(Continued on Sheet No.19.1)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

3. Facility Rating Information

Gross Power Rating: 5.75kWac ("Gross power rating" means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with Ocala Electric Utility's distribution facilities. For inverter-based systems, the AC nameplate generating capacity shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.)

Fuel or Energy Source: Solar PV

Anticipated In- Service Date: 4/23/25

4. Application Fee

The application fee is based on the Gross Power Rating and must be submitted with this application. The non-refundable application fee is $375 for Tier 2 and $750 for Tier 3 installations. There is no application fee for Tier 1 installations.

5. Interconnection Study Fee

For Tier 3 installations, a deposit in the amount of the estimated costs of the study (to be determined at time of application) must be paid along with this application in addition to the application fee referenced in Article 4 above. This deposit will be applied toward the cost of an interconnection study. The customer will be responsible for the actual costs of the study. Should the actual cost of the study be less than the deposit, the difference will be refunded to the customer. Customer agrees to comply with all interconnection requirements identified in the interconnection study report.

6. Required Documentation

Prior to completion of the Interconnection Agreement, the following information must be provided to the Ocala Electric Utility by the customer.

A. Documentation demonstrating that the installation complies with (or most current version at time of inspection approval):

1. IEEE 1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power Systems.
2. IEEE 1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnecting Distributed Resources with Electric Power Systems.
3. UL 1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed Energy Resources.

(Continued on Sheet No. 19.2)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

B. Documentation that the customer-owned renewable generation has been inspected and approved by local code officials prior to its operation in parallel with the Ocala Electric Utility system to ensure compliance with applicable local codes. OEU will also require proof of commission testing by a qualified 3rd party testing company (not affiliated in any way with the manufacturer, vendor or installation contractor), for compliance with all required and applicable codes, standards, and interconnection study requirements, prior to setting of OEU metering equipment.

C. Proof of insurance in the amount of:
Tier 1 - $100,000.00
Tier 2 - $1,000,000.00
Tier 3 - $2,000,000.00

Customer

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 23rd day of April, 20 25, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and Wendy L. McGraw, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

(Continued on Sheet No. 20.1)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

(Continued on Sheet No. 20.3)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

(Continued on Sheet No. 20.4)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

7.05. Enforcement of Agreement. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by either FMPA or OEU of the sovereign immunity applicable to either or both of them as established by Florida Statutes, 768.28.

(Continued on Sheet No. 20.5)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

Tier 1 – Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 23rd day of April, 20 25, by and between Wendy L. McGraw, (hereinafter called "**Customer**"), located at 110 NE 53rd Court in Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereinafter called OEU), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the interconnection is taking place: 110 NE 53rd Court Ocala, Fl. 34470.

WITNESSETH

Whereas, a Tier 1 Renewable Generation System (RGS) is an electric generating system that uses one or more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at no more than ten (10) kilowatts (10 kW) alternating current (AC) power output and is primarily intended to offset part or all of the Customer's current electric requirements; and

Whereas, OEU operates an electric system serving the City of Ocala; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU' electrical supply grid at the location identified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU' ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, the OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

(Continued on Sheet No. 21.1)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

(Continued from Sheet No. 21.0)

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and the City of Ocala Electric Utility (OEU).

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU's distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 1 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. Increase in GPR above the ten kilowatt (10 kW) limit would necessitate entering into a new agreement at either Tier 2 or Tier 3 which may impose additional requirements on the Customer. In no case does the Tier 1, Tier 2 or Tier 3 agreement cover increases in GPR above two megawatts (2MW).

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).

5. The Customer shall not be required to pay any special fees due solely to the installation of the RGS.

6. The Customer shall fully comply with OEU's Design Standards following NEC standards as those documents may be amended or revised by OUS from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):

a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*
d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

(Continued to Sheet No. 21.2)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

(Continued from Sheet No. 21.1)

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 21.3)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes an OEU interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU's electric power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS that (i) utilizes the same OEU interactive inverter for both systems, or (ii) utilizes a separate OEU interactive inverter for each system, Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU' systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's system, such that back feed from the customer-owned renewable generation system to OEU's system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 21.4)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Section 18, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one hundred thousand dollars ($100,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

(Continued on Sheet No. 21.5)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OEU inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU' electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU system emergencies, forced outages, uncontrollable forces or compliance with prudent electric OEU practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical affects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU.
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

(Continued to Sheet No. 21.6)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.
b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, agents, contractors (and any subcontractor or material supplier thereof) and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days' notice of its intent to terminate this Agreement.

(Continued on Sheet No. 21.7)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection Agreement and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement, which complies with the amended statutes/rules.

(Continued on Sheet No. 21.8)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule, (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

(Continued on Sheet No. 21.9)

Docusign Envelope ID: F743B1E3-363B-8A05-81D5-7D6662AA6B2A

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

SUNNY BOY
3.0-US / 3.8-US / 5.0-US / 6.0-US / 7.0-US / 7.7-US

Value-Added Improvements
- World's first Secure Power Supply now offers up to 2,000 W
- Full grid management capabilities ensure a utility-compliant solution for any market

Reduced Labor
- New Installation Assistant with direct access via smartphone minimizes time in the field
- Integrated disconnect simplifies equipment stocking and speeds installation

Unmatched Flexibility
- SMA's proprietary OptiTrac™ Global Peak technology mitigates shade with ease
- Multiple independent MPPTs accommodate hundreds of stringing possibilities

Trouble-Free Servicing
- Two-part enclosure concept allows for simple, expedited servicing
- Enhanced AFCI technology reduces false tripping while improving sensitivity in real arcs

Technical data	Sunny Boy 6.0-US		Sunny Boy 7.0-US		Sunny Boy 7.7-US	
	208 V	240 V	208 V	240 V	208 V	240 V
Input (DC)

SUNNY BOY
3.0-US / 3.8-US / 5.0-US / 6.0-US / 7.0-US / 7.7-US

Reduce costs across your entire residential business model

The residential PV market is changing rapidly, and we understand that your bottom line matters more than ever. That's why we've designed a superior residential solution that will help you decrease costs throughout all stages of your business operations. The Sunny Boy 3.0-US/3.8-US/5.0-US/6.0-US/7.0-US/7.7-US join the SMA lineup of field-proven solar technology backed by the world's #1 service team, along with a wealth of improvements. Simple design, improved stocking and ordering, value driven sales support and streamlined installation are just some of the ways that SMA is working to help your business operate more efficiently.

www.SMA-America.com

SAME NAME, NEW GAME

The Sunny Boy 3.0-US through 7.7-US are once again raising the bar by offering improved performance, enhanced features, and most importantly, an economical approach to residential solar. Your business model is a value chain. The new Sunny Boy-US series can help you stay competitive in an increasingly price sensitive residential market by driving down costs across all of your business operations.

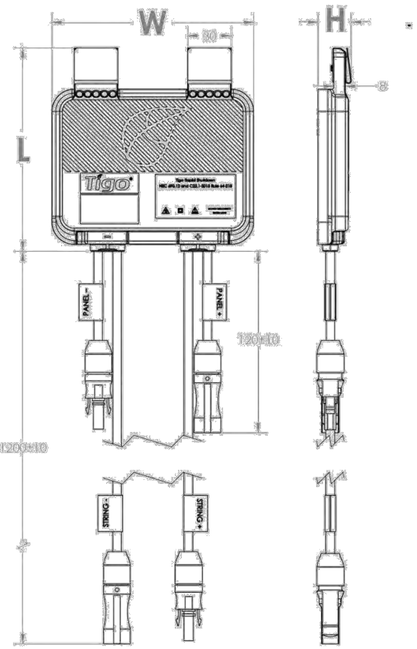
TS4-A-O

Module-level optimization, monitoring, and rapid shutdown

The Tigo TS4-A-O improves production, safety, and intelligence in new designs and existing systems. Patented technology delivers top performance with high efficiency for a fast ROI. Easy installation and long-term reliability reduce system downtime and truck rolls, while Tigo's Energy Intelligence platform enables quicker onsite commissioning and comprehensive remote monitoring.

Features

- Simple, fast installation – snap to a standard PV module frame or mount to racking
- Intelligent optimization – optimizes only when needed
- Module-level monitoring – full visibility into module- and system-level production
- Rapid shutdown – a UL/NEC-certified component for photovoltaic rapid shutdown systems (PVRSS) worldwide
- Works with any system – fully compatible with thousands of different inverter models from more than 50 inverter brands
- 25-year warranty
- Monitoring, rapid shutdown, and remote troubleshooting with TAP and CCA



Quick Specs

Height/width/depth	138.4 x 139.7 x 22.9mm (5.4 x 5.5 x 0.9in)
Weight	520g (1.15lbs)
Operating temperature	-40 – 70°C (-40 – 158°F)
Maximum elevation	2000m (6560ft)
Maximum current	15A
Maximum power	700W

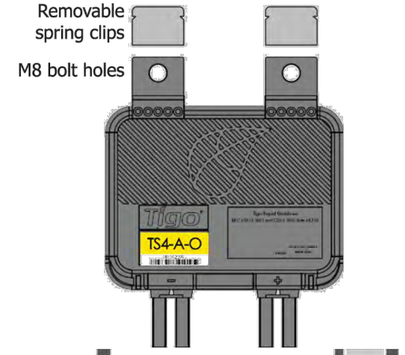
tigoenergy.com

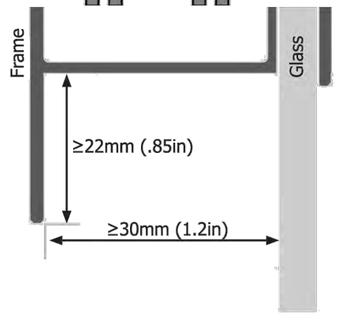
PN: 002-00143-00 | Rev. 1.0| 2023.04.19

Electrical	
Maximum input voltage (V_{OC} at lowest temperature)	80V
Input voltage range	16 – 80V[1]
Maximum input current (I_{MP}/I_{SC})	15A/15A
Maximum power	700W
Recommended fuse rating	20A
Conductor AWG	12
Rapid shutdown time limit	≤30s
PVRSE controlled conductors	≤240VA, ≤8A, ≤30V_{DC}
Operational Output (connected to inverter)	
Maximum output current	$I_{MOD\ MAX}$
Maximum output voltage	$V_{MOD\ MAX}$
Connections[2]	
Input (from module) cable length	0.12/0.62m
Output (to string) cable length	1.2m
Connectors	MC4, EVO2, MC4/EVO2 comparable
Environmental	
Storage temperature range	-40 – 85°C (-40 – 185°F)
Protection rating	IP68, NEMA 3R
Relative humidity	0 – 100%

[1] $V_{MOD\ MAX}$ of the connected panel = TS4-A-O $V_{DCU\ MAX}$
[2] Contact Sales for different options. Minimum order quantities may apply.

Module Mounting





The distance between an attached TS4 and module substrate must be ≥12.7mm (.5in).

The high quality and reliability of Canadian Solar's modules is ensured by 15 years of experience in module manufacturing, well-engineered module design, stringent BOM quality testing, an automated manufacturing process and 100% EL testing.

*Black frame product can be provided upon request.

25 years linear power output warranty

10 years product warranty on materials and workmanship

KEY FEATURES

- Excellent module efficiency of up to 16.79 %
- Outstanding low irradiance performance: 96.5 %
- +5Wp — Positive power tolerance of up to 5 W
- No. 1 PTC — High PTC rating of up to 92.0 %
- IP67 — IP67 junction box for long-term weather endurance
- Heavy snow load up to 5400 Pa, wind load up to 2400 Pa
- Salt mist, ammonia and blown sand resistance, for seaside, farm and desert environments*

MANAGEMENT SYSTEM CERTIFICATES*

ISO 9001:2008 / Quality management system
ISO/TS 16949:2009 / The automotive industry quality management system
ISO 14001:2004 / Standards for environmental management system
OHSAS 18001:2007 / International standards for occupational health & safety

PRODUCT CERTIFICATES*

IEC 61215 / IEC 61730: VDE / CE / MCS / JET / SII / CEC AU / INMETRO / CQC
UL 1703 / IEC 61215 performance: CEC listed (US) / FSEC (US Florida)
UL 1703: CSA / IEC 61701 ED2: VDE / IEC 62716: VDE / IEC 60068-2-68: SGS
Take-e-way / UNI 9177 Reaction to Fire: Class 1

* As there are different certification requirements in different markets, please contact your local Canadian Solar sales representative for the specific certificates applicable to the products in the region in which the products are to be used.

CANADIAN SOLAR INC. is committed to providing high quality solar products, solar system solutions and services to customers around the world. As a leading manufacturer of solar modules and PV project developer with over 14 GW of premium quality modules deployed around the world since 2001, Canadian Solar Inc. (NASDAQ: CSIQ) is one of the most bankable solar companies worldwide.

ELECTRICAL DATA | STC*

CS6P	260P	265P	270P
Nominal Max. Power (Pmax)	260 W	265 W	270 W
Opt. Operating Voltage (Vmp)	30.4 V	30.6 V	30.8 V
Opt. Operating Current (Imp)	8.56 A	8.66 A	8.75 A
Open Circuit Voltage (Voc)	37.5 V	37.7 V	37.9 V
Short Circuit Current (Isc)	9.12 A	9.23 A	9.32 A
Module Efficiency	16.16 %	16.47 %	16.79 %
Operating Temperature	-40°C ~ +85°C		
Max. System Voltage	1000 V (IEC) or 1000 V (UL)		
Module Fire Performance	TYPE 1 (UL 1703) or CLASS C (IEC 61730)		
Max. Series Fuse Rating	15 A		
Application Classification	Class A		
Power Tolerance	0 ~ + 5 W		

* Under Standard Test Conditions (STC) of irradiance of 1000 W/m², spectrum AM 1.5 and cell temperature of 25°C.

ELECTRICAL DATA | NOCT*

CS6P	260P	265P	270P
Nominal Max. Power (Pmax)	189 W	192 W	196 W
Opt. Operating Voltage (Vmp)	27.7 V	27.9 V	28.1 V
Opt. Operating Current (Imp)	6.80 A	6.88 A	6.97 A
Open Circuit Voltage (Voc)	34.5 V	34.7 V	34.8 V
Short Circuit Current (Isc)	7.39 A	7.48 A	7.55 A

* Under Nominal Operating Cell Temperature (NOCT), irradiance of 800 W/m², spectrum AM 1.5, ambient temperature 20°C, wind speed 1 m/s.

PERFORMANCE AT LOW IRRADIANCE

Industry leading performance at low irradiance, average relative efficiency of 96.5 % from an irradiance of 1000 W/m² to 200 W/m² (AM 1.5, 25°C).

The specification and key features described in this datasheet may deviate slightly and are not guaranteed. Due to on-going innovation, research and product enhancement, Canadian Solar Inc. reserves the right to make any adjustment to the information described herein at any time without notice. Please always obtain the most recent version of the datasheet which shall be duly incorporated into the binding contract made by the parties governing all transactions related to the purchase and sale of the products described herein.

Caution: For professional use only. The installation and handling of PV modules requires professional skills and should only be performed by qualified professionals. Please read the safety and installation instructions before using the modules.

MECHANICAL DATA

Specification	Data
Cell Type	Poly-crystalline, 6 inch
Cell Arrangement	60 (6×10)
Dimensions	1638×982×40 mm (64.5×38.7×1.57 in)
Weight	18 kg (39.7 lbs)
Front Cover	3.2 mm tempered glass
Frame Material	Anodized aluminium alloy
J-Box	IP67, 3 diodes
Cable	4 mm² (IEC)or 4 mm² & 12 AWG 1000 V (UL), 1000 mm (39.4 in) (650 mm (25.6 in) is optional)
Connectors	Friends PV2a (IEC), Friends PV2b (IEC / UL)
Standard Packaging	26 pieces, 515 kg (1135.4 lbs) (quantity & weight per pallet)
Module Pieces per Container	728 pieces (40' HQ)

TEMPERATURE CHARACTERISTICS

Specification	Data
Temperature Coefficient (Pmax)	-0.41 % / °C
Temperature Coefficient (Voc)	-0.31 % / °C
Temperature Coefficient (Isc)	0.053 % / °C
Nominal Operating Cell Temperature	45±2 °C

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

CONTRACT # ELE/260730

APPLICATION FOR INTERCONNECTION OF CUSTOMER-OWNED RENEWABLE GENERATION SYSTEMS

TIER 1 - Ten (10) kW or Less
TIER 2 - Greater than 10 kW and Less Than or Equal to 100 kW
TIER 3 - Greater than 100 kW and Less Than or Equal to Two (2) MW

Note: These customer-owned renewable generation system size limits may be subject to a cumulative enrollment limit on net-metering customers located in the area served by the City of Ocala Electric Utility. Please refer to the Ocala Electric Utility Net-Metering Rate Schedule.

Ocala Electric Utility customers who install customer-owned renewable generation systems (RGS) and desire to interconnect those facilities with the Ocala Electric Utility system are required to complete this application. When the completed application and fees are returned to Ocala Electric Utility, the process of completing the appropriate Tier 1, Tier 2 or Tier 3 Interconnection Agreement can begin. This application and copies of the Interconnection Agreements may be obtained at Ocala Electric Utility, located at 201 SE 3rd Street, Ocala, Florida 34471, or may be requested by email from OEU@ocalafl.org.

1. Customer Information

Name: Michael Hernandez

Mailing Address: 410 SE 41st Avenue

City: Ocala State: FL Zip Code: 34471

Phone Number: 407-968-0219 Alternate Phone Number: _____

Email Address: Mahernandez10.8@gmail.com Fax Number: _____

Ocala Electric Utility Customer Account Number: 519998-229026

2. RGS Facility Information

Facility Location: 410 SE 41st Avenue Ocala, Fl. 34471

Ocala Electric Utility Customer Account Number: 519998-229026

RGS Manufacturer: Silfab Solar, Inc.

Manufacturer's Address: 240 Courtneypark Drive East
Mississauga, ON L5T 2Y3 Canada

Reference or Model Number: SIL-360-NX (32 Modules 360W)

Serial Number: Inverter-Enphase IQ7PLUS-72-2-US (32-Micro-Inverters)

(Continued on Sheet No.19.1)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

3. Facility Rating Information

Gross Power Rating: 9.79kWac ("Gross power rating" means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with Ocala Electric Utility's distribution facilities. For inverter-based systems, the AC nameplate generating capacity shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.)

Fuel or Energy Source: Solar PV

Anticipated In- Service Date: 3/2/2022

4. Application Fee

The application fee is based on the Gross Power Rating and must be submitted with this application. The non-refundable application fee is $375 for Tier 2 and $750 for Tier 3 installations. There is no application fee for Tier 1 installations.

5. Interconnection Study Fee

For Tier 3 installations, a deposit in the amount of the estimated costs of the study (to be determined at time of application) must be paid along with this application in addition to the application fee referenced in Article 4 above. This deposit will be applied toward the cost of an interconnection study. The customer will be responsible for the actual costs of the study. Should the actual cost of the study be less than the deposit, the difference will be refunded to the customer. Customer agrees to comply with all interconnection requirements identified in the interconnection study report.

6. Required Documentation

Prior to completion of the Interconnection Agreement, the following information must be provided to the Ocala Electric Utility by the customer.

A. Documentation demonstrating that the installation complies with (or most current version at time of inspection approval):

1. IEEE 1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power Systems.
2. IEEE 1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnecting Distributed Resources with Electric Power Systems.
3. UL 1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed Energy Resources.

(Continued on Sheet No. 19.2)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

B. Documentation that the customer-owned renewable generation has been inspected and approved by local code officials prior to its operation in parallel with the Ocala Electric Utility system to ensure compliance with applicable local codes. OEU will also require proof of commission testing by a qualified 3rd party testing company (not affiliated in any way with the manufacturer, vendor or installation contractor), for compliance with all required and applicable codes, standards, and interconnection study requirements, prior to setting of OEU metering equipment.

C. Proof of insurance in the amount of:
Tier 1 - $100,000.00
Tier 2 - $1,000,000.00
Tier 3 - $2,000,000.00

Customer

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 4th day of May, 20 26, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and Michael Hernandez, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

(Continued on Sheet No. 20.1)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

(Continued on Sheet No. 20.3)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

(Continued on Sheet No. 20.4)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

7.05. Enforcement of Agreement. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by either FMPA or OEU of the sovereign immunity applicable to either or both of them as established by Florida Statutes, 768.28.

(Continued on Sheet No. 20.5)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

Tier 1 – Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 4th day of May, 20 26, by and between Michael Hernandez, (hereinafter called "**Customer**"), located at 410 SE 41st Avenue in Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereinafter called OEU), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the interconnection is taking place: 410 SE 41st Avenue Ocala, Fl. 34471.

WITNESSETH

Whereas, a Tier 1 Renewable Generation System (RGS) is an electric generating system that uses one or more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at no more than ten (10) kilowatts (10 kW) alternating current (AC) power output and is primarily intended to offset part or all of the Customer's current electric requirements; and

Whereas, OEU operates an electric system serving the City of Ocala; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU' electrical supply grid at the location identified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU' ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, the OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

(Continued on Sheet No. 21.1)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

(Continued from Sheet No. 21.0)

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and the City of Ocala Electric Utility (OEU).

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU's distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 1 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. Increase in GPR above the ten kilowatt (10 kW) limit would necessitate entering into a new agreement at either Tier 2 or Tier 3 which may impose additional requirements on the Customer. In no case does the Tier 1, Tier 2 or Tier 3 agreement cover increases in GPR above two megawatts (2MW).

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).

5. The Customer shall not be required to pay any special fees due solely to the installation of the RGS.

6. The Customer shall fully comply with OEU's Design Standards following NEC standards as those documents may be amended or revised by OUS from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):

a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*
d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

(Continued to Sheet No. 21.2)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

(Continued from Sheet No. 21.1)

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 21.3)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes an OEU interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU's electric power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS that (i) utilizes the same OEU interactive inverter for both systems, or (ii) utilizes a separate OEU interactive inverter for each system, Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU' systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's system, such that back feed from the customer-owned renewable generation system to OEU's system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 21.4)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

(Continued from Sheet No. 21.3)

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Section 18, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one hundred thousand dollars ($100,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

(Continued on Sheet No. 21.5)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OEU inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU' electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU system emergencies, forced outages, uncontrollable forces or compliance with prudent electric OEU practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical affects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU.
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

(Continued to Sheet No. 21.6)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.
b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, agents, contractors (and any subcontractor or material supplier thereof) and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days' notice of its intent to terminate this Agreement.

(Continued on Sheet No. 21.7)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection Agreement and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement, which complies with the amended statutes/rules.

(Continued on Sheet No. 21.8)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule, (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

(Continued on Sheet No. 21.9)

Docusign Envelope ID: AD0D9899-F171-8ABE-80EB-F9885EE3D083

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

PV SYSYEM ELECTRICAL PLAN

THIS PLAN IS CERTIFIED BY ENGINEER OF RECORD AS CODE COMPLIANT & APPROVED FOR FLORIDA USE IN ACCORDANCE WITH HB 1021 ON ELECTRICAL PLANS.
https://www.flsenate.gov/Session/Bill/2017/01021

SYSTEM: 32-SILFAB SIL-360NX MONO PERC PV MODULES
32-ENPHASE IQ7PLUS-72-2-US MICRO INVERTERS
1-ENPHASE IQ COMBINER (X-IQ-AM1-240-3)

CONTRACTOR SHALL COMPLY WITH SOLAR PROVISIONS 2018 NFPA 1.

1. DRAWINGS INDICATE THE GENERAL ARRANGEMENT OF SYSTEMS. CONTRACTOR RESPONSIBLE FOR COMPLYING WITH ALL LOCAL OR NATIONAL CODE REQUIREMENTS AND EQUIPMENT INSTALLATION INSTRUCTIONS.
2. ALL COMPONENTS MUST BE GROUNDED PER ARTICLES NEC (2017) 250 AND 690.
3. ALL EQUIPMENT SHALL BE LISTED PER NEC 690.4(B).
4. PER NEC 690.17, PROVIDE A WARNING SIGN AT ALL LOCATIONS WHERE TERMINALS OF THE DISCONNECTING MEANS MAY BE ENERGIZED IN THE OPEN POSITION. SIGN SHALL READ "WARNING- ELECTRIC SHOCK HAZARD- DO NOT TOUCH TERMINALS- OR EQUIVALENT.
5. PER NEC 690.56, PROVIDE A PERMANENT PLAQUE OR DIRECTORY SHOWING ALL ELECTRIC POWER SOURCES ON THE PREMISES AT SERVICE ENTRANCE.
6. INTERCONNECTION METHOD SHALL COMPLY WITH NEC (2017) 705.12.
7. PV PERFORMANCE METER MAY OR MAY NOT BE REQUIRED BY THE AHJ AND/OR UTILITY FOR INTERCONNECTION.
8. ALL CONDUCTORS MUST BE COPPER, RATED FOR 600 V, 90 C° WET ENVIRONMET, TERMINALS ARE RATED FOR 75 C°.
9. UTILITY CONNECTION SHALL BE MADE BY LINE-SIDE TAP PER NEC ARTICLE 705.12(A) AND 705.31, LOCATED INSIDE PANEL BOARD ENCLOSURE USING UNUSED TERMINALS, TERMINALS THAT ARE SUITABLE FOR DOUBLE LUGGING, OR USING OTHER LOCALLY-APPROVED METHODS AND HARDWARE, IN COMPLIANCE WITH NEC 705.12(A). THE PANEL BOARD SHALL HAVE SUFFICIENT SPACE TO ALLOW FOR ANY TAP HARDWARE AS REQUIRED BY NEC 110.3 AND NEC 312.8(A).
10. PV SYSTEM DISCONNECT SHALL BE A VISIBLE KNIFE-BLADE TYPE DISCONNECT THAT IS ACCESSIBLE AND LOCKABLE BY THE UTILITY. THE DISCONNECT SHALL BE LOCATED WITHIN 5 FT OF UTILITY METER. DISCONNECT SHALL BE GROUPED IN ACCORDANCE WITH NEC 230.72
11. ALL CONDUCTORS MUST BE COPPER.
12. ALL CONDUCTORS AND RACEWAYS SHALL BE SUPPORTED ON INTERVALS AND BY METHODS REQUIRED BY NEC (2017).
13. CONTRACTOR SHALL PROVIDE ADDITIONAL INFORMATION IF REQUIRED BY AHJ.
14. EOR PREFERS EMAIL COMMUNICATIONS alper@iceli-pe.com

PV SYSYEM STRUCTURAL PLAN

Contractor is responsible to verify the fit of this array prior to installation. The solar module array shown is based on the field data provided by the contractor. Contractor shall contact the engineer if the array may not fit as projected. Satellite imagery shown may not correctly indicate potential current shading of property. Contractor is responsible to verify sun exposure and shading of installation prior to installation.

Engineer liability for error/omission/FBC 2020 (7th edition Florida Building Code) & NEC 2017 is limited by adequacy and accuracy of information provided to engineer by owner/contractor and by responsibilities per EJCDC® C-700, Standard General Conditions of the Construction Contract. Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers.

CODE

FBC 2020 (7TH EDITION) FLORIDA BUILDING CODE

I CERTIFY THAT THE SHEATHING & FRAMING OF THIS STRUCTURE WILL SAFELY ACCOMMODATE PV SYSTEM MOUNTING, RACKING, AND MODULES AND WITHSTAND WIND UPLIFT / LATERAL FORCES AND EQUIPMENT DEAD LOADS WITH THE CONDITION THAT CONTRACTOR'S INSTALLATION OF THE PV SYSTEM IS IN ACCORDANCE WITH THE INSTRUCTIONS ON THIS PLAN . THIS IS ATTESTED TO BY MY SIGNATURE AND SEAL ON THIS PLAN AT THE UPPER RIGHT.

1. INSTALLATION NOTES

2. THIS PAPER PLAN IS INTENDED TO PROVIDE THE ESSENTIAL INFORMATION NEEDED BY AHJ (AUTHORITY HAVING JURISDICTION) AND INSTALLERS.

3. THIS IS A COMBINED SET OF STRUCTURAL AND ELECTRICAL PLANS.
4. SOLAR EQUIPMENT ADDS LESS THAN 3 PSF (UNFACTORED) GRAVITY LOAD TO STRUCTURE.
5. MODULE GRAVITY & WIND LOADS SHALL BE TRANSMITTED TO RIBS OF PURLIN BREARING 'R' (PBR) ROOFING METAL OR STANDING SEAMS OF ROOFING METAL USING S-5 CLAMPS/BRACKETS SHOWN HEREON.
6. SEE DRAWINGS FOR MEANS & METHODS INFORMATION IN ADDITION TO THESE NOTES.
7. CONTRACTOR SHALL INSTALL S5 CLAMPS PER OEM INSTRUCTIONS.
8. CONTRACTOR SHALL INSTALL RAILS PERPENDICULAR TO STANDING SEAMS OR PBR RIBS ON IRONRIDGE XR100 RAILS ON TOP OF S5 CLAMPS.
9. CONTRACTOR TO ENSURE CONTINUITY OF ALL METAL PARTS AND CONNECTIONS OF THIS INSTALLATION TO BE ELECTRICALLY GROUNDED AND BONDED TOGETHER. TORQUE ALL S-5 SET SCREWS TO 115-INCH-POUNDS.
10. ADJUST C-C SPACING PLUS MINUS UP TO 4-INCHES TO HIT PBR METAL ROOF RIDGES.
11. CONTRACTOR SHALL NOT INSTALL ROOF ATTACHMENTS ON ROOF AREAS OVER OVERHANGS.
12. THERE SHALL BE A PV MODULE TO RAIL MOUNTING CLAMP AT EVERY MODULE/RAIL CROSSING POINT WITH MINIMUM 4 CLAMPS PER MODULE.
13. ADJOINING MODULES ON SAME RAIL SHALL SHARE CLAMPS.
14. MODULES SHALL BE PORTRAIT.
15. ROOF IS ASSUMED TO BE COMPLIANT WITH FBC (FLORIDA BUILDING CODE) AS OF TIME OF CONSTRUCTION.
16. THERE SHALL BE A MINIMUM OF TWO RAILS UNDER EACH PV MODULE.
17. ROOF ATTACHMENT SPACING SHALL BE AS SHOWN IN FIGURE 08.
18. RAILS SHALL NOT CANTILEVER BEYOND OUTSIDE END OF ROOF ATTACHMENT BY MORE THAN 1-FOOT.
19. CONTRACTOR/INSTALLER SHALL COMPLY WITH OEM INSTALLATION INSTRUCTIONS.
20. IF A CONFLICT SHOULD OCCUR BETWEEN A DRAWING AND/OR SPECIFICATION HEREON AND AN OEM DETAIL, OEM SHALL PREVAIL.
21. CONTRACTOR SHALL PROVIDE AHJ WITH ADDITIONAL INFORMATION AS REQUIRED.

Enphase IQ Combiner 3

MODEL NUMBER	
IQ Combiner 3 X-IQ-AM1-240-3	IQ Combiner 3 with Enphase IQ Envoy™ printed circuit board for integrated revenue grade PV **production** metering (ANSI C12.20 +/- 0.5%) and optional* **consumption** monitoring (+/- 2.5%).
ACCESSORIES and **REPLACEMENT PARTS** (not included, order separately)	
Enphase Mobile Connect™ CELLMODEM-03 (4G/12-year data plan) CELLMODEM-01 (3G/5-year data plan) CELLMODEM-M1 (4G based LTE-M/5-year data plan)	Plug and play industrial grade cellular modem with data plan for systems up to 60 microinverters. (Available in the US, Canada, Mexico, Puerto Rico, and the US Virgin Islands, where there is adequate cellular service in the installation area.)
Consumption Monitoring* CT CT-200-SPLIT	Split core current transformers enable whole home **consumption** metering (+/- 2.5%).
* Consumption monitoring is required for Enphase Storage Systems	
Wireless USB adapter COMMS-KIT-01	Installed at the IQ Envoy. For communications with Enphase Encharge™ storage and Enphase Enpower™ smart switch. Includes USB cable for connection to IQ Envoy or Enphase IQ Combiner™ and allows redundant wireless communication with Encharge and Enpower.
Circuit Breakers BRK-10A-2-240 BRK-15A-2-240 BRK-20A-2P-240	Supports Eaton BR210, BR215, BR220, BR230, BR240, BR250, and BR260 circuit breakers. Circuit breaker, 2 pole, 10A, Eaton BR210 Circuit breaker, 2 pole, 15A, Eaton BR215 Circuit breaker, 2 pole, 20A, Eaton BR220
EPLC-01	Power line carrier (communication bridge pair), quantity - one pair
XA-PLUG-120-3	Accessory receptacle for Power Line Carrier in IQ Combiner 3 (required for EPLC-01)
XA-ENV-PCBA-3	Replacement IQ Envoy printed circuit board (PCB) for Combiner 3
ELECTRICAL SPECIFICATIONS	
Rating	Continuous duty
System voltage	120/240 VAC, 60 Hz
Eaton BR series busbar rating	125 A
Max. continuous current rating (output to grid)	65 A
Max. fuse/circuit rating (output)	90 A
Branch circuits (solar and/or storage)	Up to four 2-pole Eaton BR series Distributed Generation (DG) breakers only (not included)
Max. continuous current rating (input from PV)	64 A
Max. total branch circuit breaker rating (input)	80A of distributed generation / 90A with IQ Envoy breaker included
Production Metering CT	200 A solid core pre-installed and wired to IQ Envoy
MECHANICAL DATA	
Dimensions (WxHxD)	49.5 x 37.5 x 16.8 cm (19.5" x 14.75" x 6.63"). Height is 21.06" (53.5 cm with mounting brackets).
Weight	7.5 kg (16.5 lbs)
Ambient temperature range	-40° C to +46° C (-40° to 115° F)
Cooling	Natural convection, plus heat shield
Enclosure environmental rating	Outdoor, NRTL-certified, NEMA type 3R, polycarbonate construction
Wire sizes	• 20 A to 50 A breaker inputs: 14 to 4 AWG copper conductors • 60 A breaker branch input: 4 to 1/0 AWG copper conductors • Main lug combined output: 10 to 2/0 AWG copper conductors • Neutral and ground: 14 to 1/0 copper conductors Always follow local code requirements for conductor sizing.
Altitude	To 2000 meters (6,560 feet)
INTERNET CONNECTION OPTIONS	
Integrated Wi-Fi	802.11b/g/n
Ethernet	Optional, 802.3, Cat5E (or Cat 6) UTP Ethernet cable (not included)
Cellular	Optional, CELLMODEM-01 (3G) or CELLMODEM-03 (4G) or CELLMODEM-M1 (4G based LTE-M) (not included)
COMPLIANCE	
Compliance, Combiner	UL 1741, CAN/CSA C22.2 No. 107.1, 47 CFR, Part 15, Class B, ICES 003 Production metering: ANSI C12.20 accuracy class 0.5 (PV production)
Compliance, IQ Envoy	UL 60601-1/CANCSA 22.2 No. 61010-1

Enphase IQ 7 and IQ 7+ Microinverters

INPUT DATA (DC)	IQ7-60-2-US / IQ7-60-B-US		IQ7PLUS-72-2-US / IQ7PLUS-72-B-US	
Commonly used module pairings[1]	235 W - 350 W +		235 W - 440 W +	
Module compatibility	60-cell PV modules only		60-cell and 72-cell PV modules	
Maximum input DC voltage	48 V		60 V	
Peak power tracking voltage	27 V - 37 V		27 V - 45 V	
Operating range	16 V - 48 V		16 V - 60 V	
Min/Max start voltage	22 V / 48 V		22 V / 60 V	
Max DC short circuit current (module Isc)	15 A		15 A	
Overvoltage class DC port	II		II	
DC port backfeed current	0 A		0 A	
PV array configuration	1 x 1 ungrounded array; No additional DC side protection required; AC side protection requires max 20A per branch circuit			
OUTPUT DATA (AC)	**IQ 7 Microinverter**		**IQ 7+ Microinverter**	
Peak output power	250 VA		295 VA	
Maximum continuous output power	240 VA		290 VA	
Nominal (L-L) voltage/range[2]	240 V / 211-264 V	208 V / 183-229 V	240 V / 211-264 V	208 V / 183-229 V
Maximum continuous output current	1.0 A (240 V)	1.15 A (208 V)	1.21 A (240 V)	1.39 A (208 V)
Nominal frequency	60 Hz		60 Hz	
Extended frequency range	47 - 68 Hz		47 - 68 Hz	
AC short circuit fault current over 3 cycles	5.8 Arms		5.8 Arms	
Maximum units per 20 A (L-L) branch circuit[3]	16 (240 VAC)	13 (208 VAC)	13 (240 VAC)	11 (208 VAC)
Overvoltage class AC port	III		III	
AC port backfeed current	0 A		0 A	
Power factor setting	1.0		1.0	
Power factor (adjustable)	0.7 leading ... 0.7 lagging		0.7 leading ... 0.7 lagging	
EFFICIENCY	**@240 V**	**@208 V**	**@240 V**	**@208 V**
Peak CEC efficiency	97.6 %	97.6 %	97.5 %	97.3 %
CEC weighted efficiency	97.0 %	97.0 %	97.0 %	97.0 %
MECHANICAL DATA				
Ambient temperature range	-40°C to +65°C			
Relative humidity range	4% to 100% (condensing)			
Connector type (IQ7-60-2-US & IQ7PLUS-72-2-US)	MC4 (or Amphenol H4 UTX with additional Q-DCC-5 adapter)			
Connector type (IQ7-60-B-US & IQ7PLUS-72-B-US)	Friends PV2 (MC4 Intermateable). Adaptors for modules with MC4 or UTX connectors: - PV2 to MC4: order ECA-S20-S22 - PV2 to UTX: order ECA-S20-S25			
Dimensions (WxHxD)	212 mm x 175 mm x 30.2 mm (without bracket)			
Weight	1.08 kg (2.38 lbs)			
Cooling	Natural convection - No fans			
Approved for wet locations	Yes			
Pollution degree	PD3			
Enclosure	Class II double-insulated, corrosion resistant polymeric enclosure			
Environmental category / UV exposure rating	NEMA Type 6 / outdoor			
FEATURES				
Communication	Power Line Communication (PLC)			
Monitoring	Enlighten Manager and MyEnlighten monitoring options. Both options require installation of an Enphase IQ Envoy.			
Disconnecting means	The AC and DC connectors have been evaluated and approved by UL for use as the load-break disconnect required by NEC 690.			
Compliance	CA Rule 21 (UL 1741-SA) UL 62109-1, UL1741/IEEE1547, FCC Part 15 Class B, ICES-0003 Class B, CAN/CSA-C22.2 NO. 107.1-01 This product is UL Listed as PV Rapid Shut Down Equipment and conforms with NEC-2014 and NEC-2017 section 690.12 and C22.1-2015 Rule 64-218 Rapid Shutdown of PV Systems, for AC and DC conductors, when installed according manufacturer's instructions.			

