Council Members
Kristen Dreyer, Council President
Ire Bethea Sr., Pro Tem
James P. Hilty Sr.
Barry Mansfield
Jay A. Musleh

Mayor
Ben Marciano

City Manager
Peter Lee

Mission Statement

The City of Ocala provides fiscally responsible services consistent with the community's current and future expectations.

City Council's Strategic Priorities

Priority 1: Economic hub
Priority 2: Fiscally sustainable
Priority 3: Engaged workforce
Priority 4: Operational excellence
Priority 5: Quality of place

WELCOME!
Citizens are encouraged to participate in City of Ocala meetings. Speakers wishing to provide public comments to the City Council should complete a written public comment form and shall submit said form to the City Clerk prior to the meeting being called to order. Unless otherwise permitted, no person shall be permitted to provide public comments to City Council if they have not completed and submitted a public comment card prior to the meeting being called to order. Speakers will be limited to 3 (three) minutes. Additional time may be granted by the Council President. When recognized, state name and address. Citizen groups are asked to name a spokesperson.

The City of Ocala encourages civility in public discourse and requests that speakers limit their comments to specific motions and direct their comments to the Council. Cell phones should be turned off or set to vibrate.

The order of agenda items may be changed if deemed appropriate by City Council.

Citizens are encouraged to provide comments in writing to the City Clerk before meetings for inclusion into the public record. Citizens may also provide input to council members via office visits, phone calls, letters and e-mail that will become public record. In some instances, i.e., Quasi-Judicial Hearings, these particular contacts may be prohibited.

APPEALS
Any person who desires to appeal any decision at this meeting will need a record of the proceedings and for this purpose may need to ensure that a verbatim record of the proceedings is made that includes the testimony and evidence upon which the appeal is made.

ADA COMPLIANCE
If reasonable accommodations are needed for you to participate in this meeting, please call the City Manager's Office at 352-629-8401 at least 48 hours in advance so arrangements can be made.

1. **Call to Order**
2. **Roll Call**
3. **Public Notice**
4. **Proclamations and Awards**

   4a. Presentation of the Mayor's Citizen Recognition Award to Matt Wilkerson

   4b. Presentation of the Annual Red Kettle Campaign Proclamation to Salvation Army Majors Jason and Melissa Smith

OCALA'S RELEVANT STRATEGIC GOALS:
Quality of Place

File #: 2026-0068 Agenda Item #: 6a.

Submitted By: Tiffany Stewart

Presentation By: Darren Park

Department: Public Works

FORMAL TITLE:
One-year agreement with North Florida Container & Truck Repair, LLC, for dumpster painting and repair services in an amount not to exceed $72,703

OCALA'S RELEVANT STRATEGIC GOALS:
Operational Excellence, Quality of Place

PROOF OF PUBLICATION:
Bid released to the public: September 17, 2025

BACKGROUND:
The City's Public Works Commercial Sanitation Division has an ongoing need for dumpster painting and repair services. The most common type of dumpster repair is bottom replacement, which extends the dumpster's lifespan. Generally, dumpster bottoms can be repaired two to three times before total dumpster replacement is required.

Outsourcing this service provides the City with an effective and efficient way to repair dumpster bottoms. The Public Works Commercial Sanitation Division is capable of performing minor repairs in-house but is not equipped to handle large-volume repairs in conjunction with other responsibilities.

FINDINGS AND CONCLUSIONS:
On September 17, 2025, the City issued Invitation to Bid (ITB) No.: PWD/250875 for dumpster painting and repair services. The solicitation closed on September 30, 2025, with two (2) responsive bids received. The results are as follows:

Bidder Name	Office Location	Total Bid Amount
North FL Container & Truck Repair LLC	**Ocala, FL**	**$72,703.00**
Eagle Fabrication & Metalworking Inc.	Ocala, FL	$195,510.00

North Florida Container & Truck Repair, LLC, was found to be the lowest responsive and responsible bidder. Staff recommends approval of the agreement with North Florida Container & Truck Repair, LLC for a one-year term, beginning November 18, 2025, and ending November 17, 2026, with two (2) optional one-year renewals.

FISCAL IMPACT:
Funding for this contract is budgeted in account 453-023-325-534-53-46010 for Fiscal Year 2025-26 in the amount of $66,644. Funding will be budgeted in account 453-023-325-534-53-46010 for Fiscal Year 2026-27 in the amount of $6,059.

PROCUREMENT REVIEW:
These services were procured in compliance with the City's Procurement Policy.

LEGAL REVIEW:
This Agreement will be reviewed and approved for form and legality by City Attorney, William E. Sexton.

- Deny

AGREEMENT FOR DUMPSTER PAINTING AND REPAIR SERVICES – AS NEEDED

THIS AGREEMENT FOR DUMPSTER PAINTING AND REPAIR SERVICES – AS NEEDED ("Agreement") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City") and **NORTH FLORIDA CONTAINER & TRUCK REPAIR, LLC,** a limited liability company duly organized and authorized to do business in the state of Florida (EIN: 45-4336283) ("Vendor ").

WHEREAS, on September 17, 2025, City issued an Invitation to Bid for the provision of dumpster painting and repair services on an as needed basis, ITB No.: PWD/250875 (the "Solicitation"); and

WHEREAS, two (2) firms responded to the Solicitation and, after consideration of price and other evaluation factors set forth in the Solicitation, the bid submitted by North Florida Container & Truck Repair, LLC was found to be the lowest; and

WHEREAS, Vendor was chosen as the intended awardee to provide dumpster painting and repair services on an as needed basis (the "Project"); and

WHEREAS, Vendor certifies that Vendor is qualified and possesses the required experience and licensure.

NOW THEREFORE, in consideration of the foregoing recitals, the following mutual covenants and conditions, and other good and valuable consideration, City and Vendor agree as follows:

1. **RECITALS**. City and Vendor hereby represent, warrant, and agree that the Recitals set forth above are true and correct and are incorporated herein by reference.

2. **CONTRACT DOCUMENTS**. The Contract Documents which comprise the entire understanding between City and Vendor shall only include this Agreement and those documents listed in this section as Exhibits to this Agreement and the quote submitted by Vendor in response to same (the "Solicitation Documents"). Each of these documents are incorporated herein by reference for all purposes. If there is a conflict between the terms of this Agreement and the Contract Documents, then the terms of this Agreement shall control, amend, and supersede any conflicting terms contained in the remaining Contract Documents.

   A. **Exhibits to Agreement**: The Exhibits to this Agreement are as follows:

      Exhibit A: Scope of Work (A-1 through A-2)

      Exhibit B: Price Proposal (B-1)

      Exhibit C: Photos of Current Dumpsters (C-1 through C-2)

      If there is a conflict between the individual Exhibits regarding the scope of work to be performed, then any identified inconsistency shall be resolved by giving precedence in the following order: (1) Exhibit A, then (2) Exhibit B, then (3) Exhibit C.

3. **SCOPE OF SERVICES.** shall provide all materials, labor, supervision, tools, accessories, equipment necessary for Vendor to perform its obligations under this Agreement as set forth in the attached **Exhibit A - Scope of Work**. The Scope of Work and/or pricing under this Agreement may only be adjusted by written amendment executed by both parties.

4. **COMPENSATION.** City shall pay Vendor an amount no greater than **SEVENTY-TWO THOUSAND, SEVEN HUNDRED THREE AND NO/100 DOLLARS ($72,703)** (the "Contract Sum") over the contract term as full and complete compensation for the timely and satisfactory

performance of services in accordance with the pricing and frequency detailed in **Exhibit A – Scope of Work** and **Exhibit B – Price Proposal**.

A. **Price Adjustments.** Prices offered shall remain firm for the initial contract term. Requests for price adjustments may be submitted, in writing, **no later than NINETY (90) DAYS** prior to the expiration of the prior term and must include proper CPI justification or other documentation supporting the adjustment. The City will review the submitted request for price adjustment and render a decision, in its sole discretion, as to whether it is in the best interest of the City to adjust the pricing on the awarded goods or services or reject the adjusted pricing and issue a competitive solicitation. In any event, price increases for renewal terms shall be subject to a maximum negotiated increase of **no more than THREE PERCENT (3%)** annually unless there are mitigating market conditions. The City is under no obligation to renew the contract for an additional term or to accept Vendor 's proposed price increases. Vendor must receive written notification from the City confirming that the City has accepted the new prices prior to processing any orders at the new cost. Any orders issued by the City prior to formal approval of a price increase shall not be modified. Any payment of the adjusted price by City does not constitute acceptance of new pricing. Vendors are expected to pass along to the City any and all decreases in pricing on products and services or to keep pricing constant when market conditions warrant no such increases.

B. **Invoice Submission**. All invoices submitted by Vendor shall include the City Contract Number, an assigned Invoice Number, and an Invoice Date. Vendor shall invoice once a month. Vendor shall submit the original invoice through the responsible City Project Manager at: **City of Ocala Public Works Department**, Attn: **Dwayne Drake, 2100 NE 30th Avenue, Building 200, Ocala, Florida, 34470**, E-Mail: ddrake@ocalafl.gov.

C. **Payment of Invoices by City**. The City Project Manager must review and approve all invoices prior to payment. City Project Manager's approval shall not be unreasonably withheld, conditioned, or delayed. Payments by City shall be made no later than the time periods established in section 218.735, Florida Statutes.

D. **Withholding of Payment**. City reserves the right to withhold, in whole or in part, payment for any and all work that: (i) has not been completed by Vendor ; (ii) is inadequate or defective and has not been remedied or resolved in a manner satisfactory to the City Project Manager; or (iii) which fails to comply with any term, condition, or other requirement under this Agreement. Any payment withheld shall be released and remitted to Vendor within **THIRTY (30)** calendar days of the Vendor 's remedy or resolution of the inadequacy or defect.

E. **Excess Funds**. If due to mistake or any other reason Vendor receives payment under this Agreement in excess of what is provided for by the Agreement, Vendor shall promptly notify City upon discovery of the receipt of the overpayment. Any overpayment shall be refunded to City within **THIRTY (30)** days of Vendor 's receipt of the overpayment or must also include interest calculated from the date of the overpayment at the interest rate for judgments at the highest rate as allowed by law.

F. **Amounts Due to the City**. Vendor must be current and remain current in all obligations due to the City during the performance of services under this Agreement. Payments to Vendor may be offset by any delinquent amounts due to the City or fees and/or charges owed to the City.

G. **Tax Exemption**. City is exempt from all federal excise and state sales taxes (State of Florida Consumer's Certification of Exemption 85-8012621655C-9). The City's Employer Identification Number is 59-60000392. Vendor shall not be exempted from paying sales tax to its suppliers for materials to fulfill contractual obligations with the City, nor will Vendor be authorized to use City's Tax Exemption Number for securing materials listed herein.

5. **TERM OF AGREEMENT**. This Agreement shall become effective and commence on **NOVEMBER 18, 2025,** and continue in effect for a term of **ONE (1) YEAR**, through and including **NOVEMBER 17, 2026** (the "Term"). This Agreement may be renewed for up to **TWO (2)** optional **ONE (1) YEAR** periods by written consent between City and Vendor.

6. **FORCE MAJEURE**. Neither party shall be liable for delay, damage, or failure in the performance of any obligation under this Agreement if such delay, damage, or failure is due to causes beyond its reasonable control, including without limitation: fire, flood, strikes and labor disputes, acts of war, acts of nature, terrorism, civil unrest, pandemics, acts or delays in acting of the government of the United States or the several states, judicial orders, decrees or restrictions, or any other like reason which is beyond the control of the respective party ("Force Majeure"). The party affected by any event of force majeure shall use reasonable efforts to remedy, remove, or mitigate such event and the effects thereof with all reasonable dispatch.

   A. The party affected by force majeure shall provide the other party with full particulars thereof including, but not limited to, the nature, details, and expected duration thereof, as soon as it becomes aware.

   B. When force majeure circumstances arise, the parties shall negotiate in good faith any modifications of the terms of this Agreement that may be necessary or appropriate in order to arrive at an equitable solution. Vendor performance shall be extended for a number of days equal to the duration of the force majeure. Vendor shall be entitled to an extension of time only and, in no event, shall Vendor be entitled to any increased costs, additional compensation, or damages of any type resulting from such force majeure delays.

7. **INSPECTION AND ACCEPTANCE OF THE WORK**. Vendor shall report its progress to the City Project Manager as set forth herein. All services, work, and materials provided by Vendor under this Agreement shall be provided to the satisfaction and approval of the City Project Manager.

   A. The City Project Manager shall decide all questions regarding the quality, acceptability, and/or fitness of materials furnished, or workmanship performed, the rate of progress of the work, the interpretation of the plans and specifications, and the acceptable fulfillment of the Agreement, in his or her sole discretion, based upon both the requirements set forth by City and the information provided by Vendor in its Bid. The authority vested in the City Project Manager pursuant to this paragraph shall be confined to the direction or specification of what is to be performed under this Agreement and shall not extend to the actual execution of the work.

   B. Neither the City Project Manager's review of Vendor 's work nor recommendations made by City Project Manager pursuant to this Agreement will impose on City Project Manager any responsibility to supervise, direct, or control Vendor 's work in progress or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident Vendor 's furnishing and performing the work.

8. **TERMINATION AND DEFAULT**. Either party, upon determination that the other party has failed or refused to perform or is otherwise in breach of any obligation or provision under this Agreement or the Contract Document, may give written notice of default to the defaulting party in the manner specified for the giving of notices herein. Termination of this Agreement by either party for any reason shall have no effect upon the rights or duties accruing to the parties prior to termination.

   A. **Termination by City for Cause**. City shall have the right to terminate this Agreement immediately, in whole or in part, upon the failure of Vendor to carry out any obligation, term, or condition of this Agreement. City's election to terminate the Agreement for default shall be communicated by providing Vendor written notice of termination in the manner specified for the giving of notices herein. Any notice of termination given to Vendor by City shall be effective immediately, unless otherwise provided therein, upon the occurrence of any one or more of the following events:

      (1) Vendor fails to timely and properly perform any of the services set forth in the specifications of the Agreement;

      (2) Vendor provides material that does not meet the specifications of the Agreement;

      (3) Vendor fails to complete the work required within the time stipulated in the Agreement; or

      (4) Vendor fails to make progress in the performance of the Agreement and/or gives City reason to believe that Vendor cannot or will not perform to the requirements of the Agreement.

   B. **Vendor 's Opportunity to Cure Default**. City may, in its sole discretion, provide Vendor with an opportunity to cure the violations set forth in City's notice of default to Vendor . Vendor shall commence to cure the violations immediately and shall diligently and continuously prosecute such cure to completion within a reasonable time as determined by City. If the violations are not corrected within the time determined to be reasonable by City or to the reasonable satisfaction of City, City may, without further notice, declare Vendor to be in breach of this Agreement and pursue all remedies available at law or equity, to include termination of this Agreement without further notice.

   C. **City's Remedies Upon Vendor Default**. In the event that Vendor fails to cure any default under this Agreement within the time period specified in this section, City may pursue any remedies available at law or equity, including, without limitation, the following:

      (1) City shall be entitled to terminate this Agreement without further notice;

      (2) City shall be entitled to hire another Vendor to complete the required work in accordance with the needs of City;

      (3) City shall be entitled to recover from Vendor all damages, costs, and attorney's fees arising from Vendor 's default prior to termination; and

      (4) City shall be entitled to recovery from Vendor any actual excess costs by: (i) deduction from any unpaid balances owed to Vendor ; or (ii) any other remedy as provided by law.

   D. **Termination for Non-Funding**. In the event that budgeted funds to finance this Agreement are reduced, terminated, or otherwise become unavailable, City may terminate this

Agreement upon written notice to Vendor without penalty or expense to City. City shall be the final authority as to the availability of budgeted funds.

E. **Termination for Convenience**. City reserves the right to terminate this Agreement in whole or in part at any time for the convenience of City without penalty or recourse. The City Project Manager shall provide written notice of the termination. Upon receipt of the notice, Vendor shall immediately discontinue all work as directed in the notice, notify all subcontractors of the effective date of the termination, and minimize all further costs to City including, but not limited to, the placing of any and all orders for materials, facilities, or supplies, in connection with its performance under this Agreement. Vendor shall be entitled to receive compensation solely for: (1) the actual cost of the work completed in conformity with this Agreement; and/or (2) such other costs incurred by Vendor as permitted under this Agreement and approved by City.

9. **DELAYS AND DAMAGES.** The Vendor agrees to make no claim for extra or additional costs attributable to any delays, inefficiencies, or interference in the performance of this contract occasioned by any act or omission to act by the City except as provided in the Agreement. The Vendor also agrees that any such delay, inefficiency, or interference shall be compensated for solely by an extension of time to complete the performance of the work in accordance with the provision in the standard specification.

10. **PERFORMANCE EVALUATION**. At the end of the contract, City may evaluate Vendor 's performance. Any such evaluation will become public record.

11. **NOTICE REGARDING FAILURE TO FULFILL AGREEMENT**. Any Vendor who enters into an Agreement with the City of Ocala and fails to complete the contract term, for any reason, shall be subject to future bidding suspension for a period of **ONE (1)** year and bid debarment for a period of up to **THREE (3)** years for serious contract failures.

12. **VENDOR REPRESENTATIONS**. Vendor expressly represents that:

A. Vendor has read and is fully familiar with all of the terms and conditions of this Agreement, the Contract Documents, and other related data and acknowledges that they are sufficient in scope and detail to indicate and convey understanding of all terms and conditions of the work to be performed by Vendor under this Agreement.

B. Vendor has disclosed, in writing, all known conflicts, errors, inconsistencies, discrepancies, or omissions discovered by Vendor in the Contract Documents, and that the City's written resolution of same is acceptable to Vendor .

C. Vendor is familiar with all local, state, and Federal laws, regulations, and ordinances which may affect cost, progress, or its performance under this Agreement whatsoever.

D. **Public Entity Crimes.** Neither Vendor , its parent corporations, subsidiaries, members, shareholders, partners, officers, directors or executives, nor any of its affiliates, vendors, suppliers, subcontractors, or consultants under this Agreement have been placed on the convicted vendor list following a conviction of a public entity crime. Vendor understands that a "public entity crime" as defined in section 287.133(1)(g), Florida Statutes, is "a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States…" Vendor further understands that any person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime: (1)

may not submit a bid, proposal, or reply on a contract: (a) to provide any goods or services to a public entity; (b) for the construction or repair of a public building or public work; or (c) for leases of real property to a public entity; (2) may not be awarded or perform work as a Vendor , supplier, subcontractor, or consultant under a contract with any public entity; and (3) may not transact business with any public entity in excess of the threshold amount provided in section 287.017, Florida Statutes, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

13. **VENDOR RESPONSIBILITIES**. Except as otherwise specifically provided for in this Agreement, the following provisions are the responsibility of the Vendor :

    A. Vendor shall competently and efficiently supervise, inspect, and direct all work to be performed under this Agreement, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the work in accordance with the Contract Documents.

    B. Vendor shall be solely responsible for the means, methods, techniques, sequences, or procedures and safety precautions or programs incident thereto.

    C. Vendor shall be responsible to see that the finished work complies accurately with the contract and the intent thereof.

    D. Vendor shall comply with all local, state, and Federal laws, regulations, and ordinances which may affect cost, progress, or its performance under this Agreement, and be responsible for all costs associated with same.

    E. Vendor shall continue its performance under this Agreement during the pendency of any dispute or disagreement arising out of or relating to this Agreement, except as Vendor and City may otherwise agree in writing.

14. **WARRANTY.** Vendor warrants that all labor, materials, and equipment furnished under the agreement are new, of the type and quality required for the Project, and installed in a good and workmanlike manner in accordance with the Contract Documents.

    A. Vendor shall guarantee that the work shall be free from any defects in workmanship for a period of not less than **SIXTY (60) DAYS** from the date of Final Completion.

    B. Vendor shall guarantee that the materials provided shall be free from any defects for the longer of: (1) **SIXTY (60) DAYS** from the date of Final Completion; or (2) the period of warranty provided by any supplier or manufacturer.

    C. Vendor shall obtain for the benefit of City and Owner all standard warranties of subcontractors, suppliers, and manufacturers of all material, equipment, or supplies manufactured, furnished, or installed. All written warranties for work, materials, or equipment supplied must be provided to the City Project Manager before final payment will be authorized.

15. **NO EXCLUSIVITY**. It is expressly understood and agreed by the parties that this is not an exclusive agreement. Nothing in this Agreement shall be construed as creating any exclusive arrangement with Vendor or as prohibit City from either acquiring similar, equal, or like goods and/or services or from executing additional contracts with other entities or sources.

16. **RESPONSIBILITIES OF CITY.** City or its Representative shall issue all communications to Vendor. City has the authority to request changes in the work in accordance with the terms of this Agreement and with the terms in **Exhibit A.** City has the authority to stop work or to suspend any work.

17. **COMMERCIAL AUTO LIABILITY INSURANCE.** Vendor shall procure, maintain, and keep in full force, effect, and good standing for the life of this Agreement a policy of commercial auto liability insurance with a minimum combined single limit of One Million Dollars ($1,000,000) per occurrence for bodily injury and property damage arising out of Vendor's operations and covering all owned, hired, scheduled, and non-owned automobiles utilized in said operations. If Vendor does not own vehicles, Vendor shall maintain coverage for hired and non-owned automobile liability, which may be satisfied by way of endorsement to Vendor's Commercial General Liability policy or separate Commercial Automobile Liability policy.

18. **GENERAL LIABILITY INSURANCE.** Vendor shall procure and maintain, for the life of this Agreement, commercial general liability insurance with minimum coverage limits not less than:

    A. One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) aggregate limit for bodily injury, property damage, and personal and advertising injury; and

    B. One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) aggregate limit for products and completed operations.

    C. Policy must include coverage for contractual liability and independent contractors.

    D. Policy must include Additional Insured coverage in favor of the City that is no less restrictive than that afforded under the CG 20 26 04 13 Additional Insured Form.

19. **WORKERS' COMPENSATION AND EMPLOYER'S LIABILITY.** Worker's Compensation insurance shall be provided by Vendor as required by Chapter 440, Florida Statutes, or any other applicable state or federal law, including the U.S. Longshoremen's and Harbor Workers Compensation Act and the Jones Act.

    A. Vendor shall similarly require any and all subcontractors to afford such coverage for all of its employees as required by applicable law.

    B. Vendor shall waive and shall ensure that Vendor's insurance carrier waives all subrogation rights against the City of Ocala and its officers, employees, and volunteers for all losses or damages. Vendor's policy shall be endorsed with WC 00 03 13 Waiver of our Right to Recover from Others or its equivalent.

    C. Exceptions and exemptions to this Section may be allowed at the discretion of the City's Risk Manager on a case-by-case basis in accordance with Florida Statutes and shall be evidenced by a separate waiver.

20. **ADDITIONAL INSURANCE REQUIREMENTS.**

    A. Vendor's insurance coverage shall be primary insurance for all applicable policies. The limits of coverage under each policy maintained by Vendor shall not be interpreted as limiting Vendor's liability or obligations under this Agreement. City does not in any way represent that these types or amounts of insurance are sufficient or adequate enough to protect Vendor's interests or liabilities or to protect Vendor from claims that may arise out of or result

from the negligent acts, errors, or omissions of Vendor, any of its agents or subcontractors, or for anyone whose negligent act(s) Vendor may be liable.

B. No insurance shall be provided by the City for Vendor under this Agreement and Vendor shall be fully and solely responsible for any costs or expenses incurred as a result of a coverage deductible, co-insurance penalty, or self-insured retention to include any loss not covered because of the operation of such deductible, co-insurance penalty, self-insured retention, or coverage exclusion or limitation.

C. **Certificates of Insurance**. No work shall be commenced by Vendor under this Agreement until the required Certificate of Insurance and endorsements have been provided nor shall Vendor allow any subcontractor to commence work until all similarly required certificates and endorsements of the subcontractor have also been provided. Work shall not continue after expiration (or cancellation) of the Certificate of Insurance and work shall not resume until a new Certificate of Insurance has been provided. **Vendor shall provide evidence of insurance in the form of a valid Certificate of Insurance (binders are unacceptable) prior to the start of work contemplated under this Agreement to: City of Ocala. Attention: Procurement & Contracting Department, Address: 110 SE Watula Avenue, Third Floor, Ocala Florida 34471, E-Mail: vendors@ocalafl.gov.** Vendor's Certificate of Insurance and required endorsements shall be issued by an agency authorized to do business in the State of Florida with an A.M. Best Rating of A or better. The Certificate of Insurance shall indicate whether coverage is being provided under a claims-made or occurrence form. If any coverage is provided on a claims-made form, the Certificate of Insurance must show a retroactive date, which shall be the effective date of the initial contract or prior.

D. **City as Additional Insured**. The City of Ocala shall be named as an Additional Insured and Certificate Holder on all liability policies identified in this Section with the exception of Workers' Compensation, Auto Liability (except when required by Risk Management) and Professional Liability policies**. Workers Compensation policy must contain a Waiver of Subrogation in favor of the City**.

E. **Notice of Cancellation of Insurance**. Vendor's Certificate of Insurance shall provide **THIRTY (30) DAY** notice of cancellation, **TEN (10) DAY** notice if cancellation is for non-payment of premium. In the vent that Vendor's insurer is unable to accommodate the cancellation notice requirement, it shall be the responsibility of Vendor to provide the proper notice. Such notification shall be in writing by registered mail, return receipt requested, and addressed to the certificate holder. Additional copies may be sent to the City of Ocala at vendors@ocalafl.gov.

F. **Failure to Maintain Coverage**. The insurance policies and coverages set forth above are required and providing proof of and maintaining insurance of the types and with such terms and limits set forth above is a material obligation of Vendor. Vendor's failure to obtain or maintain in full force and effect any insurance coverage required under this Agreement shall constitute material breach of this Agreement.

G. **Severability of Interests**. Vendor shall arrange for its liability insurance to include or be endorsed to include a severability of interests/cross-liability provision so that the "City of Ocala" (where named as an additional insured) will be treated as if a separate policy were in existence, but without increasing the policy limits.

21. **SAFETY/ENVIRONMENTAL.** Vendor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the Work. Vendor shall make an effort to detect hazardous conditions and shall take prompt action where necessary to avoid accident, injury or property damage. EPA, DEP, OSHA and all other applicable safety laws and ordinances shall be followed as well as American National Standards Institute Safety Standards. Vendor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury, or loss to:

    A. All employees on the work and other persons that may be affected thereby;

    B. All work, materials and equipment to be incorporated therein, whether in storage on or off the site; and

    C. Other property at the site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, and utilities not designated for removal, relocation, or replacement in the course of construction.

    All injury, or loss to any property caused, directly or indirectly, in whole or in part, by Vendor, any subcontractor, or anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, shall be remedied by Vendor. Vendors' duties and responsibilities for the safety and protection of the work shall continue until such time as the work is completed and accepted by City.

22. **NON-DISCRIMINATORY EMPLOYMENT PRACTICES**. During the performance of the contract, the Vendor shall not discriminate against any employee or applicant for employment because of race, color, religion, ancestry, national origin, sex, pregnancy, age, disability, sexual orientation, gender identity, marital or domestic partner status, familial status, or veteran status and shall take affirmative action to ensure that an employee or applicant is afforded equal employment opportunities without discrimination. Such action shall be taken with reference to, but not limited to: recruitment, employment, termination, rates of pay or other forms of compensation and selection for training or retraining, including apprenticeship and on-the-job training.

23. **COMPLIANCE WITH F.S. 287.135.** City may terminate Agreement immediately upon discovering that Vendor: (A) has been placed on the Scrutinized Companies that Boycott Israel List; (B) is engaged in a boycott of Israel; (C) has been placed on the Scrutinized Companies with Activities in Sudan List; (D) has been placed on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; or (E) has been engaged in business operations in Cuba or Syria. This Agreement may also be terminated immediately if the Vendor falsely certified they are eligible to bid and contract with local government entities under F.S. 287.135.

24. **SUBCONTRACTORS.** Nothing in this Agreement shall be construed to create, impose, or give rise to any duty owed by City or its representatives to any subcontractor of Vendor or any other persons or organizations having a direct contract with Vendor, nor shall it create any obligation on the part of City or its representatives to pay or seek payment of any monies to any subcontractor of Vendor or any other persons or organizations having a direct contract with Vendor, except as may otherwise be required by law. City shall not be responsible for the acts or omissions of any Vendor, subcontractor, or of any of their agents or employees. nor shall it create any obligation on the part of City or its representatives to pay or to seek the payment of any monies to any subcontractor or other person or organization, except as may otherwise be required by law.

25. **EMERGENCIES**. In an emergency affecting the welfare and safety of life or property, Vendor , without special instruction or authorization from the City Project Manager, is hereby permitted, authorized and directed to act at its own discretion to prevent threatened loss or injury. Except in the case of an emergency requiring immediate remedial work, any work performed after regular working hours, on Saturdays, Sundays or legal holidays, shall be performed without additional expense to the City unless such work has been specifically requested and approved by the City Project Manager. Vendor shall be required to provide to the City Project Manager with the names, addresses and telephone numbers of those representatives who can be contacted at any time in case of emergency. Vendor 's emergency representatives must be fully authorized and equipped to correct unsafe or excessively inconvenient conditions on short notice by City or public inspectors.

26. **INDEPENDENT CONTRACTOR STATUS.** Vendor acknowledges and agrees that under this Agreement, Vendor and any agent or employee of Vendor shall be deemed at all times to be an independent contractor and shall be wholly responsible for the manner in which it performs the services and work required under this Agreement. Neither Vendor nor its agents or employees shall represent or hold themselves out to be employees of City at any time. Neither Vendor nor its agents or employees shall have employee status with City. Nothing in this Agreement shall constitute or be construed to create any intent on the part of either party to create an agency relationship, partnership, employer-employee relationship, joint venture relationship, or any other relationship which would allow City to exercise control or discretion over the manner or methods employed by Vendor in its performance of its obligations under this Agreement.

27. **ACCESS TO FACILITIES.** City shall provide Vendor with access to all City facilities as is reasonably necessary for Vendor to perform its obligations under this Agreement.

28. **ASSIGNMENT.** Neither party may assign its rights or obligations under this Agreement to any third party without the prior express approval of the other party, which shall not be unreasonably withheld.

29. **RIGHT OF CITY TO TAKE OVER CONTRACT.** Should the work to be performed by Vendor under this Agreement be abandoned, or should Vendor become insolvent, or if Vendor shall assign or sublet the work to be performed hereunder without the written consent of City, the City Project Manager shall have the power and right to hire and acquire additional men and equipment, supply additional material, and perform such work as deemed necessary for the completion of this Agreement. Under these circumstances, all expenses and costs actually incurred by City to accomplish such completion shall be credited to City along with amounts attributable to any other elements of damage and certified by the City Project Manager. The City Project Manager's certification as to the amount of such liability shall be final and conclusive.

30. **PUBLIC RECORDS.** Vendor shall comply with all applicable provisions of the Florida Public Records Act, Chapter 119, Florida Statutes. Specifically, Vendor shall:

    A. Keep and maintain public records required by the public agency to perform the service.

    B. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if Vendor does not transfer the records to the public agency.

D. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of Vendor or keep and maintain public records required by the public agency to perform the service. If Vendor transfers all public records to the public agency upon completion of the contract, Vendor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Vendor keeps and maintains public records upon completion of the contract, Vendor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF VENDOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO VENDOR 'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: CITY OF OCALA, OFFICE OF THE CITY CLERK; 352-629-8266; E-mail: clerk@ocalafl.gov; City Hall, 110 SE Watula Avenue, Ocala, FL 34471.

31. **AUDIT.** Vendor shall comply and cooperate immediately with any inspections, reviews, investigations, or audits relating to this Agreement as deemed necessary by the Florida Office of the Inspector General, the City's Internal or External auditors or by any other Florida official with proper authority.

32. **PUBLICITY.** Vendor shall not use City's name, logo, seal or other likeness in any press release, marketing materials, or other public announcement without City's prior written approval.

33. **E-VERIFY.** Pursuant to section 448.095, Vendor shall register with and use the U.S. Department of Homeland Security's ("DHS") E-Verify System, accessible at https://e-verify.uscis.gov/emp, to verify the work authorization status of all newly hired employees. Vendor shall obtain affidavits from any and all subcontractors in accordance with paragraph 2(b) of section 448.095, Florida Statutes, and maintain copies of such affidavits for the duration of this Agreement. By entering into this Agreement, Vendor certifies and ensures that it utilizes and will continue to utilize the DHS E-Verify System for the duration of this Agreement and any subsequent renewals of same. Vendor understands that failure to comply with the requirements of this section shall result in the termination of this Agreement and Vendor may lose the ability to be awarded a public contract for a minimum of one (1) year after the date on which the Agreement was terminated. Vendor shall provide a copy of its DHS Memorandum of Understanding upon City's request. Please visit www.e-verify.gov for more information regarding the E-Verify System.

34. **CONFLICT OF INTEREST.** Vendor is required to have disclosed, with the submission of their bid, the name of any officer, director, or agent who may be employed by the City. Vendor shall further disclose the name of any City employee who owns, directly or indirectly, any interest in Vendor 's business or any affiliated business entity. Any additional conflicts of interest that may occur during the contract term must be disclosed to the City of Ocala Procurement Department.

35. **WAIVER.** The failure or delay of any party at any time to require performance by another party of any provision of this Agreement, even if known, shall not affect the right of such party to require performance of that provision or to exercise any right, power or remedy hereunder. Any waiver by any party of any breach of any provision of this Agreement should not be construed as a waiver of any continuing or succeeding breach of such provision, a waiver of the provision itself, or a waiver of any right, power or remedy under this Agreement. No notice to or demand on any party in any circumstance shall, of itself, entitle such party to any other or further notice or demand in similar or other circumstances.

36. **SEVERABILITY OF ILLEGAL PROVISIONS.** Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the applicable law. Should any portion of this Agreement be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Agreement.

37. **INDEMNITY.** Vendor shall indemnify and hold harmless City and its elected officials, employees and volunteers against and from all damages, claims, losses, costs, and expenses, including reasonable attorneys' fees, which City or its elected officials, employees or volunteers may sustain, or which may be asserted against City or its elected officials, employees or volunteers, arising out of the activities contemplated by this Agreement including, without limitation, harm or personal injury to third persons during the term of this Agreement to the extent attributable to the actions of Vendor , its agents, and employees.

38. **NO WAIVER OF SOVEREIGN IMMUNITY.** Nothing herein is intended to waive sovereign immunity by the City to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

39. **NOTICES.** All notices, certifications or communications required by this Agreement shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by e-mail. All notices shall be addressed to the respective parties as follows:

If to Vendor:	North Florida Container & Truck Repair, LLC Attention: Chuck Blanton 4240 SE 95th Street Ocala, Florida 34480 Phone: 352-427-9970 E-mail: chuckblanton25@yahoo.com
If to City of Ocala:	Daphne M. Robinson, Esq., Contracting Officer City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-629-8343 E-mail: notices@ocalafl.gov

Copy to: William E. Sexton, Esq., City Attorney
City of Ocala
110 SE Watula Avenue, 3rd Floor
Ocala, Florida 34471
Phone: 352-401-3972
E-mail: cityattorney@ocalafl.gov

40. **ATTORNEYS' FEES.** If any civil action, arbitration or other legal proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party shall be entitled to recover reasonable attorneys' fees, sales and use taxes, court costs and all expenses reasonably incurred even if not taxable as court costs (including, without limitation, all such fees, taxes, costs and expenses incident to arbitration, appellate, bankruptcy and post-judgment proceedings), incurred in that civil action, arbitration or legal proceeding, in addition to any other relief to which such party or parties may be entitled. Attorneys' fees shall include, without limitation, paralegal fees, investigative fees, administrative costs, sales and use taxes and all other charges reasonably billed by the attorney to the prevailing party.
41. **JURY WAIVER.** IN ANY CIVIL ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF, CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY ANY OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.
42. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.
43. **JURISDICTION AND VENUE.** The parties acknowledge that a majority of the negotiations, anticipated performance and execution of this Agreement occurred or shall occur in Marion County, Florida. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought only in the courts of record of the State of Florida in Marion County or the United States District Court, Middle District of Florida, Ocala Division. Each party consents to the exclusive jurisdiction of such court in any such civil action or legal proceeding and waives any objection to the laying of venue of any such civil action or legal proceeding in such court and/or the right to bring an action or proceeding in any other court. Service of any court paper may be effected on such party by mail, as provided in this Agreement, or in such other manner as may be provided under applicable laws, rules of procedures or local rules.
44. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all whom shall be bound by the provisions hereof.

45. **MUTUALITY OF NEGOTIATION.** Vendor and City acknowledge that this Agreement is a result of negotiations between Vendor and City, and the Agreement shall not be construed in favor of, or against, either party because of that party having been more involved in the drafting of the Agreement.
46. **SECTION HEADINGS.** The section headings herein are included for convenience only and shall not be deemed to be a part of this Agreement.
47. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or because of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.
48. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both parties to this Agreement.
49. **COUNTERPARTS.** This Agreement may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.
50. **ELECTRONIC SIGNATURE(S).** Vendor , if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.
51. **ENTIRE AGREEMENT.** This Agreement, including exhibits, (if any) constitutes the entire Agreement between the parties hereto with respect to the subject matter hereof. There are no other representations, warranties, promises, agreements or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. No course of prior dealings between the parties and no usage of trade shall be relevant or admissible to supplement, explain, or vary any of the terms of this Agreement. No representations, understandings, or agreements have been made or relied upon in the making of this Agreement other than those specifically set forth herein.
52. **LEGAL AUTHORITY**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

NORTH FLORIDA CONTAINER & TRUCK REPAIR, LLC

_____

By: _____
(Printed Name)

Title: _____
(Title)

BACKGROUND

Vendor shall provide all materials, labor, and equipment needed for dumpster painting and repair services for the City, as described and under the scope of services outlined in the Scope of Work.

EXPERIENCE AND REQUIREMENTS

Level II Background Check Requirement: Vendor's employees and all subcontractors working on-site must complete a Level II background check. Background checks shall be scheduled with the City Project Manager and shall be conducted by the Ocala Police Department.

VENDOR RESPONSIBILITIES

1. Vendor shall provide painting and repair services on front-load dumpsters. The Vendor shall pick up dumpsters from the City of Ocala Sanitation Division, located at 2100 NE 30th Ave., Building #200, and transport them off-site for painting and repairs.

2. **Painting:**

   The Vendor shall remove any loose paint, dirt, old logos, and rust from each dumpster. Vendor must smooth, prime, and paint the dumpster surface.

3. **Repair**:

   When the Vendor replaces dumpster bottoms, Vendor must remove the old bottom, replace it with a primed, fabricated bottom with runners on the bottom that cover from the front edge to the back edge, and include a continuous weld. Additionally, the new bottom must consist of one new threaded drain hole. After the new bottom is installed, dumpsters shall be primed and painted. Vendor shall prime any bare metal and paint the entire dumpster.

   Repairing dumpsters extends their useful life at a lower cost than buying new ones. The main repair involves replacing the bottoms, which tend to wear out before the rest of the dumpster. These repairs let us replace the bottom two or three times before needing to replace the entire dumpster.

PAINT REQUIREMENTS AND LEAD TIME

1. **Paint specifications**
   Vendor shall use the specified paint (or a City-approved equivalent):

   - Industrial enamel paint, a high gloss water reducible alkyd product #73-5126C, Premium Dark Green from Sheboygan Paints.
   - Primer numbers #71-3123 Gray or #71-71886 Red Oxide. Thickness must be five (5) mm when wet, and one and one-half (1.5) mm when dry. The paint must match, or closely match, the current dumpsters.

- New dumpster bottoms need to be the same thickness as the bottoms that are being replaced.

Lead time and scheduling

The scheduling of services shall be coordinated with the City's Project Manager, Cloretha McReynolds, 352-351-6633. The normal work hours are Monday through Friday from 7:00 am to 3:30 pm, excluding City-observed holidays.

- Painting and repairs on a small load (1-3 dumpsters) shall be completed within **five (5)** business days.
- Painting and repairs on standard loads (4-7 dumpsters) shall be completed within **ten (10)** business days.

SAFETY

Vendor shall be responsible for all damages to buildings, curbing, landscaping or irrigation systems caused by the delivery or removal of materials.

Presentation By: Darren Park

Department: Public Works

FORMAL TITLE:
Two-year agreement with Solo Cats Services, LLC, for grounds maintenance services on rights-of-way and medians along State Road 40 East with an expenditure of $52,752

OCALA'S RELEVANT STRATEGIC GOALS:
Quality of Place

PROOF OF PUBLICATION:
Bid released to the public: September 11, 2025

BACKGROUND:
The Public Works Department's Streets Division has a continuing need for grounds maintenance services along East State Road 40, including the rights-of-way (ROW) and medians, from NE 25th Avenue to the median east of NE 49th Terrace. Mowing is based on a set number of cuts per month for each month of the calendar year. Scheduled mowing ensures an acceptable appearance and an attractive gateway into the City of Ocala.

FINDINGS AND CONCLUSIONS:
On September 11, 2025, the City issued Invitation to Bid ("ITB") No.: PWD/250941. Fifteen bids were received with the following results:

Bidder Name	Office Location	Total Bid
Solo Cats Services, LLC	**Ocala, FL**	**$52,752.00**
Squeekie Klean Landscaping	Reddick, FL	$62,352.00
North Central Florida Landscaping & Lawncare, LLC	Ocala, FL	$62,400.00
Pure Cuts Lawn & Maintenance, LLC	Ocala, FL	$64,512.00
Sulter Precision Cuts	Ocala, FL	$69,600.00
Southern Lawn Care Mid Florida, Inc	Anthony, FL	$71,760.00
Extreme Enterprises of Marion County, Inc	Ocala, FL	$79,200.00
2nd Miles M.C., LLC	Palm Bay, FL	$79,200.00
BWC Services USA, LLC	Ocala, FL	$79,200.00
Industrial Cleaning & Sanitizing, LLC	Jacksonville, FL	$79,200.00
Lake Arthur Landscaping, LLC	Groveland, FL	$79,968.00
Calloway & Clark Enterprises, LLC	Saint Cloud, FL	$86,160.00
Kelly Klean, LLC	Macclenny, FL	$86,400.00
Florida Greenscapes Management	Ocoee, FL	$140,000.76
Native Tree of Central Florida, Inc	Ocala, FL	$143,400.00

Solo Cats Services, LLC, was found to be the lowest responsive and responsible bidder. Staff recommends approval of the agreement with Solo Cats Services, LLC for a two-year term beginning January 1, 2026, and ending on December 31, 2027, with two (2) optional one-year renewals.

FISCAL IMPACT:
Funding for this contract is budgeted in account 158-023-430-538-53-34010 for Fiscal Year 2025-26 in the amount of $20,881. Funding will be budgeted in account 158-023-430-538-53-34010 for Fiscal Year 2026-27 in the amount of $26,376 and for Fiscal Year 2027-28 in the amount of $5,495.

PROCUREMENT REVIEW:
These services were procured in compliance with the City's Procurement Policy.

LEGAL REVIEW:
This Agreement will be reviewed and approved for form and legality by City Attorney, William E. Sexton.

AGREEMENT FOR GROUNDS MAINTENANCE SERVICES – RIGHTS-OF-WAY AND MEDIANS HWY 40

THIS AGREEMENT FOR GROUNDS MAINTENANCE SERVICES – RIGHT-OF-WAY AND MEDIANS HWY 40 ("Agreement") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City") and **SOLO CATS SERVICES, LLC,** a limited liability company duly organized and authorized to do business in the state of Florida (EIN: 86-3502551) ("Contractor").

WHEREAS, on September 11, 2025, City issued an Invitation to Bid for the provision of grounds maintenance services, ITB No.: PWD/250941 (the "Solicitation"); and

WHEREAS, fifteen (15) firms responded to the Solicitation and, after consideration of price and other evaluation factors set forth in the Solicitation, the bid submitted by Solo Cats Services, LLC was found to be the lowest; and

WHEREAS, Contractor was chosen as the intended awardee to provide grounds maintenance services in rights-of-way and medians along East State Road 40 (the "Project"); and

WHEREAS, Contractor certifies that Contractor is qualified and possesses the required experience and licensure.

NOW THEREFORE, in consideration of the foregoing recitals, the following mutual covenants and conditions, and other good and valuable consideration, City and Contractor agree as follows:

1. **RECITALS**. City and Contractor hereby represent, warrant, and agree that the Recitals set forth above are true and correct and are incorporated herein by reference.

2. **CONTRACT DOCUMENTS**. The Contract Documents which comprise the entire understanding between City and Contractor shall only include this Agreement and those documents listed in this section as Exhibits to this Agreement and the quote submitted by Contractor in response to same (the "Solicitation Documents"). Each of these documents are incorporated herein by reference for all purposes. If there is a conflict between the terms of this Agreement and the Contract Documents, then the terms of this Agreement shall control, amend, and supersede any conflicting terms contained in the remaining Contract Documents.

   A. **Exhibits to Agreement**: The Exhibits to this Agreement are as follows:
   Exhibit A: Scope of Work (A-1 through A-6)
   Exhibit B: Price Proposal (B-1)
   Exhibit C: Grounds Maintenance Location Map (C-1)

   If there is a conflict between the individual Exhibits regarding the scope of work to be performed, then any identified inconsistency shall be resolved by giving precedence in the following order: (1) Exhibit A, then (2) Exhibit B, then (3) Exhibit C.

3. **SCOPE OF SERVICES.** Contractor shall provide all materials, labor, supervision, tools, accessories, equipment necessary for Contractor to perform its obligations under this Agreement as set forth in the attached **Exhibit A - Scope of Work**. The Scope of Work and/or pricing under this Agreement may only be adjusted by written amendment executed by both parties.

4. **COMPENSATION.** City shall pay Contractor an amount no greater than **FIFTY-TWO THOUSAND, SEVEN HUNDRED FIFTY-TWO AND NO/100 DOLLARS ($52,752)** (the "Contract Sum") over the contract term as full and complete compensation for the timely and satisfactory

performance of services in accordance with the pricing and frequency detailed in **Exhibit A – Scope of Work** and **Exhibit B – Price Proposal**.

A. **Price Adjustments.** Prices offered shall remain firm for the initial contract term. Requests for price adjustments may be submitted, in writing, **no later than NINETY (90) DAYS** prior to the expiration of the prior term and must include proper CPI justification or other documentation supporting the adjustment. The City will review the submitted request for price adjustment and render a decision, in its sole discretion, as to whether it is in the best interest of the City to adjust the pricing on the awarded goods or services or reject the adjusted pricing and issue a competitive solicitation. In any event, price increases for renewal terms shall be subject to a maximum negotiated increase of **no more than THREE PERCENT (3%)** annually unless there are mitigating market conditions. The City is under no obligation to renew the contract for an additional term or to accept Contractor's proposed price increases. Contractor must receive written notification from the City confirming that the City has accepted the new prices prior to processing any orders at the new cost. Any orders issued by the City prior to formal approval of a price increase shall not be modified. Any payment of the adjusted price by City does not constitute acceptance of new pricing. Contractors are expected to pass along to the City any and all decreases in pricing on products and services or to keep pricing constant when market conditions warrant no such increases.

B. **Invoice Submission**. All invoices submitted by Contractor shall include the City Contract Number, an assigned Invoice Number, and an Invoice Date. Contractor shall invoice once a month. Contractor shall submit the original invoice through the responsible City Project Manager at: **City of Ocala Public Works Department**, Attn: **Charlie Varney, 1805 NE 30th Avenue, Building 300, Ocala Florida 34470**, E-Mail: cvarney@ocalafl.gov or **Tom Casey** E-Mail: tcasey@ocalafl.gov.

C. **Payment of Invoices by City**. The City Project Manager must review and approve all invoices prior to payment. City Project Manager's approval shall not be unreasonably withheld, conditioned, or delayed. Payments by City shall be made no later than the time periods established in section 218.735, Florida Statutes.

D. **Withholding of Payment**. City reserves the right to withhold, in whole or in part, payment for any and all work that: (i) has not been completed by Contractor; (ii) is inadequate or defective and has not been remedied or resolved in a manner satisfactory to the City Project Manager; or (iii) which fails to comply with any term, condition, or other requirement under this Agreement. Any payment withheld shall be released and remitted to Contractor within **THIRTY (30)** calendar days of the Contractor's remedy or resolution of the inadequacy or defect.

E. **Excess Funds**. If due to mistake or any other reason Contractor receives payment under this Agreement in excess of what is provided for by the Agreement, Contractor shall promptly notify City upon discovery of the receipt of the overpayment. Any overpayment shall be refunded to City within **THIRTY (30)** days of Contractor's receipt of the overpayment or must also include interest calculated from the date of the overpayment at the interest rate for judgments at the highest rate as allowed by law.

F. **Amounts Due to the City**. Contractor must be current and remain current in all obligations due to the City during the performance of services under this Agreement. Payments to

Contractor may be offset by any delinquent amounts due to the City or fees and/or charges owed to the City.

G. **Tax Exemption**. City is exempt from all federal excise and state sales taxes (State of Florida Consumer's Certification of Exemption 85-8012621655C-9). The City's Employer Identification Number is 59-60000392. Contractor shall not be exempted from paying sales tax to its suppliers for materials to fulfill contractual obligations with the City, nor will Contractor be authorized to use City's Tax Exemption Number for securing materials listed herein.

5. **TERM OF AGREEMENT**. This Agreement shall become effective and commence on **JANUARY 1, 2026,** and continue in effect for a term of **TWO (2) YEARS**, through and including **DECEMBER 31, 2027** (the "Term"). This Agreement may be renewed for up to **TWO (2)** optional **ONE (1) YEAR** periods by written consent between City and Contractor.

6. **FORCE MAJEURE**. Neither party shall be liable for delay, damage, or failure in the performance of any obligation under this Agreement if such delay, damage, or failure is due to causes beyond its reasonable control, including without limitation: fire, flood, strikes and labor disputes, acts of war, acts of nature, terrorism, civil unrest, pandemics, acts or delays in acting of the government of the United States or the several states, judicial orders, decrees or restrictions, or any other like reason which is beyond the control of the respective party ("Force Majeure"). The party affected by any event of force majeure shall use reasonable efforts to remedy, remove, or mitigate such event and the effects thereof with all reasonable dispatch.

   A. The party affected by force majeure shall provide the other party with full particulars thereof including, but not limited to, the nature, details, and expected duration thereof, as soon as it becomes aware.

   B. When force majeure circumstances arise, the parties shall negotiate in good faith any modifications of the terms of this Agreement that may be necessary or appropriate in order to arrive at an equitable solution. Contractor performance shall be extended for a number of days equal to the duration of the force majeure. Contractor shall be entitled to an extension of time only and, in no event, shall Contractor be entitled to any increased costs, additional compensation, or damages of any type resulting from such force majeure delays.

7. **INSPECTION AND ACCEPTANCE OF THE WORK**. Contractor shall report its progress to the City Project Manager as set forth herein. All services, work, and materials provided by Contractor under this Agreement shall be provided to the satisfaction and approval of the City Project Manager.

   A. The City Project Manager shall decide all questions regarding the quality, acceptability, and/or fitness of materials furnished, or workmanship performed, the rate of progress of the work, the interpretation of the plans and specifications, and the acceptable fulfillment of the Agreement, in his or her sole discretion, based upon both the requirements set forth by City and the information provided by Contractor in its Bid. The authority vested in the City Project Manager pursuant to this paragraph shall be confined to the direction or specification of what is to be performed under this Agreement and shall not extend to the actual execution of the work.

   B. Neither the City Project Manager's review of Contractor's work nor recommendations made by City Project Manager pursuant to this Agreement will impose on City Project Manager any responsibility to supervise, direct, or control Contractor's work in progress or for the means,

methods, techniques, sequences, or procedures of construction or safety precautions or programs incident Contractor's furnishing and performing the work.

8. **TERMINATION AND DEFAULT**. Either party, upon determination that the other party has failed or refused to perform or is otherwise in breach of any obligation or provision under this Agreement or the Contract Document, may give written notice of default to the defaulting party in the manner specified for the giving of notices herein. Termination of this Agreement by either party for any reason shall have no effect upon the rights or duties accruing to the parties prior to termination.

   A. **Termination by City for Cause**. City shall have the right to terminate this Agreement immediately, in whole or in part, upon the failure of Contractor to carry out any obligation, term, or condition of this Agreement. City's election to terminate the Agreement for default shall be communicated by providing Contractor written notice of termination in the manner specified for the giving of notices herein. Any notice of termination given to Contractor by City shall be effective immediately, unless otherwise provided therein, upon the occurrence of any one or more of the following events:

      (1) Contractor fails to timely and properly perform any of the services set forth in the specifications of the Agreement;

      (2) Contractor provides material that does not meet the specifications of the Agreement;

      (3) Contractor fails to complete the work required within the time stipulated in the Agreement; or

      (4) Contractor fails to make progress in the performance of the Agreement and/or gives City reason to believe that Contractor cannot or will not perform to the requirements of the Agreement.

   B. **Contractor's Opportunity to Cure Default**. City may, in its sole discretion, provide Contractor with an opportunity to cure the violations set forth in City's notice of default to Contractor. Contractor shall commence to cure the violations immediately and shall diligently and continuously prosecute such cure to completion within a reasonable time as determined by City. If the violations are not corrected within the time determined to be reasonable by City or to the reasonable satisfaction of City, City may, without further notice, declare Contractor to be in breach of this Agreement and pursue all remedies available at law or equity, to include termination of this Agreement without further notice.

   C. **City's Remedies Upon Contractor Default**. In the event that Contractor fails to cure any default under this Agreement within the time period specified in this section, City may pursue any remedies available at law or equity, including, without limitation, the following:

      (1) City shall be entitled to terminate this Agreement without further notice;

      (2) City shall be entitled to hire another Contractor to complete the required work in accordance with the needs of City;

      (3) City shall be entitled to recover from Contractor all damages, costs, and attorney's fees arising from Contractor's default prior to termination; and

(4) City shall be entitled to recovery from Contractor any actual excess costs by: (i) deduction from any unpaid balances owed to Contractor; or (ii) any other remedy as provided by law.

D. **Termination for Non-Funding**. In the event that budgeted funds to finance this Agreement are reduced, terminated, or otherwise become unavailable, City may terminate this Agreement upon written notice to Contractor without penalty or expense to City. City shall be the final authority as to the availability of budgeted funds.

E. **Termination for Convenience**. City reserves the right to terminate this Agreement in whole or in part at any time for the convenience of City without penalty or recourse. The City Project Manager shall provide written notice of the termination. Upon receipt of the notice, Contractor shall immediately discontinue all work as directed in the notice, notify all subcontractors of the effective date of the termination, and minimize all further costs to City including, but not limited to, the placing of any and all orders for materials, facilities, or supplies, in connection with its performance under this Agreement. Contractor shall be entitled to receive compensation solely for: (1) the actual cost of the work completed in conformity with this Agreement; and/or (2) such other costs incurred by Contractor as permitted under this Agreement and approved by City.

9. **DELAYS AND DAMAGES.** The Contractor agrees to make no claim for extra or additional costs attributable to any delays, inefficiencies, or interference in the performance of this contract occasioned by any act or omission to act by the City except as provided in the Agreement. The Contractor also agrees that any such delay, inefficiency, or interference shall be compensated for solely by an extension of time to complete the performance of the work in accordance with the provision in the standard specification.

10. **PERFORMANCE EVALUATION**. At the end of the contract, City may evaluate Contractor's performance. Any such evaluation will become public record.

11. **NOTICE REGARDING FAILURE TO FULFILL AGREEMENT**. Any Contractor who enters into an Agreement with the City of Ocala and fails to complete the contract term, for any reason, shall be subject to future bidding suspension for a period of **ONE (1)** year and bid debarment for a period of up to **THREE (3)** years for serious contract failures.

12. **CONTRACTOR REPRESENTATIONS**. Contractor expressly represents that:

A. Contractor has read and is fully familiar with all of the terms and conditions of this Agreement, the Contract Documents, and other related data and acknowledges that they are sufficient in scope and detail to indicate and convey understanding of all terms and conditions of the work to be performed by Contractor under this Agreement.

B. Contractor has disclosed, in writing, all known conflicts, errors, inconsistencies, discrepancies, or omissions discovered by Contractor in the Contract Documents, and that the City's written resolution of same is acceptable to Contractor.

C. Contractor is familiar with all local, state, and Federal laws, regulations, and ordinances which may affect cost, progress, or its performance under this Agreement whatsoever.

D. **Public Entity Crimes.** Neither Contractor, its parent corporations, subsidiaries, members, shareholders, partners, officers, directors or executives, nor any of its affiliates, contractors, suppliers, subcontractors, or consultants under this Agreement have been placed on the

convicted vendor list following a conviction of a public entity crime. Contractor understands that a "public entity crime" as defined in section 287.133(1)(g), Florida Statutes, is "a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States…" Contractor further understands that any person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime: (1) may not submit a bid, proposal, or reply on a contract: (a) to provide any goods or services to a public entity; (b) for the construction or repair of a public building or public work; or (c) for leases of real property to a public entity; (2) may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and (3) may not transact business with any public entity in excess of the threshold amount provided in section 287.017, Florida Statutes, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

13. **CONTRACTOR RESPONSIBILITIES**. Except as otherwise specifically provided for in this Agreement, the following provisions are the responsibility of the Contractor:

    A. Contractor shall competently and efficiently supervise, inspect, and direct all work to be performed under this Agreement, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the work in accordance with the Contract Documents.

    B. Contractor shall be solely responsible for the means, methods, techniques, sequences, or procedures and safety precautions or programs incident thereto.

    C. Contractor shall be responsible to see that the finished work complies accurately with the contract and the intent thereof.

    D. Contractor shall comply with all local, state, and Federal laws, regulations, and ordinances which may affect cost, progress, or its performance under this Agreement, and be responsible for all costs associated with same.

    E. Contractor shall continue its performance under this Agreement during the pendency of any dispute or disagreement arising out of or relating to this Agreement, except as Contractor and City may otherwise agree in writing.

14. **NO EXCLUSIVITY**. It is expressly understood and agreed by the parties that this is not an exclusive agreement. Nothing in this Agreement shall be construed as creating any exclusive arrangement with Contractor or as prohibit City from either acquiring similar, equal, or like goods and/or services or from executing additional contracts with other entities or sources.

15. **RESPONSIBILITIES OF CITY.** City or its Representative shall issue all communications to Contractor. City has the authority to request changes in the work in accordance with the terms of this Agreement and with the terms in **Exhibit A.** City has the authority to stop work or to suspend any work.

16. **COMMERCIAL AUTO LIABILITY INSURANCE.** Contractor shall procure, maintain, and keep in full force, effect, and good standing for the life of this Agreement a policy of commercial auto liability insurance with a minimum combined single limit of One Million Dollars ($1,000,000) per occurrence for bodily injury and property damage arising out of Contractor's operations and covering all owned, hired, scheduled, and non-owned automobiles utilized in said operations. If Contractor does not own vehicles, Contractor shall maintain coverage for hired and non-owned

automobile liability, which may be satisfied by way of endorsement to Contractor's Commercial General Liability policy or separate Commercial Automobile Liability policy.

17. **GENERAL LIABILITY INSURANCE.** Contractor shall procure and maintain, for the life of this Agreement, commercial general liability insurance with minimum coverage limits not less than:

    A. One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) aggregate limit for bodily injury, property damage, and personal and advertising injury; and

    B. One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) aggregate limit for products and completed operations.

    C. Policy must include coverage for contractual liability and independent contractors.

    D. Policy must include Additional Insured coverage in favor of the City that is no less restrictive than that afforded under the CG 20 26 04 13 Additional Insured Form.

18. **WORKERS' COMPENSATION AND EMPLOYER'S LIABILITY.** Worker's Compensation insurance shall be provided by Contractor as required by Chapter 440, Florida Statutes, or any other applicable state or federal law, including the U.S. Longshoremen's and Harbor Workers Compensation Act and the Jones Act.

    A. Contractor shall similarly require any and all subcontractors to afford such coverage for all of its employees as required by applicable law.

    B. Contractor shall waive and shall ensure that Contractor's insurance carrier waives, all subrogation rights against the City of Ocala and its officers, employees, and volunteers for all losses or damages. Contractor's policy shall be endorsed with WC 00 03 13 Waiver of our Right to Recover from Others or its equivalent.

    C. Exceptions and exemptions to this Section may be allowed at the discretion of the City's Risk Manager on a case-by-case basis in accordance with Florida Statutes and shall be evidenced by a separate waiver.

19. **ADDITIONAL INSURANCE REQUIREMENTS.**

    A. Contractor's insurance coverage shall be primary insurance for all applicable policies. The limits of coverage under each policy maintained by Contractor shall not be interpreted as limiting Contractor's liability or obligations under this Agreement. City does not in any way represent that these types or amounts of insurance are sufficient or adequate enough to protect Contractor's interests or liabilities or to protect Contractor from claims that may arise out of or result from the negligent acts, errors, or omissions of Contractor, any of its agents or subcontractors, or for anyone whose negligent act(s) Contractor may be liable.

    B. No insurance shall be provided by the City for Contractor under this Agreement and Contractor shall be fully and solely responsible for any costs or expenses incurred as a result of a coverage deductible, co-insurance penalty, or self-insured retention to include any loss not covered because of the operation of such deductible, co-insurance penalty, self-insured retention, or coverage exclusion or limitation.

    C. **Certificates of Insurance**. No work shall be commenced by Contractor under this Agreement until the required Certificate of Insurance and endorsements have been provided nor shall Contractor allow any subcontractor to commence work until all similarly required certificates and endorsements of the subcontractor have also been provided. Work shall not continue

after expiration (or cancellation) of the Certificate of Insurance and work shall not resume until a new Certificate of Insurance has been provided. **Contractor shall provide evidence of insurance in the form of a valid Certificate of Insurance (binders are unacceptable) prior to the start of work contemplated under this Agreement to: City of Ocala. Attention: Procurement & Contracting Department, Address: 110 SE Watula Avenue, Third Floor, Ocala Florida 34471, E-Mail: vendors@ocalafl.gov.** Contractor's Certificate of Insurance and required endorsements shall be issued by an agency authorized to do business in the State of Florida with an A.M. Best Rating of A or better. The Certificate of Insurance shall indicate whether coverage is being provided under a claims-made or occurrence form. If any coverage is provided on a claims-made form, the Certificate of Insurance must show a retroactive date, which shall be the effective date of the initial contract or prior.

D. **City as Additional Insured**. The City of Ocala shall be named as an Additional Insured and Certificate Holder on all liability policies identified in this Section with the exception of Workers' Compensation, Auto Liability (except when required by Risk Management) and Professional Liability policies**. Workers Compensation policy must contain a Waiver of Subrogation in favor of the City**.

E. **Notice of Cancellation of Insurance**. Contractor's Certificate of Insurance shall provide **THIRTY (30) DAY** notice of cancellation, **TEN (10) DAY** notice if cancellation is for non-payment of premium. In the vent that Contractor's insurer is unable to accommodate the cancellation notice requirement, it shall be the responsibility of Contractor to provide the proper notice. Such notification shall be in writing by registered mail, return receipt requested, and addressed to the certificate holder. Additional copies may be sent to the City of Ocala at vendors@ocalafl.gov.

F. **Failure to Maintain Coverage**. The insurance policies and coverages set forth above are required and providing proof of and maintaining insurance of the types and with such terms and limits set forth above is a material obligation of Contractor. Contractor's failure to obtain or maintain in full force and effect any insurance coverage required under this Agreement shall constitute material breach of this Agreement.

G. **Severability of Interests**. Contractor shall arrange for its liability insurance to include or be endorsed to include a severability of interests/cross-liability provision so that the "City of Ocala" (where named as an additional insured) will be treated as if a separate policy were in existence, but without increasing the policy limits.

20. **SAFETY/ENVIRONMENTAL.** Contractor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the Work. Contractor shall make an effort to detect hazardous conditions and shall take prompt action where necessary to avoid accident, injury or property damage. EPA, DEP, OSHA and all other applicable safety laws and ordinances shall be followed as well as American National Standards Institute Safety Standards. Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury, or loss to:

A. All employees on the work and other persons that may be affected thereby;

B. All work, materials and equipment to be incorporated therein, whether in storage on or off the site; and

C. Other property at the site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, and utilities not designated for removal, relocation, or replacement in the course of construction.

All, injury, or loss to any property caused, directly or indirectly, in whole or in part, by Contractor, any subcontractor, or anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, shall be remedied by Contractor. Contractor's duties and responsibilities for the safety and protection of the work shall continue until such time as the work is completed and accepted by City.

21. **NON-DISCRIMINATORY EMPLOYMENT PRACTICES**. During the performance of the contract, the Contractor shall not discriminate against any employee or applicant for employment because of race, color, religion, ancestry, national origin, sex, pregnancy, age, disability, sexual orientation, gender identity, marital or domestic partner status, familial status, or veteran status and shall take affirmative action to ensure that an employee or applicant is afforded equal employment opportunities without discrimination. Such action shall be taken with reference to, but not limited to: recruitment, employment, termination, rates of pay or other forms of compensation and selection for training or retraining, including apprenticeship and on-the-job training.

22. **SUBCONTRACTORS.** Nothing in this Agreement shall be construed to create, impose, or give rise to any duty owed by City or its representatives to any subcontractor of Contractor or any other persons or organizations having a direct contract with Contractor, nor shall it create any obligation on the part of City or its representatives to pay or seek payment of any monies to any subcontractor of Contractor or any other persons or organizations having a direct contract with Contractor, except as may otherwise be required by law. City shall not be responsible for the acts or omissions of any Contractor, subcontractor, or of any of their agents or employees. nor shall it create any obligation on the part of City or its representatives to pay or to seek the payment of any monies to any subcontractor or other person or organization, except as may otherwise be required by law.

23. **EMERGENCIES**. In an emergency affecting the welfare and safety of life or property, Contractor, without special instruction or authorization from the City Project Manager, is hereby permitted, authorized and directed to act at its own discretion to prevent threatened loss or injury. Except in the case of an emergency requiring immediate remedial work, any work performed after regular working hours, on Saturdays, Sundays or legal holidays, shall be performed without additional expense to the City unless such work has been specifically requested and approved by the City Project Manager. Contractor shall be required to provide to the City Project Manager with the names, addresses and telephone numbers of those representatives who can be contacted at any time in case of emergency. Contractor's emergency representatives must be fully authorized and equipped to correct unsafe or excessively inconvenient conditions on short notice by City or public inspectors.

24. **INDEPENDENT CONTRACTOR STATUS.** Contractor acknowledges and agrees that under this Agreement, Contractor and any agent or employee of Contractor shall be deemed at all times to be an independent contractor and shall be wholly responsible for the manner in which it performs the services and work required under this Agreement. Neither Contractor nor its agents or employees shall represent or hold themselves out to be employees of City at any time. Neither Contractor nor its agents or employees shall have employee status with City. Nothing in this Agreement shall constitute or be construed to create any intent on the part of either party to

create an agency relationship, partnership, employer-employee relationship, joint venture relationship, or any other relationship which would allow City to exercise control or discretion over the manner or methods employed by Contractor in its performance of its obligations under this Agreement.

25. **ACCESS TO FACILITIES.** City shall provide Contractor with access to all City facilities as is reasonably necessary for Contractor to perform its obligations under this Agreement.

26. **ASSIGNMENT.** Neither party may assign its rights or obligations under this Agreement to any third party without the prior express approval of the other party, which shall not be unreasonably withheld.

27. **RIGHT OF CITY TO TAKE OVER CONTRACT.** Should the work to be performed by Contractor under this Agreement be abandoned, or should Contractor become insolvent, or if Contractor shall assign or sublet the work to be performed hereunder without the written consent of City, the City Project Manager shall have the power and right to hire and acquire additional men and equipment, supply additional material, and perform such work as deemed necessary for the completion of this Agreement. Under these circumstances, all expenses and costs actually incurred by City to accomplish such completion shall be credited to City along with amounts attributable to any other elements of damage and certified by the City Project Manager. The City Project Manager's certification as to the amount of such liability shall be final and conclusive.

28. **PUBLIC RECORDS.** Contractor shall comply with all applicable provisions of the Florida Public Records Act, Chapter 119, Florida Statutes. Specifically, Contractor shall:

    A. Keep and maintain public records required by the public agency to perform the service.

    B. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

    C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if Contractor does not transfer the records to the public agency.

    D. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of Contractor or keep and maintain public records required by the public agency to perform the service. If Contractor transfers all public records to the public agency upon completion of the contract, Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Contractor keeps and maintains public records upon completion of the contract, Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT

THE CUSTODIAN OF PUBLIC RECORDS AT: CITY OF OCALA, OFFICE OF THE CITY CLERK; 352-629-8266; E-mail: clerk@ocalafl.gov; City Hall, 110 SE Watula Avenue, Ocala, FL 34471.

29. **AUDIT.** Contractor shall comply and cooperate immediately with any inspections, reviews, investigations, or audits relating to this Agreement as deemed necessary by the Florida Office of the Inspector General, the City's Internal or External auditors or by any other Florida official with proper authority.

30. **PUBLICITY.** Contractor shall not use City's name, logo, seal or other likeness in any press release, marketing materials, or other public announcement without City's prior written approval.

31. **E-VERIFY.** Pursuant to section 448.095, Contractor shall register with and use the U.S. Department of Homeland Security's ("DHS") E-Verify System, accessible at https://e-verify.uscis.gov/emp, to verify the work authorization status of all newly hired employees. Contractor shall obtain affidavits from any and all subcontractors in accordance with paragraph 2(b) of section 448.095, Florida Statutes, and maintain copies of such affidavits for the duration of this Agreement. By entering into this Agreement, Contractor certifies and ensures that it utilizes and will continue to utilize the DHS E-Verify System for the duration of this Agreement and any subsequent renewals of same. Contractor understands that failure to comply with the requirements of this section shall result in the termination of this Agreement and Contractor may lose the ability to be awarded a public contract for a minimum of one (1) year after the date on which the Agreement was terminated. Contractor shall provide a copy of its DHS Memorandum of Understanding upon City's request. Please visit www.e-verify.gov for more information regarding the E-Verify System.

32. **CONFLICT OF INTEREST.** Contractor is required to have disclosed, with the submission of their bid, the name of any officer, director, or agent who may be employed by the City. Contractor shall further disclose the name of any City employee who owns, directly or indirectly, any interest in Contractor's business or any affiliated business entity. Any additional conflicts of interest that may occur during the contract term must be disclosed to the City of Ocala Procurement Department.

33. **WAIVER.** The failure or delay of any party at any time to require performance by another party of any provision of this Agreement, even if known, shall not affect the right of such party to require performance of that provision or to exercise any right, power or remedy hereunder. Any waiver by any party of any breach of any provision of this Agreement should not be construed as a waiver of any continuing or succeeding breach of such provision, a waiver of the provision itself, or a waiver of any right, power or remedy under this Agreement. No notice to or demand on any party in any circumstance shall, of itself, entitle such party to any other or further notice or demand in similar or other circumstances.

34. **SEVERABILITY OF ILLEGAL PROVISIONS.** Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the applicable law. Should any portion of this Agreement be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Agreement.

35. **INDEMNITY.** Contractor shall indemnify and hold harmless City and its elected officials, employees and volunteers against and from all damages, claims, losses, costs, and expenses, including reasonable attorneys' fees, which City or its elected officials, employees or volunteers

may sustain, or which may be asserted against City or its elected officials, employees or volunteers, arising out of the activities contemplated by this Agreement including, without limitation, harm or personal injury to third persons during the term of this Agreement to the extent attributable to the actions of Contractor, its agents, and employees.

36. **NO WAIVER OF SOVEREIGN IMMUNITY.** Nothing herein is intended to waive sovereign immunity by the City to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

37. **NOTICES.** All notices, certifications or communications required by this Agreement shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by e-mail. All notices shall be addressed to the respective parties as follows:

If to Contractor:	Solo Cats Services, LLC Attention: Zackery Grimmo 4850 NW 46th Avenue Ocala, Florida 34482 Phone: 207-520-1685 E-mail: zackgrimmo@gmail.com
If to City of Ocala:	Daphne M. Robinson, Esq., Contracting Officer City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-629-8343 E-mail: notices@ocalafl.gov
Copy to:	William E. Sexton, Esq., City Attorney City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-401-3972 E-mail: cityattorney@ocalafl.gov

38. **ATTORNEYS' FEES.** If any civil action, arbitration or other legal proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party shall be entitled to recover reasonable attorneys' fees, sales and use taxes, court costs and all expenses reasonably incurred even if not taxable as court costs (including, without limitation, all such fees, taxes, costs and expenses incident to arbitration, appellate, bankruptcy and post-judgment proceedings), incurred in that civil action, arbitration or legal proceeding, in addition to any other relief to which such party or parties may be entitled. Attorneys' fees shall include, without limitation, paralegal fees, investigative fees, administrative costs, sales and use taxes and all other charges reasonably billed by the attorney to the prevailing party.

39. **JURY WAIVER.** IN ANY CIVIL ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF, CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY ANY OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.

40. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.

41. **JURISDICTION AND VENUE.** The parties acknowledge that a majority of the negotiations, anticipated performance and execution of this Agreement occurred or shall occur in Marion County, Florida. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought only in the courts of record of the State of Florida in Marion County or the United States District Court, Middle District of Florida, Ocala Division. Each party consents to the exclusive jurisdiction of such court in any such civil action or legal proceeding and waives any objection to the laying of venue of any such civil action or legal proceeding in such court and/or the right to bring an action or proceeding in any other court. Service of any court paper may be effected on such party by mail, as provided in this Agreement, or in such other manner as may be provided under applicable laws, rules of procedures or local rules.

42. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all whom shall be bound by the provisions hereof.

43. **MUTUALITY OF NEGOTIATION.** Contractor and City acknowledge that this Agreement is a result of negotiations between Contractor and City, and the Agreement shall not be construed in favor of, or against, either party because of that party having been more involved in the drafting of the Agreement.

44. **SECTION HEADINGS.** The section headings herein are included for convenience only and shall not be deemed to be a part of this Agreement.

45. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or because of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.

46. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both parties to this Agreement.

47. **COUNTERPARTS.** This Agreement may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.

48. **ELECTRONIC SIGNATURE(S).** Contractor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.

49. **ENTIRE AGREEMENT.** This Agreement, including exhibits, (if any) constitutes the entire Agreement between the parties hereto with respect to the subject matter hereof. There are no other representations, warranties, promises, agreements or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. No course of prior dealings between the parties and no usage of trade shall be relevant or admissible to supplement, explain, or vary any of the terms of this Agreement. No representations, understandings, or agreements have been made or relied upon in the making of this Agreement other than those specifically set forth herein.

50. **LEGAL AUTHORITY**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement on _____.

Title: _____
(Title)

BACKGROUND

1. Contractor shall provide grounds maintenance services along East State Road 40, including the rights-of-way (ROW) and medians from NE 25th Avenue in front of the Campus USA Bank at 2444 East Silver Springs Blvd., through to the median immediately East of NE 49th Terrace, approximately 540'. The median/island at NE 3rd Street is included as indicated in **Exhibit C - Grounds Maintenance Location Map**.
2. Contractor shall be responsible for ground maintenance services, including, but not limited to, mowing, edging sidewalks and curbs, litter removal, and herbicide applications.
3. All work shall be coordinated with the City Project Manager Charlie Varney, cvarney@ocalafl.gov, (352)351-6789.

EQUIPMENT REQUIREMENTS

Contractor must possess and properly maintain (for the duration of this Agreement) all equipment necessary to perform services described herein, which minimally shall include the following equipment:

- Two (2) weed eaters
- Two (2) edgers
- Two (2) backpack blowers
- One (1) three-wheel blower (for parking lots)
- Three (3) mowers, which shall include a combination of push and zero-turn mowers
- Two (2) trucks/trailers Two
- Two (2) backpack sprayers

DEFINITIONS

1. **Trash:** Trash is defined as anything loose and useless (examples but not limited to) bottles, cans, paper, plastic bags, plastic bottles, plastic wrappers, and Styrofoam cups and plates.
2. **Debris:** Debris is defined as objects lying on the ground in an area to be mowed that are mostly organic (examples but not limited to): tree limbs less than six inches (6") in diameter and smaller than six feet (6') in length, tree branches, twigs, hedge clippings, and sapling trimmings. One or two broken concrete blocks would qualify as debris, but an abundance of blocks would be the City's responsibility to remove.

   If Contractor finds large items such as old tires, concrete blocks, old chairs or sofas, dead car batteries, etc., on a site to be mowed, Contractor shall contact the City Project Manager to report the findings, and the City will remove and properly dispose of the debris. Otherwise, it is the Contractor's responsibility to remove and properly dispose of debris before mowing.

MOWING AND EDGING

1. Contractor shall mow at a maximum height of two inches (2") for Bahia grass and three inches (3") for St. Augustine grass.
2. Mowing and all related services shall be started and completed on the same day (weather permitting).
3. All mowing will be completed between the hours of 7:00 AM and 5:00 PM, Monday through Friday. Any change to days and/or times must be approved by the City Project Manager, Charlie Varney,

cvarney@ocalafl.gov (352) 351-6789. There will be no mowing on City-observed holidays or weekends. Please refer to the section labeled HOLIDAY SCHEDULE for City-observed holidays.

4. The City will set specific mowing days and dates. The Contractor must follow the City noise ordinance when planning mowing times. **The start date for this contract is January 2026.**

5. Contractor shall mow all grass areas in accordance with the frequencies indicated below:

Month	Cuts per Month*
January	1
February	1
March	1
April	2
May	2
June	3
July	3
August	3
September	3
October	2
November	2
December	1
Total cuts per year:	**24**

**The City anticipates mowing frequencies as outlined above; however, the City reserves the right to adjust these frequencies as needed.*

6. The City does not include an allowance for delays caused by inclement weather; however, the City will grant time extensions on a day-to-day basis for delays caused by the effects of rain or other inclement weather conditions.

   A. No additional compensation will be made for delays caused by the inclement weather. Contractor shall submit a written request to the City Project Manager (e-mail is the preferred method) for additional days for which work is suspended or delayed by weather.

   B. Weather days shall be reconciled with each monthly pay application for the time period in which the application is submitted and shall be final.

   C. Contractor performance and prosecution of work will be considered in the determination for granting additional days.

7. **Edging shall be required** along curbs, sidewalks, and gutters, the edges of asphalt roads, sidewalks, the entire perimeter of each median, and the outer edge of each right-of-way.

   A. Sidewalks shall be edged, and where there are cracks in the sidewalks or curbing with grass and weeds growing through the cracks, the vegetation shall be sprayed with an approved herbicide.

   B. After the vegetation is dead, it shall be removed with a weed-eater or similar string device.

8. Contractor shall pick up trash and debris in and around the area to be mowed (to include fence lines) before mowing and properly dispose of it so it is not chopped up by the mower. Contractor shall be responsible for a clean area (free of trash and debris) with neat appearance, even cutting, and no clumps

of grass to remain in the mowed areas. All mowed areas will be inspected by the City. Debris shall be removed from the site and not thrown under trees.

9. Contractor shall be responsible for all damages incurred to any water sprinkler systems, fences, shrubs, trees, value boxes, etc., while performing ground maintenance. Contractor shall straighten any signs and/or bollards leaning due to contact with equipment. Any damaged ground sprinklers shall be repaired immediately to comply with water conservation regulations. All damages shall be immediately reported to the City, which will make the final decision for replacement and/or repair.

10. Backflow assemblies are located in various areas throughout the City. In the event a backflow assembly unit is damaged or destroyed by the Contractor, the Contractor shall be liable for all damages and shall be responsible for any costs associated with the repair or replacement of the unit(s). The Contractor's employees shall always have a wrench in their possession to shut off the water should damage occur. Contractor shall report any damage to backflow assemblies to the City Project Manager **within 15 minutes of such damage.**

11. Water meter damage shall be reported to the Water Resources Department at (352) 351- 6772. Repairs shall be made within 48 hours of damage occurrence, except for utility-related repairs, which shall be completed as soon as possible.

12. All equipment must be properly maintained with sharp blades, so the grass is cut and not torn, causing damage to the grass plants. Tires must be equally inflated to avoid uneven cuts, etc. Contractor shall be responsible for operating the equipment at speeds that result in proper cuts.

TRIMMING AND WEED CONTROL

1. Trimming shall be done in areas inaccessible by mowers (fence lines, trees, signs, etc.).

2. When using chemicals to treat fence lines, special care shall be used to ensure chemicals are not sprayed onto adjacent private property. No blue dies with herbicide.

3. A three-inch (3") swath must be sprayed on either side of the fence to maintain grass and weed control, providing the adjacent side of the fence is not private property. If the adjacent side is private property, only a three (3) inch swath must be sprayed on the City property. Once the vegetation has been treated with chemicals, the dead grass, weeds, and vines shall be removed with a weed eater or similar device down to ground level, and the remaining dead vegetation removed from the fence.

4. A three-inch (3") diameter area from the base of trees must be maintained when trimming around trees. Contractor shall chemically kill or retard the growth directly under trees using Roundup or other suitable and equally effective herbicide. When chemically trimming around trees, Contractor must not spray the suckers growing from the ground around the tree; this may damage or kill the tree. Removal of the bark greater than 25% of the diameter of the tree would require the tree to be replaced. This is common around Crape Myrtles and not normally found around oaks and other common hardwood trees.

5. Grass debris shall never be blown into roadways. Grass clippings shall be blown away from roadways, but not into retention ponds. Contractor should ensure all cuttings are kept off the streets and sidewalks.

6. Sidewalks, curb and gutter, edge of asphalt road, the entire perimeter of each median, and the outer edge of the ROW shall be edged per cut. Where there are cracks in the sidewalks with grass and weeds growing through the cracks, the vegetation shall be sprayed with an approved herbicide. After

the vegetation is dead, the Contractor must remove it with a weed-eater or similar string device. Concrete medians shall be sprayed for weed control or edged per cut.

CONTRACTOR RESPONSIBILITIES

1. The Contractor shall complete all work performed under this solicitation in accordance with policies and procedures of the City of Ocala and all applicable State and Federal laws, policies, procedures, and guidelines.
2. Contractor shall obtain and pay for any licenses, additional equipment, dumping and/or disposal fees, etc., required to fulfill this Agreement.
3. At least one (1) crew member must communicate fluently in English.
4. Contractor's employees shall wear shirts or have a badge that identifies the company, and all trucks belonging to the Contractor must display the company's name.
5. When working near roadways, the employee shall wear a Florida Department of Transportation (FDOT) approved vest and place FDOT-approved safety cones and FDOT-approved "Men Working Signs" in front of, and behind, company vehicles.
6. Sinkholes: Contractor shall immediately report any sinkholes found to the Public Works Department: 352-351-6733.
7. Properties having gates: Properties having gates - Contractor shall report any gates needing repair for failure to close, open, or lock to the department responsible for that area. All gates must be closed and locked when they are finished mowing each area.
8. Weekly Report: Contractor shall submit a weekly report to the City Project Manager. The weekly report must list the properties mowed and identify any problems or issues at any of the sites, as well as the Contractor's recommendations to resolve any issues or problems.

CONTRACTOR EMPLOYEES AND EQUIPMENT

1. An employee roster shall be provided to the City Project Manager.
2. Contractor must utilize competent employees in performing the work. Employees performing the work must be properly licensed or qualified as required by the scope/project.
3. The Contractor shall provide an assigned project manager, who will be the primary point of contact. Contractor must provide a valid telephone number and address at all times to the City Project Manager. The telephone must be answered during normal working hours, or voicemail must be available to take a message.
4. At the request of the City, the Contractor must replace any incompetent, unfaithful, abusive, or disorderly person in his or her employment. The City and the Contractor must each be promptly notified by the other of any complaints received.
5. The Contractor's employees shall wear suitable work clothes and personal protective equipment as defined by OSHA. Employees shall be clean and in as good an appearance as the job conditions permit.
6. Contractor shall operate as an independent contractor and not as an agent, representative, partner, or employee of the City of Ocala, and shall control their operations at the work site and be solely responsible for the acts or omissions of their employees.

7. No smoking is allowed on City property or projects.
8. Contractor must possess/obtain all required equipment to perform the work. A list of equipment shall be provided to the City upon request.

SAFETY

1. Contractor shall be fully responsible for meeting all OSHA, local, state, and federal codes concerning safety provisions for their employees, subcontractors, staff, public, etc.
2. Contractor shall be responsible for all damage to buildings, curbing, pavement, landscaping, or irrigation systems caused by the delivery or removal of materials.
3. In no event shall the City be responsible for any damages, loss, destruction, or theft of materials, equipment, or clothing.
4. Any emergencies must be reported immediately to the City Project Manager.
5. All mower operators shall be trained and properly certified to operate mowing equipment.
6. It shall be the responsibility of the Contractor to supply all necessary training. The Contractor shall be familiar with all construction signage for roadway safety.

MAINTENANCE OF TRAFFIC/TEMPORARY TRAFFIC CONTROL

1. **Maintenance of Traffic (MOT)/Temporary Traffic Control (TTC):** Maintain traffic per FDOT 100 series index within the limits of the project for the duration of the construction period, including any temporary suspensions of the work. Construct and maintain detours.
   A. Provide facilities for access to residences, businesses, etc., along the project. Furnish, install, and maintain traffic control and safety devices during work.
   B. Provide any other special requirements for safe and expeditious movement of traffic.
   C. MOT/TTC includes all facilities, devices, and operations as required for the safety and convenience of the public within the work zone. Do not maintain traffic over those portions of the project where no work is to be accomplished or where operations will not affect existing roads.
   D. Do not obstruct or create a hazard to any traffic during the performance of the work. FDOT Design Standards are the minimum standards for the use in the development of all Traffic Control Plans (TCPs).

HOLIDAY SCHEDULE

1. The City of Ocala recognizes the following holidays:

New Year's Day	January 1st
Dr. Martin Luther King, Jr.	3rd Monday in January
Memorial Day	Last Monday in May
Juneteenth	June 19th
Independence Day	July 4th
Labor Day	1st Monday in September

Veterans' Day	November 11th
Thanksgiving Day	4th Thursday in November
Thanksgiving Day (day after)	4th Friday in November
Christmas Eve	December 24th
Christmas Day	December 25th

2. If the holiday falls on a Saturday, the holiday shall be observed on the preceding Friday. If the holiday falls on a Sunday, the holiday shall be observed on the following Monday or as designated by the City Manager.

Department: Growth Management

FORMAL TITLE:
Heath Preserve Phase 3 Amendment to Developer's Agreement

OCALA'S RELEVANT STRATEGIC GOALS:
Quality of Place

PROOF OF PUBLICATION:
N/A

BACKGROUND:
Heath Preserve Phase 3 comprises 180 single-family lots, five tracts, and 1.32 miles of road on 63.82 acres, all zoned R-1AA.

The developers are Armstrong Land, LLC, and Millrose Properties Florida, LLC.

The amendment addresses the issuance of building permits in accordance with Florida Statutes, Section 177.073.

A probable cost estimate has been submitted and is under review by the Engineering Department. A letter of credit will be provided for 130% of the probable cost estimate.

The original developer's agreement was recorded in May of 2022 and will remain in effect except as amended by this agreement.

FINDINGS AND CONCLUSIONS:
The developer's agreement must be approved prior to recording the final plat.

Platting is required to create the individual lots.

Final plat approval is no longer required by the City Council and will be handled administratively.

Staff recommends approval of the developer's agreement.

FISCAL IMPACT:
N/A

PROCUREMENT REVIEW:
N/A

LEGAL REVIEW:
This Agreement has been reviewed and approved for form and legality by City Attorney, William E. Sexton.

Attn: Development Coordinator

AMENDMENT TO DEVELOPER'S AGREEMENT
HEATH PRESERVE

THIS AMENDMENT TO DEVELOPER'S AGREEMENT (this "Amendment") is made and entered into on the dates set forth below by and between the **CITY OF OCALA**, a Florida municipal corporation ("City") and **ARMSTRONG LAND, LLC**, a Florida limited liability company (the "Developer"), joined by **MILLROSE PROPERTIES FLORIDA, LLC**, a Florida limited liability company ("Millrose").

WITNESSETH:

WHEREAS, the Developer and the City entered into the "Developer's Agreement," recorded in, Official Records Book 7785, Page 145, Marion County Public Records (the "Developer's Agreement"); and

WHEREAS, the Developer and the City hereby wish to amend the Developer's Agreement to address the Improvements to be constructed within real property described on attached Exhibit "1" ("Phase 3"), which is a portion of the Property; and

WHEREAS, in exchange for the Developer posting of a Letter of Credit approved by the City, the City has agreed to issue building permits in accordance with Florida Statutes, Section 177.073 (the "Florida Statute"), for the Lots located within Phase 3, subject to the terms of this Amendment; and

WHEREAS, Millrose hereby joins this Amendment as the record title owner of Phase 3 of the Subdivision.

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties do hereby agree as follows, which terms shall be binding upon the parties and their respective successors and assigns, as may be applicable:

1. **INCORPORATION OF RECITALS**. The parties agree and confirm that the above recitals are true and correct and incorporate their terms and provisions herein for all purposes.

2. **COVENANTS OF CITY**. Subject to the terms of this Amendment, the City covenants and agrees, upon satisfaction of all other permitting requirements, it will issue building permits for the construction of residences, in accordance with Florida Statutes, for the Lots located in Phase 3 of the Subdivision, and will make all customary building inspections during the construction thereof, but the City will be authorized to withhold the issuance of certificates of occupancy for building structures constructed on Lots until (i) all supporting improvements for the Lots have been constructed and approved by the City; and (ii) the final Phase 3 Plat has been recorded.

3. **PHASE 3 BUILDING PERMITS**. The City shall cause the immediate issuance of building permits for the construction of residences for the Lots located within Phase 3 upon the Developer's satisfaction of the following conditions:

   3.1 **Cost Estimate**. Developer will submit to the City, and the City will review and approve, a "*Cost Estimate*" for the Phase 3 Improvements prepared by the Developer's Engineer.

   3.2 **Letter of Credit**. The Developer shall cause the Letter of Credit to be issued to the City, which shall be in the amount of one hundred twenty percent (130%) of the approved Cost Estimate, guaranteeing to the City the performance of the Developer's obligations with respect to the Improvements within Phase 3, as required by the Developer's Agreement (as applicable) and by this Amendment.

4. **INDEMNITY**. The Developer hereby agrees to indemnify and hold City harmless from any and all losses, claims, damages, expenses, judgments, litigation expenses, attorneys' fees or other liabilities of any nature incurred by the City as a result of this Agreement by the City to issue building or development permits for Phase 3 pursuant to this Amendment. This grant of indemnity will expressly survive the termination of the Developer's Agreement and the acceptance and recording of the Phase 3 Plat.

5. **RATIFICATION**. Except as expressly set forth herein, the Original Agreement is not amended or modified. All references in the agreement to such agreement shall be deemed to refer to such agreement as amended hereby.

DEVELOPER'S AGREEMENT

THIS DEVELOPER'S AGREEMENT is made and entered into on the dates set forth below by and between the **CITY OF OCALA**, a Florida municipal corporation ("**City**") and **ARMSTRONG LAND, LLC**, a Florida limited liability company (hereinafter the "**Developer**").

WITNESSETH:

WHEREAS, Developer is the owner of the real property described on attached Exhibit "A" (the "**Property**"), which is located within the jurisdictional boundaries of the City; and

WHEREAS, Developer has previously filed an application for the approval of "HEATH PRESERVE", a residential subdivision (the "**Subdivision**") of the Property, which is located approximately along the west side of NW 44th Avenue and south of U.S. Highway 27; and

WHEREAS, the Property described on Exhibit "A" constitutes all of the real property in the Subdivision; and

WHEREAS, Developer has previously submitted to the City a conceptual plan and construction plans for the Subdivision, which depict the construction of the Improvements (as defined below) relating to the Subdivision. Copies of the construction plans shall be kept on record at the office of the City Engineer of the City and are, by reference, made a part of this Agreement; and

WHEREAS, The City's Planning and Zoning Commission has recommended approval of the conceptual plans for the Subdivision subject to the parties entering into a Developer's Agreement in accordance with the applicable provisions of the City's Code of Ordinances.

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties do hereby agree as follows, which terms shall be binding upon the parties and their respective successors and assigns, as may be applicable:

1. **INCORPORATION OF RECITALS.** The parties agree and confirm that the above recitals are true and correct and incorporate their terms and provisions herein for all purposes.

2. **DEFINITIONS.** The following definitions shall have the following meanings for the purpose of this Agreement:

2.1 "**Agreement**" – shall refer to this Developer's Agreement, as the same may be subsequently amended, modified, or supplemented pursuant to its terms and provisions.

2.2 "**City**" – shall refer to the City of Ocala, a municipal corporation existing under the laws of the State of Florida.

2.3 "**Code**" – shall refer to the City's Code of Ordinances, as the same may be subsequently amended, modified, or supplemented.

2.4 "**Common Elements**" – shall refer to those portions of the Subdivision that will be either owned by or maintained by a Homeowners' Association.

2.5 "**Developer**" – shall refer to Armstrong Land, LLC, a Florida limited liability company.

2.6 "**Development Regulations**" – shall refer to the Land Development Regulations of the City. This definition will include any promulgated construction or design specifications of the City.

2.7 "**District**" – shall refer to the Southwest Florida Water Management District, a public entity created under the laws of the State of Florida.

2.8 "**Homeowners' Association**" – shall refer to the Florida not-for-profit Corporation which will be incorporated for the benefit of the owners of Lots in the Subdivision, and which will become owner of the Private Improvements for the purposes of ownership and maintenance of the Private Improvements

2.9 "**Improvements**" – shall refer to those roadways, stormwater conveyance system improvements, stormwater retention areas, sanitary sewer mains, sanitary sewer lines, water mains, water lines, water meters, fire hydrants, traffic control devices, streetlights/yard lights, sidewalks and grading and appurtenances which are depicted upon the Plans for the Subdivision which have been filed by the Developer with the City.

2.10 "**Lot**" – shall refer to an individual lot shown on the Plat of the Subdivision.

2.11 "**Plans**" – shall refer to the conceptual plan and construction plans for the Subdivision, which depict the construction of the Improvements. Copies of the Plans shall be kept on record at the offices of the City Engineer, and by reference are made a part of this Agreement.

2.12 "**Plat**" – shall refer to the Plat of the Subdivision, after it has been recorded in the Public Records of Marion County, Florida

2.13 "**Property**" – shall refer to the real property located in Marion County, Florida described on attached Exhibit "A".

2.14 "**Public Improvements**" – shall refer to the sanitary sewer mains, sanitary sewer lines, water mains, water lines, water meters, fire hydrants, and grading and appurtenances related thereto lying within the Subdivision as shown on the Plans. Water system improvements will be Public Improvements only to the point of metering. Sanitary sewer system improvements will be Public Improvements with respect to the sanitary sewer mains and manholes, and sanitary sewer lines and services within the dedicated right of way.

2.15 **"Private Improvements"** – shall refer to the roadways, traffic control devices, sidewalks, streetlight/yard lights, stormwater conveyance system improvements, stormwater retention areas, grading improvements and appurtenances related thereto, as shown on the Plans.

2.16 "**Subdivision**" – shall refer to the proposed residential/commercial Subdivision located on the Property, which will be named "HEATH PRESERVE".

2.17 "**Tract**" – shall refer to any individual parcel of property designated as a "*Tract*" on the Plat of the Subdivision.

3. **APPROVAL**. The City hereby approves the Plans for the Subdivision.

4. **COVENANTS OF DEVELOPER**. In addition to the other covenants and agreements of Developer set forth specifically elsewhere in this Agreement, Developer covenants and agrees:

4.1 To construct at its own expense all Improvements for the Subdivision according to the Plans and according to the City's Development Regulations, within a period of two (2) years from the date of this Agreement, unless otherwise provided for herein, provided that additional time may be mutually agreed upon in the event of delays caused or due to Acts of God, strikes, or other circumstances not controlled by the Developer.

4.2 To amend or modify the Plans as required to comply with future City standards and specification for those Improvements which are not constructed within two (2) years of the date of this Agreement, should those standards and specifications change prior to the construction of such Improvements.

4.3 To provide to the City a current title opinion acceptable to the City which attests to the Developer's ownership of the Property and its right to enter into this Agreement. The Developer further agrees not to enter into any Agreement, other than agreements relating to customary financing, which would affect the validity of such title opinion until such time as this Agreement has been executed and recorded in the Public Records of Marion County, Florida.

4.4 To retain a professional engineer registered in the State of Florida to (i) supervise the construction of the Improvements; (ii) provide the required certification of completion in *"As-Built"* drawings; and (iii) act on behalf of and represent the Developer in technical matters in all dealings with the City; and (iv) to complete transfer of the stormwater system ownership and maintenance per the water management district requirements prior to city acceptance of the system.

4.5 To provide a full set of reproducible *"As-Built"* plans for the Improvements, certified to the City by the Developer's engineer in detail to the extent required by the City Engineer, together with actual itemized construction and engineering cost summaries for the Improvements, such itemization to be certified by the Developer's engineer and submitted on a form approved by the City Engineer.

4.6 To obtain and abide by all terms of any and all permits which may be required by the State of Florida, Marion County, the District or the City with respect to the Subdivision and the construction of the Improvements, all at no cost to the City.

4.7 To provide the City with complete and legally effective releases or waivers satisfactory to the City of all liens arising out of this Agreement and the labor and services performed and the materials and equipment furnished thereunder.

4.8 To pay the City, at the time of the recording of the Plat of the Subdivision, a solid waste system impact fee in the amount of $109,445.00, representing a fee in the amount of Two Hundred Sixty-Five Dollars ($265.00) per residential unit for the impact upon City's solid waste system calculated at $265.00 per lot times (x) four hundred thirteen (413) Lots.

4.9 To pay all applicable fees in accordance with the City Code.

4.10 To furnish or cause to be furnished to the City by the Developer's contractor a proof of insurance, submitted to the City Engineer, confirming the existence of a liability insurance company insurance coverage to protect the City within any dedicated rights-of-way or easements during the construction and maintenance period of this Agreement, which insurance shall satisfy all applicable City insurance standards.

4.11 To execute and deliver to the City, at the request of the City, a dedication, assignment or deed, as applicable, conveying to the City ownership of all Public Improvements, and to maintain and repair all Public Improvements for a period of one (1) year after the completion of construction thereof and acceptance by the City. The Homeowners Association will become owner of the Private Improvements for the purposes of ownership and maintenance of the Private Improvements and Common Elements.

4.12 To provide to the City adequate assurance, in a form acceptable to the City, in an amount equal to twenty percent (20%) of the actual costs of the Public

Improvements, that the Developer will comply with the maintenance obligations regarding the Public Improvements as required under the terms of this Agreement. Said assurance shall remain in effect for the duration of the one (1) year maintenance period described elsewhere in this Agreement. An eleven (11) month inspection will be conducted, prior to the release of the adequate assurance, of the Public Improvements and should all required corrections not be made prior to the expiration of the one (1) year maintenance period the City shall have the right to utilize the adequate assurance to make the necessary corrections to the Public Improvements.

5. **COVENANTS OF CITY**. The City covenants and agrees:

5.1 To accept and perpetually maintain the Public Improvements within the boundaries of the Subdivision upon the acceptance of the Improvements and after the completion of the one (1) year maintenance period.

5.2 That, if the provisions of Sections 6.1, 6.2 and 6.3 below are not applicable, upon completion of the Improvements, and upon approval of the Subdivision by the City Council, all of which must be in accordance with the provisions of this Agreement, it will permit connections to the City's water and sewer systems with respect to the Lots in the Subdivision.

5.3 That, if the provisions of Sections 6.1, 6.2 and 6.3 below are applicable, it will issue building permits for the vertical construction of residences on Lots located in the Subdivision, and will make all customary building inspections during the construction thereof, but the City will be authorized to withhold the issuance of certificates of occupancy for building structures constructed on Lots until (i) all supporting improvements for the Lots have been constructed and approved by the City; and (ii) the final Plat has been recorded.

6. **RECORDING PLAT**. The City will allow the immediate recording of the Plat of the Subdivision, and the conveyance of Lots in the Subdivision (or portions thereof). If the Developer complies with the following provisions of this Section. If the Developer elects not to provide a Letter of Credit or other acceptable surety to the City to guarantee the construction of the Improvements for the Subdivision, the Plat will be recorded upon the completion of the construction of the Improvements in accordance with the Plans, and the acceptance there of by the City. If the Developer elects to provide to the City a Letter of Credit, or some other acceptable surety, the following provisions will apply:

6.1 **Cost Estimate.** Developer will submit to the City, and the City will review and approve, a "*Cost Estimate*" prepared by the Developer's Engineer. The Cost Estimate must be certified to the City.

6.2 **Letter of Credit**. Upon the Developer providing to the City a Letter of Credit issued by a financial institution authorized to do business in the State of Florida in the amount of one hundred twenty percent (120%) of the approved Cost Estimate which guarantees to the City the performance of the Developer's obligations

under this Agreement, (which Letter of Credit must be in form and content acceptable to the City and the City's attorney) the City will complete the execution of the Plat of the Subdivision and allow the Plat to be recorded in the Public Records of Marion County, Florida.

6.3 **Sale of Lots or Tracts**. Upon the recording of the Plat the Developer will be entitled to convey individual Lots or Tracts in the Subdivision to third party purchasers. The purchasers of any Lots will be entitled to submit building plans and site plans, procure site plan approvals, procure building plan approvals, procure construction permits, and subject to paragraph 5.3 of this Agreement procure Certificates of Occupancy for improvements constructed on Lots in accordance with the normal approval procedures of the City as established under the City Code. No purchaser of a Lot or Tract in the Subdivision will be obligated to complete the obligations of Developer to the City under the terms of this Agreement in order to procure the issuance of a final Certificate of Occupancy by the City for the purchaser's improvements constructed on a Lot or Tract in the Subdivision but City shall not be required to issue such Certificate of Occupancy until the conditions in paragraph 5.3 of the Agreement have occurred.

7. **STORMWATER DRAINAGE FACILITIES**. Installation and maintenance of the stormwater drainage facilities (including, without limitation, the improvements previously referred to as the stormwater conveyance system improvements and stormwater retention areas) located in the Subdivision shall be in accordance with the following provisions.

7.1 **Construction Standards**. All stormwater drainage facilities, whether or not such facilities are to be dedicated to the public, will be constructed to the construction standards and Development Regulations of the City, and the regulations of the District.

7.2 **Disclaimer of Responsibility**. The City does not assume responsibility for the surface stormwater runoff from individual Lots to adjacent Lots or adjacent properties, the responsibility of which shall be solely that of the Developer.

7.3 **Assignment of Developer's Obligations**.

7.3.1 The obligations of Developer with respect to the maintenance or any stormwater management facilities located within the Subdivision, and the responsibility for any surface stormwater runoff from any Lot, roadway, or common area to any adjacent Lot or other properties as set forth in the preceding Section, may be assigned by Developer to a Homeowners' Association. Ownership and maintenance of all stormwater or surface water management facilities located within the Subdivision shall be in accordance with the rules and regulations of the District, and in accordance with any permit issued by the District with respect to the Subdivision. The assignment of Developer's rights and obligations under this Section shall become effective by the recording of an assignment from

Developer to the Homeowners' Association, which document must be recorded in the Public Records of Marion County, Florida.

7.3.2 Written notice of the assignment and the recording of the instrument of assignment must be provided to the City. No assignment of Developer's obligations pursuant to this Section shall operate to release or discharge Developer's obligations to construct the Public Improvements or maintain them for the time period specific elsewhere in this Agreement.

8. **SIDEWALKS**. The plans for the Subdivision include an entrance roadway sidewalk providing pedestrian access from the Subdivision to NW 22nd Street, and construction of an internal sidewalk system. In addition to those specifications shown on the Plans, the following provisions shall apply with respect to sidewalks to be installed in the Subdivision:

8.1 Developer shall install the sidewalk connecting NW 22nd Street to the internal sidewalk system of the Subdivision, at the time of the construction of the Subdivision's improvements.

8.2 All sidewalks within the Subdivision shall be constructed by the Developer simultaneous with the construction of road improvements.

9. **TRAFFIC CONTROL DEVICES**. All traffic control devices to be constructed by the Developer shall be constructed in accordance with the construction standards of the City.

10. **ELECTRIC FACILITIES & SERVICE**. Electric utility infrastructure and service provisions shall follow the policies and procedures in accordance with the City's Code of Ordinances, Sec. 70-541 thru Sec. 70-720.

11. **REPAIR OF DEFECTIVE IMPROVEMENTS:** With respect to any of the improvements which are subject to a one (1) year period of maintenance by the Developer, as set forth elsewhere in this Agreement, if during the maintenance period the City provides notice to the Developer that the improvement needs repair or replacement, the Developer will at its sole expense immediately initiate the repair and replacement of the defective improvements, and pursue the completion of the repair and replacement with due diligence. Such repair or replacement must be completed prior to the City assuming responsibility for permanent maintenance (as to any portion of the improvements for which repair or replacement is underway at the expiration of the one (1) year maintenance period).

12. **DRAINAGE RETENTION AREA FENCES**. Developer will not be required to fence drainage retention areas located within the Subdivision provided that the applicable drainage retention area complies with the following requirements.

12.1 The slope ratio for the sides of the drainage retention area must be 4:1, or flatter than 4:1.

13. **BUILDING PERMITS – MODEL UNITS**. Subject to the terms of this Section the City agrees to issue to the Developer, upon submission by the Developer to the City of the required applications and supporting documentation and any applicable fees, building permits necessary for the construction of not greater than ten (10) single family residential homes, to be located upon parcels which will be individual Lots when the final plat of the Subdivision is recorded. With respect to the issuance of these permits the Developer agrees as follows:

13.1 The Developer acknowledges that the City will not issue Certificates of Occupancy with respect to any residence constructed until the conditions in paragraph 5.3 of this Agreement has occurred.

13.2 The actions of the City under this Agreement allowing the issuance of building permits to the Developer for the construction of a model unit or model units does not in any fashion constitute the acceptance of the improvements in the Subdivision by the City as completed in accordance with the Plans, or the final Plat of the Subdivision. The Developer must comply with the applicable City regulations and normal procedures in procuring final City acceptance and approval of the final City approval of the Plat for recording.

13.3 The Developer agrees that the Developer will not sell or convey any interest in that portion of the Property upon which any model unit is constructed pursuant to the terms of this Agreement prior to the final acceptance of the improvements by the City (or provisions of a surety to the City as set forth above) and the recording of the Plat of the Subdivision.

13.4 When the Developer makes application to the City for a building permit for this Agreement the Developer must submit a sketch showing that lot upon which the residential unit will be constructed and the legal description of said lot. The parcel for which the building permit is issued must correspond to what will be a single lot when the Plat of the Subdivision is recorded.

13.5 The Developer hereby agrees to indemnify and hold City harmless from any and all losses, claims, damages, expenses, judgments, litigation expenses, attorneys' fees or other liabilities of any nature incurred by the City as a result of this Agreement by the City to issue building or development permits to the Developer as described in this Section. This grant of indemnity will expressly survive the termination of this Agreement and the acceptance and recording of the final Plat of the Subdivision.

14. **GENERAL PROVISIONS**. The following General Provisions shall apply to this Agreement:

14.1 **Notices**. Any notices required or permitted hereunder, and all demands and requests given or required to be given by any party hereto to another party, shall be in writing unless otherwise provided herein and shall be deemed given when received, if personally delivered or sent by telex, telegram, or if sent by Federal

Express (which term shall be deemed to include within it any other nationally recognized reputable firm or overnight couriers) or if mailed, if such notice has been delivered to the United States Postal Service with postage prepaid and properly marked for certified or registered mail with a request for return receipt.

14.2 **Developer's Address.** If given to Developer any notice hereunder shall be addressed and given as follows:

Armstong Land, LLC
Attn: Scott Keiling
9440 Philips Highway, Suite 7
Jacksonville, Florida 32256

With copy to:

Stearns Weaver Miller Weissler Alhadeff & Sitterson, P.A.
Attn: Christian F. O'Ryan
401 E. Jackson Street, Suite 2100
Tampa, Florida 33602
E-mailLcoryan@stearnsweaver.com

14.3 **City's Address.** If given to City:

City of Ocala
Attn: City Manager
110 SE Watula Avenue
Ocala, Florida 34471

With copy to

City of Ocala
City Engineer's Office
1805 NE 30th Avenue, Building 600
Ocala, FL 34470

Any party hereto may change the address or addresses to which notice is to be sent by giving written notice of such change to all other parties executing this Agreement, in the manner provided herein.

14.4 **Headings**. The heading contained within this Agreement are for identification purposes only, and shall not be construed to amend, modify, or alter the terms of the Agreement.

14.5 **Litigation**. With respect to any litigation arising out of this Agreement, or to resolve any claims or controversies arising out of or in connection with this agreement, then the non-prevailing party pay all reasonable costs incurred by the prevailing party, including reasonable attorneys' fees, suit costs and expenses, which attorneys' fees, suit costs and expenses shall include all such fees, costs

and expenses incurred with respect to any trial level activities, bankruptcy proceedings, appellate proceedings, or post-judgement proceeding related thereto.

14.6 **Binding Effect**. The parties to this Agreement represent to each other that each party fully understands the facts surrounding this Agreement and each is signing this Agreement fully and voluntarily, intending to be bound by it. This Agreement shall be binding upon and inure to the benefit of the parties hereto, their respective spouses, heirs, executors, administrators and assigns. There are no representations or warranties other than those set forth herein.

14.7 **Severability.** In the event any provision or Section of this Agreement is determined to be invalid or unenforceable, such determination shall not effect the enforceability or the validity of the remaining provisions of this Agreement.

14.8 **Survival of Representations and Warranties.** All representations and warranties contained herein are made in writing by the parties in connection herewith shall survive the execution and delivery of this Agreement.

14.9 **Successors and Assigns**. All covenants and agreements in this Agreement made by or on behalf of any parties hereto shall bind and inure to the benefit of the respective successors and assigns of the parties hereto, whether so expressed or not.

14.10 **Applicable Law**. This Agreement is being delivered in the State of Florida, and shall be construed and enforced in accordance with the laws of the State of Florida. The venue for any legal proceeding arising out of this Agreement shall be Marion County, Florida.

14.11 **Counterparts**. This Agreement may be executed simultaneously in several counterparts, each of which shall be deemed an original, and it shall not be necessary in making proof of this Agreement to produce or account for more than one such counterpart.

14.12 **Gender**. As used in this Agreement, the masculine shall include the feminine and neuter, the singular shall include the plural, and the plural shall include the singular as the context may require.

14.13 **Facsimile Copy**. Any party may rely upon receipt of a signed facsimile or copy of this Amendment, signed by that party as though the same were an original.

14.14 **City Code**. No provision of this Agreement shall supercede or take precedent over any existing ordinances, regulations or codes of the City.

14.15 **Exercise of Rights**. All rights, power and remedies provided herein may be exercised only to the extent that the exercise thereof does not violate any law, and are intended to be limited to the extent necessary so that they will not render this Agreement invalid, illegal, or unenforceable under any applicable law.

14.16 **Statement of Unified Control**. The Developer is wholly owned by a subsidiary of Lennar Homes, LLC ("**Lennar**"). Lennar is the builder of the residential dwellings on Lots and the seller of the same.

14.17 **Entire Agreement**. This Agreement shall constitute the entire agreement of the parties hereto; all prior agreements between the parties, whether written or oral, are merged herein and shall be of no force or effect. This Agreement cannot be changed, modified or released orally, but only by an agreement in writing signed by the parties against whom enforcement of said change, modification or discharge is sought.

15. **DEFAULT**. In the event that Developer defaults under this Agreement by, without limitation, failing to construct improvements or pay amounts as and when required hereunder:

15.1 City may pursue all remedies available at law and equity;

15.2 City may withhold issuance of building permits, certificates of occupancy or other City permits, approvals or development orders; and

15.3 If the default consists the failure to pay money:

15.3.1 City may declare any remaining payments due under this Agreement immediately due and payable by providing written notice of such acceleration to Developer, and Developer will then immediately pay the full amount owed; and

14.3.2 Any unpaid amount shall accrue interest at the maximum rate allowed by law.

IN WITNESS WHEREOF the parties hereto have executed this DEVELOPER'S AGREEMENT on the dates below.

Presentation By: Clint Welborn

Department: Fire and Emergency Services

FORMAL TITLE:
Utilization of grant funds from the Florida Department of Law Enforcement and a TIPS Cooperative Agreement for the purchase of two drones from Skydio, Inc., in an amount not to exceed $49,877

OCALA'S RELEVANT STRATEGIC GOALS:
Quality of Place

PROOF OF PUBLICATION:
N/A

BACKGROUND:
Ocala Fire Rescue (OFR) applied for and was awarded a grant from the Florida Department of Law Enforcement for the purchase of drones in an amount not to exceed $50,000. These new drones will be utilized for everyday responses, special events, fire investigations/inspections, and in joint operations with local law enforcement agencies.

FINDINGS AND CONCLUSIONS:
In accordance with the terms of the grant agreement, the City of Ocala is required to comply with laws, rules, and regulations applicable to the expenditure of State funds for the purchase of the associated commodities.

As a political subdivision of the State of Florida, the City of Ocala qualifies as an eligible user of The Interlocal Purchasing System (TIPS) cooperative purchasing agreements. On September 2023, TIPS (a government cooperative on behalf of the Department of Texas Region 8 Education Service Center) issued its solicitation for Civilian-Use Drone Goods and Services (Non-Military), RFP No. 230905. Eighteen proposers responded and Skydio, Inc., was awarded TIPS Contract No. 230905.

Ocala Fire Rescue will utilize TIPS Contract No. 230905 to purchase two Skydio X10 drones and associated software and services at a total expense of $49,877. Staff recommends approval.

FISCAL IMPACT:
The Florida Department of Law Enforcement will reimburse $49,877 to account 001-334-000-000-09-33122.

Grant expenses will be appropriated from account 001-050-948-522-66-64010. No matching funds are required for this grant.

PROCUREMENT REVIEW:
These goods were procured in compliance with the City's Procurement Policy.

LEGAL REVIEW:
This Agreement has been reviewed and approved for form and legality by City Attorney, William E. Sexton.

Special Terms

Customer acknowledges and agrees that any SaaS Services provided under this Order Form will be hosted in the United States.

Skydio V200 and VT300 gimbals are export controlled items, with export control classification number (ECCN) 6A003.b.4.b. Where an export license is required, delivery of any export controlled item is contingent upon Skydio being granted an export control license for the sale from the U.S. Department of Commerce. If Skydio delivers an export-controlled item to a customer in the U.S. and that customer seeks to export or otherwise divert the item

outside the U.S., it is the customer's responsibility to apply for any required license(s) from the U.S. government. Diversion contrary to U.S. law is prohibited.

Certain items in this order may be subject to certification requirement(s) under United States federal and/or state law. Skydio's delivery of any such item within the United States is contingent upon completion of applicable US-based certification processes. Skydio shall bear sole responsibility for, and will provide a full refund to Customer for any items for which Skydio is unable to obtain applicable US-based certification. The foregoing is inapplicable to items purchased for export from the United States.

With respect to any geographic location into which Customer will import the Products or Services, Customer represents and warrants that it has all necessary licenses, waivers, or other regulatory approvals necessary in order to import and operate the Products and Services. Customer is solely responsible for any costs, fees, penalties, judgments or other liabilities arising from Customer's import, export, transfer or operation of the Products or Services outside the Authorized Territory.

