At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

Approval Comments: drobinson@ocalafl.org
The department is approved to piggyback the contract awarded to USSI, LLC by Seminole County, Contract No. IFB-604974-25/LAS for the provision of smoke testing and related work on wastewater gravity sewer systems through May 21, 2028. These services were competitively solicited by Seminole County under Invitation to Bid No. 604974-25/LAS. Five vendors responded and USSI, LLC was found to be the lowest responsible. The award was for a three year term through May 21, 2028 and offers two one-year renewal terms. USSI, LLC, has agreed to extend pricing and services to the City of Ocala under the same terms and conditions as Contract No. IFB-604974-25/LAS. This pricing has been found to be fair and reasonable by Water Resources staff. PLEASE ESTABLISH A MUNIS CONTRACT NUMBER AND ISSUE A REQUEST TO CONTRACTING SO THAT A FORMAL PIGGYBACK AGREEMENT CAN BE PREPARED. IF THE DEPARTMENT ANTICIPATES SPENDING MORE THAN $50,000 WITH THE VENDOR BEFORE THE EXPIRATION OF THE CONTRACT TERM (may 21, 2028), THEN THE CONTRACT NEEDS TO BE PLACED ON A COUNCIL AGENDA. PLEASE ENSURE THAT THIS EXCEPTION APPROVAL IS ATTACHED TO THE MUNIS CONTRACT, CONTRACT REQUEST, AND AGENDA ITEM (IF ANY).

CONTRACTOR is also bound by all requirements as contained in the solicitation package, all addenda to this package, and CONTRACTOR's

submission in response to this solicitation. Required materials and services will be specifically enumerated, described, and depicted in the Purchase Orders authorizing purchase of specific materials and services. This Agreement standing alone does not authorize the purchase of materials and services or require COUNTY to place any orders for work.

Section 2. Term. This Agreement takes effect on the date of its execution by COUNTY and continues for a period of three (3) years. At the sole option of COUNTY, this Agreement may be renewed for two (2) successive periods not to exceed one (1) year each. Renewals are wholly contingent on the availability of funds. Expiration of the term of this Agreement will have no effect upon Purchase Orders issued pursuant to this Agreement and prior to the expiration date. Obligations entered by both parties under such Purchase Orders will remain in effect until delivery and acceptance of the materials authorized by the respective Purchase Order. The first three (3) months of the initial term are considered probationary. During the probationary period, COUNTY may immediately terminate this Agreement at any time, with or without cause, upon written notice to CONTRACTOR.

Section 3. Authorization for Materials and/or Services. Authorization for provision of materials and services by CONTRACTOR under this Agreement must be in the form of written Purchase Orders issued and executed by COUNTY. A sample Purchase Order is attached as Exhibit B. Each Purchase Order will describe the materials and services required, state the dates for delivery of materials and services, and establish the amount and method of payment. The Purchase Orders must be issued under and incorporate the terms of this Agreement. COUNTY makes no covenant or promise as to the number of available Purchase Orders or that CONTRACTOR will perform any Purchase Order for COUNTY during the life of this Agreement. COUNTY reserves the right to contract with other parties for the services contemplated by this Agreement when it is determined by COUNTY to be in the best interest of COUNTY to do so.

Section 4. Time for Completion. The materials and services to be provided by CONTRACTOR will be delivered, as specified in such Purchase Orders as may be issued under this Agreement, within the time specified in the Purchase Order.

Section 5. Compensation. COUNTY shall compensate CONTRACTOR for the materials and services provided for under this Agreement on a Fixed Fee basis at the rates as outlined in Exhibit C. When a Purchase Order is issued on a Fixed Fee basis, then the applicable Purchase Order Fixed Fee amount will include any and all reimbursable expenses and will be based on the unit pricing attached to this Agreement, or as reduced in the quoting process leading to specific Purchase Orders.

Section 6. Payment and Billing.

(a) CONTRACTOR shall supply all materials and services required by the Purchase Order, but in no event will CONTRACTOR be paid more than the negotiated Fixed Fee amount stated within each Purchase Order.

(b) For Purchase Orders issued on a Fixed Fee basis, CONTRACTOR may invoice the amount due based on the percentage of total Purchase Order materials and services actually provided, but in no event may the invoice amount exceed a percentage of the Fixed Fee amount equal to a percentage of the total services actually completed.

(c) COUNTY shall make payments to CONTRACTOR when requested as materials and services are provided, but not more than once monthly. Each Purchase Order will be invoiced separately. At the close of each calendar month, CONTRACTOR shall render to COUNTY an itemized invoice, properly dated, describing any materials and services provided, the cost of the materials and services provided, the name and address of CONTRACTOR, Purchase Order Number, Contract Number, and any other information required by this Agreement.

(e) Upon review and approval of CONTRACTOR's invoice, COUNTY shall pay CONTRACTOR the approved amount in accordance with the terms as set forth in Chapter 218, Part VII, Florida Statutes.

Section 7. General Terms of Payment and Billing.

(a) Upon satisfactory delivery of materials and services required under this Agreement and upon acceptance of the materials and services by COUNTY, CONTRACTOR may invoice COUNTY for the full amount of compensation provided for under the terms of this Agreement less any amount already paid by COUNTY.

will be used to calculate final payment to CONTRACTOR. Performance of this audit will not delay final payment as provided by subsection (a) of this Section.

(c) CONTRACTOR shall maintain all books, documents, papers, accounting records, and other evidence pertaining to materials and services provided under this Agreement in such a manner as will readily conform to the terms of this Agreement. CONTRACTOR shall make such materials available at CONTRACTOR's office at all reasonable times during the term of this Agreement and for five (5) years from the date of final payment under the contract for audit or inspection as provided for in subsection (b) of this Section.

(d) In the event any audit or inspection conducted after final payment but within the period provided in paragraph (c) of this Section reveals any overpayment by COUNTY under the terms of the Agreement, CONTRACTOR shall refund such overpayment to COUNTY within thirty (30) days of notice by COUNTY.

Section 8. No Waiver by Forbearance. COUNTY's review of, approval and acceptance of, or payment for the materials or services required under this Agreement does not operate as a waiver of any rights under this Agreement, or of any cause of action arising out of the performance of this Agreement. CONTRACTOR is and will always remain liable to COUNTY in accordance with applicable law for any and all damages to COUNTY caused by CONTRACTOR's negligent or wrongful provision of any of the materials or services provided under this Agreement.

Section 9. Termination.

(a) COUNTY may, by written notice to CONTRACTOR, terminate this Agreement or any Purchase Order issued under this Agreement, in whole or in part, at any time, either for COUNTY's convenience or because of the failure of CONTRACTOR to fulfill its obligations under this Agreement. Upon receipt of such notice, CONTRACTOR shall immediately discontinue all services affected, unless the notice directs otherwise, and deliver to COUNTY all

data, drawings, specifications, reports, estimates, summaries, and any and all such other information and materials of whatever type or nature as may have been accumulated by CONTRACTOR in performing this Agreement, whether completed or in process.

(b) If the termination is for the convenience of COUNTY, CONTRACTOR will be paid compensation for services performed to the date of termination.

(c) If the termination is due to the failure of CONTRACTOR to fulfill its obligations under this Agreement, COUNTY may take over the work and carry it to completion by other agreements or otherwise. In such case, CONTRACTOR will be liable to COUNTY for all reasonable additional costs associated with CONTRACTOR's failure to fulfill its obligations under this Agreement.

(d) CONTRACTOR will not be liable for such additional costs if the failure to perform the Agreement arises without any fault or negligence of CONTRACTOR, but CONTRACTOR will be responsible and liable for the actions by its subcontractors, agents, employees, persons, and entities of a similar type or nature. Matters beyond the fault or negligence of CONTRACTOR include acts of God or of the public enemy, acts of COUNTY in its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather, but in every case the failure to perform must be beyond the control and without any fault or negligence of CONTRACTOR.

(e) If after notice of termination for CONTRACTOR's failure to fulfill its obligations under this Agreement it is determined that CONTRACTOR had not so failed, the termination will be conclusively deemed to have been effected for the convenience of COUNTY. In such event, adjustment in the Agreement price will be made as provided in subsection (b) of this Section.

(f) The rights and remedies of COUNTY provided for in this Section are in addition and supplemental to any and all other rights and remedies provided by law or under this Agreement.

Section 10. Conflict with Contract Documents. Wherever the terms of this Agreement conflict with any Purchase Order issued pursuant to it or any other contract documents, including bids or proposals previously submitted by CONTRACTOR, this Agreement will prevail. For the avoidance of doubt, bid/proposals and any other documents submitted by CONTRACTOR are not incorporated into this Agreement, unless expressly stated otherwise.

Section 11. Equal Opportunity Employment. CONTRACTOR shall not discriminate against any employee or applicant for employment for work under this Agreement because of race, color, religion, sex, age, disability, or national origin. CONTRACTOR shall take steps to ensure that applicants are employed and employees are treated during employment without regard to race, color, religion, sex, age, disability, or national origin. This provision includes, but is not limited to the following: employment, upgrading, demotion or transfer, recruitment advertising, layoff or termination, rates of pay or other forms of compensation and selection for training including apprenticeship.

Section 12. No Contingent Fees. CONTRACTOR warrants that it has not employed or retained any company or person other than a bona fide employee working solely for CONTRACTOR to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for CONTRACTOR, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from award or making of this Agreement. For the breach or violation of this provision, COUNTY will have the right to terminate the Agreement at its sole discretion without liability and

to deduct from the Agreement price or otherwise recover the full amount of such fee, commission, percentage, gift, or consideration.

Section 13. Conflict of Interest.

(a) CONTRACTOR shall not engage in any action that would create a conflict of interest in the performance of its obligations pursuant to this Agreement with COUNTY or violate or cause others to violate the provisions of Chapter 112, Part III, Florida Statutes, relating to ethics in government.

(b) CONTRACTOR hereby certifies that no officer, agent, or employee of COUNTY has any material interest (as defined in Section 112.312(15), Florida Statutes, as over 5%), either directly or indirectly, in the business of CONTRACTOR to be conducted under this Agreement and that no such person will have any such interest at any time during the term of this Agreement.

Section 14. Assignment. Neither this Agreement nor any interest in it may be assigned, transferred, or otherwise encumbered under any circumstances by either party without prior written consent of the other party and in such cases only by a document of equal dignity with this Agreement.

Section 15. Subcontractors. CONTRACTOR shall first secure the prior written approval of COUNTY before engaging or contracting for the services of any subcontractors under this Agreement. CONTRACTOR will remain fully responsible to COUNTY for the services of any subcontractors under this Agreement.

Section 16. Indemnification of COUNTY. To the fullest extent permitted by law, CONTRACTOR shall hold harmless, release, and indemnify COUNTY, its commissioners, officers, employees, and agents from any and all claims, losses, damages, costs, attorney fees, and lawsuits for damages arising from, allegedly arising from, or related to CONTRACTOR's provision of materials or services under this Agreement caused by CONTRACTOR's act or

omission in the performance of this Agreement. This provision is not to be construed as a waiver by COUNTY of its sovereign immunity, except to the extent waived pursuant to Section 768.28, Florida Statutes, as this statute may be amended from time to time.

Section 17. Insurance.

(a) CONTRACTOR, at its sole expense, shall maintain the insurance required under this Section at all times throughout the duration of this Agreement and have this insurance approved by COUNTY's Risk Manager with the Resource Management Department. CONTRACTOR shall immediately provide written notice to the COUNTY upon receipt of notice of cancellation of an insurance policy or a decision to terminate an insurance policy.

(1) CONTRACTOR shall require and ensure that each of its sub-vendors or subcontractors providing services under this Agreement, if any, procures and maintains insurance of the types and to the limits specified in this Agreement until the completion of their respective services.

(2) Neither approval by COUNTY nor failure by COUNTY to disapprove the insurance furnished by CONTRACTOR will relieve CONTRACTOR of its full responsibility for liability, damages, and accidents.

(3) Neither COUNTY's review of the coverage afforded by or the provisions of the policies of insurance purchased and maintained by CONTRACTOR in accordance with this Section, nor COUNTY's decisions to raise or not to raise any objections about either or both, in any way relieves or decreases the liability of CONTRACTOR.

(4) If COUNTY elects to raise an objection to the coverage afforded by or the provisions of the insurance furnished, then CONTRACTOR shall promptly provide to COUNTY such additional information as COUNTY may reasonably request, and CONTRACTOR shall remedy any deficiencies in the policies of insurance within ten (10) days.

(5) COUNTY's authority to object to insurance does not in any way whatsoever give rise to any duty on the part of COUNTY to exercise this authority for the benefit of CONTRACTOR or any other party.

(b) General Requirements.

(1) Before commencing work, CONTRACTOR shall furnish COUNTY with a current Certificate of Insurance on a current ACORD Form signed by an authorized representative of the insurer evidencing the insurance required by this Section and Exhibit D. **The Certificate must have the Agreement number for this Agreement clearly marked on its face**, and including the following as Certificate Holder:

The County reserves the right to specify deliverable format conducive to County specific reporting standards. Should the county require specific deliverables, the County will provide format for Contractor to utilize, or County and Contractor can develop desired deliverables based on metrics agreed upon between both parties.

SECTION 2. SEALING MANHOLE CHIMNEYS

The work covered under this section includes, but is not limited to, all labor, equipment, materials, supervision and any other efforts required to seal the manhole chimney as outlined herein. The chimney includes the ring, cement extensions, lift rings, brick or cement used to raise the manhole ring.

The chimney seal shall be installed using ElastaSeal® internal manhole sealing system or equivalent as approved by the Engineer (approval will be based on parameters below and installed experience in the southeastern United States) that specifies a primer material to stick to the concrete, and a flexible seal. The seal is to be of an aramid fiber reinforced flexible, but resistant, material to account for surface loading changes that create most chimney damage. The sealing materials shall have the following parameters:

Primer coat:

- Specific gravity > 1.0
- >90 % solids as measured by ASTM D2369
- Elongation 650 +/- 50 as measured by ASTM D412
- Adhesive strength > 700 psi on steel or concrete as measured by Eclometer 109
- Tensile strength = 3200 +/- 50 psi as measured by ASTM D412
- Tear resistance =325 +/- IO psi as measured by ASTM D624
- Nonflammable as measured by ASTM D-93 in a Pensky-Martens closed cup
- Temperature Range -65 to 200 F
- Minimal water absorption capacity (<0.5%)

Topcoat:

- Specific gravity> 1.0
- >99 % solids as measured by ASTM D2369
- As applied, solids greater than 70%
- Ultimate Elongation equal to or greater than 850% +/- 50 as measured by ASTM D412
- Elongation as applied equal to or greater than 325% +/- 10 as measured by ASTM D412
- Adhesive strength> 700 psi on steel or concrete as measured by Eclometer 109
- Tensile strength = 2300 +/- 50 psi as measured by ASTM D412
- Tear resistance =345 +/- 10 psi as measured by ASTM D624

- Contractor shall document each case of improper entry or damage to the collection system and provide a report which will include the physical address, GPS coordinates, a detailed map indicating the breach point and include photographic proof of same to the County.

Preparations

- Smoke testing of all collections systems may affect occupants of buildings connected to the line being tested. Factors such as defects in the sewer system of buildings, dry traps, defective wax beneath toilets, terminated vents or breaks, missing or unsealed cleanouts of any kind will cause smoke to enter the building. It is imperative to avoid a public relations problem caused by panic or alarm if workers or residents suddenly see smoke in their building.
- Adequate preparation plus notification of all residents by door hanger a minimum of 72 hours in advance of smoke testing shall be the responsibility of the Contractor. All customer notification material must be presented to the Utility for acceptance prior to use.
- It shall be the responsibility of the Contractor to provide adequate notification to the fire department, police department and emergency services of the anticipated smoke testing schedule and to notify the departments at the start of each day in an area to avoid the departments diverting their attention to false alarms caused by smoke testing.
- It shall be the responsibility of the Contractor to ensure that all operators who participate in the smoke testing be fully trained and briefed in the handling of residents and business owners who discover smoke in their buildings or in their yards.
- It shall be the responsibility of the contractor to assure that all operators involved in smoke testing be trained that any smoke in a building is an indication of sewer gases from the sewer entering the building and to advise the homeowner that immediate action to correct the problem is needed for the health and safety of the building occupants.
- The County reserves the right to require contractor to coordinate some or all public communications with the County's Public Information Office or other designated body specified by the County.

Operation

At the start of each operation, the smoke blower will be located over the manhole. (Smoke testing shall not be conducted on windy or wet days). The blower will be started, and liquid smoke will be deployed. Smoke bombs are not to be used. As soon as the liquid smoke has been blown into the manhole, the operators and recorders shall be instructed to move out according to prearranged plans to canvas the area affected by the smoke testing. Observers will look for smoke rising from the ground that may indicate:

- The sources of entry into the collection system of surface waters (surface inflow) on both public and private property. This includes catch basins, storm sewer or irrigation.
- The sources of entry into the collection system of illegal connections on both public and private property such as downspout connections or industrial connections, yard drains, or cooling water.
- The sources of entry into the collection system due to broken or missing cleanouts.
- Lost manholes
- Brakes in the main sewers or laterals that leach to the surface

Observers will pay particular attention to smoke rising around the foundation of the house where the service pipe likely enters the building.

Recording
Contractor shall employ electronic means to document each case of improper entry or damage to the collection system. These electronic means shall embed the collected information directly into the file of each defect to avoid recording errors.

As a minimum, smoke testing observations will include:

- Wastewater lift station basin identifier
- The street address
- GPS coordinates of observation
- A digital photograph illustrating the observation (minimum of 5 megapixel)
- Specific notes to permit follow-up activity (source, reason, location)
- Type of break ("lateral", "manhole", "main")
- Ring & Cover Break ("broken", "alignment", " missing", "seating")
- Lateral Break ("open" or "broken")
- Material Type of Cleanout
- Size of Cleanout (diameter)
- Private or Public

The contractor shall locate the observations along with the recorded information on a detailed map and report to the Utility. Locations and call outs for each defect shall be included on the map. Paint a mark on the street, using green temporary marking chalk, to assist the Utility in finding defects for follow-up activity.

Reports will be provided to the Utility no later than five (5) business days from the completion of any given section or basin. Reports will be provided in hardcopy and electronic format.

Smoke Test Result Reporting
Contractor shall document each case of improper entry or damage to the collection system and provide best case estimate as to the flow and cost incurred by the Utility because of the defect. To accomplish this, the observers will:

- Record the type of defect
- Record the severity of the defect
- Record the topography influencing the defect
- Record the volumes of smoke emanating from the defect

Contractor shall apply the recorded information to generate a detailed report to the Utility which will:

- Estimate the number of gallons entering the various defects per one-inch rain fall
- Estimate the number of gallons entering the smoked area per one-inch rain fall
- Estimate the cost to process the inflow entering the various defects per one-inch rain fall
- Estimate the cost to process the inflow entering the smoked area per one-inch rain fall

Provide a detailed estimate of the percentage of inflow and cost to process the inflow, broken down into four categories:

- Lift station
- Chimney Sections
- Ring and Cover
- Laterals

SECTION 5. INSTALLATION OF CLEANOUT CAPS

The work covered under this section includes, but is not limited to all labor, equipment, materials, supervision and any other efforts required to replace cleanout caps where necessary within the Utility's control.

Minor cleanout repairs, limited to replacement of missing or broken cap, coupling or riser (limited to 12" below grade) can be performed by the Contractor provide the homeowner agrees and signs a release. It is expected that the Contractor will attempt to notify the homeowner and acquire approval to perform the repairs (limited to those identified above).

Where applicable, these locations shall be correlated to smoke test observation locations.

SECTION 6. INSTALLATION OF CLEANOUT PLUG (Optional Activity)

The Utility may elect to install cleanout plugs, in lieu of cleanout caps. The County's representative will make this decision based on the potential for repeated damage to cleanout caps resulting in continued inflow into the collection system.

The work covered under this section includes, but is not limited to all labor, equipment, materials, supervision and any other efforts required to install LDL® or equivalent plugs in the broken or open cleanouts within the Utility's control during smoke testing.

The plug shall be an LDL® Clean-Out Plug or equivalent consisting of the following:

- Plug body shall be molded, one-piece, synthetic urethane polymer material designed to align and seal cleanout.
- Inner seal of plug shat 1 consist of a PVC material fabricated with an internal tapered, beveled seat with a thickness of .187 in and overall height of 1.25 in.
- Plug will not permit gases to escape past it.
- Plug will not permit sewage to flow past it.
- Plug will be removable by utility crews from the surface using embedded hardware molded into the plug body with a corrosion resistant material
- Retrieval hasp and hardware shat I be made of corrosion resistant material and shall protrude at least one inch above the plug body and have a thickness of0. I 87 in.
- Plug shall have embedded steel to permit surface detection by metal detector.

Installation

- Remove cleanout cap (broken or otherwise).
- Contractor shall wipe all cleanouts to remove soil and moisture from the interior of cleanout stack. All loose materials shall be removed by Contractor as they would interfere with plug.
- Contractor will scuff the interior of stack with a file hone.
- Swab interior scuffed area with PVC cleaner.
- Swab exterior of inner seal ring of plug with PVC cleaner.
- Apply PVC glue to interior walls of cleanout and exterior of inner seal ring of plug.
- With surface tools, slide inner seal ring into appropriate point in cleanout. Align with depth gauge installation tool. Twist to glue in place.
- Let cure for 60 seconds.
- Install plug.

NOTE: If the clean-out stack is in such a state of disrepair that it cannot accommodate the proper installation of the cleanout plug, the Contractor shall make a notation in the comment section of the smoke testing report to provide the Utility the opportunity to repair or replace it.

Where applicable, these locations shall be correlated to smoke test observation locations.

SECTION 7. REPORT

The Contractor shall furnish all items (labor, equipment, materials and supervision) necessary to complete a project report. The project report will provide the Utility with a record of work completed and observations made throughout the project. A spreadsheet containing the following will be provided as part of the report:

Manholes

Cleanouts (included for all requiring cap replacement)

- Depth and condition of the cleanout, noting any invasion of roots in service line or damage

The Utility shall provide a map of the collection system within the project area. The map will label each manhole and sewer cleanout with a unique identifier. This identifier shall be used to reference to work performed and observations made.

SECTION 8. LIFT STATION BASIN INFILTRATION INVESTIGATION

Conduct field investigation to determine the volume of infiltration entering the collection system through structural defects. Identify gravity mains for follow-up CCTV based on upstream and downstream manhole water levels and estimated flow rates. Investigations should be performed during periods of low use - as defined by the Utility's diurnal curves.

Methodology to be used for the investigation shall be documented and followed. Observed data used to reach conclusions or make recommendations must be provided in the report. Recommendation provided in the report should be prioritize in order of significance.

SECTION 9. EXCEPTIONS

It is the intent of Seminole County to have specific processes completed within this project scope to a standard acceptable to the County. Due to the standard requested, some specific products or processes are outlined in this scope. FORMAL TITLE:
Third amendment to the Agreement for Legal Services with Allen, Norton & Blue, P.A., extending the contract for an additional three year term in an amount not to exceed $150,000

OCALA'S RELEVANT STRATEGIC GOALS:
Fiscally Sustainable

PROOF OF PUBLICATION:
N/A

BACKGROUND:
On March 9, 2021, the City of Ocala entered into an Agreement for Legal Services - Employment and Labor Law (Contract No. HUM/210096) with Allen, Norton & Blue, P.A. to provide legal counsel, representation, and advice on employment and labor matters, including collective bargaining, disciplinary appeals, and other labor-related litigation.

The Agreement was effective for an initial term of one year through March 1, 2022, and offered additional renewals upon the mutual consent of the parties. The agreement was subsequently extended for a three-year term through March 1, 2025.

The parties now desire to extend the Agreement for an additional three-year term through March 1, 2028, with an aggregate expenditure threshold of $150,000 for the renewal period.

FINDINGS AND CONCLUSIONS:
Renewing this Agreement will ensure the City maintains consistent, specialized legal representation to support ongoing labor relations, contract negotiations, grievance resolution, and employment-related compliance. Continuity of services through Allen, Norton & Blue, P.A., ensures institutional knowledge and efficiency in managing active and anticipated labor issues.

Staff recommends approval.

FISCAL IMPACT:
Total expenditures under this amendment shall not exceed $150,000 for the period March 2, 2025 - March 1, 2028. Funding is budgeted in 001-015-015-513-51-31020.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. FORMAL TITLE (Motion Ready):
Renewal of five-year Lytx DriveCam hardware lease and product subscription in an amount not to exceed $1,010,160

OCALA'S RELEVANT STRATEGIC GOALS:
Fiscally Sustainable, Operational Excellence

PROOF OF PUBLICATION:
NA

BACKGROUND:
The City of Ocala implemented a video-based fleet safety program in 2017, which was fully deployed to all City vehicles, excluding those of the Ocala Police Department. The Lytx Driver Safety Program utilizes dashboard-mounted event recorders that capture 12-second video clips triggered by specific events, including hard braking, speeding, or collisions. Lytx analysts review the footage to identify unsafe driving behaviors (e.g., distracted driving, following too closely, non-use of seatbelts), allowing supervisors to coach and correct unsafe practices proactively.

Lytx has developed advanced video telematics technology designed to enhance driver safety, improve fleet performance, and facilitate operational oversight. The latest SF400 event recorder offers enhanced video resolution, dual wide-angle lenses, night vision capability, increased data storage, and integrated machine vision and artificial intelligence (MV+AI) features. The upgraded platform supports several premium safety and compliance features, including fatigue detection, dynamic weather risk scoring, facial recognition driver identification, and consent management tools that enable compliance with emerging privacy regulations.

FINDINGS AND CONCLUSIONS:
The City's existing Master Purchase Agreement with Lytx, Inc. (Contract No. HUM/210121) is active through September 30, 2026, and currently covers 488 in-cab camera units. Of these, 41 vehicles are equipped with the newer SF400 models. To maintain full compatibility with Lytx's evolving AI-driven platform and access to future feature updates, the remaining 447 units must be upgraded from SF300 models to SF400 devices.

Lytx's 2025 product roadmap includes significant enhancements that will only be available on the SF400

platform, including:

- Facial recognition and consent management
- High-quality video with expanded storage options
- Fatigue detection and dynamic weather risk scoring
- Enhanced coaching dashboards and safety recognition tools
- Driver self-coaching mobile application

Lytx has confirmed that new tariff rates will take effect on December 1, 2025, resulting in increased per-unit costs for equipment orders placed after that date.

Staff recommends approval of the renewal and upgrade before that deadline to preserve the quoted rate of $34.50 per unit per month, as detailed in the November 6, 2025, renewal quote. The renewal term will expire on February 28, 2031.

FISCAL IMPACT:
The five-year renewal continues service for 488 vehicles at a rate of $34.50 per unit per month, inclusive of the Driver Safety Program, Fleet Tracking, High-Quality Video, and Facial Recognition with Consent Management. The total annual expenditure is approximately $202,032, with a cumulative total of $1,010,160 over the five years. This represents an increase of roughly $148,742 compared to the prior five-year contract total of $861,417.60, reflecting the addition of safety, compliance, and AI-driven capabilities. Funding will be allocated through departmental operating budgets in accordance with approved procurement procedures.

PROCUREMENT REVIEW:
These goods and services were procured in compliance with the City's procurement policy.

LEGAL REVIEW:
The agreement will be reviewed and approved as to form and legality by City Attorney William E. Sexton prior to execution.

ADDENDUM TO

MASTER PURCHASE AGREEMENT

(Facial ID and Consent Management)

Lytx, Inc. ("**Lytx**") and City of Ocala have entered into a Master Purchase Agreement, Order Terms, or similar agreement, dated on or about February 5, 2021 (the "**Agreement**"). The parties desire to supplement the Agreement with the terms and conditions set forth in this Addendum to Master Purchase Agreement ("**Addendum**"). Capitalized terms used herein and not otherwise defined shall have the meanings given them in the Agreement.

1. Facial ID and Consent Management. Client has elected to enable Lytx's Facial ID and Consent Management service, a camera-based driver identification solution using facial recognition technology for identifying and assigning drivers in the Lytx Services (the "**Facial ID Service**"). Lytx's Facial ID Service is not available in the state of Illinois and is not permitted to be used for drivers under age eighteen. Lytx's Biometric Information Privacy Policy (Lytx Biometric Information Privacy Policy) applies to the Facial ID Service. Client acknowledges and agrees that the Facial ID Service activation will not occur unless or until Client has obtained all necessary consents and certified same to Lytx.

2. Client Obligations. Client acknowledges that it is aware of all applicable federal, state, and local laws (collectively, "**Applicable Laws**") governing the use of this feature. Client further agrees that it, and not Lytx, is solely responsible for providing any necessary notices to, and/or obtaining all necessary consents from its vehicle drivers for the collection and processing of video, biometric and/or other Data processed by Lytx to perform the Facial ID Service which may be required under Applicable Law. Client understands and agrees that, as a condition to using the Facial ID Service, Client is required to use Lytx's Consent Management service (unless otherwise approved by Lytx in writing). Client understands and agrees that failure to do so may result in a delay or interruption of the Facial ID Service, and that such subscriptions shall remain billable and no refunds shall apply in such event. Client represents and warrants to Lytx that the Client's use of the Facial ID Service will not violate any Applicable Laws.

3. Disclaimers. Lytx does not guarantee that it will be able to accurately identify a driver though Client's use of the Facial ID Service, and Client shall remain ultimately responsible for accurately identifying drivers and any damages resulting from the failure to do so. While Lytx's Facial ID Service makes available to Client a driver notice and consent form, Client acknowledges and agrees that it remains Client's solely responsibility to determine if such form of notice and/or consent is sufficient to satisfy Client's obligations under Applicable Law. Lytx expressly disclaims any liability arising from or related to Client's compliance with Applicable Law, including without limitation failure to give sufficient notice to, or obtain sufficient consent from, Client's drivers, including as it pertains to the collection of video, biometric and/or other Data. Client shall indemnify and hold Lytx harmless for all claims arising out of Client's use of the Facial ID Service.

4. Effect. The terms and conditions of this Addendum shall become effective as of the date this Addendum is executed by both parties. The Addendum shall supplement the Agreement and its terms and conditions are hereby incorporated by this reference into the Agreement. All other terms of the Agreement shall remain in full force and effect.

All items listed in the Subscription Services box on the preceding page(s) are Managed Services subscriptions under the Agreement.

Invoicing: Renewal Subscriptions billed based on committed quantity are invoiced in advance based on the quantity purchased. Applicable taxes, shipping and handling may apply and shall be paid by Client.

Renewal Subscriptions: In connection with the renewal of an Existing Subscription to a Renewal Subscription, the Existing Subscription price changes to the Renewal Subscription Sales Price on the applicable SSD. Lytx also reserves the right to audit the number of Client's Event Recorders using Renewal Subscriptions, and to the extent such amount exceeds the purchased quantity, Client agrees to pay Lytx for such excess at the applicable rate for such Service. All Renewal Subscriptions shall remain billable through the duration of the Subscription Term (which means both the remaining period from SSD until completion of the number of months listed in the "Term Months from SSD" column, and the renewal period(s) thereafter as described in the Agreement; however, solely for any subscription Services identified as "month-to-month" in the "Term Months from SSD" column, the Subscription Term auto-renews each month for another monthly period unless terminated).

Alliance Subscriptions: The following special terms apply to Lytx Alliance℠ and Lytx Alliance Plus℠ subscriptions: (1) title of the Event Recorder shall remain at all times with Lytx; (2) Client must return the Event Recorder to Lytx in good working condition, reasonable wear and tear excepted, upon expiration of the Subscription Term; (3) the Unreturned Event Recorder Fee in the amount of **$550** per VER shall apply to any Event Recorder that is not returned within 30 days of termination or is returned damaged, or destroyed (reasonable wear and tear excepted); (4) Client shall have care, custody and control of the Event Recorder upon Lytx's delivery to the carrier, through the duration of the Subscription Term and until return of the Event Recorder upon the expiration of the Subscription Term; (5) subject to the warranty provisions of the Agreement and the Event Recorders not having been tampered or damaged by Client, the Warranty Period for the Event Recorders shall be from shipment through the duration of the Subscription Term; (6) such subscriptions are non-transferable, non-cancelable and cannot be terminated early without consent from Lytx; if Client is permitted to terminate early, all payments due through the end of the Subscription Term shall accelerate, and Client agrees to make payment of all remaining payments obligations under the Agreement within 30 days from such termination; and (7) Client agrees to provide Lytx any reasonably requested financial information within 2 weeks of written request by Lytx, in connection with Client's qualification for and participation in these plans. In addition, initial installation services are included with Lytx Alliance Plus subscriptions.

Products: Each video subscription includes access to continual recording, video browse, and video upload and download capabilities, and a total of five (5) minutes of End User-initiated browse, livestream and/or video upload time per month, per subscribed vehicle; video/images selected by Lytx and included in a Service do not count against such minutes. Premium event review and coaching workflow is only available with Driver Safety Program. Certain functionality is dependent on the model of Event Recorder used. Certain functionality is only available as a company-level setting and cannot be configured at a group-level. Lytx does not represent or warrant that all features and functionalities will be available in all jurisdictions. Termination: Any termination shall be effective on the last day of the billing period in which a written termination notice is received by Lytx or such later date specified in the notice. If the cellular network utilized by the Products is no longer available due to retirement or other termination, Lytx reserves the right to terminate the impacted Services, or provide reasonable substitutions to continue Services, without penalty.

Notice: To the extent not exempt, this contractor and its subcontractors shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). Subject: Your policy exception has been approved.
Date: Monday, November 10, 2025 10:38:50 AM

Your policy exception has been **approved**.

Approval Comments: drobinson@ocalafl.org
After speaking with Todd Swanson, HR Director, this exception seeks standardization of the Lytx-brand driver safety camera and software solutions and is approved as best approach. The City of Ocala has utilized Lytx vehicle monitoring system, equipment, and software solutions since 2012. The City of Ocala has an ongoing need for a vehicle monitoring system to help reduce claims costs through identifying areas where additional training and/or education are needed and by changing driving behaviors to prevent accidents before they occur. The City of Ocala currently has 488 units installed across its fleet. System upgrades are now required to include cameras which offer facial recognition and higher quality video. It is in the City's best interest to utilize Lytx brand products throughout the organization for performance, consistency, and compatibility. Lytx has offered the City of Ocala competitive pre-tariff pricing for the upgrade project. The request for standardization is approved and is valid for a period of ten (10) years from today. PLEASE CREATE A MUNIS CONTRACT SO THAT PURCHASES FOR THE UPGRADE PROJECT CAN BE EFFECTIVELY TRACKED THROUGH THE END OF THE RESULTING CONTRACT TERM. PLEASE ENSURE THAT THIS EXCEPTION REQUEST IS ATTACHED TO THE MUNIS CONTRACT. IF YOU ANTICIPATE THAT EXPENDITURES UNDER THIS CONTRACT WILL EXCEED $50,000, PLEASE SCHEDULE FOR A COUNCIL AGENDA.

Dear Richard,

Since our last tariff-related communication to you, import tariffs have increased again, adding to the costs we incur on incoming goods.

As part of our ongoing commitment to transparency and keeping you informed, we want to let you know that we anticipate that starting with orders placed on December 1st, updated tariff rates will be charged. This reflects our current inventory, which includes goods for which we have already paid these increased tariffs.

Please know that we have made every effort to minimize the impact of these changes. However, the magnitude of the tariff increases leaves us with no other viable option to maintain the quality and availability of the products and services you depend on to protect your most valuable assets in motion: your people, your equipment, and your reputation.

As there could be changes at any time, we will send another communication one month before the new tariff charges go into effect, to help you prepare.

Should you have any questions, please do not hesitate to contact your account representative or our customer support team.

Thank you for your continued partnership. We appreciate your understanding and support.

Yours in Safety,

Lytx Client Success

Service Offering Addendum(s) (and any schedules thereto); and

Purchase Orders, if applicable.

In the event of any conflict between the provisions of the above listed documents, unless expressly stated otherwise, the documents shall control in the following order: this Agreement first; the applicable Service Offering Addendum(s) second; any schedules to such Addendum(s) third; and a Purchase Order fourth.

2.2 Product Sale and Purchase. Subject to the terms and conditions of this Agreement, Lytx shall sell to Client and Client shall purchase from Lytx the Products and Services specified in a Purchase Order accepted by Lytx. Subject to Lytx's receipt of Client's prior written consent, which shall not be unreasonably withheld, Lytx may, for reasons of availability, substitute alternative associated Hardware (but not VERs) to that specified in a Purchase Order; provided that such alternative Hardware is functionally the same, in all material respects, as the ordered Hardware. Any subscription Services include online standard report creation capabilities only. If Client requests additional or specialized reports and/or programming, Client shall pay Lytx additional fees as mutually agreed by the parties.

3. ORDERS; DELIVERY; IMPLEMENTATION

3.1 Order; Acceptance; Change. Client shall initiate all purchases under this Agreement by submitting Purchase Orders to Lytx, which are subject to Lytx's acceptance. Upon acceptance by Lytx, all Purchase Orders are binding and non-cancelable, except that Purchase Orders may be canceled, rescheduled, or amended with Lytx's prior written approval and subject to payment of any additional fees mutually agreed by Lytx and Client.

3.2 Delivery. All items shall be delivered to the carrier F.C.A. Lytx's designated shipping place. Doc ID: eff9d0a6159906cc145b8e0b75ed744bd4a78981

hereunder, title to the Products shall remain at all times with Lytx. Unless otherwise instructed in writing by Client in the Purchase Order, Lytx shall select the carrier. All freight, insurance, and other shipping related expenses, including but not limited to Taxes and duties, shall be paid by Client. Within fifteen (15) days after delivery of any Hardware to Client or its designee (including any third party purchaser of Client) hereunder, Client must provide Lytx with written notice of any discrepancy between the applicable Purchase Order and the shipment delivered.

3.3 Installation of Products. If installation services are included in a Purchase Order, Lytx shall use commercially reasonable efforts to install the Products. Client shall provide Lytx a safe, designated installation area protected from environmental hazards. Client shall provide Lytx with reasonable cooperation, including, without limitation, accurate information about vehicle types, and access to all necessary Client personnel, facilities and equipment (including the Products) for the purpose of performing its obligations hereunder. Any Lytx installation services provided hereunder shall be subject to a mutually agreed installation schedule. Client shall be responsible for ensuring availability of vehicles and Hardware (subject to supply by Lytx) and access to installation site on agreed installation date, and shall comply with all reasonable instructions related to the installation. No refunds shall apply for Lytx's failure to complete an installation due to vehicle or Hardware unavailability, lack of advance notice of accurate vehicle information, or lack of access to installation site on agreed installation date. If the implementation schedule is delayed, extended or rescheduled at Client's request (in each case, with less than seven (7) days prior written notice to Lytx), Client's failure to provide Lytx access to vehicles, facilities and/or necessary equipment or any other reason caused by Client, Client agrees to reimburse Lytx for any costs (including labor costs, travel, food, lodging, extra shipping fees and other project specific costs) and cancellation fees incurred by Lytx as a result of such change. Client shall be responsible for approving the installation placement and technique on the initial Hardware for each major vehicle type (First Article Installation), including compliance with applicable laws. Such approval shall constitute authorization for Lytx to proceed with installation of remaining Hardware using the Client-approved placement and technique. If installation services are not purchased by Client hereunder, Client assumes any and all liability resulting from such installation of Products, including, without limitation, liability resulting from failure to use a properly trained technician or failure to use proper installation tools. Lytx expressly disclaims any and all responsibility for any damages arising out of improper installation and maintenance of any Hardware not installed by, or on behalf of, Lytx. Client shall defend, indemnify and hold Lytx and its officers, directors, agents, subcontractors and employees harmless from all damages, liabilities, costs and expenses (including, without limitation, reasonable attorneys' fees) resulting from installation or maintenance of the Products by a party other than Lytx or its representatives.

3.4 Client Assistance and Action Items. Client shall use commercially reasonable efforts to ensure that all personnel installing or using any Products and/or Services receive appropriate training, are familiar with the Products and the Services, and are qualified to carry out their duties and responsibilities. Client acknowledges and agrees that Lytx's provision of the Services depends on the full and timely cooperation of the Client and its employees, contractors and agents. Client shall, and shall use commercially reasonable efforts to cause its employees, contractors and agents to, comply with all instructions from Lytx relating to deployment of the Products and Services and provide in a timely manner and at no cost to Lytx, assistance, cooperation, information, and feedback, as well as access to Client personnel, data, facilities and equipment, reasonably necessary to enable Lytx to perform its obligations hereunder. Client acknowledges that Lytx's ability to perform its obligations under this Agreement may be affected if Client does not comply with its obligations under this section.

4. PRICING AND PAYMENTS

Subject to the terms hereof, Client will pay Lytx the Fees for the Products and Services set forth in the governing Purchase Order and any and all applicable Taxes. Subject to Client establishing and maintaining a credit status satisfactory to Lytx, all Fees will be due and payable in U.S. dollars (or as otherwise specified in a Purchase Order, for sales outside the U.S.), within thirty (30) days after the date indicated on Lytx's invoice(s). Unpaid invoices are subject to a finance charge of 1.5% per month on any outstanding balance, or the maximum permitted by law, whichever is lower. Client shall be responsible for all Taxes associated with the Products and Services other than U.S. taxes based on Lytx's net income. Client shall be responsible for all costs and expenses (including without limitation reasonable attorney fees and expenses) incurred by Lytx in connection with any collection actions in which Lytx is the prevailing party. If Client disputes an invoiced amount, it shall deliver written notice thereof to Lytx within fifteen (15) days from its receipt of the invoice and shall also, within thirty (30) days from the date of receipt of the invoice, pay all undisputed portions thereof pending resolution of the disputed amounts. Lytx shall provide Client with any backup or other information which supports the accuracy of the disputed invoice. Upon receipt thereof, Client shall have fifteen (15) days to examine such information and pay Lytx the portion of the disputed invoice that is no longer in dispute. Thereafter, if any dispute remains with respect to an invoiced amount, Client and Lytx shall immediately enter into good faith negotiations to resolve the dispute.

5. COMMENCEMENT; TERMINATION

This Agreement shall commence on the Effective Date and remain in effect until delivery of all Products and expiration of all Services to be provided hereunder, unless earlier terminated as provided herein. Either party may immediately terminate this Agreement upon written notice if: (i) the other party commits any material breach of this Agreement that is not remedied within thirty (30) days following receipt of written notice thereof from the non-breaching party; (ii) a receiver is appointed for the other party or its assets; (iii) the other party makes a general assignment for the benefit of its creditors; (iv) the other party commences, or has commenced against it, proceedings under any bankruptcy, insolvency, or debtor's relief law, which proceedings are not dismissed within one hundred and twenty (120) days; or (v) the other party is liquidated or dissolved, other than in a corporate reorganization in which the ongoing business of such liquidated or dissolved party shall be continued by substantially the same ownership and management as existed prior to such liquidation or dissolution. All Software licenses granted and all Services provided hereunder shall terminate upon termination or expiration of this Agreement. The following Sections shall survive termination or expiration of this Agreement: 1, 2.1, 4, 6, 7.4, and 8 through 17 (inclusive). Upon termination, any outstanding amounts due hereunder shall be paid to Lytx by Client within thirty (30) days from such termination, and Lytx shall have no obligation to return any undisputed amounts previously paid by Client to Lytx.

6. TRIAL PRODUCTS AND SERVICES

Any trial Products or Services provided hereunder are provided only for the trial period specified in the applicable Purchase Order. Title to the trial Products shall remain at all times with Lytx. 7. SOFTWARE

7.1 License. Subject to the terms of this Agreement, to the extent such Services are purchased hereunder, Lytx grants Client a nonexclusive, nontransferable license to access and use the online web-based portal for the Services for Client's internal fleet management purposes only, without the right to sublicense such rights, provided Client unconditionally agrees to access and use the Software and Services strictly in accordance with the Documentation, any terms of use posted on the Lytx website used to access the Services and this Agreement ("**License**"). Under the License, Client may print out, or otherwise make, printed or electronic copies ("**Copies**") of the reports, numeric results and other information and materials generated from Client's access and use of the Software and Services for internal fleet management purposes only. Any updates, modifications, enhancements or new versions of the Software or Services provided or made available to Client by Lytx, in accordance with this Agreement, shall be considered Software and Services subject to this Agreement. Lytx shall be entitled at any time and without liability to improve, modify, suspend, test, maintain or repair the systems used by Lytx to provide the Services in whole or in part and/or any other services rendered under this Agreement even if this requires temporarily suspending the operation of the Services, provided that Lytx shall use reasonable efforts to minimize all forms of disruption resulting therefrom.

7.2 License Term. Licenses are purchased and apply for the applicable subscription period, including any renewal periods (the "**License Term**"). Licenses relating to Managed Services apply on a per VER basis.

7.3 Restrictions on Use. Except as otherwise expressly provided in this Agreement, Client agrees to: (a) only use the Software and Services in the manner, and for the purposes, expressly specified in this Agreement, and be responsible for utilizing the proper version of any Software; (b) not decompile, disassemble, analyze or otherwise examine the Software and/or Services for the purpose of reverse engineering, or facilitate or permit a third party to do so (except to the extent this restriction is expressly prohibited by applicable law); (c) not delete or in any manner alter any notice, disclaimers or other legends contained in the Software and Services or appearing on any screens, documents, reports, numeric results or other materials obtained by Client through use of the Software and Services ("**Notices**"); (d) reproduce and display all Notices on Copies Client makes, in accordance with this Agreement; (e) not attempt to access any systems, programs or data of Lytx that are not licensed under this Agreement; (f) not copy, reproduce, republish, upload, post, transmit or distribute the Software or Services, or any portion thereof, or facilitate or permit a third party to do so; and (g) not use any device or software to interfere or attempt to interfere with the proper operation of the Software and Services. Lytx may immediately terminate this Agreement in the event that Client breaches the provisions of this Section 7.3.

7.4 Retained Rights. Except for the limited licenses granted to Client herein, this Agreement does not confer or transfer to Client any right, title or interest in or to the Software, Documentation, or any intellectual property rights relating thereto; Lytx and its licensors retain all right, title and interest in and to the foregoing. Client for itself, and on behalf of each employee designated by Client to use the Software (an "**End User**"), agrees to keep all items to which Lytx or any of its licensors retains title free and clear of all claims, liens and encumbrances except those of Lytx or its licensors, and any act of Client or End User, voluntary or otherwise, purporting to create a claim, lien or encumbrance on any such item is void.

8. LIMITED WARRANTY

8.1 Product Warranty. For a period of two (2) years after the date of shipment with respect to VERs (or such longer period as specified in an applicable Purchase Order) (the "**Warranty Period**"), Lytx warrants to Client that the VERs, as delivered by Lytx to Client, will substantially conform to the Documentation. The Warranty Period shall be extended for the duration of any period for which Client purchases an extended warranty from Lytx as specified in an applicable Purchase Order. The foregoing warranty shall not apply if Client fails to notify Lytx in writing of such defects prior to the expiration of the Warranty Period, if the defect is not reproducible, or the defect is caused by: (a) Client's or its representative's negligence, misuse, neglect or intentional acts or omissions; (b) any accident, alteration, repair or improper testing in any respect by a party other than Lytx or its representatives; (c) any other events beyond Lytx's reasonable control; (d) to the extent performed by Client or its representatives, the failure to install, maintain or use the VER in accordance with the Documentation and Lytx's instructions; (e) except as authorized by Lytx in writing, any attempt to service the VER other than by Lytx or its representatives; or (f) third party software, hardware, or materials not approved or supplied by Lytx. Lytx shall not be responsible for any of Client's or a third party's software, information or data contained in, stored on, or integrated with any VER returned to Lytx pursuant to the foregoing warranty. Lytx's and its licensors', suppliers', subcontractors' and distributors' sole liability, and Client's exclusive remedy, under this Section 8.1 shall be, at Lytx's option: (i) to use commercially reasonable efforts to correct any reproducible defects identified by Client in writing during the Warranty Period which renders the VER non-conforming, (ii) to replace the defective VER (with either a new or refurbished product), or (iii) to accept return of the defective VER from Client and provide Client with a pro rata refund based on the remaining portion of the Warranty Period. Replacement VERs will assume the greater of the balance of the original Warranty Period or ninety (90) days. With respect to any hardware parts or software provided hereunder other than the VERs, Client acknowledges and agrees that its use and possession of such product shall be governed by the terms of such product manufacturer's warranty, if any, and Client may look to the third party manufacturer with respect to all applicable claims, and Lytx (to the extent it has the right) hereby grants Client a right to share in and enforce warranties made by any such manufacturer. Lytx has no obligation to provide maintenance and support for out-of-warranty VERs.

8.2 Warranty Claims. To make a return under the warranties in this Section 8, Client must first contact Lytx Technical Support and assist in a reasonable troubleshooting effort to restore the VER to service. Upon a failure determination by Lytx Technical Support, provided Client requests a Return Material Authorization number (RMA) within the Warranty Period, Lytx will provide Client an RMA number and a prepaid return label. For all warranty returns, Client must use the return label provided by Lytx to send the VER to Lytx, packaged appropriately for safe shipment. Lytx shall pay all freight charges for shipment to Client of any replacement VER covered by these warranty provisions. Prior to making any warranty return, Client shall be responsible for downloading any Data from the Product that Client desires to retain. Lytx's practice is to delete the Data on the Product in connection with receipt of a warranty return, and Lytx disclaims all liability relating to Client's loss of Data in connection therewith.

8.3 Service Warranty. Lytx warrants to the Client that any Services to be performed hereunder shall be performed in a professional and workmanlike manner. Lytx's and its licensors', suppliers', subcontractors', and distributors' sole liability, and Client's exclusive remedy, under this Section 8.3 shall be for Lytx to use commercially reasonable efforts to re-perform the Services. With respect to installation services provided hereunder, the foregoing warranty shall apply solely for the one (1)-year period after installation. Lytx shall retain sole control over the manner and means by which it performs its obligations hereunder, and Lytx shall be entitled to subcontract (in whole or in part) Lytx's responsibilities under this Agreement to a third party of Lytx's choice, but Lytx shall remain responsible for Lytx's subcontractor's

Doc ID: eff9d0a6159906cc145b8e0b75ed744bd4a78981

actions in carrying out Lytx's obligations under this Agreement. The foregoing service warranty is conditioned upon normal maintenance and use in conformity with instructions furnished by Lytx from time to time and the Products not having been subjected to misuse, neglect, or accident or alteration, repair or improper testing in any respect by a party other than Lytx or its representatives.

8.4 Disclaimer of Warranty. THE LIMITED EXPRESS WARRANTIES IN THIS AGREEMENT ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS, IMPLIED, OR STATUTORY; AND EXCEPT AS EXPRESSLY SET FORTH IN THIS SECTION 8 AND SECTION 12 LYTX AND ITS LICENSORS, SUPPLIERS, SUBCONTRACTORS, AND DISTRIBUTORS DISCLAIM ALL WARRANTIES, EXPRESS, IMPLIED, OR STATUTORY, INCLUDING, WITHOUT LIMITATION, THE WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. FURTHER, NEITHER LYTX, ITS LICENSORS, SUPPLIERS, SUBCONTRACTORS NOR DISTRIBUTORS MAKE ANY WARRANTY THAT ACCESS TO THE SERVICES OR ASSOCIATED NETWORK COVERAGE (E.G. WIRELESS NETWORK COVERAGE) WILL BE CONTINUOUS OR UNINTERRUPTED. CLIENT ACKNOWLEDGES AND AGREES THAT THE VER AND ASSOCIATED SERVICES ARE A DRIVER AID ONLY. THEY ARE NOT A SUBSTITUTE FOR A SAFE, CONSCIENTIOUS DRIVER. THEY CANNOT COMPENSATE FOR A DRIVER THAT IS DISTRACTED, INATTENTIVE OR IMPAIRED BY FATIGUE, DRUGS OR ALCOHOL. WHETHER THE VER IS IN USE OR NOT, THE DRIVER IS RESPONSIBLE TO AVOID A COLLISION. CLIENT'S DRIVERS SHOULD NEVER WAIT FOR THE VER TO PROVIDE A WARNING BEFORE TAKING MEASURES TO AVOID AN ACCIDENT. FAILURE TO DO SO CAN RESULT IN SERIOUS PERSONAL INJURY OR DEATH OR SEVERE PROPERTY DAMAGE, AND LYTX DISCLAIMS ANY AND ALL LIABILITY RELATING TO ANY SUCH ACTIONS. CLIENT SHALL DEFEND, INDEMNIFY AND HOLD LYTX AND ITS OFFICERS, DIRECTORS, AGENTS AND EMPLOYEES HARMLESS FROM ALL DAMAGES, LIABILITIES, COSTS AND EXPENSES (INCLUDING, WITHOUT LIMITATION, REASONABLE ATTORNEYS' FEES) RELATING TO THE ACTION OR INACTION OF CLIENT'S DRIVERS.