1. No enforced DC/AC ratio. See the compatibility calculator at https://enphase.com/en-us/support/module-compatibility.
2. Nominal voltage range can be extended beyond nominal if required by the utility.
3. Limits may vary. Refer to local requirements to define the number of microinverters per branch in your area.

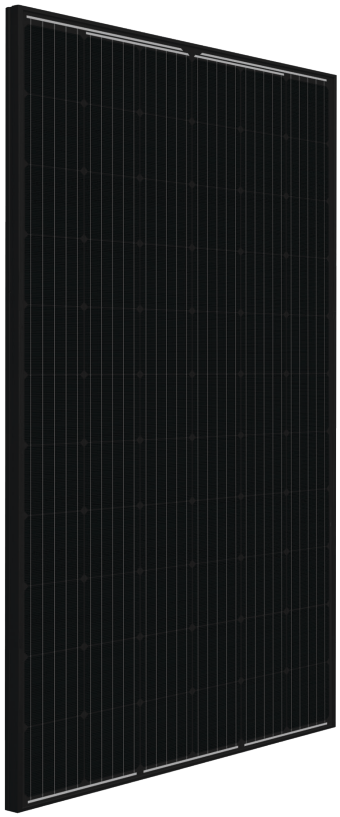
CHUBB*

* Chubb provides error and omission insurance to Silfab Solar Inc.

INDUSTRY LEADING WARRANTY
All our products include an industry leading 25-year product workmanship and 30-year performance warranty.

40+ YEARS OF SOLAR INNOVATION
Leveraging over 40 years of worldwide experience in the solar industry, Silfab is dedicated to superior manufacturing processes and innovations such as Bifacial and Back Contact technologies, to ensure our partners have the latest in solar innovation.

NORTH AMERICAN QUALITY
Silfab is the leading automated solar module manufacturer in North America. Utilizing premium quality materials and strict quality control management to deliver the highest efficiency, premium quality PV modules.



BAA / ARRA COMPLIANT
These panels are designed and manufactured to meet Buy American Act Compliance. The US State Department, US Military and FAA have all utilized Silfab panels in their solar installations.

LIGHT AND DURABLE
Engineered to accommodate high wind load conditions for test loads validated up to 5400Pa uplift. The light-weight frame is exclusively designed for wide-ranging racking compatibility and durability.

QUALITY MATTERS
Total automation ensures strict quality controls during the entire manufacturing process at our ISO certified facilities.

DOMESTIC SUPPORT/SERVICES
Our 500+ North American team is ready to help our partners win the hearts and minds of customers, providing customer service and product delivery that is direct, efficient and local.

AESTHETICALLY PLEASING
All black sleek design, ideal for high-profile residential or commercial applications.

PID RESISTANT
PID Resistant due to advanced cell technology and material selection. In accordance to IEC 62804-1.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

CONTRACT # ELE / 260746

APPLICATION FOR INTERCONNECTION OF CUSTOMER-OWNED RENEWABLE GENERATION SYSTEMS

TIER 1 - Ten (10) kW or Less
TIER 2 - Greater than 10 kW and Less Than or Equal to 100 kW
TIER 3 - Greater than 100 kW and Less Than or Equal to Two (2) MW

Note: These customer-owned renewable generation system size limits may be subject to a cumulative enrollment limit on net-metering customers located in the area served by the City of Ocala Electric Utility. Please refer to the Ocala Electric Utility Net-Metering Rate Schedule.

Ocala Electric Utility customers who install customer-owned renewable generation systems (RGS) and desire to interconnect those facilities with the Ocala Electric Utility system are required to complete this application. When the completed application and fees are returned to Ocala Electric Utility, the process of completing the appropriate Tier 1, Tier 2 or Tier 3 Interconnection Agreement can begin. This application and copies of the Interconnection Agreements may be obtained at Ocala Electric Utility, located at 201 SE 3rd Street, Ocala, Florida 34471, or may be requested by email from OEU@ocalafl.org.

1. Customer Information

Name: Maricela Caldero

Mailing Address: 2806 NW 4th Avenue

City: Ocala State: FL Zip Code: 34475

Phone Number: 352-484-4919 Alternate Phone Number: _____

Email Address: madonel182@gmail.com Fax Number: _____

Ocala Electric Utility Customer Account Number: 555904-152547

2. RGS Facility Information

Facility Location: 2806 NW 4th Avenue Ocala, Fl. 34475

Ocala Electric Utility Customer Account Number: 555904-152547

RGS Manufacturer: Aptos Solar Technology

Manufacturer's Address: 3140 De La Cruz Blvd. STE200

Santa Clara, CA. 95054

Reference or Model Number: DNA-120-MF26 370W(23-Modules)

Serial Number: Enphase Microinverters-IQ8PLUS-72-2-US

(Continued on Sheet No.19.1)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

3. Facility Rating Information

Gross Power Rating: 7.23kWac ("Gross power rating" means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with Ocala Electric Utility's distribution facilities. For inverter-based systems, the AC nameplate generating capacity shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.)

Fuel or Energy Source: Solar PV

Anticipated In- Service Date: 4/22/25

4. Application Fee

The application fee is based on the Gross Power Rating and must be submitted with this application. The non-refundable application fee is $375 for Tier 2 and $750 for Tier 3 installations. There is no application fee for Tier 1 installations.

5. Interconnection Study Fee

For Tier 3 installations, a deposit in the amount of the estimated costs of the study (to be determined at time of application) must be paid along with this application in addition to the application fee referenced in Article 4 above. This deposit will be applied toward the cost of an interconnection study. The customer will be responsible for the actual costs of the study. Should the actual cost of the study be less than the deposit, the difference will be refunded to the customer. Customer agrees to comply with all interconnection requirements identified in the interconnection study report.

6. Required Documentation

Prior to completion of the Interconnection Agreement, the following information must be provided to the Ocala Electric Utility by the customer.

A. Documentation demonstrating that the installation complies with (or most current version at time of inspection approval):

1. IEEE 1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power Systems.
2. IEEE 1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnecting Distributed Resources with Electric Power Systems.
3. UL 1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed Energy Resources.

(Continued on Sheet No. 19.2)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

B. Documentation that the customer-owned renewable generation has been inspected and approved by local code officials prior to its operation in parallel with the Ocala Electric Utility system to ensure compliance with applicable local codes. OEU will also require proof of commission testing by a qualified 3rd party testing company (not affiliated in any way with the manufacturer, vendor or installation contractor), for compliance with all required and applicable codes, standards, and interconnection study requirements, prior to setting of OEU metering equipment.

C. Proof of insurance in the amount of:
Tier 1 - $100,000.00
Tier 2 - $1,000,000.00
Tier 3 - $2,000,000.00

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 22nd day of April, 20 25, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and Maricela Caldero, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

(Continued on Sheet No. 20.1)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

(Continued on Sheet No. 20.3)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

(Continued on Sheet No. 20.4)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

7.05. Enforcement of Agreement. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by either FMPA or OEU of the sovereign immunity applicable to either or both of them as established by Florida Statutes, 768.28.

(Continued on Sheet No. 20.5)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

Tier 1 – Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 22nd day of April, 20 25, by and between Maricela Caldero, (hereinafter called "**Customer**"), located at 2806 NW 4th Avenue in Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereinafter called OEU), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the interconnection is taking place: 2806 NW 4th Avenue Ocala, Fl. 34475.

WITNESSETH

Whereas, a Tier 1 Renewable Generation System (RGS) is an electric generating system that uses one or more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at no more than ten (10) kilowatts (10 kW) alternating current (AC) power output and is primarily intended to offset part or all of the Customer's current electric requirements; and

Whereas, OEU operates an electric system serving the City of Ocala; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU' electrical supply grid at the location identified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU' ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, the OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

(Continued on Sheet No. 21.1)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

(Continued from Sheet No. 21.0)

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and the City of Ocala Electric Utility (OEU).

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU's distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 1 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. Increase in GPR above the ten kilowatt (10 kW) limit would necessitate entering into a new agreement at either Tier 2 or Tier 3 which may impose additional requirements on the Customer. In no case does the Tier 1, Tier 2 or Tier 3 agreement cover increases in GPR above two megawatts (2MW).

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).

5. The Customer shall not be required to pay any special fees due solely to the installation of the RGS.

6. The Customer shall fully comply with OEU's Design Standards following NEC standards as those documents may be amended or revised by OUS from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):

a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*
d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

(Continued to Sheet No. 21.2)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

(Continued from Sheet No. 21.1)

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 21.3)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes an OEU interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU's electric power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS that (i) utilizes the same OEU interactive inverter for both systems, or (ii) utilizes a separate OEU interactive inverter for each system, Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU' systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's system, such that back feed from the customer-owned renewable generation system to OEU's system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 21.4)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

(Continued from Sheet No. 21.3)

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Section 18, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one hundred thousand dollars ($100,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

(Continued on Sheet No. 21.5)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OEU inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU' electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU system emergencies, forced outages, uncontrollable forces or compliance with prudent electric OEU practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical affects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU.
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

(Continued to Sheet No. 21.6)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.
b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, agents, contractors (and any subcontractor or material supplier thereof) and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days' notice of its intent to terminate this Agreement.

(Continued on Sheet No. 21.7)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection Agreement and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement, which complies with the amended statutes/rules.

(Continued on Sheet No. 21.8)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule, (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

(Continued on Sheet No. 21.9)

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

County: Marion

TOTAL ANNUAL POLICY PREMIUM:	**$2,962.70**
The Hurricane portion of the premium is:	$906.92
The non-Hurricane portion of the premium is:	$2,027.52

Insurance is provided only with respect to the following coverages for which a limit of liability and/or premium is specified, subject to all conditions of this policy. Based on the information available to us, the premium shown is the lowest we offer for which you qualify.

SECTION I – PROPERTY COVERAGES	LIMIT OF LIABILITY	PREMIUM
Coverage A – Dwelling	$312,000	$2,934.44
Coverage B – Other Structures	$6,240	Included
Coverage C – Personal Property	$156,000	Included
Coverage D – Loss of Use	$31,200	Included
Ordinance or Law: 25% of Coverage A	$78,000	Included

SECTION I – DEDUCTIBLES:
In case of a property loss, we only cover that part of the loss over the deductible(s) stated:

All Other Perils:	$1,000
Windstorm or Hail (Other Than Hurricane)	$1,000
HURRICANE: 2% of Coverage A	**$6,240**
Sinkhole:	Not Included

SECTION II – LIABILITY COVERAGES		
Coverage E - Personal Liability	$100,000	Included
Coverage F - Medical Payments to Others	$1,000	Included

OPTIONAL COVERAGES:	LIMIT OF LIABILITY	PREMIUM
Home Cyber Protection	$25,000	$31.17
Ordinance or Law	$78,000	Included

Docusign Envelope ID: EB273738-ACBE-8172-83F0-E6B861044DD6

GENERAL NOTES

1. ALL COMPONENTS ARE UL LISTED AND NEC CERTIFIED, WHERE WARRANTED.
2. THE SOLAR PV SYSTEM WILL BE INSTALLED IN ACCORDANCE WITH ARTICLE 690 OF THE NEC 2020.
3. THE UTILITY INTERCONNECTION APPLICATION MUST BE APPROVED AND PV SYSTEM INSPECTED PRIOR TO PARALLEL OPERATION.
4. ALL CONDUCTORS OF A CIRCUIT, INCLUDING THE EGC, MUST BE INSTALLED IN THE SAME RACEWAY, OR CABLE, OR OTHERWISE RUN WITH THE PV ARRAY CIRCUIT CONDUCTORS WHEN THEY LEAVE THE VICINITY OF THE PV ARRAY.
5. WHERE METALLIC CONDUIT CONTAINING DC CONDUCTORS IS USED INSIDE THE BUILDING, IT SHALL BE IDENTIFIED AS "CAUTION: SOLAR CIRCUIT" EVERY 10FT.
6. HEIGHT OF THE AC DISCONNECT SHALL NOT EXCEED 6'-7" PER NEC CODE 240.24.
7. A GROUNDING ELECTRODE SYSTEM IN ACCORDANCE WITH NEC 2020 690.47 AND 250.50 THROUGH 60 AND 250-166 SHALL BE PROVIDED. PER NEC GROUNDING ELECTRODE SYSTEM OF EXISTING BUILDING MAY BE USED AND BONDED TO THE SERVICE ENTRANCE. IF EXISTING SYSTEM IS INACCESSIBLE OR INADEQUATE A SUPPLEMENTAL GROUNDING ELECTRODE WILL BE USED AT THE INVERTER LOCATION CONSISTING OF A UL LISTED 8 FT. GROUND ROD WITH ACORN CLAMP. GROUNDING ELECTRODE CONDUCTORS SHALL BE NO LESS THAN #8 AWG AND NO LARGER THAN #6 AWG COPPER AND BONDED TO THE EXISTING GROUNDING ELECTRODE TO PROVIDE FOR A COMPLETE SYSTEM.
8. PHOTOVOLTAIC MODULES ARE TO BE CONSIDERED NON-COMBUSTIBLE.
9. PHOTOVOLTAIC INSTALLATION WILL NOT OBSTRUCT ANY PLUMBING, MECHANICAL, OR BUILDING ROOF VENTS.
10. ALL WIRING MUST BE PROPERLY SUPPORTED BY DEVICES OR MECHANICAL MEANS DESIGNED AND LISTED FOR SUCH USE. WIRING MUST BE PERMANENTLY AND COMPLETELY HELD OFF THE ROOF SURFACE.
11. ALL SIGNAGE TO BE PLACED IN ACCORDANCE WITH THE LOCAL BUILDING CODE. IF EXPOSED TO SUNLIGHT, IT SHALL BE UV RESISTANT. ALL PLAQUES AND SIGNAGE WILL BE INSTALLED AS REQUIRED BY THE NEC AND AHJ.
12. INVERTER(S) USED IN UNGROUNDED SYSTEM SHALL BE UL 1741 LISTED.
13. THE INSTALLATION OF EQUIPMENT AND ALL ASSOCIATED WIRING AND INTERCONNECTION SHALL BE PERFORMED ONLY BY QUALIFIED PERSONS [NEC 690.4(C)]
14. ALL OUTDOOR EQUIPMENT SHALL BE NEMA 3R RATED (OR BETTER), INCLUDING ALL ROOF MOUNTED TRANSITION BOXES AND SWITCHES.
15. ALL EQUIPMENT SHALL BE PROPERLY GROUNDED AND BONDED IN ACCORDANCE WITH NEC ARTICLE 250.
16. SYSTEM GROUNDING SHALL BE IN ACCORDANCE WITH NEC 690.41.
17. PV SYSTEM CIRCUITS INSTALLED ON OR IN BUILDINGS SHALL INCLUDE A RAPID SHUTDOWN FUNCTION IN ACCORDANCE WITH NEC 690.12
18. DISCONNECTING MEANS SHALL BE LOCATED IN A VISIBLE, READILY ACCESSIBLE LOCATION WITHIN THE PV SYSTEM EQUIPMENT OR A MAXIMUM OF 10 FEET AWAY FROM THE SYSTEM [NEC 690.13(A)]
19. ALL WIRING METHODS SHALL BE IN ACCORDANCE WITH NEC 690.31
20. WORK CLEARANCES AROUND ELECTRICAL EQUIPMENT WILL BE MAINTAINED PER NEC 110.26(A)(1), 110.26(A)(2) AND 110.26(A)(3).
21. ROOFTOP MOUNTED PHOTOVOLTAIC PANELS AND MODULES SHALL BE TESTED, LISTED & IDENTIFIED IN ACCORDANCE WITH UL1703
22. ELECTRICAL CONTRACTOR TO PROVIDE CONDUIT EXPANSION JOINTS AND ANCHOR CONDUIT RUNS AS REQUIRED PER NEC.
23. IN ACCORDANCE WITH 2021 IFC 1205.5, 2018 IFC 1204.4, AND 2015 IFC 605.11.2 A CLEAR, BRUSH-FREE AREA OF 10 FEET(3048 MM) SHALL BE REQUIRED FOR GROUND-MOUNTED PHOTOVOLTAIC ARRAYS.
24. PANEL LAYOUT ORIENTATION IS SUBJECT TO CHANGE ON DESIGNED MOUNTING PLANES.

DC SYSTEM SIZE: 23 x 370 = 8.510KW DC
AC SYSTEM SIZE: 23 x 290 = 6.670KW AC

(23) APTOS SOLAR: DNA-120-MF26 370W MONO MODULES WITH
(23) ENPHASE IQ8PLUS-72-2-US (240) MICROINVERTERS

(1) CIRCUIT OF 12 MODULES AND
(1) CIRCUIT OF 11 MODULES ARE CONNECTED IN PARALLEL

INSTRALLER / ELECTRICAN NOTE:
EC IS TO MEASURE VOLTAGE BEFORE WORK. IF RESULT IS ANY OTHER VOLTAGE MEASURED THAN 120/ 240 V IS OBSERVED . DO NOT PROCCED CONTACT ENGINEER

INTERCONNECTION NOTES:
1. INTERCONNECTION SIZING, LIMITATIONS AND COMPLIANCE DETERMINED IN ACCORDANCE WITH [NEC 705.12], AND [NEC 690.59].
2. GROUND FAULT PROTECTION IN ACCORDANCE WITH [NEC 215.9], [NEC 230.95].
3. ALL EQUIPMENT TO BE RATED FOR BACKFEEDING.
4. PV BREAKER TO BE POSITIONED AT THE OPPOSITE END OF THE BUSBAR RELATIVE TO THE MAIN BREAKER.

DISCONNECT NOTES:
1. DISCONNECTING SWITCHES SHALL BE WIRED SUCH THAT WHEN THE SWITCH IS OPENED THE CONDUCTORS REMAINING LIVE ARE CONNECTED TO THE TERMINALS MARKED “LINE SIDE” (TYPICALLY THE UPPER TERMINALS)
2. AC DISCONNECT MUST BE ACCESSIBLE TO QUALIFIED UTILITY PERSONNEL, BE LOCKABLE, AND BE A VISIBLE-BREAK SWITCH
3. DISCONNECT MEANS AND THEIR LOCATION SHALL BE IN ACCORDANCE WITH [NEC 225.31] AND [NEC 225.32].

GROUNDING & GENERAL NOTES:
1. **GROUNDING ELECTRODES AND GROUNDING ELECTRODE CONDUCTORS.** ADDITIONAL GROUNDING ELECTRODES SHALL BE PERMITTED TO BE INSTALLED IN ACCORDANCE WITH 250.52 AND 250.54.GROUNDING ELECTRODES SHALL BE PERMITTED TO BE CONNECTED DIRECTLY TO THE PV MODULE FRAME(S) OR SUPPORT STRUCTURE PER [NEC 690.47(B)]
2. PV INVERTER IS UNGROUNDED, TRANSFORMER-LESS TYPE.
3. DC GEC AND AC EGC TO REMAIN UNSPLICED, OR SPLICED TO EXISTING ELECTRODE
4. ANY EXISTING WIRING INVOLVED WITH PV SYSTEM CONNECTION THAT IS FOUND TO BE INADEQUATE PER CODE SHALL BE CORRECTED PRIOR TO FINAL INSPECTION.
5. SOLADECK QUANTITIES, AND PLACEMENT SUBJECT TO CHANGE IN THE FIELD - SOLADECK DEPICTED ON ELECTRICAL DIAGRAM REPRESENT WIRE TYPE TRANSITIONS.
6. AC DISCONNECT NOTED IN EQUIPMENT SCHEDULE OPTIONAL IF OTHER AC DISCONNECTING MEANS IS LOCATED WITHIN 10' OF SERVICE DISCONNECT.
7. RACEWAYS AND CABLES EXPOSED TO SUNLIGHT ON ROOFTOPS SHOULD BE INSTALLED MORE THAN 7/8" ABOVE THE ROOF USING CONDUIT SUPPORTS.
8. ALL NEW SERVICE INSTALLATIONS AND REPLACEMENTS REQUIRE A SURGE-PROTECTIVE DEVICE (SPD) IN ACCORDANCE WITH [NEC 230.67]. THE SPD SHALL BE TYPE 1 OR TYPE 2 AND IS REQUIRED TO BE AN INTEGRAL PART OF THE SERVICE EQUIPMENT OR LOCATED IMMEDIATELY ADJACENT THERETO.

This item has been digitally signed and sealed by Richard Pantel, P.E. on the date adjacent to the seal. Printed copies of this document are not considered signed and sealed and the signature must be verified on any electronic copies.

ENPHASE

DATA SHEET

IQ8 and IQ8+ Microinverters

Our newest IQ8 Microinverters are the industry's first microgrid-forming, software-defined microinverters with split-phase power conversion capability to convert DC power to AC power efficiently. The brain of the semiconductor-based microinverter is our proprietary application-specific integrated circuit (ASIC), which enables the microinverter to operate in grid-tied or off-grid modes. This chip is built using advanced 55-nm technology with high-speed digital logic and has superfast response times to changing loads and grid events, alleviating constraints on battery sizing for home energy systems.

Part of the Enphase Energy System, IQ8 Series Microinverters integrate with the IQ Battery, IQ Gateway, and the Enphase App monitoring and analysis software.

Enphase 25 year limited warranty

IQ8 Series Microinverters redefine reliability standards with more than one million cumulative hours of power-on testing, enabling an industry-leading limited warranty of up to 25 years.

Connect PV modules quickly and easily to IQ8 Series Microinverters using the included Q-DCC-2 adapter cable with plug-and-play MC4 connectors.

CERTIFIED SAFETY

IQ8 Series Microinverters are UL Listed as PV rapid shutdown equipment and conform with various regulations, when installed according to the manufacturer's instructions.

*Meets UL 1741 only when installed with IQ System Controller 2 or 3.
**IQ8 and IQ8+ support split-phase, 240 V installations only.

© 2024 Enphase Energy. All rights reserved. Enphase, the e and CC logos, IQ, and certain other marks listed at https://enphase.com/trademark-usage-guidelines are trademarks of Enphase Energy, Inc. in the U.S. and other countries. Data subject to change.

Easy to install

- Lightweight and compact with plug-and-play connectors
- Power line communication (PLC) between components
- Faster installation with simple two-wire cabling

High productivity and reliability

- Produce power even when the grid is down*
- More than one million cumulative hours of testing
- Class II double-insulated enclosure
- Optimized for the latest high-powered PV modules

Microgrid-forming

- Compliant with the latest advanced grid support**
- Remote automatic updates for the latest grid requirements
- Configurable to support a wide range of grid profiles
- Meets CA Rule 21 (UL 1741-SA) and IEEE 1547:2018 (UL 1741-SB)

NOTE:

- IQ8 Microinverters cannot be mixed with previous generations of Enphase microinverters (IQ7 Series, IQ6 Series, and so on) in the same system.
- IQ Microinverters ship with default settings that meet North America's IEEE 1547 interconnection standard requirements. Region-specific adjustments may be requested by an Authority Having Jurisdiction (AHJ) or utility representative according to the IEEE 1547 interconnection standard. An IQ Gateway is required to make these changes during installation.

IQ8 and IQ8+ Microinverters

INPUT DATA (DC)	UNITS	IQ8-60-2-US	IQ8PLUS-72-2-US
Commonly used module pairings[1]	W	235–350	235–440
Module compatibility	–	To meet compatibility, PV modules must be within maximum input DC voltage and maximum module I_{sc} listed below. Module compatibility can be checked at https://enphase.com/installers/microinverters/calculator.	
MPPT voltage range	V	27–37	27–45
Operating range	V	16–48	16–58
Minimum/Maximum start voltage	V	22/48	22/58
Maximum input DC voltage	V	50	60
Maximum continuous input DC current	A	10	12
Maximum input DC short-circuit current	A	25	
Maximum module (I_{sc})	A	20	
Overvoltage class DC port	–	II	
DC port backfeed current	mA	0	
PV array configuration	–	Ungrounded array; no additional DC side protection required; AC side protection requires maximum 20 A per branch circuit.	
OUTPUT DATA (AC)	**UNITS**	**IQ8-60-2-US**	**IQ8PLUS-72-2-US**
Peak output power	VA	245	300
Maximum continuous output power	VA	240	290
Nominal grid voltage (L-L)	V	240, split-phase (L-L), 180°	
Minimum and Maximum grid voltage[2]	V	211-264	
Maximum continuous output current	A	1.0	1.21
Nominal frequency	Hz	60	
Extended frequency range	Hz	47–68	
AC short-circuit fault current over three cycles	Arms	2	
Maximum units per 20 A (L-L) branch circuit[3]	–	16	13
Total harmonic distortion	%	<5	
Overvoltage class AC port	–	III	
AC port backfeed current	mA	30	
Power factor setting	–	1.0	
Grid-tied power factor (adjustable)	–	0.85 leading ... 0.85 lagging	
Peak efficiency	%	97.7	
CEC weighted efficiency	%	97	
Nighttime power consumption	mW	23	25
MECHANICAL DATA			
Ambient temperature range		-40°C to 60°C (-40°F to 140°F)	
Relative humidity range		4% to 100% (condensing)	
DC connector type		MC4	
Dimensions (H × W × D)		212 mm (8.3 in) × 175 mm (6.9 in) × 30.2 mm (1.2 in)	
Weight		1.08 kg (2.38 lbs)	
Cooling		Natural convection–no fans	
Approved for wet locations		Yes	
Pollution degree		PD3	
Enclosure		Class II double-insulated, corrosion-resistant polymeric enclosure	
Environmental category/UV exposure rating		NEMA Type 6/Outdoor	

(1) No enforced DC/AC ratio.
(2) Nominal voltage range can be extended beyond nominal if required by the utility.
(3) Limits may vary. Refer to local requirements to define the number of microinverters per branch in your area.

IQ Combiner 4/4C

X-IQ-AM1-240-4C
X2-IQ-AM1-240-4C (IEEE 1547:2018)

X-IQ-AM1-240-4
X2-IQ-AM1-240-4 (IEEE 1547:2018)

The **IQ Combiner 4/4C** with IQ Gateway and integrated LTE-M1 cell modem (included only with IQ Combiner 4C) consolidates interconnection equipment into a single enclosure. It streamlines IQ Microinverters and storage installations by providing a consistent, pre-wired solution for residential applications. It offers up to four 2-pole input circuits and Eaton BR series busbar assembly.

Smart

- Includes IQ Gateway for communication and control
- Includes Mobile Connect cellular modem (CELLMODEM-M1-06-SP-05), included only with IQ Combiner 4C
- Includes solar shield to match Enphase IQ Battery aesthetics and deflect heat
- Supports Wi-Fi, Ethernet, or cellular connectivity
- Optional AC receptacle available for PLC bridge
- Provides production metering and consumption monitoring

Simple

- Mounts on single stud with centered brackets
- Supports bottom, back and side conduit entry
- Allows up to four 2-pole branch circuits for 240VAC plug-in breakers (not included)
- 80A total PV or storage branch circuits

Reliable

- Durable NRTL-certified NEMA type 3R enclosure
- Five-year limited warranty
- Two years labor reimbursement program coverage included for both the IQ Combiner SKU's
- UL listed
- X2-IQ-AM1-240-4 and X2-IQ-AM1-240-4C comply with IEEE 1547:2018 (UL 1741-SB, 3rd Ed.)

UL LISTED

ENPHASE

IQ Combiner 4/4C

MODEL NUMBER	
IQ Combiner 4 X-IQ-AM1-240-4 X2-IQ-AM1-240-4 (IEEE 1547:2018)	IQ Combiner 4 with IQ Gateway printed circuit board for integrated revenue grade PV production metering (ANSI C12.20 ± 0.5%) and consumption monitoring (± 2.5%). Includes a silver solar shield to match the IQ Battery and IQ System Controller 2 and to deflect heat.
IQ Combiner 4C X-IQ-AM1-240-4C X2-IQ-AM1-240-4C (IEEE 1547:2018)	IQ Combiner 4C with IQ Gateway printed circuit board for integrated revenue grade PV production metering (ANSI C12.20 ± 0.5%) and consumption monitoring (± 2.5%). Includes Mobile Connect cellular modem (CELLMODEM-M1-06-SP-05), a plug-and-play industrial-grade cell modem for systems up to 60 microinverters. (Available in the US, Canada, Mexico, Puerto Rico, and the US Virgin Islands, where there is adequate cellular service in the installation area.) Includes a silver solar shield to match the IQ Battery and IQ System Controller and to deflect heat.
ACCESSORIES AND REPLACEMENT PARTS	(not included, order separately)
Supported microinverters	IQ6, IQ7, and IQ8. (Do not mix IQ6/7 Microinverters with IQ8)
Communications Kit COMMS-CELLMODEM-M1-06 CELLMODEM-M1-06-SP-05 CELLMODEM-M1-06-AT-05	- Includes COMMS-KIT-01 and CELLMODEM-M1-06-SP-05 with 5-year Sprint data plan - 4G based LTE-M1 cellular modem with 5-year Sprint data plan - 4G based LTE-M1 cellular modem with 5-year AT&T data plan

Circuit breaker, 2 pole, 10A, Eaton BR210 Circuit breaker, 2 pole, 15A, Eaton BR215 Circuit breaker, 2 pole, 20A, Eaton BR220 Circuit breaker, 2 pole, 15A, Eaton BR215B with hold down kit support Circuit breaker, 2 pole, 20A, Eaton BR220B with hold down kit support
XA-SOLARSHIELD-ES	Replacement solar shield for IQ Combiner 4/4C
XA-PLUG-120-3	Accessory receptacle for Power Line Carrier in IQ Combiner 4/4C (required for EPLC-01)
X-IQ-NA-HD-125A	Hold-down kit for Eaton circuit breaker with screws
Consumption monitoring CT (CT-200-SPLIT/CT-200-CLAMP)	A pair of 200A split core current transformers
ELECTRICAL SPECIFICATIONS	
Rating	Continuous duty
System voltage	120/240VAC, 60 Hz
Eaton BR series busbar rating	125A
Max. continuous current rating	65A
Max. continuous current rating (input from PV/storage)	64A
Max. fuse/circuit rating (output)	90A
Branch circuits (solar and/or storage)	Up to four 2-pole Eaton BR series Distributed Generation (DG) breakers only (not included)
Max. total branch circuit breaker rating (input)	80A of distributed generation/95A with IQ Gateway breaker included
IQ Gateway breaker	10A or 15A rating GE/Siemens/Eaton included
Production metering CT	200A solid core pre-installed and wired to IQ Gateway
MECHANICAL DATA	
Dimensions (WxHxD)	37.5 cm x 49.5 cm x 16.8 cm (14.75 in x 19.5 in x 6.63 in). Height is 53.5 cm (21.06 in) with mounting brackets.
Weight	7.5 kg (16.5 lbs)
Ambient temperature range	-40°C to +46°C (-40°F to 115°F)
Cooling	Natural convection, plus heat shield
Enclosure environmental rating	Outdoor, NRTL-certified, NEMA type 3R, polycarbonate construction
Wire sizes	• 20A to 50A breaker inputs: 14 to 4 AWG copper conductors • 60A breaker branch input: 4 to 1/0 AWG copper conductors • Main lug combined output: 10 to 2/0 AWG copper conductors • Neutral and ground: 14 to 1/0 copper conductors • Always follow local code requirements for conductor sizing.
Altitude	Up to 3,000 meters (9,842 feet)
INTERNET CONNECTION OPTIONS	
Integrated Wi-Fi	IEEE 802.11b/g/n
Cellular	CELLMODEM-M1-06-SP-05, CELLMODEM-M1-06-AT-05 (4G based LTE-M1 cellular modem). Note that an Mobile Connect cellular modem is required for all Enphase Energy System installations.
Ethernet	Optional, IEEE 802.3, Cat5E (or Cat6) UTP Ethernet cable (not included)
COMPLIANCE	
Compliance, IQ Combiner	CA Rule 21 (UL 1741-SA) IEEE 1547:2018 - UL 1741-SB, 3rd Ed. (X2-IQ-AM1-240-4 and X2-IQ-AM1-240-4C) CAN/CSA C22.2 No. 107.1, Title 47 CFR, Part 15, Class B, ICES 003 Production metering: ANSI C12.20 accuracy class 0.5 (PV production) Consumption metering: accuracy class 2.5
Compliance, IQ Gateway	UL 60601-1/CANCSA 22.2 No. 61010-1

DNA™ 120

Solar for Innovators

Residential I Commercial

Designed & Engineered in Silicon Valley
370W I 365W I 360W

Our DNA™ Split Cell Series impressively combines advanced solar technologies to maximize performance. Our patented Dual Nano Absorber (DNA™) Technology allows the panel to operate at high-efficencies in extreme temperatures. Contact our sales team today to learn more about our line of high-efficienty solar panels.

- Patented DNA™ technology boosts power performance & module efficiency
- Advanced split cell technology with 9 ultra-thin busbars allows for less resistance and more photon capture
- Ideal solution for applications affected by shading
- All-black design for pristine aesthetics
  No excessive silver bussing or ribbons
- Robust product design is resilient in extreme weather. Up to 5400 Pa snow load and 210 mph wind speeds

30 Year Warranty | 3X IEC Standards | RETC Top Performer

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

CONTRACT # ELE/260745

APPLICATION FOR INTERCONNECTION OF CUSTOMER-OWNED RENEWABLE GENERATION SYSTEMS

TIER 1 - Ten (10) kW or Less
TIER 2 - Greater than 10 kW and Less Than or Equal to 100 kW
TIER 3 - Greater than 100 kW and Less Than or Equal to Two (2) MW

Note: These customer-owned renewable generation system size limits may be subject to a cumulative enrollment limit on net-metering customers located in the area served by the City of Ocala Electric Utility. Please refer to the Ocala Electric Utility Net-Metering Rate Schedule.

Ocala Electric Utility customers who install customer-owned renewable generation systems (RGS) and desire to interconnect those facilities with the Ocala Electric Utility system are required to complete this application. When the completed application and fees are returned to Ocala Electric Utility, the process of completing the appropriate Tier 1, Tier 2 or Tier 3 Interconnection Agreement can begin. This application and copies of the Interconnection Agreements may be obtained at Ocala Electric Utility, located at 201 SE 3rd Street, Ocala, Florida 34471, or may be requested by email from OEU@ocalafl.org.

1. Customer Information

Name: James R. Whelan

Mailing Address: 3590 SW 24th Avenue Road

City: Ocala State: FL Zip Code: 34471

Phone Number: 561-589-1234 Alternate Phone Number: _____

Email Address: mediarelations@thejrwa.com Fax Number: _____

Ocala Electric Utility Customer Account Number: 534274-263142

2. RGS Facility Information

Facility Location: 3590 SW 24th Avenue Road Ocala, Fl. 34471

Ocala Electric Utility Customer Account Number: 534274-263142

RGS Manufacturer: Hanwha Q.CELLS America, Inc.

Manufacturer's Address: 400 Spectrum Center Drive Suite 1400
Irvine, CA. 92618

Reference or Model Number: Q.PEAK DUO XL-G10.3/BFG (40 Modules-480W)

Serial Number: SCHNEIDER ELECTRIC XW PRO 6848 NA INVERTERS

(Continued on Sheet No.19.1)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

3. Facility Rating Information

Gross Power Rating: 16.32kWac ("Gross power rating" means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with Ocala Electric Utility's distribution facilities. For inverter-based systems, the AC nameplate generating capacity shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.)

Fuel or Energy Source: Solar PV

Anticipated In- Service Date: 5/6/2026

4. Application Fee

The application fee is based on the Gross Power Rating and must be submitted with this application. The non-refundable application fee is $375 for Tier 2 and $750 for Tier 3 installations. There is no application fee for Tier 1 installations.