Terms and Conditions

Skydio's sale of the products and services in this quote will be subject to TIPS Contract #230905 "Civilian-Use Drone Goods and Services (Non-Military)" (which includes Skydio's terms and conditions). Skydio will not accept a purchase order resulting from this quote unless the purchase order references this quote directly by number and states that TIPS Contract #230905 shall govern such purchase order.

Exhibit A: Product Descriptions and Definitions

Product Name	Description
Skydio X10 Ready Kit (2.4/5 GHz, 5G/ LTE Ready: SIM Card Included, IR) NA + VT300-Z	Kit includes one (1) Skydio X10 Vehicle with Sensor Package (2.4/5 GHz, 5G/LTE Ready, IR) NA + VT300-Z, one (1) Enterprise Controller, one (1) Ready Case, two (2) wall adapters, one (1) set additional propellers, two (2) 256 GB micro SD cards, three (3) batteries, and one (1) dual charger. Includes one (1) license to Skydio Autonomy Drone Software that allows the drone to see, understand, and act upon the world. License is perpetual and non-transferable. Data sold separately.
Skydio Care for X10 with Cellular 5G + VT300-Z, 3-year	Skydio Care for X10 with Cellular 5G + VT300-Z, 3-year includes bundled Care for the Skydio X10 with Cellular 5G and the VT300-Z Sensor Package. Skydio Care for X10 with Cellular 5G (3yr plan) includes: (a) three (3) Damage Replacement with advance shipment and up to one (1) Lost Drone Replacement with advance shipment. Skydio Care for VT300-Z (3yr plan) includes: (a) three (3) Damage Replacement with advance shipment and up to one (1) Lost Sensor Package Replacement with advance shipment. In either event, Customer will be charged the full cost of the replacement sensor package if Skydio fails to receive payment of associated replacement fees (covered in T&C) within thirty (30) days of the shipment.
Skydio Fleet Manager for X10	One (1) subscription to Skydio Fleet Manager for X10 includes access to Skydio Fleet Manager for tracking fleet usage. Includes live streaming of video to a single user. Includes one (1) subscription to Skydio Model Viewer, which allows the user of Fleet Manager to view 3D models from the browser.
Skydio NightSense with IR Attachment for X10	Skydio NightSense for X10 includes access to advanced autonomy functionality in no and low light situations. Includes one (1) perpetual license and one (1) infrared light spectrum active illumination attachment that can be carried by Skydio X10.
Skydio Spotlight for X10	One (1) spotlight attachment that can be carried by the Skydio X10.

Drone Replacement Program Financial Assistance Agreement between Florida Department of Law Enforcement and Ocala Fire Rescue

This agreement is entered into by and between the Florida Department of Law Enforcement (herein referred to as "FDLE" or "Department") and the Recipient Agency named above.

WHEREAS, the Department has the authority pursuant to Florida law and does hereby agree to provide state financial assistance to the Recipient upon the terms and conditions hereinafter set forth, and

WHEREAS, The General Appropriations Act, 2023 Legislature, Section 123 provides approximately $25,000,000 in nonrecurring funds to the Florida Department of Law Enforcement for the Drone Replacement Program established in Chapter 2023-240, Laws of Florida, and

WHEREAS, The General Appropriations Act, 2024 Legislature, Section 147, reverted and appropriated the unexpended balance of funds for use in the 2024-2025 fiscal year, and

WHEREAS, Chapter No. 2024-228, Section 44, amended Drone Replacement Program requirements, and

WHEREAS, The General Appropriations Act, 2025 Legislature, Section 132, reverted and appropriated the unexpended balance of funds for use in the 2025-2026 fiscal year, and

WHEREAS, Chapter No. 2025-199, Section 55, amended Drone Replacement Program requirements, and

WHEREAS, Section 934.50, Florida Statutes establishes rules, regulations, and security standards for the use of drones by governmental entities, and

WHEREAS, pursuant to Rule 60GG-2.0075, Florida Administrative Code, the Department of Management Services (DMS) has published minimum security standards for drones used by governmental entities; and

WHEREAS, the Recipient seeks to receive funding to purchase a drone that meets required minimum security standards.

NOW THEREFORE, in consideration of the foregoing, the parties hereto agree to this agreement as follows:

This agreement is subject to all applicable state financial assistance standard conditions provided in **Appendix B**.

The State of Florida's performance and obligation to pay under this agreement is contingent upon an appropriation by the Legislature, availability of funds, and subject to any modification in accordance with Chapter 216, Florida Statutes or the Florida Constitution.

FDLE will administer and disburse funds under this agreement in accordance with sections 215.97, 215.971, 215.981 and 215.985, F.S. for state financial assistance. The Recipient shall perform all tasks, activities, and provide deliverables, including reports, as specified in this agreement. FDLE's determination of acceptable expenditures shall be conclusive.

The Recipient certifies with respect to this agreement that it possesses the legal authority to receive the funds to be provided under this agreement and that, if applicable, its governing body has authorized, by resolution or otherwise, the execution and acceptance of this agreement with all covenants and assurances

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

contained herein. The Recipient also certifies that the undersigned possesses the authority to legally execute and bind Recipient to the terms of this agreement.

Expenditures of state financial assistance shall be compliant with laws, rules and regulations applicable to expenditures of State funds, including, but not limited to, the Reference Guide for State Expenditures published by the Florida Department of Financial Services.

OVERVIEW AND FUNDING

Project Title: FY2025-26 Drone Replacement Program

Project Start Date: 07/01/2025 **Project End Date:** 06/30/2026

Program Activities and Scope of Work

The Florida Legislature amended Section 934.50, Florida Statutes during the 2022 session. By July 1, 2022 governmental agencies using any drone not produced by an approved manufacturer must implement a plan to discontinue the use of the such drone by January 1, 2023. This grant provides funding for the Recipient to purchase drones that meet the compliance requirements outlined in Rule 60GG-2.0075, Florida Administrative Code.

The Recipient must prepare a Drone Funding Request Form (**Appendix A**) to receive funding under the revised program guidelines in Chapter 2025-199, Section 55, Laws of Florida. This form includes information about the recipient agency and how many drones they anticipate purchasing. The Department will review the request and allocate funding based on the information provided. The Recipient will be awarded funds, not to exceed $25,000 per compliant drone, approved by the Department on the Drone Funding Request Form (**Appendix A**).

DELIVERABLES

As stated in the scope and responsibilities above, the Recipient shall purchase new drones that are compliant with Rule 60GG-2.0075, Florida Administrative Code.

DISTRIBUTION AND PAYMENTS

This award is a cost-reimbursement agreement with the ability to request a cash advance. The Recipient will be awarded funds, not to exceed $25,000 for each compliant drone approved to purchase under this award.

Any funds paid in excess of the amount to which the participating agency is entitled under the terms and conditions of the agreement must be refunded to FDLE. Factual misrepresentations of drone purchases or other certifications will result in the loss of funding.

Funds under this agreement will be disbursed when all the following criteria are met:

- Executed agreement is signed by the Chief Official and provided to OCJGSFA@fdle.state.fl.us;
- The Drone Funding Request Form (Appendix A) is prepared and signed by the Chief Official and provided to OCJGSFA@fdle.state.fl.us; and
- Criteria is met for Option 1 (Reimbursement) or Option 2 (Cash Advance):

  Option 1 = Reimbursement: The Recipient may use its own funds to purchase the compliant drone and provide documentation related to the purchase including: purchase order, invoice, and proof of payment (cancelled check, bank/card statement, etc.).

  Option 2 = Cash Advance: The Recipient may request a cash advance to receive program funds and subsequently purchase the compliant drone. In order to qualify for this method of payment, the Recipient must provide a valid, executed purchase order and must be ready to order the compliant drone immediately upon the receipt of advanced funds. The Recipient must

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

provide documentation of purchase (invoice) and proof of payment (cancelled check, bank/card statement, etc.) within 45 days of receiving the advanced funds. Failure to provide documentation within 45 days will result in the Recipient being required to submit a refund to FDLE.

FDLE GRANT MANAGEMENT CONTACTS

The following individuals can assist with any program related questions or concerns:

FDLE Grant Manager
Name: Patricia Stark
Title: Government Analyst II
Phone: 850-617-1252
Email: PatriciaStark@fdle.state.fl.us

FDLE Alternate Contact
Name: Tennille Robinette
Title: Research & Planning Administrator
Phone: 850-617-1268
Email: TennilleRobinette@fdle.state.fl.us

If you are unable to reach either member above directly, please call the Bureau of Criminal Justice Grants main line at 850-617-1250 or email OCJGSFA@fdle.state.fl.us.

RECIPIENT CONTACTS

For assistance with any contract or financial questions, the Florida Department of Law Enforcement can contact:

Appendix A – Drone Funding Request Form

Recipient: Ocala Fire Rescue **County:** Marion

1. Recipient Type (select all that apply):

   - [x] New Recipient (no funds received under this program)
   - [ ] Located in a fiscally constrained county
   - [ ] None of the above

2. How many drone pilots do you currently have on staff? 2

3. How many additional pilots are you seeking to train/certify? 2

4. How many compliant drones do you currently have in your fleet? 2

5. How many additional drones are you seeking with these funds? 2

   Based on your request, you are seeking an award amount of $ 50,000.00
   (max reimbursement of $25,000 per drone)

Provide any additional information we should consider when reviewing this request.

Ocala Fire Rescue is requesting the acquisition of two new drones to enhance our emregency response capabilities. These new assets will be integrated into our operations for every day response, special events, fire investigations/inspections, joint operations with our local law enforcement agencies and managing complex high-hazard incidents (IE: commercial structure fires, large-scale incidents, and Hazardous Materials response.) The drones are a critical tool for protecting our community and our first responders by providing essential information before they are placed in harm's way. The two drones we currently possess-generously donated by Florida Highway Patrol-are rapidly becoming unusable as the manufacturer has discontinued the model. In the short time we've had them, they have proven invaluable.

By signing below, I am submitting the request to receive funding in accordance with the revised Drone Replacement Program guidelines cited above.

Appendix B – FY2025-26 State Financial Assistance Standard Conditions

The following terms and conditions will be binding upon approval of the grant award and execution of the contract by both the Recipient and the Florida Department of Law Enforcement. The Recipient will maintain required registrations and certifications for eligibility under this program.

The Department and the Recipient agree that they do not contemplate the development, transfer or receipt of intellectual property as a part of this agreement.

SECTION I: PROJECT IMPLEMENTATION

Legal Authority: The Recipient certifies with respect to this agreement that it possesses the legal authority to receive the funds to be provided under this agreement and that, if applicable, its governing body has authorized, by resolution or otherwise, the execution and acceptance of this agreement with all covenants and assurances contained herein. The Recipient also certifies that the undersigned possesses the authority to legally execute and bind Recipient to the terms of this agreement.

Not Operational within 60 and 90 Days: If a project is not operational within 60 days of the original start date of the award period, the Recipient must report by letter to the Department the steps taken to initiate the project, the reasons for delay, and the expected start date. If a project is not operational within 90 days of the original start date of the award period, the Recipient must submit a second statement to the Department explaining the implementation delay. Upon receipt of the 90-day letter, the Department shall determine if the reason for delay is justified or shall, at its discretion, require additional project documentation and justifications throughout the award period. The Department will also require the Recipient provide a revised project timeline that includes all anticipated project activities, tasks, and estimated completion date(s).

SECTION II: PAYMENTS

Obligation to Pay: The State of Florida's obligation to pay under this agreement is contingent upon an appropriation by the Legislature.

Overpayments: Any funds paid in excess of the amount to which the Recipient is entitled under the terms and conditions of the agreement must be refunded to the Department. Any balance of unobligated cash that has been paid and has not been authorized to be retained for direct program costs in a subsequent period must be refunded to the Department.

Advance Funding (Drone Program Only): Advance funding may be provided to a Recipient upon completion and submission of the following to the assigned FDLE Grant Manager: (1) a completed "Compliant Drone Cash Advance Request" form, (2) a valid, executed Purchase Order, and (3) vendor quote(s) for the compliant drone. The request form must be signed by the Chief Official. Advanced funds must be spent on drone purchase within 30 days of receipt. In order to reconcile the Cash Advance, the Recipient must provide the invoice and proof of payment for the compliant drone to the assigned FDLE Grant Manager within 45 days of the receipt of the advanced funding. Should extenuating circumstances arise which prevent the expenditure of advance funds within 30 days of receipt, or the provision of required documentation to reconcile the funds, a written request to retain the funds must be provided by the Recipient and approved by the Department. Failure to provide documentation will result in a refund of any advanced funding.

SECTION III: PROJECT AND GRANT MANAGEMENT

Personnel Changes: The Recipient must notify the FDLE grant manager of any change in the Chief Officials or Project Director or any change in contact information, including mailing address, phone number, email, or title change.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Obligation of Grant Funds: Grant funds shall not under any circumstances be obligated prior to the effective date, or subsequent to the termination date, of the period of performance. Only project costs incurred on or after the effective date, and on or prior to the termination date of the Recipient's project are eligible for reimbursement. All payments must be completed within thirty (30) days of the end of the grant period of performance.

Financial Management: The Recipient must have a financial management system able to record and report on the receipt, obligation, and expenditure of grant funds. An adequate accounting system must be able to separately track receipts, expenditures, assets, and liabilities for awards, programs, and subrecipients. The Recipient shall maintain books, records, and documents (including electronic storage media) in accordance with generally accepted accounting procedures and practices. Recipient must have written procedures for procurement transactions.

Travel: Cost for travel shall be reimbursed at the Recipient's travel rate, but the maximum reimbursement for each type of travel cost shall not exceed rates established in State of Florida Travel Guidelines, §112.061, F.S.

Subcontracts: Recipient agrees that all employees, subcontractors, or agents performing work under the agreement shall be properly trained individuals who meet or exceed any specified training qualifications. Recipient agrees to be responsible for all work performance and all expenses incurred in fulfilling the obligations of this agreement, and will not assign the responsibility for this agreement to another party. If the Recipient subcontracts any or all of the work required under this agreement, the Recipient must provide a completed DFS-A2-NS (Recipient-Subrecipient vs. Vendor Determination) form and a copy of the executed subcontract within thirty (30) days after execution of the subcontract. The Recipient agrees to include in the subcontract that (i) the subcontractor is bound by all applicable state and federal laws and regulations, and (ii) the subcontractor shall hold the Department and Recipient harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this agreement, to the extent allowed and required by law.

Grant Adjustments: Recipients must submit a Request for Grant Adjustment to the FDLE grant manager for substantive changes such as: scope modifications, changes to project activities, target populations, service providers, implementation schedules, project director, designs or research plans set forth in the approved agreement, and for any budget changes affecting a cost category that was not included in the original budget. Recipients may transfer up to 10% of the total budget between current, approved budget categories without prior approval, as long as the funds are transferred to an existing line item. Adjustments are required when there will be a transfer of 10% or more of the total budget between budget categories. Under no circumstances can transfers of funds increase the total award. Requests for changes to the grant agreement must be signed by the Recipient or Implementing Agency's chief official or the chief official's designee. All requests for changes must be submitted no later than thirty (30) days prior to grant expiration date.

Property Management: The Recipient shall establish and administer a system to protect, preserve, use, maintain, and dispose of any property furnished to it by the Department or purchased pursuant to this agreement.

SECTION IV: MANDATORY DISCLOSURES

Conflict of Interest: The Recipient will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain. Recipients must disclose in writing any potential conflict of interest to the Department.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Violations of Criminal Law: The Recipient must disclose all violations of state or federal criminal law involving fraud, bribery or gratuity violations potentially affecting the grant award.

Convicted Vendors: The Recipient shall disclose to the Department if it, or any of its affiliates, as defined in §287.133(1)(a) F.S., is on the convicted vendor list. A person or affiliate placed on the convicted vendor list following a conviction for a public entity crime is prohibited from doing any activities listed in the agreement for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

Vendors on Scrutinized Companies Lists: If this agreement is in the amount of $1 million or more, Recipient certifies upon executing this agreement, that it is not listed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to §215.473, F.S., or engaged in business operations in Cuba or Syria. In the event that federal law ceases to authorize the states to adopt and enforce the contracting prohibition identified herein, this provision shall be null and void.

Discriminatory Vendors: The Recipient shall disclose to the Department if it or any of its affiliates, as defined by §287.134(1)(a), F.S. appears on the discriminatory vendors list. An entity or affiliate placed on the discriminatory vendor list pursuant to §287.134, F.S. may not a) submit a bid, proposal, or reply on a contract or agreement to provide any goods or services to a public entity; b) submit a bid, proposal, or reply on a contract or agreement with a public entity for the construction or repair of a public building or public work; c) submit bids, proposals, or replies on leases of real property to a public entity; d) be awarded or perform work as a contractor, subcontractor, Recipient, supplier, subrecipient, or consultant under a contract or agreement with any public entity; or e) transact business with any public entity.

Reporting Potential Fraud, Waste, Abuse, and Similar Misconduct: The Recipient must promptly refer to the Department of Law Enforcement, Bureau of Criminal Justice Grants any credible evidence that a principal, employee, agent, contractor, subcontractor, or other person has either 1) submitted a claim for grant funds that violates the False Claims Act; or 2) committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving grant funds.

Non-Disclosure Agreements: Restrictions and certifications regarding non- disclosure agreements and related matters Recipients or contracts/subcontracts under this award may not require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits, restricts or purports to prohibit or restrict, the reporting of waste, fraud or abuse in accordance with law, to an investigative or law enforcement representative of a state or federal department or agency authorized to receive such information. The Recipient certifies that if informed or notified of any subrecipient, or contractor/subcontractor has been requiring their employees to execute agreements or statements that prohibit the reporting of fraud, waste, or abuse that it will immediately cease all further obligations of award funds to the entity and will immediately notify the Department. The Recipient will not resume obligations until expressively authorized to do so from the Department.

SECTION V: COMPLIANCE WITH STATUTES, RULES, AND REGULATIONS

In performing its obligations under this agreement, the Recipient shall without exception be aware of and comply with all State and Federal laws, rules and regulations relating to its performance under this agreement as they may be enacted or amended from time-to-time, as well as any court or administrative order, judgment, settlement or compliance agreement involving the Department which by its nature affects the services provided under this agreement. The following are examples of rules and regulations that govern Recipient's performance under this agreement.

Lobbying Prohibited: The Recipient shall comply with the provisions of 11.062 and 216.347, F.S., which prohibit the expenditure of funds for the purpose of lobbying the Legislature, judicial branch, or a State agency. No funds or other resources received from the Department in connection with this agreement may

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

be used directly or indirectly to influence legislation or any other official action by the Florida Legislature or any state agency.

State of Florida E.O. 20-44: Public-Private Partnerships: Any entity named in statute with which the agency must form a sole-source, public-private agreement; and any nongovernmental Recipient receiving 50% or more of their annual budget from any combination of state or federal funding must submit an annual report to the Bureau of Criminal Justice Grants. The report must include the most recent IRS Form 990, detailing the total compensation for the entities' executive leadership teams. Total compensation shall include salary, bonuses, cashed-in leave, cash equivalents, severance pay, retirement benefits, deferred compensation, real-property gifts, and any other payout. In addition, the Recipient must agree through appropriate contract or grant agreement amendment to inform the agency of any changes in total executive compensation between the annual reports. All compensation reports must indicate what percent of compensation comes directly from the State or Federal allocations to the Recipient.

Civil Rights: The Recipient agrees to comply with the Americans With Disabilities Act (Public Law 101-336, 42 U.S.C. Section 12101 et seq.) and shall not discriminate against any employee (or applicant for employment) in the performance of this agreement because of race, color, religion, sex, national origin, disability, age, or marital status. These requirements shall apply to all contractors, subcontractors, subgrantees or others with whom it arranges to provide services or benefits to clients or employees in connection with its programs and activities.

E-Verify: The Department shall consider the employment by any contractor of unauthorized aliens a violation of section 274(e) of the Immigration and Nationalization Act. Such violation shall be cause for unilateral cancellation of this contract. Pursuant to F.S. 448.095, the Contracting Party and any subcontractors are required to register with and use the E-Verify system operated by the U.S. Department of Homeland Security beginning on January 1, 2021. The Contracting Party and any subcontractors are prohibited from entering into contracts with one another unless all parties register and use the E-Verify system. Subcontractors who enter into contracts with the Contracting Party are required to provide a certification that the subcontractor does not employ or use unauthorized aliens as defined in the statute, a copy of which the Contracting Party must maintain. The Contracting Party and any subcontractors are required to terminate a contract if a party has a good faith belief that another party is in violation of F.S. 448.09(1), prohibiting the employment of unauthorized aliens. If a public employer has a good faith belief that the subcontractor has violated these requirements, but that the Contracting Party has otherwise complied, the public employer must notify the Contracting Party to terminate its contract with the subcontractor. A party may challenge a contract termination in accordance with these requirements. A penalized Contractor is prohibited from obtaining another contract with a public employer for at least one year.

Background Check: Whenever a background screening for employment or a background security check is required by law for employment, unless otherwise provided by law, the provisions of Chapter 435 F.S., shall apply. All employees in positions designated by law as positions of trust or responsibility shall be required to undergo security background investigations as a condition of employment and continued employment. For the purposes of the subsection, security background investigations shall include, but not be limited to, employment history checks, fingerprinting for all purposes and checks in this subsection, statewide criminal and juvenile record checks through the Florida Department of Law Enforcement, and federal criminal record checks through the Federal Bureau of Investigation, and may include local criminal record checks through local law enforcement agencies.

Public Records: As required by 287.058(1)(c), F.S., the Recipient shall allow public access to all documents, papers, letters, or other public records as defined in 119.011(12), F.S.as prescribed by 119.07(1) F.S., made or received by the Recipient in conjunction with this agreement, except public records which are made confidential by law must be protected from disclosure. It is expressly understood that the Recipient's failure to comply with this provision shall constitute an immediate breach of contract, for which the Department may unilaterally terminate this agreement.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Independent Contractor, Subcontracting and Assignments: In performing its obligations under this agreement, the Recipient shall at all times be acting in the capacity of an independent contractor and not as an officer, employee, or agent of the State of Florida. Neither the Recipient nor any of its agents, employees, subcontractors or assignees shall represent to others that it is an agent of or has the authority to bind the Department by virtue of this agreement, unless specifically authorized in writing to do so.

Timely Payment of Subcontractors: To the extent that a subcontract provides for payment after Recipient's receipt of payment from the Department, the Recipient shall make payments to any subcontractor within 7 working days after receipt of full or partial payments from the Department in accordance with §287.0585, F.S., unless otherwise stated in the agreement between the Recipient and subcontractor. Failure to pay within seven (7) working days will result in a penalty that shall be charged against the Recipient and paid by the Recipient to the subcontractor in the amount of one-half of one percent (.005) of the amount due per day from the expiration of the period allowed for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen (15%) percent of the outstanding balance due.

Notice of Legal Actions: The Recipient shall notify the Department of potential or actual legal actions taken against the Recipient related to services provided through this agreement or that may impact the Recipient's ability to complete the deliverables outlined herein, or that may adversely impact the Department. The Department's Grant Manager will be notified within 10 days of Recipient becoming aware of such actions or potential actions or from the day of the legal filing, whichever comes first.

Property: In accordance with 287.05805, F.S., any State funds provided for the purchase of or improvements to real property are contingent upon the Recipient granting to the State a security interest in the property at least to the amount of the State funds provided for at least five (5) years from the date of purchase or the completion of the improvements or as further required by law.

SECTION VI: RECORDS, AUDITS, AND INFORMATION SECURITY

Records Retention: Retention of all financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to this agreement shall be maintained by the Recipient during the term of this agreement and retained for a period of five (5) years after completion of the agreement or longer when required by law. In the event an audit is required under this agreement, records shall be retained for a minimum period of five years after the audit report is issued or until resolution of any audit findings or litigation based on the terms of this agreement, at no additional cost to the Department. Upon demand, at no additional cost to the Department, the Recipient will facilitate the duplication and transfer of any records or documents during the term of this agreement and the required five (5) year retention period. No record may be withheld, nor may the Recipient attempt to limit the scope of any of the foregoing inspections, reviews, copying, transfers or audits based on any claim that any record is exempt from public inspection or is confidential, proprietary or trade secret in nature; provided, however, that this provision does not limit any exemption to public inspection or copying to any such record. These records shall be made available at all reasonable times for inspection, review, copying, or audit by State, or other personnel duly authorized by the Department.

Records Inspection: Pursuant to Section 216.1366, F.S., in order to preserve the interest of the state in the prudent expenditure of state funds, the Department shall be authorized to inspect the (a) Financial records , papers, and documents of the Contractor that are directly related to the performance of the Contract or the expenditure of state funds, and (b) Programmatic records, papers, and documents of the Contractor which the Department determines are necessary to monitor the performance of the Contract or to ensure that the terms of the Contract are being met. The Contractor shall provide such records, papers, and documents requested by the Department within ten (10) business days after the request is made.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Monitoring: The Recipient agrees to comply with the Department's grant monitoring guidelines, protocols, and procedures; and to cooperate with the Department on all grant monitoring requests, including requests related to desk reviews, enhanced programmatic desk reviews, site visits, and/or Florida Department of Financial Services contract reviews and Expanded Audits of Payment (EAP). The Recipient agrees to provide the Department all documentation necessary to complete monitoring of the award and verify expenditures in accordance with 215.971, F.S. Further, the Recipient agrees to abide by reasonable deadlines set by the Department for providing requested documents. Failure to cooperate with grant monitoring activities may result in sanctions affecting the Recipient's award, including, but not limited to: withholding and/or other restrictions on the Recipient's access to funds, and/or referral to the Office of the Inspector General for audit review.

Florida Single Audit Act (FSAA): The Recipient shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by The Office of the Inspector General (§20.055, F.S.). In the event that the Recipient expends a total amount of state financial assistance equal to or in excess of $750,000 in any fiscal year, the Recipient must have a single audit or project-specific audit in accordance with §215.97, F.S. and the applicable rules of the Department of Financial Services and the Auditor General. In determining the state financial assistance expended in its fiscal year, the Recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Law Enforcement, other state agencies, and other non-state entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a non-state entity for Federal program matching requirements. The schedule of expenditures should disclose the expenditures by contract/agreement number for each contract with the Department in effect during the audit period. All questioned costs and liabilities due the Department shall be fully disclosed in the audit report package with reference to the specific contract number. If the Recipient expends less than $750,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of 215.97, F.S., is not required. In the event that the Recipient expends less than $750,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of 215.97, F.S., the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the Recipient's resources obtained from other than State entities). Pursuant to 215.97(8), F.S., state agencies may conduct or arrange for audits of state financial assistance that are in addition to audits conducted in accordance with §215.97, F.S. In such an event, the state awarding agency must arrange for funding the full cost of such additional audits. Any reports, management letters, or other information required to be submitted to the Department pursuant to this agreement shall be submitted within nine (9) months after the end of the Recipient's fiscal year or within 30 days of the Recipient's receipt of the audit report, whichever occurs first, unless otherwise required by Florida Statutes. Copies of financial reporting packages required by this agreement shall be submitted by or on behalf of the Recipient directly to each of the following:

The Department of Law Enforcement:
Florida Department of Law Enforcement
Bureau of Criminal Justice Grants
ATTN: State Financial Assistance
Post Office Box 1489 Tallahassee, Florida 32302-1489

The Auditor General's Office at:
Auditor General's Office, Room 401
Pepper Building
111 West Madison Street
Tallahassee, Florida 32399-1450

Criminal Justice Information Data Security: Acceptance of this award, constitutes understanding that transmission of Criminal Justice Information (CJI) between locations must be encrypted to conform to the Federal Bureau of Investigation (FBI) Criminal Justice Information Services (CJIS) Security Policy.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Recipient's Confidential and Exempt Information: By executing this agreement, the Recipient acknowledges that any information not marked as "confidential" or "exempt" will be posted by the Department on the public website maintained by the Department of Financial Services pursuant to 215.985, F.S. The Recipient agrees that, upon written request of the Department, it shall promptly provide to the Department a written statement of the basis for the exemption applicable to each provision identified by the Recipient as "confidential" or "exempt", including the statutory citation to an exemption created or afforded by statute, and state with particularity the reasons for the conclusion that the provision is exempt or confidential. Any claim by Recipient of trade secret (proprietary) confidentiality for any information contained in Recipient's documents (reports, deliverables or work papers, etc., in paper or electronic form) submitted to the Department in connection with this agreement cannot be waived, unless the claimed confidential information is submitted in accordance with the following two paragraphs.

The Recipient must clearly label any portion of the documents, data, or records submitted that it considers exempt from public inspection or disclosure pursuant to Florida's Public Records Law as trade secret. The labeling will include a justification citing specific statutes and facts that authorize exemption of the information from public disclosure. If different exemptions are claimed to be applicable to different portions of the protected information, the Recipient shall include information correlating the nature of the claims to the particular protected information.

The Department, when required to comply with a public records request including documents submitted by the Recipient, may require the Recipient to expeditiously submit redacted copies of documents marked as trade secret in accordance with this section. Accompanying the submission shall be an updated version of the justification, correlated specifically to redacted information, either confirming that the statutory and factual basis originally asserted remain unchanged or indicating any changes affecting the basis for the asserted exemption from public inspection or disclosure. The redacted copy must exclude or obliterate only those exact portions that are claimed to be trade secret. If the Recipient fails to promptly submit a redacted copy, the Department is authorized to produce the records sought without any redaction of proprietary or trade secret information.

SECTION VII: PENALTIES, TERMINATION, DISPUTE RESOLUTION, AND LIABILITY

Financial Penalties for Failure to Take Corrective Action: Corrective action plans may be required for noncompliance, nonperformance, or unacceptable performance under this agreement. Penalties may be imposed for failures to implement or to make acceptable progress on such corrective action plans.

Termination: The Department reserves the right to unilaterally cancel this agreement for refusal by the Recipient to allow public access to all documents, papers, letters or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the Recipient in conjunction with this agreement, unless the records are exempt pursuant to Article I. Section 24(a), of the Florida Constitution and §119.07(1), F.S. The Department shall be the final authority as to the appropriation, availability and adequacy of funds. In the event the Recipient fails to fully comply with the terms and conditions of this agreement, the Department may terminate the agreement upon written notice. Such notice may be issued without providing an opportunity for cure if it specifies the nature of the noncompliance and states that provision for cure would adversely affect the interests of the State or is not permitted by law or regulation. Otherwise, notice of termination will be issued after the Recipient's failure to fully cure such noncompliance within the time specified in a written notice of noncompliance issued by the Department specifying the nature of the noncompliance and the actions required to cure such noncompliance. In addition, the Department may employ the default provisions in Rule 60A-1.006(3), F.A.C., but is not required to do so in order to terminate the agreement. The Department's failure to demand performance of any provision of this agreement shall not be deemed a waiver of such performance. The Department's waiver of any one breach of any provision of this agreement shall not be deemed to be a waiver of any other breach and neither event shall be construed to be a modification of the terms and conditions of this agreement. The provisions herein do not limit the Department's right to remedies at law or in equity. The validity of this agreement is subject to the truth and accuracy of all the information, representations, and materials submitted or provided by the Recipient in this agreement, in any subsequent submission or response to Department request, or in any

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

submission or response to fulfill the requirements of this agreement, and such information, representations, and materials are incorporated by reference. The lack of accuracy thereof or any material changes shall, at the option of the Department and with thirty (30) days written notice to the Recipient, cause the termination of this agreement and the release of the Department from all its obligations to the Recipient. This agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of this agreement shall lie in Leon County. If any provision hereof is in conflict with any applicable statute or rule, or is otherwise unenforceable, then such provision shall be deemed null and void to the extent of such conflict, and shall be deemed severable, but shall not invalidate any other provision of this agreement. No waiver by the Department of any right or remedy granted hereunder or failure to insist on strict performance by the Recipient shall affect or extend or act as a waiver of any other right or remedy of the Department hereunder, or affect the subsequent exercise of the same right or remedy by the Department for any further or subsequent default by the Recipient. Any power of approval or disapproval granted to the Department under the terms of this agreement shall survive the terms and life of this agreement as a whole. The agreement may be executed in any number of counterparts, any one of which may be taken as an original. In the event of termination, the Recipient will be compensated for any work satisfactorily completed through the date of termination or an earlier date of suspension of work.

Disputes and Appeals: The Department shall make its decision in writing when responding to any disputes, disagreements, or questions of fact arising under this agreement and shall distribute its response to all concerned parties. The Recipient shall proceed diligently with the performance of this agreement according to the Department's decision. If the Recipient appeals the Department's decision, the appeal also shall be made in writing within twenty-one (21) calendar days to the Department's clerk (agency clerk). The Recipient's right to appeal the Department's decision is contained in Chapter 120, F.S., and in procedures set forth in Fla. Admin. Code R.28-106.104. Failure to appeal within this time frame constitutes a waiver of proceedings under Chapter 120, F.S. After receipt of a petition for alternative dispute resolution the Department and the Recipient shall attempt to amicably resolve the dispute through negotiations. Timely delivery of a petition for alternative dispute resolution and completion of the negotiation process shall be a condition precedent to any legal action by the Recipient concerning this agreement.

Liability: Unless the Recipient is a state agency or subdivision, the Recipient shall be solely responsible to parties with whom it shall deal in carrying out the terms of this agreement, and shall save the Department harmless against all claims of whatever nature by third parties arising out of the performance of work under this agreement. For purposes of this agreement, Recipient agrees that it is not an employee or agent of the Department, but is an independent contractor. Nothing herein shall be construed as consent by a state agency of the State of Florida to be sued by third parties in any matter arising out of any contract. Nothing shall be construed affect in any way the Recipient rights, privileges, and immunities under the doctrine of "sovereign immunity" and as set forth in 768.28, F.S.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

ADVERTISEMENT FOR BIDS
BID NO. 8 – INTERIM LANDSCAPE INSTALLATION

Sealed Bids will be received until 11:00 a.m. local Baton Rouge time on September 28, 2023, via hand delivery, registered mail, or overnight delivery to Sevenson Environmental, 1951 May Street, Baton Rouge, Louisiana 70808; Attention: Rocky Hines. Each bid must be submitted in a sealed envelope bearing on the outside the bidder's name and address, and the specific bid number/project description of the enclosed bid included on exterior of envelope. **The public bid opening will be held at the office trailer of Sevenson Environmental at 1951 May Street, Baton Rouge, Louisiana 70808 beginning at 2:00 p.m. local Baton Rouge time on September 28, 2023, for the following project:**

UNIVERSITY LAKES FLOOD RISK REDUCTION (ULFRR) PROJECT – PHASE 1

PROVIDE LABOR, EQUIPMENT, AND MATERIALS AS REQUIRED TO INSTALL THE INTERIM LANDSCAPE PLANTINGS PER THE DESIGN PLAN FOR THE CURRENT PHASE OF WORK ON THE UNIVERSITY LAKES FLOOD RISK REDUCTION PROJECT

All bids must be in accordance with the bid documents on file with Sevenson Environmental. **Late bids will not be accepted.** Sevenson reserves the right to reject any and all bids for just cause. The bid documents can be obtained from Jim Pazderski at Sevenson, jpazderski@sevenson.com, (718) 284-0431. Bid documents shall be available to bidders beginning on the date of the first advertisement and up until 24 hours before the bid opening date. Any person with disabilities requiring special accommodations must contact Jim Pazderski at Sevenson, jpazderski@sevenson.com, (718) 284-0431 no later than seven (7) days prior to bid opening.

This project is part of the Louisiana Watershed Initiative and is funded in part with Community Development Block Grant Mitigation Funds (CDBG-MIT) from the U.S. Department of Housing and Urban Development (HUD) and the State of Louisiana Office of Community Development (OCD) and shall be subject CDBG-MIT, HUD, and OCD requirements.

The attention of bidders is called particularly to the requirements for conditions of employment to be Observed, non-discrimination and minimum wage rates to be paid under the Contract, Section 3 Low Income Resident Participation) of the Housing and Community Development Act of 1968, Section 109 (Non-discrimination) of the Housing and Community Development Act of 1974, Section 503 (Non-Discrimination Against Employees with Disabilities) and Section 504 (non-discrimination against individuals with disabilities) of the Rehabilitation Act of 1973, Segregated Facilities, Executive Order 11246, and all applicable laws and regulations of the Federal Government and State of Louisiana and bonding and insurance requirements. All contractors and subcontractors will be required to comply with the Title VI of the Civil Rights Act of 1964, the Davis Bacon Act pertaining to minimum wage rates, the Anti-Kickback Act, and the Contract Work Hours and Safety Standards Act. The contractor awarded the contract will undertake affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

Sevenson is an equal opportunity employer. Sevenson strongly encourages the involvement of minority and/or women-owned business enterprises (MBE's, including MBE's, WBE's and SBE's) and Section 3 Business Concerns to stimulate participation in procurement and assistance programs.

Attn: Sharissa Fielder
E-mail:
cpra.bidding@la.gov
Phone: (225) 342-4811
Fax: (225) 680-5999

All bids shall be accompanied by bid security in an amount of five (5) percent (5.0%) of the sum of the base bid and all alternates. The form of this security shall be as stated in the Instructions to Bidders included in the Bid Documents for this project.

The successful Bidder shall be required to furnish Performance and Payment Bond written as described in the Instructions to Bidders included in the Bid Documents for this project.

A NON-MANDATORY PRE-BID CONFERENCE WILL BE HELD at
10:00 AM on Tuesday, September 19, 2023 at 150 Terrace Avenue, Baton Rouge, LA 70802 and via Zoom webinar at: https://us06web.zoom.us/j/89392818782
Meeting audio may be accessed through your computer's audio. If using computer/device does not have audio, meeting audio can be accessed via phone with the following call-in information:
Conference Line Phone Number: (636) 651-3142; Conference code: 767697

Contact Travis Moore at (225)342-4737 with any questions or issues related to the webinar link.

It is the responsibility of all potential bidders to visit the jobsite to access the conditions at jobsite and site conditions prior to bidding.

Bids shall be accepted from Contractors who are licensed under L.R.S. 37:2150-2192 for the classification of Heavy Construction, in accordance with L.A. R.S. 37:2163(D), and rejecting to the classification must send a qualified letter to both the Louisiana Licensing Board for Contractors and the CPRA at the address listed above. The letter must be received no later than ten (10) working days prior to the day on which bids are to be opened.

Bidder is required to comply with provisions and requirements of L.R.S.38:2212(B)(5). No bid may be withdrawn for a period of forty-five (45) calendar days after receipt of bids, except as under the provisions of L.R.S. 38:2212(N).

The Owner reserves the right to reject any and all bids for just cause. In accordance with L.R.S. 38:2212(B)(1), the provisions and requirements of this Section; and those stated in the bid documents shall not be waived by any entity.

When this project is financed either partially or entirely with State Bonds or financed in whole or in part by federal or other funds, which are not readily available at the time bids are received, the award of this Contract is contingent upon the granting of lines of credit or the sale of bonds by the Bond Commission or the availability of federal or other funds. Failure to secure, incur no obligation to the Contractor until the Contract between Owner and Contractor is fully executed.

Coastal Protection and Restoration Authority is a participant in the Small Business Entrepreneurship (SBE) Program (the Hudson Initiative) and the Veteran-Owned and Service-Connected Disabled Veteran-Owned Business Enterprise Program. Bidders are encouraged to consider certification. Information is available from Coastal Protection and Restoration Authority or on its website at http://www.coastal.la.gov/.

Public Notices Bids/Proposals

VEGETATION IN CITY PARK LAKE AND UNIVERSITY LAKE AS REQUESTED BY CONTRACTOR DURING THE CURRENT PHASE OF WORK ON THE UNIVERSITY LAKES FLOOD RISK REDUCTION PROJECT

All bids must be in accordance with the bid documents on file with Sevenson Environmental. **Late bids will not be accepted.** Sevenson reserves the right to reject any and all bids for just cause. The bid documents can be obtained from Jim Paszdersk@sevenson.com, (716) 284-0431. Bid documents shall be available to bidders beginning on the date of the first advertisement and up until 24 hours before the bid opening date. Any person with disabilities requiring special accommodations must contact Jim Paszdersk@sevenson.com, (716) 284-0431 no later than seven (7) days prior to bid opening.

This project is part of the Louisiana Watershed Initiative and is funded in part with Community Development Block Grant Mitigation Funds (CDBG-MIT) from the U.S. Department of Housing and Urban Development (HUD) and the State of Louisiana Office of Community Development (OCD) and shall be subject CDBG-MIT, HUD, and OCD requirements.

The attention of bidders is called particularly to the requirements for conditions of employment to be Observed, non-discrimination and minimum wage rates to be paid under the Contract, Section 3 (Low Income Resident Participation) of the Housing and Community Development Act of 1968, Section 109 (Non Discrimination) of the Housing and Community Development Act of 1974, Section 503 (Non-Discrimination Against Employees with Disabilities) Section 504 (non-discrimination against individuals with disabilities) of the Rehabilitation Act of 1973, Segregated Facilities, Executive Order 11246, and all applicable laws and regulations of the Federal Government and State of Louisiana and bonding and insurance requirements. All contractors and subcontractors will be required to comply with the Title VI of the Civil Rights Act of 1964, the Davis Bacon Act pertaining to minimum wage rates, the Anti-Kickback Act, and the Contract Work Hours and Safety Standards Act. The contractor awarded the contract will undertake affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

Sevenson is an equal opportunity employer. Sevenson Strongly encourages the involvement of minority and/or woman-owned business enterprises (DBE's, including MBE's WBE's and SBE's) and Section 3 Business Concerns to stimulate participation in procurement and assistance programs.

PUBLIC NOTICE

NOTICE TO BIDDERS

LOUISIANA LAND TRUST HOME DEMOLITION AND SLAB REMOVAL

Bids will be received electronically until **2:00 p.m. on Thursday, September 28, 2023** local time, through Louisiana Land Trust Website for the following:

Louisiana Land Trust Louisiana Watershed Initiative-Statewide Buyout Program Home Demolition and Slab Removal Bid Package No. 3 – Dereham Springs, Louisiana

This project consists of the removal and disposal of structures, concrete slab foundations and concrete flatworks, removal of hazardous trees, fill and grade, and all other items identified within the bid package. Bid documents are available for download from LLTs website https://www.lalandtrust.us/.

A non-mandatory pre-bid conference will be held on **Thursday, September 21, 2023 at 2:00 p.m. local time** via the following remote:

Zoom Meeting:
https://us06web.zoom.us/j/88945220137?pwd=aTJKcXM1MVpmTUd5S9MYKzIZQ4YSZ3Q109

Or dial: +1 312 626 6799
Meeting ID: 898 4532 0137

The Louisiana Land Trust strongly encourages maximum participation in all bids by qualified Minority business Enterprises, Women Business Enterprises, small businesses, and by local construction and demolition companies, as prime contractors and as subcontractors.

PUBLIC NOTICE

NOTICE TO CONTRACTORS

Sealed bids for the construction of the following project will be received by the Greater Lafourche Port Commission, at the GLPC Administration office, 16829 East Main Street, in Cut Off, Louisiana until **10:00 A.M** local time, on **September 28, 2023**, at which time and place bids will be publicly opened and read. No bids will be received after 10:00 A.M.

STATE PROJECT NR: H.014903 (321)

PORT IMPROVEMENTS
TO: Port Improvements Northern Expansion Phase III
Slip D Bulkhead
(Phase I of SPN H.014903)

LOCATED IN: Port Fourchon, Lafourche Parish, LA

TYPE OF CONSTRUCTION: Heavy Construction

CONTRACTING AGENCY: Greater Lafourche Port Commission 16829 East Main Street Cut Off, LA 70345

ESTIMATED COST: $20.97M

PROPOSAL GUARANTY: 5% of the Amount of Bid Payable to Greater Lafourche Port Commission

ENGINEER: **GIS Engineering, LLC** Coastal Design & Infrastructure Division 197 Elysian Drive Houma LA, 70363 Phone: (985) 219-1000 Contact: Ann Hebert Email: **bidquestions@gisy.com**

Bids must be submitted on the forms provided by the Contracting Agency, must be prepared in accordance with Section 2 of the 2018 Edition of the Louisiana Department of Transportation and Development, Office of Multimodal Commerce, General Provisions and must include all the information required by the bid form. Bid forms are available from the Engineer and will not be issued later than 24 hours prior to the time set for opening the bids. Each bid shall include a proposal guaranty in an amount not less than specified above. No proposal will be considered unless it is accompanied by satisfactory evidence that the Bidder holds a Louisiana State Contractor's License, in full force and effect in compliance with the Louisiana State Licensing Board for Contractors and Louisiana Public Bid Law.

Site inspection trips for perspective Bidders are to be arranged through the office of the Engineer. **A mandatory pre-bid meeting will be held on September 13, 2023 at 2:00 P.M. at the office of the Greater Lafourche Port Commission at the GLPC Administration office, 16829 East Main Street in Cut Off.**

The contract will be awarded to the lowest responsible bidder without discrimination on grounds of race, color, sex or national origin. Disadvantaged business will be afforded full opportunity to submit bids.

Plans and specifications may be seen at the Engineer's office. Plans may be obtained from the Engineer upon payment of $150.00. In accordance with R.S. 38:2212(D), deposits on the first set of documents furnished to bona fide prime bidders will be fully refunded upon return of the documents, deposits on any additional sets will be refunded less the actual costs of reproduction. Refunds will be made upon return of the documents if within ten days after receipt of bids.

Bid documents are also posted on **https://www.centralauctionhouse.com/mcc-greater-lafourche-port-commission.html** to view these documents and receive bid notices by e-mail, you must register with Central Auction House (CAH). Vendors/Contractors have the option to submit their bids electronically or by paper copy. For information about the electronic submittal process, contact Central Auction House at 225-810-4814.

Bids can be mailed by US Postal Service to 16829 East Main St., Cut Off, LA 70345, hand delivered or overnight courier to 16829 East Main St., Cut Off, LA 70345, or submitted online through **www.centralauctionhouse.com.**

The award of a contract, if awarded, will be made to the lowest qualified bidder whose proposal complies with all requirements prescribed within 45 calendar days after opening proposals. However, when the contract is to be financed by bonds which are required to be sold after receipts of bids, or when the contract is to be financed in whole or part by federal or other funds not available at the time bids are received, the time will not start until receipt of federal and/or state concurrence or concurrence of the other funding source. Award must be within 30 calendar days after the sale of bonds or receipt of concurrence in award from federal and/or state agency or other funding source. The successful bidder will be notified by letter mailed to the address shown in the proposal that the bidder is awarded the contract.

The award of a contract for projects financed either partially or entirely with State bonds will be contingent on approval by the State Bond Commission.

On projects involving federal funds the award of contract will also be contingent upon concurrence by the appropriate federal agency.

On projects involving state funds the award of contract will also be contingent upon concurrence by the appropriate state agency.

The right is reserved to reject bids and waive informalities.

Chett Chaisson,
Executive Director
Greater Lafourche Port Commission

MLB puts Dodgers ace Urias on administrative leave after arrest

Bob Nightengale USA TODAY

Los Angeles Dodgers ace Julio Urias was placed on administrative leave Wednesday by Major League Baseball while it investigates his arrest on felony domestic violence charges on Sunday night, likely ending his regular season.

Urias

Urias, who did not accompany the Dodgers on their road trip, could be on MLB's administrative leave for two weeks before the players association grants approval for an extension. The restricted list is originally for seven days, and MLB can ask the union for an additional seven days which "consent shall not be unreasonably withheld." If MLB's investigation is not completed, he could be placed on the restricted list, subject to the union's approval.

"I was shocked, everyone was," Dodgers manager Dave Roberts told reporters. "It is just an extremely unfortunate circumstance for everyone. Right now, it's essentially in the authorities' and Major League Baseball's court, to do their due diligence. Obviously Julio is not here with us, and for us, we're just sitting and waiting as the process continues until we know more."

Urias, 27, who was expected to be among the most sought-after free agents in baseball this winter, perhaps commanding close to $200 million, has a court date of Sept. 27.

He was arrested by Exposition Park officers after a Major League Soccer game involving Inter Miami vs. LAFC on Sunday night at BMO Stadium when at least one witness alerted police of a potential domestic battery involving Urias' wife. He was arrested on a charge of "corporal injury on a spouse." He was released from the LAPD Metropolitan Detention Center on $50,000 bail.

If convicted, he can be punished with imprisonment in the state prison for up to four years, according to Penal Code 273.5, or in a county jail for no more than a year, or fined up to $6,000.

The Department of Public Safety, the arresting agency, has yet to provide details of the arrest.

The Dodgers announced Wednesday that they would be replacing Urias' bobblehead night at Dodger Stadium, which had been scheduled for Sept. 21.

Urias also was arrested on suspicion of domestic battery in 2019 when witnesses saw him push a woman in a parking lot, but he was not charged. He received a 20-game suspension under MLB's domestic violence policy.

Urias, 27, had been one of the best starters in baseball over the past three years. He has struggled this season, going 11-8 with a career-high 4.60 ERA.

49ers' Nick Bosa new highest-paid defender

Tyler Dragon USA TODAY

Negotiations took longer than anticipated, but Nick Bosa and the San Francisco 49ers have a deal.

They agreed to a five-year, $170 million extension with $122.5 million guaranteed, making the pass rusher the highest-paid defensive player in NFL history, a person with knowledge of the deal told USA TODAY Sports on Wednesday. The person spoke on condition of anonymity because they aren't authorized to discuss financial terms of the agreement.

ESPN was first to report the news.

The 25-year-old, who passes Los Angeles Rams tackle Aaron Donald as the top-paid defender, had been holding out. Entering the final year of his rookie deal, Bosa was due to make $17.9 million. He registered an NFL-high 18.5 sacks, 51 tackles, two forced fumbles and 48 QB hits as he helped the 49ers become the league's No. 1-ranked defense in 2022. His performance earned him the NFL Defensive Player of the Year award as well as his first All-Pro recognition.

Alcantara likely out for rest of '23

Gabe Lacques USA TODAY

Sandy Alcantara, the reigning National League Cy Young Award winner and ace of the playoff-contending Miami Marlins, will go on the 15-day injured list with a right forearm flexor strain, an injury that will likely end his season.

Alcantara

The Marlins announced the injury Wednesday, three days after Alcantara pitched eight innings and earned his seventh win of the season in a 6-4 victory over the Washington Nationals. The club also said slugger Jorge Soler is going on the IL with an oblique strain.

Alcantara leads the NL in complete games with three, but his ERA soared to 4.14 and his adjusted ERA tumbled from 176 to a near league average 105.

Going into Wednesday, the Marlins had 24 games left and were a half-game behind Cincinnati for the final NL wild-card spot in a crowded race.

WEEKEND AUTO RACING PREVIEW

NASCAR Cup Series

Hollywood Casino 400

TV: 3 p.m. EDT Sunday, USA

Track: Kansas Speedway in Kansas City

2021 series champion Kyle Larson is the first to advance to the second round after winning the opening race of the first round of the playoffs Sunday. Playoff drivers took the first seven spots: Tyler Reddick was second, followed by Chris Buescher, William Byron, Ross Chastain, Brad Keselowski and Wallace. The rest of the playoff field had Kyle Busch 11th, Joey Logano 12th, Ricky Stenhouse Jr. 16th, Martin Truex Jr. 18th, Kevin Harvick 19th, pole-sitter Christopher Bell 23rd and Michael McDowell 32nd.

NASCAR Xfinity Series

Kansas Lottery 300

TV: 3 p.m. EDT Saturday, NBC

Track: Kansas Speedway

Austin Hill leads John Hunter Nemechek by 23 points, with Justin Allgaier another 10 back. They are the only three with a shot to claim the regular-season title. Saturday's race will decide the postseason field.

NASCAR Craftsman Truck Series

Kansas Lottery 200

TV: 9 p.m. EDT Friday, FS1

Track: Kansas Speedway

Ty Majeski and Grant Enfinger, winners of the first two playoff races, plus Carson Hocevar, Christian Eckes and Cory Heim have clinched berths in the second round. ... Heim leads all drivers with 15 top-10 finishes despite having run just 17 races while the rest of the title contenders have raced 18 times.

NTT IndyCar Series

Firestone Grand Prix of Monterey

TV: 2:30 p.m. EDT Sunday, NBC

Track: WeatherTech Raceway Laguna Seca in Monterey, California

Alex Palou's title-clinching victory last Sunday marked the first time the series championship has been decided before the final race since Dan Wheldon did it in 2005. Palou's first four of his five 2023 victories came in a span of five races. The series championship is his second in three years.

Football team, league switch keep Colorado chancellor busy

Brent Schrotenboer
USA TODAY

BOULDER, Colorado – Phil DiStefano has had quite a year as chancellor of the University of Colorado Boulder. Since early December, he has:

- Hired Deion Sanders as his head football coach.
- Decided to have Colorado leave the Pac-12 after 13 years, helping contribute to the league's collapse.
- Decided to rejoin the Big 12 Conference after leaving it in 2011.
- More recently, he's watched his university's football team become arguably the biggest story in American sports after starting the season 2-0 under Sanders, including a big win against Nebraska last Saturday at Folsom Field.

USA TODAY Sports interviewed him about all of this and more in his office on campus the day before that home opener.

Is Colorado putting too many eggs in Sanders' basket? Didn't the Pac-12's presidents and chancellors turn down a good deal last year that could have kept the league together? And why did he pull the plug on the Pac-12 before he even knew for sure what the league could offer Colorado in revenue-sharing for the future?

"I could have been wrong," DiStefano said.

To be clear, sports is not his primary focus. He's a lifelong educator who has been in charge of the campus as chancellor since 2009, including athletics. But the Buffaloes have grabbed national headlines recently, leading both ESPN and Fox Sports to send their Saturday game-day shows to Boulder this week. "60 Minutes" is coming to town, too, according to a recent video published by Sanders' son Deion Jr. All want to capitalize on the big viewership numbers being delivered by "Coach Prime" after he took over a team that finished 1-11 last year.

Colorado football coach Deion Sanders has the Buffaloes off to a 2-0 start after beating Nebraska.
RON CHENOY/USA TODAY SPORTS

Colorado's big bet on Sanders: 'Why not?'

Before the season, the university even filmed a nationally televised commercial that promotes CU Boulder by showcasing it as a "Prime" destination with "Coach Prime" on board. DiStefano appears in the ad at the end, noting the campus has a "Prime location" with its scenic backdrop.

But there were no guarantees Sanders would be successful when they filmed this advertisement for the university. He hadn't even coached a game yet. Skeptics might question whether Colorado has placed too many eggs in Sanders' basket, which could fall and break in an unpredictable sport.

DiStefano sees it differently.

"Yeah, I think for this first year, why not?" DiStefano said. "I mean, it's the biggest story in sports, not only in college sports. In sports. So why not?"

Why they ditched the Pac-12

DiStefano and his athletic director, Rick George, had decided they couldn't wait forever on the Pac-12 to give them concrete projections for what the league could provide them in revenue under a new media rights deal starting next year.

So they bailed and signed a grant-of-rights agreement with the Big 12 that lasts through June 2031.

He previously told USA TODAY Sports he would wait to see the numbers from the Pac-12 before making any decision and even expressed confidence that the Pac-12 would rank third among the Power Five conferences in revenue sharing.

All that changed in July, when Colorado faced a decision: Take a concrete offer from the Big 12 to join as a full member with a $31.7 million share of media rights revenue. Or keep waiting on the Pac-12 to show them the money.

"I was chancellor when we moved to the Pac-12 (in 2011), and it was one of the things I wanted to do, but personally I couldn't see a deal in the Pac-12 coming through of any significance," he said. "I could have been wrong."

Did he see any numbers from the Pac-12 before deciding to leave?

"Actually, I didn't," he said.

Wasn't it a risk to leave before then?

He said he could have been wrong because there was still a possibility the Pac-12 could strike a deal with a major television partner such as ESPN. It did not, but DiStefano didn't know that for sure at the time that he made the decision to leave. All he knew for sure was that the Big 12 was offering a TV package with ESPN and Fox Sports.

"What we knew was what the Big 12 could offer and that ESPN could pick up any, if it's a Power Five conference team, their share," he said. "And Fox, it would be negotiated with the Big 12. And we were confident about that just because it was Colorado and having Coach Prime (Sanders)."

What did he know at the time about Pac-12?

After Colorado decided to leave the Pac-12, the league showed remaining members a potential deal with Apple that would stream Pac-12 games on its subscription service. It was unconventional and raised questions about whether the league's schools would lose visibility if they moved away from traditional linear TV companies such as ESPN. Did DiStefano know at the time that the Pac-12 deal would not focus on linear TV?

"Well, no, because I believed there were still discussions going on with linear. But I think that's where the risk (for Colorado) might have come in. But again, I think the stability outweighed the risk."

The cost of realignment

Stability was the main reason Colorado left the Pac-12. After Colorado left, Arizona, Arizona State and Utah made the same decision to ditch the uncertain future of the Pac-12 for certain linear contract terms with the Big 12.

Washington and Oregon also decided to leave the Pac-12 for the Big Ten, forcing their athletes into a series of cross-country trips to Big Ten destinations in the Midwest and East instead of shorter trips in the West with the Pac-12. Similar long-distance travel awaits California and Stanford, which since decided to bail on the Pac-12 for the Atlantic Coast Conference based in North Carolina.

"It's definitely going to be difficult on student-athletes," DiStefano said of those schools. "Personally, what I would hope is the presidents and chancellors in the ACC and Big Ten, and athletic directors in those two conferences, really look at some creative scheduling so that these students aren't flying to Rutgers one weekend and flying back to Indiana or Ohio State the second one."

Colorado doesn't face that problem by rejoining the Big 12, because DiStefano said its travel distances won't change much.

What do you think of the Pac-12's demise?

Only two Pac-12 teams remain for 2024: Oregon State and Washington State.

"It's confirmation of how college sports are changing," he said.

Is it progress?

"Probably progress in some ways," he said. "In some ways, kind of in the middle."

Who's to blame for what happened to Pac-12?

"I'm not in the blame game at all. The presidents and chancellors in this case, No. 1 they do what's good for their institutions. And I don't know (USC president Carol Folt's) motivation or (UCLA chancellor) Gene Block's motivation. My motivation was stability for our student-athletes, making sure they had the opportunity to be on ESPN, Fox."

Royals complete wild comeback vs. White Sox on walk-off balk

BY JAYLON THOMPSON
jathompson@kcstar.com

Kauffman Stadium played host to an impromptu home run derby Tuesday night — one that also featured a big comeback and (another) walk-off balk.

The Kansas City Royals and Chicago White Sox combined for six homers and 13 runs in a September slugfest. The Royals prevailed with a 7-6 victory over their American League Central rival.

"Prior to this year, I can only remember it two other times total," Royals manager Matt Quatraro said of the improbable balk-off win. "Definitely not in the same season."

To that end, Tuesday marked the second time this season KC won on a walk-off balk. Plenty of action happened before it.

Chicago scored five runs in the second inning and eventually took a 6-0 lead. White Sox infielders Yoan Moncada and Korey Lee homered in the second. Lee, who entered the game hitting .040, blasted a three-run shot for his first career homer.

Royals starter Brady Singer wasn't efficient in his return to the mound. The Royals skipped his last start and he was reinstated from the paternity list this week. Singer allowed nine hits, six runs and struck out two batters.

"That was a good win, and it was really good to see the guys battle back there," Singer said. "I put them in a pretty big hole. It's something that we have done all year — work really hard to stay in the game. They pulled it off tonight, and it was a good team win."

Indeed, KC chipped away at the deficit. The Royals hit three homers, starting with two in the fourth inning. An inning later, outfielder MJ Melendez hit a solo shot in the fifth.

White Sox starter Dylan Cease was chased from the game. He allowed five runs in 5 1/3 innings of work.

"You don't chip away unless the pitching keeps them right where they are at," Quatraro said. "The three (scoreless innings) from Zerp (Angel Zerpa) were really big."

The White Sox failed to overcome their leaky bullpen. The Royals tied the game in the ninth inning as shortstop Bobby Witt Jr. — who hopes to reach the famed 30-30 MLB mark this month — hit an RBI double.

KC won it as White Sox reliever Gregory Santos balked to score the winning run. Maikel Garcia crossed the plate as the Royals completed another comeback victory.

"There is certainly confidence that we have done this before," Royals second baseman Michael Massey said. "Nobody is going to quit and nobody has quit all year. I think you are seeing that in this game and in the clubhouse."

The Royals improved to 44-96.

Jaylon Thompson: @jaylonthompson

FROM PAGE 1B

NASCAR

and Hendrick Motorsports, which supplies engines to JTG.

"Anytime you can win a race, to get a Daytona 500 win was next level," Stenhouse said. "For our career, for all our partners and fans, and every single one of us on our team ... what I was most excited about was knowing how hard a lot of people had worked at JTG, some had been in the industry for 30 years and hadn't gotten that win.

"Or some had worked and gotten wins but never had that Daytona 500 win. It's a huge win, a career win for anybody on our race team and really propelled us so far to have a good season."

Ten years ago, Stenhouse appeared to be a rising star, becoming just the sixth driver to win consecutive Xfinity Series championships in 2011-12 and earning Cup Rookie of the Year honors in 2013 for Roush Fenway Racing.

He qualified for the Cup playoffs in 2017 after winning Talladega and also won the summer race at Daytona. Then, Stenhouse's career cratered. He lost his ride with Roush Fenway after the 2019 season and resurfaced with JTG, the only NASCAR team with both minority (Brad Daugherty) and female (Jodi Geschicher) ownership.

Through the adversity, he never lost faith in himself.

"I definitely never thought about giving up," said Stenhouse, who had gone 199 starts without a win until this year's Daytona 500. "I felt like, yeah, 2017, winning a couple races was huge for us, but I'll even look back at that season, and we still weren't super stellar. We had our ups and downs. But obviously two wins kind of puts a Band-Aid on some of those things that you can overlook.

MIKE DINOVO USA TODAY Sports

Ricky Stenhouse Jr. has good reason to believe a one-car entry can win a NASCAR Cup championship. After all, it's happened before.

"But I think for me, coming to JTG Daugherty Racing was a nice reset. I came from Roush Fenway Racing and saw all the resources that they had and the support from the manufacturer, and then I went to JTG Daugherty Racing, and honestly, I was surprised at how much nice equipment and how they ran things."

Stenhouse also believed JTG's moving from a two-car to a single-car team was beneficial.

"We've been able to put a lot of focus on the 47 car, and everybody in the shop," he said. "The details are really paid attention to."

It also helped that Stenhouse, 35, was reunited this year with Mike Kelley, who served as crew chief when they won the two Xfinity championships.

"Mike's been a great asset," Stenhouse said. "He saw the ins and outs of building this new race car, seeing what we struggled with over the last year, and being able to come in and maybe do things a little differently.

"He's got the confidence in me, and he makes a lot of the crew members feel they're the best in the garage. That's what it takes when everybody has cars that are identical, you have to make sure you believe in yourself and the people behind you, and he's brought that leadership to the team."

On the morning of the Daytona 500, Kelley, as was his custom during their Xfinity days, left a note on the roll bar in the race car that only Stenhouse could see.

"We Believe."

"That's been our team's motto all offseason, 'We believe,'" Kelley said after the Daytona 500 win. "We're a small team. But I have 45 people that believe in what we're trying to accomplish. We're trying to get people to believe in Ricky Stenhouse again. We're trying to get people to believe in myself and the vision that we have."

The 47 team did not get off to good start in the playoffs, as Stenhouse finished 16th last week at Darlington and sits 15th in the 16-driver field, four points behind the cutoff line for advancing to the Round of 12.

Stenhouse won't let that get him down.

"The one thing about Ricky is his confidence is there," Kelley said. "I've worked with a lot of drivers ... some really great drivers, and the one thing Ricky does different than every single driver I've ever worked with is ... he has the ability to shut off what happened before better than anyone.

"If we have a bad practice, the next practice he believes he still has a shot at winning the race, or a bad pit stop he believes he's going to be able to do it."

Even with a one-car team.

core at 9-all, and held on rve an 11-10 White Sox in Tuesday's er at Rate Field. baseball game Royals man- uatraro said. s scored eight Toussaint. baseman Mi- y delivered

were better in that moment," Lyles said. "We will look at the film and see if there is anything that stands out. ... It could be a lot worse without a team win."

The Royals would recover late. KC added two late runs behind infield duo Maikel Garcia and Bobby Witt Jr. Both players picked up RBIs to secure the victory.

"This is a hitter's park

the White Sox. Lyles retired the first 12 batters to face him in order. He worked all corners of the strike zone and recorded three strikeouts through four innings.

Then, he hit a snag in the fifth inning.

Lyles surrendered a solo home run to Eloy Jiménez to end his bid for a perfect game. He was able to work around the mistake and get out of the

lowed seven hits and

age," Porter said. "I was

command, too. I'm still working on throwing the changeup more, too. I threw some good ones that were able to get me out of some good situations."

The Royals failed to recover. White Sox's ace Dylan Cease allowed one run and struck out eight batters in 5 1/3 innings.

KC put together two rallies — in the fourth and eighth inning — to account for their offensive production. Royals designated hitter Edward Olivares drove in both runs. However, the Royals struck out 14 times against White Sox pitching.

"It's very similar to last week, we just didn't hit the home runs against him," Royals manager Matt Quatraro said. "He's got a good slider and he gets swing and miss. His fastball is in the mid to upper 90s. He elevates when he needs to or wants too. He can be tough."

Cease improved 7-7 this season. He has allowed four runs or less in four of his last six starts.

The Royals dropped to 44-101, improving to 45-101 after the Game 2 doubleheader win. The club record for losses in a season is 106.

Here are more notables from Tuesday's game:

EDWARD OLIVARES PUTS ROYALS ON BOARD IN 4TH INNING

The Royals sputtered offensively against the White Sox on Tuesday afternoon. KC collected four hits against Cease and didn't score until the fourth inning.

Olivares ensured there wouldn't be a shutout. He drilled an RBI double that scored shortstop Bobby Witt Jr. for his 10th hit since returning from Triple-A Omaha earlier this month.

"He's been putting together really good at-bats," Quatraro said. "He is one of the guys that is consistently getting a hit, putting up a good at-bat, moving a runner or whatever the case is. That's something that we need right now."

Olivares finished 2-for-4 in the game. He is hitting .458 with four homers and nine RBIs in his last eight games.

INJURY NOTES: AUSTIN COX, FREDDY FERMIN SET FOR SURGERY

The Royals provided an injury update on two key playmakers. Royals pitcher Austin Cox and catcher Freddy Fermin will be sidelined for a while.

Both players were injured in the Royals' recent series against the Toronto Blue Jays.

Cox injured his left knee — a "confirmed full tear of the ACL," per Quatraro — attempting to cover the first base bag. Fermin fractured his left middle finger during a catcher's interference. It may be be up to eight weeks before Fermin is back to full activities, Quatraro said.

(MS2537055)
SOLICITATION FOR BIDS
McLoud Public Schools- 2023 ROOF REPAIRS

Sealed proposals will be received by McLoud Public Schools, at the Superintendent's office, located at 233 South 4th Street, McLoud, Oklahoma 74851, for the following project:

A. THE 2023 ROOF REPLACEMENT AND REPAIR located at several schools sites in the district, McLoud, Oklahoma 74851

The deadline for receipt of proposals is **2:00 p.m. CDST, 28th day of September 2023**, at which time said bids will be opened for furnishing all labor and materials.

Bids will be publicly opened and read aloud at the above-mentioned office immediately following the closing time stated above.

The Owner and Architect reserve the right to accept minor deviations in the bid documents or materials if they deem it is in the best interest of the project. The Owner may hold open the bids for up to 45 days and may reject any and all bids if it is in their best interest. Bids may be dropped off or mailed. No bid will be accepted more than 24 hours prior to bid time, excluding weekends or holidays. Any bid dropped off after closing time of 2:00 p.m. or prior to 24 hours before bid time shall be rejected in its entirety.

Copies of the general conditions, plans, specifications, and other bidding documents are on file and available on disk in the Architects office and are open for public inspection. Complete sets of general conditions, plans, specifications, and other bidding documents may be obtained by applying to the Architects at the following location:

Design Architects Plus, Inc. 1501 S.W. 104th, Oklahoma City, OK 73159. Telephone 405/691-9900.

Printed sets of plans, and specifications, can be purchased from the Architect at a cost of $125.00 per set of plans and specifications or plans can be sent electronically at no cost.

A Mandatory Pre-Bid Conference will be held at the following time and location.

A. Main Office, located at 233 South 4th Street, McLoud, Oklahoma 74851 at 9:00 A.M. CDST, 21st day of September, 2023

A Cashier's check, a certified check, or a surety bond in the amount of five percent (5%) of the bid shall accompany the sealed proposal of each bidder.

McLoud Public Schools, reserves the right to reject any or all bids.

The time period within which a contract will be executed following award to the successful bidder is forty-five (45) days.

Caston Construction Company, hereinafter called the Construction Manager (CM) on behalf of the University Hospital's Trust (UHT), a public trust of the State of Oklahoma, hereinafter called (Owner), will receive sealed bids for all Bid Packages for the "OU Health Physicians Building - Entry and Drive Remodel" project, located at 825 NE 10th St. Oklahoma City, Oklahoma, 73104 on **Thursday, September 28, 2023 at 3:00 PM**. This bid shall include all labor, materials, equipment, layout, taxes, and services to perform each scope of work. All properly sealed and labeled bids will be opened and read aloud in the Conference Room B, 5th Floor Nicholson Tower located at 940 NE 13th St. (SW 13th and Stonewall), Oklahoma City, Oklahoma. Bids are not to be accepted by Caston Construction. Contact Eric Grote with Caston Construction Company at (405)-525-9781 or eric@castonconstruction.com with any questions. Any bid rooms including this project on their bid list are to post all information in this advertisement.

A **"Non-Mandatory" Pre-Bid Conference** for all Bid Packages will be conducted in ***Conference Room B on the 5th floor of Nicholson Tower on Thursday, September 14, 2023 @ 3:00 PM***. All subs bidding are requested to attend this pre-bid conference. If not attending, all bidders are required to visit the site and review existing conditions prior to bidding. Bid Package information and bid forms will be presented at this conference and project will be discussed in detail. A site walkthrough will occur after the conference with architect and owner.

Drawings and Specifications are available for purchase or download at Reidprographics - 405-848-7274 or www.rpgplanroom.com. Pre-qualifications, Bid Forms and Work Summary Packages will be available from the CM at the pre-bid conference and/or will be sent via email through www.rpgplanroom.com to all on the bid list. A copy of the plans for review will be available at the Caston Construction office.

Project Description: This "OU Health Physicians Building - Entry and Drive Remodel" project includes bid packages for: EARTHWORK, PAVING, LANDSCAPING&IRRIGATION, UTILITIES, METAL SOFFIT PANELS, PAINTING, EIFS . All mechanical, electrical, and plumbing scopes will be contracted directly by owner. Project will be completed in Phases. Entry to building will be closed during this project.

Notice to ALL Bidders: Please be advised that this project is subject to the Rules under the venue of Oklahoma State Statute Title 61 (Section 580) for the Construction Management Contract delivery method (see also House Bill No. 2889 and Senate Bill No. 1172). Failure to conduct a thorough site inspection to become completely familiar with the scope of work will NOT relieve any Bidder from their responsibility to provide a complete and comprehensive bid proposal. Any "apparent omission" not specifically shown on the documents or specified that is required (to be furnished and/or installed) to complete the intended scope of work is required to be included in the bid and will not constitute a claim for additional or extra work. Bidders with bids in excess of $50,000 must provide all state required bonding.

All Bidders are required to meet the qualification requirements as established in the Bid Documents. Minority and Disadvantaged Business Enterprises are encouraged to respond to this solicitation and will not be discriminated against on the grounds of race, color, sex, age and national origin. All workers are also subject to background checks, if desired by the CM or OWNER

All bids are to be sealed and clearly labeled by describing the project and indicating the contract scope being bid on the envelope. ***Bids will be received at the Conference Room B, 5th Floor Nicholson Tower on Thursday 9/28/23 @ 3:00pm*** located at N.E. 13th and Stonewall, Oklahoma City, Oklahoma. Bids received after the bid opening time, or more than ninety-six hours, excluding Saturdays, Sundays and Holidays, before the time set for the opening of bids, will not be accepted. **A Bid Bond shall accompany the sealed proposal of each bidder in excess of $50,000**. No bidder may withdraw his bid within sixty (60) days after the date of bid opening stated above. The Owner reserves the right to reject any or all bids or to waive any informalities or irregularities in the bidding.

This project IS tax exempt.

SOLICITATION FOR BIDS
BID NOTICE B24-011

Sealed bids will be received by the Purchasing Manager for the City of Edmond, Edmond, Oklahoma, at its office, located at 100 East 1st Street, Edmond, Oklahoma 73034, until **2:00 p.m., Central Local Time, on the 5th of October, 2023** for the construction of Post Road over Deep Fork Bridge Abutment Rehabilitation Project. Bids will be publicly opened and read aloud in the City Administration Conference room #133, 7 N Broadway, Edmond, Oklahoma, on the 5th of October, 2023 at 2:00 p.m. This project consists of furnishing all required materials, supplies, equipment, tools, and plan to perform all necessary labor for the construction of Post Road over Deep Fork Bridge Abutment Rehabilitation Project.

The work shall be done in accordance with plans and specifications on file in the City Engineer's Office. Plans, specifications, and other bidding documents are available for public inspection and copies may be obtained by visiting our website at www.edmondok.com or in the Purchasing Office, 100 E. First Street, Edmond, Oklahoma 73034. There will be a non-refundable charge for bidding documents and plans.

There will not be a Pre-Bid Meeting. Questions must be submitted using the online bidding system. The last day to submit questions is September 27, 2023 in case an Addendum is necessary. Anticipated Award Date is October 23, 2023 and Notice To Proceed will be issued By November 6, 2023.

The City of Edmond Purchasing Department is the only authorized source of bid documents. Documents obtained from any other source may be incomplete. All bids shall be submitted using the online bidding system. Bidders are required to register as a supplier at http://www.edmondok.com/ to bid and enable receipt of any necessary addenda or correspondence.

Bids submitted more than ninety-six (96) hours, excluding Saturdays, Sundays and holidays, before the time set for opening the bids, as well as bids submitted after the time set for receipt of bids, WILL NOT be considered.

A cashier's check, a certified check, or a surety bond in the amount of five percent (5%) of the bid shall be required of each bidder. Deposits will be returned to the unsuccessful bidders. The bid bond should be submitted online at the time of online bid submission closing date and time.

Each bid submitted is a legal offer and when accepted by the City, constitutes a FIRM AND BINDING CONTRACT. The City reserves the right to REJECT ANY or ALL BIDS. The City of Edmond reserves the unconditional right to cancel all or any portion of this project within thirty (30) days from the date of opening of bids, for any reason and at its sole discretion.

By submitting a bid for services, the bidder certifies that they, and any proposed subcontractors, are in compliance with 25 O.S. §1313 and participate in the Status Verification System. The Status Verification System is defined in 25 O.S. §1312 and includes but is not limited to the free Employment Verification Program (E-Verify) available at www.dhs.gov/E-Verify.

NOTICE OF LAND SALE

Project(s): 17430(04)
County: Oklahoma
Part of Parcel(s): 67 & 69

Pursuant to Title 69 Oklahoma Statutes (2021), Section 1001, the Oklahoma Department of Transportation offers the following property for sale by sealed bid to the highest bidder. Bid proposals sent by REGISTERED MAIL will be received through the Oklahoma Department of Transportation, Right-of-Way & Utilities Division on October 12, 2023 until 1:00 PM CST. Hand Delivered bids will be received at the Oklahoma Department of Transportation Building, Right-of-Way & Utilities Division, 200 N.E. 21st Street, Room 1-B7, Oklahoma City, Oklahoma 73105 on October 12, 2023 until 1:30 PM CST. The bids will be opened and immediately read publicly on October 12, 2023 at 1:30 PM CST. in the ODOT Project Management Conference Room located at the address above.

Description of Property:

A strip, piece, or parcel of land lying in part of the NE/4 of Section 5, T11N, R3W, Oklahoma County, Oklahoma City, Oklahoma. Said parcel of land being described by metes and bounds as follows:

COMMENCING at the Northeast corner of said NE/4; thence S0°13'59"E and along the East line of said Section 5 a distance of 1546.40 feet; thence S89°46'01"W a distance of 255.70 feet to a point on the Permanent North Right-of-Way line for I-40 and the POINT OF BEGINNING; thence S16°9'56"W and along the Permanent North Right-of-Way line for I-40 a distance of 299.97 feet; thence N88°40'21"W along the Permanent North Right-of- Way line for I-40 a distance of 74.48 feet; thence along the Permanent North Right-of-Way line for I-40 on a non- tangent curve to the right having a radius of 18,136.45 feet for a distance of 322.33 feet (chord bearing of N74° 29'53"W and a chord length of 322.33 feet); thence along the Present North Right-of-Way line for I-40 on a non- tangent curve to the left having a radius of 466.25 feet for a distance of 330.37 feet (chord bearing of N51°14'27"E and a chord length of 323.50 feet); thence N28°13'58"E and continuing along the Present North Right-of-Way line for I-40 a distance of 188.42 feet; thence S0°13'59"E and continuing along the Present North Right-of-Way line for I-40 a distance of 168.81 feet; thence N89°46'01"E and continuing along the Present North Right-of-Way line for I-40 a distance of 126.50 feet to said POINT OF BEGINNING.

Containing 1.96 ac. (85,215.03 sq. ft.), more or less.

Grantor, reserves and excepts unto itself, its successors and assigns ALL PREVIOUSLY ACQUIRED RIGHTS OF ACCESS from said 1.96 acres, more or less, to the lands or rights-of-way covered by the abutting INTERSTATE HIGHWAY NO. 40 LIMITED ACCESS HIGHWAY FACILITY along the Easterly and Southerly sides of the above described property.

SUBJECT HOWEVER that the party of the second part, by acceptance of this deed and recordation thereof, agrees to indemnify the party of the first part from any and all claims, liability, and damages arising from the conveyance including adverse environmental conditions, contamination, hazardous waste, toxic materials, known or unknown, present at the time of this conveyance, or in the future, on the above-described premises. The party of the second part shall defend, indemnify and hold the party of the first part, its officers, officials, employees, and volunteers harmless from any and all claims, injuries, damages, losses, or suits including attorney fees, arising out of the conveyance including the existence of adverse environmental conditions, contamination, hazardous waste, toxic materials, known or unknown, at the time of this conveyance, or in the future, on the above-described premises. The party of the second part agrees to reimburse the party of the first part for any judgment, costs, and fees associated with the conveyance resulting from the existence of adverse environmental conditions, contamination, hazardous waste, toxic materials, known or unknown, at the time of this conveyance, or in the future, on the above-described premises.

The Oklahoma Department of Transportation has set the minimum bid requirement at $238,600.00 for this sale. The parcel is being sold "as is-where is", with the buyer being responsible for their own due diligence in regards to zoning, licenses, permits, environmental, land uses, etc.

Terms of the sale are ten percent (10%) of the bid price in non-refundable certified funds and must accompany each bid in the form of a bid deposit made payable to the "Oklahoma Department of Transportation." The balance of the successful high bid will be due in certified funds within thirty (30) calendar days after the approval by the Oklahoma Transportation Commission, and all deposits submitted by non-successful bidders will be returned after said approval. The successful high bidder will also be required to pay for any and all advertising costs associated with the sale of this land. After approval of the sale, an executed and recorded Quitclaim Deed will be mailed to the highest bidder. IMPORTANT: LABEL THE OUTSIDE OF THE ENVELOPE WITH "SEALED BID".

All sales of surplus lands, or interests therein, is subject to the confirmation of the Oklahoma Transportation Commission. The Oklahoma Transportation Commission reserves the right to reject any and all bids.

All inquiries should be made to Frank V. Roesler III, Right-of-Way & Utilities Division, 200 N.E. 21st Street, Oklahoma City, Oklahoma 73105, or by calling (405) 521-2661

NOTICE OF LAND SALE

Project(s): 06374(60)
County: Tulsa
Part of Parcel(s): 140 & 141

Pursuant to Title 69 Oklahoma Statutes (2021), Section 1001, the Oklahoma Department of Transportation offers the following property for sale by sealed bid to the highest bidder. Bid proposals sent by REGISTERED MAIL will be received through the Oklahoma Department of Transportation, Right-of-Way & Utilities Division on October 12, 2023 until 1:00 PM CST. Hand Delivered bids will be received at the Oklahoma Department of Transportation Building, Right-of-Way & Utilities Division, 200 N.E. 21st Street, Room 1-B7, Oklahoma City, Oklahoma 73105 on October 12, 2023 until 1:30 PM CST. The bids will be opened and immediately read publicly on October 12, 2023 at 1:30 PM CST. in the ODOT Project Management Conference Room located at the address above.

Description of Property:

A strip, piece, or parcel of land lying in part of the W/2 SE/4 SW/4 SW/4, Section 28, T19N, R13E in Tulsa County, Oklahoma. Said parcel of land being described by metes and bounds as follows:

COMMENCING at the NW corner of said W/2 SE/4 SW/4 SW/4; thence S00°07'07"E along the west line of said W/2 SE/4 SW/4 SW/4 a distance of 16.00 feet to the POINT OF BEGINNING; thence continuing S00°07'07"E along said West line a distance of 160.85 feet to a point on the Present North Right-of-Way line of Skelly Drive (I-44 Frontage Road); thence N80°09'33"E along the North Right-of-Way of Skelly Drive a distance of 304.71 feet to a point 30.00 feet West of the East line of said W/2 SE/4 SW/4 SW/4; thence N00°06'28"W parallel to and 30.00 feet West of said East line a distance of 108.74 feet; thence N89°59'39"W parallel to and 16.00 feet South of the North line of said W/2 SE/4 SW/4 SW/4 a distance of 300.35 feet to said POINT OF BEGINNING.

Containing in both parcels 0.92 acres (40,484.80 sq. ft.), more or less.

Grantor, reserves, and excepts unto itself, its successors and assigns ALL PREVIOUSLY ACQUIRED RIGHTS OF ACCESS from said 0.92 acres, more or less, to the lands or right-of-way covered by the abutting I-44 LIMITED ACCESS INTERSTATE HIGHWAY FACILITY along the South side of the above described property.

ALSO

Grantor, reserves and excepts, unto itself, its successors and assigns a PERPETUAL UTILITY EASEMENT on, over, upon, and across the Southern 15.00 feet of the above described 0.92 acres, more or less.

This perpetual utility easement is granted for the sole purpose of enabling the Grantor, its officers, agents, employees, contractors, permitees, and assigns to go upon, survey, locate, construct, build, and maintain utility facilities and all necessary or convenient appurtenances thereto, and includes the permanent right to ingress and egress by the Grantor, its officers, agents, employees, contractors, permitees, and assigns.

The Oklahoma Department of Transportation has set the minimum bid requirement at $222,670.00 for this sale. The parcel is being sold "as is-where is", with the buyer being responsible for their own due diligence in regards to zoning, licenses, permits, environmental, land uses, etc.

Terms of the sale are ten percent (10%) of the bid price in non-refundable certified funds and must accompany each bid in the form of a bid deposit made payable to the "Oklahoma Department of Transportation." The balance of the successful high bid will be due in certified funds within thirty (30) calendar days after the approval by the Oklahoma Transportation Commission, and all deposits submitted by non-successful bidders will be returned after said approval. The successful high bidder will also be required to pay for any and all advertising costs associated with the sale of this land. After approval of the sale, an executed and recorded Quitclaim Deed will be mailed to the highest bidder. IMPORTANT: LABEL THE OUTSIDE OF THE ENVELOPE WITH "SEALED BID".

All sales of surplus lands, or interests therein, is subject to the confirmation of the Oklahoma Transportation Commission. The Oklahoma Transportation Commission reserves the right to reject any and all bids.

COMMENCING at the SE corner of said SE/4; thence N0°11'21"W, along the East line of said SE/4 a distance of 1253.21 feet; thence S89°48'39"W a distance of 238.16 feet to a point on the Permanent West Right-of-Way line for SH-74 and the POINT OF BEGINNING; thence N44°12'21"W along the the Present West Right-of-Way line for SH-74 a distance of 128.34 feet; thence N45°47'39"E along the Present West Right-of-Way line for SH-74 a distance of 120.00 feet; thence S1°07'43"E along the Permanent West Right-of-Way line for SH-74 a distance of 175.69 feet to said POINT OF BEGINNING.

Containing 0.18 ac. (7,700.40 sq. ft.), more or less.

Grantor, reserves, and excepts unto itself, its successors and assigns ALL PREVIOUSLY ACQUIRED RIGHTS OF ACCESS from said 0.18 acres, more or less, to the lands or right-of-way covered by the abutting STATE HIGHWAY 74 LIMITED ACCESS HIGHWAY facility along the East side of the above described property.

The Oklahoma Department of Transportation has set the minimum bid requirement at $30,800.00 for this sale. The parcel is being sold "as is-where is", with the buyer being responsible for their own due diligence in regards to zoning, licenses, permits, environmental, land uses, etc.

Terms of the sale are ten percent (10%) of the bid price in non-refundable certified funds and must accompany each bid in the form of a bid deposit made payable to the "Oklahoma Department of Transportation." The balance of the successful high bid will be due in certified funds within thirty (30) calendar days after the approval by the Oklahoma Transportation Commission, and all deposits submitted by non-successful bidders will be returned after said approval. The successful high bidder will also be required to pay for any and all advertising costs associated with the sale of this land. After approval of the sale, an executed and recorded Quitclaim Deed will be mailed to the highest bidder. IMPORTANT: LABEL THE OUTSIDE OF THE ENVELOPE WITH "SEALED BID".

All sales of surplus lands, or interests therein, is subject to the confirmation of the Oklahoma Transportation Commission. The Oklahoma Transportation Commission reserves the right to reject any and all bids.

All inquiries should be made to Frank V. Roesler III, Right-of-Way & Utilities Division, 200 N.E. 21st Street, Oklahoma City, Oklahoma 73105, or by calling (405) 521-2661

Notice of Election
Commercial Street
Community Improvement
District

Notice is hereby given to the qualified voters in the Commercial Street Community Improvement District (the "District") that an election will be held in the City of Springfield, Missouri on the 7th day of November, 2023 for the following question and imposition of a districtwide sales and use tax described therein. The boundaries of the District are generally described as follows:

LEGAL DESCRIPTION

A part of Sections 11 and 12, in Township 29 North, Range 22 West, in the City of Springfield, Greene County, Missouri, more particularly described as follows: Beginning at the Northwest Corner of Lot 5 of Delaney, Goff's and Bouslog's Addition, A Subdivision in the City of Springfield, Greene County, Missouri, Said Corner Being at the Southeast Corner of the Intersection of Douglas Avenue and Commercial Street, Thence East, Along the South Right-Of-Way Line of Commercial Street, to the Point of Intersection with the Southerly Extension of the West Line of the East 5.00 Feet of Lot 3 of Commercial Street Addition,A Subdivision in the City of Springfield, Greene County, Missouri; Thence North Along Said West Line, to the North Line of Said Lot 3, Being on the South Right-Of-Way Line of the Burlington Northern-Santa Fe Fe Railroad, Thence Northeasterly, Along Said South Right-Of-Way Line of the Railroad, to a Point 587.89 Feet East of the West Line of the Northwest Quarter of the Southeast Quarter of Said Section 12; Thence South to a Point on the North Right-Of-Way Line of Commercial Street, 597.86 Feet East of Said West Line of the Northwest Quarter of the Southeast Quarter; Thence East, Along Said North Right-Of-Way Line to the Point of Intersection with the Northerly Extension of the East Right-Of-Way Line of Clay Avenue, Thence South, Along Said East Right-Of-Way Line, to the Northwest Corner of Lot 36 of Frisco Addition, A Subdivision in the City of Springfield, Greene County, Missouri; Thence Southwest, Along the South Right-Of-Way Line of a 20 Feet Wide Alley as Shown on the Final Plat of Said Frisco Addition, to the Northwest Corner of Lot 9 of Said Frisco Addition; Thence Continuing Southwest, Along the South Right-Of-Way Line of an Alley as Shown on the Final Plat of North Springfield, a Subdivision in the City of Springfield, Greene County, Missouri, to a Point 20 Feet West of the Northwest Corner of Lot 56 of Block 27 of Said North Springfield; Thence South, Along a Line 20 Feet West of and Parallel with the West Line of Lots 45 through 56 of said Block 27, and along its Southerly Extension, to the South Right-Of-Way Line of Pacific Street; Thence West, Along Said South Right-Of-Way Line, to the Northeast Corner of Lot 2 of Jenkins Addition, A Subdivision in the City of Springfield, Greene County, Missouri; Thence Continuing West, Along the South Right-Of-Way Line of a 16 Feet Wide Alley as Shown on the Final Plat of Said Jenkin's Addition, to the Northwest Corner of Lot 3 of said Jenkin's Addition, Being on the East Right-Of-Way Line of Grant Avenue; Thence South, Along Said East Right-Of-Way Line, to the Point of Intersection with the Easterly Extension of the North Line of Lots 33 and 34 of Delaney, Goff's, and Bouslog's Addition; Thence West, Along Said North Line, to the East Right-Of-Way Line of Douglas Avenue; Thence North, Along Said East Right-Of-Way Line, to the Point of Beginning.

Qualified voters will consist of such persons who reside in the District pursuant to the records of the Greene County Clerk as of 30 days prior to the election. The ballot will be mailed to the "qualified voters" on October 23, 2023. The ballot must be returned to the office of the Greene County Clerk in person or by mail no later than 7:00 p.m. on November 7th, 2023. Any qualified voter that did not receive a ballot in the mail or lost the ballot received in the mail may pick up a mail-in ballot at the Greene County Clerk's Office located at 940 N Boonville Ave, Springfield, Missouri 65802 between the hours 8:00 a.m. and 5:00 p.m. prior to November 7, 2023 at 7:00pm.
The Ballot to be used will be substantially as follows:

Sample Ballot

QUESTION

Shall the Commercial Street Community Improvement District (the District) increase the sales and use tax imposed on all retail sales within the District which are subject to taxation under the provisions of Sections 144.010 to 144.525 of the Revised Statutes of Missouri, as amended, with certain exceptions set forth in Section 67.1545 of the Revised Statutes of Missouri, as amended, from the rate of one-half percent (0.5%) to the rate of one percent (1.0%) (the "CID Sales Tax") for the life of the District for the purpose of providing revenues to finance and pay for public improvements, general maintenance of and services within the District, administrative costs of the District, and any other obligations of the District, including, but not limited to, the potential uses listed below?

- District landscaping and maintenance
- General maintenance of sidewalks, trash cans, dumpsters, planters, tables/chairs
- Snow and ice removal
- District marketing/advertising, image enhancement and promotions
- Business retention and recruitment
- Street banners, wayfinding, and maps
- Street furniture, signage and lighting
- District security
- Administrative staffing
- Holiday decorations
- Public art

◯ Yes
◯ No

Certified this 21st day of August, 2023.

Govt Public Notices

2023 Public Transit-Human Services Coordination Transportation Plan Update Notice of Public Comment

The Missouri Department of Transportation (MoDOT) contracted with the Southwest Missouri Council of Governments (SMCOG) to prepare a five-year update to the regional Public Transit-Human Services Coordinated Transportation Plan. The regional Public Transit Human Services Coordination Plan (PTHSCP) presents an evaluation of public transportation needs of senior citizens, individuals with disabilities, and low-income individuals while identifying and prioritizing strategies for addressing these needs. The PTHSCP will help to identify projects and organizations eligible for Federal Transit Administration (FTA) grant funding. This plan covers the ten county SMCOG region of Barry, Christian, Dade, Dallas, Greene, Lawrence, Polk, Stone, Taney and Webster counties, but excludes the Ozarks Transportation Organization boundaries in the Springfield metro area.

The preliminary draft is available for review and comment online at https://www.smcog.org/programs-transportation until Friday, October 13, 2023. The public is strongly encouraged to comment on the plan and ensure that the transportation needs of senior citizens, persons with disabilities, and those with low incomes are identified and addressed.

The Southwest Missouri Council of Governments (SMCOG) is a Regional Planning Commission and an association of local governments in the ten-county area of southwest Missouri. SMCOG serves Barry, Christian, Dade, Dallas, Greene, Lawrence, Polk, Stone, Taney, and Webster counties. SMCOG is one of 19 active regional planning organizations throughout Missouri.

If you would like to view a printed copy or have comments on the plan, please contact Aishwarya Shrestha, Transportation Planner, Southwest Missouri Council of Governments at (417) 836-6901 or by email at AishwaryaShrestha@MissouriState.edu.

Public Notices

ABC Mini Storage 309 N Lulwood Springfield MO w/ dispose of misc contents of units: A12 & D10 on 09-18-2023

NOTICE OF PUBLIC HEARING and
15-DAY PUBLIC COMMENT & REVIEW PERIOD
The City of Springfield, Missouri is hereby giving notice that a public hearing will be held on the Consolidated Annual Performance and Evaluation Report (CAPER) for Fiscal Year (FY) 2022. The Citizens' Advisory Committee for Community Development (CACCD) will hold a public hearing on the FY 2022 CAPER in the 2nd Floor, West Conference Room of the Busch Municipal Building, 840 Boonville Avenue, Springfield, Missouri, on September 26, 2023, at 6:00 pm. Following presentations, any person or organization desiring to comment will be afforded an opportunity to do so. A copy of the CAPER will be available for public review and comment for 15 days from September 13, 2023 through September 28, 2023, during regular business hours, in the offices of the Planning and Development Department, 2nd Floor, Busch Municipal Building, and within any of the branches of the Springfield-Greene County Library located within the city limits of Springfield. The CAPER will also be available via the City of Springfield's website. Further information is available by contacting the Department of Planning and Development at the Busch Municipal Building, 840 Boonville Avenue, P.O. Box 8368, Springfield, Missouri 65801 or calling (417) 864-1031.
NOTE: In accordance with the Americans with Disabilities Act (ADA) guidelines, if you need special accommodations when attending a CACCD meeting, please notify the Planning & Development Department at 417-864-1037 as soon as possible to ensure our ability to accommodate your needs. In accordance with Limited English Proficiency (LEP) guidelines, language assistance is also available.

"To you, it's the perfect lift chair. To me, it's the best sleep chair I've ever had." — J. Fitzgerald, VA

Pictured is Luxurious & Lasting Miralux™. Ask about our 5 Comfort Zone chair.

3 CHAIRS IN ONE: SLEEP/RECLINE/LIFT

You can't always lie down in bed and sleep. Heartburn, cardiac problems, hip or back aches – and dozens of other ailments and worries. Those are the nights you'd give anything for a comfortable chair to sleep in: one that reclines to exactly the right degree, raises your feet and legs just where you want them, supports your head and shoulders properly, and operates at the touch of a button.

Our Perfect Sleep Chair® does all that and more. More than a chair or recliner, it's designed to provide total comfort. **Choose your preferred heat and massage settings, for hours of soothing relaxation.** Reading or watching TV? Our chair's recline technology allows you to pause the chair in an infinite number of settings. And best of all, it features a powerful lift mechanism that tilts the entire chair forward, making it easy to stand. You'll love the other benefits, too. It helps with correct spinal alignment and promotes back pressure relief, to prevent back and muscle pain. The overstuffed, oversized biscuit style back and unique seat design will cradle you in comfort. Generously filled, wide armrests provide enhanced arm support when sitting or reclining. **It even has a battery backup in case of a power outage.**

White glove delivery included in shipping charge. Professionals will deliver the chair to the exact spot in your home where you want it, unpack it, inspect it, test it, position it, and even carry the packaging away! You get your choice of Luxurious and Lasting Miralux, Genuine Italian Leather, stain and liquid repellent Duralux with the classic leather look, or plush MicroLux microfiber, all handcrafted in a variety of colors to fit any decor. **Call now!**

Solicitation for Proposals

ies are strongly encour-

Sealed Proposals will be received online by October 5, 2023 as instructed on the City Bonfire Portal at https://bendoregon.bonfirehub.com. Proposals may also be submitted to the City, via mail, or in person. Please contact the Issuing Officer no later than two (2) business days prior to Proposal due date to make arrangements ahead of time for an in-person submission. Hard copies will not be accepted unless the Proposer has made arrangements ahead of time. If a hard copy of the Proposal is submitted without prior coordination with the Issuing Officer, the Proposal will be returned (unopened) to the Proposer without consideration. No faxed or emailed submissions will be accepted.

The RFP documents are available for download on the Portal https://bendoregon.bonfirehub.com. In order to download and respond to posted solicitations, Proposer will need to register as a vendor by visiting: (link). Once registered, follow the instructions to download the documents: 1) Log in to the Portal, 2) Under "Action" column of "Open Public Opportunities" page, click on "View Opportunity" next to Project, 3) Scroll down to "Supporting Documentation" section to download documents. Proposers are responsible for checking the Portal for the issuance of any addenda prior to submitting a proposal. Proposal results are available via the Bonfire Portal.

The City of Bend reserves the right to: 1) modify, revise or withdraw this request for proposal, 2) reject any or all proposal not in compliance with public solicitation procedures and requirements, 3) select consultant on the basis of the proposals or to conduct interviews with the highest qualified proposers after scoring, 4) seek clarifications of any or all proposals, and 5) to select the proposal which appears to be in the best interest of the City.

CONSTRUCTION

TUALATIN VALLEY WATER DISTRICT

**SW BARNES ROAD AND SW VIEWMONT DRIVE WATERLINE IMPROVEMENTS
BIDS DUE OCTOBER 4, 2023 BY 2:00PM.
ADVERTISEMENT FOR BIDS
PROJECT NO. C12753**

Sealed Bids for the construction of the SW Barnes Road and SW Viewmont Drive Waterline Improvements, Project No. C12753 (Project) for Tualatin Valley Water District (Owner) will be accepted by Heather Speight, Procurement and Contract Administrator, via Equity Hub's Bid Locker at https://bidlocker.us/details/3746_Viewmont_Waterline_ltb___Reissued (Bid Locker), until 2:00 p.m. local time on October 4th, 2023 (Bid Closing Time). Bidders must sign up with Bid Locker at https://bidlocker.us/Home/bidlockerus before being allowed to submit a bid. There is no cost to register. Any

1. Approximately 1,000 linear feet (lf) of 12-inch, 700 lf of 8-inch, and 120 lf of 6-inch ductile iron restrained-joint water piping with ductile iron fittings and polyethylene encasement.

2. Install via horizontal directional drilling approximately 200 lf of owner-furnished 14-inch HDPE and reducer connections.

3. One fire hydrant including ductile iron fire hydrant leads with polyethylene encasement, abandonment of existing water mains, five water service replacements, testing and special inspection, associated surface & fence restoration, clean-up, traffic control, erosion control, and incidental related work as described in the Contract Documents.

4. Engineers Estimate is $650,000 - $800,000.

The successful Bidder must achieve Substantial Completion September 27, 2024 and Final Completion by October 31, 2024. Notice to Proceed is anticipated to be issued April 1, 2024.

Bid Documents may be obtained electronically from Bid Locker or in in either electronic or hard copy format by contacting:

Contractor Plan Center, Inc.
PO Box 2486
Clackamas, OR 97015
Phone: (503) 650-0148
Fax: (503) 650-8273
E-mail: megan@contractorplancenter.com
www.contractorplancenter.com

If a potential Bidder obtains the Bid documents from Contractor Plan Center, the Bidder is still responsible for registering with Bid Locker to submit their bid.

Addenda will be published to Bid Locker. Bidders who download bid packages from Bid locker will automatically be notified via email when addenda are published. It is the responsibility of the Bidder to obtain all addenda. Bidders are responsible for the cost of obtaining and/or printing the Bid Documents. The Bidder, including subcontractors, will also be responsible for signing a confidentiality agreement prior to obtaining the documents. Return of the documents is not required, and the amount paid for the Bid Documents is nonrefundable.

There will not be a pre-bid conference for this Project.

Contractors must be qualified in accordance with the applicable parts of ORS 279 to enter into a contract with the Owner for public work in Oregon. Bidders are required to complete and submit with their bid Section 00 45 13, "Statement of Bidder's Qualifications". The Owner will investigate and determine if the qualifications of the apparent low bidder meet the minimum requirements as part of its evaluation of the lowest responsive and responsible bid.

No bid will be received or considered by the Owner unless the Bid Form contains, or is accompanied by, a statement by the bidder as a part of the bid that the provisions required by ORS 279C.800 through 279C.870 pertaining to prevailing wages are included in this Contract. Contractor licensing under ORS 468A.720 for asbestos abatement is not a requirement of this Project. Each bid must contain a statement as to whether the bidder is a resident bidder as defined in ORS 279A.120. Each bid must contain a statement as to whether the bidder is registered with the Oregon Construction Contractors Board in accordance with the provisions of ORS 279C.365.

Bids must be submitted on the prescribed forms and must be accompanied by a certified check or bid bond executed in favor of the Tualatin Valley Water District in an amount not less than ten (10) percent of the amount bid. The successful bidder will be required to furnish

MEDFORD WATER COMMISSION
SODIUM HYDROXIDE
Bids Due 2:00 pm, October 3, 2023
INVITATION TO BID

Notice is hereby given that Medford Water Commission (Medford Water), by and through its Board of Water Commissioners, will receive sealed bids until 2:00 p.m. Local Time, Tuesday, October 3, 2023, at the Medford Water office, 200 South Ivy Street - Room 177, Medford, Oregon 97501 for the following:

WATER TREATMENT CHEMICALS: Sodium Hydroxide

Bids received after the time established for receiving bids will not be considered. Facsimile bids are not acceptable. All bids shall be submitted as set forth in the General Specifications and must contain a signed Bid Form. Medford Water is not responsible for bids submitted in any manner, format, or to any delivery point other than as required by the bid document.

NOTE: on Wednesday, September 13, 2023, Bid Documents and any Addenda will be available electronically for download at no charge at http://www.medfordwater.org. Follow the link on the homepage, under Doing Business and Bids marked "**BID FOR SODIUM HYDROXIDE - 2023**", then select 'click here for plans' under the Plans column. Contact Mark Depner, Purchasing Agent at mark.depner@medfordwater.org or (541) 774-2459 to register and obtain the login password. Bidders shall be responsible for all costs related to printing and reproduction of Bid Documents. Bidders should check the website regularly until closing to avoid missing any Addenda, which will only be available online. Printed Bid Documents will not be mailed by Medford Water. Do not include excise tax.

No charges for packing or drayage, or for any other purpose, will be allowed over and above the prices quoted herein. Bid price shall be FOB delivered and include delivery costs to the destinations as stated in the Bid Form. Bidders who obtain their Bid Documents only from plan centers, or by means other than the Medford Water website, are responsible for ensuring they have all Addenda; they will not be registered or appear on the list of planholders and will not receive notifications from Medford Water regarding this Invitation to Bid.

The single point of contact for questions regarding the Invitation to Bid, bidding process, clarification, award process, protests, or any other issues that arise, is Matt Severloh, Water Treatment Plant Supervisor at (541) 774-2743 or matt.severloh@medfordwater.org. Each bid must contain a statement as to whether the bidder is a resident, as defined in ORS 279A.120. Bids are to be submitted on the Bid Form and placed in a sealed envelope marked "**BID FOR SODIUM HYDROXIDE - 2023**"; Attention Matt Severloh, Water Treatment Plant Supervisor, 200 South Ivy Street - Room 177, Medford, Oregon, 97501. Medford Water does not guarantee any amount of work as a result of this Invitation to Bid. Medford Water reserves the right to reject any or all bids and to waive irregularities or informalities in a bid or in the opening, select one or more vendors, and may cancel the procurement in accordance with ORS 279B.100. Award of the procurement will be subject to approval of the Board of Water Commissioners.

Dated this 13th day of September 2023.

GOODS AND SERVICES

ADMINISTRATIVE SCHOOL DISTRICT #1 BEND-LA PINE SCHOOLS
GEOTECHNICAL SERVICES
BEND HIGH SCHOOL MODERNIZATION
Proposals Due 2:00 pm, September 27, 2023
REQUEST FOR PROPOSALS

The Administrative School District #1 - Bend-La Pine Schools requests proposals from qualified firms for comprehensive geotechnical services for the construction of building and site improvements to the existing Bend High School. The basic program outline is as follows: The Bend High School Modernization project is a major rebuild of the existing Bend High School over a multi-year phased construction duration. The project will include demolition and reconstruction of large portions of the building as well as a renovation of the existing auditorium and production kitchen. The project will also include reconfiguration of the site with new parking, athletic field and site structure arrangement. Request for a complete RFP Package including project scope, specifications, and clarifications should be directed to Mike Condon, Project Manager (mike.condon@bend.k12.or.us), 541-355-1172. Sealed proposals shall be received no later than 2:00 p.m., current local time, 27 September 2023 at:

Bend-La Pine Schools
Facilities Development Office
520 NW Wall Street, Room 330
Bend, OR 97703

Bend-La Pine Schools may reject any proposal not in compliance with prescribed procedures and requirements and may reject for good cause any and all proposals upon a finding that it is in the public interest to do so. Bend-La Pine Schools is not responsible for any costs of any proposers incurred while submitting proposal; all proposers who respond to solicitations do so solely at their own expense.

REQUEST FOR PROPOSALS

Requests for Proposals will be received by the Coquille Indian Tribe for COMMUNITY VISIONING CONSULTANTS at projects@coquilletribe.org.

Briefly, the work is described as consulting and associated deliverables for a tribe-wide visioning process. Beginning September 8th, 2023, Proposal Documents, including sample form of agreement are available for downloading in pdf format from the State of Oregon at https://oregonbuys.gov/bso.

The Coquille Indian Tribe reserves the right to (1) reject any or all proposals not in compliance with all outlined procedures and requirements, (2) postpone award of the Contract for a period not to exceed sixty (60) days from the date of opening, (3) waive informalities in the proposals, and (4) select the proposal which appears to be in the best interest of The Tribe. Coquille Indian Tribe encourages bids from American Indian/Alaska Native, Minority, Women, and Emerging Small Businesses.

JACKSON COUNTY
MULTI-USE PANDEMIC RESPONSE CENTER CONSTRUCTION PROJECT
NOTICE OF PUBLIC HEARING

The Jackson County Local Contract Review Board is considering an exemption from competitive bidding requirements for a Multi-Use Pandemic Response Center construction project as allowed under Oregon Revised Statute (ORS) 279C.335(2) and Jackson County Local Contract Review Board Rules, Division 1-120.c. A public hearing will be held on September 27, 2023, at 9:25 a.m. in the Courthouse Auditorium located at 10 South Oakdale, Medford, Oregon, and by audio/videoconference for all interested persons to appear and be heard.

Jackson County is requesting an exemption from competitive bidding requirements for the use of a Construction Manager/General Contractor (CM/GC) as the alternative contracting method for the planning, design, and construction of the Multi-Use Pandemic Response Center project on the Jackson County Expo grounds.

A copy of the Exemption Request, including Draft Findings, can be obtained during regular business hours at the Jackson County Facility Maintenance Department, 10 South Oakdale, Room 208, Medford, OR 97501, or by email at DeSautRA@jacksoncounty.org

Public input will be limited to five minutes per person; if there is additional information to provide beyond the five-minute limit, individuals are encouraged to submit comments in writing. An extension of the five minute per person time limit may be approved by a majority of the Board.

If an accommodation, auxiliary aid, or service is needed to participate in a County meeting, please contact the Human Resources Office hr@jacksoncounty.org or 541-774-6036 or TTY/TDD 711 or 800-735-2900. Requests made at least 48 hours prior to the meeting, preferably in writing, will assist County staff in providing the accommodation.

***To join or participate by audio/videoconference, go to https://jacksoncountyor.zoom.us/j/92182122821 or call 1-253-215-8782 and enter Webinar ID No. 921-8212-2821**.

Email Status:			
Invitiation Type:	Automatic		

Welcome to the Dynamic Small Business Search

DSBS

NEW FEATURES FOR MOBILE USERS: /../library/udf
Phone number hotlinks can be used to dial the number on mobile phones.
Address hotlinks can be used to show the address in Google Maps.

SBA has verified the following certifications in DSBS: 8(a), HZ, WOSB, EDWOSB, VOSB, SDVOSB. Other than these SBA certifications, DSBS is generally a self-certifying database and the other certifications are not verified by SBA. Contracting officers should diligently review a bidder's small business self-certifications before awarding a contract.

Location of Profile

States:

(any state)
AL - Alabama
AK - Alaska
AA - American Atlantic (APO/FPO)
AE - American Europe (APO/FPO)
AP - American Pacific (APO/FPO)
AS - American Samoa
AZ - Arizona
AR - Arkansas
CA - California

(How to make multiple selections.)

Searching within a State:

("All" also sets Profile Last Updated to 'On or after 01/01/1900')

Search Results Display Options

Maximum number of profiles to be returned at a time:

Show All

Note: "Show All" shows as many profiles as you're allowed to receive, which may increase that limit to 5000. But due to a database restriction, adding "one-to-many" fields to the profile list (next item), lowers the limit to 1000. Choosing HTML Import format,below, automatically sets "Show All".

Show the following fields in the profile list:

Name and Trade Name of Firm; Contact; Address and City, State Zip; Capabilities Narrative; E-mail Address

Edit the columns to be displayed

Font Size (these usually affect all formats except HTML Import as text):

○ Tiny ○ Small ◉ Normal ○ Large ○ XLarge

Format. Show the search results in:

○ Table format

◉ HTML Export format
Save As...: ○ .text ◉ .xls (spreadsheet)
If importing into Windows Excel 2007 or later, answer Yes to the format/suffix dialog.

○ Mail-merge format
Delimiter: ◉ comma ○ comma and blank ○ tab

○ Vertical format (useful for mobile users)

Dear Vendor,

The Interlocal Purchasing System (TIPS) is required under Federal regulations to notify SBA vendors of our procurement solicitations. You were registered on the United States Small Business Administration website under one or more of the following NAICS Codes, 336411 which include the topic of this Solicitation.

The Interlocal Purchasing System (TIPS) has available now, at the link below, Solicitation 230905 Civilian-Use Drone Goods and Services (Non-Military). You are invited to participate.

https://tips.ionwave.net/CurrentSourcingEvents.aspx

Please note that there is no specific project to award. TIPS utilizes IDIQ Contracts, where IDIQ is an abbreviation of the term "Indefinite Delivery/Indefinite Quantity". This is a type of contract that provides an indefinite quantity of supplies or services during a fixed period of time or for the life of the awarded agreement. This solicitation was issued as a prospective award for a pricing agreement to be used when a TIPS Member entity needs the goods or services offered under the agreement.

Thank you,

Jessica Monreal

Notice of Opportunity September 2023

To 'ray@mbdadallas.com'; 'admin@mbdadallas.com'

Dear MBDA,

The Interlocal Purchasing System (TIPS) is required under Federal regulations to work with the MBDA in an effort to notify potential vendors of our procurement solicitations.

You are invited to notify and encourage the companies you assist to participate in these opportunities. TIPS present procurement solicitations are available at the following link:

https://www.tips-usa.com/rfp.cfm.

Thank you,

Jessica Monreal

TIPS SOLICITATION DOCUMENT

THE INTERLOCAL PURCHASING SYSTEM ("TIPS")

A department of TIPS Lead Agency:

TEXAS REGION 8 EDUCATION SERVICE CENTER ("Region 8 ESC")

TIPS RFP 230905 Civilian-Use Drone Goods and Services (Non-Military)

I. NOTICE TO PROPOSERS.

Contact Information:
TIPS/Region 8 ESC
4845 US Hwy. 271 North
Pittsburg, Texas 75686
Toll Free: (866) 839-8477
Email: bids@tips-usa.com
Website: www.tips-usa.com

TIPS Solicitation:
TIPS RFP 230905 Civilian-Use Drone Goods and Services (Non-Military)
This solicitation document is a Request for Proposal as permitted in Texas Education Code § 44.031. Regardless of potential informal or erroneous references to other solicitation terms such as: "solicitation", "bid", "request for competitive sealed proposal", "RCSP", etc., this solicitation is the method of procurement identified at this location.

Proposal Deadline:
All proposals shall be received electronically, or otherwise sealed, by: October 20, 2023, AT 3:00 P.M. LOCAL TIME

Access to Solicitation Documents:
Solicitation documents are located online at http://tips.ionwave.net. If you encounter a problem while accessing the solicitation, please contact TIPS at the contact information provided for assistance.

Piggybacking Notice:
This IDIQ Solicitation is intended for the use of public entities and qualifying non-profit entities who join TIPS, now and in the future, ("TIPS Members") to piggyback upon and utilize as their own solicitation for legal procurement purposes. TIPS Contracts are established through free, full and open competition as described by the laws of TIPS jurisdiction and are available for piggy-back by other government entities anywhere in the United States, subject to each entities' jurisdictional law and regulation.

TIPS Administration Fee:
TIPS collection of fees is required pursuant to Texas Government Code Section 791.011 et. seq. The TIPS Administration Fee for this contract shall be 2% of the amount paid by the TIPS Member for each TIPS Sale, less shipping cost, bond cost, and taxes, if identifiable.

Incorporation of Solicitation:
If Vendor proposes and is awarded, the specifications, terms, and conditions of this solicitation shall be incorporated by reference into the final, awarded TIPS Contract.

TIPS Contract Jurisdictional Limitations:
Depending on different entities' and jurisdictions' laws and regulations, TIPS Member Customers may be prohibited from utilizing TIPS as a procurement method for any specific procurement or procurement-type. TIPS makes no representations about when a TIPS procurement will be appropriate for any particular expenditure. It is always up to the TIPS Member customer to determine whether a TIPS procurement is appropriate under their applicable laws and policies.

Vendor Questions & Pre-Bid Meeting Requests:
Substantive questions will be received until October 6, 2023, at 12:00 p.m. local time. Questions about the specific solicitation shall be submitted to bids@tips-usa.com with the subject line "230905 Drones– Vendor Question". Vendor-specific questions about the process will often be answered directly. However, substantive questions that are not properly addressed in the solicitation information will be properly published to all vendors as an addendum or "Question & Answer" document.

Pre-Bid Meetings are not mandatory and, if requested, TIPS reserves the right to determine whether a Pre-Bid meeting shall be held. Pre-Bid Meetings may be requested by any proposer on or before September 21, 2023, by emailing bids@tips-usa.com with the subject line "230905 Drones – Pre-Bid Meeting Request".

Anticipated Schedule of Solicitation Events:
These anticipated dates are subject to change at TIPS' discretion. TIPS reserves the right to extend the proposal deadline for any reason.

Proposal Deadline	October 20, 2023	3:00 P.M. Local Time
Proposal Opening	October 20, 2023	3:00 P.M. Local Time
Proposal Review Begins	October 20, 2023	3:01 P.M. Local Time
Proposals Award	November 16, 2023	8:30 A.M. Local Time
Award Notifications	November 16, 2023	12:00 P.M. Local Time

Estimated Contract Value:
The estimated value for the life of the contract for all awarded vendors combined is $7,000,000.00. This is an estimate and is not a guarantee of the minimum or maximum value of the contract because TIPS cannot speculate on TIPS Members' future needs or budget allocations as they relate to this solicitation.