CLIENT UNDERSTANDS AND AGREES THAT IT: (a) HAS NO CONTRACTUAL RELATIONSHIP WITH THE UNDERLYING WIRELESS SERVICE CARRIER, (b) IS NOT A THIRD PARTY BENEFICIARY OF ANY AGREEMENT BETWEEN LYTX AND THE UNDERLYING CARRIER, (c) THAT THE UNDERLYING CARRIER HAS NO LIABILITY OF ANY KIND TO CLIENT, WHETHER FOR BREACH OF CONTRACT, WARRANTY, NEGLIGENCE, STRICT LIABILITY IN TORT OR OTHERWISE, (d) THAT DATA TRANSMISSIONS MAY BE DELAYED, DELETED OR NOT DELIVERED, (e) THE UNDERLYING CARRIER CANNOT GUARANTEE THE SECURITY OF WIRELESS TRANSMISSIONS AND WILL NOT BE LIABLE FOR ANY LACK OF SECURITY RELATING TO THE USE OF THE SERVICES.

10. LIMITATION OF LIABILITY

EXCEPT FOR BODILY INJURY, EITHER PARTY'S BREACH OF SECTIONS 7 OR 15, IN NO EVENT WILL EITHER PARTY (WHICH IN LYTX'S CASE INCLUDES ITS LICENSORS, SUPPLIERS, SUBCONTRACTORS AND DISTRIBUTORS) BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES, OR DAMAGES FOR LOSS OF PROFITS, REVENUE, BUSINESS, SAVINGS, DATA, USE, OR COST OF SUBSTITUTE PROCUREMENT, INCURRED BY EITHER PARTY OR ANY THIRD-PARTY, WHETHER IN AN ACTION IN CONTRACT, TORT OR OTHERWISE, EVEN IF THE OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR IF SUCH DAMAGES ARE FORESEEABLE. During the term of this Agreement, each party (a "**Disclosing Party**") may provide the other party (a "**Receiving Party**") with confidential and/or proprietary materials and information ("**Confidential Information**"). All materials and information provided by Disclosing Party to Receiving Party shall be considered Confidential Information. Receiving Party shall maintain the confidentiality of the Confidential Information and shall not disclose such information to any third party without the prior written consent of Disclosing Party. Receiving Party shall only use the Confidential Information internally for the purposes contemplated hereunder. At any time, upon Disclosing Party's request, Receiving Party shall return to Disclosing Party or destroy all of Disclosing Party's Confidential Information in its possession, including, without limitation, all copies and extracts thereof. Client represents and warrants that (a) it has the necessary right and authority to disclose all data and information (including Data) disclosed or provided to Lytx under this Agreement; and (b) any Data disclosed by Client, as well as any other content created or stored in Lytx servers by Client in the course of using the Services will comply with all applicable laws, and will not infringe the copyright, trade secret, privacy, publicity, or other rights of any third party. Further, to the extent Client provides Lytx feedback hereunder, Client hereby assigns to Lytx any and all intellectual property and proprietary rights in such know-how, processes, enhancements, modifications or adaptations and other intellectual property, which Client or someone on Client's behalf creates, develops, conceives or first reduces to practice, based on the Products, Services, Documentation, or Lytx's Confidential Information.

12. INFRINGEMENT INDEMNITY

12.1 Lytx's Indemnity. Lytx shall defend, indemnify and hold Client and its officers, directors, agents and employees harmless from all damages, liabilities, costs and expenses (including, without limitation, reasonable attorneys' fees) awarded to a third party and resulting from infringement by the Products of any U.S. patent or copyright issued as of the date of this Agreement; provided that, Lytx is promptly notified of all threats, claims and proceedings related thereto and given reasonable assistance and the opportunity to assume sole control over their defense and settlement (provided that failure to give such notice shall not limit Lytx's indemnity obligation hereunder except to the extent that the delay in giving, or failure to give, the notice adversely affects Lytx's ability to defend against such claim). Lytx shall not be responsible for any settlement it does not approve in writing.

12.2 Alternatives. If a Product becomes, or in Lytx's sole opinion is likely to become, the subject of an infringement claim or action, Lytx may in its discretion: (a) procure for Client the right to continue using the Product; (b) replace or modify the Product so as to be free from infringement; or (c) accept return of the Product and refund the payments paid by Client for such Product less a reasonable amount for use and damage.

12.3 Limitations. Notwithstanding the provisions of Section 12.1 above, Lytx has no liability to Client for (a) the combination of the Products with software, hardware or other materials not supplied or approved in writing by Lytx for use with the Products; (b) the activities of Client, after Lytx has notified Client in writing that such activities may result in such infringement; (c) use or operation of the Products other than in strict accordance with the applicable Documentation or Lytx's instructions; or (d) the modification of the Products, or any part thereof, unless such modification was made or recommended by Lytx, where such infringement would not have occurred but for such modifications. Client shall indemnify and hold Lytx harmless from and against all damages, liabilities, costs and expenses (including, without limitation, attorneys' fees) related to a claim of infringement or misappropriation excluded from Lytx's indemnity obligation by the immediately preceding sentence; provided that, Client is promptly notified of all threats, claims and proceedings related thereto and given reasonable assistance and the opportunity to assume sole control over their defense and settlement (provided that failure to give such notice shall not limit Client's indemnity obligation hereunder except to the extent that the delay in giving, or failure to give, the notice adversely affects Client's ability to defend against such claim). Client shall not be responsible for any settlement it does not approve in writing.

12.4 Entire Liability. THE FOREGOING PROVISIONS OF THIS SECTION 12 STATE LYTX'S ENTIRE LIABILITY, AND CLIENT'S EXCLUSIVE REMEDY, RELATING TO ANY ALLEGED OR ACTUAL INTELLECTUAL PROPERTY INFRINGEMENT BY THE PRODUCTS OR ANY PART THEREOF.

13. GENERAL INDEMNITY

Each party shall indemnify and hold the other party harmless from and against all damages, liabilities, costs and expenses (including, without limitation, reasonable attorneys' fees) arising from or related to the indemnifying party's breach of Sections 7 or 15; provided that, the indemnifying party is promptly notified of all threats, claims and proceedings related thereto and given reasonable assistance and the opportunity to assume sole control over their defense and settlement (provided that failure to give such notice shall not limit the indemnifying party's indemnity obligation hereunder except to the extent that the delay in giving, or failure to give, the notice adversely affects the indemnifying party's ability to defend against such claim). The indemnifying party shall not be responsible for any settlement it does not approve in writing.

14. FORCE MAJEURE

Neither party shall be liable under this Agreement because of any failure or delay in the performance of its obligations (except for payment of money) on account of strikes, shortages, riots, fire, flood, storm, earthquake, acts of God, hostilities, or any other cause beyond its reasonable control.

15. COMPLIANCE WITH LAWS

Each party shall comply with all applicable laws and regulations, including, without limitation: the U.S. Foreign Corrupt Practices Act, all laws relating to data privacy and the use of information provided by the Client to Lytx hereunder, international communications, and the transmission of technical or personal data, and all export laws and restrictions and regulations of the Department of Commerce, the United States Department of Treasury Office of Foreign Assets Control, or other United States or foreign agency or authority. Client shall not export, or allow the export or re-export of any Product in violation of any such restrictions, laws or regulations. Client shall obtain and bear all expenses relating to any necessary licenses, permits, and/or exemptions and any duties and fees with respect to the export from the U.S. of all Products to any location and shall demonstrate to Lytx compliance with all applicable laws and regulations prior to delivery thereof by Lytx.

16. TRADENAMES AND TRADEMARKS

This Agreement does not grant to any party a license to use any trademark, trade name or logo of the other party, and each party recognizes that the trademarks, trade names and logos of the other party represent valuable assets of that party and that substantial recognition and goodwill are associated with such trademarks, trade names and logos. Each party hereby agrees that it shall not use or permit any third party to use, at any time, the other party's trademarks, trade names or logos, except that Lytx may use Client's name, logo and/or trademark for the limited purpose of identifying Client as a client of Lytx in any advertising, promotion, announcement, or marketing literature relating to the services offered by Lytx.

17. GENERAL TERMS

Lytx is an independent contractor under this Agreement. Nothing in this Agreement creates a partnership, joint venture, or agency relationship between the parties. Except as otherwise set forth herein, all notices under this Agreement shall be in writing, and shall be deemed given when personally delivered, when sent by courier with confirmed receipt, or three (3) days after being sent by prepaid certified or registered U.S. mail to the address of the party as set forth herein or such other address as such party last provided to the other by written notice. Neither this Agreement nor any rights or obligations arising hereunder may be assigned, transferred or sublicensed by Client, in whole or in part, whether by operation of law or otherwise, without the prior written consent of Lytx. Any attempted transfer, assignment or delegation without such consent shall be null and void, and Client shall remain liable to Lytx for all obligations hereunder. This Agreement shall be binding upon and inure solely to the benefit of the parties hereto and their respective successors and permitted assigns, and shall not be enforceable by or inure to the benefit of any third party.

The failure of either party to enforce its rights under this Agreement at any time for any period shall not be construed as a waiver of such rights. The terms of this Agreement shall apply to all proposals, quotations, acknowledgements, acceptance forms and invoices submitted by Lytx to Client for the sale of Products and Services, to all related purchase orders, revisions, order releases and/or similar documents received by Lytx from Client for the purchase of Products, and to all Products and Services sold by Lytx. Any attempt to vary in any degree this Agreement, or any Purchase Order entered into hereunder, are hereby objected to and rejected unless expressly agreed otherwise by the parties in writing. This Agreement, including the addendums and Purchase Orders incorporated hereunder, contains the entire agreement between the parties with respect to the subject matter hereof. This Agreement expressly supersedes all prior proposals, agreements, negotiations, discussions, understandings or conditions (whether oral or written) between or among the parties regarding the same, including all descriptions, and illustrations of the Products in catalogues, brochures, and price lists provided by Lytx, and all past dealing or industry custom. No changes, modifications or waivers are to be made to this Agreement unless evidenced in writing and signed for and on behalf of both parties. In the event that any provision of this Agreement shall be determined to be illegal or unenforceable, that provision will be limited or eliminated to the minimum extent necessary so that this Agreement shall otherwise remain in full force and effect and enforceable. This Agreement shall be governed by and construed in accordance with the laws of the State of California, without regard to the conflicts of laws provisions thereof. The U.N. Convention on the International Sale of Goods shall not apply. Any action or proceeding arising from or relating to this Agreement must be brought in a state or federal court in the State of California, and each party irrevocably submits to the jurisdiction and venue of any such court in any such action or proceeding.

VIDEO SUBSCRIPTION SERVICE OFFERING ADDENDUM

This Addendum shall apply to all purchases of Managed Services under the Agreement.

1. SUBSCRIPTION SERVICES

1.1 Description of Managed Services. Lytx shall provide Client remote access to Lytx's data center via in-bound internet connectivity, providing access to Client's Data and the hosted Software applications licensed hereunder in order to view and download driving videos captured by Client's VERs, and any related reports and assessments provided by Lytx, to the extent purchased hereunder. Lytx shall provide remote program management services whereby Lytx shall: (i) monitor the cellular connectivity to the VERs; and (ii) monitor Client's Managed Services' key performance indicators. Managed Services are available for use with auxiliary cameras and APIs to the extent supported by Lytx. Certain functionality is dependent on VER model used by Client. Lytx retains the right, in its sole discretion, to update the Product firmware and functionality and adjust the Product settings, including, but not limited to, video clip length, video compression, sensitivity of Product accelerometers and sensors, file upload and download size limits, and length of session periods, as determined by Lytx to be necessary to provide the Managed Services hereunder and to comply with applicable laws.

1.2 Usage Calculations. Video browse time is measured by time spent browsing video on Client VER. Video upload time is measured by length of minutes of video uploaded to Lytx data center from Client VER. Live stream time is measured by time spent live streaming video from Client VER. The number of minutes of video browsed, live-streamed, or uploaded will be calculated based on the number of views recorded (e.g., if a minute of video is uploaded from each of 4 camera views, that is considered 4 minutes for purposes of Client's minutes usage calculation hereunder). Total minutes are pooled and usage is determined by Lytx. Any unused minutes are forfeited at the end of each month. If the minutes cap is reached in a given month, Lytx has the right to suspend video access service for the remainder of the month unless or until Client purchases additional minutes.

1.3 Remote Access to Results. Subject to Client's compliance with the terms and conditions of the Agreement and this Addendum, Client shall have remote in-bound internet access to the Data which are hosted on computer hardware servers controlled by Lytx. To access such Data remotely, Client will be assigned user accounts and related user identification credentials (collectively, "User IDs") and passwords. Client shall be responsible for determining and designating which employees of Client (each, an "End User") receive permissions to remotely access such Data; provided, that, by using the Services, Client and such End User agree to the terms of use posted on the website used to access the Services (currently, https://login.lytx.com). Client may have only as many End Users as the number of User IDs activated at any one time. No User ID may be shared by more than one End User. Client understands that sharing of User IDs and passwords can jeopardize the security of Client Data. Client acknowledges that Lytx may track the number of active User IDs and to disallow use by more than the authorized number of User IDs.

1.4 Client Configurations. Client assumes all responsibility for choosing and maintaining the client configurations utilized by Client in connection with the Products and Managed Services, including, without limitation, permission hierarchies and any client-managed settings, and Lytx expressly disclaims any and all liability for any damages resulting therefrom.

1.5 Subscription Services; Suspension. Subject to Client's compliance with the terms and conditions of the Agreement, Lytx shall provide the subscription Services to Client. If Client fails to pay any amounts due hereunder, Lytx may immediately suspend the subscription Services; upon payment by Client of all such delinquent amounts Lytx will re-institute the subscription Services.

2. SUBSCRIPTION TERMINATION

Each Subscription Term shall automatically renew for additional successive one (1) year periods, unless written notice of non-renewal is received by the other party no later than sixty (60) days prior to the expiration of the then current Subscription Term. If Client terminates a portion of its subscriptions, Client must remove the corresponding number of VERs from its use such that the total number of VERs is no larger than the number of valid subscriptions.

3. TECHNICAL SUPPORT

Lytx shall use commercially reasonable efforts to provide technical support via email at support@lytx.com and a toll-free customer support line at (866) 910-0403. For security reasons, Client shall provide Lytx in writing the name(s) and contact information of Client's technical personnel who will liaison with Lytx regarding all technology-related matters. Client may update such information as necessary upon written notice to Lytx. Lytx shall not be obligated to provide support to any person other than the designated liaison(s). In order to receive support from Lytx, Client shall provide Lytx with all information necessary for Lytx to trouble shoot technical errors experienced by Client with respect to Lytx's provision of Products hereunder. Client agrees to provide Lytx with reasonable access (including, without limitation, remote access) to all necessary Client personnel, facilities and equipment (including the Products) for the purpose of providing the support services hereunder.

4. SERVICE REQUIREMENTS

Use of a computer and internet connectivity is necessary to use Services, and Client is solely responsible for obtaining such items and paying all fees related thereto. Client agrees to access and use the Licensed Software and Services in accordance with any and all operating instructions or procedures that may be issued by Lytx, and amended by Lytx from time to time. Lytx shall have no obligation to provide subscription Services with respect to Products that are not procured by Client from Lytx or its authorized distributors and resellers.

5. VIDEO CLIP RETENTION POLICY

Lytx's Video Clip Retention Policy, which shall apply with respect to the Agreement and may be updated by Lytx at any time upon written notice to Client, is as follows: Video uploaded to the Lytx data center shall be available online for ninety (90) days and then stored on backup media and no longer available online. Lytx will charge its standard fee on a per-event basis to retrieve any video file from backup storage. Backups will be stored for the remaining portion of one (1) year (approximately 275 days). At that time, the stored video will be deleted.

6. DATA CAPTURE

Lytx makes no representation or warranty with respect to the Data captured. Client acknowledges that factors such as camera angle, view obstruction, power supply, device failure, and other conditions can result in data loss, and Lytx disclaims all liability relating to Client's loss of Data in connection therewith.

ADDENDUM A
ADDITIONAL QUOTE TERMS

Definitions: Unless otherwise defined herein, capitalized terms used in this Quote have the same meaning as set forth in the Agreement. Event Recorder has the same meaning as VER. Each of Lytx Video Platform, Risk Detection Service, Driver Safety Program and Fleet Tracking Service subscriptions are considered Managed Services under the Agreement. "Migration Date" means the first day of the month after the date Client signs and Lytx accepts the Quote.

Invoicing: Hardware, provisioning, implementation, and training charges are invoiced upon shipment. Subscription Services billed based on committed quantity are invoiced in advance based on the quantity purchased. Applicable taxes, shipping and handling may apply and shall be paid by Client.

Migration Subscriptions: Migration Subscriptions are Client's Lytx subscriptions utilizing a DriveCam® VER that are migrating to Lytx's new product platform. If the number of Migration Subscriptions is less than the number of Client's Lytx subscriptions existing immediately prior to the Migration Date, such excess subscriptions shall be deemed terminated as of the Migration Date and Client agrees to pay the amount of any applicable early termination fee specified in this Quote. A Migration Subscription commences and becomes billable at the specified price on the Migration Date and continues until replaced by an Upgrade Subscription, or, if the Migration Subscription is not upgraded hereunder, it shall continue for a Subscription Term that matches the length of the Subscription Term for the Upgrade Subscriptions purchased in this Quote.

Upgrade Subscriptions: In connection with the upgrade of a legacy Migration Subscription to an Upgrade Subscription, the applicable Migration Subscription price changes to the Upgrade Subscription Sales Price on the applicable Deployment Date (if specified) or SSD, whether or not the upgrade of associated Event Recorders has been completed. For any specified Deployment Date, the Upgrade Billed Quantity represents the number of subscriptions for which Client will be billed at the Upgrade Subscription Sales Price commencing on such date; and billing is based on the cumulative upgrade commitment as of the respective Deployment Date. Any VERs provided hereunder are for use with an Upgrade Subscription only. After the applicable SSD, Lytx has the right to terminate Services for any VER associated with a legacy Migration Subscription replaced by an Upgrade Subscription. Lytx also reserves the right to audit the number of Client's Event Recorders using subscription Services, and to the extent such amount exceeds the purchased quantity, Client agrees to pay Lytx for such excess at the applicable rate for such Service. All Upgrade Subscriptions shall have a Subscription Term that continues through the Term Months specified, as measured from the SSD.

Variable Active Quantity Billing: Subscription Services billed based on Variable Active Quantity are billed based on the number of Event Recorders for which the applicable service is "active", and, if applicable, "inactive" in a given month, as determined by Lytx. The "active" rate is the monthly Flex Plan price and the "inactive" rate is the monthly Dormant price specified in the Sales Price column.

Alliance Subscriptions: The following special terms apply to Lytx Alliance℠ and Lytx Alliance Plus℠ subscriptions: (1) title of the Event Recorder shall remain at all times with Lytx; (2) Client must return the Event Recorder to Lytx in good working condition, reasonable wear and tear excepted, upon expiration of the Subscription Term; (3) the Unreturned Event Recorder Fee specified on the Quote shall apply to any Event Recorder that is not returned within 30 days of termination or is returned damaged, or destroyed (reasonable wear and tear excepted); (4) Client shall have care, custody and control of the Event Recorder upon Lytx's delivery to the carrier, through the duration of the Subscription Term and until return of the Event Recorder upon the expiration of the Subscription Term; (5) subject to the warranty provisions of the Agreement and the Event Recorders not having been tampered or damaged by Client, the Warranty Period for the Event Recorders shall be from shipment through the duration of the Subscription Term; (6) such subscriptions are non-transferable, non-cancelable and cannot be terminated early without consent from Lytx; if Client is permitted to terminate early, all payments due through the end of the Subscription Term shall accelerate, and Client agrees to make payment of all remaining payments obligations under the Agreement within 30 days from such termination; and (7) Client agrees to provide Lytx any reasonably requested financial information, including audited financial statements, within 2 weeks of written request by Lytx, in connection with Client's qualification for and participation in these plans. In addition, initial installation services are included with Lytx Alliance Plus subscriptions.

Products: Lytx Video Platform includes the Software license to cloud-hosted software to access Client's Lytx account, device firmware and updates thereto as described in the Agreement, related technical support services, device connectivity monitoring, access to continual recording, and video browse, and video upload and download capabilities. Fleet Tracking, Risk Detection Service and Driver Safety Program each include use of Lytx Video Platform. Each subscription includes a total of five (5) minutes of End User-initiated browse, livestream and/or video upload time per month, per subscribed vehicle; video/images selected by Lytx and included in a Service do not count against such minutes. Additional minutes packages are available for purchase. Capture of Lytx-selected events is only available with Risk Detection Service and Driver Safety Program. Event review and coaching workflow is only available with Driver Safety Program. Certain functionality requires use of a SF64 or newer model of Event Recorder. Standard support services are provided unless Client has purchased Premium Support services. Premium Support packages become billable on the earlier of the first Deployment Date or SSD, as applicable, and auto-renew based on the terms of the Agreement that apply to Managed Services.

Live Stream: THE LIVE STREAM CAPABILITIES AVAILABLE WITH LYTX VIDEO SERVICES PROVIDE A VIEW FROM THE SELECTED CAMERA AND A GPS MAP LOCATION. THE LIVE STREAM WILL HAVE AN APPROXIMATE DELAY OF 10-15 SECONDS. CLIENT ACKNOWLEDGES AND AGREES LIVE STREAM SHOULD NEVER BE USED TO ASSIST THE DRIVER IN OPERATING THE VEHICLE AND CLIENT ACKNOWLEDGES THE FOREGOING WARNING, FOR ITSELF AND CLIENT'S DRIVERS (WHOM CLIENT AGREES TO REGULARLY WARN AND INSTRUCT ON PROPER USE OF LIVE STREAM

API: For any included API, Lytx will provide documentation on how the API works. Client is responsible for API integration and programming.

Termination: Except as otherwise specified above, any termination shall be effective on the last day of the billing period in which a written termination notice is received by Lytx or such later date specified in the notice. If the cellular network utilized by the Products is no longer available due to retirement or other termination, Lytx reserves the right to terminate the impacted Services, or provide reasonable substitutions to continue Services, without penalty.

Installation Services: Any Lytx installation services provided hereunder shall be subject to a mutually agreed installation schedule. Client shall be responsible for ensuring availability of vehicles and Event Recorders (subject to supply by Lytx) and access to installation site on agreed installation date. No refunds shall apply for Lytx's failure to complete an installation due to vehicle or Event Recorder unavailability (unless caused by Lytx) or lack of access to installation site on agreed installation date. Additional fees may apply for return site visits due to such factors.

Compliance Services: Notwithstanding anything to the contrary herein, to the extent Client has purchased Compliance Services (previously called RAIR Services) from Lytx, this Quote shall not amend the terms of such Compliance Services in any way.

Additional Services: The terms and conditions set forth at https://support.lytx.com/Terms shall apply to purchases of third party products resold by Lytx to Client and referred to herein as "Additional Services". Additional Services are not transferable or eligible for early termination without Lytx consent and acceleration of amounts due through remainder of the Subscription Term.

Notice: To the extent not exempt, this contractor and its subcontractors shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status or disability.

CITY OF OCALA
CITY COUNCIL REPORT

Council Meeting Date: 02/02/21

Subject: Lytx Event Recorder Hardware Lease and Annual Subscription

Submitted By: Jared Sorensen

Department: Human Resources & Risk

STAFF RECOMMENDATION (Motion Ready): Approve Agenda Item (ID # 15346) a 5-year lease agreement with Lytx, Inc. for 426 DriveCam dashboard cameras with an annual subscription cost estimated at $150,378

OCALA'S RELEVANT STRATEGIC GOALS: Fiscally Sustainable, Operational Excellence

PROOF OF PUBLICATION: N/A

BACKGROUND:

The City implemented a video based fleet safety program that fully deployed in 2017 to all City vehicles, excluding OPD. This program consists of a dashboard camera that generates 12 second video clips when triggered by certain actions such as hard braking or a collision impact. Recorded video clips are reviewed by Lytx to identify risky driving behaviors (cell phone use, following too closely, driver unbelted, etc.) and the City is notified to proactively coach those identified behaviors of concern.

Event recorders currently installed operate on the 3G network. The cellular provider which operates the 3G network is scheduled to be taken offline in December 2021. As such, this hardware needs to be replaced or upgraded due to becoming obsolete.

FINDINGS AND CONCLUSIONS:

Historically, the City purchased the event recorders outright at a cost up to $575 per the GSA schedule. This purchase agreement included a specified subscription duration (60 months) and a limited warranty (3 years).

Lytx has prepared a quote for a lease option that allows the City to upgrade the hardware that benefits the City as it relates to the cost of the hardware and the warranty term length.

FISCAL IMPACT:

The hardware will be provided to the City at no cost for the duration of the lease. The annual subscription cost will remain the same at $353 per event recorder, or $150,378 annual (426 total current event recorders). Funds have been budgeted in account number 626-099-999-590-81-31010 for the subscription costs.

The hardware lease and annual subscription cost will be in accordance with the GSA schedule.

This number will ultimately be dependant on the total number of vehicles within the City's fleet and could increase or decrease from fiscal year to fiscal year.

The Fleet department has agreed to provide installation of the new hardware over a 3-month period.

PROCUREMENT REVIEW:

The agreement has been reviewed and approved for compliance with the City's procurement policies.

LEGAL REVIEW:
The agreement is pending review for form and legality by the City Attorney, Robert W. Batsel, Jr.

ALTERNATIVE:

FORMAL TITLE:
Interlocal Agreement for the Collection and Expenditure of Impact Fees (Emergency Medical Services)

OCALA'S RELEVANT STRATEGIC GOALS:
Operational Excellence

PROOF OF PUBLICATION:
N/A

BACKGROUND:
Following months of consideration, deliberation, and review, and in accordance with a comprehensive study performed by an outside consultant and Chapter 163, *Florida Statutes*, the Board of County Commissioners of Marion County, Florida (BOCC) adopted an ordinance imposing emergency medical services impact fees in Marion County, Florida.

On or about May 23, 2025, based upon that study, further deliberation and negotiation with stakeholders, including the City of Ocala, the BOCC adopted Ordinance 2025-17, which imposed an emergency medical services impact fee for Marion County, Florida.

Ordinance 2024-06, applied in both the unincorporated areas and the incorporated areas of Marion County, Florida, and has an effective date of October 1, 2025.

The BOCC and the City of Ocala now desire to enter into an interlocal agreement that outlines the specific terms and conditions of their relationship vis-à-vis the collection and distribution of the emergency medical services impact fees collected in accordance with the aforementioned ordinance.

Given that the BOCC has not previously imposed an impact fee for emergency medical services, there has never been an interlocal agreement for the collection of these fees.

This interlocal agreement authorizes the City of Ocala to assess an administrative fee for the collection, maintenance, and distribution of the emergency medical services impact fees collected in accordance with the

aforementioned ordinance.

FINDINGS AND CONCLUSIONS:
The City Council of the City of Ocala, Florida finds, determines, and concludes that approval of and entry into an Interlocal Agreement for the Collection and Expenditure of Impact Fees (Emergency Medical Services) is intended to and does protect and promote the health, safety, and welfare of the citizens of the City of Ocala, Florida and is in the best interest of the City of Ocala, Florida, and its citizens.

FISCAL IMPACT:
There will likely be a minor fiscal impact related to the collection, maintenance, and distribution of the emergency medical services impact fees collected in accordance with the aforementioned ordinance. Specifically, there will be staff resources needed to process and account for the fees collected by the City of Ocala and distributed to the BOCC. Any such impact should be offset by the administrative fees assessed by the City of Ocala in accordance with the interlocal agreement.

PROCUREMENT REVIEW:
N/A

LEGAL REVIEW:
The Interlocal Agreement for the Collection and Expenditure of Impact Fees (Emergency Medical Services) was prepared by the City Attorney's Office in coordination with BOCC staff and legal counsel and has been reviewed and approved as to form and legality by William E. Sexton, City Attorney.

ALTERNATIVE(S):

- Approve entry into Interlocal Agreement for the Collection and Expenditure of Impact Fees (Emergency Medical Services) with changes;
- Table for consideration at a later date; or

Board of County Commissioners of Marion County, Florida *Ordinance 2025-17*

ORDINANCE NO. 2025-17

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIOINERS OF MARION COUNTY, FLORIDA, REGARDING FIRE RESCUE IMPACT FEES; CREATING DIVISION 3, ARTICLE XI OF CHAPTER 10 OF THE MARION COUNTY CODE RELATING TO FIRE RESCUE IMPACT FEES; ADOPTING A NEW SECTION 10-335 OF THE MARION COUNTY CODE ON FINDINGS, A NEW SECTION 10-336 ON DEFINITIONS APPLICABLE TO FIRE RESCUE IMPACT FEES, A NEW SECTION 10-337 ON COMPUTATION OF AMOUNT OF FEES, A NEW SECTION 10-338 ON DEVELOPER CONTRIBUTION CREDITS, A NEW SECTION 10-339 ON USE OF FUNDS, A NEW SECTION 10-340 ON FIRE RESCUE IMPACT FEE SCHEDULE; AMENDING SECTION 10-282 OF THE MARION COUNTY CODE ON ADOPTION OF IMPACT FEE TECHNICAL STUDIES; DIRECTING THE PROVISION OF NOTICE OF IMPACT FEE RATES; PROVIDING FOR SEVERABILITY, CODIFICATION, LIBERAL CONSTRUCTION, AND PROVIDING AN EFFECTIVE DATE.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MARION COUNTY, FLORIDA:

SECTION 1. ADOPTION OF THE FIRE RESCUE IMPACT FEE ORDINANCE.

The Board of County Commissioners hereby enacts and adopts the Fire Rescue Impact Fee Ordinance, to be codified as Division 3, Article XI of Chapter 10 of the Marion County Code of Ordinances, which shall read as follows:

DIVISION 3. – FIRE RESCUE IMPACT FEES

Sec. 10-335. - Findings. It is hereby ascertained, determined, and declared:

(1) Development necessitated by the growth contemplated in the Marion County Comprehensive Plan and the Technical Study for Fire Rescue Impact Fees will require Infrastructure improvements to the Fire Rescue System to accommodate the new development generated by such growth and maintain the standards of service provided by the Fire Rescue System.

(2) The County operates both a Fire Protection System and an EMS System that together deliver consolidated fire protection and EMS rescue services through cross-trained personnel and some dual-use capital equipment and capital facilities that together form the County's Fire Rescue System.

(3) Future growth, as represented by Impact Generating Land Development Activity, should contribute to the cost of Infrastructure improvements to the Fire Rescue System required to accommodate the impacts generated by such growth as contemplated in the comprehensive plan.

(4) The required Infrastructure improvements to the Fire Rescue System needed to accommodate existing development shall be financed by revenue sources of the county other than Fire Rescue Impact Fees. The required Infrastructure improvements to the Fire Rescue System needed to eliminate any deficiencies shall be financed by revenues other than Fire Rescue Impact Fees.

(5) Implementation of the Fire Rescue Impact Fees to require Impact Generating Land Development Activity within the County to contribute its fair share to the cost of required Infrastructure is an integral and vital element of the regulatory plan of growth management of the County.

(6) There is a rational nexus between future growth, as measured by Impact Generating Land Development Activity, and the need to expand the Fire Rescue System through the acquisition and construction of new Buildings, apparatus, equipment, and other Infrastructure in order to maintain the standards of service currently provided by the Fire Rescue System. The Fire Rescue Impact Fees adopted herein for each Impact Fee Land Use Category are proportional to the impact expected to be generated by Impact Generating Land Development Activity.

(7) Because the County is the sole provider of emergency medical services within the County, the EMS System benefits all residents of the County; therefore, the EMS Impact Fee shall be imposed in all unincorporated areas of the County and within all municipal areas for so long as they participate in the EMS System.

(8) Because the County is the primary provider of fire protection services within the unincorporated area of the County and within the cities of Belleview, Dunnellon, Reddick, and McIntosh, the Fire Protection System benefits all residents of those areas; therefore, the Fire Protection Impact Fee shall be imposed in all unincorporated areas of the County and within the incorporated areas of Belleview, Dunnellon, Reddick, and McIntosh.

(9) The Board expressly finds that the Infrastructure improvements and additions to the Fire Rescue System provide a benefit to all Impact Generating Land Development Activity within the County that is in excess of the actual Fire Rescue Impact Fees and the collection of Fire Rescue Impact Fees is an important source of funding for the County capital improvement plan. The Board has determined that ad valorem tax revenue and other revenues will not be sufficient to provide the Infrastructure improvements to the Fire Rescue System

that are necessary to accommodate Impact Generating Land Development Activity within the County.

(10) The purpose of this Ordinance is to require payment of Fire Rescue Impact Fees by those who engage in Impact Generating Land Development Activity to provide for the cost of Infrastructure improvements to the Fire Rescue System that are required to accommodate such growth. This Ordinance shall not be construed to permit the collection of Fire Rescue Impact Fees in excess of the amount reasonably anticipated to offset the demand on the Fire Rescue System generated by such applicable Impact Generating Land Development Activity.

(11) In recognition that capital facility planning is an evolving process, it is the intent of the Board that needed Infrastructure improvements to the Fire Rescue System be identified and evaluated periodically to ensure Fire Rescue Impact Fee revenues are allocated to provide benefits to new development as required by law. By periodically reevaluating Fire Rescue Impact Fees and planned improvements capital improvements, the County can ensure fees are imposed equitably and lawfully and are utilized effectively based upon actual and anticipated growth needs at the time of their imposition. Therefore, the cost of reviewing, updating, and adjusting this Ordinance is necessary to ensure that Fire Rescue Impact Fees are imposed and administered in accordance with applicable law.

(12) The technical study entitled "Marion County Fire Rescue & EMS Impact Fee Update Study" dated February 28, 2025, prepared by Benesch, sets forth a reasonable methodology and analysis for the determination of the impact of new development on the needs for and costs of additional fire protection and EMS Infrastructure in Marion County.

(13) The data set forth in the Technical Study which was employed in the calculation of the Fire Rescue Impact Fee rates imposed herein is the most recent and localized data available for the Fire Rescue System and was not more than 4 years old at the time of the updated Fire Rescue Impact Fee Study. The Fire Rescue Impact Fee rates included herein were adopted within twelve (12) months of the initiation of the Technical Study.

(14) The Fire Rescue Impact Fees collected by the County pursuant to this Ordinance may be used to pay existing debt related to the construction of Infrastructure or for previously approved capital projects. The Board legislatively finds and determines that this Infrastructure or previously approved capital projects that are funded by the Fire Rescue Impact Fees are proportional and have a rational nexus to the impacts generated by new development that contributes Fire Rescue Impact Fees towards the funding of these facilities and

that there is available capacity to serve those properties from the debt funded Infrastructure from previously approved projects.

Sec. 10-336. – Definitions Applicable to Fire Rescue Impact Fees. The following words, terms, and phrases when used in this Ordinance shall have the meaning ascribed to them in this section, except where the context clearly indicates a different meaning:

(g) If the land development activity being commenced cannot be classified into an Impact Fee Land Use Category identified in section 10-340, then:

(1) The County Administrator shall use the fee schedule for the most nearly comparable Impact Fee Land Use Category to determine the Fire Rescue Impact Fee. If the County Administrator determines there is no comparable type of land use on the fee schedule, then the County Administrator shall calculate the appropriate Fire Rescue Impact Fee utilizing the methodology in the applicable Technical Study. The County Administrator shall utilize as a standard in this determination the impact assumed in the most comparable Impact Fee Land Use Category or any other generally accepted standard source of planning and cost impact analysis. The County Administrator shall determine the applicable Impact Fee Land Use Category for the Impact Generating Land Development Activity;

(2) Or the Feepayer may at their option determine the amount of Fire Rescue Impact Fees by use of an Independent Impact Analysis pursuant to section 10-278 of this article.

(h) Any Person undertaking an Impact Generating Land Development Activity who is in doubt as to the type or amount of any Impact Fees due may request, in writing, a nonbinding statement of Impact Fees due for the Impact Generating Land Development Activity from the County Administrator, who shall expeditiously respond, in writing, to the request. The County Administrator may

require sufficient drawings or plans related to the proposed development as a basis for his written answer.

Sec. 10-338. – Developer Contribution Credits.

(a) A credit shall be granted against the Fire Rescue Impact Fee imposed in this Article pursuant to a written impact fee credit agreement that has been approved by the Board for certain conveyance of suitable Land or other Infrastructure for the Fire Rescue System required to be made pursuant to a Development Order by the County, a municipal development order that is the subject of a written impact fee credit agreement approved by the Board for credit, or pursuant to a voluntary impact fee credit agreement made in connection with Impact Generating Land Development Activity. Such conveyances or improvements shall be subject to the following standards:

(1) The Land shall be an integral part of the Fire Rescue System, which is scheduled for acquisition in the County five (5) year capital improvement plan or any municipal five (5) year CIP. The Board may, by super majority vote, allow impact fee credits for conveyance of land for projects anticipated for acquisition beyond the five (5) year county CIP or beyond the first five (5) years of any municipal CIP.

(2) The non-Land Infrastructure to be acquired or constructed shall be an integral part of the Fire Rescue System which is scheduled for addition or construction in the five (5) year county CIP or any municipal CIP. The Board may, by super majority vote, allow for impact fee credits for acquisition or construction of Infrastructure for projects anticipated for construction beyond the County five (5) year CIP or beyond the first five (5) years of any municipal CIP.

(3) All conveyances of Land and other Infrastructure, together with right-of-way or easements required by the County, shall be conveyed to the County pursuant to ordinances, resolutions or regulations then in effect and in a form acceptable to the county attorney provided however, this requirement may be waived by the Board where the conveyance is to any municipality or the state.

(4) If the Development Order requires the Feepayer to contribute Land or other Infrastructure or construct, expand, or pay for Land acquisition or construction or expansion of other Infrastructure, or portion thereof, which complies with the requirements of subsections 10-338(a) (1) and (2), and the Feepayer is also subject to Impact Fees or exactions to meet the same needs, the Feepayer shall receive a Fire Rescue Impact Fee credit on a dollar-for-dollar basis at fair market value as of the date of conveyance pursuant to an impact fee credit agreement with the County in conformance with subsection (f). The nongovernmental Feepayer need not be required, by virtue of this credit, to competitively bid or negotiate any part of the construction or design of the Infrastructure, unless otherwise required by the County, or unless the estimated

cost of construction exceeds two million dollars ($2,000,000.00), in which case the project shall be competitively bid unless waived by the Board.

(5) Any credit granted for conveyance of Land or contribution or construction of other Infrastructure shall be valued in accordance with subsection (d).

(6) Any Feepayer seeking a credit against Impact Fees for development within any municipality shall contact the County Impact Fee Coordinator immediately and the County shall participate with the city during negotiation of the development order to be submitted to the Board for approval.

(b) A Feepayer who desires to contribute Land or acquire or construct other Infrastructure in lieu of payment, or in partial payment, of the Fire Rescue Impact Fee shall, prior to issuance of a Building Permit, submit to the County Administrator a proposed plan for the contribution of the Land or for the acquisition or construction of other Infrastructure for the Fire Rescue System. The County Administrator shall review the proposed plan to determine if it meets the requirements of this Section. If the amended proposed plan meets the requirements for credit, the County Administrator shall submit the proposed plan to the Board. If the proposed plan does not meet the requirements for credit, the County Administrator shall notify the applicant in writing. Upon such notice, the applicant may amend the application to meet the requirements for credit and, if applicable, may request the Board to add the project to the County CIP during its yearly update. The proposed plan of construction, dedication or contribution shall include:

(1) A designation and legal description of the Impact Generating Land Development Activity for which the plan is being submitted;

(2) A list of the contemplated Land or other Infrastructure to be donated;

(3) A legal description and a written appraisal prepared in conformity with subsection (d)(1) of this Section for any Land proposed to be dedicated or conveyed;

(4) Ar estimate of proposed acquisition or construction costs certified by a registered professional engineer or vendor quotation/invoice; and

(5) A proposed time schedule for completion of the proposed plan of construction, dedication or conveyance.

(c) Upon submission of a complete plan, the County Administrator shall schedule a presentation before the Board at a regularly scheduled meeting or a special meeting called for the purpose of reviewing the proposed plan, and shall

provide the applicant and Owner written notice of the time and place of the presentation. The Board may authorize the county attorney to prepare an impact fee credit agreement with the feepayer only if:

(1) Such proposed plan is in conformity with contemplated improvements and additions to the Fire Rescue System contained in the first five (5) years of the county capital improvement plan or a municipal CIP or otherwise approved by supermajority vote of the Board, and

(2) Such proposed plan, viewed in conjunction with other existing or proposed plans, will not adversely impact the cash flow or liquidity of the Fire Rescue Impact Fee trust account in such a way as to frustrate or interfere with other planned or ongoing growth-necessitated improvements and additions to the Fire Rescue System; and

(3) The proposed plan is consistent with the public interest. Upon approval of a proposed plan of construction or contribution, the County Administrator shall determine the amount of developer credit based upon the standards of valuation described in subsection (d) below, and shall approve the timetable for completion of construction.

(d) The Feepayer credit shall be applied to reduce the Fire Rescue Impact Fee on a dollar-for-dollar basis at fair market value and shall be determined according to the following standards of valuation:

(1) The value of contributed Land shall be based upon a written appraisal of fair market value by a qualified and professional appraiser acceptable to the County and based on an appraisal of the fair market value of the property to be contributed, as of the date of the contribution. However, the County may require submission of an additional appraisal by an appraiser selected by the County, at the expense of the applicant, if the appraisal submitted by the applicant is in excess of the value derived on the basis of the current county property appraiser's assessment multiplied by a factor of 1.50.

(2) The actual cost of construction of other Infrastructure for the Fire Rescue System shall be based upon costs certified by a professional engineer or approved vendor quotation/invoice. However, in no event shall any credit be granted for the donation of Infrastructure in excess of the estimated costs approved by the County unless the acquisition or construction project is competitively bid, in which case the credit shall be the actual cost or one hundred twenty (120) percent of the bid amounts whichever is less.

(e) All cost estimates shall be based upon, and all construction plans and specifications and applicable competitive bidding procedures shall be in conformity with the standards and procedures of the County. All plans and specification shall be approved by the County prior to commencement of construction.

(f) Upon approval for the contribution of Land or acquisition or construction of other Infrastructure, an impact fee credit agreement shall be entered into between the County and the Owner. A nonrefundable processing, review and audit fee of two thousand five hundred dollars ($2,500.00), which fee is equal to or less than the County's anticipated actual costs associated with the processing, review, and audit of the developer contribution credit, shall be due once the plan has been approved and prior to the preparation of an impact fee credit agreement by the county attorney. The agreement shall include, but not be limited to:

(1) Identification of the parties including a listing of all persons or entities who, collectively, own one hundred (100) percent of the fee simple interest in the real property described in the agreement. If requested by the county attorney, the applicant and owner shall provide to the county attorney, at no cost to the County, an attorney's opinion identifying the record owner, his authority to enter into the agreement and identify any lienholder having lien or encumbrance on the real property which is the subject of the agreement. Said opinion shall specifically describe each of the recorded instruments under which the record owner holds title, each lien or encumbrance, and cite appropriate recording information and incorporate by reference a copy of all such reference instruments.

(2) A finding that the construction or contributions contemplated by the agreement are consistent with the comprehensive plan.

(3) A legal description of the site of the Impact Generating Land Development Activity subject to the agreement.

(4) The duration of the agreement shall be for a period of five (5) years unless the applicant requests a longer period in which the Board may approve a period of up to twenty (20) years. All credits available under an impact fee credit agreements shall be transferable within the County. In no event shall the duration exceed twenty (20) years, exclusive of any moratoria, from the date of recording in the official records.

(5) A description of the construction or contributions to the Fire Rescue System to be made pursuant to the agreement.

(6) An acknowledgment that the construction or contributions contemplated under the agreement shall be construed and characterized as work done and property rights acquired by the County for the improvement of the Fire Rescue System and that the County has exclusive control of the construction or contributions, including whether or not they are subsequently transferred to another governmental agency.

(7) Adoption of the approved time schedule for completion of the plan.

(8) Determination of the amount of credit to be granted.

(9) A requirement that the Owner keep or provide for retention of adequate records and supporting documentation which concern or reflect total project cost of the Land or other Infrastructure to be contributed. This information

shall be available to the County, or its duly authorized agent or representative, for audit, inspection or copying, for a minimum of five (5) years from the termination of the agreement.

(10) A requirement that the credit for the Fire Rescue Impact Fees identified in the agreement shall run with the land for which the Fire Rescue Impact Fee is being assessed and shall be reduced for each Building Permit issued thereon until the development project is either completed or the credits are exhausted or no longer available.

(11) That the burdens of the agreement shall be binding upon, and the benefits of the agreement shall inure to, all successors in interest to the parties to the agreement.

(12) An acknowledgment that the failure of the agreement to address any permit, condition, term, or restriction shall not relieve either the applicant or the Owner, or their successors, of the necessity of complying with any law, ordinance, rule or regulation governing said permitting requirements conditions, terms or restrictions.

(13) Compliance with the risk management guidelines which may be established by the County's risk management department from time to time, including but not limited to insurance and indemnification language acceptable to the County.

(14) Annual review and audit of performance under the agreement to determine whether or not there has been demonstrated good faith compliance with the terms of the agreement and to report the credit applied toward payment of Fire Rescue Impact Fees and the balance of available and unused credit. If the Board finds, on the basis of substantial competent evidence, that there has been a failure to comply with the terms of the agreement, the agreement may be revoked or modified by the County.

(15) To allow for modification or revocation of the agreement as is necessary to comply with relevant state or federal laws, if state or federal laws are enacted after the execution of the agreement which are applicable to and preclude parties' compliance with the terms of the agreement.

(16) To allow amendment or cancellation by mutual consent of the parties to the agreement or by their successors in interest.

(17) Recording of the agreement in the official records within fourteen (14) days after the County enters into the agreement.

(g) A Feepayer seeking an impact fee credit agreement pursuant to proposed improvements under a municipal Development Order may request Board approval of a written impact fee credit agreement prior to the issuance of a municipal Development Order. Any Feepayer that anticipates seeking a credit pursuant to a municipal Development Order shall contact the County Impact Fee coordinator immediately upon becoming aware of its possible eligibility for a credit. The County shall be entitled to review all studies and participate with the municipality in negotiations with the Feepayer. Prior to municipal approval of the

Development Order, the Feepayer shall prepare and submit a proposed impact fee credit agreement to the County Administrator for review and comment. The Board may grant partial credits for proposed improvements under a municipal Development Order.

(h) Any Land to be dedicated to the County shall be dedicated no later than the time at which Fire Rescue Impact Fees are required to be paid under this section. The portion of the fee represented by a credit for acquisition or construction shall be deemed paid when the acquisition or construction is completed and accepted by the County or when Adequate Security for the completion of the construction has been provided.

The parties hereby agree as follows:

1. 18. This Agreement is not valid until and unless it is executed by GM.

19. Fleet Operator will comply with all applicable laws, rules, regulations, orders, conventions, and ordinances.

20. Fleet Operator agrees to provide GM a viable account number to facilitate monthly open account transactions by utilizing an electronic funds transfer process. If at any time the Fleet Operator's open account becomes invalid or cannot receive transactions the Fleet Operator will incur and remain responsible for a monthly check processing fee, currently $50 per check, subject to change at GM's sole discretion.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 23rd day of June, 20 25, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and Kathy Jo Ross, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

(Continued from Sheet No. 20.0)

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: F04F2D2B-1FB9-4842-ADFB-83EE1093B70F

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU' electrical supply grid at the location identified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU' ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, the OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

OCALA ELECTRIC UTILITY
OCALA, FLORIDA
(Continued from Sheet No. 21.0)

FIRST REVISED SHEET NO. 21.1
CANCELS ORIGINAL SHEET NO. 21.1

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and the City of Ocala Electric Utility (OEU).

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU's distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 1 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. Increase in GPR above the ten kilowatt (10 kW) limit would necessitate entering into a new agreement at either Tier 2 or Tier 3 which may impose additional requirements on the Customer. In no case does the Tier 1, Tier 2 or Tier 3 agreement cover increases in GPR above two megawatts (2MW).

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).

5. The Customer shall not be required to pay any special fees due solely to the installation of the RGS.

6. The Customer shall fully comply with OEU's Design Standards following NEC standards as those documents may be amended or revised by OUS from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):

a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*
d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

OCALA, FLORIDA

FIRST REVISED SHEET NO. 21.2
CANCELS ORIGINAL SHEET NO. 21.2

(Continued from Sheet No. 21.1)

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 21.3)

Docusign Envelope ID: F04F2D2B-1FB9-4842-ADFB-83EE1093B70F

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes an OEU interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU's electric power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS that (i) utilizes the same OEU interactive inverter for both systems, or (ii) utilizes a separate OEU interactive inverter for each system, Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU' systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's system, such that back feed from the customer-owned renewable generation system to OEU's system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 21.4)

Docusign Envelope ID: F04F2D2B-1FB9-4842-ADFB-83EE1093B70F

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Section 18, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one hundred thousand dollars ($100,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

(Continued on Sheet No. 21.5)

Docusign Envelope ID: F04F2D2B-1FB9-4842-ADFB-83EE1093B70F

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OEU inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU' electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU system emergencies, forced outages, uncontrollable forces or compliance with prudent electric OEU practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical affects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU.
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

(Continued to Sheet No. 21.6)

Docusign Envelope ID: F04F2D2B-1FB9-4842-ADFB-83EE1093B70F

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.
b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, agents, contractors (and any subcontractor or material supplier thereof) and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days' notice of its intent to terminate this Agreement.

(Continued on Sheet No. 21.7)

Docusign Envelope ID: F04F2D2B-1FB9-4842-ADFB-83EE1093B70F

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection Agreement and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement, which complies with the amended statutes/rules.

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule, (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 31 day of July, 2025, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and _____, a retail electric customer of OEU (hereinafter "Customer").

Rajasekhar Ventrapragada

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: 4CF6D7F2-30D3-4509-BFC8-31039DC60F4A

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Tier 2
Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 31 day of July, 20 25, by and between Rajasekhar Ventrapragada, (hereinafter called "**Customer**"), located at 1425 SE 47TH ST in Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereafter called "**OEU**"), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the inter-connection is taking place: 1425 SE 47TH ST.

WITNESSETH

Whereas, a Tier 2 Renewable Generation System (RGS) is an electric generating system that uses one or of more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at more than 10 kilowatts (10 kW) but not greater than 100 kilowatts (100 kW) alternating current (AC) power output and is primarily intended to offset part or all of the customer's current electric requirements; and

Whereas, OEU operates an electric system serving parts of the City of Ocala and Marion County; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU's electrical supply grid at the location indentified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which OEU has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate OEU's electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

(Continued from Sheet No. 22.0)

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and OEU.

