Project Description and Responsibilities

A. Project Description (description of Agency's project to provide context, description of project components funded via this Agreement (if not the entire project)): Marion-Ocala Intl Hangar Development - The existing t-hangar campus is maxed out, and there are 24 people on a t-hangar wait list. This access road provides for aviation expansion north of the crosswind runway. Design and construct 3,200' access road and associated water and sewer utilities from SW67th Ave to provide for expansion of airport/city managed t-hangar construction. The project is consistent with the airport layout plan and airport master plan.

B. Project Location (limits, city, county, map): Ocala International-Jim Taylor Field/Ocala, FL/Marion

C. Project Scope (allowable costs: describe project components, improvement type/service type, approximate timeline, project schedule, project size): As required by 215.971, F.S., this scope of work includes but is not limited to consultant and design fees, survey and geotechnical costs, permitting, bid and award services, construction inspection and material testing costs, mobilization and demobilization, maintenance of traffic, erosion control, demolition, excavation/embankment, surface preparation, pavement, drainage, markings, signage, lighting and communications systems (conduits, fixtures, etc.), landscaping, fencing, access control, security systems, all new or improvements/upgrades to utilities including all materials, equipment, labor, and incidentals required to complete the roadway project.

"The specifics of the Project Scope for construction are described in and limited by the signed and sealed Project Construction Plans identified as "North Development Road at Ocala International Airport" prepared by Infrastructure Consultants Engineering, dated March 22, 2024, together with all plan updates, necessary design variation, exceptions, and change orders approved by the Agency." The Sponsor will comply with Aviation Program Assurances.

D. Deliverable(s): Final closeout documents to be uploaded into Jacip.

The project scope identifies the ultimate project deliverables. Deliverables for requisition, payment and invoice purposes will be the incremental progress made toward completion of project scope elements. Supporting documentation will be quantifiable, measurable, and verifiable, to allow for a determination of the amount of incremental progress that has been made, and provide evidence that the payment requested is commensurate with the accomplished incremental progress and costs incurred by the Agency.

E. Unallowable Costs (including but not limited to): Stored material unless prior written approval is obtained from the FDOT.

F. Transit Operating Grant Requirements (Transit Only):

Transit Operating Grants billed as an operational subsidy will require an expenditure detail report from the Agency that matches the invoice period. The expenditure detail, along with the progress report, will be the required deliverables for Transit Operating Grants. Operating grants may be issued for a term not to exceed three years from execution. The original grant agreement will include funding for year one. Funding for years two and three will be added by amendment as long as the grantee has submitted all invoices on schedule and the project deliverables for the year have been met.