II. TIPS

The Interlocal Purchasing System ("TIPS") is a department of Texas Region 8 Education Service Center, a government entity. TIPS, a governmental entity and a national purchasing cooperative operating under the Interlocal Cooperation Act[1], seeks to provide a valuable and necessary solution to public entities and qualifying non-profits by performing the legal public procurement solicitation process and awarding compliant contracts to qualified vendors. When permitted by TIPS Members' law and policy, instead of public entities and qualifying non-profits expending time, money, and resources on the extensive legal competitive procurement process, the use of TIPS,

[1] See Texas Government Code, Chapter 791.

allows public entities to quickly select and purchase their preferred products or services from qualified, evaluated Vendors on an as-needed basis. TIPS evaluates and scores all responsive, properly submitted proposals. Recommendations for award will be made to the Region 8 Education Service Center Board of Directors. Awards are ratified or rejected at the monthly meeting of Region 8 ESC Board of Directors, or as delegated by the Board of Directors. TIPS utilizes a value approach and bases its award recommendations on several factors mandated by the Texas Education Code section §44.031. The factors are allotted points as described herein. TIPS reserves the right to assign or deduct any number of points in any given category if warranted due to insufficient response or Vendor stipulated exceptions and limitations.

III. PROPOSAL GUIDANCE

1. TIPS strongly encourages all interested vendors to respond using the TIPS IonWave Electronic eBid System for proposal submission. The online submission has many safeguards built into the system that will notify proposers of mistakes or missing information. These safeguards will significantly minimize the potential for Vendor disqualification. If you encounter trouble with the TIPS IonWave eBid System, please contact TIPS.
2. If it is determined that Vendor cannot utilize the TIPS IonWave eBid System, Vendor must email bids@tips-usa.com seeking a manual submission packet which TIPS will send to you via US Mail or FedEx within two business days of receiving your request. All manual responses must be sealed in an envelope and must be physically received by TIPS at the TIPs Contact information provided herein and by the deadline provided herein.
3. If you are viewing this document, you have likely already logged into the TIPS IonWave eBid System. If not, you need to register/login to the TIPS IonWave eBid System online at https://tips.ionwave.net/ and follow these instructions.
4. Once logged in, confirm that your Supplier Profile properly lists your accurate entity-name, EIN, d/b/a's, and contact information, matching your current W9. If it does not, either correct it, or disable the inaccurate profile and create a correct profile before proceeding.
5. Next, confirm that all emails issued by the following domains can be received by your entity's email servers to ensure that you do not miss vital messages: "@tips-usa.com", @tipsconstruction.com", and "ionwave.net"
6. Once that review/update is complete, Vendor shall carefully read through all bid Event Details, Bid Notes, Attachments, Addenda, Instructions, and Attribute Questions before submitting questions to TIPS.
7. TIPS recommends starting Vendor's proposal response by answering the required "Attribute" questions within the IonWave eBid System. These responses are required and it is beneficial to start with the Attribute questions as some of the bid Attachments are only required depending on your responses to those questions.
8. Once Vendor has completed the Attribute Questions, Vendor must download, properly complete, and upload into the correct "Response Attachments" location all required Attachments.
9. Once Vendor has completed the Attribute Questions and uploaded all required Attachments, Vendor must submit the proposal before the legal Proposal Deadline. The system will notify you of errors and allow you to correct those errors where you would otherwise risk unintentional disqualification through paper submission.
10. Proposals may be retracted, amended, and resubmitted by the proposer on the electronic eBid System at any time prior to the legal deadline.
11. If an addendum is posted, you will receive an email notification and you are required to login to the IonWave eBid System to address the Addendum.
12. TIPS reserves the right to reject any or all proposals, to accept any proposals, and to waive any informality in the proposal process provided waiver is equally applied to all proposers and another proposer is not prejudiced by the waiver.
13. If Vendor has proposed deviations to TIPS' standard terms, there is an Attribute Question where Vendor can assert that it has proposed negotiations. If Vendor responds to that attribute question asserting deviations, after this solicitation legally closes and TIPS begins evaluating Vendor's file, TIPS will provide Vendor with a draft Word Document Vendor Agreement and instruct Vendor to include all requested negotiations as redline edits for TIPS consideration. This is the only proper way to submit proposed deviations for TIPS consideration. TIPS reserves the right to accept, decline, or modify Vendor's requested negotiated terms. For this reason, asserting deviations or negotiations may ultimately delay or prevent award.
14. Withdrawal of proposals will not be allowed for a period of 90 days following the opening unless approved by TIPS in writing.
15. If a Vendor desires to protest a process or decision by TIPS, the Vendor must follow the following process: http://www.tips-usa.com/assets/documents/docs/letters/Protest_Procedures_for_Vendor.pdf

Proposal Format

All responses should be direct, concise, complete, and unambiguous.

1. Attribute Questions.
Vendor must respond carefully and accurately to all "Attributes" within the IonWave eBid System.

2. Completion of Attachments.

Pricing Form 1
Pricing Form 1 must be downloaded from the "Attachments" section of the IonWave eBid System, reviewed, properly completed as instructed on the form and herein, uploaded to the "Response Attachments" section requesting Pricing Form 1.

Pricing Form 2
Pricing Form 2 must be downloaded from the "Attachments" section of the IonWave eBid System, reviewed, properly completed as instructed on the form and herein, and uploaded to the "Response Attachments" section requesting Pricing Form 2.

Alternate or Supplemental Pricing Documents
Optional. If when completing Pricing Form 1 & Pricing Form 2 you direct TIPS to view additional, alternate, or supplemental pricing documentation, you may upload that documentation.

Vendor Agreement
The Vendor Agreement must be downloaded from the "Attachments" section of the IonWave eBid System, reviewed, properly completed, and uploaded to the "Response Attachments" section requesting the Vendor Agreement. If Vendor has proposed deviations to the Vendor Agreement, Vendor may assert so in the Attribute Questions and those shall be addressed during evaluation.

Vendor Agreement Signature Form
The Vendor Agreement Signature Form must be downloaded from the "Attachments" section of the IonWave eBid System, reviewed, properly completed, and uploaded to the "Response Attachments" section requesting the Vendor Agreement Signature Form. If Vendor has proposed deviations to the Vendor Agreement, Vendor may leave the signature line of this page blank and assert so in the Attribute Questions and those shall be addressed during evaluation.

Reference Form
The Reference Form must be downloaded from the "Attachments" section of the IonWave eBid System, reviewed, properly completed, and uploaded to the "Response Attachments" section requesting the Reference Form. The Reference Form must be uploaded in Excel format.

Required Confidentiality Claim Form
The Required Confidentiality Claim Form must be downloaded from the "Attachments" section of the IonWave eBid System, reviewed, properly completed, and uploaded to the "Response Attachments" section requesting the Required Confidentiality Claim Form. This is the only way for Vendor to assert confidentiality of any information submitted.

Conflict of Interest Questionnaire – Form CIQ
Do not upload this form unless you have a reportable conflict with TIPS. There is an Attribute entitled "Conflict of Interest Questionnaire Requirement" immediately followed by an Attribute entitled "Conflict of Interest Questionnaire Requirement – Form CIQ – Continued." Properly respond to those Attributes and only upload this form if applicable/instructed. If upload is required based on your response to those Attributes, the Conflict of Interest Questionnaire – Form CIQ must be downloaded from the "Attachments" section of the IonWave eBid System, reviewed, properly completed, and uploaded to the "Response Attachments" section requesting the Conflict of Interest Questionnaire – Form CIQ.

Disclosure of Lobbying Activities – Standard Form - LLL
Do not upload this form unless Vendor has reportable lobbying activities. There are Attributes entitled, "2 CFR Part 200 or Federal Provision - Byrd Anti-Lobbying Amendment – Continued." Properly respond to those Attributes and only upload this form if applicable/instructed. If upload is required based on your response to those Attributes, the Disclosure of Lobbying Activities – Standard Form - LLL must be downloaded from the "Attachments" section of the IonWave eBid System, reviewed, properly completed, and uploaded to the "Response Attachments" section requesting the Disclosure of Lobbying Activities – Standard Form – LLL.

Current Form W-9
Vendor must upload their current IRS Tax Form W-9. The legal name, EIN, and d/b/a's listed should match the information provided herein exactly. This form will be utilized by TIPS to properly identify your entity.

Certificates & Licenses (Supplemental Vendor Information Only)

Optional. If Vendor would like to display any applicable certificates or licenses (including HUB certificates) for TIPS and TIPS Member Customer consideration, Vendor may upload those at the "Response Attachments" section requesting "Certificates & Licenses (Supplemental Vendor Information Only)." These supplemental documents shall not be considered part of the TIPS Contract. Rather, they are Vendor Supplemental Information for marketing and informational purposes only.

Vendor's Warranties, Terms, and Conditions (Supplemental Vendor Information Only)
Optional. If Vendor would like to display any standard warranties, terms, or conditions which are often applicable to their offerings for TIPS and TIPS Member Customer consideration, Vendor may upload those at the "Response Attachments" section requesting "Vendor's Warranties, Terms, and Conditions (Supplemental Vendor Information Only)." These supplemental documents shall not be considered part of the TIPS Contract. Rather, they are Vendor Supplemental Information for marketing and informational purposes only.

Supplemental Vendor Information (Supplemental Vendor Information Only)
Optional. If Vendor would like to display or include any brochures, promotional documents, marketing materials, or other Vendor Information for TIPS and TIPS Member Customer consideration, Vendor may upload those at the "Response Attachments" section requesting "Supplemental Vendor Information (Supplemental Vendor Information Only)." These supplemental documents shall not be considered part of the TIPS Contract. Rather, they are Vendor Supplemental Information for marketing and informational purposes only.

Vendor Logo (Supplemental Vendor Information Only)
Optional. If Vendor desires that their logo be displayed on their public TIPS profile for TIPS and TIPS Member viewing, Vendor may upload that logo at the "Response Attachments" section requesting "Vendor Logo (Supplemental Vendor Information Only)." These supplemental documents shall not be considered part of the TIPS Contract. Rather, they are Vendor Supplemental Information for marketing and informational purposes only.

IV. SPECIFICATIONS

Category: Civilian-Use Drone Goods and Services (Non-Military)

Nothing herein is seeking services that are considered a public work/construction. This is a solicitation for goods and non-"public work" services only. Nothing herein is seeking military-grade: weapons, drones, unmanned aircraft vehicle systems (UAVS), remotely piloted aircrafts (RPA), or unmanned aircrafts (UA). This is seeking civilian-use drone and drone services as described herein. To the extent that a drone or drone service is legally commercially available for public and military use, it may be proposed for public, non-military approved uses only.

Specifications.
It is the intention of TIPS, as a Department of Region 8 ESC, to contract with quality vendors to supply civilian use drones, unmanned aircraft vehicle systems (UAVS), remotely piloted aircrafts (RPA), or unmanned aircrafts (UA) and related services to public entity and qualifying non-profit TIPS Members in the United States. Proposals shall include, but not be limited to: supplying drones, drone parts, drone repairs, drone photography and videography, drone training, drone surveillance, drone rentals, and other goods and services related to civilian-use drones. To the extent that any drone good or service offered hereunder requires specific state, federal, or local licensing, notices, or certifications, including but not limited to a Remote Pilot Certificate from the Federal Aviation Administration, fulfillment and proof of such licensing, notice, or certification must be presented to the potential customer prior to the TIPS sale. Proposals should include all listings of civilian-use drones and drone services that Vendor is legally qualified to offer under the contract. Do not propose offerings that are not considered civilian use drones and drone services. Goods and services to support drones should be submitted.

V. VENDOR PRICING SUBMISSION

Pricing.
Please carefully read all of the following before submitting any pricing questions. All goods and service pricing shall be firm and calculable at the time of any TIPS Sale and must conform and comply with the Vendor's original pricing model as proposed in response to this solicitation. "To-Be-Determined" pricing is prohibited.

Submission of Goods/Items Pricing

TIPS permits Vendors to utilize either or both of the two goods/items pricing proposal options (and sub-options) identified below with the "Discount-Off Catalog" option being much more optimal, usable, and preferred to the "Cost-Plus Markup Option." With either or both options, Vendor is able to update their pricing and add/remove items during the life of the contract. It is Vendor's responsibility

to ensure that all items listed, whether by description, product number, SKU, UPC or other, fall within the scope of this solicitation category. Please carefully read the description of both goods/items pricing options directly below:

- **Discount-Off Catalog Method**
  This goods/items pricing proposal method is highly preferred over the "Cost-Plus Markup Method" because it is versatile and allows Vendor to efficiently add and update its goods/items pricing and does not automatically prohibit federal fund purchases. Vendor is asked in the attribute questions within the eBid System to propose a minimum discount off of their catalog pricing. Please note that Vendor's "Minimum Percentage Discount Offered" proposed in the attribute questions shall apply to goods proposed with the exception of limited goods/services specifically identified and excluded from this discount in Vendor's original proposal such as a specific item-type with a limited profit margin. Any discount from 0% to 100% is an appropriate response. A 0% discount is permitted. Then, under this pricing proposal method, Vendor is permitted to provide its "Catalog Pricing" to TIPS in a number of ways, described below. Please carefully read the following definition of "Catalog Pricing" which is broad and flexible to the usability benefit of the Vendor.

  "**Catalog Pricing**" is defined as, "The then available list of goods or services, in the most current listing regardless of date, that takes the form of a catalog, price list, price schedule, shelf-price or other viewable format that:

  A. is regularly maintained by the manufacturer or Vendor of an item; and

  B. is either published or otherwise available for review by TIPS or a customer during the purchase process;

  C. to which the Minimum Percentage Discount proposed by the proposing Vendor may be applied.

  Under the "Discount-Off Catalog Method, Vendor may supply TIPS its "Catalog Pricing" through any of the following methods. Please open the solicitation attachment entitled "Pricing Form 1" at this time and scroll through Sections A and B as you read this explanation.

  Options for Providing Goods/Items "Catalog Pricing" to TIPS:

  1. **Section "A" of Pricing Form 1 – Providing "Catalog Pricing" through Line-Item Pricing:** If Vendor desires to list the goods/items that you sell by line-item, you are welcome to do so in Section "A" of Pricing Form 1. You are welcome to modify the columns and column titles as long as TIPS can identify the item's name and "catalog price." Please note that if you are awarded with this type of pricing submission, you will be able to update the pricing and add/remove items as long as you honor any applicable discounts originally proposed.

  2. **Section "B" of Pricing Form 1 – (1) Catalog Pricing is Included in Proposal:** If Vendor already has "Catalog Pricing" documents or files compiled, Vendor may check this box and include a note directing TIPS to please view those documents/files. (Ex. X – Please see "Catalog Pricing" in uploaded document entitled "2022-2023 Vendor Catalog.") Please note that if you are awarded with this type of pricing submission, you will be able to update the pricing and add/remove items as long as you honor any applicable discounts originally proposed.

  3. **Section "B" of Pricing Form 1 – (2) Link to Catalog Pricing:** If Vendor already has "Catalog Pricing" published at an online location, Vendor may check this box and include the link to their online "Catalog Pricing." If a login is required to access the "Catalog Pricing" located at that link, please provide that login information in the cell to the right. (Ex. X – Please see "Catalog Pricing" at www.tips-usa.com, login information is Username: TIPS Password: 123456.) Please note that if you are awarded with this type of pricing submission, you will be able to update the online pricing and add/remove items as long as you honor any applicable discounts originally proposed.

  4. **Section "B" of Pricing Form 1 – (3) Vendor Shall Provide "Catalog Pricing" Upon Request:** If Vendor does not have comprehensive "Catalog Pricing" documents or links readily available, Vendor may check this box ensuring that such required "Catalog Pricing" will be provided upon request. Per the following example, this option is viable but may slow down the TIPS Sale process as follows. (Ex. Vendor is awarded and is making its first TIPS Sale to Sunny ISD, Sunny ISD sends its TIPS PO to TIPS for pricing compliance review. TIPS will then request that Vendor provide documentation of "Catalog Pricing" for the line items included in the PO before TIPS can process the PO and send to Vendor for fulfillment.) Please note that if you are awarded with this type of pricing submission, you will always be able to provide the most current pricing for each item but you will still be required to honor any applicable discounts originally proposed.

- **Cost-Plus Markup Method**

This goods/items pricing proposal method is not recommended because many TIPS Members are prohibited from utilizing Vendors with a Cost-Plus Markup Pricing submission, especially when using federal funds. Vendor cannot be listed as federally compliant for TIPS purposes if Vendor utilizes this method. If Vendor has read through the entirety of the "Discount-Off Catalog Method" description above and has determined that none of those options are a possibility, then Vendor may use this method which will require Vendor to propose a maximum mark-up percentage in this proposal and then provide TIPS with proof of cost for each item at the time of each TIPS Sale.

Options for Selecting Cost-Plus Markup Method:

1. **Section "C" of Pricing Form 1:** If Vendor desires to utilize this method, Vendor may enter its maximum markup percentage the cell provided in Section "C" of Pricing Form 1. Please note that this is a maximum percentage and you may always have a lesser markup on a TIPS Sale. You will be required to provide proof of cost to TIPS for every item sold under the TIPS Contract. (Ex. Vendor is awarded and is making its first TIPS Sale to Sunny ISD, Sunny ISD sends its TIPS PO to TIPS for pricing compliance review. TIPS will then request that Vendor provide documentation of Vendor's cost for the line items included in the PO before TIPS can process the PO and send to Vendor for fulfillment.) Please note that if you are awarded with this type of pricing submission, you will always be able to provide the most current cost for each item but you will not be permitted to sell it to TIPS Members for a greater markup than what Vendor provides herein.

Submission of Service Pricing

Please note that Vendor's "Minimum Percentage Discount Offered" proposed in the attribute questions shall apply to services proposed with the exception of limited goods/services specifically identified and excluded from this discount in Vendor's original proposal such as vendor travel passed through at actual cost or GSA allowable rates. If Vendor does not seek to offer services under this contract, Vendor may type "N/A" on Pricing Form 2 and submit. If Vendor desires to offer services under this TIPS Contract, if awarded, the "Catalog Pricing" for those services must be included, or properly added, to Vendor's TIPS "catalog pricing" proposed herein. All services must be provided in some unit cost (Ex. Per Hour, Per Person, Per Day, etc.). TIPS now restates the definition of "Catalog Pricing" below for convenience:

"**Catalog Pricing**" is defined as, "The then available list of goods or services, in the most current listing regardless of date, that takes the form of a catalog, price list, price schedule, shelf-price or other viewable format that:

D. is regularly maintained by the manufacturer or Vendor of an item; and

E. is either published or otherwise available for review by TIPS or a customer during the purchase process;

F. to which the Minimum Percentage Discount proposed by the proposing Vendor may be applied.

Under the "Discount-Off Catalog Method, Vendor may supply TIPS its "Catalog Pricing" through any of the following methods. Please open the solicitation attachment entitled "Pricing Form 1" at this time and scroll through Sections A and B as you read this explanation.

Options for Providing Services "Catalog Pricing" to TIPS:

1. **Pricing Form 2 – Providing Service "Catalog Pricing" through Line-Item Pricing:** If Vendor desires to list the services that Vendor sells by line-item, Vendor is welcome to do so in Pricing Form 2. You are welcome to modify the columns and column titles as long as TIPS can identify the service being offered by name, unit-type, and the "catalog price" of the service. Please note that if you are awarded with this type of pricing submission, you will be able to update the pricing and add/remove services within the category as long as you honor any applicable discounts originally proposed.

2. **Service Catalog Pricing is Included in Proposal:** If Vendor already has service "Catalog Pricing" documents, links, or files compiled, Vendor may include a note on Pricing Form 2 directing TIPS to please view those documents/links/files. (Ex. X – Please see "Service "Catalog Pricing" in uploaded document entitled "2022-2023 Vendor Service Pricing.") Please note that if you are awarded with this type of pricing submission, you will be able to update the pricing and add/remove services within this category as long as you honor any applicable discounts originally proposed.

Additional Pricing Terms

1. **Maintaining and Updating TIPS Pricing During Contract.** Vendor agrees and understands that for each TIPS Contract that it is awarded, Vendor submitted, agreed to, and received TIPS' approval for specific pricing, discounts, and other pricing terms and incentives which make up Vendor's TIPS Pricing for that TIPS Contract ("TIPS Pricing"). Vendor may update their pricing during the life of the contract by highlighting the pricing changes and emailing pricing updates to bids@tips-usa.com for TIPS consideration/approval. Through this process, Vendor may: (1) add or remove items; (2) add or remove manufacturer/brands, and; (3) increase or decrease item pricing, as long as "catalog pricing" (or "cost" in very limited circumstances as described herein) is provided to TIPS upon request and Vendor honors all applicable discounts originally proposed. Vendor hereby certifies that Vendor shall only offer goods and services through this TIPS Contract if those goods and services are included in or added to Vendor's TIPS Pricing and approved by TIPS. TIPS reserves the right to review Vendor's pricing update requests as specifically as line-item by line-item to determine compliance. However, Vendor contractually agrees that all submitted pricing updates shall be within the original terms of the Vendor's TIPS Pricing (scope, proposed discounts, price increase limitations, and other pricing terms and incentives originally proposed by Vendor) such that TIPS may accept Vendors price increase requests as submitted without additional vetting at TIPS discretion.

2. **Brands.** If a name brand is included in this solicitation, proposals on any reputable manufacturers regularly produced equipment of such items of a similar nature or similar use which are substantively equivalent will be considered.

3. **TIPS Fee Considered.** Vendor confirms that all TIPS Pricing includes the TIPS Administration Fee and Vendor will not show adding the TIPS Administration Fee as a charge or line-item in a TIPS Sale.

4. **Vendor's Self-Imposed Pricing Limitations.** Within Vendor's TIPS Pricing, Vendor may include express, written limitations on geographical regions, volume of order, expediency, etc., for TIPS consideration and approval, as long as Vendor honors their applicable TIPS Pricing, proposed discounts, the terms and conditions of this Contract, and the terms and conditions of any Supplemental Agreement entered into directly with the customer TIPS Member. (Example: If Vendor sells nationally but a specific product can only be sold in Texas. Or, if Vendor can offer Members a greater discount if they purchase 50 items or more in one purchase, etc.)

5. **Shipping Cost, Bond Cost, and Taxes.** TIPS fees are not assessed to Vendors for shipping cost, required bond cost, or any taxes that may be applicable as long as they can be identified as separate line-items. For that reason, TIPS encourages Vendors not to include shipping price, bond price, or taxes within the TIPS "catalog pricing" for an item. If it is included in the TIPS price, TIPS will have no way to differentiate and the TIPS Administration fee will be assessed on the total.

VI. PROPOSAL SCORING AND EVALUATION

TIPS evaluates and scores all responsive, properly submitted proposals. Recommendations for award will be made to the Region 8 Education Service Center Board of Directors. Awards are ratified or rejected at the monthly meeting of Region 8 ESC Board of Directors, or as delegated by the Board of Directors. TIPS utilizes a value approach and bases its award recommendations on several factors mandated by the Texas Education Code section §44.031. The factors are allotted points as described herein. TIPS reserves the right to assign or deduct any number of points in any given category if warranted due to insufficient response or Vendor stipulated exceptions and limitations. TIPS reserves the right to reject any or all proposals or any part of any proposal. TIPS is the sole arbiter of scoring. TIPS reserves the right to award multiple vendors for each solicitation.

The following evaluation criteria are mandated for consideration by Texas Education Code § 44.031 (b).

1. **Purchase Price**: **(22) Points.** Vendor shall submit, pursuant to the instructions included herein, specific pricing, discounts, and other pricing terms and incentives which make up Vendor's "TIPS Pricing." Points will be assigned based on the specific pricing as it relates to the current market, the discounts, and the other pricing terms and incentives proposed by Vendor.
2. **Reputation of Vendor and Vendor's Offerings: (3) Points.** Points will be assigned based on Vendor's references, to be submitted as instructed herein, any past history with Vendor, and any other information available to TIPS regarding Vendor's reputation.
3. **Quality of Vendor's Offerings: (21.5) Points.** Points will be assigned based on Vendor's references, to be submitted as instructed herein, any past history with Vendor, and any other information available to TIPS regarding the quality of Vendor's goods.

4. **Total Long-Term Cost to TIPS/TIPS Members to Acquire the Vendor's Offerings: (10) Points.** Points will be assigned based on Vendor's response to the Attribute entitled, "Honoring Vendor's Minimum Discount Percentage." If Vendor responds, "Yes", agreeing to honor their proposed TIPS Minimum Percentage Discount for the duration of the contract, Vendor will be awarded the maximum 10 points. A "No" response refusing to honor that proposed discount will be awarded 0 points.
5. **Extent to Which the Offerings Meet the Needs: (21.5) Points.** Points will be assigned based on whether the offerings proposed by Vendor fall within the scope of and meet the TIPS Member needs described in this solicitation.
6. **Vendor's Past Relationship: (10) Points.** Points will be assigned based on Vendor's past relationship with TIPS as an awarded TIPS Vendor. No past relationship with TIPS as an awarded TIPS Vendor will score 5 points, a poor past relationship with TIPS as an awarded TIPS Vendor will score 0-4 points, and a good past relationship with TIPS as TIPS Awarded Vendor will score 6-10 points.
7. **Impact on the Ability of TIPS Members to Comply with Laws and Rules Relating to Historically Underutilized Businesses ("HUB's"): (2) Points.** Points are assigned if, where applicable herein, Vendor agrees that if they anticipate subcontracting under this award, they will abide by the required affirmative steps provided in 2 CFR 200. Please see the corresponding Attribute Questions regarding, "Subcontracting and Affirmative Steps for Small and Minority Businesses, Women's Business Enterprises, and Labor Surplus Area Firms." A response that Vendor does anticipate subcontracting but does not agree to the federal subcontracting practices will give Vendor 0 points for this category and deem Vendor unacceptable to receive federal funds under this contract, any other responses accurate responses will give Vendor 2 points for this category.
8. **Experience: (10) Points.** Points will be assigned based on the number of years proposing Vendor has been operating the proposing business in this capacity as presented in response to the corresponding attribute question seeking the same. <2 years will receive 1 point, 2-3 years will receive 5 points, 4-5 years will receive 8 points, and > 5 years will receive 10 points.
9. **Residency: 0 Points.** For a contract for goods and services, other than goods and services related to telecommunications and information services, building construction and maintenance, or instructional materials, whether the vendor or the vendor's ultimate parent company or majority owner: A. has its principal place of business in this state; or B. employs at least 500 persons in this state. Vendor's response to the corresponding attribute question will be considered, as required by law, but no points shall be assigned because federal funds may be utilized by TIPS Members, and residency is a prohibited criterion under federal regulation.

PROPOSERS FALLING BELOW AN 70-POINT THRESHOLD WILL NOT BE CONSIDERED FOR AN AWARD.

VII. TERMS & CONDITIONS

1. **Incorporation of Solicitation.** As previously stated, if Vendor proposes and is awarded, the specifications, terms, and conditions of this solicitation shall be incorporated by reference into the final, awarded TIPS Contract. In the event of conflict between the terms herein and the final Vendor Agreement, the terms and conditions which are in the best interest of governmental/qualifying non-profit TIPS Members shall control at TIPS sole discretion.

2. **Deviations.** If Vendor has proposed deviations to TIPS' standard terms, there is an Attribute Question where Vendor can assert that it has proposed negotiations. If Vendor responds to that attribute question asserting deviations, after this solicitation legally closes and TIPS begins evaluating Vendor's file, TIPS will provide Vendor with a draft Word Document Vendor Agreement and instruct Vendor to include all requested negotiations as redline edits for TIPS consideration. This is the only proper way to submit proposed deviations for TIPS consideration. TIPS reserves the right to accept, decline, or modify Vendor's requested negotiated terms. For this reason, asserting deviations or negotiations may ultimately delay or prevent award.

3. **Term of the Agreement.** If awarded, the resulting Agreement with TIPS is for approximately three years with a one-year, consecutive option for renewal as described herein. Renewal options are not automatic and shall only be effective if offered by TIPS at its sole discretion. If TIPS offers a renewal option, the Vendor will be notified via email issued to Vendor's then-listed Primary Contact. The renewal option shall be deemed accepted by Vendor unless Vendor notifies TIPS of its objection to the renewal option in writing and confirms receipt by TIPS.

   Actual Effective Date: Agreement is effective upon signature by authorized representatives of both Parties. The Effective Date does not affect the "Term Calculation Start Date."

   Term Calculation Start Date: To keep the contract term consistent for all vendors awarded under a single TIPS contract, Vendor shall calculate the foregoing term as starting on the last day of the month that "Award Notifications" are anticipated as published in the Solicitation, regardless of the actual Effective Date.

Example of Term Calculation Start Date: If the anticipated "Award Date" published in the Solicitation is May 22, 2023, but extended negotiations delay award until June 27, 2023 (Actual Effective Date), the Term Calculation Start Date shall be May 31, 2023 in this example.

Contract Expiration Date: To keep the contract term consistent for all vendors awarded under a single TIPS contract, the term expiration date shall be three-years from the Term Calculation Start Date.

Example of Contract Expiration Date: If the anticipated "Award Date" published in the Solicitation is May 22, 2023, but extended negotiations delay award until June 27, 2023 (Actual Effective Date), the Term Calculation Start Date shall be May 31, 2023 and the Contract Expiration Date of the resulting initial "three-year" term, (which is subject to an extension(s)) will be May 31, 2026 in this example.

Option(s) for Renewal: Any option(s) for renewal shall begin on the Contract Expiration Date, or the date of the expiration of the prior renewal term where applicable, and continue for the duration specified for the renewal option herein.

Example of Option(s) for Renewal: In this example, if TIPS offers a one-year renewal and the Contract Expiration Date is May 31, 2026, then the one-year renewal is effective from May 31, 2026 to May 31, 2027.

TIPS may offer to extend Vendor Agreements to the fullest extent the TIPS Solicitation resulting in this Agreement permits.

4. **Termination.** If awarded, TIPS reserves the right to terminate the resulting agreement for cause or no cause for convenience with a thirty (30) days prior written notice. This Agreement may be terminated for cause by either party if the other party breaches the terms or materially defaults on the performance of any of its duties or obligations set forth herein ,provided that such default is not cured within thirty (30) days, or as otherwise may be agreed to by both parties, after written notice is given to the defaulting party by the non-defaulting party which specifies the faulty performance and acceptable means of correction. In such event, termination of the Agreement shall be effective as of the date specified in such notice of such termination. Upon termination, all TIPS Sale orders previously accepted by Vendor shall be fulfilled and Vendor shall be paid for all TIPS Sales executed pursuant to the applicable terms. All TIPS Sale orders presented to Vendor but not fulfilled by Vendor, prior to the actual termination of this agreement shall be honored at the option of the TIPS Member. TIPS shall submit to Vendor an invoice for any outstanding TIPS Administration Fees and approved expenses and Vendor shall pay such fees and expenses within 30 calendar days of receipt of such valid TIPS invoice. Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS' sole discretion and that any Vendor may be removed from the TIPS program at any time with or without cause. This termination clause does not affect TIPS Sales Supplemental Agreements pursuant to this term regarding termination and the Survival Clause term.

5. **TIPS Pricing.** Vendor agrees and understands that for each TIPS Contract that it holds, Vendor submitted, agreed to, and received TIPS' approval for specific pricing, discounts, and other pricing terms and incentives which make up Vendor's TIPS Pricing for that TIPS Contract ("TIPS Pricing"). Vendor confirms that Vendor will not add the TIPS Administration Fee as a charge or line-item in a TIPS Sale. Vendor hereby certifies that Vendor shall only offer goods and services through this TIPS Contract if those goods and services are included in or added to Vendor's TIPS Pricing and approved by TIPS. TIPS reserves the right to review Vendor's pricing update requests as specifically as line-item by line-item to determine compliance. However, Vendor contractually agrees that all submitted pricing updates shall be within the original terms of the Vendor's TIPS Pricing (scope, proposed discounts, price increase limitations, and other pricing terms and incentives originally proposed by Vendor) such that TIPS may accept Vendors price increase requests as submitted without additional vetting at TIPS discretion. Any pricing quoted by Vendor to a TIPS Member or on a TIPS Quote shall never exceed Vendor's TIPS Pricing for any good or service offered through TIPS. Vendor certifies by signing this agreement that Vendor's TIPS Pricing for all goods and services included in Vendor's TIPS Pricing shall either be equal to or less than Vendor's current pricing for that good or service for any other customer. TIPS Pricing price increases and modifications, if permitted, will be honored according to the terms of the solicitation and Vendor's proposal, incorporated herein by reference.

6. **Initiation of TIPS Sales.** If awarded, when a public entity initiates a purchase with Vendor under this resulting contract, if the Member inquires verbally or in writing whether Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether the Member is seeking a TIPS purchase. Once verified, Vendor must include the TIPS Contract Number on all purchase communications and sales documents exchanged with the TIPS Member.

7. **TIPS Sales and Supplemental Agreements.** If awarded, when making a sale under this awarded contract, the terms of the specific TIPS order, including but not limited to: shipping, freight, insurance, delivery, fees, bonding, cost, delivery expectations and location, returns, refunds, terms, conditions, cancellations, order assistance, etc., shall be controlled by the

purchase agreement (Purchase Order, Contract, Invoice, etc.) (hereinafter "Supplemental Agreement") entered into between the TIPS Member Customer and Vendor only. TIPS is not a party to any Supplemental Agreement. All Supplemental Agreements shall include Vendor's Name, as known to TIPS, and TIPS Contract Name and Number. Vendor accepts and understands that TIPS is not a legal party to TIPS Sales and Vendor is solely responsible for identifying fraud, mistakes, unacceptable terms, or misrepresentations for the specific order prior to accepting. Vendor agrees that any order issued from a customer to Vendor, even when processed through TIPS, constitutes a legal contract between the customer and Vendor only. When Vendor accepts or fulfills an order, even when processed through TIPS Vendor is representing that Vendor has carefully reviewed the order for legality, authenticity, and accuracy and TIPS shall not be liable or responsible for the same. In the event of a conflict between the terms of this TIPS Vendor Agreement document and those contained in any attachment, the provisions set forth herein shall control unless otherwise agreed to by the Parties in writing.

8. **Payment for TIPS Sales.** TIPS Members may make payments for TIPS Sales directly to Vendor, Vendor's Authorized Reseller, or as otherwise agreed to in the applicable Supplemental Agreement after receipt of the invoice and in compliance with applicable payment statutes. Regardless of how payment is issued or received for a TIPS Sale. Vendor is responsible for all reporting and TIPS Administration Fee payment requirements as required by the TIPS Contract.

9. **Right of Refusal.** If awarded, Vendor has the right not to sell to a TIPS Member under the awarded agreement at Vendor's discretion unless otherwise required by law.

10. **Reporting TIPS Sales**. If awarded, Vendor must report all TIPS Sales to TIPS. If a TIPS sale is initiated by Vendor receiving a TIPS Member's purchase order from TIPS directly, Vendor may consider that specific TIPS Sale reported. Otherwise, with the exception of TIPS Automated Vendors, who have signed an exclusive agreement with TIPS regarding reporting, all TIPS Sales must be reported to TIPS by either: (1) Emailing the purchase order or similar purchase document (with Vendor's Name, as known to TIPS, and the TIPS Contract Name and Number included) to TIPS at tipspo@tips-usa.com with "Confirmation Only" in the subject line of the email within three business days of Vendor's acceptance of the order, or; (2) Within 3 business days of the order being accepted by Vendor, Vendor must login to the TIPS Vendor Portal and successfully self-report all necessary sale information within the Vendor Portal and confirm that it shows up accurately on your current Vendor Portal statement. No other method of reporting is acceptable unless agreed to by the Parties in writing. Failure to report all sales pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion. Please refer to the TIPS Accounting FAQ's for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com.

11. **TIPS Administration Fees.** The collection of administrative fees by TIPS, a government entity, for performance of these procurement services is required pursuant to Texas Government Code Section 791.011 et. seq. The administration fee ("TIPS Administration Fee") is the amount legally owed by Vendor to TIPS for TIPS Sales made by Vendor. The TIPS Administration Fee amount is typically a set percentage of the amount paid by the TIPS Member for each TIPS Sale, less shipping cost, bond cost, and taxes if applicable and identifiable, which is legally due to TIPS, but the exact TIPS Administration Fee for this Contract is published herein. TIPS Administration Fees are due to TIPS immediately upon Vendor's receipt of payment, including partial payment, for a TIPS Sale. The TIPS Administration Fee is assessed on the amount paid by the TIPS Member, not on the Vendor's cost or on the amount for which the Vendor sold the item to a dealer or Authorized Reseller. Upon receipt of payment for a TIPS Sale, including partial payment (which renders TIPS Administration Fees immediately due), Vendor shall issue to TIPS the corresponding TIPS Administration Fee payment as soon as possible but not later than thirty-one calendar days following Vendor's receipt of payment. Vendor shall pay TIPS via check unless otherwise agreed to by the Parties in writing. Vendor shall include clear documentation with the issued payment dictating to which sale(s) the amount should be applied. Vendor may create a payment report within their TIPS Vendor Portal which is the preferred documentation dictating to which TIPS Sale(s) the amount should be applied. Failure to pay all TIPS Administration Fees pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion as well as the initiation of collection and legal actions by TIPS against Vendor to the extent permitted by law. Any overpayment of participation fees to TIPS by Vendor will be refunded to the Vendor within ninety (90) days of receipt of notification if TIPS receives written notification of the overpayment not later than the expiration of six (6) months from the date of overpayment and TIPS determines that the amount was not legally due to TIPS pursuant to this agreement and applicable law. Any notification of overpayment received by TIPS after the expiration of six (6) months from the date that TIPS received the payment will render the overpayment non-refundable. Region 8 ESC and TIPS reserve the right to extend the six (6) month deadline if approved by the Region 8 ESC Board of Directors. TIPS reserves all rights under the law to collect TIPS Administration Fees due to TIPS pursuant to this Agreement.

12. **Confidentiality of Vendor Data.** Vendor understands and agrees that by signing this Agreement, all Vendor Data is hereby released to TIPS, TIPS Members, and TIPS third-party administrators to effectuate Vendor's TIPS Contract except as provided for herein. The Parties agree that Vendor Data is accessible by all TIPS Members as if submitted directly to that TIPS Member

Customer for purchase consideration. If Vendor otherwise considers any portion of Vendor's Data to be confidential and not subject to public disclosure pursuant to Chapter 552 Texas Gov't Code (the "Public Information Act") or other law(s) and orders, Vendor must have identified the claimed confidential materials through proper execution of the Confidentiality Claim Form which is required to be submitted as part of Vendor's proposal resulting in this Agreement and incorporated by reference. The Confidentiality Claim Form included in Vendor's proposal and incorporated herein by reference is the sole indicator of whether Vendor considers any Vendor Data confidential in the event TIPS receives a Public Information Request. If TIPS receives a request, any responsive documentation not deemed confidential by you in this manner will be automatically released. For Vendor Data deemed confidential by you in this manner, TIPS will follow procedures of controlling statute(s) regarding any claim of confidentiality and shall not be liable for any release of information required by law, including Attorney General determination and opinion. In the event that TIPS receives a written request for information pursuant to the Public Information Act that affects Vendor's interest in any information or data furnished to TIPS by Vendor, and TIPS requests an opinion from the Attorney General, Vendor may, at its own option and expense, prepare comments and submit information directly to the Attorney General stating why the requested information is exempt from disclosure pursuant to the requirements of the Public Information Act. Vendor is solely responsible for submitting the memorandum brief and information to the Attorney General within the time period prescribed by the Public Information Act. Notwithstanding any other information provided in this solicitation or Vendor designation of certain Vendor Data as confidential or proprietary, Vendor's acceptance of this TIPS Vendor Agreement constitutes Vendor's consent to the disclosure of Vendor's Data, including any information deemed confidential or proprietary, to TIPS Members or as ordered by a Court or government agency, including without limitation the Texas Attorney General. Vendor agrees that TIPS shall not be responsible or liable for any use or distribution of information or documentation by TIPS Members or as required by law.

13. **Conflicts of Interest.** Vendor confirms that they have not offered, given, or accepted, nor intend to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, service to the other in connection with this Agreement. Vendor affirms that, to the best of Vendor's knowledge, its proposal has been arrived at independently, and is awarded without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement. Vendor agrees that it will/has disclosed any necessary affiliations with Region 8 Education Service Center and the TIPS Department, if any, through the Conflict of Interest attachment provided in the solicitation.

14. **Volume of TIPS Sales.** Nothing in this Agreement or any TIPS communication may be construed as a guarantee that TIPS or TIPS Members will submit any TIPS orders to Vendor at any time.

15. **Exclusivity.** Any award under this solicitation is non-exclusive and TIPS reserves the right to award multiple vendors or not award any vendors. TIPS reserves the right to re-issue a solicitation or solicit the same or similar solicitation categories for additional similar awards at any time at TIPS sole discretion.

16. **Best and Final Offer.** Vendor's proposal shall be their best and final offer although deviations may be addressed and Vendor's TIPS Pricing may be updated as provided for herein.

17. **LIMITATION OF LIABILITY – Waiver.** BY SUBMITTING A PROPOSAL, OFFERER EXPRESSLY AGREES TO WAIVE ANY CLAIM IT HAS OR MAY HAVE AGAINST BOTH THE INTERLOCAL PURCHASING SYSTEM REGION 8 EDUCATION SERVICE CENTER, ITS DIRECTORS, OFFICERS, ITS TRUSTEES, OR AGENTS ARISING OUT OF OR IN CONNECTION WITH (1) THE ADMINISTRATION, EVALUATION, RECOMMENDATION OF ANY PROPOSAL; (2) ANY REQUIREMENTS UNDER THE SOLICITATION, PROPOSAL PACKAGE, OR RELATED DOCUMENTS; (3) THE REJECTION OF ANY PROPOSAL OR ANY PART OF ANY PROPOSAL; AND/OR (4) THE AWARD OF AN AGREEMENT, IF ANY. NEITHER REGION 8 ESC NOR TIPS SHALL BE RESPONSIBLE OR LIABLE FOR ANY COSTS INCURRED BY PROPOSERS OR THE SELECTED CONTRACTOR IN CONNECTION WITH RESPONDING TO THE SOLICITATION, PREPARING FOR ORAL PRESENTATIONS, PREPARING AND SUBMITTING A PROPOSAL, ENTERING OR NEGOTIATING THE TERMS OF AN AGREEMENT, OR ANY OTHER EXPENSES INCURRED BY A PROPOSER. THE PROPOSER OR SELECTED CONTRACTOR IS WHOLLY RESPONSIBLE FOR ANY SUCH COSTS AND EXPENSES AND SHALL NOT BE REIMBURSED IN ANY MANNER BY REGION 8 ESC OR TIPS.

Department: Fire and Emergency Services

FORMAL TITLE:
Budget Resolution 2026-113 to amend the Fiscal Year 2025-26 budget to accept and appropriate funds from the Florida Department of Law Enforcement for the purchase of two drones in the amount of $49,877

OCALA'S RELEVANT STRATEGIC GOALS:
Quality of Place

PROOF OF PUBLICATION:
N/A

BACKGROUND:
Ocala Fire Rescue applied for and was awarded a grant from the Florida Department of Law Enforcement to purchase drones. These new drones will be utilized for everyday responses, special events, fire investigations/inspections, and in joint operations with local law enforcement agencies.

FINDINGS AND CONCLUSIONS:
Ocala Fire Rescue was awarded a grant of $49,877 from the Florida Department of Law Enforcement for the purchase of two Skydio X10 drones. Staff recommends approval.

FISCAL IMPACT:
The Florida Department of Law Enforcement will reimburse $49,877 to account 001-334-000-000-09-33122. Grant expenses will be appropriated from account 001-050-948-522-66-64010. No matching funds are required for this grant.

PROCUREMENT REVIEW:
These goods were procured in compliance with the City's procurement policy.

LEGAL REVIEW:
This Agreement has been reviewed and approved for form and legality by City Attorney, William E. Sexton.

TIPS VENDOR AGREEMENT

TIPS RFP TIPS 230905 Civilian-Use Drone Goods and Services (Non-Military)

The following Vendor Agreement ("Agreement") creates a legal agreement between The Interlocal Purchasing System ("TIPS"), a government purchasing cooperative and Department of Texas Region 8 Education Service Center and (INSERT ENTITY NAME):

Skydio, Inc.

_____

(ENTER ENTITY NAME]

its owners, agents, subsidiaries, and affiliates (together, "Vendor") (individually, "Party", and collectively the "Parties") and this agreement shall exclusively govern the contractual relationship ("Agreement") between the Parties.

TIPS, a governmental entity and a national purchasing cooperative seeks to provide a valuable and necessary solution to public entities and qualifying non-profits by performing the public procurement solicitation process and awarding compliant contracts to qualified vendors. Then, where the law of a customer's jurisdiction allows, instead of public entities and qualifying non-profits expending time, money, and resources on the extensive public procurement process, the use of TIPS allows public entities to quickly select and purchase their preferred products or services from qualified, competitively evaluated vendors through cooperative purchasing.

1. **Purpose.** The purpose of this Agreement is to identify the terms and conditions of the relationship between TIPS and Vendor. Public entities and qualifying non-profits that properly join or utilize TIPS ("TIPS Members") may elect to "piggyback" off of TIPS' procurements and agreements where the laws of their jurisdiction allow. TIPS Members are not contractual parties to this Agreement although terms and conditions of this Agreement may ensure benefits to TIPS Members.

2. **Authority.** The Parties agree that the signatories below are individual authorized to enter into this Agreement on behalf of their entity and that they are acting under due and proper authority under applicable law.

3. **Definitions.**

    a. **TIPS Pricing:** The specific pricing, discounts, and other pricing terms and incentives which Vendor submitted and TIPS approved for each respective TIPS Contract awarded to Vendor and all permissible, subsequent pricing updates submitted by Vendor and accepted by TIPS, if any.

    b. **Authorized Reseller:** A reseller or dealer authorized and added by a Vendor through their online TIPS Vendor Portal to make TIPS sales according to the terms and conditions herein.

4. **Entire Agreement.** This Agreement resulted from TIPS posting a "TIPS Solicitation" (RFP, RCSP, RFQ, or other) and Vendor submitting a proposal in response to that posted TIPS Solicitation for evaluation and award. The Parties agree that this Agreement consists of the provisions set forth herein and: (1) The TIPS solicitation document resulting in this Agreement; (2) Any addenda or clarifications issued in relation to the TIPS solicitation; (3) All solicitation information provided to Vendor by TIPS through the TIPS eBid System; (3) Vendor's entire proposal response to the TIPS solicitation including all accepted required attachments, acknowledged notices and certifications, accepted negotiated terms, pricing, accepted responses to questions, and accepted written clarifications of Vendor's proposal, and; any properly included attachments to this Agreement. All documentation and information listed is hereby incorporated by reference as if set forth herein verbatim. In the event of conflict between the terms herein and one of the incorporated documents the terms and conditions herein shall control.

5. **Vendor's Specific Warranties, Terms, and License Agreements.** Because TIPS serves public entities and non-profits throughout the nation all of which are subject to specific laws and policies of their jurisdiction, as a matter of standard practice, TIPS does not typically accept a Vendor's specific "Sale Terms" (warranties, license agreements, master agreements, terms and conditions, etc.) on behalf of all TIPS Members. TIPS may permit Vendor to attach those to this Agreement to display to interested customers what terms may apply to their Supplemental Agreement with Vendor (if submitted by Vendor for that purpose). However, unless this term of the Agreement is negotiated and modified to state otherwise, those specific Sale Terms are not accepted by TIPS on behalf of all TIPS Members and each Member may choose whether to accept, negotiate, or reject those specific Sale Terms, which must be reflected in a separate agreement between Vendor and the Member in order to be effective.

6. **Vendor Identity and Contact Information.** It is Vendor's sole responsibility to ensure that all identifying vendor information (name, EIN, d/b/a's, etc.) and contact information is updated and current at all times within the TIPS eBid System and the TIPS Vendor Portal. It is Vendor's sole responsibility to confirm that all e-correspondence issued from tips-usa.com, ionwave.net, and tipsconstruction.com to Vendor's contacts are received and are not blocked by firewall or other technology security. Failure to permit receipt of correspondence from these domains and failure to keep vendor identity and contact information current at all times during the life of the contract may cause loss of TIPS Sales, accumulating TIPS fees, missed rebid opportunities, lapse of TIPS Contract(s), and unnecessary collection or legal actions against Vendor. It is no defense to any of the foregoing or any breach of this Agreement that Vendor was not receiving TIPS' electronic communications issued by TIPS to Vendor's listed contacts.

7. **Initiation of TIPS Sales.** When a public entity initiates a purchase with Vendor, if the Member inquires verbally or in writing whether Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether the Member is seeking a TIPS purchase. Once verified, Vendor must include the TIPS Contract Number on all purchase communications and sales documents exchanged with the TIPS Member.

8. **TIPS Sales and Supplemental Agreements.** The terms of the specific TIPS order, including but not limited to: shipping, freight, insurance, delivery, fees, bonding, cost, delivery expectations and location, returns, refunds, terms, conditions, cancellations, order assistance, etc., shall be controlled by the purchase agreement (Purchase Order, Contract, Invoice, etc.) (hereinafter "Supplemental Agreement") entered into between the TIPS Member Customer and Vendor only. TIPS is not a party to any Supplemental Agreement. All Supplemental Agreements shall include Vendor's Name, as known to TIPS, and TIPS Contract Name and Number. Vendor accepts and understands that TIPS is not a legal party to TIPS Sales and Vendor is solely responsible for identifying fraud, mistakes, unacceptable terms, or misrepresentations for the specific order prior to accepting. Vendor agrees that any order issued from a customer to Vendor, even when processed through TIPS, constitutes a legal contract between the customer and Vendor only. When Vendor accepts or fulfills an order, even when processed through TIPS, Vendor is representing that Vendor has carefully reviewed the order for legality, authenticity, and accuracy and TIPS shall not be liable or responsible for the same. In the event of a conflict between the terms of this TIPS Vendor Agreement and those contained in any Supplemental Agreement, the provisions set forth herein shall control unless otherwise agreed to and authorized by the Parties in writing within the Supplemental Agreement.

9. **Right of Refusal.** Vendor has the right not to sell to a TIPS Member under the awarded agreement at Vendor's discretion unless otherwise required by law.

10. **Reporting TIPS Sales**. Vendor must report all TIPS Sales to TIPS. If a TIPS sale is initiated by Vendor receiving a TIPS Member's purchase order from TIPS directly, Vendor may consider that specific TIPS Sale reported. Otherwise, with the exception of TIPS Automated Vendors, who have signed an exclusive agreement with TIPS regarding reporting, all TIPS Sales must be reported to TIPS by either: (1) Emailing the purchase order or similar purchase document (with Vendor's Name, as known to TIPS, and the TIPS Contract Name and Number included) to TIPS at tipspo@tips-usa.com with "Confirmation Only" in the subject line of the email within three business days of Vendor's acceptance of the order, or; (2) Within 3 business days of the order being accepted by Vendor, Vendor must login to the TIPS Vendor Portal and successfully self-report all necessary sale information within the Vendor Portal and confirm that it shows up accurately on your current Vendor Portal statement. No other method of reporting is acceptable unless agreed to by the Parties in writing. Failure to report all sales pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion. Please refer to the TIPS Accounting FAQ's for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com.

11. **TIPS Administration Fees.** The collection of administrative fees by TIPS, a government entity, for performance of these procurement services is required pursuant to Texas Government Code Section 791.011 et. seq. The administration fee ("TIPS Administration Fee") is the amount legally owed by Vendor to TIPS for TIPS Sales made by Vendor. The TIPS Administration Fee amount is typically a set percentage of the amount paid by the TIPS Member for each TIPS Sale, less shipping cost, bond cost, and taxes if applicable and identifiable, which is legally due to TIPS, but the exact TIPS Administration Fee for this Contract is published in the corresponding solicitation and is incorporated herein by reference. TIPS Administration Fees are due to TIPS immediately upon Vendor's receipt of payment, including partial payment, for a TIPS Sale. The TIPS Administration Fee is assessed on the amount paid by the TIPS Member, not on the Vendor's cost or on the amount for which the Vendor sold the item to a dealer or Authorized Reseller. Upon receipt of payment for a TIPS Sale, including partial payment (which renders TIPS Administration Fees immediately due), Vendor shall issue to TIPS the corresponding TIPS Administration Fee payment as soon as possible but not later than thirty-one calendar days following Vendor's receipt of payment. Vendor shall pay TIPS via check unless otherwise agreed to by the Parties in writing. Vendor shall include clear documentation with the issued payment dictating to which sale(s) the amount should be applied. Vendor may create a payment report within their TIPS Vendor Portal which is the preferred documentation dictating to which TIPS Sale(s) the amount should be applied. Failure to pay all TIPS Administration Fees pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion as well as the initiation of collection and legal actions by TIPS against Vendor to the extent permitted by law. Any overpayment of participation fees to TIPS by Vendor will be refunded to the Vendor

within ninety (90) days of receipt of notification if TIPS receives written notification of the overpayment not later than the expiration of six (6) months from the date of overpayment and TIPS determines that the amount was not legally due to TIPS pursuant to this agreement and applicable law. Any notification of overpayment received by TIPS after the expiration of six (6) months from the date that TIPS received the payment will render the overpayment non-refundable. Region 8 ESC and TIPS reserve the right to extend the six (6) month deadline if approved by the Region 8 ESC Board of Directors. TIPS reserves all rights under the law to collect TIPS Administration Fees due to TIPS pursuant to this Agreement.

12. **Term of the Agreement.** This Agreement with TIPS is for approximately three years with a one-year, consecutive option for renewal as described herein. Renewal options are not automatic and shall only be effective if offered by TIPS at its sole discretion. If TIPS offers a renewal option, the Vendor will be notified via email issued to Vendor's then-listed Primary Contact. The renewal option shall be deemed accepted by Vendor unless Vendor notifies TIPS of its objection to the renewal option in writing and confirms receipt by TIPS.

    Actual Effective Date: Agreement is effective upon signature by authorized representatives of both Parties. The Effective Date does not affect the "Term Calculation Start Date."

    Term Calculation Start Date: To keep the contract term consistent for all vendors awarded under a single TIPS contract, Vendor shall calculate the foregoing term as starting on the last day of the month that "Award Notifications" are anticipated as published in the Solicitation, regardless of the actual Effective Date.

    Example of Term Calculation Start Date: If the anticipated "Award Date" published in the Solicitation is May 22, 2023, but extended negotiations delay award until June 27, 2023 (Actual Effective Date), the Term Calculation Start Date shall be May 31, 2023 in this example.

    Contract Expiration Date: To keep the contract term consistent for all vendors awarded under a single TIPS contract, the term expiration date shall be three-years from the Term Calculation Start Date.

    Example of Contract Expiration Date: If the anticipated "Award Date" published in the Solicitation is May 22, 2023, but extended negotiations delay award until June 27, 2023 (Actual Effective Date), the Term Calculation Start Date shall be May 31, 2023 and the Contract Expiration Date of the resulting initial "three-year" term, (which is subject to an extension(s)) will be May 31, 2026 in this example.

    Option(s) for Renewal: Any option(s) for renewal shall begin on the Contract Expiration Date, or the date of the expiration of the prior renewal term where applicable, and continue for the duration specified for the renewal option herein.

    Example of Option(s) for Renewal: In this example, if TIPS offers a one-year renewal and the Contract Expiration Date is May 31, 2026, then the one-year renewal is effective from May 31, 2026 to May 31, 2027.

    TIPS may offer to extend Vendor Agreements to the fullest extent the TIPS Solicitation resulting in this Agreement permits.

13. **TIPS Pricing.** Vendor agrees and understands that for each TIPS Contract that it holds, Vendor submitted, agreed to, and received TIPS' approval for specific pricing, discounts, and other pricing terms and incentives which make up Vendor's TIPS Pricing for that TIPS Contract ("TIPS Pricing"). Vendor confirms that Vendor will not add the TIPS Administration Fee as a charge or line-item in a TIPS Sale. Vendor hereby certifies that Vendor shall only offer goods and services through this TIPS Contract if those goods and services are included in or added to Vendor's TIPS Pricing and approved by TIPS. TIPS reserves the right to review Vendor's pricing update requests as specifically as line-item by line-item to determine compliance. However, Vendor contractually agrees that all submitted pricing updates shall be within the original terms of the Vendor's TIPS Pricing (scope, proposed discounts, price increase limitations, and other pricing terms and incentives originally proposed by Vendor) such that TIPS may accept Vendors price increase requests as submitted without additional vetting at TIPS discretion. Any pricing quoted by Vendor to a TIPS Member or on a TIPS Quote shall never exceed Vendor's TIPS Pricing for any good or service offered through TIPS. TIPS Pricing price increases and modifications, if permitted, will be honored according to the terms of the solicitation and Vendor's proposal, incorporated herein by reference.

14. **Indemnification of TIPS.** **VENDOR AGREES TO INDEMNIFY, HOLD HARMLESS, AND DEFEND TIPS, TIPS MEMBERS, TIPS OFFICERS, TIPS EMPLOYEES, TIPS DIRECTORS, AND TIPS TRUSTEES (THE "TIPS INDEMNITEES") FROM AND AGAINST ALL CLAIMS AND SUITS BY THIRD-PARTIES FOR DAMAGES, INJURIES TO PERSONS (INCLUDING DEATH), PROPERTY DAMAGES, LOSSES, EXPENSES, FEES, INCLUDING COURT COSTS, ATTORNEY'S FEES, AND EXPERT FEES, ARISING OUT OF OR RELATING TO VENDOR'S PERFORMANCE UNDER THIS AGREEMENT (INCLUDING THE PERFORMANCE OF VENDOR'S OFFICERS, EMPLOYEES, AGENTS, AUTHORIZED RESELLERS, SUBCONTRACTORS, LICENSEES, OR INVITEES), REGARDLESS OF THE NATURE OF THE CAUSE OF ACTION, INCLUDING WITHOUT LIMITATION CAUSES OF ACTION BASED UPON COMMON, CONSTITUTIONAL, OR STATUTORY LAW OR BASED IN**

WHOLE OR IN PART UPON ALLEGATIONS OF NEGLIGENT OR INTENTIONAL ACTS OR OMISSIONS ON THE PART OF VENDOR, ITS OFFICERS, EMPLOYEES, AGENTS, AUTHORIZED RESELLERS, SUBCONTRACTORS, LICENSEES, OR INVITEES. NO LIMITATION OF LIABILITY FOR DAMAGES FOR PERSONAL INJURY OR PROPERTY DAMAGE ARE PERMITTED OR AGREED TO BY TIPS. APART FROM THIS INDEMNIFICATION PROVISION REQUIRING INDEMNIFICATION OF THE TIPS INDEMNITEES' ATTORNEY'S FEES AS SET FORTH ABOVE, RECOVERY OF ATTORNEYS' FEES BY THE PREVAILING PARTY IS AUTHORIZED ONLY IF AUTHORIZED BY TEX. EDUC. CODE § 44.032(F).

15. **Indemnification and Assumption of Risk – Vendor Data.** **VENDOR AGREES THAT IT IS VOLUNTARILY PROVIDING DATA (INCLUDING BUT NOT LIMITED TO: VENDOR INFORMATION, VENDOR DOCUMENTATION, VENDOR'S PROPOSALS, VENDOR PRICING SUBMITTED OR PROVIDED TO TIPS, TIPS CONTRACT DOCUMENTS, TIPS CORRESPONDENCE, VENDOR LOGOS AND IMAGES, VENDOR'S CONTACT INFORMATION, VENDOR'S BROCHURES AND COMMERCIAL INFORMATION, VENDOR'S FINANCIAL INFORMATION, VENDOR'S CERTIFICATIONS, AND ANY OTHER VENDOR INFORMATION OR DOCUMENTATION, INCLUDING WITHOUT LIMITATION SOFTWARE AND SOURCE CODE UTILIZED BY VENDOR, SUBMITTED TO TIPS BY VENDOR AND ITS AGENTS) ("VENDOR DATA") TO TIPS. FOR THE SAKE OF CLARITY, AND WITHOUT LIMITING THE BREADTH OF THE INDEMNITY OBLIGATIONS IN SECTION 14 ABOVE, VENDOR AGREES TO PROTECT, INDEMNIFY, AND HOLD THE TIPS INDEMNITEES HARMLESS FROM AND AGAINST ANY AND ALL LOSSES, CLAIMS, ACTIONS, DEMANDS, ALLEGATIONS, SUITS, JUDGMENTS, COSTS, EXPENSES, FEES, INCLUDING COURT COSTS, ATTORNEY'S FEES, AND EXPERT FEES AND ALL OTHER LIABILITY OF ANY NATURE WHATSOEVER ARISING OUT OF OR RELATING TO: (I) ANY UNAUTHORIZED, NEGLIGENT OR WRONGFUL USE OF, OR CYBER DATA BREACH INCIDENT AND VIRUSES OR OTHER CORRUPTING AGENTS INVOLVING, VENDOR'S DATA, PRICING, AND INFORMATION, COMPUTERS, OR OTHER HARDWARE OR SOFTWARE SYSTEMS, AND; (II) ALLEGATIONS OR CLAIMS THAT ANY VENDOR DATA INFRINGES ON THE INTELLECTUAL PROPERTY RIGHTS OF A THIRD-PARTY OR VENDOR.**

16. **Procedures Related to Indemnification.** In the event that an indemnity obligation arises, Vendor shall pay all amounts set forth in Section 14 and 15 above (including any settlements) and – if it has accepted its indemnity obligation without qualification – control the legal defense to such claim or cause of action, including without limitation attorney selection, strategy, discovery, trial, appeal, and settlement, and TIPS shall, at Vendor's cost and expense (with respect to reasonable out of pocket costs and expenses incurred by TIPS which shall be reimbursed to TIPS by Vendor), provide all commercially reasonable assistance requested by Vendor. In controlling any defense, Vendor shall ensure that all assertions of governmental immunity and all applicable pleas and defenses shall be promptly asserted.

17. **Indemnity for Underlying Sales and Supplemental Agreements.** Vendor shall be solely responsible for any customer claims or any disputes arising out of TIPS Sales or any Supplemental Agreement as if sold in the open-market. The Parties agree that TIPS shall not be liable for any claims arising out of Vendor's TIPS Sales or Supplemental Agreements, including but not limited to: allegations of product defect or insufficiency, allegations of service defect or insufficiency, allegations regarding delivery defect or insufficiency, allegations of fraud or misrepresentation, allegations regarding pricing or amounts owed for TIPS sales, and/or allegations regarding payment, over-payment, under-payment, or non-payment for TIPS Sales. Payment/Drafting, overpayment/over-drafting, under-payment/under-drafting, or non-payment for TIPS Sales between customer and Vendor and inspections, rejections, or acceptance of such purchases shall be the exclusive respective obligations of Vendor/Customer, and disputes shall be handled in accordance with the terms of the underlying Supplemental Agreement(s) entered into between Vendor and Customer. Vendor acknowledges that TIPS is not a dealer, subcontractor, agent, or reseller of Vendor's goods and services and shall not be responsible for any claims arising out of alleged insufficiencies or defects in Vendor's goods and services, should any arise.

18. **Confidentiality of Vendor Data.** Vendor understands and agrees that by signing this Agreement, all Vendor Data is hereby released to TIPS, TIPS Members, and TIPS third-party administrators to effectuate Vendor's TIPS Contract except as provided for herein. The Parties agree that Vendor Data is accessible by all TIPS Members as if submitted directly to that TIPS Member Customer for purchase consideration. If Vendor otherwise considers any portion of Vendor's Data to be confidential and not subject to public disclosure pursuant to Chapter 552 Texas Gov't Code (the "Public Information Act") or other law(s) and orders, Vendor must have identified the claimed confidential materials through proper execution of the Confidentiality Claim Form which is required to be submitted as part of Vendor's proposal resulting in this Agreement and incorporated by reference. The Confidentiality Claim Form included in Vendor's proposal and incorporated herein by reference is the sole indicator of whether Vendor considers any Vendor Data confidential in the event TIPS receives a Public Information Request. If TIPS receives a request, any responsive documentation not deemed confidential by you in this manner will be automatically released. For Vendor Data deemed confidential by you in this manner, TIPS will follow procedures of controlling statute(s) regarding any claim of confidentiality and shall not be liable for any release of information required by law, including Attorney General determination and opinion. In the event that TIPS receives a written request for information pursuant to the Public Information Act that affects Vendor's interest in any information or data furnished to TIPS by Vendor, and TIPS requests an opinion from the Attorney General, Vendor may, at its own option and expense, prepare comments and submit information directly to the Attorney General stating why the requested information is exempt from disclosure pursuant to the requirements of the Public Information Act. Vendor is solely responsible for submitting the memorandum brief and information to the Attorney General

within the time period prescribed by the Public Information Act. Notwithstanding any other information provided in this solicitation or Vendor designation of certain Vendor Data as confidential or proprietary, Vendor's acceptance of this TIPS Vendor Agreement constitutes Vendor's consent to the disclosure of Vendor's Data, including any information deemed confidential or proprietary, to TIPS Members or as ordered by a Court or government agency, including without limitation the Texas Attorney General. Vendor agrees that TIPS shall not be responsible or liable for any use or distribution of information or documentation by TIPS Members or as required by law.

19. **Vendor's Authorized Resellers.** TIPS recognizes that many vendors operate in the open market through the use of resellers or dealers. For that reason, TIPS permits Vendor to authorize Authorized Resellers within its Vendor Portal and make TIPS Sales through the Authorized Reseller(s). Once authorized by Vendor in the Vendor Portal, the Authorized Reseller(s) may make TIPS sales to TIPS Members. However, all purchase documents must include: (1) Authorized Reseller's Name; (2) Vendor's Name, as known to TIPS, and; (3) Vendor's TIPS Contract Name and Number under which it is making the TIPS Sale. Either Vendor or Reseller may report the sale pursuant to the terms herein. However, Vendor agrees that it is legally responsible for all reporting and fee payment as described herein for TIPS Sales made by Authorized Resellers. The TIPS Administration Fee is assessed on the amount paid by the TIPS Member, not on the Vendor's cost or on the amount for which the Vendor sold the item to a dealer or Authorized Reseller. The Parties intend that Vendor shall be responsible and liable for TIPS Sales made by Vendor's Authorized Resellers. Vendor agrees that it is voluntarily authorizing this Authorized Reseller and in doing so, Vendor agrees that it is doing so at its own risk and agrees to protect, indemnify, and hold TIPS harmless in accordance with Sections 14-17 above related to Authorized Reseller TIPS Sales made pursuant to this Agreement or purporting to be made pursuant to this Agreement that may be asserted against Vendor whether rightfully brought or otherwise. The Parties further agree that it is no defense to Vendor's breach of this Agreement that an Authorized Reseller caused Vendor of breach this Agreement.

20. **Circumvention of TIPS Sales**. When a public entity initiates a purchase with Vendor, if the Member inquires verbally or in writing whether Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether the Member is seeking a TIPS purchase. Any request for quote, customer communication, or customer purchase initiated through or referencing a TIPS Contract shall be completed through TIPS pursuant to this Agreement. Any encouragement or participation by Vendor in circumventing a TIPS sale being completed may result in immediate termination of Vendor's TIPS Contract(s) for cause as well as preclusion from future TIPS opportunities at TIPS sole discretion.

21. **State of Texas Franchise Tax.** By signature hereon, Vendor hereby certifies that Vendor is not currently delinquent in the payment of any franchise taxes owed to the State of Texas under Chapter 171 of the Texas Tax Code.

22. **Termination.**

A) Termination for Convenience. TIPS may, by written notice to Vendor, terminate this Agreement for convenience, in whole or in part, at any time by giving thirty (30) days' written notice to Vendor of such termination, and specifying the effective date thereof.

B) Termination for Cause. If Vendor fails to materially perform pursuant to the terms of this Agreement, TIPS shall provide written notice to Vendor specifying the default. If Vendor does not cure such default within thirty (30) days, TIPS may terminate this Agreement, in whole or in part, for cause. If TIPS terminates this Agreement for cause, and it is later determined that the termination for cause was wrongful, the termination shall automatically be converted to and treated as a termination for convenience.

C) Vendor's Termination. If TIPS fails to materially perform pursuant to the terms of this Agreement, Vendor shall provide written notice to TIPS specifying the default ("Notice of Default"). If TIPS does not cure such default within thirty (30) days, Vendor may terminate this Agreement, in whole or in part, for cause. If Vendor terminates this Agreement for cause, and it is later determined that the termination for cause was wrongful, the termination shall automatically be converted to and treated as a termination for convenience.

D) Upon termination, all TIPS Sale orders previously accepted by Vendor shall be fulfilled and Vendor shall be paid for all TIPS Sales executed pursuant to the applicable terms. All TIPS Sale orders presented to Vendor but not fulfilled by Vendor, prior to the actual termination of this agreement shall be honored at the option of the TIPS Member. TIPS shall submit to Vendor an invoice for any outstanding TIPS Administration Fees and approved expenses and Vendor shall pay such fees and expenses within 30 calendar days of receipt of such valid TIPS invoice. Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS' sole discretion and that any Vendor may be removed from the TIPS program at any time with or without cause. This

termination clause does not affect TIPS Sales Supplemental Agreements pursuant to this term regarding termination and the Survival Clause term.

E) Vendor hereby waives any and all claims for damages, including, but not limited, to consequential damages or lost profits, that might arise from TIPS' act of terminating this Agreement.

23. Survival Clause. It is the intent of the Parties that this Agreement and procurement method applies to any TIPS Sale made during the life of this Agreement even if made on or near the Contract Expiration Date as defined herein. Thus, all TIPS Sales, including but not limited to: leases, service agreements, license agreements, open purchase orders, warranties, and contracts, even if they extend months or years past the TIPS Contract Expiration Date, shall survive the expiration or termination of this Agreement subject to the terms and conditions of the Supplemental Agreement between Customer and Vendor or unless otherwise specified herein.

24. Audit Rights. Due to transparency statutes and public accountability requirements of TIPS and TIPS Members, Vendor shall at their sole expense, maintain documentation of all TIPS Sales for a period of three years from the time of the TIPS Sale. In order to ensure and confirm compliance with this agreement, TIPS shall have authority to conduct audits of Vendor's TIPS Pricing or TIPS Sales with thirty-days' notice unless the audit is ordered by a Court Order or by a Government Agency with authority to do so without said notice. Notwithstanding the foregoing, in the event that TIPS is made aware of any pricing being offered to eligible entities that is materially inconsistent with Vendor's TIPS Pricing, TIPS shall have the ability to conduct the audit internally or may engage a third- party auditing firm to investigate any possible non-compliant conduct or may terminate the Agreement according to the terms of this Agreement. In the event of an audit, the requested materials shall be reasonably provided in the time, format, and at the location acceptable to TIPS. TIPS agrees not to perform a random audit the TIPS transaction documentation more than once per calendar year, but reserves the right to audit for just cause or as required by any governmental agency or court with regulatory authority over TIPS or the TIPS Member. These audit rights shall survive termination of this Agreement for a period of one (1) year from the effective date of termination.

25. Conflicts of Interest. The Parties confirm that they have not offered, given, or accepted, nor intend to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, service to the other in connection with this Agreement. Vendor affirms that, to the best of Vendor's knowledge, this Agreement has been arrived at independently, and is awarded without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement. Vendor agrees that it has disclosed any necessary affiliations with Region 8 Education Service Center and the TIPS Department, if any, through the Conflict of Interest attachment provided in the solicitation resulting in this Agreement.

26. Volume of TIPS Sales. Nothing in this Agreement or any TIPS communication may be construed as a guarantee that TIPS or TIPS Members will submit any TIPS orders to Vendor at any time.

27. Compliance with the Law. The Parties agree to comply fully with all applicable federal, state, and local statutes, ordinances, rules, and regulations applicable to their entity in connection with the programs contemplated under this Agreement.

28. Severability. If any term(s) or provision(s) of this Agreement are held by a court of competent jurisdiction to be invalid, void, or unenforceable, then such term(s) or provision(s) shall be deemed restated to reflect the original intention of the Parties as nearly as possible in accordance with applicable law and the remainder of this Agreement, and the remainder of the provisions of this Agreement shall remain in full force and effect and shall in no way be affected, impaired or invalidated, unless such holding causes the obligations of the Parties hereto to be impossible to perform or shall render the terms of this Agreement to be inconsistent with the intent of the Parties hereto.

29. Force Majeure. If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement through no fault of its own then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon. Upon delivering such notice, the obligation of the affected party, so far as it is affected by such Force Majeure as described, shall be suspended during the continuance of the inability then claimed but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch. In the event that Vendor's obligations are suspended by reason of Force Majeure, all TIPS Sales accepted prior to the Force Majeure event shall be the legal responsibility of Vendor and the terms of the TIPS Sale Supplemental Agreement shall control Vendor's failure to fulfill for a Force Majeure event.

30. Immunity. Vendor agrees that nothing in this Agreement shall be construed as a waiver of sovereign or government immunity; nor constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies, or immunities available to Region 8 Education Service Center or its TIPS Department. The failure to enforce, or any delay in the enforcement of, any privileges, rights, defenses,

remedies, or immunities available to Region 8 Education Service Center or its TIPS Department under this Agreement or under applicable law shall not constitute a waiver of such privileges, rights, defenses, remedies, or immunities or be considered as a basis for estoppel.

31. **Insurance Requirements.** Vendor agrees to maintain the following minimum insurance requirements for the duration of this Agreement. All policies held by Vendor to adhere to this term shall be written by a carrier with a financial size category of VII and at least a rating of "A-" by A.M. Best Key Rating Guide. The coverages and limits are to be considered minimum requirements and in no way limit the liability of the Vendor(s). Any immunity available to TIPS or TIPS Members shall not be used as a defense by the contractor's insurance policy. Only deductibles applicable to property damage are acceptable, unless proof of retention funds to cover said deductibles is provided. "Claims made" policies will not be accepted. Vendor's required minimum coverage shall not be suspended, voided, cancelled, non-renewed or reduced in coverage or in limits unless replaced by a policy that provides the minimum required coverage except after thirty (30) days prior written notice by certified mail, return receipt requested has been given to TIPS or the TIPS Member if a project or pending delivery of an order is ongoing. Upon request, certified copies of all insurance policies shall be furnished to the TIPS or the TIPS Member. Vendor agrees that when Vendor or its subcontractors are liable for any damages or claims, Vendor's policy, shall be primary over any other valid and collectible insurance carried by the Member or TIPS.

General Liability:	$2,000,000 each Occurrence/Aggregate
Automobile Liability:	$300,000 Includes owned, hired & non-owned
Workers' Compensation:	Statutory limits for the jurisdiction in which the Vendor performs under this Agreement. If Vendor performs in multiple jurisdictions, Vendor shall maintain the statutory limits for the jurisdiction with the greatest dollar policy limit requirement.

32. **Waiver.** No waiver of any single breach or multiple breaches of any provision of this Agreement shall be construed to be a waiver of any breach of any other provision. No delay in acting regarding any breach of any provision shall be construed to be a waiver of such breach.

33. **Binding Agreement.** This Agreement shall be binding and inure to the benefit of the Parties hereto and their respective heirs, legal successors, and assigns.

34. **Headings.** The paragraph headings contained in this Agreement are included solely for convenience of reference and shall not in any way affect the meaning or interpretation of any of the provisions of this Agreement.

35. **Choice of Law and Venue.** This Agreement shall be governed by, construed, and enforced in accordance with the laws of the State of Texas. Any proceeding, claim, action, or alternative dispute resolution arising out of or relating to this Agreement or involving TIPS shall be brought in a State Court of competent jurisdiction in Camp County, Texas, or if Federal Court is legally required, a Federal Court of competent jurisdiction in the Eastern District of Texas, and each of the Parties irrevocably submits to the exclusive jurisdiction of said court in any such proceeding, waives any objection it may now or hereafter have to venue or to convenience of forum, agrees that all claims in respect of the proceeding shall be heard and determined only in any such court, and agrees not to bring any proceeding arising out of or relating to this procurement process or any contract resulting from or and contemplated transaction in any other court. The Parties agree that either or both of them may file a copy of this paragraph with any court as written evidence of the knowing, voluntary and freely bargained for agreement between the Parties irrevocably to waive any objections to venue or to convenience of forum.

36. **Relationship of the Parties.** Nothing contained in this Agreement shall be construed to make one Party an agent of the other Party nor shall either party have any authority to bind the other in any respect, unless expressly authorized by the other party in writing. The Parties are independent contractors and nothing in this Agreement creates a relationship of employment, trust, agency or partnership between them.

37. **Assignment.** No assignment of this Agreement or of any duty or obligation of performance hereunder, shall be made in whole or in part by a Party hereto without the prior written consent of the other Party. Written consent of TIPS shall not be unreasonably withheld.

38. **Minimum Condition and Warranty Requirements for TIPS Sales.** All goods quoted or sold through a TIPS Sale shall be new unless clearly stated otherwise in writing. All new goods and services shall include the applicable manufacturers minimum standard warranty unless otherwise agreed to in the Supplemental Agreement.

39. **Minimum Customer Support Requirements for TIPS Sales.** Vendor shall provide timely and commercially reasonable support for TIPS Sales or as agreed to in the applicable Supplemental Agreement.

40. **Minimum Shipping Requirements for TIPS Sales.** Vendor shall ship, deliver, or provide ordered goods and services within a commercially reasonable time after acceptance of the order. If a delay in delivery is anticipated, Vendor shall notify the TIPS Member as to why delivery is delayed and provide an updated estimated time for completion. The TIPS Member may cancel the order if the delay is not commercially acceptable or not consistent with the Supplemental Agreement applicable to the order.

41. **Minimum Vendor License Requirements.** Vendor shall maintain, in current status, all federal, state, and local licenses, bonds and permits required for the operation of the business conducted by Vendor. Vendor shall remain fully informed of and in compliance with all ordinances and regulations pertaining to the lawful provision of goods or services under the TIPS Agreement. TIPS and TIPS Members reserve the right to stop work and/or cancel a TIPS Sale or terminate this or any TIPS Sale Supplemental Agreement involving Vendor if Vendor's license(s) required to perform under this Agreement or under the specific TIPS Sale have expired, lapsed, are suspended or terminated subject to a 30-day cure period unless prohibited by applicable statue or regulation.

42. **Minimum Vendor Legal Requirements.** Vendor shall remain aware of and comply with this Agreement and all local, state, and federal laws governing the sale of products/services offered by Vendor under this contract. Such applicable laws, ordinances, and policies must be complied with even if not specified herein.

43. **Minimum Site Requirements for TIPS Sales (*when applicable to TIPS Sale*).**

Cleanup: When performing work on site at a TIPS Member's property, Vendor shall clean up and remove all debris and rubbish resulting from their work as required or directed by the TIPS Member or as agreed by the parties. Upon completion of work, the premises shall be left in good repair and an orderly, neat, clean and unobstructed condition.

Preparation: Vendor shall not begin a project for which a TIPS Member has not prepared the site, unless Vendor does the preparation work at no cost, or until TIPS Member includes the cost of site preparation in the TIPS Sale Site preparation includes, but is not limited to: moving furniture, installing wiring for networks or power, and similar pre-installation requirements.

Registered Sex Offender Restrictions: For work to be performed at schools, Vendor agrees that no employee of Vendor or a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are, or reasonably expected to be, present unless otherwise agreed by the TIPS Member. Vendor agrees that a violation of this condition shall be considered a material breach and may result in the cancellation of the TIPS Sale at the TIPS Member's discretion. Vendor must identify any additional costs associated with compliance of this term. If no costs are specified, compliance with this term will be provided at no additional charge.

Safety Measures: Vendor shall take all reasonable precautions for the safety of employees on the worksite, and shall erect and properly maintain all necessary safeguards for protection of workers and the public. Vendor shall post warning signs against all hazards created by the operation and work in progress. Proper precautions shall be taken pursuant to state law and standard practices to protect workers, general public and existing structures from injury or damage.

Smoking: Persons working under Agreement shall adhere to the TIPS Member's or local smoking statutes, codes, ordinances, and policies.

44. **Payment for TIPS Sales.** TIPS Members may make payments for TIPS Sales directly to Vendor, Vendor's Authorized Reseller, or as otherwise agreed to in the applicable Supplemental Agreement after receipt of the invoice and in compliance with applicable payment statutes. Regardless of how payment is issued or received for a TIPS Sale, Vendor is responsible for all reporting and TIPS Administration Fee payment requirements as stated herein.

45. **Marketing.** Vendor agrees to allow TIPS to use their name and logo within the TIPS website, database, marketing materials, and advertisements unless Vendor negotiates this term to include a specific acceptable-use directive. Any use of TIPS' name and logo or any form of publicity, inclusive of press release, regarding this Agreement by Vendor must have prior approval from TIPS which will not be unreasonably withheld. Request may be made by email to tips@tips-usa.com. For marketing efforts directed to TIPS Members, Vendor must request and execute a separate Joint Marketing Disclaimer, at marketing@tips-usa.com, before TIPS can release contact information for TIPS Member entities for the purpose of marketing your TIPS contract(s). Vendor must adhere to strict Marketing Requirements once a disclaimer is executed. The Joint Marketing Disclaimer is a supplemental agreement specific to joint marketing efforts and has no effect on the terms of the TIPS Vendor Agreement. Vendor agrees that any images, photos, writing, audio, clip art, music, or any other intellectual property ("Property") or Vendor Data utilized, provided, or approved by Vendor during the course of the joint marketing efforts are either the exclusive property of Vendor, or Vendor has all necessary rights, license, and permissions to

utilize said Property in the joint marketing efforts. Vendor agrees that they shall indemnify and hold harmless TIPS and its employees, officers, agents, representatives, contractors, assignees, designees, and TIPS Members from any and all claims, damages, and judgments involving infringement of patent, copyright, trade secrets, trade or services marks, and any other intellectual or intangible property rights and/or claims arising from the Vendor's (including Vendor's officers', employees', agents', Authorized Resellers', subcontractors', licensees', or invitees') unauthorized use or distribution of Vendor Data and Property.

46. **Tax Exempt Status of TIPS Members.** Most TIPS Members are tax exempt entities and the laws and regulations applicable to the specific TIPS Member customer shall control.

47. **Automatic Renewal Limitation for TIPS Sales.** No TIPS Sale may incorporate an automatic renewal clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated into a TIPS Sale Supplemental Agreement shall only be valid and enforceable when Vendor received written confirmation of acceptance of the renewal term from the TIPS Member for the specific renewal term. The purpose of this clause is to avoid a TIPS Member inadvertently renewing an Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. Any TIPS Sale Supplemental Agreement containing an "Automatic Renewal" clause that conflicts with these terms is rendered void and unenforceable.

48. **Choice of Law Limitation for TIPS Sales.** Vendor agrees that if any "Choice of Law" provision is included in any TIPS Sale agreement/contract between Vendor and a TIPS Member, that clause must provide that the "Choice of Law" applicable to the TIPS Sale agreement/contract between Vendor and TIPS Member shall be the state where the TIPS Member operates unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing a "Choice of Law" clause that conflicts with these terms is rendered void and unenforceable.

49. **Venue Limitation for TIPS Sales.** Vendor agrees that if any "Venue" provision is included in any TIPS Sale Agreement/contract between Vendor and a TIPS Member, that clause must provide that the "Venue" for any litigation or alternative dispute resolution shall be in the state and county where the TIPS Member operates unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing a "Venue" clause that conflicts with these terms is rendered void and unenforceable.

50. **Indemnity Limitation for TIPS Sales.** Texas and other jurisdictions restrict the ability of governmental entities to indemnify others. Vendor agrees that if any "Indemnity" provision which requires the TIPS Member to indemnify Vendor is included in any TIPS sales agreement/contract between Vendor and a TIPS Member, that clause must either be stricken or qualified by including that such indemnity is only permitted, "to the extent permitted by the laws and constitution of [TIPS Member's State]" unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing an "Indemnity" clause that conflicts with these terms is rendered void and unenforceable.

51. **Arbitration Limitation for TIPS Sales.** Vendor agrees that if any "Arbitration" provision is included in any TIPS Sale agreement/contract between Vendor and a TIPS Member, that clause may not require that the arbitration is mandatory or binding. Vendor agrees that if any "Arbitration" provision is included in any TIPS Sale agreement/contract between Vendor and a TIPS Member, that clause provides for only voluntary and non-binding arbitration unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing a "Arbitration" clause that conflicts with these terms is rendered void and unenforceable.

In Witness Whereof, the parties hereto, each acting under due and proper authority, have signed this Agreement.

TIPS VENDOR AGREEMENT SIGNATURE FORM TIPS RFP

230905 Civilian-Use Drone Goods and Services (Non-Military)

Vendor Name: Skydio,Inc.

Vendor Address: 3000 Clearview Way, Bldg E

City: San Mateo, CA State: CA Zip Code: 94402

Vendor Authorized Signatory Name: Tom McLaughlin

Event Information

Number: 230905
Title: Civilian-Use Drone Goods and Services (Non-Military)
Type: Request for Proposal
Issue Date: 9/7/2023
Deadline: 10/20/2023 03:00 PM (CT)
Notes: This is a solicitation issued by The Interlocal Purchasing System (TIPS), a department of Texas Region 8 Education Service Center. It is an Indefinite Delivery, Indefinite Quantity ("IDIQ") solicitation. It will result in contracts that provide, through adoption/"piggyback" an indefinite quantity of supplies/services, during a fixed period of time, to TIPS public entity and qualifying non-profit "TIPS Members" throughout the nation. Thus, there is no specific project or scope of work to review. Rather this solicitation is issued as a prospective award for utilization when any TIPS Member needs the goods or services offered during the life of the agreement.

This solicitation is **NOT seeking military-grade**: weapons, drones, unmanned aircraft vehicle systems (UAVS), remotely piloted aircrafts (RPA), or unmanned aircrafts (UA). This is seeking civilian-use drone and drone services as described herein. To the extent that a drone or drone service is legally commercially available for public and military use, it may be proposed for public, non-military approved uses only.

Requested Attachments

Vendor Agreement

230905 Vendor Agreement - SKYDIO, INC.pdf

The Vendor Agreement must be downloaded from the “Attachments” section of the IonWave eBid System, reviewed, Vendor Name placed in the line provided at the top, and uploaded to this location. If Vendor has proposed deviations to the Vendor Agreement, Vendor may assert so in the Attribute Questions and those shall be addressed during evaluation.

Vendor Agreement Signature Form

230905 Vendor Agreement Signature Form - SKYDIO, INC.pdf

The Vendor Agreement Signature Form must be downloaded from the “Attachments” section of the IonWave eBid System, reviewed, properly completed, and uploaded to this location. If Vendor has proposed deviations to the Vendor Agreement, Vendor may leave the signature line of this page blank and assert so in the Attribute Questions and those shall be addressed during evaluation.

Pricing Form 1

230905 Pricing Form 1 - SKYDIO, INC.xlsx

Pricing Form 1 must be downloaded from the “Attachments” section of the IonWave eBid System, reviewed, properly completed as instructed, and uploaded to this location.

Pricing Form 2

230905 Pricing Form 2 - SKYDIO, INC.xlsx

Pricing Form 2 must be downloaded from the “Attachments” section of the IonWave eBid System, reviewed, properly completed as instructed, and uploaded to this location.

Reference Form

230905 Reference Form - SKYDIO, INC.xls

The Reference Form must be downloaded from the “Attachments” section of the IonWave eBid System, reviewed, properly completed, and uploaded to this location. The Reference Form must be uploaded in Excel format.

Required Confidentiality Claim Form

230905 Required Confidentiality Claim Form - SKYDIO, INC.pdf

The Required Confidentiality Claim Form must be downloaded from the “Attachments” section of the IonWave eBid System, reviewed, properly completed, and uploaded to this location. This is the only way for Vendor to assert confidentiality of any information submitted.

Current Form W-9

W9.pdf

Vendor must upload their current IRS Tax Form W-9. The legal name, EIN, and d/b/a's listed should match the information provided herein exactly. This form will be utilized by TIPS to properly identify your entity.

Alternate or Supplemental Pricing Documents

Skydio Drone and Accessory Price Catalog - X10 Update 9-23.pdf

Optional. If when completing Pricing Form 1 & Pricing Form 2 you direct TIPS to view additional, alternate, or supplemental pricing documentation, you may upload that documentation.

Conflict of Interest Questionnaire - Form CIQ

No response

Do not upload this form unless you have a reportable conflict with TIPS. There is an Attribute entitled “Conflict of Interest Questionnaire Requirement” immediately followed by an Attribute entitled “Conflict of Interest Questionnaire Requirement – Form CIQ – Continued.” Properly respond to those Attributes and only upload this form if applicable/instructed. If upload is required based on your response to those Attributes, the Conflict of Interest Questionnaire – Form CIQ must be downloaded from the “Attachments” section of the IonWave eBid System, reviewed, properly completed, and uploaded at this location.

Vendor’s Warranties, Terms, and Conditions (Supplemental Vendor Information Only)

Skydio 2023 EULA Requirements.pdf

Optional. If Vendor would like to display any standard warranties, terms, or conditions which are often applicable to their offerings for TIPS and TIPS Member Customer consideration, Vendor may upload those at this location. These supplemental documents shall not be considered part of the TIPS Contract. Rather, they are Vendor Supplemental Information for marketing and informational purposes only.

Supplemental Vendor Information (Supplemental Vendor Information Only)

No response

Optional. If Vendor would like to display or include any brochures, promotional documents, marketing materials, or other Vendor Information for TIPS and TIPS Member Customer consideration, Vendor may upload those at this location. These supplemental documents shall not be considered part of the TIPS Contract. Rather, they are Vendor Supplemental Information for marketing and informational purposes only.

Disclosure of Lobbying Activities - Standard Form - LLL

No response

Do not upload this form unless Vendor has reportable lobbying activities. There are Attributes entitled, “2 CFR Part 200 or Federal Provision - Byrd Anti-Lobbying Amendment – Continued.” Properly respond to those Attributes and only upload this form if applicable/instructed. If upload is required based on your response to those Attributes, the Disclosure of Lobbying Activities – Standard Form - LLL must be downloaded from the “Attachments” section of the IonWave eBid System, reviewed, properly completed, and uploaded to this location.

Certificates & Licenses (Supplemental Vendor Information Only)

No response

Optional. If Vendor would like to display any applicable certificates or licenses (including HUB certificates) for TIPS and TIPS Member Customer consideration, Vendor may upload those at this location. These supplemental documents shall not be considered part of the TIPS Contract. Rather, they are Vendor Supplemental Information for marketing and informational purposes only.

Vendor Logo (Supplemental Vendor Information Only)

No response

Optional. If Vendor desires that their logo be displayed on their public TIPS profile for TIPS and TIPS Member viewing, Vendor may upload that logo at this location. These supplemental documents shall not be considered part of the TIPS Contract. Rather, they are Vendor Supplemental Information for marketing and informational purposes only.

Bid Attributes

1	**Disadvantaged/Minority/Women Business & Federal HUBZone** Some participating public entities are required to seek Disadvantaged/Minority/Women Business & Federal HUBZone ("D/M/WBE/Federal HUBZone") vendors. Does Vendor certify that their entity is a D/M/WBE/Federal HUBZone vendor? If you respond "Yes," you must upload current certification proof in the appropriate "Response Attachments" location. NO

2 Historically Underutilized Business (HUB)

Some participating public entities are required to seek Historically Underutilized Business (HUB) vendors as defined by the Texas Comptroller of Public Accounts Statewide HUB Program. Does Vendor certify that their entity is a HUB vendor?

If you respond "Yes," you must upload current certification proof in the appropriate "Response Attachments" location.

No

3 National Coverage

Can the Vendor provide its proposed goods and services to all 50 US States?

Yes - All 50 States

4 States Served

If Vendor answered "No" to the question entitled "National Coverage," please list all states where vendor can provide the goods and services proposed directly below. Your response may dictate which potential TIPS Member customers consider purchasing your offerings.

No response

5 Description of Vendor Entity and Vendor's Goods & Services

If awarded, this description of Vendor and Vendor's goods and services will appear on the TIPS website for customer/public viewing.

Skydio proudly designs, engineers, manufactures, and supports a full suite of products including multiple fully autonomous drone solutions. Skydio products are made with top-tier American craftsmanship at every turn. Skydio products are to not only be easy to use but to also elevate the global bar for intelligent flight while setting a new standard for pilot safety. Skydio is proud to provide 100% US-based customer support for all customers. Skydio has a strategic presence throughout the country allowing for fast implementation with delivery times that should exceed requirements. Skydio works in partnership with several Federal Government agencies, State and local law enforcement, public safety, first responders, and other civil servant agencies to develop and provide industry leading UAS capabilities. In addition, Skydio is a member of the federally approved drone program known as Blue sUAS cohort. Skydio is proud to be the leading U.S. drone manufacturer providing NDAA-approved drones. With a solid reputation as an industry leader in autonomous drones, our customers have become partners in a shared vision to make the world a safer place.

30 **Search Words Identifying Vendor**

Please list all search words and phrases to be included in the TIPS database related to your entity. ***Do not*** list words which are not associated with the bid category/scope (See bid title for general scope). This will help users find you through the TIPS website search function. You may include product names, manufacturers, specialized services, and other words associated with the scope of this solicitation.

drone, unmanned drone, autonomous, skydio, US-made

31 **Certification of Vendor Residency (Required by the State of Texas)**

Does Vendor's parent company or majority owner:

(A) have its principal place of business in Texas; ***or*** (B) employ at least 500 persons in Texas?

Texas Education Code Section 44.031 requires that this information be considered in evaluation for certain contracts. However, Vendor response does not affect points, scoring, or potential award.

No

32 **Vendor's Principal Place of Business (City)**

In what city is Vendor's principal place of business located?

San Mateo

33 **Vendor's Principal Place of Business (State)**

In what state is Vendor's principal place of business located?

CA

34 **Vendor's Years in Business**

How many years has the business submitting this proposal been operating in its current capacity and field of work?

9

35 **Certification Regarding Entire TIPS Agreement**

Vendor agrees that, if awarded, Vendor's final TIPS Contract will consist of the provisions set forth in the finalized TIPS Vendor Agreement, Vendor's responses to these attribute questions, and: (1) The TIPS solicitation document resulting in this Agreement; (2) Any addenda or clarifications issued in relation to the TIPS solicitation; (3) All solicitation information provided to Vendor by TIPS through the TIPS eBid System; (3) Vendor's entire proposal response to the TIPS solicitation including all accepted required attachments, acknowledged notices and certifications, accepted negotiated terms, accepted pricing, accepted responses to questions, and accepted written clarifications of Vendor's proposal, and; any properly included attachments to the TIPS Contract.

Does Vendor agree?

Yes, Vendor agrees

36 **Minimum Percentage Discount Offered to TIPS Members on all Goods and Services (READ CAREFULLY)**

Please read thoroughly and carefully as an error on your response can render your contract award unusable.

TIPS Members often turn to TIPS Contracts for ease of use and to receive discounted pricing.

What is the minimum percentage discount that you can offer TIPS Members off of all goods and service pricing (whether offered through Pricing Form 1, Pricing Form 2, or in another accepted format) that you offer? Only limited goods/services specifically identified and excluded from this discount in Vendor's original proposal may be excluded from this discount.

Vendor must respond with a percentage from 0%-100%. The percentage discount that you input below will be applied to your "Catalog Pricing", as defined in the solicitation, for all TIPS Sales made during the life of the contract. You cannot alter this percentage discount once the solicitation legally closes. You will always be required to discount every TIPS Sale by the percentage included below with the exception of limited goods/services specifically identified and excluded from this discount in Vendor's original proposal. If you add goods or services to your "Catalog Pricing" during the life of the contract, you will be required to sell those new items with this discount applied.

Example: In this example, you enter a 10% minimum percentage discount below. In year-one of your TIPS Contract, your published "Catalog Pricing" (website/store/published pricing) for "Tablet A" is $100 and for "Tablet Set-Up Service" is $100. In this example, you must sell those items under the TIPS Contract at the proposed 10% discounted price of: "Tablet A" - $90, "Tablet Set-Up Service" - $90. In year two of your TIPS Contract, you update your "Catalog Pricing" with the market. You add "Tablet B" to your "Catalog Pricing" for $200 and have increased the price of "Tablet A" to $110 and the price of "Tablet Set-Up Service" to $110. In this example, after the "Catalog Pricing" update, you must still sell those items under the TIPS Contract at the proposed 10% discounted price of: "Tablet A" - $99, "Tablet Set-Up Service" - $99, and "Tablet B" - $180.00.

With the exception of limited goods/services specifically identified and excluded from this discount in Vendor's original proposal, if you cannot honor the discount on all goods and items now included or which may be added in the future with certainty, then you should offer a lesser discount percentage below.

What is the minimum percentage discount that you can offer TIPS Members off of all goods and service pricing (whether offered through Pricing Form 1, Pricing Form 2, or in another accepted format) that you offer?

0%

37 **Honoring Vendor's Minimum Percentage Discount**

Vendor is asked in these Attribute Questions to provide a Minimum Percentage Discount offered to TIPS Members on all goods and services sold under the TIPS Contract. Points will be assigned for your response and scoring of your proposal will be affected. A "YES" answer will be awarded the maximum 10 points and a "NO" answer will be awarded 0 points.

Does Vendor agree to honor the Minimum Percentage Discount off of their TIPS "Catalog Pricing" that Vendor proposed for all TIPS Sales made for the duration of the TIPS Contract?

Yes, Vendor agrees

38 **Volume and Additional Discounts**

In addition to the Minimum Percentage Discount proposed herein, does Vendor ever expect and intend to offer additional, greater, or volume discounts to TIPS Members?

Point(s) may be assigned for your response in the category of "Pricing" during scoring and evaluation.

No

39	**"Catalog Pricing" and Pricing Requirements** **<u>This is a requirement of the TIPS Contract and is non-negotiable.</u>** In this solicitation and resulting contract, "Catalog Pricing" shall be defined as: "The then available list of goods or services, in the most current listing regardless of date, that takes the form of a catalog, price list, price schedule, shelf-price or other viewable format that: A. is regularly maintained by the manufacturer or Vendor of an item; and B. is either published or otherwise available for review by TIPS or a customer during the purchase process; C. to which the Minimum Percentage Discount proposed by the proposing Vendor may be applied. If awarded on this TIPS Contract, for the duration of the contract, Vendor agrees to provide, upon request, their then current "Catalog Pricing." Or, in limited circumstances where Vendor has proposed the Percentage Mark-Up method of pricing in this proposal, proof of Vendor's "cost" may be accepted by TIPS in place of catalog pricing. YES
40	**EXCEPTIONS & DEVIATIONS TO TIPS STANDARD TERMS AND CONDITIONS** Vendor agrees that, if awarded, Vendor's final TIPS Contract will consist of the provisions set forth in the finalized TIPS Vendor Agreement, Vendor's responses to these attribute questions, and: (1) The TIPS solicitation document resulting in this Agreement; (2) Any addenda or clarifications issued in relation to the TIPS solicitation; (3) All solicitation information provided to Vendor by TIPS through the TIPS eBid System; (3) Vendor's entire proposal response to the TIPS solicitation including all accepted required attachments, acknowledged notices and certifications, accepted negotiated terms, accepted pricing, accepted responses to questions, and accepted written clarifications of Vendor's proposal, and; any properly included attachments to the TIPS Contract. In the event of conflict between the terms of the finalized Vendor Agreement and one of the incorporated documents the terms and conditions which are in the best interest of governmental/qualifying non-profit TIPS Members shall control at TIPS sole discretion. If Vendor responds, "No, Vendor does not agree" to this Attribute, after this solicitation legally closes and TIPS begins evaluating Vendor's file, TIPS will provide Vendor with a draft Word Document version of the Vendor Agreement and will be instructed to include all requested negotiations as redline edits for TIPS consideration. This is the only proper way to submit proposed deviations for TIPS consideration. TIPS reserves the right to accept, decline, or modify Vendor's requested negotiated terms. For this reason, answering "No, Vendor does not agree" may ultimately delay or prevent award. Does Vendor agree with TIPS standard terms and conditions as presented in the TIPS solicitation document (RFP, RCSP, RFQ, or other) and the TIPS Vendor Agreement document? Yes, Vendor agrees

41	**TIPS Sales Reporting Requirements** **This is a requirement of the TIPS Contract and is non-negotiable.** By submitting this proposal, Vendor certifies that Vendor will properly report all TIPS sales. With the exception of TIPS Automated Vendors, who have signed an exclusive agreement with TIPS regarding reporting, all TIPS Sales must be reported to TIPS by either: (1) Emailing the purchase order or similar purchase document (with Vendor's Name, as known to TIPS, and the TIPS Contract Name and Number included) to TIPS at tipspo@tips-usa.com with "Confirmation Only" in the subject line of the email within three business days of Vendor's acceptance of the order, or; (2) Within 3 business days of the order being accepted by Vendor, Vendor must login to the TIPS Vendor Portal and successfully self-report all necessary sale information within the Vendor Portal and confirm that it shows up accurately on your current Vendor Portal statement. No other method of reporting is acceptable unless agreed to by the Parties in writing. Failure to report all sales pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion.
42	**TIPS Administration Fee Requirement and Acknowledgment** **This is a requirement of the TIPS Contract and is non-negotiable.** The collection of fees by TIPS, a government entity, for performance of these procurement services is required pursuant to Texas Government Code Section 791.011 et. seq. The TIPS Administration Fee is the amount legally owed by Vendor to TIPS for TIPS Sales made by Vendor. The TIPS Administration Fee amount is typically a set percentage of each TIPS Sale legally due to TIPS, but the exact TIPS Administration Fee for this Contract is published in the corresponding RFP or RCSP document. TIPS Administration Fees are due to TIPS immediately upon Vendor's receipt of payment, including partial payment, for a TIPS Sale. By submitting a proposal, Vendor agrees that it has read, understands, and agrees to the published TIPS Administration Fee amount, calculation, and payment requirements. By submitting a proposal Vendor further confirms that all TIPS Pricing includes the TIPS Administration Fee and Vendor will not show adding the TIPS Administration Fee as a charge or line-item in any TIPS Sale.
43	**TIPS Member Access to Vendor Proposal & Documentation** **This is a requirement of the TIPS Contract and is non-negotiable.** Notwithstanding any other information provided in this solicitation or Vendor designation of certain documentation as confidential or proprietary, Vendor's submission of this proposal constitutes Vendor's express consent to the disclosure of Vendor's comprehensive proposal, including any information deemed confidential or proprietary, **to TIPS Members**. The proposing Vendor agrees that TIPS shall not be responsible or liable for any use or distribution of information or documentation to TIPS Members or by TIPS Members. By submitting this proposal, Vendor certifies the foregoing.

44	**Non-Collusive Bidding Certificate** **This is a requirement of the TIPS Contract and is non-negotiable.** By submission of this proposal, the Vendor certifies that: 1) This proposal has been independently arrived at without collusion with any other entity, bidder, or with any competitor; 2) This proposal has not been knowingly disclosed and will not be knowingly disclosed, prior to the opening of bids, or proposals for this project, to any other bidder, competitor or potential competitor: 3) No attempt has been or will be made to induce any other person, partnership or corporation to modify, submit, or not to submit a bid or proposal; and 4) The person signing this bid or proposal certifies that they are duly authorized to execute this proposal/contract on behalf of Vendor and they have fully informed themselves regarding the accuracy of the statements contained in this certification, and under the penalties being applicable to the bidder as well as to the person signing in its behalf;

45	**Antitrust Certification Statements (Tex. Government Code § 2155.005)** **This is a requirement of the TIPS Contract and is non-negotiable.** By submission of this bid or proposal, Vendor certifies under penalty of perjury of the laws of the State of Texas that: (1) I am duly authorized to execute this proposal/contract on my own behalf or on behalf of the company, corporation, firm, partnership or individual (Vendor) identified herein; (2) In connection with this proposal, neither I nor any representative of Vendor has violated any provision of the Texas Free Enterprise and Antitrust Act, Tex. Bus. & Comm. Code Chapter 15; (3) In connection with this proposal, neither I nor any representative of the Vendor has violated any federal antitrust law; (4) Neither I nor any representative of Vendor has directly or indirectly communicated any of the contents of this bid to a competitor of the Company or any other company, corporation, firm, partnership or individual engaged in the same line of business as the Company.

46	**Limitation on Out-of-State Litigation - Texas Business and Commerce Code § 272** **This is a requirement of the TIPS Contract and is non-negotiable.** Texas Business and Commerce Code § 272 prohibits a construction contract, or an agreement collateral to or affecting the construction contract, from containing a provision making the contract or agreement, or any conflict arising under the contract or agreement, subject to another state's law, litigation in the courts of another state, or arbitration in another state. If included in Texas construction contracts, such provisions are voidable by a party obligated by the contract or agreement to perform the work. By submission of this proposal, Vendor acknowledges this law and ***if Vendor enters into a construction contract with a Texas TIPS Member*** under this procurement, Vendor certifies compliance.

47	**Required Confidentiality Claim Form** **This is a requirement of the TIPS Contract and is non-negotiable.** TIPS provides the required TIPS Confidentiality Claim Form in the "Attachments" section of this solicitation. Vendor must execute this form by either signing and waiving any confidentiality claim, or designating portions of Vendor's proposal confidential. If Vendor considers any portion of Vendor's proposal to be confidential and not subject to public disclosure pursuant to Chapter 552 Texas Gov't Code or other law(s) and orders, Vendor must have identified the claimed confidential materials through proper execution of the Confidentiality Claim Form. If TIPS receives a public information act or similar request, any responsive documentation not deemed confidential by you in this manner will be automatically released. For Vendor documents deemed confidential by you in this manner, TIPS will follow procedures of controlling statute(s) regarding any claim of confidentiality and shall not be liable for any release of information required by law, including Attorney General determination and opinion. Notwithstanding any other Vendor designation of Vendor's proposal as confidential or proprietary, Vendor's submission of this proposal constitutes Vendor's agreement that proper execution of the required TIPS Confidentiality Claim Form is the only way to assert any portion of Vendor's proposal as confidential.
48	**Non-Discrimination Statement and Certification** **This is a requirement of the TIPS Contract and is non-negotiable.** In accordance with Federal civil rights law, all U.S. Departments, including but not limited to the USDA, USDE, FEMA, are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by federal funds (not all bases apply to all programs). Vendor certifies that Vendor will comply with applicable Non-Discrimination and Equal Opportunity provisions set forth in TIPS Member Customers' policies and other regulations at the local, state, and federal levels of governments. ☑ Yes, I certify
49	**Limitation of Vendor Indemnification and Similar Clauses** **This is a requirement of the TIPS Contract and is non-negotiable.** TIPS, a department of Region 8 Education Service Center, a political subdivision, and local government entity of the State of Texas, is prohibited from indemnifying third-parties (pursuant to the Article 3, Section 52 of the Texas Constitution) except as otherwise specifically provided for by law or as ordered by a court of competent jurisdiction. Article 3, Section 52 of the Texas Constitution states that "no debt shall be created by or on behalf of the State … " and the Texas Attorney General has opined that a contractually imposed obligation of indemnity creates a "debt" in the constitutional sense. Tex. Att'y Gen. Op. No. MW-475 (1982). Thus, contract clauses which require TIPS to indemnify Vendor, pay liquidated damages, pay attorney's fees, waive Vendor's liability, or waive any applicable statute of limitations must be deleted or qualified with ''to the extent permitted by the Constitution and Laws of the State of Texas." Does Vendor agree? ☑ Yes, I Agree

50

Alternative Dispute Resolution Limitations

This is a requirement of the TIPS Contract and is non-negotiable.

TIPS, a department of Region 8 Education Service Center, a political subdivision, and local government entity of the State of Texas, does not agree to binding arbitration as a remedy to dispute and no such provision shall be permitted in this Agreement with TIPS. Vendor agrees that any claim arising out of or related to this Agreement, except those specifically and expressly waived or negotiated within this Agreement, may be subject to non-binding mediation at the request of either party to be conducted by a mutually agreed upon mediator as prerequisite to the filing of any lawsuit arising out of or related to this Agreement. Mediation shall be held in either Camp or Titus County, Texas. Agreements reached in mediation will be subject to the approval by the Region 8 ESC's Board of Directors, authorized signature of the Parties if approved by the Board of Directors, and, once approved by the Board of Directors and properly signed, shall thereafter be enforceable as provided by the laws of the State of Texas.

Does Vendor agree?

Yes, Vendor agrees

51

No Waiver of TIPS Immunity

This is a requirement of the TIPS Contract and is non-negotiable.

Vendor agrees that nothing in this Agreement shall be construed as a waiver of sovereign or government immunity; nor constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies, or immunities available to Region 8 Education Service Center or its TIPS Department. The failure to enforce, or any delay in the enforcement, of any privileges, rights, defenses, remedies, or immunities available to Region 8 Education Service Center or its TIPS Department under this Agreement or under applicable law shall not constitute a waiver of such privileges, rights, defenses, remedies, or immunities or be considered as a basis for estoppel.

Does Vendor agree?

☑ Yes, Vendor agrees

52

Payment Terms and Funding Out Clause

This is a requirement of the TIPS Contract and is non-negotiable.

Vendor agrees that TIPS and TIPS Members shall not be liable for interest or late-payment fees on past-due balances at a rate higher than permitted by the laws or regulations of the jurisdiction of the TIPS Member.

Funding-Out Clause: Vendor agrees to abide by the applicable laws and regulations, including but not limited to Texas Local Government Code § 271.903, or any other statutory or regulatory limitation of the jurisdiction of any TIPS Member, which requires that contracts approved by TIPS or a TIPS Member are subject to the budgeting and appropriation of currently available funds by the entity or its governing body.

Does Vendor agree?

☑ Yes, Vendor agrees

53

Certification Regarding Prohibition of Certain Terrorist Organizations (Tex. Gov. Code 2270)

Vendor certifies that Vendor is not a company identified on the Texas Comptroller's list of companies known to have contracts with, or provide supplies or services to, a foreign organization designated as a Foreign Terrorist Organization by the U.S. Secretary of State.

Does Vendor certify?

Yes, Vendor certifies

54	**Certification Regarding Prohibition of Boycotting Israel (Tex. Gov. Code 2271)** If (a) Vendor is not a sole proprietorship; (b) Vendor has ten (10) or more full-time employees; and (c) this Agreement or any agreement with a TIPS Member under this procurement has value of $100,000 or more, the following certification shall apply; otherwise, this certification is not required. Vendor certifies, where applicable, that neither the Vendor, nor any affiliate, subsidiary, or parent company of Vendor, if any, boycotts Israel, and Vendor agrees that Vendor and Vendor Companies will not boycott Israel during the term of this Agreement. For purposes of this Agreement, the term “boycott” shall mean and include refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory but does not include an action made for ordinary business purposes. When applicable, does Vendor certify? Yes, Vendor certifies
55	**Certification Regarding Prohibition of Contracts with Certain Foreign-Owned Companies (Tex. Gov. Code 2274)** Certain public entities are prohibited from entering into a contract or other agreement relating to critical infrastructure that would grant Vendor direct or remote access to or control of critical infrastructure in this state, excluding access specifically allowed by a customer for product warranty and support purposes. Vendor certifies that neither it nor its parent company nor any affiliate of Vendor or its parent company, is (1) owned by or the majority of stock or other ownership interest of the company is held or controlled by individuals who are citizens of China, Iran, North Korea, Russia, or a designated country; (2) a company or other entity, including governmental entity, that is owned or controlled by citizens of or is directly controlled by the government of China, Iran, North Korea, Russia, or a designated country; or (3) headquartered in China, Iran, North Korea, Russia, or a designated country. For purposes of this certification, “critical infrastructure” means “a communication infrastructure system, cybersecurity system, electric grid, hazardous waste treatment system, or water treatment facility.” Vendor certifies that Vendor will not grant direct or remote access to or control of critical infrastructure, except for product warranty and support purposes, to prohibited individuals, companies, or entities, including governmental entities, owned, controlled, or headquartered in China, Iran, North Korea, Russia, or a designated country, as determined by the Governor. When applicable, does Vendor certify? Yes, Vendor certifies

56 **Certification Regarding Prohibition of Discrimination Against Firearm and Ammunition Industries (Tex. Gov. Code 2274)**

If (a) Vendor is not a sole proprietorship; (b) Vendor has at least ten (10) full-time employees; and (c) this Agreement or any Supplemental Agreement with certain public entities have a value of at least $100,000 that is paid wholly or partly from public funds; (d) the Agreement is not excepted under Tex. Gov. Code 2274 and (e) the purchasing public entity has determined that Vendor is not a sole-source provider or the purchasing public entity has not received any bids from a company that is able to provide this written verification, the following certification shall apply; otherwise, this certification is not required.

Vendor certifies that Vendor, or association, corporation, partnership, joint venture, limited partnership, limited liability partnership, or limited liability company, including a wholly owned subsidiary, majority-owned subsidiary parent company, or affiliate of these entities or associations, that exists to make a profit, does not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate during the term of this contract against a firearm entity or firearm trade association.

For purposes of this Agreement, "discriminate against a firearm entity or firearm trade association" shall mean, with respect to the entity or association, to: "(1) refuse to engage in the trade of any goods or services with the entity or association based solely on its status as a firearm entity or firearm trade association; (2) refrain from continuing an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association; or (3) terminate an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association."

"Discrimination against a firearm entity or firearm trade association" does not include: "(1) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories; and (2) a company's refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency, or for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity's or association's status as a firearm entity or firearm trade association."

When applicable, does Vendor certify?

Yes, Vendor certifies

57 **Certification Regarding Termination of Contract for Non-Compliance (Tex. Gov. Code 552.374)**

If Vendor is not a governmental body and (a) this Agreement or any Supplemental Agreement with a public entity has a stated expenditure of at least $1 million in public funds for the purchase of goods or services by certain public entities; or (b) this Agreement or any Supplemental Agreement results in the expenditure of at least $1 million in public funds for the purchase of goods or services by certain public entities in their fiscal year, the following certification shall apply; otherwise, this certification is not required.

As required by Tex. Gov. Code 552.374, the following statement is included in the RFP and the Agreement (unless the Agreement is (1) related to the purchase or underwriting of a public security; (2) is or may be used as collateral on a loan; or (3) proceeds from which are used to pay debt service of a public security of loan): "The requirements of Subchapter J, Chapter 552, Government Code, may apply to this solicitation and Agreement and the Vendor agrees that this Agreement and any applicable Supplemental Agreement can be terminated if Vendor knowingly or intentionally fails to comply with a requirement of that subchapter."

Pursuant to Chapter 552 of the Texas Government Code, Vendor certifies that Vendor shall: (1) preserve all contracting information related to this Agreement as provided by the records retention requirements applicable to TIPS or the purchasing TIPS Member for the duration of the Agreement; (2) promptly provide to TIPS or the purchasing TIPS Member any contracting information related to the Agreement that is in the custody or possession of Vendor on request of TIPS or the purchasing TIPS Member; and (3) on completion of the Agreement, either (a) provide at no cost to TIPS or the purchasing TIPS Member all contracting information related to the Agreement that is in the custody or possession of Vendor, or (b) preserve the contracting information related to the Agreement as provided by the records retention requirements applicable to TIPS or the purchasing TIPS Member.

When applicable, does Vendor certify?

Yes, Vendor certifies

58 **Certification Regarding Prohibition of Boycotting Certain Energy Companies (Tex. Gov. Code 2274)**

If (a) Vendor is not a sole proprietorship; (b) Vendor has ten (10) or more full-time employees; and (c) this Agreement or any Supplemental Agreement with certain public entities has a value of $100,000 or more that is to be paid wholly or partly from public funds, the following certification shall apply; otherwise, this certification is not required.