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 2 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. In no case should modifications to the RGS be made such that the GPR increases above the 100 kilowatts (100 kW) limit.

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).

5. The Customer shall be required to pay a non-refundable application fee of $375 for the review and processing of the application.

6. The Customer shall fully comply with OEU's Rules and Regulations and Electric Service Specifications as those documents may be amended or revised by OEU from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):

a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*

d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising OEU of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 22.3)

Docusign Envelope ID: 4CF6D7F2-30D3-4509-BFC8-31039DC60F4A

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes a utility-interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS which (i) utilizes the same utility-interactive inverter for both systems; or (ii) utilizes a separate utility-interactive inverter for each system, then Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU's systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU's electric system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU's electric system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's electric system such that back feed from the customer-owned renewable generation system to OEU's electric system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 22.4)

Docusign Envelope ID: 4CF6D7F2-30D3-4509-BFC8-31039DC60F4A

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Sections 18 and 19, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one million dollars ($1,000,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and also measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OUS inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

(Continued on Sheet No. 22.5)

Docusign Envelope ID: 4CF6D7F2-30D3-4509-BFC8-31039DC60F4A

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU's electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU utility system emergencies, forced outages, uncontrollable forces or compliance with prudent electric utility practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's utility system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical effects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys' fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.

(Continued on Sheet No. 22.6)

Docusign Envelope ID: 4CF6D7F2-30D3-4509-BFC8-31039DC60F4A

b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, contractors (and any subcontractor or material supplier thereof), agents and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days notice of its intent to terminate this Agreement.

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a

specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement which complies with the amended statutes/rules.

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds 2.5 percent (%) of the aggregate customer peak demand on OEU's electric system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

[1] IQ8 Series Microinverters can be added to existing IQ7 systems on the same IQ Gateway only in the following grid-tied configurations: Solar Only or Solar + Battery (IQ Battery 3T/10T and IQ Battery 5P) without backup.
[2] IQ7 Series Microinverters cannot be added to a site with existing IQ8 Series Microinverters on the same gateway. Mixed system of IQ7 and IQ8 will not support IQ8-specific PCS features and grid-forming capabilities.
[3] IQ Microinverters ship with default settings that meet North America's IEEE 1547 interconnection standard requirements. Region-specific adjustments may be requested by an Authority Having Jurisdiction (AHJ) or utility representative, according to the IEEE 1547 interconnection standard. An IQ Gateway is required to make these changes during installation.
[4] Meets UL 1741 only when installed with IQ System Controller 2 or 3.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

CONTRACT#: AIR/260063

T-HANGAR LEASE AGREEMENT

THIS T-HANGAR LEASE AGREEMENT ("Agreement" or "Lease") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City"), and **James Neville & Company Inc.**

WHEREAS, the City of Ocala is the owner and operator of the Ocala International Airport (the "Airport") located in Ocala, Marion County, Florida;

WHEREAS, City has T-Hangar units available for lease at the Airport;

WHEREAS, Lessee desires to lease a T-Hangar unit at Airport from City; and

WHEREAS, City is willing to lease to Lessee the T-Hangar unit identified in Section 1 below at the Airport subject to the terms and conditions set forth in this Agreement.

NOW THEREFORE, in consideration of the foregoing Recitals, the following mutual covenants and conditions, and other good and valuable consideration, City and Lessee agree as follows:

TERMS AND CONDITIONS:

1. **LEASED PREMISES**. City hereby leases to Lessee, and Lessee leases from City, T-Hangar Unit Number: **T-18** located at the Ocala International Airport and more particularly shown in **Exhibit A** attached hereto (the "Hangar" or "Leased Premises").

   A. City reserves the right to deny access to the Airport and its facilities to any person, firm, or corporation that fails or refuses to obey and comply with the rules and regulations contained herein.

   B. City shall purchase a Hangar lock for use on Hangar doors. One key will be provided to and maintained by Lessee. The master key will be maintained by the Airport Director or authorized representative. Under no circumstances shall Lessee be permitted to replace the Hangar lock provided by City. Use of any other lock on Hangar doors shall constitute a breach of this Lease. Loss of the Hangar lock or Lessee's Hangar lock key shall result in the City's assessment of either a re-key and/or lock replacement charge in accordance with the current Airport Fee Schedule which shall become due and payable as part of Lessee's monthly rent on the next monthly rental cycle.

   C. City, through its officers, agents, servants or employees, reserves the right to enter the Leased Premises at any time to perform any and all duties or obligations which City is authorized or required to do under the terms of this Lease or to perform its governmental duties under federal, state, or local rules, regulations, and laws (including, but not limited to, inspections under applicable health, mechanical, building, electrical, plumbing, and Fire Codes) or other health, safety, and general welfare regulations. All routine inspections shall be done during normal business hours and in conformity with City's Airport policies (including those requiring two employees to be present during inspections). City shall leave a notice on the premises following inspections indicating the time and date of the inspection, who was present, and the purpose of the inspection; provided, however, no notice shall be required if: (a) the inspection was a law enforcement purpose; or (b) the City had previously mailed a notice to Lessee, at least a week prior to the inspection, advising Lessee of the week in which the inspection would occur and the purpose of the inspection.

2. **EFFECTIVE DATE, TERM, AND TERMINATION.**

A. **Effective Date and Lease Term**. This Lease shall commence on **November 1st, 2025** shall become effective on the date fully executed by both Parties (the "Effective Date"), and shall continue in effect from month-to-month thereafter (the "Lease Term") unless and until terminated by either party as provided herein.

B. **Termination.** This Lease shall be terminable at will by either party, without cause, upon providing advance written notice to the other party no less than **THIRTY (30) DAYS'** prior to termination. Termination of this Lease shall have no effect upon the rights or responsibilities of the parties accruing prior to termination.

(1) Should Lessee be declared bankrupt, incompetent, or become deceased, this Lease shall immediately terminate and shall not be considered to be part of Lessee's estate nor shall it become an asset of any appointed or assigned guardian, trustee, or receiver.

(2) City shall have the right to terminate this Lease and retake possession of the Leased Premises should Lessee fail to make timely payment of rent, fail to provide proof of required insurance, use the Leased Premises for any illegal or unauthorized purpose, file bankruptcy, abandon or leave the Leased Premises vacant or unoccupied for **ONE HUNDRED TWENTY (120) DAYS**, or violates any of the terms and conditions of this Lease.

(3) Upon termination or expiration of this Lease, Lessee shall peaceably vacate the Leased Premises.

C. **Remedies**. If any default occurs under this Lease, City shall have the right to pursue all remedies available at law or equity, including the termination of this Lease and all rights of Lessee hereunder. Notwithstanding City's termination of the Lease, Lessee shall remain liable to City for all claims for damages, costs or attorneys' fees arising prior to such termination.

3. **CONSIDERATION.**

A. **Rent.** As rent for the use of the Leased Premises, Lessee shall pay to City monthly, in advance, the amount of **$ 340.48/Month**. Any other payments made by Lessee under this Lease shall be considered additional rent, regardless of whether the payments are so designated. The term "Rent," as referenced herein, shall include monthly rent and additional rent. City shall have the same remedies for Lessee's failure to pay additional rent as it does for Lessee's failure to pay monthly rent.

B. **Payment of Rent**. Monthly rental payments are due on or before the first (1st) day of each month without billing of Lessee by City. Unless expressly authorized by the City, rent shall be made payable to the "City of Ocala" and shall be delivered or paid in person to: **City of Ocala, c/o Ocala International Airport, 1770 SW 60th Avenue, Suite 600, Ocala, Florida 34474**. Payments made by credit card may be subject to a credit card processing fee.

C. **Late Charge**. Rent shall be considered past due if City has not received full payment by the fifteenth (15th) day of the month for which payment is due. Without limiting City's termination rights as provided by this Lease, City shall assess a late penalty charge in the amount of **TWENTY-FIVE AND NO/100 DOLLARS ($25.00)**.

D. **Adjustments to Rent**. City reserve the right to increase the amount of rent from time to time, in its sole discretion, and shall provide written notice of said increase to Lessee no less than **THIRTY (30) DAYS** prior to the effective date of the rental increase.

Docusign Envelope ID: 08870E3A-56EE-4D3D-9C4D-3D4567E54CD7

4. **USE OF LEASED PREMISES.** Unless otherwise authorized by City in writing, Lessee shall use the Leased Premises and associated utilities on a non-commercial basis only for the storage, operation, and maintenance of the following Federal Aviation Administration ("FAA")-registered aircraft:

   Year, Make and Model of Aircraft:

   N#:

   A. Any change to the aircraft expressly identified in this Section shall be reported in writing to the Airport Director within **TEN (10) DAYS** thereof.

   B. The Leased Premises are to be used only for the storage of aircraft and other aviation-related items owned or leased by Lessee. Lessee's use of the Leased premises for any other purpose shall constitute a material breach of this Lease.

   C. Lessee shall not use the Leased Premises for any commercial purposes. The storage of aircraft used by Lessee in connection with its customary non-aviation related business shall not be considered to be a commercial purpose. Under no circumstances will the sale of goods or services by Lessee from the Leased Premises be authorized.

   D. Lessee may maintain a small refrigerator in the Leased Premises, but only if the wiring capacity of the Leased Premises can support such usage.

   E. City reserves the right to assess, as additional rent, charges for extraordinary consumption of utilities by Lessee, as reasonably determined by City in its sole discretion.

   F. All aircraft stored in the Leased Premises must be airworthy. Short-term storage of non-operational aircraft for the purposes of maintenance, repair or refurbishment shall be allowed. However, aircraft may not be inoperable or under repair for a period greater than **ONE HUNDRED TWENTY (120) DAYS**, consecutively without City approval, unless such condition is caused by circumstances beyond Lessee's control (e.g., inability to obtain parts).

   G. Lessee shall abide by all Airport rules and regulations, minimum standards, City ordinances, applicable federal and state statutes, and regulations of the FAA, as they may from time to time be amended, including environmental laws regarding the handling, discharge, release and dumping of any hazardous substance, and such rules, regulations, and ordinances are incorporated by reference herein and made a part hereof.

   H. No explosives or combustible materials shall be permitted within or about the Hangar except for fuel in aircraft tanks or small containers of lubricants, cleaning materials, and other aviation-related materials stored in EPA or local Fire Marshall approved containers or cabinets.

   I. No refueling of the aircraft is allowed while any part of the aircraft remains inside the Hangar.

   J. The exclusive means of access to the Leased Premises shall be through the T-Hangar access gate via the T-Hangar access road.

   K. With the exception of loading or unloading of aircraft on the FBO apron, Lessee shall not operate any motor vehicle on the Airport apron, runway system, or Taxiway A system at any time.

   L. Lessee shall be allowed to park its motor vehicle in the Hangar while Lessee is in the Hangar or when the aircraft is out and in use. Otherwise, all motor vehicles belonging to Lessee or its guests or licensees shall be parked only in the public parking area outside of the fence.

Docusign Envelope ID: 08870E3A-56EE-4D3D-9C4D-3D4567E54CD7

M. Lessee shall not allow its aircraft engine to be run inside a Hangar.

5. **MAINTENANCE OF THE LEASED PREMISES.** Lessee shall maintain the Leased Premises and all improvements in a condition that is clean, free of debris, safe, sanitary, and in good repair and shall not accumulate or permit the accumulation of any trash, refuse or debris or of anything that is unsightly or which creases a fire hazard or nuisance or causes an inconvenience to adjoining properties.
   A. City shall maintain the structural integrity of the Hangar, including doors, and shall provide Lessee with access to water, electricity and normal building maintenance.
   B. City shall provide and maintain one (1) fire extinguisher in the Hangar. Should the City's inspection of the premises reveal that the City-owned fire extinguisher is missing, Lessee shall be responsible for replacement of the fire extinguisher with a model of comparable size and quality, at its sole expense.
   C. Lessee shall maintain the interior of the Hangar in a neat and orderly condition, and shall keep the Hangar floor clean and clear of excess oil grease, or toxic chemicals.
   D. Lessee shall make no structural, electrical, or any other modifications or alterations to the Leased Premises, or remove any structures, wiring, plumbing or other facilities, without first submitting to City the plans and specifications for the proposed modifications and obtaining a written approval from City (which approval may be subject to reasonable conditions imposed by City) and without first obtaining all applicable permits from governments with jurisdiction over the activities.
   E. All fixtures, alterations, changes and improvements built, constructed or placed on the Leased Premises by Lessee shall, at City's option, become the property of City and remain on the Leased Premises at the expiration or earlier termination of this Lease, or City may require Lessee to restore the Leased Premises, in whole or in part, to its condition prior to such fixtures, alterations, changes or improvements.
   F. Lessee shall be responsible for all damages to the premises caused by Lessee or arising from Lessee's use of the premises, except those caused by "acts of God," or those arising from normal wear and tear or from deliberate or negligent acts of City or its employees. If Lessee fails to promptly repair any damages for which it is responsible hereunder after notification by City, City may, but shall not be obligated to, make repairs at Lessee's expense which shall become due and payable as part of Lessee's rent on the next monthly billing cycle.
   G. Upon termination of this Lease by either party, a joint inspection of the Leased Premises shall be conducted and any unsatisfactory conditions shall be documented on the T-Hangar Check-Out Form attached hereto as **Exhibit B**. Should Lessee fail to promptly repair any damages or replace any items for which it is responsible hereunder after City provides notice and demand for same, City may, but shall not be obligated to, make repairs at Lessee's expense. City reserves the right to deduct the cost of any such repairs from Lessee's refundable hangar deposit.

6. **AIRCRAFT MAINTENANCE AND REPAIRS.** The following provisions shall govern the short-term maintenance, repair or refurbishment of aircraft stored in the Leased Premises.
   A. All repair of aircraft shall be governed by and performed in compliance with Part 43 of the Federal Aviation Administration Regulations (14 C.F.R. Part 43). Those terms defined in Part 43 shall have the same meaning in this paragraph.

Docusign Envelope ID: 08870E3A-56EE-4D3D-9C4D-3D4567E54CD7

B. Hazardous activities, including, but not limited to, smoking, welding, painting, doping, open fuel lines, open flames, or the application of hazardous substances are expressly prohibited in the Hangar.

C. Minor aircraft self-maintenance such as would normally be performed by an aircraft owner by himself or with his own employees without the benefit of an aircraft mechanic shall be allowed to be performed in the Hangar.

D. Lessee's possessing a valid mechanic's certificate or who are otherwise authorized by the FAA shall be permitted to perform any maintenance and repairs on its own aircraft unless: (1) the work constitutes powerplant major repairs; or (2) the work being performed in the Hangar will require the installation of a fire-suppression system in the Hangar.

E. Lessee's possessing a valid mechanic's certificate or who are otherwise authorized by the FAA shall be permitted to perform maintenance and repairs on aircraft belonging to others only pursuant to the City's Airport Minimum Standards including applicable liability insurance requirements.

F. 8. **CONDITION OF PREMISES; NO WARRANTIES.**

Should any portion of this Lease be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Lease.

G. **Rights of Third Parties**. Nothing in this Lease, whether express or implied, is intended to confer any rights or remedies under or because of this Lease on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Lease is intended to relieve or discharge the obligation or liability of any third persons to any party to this Lease, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Lease.

H. **Assignment**. Neither party may assign this Lease or the rights and obligations thereunder to any third party without the prior express written approval of the other party, which shall not be unreasonably withheld.

I. **No Waiver of Sovereign Immunity**. Nothing herein is intended to waive sovereign immunity by the City to which sovereign immunity may be applicable, or of any rights or

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

T-HANGAR LEASE AGREEMENT

THIS T-HANGAR LEASE AGREEMENT ("Agreement" or "Lease") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City"), and **John A Schaefer.**

WHEREAS, the City of Ocala is the owner and operator of the Ocala International Airport (the "Airport") located in Ocala, Marion County, Florida;

WHEREAS, City has T-Hangar units available for lease at the Airport;

WHEREAS, Lessee desires to lease a T-Hangar unit at Airport from City; and

WHEREAS, City is willing to lease to Lessee the T-Hangar unit identified in Section 1 below at the Airport subject to the terms and conditions set forth in this Agreement.

NOW THEREFORE, in consideration of the foregoing Recitals, the following mutual covenants and conditions, and other good and valuable consideration, City and Lessee agree as follows:

TERMS AND CONDITIONS:

1. **LEASED PREMISES**. City hereby leases to Lessee, and Lessee leases from City, T-Hangar Unit Number: **T-93** located at the Ocala International Airport and more particularly shown in **Exhibit A** attached hereto (the "Hangar" or "Leased Premises").

   A. City reserves the right to deny access to the Airport and its facilities to any person, firm, or corporation that fails or refuses to obey and comply with the rules and regulations contained herein.

   B. City shall purchase a Hangar lock for use on Hangar doors. One key will be provided to and maintained by Lessee. The master key will be maintained by the Airport Director or authorized representative. Under no circumstances shall Lessee be permitted to replace the Hangar lock provided by City. Use of any other lock on Hangar doors shall constitute a breach of this Lease. Loss of the Hangar lock or Lessee's Hangar lock key shall result in the City's assessment of either a re-key and/or lock replacement charge in accordance with the current Airport Fee Schedule which shall become due and payable as part of Lessee's monthly rent on the next monthly rental cycle.

   C. City, through its officers, agents, servants or employees, reserves the right to enter the Leased Premises at any time to perform any and all duties or obligations which City is authorized or required to do under the terms of this Lease or to perform its governmental duties under federal, state, or local rules, regulations, and laws (including, but not limited to, inspections under applicable health, mechanical, building, electrical, plumbing, and Fire Codes) or other health, safety, and general welfare regulations. All routine inspections shall be done during normal business hours and in conformity with City's Airport policies (including those requiring two employees to be present during inspections). City shall leave a notice on the premises following inspections indicating the time and date of the inspection, who was present, and the purpose of the inspection; provided, however, no notice shall be required if: (a) the inspection was a law enforcement purpose; or (b) the City had previously mailed a notice to Lessee, at least a week prior to the inspection, advising Lessee of the week in which the inspection would occur and the purpose of the inspection.

2. **EFFECTIVE DATE, TERM, AND TERMINATION.**

A. **Effective Date and Lease Term**. This Lease shall commence on **October 28th, 2025** shall become effective on the date fully executed by both Parties (the "Effective Date"), and shall continue in effect from month-to-month thereafter (the "Lease Term") unless and until terminated by either party as provided herein.

B. **Termination.** This Lease shall be terminable at will by either party, without cause, upon providing advance written notice to the other party no less than **THIRTY (30) DAYS'** prior to termination. Termination of this Lease shall have no effect upon the rights or responsibilities of the parties accruing prior to termination.

(1) Should Lessee be declared bankrupt, incompetent, or become deceased, this Lease shall immediately terminate and shall not be considered to be part of Lessee's estate nor shall it become an asset of any appointed or assigned guardian, trustee, or receiver.

(2) City shall have the right to terminate this Lease and retake possession of the Leased Premises should Lessee fail to make timely payment of rent, fail to provide proof of required insurance, use the Leased Premises for any illegal or unauthorized purpose, file bankruptcy, abandon or leave the Leased Premises vacant or unoccupied for **ONE HUNDRED TWENTY (120) DAYS**, or violates any of the terms and conditions of this Lease.

(3) Upon termination or expiration of this Lease, Lessee shall peaceably vacate the Leased Premises.

C. **Remedies**. If any default occurs under this Lease, City shall have the right to pursue all remedies available at law or equity, including the termination of this Lease and all rights of Lessee hereunder. Notwithstanding City's termination of the Lease, Lessee shall remain liable to City for all claims for damages, costs or attorneys' fees arising prior to such termination.

3. **CONSIDERATION.**

A. **Rent.** As rent for the use of the Leased Premises, Lessee shall pay to City monthly, in advance, the amount of **$415.36/MONTH**. Any other payments made by Lessee under this Lease shall be considered additional rent, regardless of whether the payments are so designated. The term "Rent," as referenced herein, shall include monthly rent and additional rent. City shall have the same remedies for Lessee's failure to pay additional rent as it does for Lessee's failure to pay monthly rent.

B. **Payment of Rent**. Monthly rental payments are due on or before the first (1st) day of each month without billing of Lessee by City. Unless expressly authorized by the City, rent shall be made payable to the "City of Ocala" and shall be delivered or paid in person to: **City of Ocala, c/o Ocala International Airport, 1770 SW 60th Avenue, Suite 600, Ocala, Florida 34474**. Payments made by credit card may be subject to a credit card processing fee.

C. **Late Charge**. Rent shall be considered past due if City has not received full payment by the fifteenth (15th) day of the month for which payment is due. Without limiting City's termination rights as provided by this Lease, City shall assess a late penalty charge in the amount of **TWENTY-FIVE AND NO/100 DOLLARS ($25.00)**.

D. **Adjustments to Rent**. City reserve the right to increase the amount of rent from time to time, in its sole discretion, and shall provide written notice of said increase to Lessee no less than **THIRTY (30) DAYS** prior to the effective date of the rental increase.

Docusign Envelope ID: D2FC4908-7CD7-4655-8C4A-3126D576CC72

4. **USE OF LEASED PREMISES.** Unless otherwise authorized by City in writing, Lessee shall use the Leased Premises and associated utilities on a non-commercial basis only for the storage, operation, and maintenance of the following Federal Aviation Administration ("FAA")-registered aircraft:

Year, Make and Model of Aircraft: 1951 Cessna 305A

N#: 413PG

A. Any change to the aircraft expressly identified in this Section shall be reported in writing to the Airport Director within **TEN (10) DAYS** thereof.

B. The Leased Premises are to be used only for the storage of aircraft and other aviation-related items owned or leased by Lessee. Lessee's use of the Leased premises for any other purpose shall constitute a material breach of this Lease.

C. Lessee shall not use the Leased Premises for any commercial purposes. The storage of aircraft used by Lessee in connection with its customary non-aviation related business shall not be considered to be a commercial purpose. Under no circumstances will the sale of goods or services by Lessee from the Leased Premises be authorized.

D. Lessee may maintain a small refrigerator in the Leased Premises, but only if the wiring capacity of the Leased Premises can support such usage.

E. City reserves the right to assess, as additional rent, charges for extraordinary consumption of utilities by Lessee, as reasonably determined by City in its sole discretion.

F. All aircraft stored in the Leased Premises must be airworthy. Short-term storage of non-operational aircraft for the purposes of maintenance, repair or refurbishment shall be allowed. However, aircraft may not be inoperable or under repair for a period greater than **ONE HUNDRED TWENTY (120) DAYS**, consecutively without City approval, unless such condition is caused by circumstances beyond Lessee's control (e.g., inability to obtain parts).

G. Lessee shall abide by all Airport rules and regulations, minimum standards, City ordinances, applicable federal and state statutes, and regulations of the FAA, as they may from time to time be amended, including environmental laws regarding the handling, discharge, release and dumping of any hazardous substance, and such rules, regulations, and ordinances are incorporated by reference herein and made a part hereof.

H. No explosives or combustible materials shall be permitted within or about the Hangar except for fuel in aircraft tanks or small containers of lubricants, cleaning materials, and other aviation-related materials stored in EPA or local Fire Marshall approved containers or cabinets.

I. No refueling of the aircraft is allowed while any part of the aircraft remains inside the Hangar.

J. The exclusive means of access to the Leased Premises shall be through the T-Hangar access gate via the T-Hangar access road.

K. With the exception of loading or unloading of aircraft on the FBO apron, Lessee shall not operate any motor vehicle on the Airport apron, runway system, or Taxiway A system at any time.

L. Lessee shall be allowed to park its motor vehicle in the Hangar while Lessee is in the Hangar or when the aircraft is out and in use. Otherwise, all motor vehicles belonging to Lessee or its guests or licensees shall be parked only in the public parking area outside of the fence.

Docusign Envelope ID: D2FC4908-7CD7-4655-8C4A-3126D576CC72

M. Lessee shall not allow its aircraft engine to be run inside a Hangar.

5. **MAINTENANCE OF THE LEASED PREMISES.** Lessee shall maintain the Leased Premises and all improvements in a condition that is clean, free of debris, safe, sanitary, and in good repair and shall not accumulate or permit the accumulation of any trash, refuse or debris or of anything that is unsightly or which creases a fire hazard or nuisance or causes an inconvenience to adjoining properties.

   A. City shall maintain the structural integrity of the Hangar, including doors, and shall provide Lessee with access to water, electricity and normal building maintenance.

   B. City shall provide and maintain one (1) fire extinguisher in the Hangar. Should the City's inspection of the premises reveal that the City-owned fire extinguisher is missing, Lessee shall be responsible for replacement of the fire extinguisher with a model of comparable size and quality, at its sole expense.

   C. Lessee shall maintain the interior of the Hangar in a neat and orderly condition, and shall keep the Hangar floor clean and clear of excess oil grease, or toxic chemicals.

   D. Lessee shall make no structural, electrical, or any other modifications or alterations to the Leased Premises, or remove any structures, wiring, plumbing or other facilities, without first submitting to City the plans and specifications for the proposed modifications and obtaining a written approval from City (which approval may be subject to reasonable conditions imposed by City) and without first obtaining all applicable permits from governments with jurisdiction over the activities.

   E. All fixtures, alterations, changes and improvements built, constructed or placed on the Leased Premises by Lessee shall, at City's option, become the property of City and remain on the Leased Premises at the expiration or earlier termination of this Lease, or City may require Lessee to restore the Leased Premises, in whole or in part, to its condition prior to such fixtures, alterations, changes or improvements.

   F. Lessee shall be responsible for all damages to the premises caused by Lessee or arising from Lessee's use of the premises, except those caused by "acts of God," or those arising from normal wear and tear or from deliberate or negligent acts of City or its employees. If Lessee fails to promptly repair any damages for which it is responsible hereunder after notification by City, City may, but shall not be obligated to, make repairs at Lessee's expense which shall become due and payable as part of Lessee's rent on the next monthly billing cycle.

   G. Upon termination of this Lease by either party, a joint inspection of the Leased Premises shall be conducted and any unsatisfactory conditions shall be documented on the T-Hangar Check-Out Form attached hereto as **Exhibit B**. Should Lessee fail to promptly repair any damages or replace any items for which it is responsible hereunder after City provides notice and demand for same, City may, but shall not be obligated to, make repairs at Lessee's expense. City reserves the right to deduct the cost of any such repairs from Lessee's refundable hangar deposit.

6. **AIRCRAFT MAINTENANCE AND REPAIRS.** The following provisions shall govern the short-term maintenance, repair or refurbishment of aircraft stored in the Leased Premises.

   A. All repair of aircraft shall be governed by and performed in compliance with Part 43 of the Federal Aviation Administration Regulations (14 C.F.R. Part 43). Those terms defined in Part 43 shall have the same meaning in this paragraph.

Docusign Envelope ID: D2FC4908-7CD7-4655-8C4A-3126D576CC72

B. Hazardous activities, including, but not limited to, smoking, welding, painting, doping, open fuel lines, open flames, or the application of hazardous substances are expressly prohibited in the Hangar.

C. Minor aircraft self-maintenance such as would normally be performed by an aircraft owner by himself or with his own employees without the benefit of an aircraft mechanic shall be allowed to be performed in the Hangar.

D. Lessee's possessing a valid mechanic's certificate or who are otherwise authorized by the FAA shall be permitted to perform any maintenance and repairs on its own aircraft unless: (1) the work constitutes powerplant major repairs; or (2) the work being performed in the Hangar will require the installation of a fire-suppression system in the Hangar.

E. Lessee's possessing a valid mechanic's certificate or who are otherwise authorized by the FAA shall be permitted to perform maintenance and repairs on aircraft belonging to others only pursuant to the City's Airport Minimum Standards including applicable liability insurance requirements.

F. The provisions of this Section shall not apply to experimental aircraft construction and maintenance to the extent they are exempt from the provisions of Part 43 of the Federal Aviation Administration Regulations, but such activities shall be subject to other applicable Federal Aviation Administration Regulations (e.g., 14 C.F.R. §65.104).

7. **INDEMNIFICATION AND INSURANCE.**

A. **Indemnity**. Lessee agrees to indemnify and hold City and its elected officials, employees, agents, and volunteers harmless from and against any and all liabilities, judgments, costs, damages, expenses, claims, actions or demands of any kind and nature, by any person whatsoever, including, without limitation, personal property damage, injury or death to a person arising out of the activities of Lessee, its agents, employees, contractors or invitees on the Leased Premises, except those caused by the deliberate or negligent act or failure to act of City or its agents or representatives.

B. **Insurance.** The City may maintain fire and casualty insurance on the premises for its benefit but such insurance shall not cover any property of Lessee and all proceeds payable thereunder shall be the sole property of City. If the Leased Premises are damaged by any casualty not the result of the negligent or deliberate acts of Lessee, its licensees, invitees, and guests, City may terminate this Lease or may, at its option, repair the damage. If City elects to repair, rent shall be abated until repairs are completed.

C. Lessee shall at its sole cost repair any damage to the premises resulting from negligent or deliberate acts of Lessee, its agents, employees, contractors, invitees and guests.

D. City shall not be responsible for any damage to any property of Lessee (including, without limitation, aircraft) or of others located on the Leased Premises, nor for the loss of or damage to any property of Lessee or of others by theft or otherwise. City shall not be liable for any injury or damage to persons or property resulting from fire, smoke, explosion, falling plaster, steam, gas, electricity, water, rain, or leaks from any part of the premises or from the pipes, appliances or plumbing works or from the roof, street or subsurface or from any other place of by dampness or by any other cause of whatsoever nature. City shall not be liable for any latent defect in the Leased Premises or in the building of which they form a part. All property of Lessee kept or stored on the Leased Premises shall be so kept or stored at the risk of Lessee only and Lessee shall hold City harmless from any and all claims arising out of damage to

Docusign Envelope ID: D2FC4908-7CD7-4655-8C4A-3126D576CC72

same, including subrogation claims by Lessee's insurance carriers, except those caused by the deliberate or negligent act or failure to act of City or its agents or representatives.

8. **CONDITION OF PREMISES; NO WARRANTIES.**
   A. City represents and warrants that the Leased Premises comply with applicable building and fire codes in effect at the time of its construction, and that any changes in such codes since such time do not require additional improvements (except upon a rebuilding or renovation thereof).
   B. EXCEPT AS SET FORTH IN THE PRECEDING SUBPARAGRAPH,
      (1) LESSEE ACKNOWLEDGES THAT BY ENTERING INTO POSSESSION OF THE PREMISES, IT SHALL BE DEEMED: TO HAVE INSPECTED THE PREMISES; AND TO HAVE ACCEPTED THE PREMISES "AS IS," "WITH ALL FAULTS" OF ANY NATURE WHATSOEVER; AND
      (2) LESSEE ACKNOWLEDGES THAT NEITHER CITY NOR ANY AGENT OF CITY HAS MADE ANY WARRANTY OR REPRESENTATION, OF ANY NATURE WHATSOEVER, EXPRESS OR IMPLIED, CONCERNING THE PREMISES, INCLUDING, WITHOUT LIMITATION, SOIL CONDITIONS, ENVIRONMENTAL CONDITIONS, BUILDING CONSTRUCTION OR SUITABILITY OF THE PREMISES FOR LESSEE'S PURPOSES.

9. **NOTICES.** All notices required or permitted under this Agreement shall be given in writing and shall be deemed sufficiently served if delivered by registered or certified mail, with return receipt requested; or delivered personally; or delivered via electronic mail (as provided below) and followed with delivery of a hard copy. Attorneys' fees shall include, without limitation, paralegal fees, investigative fees, administrative costs, sales and use taxes and all other charges reasonably billed by the attorney to the prevailing party.

F. **Severability of Illegal Provisions**. Wherever possible, each provision of this Lease shall be interpreted in such a manner as to be effective and valid under the applicable law. Should any portion of this Lease be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Lease.

G. **Rights of Third Parties**. Nothing in this Lease, whether express or implied, is intended to confer any rights or remedies under or because of this Lease on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Lease is intended to relieve or discharge the obligation or liability of any third persons to any party to this Lease, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Lease.

H. **Assignment**. Neither party may assign this Lease or the rights and obligations thereunder to any third party without the prior express written approval of the other party, which shall not be unreasonably withheld.

I. **No Waiver of Sovereign Immunity**. Nothing herein is intended to waive sovereign immunity by the City to which sovereign immunity may be applicable, or of any rights or

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

Ocala Fire Rescue is requesting the acquisition of two new drones to enhance our emregency response capabilities. These new assets will be integrated into our operations for every day response, special events, fire investigations/inspections, joint operations with our local law enforcement agencies and managing complex high-hazard incidents (IE: commercial structure fires, large-scale incidents, and Hazardous Materials response.) The drones are a critical tool for protecting our community and our first responders by providing essential information before they are placed in harm's way. The two drones we currently possess-generously donated by Florida Highway Patrol-are rapidly becoming unusable as the manufacturer has discontinued the model. In the short time we've had them, they have proven invaluable.

By signing below, I am submitting the request to receive funding in accordance with the revised Drone Replacement Program guidelines cited above.

The following terms and conditions will be binding upon approval of the grant award and execution of the contract by both the Recipient and the Florida Department of Law Enforcement. The Recipient will maintain required registrations and certifications for eligibility under this program.

The Department and the Recipient agree that they do not contemplate the development, transfer or receipt of intellectual property as a part of this agreement.

SECTION I: PROJECT IMPLEMENTATION

Legal Authority: The Recipient certifies with respect to this agreement that it possesses the legal authority to receive the funds to be provided under this agreement and that, if applicable, its governing body has authorized, by resolution or otherwise, the execution and acceptance of this agreement with all covenants and assurances contained herein. The Recipient also certifies that the undersigned possesses the authority to legally execute and bind Recipient to the terms of this agreement.

Not Operational within 60 and 90 Days: If a project is not operational within 60 days of the original start date of the award period, the Recipient must report by letter to the Department the steps taken to initiate the project, the reasons for delay, and the expected start date. If a project is not operational within 90 days of the original start date of the award period, the Recipient must submit a second statement to the Department explaining the implementation delay. Upon receipt of the 90-day letter, the Department shall determine if the reason for delay is justified or shall, at its discretion, require additional project documentation and justifications throughout the award period. The Department will also require the Recipient provide a revised project timeline that includes all anticipated project activities, tasks, and estimated completion date(s).

SECTION II: PAYMENTS

Obligation to Pay: The State of Florida's obligation to pay under this agreement is contingent upon an appropriation by the Legislature.

Overpayments: Any funds paid in excess of the amount to which the Recipient is entitled under the terms and conditions of the agreement must be refunded to the Department. Any balance of unobligated cash that has been paid and has not been authorized to be retained for direct program costs in a subsequent period must be refunded to the Department.

Advance Funding (Drone Program Only): Advance funding may be provided to a Recipient upon completion and submission of the following to the assigned FDLE Grant Manager: (1) a completed "Compliant Drone Cash Advance Request" form, (2) a valid, executed Purchase Order, and (3) vendor quote(s) for the compliant drone. The request form must be signed by the Chief Official. Advanced funds must be spent on drone purchase within 30 days of receipt. In order to reconcile the Cash Advance, the Recipient must provide the invoice and proof of payment for the compliant drone to the assigned FDLE Grant Manager within 45 days of the receipt of the advanced funding. Should extenuating circumstances arise which prevent the expenditure of advance funds within 30 days of receipt, or the provision of required documentation to reconcile the funds, a written request to retain the funds must be provided by the Recipient and approved by the Department. Failure to provide documentation will result in a refund of any advanced funding.

SECTION III: PROJECT AND GRANT MANAGEMENT

Personnel Changes: The Recipient must notify the FDLE grant manager of any change in the Chief Officials or Project Director or any change in contact information, including mailing address, phone number, email, or title change.

If the Recipient subcontracts any or all of the work required under this agreement, the Recipient must provide a completed DFS-A2-NS (Recipient-Subrecipient vs. Vendor Determination) form and a copy of the executed subcontract within thirty (30) days after execution of the subcontract. The Recipient agrees to include in the subcontract that (i) the subcontractor is bound by all applicable state and federal laws and regulations, and (ii) the subcontractor shall hold the Department and Recipient harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this agreement, to the extent allowed and required by law.

Grant Adjustments: Recipients must submit a Request for Grant Adjustment to the FDLE grant manager for substantive changes such as: scope modifications, changes to project activities, target populations, service providers, implementation schedules, project director, designs or research plans set forth in the approved agreement, and for any budget changes affecting a cost category that was not included in the original budget. In addition, the Recipient must agree through appropriate contract or grant agreement amendment to inform the agency of any changes in total executive compensation between the annual reports. All compensation reports must indicate what percent of compensation comes directly from the State or Federal allocations to the Recipient.

Civil Rights: The Recipient agrees to comply with the Americans With Disabilities Act (Public Law 101-336, 42 U.S.C. Section 12101 et seq.) and shall not discriminate against any employee (or applicant for employment) in the performance of this agreement because of race, color, religion, sex, national origin, disability, age, or marital status. These requirements shall apply to all contractors, subcontractors, subgrantees or others with whom it arranges to provide services or benefits to clients or employees in connection with its programs and activities.

E-Verify: The Department shall consider the employment by any contractor of unauthorized aliens a violation of section 274(e) of the Immigration and Nationalization Act. Pursuant to F.S. 448.095, the Contracting Party and any subcontractors are required to register with and use the E-Verify system operated by the U.S. Department of Homeland Security beginning on January 1, 2021. The Contracting Party and any subcontractors are prohibited from entering into contracts with one another unless all parties register and use the E-Verify system. Subcontractors who enter into contracts with the Contracting Party are required to provide a certification that the subcontractor does not employ or use unauthorized aliens as defined in the statute, a copy of which the Contracting Party must maintain. The Contracting Party and any subcontractors are required to terminate a contract if a party has a good faith belief that another party is in violation of F.S. 448.09(1), prohibiting the employment of unauthorized aliens. If a public employer has a good faith belief that the subcontractor has violated these requirements, but that the Contracting Party has otherwise complied, the public employer must notify the Contracting Party to terminate its contract with the subcontractor. A party may challenge a contract termination in accordance with these requirements. A penalized Contractor is prohibited from obtaining another contract with a public employer for at least one year.

Background Check: Whenever a background screening for employment or a background security check is required by law for employment, unless otherwise provided by law, the provisions of Chapter 435 F.S., shall apply. All employees in positions designated by law as positions of trust or responsibility shall be required to undergo security background investigations as a condition of employment and continued employment. For the purposes of the subsection, security background investigations shall include, but not be limited to, employment history checks, fingerprinting for all purposes and checks in this subsection, statewide criminal and juvenile record checks through the Florida Department of Law Enforcement, and federal criminal record checks through the Federal Bureau of Investigation, and may include local criminal record checks through local law enforcement agencies.

It is expressly understood that the Recipient's failure to comply with this provision shall constitute an immediate breach of contract, for which the Department may unilaterally terminate this agreement.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Independent Contractor, Subcontracting and Assignments: In performing its obligations under this agreement, the Recipient shall at all times be acting in the capacity of an independent contractor and not as an officer, employee, or agent of the State of Florida. Neither the Recipient nor any of its agents, employees, subcontractors or assignees shall represent to others that it is an agent of or has the authority to bind the Department by virtue of this agreement, unless specifically authorized in writing to do so.

Timely Payment of Subcontractors: To the extent that a subcontract provides for payment after Recipient's receipt of payment from the Department, the Recipient shall make payments to any subcontractor within 7 working days after receipt of full or partial payments from the Department in accordance with §287.0585, F.S., unless otherwise stated in the agreement between the Recipient and subcontractor. Failure to pay within seven (7) working days will result in a penalty that shall be charged against the Recipient and paid by the Recipient to the subcontractor in the amount of one-half of one percent (.005) of the amount due per day from the expiration of the period allowed for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen (15%) percent of the outstanding balance due.

Notice of Legal Actions: The Recipient shall notify the Department of potential or actual legal actions taken against the Recipient related to services provided through this agreement or that may impact the Recipient's ability to complete the deliverables outlined herein, or that may adversely impact the Department. The Department's Grant Manager will be notified within 10 days of Recipient becoming aware of such actions or potential actions or from the day of the legal filing, whichever comes first.

Property: In accordance with 287.05805, F.S., any State funds provided for the purchase of or improvements to real property are contingent upon the Recipient granting to the State a security interest in the property at least to the amount of the State funds provided for at least five (5) years from the date of purchase or the completion of the improvements or as further required by law.

SECTION VI: RECORDS, AUDITS, AND INFORMATION SECURITY

Records Retention: Retention of all financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to this agreement shall be maintained by the Recipient during the term of this agreement and retained for a period of five (5) years after completion of the agreement or longer when required by law. In the event an audit is required under this agreement, records shall be retained for a minimum period of five years after the audit report is issued or until resolution of any audit findings or litigation based on the terms of this agreement, at no additional cost to the Department. Upon demand, at no additional cost to the Department, the Recipient will facilitate the duplication and transfer of any records or documents during the term of this agreement and the required five (5) year retention period. No record may be withheld, nor may the Recipient attempt to limit the scope of any of the foregoing inspections, reviews, copying, transfers or audits based on any claim that any record is exempt from public inspection or is confidential, proprietary or trade secret in nature; provided, however, that this provision does not limit any exemption to public inspection or copying to any such record. These records shall be made available at all reasonable times for inspection, review, copying, or audit by State, or other personnel duly authorized by the Department.

Records Inspection: Pursuant to Section 216.1366, F.S., in order to preserve the interest of the state in the prudent expenditure of state funds, the Department shall be authorized to inspect the (a) Financial records , papers, and documents of the Contractor that are directly related to the performance of the Contract or the expenditure of state funds, and (b) Programmatic records, papers, and documents of the Contractor which the Department determines are necessary to monitor the performance of the Contract or to ensure that the terms of the Contract are being met. The Contractor shall provide such records, papers, and documents requested by the Department within ten (10) business days after the request is made.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Monitoring: The Recipient agrees to comply with the Department's grant monitoring guidelines, protocols, and procedures; and to cooperate with the Department on all grant monitoring requests, including requests related to desk reviews, enhanced programmatic desk reviews, site visits, and/or Florida Department of Financial Services contract reviews and Expanded Audits of Payment (EAP). The Recipient agrees to provide the Department all documentation necessary to complete monitoring of the award and verify expenditures in accordance with 215.971, F.S. Further, the Recipient agrees to abide by reasonable deadlines set by the Department for providing requested documents. Failure to cooperate with grant monitoring activities may result in sanctions affecting the Recipient's award, including, but not limited to: withholding and/or other restrictions on the Recipient's access to funds, and/or referral to the Office of the Inspector General for audit review.

Florida Single Audit Act (FSAA): The Recipient shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by The Office of the Inspector General (§20.055, F.S.). In the event that the Recipient expends a total amount of state financial assistance equal to or in excess of $750,000 in any fiscal year, the Recipient must have a single audit or project-specific audit in accordance with §215.97, F.S. and the applicable rules of the Department of Financial Services and the Auditor General. In determining the state financial assistance expended in its fiscal year, the Recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Law Enforcement, other state agencies, and other non-state entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a non-state entity for Federal program matching requirements. The schedule of expenditures should disclose the expenditures by contract/agreement number for each contract with the Department in effect during the audit period. All questioned costs and liabilities due the Department shall be fully disclosed in the audit report package with reference to the specific contract number. If the Recipient expends less than $750,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of 215.97, F.S., is not required. In the event that the Recipient expends less than $750,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of 215.97, F.S., the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the Recipient's resources obtained from other than State entities). Pursuant to 215.97(8), F.S., state agencies may conduct or arrange for audits of state financial assistance that are in addition to audits conducted in accordance with §215.97, F.S. In such an event, the state awarding agency must arrange for funding the full cost of such additional audits. Any reports, management letters, or other information required to be submitted to the Department pursuant to this agreement shall be submitted within nine (9) months after the end of the Recipient's fiscal year or within 30 days of the Recipient's receipt of the audit report, whichever occurs first, unless otherwise required by Florida Statutes. Copies of financial reporting packages required by this agreement shall be submitted by or on behalf of the Recipient directly to each of the following:

Recipient's Confidential and Exempt Information: By executing this agreement, the Recipient acknowledges that any information not marked as "confidential" or "exempt" will be posted by the Department on the public website maintained by the Department of Financial Services pursuant to 215.985, F.S. The Recipient agrees that, upon written request of the Department, it shall promptly provide to the Department a written statement of the basis for the exemption applicable to each provision identified by the Recipient as "confidential" or "exempt", including the statutory citation to an exemption created or afforded by statute, and state with particularity the reasons for the conclusion that the provision is exempt or confidential. Any claim by Recipient of trade secret (proprietary) confidentiality for any information contained in Recipient's documents (reports, deliverables or work papers, etc., in paper or electronic form) submitted to the Department in connection with this agreement cannot be waived, unless the claimed confidential information is submitted in accordance with the following two paragraphs.

The Recipient must clearly label any portion of the documents, data, or records submitted that it considers exempt from public inspection or disclosure pursuant to Florida's Public Records Law as trade secret. The labeling will include a justification citing specific statutes and facts that authorize exemption of the information from public disclosure. If different exemptions are claimed to be applicable to different portions of the protected information, the Recipient shall include information correlating the nature of the claims to the particular protected information.

The Department, when required to comply with a public records request including documents submitted by the Recipient, may require the Recipient to expeditiously submit redacted copies of documents marked as trade secret in accordance with this section. Accompanying the submission shall be an updated version of the justification, correlated specifically to redacted information, either confirming that the statutory and factual basis originally asserted remain unchanged or indicating any changes affecting the basis for the asserted exemption from public inspection or disclosure. The redacted copy must exclude or obliterate only those exact portions that are claimed to be trade secret. If the Recipient fails to promptly submit a redacted copy, the Department is authorized to produce the records sought without any redaction of proprietary or trade secret information.

SECTION VII: PENALTIES, TERMINATION, DISPUTE RESOLUTION, AND LIABILITY

Financial Penalties for Failure to Take Corrective Action: Corrective action plans may be required for noncompliance, nonperformance, or unacceptable performance under this agreement. Penalties may be imposed for failures to implement or to make acceptable progress on such corrective action plans.

Termination: The Department reserves the right to unilaterally cancel this agreement for refusal by the Recipient to allow public access to all documents, papers, letters or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the Recipient in conjunction with this agreement, unless the records are exempt pursuant to Article I. Section 24(a), of the Florida Constitution and §119.07(1), F.S. The Department shall be the final authority as to the appropriation, availability and adequacy of funds. In the event the Recipient fails to fully comply with the terms and conditions of this agreement, the Department may terminate the agreement upon written notice. Such notice may be issued without providing an opportunity for cure if it specifies the nature of the noncompliance and states that provision for cure would adversely affect the interests of the State or is not permitted by law or regulation. Otherwise, notice of termination will be issued after the Recipient's failure to fully cure such noncompliance within the time specified in a written notice of noncompliance issued by the Department specifying the nature of the noncompliance and the actions required to cure such noncompliance. In addition, the Department may employ the default provisions in Rule 60A-1.006(3), F.A.C., but is not required to do so in order to terminate the agreement. The Department's failure to demand performance of any provision of this agreement shall not be deemed a waiver of such performance. The Department's waiver of any one breach of any provision of this agreement shall not be deemed to be a waiver of any other breach and neither event shall be construed to be a modification of the terms and conditions of this agreement. The provisions herein do not limit the Department's right to remedies at law or in equity. The validity of this agreement is subject to the truth and accuracy of all the information, representations, and materials submitted or provided by the Recipient in this agreement, in any subsequent submission or response to Department request, or in any

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

submission or response to fulfill the requirements of this agreement, and such information, representations, and materials are incorporated by reference. The lack of accuracy thereof or any material changes shall, at the option of the Department and with thirty (30) days written notice to the Recipient, cause the termination of this agreement and the release of the Department from all its obligations to the Recipient. This agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of this agreement shall lie in Leon County. If any provision hereof is in conflict with any applicable statute or rule, or is otherwise unenforceable, then such provision shall be deemed null and void to the extent of such conflict, and shall be deemed severable, but shall not invalidate any other provision of this agreement. No waiver by the Department of any right or remedy granted hereunder or failure to insist on strict performance by the Recipient shall affect or extend or act as a waiver of any other right or remedy of the Department hereunder, or affect the subsequent exercise of the same right or remedy by the Department for any further or subsequent default by the Recipient. Any power of approval or disapproval granted to the Department under the terms of this agreement shall survive the terms and life of this agreement as a whole. The agreement may be executed in any number of counterparts, any one of which may be taken as an original. In the event of termination, the Recipient will be compensated for any work satisfactorily completed through the date of termination or an earlier date of suspension of work.

Disputes and Appeals: The Department shall make its decision in writing when responding to any disputes, disagreements, or questions of fact arising under this agreement and shall distribute its response to all concerned parties. The Recipient shall proceed diligently with the performance of this agreement according to the Department's decision. If the Recipient appeals the Department's decision, the appeal also shall be made in writing within twenty-one (21) calendar days to the Department's clerk (agency clerk). The Recipient's right to appeal the Department's decision is contained in Chapter 120, F.S., and in procedures set forth in Fla. Admin. Code R.28-106.104. Failure to appeal within this time frame constitutes a waiver of proceedings under Chapter 120, F.S. After receipt of a petition for alternative dispute resolution the Department and the Recipient shall attempt to amicably resolve the dispute through negotiations. Timely delivery of a petition for alternative dispute resolution and completion of the negotiation process shall be a condition precedent to any legal action by the Recipient concerning this agreement.

Liability: Unless the Recipient is a state agency or subdivision, the Recipient shall be solely responsible to parties with whom it shall deal in carrying out the terms of this agreement, and shall save the Department harmless against all claims of whatever nature by third parties arising out of the performance of work under this agreement. For purposes of this agreement, Recipient agrees that it is not an employee or agent of the Department, but is an independent contractor. Nothing herein shall be construed as consent by a state agency of the State of Florida to be sued by third parties in any matter arising out of any contract. Nothing shall be construed affect in any way the Recipient rights, privileges, and immunities under the doctrine of "sovereign immunity" and as set forth in 768.28, F.S.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

CONTRACT# FAC/251029

THIS AGREEMENT PROVIDES FOR RETREATMENT OF A STRUCTURE BUT DOES NOT PROVIDE FOR THE REPAIR OF DAMAGES CAUSED BY WOOD DESTROYING ORGANISMS.