5. Interconnection Study Fee

For Tier 3 installations, a deposit in the amount of the estimated costs of the study (to be determined at time of application) must be paid along with this application in addition to the application fee referenced in Article 4 above. This deposit will be applied toward the cost of an interconnection study. The customer will be responsible for the actual costs of the study. Should the actual cost of the study be less than the deposit, the difference will be refunded to the customer. Customer agrees to comply with all interconnection requirements identified in the interconnection study report.

6. Required Documentation

Prior to completion of the Interconnection Agreement, the following information must be provided to the Ocala Electric Utility by the customer.

A. Documentation demonstrating that the installation complies with (or most current version at time of inspection approval):

1. IEEE 1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power Systems.
2. IEEE 1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnecting Distributed Resources with Electric Power Systems.
3. UL 1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed Energy Resources.

(Continued on Sheet No. 19.2)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

B. Documentation that the customer-owned renewable generation has been inspected and approved by local code officials prior to its operation in parallel with the Ocala Electric Utility system to ensure compliance with applicable local codes. OEU will also require proof of commission testing by a qualified 3rd party testing company (not affiliated in any way with the manufacturer, vendor or installation contractor), for compliance with all required and applicable codes, standards, and interconnection study requirements, prior to setting of OEU metering equipment.

C. Proof of insurance in the amount of:
Tier 1 - $100,000.00
Tier 2 - $1,000,000.00
Tier 3 - $2,000,000.00

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 7th day of May, 20 26, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and James R. Whelan, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

(Continued on Sheet No. 20.1)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

(Continued on Sheet No. 20.3)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

(Continued on Sheet No. 20.4)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

7.05. Enforcement of Agreement. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by either FMPA or OEU of the sovereign immunity applicable to either or both of them as established by Florida Statutes, 768.28.

(Continued on Sheet No. 20.5)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

Tier 2
Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 7th day of May, 20 26, by and between James R. Whelan, (hereinafter called "**Customer**"), located at 3590 SW 24th Avenue Rin Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereafter called "**OEU**"), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the interconnection is taking place: 3590 SW 24th Avenue Road Ocala, Fl. 34471.

WITNESSETH

Whereas, a Tier 2 Renewable Generation System (RGS) is an electric generating system that uses one or of more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at more than 10 kilowatts (10 kW) but not greater than 100 kilowatts (100 kW) alternating current (AC) power output and is primarily intended to offset part or all of the customer's current electric requirements; and

Whereas, OEU operates an electric system serving parts of the City of Ocala and Marion County; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU's electrical supply grid at the location indentified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which OEU has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate OEU's electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

(Continued on Sheet No. 22.1)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

(Continued from Sheet No. 22.0)

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and OEU.

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 2 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. In no case should modifications to the RGS be made such that the GPR increases above the 100 kilowatts (100 kW) limit.

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).
5. The Customer shall be required to pay a non-refundable application fee of $375 for the review and processing of the application.

6. The Customer shall fully comply with OEU's Rules and Regulations and Electric Service Specifications as those documents may be amended or revised by OEU from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):
   a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
   b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
   c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*

(Continued on Sheet No. 22.2)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

(Continued from Sheet No. 22.1)

d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising OEU of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 22.3)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes a utility-interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS which (i) utilizes the same utility-interactive inverter for both systems; or (ii) utilizes a separate utility-interactive inverter for each system, then Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU's systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU's electric system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU's electric system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's electric system such that back feed from the customer-owned renewable generation system to OEU's electric system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 22.4)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

(Continued from Sheet No. 22.3)

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Sections 18 and 19, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one million dollars ($1,000,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and also measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OUS inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

(Continued on Sheet No. 22.5)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

(Continued from Sheet No. 22.4)

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU's electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU utility system emergencies, forced outages, uncontrollable forces or compliance with prudent electric utility practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's utility system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical effects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys' fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.

(Continued on Sheet No. 22.6)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, contractors (and any subcontractor or material supplier thereof), agents and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days notice of its intent to terminate this Agreement.

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a

(Continued on Sheet No. 22.7)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement which complies with the amended statutes/rules.

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds 2.5 percent (%) of the aggregate customer peak demand on OEU's electric system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

(Continued on Sheet No. 22.8)

Docusign Envelope ID: 9A724DE3-1E5A-8394-832F-FE1C6C0D8AC9

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

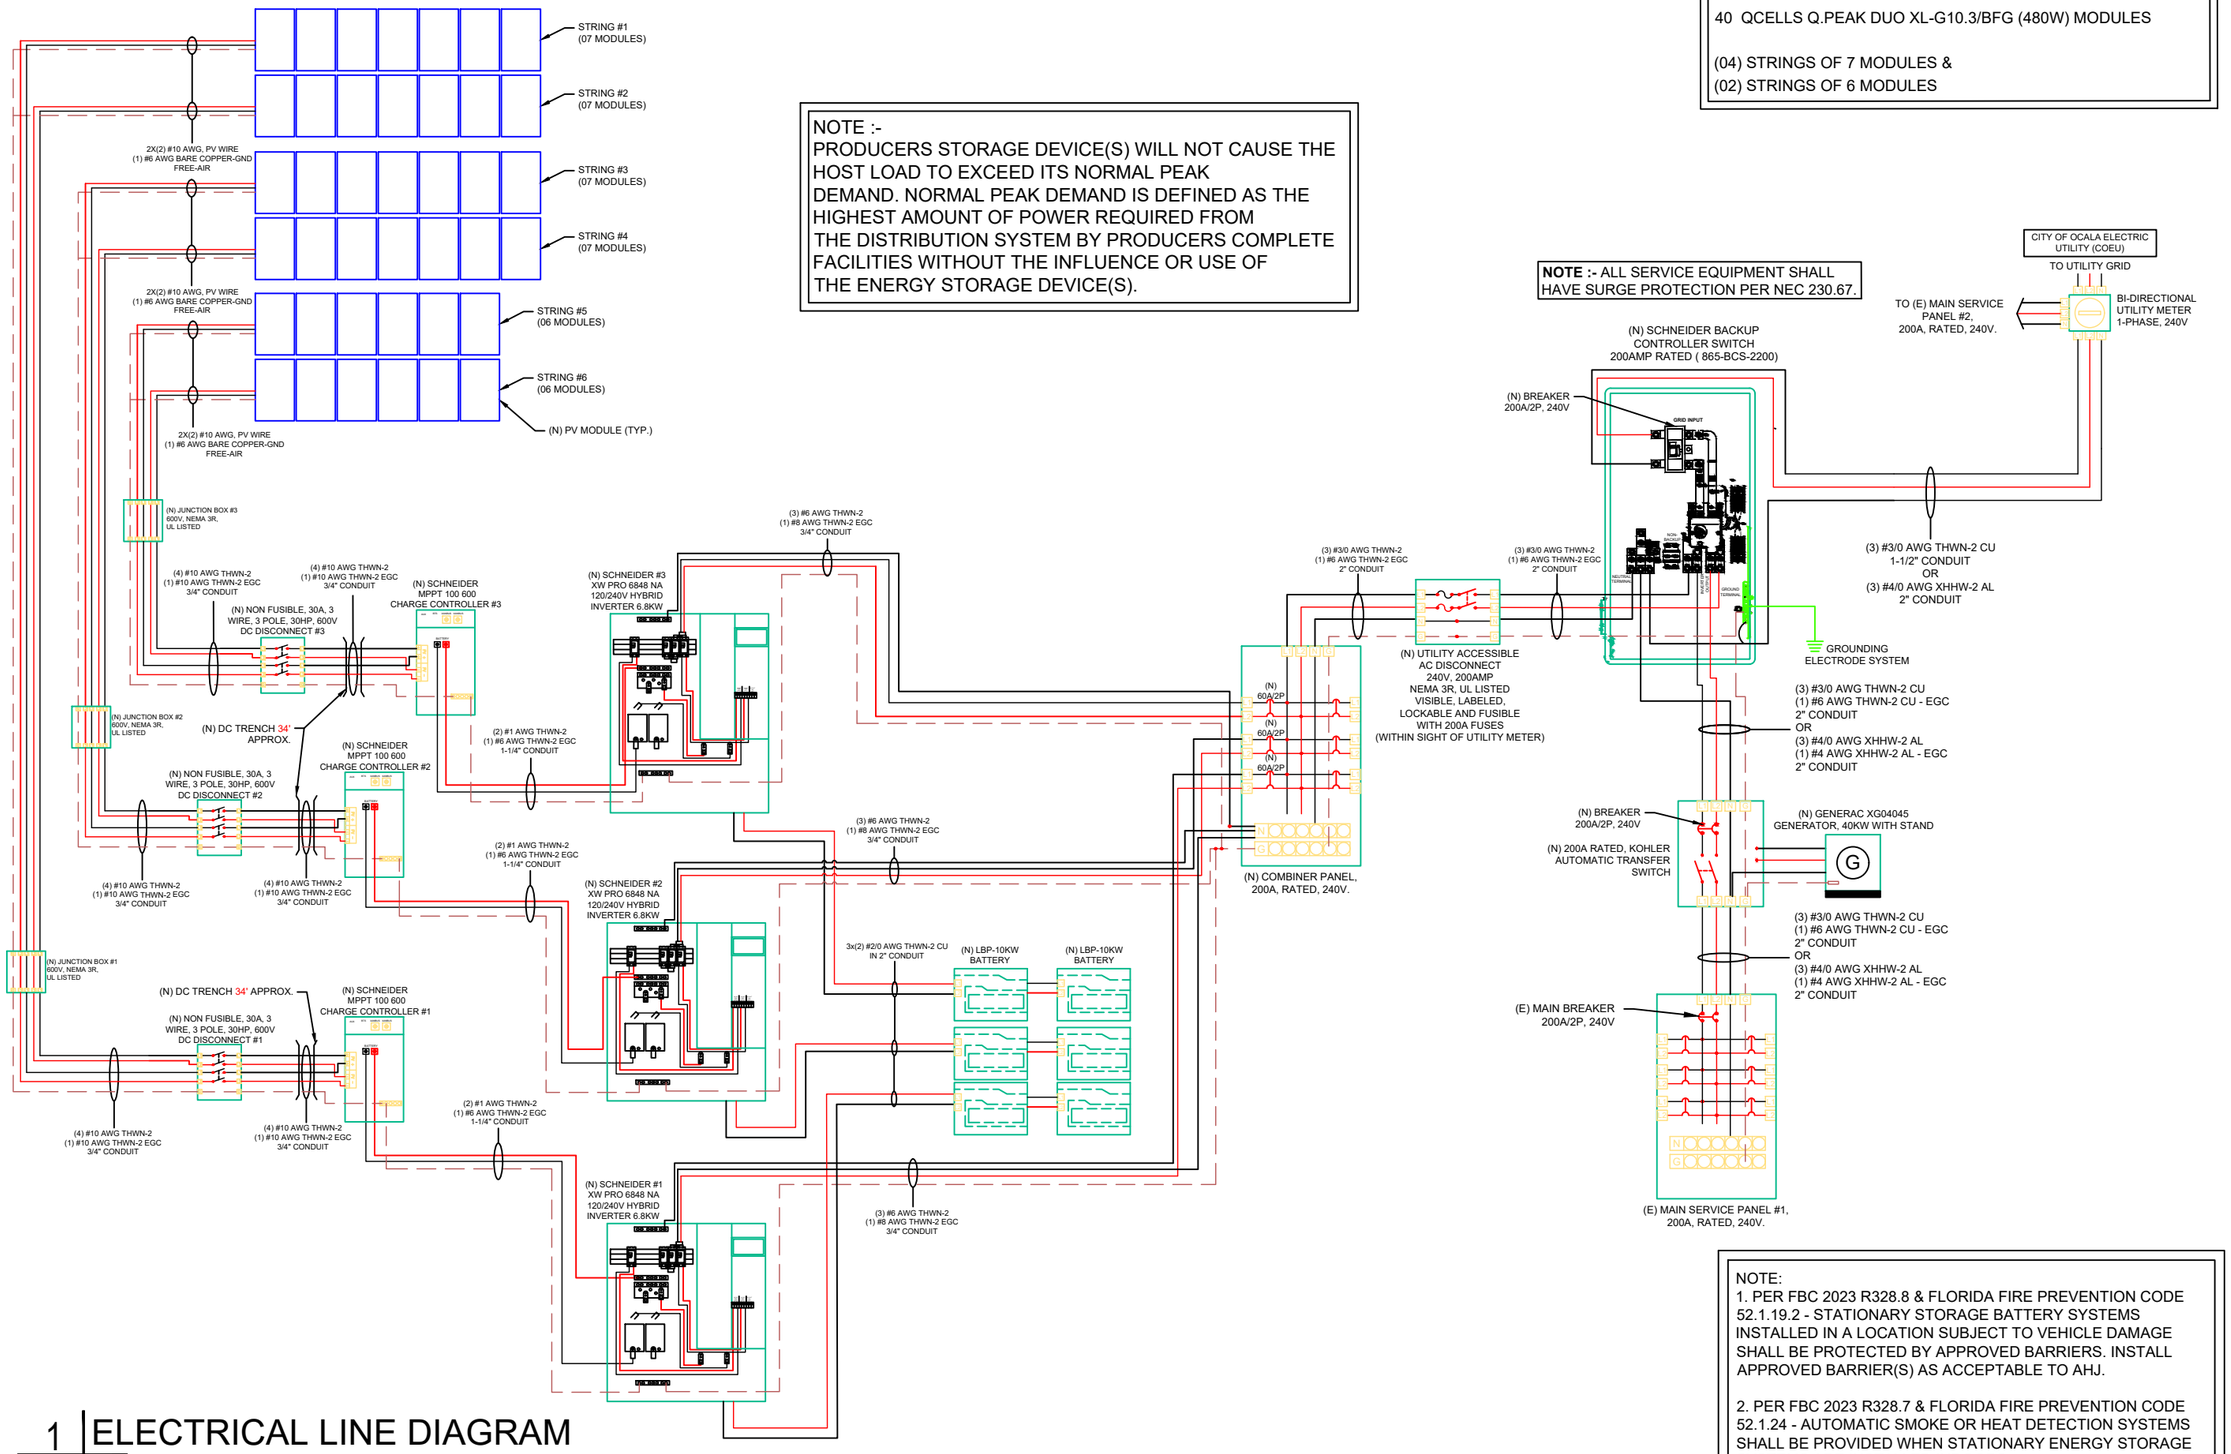
NOTE :-
PRODUCERS STORAGE DEVICE(S) WILL NOT CAUSE THE HOST LOAD TO EXCEED ITS NORMAL PEAK DEMAND. NORMAL PEAK DEMAND IS DEFINED AS THE HIGHEST AMOUNT OF POWER REQUIRED FROM THE DISTRIBUTION SYSTEM BY PRODUCERS COMPLETE FACILITIES WITHOUT THE INFLUENCE OR USE OF THE ENERGY STORAGE DEVICE(S).

NOTE :- ALL SERVICE EQUIPMENT SHALL HAVE SURGE PROTECTION PER NEC 230.67.



NOTE:
1. PER FBC 2023 R328.8 & FLORIDA FIRE PREVENTION CODE 52.1.19.2 - STATIONARY STORAGE BATTERY SYSTEMS INSTALLED IN A LOCATION SUBJECT TO VEHICLE DAMAGE SHALL BE PROTECTED BY APPROVED BARRIERS. INSTALL APPROVED BARRIER(S) AS ACCEPTABLE TO AHJ.

2. PER FBC 2023 R328.7 & FLORIDA FIRE PREVENTION CODE 52.1.24 - AUTOMATIC SMOKE OR HEAT DETECTION SYSTEMS SHALL BE PROVIDED WHEN STATIONARY ENERGY STORAGE SYSTEMS ARE INSTALLED INDOORS.

XW Pro

6.8/8.5 kW Hybrid Inverter for North America

865-6848-21

The XW Pro hybrid inverter provides energy security for residential, small commercial and off-grid applications. With high power ratings and 2X surge capability, the XW Pro is reliable for backup power operation and off-grid loads. In addition, broad battery compatibility provides flexibility in system design. It can be used for solar and storage or backup power systems without solar.

Backup power performance

- Reliable operation of backup power and off-grid loads with a high overload power rating (2x)
- Seamless transition to backup power with an integrated high-speed transfer switch
- Grid and Generator input ports
- Field proven product quality and reliability, building on two decades of experience in solar and storage
- Easy whole-home backup with Schneider Electric Backup Control Switch

Flexible

- 120/240 V output with stacking capability up to 4 units
- Configurable for 120 V output for 3 phase systems
- Connects solar with Conext™ MPPT Charge Controllers or PV inverters for DC-coupled or AC-coupled systems
- Lithium ion and lead acid battery integration
- Grid tied and off-grid systems IEEE1547-2018, Rule 21, HECO Rule 14H and PREPA compliant

Easy to install

- AC Out port for backup loads
- Full ecosystem and accessories for single unit or scalable systems

solar.se.com

- ✓ 48V Li-ion and lead acid battery compatibility
- ✓ Compatible with Schneider Electric range of MPPT charge controllers
- ✓ Flexible solar and battery bank sizing
- ✓ InsightCloud and InsightMobile apps

Insight Energy Management

Technical Specifications

	XW Pro 6848 NA 120/240 V	XW Pro 6848 NA 120 V
Inverter AC Output (Standalone)		
Output power (continuous) at 25°C	6800 W	5760 W
Overload 30 min/60 sec at 25°C	8500 W/12000 W	7200 W/12000 W
Output power (continuous) at 40°C	6000 W	5760 W
Maximum output current 60 seconds (rms)	52 A (240 V)	104 A (120 V)
Output frequency	50/60 Hz	50/60 Hz
Output voltage	Split phase 120/240 V +/- 3%	120 V +/- 3%
Total harmonic distortion at rated power	< 5 %	< 5 %
Idle consumption search mode	< 8 W	< 8 W
Input DC voltage range	40 to 64 V (48 V nominal)	40 to 64 V (48 V nominal)
Maximum input DC current	180 A	180 A
Charger DC Output		
Maximum output charge current	140 A	120 A
Output charge voltage range	40 – 64 V (48 V nominal)	
Charge control	Three stage, two stage, boost, external BMS, custom	
Charge temperature compensation	Battery temperature sensor included	
Power factor corrected charging	0.98	
Compatible battery types	Flooded (default), Gel, AGM, Lithium ion, custom	
AC Input		
AC 1 (grid) input current (selectable limit)	3 – 60 A (60 A default)	3 – 60 A (60 A default)
AC 2 (generator) input current (selectable limit)	3 – 60 A (60 A default)	3 – 60 A (60 A default)
Automatic transfer relay rating/typical transfer time	60 A / 8 ms	60 A / 8 ms
AC input voltage limits (bypass/charge mode)	L-L: 156 - 280 V (240 V nominal)	L-N: 78 - 140 V (120 V nominal)
AC input frequency range (bypass/charge mode)	52 – 68 Hz (allowable)	52 – 68 Hz (allowable)
AC Grid-Tie Output		
Grid sell power	6000 W	5760 W
Grid sell current (selectable limit)	0 to 27 A (240 V)	0 to 48 A (120 V)
Efficiency		
Peak	96.1%	94.8%
CEC weighted efficiency	94.1%	93.6%
General Specifications		
Part number	865-6848-21	
Product/shipping weight	55.2 kg (121.7 lb)/ 76.7 kg (169.0 lb)	
Product dimensions (H x W x D)	58 x 41 x 23 cm (23 x 16 x 9 in)	
Shipping dimensions (H x W x D)	71.1 x 57.2 x 39.4 cm (28.0 x 22.5 x 15.5 in)	
IP degree of protection	NEMA Type 1 Indoor	
Operating air temperature range	-25°C to 70°C (-13°F to 158°F) (power derated above 25°C (77°F))	
Features		
System monitoring and network communications	Available (through Insight)	
Intelligent features	Grid sell, peak load shave, generator support, solar self-supply	
Auxiliary port	0 to 12 V, maximum 250 mA DC output, selectable triggers	
Off-grid AC coupling	Frequency shifting	
Regulatory Approval		
Safety	UL1741, CSA 107.1	
EMC directive	FCC and Industry Canada Class B	
Interconnect	IEEE 1547-2018, UL 1741-SA and SB, Rule 21, Rule 14H, PREPA, and CSA 107.1	
Compatible Products Part Numbers		
Power Distribution Panels	XW Mini PDP (865-1013-01), XW PDP (865-1015-01)	XW PDP without AC Breakers (865-1014-01), 60 A Three Phase Breaker Kit (865-1315-01)
MPPT Charge Controllers	MPPT 100 600 (865-1034), MPPT 80 600 (865-1032), MPPT 60 150 (865-1030-1)	
Monitoring	**Insight**Home (865-0330), **Insight**Facility (865-0335)	
Accessories	Automatic Generator Start (865-1060), Battery Monitor (865-1080-01), Configuration Tool (865-1155-01)

LITHIUM BATTERY POWER

LBP 52v 10kw - 192Ah

48Volt 9,954W Lithium Ion Battery

LBP's 48v 192Ah is a high-performing deep cycle, 48 volt battery, built on patented Lithium Iron Manganese Phosphate chemistry. The LBP48V192AH features a built-in automatic battery management system (BMS) that keeps the battery running at peak performance for maximizing cell cycle life. Custom designed, The LBP48V192AH is powerhouse for any application that currently uses a high energy demand needing to last for hours or even days of service. (Application Determined)

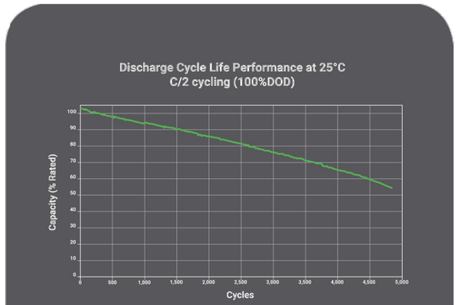
Overview

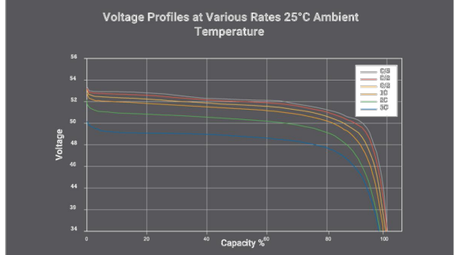
The LBP48V192AH is ideal for mission-critical, material handling or stationary - standby energy storage applications. The module's inherent safety, long cycle life, and zero maintenance offers end-users the assurance of 24/7 system uptime, while delivering significant cost-of-ownership over alternatives to lead acid by replacing with this reliable lithium ion solution performing with at least twice the run-time and <70% of the weight of similarly sized SLA batteries. The internal Battery Management System (BMS) operates seamlessly with any application. The battery system manages all battery module parameters in real-time.

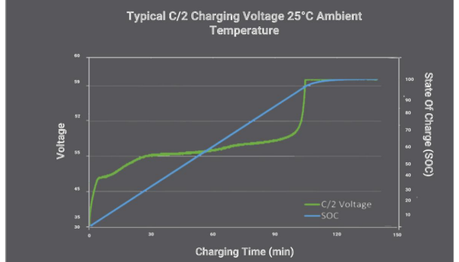
Features

- >3000 cycles at 80% DOD
- Create systems 10kW - 1000's of kW's
- Series and/or parallel operation
- Automatic system cell balancing
- Temperature monitoring
- Exceptional voltage stability
- Rugged mechanical design
- Maintenance-free
- No hydrogen generation or gassing
- **CAN interface for external BMS monitoring by LCD, PC Software, LIN, CAN Clusters**

Specifications		
Nominal Voltage		51.8 V
Nominal Capacity @ 1C		192AH
Charge Voltage		57.7V - 58.8V
Charge Current	Recommended	≤ 95 A
	Max Continuous[1]	100 A
Discharge Voltage Minimum		41.3 V
Discharge Current Max Continuous[1]		200 A
Pulse Current 5 Sec		550A
Weight		136.0 lb. / 61.7 kg
Dimensions L x W x H (including terminals)		36.75" x 19.75" x 4"
BCI Group Number		CUSTOM
Terminals, Female-threaded		Brass M10x1.25 OR 3/8-16
DC internal resistance (max)		>18.8 mΩ







Common Specifications

Operating Temperature	Charging: -10°C to 45°C Discharging: -20°C to 70°C
Storage Temperature	-40°C to 50°C
Operating Humidity	5% to 95%, non-condensing
Water/dust Resistance	IP54
Ingress Protection (IP) of Solids 5	Protected against harmful deposits of dust
Ingress Protection (IP) of Water 4	Protected from water spray from any direction
Certifications	UL 1642 (cells) FCC Class B, CE
Shipping Classification	UN 3480, Class 9 UN 38.3

Battery Management System

All LBP modules include a Battery Management System (BMS). The BMS maintains all the batteries charge/dis-change controls.

Parameters		Value
Voltage	Charging voltage cutoff	60.5±1%
Current	Maximal continuous charging current	≤120A
	Maximal continuous discharging current	≤200A
	Power consumption	<2.25W
Overcharge Protection	Over charge detection voltage	4.2V±0.025V
	Over charge detection delay time	0.96S~1.24S
	Over charge release voltage	4.0V±0.05V
Discharge Protection	Discharge cutoff voltage – Instant Recovery	2.75V±0.08V
Over Discharge Protection	*Over* discharge detection voltage	2.25V±0.08V
	Over discharge detection delay time	<180mS
	Over discharge release voltage	2.5V±0.1V
Short Circuit Protection	Detection condition	Exterior short circuit
	Detection delay time	230~500uS
	Release condition	Cut load, automatically recover
Temperature protection	Over temperature protection	75°C

Backup Control Switch

Microgrid Interconnect Device for the XW Pro inverters

865-BCS-2200

Whole home or partial home backup made easy. When paired with Schneider Electric XW Pro inverters, the Backup Control Switch (BCS) automatically disconnects from the grid during an outage, allowing the system to provide backup power to the home.

The Backup Control Switch is used for larger XW Pro systems requiring up to 200 A rated MID or service entrance installation.

Flexible Installation

- Whole home backup or subpanel backup with up to 200 A rating
- Service entrance rated when installed with a main breaker
- Top or bottom entry for grid input
- Optional non-backup circuit, making it easy to backup an existing panel and remove select non-critical loads
- Configurable for export limiting with integrated meter

Reliable

- Fast 50 ms transfer from grid connected to backup power operation
- Reliable backup power and load starting performance with the compatible XW Pro inverters
- Connect up to 4 XW Pro inverters for up to 27 kW continuous and 48 kW peak backup power capability
- Outdoor rated enclosure
- 10 year limited warranty

solar.se.com

Compatible with XW Pro

Full integration with Schneider Electric's solar & storage line of products, such as XW Pro hybrid inverters, MPPT charge controllers, and Insight Energy Management

Technical Specifications

Backup Control Switch (BCS) 2200	
Electrical Specifications	
Nominal Voltage	120/240 VAC
Frequency	60 Hz
Phase	1 Ø
Max. current rating (mains)	200 A
Optional Main Breaker	100-200 A, 2 pole, 22 kA
Optional Accessories	
Main Breaker	Square D QOM2100VH, QOM2125VH, QOM2150VH, QOM2175VH, QOM2200VH
Non-Backup Breaker	Square D QOU Series, 60-125 A, 2 Pole
Top Entry Conduit Hub	Square D Series B Conduit Hub
Wiring	
Connection from Grid	4 AWG to 300 kcmil with top or bottom cable entry
Connection to Backup Loads	4 AWG to 300 kcmil with two sets of lugs
Connection to Non-Backup panel	12 AWG to 1/0 AWG with optional non-backup circuit breaker installed
General Specifications	
Part Number	865-BCS-2200
Regulatory approvals	UL 1741, UL 67, UL 869A, FCC part 15 class B Suitable for use as Service Equipment when Main AC Circuit Breaker is installed
Meter	Integrated import/export meter and CTs
Enclosure Type	NEMA Type 3R outdoor
Operating Temperature Range	-40–122°F (-40–50°C)*
Product Dimensions (H × W × D)	35 x 19 x 7 3/4" (889 x 485 x 196mm)
Shipping Dimensions (H × W × D)	40 ¾ × 25 ½ × 17 ½" (1035 × 645 × 440 mm)
Weight	30 lb (13.6 kg)
Compatible Products Part Numbers	
Hybrid Inverters	Up to Qty 4 XW Pro (865-6848-21)
Charge Controllers	MPPT 100 600 (865-1034), MPPT 80 600 (865-1032), MPPT 60 150 (865-1030-1)

MPPT PV Optimization

600 Vdc Solar Charge Controllers

6 kW MPPT 100 600 (Part Number 865-1034)
4.8 kW MPPT 80 600 (Part Number 865-1032)

The MPPT 80 and MPPT 100 600 Vdc Solar Charge Controllers optimize the power from PV arrays for DC coupled solar and storage installations, with easy, flexible installation.

Optimum System Performance

- High power, 600 Vdc MPPT PV optimization and battery charge control
- Flexibility for oversized PV array power ratings up to 8.5 kW with the MPPT 100 or 6.8 kW with the MPPT 80
- High efficiency from PV to battery to grid, ideal for the self-consumption of solar energy
- Black start batteries from solar, providing maximum energy resilience for longer duration grid outages
- Harvest more energy with shade tolerant fast sweep MPPT algorithm

Flexible

- Flexible string sizing with a wide MPPT and PV operating voltage range
- Compatible with XW Pro and SW series hybrid inverters for a complete grid tied or off grid solar and storage solution

Easy to Install

- 2 string installations and smaller wire sizing with 600 Vdc PV arrays, allowing faster, lower cost installations
- No need for a combiner box with DC breakers or fuses
- Easy to install PV disconnect and NEC 2017 compliant rapid shutdown transmitter with the MPPT Disconnect RS accessory, UL1741 PVRSS certified

Compatible with Insight Energy Management

- Setup and configuration
- Remote monitoring & control with advanced data security
- Web and mobile app
- Multi-site management for installers

Insight Energy Management

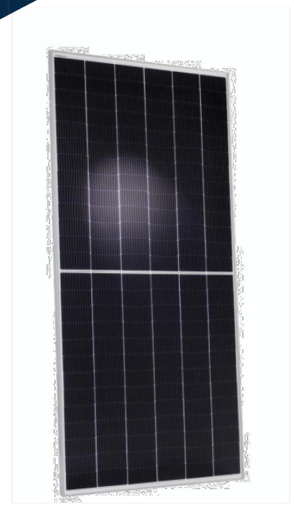
Q.PEAK DUO XL-G10.3 / BFG
475-490

BIFACIAL DOUBLE GLASS MODULE
WITH EXCELLENT RELIABILITY
AND ADDITIONAL YIELD

EUPD RESEARCH TOP BRAND PV MODULES EUROPE 2021

Q CELLS Yield Security



BIFACIAL ENERGY YIELD GAIN OF UP TO 20%
Bifacial Q.ANTUM solar cells with zero gap cell layout make efficient use of light shining on the module rear-side for radically improved LCOE.

LOW ELECTRICITY GENERATION COSTS
Q.ANTUM DUO Z combines cutting edge cell separation and innovative wiring with Q.ANTUM Technology for higher yield per surface area, lower BOS costs, higher power classes, and an efficiency rate of up to 21.4%.

INNOVATIVE ALL-WEATHER TECHNOLOGY
Optimal yields, whatever the weather with excellent low-light and temperature behavior.

ENDURING HIGH PERFORMANCE
Long-term yield security with Anti LID and Anti PID Technology[1], Hot-Spot Protect and Traceable Quality Tra.Q™.

FRAME FOR VERSATILE MOUNTING OPTIONS
High-tech aluminum alloy frame protects from damage, enables use of a wide range of mounting structures and is certified regarding IEC for high snow (5400 Pa) and wind loads (2400 Pa).

A RELIABLE INVESTMENT
Double glass module design enables extended lifetime with 12-year product warranty and improved 30-year performance warranty[2].

[1] APT test conditions according to IEC / TS 62804-1:2015 method B (−1500 V, 168 h) including post treatment according to IEC 61215-1-1 Ed. 2.0 (CD)
[2] See data sheet on rear for further information.

THE IDEAL SOLUTION FOR:

Ground-mounted solar power plants

Engineered in Germany

Q CELLS

MECHANICAL SPECIFICATION

Format	87.2 in × 41.1 in × 1.38 in (including frame) (2216 mm × 1045 mm × 35 mm)
Weight	64.2 lbs (29.1 kg)
Front Cover	0.08 in (2.0 mm) thermally pre-stressed glass with anti-reflection technology
Back Cover	0.08 in (2.0 mm) semi-tempered glass
Frame	Anodized aluminum
Cell	6 × 26 monocrystalline Q.ANTUM solar half cells
Junction Box	2.09-3.98 in × 1.26-2.36 in × 0.59-0.71 in (53-101 mm × 32-60 mm × 15-18 mm), IP67, with bypass diodes
Cable	4 mm² Solar cable; (+) ≥27.6 in (700 mm), (−) ≥13.8 in (350 mm)
Connector	Stäubli MC4, Stäubli MC4-Evo2, Hanwha Q CELLS HQC4, IP68

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

CONTRACT # ELE/260759

APPLICATION FOR INTERCONNECTION OF CUSTOMER-OWNED RENEWABLE GENERATION SYSTEMS

TIER 1 - Ten (10) kW or Less
TIER 2 - Greater than 10 kW and Less Than or Equal to 100 kW
TIER 3 - Greater than 100 kW and Less Than or Equal to Two (2) MW

Note: These customer-owned renewable generation system size limits may be subject to a cumulative enrollment limit on net-metering customers located in the area served by the City of Ocala Electric Utility. Please refer to the Ocala Electric Utility Net-Metering Rate Schedule.

Ocala Electric Utility customers who install customer-owned renewable generation systems (RGS) and desire to interconnect those facilities with the Ocala Electric Utility system are required to complete this application. When the completed application and fees are returned to Ocala Electric Utility, the process of completing the appropriate Tier 1, Tier 2 or Tier 3 Interconnection Agreement can begin. This application and copies of the Interconnection Agreements may be obtained at Ocala Electric Utility, located at 201 SE 3rd Street, Ocala, Florida 34471, or may be requested by email from OEU@ocalafl.org.

1. Customer Information

Name: Francesco Crisafulli

Mailing Address: 3370 SE 31st Terrace

City: Ocala State: Fl. Zip Code: 34471

Phone Number: 914-907-2717 Alternate Phone Number: _____

Email Address: francesco.crisafulli@hotmail.com Fax Number: _____

Ocala Electric Utility Customer Account Number: 52692-266810

2. RGS Facility Information

Facility Location: 3370 SE 31st Terrace Ocala, FL. 34471

Ocala Electric Utility Customer Account Number: 52692-266810

RGS Manufacturer: Talesun Solar USA Ltd.

Manufacturer's Address: 111 West Saint John Street Suite 900
San Jose, CA. 95113

Reference or Model Number: TALESUN TP7G54M 415 (17 Modules 415W)

Serial Number: Inverter-Enphase IQ7PLUS-72-2-US microinverters

(Continued on Sheet No.19.1)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

3. Facility Rating Information

Gross Power Rating: 6.0kWac ("Gross power rating" means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with Ocala Electric Utility's distribution facilities. For inverter-based systems, the AC nameplate generating capacity shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.)

Fuel or Energy Source: Solar PV

Anticipated In- Service Date: 4/1/2026

4. Application Fee

The application fee is based on the Gross Power Rating and must be submitted with this application. The non-refundable application fee is $375 for Tier 2 and $750 for Tier 3 installations. There is no application fee for Tier 1 installations.

5. Interconnection Study Fee

For Tier 3 installations, a deposit in the amount of the estimated costs of the study (to be determined at time of application) must be paid along with this application in addition to the application fee referenced in Article 4 above. This deposit will be applied toward the cost of an interconnection study. The customer will be responsible for the actual costs of the study. Should the actual cost of the study be less than the deposit, the difference will be refunded to the customer. Customer agrees to comply with all interconnection requirements identified in the interconnection study report.

6. Required Documentation

Prior to completion of the Interconnection Agreement, the following information must be provided to the Ocala Electric Utility by the customer.

A. Documentation demonstrating that the installation complies with (or most current version at time of inspection approval):

1. IEEE 1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power Systems.
2. IEEE 1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnecting Distributed Resources with Electric Power Systems.
3. UL 1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed Energy Resources.

(Continued on Sheet No. 19.2)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

B. Documentation that the customer-owned renewable generation has been inspected and approved by local code officials prior to its operation in parallel with the Ocala Electric Utility system to ensure compliance with applicable local codes. OEU will also require proof of commission testing by a qualified 3rd party testing company (not affiliated in any way with the manufacturer, vendor or installation contractor), for compliance with all required and applicable codes, standards, and interconnection study requirements, prior to setting of OEU metering equipment.

C. Proof of insurance in the amount of:
Tier 1 - $100,000.00
Tier 2 - $1,000,000.00
Tier 3 - $2,000,000.00

Customer

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 16th day of February, 20 26, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and Francesco Crisafulli, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

(Continued on Sheet No. 20.1)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

(Continued on Sheet No. 20.3)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

(Continued on Sheet No. 20.4)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

7.05. Enforcement of Agreement. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by either FMPA or OEU of the sovereign immunity applicable to either or both of them as established by Florida Statutes, 768.28.

Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

Tier 1 – Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 16th day of February, 20 26, by and between Francesco Crisafulli, (hereinafter called "**Customer**"), located at 3370 SE 31st Terrace in Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereinafter called OEU), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the interconnection is taking place: 3370 SE 31st Terrace Ocala, FL. 34471.