Vendor certifies that Vendor, or any wholly owned subsidiary, majority-owned subsidiary, parent company, or affiliate of these entities or business associations, if any, do not boycott energy companies and will not boycott energy companies during the term of the Agreement or any applicable Supplemental Agreement.

For purposes of this certification the term “company” shall mean an organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, or limited liability company, that exists to make a profit.

The term “boycott energy company” shall mean “without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (a) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law, or (b) does business with a company described by paragraph (a).” (See Tex. Gov. Code 809.001).

When applicable, does Vendor certify?

Yes, Vendor certifies

59 **Felony Conviction Notice - Texas Education Code 44.034**

Texas Education Code, Section 44.034, Notification of Criminal History, Subsection (a), states, "a person or business entity that enters into a contract with a school district must give advance notice to the district if the person or an owner or operator of the business entity has been convicted of a felony. The notice must include a general description of the conduct resulting in the conviction of a felony.”

Subsection (b) states, "a school district may terminate a contract with a person or business entity if the district determines that the person or business entity failed to give notice as required by Subsection (a) or misrepresented the conduct resulting in the conviction. The district must compensate the person or business entity for services performed before the termination of the contract.”

Subsection (c) states, "This section does not apply to a publicly held corporation.

Vendor certifies one of the following:

A. My firm is a publicly held corporation; therefore, this reporting requirement is not applicable, or;

B. My firm is not owned nor operated by anyone who has been convicted of a felony, or;

C. My firm is owned or operated by the following individual(s) who has/have been convicted of a felony.

If Vendor responds with Option (C), Vendor is required to provide information in the next attribute.

B. My firm is not owned nor operated by felon.

60 **Felony Conviction Notice - Texas Education Code 44.034 - Continued**

If Vendor selected Option (C) in the previous attribute, Vendor must provide the following information herein:

1. Name of Felon(s)

2. The Felon(s) title/role in Vendor's entity, and

3. Details of Felon(s) Conviction(s).

No response

61 **Conflict of Interest Questionnaire Requirement**

Vendor agrees that it has looked up, read, and understood the current version of Texas Local Government Code Chapter 176 which generally requires disclosures of conflicts of interests by Vendor hereunder if Vendor:

(1) has an employment or other business relationship with a local government officer of our local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);

(2) has given a local government officer of our local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or

(3) has a family relationship with a local government officer of our local governmental entity.

(4) Any other financial, commercial, or familial relationship with our local government that may warrant reporting under this statute.

Does Vendor certify that it has NO reportable conflict of interest?

Yes, Vendor certifies - VENDOR HAS NO CONFLICT

62 **Conflict of Interest Questionnaire Requirement - Form CIQ - Continued**

If you responded "No, Vendor does not certify - VENDOR HAS CONFLICT" to the Conflict of Interest Questionnaire question above, you are required by law to fully execute and upload the form attachment entitled "Conflict of Interest Questionnaire - Form CIQ." If you accurately claimed no conflict above, you may disregard the form attachment entitled "Conflict of Interest Questionnaire - Form CIQ."

Have you uploaded this form if applicable?

Not Applicable

63 **Upload of Current W-9 Required**

Vendors are required by TIPS to upload a current, accurate W-9 Internal Revenue Service (IRS) Tax Form for your entity. This form will be utilized by TIPS to properly identify your entity.

You must confirm that you are responding to this solicitation under your legal entity name. Go now to your Supplier Profile in this eBid System and confirm that your profile reflects your "Legal Name" as it is listed on your W9.

64 **Regulatory Good Standing Certification**

Does Vendor certify that its entity is in good standing will all government entities and agencies, whether local, state, or federal, that regulate any aspect of Vendor's field of work or business operations?

If Vendor selects "No", Vendor must provide explanation on the following attribute question.

Yes, Vendor certifies

65	**Regulatory Good Standing Certification - Explanation - Continued** If Vendor responded to the prior attribute that "No", Vendor is not in good standing, Vendor must provide an explanation of that lack of good standing here for TIPS consideration. *No response*

66	**Instructions Only - Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion** **Instructions for Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion** 1. By answering yes to the next Attribute question below, the vendor and prospective lower tier participant is providing the certification set out herein in accordance with these instructions. 2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and / or debarment. 3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. 4. The terms “covered transaction,” “debarred,” “suspended,” “ineligible,” “lower tier covered transaction,” “participants,” “person,” “primary covered transaction,” “principal,” “proposal” and “voluntarily excluded,” as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. 5. The prospective lower tier participant agrees by submitting this form that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated. 6. The prospective lower tier participant further agrees by submitting this form that it will include this clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction” without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions. 7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List. 8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings. 9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and / or debarment.

67 **Suspension or Debarment Certification**

Read the instructions in the attribute above and then answer the following accurately.

Vendor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

Does Vendor certify?

Yes, Vendor certifies

68 **Vendor Certification of Criminal History - Texas Education Code Chapter 22**

Texas Education Code Chapter 22 requires entities that contract with school districts to provide services to obtain criminal history record information regarding covered employees. Contractors must certify to the district that they have complied. Covered employees with disqualifying criminal histories are prohibited from serving at a school district pursuant to this law.

DEFINITIONS

Covered employees: Employees of a contractor or subcontractor who have or will have continuing duties related to the service to be performed at the District and have or will have direct contact with students. The District will be the final arbiter of what constitutes direct contact with students.

Disqualifying criminal history: Any conviction or other criminal history information designated by the District, or one of the following offenses, if at the time of the offense, the victim was under 18 or enrolled in a public school: (a) a felony offense under Title 5, Texas Penal Code; (b) an offense for which a defendant is required to register as a sex offender under Chapter 62, Texas Code of Criminal Procedure; or (c) an equivalent offense under federal law or the laws of another state.

Vendor certifies:

NONE (Section A): None of the employees of Vendor and any subcontractors are covered employees, as defined above. If this box is checked, I further certify that Contractor has taken precautions or imposed conditions to ensure that the employees of Vendor and any subcontractor will not become covered employees. Contractor will maintain these precautions or conditions throughout the time the contracted services are provided under this procurement.

OR

SOME (Section B): Some or all of the employees of Vendor and any subcontractor are covered employees. If this box is checked, I further certify that: (1) Vendor has obtained all required criminal history record information regarding its covered employees. None of the covered employees has a disqualifying criminal history; (2) If Vendor receives information that a covered employee subsequently has a reported criminal history, Vendor will immediately remove the covered employee from contract duties and notify the purchasing entity in writing within 3 business days; (3) Upon request, Vendor will provide the purchasing entity with the name and any other requested information of covered employees so that the purchasing entity may obtain criminal history record information on the covered employees; (4) If the purchasing entity objects to the assignment of a covered employee on the basis of the covered employee's criminal history record information, Vendor agrees to discontinue using that covered employee to provide services at the purchasing entity.

Which option does Vendor certify?

Yes, I certify - NONE (Section A)

69	**Certification Regarding "Choice of Law" Terms with TIPS Members** Vendor agrees that if any "Choice of Law" provision is included in any sales agreement/contract between Vendor and a TIPS Member, that clause must provide that the "Choice of Law" applicable to the sales agreement/contract between Vendor and TIPS Member shall be the state where the TIPS Member operates unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing a "Choice of Law" clause that conflicts with these terms is rendered void and unenforceable. If Vendor disagrees, after this solicitation legally closes and TIPS begins evaluating Vendor's file, TIPS will provide Vendor with a draft Word Document version of the Vendor Agreement and will be instructed to include all requested negotiations as redline edits for TIPS consideration. Does Vendor agree? Yes, Vendor agrees
70	**Certification Regarding "Venue" Terms with TIPS Members** Vendor agrees that if any "Venue" provision is included in any sales agreement/contract between Vendor and a TIPS Member, that clause must provide that the "Venue" for any litigation or alternative dispute resolution is shall be in the state and county where the TIPS Member operates unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing a "Venue" clause that conflicts with these terms is rendered void and unenforceable. If Vendor disagrees, after this solicitation legally closes and TIPS begins evaluating Vendor's file, TIPS will provide Vendor with a draft Word Document version of the Vendor Agreement and will be instructed to include all requested negotiations as redline edits for TIPS consideration. Does Vendor agree? Yes, Vendor agrees
71	**Certification Regarding "Automatic Renewal" Terms with TIPS Members** Vendor agrees that no TIPS Sale may incorporate an "Automatic Renewal" clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated into a TIPS Sale Supplemental Agreement shall only be valid and enforceable when Vendor received written confirmation of acceptance of the renewal term from the TIPS Member for the specific renewal term. The purpose of this clause is to avoid a TIPS Member inadvertently renewing a Supplemental Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. Any TIPS Sale Supplemental Agreement containing an "Automatic Renewal" clause that conflicts with these terms is rendered void and unenforceable. If Vendor disagrees, after this solicitation legally closes and TIPS begins evaluating Vendor's file, TIPS will provide Vendor with a draft Word Document version of the Vendor Agreement and will be instructed to include all requested negotiations as redline edits for TIPS consideration. Does Vendor agree? Yes, Vendor agrees

72	**Certification Regarding "Indemnity" Terms with TIPS Members** Texas and other jurisdictions restrict the ability of governmental entities to indemnify others. Vendor agrees that if any "Indemnity" provision which requires the TIPS Member to indemnify Vendor is included in any sales agreement/contract between Vendor and a TIPS Member, that clause must either be stricken or qualified by including that such indemnity is only permitted, "to the extent permitted by the laws and constitution of [TIPS Member's State]" unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing an "Indemnity" clause that conflicts with these terms is rendered void and unenforceable. If Vendor disagrees, after this solicitation legally closes and TIPS begins evaluating Vendor's file, TIPS will provide Vendor with a draft Word Document version of the Vendor Agreement and will be instructed to include all requested negotiations as redline edits for TIPS consideration. Does Vendor agree? Yes, Vendor agrees
73	**Certification Regarding "Arbitration" Terms with TIPS Members** Vendor agrees that if any "Arbitration" provision is included in any TIPS Sale agreement/contract between Vendor and a TIPS Member, that clause may ***not*** require that the arbitration is mandatory or binding. Vendor agrees that if any "Arbitration" provision is included in any TIPS Sale agreement/contract between Vendor and a TIPS Member, that clause provides for only voluntary and non-binding arbitration unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing a “Arbitration” clause that conflicts with these terms is rendered void and unenforceable. If Vendor disagrees, after this solicitation legally closes and TIPS begins evaluating Vendor's file, TIPS will provide Vendor with a draft Word Document version of the Vendor Agreement and will be instructed to include all requested negotiations as redline edits for TIPS consideration. Does Vendor agree? Yes, Vendor agrees
74	**2 CFR PART 200 AND FEDERAL CONTRACT PROVISIONS EXPLANATION** TIPS and TIPS Members will sometimes seek to make purchases with federal funds. In accordance with 2 C.F.R. Part 200 of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (sometimes referred to as “EDGAR”),Vendor's response to the following questions labeled "2 CFR Part 200 or Federal Provision" will indicate Vendor's willingness and ability to comply with certain requirements which may be applicable to TIPS purchases paid for with federal funds, if accepted by Vendor. Your responses to the following questions labeled "2 CFR Part 200 or Federal Provision" will dictate whether TIPS can list this awarded contract as viable to be considered for a federal fund purchase. **Failure to certify all requirements labeled "2 CFR Part 200 or Federal Provision" will mean that your contract is listed as not viable for the receipt of federal funds. However, it will not prevent award.** If you do enter into a TIPS Sale when you are accepting federal funds, the contract between you and the TIPS Member will likely require these same certifications.

75

2 CFR Part 200 or Federal Provision - Vendor Willingness to Accept Federal Funds

This certification is not required by federal law. However, TIPS Members are public entities and qualifying non-profits which often receive federal funding and grants (ESSER, CARES Act, EDGAR, etc.) ***Accepting such funds often requires additional required certifications and responsibilities for Vendor.*** The following attribute questions include these required certifications. Your response to this questions, the following certifications, and other factors will determine whether your contract award will be deemed as eligible for federal fund expenditures by TIPS Members.

If awarded, is Vendor willing to accept payment for goods and services offered under this contract paid for by a TIPS Member with federal funds?

Yes

76

2 CFR Part 200 or Federal Provision - Contracts

Contracts for more than the simplified acquisition threshold currently set at $250,000 (2 CFR § 200.320), which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Notice: Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members, ESC Region 8 and TIPS Members reserve all rights and privileges under the applicable laws and regulations with respect to this procurement in the event of breach of contract by either party.

Does vendor agree?

Yes, Vendor agrees

77

2 CFR Part 200 or Federal Provision - Termination

Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members, ESC Region 8 and TIPS Members reserve the right to terminate any agreement in excess of $10,000 resulting from this procurement process for cause after giving the vendor an appropriate opportunity and up to 30 days, to cure the causal breach of terms and conditions. ESC Region 8 and TIPS Members reserve the right to terminate any agreement in excess of $10,000 resulting from this procurement process for convenience with 30 days notice in writing to the awarded vendor. The Vendor would be compensated for work performed and goods procured as of the termination date if for convenience of the ESC Region 8 and TIPS Members. Any award under this procurement process is not exclusive and the ESC Region 8 and TIPS reserves the right to purchase goods and services from other vendors when it is in the best interest of the ESC Region 8 and TIPS.

Does vendor agree?

Yes, Vendor agrees

78	**2 CFR Part 200 or Federal Provision - Clean Air Act** Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Pursuant to the Clean Air Act, et al above, when federal funds are expended by ESC Region 8 and TIPS Members, ESC Region 8 and TIPS Members require that the proposer certify that during the term of an award by the ESC Region 8 and TIPS Members resulting from this procurement process the vendor agrees to comply with all of the above regulations, including all of the terms listed and referenced therein. Does vendor agree? Yes, Vendor agrees
79	**2 CFR Part 200 or Federal Provision - Byrd Anti-Lobbying Amendment** Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award. Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members, ESC Region 8 and TIPS Members require the proposer certify that during the term and during the life of any contract with ESC Region 8 and TIPS Members resulting from this procurement process the vendor certifies that it is in compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). Does Vendor agree? Yes, Vendor agrees

80

2 CFR Part 200 or Federal Provision - Byrd Anti-Lobbying Amendment - Continued

Applicable to Grants, Subgrants, Cooperative Agreements, and Contracts Exceeding $100,000 in Federal Funds

Submission of this certification is a prerequisite for making or entering into this transaction and is imposed by the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, the making of a Federal grant, the making of a Federal loan, the entering into a cooperative agreement, and the extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, “disclosure Form to Report Lobbying,” in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all covered subawards exceeding $100,000 in Federal funds at all appropriate tiers and that all subrecipients shall certify and disclose accordingly.

Does Vendor certify that it has NOT lobbied as described herein?

Yes, Vendor certifies - NO Reportable Lobbying

81

2 CFR Part 200 or Federal Provision - Byrd Anti-Lobbying Amendment - Continued

If you answered "No, Vendor does not certify - Lobbying to Report" to the above attribute question, you must download, read, execute, and upload the attachment entitled "Disclosure of Lobbying Activities - Standard Form - LLL", as instructed, to report the lobbying activities you performed or paid others to perform.

82

2 CFR Part 200 or Federal Provision - Federal Rule

Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of $100,000)

Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members, ESC Region 8 and TIPS Members requires the proposer certify that in performance of the contracts, subcontracts, and subgrants of amounts in excess of $250,000, the vendor will be in compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15).

Does vendor certify compliance?

Yes, Vendor certifies

83	**2 CFR Part 200 or Federal Provision - Procurement of Recovered Materials** A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include: (1) procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; (2) procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines. Does vendor certify that it is in compliance with these provisions? Yes, Vendor certifies
84	**2 CFR Part 200 or Federal Provision - Rights to Inventions** If the Federal award meets the definition of “funding agreement” under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency. Pursuant to the above, when the foregoing applies to ESC Region 8 and TIPS Members, Vendor certifies that during the term of an award resulting from this procurement process, Vendor agrees to comply with all applicable requirements as referenced in the Federal rule above. Does vendor certify? Yes, Vendor certifies

85

2 CFR Part 200 or Federal Provision - Domestic Preferences for Procurements and Compliance with Buy America Provisions

As appropriate and to the extent consistent with law, TIPS Member Customers, to the greatest extent practicable under a Federal award, may provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). Vendor agrees that the requirements of this section will be included in all subawards including all contracts and purchase orders for work or products under this award, to the greatest extent practicable under a Federal award. For purposes of 2 CFR Part 200.322, “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stag through the application of coatings, occurred in the United States. Moreover, for purposes of 2 CFR Part 200.322, “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum, plastics and polymer-based products such as polyvinyl chloride pipe, aggregates such as concrete, glass, including optical fiber, and lumber.

Vendor certifies that it is in compliance with all applicable provisions of the Buy America Act. Purchases made in accordance with the Buy America Act must still follow the applicable procurement rules calling for free and open competition. For purposes of 2 CFR Part 200.322,

“Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

“Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members, Vendor certifies that to the greatest extent practicable Vendor will provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products).

Does Vendor Certify?

Yes, Vendor certifies

86

2 CFR Part 200 or Federal Provision - Ban on Foreign Telecommunications

ESC 8 and TIPS Members are prohibited from obligating or expending Federal financial assistance, to include loan or grant funds, to: (1) procure or obtain, (2) extend or renew a contract to procure or obtain, or (3) enter into a contract (or extend or renew a contract) to procure or obtain, equipment, services, or systems that use “covered telecommunications” equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. “Covered telecommunications” equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities), and physical security surveillance of critical infrastructure and other national security purposes, and video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities) for the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes detailed in 2 CFR § 200.216.

Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members, Vendor certifies that Vendor will not purchase equipment, services, or systems that use “covered telecommunications”, as defined by 2 CFR §200.216 equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

Does vendor certify?

Yes, Vendor certifies

87

2 CFR Part 200 or Federal Provision - Contract Cost & Price

For contracts more than the simplified acquisition threshold currently set at $250,000, a TIPS Member may, in very rare circumstances, be required to negotiate profit as a separate element of the price pursuant to 2 C.F.R. 200.324(b). Under those circumstances, Vendor agrees to provide information and negotiate with the TIPS Member regarding profit as a separate element of the price. However, Vendor certifies that the total price charged by the Vendor shall not exceed the Vendor's TIPS pricing and pricing terms proposed.

Does Vendor certify?

Yes, Vendor certifies

88

2 CFR Part 200 or Federal Provision - Equal Employment Opportunity

Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members on any federally assisted construction contract, the equal

opportunity clause is incorporated by reference here.

Does Vendor Certify?

Yes, Vendor certifies

89

2 CFR Part 200 or Federal Provision - Davis Bacon Act Compliance

Texas Statute requires compliance with Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146- 3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non- Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Pursuant to state and federal requirements, Vendor certifies that it will be in compliance with all applicable Davis-Bacon Act provisions if/when applicable.

Does Vendor certify?

Yes, Vendor certifies

90

2 CFR Part 200 or Federal Provision - Contract Work Hours and Safety Standards

Where applicable, all contracts awarded by ESC 8 and TIPS Members in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.
Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members, Vendor certifies that during the term of an award for all contracts resulting from this procurement process, Vendor will be in compliance with all applicable provisions of the Contract Work Hours and Safety Standards Act.

Does Vendor certify?

Yes, Vendor certifies

91

2 CFR Part 200 or Federal Provision - FEMA Fund Certification & Certification of Access to Records

If and when Vendor accepts a TIPS purchase paid for in full or part with FEMA funds, Vendor certifies that:

(1) Vendor agrees to provide the TIPS Member, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to and rights to reproduce any books, documents, papers, and records of the Contractor which are directly pertinent to this contract, or any contract resulting from this procurement, for the purposes of making audits, examinations, excerpts, and transcriptions. This right also includes timely and reasonable access to Vendor's personnel for the purpose of interview and discussion relating to such documents. Vendor agrees to provide the FEMA Administrator or an authorized representatives access to construction or other work sites pertaining to the work being completed under the contract. Vendor acknowledges and agrees that no language in this contract or the contract with the TIPS Member is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

(2) The Vendor shall not use the Department of Homeland Security's seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

(3) The Vendor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

(4) The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

(5) The Vendor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Vendor's actions pertaining to this contract.

Does Vendor certify?

Yes, Vendor certifies

92

2 CFR Part 200 or Federal Provision - Certification of Compliance with the Energy Policy and Conservation Act

When appropriate and to the extent consistent with the law, Vendor certifies that it will comply with the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq; 49 C.F.R. Part 18) and any state mandatory standards and policies relating to energy efficiency which are contained in applicable state energy conservation plans issued in compliance with the Act.

Does Vendor certify?

Yes, Vendor certifies

93	**2 CFR Part 200 or Federal Provision - Certification of Compliance with Never Contract with the Enemy** Where applicable, all contracts awarded by ESC 8 and TIPS Members in excess of $50,000.00, within the period of performance, and which are performed outside of the United States, including U.S. territories, are subject to the regulations implementing Never Contract with the Enemy in 2 CFR part 183. Per 2 CFR part 183, in the situation specified, ESC 8 and TIPS Members shall terminate any contract or agreement resulting from this procurement which violates the Never Contract with the Enemy regulation in 2 CFR part 183, including if Vendor is actively opposing the United States or coalition forces involved in a contingency operation in which members of the the Armed Forces are actively engaged in hostilities. Vendor certifies that it is neither an excluded entity under the System for Award Management (SAM) nor Federal Awardee Performance and Integrity Information System (FAPIIS) for any contract terminated due to Never Contract with the Enemy as a Termination for Material Failure to Comply. Does Vendor certify? Yes, Vendor certifies
94	**2 CFR Part 200 or Federal Provision - Certification of Compliance with EPA Regulations** For contracts resulting from this procurement, in excess of $100,000.00 and paid for with federal funds, Vendor certifies that Vendor will comply with all applicable standards, orders, regulations, and/or requirements issued pursuant to the Clean Air Act of 1970, as amended (42 U.S.C. 1857(h)), Section 508 of the Clean Water Act, as amended (33 U.S.C. 1368), Executive Order 117389 and Environmental Protection Agency Regulation, 40 CFR Part 15. Does Vendor certify? Yes, Vendor certifies
95	**2 CFR Part 200 or Federal Provision - Record Retention Requirements** For contracts resulting from this procurement, paid for by ESC 8 or TIPS Members with federal funds, Vendor certifies that Vendor will comply with the record retention requirements detailed in 2 CFR § 200.334. Vendor certifies that Vendor will retain all records as required by 2 CFR § 200.334 for a period of three years after final expenditure or financial reports, as applicable, and all other pending matters are closed. Does Vendor certify? Yes, Vendor certifies
96	**2 CFR Part 200 or Federal Provision - Subcontracting and Affirmative Steps for Small and Minority Businesses, Women's Business Enterprises, and Labor Surplus Area Firms.** Do you ever anticipate the possibility of subcontracting any of your work under this award if you are successful? If you respond "Yes", you must respond to the following attribute question accurately. If you respond "No", you may skip the following attribute question. YES

97	**2 CFR Part 200 or Federal Provision - If "Yes" Response to Above Attribute - Continued - Subcontracting and Affirmative Steps for Small and Minority Businesses, Women's Business Enterprises, and Labor Surplus Area Firms.** **Only respond to this question if you responded "Yes" to the attribute question directly above. Skip this question if you responded "No" to the attribute question directly above.** Does Vendor certify that it will follow the following affirmative steps? Federal Regulation 2 CFR §200.321 Contracting with small and minority businesses, women's business enterprises, and labor surplus area firms. (a)The non-Federal entity must take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible. (b) Affirmative steps must include: (1) Placing qualified small and minority businesses and women's business enterprises on solicitation lists; (2) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources; (3) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises; (4) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; (5) Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce ; and (6) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs(1) through (5) of this section. Does Vendor certify? Yes, Vendor certifies
98	**ACKNOWLEDGMENT & BINDING CORPORATE AUTHORITY** By submitting this proposal, the individual(s) submitting on behalf of the Vendor certify that they are authorized by Vendor to complete and submit this proposal on behalf of Vendor and that this proposal was duly submitted on behalf of Vendor by authority of its governing body, if any, and within the scope of its corporate powers. Vendor further certifies that it has read, examined, and understands all portions of this solicitation including but not limited to all attribute questions, attachments, solicitation documents, bid notes, and the Vendor Agreement(s). Vendor certifies that, if necessary, Vendor has consulted with counsel in understanding all portions of this solicitation.

TIPS 230905 Civilian-Use Drone Goods and Services (Non-Military)	Skydio, Inc

TIPS REFERENCE FORM

All requested information must be typed and uploaded in Excel format. Do not handwrite or upload in any format other than Excel. Emails provided must be current and active. Do not include TIPS/Region 8 employees as a reference. The entities that you provide must be paying customers, not affiliates/partners/manufacturers/resellers, etc.

You must provide below at least three (3) references from three different entity customers, preferably government or non-profit entities, who have purchased goods or services from your vendor entity within the last three years.

TIPS CONTRACT 230905

REQUIRED CONFIDENTIALITY CLAIM FORM

(*VENDOR MUST COMPLETE THE FOLLOWING VENDOR INFORMATION*)

Vendor Entity Name: Skydio, Inc.

Vendor Authorized Signatory Name: John Santry

Vendor Authorized Signatory Title: VP of Sales, SLED

Vendor Authorized Signatory Email: sled.vendor@skydio.com

Vendor Address: 3000 Clearview Way, Bldg E

City: San Mateo State: CA Zip Code: 94402

Vendor agrees that it is voluntarily providing its data (including but not limited to: Vendor information, Vendor documentation, Vendor's proposal, Vendor pricing submitted or provided to TIPS, TIPS contract documents, TIPS correspondence, Vendor logos and images, Vendor's contact information, Vendor's brochures and commercial information, Vendor's financial information, Vendor's certifications, and any other Vendor information or documentation submitted to TIPS by Vendor and its agents) (Hereinafter, "Vendor Data") to TIPS. Vendor understands and agrees that TIPS is a government entity subject to public information laws including but not limited to Texas Government Code (TGC) Chapter 552. Vendor agrees that regardless of confidentiality designations herein, Vendor's submission of a proposal constitutes Vendor's consent to the disclosure and release of Vendor's Data and comprehensive proposal, including any information deemed confidential or proprietary herein, to and by TIPS Members.

Notwithstanding the foregoing permissible release to TIPS Members, if Vendor considers any portion of Vendor's proposal to be otherwise confidential and not subject to public disclosure pursuant to public information laws, including but not limited to TGC Chapter 552, Vendor must properly execute ***Option 1 only*** below, attach to this PDF all documents and information that Vendor deems confidential, and upload the consolidated documentation. Regardless of the Option selected below, this form must be completed and uploaded to the "Response Attachments" section of the eBid System entitled "Required Confidentiality Claim Form." Execution and submission of this form is the sole indicator of whether Vendor considers any Vendor Data confidential in the event TIPS receives a request, a Public Information Request, or subpoena. If TIPS receives a request, any responsive documentation not deemed confidential by you through proper execution of Option 1 of this form will be automatically released. For information deemed confidential by you through proper execution of Option 1 of this form, TIPS will follow procedures of controlling statute(s) regarding withholding that documentation and shall not be liable for any release of information required by law, including Attorney General opinion or court order.

(*VENDOR MUST COMPLETE ONE OF THE TWO OPTIONS AND UPLOAD IN THE EBID SYSTEM*)

OPTION 1 – DESIGNATING CONFIDENTIAL MATERIALS – YES, VENDOR HAS ATTACHED CONFIDENTIAL MATERIALS

(*Confirm each bullet point and sign below*)

- Vendor claims some Vendor Data confidential to the extent permitted by TGC Chapter 552 and other applicable law.
- Vendor attached to this PDF all potentially confidential Vendor Data and listed the number of attached pages below.
- Vendor's authorized signatory has signed below and shall upload this document in the proper location in the eBid System.
- Vendor agrees that TIPS shall not be liable for any release of confidential information required by law.

Number of pages attached deemed confidential: _____

Authorized Signature: _____

OPTION 2 – WAIVER OF CONFIDENTIALITY – NO, VENDOR HAS NOT ATTACHED CONFIDENTIAL MATERIALS

(*Confirm each bullet point and sign below*)

By signing for Option 2 below, Vendor expressly waives any confidentiality claim for all Vendor Data submitted in relation to this proposal and resulting contract. Vendor confirms that TIPS may freely release Vendor Data submitted in relation to this proposal or resulting contract to any requestor. Vendor agrees that TIPS shall not be responsible or liable for any use or distribution of Vendor Data by TIPS or TIPS Members.

- Vendor's authorized signatory has signed below and shall upload this document in the proper location in the eBid System.
- Vendor agrees that TIPS shall not be liable for any release of confidential information required by law.

Drone Replacement Program Financial Assistance Agreement between Florida Department of Law Enforcement and Ocala Fire Rescue

This agreement is entered into by and between the Florida Department of Law Enforcement (herein referred to as "FDLE" or "Department") and the Recipient Agency named above.

WHEREAS, the Department has the authority pursuant to Florida law and does hereby agree to provide state financial assistance to the Recipient upon the terms and conditions hereinafter set forth, and

WHEREAS, The General Appropriations Act, 2023 Legislature, Section 123 provides approximately $25,000,000 in nonrecurring funds to the Florida Department of Law Enforcement for the Drone Replacement Program established in Chapter 2023-240, Laws of Florida, and

WHEREAS, The General Appropriations Act, 2024 Legislature, Section 147, reverted and appropriated the unexpended balance of funds for use in the 2024-2025 fiscal year, and

WHEREAS, Chapter No. 2024-228, Section 44, amended Drone Replacement Program requirements, and

WHEREAS, The General Appropriations Act, 2025 Legislature, Section 132, reverted and appropriated the unexpended balance of funds for use in the 2025-2026 fiscal year, and

WHEREAS, Chapter No. 2025-199, Section 55, amended Drone Replacement Program requirements, and

WHEREAS, Section 934.50, Florida Statutes establishes rules, regulations, and security standards for the use of drones by governmental entities, and

WHEREAS, pursuant to Rule 60GG-2.0075, Florida Administrative Code, the Department of Management Services (DMS) has published minimum security standards for drones used by governmental entities; and

WHEREAS, the Recipient seeks to receive funding to purchase a drone that meets required minimum security standards.

NOW THEREFORE, in consideration of the foregoing, the parties hereto agree to this agreement as follows:

This agreement is subject to all applicable state financial assistance standard conditions provided in **Appendix B**.

The State of Florida's performance and obligation to pay under this agreement is contingent upon an appropriation by the Legislature, availability of funds, and subject to any modification in accordance with Chapter 216, Florida Statutes or the Florida Constitution.

FDLE will administer and disburse funds under this agreement in accordance with sections 215.97, 215.971, 215.981 and 215.985, F.S. for state financial assistance. The Recipient shall perform all tasks, activities, and provide deliverables, including reports, as specified in this agreement. FDLE's determination of acceptable expenditures shall be conclusive.

The Recipient certifies with respect to this agreement that it possesses the legal authority to receive the funds to be provided under this agreement and that, if applicable, its governing body has authorized, by resolution or otherwise, the execution and acceptance of this agreement with all covenants and assurances

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

contained herein. The Recipient also certifies that the undersigned possesses the authority to legally execute and bind Recipient to the terms of this agreement.

Expenditures of state financial assistance shall be compliant with laws, rules and regulations applicable to expenditures of State funds, including, but not limited to, the Reference Guide for State Expenditures published by the Florida Department of Financial Services.

OVERVIEW AND FUNDING

Project Title: FY2025-26 Drone Replacement Program

Project Start Date: 07/01/2025 **Project End Date:** 06/30/2026

Program Activities and Scope of Work

The Florida Legislature amended Section 934.50, Florida Statutes during the 2022 session. By July 1, 2022 governmental agencies using any drone not produced by an approved manufacturer must implement a plan to discontinue the use of the such drone by January 1, 2023. This grant provides funding for the Recipient to purchase drones that meet the compliance requirements outlined in Rule 60GG-2.0075, Florida Administrative Code.

The Recipient must prepare a Drone Funding Request Form (**Appendix A**) to receive funding under the revised program guidelines in Chapter 2025-199, Section 55, Laws of Florida. This form includes information about the recipient agency and how many drones they anticipate purchasing. The Department will review the request and allocate funding based on the information provided. The Recipient will be awarded funds, not to exceed $25,000 per compliant drone, approved by the Department on the Drone Funding Request Form (**Appendix A**).

DELIVERABLES

As stated in the scope and responsibilities above, the Recipient shall purchase new drones that are compliant with Rule 60GG-2.0075, Florida Administrative Code.

DISTRIBUTION AND PAYMENTS

This award is a cost-reimbursement agreement with the ability to request a cash advance. The Recipient will be awarded funds, not to exceed $25,000 for each compliant drone approved to purchase under this award.

Any funds paid in excess of the amount to which the participating agency is entitled under the terms and conditions of the agreement must be refunded to FDLE. Factual misrepresentations of drone purchases or other certifications will result in the loss of funding.

Funds under this agreement will be disbursed when all the following criteria are met:

- Executed agreement is signed by the Chief Official and provided to OCJGSFA@fdle.state.fl.us;
- The Drone Funding Request Form (Appendix A) is prepared and signed by the Chief Official and provided to OCJGSFA@fdle.state.fl.us; and
- Criteria is met for Option 1 (Reimbursement) or Option 2 (Cash Advance):

  Option 1 = Reimbursement: The Recipient may use its own funds to purchase the compliant drone and provide documentation related to the purchase including: purchase order, invoice, and proof of payment (cancelled check, bank/card statement, etc.).

  Option 2 = Cash Advance: The Recipient may request a cash advance to receive program funds and subsequently purchase the compliant drone. In order to qualify for this method of payment, the Recipient must provide a valid, executed purchase order and must be ready to order the compliant drone immediately upon the receipt of advanced funds. The Recipient must

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

provide documentation of purchase (invoice) and proof of payment (cancelled check, bank/card statement, etc.) within 45 days of receiving the advanced funds. Failure to provide documentation within 45 days will result in the Recipient being required to submit a refund to FDLE.

FDLE GRANT MANAGEMENT CONTACTS

The following individuals can assist with any program related questions or concerns:

FDLE Grant Manager
Name: Patricia Stark
Title: Government Analyst II
Phone: 850-617-1252

Appendix A – Drone Funding Request Form

Recipient: Ocala Fire Rescue **County:** Marion

1. Recipient Type (select all that apply):

   - [x] New Recipient (no funds received under this program)
   - [ ] Located in a fiscally constrained county
   - [ ] None of the above

2. How many drone pilots do you currently have on staff? 2

3. How many additional pilots are you seeking to train/certify? 2

4. How many compliant drones do you currently have in your fleet? 2

5. How many additional drones are you seeking with these funds? 2

   Based on your request, you are seeking an award amount of $ 50,000.00
   (max reimbursement of $25,000 per drone)

Provide any additional information we should consider when reviewing this request.

Ocala Fire Rescue is requesting the acquisition of two new drones to enhance our emregency response capabilities. These new assets will be integrated into our operations for every day response, special events, fire investigations/inspections, joint operations with our local law enforcement agencies and managing complex high-hazard incidents (IE: commercial structure fires, large-scale incidents, and Hazardous Materials response.) The drones are a critical tool for protecting our community and our first responders by providing essential information before they are placed in harm's way. The two drones we currently possess-generously donated by Florida Highway Patrol-are rapidly becoming unusable as the manufacturer has discontinued the model. In the short time we've had them, they have proven invaluable.

By signing below, I am submitting the request to receive funding in accordance with the revised Drone Replacement Program guidelines cited above.

Appendix B – FY2025-26 State Financial Assistance Standard Conditions

The following terms and conditions will be binding upon approval of the grant award and execution of the contract by both the Recipient and the Florida Department of Law Enforcement. The Recipient will maintain required registrations and certifications for eligibility under this program.

The Department and the Recipient agree that they do not contemplate the development, transfer or receipt of intellectual property as a part of this agreement.

SECTION I: PROJECT IMPLEMENTATION

Legal Authority: The Recipient certifies with respect to this agreement that it possesses the legal authority to receive the funds to be provided under this agreement and that, if applicable, its governing body has authorized, by resolution or otherwise, the execution and acceptance of this agreement with all covenants and assurances contained herein. The Recipient also certifies that the undersigned possesses the authority to legally execute and bind Recipient to the terms of this agreement.

Not Operational within 60 and 90 Days: If a project is not operational within 60 days of the original start date of the award period, the Recipient must report by letter to the Department the steps taken to initiate the project, the reasons for delay, and the expected start date. If a project is not operational within 90 days of the original start date of the award period, the Recipient must submit a second statement to the Department explaining the implementation delay. Upon receipt of the 90-day letter, the Department shall determine if the reason for delay is justified or shall, at its discretion, require additional project documentation and justifications throughout the award period. The Department will also require the Recipient provide a revised project timeline that includes all anticipated project activities, tasks, and estimated completion date(s).

SECTION II: PAYMENTS

Obligation to Pay: The State of Florida's obligation to pay under this agreement is contingent upon an appropriation by the Legislature.

Overpayments: Any funds paid in excess of the amount to which the Recipient is entitled under the terms and conditions of the agreement must be refunded to the Department. Any balance of unobligated cash that has been paid and has not been authorized to be retained for direct program costs in a subsequent period must be refunded to the Department.

Advance Funding (Drone Program Only): Advance funding may be provided to a Recipient upon completion and submission of the following to the assigned FDLE Grant Manager: (1) a completed "Compliant Drone Cash Advance Request" form, (2) a valid, executed Purchase Order, and (3) vendor quote(s) for the compliant drone. The request form must be signed by the Chief Official. Advanced funds must be spent on drone purchase within 30 days of receipt. In order to reconcile the Cash Advance, the Recipient must provide the invoice and proof of payment for the compliant drone to the assigned FDLE Grant Manager within 45 days of the receipt of the advanced funding. Should extenuating circumstances arise which prevent the expenditure of advance funds within 30 days of receipt, or the provision of required documentation to reconcile the funds, a written request to retain the funds must be provided by the Recipient and approved by the Department. Failure to provide documentation will result in a refund of any advanced funding.

SECTION III: PROJECT AND GRANT MANAGEMENT

Personnel Changes: The Recipient must notify the FDLE grant manager of any change in the Chief Officials or Project Director or any change in contact information, including mailing address, phone number, email, or title change.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Obligation of Grant Funds: Grant funds shall not under any circumstances be obligated prior to the effective date, or subsequent to the termination date, of the period of performance. Only project costs incurred on or after the effective date, and on or prior to the termination date of the Recipient's project are eligible for reimbursement. All payments must be completed within thirty (30) days of the end of the grant period of performance.

Financial Management: The Recipient must have a financial management system able to record and report on the receipt, obligation, and expenditure of grant funds. An adequate accounting system must be able to separately track receipts, expenditures, assets, and liabilities for awards, programs, and subrecipients. The Recipient shall maintain books, records, and documents (including electronic storage media) in accordance with generally accepted accounting procedures and practices. Recipient must have written procedures for procurement transactions.

Travel: Cost for travel shall be reimbursed at the Recipient's travel rate, but the maximum reimbursement for each type of travel cost shall not exceed rates established in State of Florida Travel Guidelines, §112.061, F.S.

Subcontracts: Recipient agrees that all employees, subcontractors, or agents performing work under the agreement shall be properly trained individuals who meet or exceed any specified training qualifications. Recipient agrees to be responsible for all work performance and all expenses incurred in fulfilling the obligations of this agreement, and will not assign the responsibility for this agreement to another party. If the Recipient subcontracts any or all of the work required under this agreement, the Recipient must provide a completed DFS-A2-NS (Recipient-Subrecipient vs. Vendor Determination) form and a copy of the executed subcontract within thirty (30) days after execution of the subcontract. The Recipient agrees to include in the subcontract that (i) the subcontractor is bound by all applicable state and federal laws and regulations, and (ii) the subcontractor shall hold the Department and Recipient harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this agreement, to the extent allowed and required by law.

Grant Adjustments: Recipients must submit a Request for Grant Adjustment to the FDLE grant manager for substantive changes such as: scope modifications, changes to project activities, target populations, service providers, implementation schedules, project director, designs or research plans set forth in the approved agreement, and for any budget changes affecting a cost category that was not included in the original budget. Recipients may transfer up to 10% of the total budget between current, approved budget categories without prior approval, as long as the funds are transferred to an existing line item. Adjustments are required when there will be a transfer of 10% or more of the total budget between budget categories. Under no circumstances can transfers of funds increase the total award. Requests for changes to the grant agreement must be signed by the Recipient or Implementing Agency's chief official or the chief official's designee. All requests for changes must be submitted no later than thirty (30) days prior to grant expiration date.

Property Management: The Recipient shall establish and administer a system to protect, preserve, use, maintain, and dispose of any property furnished to it by the Department or purchased pursuant to this agreement.

SECTION IV: MANDATORY DISCLOSURES

Conflict of Interest: The Recipient will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain. Recipients must disclose in writing any potential conflict of interest to the Department.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Violations of Criminal Law: The Recipient must disclose all violations of state or federal criminal law involving fraud, bribery or gratuity violations potentially affecting the grant award.

Convicted Vendors: The Recipient shall disclose to the Department if it, or any of its affiliates, as defined in §287.133(1)(a) F.S., is on the convicted vendor list. A person or affiliate placed on the convicted vendor list following a conviction for a public entity crime is prohibited from doing any activities listed in the agreement for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

Vendors on Scrutinized Companies Lists: If this agreement is in the amount of $1 million or more, Recipient certifies upon executing this agreement, that it is not listed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to §215.473, F.S., or engaged in business operations in Cuba or Syria. In the event that federal law ceases to authorize the states to adopt and enforce the contracting prohibition identified herein, this provision shall be null and void.

Discriminatory Vendors: The Recipient shall disclose to the Department if it or any of its affiliates, as defined by §287.134(1)(a), F.S. appears on the discriminatory vendors list. An entity or affiliate placed on the discriminatory vendor list pursuant to §287.134, F.S. may not a) submit a bid, proposal, or reply on a contract or agreement to provide any goods or services to a public entity; b) submit a bid, proposal, or reply on a contract or agreement with a public entity for the construction or repair of a public building or public work; c) submit bids, proposals, or replies on leases of real property to a public entity; d) be awarded or perform work as a contractor, subcontractor, Recipient, supplier, subrecipient, or consultant under a contract or agreement with any public entity; or e) transact business with any public entity.

Reporting Potential Fraud, Waste, Abuse, and Similar Misconduct: The Recipient must promptly refer to the Department of Law Enforcement, Bureau of Criminal Justice Grants any credible evidence that a principal, employee, agent, contractor, subcontractor, or other person has either 1) submitted a claim for grant funds that violates the False Claims Act; or 2) committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving grant funds.

Non-Disclosure Agreements: Restrictions and certifications regarding non- disclosure agreements and related matters Recipients or contracts/subcontracts under this award may not require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits, restricts or purports to prohibit or restrict, the reporting of waste, fraud or abuse in accordance with law, to an investigative or law enforcement representative of a state or federal department or agency authorized to receive such information. The Recipient certifies that if informed or notified of any subrecipient, or contractor/subcontractor has been requiring their employees to execute agreements or statements that prohibit the reporting of fraud, waste, or abuse that it will immediately cease all further obligations of award funds to the entity and will immediately notify the Department. The Recipient will not resume obligations until expressively authorized to do so from the Department.

SECTION V: COMPLIANCE WITH STATUTES, RULES, AND REGULATIONS

In performing its obligations under this agreement, the Recipient shall without exception be aware of and comply with all State and Federal laws, rules and regulations relating to its performance under this agreement as they may be enacted or amended from time-to-time, as well as any court or administrative order, judgment, settlement or compliance agreement involving the Department which by its nature affects the services provided under this agreement. The following are examples of rules and regulations that govern Recipient's performance under this agreement.

Lobbying Prohibited: The Recipient shall comply with the provisions of 11.062 and 216.347, F.S., which prohibit the expenditure of funds for the purpose of lobbying the Legislature, judicial branch, or a State agency. No funds or other resources received from the Department in connection with this agreement may

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

be used directly or indirectly to influence legislation or any other official action by the Florida Legislature or any state agency.

State of Florida E.O. 20-44: Public-Private Partnerships: Any entity named in statute with which the agency must form a sole-source, public-private agreement; and any nongovernmental Recipient receiving 50% or more of their annual budget from any combination of state or federal funding must submit an annual report to the Bureau of Criminal Justice Grants. The report must include the most recent IRS Form 990, detailing the total compensation for the entities' executive leadership teams. Total compensation shall include salary, bonuses, cashed-in leave, cash equivalents, severance pay, retirement benefits, deferred compensation, real-property gifts, and any other payout. In addition, the Recipient must agree through appropriate contract or grant agreement amendment to inform the agency of any changes in total executive compensation between the annual reports. All compensation reports must indicate what percent of compensation comes directly from the State or Federal allocations to the Recipient.

Civil Rights: The Recipient agrees to comply with the Americans With Disabilities Act (Public Law 101-336, 42 U.S.C. Section 12101 et seq.) and shall not discriminate against any employee (or applicant for employment) in the performance of this agreement because of race, color, religion, sex, national origin, disability, age, or marital status. These requirements shall apply to all contractors, subcontractors, subgrantees or others with whom it arranges to provide services or benefits to clients or employees in connection with its programs and activities.

E-Verify: The Department shall consider the employment by any contractor of unauthorized aliens a violation of section 274(e) of the Immigration and Nationalization Act. Such violation shall be cause for unilateral cancellation of this contract. Pursuant to F.S. 448.095, the Contracting Party and any subcontractors are required to register with and use the E-Verify system operated by the U.S. Department of Homeland Security beginning on January 1, 2021. The Contracting Party and any subcontractors are prohibited from entering into contracts with one another unless all parties register and use the E-Verify system. Subcontractors who enter into contracts with the Contracting Party are required to provide a certification that the subcontractor does not employ or use unauthorized aliens as defined in the statute, a copy of which the Contracting Party must maintain. The Contracting Party and any subcontractors are required to terminate a contract if a party has a good faith belief that another party is in violation of F.S. 448.09(1), prohibiting the employment of unauthorized aliens. If a public employer has a good faith belief that the subcontractor has violated these requirements, but that the Contracting Party has otherwise complied, the public employer must notify the Contracting Party to terminate its contract with the subcontractor. A party may challenge a contract termination in accordance with these requirements. A penalized Contractor is prohibited from obtaining another contract with a public employer for at least one year.

Background Check: Whenever a background screening for employment or a background security check is required by law for employment, unless otherwise provided by law, the provisions of Chapter 435 F.S., shall apply. All employees in positions designated by law as positions of trust or responsibility shall be required to undergo security background investigations as a condition of employment and continued employment. For the purposes of the subsection, security background investigations shall include, but not be limited to, employment history checks, fingerprinting for all purposes and checks in this subsection, statewide criminal and juvenile record checks through the Florida Department of Law Enforcement, and federal criminal record checks through the Federal Bureau of Investigation, and may include local criminal record checks through local law enforcement agencies.

Public Records: As required by 287.058(1)(c), F.S., the Recipient shall allow public access to all documents, papers, letters, or other public records as defined in 119.011(12), F.S.as prescribed by 119.07(1) F.S., made or received by the Recipient in conjunction with this agreement, except public records which are made confidential by law must be protected from disclosure. It is expressly understood that the Recipient's failure to comply with this provision shall constitute an immediate breach of contract, for which the Department may unilaterally terminate this agreement.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Independent Contractor, Subcontracting and Assignments: In performing its obligations under this agreement, the Recipient shall at all times be acting in the capacity of an independent contractor and not as an officer, employee, or agent of the State of Florida. Neither the Recipient nor any of its agents, employees, subcontractors or assignees shall represent to others that it is an agent of or has the authority to bind the Department by virtue of this agreement, unless specifically authorized in writing to do so.

Timely Payment of Subcontractors: To the extent that a subcontract provides for payment after Recipient's receipt of payment from the Department, the Recipient shall make payments to any subcontractor within 7 working days after receipt of full or partial payments from the Department in accordance with §287.0585, F.S., unless otherwise stated in the agreement between the Recipient and subcontractor. Failure to pay within seven (7) working days will result in a penalty that shall be charged against the Recipient and paid by the Recipient to the subcontractor in the amount of one-half of one percent (.005) of the amount due per day from the expiration of the period allowed for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen (15%) percent of the outstanding balance due.

Notice of Legal Actions: The Recipient shall notify the Department of potential or actual legal actions taken against the Recipient related to services provided through this agreement or that may impact the Recipient's ability to complete the deliverables outlined herein, or that may adversely impact the Department. The Department's Grant Manager will be notified within 10 days of Recipient becoming aware of such actions or potential actions or from the day of the legal filing, whichever comes first.

Property: In accordance with 287.05805, F.S., any State funds provided for the purchase of or improvements to real property are contingent upon the Recipient granting to the State a security interest in the property at least to the amount of the State funds provided for at least five (5) years from the date of purchase or the completion of the improvements or as further required by law.

SECTION VI: RECORDS, AUDITS, AND INFORMATION SECURITY

Records Retention: Retention of all financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to this agreement shall be maintained by the Recipient during the term of this agreement and retained for a period of five (5) years after completion of the agreement or longer when required by law. In the event an audit is required under this agreement, records shall be retained for a minimum period of five years after the audit report is issued or until resolution of any audit findings or litigation based on the terms of this agreement, at no additional cost to the Department. Upon demand, at no additional cost to the Department, the Recipient will facilitate the duplication and transfer of any records or documents during the term of this agreement and the required five (5) year retention period. No record may be withheld, nor may the Recipient attempt to limit the scope of any of the foregoing inspections, reviews, copying, transfers or audits based on any claim that any record is exempt from public inspection or is confidential, proprietary or trade secret in nature; provided, however, that this provision does not limit any exemption to public inspection or copying to any such record. These records shall be made available at all reasonable times for inspection, review, copying, or audit by State, or other personnel duly authorized by the Department.

Records Inspection: Pursuant to Section 216.1366, F.S., in order to preserve the interest of the state in the prudent expenditure of state funds, the Department shall be authorized to inspect the (a) Financial records , papers, and documents of the Contractor that are directly related to the performance of the Contract or the expenditure of state funds, and (b) Programmatic records, papers, and documents of the Contractor which the Department determines are necessary to monitor the performance of the Contract or to ensure that the terms of the Contract are being met. The Contractor shall provide such records, papers, and documents requested by the Department within ten (10) business days after the request is made.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Monitoring: The Recipient agrees to comply with the Department's grant monitoring guidelines, protocols, and procedures; and to cooperate with the Department on all grant monitoring requests, including requests related to desk reviews, enhanced programmatic desk reviews, site visits, and/or Florida Department of Financial Services contract reviews and Expanded Audits of Payment (EAP). The Recipient agrees to provide the Department all documentation necessary to complete monitoring of the award and verify expenditures in accordance with 215.971, F.S. Further, the Recipient agrees to abide by reasonable deadlines set by the Department for providing requested documents. Failure to cooperate with grant monitoring activities may result in sanctions affecting the Recipient's award, including, but not limited to: withholding and/or other restrictions on the Recipient's access to funds, and/or referral to the Office of the Inspector General for audit review.

Florida Single Audit Act (FSAA): The Recipient shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by The Office of the Inspector General (§20.055, F.S.). In the event that the Recipient expends a total amount of state financial assistance equal to or in excess of $750,000 in any fiscal year, the Recipient must have a single audit or project-specific audit in accordance with §215.97, F.S. and the applicable rules of the Department of Financial Services and the Auditor General. In determining the state financial assistance expended in its fiscal year, the Recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Law Enforcement, other state agencies, and other non-state entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a non-state entity for Federal program matching requirements. The schedule of expenditures should disclose the expenditures by contract/agreement number for each contract with the Department in effect during the audit period. All questioned costs and liabilities due the Department shall be fully disclosed in the audit report package with reference to the specific contract number. If the Recipient expends less than $750,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of 215.97, F.S., is not required. In the event that the Recipient expends less than $750,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of 215.97, F.S., the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the Recipient's resources obtained from other than State entities). Pursuant to 215.97(8), F.S., state agencies may conduct or arrange for audits of state financial assistance that are in addition to audits conducted in accordance with §215.97, F.S. In such an event, the state awarding agency must arrange for funding the full cost of such additional audits. Any reports, management letters, or other information required to be submitted to the Department pursuant to this agreement shall be submitted within nine (9) months after the end of the Recipient's fiscal year or within 30 days of the Recipient's receipt of the audit report, whichever occurs first, unless otherwise required by Florida Statutes. Copies of financial reporting packages required by this agreement shall be submitted by or on behalf of the Recipient directly to each of the following:

The Department of Law Enforcement:
Florida Department of Law Enforcement
Bureau of Criminal Justice Grants
ATTN: State Financial Assistance
Post Office Box 1489 Tallahassee, Florida 32302-1489

The Auditor General's Office at:
Auditor General's Office, Room 401
Pepper Building
111 West Madison Street
Tallahassee, Florida 32399-1450

Criminal Justice Information Data Security: Acceptance of this award, constitutes understanding that transmission of Criminal Justice Information (CJI) between locations must be encrypted to conform to the Federal Bureau of Investigation (FBI) Criminal Justice Information Services (CJIS) Security Policy.

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

Recipient's Confidential and Exempt Information: By executing this agreement, the Recipient acknowledges that any information not marked as "confidential" or "exempt" will be posted by the Department on the public website maintained by the Department of Financial Services pursuant to 215.985, F.S. The Recipient agrees that, upon written request of the Department, it shall promptly provide to the Department a written statement of the basis for the exemption applicable to each provision identified by the Recipient as "confidential" or "exempt", including the statutory citation to an exemption created or afforded by statute, and state with particularity the reasons for the conclusion that the provision is exempt or confidential. Any claim by Recipient of trade secret (proprietary) confidentiality for any information contained in Recipient's documents (reports, deliverables or work papers, etc., in paper or electronic form) submitted to the Department in connection with this agreement cannot be waived, unless the claimed confidential information is submitted in accordance with the following two paragraphs.

The Recipient must clearly label any portion of the documents, data, or records submitted that it considers exempt from public inspection or disclosure pursuant to Florida's Public Records Law as trade secret. The labeling will include a justification citing specific statutes and facts that authorize exemption of the information from public disclosure. If different exemptions are claimed to be applicable to different portions of the protected information, the Recipient shall include information correlating the nature of the claims to the particular protected information.

The Department, when required to comply with a public records request including documents submitted by the Recipient, may require the Recipient to expeditiously submit redacted copies of documents marked as trade secret in accordance with this section. Accompanying the submission shall be an updated version of the justification, correlated specifically to redacted information, either confirming that the statutory and factual basis originally asserted remain unchanged or indicating any changes affecting the basis for the asserted exemption from public inspection or disclosure. The redacted copy must exclude or obliterate only those exact portions that are claimed to be trade secret. If the Recipient fails to promptly submit a redacted copy, the Department is authorized to produce the records sought without any redaction of proprietary or trade secret information.

SECTION VII: PENALTIES, TERMINATION, DISPUTE RESOLUTION, AND LIABILITY

Financial Penalties for Failure to Take Corrective Action: Corrective action plans may be required for noncompliance, nonperformance, or unacceptable performance under this agreement. Penalties may be imposed for failures to implement or to make acceptable progress on such corrective action plans.

Termination: The Department reserves the right to unilaterally cancel this agreement for refusal by the Recipient to allow public access to all documents, papers, letters or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the Recipient in conjunction with this agreement, unless the records are exempt pursuant to Article I. Section 24(a), of the Florida Constitution and §119.07(1), F.S. The Department shall be the final authority as to the appropriation, availability and adequacy of funds. In the event the Recipient fails to fully comply with the terms and conditions of this agreement, the Department may terminate the agreement upon written notice. Such notice may be issued without providing an opportunity for cure if it specifies the nature of the noncompliance and states that provision for cure would adversely affect the interests of the State or is not permitted by law or regulation. Otherwise, notice of termination will be issued after the Recipient's failure to fully cure such noncompliance within the time specified in a written notice of noncompliance issued by the Department specifying the nature of the noncompliance and the actions required to cure such noncompliance. In addition, the Department may employ the default provisions in Rule 60A-1.006(3), F.A.C., but is not required to do so in order to terminate the agreement. The Department's failure to demand performance of any provision of this agreement shall not be deemed a waiver of such performance. The Department's waiver of any one breach of any provision of this agreement shall not be deemed to be a waiver of any other breach and neither event shall be construed to be a modification of the terms and conditions of this agreement. The provisions herein do not limit the Department's right to remedies at law or in equity. The validity of this agreement is subject to the truth and accuracy of all the information, representations, and materials submitted or provided by the Recipient in this agreement, in any subsequent submission or response to Department request, or in any

Docusign Envelope ID: A959B9DE-4673-4CEE-85C1-2B737E85A761

submission or response to fulfill the requirements of this agreement, and such information, representations, and materials are incorporated by reference. The lack of accuracy thereof or any material changes shall, at the option of the Department and with thirty (30) days written notice to the Recipient, cause the termination of this agreement and the release of the Department from all its obligations to the Recipient. This agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of this agreement shall lie in Leon County. If any provision hereof is in conflict with any applicable statute or rule, or is otherwise unenforceable, then such provision shall be deemed null and void to the extent of such conflict, and shall be deemed severable, but shall not invalidate any other provision of this agreement. No waiver by the Department of any right or remedy granted hereunder or failure to insist on strict performance by the Recipient shall affect or extend or act as a waiver of any other right or remedy of the Department hereunder, or affect the subsequent exercise of the same right or remedy by the Department for any further or subsequent default by the Recipient. Any power of approval or disapproval granted to the Department under the terms of this agreement shall survive the terms and life of this agreement as a whole. The agreement may be executed in any number of counterparts, any one of which may be taken as an original. In the event of termination, the Recipient will be compensated for any work satisfactorily completed through the date of termination or an earlier date of suspension of work.

Disputes and Appeals: The Department shall make its decision in writing when responding to any disputes, disagreements, or questions of fact arising under this agreement and shall distribute its response to all concerned parties. The Recipient shall proceed diligently with the performance of this agreement according to the Department's decision. If the Recipient appeals the Department's decision, the appeal also shall be made in writing within twenty-one (21) calendar days to the Department's clerk (agency clerk). The Recipient's right to appeal the Department's decision is contained in Chapter 120, F.S., and in procedures set forth in Fla. Admin. Code R.28-106.104. Failure to appeal within this time frame constitutes a waiver of proceedings under Chapter 120, F.S. After receipt of a petition for alternative dispute resolution the Department and the Recipient shall attempt to amicably resolve the dispute through negotiations. Timely delivery of a petition for alternative dispute resolution and completion of the negotiation process shall be a condition precedent to any legal action by the Recipient concerning this agreement.

Liability: Unless the Recipient is a state agency or subdivision, the Recipient shall be solely responsible to parties with whom it shall deal in carrying out the terms of this agreement, and shall save the Department harmless against all claims of whatever nature by third parties arising out of the performance of work under this agreement. For purposes of this agreement, Recipient agrees that it is not an employee or agent of the Department, but is an independent contractor. Nothing herein shall be construed as consent by a state agency of the State of Florida to be sued by third parties in any matter arising out of any contract. Nothing shall be construed affect in any way the Recipient rights, privileges, and immunities under the doctrine of "sovereign immunity" and as set forth in 768.28, F.S.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Ocala - Procurement & Contracting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Ocala - Procurement & Contracting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: contracts@ocalafl.org

To advise City of Ocala - Procurement & Contracting of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at contracts@ocalafl.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from City of Ocala - Procurement & Contracting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to contracts@ocalafl.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Ocala - Procurement & Contracting

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to contracts@ocalafl.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Ocala - Procurement & Contracting as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Ocala - Procurement & Contracting during the course of your relationship with City of Ocala - Procurement & Contracting.

Skydio V200 and VT300 gimbals are export controlled items, with export control classification number (ECCN) 6A003.b.4.b. Where an export license is required, delivery of any export controlled item is contingent upon Skydio being granted an export control license for the sale from the U.S. Department of Commerce. If Skydio delivers an export-controlled item to a customer in the U.S. and that customer seeks to export or otherwise divert the item

outside the U.S., it is the customer's responsibility to apply for any required license(s) from the U.S. government. Diversion contrary to U.S. law is prohibited.

Certain items in this order may be subject to certification requirement(s) under United States federal and/or state law. Skydio's delivery of any such item within the United States is contingent upon completion of applicable US-based certification processes. Skydio shall bear sole responsibility for, and will provide a full refund to Customer for any items for which Skydio is unable to obtain applicable US-based certification. The foregoing is inapplicable to items purchased for export from the United States.

With respect to any geographic location into which Customer will import the Products or Services, Customer represents and warrants that it has all necessary licenses, waivers, or other regulatory approvals necessary in order to import and operate the Products and Services. Customer is solely responsible for any costs, fees, penalties, judgments or other liabilities arising from Customer's import, export, transfer or operation of the Products or Services outside the Authorized Territory.

Terms and Conditions

Skydio's sale of the products and services in this quote will be subject to TIPS Contract #230905 "Civilian-Use Drone Goods and Services (Non-Military)" (which includes Skydio's terms and conditions). Skydio will not accept a purchase order resulting from this quote unless the purchase order references this quote directly by number and states that TIPS Contract #230905 shall govern such purchase order.

Exhibit A: Product Descriptions and Definitions

Product Name	Description
Skydio X10 Ready Kit (2.4/5 GHz, 5G/ LTE Ready: SIM Card Included, IR) NA + VT300-Z	Kit includes one (1) Skydio X10 Vehicle with Sensor Package (2.4/5 GHz, 5G/LTE Ready, IR) NA + VT300-Z, one (1) Enterprise Controller, one (1) Ready Case, two (2) wall adapters, one (1) set additional propellers, two (2) 256 GB micro SD cards, three (3) batteries, and one (1) dual charger. Includes one (1) license to Skydio Autonomy Drone Software that allows the drone to see, understand, and act upon the world. License is perpetual and non-transferable. Data sold separately.
Skydio Care for X10 with Cellular 5G + VT300-Z, 3-year	Skydio Care for X10 with Cellular 5G + VT300-Z, 3-year includes bundled Care for the Skydio X10 with Cellular 5G and the VT300-Z Sensor Package. Skydio Care for X10 with Cellular 5G (3yr plan) includes: (a) three (3) Damage Replacement with advance shipment and up to one (1) Lost Drone Replacement with advance shipment. Skydio Care for VT300-Z (3yr plan) includes: (a) three (3) Damage Replacement with advance shipment and up to one (1) Lost Sensor Package Replacement with advance shipment. In either event, Customer will be charged the full cost of the replacement sensor package if Skydio fails to receive payment of associated replacement fees (covered in T&C) within thirty (30) days of the shipment.
Skydio Fleet Manager for X10	One (1) subscription to Skydio Fleet Manager for X10 includes access to Skydio Fleet Manager for tracking fleet usage. Includes live streaming of video to a single user. Includes one (1) subscription to Skydio Model Viewer, which allows the user of Fleet Manager to view 3D models from the browser.
Skydio NightSense with IR Attachment for X10	Skydio NightSense for X10 includes access to advanced autonomy functionality in no and low light situations. Includes one (1) perpetual license and one (1) infrared light spectrum active illumination attachment that can be carried by Skydio X10.
Skydio Spotlight for X10	One (1) spotlight attachment that can be carried by the Skydio X10.

Department: Human Resources and Risk Management

FORMAL TITLE:
Workers' compensation settlement in the matter of Patricia Mraz versus the City of Ocala, Florida, with a proposed settlement amount of $96,250

OCALA'S RELEVANT STRATEGIC GOALS:
Fiscally Sustainable, Operational Excellence

PROOF OF PUBLICATION:
N/A

BACKGROUND:
The Claimant was a police officer for the City of Ocala. Her date of hire was March 11, 1996. She retired from the City of Ocala on July 31, 2025. She is currently 59 years old.

The Claimant has two dates of injury: December 21, 2015, and February 13, 2018. The City has asserted the statute of limitations against the 2015 date of the accident. The date of the accident, February 13, 2018, remains compensable.

As to the February 13, 2018, accident, the Claimant slipped on a wet metal ramp, striking both knees, but predominantly her right knee.

Following the Claimant's 2018 injury, she was initially treated at the City's employee health center, CareHere, and an MRI was completed. The MRI took place on February 28, 2018, which indicated as follows:

- ACL graft appears intact
- Horizontal cleavage tear involving the posterior horn of the medial meniscus
- Dating of the findings is indeterminate based on the examination

Claimant was eventually referred to Dr. Burkhart, who noted the Claimant had arthritic changes in her right knee, which he stated were almost certainly the cause of her persistent and continued symptoms. Dr. Burkhart placed the Claimant at MMI as of July 1, 2020, with an impairment rating of 5 percent. He also released the Claimant to return to work on full duty without restrictions. He suggested that the Claimant consider anti-inflammatory medications, as well as a knee brace, to help with her stability and compression. The doctor noted

that further treatment would focus on the arthritic changes in the knee.

The Claimant returned to Dr. Burkhart on August 19, 2020. The doctor noted the Claimant's osteoarthritic changes in the right knee, and based on his review of her prior records, these changes were related to her initial and subsequent work injuries. The doctor noted her current symptoms were 100 percent related to arthritic changes, and these arthritic changes were more likely than not related to her multiple prior surgical interventions to the right knee, which were all work-related.

The doctor recommended a steroid injection, which was performed. Additionally, he recommended that she continue taking anti-inflammatory medications and that the Claimant could continue working full duty without restrictions

The Claimant continued periodic visits on a palliative basis with Dr. Burkhart in 2021, 2022, 2023, and 2024, including undergoing viscosupplementation and injections for her right knee osteoarthritis, post-traumatic.

On June 18, 2025, Dr. Burkhart recommended that, as the Claimant had failed conservative treatment management, she undergo total replacement surgery. Dr. Burkhart indicated that the causal relationship of the need for the Claimant's knee replacement surgery was 100 percent related to the subject workplace accident.

The approximate cost for total knee replacement surgery is $73,670, and there is the likelihood that, due to the Claimant's age, she would need another surgery, and possibly a third if there are complications. Additionally, post-surgery, there remains the possibility of referral to pain management, which can also become costly.

As a result, given the estimated claim value, which exceeds the claimant's initial demand of $187,500, we are requesting approval to settle for $96,150, plus $100 for a general release, for a total of $96,250.

FINDINGS AND CONCLUSIONS:
City staff finds and determines that the settlement of this matter for the sum of $96,250:

- Represents a reasonable, cost-effective settlement of the pending litigation while avoiding additional costs of litigation and the risk of an adverse judgment at trial;
- Does not result in a significant impact on the finances of the City of Ocala, Florida; and
- Is in the best interest of the City of Ocala, Florida, and its citizens.
- Staff recommends approval.

FISCAL IMPACT:
As this is an accepted claim, it appears unlikely that the self-insured retention would be reached. The $96,250 all-inclusive settlement would be paid out from the City's self-insurance fund.

PROCUREMENT REVIEW:
N/A

LEGAL REVIEW:
The settlement resolution has been reviewed and is recommended by Bettina Carrier, the City's Workers' Compensation Attorney and City Attorney William E Sexton.

ALTERNATIVE:

The City would continue to pay benefits under the 2018 date of accident, which could far exceed the cost of the proposed settlement.

CASE NO: 25-015904WRH D/A: 12/21/2015

MEDIATION SETTLEMENT AGREEMENT

( ) This is not a Washout Settlement under F.S. 440.20(11).
(x) This is a Washout Settlement under F.S. 440.20(11).

The Employer/Carrier agrees to pay and the Claimant agrees to accept **$96,150.00** inclusive of all attorneys fees and costs as a complete settlement of the above captioned claims and any and all claims, dates of accident or injuries with City of Ocala and PMA Companies.

The claimant agrees to execute a General Release and agreement not to reapply or be rehired by the employer for consideration of **$100.00.** The General Release will not have any adverse effect on claimants rights to and ability to apply for vested benefits with longevity of service, similarly situated as any other employee/retiree in her position.

All benefits medical and indemnity will end upon City Council Approval.

The E/C will continue to authorize palliative medical care thru City Council approval that is reasonable and causally related to the industrial accident and limited to that recommended by the authorized treating physicians. No invasive treatment will be provided, including but not limited to injections, surgery, diagnostics, etc.

The Claimant will net **$71,960.50** from the above settlement amount after attorney fees of **$24,037.50** and costs of **$152.00** less any Child Support.

The above settlement is contingent upon City Council approval.

The Claimant affirms that this Settlement Agreement was read and explained to her by her attorney and that she understands all terms of the settlement and fully, freely and voluntary agrees to all terms of the settlement.

The foregoing Mediation Settlement Agreement is stipulated to and agreed to by the undersigned parties in the presence of the undersigned Mediator.

ALL other matters discussed at the Mediation remain privileged and confidential, unless otherwise agreed by all parties.

Council Member James P. Hilty Sr
Council Member Jay A. Musleh
Council President Kristen M. Dreyer

Excused: Council Member Barry Mansfield

2a. New Employees

- Darren Hollin, Electric

3. Public Notice

Public Notice for the November 4, 2025 City Council Regular Meeting was posted on October 7, 2025

4. Proclamations and Awards

4a. Presentation of the Look Up Marion, Put Down the Phone Day Proclamation to Beth McCall, Executive Director of Marion County Children's Alliance

Mayor Marciano presented a proclamation for Look Up Marion, Put Down the Phone Day. Several community partners briefly introduced themselves and shared their involvement in the "Put Down the Phone and Look Up, Marion" campaign. Representatives from organizations including the Kimberly Center for Child Protection, a digital marketing agency, Marion County government, trauma support initiatives, drowning prevention efforts, and Marion County Public Schools expressed their support and highlighted the campaign's positive impact on children, families, and community safety. The initiative promotes digital awareness, encourages outdoor engagement, and aims to foster stronger relational connections. Ms. McCall encouraged everyone to participate in the campaign on November 15 by putting down their phones, spending time with loved ones, and performing a random act of kindness.

6l. Renewal of Mark's Prime (Ocala Prime Partners Holdings, LLC) valet parking license

Presentation By: William Spinney

Community Outreach Manager William Spinney presented the annual renewal request for Mark's Prime valet parking license (Item 6L). The permit remains unchanged since its last update in 2022, which included the addition of an approved parking lot with access from SW 2nd Avenue. The valet service has been in operation since 2009, with the current stakeholders managing it since 2022. .

Council Member Hilty raised concerns about ongoing valet parking violations at Mark's Prime, specifically vehicles remaining at the drop-off area beyond the permitted 15-minute limit, creating traffic and safety issues. He emphasized the need for

enforcement, noting that past efforts had been ineffective.

Mr. Spinney stated that for the first time, dedicated staff are now assigned downtown during peak valet hours, seven days a week until 9:30 p.m., allowing real-time monitoring and enforcement of valet operations.

10j. One-year extension to the purchase and sale contract for 115 acres of non-aviation property at Ocala International Airport with InSite Real Estate Investment Properties, LLC

Presentation By: Matthew Grow

Airport Director Matthew Grow confirmed that City Council is considering a one-year extension.

City Attorney Sexton and City Manager Pete Lee clarified the amendment and extension with Council Member Musleh. The amendment allows Insite to, if they choose, extend from May 2026 through September 2027. The goal is to ensure Insite can complete their due diligence and make sure they know they can get their end user to closing. The expectation is to close in 2026.

Mr. Grow confirmed the City has witnessed the developer expensing monies for the development project. Furthermore, he clarified the City's solicitation marketing efforts.

City Attorney Sexton clarified the contracts due diligence clause and real estate process with City Council.

There being no further discussion the motion carried by roll call vote.

11. Internal Auditor's Report

12. City Manager's Report

- **TPO meeting rescheduled to Thursday, November 13, 2025 at 3 pm, at the Board of County Commissioners Auditorium**
- **City Employee Health Fair to be held November 5, 2025, from 11 am to 2 pm, at the Downtown Market**

13. Ocala Police Department Report

- **Overview of Crime and Traffic Stops**

Police Chief Mike Balken reported on crime data for the period, October 13, 2025 to October 26, 2025: 7,221 total incidents, 4,617 proactive calls, 2,604 dispatched calls, quadrant breakdown (dispatched versus proactive), 320 crimes, 187 arrests, 924 traffic stops, and 153 crashes.

- **Department Highlights**

Police Chief Mike Balken reported the department successfully responded to two incidents in October regarding the following: possession of a firearm by a convicted felon and suicide attempt. The department will be hosting a Cops & Cars event on November 15, 2025, at 10 am, location OPD Headquarters.

14. Ocala Fire Rescue Department Report

- **Unit Responses**

Fire Chief Clint Welborn reported on unit responses for a two-week period, October 21, 2025 to November 3, 2025. The two busiest units: Fire Rescue Four (152-unit responses) and Fire Engine One (92-unit responses).

- **Service calls update**

  Fire Chief Clint Welborn reported on call type spotlights for a three-week period, October 21, 2025 to November 3, 2025: motor vehicle accidents 87, structure fires 1, and community paramedicine/core 38, and calls for service 891 (21,092 calls-to-date).

- **Department Highlights**

  Fire Chief Clint Welborn provided a brief overview of Fire Prevention Month and Save Training.

15. City Attorney's Report

16. Public Comments

- **Jason Tolbert, 201 NE 37th Court, Ocala, FL, commented on the homeless population problem in the City**

  Jason Tolbert, 201 NE 37th Court, Ocala, FL, stated he still has not received housing assistance from local non-profit organizations. He challenged the City to establish their own homeless shelter to better serve the homeless population in the City.

- **Sandra Yager, Resident, commented on the homeless population problem in the City**

  Sandra Yager, Resident, stated she still has not received housing assistance from local non-profit organizations. She challenged City Council to experience homelessness for 48 hours.

- **Kristen Walden, 4601 SE 37th Court, expressed concerns about student safety due to hazardous traffic, inadequate sidewalks, and poor lighting on routes to school**

  Kristen Walden, 4601 SE 37th Court, discussed student safety in the City. She expressed concern regarding the following: lack of pedestrian safety infrastructure, lack of sidewalks/signage, and poor lighting on school routes. Furthermore, she is partnering with several City departments and organizations to support student safety efforts.

  Council President Dreyer stated the TPO will be creating a task force to support student safety.

  City Manager Pete Lee stated the City is working with the TPO and School Board to improve routes for students.

  Mayor Marciano spoke on the City’s efforts to improve student safety in the City.

  City Engineer & Director of Water Resources Sean Lanier encouraged the public to attend tomorrow’s community meeting hosted by the City’s consultants regarding pedestrian safety improvements.

Council Member Bethea spoke in support of pedestrian safety improvements.

City Manager Pete Lee advised City Council on the City's current priorities.

17a. Power Cost Adjustment Report - September 2025

17b. Fully Executed Contracts Under $50,000

18. Comments by Mayor

- **Healthy Ocala website traffic update**

  Mayor Marciano discussed the October 2025 Analytics Report for Healthy Ocala. He provided a brief overview of the following: social media outreach, web traffic, and advertisements. Healthy Ocala has become a tremendous success with numerous resources for the public to utilize.

- **State Road 40 safety improvements**

  Mayor Marciano reported that the public has expressed great concern regarding pedestrian safety on State Road 40.

  City Manager Pete Lee discussed how the City is working with DOT to improve pedestrian safety on State Road 40.

- **Mayor Marciano expressed concerns regarding the strategy for securing commercial tenants for the ground floor of the Downtown Hilton and also noted the presence of overgrown weeds on the property**

  Mayor Marciano discussed how the Downtown Hilton property is an eyesore in the community and requested the City take action to address the matter.

  City Manager Pete Lee assured the Mayor that the City is working with the property to remedy the matter for the community.

- **Resources for homeless individuals**

  Mayor Marciano recognized the Dignity House organization for helping a young adult who aged out of the foster system by helping the individual secure a housing opportunity in the City.

19. Comments by City Council Members

- **Council Member Hilty commented on the homeless population problem in the City**

  Council Member Hilty addressed concerns expressed during public comment regarding lack of resources for the homeless population. He assured City Council that there are many resources and programs available for the public to utilize.

- **Council Member Hilty invited City Council to tour a new dementia facility on November 14, 2025, at 10:00 am**
- **Council President Dreyer clarified City Council assignments to Boards/Commissions**

Department: Growth Management

FORMAL TITLE (Motion Ready):
Ordinance 2026-1 to amend the code of ordinances for permitted uses in the M-1, Light Industrial, zoning district to include churches/places of worship located on major and minor arterial roadways subject to supplemental regulations (COD25-0003)

OCALA'S RELEVANT STRATEGIC GOALS:
Economic Hub, Quality of Place

PROOF OF PUBLICATION:
N/A

- **Applicant:** A Plus Homes Inc.
- **Agent:** James W. Gooding, III, Gooding and Batsel, PLLC

BACKGROUND:

This is an applicant-initiated text amendment to the city's Code of Ordinances to allow for a church/place of worship as a permitted use within the M-1, Light Industrial zoning district. The applicant owns M-1, light industrial-zoned property along SW 17th Street (SR 464), a classified arterial roadway. The surrounding area between US 441 and SW 19th Avenue Road maintains the M-1, Light Industrial zoning designation consistent with the redevelopment of the area (previously Taylor Field) as the Ocala Industrial Park. While a rezoning request is an option for the applicant, the area contains a mixture of industrial, retail, and office uses, and a rezoning request for a single property within this area would raise concerns regarding spot zoning and overall compatibility. The applicant chose to apply for a text amendment to the Code of Ordinances to allow for the church/place of worship use within the M-1 zoning district. Through discussions with staff, the text amendment includes certain restrictions to ensure that location (including major and minor arterial roadways) and compatibility are maintained. Specifically, the amendment consists of the following changes to the permitted uses chart and supplemental regulations for churches/places of worship:

- Amends the permitted uses chart and associated legend (Section 122-287) to reflect churches/places of

worship as permitted in the M-1 zoning district, subject to supplemental regulations contained under Section 122-1195.

- Amends the intent and purpose of the M-1 zoning district (Sec. 122-761) to allow for other compatible uses.

- Amends the permitted principal uses of the M-1 zoning district (Sec. 122-762) to include churches/places of worship on major and minor arterial roadways.

- Amends the supplemental regulations for churches/places of worship (Section 122-1195) to reflect that a church/place of worship is permitted in the M-1 zoning district only on major and minor arterial roadways. This restriction reduces the number of properties that would qualify, allowing for a church/place of worship, and minimizing further concerns related to increased vehicular, pedestrian, and parking activities in these light industrial areas.

- Specifies that any private school or daycare use associated with a church/place of worship in the M-1 zoning district shall require an additional special exception approval.

The proposed amendment does not conflict with recent legislation contained in F.S. Chapter 2025-190 (formerly SB 180), which took effect on July 1, 2025, that restricts local governments from adopting more restrictive or burdensome amendments to the comprehensive plan or land development regulations. The proposed text amendment does not impose more restrictive or burdensome standards, as it provides for additional allowances for a previously prohibited use within the M-1 zoning district.

Planning and Zoning Commission:

The code amendment was presented to the Planning and Zoning Commission on October 13, 2025. The applicant's agent provided additional context as to the location of the applicant's property and the historical application of M-1, Light Industrial, zoning along SW 17th Street. There were no further comments or questions, and the Commission voted four to zero to recommend approval to the City Council.

FINDINGS AND CONCLUSIONS:

- The proposed amendment would allow for churches/places of worship along major and minor arterial roadways in the M-1 zoning district.

- The proposed amendment is consistent with the requirements for daycares in the M-1 zoning district, which require special exception approval.

- The proposed amendment requires a private elementary or secondary school associated with a church/place of worship in the M-1 zoning district to obtain a special exception. Private elementary or secondary schools are otherwise not permitted in the M-1 zoning district.

- The proposed amendment does not conflict with F.S. Chapter 2025-190 (formerly SB 180).

- The proposed amendment does not conflict with the Property Rights Element of the Comprehensive Plan.

Staff recommends approval.

AN ORDINANCE OF THE CITY OF OCALA, FLORIDA, CONCERNING CHURCHES IN M-1 ZONING DISTRICT; AMENDING SECTION 122-761 PROVIDING FOR INTENT AND PURPOSE OF M-1 ZONING DISTRICT BY PROVIDING FOR ADDITIONAL USES; AMENDING SECTION 122-762 PROVIDING PERMITTED PRINCIPAL USES IN M-1 ZONING DISTRICT BY ADDING, AS A PERMITTED USE, CHURCHES/PLACES OF WORSHIP ON MAJOR AND MINOR ARTERIAL ROADWAYS; AMENDING SECTION 122-287 PROVIDING A TABLE OF PERMITTED USES BY PROVIDING FOR CHURCHES/PLACES OF WORSHIP TO BE PERMITTED USES IN THE M-1 ZONING DISTRICT SUBJECT TO SUPPLEMENTAL REGULATIONS; AMENDING SECTION 122-287 PROVIDING A TABLE OF PERMITTED USES BY INCLUNDING A REFERENCE TO THE SUPPLEMENTAL REGULATIONS FOR CHURCHES/PLACES OF WORSHIP UNDER THE LEGEND; AMENDING SECTION 122-1195 PROVIDING SUPPLEMENTAL REGULATIONS FOR CHURCHES/PLACES OF WORSHIP TO SPECIFY ALLOWANCES FOR CHURCHES/PLACES OF WORSHIP ALONG MAJOR AND MINOR ARTERIAL ROADWAYS WITHIN THE M-1 ZONING DISTRICT; PROVIDING FOR SEVERABILITY; PROVIDING FOR THE REPEAL OF CONFLICTING ORDINANCES; AND PROVIDING AN EFFECTIVE DATE.

NOW THEREFORE BE IT ORDAINED by the City Council of the City of Ocala, Florida as follows:

Section 1. Section 122-761 of the City Code is amended to read as follows:

Sec. 122-761. Intent and purpose.

The light industrial (M-1) district is intended primarily for wholesale distribution, warehouse storage, research and development, showroom sales, light manufacturing of finished or semi-finished products and other compatible uses. The light industrial uses shall be compatible with the surrounding uses. Outdoor manufacturing is not allowed in the M-1 district. Outdoor storage is allowed as a permitted accessory use, if it complies with design criteria in section 12-763. Additional outdoor storage, subject to design criteria (see section 122-767) can be requested as part of the public hearing process before the planning and zoning commission and city council. Service establishments serving the industrial uses or the district shall be permitted. Specific uses shall be controlled by the standards for industrial performance in article VIII of this chapter.

Section 2. Section 122-762 of the City Code is amended to read as follows:

Sec. 122-762. Permitted principal uses.

The following uses are permitted without exception in the light industrial (M-1) district:

(1) *Residential uses:* None permitted.

(2) *Retail uses:*

a. *General retail:*

1. Furniture store, with a minimum of 10,000 square feet of warehouse space.
2. Home garden/hobby farm equipment sales (reference section 122-1220).
3. Used merchandise store (reference section 122-283).

b. *Vehicular sales:* None permitted.

(3) *Service uses:*

a. *Agricultural use:*

1. Indoor greenhouse (reference section 122-1228).
2. Indoor hemp facility (reference section 122-1229).

b. *Business service:*

1. Advertising services (on-site/off-site signs).
2. Construction service establishment.
3. Equipment rental and leasing.
4. General business service.
5. Maintenance and cleaning service.
6. Parking garage (or structure).
7. Parking lot.
8. Pest control service.
9. Radio/TV broadcasting facilities.
10. Security systems service.

c. *Eating or drinking establishment:*

1. Alcoholic beverage establishment (off-premises consumption).
2. Restaurant (enclosed) (reference section 122-763(6)).

d. *Hospitality and tourism:* None permitted.

e. *Office use:*

1. Commercial photography (art and graphic design service).
2. Computer maintenance and repair.
3. Photofinishing laboratory.
4. Prepackaged software services.
5. Print shop.
6. Professional and business office.

f. *Personal service:*

1. Bail bonds agency.
2. Kennel.
3. Laundry and dry-cleaning service.
4. Major household repair establishment.
5. Mini-warehouse (reference section 122-1214).
6. Minor household repair establishment.
7. Recycling collection point.

g. *Vehicular service:*

1. Auto repair, minor.
2. Repair garage.
3. Self-service/convenience store (reference section 122-1196).

(4) *Education/recreation/social uses:*

a. *Adult use establishment:* None permitted.

b. *Community service:*

1. Church/Place of Worship on major and minor arterials (reference section 122-1195).

c. *Educational use:*

1. Community education center.
2. Vocational/professional school.

d. *Recreational use:* None permitted.

(5) *Public uses:* None permitted.

(6) *Health care uses:*

a. *Health care use:*

1. Medical and dental laboratory.
2. Veterinarian office.

(7) *Industrial uses:*

a. *High-impact industrial use:* None permitted.

b. *Low-impact industrial use:*

1. Assembly of electronics components.
2. Carpet and upholstery cleaning.
3. Manufacturing, light.
4. Microbrewery/microdistillery.
5. Newspaper printing facilities.
6. Packing and crating.
7. Recycling center.
8. Research and testing laboratory.
9. Truck/freight terminal.
10. Warehouse.
11. Wholesale and distribution.

Section 3. The row for "church/place of worship" in the Table of Permitted Uses in Section 122-287 of the City Code is amended by adding an "X56" under column M-1, such that such row shall read as set forth on the attached **Exhibit A**.

Section 4. The Legend of the Table of Permitted Uses in Section 122-287 of the City Code is amended by adding "X56" referencing Section 122-1195 pertaining to the supplemental regulations for Church/place of worship, such that such row shall read as set forth on the attached **Exhibit B**. Reserved or blank reference numbers are to be deleted from the table. Any section number associated with a use refers to a location in this chapter that contains the conditions associated with the permitted use or special exception.

Section 5. Section 122-1195 of the City Code is amended to read as follows:

Sec. 122-1195. Church/place of worship.

(a) A church/place of worship shall be permitted as a special exception in the A-1, R-2, R-3, M-H, and B-3C zoning districts.

(b) A church/place of worship shall be permitted subject to a special exception in the following:

1. R-1 zoning district with a minimum of five acres.

2. R-1A and R-1AA with a minimum of three acres, except for the parcels rezoned by Ordinance No. 5674, which shall have a minimum lot requirement of 10,000 square feet.

(c) A church/place of worship that operates a school for children in grades 1 through 12 shall require a zoning change to the institutional (INST) district. A school does not include day care facilities (nursery school, pre-kindergarten and kindergarten) or separate facilities used for church-related activities.

(d) A church/place of worship shall be permitted in the M-1 zoning district only on major and minor arterial roadways.

1. A daycare use associated with a church/place of worship in the M-1 zoning district shall require a special exception as set forth in Division 5 of this Article.

2. Private elementary and secondary schools associated with a church/place of worship in the M-1 zoning district shall require a special exception.

Section 6. Severability Clause: Should any provision or section of this ordinance be held by a court of competent jurisdiction to be held unconstitutional or invalid, such decision shall not affect the validity of this ordinance as a whole, or any part thereof, other than the part so declared to be unconstitutional or invalid.

Section 7. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 8. This ordinance shall take effect upon approval by the mayor, or upon becoming law without such approval.

AN ORDINANCE OF THE CITY OF OCALA, FLORIDA, CONCERNING CHURCHES IN M-1 ZONING DISTRICT; AMENDING SECTION 122-761 PROVIDING FOR INTENT AND PURPOSE OF M-1 ZONING DISTRICT BY PROVIDING FOR ADDITIONAL USES; AMENDING SECTION 122-762 PROVIDING PERMITTED PRINCIPAL USES IN M-1 ZONING DISTRICT BY ADDING, AS A PERMITTED USE, CHURCHES/PLACES OF WORSHIP ON MAJOR AND MINOR ARTERIAL ROADWAYS; AMENDING SECTION 122-287 PROVIDING A TABLE OF PERMITTED USES BY PROVIDING FOR CHURCHES/PLACES OF WORSHIP TO BE PERMITTED USES IN THE M-1 ZONING DISTRICT SUBJECT TO SUPPLEMENTAL REGULATIONS; AMENDING SECTION 122-287 PROVIDING A TABLE OF PERMITTED USES BY INCLUNDING A REFERENCE TO THE SUPPLEMENTAL REGULATIONS FOR CHURCHES/PLACES OF WORSHIP UNDER THE LEGEND; AMENDING SECTION 122-1195 PROVIDING SUPPLEMENTAL REGULATIONS FOR CHURCHES/PLACES OF WORSHIP TO SPECIFY ALLOWANCES FOR CHURCHES/PLACES OF WORSHIP ALONG MAJOR AND MINOR ARTERIAL ROADWAYS WITHIN THE M-1 ZONING DISTRICT; PROVIDING FOR SEVERABILITY; PROVIDING FOR THE REPEAL OF CONFLICTING ORDINANCES; AND PROVIDING AN EFFECTIVE DATE.

NOW THEREFORE BE IT ORDAINED by the City Council of the City of Ocala, Florida as follows:

Section 1. Section 122-761 of the City Code is amended to read as follows:

Sec. 122-761. Intent and purpose.

The light industrial (M-1) district is intended primarily for wholesale distribution, warehouse storage, research and development, showroom sales, light manufacturing of finished or semi-finished products and other compatible uses. The light industrial uses shall be compatible with the surrounding uses. Outdoor manufacturing is not allowed in the M-1 district. Outdoor storage is allowed as a permitted accessory use, if it complies with design criteria in section 12-763. Additional outdoor storage, subject to design criteria (see section 122-767) can be requested as part of the public hearing process before the planning and zoning commission and city council. Service establishments serving the industrial uses or the district shall be permitted. Specific uses shall be controlled by the standards for industrial performance in article VIII of this chapter.

Section 2. Section 122-762 of the City Code is amended to read as follows:

Sec. 122-762. Permitted principal uses.

The following uses are permitted without exception in the light industrial (M-1) district:

(1) *Residential uses:* None permitted.

(2) *Retail uses:*

a. *General retail:*

1. Furniture store, with a minimum of 10,000 square feet of warehouse space.
2. Home garden/hobby farm equipment sales (reference section 122-1220).
3. Used merchandise store (reference section 122-283).

b. *Vehicular sales:* None permitted.

(3) *Service uses:*

a. *Agricultural use:*

1. Indoor greenhouse (reference section 122-1228).
2. Indoor hemp facility (reference section 122-1229).

b. *Business service:*

1. Advertising services (on-site/off-site signs).
2. Construction service establishment.
3. Equipment rental and leasing.
4. General business service.
5. Maintenance and cleaning service.
6. Parking garage (or structure).
7. Parking lot.
8. Pest control service.
9. Radio/TV broadcasting facilities.
10. Security systems service.

c. *Eating or drinking establishment:*

1. Alcoholic beverage establishment (off-premises consumption).
2. Restaurant (enclosed) (reference section 122-763(6)).

d. *Hospitality and tourism:* None permitted.

e. *Office use:*

1. Commercial photography (art and graphic design service).
2. Computer maintenance and repair.
3. Photofinishing laboratory.
4. Prepackaged software services.
5. Print shop.
6. Professional and business office.

f. *Personal service:*

1. Bail bonds agency.
2. Kennel.
3. Laundry and dry-cleaning service.
4. Major household repair establishment.
5. Mini-warehouse (reference section 122-1214).
6. Minor household repair establishment.
7. Recycling collection point.

g. *Vehicular service:*

1. Auto repair, minor.
2. Repair garage.
3. Self-service/convenience store (reference section 122-1196).

(4) *Education/recreation/social uses:*

a. *Adult use establishment:* None permitted.

b. *Community service:*

1. Church/Place of Worship on major and minor arterials (reference section 122-1195).

c. *Educational use:*

1. Community education center.
2. Vocational/professional school.

d. *Recreational use:* None permitted.

(5) *Public uses:* None permitted.

(6) *Health care uses:*

a. *Health care use:*

1. Medical and dental laboratory.
2. Veterinarian office.

(7) *Industrial uses:*

a. *High-impact industrial use:* None permitted.

b. *Low-impact industrial use:*

1. Assembly of electronics components.
2. Carpet and upholstery cleaning.
3. Manufacturing, light.
4. Microbrewery/microdistillery.
5. Newspaper printing facilities.
6. Packing and crating.
7. Recycling center.
8. Research and testing laboratory.
9. Truck/freight terminal.
10. Warehouse.
11. Wholesale and distribution.

Section 3. The row for "church/place of worship" in the Table of Permitted Uses in Section 122-287 of the City Code is amended by adding an "X56" under column M-1, such that such row shall read as set forth on the attached **Exhibit A**.

Section 4. The Legend of the Table of Permitted Uses in Section 122-287 of the City Code is amended by adding "X56" referencing Section 122-1195 pertaining to the supplemental regulations for Church/place of worship, such that such row shall read as set forth on the attached **Exhibit B**. Reserved or blank reference numbers are to be deleted from the table. Any section number associated with a use refers to a location in this chapter that contains the conditions associated with the permitted use or special exception.

Section 5. Section 122-1195 of the City Code is amended to read as follows:

Sec. 122-1195. Church/place of worship.

(a) A church/place of worship shall be permitted as a special exception in the A-1, R-2, R-3, M-H, and B-3C zoning districts.

(b) A church/place of worship shall be permitted subject to a special exception in the following:

1. R-1 zoning district with a minimum of five acres.

2. R-1A and R-1AA with a minimum of three acres, except for the parcels rezoned by Ordinance No. 5674, which shall have a minimum lot requirement of 10,000 square feet.

(c) A church/place of worship that operates a school for children in grades 1 through 12 shall require a zoning change to the institutional (INST) district. A school does not include day care facilities (nursery school, pre-kindergarten and kindergarten) or separate facilities used for church-related activities.

(d) A church/place of worship shall be permitted in the M-1 zoning district only on major and minor arterial roadways.

1. A daycare use associated with a church/place of worship in the M-1 zoning district shall require a special exception as set forth in Division 5 of this Article.

2. Private elementary and secondary schools associated with a church/place of worship in the M-1 zoning district shall require a special exception.

Section 6. Severability Clause: Should any provision or section of this ordinance be held by a court of competent jurisdiction to be held unconstitutional or invalid, such decision shall not affect the validity of this ordinance as a whole, or any part thereof, other than the part so declared to be unconstitutional or invalid.

Section 7. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 8. This ordinance shall take effect upon approval by the mayor, or upon becoming law without such approval.

Submitted By: Emily Johnson

Presentation By: Emily Johnson

Department: Growth Management

FORMAL TITLE (Motion Ready):
Ordinance 2026-2 to change the future land use designation on approximately 10.36 acres (Parcel 21454-000-00) located at 2500 NW 31st Avenue from Medium Intensity/Special District to Employment Center (Case LUC25-0005) (Quasi-Judicial)

OCALA'S RELEVANT STRATEGIC GOALS:
Quality of Place.

PROOF OF PUBLICATION:
N/A

BACKGROUND:

- Applicant: Friends Recycling LLC
- Property Owner: Friends Recycling LLC
- Agent: Austin Dailey, Klein & Klein PLLC

Key Points:

- The petitioner is requesting to change the future land use designation for the subject property from Medium Intensity/Special District to Employment Center, which the owner acquired as part of a land swap with the city in 2024.
- The subject property was designated as Medium Intensity/Special District to encourage redevelopment efforts following the adoption of the 2035 Vision.
- On October 21, 2025, the Ocala City Council approved the transmittal to state agencies for review of a

proposed future land use amendment for the adjacent properties under the same ownership. This amendment included the same request for a future land use change from their current designation of Medium Intensity/Special District to Employment Center for properties containing an existing Construction and Demolition (C&D) Landfill and a Materials Recovery Facility (MRF).

Zoning and Land Use Details:

For consideration of the future land use amendment, there are several key factors to consider:

- The proposed Employment Center future land use is more consistent with the anticipated development in the surrounding area.
- The proposed Employment Center future land use is consistent with nearby development to the west, such as the Ocala-Marion County Commerce Park.
- City utilities already service the existing industrial and neighboring uses.

Planning and Zoning Commission:

The proposed land use change was presented to the Planning and Zoning Commission on October 13, 2025, with the associated rezoning application (ZON25-0012). A member of the public expressed concerns about the smell associated with the neighboring C&D landfill use and questioned whether any studies had been conducted on the environmental and health impacts. The applicant's agent clarified that the associated rezoning to M-1, Light Industrial, would not permit the expansion of the landfill use.

The Commission voted four to zero to recommend approval to the City Council for the transmittal to state agencies for their review.

FINDINGS AND CONCLUSIONS:

- The requested Employment Center Future Land Use designation is more compatible with the high-impact industrial uses of the area to the east and the industrial park west of the subject property.
- The 2035 Vision and West Ocala Vision anticipated redevelopment within this NW area of the city. However, since their adoption, development trends over the last 15 years appear to have shifted the focus of the Medium Intensity/Special District further east of NW 27th Avenue. The properties north of NW 21st Street and west of NW 27th Avenue continue to align with the intent of the Employment Center future land use, which is more focused on employment than on mixed-use residential.
- The requested future land use amendment is more consistent with nearby developments like the Ocala-Marion County Commerce Park and other neighboring uses.
- The proposed amendment would result in a reduction in the potential impact on public facilities. Any future development will require further analysis.

Staff recommends approval.

ORDINANCE 2026-2

AN ORDINANCE AMENDING THE CITY OF OCALA, FLORIDA, COMPREHENSIVE PLAN FUTURE LAND USE MAP SERIES AS REQUIRED IN SECTION 163.3161 THROUGH AND INCLUDING SECTION 163.3248, FLORIDA STATUTES; DETAILING THE FUTURE LAND USE CHANGE (CASE NO. LUC25-0005); AMENDING THE FUTURE LAND USE MAP DESIGNATION FROM MEDIUM INTENSITY/SPECIAL DISTRICT TO EMPLOYMENT CENTER FOR PROPERTY LOCATED AT 2500 NW 31ST AVENUE (PARCEL 21454-000-00), APPROXIMATELY 10.36 ACRES; PROVIDING DIRECTION TO STAFF; REPEALING INCONSISTENT AND/OR CONFLICTING PROVISIONS; PROVIDING FOR SEVERABILITY OF ORDINANCE PROVISIONS; PROVIDING FOR MODIFICATIONS ARISING FROM CONSIDERATION AT A PUBLIC HEARING; PROVIDING DIRECTION TO THE CODIFIER; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Legislature of the State of Florida adopted the Local Government Comprehensive Planning and Land Development Regulation Act of 1985, as contained in Section 163.3161 through and including Section 163.3248, Florida Statutes, which required the City of Ocala, Florida, to prepare and adopt a comprehensive plan in accordance with the requirements of the said act; and

WHEREAS, the City of Ocala has prepared a comprehensive plan which meets the requirements of the Local Government Comprehensive Planning and Land Development Regulation Act of 1985; and

WHEREAS, the City of Ocala on October 22, 1991, adopted this plan including a Future Land Use Element consisting of a land use map series; and

WHEREAS, the Local Government Comprehensive Planning and Land Development Regulation Act of 1985 provides for the amendment of an adopted plan or element or portion thereof; and

WHEREAS, on October 19, 2010, City Council adopted the Ocala 2035 Vision; and

WHEREAS, one of the strategies of the Ocala 2035 Vision was to initiate Comprehensive Plan Amendments (adopted on January 22, 2013) to be consistent with the Ocala 2035 Vision.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF OCALA, FLORIDA, in regular session, as follows:

Section 1. The City of Ocala Comprehensive Plan, Future Land Use Element and Map Series is hereby amended as required by the Florida Local Government Comprehensive Planning and Land Development Regulation Act of 1985 contained in Section 163.3161 through and including Section 163.3248, Florida Statutes and pursuant to Section 106-38 of the Code of Ordinances, City of Ocala, Florida. The lands described below are hereby reclassified according to the City of Ocala Comprehensive Plan, Future Land Use Element as Employment Center and the attached land use map is incorporated by reference into this ordinance (Parcel 21454-000-00):

A PORTION OF THE NORTH 1/2 OF THE SOUTHEAST 1/4 OF SECTION 2, TOWNSHIP 15 SOUTH, RANGE 21 EAST, MARION COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

Section 2. Direction to Staff. The City Council of the City of Ocala, Florida directs staff to take any and all steps necessary to effectuate the adoption and implementation of this ordinance; and all other matters as provided for above and herein as well as to ensure the orderly and effective administration and implementation of the intent of this ordinance and the specific matters outlined herein.

Section 3. Repealing Inconsistent and/or Conflicting Provisions. The City Council of the City of Ocala, Florida hereby specifically repeals, to the extent of any such conflict, any and all ordinances, resolutions, policies, procedures, and/or other articles which are conflicting and/or inconsistent with this ordinance and the intent and direction provided by the City Council herein.

Section 4. Severability of Ordinance Provisions. If any section, phrase, sentence or portion of this ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, it is the intent of the City Council of the City of Ocala, Florida that (1) such portion shall be deemed a separate, distinct and independent provision; (2) such holding shall not affect the validity of the remaining portions hereof; and (3) this ordinance be adopted as though any such provision was not included herein.

Section 5. Modifications Arising from Consideration at a Public Hearing. It is the intention of the City Council of the City of Ocala, Florida that (1) the provisions of this ordinance may be modified as a result of its consideration by the City Council of matters that may arise during the public hearing(s) at which this ordinance is considered; and (2) any such modifications shall be incorporated into the final version of this ordinance.

Section 6. Direction to the Codifier. It is the intention of the City Council of the City of Ocala, Florida that (1) the Future Land Use Map of the City of Ocala is hereby amended to reflect the change in land use from Medium Intensity/Special District to Employment Center as to lands described in Section 1 of this ordinance; (2) the sections and paragraphs of this ordinance may be renumbered or relettered in order to accomplish said intention; (3) terms or headings not affecting the intent of this ordinance may be changed to further accomplish said intention; and (4) any scrivener's error(s) contained herein which do not affect the intent of this ordinance be corrected with the authorization of the City Manager or their designee and without the need for additional public hearings or consideration by City Council.

Section 7. This ordinance shall become effective upon approval by the mayor, or upon becoming law without such approval.

Section 8. The effective date of this small-scale development amendment shall be 31 days after adoption, unless the amendment is challenged pursuant to Section 163.3187(5), F.S. If challenged, the effective date of the amendment shall be the date a final order is issued by the state land planning agency, or the Administration Commission, finding the amendment in compliance with Section 163.3184, F.S. No development orders, development permits or land uses dependent on this amendment may be issued or commence before it has become effective. If a final order of noncompliance is issued by the Administration Commission, this amendment may nevertheless be made effective by adoption of a resolution affirming its effective status, a copy of which resolution shall be sent to the state land planning agency, 107 East Madison Street, MSC 160, Tallahassee, Florida 32399-6545.

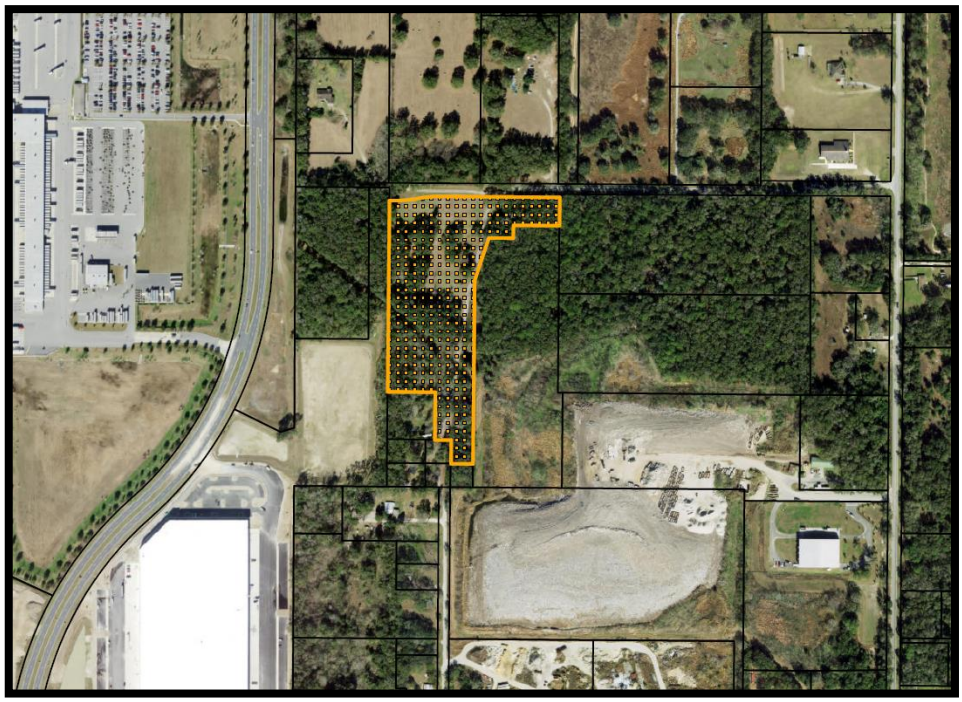
Figure 1. Aerial Location Map



Section 1 - Applicant Request

The applicant is requesting to change the future land use map designation for the subject property from Medium Intensity/Special District to Employment Center on the 10.36-acre site for consistency with a concurrent request for rezoning to M-1, Light Industrial.

The agent, Austin Dailey, Klein & Klein PLLC, is representing the applicant in this request.

Section 2 - Background Information

The subject property encompasses a total of approximately 10.36 acres. The current designations of the properties are:

Zoning: **R-1, Single-Family Residential** district is intended to preserve established single-family neighborhoods and to provide for new areas of low and moderate-density single-family development.

R-2, Two-Family Residential district is intended to be of similar residential character to the single-family districts, but also permits two-family dwellings and two dwellings on one lot.

Future Land Use: **Medium Intensity/Special District**, a minimum of 5 and maximum of 30 dwelling units per acre, a minimum of 0.15 and maximum of 4.0 floor area ratio (FAR).

The owner acquired the subject property as part of a land swap with the city in 2024, which included several single-family properties at the time of the swap. Since the acquisition, the property owner has combined the parcels into one parcel of land totaling approximately 10.36 acres. The applicant has indicated no intention to utilize these properties for a potential expansion of the existing landfill. These properties have existing M-1, Light Industrial zoning to the east (common ownership) and west.

Table 1: Adjacent Property Information:

Direction	Future Land Use	Zoning District	Current Use
North (County)	Employment Center	A-1, General Agriculture R-E, Residential Estate R-1, Single-Family Dwelling	Existing enclave consisting of single-family residential and general agricultural uses
East	Medium Intensity/Special District	M-1, Light Industrial M-2, Medium Industrial	C&D Landfill and Materials Recovery Facility (Friends Recycling)
South	Medium Intensity/Special District	R-2, Two-Family Residential M-2, Medium Industrial	Single-family residence Vacant, undeveloped C&D Landfill and Materials Recovery Facility (Friends

			Recycling)
West	Medium Intensity/ Special District	M-1, Light Industrial R-1, Single Family Residential	Vacant, undeveloped

The subject property is accessed by NW 28th Street, an unclassified roadway connecting to NW 27th Avenue. North of the subject properties, existing single-family and general agricultural uses are located within a county enclave. Other uses in the area include construction service establishments to the south, the industrially developed Ocala-Marion County Commerce Park to the northwest, and the mixed-use West Oak Planned Development (PD) to the east.

Background - Adjacent Properties (common ownership): As indicated in this staff analysis section of this report, the intended development pattern anticipated by the Comprehensive Plan, Vision 2035, and West Ocala Vision & Community Plan (West Ocala Vision) has changed for the area West of NW 27th Avenue and North of NW 21st Street. As a result, it is relevant to consider the factors and actions associated with the properties in the surrounding area, particularly the adjacent properties to the east, which are under common ownership. Key points regarding these properties include:

- Continued operation of an existing C&D landfill and Materials Recovery Facility dating back to the early 1990s.
- 2009 effort to change the future land use category from Low Density Residential to Medium Industrial and rezone to M-2, Medium Industrial, was denied by the City Council.
- The 2035 Vision Plan was adopted in 2011, and the Friends Recycling facility was considered a nonconforming use.
- In the M-1, Light Industrial, and M-2, Medium Industrial, zoning districts, and the Florida Department of Environmental Protection (FDEP) permit for the landfill was expected to expire in 2023.
- August 16, 2022 – City approved land development regulation amendments to establish regulations for a MRF and C&D landfill.
- January 16, 2024 – City approved a Chapter 163 development agreement on the site, limiting height while increasing buffering.
- June 3, 2024 – Property owner granted extension of the FDEP permit (C&D Debris Disposal with Recycling) to June 3, 2029, for the operation of a C&D Debris Disposal and Recycling Facility.
- October 21, 2025, City approves transmittal to the State Department of Commerce for the transmittal of a future land use amendment on landfill and MRF property to change the future land use from Medium Intensity/Special District to Employment Center.

Section 3 – Staff Analysis

This report reviews the proposed land use amendment in alignment with the city's comprehensive plan, including the Ocala 2035 Vision, and relevant land development regulations. It also considers the relevance of the applicant's request to change the future land use on the adjoining owned property to the east.

The Ocala 2035 Vision established the basis for what would ultimately guide development and growth

in the City of Ocala. Following the completion of the 2035 Vision, the comprehensive plan was amended, creating six total Future Land Use (FLU) categories. In doing so, new land uses were designated in this area, considering both existing and future development. The 2035 Vision map identified the subject property and its surrounding area as transitional, between Medium Low Intensity and Low Intensity urban form areas. Thus, the subject property was designated with a future land use category of Medium Intensity/Special District to encourage redevelopment efforts that are appropriately aligned.

Additionally, the 2035 Vision led to the creation of focus area plans. In 2015, the West Ocala Vision & Community Plan (West Ocala Vision) was adopted to establish goals for revitalization in the West Ocala area by focusing on preservation, infill development, and density management. The subject property and surrounding area are identified as the North Gate Way - Main Street Mixed Use District in the West Ocala Vision & Community Plan.

Pursuant to the Comprehensive Plan Future Land Use Element (FLUE) Policy 6.2, the Medium Intensity/Special District FLU is intended to identify neighborhood and community-serving activity centers for mixed-use commercial nodes and promote a walkable urban form. Importantly, Light Industrial is the only category of industrial uses indicated as permitted within this category. The City's land development regulations Section 122-2A provide district use categories, where construction and demolition landfill and materials recovery facilities are designated as:

> *High-impact industrial use* includes the following: automobile wrecking yard; construction and demolition landfill; CRA existing industrial uses (off-site expansion); hazardous waste, bulk storage; industrial dry-cleaning plant; manufacturing, heavy; materials recovery facility; and recycling plant.

The High Impact Industrial use designation is not consistent with the permitted use categories of the Medium Intensity/Special District future land use. Other projects, such as the redevelopment of the former Pine Oaks Municipal Golf Course (n/k/a West Oak PD) and the development of the Mary Sue Rich Community Center at Reed Place, provided further indication of shifting the focus of the Medium Intensity/Special District further to the east of NW 27th Avenue.

The analysis of the pending land use change for the Landfill and Materials Recovery Facility, located to the east of the subject properties, is relevant to this proposed amendment. It provides continuity and recognition of the transition of this area of the city, lying north of NW 21st Street and west of NW 27th Avenue. The aforementioned actions indicated in the Background Section of this report represent a change in the intent and purpose of the Medium Intensity/Special District land use category for this area that is more appropriately aligned with the purpose and intent of the Employment Center future land use category. Furthermore, the proposed amendment to the Employment Center's future land use provides consistency with properties to the west, including the Ocala-Marion County Commerce Park.

Consistency with Comprehensive Plan:

The requested land use change is consistent with the following Objectives and Policies of the City of Ocala Future Land Use Element:

1. Future Land Use Element Policy 6.5: Employment Center. The intent of the Employment Center land use is to provide a regionally important hub for business, enterprise, research and development, and employment activities. Employment Centers are generally single-use districts, but may include more than one use if there are appropriate buffers and transitions between complementary uses. Permitted uses shall consist of a primary use and may include a

secondary use. Primary uses are industrial, office, and commercial. Secondary uses are public, recreation, institutional, and residential, as well as educational facilities. There are no form requirements in this land use category.

Access is primarily from major collectors, arterials, or limited-access highways. The primary modes of transportation include automobiles, trucks, freight rail, buses, and commuter rail transit. Provisions should be made for walking, bicycles, and transit.

There is no minimum density and intensity in this future land use category. The maximum density and intensity before any incentives is 24 dwelling units per gross acre or 2.00 FAR. The location and application of incentives shall be set forth in the Land Development Code.

Staff Comment:

- *The Employment Center Future Land Use category allows for high-impact industrial uses. Additionally, the Employment Center land use is designated on nearby properties, including the Ocala-Marion County Commerce Park.*
- *The subject property is accessed via a local roadway, which connects to a collector roadway (NW 27th Avenue). This does not specifically align with the access as mentioned in Policy 6.5 for the subject property. However, the subject property is bounded by existing Employment Center land use, which fronts along NW 27th Avenue, an urban collector roadway identified in the Transportation Element Map Series (Functional Classification of Roads map)*
- *The maximum density and intensity of the Employment Center FLU is 24 dwelling units per acre. Any residential development in this FLU requires a rezoning to a mixed-use Planned Development (PD) zoning district.*

2. Future Land Use Element Objective 14: The City shall continue existing regulations or adopt new regulations to ensure that development is consistent with the Future Land Use Map and are compatible with neighboring development, available services and facilities, and topography and soil conditions.

Staff Comment:

- *The requested land use amendment aligns with development in the surrounding and adjacent areas which currently have Employment Center FLU.*

Table 2: Existing and Proposed Land Use Standards

	Future Land Use Category	Permitted Land Uses	Allowable Density	Allowable FAR
Existing	Medium Intensity/ Special District	Residential, office, commercial, public, recreation, institutional, light industrial, educational facilities	5 to 30 units/acre	0.15 to 4.0 FAR
Proposed	Employment Center	Primary Uses: Industrial, office, commercial Secondary Uses: Public, recreation, institutional, residential, educational	Up to 24 units/acre	Up to 2.0 FAR

		facilities		

Section 5 - Level of Service (LOS) Analysis

As shown in the table above, the result of the proposed land use amendment would be a reduction in the potential maximum residential dwelling units from 30 units an acre to 24 units per acre and a reduction in the maximum potential FAR from 4.0 to 2.0. As a result, a LOS analysis is not meaningful or beneficial for this amendment.

Summary Staff Comments: *For consideration of the future land use amendment, there are several key factors to consider:*

- *The proposed Employment Center future land use is consistent with surrounding development filling in a gap between existing industrial uses to the east and to the west, such as the Ocala-Marion County Commerce Park.*
- *The development pattern for this area of the city has changed from the intent of the Medium Density/Special District promoting mixed use commercial and residential development to one more closely aligned with the Employment Center category the focuses on higher impact employment uses.*
- *Nearby industrial uses are already serviced by city utilities.*

Section 6 - Staff Findings and Recommendation

- The requested Employment Center Future Land Use designation is more compatible with the high-impact industrial uses of the area to the east and the industrial park west of the subject property.
- The 2035 Vision and West Ocala Vision anticipated redevelopment within this NW area of the city. However, since their adoption, development trends over the last 15 years appear to have shifted the focus of the intent of the Medium Intensity/Special District further to the east of NW 27th Avenue. While the properties North of NW 21st Street and west of NW 27th Avenue continue to be aligned with the intent of the Employment Center future land use which is more focused on employment than on mixed use residential.
- The requested future land use amendment is more consistent with nearby developments like the Ocala-Marion County Commerce Park and other neighboring uses.
- The proposed amendment would result in a reduction to the potential impact to public facilities. Any future development will require further analysis.