COMMERCIAL DRYWOOD TERMITE RETREAT AGREEMENT

(Does Not Cover Native Subterranean or Formosan Termites)

Comprehensive/Conventional Treatment (DC)

1. **ORKIN LIMITED RENEWABLE DRYWOOD TERMITE RETREAT SERVICE ("Service")**
   - **A.** Orkin shall treat Customer's structure for Drywood termites using the treatment specified in the Treatment Report for:
     ☐ **prevention** ☐ **presumptive evidence** ☑ **control of Drywood Termites**
     This treatment does not include fumigation. Orkin does not guarantee that termites will never return to the treated structure ("Treated Premises"). If termites do return as indicated by evidence of a live Drywood termite infestation, Orkin will retreat that area. This Service does not provide for the repair of any damage to the structure or its contents caused by Drywood termites.
   - **B.** **This service shall expire one (1) year from the date of initial treatment; however, it may be renewed annually by payment of the renewal fee as set forth in Paragraph 3. Following the first year of service, either party may terminate the Service at the end of a service year by giving written notice at or before the end of a service year.**
   - **C.** Customer is required to make the Treated Premises accessible to Orkin for any inspections and treatments as Orkin deems necessary. This may include removing floor coverings, wall coverings and fixtures, for which the responsibility and costs rest exclusively with the Customer. If the Customer fails to comply with these obligations, Orkin may, at its option, terminate the Agreement.
   - **D.** **The Customer agrees to be solely responsible for maintaining the Treated Premises free from any conditions conducive to termite infestation ("Conditions Conducive," see paragraph 9 for explanation).** If any Condition Conducive exist but is not visible at the time of the execution of this Agreement, then Orkin shall not be responsible for treating or retreating areas of the Premises where termite activity resulted from such Condition Conducive. The Customer agrees to be solely responsible for identifying and correcting Conditions Conducive. This responsibility rests exclusively with the Customer, not with Orkin. The existence of any Condition Conducive shall relieve Orkin of responsibility for treating or retreating areas of the Premises where termite activity resulted from the Condition Conducive. In addition, the existence of a Condition Conducive that was not timely corrected will permit Orkin, at its sole discretion, to terminate the Agreement or to require Customer to purchase any additional treatment required.
   - **E.** Prior to making any structural modification or alteration (to include installation of spray foam insulation) or disturbing the soil in, adjacent to or under the Treated Premises, Customer must notify Orkin in writing and purchase any additional treatment required by the changes. The failure of Orkin to notice any such change does not release Customer from this obligation. If Customer fails to do so, Orkin will not be responsible for damages occurring after the modification, alteration or disturbance, and, at its option, Orkin may terminate the Agreement.
   - **F.** **Orkin is performing a service and expressly disclaims any guarantee of any kind, whether expressed or implied, for any injury or damage related to the service performed. Customer expressly releases Orkin from any claim for termite damage or repair.**
2. **OTHER INFESTATIONS:** Customer waives and releases Orkin from any liability for any claim or damages to the structure or its contents caused by an infestation of Wood Destroying Fungi, Formosan Termites, Native Subterranean Termites, Wood-boring Beetles or any other Wood Destroying Insects.
3. **RENEWAL:** To maintain the Service, Customer shall timely pay an annual renewal fee. The annual renewal will be $ **395**. Thereafter, Orkin shall have the right to increase the annual renewal fee by an amount not to exceed the consumer price index or by an amount not to exceed ten percent (10%), whichever is greater. If Orkin does not increase the Annual Renewal Payment in any one or more years, at any subsequent increase Orkin may cumulatively include any amount it would have been permitted to increase in that prior year or period of years.
4. **REINSPECTION:** Orkin shall reinspect the treated structure as deemed necessary by Orkin or once a year, if requested by Customer. An annual inspection will be made by Orkin if required by applicable State law or regulations. Any reinspection is separate from and independent of Customer's obligation to pay the annual renewal
5. **MEDIATION/ARBITRATION:** ***Any controversy or claim arising out of or relating to this agreement, or the services performed by Orkin under this agreement or any other agreement, regardless of whether the controversy or claim arose before or after the execution, transfer, or acceptance of this agreement, including but not limited to any tort and statutory claims, and any claims for personal or bodily injury or damage to real or personal property, shall be settled by binding arbitration. Unless the parties agree otherwise, the arbitration shall be administered under the rules of the American Arbitration Association ("AAA") and shall be conducted by AAA. If administered under the AAA rules, a claim shall be determined under the AAA supplementary procedures for consumer related disputes in cases where such procedures are applicable. Any other controversy or claim shall be determined under the AAA commercial arbitration rules. The customer and Orkin agree that the arbitrator shall follow the substantive law, including the terms and conditions of this agreement. The arbitrator's powers to conduct any arbitration proceeding under this agreement shall be limited as follows: any arbitration proceeding under this agreement will not be consolidated or joined with any action or legal proceeding under any other agreement or involving any other premises, and will not proceed as a class action, private attorney general action or similar representative action. Either party has the right to require a panel of three (3) arbitrators, but in the absence of the parties' agreement, the requesting party shall be responsible for the cost of the additional arbitrators. Either party may request at any time prior to the hearing that the award be accompanied by a reasoned opinion. The award rendered by the arbitrator(s) shall be final and binding on all parties, except that a party may within 30 days of the original award request an arbitral appeal to an appeal tribunal, constituted in the same number and by the same process as the initial arbitrator(s). The appealing party shall be responsible for the filing fee and other arbitration fees and costs subject to award by the appeal tribunal under applicable law. The appeal tribunal shall review all questions of law and fact under a clearly erroneous standard. The award of the appeal tribunal shall be final and binding. Judgment may be entered on the award in any court having jurisdiction thereof. Customer and Orkin acknowledge and agree that this arbitration provision is made pursuant to a transaction involving interstate commerce and shall be governed by the federal arbitration act. Before having recourse to arbitration, customer and Orkin each agrees to try in good faith to settle any controversy or claim by at least four (4) hours of mediation administered under the AAA commercial mediation rules with Orkin agreeing to pay the costs of the mediation. The AAA may be contacted at the toll-free number 800.778.7879, or through the following website: http://www.adr.org.***

6. **LIMITATION OF LIABILITY:** Customer expressly waives any claim for economic, compensatory, or consequential damages relating to the existence of termites or termite damage, including without limitation claims for increased costs, loss of use, business interruption, diminution of value, or any "stigma" damage due to the presence of termites or termite damages. The Customer acknowledges that Orkin is performing a service and except for any damage to the structure caused by Orkin in the performance of its services, Customer waives any claim for damages, including property damage. Customer agrees that under no circumstances shall Orkin be held liable for any amount greater than the amount paid by the Customer to Orkin for the termite service to be provided. **Nothing in this Agreement shall be construed as depriving the customer of remedies available under applicable state consumer protection laws.**
7. **LIMITED ASSIGNABILITY:** This Agreement is assignable to the new owner of the property under the following conditions: (a) the new owner presents the Orkin branch office written notice requesting that the Agreement be assigned; b) Orkin conducts, at its discretion, an inspection of the property, the results of which must be satisfactory to Orkin; (c) Orkin consents in writing to the assignment of the Agreement; and (d) the new owner pays any outstanding renewal fees.
8. **CHEMICAL INFORMATION WARNING**: Customer shall notify all persons on the premises that Orkin will be applying pesticides in and around the premises, and that virtually all pesticides have some odor which may be present for a short time after application. If Customer knows of any person on the premises who believes they have a sensitivity to pesticides or who has a medical condition affected by pesticides, then Customer shall so notify Orkin in writing. At Customer's request, Orkin will provide information about the chemicals to be used in treating the premises.
9. **CONDITIONS CONDUCIVE:** Conditions Conducive include, but are not limited to: roof leaks, improper ventilation, faulty plumbing, and water leaks or intrusions in or around the structure; inherent structural problems, including, but not limited to, wood to ground contact, masonry failures, spray foam insulation, and settlement of the foundation; other foam insulation, stucco construction, expanded polystyrene or styrofoam molded foundation systems, siding (including vinyl, wood and metal) in contact with the ground, mulch, or other protective ground covering; and firewood, trash, lumber, wood, mulch, shrubs, vines, and other protective ground covering in contact with structure.
10. **ENTIRE AGREEMENT:** This Agreement and the attached Treatment Report shall be the entire Agreement between Customer and Orkin. No other agreements, understandings or representations, whether written or oral, with respect to the Agreement shall be binding as they shall be merged into and superseded by this Agreement. Customer warrants and acknowledges that Customer has not relied on or been induced by any other agreements, understandings or representations, whether written or oral, in signing this Agreement. The terms of the Agreement stated herein may not be amended or altered unless a written change is approved and signed by a Corporate Officer of Orkin. No other employees or agents of Orkin have authority to amend or alter any part of this Agreement. If any provision or portion thereof, of this Agreement is found to be invalid or unenforceable, it shall not affect the validity or enforceability of any other part of this Agreement. Provided, however, that as to paragraph 5, MEDIATION/ARBITRATION, if the sentence precluding the arbitrator from conducting an arbitration proceeding as a class, representative or private attorney general action is found to be invalid or unenforceable then the entirety of paragraph 5 shall be deemed to be deleted from this Agreement.
11. **APPLICABLE LAW:** This Agreement shall be governed by and construed under the laws of the State of Georgia, without regard to its conflicts of laws principles.
12. **FORCE MAJEURE: (Circumstances beyond Orkin's control):** Orkin's obligations under this Agreement shall be cancelled, if Orkin cannot perform its responsibilities due to Acts of God, including, earthquakes, storms, fires, floods, pandemics, or because of a material change in circumstances including but not limited to acts of war, inaccessibility of the property, strikes, unavailability of termiticide, baits or other supplies from ordinary sources.
13. **TERMINATION BY ORKIN:** Orkin may terminate this Agreement, without notice, if the obligations set forth in this Agreement are not met by Customer, or in the event of a change in state or federal law or regulation that materially affects Orkin's obligations under this Agreement.
14. **MONEY BACK GUARANTEE: ORKIN GUARANTEES THAT IF CUSTOMER IS NOT COMPLETELY SATISFIED WITH ORKIN'S TREATMENT, ORKIN WILL REFUND CUSTOMER'S INITIAL TREATMENT CHARGE AND ANY PREPAID RENEWAL FEES IF CUSTOMER CONTACTS ORKIN IN WRITING AT THE BRANCH ADDRESS BELOW WITHIN 30 DAYS AFTER CUSTOMER'S INITIAL TREATMENT, AND ORKIN FAILS TO RESOLVE CUSTOMER'S PROBLEM WITHIN 30 DAYS AFTER RECEIVING IT. A REFUND BY ORKIN OF CUSTOMER'S INITIAL TREATMENT CHARGE AND ANY PREPAID RENEWAL FEES WILL RESULT IN CANCELLATION OF THIS AGREEMENT.**

CANCELLATION: CUSTOMER MAY CANCEL THIS AGREEMENT AT ANY TIME PRIOR TO MIDNIGHT OF THE THIRD BUSINESS DAY AFTER THE DATE OF THIS TRANSACTION.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Identification of Project:

Project Name: Ocala Vision 2050

KH Project Manager: Ali Palmer

PROJECT UNDERSTANDING

This Individual Project Order Number 2025-01 is intended as the next task order for the ongoing Ocala Vision 2050 project and is structured to serve as the final scope of work required to complete the project. Accordingly, this task order represents the continuation and culmination of the previous work, ensuring that all outstanding project requirements are addressed for the Vision 2050 project and that the project will be completed upon fulfillment of this scope.

SCOPE OF SERVICES

Task 1 – Client Workshop

A. Kimley-Horn will participate in an in-person one day workshop with the City to review revisions to the Vision 2050 document prepared by Kimley-Horn and provided to the City in June 2025 under the prior IPO. Up to three Kimley-Horn professionals will attend the workshop for up to eight hours to discuss the proposed changes. The meeting date will be jointly coordinated at least three business days prior to the scheduled meeting.

B. Following the meeting, the Consultant will submit summarized meeting notes to confirm the proposed revisions to Vision 2050 before proceeding to Task 2.

Task 2 – Vision 2050 Revision

A. Kimley-Horn will update the latest draft of the Vision 2050 document (provided to the City in June 2025) to incorporate the revisions provided during the Client Workshop under Task 1. These revisions will include substantial revisions to the layout and narrative flow, modifications to the existing maps and graphics, as well as design and integration of new maps, graphics and photographic images. The document format will be modified from 8.5x11 landscape page to 11x17 landscape page.

B. Kimley-Horn will make up to one substantial revision to the current draft of the Vision 2050 Plan (requiring two weeks of effort or less) and up to two minor revisions based on additional City comments, requiring two days of effort or less. The City will provide new photographs to be included in the document. This revision will also include modification to the following:

1) Maps – Kimley-Horn will update each of the five Focus Area maps in the Vision 2050 document based on the updated actions and strategies discussed during the Workshop. The master focus area map will also be revised to incorporate any boundary adjustments to the focus areas. Additionally, Kimley-Horn will develop up to four new "heat maps" (one for each focus area) to show the approximate locations of catalytic sites. All map revisions

Docusign Envelope ID: 64DC5445-AAF2-4BCD-9233-D137C9EDC632

will be based on finalized and combined markups, along with basemap data (ArcMap files) supplied by the City. The updated and new maps will be delivered to the City in both ArcGIS and PDF formats. Kimley-Horn will provide up to two minor revisions based on City feedback, each requiring one day of effort or less.

2) Graphics – Kimley-Horn will generate up to five graphics, with one graphic dedicated to each focus area, to visually represent the key strategies or actions associated with those areas. These graphics may use images provided by the City including photographs or, where appropriate, images from the Consultant's own graphic library. Kimley-Horn will perform up to two minor revisions to the graphics based on feedback from the City, with each revision requiring one day of effort or less.

C. Once the revisions in this task have been completed as described, Kimley-Horn will deliver the final draft of the Vision 2050 document to the City in Adobe PDF format, print-ready in both 8.5x11 and 11x17 format.

RE: Valuation Service Request – Appraisal of Fair Market Rent for Aeronautical Land and Terminal Office Space at the Ocala International Airport (OCF), Ocala, Marion County, Florida

Dear Mr. Overby:

We are in receipt of your request for an appraisal of the above referenced property. It is our understanding that the intended use of the analysis is to assist McFarland Johnson, Inc. (MJI) and their client, the Ocala International Airport (OCF), in negotiating future leases, as well as adjusting current leases in establishing annual fair market rent for the property. The client will be McFarland Johnson, Inc. (MJI) and the appraisals will be addressed to Matthew Grow, Airport Director, Ocala International Airport. The intended users will be MJI, OCF and the City of Ocala. This will serve as our engagement contract for an appraisal regarding the real property referenced above.

Slack, Johnston & Magenheimer, Inc. (SJM) has been involved in real estate appraising and consulting for over 60 years in Florida. Our firm provides a wide range of valuation services concerning all forms of commercial, industrial and residential real estate, as well as aviation and related uses. We have an on-going consulting contract with the Miami-Dade County Aviation Department related to estimating fair annual rental rates at their three general aviation airports. Overall, we have completed valuation assignments at over 60 airports. Please refer to the attached airport list. Based on our experience, we feel qualified to assist MJI and OCF with their appraisal and consulting needs.

As discussed, the scope of the appraisal will be limited to estimates of the annual fair market rent for the aeronautical land and terminal office space at OCF. The appraisal will estimate the fair market annual rent per square foot for the property based on a comparison with other rental rates for similar aeronautical properties within the competitive market area (general aviation airports in Florida) consistent with the definition of market rent. Our analysis will consider all relevant approaches to value and will be prepared in compliance with the Uniform Standards of Professional Appraisal Practice (USPAP). The analysis will be completed subject to the attached standard assumptions and limiting conditions. If, in the process of preparation of the analysis, additional assumptions and limiting conditions are required, we will notify you accordingly.

Docusign Envelope ID: 67D84EC1-136A-4A56-AAE5-D9850CC1660F

We are available to prepare the appraisals, limited in scope as described above, in a narrative report format for a fee of $4,750 (19.0 hours @ $250/hr.). The deliverables will include two original copies and one .pdf copy of each report. The reports will be furnished within approximately four weeks after a notice to proceed/work order. In order to start the process, we require a notice to proceed/work order. The fee will be due upon completion and delivery of the reports.

In addition to the fee, if attendance at city or airport meetings is required after completion of the report, we would reserve the right to invoice for meeting and travel time at an hourly rate of $300. In addition, if the city or airport should become involved in litigation in which the appraisal is in issue, and we are required to spend time in hearings, depositions, trial, traveling, etc., the airport shall be responsible for our time involved in those proceedings based on an hourly rate of $300 per hour. This contingency rarely occurs, and we don't anticipate that it will not with reference to this assignment.

If the above stated terms are acceptable, please issue a work order. Thank you for considering Slack, Johnston & Magenheimer for your appraisal and consulting needs in Florida. We appreciate the opportunity to be of service and look forward to working with you.

Sincerely,

SLACK, JOHNSTON & MAGENHEIMER, INC.

1. No responsibility is assumed for the legal description or for matters including legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated.
2. No legal opinion related to a title search was provided and all existing liens and encumbrances, including deed restrictions and developers agreements, have not been investigated unless otherwise stated. The property is appraised as though free and clear.
3. Responsible ownership and competent property management are assumed.
4. The information furnished by others has been gathered from sources deemed to be reliable, however, no warranty is given for its accuracy.

No responsibility is assumed for unusual soil conditions and no opinion as to these matters is to be inferred or construed from the attached report other than those specifically stated in the report. Unless stated otherwise, the soil conditions of the subject property are assumed to be adequate to support development utilizing conventional construction techniques. We recommend the client obtain an opinion from a competent engineering firm.
7. It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless noncompliance is stated, defined, and considered in the appraisal report.
8. It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in the appraisal report.
9. It is assumed that all required licenses, certificates of occupancy, consents, or other legislative or administrative authority from any local, state, or national government or private entity or organization have been or can be obtained or renewed for any use on which the value estimate contained in this report is based.
10. It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property described and that there is no encroachment or trespass unless noted in the report.
11. Any proposed or partially completed improvements included in this report are assumed to be completed in accordance with approved plans and specifications and in a workmanlike manner.
12. Our estimates of future values were formulated based upon market conditions as of the date of appraisal, considerate of future projections concerning supply and demand. The appraiser has no responsibility for significant events that alter market conditions subsequent to the effective date or dates of appraisal.
13. This study is to be used in whole and not in part. No part of it shall be used in conjunction with any other appraisal. Publication of this report or any portion thereof without the written consent of the appraiser is not permitted.
14. The appraiser, by reason of this report, is not required to give further consultation, testimony, or be in attendance in court with reference to the property in question unless arrangements have been previously made.
15. Neither all, nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected), shall be disseminated to the public through advertising, public relations, news, sales, or other media without the written consent and approval of the appraiser. The use of this report in any public offering or syndication document is specifically prohibited.
16. Unless otherwise stated in this report, the existence of hazardous substances, including without limitation asbestos, polychlorinated biphenyls, petroleum leakage, or agricultural chemicals, which may or may not be present on the property, or other environmental conditions, were not called to the attention of, nor did the appraiser become aware of such during the appraiser's inspection. The appraiser has no knowledge of the existence of such materials on or in the property unless otherwise stated. The appraiser, however, is not qualified to test such substances or conditions. If the presence of such substances, such as asbestos, urea formaldehyde foam insulation, or other hazardous substances or environmental conditions, may affect the value of the property, the value estimated is predicated on the assumption that there is no such condition on or in the property or in such proximity thereto that it would cause a loss in value. Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

In any event, price increases for renewal terms shall be subject to a maximum negotiated increase of **no more than THREE PERCENT (3%)** annually unless there are mitigating market conditions. The City is under no obligation to renew the contract for an additional term or to accept Vendor's proposed price increases. City reserves the right to withhold, in whole or in part, payment for any and all work that: (i) has not been completed by Vendor; (ii) is inadequate or defective and has not been remedied or resolved in a manner satisfactory to the City Project Manager; or (iii) which fails to comply with any term, condition, or other requirement under this Agreement. Any payment withheld shall be released and remitted to Vendor within **THIRTY (30)** calendar days of the Vendor's remedy or resolution of the inadequacy or defect.

E. **Excess Funds**. If due to mistake or any other reason Vendor receives payment under this Agreement in excess of what is provided for by the Agreement, Vendor shall promptly notify City upon discovery of the receipt of the overpayment. Any overpayment shall be refunded to City within **THIRTY (30)** days of Vendor's receipt of the overpayment or must also include interest calculated from the date of the overpayment at the interest rate for judgments at the highest rate as allowed by law.

F. **Amounts Due to the City**. Vendor must be current and remain current in all obligations due to the City during the performance of services under this Agreement. Payments to Vendor may be offset by any delinquent amounts due to the City or fees and/or charges owed to the City.

6. **TERM OF AGREEMENT**. This Agreement shall become effective and commence on **OCTOBER 8, 2025,** and continue, through and including **JULY 30, 2026** (the "Term").

7. **FORCE MAJEURE**. Neither party shall be liable for delay, damage, or failure in the performance of any obligation under this Agreement if such delay, damage, or failure is due to causes beyond its reasonable control, including without limitation: fire, flood, strikes and labor disputes, acts of war, acts of nature, terrorism, civil unrest, pandemics, acts or delays in acting of the government of the United States or the several states, judicial orders, decrees or restrictions, or any other like reason which is beyond the control of the respective party ("Force Majeure"). The party affected by any event of force majeure shall use reasonable efforts to remedy, remove, or mitigate such event and the effects thereof with all reasonable dispatch.

   A. The party affected by force majeure shall provide the other party with full particulars thereof including, but not limited to, the nature, details, and expected duration thereof, as soon as it becomes aware.

   B. When force majeure circumstances arise, the parties shall negotiate in good faith any modifications of the terms of this Agreement that may be necessary or appropriate in order to arrive at an equitable solution. Vendor performance shall be extended for a number of days equal to the duration of the force majeure. Vendor shall be entitled to an extension of time only and, in no event, shall Vendor be entitled to any increased costs, additional compensation, or damages of any type resulting from such force majeure delays.

8. **INSPECTION AND ACCEPTANCE OF THE WORK**. Vendor shall report its progress to the City Project Manager as set forth herein. All services, work, and materials provided by Vendor under this Agreement shall be provided to the satisfaction and approval of the City Project Manager.

   A. The City Project Manager shall decide all questions regarding the quality, acceptability, and/or fitness of materials furnished, or workmanship performed, the rate of progress of the work, the interpretation of the plans and specifications, and the acceptable fulfillment of the Agreement, in his or her sole discretion, based upon both the requirements set forth by City and the information provided by Vendor in its Bid. The authority vested in the City Project Manager pursuant to this paragraph shall be confined to the direction or specification of what is to be performed under this Agreement and shall not extend to the actual execution of the work.

   B. Neither the City Project Manager's review of Vendor's work nor recommendations made by City Project Manager pursuant to this Agreement will impose on City Project Manager any responsibility to supervise, direct, or control Vendor's work in progress or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident Vendor's furnishing and performing the work.

9. **TERMINATION AND DEFAULT**. Either party, upon determination that the other party has failed or refused to perform or is otherwise in breach of any obligation or provision under this Agreement or the Contract Document, may give written notice of default to the defaulting party in the manner specified for the giving of notices herein. Termination of this Agreement by either party for any reason shall have no effect upon the rights or duties accruing to the parties prior to termination.

Docusign Envelope ID: 793420CE-B973-4D2D-80ED-CEEC8094B522

A. **Termination by City for Cause**. City shall have the right to terminate this Agreement immediately, in whole or in part, upon the failure of Vendor to carry out any obligation, term, or condition of this Agreement. City's election to terminate the Agreement for default shall be communicated by providing Vendor written notice of termination in the manner specified for the giving of notices herein. Any notice of termination given to Vendor by City shall be

effective immediately, unless otherwise provided therein, upon the occurrence of any one or more of the following events:

(2) Vendor provides material that does not meet the specifications of the Agreement;

(3) Vendor fails to complete the work required within the time stipulated in the Agreement; or

B. **Vendor's Opportunity to Cure Default**. City may, in its sole discretion, provide Vendor with an opportunity to cure the violations set forth in City's notice of default to Vendor. Vendor shall commence to cure the violations immediately and shall diligently and continuously prosecute such cure to completion within a reasonable time as determined by City. If the violations are not corrected within the time determined to be reasonable by City or to the reasonable satisfaction of City, City may, without further notice, declare Vendor to be in breach of this Agreement and pursue all remedies available at law or equity, to include termination of this Agreement without further notice.

C. **City's Remedies Upon Vendor Default**. In the event that Vendor fails to cure any default under this Agreement within the time period specified in this section, City may pursue any remedies available at law or equity, including, without limitation, the following:

(1) City shall be entitled to terminate this Agreement without further notice;

(2) City shall be entitled to hire another Vendor to complete the required work in accordance with the needs of City;

(3) City shall be entitled to recover from Vendor all damages, costs, and attorney's fees arising from Vendor's default prior to termination; and

(4) City shall be entitled to recovery from Vendor any actual excess costs by: (i) deduction from any unpaid balances owed to Vendor; or (ii) any other remedy as provided by law.

D. **Termination for Non-Funding**. In the event that budgeted funds to finance this Agreement are reduced, terminated, or otherwise become unavailable, City may terminate this Agreement upon written notice to Vendor without penalty or expense to City. City shall be the final authority as to the availability of budgeted funds.

E. **Termination for Convenience**. City reserves the right to terminate this Agreement in whole or in part at any time for the convenience of City without penalty or recourse. The City Project Manager shall provide written notice of the termination. Upon receipt of the notice, Vendor shall immediately discontinue all work as directed in the notice, notify all subcontractors of the effective date of the termination, and minimize all further costs to City including, but not

Docusign Envelope ID: 793420CE-B973-4D2D-80ED-CEEC8094B522

limited to, the placing of any and all orders for materials, facilities, or supplies, in connection with its performance under this Agreement. Vendor shall be entitled to receive compensation solely for: (1) the actual cost of the work completed in conformity with this Agreement; and/or (2) such other costs incurred by Vendor as permitted under this Agreement and approved by City.

10. **DELAYS AND DAMAGES.** The Vendor agrees to make no claim for extra or additional costs attributable to any delays, inefficiencies, or interference in the performance of this contract occasioned by any act or omission to act by the City except as provided in the Agreement. The Vendor also agrees that any such delay, inefficiency, or interference shall be compensated for

    solely by an extension of time to complete the performance of the work in accordance with the provision in the standard specification.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

AGREEMENT FOR BUS WRAP DISPLAY ADVERTISING ON SUNTRAN BUS

THIS AGREEMENT is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City") and **MARION COUNTY**, a political subdivision of the State of Florida ("County").

RECITALS

WHEREAS, The City of Ocala is the administrative agency for the Ocala/Marion County public transit system known as SunTran; and,

WHEREAS, Marion County, a political subdivision of the State of Florida, submitted an offer to advertise on a SunTran bus, and said offer was reviewed and accepted by City staff.

NOW THEREFORE, in consideration of the matters set forth above (which are incorporated herein by reference), the parties hereto agree as follows:

TERMS OF AGREEMENT:

1. **RECITALS.** City and County hereby represent, warrant and agree that the Recitals set forth above are true and correct and are incorporated herein by reference.

2. **CONTRACT DOCUMENTS.** The Contract Documents which comprise the entire understanding between City and Contractor shall only include: (a) this Agreement; (b) those documents listed in this section as Exhibits to this Agreement; (c) the City's solicitation for bus wrap display advertising; and (d) the County's response to same. Each of these documents are incorporated herein by reference for all purposes.

   A. **Exhibits to Agreement**: The Exhibits to this Agreement are as follows:

   Exhibit A: Scope of Work (A-1)

   Exhibit B: Specifications for Non-Removable Signs and Decals (B-1 through B-7)

   Exhibit C: SunTran Advertising Policy (C-1)

   If there is a conflict between the individual Exhibits regarding the scope of work to be performed, then any identified inconsistency shall be resolved by giving precedence in the following order: (1) Exhibit C, then (2) Exhibit B, then (3) Exhibit A.

3. **SERVICES.** City will provide **ONE (1)** SunTran bus for installation of bus wrap display advertising. County is responsible for the design, production, and installation of the wrap in accordance with the SunTran Advertising Policy as described in **Exhibit C – SunTran Advertising Policy,** and in accordance with **Exhibit A – Scope of Work** and **Exhibit B – Specifications for Non-Removable Signs and Decals.** The design, production, and installation cost of the bus wrap is not included in the monthly advertising cost. County is responsible for these separate expenses, which includes wrap removal at the conclusion of the contract term.

4. **COMPENSATION.** County shall pay to City **TWELVE THOUSAND AND NO/100 DOLLARS ($12,000)**, (the "Contract Sum") as full and complete compensation for the timely and satisfactory rendering of services during the **12-MONTH** consecutive advertising term.

5. **TERM & TERMINATION.** This Agreement shall begin on the date of the last signature below and shall terminate at the end of the business day **TWELVE (12) MONTHS** after the bus is wrapped and put into operation.

   If the bus is inoperable for any reason during the contract term, this Agreement shall be extended

Docusign Envelope ID: 5E753621-BB1C-46EF-8FB1-73E6D1C5928C

for an equivalent length of time. If either party defaults in the performance of this Agreement or materially breaches any of its provisions, the non-defaulting party may, at its option, terminate this Agreement by giving written notification thereof to the other party. Termination of this Agreement shall have no effect upon the rights of the parties that accrued prior to termination.

6. **REMEDIES.** If any Event of Default occurs, City shall have the right, at its sole option, to pursue all remedies available at law or equity, including the termination of this Agreement and all rights of County hereunder. Notwithstanding City's termination of this Agreement, County shall remain liable to City for all claims and damages, costs or attorneys' fees arising prior to such termination.

7. **INDEPENDENT CONTRACTOR STATUS.** City expressly acknowledges the County is an independent contractor. Nothing in this Agreement is intended, nor shall be construed, to create an agency relationship, a partner or partnership, an employer/employee relationship, a joint venture relationship, or any other relationship allowing the City to exercise control or discretion over the manner or method by which County performs hereunder.

8. **ACCESS TO FACILITIES.** City will provide County with access to one (1) SunTran bus for purposes of installing the initial wrap advertising.

9. **ASSIGNMENT.** Neither party may assign this Agreement or the rights and obligations thereunder to any third party without the prior express written approval of the other party, which shall not be unreasonably withheld.

10. **NON-EXCLUSIVITY.** Nothing herein is intended nor shall be construed as creating any exclusive arrangement with County. This Contract shall not restrict City from acquiring similar, equal or like goods and/or services, or executing additional contracts from other entities or sources.

11. **PUBLIC RECORDS.** The County shall comply with all applicable provisions of the Florida Public Records Act, Chapter 119, Florida Statutes. Specifically, the County shall:

A. Keep and maintain public records required by the public agency to perform the service.

B. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the County does not transfer the records to the public agency.

D. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the County or keep and maintain public records required by the public agency to perform the service. If the County transfers all public records to the public agency upon completion of the contract, the County shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the County keeps and maintains public records upon completion of the contract, the County shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public

Docusign Envelope ID: 5E753621-BB1C-46EF-8FB1-73E6D1C5928C

records, in a format that is compatible with the information technology systems of the public agency.

IF THE COUNTY HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE COUNTY'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: CITY OF OCALA, OFFICE OF THE CITY CLERK; 352-629-8266; E-mail: clerk@ocalafl.gov; City Hall, 110 SE Watula Avenue, Ocala, FL 34471.

12. **TAX EXEMPTION**. City is exempt from all federal excise and state sales taxes (State of Florida Consumer's Certification of Exemption 85-8012621655C-9). The City's Employer Identification Number is 59-60000392. County doing business with City will not be exempted from paying sales tax to its suppliers for materials to fulfill contractual obligations with the City, nor will County be authorized to use City's Tax Exemption Number for securing materials listed herein.

13. **AUDIT.** County shall comply and cooperate immediately with any inspections, reviews, investigations, or audits relating to this Agreement as deemed necessary by the Florida Office of the Inspector General, the City's Internal or External auditors or by any other Florida official with proper authority.

14. **PUBLICITY.** County shall not use City's name, logo, seal or other likeness in any press release, marketing materials, or other public announcement without City's prior written approval.

15. **CONFLICT OF INTEREST.** County must have disclosed with the submission of its bid, the name of any officer, director, or agent who may be employed by the City. County must disclose the name of any City employee who owns, directly or indirectly, any interest in County or any affiliated business entity. Any additional conflicts of interest that may occur during the contract term must be disclosed to the City of Ocala Procurement Department.

16. **WAIVER.** The failure or delay of any party at any time to require performance by another party of any provision of this Agreement, even if known, shall not affect the right of such party to require performance of that provision or to exercise any right, power or remedy hereunder. Any waiver by any party of any breach of any provision of this Agreement should not be construed as a waiver of any continuing or succeeding breach of such provision, a waiver of the provision itself, or a waiver of any right, power or remedy under this Agreement. No notice to or demand on any party in any circumstance shall, of itself, entitle such party to any other or further notice or demand in similar or other circumstances.

17. **FORCE MAJEURE.** Neither party shall be liable for delay, damage, or failure in the performance of any obligation under this Agreement if such delay, damage, or failure is due to causes beyond its reasonable control, including without limitation: fire, flood, strikes and labor disputes, acts of war, acts of nature, terrorism, civil unrest, acts or delays in acting of the government of the United States or the several states, judicial orders, decrees or restrictions, or any other like reason which is beyond the control of the respective party ("Force Majeure"). The party affected by any event of force majeure shall use reasonable efforts to remedy, remove, or mitigate such event and the effects thereof with all reasonable dispatch.

Docusign Envelope ID: 5E753621-BB1C-46EF-8FB1-73E6D1C5928C

A. The party affected by force majeure shall provide the other party with full particulars thereof including, but not limited to, the nature, details, and expected duration thereof, as soon as it becomes aware.

B. When force majeure circumstances arise, the parties shall negotiate in good faith any modifications of the terms of this Agreement that may be necessary or appropriate in order to arrive at an equitable solution. Performance shall be extended for a number of days, equal to the duration of the force majeure. The affected party shall be entitled to an extension of time only and, in no event shall the affected party be entitled to any increased costs, additional compensation, or damages of any type resulting from such force majeure delays.

18. **SEVERABILITY OF ILLEGAL PROVISIONS.** Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the applicable law. Should any portion of this Agreement be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Agreement.

19. **MUTUAL INDEMNIFICATION.** Notwithstanding anything to the contrary set forth in the Agreement, each Party agrees to indemnify, defend and hold harmless the other, its officers, board members, agents, representatives and employees from and against any and all fines, suits, claims, demands, penalties, liabilities, costs or expenses, losses, settlements, judgments and awards and action of whatever kind or nature arising out of the Agreement, including attorney's fees and costs (and costs and fees on appeal as well as for litigating the issue of the amount of fees to be awarded), and damages (including, but not limited to, actual and consequential damages) arising from any negligent, willful or wrongful misconduct, knowing misrepresentation or breach of the Agreement by such Party, its officers, board members, agents, representatives or employees. This Section shall not be construed in any way to alter County or City's waiver of sovereign immunity or the limits established in Section 768.28, Florida Statutes (2023) with respect to actions in tort or contract. Pursuant to Section 768.28, Florida Statutes, nothing in the agreement may require County to indemnify or insure City for City's negligence.

20. **NO WAIVER OF SOVEREIGN IMMUNITY.** Nothing herein is intended to waive sovereign immunity by the Parties to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

21. **NOTICES.** All notices, certifications or communications required by this Agreement shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

Customer shall be responsible for any and all costs in connection with the creation, production and delivery to Clear Channel of the Digital Advertising Materials as contemplated under this Contract.

b. Upon the written request of Customer, Clear Channel, in its sole discretion, may permit the Customer to provide Dynamic Content for the CC Portal. In no event shall the unavailability, inactivity or inoperability of the CC Portal constitute a breach of this Contract or provide Customer any right, claim, remedy or otherwise under this Contract or at law.

c. Customer acknowledges and agrees that (1) Clear Channel shall include such filtering technology in the CC Portal as it shall deem appropriate, in its sole discretion, to filter inappropriate content from being served or delivered to Signs, and (2) upon the occurrence of a breach of this Contract by Customer, Clear Channel may, in addition to all other remedies available to it, and in its sole and absolute discretion cease providing advertising services via the CC Portal.

4.3 FULL MOTION DIGITAL CONTENT, PRODUCTION AND RELATED MATTERS

b. All Full Motion Digital Advertising Materials in form for proper execution of the purpose of this Contract shall be delivered by Customer for receipt by Clear Channel no later than five (5) business days prior to the Commencement Date. Clear Channel shall make commercially reasonable efforts to review, load and schedule properly formatted Full Motion Digital Advertising Materials not delivered by the deadline, however Clear Channel reserves the right to delay advertising services related to the posting date of Customer's Full Motion Digital Advertising Material by one (1) business day for each day of delay in the receipt of such materials without any rate proration or extension of the term.

c. Any special feature requests such as, but not limited to, (i) synchronized audio, (ii) timed broadcast, (iii) where available, use of a crowd camera, and (iv) streaming services, are subject to permits where applicable and additional charges above the standard media rate. Clear Channel does not guarantee the availability of any special features. In addition, no adjustment to the media rate will be made should any special feature fail to operate at Customer's desired performance level during the Customer's advertising campaign.

4.4 QUANTITY DELIVERABLES

Unless stated otherwise in the Contract, for Campaigns sold on a Quantity Deliverables basis, Clear Channel shall have sole discretion to select the mix of Sign(s) location(s) and modify that mix during the Campaign to deliver the deliverables. Any Contract that specifies a quantity, including without limitation a Target Rating Points (TRP) amount or the number of Sign(s) location(s), is sold on a Quantity Deliverables basis unless clearly indicated otherwise in the Contract.

4.5 IMPRESSIONS DELIVERABLES

Unless stated otherwise in the Contract, for Campaigns sold on an Impressions Deliverables basis, Clear Channel shall have sole discretion to select the mix of Sign(s) location(s) and modify that mix during the Campaign to deliver the Impressions Deliverables. Impressions delivered shall be calculated at the end of each performance period as defined by Clear Channel, and on the basis of then available Geopath Impressions for the Sign(s) location(s) selected. Unless stated otherwise in the Contract, if Clear Channel overdelivers on the number of Impressions, Customer's payment obligation shall be capped at the amount shown in the Maximum Cost column of the Contract. Any Contract that specifies Impressions is sold on an Impressions Deliverables basis unless clearly indicated otherwise in the Contract.

Clear Channel may keep Advertising Materials as it deems fit for Clear Channel's own archival purposes. Customer authorizes Clear Channel to use a picture or photograph of Clear Channel's Sign or Signs displaying the Campaign for Clear Channel's promotional, advertising or prospective sales purposes with clients, prospective clients or for internal use.

4.7 RIGHTS AND OBLIGATIONS

5. DISRUPTION OF PERFORMANCE; LOSS OF USE

a. Except as otherwise provided herein, if Clear Channel is unable to perform any of its obligations hereunder as a result of a force majeure, labor dispute, law, government action or order, or similar causes beyond Clear Channel's reasonable control, Clear Channel shall promptly notify the Customer. Customer's sole and exclusive remedy for a delay or failure to perform under this subsection 5(a) shall be receipt of services of substantially equivalent value to what was lost as a consequence of such delay or failure to perform. In no event shall such a delay or failure to perform constitute a breach of this Contract or provide Customer with any other right, claim or remedy under this Contract or at law.

b. Clear Channel shall promptly notify Customer if the lights illuminating a printed Sign are not operating during permitted hours of operations for which lights are required to view the content of the advertising posted on that Sign. Customer's sole and exclusive remedy for such a lighting outage shall be a credit against the charges due hereunder in an amount equivalent to 25% of the charges set forth in the Contract for the period during which the lights did not operate. In no event shall such a lighting outage constitute a breach of this Contract or provide Customer any other right, claim or remedy under this Contract or at law.

c. If any Sign selected for inclusion in the Campaign shall not be operational as of the Commencement Date or becomes unavailable for use for any reason whatsoever, or is converted to a different technology during the Campaign, Clear Channel shall promptly notify the Customer and the parties will discuss replacing such Sign with an alternate Sign. In no event shall Clear Channel's failure to make a Sign available hereunder in the circumstances described herein constitute a breach of this Contract or provide Customer any other right, claim or remedy under this Contract or at law but Customer shall be entitled to a refund of any prepaid amounts made by Customer to Clear Channel for any impacted Sign that becomes inoperable, unavailable or is converted to different technology.

6. TERMINATION

Upon such termination, Clear Channel shall reimburse Customer any prepaid amounts made by Customer to Clear Channel for the unexpired portion of the Contract and pay to Customer, as liquidated damages and not as a penalty, and as Customer's sole and exclusive remedy, a sum equal to the actual non-cancelable out-of-pocket costs necessarily incurred by Customer prior to the date of termination for production and delivery to Clear Channel of the Advertising Materials hereunder which were not displayed.

c. Except as otherwise specified herein, this Contract is non-cancellable and neither party shall be liable to the other party for incidental, indirect, consequential or punitive damages or lost profits.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

Customer's sole and exclusive remedy for a delay or failure to perform under this subsection 5(a) shall be receipt of services of substantially equivalent value to what was lost as a consequence of such delay or failure to perform. In no event shall such a delay or failure to perform constitute a breach of this Contract or provide Customer with any other right, claim or remedy under this Contract or at law.

b. Clear Channel shall promptly notify Customer if the lights illuminating a printed Sign are not operating during permitted hours of operations for which lights are required to view the content of the advertising posted on that Sign. Customer's sole and exclusive remedy for such a lighting outage shall be a credit against the charges due hereunder in an amount equivalent to 25% of the charges set forth in the Contract for the period during which the lights did not operate. In no event shall such a lighting outage constitute a breach of this Contract or provide Customer any other right, claim or remedy under this Contract or at law.

c. If any Sign selected for inclusion in the Campaign shall not be operational as of the Commencement Date or becomes unavailable for use for any reason whatsoever, or is converted to a different technology during the Campaign, Clear Channel shall promptly notify the Customer and the parties will discuss replacing such Sign with an alternate Sign. In no event shall Clear Channel's failure to make a Sign available hereunder in the circumstances described herein constitute a breach of this Contract or provide Customer any other right, claim or remedy under this Contract or at law but Customer shall be entitled to a refund of any prepaid amounts made by Customer to Clear Channel for any impacted Sign that becomes inoperable, unavailable or is converted to different technology.

6. TERMINATION

a. Clear Channel may by providing 14 days advance written notice to Customer, and if Customer fails to cure such breach prior to expiration of the 14 days, terminate this Contract (1) upon material breach by Customer (except for breach of Customer's obligation to deliver Advertising Materials to Clear Channel) or (2) if any monies to be paid by Customer to Clear Channel are past due. Clear Channel's notice shall set forth a summary of the alleged breach and Clear Channel agrees to provide any supporting documentation as may be reasonably requested by Customer. In addition, Clear Channel may upon written notice to Customer terminate this Contract if Advertising Materials have not been received by Clear Channel on or before the date required herein. Upon any termination under this section (a), all unpaid, accrued charges hereunder shall immediately become due and payable and, in addition, Customer shall pay Clear Channel, as liquidated damages and not as a penalty, (i) 100% of the amount payable hereunder for the portion of the Campaign to run in the 60 day period after such termination and (ii) 50% of the amount payable hereunder for the portion of the Campaign to run thereafter.

b. Customer may by providing 14 days advance written notice to Clear Channel, and if Clear Channel fails to cure such breach prior to expiration of the 14 days, terminate this Contract upon material breach by Clear Channel. Customer's notice shall set forth a summary of the alleged breach and Customer agrees to provide any supporting documentation as may be reasonably requested by Clear Channel. Upon such termination, Clear Channel shall reimburse Customer any prepaid amounts made by Customer to Clear Channel for the unexpired portion of the Contract and pay to Customer, as liquidated damages and not as a penalty, and as Customer's sole and exclusive remedy, a sum equal to the actual non-cancelable out-of-pocket costs necessarily incurred by Customer prior to the date of termination for production and delivery to Clear Channel of the Advertising Materials hereunder which were not displayed.

c. Except as otherwise specified herein, this Contract is non-cancellable and neither party shall be liable to the other party for incidental, indirect, consequential or punitive damages or lost profits.

7. ~~INDEMNIFICATION AND HOLD HARMLESS~~

~~Customer shall defend, hold harmless and indemnify Clear Channel, its parents, subsidiaries and affiliates, and their respective officers, directors, employees, agents and designees from any and all claims, actions, causes of action, losses, liabilities, demands, damages, penalties, fines, costs and expenses including, without limitation, any incidental, indirect, consequential, punitive or statutory damages or lost profits to a third party, arising from, connected with or related to (i) Customer's Advertising Materials and Dynamic Content, including, infringement in any manner of any copyright, patent, trademark, trade secret or other right of any third party, presentation of any material or information that violates any law or regulation, or failure to include any disclaimer that may be required by applicable laws, statutes, ordinances, rules and regulations or (ii) Customer's products and services~~.

d. This Contract contains the entire understanding between the parties and, except as expressly provided herein, cannot be changed or terminated unless expressly agreed to in writing and signed by Customer and Clear Channel.

Design Considerations

- Design with Color & High Contrast
  Stick with fully saturated web-safe hues. Strong contrast in both hue and value are essential.
- Use Simple Backgrounds
  Steer clear of patterns or busy backgrounds, as they may compete with your text. Note: Try to avoid having the majority of the background as white since this might compete with creative elements.
- Use 7 to 10 Words
  Be concise and keep it simple.
- Use Bold, Easy-To-Read Fonts
  Thin fonts at a distance can optically fade or break up. Maximize the size of your headline & contact information to ensure legibility.

Disclaimer & Warning Guidelines: For roadside digital formats this copy must be in easily legible type and in a size at least 12 inches tall or as required by applicable law or regulation, whichever is greater.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

This is an estimate, and not a guarantee of delivery. Metrics provided for Quantity/Full Market buys are estimates and will be finalized once actual locations are selected.

Design Considerations

- Design with Color & High Contrast
  Stick with fully saturated web-safe hues. Strong contrast in both hue and value are essential.
- Use Simple Backgrounds
  Steer clear of patterns or busy backgrounds, as they may compete with your text. Note: Try to avoid having the majority of the background as white since this might compete with creative elements.
- Use 7 to 10 Words
  Be concise and keep it simple.
- Use Bold, Easy-To-Read Fonts
  Thin fonts at a distance can optically fade or break up. Maximize the size of your headline & contact information to ensure legibility.

Disclaimer & Warning Guidelines: For roadside digital formats this copy must be in easily legible type and in a size at least 12 inches tall or as required by applicable law or regulation, whichever is greater.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

Advertising Policy - Terms and Conditions

Publisher Rights Regarding Copy: Publisher reserves the right to revise, alter or reject any advertisement for any reason, or to omit advertisements without notice. No change in advertising copy will be made without Advertiser's prior consent. Publisher reserves the right to alter any materials received at variance with mechanical requirements. Such alterations may be billed at actual cost to the advertiser. Publisher will use reasonable caution to protect all printing materials but will not be liable for loss or damage.

Copy: Publisher is not responsible for errors in copy once the advertiser has approved a proof. Publisher cannot guarantee a proof for any ad that is submitted after the copy deadline. Copy deadline for all ads or promotional features is the 1st of the month prior to publication. Advertisements submitted after proof deadlines are submitted at Advertiser's own risk and Publisher assumes no liability for errors or omission in such advertisements.

Credit: The extension of credit is at the discretion of Publisher. Accounts are billed on the 1st of the month prior to publication and are due on the first day of the month of publication. All other invoices are due upon receipt. Late payments will be subject to a finance charge of 1.5% per month until paid. The undersigned individually, jointly and severally guarantees payment of the obligation. If any invoice is not paid within the terms established, Publisher reserves the right to reject ads at any time and cancel the Agreement without notice. In this event, all charges for advertising published prior to such cancellation shall immediately be due and payable at the Publisher's regular earned rates. Earned rate is defined as the rate that is earned for a specific number of insertions, e.g., a 12 time agreement that is cancelled after running 5 ads has earned the four time rate regardless of whether cancelled by Publisher because of nonpayment or cancelled by the client. Publisher agrees to accept credit card payments from Visa, MasterCard or American Express for any monies owed.

Rates: The Publisher reserves the right to revise rates, terms, specifications, deadlines and conditions contained herein upon sixty (60) days written notice to Client. Client shall have the right, within 15 days after notification of any such revision, to cancel the contract without penalty.

Terms & Conditions: Oral agreements are not recognized. Publisher is not obligated to return ads or ad materials, and is not responsible for any damage or loss of ads, copy, drawings or photography, art or any other material provided. The OCALA Magazine name and logo is the property of Publisher, and any reproduction or use without the written permission of authorized representatives is prohibited. New clients (anyone who has not advertised with OCALA Magazine in the previous 6 months) must pay the first insertion of this agreement at the time of signing. An advertorial (whether a new or existing client) must be paid in full before it is printed. One-half of the payment is due at the signing of this agreement and balance must be paid on approval for printing. In any event, by signing this agreement the undersigned is obligated to fulfill the agreement whether or not any monies are received at signing.

All copy changes must be supplied by the first of the month preceding publication date. All ad changes must be approved for printing by the tenth of the month preceding publication date. Should Client fail to supply copy or to make themselves available to approve proof, Publisher has the discretion to create an ad or promotional feature using name, address and phone number of Client or to not run the ad or advertorial and to invoice the contractual amount agreed. All clients will receive the first proof of their ad to approve for printing or make corrections (corrections could be photo/art and/or copy). A second proof will be shown when corrections are required. Any changes to the second proof will be approved by the salesperson for printing. Should a client require a third proof there would be an additional charge of $100 (should the change be photography that is different than approved in the first or second proof the charge for the third proof will be $250). Client will be invoiced $100 for any appointment with a writer or photographer that is cancelled without 24-hour notice. Client agrees that the charges are reasonable compensation for Publisher's accommodation.

Payment: Client guarantees that Client is solvent and that the payment due under the Agreement will be paid in full. Client will be responsible for the entire amount owed and Publisher may look to Client and/or assigned agents to collect the entire debt. If a Client's account is delinquent and placed with an attorney or collection agency, the Client agrees to pay any attorney's fees or cost of collection or other expenses incurred in collection of monies due the Publisher.

Regarding Barter for Contract: All barter will not depreciate in value, be charged fees or have any type of expiration date of any sort. Barter cannot be refused for any reason and will be used at any time. Barter is due with your payment and is considered part of the payment process and thus will be treated as so.

Cancellation / Earned Rate: All contracts may be cancelled by the Advertiser after the first insertion, provided written notice is received by the Publisher seventy-five (75) days from the first of the month of the month that the magazine is distributed. If such contracts are cancelled, the Advertiser will be liable for the difference between the discount rate and actual rate earned as per the rate card in effect at time of cancellation (see earned rate definition in **Credit** paragraph).

Unavoidable Non-Performance: Publisher is not liable for failure to publish ads or distribute the magazine because of floods, fire, riots, strikes, and shortages of materials, orders of government, failure of transportation, acts of God, war, accidents or other causes beyond our control. In such an event, the Agreement will be suspended during the period of inability to perform and the terms extended for a like period. Neither party shall have liability to the other party because of suspension.

Liability of Publisher: Publisher will not be liable by any reason for any error, for which it may be responsible, beyond liability for the cost of actual space occupied by the item in which the error occurred. In the case of typographical errors or omissions, Publisher shall not be liable beyond the printing cost of the area occupied by the advertisement. Notice of errors must be given in time for correction before additional insertions are made. Claims for error adjustments must be made within thirty (30) days of the error date. Publisher is not liable for copy corrections not provided in writing or for corrections made by telephone.

THIS CONTRACT IS NOT SELF-RENEWABLE.

The party signing the Agreement on behalf of the Client guarantees that he/she has full authority to enter into the Agreement on behalf of the Client and to bind the Client to perform the Agreement. The Agreement shall cover only advertising of the named Client and is not assignable by the Client. If Client contracts with an advertising agency or other agent, Client remains obligated to pay Publisher for all advertising purchases.

I have read this agreement and **agree that it includes all conditions of advertising.**

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

Customer may by providing 14 days advance written notice to Clear Channel, and if Clear Channel fails to cure such breach prior to expiration of the 14 days, terminate this Contract upon material breach by Clear Channel. Customer's notice shall set forth a summary of the alleged breach and Customer agrees to provide any supporting documentation as may be reasonably requested by Clear Channel. Upon such termination, Clear Channel shall reimburse Customer any prepaid amounts made by Customer to Clear Channel for the unexpired portion of the Contract and pay to Customer, as liquidated damages and not as a penalty, and as Customer's sole and exclusive remedy, a sum equal to the actual non-cancelable out-of-pocket costs necessarily incurred by Customer prior to the date of termination for production and delivery to Clear Channel of the Advertising Materials hereunder which were not displayed.

c. Except as otherwise specified herein, this Contract is non-cancellable and neither party shall be liable to the other party for incidental, indirect, consequential or punitive damages or lost profits.