WITNESSETH

Whereas, a Tier 1 Renewable Generation System (RGS) is an electric generating system that uses one or more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at no more than ten (10) kilowatts (10 kW) alternating current (AC) power output and is primarily intended to offset part or all of the Customer's current electric requirements; and

Whereas, OEU operates an electric system serving the City of Ocala; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU' electrical supply grid at the location identified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU' ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, the OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

(Continued on Sheet No. 21.1)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

(Continued from Sheet No. 21.0)

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and the City of Ocala Electric Utility (OEU).

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU's distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 1 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. Increase in GPR above the ten kilowatt (10 kW) limit would necessitate entering into a new agreement at either Tier 2 or Tier 3 which may impose additional requirements on the Customer. In no case does the Tier 1, Tier 2 or Tier 3 agreement cover increases in GPR above two megawatts (2MW).

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).

5. The Customer shall not be required to pay any special fees due solely to the installation of the RGS.

6. The Customer shall fully comply with OEU's Design Standards following NEC standards as those documents may be amended or revised by OUS from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):

a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*
d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

(Continued to Sheet No. 21.2)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

(Continued from Sheet No. 21.1)

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 21.3)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes an OEU interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU's electric power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS that (i) utilizes the same OEU interactive inverter for both systems, or (ii) utilizes a separate OEU interactive inverter for each system, Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU' systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's system, such that back feed from the customer-owned renewable generation system to OEU's system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 21.4)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

(Continued from Sheet No. 21.3)

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Section 18, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one hundred thousand dollars ($100,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

(Continued on Sheet No. 21.5)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OEU inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU' electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU system emergencies, forced outages, uncontrollable forces or compliance with prudent electric OEU practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical affects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU.
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

(Continued to Sheet No. 21.6)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.
b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, agents, contractors (and any subcontractor or material supplier thereof) and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days' notice of its intent to terminate this Agreement.

(Continued on Sheet No. 21.7)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection Agreement and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement, which complies with the amended statutes/rules.

(Continued on Sheet No. 21.8)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule, (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

(Continued on Sheet No. 21.9)

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

ENPHASE.

DATA SHEET

IQ7 and IQ7+ Microinverters

The high-powered, smart grid-ready IQ7 and IQ7+ Microinverters dramatically simplify installation while achieving the highest system efficiency.

Part of the Enphase Energy System, the IQ7 Series Microinverters integrate with the IQ Gateway, IQ Battery, and the Enphase Installer App monitoring and analysis software.

Enphase 25 year limited warranty

IQ7 Series Microinverters extend the reliability standards set forth by previous generations and undergo over a million hours of power-on testing, enabling Enphase to provide an industry-leading warranty of up to 25 years.

Connect PV modules quickly and easily to IQ7 Series Microinverters using the included Q-DCC-2 adapter cable with plug-and-play MC4 connectors.

UL CERTIFIED SAFETY

IQ7 Series Microinverters are UL Listed as PV rapid shutdown equipment and conform to various regulations when installed according to the manufacturer's instructions.

Easy to install

- Lightweight and simple
- Faster installation with improved, lighter two-wire cabling
- Built-in rapid shutdown compliant (NEC 2014 , 2017, and 2020)

Productive and reliable

- Optimized for high powered 60-cell/120-half-cell and 72-cell/144-half-cell PV modules
- More than a million hours of testing
- Class II double-insulated enclosure
- UL Listed

Smart grid-ready

- Complies with advanced grid support, voltage, and frequency ride-through requirements
- Remotely updates to respond to changing grid requirements
- Configurable for varying grid profiles
- Meets CA Rule 21 (UL 1741-SA) and IEEE 1547:2018 (UL 1741-SB, 3rd Ed. - for single-phase systems)

Grid-tied power factor (adjustable)	–	0.85 leading … 0.85 lagging	
Peak efficiency	%	97.6 (240 V)/97.3 (208 V)	97.5 (240 V)/97.3 (208 V)
CEC weighted efficiency	%	97	
Nighttime power consumption	mW	60	
MECHANICAL DATA			
Ambient temperature range	°C (°F)	-40 to 65 (-40 to 149)	
Relative humidity range	%	4 to 100 (condensing)	
DC connector type	–	MC4 (or Amphenol H4 UTX with additional Q-DCC-5 adapter)	
Dimensions (H × W × D)	mm (in)	212 (8.3) × 175 (6.9) × 30.2 (1.2) without bracket	
Weight	kg (lb)	1.1 (2.4)	
Cooling	–	Natural convection–no fans	
Approved for wet locations	–	Yes	
Pollution degree	–	PD3	
Enclosure	–	Class II double-insulated, corrosion-resistant polymeric enclosure	
Environmental category/UV exposure rating	–	NEMA type 6/Outdoor	

[1] Pairing PV modules with wattage above the limit may result in additional clipping losses. See the compatibility calculator at https://link.enphase.com/module-compatibility.
[2] Nominal voltage range can be extended beyond nominal if required by the utility.
[3] Limits may vary. Refer to local requirements to define the number of microinverters per branch in your area.

X-IQ-AM1-240-5C

IQ Combiner 5/5C

The IQ Combiner 5/5C consolidates interconnection equipment into a single enclosure and streamlines IQ Series Microinverters and IQ Gateway installation by providing a consistent, pre-wired solution for residential applications. IQ Combiner 5/5C uses wired control communication and is compatible with IQ System Controller 3/3G and IQ Battery 5P.

The IQ Combiner 5/5C, IQ Series Microinverters, IQ System Controller 3/3G, and IQ Battery 5P provide a complete grid-agnostic Enphase Energy System.

IQ Series Microinverters
The high-powered smart grid-ready IQ Series Microinverters (IQ6, IQ7, and IQ8 Series) simplify the installation process.

IQ System Controller 3/3G
Provides microgrid interconnection device (MID) functionality by automatically detecting grid failures and seamlessly transitioning the home energy system from grid power to backup power.

IQ Battery 5P
Fully integrated AC battery system. Includes six field-replaceable IQ8D-BAT Microinverters.

IQ Load Controller
Helps prioritize essential appliances during a grid outage to optimize energy consumption and prolong battery life.

Enphase 5 year limited warranty

5-year limited warranty

Smart

- Includes IQ Gateway for communication and control
- Includes Enphase Mobile Connect (CELLMODEM-M1-06-SP-05), only with IQ Combiner 5C
- Supports flexible networking: Wi-Fi, Ethernet, or cellular
- Provides production metering (revenue grade) and consumption monitoring

Easy to install

- Mounts to one stud with centered brackets
- Supports bottom, back, and side conduit entries
- Supports up to four 2-pole branch circuits for 240 VAC plug-in breakers (not included)
- 80 A total PV branch circuits
- Factory installed hold-down kit
- Bluetooth-based Wi-Fi provisioning for easy Wi-Fi setup

Reliable

- Durable NRTL-certified NEMA type 3R enclosure
- 5-year limited warranty
- 2-year labor reimbursement program coverage included for IQ Combiner SKUs*
- UL1741 Listed

*For country-specific warranty information, see the https://enphase.com/installers/resources/warranty page.

IQ Combiner 5/5C

MODEL NUMBER	
IQ Combiner 5 (X-IQ-AM1-240-5/ X-IQ-AM1-240-5-HDK)	IQ Combiner 5 with IQ Gateway printed circuit board for integrated revenue-grade PV production metering (ANSI C12.20 ±0.5%), consumption monitoring (±2.5%), and IQ Battery monitoring (±2.5%). Includes a silver solar shield to deflect heat. IQ-AM1-240-5-HDK includes a factory installed hold-down kit compatible with all the circuit breakers mentioned in the **Accessories and Replacement Parts** section.
IQ Combiner 5C (X-IQ-AM1-240-5C / X-IQ-AM1-240-5C-HDK)	IQ Combiner 5C with IQ Gateway printed circuit board for integrated revenue-grade PV production metering (ANSI C12.20 ±0.5%), consumption monitoring (±2.5%), and IQ Battery monitoring (±2.5%). Includes Enphase Mobile Connect cellular modem (CELLMODEM-M1-06-SP-05)[1]. Includes a silver solar shield to deflect heat. IQ-AM1-240-5C-HDK includes a factory installed hold-down kit compatible with all the circuit breakers mentioned in the **Accessories and Replacement Parts** section.
WHAT'S IN THE BOX	
IQ Gateway printed circuit board	IQ Gateway is the platform for total energy management for comprehensive, remote maintenance, and management of the Enphase Energy System
Busbar	80 A busbar with support for one IQ Gateway breaker and four 20 A breakers for installing IQ Series Microinverters and IQ Battery 5P
IQ Gateway breaker	Circuit breaker, 2-pole, 10 A/15 A
Production CT	Pre-wired revenue-grade solid-core CT, accurate up to ±0.5%
Consumption CT	Two consumption metering clamp CTs, shipped with the box, accurate up to ±2.5%
IQ Battery CT	One battery metering clamp CT, shipped with the box, accurate up to ±2.5%
CTRL board	Control board for wired communication with IQ System Controller 3/3G and the IQ Battery 5P
Enphase Mobile Connect (only with IQ Combiner 5C)	4G-based LTE-M1 cellular modem (CELLMODEM-M1-06-SP-05) with a 5-year T-Mobile data plan
Accessories kit	Spare control headers for the COMMS-KIT-2 board
ACCESSORIES AND REPLACEMENT PARTS (NOT INCLUDED, ORDER SEPARATELY)	
CELLMODEM-M1-06-SP-05	4G-based LTE-M1 cellular modem with a 5-year T-Mobile data plan
CELLMODEM-M1-06-AT-05	4G-based LTE-M1 cellular modem with a 5-year AT&T data plan
Circuit breakers (off-the-shelf)	Supports Eaton BR2XX, Siemens Q2XX, and GE/ABB THQL21XX Series circuit breakers (XX represents 10, 15, 20, 30, 40, 50, or 60). Also supports Eaton BR220B, BR230B, and BR240B circuit breakers compatible with the hold-down kit.
Circuit breakers (provided by Enphase)	BRK-10A-2-240V, BRK-15A-2-240V, BRK-20A-2P-240V, BRK-15A-2P-240V-B, and BRK-20A-2P-240V-B (more details in the "Accessories" section)
XA-SOLARSHIELD-ES	Replacement solar shield for IQ Combiner 5/5C
XA-ENV2-PCBA-5	IQ Gateway replacement printed circuit board (PCB) for IQ Combiner 5/5C
X-IQ-NA-HD-125A	Hold-down kit compatible with Eaton BR-B Series circuit breakers (with screws). Not required for X-IQ-AM1-240-5-HDK/X-IQ-AM1-240-5C-HDK.
XA-COMMS2-PCBA-5	Replacement COMMS-KIT-2 printed circuit board (PCB) for IQ Combiner 5/5C
ELECTRICAL SPECIFICATIONS	
Rating	80 A
System voltage and frequency	120/240 VAC or 120/208 VAC, 60 Hz
Busbar rating	125 A
Fault current rating	10 kAIC
Maximum continuous current rating (input from PV/ storage)	64 A
Branch circuits (solar and/or storage)	Up to four 2-pole Eaton BR, Siemens Q, or GE/ABB THQL Series distributed generation (DG) breakers only (not included)
Maximum total branch circuit breaker rating (input)	80 A of distributed generation/95 A with IQ Gateway breaker included
IQ Gateway breaker	10 A or 15 A rating GE/Siemens/Eaton included
Production metering CT	200 A solid core pre-installed and wired to IQ Gateway

[1] A plug-and-play industrial-grade cell modem for systems of up to 60 microinverters. Available in the United States, Canada, Mexico, Puerto Rico, and the US Virgin Islands, where there is adequate cellular service in the installation area.

COMBINER PANEL 1696

Docusign Envelope ID: FE254E86-8491-8299-8223-A39FDD5434AF

ACCESSORIES AND REPLACEMENT PARTS (NOT INCLUDED, ORDER SEPARATELY)	
Consumption monitoring CT (CT-200-CLAMP)	A pair of 200 A clamp-style current transformers is included with the box
IQ Battery metering CT	200 A clamp-style current transformer for IQ Battery metering, included with the box
MECHANICAL DATA	
Dimensions (W × H × D)	37.5 cm × 49.5 cm × 16.8 cm (14.75" × 19.5" × 6.63"). Height is 53.5 cm (21.06") with mounting brackets.
Weight	7.5 kg (16.5 lb)
Ambient temperature range	-40°C to 46°C (-40°F to 115°F)
Cooling	Natural convection, plus heat shield
Enclosure environmental rating	Outdoor, NRTL-certified, NEMA type 3R, polycarbonate construction
Wire sizes	• 20 A to 50 A breaker inputs: 14 to 4 AWG copper conductors • 60 A breaker branch input: 4 to 1/0 AWG copper conductors • Main lug combined output: 10 to 2/0 AWG copper conductors • Neutral and ground: 14 to 1/0 copper conductors • Always follow local code requirements for conductor sizing
Communication (in-premise connectivity)	Built-in CTRL board for wired communication with the IQ Battery 5P and the IQ System Controller 3/3G. Integrated power line communication for IQ Series Microinverters.
Altitude	Up to 2,600 meters (8,530 feet)
COMMUNICATION INTERFACES	
Integrated Wi-Fi	802.11b/g/n (dual band 2.4 GHz/5 GHz) for connecting the Enphase Cloud through the internet.
Wi-Fi range (recommended)	10 m (32.8 feet)
Bluetooth	BLE4.2, 10 m range to configure Wi-Fi SSID
Ethernet	Optional, 802.3, Cat5E (or Cat 6) UTP Ethernet cable (not included) for connecting to the Enphase Cloud through the internet.
Cellular/Mobile Connect	CELLMODEM-M1-06-SP-05 or CELLMODEM-M1-06-AT-05 (included with the IQ Combiner 5C)
Digital I/O	Digital input/output for grid operator control
USB 2.0	Mobile Connect, COMMS-KIT-01 for IQ Battery 3/3T/10/10T, COMMS-KIT-02 for IQ Battery 5P
Access point (AP) mode	For connection between the IQ Gateway and a mobile device running the Enphase Installer App
Metering ports	Up to two Consumption CTs, one IQ Battery CT, and one Production CT
Power line communication	90–110 kHz
Web API	See https://developer-v4.enphase.com
Local API	See Guide for local API
COMPLIANCE	
IQ Combiner with IQ Gateway	UL 1741, CAN/CSA C22.2 No. 107.1, Title 47 CFR, Part 15, Class B, ICES 003, NOM-208-SCFI-2016, UL 61010-1, CAN/CSA 22.2 No. 61010-1, IEEE 1547: 2018 (UL 1741-SB, 3rd Ed.), IEEE 2030.5/CSIP Compliant, Production metering: ANSI C12.20 accuracy class 0.5 (PV production)

COMPATIBILITY		
PV	Microinverters	IQ6, IQ7, and IQ8 Series Microinverters
COMMS-KIT-01[2]	IQ System Controller	EP200G101-M240US00
	IQ System Controller 2	EP200G101-M240US01

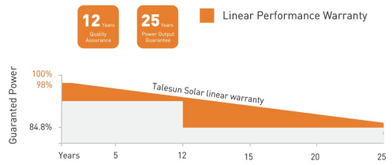
PERFORMANCE WARRANTY



KEY FEATURES

10BB Half-cut Cell Technology
New circuit design, lower internal current, lower Rs loss
Ga dopped wafer, attenuation ≤2% (1st year) /≤0.55% (Linear)

Industry Leading High Yield
Bifacial PERC cell technology,
5%-25% more yield depends on different conditions

Excellent Anti-PID Performance
2 times of industry standard Anti-PID test by TUV SUD

Lower LCOE
2% more power generation, lower LCOE

IP68 Junction Box
High waterproof level

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

CONTRACT # ELE/260744

APPLICATION FOR INTERCONNECTION OF CUSTOMER-OWNED RENEWABLE GENERATION SYSTEMS

TIER 1 - Ten (10) kW or Less
TIER 2 - Greater than 10 kW and Less Than or Equal to 100 kW
TIER 3 - Greater than 100 kW and Less Than or Equal to Two (2) MW

Note: These customer-owned renewable generation system size limits may be subject to a cumulative enrollment limit on net-metering customers located in the area served by the City of Ocala Electric Utility. Please refer to the Ocala Electric Utility Net-Metering Rate Schedule.

Ocala Electric Utility customers who install customer-owned renewable generation systems (RGS) and desire to interconnect those facilities with the Ocala Electric Utility system are required to complete this application. When the completed application and fees are returned to Ocala Electric Utility, the process of completing the appropriate Tier 1, Tier 2 or Tier 3 Interconnection Agreement can begin. This application and copies of the Interconnection Agreements may be obtained at Ocala Electric Utility, located at 201 SE 3rd Street, Ocala, Florida 34471, or may be requested by email from OEU@ocalafl.org.

1. Customer Information

Name: Cooley G. Pantazis

Mailing Address: 2240 SE 5th Street

City: Ocala State: FL Zip Code: 34471

Phone Number: 352-812-8298 Alternate Phone Number: _____

Email Address: ellenpantazis@gmail.com Fax Number: _____

Ocala Electric Utility Customer Account Number: 544295-144762

2. RGS Facility Information

Facility Location: 2240 SE 5th Street Ocala, Fl. 34471

Ocala Electric Utility Customer Account Number: 544295-144762

RGS Manufacturer: Hyundai Energy Solutions

Manufacturer's Address: 3 Corporate Park Suite 235
Irvine, CA. 92635

Reference or Model Number: HiN-T435NF BK (11 Modules 435W)

Serial Number: Inverter-Enphase IQ8AC-72-M-US

(Continued on Sheet No.19.1)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

Has existing 15.9375kWac-Adding 4.07kWac=Total 20.01kWac

3. Facility Rating Information

Gross Power Rating: 20.01kWac ("Gross power rating" means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with Ocala Electric Utility's distribution facilities. For inverter-based systems, the AC nameplate generating capacity shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.)

Fuel or Energy Source: Solar PV

Anticipated In- Service Date: 12/30/25

4. Application Fee

The application fee is based on the Gross Power Rating and must be submitted with this application. The non-refundable application fee is $375 for Tier 2 and $750 for Tier 3 installations. There is no application fee for Tier 1 installations.

5. Interconnection Study Fee

For Tier 3 installations, a deposit in the amount of the estimated costs of the study (to be determined at time of application) must be paid along with this application in addition to the application fee referenced in Article 4 above. This deposit will be applied toward the cost of an interconnection study. The customer will be responsible for the actual costs of the study. Should the actual cost of the study be less than the deposit, the difference will be refunded to the customer. Customer agrees to comply with all interconnection requirements identified in the interconnection study report.

6. Required Documentation

Prior to completion of the Interconnection Agreement, the following information must be provided to the Ocala Electric Utility by the customer.

A. Documentation demonstrating that the installation complies with (or most current version at time of inspection approval):

1. IEEE 1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power Systems.
2. IEEE 1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnecting Distributed Resources with Electric Power Systems.
3. UL 1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed Energy Resources.

(Continued on Sheet No. 19.2)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

B. Documentation that the customer-owned renewable generation has been inspected and approved by local code officials prior to its operation in parallel with the Ocala Electric Utility system to ensure compliance with applicable local codes. OEU will also require proof of commission testing by a qualified 3rd party testing company (not affiliated in any way with the manufacturer, vendor or installation contractor), for compliance with all required and applicable codes, standards, and interconnection study requirements, prior to setting of OEU metering equipment.

C. Proof of insurance in the amount of:
Tier 1 - $100,000.00
Tier 2 - $1,000,000.00
Tier 3 - $2,000,000.00

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 10th day of November, 20 25, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and Cooley G. Pantazis, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

(Continued on Sheet No. 20.1)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

(Continued on Sheet No. 20.3)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

(Continued on Sheet No. 20.4)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

7.05. Enforcement of Agreement. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by either FMPA or OEU of the sovereign immunity applicable to either or both of them as established by Florida Statutes, 768.28.

(Continued on Sheet No. 20.5)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

Tier 2
Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 10th day of November, 20 25, by and between Cooley G. Pantazis, (hereinafter called "**Customer**"), located at 2240 SE 5th Street in Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereafter called "**OEU**"), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the interconnection is taking place: 2240 SE 5th Street Ocala, Fl. 34471.

WITNESSETH

Whereas, a Tier 2 Renewable Generation System (RGS) is an electric generating system that uses one or of more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at more than 10 kilowatts (10 kW) but not greater than 100 kilowatts (100 kW) alternating current (AC) power output and is primarily intended to offset part or all of the customer's current electric requirements; and

Whereas, OEU operates an electric system serving parts of the City of Ocala and Marion County; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU's electrical supply grid at the location indentified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which OEU has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate OEU's electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

(Continued on Sheet No. 22.1)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

(Continued from Sheet No. 22.0)

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and OEU.

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 2 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. In no case should modifications to the RGS be made such that the GPR increases above the 100 kilowatts (100 kW) limit.

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).
5. The Customer shall be required to pay a non-refundable application fee of $375 for the review and processing of the application.

6. The Customer shall fully comply with OEU's Rules and Regulations and Electric Service Specifications as those documents may be amended or revised by OEU from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):
   a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
   b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
   c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*

(Continued on Sheet No. 22.2)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

(Continued from Sheet No. 22.1)

d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising OEU of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 22.3)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

(Continued from Sheet No. 22.2)

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes a utility-interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS which (i) utilizes the same utility-interactive inverter for both systems; or (ii) utilizes a separate utility-interactive inverter for each system, then Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU's systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU's electric system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU's electric system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's electric system such that back feed from the customer-owned renewable generation system to OEU's electric system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 22.4)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

(Continued from Sheet No. 22.3)

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Sections 18 and 19, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one million dollars ($1,000,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and also measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OUS inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

(Continued on Sheet No. 22.5)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

(Continued from Sheet No. 22.4)

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU's electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU utility system emergencies, forced outages, uncontrollable forces or compliance with prudent electric utility practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's utility system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical effects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys' fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.

(Continued on Sheet No. 22.6)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, contractors (and any subcontractor or material supplier thereof), agents and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days notice of its intent to terminate this Agreement.

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a

(Continued on Sheet No. 22.7)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement which complies with the amended statutes/rules.

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds 2.5 percent (%) of the aggregate customer peak demand on OEU's electric system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

(Continued on Sheet No. 22.8)

Docusign Envelope ID: CB0E5213-F4D7-805D-80D0-8931C9297400

IN WITNESS WHEREOF, Customer and OEU have executed this Agreement the day and year first above written.

ELECTRICAL CERTIFICATION STATEMENT:

SUBJECT PV SYSTEM HAS BEEN DESIGNED TO MEET THE REQUIREMENTS OF THE NEC 2020, AND/OR THOSE SET FORTH BY THE FLORIDA SOLAR ENERGY CENTER CERTIFICATION, INCLUDING MAXIMUM NUMBER OF MODULE STRINGS, MAXIMUM NUMBER OF MODULES PER STRING, MAXIMUM OUTPUT, MODULE MANUFACTURER AND MODEL NUMBER, INVERTER MANUFACTURER AND MODEL NUMBER, AS APPLICABLE. HB1021 AMENDED F.S. 377.05 IN 2017 REMOVED THE REQUIREMENT FOR DESIGNERS TO HAVE THEIR SYSTEM DESIGNS CERTIFIED BY FSEC. THE VERBIAGE "…UNLESS OTHERWISE CERTIFIED BE AN ENGINEER LICENSED PURSUANT TO CHAPTER 471 USING THE STANDARDS CONTAINED IN THE MOST RECENT VERSION OF THE FLORIDA BUILDING CODE." ALLOWS LICENSED ENGINEERS TO DESIGN PV SYSTEMS ON THEIR OWN AS THEY DO IN ALL OTHER TRADES.

DATA SHEET

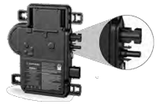
IQ8AC Microinverter

Our newest IQ8 Series Microinverters are the industry's first microgrid-forming*, software-defined microinverters with split-phase power conversion capability to convert DC power to AC power efficiently. The brain of the semiconductor-based microinverter is our proprietary application-specific integrated circuit (ASIC), which enables the microinverter to operate in grid-tied or off-grid modes. This chip is built in advanced 55 nm technology with high-speed digital logic and has superfast response times to changing loads and grid events, alleviating constraints on battery sizing for home energy systems.

Part of the Enphase Energy System, IQ8 Series Microinverters integrate with the IQ Battery, IQ Gateway, and the Enphase App monitoring and analysis software.

Enphase 25 year limited warranty

IQ8 Series Microinverters redefine reliability standards with more than one million cumulative hours of power-on testing, enabling an industry-leading limited warranty of up to 25 years.



Connect PV modules quickly and easily to the IQ8 Series Microinverters that have integrated MC4 connectors.

UL CERTIFIED SAFETY

IQ8 Series Microinverters are UL Listed as PV rapid shutdown equipment and conform with various regulations when installed according to the manufacturer's instructions.

*Meets UL 1741 only when installed with IQ System Controller 2 or 3.

© 2024 Enphase Energy. All rights reserved. Enphase, the e and CC logos, IQ, and certain other marks listed at https://enphase.com/trademark-usage-guidelines are trademarks of Enphase Energy, Inc. in the U.S. and other countries. Data subject to change.

Easy to install

- Lightweight and compact with plug-and-play connectors
- Power line communication (PLC) between components
- Faster installation with simple two-wire cabling

High productivity and reliability

- Produces power even when the grid is down*
- More than one million cumulative hours of testing
- Class II double-insulated enclosure
- Optimized for the latest high-powered PV modules

Microgrid-forming

- Complies with the latest advanced grid support
- Remote automatic updates for the latest grid requirements
- Configurable to support a wide range of grid profiles
- Meets CA Rule 21 (UL 1741-SA) and IEEE 1547:2018 (UL 1741-SB)

NOTE:

- IQ8 Series Microinverters cannot be mixed together with previous generations of Enphase microinverters (IQ7 Series, IQ6 Series, and so on) in the same system.
- IQ Microinverters ship with default settings that meet North America's IEEE 1547 interconnection standard requirements. Region-specific adjustments may be requested by an Authority Having Jurisdiction (AHJ) or utility representative according to the IEEE 1547 interconnection standard. An IQ Gateway is required to make these changes during installation.

IQ8AC Microinverter

INPUT DATA (DC)	UNITS	IQ8AC-72-M-US
Commonly used module pairings [1]	W	295–500
Module compatibility	–	To meet compatibility, PV modules must be within the maximum input DC voltage and maximum module I_{sc} listed below. Module compatibility can be checked at https://enphase.com/installers/microinverters/calculator.
MPPT voltage range	V	28–45
Operating range	V	18–58
Minimum/Maximum start voltage	V	22/58
Max. input DC voltage	V	60
Max. continuous input DC current	A	14
Max. input DC short-circuit current	A	25
Max. module (I_{sc})	A	20
Overvoltage class DC port	–	II
DC port backfeed current	mA	0
PV array configuration	–	Ungrounded array; no additional DC side protection required; AC side protection requires max 20 A per branch circuit

OUTPUT DATA (AC)	UNITS	IQ8AC-72-M-US @240 VAC	IQ8AC-72-M-US @208 VAC
Peak output power	VA	366	350
Max. continuous output power	VA	349	345
Nominal grid voltage (L-L)	V	240, split-phase (L-L), 180°	208, single-phase (L-L), 120°
Minimum and maximum grid voltage [2]	V	211-264	183-229
Max. continuous output current	A	1.45	1.66
Nominal frequency	Hz	60	
Extended frequency range	Hz	47-68	
AC short circuit fault current over three cycles	Arms	2.70	
Max. units per 20 A (L-L) branch circuit [3]	–	11	9
Total harmonic distortion	%	< 5	
Overvoltage class AC port	–	III	
AC port backfeed current	mA	18	
Power factor setting	–	1.0	
Grid-tied power factor (adjustable)	–	0.85 leading ... 0.85 lagging	
Peak efficiency	%	97.3	97.2
CEC weighted efficiency	%	97.0	96.5
Nighttime power consumption	mW	30	22

MECHANICAL DATA	UNITS
Ambient temperature range	-40°C to 65°C (-40°F to 149°F)
Relative humidity range	4% to 100% (condensing)
DC connector type	Stäubli MC4
Dimensions (H × W × D); Weight	212 mm (8.3") × 175 mm (6.9") × 30.2 mm (1.2"); 1.1 kg (2.43 lbs)
Cooling	Natural convection – no fans
Approved for wet locations; Pollution degree	Yes; PD3
Enclosure	Class II double-insulated, corrosion-resistant polymeric enclosure
Environ. category; UV exposure rating	NEMA Type 6; outdoor

COMPLIANCE	
Certifications	CA Rule 21 (UL 1741-SA), UL 62109-1, IEEE 1547:2018 (UL 1741-SB), FCC Part 15 Class B, ICES-0003 Class B, CAN/CSA-C22.2 NO. 107.1-01 This product is UL Listed as PV rapid shutdown equipment and conforms with NEC 2014, NEC 2017, NEC 2020 and NEC 2023 section 690.12 and C22.1-2018 Rule 64-218 rapid shutdown of PV systems for AC and DC conductors when installed according to manufacturer's instructions.

(1) No enforced DC/AC ratio.
(2) Nominal voltage range can be extended beyond nominal if required by the utility.
(3) Limits may vary. Refer to local requirements to define the number of microinverters per branch in your area.

IQ Combiner 5/5C

The IQ Combiner 5/5C consolidates interconnection equipment into a single enclosure and streamlines IQ Series Microinverters and IQ Gateway installation by providing a consistent, pre-wired solution for residential applications. IQ Combiner 5/5C uses wired control communication and is compatible with IQ System Controller 3/3G and IQ Battery 5P.

The IQ Combiner 5/5C, IQ Series Microinverters, IQ System Controller 3/3G, and IQ Battery 5P provide a complete grid-agnostic Enphase Energy System.

IQ Series Microinverters
The high-powered smart grid-ready IQ Series Microinverters (IQ6, IQ7, and IQ8 Series) simplify the installation process.

IQ System Controller 3/3G
Provides microgrid interconnection device (MID) functionality by automatically detecting grid failures and seamlessly transitioning the home energy system from grid power to backup power.

IQ Battery 5P
Fully integrated AC battery system. Includes six field-replaceable IQ8D-BAT Microinverters.

IQ Load Controller
Helps prioritize essential appliances during a grid outage to optimize energy consumption and prolong battery life.

Enphase 5 year limited warranty

5-year limited warranty

NOM

UL CERTIFIED SAFETY US.CA SÉCURITÉ US.CA E341166

Smart
- Includes IQ Gateway for communication and control
- Includes Enphase Mobile Connect (CELLMODEM-M1-06-SP-05), only with IQ Combiner 5C
- Supports flexible networking: Wi-Fi, Ethernet, or cellular
- Provides production metering (revenue grade) and consumption monitoring

Easy to install
- Mounts to one stud with centered brackets
- Supports bottom, back, and side conduit entries
- Supports up to four 2-pole branch circuits for 240 VAC plug-in breakers (not included)
- 80 A total PV branch circuits
- Factory installed hold-down kit
- Bluetooth-based Wi-Fi provisioning for easy Wi-Fi setup

Reliable
- Durable NRTL-certified NEMA type 3R enclosure
- 5-year limited warranty
- 2-year labor reimbursement program coverage included for IQ Combiner SKUs*
- UL1741 Listed

*For country-specific warranty information, see the https://enphase.com/installers/resources/warranty page.

IQ Combiner 5/5C

MODEL NUMBER	
IQ Combiner 5 (X-IQ-AM1-240-5/ X-IQ-AM1-240-5-HDK)	IQ Combiner 5 with IQ Gateway printed circuit board for integrated revenue-grade PV production metering (ANSI C12.20 ±0.5%), consumption monitoring (±2.5%), and IQ Battery monitoring (±2.5%). Includes a silver solar shield to deflect heat. IQ-AM1-240-5-HDK includes a factory installed hold-down kit compatible with all the circuit breakers mentioned in the **Accessories and Replacement Parts** section.
IQ Combiner 5C (X-IQ-AM1-240-5C / X-IQ-AM1-240-5C-HDK)	IQ Combiner 5C with IQ Gateway printed circuit board for integrated revenue-grade PV production metering (ANSI C12.20 ±0.5%), consumption monitoring (±2.5%), and IQ Battery monitoring (±2.5%). Includes Enphase Mobile Connect cellular modem (CELLMODEM-M1-06-SP-05)[1]. Includes a silver solar shield to deflect heat. IQ-AM1-240-5C-HDK includes a factory installed hold-down kit compatible with all the circuit breakers mentioned in the **Accessories and Replacement Parts** section.
WHAT'S IN THE BOX	
IQ Gateway printed circuit board	IQ Gateway is the platform for total energy management for comprehensive, remote maintenance, and management of the Enphase Energy System
Busbar	80 A busbar with support for one IQ Gateway breaker and four 20 A breakers for installing IQ Series Microinverters and IQ Battery 5P
IQ Gateway breaker	Circuit breaker, 2-pole, 10 A/15 A
Production CT	Pre-wired revenue-grade solid-core CT, accurate up to ±0.5%
Consumption CT	Two consumption metering clamp CTs, shipped with the box, accurate up to ±2.5%
IQ Battery CT	One battery metering clamp CT, shipped with the box, accurate up to ±2.5%
CTRL board	Control board for wired communication with IQ System Controller 3/3G and the IQ Battery 5P
Enphase Mobile Connect (only with IQ Combiner 5C)	4G-based LTE-M1 cellular modem (CELLMODEM-M1-06-SP-05) with a 5-year T-Mobile data plan
Accessories kit	Spare control headers for the COMMS-KIT-2 board
ACCESSORIES AND REPLACEMENT PARTS (NOT INCLUDED, ORDER SEPARATELY)	
CELLMODEM-M1-06-SP-05	4G-based LTE-M1 cellular modem with a 5-year T-Mobile data plan
CELLMODEM-M1-06-AT-05	4G-based LTE-M1 cellular modem with a 5-year AT&T data plan
Circuit breakers (off-the-shelf)	Supports Eaton BR2XX, Siemens Q2XX, and GE/ABB THQL21XX Series circuit breakers (XX represents 10, 15, 20, 30, 40, 50, or 60). Also supports Eaton BR220B, BR230B, and BR240B circuit breakers compatible with the hold-down kit.
Circuit breakers (provided by Enphase)	BRK-10A-2-240V, BRK-15A-2-240V, BRK-20A-2P-240V, BRK-15A-2P-240V-B, and BRK-20A-2P-240V-B (more details in the "Accessories" section)
XA-SOLARSHIELD-ES	Replacement solar shield for IQ Combiner 5/5C
XA-ENV2-PCBA-5	IQ Gateway replacement printed circuit board (PCB) for IQ Combiner 5/5C
X-IQ-NA-HD-125A	Hold-down kit compatible with Eaton BR-B Series circuit breakers (with screws). Not required for X-IQ-AM1-240-5-HDK/X-IQ-AM1-240-5C-HDK.
XA-COMMS2-PCBA-5	Replacement COMMS-KIT-2 printed circuit board (PCB) for IQ Combiner 5/5C
ELECTRICAL SPECIFICATIONS	
Rating	80 A
System voltage and frequency	120/240 VAC or 120/208 VAC, 60 Hz
Busbar rating	125 A
Fault current rating	10 kAIC
Maximum continuous current rating (input from PV/ storage)	64 A
Branch circuits (solar and/or storage)	Up to four 2-pole Eaton BR, Siemens Q, or GE/ABB THQL Series distributed generation (DG) breakers only (not included)
Maximum total branch circuit breaker rating (input)	80 A of distributed generation/95 A with IQ Gateway breaker included
IQ Gateway breaker	10 A or 15 A rating GE/Siemens/Eaton included
Production metering CT	200 A solid core pre-installed and wired to IQ Gateway

[1] A plug-and-play industrial-grade cell modem for systems of up to 60 microinverters. Available in the United States, Canada, Mexico, Puerto Rico, and the US Virgin Islands, where there is adequate cellular service in the installation area.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: 10B38781-4D27-8219-8174-D0B388A9FA62

AGREEMENT FOR PERFORMANCE SERVICES

THIS AGREEMENT FOR PERFORMANCE SERVICES ("Agreement") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City"), and **TESHA JACKSON** ("Artist").