Prepared by the City of Ocala Growth Management Dept by ekrepps on 9/9/2025

File #: ORD-2026-3 Agenda Item #: 8c.

Submitted By: Emily Johnson

Presentation By: Emily Johnson

Department: Growth Management

STAFF RECOMMENDATION (Motion Ready):
Ordinance 2026-3 to rezone approximately 10.36 acres (Parcel 21454-000-00) located at 2500 NW 31st Avenue from R-1, Single-Family Residential and R-2, Two-Family Residential to M-1, Light Industrial (Case ZON25-0012) (Quasi-Judicial)

OCALA'S RELEVANT STRATEGIC GOALS:
Quality of Place

PROOF OF PUBLICATION:
N/A

BACKGROUND:

- Applicant: Friends Recycling LLC
- Property Owner: Friends Recycling LLC
- Agent: Austin Dailey, Klein & Klein PLLC

Key Points:

The petitioner is requesting to rezone the subject property from R-1, Single-Family Residential, and R-2, Two-Family Residential, to M-1, Light Industrial, for consistency with the requested future land use change and the active Construction & Demolition (C&D) landfill and materials recovery facility (MRF) uses on the 74.11-acre site, to the east, which the applicant also owns. The owner acquired the subject property as part of a land swap with the City in 2024.

A concurrent application to amend the Future Land Use of the subject property from Medium Intensity/Special District to Employment Center is also being requested (LUC25-0005).

Zoning and Land Use Details:

For the rezoning, there are several key factors to consider:

- The existing R-1 and R-2 zoning districts are not permitted within the proposed Employment Center Future Land Use (FLU). If the concurrent land use change is approved, a rezoning to a compatible zoning district is required.

- The proposed Employment Center FLU permits residential development only as part of an approved Planned Development (PD) district.

- The adjacent properties to the east and west are zoned M-1, Light Industrial.

- The proposed Employment Center FLU is consistent with nearby development to the west, such as part of the Ocala-Marion County Commerce Park.

- The existing C&D landfill and MRF industrial and neighboring uses are already serviced by city utilities.

Planning and Zoning Commission:

The proposed rezoning was presented to the Planning and Zoning Commission on October 13, 2025, with the associated land use change application (LUC25-0005). A member of the public expressed concerns about the smell associated with the neighboring C&D landfill use and questioned whether any studies had been conducted on the environmental and health impacts. The applicant's agent clarified that the associated rezoning to M-1, Light Industrial, would not permit the expansion of the landfill.

The Commission voted four to zero to recommend approval to the City Council.

FINDINGS AND CONCLUSIONS:

- The M-1, Light Industrial, zoning district is compatible with the surrounding area. Adjacent properties to the east and west are existing M-1 zoned properties.

- City utilities are available at this location, and no level of service issues have been identified for public facilities as a result of the zoning amendment.

- The proposed rezoning is consistent with the comprehensive plan and land development regulations.

Staff recommends approval.

ORDINANCE 2026-3

AN ORDINANCE AMENDING THE ZONING MAP OF THE CITY OF OCALA, FLORIDA, CHANGING THE ZONING FROM R-1, SINGLE-FAMILY RESIDENTIAL, AND R-2, TWO-FAMILY RESIDENTIAL, TO M-1, LIGHT INDUSTRIAL, FOR CERTAIN PROPERTY LOCATED AT 2500 NW 31ST AVENEUE (PARCEL 21454-000-00), APPROXIMATELY 10.36 ACRES (CASE NO. ZON25-0012); PROVIDING DIRECTION TO STAFF; REPEALING INCONSISTENT AND/OR CONFLICTING PROVISIONS; PROVIDING FOR SEVERABILITY OF ORDINANCE PROVISIONS; PROVIDING FOR MODIFICATIONS ARISING FROM CONSIDERATIONS AT A PUBLIC HEARING; PROVIDING DIRECTION TO THE CODIFIER; AND PROVIDING FOR AN EFFECTIVE DATE..

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF OCALA, FLORIDA, in regular session, as follows:

Section 1. The lands described below are hereby rezoned and reclassified according to the zoning regulation of the City of Ocala, Florida, as M-1, Light Industrial:

A PORTION OF THE NORTH 1/2 OF THE SOUTHEAST 1/4 OF SECTION 2, TOWNSHIP 15 SOUTH, RANGE 21 EAST, MARION COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE NORTHEAST CORNER OF SAID NORTH 1/2 OF THE SOUTHEAST 1/4 OF SECTION 2; THENCE N89°31'15'W, ALONG THE NORTH LINE OF SAID NORTH 1/2 OF THE SOUTHEAST 1/4, A DISTANCE OF 1491.54 FEET, TO ITS INTERSECTION WITH THE NORTHERLY PROJECTION OF THE EAST LINE OF THE LANDS DESCRIBED IN THE WARRANTY DEED RECORDED IN OFFICIAL RECORDS BOOK 5884, AT PAGE 1115, OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; THENCE DEPARTING SAID NORTH LINE, PROCEED S00°30'30"W ALONG SAID NORTHERLY PROJECTION, 25.00 FEET, TO THE NORTHEAST CORNER OF SAID LANDS; THENCE ALONG THE EASTERLY AND SOUTHERLY BOUNDARIES OF SAID LANDS, THE FOLLOWING FIVE (5) COURSES AND DISTANCES, CONTINUE S00°30'30"W, 15.00 FEET TO THE POINT OF BEGINNING; THENCE CONTINUE S00°30'30"W, 125.19 FEET; THENCE N89°34'40"W, 203.48 FEET; THENCE S00°28'08"W, 56.46 FEET; THENCE N89°34'40"W, 107.89 FEET TO THE SOUTHWEST CORNER OF SAID LANDS, SAID POINT BEING ON THE EAST LINE OF LANDS DESCRIBED IN THE WARRANTY DEED RECORDED IN OFFICIAL RECORDS BOOK 5254, AT PAGE 867, OF SAID PUBLIC RECORDS; THENCE PROCEED S18°35'59"W ALONG SAID EAST LINE, A DISTANCE OF 197.20 FEET TO A POINT ON THE EAST LINE OF THE WEST 379.54 FEET OF THE EAST 2243.49 FEET OF THE AFOREMENTIONED NORTH 1/2 OF

THE SOUTHEAST 1/4; THENCE S00°31'39"W ALONG SAID EAST LINE, A DISTANCE OF 916.09 FEET TO A POINT ON THE SOUTH LINE OF THE AFOREMENTIONED NORTH 1/2 OF THE SOUTHEAST 1/4 OF SECTION 2; THENCE DEPARTING SAID EAST LINE, PROCEED N89°31'15"W ALONG SAID SOUTH LINE, A DISTANCE OF 210.00 FEET; THENCE DEPARTING SAID SOUTH LINE, PROCEED N00°31'39"E ALONG THE WEST LINE OF LANDS DESCRIBED IN WARRANTY DEEDS RECORDED IN O.R. BOOK 5884, PAGE 1115 AND O.R. BOOK 5850, PAGE 462, A DISTANCE OF 210.00 FEET TO THE NORTHWEST CORNER OF SAID LANDS DESCRIBED IN O.R. BOOK 5850, PAGE 462; THENCE S89°31'15"E ALONG THE NORTH BOUNDARY OF SAID LANDS, 40.46 FEET TO THE SOUTHERNMOST SOUTHWEST CORNER OF THE LANDS DESCRIBED IN THE WARRANTY DEED RECORDED IN O.R. BOOK 6397, PAGE 1000; THENCE N00°31'39"E ALONG THE SOUTHERNMOST WEST LINE OF SAID LANDS, A DISTANCE OF 210.00 FEET TO THE SOUTHEAST CORNER OF LANDS DESCRIBED IN THE WARRANTY DEED RECORDED IN O.R. BOOK 6435, PAGE 339; THENCE DEPARTING SAID WEST LINE, PROCEED N89°31'15"W ALONG THE SOUTH LINE OF SAID LANDS RECORDED IN O.R. BOOK 6435, PAGE 339, A DISTANCE OF 210.00 FEET TO THE SOUTHWEST CORNER OF SAID LANDS, SAID POINT BEING ON THE WEST LINE OF THE EAST 2243.49 FEET OF THE AFOREMENTIONED NORTH 1/2 OF THE SOUTHEAST 1/4; THENCE N00°31'39"E ALONG SAID WEST LINE, A DISTANCE OF 845.47 FEET TO ITS INTERSECTION WITH THE SOUTHERLY RIGHT-OF-WAY LINE OF N.W. 28TH STREET (A PROPOSED PUBLIC RIGHT-OF-WAY OF VARYING WIDTH); THENCE DEPARTING SAID WEST LINE, PROCEED S89°31'15"E, ALONG SAID RIGHT-OF-WAY LINE, 23.54 FEET, TO THE POINT OF CURVATURE WITH A CIRCULAR CURVE, CONCAVE NORTHWESTERLY AND HAVING A RADIUS OF 530.00 FEET; THENCE CONTINUE ALONG SAID RIGHT-OF-WAY LINE AND CURVE, NORTHEASTERLY, 106.18 FEET, THROUGH A CENTRAL ANGLE OF 11°28'42" AND A CHORD BEARING AND DISTANCE OF N84° 44'24"E, 106.00 FEET, TO THE POINT OF REVERSE CURVATURE WITH A CIRCULAR CURVE, CONCAVE SOUTHEASTERLY AND HAVING A RADIUS OF 470.00 FEET; THENCE CONTINUE ALONG SAID RIGHT-OF-WAY LINE AND CURVE, NORTHEASTERLY, 94.16 FEET, THROUGH A CENTRAL ANGLE OF 11"28'42" AND A CHORD BEARING AND DISTANCE OF N84"44'24"E, 94.00 FEET, TO THE POINT OF TANGENCY THEREOF; THENCE CONTINUE ALONG SAID RIGHT-OF-WAY LINE, S89"31'15"E, 529.47 FEET, TO THE POINT OF BEGINNING.

LESS AND EXCEPT THE WEST 112.86 FEET OF THE SOUTH 210.00 FEET OF THE LANDS DESCRIBED IN THE WARRANTY DEEDS RECORDED IN O.R. BOOK 5850, PAGE 462 AND PARCEL 1 OF O.R. BOOK 5884, PAGE 1115.

Section 2. Direction to Staff. The City Council of the City of Ocala, Florida directs staff to take any and all steps necessary to effectuate the adoption and implementation of this ordinance; and all other matters as provided for above and herein as well as to ensure the orderly and effective administration and implementation of the intent of this ordinance and the specific matters outlined herein.

Section 3. Repealing Inconsistent and/or Conflicting Provisions. The City Council of the City of Ocala, Florida hereby specifically repeals, to the extent of any such conflict, any and all ordinances, resolutions, policies, procedures, and/or other articles which are conflicting and/or inconsistent with this ordinance and the intent and direction provided by the City Council herein.

Section 4. Severability of Ordinance Provisions. If any section, phrase, sentence or portion of this ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, it is the intent of the City Council of the City of Ocala, Florida that (1) such portion shall be deemed a separate, distinct and independent provision; (2) such holding shall not affect the validity of the remaining portions hereof; and (3) this ordinance be adopted as though any such provision was not included herein.

Section 5. Modifications Arising from Consideration at a Public Hearing. It is the intention of the City Council of the City of Ocala, Florida that (1) the provisions of this ordinance may be modified as a result of its consideration by the City Council of matters that may arise during the public hearing(s) at which this ordinance

is considered; and (2) any such modifications shall be incorporated into the final version of this ordinance.

Section 6. Direction to the Codifier. It is the intention of the City Council of the City of Ocala, Florida that (1) the zoning map of the City of Ocala is hereby amended to reflect the change in zoning classification from R-1, Single-Family Residential, and R-2, Two-Family Residential, to M-1, Light Industrial, as to lands described in Section 1 of this ordinance; (2) the sections and paragraphs of this ordinance may be renumbered or relettered in order to accomplish said intention; (3) terms or headings not affecting the intent of this ordinance may be changed to further accomplish said intention; and (4) any scrivener's error(s) contained herein which do not affect the intent of this ordinance be corrected with the authorization of the City Manager or their designee and without the need for additional public hearings or consideration by City Council.

Section 7. This ordinance shall become effective upon the later of:

(1) Approval by the mayor, or upon becoming law without such approval; or

(2) The effective date of Ordinance No. 2026-_____ (Ref: Land Use Case LUC25-0005).

Rezoning Staff Report

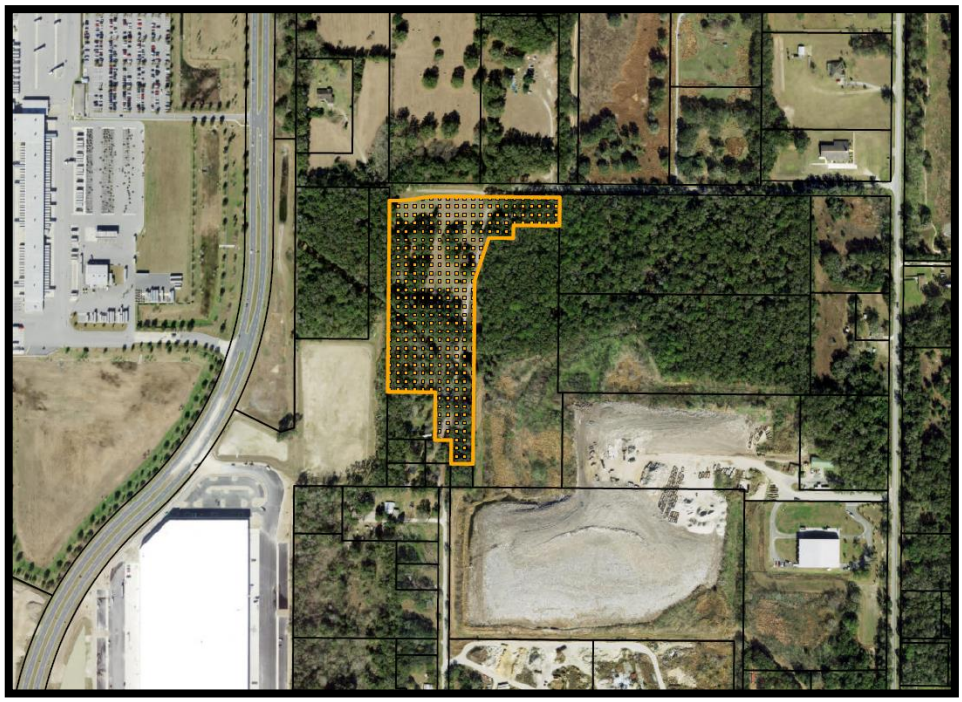
Case No. ZON25-0012
Planning & Zoning Commission: October 13, 2025
City Council (1st Reading): November 18, 2025
City Council (Adoption): December 2, 2025

Applicant:	Friends Recycling LLC
Property Owner:	Friends Recycling LLC
Project Planner:	Emily W. Johnson, AICP, Senior Planner
Amendment Request:	Seeking approval to rezone the subject property from R-1, Single-Family Residential, and R-2, Two-Family Residential, to M-1, Light Industrial

Parcel Information

Acres:	±10.36 acres
Parcel(s)#:	21454-000-00
Location:	2500 NW 31st Avenue
Existing use:	Vacant and undeveloped
Future Land Use Designation:	Medium Intensity/Special District
Zoning Designation:	R-1, Single-Family Residential & R-2, Two-Family Residential
Special District(s)/Plan(s):	West Ocala Community Plan – Main Street Mixed Use District
Approved Agreement(s):	First Amendment to Chapter 163 Development Agreement (approved January 16, 2024)
Associated Application(s):	Future Land Use Change to Employment Center (LUC25-0005)

Figure 1. Aerial Location Map



Section 1 - Applicant Request

The applicant is requesting to rezone the 10.36-acre site from R-1, Single-Family Residential, and R-2, Two-Family Residential to M-1, Light Industrial for consistency with the requested future land use change and the active Construction & Demolition (C&D) landfill and materials recovery facility (MRF) uses on the 74.11-acre site, to the east, which is also owned by the applicant..

The agent, Austin Dailey, Klein & Klein PLLC, is representing the applicant in this request.

Section 2 - Background Information

The subject property encompasses a total of approximately 10.36 acres. The current designations of the properties are:

Zoning: **R-1, Single-Family Residential** district is intended to preserve established single-family neighborhoods and to provide for new areas of low and moderate density single-family development.

R-2, Two-Family Residential district is intended to be of similar residential character to the single-family districts, but also permits two-family dwellings and two dwellings on one lot.

Future Land Use: **Medium Intensity/Special District**, a minimum of 5 and maximum of 30 dwelling units per acre, a minimum of 0.15 and maximum of 4.0 floor area ratio (FAR).

The owner acquired the subject property as part of a land swap with the city in 2024, which included several single-family properties at the time of the swap. Since the acquisition, the property owner has combined the parcels into one parcel of land totaling approximately 10.36 acres. The applicant has indicated no intention to utilize these properties for a potential expansion of the existing landfill. These properties have existing M-1, Light Industrial zoning to the east (common ownership) and west.

Table 1: Adjacent Property Information:

Direction	Future Land Use	Zoning District	Current Use
North (County)	Employment Center	A-1, General Agriculture R-E, Residential Estate R-1, Single-Family Dwelling	Existing enclave consisting of single-family residential and general agricultural uses
East	Medium Intensity/Special District	M-1, Light Industrial M-2, Medium Industrial	C&D Landfill and Materials Recovery Facility (Friends Recycling)
South	Medium Intensity/Special	R-2, Two-Family Residential	Single-family residence Vacant, undeveloped

	District	M-2, Medium Industrial	C&D Landfill and Materials Recovery Facility (Friends Recycling)
West	Medium Intensity/ Special District	M-1, Light Industrial R-1, Single Family Residential	Vacant, undeveloped

The subject property is accessed by NW 28th Street, an unclassified roadway connecting to NW 27th Avenue. North of the subject properties, existing single-family and general agricultural uses are located within a county enclave. Other uses in the area include construction service establishments to the south, the industrially developed Ocala-Marion County Commerce Park to the northwest, and the mixed-use West Oak Planned Development (PD) to the east.

Background - Adjacent Properties (common ownership): As indicated in this staff analysis section of this report, the intended development pattern anticipated by the Comprehensive Plan, Vision 2035, and West Ocala Vision & Community Plan (West Ocala Vision) has changed for the area West of NW 27th Avenue and North of NW 21st Street. As a result, it is relevant to consider the factors and actions associated with the properties in the surrounding area, particularly the adjacent properties to the east, which are under common ownership. Key points regarding these properties include:

- Continued operation of an existing C&D landfill and Materials Recovery Facility dating back to the early 1990s.
- 2009 effort to change the future land use category from Low Density Residential to Medium Industrial and rezone to M-2, Medium Industrial, was denied by the City Council.
- The 2035 Vision Plan was adopted in 2011, and the Friends Recycling facility was considered a nonconforming use.
- In the M-1, Light Industrial, and M-2, Medium Industrial, zoning districts, and the Florida Department of Environmental Protection (FDEP) permit for the landfill was expected to expire in 2023.
- August 16, 2022 – City approved land development regulation amendments to establish regulations for a MRF and C&D landfill.
- January 16, 2024 – City approved a Chapter 163 development agreement on the site, limiting height while increasing buffering.
- June 3, 2024 – Property owner granted extension of the FDEP permit (C&D Debris Disposal with Recycling) to June 3, 2029, for the operation of a C&D Debris Disposal and Recycling Facility.
- October 21, 2025, City approves transmittal to the State Department of Commerce for the transmittal of a future land use amendment on landfill and MRF property to change the future land use from Medium Intensity/Special District to Employment Center.

Section 3 – Staff Analysis

This report reviews the proposed rezoning for alignment with the city's comprehensive plan, including Ocala 2035 Vision, and relevant land development regulations.

The Ocala 2035 Vision established the basis for what would ultimately guide development and growth in the City of Ocala. Following the completion of the 2035 Vision, the comprehensive plan was

amended creating six total Future Land Use (FLU) categories. In doing so, new land uses were designated in this area considering both existing and future development. The 2035 Vision map indicated the surrounding area as a transitional area located between a Medium Low Intensity and Low Intensity urban form area. Thus, the subject property was designated as Medium Intensity/Special District to encourage redevelopment efforts.

Additionally, the 2035 Vision led to the creation of focus area plans. In 2015, the West Ocala Vision & Community Plan (West Ocala Vision) was adopted to establish goals for revitalization in the West Ocala area by focusing on preservation, infill development, and density management. The subject property and surrounding area are identified as the North Gate Way - Main Street Mixed Use District in the West Ocala Vision & Community Plan.

Pursuant to Sections 122-311 and 122-331, the single-family residential (R-1, R-1A, and R-1AA) districts are intended to preserve established single-family neighborhoods and to provide for new areas of low and moderate density single-family development, and the two-family residential (R-2) district is intended to be of similar residential character to the single-family districts, but also permits two-family dwellings and two dwellings on one lot. The existing development pattern north of NW 21st Street and west of NW 27th Avenue is largely industrialized in nature.

The applicant has submitted the requested amendment to unify the subject property with the adjacent landfill site. The intended use aligns with the M-1, Light Industrial, zoning district. The adjacent industrial development to the east and west are zoned M-1. Pursuant to Section 122-761, this zoning district is intended primarily for wholesale distribution, warehouse storage, research and development, showroom sales, and light manufacturing of finished or semi-finished products. Outdoor manufacturing is not permitted in the M-1 zoning district.

Consistency with Comprehensive Plan:

The requested rezoning is consistent with the following Objectives and Policies of the City of Ocala Future Land Use Element:

1. Future Land Use Element Policy 6.5: Employment Center. The intent of the Employment Center land use is to provide a regionally-important hub for business, enterprise, research and development, and employment activities. Employment Centers are generally single use districts, but may include more than one (1) use if there are appropriate buffers and transitions between complementary uses. Permitted uses shall include a primary use and may include a secondary use. Primary uses are industrial, office and commercial. Secondary uses are public, recreation, institutional, and residential, as well as educational facilities. There are no form requirements in this land use category.

   Access is primarily from major collectors, arterials, or limited-access highways. The primary modes of transportation include automobiles, trucks, freight rail, bus, and commuter rail transit. Provisions should be made for walking, bicycles, and transit.

   There is no minimum density and intensity in this future land use category. The maximum density and intensity before any incentives is 24 dwelling units per gross acre or 2.00 FAR. The location and application of incentives shall be set forth in the Land Development Code.

   Staff Comment:

   - *The applicant has submitted a concurrent application to change the future land use category to Employment Center.*

- *The requested Employment Center Future Land Use category allows for high-impact industrial uses. Additionally, Employment Center exists nearby, as properties to the west have been designated and developed as part of the Ocala-Marion County Commerce Park.*
- *The subject property is accessed via a local roadway, which connects to a collector roadway (NW 27th Avenue). This does not specifically align with the access as mentioned in Policy 6.5 for the subject property. However, the subject property is bounded by existing Employment Center land use, which fronts along NW 27th Avenue an urban collector roadway identified in the Transportation Element Map Series (Functional Classification of Roads map).*
- *The maximum density and intensity of the Employment Center FLU is 24 dwelling units per acre. Any residential development in this FLU requires a rezoning to a mixed-use Planned Development (PD) zoning district.*

2. Future Land Use Element Objective 14: The City shall continue existing regulations or adopt new regulations to ensure that development is consistent with the Future Land Use Map and are compatible with neighboring development, available services and facilities, and topography and soil conditions.

   Staff Comment:

   - *The requested land use amendment aligns with development in the surrounding and adjacent areas which currently have Employment Center FLU.*

Consistency with Land Development Regulations:

The requested rezoning is consistent with the following Sections of the City of Ocala Code of Ordinances:

1. Section 122-244 - *District criteria:* Zoning districts allowed under each land use classification.

Employment Center	O-1, OP, B-1, B-1A, B-2, B-2A, B-4, B-5, SC, **M-1**, M-2, M-3, G-U, INST, A-1, PD, FBC

   Staff Comment:

   The existing R-1 and R-2 zoning districts are not permitted within the requested Employment Center FLU. Should the concurrent land use change request be approved, a rezoning to a compatible zoning district is required. The requested M-1 zoning district is consistent with the requested Employment Center FLU designation.

Table 2: Existing and Proposed Zoning District Standards

	Zoning District	Intent and Purpose	Minimum Lot Area (square feet)	Maximum Building Height (feet)

Existing	R-1, Single-Family Residential	Intended to preserve established single-family neighborhoods and to provide for new areas of low and moderate density single-family development.	13,500	35-feet
Existing	R-2, Two-Family Residential	Intended to be of similar residential character to the single-family districts, but also permits two-family dwellings and two dwellings on one lot.	7,000	35-feet
Proposed	M-1, Light Industrial	Intended primarily for wholesale distribution, warehouse storage, research and development, showroom sales, and light manufacturing of finished or semi-finished products.	10,000	60-feet

Section 5 - Level of Service (LOS) Analysis

The maximum allowable density for the subject properties with the requested Employment Center land use is 248 dwelling units, with a maximum FAR of 902,563.2 square feet. In staff's review of rezoning petitions, conducting an analysis of LOS impact based upon maximum potential buildout (density/intensity) is not realistic. Additionally, further detailed LOS impact analysis will be required to address the specific proposed development as part of subsequent application review.

For this staff report, the following LOS analysis provides a review of the potential impact on public facilities based upon a typical light manufacturing/distribution type use that is consistent with the concurrent request of M-1, Ligh Industrial. Additional LOS analysis will be required at the time of expansion of the uses, or future redevelopment.

A. Required Public Facilities (adopted LOS standards in the comprehensive plan):

Transportation: The subject property is accessed by NW 28th Street, an unclassified roadway which connects to NW 27th Avenue. The 2023 congestion management data from the Ocala-Marion TPO for the affected roadway(s) is provided below.

- **Adopted LOS / Available Capacity:**

Road/ Street Name	Lanes	Speed Limit	Functional Classification	Adopted LOS	LOS Capacity	2023 AADT	Existing LOS
NW 27th Avenue	2	40	Collector	E	14,040	6,300	C

Developments proposing to generate 100 or more net new PM peak hour trips are required to submit a traffic study as part of the subdivision review.

LOS Impact: Additional trips are not contemplated as a result of the proposed rezoning. Specific traffic analysis will be required through a traffic study prior to any expansion of the existing uses or future redevelopment.

Potable Water: Nearby uses are currently serviced by City of Ocala Utilities. City utilities are available at this location; connections will be determined during the site plan review process. A city water main runs along NW 27th Avenue.

- *Adopted Level of Service (LOS) Potable Water:* 300 gallons per day (gpd) per equivalent residential unit (ERU), or the equivalent of 167 gallons per capita daily (gpcd).
- *Available Capacity:* Capacity is available. The permitted capacity of the City's water system is 24.4 million gallons daily (mgd).

LOS Impact: Additional demand is not contemplated as a result of the proposed rezoning. Water Resources staff has indicated the approximate daily flows are 17 mgd, leaving a remaining capacity of approximately 7.4 mgd; additional capacity analysis will be required at the time of site plan review for any expansion of the existing uses or future redevelopment.

Sanitary Sewer: Nearby uses are currently being serviced by City of Ocala Utilities. City utilities are available at this location; connections will be determined during the site plan review process. A city force main is available along NW 27th Avenue.

- *Adopted Level of Service (LOS) Sanitary Sewer:* 250 gallons per day (gpd) per equivalent residential unit (ERU), or the equivalent of 80 gallons per capita daily (gpcd).
- *Available Capacity:* Capacity is available. The permitted capacity of Water Reclamation Facility #2 is 6.5 million gallons daily (mgd) and the permitted capacity of Water Reclamation Facility #3 is 4.0 million gallons daily (mgd).

LOS Impact: Additional demand is not contemplated as a result of the proposed rezoning. Water Resources staff has indicated the approximate daily flows are 6.5 mgd leaving a remaining capacity of approximately 4 mgd; additional capacity analysis will be required at the time of site plan review for any expansion of the existing uses or future redevelopment.

Solid Waste: The subject property is located within the City's service area; refuse pickup will be determined during the site plan review process.

- *Adopted Level of Service (LOS) Solid Waste:* 0.0112 pounds per square foot of occupied building space per day for nonresidential development.

LOS Impact: Solid waste is transported to facilities outside of the city, the capacity of these facilities is under others jurisdiction.

Parks and Recreation Facilities:

- *Adopted Level of Service (LOS) Solid Waste:* 4.6 developed park acres per 1,000 population for each Regional Park Service Area (RPSA).
- *Available Capacity:* Capacity is available. The City's population of 69,283 requires 318.70 developed park acres. The city currently owns and maintains 622.27 developed park acres, pursuant to the Fall 2024 Activity Guide released by the Recreation and Parks Department.

LOS Impact: The anticipated industrial uses generally do not generate additional demand for parks. Additional capacity analysis will be required at the time of rezoning and site plan review, if a residential redevelopment is contemplated in the future.

B. Other Public Facilities:

The following public facilities do not have adopted Level of Service standards and are provided as additional information.

Stormwater: The subject property is partially located within FEMA Flood Zone "A". This is a Special Flood Hazard Area with a 1% annual chance of flooding (100-year floodplain). Portions of the subject properties were assessed during the Ocala Flood Study and determined to have a base flood elevation (BFE) of 64.00. Any future development must retain runoff on-site to match pre-development conditions. Facilities must be designed to provide flood protection for a 100 year, 24-hour storm event and subsequent 14-day recovery.

Electric: The subject properties are within the Ocala Electric Utility service territory.

Fiber: Service is not currently available at this location.

Fire Service: Ocala Fire Rescue Station #1 is located approximately 2.1 miles from the subject property. This distance exceeds the desired industry standard of 1.5 miles for fire service.

Schools: The proposed amendment is not anticipated to impact schools.

Staff Comment: Preliminary review of the Required Public Facilities does not indicate any capacity issues. Further LOS analysis will be required prior to any expansion or future redevelopment as part of subsequent site plan reviews.

Summary Staff Comments: *For consideration of the rezoning, there are several key factors to consider:*

- *The existing R-1 and R-2 zoning districts are not permitted within the proposed Employment Center FLU category. If the concurrent land use change is approved, a rezoning to a compatible zoning district is required.*
- *The proposed Employment Center FLU category only permits residential development as part of an approved Planned Development (PD) district.*
- *The adjacent properties to the east and west are zoned M-1, Light Industrial.*

Section 6 - Staff Findings and Recommendation

- The M-1, Light Industrial, zoning district is compatible with the surrounding area. Adjacent properties to the east and west are existing M-1 zoned properties.
- City utilities are available at this location, and no level of service issues has been identified for public facilities as a result of the zoning amendment.
- The proposed rezoning is consistent with the comprehensive plan and land development regulations.

Staff Recommendation:	**Approval of ZON25-0012**

P&Z Meeting: 10/13/2025

File #: 2026-0176 Agenda Item #: 9a.

Submitted By: Michelle Taylor

Presentation By: Endira Madraveren

Department: Growth Management

FORMAL TITLE:
The sale of beer, wine and liquor for off-premises consumption for Virwa, Inc., doing business as, Spot on Liquors located at 1500 W Silver Springs Blvd Unit 1 (Parcel 28520-000-00)(Quasi-Judicial)

OCALA'S RELEVANT STRATEGIC GOALS:
Economic Hub, Quality of Place

PROOF OF PUBLICATION:
N/A

BACKGROUND:
Virwa, Inc., doing business as (dba), Spot on Liquors, is requesting a permit for the sale of beer, wine, and liquor at 1500 W Silver Springs Blvd, Unit 1 (Parcel 28520-000-00).

Applicant:	Virwa, Inc. dba, Spot on Liquors
Property Owner:	New Way Land, LLC
Address:	1500 W Silver Springs Blvd, Unit 1
Building area:	1725 square feet
Seats/employees:	Zero seats / four employees
Required parking:	Two spaces
Provided parking:	12 spaces
Outside Sound:	No

- **Police Presence:** There have been 105 calls for service at the location, 1500 W. Silver Springs Blvd (entire plaza) during the past two years, the majority of which are self-initiated security calls.
- **Request:** The purpose of this request is for approval of a State 3PS alcohol permit to allow the sale of beer, wine, and liquor for off-premises consumption for Virwa, Inc., dba Spot on Liquors. The hours will be Monday through Thursday from 10 a.m. to 11 p.m. and Friday through Saturday from 10 a.m. to 11 p.m., with Sundays being closed. (*Code of Ordinances Section 6-5 limits the hours and times during which alcoholic and intoxicating beverages may be sold, consumed or served, or permitted to be served or consumed, in any place or on any premises defined as a business establishment as follows: for each day of*

the week except Sunday, between the hours of 7 a.m. and 2 a.m. the following days. On Sunday, Alcoholic beverages may be sold for consumption on the premises only, between the hours of 11 a.m. and 2 a.m. on Monday; and beer, ale, and wine may be sold in sealed containers for consumption off the premises only, between the hours of 7 a.m. on Sunday and 2 a.m. on Monday.)

- **Staff Comments:** Comments were requested from Growth Management, Police, and Fire Departments, and legal review by the City Attorney. No comments or objections were received.

FINDINGS AND CONCLUSIONS: This request is for a provisional location permit, subject to the applicant satisfying the requirements of the City's Code of Ordinances Section 6-32(d) to obtain their appropriate state-issued license.

Proximity to schools, churches, and daycare centers: There is one within the 500-foot radius -Intimacy House of Prayer

Proximity to other Alcohol Beverage Establishments: There are none within the 500-foot radius.

Staff recommends approval.

FISCAL IMPACT: N/A

PROCUREMENT REVIEW: N/A

LEGAL REVIEW: This agenda item will be reviewed by City Attorney, William E. Sexton.

Fax # _____ Email address _____

13. The following items are required to complete this application, prior to advertisement (required for a public hearing in order to issue a location permit for profit special events):

a. If applicant is not the property owner, attach written consent from owner for application; also, if owner's name does not appear on the Marion County tax rolls, please attach a copy of the deed showing owner's title.

b. Business owner's signature notarized; also signature of agent, if applicable.

c. The appropriate fee in cash, Visa, MasterCard or check (Payable to the City of Ocala).

d. Must provide to the Planning & Zoning Division a copy of the vendor's state issued Alcoholic beverage license within a period of 90 days of alcohol permit approval or the alcohol permit will be automatically voided and of no legal effect.

e. A sketch or a drawing will need to be submitted that reflects the:

- Ingress/Egress to the building
- The number of parking spaces
- The building square foot

f. If on premise consumption:

- How many stools/seats will be provided in the establishment? -
- What is the square footage of the building? 1725 +/-
- How many employees will you have on maximum shift? 4
- How many parking spaces are there? 12 +

Permit No. _____

ATTENDANCE at the public hearing by the applicant or agent (as designated in writing) **IS MANDATORY**

I, Zarian Shikarporia, being first duly sworn, affirm and say that I understand that my request will not be considered unless all the information required by this application is submitted. I further certify that all statements made in this application are true to the best of my knowledge and that any incorrect information will void the location permit, if issued.

INFORMATION REGARDING ALCOHOLIC BEVERAGE LOCATION PERMITS

When applying for a permit an applicant may seek more than one type of location permit for the same location, as described in the application form.

A location permit granted by the City may be granted to an individual, group of individuals or any legal entity recognized by the State of Florida, but any such permit granted shall not be transferable to another party or to a location other than that described in the original application.

A public hearing is required to be held by the city council for new location permits. If a location permit was issued after January 1, 2008, the building director may approve the request without the requirement for a public hearing.

The building director may approve or deny a location permit pursuant to Section 6-33(g):

(1) A bona fide nonprofit civic organization for on-premise consumption for a special event;
(2) An existing site with a location permit changing ownership;
(3) An existing site with a location permit changing the type of permit; or
(4) A former site with a location permit issued after January 1, 2008, seeking a new permit.

Applicants requesting on-premise consumption outside an enclosed building shall submit an application for a public hearing. A site plan must be submitted with the application and shall be reviewed by the building, planning and fire departments. The notice for the public hearing shall conform to the requirements as indicated in Section 3-25, paragraph (c). At the public hearing, the city council shall consider this request as a separate issue and shall be guided by the criteria listed below:

(1) The size and location of the portion of property to be used for outside consumption;
(2) Ingress/egress to the outside area;
(3) The proximity of the outside area to schools, churches, public recreation areas, public buildings and areas of public assembly, taking into consideration noise and light intrusion;
(4) The proximity of the outside area to established residential areas, taking into consideration noise and light intrusion;
(5) The proximity of the establishment to other establishments operating outside consumption;
(6) Hours of operation; and
(7) Screening and buffering.

Excessive or disturbing noise is a violation of Section 34-171 of the City's Code of Ordinances. The Ocala Police Department may terminate any event which is considered to be in violation of this code. A fine may be imposed for contravention of the noise regulation.

Presentation By: Kenneth Jamerson

Department: Ocala Fiber Network

FORMAL TITLE:
Cooperative purchasing agreement to Geograph Technologies, LLC, for the acquisition of CrescentLink fiber network design software and related services with an aggregate expenditure of $106,200

OCALA'S RELEVANT STRATEGIC GOALS:
Operational Excellence, Economic Hub

PROOF OF PUBLICATION:
N/A

BACKGROUND:
Since its inception, Ocala Fiber Network (OFN) has operated using Ocala Electric Utility's ArcFM software system, which was developed for electric utility operations and offers limited support for telecommunications fiber design. As the fiber optic network continues to grow, OFN requires a more specialized platform designed to meet the evolving needs of a modern telecommunications infrastructure.

To that end, OFN has conducted a thorough evaluation of fiber-specific design software. During a strategic review by Uptown Services, LLC, it was recommended that OFN adopt a standalone Geographic Information Systems (GIS) platform tailored to fiber network design. Uptown specifically recommended CrescentLink, citing its robust capabilities and alignment with OFN's long-term goals.

Following this recommendation, OFN collaborated with the City's Information Technology Department to evaluate CrescentLink. A product demonstration was conducted and both teams found CrescentLink to not only meet OFN's technical requirements, but to also integrate seamlessly with the City's existing GIS infrastructure.

FINDINGS AND CONCLUSIONS:
On October 8, 2025, Procurement and Contracting approved OFN's request to piggyback the contract awarded to Geograph Technologies, LLC (Geograph) by Chesapeake, Virginia, for CrescentLink software and related services. The City of Chesapeake competitively solicited these goods and services under its Request for Proposals No. 25-068-6328. Three vendors responded to the solicitation and on January 27, 2025, a contract was awarded to Geograph Technologies, LLC. The original contract was awarded for a term of five years from

January 8, 2025, through January 28, 2030, with five (5) one-year renewal options available upon mutual written agreement between the parties.

Geograph has agreed to extend pricing and services to the City of Ocala under the same terms and conditions as the Chesapeake agreement. The five-year expenditure of $106,200 has been calculated based on the annual subscription rate listed on page 148 of the contract. This pricing is fair and reasonable according to OFN staff.

Staff recommends approval.

TOTAL ANNUAL SUBSCRIPTION AMOUNT (SOFTWARE & SUPPORT) - Year 1	$18,000
TOTAL ANNUAL SUBSCRIPTION AMOUNT (SOFTWARE & SUPPORT) - Year 2	$18,000
TOTAL ANNUAL SUBSCRIPTION AMOUNT (SOFTWARE & SUPPORT) - Year 3	$19,800
TOTAL ANNUAL SUBSCRIPTION AMOUNT (SOFTWARE & SUPPORT) - Year 4	$21,600
TOTAL ANNUAL SUBSCRIPTION AMOUNT (SOFTWARE & SUPPORT) - Year 5	$24,000
TOTAL FIRST YEAR ONE-TIME COSTs (TRAINING)	$4,800

FISCAL IMPACT:
Funds are allocated in account 490-031-286-539-53-52045 - S/Ware-Subscript Based (SBITA). Expenditures will be tracked under Munis Contract No. OFN/260069.

PROCUREMENT REVIEW:
These services were procured in compliance with the City's Procurement Policy.

LEGAL REVIEW:
This Agreement will be reviewed and approved for form and legality by City Attorney, William E. Sexton.

- Deny

COOPERATIVE PURCHASING AGREEMENT FOR FIBER OPTIC NETWORK ASSET MANAGEMENT SOFTWARE

THIS COOPERATIVE PURCHASING AGREEMENT FOR FIBER OPTIC NETWORK ASSET MANAGEMENT SOFTWARE ("Piggyback Agreement") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City") and **GEOGRAPH TECHNOLOGIES, LLC**, a limited liability company duly organized in the state of South Carolina and authorized to do business in the state of Florida (EIN: 82-5526557) ("Contractor").

WHEREAS, after a competitive procurement process, the City of Chesapeake, Virginia (Chesapeake) entered into a contract with Geograph Technologies, LLC for the provision of fiber optic network asset management software, City of Chesapeake contract number 25-068-6328 (the "Chesapeake Agreement"); and

WHEREAS, in accordance with Chapter 287, Florida Statutes and the City of Ocala's contracting and procurement policies and procedures, City has the legal authority to "piggyback" the purchase of goods and services as contracted by another governmental entity as a form of inter-governmental cooperative purchasing when seeking to utilize the same or similar services provided for in said contract; and

WHEREAS, City desires to purchase labor, services, and materials for the provision of fiber optic network asset management software pursuant to essentially the same terms and conditions provided under the Chesapeake Agreement as applicable and amended by the terms and conditions of this Piggyback Agreement; and

WHEREAS, Contractor agrees to extend the terms, conditions, and pricing of the Chesapeake Agreement to the City of Ocala, subject to the terms and conditions of the Piggyback Agreement.

NOW THEREFORE, in consideration of the foregoing recitals, the following mutual covenants and conditions, and other good and valuable consideration, City and Contractor agree as follows:

1. **RECITALS.** City and Contractor hereby represent, warrant, and agree that the Recitals set forth above are true and correct and are incorporated herein by reference.

2. **DEFINITIONS.** As used in this Piggyback Agreement, the following terms shall have the meaning specified below:

   A. **Piggyback Agreement:** shall mean this Cooperative Purchasing Agreement for Fiber Optic Network Asset Management Software as it may from time to time be amended or modified pursuant to its terms and provisions.

   B. **Chesapeake Agreement:** shall mean the contract between the City of Chesapeake and Geograph Technologies, LLC and its exhibits, as amended and attached hereto as **Exhibit A – Chesapeake Agreement.**

3. **INCORPORATION OF CHESAPEAKE AGREEMENT.** The Chesapeake Agreement attached hereto as **Exhibit A** is hereby incorporated by reference as if set forth herein in its entirety. However, to the extent that any terms and conditions set forth in the Chesapeake Agreement conflict with any of the amended or supplemental terms and conditions set forth in this Piggyback Agreement, then the amended and supplemental terms and conditions set forth in this Piggyback Agreement shall be given precedence.

4. **CONTRACT DOCUMENTS.** The Contract Documents which comprise the entire understanding between City and Contractor shall only include this Agreement and those documents listed in this section as Exhibits to this Agreement. Each of these documents are incorporated herein by reference for all purposes. If there is a conflict between the terms of this Agreement and the Contract Documents, then the terms of this Agreement shall control, amend, and supersede any conflicting terms contained in the remaining Contract Documents.
   Exhibits to Agreement: The Exhibits to this Agreement are as follows:
   A. Exhibit A: Chesapeake Agreement (A-1 through A-167)

5. **AMENDED TERMS AND CONDITIONS.** The following terms and conditions of the Chesapeake Agreement are modified and replaced, in their entirety, as follows:
   A. The terms "City of Chesapeake," or "City" shall be replaced and intended to refer to the "City of Ocala."
   B. **COMPENSATION.** City shall pay Contractor a price not to exceed the maximum limiting amount of **ONE HUNDRED SIX THOUSAND, TWO HUNDRED AND NO/100 DOLLARS ($106,200)** over the contract term for the performance of the work and in accordance with the contract documents based on the most current prices set forth in **Exhibit A – Chesapeake Agreement**.
   C. **TIME FOR PERFORMANCE.** This Agreement shall become effective and commence on **NOVEMBER 19, 2025** and continue through and including **JANUARY 27, 2030**.
   D. **Invoice Submission**. All invoices submitted by Contractor shall include the City Contract Number, an assigned Invoice Number, and Invoice Date. Contractor shall submit the original invoice through the responsible City Project Manager at: **Ocala Fiber Network**, 3001 NE 21st Street, Ocala, Florida 34470, Attn: **Kenneth Jamerson** E-Mail: kjamerson@ocalafl.gov; Office: 352-401-6923.
   E. **Payment of Invoices by City**. The City Project Manager must review and approve all invoices prior to payment. City Project Manager's approval shall not be unreasonably withheld, conditioned, or delayed. Payments by City shall be made no later than the time periods established in section 218.735, Florida Statutes.
   F. **Withholding of Payment**. City reserves the right to withhold, in whole or in part, payment for any and all work that: (i) has not been completed by Contractor; (ii) is inadequate or defective and has not been remedied or resolved in a manner satisfactory to the City Project Manager; or (iii) which fails to comply with any term, condition, or other requirement under this Agreement. Any payment withheld shall be released and remitted to Contractor within **THIRTY (30)** calendar days of the Contractor's remedy or resolution of the inadequacy or defect.
   G. **Excess Funds**. If due to mistake or any other reason Contractor receives payment under this Agreement in excess of what is provided for by the Agreement, Contractor shall promptly notify City upon discovery of the receipt of the overpayment. Any overpayment shall be refunded to City within **THIRTY (30)** days of Contractor's receipt of the overpayment or must also include interest calculated from the date of the overpayment at the interest rate for judgments at the highest rate as allowed by law.

H. **Amounts Due to the City.** Contractor must be current and remain current in all obligations due to the City during the performance of services under the Agreement. Payments to Contractor may be offset by any delinquent amounts due to the City or fees and/or charges owed to the City.

I. **Tax Exemption**. City is exempt from all federal excise and state sales taxes (State of Florida Consumer's Certification of Exemption 85-8012621655C-9). The City's Employer Identification Number is 59-60000392. Contractor shall not be exempted from paying sales tax to its suppliers for materials to fulfill contractual obligations with the City, nor will Contractor be authorized to use City's Tax Exemption Number for securing materials listed herein.

6. **COMMERCIAL AUTO LIABILITY INSURANCE**. Contractor shall procure, maintain, and keep in full force, effect, and good standing for the life of this Agreement a policy of commercial auto liability insurance with a minimum combined single limit of One Million Dollars ($1,000,000) per occurrence for bodily injury and property damage arising out of Contractor's operations and covering all owned, hired, scheduled, and non-owned automobiles utilized in said operations. If Contractor does not own vehicles, Contractor shall maintain coverage for hired and non-owned automobile liability, which may be satisfied by way of endorsement to Contractor's Commercial General Liability policy or separate Commercial Automobile Liability policy.

7. **GENERAL LIABILITY INSURANCE.** Contractor shall procure and maintain, for the life of this Agreement, commercial general liability insurance with minimum coverage limits not less than:

   A. One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) aggregate limit for bodily injury, property damage, and personal and advertising injury; and

   B. One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) aggregate limit for products and completed operations.

   C. Policy must include coverage for contractual liability and independent contractors.

   D. Policy must include Additional Insured coverage in favor of the City that is no less restrictive than that afforded under the CG 20 26 04 13 Additional Insured Form.

8. **WORKERS' COMPENSATION AND EMPLOYER'S LIABILITY.** Worker's Compensation insurance shall be provided by Contractor as required by Chapter 440, Florida Statutes, or any other applicable state or federal law, including the U.S. Longshoremen's and Harbor Workers Compensation Act and the Jones Act.

   A. Contractor shall similarly require any and all subcontractors to afford such coverage for all of its employees as required by applicable law.

   B. Contractor shall waive and shall ensure that Contractor's insurance carrier waives, all subrogation rights against the City of Ocala and its officers, employees, and volunteers for all losses or damages. Contractor's policy shall be endorsed with WC 00 03 13 Waiver of our Right to Recover from Others or its equivalent.

   C. Exceptions and exemptions to this Section may be allowed at the discretion of the City's Risk Manager on a case-by-case basis in accordance with Florida Statutes and shall be evidenced by a separate waiver.

9. **ADDITIONAL INSURANCE REQUIREMENTS.**

A. Contractor's insurance coverage shall be primary insurance for all applicable policies. The limits of coverage under each policy maintained by Contractor shall not be interpreted as limiting Contractor's liability or obligations under this Agreement. City does not in any way represent that these types or amounts of insurance are sufficient or adequate enough to protect Contractor's interests or liabilities or to protect Contractor from claims that may arise out of or result from the negligent acts, errors, or omissions of Contractor, any of its agents or subcontractors, or for anyone whose negligent act(s) Contractor may be liable.

B. No insurance shall be provided by the City for Contractor under this Agreement and Contractor shall be fully and solely responsible for any costs or expenses incurred as a result of a coverage deductible, co-insurance penalty, or self-insured retention to include any loss not covered because of the operation of such deductible, co-insurance penalty, self-insured retention, or coverage exclusion or limitation.

C. **Certificates of Insurance**. No work shall be commenced by Contractor under this Agreement until the required Certificate of Insurance and endorsements have been provided nor shall Contractor allow any subcontractor to commence work until all similarly required certificates and endorsements of the subcontractor have also been provided. Work shall not continue after expiration (or cancellation) of the Certificate of Insurance and work shall not resume until a new Certificate of Insurance has been provided. **Contractor shall provide evidence of insurance in the form of a valid Certificate of Insurance (binders are unacceptable) prior to the start of work contemplated under this Agreement to: City of Ocala. Attention: Procurement & Contracting Department, Address: 110 SE Watula Avenue, Third Floor, Ocala Florida 34471, E-Mail: vendors@ocalafl.gov.** Contractor's Certificate of Insurance and required endorsements shall be issued by an agency authorized to do business in the State of Florida with an A.M. Best Rating of A or better. The Certificate of Insurance shall indicate whether coverage is being provided under a claims-made or occurrence form. If any coverage is provided on a claims-made form, the Certificate of Insurance must show a retroactive date, which shall be the effective date of the initial contract or prior.

D. **City as Additional Insured**. The City of Ocala shall be named as an Additional Insured and Certificate Holder on all liability policies identified in this Section with the exception of Workers' Compensation, Auto Liability (except when required by Risk Management) and Professional Liability policies**. Workers Compensation policy must contain a Waiver of Subrogation in favor of the City**.

E. **Notice of Cancellation of Insurance**. Contractor's Certificate of Insurance shall provide **THIRTY (30) DAY** notice of cancellation, **TEN (10) DAY** notice if cancellation is for non-payment of premium. In the vent that Contractor's insurer is unable to accommodate the cancellation notice requirement, it shall be the responsibility of Contractor to provide the proper notice. Such notification shall be in writing by registered mail, return receipt requested, and addressed to the certificate holder. Additional copies may be sent to the City of Ocala at vendors@ocalafl.gov.

F. **Failure to Maintain Coverage**. The insurance policies and coverages set forth above are required and providing proof of and maintaining insurance of the types and with such terms and limits set forth above is a material obligation of Contractor. Contractor's failure to obtain

or maintain in full force and effect any insurance coverage required under this Agreement shall constitute material breach of this Agreement.

G. **Severability of Interests**. Contractor shall arrange for its liability insurance to include or be endorsed to include a severability of interests/cross-liability provision so that the "City of Ocala" (where named as an additional insured) will be treated as if a separate policy were in existence, but without increasing the policy limits.

10. **PUBLIC RECORDS.** Contractor shall comply with all applicable provisions of the Florida Public Records Act, Chapter 119, Florida Statutes. Specifically, Contractor shall:

A. Keep and maintain public records required by the public agency to perform the service.

B. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if Contractor does not transfer the records to the public agency.

D. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of Contractor or keep and maintain public records required by the public agency to perform the service. If Contractor transfers all public records to the public agency upon completion of the contract, Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Contractor keeps and maintains public records upon completion of the contract, Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: CITY OF OCALA, OFFICE OF THE CITY CLERK; 352-629-8266; E-mail: clerk@ocalafl.gov; City Hall, 110 SE Watula Avenue, Ocala, FL 34471.

11. **AUDIT.** Contractor shall comply and cooperate immediately with any inspections, reviews, investigations, or audits relating to this Agreement as deemed necessary by the Florida Office of the Inspector General, the City's Internal or External auditors or by any other Florida official with proper authority.

12. **PUBLICITY.** Contractor shall not use City's name, logo, seal or other likeness in any press release, marketing materials, or other public announcement without City's prior written approval.

13. **E-VERIFY.** Pursuant to section 448.095, Contractor shall register with and use the U.S. Department of Homeland Security's ("DHS") E-Verify System, accessible at https://e-verify.uscis.gov/emp, to verify the work authorization status of all newly hired employees. Contractor shall obtain affidavits from any and all subcontractors in accordance with paragraph 2(b) of section 448.095, Florida Statutes, and maintain copies of such affidavits for the duration of this Agreement. By entering into this Agreement, Contractor certifies and ensures that it utilizes and will continue to utilize the DHS E-Verify System for the duration of this Agreement and any subsequent renewals of same. Contractor understands that failure to comply with the requirements of this section shall result in the termination of this Agreement and Contractor may lose the ability to be awarded a public contract for a minimum of one (1) year after the date on which the Agreement was terminated. Contractor shall provide a copy of its DHS Memorandum of Understanding upon City's request. Please visit www.e-verify.gov for more information regarding the E-Verify System.

14. **CONFLICT OF INTEREST.** Contractor is required to have disclosed, with the submission of their bid, the name of any officer, director, or agent who may be employed by the City. Contractor shall further disclose the name of any City employee who owns, directly or indirectly, any interest in Contractor's business or any affiliated business entity. Any additional conflicts of interest that may occur during the contract term must be disclosed to the City of Ocala Procurement Department.

15. **WAIVER.** The failure or delay of any party at any time to require performance by another party of any provision of this Agreement, even if known, shall not affect the right of such party to require performance of that provision or to exercise any right, power or remedy hereunder. Any waiver by any party of any breach of any provision of this Agreement should not be construed as a waiver of any continuing or succeeding breach of such provision, a waiver of the provision itself, or a waiver of any right, power or remedy under this Agreement. No notice to or demand on any party in any circumstance shall, of itself, entitle such party to any other or further notice or demand in similar or other circumstances.

16. **SEVERABILITY OF ILLEGAL PROVISIONS.** Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the applicable law. Should any portion of this Agreement be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Agreement.

17. **INDEMNITY.** Contractor shall indemnify City and its elected officials, employees and volunteers against, and hold City and its elected officials, employees and volunteers harmless from, all damages, claims, losses, costs, and expenses, including reasonable attorneys' fees, which City or its elected officials, employees or volunteers may sustain, or which may be asserted against City or its elected officials, employees or volunteers, arising out of the activities contemplated by this Agreement including, without limitation, harm or personal injury to third persons during the term of this Agreement to the extent attributable to the actions of Contractor, its agents, and employees.

18. **NO WAIVER OF SOVEREIGN IMMUNITY.** Nothing herein is intended to waive sovereign immunity by the City to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

19. **NOTICES.** All notices, certifications or communications required by this Agreement shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by e-mail. All notices shall be addressed to the respective parties as follows:

If to Contractor:	Geograph Technologies, LLC Attention: Joe Caldwell 103 West Main Street Easley, South Carolina 29640 Phone: 800-674-4803 ext. 3 E-mail: ar@geograph.tech
If to City of Ocala:	Daphne M. Robinson, Esq., Contracting Officer City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-629-8343 E-mail: notices@ocalafl.gov
Copy to:	William E. Sexton, Esq., City Attorney City of Ocala 110 SE Watula Avenue, 3rd Floor Ocala, Florida 34471 Phone: 352-401-3972 E-mail: cityattorney@ocalafl.gov

20. **ATTORNEYS' FEES.** If any civil action, arbitration or other legal proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party shall be entitled to recover reasonable attorneys' fees, sales and use taxes, court costs and all expenses reasonably incurred even if not taxable as court costs (including, without limitation, all such fees, taxes, costs and expenses incident to arbitration, appellate, bankruptcy and post-judgment proceedings), incurred in that civil action, arbitration or legal proceeding, in addition to any other relief to which such party or parties may be entitled. Attorneys' fees shall include, without limitation, paralegal fees, investigative fees, administrative costs, sales and use taxes and all other charges reasonably billed by the attorney to the prevailing party.

21. **JURY WAIVER.** IN ANY CIVIL ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF, CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY

ORAL REPRESENTATIONS TO OR BY ANY OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.

22. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.

23. **JURISDICTION AND VENUE.** The parties acknowledge that a majority of the negotiations, anticipated performance and execution of this Agreement occurred or shall occur in Marion County, Florida. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought only in the courts of record of the State of Florida in Marion County or the United States District Court, Middle District of Florida, Ocala Division. Each party consents to the exclusive jurisdiction of such court in any such civil action or legal proceeding and waives any objection to the laying of venue of any such civil action or legal proceeding in such court and/or the right to bring an action or proceeding in any other court. Service of any court paper may be effected on such party by mail, as provided in this Agreement, or in such other manner as may be provided under applicable laws, rules of procedures or local rules.

24. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all whom shall be bound by the provisions hereof.

25. **MUTUALITY OF NEGOTIATION.** Contractor and City acknowledge that this Agreement is a result of negotiations between Contractor and City, and the Agreement shall not be construed in favor of, or against, either party because of that party having been more involved in the drafting of the Agreement.

26. **SECTION HEADINGS.** The section headings herein are included for convenience only and shall not be deemed to be a part of this Agreement.

27. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or because of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.

28. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both parties to this Agreement.

29. **COUNTERPARTS.** This Agreement may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.

30. **ELECTRONIC SIGNATURE(S).** Contractor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.

31. **ENTIRE AGREEMENT.** This Agreement, including exhibits, (if any) constitutes the entire Agreement between the parties hereto with respect to the subject matter hereof. There are no other representations, warranties, promises, agreements or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. No course of prior dealings between the parties and no usage of trade shall be relevant or admissible to supplement, explain, or vary any of the terms of this Agreement. No representations, understandings, or agreements have been made or relied upon in the making of this Agreement other than those specifically set forth herein.
32. **LEGAL AUTHORITY**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement on _____.

CONTRACT MODIFICATION AGREEMENT

Date:	September 25, 2025
Contract No.:	25-068-6328
Commodity:	Fiber Optic Network Asset Management Software
Modification No.:	1
Issued By:	Kim White, Procurement Specialist I City of Chesapeake Purchasing Division 306 Cedar Road, 5th Floor Chesapeake, Virginia 23322 Phone: (757) 382-6359
Contractor:	Geograph Technologies, LLC 103 W. Main Street Easley, SC 29640
Attn:	Grey Pittman grey.pittman@geograph.tech

This Supplemental Agreement is entered into pursuant to the provisions of the basic contract.

Description of Modification:

Pursuant to Section 14. General Terms and Conditions, Item 14.17. Change to the Contract, the subject Contract is being modified to replace the cooperative language under Section 15. Special Terms and Conditions, Item 15.6. Cooperative Procurement.

Cooperative sharing is now available to any public agency or body in the United States.

Current language:
Any resultant contract of this solicitation may be extended to any public agency or body in the Commonwealth of Virginia to permit those public agencies or bodies to purchase at contract prices, in accordance with the terms, conditions and specifications of this bid/proposal. The successful vendor/contractor shall deal directly with each public agency or body in regard to order placement, delivery, invoicing and payment.

Shall be replaced with:
Any resultant contract of this solicitation may be extended to any public agency or body in the United State, or its territories, and the District of Columbia to permit those public agencies or bodies to purchase at contract prices, in accordance with the terms, conditions and specifications of this bid/proposal. The successful vendor/contractor shall deal directly with each public agency or body in regard to order placement, delivery, invoicing and payment.

Change shall take effect immediately upon full execution of Modification No. 1.

END OF MODIFICATION NO. 1

Except for the changes provided herein, all other terms and conditions of this contract remain unchanged and in full force and effect.

PURCHASING

CONTRACT

CONTRACT NUMBER: 25-068-6328

Fiber Optic Network Asset Management Software

This Contract is entered into this __28__ day of __January__ 2025, between Geograph Technologies, LLC, (Contractor), located at 103 W. Main Street, Easley, SC 29640, and the City of Chesapeake, located at 306 Cedar Road, Chesapeake, Virginia 23322 ("The City").

WITNESSETH that the Contractor and The City, in consideration of the mutual covenants, promises and agreements herein contained, agree as follows:

PERIOD OF PERFORMANCE: The Contract term shall be for a period of five (5) years from the date of execution with five (5), one-year renewal options upon mutual written agreement of the parties.

SCOPE OF CONTRACT: The Contractor shall provide the goods and services to the City of Chesapeake as set forth in RFP Number 25-068-6328 for Fiber Optic Network Asset Management Software and the contractor's proposal response dated November 22, 2024.

AVAILABILITY OF FUNDS: It is understood and agreed between the parties herein that The City shall be bound hereunder only to the extent of the funds available, or which may hereafter become available for the purpose of providing the Fiber Optic Network Asset Management Software.

The Contract documents shall consist of the following, all of which are Incorporated by reference:

1. This signed Contract;
2. City of Chesapeake Request for Proposal No. 25-068-6328, Fiber Optic Network Asset Management Software dated October 24, 2024, to include Addendum 1 issued November 12, 2024;
3. Geograph Technologies, LLC response to the City of Chesapeake Request for Proposals dated November 22, 2024;
4. Chesapeake Addendum to Contractor's Form, referencing Geograph's Terms and Conditions, last updated June 1, 2024.
5. Negotiations, ending January 13, 2025, including City letter, Geograph Response with clarified pricing, and emails;
6. Pricing/Fee Schedule –Geograph Technologies, LLC Proposed Pricing response dated January 6, 2025.

IN WITNESS WHEREOF, the parties have caused this Contract to be duly executed intending to be bound thereby.

CONTRACTOR:	Geograph Technologies, LLC	CITY OF CHESAPEAKE

1. Purpose

The City of Chesapeake, Virginia is soliciting sealed proposals for the purpose of identifying an appropriate vendor to supply fiber asset management, conduit assets and mapping software to be used to document and manage existing and planned Chesapeake Connects Next-Generation-Network (NGN) Outside Plant (OSP), allowing the City of Chesapeake to accurately document the location and status of fiber assets within the City of Chesapeake.

The City of Chesapeake does not discriminate against faith-based organizations in accordance with Code of Virginia Section 2.2-4343.1 or against any contractor, bid, or offeror because of race, religion, color, sex, national origin, age, disability, or any other basis prohibited by State law relating to discrimination in employment.

2. Background

The City of Chesapeake VA (hereinafter "City") is deploying the Chesapeake Connects (C-C), a next-generation fiber and wireless network. The development and expansion of the City's fiber network requires new software tools for the design and management of the fiber network infrastructure that is vital to supporting the day-to-day operations of the City, Schools, and Libraries.

The rapidly expanding use of fiber and the continuing innovation in design and best practices has created opportunities that require better ways for the City to standardize its approach toward fiber management.

There is a strong desire by City staff to utilize a more dynamic, centralized, GIS-based solution that incorporates real-time location of OSP assets. Acquiring and implementing modern GIS- based fiber optic network (and conduit) asset management software can provide process improvements and improved efficiency and effectiveness benefits well beyond current business practices.

It is anticipated that software can provide appreciable benefits including:

- Integrated system to document, plan, design, analyze and maintain the City's fiber network and conduit system
- Centralized data storage for easy dissemination to other enterprise users
- Fiber network and conduit system data is accurate and up to date.
- Annotation and handhole diagrams are automatically updated as data changes; and
- Create revenue for accurate tracking of leased ducts, use the tracing queries to determine duct availability for new leases.

The fiber optics network asset management software will be implemented for the City of Chesapeake, to manage the OSP infrastructure. The system will contain information for splice boxes, conduit runs, and cables for multiple fiber optic systems across the city.

Applications will include tools to easily identify and access fiber optics detailed information, conduct proximity infrastructure buffer analyses, and generate what-if "scenarios" (e.g., alternate circuit routing, fiber build-out, etc.) to support decision analysis.

Fully implemented, asset management software will be used for efficient and effective management of assets, organizing daily interventions (e.g., work order fulfillment and outage management), managing leasable fiber optics conduits, and planning new fiber optics developments.

3. Scope of Work

3.1. Scope of Services

The successful respondent under this RFP (hereafter, the "Contractor") shall provide all labor, personnel, supplies, materials, goods, and services necessary to design, configure, implement, install, and maintain a fiber optic network asset management software solution (the "Solution" or the "Software") containing all the functions and features required under this RFP.

Contractor shall deliver a Solution for the management of all assets in the Chesapeake Connects Next-Generation-Network ("NGN") Outside Plant ("OSP"). For the purpose of this RFP, "OSP" refers to all of the physical cabling and supporting infrastructure (including, without limitation, conduit, cabinets, splice boxes, towers, and poles) and any associated hardware located between a demarcation point in a facility and a demarcation point in another facility or customer location.

3.2. Required Information Technology Computing and Software Standards

Contractor shall deliver a Solution which supports, and runs properly under, the City of Chesapeake's current enterprise geospatial environment, as identified below and listed in Table 1.

If Contractor will deliver an on-premises Solution, all proposed software must integrate with the City's pre-existing geospatial platform, which includes the following:

1. Microsoft SQL Server 2019 enterprise edition or above;
2. Environmental Systems Research Institute (ESRI) ArcGIS Enterprise version 10.9.1 currently, expected to upgrade to version 11.3 by May 2025;
3. ESRI ArcGIS® Desktop version 10.8.1;
4. ESRI ArcGIS Pro v3.x and
5. Microsoft .NET Desktop Runtime 5.x (only for customizations and integration with application programming interfaces (APIs)).

Whether Contractor proposes an on-premises or off-premises Solution, any exceptions or deviations from the City of Chesapeake IT computing and software standards listed above and in Table 1 must be clearly and concisely stated in the respondents RFP submission.

The City has the right to reject as non-responsive any proposal that does not meet these standards.

Table 1 - City of Chesapeake IT Required Computing and Software Standards[1]

System	Standard
Authentication	Active Directory
Browser	Edge, Chrome, or Firefox at current release
Database Server	Microsoft SQL Server 2019
Geospatial Databases (Geo-Databases)	ESRI ArcGIS Enterprise v10.9.1
Geospatial Platform (GIS)	ESRI ArcGIS Enterprise v10.9.1 (expected to upgrade to v11.3 by May 2025)
GIS Web Server	ESRI Portal for ArcGIS v10.9.1 (expected to upgrade to v11.3 by May 2025)
Office Suite	Microsoft 365
Server Operating System(s)	Microsoft Windows Server 2019
Web Application Server	Microsoft IIS
Workstation Operating System	Window 11

[1]Software standards applicable to the Fiber Optic Network (FON) Asset Management Software request for proposal.

3.3. Task I – Describe How Proposed Software Will Support OSP Operations

Without limiting the generality of any other provision of this RFP, Contractor shall deliver a Solution which has each of the following features and functions (and shall perform related services as required in relation thereto):

OSP Asset Management

The Solution must support the inventory and connectivity of the completed NGN fiber network and its OSP, including all network assets. The fiber management functions of the Solution must support a range of network topologies including (without limitation) traditional fiber transport, point-to-point networks, and fiber ring networks.

The Solution must be able to manage all OSP assets through a mapping interface, which interface must be interoperable with the fiber optic management components or extensions of the software. Software features and functions for managing conduit cannot be standalone or separate from the fiber optic management components. Modular or extension-based software is acceptable as long as each module or extension integrates directly with other software modules or extensions.

Fiber Optic Network Design

The Solution must support the planning, engineering design, analysis, and maintenance of the OSP facility network; must be capable of modeling conduit, fiber, and other relevant equipment components; and must accommodate the connectivity of the complete network from any terminating device to any inside plant (ISP) termination point.

The Software must be capable of managing fiber-specific assets. The Solution must be capable of circuit provisioning. The Solution must be capable of service remediation through creating and optimizing alternative routes in the event of fiber faults or fiber outages. The Solution must be capable of mapping hypothetical “what-if scenarios” for extending and remediating services to customers on the network.

Work Order Integration

The Solution must support key business processes for work order design, execution, mapping, asset records management, and maintenance records of the entire system.

Contractor shall update the Solution's geospatial network model as is necessary (or otherwise when directed by the City) to accommodate changes to the network related (without limitation) to network maintenance, service repair, provisioning, or network extensions.

The Solution should be capable of attributing network facilities as desired by the City, including (without limitation) the association of compatible units, validating all edits using business rules, and generating work instructions and prints (i.e., both digital and printed copies of work to be performed) to support changes to the network.

Field Automation

The Solution must include field automation capabilities which allow the City to dispatch field crews with information corresponding to the job assigned (e.g., network repairs, modifications, and extensions). Specifically (and without limitation), the Solution must be compatible with the City geospatial platform outlined in **Table 1 - City of Chesapeake IT Required Computing and Software Standards** above, and also with standard-issue tablets and smartphones, such that mobile field crews have tools necessary to trace networks and locate faults, validate the physical network model to the digital network model, capture inspection and status information about field equipment, and capture redlines against the digital network model representing as-built changes.

The Solution should also have mobile software application to manage field work, and also to dispatch or reassign work and field crews.

Digital Image Management

The Solution must support large volumes of asset imagery (e.g., high-resolution, large coverage, multiple-time snapshots), including (without limitation) both orthogonal and oblique aerial imagery, with a high-performance image management and retrieval system capable of providing quick access to images when viewing OSP assets in a mapping interface (i.e., images and photos geo-coded and "pinned" to the appropriate OSP asset).

Contractor acknowledges high-resolution imagery is used extensively by the City of Chesapeake for a variety of different applications. The City pay provide aerial imagery through an application programming interface ("API") or web map service ("WMS") from Nearmap Pty. Ltd. (or such other contractor the City may engage for this purpose from time to time). The City will use this imagery during network maintenance and field engineering operations to help understand the location and characteristics of the physical network.

Enterprise Sharing

The Solution must provide the tools to share the most recent information on the physical network and its attributes, which tools must include, without limitation, desktop viewing and analysis tools linked to the central geo-database, as well as internet and intranet portals that may include dashboard and executive business intelligence information.

3.4. Task II - Provide Software Features & Functions Capability Matrix For Standalone and Server-Based Software

Without limiting the generality of any other provision of this RFP, Contractor shall deliver a Solution which may consist of:

- A standalone desktop software (integrated with ESRI ArcGIS® Software); OR
- A server-based web/cloud software (integrated with ESRI ArcGIS® Server Software), OR
- A combination of both.

The Solution must have the ability to integrate with other networking monitoring systems, such as (by way of illustration and not limitation) Solar Winds and Juniper, etc., to quickly visualize faults and alarms and identify services that are impacted.

Any portion of the Solution which is a standalone desktop software must run in conjunction with ESRI's ArcGIS® Desktop software, ArcMap, or ArcGIS Pro (client/server), or otherwise be web-based and run on ESRI's ArcGIS® Enterprise software platform. Any portion of the Solution which is a server-based web/cloud application must run on ESRI's ArcGIS® Server software platform.

In addition to any other requirement in this RFP, Contractor shall deliver a Solution which provides, at a minimum, each of the following features and functions:

1. Data Management

1. Geo-database schema for asset data management
2. Support for the following OSP assets:
   - Conduit and Fiber Cable
   - Cabinets
   - Network Points
   - Managed and Unmanaged Switches
   - Hand-holes
   - Splices
   - Radio transceivers used inside or outside buildings, such as wireless access points, and hardware associated with them, such as antennas and towers.
   - Traffic Controllers
   - Other Miscellaneous OSP equipment assets

c. Such functions or features necessary to accurately depict the location and current status of OSP assets, any faults in the network, and the connectivity status of all elements of the network.

f. Detailed Connection and Splice Modeling

g. Calculate circuit/fiber distance between two points accounting twist factor, index of refraction and fiber ring configurations

h. Store attenuation losses, including splice and mated-connector losses

i. Ability to hierarchically list fiber assets from map regions to signals on a cable

j. Creation and visualization of physical connectivity between the optical fiber

2. Select and Retrieve Data for any OSP Asset

1. Display geographic views of the outside plant (OSP)
2. Display graphical views such as map view, schematic view, rack view, etc.

3. Map Functionalities. Any map feature must contain the following functions:

1. A tool to measure distances within the map

2. The ability to identify locations by latitude/longitude, decimal degree, X, Y coordinates, and degrees, minutes, and seconds ("DMS"), and to convert values from one such format to another
3. The ability to pan to a specific location based on specified latitude/longitude, decimal degree, X, Y coordinates, or DMS

4. Map Navigation tools

1. Zoom In
2. Zoom Out
3. Pan
4. Full Extent
5. View Attributes using Identify Tool

5. Search Tool. The Solution must be capable of identifying and navigating to locations based on:

1. Address Based Search
2. Address
3. Tax ID
4. Land Mark

6. Inventory Search. The Solution must be capable of identifying and navigating to any single asset included following categories based on a search for that particular asset:

1. Conduit
2. Branch
3. Joint
4. Cable

7. Redlining

1. Graphics Redlining
2. Text Redlining

8. Query & Analyze. The Solution must be capable of automatically generating the following information for each individual asset:

1. What is it?
2. Where is it?
3. What are its physical attributes and capacity?
4. How is it connected?
5. What project details are related to that asset?
6. What is its estimated lifespan (based on estimated installation date)?

9. Physical Connectivity. The Solution must be capable of calculating the circuit or fiber distance between two points, accounting for twist factor and fiber ring configurations.

10. Fault Tracing and Visualization. The Solution must be capable of determining the location of a fault using results of an optical time-domain reflectometer ("OTDR") test, tracing the distance from the location to specified equipment ports, and displaying a "Fault" feature at the location.

11. Detail Network Tracing. The Solution must be capable of tracing from any point to any other point in any direction.

12. Project Management. The Solution must be capable of performing industry-standard analyses of OSP assets and preparing reports on those assets in accordance with industry standards.

13. Report Generation. The Solution must be capable of preparing any other report that the City may request.

14. Single sign-on. In addition to the above requirements, any portion of the Solution which is a server-based web/cloud application must have a "single sign-on" function, and to this end must contain a log-in page using the security assertion management language ("SAML") protocol supported by either the Azure Active Directory or the Microsoft Active Directory.

3.5. Task III - Provide Example Project Plan and Timeline For Software Implementation

Provide an example of a step-by-step project plan and timeline that the City can use as a guideline for implementing the software. Please identify the necessary steps to fully implement all features and functions of the software proposed. Include in the plan software installation steps, configuration steps, training steps, deployment steps, and testing steps.

4. Conflicts and Questions

Should there be conflicts with the RFP and a proposal, the RFP takes precedence unless otherwise agreed to in writing.

Questions regarding this Fiber Optic Network Asset Management Software should be directed to Kimberly White via the City's e-Procurement Portal. All questions and requests for clarification must be received by the Purchasing Division before 2:00 pm Friday, November 1, 2024.

Conflict of Interest: The Offeror represents to the City that it is entering into this agreement with the City does not entail any violation of the Virginia Conflict of Interest Act.

5. Specific Proposal Instructions

In order to be considered for selection, Offerors must submit a complete response to this solicitation via the City's e-Procurement Portal

Tab 1: Qualifications and Experience: The offeror shall provide a concise description of its work experience as it relates to the Scope of Services outlined herein including, but not be limited to:

A. A brief history of the firm, including the number of years in business, the size of the firm, the number of locations in the Tidewater area, and the location of the office from which the work is to be done.

B. A minimum of four (4) references, preferably public sector/government organizations, where the firm is currently under contract. References can be from clients in both public, nonprofit and private sectors, including the following:

1. Name of organization
2. Address of organization
3. Name, title, email address, and phone, of a contact for the organization
4. Number of years offeror has served the organization
5. Dates of Service
6. Contract Value

Tab 2: Capabilities and Skills: The offeror shall provide a description of the firm's capabilities and skills to perform the contract including, but not limited to perform the requirements described in this RFP.

Tab 3: Specific Plan and Methodology to Perform Services/Resources: Provide a step-by-step project plan and timeline that the City can use as a guideline for implementing the Solution. Please identify the necessary steps to fully implement all features and functions of the software proposed.

Include in the plan software installation steps, configuration steps, training steps, deployment steps, and testing steps.

If not identified in the project plan, Proposer shall also include the following information under this Tab:

A. An Introduction with an overview of Offeror's understanding of the scope of work and services to be provided.

B. Provide the number, type and qualifications of the offeror's employee pool, which it is the City's expectation of contractor(s) would have an established workforce and recruit based on need.

C. Describe the staff and other resources which will be assigned to this contract and include resumes of those individuals.

D. Provide a detailed matrix describing all features and functions of the Proposer's proposed Solution. If the City accepts a proposal for a Solution which includes features or functions not specifically required by this RFP, the additional features and functions proposed shall become mandatory requirements of the resulting contract. **Failure to submit a matrix of features and functions may cause a proposal to be rejected as non-responsive.**

E. Offer best practice approaches and innovative solutions to the City that provide functionality which enhance efficiency and effectiveness.

F. A detail of any assistance, equipment, or other items the Offeror will require the City to furnish under the Contract.

F. A statement explaining why the Offeror's proposed solution would be the most advantageous to the City.

G. A statement explaining process/procedures for conflict resolutions or how issues will be treated and resolved as they arise.

Tab 4: Cost of Services: Proposals shall provide pricing based on the requirements and terms set forth in this RFP. Pricing shall be all-inclusive covering every aspect of the contract. No additional fees shall be added unless authorized by the City.

Tab 5: Additional or Miscellaneous Information:

A. Resumes and other specific items or data requested in the RFP that is not include under a specific Tab.

B. Offeror shall provide a copy of appropriate license(s) and Certificate of Insurance indicating compliance with the insurance requirements as outlined in the Appendix A, Section I, General Terms and Conditions, Item U.

6. Proposal Prepartion and Submission Instructions

A. Proposals shall be signed by an authorized representative of the offeror. This includes, at a minimum the RFP Cover sheet and all Addendums. All information requested must be submitted. Failure to submit all information requested may result in the Purchasing Division requiring prompt submission of missing information, giving a lowered evaluation of the proposal, or finding the proposal non-responsive. Mandatory requirements are those required by law or such that they are determined in the sole discretion of the Procurement Administrator to be formalities that cannot be waived and are not subject to negotiation.

B. Proposals should be prepared simply and economically, providing a straightforward, concise description of capabilities to satisfy the requirements of the RFP. Emphasis should be placed on completeness and clarity of content. Elaborate brochures and excessive promotional materials are not required or desired.

C. Proposals should be organized in the order in which the requirements are presented in the RFP. All pages of the proposal should be numbered. Each paragraph should reference the paragraph number of the corresponding section of the RFP. Offeror shall adhere to the instructions outlined in Section XII (“SPECIFIC PROPOSAL INSTRUCTIONS”) for submitting a completed proposal. The proposal should contain a table of contents which cross references the RFP requirements. Information which the Offeror desires to present that does not fall within an area of the requirement of the RFP should be inserted at an appropriate place or be attached at the end of the proposal and designated as additional material. Proposals that are not organized as outlined risk elimination from consideration if the evaluators are unable to find where the RFP requirements are specifically addressed. The following information must be contained in the proposal. Proposals submitted are to conform to the following:

   1. The minimum font size shall be 10-point.
   2. Page size shall be limited to 8.5 by 11-inch paper.
   3. Proposals shall be submitted as one (1) electronic PDF document and be as thorough and detailed as possible so that the Selection Committee may properly evaluate the offeror’s capabilities to provide required services.

D. As used in this RFP, the terms "must" and "shall" identify requirements whose absence will have a major negative impact on the suitability of the proposed solution. The terms "should" or “may” are highly desirable, and would be useful, but their absence will not have a large impact and they are not absolutely necessary. The inability of an Offeror to satisfy a "must" or "shall"

requirement does not automatically remove that Offeror from consideration; however, it may seriously affect the overall rating of the Offerors' proposal. As used in this RFP, the terms "successful offeror" and "consultant team" both refer to an offeror which is awarded a contract pursuant to this RFP, and are used interchangeably.

E. Ownership of all data, materials, and documentation originated and prepared for the City pursuant to the RFP shall belong exclusively to the City and be subject to public inspection in accordance with the *Virginia Freedom of Information Act*. Trade secrets or proprietary information submitted by an offeror shall not be subject to public disclosure under the *Virginia Freedom of Information Act*; however, the offeror must invoke the protections of § 2.2-4342(F) of the *Code of Virginia*, in writing, either before or at the time the data or other material is submitted. The written notice must specifically identify the data or materials to be protected and state the reasons why protection is necessary. The proprietary or trade secret material submitted must be identified by some distinct method such as highlighting or underlining and must indicate only the specific words, figures, or paragraphs that constitute trade secret or proprietary information. The classification of an entire proposal document or prequalification application, line-item prices, and total proposal prices as proprietary or trade secrets is invalid and such documents will be disclosed in full upon request by the public, as required by law.

F. Any and all costs or expenses incurred or associated with the preparation of responses to this Request for Proposals, including site visits, oral presentations and any other costs shall be entirely the responsibility of the offeror and shall not be reimbursable in any manner by the City.

G. The City reserves the right to reject any or all proposals, to waive any technicalities in proposals received, and to negotiate and to accept the proposal which shall be in the City's best interest.

H. The City may cancel this Request for Proposals at any time prior to an award and is not required to furnish a reason why a particular proposal was not deemed the most advantageous.

I. The right is reserved, as the interests of the City may require, to revise and amend the specifications prior to the date set for acceptance of proposals; the acceptance date may be postponed if deemed necessary by the Procurement Administrator. Such revisions and amendments, if any, will be announced by an addendum to this solicitation and posted on the City's e-Procurement Portal.

J. Exceptions: Offeror shall detail any and all exceptions taken to the Scope of Work and Terms and Conditions sections of this RFP. For each exception, specify the RFP page number, section number, and the exception taken.

K. Late Proposals: To be considered for selection, proposals must be received in the City's Purchasing Office by the designated date and hour via the City's e-Procurement Portal. Proposals received in the issuing office after the date and hour designated may be disqualified

and may not be considered. It is the sole responsibility of the Offeror to ensure that its proposal reaches the Purchasing Division by the designated date and hour via the City's e-Procurement Portal.Receipt of proposals scheduled during a period of suspended City business operations will be rescheduled for processing at the same time on the next business day.

7. Disclosure of Proposal Contents

Offerors should be aware that the terms of the contract are public information and can be accessed by the public, except as provided herein as to trade secrets and proprietary information. The City or third parties may use any ideas presented in any proposal. Selection or rejection of the proposal does not affect this provision.

8. Evaluation Criteria

Evaluation of proposals will be under the complete jurisdiction of the City of Chesapeake and shall be in accordance with the City of Chesapeake's Purchasing Policies and Procedures Manual and Chesapeake Code Section 54-67(4). A Selection Committee to be wholly or primarily composed of representatives from the City will evaluate each proposal received and submit a recommendation to the Procurement Administrator. The Selection Committee will evaluate each proposal pursuant to its standard procurement procedures consistent with the procurement of services through competitive negotiation. Selection will be made on the basis of the criteria listed in the Evaluation Criteria section of the RFP.

No.	Evaluation Criteria	Scoring Method	Weight (Points)
1.	**Professional Qualifications** Offeror shall demonstrate their expertise, specialized experience, and qualifications for this work by explaining the history of the firm, in terms of length of existence, and types of services provided.	Points Based	10 *(10% of Total)*
2.	**Experience with Similar Projects** Quality of work previously performed for similar projects by the firm for the City or other governmental agencies, with a proven ability to complete projects within budgeted amounts.	Points Based	10 *(10% of Total)*

3.	**Proposed Project Team and Organization** The organizational structure of the Respondent will be evaluated in terms of its effective use of personnel; relevant experience and time commitment of key personnel, especially the designated Project Manager and sub-consultants (if applicable); logic of project organization; adequacy of labor commitment and resources; capability to reallocate resources as needed to meet project schedules.	Points Based	5 *(5% of Total)*
4.	**Software Features and Functions** Whether the proposal meets the functionality requirements of the City, according to the Scope of Work of the RFP. A detailed software features/functions matrix is to be presented which lists all software features and functions determined to be necessary to accomplish the work of this project.	Points Based	50 *(50% of Total)*
5.	**Fee Proposal** Offeror shall provide a firm rate/fee structure to cover all work detailed in this RFP and be a firm fixed price for the initial contract period. This total may be adjusted after negotiations with the City and prior to signing a formal contract, if justified.	Points Based	25 *(25% of Total)*

9. Oral Presentations

Offerors who submit a proposal in response to this RFP may be required to give an oral presentation of their proposal. This will provide an opportunity for the offeror to clarify or elaborate on the proposal. This is a fact finding and explanation session only and will not include negotiation. The City will schedule the time and location of these presentations. Oral presentations are an option and may or may not be conducted.

10. Period of Performance

The resulting contract shall be for a period of five (5) years from the date of execution with five (5) 1-year renewal options upon mutual written agreement between the parties.

11. Pricing/ Fee Schedule

Provide software license costs, annual maintenance, and training costs for the proposed software.

Offeror shall provide a firm rate/fee structure with the proposal.

Price/fee proposal shall be all-inclusive and cover all work detailed in this RFP and be a firm fixed price for the initial contract period.

Price adjustments shall be made in accordance with 14. Special Terms and Conditions, Item 10 - Price Escalation/De-Escalation of this RFP.

Provide discounts, if applicable, to municipal governments.

Please specify the software license type as well (e.g., per seat, concurrent user, server based, etc.).

Assume an initial estimate of five (5) users, two (2) of whom have design capability.

11.1 Software Costs (standalone desktop and web application)				
Quantity	Description	Unit Cost	Total Cost	License Type[1]

[1]Please specify the software license type (per seat, concurrent user, server based, etc.)

11.2 Maintenance Costs (standalone desktop and web application)			
Quantity	Description	Unit Cost	Total Cost

11.3 Training Costs				
Quantity	Description	Unit Cost	Total Cost	License Type[2]

[2]Indicate type: administrator, technical user, end user. Do not include travel and lodging costs.

12. Vendor Questionnaire

1. Full Proposal Response (with Cost)*

One complete PDF document of the full proposal response including the matrix should be uploaded here.

*Response required

2. Certification of Compliance with Immigration Laws and Regulations*

Please download the below documents, complete and have notarized. An online notarization option will be provided for you when responding.

- CERTIFICATION_OF_COMPLIANCE...

*Response required

3. Virginia State Corporation Commission (SCC) Registration Information*

AUTHORIZATION TO CONDUCT BUSINESS IN THE COMMONWEALTH: A contractor organized as a stock or non-stock corporation, limited liability company, business trust, or limited partnership or registered as a registered limited liability partnership shall be authorized to transact business in the Commonwealth as a domestic or foreign business entity if so, required by Title 13.1 or Title 50 of the Code of Virginia or as otherwise required by law. Any business entity described LISTED that enters into a contract with a public body pursuant to the Virginia Public Procurement Act shall not allow its existence to lapse or its certificate of authority or registration to transact business in the Commonwealth, if so required under Title 13.1 or Title 50, to be revoked or cancelled at any time during the term of the contract. A public body may void any contract with a business entity if the business entity fails to remain in compliance with the provisions of this section.

Pursuant to Code of Virginia, §2.2-4311.2 subsection B, a bidder or offeror organized or authorized to transact business in the Commonwealth pursuant to Title 13.1 or Title 50 is required to include in its bid or proposal the identification number issued to it by the State Corporation Commission (SCC). Any bidder or offeror that is not required to be authorized to transact business in the Commonwealth as a foreign business entity under Title 13.1 or Title 50 or as otherwise required by law must indicate by selecting one of the following reasons why the bidder or offeror is not required to be so authorized:

☐ is a corporation or other business entity with the SCC identification number

☐ is not a corporation, limited liability company, limited partnership, registered limited liability partnership, or business trust

☐ is an out-of-state business entity that does not regularly and continuously maintain as part of its ordinary and customary business any employees, agents, offices, facilities, or inventories in Virginia (not counting any employees or agents in Virginia who merely solicit orders that require acceptance outside Virginia before they become contracts, and not counting any incidental presence of the bidder in Virginia that is needed in order to assemble, maintain, and repair goods in accordance with the contracts by which such goods were sold and shipped into Virginia from bidder's out-of-state location)

☐ is an out-of-state business entity that is including with this bid an opinion of legal counsel which accurately and completely discloses the undersigned bidder's current contacts with Virginia and describes why those contacts do not constitute the transaction of business in Virginia within the meaning of § 13.1-757 or other similar provisions in Titles 13.1 or 50 of the Code of Virginia.

☐ If the business entity has not completed any of the foregoing options but currently have pending before the SCC an application for authority to transact business in the Commonwealth of Virginia and wish to be considered for a waiver to allow you to submit the SCC identification number after the due date for bids (The City of Chesapeake reserves the right to determine in its sole discretion whether to allow such waiver).

*Response required

4. Litigation Disclosure Form

Respond to each of the questions below by checking the appropriate box. Failure to fully and truthfully disclose the information required by this Litigation Disclosure Form may result in the disqualification of your bid or proposal from consideration or termination of the contract, once awarded. For purposes of this disclosure form, "you" means the individual or entity in whose name the bid or proposal is submitted.

*4.1. Have you or any principal, officer or director of your company, or any individual who will be assigned to work under any contract awarded pursuant to this solicitation, been convicted of a felony, or a misdemeanor involving moral turpitude, during the last ten (10) years? **

☐ Yes
☐ No

*Response required

*4.2. Have you or any principal, officer or director of your company, or any individual who will be assigned to work under any contract awarded pursuant to this solicitation, been terminated from any work being performed for the City of Chesapeake or any other governmental entity in the Commonwealth of Virginia during the last ten (10) years?**

☐ Yes
☐ No

*Response required

*4.3. Have you or any principal, officer or director of your company, or any individual who will be assigned to work under any contract awarded pursuant to this solicitation, been involved in any claim or litigation with the City of Chesapeake or any other governmental entity in the Commonwealth of Virginia during the last seven (7) years? **

☐ Yes
☐ No

*Response required

*4.4. Has any parent company or wholly owned subsidiary of your company been involved in any claim or litigation with the City of Chesapeake or any other governmental entity in the Commonwealth of Virginia during the last seven (7) years? **

☐ Yes
☐ No

*Response required

4.5. If you answered "Yes" to any of the above questions, please state the name(s) of the person(s), the nature, and the status and/or outcome of the conviction, termination, claim or litigation, as applicable. Any such information should be provided on a separate page, attached to this form and submitted with your bid or proposal.

*4.6. STATE CORPORATION COMMISSION IDENTIFICATION NUMBER**

Pursuant to Code of Virginia, §2.2-4311.2 subsection B, a bidder or offeror organized or authorized to transact business in the Commonwealth pursuant to Title 13.1 or Title 50 is required to include in its bid or proposal the identification number issued to it by the State Corporation Commission (SCC). Any bidder or offeror that is not required to be authorized to transact business in the Commonwealth as a foreign business entity under Title 13.1 or Title 50 or as otherwise required by law is required to include a statement describing why the bidder or offeror is not required to be so authorized.

*Response required

5. Small, Women-Owned, Minority-Owned (SWaM) and Service Disabled Veteran-Owned Business

A certified SWaM Business is one that holds a current certification from the Virginia Department of Small Business and Supplier Diversity (SBSD), the U.S. Small Business Association (SBA), the Women's Business Enterprise National Council (WBENC), National Minority Supplier Development Council (NMSDC) or from other U.S. State and some Local Government Supplier Diversity Programs.

*5.1. Is your company a certified Small, Woman or Minority Owned (SWaM) Business or Disadvantaged Business Enterprise?**

☐ Yes
☐ No

*Response required

5.2. Certification Type

If applicable, what is your company's certification type?

Select all that apply

☐ Small Business
☐ Woman-owned Business
☐ Minority-owned Business
☐ Service Disabled Veteran (SDV)
☐ Disadvantaged Business Enterprise (DBE)

5.3. SWaM Certificate/Supporting Documentation

If applicable, attach any supporting documentation, including certificates, in regards to your company's SWaM status.

13. Negotiations and Award of Contract

A. Negotiations are conducted with at least two Offerors so selected unless a written determination is made as provided in Subpart C of Section 7.3.2. Negotiations allows modifications of proposals, including price, but the Procurement Administrator or designee shall not consider any modifications to terms and conditions stated in the RFP for which the Offeror's written proposal did not included any exceptions. Offers and counter-offers may be made as many times with each Offeror as is necessary to secure a reasonable contract. The Procurement Administrator selects the Offeror which, in its opinion, has made the best proposal. In all instances, written confirmation shall be obtained from the Offeror of any modifications to the original proposal. Should the Procurement Administrator or designee determine in writing and in his or her sole discretion that only one Offeror is fully qualified or that one Offeror is clearly more highly qualified and suitable than the others under consideration, a contract may be negotiated and awarded to that Offeror. Once an Intent to Award notice is posted, no further negotiations shall be conducted.

B. When a provision for receiving best and final offers (BAFO) is included in the RFP, after negotiations, Offerors are given the opportunity to submit a best and final offer. The Offeror's proposal, if already received and scored, may be rescored to combine and include the information contained in the BAFO with the technical evaluation score previously assigned, and the award decision made. The contract file shall be documented to show the basis for the award, and include the final rescoring of the proposals following negotiation and receipt of best and final offers.

C. For competitively negotiated procurements, once evaluation and negotiations have been completed with selected Offeror(s), the Purchasing Division may prepare a written narrative summarizing the rationale for the criteria that are developed for each proposal negotiated. The summary shall address the merits of the proposals relative to the evaluation criteria. The City is not, however, required to furnish a statement of the reason why a particular proposal was not deemed to be the most advantageous (Code of Virginia § 2.2-4359D). Only Offerors may inspect the proposal records after evaluation and negotiations are completed, but prior to award (Chesapeake City Code § 54-75 and Code of Virginia, § 2.2-4342(D)). Once negotiations have ben finalized, the Purchasing Division shall complete and evaluation summary and place in the procurement file. This worksheet for each Offeror negotiated with should be a compilation of the evaluation committee's ratings.

D. The City may cancel a RFP, or reject proposals at any time prior to making an award (City Code Section 54-68).

E. The award documents shall incorporate, by reference, the terms and conditions of the RFP and the contractor's proposal, together with all written modifications thereof.

Cancellation, Rejection of Bids or Proposals; Waiver of Informalities

A. An invitation to Bid (IFB), a Request for Proposal (RFP) or other solicitation may be cancelled or any or all bids or proposals may be rejected in whole or in part when the Procurement Administrator or designee determines that it is in the best interest of the City to do so. The reasons for such action shall be made a part of the contract file.

B. The City may waive informalities in bids. "Informality" means a minor defect or variation of a bid or proposal from the exact requirements of the Invitation to Bid, or the Request for Proposal, which does not affect the price, quality, quantity or delivery schedule for the goods, services or construction being procured.

14. Required General Terms and Conditions

14.1. CLARIFICATION OF TERMS

If any bidder/offeror has questions about the specifications or other solicitation documents, the bidder/offeror should contact the buyer whose name appears on the face of the solicitation no later than 5 working days before the due date. Any revisions to the solicitation will be made only by addendum issued by the City.

14.2. MANDATORY USE OF CITY FORM

Failure to submit a bid on the official City form provided for that purpose shall be a cause for rejection of the proposal. Modification of or additions to any portion of the proposal may be cause for rejection of the proposal; however, the City reserves the right to decide on a case by case basis, in its sole discretion, whether to reject such a proposal as nonresponsive. As a precondition to its acceptance, the City may, in its sole discretion, request that the offeror withdraw or modify nonresponsive portions of a proposal which do not affect quality, quantity, price, or delivery. No modification of or addition to the provisions of the contract shall be effective unless reduced to writing and signed by the parties.

14.3. ANTITRUST

By entering into a contract, the Consultant conveys, sells, assigns, and transfers to the City of Chesapeake all rights, title and interest in and to all causes of action it may now have or hereafter acquire under the antitrust laws of the United States and the Commonwealth of Virginia, relating to the particular services acquired by the City of Chesapeake under said contract.

14.4. DEBARMENT STATUS

By submitting their bids/proposals, bidders/offerors certify that they are not currently debarred by the Commonwealth of Virginia or any political subdivision or agency of the Commonwealth from submitting bids/proposals on contracts for the type of services covered by this solicitation, nor are they an agent of any person or entity that is currently so debarred.

14.5. IMMIGRATION REFORM AND CONTROL ACT OF 1986

By submitting their (bids/proposals), (bidders/offerors) certify that they do not and will not during the performance of this contract employ illegal alien workers or otherwise violate the provisions of the federal Immigration Reform and Control Act of 1986.

14.6. ETHICS IN PUBLIC CONTRACTING

By submitting their bids/proposals, bidders/offerors certify that their bids/proposals are made without collusion or fraud and that they have not offered or received any kickbacks or inducements from any other bidders/offerors, supplier, manufacturer or subcontractor in connection with their bids/proposals, and that they have not conferred on any public employee having official responsibility for this procurement transaction any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value was exchanged.

14.7. ANTI-DISCRIMINATION

By submitting their proposals, offerors certify to the City that they will conform to the provisions of the Federal Civil Rights Act of 1964, as amended, as well as the Virginia Fair Employment Contracting Act of 1975, as amended, where applicable, the Virginians with Disabilities Act, the Americans With Disabilities Act and § 2.2-4311 of the *Virginia Public Procurement Act (VPPA).* If the award is made to a faith-based organization, the organization shall not discriminate against any recipient of goods, services, or disbursements made pursuant to the contract on the basis of the recipient's religion, religious belief, refusal to participate in a religious practice, or on the basis of race, age, color, gender or national origin and shall be subject to the same rules as other organizations that contract with public bodies to account for the use of the funds provided; however, if the faith-based organization segregates public funds into separate accounts, only the accounts and programs funded with public funds shall be subject to audit by the public body (*Code of Virginia*, § 2.2-4343.1E).

During the performance of this contract, the contractor agrees as follows:

A. The contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, sexual orientation, gender identity, national origin, age, disability, or any other basis prohibited by state law or federal law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the contractor. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause

B. The contractor, in all solicitations or advertisements for employees placed by or on behalf of the contractor, will state that such contractor is an equal opportunity employer.

C. Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting the requirements of this section.

D. The contractor will include the provisions of a., above in every subcontract or purchase order over $10,000, so that the provisions will be binding upon each subcontractor or vendor.

14.8. APPLICABLE LAWS AND COURTS

A. This solicitation and any resulting contract shall be governed in all respects by the laws of the Commonwealth of Virginia, and any litigation with respect thereto shall be brought in in the courts of the City of Chesapeake, Virginia, or the United States District Court for the Eastern District of Virginia, if independent federal jurisdiction exists. The Consultant shall comply with all applicable federal, state and local laws, rules and regulations. This solicitation is governed by provisions of Chapter 54 of the Chesapeake City Code, and any revisions thereto, which are hereby incorporated into this contract by reference. Contact the Purchasing Division at (757) 382-6359, for more information. The City Code may be read online at http://www.municode.com.

14.9. PROCUREMENT ORDINANCE

This solicitation is subject to the provisions of the City of Chesapeake Procurement Ordinance and Chesapeake Purchasing Policies and Procedures Manual. A copy of the City's ordinance and Chesapeake Purchasing Policies and Procedures Manual is available for review at the purchasing office or accessible on the Internet at www.CityOfChesapeake.net/Purchasing.

14.10. PAYMENT

A. **To Consultant:**

1. Invoices for services rendered shall be submitted by the Consultant directly to the payment address shown on the purchase order/contract. All invoices shall show the City contract number and/or purchase order number; social security number (for individual Consultants) or the federal employer identification number (for proprietorships, partnerships, and corporations).
2. Any payment terms requiring payment in less than 30 days will be regarded as requiring payment 30 days after invoice or delivery, whichever occurs last. This shall not affect offers of discounts for payment in less than 30 days, however.
3. All services provided under this contract or individual purchase order, that are to be paid for with public funds, shall be billed by the Consultant at the contract price, regardless of which City department is being billed.
4. The following shall be deemed to be the date of payment: the date of postmark in all cases where payment is made by mail, or the date of offset when offset proceedings have been instituted as authorized under the Virginia Debt Collection Act.
5. Unreasonable Charges. Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are

placed. In such cases, Consultants should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges which appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, the City shall promptly notify the Consultant, in writing, as to those charges which it considers unreasonable and the basis for the determination. A Consultant may not institute legal action unless a settlement cannot be reached within 30 days of notification. The provisions of this section do not relieve a department of its prompt payment obligations with respect to those charges which are not in dispute (*Code of Virginia,* § 2.2-4363).

B. **To Subcontractors:**

1. A Consultant awarded a contract under this solicitation is hereby obligated:

   a. To pay the subcontractor(s) within 7 days of the Consultant's receipt of payment from the City for the proportionate share of the payment received for work performed by the subcontractor(s) under the contract; or

   b. To notify the Purchasing Division and the subcontractor(s), in writing, of the Consultant's intention to withhold payment and the reason.

2. The Consultant is obligated to pay the subcontractor(s) interest at the rate of one percent per month (unless otherwise provided under the terms of the contract) on all amounts owed by the Consultant that remain unpaid 7 days following receipt of payment from the City, except for amounts withheld as stated in (a)(2) above. The date of mailing of any payment by U.S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier consultant performing under the primary contract. A Consultant's obligation to pay interest to a subcontractor shall not be construed as an obligation of the City.

14.11. CLAIMS

In the event that a different administrative claim resolution process is not provided in the solicitation, the following claim process shall apply. In the event of a contractual dispute, Consultant must submit a written notice of the dispute specifically entitled "notice of intent to file a claim" within ten (10) days of the occurrence on which the claim is based to the City Manager or designee. No more than thirty (30) days from the occurrence on which the claim is based, the Consultant must submit a written statement of the basis of the claim together with a proposed remedy and all supporting evidence of the claim to the City Manager or designee. The timely and complete filing of the notice and claim are a prerequisite to recovery by the Consultant, and failure to follow the claim process stated herein shall operate as a conclusive waiver of the claim by the Consultant. Oral notice, the actual knowledge of a City employee or official, or an untimely or incomplete written notice and claim shall not be sufficient to satisfy the requirements of this provision.

The Consultant may not institute legal action prior to the receipt of a final written decision by the City Manager or designee unless the City Manager or designee fails to render a decision within ninety (90)

days of the submission of the claim. Failure of the City Manager or designee to render a decision within ninety (90) days shall be deemed a denial.

The decision of the City Manager or designee shall be final and conclusive unless theConsultant appeals within six (6) months of the date of the final decision (or time specified for a final decision if no response is made) by instituting legal action as provided by Va. Code Section 2.2-4364.

The parties' contract and their performance obligations shall be governed, interpreted and enforced pursuant to the laws and regulations of, and in accordance with the laws of the Commonwealth of Virginia without regard to the conflicts of law principles thereof. The Consultant shall carry on the work and adhere to the progress schedule during all disputes or disagreements with the City. No work shall be delayed or postponed pending resolution of any disputes or disagreements, except as the City and the Consultant may otherwise agree in writing.

14.12. NO WAIVER OF LEGAL RIGHTS

Neither the acceptance by the City or any representative of the City, nor any payment for or acceptance of the whole or any part of the Work, nor any extension of time, nor any possession taken by the City shall operate as a waiver of any portion of the Contract or of any power herein reserved or of any right to damages. A waiver of any breach of the Contract shall not be held to be a waiver of or implied course of dealing applicable to any other or subsequent breach. The City reserves all rights, privileges, immunities and defenses available to it at law.

14.13. PRECEDENCE OF TERMS

The General Terms and Conditions shall apply in all instances. In the event there is a conflict between any of the other General Terms and Conditions and any Special Terms and Conditions in this solicitation, the Special Terms and Conditions shall apply.

14.14. QUALIFICATIONS OF BIDDERS/OFFERORS

The City may make such reasonable investigations as deemed proper and necessary to determine the ability of the offerors to perform the services and the offerors shall furnish to the City all such information and data for this purpose as may be requested. The City reserves the right to inspect offerors' physical facilities prior to award to satisfy questions regarding the offerors' capabilities. The City further reserves the right to reject any proposals if the evidence submitted by, or investigations of, such offerors fails to satisfy the City that such offerors is properly qualified to carry out the obligations of the contract and to provide the services contemplated therein.

14.15. TESTING AND INSPECTION

The City reserves the right to conduct any test or inspection it may deem advisable to assure goods and services conform to the specifications.

14.16. ASSIGNMENT OF CONTRACT

A contract shall not be assignable by the Consultant in whole or in part without the written consent of the City.

14.17. CHANGES TO THE CONTRACT

Changes can be made to the contract in any of the following ways, provided that City staff other than the Procurement Administrator, City Manager, or designee shall have no authority to approve or order changes in the work that alter the terms and conditions of the Contract, except for changes permitted by the Chesapeake Purchasing Policies and Procedures Manual as to contract time or price that are mutually agreed and reduced to a written change order or contract modification:

A. The parties may agree in writing to modify the terms or conditions of the contract. Any additional services to be provided shall be of a sort that is ancillary and directly related to the contract services, or within the same product or service categories as were included in the contract award. Any increase or decrease in the price of the contract resulting from such modification shall be agreed to by the parties as a part of their written agreement to modify the contract.

B. The Purchasing Division may order changes within the general scope of the contract at any time by written notice to the Consultant. Changes within the scope of the contract include, but are not limited to, things such as services to be performed. The Consultant shall comply with the notice upon receipt, unless the Consultant intends to claim an adjustment to compensation, schedule, or other contractual impact that would be caused by complying with such notice, in which case the Consultant shall, in writing, promptly notify the Purchasing Division of the adjustment to be sought, and before proceeding to comply with the notice, shall await the Purchasing Division's written decision affirming, modifying, or revoking the prior written notice. If the Purchasing Division decides to issue a notice that requires an adjustment to compensation, the Consultant shall be compensated for any additional costs incurred as the result of such order and shall give the Purchasing Division a credit for any savings. Said compensation shall be determined by one of the following methods:

   1. By mutual agreement between the parties in writing; or

   2. By agreeing upon an hourly rate or a unit price, or, using an hourly rate or unit price set forth in the contract, if the work to be done can be expressed in hourly increments or units, and the Consultant accounts for the number of hourly increments or units of work performed, subject to the Purchasing Division’s right to audit the Consultant’s records and/or to determine the correct number of units independently; or

   3. By ordering the Consultant to proceed with the work and keep a record of all costs incurred and savings realized. A markup for overhead and profit may be allowed if provided by the contract. The same markup shall be used for determining a decrease in price as the result of savings realized. The Consultant shall present the Purchasing Division with all vouchers and records of expenses incurred and savings realized. The Purchasing Division shall have the right to audit the records of the Consultant as it deems necessary to determine costs or savings. If the parties fail to agree on an amount of adjustment, the question of an increase or decrease in the contract price or time for performance shall be resolved in

accordance with the procedures for resolving disputes provided by the Claims clause of this contract. Neither the existence of a claim nor a dispute resolution process, litigation or any other provision of this contract shall excuse the Consultant from promptly complying with the changes ordered by the Purchasing Division or with the performance of the contract generally.

C. Any modification of a lump sum contract price is subject to the terms of City Code Section 54-71, which provides that such a contract may not be increased by the greater of more than $10,000 or 10% of the original contract price without approval of the City Manager and notice to the City Council.

14.18. DEFAULT

In case of failure to deliver services in accordance with the Contract, the City, after due oral or written notice, may procure them from other sources and hold the Consultant responsible for any resulting additional purchase and administrative costs. This remedy shall be in addition to any other remedies which the City may have.

14.19. TAXES

Sales to the City are normally exempt from State sales tax. State sales and use tax certificates of exemption, Form ST-12, will be issued upon request. Deliveries against this contract shall usually be free of Federal excise and transportation taxes. The City's excise tax exemption registration number is 54-072-1442.

14.20. DRUG-FREE WORKPLACE

During the performance of this contract, the Consultant agrees to (i) provide a drug-free workplace for the Consultants employees; (ii) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the Consultants workplace and specifying the actions that will be taken against employees for violations of such prohibition; (iii) state in all solicitations or advertisements for employees placed by or on behalf of the Consultant that the Consultant maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order of over $10,000, so that the provisions will be binding upon each subcontractor or vendor.

For the purposes of this section, "*drug-free workplace"* means a site for the performance of work done in connection with a specific contract awarded to a Consultant, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession or use of any controlled substance or marijuana during the performance of the contract.

14.21. EMPLOYMENT DISCRIMINATION BY CONSULTANT PROHIBITED

During the performance of this contract, the Consultant agrees as follows:

A. The Consultant will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, or other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the Consultant. The Consultant agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

B. The Consultant, in all solicitations or advertisements for employees placed by or on behalf of the Consultant, will state that such Consultant is an equal opportunity employer.

C. Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting the requirements of this section.

D. The Consultant will include the provisions of the foregoing paragraphs a, b and c in every subcontract or purchase order of over $10,000, so that the provisions will be binding upon each subcontractor or vendor.

14.22. AVAILABILITY OF FUNDS

It is understood and agreed between the parties herein that the City shall be bound hereunder only to the extent of the funds available or which may hereafter become available, subject to appropriations, for the purpose of this solicitation.

14.23. BID/PROPOSAL PRICE CURRENCY

Unless stated otherwise in the solicitation, bidders/offerors shall state bid prices in US dollars.

14.24. AUTHORIZATION TO CONDUCT BUSINESS IN THE COMMONWEALTH

A Consultant organized as a stock or non-stock corporation, limited liability company, business trust, or limited partnership or registered as a registered limited liability partnership shall be authorized to transact business in the Commonwealth as a domestic or foreign business entity if so required by Title 13.1 or Title 50 of the *Code of Virginia* or as otherwise required by law. Any business entity described above that enters into a contract with a public body pursuant to the *Virginia Public Procurement Act* shall not allow its existence to lapse or its certificate of authority or registration to transact business in the Commonwealth, if so required under Title 13.1 or Title 50, to be revoked or cancelled at any time during the term of the contract. A public body may avoid any contract with a business entity if the business entity fails to remain in compliance with the provisions of this section.

14.25. TERMINATION OF CONTRACT

The City may terminate the contract for cause or for convenience after giving 30 days' notice in writing to the Consultant. The written notice shall state whether the termination is for convenience or cause. The notice shall be delivered by a commercial courier service or mailed certified with return

receipt requested to the address listed on the bid/proposal, unless notice of a change of address has been provided to the Purchasing Division.

A. **Termination for Cause:** If the Consultant should breach the contract or fail to perform the services required by the contract, the City may terminate the contract for cause by giving written notice or may give the Consultant a stated period of time within which to remedy its breach of contract. If the Consultant shall fail to remedy the breach within the time allotted by the City, the contract may be terminated by the City at any time thereafter upon written notice to the Consultant or, in the alternative, the City may give such extension of time to remedy the breach as the City determines to be in its best interest. The City's forbearance by not terminating the contract because of a breach of contract shall not constitute a waiver of the City's right to terminate, nor shall the City's acquiescence in any future act or omission by the Consultant. If the contract is terminated for cause, breach of contract or failure to perform, the Consultant may be subject to a claim by the City for the costs and expenses incurred in securing a replacement Consultant to fulfill the obligations of the contract. In the event a Cure Notice is issued, the City will use the address provided to the City listed in the proposals. It shall be the Consultant's responsibility to notify the City in writing within 10 days of knowing a change of address. The written notice shall include the City's contract number and the effective date of the address change.

   In the event the Consultant breaches the contract or fails to perform the services required by the contract, in addition to terminating this contract for cause, the City reserves the right, in its sole discretion, to terminate for cause any other open contract that the Consultant has with the City.

B. **Termination for Convenience:** The contract may be terminated by the City in whole or in part for the convenience of the City without a breach of contract by delivering to the Consultant a written notice of termination specifying the extent to which performance under the contract is terminated and the effective date of the termination. Upon receipt of such a notice of termination, the Consultant must stop work, including but not limited to work performed by subcontractors, at such time and to the extent specified in the notice of termination.

   If the contract is terminated in whole or in part for the convenience of the City, the Consultant shall be entitled to those fees earned for work done prior to the notice of termination and thereafter shall be entitled to any fees earned for work not terminated, but shall not be entitled to lost profits for the portions of the contract which were terminated.

C. **Delivery of Materials:** Contract termination shall not relieve the Consultant of the obligation to deliver to the City all products or services for which the Consultant has been or will be compensated. Unless otherwise agreed to in writing, the Consultant shall deliver the materials or other deliverables to the City within 30 days of the Notice of Termination of the Contract. Failure to do so may result in an action for breach of contract.

D. **Compensation Due the Consultant**: In event of termination, the Consultant shall be entitled to the compensation accrued to the date of termination. Payment of the balance of the accrued compensation shall be dependent on the Consultant providing the required project material to the City. Said fees which have been earned shall be billed to the City in accordance with the normal billing process, but in no case later than 60 days after the last work is performed. Any termination by the City for default, found by a court of competent jurisdiction not to have been justified as a termination for default, shall be deemed a termination for the convenience of the City.

The Consultant shall submit invoices for all such amounts in accordance with the normal billing process, but in no event later than 60 days after all services are performed. All amounts invoiced are subject to deductions for amounts previously paid and offsets authorized by Contract. All payments due the Consultant under this contract are subject to appropriation by the Chesapeake City Council.

14.26. LITIGATION WITH THE CITY

The City in its sole discretion may choose not to make an award to an offerors who is in litigation with the City at the time of proposals evaluation. This provision also applies if any parent company, principal, officer, or wholly owned subsidiary of the offerors is in litigation with the City at the time of the proposals evaluation.

14.27. PRIOR DEFAULTED CONTRACTS

The City in its sole discretion may choose not to make an award to an offeror who has previously defaulted on a contract with the City or has been debarred by another public entity. This provision also applies if any parent company, principal, officer, or wholly owned subsidiary of the bidders/offerors has previously defaulted on a contract with the City.

14.28. CRIMINAL CONVICTIONS

The City in its sole discretion may choose not to make an award to an offerors if any principal, officer, director, or staff member of the firm assigned to work under a contract awarded pursuant to this solicitation has been convicted of a felony or a misdemeanor involving moral turpitude in the past 10 years.

14.29. INDEMNIFICATION

Consultant agrees, for itself, its agents, servants, employees, subcontractors, and subconsultants, to perform all work hereunder or associated herewith in accordance with any and all applicable professional standards and in accordance with sound professional practice and principles. The following provisions shall apply to the fullest extent permitted by law and regulations and shall not require indemnification for claims to the extent caused by or resulting solely from the negligence of the City, its agents, or employees.

Consultant shall indemnify and hold harmless the City and its officers, agents, volunteers, servants, employees and officials from and against any and all liability, losses, reasonable attorney's fees and litigation expenses or other expenses suffered by any party or entity as the result of any claim found to have been caused in whole or part by the negligent or willful acts, errors, or omissions of Consultant, or those for whom Consultant is legally liable, made in the course of performing Consultant's professional services. With the prior approval of the City, Consultant may assume the defense of any such professional liability claim(s) made against the City, its agents, volunteers, servants, employees or officials.