7. ~~INDEMNIFICATION AND HOLD HARMLESS~~

~~Customer shall defend, hold harmless and indemnify Clear Channel, its parents, subsidiaries and affiliates, and their respective officers, directors, employees, agents and designees from any and all claims, actions, causes of action, losses, liabilities, demands, damages, penalties, fines, costs and expenses including, without limitation, any incidental, indirect, consequential, punitive or statutory damages or lost profits to a third party, arising from, connected with or related to (i) Customer's Advertising Materials and Dynamic Content, including, infringement in any manner of any copyright, patent, trademark, trade secret or other right of any third party, presentation of any material or information that violates any law or regulation, or failure to include any disclaimer that may be required by applicable laws, statutes, ordinances, rules and regulations or (ii) Customer's products and services.~~

8. GENERAL

a. It is agreed that the laws of the State of New York shall govern the construction and interpretation of this Contract and the rights and obligations set forth herein. The parties hereto irrevocably waive any and all rights to trial by jury in any proceeding arising out of or relating to this Contract.

b. Customer may not assign or transfer this Contract without first obtaining the written consent of Clear Channel; nor is Clear Channel required to post, install or maintain any material under this Contract for the benefit of any person or entity other than the Customer named in the Contract.

c. ~~Each party agrees that it shall always take reasonable steps, at least substantially equivalent to the steps it takes to protect its own proprietary information, to prevent duplication or disclosure of Confidential Information of the other party other than by or to its employees or agents who must have access to such Confidential Information to perform such party's obligations hereunder.~~

d. This Contract contains the entire understanding between the parties and, except as expressly provided herein, cannot be changed or terminated unless expressly agreed to in writing and signed by Customer and Clear Channel.

e. The failure of Clear Channel or Customer to enforce any of the provisions of this Contract shall not be construed as a general relinquishment or waiver of that or any other provision.

f. All notices hereunder shall be in writing, deemed given on the date of dispatch, and addressed to Customer and Clear Channel at the addresses listed in the Contract.

g. The invalidity or unenforceability of any portion of this Contract shall not affect the remaining provisions hereof.

h. This version of the contract supersedes any previous contract associated with this Order number. Any previous contracts are null and void.

The Total 18+ Imps (Weekly) reported for digital represent those impressions for a single spot in rotation. They do not represent all impressions available on the structure, since these structures have multiple spots. For Quantity/Custom campaigns, impression and rating point delivery are calculated using the market average and multiplying that by the number of units contracted. This is an estimate, and not a guarantee of delivery. Metrics provided for Quantity/Full Market buys are estimates and will be finalized once actual locations are selected.

Design Considerations

- Design with Color & High Contrast
  Stick with fully saturated web-safe hues. Strong contrast in both hue and value are essential.
- Use Simple Backgrounds
  Steer clear of patterns or busy backgrounds, as they may compete with your text. Note: Try to avoid having the majority of the background as white since this might compete with creative elements.
- Use 7 to 10 Words
  Be concise and keep it simple.
- Use Bold, Easy-To-Read Fonts
  Thin fonts at a distance can optically fade or break up. Maximize the size of your headline & contact information to ensure legibility.

Disclaimer & Warning Guidelines: For roadside digital formats this copy must be in easily legible type and in a size at least 12 inches tall or as required by applicable law or regulation, whichever is greater.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. 4.7 RIGHTS AND OBLIGATIONS

THE PROVISION OF ADVERTISING SERVICES BY CLEAR CHANNEL DOES NOT TRANSFER OWNERSHIP RIGHTS OF ANY ADVERTISING STRUCTURE OR SIGN TO CUSTOMER. CUSTOMER ACKNOWLEDGES AND AGREES THAT NO LEASE OR LICENSE SHALL ARISE FROM THE PROVISION OF ADVERTISING SERVICES.

5. DISRUPTION OF PERFORMANCE; LOSS OF USE

a. Except as otherwise provided herein, if Clear Channel is unable to perform any of its obligations hereunder as a result of a force majeure, labor dispute, law, government action or order, or similar causes beyond Clear Channel's reasonable control, Clear Channel shall promptly notify the Customer. Customer's sole and exclusive remedy for a delay or failure to perform under this subsection 5(a) shall be receipt of services of substantially equivalent value to what was lost as a consequence of such delay or failure to perform. In no event shall such a delay or failure to perform constitute a breach of this Contract or provide Customer with any other right, claim or remedy under this Contract or at law.

b. Clear Channel shall promptly notify Customer if the lights illuminating a printed Sign are not operating during permitted hours of operations for which lights are required to view the content of the advertising posted on that Sign. Customer's sole and exclusive remedy for such a lighting outage shall be a credit against the charges due hereunder in an amount equivalent to 25% of the charges set forth in the Contract for the period during which the lights did not operate. In no event shall such a lighting outage constitute a breach of this Contract or provide Customer any other right, claim or remedy under this Contract or at law.

c. If any Sign selected for inclusion in the Campaign shall not be operational as of the Commencement Date or becomes unavailable for use for any reason whatsoever, or is converted to a different technology during the Campaign, Clear Channel shall promptly notify the Customer and the parties will discuss replacing such Sign with an alternate Sign. In no event shall Clear Channel's failure to make a Sign available hereunder in the circumstances described herein constitute a breach of this Contract or provide Customer any other right, claim or remedy under this Contract or at law but Customer shall be entitled to a refund of any prepaid amounts made by Customer to Clear Channel for any impacted Sign that becomes inoperable, unavailable or is converted to different technology.

6. TERMINATION

a. Clear Channel may by providing 14 days advance written notice to Customer, and if Customer fails to cure such breach prior to expiration of the 14 days, terminate this Contract (1) upon material breach by Customer (except for breach of Customer's obligation to deliver Advertising Materials to Clear Channel) or (2) if any monies to be paid by Customer to Clear Channel are past due. Clear Channel's notice shall set forth a summary of the alleged breach and Clear Channel agrees to provide any supporting documentation as may be reasonably requested by Customer. In addition, Clear Channel may upon written notice to Customer terminate this Contract if Advertising Materials have not been received by Clear Channel on or before the date required herein. Upon any termination under this section (a), all unpaid, accrued charges hereunder shall immediately become due and payable and, in addition, Customer shall pay Clear Channel, as liquidated damages and not as a penalty, (i) 100% of the amount payable hereunder for the portion of the Campaign to run in the 60 day period after such termination and (ii) 50% of the amount payable hereunder for the portion of the Campaign to run thereafter.

b. Customer may by providing 14 days advance written notice to Clear Channel, and if Clear Channel fails to cure such breach prior to expiration of the 14 days, terminate this Contract upon material breach by Clear Channel. Customer's notice shall set forth a summary of the alleged breach and Customer agrees to provide any supporting documentation as may be reasonably requested by Clear Channel. Upon such termination, Clear Channel shall reimburse Customer any prepaid amounts made by Customer to Clear Channel for the unexpired portion of the Contract and pay to Customer, as liquidated damages and not as a penalty, and as Customer's sole and exclusive remedy, a sum equal to the actual non-cancelable out-of-pocket costs necessarily incurred by Customer prior to the date of termination for production and delivery to Clear Channel of the Advertising Materials hereunder which were not displayed.

c. Except as otherwise specified herein, this Contract is non-cancellable and neither party shall be liable to the other party for incidental, indirect, consequential or punitive damages or lost profits.

7. ~~INDEMNIFICATION AND HOLD HARMLESS~~

~~Customer shall defend, hold harmless and indemnify Clear Channel, its parents, subsidiaries and affiliates, and their respective officers, directors, employees, agents and designees from any and all claims, actions, causes of action, losses, liabilities, demands, damages, penalties, fines, costs and expenses including, without limitation, any incidental, indirect, consequential, punitive or statutory damages or lost profits to a third party, arising from, connected with or related to (i) Customer's Advertising Materials and Dynamic Content, including, infringement in any manner of any copyright, patent, trademark, trade secret or other right of any third party, presentation of any material or information that violates any law or regulation, or failure to include any disclaimer that may be required by applicable laws, statutes, ordinances, rules and regulations or (ii) Customer's products and services.~~

8. GENERAL

a. It is agreed that the laws of the State of New York shall govern the construction and interpretation of this Contract and the rights and obligations set forth herein. The parties hereto irrevocably waive any and all rights to trial by jury in any proceeding arising out of or relating to this Contract.

b. Customer may not assign or transfer this Contract without first obtaining the written consent of Clear Channel; nor is Clear Channel required to post, install or maintain any material under this Contract for the benefit of any person or entity other than the Customer named in the Contract.

c. ~~Each party agrees that it shall always take reasonable steps, at least substantially equivalent to the steps it takes to protect its own proprietary information, to prevent duplication or disclosure of Confidential Information of the other party other than by or to its employees or agents who must have access to such Confidential Information to perform such party's obligations hereunder.~~

d. This Contract contains the entire understanding between the parties and, except as expressly provided herein, cannot be changed or terminated unless expressly agreed to in writing and signed by Customer and Clear Channel.

e. The failure of Clear Channel or Customer to enforce any of the provisions of this Contract shall not be construed as a general relinquishment or waiver of that or any other provision.

f. All notices hereunder shall be in writing, deemed given on the date of dispatch, and addressed to Customer and Clear Channel at the addresses listed in the Contract.

g. The invalidity or unenforceability of any portion of this Contract shall not affect the remaining provisions hereof.

h. This version of the contract supersedes any previous contract associated with this Order number. Any previous contracts are null and void.

The Total 18+ Imps (Weekly) reported for digital represent those impressions for a single spot in rotation. They do not represent all impressions available on the structure, since these structures have multiple spots. For Quantity/Custom campaigns, impression and rating point delivery are calculated using the market average and multiplying that by the number of units contracted. This is an estimate, and not a guarantee of delivery. Metrics provided for Quantity/Full Market buys are estimates and will be finalized once actual locations are selected.

Design Considerations

- Design with Color & High Contrast
  Stick with fully saturated web-safe hues. Strong contrast in both hue and value are essential.
- Use Simple Backgrounds
  Steer clear of patterns or busy backgrounds, as they may compete with your text. Note: Try to avoid having the majority of the background as white since this might compete with creative elements.
- Use 7 to 10 Words
  Be concise and keep it simple.
- Use Bold, Easy-To-Read Fonts
  Thin fonts at a distance can optically fade or break up. Maximize the size of your headline & contact information to ensure legibility.

Disclaimer & Warning Guidelines: For roadside digital formats this copy must be in easily legible type and in a size at least 12 inches tall or as required by applicable law or regulation, whichever is greater.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

We will bill you for any fees at that time, if any.

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

Advertising Policy - Terms and Conditions

Publisher Rights Regarding Copy: Publisher reserves the right to revise, alter or reject any advertisement for any reason, or to omit advertisements without notice. No change in advertising copy will be made without Advertiser's prior consent. Publisher reserves the right to alter any materials received at variance with mechanical requirements. Such alterations may be billed at actual cost to the advertiser. Publisher will use reasonable caution to protect all printing materials but will not be liable for loss or damage.

Copy: Publisher is not responsible for errors in copy once the advertiser has approved a proof. Publisher cannot guarantee a proof for any ad that is submitted after the copy deadline. Copy deadline for all ads or promotional features is the 1st of the month prior to publication. Advertisements submitted after proof deadlines are submitted at Advertiser's own risk and Publisher assumes no liability for errors or omission in such advertisements.

Credit: The extension of credit is at the discretion of Publisher. Accounts are billed on the 1st of the month prior to publication and are due on the first day of the month of publication. All other invoices are due upon receipt. Late payments will be subject to a finance charge of 1.5% per month until paid. The undersigned individually, jointly and severally guarantees payment of the obligation. If any invoice is not paid within the terms established, Publisher reserves the right to reject ads at any time and cancel the Agreement without notice. In this event, all charges for advertising published prior to such cancellation shall immediately be due and payable at the Publisher's regular earned rates. Earned rate is defined as the rate that is earned for a specific number of insertions, e.g., a 12 time agreement that is cancelled after running 5 ads has earned the four time rate regardless of whether cancelled by Publisher because of nonpayment or cancelled by the client. Publisher agrees to accept credit card payments from Visa, MasterCard or American Express for any monies owed.

Rates: The Publisher reserves the right to revise rates, terms, specifications, deadlines and conditions contained herein upon sixty (60) days written notice to Client. Client shall have the right, within 15 days after notification of any such revision, to cancel the contract without penalty.

Terms & Conditions: Oral agreements are not recognized. Publisher is not obligated to return ads or ad materials, and is not responsible for any damage or loss of ads, copy, drawings or photography, art or any other material provided. The OCALA Magazine name and logo is the property of Publisher, and any reproduction or use without the written permission of authorized representatives is prohibited. New clients (anyone who has not advertised with OCALA Magazine in the previous 6 months) must pay the first insertion of this agreement at the time of signing. An advertorial (whether a new or existing client) must be paid in full before it is printed. One-half of the payment is due at the signing of this agreement and balance must be paid on approval for printing. In any event, by signing this agreement the undersigned is obligated to fulfill the agreement whether or not any monies are received at signing.

All copy changes must be supplied by the first of the month preceding publication date. All ad changes must be approved for printing by the tenth of the month preceding publication date. Should Client fail to supply copy or to make themselves available to approve proof, Publisher has the discretion to create an ad or promotional feature using name, address and phone number of Client or to not run the ad or advertorial and to invoice the contractual amount agreed. All clients will receive the first proof of their ad to approve for printing or make corrections (corrections could be photo/art and/or copy). A second proof will be shown when corrections are required. Any changes to the second proof will be approved by the salesperson for printing. Should a client require a third proof there would be an additional charge of $100 (should the change be photography that is different than approved in the first or second proof the charge for the third proof will be $250). Client will be invoiced $100 for any appointment with a writer or photographer that is cancelled without 24-hour notice. Client agrees that the charges are reasonable compensation for Publisher's accommodation.

Payment: Client guarantees that Client is solvent and that the payment due under the Agreement will be paid in full. Client will be responsible for the entire amount owed and Publisher may look to Client and/or assigned agents to collect the entire debt. If a Client's account is delinquent and placed with an attorney or collection agency, the Client agrees to pay any attorney's fees or cost of collection or other expenses incurred in collection of monies due the Publisher.

Regarding Barter for Contract: All barter will not depreciate in value, be charged fees or have any type of expiration date of any sort. Barter cannot be refused for any reason and will be used at any time. Barter is due with your payment and is considered part of the payment process and thus will be treated as so.

Cancellation / Earned Rate: All contracts may be cancelled by the Advertiser after the first insertion, provided written notice is received by the Publisher seventy-five (75) days from the first of the month of the month that the magazine is distributed. If such contracts are cancelled, the Advertiser will be liable for the difference between the discount rate and actual rate earned as per the rate card in effect at time of cancellation (see earned rate definition in **Credit** paragraph).

Unavoidable Non-Performance: Publisher is not liable for failure to publish ads or distribute the magazine because of floods, fire, riots, strikes, and shortages of materials, orders of government, failure of transportation, acts of God, war, accidents or other causes beyond our control. In such an event, the Agreement will be suspended during the period of inability to perform and the terms extended for a like period. Neither party shall have liability to the other party because of suspension.

Liability of Publisher: Publisher will not be liable by any reason for any error, for which it may be responsible, beyond liability for the cost of actual space occupied by the item in which the error occurred. In the case of typographical errors or omissions, Publisher shall not be liable beyond the printing cost of the area occupied by the advertisement. Notice of errors must be given in time for correction before additional insertions are made. Claims for error adjustments must be made within thirty (30) days of the error date. Publisher is not liable for copy corrections not provided in writing or for corrections made by telephone.

THIS CONTRACT IS NOT SELF-RENEWABLE.

The party signing the Agreement on behalf of the Client guarantees that he/she has full authority to enter into the Agreement on behalf of the Client and to bind the Client to perform the Agreement. The Agreement shall cover only advertising of the named Client and is not assignable by the Client. If Client contracts with an advertising agency or other agent, Client remains obligated to pay Publisher for all advertising purchases.

I have read this agreement and **agree that it includes all conditions of advertising.**

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

Any Contract that specifies a quantity, including without limitation a Target Rating Points (TRP) amount or the number of Sign(s) location(s), is sold on a Quantity Deliverables basis unless clearly indicated otherwise in the Contract.

4.5 IMPRESSIONS DELIVERABLES

Unless stated otherwise in the Contract, for Campaigns sold on an Impressions Deliverables basis, Clear Channel shall have sole discretion to select the mix of Sign(s) location(s) and modify that mix during the Campaign to deliver the Impressions Deliverables. Impressions delivered shall be calculated at the end of each performance period as defined by Clear Channel, and on the basis of then available Geopath Impressions for the Sign(s) location(s) selected. Unless stated otherwise in the Contract, if Clear Channel overdelivers on the number of Impressions, Customer's payment obligation shall be capped at the amount shown in the Maximum Cost column of the Contract. Any Contract that specifies Impressions is sold on an Impressions Deliverables basis unless clearly indicated otherwise in the Contract.

4.6 ARCHIVAL MATERIAL AND RIGHT TO USE.

Clear Channel may keep Advertising Materials as it deems fit for Clear Channel's own archival purposes. Customer authorizes Clear Channel to use a picture or photograph of Clear Channel's Sign or Signs displaying the Campaign for Clear Channel's promotional, advertising or prospective sales purposes with clients, prospective clients or for internal use.

4.7 RIGHTS AND OBLIGATIONS

THE PROVISION OF ADVERTISING SERVICES BY CLEAR CHANNEL DOES NOT TRANSFER OWNERSHIP RIGHTS OF ANY ADVERTISING STRUCTURE OR SIGN TO CUSTOMER. CUSTOMER ACKNOWLEDGES AND AGREES THAT NO LEASE OR LICENSE SHALL ARISE FROM THE PROVISION OF ADVERTISING SERVICES.

5. DISRUPTION OF PERFORMANCE; LOSS OF USE

a. Except as otherwise provided herein, if Clear Channel is unable to perform any of its obligations hereunder as a result of a force majeure, labor dispute, law, government action or order, or similar causes beyond Clear Channel's reasonable control, Clear Channel shall promptly notify the Customer. Customer's sole and exclusive remedy for a delay or failure to perform under this subsection 5(a) shall be receipt of services of substantially equivalent value to what was lost as a consequence of such delay or failure to perform. In no event shall such a delay or failure to perform constitute a breach of this Contract or provide Customer with any other right, claim or remedy under this Contract or at law.

b. Clear Channel shall promptly notify Customer if the lights illuminating a printed Sign are not operating during permitted hours of operations for which lights are required to view the content of the advertising posted on that Sign. Customer's sole and exclusive remedy for such a lighting outage shall be a credit against the charges due hereunder in an amount equivalent to 25% of the charges set forth in the Contract for the period during which the lights did not operate. In no event shall such a lighting outage constitute a breach of this Contract or provide Customer any other right, claim or remedy under this Contract or at law.

c. If any Sign selected for inclusion in the Campaign shall not be operational as of the Commencement Date or becomes unavailable for use for any reason whatsoever, or is converted to a different technology during the Campaign, Clear Channel shall promptly notify the Customer and the parties will discuss replacing such Sign with an alternate Sign. In no event shall Clear Channel's failure to make a Sign available hereunder in the circumstances described herein constitute a breach of this Contract or provide Customer any other right, claim or remedy under this Contract or at law but Customer shall be entitled to a refund of any prepaid amounts made by Customer to Clear Channel for any impacted Sign that becomes inoperable, unavailable or is converted to different technology.

6. TERMINATION

a. Clear Channel may by providing 14 days advance written notice to Customer, and if Customer fails to cure such breach prior to expiration of the 14 days, terminate this Contract (1) upon material breach by Customer (except for breach of Customer's obligation to deliver Advertising Materials to Clear Channel) or (2) if any monies to be paid by Customer to Clear Channel are past due. Clear Channel's notice shall set forth a summary of the alleged breach and Clear Channel agrees to provide any supporting documentation as may be reasonably requested by Customer. In addition, Clear Channel may upon written notice to Customer terminate this Contract if Advertising Materials have not been received by Clear Channel on or before the date required herein. Upon any termination under this section (a), all unpaid, accrued charges hereunder shall immediately become due and payable and, in addition, Customer shall pay Clear Channel, as liquidated damages and not as a penalty, (i) 100% of the amount payable hereunder for the portion of the Campaign to run in the 60 day period after such termination and (ii) 50% of the amount payable hereunder for the portion of the Campaign to run thereafter.

b. Customer may by providing 14 days advance written notice to Clear Channel, and if Clear Channel fails to cure such breach prior to expiration of the 14 days, terminate this Contract upon material breach by Clear Channel. Customer's notice shall set forth a summary of the alleged breach and Customer agrees to provide any supporting documentation as may be reasonably requested by Clear Channel. Upon such termination, Clear Channel shall reimburse Customer any prepaid amounts made by Customer to Clear Channel for the unexpired portion of the Contract and pay to Customer, as liquidated damages and not as a penalty, and as Customer's sole and exclusive remedy, a sum equal to the actual non-cancelable out-of-pocket costs necessarily incurred by Customer prior to the date of termination for production and delivery to Clear Channel of the Advertising Materials hereunder which were not displayed.

c. Except as otherwise specified herein, this Contract is non-cancellable and neither party shall be liable to the other party for incidental, indirect, consequential or punitive damages or lost profits.

7. ~~INDEMNIFICATION AND HOLD HARMLESS~~

~~Customer shall defend, hold harmless and indemnify Clear Channel, its parents, subsidiaries and affiliates, and their respective officers, directors, employees, agents and designees from any and all claims, actions, causes of action, losses, liabilities, demands, damages, penalties, fines, costs and expenses including, without limitation, any incidental, indirect, consequential, punitive or statutory damages or lost profits to a third party, arising from, connected with or related to (i) Customer's Advertising Materials and Dynamic Content, including, infringement in any manner of any copyright, patent, trademark, trade secret or other right of any third party, presentation of any material or information that violates any law or regulation, or failure to include any disclaimer that may be required by applicable laws, statutes, ordinances, rules and regulations or (ii) Customer's products and services.~~

8. GENERAL

a. It is agreed that the laws of the State of ~~New York~~ Florida shall govern the construction and interpretation of this Contract and the rights and obligations set forth herein. The parties hereto irrevocably waive any and all rights to trial by jury in any proceeding arising out of or relating to this Contract.

b. Customer may not assign or transfer this Contract without first obtaining the written consent of Clear Channel; nor is Clear Channel required to post, install or maintain any material under this Contract for the benefit of any person or entity other than the Customer named in the Contract.

c. ~~Each party agrees that it shall always take reasonable steps, at least substantially equivalent to the steps it takes to protect its own proprietary information, to prevent duplication or disclosure of Confidential Information of the other party other than by or to its employees or agents who must have access to such Confidential Information to perform such party's obligations hereunder.~~

d. This Contract contains the entire understanding between the parties and, except as expressly provided herein, cannot be changed or terminated unless expressly agreed to in writing and signed by Customer and Clear Channel.

e. The failure of Clear Channel or Customer to enforce any of the provisions of this Contract shall not be construed as a general relinquishment or waiver of that or any other provision.

f. All notices hereunder shall be in writing, deemed given on the date of dispatch, and addressed to Customer and Clear Channel at the addresses listed in the Contract.

The Total 18+ Imps (Weekly) reported for digital represent those impressions for a single spot in rotation. They do not represent all impressions available on the structure, since these structures have multiple spots. For Quantity/Custom campaigns, impression and rating point delivery are calculated using the market average and multiplying that by the number of units contracted. This is an estimate, and not a guarantee of delivery. Metrics provided for Quantity/Full Market buys are estimates and will be finalized once actual locations are selected.

Design Considerations

- Design with Color & High Contrast
  Stick with fully saturated web-safe hues. Strong contrast in both hue and value are essential.
- Use Simple Backgrounds
  Steer clear of patterns or busy backgrounds, as they may compete with your text. Note: Try to avoid having the majority of the background as white since this might compete with creative elements.
- Use 7 to 10 Words
  Be concise and keep it simple.
- Use Bold, Easy-To-Read Fonts
  Thin fonts at a distance can optically fade or break up. Maximize the size of your headline & contact information to ensure legibility.

Disclaimer & Warning Guidelines: For roadside digital formats this copy must be in easily legible type and in a size at least 12 inches tall or as required by applicable law or regulation, whichever is greater.

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Design Considerations

- Design with Color & High Contrast
  Stick with fully saturated web-safe hues. Strong contrast in both hue and value are essential.
- Use Simple Backgrounds
  Steer clear of patterns or busy backgrounds, as they may compete with your text. Note: Try to avoid having the majority of the background as white since this might compete with creative elements.
- Use 7 to 10 Words
  Be concise and keep it simple.
- Use Bold, Easy-To-Read Fonts
  Thin fonts at a distance can optically fade or break up. Maximize the size of your headline & contact information to ensure legibility.

Disclaimer & Warning Guidelines: For roadside digital formats this copy must be in easily legible type and in a size at least 12 inches tall or as required by applicable law or regulation, whichever is greater.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

If any Sign selected for inclusion in the Campaign shall not be operational as of the Commencement Date or becomes unavailable for use for any reason whatsoever, or is converted to a different technology during the Campaign, Clear Channel shall promptly notify the Customer and the parties will discuss replacing such Sign with an alternate Sign. In no event shall Clear Channel's failure to make a Sign available hereunder in the circumstances described herein constitute a breach of this Contract or provide Customer any other right, claim or remedy under this Contract or at law but Customer shall be entitled to a refund of any prepaid amounts made by Customer to Clear Channel for any impacted Sign that becomes inoperable, unavailable or is converted to different technology.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. County is responsible for the design, production, and installation of the wrap in accordance with the SunTran Advertising Policy as described in **Exhibit C – SunTran Advertising Policy,** and in accordance with **Exhibit A – Scope of Work** and **Exhibit B – Specifications for Non-Removable Signs and Decals.** The design, production, and installation cost of the bus wrap is not included in the monthly advertising cost. County is responsible for these separate expenses, which includes wrap removal at the conclusion of the contract term.

4. **COMPENSATION.** County shall pay to City **TWELVE THOUSAND AND NO/100 DOLLARS ($12,000)**, (the "Contract Sum") as full and complete compensation for the timely and satisfactory rendering of services during the **12-MONTH** consecutive advertising term.

If either party defaults in the performance of this Agreement or materially breaches any of its provisions, the non-defaulting party may, at its option, terminate this Agreement by giving written notification thereof to the other party. Termination of this Agreement shall have no effect upon the rights of the parties that accrued prior to termination.

6. **REMEDIES.** If any Event of Default occurs, City shall have the right, at its sole option, to pursue all remedies available at law or equity, including the termination of this Agreement and all rights of County hereunder. Notwithstanding City's termination of this Agreement, County shall remain liable to City for all claims and damages, costs or attorneys' fees arising prior to such termination.

7. **INDEPENDENT CONTRACTOR STATUS.** City expressly acknowledges the County is an independent contractor. 8. **ACCESS TO FACILITIES.** City will provide County with access to one (1) SunTran bus for purposes of installing the initial wrap advertising.

9. **ASSIGNMENT.** Neither party may assign this Agreement or the rights and obligations thereunder to any third party without the prior express written approval of the other party, which shall not be unreasonably withheld.

10. **NON-EXCLUSIVITY.** Nothing herein is intended nor shall be construed as creating any exclusive arrangement with County. This Contract shall not restrict City from acquiring similar, equal or like goods and/or services, or executing additional contracts from other entities or sources.

11. **PUBLIC RECORDS.** The County shall comply with all applicable provisions of the Florida Public Records Act, Chapter 119, Florida Statutes. Specifically, the County shall:

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the County does not transfer the records to the public agency.

D. If the County transfers all public records to the public agency upon completion of the contract, the County shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the County keeps and maintains public records upon completion of the contract, the County shall meet all applicable requirements for retaining public records. County must disclose the name of any City employee who owns, directly or indirectly, any interest in County or any affiliated business entity. Any additional conflicts of interest that may occur during the contract term must be disclosed to the City of Ocala Procurement Department.

16. **WAIVER.** The failure or delay of any party at any time to require performance by another party of any provision of this Agreement, even if known, shall not affect the right of such party to require performance of that provision or to exercise any right, power or remedy hereunder. Any waiver by any party of any breach of any provision of this Agreement should not be construed as a waiver of any continuing or succeeding breach of such provision, a waiver of the provision itself, or a waiver of any right, power or remedy under this Agreement. No notice to or demand on any party in any circumstance shall, of itself, entitle such party to any other or further notice or demand in similar or other circumstances.

17. **FORCE MAJEURE.** Neither party shall be liable for delay, damage, or failure in the performance of any obligation under this Agreement if such delay, damage, or failure is due to causes beyond its reasonable control, including without limitation: fire, flood, strikes and labor disputes, acts of war, acts of nature, terrorism, civil unrest, acts or delays in acting of the government of the United States or the several states, judicial orders, decrees or restrictions, or any other like reason which is beyond the control of the respective party ("Force Majeure"). A. The party affected by force majeure shall provide the other party with full particulars thereof including, but not limited to, the nature, details, and expected duration thereof, as soon as it becomes aware.

B. When force majeure circumstances arise, the parties shall negotiate in good faith any modifications of the terms of this Agreement that may be necessary or appropriate in order to arrive at an equitable solution. Performance shall be extended for a number of days, equal to the duration of the force majeure. The affected party shall be entitled to an extension of time only and, in no event shall the affected party be entitled to any increased costs, additional compensation, or damages of any type resulting from such force majeure delays.

18. **SEVERABILITY OF ILLEGAL PROVISIONS.** Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the applicable law. Should any portion of this Agreement be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Agreement.

19. **MUTUAL INDEMNIFICATION.** Notwithstanding anything to the contrary set forth in the Agreement, each Party agrees to indemnify, defend and hold harmless the other, its officers, board members, agents, representatives and employees from and against any and all fines, suits, claims, demands, penalties, liabilities, costs or expenses, losses, settlements, judgments and awards and action of whatever kind or nature arising out of the Agreement, including attorney's fees and costs (and costs and fees on appeal as well as for litigating the issue of the amount of fees to be awarded), and damages (including, but not limited to, actual and consequential damages) arising from any negligent, willful or wrongful misconduct, knowing misrepresentation or breach of the Agreement by such Party, its officers, board members, agents, representatives or employees. This Section shall not be construed in any way to alter County or City's waiver of sovereign immunity or the limits established in Section 768.28, Florida Statutes (2023) with respect to actions in tort or contract. Pursuant to Section 768.28, Florida Statutes, nothing in the agreement may require County to indemnify or insure City for City's negligence.

20. **NO WAIVER OF SOVEREIGN IMMUNITY.** Nothing herein is intended to waive sovereign immunity by the Parties to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

21. **NOTICES.** All notices, certifications or communications required by this Agreement shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

WHEREAS, five (5) firms responded to the Solicitation and, after consideration of price and other evaluation factors set forth in the Solicitation, the bid submitted by Red River Scientific, LLC was found to be the lowest; and

WHEREAS, Vendor was chosen as the intended awardee to provide biennial assessment audit services for City's Water Quality Laboratory (the "Project"); and

WHEREAS, Vendor certifies that Vendor is qualified and possesses the required experience and licensure.

NOW THEREFORE, in consideration of the foregoing recitals, the following mutual covenants and conditions, and other good and valuable consideration, City and Vendor agree as follows:

1. **RECITALS**. City and Vendor hereby represent, warrant, and agree that the Recitals set forth above are true and correct and are incorporated herein by reference.

2. **CONTRACT DOCUMENTS**. The Contract Documents which comprise the entire understanding between City and Vendor shall only include this Agreement and those documents listed in this section as Exhibits to this Agreement and the quote submitted by Vendor in response to same (the "Solicitation Documents"). Each of these documents are incorporated herein by reference for all purposes. If there is a conflict between the terms of this Agreement and the Contract Documents, then the terms of this Agreement shall control, amend, and supersede any conflicting terms contained in the remaining Contract Documents.

   A. **Exhibits to Agreement**: The Exhibits to this Agreement are as follows:
   Exhibit A: Scope of Work (A-1 through A-2)

   Exhibit B: Price Proposal (B-1)

   If there is a conflict between the individual Exhibits regarding the scope of work to be performed, then any identified inconsistency shall be resolved by giving precedence in the following order: (1) Exhibit A, then (2) Exhibit B.

3. **SCOPE OF SERVICES.** Vendor shall provide all materials, labor, supervision, tools, accessories, equipment necessary for Vendor to perform its obligations under this Agreement as set forth in the attached **Exhibit A - Scope of Work**. The Scope of Work and/or pricing under this Agreement may only be adjusted by written amendment executed by both parties.

A. **Price Adjustments.** Prices offered shall remain firm for the initial contract term. Requests for price adjustments may be submitted, in writing, **no later than NINETY (90) DAYS** prior to the expiration of the prior term and must include proper CPI justification or other documentation supporting the adjustment. The City will review the submitted request for price adjustment and render a decision, in its sole discretion, as to whether it is in the best interest of the City to adjust the pricing on the awarded goods or services or reject the adjusted pricing and issue a competitive solicitation. In any event, price increases for renewal terms shall be subject to a maximum negotiated increase of **no more than THREE PERCENT (3%)** annually unless there are mitigating market conditions. The City is under no obligation to renew the contract for an additional term or to accept Vendor's proposed price increases. Vendor must receive written notification from the City confirming that the City has accepted the new prices prior to processing any orders at the new cost. Any orders issued by the City prior to formal approval of a price increase shall not be modified. Any payment of the adjusted price by City does not constitute acceptance of new pricing. Vendors are expected to pass along to the City any and all decreases in pricing on products and services or to keep pricing constant when market conditions warrant no such increases.

B. **Invoice Submission**. All invoices submitted by Vendor shall include the City Contract Number, an assigned Invoice Number, and an Invoice Date. Vendor shall invoice once a month. Vendor shall submit the original invoice through the responsible City Project Manager at: **City of Ocala Compliance Monitoring Division**, Attn: **Benjamin Moose, 4200 SE 24th Street, Ocala, Florida 34470**, E-Mail: bmoose@ocalafl.gov.

C. **Payment of Invoices by City**. The City Project Manager must review and approve all invoices prior to payment. City Project Manager's approval shall not be unreasonably withheld, conditioned, or delayed. Payments by City shall be made no later than the time periods established in section 218.735, Florida Statutes.

City reserves the right to withhold, in whole or in part, payment for any and all work that: (i) has not been completed by Vendor; (ii) is inadequate or defective and has not been remedied or resolved in a manner satisfactory to the City Project Manager; or (iii) which fails to comply with any term, condition, or other requirement under this Agreement. Any payment withheld shall be released and remitted to Vendor within **THIRTY (30)** calendar days of the Vendor's remedy or resolution of the inadequacy or defect.

E. **Excess Funds**. If due to mistake or any other reason Vendor receives payment under this Agreement in excess of what is provided for by the Agreement, Vendor shall promptly notify City upon discovery of the receipt of the overpayment. Any overpayment shall be refunded to City within **THIRTY (30)** days of Vendor's receipt of the overpayment or must also include interest calculated from the date of the overpayment at the interest rate for judgments at the highest rate as allowed by law.

F. **Amounts Due to the City**. Vendor must be current and remain current in all obligations due to the City during the performance of services under this Agreement. Payments to Vendor may be offset by any delinquent amounts due to the City or fees and/or charges owed to the City.

G. **Tax Exemption**. City is exempt from all federal excise and state sales taxes (State of Florida Consumer's Certification of Exemption 85-8012621655C-9). The City's Employer Identification Number is 59-60000392. Vendor shall not be exempted from paying sales tax to its suppliers

6. **TERM OF AGREEMENT**. This Agreement shall become effective and commence on **OCTOBER 8, 2025,** and continue, through and including **JULY 30, 2026** (the "Term").

7. **FORCE MAJEURE**. The party affected by any event of force majeure shall use reasonable efforts to remedy, remove, or mitigate such event and the effects thereof with all reasonable dispatch.

   A. The party affected by force majeure shall provide the other party with full particulars thereof including, but not limited to, the nature, details, and expected duration thereof, as soon as it becomes aware.

   B. Vendor performance shall be extended for a number of days equal to the duration of the force majeure. Vendor shall be entitled to an extension of time only and, in no event, shall Vendor be entitled to any increased costs, additional compensation, or damages of any type resulting from such force majeure delays.

8. **INSPECTION AND ACCEPTANCE OF THE WORK**. Vendor shall report its progress to the City Project Manager as set forth herein. All services, work, and materials provided by Vendor under this Agreement shall be provided to the satisfaction and approval of the City Project Manager.

   A. The City Project Manager shall decide all questions regarding the quality, acceptability, and/or fitness of materials furnished, or workmanship performed, the rate of progress of the work, the interpretation of the plans and specifications, and the acceptable fulfillment of the Agreement, in his or her sole discretion, based upon both the requirements set forth by City and the information provided by Vendor in its Bid. The authority vested in the City Project Manager pursuant to this paragraph shall be confined to the direction or specification of what is to be performed under this Agreement and shall not extend to the actual execution of the work.

   B. Neither the City Project Manager's review of Vendor's work nor recommendations made by City Project Manager pursuant to this Agreement will impose on City Project Manager any responsibility to supervise, direct, or control Vendor's work in progress or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident Vendor's furnishing and performing the work.

9. **TERMINATION AND DEFAULT**. Either party, upon determination that the other party has failed or refused to perform or is otherwise in breach of any obligation or provision under this Agreement or the Contract Document, may give written notice of default to the defaulting party in the manner specified for the giving of notices herein. Termination of this Agreement by either party for any reason shall have no effect upon the rights or duties accruing to the parties prior to termination.

(4) City shall be entitled to recovery from Vendor any actual excess costs by: (i) deduction from any unpaid balances owed to Vendor; or (ii) any other remedy as provided by law.

D. **Termination for Non-Funding**. In the event that budgeted funds to finance this Agreement are reduced, terminated, or otherwise become unavailable, City may terminate this Agreement upon written notice to Vendor without penalty or expense to City. City shall be the final authority as to the availability of budgeted funds.

10. **DELAYS AND DAMAGES.** The Vendor agrees to make no claim for extra or additional costs attributable to any delays, inefficiencies, or interference in the performance of this contract occasioned by any act or omission to act by the City except as provided in the Agreement. The Vendor also agrees that any such delay, inefficiency, or interference shall be compensated for

    solely by an extension of time to complete the performance of the work in accordance with the provision in the standard specification.

    A. Vendor's insurance coverage shall be primary insurance for all applicable policies. The limits of coverage under each policy maintained by Vendor shall not be interpreted as limiting Vendor's liability or obligations under this Agreement. Neither Vendor nor its agents or employees shall represent or hold themselves out to be employees of City at any time. Neither Vendor nor its agents or employees shall have employee status with City. Nothing in this Agreement shall constitute or be construed to create any intent on the part of either party to create an agency relationship, partnership, employer-employee relationship, joint venture relationship, or any other relationship which would allow City to exercise control or discretion over the manner or methods employed by Vendor in its performance of its obligations under this Agreement.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

RE: Valuation Service Request – Appraisal of Fair Market Rent for Aeronautical Land and Terminal Office Space at the Ocala International Airport (OCF), Ocala, Marion County, Florida

Dear Mr. Overby:

We are in receipt of your request for an appraisal of the above referenced property. It is our understanding that the intended use of the analysis is to assist McFarland Johnson, Inc. (MJI) and their client, the Ocala International Airport (OCF), in negotiating future leases, as well as adjusting current leases in establishing annual fair market rent for the property. The client will be McFarland Johnson, Inc. (MJI) and the appraisals will be addressed to Matthew Grow, Airport Director, Ocala International Airport. The intended users will be MJI, OCF and the City of Ocala. This will serve as our engagement contract for an appraisal regarding the real property referenced above.

Slack, Johnston & Magenheimer, Inc. (SJM) has been involved in real estate appraising and consulting for over 60 years in Florida. Our firm provides a wide range of valuation services concerning all forms of commercial, industrial and residential real estate, as well as aviation and related uses. We have an on-going consulting contract with the Miami-Dade County Aviation Department related to estimating fair annual rental rates at their three general aviation airports. Overall, we have completed valuation assignments at over 60 airports. Please refer to the attached airport list. Based on our experience, we feel qualified to assist MJI and OCF with their appraisal and consulting needs.

As discussed, the scope of the appraisal will be limited to estimates of the annual fair market rent for the aeronautical land and terminal office space at OCF. The appraisal will estimate the fair market annual rent per square foot for the property based on a comparison with other rental rates for similar aeronautical properties within the competitive market area (general aviation airports in Florida) consistent with the definition of market rent. Our analysis will consider all relevant approaches to value and will be prepared in compliance with the Uniform Standards of Professional Appraisal Practice (USPAP). The analysis will be completed subject to the attached standard assumptions and limiting conditions. If, in the process of preparation of the analysis, additional assumptions and limiting conditions are required, we will notify you accordingly.

Docusign Envelope ID: 67D84EC1-136A-4A56-AAE5-D9850CC1660F

We are available to prepare the appraisals, limited in scope as described above, in a narrative report format for a fee of $4,750 (19.0 hours @ $250/hr.). The deliverables will include two original copies and one .pdf copy of each report. The reports will be furnished within approximately four weeks after a notice to proceed/work order. In order to start the process, we require a notice to proceed/work order. The fee will be due upon completion and delivery of the reports.

In addition to the fee, if attendance at city or airport meetings is required after completion of the report, we would reserve the right to invoice for meeting and travel time at an hourly rate of $300. In addition, if the city or airport should become involved in litigation in which the appraisal is in issue, and we are required to spend time in hearings, depositions, trial, traveling, etc., the airport shall be responsible for our time involved in those proceedings based on an hourly rate of $300 per hour. This contingency rarely occurs, and we don't anticipate that it will not with reference to this assignment.

If the above stated terms are acceptable, please issue a work order. Thank you for considering Slack, Johnston & Magenheimer for your appraisal and consulting needs in Florida. We appreciate the opportunity to be of service and look forward to working with you.

Sincerely,

SLACK, JOHNSTON & MAGENHEIMER, INC.

ASSUMPTIONS AND LIMITING CONDITIONS

The assignment is subject to the following assumptions and limiting conditions:

1. No responsibility is assumed for the legal description or for matters including legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated.
2. No legal opinion related to a title search was provided and all existing liens and encumbrances, including deed restrictions and developers agreements, have not been investigated unless otherwise stated. The property is appraised as though free and clear.
3. Responsible ownership and competent property management are assumed.
4. The information furnished by others has been gathered from sources deemed to be reliable, however, no warranty is given for its accuracy.
5. All engineering and surveying is assumed to be correct. Any sketches, plats, or drawings included in this report are included to assist the reader in visualizing the property. We have made no survey of the property, and assume no responsibility in connection with such matters.
6. It is assumed that there are no hidden or inapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for unusual soil conditions and no opinion as to these matters is to be inferred or construed from the attached report other than those specifically stated in the report. Unless stated otherwise, the soil conditions of the subject property are assumed to be adequate to support development utilizing conventional construction techniques. We recommend the client obtain an opinion from a competent engineering firm.
7. It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless noncompliance is stated, defined, and considered in the appraisal report.
8. It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in the appraisal report.
9. It is assumed that all required licenses, certificates of occupancy, consents, or other legislative or administrative authority from any local, state, or national government or private entity or organization have been or can be obtained or renewed for any use on which the value estimate contained in this report is based.
10. It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property described and that there is no encroachment or trespass unless noted in the report.
11. Any proposed or partially completed improvements included in this report are assumed to be completed in accordance with approved plans and specifications and in a workmanlike manner.
12. Our estimates of future values were formulated based upon market conditions as of the date of appraisal, considerate of future projections concerning supply and demand. The appraiser has no responsibility for significant events that alter market conditions subsequent to the effective date or dates of appraisal.
13. This study is to be used in whole and not in part. No part of it shall be used in conjunction with any other appraisal. Publication of this report or any portion thereof without the written consent of the appraiser is not permitted.
14. The appraiser, by reason of this report, is not required to give further consultation, testimony, or be in attendance in court with reference to the property in question unless arrangements have been previously made.
15. Neither all, nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected), shall be disseminated to the public through advertising, public relations, news, sales, or other media without the written consent and approval of the appraiser. The use of this report in any public offering or syndication document is specifically prohibited.
16. Unless otherwise stated in this report, the existence of hazardous substances, including without limitation asbestos, polychlorinated biphenyls, petroleum leakage, or agricultural chemicals, which may or may not be present on the property, or other environmental conditions, were not called to the attention of, nor did the appraiser become aware of such during the appraiser's inspection. The appraiser has no knowledge of the existence of such materials on or in the property unless otherwise stated. The appraiser, however, is not qualified to test such substances or conditions. If the presence of such substances, such as asbestos, urea formaldehyde foam insulation, or other hazardous substances or environmental conditions, may affect the value of the property, the value estimated is predicated on the assumption that there is no such condition on or in the property or in such proximity thereto that it would cause a loss in value. No responsibility is assumed for any such conditions, nor for any expertise or engineering knowledge required to discover them. It is recommended that the client retain an expert in this field, if needed.
17. Disclosure of the contents of this report by the appraiser is controlled by the Appraisal Institute of which one or more signatures of this report is an MAI member and by the Florida Department of Professional Regulation, Division of Appraisal State Certification. The analysis and value conclusions, as well as non-public information about the subject property, are confidential matters and cannot be divulged to any persons other than the party for whom the report is prepared. Exceptions to this confidentiality provision are requests by committees of the Appraisal Institute or the Florida Department of Professional Regulations for peer review, and subpoenas by any court having jurisdiction to request production of the report.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

Identification of Project:

Project Name: Ocala Vision 2050

KH Project Manager: Ali Palmer

PROJECT UNDERSTANDING

This Individual Project Order Number 2025-01 is intended as the next task order for the ongoing Ocala Vision 2050 project and is structured to serve as the final scope of work required to complete the project. Accordingly, this task order represents the continuation and culmination of the previous work, ensuring that all outstanding project requirements are addressed for the Vision 2050 project and that the project will be completed upon fulfillment of this scope.

SCOPE OF SERVICES

Task 1 – Client Workshop

A. Kimley-Horn will participate in an in-person one day workshop with the City to review revisions to the Vision 2050 document prepared by Kimley-Horn and provided to the City in June 2025 under the prior IPO. Up to three Kimley-Horn professionals will attend the workshop for up to eight hours to discuss the proposed changes. The meeting date will be jointly coordinated at least three business days prior to the scheduled meeting.

B. Following the meeting, the Consultant will submit summarized meeting notes to confirm the proposed revisions to Vision 2050 before proceeding to Task 2.

Task 2 – Vision 2050 Revision

A. Kimley-Horn will update the latest draft of the Vision 2050 document (provided to the City in June 2025) to incorporate the revisions provided during the Client Workshop under Task 1. These revisions will include substantial revisions to the layout and narrative flow, modifications to the existing maps and graphics, as well as design and integration of new maps, graphics and photographic images. The document format will be modified from 8.5x11 landscape page to 11x17 landscape page.

B. Kimley-Horn will make up to one substantial revision to the current draft of the Vision 2050 Plan (requiring two weeks of effort or less) and up to two minor revisions based on additional City comments, requiring two days of effort or less. The City will provide new photographs to be included in the document. This revision will also include modification to the following:

1) Maps – Kimley-Horn will update each of the five Focus Area maps in the Vision 2050 document based on the updated actions and strategies discussed during the Workshop. The master focus area map will also be revised to incorporate any boundary adjustments to the focus areas. Additionally, Kimley-Horn will develop up to four new "heat maps" (one for each focus area) to show the approximate locations of catalytic sites. All map revisions

Docusign Envelope ID: 64DC5445-AAF2-4BCD-9233-D137C9EDC632

will be based on finalized and combined markups, along with basemap data (ArcMap files) supplied by the City. The updated and new maps will be delivered to the City in both ArcGIS and PDF formats. Kimley-Horn will provide up to two minor revisions based on City feedback, each requiring one day of effort or less.

2) Graphics – Kimley-Horn will generate up to five graphics, with one graphic dedicated to each focus area, to visually represent the key strategies or actions associated with those areas. These graphics may use images provided by the City including photographs or, where appropriate, images from the Consultant's own graphic library. Kimley-Horn will perform up to two minor revisions to the graphics based on feedback from the City, with each revision requiring one day of effort or less.

C. Once the revisions in this task have been completed as described, Kimley-Horn will deliver the final draft of the Vision 2050 document to the City in Adobe PDF format, print-ready in both 8.5x11 and 11x17 format.

SCHEDULE

Kimley-Horn will provide the Scope of Services as expeditiously as practicable with the goal of meeting a mutually agreed upon schedule.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

CONTRACT# FAC/251029

THIS AGREEMENT PROVIDES FOR RETREATMENT OF A STRUCTURE BUT DOES NOT PROVIDE FOR THE REPAIR OF DAMAGES CAUSED BY WOOD DESTROYING ORGANISMS.