In consideration for the following covenants, conditions, and promises, City agrees to engage Artist for the Performance described below, and Artist agrees to provide services at such Performance under the following terms and conditions:

1. **PERFORMANCE**. City hereby engages Artist, and Artist agrees to serve, as Master of Ceremonies for an event that is approximately **SIX (6) HOURS** in length on **MAY 30, 2026,** beginning at **11:00 A.M,** and ending at **5:00P.M.** (the "Performance").
   A. The load in, set up and sound check time on the date of the Performance shall be at **10:00 A.M.**
   B. Exact time of scheduled Performance may change at City's discretion.
2. **VENUE.** The Performance shall take place at an outdoor venue at **MLK WEBB FIELD, 1501 W SILVER SPRINGS BLVD, OCALA FL 34475** during the West Ocala Rhythm Fest (the "Event").
3. **COMPENSATION**. Artist shall be paid the total sum of **FIVE HUNDRED AND NO/100 DOLLARS ($500)** for the entire Performance (the "Performance Fee"). The Performance Fee shall be paid by check made payable to Artist known as **TESHA JACKSON** and shall be hand delivered to Artist immediately following the Performance unless the parties otherwise agree.
4. **AMOUNTS DUE TO THE CITY.** Artist must be current and remain current in all obligations due to the City during the performance of services under this Agreement. Payments to Artist may be offset by any delinquent amounts due to the City or fees and/or charges owed to the City.
5. **PERFORMANCE POLICY AND ARTIST RESPONSIBILITIES**. Artist's Performance must be suitable for family audiences. Artist and its employees and/or agents shall perform and conduct themselves in a manner that is consistent with City standards as specified below. Artist's failure to abide by the provisions of this Paragraph shall constitute a material breach of this Agreement at which time City shall have the right to immediately cancel the Performance and dismiss Artist from the Venue, and Artist shall forfeit any remaining compensation due under Paragraph 3 above:

A. **Smoking and Prohibited Substances**: The use of alcohol, illegal drugs, or other controlled substances by Artist, its employees and/or agents during the Performance is strictly prohibited. Artist shall not perform while under the influence of alcoholic beverages, illegal drugs, or other controlled substances. Venue is a non-smoking facility, and no smoking is permitted within the provided hospitality space or within thirty (30) feet of egress doorways. All smoking must take place in outdoor designated areas.

B. **Prohibited Conduct**: Artist's Performance must be suitable for family audiences and Artist, its employees, and/or agents agree to conduct themselves in a professional and courteous manner in compliance with City standards at all times during the performance of their duties under this Agreement. Examples of behavior, dress, and/or language considered to be inconsistent with City standards include, but is not limited to, that which:
   (i) demeans and/or exploits persons on the basis of gender, race, or other grounds;
   (ii) references alcohol, drugs, obscene acts, or other explicit subjects;
   (iii) contains political references, religious proselytizing, discriminatory, or sexually explicit language or images.

C. **Sound and Lighting**: Artist agrees to use the sound and lighting services and personnel provided by the City for the audio and lighting reinforcement of the Performance. Artist agrees that all

decisions regarding sound and lighting shall be made solely by City and/or City's production team and will abide by them accordingly.

D. **Stage Access**: Artist acknowledges that stage entry is permitted to Artist, and personnel in capacity for performance and setup. The City will limit stage access to city staff, production staff, and approved community partners and/or sponsors. The public is not permitted on stage before, during, or after the performance.

E. **Pyrotechnics**: Artist shall not be permitted to have or use any type of electronic or pyrotechnic display that in any way creates a hazardous condition for the audience

F. **Copyrights and Licenses**: Artist shall be responsible for obtaining any and all necessary licenses or authorizations related to the provision of its services under this agreement including, but not limited to any ASCAP, BMI, or SESAC license required for the playing of music subject to copyright and shall ensure that any and all license payments required to be made by Artist are made promptly and directly to the licensing or authorizing organization.

6. **NON-PERFORMANCE.** If Artist is unable to provide the Performance due to illness or accident to the Artist or because of a Force Majeure event up to the scheduled performance date, then City shall have no obligation to pay the Performance Fee. If the City did not cancel the event at least THREE **(3)** days prior to its scheduled date, and/or if Artist is present at the venue at the designated date and time for the performance and is willing and able to perform but the Event is cancelled by the City on the day of the event, then Artist shall be paid the full Performance Fee.

7. **HOSPITALITY.** Artist shall secure their own travel and transportation to and from venue**.**

8. **FORCE MAJEURE.** The term "Force Majeure" shall include delays, damages, or failure in the performance of any obligation under this Agreement if such delay, damage, or failure is due to causes beyond the party's control including, without limitation: fire, flood, strikes and labor disputes, pandemic, local or statewide states of emergency, acts of war, acts of nature, terrorism, civil unrest, acts or delays in acting of the government of the United States or the several states, judicial orders, decrees or restrictions or any other like reason which is beyond the control of the respective party.

9. **TERMINATION FOR NON-FUNDING**. In the event that budgeted funds to finance this Agreement are reduced, terminated, or otherwise become unavailable, City may terminate this Agreement upon written notice to Artist without penalty or expense to City. City shall be the final authority as to the availability of budgeted funds.

10. **INSURANCE*.** Artist shall obtain general liability insurance issued by a company authorized to do business in the State of Florida and with an A.M. Best Company rating of at least A-, as will provide coverage for claims for damages for bodily injury, including accidental death, as well as for claims for property damage. The amount of such insurance shall be not less than $200,000 for injury to one person arising out of a single incident and $400,000 for injuries to more than one person arising out of a single incident, and $200,000 for property damage with a reasonable deductible. Upon request by City, Artist shall provide City with certificates of insurance which shall list "City of Ocala, a Florida municipal corporation," as an Additional Insured. These insurance requirements do not relieve or limit the liability of Artist. Should Artist desire insurance protecting its personal property from casualty or damage while on the Venue, it will purchase such insurance, it being expressly understood that City is not obligated to purchase any insurance. The insurance required of Artist, or any other insurance of Artist shall be considered primary, and any insurance or self-insurance of City shall be considered excess, as may be applicable, to claims against City which may arise.

Docusign Envelope ID: 10B38781-4D27-8219-8174-D0B388A9FA62

***Exceptions and exemptions to these insurance requirements may be allowed at the discretion of the City's HR/Risk Director on a case-by-case basis and evidenced by a separate waiver attached to this Agreement and incorporated herein.**

11. **INDEMNITY**. Artist shall indemnify City and its elected officials, employees and volunteers against, and hold City and its elected officials, employees and volunteers harmless from, all damages, claims, losses, costs, and expenses, including attorneys' fees, which City or its elected officials, employees or volunteers may sustain, or which may be asserted against City or its elected officials, employees or volunteers, arising out of the use of the venue by Artist or the use of any music, materials, devices, or processes that are patented, trademarked, franchised or subject to copyright.
12. **ATTORNEYS' FEES.** If any civil action, arbitration or other legal proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party shall be entitled to recover reasonable attorneys' fees, sales and use taxes, court costs and all expenses even if not taxable as court costs (including, without limitation, all such fees, taxes, costs and expenses incident to arbitration, appellate, bankruptcy and post-judgment proceedings), incurred in that civil action, arbitration or legal proceeding, in addition to any other relief to which such party or parties may be entitled. Attorneys' fees shall include, without limitation, paralegal fees, investigative fees, administrative costs, sales and use taxes and all other charges billed by the attorney to the prevailing party.
13. **JURY WAIVER**. IN ANY CIVIL ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF, CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY ANY OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.
14. **PUBLIC RECORDS.** The Artist shall comply with all applicable provisions of the Florida Public Records Act, Chapter 119, Florida Statutes. Specifically, the Artist shall:
    A. Keep and maintain public records required by the public agency to perform the service.
    B. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
    C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Artist does not transfer the records to the public agency.
    D. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Artist or keep and maintain public records required by the public agency to perform the service. If the Artist transfers all public records to the public agency upon completion

Docusign Envelope ID: 10B38781-4D27-8219-8174-D0B388A9FA62

of the contract, the Artist shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Artist keeps and maintains public records upon completion of the contract, the Artist shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF THE ARTIST HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE ARTIST'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: CITY OF OCALA, OFFICE OF THE CITY CLERK; 352-629-8266; E-mail: clerk@ocalafl.gov; City Hall, 110 SE Watula Avenue, Ocala, FL 34471.

15. **ASSIGNMENT.** This Agreement shall not be assigned by Artist without the prior written consent of City.
16. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all whom shall be bound by the provisions hereof.
17. **WAIVER.** The failure or delay of any party at any time to require performance by another party of any provision of this Agreement, even if known, shall not affect the right of such party to require performance of that provision or to exercise any right, power or remedy hereunder. Any waiver by any party of any breach of any provision of this Agreement should not be construed as a waiver of any continuing or succeeding breach of such provision, a waiver of the provision itself, or a waiver of any right, power or remedy under this Agreement. No notice to or demand on any party in any circumstance shall, of itself, entitle such party to any other or further notice or demand in similar or other circumstances.
18. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered into and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.
19. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or by reason of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.
20. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both of the parties to this Agreement.
21. **ELECTRONIC SIGNATURE(S).** Artist, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.
22. **LEGAL AUTHORITY.** Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for

Docusign Envelope ID: 10B38781-4D27-8219-8174-D0B388A9FA62

whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

23. **ENTIRE AGREEMENT.** This Agreement and the attached Riders, if any, contains all agreements between the Parties. There are no other representations, warranties, promises, agreements or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. In the event of a conflict between the terms of this Agreement and the terms of any attached Riders, the terms of this Agreement shall control.

IN WITNESS WHEREOF, the parties have executed this Agreement on 5/13/2026.

VENDOR'S ACKNOWLEDGEMENT AND AGREEMENT IN EXCHANGE FOR WAIVER OF INSURANCE REQUIREMENTS

THIS ACKNOWLEDGEMENT AND AGREEMENT is made by:

Tesha Jackson

VENDOR NAME 32 SE 9th Ave. #2 Ocala Fla. 34471

VENDOR STREET ADDRESS, CITY, STATE, ZIP CODE

VENDOR acknowledges and understands that prior to commencement of an Agreement with the City of Ocala (the "City") and until completion of all obligations under said agreement, all vendors desiring to provide services to the City or to hold special events on City property are required to procure and maintain, for the life of said Agreement, the following types and limitations of liability insurance:

- **Commercial General Liability Insurance** identifying the City, a political subdivision of the State of Florida, and its officials, employees, and volunteers as additional insureds with an endorsement equal or broader to CG 20 26 04 13 from and against all claims, demands, causes of action, expenses, costs, or liability for injury to or death of persons or damage to or loss of property arising out of or in any manner connected with the Vendor's services or event in the amounts of not less than ONE MILLION DOLLARS ($1,000,000.00) PER OCCURRENCE and TWO MILLION DOLLARS ($2,000,000.00) general aggregate.

VENDOR acknowledges and understands that **unless** CITY provides a written waiver of the insurance requirements, the failure of VENDOR to obtain and maintain the required insurance shall constitute a breach of contract.

By signing below, VENDOR intends for this document to serve as its written request for waiver of the foregoing insurance requirements for the following special event to occur on May 30, 2026 (IDENTIFY DATE HERE): EVENT DESCRIPTION: Rhythm Fest

In exchange for and acceptance of CITY's waiver of the foregoing insurance requirements, VENDOR, including its successors and assigns, does hereby covenant and agree to indemnify, hold harmless, and defend the City of Ocala and its elected officials, employees, and volunteers from and against any and all claims, actions, liability, loss, damage, injury, death, or expense of any and every kind which may accrue or be suffered by any person, partnership, or other entity of any kind, in whole or in part from the intentional or negligent acts or omissions of VENDOR or its employees, agents, subcontractors, successors, or assigns. In the event that any suit or action is brought against CITY, its elected officials, employees, or volunteers for any of the claims described herein, VENDOR, its successors and assigns shall defend the suit or action at VENDOR'S sole cost and expense and shall fully satisfy any judgment that is rendered against CITY, its elected officials, employees, or volunteers, or any combination thereof.

Docusign Envelope ID: 10B38781-4D27-8219-8174-D0B388A9FA62

IN WITNESS WHEREOF, the VENDOR sets its hand this 6 day of May, 20 26.

Subject: FW: New Contract Requests - TeSha Jackson + Ernesto Pierson

Good morning Richard,

I have two more for you (hopefully the only ones for today).

Please see the waivers for two new performers for the upcoming West Rhythm Fest on May 29th for your approval. Tesha Jackson will be a new MC and Ernesto Pierson will be a new band to perform.

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

AGREEMENT FOR PERFORMANCE SERVICES

THIS AGREEMENT FOR PERFORMANCE SERVICES ("Agreement") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City"), and **ERNESTO PIERSON** ("Artist").

In consideration for the following covenants, conditions, and promises, City agrees to engage Artist for the Performance described below, and Artist agrees to provide services at such Performance under the following terms and conditions:

1. **PERFORMANCE**. City hereby engages Artist to furnish, and Artist agrees to provide **ONE (1)** show that is approximately **FORTY (40) MINUTES** in length on **MAY 30, 2026,** beginning at **1:00 P.M.,** and ending at **1:40 P.M.** (the "Performance").

   A. Artist will provide their own instruments for performance. The load in and set up on the date of the Performance shall be at **12:45P.M.** Artist will perform throughout the event zone during the event.

   B. Exact time of scheduled Performance may change at City's discretion.

2. **VENUE.** The Performance shall take place at an outdoor venue at **WEBB FIELD, 1501 W. SILVER SPRINGS BLVD., OCALA FL, 34475** during the West Ocala Rhythm Fest (the "Event").

3. **COMPENSATION**. Artist shall be paid the total sum of **SIX HUNDRED AND NO/100 DOLLARS ($600)** for the entire Performance (the "Performance Fee") payable via hand-delivery to Artist immediately following the Performance unless the parties otherwise agree.

4. **AMOUNTS DUE TO THE CITY.** Artist must be current and remain current in all obligations due to the City during the performance of services under this Agreement. Payments to Artist may be offset by any delinquent amounts due to the City or fees and/or charges owed to the City.

5. **PERFORMANCE POLICY AND ARTIST RESPONSIBILITIES**. Artist's Performance must be suitable for family audiences. Artist and its employees and/or agents shall perform and conduct themselves in a manner that is consistent with City standards as specified below. Artist's failure to abide by the provisions of this Paragraph shall constitute a material breach of this Agreement at which time City shall have the right to immediately cancel the Performance and dismiss Artist from the Venue, and Artist shall forfeit any remaining compensation due under Paragraph 3 above:

A. **Smoking and Prohibited Substances**: The use of alcohol, illegal drugs, or other controlled substances by Artist, its employees and/or agents during the Performance is strictly prohibited. Artist shall not perform while under the influence of alcoholic beverages, illegal drugs, or other controlled substances. Venue is a non-smoking facility, and no smoking is permitted within the provided hospitality space or within thirty (30) feet of egress doorways. All smoking must take place in outdoor designated areas.

B. **Prohibited Conduct**: Artist's Performance must be suitable for family audiences and Artist, its employees, and/or agents agree to conduct themselves in a professional and courteous manner in compliance with City standards at all times during the performance of their duties under this Agreement. Examples of behavior, dress, and/or language considered to be inconsistent with City standards include, but is not limited to, that which:

   (i) demeans and/or exploits persons on the basis of gender, race, or other grounds;
   (ii) references alcohol, drugs, obscene acts, or other explicit subjects;
   (iii) contains political references, religious proselytizing, discriminatory, or sexually explicit language or images.

C. **Sound and Lighting**: Artist agrees to use the sound and lighting services and personnel provided by the City for the audio and lighting reinforcement of the Performance. Artist agrees that all decisions regarding sound and lighting shall be made solely by City and/or City's production team and will abide by them accordingly.

D. **Stage Access**: Artist acknowledges that stage entry is permitted to Artist, and personnel in capacity for performance and setup. The City will limit stage access to city staff, production staff, and approved community partners and/or sponsors. The public is not permitted on stage before, during, or after the performance.

E. **Pyrotechnics**: Artist shall not be permitted to have or use any type of electronic or pyrotechnic display that in any way creates a hazardous condition for the audience

F. **Copyrights and Licenses**: Artist shall be responsible for obtaining any and all necessary licenses or authorizations related to the provision of its services under this agreement including, but not limited to any ASCAP, BMI, or SESAC license required for the playing of music subject to copyright and shall ensure that any and all license payments required to be made by Artist are made promptly and directly to the licensing or authorizing organization.

6. **NON-PERFORMANCE.** If Artist is unable to provide the Performance due to illness or accident to the Artist or because of a Force Majeure event up to the scheduled performance date, then City shall have no obligation to pay the Performance Fee. If the City did not cancel the event at least THREE **(3)** days prior to its scheduled date, and/or if Artist is present at the venue at the designated date and time for the performance and is willing and able to perform but the Event is cancelled by the City on the day of the event, then Artist shall be paid the full Performance Fee.

7. **HOSPITALITY.** City will provide Artist with an air-conditioned break room that is not a restroom and is not accessible to the public. The room will have a table and 2 chairs or a sturdy countertop. City will provide a parking space as close to the green room as possible. Artist will secure their own travel and transportation to and from the venue.

8. **FORCE MAJEURE.** The term "Force Majeure" shall include delays, damages, or failure in the performance of any obligation under this Agreement if such delay, damage, or failure is due to causes beyond the party's control including, without limitation: fire, flood, strikes and labor disputes, pandemic, local or statewide states of emergency, acts of war, acts of nature, terrorism, civil unrest, acts or delays in acting of the government of the United States or the several states, judicial orders, decrees or restrictions or any other like reason which is beyond the control of the respective party.

9. **TERMINATION FOR NON-FUNDING**. In the event that budgeted funds to finance this Agreement are reduced, terminated, or otherwise become unavailable, City may terminate this Agreement upon written notice to Artist without penalty or expense to City. City shall be the final authority as to the availability of budgeted funds.

10. **INSURANCE*.** Artist shall obtain general liability insurance issued by a company authorized to do business in the State of Florida and with an A.M. Best Company rating of at least A-, as will provide coverage for claims for damages for bodily injury, including accidental death, as well as for claims for property damage. The amount of such insurance shall be not less than $200,000 for injury to one person arising out of a single incident and $400,000 for injuries to more than one person arising out of a single incident, and $200,000 for property damage with a reasonable deductible. Upon request by City, Artist shall provide City with certificates of insurance which shall list "City of Ocala, a Florida municipal corporation," as an Additional Insured. These insurance requirements do not relieve or limit the liability of Artist. Should Artist desire insurance protecting its personal property from casualty or damage while on the Venue, it will purchase such insurance, it being expressly understood that City is not obligated to purchase any insurance. The insurance required of Artist, or

Docusign Envelope ID: F0487C1D-E210-8956-81CD-B87A540C85EF

any other insurance of Artist shall be considered primary, and any insurance or self-insurance of City shall be considered excess, as may be applicable, to claims against City which may arise.

***Exceptions and exemptions to these insurance requirements may be allowed at the discretion of the City's HR/Risk Director on a case-by-case basis and evidenced by a separate waiver attached to this Agreement and incorporated herein.**

11. **INDEMNITY**. Artist shall indemnify City and its elected officials, employees and volunteers against, and hold City and its elected officials, employees and volunteers harmless from, all damages, claims, losses, costs, and expenses, including attorneys' fees, which City or its elected officials, employees or volunteers may sustain, or which may be asserted against City or its elected officials, employees or volunteers, arising out of the use of the venue by Artist or the use of any music, materials, devices, or processes that are patented, trademarked, franchised or subject to copyright.
12. **ATTORNEYS' FEES.** If any civil action, arbitration or other legal proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party shall be entitled to recover reasonable attorneys' fees, sales and use taxes, court costs and all expenses even if not taxable as court costs (including, without limitation, all such fees, taxes, costs and expenses incident to arbitration, appellate, bankruptcy and post-judgment proceedings), incurred in that civil action, arbitration or legal proceeding, in addition to any other relief to which such party or parties may be entitled. Attorneys' fees shall include, without limitation, paralegal fees, investigative fees, administrative costs, sales and use taxes and all other charges billed by the attorney to the prevailing party.
13. **JURY WAIVER**. IN ANY CIVIL ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF, CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY ANY OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.
14. **PUBLIC RECORDS.** The Artist shall comply with all applicable provisions of the Florida Public Records Act, Chapter 119, Florida Statutes. Specifically, the Artist shall:
    A. Keep and maintain public records required by the public agency to perform the service.
    B. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
    C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Artist does not transfer the records to the public agency.

Docusign Envelope ID: F0487C1D-E210-8956-81CD-B87A540C85EF

D. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Artist or keep and maintain public records required by the public agency to perform the service. If the Artist transfers all public records to the public agency upon completion of the contract, the Artist shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Artist keeps and maintains public records upon completion of the contract, the Artist shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF THE ARTIST HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE ARTIST'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: CITY OF OCALA, OFFICE OF THE CITY CLERK; 352-629-8266; E-mail: clerk@ocalafl.gov; City Hall, 110 SE Watula Avenue, Ocala, FL 34471.

15. **ASSIGNMENT.** This Agreement shall not be assigned by Artist without the prior written consent of City.
16. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all whom shall be bound by the provisions hereof.
17. **WAIVER.** The failure or delay of any party at any time to require performance by another party of any provision of this Agreement, even if known, shall not affect the right of such party to require performance of that provision or to exercise any right, power or remedy hereunder. Any waiver by any party of any breach of any provision of this Agreement should not be construed as a waiver of any continuing or succeeding breach of such provision, a waiver of the provision itself, or a waiver of any right, power or remedy under this Agreement. No notice to or demand on any party in any circumstance shall, of itself, entitle such party to any other or further notice or demand in similar or other circumstances.
18. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered into and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.
19. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or by reason of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.
20. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both of the parties to this Agreement.
21. **ELECTRONIC SIGNATURE(S).** Artist, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.

Docusign Envelope ID: F0487C1D-E210-8956-81CD-B87A540C85EF

22. **LEGAL AUTHORITY.** Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.
23. **ENTIRE AGREEMENT.** This Agreement and the attached Riders, if any, contains all agreements between the Parties. There are no other representations, warranties, promises, agreements or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. In the event of a conflict between the terms of this Agreement and the terms of any attached Riders, the terms of this Agreement shall control.

IN WITNESS WHEREOF, the parties have executed this Agreement on 5/13/2026.

VENDOR'S ACKNOWLEDGEMENT AND AGREEMENT
IN EXCHANGE FOR WAIVER OF INSURANCE REQUIREMENTS

THIS ACKNOWLEDGEMENT AND AGREEMENT is made by:

ERNESTO PIERSON / N.S.G.
VENDOR NAME

12718 S.E. 47TH AVE. BELLEVIEW, FL. 34420
VENDOR STREET ADDRESS, CITY, STATE, ZIP CODE

VENDOR acknowledges and understands that prior to commencement of an Agreement with the City of Ocala (the "City") and until completion of all obligations under said agreement, all vendors desiring to provide services to the City or to hold special events on City property are required to procure and maintain, for the life of said Agreement, the following types and limitations of liability insurance:

- **Commercial General Liability Insurance** identifying the City, a political subdivision of the State of Florida, and its officials, employees, and volunteers as additional insureds with an endorsement equal or broader to CG 20 26 04 13 from and against all claims, demands, causes of action, expenses, costs, or liability for injury to or death of persons or damage to or loss of property arising out of or in any manner connected with the Vendor's services or event in the amounts of not less than ONE MILLION DOLLARS ($1,000,000.00) PER OCCURRENCE and TWO MILLION DOLLARS ($2,000,000.00) general aggregate.

VENDOR acknowledges and understands that **unless** CITY provides a written waiver of the insurance requirements, the failure of VENDOR to obtain and maintain the required insurance shall constitute a breach of contract.

By signing below, VENDOR intends for this document to serve as its written request for waiver of the foregoing insurance requirements for the following special event to occur on _____ (IDENTIFY DATE HERE): EVENT DESCRIPTION: _____

In exchange for and acceptance of CITY's waiver of the foregoing insurance requirements, VENDOR, including its successors and assigns, does hereby covenant and agree to indemnify, hold harmless, and defend the City of Ocala and its elected officials, employees, and volunteers from and against any and all claims, actions, liability, loss, damage, injury, death, or expense of any and every kind which may accrue or be suffered by any person, partnership, or other entity of any kind, in whole or in part from the intentional or negligent acts or omissions of VENDOR or its employees, agents, subcontractors, successors, or assigns. In the event that any suit or action is brought against CITY, its elected officials, employees, or volunteers for any of the claims described herein, VENDOR, its successors and assigns shall defend the suit or action at VENDOR'S sole cost and expense and shall fully satisfy any judgment that is rendered against CITY, its elected officials, employees, or volunteers, or any combination thereof.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

AGREEMENT FOR ARTWORK LOAN AND DISPLAY

THIS AGREEMENT FOR ARTWORK LOAN AND DISPLAY ("Agreement") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City"), and **PATRICIA TOMLINSON** ("Artist").

WHEREAS, City is a municipality which regularly utilizes its public spaces to provide exhibit space to local and regional artists for the benefit, use, and enjoyment of its citizens and visitors; and

WHEREAS, Artist is the creator and exclusive owner of certain artwork identified and set forth in the attached **Exhibit A - Artwork** (the "Artwork") and all intellectual property rights therein; and

WHEREAS, Artist desires to loan the Artwork to City for public display and potential sale; and

WHEREAS, City agrees to display the Artwork in certain of its public spaces as set forth herein for the term of this Agreement for the benefit, use, and enjoyment of its citizens and visitors (hereinafter referred to as the "Exhibition").

NOW THEREFORE, in consideration of the matters set forth above (which are incorporated herein by reference), the exchange of the mutual promises set forth herein, and other good and valuable consideration, receipt of which is hereby acknowledged, the parties hereto agree as follows:

1. **RECITALS**. City and Artist hereby represent and warrant that the Recitals set forth above are true and correct.

2. **LOAN, USE, CREDIT, AND SALE OF ARTWORK.** Artist grants to City a loan of the Artwork for public display during the City of Ocala's **CREATIVE VOICES**, at **MARY SUE RICH COMMUNITY CENTER** located at **1821 NW 21ST AVENUE, OCALA FL, 34475** from **JUNE 16, 2026,** through **DECEMBER 17, 2026**.

   A. **Licensed Use.** Artist shall retain all copyrights and other intellectual property rights to the Artwork. Artist hereby expressly grants to City:

      (i) the right to display the Artwork in its public spaces; and

      (ii) an irrevocable right to photograph or film images of the Artwork and use such photographs and film for reproduction in publications now known or later developed by City or for educational, publicity or promotional purposes, provided that such use shall not be for commercial purposes. This grant shall survive the termination of this Agreement.

   B. **Artistic Credit.** City may display with the Artwork information identifying Artist as the creator of the Artwork ("Artistic Credit"). Artist shall be responsible for providing City with Artistic Credit information at the time that the Artwork is transferred to City.

   C. **City's Right to Refuse Artwork**. Artist acknowledges and agrees that City has the right to refuse to exhibit any piece of the Artwork in the City's sole discretion at any time and for any reason including, without limitation, available space, relevance, and content.

   D. **Sale of Artwork.** For any Artwork that has been selected by Artist to be for sale at the Exhibition, City shall include with its display of the Artistic Credit for the Artwork contact information for those persons interested in purchasing the Artwork. All sales and related negotiations for the Artwork shall be the sole responsibility of Artist. Any artwork sold during the Exhibition must remain on-site for the duration of the term of this Agreement, or any subsequent renewal term, unless authorized by City or its authorized representative. Artist shall pay to the City **THIRTY PERCENT (30%)** of the gross receipts generated from Artwork sales during the term of this

Docusign Envelope ID: 7D40C781-A39C-8818-83FC-F69FDC900339

agreement. City shall have the right to audit or to authorize audits of Artist's books, records, and accounts relevant to its obligations under this Agreement. If any audit performed by City discloses an under-reporting of gross receipts, Artist shall pay to City any amounts due under this Agreement within **FIFTEEN (15)** calendar days of written notice by City.

3. **LOAN PERIOD, RENEWAL AND TERMINATION.** The Artwork Loan Period ("Loan Period") shall begin on **JUNE 16, 2026,** and shall end on **DECEMBER 17, 2026**, unless otherwise renewed or terminated pursuant to this Agreement.

   A. **Renewal**. The Loan Period may be renewed or extended upon the written consent of both parties, which shall specify the length of the term and any additional consideration exchanged during such renewal.

   B. **Termination**. City reserves the right to terminate this Agreement in whole or in part at any time for the convenience of City without penalty or recourse. City shall provide written notice of the termination to Artist and coordinate arrangements for the removal of the Artwork.

4. **TRANSFER, INSTALLATION, CARE, AND REMOVAL OF ARTWORK.** Artist shall deliver, or cause to be delivered, the Artwork to City on or before **JUNE 16, 2026**. Artist shall retrieve the Artwork, or cause the artwork to be retrieved, from City no earlier than **DECEMBER 17, 2026**, unless otherwise agreed to by the parties.

   A. **Delivery of Artwork**: City shall take possession of the Artwork at **MARY SUE RICH COMMUNITY CENTER,** located at **1821 NW 21ST AVENUE, OCALA FL, 34475**; or at such other City property or City website that the City deems appropriate from time to time. All costs incurred in connection with the delivery and/or shipment of the Artwork from the Artist to the City shall be borne by Artist. City has the right to relocate the Artwork to other City-owned sites during the Loan Period. City shall provide reasonable notice to Artist of its intent to relocate the Artwork, however, City's decision regarding relocation of the Artwork is final and may occur at any time.

   B. **Condition of Artwork Upon Transfer to City**: The City reserves the right to inspect and document the condition of the Artwork upon its transfer to the City. City will share any such documentation with Artist upon Artist's request. The City has the right to refuse to exhibit any piece of the Artwork as outlined in Paragraph 2(C) above. The absence of any notation in this Agreement as to the condition of the Artwork at the time it is received by City shall not be construed to mean that the Artwork was in good condition upon receipt.

   C. **Installation and De-Installation of Artwork**: Prior to installation, Artist shall assume all risk of loss or damage to the Artwork and shall take such measures as are reasonably necessary to protect the Artwork from loss or damage. City shall supervise the installation and de-installation of the Artwork while the Artwork is in the possession of City. Artist agrees to take all actions reasonably necessary to facilitate the City's timely, safe, and cost-effective installation and de-installation of the Artwork.

   D. **Surrender and Removal of Artwork**: The Artwork shall be returned or released to Artist or Artist's authorized representative. All costs incurred in connection with the delivery and/or shipment of the Artwork from the City to the Artist shall be borne by the Artist. City reserves the right to request the immediate removal of the Artwork from City's public spaces at any time by sending written notice to Artist.

Docusign Envelope ID: 7D40C781-A39C-8818-83FC-F69FDC900339

E. **Abandonment of Artwork:** Artist's failure to remove the Artwork within **SIXTY (60)** days after the expiration of this Agreement, or after otherwise being provided with written request from City for immediate removal of the Artwork, such Artwork shall be deemed to be abandoned and shall become property of City and City shall have the right to dispose of the Artwork and any other items related thereto in any manner deemed appropriate in the sole discretion of the City. Under no circumstances shall City be obligated to ship or otherwise transport the Artwork.

5. **CONSIDERATION** Artist acknowledges and agrees that as consideration for the services rendered by Artist under this Agreement, the City shall provide Artist with the opportunity to exhibit and market the Artwork in a public forum, thereby increasing Artist's recognition and likelihood of selling the Artwork. City shall not otherwise compensate Artist for use of the Artwork pursuant to this Agreement or reimburse Artist for any expenses incurred in providing the Artwork.

6. **ARTIST'S WARRANTIES AND REPRESENTATIONS**. Artist warrants and represents as follows:

   A. Artist is the sole owner of and has full legal title to all objects that constitute the Artwork under this Agreement;

   B. Artist has full authority and power to enter into and perform this Agreement and to make the grant of rights contained in this Agreement;

   C. The installation and removal of the Artwork will not unacceptably damage or alter the Artwork;

   D. The total value of the Artwork is in the amounts noted on the attached **Exhibit A - Artwork**.

   E. Nothing in the Artwork defames any person or entity, infringes upon any copyright, or otherwise violates the rights of any third party.

7. **ASSIGNMENT.** Neither party may assign this Agreement or the rights and obligations thereunder to any third party without the prior express written approval of the other party, which shall not be unreasonably withheld.

8. **SEVERABILITY OF ILLEGAL PROVISIONS.** Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the applicable law. Should any portion of this Agreement be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Agreement.

9. **INDEMNIFICATION.** Artist shall indemnify and hold harmless City and its elected officials, employees and volunteers against any and all damages, claims, losses, costs, and expenses, including reasonable attorneys' fees, which City may sustain or which may be asserted against City or its elected officials, employees, and volunteers arising out of the activities contemplated by this Agreement including, without limitation, any action, claim, suit, or liability based on a claim that work performed under this Agreement by Artist, or Artist's agents or subcontractors, constitutes an infringement of any patent, copyright, trademark, trade name, or other proprietary right of any kind. This Section shall survive the termination or other expiration of this Agreement. Artist shall advise City, in writing, within **TWENTY-FOUR (24)** hours of any known claim or demand made against the City or Artist relating to or arising out of Artist's activities under this Agreement.

10. **MAINTENANCE OR REPAIR OF ARTWORK.** City agrees to ensure that the Artwork will be maintained and protected to the extent practical. Except as otherwise set forth herein, Artist shall be solely responsible for any and all repair of the Artwork during its Exhibition including, but not limited to, repairs necessitated by damage, fabrication defects, or reasonable wear and tear due to the Artwork being displayed in a public location. In the event of such damage to the Artwork, City

shall provide reasonable notice to Artist of the occurrence. Artist shall supply City with written maintenance instructions for the Artwork as applicable. City can perform routine or preventative maintenance of the Artwork during the loan period. And City may de-install and surrender possession of the Artwork to Artist pursuant to Paragraph 4, above

11. **RISK OF LOSS DURING LOAN PERIOD.** Except as otherwise stated herein, upon acceptance of the Artwork by City, the risk of loss to the Artwork during the Loan Period shall be borne by the City.

    A. City shall list the Artwork on its schedule of insured property for which it is self-insured and on any property and casualty insurance purchased by the City for the benefit and protection of Artist in the event the Artwork is damaged or destroyed by an act which would be an insurable risk under either the City's self-insurance and/or purchased insurance protections, consistent with the City's legal ability to do so in accordance with the requirements and restrictions of Florida Statute § 768.28.

    B. During the Loan Period, the City shall insure the Artwork against damage or loss in an amount equal to the lesser of: (a) the amounts set forth in **Exhibit A - Artwork**; or (b) $15,000.00. The amounts set forth in **Exhibit A – Artwork** are the Artist's estimate of fair market value and does not preclude the City from later disputing the claimed fair market value.

    C. The City's obligation to provide insurance for the Artwork is solely for the duration of the Loan Period and only while the Artwork is in the possession and control of City. City shall have no liability for damage or destruction that may occur during transportation to or from the City, during installation, or during removal.

12. **NO WAIVER OF SOVEREIGN IMMUNITY.** Nothing herein is intended to waive sovereign immunity by the City to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

13. **NOTICES.** All notices, certifications or communications required by this Agreement shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by email. All notices shall be addressed to the respective parties as follows:

If to Artist:	Patricia Tomlinson 2330 NE 8th Road Ocala, FL 34470 Phone: 352-723-5444 E-mail: ptomlinson@aihocala.org
If to City of Ocala:	Daphne M. Robinson, Esq. Contracting Officer City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-629-8343 Email: notices@ocalafl.gov

City of Ocala
110 SE Watula Avenue, 3rd Floor
Ocala, FL 34471
Phone: 352-401-3972
E-Mail: cityattorney@ocalafl.gov

14. **ACCESS TO FACILITIES**. City shall provide Artist with access to all City facilities as is reasonably necessary for Artist to perform its obligations under this Agreement.

15. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.

16. **JURISDICTION AND VENUE.** The parties acknowledge that a majority of the negotiations, anticipated performance and execution of this Agreement occurred or shall occur in Marion County, Florida. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought only in the courts of record of the State of Florida in Marion County or the United States District Court, Middle District of Florida, Ocala Division. Each party consents to the exclusive jurisdiction of such court in any such civil action or legal proceeding and waives any objection to the laying of venue of any such civil action or legal proceeding in such court and/or the right to bring an action or proceeding in any other court. Service of any court paper may be effected on such party by mail, as provided in this Agreement, or in such other manner as may be provided under applicable laws, rules of procedures or local rules.

17. **JURY WAIVER.** IN ANY CIVIL ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF, CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY ANY OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.

18. **ATTORNEY'S FEES.** If any legal action or other proceeding (including, without limitation, appeals or bankruptcy proceedings) whether at law or in equity, which: arises out of, concerns, or relates to this Agreement, any and all transactions contemplated hereunder, the performance hereof, or the relationship created hereby; or is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provisions of this Agreement, the successful or prevailing party or parties shall be entitled to recover reasonable

Docusign Envelope ID: 7D40C781-A39C-8818-83FC-F69FDC900339

attorney's fees, court costs and all expenses even if not taxable as court costs, incurred in that action or proceeding, in addition to any other relief to which such party or parties may be entitled.

19. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all whom shall be bound by the provisions hereof.
20. **SECTION HEADINGS.** The section headings herein are included for convenience only and shall not be deemed to be a part of this Agreement.
21. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or because of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.
22. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both parties to this Agreement.
23. **COUNTERPARTS.** This Agreement may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.
24. **ELECTRONIC SIGNATURE(S).** Artist, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.
25. **ENTIRE AGREEMENT.** This Agreement, including exhibits, (if any) constitutes the entire Agreement between the parties hereto with respect to the subject matter hereof. There are no other representations, warranties, promises, agreements or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. No course of prior dealings between the parties and no usage of trade shall be relevant or admissible to supplement, explain, or vary any of the terms of this Agreement. No representations, understandings, or agreements have been made or relied upon in the making of this Agreement other than those specifically set forth herein. This Agreement supersedes any previous agreements for the Artwork referenced herein.
26. **LEGAL AUTHORITY**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

VENDOR'S ACKNOWLEDGEMENT AND AGREEMENT IN EXCHANGE FOR WAIVER OF INSURANCE REQUIREMENTS

THIS ACKNOWLEDGEMENT AND AGREEMENT is made by:

Arts in Health Ocala Metro

VENDOR NAME

2330 NE 8th Rd., Ocala, FL 34470

VENDOR STREET ADDRESS, CITY, STATE, ZIP CODE

VENDOR acknowledges and understands that prior to commencement of an Agreement with the City of Ocala (the "City") and until completion of all obligations under said agreement, all vendors desiring to provide services to the City or to hold special events on City property are required to procure and maintain, for the life of said Agreement, the following types and limitations of liability insurance:

- **Commercial General Liability Insurance** identifying the City, a political subdivision of the State of Florida, and its officials, employees, and volunteers as additional insureds with an endorsement equal or broader to CG 20 26 04 13 from and against all claims, demands, causes of action, expenses, costs, or liability for injury to or death of persons or damage to or loss of property arising out of or in any manner connected with the Vendor's services or event in the amounts of not less than ONE MILLION DOLLARS ($1,000,000.00) PER OCCURRENCE and TWO MILLION DOLLARS ($2,000,000.00) general aggregate.

VENDOR acknowledges and understands that **unless** CITY provides a written waiver of the insurance requirements, the failure of VENDOR to obtain and maintain the required insurance shall constitute a breach of contract.

By signing below, VENDOR intends for this document to serve as its written request for waiver of the foregoing insurance requirements for the following special event to occur on 6/16/2026 through 12/17/2026 (IDENTIFY DATE HERE): EVENT DESCRIPTION:

City of Ocala, Art in City Spaces Exhibit at Mary Sue Rich Community Center at Reed Place

In exchange for and acceptance of CITY's waiver of the foregoing insurance requirements, VENDOR, including its successors and assigns, does hereby covenant and agree to indemnify, hold harmless, and defend the City of Ocala and its elected officials, employees, and volunteers from and against any and all claims, actions, liability, loss, damage, injury, death, or expense of any and every kind which may accrue or be suffered by any person, partnership, or other entity of any kind, in whole or in part from the intentional or negligent acts or omissions of VENDOR or its employees, agents, subcontractors, successors, or assigns. In the event that any suit or action is brought against CITY, its elected officials, employees, or volunteers for any of the claims described herein, VENDOR, its successors and assigns shall defend the suit or action at VENDOR'S sole cost and expense and shall fully satisfy any judgment that is rendered against CITY, its elected officials, employees, or volunteers, or any combination thereof.

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: 7045F27E-761C-86B4-815F-55F95F67D110

AGREEMENT FOR ARTWORK LOAN AND DISPLAY

THIS AGREEMENT FOR ARTWORK LOAN AND DISPLAY ("Agreement") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City"), and **LINDA BOURASSA** ("Artist").

WHEREAS, City is a municipality which regularly utilizes its public spaces to provide exhibit space to local and regional artists for the benefit, use, and enjoyment of its citizens and visitors; and

WHEREAS, Artist is the creator and exclusive owner of certain artwork identified and set forth in the attached **Exhibit A - Artwork** (the "Artwork") and all intellectual property rights therein; and

WHEREAS, Artist desires to loan the Artwork to City for public display and potential sale; and

WHEREAS, City agrees to display the Artwork in certain of its public spaces as set forth herein for the term of this Agreement for the benefit, use, and enjoyment of its citizens and visitors (hereinafter referred to as the "Exhibition").

NOW THEREFORE, in consideration of the matters set forth above (which are incorporated herein by reference), the exchange of the mutual promises set forth herein, and other good and valuable consideration, receipt of which is hereby acknowledged, the parties hereto agree as follows:

1. **RECITALS**. City and Artist hereby represent and warrant that the Recitals set forth above are true and correct.
2. **LOAN, USE, CREDIT, AND SALE OF ARTWORK.** Artist grants to City a loan of the Artwork for public display during the City of Ocala's **THROUGH THE LOOKING GLASS**, at the **EIGHTH AVENUE ADULT ACTIVITY CENTER** located at **830 NE EIGHTH AVE, OCALA FL, 34470** from **JUNE 15, 2026** through **DECEMBER 16, 2026**.
   A. **Licensed Use.** Artist shall retain all copyrights and other intellectual property rights to the Artwork. Artist hereby expressly grants to City:
      (i) the right to display the Artwork in its public spaces; and
      (ii) an irrevocable right to photograph or film images of the Artwork and use such photographs and film for reproduction in publications now known or later developed by City or for educational, publicity or promotional purposes, provided that such use shall not be for commercial purposes. This grant shall survive the termination of this Agreement.
   B. **Artistic Credit.** City may display with the Artwork information identifying Artist as the creator of the Artwork ("Artistic Credit"). Artist shall be responsible for providing City with Artistic Credit information at the time that the Artwork is transferred to City.
   C. **City's Right to Refuse Artwork**. Artist acknowledges and agrees that City has the right to refuse to exhibit any piece of the Artwork in the City's sole discretion at any time and for any reason including, without limitation, available space, relevance, and content.
   D. **Sale of Artwork.** For any Artwork that has been selected by Artist to be for sale at the Exhibition, City shall include with its display of the Artistic Credit for the Artwork contact information for those persons interested in purchasing the Artwork. All sales and related negotiations for the Artwork shall be the sole responsibility of Artist. Any artwork sold during the Exhibition must remain on-site for the duration of the term of this Agreement, or any subsequent renewal term, unless authorized by City or its authorized representative. Artist shall pay to the City **THIRTY PERCENT (30%)** of the gross receipts generated from Artwork sales during the term of this agreement. City shall have the right to audit or to authorize audits of Artist's books, records, and accounts relevant to its obligations under this Agreement. If any audit performed by City discloses an under-reporting of gross receipts, Artist shall pay to City any amounts due under this Agreement within **FIFTEEN (15)** calendar days of written notice by City.

Docusign Envelope ID: 7045F27E-761C-86B4-815F-55F95F67D110

3. **LOAN PERIOD, RENEWAL AND TERMINATION.** The Artwork Loan Period ("Loan Period") shall begin on **JUNE 15, 2026** and shall end on **DECEMBER 16, 2026**, unless otherwise renewed or terminated pursuant to this Agreement.
   A. **Renewal**. The Loan Period may be renewed or extended upon the written consent of both parties, which shall specify the length of the term and any additional consideration exchanged during such renewal.
   B. **Termination**. City reserves the right to terminate this Agreement in whole or in part at any time for the convenience of City without penalty or recourse. City shall provide written notice of the termination to Artist and coordinate arrangements for the removal of the Artwork.
4. **TRANSFER, INSTALLATION, CARE, AND REMOVAL OF ARTWORK.** Artist shall deliver, or cause to be delivered, the Artwork to City on or before **JUNE 15, 2026**. Artist shall retrieve the Artwork, or cause the artwork to be retrieved, from City no earlier than **DECEMBER 16, 2026**, unless otherwise agreed to by the parties.
   A. **Delivery of Artwork**: City shall take possession of the Artwork at **EIGHTH AVENUE ADULT ACTIVITY CENTER,** located at **830 NE EIGHTH AVE, OCALA FL, 34470**; or at such other City property or City website that the City deems appropriate from time to time. All costs incurred in connection with the delivery and/or shipment of the Artwork from the Artist to the City shall be borne by Artist. City has the right to relocate the Artwork to other City-owned sites during the Loan Period. City shall provide reasonable notice to Artist of its intent to relocate the Artwork, however, City's decision regarding relocation of the Artwork is final and may occur at any time.
   B. **Condition of Artwork Upon Transfer to City**: The City reserves the right to inspect and document the condition of the Artwork upon its transfer to the City. City will share any such documentation with Artist upon Artist's request. The City has the right to refuse to exhibit any piece of the Artwork as outlined in Paragraph 2(C) above. The absence of any notation in this Agreement as to the condition of the Artwork at the time it is received by City shall not be construed to mean that the Artwork was in good condition upon receipt.
   C. **Installation and De-Installation of Artwork**: Prior to installation, Artist shall assume all risk of loss or damage to the Artwork and shall take such measures as are reasonably necessary to protect the Artwork from loss or damage. City shall supervise the installation and de-installation of the Artwork while the Artwork is in the possession of City. Artist agrees to take all actions reasonably necessary to facilitate the City's timely, safe, and cost-effective installation and de-installation of the Artwork.
   D. **Surrender and Removal of Artwork**: The Artwork shall be returned or released to Artist or Artist's authorized representative. All costs incurred in connection with the delivery and/or shipment of the Artwork from the City to the Artist shall be borne by the Artist. City reserves the right to request the immediate removal of the Artwork from City's public spaces at any time by sending written notice to Artist.
   E. **Abandonment of Artwork:** Artist's failure to remove the Artwork within **SIXTY (60)** days after the expiration of this Agreement, or after otherwise being provided with written request from City for immediate removal of the Artwork, such Artwork shall be deemed to be abandoned and shall become property of City and City shall have the right to dispose of the Artwork and any other items related thereto in any manner deemed appropriate in the sole discretion of the City. Under no circumstances shall City be obligated to ship or otherwise transport the Artwork.
5. **CONSIDERATION** Artist acknowledges and agrees that as consideration for the services rendered by Artist under this Agreement, the City shall provide Artist with the opportunity to exhibit and market the Artwork in a public forum, thereby increasing Artist's recognition and likelihood of selling

Docusign Envelope ID: 7045F27E-761C-86B4-815F-55F95F67D110

the Artwork. City shall not otherwise compensate Artist for use of the Artwork pursuant to this Agreement or reimburse Artist for any expenses incurred in providing the Artwork.

6. **ARTIST'S WARRANTIES AND REPRESENTATIONS**. Artist warrants and represents as follows:
   A. Artist is the sole owner of and has full legal title to all objects that constitute the Artwork under this Agreement;
   B. Artist has full authority and power to enter into and perform this Agreement and to make the grant of rights contained in this Agreement;
   C. The installation and removal of the Artwork will not unacceptably damage or alter the Artwork;
   D. The total value of the Artwork is in the amounts noted on the attached **Exhibit A - Artwork**.
   E. Nothing in the Artwork defames any person or entity, infringes upon any copyright, or otherwise violates the rights of any third party.
7. **ASSIGNMENT.** Neither party may assign this Agreement or the rights and obligations thereunder to any third party without the prior express written approval of the other party, which shall not be unreasonably withheld.
8. **SEVERABILITY OF ILLEGAL PROVISIONS.** Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the applicable law. Should any portion of this Agreement be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Agreement.
9. **INDEMNIFICATION.** Artist shall indemnify and hold harmless City and its elected officials, employees and volunteers against any and all damages, claims, losses, costs, and expenses, including reasonable attorneys' fees, which City may sustain or which may be asserted against City or its elected officials, employees, and volunteers arising out of the activities contemplated by this Agreement including, without limitation, any action, claim, suit, or liability based on a claim that work performed under this Agreement by Artist, or Artist's agents or subcontractors, constitutes an infringement of any patent, copyright, trademark, trade name, or other proprietary right of any kind. This Section shall survive the termination or other expiration of this Agreement. Artist shall advise City, in writing, within **TWENTY-FOUR (24)** hours of any known claim or demand made against the City or Artist relating to or arising out of Artist's activities under this Agreement.
10. **MAINTENANCE OR REPAIR OF ARTWORK.** City agrees to ensure that the Artwork will be maintained and protected to the extent practical. Except as otherwise set forth herein, Artist shall be solely responsible for any and all repair of the Artwork during its Exhibition including, but not limited to, repairs necessitated by damage, fabrication defects, or reasonable wear and tear due to the Artwork being displayed in a public location. In the event of such damage to the Artwork, City shall provide reasonable notice to Artist of the occurrence. Artist shall supply City with written maintenance instructions for the Artwork as applicable. City can perform routine or preventative maintenance of the Artwork during the loan period. And City may de-install and surrender possession of the Artwork to Artist pursuant to Paragraph 4, above
11. **RISK OF LOSS DURING LOAN PERIOD.** Except as otherwise stated herein, upon acceptance of the Artwork by City, the risk of loss to the Artwork during the Loan Period shall be borne by the City.
    A. City shall list the Artwork on its schedule of insured property for which it is self-insured and on any property and casualty insurance purchased by the City for the benefit and protection of Artist in the event the Artwork is damaged or destroyed by an act which would be an insurable risk under either the City's self-insurance and/or purchased insurance protections, consistent

Docusign Envelope ID: 7045F27E-761C-86B4-815F-55F95F67D110

with the City's legal ability to do so in accordance with the requirements and restrictions of Florida Statute § 768.28.

B. During the Loan Period, the City shall insure the Artwork against damage or loss in an amount equal to the lesser of: (a) the amounts set forth in **Exhibit A - Artwork**; or (b) $15,000.00. The amounts set forth in **Exhibit A – Artwork** are the Artist's estimate of fair market value and does not preclude the City from later disputing the claimed fair market value.

C. The City's obligation to provide insurance for the Artwork is solely for the duration of the Loan Period and only while the Artwork is in the possession and control of City. City shall have no liability for damage or destruction that may occur during transportation to or from the City, during installation, or during removal.

12. **NO WAIVER OF SOVEREIGN IMMUNITY.** Nothing herein is intended to waive sovereign immunity by the City to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

13. **NOTICES.** All notices, certifications or communications required by this Agreement shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by email. All notices shall be addressed to the respective parties as follows:

If to Artist:	Linda Bourassa 1056 Russell Loop The Villages, FL 32162 Phone: 901-335-0197 E-mail: linda@bourassa-art.com
If to City of Ocala:	Daphne M. Robinson, Esq. Contracting Officer City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-629-8343 Email: notices@ocalafl.gov
Copy to:	William E. Sexton, Esq., City Attorney City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, FL 34471 Phone: 352-401-3972 E-Mail: cityattorney@ocalafl.gov

14. **ACCESS TO FACILITIES**. City shall provide Artist with access to all City facilities as is reasonably necessary for Artist to perform its obligations under this Agreement.

15. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.

Docusign Envelope ID: 7045F27E-761C-86B4-815F-55F95F67D110

16. **JURISDICTION AND VENUE.** The parties acknowledge that a majority of the negotiations, anticipated performance and execution of this Agreement occurred or shall occur in Marion County, Florida. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought only in the courts of record of the State of Florida in Marion County or the United States District Court, Middle District of Florida, Ocala Division. Each party consents to the exclusive jurisdiction of such court in any such civil action or legal proceeding and waives any objection to the laying of venue of any such civil action or legal proceeding in such court and/or the right to bring an action or proceeding in any other court. Service of any court paper may be effected on such party by mail, as provided in this Agreement, or in such other manner as may be provided under applicable laws, rules of procedures or local rules.
17. **JURY WAIVER.** IN ANY CIVIL ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF, CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY ANY OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.
18. **ATTORNEY'S FEES.** If any legal action or other proceeding (including, without limitation, appeals or bankruptcy proceedings) whether at law or in equity, which: arises out of, concerns, or relates to this Agreement, any and all transactions contemplated hereunder, the performance hereof, or the relationship created hereby; or is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provisions of this Agreement, the successful or prevailing party or parties shall be entitled to recover reasonable attorney's fees, court costs and all expenses even if not taxable as court costs, incurred in that action or proceeding, in addition to any other relief to which such party or parties may be entitled.
19. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all whom shall be bound by the provisions hereof.
20. **SECTION HEADINGS.** The section headings herein are included for convenience only and shall not be deemed to be a part of this Agreement.
21. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or because of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.

Docusign Envelope ID: 7045F27E-761C-86B4-815F-55F95F67D110

22. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both parties to this Agreement.
23. **COUNTERPARTS.** This Agreement may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.
24. **ELECTRONIC SIGNATURE(S).** Artist, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.
25. **ENTIRE AGREEMENT.** This Agreement, including exhibits, (if any) constitutes the entire Agreement between the parties hereto with respect to the subject matter hereof. There are no other representations, warranties, promises, agreements or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. No course of prior dealings between the parties and no usage of trade shall be relevant or admissible to supplement, explain, or vary any of the terms of this Agreement. No representations, understandings, or agreements have been made or relied upon in the making of this Agreement other than those specifically set forth herein. This Agreement supersedes any previous agreements for the Artwork referenced herein.
26. **LEGAL AUTHORITY**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement on 5/18/2026.

VENDOR'S ACKNOWLEDGEMENT AND AGREEMENT IN EXCHANGE FOR WAIVER OF INSURANCE REQUIREMENTS

THIS ACKNOWLEDGEMENT AND AGREEMENT is made by:

LINDA BOURASSA

VENDOR NAME

1056 Russell Loop, The Villages, FL 32162

VENDOR STREET ADDRESS, CITY, STATE, ZIP CODE

VENDOR acknowledges and understands that prior to commencement of an Agreement with the City of Ocala (the "City") and until completion of all obligations under said agreement, all vendors desiring to provide services to the City or to hold special events on City property are required to procure and maintain, for the life of said Agreement, the following types and limitations of liability insurance:

- **Commercial General Liability Insurance** identifying the City, a political subdivision of the State of Florida, and its officials, employees, and volunteers as additional insureds with an endorsement equal or broader to CG 20 26 04 13 from and against all claims, demands, causes of action, expenses, costs, or liability for injury to or death of persons or damage to or loss of property arising out of or in any manner connected with the Vendor's services or event in the amounts of not less than ONE MILLION DOLLARS ($1,000,000.00) PER OCCURRENCE and TWO MILLION DOLLARS ($2,000,000.00) general aggregate.

VENDOR acknowledges and understands that **unless** CITY provides a written waiver of the insurance requirements, the failure of VENDOR to obtain and maintain the required insurance shall constitute a breach of contract.

By signing below, VENDOR intends for this document to serve as its written request for waiver of the foregoing insurance requirements for the following special event to occur on June 15 – Dec. 16, 2026 (IDENTIFY DATE HERE): EVENT DESCRIPTION:

Bourassa Art Show "Through The Looking Glass"

In exchange for and acceptance of CITY's waiver of the foregoing insurance requirements, VENDOR, including its successors and assigns, does hereby covenant and agree to indemnify, hold harmless, and defend the City of Ocala and its elected officials, employees, and volunteers from and against any and all claims, actions, liability, loss, damage, injury, death, or expense of any and every kind which may accrue or be suffered by any person, partnership, or other entity of any kind, in whole or in part from the intentional or negligent acts or omissions of VENDOR or its employees, agents, subcontractors, successors, or assigns. In the event that any suit or action is brought against CITY, its elected officials, employees, or volunteers for any of the claims described herein, VENDOR, its successors and assigns shall defend the suit or action at VENDOR'S sole cost and expense and shall fully satisfy any judgment that is rendered against CITY, its elected officials, employees, or volunteers, or any combination thereof.

Docusign Envelope ID: 7045F27E-761C-86B4-815F-55F95F67D110

IN WITNESS WHEREOF, the VENDOR sets its hand this 1ST day of April, 2026.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: 1DF12103-5EDB-8F14-80DE-ACD6234A55E5

FIRST AMENDMENT TO MASTER SERVICES AGREEMENT

THIS FIRST AMENDMENT TO MASTER SERVICES AGREEMENT ("First Amendment") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City" or "Client") and **DATACAPABLE, INC.,** a for-profit corporation duly organized in the state of Delaware and authorized to do business in the state of Florida (EIN: 58-2246694) ("DataCapable").

WHEREAS, on February 19, 2026, City and DataCapable entered into a Master Services Agreement (the "Original Agreement"), City of Ocala Contract No.: ELE/260350; and

WHEREAS, after the full execution of the Original Agreement, it was determined that the Original Agreement contained conflicting language, ambiguities and other provisions the City wished to revise; and

WHEREAS, DataCapable is amenable to said revisions; and

WHEREAS, City and DataCapable wish to amend the Original Agreement to incorporate the revised mutually agreed-upon provisions.

NOW THEREFORE, in consideration of the foregoing recitals, the following mutual covenants and conditions, and other good and valuable consideration, City and DataCapable agree as follows:

1. **RECITALS**. City and DataCapable hereby represent, warrant, and agree that the Recitals set forth above are true and correct and are incorporated herein by reference.
2. **INCORPORATION OF ORIGINAL AGREEMENT.** The Original Agreement between City and DataCapable, attached hereto as **Exhibit A**, is hereby incorporated by reference as if set forth herein in its entirety and remains in full force and effect, except for those terms and conditions expressly amended by this First Amendment. If there is a conflict between the terms and conditions contained in this First Amendment and the Original Agreement, the terms and conditions in this First Amendment shall control.
3. **AMENDMENT TO PARAGRAPH 2**. The language in Paragraph 2 is hereby deleted and replaced in its entirety with the following:

   The initial term of this Agreement is for a period of **ONE (1) YEAR** commencing on the effective date (the "Initial Term"), unless terminated earlier in accordance with section 2.2. The Initial Term together with any and all Renewal Terms are referred to in this Agreement as the "Term." Unless otherwise mutually agreed in writing, any Statement of Work (SOW) the duration of which extends beyond the termination of this Agreement will continue for the term specified in such SOW and shall continue to be governed by the terms and conditions of this Agreement.
4. **AMENDMENT TO PARAGRAPH 6.3.** The language in Paragraph 6.3 is hereby deleted and replaced in its entirety with the following:

   A finance charge of 1.5% per month on the unpaid amount of an invoice will be charged on past due accounts. Payments by Client will thereafter be applied first to accrued interest and then to the principal unpaid balance. Client will pay any attorneys' fees, court costs, or other costs DataCapable may incur in collection of delinquent accounts. If Client has outstanding, past due invoices more than fifteen (15) days, DataCapable may suspend performing other work. A suspension of work due to Client's failure to make required payments may result in additional time to perform the Services required by any SOW and increased costs/fees.

Docusign Envelope ID: 1DF12103-5EDB-8F14-80DE-ACD6234A55E5

5. **DELETION OF PARAGRAPH 15**. Paragraph 15, and its sub-paragraphs are deleted in their entirety.
6. **AMENDMENT TO STATEMENT OF WORK**. Paragraph 3 in the Statement of Work is hereby deleted and replaced in its entirety with the following:

   The term of this SOW shall begin on the License Start Date specified in the attached Proposal and Pricing (Schedule 1) and shall continue for a period of one (1) year, unless terminated in accordance with the Master Services Agreement.
7. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.
8. **JURISDICTION AND VENUE.** The parties acknowledge that a majority of the negotiations, anticipated performance and execution of this Agreement occurred or shall occur in Marion County, Florida. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought only in the courts of record of the State of Florida in Marion County or the United States District Court, Middle District of Florida, Ocala Division. Each party consents to the exclusive jurisdiction of such court in any such civil action or legal proceeding and waives any objection to the laying of venue of any such civil action or legal proceeding in such court and/or the right to bring an action or proceeding in any other court. Service of any court paper may be effected on such party by mail, as provided in this Agreement, or in such other manner as may be provided under applicable laws, rules of procedures or local rules.
9. **NOTICES.** All notices, certifications or communications required by this First Amendment shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by e-mail. All notices shall be addressed to the respective parties as follows:

If to DataCapable:	DataCapable, Inc. Attention: Lucas Baerg 2093 Philadelphia Pike #4846 Claymont, Delaware 19703 E-mail: lucas@datacapable.com
If to City of Ocala:	Daphne M. Robinson, Esq., Contracting Officer City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-629-8343 E-mail: notices@ocalafl.gov
Copy to:	William E. Sexton, Esq., City Attorney City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-401-3972 E-mail: cityattorney@ocalafl.gov

Docusign Envelope ID: 1DF12103-5EDB-8F14-80DE-ACD6234A55E5

10. **COUNTERPARTS.** This First Amendment may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.
11. **ELECTRONIC SIGNATURE(S).** Contractor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this First Amendment. Further, a duplicate or copy of the First Amendment that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original First Amendment for all purposes.
12. **LEGAL AUTHORITY**. Each person signing this First Amendment on behalf of either party individually warrants that he or she has full legal power to execute this First Amendment on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this First Amendment.

IN WITNESS WHEREOF, the parties have executed this First Amendment on _____.

MASTER SERVICES AGREEMENT

This Master Services Agreement (the "Agreement"), effective January 1, 2026 (the "Effective Date"), is between Ocala Electric Utilities, doing business as Ocala Electric Utilities, with its principal office at 201 SE 3rd St, Ocala, FL 34471 ("Client"), and DataCapable, Inc., a Delaware corporation located at 2093 Philadelphia Pike #4846, Claymont, DE 19703 ("DataCapable"). Client and DataCapable, from time to time herein, shall collectively be referred to as "Parties," and individually, each a "Party."

1. PURPOSE OF AGREEMENT. The purpose of this Agreement is to state the terms and conditions: under which: (i) Client will license DataCapable's software platform, including without limitation situational awareness systems, event visualization tools, and data analytics services; and (ii) DataCapable will provide related professional services (the "Services") as defined more specifically in Section 3, below, and in Exhibit A hereto. This Agreement shall be the Master Agreement between the Parties and the terms and conditions herein shall govern any Purchase Order ("PO") and Statement of Work ("SOW") and all transactions between DataCapable and Client carried out pursuant to any PO and SOW.

2. TERM.

2.1. Term. The initial term of this Agreement is for a period of five (5) years commencing upon the Effective Date (the "Initial Term"), unless earlier terminated in accordance with this Section 2. ~~This Agreement shall automatically renew for successive five (5) year periods (each, a "Renewal Term"), unless Client has notified DataCapable of its intention not to renew at least ninety (90) calendar days prior to the end of the then current Term.~~ The Initial Term together with any and all Renewal Terms are referred to in this Agreement as the "Term." Unless otherwise mutually agreed in writing, any SOW the duration of which extends beyond the termination of this Agreement will continue for the term specified in such SOW and shall continue to be governed by the terms and conditions of this Agreement.

Initial LB

2.2. Termination. Either Party may terminate this Agreement, any SOW, or any of the Services provided hereunder, with or without cause, upon ninety (90) calendar days written notice prior to the end of the term of any SOW. Either Party may terminate this Agreement immediately by written notice delivered to the other Party if (i) the other Party voluntarily files a petition in bankruptcy, (ii) the other Party is adjudicated bankrupt or insolvent pursuant to an order or judgment entered by a court of competent jurisdiction that is no longer subject to appeal and has become final, (iii) the other Party makes an assignment for the benefit of creditors or (iv) a receiver is appointed for the other Party or for its business and such receiver is not discharged within ninety (90) days after such appointment.

2.3. Effect of Expiration or Termination. Without prejudice to any other remedy for breach of this Agreement, upon the expiration or termination of this Agreement, no Party shall be relieved of any liability arising out of any breach of this Agreement prior to expiration or termination, and no Party will be released from the payment of any sum

owed to another Party for services rendered prior to such expiration or termination or the performance of any obligation for which payment has been received. Upon the expiration or termination of this Agreement, DataCapable shall promptly transfer, assign, and make available to Client, all property and materials in DataCapable's possession or control belonging to Client.

3. SERVICES. DataCapable will provide to Client all services (the "Services") set forth in any SOW attached as an exhibit to this Agreement. Each SOW attached as a schedule to this Agreement, including without limitation, the specific SOW attached hereto as Exhibit A. Fees for the Services are allocated between the software license and the provision of related professional services, as more fully set forth in each SOW. Each SOW is incorporated herein by reference. References to this "Agreement" include this Agreement and each SOW in effect from time to time after the Effective Date. Unless otherwise defined in an SOW, capitalized terms herein shall have the meaning ascribed to them in the Agreement. Unless otherwise stated in an SOW, DataCapable shall use commercially reasonable efforts to ensure availability of the Services. Support will be provided to designated Customer contacts during standard business hours, excluding holidays. In providing the Services DataCapable shall comply with all applicable U.S. data privacy security laws and regulations, shall implement and maintain reasonable and appropriate safeguards to protect customer data from unauthorized access, use disclosure or destruction and shall ensure that it subcontractors processing data on its behalf are contractually required to adhere to substantially equivalent obligations. All work will be performed remotely.

4. ACCEPTANCE.

4.1. Acceptance Criteria and Period. The completion criteria and acceptance criteria, as well as the acceptance period, for the Services and associated deliverables ("Deliverables") are as set forth in the applicable SOW. If a SOW does not describe any acceptance criteria, then the Deliverables shall be deemed accepted when delivered by DataCapable.

4.2. Review and Acceptance. Each Deliverable will be deemed accepted upon written confirmation by Client, or if no deficiencies are reported in writing within ten (10) business days of delivery ("Acceptance Period"), signifying transfer of control.

4.3. License Delivery and Payment Obligations: Customer's obligation to pay fees shall begin upon delivery of access credentials to the licensed software, or on the License Start Date set forth in the applicable Statement of Work, whichever is earlier. Customer acknowledges that such obligation is not contingent upon the readiness, integration, or operation of any third-party system, including but not limited to OMS platforms.

4.4. Rejection. In the event Client reasonably determines the Deliverables do not meet the acceptance criteria, Client may reject Deliverables within the Acceptance Period by notifying DataCapable in writing.

4.5. Correction. In the event that Client rejects the Deliverables, DataCapable will use its best

efforts to correct the Deliverables and will deliver such corrections to Client for re-review and acceptance in accordance with the SOW.

4.6. Continued Failure. If DataCapable's corrections fail to satisfy the acceptance criteria as set forth in the applicable SOW after three (3) attempted corrections, the Parties will resolve the issue pursuant to Section 15, below.

5. CHANGES. If an alteration to the scope of work in any SOW, including Assumptions (as that term is defined in any SOW), deliverables, milestones and related pricing, is requested by either Party, it shall be brought to the attention of the other Party's management by completing and submitting a Change Order Form, which is substantially in the form incorporated into this Agreement as Exhibit B. Each Party's respective management will review the form to determine whether a modification to the scope of work is necessary and what effect the implementation of such change may have on the Services. If any such change causes an increase or decrease in the cost or time required for performance of the work, the price and/or delivery schedule shall be equitably adjusted and identified within the Change Order Form, subject to mutual agreement of the Parties. If the Parties mutually agree to implement the change in scope, the Change Order Form will be incorporated into the applicable SOW as an addendum when signed by authorized representatives of DataCapable and Client.

6. PRICING AND INVOICING TERMS.

6.1. General. DataCapable will invoice Client, and Client will pay DataCapable, for Services on invoices submitted every week by DataCapable for payment by Client. Payment is due no later than thirty (30) calendar days after receipt. If Client has any valid reason for disputing any portion of an invoice, Client will so notify DataCapable within ten (10) calendar days of receipt of invoice by Client, and if no such notification is given, the invoice will be deemed valid. Any portion of DataCapable's invoice that is not in dispute shall be paid in accordance with the procedures set forth herein.

6.2. Pricing. Pricing terms for the services are as set forth in the applicable SOW. DataCapable may bill Client on a fixed-fee or hourly basis for services rendered. Hourly rates for work performed by DataCapable's employees will be as set forth in a SOW (the "Hourly Rates"). DataCapable may periodically change Hourly Rates. License fees shall automatically increase by five percent (2%) upon each Renewal Term unless otherwise set forth in a SOW.

6.3. Late or Unpaid Invoices. A finance charge of 1.5% per month, or such lesser amount as may be the maximum amount permitted by Delaware law, on the unpaid amount of an invoice will be charged on past due accounts. Payments by Client will thereafter be applied first to accrued interest and then to the principal unpaid balance. Client will pay any attorneys' fees, court costs, or other costs DataCapable may incur in collection of delinquent accounts. If Client has outstanding, past due invoices more than fifteen (15) days, DataCapable may suspend performing further work. A suspension of work due to Client's failure to make required payments may result in additional time to perform the Services required by any SOW and increased costs/fees.

6.4. Reimbursable Costs. Client shall reimburse DataCapable all reasonable, preapproved (in writing) costs incurred in connection with the Services rendered or when travelling at Client's request. Reimbursable costs include, but are not limited to, travel costs, the cost of subcontractors, materials costs, delivery costs and other similar expenses and costs that are attributable to any Services (the "Reimbursable Costs"). Travel costs include air, train or bus travel, lodging, meals and incidentals, any ground transportation associated with air travel, tools, and all other reasonable costs generally associated with air travel. All extraordinary travel expenses will not be incurred without Client's approval. Together with any invoice containing Reimbursable Costs, DataCapable will provide to Client documentation of Reimbursable Costs incurred.

6.5. Taxes. All amounts payable pursuant to this Agreement are exclusive of taxes. Accordingly, there will be added to any amount payable by Client the monetary sum equal to any and all then-applicable taxes, however designated, incurred as a result of or otherwise in connection with this Agreement or the Services, including without limitation state and local privilege, excise, sales or similar transactional, services, withholding, and use taxes and any taxes or other amounts in lieu thereof paid or payable by Client (other than taxes based on DataCapable's net income and employment taxes). If Client does not pay such taxes, DataCapable may make such payments and Client will reimburse DataCapable for those payments. Client will indemnify, defend, protect and hold DataCapable harmless for, from and against any payments made by Client pursuant to this Section 6.5.

7. OWNERSHIP OF TECHNOLOGY AND DELIVERABLES.

7.1. Definitions.

7.1.1. "Background Technology" means all Technology owned, created or discovered by a Party:

7.1.1.1. prior to a SOW effective date, or

7.1.1.2. on or after the SOW effective date independent of the Services performed pursuant to the SOW.

7.1.2. "Deliverables" means the work product that DataCapable creates under an SOW.

7.1.3. "Developed Technology" means any Technology other than Background Technology created or discovered by DataCapable or Client in connection with an SOW.

7.1.4. "Intellectual Property Rights" means all copyright, moral rights, patent rights, trade and service marks, design rights, rights in or relating to databases, rights in or relating to confidential information, rights in relation to domain names, and any associated or other intellectual property rights (registered or unregistered) throughout the world.

7.1.5. "Technology" means all technical information, know-how, ideas, concepts, methods and processes, procedures, designs, schematics, works of authorship, inventions and discoveries, owned by a Party or licensed to a Party (to the extent such Party has the right to sublicense it) and any and all modifications, additions, changes or derivative works thereof.

7.2. Ownership of Technology and Deliverables.

7.2.1. Background Technology. Neither Party will own the other Party's Background Technology and acquires no rights or interest under this Agreement to the other Party's Background Technology, including, without limitation, the Intellectual Property Rights therein, except for the licenses granted in Section 7.3 below.

7.2.2. Developed Technology; Deliverables. DataCapable owns all Deliverables and any Developed Technology, except for any of Client's Background Technology that is incorporated into the Deliverables or Developed Technology (the "Incorporated IP")..

7.3. Licenses to Technology.

7.3.1. Client Background Technology. If Client provides DataCapable with any of Client's Background Technology under this Agreement to facilitate DataCapable's performance of the Services, Client grants to DataCapable a limited, nonexclusive, nontransferable, royalty-free license (with the right to sublicense to its delegates and subcontractors authorized by Client), solely for the purpose of performing the Services and solely for the Term of this Agreement, under Client's Intellectual Property Rights in such Background Technology, to:

7.3.1.1. copy, prepare derivative works of, perform, and display (internally only) such Background Technology, and

7.3.1.2. make, use, and import such Background Technology.

7.3.2. DataCapable Deliverables, Developed Technology and Incorporated IP. DataCapable grants to Client a nonexclusive, nontransferable, worldwide license, to use the Deliverables, Developed Technology and Incorporated IP, subject to the following limitations:

7.3.2.1. Client's license of the Deliverables, Developed Technology and Incorporated IP is limited to Client's own internal purposes, pursuant to which Client may use, perform or display the Deliverables, Developed Technology and Incorporated IP solely in connection with Client's use of the Deliverables and in no event shall Client be entitled to independently commercially exploit the Deliverables, Developed Technology and Incorporated IP;

7.3.2.2. DataCapable's limited license of the Deliverables, Developed Technology and Incorporated IP pursuant to this Section 7.3.2 does not grant Client a license to any modifications, additions, changes or derivative works

that are made to the Deliverables, Developed Technology and Incorporated IP by or for DataCapable after incorporation of the Incorporated IP into any Deliverables or Developed Technology;

7.3.2.3. Client is not permitted to sublicense the Deliverables, Developed Technology and Incorporated IP unless such sublicense is granted by Client to Client's independent contractors or consultants for the sole purpose of using or modifying the Deliverables, Developed Technology and Incorporated IP as may be required for Client's commercial exploitation of the Deliverables;

7.3.2.4. Nothing contained in this Agreement will permit Client or its agents to unbundle, separate, use, reverse engineer or cause the Deliverables, Developed Technology and Incorporated IP to be used as a stand-alone product or development tool or to otherwise commercialize the Incorporated IP;

7.3.2.5. Client shall not modify, add to, change or create any derivative works of any DataCapable's Background Technology, Deliverables, Developed Technology or Incorporated IP without the express written consent of DataCapable. To the extent that Client is authorized by DataCapable to make any modifications, additions, changes or derivative works of DataCapable's Background Technology, Deliverables, Developed Technology or Incorporated IP, such modifications, additions, changes or derivative works shall be owned exclusively by DataCapable immediately upon creation;

7.3.2.6. Client's license of the Deliverables, Developed Technology and Incorporated IP terminates upon termination of this Agreement.

8. REPRESENTATIONS AND WARRANTIES. Each Party represents and warrants that:

8.1.1. it has the full power and authority to enter into this Agreement, carry out its obligations under this Agreement, and grant the rights and licenses it grants the other in this Agreement; and

8.1.2. its compliance with the terms and conditions of this Agreement will not violate any agreements it has with any third Party.