As to all matters of liability related to or arising out of this contract other than professional liability (if any), Consultant shall indemnify and hold harmless the City, its agents, volunteers, servants, employees and officials from and against any and all liability, losses, reasonable attorney's fees and litigation expenses, or other expenses suffered by any party or entity as a result of any claim found to have been caused in whole or part by the negligent or willful acts, errors, or omissions of Consultant or those for whom Consultant is legally liable. With the prior approval of the City, Consultant shall assume the defense of any such claim(s) made against the City, its agents, volunteers, servants, employees or officials.

14.30. ADVERTISING

In the event a contract is awarded for supplies, equipment, or services resulting from this solicitation, no indication of such sales or services to the City will be used in product literature or advertising. Without prior written approval from the proper authority of the City, the Consultant shall not state in any of its advertising, product literature, or other promotional materials that the City or any department or agency of the City has purchased or uses its products or services.

14.31. AUDIT

The Consultant shall retain all books, records, and other documents relative to this contract for 5 years after final payment, or until audited by the City, whichever is sooner. An auditor retained by the City or any state or federal funding source shall have full access to and the right to examine any of said materials during said period. In the event that a project is funded by state or federal funds, the rights of audit shall also extend to respective state or federal agencies.

14.32. BID/PROPOSAL ACCEPTANCE PERIOD

Any bids/proposals in response to this solicitation shall be valid for 90 days. At the end of the 90 days the bids/proposals may be withdrawn at the written request of the bidders/offerors. If the bids/proposals is not withdrawn at that time it remains in effect until an award is made or the solicitation is canceled.

14.33. CONFIDENTIALITY OF PERSONALLY IDENTIFIABLE INFORMATION

The Consultant assures that information and data obtained as to personal facts and circumstances related to patients or clients will be collected and held confidential, during and following the term of this agreement, and unless disclosure is required pursuant to court order, subpoena or other

regulatory authority, will not be divulged without the individual's and the City's written consent and only in accordance with federal, state, and City Code. Consultants who utilize, access, or store personally identifiable information as part of the performance of a contract are required to safeguard this information and immediately notify the City of any breach or suspected breach in the security of such information. Consultants shall allow the City to both participate in the investigation of incidents and exercise control over decisions regarding external reporting. Consultants and their employees working on this project may be required to sign a confidentiality statement.

14.34. E-VERIFY PROGRAM

Pursuant to Code of Virginia, §2.2-4308.2., any employer with more than an average of 50 employees for the previous 12 months entering into a contract in excess of $50,000 with any agency of the Commonwealth to perform work or provide services pursuant to such contract shall register and participate in the E-Verify program to verify information and work authorization of its newly hired employees performing work pursuant to such public contract. Any such employer who fails to comply with these provisions shall be debarred from contracting with the City of Chesapeake for a period up to one year. Such debarment shall cease upon the employer's registration and participation in the E-Verify program. If requested, the employer shall present a copy of their Maintain Company page from E-Verify to prove that they are enrolled in E-Verify.

14.35. CHESAPEAKE BUSINESS LICENSE

All firms doing business with the City are required to be properly licensed in accordance with the City of Chesapeake's "Business, Professional, and Occupational Licensing (BPOL) Tax" ordinance. Wholesale and retail merchants not located in Chesapeake are exempt from this requirement. For questions concerning the applicability of the BPOL tax, contact the Commissioner of the Revenue at 757-382-6738.

14.36. SMALL BUSINESS SUBCONTRACTING

Unless the bidders/offerors is registered as a DSBSD-certified small business and where it is practicable for any portion of the awarded contract to be subcontracted to other suppliers, the Consultant is encouraged to offer such subcontracting opportunities to DSBSD-certified small businesses. This shall not exclude DSBSD-certified women-owned and minority-owned businesses when they have received DSBSD small business certification. No offerors or subcontractor shall be considered a Small Business, a Women-Owned Business or a Minority-Owned Business unless certified as such by the Virginia Department of Small Business and Supplier Diversity (DSBSD) by the due date for receipt of bids/proposals. If small business subcontractors are used, the prime Consultant agrees to report the use of small business subcontractors by providing the Purchasing Division at a minimum the following information: name of small business with the DSBSD certification number, phone number, total dollar amount subcontracted, category type (small, women-owned, or minority-owned), and type of product/service provided.

14.37. SUBCONTRACTS

No portion of the work shall be subcontracted without prior written consent of the Purchasing Division. In the event that the Consultant desires to subcontract some part of the work specified

herein, the Consultant shall furnish the Purchasing Division the names, qualifications and experience of their proposed subcontractors. The Consultant shall, however, remain fully liable and responsible for the work to be done by its subcontractor(s) and shall assure compliance with all requirements of the contract.

14.38. NON-EXCLUSIVE RELATIONSHIP

Except as stated in a separate written agreement signed by the City and bidder/offeror, nothing in the in the solicitation shall prohibit the City from purchasing products and services similar to the products and services subject to this solicitation now or hereafter from other suppliers and/or contractors. In addition, the City retains the right to self-perform any or all services and work under the contract at any time.

14.39. ANNOUNCEMENT OF AWARD

Upon the award or the announcement of the decision to award a contract for all solicitations with an annual value of $5,000.00 or more, the Purchasing Division will publicly post such notice on the Commonwealth of Virginia's eVA VBO (www.eva.virginia.gov) and the OpenGov e-procurement website (https://procurement.opengov.com/portal/cityofchesapeakeva) for a minimum of 10 days.

14.40. USE OF BRAND NAMES

Unless otherwise provided in this solicitation, the name of a certain brand, make or manufacturer does not restrict bidders/offerors to the specific brand, make or manufacturer named, but conveys the general style, type, character, and quality of the article desired. Any article which the City, in its sole discretion, determines to be the equal of that specified, considering quality, workmanship, economy of operation, and suitability for the purpose intended, shall be accepted. The bidder/offeror is responsible to clearly and specifically identify the product being offered and to provide sufficient descriptive literature, catalog cuts and technical detail to enable the City to determine if the product offered meets the requirements of the solicitation. This is required even if offering the exact brand, make or manufacturer specified. Normally in competitive sealed bidding only the information furnished with the bid will be considered in the evaluation. Failure to furnish adequate data for evaluation purposes may result in declaring a bid nonresponsive. Unless the bidder/offeror clearly indicates in its bid/proposal that the product offered is an equal product, such bid/proposal will be considered to offer the brand name product referenced in the solicitation.

14.41. METHOD OF AWARD

Unless otherwise stated in the solicitation, the following is the default method of award if the procurement method is an IFB: An award will be made to the lowest responsive and responsible bidder. Evaluation will be based on net prices. Unit prices, extensions and grand total must be shown. In case of arithmetic errors, the unit price will govern. If cash discount for prompt payment is offered, it must be clearly shown in the space provided. Discounts for prompt payment will not be considered in making awards. The City reserves the right to conduct any tests it may deem advisable and to make all evaluations. The City reserves the right to reject any and all bids in whole or in part, to waive any informality, and to delete items prior to making an award.

15. Special Terms and Conditions

15.1. AWARD

The City shall engage in individual discussions with two or more offerors deemed fully qualified, responsible, and suitable on the basis of initial responses and with emphasis on professional competence, to provide the required services. Repetitive informal interviews shall be permissible. Such offerors shall be encouraged to elaborate on their qualifications and performance data or staff expertise pertinent to the proposed project, as well as alternative concepts. At the discussion stage the public body may discuss non-binding estimates of total project costs, including, but not limited to, life-cycle costing, and, where appropriate, non-binding estimates of price for services. Proprietary information from competing offerors shall not be disclosed to the public or to competitors. At the conclusion of the informal interviews, on the basis of evaluation factors published in the Request for Proposals and all information developed in the selection process to this point, the purchasing agency shall select, in the order of preference, two or more offerors whose professional qualifications and proposed services are deemed most meritorious. Negotiations shall then be conducted, beginning with the offeror ranked first. If a contract satisfactory and advantageous to the purchasing agency can be negotiated at a price considered fair and reasonable, the award shall be made to that offeror. Otherwise, negotiations with the offeror ranked first shall be formally terminated and negotiations conducted with the offeror ranked second, and so on, until such a contract can be negotiated at a fair and reasonable price. The City reserves the right to make multiple awards as a result of this solicitation. Should the City determine in writing and in its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified and suitable than the others under consideration, a contract may be negotiated and awarded to that offeror.

15.2. WRITTEN EXCEPTIONS BY AN OFFEROR

After the submittal of proposals, the City shall not consider any modifications to any term, condition, or provision stated in the RFP for which the offeror did not expressly and specifically state alternative provisions in its written proposal except as required by Va. Code Section 2.2-4343(12) or other applicable law.

15.3. INSURANCE

By signing and submitting bids/proposals under this solicitation, the offeror certifies that if awarded the contract, it will have the following insurance coverage at the time the contract is awarded. For construction contracts, if any subcontractors are involved, the subcontractor will have workers' compensation insurance in accordance with §§ 2.2-4332 and 65.2-800 et seq. of the *Code of Virginia*. The offeror further certifies that it and any subcontractors will maintain these insurance coverages during the entire term of the contract and that all insurance coverage will be provided by insurance companies authorized to sell insurance in Virginia by the Virginia State Corporation Commission. The City must be named as an additional insured on the Acord insurance certificate reflecting Commercial General Liability and any other required insurance coverages. Coverages afforded under the required policies listed below shall not be cancelled by Consultant or allowed to lapse or expire. However, in the event that any insurance coverage required by this contract is canceled by the insurance company or lapses due to no fault of the Consultant, Consultant shall (i) provide the City with not less than thirty (30) calendar days prior written notice that said insurance policy has lapsed or has been canceled due to no fault of Consultant and (ii) restore said insurance policy with the same insurance

company or obtain a replacement insurance policy that satisfies the insurance obligations required in this contract within thirty (30) calendar days from the date of any notice to Consultant that its insurance policy has been canceled or has lapsed.

MINIMUM INSURANCE COVERAGES AND LIMITS REQUIRED FOR MOST CONTRACTS:

A. Workers' Compensation - Statutory requirements and benefits. Coverage is compulsory for employers of three or more employees, to include the employer. Consultants who fail to notify the City of increases in the number of employees that change their workers' compensation requirements under the Code of Virginia during the course of the contract shall be in noncompliance with the contract.

B. Employer's Liability $100,000 each injury, $100,000 each disease & $500,000 disease policy limit.

C. Commercial General Liability - $1,000,000 per occurrence and $2,000,000 in the aggregate. Commercial General Liability is to include bodily injury and property damage, personal injury and advertising injury, products and completed operations coverage. The City of Chesapeake must be named as an additional insured requiring a written endorsement from the policy carrier.

D. Automobile Liability - $1,000,000 combined single limit. (Required only if a motor vehicle not owned by the City is to be used in the contract. Consultant must assure that the required coverage is maintained by the Consultant (or third-party owner of such motor vehicle.)

E. Specific Profession/Service Limits:
Accounting $1,000,000 per occurrence, $3,000,000 aggregate
Architecture $2,000,000 per occurrence, $6,000,000 aggregate Asbestos Design, Inspection or Abatement Contractors $1,000,000 per occurrence, $3,000,000 aggregate
Licensed Health Care Practitioner or Institution $2,150,000 per occurrence, $4,250,000 aggregate
Limits increase each July 1 through fiscal year 2031 per *Code of Virginia* § 8.01-581.15.)
Insurance/Risk Management $1,000,000 per occurrence, $3,000,000 aggregate
Landscape/Architecture $1,000,000 per occurrence, $1,000,000 aggregate
Legal $1,000,000 per occurrence, $5,000,000 aggregate
Professional Engineer $2,000,000 per occurrence, $6,000,000 aggregate Surveying $1,000,000 per occurrence, $1,000,000 aggregate

F. Excess Liability, including Employer's Liability, Automobile Liability, and Commercial General Liability - $5,000,000 aggregate. The City of Chesapeake must be named as an additional insured and so endorsed on the policy, requiring a documented endorsement from the insurance carrier.

15.4. CONTINUITY OF SERVICES

A. The Contractor/Consultant recognizes that the services under this contract are vital to the City and must be continued without interruption and that, upon contract expiration, the City, a successor, or another contractor, may continue them. The Contractor/Consultant agrees:

   1. To exercise its best efforts and cooperation to affect an orderly and efficient transition to a successor;

   2. To make all City-owned facilities, equipment, and data available to any successor at an appropriate time prior to the expiration of the contract to facilitate transition to successor; and

   3. That the Purchasing Administrator shall have final authority to resolve disputes related to the transition of services from the Contractor/Consultant to its successor.

B. The Contractor/Consultant shall, upon written notice from the Purchasing Division, furnish phase-in/phase-out services for up to ninety (90) days after this contract expires and shall negotiate in good faith a plan with the successor to execute the phase-in/phase-out services. This plan shall be subject to the Purchasing Administrator's approval.

C. The Contractor/Consultant shall be reimbursed for all reasonable, pre-approved phase-in/phase-out costs (i.e., costs incurred within the agreed period after contract expiration that result from phase-in, phase-out operations) and a fee (profit) not to exceed a pro rata portion of the fee (profit) under this contract. All phase-in/phase-out work fees must be approved by the Purchasing Division, in writing, prior to commencement of said work.

15.5. PRICE ESCALATION/DE-ESCALATION

Price adjustments may be permitted for changes in the contractor's cost of materials/labor not to exceed the increase in the following index: **CPI-U: Other Goods and Services**. No price increase will be authorized for the initial contract term. Price escalation may be permitted only at the end of the initial term and at the time of renewal and only where verified to the satisfaction of the Purchasing Administrator.

Contractor shall give not less than 90 days advance notice of any price increase to the Purchasing Division. Any approved price changes will be effective only at the beginning of the calendar month following the end of the full 90-day notification period. Documentation shall be supplied in general with the contractor's request for increase which will verify that the requested price increase is general in scope and not applicable just to the City of Chesapeake.

The Purchasing Division will notify the using department and contractor in writing of the effective date of any increase which it approves. However, the contractor shall fill all orders received prior to the effective date of the price adjustment at the old contract prices. **The contractor is further advised that decreases which affect the cost of materials are required to be communicated immediately to the Purchasing Division**.

15.6. COOPERATIVE PROCUREMENT:

Any resultant contract of this solicitation may be extended to any public agency or body in the Commonwealth of Virginia to permit those public agencies or bodies to purchase at contract prices, in accordance with the terms, conditions and specifications of this bid/proposal. The successful vendor/contractor shall deal directly with each public agency or body in regard to order placement, delivery, invoicing and payment.

15.7. BEST AND FINAL OFFER (BAFO)

G. At the conclusion of negotiations, the offeror(s) may be asked to submit in writing, a Best and Final Offer (BAFO). After the BAFO is submitted, no further negotiations shall be conducted with the offeror(s). The offeror's proposal will be rescored to combine and include the information contained in the BAFO. The decision to award will be based on the final evaluation including the BAFO.

Addendum No. 1

RFP No. 25-068-6328

Fiber Optic Network Asset Management Software

Issue Date: Tuesday, November 12, 2024

1. **The City of Chesapeake is extending the due date for the above referenced RFP. Proposals were due 11/18/2024 and are now due by Friday, November 22, 2024, at 2:00 PM local time.**

2. **The City of Chesapeake would like to respond to questions received and to provide additional information pertaining to this project:**

Q1: Could you please confirm whether the contact information the city requests will be protected and kept confidential if marked as such? Due to GDPR compliance, we would like to ensure contact information will remain secure and confidential.

A1: In order for the City to be able to exempt proprietary information, three conditions have to be met under Virginia Code Section 2.2-4342. The respondents have to:

(i) Explicitly invoke the protections of Virginia Code Section 2.2-4342 before submitting, or when they submit, the materials they are trying to protect.

(ii) Identify the data or other materials to be protected (cannot label the entire thing as proprietary/confidential and cannot exempt prices).

(iii) State the reasons why protection is necessary.

Q2: Can you please list the systems (or other 3rd Party Systems) which need to be integrated with FSM /Field Automation module/ from the perspective of the City?

A2: The FSM must integrate with ArcGIS for geographical data visualization and management. The goal is to overlay fiber network details with existing GIS data. Integration with City's Asset Management System (currently using Cityworks) will be needed to manage and track network assets. Project Management Tools such as MS Project or other scheduling software to track project timelines and asset deployment.

Addendum 1
RFP 25-068-6328 Fiber Optic Network Asset Management Software

Q3: Can you please provide a description of 2-3 process flows that will be executed by users of the FSM /Field Automation module?

A3:

1. Fiber Installation Process Flow: The FSM should allow field technicians to receive work orders for new installations, log the installation status, and update the system in real-time with as-built data. Once complete, the data (including GPS coordinates and any annotations) should sync automatically with the GIS.
2. Repair and Maintenance Workflow: Field technicians should be able to view network trouble tickets, locate the affected segment on a GIS map, log repair notes, and close tickets after repair. Updates should immediately reflect in the FSM and ArcGIS systems.
3. Inventory and Asset Management Flow: Users should be able to track all fiber inventory, check out components for installation, log usage, and reorder stock when below threshold levels, all integrated with ArcGIS for location-based tracking.

Q4:

a. Does the city have a preference on a SaaS solution vs On-Premise?
b. Are their requirements on the location the solution is hosted for SaaS proposals?
c. Private or public cloud?
d. Should hardware costs be included in the proposal for on-premise offers?
e. Will the city ensure the infrastructure?

A4:

a. Preference for a SaaS solution for scalability, cost efficiency, and ease of updates. However, the city is open to reviewing on-premise options if they offer significant advantages.
b. Data must be hosted within the United States due to compliance and security requirements.
c. Public.
d. Yes, please include hardware costs in your proposal for on-premise solutions to ensure comprehensive cost comparison between SaaS and on-premise options.
e. The city will provide network connectivity and basic IT infrastructure. However, any specialized equipment or maintenance specific to the FSM should be outlined in your proposal.

Q5. Will mobile devices for field service be Android, IOS or both?

A5: Both are available.

Addendum 1
RFP 25-068-6328 Fiber Optic Network Asset Management Software

Q6: Is any data migration required?

A6: Yes, the inventory of endpoints will be pulled from the City's GIS system.

Q7: Does the 5 users indicated in the RFP include Field Technicians as well?

A7: Yes, depends on the licensing model of the proposed solution.

Q8: Apart of alerts within the field service mobile app do you require parallel notifications sent by e-mail or SMS?

A8: Yes, either parallel option would be accepted.

Q9: Do you have an expected implementation timeline in mind?

A9: A9: Our goal is to implement as soon as possible. We have assets in the ground with Fiber being activated by December 30. The entire project is 175 miles. To date, 155 miles of conduit has been installed. The remaining mileage is for laterals and railroad crossings. Fiber pulls have just been initiated for laterals and phased sections of the backbone.

Q10. Do you require access to a Customer Portal/Interface dedicated for Customers to be informed about e.g. visiting time?

A10: This functionality should be priced separately and optionally if it is not part of the base system as proposed.

Q11: We would like to understand and if possible, get more information on how you understand in the page 3 of the RFP document the requirement: "Annotation and handhole diagrams are automatically updated as data changes"

A11: This requirement implies that all annotations, labels, and diagrams associated with handholes and other network components should automatically update in real-time as changes are made in the FSM or ArcGIS. For instance, if a fiber segment is modified, related diagrams should reflect these changes without requiring manual updates.

Q12: Our understanding is we will need to integrate with ArcGIS, in the preferred scenario we will be the inventory, and the design management tool and ArcGIS will get the inventory information from our database. Is that right?

A12: City GIS will be the inventory, and the design management tool and ArcGIS will get the inventory information from the City's database.

Q13:

a. On page 3 “Annotation and handhole diagrams are automatically updated as data changes”, can you elaborate on this requirement a bit more?

b. Do you need to import handhole diagrams in a specific format (AutoCAD, Visio, etc) or is any additional requirement needed?

A13:

a. This requirement implies that all annotations, labels, and diagrams associated with handholes and other network components should automatically update in real-time as changes are made in the FSM or ArcGIS. For instance, if a fiber segment is modified, related diagrams should reflect these changes without requiring manual updates.

b. AutoCAD and Visio formats are commonly used, so compatibility with these file types is preferred. If there are limitations, please specify supported formats and any additional file conversion tools required.

Q14: Related to Digital Image Management: We understand you need a repository to upload images (no size limitation), and any type of document. Therefore, the users can access immediately access information (Document Management system). Is this correct?

A14: Yes, that is correct.

Q15:

a. On page 7: It is mentioned that we need to integrate with another network monitoring system. We want to understand if the main idea is to collect the network inventory alarms and show them in our platform together with the services impacted (we would need to add a Service Impact analysis component) and also, we would need a DB where the services are stored or somewhere the information would be available to correlate the information. Can you elaborate a bit more about this requirement? Is it mandatory in the proposal or an add-on?

b. How many alarms should we process on a daily basis?

c. Do you have a specific list of elements we need to integrate with (SW vendor, protocol available, technology (transport, fixed access, radio)?

A15:

a. This functionality should be priced separately and optionally if it is not part of the base system as proposed. Integration may be accomplished by webhooks using JSON or SNMP. The network elements will include Cisco NCS and ASR components running IOS, Graylog, and Solar Winds for logging and monitoring.

b. Less than 100.

c. Specific elements include fiber optic cables, access points, handholes, and power supplies. Protocols required will likely involve IP-based communication for transport and LoRaWAN for remote meter connectivity. Integrations will be needed with transport and fixed access technology for fiber management. Specific radio technologies may be relevant for any cellular network aspects of the project (e.g., CBRS LTE).

Q16: What types of coordinates should we support natively?

A16: Decimal degrees, Latitude/Longitude, NAD83 Virginia State Plane South US Survey Feet.

Q17: On page 8. Can you elaborate a bit more about the requirement "… assets from map regions to signals on a cable" so we can understand how information should be presented in our solution and the type of view the city wants?

A17: This requirement means that FSM should visually link physical assets (e.g., fiber optic cables, handholes, splicing points) to the signals traveling through those cables. The City wants a clear, map-based view where users can click on a map region, zoom into specific network assets, and view signal paths, strength, and connectivity status across cables. The interface should allow for tracing signal flow and quickly identifying points of failure or congestion.

Q18: Related to ISP (inside plant management), would you consider the following components? Floor plant view (tool for importing plant Cad, Visio files to manage the rooms). Rack Management (to manage all racks positions and visualization), Power and Cooling (assets and calculations related to them).

A18: This functionality should be priced separately and optionally if it is not part of the base system as proposed.

Q19: Which GIS solution will remain the master, ArcGIS or our GIS solution? Our current understanding is that we will provide our inventory information to ArcGIS, or will it be the other way around?

A19: The desired solution should use ESRI desktop or server components as the mapping components and the data will not get passed between platforms.

Q20: Related to alarms, should we assume that all the alarms already processed will be delivered to our platform from Juniper, SolarWinds, etc. and our responsibility will be to manage and centralize the alarms and show them in a centralized platform like ours OR we are intended to acquire the alarms from the mediation platforms, process and analyzed them as well? Can you please elaborate on this point?

A20: This functionality should be priced separately and optionally if it is not part of the base system as proposed. Integration may be accomplished by webhooks using JSON or SNMP. The network elements

will include Cisco NCS and ASR components running IOS, Graylog, and Solar Winds for logging and monitoring.

Q21: Do you need a Trouble ticketing platform?

A21: Yes, a Trouble Ticketing platform is required. This system should enable users to log, track, and manage network issues efficiently. Ideally, it should integrate with other FSM functions for seamless updates on asset status and maintenance records.

Q22: Will the awardee be responsible for inputting data of the current fiber optic assets into the awarded software solution, initially and for the duration of the contract?

A22: Yes, the awardee will be responsible for the initial data entry of current fiber optic assets into the FSM.

Q23:

a. Does an SaaS (Software as a Service) Delivery and Implementation model. comply with the OFF-PREMISES option?
b. With the respect to RFP statement: "Contractor will deliver an on-premises Solution, all proposed software must integrate with the City's pre-existing geospatial platform, which includes the following...." QUESTION. Since this specifies ON-PREMISES, does it also apply to OFF-PREMISES? Or - can an Off-Premises delivery. more, precisely, SaaS, submit Exceptions where applicable?
c. Kindly elaborate on TABLE 1 compliance parameters for OFF-PREMISES delivery. more precisely SaaS?
d. Are the required - QUALS, References, Certificates of Compliance. Insurances, et al; required by Sub-Contractor (s) as well as the Prime/Consultant; or solely the Prime?
e. Additionally, can documents required in numbers (i.e., 4 References, etc) be shared by Prime and Sub-Contractors or is it 4 per Team member?
f. With an SaaS OFF-PREMISES delivery model, that may not require On-Site or Field presences - Training would be remote); what Liability, Insurance instruments would be required?

A23:

a. Yes, a SaaS Delivery and Implementation model aligns with the OFF-PREMISES option and is preferable for streamlined maintenance, upgrades, and cost-effectiveness.
b. Yes.
c. Submit Exceptions where applicable.

d. Both Prime and Sub-Contractors must provide necessary qualifications, references, and certificates of compliance. Insurance requirements may vary by role but must ensure comprehensive coverage for all parties involved.

e. Shared references are acceptable.

f. For a SaaS model with remote training, general liability and cybersecurity insurance are essential. Additionally, errors and omissions insurance should cover potential data entry or system errors, given the critical nature of the FSM data.

Q24: What system of record does the City currently utilize to document fiber (example CAD, KMZ, GIS etc)?

A24: GIS (Magellan's)

Q25: Does the city have redline as-builts for any fiber that was currently built? If yes, what redline information was captured (offset and depth, cable sequential information, splicing schematics etc)

A25: Yes, the city has redline as-builts for some existing fiber installations. Captured information typically includes offset and depth, cable sequential information, and splicing schematics. Additional data, if available, will be shared with the awarded vendor.

Q26: What attribute information is captured in ArcGIS regarding the existing fiber (example, placement type aerial/underground, strand count, dark vs lit fiber etc.)

A26: Conduit attributes in Magellan's schema

name

City of Chesapeake, VA
City Purchasing
Carol Robinson, Chief Procurement Officer
306 Cedar Road, Chesapeake, VA 23320
(757) 382-6359

Q27: What does the city currently utilize to capture / create splicing details?

A27: Greenfield project. No data has been collected at this time.

Q28: Does the city have any existing data diagrams regarding fiber strand utilization (ex: dark fiber vs lit fiber) If yes, what format is this data captured (ex: spreadsheet, GIS, CAD etc)?

A28: Yes, spreadsheets.

Q29: Does the City expect the winning contractor to perform field audit work to capture details of the existing fiber plant (sequential cable footage number, splice case audits, Fiber Term panel audits etc).

A29: No, this information will be provided by Construction crew.

Q30: What level of documentation does the city have regarding the current network architecture (link logical network diagrams, circuit diagrams etc).

A30: This is a greenfield network. Logical network documentation will be produced by the VAR who deploys the Cisco-based network.

Q31: Does this RFP require daily, weekly or monthly support once training has been completed?

A31: Monthly support is generally expected once training has been completed, with the flexibility to escalate support needs as required by system or network changes. The support should include ongoing software updates, maintenance, troubleshooting, and data management assistance.

Q32: Will this RFP to provide the solution and training only, does the City of Chesapeake require the bid winner to manage the fiber/cellular/wireless components in the asset management tool?

A32: No, City GIS and Outside Plant Manager will manage the software.

City of Chesapeake: FIBER NETWORK GIS SOFTWARE RFP

EXECUTIVE SUMMARY

GEOGRAPH Technologies TO: CITY OF CHESAPEAKE, VA

To Whom it May Concern,

It is my pleasure to submit our proposal for a **Fiber Management System (FMS)**. We look forward to working with the evaluation team at the City of Chesapeake. GEOGRAPH™ Technologies, LLC provides GIS-based communications network management solutions for Fiber, Copper, and Coax networks in our product suite, CrescentLink®. We also provide a host of services through our internal, on-site Professional Services team. GEOGRAPH™ was founded in June 2018. CEO Bruce Smith was a partner at Palmetto Engineering and Consulting (PEC) where he managed the department that developed and sold CrescentLink® since its inception in 2010. Bruce Smith along with three other members of the CrescentLink® team bought the IP rights, and contracts of the CrescentLink® product from PEC. To date, we have 168 customers in 38 states, Canada, Guyana, Guam, Bahamas and the US Virgin Islands; With over 1,600 individual users.

The founders of GEOGRAPH™ have combined experience in Telecommunications Engineering, Service, Design, and Implementation covering all areas of network operations, and services. CrescentLink® was born by Engineers and Operators that saw firsthand the needs of the industry. ***We are not developers that found a problem for our software. We are engineers that created software for our problems.***

If you manage any of these networks or need to build one from scratch, our CrescentLink® software extensions make it possible to take your project from concept to completion. Utilizing GIS to design, build and manage a complete 360° view of your network down to a single strand of fiber or port on a piece of equipment. Built especially for Esri's ArcGIS Ecosystem, our suite of tools are strategically developed to fill the gaps left by other GIS software.

As a Gold Partner with ESRI, the global market leader and pioneer in problem-solving with GIS, we offer world-class solutions specific to your network needs, including consultation services and team training.

The GEOGRAPH™ approach to on-boarding a new customer is what we call a “Crawl, Walk, Run” approach. This means that we first take care in the very beginning to collaborate with all stakeholders to plan extensively, all facets of the project plan. Once a schedule and timeline has been established, we are sure to outline each party’s responsibilities throughout the plan, highlighting all milestones and ‘due dates’ for those milestones. From here, we can move with more efficiency and structure, through each step of the project plan.

Here at GEOGRAPH™, we pride ourselves on our Customer Support. We view our customers not as customers, but as Partners; Partners whom we feel an inherent responsibility to ensure that they are successful in all aspects. Our team is made up entirely of in-house staff, with a dedication to prompt and thorough support of our customers. We have, since our company’s founding, carried a 100% Support satisfaction rating and focus heavily on maintaining close, personal relationships with all stakeholders.

During the execution of this project, the City of Chesapeake would work with our Customer Experience, Professional Services and Development Teams. Our Customer Experience team will work with City of Chesapeake representatives from the very beginning, throughout the evaluation and decision-making process and into the post-sale. The post-sale phase is where the on-boarding project, outlined below, will be carried out.

For on-boarding, City of Chesapeake will work more closely with the GEOGRAPH™ Professional Services team, and with the GEOGRAPH™ Development team on occasion. Our Professional Services team executes all of the project management, and is responsible for coordinating and executing the entirety of the project, outside of any custom development or configuration. Any data migration required to convert City of Chesapeake’s legacy plant data, will be scoped, planned and executed by the GEOGRAPH™ Professional Services team, entirely in-house.

Any custom development, integration, deployment or configuration of GEOGRAPH's™ offerings, will be managed by both the GEOGRAPH™ Professional Services team and Development team. These teams, both fully in-house, will work hand-in-hand together with the applicable City of Chesapeake stakeholders to scope, plan and execute any custom development, integration, deployment and/or configuration of GEOGRAPH's™ offerings.

All of the above mentioned portions of the full on-boarding and deployment process, will be outlined in detail during the first series of kick-off meetings between GEOGRAPH™ and City of Chesapeake. A timeline for executing all phases of the on-boarding process will be created collaboratively with the City of Chesapeake and GEOGRAPH™ teams, after the initial kick-off call.

We thank you again for your consideration and the opportunity to participate in this RFP. We welcome any and all questions related to our proposal and other relevant matters. We look forward to working with you all and wish you the best of luck during your evaluation.

Sincerely,

Josh Crozier
Sales Manager
GEOGRAPH Technologies
229-254-4109
josh.crozier@geograph.tech

WHO WE ARE

Ideology & Vision

It should be our never-ending effort to continuously seek answers to the question “Why?” Curiosity to serve and solve problems should be our guiding principle in all that we do. The ideology to not only provide the best products, but also the best customer service and training, will create a company that grows and believes far beyond its own existence.

The value of GEOGRAPH will exist hand in hand with the value of its customers. Our value and worth is a direct correlation with that achieved and experienced by the customers that we serve.

As members of this organization, we must live and breathe by these standards. It is everyone’s mission to make sure that those within the organization take every opportunity to promote these ideologies, both intrinsically and extrinsically, so that this brand and this company can excel, both now and forever.

Customers

- Focus on outstanding customer support and training.
- Provide state-of-the-art technologies and services that bring value and understanding to our customers and create long-term relationships that are mutually beneficial.
- Stay educated on the latest trends and issues in the industries we serve so we can provide expertise in practice and support

Products & Services

❖ Provide advanced technologies that meet and exceed the expectations of our users. ❖ Create easy-to-use, functional tools that provide users with the necessary information to better do their jobs for the betterment of themselves and their organizations. ❖ Continually educate ourselves and our staff on the most up-to-date information to provide expertise in product and service.

Community

❖ Be in tune with the communities we work and live in.

❖ Be good stewards of our time and resources so that we are bettering the communities around us.

❖ Be aware of the communities of our customers. Through social media and personal interaction, we will connect with and promote our customers and their social impact within their communities.

BUSINESS PHILOSOPHY

At GEOGRAPH, we believe that you should have complete control over your network. This means not only being responsible for your network, but also being equipped with the necessary tools and technology, industry know-how, resources and knowledge share, and ongoing support to be successful.

Today, decisions are made at the speed of trust and knowledge. If you lag behind in either of those, there are many pitfalls standing in the way of your organization and achieving success. GEOGRAPH Technologies exists to bring you the tools and processes that allow you to “Take Control of Your Network,” and in today’s competitive and complex market, we all need all the help we can get!

At GEOGRAPH, what truly sets us apart is our commitment to service and support. Our philosophy is and will continue to be, that simply providing a toolset to organizations in the telecommunications industry isn't enough – organizations need trusted advisors and confidants they can rely on to guide them through their processes, who will answer the call in times of distress or emergency, and who serve as industry experts that our customers can lean on. We don't seek to be the hero for our customers; rather, we seek to empower and enable our customers to be the heroes.

With over 75+ years of experience, a fully on-site and U.S.-based Support and Accounts team, and over 165+ customers across North America and beyond, our sole purpose is to provide knowledge share and instruction, healthy and in-depth resources, and trusted service and support in furtherance of these goals.

TECHNICAL PROPOSAL

High-Level Overview and Introduction

CrescentLink by GEOGRAPH is a cutting-edge fiber network management software suite that integrates seamlessly with ESRI's ArcGIS Ecosystem, offering powerful tools for telecommunications network design, management, and analysis. It provides end-to-end solutions that empower network operators to streamline their workflows, improve accuracy, and enhance decision-making. The software is designed with the needs of both field technicians and office-based engineers in mind, enabling comprehensive management of fiber assets from the initial planning stages through operations and maintenance.

CrescentLink is complemented by the CrescentLink Web Experience that extends its capabilities to web-based, view-only, real-time management, offering accessibility, collaboration, and operational efficiency. Together, CrescentLink for ArcGIS Pro and the CrescentLink Web Experience provide a robust solution for modern telecommunications infrastructure projects.

FIBER MANAGEMENT SYSTEM: FUNCTIONALITY OVERVIEW

CrescentLink for ArcGIS Pro: Overview

CrescentLink by GEOGRAPH is a cutting-edge fiber network management software suite that integrates seamlessly with ESRI's ArcGIS Ecosystem, offering powerful tools for telecommunications network design, management, and analysis. It provides end-to-end solutions that empower network operators to streamline their workflows, improve accuracy, and enhance decision-making. The software is designed with the needs of both field technicians and office-based engineers in mind, enabling comprehensive management of fiber assets from the initial planning stages through operations and maintenance.

CrescentLink for ArcGIS Pro: Key Features & Functionality

- Fiber Network Design
- Cable Network Capacity & Utilization
- Outage Management & Response
- Work Order Management
- Asset Customization & Visualization
- Connectivity Building & Management
- Network Tracing & Analysis
- Asset & Connectivity Reporting
- Data Management & Asset Tracking
- Scalability & ArcGIS Ecosystem Integration
- Spatial Reporting

CrescentLink Web Experience: Overview

CrescentLink is complemented by the CrescentLink Web Experience that extends its capabilities to web-based, view-only, real-time management, offering accessibility, collaboration, and operational efficiency. Together, CrescentLink for ArcGIS Pro and the CrescentLink Web Experience provide a robust solution for modern telecommunications infrastructure projects.

CrescentLink Web Experience: Key Features & Functionality

- Real-Time Remote Data Access
- Mobile-friendly Map Interface
- Collaboration & Sharing
- Asset Search & Identification
- Sub-Spatial Asset Analysis
- Splicing Documentation
- Circuit & Connectivity Reporting
- Outage Management & Response
- Integration with Experience Builder Widgets

Integration and Compatibility with the ArcGIS Ecosystem

The CrescentLink Product Suite is built to seamlessly integrate with the ESRI ArcGIS Ecosystem, ensuring compatibility with a wide range of GIS tools and platforms. CrescentLink works natively within **ArcGIS Pro**, leveraging the full power of ESRI's advanced geospatial analysis and data management capabilities. It also allows for use with **ArcGIS Web Maps** and **ArcGIS Online (AGOL)**, allowing for easy sharing of data and network designs across distributed teams and between field and office environments.

Additionally, CrescentLink supports **ArcServer** and **ArcGIS Enterprise** environments, ensuring that organizations can host and manage their own fiber network data in a secure, scalable infrastructure. CrescentLink is further compatible with **ESRI's Experience Builder**, which allows users to create custom web applications that can include CrescentLink functionality (through the **CrescentLink Web Experience**), enabling a truly immersive, interactive experience. This deep integration ensures that CrescentLink users can take full advantage of the extensive suite of tools and functionality within the **ESRI ArcGIS Ecosystem**, leveraging the power of spatial data across multiple platforms and enhancing collaboration, accessibility, and operational efficiency throughout their fiber management workflows.

Summary

The CrescentLink suite of tools by GEOGRAPH, with its robust integration and compatibility with the ArcGIS Ecosystem, offers a comprehensive solution for managing and maintaining fiber optic networks. Whether you're planning a new-build, network expansion or remediation, designing a new network from the ground up, or managing existing plant, CrescentLink empowers teams to work efficiently and make informed decisions. With scalable features, real-time access, and deep GIS integration, CrescentLink is an essential tool for modern telecommunications network management.

Key Features and Functionalities:

1. **Real-Time Data Access**
    a. The CrescentLink Web Experience gives users view-only access to their plant records, to view and manage fiber network data in real time, through a live connection to the organization's Enterprise geodatabase. Changes made in the office are immediately reflected across the platform, ensuring all stakeholders have access to the latest information.

2. **Interactive Map Interface**
    a. The web-based interface allows users to interact with fiber network maps, zoom into specific assets, and access detailed information about cables, splice points, and equipment directly from the map. This is deployed by installing the CrescentLink Web Experience widget into any ESRI Experience Builder application.

3. **Collaboration and Sharing**
    a. Teams can collaborate more effectively by sharing maps and network designs with internal teams or external contractors. With role-based access control, administrators can manage who has access to specific network data.

4. **Mobile-Friendly**

   a. Designed with a responsive layout, the CrescentLink Web Experience is accessible from any web-enabled device, allowing personnel, either internal or external, to access critical network information while on-site, according to the wishes and preferences of your organization.

5. **Integration with CrescentLink for ArcGIS Pro**

   a. The Web Experience is live-link to your CrescentLink enterprise geodatabase, built and maintained using ESRI's ArcGIS Pro application. This makes the connection between CrescentLink for ArcGIS Pro and the CrescentLink Web Experience seamless, fo rmore efficient data exchange and access, and workflows between the desktop and web environments.

View-Only Functions (Also included in CrescentLink for ArcGIS Pro):

1. **CrescentLink Search Function**

   a. Enables users to search for locations using the CrescentLink StationID field (used to document addresses or access point naming conventions) or customer/terminating point information (i.e. names, addresses or phone numbers) imported from a CIS, to drill-down directly on relevant locations with ease.

   b. **Use case:** Ideal for quick searches to locate specific assets within your network digital twin, to initiate various workflows and processes for analyzing network assets, identifying network locations, and more.

2. **Fiber Cables, Fiber Strands, Equipment, and Equipment Ports Analysis:**

   a. Provides an in-depth view of the entire network infrastructure, helping users understand how assets are connected.

   b. **Use case:** Useful for identifying and analyzing network circuits, lit customers/end points, cable routes, and more.

3. **Splice Diagrams and Tabular Splice Reports:**

   a. View and analyze access points in the network with detailed diagrams and tabular reports.

   b. **Use case:** Great for field technicians assessing splice point conditions, planning network maintenance, and performing outage response functions.

4. **Fiber Cable Trace Reports:**

   a. Allows users to view the results of fiber-strand and equipment port traces, showing all network elements that make up an individual circuit.

   b. **Use case:** Helps field teams identify customers impact during outages or maintenance.

5. **Fiber Cable Summary Reports:**

   a. Offers high-level summaries of fiber cable usage and condition, helping network administrators keep track of network health.

   b. **Use case:** Essential for regular reporting on network performance and capacity utilization.

6. **Distance Trace Tool:**

   a. Provides distance measurements between key network points and helps users assess network design parameters.

b. **Use case:** Used during network design review to validate distances between planned infrastructure.

7. **Fiber Cable/Fiber Equipment Port Tracing Functionality:**

a. Displays the signal paths and fiber port connectivity within the network for easy troubleshooting.

b. **Use case:** Perfect for identifying physical and logical connection issues between equipment ports and cables.

Integration and Compatibility with the ArcGIS Ecosystem

The CrescentLink Product Suite is built to seamlessly integrate with the ESRI ArcGIS Ecosystem, ensuring compatibility with a wide range of GIS tools and platforms. CrescentLink works natively within **ArcGIS Pro**, leveraging the full power of ESRI's advanced geospatial analysis and data management capabilities. It also allows for use with **ArcGIS Web Maps** and **ArcGIS Online (AGOL)**, allowing for easy sharing of data and network designs across distributed teams and between field and office environments.

Additionally, CrescentLink supports **ArcServer** and **ArcGIS Enterprise** environments, ensuring that organizations can host and manage their own fiber network data in a secure, scalable infrastructure. CrescentLink is further compatible with **ESRI's Experience Builder**, which allows users to create custom web applications that can include CrescentLink functionality (through the **CrescentLink Web Experience**), enabling a truly immersive, interactive experience. This deep integration ensures that CrescentLink users can take full advantage of

the extensive suite of tools and functionality within the **ESRI ArcGIS Ecosystem**, leveraging the power of spatial data across multiple platforms and enhancing collaboration, accessibility, and operational efficiency throughout their fiber management workflows.

Summary

The CrescentLink suite of tools by GEOGRAPH, with its robust integration and compatibility with the ArcGIS Ecosystem, offers a comprehensive solution for managing and maintaining fiber optic networks. Whether you're planning a new-build, network expansion or remediation, designing a new network from the ground up, or managing existing plant, CrescentLink empowers teams to work efficiently and make informed decisions. With scalable features, real-time access, and deep GIS integration, CrescentLink is an essential tool for modern telecommunications network management.

IMPLEMENTATION PLAN

Phase 1: Discovery (Project Setup/Administration)

Steps Include:

a. Project Organization
b. Project Team Training
c. Technical Environment Planning and Set-Up
d. Deliverables

A. Project Organization

The purpose of this section is to outline the tasks by the GEOGRAPH operations team members and members of City of Chesapeake's teams that will complete initial set-up and planning of the overall project. Points of contact, timelines, milestone expectations and final deliverables will be established.

B. Project Team Training

The purpose of this section is to discuss CrescentLink training options and decide on the best

training option for the prospective customer. If the City of Chesapeake prefers to have a custom training on the CrescentLink software, GEOGRAPH operations team members who will be conducting that training, will be briefed on the new curriculum. Any and all training of the GEOGRAPH team members to ensure their adequacy in performing the training for the prospective customer will be done.

C. Technical Environment Planning/Setup

The purpose of this section is to outline the technical and system requirements needed to achieve the deployment desired by the prospect. The majority of the project will be taken care of by City of Chesapeake's own personnel, the prospect's ESRI representative and ESRI's professional services team. Here, discussions on how the network will be stored, shared and edited, whether an on-prem or cloud-based server will be deployed, what workstation machines will be utilized, whether AGOL and Arc Portal will be utilized and what database management system will be utilized. GEOGRAPH will be involved during the software configuration portion of this phase.

- **Sub-Categories:**
    - Database Planning using Vendor Sizing Recommendations
    - Assess Hardware and Related Software(s)
    - Configure and/or Install Hardware and Related Software(s)
    - Set-Up Remote Access for Applicable Resources (VPN to prospect's Desktops)
- **Sub-Category A: Database Planning using Vendor Sizing Recommendations**

This section is to outline the database and server needs of the prospect according to how they want to utilize the software and data (i.e. multi-user editing, web sharing, etc.). ESRI professional services team members will get involved to ensure that the prospect's team knows what hardware/software is needed to deploy everything as they wish to utilize it in the way in which they wish to utilize it.

ESRI's web technology (Arc Portal, AGOL, etc), whether the prospect will deploy an on-prem server environment or utilize a cloud-based storage system and what database management system is right for the prospect. They will also assess any existing technology fitting within this purview to ascertain whether it can be used to achieve the prospect's ultimate goals for deployment and utilization.

- **Sub-Category B: Assess Hardware and Related Software(s)**

During this phase, ESRI professional service team members will work with the prospect personnel to decide whether the prospect will be utilizing ESRI's web technology (Arc Portal, AGOL, etc), whether the prospect will deploy an on-prem server environment or utilize a cloud-based storage system and what database management system is right for the prospect. They will also assess any existing technology fitting within this purview to ascertain whether it can be used to achieve the prospect's ultimate goals for deployment and utilization.

- **Sub-Category C: Configure and/or Install Hardware and Related Software(s)**

This section is to outline coordination between ESRI and the prospect's personnel to install all hardware and software (outside of CrescentLink) to prepare the prospect for a full CrescentLink deployment. This includes ESRI's AGOL and Portal, either an on-prem or cloud-based server, the proper database management system and the individual workstations the end-users will be utilizing.

- **Sub-Category D: Setup Remote Access for Applicable Resources (VPN to Prospect Desktops)**

This section describes establishing a process for GEOGRAPH personnel to VPN to the prospect's machines on-site to perform contracted services rather than performing the work on GEOGRAPH machines and delivering the finished product.

D. Deliverables

This section is to outline the scope of work that will be established during the kick-off meeting, but will become applicable during this time when all necessary hardware and software is being installed at the prospect's location.

Phase 2: Define & Design

Steps Include:

a. Project Team Training
b. Outline GEOGRAPH Business Processes
c. Finalize Application Scope
d. Setup Technical Environment(s)
e. Design (Confirm) Application Setup/Configuration to Support Scope
f. Design (Confirm) Conversion/Enrichment Processes (Including Data Clean-up)
g. Complete GEOGRAPH Business Processes
h. Confirm Standard Reports (Identify Custom Reports Needed)
i. Confirm Test Plan
j. Update Technical Requirements
k. Deliverables

A. Project Team Training

This task will ensure that all GEOGRAPH personnel responsible for conducting training for the prospect's end-users are up-to-date on all applicable curriculum prior to training the prospect

end-users. The curriculum tested will be established in the scope of work, discussed in the kick-off meeting outlined above.

B. Outline GEOGRAPH Business Processes

This task is to outline what business processes and pertinent project management functions will be utilized by the GEOGRAPH team in performance of any and all data migration work, custom software configuration and/or other negotiated professional services project(s) per the GEOGRAPH scope of work.

C. Finalize Application Scope

The purpose of this task is to discuss and outline the scope of the final CrescentLink deliverable to the prospect. Whether the prospect will contract GEOGRAPH to do custom configuration of the software and/or network data delivered will be established and submitted as part of the final scope of work, as well as any task order for any individual project(s).

D. Setup Technical Environment(s)

This task will be coordinated between the prospect personnel and ESRI professional services team members. All of the database storage servers (whether on-prem or cloud-based), the database management system, ESRI's enterprise server software and the other hardware and software that will be deployed, will be set up during this time.

E. Design (Confirm) Application Setup/Configuration to Support Scope

During this task, the CrescentLink software (whether custom configured or out of the box) will be delivered, according to the GEOGRAPH scope of work.

F. Design (Confirm) Conversion/Enrichment Processes (Including Data Clean-Up)

If data migration work is to be done to bring existing prospect network plant data over into the CrescentLink platform, that project will be outlined and completed during this task. The purpose is to deliver a fully functioning geodatabase of connected network plant data.

G. Complete GEOGRAPH Business Processes

Any outstanding business processes that will be utilized by the GEOGRAPH team in the performance of contracted professional services will be outlined and agreed upon here.

H. Confirm Standard Reports (Identify Custom Reports Needed)

The CrescentLink software, coupled with ESRI's ArcMap for desktop, has very robust reporting functionality natively within the platforms. However, there are other custom reports that can be created. Any custom reports that the prospect would like for GEOGRAPH team members to create/prepare will be outlined here.

I. Confirm Test Plan

The prospect, during this step, will confirm all internal business processes and steps that will be utilized during the testing and implementation of the final CrescentLink deliverable.

J. Update Technical Requirements

Any updates, advancements or improvements that need to be made to the supporting hardware/software at the prospect's location will be completed during this step.

K. Deliverables

During this step, all supporting software and hardware will be defined in a scope of work and any outstanding pieces of such will be delivered to the prospect in preparation for deployment of the CrescentLink software and geodatabase.

Phase 3: Development & Configuration

Steps Include:

a. Application Setup/Configuration
b. Application Setup/Configuration Testing
c. Existing Network Plant Data Migration
d. Interface Program Development & Unit Testing

e. Report Development
f. Cutover Plan Development
g. Deliverables

A. Application Setup/Configuration

Any customization or custom configuration of the CrescentLink software will be performed and part of the final CrescentLink deliverable to the prospect.

B. Application Setup/Configuration Testing

If any customization or custom configuration is done to the CrescentLink software, those changes will be tested both in-house by GEOGRAPH team-members and by the prospect's end-users to ensure it is adequate according to the scope of work.

C. Existing Network Plant Data Migration

This task is to complete any migration and enrichment of existing prospect network plant data into the CrescentLink data model. The migration will bring over all existing plant records and build in CrescentLink connectivity to create a fully functioning CrescentLink geodatabase of the prospect network plant records.

D. Interface Program Development & Unit Testing

The GEOGRAPH scope of work will include any interface program(s) that the prospect wants to be completed and if this is included in the scope of work, that work will be tested at this point.

E. Report Development

As stated previously, any custom reports that the prospect wishes to have GEOGRAPH create for them, will be done in this section as those reports will be tested here as well, preparing them for final delivery.

F. Cutover Plan Development

The prospect will create a plan internally to cutover all of their existing applications and system(s) of record over to utilizing the applicable ESRI technology and the CrescentLink software for network management.

G. Deliverables

The completed data migration geodatabase, along with any custom reports, will be part of the deliverable here.

Phase 4: Testing

Steps Include:

a. City of Chesapeake-Specific Steps
b. Training & Performance Support
c. Define Deployment Support Procedures & Communications
d. Deliverables

A. City of Chesapeake-Specific Steps

Internal testing of the new applications and software will be conducted here to ensure that installation and configuration were done correctly and the environment will support the workflows and processes that were desired at the onset of this process.

B. Training & Performance Support

The CrescentLink training (whether standard or custom configured curriculum) will be conducted for the prospect's end-users. During this phase, the location (whether on-site at the prospect's location or remotely) and the training data (whether the prospect's network data or the standard demo dataset) will be determined. All custom training data will be tested and put through a QA/QC process to ensure accuracy and effectiveness.

C. Define Deployment Support & Procedures & Communications

During this phase, final preparations and actions will be performed in order to set up a full deployment of the ESRI and CrescentLink technology. All last-minute assessments will be made and preparations for full deployment completed.

D. Deliverables

All remaining contract documents, task orders, and scope(s) of work will be delivered and

approved by all parties at this time, in preparation for full deployment in the next phase.

Phase 5: Deployment

Steps Include:

a. Conduct End User Training
b. Finalize Deployment Support Processes
c. City of Chesapeake-Specific Steps
d. Post Implementation Support & Audit

A. Conduct End User Training

CrescentLink training will be performed now in accordance with the agreed-upon location and training data outlined in the above section.

B. Finalize Deployment Support Processes

Coordination efforts will be made between the prospect and GEOGRAPH to finalize all points of contact, deployment dates, deliverables and deliverable dates, and other applicable matters.

C. City of Chesapeake-Specific Steps

The prospect will have most of the responsibility for these final steps. During this phase, the production environment will be finalized and assessed for completeness. The final version of the CrescentLink (and the prospect's data geodatabase) deliverable will be completed and approved. And preparations for a final cut-over will be made and vetted.

1. Production Environment Preparation

a. Prepare Production Environment
b. Develop Final Application Configuration
c. Production Environment Test

2. Cut-Over

3. Readiness Assessment

D. Post Implementation Support & Audit

Final approval, resolution, implementation and deployment steps will be made during this

phase via a joint, coordinated effort by the prospect, GEOGRAPH and ESRI personnel.

*****PLEASE NOTE, THE IMPLEMENTATION PLAN ABOVE IS AN EXAMPLE IMPLEMENTATION PLAN. BEFORE EXECUTING THIS PLAN, A BUSINESS MEETING WILL BE HELD WITH City of Chesapeake TO WALK THROUGH EACH OF THESE STEPS, DETERMINE WHICH STEPS NEED TO BE INCLUDED IN THIS PLAN, ASSIGN STAKEHOLDERS AND RESPONSIBILITIES, AND FINALIZE SPECIFIC City of Chesapeake IMPLEMENTATION PLAN.**

COST PROPOSAL

CrescentLink Software Suite Costs

*****The following cost information includes GEOGRAPH's costs for our Enterprise Site License option for software licensing, as well as a line item for our Standard Annual Support. As part of our RFP submission, GEOGRAPH is proposing an Enterprise Site License (ESL) forCity of Chesapeake, which will give the organization unlimited licenses of both CrescentLink for ArcGIS Pro and the CrescentLink Web Experience. The cost listed for the ESL line item is a high-level cost. For a final, proposed cost for software, GEOGRAPH requests additional information from All Points pertaining to your anticipated userbase size (i.e. number of Edit users and number of Field users, etc.) as well as the size of City of Chesapeake (i.e. number of access points, subscriber count, route miles, etc.). GEOGRAPH has a tiered system for our ESL offerings. In order to ascertain which tier Chesapeake qualifies for, the above-mentioned information is necessary.**

PRODUCT	LICENSE TYPE	LICENSE/SERVICE CONFIGURATION	PRICE (PER YEAR)
GEOGRAPH™ Standard Support	Standard Annual Support	Per Organization	20% of total annual software spend
GEOGRAPH™ On-Line Training	2-Day Instructor-led Training	One Time Cost (per session)	$4,800
CrescentLink® Enterprise Site License*	Unlimited Licenses	Unlimited of any configuration of CrescentLink Network Manager Edit, View and Web Experience Licenses.	ESCALATED RAMP

	YEAR 1	ESL Tier 2 (Up to 5,000 miles, 10,000 subscribers)	$25,000
	YEAR 2	ESL Tier 3 (Over 5,000 miles, Over 10,000 subscribers)	$50,000

***As part of GEOGRAPH's submission, we are proposing an Enterprise Site License. This license model will allow Chesapeake to continue to grow as planned, without needing to renegotiate contracts or pricing. This Tier will afford Chesapeake unlimited licenses of both CrescentLink for ArcGIS Pro and the CrescentLink Web Experience. Our proposal also includes 20% of the software spend for our Annual Standard Support.**

GEOGRAPH Professional Services Costs

SERVICE	UNIT OF MEASURE
DATA CONVERSION	FIXED; LUMP SUM
DATA ENRICHMENT	FIXED; LUMP SUM
DATA MIGRATION	FIXED; LUMP SUM
DATA MIGRATION	HOURLY
DATA MIGRATION	UNIT-BASED

*****A cost for GEOGRAPH Professional Services will be defined once a complete project scope is completed by the GEOGRAPH Professional Services team. During this process, our team will assess the data, and complete a scope of work for the project to outline the timing for starting and completing the project, the level of effort required for completing the project, and the cost associated with this work.**

GEOGRAPH Professional Services: Services Defined

1. Data Conversion Services

This process is used to migrate data from existing customer supplied data into the CrescentLink Sabal Data Model. Conversion is typically programmatic but does require manual analysis of the data in order to set up the workflow for conversion. During this process, client interaction is sometimes needed to further understand the supplied data.

These services are administered and completed entirely in-house by our on-site, direct employed team of GIS technicians and analysts. Our billing and invoicing for Data Conversion services is a Fixed Cost, Lump sum expenditure.

2. Data Enrichment Services

Data enrichment of converted data includes adding geometric network connectivity in order to model the behavior of common network infrastructure. During this process, we clean up spatial inaccuracies to ensure proper feature location. In addition to this, we also attribute feature data, create connectivity via splicing, attribute counts, and add passive and active equipment (if known and supplied).

In order to ensure that the enrichment of the data is translated correctly and meets customer expectations, we may request the customer provide periodic access to qualified personnel to assist in the reconciliation of ambiguous or inconsistent data.

These services are administered and completed entirely in-house by our on-site, direct employed team of GIS technicians and analysts. Our billing and invoicing for Data Enrichment services is either a Fixed Cost, Lump sum expenditure, or an Hourly/Unit-Based measure. The invoicing and billing procedure would be defined during our scoping of the project.

3. Data Migration Services

Data Migration services are a combination of the Data Conversion and Data Enrichment services outlined above.

These services are administered and completed entirely in-house by our on-site, direct employed team of GIS technicians and analysts. Our billing and invoicing for Data Migration services is either a Fixed Cost, Lump

sum expenditure, or an Hourly/Unit-Based measure. The invoicing and billing procedure would be defined during our scoping of the project.

NEW CUSTOMER ONBOARDING: PROJECT REFERENCES

Client Reference 1: Contact Information
Sam Newman Cobb Electric Membership Corporation (Cobb County, GA) Sr. Mgt., Enterprise Systems & Apps (770) 490-4435 sam.newman@cobbemc.com
Project Description
Project Purpose: The client began evaluations for a robust, GIS-based desktop platform that could handle the build-out and

documentation of their growing fiber network from the design/engineering phase, through construction and for the maintenance of the network long-term. Upon selection, the GEOGRAPH Professional Services team was contracted to migrate their existing network records into our software's proprietary data model, and customize the client's map space and database to help with their deployment.

Our team performed an initial data conversion to transfer their spatial records into ArcGIS and the CrescentLink Data Model. We then enriched the data to include all of the plant attribute information, equipment data, and network connectivity data. These two phases were part of project 20-COB-01.

GEOGRAPH was also contracted for a custom configuration of their database and map space. Our team customized their database to include fields and information specific to their equipment and plant facilities vendors, design/engineering/construction contractors, and their internal accounting and warehousing personnel. We then set up their map space so that their symbology matched what their contractors were already accustomed to using and seeing.

Services Provided:

1) Legacy spatial and excel spreadsheet data conversion and enrichment into the CrescentLink data model
2) Custom software (map space and geodatabase) configuration
3) Two-day, Instructor-led, on-site training and consultation of the customer and their workforce

Project Milestones & Details

20-COB-01 (Legacy Data Migration)

1) Full conversion of the customer supplied network data into the CrescentLink data model, complete with feature attribute information.
2) Full enrichment of those converted records, to build in network equipment and CrescentLink level connectivity (equipment port level and fiber strand level connectivity)
3) QA/QC and Delivery of the fully migrated data to the customer.

20-COB-04 (System Custom Configuration)

1) Compilation of all equipment types and configurations, all outside plant types and configurations (fiber cable, access points, etc.), and all of the requested customizations and configurations to be done on the database.
2) Creation of all fiber network equipment templates, including equipment port configurations and information, as well as equipment type properties and attributes.
3) Creation of all Outside Plant feature templates, including feature level attributes, feature subtypes and feature symbology.
4) QA/QC and Delivery of the fully configured database and map space to the client.

Project Deliverables

20-COB-01 Deliverables:

1) Fully migrated legacy network system of record in a file geodatabase in the CrescentLink data model and schema.

20-COB-04 Deliverables:

1) Full set of custom configured equipment and feature templates, including all attribute information and properties.
2) Full custom configured symbology package to model their Inside Plant and Outside Plant features in their map space.
3) Custom configured data schema to properly document and maintain all Inside Plant and Outside Plant attribute information and properties.

Other Deliverables (Software)

1) CrescentLink Desktop Software; Annual Subscription - Enterprise Site License; Tier 1
2) GEOGRAPH Standard Support - Annual Subscription

Client Reference 2: Contact Information
Karen Rossmeier ENTRUST Communications (Engineering & Consulting) Director, Detailed Design (256) 244-0159 karen.rossmeier@entrustsol.com
Project Description
Project Purpose: The client needed a robust, GIS-based desktop platform that could handle the build-out and documentation of their customers' growing fiber network from the design/engineering phase. They also desired a platform that they could recommend to their customers, and easily deliver the completed network designs to the customer, for the customer to take over long-term maintenance. Lastly, they desired to also have a tool in which to provide View-access to the network designs, to their customers, during the design/build-out process. To facilitate this, our team was also contracted to migrate their existing customers' network design records into our software's data model, so that

Fiber-Rise could continue designing in the new tool. All "in-progress" designs were converted into CrescentLink as separate projects.

Our team developed a custom migration tool that would programmatically convert all spatial network records from the VETRO platform into CrescentLink, as well as programmatically reference all associated connectivity records to build-out complete strand and port-level network connectivity. As a result, GEOGRAPH was able to convert (7) Fiber-Rise customers' engineering designs from VETRO into CrescentLink, complete with full feature attribution and network connectivity, in approximately (8) weeks.

Services Provided:

1) Programmatic conversion and enrichment of legacy spatial and spreadsheet data from VETRO platform into the CrescentLink data model
2) Two-day, Instructor-led, on-site training and consultation of the customer and their workforce
3) Assistance with deployment and configuration of (7) individual CrescentLink Web Experience instances for Fiber-Rise customer viewing of 'in-progress' network designs.
4) Consultation time with (7) individual customers on how to use the CrescentLink Web Experience tools to view 'design in-progress' network data.

Project Milestones & Details

22-FBR-01 (Data Migration)

1) Custom tool development to be used in-house by GEOGRAPH Professional Services personnel for the programmatic data migration of VETRO spatial and connectivity records, into the CrescentLink Data Model
2) Coordination with Fiber-Rise team members to schedule the pause in production-level design, consolidation of all replicated database versions (for each of the seven customers) into a single database, and delivery of legacy (VETRO) OSP/ISP plant and network connectivity records to GEOGRAPH Professional Services personnel.
3) Programmatic migration of legacy (VETRO) OSP/ISP plant and connectivity records into the CrescentLink data model, for each of the (7) individual datasets.
4) Internal QA/QC of migrated data and subsequent delivery of fully migrated legacy network system of record (VETRO) in(7) distinct file geodatabases in the CrescentLink data model and schema. These (7) individual file geodatabases were representative of the (7) 'design in-progress' customers that Fiber-Rise was currently designing for.

Project Deliverables

5) Assistance with deploying and configuring an individual CrescentLink Web Experience instance for each of the (7) customers, in order for Fiber-Rise to provide Viewing access to the records throughout the remainder of the design process.

22-FBR-01 (Data Migration)

1) (7) distinct CrescentLink geodatabases representing the programmatically migrated legacy (VETRO) ISP/OSP plant and network connectivity records for all of the Fiber-Rise 'design in-progress'

Other Deliverables (Software)

1) CrescentLink Desktop Software; Annual Subscription - Enterprise Site License; Tier 1
2) GEOGRAPH Standard Support - Annual Subscription
3) CrescentLink Web Experience; Annual Subscription - Enterprise Site License (Internal-use)
4) CrescentLink Web Experience; Quarterly Subscription - 'Bucketed' license approach for all Fiber-Rise customers to provide Viewing access to network records during design process

Jeffery Crownover
Conway Corp (Utilities Provider; Conway, AR)
Telecommunication Systems Sr. Designer

jeffery.crownover@conwaycorp.com

Project Description

Project Purpose:

The client needed a robust, GIS-based desktop platform that could handle the build-out and documentation of their growing Hybrid-Fiber-Coax (HFC) network from the design/engineering phase, through construction and for the maintenance of the network long-term.

Our team first conducted a Data Discovery (**20-CCP-02**) which is a general assessment of the customer-provided network records. The point of this assessment is to first, assess the overall completeness and accuracy of the existing records, and second, measure the level of effort and timetable that would be required to migrate the data into CrescentLink, with all feature attribution and

network connectivity. Then, our team performed an initial data conversion to transfer their spatial records into ArcGIS and the CrescentLink Data Model. Lastly we enriched the data to include all of the plant attribute information, equipment data, and network connectivity data. These two phases were for project 20-CCP-03.

As part of our deliverables for the migration project, our team conducted a custom setup and configuration of their database and map space, to include all existing custom fields, domains, subtypes, etc., and to prepare the database/map for maintenance of the fiber, coax, and HFC networks, all in the same platform and system of record. Our team customized their database to include fields and information specific to their existing plant assets. We then set up their map space so that all of their symbology matched what their contractors were already accustomed to using and seeing.

Services Provided:

1) Programmatic conversion and enrichment of legacy spatial and spreadsheet data from VETRO platform into the CrescentLink data model
2) Two-day, Instructor-led, on-site training and consultation of the customer and their workforce
3) Assistance with deployment and configuration of (7) individual CrescentLink Web Experience instances for Fiber-Rise customer viewing of 'in-progress' network designs.
4) Consultation time with (7) individual customers on how to use the CrescentLink Web Experience tools to view 'design in-progress' network data.

Project Milestones & Details

20-CCP-02 (Data Discovery)

1) Coordination with client to schedule delivery of all existing, legacy plant spatial, attribute and network connectivity records
2) Weeklong assessment of the data for completeness, accuracy, errors and required information
3) Delivery of report detailing any missing features, associations, attributes or connectivity information, as well as the level of effort/timetable for completion of the migration project.

20-CCP-03 (Data Migration)

1) Full conversion of the customer supplied network data into the CrescentLink data model, complete with feature attribute information.
2) Full enrichment of those converted records, to build in network equipment and CrescentLink level connectivity (equipment port level and fiber strand level connectivity)
3) QA/QC and Delivery of the fully migrated data to the customer.

Project Deliverables

20-CCP-02 (Data Discovery)

1) Report detailing missing features, associations, attributes or connectivity information, as well as the level of effort/timetable for completion of the migration project.

20-CCP-03 (Data Migration)

1) Delivery of fully migrated HFC network data, complete with connectivity, to customers' in a CrescentLink GDB.
2) Consultation and assistance with loading migrated database onto Conway Corp's Enterprise GIS system.

Other Deliverables (Software)

1) CrescentLink Desktop Software; Annual Subscription - Stand-Alone, Single-Use CrescentLink Desktop Licenses
2) GEOGRAPH Standard Support - Annual Subscription

SECURTY & COMPLIANCE

1. Data Encryption Standards & Key Management

CrescentLink for ArcGIS Pro is an add-in for ESRI's ArcGIS Pro Platform. As such, data encryption and key management follow the industry-leading security protocols established by ESRI within the ArcGIS Pro Environment.

Encryption Standards:

- **Data at Rest**: ESRI's ArcGIS Pro supports encryption of data at rest using AES-256, a highly secure encryption standard.
- **Data in Transit**: CrescentLink leverages the encryption standards provided by ArcGIS Pro, which uses TLS (Transport Layer Security) 1.2 or higher to secure data as it moves between the client (ArcGIS Pro) and any ArcGIS Servers or databases.

Key Management:

- **Key Storage and Access**: Key management for data encryption follows the protocols defined within ArcGIS Pro's secure environment. ESRI handles the generation, storage, and management of encryption keys via secure servers, ensuring that no unauthorized access can occur.
- **User Authentication**: ArcGIS Pro integrates with enterprise-level identity management solutions such as SAML and OAuth, further ensuring secure access to encrypted data through role-based access control.

Additional Security Measures:

- **Compliance**: ESRI's ArcGIS Pro complies with major security standards such as FISMA, FedRAMP, and SOC 2. This means that CrescentLink, as an add-in, benefits from the rigorous encryption and key management practices in place.
- **Custom Encryption**: If additional encryption or key management is required for specific data types within CrescentLink, such measures can be implemented through external encryption mechanisms or the ArcGIS Enterprise's security settings.

2. User Authentication and Permissions Reporting & Auditing

For User Authentication, CrescentLink utilizes a user-based licensing model that is associated with a user's email and password. This account credentialing may also be deployed using the organization's existing SSO infrastructure. In addition to this credentialing, users still need to be authenticated through ESRI's named user account infrastructure. Again, these can be deployed using the organization's existing SSO infrastructure. Being an add-in for the ArcGIS Ecosystem, the CrescentLink suite utilizes the user authentication, permissions reporting, and auditing features built into the ArcGIS platform. These features ensure that access to data and tools within CrescentLink is governed by ArcGIS Pro's secure environment.

User Authentication:

- ArcGIS Pro integrates with enterprise identity management systems such as **Active Directory, LDAP, SAML**, and **OAuth**, supporting Single Sign-On (SSO) and multi-factor authentication (MFA). This can be integrated into CrescentLin's user-based licensing authentication as well.
- This ensures that all access to CrescentLink tools within ArcGIS Pro is controlled by the same secure authentication mechanisms that protect the rest of your ArcGIS environment, helping to enforce organizational security policies. CrescentLink also utilizes a user-based licensing and authentication protocol. This too can be deployed through All Points' preferred Active Directory method.

Permissions Reporting:

- Though GEOGRAPH does allow for some permissions and role-based organization of users and user types, the real controls for edit and access-level permissions are managed through the ArcGIS environment. CrescentLink for ArcGIS Pro users utilize ESRI's named user credentials and this is managed through ArcGIS Pro's role-based access controls (RBAC). Users can be assigned different roles (e.g., Viewer, Editor, Administrator), and these roles dictate the permissions they have to access, edit, or manage data.
- Permissions reporting is conducted within the ArcGIS Enterprise framework, where detailed reports can be generated on user access levels, including which users have access to specific datasets and tools, and how permissions are applied across various roles.

Auditing:

- ArcGIS Enterprise includes auditing features that track user activity and changes within the platform. CrescentLink, as an add-in, benefits from this auditing system, allowing administrators to view detailed logs of actions taken by users, such as data edits, trace executions, and access to sensitive network information.
- These logs are essential for compliance and security monitoring, providing a transparent view of who accessed what data and when, and offering insights into any unauthorized attempts or security breaches.

Reporting and Auditing Tools:

1. ArcGIS Pro's integration with **ArcGIS Monitor** allows for detailed monitoring and reporting of user actions. Administrators can access reports on system usage, performance, and user activity, ensuring that CrescentLink operations are fully auditable.
2. Auditing features can be extended by integrating third-party security monitoring tools or leveraging ArcGIS Enterprise's capabilities to schedule and automate reporting on user access and permissions.

3. Application and Host-Related Security Scanning, Testing & Validation Practices

CrescentLink operates as an add-in within the **ESRI ArcGIS Pro** and **ArcGIS Enterprise** environments. As such, we leverage and defer to ESRI's industry-leading security standards, validation, and testing processes for the underlying platform. ESRI's security framework, built into both ArcGIS Pro and ArcGIS Enterprise, ensures that the host environment is secure, regularly tested, and validated against a wide range of threats.

ESRI Security Standards:

- **Host Security**: ArcGIS Pro and ArcGIS Enterprise employ regular **vulnerability scanning**, **penetration testing**, and **compliance validation** in alignment with industry standards such as **FedRAMP**, **FISMA**, and **SOC 2**.
- **Application Security**: The security architecture in ArcGIS includes automated **patch management**, **code reviews**, and continuous **security updates**, ensuring the platform remains secure against emerging threats.

CrescentLink-Specific Practices:

- **Integration Testing**: CrescentLink undergoes regular compatibility and integration testing within the ESRI environment to ensure it conforms to ESRI's security requirements. This includes testing for proper functionality and security interactions with the ArcGIS ecosystem. As a Gold Level ESRI Business Partner, we also maintain 'release-ready' status with our offerings, staying in-line with ESRI's release and update schedule.
- **Validation**: We validate CrescentLink's integration with ESRI's security mechanisms, ensuring that all security features (such as role-based access control and encryption) operate as intended when CrescentLink is used.
- **Deferment to ESRI Best Practices**: As a lightweight add-in, CrescentLink does not handle independent hosting or data storage, thus fully leveraging the secure environment provided by ESRI. We follow ESRI's best practices and recommendations for application security and testing protocols, ensuring our add-in conforms to their rigorous security standards.

Regular Updates and Auditing:

- **Patch Management**: CrescentLink is regularly updated in conjunction with ArcGIS updates, ensuring that any potential vulnerabilities addressed in ArcGIS Pro/Enterprise are also covered in our add-in.
- **User Feedback**: We also respond to user feedback and perform internal audits to ensure continued compliance with ESRI's security framework. With every release we put out, we communicate the changes/updates in the release in multiple ways; 1) through your dedicated account manager, 2) through a marketing update and announcement, and 3) through the release notes that are available from within the CrescentLink software to all users.

By leveraging ESRI's extensive security scanning, testing, and validation infrastructure, CrescentLink ensures secure integration within the ArcGIS Pro and ArcGIS Enterprise platforms, offering users the same level of security provided by the ESRI ecosystem.

4. Industry Security & Compliance Standards

CrescentLink is built as an add-in for **ESRI's ArcGIS Pro and ArcGIS Enterprise**, which means we align our security practices with **ESRI's industry-leading standards**. The ESRI platform complies with several recognized security and compliance frameworks, ensuring that CrescentLink operates within a highly secure and compliant environment.

ESRI Compliance with Industry Standards:

- **FedRAMP (Federal Risk and Authorization Management Program)**: ArcGIS Enterprise has achieved FedRAMP authorization, meeting stringent U.S. government security standards for cloud service providers.
- **FISMA (Federal Information Security Management Act)**: ESRI adheres to FISMA security standards, ensuring that its systems meet the necessary federal requirements for information security.
- **SOC 2 (System and Organization Controls)**: ESRI follows SOC 2 standards for managing customer data, ensuring that CrescentLink users benefit from a platform that handles data securely.
- **ISO 27001**: ESRI's information security management system is certified to ISO 27001, which outlines best practices for securing data and managing risks.

CrescentLink's Alignment with ESRI Standards:

- Since CrescentLink operates within the **ArcGIS Pro** and **ArcGIS Enterprise** environments, it automatically benefits from the security and compliance measures built into these platforms.
- CrescentLink does not introduce independent hosting or data management components, which means we fully **defer to ESRI's compliance** with these industry standards for managing data, user authentication, encryption, and security auditing.

Adherence to Best Practices:

- **Continuous Updates**: CrescentLink is updated in alignment with ArcGIS updates to ensure compatibility with the latest security and compliance enhancements.
- **Compliance Inheritance**: By embedding CrescentLink within ESRI's platforms, our users automatically inherit the **compliance certifications** that ESRI maintains, ensuring data security and regulatory compliance across multiple industries, including government, utilities, telecommunications, and more.

Key Compliance Areas:

- **Data Protection**: CrescentLink utilizes the **encryption standards** and access controls provided by ArcGIS, ensuring compliance with major data protection regulations such as **GDPR** (General Data Protection Regulation) and **HIPAA** (Health Insurance Portability and Accountability Act) where applicable.
- **Access Control & Auditing**: The role-based access control (RBAC) features, user authentication, and detailed audit logging provided by ArcGIS are fully integrated with CrescentLink, ensuring compliance with security best practices and industry standards.

5. Data Retention & Recovery Policies

CrescentLink operates as an add-in for **ESRI's ArcGIS Pro** and **ArcGIS Enterprise**, meaning that data retention and recovery policies are primarily governed by the **ESRI platform**. CrescentLink does not independently manage or store data; instead, it operates within the secure data management framework provided by ESRI.

ESRI's Data Retention Policies:

- **Retention and Archiving**: ArcGIS Pro and ArcGIS Enterprise allow organizations to configure their data retention policies to comply with internal or regulatory requirements. These policies can specify how long data is stored, archived, and eventually deleted.
- **Data Ownership**: As CrescentLink users manage their own data within ArcGIS, it is up to the organization using CrescentLink to establish and enforce data retention policies in compliance with their specific needs.
- **Backup and Archival Features**: ESRI's platforms support robust backup and archival processes, ensuring that data can be preserved for long-term storage or compliance purposes.

Data Recovery:

- **ESRI's Recovery Mechanisms**: CrescentLink benefits from the data recovery capabilities of ArcGIS Pro and ArcGIS Enterprise. In the event of data loss or system failure, ESRI's platforms offer robust disaster recovery solutions, including:
    - **Automated Backups**: Configurable automatic backups to ensure that critical data is preserved and recoverable in the event of a failure.
    - **Versioning and Snapshots**: The ability to maintain multiple versions of datasets, enabling the recovery of previous states in case of accidental modifications or deletions.
    - **Disaster Recovery**: ArcGIS Enterprise supports disaster recovery configurations across multiple environments, ensuring that systems and data can be quickly restored in the event of an outage.

CrescentLink's Role:

- **Data Handling**: CrescentLink itself does not handle data storage or backup directly but operates within the ArcGIS environment, ensuring that data processed through CrescentLink adheres to the retention and recovery policies set within the ESRI platform.
- **Compliance Inheritance**: Since CrescentLink functions within ESRI's ecosystem, it inherits the compliance with industry standards for data retention and recovery, including **ISO 27001**, **FedRAMP**, and other relevant frameworks.

Customization and Flexibility:

- Users of CrescentLink can configure their data retention schedules and backup strategies using ArcGIS's tools, ensuring that they meet both operational and regulatory requirements.
- **Recovery Testing**: ESRI provides tools to test recovery processes, allowing organizations to regularly validate their data backup and recovery procedures.

6. Incident Response Plans, Overall Risk Mitigation Strategy and History of Testing or Vulnerability Exposure

CrescentLink is an add-in designed to function within **ESRI's ArcGIS Pro** and **ArcGIS Enterprise** environments. As such, we rely heavily on ESRI's industry-leading security practices, including incident response, risk mitigation, and vulnerability management, while ensuring that CrescentLink remains fully compliant with these processes.

Incident Response Plans:

- **ESRI's Incident Response**: ESRI maintains a comprehensive **Incident Response Plan (IRP)** to detect, investigate, and respond to potential security incidents affecting ArcGIS Pro and ArcGIS Enterprise. This plan includes predefined steps for identifying breaches, mitigating threats, notifying affected users, and resolving issues promptly.

- **CrescentLink's Role**: Since CrescentLink operates within the ArcGIS environment, any incident affecting the platform as a whole would fall under the jurisdiction of ESRI's IRP. CrescentLink undergoes continuous testing and monitoring to ensure no vulnerabilities are introduced that could impact ESRI's security posture.

Overall Risk Mitigation Strategy:

- **ESRI's Mitigation Practices**: ArcGIS Pro and ArcGIS Enterprise employ multiple layers of security, including:
    - **Regular patch management** to address security vulnerabilities.
    - **Penetration testing** and **vulnerability scanning** to identify potential threats before they impact users.
    - **Role-based access controls (RBAC)**, **encryption**, and **audit logs** to protect sensitive data.
- **CrescentLink's Compliance**: We align our risk mitigation strategy with ESRI's practices, ensuring that our tool remains compatible and does not introduce additional risk. We conduct regular testing to confirm that CrescentLink integrates securely within the ArcGIS framework.

History of Testing or Vulnerability Exposure:

- **ESRI's Testing and Vulnerability Management**: ArcGIS Pro and ArcGIS Enterprise undergo continuous testing and are frequently audited for security vulnerabilities. ESRI ensures that vulnerabilities are quickly identified, tested, and mitigated through patch releases and updates.
- **CrescentLink Testing**: CrescentLink is regularly tested in conjunction with ESRI updates to ensure compatibility and security. We perform integration testing with each new ArcGIS release, and any vulnerabilities identified in our add-in are promptly addressed in line with ESRI's update cycle.
- **Exposure History**: CrescentLink has not been associated with any known security vulnerabilities or breaches, as our development process adheres strictly to ESRI's security protocols.

Collaboration with ESRI:

- We maintain close communication with ESRI to ensure that our add-in adheres to all security standards and remains compatible with their incident response and risk mitigation processes.
- In the event of a security issue or vulnerability affecting the CrescentLink add-in, we would work in concert with ESRI to ensure a swift resolution, leveraging their incident response framework.

7. Software Change Management & Update/Roadmap Planning

CrescentLink operates as an add-in within **ESRI's ArcGIS Pro** and **ArcGIS Enterprise**, and our software change management and update processes are closely aligned with ESRI's roadmap and update cycles. We ensure that our tools remain compatible with each release of ArcGIS and that changes are carefully managed to maintain security, stability, and performance.

Change Management Process:

- **Alignment with ESRI Updates**: CrescentLink is updated in conjunction with new releases of ArcGIS Pro and ArcGIS Enterprise to ensure continued compatibility and integration. Our team monitors ESRI's development roadmap and beta releases to proactively prepare for upcoming changes.
- **Version Control**: We utilize strict version control and testing protocols to ensure that any changes or updates made to CrescentLink are thoroughly tested within the ESRI environment before being released to users.
- **Communication with Users**: Any significant changes or updates are communicated to users via release notes and documentation, marketing announcements and notifications, and in-person from your dedicated account manager, ensuring that users are aware of new features, fixes, and enhancements.

Update and Roadmap Planning:

- **Regular Updates**: CrescentLink follows a structured update cycle that aligns with ESRI's release schedule. Minor updates are released as needed, while major updates are planned accordingly, around any major platform updates announced or scheduled by ESRI.
- **Feature Enhancements**: Our roadmap is shaped by both customer feedback and emerging needs within the telecommunications and utility sectors. Feature enhancements are prioritized based on user demand, industry trends, and the evolving capabilities of the ArcGIS platform. We also maintain and monitor our Product Ideas page, that allows customers to submit feature enhancement requests and ideas.
- **Security Patches**: Any vulnerabilities identified in CrescentLink or the underlying ArcGIS platform are addressed promptly. Security patches are released as needed to ensure the tool remains secure in accordance with ESRI's security standards.

Testing and Validation:

- **Integration Testing**: All CrescentLink updates are rigorously tested within the ArcGIS ecosystem to ensure compatibility and minimize disruptions for users. This includes both functional testing and performance validation.
- **User Acceptance Testing (UAT)**: Before releasing significant updates, we work with select customers to perform UAT, allowing for feedback and validation in real-world scenarios.

Roadmap Transparency:

- We provide users with visibility into our development roadmap through regular updates, ensuring that they are aware of upcoming features, improvements, and critical patches.
- **User Feedback**: We actively seek feedback from our users, integrating their suggestions into our roadmap to continuously improve our offerings.

Collaboration with ESRI:

- CrescentLink's roadmap is designed with ESRI's long-term development plans in mind, ensuring that our tool continues to leverage new capabilities introduced in the ArcGIS ecosystem.

APPENDIX

FIBER NETWORK PLANNING:

- Tools for planning fiber optic network routes and layouts.
- Ability to design fiber pathways, ducts, and conduits.
- Capacity planning tools to determine the availability of fibers in cables.
- Integration with GIS for route visualization and analysis.

CrescentLink, integrated within **ArcGIS Pro** and extended through the **CrescentLink Web Experience**, offers a suite of powerful tools designed specifically for fiber optic network planning, design, and capacity management. By leveraging the full capabilities of ESRI's GIS platform and CrescentLink's custom tools, our solution provides comprehensive support for every stage of fiber network planning and visualization.

The CrescentLink Tool supports telecommunications network processes throughout the entire lifespan of the project. This includes taking the network from pre-design and engineering, into the construction and as-builting process, through network operation and maintenance, all within the same GIS platform and system of record. The database created with the CrescentLink suite of tools will serve as the centralized, master system of record for all network features, records, attributes, etc.

Fiber Optic Network Planning and Layout Design

- **ArcGIS Pro** offers robust GIS-based tools for visualizing and analyzing potential routes and layouts for fiber optic networks. By utilizing **CrescentLink Network Manager**, users can efficiently design fiber pathways, duct systems, and conduits, while integrating existing GIS data to ensure accuracy in route selection.

- **Route Visualization & Analysis**: ArcGIS Pro's deep spatial analysis capabilities allow users to visualize fiber routes in conjunction with critical geographic features like terrain, property boundaries, and utility easements. CrescentLink's add-in enhances this by enabling detailed tracing, route mapping, and pathway analysis for fiber infrastructure.

Fiber Pathway and Conduit Design

- **CrescentLink Network Manager** allows for precise design and management of fiber pathways, ducts, and conduits. This tool enables users to map out both aerial and underground routes while visualizing how fiber cables will traverse through these pathways. Additionally, it supports the tracking of assets such as manholes, poles, and junction boxes, providing a detailed layout of the physical network infrastructure.
- **Project Planner**: This tool integrates with the network design process, allowing planners to schedule, track, and manage tasks related to the construction and maintenance of fiber routes. The **Project Planner** streamlines the project lifecycle, from initial planning to implementation. This tool also allows users to export staking sheets, generate BOMs and cost estimates, and do vendor comparisons to better understand project costs.

Capacity Planning and Fiber Availability

- **Fiber Cable Fill Tool**: A key feature of CrescentLink, the **Fiber Cable Fill Tool** provides capacity management. This tool allows users to assess the available fiber strands within existing cables, facilitating efficient capacity planning for network expansions and service provisioning. This also allows users to set symbology for their cables that reflect the capacity, which can be configured to show the cable capacity according to your preferences.
- **Capacity Analysis**: Users can determine available fibers, assign strands, and track usage across the entire network. This helps avoid overuse of specific fibers and optimizes the network for future growth.

Work Order and Project Management

- **Work Order Manager**: This tool ensures that fiber optic projects, from route planning to actual construction and deployment, are managed effectively. It tracks progress, logs maintenance activities, and ensures that tasks related to network expansion or repair are properly assigned and completed. This ensures seamless integration of fiber design and construction workflows.

- **CrescentLink Web Experience**: Users can extend their planning and management capabilities via the CrescentLink Web Experience, which provides view-only access to fiber networks, equipment ports, and route tracing. This allows stakeholders to visualize and analyze the fiber network without needing to access full ArcGIS Pro functionality.

Integration with GIS for Route Visualization and Analysis

- **GIS Integration**: CrescentLink takes full advantage of **ArcGIS Pro's** mapping capabilities, providing high-precision geospatial tools to analyze the best fiber routes based on geography, land ownership, existing infrastructure, and environmental factors.
- **Network Manager**: This tool offers advanced fiber network analysis, enabling planners to run downstream and upstream traces, analyze network impact, and optimize route layouts based on fiber capacity and demand.
- **Spatial Data Analysis**: Users can overlay fiber network plans with GIS data layers, providing critical insights such as population density, distance to key facilities, and optimal routing across difficult terrains.

INVENTORY MANAGEMENT:

- Centralized database for managing fiber optic cables, conduits, and network equipment.
- Tools for tracking fiber strands, patch panels, splice points, and distribution hubs.
- Support for managing asset lifecycle from installation to decommissioning.
- Real-time inventory updates based on field operations and work orders.

CrescentLink, integrated with **ESRI's ArcGIS Pro**, offers robust tools for managing fiber optic networks and related assets. The centralized database management, real-time inventory tracking, and lifecycle management capabilities ensure that your fiber optic infrastructure is accurately tracked and maintained from installation through decommissioning.

Centralized Database for Managing Fiber Optic Cables, Conduits, and Network Equipment

- **Standard ESRI Schema**: CrescentLink operates within a completely open and customizable **ESRI data schema**. This enables organizations to manage fiber optic cables, conduits, and network equipment in a centralized database that can be easily modified to suit specific requirements.

- **Custom Configurations**: Users have the flexibility to configure the database schema to include custom attributes, asset types, and relationships, allowing full integration with your organization's workflow and data model requirements.

Tracking Fiber Strands, Patch Panels, Splice Points, and Distribution Hubs

- **CrescentLink Network Manager**: This tool provides advanced tracking and management of fiber strands, patch panels, splice points, and distribution hubs. It ensures that all key assets in the fiber network are documented, tracked and monitored, with the ability to track usage, capacity, and connectivity across the entire network.
- **Splice Analysis Tool**: The **Splice Analysis Tool** provides detailed insight into splice points and network equipment, allowing users to visualize and manage fiber splicing and connectivity, and operations. This includes the ability to generate and export splice reports for record-keeping and operational analysis.
- **Cable Summary & Trace Reports**: These reports provide a high-level overview and detailed analysis of fiber cable utilization, condition, and capacity. The **Cable Trace Reports** help track the exact paths and connections of fiber strands, including all cables, access points and network equipment included in the circuit trace, making it easy to analyze network topology and troubleshoot issues.

Asset Lifecycle Management from Installation to Decommissioning

- **Asset Lifecycle Tracking**: CrescentLink's integration with ArcGIS Pro supports the entire lifecycle of fiber assets—from initial installation and deployment, through active use and maintenance, to eventual decommissioning or replacement. Users have the ability to add or manipulate CrescentLink's default attributes, to track the most critical information on your assets. Users can also integrate this into **ESRI's Dashboards** for better visualization, analytics capabilities, and real-time insight.
- **ESRI's Attribute Assistant**: Using **ESRI's Attribute Assistant**, organizations can establish **attribute rules** to maintain data integrity and accuracy throughout the asset lifecycle. This includes automating data population for new assets, updating records based on field operations, and validating data changes in real-time.
- **Work Order and Plant Records Reports**: CrescentLink's Work Order Manager and the Plant Records Reports that can be generated from this module, provide seamless tracking of assets as they move through different stages of their lifecycle. These tools support comprehensive documentation of work orders related to installations, repairs, and decommissioning.

Real-time Inventory Updates Based on Field Operations and Work Orders

- **ESRI's Mobile Web Apps for Field Data Collection**: CrescentLink takes full advantage of **ESRI's mobile web apps**, which allow field technicians to collect and update inventory data in real time. These apps enable field personnel to capture changes, notations, and updates to network assets as part of daily operations.
- **Real-time Synchronization**: Changes made in the field—such as installations, repairs, or adjustments to fiber pathways—are synchronized with the centralized database in real time. This ensures that inventory records remain up-to-date, providing accurate asset management and reporting.
- **Work Order Integration**: CrescentLink's Work Order Manager can be integrated with real-time data collection, ensuring that inventory changes driven by field operations and work orders are automatically reflected in the system, keeping the asset management database accurate and current.

Conclusion

CrescentLink, in conjunction with ArcGIS Pro and the CrescentLink Web Experience, provides a comprehensive, customizable solution for managing fiber optic network inventory. By leveraging **ESRI's open data schema**, **mobile tools for field operations**, and advanced tracking features like the **Network Manager**, **Splice Analysis Tool**, and **Cable Summary Reports**, CrescentLink ensures that your network assets are accurately tracked, from installation through decommissioning, with real-time updates and seamless lifecycle management.

FIBER CIRCUIT AND CONNECTIVITY MANAGEMENT:

- Tools to manage physical fiber connectivity between points.
- Circuit design and documentation (e.g., A-to-B connection paths, splice details).
- Visual representation of fiber connections, splitters, and active/passive devices.
- Optical path tracing to track signal flow and identify potential faults.

CrescentLink, built on the **ArcGIS Pro** platform and extended through the **CrescentLink Web Experience**, provides robust, user-friendly tools to manage and document fiber optic circuit connectivity, from the physical connections between points to circuit design and fault tracing.\

Managing Physical Fiber Connectivity Between Points

- **CrescentLink Splice Analysis and Connector Tool**: CrescentLink's **Splice Analysis Tool** offers detailed management of splicing operations and fiber connections between physical points, such as splice enclosures and patch panels. The **Connector Tool** simplifies the creation and tracking of fiber strand connections between different network elements, enabling clear, organized visualization of how fibers are connected at each point.

Circuit Design and Documentation (A-to-B Connection Paths, Splice Details)

- **CrescentLink Design Layout Record (DLR) Report**: For precise circuit documentation, CrescentLink provides the **Design Layout Record (DLR) report**, which documents all A-to-B connection paths, including all splice details. This report allows users to generate a comprehensive layout of the physical fiber network, including key details about the circuit from source to destination, ensuring thorough and organized documentation for operational and planning needs.
- **CrescentLink Reports**: Additional reports, such as **Circuit Reports** and **Cable Summary Reports**, offer insights into how fibers are allocated across the network, providing both high-level and detailed views of circuit paths and connectivity.

Visual Representation of Fiber Connections, Splitters, and Active/Passive Devices

- **ESRI Feature Templates and Symbology**: CrescentLink leverages **ESRI's feature templates and symbology** to visually represent network assets. This ensures that all components—such as fiber cables, network equipment and access points—are easy to identify and distinguish within the map-based interface of ArcGIS Pro.
- **CrescentLink Equipment Display**: The **Equipment Display** tool allows users to visualize network devices, including splitters and other active or passive equipment.

Optical Path Tracing to Track Signal Flow and Identify Potential Faults

- **CrescentLink Network Manager**: The **Network Manager** enables users to track and manage fiber circuits, ensuring accurate documentation of physical paths and logical circuit routes across the network.
- **Circuit Tracing**: CrescentLink's **Circuit Tracing** tool enables users to trace circuits from fiber strands or equipment ports, one point to another, ensuring full visibility into how circuits are laid out across the network. This tool is crucial for identifying the specific path a signal takes and is helpful in both planning and troubleshooting.

- **CrescentLink Distance Trace Tool**: The **Distance Trace Tool** allows users to input OTDR readings at a given point, to trace up or downstream and determine, with pinpoint accuracy, the likely fault location.

WORK ORDER MANAGEMENT:

- Create, assign, and track work orders for fiber installation, maintenance, and repair tasks.
- Status tracking and priority assignment for ongoing tasks.
- Integration with mobile devices for field updates on work orders.
- Notifications and alerts for scheduled or overdue work.

CrescentLink provides robust tools that streamline the management of work orders for fiber installation, maintenance, and repairs, leveraging both desktop and mobile solutions to ensure real-time updates and tracking. Our solutions integrate seamlessly with ESRI's ArcGIS platform, ensuring efficient workflows for field teams and project managers alike.

Creating, Assigning, and Tracking Work Orders for Fiber Installation, Maintenance, and Repair Tasks

- **CrescentLink Work Order Manager**: This tool enables users to easily create, assign, and track work orders across the network. Users can create work orders for specific tasks, including fiber installations, routine maintenance, and emergency repairs, ensuring that all jobs are clearly documented and assigned to the appropriate teams.
- **CrescentLink Project Planner**: The **Project Planner** compliments the Work Order Manager to provide a high-level view of ongoing projects. Users can manage all tasks within a project, ensuring that work orders are created and tracked in alignment with project milestones.
- **Work Order Tracking**: CrescentLink's tools enable teams to track the status of each work order in real time, from creation through completion, ensuring that all tasks are accounted for and nothing is missed.

Status Tracking and Priority Assignment for Ongoing Tasks

- **Priority Assignment**: CrescentLink allows users to assign priorities to work orders, ensuring that critical tasks such as emergency repairs or high-priority installations are handled first. Users can set deadlines and track progress, ensuring that the most important tasks are completed on time.

- **Status Tracking**: With real-time status updates, teams can monitor the progress of each work order, from "Open" to "In Progress" to "Completed" (or other statuses specific to All Points business processes. This enables project managers to maintain visibility on all active tasks and respond quickly to any delays or issues.

Integration with Mobile Devices for Field Updates on Work Orders

- **CrescentLink Web Experience**: The **CrescentLink Web Experience** allows users to access network records remotely via any web-enabled device. Field technicians can view assigned tasks, submit updates, and mark work orders as completed, ensuring that progress is documented as it happens.
- **ArcGIS Experience Builder**: Through integration with **ArcGIS Experience Builder**, the CrescentLink Web Experience can be customized to provide intuitive dashboards and work order interfaces for both field and office teams. This allows users to interact with their network records in a visual and dynamic format, giving them real-time insight.
- **ArcGIS Dashboards**: **ArcGIS Dashboards** provides a centralized view of work order statuses, task progress, and team performance. It enables real-time tracking of work orders, allowing managers to visualize critical tasks, overdue assignments, and ongoing projects in an easy-to-read dashboard format. This empowers decision-makers with up-to-date insights for better task management.
- **ArcGIS Field Maps**: **Field Maps** allows field technicians to receive work orders, access asset data, and submit real-time updates while out in the field. This ensures that work order progress is continuously updated and synchronized with the central database, keeping the office and field teams aligned.
- **ArcGIS Collector**: **Collector** allows technicians to capture and update GIS data in real-time, such as verifying asset locations, inspecting conditions, or adding new infrastructure. This data is automatically linked to related work orders, providing updated information for the ongoing tasks.
- **ArcGIS QuickCapture**: **QuickCapture** simplifies the process of collecting data and updating work orders by allowing field technicians to log task completion or status changes with a single tap. This speeds up the reporting process, ensuring that work order statuses are always current.
- **ArcGIS Workforce**: With **Workforce**, work orders can be assigned to specific team members, and technicians can receive notifications on their mobile devices. Workforce tracks task assignments and enables managers to monitor which jobs are being handled in real-time, enhancing task coordination and field team productivity.

- **Survey123**: **Survey123** is ideal for gathering detailed information from the field. Technicians can complete custom forms or surveys related to work orders, such as inspection reports or task completion details. This data is submitted directly to the central system, ensuring that all aspects of the work order are well-documented.

Notifications and Alerts for Scheduled or Overdue Work

- **Notifications and Alerts**: CrescentLink's work order tools include automated notifications to keep teams informed of upcoming or overdue tasks. Alerts can be set for scheduled tasks, ensuring that field technicians and project managers are reminded of critical deadlines, and warnings are triggered for tasks that may be running behind schedule.
- **Escalation Protocols**: If a task is overdue, CrescentLink can trigger escalation protocols, ensuring that critical tasks are prioritized and resources are reallocated as necessary to prevent delays in the network.

NETWORK OPERATIONS AND MONITORING:

- Real-time monitoring of fiber network health and performance.
- Integration with Network Management Systems (NMS) for alarm and fault detection.
- Performance metrics tracking (e.g., signal strength, latency).
- Automated fault detection and isolation using spatial and network analysis.
- Network outage visualization and resolution tracking.

CrescentLink, integrated with **ArcGIS Pro** and the **CrescentLink Web Experience**, provides comprehensive tools for managing fiber optic networks and supporting key network operations functions. While CrescentLink does not have APIs or native integrations with real-time monitoring systems, it can work alongside third-party solutions and leverage ESRI's powerful spatial analysis and visualization tools.

Real-time Monitoring of Fiber Network Health and Performance

- **EXFO Integration**: CrescentLink has established an integration with **EXFO**, a leading solution for real-time monitoring and alarming. Through this integration, network operators can track fiber network performance, monitor health, and detect alarms related to fiber issues in real-time. EXFO handles the collection of performance metrics and alarm triggers, while CrescentLink manages the spatial representation and documentation of the network.

- **ESRI Dashboards**: By utilizing **ArcGIS Dashboards**, users can visualize real-time data from EXFO or other monitoring systems in conjunction with fiber network health. Dashboards can provide a snapshot of the network's current performance, offering insight into key metrics like signal strength, connection status, and alarm events.

Integration with Network Management Systems (NMS) for Alarm and Fault Detection

- While CrescentLink does not provide native APIs or direct integration with **Network Management Systems (NMS)**, it can work in parallel with NMS solutions. The integration with **EXFO** allows CrescentLink users to incorporate real-time alarms and fault detection into their fiber network management workflows.
- **CrescentLink Web Experience** with **ESRI Experience Builder** can be used to design custom interfaces that display network performance data from NMS solutions, providing users with a comprehensive view of network health.

Performance Metrics Tracking (e.g., Signal Strength, Latency)

- **ESRI Spatial Analyst**: For tracking performance metrics such as signal strength and latency, **ESRI's Spatial Analyst** tools can be leveraged in conjunction with CrescentLink. Spatial Analyst can be used to map wireless network propagation and signal tracking across the fiber network, helping identify areas where performance might degrade.
- **CrescentLink Design Layout Record (DLR) Report**: CrescentLink's **Design Layout Record (DLR) report** can document key performance metrics related to the fiber network, allowing operators to log performance benchmarks and track changes over time.

Automated Fault Detection and Isolation Using Spatial and Network Analysis

- **CrescentLink Distance Trace Tool**: CrescentLink's **Distance Trace Tool** allows users to perform network analysis that can help detect and isolate faults. By tracing fiber routes, users can pinpoint where signal issues or breakages occur and isolate problematic sections of the network.
- **ESRI Business Analyst**: Through the use of **ESRI Business Analyst**, operators can perform in-depth planning and fault detection analysis. Business Analyst helps identify spatial patterns and infrastructure vulnerabilities that could lead to outages or performance degradation. It also supports capacity planning, ensuring the network is resilient to faults.

- **CrescentLink Cable Summary Report**: The **Cable Summary Report** provides detailed insights into fiber strand usage and network health. It can be used to track fiber capacity, connections, and signal flow, offering valuable information for isolating faults in the network.

Network Outage Visualization and Resolution Tracking

- **ArcGIS Dashboards**: **ArcGIS Dashboards** can be used to visually represent network outages, combining data from the CrescentLink system and third-party monitoring tools. Users can visualize outage areas in real time and track resolution progress directly from the dashboard interface.
- **CrescentLink Distance Trace and Circuit Tracing Tools**: The **Distance Trace** and **Circuit Tracing** tools in CrescentLink can be employed to visualize the paths affected by an outage and to identify the specific cables, fibers, or devices impacted by the fault. This helps network operators quickly respond to outages and track the resolution process.
- **CrescentLink Design Layout Record (DLR) Report**: For documenting and resolving network outages, the **DLR report** provides a detailed record of the fiber network's layout, including circuit paths and fiber assignments. This helps operators visualize network infrastructure during outages and ensures that all resolution steps are documented.

SPLICING AND ROUTE MANAGEMENT:

- Tools to document splice locations and configurations.
- Route management to track fiber paths and link capacity.
- Visual representation of splice trays and fiber connections within ducts and cables.
- Documentation of fiber utilization, availability, and future capacity.

CrescentLink, integrated with **ArcGIS Pro**, provides a suite of tools for documenting and managing fiber networks, ensuring efficient operations and monitoring.

Splice Documentation and Configuration

- **ESRI Feature Templates and Feature Layers**: These are used to model splice locations and configurations, enabling accurate spatial representation within the GIS environment.

- **CrescentLink Connector Tool**: This tool is designed to build and manage fiber connectivity, allowing users to model and document splice points and fiber connections easily.
- **Splice Analysis Tool**: Provides detailed reporting and analysis of splicing and connectivity, allowing users to assess and export splice configurations and fiber connections.

Route Management and Fiber Path Tracking

- **CrescentLink Network Manager**: Tracks fiber paths and port assignments, ensuring proper documentation of fiber routes and link capacity. Port naming and assignment can also be managed within the tool.
- **Cable Trace and Cable Summary Reports**: These tools analyze and trace fiber paths, providing an overview of fiber routes and their connections. The **Design Layout Record (DLR) Report** offers detailed connectivity documentation and network visualization.

Visual Representation of Splice Trays and Fiber Connections

- **CrescentLink Equipment Display**: Visualizes equipment such as splice trays, cabinets, and fiber connections within ducts and cables, providing users with a clear and organized view of network infrastructure.

Fiber Utilization, Availability, and Future Capacity

- **Fiber Cable Fill Tool**: Visualizes network-wide capacity and usage, helping network operators monitor current fiber utilization and plan for future capacity requirements.

REPORTING AND ANALYTICS:

- Customizable dashboards for monitoring network performance and fiber usage.
- Tools for generating reports on fiber capacity, connectivity, and fault history.
- Predictive analytics for proactive maintenance and network expansion planning.
- Automated reporting for regulatory compliance and audits.

CrescentLink, integrated with **ArcGIS Pro** and extended through the **CrescentLink Web Experience**, offers robust tools for proactive network management and compliance reporting.

Predictive Analytics for Proactive Maintenance and Network Expansion

- **ESRI's Experience Builder**: Enables customizable applications for visualizing network expansion and maintenance needs using real-time data.
- **ArcGIS Monitor**: Monitors data integrity and performance metrics, providing insights for predictive maintenance and expansion planning based on fiber health and usage trends.

Automated Reporting for Regulatory Compliance and Audits

- **CrescentLink Web Experience**: Provides access to real-time network data and automated reporting capabilities, supporting compliance with regulatory requirements and audits.
- **Cable Summary, DLR, and Cable Trace Reports**: Automate the generation of reports on fiber capacity, connectivity, and fault history, ensuring transparency and traceability for audits and compliance checks.

Customizable Dashboards for Monitoring Network Performance and Fiber Usage

- **ESRI Dashboards**: Create real-time dashboards to monitor network performance, fiber usage, and overall health, providing visual feedback on key metrics.
- **Fiber Cable Fill Tool**: Visualizes network capacity and usage across all fiber assets, assisting with ongoing performance monitoring and future capacity planning.

Tools for Generating Reports on Fiber Capacity, Connectivity, and Fault History

- **Connector Tool & Splice Analysis Tool**: Provide insights into network connectivity and splicing configurations, supporting detailed reporting on fiber network health and connectivity.
- **CrescentLink Reports**: Automatically generate reports that provide insights into fiber strand availability, usage patterns, and fault history to ensure operational transparency and support decision-making.

INTEGRATION AND INTEROPERABILITY:

- Interoperability with NMS for real-time network status and alerts.
- REST APIs for reading and writing data to and from the FMS with other enterprise systems (e.g., ERP, billing).
- Support for integration with fiber testing equipment for performance validation.

CrescentLink, built on **ArcGIS Pro** and extended via the **CrescentLink Web Experience**, supports network operations and monitoring with the potential for third-party integration, while offering tools for visualizing and managing fiber networks.

Interoperability with NMS for Real-Time Network Status and Alerts

- **EXFO Integration**: While CrescentLink lacks native real-time monitoring capabilities, we have developed an integration with **EXFO**, a third-party network monitoring and alarming system, allowing users to receive real-time alerts and track network status.

REST APIs for Reading and Writing Data to and from FMS with Other Enterprise Systems (e.g., ERP, Billing)

- **CrescentLink Web Experience**: Deploying the **CrescentLink Web Experience** enables limited **REST API** functionality, allowing for certain API calls to read and write data, supporting integration with enterprise systems like ERP and billing. This provides flexibility to connect CrescentLink to your broader enterprise architecture.

Support for Integration with Fiber Testing Equipment for Performance Validation

- **EXFO Integration**: Through the EXFO integration, CrescentLink users can interface with fiber testing equipment for performance validation and monitoring, allowing for more comprehensive fiber network health assessments and real-time performance validation.

USER MANAGEMENT AND SECURITY:

- Role-based access control to limit access to critical network information.
- Data encryption to ensure the security of sensitive network data.
- Audit logs to track user activities and changes in the fiber network.

CrescentLink, integrated with ArcGIS Pro, ensures robust user management and security by leveraging ESRI's technology while incorporating key tools for audit logging and role-based access.

Role-Based Access Control (RBAC)

- **User-Based Licensing & SSO Integration:** CrescentLink utilizes user-based licensing that can be integrated with an organization's **SSO setup**, ensuring seamless management of user credentials and roles.
- **ESRI Access Control: ESRI versioning** and **Geodatabase (GDB) management** enable role-based access, allowing administrators to quarantine users to specific data layers and limit access to critical network information. Privileges and permissions can be set at the database level to control who can view, edit, or manipulate fiber network data.

Data Encryption

- **ESRI Encryption:** GEOGRAPH defers to **ESRI technology** for data encryption, ensuring that all sensitive network data is protected using industry-standard encryption methods both at rest and in transit.

Audit Logs to Track User Activities

- **CrescentLink Work Order Manager: CrescentLink's Work Order Manager** allows for tracking user activities, providing audit logs for changes made to the network. This ensures traceability and accountability for actions related to network operations.
- **ESRI Editor Tracking: Editor tracking** within ArcGIS enables automatic logging of who made specific changes, when those changes were made, and what was altered, providing comprehensive auditing functionality.

MOBILE ACCESS:

- Mobile access for field technicians to view and update fiber routes, splices, and circuits.
- Offline access for field operations with synchronization once reconnected.
- GPS integration to provide accurate location-based updates for fiber assets.

CrescentLink provides mobile access for field technicians to manage fiber network operations, leveraging **ESRI's mobile apps** and **CrescentLink Web Experience** for real-time data and field updates.

Mobile Access for Field Technicians

- **CrescentLink Web Experience**: Accessible from any web-capable device, the **CrescentLink Web Experience** allows field technicians to **view fiber routes, splices, and circuits** in a mobile-friendly, view-only format. It provides real-time access to network data for reference during field operations. The CrescentLink Web Experience does not currently support offline, web-based or mobile editing of the data.
- **ESRI Mobile Apps**: For field editing, **ESRI's mobile apps** like **Collector**, **Field Maps**, and **QuickCapture** offer editing functionality, allowing technicians to update fiber routes and assets directly from the field.

Offline Access with Synchronization

- **GDB Replication**: For users requiring full editing capabilities while offline, **Geodatabase (GDB) replication** allows field teams to work with a copy of the network data offline and **synchronize updates** once reconnected to the network.
- **ESRI Mobile Apps**: Apps like **Field Maps** offer offline capabilities, allowing field personnel to perform operations without connectivity and sync changes once back online.

GPS Integration for Location-Based Updates

- **ESRI GPS Integration**: ESRI's mobile apps integrate with **GPS** to provide accurate, location-based updates for fiber assets, ensuring precise data collection and verification during field operations.

DATA MANAGEMENT AND INTEGRATION:

- **Geodatabase Management:**
  - Advanced tools for managing and maintaining enterprise geodatabases, including detailed schema management, version and modification tracking, and historical replication and restoration options.
- **Data Interchange:**
  - Support for a wide range of data formats and direct connections to other data sources, including cloud storage and big data platforms.
- **Data Driven Mapping:**
  - Generate multiple map layouts from a single map document, useful for creating map books or reports with multiple pages.

CrescentLink operates as an **add-in for ArcGIS Pro**, utilizing **ESRI's technology** for database management and advanced data integration, while offering full flexibility for users to manage and visualize their fiber networks.

Enterprise Geodatabase Management

- **ArcGIS Monitor**: Provides comprehensive tools for **database administration**, including schema management, version tracking, and modification history. It also supports **historical replication and restoration** options to maintain data integrity.
- **ESRI Technology**: All enterprise geodatabase maintenance, including **detailed schema management** and version control, is handled through ESRI's suite of tools, ensuring data accuracy and operational efficiency.

Support for Data Formats and Sources

- **ArcGIS Pro**: Supports a wide range of data formats and allows **direct connections** to other data sources, including cloud storage and big data platforms.
- **Third-Party and Organizational Data**: Users can source data from **third-party platforms**, data owned or procured by the organization, or from ESRI's **Living Atlas** for additional datasets.

Multiple Map Layouts

- **ArcGIS Pro Layout Tools**: CrescentLink users can leverage ArcGIS Pro's ability to **configure multiple map layouts** within a single project, providing flexibility for creating map books or multi-page reports. Users can toggle between layouts to suit specific project needs or preferences.

USER INTERFACE AND EXPERIENCE:

- **Customizable Interface:**
    - Tailor the user interface with custom ribbons, toolbars, and shortcuts to fit specific workflows and preferences.
    - Customize the layout with dockable panels and views for improved workflow efficiency and multi-tasking.

CrescentLink operates as an **add-in for ArcGIS Pro**, which allows users to benefit from the full customization capabilities of ESRI's technology while enhancing the user interface and experience for fiber network management.

Customizing the User Interface

- **ArcGIS Pro**: Users can tailor the interface by **customizing ribbons, toolbars, and shortcuts** to fit specific workflows. This flexibility allows users to place CrescentLink tools where they are most efficient within their projects.
- **Dockable Panels**: ArcGIS Pro offers **dockable panels** and views that can be moved, resized, and arranged according to individual preferences, enhancing workflow efficiency and allowing for multitasking within the platform.

CrescentLink Web Experience

- **Experience Builder Customization**: With the **CrescentLink Web Experience** embedded in **ESRI's Experience Builder**, users can fully customize the dashboard by adding **widgets, maps, and functions** tailored to their specific needs. This enables users to create a personalized and highly functional interface for viewing network data.

ADVANCED FIBER NETWORK DESIGN:

- **Fiber Design Optimization:**
    - Tools for optimizing fiber network design, including automated route planning and design recommendations based on current network usage and future needs.
    - Capacity Planning and Forecasting:
        - Advanced tools for capacity planning, allowing for detailed forecasting of fiber utilization and future network expansion needs.
- **Automated Fiber Routing:**
    - Features for automated fiber routing, helping to streamline the design process and reduce manual input errors.

While there are no automated design functions within CrescentLink or the **ArcGIS environment**, CrescentLink offers tools that improve efficiency, accuracy, and speed in fiber network design.

Tools for Fiber Network Design Optimization

- **ESRI's Route Planner and Trace Route Tools**: These tools help streamline fiber network planning by identifying optimal routes based on geography, existing infrastructure, and spatial data.
- **Attribute Assistant and Contingent Attribute Values**: In **ArcGIS Pro**, these features automate data entry and validation, reducing manual input errors and ensuring design accuracy.
- **CrescentLink Project Planner**: This tool facilitates drafting fiber designs, customizing plans, and producing construction packets, **staking sheets**, unit summaries, and **BOMs**, allowing for efficient planning and execution of network projects.

Capacity Planning and Network Expansion

- **Fiber Cable Fill Tool**: Provides insights into current fiber capacity, helping with detailed **capacity planning** and forecasting for future expansion needs. Users can visualize, analyze, and manage fiber utilization across the network to prevent over-utilization and plan effectively for growth.

Efficient Design and Workflow Management

- **CrescentLink Work Order Manager**: Streamlines project management by allowing users to organize and group jobs, make bulk changes, and produce reports, ensuring that fiber network designs are efficient and aligned with operational goals.

Collaboration with Third-Party Automated Design Tools

CrescentLink is fully committed to working with customers and third-party organizations that specialize in **automated design and construction management tools**, such as **Biarri**, **Render**, **Vitruvi**, and **SiteTracker**. We understand the value these tools bring to optimizing network design and automating construction workflows, and we are dedicated to supporting their integration with CrescentLink.

We have developed a **geoprocessing tool** that ingests deliverables from **Biarri's FOND planner tool** into the CrescentLink schema, ensuring that all attributes, connectivity information, and spatial data are preserved. This allows for a seamless transition from automated design tools into CrescentLink for further network management and operational workflows.

ENHANCED INVENTORY AND ASSET MANAGEMENT:

- **Asset Lifecycle Management:**
    - Comprehensive tools for managing the entire lifecycle of fiber assets from installation through to decommissioning, including maintenance schedules and asset health monitoring.
- **Detailed Asset Documentation:**
    - Extensive documentation capabilities for fiber network components, including detailed specifications, maintenance records, and historical data.

CrescentLink, built on **ArcGIS Pro**, offers comprehensive tools for managing the entire lifecycle of fiber network assets, from installation through decommissioning, along with detailed asset documentation and monitoring capabilities.