COMMERCIAL DRYWOOD TERMITE RETREAT AGREEMENT

(Does Not Cover Native Subterranean or Formosan Termites)

Comprehensive/Conventional Treatment (DC)

1. **ORKIN LIMITED RENEWABLE DRYWOOD TERMITE RETREAT SERVICE ("Service")**
   - **A.** Orkin shall treat Customer's structure for Drywood termites using the treatment specified in the Treatment Report for:
     ☐ **prevention** ☐ **presumptive evidence** ☑ **control of Drywood Termites**
     This treatment does not include fumigation. Orkin does not guarantee that termites will never return to the treated structure ("Treated Premises"). If termites do return as indicated by evidence of a live Drywood termite infestation, Orkin will retreat that area. This Service does not provide for the repair of any damage to the structure or its contents caused by Drywood termites.
   - **B.** **This service shall expire one (1) year from the date of initial treatment; however, it may be renewed annually by payment of the renewal fee as set forth in Paragraph 3. Following the first year of service, either party may terminate the Service at the end of a service year by giving written notice at or before the end of a service year.**
   - **C.** Customer is required to make the Treated Premises accessible to Orkin for any inspections and treatments as Orkin deems necessary. This may include removing floor coverings, wall coverings and fixtures, for which the responsibility and costs rest exclusively with the Customer. If the Customer fails to comply with these obligations, Orkin may, at its option, terminate the Agreement.
   - **D.** **The Customer agrees to be solely responsible for maintaining the Treated Premises free from any conditions conducive to termite infestation ("Conditions Conducive," see paragraph 9 for explanation).** If any Condition Conducive exist but is not visible at the time of the execution of this Agreement, then Orkin shall not be responsible for treating or retreating areas of the Premises where termite activity resulted from such Condition Conducive. The Customer agrees to be solely responsible for identifying and correcting Conditions Conducive. This responsibility rests exclusively with the Customer, not with Orkin. The existence of any Condition Conducive shall relieve Orkin of responsibility for treating or retreating areas of the Premises where termite activity resulted from the Condition Conducive. In addition, the existence of a Condition Conducive that was not timely corrected will permit Orkin, at its sole discretion, to terminate the Agreement or to require Customer to purchase any additional treatment required.
   - **E.** Prior to making any structural modification or alteration (to include installation of spray foam insulation) or disturbing the soil in, adjacent to or under the Treated Premises, Customer must notify Orkin in writing and purchase any additional treatment required by the changes. The failure of Orkin to notice any such change does not release Customer from this obligation. If Customer fails to do so, Orkin will not be responsible for damages occurring after the modification, alteration or disturbance, and, at its option, Orkin may terminate the Agreement.
   - **F.** **Orkin is performing a service and expressly disclaims any guarantee of any kind, whether expressed or implied, for any injury or damage related to the service performed. Customer expressly releases Orkin from any claim for termite damage or repair.**
2. **OTHER INFESTATIONS:** Customer waives and releases Orkin from any liability for any claim or damages to the structure or its contents caused by an infestation of Wood Destroying Fungi, Formosan Termites, Native Subterranean Termites, Wood-boring Beetles or any other Wood Destroying Insects.
3. **RENEWAL:** To maintain the Service, Customer shall timely pay an annual renewal fee. The annual renewal will be $ **395**. Thereafter, Orkin shall have the right to increase the annual renewal fee by an amount not to exceed the consumer price index or by an amount not to exceed ten percent (10%), whichever is greater. If Orkin does not increase the Annual Renewal Payment in any one or more years, at any subsequent increase Orkin may cumulatively include any amount it would have been permitted to increase in that prior year or period of years.
4. **REINSPECTION:** Orkin shall reinspect the treated structure as deemed necessary by Orkin or once a year, if requested by Customer. An annual inspection will be made by Orkin if required by applicable State law or regulations. Any reinspection is separate from and independent of Customer's obligation to pay the annual renewal
5. **MEDIATION/ARBITRATION:** ***Any controversy or claim arising out of or relating to this agreement, or the services performed by Orkin under this agreement or any other agreement, regardless of whether the controversy or claim arose before or after the execution, transfer, or acceptance of this agreement, including but not limited to any tort and statutory claims, and any claims for personal or bodily injury or damage to real or personal property, shall be settled by binding arbitration. Unless the parties agree otherwise, the arbitration shall be administered under the rules of the American Arbitration Association ("AAA") and shall be conducted by AAA. If administered under the AAA rules, a claim shall be determined under the AAA supplementary procedures for consumer related disputes in cases where such procedures are applicable. Any other controversy or claim shall be determined under the AAA commercial arbitration rules. The customer and Orkin agree that the arbitrator shall follow the substantive law, including the terms and conditions of this agreement. The arbitrator's powers to conduct any arbitration proceeding under this agreement shall be limited as follows: any arbitration proceeding under this agreement will not be consolidated or joined with any action or legal proceeding under any other agreement or involving any other premises, and will not proceed as a class action, private attorney general action or similar representative action. Either party has the right to require a panel of three (3) arbitrators, but in the absence of the parties' agreement, the requesting party shall be responsible for the cost of the additional arbitrators. Either party may request at any time prior to the hearing that the award be accompanied by a reasoned opinion. The award rendered by the arbitrator(s) shall be final and binding on all parties, except that a party may within 30 days of the original award request an arbitral appeal to an appeal tribunal, constituted in the same number and by the same process as the initial arbitrator(s). The appealing party shall be responsible for the filing fee and other arbitration fees and costs subject to award by the appeal tribunal under applicable law. The appeal tribunal shall review all questions of law and fact under a clearly erroneous standard. The award of the appeal tribunal shall be final and binding. Judgment may be entered on the award in any court having jurisdiction thereof. Customer and Orkin acknowledge and agree that this arbitration provision is made pursuant to a transaction involving interstate commerce and shall be governed by the federal arbitration act. Before having recourse to arbitration, customer and Orkin each agrees to try in good faith to settle any controversy or claim by at least four (4) hours of mediation administered under the AAA commercial mediation rules with Orkin agreeing to pay the costs of the mediation. The AAA may be contacted at the toll-free number 800.778.7879, or through the following website: http://www.adr.org.***

6. **LIMITATION OF LIABILITY:** Customer expressly waives any claim for economic, compensatory, or consequential damages relating to the existence of termites or termite damage, including without limitation claims for increased costs, loss of use, business interruption, diminution of value, or any "stigma" damage due to the presence of termites or termite damages. The Customer acknowledges that Orkin is performing a service and except for any damage to the structure caused by Orkin in the performance of its services, Customer waives any claim for damages, including property damage. Customer agrees that under no circumstances shall Orkin be held liable for any amount greater than the amount paid by the Customer to Orkin for the termite service to be provided. **Nothing in this Agreement shall be construed as depriving the customer of remedies available under applicable state consumer protection laws.**
7. **LIMITED ASSIGNABILITY:** This Agreement is assignable to the new owner of the property under the following conditions: (a) the new owner presents the Orkin branch office written notice requesting that the Agreement be assigned; b) Orkin conducts, at its discretion, an inspection of the property, the results of which must be satisfactory to Orkin; (c) Orkin consents in writing to the assignment of the Agreement; and (d) the new owner pays any outstanding renewal fees.
8. **CHEMICAL INFORMATION WARNING**: Customer shall notify all persons on the premises that Orkin will be applying pesticides in and around the premises, and that virtually all pesticides have some odor which may be present for a short time after application. If Customer knows of any person on the premises who believes they have a sensitivity to pesticides or who has a medical condition affected by pesticides, then Customer shall so notify Orkin in writing. At Customer's request, Orkin will provide information about the chemicals to be used in treating the premises.
9. **CONDITIONS CONDUCIVE:** Conditions Conducive include, but are not limited to: roof leaks, improper ventilation, faulty plumbing, and water leaks or intrusions in or around the structure; inherent structural problems, including, but not limited to, wood to ground contact, masonry failures, spray foam insulation, and settlement of the foundation; other foam insulation, stucco construction, expanded polystyrene or styrofoam molded foundation systems, siding (including vinyl, wood and metal) in contact with the ground, mulch, or other protective ground covering; and firewood, trash, lumber, wood, mulch, shrubs, vines, and other protective ground covering in contact with structure.
10. **ENTIRE AGREEMENT:** This Agreement and the attached Treatment Report shall be the entire Agreement between Customer and Orkin. No other agreements, understandings or representations, whether written or oral, with respect to the Agreement shall be binding as they shall be merged into and superseded by this Agreement. Customer warrants and acknowledges that Customer has not relied on or been induced by any other agreements, understandings or representations, whether written or oral, in signing this Agreement. The terms of the Agreement stated herein may not be amended or altered unless a written change is approved and signed by a Corporate Officer of Orkin. No other employees or agents of Orkin have authority to amend or alter any part of this Agreement. If any provision or portion thereof, of this Agreement is found to be invalid or unenforceable, it shall not affect the validity or enforceability of any other part of this Agreement. Provided, however, that as to paragraph 5, MEDIATION/ARBITRATION, if the sentence precluding the arbitrator from conducting an arbitration proceeding as a class, representative or private attorney general action is found to be invalid or unenforceable then the entirety of paragraph 5 shall be deemed to be deleted from this Agreement.
11. **APPLICABLE LAW:** This Agreement shall be governed by and construed under the laws of the State of Georgia, without regard to its conflicts of laws principles.
12. **FORCE MAJEURE: (Circumstances beyond Orkin's control):** Orkin's obligations under this Agreement shall be cancelled, if Orkin cannot perform its responsibilities due to Acts of God, including, earthquakes, storms, fires, floods, pandemics, or because of a material change in circumstances including but not limited to acts of war, inaccessibility of the property, strikes, unavailability of termiticide, baits or other supplies from ordinary sources.
13. **TERMINATION BY ORKIN:** Orkin may terminate this Agreement, without notice, if the obligations set forth in this Agreement are not met by Customer, or in the event of a change in state or federal law or regulation that materially affects Orkin's obligations under this Agreement.
14. **MONEY BACK GUARANTEE: ORKIN GUARANTEES THAT IF CUSTOMER IS NOT COMPLETELY SATISFIED WITH ORKIN'S TREATMENT, ORKIN WILL REFUND CUSTOMER'S INITIAL TREATMENT CHARGE AND ANY PREPAID RENEWAL FEES IF CUSTOMER CONTACTS ORKIN IN WRITING AT THE BRANCH ADDRESS BELOW WITHIN 30 DAYS AFTER CUSTOMER'S INITIAL TREATMENT, AND ORKIN FAILS TO RESOLVE CUSTOMER'S PROBLEM WITHIN 30 DAYS AFTER RECEIVING IT. A REFUND BY ORKIN OF CUSTOMER'S INITIAL TREATMENT CHARGE AND ANY PREPAID RENEWAL FEES WILL RESULT IN CANCELLATION OF THIS AGREEMENT.**

CANCELLATION: CUSTOMER MAY CANCEL THIS AGREEMENT AT ANY TIME PRIOR TO MIDNIGHT OF THE THIRD BUSINESS DAY AFTER THE DATE OF THIS TRANSACTION.

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below.    (max reimbursement of $25,000 per drone)

Provide any additional information we should consider when reviewing this request.

Ocala Fire Rescue is requesting the acquisition of two new drones to enhance our emregency response capabilities. These new assets will be integrated into our operations for every day response, special events, fire investigations/inspections, joint operations with our local law enforcement agencies and managing complex high-hazard incidents (IE: commercial structure fires, large-scale incidents, and Hazardous Materials response.) The drones are a critical tool for protecting our community and our first responders by providing essential information before they are placed in harm's way. The two drones we currently possess-generously donated by Florida Highway Patrol-are rapidly becoming unusable as the manufacturer has discontinued the model. In the short time we've had them, they have proven invaluable.

By signing below, I am submitting the request to receive funding in accordance with the revised Drone Replacement Program guidelines cited above.

Appendix B – FY2025-26 State Financial Assistance Standard Conditions

The following terms and conditions will be binding upon approval of the grant award and execution of the contract by both the Recipient and the Florida Department of Law Enforcement. The Recipient will maintain required registrations and certifications for eligibility under this program.

The Department and the Recipient agree that they do not contemplate the development, transfer or receipt of intellectual property as a part of this agreement.

SECTION I: PROJECT IMPLEMENTATION

Legal Authority: The Recipient certifies with respect to this agreement that it possesses the legal authority to receive the funds to be provided under this agreement and that, if applicable, its governing body has authorized, by resolution or otherwise, the execution and acceptance of this agreement with all covenants and assurances contained herein. The Recipient also certifies that the undersigned possesses the authority to legally execute and bind Recipient to the terms of this agreement.

Not Operational within 60 and 90 Days: If a project is not operational within 60 days of the original start date of the award period, the Recipient must report by letter to the Department the steps taken to initiate the project, the reasons for delay, and the expected start date. If a project is not operational within 90 days of the original start date of the award period, the Recipient must submit a second statement to the Department explaining the implementation delay. Upon receipt of the 90-day letter, the Department shall determine if the reason for delay is justified or shall, at its discretion, require additional project documentation and justifications throughout the award period. The Department will also require the Recipient provide a revised project timeline that includes all anticipated project activities, tasks, and estimated completion date(s).

SECTION II: PAYMENTS

Obligation to Pay: The State of Florida's obligation to pay under this agreement is contingent upon an appropriation by the Legislature.

Overpayments: Any funds paid in excess of the amount to which the Recipient is entitled under the terms and conditions of the agreement must be refunded to the Department. Any balance of unobligated cash that has been paid and has not been authorized to be retained for direct program costs in a subsequent period must be refunded to the Department.

Advance Funding (Drone Program Only): Advance funding may be provided to a Recipient upon completion and submission of the following to the assigned FDLE Grant Manager: (1) a completed "Compliant Drone Cash Advance Request" form, (2) a valid, executed Purchase Order, and (3) vendor quote(s) for the compliant drone. The request form must be signed by the Chief Official. Advanced funds must be spent on drone purchase within 30 days of receipt. In order to reconcile the Cash Advance, the Recipient must provide the invoice and proof of payment for the compliant drone to the assigned FDLE Grant Manager within 45 days of the receipt of the advanced funding. Should extenuating circumstances arise which prevent the expenditure of advance funds within 30 days of receipt, or the provision of required documentation to reconcile the funds, a written request to retain the funds must be provided by the Recipient and approved by the Department. Failure to provide documentation will result in a refund of any advanced funding.

SECTION III: PROJECT AND GRANT MANAGEMENT

Personnel Changes: The Recipient must notify the FDLE grant manager of any change in the Chief Officials or Project Director or any change in contact information, including mailing address, phone number, email, or title change.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Obligation of Grant Funds: Grant funds shall not under any circumstances be obligated prior to the effective date, or subsequent to the termination date, of the period of performance. Only project costs incurred on or after the effective date, and on or prior to the termination date of the Recipient's project are eligible for reimbursement. All payments must be completed within thirty (30) days of the end of the grant period of performance.

Financial Management: The Recipient must have a financial management system able to record and report on the receipt, obligation, and expenditure of grant funds. An adequate accounting system must be able to separately track receipts, expenditures, assets, and liabilities for awards, programs, and subrecipients. The Recipient shall maintain books, records, and documents (including electronic storage media) in accordance with generally accepted accounting procedures and practices. Recipient must have written procedures for procurement transactions.

Travel: Cost for travel shall be reimbursed at the Recipient's travel rate, but the maximum reimbursement for each type of travel cost shall not exceed rates established in State of Florida Travel Guidelines, §112.061, F.S.

Subcontracts: Recipient agrees that all employees, subcontractors, or agents performing work under the agreement shall be properly trained individuals who meet or exceed any specified training qualifications. Recipient agrees to be responsible for all work performance and all expenses incurred in fulfilling the obligations of this agreement, and will not assign the responsibility for this agreement to another party. If the Recipient subcontracts any or all of the work required under this agreement, the Recipient must provide a completed DFS-A2-NS (Recipient-Subrecipient vs. Vendor Determination) form and a copy of the executed subcontract within thirty (30) days after execution of the subcontract. The Recipient agrees to include in the subcontract that (i) the subcontractor is bound by all applicable state and federal laws and regulations, and (ii) the subcontractor shall hold the Department and Recipient harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this agreement, to the extent allowed and required by law.

Grant Adjustments: Recipients must submit a Request for Grant Adjustment to the FDLE grant manager for substantive changes such as: scope modifications, changes to project activities, target populations, service providers, implementation schedules, project director, designs or research plans set forth in the approved agreement, and for any budget changes affecting a cost category that was not included in the original budget. Recipients may transfer up to 10% of the total budget between current, approved budget categories without prior approval, as long as the funds are transferred to an existing line item. Adjustments are required when there will be a transfer of 10% or more of the total budget between budget categories. Under no circumstances can transfers of funds increase the total award. Requests for changes to the grant agreement must be signed by the Recipient or Implementing Agency's chief official or the chief official's designee. All requests for changes must be submitted no later than thirty (30) days prior to grant expiration date.

Property Management: The Recipient shall establish and administer a system to protect, preserve, use, maintain, and dispose of any property furnished to it by the Department or purchased pursuant to this agreement.

The Recipient will not resume obligations until expressively authorized to do so from the Department.

SECTION V: COMPLIANCE WITH STATUTES, RULES, AND REGULATIONS

In performing its obligations under this agreement, the Recipient shall without exception be aware of and comply with all State and Federal laws, rules and regulations relating to its performance under this agreement as they may be enacted or amended from time-to-time, as well as any court or administrative order, judgment, settlement or compliance agreement involving the Department which by its nature affects the services provided under this agreement. The following are examples of rules and regulations that govern Recipient's performance under this agreement.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

be used directly or indirectly to influence legislation or any other official action by the Florida Legislature or any state agency.

State of Florida E.O. 20-44: Public-Private Partnerships: Any entity named in statute with which the agency must form a sole-source, public-private agreement; and any nongovernmental Recipient receiving 50% or more of their annual budget from any combination of state or federal funding must submit an annual report to the Bureau of Criminal Justice Grants. The report must include the most recent IRS Form 990, detailing the total compensation for the entities' executive leadership teams. Total compensation shall include salary, bonuses, cashed-in leave, cash equivalents, severance pay, retirement benefits, deferred compensation, real-property gifts, and any other payout. In addition, the Recipient must agree through appropriate contract or grant agreement amendment to inform the agency of any changes in total executive compensation between the annual reports. All compensation reports must indicate what percent of compensation comes directly from the State or Federal allocations to the Recipient.

Civil Rights: The Recipient agrees to comply with the Americans With Disabilities Act (Public Law 101-336, 42 U.S.C. Section 12101 et seq.) and shall not discriminate against any employee (or applicant for employment) in the performance of this agreement because of race, color, religion, sex, national origin, disability, age, or marital status. These requirements shall apply to all contractors, subcontractors, subgrantees or others with whom it arranges to provide services or benefits to clients or employees in connection with its programs and activities.

E-Verify: The Department shall consider the employment by any contractor of unauthorized aliens a violation of section 274(e) of the Immigration and Nationalization Act. Such violation shall be cause for unilateral cancellation of this contract. Pursuant to F.S. 448.095, the Contracting Party and any subcontractors are required to register with and use the E-Verify system operated by the U.S. Department of Homeland Security beginning on January 1, 2021. The Contracting Party and any subcontractors are prohibited from entering into contracts with one another unless all parties register and use the E-Verify system. Subcontractors who enter into contracts with the Contracting Party are required to provide a certification that the subcontractor does not employ or use unauthorized aliens as defined in the statute, a copy of which the Contracting Party must maintain. The Contracting Party and any subcontractors are required to terminate a contract if a party has a good faith belief that another party is in violation of F.S. 448.09(1), prohibiting the employment of unauthorized aliens. If a public employer has a good faith belief that the subcontractor has violated these requirements, but that the Contracting Party has otherwise complied, the public employer must notify the Contracting Party to terminate its contract with the subcontractor. A party may challenge a contract termination in accordance with these requirements. A penalized Contractor is prohibited from obtaining another contract with a public employer for at least one year.

Background Check: Whenever a background screening for employment or a background security check is required by law for employment, unless otherwise provided by law, the provisions of Chapter 435 F.S., shall apply. All employees in positions designated by law as positions of trust or responsibility shall be required to undergo security background investigations as a condition of employment and continued employment. For the purposes of the subsection, security background investigations shall include, but not be limited to, employment history checks, fingerprinting for all purposes and checks in this subsection, statewide criminal and juvenile record checks through the Florida Department of Law Enforcement, and federal criminal record checks through the Federal Bureau of Investigation, and may include local criminal record checks through local law enforcement agencies.

Public Records: As required by 287.058(1)(c), F.S., the Recipient shall allow public access to all documents, papers, letters, or other public records as defined in 119.011(12), F.S.as prescribed by 119.07(1) F.S., made or received by the Recipient in conjunction with this agreement, except public records which are made confidential by law must be protected from disclosure. It is expressly understood that the Recipient's failure to comply with this provision shall constitute an immediate breach of contract, for which the Department may unilaterally terminate this agreement.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Independent Contractor, Subcontracting and Assignments: In performing its obligations under this agreement, the Recipient shall at all times be acting in the capacity of an independent contractor and not as an officer, employee, or agent of the State of Florida. Neither the Recipient nor any of its agents, employees, subcontractors or assignees shall represent to others that it is an agent of or has the authority to bind the Department by virtue of this agreement, unless specifically authorized in writing to do so.

Timely Payment of Subcontractors: To the extent that a subcontract provides for payment after Recipient's receipt of payment from the Department, the Recipient shall make payments to any subcontractor within 7 working days after receipt of full or partial payments from the Department in accordance with §287.0585, F.S., unless otherwise stated in the agreement between the Recipient and subcontractor. Failure to pay within seven (7) working days will result in a penalty that shall be charged against the Recipient and paid by the Recipient to the subcontractor in the amount of one-half of one percent (.005) of the amount due per day from the expiration of the period allowed for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen (15%) percent of the outstanding balance due.

Notice of Legal Actions: The Recipient shall notify the Department of potential or actual legal actions taken against the Recipient related to services provided through this agreement or that may impact the Recipient's ability to complete the deliverables outlined herein, or that may adversely impact the Department. The Department's Grant Manager will be notified within 10 days of Recipient becoming aware of such actions or potential actions or from the day of the legal filing, whichever comes first.

Property: In accordance with 287.05805, F.S., any State funds provided for the purchase of or improvements to real property are contingent upon the Recipient granting to the State a security interest in the property at least to the amount of the State funds provided for at least five (5) years from the date of purchase or the completion of the improvements or as further required by law.

SECTION VI: RECORDS, AUDITS, AND INFORMATION SECURITY

Records Retention: Retention of all financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to this agreement shall be maintained by the Recipient during the term of this agreement and retained for a period of five (5) years after completion of the agreement or longer when required by law. In the event an audit is required under this agreement, records shall be retained for a minimum period of five years after the audit report is issued or until resolution of any audit findings or litigation based on the terms of this agreement, at no additional cost to the Department. Upon demand, at no additional cost to the Department, the Recipient will facilitate the duplication and transfer of any records or documents during the term of this agreement and the required five (5) year retention period. No record may be withheld, nor may the Recipient attempt to limit the scope of any of the foregoing inspections, reviews, copying, transfers or audits based on any claim that any record is exempt from public inspection or is confidential, proprietary or trade secret in nature; provided, however, that this provision does not limit any exemption to public inspection or copying to any such record. These records shall be made available at all reasonable times for inspection, review, copying, or audit by State, or other personnel duly authorized by the Department.

Records Inspection: Pursuant to Section 216.1366, F.S., in order to preserve the interest of the state in the prudent expenditure of state funds, the Department shall be authorized to inspect the (a) Financial records , papers, and documents of the Contractor that are directly related to the performance of the Contract or the expenditure of state funds, and (b) Programmatic records, papers, and documents of the Contractor which the Department determines are necessary to monitor the performance of the Contract or to ensure that the terms of the Contract are being met. The Contractor shall provide such records, papers, and documents requested by the Department within ten (10) business days after the request is made.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Monitoring: The Recipient agrees to comply with the Department's grant monitoring guidelines, protocols, and procedures; and to cooperate with the Department on all grant monitoring requests, including requests related to desk reviews, enhanced programmatic desk reviews, site visits, and/or Florida Department of Financial Services contract reviews and Expanded Audits of Payment (EAP). The Recipient agrees to provide the Department all documentation necessary to complete monitoring of the award and verify expenditures in accordance with 215.971, F.S. Further, the Recipient agrees to abide by reasonable deadlines set by the Department for providing requested documents. Failure to cooperate with grant monitoring activities may result in sanctions affecting the Recipient's award, including, but not limited to: withholding and/or other restrictions on the Recipient's access to funds, and/or referral to the Office of the Inspector General for audit review.

Florida Single Audit Act (FSAA): The Recipient shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by The Office of the Inspector General (§20.055, F.S.). In the event that the Recipient expends a total amount of state financial assistance equal to or in excess of $750,000 in any fiscal year, the Recipient must have a single audit or project-specific audit in accordance with §215.97, F.S. and the applicable rules of the Department of Financial Services and the Auditor General. In determining the state financial assistance expended in its fiscal year, the Recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Law Enforcement, other state agencies, and other non-state entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a non-state entity for Federal program matching requirements. The schedule of expenditures should disclose the expenditures by contract/agreement number for each contract with the Department in effect during the audit period. All questioned costs and liabilities due the Department shall be fully disclosed in the audit report package with reference to the specific contract number. If the Recipient expends less than $750,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of 215.97, F.S., is not required. In the event that the Recipient expends less than $750,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of 215.97, F.S., the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the Recipient's resources obtained from other than State entities). Pursuant to 215.97(8), F.S., state agencies may conduct or arrange for audits of state financial assistance that are in addition to audits conducted in accordance with §215.97, F.S. In such an event, the state awarding agency must arrange for funding the full cost of such additional audits. Any reports, management letters, or other information required to be submitted to the Department pursuant to this agreement shall be submitted within nine (9) months after the end of the Recipient's fiscal year or within 30 days of the Recipient's receipt of the audit report, whichever occurs first, unless otherwise required by Florida Statutes. Copies of financial reporting packages required by this agreement shall be submitted by or on behalf of the Recipient directly to each of the following:

Recipient's Confidential and Exempt Information: By executing this agreement, the Recipient acknowledges that any information not marked as "confidential" or "exempt" will be posted by the Department on the public website maintained by the Department of Financial Services pursuant to 215.985, F.S. The Recipient agrees that, upon written request of the Department, it shall promptly provide to the Department a written statement of the basis for the exemption applicable to each provision identified by the Recipient as "confidential" or "exempt", including the statutory citation to an exemption created or afforded by statute, and state with particularity the reasons for the conclusion that the provision is exempt or confidential. Any claim by Recipient of trade secret (proprietary) confidentiality for any information contained in Recipient's documents (reports, deliverables or work papers, etc., in paper or electronic form) submitted to the Department in connection with this agreement cannot be waived, unless the claimed confidential information is submitted in accordance with the following two paragraphs.

The Recipient must clearly label any portion of the documents, data, or records submitted that it considers exempt from public inspection or disclosure pursuant to Florida's Public Records Law as trade secret. The labeling will include a justification citing specific statutes and facts that authorize exemption of the information from public disclosure. If different exemptions are claimed to be applicable to different portions of the protected information, the Recipient shall include information correlating the nature of the claims to the particular protected information.

The Department, when required to comply with a public records request including documents submitted by the Recipient, may require the Recipient to expeditiously submit redacted copies of documents marked as trade secret in accordance with this section. Accompanying the submission shall be an updated version of the justification, correlated specifically to redacted information, either confirming that the statutory and factual basis originally asserted remain unchanged or indicating any changes affecting the basis for the asserted exemption from public inspection or disclosure. The redacted copy must exclude or obliterate only those exact portions that are claimed to be trade secret. If the Recipient fails to promptly submit a redacted copy, the Department is authorized to produce the records sought without any redaction of proprietary or trade secret information.

SECTION VII: PENALTIES, TERMINATION, DISPUTE RESOLUTION, AND LIABILITY

Financial Penalties for Failure to Take Corrective Action: Corrective action plans may be required for noncompliance, nonperformance, or unacceptable performance under this agreement. Penalties may be imposed for failures to implement or to make acceptable progress on such corrective action plans.

Termination: The Department reserves the right to unilaterally cancel this agreement for refusal by the Recipient to allow public access to all documents, papers, letters or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the Recipient in conjunction with this agreement, unless the records are exempt pursuant to Article I. Section 24(a), of the Florida Constitution and §119.07(1), F.S. The Department shall be the final authority as to the appropriation, availability and adequacy of funds. In the event the Recipient fails to fully comply with the terms and conditions of this agreement, the Department may terminate the agreement upon written notice. Such notice may be issued without providing an opportunity for cure if it specifies the nature of the noncompliance and states that provision for cure would adversely affect the interests of the State or is not permitted by law or regulation. Otherwise, notice of termination will be issued after the Recipient's failure to fully cure such noncompliance within the time specified in a written notice of noncompliance issued by the Department specifying the nature of the noncompliance and the actions required to cure such noncompliance. In addition, the Department may employ the default provisions in Rule 60A-1.006(3), F.A.C., but is not required to do so in order to terminate the agreement. The Department's failure to demand performance of any provision of this agreement shall not be deemed a waiver of such performance. The Department's waiver of any one breach of any provision of this agreement shall not be deemed to be a waiver of any other breach and neither event shall be construed to be a modification of the terms and conditions of this agreement. The provisions herein do not limit the Department's right to remedies at law or in equity. The validity of this agreement is subject to the truth and accuracy of all the information, representations, and materials submitted or provided by the Recipient in this agreement, in any subsequent submission or response to Department request, or in any

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

submission or response to fulfill the requirements of this agreement, and such information, representations, and materials are incorporated by reference. The lack of accuracy thereof or any material changes shall, at the option of the Department and with thirty (30) days written notice to the Recipient, cause the termination of this agreement and the release of the Department from all its obligations to the Recipient. This agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of this agreement shall lie in Leon County. If any provision hereof is in conflict with any applicable statute or rule, or is otherwise unenforceable, then such provision shall be deemed null and void to the extent of such conflict, and shall be deemed severable, but shall not invalidate any other provision of this agreement. No waiver by the Department of any right or remedy granted hereunder or failure to insist on strict performance by the Recipient shall affect or extend or act as a waiver of any other right or remedy of the Department hereunder, or affect the subsequent exercise of the same right or remedy by the Department for any further or subsequent default by the Recipient. Any power of approval or disapproval granted to the Department under the terms of this agreement shall survive the terms and life of this agreement as a whole. The agreement may be executed in any number of counterparts, any one of which may be taken as an original. In the event of termination, the Recipient will be compensated for any work satisfactorily completed through the date of termination or an earlier date of suspension of work.

Disputes and Appeals: The Department shall make its decision in writing when responding to any disputes, disagreements, or questions of fact arising under this agreement and shall distribute its response to all concerned parties. The Recipient shall proceed diligently with the performance of this agreement according to the Department's decision. If the Recipient appeals the Department's decision, the appeal also shall be made in writing within twenty-one (21) calendar days to the Department's clerk (agency clerk). The Recipient's right to appeal the Department's decision is contained in Chapter 120, F.S., and in procedures set forth in Fla. Admin. Code R.28-106.104. Failure to appeal within this time frame constitutes a waiver of proceedings under Chapter 120, F.S. After receipt of a petition for alternative dispute resolution the Department and the Recipient shall attempt to amicably resolve the dispute through negotiations. Timely delivery of a petition for alternative dispute resolution and completion of the negotiation process shall be a condition precedent to any legal action by the Recipient concerning this agreement.

Liability: Unless the Recipient is a state agency or subdivision, the Recipient shall be solely responsible to parties with whom it shall deal in carrying out the terms of this agreement, and shall save the Department harmless against all claims of whatever nature by third parties arising out of the performance of work under this agreement. For purposes of this agreement, Recipient agrees that it is not an employee or agent of the Department, but is an independent contractor. Nothing herein shall be construed as consent by a state agency of the State of Florida to be sued by third parties in any matter arising out of any contract. Nothing shall be construed affect in any way the Recipient rights, privileges, and immunities under the doctrine of "sovereign immunity" and as set forth in 768.28, F.S.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

T-HANGAR LEASE AGREEMENT

THIS T-HANGAR LEASE AGREEMENT ("Agreement" or "Lease") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City"), and **John A Schaefer.**

WHEREAS, the City of Ocala is the owner and operator of the Ocala International Airport (the "Airport") located in Ocala, Marion County, Florida;

WHEREAS, City has T-Hangar units available for lease at the Airport;

WHEREAS, Lessee desires to lease a T-Hangar unit at Airport from City; and

WHEREAS, City is willing to lease to Lessee the T-Hangar unit identified in Section 1 below at the Airport subject to the terms and conditions set forth in this Agreement.

NOW THEREFORE, in consideration of the foregoing Recitals, the following mutual covenants and conditions, and other good and valuable consideration, City and Lessee agree as follows:

TERMS AND CONDITIONS:

1. **LEASED PREMISES**. City hereby leases to Lessee, and Lessee leases from City, T-Hangar Unit Number: **T-93** located at the Ocala International Airport and more particularly shown in **Exhibit A** attached hereto (the "Hangar" or "Leased Premises").

   A. City reserves the right to deny access to the Airport and its facilities to any person, firm, or corporation that fails or refuses to obey and comply with the rules and regulations contained herein.

   B. City shall purchase a Hangar lock for use on Hangar doors. One key will be provided to and maintained by Lessee. The master key will be maintained by the Airport Director or authorized representative. Under no circumstances shall Lessee be permitted to replace the Hangar lock provided by City. Use of any other lock on Hangar doors shall constitute a breach of this Lease. Loss of the Hangar lock or Lessee's Hangar lock key shall result in the City's assessment of either a re-key and/or lock replacement charge in accordance with the current Airport Fee Schedule which shall become due and payable as part of Lessee's monthly rent on the next monthly rental cycle.

   C. City, through its officers, agents, servants or employees, reserves the right to enter the Leased Premises at any time to perform any and all duties or obligations which City is authorized or required to do under the terms of this Lease or to perform its governmental duties under federal, state, or local rules, regulations, and laws (including, but not limited to, inspections under applicable health, mechanical, building, electrical, plumbing, and Fire Codes) or other health, safety, and general welfare regulations. All routine inspections shall be done during normal business hours and in conformity with City's Airport policies (including those requiring two employees to be present during inspections). 2. **EFFECTIVE DATE, TERM, AND TERMINATION.**

A. **Effective Date and Lease Term**. This Lease shall commence on **October 28th, 2025** shall become effective on the date fully executed by both Parties (the "Effective Date"), and shall continue in effect from month-to-month thereafter (the "Lease Term") unless and until terminated by either party as provided herein.

B. **Termination.** This Lease shall be terminable at will by either party, without cause, upon providing advance written notice to the other party no less than **THIRTY (30) DAYS'** prior to termination. Termination of this Lease shall have no effect upon the rights or responsibilities of the parties accruing prior to termination.

(1) Should Lessee be declared bankrupt, incompetent, or become deceased, this Lease shall immediately terminate and shall not be considered to be part of Lessee's estate nor shall it become an asset of any appointed or assigned guardian, trustee, or receiver.

(2) City shall have the right to terminate this Lease and retake possession of the Leased Premises should Lessee fail to make timely payment of rent, fail to provide proof of required insurance, use the Leased Premises for any illegal or unauthorized purpose, file bankruptcy, abandon or leave the Leased Premises vacant or unoccupied for **ONE HUNDRED TWENTY (120) DAYS**, or violates any of the terms and conditions of this Lease.

A. **Rent.** As rent for the use of the Leased Premises, Lessee shall pay to City monthly, in advance, the amount of **$415.36/MONTH**. Any other payments made by Lessee under this Lease shall be considered additional rent, regardless of whether the payments are so designated. The term "Rent," as referenced herein, shall include monthly rent and additional rent. City shall have the same remedies for Lessee's failure to pay additional rent as it does for Lessee's failure to pay monthly rent.

B. **Payment of Rent**. Monthly rental payments are due on or before the first (1st) day of each month without billing of Lessee by City. Unless expressly authorized by the City, rent shall be made payable to the "City of Ocala" and shall be delivered or paid in person to: **City of Ocala, c/o Ocala International Airport, 1770 SW 60th Avenue, Suite 600, Ocala, Florida 34474**. N#: 413PG

A. Any change to the aircraft expressly identified in this Section shall be reported in writing to the Airport Director within **TEN (10) DAYS** thereof.

B. The Leased Premises are to be used only for the storage of aircraft and other aviation-related items owned or leased by Lessee. Lessee's use of the Leased premises for any other purpose shall constitute a material breach of this Lease.

C. Lessee shall not use the Leased Premises for any commercial purposes. The storage of aircraft used by Lessee in connection with its customary non-aviation related business shall not be considered to be a commercial purpose. Under no circumstances will the sale of goods or services by Lessee from the Leased Premises be authorized.

D. Lessee may maintain a small refrigerator in the Leased Premises, but only if the wiring capacity of the Leased Premises can support such usage.

E. City reserves the right to assess, as additional rent, charges for extraordinary consumption of utilities by Lessee, as reasonably determined by City in its sole discretion.

F. All aircraft stored in the Leased Premises must be airworthy. Short-term storage of non-operational aircraft for the purposes of maintenance, repair or refurbishment shall be allowed. However, aircraft may not be inoperable or under repair for a period greater than **ONE HUNDRED TWENTY (120) DAYS**, consecutively without City approval, unless such condition is caused by circumstances beyond Lessee's control (e.g., inability to obtain parts).

G. Lessee shall abide by all Airport rules and regulations, minimum standards, City ordinances, applicable federal and state statutes, and regulations of the FAA, as they may from time to time be amended, including environmental laws regarding the handling, discharge, release and dumping of any hazardous substance, and such rules, regulations, and ordinances are incorporated by reference herein and made a part hereof.

H. No explosives or combustible materials shall be permitted within or about the Hangar except for fuel in aircraft tanks or small containers of lubricants, cleaning materials, and other aviation-related materials stored in EPA or local Fire Marshall approved containers or cabinets.

I. No refueling of the aircraft is allowed while any part of the aircraft remains inside the Hangar.

J. The exclusive means of access to the Leased Premises shall be through the T-Hangar access gate via the T-Hangar access road.

K. With the exception of loading or unloading of aircraft on the FBO apron, Lessee shall not operate any motor vehicle on the Airport apron, runway system, or Taxiway A system at any time.

L. Lessee shall be allowed to park its motor vehicle in the Hangar while Lessee is in the Hangar or when the aircraft is out and in use. Otherwise, all motor vehicles belonging to Lessee or its guests or licensees shall be parked only in the public parking area outside of the fence.

Docusign Envelope ID: D2FC4908-7CD7-4655-8C4A-3126D576CC72

M. Lessee shall not allow its aircraft engine to be run inside a Hangar.

5. **MAINTENANCE OF THE LEASED PREMISES.** Lessee shall maintain the Leased Premises and all improvements in a condition that is clean, free of debris, safe, sanitary, and in good repair and shall not accumulate or permit the accumulation of any trash, refuse or debris or of anything that is unsightly or which creases a fire hazard or nuisance or causes an inconvenience to adjoining properties.

   A. City shall maintain the structural integrity of the Hangar, including doors, and shall provide Lessee with access to water, electricity and normal building maintenance.

   B. City shall provide and maintain one (1) fire extinguisher in the Hangar. Should the City's inspection of the premises reveal that the City-owned fire extinguisher is missing, Lessee shall be responsible for replacement of the fire extinguisher with a model of comparable size and quality, at its sole expense.

   C. Lessee shall maintain the interior of the Hangar in a neat and orderly condition, and shall keep the Hangar floor clean and clear of excess oil grease, or toxic chemicals.

   D. Lessee shall make no structural, electrical, or any other modifications or alterations to the Leased Premises, or remove any structures, wiring, plumbing or other facilities, without first submitting to City the plans and specifications for the proposed modifications and obtaining a written approval from City (which approval may be subject to reasonable conditions imposed by City) and without first obtaining all applicable permits from governments with jurisdiction over the activities.

   E. All fixtures, alterations, changes and improvements built, constructed or placed on the Leased Premises by Lessee shall, at City's option, become the property of City and remain on the Leased Premises at the expiration or earlier termination of this Lease, or City may require Lessee to restore the Leased Premises, in whole or in part, to its condition prior to such fixtures, alterations, changes or improvements.

   F. Lessee shall be responsible for all damages to the premises caused by Lessee or arising from Lessee's use of the premises, except those caused by "acts of God," or those arising from normal wear and tear or from deliberate or negligent acts of City or its employees. If Lessee fails to promptly repair any damages for which it is responsible hereunder after notification by City, City may, but shall not be obligated to, make repairs at Lessee's expense which shall become due and payable as part of Lessee's rent on the next monthly billing cycle.

   G. Upon termination of this Lease by either party, a joint inspection of the Leased Premises shall be conducted and any unsatisfactory conditions shall be documented on the T-Hangar Check-Out Form attached hereto as **Exhibit B**. Should Lessee fail to promptly repair any damages or replace any items for which it is responsible hereunder after City provides notice and demand for same, City may, but shall not be obligated to, make repairs at Lessee's expense. City reserves the right to deduct the cost of any such repairs from Lessee's refundable hangar deposit.

6. **AIRCRAFT MAINTENANCE AND REPAIRS.** The following provisions shall govern the short-term maintenance, repair or refurbishment of aircraft stored in the Leased Premises.

   A. All repair of aircraft shall be governed by and performed in compliance with Part 43 of the Federal Aviation Administration Regulations (14 C.F.R. Part 43). Those terms defined in Part 43 shall have the same meaning in this paragraph.

Docusign Envelope ID: D2FC4908-7CD7-4655-8C4A-3126D576CC72

B. Hazardous activities, including, but not limited to, smoking, welding, painting, doping, open fuel lines, open flames, or the application of hazardous substances are expressly prohibited in the Hangar.

C. Minor aircraft self-maintenance such as would normally be performed by an aircraft owner by himself or with his own employees without the benefit of an aircraft mechanic shall be allowed to be performed in the Hangar.

D. Lessee's possessing a valid mechanic's certificate or who are otherwise authorized by the FAA shall be permitted to perform any maintenance and repairs on its own aircraft unless: (1) the work constitutes powerplant major repairs; or (2) the work being performed in the Hangar will require the installation of a fire-suppression system in the Hangar.

E. Lessee's possessing a valid mechanic's certificate or who are otherwise authorized by the FAA shall be permitted to perform maintenance and repairs on aircraft belonging to others only pursuant to the City's Airport Minimum Standards including applicable liability insurance requirements.

F. The provisions of this Section shall not apply to experimental aircraft construction and maintenance to the extent they are exempt from the provisions of Part 43 of the Federal Aviation Administration Regulations, but such activities shall be subject to other applicable Federal Aviation Administration Regulations (e.g., 14 C.F.R. §65.104).

7. **INDEMNIFICATION AND INSURANCE.**

A. **Indemnity**. Lessee agrees to indemnify and hold City and its elected officials, employees, agents, and volunteers harmless from and against any and all liabilities, judgments, costs, damages, expenses, claims, actions or demands of any kind and nature, by any person whatsoever, including, without limitation, personal property damage, injury or death to a person arising out of the activities of Lessee, its agents, employees, contractors or invitees on the Leased Premises, except those caused by the deliberate or negligent act or failure to act of City or its agents or representatives.

B. **Insurance.** The City may maintain fire and casualty insurance on the premises for its benefit but such insurance shall not cover any property of Lessee and all proceeds payable thereunder shall be the sole property of City. If the Leased Premises are damaged by any casualty not the result of the negligent or deliberate acts of Lessee, its licensees, invitees, and guests, City may terminate this Lease or may, at its option, repair the damage. If City elects to repair, rent shall be abated until repairs are completed.

C. Lessee shall at its sole cost repair any damage to the premises resulting from negligent or deliberate acts of Lessee, its agents, employees, contractors, invitees and guests.

D. City shall not be responsible for any damage to any property of Lessee (including, without limitation, aircraft) or of others located on the Leased Premises, nor for the loss of or damage to any property of Lessee or of others by theft or otherwise. City shall not be liable for any injury or damage to persons or property resulting from fire, smoke, explosion, falling plaster, steam, gas, electricity, water, rain, or leaks from any part of the premises or from the pipes, appliances or plumbing works or from the roof, street or subsurface or from any other place of by dampness or by any other cause of whatsoever nature. City shall not be liable for any latent defect in the Leased Premises or in the building of which they form a part. All property of Lessee kept or stored on the Leased Premises shall be so kept or stored at the risk of Lessee only and Lessee shall hold City harmless from any and all claims arising out of damage to

Docusign Envelope ID: D2FC4908-7CD7-4655-8C4A-3126D576CC72

same, including subrogation claims by Lessee's insurance carriers, except those caused by the deliberate or negligent act or failure to act of City or its agents or representatives.

8. **CONDITION OF PREMISES; NO WARRANTIES.**
   A. City represents and warrants that the Leased Premises comply with applicable building and fire codes in effect at the time of its construction, and that any changes in such codes since such time do not require additional improvements (except upon a rebuilding or renovation thereof).
   B. EXCEPT AS SET FORTH IN THE PRECEDING SUBPARAGRAPH,
      (1) LESSEE ACKNOWLEDGES THAT BY ENTERING INTO POSSESSION OF THE PREMISES, IT SHALL BE DEEMED: TO HAVE INSPECTED THE PREMISES; AND TO HAVE ACCEPTED THE PREMISES "AS IS," "WITH ALL FAULTS" OF ANY NATURE WHATSOEVER; AND
      (2) LESSEE ACKNOWLEDGES THAT NEITHER CITY NOR ANY AGENT OF CITY HAS MADE ANY WARRANTY OR REPRESENTATION, OF ANY NATURE WHATSOEVER, EXPRESS OR IMPLIED, CONCERNING THE PREMISES, INCLUDING, WITHOUT LIMITATION, SOIL CONDITIONS, ENVIRONMENTAL CONDITIONS, BUILDING CONSTRUCTION OR SUITABILITY OF THE PREMISES FOR LESSEE'S PURPOSES.

9. **NOTICES.** All notices required or permitted under this Agreement shall be given in writing and shall be deemed sufficiently served if delivered by registered or certified mail, with return receipt requested; or delivered personally; or delivered via electronic mail (as provided below) and followed with delivery of a hard copy. C. **Jury Waiver**. Should any portion of this Lease be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Lease.

G. **Rights of Third Parties**. Nothing in this Lease, whether express or implied, is intended to confer any rights or remedies under or because of this Lease on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Lease is intended to relieve or discharge the obligation or liability of any third persons to any party to this Lease, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Lease.

H. **Assignment**. Neither party may assign this Lease or the rights and obligations thereunder to any third party without the prior express written approval of the other party, which shall not be unreasonably withheld.

I. **No Waiver of Sovereign Immunity**. Nothing herein is intended to waive sovereign immunity by the City to which sovereign immunity may be applicable, or of any rights or

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

T-HANGAR LEASE AGREEMENT

THIS T-HANGAR LEASE AGREEMENT ("Agreement" or "Lease") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City"), and **James Neville & Company Inc.**

WHEREAS, the City of Ocala is the owner and operator of the Ocala International Airport (the "Airport") located in Ocala, Marion County, Florida;

WHEREAS, City has T-Hangar units available for lease at the Airport;

WHEREAS, Lessee desires to lease a T-Hangar unit at Airport from City; and

WHEREAS, City is willing to lease to Lessee the T-Hangar unit identified in Section 1 below at the Airport subject to the terms and conditions set forth in this Agreement.

NOW THEREFORE, in consideration of the foregoing Recitals, the following mutual covenants and conditions, and other good and valuable consideration, City and Lessee agree as follows:

TERMS AND CONDITIONS:

1. **LEASED PREMISES**. City hereby leases to Lessee, and Lessee leases from City, T-Hangar Unit Number: **T-18** located at the Ocala International Airport and more particularly shown in **Exhibit A** attached hereto (the "Hangar" or "Leased Premises").

   A. City reserves the right to deny access to the Airport and its facilities to any person, firm, or corporation that fails or refuses to obey and comply with the rules and regulations contained herein.

   B. City shall purchase a Hangar lock for use on Hangar doors. One key will be provided to and maintained by Lessee. The master key will be maintained by the Airport Director or authorized representative. Under no circumstances shall Lessee be permitted to replace the Hangar lock provided by City. Use of any other lock on Hangar doors shall constitute a breach of this Lease. Loss of the Hangar lock or Lessee's Hangar lock key shall result in the City's assessment of either a re-key and/or lock replacement charge in accordance with the current Airport Fee Schedule which shall become due and payable as part of Lessee's monthly rent on the next monthly rental cycle.

   C. City, through its officers, agents, servants or employees, reserves the right to enter the Leased Premises at any time to perform any and all duties or obligations which City is authorized or required to do under the terms of this Lease or to perform its governmental duties under federal, state, or local rules, regulations, and laws (including, but not limited to, inspections under applicable health, mechanical, building, electrical, plumbing, and Fire Codes) or other health, safety, and general welfare regulations. All routine inspections shall be done during normal business hours and in conformity with City's Airport policies (including those requiring two employees to be present during inspections). City shall leave a notice on the premises following inspections indicating the time and date of the inspection, who was present, and the purpose of the inspection; provided, however, no notice shall be required if: (a) the inspection was a law enforcement purpose; or (b) the City had previously mailed a notice to Lessee, at least a week prior to the inspection, advising Lessee of the week in which the inspection would occur and the purpose of the inspection.

2. **EFFECTIVE DATE, TERM, AND TERMINATION.**

A. **Effective Date and Lease Term**. This Lease shall commence on **November 1st, 2025** shall become effective on the date fully executed by both Parties (the "Effective Date"), and shall continue in effect from month-to-month thereafter (the "Lease Term") unless and until terminated by either party as provided herein.

B. **Termination.** This Lease shall be terminable at will by either party, without cause, upon providing advance written notice to the other party no less than **THIRTY (30) DAYS'** prior to termination. Termination of this Lease shall have no effect upon the rights or responsibilities of the parties accruing prior to termination.

(1) Should Lessee be declared bankrupt, incompetent, or become deceased, this Lease shall immediately terminate and shall not be considered to be part of Lessee's estate nor shall it become an asset of any appointed or assigned guardian, trustee, or receiver.

(2) City shall have the right to terminate this Lease and retake possession of the Leased Premises should Lessee fail to make timely payment of rent, fail to provide proof of required insurance, use the Leased Premises for any illegal or unauthorized purpose, file bankruptcy, abandon or leave the Leased Premises vacant or unoccupied for **ONE HUNDRED TWENTY (120) DAYS**, or violates any of the terms and conditions of this Lease.

(3) Upon termination or expiration of this Lease, Lessee shall peaceably vacate the Leased Premises.

C. **Remedies**. If any default occurs under this Lease, City shall have the right to pursue all remedies available at law or equity, including the termination of this Lease and all rights of Lessee hereunder. Notwithstanding City's termination of the Lease, Lessee shall remain liable to City for all claims for damages, costs or attorneys' fees arising prior to such termination.

3. **CONSIDERATION.**

A. **Rent.** As rent for the use of the Leased Premises, Lessee shall pay to City monthly, in advance, the amount of **$ 340.48/Month**. Any other payments made by Lessee under this Lease shall be considered additional rent, regardless of whether the payments are so designated. The term "Rent," as referenced herein, shall include monthly rent and additional rent. City shall have the same remedies for Lessee's failure to pay additional rent as it does for Lessee's failure to pay monthly rent.

B. **Payment of Rent**. Monthly rental payments are due on or before the first (1st) day of each month without billing of Lessee by City. Unless expressly authorized by the City, rent shall be made payable to the "City of Ocala" and shall be delivered or paid in person to: **City of Ocala, c/o Ocala International Airport, 1770 SW 60th Avenue, Suite 600, Ocala, Florida 34474**. Payments made by credit card may be subject to a credit card processing fee.

C. **Late Charge**. Rent shall be considered past due if City has not received full payment by the fifteenth (15th) day of the month for which payment is due. Without limiting City's termination rights as provided by this Lease, City shall assess a late penalty charge in the amount of **TWENTY-FIVE AND NO/100 DOLLARS ($25.00)**.

D. **Adjustments to Rent**. City reserve the right to increase the amount of rent from time to time, in its sole discretion, and shall provide written notice of said increase to Lessee no less than **THIRTY (30) DAYS** prior to the effective date of the rental increase.

4. **USE OF LEASED PREMISES.** Unless otherwise authorized by City in writing, Lessee shall use the Leased Premises and associated utilities on a non-commercial basis only for the storage, operation, and maintenance of the following Federal Aviation Administration ("FAA")-registered aircraft:

   Year, Make and Model of Aircraft:

   N#:

   A. Any change to the aircraft expressly identified in this Section shall be reported in writing to the Airport Director within **TEN (10) DAYS** thereof.

   B. The Leased Premises are to be used only for the storage of aircraft and other aviation-related items owned or leased by Lessee. Lessee's use of the Leased premises for any other purpose shall constitute a material breach of this Lease.

   C. Lessee shall not use the Leased Premises for any commercial purposes. The storage of aircraft used by Lessee in connection with its customary non-aviation related business shall not be considered to be a commercial purpose. Under no circumstances will the sale of goods or services by Lessee from the Leased Premises be authorized.

   D. Lessee may maintain a small refrigerator in the Leased Premises, but only if the wiring capacity of the Leased Premises can support such usage.

   E. City reserves the right to assess, as additional rent, charges for extraordinary consumption of utilities by Lessee, as reasonably determined by City in its sole discretion.

   F. All aircraft stored in the Leased Premises must be airworthy. Short-term storage of non-operational aircraft for the purposes of maintenance, repair or refurbishment shall be allowed. However, aircraft may not be inoperable or under repair for a period greater than **ONE HUNDRED TWENTY (120) DAYS**, consecutively without City approval, unless such condition is caused by circumstances beyond Lessee's control (e.g., inability to obtain parts).

   G. Lessee shall abide by all Airport rules and regulations, minimum standards, City ordinances, applicable federal and state statutes, and regulations of the FAA, as they may from time to time be amended, including environmental laws regarding the handling, discharge, release and dumping of any hazardous substance, and such rules, regulations, and ordinances are incorporated by reference herein and made a part hereof.

   H. No explosives or combustible materials shall be permitted within or about the Hangar except for fuel in aircraft tanks or small containers of lubricants, cleaning materials, and other aviation-related materials stored in EPA or local Fire Marshall approved containers or cabinets.