9. DISCLAIMER. EXCEPT FOR THE EXPRESS WARRANTIES CONTAINED IN THIS AGREEMENT, NO OTHER WARRANTIES ARE EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE, MERCHANTABILITY, NON-INFRINGEMENT, TITLE OR OTHERWISE.

10. LIMITATION OF LIABILITY.

10.1. Limitation. UNDER NO CIRCUMSTANCE, WILL EITHER PARTY HEREUNDER BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL OR PUNITIVE DAMAGES INCURRED OR SUFFERED BY THE OTHER PARTY ARISING OUT OF OR IN CONNECTION WITH THIS

AGREEMENT (INCLUDING WITHOUT LIMITATION, LOST REVENUE, LOST PROFITS, LOSS OF INCOME OR LOSS OF BUSINESS ADVANTAGE), WHETHER OR NOT FORESEEABLE, EVEN IF SUCH PARTY, OR AN AUTHORIZED REPRESENTATIVE OF SUCH PARTY, HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT WILL DATACAPABLE'S LIABILITY ARISING OUT OF THIS AGREEMENT EXCEED THE PAYMENT RECEIVED BY DATACAPABLE FOR THE PARTICULAR SERVICE PROVIDED GIVING RISE TO THE CLAIM DURING THE 6 MONTHS PRIOR TO THE ASSERTION OF SUCH CLAIM, EXCEPT THAT NO LIMITATION SHALL APPLY TO PAYMENTS OWED FOR SERVICES AND DELIVERABLES PROVIDED UNDER THIS AGREEMENT OR ANY APPLICABLE SOW. THE LIMITATION OF LIABILITY SET FORTH HEREIN IS FOR ANY AND ALL MATTERS FOR WHICH DATACAPABLE MAY OTHERWISE HAVE LIABILITY ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT, WHETHER THE CLAIM ARISES IN CONTRACT, TORT, STATUTE, OR OTHERWISE.

10.2. Remedy. Client's exclusive remedy for any claim arising out of or relating to this Agreement will be for DataCapable, upon receipt of written notice, either (i) to use commercially reasonable efforts to cure, at its expense, the matter that gave rise to the claim for which DataCapable is at fault, or (ii) return to Client the fees paid by Client to DataCapable for the particular service provided that gives rise to the claim, subject to the limitation contained in Section 10.1.

11. NON-SOLICITATION OF EMPLOYEES.

11.1. Non-Solicitation Period. "Non-Solicitation Period" means a period of twelve (12) months following the termination of this Agreement, unless a court of competent jurisdiction determines that such period is unenforceable under applicable law because it is too long, in which case the Non-Solicitation Period shall be for the longest of the following periods that the court determines is reasonable under the circumstances: twelve (12) months, nine (9) months, or six (6) months following the termination of this Agreement.

11.2. DataCapable Covenant. DataCapable acknowledges the character of Client's business and the substantial amount of time, money and effort that Client has spent and will spend in recruiting competent employees and contractors, and DataCapable agrees that it will not, and will cause its employees and independent contractors not to, during the Term and the Non-Solicitation Period, alone or with others, directly or indirectly, solicit for engagement, hire, or engage, or assist any other entity or person in soliciting for engagement, hiring, or engagement any employee or contractor who is or who is hereafter engaged or engaged by Client without the prior written consent of Client. The Non-Solicitation Period shall be tolled while DataCapable is in breach hereof.

11.3. Client Covenant. Client acknowledges the character of DataCapable's business and the substantial amount of time, money and effort that DataCapable has spent and will spend in recruiting competent employees and contractors, and Client agrees that it will not, and will cause its employees and independent contractors not to, during the Term

and the Non-Solicitation Period, alone or with others, directly or indirectly, solicit for engagement, hire, or engage, or assist any other entity or person in soliciting for engagement, hiring, or engagement any employee or contractor who is or who is hereafter engaged or engaged by DataCapable without the prior written consent of DataCapable. The Non-Solicitation Period shall be tolled while Client is in breach hereof.

11.4. Reasonableness. Each of Client and DataCapable agrees that the restrictions contained in this Agreement are fair and reasonable and necessary for the protection of the legitimate business interests of Client and DataCapable, and each of Client and DataCapable intends that such restrictions be enforceable and enforced to their fullest extent.

11.5. General Advertisement. Notwithstanding anything to the contrary, Client and DataCapable agree that neither shall be restricted from hiring a person who responds to a general advertisement or solicitation that is not specifically directed at an employee or employees of the other Party.

12. CONFIDENTIALITY.

12.1. "Confidential Information" means information that is provided by or on behalf of either Party (the "Discloser") to the other Party (the "Recipient"), or to which a Recipient otherwise gains access, in the course of or incidental to the performance of this Agreement, which is of value to the Discloser, and is not generally known to others, including, without limitation, trade secrets, customer lists, customer information, employee lists, technology, processes, marketing techniques, price lists, pricing policies, business methods, contracts and contractual relations with the Discloser's customers and suppliers, know-how, software, future and proposed products and services, financial information, business forecasts, sales and merchandising, and marketing plans and information. Confidential Information may be disclosed in written or other tangible form (including on magnetic media) or by oral, visual, or other means. The terms, conditions, and provisions of this Agreement shall be deemed by the Parties to be Confidential Information of both Parties.

12.2. The Recipient of Confidential Information shall use the Confidential Information only for the purposes of this Agreement or as otherwise expressly permitted by this Agreement. The Recipient of Confidential Information shall protect such Confidential Information from disclosure to others, using the same degree of care used to protect its own confidential or proprietary information of like importance, but in any case, using no less than a reasonable degree of care.

12.3. Recipient may disclose Confidential Information received hereunder to (a) its affiliates, (b) Recipient's employees and independent contractors, and (c) Recipient's affiliate's employees and independent contractors, and who in all of the foregoing cases have a need to know such information and are bound to protect the received Confidential Information from unauthorized use and disclosure under terms no less restrictive than those contained in this Agreement. Confidential Information shall not otherwise be

Docusign Envelope ID: 1DF12103-5EDB-8F14-80DE-ACD6234A55E5

Docusign Envelope ID: 98341FEB-EF06-4D25-8D4E-1D75DDAC1741

disclosed by Recipient to any third Party without the prior written consent of the Discloser.

12.4. The restrictions herein on the use and disclosure of Confidential Information shall not apply to information that: (i) was publicly known at the time of Discloser's communication thereof to Recipient or becomes publicly known through no fault of Recipient subsequent to the time of such communication; (ii) was in Recipient's possession free of any obligation of confidence at the time of Discloser's communication to Recipient; (iii) is developed by Recipient independently of and without reference to any of Discloser's Confidential Information or other information that Discloser disclosed in confidence to any third Party; (iv) is rightfully obtained by Recipient from third Parties authorized to make such disclosure without restriction; (v) is identified in writing by the Discloser as no longer proprietary or confidential.

12.5. In the event Recipient is required by law, regulation, or court order to disclose any of Discloser's Confidential Information, Recipient will promptly notify Discloser in writing prior to making any such disclosure and shall reasonably cooperate in any efforts of Discloser to seek a protective order or other appropriate remedy from, the proper authority. If Discloser is not successful in precluding the requested disclosure, Recipient will furnish only that portion of the Confidential Information that is legally required and will exercise reasonable commercial efforts to obtain reliable assurances that confidential treatment will be accorded the Confidential Information.

12.6. All Confidential Information disclosed under this Agreement (including information in computer software or held in electronic storage media) shall be and remain the property of Discloser or its licensors. All such information in any computer memory or data storage apparatus shall be erased or destroyed, and all such information in tangible form in the possession or under the control of the Recipient shall, at the discretion of the Discloser, either be destroyed or returned to the Discloser promptly upon the earlier of: (i) the written request of the Discloser or (ii) termination or expiration of this Agreement, and in either of such events and to the applicable extent shall not thereafter be retained in any form by or through Recipient unless otherwise expressly permitted hereunder.

12.7. The Parties' obligations and rights with regard to Confidential Information shall remain in effect for a period of three (3) years from the termination of this Agreement, except that the Parties' obligations with respect to trade secrets shall continue for so long as such Confidential Information remains a trade secret under applicable law.

12.8. The Parties agree that any violation or threatened violation of this Section 13 could cause irreparable injury to Discloser, for which the Discloser may not have an adequate remedy at law, and that the Discloser shall be entitled, in addition to any other rights and remedies it may have, at law or in equity, to seek an injunction to restrain Recipient from violating or continuing to violate, such covenants and agreements.

13. INDEMNIFICATION. Client shall indemnify and hold DataCapable and its affiliates and their respective trustees, directors, officers, employees, agents, representatives, successors

and assigns (each, an "Indemnified Party") harmless from and against any loss, liability,

damage or expense arising from or relating to a claim, suit or proceeding brought against an Indemnified Party and any liability arising from Client's misuse or mismanagement of the Deliverables, Client's breach of this Agreement or Client's infringement of the intellectual property or other rights of any third party. Nothing in this Agreement is intended to waive the sovereign immunity protections provided to Client pursuant to Florida Statute 768.28.

Initial LB

14. GENERAL.

14.1. Governing Law and Construction. This Agreement will be governed by and construed in accordance with the laws of the State of Delaware

14.2. are, without regard to the principles of conflicts of law. The language of this Agreement shall be deemed to be the result of negotiation among the Parties and their respective counsel and shall not be construed strictly for or against any Party.

14.3. Severability. Should any part of this Agreement for any reason be declared invalid, such decision shall not affect the validity of any remaining provisions, which remaining provisions shall remain in full force and effect as if this Agreement had been executed with the invalid portion thereof eliminated, and it is hereby declared the intention of the Parties that they would have executed the remaining portion of this Agreement without including any such part, parts, or portions which may, for any reason, be hereafter declared invalid. Any provision shall nevertheless remain in full force and effect in all other circumstances.

14.4. Amendments. No amendment or modification of this Agreement will be deemed effective unless made in writing signed by Client and DataCapable.

14.5. No Waiver. No term or condition of this Agreement will be deemed to have been waived nor will there be any estoppel to enforce any provisions of this Agreement, except by a statement in writing signed by the Party against whom enforcement of the waiver or estoppel is sought. Any written waiver will not be deemed a continuing waiver unless specifically stated, will operate only as to the specific term or condition waived, and will not constitute a waiver of such term or condition for the future or as to any act other than that specifically waived.

14.6. Independent Contractor. The relationship of the Parties to each other under this Agreement shall be that of independent contractors, and nothing contained herein shall be construed to constitute, create, or in any way be interpreted as, a joint venture, partnership, or business organization of any kind. Additionally, under no circumstances shall the employees, agents or subcontractors of DataCapable be considered employees or agents of Client.

14.7. Notices. All notices or other communications hereunder shall be in writing, sent by courier or the fastest possible means, provided that recipient receives a manually signed copy and the transmission method is scheduled to deliver within 48 hours, and shall be deemed given when delivered to the address first set forth above or such other address as may be specified in a written notice in accordance with this Section 14.6.

14.8. Assignment. The Agreement is not assignable or transferable by Client without prior

written consent of DataCapable, which consent shall not be unreasonably withheld or delayed. This Agreement is not assignable or transferable by DataCapable without the prior written consent of Client, which consent shall not be unreasonably withheld or delayed. Any attempted assignment or transfer in contravention hereof shall be null and void. Notwithstanding the foregoing, either Party may assign its rights and obligations under this Agreement in the event of a merger, acquisition, sale of all or substantially all of its assets, or similar transaction resulting in a change of control.

14.9. Section Headings. Title and headings of sections of this Agreement are for convenience of reference only and shall not affect the construction of any provision of this Agreement.

14.10. Representations; Counterparts. Each person executing this Agreement on behalf of a Party hereto represents and warrants that such person is duly and validly authorized to do so on behalf of such Party, with full right and authority to execute this Agreement and to bind such Party with respect to all of its obligations hereunder. This Agreement may be executed in two or more counterparts, and it is not necessary that signatures of all Parties appear on the same counterpart, but such counterparts together will constitute a single binding agreement between and among all Parties hereto. Executed counterparts may be delivered via facsimile, electronic mail or other similar transmission method, and any executed counterpart so delivered shall be valid and effective for all purposes.

14.11. Cooperation. Client will cooperate with DataCapable in taking actions and executing documents, as appropriate, to achieve the objectives of this Agreement. Client agrees that DataCapable's performance is dependent on Client's timely and effective cooperation with DataCapable. Such cooperation is considered an Assumption underlying DataCapable's projections of costs and timing, and related quotes. Accordingly, Client acknowledges that any unreasonable delay by Client in excess of five (5) business days, will, at DataCapable's option, either (i) extend the applicable DataCapable scheduled delivery deadline by the length of such delay or (ii) permit DataCapable to invoice Client for additional charges incurred to meet the scheduled delivery deadline (e.g., Hourly Rates of employees not previously assigned in the SOW).

14.12. Entire Agreement; Survival. This Agreement, including any Exhibits and Schedules, states the entire Agreement between the Parties and supersedes all previous contracts, proposals, oral or written, and all other communications between the Parties respecting the subject matter hereof, and supersedes any and all prior understandings, representations, warranties, agreements or contracts (whether oral or written) between Client and DataCapable respecting the subject matter hereof. This Agreement may only be amended by an agreement in writing executed by the Parties hereto. Sections 6, 7, 8, 9, 10, 11, 12, 13, 14 and 15, as well as any other provisions who survival is necessary to give proper effect to their respective terms, shall survive the termination of this Agreement.

14.13. Force Majeure. DataCapable shall not be responsible for delays or failures (including any delay by DataCapable to make progress in the prosecution of any Services) if such

restricted to, acts of God or of the public enemy, fires, floods, epidemics, pandemics, riots, quarantine restrictions, strikes, freight embargoes, earthquakes, tariffs, electrical outages, computer or communications failures, and severe weather, and acts or omissions of subcontractors or third parties.

14.14. Conflict. In the case of any conflict between the terms of this Agreement, the terms of a PO and the terms of a SOW, the terms of the SOW shall control. In the case of any conflict between the terms of this Agreement and the terms of a PO, the terms of a PO shall control.

14.15. Publicity. DataCapable may (i) issue a press release or other public announcement, whether written or oral, related to this Agreement, (ii) use Client's name, logo, or describe the service provider and customer relationship outlined in this Agreement in general marketing promotions, including but not limited to, testimonials, case studies, speaking abstracts, website copy, collateral, and solution descriptions. Client hereby grants DataCapable a nonexclusive, worldwide, royalty-free license to use Client's name, logo, and describe the service provider and customer relationship on its website and in general marketing promotions as outlined above, and no prior consent of Client is required in such case. DataCapable will not share any sensitive business data without Client's express permission.

14.16. No Third-Party Beneficiaries. Nothing in this Agreement, express or implied, is intended to or will confer upon any other person any right, benefit or remedy of any nature whatsoever under or by reason of this Agreement.

15. DISPUTE RESOLUTION. The Parties deem it to be in their respective best interests to settle any dispute as expeditiously and economically as possible. Therefore, the Parties expressly agree to submit any dispute between them arising out of or relating to this Agreement ("Dispute") to Mediation (as defined below) and, if Mediation does not resolve the Dispute, the Parties shall agree to submit their disputes to binding arbitration, as set forth below. The Parties thus expressly waive any rights they may have to trial by jury with respect to such Dispute. The dispute resolution proceedings shall be conducted in Dallas, Texas, in the English language. The Parties agree to use the following procedure in good faith to resolve any Dispute.

15.1. A meeting (in person or by phone) shall be held among the Parties within ten (10) business days after any Party gives written notice of the Dispute to the other Party (the "Dispute Notice") attended by a representative of each Party having decision-making authority regarding the Dispute (subject to board of directors or equivalent approval, if required), to attempt in good faith to negotiate a resolution of the Dispute.

15.2. If, within thirty (30) calendar days after the Dispute Notice, the Parties have not succeeded in negotiating a written resolution of the Dispute, upon written request by any Party to the other Party all Parties shall promptly negotiate in good faith to jointly appoint a mutually acceptable neutral person not affiliated with any of the Parties (the "Neutral"). If all Parties so agree in writing, a panel of two or more individuals (such

shall seek assistance in such regard from the American Arbitration Association (the "AAA") if they have been unable to agree upon such appointment within forty (40) days after the Dispute Notice. The fees and costs of the Neutral and of any such assistance shall be shared equally among the Parties.

15.3. In consultation with the Neutral, the Parties shall negotiate in good faith to select or devise a nonbinding alternative dispute resolution procedure ("Mediation") by which they shall attempt to resolve the Dispute, and a time and place for the Mediation to be held, with the Neutral (at the written request of any Party to each other Party) making the decision as to the procedure if the Parties have been unable to agree on any of such matters in writing within ten (10) days after selection of the Neutral.

15.4. The Parties agree to participate in good faith in the Mediation to its conclusion; provided, however, that no Party shall be obligated to continue to participate in the Mediation if the Parties have not resolved the Dispute in writing within one hundred twenty (120) days after the Dispute Notice and any Party shall have terminated the Mediation by delivery of written notice of termination to each other Party following expiration of said 120-day period. Following any such termination notice after selection of the Neutral, and if any Party so requests in writing to the Neutral (with a copy to each other Party), then the Neutral shall make a recommended resolution of the Dispute in writing to each Party, which recommendation shall not be binding upon the Parties; provided, however, that the Parties shall give good faith consideration to the settlement of the Dispute on the basis of such recommendation, and if the Parties are unable to resolve the Dispute on the basis of such recommendation, then at the election of either Party the Dispute shall be submitted to binding arbitration as provided below. In the event of binding arbitration, the Party seeking further resolution shall pay the reasonable attorneys' fees, costs and other expenses (including expert witness fees) of the other incurred in connection with the pursuit of (and defense against) such arbitration, if the result thereof is less favorable to the Party pursuing the arbitration than the recommendation of the Neutral.

15.5. Subject to the foregoing, a Party may seek binding arbitration of an unresolved Dispute in Dallas, Texas in accordance with the Rules of the AAA governing commercial transactions. The arbitration will be conducted by a single arbitrator. If the Parties fail to agree on the arbitrator within twenty (20) days, the office the AAA in Dallas, Texas shall make the necessary appointment of an arbitrator. In connection with any Arbitration, the Parties shall be entitled to all discovery rights as provided for in the United States Federal Rules of Civil Procedure and each Party shall be entitled to apply to any court of competent jurisdiction for an order enforcing any discovery request authorized under the Federal Rules of Civil Procedure. THE PARTIES HEREBY EXPRESSLY WAIVE ANY RIGHTS THEY MAY HAVE TO TRIAL BY JURY WITH RESPECT TO ANY DISPUTE SUBJECT TO ARBITRATION PURSUANT TO THIS SECTION 15. After due consideration of all of the evidence submitted by the Parties, in accordance with the applicable procedural rules governing the arbitration proceedings, the arbitrator shall issue its decision and award. The decision and award of the arbitrator in any arbitration proceeding shall (i) be in writing, stating the grounds for the decision

in reasonable detail, specifying findings of fact and conclusions of law; (ii) be based

solely on the terms and conditions of this Agreement, as interpreted under the laws of the state of Delaware; and (iii) shall be final and binding upon the Parties. Judgment upon such decision and award may be entered in any competent court or application may be made to any competent court for judicial acceptance of such decision and award and an order of enforcement.

15.6. At the reasonable request of either Party, the mediator or arbitration tribunal shall adopt rules and procedures designed to expedite the dispute resolution process.

15.7. Notwithstanding anything herein to the contrary, nothing in this Section 15 shall preclude any Party from seeking interim or provisional relief, in the form of a temporary restraining order, preliminary injunction, or other interim equitable relief concerning the Dispute, either prior to or during any of the negotiations or proceedings set forth in this Section 15, if deemed necessary by a Party, in its discretion, to protect the interests of such Party. Bringing or defending an action for such relief shall not constitute a waiver of the right or avoid the obligation to arbitrate contained in this Agreement. Further, this Section 15 shall be specifically enforceable.

15.8. Except as otherwise provided for in this Agreement, each Party shall bear its own attorney's fees, costs, and expenses arising out of any dispute regarding this Agreement, regardless of whether a Party is declared to be a prevailing Party or is otherwise entitled to an award of such fees, costs, and expenses under applicable law.

EXHIBIT A – STATEMENT OF WORK #1

1. Parties and Purpose

This Statement of Work ("SOW"), including Schedule 1 attached, is entered into by and between DataCapable, Inc., a Delaware corporation with offices at 2093 Philadelphia Pike #4846, Claymont, DE 19703 ("DataCapable") and Ocala Electric Utilities, located at 201 SE 3rd St, Ocala, FL 34471 ("Client").

This SOW is issued pursuant to the Master Services Agreement ("MSA") between DataCapable and Client, and describes the scope of software licensing, professional services, and implementation work to be provided. Capitalized terms not defined in this SOW shall have the meanings ascribed to them in the MSA.

2. Software Products

Client has selected the following software product(s) as part of this engagement (check all that apply):

X Outage Map
☐ Community Portal
☐ Threat Detector

Each product includes cloud hosting, software updates, and support as outlined in the proposal quote during the subscription term. Additional modules or features may be included per the attached proposal.

3. Term

The term of this SOW shall begin on the License Start Date specified in the attached Proposal and Pricing (Schedule 1) and shall continue for a period of one (1) year, unless terminated in accordance with the Master Services Agreement. This SOW shall automatically renew for successive one (1) year periods unless either party provides at least ninety (90) days' written notice of non-renewal prior to the end of the then-current term. Renewal fees shall increase by five percent (2%) unless otherwise agreed in writing.

4. Scope of Work and Deliverables

DataCapable will provide professional services and implementation work necessary to configure and deliver the selected product(s) in accordance with Client's requirements. The scope, milestones, timeline, and deliverables for the project are defined in the attached Schedule 1: Proposal and Pricing.

5. Responsibilities
As more fully set forth in Section 14.10 of the MSA, Customer agrees to provide timely access to necessary personnel, data, and technical environments to support implementation. Any

Docusign Envelope ID: 1DF12103-5EDB-8F14-80DE-ACD6234A55E5

Docusign Envelope ID: 98341FEB-EF06-4D25-8D4E-1D75DDAC1741

CONTRACT# ELE/260350

changes to scope or responsibilities must be mutually agreed upon in a written Change Order as set forth in Exhibit B.

6. Acceptance Criteria

See Section 4 of MSA

7. Fees and Payment

All pricing, payment schedules, and applicable taxes are specified in the attached Schedule 1: Proposal and Pricing. Fees are due in accordance with the payment terms set forth therein. Customer acknowledges that payment obligations commence upon delivery of access credentials, and are not contingent upon completion of integration with third-party systems.

8. Change Management

Any changes to scope, schedule, or pricing shall be documented in a written Change Order as set forth in Exhibit B signed by both parties. No changes are valid unless documented in such form.

9. Incorporation of Master Services Agreement

This SOW is governed by the terms of the Master Services Agreement between the Parties. In case of a conflict, the SOW shall prevail solely with respect to scope, deliverables, or pricing. All other terms are controlled by the MSA.

10. Acceptance and Signature

IN WITNESS WHEREOF, the parties have executed this Statement of Work as of the date written below.

DataCapable, Inc.	Client: City of Ocala
Signed by: By: Lucas Baerg [illegible] Name: Lucas Baerg Title: CFO Date: 2/19/2026	Signed by: By: Janice Mitchell [illegible] Name: Janice Mitchell Title: CFO Date: 2/10/2026

Electronic Record and Signature Disclosure

Electronic Record and Signature Disclosure created on: 2/22/2023 11:31:05 AM
Parties agreed to: William E. Sexton, Esq., Janice Mitchell, Lucas Baerg

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Docusign Envelope ID: 1DF12103-5EDB-8F14-80DE-ACD6234A55E5

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

Docusign Envelope ID: 1DF12103-5EDB-8F14-80DE-ACD6234A55E5

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Software as a Service Agreement

This Software as a Service Agreement (the "Agreement"), effective as of Signature Date (the "Effective Date"), is by and between Facilities Management Express, LLC ("FMX") and the customer listed on the applicable Subscription Summary ("Customer"). FMX and Customer may be referred to herein collectively as the "Parties" or each individually as a "Party."

WHEREAS, FMX provides access to its software-as-a-service offerings to its customers, as described in the applicable Subscription Summary, attached hereto;

WHEREAS, Customer desires to access the software-as-a-service offerings, and FMX desires to provide Customer access to such offerings, subject to the terms and conditions set forth in this Agreement.

NOW, THEREFORE, in consideration of the mutual covenants, terms, and conditions set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Definitions. The definitions identified above are hereby incorporated by reference.

"Aggregated Statistics" means data and information related to Customer's use of the Services that is used by FMX in an aggregate and anonymized manner, including to compile statistical and performance information related to the provision and operation of the Services.

"Authorized Users" means Customer's employees, consultants, contractors, and agents (a) who are authorized by Customer to access and use the Services under the rights granted to Customer pursuant to this Agreement; and (b) for whom access to the Services has been purchased hereunder, as set forth in the Subscription Summary.

"Confidential Information" has the meaning set forth in Section 5.

"Customer Data" means information, data, and other content, in any form or medium, that is collected, downloaded, or otherwise received, directly or indirectly, from Customer or an Authorized User by or through the Services. For the avoidance of doubt, Customer Data does not include Aggregated Statistics or any other information reflecting the access or use of the Services by or on behalf of Customer or any Authorized User.

"Customer IP" means Customer's trademarks, service marks, trade names, logos, symbols, or brand names.

"Customer Systems" means the Customer's information technology infrastructure, including computers, software, hardware, databases, electronic systems (including database management systems), and networks.

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

"Digital Notice" means any notices, demands, or other communications required or desired to be given hereunder by any Party may be delivered by electronic mail or other digital means.

"Documentation" means any manuals, instructions, or other documents or materials that the FMX provides or makes available to Customer in any form or medium and which describe the functionality, components, features, or requirements of the Services, including any aspect of the installation, configuration, integration, operation, use, support, or maintenance thereof.

"Fees" has the meaning set forth in Section 4(a).

"Feedback" has the meaning set forth in Section 6(c).

"Force Majeure Event" has the meaning set forth in 14(d).

"FMX IP" means the Services, Documentation, and any and all other information, data, documents, materials, works, and other content, devices, methods, processes, hardware, software, and other technologies and inventions, including any deliverables, technical or functional descriptions, requirements, plans, or reports, that are provided or used by FMX in connection with the Services or otherwise comprise or relate to the Services. For the avoidance of doubt, FMX IP includes Aggregated Statistics and any information, data, or other content derived from FMX's monitoring of Customer's access to or use of the Services, but do not include Customer Data.

"Renewal Term" has the meaning set forth in Section 13(b).

"Services" means the software-as-a-service solutions described in the Subscription Summary.

"Service Suspension" has the meaning set forth in Section 3(f).

"Subscription Summary" means the Subscription Summary entered into by the Parties and attached to this Agreement.

"Term" has the meaning set forth in Section 13(a).

"Third Party Claims" means any losses, damages, liabilities, costs (including attorneys' fees) resulting from any third-party claim, suit, action, or proceeding.

"Third-Party Services" means software, services or other material offered by a third-party.

2. Provision of Access.

(a) Access to Services. Subject to and conditioned on Customer's payment of Fees and compliance with all other terms and conditions of this Agreement, FMX hereby grants Customer a non-exclusive, non-transferable right to access and use the Services listed on the Subscription Summary, as attached hereto, during the Term,

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

solely for use by Customer and its Authorized Users (if any), in accordance with the terms and conditions herein. Such use is limited to Customer's internal use.

(b) Subscription Summary. The specific Services to be provided, the initial Service term(s), and the Fees for such Services shall be identified on the Subscription Summary, as may be amended by the parties from time to time, in writing. If applicable to the Services offered under the Subscription Summary, the Subscription Summary shall further identify the quantity of Authorized Users purchased by the Customer to access the Services.

(c) Documentation License. Subject to the terms and conditions contained in this Agreement, FMX hereby grants to Customer a non-exclusive, non-sublicensable, non-transferable license to use the Documentation during the Term solely for Customer's internal business purposes in connection with its use of the Services.

(d) Changes. FMX may, via Digital Notice, keep Customer informed of Service updates, scheduled maintenance, new versions of the Services offered hereunder, and other developments which may affect Customer's use of the Services. FMX reserves the right, in its sole discretion, to make any changes to the Services and Documentation that it deems necessary or useful to (among other things): (a) maintain or enhance: (i) the quality or delivery of FMX's services to its customers; (ii) the competitive strength of or market for FMX's services; or (iii) the Services' cost efficiency or performance; or (b) to comply with applicable law. All updates shall remain the sole property of FMX and be subject to this Agreement in all respects.

(e) Third-Party Services. FMX may from time to time make Third-Party Services available to Customer. For purposes of this Agreement, such Third-Party Services are subject to their own terms and conditions. Customer acknowledges that FMX makes no representations or warranties with respect to or regarding such Third-Party Services, including but not limited to the quality, availability, interoperability, or functionality of any third-party platforms or APIs. All use of Third-Party Services is subject to compliance with terms and conditions of use required by such third-parties and is at Customer's sole risk.

3. Use of Services.

(a) Control.

(i) Customer acknowledges and agrees that it is solely responsible for the operation, supervision, management and control of the Customer's and Authorized Users' (if any) use of the Services, including but not limited to maintaining the confidentiality and security of its login credentials, providing training for its personnel, instituting appropriate security procedures applicable to its Authorized Users' access and use of the Services, and implementing reasonable procedures to examine and verify all output before use.

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

(ii) Customer has and will retain sole control over the operation, maintenance, and management of, and all access to and use of the Customer Systems, whether operated directly by Customer or through the use of third-party services. Customer shall, at its sole expense, provide, configure and be responsible for the proper functioning of Internet connectivity at levels recommended by FMX, hardware, systems software, and other applications software, during the Term, for proper functioning of the Services.

(iii) Customer is responsible and liable for all uses of the Services and Documentation resulting from access provided by or through Customer's account, directly or indirectly, whether such access or use is permitted by or in violation of this Agreement.

(b) Authorized Users.

(i) FMX will review Customer's compliance with the Authorized User allocation identified on the Subscription Summary on a regular basis if any Authorized User is provided access to the Services. Upon notification from FMX, Customer will have thirty (30) days to bring Customer's account back into compliance with the Authorized User quantity from the Subscription Summary. FMX will exercise reasonable efforts to work with the Customer to reduce Customer's Authorized Users by identifying users that are inactive or improperly classified so that it achieves compliance. In the event that the Customer is unable to achieve compliance, the Customer agrees to pay for excess usage in accordance with the Section 4 below.

(ii) If any Authorized User is provided access to the Services, Customer is responsible for all acts and omissions of Authorized Users, and any act or omission by an Authorized User that would constitute a breach of this Agreement if taken by Customer will be deemed a breach of this Agreement by Customer. Customer shall use reasonable efforts to make all Authorized Users, if any, aware of this Agreement's provisions as applicable to such Authorized User's use of the Services and shall cause Authorized Users to comply with such provisions.

(c) Use Restrictions. Customer shall not use the Services for any purposes beyond the scope of the access granted in this Agreement. Customer shall not at any time, directly or indirectly, and shall not permit any Authorized Users to: (i) copy, modify, or create derivative works of the Services or Documentation, in whole or in part; (ii) rent, lease, lend, sell, license, sublicense, assign, distribute, publish, transfer, or otherwise make available the Services or Documentation; (iii) reverse engineer, disassemble, decompile, decode, adapt, or otherwise attempt to derive or gain access to any software component of the Services, in whole or in part; (iv) remove any proprietary notices from the Services or Documentation; or (v) use the Services or Documentation in any manner or for any purpose that infringes, misappropriates, or otherwise violates any intellectual property right, right of privacy, or other right of any person, or that violates any applicable law.

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

(d) Cooperation. Customer shall at all times during the Term (as defined herein), provide all cooperation and assistance as FMX may reasonably request to enable FMX to exercise its rights and perform its obligations under and in connection with this Agreement.

(e) Support. FMX will provide normal phone and email support on business days Monday through Friday 8:00 AM to 6:00 PM Eastern Time.

(f) Suspension. Notwithstanding anything to the contrary in this Agreement, FMX may temporarily suspend Customer's and any Authorized User's (if any) access to any portion or all of the Services if: (i) FMX reasonably determines that (A) there is a threat or attack on any of the FMX IP; (B) Customer's or any Authorized User's use of the Services disrupts or poses a security risk to the FMX IP or to any other customer or vendor of FMX; (C) Customer, or any Authorized User, is using the Services for fraudulent or illegal activities; (D) subject to applicable law, Customer has ceased to continue its business in the ordinary course, made an assignment for the benefit of creditors or similar disposition of its assets, or become the subject of any bankruptcy, reorganization, liquidation, dissolution, or similar proceeding; or (E) FMX's provision of the Services to Customer or any Authorized User is prohibited by applicable law; (ii) any vendor of FMX has suspended or terminated FMX's access to or use of any Third-Party Services or products required to enable Customer to access the Services; or (iii) in accordance with Section 4(b) (any such suspension described in subclause (i), (ii), or (iii), a "Service Suspension"). FMX shall use commercially reasonable efforts to provide written notice of any Service Suspension to Customer. FMX shall use commercially reasonable efforts to resume providing access to the Services as soon as reasonably possible after the event giving rise to the Service Suspension is cured. FMX will have no liability for any damage, liabilities, losses (including any loss of data or profits), or any other consequences that Customer or any Authorized User may incur as a result of a Service Suspension.

(g) Aggregated Statistics. Notwithstanding anything to the contrary in this Agreement, FMX may monitor Customer's use of the Services and collect and compile data and information related to such use in an aggregate and anonymized manner. As between FMX and Customer, all right, title, and interest in Aggregated Statistics, and all intellectual property rights therein, belong to and are retained solely by FMX. Customer acknowledges that FMX may compile Aggregated Statistics based on Customer Data (as defined herein) input into the Services. Customer agrees that FMX may use Aggregated Statistics to the fullest extent and in the manner permitted under applicable law.

(h) Reservation of Rights. FMX reserves all rights not expressly granted to Customer in this Agreement. Except for the limited rights and licenses expressly granted under this Agreement, nothing in this Agreement grants, by implication, waiver, estoppel, or otherwise, to Customer or any third party any intellectual property rights or other right, title, or interest in or to the FMX IP.

4. Fees and Payment.

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

(a) Fees. Customer agrees to pay FMX the fees for Services as listed in the Subscription Summary ("Fees"). In the event that either a Service is added to or removed from the Services provided to Customer by mutual agreement of the Parties, or, if applicable, the Parties agree to increase or decrease the number of Authorized Users, the Subscription Summary shall be modified by FMX to reflect the then-current Fees. In the event the Subscription Summary is modified, the applicable Fees for the then current invoice period shall be calculated by FMX in accordance with its then current practices.

(b) Payment Terms. Unless otherwise specified in the Subscription Summary, FMX will invoice Customer periodically. The Customer will pay any undisputed invoice within thirty (30) days of the applicable invoice date, unless otherwise stated in the Subscription Summary. If Customer has a good faith dispute as to any amounts invoiced, Customer shall promptly notify FMX of the grounds for such dispute, pay the undisputed portion of such invoice when due, and engage with FMX in good faith efforts to resolve such dispute promptly. Customer will pay FMX simple interest on all overdue payments at a rate of 10% per year, or the maximum rate allowable by law, if lesser. If any amount is past due, FMX may, without notice, immediately suspend Customer's access to any or all Services until such amounts are paid in full. Customer shall be responsible for all expenses incurred by FMX in the collection of any unpaid invoice, including attorney's fees and costs.

(c) Fees Exclusive of Taxes. All Fees and other amounts payable by Customer under this Agreement are exclusive of taxes and similar assessments. Customer is responsible for all sales, use, and excise taxes, and any other similar taxes, duties, and charges of any kind imposed by any federal, state, or local governmental or regulatory authority on any amounts payable by Customer hereunder, other than any taxes imposed on FMX's income.

5. Confidential Information. From time to time during the Term, either Party may disclose or make available to the other Party information about its business affairs, products, confidential intellectual property, trade secrets, third-party confidential information, and other sensitive or proprietary information, whether orally or in written, electronic, or other form or media, and whether or not marked, designated, or otherwise identified as "confidential" (collectively, "Confidential Information"). In the case of FMX, the term "Confidential information" includes the Services and the FMX IP. Confidential Information does not include information that, at the time of disclosure is: (a) in the public domain except as a result of a Party's violation of this Agreement; (b) known to the receiving Party on a non-confidential basis at the time of disclosure; (c) rightfully obtained by the receiving Party on a non-confidential basis from a third party; (d) Aggregated Statistics; or (e) independently developed by the receiving Party without reference to the other Party's Confidential Information. The receiving Party shall not disclose the disclosing Party's Confidential Information to any person or entity, except to the receiving Party's employees who have a need to know the Confidential Information for the receiving Party to exercise its rights or perform its obligations hereunder. The receiving Party shall be liable for any unauthorized use or disclosure of the disclosing Party's Confidential Information by any of such receiving Party's employees or agents in the same manner as if such use or disclosure was made by the receiving Party itself. Further, the receiving Party shall not use the disclosing Party's

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

Confidential Information for any purpose except in performance of the receiving Party's duties or the exercise of the disclosing Party's rights under this Agreement. Notwithstanding the foregoing, each Party may disclose Confidential Information to the limited extent required (i) in order to comply with the order of a court or other governmental body, or as otherwise necessary to comply with applicable law, provided that the Party making the disclosure pursuant to the order shall first have given written notice to the other Party and made a reasonable effort to obtain a protective order, at the request and expense of the other Party; or (ii) to establish a Party's rights under this Agreement, including to make required court filings. On the expiration or termination of the Agreement, the receiving Party shall promptly return to the disclosing Party all copies, whether in written, electronic, or other form or media, of the disclosing Party's Confidential Information, or destroy all such copies and certify in writing to the disclosing Party that such Confidential Information has been destroyed. Each Party's obligations of non-disclosure with regard to Confidential Information are effective as of the Effective Date and will expire two (2) years from the date of termination of this Agreement; provided, however, with respect to any Confidential Information that constitutes a trade secret (as determined under applicable law), such obligations of non-disclosure will survive the termination or expiration of this Agreement for as long as such Confidential Information remains subject to trade secret protection under applicable law.