Lifecycle Management of Fiber Assets

- **Attribute Assistant and Contingent Attribute Values**: In **ArcGIS Pro**, users can implement **Attribute Assistant** and **Contingent Attribute Values** to automate data entry and ensure data integrity across the lifecycle of assets, from installation to decommissioning. This aids in tracking asset health and scheduling maintenance.
- **Customizable Schema Structure**: CrescentLink operates within an **open schema** that allows for full customization, enabling users to tailor the database to suit specific asset management needs, such as tracking maintenance schedules and asset condition over time.

Comprehensive Asset Documentation

- **ESRI Reporting Tools**: Native **ESRI reporting tools** allow for the generation of detailed reports, including asset specifications, maintenance records, and historical data on fiber components.
- **Symbology and Feature Layers**: **ESRI's symbology** and feature layers help visualize fiber network components, providing clear documentation and differentiation of asset types.
- **Definition Queries**: Users can apply **definition queries** in ArcGIS Pro to filter and visualize network assets based on specific lifecycle criteria, such as age, maintenance status, or asset health.
- **Attachment Manager**: The **Attachment Manager** in ArcGIS Pro enables the storage of key documents, images, and data related to assets, providing a comprehensive record of maintenance activities and historical performance.

NETWORK OPERATIONS AND PERFORMANCE MONITORING:

- **Real-Time Network Visualization:**
    - Real-time visualization of network performance and health, including dynamic updates and interactive maps for monitoring live network status.
- **Advanced Fault Detection and Diagnostics:**
    - Enhanced tools for fault detection, diagnostics, and resolution, including automated alerts and system notifications.
- **Performance Metrics and Reporting:**
    - Detailed performance metrics and customizable reporting tools for analyzing network performance, signal strength, and other key indicators.

CrescentLink, in conjunction with **ArcGIS Pro** and ESRI's tools, supports network operations and monitoring through enhanced visualizations and tools for diagnostics. While **CrescentLink** and **ArcGIS** do not have native live monitoring or alarming capabilities, our integration with **EXFO** enables real-time network performance monitoring, fault notifications, and alarming.

Real-Time Network Visualization

- **ESRI Experience Builder and Dashboards**: Users can create **real-time performance dashboards** and health monitoring views using **Experience Builder** and **ArcGIS Dashboards**. These tools provide interactive maps with dynamic updates for monitoring the network's live status using CrescentLink data.
- **ArcGIS Field Maps and Native ESRI Apps**: **ArcGIS Field Maps** and other ESRI apps enable field technicians to interact with live maps and update network data in real-time, providing dynamic network status updates directly in the field.

Fault Detection, Diagnostics, and Resolution

- **EXFO Integration**: Through integration with **EXFO**, users gain access to advanced **fault detection, diagnostics**, and **automated alerts**, enabling proactive network monitoring and fault isolation.
- **CrescentLink Distance Trace Tool**: The **Distance Trace Tool** helps identify network faults by tracing signal paths and isolating issues along fiber routes.
- **DLR, Network Manager, Cable Summary, and Cable Tracer Reports**: These tools provide comprehensive insights into fiber connectivity and cable health, aiding in **outage response** and diagnostics to resolve network faults efficiently.

Performance Metrics and Customizable Reporting Tools

- **EXFO Integration**: With EXFO, detailed **performance metrics** such as signal strength, latency, and network health can be monitored in real-time, allowing for proactive monitoring of key indicators.
- **ESRI Dashboards**: Through **ArcGIS Dashboards**, users can visualize and analyze performance metrics and customize reports to track signal strength and other critical network health indicators.
- **CrescentLink Reporting Tools**: The **Cable Summary Report**, **DLR Report**, and **Cable Trace Reports** can be customized to analyze and export data related to fiber capacity, connectivity, and performance, ensuring that users have access to detailed reporting for network diagnostics.

INTEGRATION AND INTEROPERABILITY:

- **Integration with Other Network Systems:**
    - Seamless integration with other network management systems (NMS) and enterprise systems for enhanced interoperability and data synchronization.
- **Support for Fiber Testing Equipment:**
    - Integration with fiber testing and monitoring equipment for performance validation and real-time diagnostics.

CrescentLink provides tools for managing fiber networks while leveraging **ArcGIS Pro** and **ESRI technology** for enhanced integration and interoperability with third-party systems.

Integration with Network Management Systems (NMS) and Enterprise Systems

- **No Native Integration with NMS**: CrescentLink does not natively integrate with Network Management Systems (NMS) or enterprise systems like ERP. However, we have developed an integration with **EXFO**, a third-party provider of live network monitoring and alarming, allowing for real-time diagnostics and performance monitoring.
- **ArcGIS Interoperability**: ArcGIS offers robust **data synchronization** capabilities, enabling users to integrate third-party data and systems into the ArcGIS platform. Through tools like **ArcGIS Dashboards**, **Experience Builder**, and **Web Maps**, CrescentLink data can be visualized and monitored alongside other network management systems, facilitating a unified view of network health and operations.

Integration with Fiber Testing and Monitoring Equipment

- **EXFO Integration**: Through our partnership with **EXFO**, CrescentLink supports integration with **fiber testing and monitoring equipment**, providing real-time performance validation and diagnostics. EXFO handles live monitoring, alerting, and testing, while CrescentLink helps manage the spatial representation and operational data for network infrastructure.
- **ArcGIS Field Apps**: **ArcGIS Field Maps** and other mobile apps can be used to gather and synchronize field data related to fiber testing and equipment diagnostics, ensuring accurate field data collection and integration into the enterprise system for comprehensive network management.

MISCELLANEOUS ITEMS:

- Utility mapping or utility data ingestion for route planning/permit creation.

CrescentLink, built on **ArcGIS Pro**, allows for seamless integration of fiber network data with utility data from other mediums, enabling efficient route planning, permit creation and other functions.

Utility Mapping and Data Ingestion

- **Third-Party Tools**: CrescentLink supports the integration of other **third-party tools** and data for utility mapping, including **oil & gas, water, electric power**, and other network mediums, ensuring interoperability across multiple industries. For example organizations who own, operate, build or manage other network mediums, they have the ability to run other tools like Futura/Meridian (electric power network management solutions) or Cellular Expert's CE RCP tool for wireless and radio communications networks management, alongside the CrescentLink add-in, in the same ArcGIS Pro project. Users can even utilize ESRI's Utility Network with other network mediums, again, in the same ArcGIS Pro Project.
- **Multiple Data Sources**: Users can source data from **third-party providers**, **internally collected and curated data**, and **ESRI's Living Atlas**, providing a robust set of layers to aid in route planning, utility mapping, and permit creation alongside CrescentLink fiber network data.

ArcGIS Ecosystem Tools

- **ArcGIS Pro**: Offers powerful GIS tools for **visualizing, analyzing, and integrating utility data**, ensuring a comprehensive view of the network infrastructure. Tools like **Trace Network** help map routes and identify the best paths for network expansion or utility deployment.
- **ArcGIS Web Maps & Experience Builder**: These tools allow users to create customized maps and dashboards that integrate various utility datasets, providing an interactive, real-time interface for planning and permit applications.
- **ESRI's Geoprocessing Tools**: Can be utilized for data conversion and ingestion, transforming different data formats into usable GIS layers for integrated route planning.

CERTIFICATION OF COMPLIANCE WITH IMMIGRATION LAWS AND REGULATIONS

Section 54-72.2 of the Chesapeake City Code requires that any person or entity doing business with the City of Chesapeake, including its boards and commissions, shall include a sworn certification by the contractor or vendor of compliance with all federal immigration laws and regulations. These laws include the Federal Immigration Reform and Control Act, which makes it unlawful for a person or other entity to hire, recruit or refer for a fee for employment in the United States, an alien knowing the alien is unauthorized, and Section 40.1-11.1 of the Code of Virginia, which makes it unlawful for any employer to knowingly employ an alien who cannot provide documents indicating that he or she is legally eligible for employment in the United States. The state law, in particular, places an affirmative duty on employers to ensure that aliens have proof of eligibility for employment.

Accordingly, this certification shall be completed and attached to all contracts and agreements for goods and services made by the City of Chesapeake or any of its boards and commissions. Failure to attach a completed certification shall render the contract or agreement void. A copy of the fully executed certification may be attached if an original certification is on file with Procurement for the current fiscal year.

Type or print legibly when completing this form.

1. Legal Name of Contractor or Vendor:
   (Note: This is your name as reported to the IRS. This should match your Social Security card or Federal ID number.)
   Geograph Technologies, LLC

2. Type of Business Entity:

   A. Sole proprietorship (Provide full name and address of owner):

   B. Limited Partnership (Provide full name and address of all partners):

   C. General Partnership (Provide full name and address of all partners):

   D. Limited Liability Company (Provide full name and address of all managing members):
   Abingdon Software Holdings Inc - 103 W Main St Easley, SC 29640-2038

   E. Corporation (Provide full name and address of all officers):

3. Doing Business As:
   If Applicable (Note: This is the name that appears on your invoices but is not used as your reporting name.)

4. Name and Position of Person Completing this Certificate:
   Joseph Caldwell - Accounting Manager

5. Physical Business Address:

103 West Main Street STE A Easley, SC 29640

6. Primary Correspondence Address (If different from physical address):

7. Number of Employees:

20

8. Are all Employees Who Work in the United States Eligible for Employment in the United States?

Yes ✓

No_____

Under penalties of perjury, I declare on behalf of the contractor/vendor listed above that to the best of my knowledge and based upon reasonable inquiry, each and every one of the contractor's/vendor's employees who work in the United States are eligible for employment in the United States as required by the Federal Immigration Reform and Control Act of 1986 and Section 40.1-11.1 of the Code of Virginia. I further declare on behalf of the contractor/vendor that it shall use due care and diligence to ensure that all employees hired in the future who will work in the United States will be eligible for employment in the United States. I affirm that the information provided herein is true, correct, and complete.

Sworn this 21 day of November, 2024 on behalf of Geograph Technologies as evidenced by the following signature and seal:

Name of Contractor/Vendor: Geograph Technologies LLC

Printed Name of Signatory: Joseph Caldwell

Signature: _____

Date: 11.21.2024

STATE OF South Carolina:
CITY / COUNTY OF Pickens, to-wit:

The foregoing instrument was acknowledged before me this 21 day of November, 2024, by Joseph Caldwell. He/She □ is personally known to me or ☒ has produced South Carolina Drivers License as identification.

CITY OF CHESAPEAKE
ADDENDUM TO CONTRACTOR'S STANDARD FORM

NAME: CITY OF CHESAPEAKE, (CITY)

ADDRESS: 306 Cedar Road, Chesapeake Virginia 23322

CONTRACTOR NAME: Geograph Technologies, LLC ("Contractor")

EIN: 82-5526557

ADDRESS: 103 W. Main Street, Easley, SC 29640

TITLE OF ATTACHED FORM: Geograph Terms and Conditions, Last Updated June 1, 2024

The City of Chesapeake and the Contractor are this day entering into a contract, and for their mutual convenience, the parties are using the attached form agreement provided by the Contractor. Nevertheless, the parties agree that this Addendum is incorporated into and amends the form agreement, as provided below.

Notwithstanding anything in the attached form agreement, the payments to be made by the City of Chesapeake for all goods, services and other deliverables under this contract shall not exceed $_____; payments will be made only upon the City's receipt of a proper invoice detailing the goods/services provided. The total cumulative liability of the City of Chesapeake, its officers, employees and agents in connection with this contract or in connection with any goods, services, actions or omissions relating to the contract, shall not under any circumstance exceed payment of the above maximum purchase price. All actions of the Contractor relating in any way to City shall be as an independent contractor, and not as an agent or employee of the City.

The Contractor's form agreement is, with the exceptions noted herein, acceptable to the City of Chesapeake. Nonetheless, because certain standard clauses that may appear in the Contractor's form agreement cannot be accepted by the City of Chesapeake, and in consideration of the convenience of using that form, and this form, without the necessity of specifically negotiating a separate contract document, the parties specifically agree that, notwithstanding any provisions appearing in the attached form agreement, none of the following shall have any effect or be enforceable against the City of Chesapeake:

1. Requiring the City of Chesapeake to obtain or maintain any type of insurance;

2. Renewing or extending the agreement beyond the initial term or automatically continuing the contract period from term to term;

3. Requiring or stating that the terms of the Contractor's form agreement, statement of work, service order, or change order shall prevail over this Addendum;

4. Requiring the City of Chesapeake to defend, indemnify or to hold the Contractor harmless for any act or omission of any kind;

5. Imposing interest charges exceeding those permitted by *Code of Virginia*, § 2.2-4347 through 2.2-4354, Prompt Payment;

6. Requiring the application of law other than Virginia law in interpreting or enforcing the contract, or requiring or permitting that any dispute under the contract be resolved in any court other than an appropriate state circuit court in the City of Chesapeake, Virginia;

7. Requiring the City of Chesapeake to pay liquidated damages, or requiring the City of Chesapeake to make any payment for lost revenue or profits, or for any work not actually performed by Contractor, if the contract is terminated before its ordinary period;

8. Requiring that the contract be accepted or endorsed by the home office or by any other person subsequent to execution by the undersigned City representative before the contract is considered in effect, or otherwise delaying the formation or effective date of the contract to a time later than execution of the contract by the undersigned City representative;

9. Requiring the City to agree to or be subject to any form of equitable relief not authorized by the Constitution or laws of Virginia;

10. Limiting or adding to the time period within which claims can be made or actions can be brought;

11. Limiting the liability of the Contractor for property damage or personal injury;

12. Permitting unilateral modification of this contract by the Contractor, or deeming the City of Chesapeake to agree to a modification by means other than affirmatively signing a modification agreement on paper. This provision expressly applies to Contractor's unilateral modification of prices or rates;

13. Binding the City of Chesapeake to any arbitration process or decision of any arbitration board, commission panel or other entity;

14. Requiring the waiver of a jury trial;

15. Obligating the City of Chesapeake to pay costs of collection or attorney's fees;

16. Granting the Contractor a security interest in property of the City of Chesapeake.

17. Granting any right or incurring any obligation that is beyond the legal authority of the undersigned City to empower its contract officers to grant or incur on behalf of the City of Chesapeake, or requiring the City of Chesapeake to violate any applicable law or regulation.

18. Binding City funds in any way other than only to the extent of the funds that are available or which may hereafter become available for the purpose of this agreement.

19. Requiring termination by any other means other than termination by either party giving written notice to the other party at least 30 days prior to the effective date of such termination.

20. Prohibiting the City from disclosing any document or information which it is obligated to disclose pursuant to the Virginia Freedom of Information Act, Va. Code § 2.2-3700 *et seq*.

In addition, the parties agree that the contract between them shall be deemed to incorporate provisions that the Virginia Public Procurement Act requires to be included in City of Chesapeake contracts. These can be found in the following Sections of the *Code of Virginia*: § 2.2-4363 (procedure for filing claims); § 2.2-4354 (requirement to pay subcontractors); § 2.2-4311 (non-discrimination in contracts above $10,000); §

2.2-4312 (drug-free workplace in contracts above $10,000); § 2.2-4311.1 (compliance with federal immigration law); and § 2.2-4311.2 (authorization to transact business in Virginia, if legally required).

Notwithstanding anything contained in the Contractor's terms or conditions to the contrary, the terms of this agreement shall supersede any subsequent or conflicting terms or conditions included in any standard click-through or shrink-wrap end user license agreement that may accompany a purchase. Any click-through agreement shall not bind the City of Chesapeake.

IN WITNESS WHEREOF, the parties have caused this contract to be duly executed, intending thereby to be legally bound.

CITY OF CHESAPEAKE	CONTRACTOR
By Carol A Laine	By Blair Smith
Title Procurement Administrator	Title CEO
Date 1-29-25	Date 1/29/2025

The City of Chesapeake does not discriminate against faith based organizations in accordance with Code of Virginia Section 2.2-4343.1 or against any contractor, bidder, or offeror because of race, religion, color, sex, national origin, age, disability or any other basis prohibited by State law relating to discrimination in employment.

When Used: For contracts valued at less than $50,000 and it is not feasible to award a contract without using the contractor's form, and clauses which are not in the best interest of the City of Chesapeake cannot be crossed out, then use this Addendum form after it has been filled in and signed by the contractor, with contractor's form attached. If the contractor wants signatures to both this form and the contractor's form agreement that is attached to this form, then both forms should be signed by contractor before submittal to the City for signing of both forms. For contracts over $50,000, your legal advisor should be consulted prior to using this form. **THIS FORM IS NOT TO BE USED FOR ANY OTHER CONTRACT CHANGES, ADDITIONS OR MODIFICATIONS BETWEEN THE CITY AND THE CONTRACTOR.**

Terms and Conditions

Last updated: June 1, 2024

Please read these terms and conditions carefully before using Our Service.

Interpretation and Definitions

Interpretation

The words of which the initial letter is capitalized have meanings defined under the following conditions.

The following definitions shall have the same meaning regardless of whether they appear in singular or in plural.

Definitions

For the purposes of these Terms and Conditions:

- **Application** means the software program provided by the Company downloaded by You on any electronic device, named CrescentLink Desktop, CrescentLink WebExperience, CrescentLink Server Object Extension (SOE), or FourSevens
- **Application Store** means the digital distribution service operated and developed by Environmental Systems Research Institute, Inc. (ArcGIS Marketplace) in which the Application has been downloaded.
- **Affiliate** means an entity that controls, is controlled by or is under common control with a party, where "control" means ownership of 50% or more of the shares, equity

- Account means a unique account created for You to access our Service or parts of our Service.
- Company (referred to as either "the Company", "We", "Us" or "Our" in this Agreement) refers to GEOGRAPH Technologies LC, 105 Wall Street Suite 8 Clemson, SC 29631.
- Country refers to: South Carolina, United States
- Device means any device that can access the Service such as a computer, a cellphone or a digital tablet.
- Feedback means feedback, innovations or suggestions sent by You regarding the attributes, performance or features of our Service.
- Service refers to the Application or the Website or both.
- Subscriptions refer to the services or access to the Service offered on a subscription basis by the Company to You.
- Free Trial refers to a limited period of time that may be free when purchasing a Subscription.
- Terms and Conditions (also referred as "Terms") mean these Terms and Conditions that form the entire agreement between You and the Company regarding the use of the Service.
- Third-party Social Media Service means any services or content (including data, information, products or services) provided by a third-party that may be displayed, included or made available by the Service.
- Website refers to Geograph, accessible from geographstag.wpengine.com
- You means the individual accessing or using the Service, or the company, or other legal entity on behalf of which such individual is accessing or using the Service, as applicable.

Acknowledgement

These are the Terms and Conditions governing the use of this Service and the agreement that operates between You and the Company. These Terms and Conditions set out the rights and obligations of all users regarding the use of the Service.

Your access to and use of the Service is conditioned on Your acceptance of and compliance with these Terms and Conditions. These Terms and Conditions apply to all visitors, users and others who access or use the Service.

By accessing or using the Service You agree to be bound by these Terms and Conditions. If You disagree with any part of these Terms and Conditions then You may not access the Service.

Your access to and use of the Service is also conditioned on Your acceptance of and compliance with the Privacy Policy of the Company. Our Privacy Policy describes Our policies and procedures on the collection, use and disclosure of Your personal information when You use the Application or the Website and tells You about Your privacy rights and how the law protects You. Please read Our Privacy Policy carefully before using Our Service.

Subscriptions

Subscription period

The Service or some parts of the Service are available only with a paid Subscription. You will be billed in advance on a recurring and periodic basis (such as daily, weekly, monthly or annually), depending on the type of Subscription plan you select when purchasing the Subscription.

At the end of each period, Your Subscription will automatically renew under the exact same conditions unless You cancel it or the Company cancels it.

Subscription cancellations

You may cancel Your Subscription renewal either through Your Account settings page or by contacting the Company.

You will not receive a refund for the fees You already paid for Your current Subscription period and You will be able to access the Service until the end of Your current Subscription period.

Billing

You shall provide the Company with accurate and complete billing information including full name, address, state, zip code, telephone number, and a valid payment method information.

Should automatic billing fail to occur for any reason, the Company will issue an electronic invoice indicating that you must proceed manually, within a certain deadline date, with the full payment corresponding to the billing period as indicated on the invoice.

Fee Changes

The Company, in its sole discretion and at any time, may modify the Subscription fees. Any Subscription fee change will become effective at the end of the then-current Subscription period.

terminate Your Subscription before such change becomes effective.

Your continued use of the Service after the Subscription fee change comes into effect constitutes Your agreement to pay the modified Subscription fee amount.

Refunds

Except when required by law, paid Subscription fees are non-refundable.

Certain refund requests for Subscriptions may be considered by the Company on a case-by-case basis and granted at the sole discretion of the Company.

Free Trial

The Company may, at its sole discretion, offer a Subscription with a Free trial for a limited period of time.

You may be required to enter Your billing information in order to sign up for the Free trial.

If You do enter Your billing information when signing up for a Free Trial, You will not be charged by the Company until the Free trial has expired. On the last day of the Free Trial period, unless You cancelled Your Subscription, You will be automatically charged the applicable Subscription fees for the type of Subscription You have selected.

At any time and without notice, the Company reserves the right to (i) modify the terms and conditions of the Free Trial offer, or (ii) cancel such Free trial offer.

User Accounts

When You create an account with Us, You must provide Us information that is accurate, complete, and current at all times. Failure to do so constitutes a breach of the Terms, which may result in immediate termination of Your account on Our Service.

You are responsible for safeguarding the password that You use to access the Service and for any activities or actions under Your password, whether Your password is with Our Service or a Third-Party Social Media Service.

You agree not to disclose Your password to any third party. You must notify Us immediately upon becoming aware of any breach of security or unauthorized use of Your account.

You may not use as a username the name of another person or entity or that is not lawfully available for use, a name or

name that is otherwise offensive, vulgar or obscene.

Intellectual Property

The Service and its original content (excluding Content provided by You or other users), features and functionality are and will remain the exclusive property of the Company and its licensors.

The Service is protected by copyright, trademark, and other laws of both the Country and foreign countries.

Our trademarks and trade dress may not be used in connection with any product or service without the prior written consent of the Company.

Your Feedback to Us

You assign all rights, title and interest in any Feedback You provide the Company. If for any reason such assignment is ineffective, You agree to grant the Company a non-exclusive, perpetual, irrevocable, royalty free, worldwide right and licence to use, reproduce, disclose, sub-licence, distribute, modify and exploit such Feedback without restriction.

Links to Other Websites

Our Service may contain links to third-party web sites or services that are not owned or controlled by the Company.

The Company has no control over, and assumes no responsibility for, the content, privacy policies, or practices of any third party web sites or services. You further acknowledge and agree that the Company shall not be responsible or liable, directly or indirectly, for any damage or loss caused or alleged to be caused by or in connection with the use of or reliance on any such content, goods or services available on or through any such web sites or services.

We strongly advise You to read the terms and conditions and privacy policies of any third-party web sites or services that You visit.

Termination

We may terminate or suspend Your Account immediately, without prior notice or liability, for any reason whatsoever, including without limitation if You breach these Terms and Conditions.

Upon termination, Your right to use the Service will cease immediately. If You wish to terminate Your Account, You may simply discontinue using the Service.

liability of the Company and any of its suppliers under any provision of this Terms and Your exclusive remedy for all of the foregoing shall be limited to the amount actually paid by You through the Service or 100 USD if You haven't purchased anything through the Service.

To the maximum extent permitted by applicable law, in no event shall the Company or its suppliers be liable for any special, incidental, indirect, or consequential damages whatsoever (including, but not limited to, damages for loss of profits, loss of data or other information, for business interruption, for personal injury, loss of privacy arising out of or in any way related to the use of or inability to use the Service, third-party software and/or third-party hardware used with the Service, or otherwise in connection with any provision of this Terms), even if the Company or any supplier has been advised of the possibility of such damages and even if the remedy fails of its essential purpose.

Some states do not allow the exclusion of implied warranties or limitation of liability for incidental or consequential damages, which means that some of the above limitations may not apply. In these states, each party's liability will be limited to the greatest extent permitted by law.

"AS IS" and "AS AVAILABLE" Disclaimer

The Service is provided to You "AS IS" and "AS AVAILABLE" and with all faults and defects without warranty of any kind. To the maximum extent permitted under applicable law, the Company, on its own behalf and on behalf of its Affiliates and its and their respective licensors and service providers, expressly disclaims all warranties, whether express, implied, statutory or otherwise, with respect to the Service, including all implied warranties of merchantability, fitness for a particular purpose, title and non-infringement, and warranties that may arise out of course of dealing, course of performance, usage or trade practice. Without limitation to the foregoing, the Company provides no warranty or undertaking, and makes no representation of any kind that the Service will meet Your requirements, achieve any intended results, be compatible or work with any other software, applications, systems or services, operate without interruption, meet any performance or reliability standards or be error free or that any errors or defects can or will be corrected.

warranty of any kind, express or implied: (i) as to the operation or availability of the Service, or the information, content, and materials or products included thereon; (ii) that the Service will be uninterrupted or error-free; (iii) as to the accuracy, reliability, or currency of any information or content provided through the Service; or (iv) that the Service, its servers, the content, or e-mails sent from or on behalf of the Company are free of viruses, scripts, trojan horses, worms, malware, timebombs or other harmful components.

Some jurisdictions do not allow the exclusion of certain types of warranties or limitations on applicable statutory rights of a consumer, so some or all of the above exclusions and limitations may not apply to You. But in such a case the exclusions and limitations set forth in this section shall be applied to the greatest extent enforceable under applicable law.

Governing Law

The laws of the Country, excluding its conflicts of law rules, shall govern this Terms and Your use of the Service. Your use of the Application may also be subject to other local, state, national, or international laws.

Disputes Resolution

If You have any concern or dispute about the Service, You agree to first try to resolve the dispute informally by contacting the Company.

For European Union (EU) Users

If You are a European Union consumer, you will benefit from any mandatory provisions of the law of the country in which you are resident in.

United States Federal Government End Use Provisions

If You are a U.S. federal government end user, our Service is a “Commercial Item” as that term is defined at 48 C.F.R. §2.101.

United States Legal Compliance

You represent and warrant that (i) You are not located in a country that is subject to the United States government embargo, or that has been designated by the United States government as a “terrorist supporting” country, and (ii) You are not listed on any United States government list of prohibited or restricted parties.

PURCHASING

December 20, 2024

Mr. Josh Crozier
Geograph Technologies, LLC
103 West Main St.
Easly, SC 29640
Email: josh.crozier@geograph.tech

SENT VIA EMAIL

SUBJECT: RFP 25-068-6328 Fiber Optic Network Asset Management Software

Dear Mr. Crozier,

Thank you for responding to the City of Chesapeake's RFP 25-068-6328 Fiber Optic Network Asset Management Software, dated October 24, 2024. After the oral presentation round, the selection committee is pleased to notify you that Geograph Technologies, LLC has been selected as a finalist, as set forth in the subject Request for Proposal.

The City is inviting Geograph Technologies, LLC to the negotiations phase. Please provide an initial response to the below no later than 2:00 P.M., Monday, December 30, 2024.

1. Please confirm that Geograph takes no exceptions to the requirements of the RFP to include the City's General and Special Terms and Conditions.

2. The Cost Proposal section of your submission states the cost listed for the ESL line item is a high-level cost, and for a final proposed cost pertaining to our anticipated userbase size, data would be required. Below please find our anticipated userbase data. If you can, please provide the refined pricing and applicable tiered structures for our evaluation purposes.
   Less than 2,000 miles; five edit users; four field users; 210 endpoints.

3. The solicitation requested the pricing for the 'initial term (5-years)', as such, what would be the pricing for the optional five one-year renewal periods?

4. The Cost Proposal section includes Purchase Terms link https://geograph.tech/terms-of-use/ to Geograph's Terms and Conditions, last updated June 1, 2024. As outlined in the RFP, our Terms and Conditions will govern this contract. While Geograph has provided its own T&Cs, we would require the attached sample Addendum to Contractors Form to

be executed. Please review and let us know if this would be acceptable, should your firm be selected.

5. Are there any other contractual or service level type agreement documents, not provided in your proposal package, that we need to consider in our evaluation?

If you should have any questions or need additional time to respond, please do not hesitate to contact me at klwhite1@cityofchesapeake.net.

Sincerely,
Kimberly L. White

SUBJECT: RFP 25-068-6328 Fiber Optic Network Asset Management Software

NEGOTIATIONS LETTER RESPONSE

Please confirm that Geograph takes no exceptions to the requirements of the RFP to include the City's General and Special Terms and Conditions.

A. Points of consideration: based on the City's "Procurement Ordinance"

1. Auto-Renewal Clause:

(**REF**: GEOGRAPH Terms of Use; Subscriptions; Subscriptions Period)

The standard GEOGRAPH Terms of Use references that "Your Subscription will automatically renew under the same conditions unless You cancel it or the Company cancels it." GEOGRAPH is willing to alter this clause to remove this 'auto-renewal' provision.

Our standard renewal process consists of direct communication with Customer at least (90) days before the anniversary date of their contract term. No renewal will be completed or invoicing processed without first getting explicit permission from the City of Chesapeake, consenting to the terms of the subsequent renewal.

2. **Fee Changes:**

(**REF**: GEOGRAPH Terms of Use; Fee Changes)

The standard GEOGRAPH Terms of Use references that "The Company (GEOGRAPH), in its sole discretion and at any time, may modify the Subscription fees"

In our proposal for a fiber management system submitted to the City of Chesapeake, GEOGRAPH agrees that our contractual relationship, including pricing and fee adjustments, will be governed by the official quotation provided. Furthermore, GEOGRAPH commits that no changes to the software pricing will occur without prior explicit consent from the City of Chesapeake. Additionally, any modifications will not take place until after the completion of the current contract term

If the City prefers to enter into a multi-year subscription agreement, in order to lock in pricing for the contracted software offerings, GEOGRAPH is willing to accommodate this.

3. **Governing Law:**

(**REF**: GEOGRAPH Terms of Use; Governing Law)

The standard GEOGRAPH Terms of Use, references "**Governing Law**," stating, "*The laws of the Country, excluding its conflicts of law rules, shall govern this Terms and Your use of the Service. Your use of the Application may also be subject to other local, state, national, or international laws.*"

Per the City of Chesapeake's Purchasing guidelines and procedures, and as outlined in the City of Chesapeake's RFP documentation (*Secion14.8 Applicable Laws and Courts*), GEOGRAPH agrees that all contracted products and services, and all contracted subscription terms, will be subject to the laws of the Commonwealth of Virginia.

In light of the proposed compromise by GEOGRAPH, it is requested that the City of Chesapeake formally seek a revision to GEOGRAPH's standard Terms of Use. This modification is essential for explicitly detailing the aforementioned agreement in the legally binding documents associated with this RFP response between GEOGRAPH and the City of Chesapeake, Virginia.

The Cost Proposal section of your submission states the cost listed for the ESL line item is a high-level cost, and for a final proposed cost pertaining to our anticipated userbase size, data would be required. Below please find our anticipated userbase data. If you can, please provide the refined pricing and applicable tiered structures for our evaluation purposes.

a. Less than 2,000 miles; five edit users; four field users; 210 endpoints.

A. GEOGRAPH Proposed Pricing:

As part of GEOGRAPH's formal RFP submission, we propose the following subscription type, license configuration and cost, as well as our Standard Annual Support subscription, and cost, and our standard, 2-day, instructor-led CrescentLink FMS training. Please see below for a more detailed explanation.

PRODUCT	LICENSE TYPE	LICENSE/SERVICE CONFIGURATION	PRICE (PER YEAR)
GEOGRAPH™ On-Line Training	2-Day Instructor-led Training	One Time Cost (per session)	$4,800
GEOGRAPH™ Standard Support	Standard Annual Support	Per Organization	20% of total annual software spend ($3,000)
CrescentLink® Enterprise Site License*	Unlimited Licenses	Unlimited of any configuration of CrescentLink Network Manager Edit, View, and Web Experience Licenses.	$15,000
TOTAL ANNUAL SUBSCRIPTION AMOUNT (SOFTWARE & SUPPORT		$18,000	
TOTAL FIRST YEAR ONE-TIME COST (TRAINING)		$4,800	

The solicitation requested the pricing for the 'initial term (5-years)', as such, what would be the pricing for the optional five one-year renewal periods?

B. GEOGRAPH Proposed Contract Term:

As part of GEOGRAPH's formal submission to the City of Chesapeake's RFP for a Fiber Management Solution, and per the pricing and subscription tier itemized above, GEOGRAPH is proposing a year-to-year contract term for the CrescentLink software subscription and the Annual Standard Support line item. Traditionally, all of our customers execute single-year, year-to-year contracts for all subscription products.

In response to the City of Chesapeake's request for a 5-year, multi-year agreement, and if the City prefers, GEOGRAPH is proposing a 3-year contractual term for all subscription products. Please note that there is no pricing difference between a single-year contract term, a 3-year multi-year contract term, and a 5-year multi-year contract term. There are no discounts for a multi-year contract and the City of Chesapeake will realize no pricing benefit by executing a multi-year agreement.

GEOGRAPH requests the City of Chesapeake's response to our 3-year subscription term rebuttal to the City's requested 5-year subscription term.

The Cost Proposal section includes a Purchase Terms link (https://geograph.tech/terms-of-use/) to Geograph's Terms and Conditions (last updated June 1, 2024). As outlined in the RFP, our Terms and Conditions will govern this contract. While Geograph has provided its own T&Cs, we would require the attached sample Addendum to Contractors Form to be executed. Please review and let us know if this would be acceptable, should your firm be selected.

As part of GEOGRAPH's official submission to the City of Chesapeake's Fiber Optic Network Asset Management system, we agree to provide an executed copy of the *City of Chesapeake Addendum to Contractor's Standard Form*, provided to us by the City of Chesapeake. Any revisions or requested changes to this, or any other legally binding document provided by the City of Chesapeake (i.e. City of Chesapeake Terms & Conditions), will be appropriately documented in our submitted, executed copy. No requests by GEOGRAPH pertaining to any documentation, terms or clauses will be considered legally binding, these are mutually and explicitly agreed upon by both parties.

Are there any other contractual or service level type agreement documents, not provided in your proposal package, that we need to consider in our evaluation?

As part of GEOGRAPH's official submission to the City of Chesapeake's Fiber Optic Network Asset Management system, we are not proposing any additional goods or services that would be governed by an additional or separate contract document(s), outside of the software and support subscription quotation, that also includes a line item for our standard training.

Additional Topics of Note:

1. **City of Chesapeake RFP, Section 14.10, A. "To Consultant.", 1:**

The official RFP provided by the City of Chesapeake, references (cited above) a requirement by all contractors to include, 1) City Contract Number and/or Purchase Order Number, and 2) the Federal Employer Identification number, be included on all invoices and contract documents.

GEOGRAPH requests confirmation of this requirement, so that we can ensure all of our submissions and proposals conform to the requirements of this RFP, as set by the City of Chesapeake. Please advise as to whether any previously submitted documents need to be revised to include this information, on how/where this information needs to be included on any and all future documentation submissions.

Hello Josh,

The City has nothing further to negotiate.

To conclude negotiations, can you please confirm the following?

This is to summarize what was agreed upon from our letter dated 12/20/2024, Geograph's response dated 12/27/2024, and our Teams call on 01/06/2025.

If awarded the contract:

- Geograph agrees to a 5-year initial term (paid annually) with five 1-year renewals.
- Pricing for the initial 5-year term will be pursuant to corrected Geograph Proposed Pricing dated 01/06/2025.
- Pricing for renewal terms will be subject to 15. Special Terms and Conditions .5 Price Escalation/De-Escalation clause from Chesapeake's RFP 25-068-6328.
- Geograph takes no exceptions to the requirements of the RFP to include the City's General and Special Terms and Conditions.
- Geograph agrees to sign Chesapeake's Addendum to Contractor's Form with no exceptions and that will take precedence over Geograph's Standard Terms of Use.

If I am mistaken or if you need more information, please let me know.

Thank you and have a good weekend,

Kim

> Hi Josh,

Great, thank you.

I'll make it for 2:00 on Monday 1/6/2025.

I don't think I ever had Grey's email.

Is it grey.pittman@geograph.tech?

Thank you,

Kim

No signatures necessary right now.

Depending on what's negotiated, and if awarded the contract, we'll create a negotiations summary document with signature lines for both Geograph and the City or it'll be signed as part of the final complete contract.

The Cost Proposal section of your submission states the cost listed for the ESL line item is a high-level cost, and for a final proposed cost pertaining to our anticipated userbase size, data would be required. Below please find our anticipated userbase data. If you can, please provide the refined pricing and applicable tiered structures for our evaluation purposes.

a. Less than 2,000 miles; five edit users; four field users; 210 endpoints.

A. GEOGRAPH Proposed Pricing:

As part of GEOGRAPH's formal RFP submission, we propose the following subscription type, license configuration and cost, as well as our Standard Annual Support subscription, and cost, and our standard, 2-day, instructor-led CrescentLink FMS training. Please see below for a more detailed explanation.

PRODUCT	SUBSCRIPTION TERM/YEAR	LICENSE TYPE	LICENSE/SERVICE CONFIGURATION	PRICE (PER YEAR)	PRICE (PER YEAR SUPPORT)
GEOGRAPH™ On-Line Training	One Time	2-Day Instructor-led Training	One Time Cost (per session)	$4,800	—
GEOGRAPH™ Standard Support	Annually	Standard Annual Support	Per Organization	20% of total annual software spend	—
CrescentLink® Enterprise Site License*	Year 1	Unlimited Licenses	Unlimited of any configuration of CrescentLink Network Manager Edit, View, and Web Experience Licenses.	$15,000	$3,000
CrescentLink® Enterprise Site License*	Year 2	Unlimited Licenses	SEE ABOVE DESCRIPTION	$15,000	$3,000
CrescentLink® Enterprise Site License*	Year 3	Unlimited Licenses	SEE ABOVE DESCRIPTION	$16,500	$3,300
CrescentLink® Enterprise Site License*	Year 4	Unlimited Licenses	SEE ABOVE DESCRIPTION	$18,000	$3,600
CrescentLink® Enterprise Site License*	Year 5	Unlimited Licenses	SEE ABOVE DESCRIPTION	$20,000	$4,000

TOTAL ANNUAL SUBSCRIPTION AMOUNT (SOFTWARE & SUPPORT) - Year 1	$18,000
TOTAL ANNUAL SUBSCRIPTION AMOUNT (SOFTWARE & SUPPORT) - Year 2	$18,000
TOTAL ANNUAL SUBSCRIPTION AMOUNT (SOFTWARE & SUPPORT) - Year 3	$19,800
TOTAL ANNUAL SUBSCRIPTION AMOUNT (SOFTWARE & SUPPORT) - Year 4	$21,600
TOTAL ANNUAL SUBSCRIPTION AMOUNT (SOFTWARE & SUPPORT) - Year 5	$24,000
TOTAL FIRST YEAR ONE-TIME COSTs (TRAINING)	$4,800

The solicitation requested the pricing for the 'initial term (5-years)', as such, what would be the pricing for the optional five one-year renewal periods?

B. GEOGRAPH Proposed Contract Term:

As part of GEOGRAPH's formal submission to the City of Chesapeake's RFP for a Fiber Management Solution, and per the pricing and subscription tier itemized above, GEOGRAPH is proposing a year-to-year contract term for the CrescentLink software subscription and the Annual Standard Support line item. Traditionally, all of our customers execute single-year, year-to-year contracts for all subscription products.

In response to the City of Chesapeake's request for a 5-year, multi-year agreement, and if the City prefers, GEOGRAPH is proposing a 3-year contractual term for all subscription products. Please note that there is no pricing difference between a single-year contract term, a 3-year multi-year contract term, and a 5-year multi-year contract term. There are no discounts for a

Subject: Your policy exception has been approved.

Your policy exception has been **approved**.

Approval Comments: drobinson@ocalafl.org

The department is approved to piggyback the contract awarded to Geograph Technologies, LLC, by Chesapeake, Virginia, Contract NO. 25-068-6328, for the provision of Fiber Optic Network Asset Management Software through January 28, 2029. These goods and services were competitively solicited by the City of Chesapeake under RFP No. 25-068-6328. Three vendors responded to the solicitation and on January 27, 2025, a contract award was made to Geograph Technologies, LLC. The original contract was awarded for a term of five years from January 28, 2025 through January 27, 2029 with one one-year renewal options available upon mutual written agreement between the parties. Geograph has agreed to extend pricing and services to the City of Ocala under the same terms and conditions. This pricing has been found to be fair and reasonable by OFN staff. PLEASE ESTABLISH A MUNIS CONTRACT NUMBER AND ISSUE A REQUEST TO CONTRACTING SO THAT A FORMAL PIGGYBACK AGREEMENT CAN BE PREPARED. IF THE DEPARTMENT ANTICIPATES EXPENDITURES THROUGH THE END OF THE CONTRACT TERM TO EXCEED $50,000, THE CONTRACT NEEDS TO BE PLACED ON A COUNCIL AGENDA. PLEASE ENSURE THAT THIS EXCEPTION APPROVAL IS ATTACHED TO THE MUNIS CONTRACT, CONTRACT REQUEST, AND AGENDA ITEM (IF ANY).

Procurement/Contract/P-Card Exception

Select exception type: Procurement

Reason for procurement exception: Piggyback Request in Lieu of Bid

Enter a brief description of your exception request:

Ocala Fiber Network (OFN) respectfully requests a procurement exception to purchase CrescentLink GIS software from Geograph via piggyback. This request is based on both strategic necessity and technical alignment with OFN's operational goals.

Since OFN's inception, we have relied on Ocala Electric Utility's ArcFM software—a platform primarily designed for electric utility systems with limited telecommunications functionality. As ArcFM's maintenance costs continue to rise and Electric transitions away from the platform, OFN must also move toward a more sustainable and purpose-built solution.

To that end, OFN has conducted a thorough evaluation of fiber-specific design software. During a strategic review by Uptown Services, LLC, it was strongly recommended that OFN adopt a standalone GIS platform tailored to fiber network design. Uptown specifically recommended CrescentLink, citing its robust capabilities and alignment with our long-term goals.

Following this recommendation, OFN collaborated with the City's IT department to evaluate CrescentLink. The software was demonstrated and reviewed, and both teams agreed it meets OFN's technical requirements and integrates seamlessly with the City's existing GIS infrastructure.

We compared similar products, including our current software ArcFM and mPower Innovations. After reviewing and comparing each vendor, OFN believes Geograph offers the best solution for our fiber design needs.

To support this request, we have attached the following documentation:

-A sole source letter from Geograph confirming they are the exclusive provider of CrescentLink.
-A budgetary quote for CrescentLink software.
-A comparison quote from a similar competitor, mPower.
-A contract executed by the City of Chesapeake, VA, which mirrors the scope of OFN's intended use and serves as a cooperative purchasing reference.
-An amendment to the Chesapeake contract that allows other government agencies to piggyback

We believe CrescentLink represents the most cost-effective and technically appropriate solution for OFN's future. Your support in approving this procurement exception will enable us to move forward efficiently and independently.

Thank you for your consideration. Please let us know if any additional information is needed.

Department: Police

FORMAL TITLE:
One-year renewal of contract with SHI for Palo Alto Firewall hardware and software with an estimated expenditure amount of $166,655

OCALA'S RELEVANT STRATEGIC GOALS:

Operational Excellence

PROOF OF PUBLICATION:
N/A

BACKGROUND:
In 2020, the Ocala Police Department (OPD) received COVID-19 grant funding to help purchase next-generation Palo Alto Firewalls. Since then, the hardware warranty and software subscriptions have been renewed annually. OPD currently has multiple firewalls in service.

FINDINGS AND CONCLUSIONS:
These redundant next-generation firewalls have enabled safe access to the internet and internal networks for OPD employees and protected against external threats by offering a variety of subscriptions that consolidate several infrastructure appliances into a single solution. These systems run constantly and require a premium level of support. This renewal will allow public safety entities to continue to receive daily updates to protect against viruses, malware, threat prevention, and malicious websites.

As a political subdivision of the State of Florida, the City of Ocala qualifies as an eligible user of Sourcewell's cooperative purchasing agreement for technology products and services with SHI International (SHI). The SHI Sourcewell Contract, Contract No. 121923-SHI is effective through February 27, 2028. This contract allows up to three additional one-year extensions after expiration.

Cooperative purchasing programs are comprised of member cities, counties, and other public agencies nationwide that aggregate their members' purchasing power to achieve greater volume discounts. The underlying solicitation for Contract No. 121923-SHI has been evaluated and determined by the City's Procurement Department to be cost-effective and to afford best value

Staff recommends approval.

FISCAL IMPACT:
Funding for these purchases, Quote 26753164 in the amount of $149,042 and Quote 26769861 in the amount of $17,613, for a total of $166,655, was approved as part of the Fiscal Year 2025-26 Police Department Budget, and $166,655 is budgeted in the expenditure account 001-018-811-521-52-52045. This purchase will be tracked by Munis contract number 260111.

PROCUREMENT REVIEW:
These goods and services were procured in compliance with the City's Procurement Policy.

LEGAL REVIEW:
This Agreement will be reviewed and approved for form and legality by City Attorney, William E. Sexton.

ALTERNATIVE:
- Approve with Changes
- Table
- Deny

SHI International Corp. is 100% Minority Owned, Woman Owned Business. TAX ID# 22-3009648; DUNS# 61-1429481; CCR# 61-243957G; CAGE 1HTF0

The products offered under this proposal are resold in accordance with the terms and conditions of the Contract referenced under that applicable line item.

DocuSign Envelope ID: 443CB027-433D-46A7-BC42-6A19334951B3

Solicitation Number: RFP #121923

CONTRACT

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and SHI International Corp., 290 Davidson Ave., Somerset, NJ 08873 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Technology Products and Services with Related Solutions from which Supplier was awarded a contract in Category 1.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

A. EFFECTIVE DATE. This Contract is effective upon the date of the final signature below.

EXPIRATION DATE AND EXTENSION. This Contract expires February 27, 2028, unless it is cancelled sooner pursuant to Article 22. This Contract allows up to three additional one-year extensions upon the request of Sourcewell and written agreement by Supplier. Sourcewell retains the right to consider additional extensions beyond seven years as required under exceptional circumstances.

B. SURVIVAL OF TERMS. Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

DocuSign Envelope ID: 443CB027-433D-46A7-BC42-6A19334951B3

2. EQUIPMENT, PRODUCTS, OR SERVICES

A. EQUIPMENT, PRODUCTS, OR SERVICES. Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above. Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract. "Equipment" and "Products" shall mean the third-party software, computer peripherals, computer hardware, and associated IT services resold by Vendor and provided by third parties. "Services" shall mean all professional services provided by Vendor under of a Statement of Work. "Statement of Work" or "SOW" shall mean a document mutually agreed upon between the Vendor and the Member that references these terms and conditions and describes the Services to be provided, the associated schedule and price, and any special conditions applicable to that SOW.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances. In addition, Supplier warrants the Services are free from material defects for ninety (90) days commencing with final acceptance of Services unless otherwise specified in a SOW (the "Warrant Period"). WARRANTY. Participating Entity agrees to look solely to the manufacturer to reach a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

EXCEPT AS OTHERWISE PROVIDED IN THIS AGREEMENT AND/OR ANY ORDER ISSUED, HEREUNDER VENDOR DISCLAIMS ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, WARRANTY OF NONINFRINGEMENT, OR ANY WARRANTY RELATING TO THIRD PARTY SERVICES OR PRODUCTS. THIS DISCLAIMER CONTAINED IN THIS PARAGRAPH DOES NOT AFFECT THE TERMS OF ANY WARRANTY PROVIDED BY A MANUFACTURER.

C. DEALERS, DISTRIBUTORS, AND/OR RESELLERS. Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

DocuSign Envelope ID: 443CB027-433D-46A7-BC42-6A19334951B3

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. SHIPPING AND SHIPPING COSTS. All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities, in accordance with the Supplier's Return Policy, which can be found at www.SHI.com/ReturnPolicy. Participating Entities reserve the right to inspect the Equipment and Products within 3 business days time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Partcipating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity subject to the Supplier's Return Policy.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. SALES TAX. Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

DocuSign Envelope ID: 443CB027-433D-46A7-BC42-6A19334951B3

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities

DocuSign Envelope ID: 443CB027-433D-46A7-BC42-6A19334951B3

to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract. Participating Entities may be required to sign a separate agreement, rider, Ender User License Agreement ("EULA"), or Service Level Agreement as required by manufacturers to acknowledge terms of use for specific products and/or services. The Supplier will not become a party to terms between the manufacturer and the purchasing Participating Entity or end user of such products or services.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone

DocuSign Envelope ID: 443CB027-433D-46A7-BC42-6A19334951B3

agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. TERMINATION OF ORDERS. Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

E. GOVERNING LAW AND VENUE. The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

A. PRIMARY ACCOUNT REPRESENTATIVE. Supplier will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;
- Timely response to all Sourcewell and Participating Entity inquiries; and
- Business reviews to Sourcewell and Participating Entities, if applicable.

B. BUSINESS REVIEWS. Supplier must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, performance issues, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. CONTRACT SALES ACTIVITY REPORT. Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcewell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;

DocuSign Envelope ID: 443CB027-433D-46A7-BC42-6A19334951B3

- Participating Entity City;
- Participating Entity State/Province;
- Participating Entity Zip/Postal Code;
- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;
- Sourcewell Assigned Entity/Participating Entity Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcewell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Supplier.

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcewell, the Supplier will pay an administrative fee to Sourcewell on all Equipment, Products, and Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcewell in writing.

DocuSign Envelope ID: 443CB027-433D-46A7-BC42-6A19334951B3

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. AUDIT. Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract upon thirty (30) days' advance notice to Supplier. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. ASSIGNMENT. Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld. Any prohibited assignment will be invalid.

C. AMENDMENTS. Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. WAIVER. Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

E. CONTRACT COMPLETE. This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. RELATIONSHIP OF THE PARTIES. The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. This Contract does not create a partnership, joint venture, or any other relationship such as master-servant, or principal-agent.

11. INDEMNITY AND HOLD HARMLESS

Supplier must indemnify, defend, save, and hold Sourcewell and its Participating Entities, including their agents and employees, harmless from any claims or causes of action, including attorneys' fees incurred by Sourcewell or its Participating Entities, arising out of the Supplier's negligence, willful misconduct, or violation of law, in the course of their performance of this Contract by the supplier or its agents or employees; this indemnification includes injury or death to person(s) or property alleged to under this Contract. Sourcewell's responsibility will be governed by the State of Minnesota's Tort Liability Act (Minnesota Statutes Chapter 466) and other applicable law.

DocuSign Envelope ID: 443CB027-433D-46A7-BC42-6A19334951B3

NEITHER PARTY WILL BE LIABLE FOR ANY SPECIAL, PUNITIVE, INDIRECT, INCIDENTAL OR CONSEQUENTAL DAMAGES INCLUDING BUT NOT LIMITED TO LOSS OF OR DAMAGE TO DATA, LOSS OF ANTICIPATED REVENUE OR PROFITS, WORK STOPPAGE OR IMPAIRMENT OF OTHER ASSETS, WHETHER OR NOT FORSEEABLE AND WHETHER OR NOT A PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

NEITHER PARTY'S TOTAL CUMULATIVE LIABILITY TO THE OTHER IN CONNECTION WITH THIS AGREEMENT WHETHER IN CONTRACT TORT OR OTHER THEORY WILL EXCEED THE TOTAL AMOUNT OF FEES ACTUALLY PAID OR PAYABLE BY SOURCEWELL TO VENDOR UNDER THIS AGREEMENT FOR THE YEAR PREVIOUS TO THE INCIDENT WHICH GAVE CAUSE FOR SUCH LIABILITY.

12. GOVERNMENT DATA PRACTICES

Supplier and Sourcewell must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by or provided to Sourcewell under this Contract and as it applies to all data created, collected, received, maintained, or disseminated by the Supplier under this Contract.

13. INTELLECTUAL PROPERTY, PUBLICITY, MARKETING, AND ENDORSEMENT

A. INTELLECTUAL PROPERTY

1. *Grant of License.* During the term of this Contract:

   a. Sourcewell grants to Supplier a royalty-free, worldwide, non-exclusive right and license to use the trademark(s) provided to Supplier by Sourcewell in advertising and promotional materials for the purpose of marketing Sourcewell's relationship with Supplier.

   b. Supplier grants to Sourcewell a royalty-free, worldwide, non-exclusive right and license to use Supplier's trademarks in advertising and promotional materials for the purpose of marketing Supplier's relationship with Sourcewell.

2. *Limited Right of Sublicense*. The right and license granted herein includes a limited right of each party to grant sublicenses to their respective subsidiaries, distributors, dealers, resellers, marketing representatives, and agents (collectively "Permitted Sublicensees") in advertising and promotional materials for the purpose of marketing the Parties' relationship to Participating Entities. Any sublicense granted will be subject to the terms and conditions of this Article. Each party will be responsible for any breach of this Article by any of their respective sublicensees.

3. *Use; Quality Control.*

   a. Neither party may alter the other party's trademarks from the form provided and must comply with removal requests as to specific uses of its trademarks or logos.

   b. Each party agrees to use, and to cause its Permitted Sublicensees to use, the other party's trademarks only in good faith and in a dignified manner consistent with

DocuSign Envelope ID: 443CB027-433D-46A7-BC42-6A19334951B3

such party's use of the trademarks. Upon written notice to the breaching party, the breaching party has 30 days of the date of the written notice to cure the breach or the license will be terminated.

4. *Termination*. Upon the termination of this Contract for any reason, each party, including Permitted Sublicensees, will have 30 days to remove all Trademarks from signage, websites, and the like bearing the other party's name or logo (excepting Sourcewell's pre-printed catalog of suppliers which may be used until the next printing). Supplier must return all marketing and promotional materials, including signage, provided by Sourcewell, or dispose of it according to Sourcewell's written directions.

B. PUBLICITY. Any publicity regarding the subject matter of this Contract must not be released without prior written approval from the Authorized Representatives. Publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Supplier individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

C. MARKETING. Any direct advertising, marketing, or offers with Participating Entities must be approved by Sourcewell. Send all approval requests to the Sourcewell Supplier Development Administrator assigned to this Contract.

D. ENDORSEMENT. The Supplier must not claim that Sourcewell endorses its Equipment, Products, or Services.

14. GOVERNING LAW, JURISDICTION, AND VENUE

The substantive and procedural laws of the State of Minnesota will govern this Contract. Venue for all legal proceedings arising out of this Contract, or its breach, must be in the appropriate state court in Todd County, Minnesota or federal court in Fergus Falls, Minnesota.

15. FORCE MAJEURE

Neither party to this Contract will be held responsible for delay or default caused by acts of God or other conditions that are beyond that party's reasonable control. A party defaulting under this provision must provide the other party prompt written notice of the default.

16. SEVERABILITY

If any provision of this Contract is found by a court of competent jurisdiction to be illegal, unenforceable, or void then both parties will be relieved from all obligations arising from that provision. If the remainder of this Contract is capable of being performed, it will not be affected by such determination or finding and must be fully performed.

DocuSign Envelope ID: 443CB027-433D-46A7-BC42-6A19334951B3

17. PERFORMANCE, DEFAULT, AND REMEDIES

A. PERFORMANCE. During the term of this Contract, the parties will monitor performance and address unresolved contract issues as follows:

1. *Notification.* The parties must promptly notify each other of any known dispute and work in good faith to resolve such dispute within a reasonable period of time. If necessary, Sourcewell and the Supplier will jointly develop a short briefing document that describes the issue(s), relevant impact, and positions of both parties.
2. *Escalation.* If parties are unable to resolve the issue in a timely manner, as specified above, either Sourcewell or Supplier may escalate the resolution of the issue to a higher level of management. The Supplier will have 30 calendar days to cure an outstanding issue.
3. *Performance while Dispute is Pending*. Notwithstanding the existence of a dispute, the Supplier must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Supplier fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, Sourcewell may terminate Contract as stated herein.

B. DEFAULT AND REMEDIES. Either of the following constitutes cause to declare this Contract, or any Participating Entity order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

The party claiming default must provide written notice of the default, with 30 calendar days to cure the default. If the default remains after the opportunity for cure, the non-defaulting party may:

- Exercise any remedy provided by law or equity, or
- Terminate the Contract or any portion thereof, including any orders issued against the Contract.

18. INSURANCE

A. REQUIREMENTS. At its own expense, Supplier must maintain insurance policy(ies) in effect at all times during the performance of this Contract with insurance company(ies) licensed or authorized to do business in the State of Minnesota having an “AM BEST” rating of A- or better, with coverage and limits of insurance not less than the following:

1. *Workers’ Compensation and Employer’s Liability.*

Workers’ Compensation: As required by any applicable law or regulation.

Employer's Liability Insurance: must be provided in amounts not less than listed below:

Minimum limits:

DocuSign Envelope ID: 443CB027-433D-46A7-BC42-6A19334951B3

$500,000 each accident for bodily injury by accident
$500,000 policy limit for bodily injury by disease
$500,000 each employee for bodily injury by disease

2. *Commercial General Liability Insurance.* Supplier will maintain insurance covering its operations, with coverage on an occurrence basis, and must be subject to terms no less broad than the Insurance Services Office ("ISO") Commercial General Liability Form CG0001 (2001 or newer edition), or equivalent. At a minimum, coverage must include liability arising from premises, operations, bodily injury and property damage, independent contractors, products-completed operations including construction defect, contractual liability, blanket contractual liability, and personal injury and advertising injury. All required limits, terms and conditions of coverage must be maintained during the term of this Contract.

Minimum Limits:
$1,000,000 each occurrence Bodily Injury and Property Damage
$1,000,000 Personal and Advertising Injury
$2,000,000 aggregate for products liability-completed operations
$2,000,000 general aggregate

3. *Commercial Automobile Liability Insurance.* During the term of this Contract, Supplier will maintain insurance covering all owned, hired, and non-owned automobiles in limits of liability not less than indicated below. The coverage must be subject to terms no less broad than ISO Business Auto Coverage Form CA 0001 (2010 edition or newer), or equivalent.

Minimum Limits:
$1,000,000 each accident, combined single limit

4. *Umbrella Insurance*. During the term of this Contract, Supplier will maintain umbrella coverage over Employer's Liability, Commercial General Liability, and Commercial Automobile.

Minimum Limits:
$2,000,000

5. *Professional/Technical, Errors and Omissions, and/or Miscellaneous Professional Liability*. During the term of this Contract, Supplier will maintain coverage for all claims the Supplier may become legally obligated to pay resulting from any actual or alleged negligent act, error, or omission related to Supplier's professional services required under this Contract.

Minimum Limits:
$2,000,000 per claim or event
$2,000,000 – annual aggregate

DocuSign Envelope ID: 443CB027-433D-46A7-BC42-6A19334951B3

6. *Network Security and Privacy Liability Insurance*. During the term of this Contract, Supplier will maintain coverage for network security and privacy liability. The coverage may be endorsed on another form of liability coverage or written on a standalone policy. The insurance must cover claims which may arise from failure of Supplier's security resulting in, but not limited to, computer attacks, unauthorized access, disclosure of not public data – including but not limited to, confidential or private information, transmission of a computer virus, or denial of service.

Minimum limits:
$2,000,000 per occurrence
$2,000,000 annual aggregate

Failure of Supplier to maintain the required insurance will constitute a material breach entitling Sourcewell to immediately terminate this Contract for default.

B. CERTIFICATES OF INSURANCE. Prior to commencing under this Contract, Supplier must furnish to Sourcewell a certificate of insurance, as evidence of the insurance required under this Contract. Prior to expiration of the policy(ies), renewal certificates must be mailed to Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 or sent to the Sourcewell Supplier Development Administrator assigned to this Contract. The certificates must be signed by a person authorized by the insurer(s) to bind coverage on their behalf.

Failure to request certificates of insurance by Sourcewell, or failure of Supplier to provide certificates of insurance, in no way limits or relieves Supplier of its duties and responsibilities in this Contract.

C. ADDITIONAL INSURED ENDORSEMENT AND PRIMARY AND NON-CONTRIBUTORY INSURANCE CLAUSE. Supplier agrees to list Sourcewell and its Participating Entities, including their officers, agents, and employees, as an additional insured under the Supplier's commercial general liability insurance policy with respect to liability arising out of activities, "operations," or "work" performed by or on behalf of Supplier, and products and completed operations of Supplier. The policy provision(s) or endorsement(s) must further provide that coverage is primary and not excess over or contributory with any other valid, applicable, and collectible insurance or self-insurance in force for the additional insureds.

D. WAIVER OF SUBROGATION. Supplier waives and must require (by endorsement or otherwise) all its insurers to waive subrogation rights against Sourcewell and other additional insureds for losses paid under the insurance policies required by this Contract or other insurance applicable to the Supplier or its subcontractors. The waiver must apply to all deductibles and/or self-insured retentions applicable to the required or any other insurance maintained by the Supplier or its subcontractors. Where permitted by law, Supplier must require similar written express waivers of subrogation and insurance clauses from each of its subcontractors.

DocuSign Envelope ID: 443CB027-433D-46A7-BC42-6A19334951B3

E. UMBRELLA/EXCESS LIABILITY/SELF-INSURED RETENTION. The limits required by this Contract can be met by either providing a primary policy or in combination with umbrella/excess liability policy(ies), or self-insured retention.

19. COMPLIANCE

A. LAWS AND REGULATIONS. All Services provided under this Contract must comply fully with applicable federal laws and regulations, and with the laws in the states and provinces in which the Services are sold.

B. LICENSES. Supplier must maintain a valid and current status on all required federal, state/provincial, and local licenses, bonds, and permits required for the operation of the business that the Supplier conducts with Sourcewell and Participating Entities.

20. BANKRUPTCY, DEBARMENT, OR SUSPENSION CERTIFICATION

Supplier certifies and warrants that it is not in bankruptcy or that it has previously disclosed in writing certain information to Sourcewell related to bankruptcy actions. If at any time during this Contract Supplier declares bankruptcy, Supplier must immediately notify Sourcewell in writing.

Supplier certifies and warrants that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Supplier certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this Contract. Supplier further warrants that it will provide immediate written notice to Sourcewell if this certification changes at any time.

21. PROVISIONS FOR NON-UNITED STATES FEDERAL ENTITY PROCUREMENTS UNDER UNITED STATES FEDERAL AWARDS OR OTHER AWARDS

Participating Entities that use United States federal grant or FEMA funds to purchase goods or services from this Contract may be subject to additional requirements including the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 C.F.R. § 200. Participating Entities may have additional requirements based on specific funding source terms or conditions. Within this Article, all references to “federal” should be interpreted to mean the United States federal government. The following list only applies when a Participating Entity accesses Supplier’s Equipment, Products, or Services with United States federal funds.

A. EQUAL EMPLOYMENT OPPORTUNITY. Except as otherwise provided under 41 C.F.R. § 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R. § 60-

DocuSign Envelope ID: 443CB027-433D-46A7-BC42-6A19334951B3

1.3 must include the equal opportunity clause provided under 41 C.F.R. §60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 C.F.R. § 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor." The equal opportunity clause is incorporated herein by reference.

B. DAVIS-BACON ACT, AS AMENDED (40 U.S.C. § 3141-3148). When required by federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. § 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency. Supplier must be in compliance with all applicable Davis-Bacon Act provisions.

C. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C. § 3701-3708). Where applicable, all contracts awarded by the non-federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. § 5). Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is

DocuSign Envelope ID: 443CB027-433D-46A7-BC42-6A19334951B3

hereby incorporated by reference into this Contract. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

D. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT. If the federal award meets the definition of "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 C.F.R. § 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

E. CLEAN AIR ACT (42 U.S.C. § 7401-7671Q.) AND THE FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. § 1251-1387). Contracts and subgrants of amounts in excess of $150,000 require the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. § 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Supplier certifies that during the term of this Contract will comply with applicable requirements as referenced above.

F. DEBARMENT AND SUSPENSION (EXECUTIVE ORDERS 12549 AND 12689). A contract award (see 2 C.F.R. § 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. §180 that implement Executive Orders 12549 (3 C.F.R. § 1986 Comp., p. 189) and 12689 (3 C.F.R. § 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Supplier certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

G. BYRD ANTI-LOBBYING AMENDMENT, AS AMENDED (31 U.S.C. § 1352). Suppliers must file any required certifications. Suppliers must not have used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Suppliers must disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. Suppliers must file all certifications and

DocuSign Envelope ID: 443CB027-433D-46A7-BC42-6A19334951B3

disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).

H. RECORD RETENTION REQUIREMENTS. To the extent applicable, Supplier must comply with the record retention requirements detailed in 2 C.F.R. § 200.333. The Supplier further certifies that it will retain all records as required by 2 C.F.R. § 200.333 for a period of 3 years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

I. ENERGY POLICY AND CONSERVATION ACT COMPLIANCE. To the extent applicable, Supplier must comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

J. BUY AMERICAN PROVISIONS COMPLIANCE. To the extent applicable, Supplier must comply with all applicable provisions of the Buy American Act. Purchases made in accordance with the Buy American Act must follow the applicable procurement rules calling for free and open competition.

K. ACCESS TO RECORDS (2 C.F.R. § 200.336). Supplier agrees that duly authorized representatives of a federal agency must have access to any books, documents, papers and records of Supplier that are directly pertinent to Supplier's discharge of its obligations under this Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to Supplier's personnel for the purpose of interview and discussion relating to such documents.

L. PROCUREMENT OF RECOVERED MATERIALS (2 C.F.R. § 200.322). A non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. § 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

M. FEDERAL SEAL(S), LOGOS, AND FLAGS. The Supplier cannot use the seal(s), logos, crests, or reproductions of flags or likenesses of Federal agency officials without specific pre-approval.

N. NO OBLIGATION BY FEDERAL GOVERNMENT. The U.S. federal government is not a party to this Contract or any purchase by a Participating Entity and is not subject to any obligations or

DocuSign Envelope ID: 443CB027-433D-46A7-BC42-6A19334951B3

liabilities to the Participating Entity, Supplier, or any other party pertaining to any matter resulting from the Contract or any purchase by an authorized user.

O. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS. The Contractor acknowledges that 31 U.S.C. 38 (Administrative Remedies for False Claims and Statements) applies to the Supplier's actions pertaining to this Contract or any purchase by a Participating Entity.

P. FEDERAL DEBT. The Supplier certifies that it is non-delinquent in its repayment of any federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowance, and benefit overpayments.

Q. CONFLICTS OF INTEREST. The Supplier must notify the U.S. Office of General Services, Sourcewell, and Participating Entity as soon as possible if this Contract or any aspect related to the anticipated work under this Contract raises an actual or potential conflict of interest (as described in 2 C.F.R. Part 200). The Supplier must explain the actual or potential conflict in writing in sufficient detail so that the U.S. Office of General Services, Sourcewell, and Participating Entity are able to assess the actual or potential conflict; and provide any additional information as necessary or requested.

R. U.S. EXECUTIVE ORDER 13224. The Supplier, and its subcontractors, must comply with U.S. Executive Order 13224 and U.S. Laws that prohibit transactions with and provision of resources and support to individuals and organizations associated with terrorism.

S. PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT. To the extent applicable, Supplier certifies that during the term of this Contract it will comply with applicable requirements of 2 C.F.R. § 200.216.

T. DOMESTIC PREFERENCES FOR PROCUREMENTS. To the extent applicable, Supplier certifies that during the term of this Contract will comply with applicable requirements of 2 C.F.R. § 200.322.

22. CANCELLATION

Sourcewell or Supplier may cancel this Contract at any time, with or without cause, upon 60 days' written notice to the other party. However, Sourcewell may cancel this Contract immediately upon discovery of a material defect in any certification made in Supplier's Proposal. Cancellation of this Contract does not relieve either party of financial, product, or service obligations incurred or accrued prior to cancellation.

Table 2: Company Information and Financial Strength

Line Item	Question	Response *	

10	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	SHI International Corp (SHI) started as a regional, software-only reseller in 1989. Co-founder Thai Lee has served as SHI's only President and CEO. Under her leadership, SHI has organically grown into one of the largest, privately held, global technology solutions providers in the world—while maintaining the agility and friendliness of a small business. Headquartered in Somerset, NJ, SHI is the largest woman and minority owned business in the United States with major operations centers in Austin, TX, Milton Keynes, UK, and a growing local presence around the world. SHI employs more than 6,000 employees split into strategic business units who uphold SHI's mission statement: "We are passionate about delivering exceptional value and experience as we help customers select, deploy, and manage technology." SHI's sales teams are allocated to support International, Global, Strategic, Commercial, Enterprise and Public Sector. Today, over 17,000 corporate, enterprise, government, and academic organizations rely on SHI to support their transformation, collaboration, security, and optimization needs. Few companies experience the longevity SHI has experienced. In fact, SHI's first customer is still with us today. From the beginning, SHI has focused on innovation, expanding our technology offerings, and professional services. Starting solely as a software reseller, SHI now offers full IT solutions, ranging from software and hardware to cloud migration and strategic planning. SHI has always brought leading edge technology to our customers: from bringing drop-shipping innovation to the IT channel in 1991 to delivering high-value consulting and professional services to help organizations achieve business agility. We work closely with the top manufacturers and participate in several advisory boards to ensure we are aware of new technologies and shifts in technology and that we are transferring that knowledge not only to our customers but also using it to influence how we run our business. There is a lot to consider when seeking a partner who can help address Sourcewell members' various technology needs. Ability and experience are vital elements in your decision, but you also want a company built on solid principles and values. That is why our business philosophy focuses on one key concept: Being helpful. It is an easy claim to make, but at SHI, being helpful goes beyond a simple marketing strategy—it is a core consideration in everything we do. We continuously look for opportunities beyond the contract, including: • Coordinated expertise and insight to help you find success • Value-added support that exceeds established obligations • Targeted assistance addressing inefficiencies and obstacles, so you can focus on critical priorities To further demonstrate our commitment, we look toward SHI's core values, which drive our operations and promote a healthy, helpful business culture. We have listed our 10 core values below. With dedication to these values, as well as SHI's focus on remaining uniquely helpful, we can deliver on the trust you place in us. SHI Core Values: • Build a culture of diversity, equality, and inclusion • Be accountable and act with integrity • Seek understanding to support sincerely • Embrace change, collaborate and innovate • Show initiative and execute efficiently • Be resourceful and cost conscious • Adapt, persevere and succeed • Learn, grow and teach • Strive for wellness to achieve balance • Be bold, be fun, behave and be you Our goal is to foster a long-term, mutually beneficial relationships with our customers and partners, and we are committed to a collaborative process that is customer centered so that your members can make their IT solution purchases confidently. Through providing Sourcewell members with the latest technology, cost savings, technical expertise, and compliant procurement, we believe SHI is the ideal partner to support Sourcewell's contract requirements.
11	What are your company's expectations in the event of an award?	SHI is excited to continue our collaboration with Sourcewell and its members! We have had tremendous success growing the value of our first awarded contract and will continue our commitment to expanding the use of this contract, supporting Sourcewell's existing members and educating eligible contract users. Throughout our current contract, Sourcewell has been supported by a dedicated account management structure that has provided both Sourcewell and its members

with a supportive team of individuals, including dedicated Capture and Business Development Manager, Victoria Pubylski, Field Account Executives, Inside Account Executives, and sales leadership, as well as expert support from our technology specialists. Our dedicated sales teams are well-informed on how to use the Sourcewell contract and will continue to promote this contract to ensure both the Sourcewell Cooperative and its members benefit from our relationship.

Given that we are already familiar with Sourcewell and your members we expect there to be a seamless transition to a new awarded contract. We will maintain and grow our successful partnership with Sourcewell, beginning with our immediate actions upon award which include:

1. Supporting and advocating our Sourcewell partnership. Each team member from every Public Sector vertical supports our partnership with Sourcewell and will continue to advocate for the contract with passion and vigor. Our public sector sales force has successfully grown our Sourcewell contract year over year since our initial award in 2019, including an incredible 100 percent growth in the second full year of our contract. Given our position in the public sector market, our expanding sales force, and our passion for advocating the benefits of the Sourcewell contract to new customers, we are confident that we can continue to amplify Sourcewell's reach in terms of the number of distinct members who use this contract and revenue achieved.

2. Develop additional marketing materials and campaigns that articulate the value of the Sourcewell-SHI partnership. As an example, we will employ our Capture and Business Development Team, dedicated to the Public Sector Business Unit at SHI, to notify existing customers and continue to prospect new customers to detail our partnership.

3. Provide training and updates to our entire Public Sector sales and sales support staff about Sourcewell and its members. This training will include contract terms and methodology, pricing parameters, and the value that Sourcewell provides to its members.

4. Connect with current Sourcewell members and listen to members' needs and feedback. Our check-in will ensure that each member's dedicated Account Team is familiar with and accessible to them, in addition to educating members on our value. We will work with each member to understand their business preferences (specific information on a quote, reporting requirements, invoicing/billing requirements, and the like).

5. Finally, we will create a dedicated Sourcewell online catalog that displays the contracted pricing and contract page on our website that will include the Sourcewell awarded vendor logo, a copy of contract documents, a summary of products and pricing, marketing materials, and a link to Sourcewell's website.

We recognize why cooperative contract usage is rising and realize the value of having strategic partners in this space. SHI distinguishes itself from comparable organizations by choosing to partner closely with a select number of cooperative partners, ensuring we offer proactive support rather than stretching ourselves across countless partnerships. To bolster support for our larger contract users, and sales organization, we have established a Capture and Strategy team. This team is tasked with educating our customers and sales team about our available contracts and serving as a primary resource for significant contract holders like Sourcewell.

Your dedicated SHI Capture and Business Development Manager will regularly meet with the assigned Sourcewell Supplier Development Administrator to ensure contract success for both SHI and all Sourcewell customers. These meetings will include updates or changes impacting the contract, a review of contract highlights (like spending, new customers, and new vendors), discussion of any contract concerns, identification of areas for improvement, and sharing our strategies for promoting the contract. We aim to maintain open lines of communication throughout.

Our dedicated Contract Capture and Strategy team will join forces with the Public Sector leadership and sales teams directly to execute these steps.

Primary contacts for Sourcewell include:

1. Tory Pubylski
Capture & Business Development Manager
Victoria_Pubylski@shi.com

2. Amelia Jakubczyk
Director SLED Contract Capture and Development
Amelia_Jakubczyk@shi.com

		3. Aimee Ballenger Senior Director of Contract Capture and Development Aimee_Ballenger@shi.com If chosen to partner with Sourcewell, we'll bring fresh and innovative perspectives to your members and anticipate a seamless transition. We pledge to provide personal support for Sourcewell and your members, with devoted Capture and Strategy team members, taking the lead. We will remain flexible and agile in our approach to optimize Sourcewell members' contract user experience.	
12	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	With over 6,000 employees worldwide, SHI is proud to be the largest Woman/Minority owned business in North America. We maintain more than 30 global offices in North America, EMEA, and APAC. In addition to our global offices, our properties include an integration center, solution lab, and executive briefing center, which are located at our headquarters in New Jersey. In 2022, SHI reached $14 billion in revenue and set the stage for continued exponential growth. This growth stems from a laser focus on customer service, dedicated and tenured leadership, committed AEs (who live and work in the communities they serve), and a broad spectrum of customers and partners. Since SHI is a privately-owned company with no bank debt, we are nimble and able to reinvest in our business with integrity and in a way that aligns with our values and needs. SHI continues to invest in new infrastructure, most recently with a state-of-the-art data center integration center. We have also made significant investments in hiring more resources—the people with whom Sourcewell engages. Our financial strength and stability are predicated on our staunch affiliations within our communities—our relationships with customers, partners, OEMs, and our own SHI colleagues. SHI's Strengths: • Agile and adaptive business management • Diverse, predictable revenue sources • Strong customer and vendor partnerships • Steady industry growth Financial Stability: • Thirty-three consecutive years of growth • No long-term bank debt • Exemplary financials • Low overhead structure SHI's Dun & Bradstreet number is 61-142-9481 and we have a 5A3 rating. A copy of our most recent report is attached to this proposal. Additional details may be provided upon request.	*
13	What is your US market share for the solutions that you are proposing?	We offer our complete catalog of products and services to our customers. Providing a vendor-neutral approach to help customers find the right technology that meets every requirement of their IT environment, one of our greatest strengths is our ability to provide tremendous depth and breadth in choosing the ideal software, hardware, cloud, and other products and services. Based on the most recent data on the US IT budget, SHI's share is approximately 2.5% of the overall market. SHI Overall Product Mix • 60% would be considered software, subscriptions, and cloud-based sales. • 40% would be considered hardware, peripherals and accessories, including devices, servers, storage, and, networking. Market Share Indicators for Software SHI is considered the leading reseller partner for many top software publishers such as Microsoft, Adobe, and Trellix (McAfee). Estimating our revenue with these partners, as representative of their partner sales, we would put our share at approximately 20-25%. This would not include sales these software publishers conduct directly with the end customer. Market Share Indicators for Hardware Original Equipment Manufacturer (OEM) direct sales to the end customer typically represent a larger percentage of the business. As a result, our overall market share is lower, but SHI is one of the largest hardware resellers in North America.	*
14	What is your Canadian market share for the solutions that you are proposing?	The Canadian IT addressable market for resellers is approximately $100 billion. The largest partner in Canada owns 1%; SHI's share of the market is 0.25%.	*
15	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	In our 34-year history, SHI has never petitioned for bankruptcy protection. We are a privately held company and currently have no debt.	*

16	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	SHI is an Information Technology Value-Added Reseller (VAR), which offers a complete solution to information technology by providing multi-vendor hardware and software along with other vital services. SHI has vast experience and established vendor partnerships that enable it to bring excellent value to Sourcewell and its members. With a diverse partner ecosystem that supports over 15,000 unique publishers and manufacturers, all the leading manufacturers include SHI as an authorized partner. SHI is authorized to sell hundreds to thousands of brands and products in the scope of this contract. We have included a sample list of authorizations in response to question number 81, and specific OEM or software publisher authorizations can be provided upon request. Our endeavors naturally resonate with Sourcewell's mission of serving as a 'force multiplier' for its members. This synchronicity is not merely coincidental but a testament to our shared values and common goals. Our expansive network of manufacturer relationships is a direct testament to this alignment. Yet, we understand to truly amplify our impact, we must cater to a diverse range of needs which is why we have forged partnerships with a considerable number of smaller distribution partners in addition to our long-term relationships with the larger distributors. This strategic approach not only diversifies our product and service offerings but also exponentially increases our capacity to deliver value. SHI has been dedicated to the Public Sector business for the last twenty years, creating solutions that are tailored to the specific needs of State, Local, and Education customers across North America. Therefore, Sourcewell can feel confident that its members will benefit from SHI's collaboration with each Sourcewell member to deliver solutions that are specific to their unique needs. SHI does not have a dealer network. All business will be supported directly through SHI's sales force in the U.S, SHI Canada in the north, SHI Government Solutions in the State of Texas. *
17	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	Among the thousands of licenses and certifications available within the IT industry, SHI holds a comprehensive number relevant to the scope of this Sourcewell contract. Our teams stay current with licenses and certifications; in most cases, we have the highest available certifications. We have included a representative sample of manufacturers and the number of certifications held, and specific certification details for individual publishers can be provided upon request. Acronis – 5 Certifications Adobe – 7 Certifications AirWatch – 2 Certifications APC - 12 Certifications Apple - 17 Certifications Arbor - 4 Certifications Aruba - 3 Certifications Avaya - 12 Certifications Blue Coast Systems - 3 Certifications Bluebeam – 7 Certifications Bomgar – 3 Certifications Business Objects – 11 Certifications CA – 34 Certifications Check Point – 12 Certifications Cisco – 44 Certifications Citrix – 88 Certifications Commvault – 67 Certifications Compellent – 5 Certifications CompTIA – 35 Certifications CradlePoint – 2 Certifications DataCore – 1 Certifications Dell/EMC – 136 Certifications D-Link- 4 Certifications Domino – 1 Certifications Emulex – 1 Certifications ESET – 3 Certifications Exin – 2 Certifications F5 – 8 Certifications HDS (Hitachi Data Systems) – 4 Certifications HP – 201 Certifications HPE – 327 Certifications IBM – 174 Certifications IBM hardware – 11 Certifications Imation/Nexsan – 4 Certifications ISC2 – 10 Certifications ITIL – 5 Certifications *

Not Required	Education	New Jersey - NJ	All IT products and services	$4-$1.5M	$ 36,539,525.56	*

Table 6: Ability to Sell and Deliver Service

Describe your company's capability to meet the needs of Sourcewell participating entities across the US and Canada, as applicable. Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *	
26	Sales force.	SHI possesses not only the necessary capabilities but also the needed enthusiasm to cater to the needs of Sourcewell members from across the U.S. and Canada. Our ethos at SHI grows from our team members and they remain our greatest asset. Our sales force provides exceptional customer service and support to Sourcewell members. To remain successful for Sourcewell members, we will stay flexible in our approach and will engage with each member on an individual basis; we understand that one size does not fit all, and that philosophy is apparent in our sales structure. In terms of organization, we have retained a small business feel to remain agile for our customers. We operate successfully with minimal layers of management, and we empower our sales teams to make decisions that are in the best interest of their customers. Our Team Structure With a desire to meet the unique needs of our various public sector customers, we have structured our public sector business unit into four divisions, including: • Federal • State and Local Government • Education • Healthcare Sales Leadership SHI recognizes the value and agility that comes from working closely with your selected partner. That's why, to best support our customers, we have split our public	

sector into regions. We have over 250 salespeople who are focused on government, education, and healthcare. SHI's Senior Public Sector Sales Vice President oversees four regional Vice Presidents (VPs)—education west and east, and government west and east, who directly manage the District Managers and Account Executives in their territory. This allows for more flexibility and faster decision-making, so SHI can provide Sourcewell's members with a small business feel.

Public Sector Field Team
The Public Sector Field team supports state and local government, K-12, higher education, federal, and public healthcare entities across the country. Customers in the public sector are supported by an Account Executive (AE), who lives and works in the territory, and a dedicated inside sales team.

SHI provides a comprehensive customer support plan to ensure we are meeting each customer's needs. Our AEs are empowered to make decisions when it comes to customer support, and they have the autonomy to resolve issues as they arise. In addition, District Managers (DM) are engaged with the account teams to provide executive-level support and to meet with customers as needed.
Regular and transparent communication with customers helps us provide tailored support. AEs meet with the Sourcewell member contract users to review their business with SHI. During these review meetings, we discuss purchase history and the customer's future plans. With open discussions, SHI can provide significant value in supporting members' initiatives and will engage the support teams as needed to help meet their goals and objectives. *

Public Sector Inside Team
Our Public Sector Inside team focuses on supporting the needs of smaller local government, K-12, and higher education institutions nationwide and offers personalized attention regardless of organizational size. These customers often are overlooked by large resellers, though they have the same needs as their larger counterparts. Based at our global headquarters in Somerset, New Jersey, the Public Sector Inside team supports customers' needs from start to finish.

Canadian Public Sector Sales
With over 20 years of experience in the Canadian marketplace, SHI maintains several offices and a team of 20 people including directors, managers, field sellers, and sales support including field service executives who provide pre-sales support, solution architecting, and engineering across SHI's full portfolio.
Our Canadian Public Sector team supports Federal, Provincial, Municipal, Healthcare, Education, Agencies, Boards and Commissions. This sales team is comprised of one District Sales Manager with over 35 years of experience in the Public Sector, three Field Account Executives with up to 24 years of experience and one Business Development Manager with over 10 years of experience in Public Sector. This team is backed by Inside Account Managers who support day-to-day quote requests, returns, and general inquiries. We provide a comprehensive customer support plan to ensure we meet each members' needs as part of our presence in Canada.

We also have six Inside Account Executives who are phone-based sellers covering Canada to augment the field sellers.

And our Canadian presence is growing! We continue to look to expand our field sales presence in the Public Sector in the coming months.

27	Dealer network or other distribution methods.	To support Sourcewell members' need for reliable stock, we have an abundant and broad community of distributors and partners. We work loyally to maintain relationships with both our large IT distributors (Ingram Micro and TD SYNNEX) as well as smaller, local distributors and manufacturers directly. Regardless of where we source products, SHI always looks for opportunities to save our customers money. In addition to leveraging our partner relationships for savings at the vision and design phases, our sales teams review our distributors' stock to source products from the supplier with inventory in the closest proximity to the customer, at the lowest price. Most products are delivered within three to five business days of order placement. We have sourcing specialists on our procurement team who monitor purchase orders with our partner and distributor community to ensure that no savings have been missed. In many instances, our sourcing specialists can aggregate purchases for a specific partner or product across multiple transactions or even across multiple customers to realize a lower overall cost. SHI also maintains two integration centers/warehouses in Piscataway, NJ, which can securely store the Members' inventory for configuration and integration services. The combination of our warehouse/integration centers, as well as our relationships with our major distributors, allow us to provide efficient product delivery across the country. SHI's distribution model reduces time to market and decreases the overhead costs of maintaining additional warehouses, subsequently allowing us to offer our customers an aggressive pricing model. Our major distribution centers are located strategically in: • Fontana, CA • Los Angeles, CA • Ontario, CA • Miami, FL • Atlanta, GA • Suwanee, GA • Chicago, IL • South Bend, IN • Swedesboro, NJ • Jonestown, PA • Memphis, TN • Dallas, TX • Fort Worth, TX SHI receives electronic feeds from these major distributors as well as the top publishers/OEMs in the industry. We include advertised list price in our catalog and have based our discounts off this pricing.

28	Service force.	To anticipate the needs of our clients, we proactively invest in solution-based resources and capabilities that help our customers achieve their digital transformation goals. For example, we are adding practices around IOT and data analytics/machine learning. The requirements for effective IT have transformed. In response to this shift, and working from our customer-centered foundation, SHI developed solution-based support teams. These teams have common goals to identify a customer's needs, help them acquire the right technology, and facilitate the adoption of that technology in the customer's environment. SHI has technical expertise around our entire portfolio of services and products, ensuring we are prepared to meet all Sourcewell members' IT needs. Our services and support resources include: • Field Solutions Engineers: SHI employs a team of solution engineers with more technical expertise to collaborate directly with AEs and be the first point of contact for more in-depth technical discussions. • Advanced Solutions Group (ASG): This group has the agility and expertise to help design, build, test, and deploy hardware, cloud, and software solutions in synchrony with other support teams. They aim to help customers execute their mission and educate end users by getting the right technology to the right people at the right time. These teams are organized into the solution practice groups below: • End-User/UCC • Cloud Design, Adoption, Optimization and Management • Data Center Technologies – Server/Storage/Backup • Networking – Core, Edge, and Transport • Security Solutions • SHI Training: SHI's training team provides on-site, online, or on-demand technical, end-user, and professional development training, complementing our other services seamlessly. We offer the skills and knowledge our customers need to improve their adoption and consumption of technology and increase their return on investment. SHI offers full-service training to meet technology's growing demands. • Software and Hardware Partner Support Organizations: SHI has the largest team of hardware, software, and licensing specialists in the industry. Our award-winning team of licensing specialists has the expertise to manage the varied features of the publisher licensing programs and are available to help customers select licensing programs, execute agreements, and support the agreement lifecycle. SHI also has dedicated teams that support over 100 strategic and emerging technology partners to assist in evaluating hardware features, sourcing, and obtaining demos. Leveraging the expertise of our established, esteemed, and highly certified service and support teams, SHI aims to continue being a trusted advisor to your members. With our proven 'Select, Deploy, Manage' methodology, we pledge to maintain harmonious collaboration with Sourcewell members. We will oversee each project from inception through successful implementation to completion, identifying potential cost savings at every phase of the project lifecycle and continuing our ongoing contract. Professional Services Delivery SHI provides services in one of three ways: 1. SHI Delivered Services – our internal delivery resources are based in NJ and across the country. This team is comprised of over 600 technical experts who collectively hold 3,000 certifications for various products and solutions. 2. Partner Delivered Services – SHI can resell partner services. In this case, we rely on employees of that partner or contractors of that partner. 3. Service Partner Network – SHI maintains an Elite Partner network of service providers across the U.S. and Canada. These partners are vetted and managed carefully by SHI to ensure customer satisfaction and success. Currently, our Elite Network is comprised of 50 partners. Furthermore, we also collaborate with external Service Partners at a customer's request. Often, our customers have established relationships with local partners, and in these cases, SHI will eagerly join with that partner to provide services on contract. Our capability for services is extensive, and with resources across the country and Canada, SHI facilitates services in almost every IT Solution area.

29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	SHI International Corp., SHI Canada, and SHI Government Solutions will be responsible for handling all orders submitted by Sourcewell members. SHI also reserves the right to add additional fulfilment partners upon award of a contract in conjunction with Sourcewell member needs. SHI accepts orders via Purchase Order (PO) submitted via email or fax, phone orders may be placed with credit cards and orders can also be processed through shi.com by shopping directly through the catalog or completing a purchase by having an SHI quote published to your specific account. The web catalog will include all products available under the scope of the contract allowing members to acquire the most current products for their needs. Regardless of the method of submission (email, fax, web), the order is routed to your dedicated Inside Sales Team for validation and the management of the order process. Upon receipt, the Inside Account Manager (IAM) will review the order to ensure it is complete and can be processed. If the order is not valid for any reason, the IAM will contact the customer within 2-4 business hours to request any necessary information. If lower pricing is available, the IAM will inform the customer and pass the lower price on. In a case where a price has increased, SHI will honor the price if the order is placed within 30 days of the original quote. If the quote has expired, SHI will make a best effort to work with the manufacturer to honor the price. Your dedicated sales team will enter all valid orders on the same day they are received. An automatic order confirmation will be generated and sent to the end user listed on the purchase order, as well as any other contacts the customer has designated. We can customize the information on the order acknowledgment email and can include all information required by the customer. Once an order is entered, it is then directed to SHI's Procurement Department for processing. This team is then responsible for placing the order with the appropriate distributor or manufacturer. The orders are sent electronically and confirmed, and all orders are placed within 24 hours of being received. Should there be a change in the delivery time, the Procurement team will notify the sales team immediately. At that point, we will reach out to the end user to discuss options. Should a product not be available at the time of order placement, the Inside Account Manager will reach out to the contact who placed the PO and advise that contact on all the options available. No substitutions will be ordered unless we have express, written authorization to do so by the end user. We have the flexibility to bill upfront, in arrears, or on a payment plan depending on the requirements of each purchase. We will have these discussions before the quote process takes place and confirm again before we enter the purchase order. In this way, we will alleviate incorrect billings. In the rare case that something is incorrectly billed, the customer can reach out to their sales team, and they will work with our Accounting Department to resolve it. SHI can accommodate sending either hard copy invoices, electronic invoices, or both. Summary billing is also available. We will accommodate changes at any time. Invoices will be sent only after the products have been delivered. SHI has also worked with Sourcewell to set up a store on the new Buy Sourcewell online platform with punchout options for your members. This is yet another purchasing avenue for Sourcewell members.

30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	SHI provides a comprehensive customer support plan to ensure we are meeting each customer's needs. Customers are supported by a dedicated AE and a dedicated inside sales team. Field territories are structured vertically and geographically. Each AE is supported by a team of IAMs who maintain direct relationships with the customers. SHI's AEs are empowered to make decisions around the support of their customers, and they have the autonomy to resolve issues as they arise. Because our AEs ensure customer satisfaction, SHI can provide high-quality customer service and ensure efficient and effective response to questions and issues. In addition, the SHI regional directors are engaged with the account teams to provide executive-level support and to meet with customers as needed. SHI recognizes that effective communication is the cornerstone of customer service. Our dedicated account teams are committed to fully support their customers with accessible, courteous, responsive, and seamless customer service. Below we outline our standard procedures and response times: • Call answered in a timely manner: Sourcewell's calls are directed to your dedicated IAM. In the case your dedicated IAM is helping another customer, calls are directed to voicemail. If the customer has an urgent request, they can escalate their request to the inside sales team manager or AE for immediate assistance. • Email and voicemail response: All emails and voicemails are answered or returned within two to four business hours. • Quotes Turnaround: Quotes from the customer's standard catalog are fulfilled within eight business hours. For quotes requested for items which are third-party source/weird ware items, the IAMs reply to customer requests within two to four hours, confirming receipt of request and relaying to the customer they are working on their request and notifying them of additional time the request may take because of external factors—such as awaiting vendor response or additional required information from the customer. • Process orders within 24 hours of receipt (unless additional information is required). • Order entry accuracy: SHI accurately enters purchase orders into the system 98 percent of the time based on monthly data. • Provide daily updates on any pending requests. • DOA Devices: If an item is DOA, SHI works with the OEM to provide a working product within the OEM's DOA policies. • Order received to product shipment: The total turnaround from order receipt to shipment for 90 percent of all standard orders is 15 days. Should we expect a delay because of large quantity, complexity, product constraint, etc., SHI communicates the expected timeline with the end user who placed the order and follows up consistently until the product is delivered.

31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	Aiming to best support the needs of over 50,000 members, Sourcewell seeks partnerships that deeply understand and are dedicated to serving these diverse groups. Members span various sectors, including state and local government, tribal government, public and private K-12 and Higher Education, public healthcare, and non-profit organizations. Each industry has unique IT needs, requiring an experienced and resourceful solutions provider. With its comprehensive capabilities and dedication, SHI stands ready and eager to serve each of these sectors by providing tailored IT solutions and consistent support. As the incumbent and current partner to Sourcewell and its members, SHI is passionate about this contract and is committed to developing impactful current and future IT solutions for each member. To achieve this, we will deliver the following: • A dedicated Capture and Business Development Manager who focuses on championing this contract internally with our SHI sales teams, joining calls with customers to answer questions about the contract, and connecting resources internally and with Sourcewell as needed. • Knowledgeable staff who have worked with Sourcewell and its members and understand the challenges you face, enabling you to facilitate a better buying vehicle for your members. • A global solutions provider with experience in the public sector who can accommodate a nationwide demand for products and services. • A dedicated partner who can provide consistent, comprehensive solutions, providing high quality, cost effectiveness, and reduction of risk. • A complete catalog of products and services with competitive pricing that supports members no matter where they are in their IT journey. With a dedicated team of sales, technical advisors, and contract specialists available to assist members throughout the nation, SHI is well positioned to be your value-added partner—supporting Sourcewell's vision "to empower community success." SHI is excited about the opportunity to continue working with Sourcewell and your members. Our current contract has been a huge success because of our ability to offer thousands of OEM's and hundreds of different service offerings to your members. Upon award SHI will continue providing the entire breadth of our catalog to your members across the United States.	*
32	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	SHI will enthusiastically provide products and services to Sourcewell members in Canada. Our Canadian Public Sector team supports Federal, Provincial, Municipal, Healthcare, Education, Agencies, Boards and Commissions. This sales team is detailed more in response to question number 26. Working with the sales team, we have three in-country field solution engineers – one focuses on UCC, one on Data Center, and the other on Security. SHI currently employs four Microsoft Licensing Executives and one Cisco business development representative dedicated specifically to Canada. Our Canadian team uses partners where possible that are vetted through our services team to ensure they have the requisite capabilities to deliver tangible business outcomes to our customers. Our primary partnership is with Zanaris (https://www.zanaris.com/) and we are also developing a partnership with Jolera (https://www.jolera.com/). Beyond that, we will leverage our internal teams to deliver services like cloud cost optimization, architecture reviews, and rapid server migration. We also have a broad network of Canadian distribution partners from whom we source products including Ingram Canada, TD SYNNEX Canada, D&H Canada Climb Channel Solutions Canada, and Dell Canada Inc.	*
33	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	SHI will fully serve and actively promote an awarded contract to all eligible members. With over 250 sales team members supporting across the US, including Hawaii and Alaska, SHI is positioned to serve all geographic areas of Sourcewell's proposed contract. Our mission is to instill a comprehensive understanding of the contract, terms, and conditions among our AEs in every region. This knowledge base will equip them with the ability to provide unparalleled support to Sourcewell members. SHI is poised to provide extensive training to educate your members across all geographic areas of a new contract.	*

34	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	We commit to actively marketing and endorsing this contract, ensuring we increase visibility to all Sourcewell members without exception. We will serve all Sourcewell participating entities that our sales teams support.	*
35	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	SHI does not have any contract restrictions for members in Hawaii, Alaska, or the US Territories. In fact, we have an Account Executive who lives in Alaska, Marla Thompson, who supports government customers. Pete Kim, who lives in California, is the field government Account Executive for Hawaii. All education customers in Alaska and Hawaii are supported by our Public Sector Inside Account Executives.	*

Table 7: Marketing Plan

Line Item	Question	Response *	

36	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	We are thrilled by the opportunity to continue to promote and market our Sourcewell partnership. We know the vital importance of marketing contracts and reaching all eligible Sourcewell members, and we will apply our tangible, demonstrated experience supporting the unique requirements of procurement organizations to marketing and promoting this contract. Throughout our current contract, we have worked diligently to market the Sourcewell contract both internally and externally. The Sourcewell Capture & Business Development Manager, Tory Pubylski, recorded and posted several internal trainings for all sales teams selling on the Sourcewell contract and even recorded a sequence of video trainings with our Supplier Development Administrator in the Sourcewell studios as quick, digestible nuggets telling sales from both the Sourcewell and SHI perspectives how to market and explain the value of the Sourcewell Cooperative contract to customers. These short on-demand trainings covered the who, what, why, and when to break down the talk tracks that are helpful to sales and potential Sourcewell customers alike. Additionally, we had several sales teams attend Sourcewell in-person trainings across the country and our Supplier Development Administrator provided a series of regional webinars with our support to get the right attendees. During the term of the current contract, we also expanded our marketing team devoted to Public Sector. This team, led by our Director of Growth Marketing Programs, Rob Fass, has taken an innovative approach to expanding initiatives that are focused on public sector customers and the real IT obstacles they face. Through purposeful customer-directed emails about solutions specific to our customer base, social media and supporting our customer-facing events, this team is critical to our support of our customers. Our dedicated Contract Capture and Strategy team will join forces with the Public Sector leadership team and our Public Sector Marketing team, to create and execute our marketing plan. Upon award, we will execute the following steps to begin marketing the new contract: • Create contract announcement materials for electronic distribution to customers via email, on SHI.com, and the SHI Resource HUB blog, posts on LinkedIn and other social media. • Create co-branded marketing outlining the features of the new contract. • Design a dedicated website on shi.com including the Sourcewell awarded vendor logo, a copy of contract documents, a summary of products and pricing, marketing materials, a link to Sourcewell's website, and all relevant contact information. (to see the current page visit: https://go.info.shi.com/Sourcewell-Contract-Page.html) • Create internal sales training for new contract compliance, pricing, terms, etc. We will also welcome any opportunity to work with Sourcewell and AASA on advertise at their events or in their newsletters. SHI participates in hundreds of trade shows, conferences, and meetings across the country. Sourcewell has our commitment to participate at specified shows as well as additional opportunities to broadcast and promote our partnership. Specifically, SHI will attend, exhibit, and participate at the NIGP Annual Forum alongside Sourcewell suppliers. We are happy to assist Sourcewell in promoting and marketing this event and look forward to collaborating on a plan that will drive attendance. We also provide seminars and workshops to our public sector customers across the country and are eager to have Sourcewell members attend. Summits - SHI holds technology summits at our corporate headquarters in Somerset, NJ. Our most recent event was the Sustainability Summit. Centering the conversation around sustainability, the event reflected a heightened awareness of the importance of sustainability in the IT landscape and demonstrated SHI's proactive role in driving positive change within the industry. We emphasized how SHI can assist in improving the sustainability of customers' IT operations and how to make IT sustainability a critical part of their supply chain. Sourcewell members are welcome to attend these at no additional charge. Custom Events – The SHI Roadshow series of events was new this last year for SHI! We completed two traveling shows focused on Cybersecurity and Infrastructure in the Spring of 2023 at large event spaces around the country with solution partners and special guest speakers. These events were a roaring success, and we hope to see new headlines for these events again in 2024! We include sample marketing materials as part of the supplemental attachments in the response portal and will remain flexible and open to collaboration with Sourcewell upon an award. We provide more detail on our digital marketing media in response to question 37 below.
37	Describe your use of technology and	The digital age has profoundly changed the way we communicate by making it easier and

	digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	more instantaneous, but it has also created a flood of information which makes it that much more difficult for our customers to find trustworthy news sources for their technology information. So much content vies for our limited attention, between smartphones, messaging apps, email, and social media, we can connect and communicate with others from practically anywhere at any time. SHI provides a haven for customers to find reliable and relevant information about the latest trends, or threats, to their IT through the following digital mediums. Webinar Series Sourcewell and its members can access our regular schedule of webinars and workshops covering a variety of topics relevant to today's public sector customer – from grants and funding to modernizing your network and streamlining multivendor support for IT purchases - our finger is on the pulse of the real challenges facing our customers. Please check out our website for upcoming events and on-demand recordings: https://www.publicsector.shidirect.com/about/events SHI Resource Hub The SHI Resource HUB is home to eBooks and short news articles to keep our customers updated on the latest changes and trends impacting the IT industry. Displaying short news and informational articles, the HUB keeps our customers up to date on our services and support as well as on emerging trends in technology. Written by SHI's subject matter experts (SMEs) who leverage their knowledge and insight to speak to SHI's broad customer base, SHI is committed to keeping our customers informed. Customers can browse by IT category, recent articles, or popular posts. Please visit the SHI HUB website (blog.shi.com) for on-demand articles, eBooks, and podcasts. Social Media In addition to the SHI Resource Hub, SHI is active on social media applications and has dedicated public sector pages to help keep our public sector customers informed. Customers can get up-to-date information on demand by following SHI on X, LinkedIn, Instagram, Advocacy, and YouTube. Upon award of a new contract with Sourcewell, we will create an announcement for LinkedIn for SHI to share with customers and our partner community. We also have podcasts- "We've Got Your Mac" and "Innovation Heroes" are available wherever you listen to podcasts! You can also listen to them by visiting our SHI Resource HUB at blog.shi.com. SHI Sponsorships In addition to our digital marketing via the web and social media directly informing business and IT leaders of the products, services, and solutions we offer, SHI enhances our brand visibility through multi-year partnerships with select college and professional sports associations and brand ambassadors. In the past twelve months, SHI's brand ambassadors and sponsorships alone have generated over thirty billion brand impressions across: • Television and radio • Earned media • Website and e-mailings • Advertising and supporting collateral • Hospitality • Onsite signage Many of these impressions come from SHI's partnership with the Rutgers University Athletic Department. Playing in the NCAA's prestigious (and national) Big Ten conference, the Scarlet Knights football team, and men's and women's lacrosse teams all play in the 52,000-seat SHI Stadium, located five miles from SHI's World Headquarters. With over five hundred of SHI's 2,000 New Jersey-based employees being Rutgers graduates, the alliance between Rutgers and SHI is long-lasting, making this partnership much more than just a marketing sponsorship. As the largest minority woman-owned business in the United States, SHI is proud to be represented by Ladies Professional Golf Association's (LPGA) golfers Allisen Corpuz and Annie Park, and the US Women's National Team/NC Courage Goalkeeper Casey Murphy, who serve as SHI brand ambassadors. All three professional female athletes are also small business owners. SHI's logo appears regularly across the LPGA's digital marketing platforms and onsite event branding and was most visible when Allisen won the first-ever U.S. Women's Open played at Pebble Beach. Allisen's position in the final pairings ensured the SHI logo on her shirt was proudly visible to a live national TV audience for the entire weekend tournament. When she is not busy representing the United States in the World Cup in 2023 (and likely the Paris Summer Olympics in 2024), USWNT goalkeeper Casey Murphy is the face	*

		of SHI's cybersecurity practice. By partnering with Murphy in support of her Casey Murphy Goalkeeper Academies, SHI is able to help Casey inspire young soccer players to take ownership of their own development and build confidence through hands-on instruction from Casey and her crew of teammates and coaches. E-Newsletters SHI creates various informative, monthly newsletters containing information regarding important contract dates, product releases or changes, Q&A, and upcoming events. Thousands of our customers currently receive these newsletters, and we will continue to make them available as a subscription to anyone who is interested. SHI also creates hundreds of marketing texts for our major manufacturer partners and SHI core services offerings, which are shared with customers through in-person meetings, trade shows, and email.	
38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	SHI has first-hand experience with the tremendous value that Sourcewell brings to its contract partners. We are thrilled to continue building on our relationship with Sourcewell under a new contract award. We view Sourcewell's role in the promotion of the contract to include: • A dedicated SHI contract landing page on Sourcewell's website. • Continued partnership in creating training for our sales teams. • Regular and open communication with SHI on our performance and ongoings at Sourcewell. • A dedicated Supplier Development Administrator we can contact for questions and assistance. • Collaborative marketing efforts. • Sharing in-person Sourcewell training information so our sales teams can participate. Sourcewell is already a well-known entity within the public sector sales team at SHI. We commit to actively marketing and endorsing this contract, educating our Account Executives on the specifics of this contract with an aim to increase visibility to all Sourcewell members. Our continued concentrated efforts and unparalleled dedication to Sourcewell's will be evident.	*

39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	SHI.com, SHI's procurement platform, provides an efficient and intuitive way to access and procure a customized catalog of products, and its business-to-business functionality includes innovative custom catalog capabilities that provide personalized views of product information, enabling Sourcewell members to find and compare products, to view key metrics (like frequently viewed products and contract or standard items), and to simplify purchasing. With thousands of manufacturers represented, product catalogs are fully customized to reflect contracted pricing available through SHI, as well as special pricing programs for which members are eligible, such as licensing programs or other volume programs. SHI's open architecture systems allow us to integrate with virtually any eCommerce platform through market leaders or a proprietary solution. The most common applications we support include Ariba, Perfect Commerce, PeopleSoft, SAP, and Oracle. In general, SHI supports systems that use cXML (commerce extensible mark-up language), or EDI (electronic data interchange) standards. In addition, we support the following Punch-out types: • Ariba • Basware/Verian ProcureIT • Birchstreet Systems • Coupa / Coupa Advantage • DSSI • ePlus Procure+ • GEP • GHX (Global Healthcare Exchange) • Hubwoo • IDS • IOS Corp • iPayables • Ivanti • Jaggaer (formerly SciQuest) • Lawson • Oracle / Oracle Supplier Network • Payback • PeopleSoft Direct Connect • Perfect Commerce • Periscope • Procurement Partners • Quoteworks • ReactorNet • Remedy • SAP OCI Roundtrip • ServiceNow • SPS Commerce • Supplier Solutions • Transcepta • True Commerce • Tungsten • Unimarket • Valua • WorkDay • Yardi • Zycus Our e-commerce specialists can provide training to Sourcewell members authorized to access their customized site, and we will schedule trainings based on the customer's level of access to the site, collaborating with individual members to determine a program and schedule that works best for their purchasing environment. Some of the most remarkable ways in which governmental and educational customers have used –and benefitted from – our eProcurement system is through our software procurement consulting services, our license tracking and reporting capabilities, and our robust Software Asset Management (SAM) tools. Our tracking abilities relieve our customers of the burden of managing their purchases. We understand that without the processes and checks and balances that we have in place, the opportunity for error in tracking license purchases is tremendous. SHI's license tracking system and workflow are automated to enforce purchasing rules and minimize errors.	*

Table 8: Value-Added Attributes

Line Item	Question	Response *	
40	Describe any product, equipment, maintenance, or operator training	SHI offers training and adoption services, including professional development training, to help our customers maximize the value of their technology investments. Our Training and	

	programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	Adoption team takes a holistic training approach, ensuring both IT staff and end users are accounted for. While all steps may not be necessary for each customer scenario, a full training project would typically encompass the following components: • Identify current state and future state requirements with key stakeholders. • Identify change management and communication strategy. • Define the use case. • Identify locations and languages. • Assess gaps and needs for IT and end-users. • Develop scope. • Customize content. • Align training with the deployment schedule. • Launch training pilot. • Live instructor-led training • Power-user training • OnDemand eLearning portal • Application deep dive training • Deskside training support • VIP one-on-one training End-User Training SHI has a multitude of options to meet our customers' training needs. Our certified instructors are enthusiastic about bringing real-world experience to the customer's learning environment. Curriculums may be standard or tailored to the agency, department, or job role to yield a higher return on investment. Customizations can include utilizing the customer's environment, business processes, local language and more. We offer training on-site, online, on-demand, or a blend of these options. Some of our most popular offerings for end-user training are: • M365 • Windows 10/11 • Microsoft Teams • Microsoft Core Apps • WebEx • Google Apps • Security Awareness Technical Training With our manufacturer-certified experts, customers can access dozens of custom on-site, online, and on-demand technical training courses geared toward our customers' organizational programs and software needs. We can support technical training for a variety of manufacturers, which include, but is not limited to: • Amazon • Cisco • Google • Microsoft • VMware • Palo Alto • Meraki • Nutanix • Veeam Professional Development for Business In today's competitive environment for hiring and maintaining quality employees, comprehensive and sound professional development is a necessity. SHI offers dozens of on-site, online, and on-demand professional development classes help employees grow and perform at their best. Topics include, but are not limited to: • Business Analysis • Communication • Leadership • Project Management • Agile • ITIL Professional Development for Educators SHI offers Professional Development for Educators. Our professional learning teams offer trainings on-site, online or on-demand through a subscription model on topics that include, but are not limited to: • Software training for IT staff, faculty, and staff • Hybrid teaching methods • Blended learning • STEM • STEAM • Esports • Pedagogy • SEL (Social and Emotional Learning) • Accelerated Learning Recovery • DEI (Diversity, Equity, and Inclusion)	*	

		• First-Year Teacher Bundle Custom eLearning Development SHI works with customers to develop custom, powerful, engaging, learner-focused eLearning courses and curriculum that meet training goals and deliver measurable results. Our custom development includes, but is not limited to: • Standard eLearning course(s) • An entire eLearning curriculum • Micro Learning • Gamified eLearning Please feel free to explore more details and options at https://www.shi.com/solutions/training	
41	Describe any technological advances that your proposed products or services offer.	Our team of experts offer various technological services that can help enhance and advance the use of technology for members. This could range from optimizing existing systems to implementing new, advanced technologies, providing consulting services, or even offering training programs like security awareness training. Articulated below are just a few offerings: Customer Innovation Center (CIC) SHI helps with the technical evaluation of products to empower you to make the best choices and scope each project appropriately. Evaluation may include full proof of concepts or simply obtaining evaluation units. You can test and compare IT solutions in our Customer Innovation Center (CIC) before committing to an investment. The CIC is staffed with trained team members and technical professionals who are experts on both products and solutions. As technology advances and changes, the technologies in the SHI CIC follow, ensuring that we always have the products and relevant technologies that our customers are interested in. The CIC can provide on-demand and remote access to the kinds of technical advisory and real-world wisdom that you are looking for. Our goal is to help you identify, adopt, and implement the right technology investments quickly, with lower costs and risks. Now you can experience everything the CIC has to offer from wherever you are by virtue of an interactive virtual tour! How to use the Virtual Tour: Click here for a quick tutorial about the tools and features of the virtual tour so you can get the most from your experience. SHI Complete The SHI Complete service provides customers with a turnkey solution for modernizing their IT Infrastructure, enabling a remote workforce, enforcing security best practices, and leveraging SHI's Managed Service capabilities to centralize IT Service and Support. SHI Complete can ensure you have the right IT operating model and a strong governance plan around security, services, and management that is structured to meet your business goals. Combining a curated stack of integrated technologies across device management, security, networking, collaboration, and cloud platforms, SHI Complete helps customers establish a secure, resilient, and scalable IT foundation. Onboarding Service SHI Complete employs a personalized approach with respect to managed services to ensure our customers obtain the solution that best fits their business needs and primes them for growth in a Cloud First technology ecosystem. The onboarding services component of our solution includes: • Assessment of the customer IT ecosystem and IT business objectives. • Site Surveys of physical locations, network mapping, and application use cases, as needed. • Creation of a Zero Touch device deployment capability. • Development of the IT modernization strategy and customer onboarding plan. • Design of the Managed Network Services and cloud environments on client premises. When onboarding is complete, SHI's technical account managers, project managers, and certified engineers use this plan to implement and migrate customers to the new SHI Complete managed IT environment with ongoing support and knowledge transfer throughout the processes and procedures. Managed Services Managed services are the foundation of the SHI Complete solution. Customer subscription to the SHI Complete service provides many benefits that are core to the customer's success, including: • Designated technical account manager assigned to your organization. • Access to our SHI One customer portal for reporting and service requests. • Net payment terms provided (upon credit approval) through SHI. • IT service desk support for users and devices. • Client user onboarding/offboarding and IT asset reclamation. • Cloud application management and support.	*

		• On-site and cloud network service management. • Security management and best practices. • Access to a wide array of optional fee-based public cloud professionals and managed services. • Escalations to SHI subject matter experts (SMEs) through SHI's world-class service desk support team. SHI will collect and track feedback from customers during regularly scheduled meetings as well as through end-user feedback. Taking this information, SHI will make modifications to its contracted services where possible to further improve service quality over the life of the contract. SHI One Management Platform The SHI One Management Platform is a portal for customers to manage both cloud and IT services purchased through SHI. Customers have a centralized place to track and manage their public clouds, allowing them to spend less time struggling with reports, management, and support and more time on strategic initiatives to drive their business forward. With this portal, customers can manage their cloud platforms (Azure, AWS, GCP). They can easily view the state of their IT landscape and streamline their cloud environment management. Customers have access to support cloud cost, usage, billing, invoicing, and consumption of support cloud accounts. Leading Industry Technologies SHI maintains an ongoing dialogue with industry authorities such as Gartner and IDC through quarterly meetings, ensuring we stay current on the latest and best technologies. We have established strong partnerships with each OEM, allowing us to introduce new products as soon as they become available. This gives members the unique opportunity to pre-order new products yet to be released through SHI, ensuring they receive them as soon as they hit the market. Our devoted solutions team and product specialists stay up to date with the latest technologies and will promptly notify members about the newest products available. The expertise of SHI's OEM support teams, technical resources, and strong relationships with manufacturers are leveraged to guide members as they explore emerging technologies and innovative new solutions.	