   I. No refueling of the aircraft is allowed while any part of the aircraft remains inside the Hangar.

   J. The exclusive means of access to the Leased Premises shall be through the T-Hangar access gate via the T-Hangar access road.

   K. With the exception of loading or unloading of aircraft on the FBO apron, Lessee shall not operate any motor vehicle on the Airport apron, runway system, or Taxiway A system at any time.

   L. Lessee shall be allowed to park its motor vehicle in the Hangar while Lessee is in the Hangar or when the aircraft is out and in use. Otherwise, all motor vehicles belonging to Lessee or its guests or licensees shall be parked only in the public parking area outside of the fence.

Docusign Envelope ID: 08870E3A-56EE-4D3D-9C4D-3D4567E54CD7

M. Lessee shall not allow its aircraft engine to be run inside a Hangar.

5. **MAINTENANCE OF THE LEASED PREMISES.** Lessee shall maintain the Leased Premises and all improvements in a condition that is clean, free of debris, safe, sanitary, and in good repair and shall not accumulate or permit the accumulation of any trash, refuse or debris or of anything that is unsightly or which creases a fire hazard or nuisance or causes an inconvenience to adjoining properties.
   A. City shall maintain the structural integrity of the Hangar, including doors, and shall provide Lessee with access to water, electricity and normal building maintenance.
   B. City shall provide and maintain one (1) fire extinguisher in the Hangar. Should the City's inspection of the premises reveal that the City-owned fire extinguisher is missing, Lessee shall be responsible for replacement of the fire extinguisher with a model of comparable size and quality, at its sole expense.
   C. Lessee shall maintain the interior of the Hangar in a neat and orderly condition, and shall keep the Hangar floor clean and clear of excess oil grease, or toxic chemicals.
   D. Lessee shall make no structural, electrical, or any other modifications or alterations to the Leased Premises, or remove any structures, wiring, plumbing or other facilities, without first submitting to City the plans and specifications for the proposed modifications and obtaining a written approval from City (which approval may be subject to reasonable conditions imposed by City) and without first obtaining all applicable permits from governments with jurisdiction over the activities.
   E. All fixtures, alterations, changes and improvements built, constructed or placed on the Leased Premises by Lessee shall, at City's option, become the property of City and remain on the Leased Premises at the expiration or earlier termination of this Lease, or City may require Lessee to restore the Leased Premises, in whole or in part, to its condition prior to such fixtures, alterations, changes or improvements.
   F. Lessee shall be responsible for all damages to the premises caused by Lessee or arising from Lessee's use of the premises, except those caused by "acts of God," or those arising from normal wear and tear or from deliberate or negligent acts of City or its employees. If Lessee fails to promptly repair any damages for which it is responsible hereunder after notification by City, City may, but shall not be obligated to, make repairs at Lessee's expense which shall become due and payable as part of Lessee's rent on the next monthly billing cycle.
   G. Upon termination of this Lease by either party, a joint inspection of the Leased Premises shall be conducted and any unsatisfactory conditions shall be documented on the T-Hangar Check-Out Form attached hereto as **Exhibit B**. Should Lessee fail to promptly repair any damages or replace any items for which it is responsible hereunder after City provides notice and demand for same, City may, but shall not be obligated to, make repairs at Lessee's expense. City reserves the right to deduct the cost of any such repairs from Lessee's refundable hangar deposit.

6. **AIRCRAFT MAINTENANCE AND REPAIRS.** The following provisions shall govern the short-term maintenance, repair or refurbishment of aircraft stored in the Leased Premises.
   A. All repair of aircraft shall be governed by and performed in compliance with Part 43 of the Federal Aviation Administration Regulations (14 C.F.R. Part 43). Those terms defined in Part 43 shall have the same meaning in this paragraph.

Docusign Envelope ID: 08870E3A-56EE-4D3D-9C4D-3D4567E54CD7

B. Hazardous activities, including, but not limited to, smoking, welding, painting, doping, open fuel lines, open flames, or the application of hazardous substances are expressly prohibited in the Hangar.

C. Minor aircraft self-maintenance such as would normally be performed by an aircraft owner by himself or with his own employees without the benefit of an aircraft mechanic shall be allowed to be performed in the Hangar.

D. Lessee's possessing a valid mechanic's certificate or who are otherwise authorized by the FAA shall be permitted to perform any maintenance and repairs on its own aircraft unless: (1) the work constitutes powerplant major repairs; or (2) the work being performed in the Hangar will require the installation of a fire-suppression system in the Hangar.

E. Lessee's possessing a valid mechanic's certificate or who are otherwise authorized by the FAA shall be permitted to perform maintenance and repairs on aircraft belonging to others only pursuant to the City's Airport Minimum Standards including applicable liability insurance requirements.

F. The provisions of this Section shall not apply to experimental aircraft construction and maintenance to the extent they are exempt from the provisions of Part 43 of the Federal Aviation Administration Regulations, but such activities shall be subject to other applicable Federal Aviation Administration Regulations (e.g., 14 C.F.R. §65.104).

7. **INDEMNIFICATION AND INSURANCE.**

A. **Indemnity**. Lessee agrees to indemnify and hold City and its elected officials, employees, agents, and volunteers harmless from and against any and all liabilities, judgments, costs, damages, expenses, claims, actions or demands of any kind and nature, by any person whatsoever, including, without limitation, personal property damage, injury or death to a person arising out of the activities of Lessee, its agents, employees, contractors or invitees on the Leased Premises, except those caused by the deliberate or negligent act or failure to act of City or its agents or representatives.

B. **Insurance.** The City may maintain fire and casualty insurance on the premises for its benefit but such insurance shall not cover any property of Lessee and all proceeds payable thereunder shall be the sole property of City. If the Leased Premises are damaged by any casualty not the result of the negligent or deliberate acts of Lessee, its licensees, invitees, and guests, City may terminate this Lease or may, at its option, repair the damage. If City elects to repair, rent shall be abated until repairs are completed.

C. Lessee shall at its sole cost repair any damage to the premises resulting from negligent or deliberate acts of Lessee, its agents, employees, contractors, invitees and guests.

D. City shall not be responsible for any damage to any property of Lessee (including, without limitation, aircraft) or of others located on the Leased Premises, nor for the loss of or damage to any property of Lessee or of others by theft or otherwise. City shall not be liable for any injury or damage to persons or property resulting from fire, smoke, explosion, falling plaster, steam, gas, electricity, water, rain, or leaks from any part of the premises or from the pipes, appliances or plumbing works or from the roof, street or subsurface or from any other place of by dampness or by any other cause of whatsoever nature. City shall not be liable for any latent defect in the Leased Premises or in the building of which they form a part. All property of Lessee kept or stored on the Leased Premises shall be so kept or stored at the risk of Lessee only and Lessee shall hold City harmless from any and all claims arising out of damage to

Docusign Envelope ID: 08870E3A-56EE-4D3D-9C4D-3D4567E54CD7

same, including subrogation claims by Lessee's insurance carriers, except those caused by the deliberate or negligent act or failure to act of City or its agents or representatives.

8. **CONDITION OF PREMISES; NO WARRANTIES.**
   A. City represents and warrants that the Leased Premises comply with applicable building and fire codes in effect at the time of its construction, and that any changes in such codes since such time do not require additional improvements (except upon a rebuilding or renovation thereof).
   B. EXCEPT AS SET FORTH IN THE PRECEDING SUBPARAGRAPH,
      (1) LESSEE ACKNOWLEDGES THAT BY ENTERING INTO POSSESSION OF THE PREMISES, IT SHALL BE DEEMED: TO HAVE INSPECTED THE PREMISES; AND TO HAVE ACCEPTED THE PREMISES "AS IS," "WITH ALL FAULTS" OF ANY NATURE WHATSOEVER; AND
      (2) LESSEE ACKNOWLEDGES THAT NEITHER CITY NOR ANY AGENT OF CITY HAS MADE ANY WARRANTY OR REPRESENTATION, OF ANY NATURE WHATSOEVER, EXPRESS OR IMPLIED, CONCERNING THE PREMISES, INCLUDING, WITHOUT LIMITATION, SOIL CONDITIONS, ENVIRONMENTAL CONDITIONS, BUILDING CONSTRUCTION OR SUITABILITY OF THE PREMISES FOR LESSEE'S PURPOSES.

9. **NOTICES.** All notices required or permitted under this Agreement shall be given in writing and shall be deemed sufficiently served if delivered by registered or certified mail, with return receipt requested; or delivered personally; or delivered via electronic mail (as provided below) and followed with delivery of a hard copy. Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 31 day of July, 2025, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and _____, a retail electric customer of OEU (hereinafter "Customer").

Rajasekhar Ventrapragada

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

(Continued on Sheet No. 20.2)

Docusign Envelope ID: 4CF6D7F2-30D3-4509-BFC8-31039DC60F4A

4.04. FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Tier 2
Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 31 day of July, 20 25, by and between Rajasekhar Ventrapragada, (hereinafter called "**Customer**"), located at 1425 SE 47TH ST in Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereafter called "**OEU**"), a body politic. WITNESSETH

Whereas, a Tier 2 Renewable Generation System (RGS) is an electric generating system that uses one or of more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at more than 10 kilowatts (10 kW) but not greater than 100 kilowatts (100 kW) alternating current (AC) power output and is primarily intended to offset part or all of the customer's current electric requirements; and

Whereas, OEU operates an electric system serving parts of the City of Ocala and Marion County; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU's electrical supply grid at the location indentified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which OEU has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate OEU's electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and OEU.

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 2 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. In no case should modifications to the RGS be made such that the GPR increases above the 100 kilowatts (100 kW) limit.

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).

5. The Customer shall be required to pay a non-refundable application fee of $375 for the review and processing of the application.

6. The Customer shall fully comply with OEU's Rules and Regulations and Electric Service Specifications as those documents may be amended or revised by OEU from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):

a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*

(Continued from Sheet No. 22.1)

d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising OEU of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 22.3)

Docusign Envelope ID: 4CF6D7F2-30D3-4509-BFC8-31039DC60F4A

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes a utility-interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS which (i) utilizes the same utility-interactive inverter for both systems; or (ii) utilizes a separate utility-interactive inverter for each system, then Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU's systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU's electric system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU's electric system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's electric system such that back feed from the customer-owned renewable generation system to OEU's electric system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 22.4)

Docusign Envelope ID: 4CF6D7F2-30D3-4509-BFC8-31039DC60F4A

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Sections 18 and 19, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one million dollars ($1,000,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and also measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OUS inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

(Continued on Sheet No. 22.5)

Docusign Envelope ID: 4CF6D7F2-30D3-4509-BFC8-31039DC60F4A

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU's electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU utility system emergencies, forced outages, uncontrollable forces or compliance with prudent electric utility practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's utility system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical effects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys' fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.

(Continued on Sheet No. 22.6)

Docusign Envelope ID: 4CF6D7F2-30D3-4509-BFC8-31039DC60F4A

b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, contractors (and any subcontractor or material supplier thereof), agents and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days notice of its intent to terminate this Agreement.

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a

specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement which complies with the amended statutes/rules.

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds 2.5 percent (%) of the aggregate customer peak demand on OEU's electric system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

[2] IQ7 Series Microinverters cannot be added to a site with existing IQ8 Series Microinverters on the same gateway. Mixed system of IQ7 and IQ8 will not support IQ8-specific PCS features and grid-forming capabilities.
[3] IQ Microinverters ship with default settings that meet North America's IEEE 1547 interconnection standard requirements. Region-specific adjustments may be requested by an Authority Having Jurisdiction (AHJ) or utility representative, according to the IEEE 1547 interconnection standard. An IQ Gateway is required to make these changes during installation.
[4] Meets UL 1741 only when installed with IQ System Controller 2 or 3.

Tri-Party Net-Metering Power Purchase Agreement

This Tri-Party Net-Metering Power Purchase Agreement (this "Agreement") is entered into this 23rd day of June, 20 25, by and between the Florida Municipal Power Agency, a governmental joint action agency created and existing under the laws of the State of Florida (hereinafter "FMPA"), the City of Ocala doing business as Ocala Electric Utility, a body politic (hereinafter "OEU"), and Kathy Jo Ross, a retail electric customer of OEU (hereinafter "Customer").

Section 1. Recitals

1.01. OEU and Customer have executed OEU's Standard Interconnection Agreement for a Customer-Owned Renewable Generation System (RGS) pursuant to which OEU has agreed to permit interconnection of Customer's renewable generation to OEU's electric system at Customer's presently-metered location, and Customer has agreed to deliver excess electric energy generated by Customer's Renewable Generation System to OEU's electric distribution system;

1.02. The City of Ocala and FMPA have entered into the All-Requirements Power Supply Contract, dated as of May 1, 1986, (hereinafter the "ARP Contract") pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU's ability to directly purchase excess energy from customer-owned renewable generation.

1.03. In order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU's electric customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU's electric customers interconnected to OEU's electric system.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties covenant and agree as follows:

Section 2. Interconnection

2.01. Customer shall not begin parallel operations with the OEU electric distribution system until Customer has executed OEU's electric Standard Interconnection Agreement for Small Customer-Owned Renewable Generation and is in compliance with all terms and conditions

OEU requires that the customer install and operate the RGS in accordance with all applicable safety codes and standards. OEU shall establish and enforce terms and conditions of operation and disconnection of all interconnected customer-owned renewable generation as it relates to the effect of the RGS on OEU's electric distribution system.

FIRST REVISED SHEET NO. 20.1
CANCELS ORIGINAL SHEET NO. 20.1

(Continued from Sheet No. 20.0)

Section 3. Metering

3.01 In accordance with the OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation, OEU shall install metering equipment at the point of delivery capable of recording two separate kWh meter readings: (1) the flow of electricity from OEU to the Customer (Delivered), and (2) the flow of excess electricity from the Customer to OEU. OEU shall take meter readings on the same cycle as the otherwise applicable rate schedule.

Section 4. Purchase of Excess Customer-Owned Renewable Generation

4.01. Customer-owned renewable generation shall be first used for Customer's own load and shall offset Customer's demand for OEU's electricity. All electric power and energy delivered by OEU to Customer shall be received and paid for by Customer to OEU (Received) pursuant to the terms, conditions and rates of the OEU otherwise applicable rate schedule.

4.02. Excess customer-owned renewable generation shall be delivered to the OEU Electric distribution system. For purposes of this Agreement, the term "excess customer-owned renewable generation" means any kWh of electrical energy produced by the customer-owned renewable generation system that is not consumed by Customer and is delivered to the OEU electric distribution system. FMPA agrees to purchase and receive, and Customer agrees to sell and deliver, all excess customer-owned renewable generation at the energy rate established by FMPA, which shall be calculated in accordance with Schedule A. Excess customer-owned renewable generation shall be purchased in the form of a credit on Customer's monthly energy consumption bill from OEU.

4.03. In the event that a given monthly credit for excess customer-owned renewable generation exceeds the total billed amount for Customer's consumption in any corresponding month, then the excess credit shall be applied to the subsequent month's bill. Excess energy credits produced pursuant to the preceding sentence shall accumulate and be used to offset Customer's energy consumption bill for a period of not more than twelve (12) months. At the end of each calendar year, any unused excess energy credits shall be paid by OEU to the Customer in accordance with the OEU Electric Net-Metering Service Rate Schedule.

FMPA and OEU shall not be required to purchase or receive excess customer-owned renewable generation, and may require Customer to interrupt or reduce production of customer-owned renewable generation, (a) when necessary in order to construct, install, maintain, repair, replace, remove, investigate, or inspect any OEU equipment or part of OEU's system; or (b) if either FMPA or OEU determine, in their sole judgment, that curtailment, interruption, or reduction is necessary because of emergencies, forced outages, force majeure, or compliance with any applicable electric code or standard.

4.05. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the Net-Metering Service Rate Schedule (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU electric system.

Section 5. Renewable Energy Credits

5.01. Customer shall offer FMPA a first right of refusal before selling or granting to any third party the right to the Green Attributes associated with its customer-owned renewable generation that is interconnected to OEU electric distribution system. The term "Green Attributes" shall include any and all credits, certificates, benefits, environmental attributes, emissions reductions, offsets, and allowances, however entitled, attributable to the generation of electricity from the customer-owned-renewable generation and its displacement of conventional energy generation.

5.02. Any additional meter(s) installed to measure total renewable electricity generated by the Customer for the purposes of measuring Green Attributes, including and renewable energy certificates (or similarly titled credits for renewable energy generated), shall be installed at the expense of the Customer, unless determined otherwise during negotiations for the sale of the Customer's credits to FMPA.

Section 6. Term and Termination

6.01. This Agreement shall become effective upon execution by all Parties, and shall remain in effect thereafter on a month-to-month basis until terminated by any Party upon thirty (30) days written notice to all other Parties.

6.02. This Agreement shall terminate immediately and without notice upon: (a) termination of the electric distribution service by OEU or (b) failure by Customer to comply with any of the terms and conditions of this Agreement or OEU's Standard Interconnection Agreement for Customer-Owned Renewable Generation.

Section 7. Miscellaneous Provisions

7.01. Assignment. It is understood and agreed that no party may transfer, sell, mortgage, pledge, hypothecate, convey, designate, or otherwise assign this Agreement, or any interest herein or any rights or obligations hereunder, in whole or in part, either voluntarily or by operation of law, (including, without limitation, by merger, consolidation, or otherwise), without the express written consent of the other parties (and any such attempt shall be void), which consent shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns.

7.02 Amendment. It is understood and agreed that FMPA and OEU reserve the right, on no less than an annual basis, to change any of the terms and conditions, including pricing, in this Agreement on sixty (60) days advance written notice. FMPA and OEU may make such changes on an immediate basis in the event any applicable law, rule, regulation or court order requires them. In such event, FMPA and OEU will give Customer as much notice as reasonably possible under the circumstances.

7.03. Indemnification. To the fullest extent permitted by laws and regulations, and in return for adequate, separate consideration, Customer shall defend, indemnify, and hold harmless FMPA and OEU, their officers, directors, agents, guests, invitees, and employees from and against all claims, damages, losses to persons or property, whether direct, indirect, or consequential (including but not limited to fees and charges of attorneys, and other professionals and court and arbitration costs) arising out of, resulting from, occasioned by, or otherwise caused by the operation or misoperation of the customer-owned renewable generation, or the acts or omissions of any other person or organization directly or indirectly employed by the Customer to install, furnish, repair, replace or maintain the customer-owned renewable generation system, or anyone for whose acts any of them may be liable.

7.04. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties shall be governed and construed in accordance with the laws of the State of Florida without regard for any conflicts of law provisions that might cause the law of other jurisdictions to apply. All controversies, claims, or disputes arising out of or related to this Agreement or any agreement, instrument, or document contemplated hereby, shall be brought exclusively in the County or Circuit Court for Marion County, Florida, or the United States District Court sitting in Marion County, Florida, as appropriate.

7.05. Enforcement of Agreement. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorney's fees and costs for trial, alternative dispute resolution, and/or appellate proceedings.

7.06. Severability. To the extent any provision of this Agreement is prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.07. Third Party Beneficiaries and Sovereign Immunity. This Agreement is solely for the benefit of FMPA, OEU, and Customer and no right nor shall any cause of action accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than FMPA, OEU, or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon FMPA, OEU, and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by either FMPA or OEU of the sovereign immunity applicable to either or both of them as established by Florida Statutes, 768.28.

Tri-Party Net-Metering Power Purchase Agreement
Schedule A

I. All-Requirements Project Calculation of Excess Customer-Owned Renewable Generation Credit

a) FMPA shall pay OEU for the excess kWh energy delivered by customer-owned renewable generation to OEU's electric system. Every month, OEU shall determine the total kWh of customer-owned renewable generation that is delivered to OEU's electric system, and shall send the information to FMPA as soon as it becomes available, but no later than the second working day of every month. FMPA will then provide a monthly payment to OEU in the form of a credit on the ARP power bill for the excess energy delivered to the distribution grid. The ARP Renewable Generation Credit will be calculated as follows:

ARP Renewable Generation Credit = Quarterly Energy Rate * Monthly kWh of excess customer-owned renewable generation

Quarterly Energy Rate = 3 month average of ARP energy rate. FMPA will update the Quarterly Energy Rate every April 1, July 1, October 1 and January 1.

b) As part of the monthly bill adjustment, FMPA will also increase OEU's kWh billing amount by the same kWh amount as the customer-owned renewable generation purchased by FMPA. This adjustment is necessary because excess customer generation that flows onto OEU's electric system has been purchased by FMPA, but will remain on OEU's electric system and be used by OEU to meet its other customers' electric needs. As a result, OEU's monthly ARP bill will be adjusted accordingly to reflect FMPA's subsequent sale of this energy to OEU.

II. Payment for Unused Excess Energy Credits

a) Monthly excess energy credits shall accumulate and be used to offset the Customer's following month energy consumption bill for a period of not more than twelve (12) months.

b) At the end of each calendar year, OEU shall pay the Customer for any unused excess energy credits in accordance with the OEU Electric Net-Metering Service Rate Schedule.

Tier 1 – Standard Interconnection Agreement
Customer-Owned Renewable Generation System

This **Agreement** is made and entered into this 23rd day of June, 20 25, by and between Kathy Jo Ross, (hereinafter called "**Customer**"), located at 2101 SW 47th Avenue in Ocala, Florida, and the City of Ocala doing business as Ocala Electric Utility (hereinafter called OEU), a body politic. Customer and OEU shall collectively be called the "**Parties**". The physical location/premise where the interconnection is taking place: 2101 SW 47th Avenue Ocala, FL. 34474.

WITNESSETH

Whereas, a Tier 1 Renewable Generation System (RGS) is an electric generating system that uses one or more of the following fuels or energy sources: hydrogen, biomass, solar energy, geothermal energy, wind energy, ocean energy, waste heat, or hydroelectric power as defined in Section 377.803, Florida Statutes, rated at no more than ten (10) kilowatts (10 kW) alternating current (AC) power output and is primarily intended to offset part or all of the Customer's current electric requirements; and

Whereas, OEU operates an electric system serving the City of Ocala; and

Whereas, Customer has made a written Application to OEU, a copy being attached hereto, to interconnect its RGS with OEU' electrical supply grid at the location identified above; and

Whereas, the City of Ocala and the Florida Municipal Power Agency (hereinafter called "FMPA") have entered into the All-Requirements Power Supply Contract pursuant to which the City of Ocala has agreed to purchase and receive, and FMPA has agreed to sell and supply OEU with all energy and capacity necessary to operate the OEU electric system, which limits OEU' ability to directly purchase excess energy from customer-owned renewable generation; and

Whereas, in order to promote the development of small customer-owned renewable generation by permitting OEU to allow its customers to interconnect with OEU's electric system and to allow OEU customers to offset their electric consumption with customer-owned renewable generation, FMPA, in accordance with the terms and conditions of this agreement, has agreed to purchase excess customer-owned generation from OEU customers interconnected to OEU's electric system; and

Whereas, the OEU desires to provide interconnection of a RGS under conditions which will insure the safety of OEU customers and employees, reliability and integrity of its distribution system;

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements herein set forth, the parties hereto covenant and agree as follows:

OCALA ELECTRIC UTILITY
OCALA, FLORIDA
(Continued from Sheet No. 21.0)

FIRST REVISED SHEET NO. 21.1
CANCELS ORIGINAL SHEET NO. 21.1

1. The Customer shall be required to enter into a Tri-Party Net-Metering Purchase Power Agreement with FMPA and the City of Ocala Electric Utility (OEU).

2. "Gross power rating" (GPR) means the total manufacturer's AC nameplate generating capacity of an on-site customer-owned renewable generation system that will be interconnected to and operate in parallel with OEU's distribution facilities. For inverter-based systems, the GPR shall be calculated by multiplying the total installed DC nameplate generating capacity by 0.85 in order to account for losses during the conversion from DC to AC.

3. This agreement is strictly limited to cover a Tier 1 RGS as defined above. It is the Customer's responsibility to notify OEU of any change to the GPR of the RGS by submitting a new application for interconnection specifying the modifications at least 30 days prior to making the modifications. Increase in GPR above the ten kilowatt (10 kW) limit would necessitate entering into a new agreement at either Tier 2 or Tier 3 which may impose additional requirements on the Customer. In no case does the Tier 1, Tier 2 or Tier 3 agreement cover increases in GPR above two megawatts (2MW).

4. The RGS GPR must not exceed 90 percent (90%) of the Customer's OEU calculated distribution service rating at the Customer's location (including shared electric facilities). If the GPR does exceed the 90 percent (90%) limit, the Customer shall be responsible to pay the cost of upgrades to the distribution facilities required to accommodate the GPR capacity and ensure the 90 percent (90%) threshold is not breached. OEU will not allow a RGS GPR greater than required to offset the customer's annual kWh energy consumption (based on customer's historical consumption data or by means of estimated usage of similar type of service as determined by OEU).

5. The Customer shall not be required to pay any special fees due solely to the installation of the RGS.

6. The Customer shall fully comply with OEU's Design Standards following NEC standards as those documents may be amended or revised by OUS from time to time.

7. The Customer certifies that its installation, its operation and its maintenance shall be in compliance with the following standards (or most current version at time of inspection approval):

a. IEEE-1547 (2018) Standard for Interconnecting Distributed Resources with Electric Power System;
b. IEEE-1547.1 (2005) Standard Conformance Test Procedures for Equipment Interconnection Distributed Resources with Electric Power Systems;
c. UL-1741 (2010) Inverters, Converters, Controllers and Interconnection System Equipment for Use with Distributed *Energy Resources.*
d. The National Electric Code, state and/or local building codes, mechanical codes and/or electrical codes;
e. The manufacturer's installation, operation and maintenance instructions.

(Continued from Sheet No. 21.1)

8. The Customer is not precluded from contracting for the lease, operation or maintenance of the RGS with a third party. Such lease may not provide terms or conditions that provide for any payments under the agreement to any way indicate or reflect the purchase of energy produced by the RGS. Customer shall not enter into any lease agreement that results in the retail purchase of electricity; or the retail sale of electricity from the customer-owned renewable generation. Notwithstanding this restriction, in the event that Customer is determined to have engaged in the retail purchase of electricity from a party other than OEU, then Customer shall be in breach of this Agreement and may be subject to the jurisdiction of the Florida Public Service Commission and to fines/penalties.

9. The Customer shall provide a copy of the manufacturer's installation, operation and maintenance instructions to OEU. If the RGS is leased to the Customer by a third party, or if the operation or maintenance of the RGS is to be performed by a third party, the lease and/or maintenance agreements and any pertinent documents related to these agreements shall be provided to OEU.

10. Prior to commencing parallel operation with OEU's electric system, Customer shall have the RGS inspected and approved by the appropriate code authorities having jurisdiction. Customer shall provide a copy of this inspection and approval to OEU.

11. The Customer agrees to permit OEU, if it should so choose, to inspect the RGS and its component equipment and the documents necessary to ensure compliance with this Agreement both before and after the RGS goes into service and to witness the initial testing of the RGS equipment and protective apparatus. OEU will provide Customer with as much notice as reasonably possible, either in writing, email, facsimile or by phone as to when OEU may conduct inspections and or document review. Upon reasonable notice, or at any time without notice in the event of an emergency or hazardous condition, Customer agrees to provide OEU access to the Customer's premises for any purpose in connection with the performance of the obligations required by this Agreement or, if necessary, to meet OEU's legal obligation to provide service to its customers. At least ten (10) business days prior to initially placing the customer-owned renewable generation system in service, Customer shall provide written notification to OEU advising of the date and time at which Customer intends to place the system in service, and OEU shall have the right to have personnel present on the in-service date in order to ensure compliance with the requirements of this Agreement.

(Continued on Sheet No. 21.3)

Docusign Envelope ID: F04F2D2B-1FB9-4842-ADFB-83EE1093B70F

12. The Customer's RGS must have an appropriately sized grid-tie inverter system that includes applicable protective systems. Customer certifies that the RGS equipment includes an OEU interactive inverter or interconnection system equipment that ceases to interconnect with the OEU system upon a loss of OEU's electric power. The inverter shall be considered certified for interconnected operation if it has been submitted by a manufacturer to a nationally recognized testing laboratory (NRTL) to comply with UL 1741. The NRTL shall be approved by the Occupational Safety & Health Administration (OSHA).

13. If Customer adds another RGS that (i) utilizes the same OEU interactive inverter for both systems, or (ii) utilizes a separate OEU interactive inverter for each system, Customer shall provide OEU with sixty (60) days advance written notice of the addition.

14. The Customer shall not energize the OEU system when OEU's system is deenergized. The Customer shall cease to energize the OEU system during a faulted condition on the OEU system and/or upon any notice from OEU that the deenergizing of Customer's RGS equipment is necessary. The Customer shall cease to energize the OEU system prior to automatic or non-automatic reclosing of OEU's protective devices. There shall be no intentional islanding, as described in IEEE 1547, between the Customer's and OEU' systems.

15. The Customer is responsible for the protection of its generation equipment, inverters, protection devices, and other system components from damage from the normal and abnormal operations that occur on OEU system in delivering and restoring system power. Customer agrees that any damage to any of its property, including, without limitation, all components and related accessories of its RGS system, due to the normal or abnormal operation of OEU system, is at Customer's sole risk and expense. Customer is also responsible for ensuring that the customer-owned renewable generation equipment is inspected, maintained, and tested regularly in accordance with the manufacturer's instructions to ensure that it is operating correctly and safely.

16. The Customer must install, at their expense, a manual disconnect switch of the visible load break type to provide a separation point between the AC power output of the customer-owned renewable generation system and any Customer wiring connected to OEU's system, such that back feed from the customer-owned renewable generation system to OEU's system cannot occur when the switch is in the open position. The manual disconnect switch shall be mounted separate from the meter socket on an exterior surface adjacent to the meter. The switch shall be readily accessible to OEU and capable of being locked in the open position with an OEU padlock. When locked and tagged in the open position by OEU, this switch will be under the control of OEU.

(Continued on Sheet No. 21.4)

Docusign Envelope ID: F04F2D2B-1FB9-4842-ADFB-83EE1093B70F

17. Subject to an approved inspection, including installation of acceptable disconnect switch, this Agreement shall be executed by OEU within thirty (30) calendar days of receipt of a completed application. Customer must execute this Agreement and return it to OEU at least thirty (30) calendar days prior to beginning parallel operations with OEU's electric system, subject to the requirements of Section 18, below, and within one (1) year after OEU executes this Agreement.

18. Once OEU has received Customer's written documentation that the requirements of this Agreement have been met, all agreements and documentation have been received and the correct operation of the manual switch has been demonstrated to an OEU representative, OEU will, within fifteen (15) business days, send written notice that parallel operation of the RGS may commence.

19. OEU requires the Customer to maintain general liability insurance for personal injury and property damage in the amount of not less than one hundred thousand dollars ($100,000.00).

20. OEU will furnish, install, own and maintain metering equipment capable of measuring the flow of kilowatt-hours (kWh) of energy. The Customer's service associated with the RGS will be metered to measure the energy delivered by OEU to Customer, and measure the energy delivered by Customer to OEU. Customer agrees to provide safe and reasonable access to the premises for installation, maintenance and reading of the metering and related equipment. The Customer shall not be responsible for the cost of the installation and maintenance of the metering equipment necessary to measure the energy delivered by the Customer to OEU.

21. The Customer shall be solely responsible for all legal and financial obligations arising from the design, construction, installation, operation, maintenance and ownership of the RGS.

22. The Customer must obtain all permits, inspections and approvals required by applicable jurisdictions with respect to the generating system and must use a licensed, bonded and insured contractor to design and install the generating system. The Customer agrees to provide OEU with a copy of the local building code official inspection and certification of installation. The certification shall reflect that the local code official has inspected and certified that the installation was permitted, has been approved, and has met all electrical and mechanical qualifications.

(Continued on Sheet No. 21.5)

Docusign Envelope ID: F04F2D2B-1FB9-4842-ADFB-83EE1093B70F

23. In no event shall any statement, representation, or lack thereof, either express or implied, by OEU, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, any OEU inspection of the RGS shall not be construed as confirming or endorsing the system design or its operating or maintenance procedures or as a warranty or guarantee as to the safety, reliability, or durability of the RGS. OEU's inspection, acceptance, or its failure to inspect shall not be deemed an endorsement of any RGS equipment or procedure. Further, as set forth in Sections 15 and 26 of this Agreement, Customer shall remain solely responsible for any and all losses, claims, damages and/or expenses related in any way to the operation or misoperation of its RGS equipment.

24. Notwithstanding any other provision of this Interconnection Agreement, OEU, at its sole and absolute discretion, may isolate the Customer's system from the distribution grid by whatever means necessary, without prior notice to the Customer. To the extent practical, however, prior notice shall be given. The system will be reconnected as soon as practical once the conditions causing the disconnection cease to exist. OEU shall have no obligation to compensate the Customer for any loss of energy during any and all periods when Customer's RGS is operating at reduced capacity or is disconnected from OEU' electrical distribution system pursuant to this Interconnection Agreement. Typical conditions which may require the disconnection of the Customer's system include, but are not limited to, the following:

a. OEU system emergencies, forced outages, uncontrollable forces or compliance with prudent electric OEU practice.
b. When necessary to investigate, inspect, construct, install, maintain, repair, replace or remove any OEU equipment, any part of OEU's electrical distribution system or Customer's generating system.
c. Hazardous conditions existing on OEU's system due to the operation of the Customer's generation or protective equipment as determined by OEU.
d. Adverse electrical affects (such as power quality problems) on the electrical equipment of OEU's other electric consumers caused by the Customer's generation as determined by OEU.
e. When Customer is in breach of any of its obligations under this Interconnection Agreement or any other applicable policies and procedures of OEU.
f. When the Customer fails to make any payments due to OEU by the due date thereof.

25. Upon termination of services pursuant to this Agreement, OEU shall open and padlock the manual disconnect switch and remove any additional metering equipment related to this Agreement. At the Customer's expense, within thirty (30) working days following the termination, the Customer shall permanently isolate the RGS and any associated equipment from OEU's electric supply system, notify OEU that the isolation is complete, and coordinate with OEU for return of OEU's lock.

(Continued to Sheet No. 21.6)

Docusign Envelope ID: F04F2D2B-1FB9-4842-ADFB-83EE1093B70F

26. To the fullest extent permitted by law, and in return for adequate, separate consideration, Customer shall indemnify, defend and hold harmless OEU, any and all of their members of its governing bodies, and its officers, agents, and employees for, from and against any and all claims, demands, suits, costs of defense, attorneys fees, witness fees of any type, losses, damages, expenses, and liabilities, whether direct, indirect or consequential, related to, arising from, or in any way connected with:

a. Customer's design, construction, installation, inspection, maintenance, testing or operation of Customer's generating system or equipment used in connection with this Interconnection Agreement, irrespective of any fault on the part of OEU.
b. The interconnection of Customer's generating system with, and delivery of energy from the generating system to, OEU's electrical distribution system, irrespective of any fault on the part of OEU.
c. The performance or nonperformance of Customer's obligations under this Interconnection Agreement or the obligations of any and all of the members of Customer's governing bodies and its officers, agents, contractors (and any subcontractor or material supplier thereof) and employees.

Customer's obligations under this Section shall survive the termination of this Interconnection Agreement.

27. Customer shall not have the right to assign its benefits or obligations under this Agreement without OEU's prior written consent and such consent shall not be unreasonably withheld. If there is a change in ownership of the RGS, Customer shall provide written notice to OEU at least thirty (30) days prior to the change in ownership. The new owner will be required to assume, in writing, the Customer's rights and duties under this Agreement, or execute a new Standard Interconnection Agreement. The new owner shall not be permitted to net meter or begin parallel operations until the new owner assumes this Agreement or executes a new Agreement.

28. This Agreement supersedes all previous agreements and representations either written or verbal heretofore made between OEU and Customer with respect to matters herein contained. This Agreement, when duly executed, constitutes the only Agreement between parties hereto relative to the matters herein described. This Agreement shall continue in effect from year to year until either party gives sixty (60) days' notice of its intent to terminate this Agreement.

(Continued on Sheet No. 21.7)

Docusign Envelope ID: F04F2D2B-1FB9-4842-ADFB-83EE1093B70F

29. This Agreement shall be governed by and construed and enforced in accordance with the laws, rules and regulations of the State of Florida and OEU's tariff as it may be modified, changed, or amended from time to time, including any amendments modification or changes to OEU's Net-Metering Service Rate Schedule, the schedule applicable to this Agreement. The Customer and OEU agree that any action, suit, or proceeding arising out of or relating to this Interconnection Agreement shall be initiated and prosecuted in the state court of competent jurisdiction located in Marion County, Florida, and OEU and the Customer irrevocably submit to the jurisdiction and venue of such court. To the fullest extent permitted by law, each Party hereby irrevocably waives any and all rights to a trial by jury and covenants and agrees that it will not request a trial by jury with respect to any legal proceeding arising out of or relating to this Interconnection Agreement.

None of the provisions of this Interconnection Agreement shall be considered waived by either Party except when such waiver is given in writing. No waiver by either Party of any one or more defaults in the performance of the provisions of this Interconnection Agreement shall operate or be construed as a waiver of any other existing or future default or defaults. If any one or more of the provisions of this Interconnection Agreement or the applicability of any provision to a specific situation is held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of this Interconnection Agreement and all other applications of such provisions shall not be affected by any such invalidity or unenforceability. This Interconnection Agreement does not govern the terms and conditions for the delivery of power and energy to non-generating retail customers of OEU's electrical distribution system.

30. This Agreement incorporates by reference the terms of the tariff filed with the Florida Public Service Commission by OEU, including OEU's Net-Metering Service Rate Schedule, and associated technical terms and abbreviations, general rules and regulations and standard electric service requirements (as may be applicable) are incorporated by reference, as amended from time to time. To the extent of any conflict between this Agreement and such tariff, the tariff shall control.

31. OEU and Customer recognize that the Florida Statutes and/or the Florida Public Service Commission Rules, including those directly addressing the subject of this Agreement, may be amended from time to time. In the event that such statutes and/or rules are amended that affect the terms and conditions of this Agreement, OEU and Customer agree to supersede and replace this Agreement with a new Interconnection Agreement, which complies with the amended statutes/rules.

Docusign Envelope ID: F04F2D2B-1FB9-4842-ADFB-83EE1093B70F

32. Customer acknowledges that its provision of electricity to OEU hereunder is on a first-offered, first-accepted basis and subject to diminution and/or rejection in the event the total amount of electricity delivered to OEU pursuant to the OEU's Net-Metering Service Rate Schedule, (as filed with the Florida Public Service Commission), from all participating OEU customers, exceeds two and one-half percent (2.5%) of the aggregate customer peak demand on the OEU system.

33. This Agreement is solely for the benefit of OEU and Customer and no right nor any cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon any person or corporation other than OEU or Customer, any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and, all provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and be binding upon OEU and Customer and their respective representatives, successors, and assigns. Further, no term or condition contained in this Agreement shall be construed in any way as a waiver by OEU of the sovereign immunity applicable to OEU as established by Florida Statutes, 768.28.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Any additional conflicts of interest that may occur during the contract term must be disclosed to the City of Ocala Procurement Department.

15. **WAIVER.** The failure or delay of any party at any time to require performance by another party of any provision of this Agreement, even if known, shall not affect the right of such party to require performance of that provision or to exercise any right, power or remedy hereunder. Any waiver by any party of any breach of any provision of this Agreement should not be construed as a waiver of any continuing or succeeding breach of such provision, a waiver of the provision itself, or a waiver of any right, power or remedy under this Agreement. No notice to or demand on any party in any circumstance shall, of itself, entitle such party to any other or further notice or demand in similar or other circumstances.

16. **SEVERABILITY OF ILLEGAL PROVISIONS.** Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the applicable law. Should any portion of this Agreement be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Agreement.

18. **NO WAIVER OF SOVEREIGN IMMUNITY.** Nothing herein is intended to waive sovereign immunity by the City to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

23. **JURISDICTION AND VENUE.** The parties acknowledge that a majority of the negotiations, anticipated performance and execution of this Agreement occurred or shall occur in Marion County, Florida. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought only in the courts of record of the State of Florida in Marion County or the United States District Court, Middle District of Florida, Ocala Division. objection to the laying of venue of any such civil action or legal proceeding in such court and/or the right to bring an action or proceeding in any other court. Service of any court paper may be effected on such party by mail, as provided in this Agreement, or in such other manner as may be provided under applicable laws, rules of procedures or local rules.

24. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all whom shall be bound by the provisions hereof.
25. **MUTUALITY OF NEGOTIATION.** Contractor and City acknowledge that this Agreement is a result of negotiations between Contractor and City, and the Agreement shall not be construed in favor of, or against, either party because of that party having been more involved in the drafting of the Agreement.
26. **SECTION HEADINGS.** The section headings herein are included for convenience only and shall not be deemed to be a part of this Agreement.
27. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or because of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.
28. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both parties to this Agreement.
29. **COUNTERPARTS.** This Agreement may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.
30. **ELECTRONIC SIGNATURE(S).** Contractor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.
31. **ENTIRE AGREEMENT.** This Agreement, including exhibits, (if any) constitutes the entire Agreement between the parties hereto with respect to the subject matter hereof. There are no other representations, warranties, promises, agreements or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. No course of prior dealings between the parties and no usage of trade shall be relevant or admissible to supplement, explain, or vary any of the terms of this Agreement. No representations, understandings, or agreements have been made or relied upon in the making of this Agreement other than those specifically set forth herein.

submission in response to this solicitation. Required materials and services will be specifically enumerated, described, and depicted in the Purchase Orders authorizing purchase of specific materials and services. This Agreement standing alone does not authorize the purchase of materials and services or require COUNTY to place any orders for work.

Section 2. Term. This Agreement takes effect on the date of its execution by COUNTY and continues for a period of three (3) years. At the sole option of COUNTY, this Agreement may be renewed for two (2) successive periods not to exceed one (1) year each. Renewals are wholly contingent on the availability of funds. Expiration of the term of this Agreement will have no effect upon Purchase Orders issued pursuant to this Agreement and prior to the expiration date. Obligations entered by both parties under such Purchase Orders will remain in effect until delivery and acceptance of the materials authorized by the respective Purchase Order. The first three (3) months of the initial term are considered probationary. During the probationary period, COUNTY may immediately terminate this Agreement at any time, with or without cause, upon written notice to CONTRACTOR.

Section 3. Authorization for Materials and/or Services. Authorization for provision of materials and services by CONTRACTOR under this Agreement must be in the form of written Purchase Orders issued and executed by COUNTY. A sample Purchase Order is attached as Exhibit B. Each Purchase Order will describe the materials and services required, state the dates for delivery of materials and services, and establish the amount and method of payment. The Purchase Orders must be issued under and incorporate the terms of this Agreement. COUNTY makes no covenant or promise as to the number of available Purchase Orders or that CONTRACTOR will perform any Purchase Order for COUNTY during the life of this Agreement. COUNTY reserves the right to contract with other parties for the services contemplated by this Agreement when it is determined by COUNTY to be in the best interest of COUNTY to do so.

Section 4. Time for Completion. The materials and services to be provided by CONTRACTOR will be delivered, as specified in such Purchase Orders as may be issued under this Agreement, within the time specified in the Purchase Order.

Section 5. Compensation. COUNTY shall compensate CONTRACTOR for the materials and services provided for under this Agreement on a Fixed Fee basis at the rates as outlined in Exhibit C. When a Purchase Order is issued on a Fixed Fee basis, then the applicable Purchase Order Fixed Fee amount will include any and all reimbursable expenses and will be based on the unit pricing attached to this Agreement, or as reduced in the quoting process leading to specific Purchase Orders.

Section 6. Payment and Billing.

(a) CONTRACTOR shall supply all materials and services required by the Purchase Order, but in no event will CONTRACTOR be paid more than the negotiated Fixed Fee amount stated within each Purchase Order.

(b) For Purchase Orders issued on a Fixed Fee basis, CONTRACTOR may invoice the amount due based on the percentage of total Purchase Order materials and services actually provided, but in no event may the invoice amount exceed a percentage of the Fixed Fee amount equal to a percentage of the total services actually completed.

(c) COUNTY shall make payments to CONTRACTOR when requested as materials and services are provided, but not more than once monthly. Each Purchase Order will be invoiced separately. At the close of each calendar month, CONTRACTOR shall render to COUNTY an itemized invoice, properly dated, describing any materials and services provided, the cost of the materials and services provided, the name and address of CONTRACTOR, Purchase Order Number, Contract Number, and any other information required by this Agreement.

(e) Upon review and approval of CONTRACTOR's invoice, COUNTY shall pay CONTRACTOR the approved amount in accordance with the terms as set forth in Chapter 218, Part VII, Florida Statutes.

will be used to calculate final payment to CONTRACTOR. Performance of this audit will not delay final payment as provided by subsection (a) of this Section.

(c) CONTRACTOR shall maintain all books, documents, papers, accounting records, and other evidence pertaining to materials and services provided under this Agreement in such a manner as will readily conform to the terms of this Agreement. CONTRACTOR shall make such materials available at CONTRACTOR's office at all reasonable times during the term of this Agreement and for five (5) years from the date of final payment under the contract for audit or inspection as provided for in subsection (b) of this Section.

(d) In the event any audit or inspection conducted after final payment but within the period provided in paragraph (c) of this Section reveals any overpayment by COUNTY under the terms of the Agreement, CONTRACTOR shall refund such overpayment to COUNTY within thirty (30) days of notice by COUNTY.

Section 8. No Waiver by Forbearance. COUNTY's review of, approval and acceptance of, or payment for the materials or services required under this Agreement does not operate as a waiver of any rights under this Agreement, or of any cause of action arising out of the performance of this Agreement. CONTRACTOR is and will always remain liable to COUNTY in accordance with applicable law for any and all damages to COUNTY caused by CONTRACTOR's negligent or wrongful provision of any of the materials or services provided under this Agreement.

Section 9. Termination.

(a) COUNTY may, by written notice to CONTRACTOR, terminate this Agreement or any Purchase Order issued under this Agreement, in whole or in part, at any time, either for COUNTY's convenience or because of the failure of CONTRACTOR to fulfill its obligations under this Agreement. Upon receipt of such notice, CONTRACTOR shall immediately discontinue all services affected, unless the notice directs otherwise, and deliver to COUNTY all

data, drawings, specifications, reports, estimates, summaries, and any and all such other information and materials of whatever type or nature as may have been accumulated by CONTRACTOR in performing this Agreement, whether completed or in process.

(b) If the termination is for the convenience of COUNTY, CONTRACTOR will be paid compensation for services performed to the date of termination.

(c) If the termination is due to the failure of CONTRACTOR to fulfill its obligations under this Agreement, COUNTY may take over the work and carry it to completion by other agreements or otherwise. In such case, CONTRACTOR will be liable to COUNTY for all reasonable additional costs associated with CONTRACTOR's failure to fulfill its obligations under this Agreement.

(d) CONTRACTOR will not be liable for such additional costs if the failure to perform the Agreement arises without any fault or negligence of CONTRACTOR, but CONTRACTOR will be responsible and liable for the actions by its subcontractors, agents, employees, persons, and entities of a similar type or nature. Matters beyond the fault or negligence of CONTRACTOR include acts of God or of the public enemy, acts of COUNTY in its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather, but in every case the failure to perform must be beyond the control and without any fault or negligence of CONTRACTOR.

(e) If after notice of termination for CONTRACTOR's failure to fulfill its obligations under this Agreement it is determined that CONTRACTOR had not so failed, the termination will be conclusively deemed to have been effected for the convenience of COUNTY. In such event, adjustment in the Agreement price will be made as provided in subsection (b) of this Section.

Section 10. Conflict with Contract Documents. Wherever the terms of this Agreement conflict with any Purchase Order issued pursuant to it or any other contract documents, including bids or proposals previously submitted by CONTRACTOR, this Agreement will prevail. For the avoidance of doubt, bid/proposals and any other documents submitted by CONTRACTOR are not incorporated into this Agreement, unless expressly stated otherwise.

Section 11. Equal Opportunity Employment. CONTRACTOR shall not discriminate against any employee or applicant for employment for work under this Agreement because of race, color, religion, sex, age, disability, or national origin. CONTRACTOR shall take steps to ensure that applicants are employed and employees are treated during employment without regard to race, color, religion, sex, age, disability, or national origin. For the breach or violation of this provision, COUNTY will have the right to terminate the Agreement at its sole discretion without liability and

to deduct from the Agreement price or otherwise recover the full amount of such fee, commission, percentage, gift, or consideration.

Section 13. Conflict of Interest.

(a) CONTRACTOR shall not engage in any action that would create a conflict of interest in the performance of its obligations pursuant to this Agreement with COUNTY or violate or cause others to violate the provisions of Chapter 112, Part III, Florida Statutes, relating to ethics in government.

(b) CONTRACTOR hereby certifies that no officer, agent, or employee of COUNTY has any material interest (as defined in Section 112.312(15), Florida Statutes, as over 5%), either directly or indirectly, in the business of CONTRACTOR to be conducted under this Agreement and that no such person will have any such interest at any time during the term of this Agreement.

Section 14. Assignment. Neither this Agreement nor any interest in it may be assigned, transferred, or otherwise encumbered under any circumstances by either party without prior written consent of the other party and in such cases only by a document of equal dignity with this Agreement.

Section 17. Insurance.

(a) CONTRACTOR, at its sole expense, shall maintain the insurance required under this Section at all times throughout the duration of this Agreement and have this insurance approved by COUNTY's Risk Manager with the Resource Management Department. (5) COUNTY's authority to object to insurance does not in any way whatsoever give rise to any duty on the part of COUNTY to exercise this authority for the benefit of CONTRACTOR or any other party.

(b) General Requirements.

(1) Before commencing work, CONTRACTOR shall furnish COUNTY with a current Certificate of Insurance on a current ACORD Form signed by an authorized representative of the insurer evidencing the insurance required by this Section and Exhibit D. **The Certificate must have the Agreement number for this Agreement clearly marked on its face**, and including the following as Certificate Holder:

(4) The insurer's cost of defense, including attorney's fees and attorney's fees on appeal, must not be included within the policy limits, but must remain the responsibility of the insurer for all General Liability, Auto Liability, Employers' Liability, and Umbrella Liability coverages.

(5) In the event of loss covered by Property Insurance, the proceeds of a claim must be paid to COUNTY and COUNTY shall apportion the proceeds between COUNTY and CONTRACTOR as their interests may appear.

(6) Additional Insured: Seminole County, Florida, its commissioners, officials, officers, and employees must be included as Additional Insureds under General Liability, Umbrella Liability, Business Auto Liability, Pollution Liability, and Cyber Liability policies. (9) Provision: Commercial General Liability and Umbrella Liability Policies, if required by this Agreement or Exhibit D, must be provided on an occurrence rather than a claims-made basis.

(c) Insurance Company Requirements. Insurance companies providing the insurance must meet the following requirements.

(1) Such companies must be either: (a) authorized by maintaining Certificates of Authority or Letters of Eligibility issued to the companies by the Florida Office of Insurance Regulation to conduct business in the State of Florida, or (b) with respect only to the coverage required by this Agreement for Workers' Compensation/Employers' Liability, authorized as a group self-insurer by Section 624.4621, Florida Statutes, as this statute may be amended from time to time.

Approval of exemption is subject to COUNTY's sole discretion. If approved, the named individuals listed in COUNTY'S approved exemption will be the only individuals authorized to perform work under this Agreement.

INTRODUCTION AND INTENT
The purpose of these specifications is to provide guidance for contracting services to Seminole County Utilities Department, specifically for smoke testing and related work on wastewater gravity sewer systems operated and maintained by Seminole County Utilities Department.

The following tasks shall be performed by the Contractor within wastewater pumping station collection basins designated by the County, or specific sewer shed basins identified by the county for the purpose of smoke testing.