6. Intellectual Property Ownership; Feedback.

(a) FMX IP. Customer acknowledges that, as between Customer and FMX, FMX owns all right, title, and interest, including all intellectual property rights, in and to the FMX IP included within the Services and/or provided to Customer or any Authorized User in connection with the foregoing. For the avoidance of doubt, FMX IP includes Aggregated Statistics and any information, data, or other content derived from FMX's monitoring of Customer's access to or use of the Services, but does not include Customer Data, and, with respect to Third-Party Services, the applicable third-party owns all right, title, and interest, including all intellectual property rights, in and to the Third-Party Services. No ownership rights in the FMX IP are transferred to Customer. Customer acknowledges and agrees that Customer neither has nor at any time shall attempt to claim, any interest in or to any of the FMX IP or the use thereof other than any limited rights of access and use as expressly granted in this Agreement.

(b) Customer Data. FMX acknowledges that, as between FMX and Customer, Customer owns all right, title, and interest, including all intellectual property rights, in and to the Customer Data that is submitted, posted, or otherwise transmitted by or on behalf of Customer or an Authorized User through the Services, other than the Aggregated Statistics. Customer hereby grants to FMX a non-exclusive, royalty-free, worldwide license to reproduce, distribute, and otherwise use and display the Customer Data and perform all acts with respect to the Customer Data as may be necessary for FMX to provide the Services to Customer, and a non-exclusive, perpetual, irrevocable, royalty-free, worldwide license to reproduce, distribute, modify, and otherwise use and display Customer Data incorporated within the Aggregated Statistics.

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

(c) Feedback. If Customer or any of its employees or contractors sends or transmits any communications or materials to FMX by mail, email, telephone, orally or otherwise, suggesting or recommending changes to the Services or the FMX IP, including without limitation, new features or functionality relating thereto, or any comments, questions, suggestions, or the like ("Feedback"), FMX is free to use such Feedback without any obligation to Customer or any other person, irrespective of any other obligation or limitation between the Parties governing such Feedback. Customer hereby assigns to FMX on Customer's behalf, and on behalf of its employees, contractors and/or agents, all right, title, and interest in, and FMX is free to use and fully exploit, without any attribution or compensation to any party, any ideas, know-how, concepts, techniques, or other intellectual property rights contained in the Feedback, for any purpose whatsoever, although FMX is not required to use any Feedback.

7. Data Security.

(a) FMX Obligations. FMX shall not use, disclose or access Customer Data except as authorized by Customer, required to provide and support the Services or to comply with law or as permitted by this Agreement, the Documentation or the Subscription Summary. FMX shall implement commercially reasonable controls and procedures to limit access or use by its employees and contractors to Customer Data except as permitted by the preceding sentence. FMX, however, makes no representations or warranties with regard to Customer or any third party's compliance with standards or use of other data security controls.

(b) Customer Obligations. Customer represents that Customer has all required rights and permissions to transmit the data through the Services and that Customer's collection, use, processing and disclosure of the Customer Data complies with all applicable laws and governmental and industry regulations. FMX does not review data stored or transmitted through the Services, and FMX shall not be responsible for the legality of any such data or transmissions. Customer agrees to safeguard all usernames and passwords associated with the Services and acknowledges Customer shall be liable for any actions conducted using Customer's username, whether or not authorized by Customer.

(c) Breaches and Vulnerabilities. FMX shall promptly provide written notice within SEVENTY-TWO (72) hours upon becoming aware of any data breach or new vulnerability that may compromise the security or confidentiality of the Customer's Data. The notification shall include detailed information about the nature of the breach or vulnerability, the potential impact on the Customer's data and systems, and any remedial actions being taken or recommend by FMX to address the situation.

8. Representations and Warranties; Acknowledgment.

(a) By Customer. Customer represents and warrants that (a) all Customer Data and other materials and data provided by Customer do not, and will not, infringe any United States patent, copyright, trademark, service mark or other intellectual property right of any third party in the United States; (b) Customer is now in compliance with and during the Term of the Agreement shall continue to remain in compliance with all applicable U.S. and foreign laws and regulations including but not limited to (i) the International Emergency Economic Powers Act (50 U.S.C. § 1701) and all other laws administered by United States Office of Foreign Assets Control or any other governmental authority imposing economic sanctions and trade embargoes, (ii) U.S. export control laws, including the Export Administration Regulations promulgated under the Export Administration Act of 1979 and the International Traffic in Arms Regulations administered by the U.S. Department of State, and (iii) the

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

Foreign Corrupt Practices Act of 1977, as amended; and (c) each of the Authorized Users shall agree to be bound by and comply with this Agreement.

(b) Customer Acknowledgment. Customer acknowledges that the proper functioning and availability of the Services is dependent on interface and data exchange with various Customer and third-party platforms and APIs. In the event that changes, or updates are made to such Customer or third-party platforms or APIs, changes or updates may be required to FMX's infrastructure or codebase in order to maintain the functionality of the Services. FMX reserves the right to charge additional fees or increase the Fees to be payable by Customer in order to accommodate such changes or updates.

9. Limited Warranty; Warranty Disclaimer. FMX will make commercially reasonable efforts to make the Services available in a professional manner substantially consistent with the level of care, skill, practice and judgment exercised by other professionals in developing and providing Services of a similar nature under similar circumstances. EXCEPT FOR THE LIMITED WARRANTY PROVIDED HEREIN, THE SERVICES AND THE FMX IP ARE PROVIDED "AS IS" AND "WHERE IS" AND WITH ALL FAULTS, AND FMX HEREBY DISCLAIMS ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE. FMX SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND NON-INFRINGEMENT, AND ALL WARRANTIES ARISING FROM COURSE OF DEALING, USAGE, OR TRADE PRACTICE. FMX MAKES NO WARRANTY OF ANY KIND THAT THE FMX IP, OR ANY SERVICES OR RESULTS OF THE USE THEREOF, WILL MEET CUSTOMER'S OR ANY OTHER PERSON'S REQUIREMENTS, OPERATE WITHOUT INTERRUPTION, ACHIEVE ANY INTENDED RESULT, BE COMPATIBLE OR WORK WITH ANY SOFTWARE, SYSTEM, OR OTHER SERVICES, OR BE SECURE, ACCURATE, COMPLETE, FREE OF HARMFUL CODE, OR ERROR FREE. IN THE EVENT OF ANY INTERRUPTION NOT PERMITTED BY THIS AGREEMENT, FMX'S SOLE OBLIGATION SHALL BE TO RESTORE ACCESS AS SOON AS REASONABLY POSSIBLE. CUSTOMER ACKNOWLEDGES AND AGREES THAT CUSTOMER HAS NOT ENTERED INTO THE AGREEMENT ON THE BASIS OF ANY REPRESENTATIONS OR PROMISES NOT EXPRESSLY CONTAINED HEREIN.

10. Customer Indemnification. Customer shall indemnify, hold harmless, and, at FMX's option, defend FMX from and against any Third-Party Claim that (a) the Customer Data, or any use of the Customer Data in accordance with this Agreement, infringes or misappropriates such third party's intellectual property rights, privacy rights or other rights, and (b) any Third-Party Claims based on Customer's or any Authorized User's (i) negligence or willful misconduct; (ii) use of the Services in a manner not authorized by this Agreement; (iii) use of the Services in combination with data, software, hardware, equipment, or technology not provided by FMX or authorized by FMX in writing; or (iv) modifications to the Services not made by FMX; provided that Customer may not settle any Third-Party Claim against FMX unless FMX consents in writing to such settlement, and further provided that FMX will have the right, at its option, to defend itself against any such Third-Party Claim or to participate in the defense thereof by counsel of its own choice.

11. FMX Indemnification. FMX shall indemnify, defend, and hold harmless Customer from and against any and all Third-Party Claims that the Services, or any use of the

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

Services in accordance with this Agreement, infringes or misappropriates such third party's intellectual property rights, provided that Customer promptly notifies FMX in writing of such Third-Party Claim, cooperates with FMX, and allows FMX sole authority to control the defense and settlement of such Third-Party Claim. If a Third Party-Claim is made or appears possible, Customer agrees to permit FMX, at FMX's sole discretion, to (a) modify or replace the Services, or component or part thereof, to make it non-infringing, or (b) obtain the right for Customer to continue use. If FMX determines that neither alternative is reasonably available, either Party may terminate this Agreement, in its entirety or with respect to the affected component or part, effective immediately on written notice to the other. This Section will not apply to the extent that the alleged infringement arises from: (a) use of the Services in combination with data, software, hardware, equipment, or technology not provided by FMX; (b) modifications to the Services not made by FMX; or (c) Customer Data.

12. Limitations of Liability. NOTWITHSTANDING ANY DAMAGES THAT CUSTOMER MIGHT INCUR FOR ANY REASON WHATSOEVER, IN NO EVENT WILL FMX BE LIABLE UNDER OR IN CONNECTION WITH THIS AGREEMENT OR OTHERWISE UNDER ANY LEGAL OR EQUITABLE THEORY, INCLUDING BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, AND OTHERWISE, FOR ANY: (a) CONSEQUENTIAL, INCIDENTAL, INDIRECT, EXEMPLARY, SPECIAL, ENHANCED, OR PUNITIVE DAMAGES; (b) INCREASED COSTS, DIMINUTION IN VALUE OR LOST BUSINESS, PRODUCTION, REVENUES, OR PROFITS; (c) LOSS OF GOODWILL OR REPUTATION; (d) USE, INABILITY TO USE, LOSS, INTERRUPTION, DELAY, OR RECOVERY OF ANY DATA, OR BREACH OF DATA OR SYSTEM SECURITY; OR (e) COST OF REPLACEMENT GOODS OR SERVICES, IN EACH CASE REGARDLESS OF WHETHER FMX WAS ADVISED OF THE POSSIBILITY OF SUCH LOSSES OR DAMAGES OR SUCH LOSSES OR DAMAGES WERE OTHERWISE FORESEEABLE. IN NO EVENT WILL FMX'S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT UNDER ANY LEGAL OR EQUITABLE THEORY, INCLUDING BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, AND OTHERWISE EXCEED THE LESSER OF THE ACTUAL, DIRECT DAMAGES INCURRED OR THE AMOUNT ACTUALLY PAID OR PAYABLE BY CUSTOMER UNDER THIS AGREEMENT DURING THE SIX (6) MONTH PERIOD IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO THE INITIAL CLAIM. THE PARTIES ACKNOWLEDGE AND AGREE THAT THE FEES REFLECT THE ALLOCATION OF RISK SET FORTH IN THIS PARAGRAPH AND THAT FMX WOULD NOT ENTER INTO THIS AGREEMENT WITHOUT THE LIMITATIONS OF LIABILITY SET FORTH HEREIN.

13. Term and Termination.

(a) Term. The term ("Term") of this Agreement shall commence on the Effective Date and shall continue thereafter until the termination or expiration, as applicable, of the term for each Service listed on the Subscription Summary, as may be amended from time to time by the parties, in writing.

(b) Renewal. Following the initial Term, the Term of this Agreement shall continue for a subsequent period of time that is equal to the duration of the initial Term (each such period, a "Renewal Term") unless either Party elects to terminate this Agreement by giving written notice to the other Party of the election to terminate at least thirty (30) days prior to the expiration of the then-current initial Term or Renewal

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

Term. After the initial Term, FMX may, at least thirty (30) days prior to the expiration of the then-current initial Term or Renewal Term, provide written notice to Customer adjusting the Fees and other costs, fees or prices for such Services.

(c) Termination. In addition to any other express termination right set forth in this Agreement:

(i) FMX may terminate this Agreement, effective on written notice to Customer, if Customer: (A) fails to pay any amount when due hereunder, and such failure continues more than five (5) days after FMX's delivery of written notice thereof; or (B) breaches any of its obligations under Section 3(c) or Section 8;

(ii) either Party may terminate this Agreement, effective on written notice to the other Party, if the other Party materially breaches this Agreement, and such breach: (A) is incapable of cure; or (B) being capable of cure, remains uncured ten (10) days after the non-breaching Party provides the breaching Party with written notice of such breach; or

(iii) either Party may terminate this Agreement, effective immediately upon written notice to the other Party, if the other Party: (A) becomes insolvent or is generally unable to pay, or fails to pay, its debts as they become due; (B) files or has filed against it, a petition for voluntary or involuntary bankruptcy or otherwise becomes subject, voluntarily or involuntarily, to any proceeding under any domestic or foreign bankruptcy or insolvency law; (C) makes or seeks to make a general assignment for the benefit of its creditors; or (D) applies for or has appointed a receiver, trustee, custodian, or similar agent appointed by order of any court of competent jurisdiction to take charge of or sell any material portion of its property or business.

(d) Effect of Expiration or Termination. Upon expiration or earlier termination of this Agreement, Customer shall immediately discontinue use of the Services and, without limiting Customer's obligations under Section 7, Customer shall delete, destroy, or return all copies of FMX's Confidential Information and certify in writing to FMX that the FMX Confidential Information has been deleted or destroyed. No expiration or termination will affect Customer's obligation to pay all Fees that may have become due before such expiration or termination or entitle Customer to any refund.

(e) Survival. This Section 13(e) and Sections 4, 5, 6, 8, 9, 10, 11, 13(d) and 14 survive any termination or expiration of this Agreement. No other provisions of this Agreement survive the expiration or earlier termination of this Agreement.

14. Miscellaneous.

(a) Publicity. FMX may issue or release announcements, statements, or other publicity or marketing materials relating to this Agreement, or otherwise use the Customer IP, in each case, without the prior written consent of the Customer, but

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

solely on or in connection with the promotion, advertising, and resale of FMX's services. FMX shall reasonably comply with any policies provided to FMX by Customer related to Customer IP, which may be amended from time to time in Customer's sole discretion.

(b) Entire Agreement. This Agreement, together with any other documents incorporated herein by reference, constitutes the sole and entire agreement of the Parties with respect to the subject matter of this Agreement and supersedes all prior and contemporaneous understandings, agreements, and representations and warranties, both written and oral, with respect to such subject matter. In the event of any inconsistency between the statements made in the body of this Agreement, and any other documents incorporated herein by reference, the following order of precedence governs: (i) first, any state mandated contract, rule, or regulation; (ii) second, this Agreement; (iii) third, the Subscription Summary applicable to this Agreement; and (iv) fourth, any other documents incorporated herein by reference.

(c) Notices. Except as otherwise set forth in this Agreement, any and all Digital Notices shall be effective when provided. Notices to Customer shall be sent via Digital Notice to the e-mail address specified in the Subscription Summary, or such other address as Customer may hereafter deliver to FMX by Digital Notice. If Customer is providing Digital Notice to terminate this Agreement as permitted herein, such written notice shall be sent via e-mail to billing@gofmx.com.

(d) Force Majeure. All other terms of this Agreement notwithstanding, FMX shall not be liable for failure to perform any obligation under this Agreement or the failure of Services if such failure is caused by the occurrence of any contingency beyond the reasonable control of FMX (a "Force Majeure Event"), including but not limited to, fire, flood, strike, power outage, Internet outage, industrial disturbance, disruption, termination, or availability or reduction of services or products provided by third parties, denial of service attack, unavailability of the Internet, war, riot, insurrection, acts of God, epidemics, pandemics, acts of civil or military authority, or changes in third party platforms or APIs with which the Services interface or otherwise operate. In the event of such a Force Majeure Event, time for delivery or other performance under this Agreement shall be as soon as practicable following such Force Majeure Event.

(e) Amendment and Modification; Waiver. No amendment to or modification of this Agreement is effective unless it is in writing and signed by an authorized representative of each Party. No waiver by any Party of any of the provisions hereof will be effective unless explicitly set forth in writing and signed by the Party so waiving. Except as otherwise set forth in this Agreement, (i) no failure to exercise, or delay in exercising, any rights, remedy, power, or privilege arising from this Agreement will operate or be construed as a waiver thereof, and (ii) no single or partial exercise of any right, remedy, power, or privilege hereunder will preclude any other or further exercise thereof or the exercise of any other right, remedy, power, or privilege.

(f) Severability. If any provision of this Agreement is invalid, illegal, or unenforceable in any jurisdiction, such invalidity, illegality, or unenforceability will not

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

affect any other term or provision of this Agreement or invalidate or render unenforceable such term or provision in any other jurisdiction. Upon such determination that any term or other provision is invalid, illegal, or unenforceable, the Parties shall negotiate in good faith to modify this Agreement so as to effect their original intent as closely as possible in a mutually acceptable manner in order that the transactions contemplated hereby be consummated as originally contemplated to the greatest extent possible.

(g) Governing Law; Submission to Jurisdiction. This Agreement shall be construed and interpreted in accordance with and shall be governed by the laws of the State of Ohio, without regard to principles of conflict of law and irrespective of the fact that one or more Parties hereto is now or may hereafter be a resident of a different state, jurisdiction or country. The state and federal courts situated in Franklin County, Ohio shall have exclusive jurisdiction for resolving any dispute arising under or relating to this Agreement. The Parties agree that the United Nations Convention on Contracts for the International Sale of Goods shall not apply. The parties further expressly exclude the application of the Uniform Computer Information Transactions Act.

(h) Assignment. Neither Party to this Agreement may assign or otherwise transfer any of its rights or obligations under this Agreement without the prior written consent of the other Party, which shall not be unreasonably withheld. Notwithstanding the foregoing, FMX may assign or otherwise transfer any or all of its rights or obligations under this Agreement in the case of a sale or other transfer of all or substantially all of its assets or equity (whether by sale of assets or stock or by merger or other reorganization), without the prior consent of or notice to Customer.

(i) Equitable Relief. Each Party acknowledges and agrees that a breach or threatened breach by such Party of any of its obligations under Sections 5, 8 or, in the case of Customer, Section 3(c), would cause the other Party irreparable harm for which monetary damages would not be an adequate remedy and agrees that, in the event of such breach or threatened breach, the other Party will be entitled to equitable relief, including a restraining order, an injunction, specific performance, and any other relief that may be available from any court, without any requirement to post a bond or other security, or to prove actual damages or that monetary damages are not an adequate remedy. Such remedies are not exclusive and are in addition to all other remedies that may be available at law, in equity, or otherwise.

(j) Counterparts. This Agreement may be executed in counterparts, each of which is deemed an original, but all of which together are deemed to be one and the same agreement. A signed copy of this Agreement delivered by facsimile, e-mail, electronic signature or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Agreement.

15. NO WAIVER OF SOVEREIGN IMMUNITY. Nothing herein is intended to waive sovereign immunity by the Customer to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

Docusign Envelope ID: 667B491B-56CA-8B37-835E-3BF24F7F6009

16. Public Records. FMX shall comply with all applicable provisions of the Florida Public Records Act, Chapter 119, Florida Statutes. Specifically, FMX shall:
i. Keep and maintain public records required by the public agency to perform the service.
ii. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
iii. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if FMX does not transfer the records to the public agency.
iv. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of FMX or keep and maintain public records required by the public agency to perform the service. If FMX transfers all public records to the public agency upon completion of the contract, FMX shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If FMX keeps and maintains public records upon completion of the contract, FMX shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

SEVENTH AMENDMENT TO AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING

THIS SEVENTH AMENDMENT TO AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING ("Seventh Amendment") is entered into by and between **CITY OF OCALA**, a Florida municipal corporation ("City"), and **WASTE PRO OF FLORIDA, INC.**, a for-profit corporation duly organized and authorized to do business in the state of Florida (EIN# 59-3701785) ("Vendor").

WHEREAS, on May 15, 2018, City and Vendor entered into an Agreement for Single-Stream Curbside Recycling for a term of five (5) years from October 1, 2018, through September 30, 2023, City of Ocala Contract Number: PWD/18-014 (the "Original Agreement"); and

WHEREAS, on December 30, 2019, City and Vendor entered into a First Amendment (the "First Amendment") of Agreement for Single-Stream Curbside Recycling, modifying the compensation in accordance with the escalation provisions in the Original Agreement; and

WHEREAS, on June 10, 2021, City and Vendor entered into a Second Amendment (the "Second Amendment") of Agreement for Single-Stream Curbside Recycling, to amend the compensation pursuant to the escalation provisions in the Original Agreement; and

WHEREAS, on October 12, 2021, City and Vendor entered into a Third Amendment (the "Third Amendment") of Agreement for Single-Stream Curbside Recycling, to amend the compensation pursuant to the escalation provisions in the Original Agreement; and

WHEREAS, on January 31, 2023, City and Vendor entered into a Fourth Amendment (the "Fourth Amendment") of Agreement for Single-Stream Curbside Recycling, to further amend the compensation per Section 3, Escalation of the Original Agreement utilizing the CPI-U Index; and

WHEREAS, on April 10, 2023, City and Vendor entered into a Fifth Amendment (the "Fifth Amendment") of Agreement for Single-Stream Curbside Recycling, extending the Original Agreement for the available five-year renewal period and further amending the compensation and contamination provisions.

WHEREAS, on October 30, 2024, City and Vendor entered into a Sixth Amendment (the "Sixth Amendment") of Agreement for Single-Stream Curbside Recycling, amending the compensation terms in the Original Agreement.

WHEREAS, Vendor has requested an increase to the contract compensation amount pursuant to the CPI-U Index.

NOW THEREFORE, in consideration of each of the foregoing recitals and the following mutual covenants, conditions and other good and valuable consideration, the receipt and sufficiency of which is hereby mutually acknowledged, City and Vendor agree as follows:

1. **RECITALS.** City and Vendor hereby represent and warrant that the Recitals set forth above are true and correct.
2. **INCORPORATION OF ORIGINAL AGREEMENT**. The Original Agreement between City and Vendor, as amended, is hereby incorporated by reference as if set forth herein in its entirety and remains in full force and effect, except for those terms and conditions expressly amended by this Seventh Amendment.
3. **COMPENSATION.** Effective **OCTOBER 1, 2025**, the City shall pay the Vendor for the performance of the work, and in accordance with the contract documents a total of **$427.13 per ton (FOUR**

Docusign Envelope ID: 53017D64-E751-4EBB-BDFE-37F11F99659C

HUNDRED TWENTY-SEVEN 13/100 DOLLARS/TON) which represents a 5% increase based on the most recent **twelve (12) month** period of the CPI-U Index.

4. **NOTICES**. All notices, certifications or communications required by this Seventh Amendment shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by e-mail. All notices shall be addressed to the respective parties as follows:

If to Vendor:	Waste Pro of Florida, Inc. Attn: Joseph Lourenco 408 Cypress Road Ocala, Florida 34472 PH: 352-857-3387 E-mail: jolourenco@wasteprousa.com
If to City of Ocala:	Daphne M. Robinson, Contracting Officer City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 PH: 352-629-8343 E-mail: notices@ocalafl.gov
Copy to:	William E. Sexton, Esq., City Attorney City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-401-3972 E-mail: cityattorney@ocalafl.gov

5. **COUNTERPARTS.** This Seventh Amendment may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.

6. **ELECTRONIC SIGNATURE(S).** Vendor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Seventh Amendment. Further, a duplicate or copy of the Seventh Amendment that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Seventh Amendment for all purposes.

7. **LEGAL AUTHORITY**. Each person signing this Seventh Amendment on behalf of either party individually warrants that he or she has full legal power to execute this Seventh Amendment on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Seventh Amendment.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK. SIGNATURE PAGE TO FOLLOW.]

Docusign Envelope ID: 53017D64-E751-4EBB-BDFE-37F11F99659C

IN WITNESS WHEREOF, the parties have executed this Seventh Amendment on 9/22/2025.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Docusign Envelope ID: 5A625625-8716-8C5F-83E2-995DB4537326

EIGHTH AMENDMENT TO AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING

THIS EIGHTH AMENDMENT TO AGREEMENT FOR SINGLE-STREAM CURBSIDE RECYCLING ("Eighth Amendment") is entered into by and between **CITY OF OCALA**, a Florida municipal corporation ("City"), and **WASTE PRO OF FLORIDA, INC.**, a for-profit corporation duly organized and authorized to do business in the state of Florida (EIN# 59-3701785) ("Vendor").

WHEREAS, on May 15, 2018, City and Vendor entered into an Agreement for Single-Stream Curbside Recycling for a term of five (5) years from October 1, 2018, through September 30, 2023, City of Ocala Contract Number: PWD/18-014 (the "Original Agreement"); and

WHEREAS, on December 30, 2019, City and Vendor entered into a First Amendment (the "First Amendment") of Agreement for Single-Stream Curbside Recycling, modifying the compensation in accordance with the escalation provisions in the Original Agreement; and

WHEREAS, on June 10, 2021, City and Vendor entered into a Second Amendment (the "Second Amendment") of Agreement for Single-Stream Curbside Recycling, to amend the compensation pursuant to the escalation provisions in the Original Agreement; and

WHEREAS, on October 12, 2021, City and Vendor entered into a Third Amendment (the "Third Amendment") of Agreement for Single-Stream Curbside Recycling, to amend the compensation pursuant to the escalation provisions in the Original Agreement; and

WHEREAS, on January 31, 2023, City and Vendor entered into a Fourth Amendment (the "Fourth Amendment") of Agreement for Single-Stream Curbside Recycling, to further amend the compensation per Section 3, Escalation of the Original Agreement utilizing the CPI-U Index; and

WHEREAS, on April 10, 2023, City and Vendor entered into a Fifth Amendment (the "Fifth Amendment") of Agreement for Single-Stream Curbside Recycling, extending the Original Agreement for the available five-year renewal period and further amending the compensation and contamination provisions.

WHEREAS, on October 30, 2024, City and Vendor entered into a Sixth Amendment (the "Sixth Amendment") of Agreement for Single-Stream Curbside Recycling, amending the compensation terms in the Original Agreement.

WHEREAS, on September 22, 2025, City and Vendor entered into a Seventh Amendment to Agreement for Single-Stream Curbside Recycling to increase contract compensation pursuant to the CPI-U Index; and

WHEREAS, on January 13, 2026, at the Solid Waste Revenue Sufficiency Study Workshop, City Council directed staff to eliminate single-stream curbside recycling for City sanitation customers effective July 1, 2026; and

WHEREAS, City and Vendor wish to further amend the Agreement to comply with the City Council directive.

NOW THEREFORE, in consideration of each of the foregoing recitals and the following mutual covenants, conditions and other good and valuable consideration, the receipt and sufficiency of which is hereby mutually acknowledged, City and Vendor agree as follows:

1. **RECITALS.** City and Vendor hereby represent and warrant that the Recitals set forth above are true and correct.

Docusign Envelope ID: 5A625625-8716-8C5F-83E2-995DB4537326

2. **INCORPORATION OF ORIGINAL AGREEMENT**. Effective **JULY 6, 2026**, The Original Agreement between City and Vendor, as amended, is hereby incorporated by reference as if set forth herein in its entirety and remains in full force and effect, except for those terms and conditions expressly amended by this Eighth Amendment.

3. **AMENDMENT TO EXHIBIT A.** The document attached to the Original Agreement, as amended, as **Exhibit A – Scope of Service** is hereby deleted and replaced in its entirety with **Amended Exhibit A – Scope of Service**.

4. **AMENDMENT TO EXHIBIT B.** The document attached to the Original Agreement, as amended, as **Exhibit B – Tagging Procedures** is hereby deleted in its entirety from this Agreement.

5. **SERVICES.** Vendor shall provide all materials, labor, and equipment to process recyclable materials at its Materials Recovery Facility (MRF) as described, and pursuant to the scope of service set forth on the attached **Amended Exhibit A – Scope of Services.** This Agreement, and all exhibits, hold precedence over the Soliciation Documents.

6. **COMPENSATION.** The City shall pay the Vendor for the performance of the services, and in accordance with the contract documents a total of **$125.00 per ton (ONE HUNDRED TWENTY-FIVE AND NO/100 DOLLARS/TON)**.

7. **PURCHASE OF CARTS.** City shall pay Vendor **EIGHTEEN AND NO/100 DOLLARS PER CONTAINER ($18.00/container)** for each single-family residential recycling cart, based on the number of single-family unit customers currently receiving sanitation services from the City. Vendor shall be responsible for removing recycling containers from multi-family and commercial properties.

8. **NOTICES**. All notices, certifications or communications required by this Eighth Amendment shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by e-mail. All notices shall be addressed to the respective parties as follows:

If to Vendor:	Waste Pro of Florida, Inc. Attn: Joseph Lourenco 408 Cypress Road Ocala, Florida 34472 PH: 352-857-3387 E-mail: jolourenco@wasteprousa.com
If to City of Ocala:	Daphne M. Robinson, Contracting Officer City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 PH: 352-629-8343 E-mail: notices@ocalafl.gov

Docusign Envelope ID: 5A625625-8716-8C5F-83E2-995DB4537326

William E. Sexton, Esq., City Attorney
City of Ocala
110 SE Watula Avenue, 3rd Floor
Ocala, Florida 34471
Phone: 352-401-3972
E-mail: cityattorney@ocalafl.gov

9. **COUNTERPARTS.** This Eighth Amendment may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.

10. **ELECTRONIC SIGNATURE(S).** Vendor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Eighth Amendment. Further, a duplicate or copy of the Eighth Amendment that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Eighth Amendment for all purposes.

11. **LEGAL AUTHORITY**. Each person signing this Eighth Amendment on behalf of either party individually warrants that he or she has full legal power to execute this Eighth Amendment on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Eighth Amendment.

IN WITNESS WHEREOF, the parties have executed this Eighth Amendment on _____.

The City shall collect recyclable materials from City-owned recycling drop-off sites and deliver them to the Vendor's Materials Recovery Facility (MRF). Vendor shall be responsible for the processing of recyclable materials. The City will drop off recyclable materials to the Vendor's MRF between the hours of 7:00 a.m. and 4:00 p.m. Monday through Friday.

Definitions

Recyclables – Objects that can be salvaged, processed and used again.

Recyclable processing – Sorting and/or delivering recyclables to a certified recycling facility.

Landfilling – A system of trash and garbage disposal in which the waste is buried between layers of earth in an appropriately permitted facility.

Vendor Responsibilities

Vendor will be responsible for the processing of recyclables in the most cost efficient and effective manner. It is the sole responsibility of the Vendor to perform the necessary activities in accordance with requirements of any permits and applicable laws.

Scope of Service

Vendor will process, and market recyclable materials including:

1. Aluminum products; bi-metal/steel cans;
2. PET, PETE, HDPE plastic containers (includes colored, #1-7 plastics);
3. Newspapers and inserts; phone books; junk mail; office paper; old corrugated cardboard (OCC); paperboard; magazines; cereal boxes.

Revenues

Vendor will receive 100% of the revenues from the sale of recyclables.

Contamination

All recycling materials collected will be delivered by the City to the Vendor. Landfilling of approved recycling materials will be prohibited, apart from material contamination. The Vendor must report on a quarterly basis the landfilling of contaminated materials, detailing the amount of landfilled materials.

The City will pay for contamination (out-throws) that exceeds 10% of the monthly recyclable materials delivered by the City, at the rate of $125.00 a ton. Updated composition studies will be done every 12 months thereafter to determine the charge for out-throws for that period.

Recycling Bins

The City shall purchase the existing recycling bins at single-family units located within City limits that were provided by Vendor as part of this Agreement. The City will collect the recycling bins from customer addresses within City Limits. Vendor shall remove existing recycling containers from multi-family units and commercial buildings.

Docusign Envelope ID: 5A625625-8716-8C5F-83E2-995DB4537326

Reporting Requirements

Vendor shall keep accurate program records and submit reports to comply with the City's reporting requirements. These reports are extremely important, as they will serve as a means to inform the City's staff of the status of recycling activities. The City also requires the Vendor to provide certifiable, accurate monthly weight receipts for all materials collected in the City's program and marketed by the Vendor. Monthly, quarterly and annual reporting requirements are outlined below:

Monthly Project Reports

- Summaries of the tonnages of all materials recovered
- Any changes in processing locations or outlets for any commodity.

Quarterly Reporting Requirements

- Tonnages recovered by material and where they were processed.
- Discussion of problems and noteworthy experiences in program operation.
- Summary of all complaint calls received by number and type.

Annual Reports

- Summary of recovered materials' tonnage and type, and where they were processed.
- A discussion of highlights and problems, and measures taken to resolve problems and increase efficiency.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

THIRD AMENDMENT TO CONSTRUCTION SERVICES AGREEMENT FOR TRANSPORTATION REHABILITATION IMPROVEMENT PROGRAM ("TRIP") PROJECTS

THIS THIRD AMENDMENT TO CONSTRUCTION SERVICES AGREEMENT FOR TRANSPORTATION REHABILITATION IMPROVEMENT PROGRAM ("TRIP") ("Third Amendment") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City") and **C.W. ROBERTS CONTRACTING, INC.** a for-profit corporation duly organized and authorized to do business in the state of Florida (EIN: 59-1683951) ("Contractor").

WHEREAS, on May 8, 2023, City and Contractor entered into a Construction Services Agreement for Transportation Rehabilitation Improvement Program ("TRIP") Projects (the "Original Agreement"), City of Ocala Contract Number: CIP/230266 for a term of two (2) years from May 3, 2023, to May 2, 2025; and

WHEREAS, on April 4, 2024, City and Contractor entered into a First Amendment to Construction Services Agreement for Transportation Rehabilitation Improvement Program ("TRIP") Projects (the "First Amendment") amending the total amount of compensation described in the Original Agreement; and

WHEREAS, on May 6, 2024, City and Contractor entered into a Second Amendment to Construction Services Agreement for Transportation Rehabilitation Improvement Program ("TRIP") Projects (the "Second Amendment") to modify the unit pricing schedule by adding line items to Exhibit B – Price Proposal attached to the Original Agreement; and

WHEREAS, City and Contractor now desire to renew the Original Agreement for the first of two available one-year renewal terms, with a 3% increase to the pricing schedule for the Renewal Term.

NOW THEREFORE, in consideration of the foregoing recitals, the following mutual covenants and conditions, and other good and valuable consideration, City and Contractor agree as follows:

1. **RECITALS**. City and Contractor hereby represent, warrant, and agree that the Recitals set forth above are true and correct and are incorporated herein by reference.
2. **INCORPORATION OF ORIGINAL AGREEMENT.** The Original Agreement between City and Contractor is hereby incorporated by reference as if set forth herein its entirety and remains in full force and effect except for those terms and conditions expressly amended by this Third Amendment.
3. **AMENDMENT TO EXHIBIT B – PRICE PROPOSAL**. The document attached to the Original Agreement as **Exhibit B – Price Proposal** is hereby deleted and replaced, in its entirety, with the document attached to this Third Amendment as **Exhibit B – Amended Price Proposal**.
4. **RENEWAL TERM.** The Original Agreement is hereby renewed for an additional (1) one-year term commencing **MAY 3, 2025,** and ending **MAY 2, 2026**. This Agreement may be renewed for **ONE (1)** additional **ONE (1) YEAR** period by written consent between City and Contractor.
5. **COMPENSATION.** City shall pay Contractor a price not to exceed **THREE MILLION AND NO/100 DOLLARS ($3,000,000)** (the "Contract Sum") over the Renewal Term as full and complete compensation for the timely and satisfactory provision of services.
6. **NOTICES.** All notices, certifications or communications required by this Third Amendment shall be given in writing and shall be deemed delivered when personally served, or when received if

by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by e-mail. All notices shall be addressed to the respective parties as follows:

If to Contractor:	C.W. Roberts Contracting, Inc. Attention: Stuart Savoy 4208 CR 124-A Wildwood, Florida 34785 Phone: 352-330-2540 E-mail: ssavoy@cwrcontracting.com
If to City of Ocala:	Daphne M. Robinson, Esq., Contracting Officer City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-629-8343 E-mail: notices@ocalafl.gov
Copy to:	William E. Sexton, Esq., City Attorney City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-401-3972 E-mail: cityattorney@ocalafl.gov

7. **COUNTERPARTS.** This Third Amendment may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.

8. **ELECTRONIC SIGNATURE(S).** Contractor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Third Amendment. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Third Amendment for all purposes.

9. **LEGAL AUTHORITY**. Each person signing this Third Amendment on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Third Amendment.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK. SIGNATURE PAGE TO FOLLOW.]

Docusign Envelope ID: BC47D889-09B0-4CF1-ACD7-F84103FE798D

IN WITNESS WHEREOF, the parties have executed this Third Amendment on 5/12/2025.

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.