SECTION 1. INSPECTING MANHOLES
Inspect manholes for damage, leakage or other operating or structural problems. This inspection should include documentation of adverse conditions (including a photograph) and GPS location. All data should be correlated to the manhole asset number provided by the County Utilities Engineering Department's GIS specialist or designated individual. It is not intended that manhole inspections meet the standards of NASSCO's MACP, but they must provide adequate information to indicate the need for follow up owner investigation and potential action. Should the Contractor provide NASSCO MACP inspections, the County will accept the standard. At a minimum, manhole inspections shall include the following data attributes:

- Owner provided unique identifier
- Date of inspection
- GPS XY coordinates
- Closest street address
- Ring & Cover material
- Chimney material
- Manhole type ("brick" or "pre-cast")
- Manhole lined? ("yes" or "no")
- Liner Type ("none", "cementitious", "epoxy", "other")

Inspection results shall be provided by wastewater lift station basin and organized in a spreadsheet or database table. Results shall be provided electronically. The County reserves the right to specify deliverable format conducive to County specific reporting standards. Should the county require specific deliverables, the County will provide format for Contractor to utilize, or County and Contractor can develop desired deliverables based on metrics agreed upon between both parties.

SECTION 2. SEALING MANHOLE CHIMNEYS

The work covered under this section includes, but is not limited to, all labor, equipment, materials, supervision and any other efforts required to seal the manhole chimney as outlined herein. The intent of the chimney seal is to prevent inflow from the area beneath the rim of the manhole, but above the cone. The chimney includes the ring, cement extensions, lift rings, brick or cement used to raise the manhole ring.

The chimney seal shall be installed using ElastaSeal® internal manhole sealing system or equivalent as approved by the Engineer (approval will be based on parameters below and installed experience in the southeastern United States) that specifies a primer material to stick to the concrete, and a flexible seal. The seal is to be of an aramid fiber reinforced flexible, but resistant, material to account for surface loading changes that create most chimney damage. The sealing materials shall have the following parameters:

Primer coat:

- Specific gravity > 1.0
- >90 % solids as measured by ASTM D2369

- High pressure sandblast chimney and ring to create a dry, clean surface. Surface shall be clean from dust and moisture.
- Mastic Primer coat shall be applied to clean chimney material and applied in accordance with manufacturer instructions. Coating shall cure for a minimum of 30 minutes or as specified by the manufacturer prior to application of lining
- Lining material shall be applied on top of primer in accordance with manufacturer instructions.
- The primer and lining shall have a finished, dry thickness greater than 120mil.
- The manhole shall be opened once to install primer and liner to minimize disruptions to traffic.
  - NOTE: Concrete must be at least 28 days old with a compressive strength of 3500psi prior to application of sealant.
  - NOTE: If the manhole chimney is in such a state of disrepair that it cannot accommodate the proper installation sealer, the Contractor shall make a notation in the comment section of the manhole inspection report to provide the County the opportunity to repair or replace it.

SECTION 3. INSTALLATION OF RAIN DISHES

The work covered under this section includes, but is not limited to all labor, equipment, materials, supervision and any other efforts required to install rain dishes in manholes. Dishes shall be effective in keeping out rain, sand, dirt chemical spills and other materials from entering manhole.

- The lift strap shall be made from a woven nylon material, securely adhered to the inflow dish body interior, with a corrosion resistant fastener assembly consisting of no less than two washers with the largest being no smaller than 1.25 inches.
- For proper abatement results, the inflow dish, when installed, must seat fully flush within the manhole frame rim seat area. Frame must be cleaned of all dirt and debris prior to installation.
- Manufacturer shall have five-year warranty on manhole inflow dishes standard. Manufacture date molded into inflow dish body. Gasket Seal does not need to be included in the warranty.
- To ensure proper fit with manholes, inflow dishes will be manufactured to specific measurements field obtained by contractor.

Alternative inflow dish manufacturer must provide engineer with their inflow dish specifications and samples for review and acceptance.

Installation

- Remove manhole cover
- Contractor shall wipe all manhole ring flange area to remove soil and moisture from the interior of ring.
- Measure manhole interior to find smallest diameter.
- Install appropriate rain dish.

A list of manholes receiving rain dishes shall be provided to the County.

SECTION 4. SMOKE TESTING

The Contractor shall furnish all items (labor, equipment, materials and supervision) necessary to complete smoke testing of all assigned basins.
Smoke Testing will be used to determine the sources of entry into the collection system of surface waters (surface inflow) on both public and private property. This includes catch basins, stormwater, ground water, irrigation, or other forms of water intrusion into the collection system.

- The sources of entry into the collection system of illegal connections on both public and private property such as downspout connections or industrial connections, yard drains, or cooling water.
- The sources of entry into the collection system due to broken or missing cleanouts
- Lost manholes.
- Breaks in the main sewers or laterals that leach to the surface

- Contractor shall document each case of improper entry or damage to the collection system and provide a report which will include the physical address, GPS coordinates, a detailed map indicating the breach point and include photographic proof of same to the County.

Preparations

- Smoke testing of all collections systems may affect occupants of buildings connected to the line being tested. Factors such as defects in the sewer system of buildings, dry traps, defective wax beneath toilets, terminated vents or breaks, missing or unsealed cleanouts of any kind will cause smoke to enter the building. It is imperative to avoid a public relations problem caused by panic or alarm if workers or residents suddenly see smoke in their building.
- Adequate preparation plus notification of all residents by door hanger a minimum of 72 hours in advance of smoke testing shall be the responsibility of the Contractor. All customer notification material must be presented to the Utility for acceptance prior to use.
- It shall be the responsibility of the Contractor to provide adequate notification to the fire department, police department and emergency services of the anticipated smoke testing schedule and to notify the departments at the start of each day in an area to avoid the departments diverting their attention to false alarms caused by smoke testing.
- It shall be the responsibility of the Contractor to ensure that all operators who participate in the smoke testing be fully trained and briefed in the handling of residents and business owners who discover smoke in their buildings or in their yards.
- It shall be the responsibility of the contractor to assure that all operators involved in smoke testing be trained that any smoke in a building is an indication of sewer gases from the sewer entering the building and to advise the homeowner that immediate action to correct the problem is needed for the health and safety of the building occupants.
- The County reserves the right to require contractor to coordinate some or all public communications with the County's Public Information Office or other designated body specified by the County.

Operation

At the start of each operation, the smoke blower will be located over the manhole. (Smoke testing shall not be conducted on windy or wet days). The blower will be started, and liquid smoke will be deployed. Smoke bombs are not to be used. As soon as the liquid smoke has been blown into the manhole, the operators and recorders shall be instructed to move out according to prearranged plans to canvas the area affected by the smoke testing. Observers will look for smoke rising from the ground that may indicate:

- The sources of entry into the collection system of surface waters (surface inflow) on both public and private property. This includes catch basins, storm sewer or irrigation.
- The sources of entry into the collection system of illegal connections on both public and private property such as downspout connections or industrial connections, yard drains, or cooling water.
- The sources of entry into the collection system due to broken or missing cleanouts.
- Lost manholes
- Brakes in the main sewers or laterals that leach to the surface

Observers will pay particular attention to smoke rising around the foundation of the house where the service pipe likely enters the building.

Recording
Contractor shall employ electronic means to document each case of improper entry or damage to the collection system. These electronic means shall embed the collected information directly into the file of each defect to avoid recording errors.

As a minimum, smoke testing observations will include:

- Wastewater lift station basin identifier
- The street address
- GPS coordinates of observation
- A digital photograph illustrating the observation (minimum of 5 megapixel)
- Specific notes to permit follow-up activity (source, reason, location)
- Type of break ("lateral", "manhole", "main")
- Ring & Cover Break ("broken", "alignment", " missing", "seating")
- Lateral Break ("open" or "broken")
- Material Type of Cleanout
- Size of Cleanout (diameter)
- Private or Public

The contractor shall locate the observations along with the recorded information on a detailed map and report to the Utility. Locations and call outs for each defect shall be included on the map. Paint a mark on the street, using green temporary marking chalk, to assist the Utility in finding defects for follow-up activity.

Reports will be provided to the Utility no later than five (5) business days from the completion of any given section or basin. Reports will be provided in hardcopy and electronic format.

Smoke Test Result Reporting
Contractor shall document each case of improper entry or damage to the collection system and provide best case estimate as to the flow and cost incurred by the Utility because of the defect. To accomplish this, the observers will:

- Record the type of defect
- Record the severity of the defect
- Record the topography influencing the defect
- Record the volumes of smoke emanating from the defect

Contractor shall apply the recorded information to generate a detailed report to the Utility which will:

- Estimate the number of gallons entering the various defects per one-inch rain fall
- Estimate the number of gallons entering the smoked area per one-inch rain fall
- Estimate the cost to process the inflow entering the various defects per one-inch rain fall
- Estimate the cost to process the inflow entering the smoked area per one-inch rain fall

Provide a detailed estimate of the percentage of inflow and cost to process the inflow, broken down into four categories:

- Lift station
- Chimney Sections
- Ring and Cover
- Laterals

SECTION 5. INSTALLATION OF CLEANOUT CAPS

The work covered under this section includes, but is not limited to all labor, equipment, materials, supervision and any other efforts required to replace cleanout caps where necessary within the Utility's control.

Minor cleanout repairs, limited to replacement of missing or broken cap, coupling or riser (limited to 12" below grade) can be performed by the Contractor provide the homeowner agrees and signs a release. It is expected that the Contractor will attempt to notify the homeowner and acquire approval to perform the repairs (limited to those identified above).

Where applicable, these locations shall be correlated to smoke test observation locations.

SECTION 6. INSTALLATION OF CLEANOUT PLUG (Optional Activity)

The Utility may elect to install cleanout plugs, in lieu of cleanout caps. The County's representative will make this decision based on the potential for repeated damage to cleanout caps resulting in continued inflow into the collection system.

The work covered under this section includes, but is not limited to all labor, equipment, materials, supervision and any other efforts required to install LDL® or equivalent plugs in the broken or open cleanouts within the Utility's control during smoke testing.

The plug shall be an LDL® Clean-Out Plug or equivalent consisting of the following:

- Plug body shall be molded, one-piece, synthetic urethane polymer material designed to align and seal cleanout.
- Inner seal of plug shat 1 consist of a PVC material fabricated with an internal tapered, beveled seat with a thickness of .187 in and overall height of 1.25 in.
- Plug will not permit gases to escape past it.
- Plug will not permit sewage to flow past it.
- Plug will be removable by utility crews from the surface using embedded hardware molded into the plug body with a corrosion resistant material
- Retrieval hasp and hardware shat l be made of corrosion resistant material and shall protrude at least one inch above the plug body and have a thickness of0. l 87 in.
- Plug shall have embedded steel to permit surface detection by metal detector.

Installation

- Remove cleanout cap (broken or otherwise).
- Contractor shall wipe all cleanouts to remove soil and moisture from the interior of cleanout stack. All loose materials shall be removed by Contractor as they would interfere with plug.
- Contractor will scuff the interior of stack with a file hone.
- Swab interior scuffed area with PVC cleaner.
- Swab exterior of inner seal ring of plug with PVC cleaner.
- Apply PVC glue to interior walls of cleanout and exterior of inner seal ring of plug.
- With surface tools, slide inner seal ring into appropriate point in cleanout. Align with depth gauge installation tool. Twist to glue in place.
- Let cure for 60 seconds.
- Install plug.

NOTE: If the clean-out stack is in such a state of disrepair that it cannot accommodate the proper installation of the cleanout plug, the Contractor shall make a notation in the comment section of the smoke testing report to provide the Utility the opportunity to repair or replace it.

Where applicable, these locations shall be correlated to smoke test observation locations.

SECTION 7. REPORT

The Contractor shall furnish all items (labor, equipment, materials and supervision) necessary to complete a project report. The project report will provide the Utility with a record of work completed and observations made throughout the project. A spreadsheet containing the following will be provided as part of the report:

Manholes

- Frame - type, size and general condition of frame and cover
- Chimney - type, general condition and existence of liner in chimney
- Barrel and invert - type, general condition
- Pipes - type, sizes, number of pipes in manholes
- Depth and conditions of manhole, noting any invasion of roots or corrosion in manhole structure

Cleanouts (included for all requiring cap replacement)

- Depth and condition of the cleanout, noting any invasion of roots in service line or damage

The Utility shall provide a map of the collection system within the project area. The map will label each manhole and sewer cleanout with a unique identifier. This identifier shall be used to reference to work performed and observations made.

SECTION 8. LIFT STATION BASIN INFILTRATION INVESTIGATION

Conduct field investigation to determine the volume of infiltration entering the collection system through structural defects. Identify gravity mains for follow-up CCTV based on upstream and downstream manhole water levels and estimated flow rates. Investigations should be performed during periods of low use - as defined by the Utility's diurnal curves.

Methodology to be used for the investigation shall be documented and followed. Observed data used to reach conclusions or make recommendations must be provided in the report. Recommendation provided in the report should be prioritize in order of significance.

SECTION 9. EXCEPTIONS

It is the intent of Seminole County to have specific processes completed within this project scope to a standard acceptable to the County. Due to the standard requested, some specific products or processes are outlined in this scope. Should a contractor desire to utilize different materials or processes as outlined in this scope, the County can approve, at the County's discretion, a different

material or process. Before any variance from the original scope is approved, the County and Contractor must come to a specified agreement before the change can take place, and the change cannot increase costs as identified in the bid form.

SECTION 10. EMERGENCY NOTIFICATIONS

As contractors work throughout the Seminole County service area, encounters with unsafe situations may arise. Any unsafe condition uncovered by the contractor must be reported to the County immediately upon discovery. Unsafe condition examples can be a found depression, leaking water or sewer, damaged sewer infrastructure, etc. Some specific instances of dangerous or unusual situations are vertical misalignments, specifically manholes, where a manhole cover ¼ inch or more out of vertical alignment with the sidewalk is actionable to report. If any unsafe or actionable situation is discovered, the contractor shall document the findings and report it to the project manager for Seminole County, or contact the customer service department at 407-665-2110, or via email at wscustomerservice@seminolecountyfl.gov.

9. Insurance. Supplier, at its sole expense, shall maintain insurance coverage acceptable to County. All policies must name County as an additional insured. All Insurance Certificates must be provided to the Purchasing and Contracts Division within ten (10) days of request. Supplier shall notify County, in writing, of any cancellation, material change, or alteration to Supplier's Certificate of Insurance.

10. Modifications. PO may be modified or rescinded in writing by County.

11. Material Safety Data Sheets. At time of delivery, Supplier agrees to provide County with a current Material Safety Data Sheet for any hazardous chemicals or toxic substances, as required by law.

12. Pricing. Supplier agrees that pricing included on PO shall remain firm through and until delivery of goods and/or completion of services, unless otherwise agreed to by the Parties in writing.

13. Invoicing & Payment. After delivery of goods/services by Supplier and acceptance by the County, the Supplier must electronically submit an original invoice via email to AP@seminoleclerk.org or may mail the invoice, if electronic invoice is not available, to: Seminole County Clerk of the Circuit Court and Comptroller, P.O. Box 8080, Sanford, Florida 32772. Invoices must be billed at pricing stipulated on PO and must include the County's Purchase Order Number. Thereafter, all payments and interest on any late payments will be paid in compliance with Florida Prompt Payment Act, §218. 70, Florida Statutes.

15. Termination. County may terminate PO, in whole or in part, at any time, either for County's convenience or because of Supplier's failure to fulfill its obligations under PO, by written notice to Supplier. Upon receipt of written notice, Supplier must discontinue all deliveries affected unless written notice directs otherwise. In the event of termination, County will be liable only for materials procured, work completed or services rendered or supplies partially fabricated, within the authorization of PO. In no event will County be liable for incidental or consequential damages by reason of such termination.

16. Equal Opportunity Employer. County is an Equal Employment Opportunity ("EEO") employer, and as such, requires all Suppliers to comply with EEO regulations with regards to race, color, religion, sex, national origin, age, disability or genetic information, as may be applicable to Supplier. Any subcontracts entered into, as authorized by County, must make reference to this clause with the same degree of application being encouraged.

20. Public Records. Supplier acknowledges that PO and any related financial records, audits, reports, plans, correspondence and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Supplier shall maintain all public records and, upon request, provide a copy of requested records or allow records to be inspected within a reasonable time. Supplier shall also ensure that any public records that are exempt or confidential from disclosure are not disclosed except as authorized by law. In event Supplier fails to abide by provisions of Chapter 119, Florida Statutes, County may, without prejudice to any other right or remedy and after giving Supplier seven (7) days written notice, during which period Supplier still fails to allow access to such documents, terminate PO. **IF SUPPLIER HAS QUESTIONS REGARDING APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO SUPPLIER' S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO PO, CONTACT CUSTODIAN OF PUBLIC RECORDS AT: 407-665-7116, PURCH@SEMINOLECOUNTYFL.GOV, PURCHASING AND CONTRACTS DIVISION, 1301 E.    (max reimbursement of $25,000 per drone)

Provide any additional information we should consider when reviewing this request.

Ocala Fire Rescue is requesting the acquisition of two new drones to enhance our emregency response capabilities. These new assets will be integrated into our operations for every day response, special events, fire investigations/inspections, joint operations with our local law enforcement agencies and managing complex high-hazard incidents (IE: commercial structure fires, large-scale incidents, and Hazardous Materials response.) The drones are a critical tool for protecting our community and our first responders by providing essential information before they are placed in harm's way. The two drones we currently possess-generously donated by Florida Highway Patrol-are rapidly becoming unusable as the manufacturer has discontinued the model. In the short time we've had them, they have proven invaluable.

By signing below, I am submitting the request to receive funding in accordance with the revised Drone Replacement Program guidelines cited above.

The following terms and conditions will be binding upon approval of the grant award and execution of the contract by both the Recipient and the Florida Department of Law Enforcement. The Recipient will maintain required registrations and certifications for eligibility under this program.

The Department and the Recipient agree that they do not contemplate the development, transfer or receipt of intellectual property as a part of this agreement.

SECTION I: PROJECT IMPLEMENTATION

Legal Authority: The Recipient certifies with respect to this agreement that it possesses the legal authority to receive the funds to be provided under this agreement and that, if applicable, its governing body has authorized, by resolution or otherwise, the execution and acceptance of this agreement with all covenants and assurances contained herein. The Recipient also certifies that the undersigned possesses the authority to legally execute and bind Recipient to the terms of this agreement.

Not Operational within 60 and 90 Days: If a project is not operational within 60 days of the original start date of the award period, the Recipient must report by letter to the Department the steps taken to initiate the project, the reasons for delay, and the expected start date. If a project is not operational within 90 days of the original start date of the award period, the Recipient must submit a second statement to the Department explaining the implementation delay. Upon receipt of the 90-day letter, the Department shall determine if the reason for delay is justified or shall, at its discretion, require additional project documentation and justifications throughout the award period. The Department will also require the Recipient provide a revised project timeline that includes all anticipated project activities, tasks, and estimated completion date(s).

SECTION II: PAYMENTS

Obligation to Pay: The State of Florida's obligation to pay under this agreement is contingent upon an appropriation by the Legislature.

Overpayments: Any funds paid in excess of the amount to which the Recipient is entitled under the terms and conditions of the agreement must be refunded to the Department. Any balance of unobligated cash that has been paid and has not been authorized to be retained for direct program costs in a subsequent period must be refunded to the Department.

Advance Funding (Drone Program Only): Advance funding may be provided to a Recipient upon completion and submission of the following to the assigned FDLE Grant Manager: (1) a completed "Compliant Drone Cash Advance Request" form, (2) a valid, executed Purchase Order, and (3) vendor quote(s) for the compliant drone. The request form must be signed by the Chief Official. Advanced funds must be spent on drone purchase within 30 days of receipt. In order to reconcile the Cash Advance, the Recipient must provide the invoice and proof of payment for the compliant drone to the assigned FDLE Grant Manager within 45 days of the receipt of the advanced funding. Should extenuating circumstances arise which prevent the expenditure of advance funds within 30 days of receipt, or the provision of required documentation to reconcile the funds, a written request to retain the funds must be provided by the Recipient and approved by the Department. Failure to provide documentation will result in a refund of any advanced funding.

SECTION III: PROJECT AND GRANT MANAGEMENT

Personnel Changes: The Recipient must notify the FDLE grant manager of any change in the Chief Officials or Project Director or any change in contact information, including mailing address, phone number, email, or title change.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

If the Recipient subcontracts any or all of the work required under this agreement, the Recipient must provide a completed DFS-A2-NS (Recipient-Subrecipient vs. Vendor Determination) form and a copy of the executed subcontract within thirty (30) days after execution of the subcontract. The Recipient agrees to include in the subcontract that (i) the subcontractor is bound by all applicable state and federal laws and regulations, and (ii) the subcontractor shall hold the Department and Recipient harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this agreement, to the extent allowed and required by law.

Grant Adjustments: Recipients must submit a Request for Grant Adjustment to the FDLE grant manager for substantive changes such as: scope modifications, changes to project activities, target populations, service providers, implementation schedules, project director, designs or research plans set forth in the approved agreement, and for any budget changes affecting a cost category that was not included in the original budget. Adjustments are required when there will be a transfer of 10% or more of the total budget between budget categories. Under no circumstances can transfers of funds increase the total award. In addition, the Recipient must agree through appropriate contract or grant agreement amendment to inform the agency of any changes in total executive compensation between the annual reports. All compensation reports must indicate what percent of compensation comes directly from the State or Federal allocations to the Recipient.

Civil Rights: The Recipient agrees to comply with the Americans With Disabilities Act (Public Law 101-336, 42 U.S.C. Section 12101 et seq.) and shall not discriminate against any employee (or applicant for employment) in the performance of this agreement because of race, color, religion, sex, national origin, disability, age, or marital status. These requirements shall apply to all contractors, subcontractors, subgrantees or others with whom it arranges to provide services or benefits to clients or employees in connection with its programs and activities.

E-Verify: The Department shall consider the employment by any contractor of unauthorized aliens a violation of section 274(e) of the Immigration and Nationalization Act. Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Independent Contractor, Subcontracting and Assignments: In performing its obligations under this agreement, the Recipient shall at all times be acting in the capacity of an independent contractor and not as an officer, employee, or agent of the State of Florida. Neither the Recipient nor any of its agents, employees, subcontractors or assignees shall represent to others that it is an agent of or has the authority to bind the Department by virtue of this agreement, unless specifically authorized in writing to do so.

Timely Payment of Subcontractors: To the extent that a subcontract provides for payment after Recipient's receipt of payment from the Department, the Recipient shall make payments to any subcontractor within 7 working days after receipt of full or partial payments from the Department in accordance with §287.0585, F.S., unless otherwise stated in the agreement between the Recipient and subcontractor. Failure to pay within seven (7) working days will result in a penalty that shall be charged against the Recipient and paid by the Recipient to the subcontractor in the amount of one-half of one percent (.005) of the amount due per day from the expiration of the period allowed for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen (15%) percent of the outstanding balance due.

Notice of Legal Actions: The Recipient shall notify the Department of potential or actual legal actions taken against the Recipient related to services provided through this agreement or that may impact the Recipient's ability to complete the deliverables outlined herein, or that may adversely impact the Department. The Department's Grant Manager will be notified within 10 days of Recipient becoming aware of such actions or potential actions or from the day of the legal filing, whichever comes first.

Property: In accordance with 287.05805, F.S., any State funds provided for the purchase of or improvements to real property are contingent upon the Recipient granting to the State a security interest in the property at least to the amount of the State funds provided for at least five (5) years from the date of purchase or the completion of the improvements or as further required by law.

SECTION VI: RECORDS, AUDITS, AND INFORMATION SECURITY

Records Retention: Retention of all financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to this agreement shall be maintained by the Recipient during the term of this agreement and retained for a period of five (5) years after completion of the agreement or longer when required by law. In the event an audit is required under this agreement, records shall be retained for a minimum period of five years after the audit report is issued or until resolution of any audit findings or litigation based on the terms of this agreement, at no additional cost to the Department. Upon demand, at no additional cost to the Department, the Recipient will facilitate the duplication and transfer of any records or documents during the term of this agreement and the required five (5) year retention period. No record may be withheld, nor may the Recipient attempt to limit the scope of any of the foregoing inspections, reviews, copying, transfers or audits based on any claim that any record is exempt from public inspection or is confidential, proprietary or trade secret in nature; provided, however, that this provision does not limit any exemption to public inspection or copying to any such record. These records shall be made available at all reasonable times for inspection, review, copying, or audit by State, or other personnel duly authorized by the Department.

Records Inspection: Pursuant to Section 216.1366, F.S., in order to preserve the interest of the state in the prudent expenditure of state funds, the Department shall be authorized to inspect the (a) Financial records , papers, and documents of the Contractor that are directly related to the performance of the Contract or the expenditure of state funds, and (b) Programmatic records, papers, and documents of the Contractor which the Department determines are necessary to monitor the performance of the Contract or to ensure that the terms of the Contract are being met. The Contractor shall provide such records, papers, and documents requested by the Department within ten (10) business days after the request is made.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Monitoring: The Recipient agrees to comply with the Department's grant monitoring guidelines, protocols, and procedures; and to cooperate with the Department on all grant monitoring requests, including requests related to desk reviews, enhanced programmatic desk reviews, site visits, and/or Florida Department of Financial Services contract reviews and Expanded Audits of Payment (EAP). The Recipient agrees to provide the Department all documentation necessary to complete monitoring of the award and verify expenditures in accordance with 215.971, F.S. Further, the Recipient agrees to abide by reasonable deadlines set by the Department for providing requested documents. Failure to cooperate with grant monitoring activities may result in sanctions affecting the Recipient's award, including, but not limited to: withholding and/or other restrictions on the Recipient's access to funds, and/or referral to the Office of the Inspector General for audit review.

Florida Single Audit Act (FSAA): The Recipient shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by The Office of the Inspector General (§20.055, F.S.). In the event that the Recipient expends a total amount of state financial assistance equal to or in excess of $750,000 in any fiscal year, the Recipient must have a single audit or project-specific audit in accordance with §215.97, F.S. and the applicable rules of the Department of Financial Services and the Auditor General. In determining the state financial assistance expended in its fiscal year, the Recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Law Enforcement, other state agencies, and other non-state entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a non-state entity for Federal program matching requirements. The schedule of expenditures should disclose the expenditures by contract/agreement number for each contract with the Department in effect during the audit period. All questioned costs and liabilities due the Department shall be fully disclosed in the audit report package with reference to the specific contract number. If the Recipient expends less than $750,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of 215.97, F.S., is not required. In the event that the Recipient expends less than $750,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of 215.97, F.S., the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the Recipient's resources obtained from other than State entities). Pursuant to 215.97(8), F.S., state agencies may conduct or arrange for audits of state financial assistance that are in addition to audits conducted in accordance with §215.97, F.S. In such an event, the state awarding agency must arrange for funding the full cost of such additional audits. Any reports, management letters, or other information required to be submitted to the Department pursuant to this agreement shall be submitted within nine (9) months after the end of the Recipient's fiscal year or within 30 days of the Recipient's receipt of the audit report, whichever occurs first, unless otherwise required by Florida Statutes. Copies of financial reporting packages required by this agreement shall be submitted by or on behalf of the Recipient directly to each of the following:

Recipient's Confidential and Exempt Information: By executing this agreement, the Recipient acknowledges that any information not marked as "confidential" or "exempt" will be posted by the Department on the public website maintained by the Department of Financial Services pursuant to 215.985, F.S. The Recipient agrees that, upon written request of the Department, it shall promptly provide to the Department a written statement of the basis for the exemption applicable to each provision identified by the Recipient as "confidential" or "exempt", including the statutory citation to an exemption created or afforded by statute, and state with particularity the reasons for the conclusion that the provision is exempt or confidential. Any claim by Recipient of trade secret (proprietary) confidentiality for any information contained in Recipient's documents (reports, deliverables or work papers, etc., in paper or electronic form) submitted to the Department in connection with this agreement cannot be waived, unless the claimed confidential information is submitted in accordance with the following two paragraphs.

The Recipient must clearly label any portion of the documents, data, or records submitted that it considers exempt from public inspection or disclosure pursuant to Florida's Public Records Law as trade secret. The labeling will include a justification citing specific statutes and facts that authorize exemption of the information from public disclosure. If different exemptions are claimed to be applicable to different portions of the protected information, the Recipient shall include information correlating the nature of the claims to the particular protected information.

The Department, when required to comply with a public records request including documents submitted by the Recipient, may require the Recipient to expeditiously submit redacted copies of documents marked as trade secret in accordance with this section. Accompanying the submission shall be an updated version of the justification, correlated specifically to redacted information, either confirming that the statutory and factual basis originally asserted remain unchanged or indicating any changes affecting the basis for the asserted exemption from public inspection or disclosure. The redacted copy must exclude or obliterate only those exact portions that are claimed to be trade secret. If the Recipient fails to promptly submit a redacted copy, the Department is authorized to produce the records sought without any redaction of proprietary or trade secret information.

SECTION VII: PENALTIES, TERMINATION, DISPUTE RESOLUTION, AND LIABILITY

Financial Penalties for Failure to Take Corrective Action: Corrective action plans may be required for noncompliance, nonperformance, or unacceptable performance under this agreement. Penalties may be imposed for failures to implement or to make acceptable progress on such corrective action plans.

Termination: The Department reserves the right to unilaterally cancel this agreement for refusal by the Recipient to allow public access to all documents, papers, letters or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the Recipient in conjunction with this agreement, unless the records are exempt pursuant to Article I. Section 24(a), of the Florida Constitution and §119.07(1), F.S. The Department shall be the final authority as to the appropriation, availability and adequacy of funds. In the event the Recipient fails to fully comply with the terms and conditions of this agreement, the Department may terminate the agreement upon written notice. Such notice may be issued without providing an opportunity for cure if it specifies the nature of the noncompliance and states that provision for cure would adversely affect the interests of the State or is not permitted by law or regulation. Otherwise, notice of termination will be issued after the Recipient's failure to fully cure such noncompliance within the time specified in a written notice of noncompliance issued by the Department specifying the nature of the noncompliance and the actions required to cure such noncompliance. In addition, the Department may employ the default provisions in Rule 60A-1.006(3), F.A.C., but is not required to do so in order to terminate the agreement. The Department's failure to demand performance of any provision of this agreement shall not be deemed a waiver of such performance. The Department's waiver of any one breach of any provision of this agreement shall not be deemed to be a waiver of any other breach and neither event shall be construed to be a modification of the terms and conditions of this agreement. The provisions herein do not limit the Department's right to remedies at law or in equity. The validity of this agreement is subject to the truth and accuracy of all the information, representations, and materials submitted or provided by the Recipient in this agreement, in any subsequent submission or response to Department request, or in any

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

submission or response to fulfill the requirements of this agreement, and such information, representations, and materials are incorporated by reference. The lack of accuracy thereof or any material changes shall, at the option of the Department and with thirty (30) days written notice to the Recipient, cause the termination of this agreement and the release of the Department from all its obligations to the Recipient. This agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of this agreement shall lie in Leon County. If any provision hereof is in conflict with any applicable statute or rule, or is otherwise unenforceable, then such provision shall be deemed null and void to the extent of such conflict, and shall be deemed severable, but shall not invalidate any other provision of this agreement. No waiver by the Department of any right or remedy granted hereunder or failure to insist on strict performance by the Recipient shall affect or extend or act as a waiver of any other right or remedy of the Department hereunder, or affect the subsequent exercise of the same right or remedy by the Department for any further or subsequent default by the Recipient. Any power of approval or disapproval granted to the Department under the terms of this agreement shall survive the terms and life of this agreement as a whole. The agreement may be executed in any number of counterparts, any one of which may be taken as an original. In the event of termination, the Recipient will be compensated for any work satisfactorily completed through the date of termination or an earlier date of suspension of work.

Disputes and Appeals: The Department shall make its decision in writing when responding to any disputes, disagreements, or questions of fact arising under this agreement and shall distribute its response to all concerned parties. The Recipient shall proceed diligently with the performance of this agreement according to the Department's decision. If the Recipient appeals the Department's decision, the appeal also shall be made in writing within twenty-one (21) calendar days to the Department's clerk (agency clerk). The Recipient's right to appeal the Department's decision is contained in Chapter 120, F.S., and in procedures set forth in Fla. Admin. Code R.28-106.104. Failure to appeal within this time frame constitutes a waiver of proceedings under Chapter 120, F.S. After receipt of a petition for alternative dispute resolution the Department and the Recipient shall attempt to amicably resolve the dispute through negotiations. Timely delivery of a petition for alternative dispute resolution and completion of the negotiation process shall be a condition precedent to any legal action by the Recipient concerning this agreement.

Liability: Unless the Recipient is a state agency or subdivision, the Recipient shall be solely responsible to parties with whom it shall deal in carrying out the terms of this agreement, and shall save the Department harmless against all claims of whatever nature by third parties arising out of the performance of work under this agreement. For purposes of this agreement, Recipient agrees that it is not an employee or agent of the Department, but is an independent contractor. Nothing herein shall be construed as consent by a state agency of the State of Florida to be sued by third parties in any matter arising out of any contract. Nothing shall be construed affect in any way the Recipient rights, privileges, and immunities under the doctrine of "sovereign immunity" and as set forth in 768.28, F.S.

   (max reimbursement of $25,000 per drone)

Provide any additional information we should consider when reviewing this request.

Ocala Fire Rescue is requesting the acquisition of two new drones to enhance our emregency response capabilities. These new assets will be integrated into our operations for every day response, special events, fire investigations/inspections, joint operations with our local law enforcement agencies and managing complex high-hazard incidents (IE: commercial structure fires, large-scale incidents, and Hazardous Materials response.) The drones are a critical tool for protecting our community and our first responders by providing essential information before they are placed in harm's way. The two drones we currently possess-generously donated by Florida Highway Patrol-are rapidly becoming unusable as the manufacturer has discontinued the model. In the short time we've had them, they have proven invaluable.

By signing below, I am submitting the request to receive funding in accordance with the revised Drone Replacement Program guidelines cited above.

Appendix B – FY2025-26 State Financial Assistance Standard Conditions

The following terms and conditions will be binding upon approval of the grant award and execution of the contract by both the Recipient and the Florida Department of Law Enforcement. The Recipient will maintain required registrations and certifications for eligibility under this program.

The Department and the Recipient agree that they do not contemplate the development, transfer or receipt of intellectual property as a part of this agreement.

SECTION I: PROJECT IMPLEMENTATION

Legal Authority: The Recipient certifies with respect to this agreement that it possesses the legal authority to receive the funds to be provided under this agreement and that, if applicable, its governing body has authorized, by resolution or otherwise, the execution and acceptance of this agreement with all covenants and assurances contained herein. The Recipient also certifies that the undersigned possesses the authority to legally execute and bind Recipient to the terms of this agreement.

Not Operational within 60 and 90 Days: If a project is not operational within 60 days of the original start date of the award period, the Recipient must report by letter to the Department the steps taken to initiate the project, the reasons for delay, and the expected start date. If a project is not operational within 90 days of the original start date of the award period, the Recipient must submit a second statement to the Department explaining the implementation delay. Upon receipt of the 90-day letter, the Department shall determine if the reason for delay is justified or shall, at its discretion, require additional project documentation and justifications throughout the award period. The Department will also require the Recipient provide a revised project timeline that includes all anticipated project activities, tasks, and estimated completion date(s).

SECTION II: PAYMENTS

Obligation to Pay: The State of Florida's obligation to pay under this agreement is contingent upon an appropriation by the Legislature.

Overpayments: Any funds paid in excess of the amount to which the Recipient is entitled under the terms and conditions of the agreement must be refunded to the Department. Any balance of unobligated cash that has been paid and has not been authorized to be retained for direct program costs in a subsequent period must be refunded to the Department.

Advance Funding (Drone Program Only): Advance funding may be provided to a Recipient upon completion and submission of the following to the assigned FDLE Grant Manager: (1) a completed "Compliant Drone Cash Advance Request" form, (2) a valid, executed Purchase Order, and (3) vendor quote(s) for the compliant drone. In order to reconcile the Cash Advance, the Recipient must provide the invoice and proof of payment for the compliant drone to the assigned FDLE Grant Manager within 45 days of the receipt of the advanced funding. Should extenuating circumstances arise which prevent the expenditure of advance funds within 30 days of receipt, or the provision of required documentation to reconcile the funds, a written request to retain the funds must be provided by the Recipient and approved by the Department. Failure to provide documentation will result in a refund of any advanced funding.

SECTION III: PROJECT AND GRANT MANAGEMENT

Personnel Changes: The Recipient must notify the FDLE grant manager of any change in the Chief Officials or Project Director or any change in contact information, including mailing address, phone number, email, or title change.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Only project costs incurred on or after the effective date, and on or prior to the termination date of the Recipient's project are eligible for reimbursement. All payments must be completed within thirty (30) days of the end of the grant period of performance.

Financial Management: The Recipient must have a financial management system able to record and report on the receipt, obligation, and expenditure of grant funds. An adequate accounting system must be able to separately track receipts, expenditures, assets, and liabilities for awards, programs, and subrecipients. The Recipient shall maintain books, records, and documents (including electronic storage media) in accordance with generally accepted accounting procedures and practices. Recipient must have written procedures for procurement transactions.

Travel: Cost for travel shall be reimbursed at the Recipient's travel rate, but the maximum reimbursement for each type of travel cost shall not exceed rates established in State of Florida Travel Guidelines, §112.061, F.S.

Subcontracts: Recipient agrees that all employees, subcontractors, or agents performing work under the agreement shall be properly trained individuals who meet or exceed any specified training qualifications. Recipient agrees to be responsible for all work performance and all expenses incurred in fulfilling the obligations of this agreement, and will not assign the responsibility for this agreement to another party. If the Recipient subcontracts any or all of the work required under this agreement, the Recipient must provide a completed DFS-A2-NS (Recipient-Subrecipient vs. Vendor Determination) form and a copy of the executed subcontract within thirty (30) days after execution of the subcontract. Recipients may transfer up to 10% of the total budget between current, approved budget categories without prior approval, as long as the funds are transferred to an existing line item. Adjustments are required when there will be a transfer of 10% or more of the total budget between budget categories. Under no circumstances can transfers of funds increase the total award. In addition, the Recipient must agree through appropriate contract or grant agreement amendment to inform the agency of any changes in total executive compensation between the annual reports. All compensation reports must indicate what percent of compensation comes directly from the State or Federal allocations to the Recipient.

Civil Rights: The Recipient agrees to comply with the Americans With Disabilities Act (Public Law 101-336, 42 U.S.C. Section 12101 et seq.) and shall not discriminate against any employee (or applicant for employment) in the performance of this agreement because of race, color, religion, sex, national origin, disability, age, or marital status. These requirements shall apply to all contractors, subcontractors, subgrantees or others with whom it arranges to provide services or benefits to clients or employees in connection with its programs and activities.

E-Verify: The Department shall consider the employment by any contractor of unauthorized aliens a violation of section 274(e) of the Immigration and Nationalization Act. Such violation shall be cause for unilateral cancellation of this contract. Pursuant to F.S. 448.095, the Contracting Party and any subcontractors are required to register with and use the E-Verify system operated by the U.S. Department of Homeland Security beginning on January 1, 2021. The Contracting Party and any subcontractors are prohibited from entering into contracts with one another unless all parties register and use the E-Verify system. Subcontractors who enter into contracts with the Contracting Party are required to provide a certification that the subcontractor does not employ or use unauthorized aliens as defined in the statute, a copy of which the Contracting Party must maintain. The Contracting Party and any subcontractors are required to terminate a contract if a party has a good faith belief that another party is in violation of F.S. 448.09(1), prohibiting the employment of unauthorized aliens. If a public employer has a good faith belief that the subcontractor has violated these requirements, but that the Contracting Party has otherwise complied, the public employer must notify the Contracting Party to terminate its contract with the subcontractor. A party may challenge a contract termination in accordance with these requirements. A penalized Contractor is prohibited from obtaining another contract with a public employer for at least one year.

Background Check: Whenever a background screening for employment or a background security check is required by law for employment, unless otherwise provided by law, the provisions of Chapter 435 F.S., shall apply. All employees in positions designated by law as positions of trust or responsibility shall be required to undergo security background investigations as a condition of employment and continued employment. For the purposes of the subsection, security background investigations shall include, but not be limited to, employment history checks, fingerprinting for all purposes and checks in this subsection, statewide criminal and juvenile record checks through the Florida Department of Law Enforcement, and federal criminal record checks through the Federal Bureau of Investigation, and may include local criminal record checks through local law enforcement agencies.

It is expressly understood that the Recipient's failure to comply with this provision shall constitute an immediate breach of contract, for which the Department may unilaterally terminate this agreement.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Independent Contractor, Subcontracting and Assignments: In performing its obligations under this agreement, the Recipient shall at all times be acting in the capacity of an independent contractor and not as an officer, employee, or agent of the State of Florida. Neither the Recipient nor any of its agents, employees, subcontractors or assignees shall represent to others that it is an agent of or has the authority to bind the Department by virtue of this agreement, unless specifically authorized in writing to do so.

Timely Payment of Subcontractors: To the extent that a subcontract provides for payment after Recipient's receipt of payment from the Department, the Recipient shall make payments to any subcontractor within 7 working days after receipt of full or partial payments from the Department in accordance with §287.0585, F.S., unless otherwise stated in the agreement between the Recipient and subcontractor. Failure to pay within seven (7) working days will result in a penalty that shall be charged against the Recipient and paid by the Recipient to the subcontractor in the amount of one-half of one percent (.005) of the amount due per day from the expiration of the period allowed for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen (15%) percent of the outstanding balance due.

Notice of Legal Actions: The Recipient shall notify the Department of potential or actual legal actions taken against the Recipient related to services provided through this agreement or that may impact the Recipient's ability to complete the deliverables outlined herein, or that may adversely impact the Department. The Department's Grant Manager will be notified within 10 days of Recipient becoming aware of such actions or potential actions or from the day of the legal filing, whichever comes first.

Property: In accordance with 287.05805, F.S., any State funds provided for the purchase of or improvements to real property are contingent upon the Recipient granting to the State a security interest in the property at least to the amount of the State funds provided for at least five (5) years from the date of purchase or the completion of the improvements or as further required by law.

SECTION VI: RECORDS, AUDITS, AND INFORMATION SECURITY

Records Retention: Retention of all financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to this agreement shall be maintained by the Recipient during the term of this agreement and retained for a period of five (5) years after completion of the agreement or longer when required by law. In the event an audit is required under this agreement, records shall be retained for a minimum period of five years after the audit report is issued or until resolution of any audit findings or litigation based on the terms of this agreement, at no additional cost to the Department. Upon demand, at no additional cost to the Department, the Recipient will facilitate the duplication and transfer of any records or documents during the term of this agreement and the required five (5) year retention period. No record may be withheld, nor may the Recipient attempt to limit the scope of any of the foregoing inspections, reviews, copying, transfers or audits based on any claim that any record is exempt from public inspection or is confidential, proprietary or trade secret in nature; provided, however, that this provision does not limit any exemption to public inspection or copying to any such record. These records shall be made available at all reasonable times for inspection, review, copying, or audit by State, or other personnel duly authorized by the Department.

Records Inspection: Pursuant to Section 216.1366, F.S., in order to preserve the interest of the state in the prudent expenditure of state funds, the Department shall be authorized to inspect the (a) Financial records , papers, and documents of the Contractor that are directly related to the performance of the Contract or the expenditure of state funds, and (b) Programmatic records, papers, and documents of the Contractor which the Department determines are necessary to monitor the performance of the Contract or to ensure that the terms of the Contract are being met. The Contractor shall provide such records, papers, and documents requested by the Department within ten (10) business days after the request is made.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Monitoring: The Recipient agrees to comply with the Department's grant monitoring guidelines, protocols, and procedures; and to cooperate with the Department on all grant monitoring requests, including requests related to desk reviews, enhanced programmatic desk reviews, site visits, and/or Florida Department of Financial Services contract reviews and Expanded Audits of Payment (EAP). The Recipient agrees to provide the Department all documentation necessary to complete monitoring of the award and verify expenditures in accordance with 215.971, F.S. Further, the Recipient agrees to abide by reasonable deadlines set by the Department for providing requested documents. Failure to cooperate with grant monitoring activities may result in sanctions affecting the Recipient's award, including, but not limited to: withholding and/or other restrictions on the Recipient's access to funds, and/or referral to the Office of the Inspector General for audit review.

Florida Single Audit Act (FSAA): The Recipient shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by The Office of the Inspector General (§20.055, F.S.). In the event that the Recipient expends a total amount of state financial assistance equal to or in excess of $750,000 in any fiscal year, the Recipient must have a single audit or project-specific audit in accordance with §215.97, F.S. and the applicable rules of the Department of Financial Services and the Auditor General. In determining the state financial assistance expended in its fiscal year, the Recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Law Enforcement, other state agencies, and other non-state entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a non-state entity for Federal program matching requirements. The schedule of expenditures should disclose the expenditures by contract/agreement number for each contract with the Department in effect during the audit period. All questioned costs and liabilities due the Department shall be fully disclosed in the audit report package with reference to the specific contract number. If the Recipient expends less than $750,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of 215.97, F.S., is not required. In the event that the Recipient expends less than $750,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of 215.97, F.S., the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the Recipient's resources obtained from other than State entities). Pursuant to 215.97(8), F.S., state agencies may conduct or arrange for audits of state financial assistance that are in addition to audits conducted in accordance with §215.97, F.S. In such an event, the state awarding agency must arrange for funding the full cost of such additional audits. Any reports, management letters, or other information required to be submitted to the Department pursuant to this agreement shall be submitted within nine (9) months after the end of the Recipient's fiscal year or within 30 days of the Recipient's receipt of the audit report, whichever occurs first, unless otherwise required by Florida Statutes. Copies of financial reporting packages required by this agreement shall be submitted by or on behalf of the Recipient directly to each of the following:

Recipient's Confidential and Exempt Information: By executing this agreement, the Recipient acknowledges that any information not marked as "confidential" or "exempt" will be posted by the Department on the public website maintained by the Department of Financial Services pursuant to 215.985, F.S. The Recipient agrees that, upon written request of the Department, it shall promptly provide to the Department a written statement of the basis for the exemption applicable to each provision identified by the Recipient as "confidential" or "exempt", including the statutory citation to an exemption created or afforded by statute, and state with particularity the reasons for the conclusion that the provision is exempt or confidential. Any claim by Recipient of trade secret (proprietary) confidentiality for any information contained in Recipient's documents (reports, deliverables or work papers, etc., in paper or electronic form) submitted to the Department in connection with this agreement cannot be waived, unless the claimed confidential information is submitted in accordance with the following two paragraphs.

The Recipient must clearly label any portion of the documents, data, or records submitted that it considers exempt from public inspection or disclosure pursuant to Florida's Public Records Law as trade secret. The labeling will include a justification citing specific statutes and facts that authorize exemption of the information from public disclosure. If different exemptions are claimed to be applicable to different portions of the protected information, the Recipient shall include information correlating the nature of the claims to the particular protected information.

The Department, when required to comply with a public records request including documents submitted by the Recipient, may require the Recipient to expeditiously submit redacted copies of documents marked as trade secret in accordance with this section. Accompanying the submission shall be an updated version of the justification, correlated specifically to redacted information, either confirming that the statutory and factual basis originally asserted remain unchanged or indicating any changes affecting the basis for the asserted exemption from public inspection or disclosure. The redacted copy must exclude or obliterate only those exact portions that are claimed to be trade secret. If the Recipient fails to promptly submit a redacted copy, the Department is authorized to produce the records sought without any redaction of proprietary or trade secret information.

SECTION VII: PENALTIES, TERMINATION, DISPUTE RESOLUTION, AND LIABILITY

Financial Penalties for Failure to Take Corrective Action: Corrective action plans may be required for noncompliance, nonperformance, or unacceptable performance under this agreement. Penalties may be imposed for failures to implement or to make acceptable progress on such corrective action plans.

Termination: The Department reserves the right to unilaterally cancel this agreement for refusal by the Recipient to allow public access to all documents, papers, letters or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the Recipient in conjunction with this agreement, unless the records are exempt pursuant to Article I. Section 24(a), of the Florida Constitution and §119.07(1), F.S. The Department shall be the final authority as to the appropriation, availability and adequacy of funds. In the event the Recipient fails to fully comply with the terms and conditions of this agreement, the Department may terminate the agreement upon written notice. Such notice may be issued without providing an opportunity for cure if it specifies the nature of the noncompliance and states that provision for cure would adversely affect the interests of the State or is not permitted by law or regulation. Otherwise, notice of termination will be issued after the Recipient's failure to fully cure such noncompliance within the time specified in a written notice of noncompliance issued by the Department specifying the nature of the noncompliance and the actions required to cure such noncompliance. In addition, the Department may employ the default provisions in Rule 60A-1.006(3), F.A.C., but is not required to do so in order to terminate the agreement. The Department's failure to demand performance of any provision of this agreement shall not be deemed a waiver of such performance. The Department's waiver of any one breach of any provision of this agreement shall not be deemed to be a waiver of any other breach and neither event shall be construed to be a modification of the terms and conditions of this agreement. The provisions herein do not limit the Department's right to remedies at law or in equity. The validity of this agreement is subject to the truth and accuracy of all the information, representations, and materials submitted or provided by the Recipient in this agreement, in any subsequent submission or response to Department request, or in any

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

submission or response to fulfill the requirements of this agreement, and such information, representations, and materials are incorporated by reference. The lack of accuracy thereof or any material changes shall, at the option of the Department and with thirty (30) days written notice to the Recipient, cause the termination of this agreement and the release of the Department from all its obligations to the Recipient. This agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of this agreement shall lie in Leon County. If any provision hereof is in conflict with any applicable statute or rule, or is otherwise unenforceable, then such provision shall be deemed null and void to the extent of such conflict, and shall be deemed severable, but shall not invalidate any other provision of this agreement. No waiver by the Department of any right or remedy granted hereunder or failure to insist on strict performance by the Recipient shall affect or extend or act as a waiver of any other right or remedy of the Department hereunder, or affect the subsequent exercise of the same right or remedy by the Department for any further or subsequent default by the Recipient. Any power of approval or disapproval granted to the Department under the terms of this agreement shall survive the terms and life of this agreement as a whole. The agreement may be executed in any number of counterparts, any one of which may be taken as an original. In the event of termination, the Recipient will be compensated for any work satisfactorily completed through the date of termination or an earlier date of suspension of work.

Disputes and Appeals: The Department shall make its decision in writing when responding to any disputes, disagreements, or questions of fact arising under this agreement and shall distribute its response to all concerned parties. The Recipient shall proceed diligently with the performance of this agreement according to the Department's decision. If the Recipient appeals the Department's decision, the appeal also shall be made in writing within twenty-one (21) calendar days to the Department's clerk (agency clerk). The Recipient's right to appeal the Department's decision is contained in Chapter 120, F.S., and in procedures set forth in Fla. Admin. Code R.28-106.104. Failure to appeal within this time frame constitutes a waiver of proceedings under Chapter 120, F.S. After receipt of a petition for alternative dispute resolution the Department and the Recipient shall attempt to amicably resolve the dispute through negotiations. Timely delivery of a petition for alternative dispute resolution and completion of the negotiation process shall be a condition precedent to any legal action by the Recipient concerning this agreement.

Liability: Unless the Recipient is a state agency or subdivision, the Recipient shall be solely responsible to parties with whom it shall deal in carrying out the terms of this agreement, and shall save the Department harmless against all claims of whatever nature by third parties arising out of the performance of work under this agreement. For purposes of this agreement, Recipient agrees that it is not an employee or agent of the Department, but is an independent contractor. Nothing herein shall be construed as consent by a state agency of the State of Florida to be sued by third parties in any matter arising out of any contract. Nothing shall be construed affect in any way the Recipient rights, privileges, and immunities under the doctrine of "sovereign immunity" and as set forth in 768.28, F.S.