42	Describe any “green” initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	SHI is dedicated to environmental sustainability and recognizes its role in affecting the environment. We continually strive to minimize any negative impact from our operations while ensuring the safety and well-being of our staff. Our business strategy heavily emphasizes environmental preservation and the promotion of a sustainable future. By implementing eco-friendly initiatives, both internally and with our partners, we aim to reduce yearly technology waste and contribute more significantly to a greener planet. In 2023, we pledged to the Science Based Targets initiative (SBTi) to reach our corporate Net Zero Emission goal by 2050. At SHI, we believe that sustainable operations and exceptional customer service are intrinsically linked. Through close collaboration with our partners, we strive to excel in both areas. We work with our partners to create and implement environmentally responsible solutions. As a prominent player in the IT industry, we actively participate in partner programs and initiatives, providing input and helping shape future sustainability strategies to guide the industry towards more responsible practices. This cooperative approach guarantees that we focus on not only our own growth but also the success of our partners. Through these efforts, SHI assists our customers' Environmental Social Governance (ESG) initiatives by aligning with sustainable solutions such as IT asset disposition (asset recovery and disposal, E-waste recycling, hardware redeployment and remarketing), IT asset management, green financing, and using cloud and data center solutions to lessen carbon emissions from physical IT infrastructure. SHI is committed to sustainability at corporate, cultural, and policy levels and holds itself accountable for being initiative-taking and solution-oriented to promote sustainable long-term growth. By setting and implementing global environmental policies, management systems, and key performance metrics, SHI consistently integrates and promotes environmental stewardship across its global business groups, ensuring consistency and innovative environmental thinking. Our commitments include: • Setting targets and action plans to support our United Nations Global Compact (SDG 13 Climate Action) and SBTi commitment, and continually refining our practices. • Preferring partners who have implemented sustainable and ethical practices within their organizations and influence such practices in their supply chains. • Enhancing our sustainable procurement team's support, which concentrates on supporting diverse and minority suppliers. SHI seeks to be energy efficient utilizing these methods: • Monitor power consumption. • Disclose to the Carbon Disclosure Project (CDP) and EcoVadis annually. • Utilizing advanced energy-saving systems such as: o High-efficiency HVAC equipment o Energy Star equipment/appliances o Energy recovery from building relief/exhaust air, demand control ventilation sequences for energy savings on ventilation (Austin). o Automatic lighting controls and LED lighting throughout (Austin). o Occupancy sensor control of lighting fixtures. o Water-efficient and low-flow plumbing. o Solar panels and electric vehicle charging stations. • SHI has EV charging stations located at our global headquarters, Ridge Integration Center in New Jersey, and our Austin Regional Headquarters in Texas • LEED Gold Certified • Austin Regional Headquarters – Building Design and Construction (2021) • Global Headquarters - Commercial Interiors (2013) To support our goals and reduce power consumption, SHI made significant green investments in our facilities by installing solar panels. Today, over 7,000 solar panels are installed at four SHI-owned facilities, including our global headquarters and Integration Center in New Jersey, and our Austin Regional Headquarters in Texas. The addition of solar panels has helped SHI avoid 5,287,000 pounds of carbon dioxide since the system's installation and avoided 13,771 lb. of sulfur dioxide and 5,425 lb. of nitrogen dioxide since installation. With sustainability and ESG at the forefront of current initiatives, we hosted the SHI Sustainability Summit event this summer at our headquarters location in NJ. The event reflected a heightened awareness of the importance of sustainability in the IT landscape and demonstrated SHI's forward-looking role in driving positive change within the industry. We emphasized how SHI can assist in improving the sustainability of customers' IT operations and how to make IT sustainability a critical part of their supply chain.	*
43	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	As a reseller, SHI does not receive labels specifically for products; however SHI will be happy to work with Sourcewell and product manufacturers to identify any specific eco-labels on products Sourcewell members wish to purchase.	*

44	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	We are the largest privately Minority/Woman Owned Business Enterprise (MWBE) in the U.S. and our certification as an MWBE offers a critical value-add to customers whose strategic business objectives include supplier diversity and development. In addition, SHI's Diversity Business Development Initiative builds and sustains a community of diverse suppliers and partners who best serve the needs of our customers. As a large MWBE, we continue to grow an effective Direct and Indirect Tier II program by accessing our Diversity Vendor database and using certified minority vendors in all diversity categories which includes, MBE, WBE, M/WBE, LGBT, SBE, SDB, HUBZONE, DVBE, VBE, and WOSB. SHI also maintains its internal supplier diversity program and seeks to engage MBE and WBE suppliers to meet product requirements and operational needs. SHI Certifications WBE • WBENC MBE • NMSDC - Corporate Plus Member • NMBC - National Minority Business Council • CAMSC (Canada) MWBE • Supplier Clearing House (California Public Utilities Commission) SHI also has MWBE certifications with the following state governments: • Delaware • Massachusetts • Missouri • New Jersey • New York City • North Carolina (HUB) • City of Philadelphia (PA) • Prince George County (MD) • Tennessee • Virginia (SWaM) • Wisconsin SHI Government Solutions • State of Texas Certified HUB Vendor
45	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	We understand that Sourcewell needs to identify a trusted partner based on how that partner's capabilities can best support your participating entities' IT needs. We believe we are uniquely qualified to continue supporting Sourcewell and its members due to several key factors: our standing history with supporting this contract, our breadth of offerings, and our ability to evolve with the ever-changing technology market. Our dedication to this contract sets us apart from our competitors. Victoria Pubylski, Sourcewell's dedicated Capture and Business Development Manager, has worked tirelessly alongside our Capture and Strategy team to support Sourcewell and its members. They are experts at supporting contracts, and have trained our Account Executives on this contract, proactively managed our Sourcewell relationship, and have grown this contract continuously year over year since our award in 2019. We have had tremendous success growing the value of our first awarded contract. We will continue our commitment to expanding the use of this contract and supporting Sourcewell members with the latest technology, cost savings, technical expertise, and compliant procurement. Complete IT Solutions Our ability to offer customers a tremendous range of options in choosing software, hardware, and other products is one of our greatest strengths. Our diverse partner ecosystem of 15,000+ unique publishers and manufacturers gives us a vendor-neutral approach to help customers find the right technology solution. We provide custom technology solutions for every aspect of your members' IT environment: from software and hardware procurement to deployment planning, configuration, data center optimization, mobility services, IT asset management, and training. We also offer next-generation cloud solutions to help customers accelerate to the cloud in the fastest, most secure, reliable, and cost-effective ways possible. Compared to our competitors, we also have the distinct ability to onboard boutique vendors for end-user longtail products. Many of our competitors are only able to onboard certain, larger partners, whereas SHI can bring on smaller vendors that are uniquely qualified to meet the individual needs of our customers. We also offer a wide range of services and support directly or by leveraging our elite partner network's expertise. SHI seeks to build valued relationships with your members; aligning our focus with your mission and deliver innovative solutions that empower community success. Value Add Services SHI offers a wide range of value-added services to help our customers get the most value

out of their software spend. Many of these services are available to our customers at no cost, and for customers who wish to take advantage of enhanced service levels, we do offer fee-based services as well. Due to our breadth of service offerings, and our desire to evolve along with our customers' changing needs, this is not a comprehensive list, but rather a snapshot of available value-added services.

Software Expertise and Advice
Customers have a dedicated, experienced account team with access to a broad range of resources. We provide expertise and advice to help them make the right decisions to save money and achieve the best value for their software spend.

Technical Advisement
Customers can depend on a vendor-neutral approach to help them find the right technology and then access a tremendous range in choosing the ideal products and services for their unique needs.

Pre-Sales Licensing Support
Customers have SHI software licensing team support for their licensing needs. Pre-sales support helps ensure customers maximize the benefits of their volume license agreements. Throughout the contract term, we partner with our customers to track licenses, provide detailed reporting, and proactively assist with budgets, renewals, and compliance. We leverage the reporting and our PRO Renewal tool to help customers gain insights into their software purchases.

Contract Education
Software options can be complex and overwhelming, and available products and buying alternatives change frequently. SHI offers initial and ongoing training and communications to help customers use the contract effectively and make smart choices for their software spend. *

Negotiation Assistance
SHI's top-tier status with our publisher partners gives us a strong voice in the industry, and our extensive experience gives us keen insight into the range of available software options for customers across the country. We leverage these strengths to help our customers negotiate favorable pricing and terms.

Fine Print
SHI Fine Print is a contract management and indexing system that allows our customers to review a set of publicly available EULAs on our website. Fine Print organizes agreements by separating contract text into standardized clause types, identifies which terms apply to various products and use cases, and then organizes the data into an easy-to-find format.

Software Solutions Services
Our Solutions team helps customers identify the right software tools and technology, and then (if desired) executes the implementation of in-scope services to help accelerate their time to productivity and value. Depending on the scope of the implementation there may be fee-based services involved.

ITAM Services
To help customers manage the complex task of finding, tracking, and managing the hardware and software across their IT environment, SHI offers a range of highly cost-effective IT asset management services to help you weed out unwanted costs, while also improving utilization and governance. Depending on the scope of the implementation there may be fee-based services involved.

Training Services
Adoption of new technology does not happen automatically. There is a people component to change. SHI offers a range of customizable technical, end-user, and professional development training resources to equip users with the skills and information they need to drive increased adoption and employee satisfaction. Depending on the scope of the program, there may be fee-based services involved.

Financial Stability
As a privately owned company with zero debt, we continue to reinvest in ourselves year after year to innovate new and improved client solutions for tomorrow's IT challenges. SHI continues to invest in new infrastructure, most recently with a state-of-the-art data center integration center. As the technology market continues to evolve, we can evolve our capabilities and resources right alongside it.

We have also made significant investments in hiring more resources—the people with whom Sourcewell and its members engage. SHI Account Executives (AEs) support their clients locally from over thirty offices throughout the U.S. and Canada, and our AEs work and live in the communities they serve, fostering long-term, mutually beneficial relationships with customers and partners every single day.

Our financial strength and stability are predicated on our staunch affiliations within our

		communities—our relationships with customers, partners, OEMs, and our own SHI colleagues. SHI's Strengths and Stability: • Agile and adaptive business management • Diverse, predictable revenue sources • Strong customer and vendor partnerships • Steady industry growth • Thirty-three consecutive years of growth • No long-term bank debt • Exemplary financials, low overhead structure SHI is uniquely qualified to support Sourcewell's mission to build valued relationships and innovative solutions with integrity and to exceed the expectations of its members. In fact, we share a similar vision and mission and strive with purpose and determination to provide exceptional value and experience as we help customers select, deploy, and manage their technology.	

Table 9A: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
46	Do your warranties cover all products, parts, and labor?	SHI offers all available original manufacturer warranties. The OEM covers all hardware, parts, labor, and accidental damage. In addition to OEM warranties, SHI, offers third-party warranty services plans for most OEMs on a limited, approved basis. These warranty services plans cover all hardware, parts, labor, accidental damage protection and power surge for end user-related devices. For post-warranty data center related devices, third-party warranty services cover all hardware, parts, labor, and onsite travel expenses. Third-Party Disclaimer – By including the third-party warranty service contract, SHI, is only acting only as an authorized reseller in the third-party's provider route to market for its warranty service contracts. Customers will receive contracts that provided by the third-party provider, not SHI. The warranty service contracts will be entered into directly and only between the customer and third-party provider, and SHI will not be a party to those contracts.	*
47	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	SHI offers all available original manufacturer warranties. Some OEM warranties will limit the number of claims, charge a deductible or limit coverage. SHI can provide additional detail on specific manufacturers as needed. Third-Party warranty services offer unlimited claims (during the contract term), no deductibles or hidden fees, and accidental damage protection against drops, spills, etc. Water submersion is not supported. These apply to end-user related devices. For post warranty data center hardware maintenance support, all hardware, parts, labor, and travel expenses are covered.	*
48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	For OEM warranties, this will vary based on the warranty purchased and SHI can provide these details with specific OEM's. Third-Party warranty services offer various levels of service. If onsite repair is selected, this service covers all expenses.	*
49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	The standard OEM warranty would still apply to purchases made in Canada. If a customer has a warranty question on specific products SHI will help connect them to the OEM. Third-party warranty services for end-user devices are only supported within the US. Post-warranty services for data center related devices are supported globally.	*
50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Typically warranty services from an OEM will not cover items from other manufacturers. Third-party warranty services are vendor agnostic and support most Tier 1 OEMs.	*

51	What are your proposed exchange and return programs and policies?	SHI's return policy is customer-centered—we will always do our best to accommodate returns for any unopened box up to 30 days after receipt. Rarely, a customer might receive an incorrect, damaged, or non-working (DOA) product; if a product issue occurs, SHI accepts return of that product within 30 days, with no restocking fees, regardless of the package being opened. After 30 days of receipt, SHI will still make a best-faith effort to accommodate a return. Occasionally, the product manufacturer has a "no returns" policy; in these cases, we notify customers at the time of quote to ensure transparency and confidence in purchase. In these specific instances, SHI is unable to accommodate returns. Our return process is simple: To request a return, first contact your dedicated sales team, via email, phone, or through the "Request Return Authorization Number" section on the SHI.com website. Your Inside Account Manager will then provide you with a return authorization (RMA) number, along with a shipping label. With the RMA number clearly included on the shipping label, the customer ships their return to SHI, and we process the return. In certain cases, to expedite a return, SHI will have the return product picked up directly. Once the return has been fully processed, SHI will credit the customer's invoice. In addition, we send out replacement orders prior to receiving returns to expedite the process for the customer. Occasionally, software publishers may require a customer to fill out a Letter of Destruction. In these cases, SHI provides a letter to customer, who signs and returns it to us. To help simplify and expedite the process, SHI takes care of the rest—processing the Letter of Destruction directly with the software publisher. At any point, if customers encounter issues with their products, the SHI account team is accessible and eager to help. More information and details about SHI's Return policy can be found at https://www.shi.com/Terms/Return-Policy.	*

52	Describe any service contract options for the items included in your proposal.	SHI will pass on any included Manufacturer warranties at the time of purchase. In addition, we will educate the end-user on all available extended warranty, maintenance, and service programs at the time of quote. Should the customer have the need to use the warranty SHI can facilitate the interaction between the customer and the OEM. We will gladly provide any contact information or assist in escalating with the OEM when necessary. In addition, SHI can provide third-party warranty options outside of what is available from the original manufacturer for a separate fee. We offer several options to support original manufacturer warranties. These standard warranties typically offer limited, short-term coverage and can result in unexpected downtime and expensive repairs. Third-party enterprise warranty services will extend the life of members' technology investments and keep their systems – and their business – running at peak performance. The benefits of Third-Party Enterprise Warranties include: • Coverage up to 5 years for net new end-user devices. • 24/7 technical support for post-warranty data center devices. • U.S.-based call center • Global support capabilities, data center related devices only. • 100% coverage for commercial use, parts, labor, and accidental damage; unlimited claims (during contract). • $0 deductible. In addition, SHI third-party warranty services provide comprehensive, flexible coverage for Product Protection that goes beyond a manufacturer's limited warranty and that provides: • 100% coverage on parts and labor, normal wear and tear, and power surges. • "No Lemon" guarantee. • Replacement for products that are beyond repair. • No deductibles, hidden fees, or surprise charges. • Commercial use & Vendor Agnostic. Members' Third-Party Coverage can begin on the date of purchase or after the manufacturer warranty expires, and coverage is not affected by what the limited manufacturer warranty offers. Third-party warranty services alleviate multi-year budgeting constraints and deliver service when and where members need it! Included in Product Protection Services in basic triage and remote diagnosis, 24-hour advanced exchange, depot service, and three-way shipping. As an additional benefit, third-party warranties protect against accidental damage, including drops, spills, and cracked screens. Finally, Third-party offers post-warranty and maintenance agreements for products that are still viable and in use! If members maintain equipment under a warranty that is about to expire - or already has expired – third-party post-warranty and maintenance agreements keep them covered. Third-party dedicated field engineers serve as an extension of the IT organization and deliver dependable, efficient, and customizable hardware maintenance support. Our program can consolidate multiple vendor agreements, and equipment can be added or removed from coverage at any time. We provide affordability and reliable alternatives to manufacturer maintenance agreements, and flexible contracting provides 40-60% cost-savings from OEMs to a member's organization for post-warranty data center devices. Our service provider's Level III engineering teams—hired directly from OEMs and averaging over 15 years of experience—have helped us earn extraordinary trust with our customers and are available in every major metropolitan area throughout North America. In collaboration with our partner network, SHI can access over 50 service locations and 110 global stocking locations to support members' needs, no matter where the equipment is located.	*

Table 9B: Performance Standards or Guarantees

Describe in detail your performance standards or guarantees, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your performance materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
53	Describe any performance standards or guarantees that apply to your services	SHI provides comprehensive customer support when planning service engagements to ensure we meet each customer's needs. Given the variety of services SHI performs, different types of services may align with specific standards relating to the technology and requirements of the project. Where ISO or NIST guidelines are established, SHI will perform services in a manner that is compliant with or follows those protocols. As an example of one type of engagement, we have provided the standard guidelines followed for Quality Control (QC) by our warehouse integration center. When beginning an integration services project, we use templates to start the development of the workflow based upon information provided by the customer's onboarding information. These workflow templates are dynamic, and adjustments are made during the proof of concept, or first article build phase. The system engineers handle the technical aspect of the testing during the customer's first articles to ensure scripted processes and applications are functional. They then create an essential checklist of items to check for during the production phase. Next, the system quality control (QC) team performs in-depth testing of the process itself and creates detailed process documentation. The device is then physically shipped to the customer's location for in-person verification, or remote access to the device is provided for verification. Once the project is in production, SHI monitors and adjusts the project to scale as needed. Examples of how we've previously resolved issues include increased staffing, adding hardware resources, or reducing the total number of devices configured at one time. Work instructions start with our QC team working with the customer, internal project coordinators, system engineers, and technicians to develop thorough documentation that adheres to ISO 9001 standards. Documentation is stored on a private SharePoint document library with version control. If change and complexity management is needed, project coordinators at our facility work with sales teams, system engineers, QC teams, and technicians to address any changes. If the complexity goes beyond the expertise of these teams, other groups are engaged, both within SHI and third parties, as needed. The quality control process and tools vary by customer requirements, but in general, logs are collected from devices during the build process and stored on our servers. A scripted process to contain specific information from the devices can be developed if additional details are required. In addition, the QC team gathers requirements to create checklists or other methods of verification.	*
54	Describe any service standards or guarantees that apply to your services (policies, metrics, KPIs, etc.)	SHI is committed to achieving excellence by providing our customers with superior world class customer support and innovative solutions. Finding the right balance for setting customer service goals is integral to improving the customer experience. As the primary point of contact for their customers, it is even more important that SHI's AEs are representatives suitably motivated by the right goals. As our mission statement says, "We are passionate about delivering exceptional value and experience as we help customers select, deploy and manage technology." As a value-added reseller, our AEs are measured, incentivized, and evaluated commensurate to organizational and performance KPIs). These performance KPIs are closely aligned to customer success. Objectives such as revenue growth, resources used, certifications earned, customer engagement, and customer review are all primary objectives of SHI's KPI/metrics structure. SHI communicates to our teams that the success of every account manager is holistically customer centric.	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	

55	Describe your payment terms and accepted payment methods.	Our payment terms are Net 30 and we will accept Purchase Orders or credit cards.	*
56	Describe any leasing or financing options available for use by educational or governmental entities.	Purchasing new hardware or software can be an expensive investment for even the most profitable organization. However, purchasing is not the only option: leasing and financing with SHI can be an excellent alternative to buying IT products. The leasing/financing process is relatively simple. Our pricing models include monthly, quarterly, or annual terms, and once all documents are approved and signed, SHI ships products directly to the customer. SHI's financial offerings include traditional and non-standard options for hardware leasing and software financing. Hardware Leasing SHI offers a traditional $1 buyout purchase option, and fair market value leases for hardware. We also offer a rental option. Other options include: • Return the equipment and start a new lease. • Extend the term of the lease. • Buyout the equipment for its fair market value. o Clients that do not want to have lease language in the contract or have the option to own the equipment use this structure. • $1 buyout, lessee owns equipment at the end of the term. • Fair market value leases have three end-of-term options. • Rental - Return the equipment at the end of the term or extend the term of the rental. The benefits to leasing hardware with SHI include: • Covers all equipment costs—no need to obtain additional financing elsewhere. • Frees up cash income-producing investments. • Sets fixed lease payments that are not subject to interest rate fluctuations. • Avoids technology obsolescence. • Reduces risks, as add-ons and replacements are fast and easy. • Reduces paperwork since the lessor handles all the invoices. • Reduces warranty and maintenance costs. • Matches the expense to the benefit. • Eliminates customer's need to plan for equipment disposal. • Simplifies budgeting with predictable payments. Software Financing SHI has a loan capability called an Installment Payment Agreement (IPA) which is available for transactions that are 100% soft cost. This option provides ownership at the end of the term for transactions that are software and services based. Non-Standard Options SHI offers non-standard leasing options such as 90-day deferrals and step up or down payment structures. SHI engages in discussions with your organization and works in good faith to accommodate non-standard terms or payment frequency.	*
57	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	SHI provides milestone notifications such as order confirmations, shipping notifications, and products on backorder. Quotes The specific details included in an SHI quote may vary depending on the products or services being offered, but generally the following information is included: • Quote Number: A unique identifier for the quote. • Customer Information: Details about the customer, including name, address, contact information, and the customer's SHI account number. • Product/Service Description: Detailed information about each product or service included in the quote. This could include product names, part numbers, descriptions, and quantities. • Pricing Information: The cost of each product or service and the total cost. This may also include details about any discounts or special pricing arrangements. • The Sourcewell contract number and member or participant ID number. • Terms and Conditions: Details about the terms and conditions of the sale, including payment terms, delivery timelines, warranties,	

and any other relevant information.
• Contact Information: The SHI sales representative's contact information in case the customer has any questions or needs further information.

Please note that this is a general guideline, and the specifics may vary based on the nature of the product or service being quoted.

Order Acknowledgements
The order acknowledgment provides the customer with confirmation that their order has been received and/or also processed.

During order entry, your Inside Account Manager can enter an email address for a representative(s) within the member entity who should receive order confirmation, up to an unlimited number. Within one hour of processing the order, SHI's servers will automatically send the order confirmation to the email addresses provided. Upon the customer's request, and with Publisher permission, SHI can include the License Key information for software installation on the Order Confirmation.

Advance Ship Notifications
SHI can send the purchaser an Advanced Shipment Notification email with tracking information. These notifications can be customized for a customer upon request.

Tracking Confirmation Notification
SHI's order management system is a complete order tracking and maintenance system. All the information your Inside Account Manager needs to provide the customer with tracking information resides on their desktops. Each day, SHI receives the tracking numbers for all products shipped from our distributors via EDI. These tracking numbers feed into the SHI Sales Orders and are ready for immediate access by your Inside Account Manager. In addition, SHI provides this tracking information to our customers through Your Home at SHI. Authorized customer employees can log onto our website to check order status and tracking data directly from the carriers.

SHI maintains all purchase history data in our order entry system. We can re-send tracking, license confirmations, invoices, or a sell-through report history to provide proof of purchase for a customer. In the event of a request to resend a license confirmation, a duplicate copy may be provided within four business hours of the customer's request.

Backorder Reports
Your Inside Account Managers (IAMs) are responsible for managing and monitoring your purchases and backorders. At the time of order placement, the IAM will check inventory and notify the customer if it is unavailable, with an ETA for the item to be back in stock. Your SHI Account Team will run a weekly backorder report to monitor the order status. The team will work with the Sourcing Specialist in Purchasing to check inventory through all sources to expedite shipment to the customer.

As the backorder status changes, the IAM will provide updates to the customer about the ETA. At any time before shipment, the customer has the option to leave the product on backorder, substitute a different product, or cancel the order with SHI. These reports can be customized upon request by a customer. No substitutions are shipped without prior written authorization from the customer.

EULA or SLA Documents
An End User License Agreement (EULA) is a legal contract between a software developer or vendor and the software user. This agreement lays out the rights and restrictions that apply to the use of the software and is agreed upon by the customer or end-user directly with the software publisher. *

Key elements of a EULA often include:
• License Grant: This specifies that the software is being licensed, not sold, to the user, meaning the user has the right to use the software but does not own it.
• Restrictions on Use: The EULA may limit how the user can

use the software. For instance, it may prohibit the user from modifying the software, using it for commercial purposes without a license, or sharing it with others.
- Intellectual Property Rights: The agreement usually states that the software developer or vendor retains all intellectual property rights in the software.
- Warranty and Liability: The EULA typically includes disclaimers of warranties, limitations on the developer's liability, and what happens if the software fails to perform as expected.
- Termination: This section explains under what circumstances the agreement can be terminated, and what happens when the license is terminated.
- Privacy Policy: The agreement may include information about how the software collects, uses, and protects the user's data.

The EULA is typically presented to the user for acceptance during the installation process of the software, and the use of the software is contingent on the user accepting the terms of the EULA.

A Service Level Agreement (SLA) is a contract between a service provider and a customer that specifies, in measurable terms, what services the provider will furnish. While the specifics can vary greatly, a typical SLA includes the following components:
- Scope of Services: This details the services to be provided, how they will be delivered, and the schedule for delivery.
- Performance Metrics: These are measurable aspects of the service such as response time, uptime, throughput, etc. They serve as standards against which service performance can be evaluated.
- Monitoring and Reporting: The SLA will detail how performance will be monitored, how often, and the type of reports that will be provided to the customer.
- Problem Management: This includes how issues will be handled, the expected response and resolution times, and the communication process for informing the customer about issues and their resolution.
- Responsibilities: The SLA should clearly define the responsibilities of both the service provider and the customer. This can include prerequisites the customer must meet for services to be effectively delivered.
- Penalties and Remedies: The agreement will specify what happens if the service levels are not achieved. This often includes financial penalties or service credits.
- Confidentiality and Security: This section outlines how the provider will protect the customer's data and ensure privacy.
- Termination Terms: This includes under what conditions the contract can be terminated, and what the process will be.

The specifics of an SLA will depend on the nature of the services being provided, the customer's requirements, and the service provider's capabilities.

Statements of Work
A Statement of Work (SOW) is a document that defines the scope and specifics of a project. It provides detailed information about the expectations, deliverables, and timelines for a specific engagement. Here are the key components typically included in a SOW:
- Project Overview: This provides a general summary of the project, its purpose, and objectives.
- Scope of Work: This outlines the specific tasks or services to be performed, often broken down into phases or milestones.
- Deliverables: This section lists the tangible outputs to be produced by the project, such as a completed piece of work, a report, or a physical product.
- Timeframe: The SOW will specify the start and end dates of the project, along with any important deadlines or milestones along the way.
- Standards and Criteria: This section describes the quality standards or benchmarks that the work should meet.
- Payment Terms: This includes details about the project's budget, payment schedules, and any relevant terms and conditions.
- Resources: This section provides information about any resources or materials that will be needed to complete the project.
- Responsibilities: This outlines the roles and responsibilities of all parties involved in the project.
- Assumptions and Constraints: This area describes any assumptions made during the planning phase and any constraints

		that could limit the project's execution. • Terms and Conditions: This includes any legal terms and conditions related to the project. We have provided samples of these documents in the attachments. Please note that EULA documents are provided directly by a software or cloud publisher and SLA agreements are provided directly by a manufacturer or partner providing services.	
58	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Yes, SHI can accept Visa, Mastercard, and American Express. There is an additional fee to use a credit card.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *	
59	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Full Catalog Pricing SHI is pleased to offer Sourcewell and its member agencies a discount off SHI Advertised List Price (AP) by product category. Please reference the pricing sheet attached to this response for the product groups and associated discounts off SHI Advertised List Price, which SHI is proposing. SHI Advertised List Price is a verifiable source, referenced 24/7/365 at SHI.com. In many cases, SHI Advertised List Price already reflects a substantial discount off Manufacturer Published List prices, where a list price exists. The customer unit price shown is prior to any special shipping charges or credit card fees as those will be calculated at the time of order. Most products ship FOB destination or are delivered electronically without additional fees but where special freight is requested that will be calculated separately. Given the breadth of manufacturers and products that SHI offers, opportunities for SHI to secure additional discounts for eligible contract users are plentiful. We work to provide your contract users with the most advantageous pricing available, and we go above and beyond the minimum discounts offered whenever possible. SHI is pleased to offer a complete electronic catalog for Sourcewell and its member agencies. Professional Services In addition to product pricing, we provide professional technology services that can be priced via a Statement of Work (SOW) scoped specifically to the customer's requirements. These can be structured as hourly rate services or at a fixed price. SHI will work with the Sourcewell member to define the detailed scope of work, including the deliverables, timeline, expectations, and milestones payments. We establish rates for services on individual SOWs, with SHI project management fees added as applicable to ensure project success. Hourly Rate Services Hourly rates are established for various roles (e.g. project manager, business analyst, developer, etc.). These rates reflect the skill level and experience required to perform the work. Our professional services experts or partners will estimate the number of hours and skill levels of resources needed to complete the scope, factoring in time for meetings, planning, documentation, testing, rework, etc. Out-of-pocket expenses may also be charged to the member separately (e.g. travel costs). We generally establish our Service Rates on a per-service basis, determined collaboratively with customers based upon their needs, and - when relevant - with Service Partners. Fixed Price Services Fixed price means the total cost for the project is agreed upon upfront and does not change based on effort or time required. This provides cost predictability for the member and is scoped with the same factors that are considered for hourly rate services including	

		the expected timeline, scope, resources required, testing, etc., and outlines the payment schedule based on expected deliverables throughout the project. Pricing for professional technology services for a scope of work typically involves several factors: 1. Scope of Work: The scope of the project, i.e., what tasks are to be performed, the complexity of the work, the technologies involved, and the deliverables expected. This will determine the amount of time, resources, and expertise required. 2. Time and Effort: An estimate of how long the project will take and the amount of work that is involved. This could be based on the number of hours or days, the number of people required, or the number of tasks to be completed. 3. Expertise Required: The level of expertise needed to perform the work will also affect the price. More complex tasks that require highly skilled professionals will be more expensive than simpler tasks that can be performed by less experienced personnel. 4. Overhead Costs: Any overhead costs such as utilities, rent, equipment, and software licenses that the service provider incurs are also factored into the price. 5. Price and Milestone Payments: Considering all factors for the project, the vendor will include the full cost (fixed price) or estimated price (hourly rate or Time & Materials) of the project and determine the milestone payment schedule. Milestones are determined by the completion of key project stages, tasks or deliverables custom to the engagement, which are completed by the vendor and accepted by the customer, at which time the customer will pay a portion of the fees for the project until the project is completed, and the final payment is made. It is important to note that any changes to the scope of work after signing or project start may result in additional costs and will be executed only after an agreed upon change order form is signed. Cost Savings SHI understands how important it is for our customers to achieve cost savings. We pride ourselves on being honest and transparent with customers, especially for pricing. We base our discount structure on SHI Advertised Price and do not inflate the price for RFPs to make discounts appear larger. SHI collaborates with vendor partners to help bring customers the best possible pricing. We constantly strive to help you save money across products and services—long after a sale is made. Our account team works with you from the beginning of your project and throughout the lifecycle of your purchase. Because we approach your IT solutions neutrally and are not limited to one or two OEMs, we can ensure you get the best solutions to support your needs. In addition, we will review buying programs and create price modeling to ensure that the technology you choose is being bought in the best way possible and at the most aggressive price. Your Account Executive will work with manufacturers and Sourcewell members to forecast volumes and to negotiate pricing on those forecasts. The manufacturer may allow for special pricing for purchases over time, in which case SHI creates a SKU within our order entry system that can only be used by the member that reflects the additional discount. SHI has built our business by helping customers save time and money when buying IT. We will continually look at the business and analyze usage and spend to uncover cost savings wherever possible. Our support teams contribute to this mission by providing expertise and options for products and processes that ensure the right technology is chosen at the right time. We have a proven track record of maximizing the benefits of large cooperative contracts for our customers, helping them to realize millions of dollars of savings.	*
60	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Our proposed discounts range from 0% - 18% off SHI's Advertised List Price. Please see the uploaded price file for category-based discounts.	*
61	Describe any quantity or volume discounts or rebate programs that you offer.	SHI fully understands how important it is for our customers to achieve cost savings. Given the breadth of manufacturers and	

products that SHI offers, rest assured that opportunities for SHI to secure additional discounts for eligible contract users are plentiful. We work to provide your contract users with the most advantageous pricing options available, and we go above and beyond to offer better pricing than the contract requires, as often as possible. SHI's position in the marketplace affords us both preferred pricing from software publishers and hardware manufacturers, and leverage when negotiating with partners on our customers' behalf. We will work closely with our network of software publishers and OEMs to identify areas for additional savings and better return on investment for Sourcewell.

The following demonstrates some ways we identify cost savings opportunities for our customers:

Hardware
Volume Purchase Programs: Many hardware manufacturers offer volume discount programs based on customer commitment or contractual agreements. Our product specialists and hardware resource representatives review your purchases and provide recommendations for when you may benefit from these programs. We ensure you receive all eligible benefits with the assistance of your AE.

Volume Discounts: Even manufacturers without formal discount programs may offer additional discounts based on the size and purchasing volume of Sourcewell. We negotiate with manufacturers to obtain the best price for you. Your AE will analyze SHI's extensive reports to determine product lines or manufacturers where you make large quantity purchases and negotiate accordingly.

Manufacturer Specials/Promotional Pricing: Your AE continuously monitors the market and manufacturer promotions that benefit Sourcewell. They will bring these opportunities to members' attention, considering the timing of the promotion in relation to deployment needs.

Rebates: SHI does not provide standard rebates to member contract users, but we are committed to offering our customers the most competitive pricing from the start. This upfront pricing approach is advantageous for Sourcewell members, as it ensures that they receive the best possible pricing right away. We actively collaborate with OEMs to secure additional discounts for large volume purchases and explore any additional manufacturer incentive programs for which members may qualify. Our aim is to consistently provide the most favorable pricing options available. *

Third-Party Manufacturers: While some customers believe they must purchase OEM peripherals, there are many third-party manufacturers that offer comparable products at lower costs. Your SHI account team will present these options to you, allowing you to select the option that best fits your requirements.

Software
Transactional Licensing Programs: These licensing programs offer significant savings to customers making large quantity purchases without making long-term commitments or forecasts. The discount level is determined by a first-time buy-in, sometimes even with just one license. Your IAMs will provide information on eligibility for these discounts during the quoting process, and your AE will identify these opportunities during meetings with members.

Contractual Licensing Programs: Members' AEs review purchase history and make recommendations for contractual licensing programs. These opportunities are typically identified based on comprehensive purchase history reports from SHI. We not only review individual purchases to identify new volume license agreements but also assess current agreements to recommend negotiations for higher discount levels and better terms.

ITAM Services
Our IT Asset Management (ITAM) team helps customers optimize hardware and software investments to ensure continuous compliance and cost savings. With a range of services tailored to customers of any scale and industry, our ITAM team leverages its expertise in managing complex infrastructures. They provide services such as

		data analysis, inventory management, licensing consultation, ITAM policy and process consulting, and service delivery management. Our team of over 80+ ITAM subject matter experts (SMEs) has unparalleled experience in achieving ITAM goals in various complex scenarios, serving customers with infrastructures ranging from 500 devices to 500,000 devices.	
62	Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.	When a customer requests the Sourcewell contract, all products will be considered contract purchases and therefore will be quoted with pricing that aligns with our category-based discounts off SHI Advertised Price.	*
63	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Given the overall breadth and customizable solutions offered under this contract, it would be hard to detail every item that will not come standard with a given purchase. However, pre-delivery inspection, installation, project management, training, and additional set-up services are not part of standard cost unless a customer specifically requests these services at the time of quoting. In addition, non-standard shipping options detailed in question 64 and credit card fees detailed in question 58 are not included in the product price.	*
64	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Shipping costs will vary depending on the equipment being ordered. In many cases, client hardware is shipped at no additional cost to the customer. Standard shipping will be covered, but special delivery requirements, expedited shipping, custom configurations or palletized shipments will be subject to a shipping charge. If shipping needs to be charged, SHI will charge the customer actual shipping per purchase. SHI sources products directly from OEMs and an expansive network of authorized distributors. As a reseller, SHI does not directly determine the cost of shipping for each order. Instead, we pass through actual shipping charges which can only be determined at the time of quote as they are based on size and weight. To reduce shipping costs, SHI will ship from the location with inventory closest to the customer's shipping address if possible. SHI can ship products via any method the customer desires. These include: • Standard delivery: The product is delivered to a fixed delivery point (such as a warehouse). Often, shipping is free on standard delivery orders. Exceptions include very large pallets (servers that are racked/stacked), and any order that requires custom configuration. • Overnight and second-day delivery: this option is available for any non-custom items upon request. There is a fee for expedited delivery. Shipping prices are determined by size and weight of the delivery and can be discussed at time of quoting. • Deskside delivery: SHI’s logistics company delivers the product directly to the end users’ desk location within the customer's building. Loading dock may or may not be available. There is a fee associated with deskside delivery. The fee is based on the size and weight of the shipment and will be priced out at the time of quoting. • Inside delivery: The product is delivered to a location inside of a customer's building. SHI’s logistics company unloads the delivery vehicle. Loading dock may or may not be available. There is a fee associated with inside delivery. The fee is based on the size and weight of the shipment and will be priced out at the time of quoting.	*
65	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Orders shipped to destinations in Alaska and Hawaii may incur additional freight fees.	*
66	Describe any unique distribution and/or delivery methods or options offered in your proposal.	SHI maintains relationships with large IT distributors, as well as smaller, local distributors, and manufacturers directly. We leverage our unique distribution model with these partners to drop ship orders directly to customers' locations. Our extensive network of distribution centers throughout the US reduces time to market for our customers. SHI always ships from the location closest to the customer's shipping address with available inventory and the best pricing option. SHI Integration and Configuration Centers SHI has provided software and hardware integration services for over 20 years to global enterprises, mid-market organizations, and	

state and local government customers. We offer a wide variety of services available through our two state-of-the-art, ISO 9001:2015 certified facilities, Knox (end user compute) and Ridge (data center)—created to provide scalable, customized, and effective integration solutions at every step of the way and for every size of deployment.

Our integration services provide:
- Expertise and experience
- Lower overhead costs
- Certified resources
- Reduced labor costs
- Quicker deployment timelines
- Reduced risk

Our configuration experts and integration centers make configuring and shipping customized hardware a seamless, effortless process. Our goal is simple: to meet and exceed expectations while providing a quality turnkey solution.

Knox Warehouse and Configuration Center
The Knox warehouse and configuration center is used for advanced systems and provides custom-configured, ready-to-ship machines. Our 305,000-square-foot facility is static-free, climate-controlled, and protected by the most rigorous physical security and cybersecurity.

The configuration center employs a variety of servers, network switches, hubs, barcode printers, and cabling to provide a secure and robust production and testing environment. Equipment is regularly added and replaced to keep up with changes driven by technological advancement and client requirements.

Knox contains 330 build stations where SHI team members can simultaneously configure approximately 1,350 devices and utilize an efficient workflow to image and configure up to 3,500 systems per day. The warehouse facility allows SHI to pre-configure and stock machines with the most popular client-specific images to provide minimum turnaround time.

Ridge Integration Data Center
A team of 140 employees staff the Ridge integration center and expands SHI's ability to support advanced data center solutions, including integration services that combine components from multiple manufacturers into ready-to-deploy rack systems. To facilitate expansion, SHI keeps an equal number of completed build rooms and rooms left available for future use. The build rooms are used to build and automate integration workflows to increase the efficiency and accuracy of work. The facility allows SHI to power more than 150 racks simultaneously.

The Integration Data Center Services (IDCS) organization provides technology-related services of the highest quality to support our customers' unique requirements. The IDCS team at Ridge provides a suite of data center services to accommodate any technology need.

SHI integrates individual custom build requirements into our quality control platform for documentation, verification, and reporting. SHI's pre-configuration platforms increase deployment speed and reduce risk and complexity by constructing solutions in the staging facility.

These configuration warehouses offer a variety of support services prior to delivery of end-user and data center hardware.
- Server rack and stack (Ridge)
- Advanced configuration
- Mobile device configuration
- Integrated add-ons
- Asset tagging
- Image deployment
- Laser etching
- Activation
- Kitting
- Custom label and packing
- Inventory management

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
67	b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
68	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	SHI's Capture and Strategy organization has multiple team members dedicated to our compliance and the success of the Sourcewell contract, including our Capture and Business Development Manager, Contract Compliance, and Contract Reporting Analysts. Capture and Business Development Manager As we mention throughout this proposal, Sourcewell will continue to have a dedicated Capture Manager, Tory Pubylski, working with the assigned SDA to consistently monitor our contract usage, compliance, and opportunities to grow the contract together. The Capture Manager will work with the Compliance team to train all sales teams utilizing the Sourcewell contract immediately upon award so that field and inside sales are aware of how to adhere to accurate contract pricing and terms and conditions of the contract. Tory will serve as the main point contact of for any issues or concerns that arise during the contract. Contract Compliance Sourcewell is looking for a partner that takes contract compliance seriously. We understand the importance of this aspect of the business, which is why SHI's Contracts Compliance organization is focused on meeting agreed-upon requirements. This team is comprised of five members who can confirm we meet the expectations outlined in your RFP and subsequent contract. We do this during the proposal process, contract negotiation, and beyond through: • Issue investigation and resolution • Proactive internal auditing • Proactive tracking of operational obligations • Process improvement recommendations • Strategic updates If inquiries or reviews are required, our dedicated team can investigate and provide findings with a suggested path forward, which we believe will strengthen our working relationship. Pricing, Reporting, and Administration Fees To ensure proper pricing, SHI will create a custom catalog in our system based on the agreement with Sourcewell. This contract pricing is visible to customers on our website—with real-time updates using live data feeds from SHI's suppliers. Our web catalog team manages the catalog content and audits pricing to ensure accuracy. In addition, we can run reports related to purchases made under Sourcewell's contract. Orders placed through the website and with our Inside Sales teams will capture the Sourcewell contract number so the sale will show when the Contract Reporting Analyst pulls the quarterly report. We can also collect data in customized fields and can deliver both standard and custom reports. SHI can deliver standard reports in one of three formats, including: • Contract invoice detail • Manufacturer profile

- Invoice detail

After the reports are reviewed and confirmed to be accurate, the analyst will submit them directory to our Supplier Development Administrator and then coordinate payment with our accounting department for the correct amount in administrative fees to be paid to Sourcewell.

Sourcewell Dedicated Contract Capture and Compliance Team Members *

Victoria (Tory) Pubylski, Capture and Business Development Manager -- As Capture and Business Development Manager, Victoria, or Tory as many know her, manages the SHI relationship with the Sourcewell Cooperative. Tory works to grow SHI's business under our awarded contract with Sourcewell by training our sales teams, joining customer calls, answering customer inquiries, and connecting customers to their SHI account executives. She also works with SHI's account executives to understand the contracts we have available to their customer base, how to appropriately utilize them, and prepare them for strategic upcoming RFPs where there could be an opportunity to increase our support through new contracts.

Tory has supported the public sector at SHI since 2015 as a Sales Support Operations Manager. She joined the Public Sector Proposals team in 2018, supporting government and education until transitioning to her current role in 2022. She feels most rewarded in her role when providing training and information to our sales teams and seeing their passion for how to support their customers as best as possible. She currently resides in Austin, TX.
To learn more about Victoria or to view her background and resume, please visit her on LinkedIn at https://www.linkedin.com/in/victoria-tory-pubylski-604b4583/.

Arianne Mount, Director of Public Sector Contract Compliance — Arianne started her career with SHI more than 15 years ago as an Inside Account Manager. She then transitioned into a sales support specialist role, serving SHI's business units in a sales analyst capacity. That role evolved into a leadership position for two separate teams, which helped manage all incoming legal and proposal submissions. These teams also tracked results and developed data-based strategy updates. Following her success in that role, Arianne was offered an opportunity to manage a proposal operations team focused on the proposal lifecycle, metrics, and data-led strategy. In 2022, she expanded her team to include contract compliance, which supports SHI's salesforce and customers with their public sector contracts.

Arianne currently manages a team of public sector compliance specialists responsible for strategy, reviewing capabilities, initiating new processes to align with customer requirements, tracking cadenced operational obligations, and issue investigation and resolution. She feels most rewarded in the role when her team can impact day-to-day processes for SHI and improve customer satisfaction with their contracts.

Arianne is a resident of central New Jersey. To learn more about Arianne or to view her background and resume, please visit her on LinkedIn at https://www.linkedin.com/in/arianne-mount-2b301146/.

Anthony Sapichino, Sr. Contracts Compliance Specialist—Sr. Contracts Compliance Specialist Anthony Sapichino works at the pre- and post-sales stages to ensure that SHI is compliant with our public sector contracts. In his role, he supports everyone from our proposals team to the post-sales team with compliance issues, helping to ensure that SHI is compliant with all requirements.

Anthony has been with SHI for over ten years, beginning as an Inside Account Manager supporting mid-Atlantic public sector accounts for two years before becoming a manager

		in the strategic space. He was a manager for seven and a half years before recently moving over to the compliance team. Anthony resides in Parlin, NJ. To learn more about Anthony or to view his background and resume, please visit him on LinkedIn at https://www.linkedin.com/in/asapichino/.	
69	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	In our experience, there are a few key indicators of success for contracts of this type: 1. Overall sales revenue The first, and most obvious, is simply the number of sales that are being done through the contract. We look for these to grow each month. 2. Number of entities using the contract. We believe that to be viewed as a successful partner to Sourcewell we need to be adding net new buying entities to the contract. 3. Number of AEs who are using the contract. In addition to the number of public entities that use the contract, we also track the number of Account Executives at SHI who make use of the contract. We track this metric regularly and are always looking for 100% participation with our cooperative contracts. 4. Customer Feedback. We rely on our customers to provide feedback with regards to doing business with SHI and believe this contract's success can also be measured by customer feedback. Providing our customers flexible and viable contract options makes their job easier. When we lead with Sourcewell and educate members on value, we expect we will get positive feedback. SHI has tracked these numbers under our current awarded contract and based on these metrics, SHI's current Sourcewell contract has been very successful. We will continue to analyze this same data under a new awarded contract to ensure we stay on the same path.	*
70	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	SHI proposes a 1% Administrative Fee. We believe this nominal fee keeps the contract competitive and even more marketable.	*

Table 14A: Depth and Breadth of Offered Equipment Products and Services

Proposers must designate if they are seeking an award in Category 1 only or Categories 2 and/or 3. As stated in Section II. B.1. of "REQUESTED EQUIPMENT, PRODUCTS, OR SERVICES," Proposers responding to Category 1 must offer a complete electronic catalog system permitting Sourcewell and Sourcewell Participating Entities to make web-based purchases."

Proposers submitting a proposal in Category 1 must include at least one solution in each of Categories 1, 2, and 3 within its singular proposal. For example, if a Proposer offers solutions within the scope of Category 1, 2 and 3 the Proposer should designate it is seeking an award in Category 1. Proposers seeking award in Category 2 and/or 3 must include at least one solution offered within the scope of the desired Category.

Line Item	Category 1	Category 2	Category 3

Table 14B: Depth and Breadth of Offered Equipment Products and Services

Line Item	Question	Response *	

72	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	We are pleased to offer our comprehensive catalog of products and services to meet the unique needs of each Sourcewell member in response to this RFP. We pride ourselves on our vendor-neutral approach, which allows us to provide the most suitable technology solutions for various IT environments. Our offerings span a wide spectrum, from software and hardware to cloud services and more, courtesy of our extensive partnership network of over 15,000 product partners. SHI is committed to offering full IT solutions to Sourcewell members, ranging from basic software and hardware commodities to sophisticated, end-to-end data center solutions. Our expertise in crafting IT solutions that perfectly align with our customers' needs ensures that your members will benefit from our wealth of knowledge in designing, implementing, and optimizing IT ecosystems. We offer a broad range of IT solutions that cater to the unique needs of Sourcewell's members. 1. Hardware and Software Products: SHI offers a wide array of hardware and software products from leading manufacturers. We collaborate with top technology partners such as Apple, Microsoft, Adobe, Dell, HP, and Cisco. 2. Advanced Solutions: SHI provides advanced solutions like cloud computing, data center infrastructure, networking, and security. Our cloud solutions include services for public, private and hybrid cloud environments. 3. IT Asset Management: SHI helps businesses manage their software and hardware assets more effectively. We provide services for software licensing, hardware lifecycle management, compliance and risk management. 4. Professional Services: SHI's professional services team can help with everything from initial assessments and consultations to full implementations. These services can help members optimize their IT environments and implement new technologies. 5. Support Services: To ensure smooth operation, SHI offers a range of support services, including hardware maintenance & support, software support, and managed services, delivered directly by our internal teams, by the manufacturer directly, or by subcontracting through our elite partner network. 6. E-commerce: Our robust e-commerce platform allows customers to purchase IT products easily and track their orders. 7. Sustainability: SHI also focuses on providing sustainable IT solutions. We offer services like IT asset disposal and recycling to help customers reduce their environmental impact. In summary, SHI's wide range of IT solutions is designed to help entities address their technology challenges, optimize their IT investments, and navigate the ever-changing technology landscape. Our strategic technology partnerships can be viewed on the partner page of SHI.com. https://www.publicsector.shidirect.com/public-sector/brands Our purpose is to provide the best overall value to Sourcewell, and we understand that this goal is achieved through a combination of world-class support, aggressive pricing, and extensive product and service offerings. Our objectives align with your mission to "provide leading solutions that empower community success," and we accomplish this by remaining laser-focused on customer relationships: every SHI employee understands that we are here because of our customers and will remain here only as long as we continue to provide extraordinary products, services, and customer satisfaction.
73	Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.	SHI is a customer-centric provider of diverse software, hardware, and IT products. We are proud of our wide array of services and support, offered directly or via our expansive network. We collaborate with 15,000 unique publishers and OEMs, holding top-tier certifications from leading OEMs such as Apple, Cisco, Dell, HP, Microsoft, and VMware. As the technological landscape evolves, so does our product catalog, constantly updating to meet customer demands. Our IT solutions range from software and hardware procurement to comprehensive data center solutions. Below, we provide subcategory titles along with details on some of our most up-to-date solution offerings. Hardware End-User • Devices - PCs, Laptops, Tablets and Smart Phones • Peripherals – Monitors, Cables, Accessories like Keyboards, Mice, Headsets, Memory, and Audio/Visual Equipment, etc. • Digital Signage, Kiosks, and Touchscreen Devices • Mobility – Tablets, Smart Phones, Printers, Mobile Device and App Management • Unified Communications and Collaboration (UCC) – Devices, conferencing and collaboration platforms, cameras, headsets, etc. • Services: Imaging, configuration, asset tagging, inventory, warehousing, kitting,

and shipping
Print - Printers, Scanners, MFDs, Toners and Supplies
Data Center - Servers and Storage, Power and Cooling, and Services: Configuration, asset tagging, kitting, and shipping
Networking – Wireless, Routers / Switches, SD WAN, Connectivity

Software
SHI has partnerships with thousands of software partners, including key relationships with publishers like Microsoft, Adobe, IBM, VMware, and SAP, and we offer a wide range of services delivered directly by our internal teams, by the manufacturer directly, or by subcontracting through our elite partner network.

Cybersecurity/SOC Monitoring
As your organization pursues cloud, digital transformation, and remote workforce strategies, SHI can help you defend against cyberattacks' growing threat and navigate complex regulatory requirements. SHI works with leading cybersecurity technology providers to promote sound information security governance and ensure that your infrastructure, data, and people are protected.

Our solutions center around Identity and Access Manager, Application Security, Data-Centric Security, Data Center and Cloud Security, Threat and Vulnerability Management and services, including security risk assessments, incident response, program strategy and operations, and security strategy consulting.

From assessment to implementation, we help organizations reduce risk with a dynamic approach that strikes the right balance between people, processes, and technology. Here are some of the ways that we can advance your cybersecurity:
• Secure Governance: In a rapidly evolving landscape of threats and regulatory obligations, SHI helps you address cybersecurity governance challenges by effectively setting strategy, standardizing processes, enforcing requirements, and ensuring you have the resources in place to achieve security and business goals.
• Secure Infrastructure: SHI takes a balanced approach to cybersecurity that ensures consistency across on-premises, hybrid and multi-cloud environments. Our experts help you address modern data center challenges with a strategy that starts with architecture and optimizes security controls and policies.
• Secure Data: SHI helps shift your focus from trying to secure everything to protecting what matters most – your data. We work with you to locate and understand your sensitive data, so you can establish exactly what you are trying to protect and ensure the appropriate controls are in place.
• Secure People: We partner with you to address the human element of cybersecurity. Our solutions and services enable you to thwart attacks that exploit human vulnerabilities, including malware, phishing, and impersonation across email and the cloud.

Cloud
Our Cloud solutions teams can help customers navigate Public and Private Cloud Environments, as well as Software as a Service (SaaS), Hybrid SaaS, Infrastructure as a Service (IaaS), Platform as a Service (PaaS), Database as a Service (DBaaS), Unified Communications as a Service (USaaS), “X” or Miscellaneous as a Service (XaaS or MaaS) solutions. We also offer a wide range of cloud services, including cloud migration, optimization, and management, and we have partnerships with major cloud providers like Microsoft Azure, AWS, and Google Cloud.

EULA Management
SHI offers EULA review services for a fee. The end-user license agreement services are performed by a contract administrator experienced in negotiating software license agreements. These services offset the burden of risk our customers must manage for what is considered "long tail" software publishers, meaning those non-major or strategic partners. SHI works with you to establish a playbook of rules, processes, and policies related to identifying risk and how best to contractually address the various software publishers in scope. After a negotiation, SHI prepares a summary for your review and action. This summary would include details about any remaining risks, concessions made, requirements the publisher refuses, etc.

Advanced Solutions Group (ASG)
The IT landscape has seen significant changes over the past decade, with a growing focus on holistic solutions that address evolving customer needs, as opposed to mere commodity products. Responding to this shift, SHI developed our Advanced Solutions Group (ASG) to provide solution-based support. This team, comprising over 600 technical experts holding 3,000 certifications in various products and solutions, is dedicated to meeting Sourcewell members' requirements, guiding you to the right technology, and aiding in integrating that technology into your environment. The Advanced Solutions Group, like all of SHI, maintains a vendor-neutral stance, utilizing its vast experience to tailor discussions that best suit each member's specific needs. We provide support during the strategy and solution design phase of a project, assisting with planning, assessments, conceptualization,

proof of concepts, and procurement of demo units.

Our ASG team has focused solutions groups including:
- o End-User/UCC
- o Cloud Design, Adoption, Optimization and Management
- o Data Center Technologies – Server/Storage/Backup
- o Networking – Core, Edge and Transport
- o Security Solutions

These teams, include solutions engineers and professional services support, working arm-in-arm with our devoted OEM partner teams to assist our customers in keeping pace with their evolving IT needs and facilitate seamless technology adoption.

Professional Services
Our professional services teams are vendor-neutral and use an extensive range of experience to help tailor conversations optimally for any member's specific environment. We see our professional services offerings as a differentiator in the hardware and software reseller marketplace. Our objectives are to 1) help ensure our customers are purchasing the right solution, 2) help our customers deploy the chosen solution as rapidly as possible while minimizing risk, and 3) maximize customers' adoption of the chosen technology, thereby maximizing the value of their investment.

Managed Service Provider (MSP)
SHI's Managed Service Provider (MSP) solutions include a wide range of services, such as network management, cybersecurity, data backup and recovery, cloud services and our complete portfolio of Modern Workplace Services.

Modern Workplace Services
SHI's Modern Workplace Services (MWS) cover hardware Lifecycle Services, Multi-Vendor Platform Support (MVP), Asset Recovery, Digital End-User Experience (DEX), Staff Augmentation, Mobility and Warranty services.

Lifecycle Services
The modern workplace has become increasingly dynamic. However, varied locations, schedules, and technology use can all be costly considerations when managing your workforce. SHI's Device as a Service (DaaS) solution is designed to help Sourcewell members adapt to this change, providing outcomes that achieve cost and operational efficiencies. We provide comprehensive management of all your devices across every stage of the asset lifecycle and are committed to keeping your end users productive and engaged.

Our customizable solution ensures you have the devices you want, the support you need, and the lifecycle of your devices managed based on a predictable, monthly, per-device cost. DaaS is an alternative to a traditional lifecycle services procurement approach. It provides customers access to the latest end-user computing and all-inclusive managed services to help meet their ever-changing technological needs. Each DaaS engagement is customized to include configuration, deployment, technical and warranty support, and IT asset recovery and disposal solutions.

DaaS can provide substantial benefits to members, including increased flexibility and multiple device options, and it accommodates IT budgets and operations with OpEx, hybrid and CapEx models. The DaaS model allows for a per-unit, per-month fee for the member's contract term, including the hardware's pricing and all related services.

ZeroTouch Provisioning
Regardless of the devices and operating systems that customers opt for, SHI can aid them in establishing a ZeroTouch deployment strategy. This is possible due to SHI's leadership in Zero Touch capabilities since its inception in 2011, and its commitment to OEM program adoption.

SHI provides support for a variety of platforms, including Apple Business Manager, Windows Autopilot, Chrome Zero Touch Enrollment, Android Zero Touch Enrollment, and Samsung Knox Mobile Enrollment.

With a history of being at the forefront of such services, SHI was the first reseller to offer Apple Business Manager, enroll devices into Autopilot, and provide ZeroTouch Services for Chrome.

Multi-Vendor Platform Support
MVP Support helps businesses confidently support multiple enterprise platforms to dramatically reduce costs and eliminate complexity often found with multi-vendor support services. MVP Support is a global support solution powered by Level 3 engineering PODs, service delivery, critical incident management, and a powerful integration platform to support complex vendor escalation workflows and processes.

Digital End-User Experience (DEX)
SHI's Digital Employee Experience (DEX) service provides an accessible view of everything affecting an end-user's performance. It fosters a productive user experience in which IT issues are detected, diagnosed, and resolved often before users even feel the impact. Our DEX Managed Service includes deployment, configuration, and optimization of your digital experience platform, allowing you to take full advantage of your current OEM toolset. We allow our customers to sit back and relax by helping them gain complete visibility and insight through advanced dashboards to create automated and proactive responses, resolving issues before disruptions occur.

Staff Augmentation
SHI's Staff Augmentation program is built on the expertise of our elite partner network of staffing providers. SHI maintains relationships with a wide range of staffing partners around the world, enabling us to find the right blend of SHI internal and staff augmentation resources to address even the most complex requests. Through this robust network, SHI can ensure that our customers have a deep and diverse candidate pool as they seek to accelerate their business by infusing talent and expertise through staff augmentation.

We source the perfect IT professionals for your needs by:
- Obtaining a complete understanding of each assignment.
- Developing a thorough search plan that may include pre-identified targets, organizations, resumes in our database, Internet advertising and searching, and engaging one of our qualified partners.
- Conducting a multiple screening process, which includes our technical recruiter, recruiting manager, and one of our technical resources.
- Checking professional references prior to the client interview.
- Presenting our top candidates to you for review and interview.

SHI provides members the benefit of having fast responses from our dedicated resources who act as a single point of contact to assist with onboarding and off-boarding candidates with no hidden fees all backed by our reliable recruiting process.

IT Asset Management (ITAM)
The IT Asset Management (ITAM) team at SHI helps our customers optimize Hardware and Software investments to ensure continuous compliance and cost savings. The ITAM team at SHI has a full portfolio of services to support customers of any scale, industry, and sector. With a team of over 80+ ITAM SMEs, many of whom are former auditors themselves; SHI has Data Analysts, Inventory Engineers, Licensing Consultants, ITAM Policy and Process Consultants, and Service Delivery Managers on hand to become an extension of your existing resources.

Our ITAM team provides SAM services to customers ranging from 500 devices to 500,000 devices with widely varying and complex infrastructures. ITAM Services combine:
- Volume License expertise supporting the world's most complex IT environments since 1989.
- Inventory and discovery expertise
- "Best of Breed" SAM toolsets
- SaaS-based IT Asset Management platform with 24/7 web portal
- Best Practice Service Management
- ISO 19770-1 aligned SAM Process and Policies
- Dedicated SAM Licensing and Inventory Consultants, Licensing and Inventory Engineers, Process and Policy Consultants, Service Managers, and former auditors.
- Compliance and optimization baseline: A license compliance and optimization baseline is a one-time assessment of a publisher or publishers that identifies trends in your current licensing, surplus license opportunities, and licensing deficiencies to be reconciled. With the baseline, you can make informed decisions regarding license contracts, maintenance renewals, and software procurement for cost savings, reduced risk, and recycled software assets.
- Audit defense: SHI has a full, rapid-response audit defense team to assist customers in any audit situation. This service has resulted in an average settlement of 10% of the publisher or auditor's findings.

Workshops and assessments: We provide various customer workshops and assessments, from ITAM maturity assessments to cloud readiness reviews to ITAM ROI value workshops. Whether you are unsure of what software your organization has deployed, what software your license agreements entitle you to deploy, are looking to mitigate compliance risk, or reduce overall software costs, our IT Asset Management services can help you take control of and manage your assets.

The Workshop
The SHI Software Asset Management (SAM) Planning Workshop ("the Workshop") is

a compact, disciplined process that ensures the right software entitlements, measures, and collection processes are in place. The Workshop brings together all the personnel, skills, and experience needed to coordinate and plan the complex process of gathering information for asset and compliance management. The Workshop ensures that you have addressed all the software audit risk areas and are prepared to deflect audit threats and defend against audit claims without the typical (and expensive) audit "fire drill".

SHI's SAM Workshop describes all of the infrastructure and processes necessary for the effective management, control, and protection of software assets throughout all stages of their lifecycle. The strategic goals of SAM include (but are not limited to) the following:
- Control cost and business risk for a stronger financial position
- Optimize existing software investments to enable you to do more with what you have.
- Help your organization become more agile by making better use of resources, even in changing business conditions.

SAM provides the following benefits to customers:
- Cost Savings: Lower costs associated with purchasing and maintaining a software library by capitalizing on vendors' overall buying power through single-volume license contracts.
- Risk Management: Control business and legal risks related to improper software deployment.
- SAM Advantage: Stay ahead of the competition through streamlined operations and faster time-to-market.
- Good Governance: Achieve and demonstrate compliance with your responsibilities under government legislation, such as Sarbanes-Oxley.
- Disaster Protection: Protect your company's valuable software assets in the event of unexpected adversity.

Whether the goal is streamlining the business of IT with innovative eProcurement, fulfillment, and IT asset management solutions; building hybrid data center and storage solutions; securing your growing diversity of data and assets; or building a truly collaborative digital workplace, SHI has your back at every stage of the technology lifecycle.

Scholastic Esports
SHI’s dedicated team of education and technical experts is taking over the scholastic esports space by helping high schools and colleges discover the power of esports and learn the intricacies of the industry. Integrating esports with STEM and CTE enables educators to create a curriculum that aligns with workforce sectors and industries to attract more students.

Scholastic esports (electronic sports) programs are revolutionizing student engagement. The goal of esports is to create high-quality, developmental experiences so students of all backgrounds and abilities can use this as a universal platform to grow socially, emotionally, and academically.

As innovative schools are accelerating their esports environments, this digital transformation is helping students engage in STEM and technology-focused activities, professional development, and school clubs and sports programs. However, the growth and popularity of scholastic esports represent new technology challenges for our customers to procure a successful platform and educational program.

To meet these needs, SHI has developed a team dedicated to esports, which handles everything from building out arenas to curriculum creation. Our objective is to enable schools to build effective and successful esports programs through:
- Professional training, development, curriculum, software (coaches and players)
- Esports tournaments (UGC)
- Grants support/procurement
- Selling esports equipment that reacts just as fast as you do!

These solutions can be customized to the specific needs of any given school through a comprehensive discovery and consulting process. SHI offers avenues of existing curriculum to use as your own, or expert advisors to help create your own or modify a pre-existing package of curriculum. SHI helps identify, plan, and build an esports program that’s right for each organization.

STEM/STEAM
STEM/STEAM technology includes products and/or tools related to supporting education in the fields of Science, Technology, Engineering, Art, and Mathematics. In this age of constantly emerging technology, educators have shifted to focusing on future readiness by helping students increase their digital literacy, driving innovation, and providing them with skills around critical thinking and problem solving, empowering their success so they will be ready to face the world’s challenges and

solve real-world problems. Here are some examples of STEM technology products:
- Robotics Kits used to teach principles of robotics and programming.
- 3D Printers used in engineering and design to create prototypes and models.
- Coding and Programming Tools: Software like Scratch, Python, and Arduino are used to teach programming and computational thinking.
- Drones and Quadcopters are used for research and education, such as studying weather patterns or learning about aviation and mechanics.
- Virtual Reality (VR) and Augmented Reality (AR) Equipment provide immersive learning experiences used in fields like design, architecture, and medicine.
- Mathematics Software like GeoGebra, Mathematica, and MatLab are used to study and visualize mathematical concepts.
- Educational Apps and Games designed to teach various STEM concepts in an interactive way.
- Electronic Kits teach electronics and circuitry.
- Maker Spaces Equipment includes various tools and materials for hands-on exploration, such as woodworking tools, sewing machines, laser cutters, etc.

Public Safety and Public Works Solutions
Public safety is not just a concern for police and emergency personnel, but also for cities, counties, schools, and universities. Our public sector sales teams support all of these entities and we offer the following solutions to address their day-to-day needs for communication, security, and safety.
- Security/Surveillance Cameras, Body-worn cameras, and related software.
- Rugged Notebooks and In-car Mounting Hardware
- Drones and Add-Ons for Drones; UAVs (Unmanned Aerial Vehicles)
- RFID Devices, Antennas, Receivers
- Physical locking solutions and portable security hardware
- Software Solutions: Gunshot Detection Software, Investigative Analytics and Interview Room Surveillance Software, Biometric Authentication Software, License Recognition/Reader Software and Mass Emergency Notification Systems

Smart City /Internet of Things (IoT) Solutions
Technology is ever evolving and growing, just as cities are constantly expanding and growing. From a combined evolution emerged “smart cities.” The goal of a smart city is to optimize city functions and promote economic growth while also improving the quality of life for citizens by using smart technologies and data analysis. SHI is here to help guide our customers to find the technologies that can help turn their vision of a smart city into a reality.

Smart cities use a variety of technologies including software, user interfaces, communication networks, the Internet of Things (IoT), the cloud, and data center technology to deliver connected solutions for the public. With SHI, our customers have access to multiple platforms, a variety of hardware for backup connectivity, and access to multiple vendors—including industry giants like AT&T, Verizon, T-Mobile, Cisco, Intel, and more. We support our offerings with access to vendor-neutral solution architects and engineers, dedicated solution support teams, OEM support teams, and external resources from our hardware and software partners. Together, we provide expert resources to understand your smart city needs and recommend solutions from networking connectivity and handheld devices to server storage and cloud options.

We understand that smart cities and IoT are the technology of the future which can impact and improve the lives of the communities we live in. No matter where you are in your smart city solutions journey, SHI can help you accomplish your technology goals leading us to a smarter tomorrow.

SHI continues to refine our product and service offerings to meet the dynamic needs of our customers in an ever-changing technology landscape. The breadth of SHI’s solution portfolio is extensive, and including all sub-categories here would be overwhelming. However, Sourcewell members can rest assured knowing SHI has the expertise and resources to facilitate the right solution for each member's unique environment.

Table 15A: Category 1 - Depth and Breadth of Offered Equipment Products and Services

Indicate below if the listed types or classes of equipment, products, and services are offered within your proposal. Provide additional comments in the text box provided, as necessary.

Line Item	Category or Type	Offered *	Comments
74	Computer hardware, including desktops, laptops, tablets, and related devices;	(•) Yes ( ) No	
75	Networking, server, and data storage equipment, including servers, server appliances, racks and cabinets, data storage or data protection devices, and switching technology;	(•) Yes ( ) No	
76	Peripherals, accessories, components, and options, including printers, scanners, monitors, audio visual, digital signage, virtual reality, Esports equipment, unified communication hardware, mobility hardware, cabling, modems, routers, switches, power management, and supplies;	(•) Yes ( ) No	
77	Software related to the purchase of the equipment described in Lines 74-76 above;	(•) Yes ( ) No	
78	Configuration, software implementation, hardware installation, support, assessment, training, and asset lifecycle services related to the purchase of the equipment or software described in Lines 74-77 above; and	(•) Yes ( ) No	
79	Security, cloud, network, data, IT asset lifecycle services, and solutions described in Categories 2 and 3.	(•) Yes ( ) No	

Table 15B: Category 1 - Industry Specific Questions

Table 15B: Industry Specific Questions relate to products and services offered in Category 1 (see Table 15A).

Line Item	Question	Response
80	Describe your capability to report Sourcewell member purchases of products with environmentally preferred attributes (e.g., eco-labeled, rated, or certified).	SHI has the capability to report on green-certified products and does so for numerous customers. SHI will work closely with members to identify and understand green reporting requirements.
81	Identify any reseller certification(s) (or similar third-party validation of technical expertise) that your organization has attained, if any. 82	Describe your maintenance solutions for software products, such as maintenance agreements, software upgrades, continuous updates, patches, and fixes.	Proactive Renewal Management SHI's Proactive Renewal Management (PRM) is a value-added service offered at no additional cost to Sourcewell's members. PRM is primarily supported by SHI's PRO Renewal Organizer (PRO) tool but also includes SHI's contract indexing tool, Fine Print, and other value-added services. For a fee, PRM includes ITAM services to help customers optimize their IT investments and achieve cost savings. It can be challenging for organizations to proactively track expiring IT assets, maintenance, and support agreements. With inconsistent renewal dates across manufacturers and/or products, some organizations rely on the publishers and manufacturers to provide renewal notifications, which can result in missed discount opportunities or unwanted renewals of software you no longer use. In response to our customers' growing needs around expiring software, warranties, support agreements, and product maintenance programs, SHI created the PRO tool. This PRO organizer tool compiles your technology renewals into a centralized, rolling, 36-month timeline for simplified budgeting and renewal management. Customers can access the tool via SHI.com, with 24/7/365 availability. By addressing renewals in advance, you have the option to employ SHI to negotiate with the vendor on your behalf in the following areas: • IT asset selection: If better IT assets are available, SHI will negotiate with vendors to procure the better assets for our customers. • Product equivalent: SHI works with vendors to find our customers the best replacement when a product becomes unavailable. • Better pricing: SHI has quoting and pricing processes to help our customers realize cost savings across IT spend. Where possible, we pass those savings along to our customers. • License agreements: SHI collaborates with vendors to ensure our customers receive the correct number of licenses, obtain the best deals, and have licenses for the correct period. SHI also helps customers manage EULAs. Optimizing Renewals The PRO tool stores a complete list of the hardware and software your organization uses and automatically notifies your SHI account team 90 days prior to expiration dates. Replacing products without a warranty can be costly. SHI's PRO tool can track a member's IT assets, and it can also track maintenance and support renewals. Maintenance renewals are typically for hardware maintenance but can extend to software. For hardware, there is usually a warranty or maintenance offering that can sold in tandem, or there may be a base-level option included on the initial purchase, which must be renewed after the initial coverage term ends. For software, members can purchase licenses for a specified period. When the license agreement expires, the agreement needs to be renewed to continue using the software. For software subscriptions, SHI's PRO tool can help you track your software and guarantee you only pay for the software you use. Outdated equipment and expired software licenses can slow your employees' productivity. Effectively managing your IT assets is not an easy job, but with SHI's PRO tool, you can eliminate wasted time by ensuring employees always have access to the right equipment and software. Audit Protection There are two major risks associated with the unauthorized use of software licenses. First, poor software asset management can result in security vulnerabilities. Second, organizations risk unknowingly committing copyright infringement when unauthorized users download multiple instances of the software. To manage risk, SHI's PRO tool closely tracks your software licenses and usage, preventing unauthorized users from installing software provided under a license agreement managed by SHI. Some organizations choose to or must undergo a

software licensing audit or software compliance audit.

By using SHI's PRO tool, your organization safeguards itself from liability.

How it Works
When new orders are entered into our system, your account team can pull the information into our PRO tool. The tool is designed to notify your account team 90 days prior to the software expiration date; however, 120 days prior to the expiration date, the renewal is assigned to the AE managing your account. Working closely with the member, SHI can learn when and how often they would like quotes sent and how many days prior to software expiration dates they prefer notification.

Your SHI account team then actively works with the customer's procurement team, IT department, or designated point of contact to review options. Regular follow-up continues until the purchase order is placed or the customer indicates that they are no longer interested in renewing the maintenance or support agreement.
When the customer receives an email containing a renewal reminder, they are given the following three options:
- Option 1: "Yes, please send me a quote."
- Option 2: "No, Thanks."
- Option 3: "I would like to schedule a meeting to discuss."

The renewal reminder also gives the following information about software renewal: software expiration date, software publisher, product, SKU, order date, purchase order number, invoice number, and invoice date.

If an IT asset was not purchased through SHI and the customer completes the PRO form to allow SHI to track the asset, SHI only receives the expiration date of the software, software publisher, product, and SKU.

The customer need only click on option 1, 2, or 3 to send a response back to their account team.

Through our PRO tool, we offer proactive management of maintenance, warranty, and support plans that save time and money. With the customer's permission, any products purchased from SHI—or elsewhere—with an expiration date of any kind can be loaded into your renewal organizer. SHI does not see prices for IT assets purchased outside of SHI.

Quotes
In addition to renewals, the PRO tool tracks quotes. At any time, a customer can log in to their SHI.com portal and view their quotes. We keep a complete database of all quotes; however, SHI does not have access to any quotes provided by other resellers because quotes include pricing information.

Sometimes, upon renewal, vendors require a new quote altogether. Our system notifies us of vendor preferences and gives SHI the opportunity to negotiate with vendors on your behalf. This eliminates any additional work on your end. SHI does the work for you, collaborating and negotiating with vendors to provide quotes that best meet your needs.

PRO Timeline
The PRO Timeline is an interactive tool that displays upcoming renewals for the customer's OEMs.
- Users can click the reporting icon to run an in-depth report on the PRO Renewals. Reports can be exported and emailed to a co-worker as well.
- Users can also view a history of the original order.

Through the renewal timeline, SHI provides visibility and clarity around renewals for your organization, complementing the workflow of your own software and hardware renewal lifecycle efforts. These efficiencies support our customers' existing operating processes, and in some instances, SHI's PRM service even replaces or fills a void in our customers' existing workflows.

Benefits of PRO
In addition to the timeline, our PRO platform has several built-in dashboards and reports to facilitate ease of use. Additionally, you can click on the PRO Renewal Timeline to view more details. If you need to share the timeline within your organization, the timeline can be exported into Excel.

Moving Renewal Management to SHI
We have extensive experience onboarding new customers and importing their license data for future reporting and renewals. SHI onboards hundreds of new customers every year, and the process for onboarding will vary depending on the size, scope, and licensing needs of the customer. SHI's account team collaborates directly with the customer and software publishers to identify and gather necessary information on each

		licensing program and agreement. Once we receive the contract information, we populate our PRO tool database and grant your organization access. To minimize hassle, your account team and our software licensing experts work with you to complete and submit the necessary change of reseller form or process. The PRO Authorization form permits SHI to pull licensing history from manufacturers and publishers, including anything purchased elsewhere. The form provides the licensing type, quantity, coverage terms, and entitlement or agreement numbers, but does not give SHI access to previous pricing. The sole purpose of the PRO Authorization form is to help SHI better track your purchases so that we can better support your organization in the future. Just like the PRO Renewal Management service—the PRO Authorization form is optional for customers to complete. Sustained Value-added Benefit SHI's Proactive Renewal Management is a free value-added service for all our customers. The PRO tool gives your organization peace of mind, proactively managing maintenance, warranty, and support plans. With products purchased through SHI automatically loaded into your renewal organizer and quotes automatically sent to you 90 days before the expiration of the service, you can rest assured that SHI keeps track of your software assets. Speak with your account team to find out how to maximize the benefits of Proactive Renewal Management for your organization. Product security patches/fixes and updates for third-party products SHI resells are the responsibility of the manufacturer.
83	Describe your website and the ease-of-use for customers, including order placement, payment, order tracking, etc.	SHI.com is SHI's single-source procurement platform available to all SHI customers. With over 470,000 products available, our platform offers the latest functionality in a user-friendly interface. From the comfort of the office, members can access the most recent catalog features, customization options, approval routing, workflow, reporting, order status, and our PRO Renewal Organizer (PRO) Timeline. SHI's procurement platform provides an efficient and intuitive way to access your customized catalog of products and procure any of those products at any time. SHI.com's business-to-business functionality includes innovative custom catalog capabilities that provide personalized views of product information and enable you to find and compare SHI's products, view key metrics (like frequently viewed products and contract or standard items), and simplify purchasing. Access Each authorized user within an organization has a username and password that automatically links them to the approved customer catalog with your contracted pricing. A manager with employee admin permissions can create and disable user accounts. The platform is designed to support self-service functions, including registering new users — of which there is no limit. As an IT company, we take privacy and security seriously. Your information will not be shared with software publishers or third parties without explicit permission. Search Features Customers can easily find products using our intuitive search functionality. You can select up to five products to compare item features side-by-side. In the product details of a viewed item, you can also add an item to your favorites list. SHI delivers a differentiated customer experience that simplifies purchasing, encourages repeat business, and boasts key metrics like frequently viewed products, contracts, or standard items. Our catalog is updated daily with the latest information from our partners. SHI.com shows product availability, and if the stock is not currently available, the catalog displays an ETA for quantity and time frame for restocking. If the product in question is out of stock, SHI recommends engaging your dedicated SHI account team for further assistance. We may be able to recommend an alternative option that is currently available. For products not listed in the catalog, your sales representatives have the ability to upload a tailored quote to the website. This quotation can be conveniently added to the shopping cart to streamline the ordering process, eliminating the requirement for a separate non-catalog buying procedure. Order Placement SHI provides an easy-to-use Checkout Process that can also be customized to your specifications: • Users can save addresses to an address book to easily select the appropriate ship-to address. • Custom Data Collection—we will create fields to collect the information you need about the purchases your employees make (department, project code, cost center, and so on).

		• For our Terms Customers—enter a PO number and for our Credit Card Customers—use the security of PayPal to complete your purchase. • See the freight based on the shipping address entered. Some customers require that additional information be captured with each hardware purchase. Therefore, SHI has designed an “interview page” to collect pertinent information. Order Tracking SHI.com provides a wide range of search options to quickly locate and view order statuses, tracking information, serial numbers, and invoices. Returns Our return process is simple. To request a return, contact your dedicated sales team, via email, phone, or through the “Request Return Authorization Number” section on the SHI.com website. Your Inside Account Manager will then provide you with a return authorization (RMA) number and a shipping label. With the RMA number clearly included on the shipping label, the customer then ships their return to SHI, and we process the return. In some cases, to expedite a return, SHI will arrange to have the product picked up directly. Once the return has been fully processed, SHI will credit the customer’s invoice. In addition, we send out replacement orders before receiving returns to expedite the process for the customer. More information and details are available at SHI’s Return policy. Approval Routing Only authorized users within your organization can submit orders on SHI.com. However, many of our Public Sector customers allow their employees to request products, but not place orders. To accommodate ordering for those employees, SHI provides approval routing through SHI.com. With support for as many levels as your organization requires, requisitions are forwarded to the appropriate people for approval. Once an order is approved, the requestor (and anyone else listed to receive notices) will receive an email confirming approval; the order will then be uploaded into SHI’s internal order processing system. Reporting The ability to run real-time reports on SHI.com is based on permissions assigned to the usernames; so only authorized users within the organization can run reports. Your SHI account team can also run reports and set up email delivery directly to you. All reports can be set up on a subscription basis and delivered automatically daily, weekly, quarterly, or in whatever frequency you choose. Business intelligence (BI) data is refreshed hourly from our ERP system where the order and invoice data are captured. Data is up to date in BI within one to two hours of when the order is invoiced in our ERP system. Customization SHI adds relevant content to the website regularly and offers tremendous customization. On your SHI.com homepage, we can display your logo, welcome messaging, highlight featured products and company standards. Also, the News and Announcement section can provide pertinent product announcements, end-of-life information, support information, promotions, webinars or unique event invitations, and other industry news that may be of interest to your organization. SHI will notify your procurement team of any information before it gets posted. Communication with your Account Executive will enable blanket purchase orders to be built into our internal AX application and customized messages to be displayed on the website. Additional customization includes: • Set up users by groups: Purchasers, IT Department, Accounting. • Custom Checkout and Pre-loaded address list. • Setup basic Approval Routing. • Create custom product configurations. Training To better help your organization use the many features SHI.com has to offer, SHI's ecommerce specialists provide training to employees authorized to access Your Home @ SHI.com. We will work with Sourcewell to determine the training program and schedule that works best for you.

Table 16A: Category 2 - Depth and Breadth of Offered Equipment Products and Services

Indicate below if the listed types or classes of equipment, products, and services are offered within your proposal. Provide additional comments in the text box provided, as necessary.

Line Item	Category or Type	Offered *	Comments
84	Cybersecurity services, such as cyber risk assessments, program strategy and operations, zero trust, skills and training, penetration testing, threat and vulnerability management, content security, network visibility and endpoint detection, log aggregation and correlation, disaster response and recovery, and managed cybersecurity;	(•) Yes ( ) No	These services are included as part of SHI's entire catalog of products and services offered as part of Category 1 for this contract.
85	Physical security services, such as site assessment, upgrade planning and execution design, installation, integration, access control, video management, and managed physical security services;	(•) Yes ( ) No	These services are included as part of SHI's entire catalog of products and services offered as part of Category 1 for this contract.
86	Cloud, such as Infrastructure as a Service (IaaS), Platform as a Service (PaaS), Software as a Service (SaaS), and strategy, design, migration, deployment, and managed cloud solutions;	(•) Yes ( ) No	These services are included as part of SHI's entire catalog of products and services offered as part of Category 1 for this contract.
87	Network, such as maintenance and monitoring, edge computing, SD-WAN and LAN, and data center networking;	(•) Yes ( ) No	These services are included as part of SHI's entire catalog of products and services offered as part of Category 1 for this contract.
88	Data, such as data modernization, data backup, data and document processing and storage, and assessment, validation, production, and management of AI and machine learning solutions; and	(•) Yes ( ) No	These products and services are included as part of SHI's entire catalog of products and services offered as part of Category 1 for this contract.
89	Related solutions, such as endpoint security products, network security technologies, identity and access management technologies, security analytics, data security products, IP video monitoring systems, intelligent controllers, mission control systems, electronic locks, network infrastructure, and server room technology.	(•) Yes ( ) No	These products are included as part of SHI's entire catalog of products and services offered as part of Category 1 for this contract.

Table 16B: Category 2 - Industry Specific Questions

Table 16B: Industry Specific Questions relate to products and services offered in Category 2 (see Table 16A).

Line Item	Question	Response
90	Describe how you help organizations with their zero-trust programs, if applicable.	SHI's security experts help customers understand the components of a Zero Trust program, how they fit together, and what technologies support it, and then help them select those technologies based on deep technical proficiency. Zero Trust assessments cover the customer's entire environment from their end-users, devices, networks, and applications to data. Benefits of a Zero Trust program: • Improve overall security posture • Improve end-user experience and productivity • Transform the way security teams work together • Simplify the security stack • Optimized security costs

91	Describe how you deliver cybersecurity solutions in accordance with the National Institute of Standards and Technology (NIST) framework, if applicable.	SHI Security Solution Architects (SSA) are responsible for the delivery of security practice-specific project-based client engagements. The SSA evaluates client business and technical requirements and develops enterprise-wide critical security control-based solutions. With an average of 8-20 years of industry experience, the SSAs serve in different roles within organizations and have acquired a diverse security background formulated from business verticals such as financial, automotive, insurance, life science, technology, and public sector establishments. Our SSA team members' expertise includes policy and procedural development aligned with industry frameworks and supporting industry compliance regulations such as, but not limited to, ISO 27001, NIST/FISMA, HIPAA, CJIS, and PCI standards. Delivery formats provided as a part of our engagement strategy include security workshops, architecture rationalization capability, and recommendation and roadmap development. Team members hold an average of two to five certifications, such as, but not limited, to: • Certified Information Security Manager/Auditor (CISM/CISA) • SANS Global Information Assurance Certification (GIAC; GSEC; GCIH; GICSP; GPEN) • Certified Information Systems Security Professional (CISSP) • Certified Ethical Hacker (CEH) • Information Technology Infrastructure Library (ITIL v3) • Certified Cloud Security Professional (CCSP) • Over 100 Industry Partner Certifications including but not limited to: CISCO (CCIE); (CCNP); Palo Alto (PCNSE); Fortinet (NSE) Checkpoint (CCSE) and many others. SHI will also assign a Project Manager (PM) to manage the overall delivery of each project. Our qualified Project Managers cover all aspects of formal project management, from the "initiating" phase through "closing". Please see attachment titled "SHI Technical Certifications."
92	Please list any certifications or testing results you or your partner(s) hold which show security posture in your proposed solutions, if applicable.	Please see attachment titled "SHI Technical Certifications."
93	Describe how you deliver cloud solutions in accordance with the NIST definition of cloud computing, if applicable.	SHI's cloud support services provide insight into your cloud environment, allowing us to make tangible recommendations that benefit your organization. We can help identify overprovisioned or dormant resources, analyze historical usage to determine more favorable pricing models, and provide ongoing monitoring to ensure you stay on track with a secure, cost-efficient, and optimized cloud environment. Our certified solutions architects and technical consultants combine their expertise to deliver services that optimize the business and IT benefits of public, private, and hybrid cloud technologies. Our support services include: • Cloud Platform(s) Service Onboarding: Cloud adoption starts with onboarding into one or more cloud platforms. We have standardized our approach to determine available cloud functionality and overcome billing and security challenges while guiding best practices. • Net Terms Billing: Organizations need flexible payment terms to consider their financial options, including capital expenditure (CAPEX) vs. operational expenditure (OPEX) financial models, extended net term billing and financing opportunities, account consolidation, financial chargebacks, and pricing program assistance. SHI collaborates with you to understand your billing requirements and provides a variety of billing options that fit your specific needs. • Reporting and Analytics: Capturing your organization's cloud costs and usage allows us to facilitate meaningful business decisions crucial for productivity. We will assess your metadata for multiple cloud platforms into a consolidated view and provide a guided analysis based on years of consulting experience helping clients implement cloud solutions. • Always Available Support: When you have a critical issue, you must trust that you can count on world-class customer support for your cloud solution. Our cloud support team of certified cloud account managers, cloud solution architects, and our 24x7 Cloud Service Desk is available to provide technical support throughout your cloud journey. • Cloud Spend Optimization: Cloud costs do not have to be unpredictable and difficult to manage. We provide proactive guidance based on your cloud usage and growth plans to help you reduce costs and optimize your cloud infrastructure. • Advisory Services: Whether you are in the process of evaluating your cloud strategy or need in-depth architectural support, we have the vision, technical expertise, and range of services to guide you. • Volume Licensing Expertise: We can help you move your licenses to the cloud, select the right buying programs, maintain licensing compliance, and limit the risk of audits. Our licensing experts will identify, monitor, and optimize your software assets to

ensure you receive the most value in your IT investment.

SHI support services and managed services are broken down into four categories – migrate, optimize, modernize, and manage—and no matter what stage you are in your cloud journey, SHI's cloud-certified experts can help you accomplish your goals.

Migrate
Cloud-based solutions have changed the dynamics of pre-sales, acquisition, and ongoing IT management. To keep up with growing demand and emerging technology, SHI has developed processes and support to address cloud consumption-based models, and we have resources dedicated to emerging partners to help our customers realize their single-cloud, multi-cloud, or hybrid-cloud strategy faster and more cost-effectively. SHI offers the following services for cloud migration:
- Assessments: Understand the costs of moving to public cloud for server infrastructure and licensing.
- Landing Zones: A solid foundation built within the cloud, using code as infrastructure.
- Lift and Shift Migration: Helps customers migrate to the cloud quickly and easily, by taking existing virtual infrastructure and moving it to the cloud with minimal modifications.
- Data Center Evacuation: Enables organizations to rapidly evacuate data, migrating to cloud infrastructure.

Optimize
SHI offers a selection of cloud optimization services ranging from a high-level summary of potential savings to a managed service. These services enable organizations to improve cloud governance as well as identify and remediate cloud waste to save between 30 and 50 percent of their cloud spend. SHI provides the following services and benefits as a support or a managed service:
- Summary of potential savings
- Access to optimization platform
- Technical support for optimization platform
- Management of reserved instances
- Management of savings plans
- Regular meetings to review optimization recommendations
- Custom reporting
- Technical guidance on application refactoring to reduce cost (managed only)
- Implementation of recommendations (managed only)

*Frequency of cadence meetings and level of customization depend on the monthly consumption.

Modernize
SHI helps customers modernize cloud infrastructure through automation, DevOps, refactoring, and re-platforming. Our process begins with a discovery of your people, process, and technology and includes the following services for cloud modernization:
- Cloud Architecture Reviews: Align your organizational priorities when building secure software from the ground up. Identify and highlight all security weaknesses or critical issues in your applications.
- Automation: Work within the confines of instructions, tools, and frameworks to carry out tasks with little to no human intervention.
- Containers/Kubernetes: Decouple applications from underlying host infrastructure using a ready-to-run software package, containing everything needed to run an application: the code and any runtime required, application and system libraries, and default values for essential settings. This makes deployment easier in different cloud environments.
- DevOps: Combine development and operation to increase the efficiency, speed, and security of software development and delivery compared to traditional processes.
- Re-factor and Re-platform: Modify applications or migrate to an alternate platform to better support cloud-based operations.

Manage
SHI helps organizations monitor, secure, and manage their cloud environment, allowing customers more time to focus on innovation and business objectives. SHI can manage patching, monitoring, and uptime, providing consistent support in the case of employee turnover. This solves the knowledge gap as skillsets evolve into cloud operations and provides cost savings compared to direct vendor support. Organizations can expect a named technical account manager (TAM), 24/7 support, and incident and service request management.

94	Describe which deployment methods you provide cloud-based services (e.g., private cloud, community cloud, public cloud, or hybrid cloud), if applicable.	No matter where you are in your cloud journey, from your first venture into the cloud to optimizing or refactoring existing applications, SHI's cloud experts can help make your cloud strategy smarter, more agile, and better value for money. SHI's cloud practice provides customers with infrastructure from major Cloud Service Providers (CSPs)—Microsoft Azure, Amazon Web Service (AWS), and Google Cloud Platform (GCP)—utilizing a wide range of configurations, including private, on-premises, public, hybrid, and multi-cloud. In addition, we can offer end-to-end consulting services to help you assess, design, build, migrate, optimize, modernize, and manage your cloud environment. With this combination of products, partnerships, support, and expertise, we are confident we can help Sourcewell members drive positive business outcomes as they work to streamline their cloud configuration. Partnering with SHI can help modernize data center and cloud architecture, connect and collaborate with your workforce, secure your environment, and optimize your procurement processes.

Table 17A: Category 3 - Depth and Breadth of Offered Equipment Products and Services

Indicate below if the listed types or classes of equipment, products, and services are offered within your proposal. Provide additional comments in the text box provided, as necessary.

Line Item	Category or Type	Offered *	Comments
95	IT Asset Management Services, including hardware and software asset management, software as a service management, audit management, maturity assessments, sustainability solutions, and repair and maintenance;	(•) Yes ( ) No	These services are included as part of SHI's full catalog of services offered under Category 1 for this contract.
96	IT datacenter decommissioning, including planning and valuation, data shredding, de-racking, de-cabling, de-powering, and packing; and,	(•) Yes ( ) No	These services are included as part of SHI's full catalog of services offered under Category 1 for this contract.
97	IT Asset Disposal and Retirement Services, including secure data destruction, serialization, asset value recovery, recycling, remarketing, refurbishing, onsite collection, and ESG reporting.	(•) Yes ( ) No	These services are included as part of SHI's full catalog of services offered under Category 1 for this contract.

Table 178: Category 3 - Industry Specific Questions

Table 178: Industry Specific Questions relate to products and services offered in Category 3 (see Table 17A).

Line Item	Question	Response
98	Please list any certifications your company or your delivery partner(s) hold which are relevant to IT Asset Lifecycle Services, such as R2v3, e-Stewards, NAID AAA, ISO 9001, ISO 14001, ISO 45001, and ITAM Forum.	Specific to our ITAD (IT Asset Destruction/Disposal), SHI has the following compliance certifications: • ISO 45001 Health and Safety • E-Stewards • ISO 14001 • ISO 27001 • R2 2013 Responsible Recycling SHI is International Organization for Standardization (ISO) compliant. SHI currently holds the following ISO certifications: • Current registration to the ISO9001:2015 standard • Original registration effective on February 8, 2012 • Current registration expiration on February 4, 2024 Departments in the scope: • Warehouse (receiving, picking, packing, shipping) • Configuration Center • IT data storage, back-up, and recovery • Returns • Purchasing As an ISO 9001:2015 registered company (except for design), SHI commits to maintaining our customers as the center of our business, understanding our customers' requirements, and meeting and exceeding those requirements in delivering configurable hardware products. SHI brings broad knowledge based on our customer and partner experiences and our desire to drive constant improvements across SHI to continue to deliver the excellence in execution required by our customers.
99	Please indicate the standards to which hard drives are wiped, such as the Department of Defense or NIST standard 800-88.	SHI, along with our partner network, can perform Three Pass Data Erasure that is DoD or NIST standard 800-88 compliant depending on the customer requirements. We also provide asset recovery/remarking, hard drive destruction (HDD) shredding, certificates of destruction, EPA-compliant asset disposal, chain of custody reporting, and hardware redeployment.

Exceptions to Terms, Conditions, or Specifications Form

Only those Proposer Exceptions to Terms, Conditions, or Specifications that have been accepted by Sourcewell have been incorporated into the contract text.

Documents

Ensure your submission document(s) conforms to the following:

1. Documents in PDF format are preferred. Documents in Word, Excel, or compatible formats may also be provided.

2. Documents should NOT have a security password, as Sourcewell may not be able to open the file. It is your sole responsibility to ensure that the uploaded document(s) are not either defective, corrupted or blank and that the documents can be opened and viewed by Sourcewell.

3. Sourcewell may reject any response where any document(s) cannot be opened and viewed by Sourcewell.

4. If you need to upload more than one (1) document for a single item, you should combine the documents into one zipped file. If the zipped file contains more than one (1) document, ensure each document is named, in relation to the submission format item responding

to. For example, if responding to the Marketing Plan category save the document as “Marketing Plan.”

Addenda, Terms and Conditions

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.

2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.

3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.

4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.

5. The contents of the Proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or legally authorized agent of the Proposer and will not be communicated to any such persons prior to Due Date of this solicitation.

6. If awarded a contract, the Proposer will provide to Sourcewell Participating Entities the equipment, products, and services in accordance with the terms, conditions, and scope of a resulting contract.

7. The Proposer possesses, or will possess before delivering any equipment, products, or services, all applicable licenses or certifications necessary to deliver such equipment, products, or services under any resulting contract.

8. The Proposer agrees to deliver equipment, products, and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.

9. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.

10. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.

11. Proposer its employees, agents, and subcontractors are not:
    1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: https://www.treasury.gov/ofac/downloads/sdnlist.pdf;

    2. Included on the government-wide exclusions lists in the United States System for Award Management found at: https://sam.gov/SAM/; or

    3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated

by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this solicitation.

☑ By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - Maya Lynch, Proposal Specialist, SHI International Corp.

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.

AMENDMENT #1
TO
CONTRACT # 121923-SHI

THIS AMENDMENT, effective upon the date of the last signature below, is by and between **Sourcewell** and **SHI International Corp.**, 290 Davidson Avenue, Somerset, NJ 08873 (Supplier).

Sourcewell awarded a contract to the Supplier to provide Technology Products and Services with Related Solutions, Category 1 to Sourcewell and its Participating Entities, effective March 20, 2024, through February 27, 2028 (Contract).

Supplier and Sourcewell wish to amend the Contract as follows:

Section 6. Participating Entity Use and Purchasing, B. Additional Terms and Conditions/Participating Addendum, is revised by adding the below:

Dell Apex Terms and Conditions: Dell Apex purchases made under this Contract are subject to additional terms and conditions that will be provided at the time of the transaction. In order to access this product, Participating Entities agree that these additional terms and conditions will take precedence over any conflicting terms in the Contract and any Participating Addendum.

Amazon Web Services (AWS) Terms and Conditions: AWS purchases made under this Contract are subject to the SHI AWS Terms for U.S. Public Sector Customers (the "AWS Terms") contained at this link: https://www.publicsector.shidirect.com/terms/aws-customer-agreement-public-sector. In order to access this product, Participating Entities agree that the AWS Terms will take precedence over any conflicting terms in the Contract and any Participating Addendum.

Except as amended, the Contract remains in full force and effect.

SHI Advertised Price is a verifiable source, referenced 24/7/365 at shi.com. In many cases, SHI Advertised List Price already reflects a substantial discount off Manufacturer Published List prices, where a list price exists.

Given the breadth of manufacturers and products that SHI offers, opportunities for SHI to secure additional discounts for eligible contract users are plentiful. We work to provide your contract users with the most advantageous pricing available, and we go above and beyond the minimum discounts offered, whenever possible and as often as possible.

Department: Police

FORMAL TITLE:
One-year renewal of the contract with PCN-Strategies for Getac in-car video and body camera computer aided hardware and software with an estimated expenditure amount of $229,280

OCALA'S RELEVANT STRATEGIC GOALS:

Operational Excellence

PROOF OF PUBLICATION:
N/A

BACKGROUND:
The Ocala Police Department seeks approval to renew the maintenance, hosting, and support contract for its Getac video systems. The Ocala Police Department, Code Enforcement, and Recreation and Parks have been utilizing Getac video systems since 2020. Getac in-car and body-worn camera systems record officers' dispatched calls, including emergency and non-emergency calls for service, and other encounters with citizens. The recordings are easily accessed in a web browser, allowing supervisors to review videos and evidence to manage cases and ensure proper data retention. Getac, being cloud-hosted, allows partner agencies such as the State Attorney's Office to efficiently access required videos without requiring employees to fulfill such requests.

FINDINGS AND CONCLUSIONS:
Renewing the maintenance contract ensures the most up-to-date licensing and support for the equipment. The Getac system runs constantly and requires a premium level of support to be maintained. This renewal will allow public safety entities to receive software updates and stay current with new technologies.

As a political subdivision of the State of Florida, the City of Ocala qualifies as an eligible user of Sourcewell's cooperative purchasing agreement for law enforcement equipment and services with Getac, Contract No. 090122-GET. PCN Strategies is an authorized reseller of Getac products and services under Contract No. 090122-GET which is effective through November 7, 2026. This contract can be extended for one additional year after expiration.

Cooperative purchasing programs are comprised of member cities, counties, and other public agencies nationwide that aggregate their members' purchasing power to achieve greater volume discounts. The underlying solicitation for Contract No. 090122-GET has been evaluated and determined by the City's Procurement Department to be cost-effective and to afford best value.

Staff recommends approval.

FISCAL IMPACT:
Funding for these purchases was approved as part of the Fiscal Year 2025-26 Police Department Budget Plan, and $229,280 is budgeted in the expenditure account 001-018-811-521-52-52045. This purchase will be tracked by Munis contract number 260102.

PROCUREMENT REVIEW:
These goods and services were procured in compliance with the City's Procurement Policy.

LEGAL REVIEW:
This Agreement will be reviewed and approved for form and legality by City Attorney, William E. Sexton.

ALTERNATIVE:
- Approve with Changes
- Table
- Deny

Solicitation Number: 090122

CONTRACT

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and Getac, Inc., 15495 Sand Canyon Ave., Suite 350, Irvine, CA 92618 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Law Enforcement Equipment from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

A. EFFECTIVE DATE. This Contract is effective upon the date of the final signature below.

B. EXPIRATION DATE AND EXTENSION. This Contract expires November 7, 2026, unless it is cancelled sooner pursuant to Article 22. This Contract may be extended one additional year upon the request of Sourcewell and written agreement by Supplier.

C. SURVIVAL OF TERMS. Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

A. EQUIPMENT, PRODUCTS, OR SERVICES. Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above.

DocuSign Envelope ID: 3703E756-A66A-41A9-A823-858569931E35

Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. WARRANTY. Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in materials and workmanship. In addition, Supplier warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. DEALERS, DISTRIBUTORS, AND/OR RESELLERS. Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. SHIPPING AND SHIPPING COSTS. All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be

DocuSign Envelope ID: 3703E756-A66A-41A9-A823-858569931E35

returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. SALES TAX. Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;

DocuSign Envelope ID: 3703E756-A66A-41A9-A823-858569931E35

- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell

DocuSign Envelope ID: 3703E756-A66A-41A9-A823-858569931E35

contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. TERMINATION OF ORDERS. Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

E. GOVERNING LAW AND VENUE. The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

A. PRIMARY ACCOUNT REPRESENTATIVE. Supplier will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

DocuSign Envelope ID: 3703E756-A66A-41A9-A823-858569931E35

- Maintenance and management of this Contract;
- Timely response to all Sourcewell and Participating Entity inquiries; and
- Business reviews to Sourcewell and Participating Entities, if applicable.

B. BUSINESS REVIEWS. Supplier must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, performance issues, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. CONTRACT SALES ACTIVITY REPORT. Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcewell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;
- Participating Entity City;
- Participating Entity State/Province;
- Participating Entity Zip/Postal Code;
- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;
- Sourcewell Assigned Entity/Participating Entity Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcewell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Supplier.

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcewell, the Supplier will pay an administrative fee to Sourcewell on all Equipment, Products, and Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased

DocuSign Envelope ID: 3703E756-A66A-41A9-A823-858569931E35

by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcewell in writing.

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. AUDIT. Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. ASSIGNMENT. Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld. Any prohibited assignment will be invalid.

C. AMENDMENTS. Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. WAIVER. Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

DocuSign Envelope ID: 3703E756-A66A-41A9-A823-858569931E35

E. CONTRACT COMPLETE. This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. RELATIONSHIP OF THE PARTIES. The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. This Contract does not create a partnership, joint venture, or any other relationship such as master-servant, or principal-agent.

11. INDEMNITY AND HOLD HARMLESS

Supplier must indemnify, defend, save, and hold Sourcewell and its Participating Entities, including their agents and employees, harmless from any claims or causes of action, including attorneys' fees incurred by Sourcewell or its Participating Entities, arising out of any act or omission in the performance of this Contract by the Supplier or its agents or employees; this indemnification includes injury or death to person(s) or property alleged to have been caused by some defect in the Equipment, Products, or Services under this Contract to the extent the Equipment, Product, or Service has been used according to its specifications. Supplier is not liable in any event for consequential damages. Sourcewell's responsibility will be governed by the State of Minnesota's Tort Liability Act (Minnesota Statutes Chapter 466) and other applicable law.

12. GOVERNMENT DATA PRACTICES

Supplier and Sourcewell must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by or provided to Sourcewell under this Contract and as it applies to all data created, collected, received, maintained, or disseminated by the Supplier under this Contract.

13. INTELLECTUAL PROPERTY, PUBLICITY, MARKETING, AND ENDORSEMENT

A. INTELLECTUAL PROPERTY

1. *Grant of License.* During the term of this Contract:

   a. Sourcewell grants to Supplier a royalty-free, worldwide, non-exclusive right and license to use the trademark(s) provided to Supplier by Sourcewell in advertising and promotional materials for the purpose of marketing Sourcewell's relationship with Supplier.

   b. Supplier grants to Sourcewell a royalty-free, worldwide, non-exclusive right and license to use Supplier's trademarks in advertising and promotional materials for the purpose of marketing Supplier's relationship with Sourcewell.

DocuSign Envelope ID: 3703E756-A66A-41A9-A823-858569931E35

2. *Limited Right of Sublicense*. The right and license granted herein includes a limited right of each party to grant sublicenses to their respective subsidiaries, distributors, dealers, resellers, marketing representatives, and agents (collectively "Permitted Sublicensees") in advertising and promotional materials for the purpose of marketing the Parties' relationship to Participating Entities. Any sublicense granted will be subject to the terms and conditions of this Article. Each party will be responsible for any breach of this Article by any of their respective sublicensees.

3. *Use; Quality Control.*

a. Neither party may alter the other party's trademarks from the form provided and must comply with removal requests as to specific uses of its trademarks or logos.

b. Each party agrees to use, and to cause its Permitted Sublicensees to use, the other party's trademarks only in good faith and in a dignified manner consistent with such party's use of the trademarks. Upon written notice to the breaching party, the breaching party has 30 days of the date of the written notice to cure the breach or the license will be terminated.

4. *Termination*. Upon the termination of this Contract for any reason, each party, including Permitted Sublicensees, will have 30 days to remove all Trademarks from signage, websites, and the like bearing the other party's name or logo (excepting Sourcewell's pre-printed catalog of suppliers which may be used until the next printing). Supplier must return all marketing and promotional materials, including signage, provided by Sourcewell, or dispose of it according to Sourcewell's written directions.

B. PUBLICITY. Any publicity regarding the subject matter of this Contract must not be released without prior written approval from the Authorized Representatives. Publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Supplier individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

C. MARKETING. Any direct advertising, marketing, or offers with Participating Entities must be approved by Sourcewell. Send all approval requests to the Sourcewell Supplier Development Administrator assigned to this Contract.

D. ENDORSEMENT. The Supplier must not claim that Sourcewell endorses its Equipment, Products, or Services.

14. GOVERNING LAW, JURISDICTION, AND VENUE

The substantive and procedural laws of the State of Minnesota will govern this Contract. Venue for all legal proceedings arising out of this Contract, or its breach, must be in the appropriate state court in Todd County, Minnesota or federal court in Fergus Falls, Minnesota.

DocuSign Envelope ID: 3703E756-A66A-41A9-A823-858569931E35

15. FORCE MAJEURE

Neither party to this Contract will be held responsible for delay or default caused by acts of God or other conditions that are beyond that party's reasonable control. A party defaulting under this provision must provide the other party prompt written notice of the default.

16. SEVERABILITY

If any provision of this Contract is found by a court of competent jurisdiction to be illegal, unenforceable, or void then both parties will be relieved from all obligations arising from that provision. If the remainder of this Contract is capable of being performed, it will not be affected by such determination or finding and must be fully performed.

17. PERFORMANCE, DEFAULT, AND REMEDIES

A. PERFORMANCE. During the term of this Contract, the parties will monitor performance and address unresolved contract issues as follows:

1. *Notification.* The parties must promptly notify each other of any known dispute and work in good faith to resolve such dispute within a reasonable period of time. If necessary, Sourcewell and the Supplier will jointly develop a short briefing document that describes the issue(s), relevant impact, and positions of both parties.
2. *Escalation.* If parties are unable to resolve the issue in a timely manner, as specified above, either Sourcewell or Supplier may escalate the resolution of the issue to a higher level of management. The Supplier will have 30 calendar days to cure an outstanding issue.
3. *Performance while Dispute is Pending*. Notwithstanding the existence of a dispute, the Supplier must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Supplier fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, the Supplier will bear any additional costs, with the exception of consequential damages, incurred by Sourcewell and/or its Participating Entities as a result of such failure to proceed.

B. DEFAULT AND REMEDIES. Either of the following constitutes cause to declare this Contract, or any Participating Entity order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

The party claiming default must provide written notice of the default, with 30 calendar days to cure the default. Time allowed for cure will not diminish or eliminate any liability for liquidated or other damages. If the default remains after the opportunity for cure, the non-defaulting party may:

DocuSign Envelope ID: 3703E756-A66A-41A9-A823-858569931E35

- Exercise any remedy provided by law or equity, or
- Terminate the Contract or any portion thereof, including any orders issued against the Contract.

18. INSURANCE

A. REQUIREMENTS. At its own expense, Supplier must maintain insurance policy(ies) in effect at all times during the performance of this Contract with insurance company(ies) licensed or authorized to do business in the State of Minnesota having an "AM BEST" rating of A- or better, with coverage and limits of insurance not less than the following:

1. *Workers' Compensation and Employer's Liability.*
Workers' Compensation: As required by any applicable law or regulation.
Employer's Liability Insurance: must be provided in amounts not less than listed below:
Minimum limits:
$500,000 each accident for bodily injury by accident
$500,000 policy limit for bodily injury by disease
$500,000 each employee for bodily injury by disease

2. *Commercial General Liability Insurance.* Supplier will maintain insurance covering its operations, with coverage on an occurrence basis, and must be subject to terms no less broad than the Insurance Services Office ("ISO") Commercial General Liability Form CG0001 (2001 or newer edition), or equivalent. At a minimum, coverage must include liability arising from premises, operations, bodily injury and property damage, independent contractors, products-completed operations including construction defect, contractual liability, blanket contractual liability, and personal injury and advertising injury. All required limits, terms and conditions of coverage must be maintained during the term of this Contract.
Minimum Limits:
$1,000,000 each occurrence Bodily Injury and Property Damage
$1,000,000 Personal and Advertising Injury
$2,000,000 aggregate for products liability-completed operations
$2,000,000 general aggregate

3. *Commercial Automobile Liability Insurance.* During the term of this Contract, Supplier will maintain insurance covering all owned, hired, and non-owned automobiles in limits of liability not less than indicated below. The coverage must be subject to terms no less broad than ISO Business Auto Coverage Form CA 0001 (2010 edition or newer), or equivalent.
Minimum Limits:
$1,000,000 each accident, combined single limit

DocuSign Envelope ID: 3703E756-A66A-41A9-A823-858569931E35

4. *Umbrella Insurance*. During the term of this Contract, Supplier will maintain umbrella coverage over Employer's Liability, Commercial General Liability, and Commercial Automobile.

Minimum Limits:
$2,000,000

5. *Network Security and Privacy Liability Insurance*. During the term of this Contract, Supplier will maintain coverage for network security and privacy liability. The coverage may be endorsed on another form of liability coverage or written on a standalone policy. The insurance must cover claims which may arise from failure of Supplier's security resulting in, but not limited to, computer attacks, unauthorized access, disclosure of not public data – including but not limited to, confidential or private information, transmission of a computer virus, or denial of service.

Minimum limits:
$2,000,000 per occurrence
$2,000,000 annual aggregate

Failure of Supplier to maintain the required insurance will constitute a material breach entitling Sourcewell to immediately terminate this Contract for default.

B. CERTIFICATES OF INSURANCE. Prior to commencing under this Contract, Supplier must furnish to Sourcewell a certificate of insurance, as evidence of the insurance required under this Contract. Prior to expiration of the policy(ies), renewal certificates must be mailed to Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 or sent to the Sourcewell Supplier Development Administrator assigned to this Contract. The certificates must be signed by a person authorized by the insurer(s) to bind coverage on their behalf.

Failure to request certificates of insurance by Sourcewell, or failure of Supplier to provide certificates of insurance, in no way limits or relieves Supplier of its duties and responsibilities in this Contract.

C. ADDITIONAL INSURED ENDORSEMENT AND PRIMARY AND NON-CONTRIBUTORY INSURANCE CLAUSE. Supplier agrees to list Sourcewell and its Participating Entities, including their officers, agents, and employees, as an additional insured under the Supplier's commercial general liability insurance policy with respect to liability arising out of activities, "operations," or "work" performed by or on behalf of Supplier, and products and completed operations of Supplier. The policy provision(s) or endorsement(s) must further provide that coverage is primary and not excess over or contributory with any other valid, applicable, and collectible insurance or self-insurance in force for the additional insureds.

D. WAIVER OF SUBROGATION. Supplier waives and must require (by endorsement or otherwise) all its insurers to waive subrogation rights against Sourcewell and other additional insureds for losses paid under the insurance policies required by this Contract or other

DocuSign Envelope ID: 3703E756-A66A-41A9-A823-858569931E35

insurance applicable to the Supplier or its subcontractors. The waiver must apply to all deductibles and/or self-insured retentions applicable to the required or any other insurance maintained by the Supplier or its subcontractors. Where permitted by law, Supplier must require similar written express waivers of subrogation and insurance clauses from each of its subcontractors.

E. UMBRELLA/EXCESS LIABILITY/SELF-INSURED RETENTION. The limits required by this Contract can be met by either providing a primary policy or in combination with umbrella/excess liability policy(ies), or self-insured retention.

19. COMPLIANCE

A. LAWS AND REGULATIONS. All Equipment, Products, or Services provided under this Contract must comply fully with applicable federal laws and regulations, and with the laws in the states and provinces in which the Equipment, Products, or Services are sold.

B. LICENSES. Supplier must maintain a valid and current status on all required federal, state/provincial, and local licenses, bonds, and permits required for the operation of the business that the Supplier conducts with Sourcewell and Participating Entities.

20. BANKRUPTCY, DEBARMENT, OR SUSPENSION CERTIFICATION

Supplier certifies and warrants that it is not in bankruptcy or that it has previously disclosed in writing certain information to Sourcewell related to bankruptcy actions. If at any time during this Contract Supplier declares bankruptcy, Supplier must immediately notify Sourcewell in writing.

Supplier certifies and warrants that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Supplier certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this Contract. Supplier further warrants that it will provide immediate written notice to Sourcewell if this certification changes at any time.

21. PROVISIONS FOR NON-UNITED STATES FEDERAL ENTITY PROCUREMENTS UNDER UNITED STATES FEDERAL AWARDS OR OTHER AWARDS

Participating Entities that use United States federal grant or FEMA funds to purchase goods or services from this Contract may be subject to additional requirements including the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 C.F.R. § 200. Participating Entities may have additional requirements based on specific funding source terms or conditions. Within this Article, all

DocuSign Envelope ID: 3703E756-A66A-41A9-A823-858569931E35

references to “federal” should be interpreted to mean the United States federal government. The following list only applies when a Participating Entity accesses Supplier’s Equipment, Products, or Services with United States federal funds.

A. EQUAL EMPLOYMENT OPPORTUNITY. Except as otherwise provided under 41 C.F.R. § 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. §60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 C.F.R. § 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.” The equal opportunity clause is incorporated herein by reference.

B. DAVIS-BACON ACT, AS AMENDED (40 U.S.C. § 3141-3148). When required by federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. § 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency. Supplier must be in compliance with all applicable Davis-Bacon Act provisions.

C. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C. § 3701-3708). Where applicable, all contracts awarded by the non-federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. § 5). Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of

DocuSign Envelope ID: 3703E756-A66A-41A9-A823-858569931E35

not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into this Contract. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

D. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT. If the federal award meets the definition of "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 C.F.R. § 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

E. CLEAN AIR ACT (42 U.S.C. § 7401-7671Q.) AND THE FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. § 1251-1387). Contracts and subgrants of amounts in excess of $150,000 require the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. § 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Supplier certifies that during the term of this Contract will comply with applicable requirements as referenced above.

F. DEBARMENT AND SUSPENSION (EXECUTIVE ORDERS 12549 AND 12689). A contract award (see 2 C.F.R. § 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. §180 that implement Executive Orders 12549 (3 C.F.R. § 1986 Comp., p. 189) and 12689 (3 C.F.R. § 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Supplier certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

G. BYRD ANTI-LOBBYING AMENDMENT, AS AMENDED (31 U.S.C. § 1352). Suppliers must file any required certifications. Suppliers must not have used federal appropriated funds to pay any

DocuSign Envelope ID: 3703E756-A66A-41A9-A823-858569931E35

person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Suppliers must disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. Suppliers must file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).

H. RECORD RETENTION REQUIREMENTS. To the extent applicable, Supplier must comply with the record retention requirements detailed in 2 C.F.R. § 200.333. The Supplier further certifies that it will retain all records as required by 2 C.F.R. § 200.333 for a period of 3 years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

I. ENERGY POLICY AND CONSERVATION ACT COMPLIANCE. To the extent applicable, Supplier must comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

J. BUY AMERICAN PROVISIONS COMPLIANCE. To the extent applicable, Supplier must comply with all applicable provisions of the Buy American Act. Purchases made in accordance with the Buy American Act must follow the applicable procurement rules calling for free and open competition.

K. ACCESS TO RECORDS (2 C.F.R. § 200.336). Supplier agrees that duly authorized representatives of a federal agency must have access to any books, documents, papers and records of Supplier that are directly pertinent to Supplier's discharge of its obligations under this Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to Supplier's personnel for the purpose of interview and discussion relating to such documents.

L. PROCUREMENT OF RECOVERED MATERIALS (2 C.F.R. § 200.322). A non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. § 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

DocuSign Envelope ID: 3703E756-A66A-41A9-A823-858569931E35

M. FEDERAL SEAL(S), LOGOS, AND FLAGS. The Supplier cannot use the seal(s), logos, crests, or reproductions of flags or likenesses of Federal agency officials without specific pre-approval.

N. NO OBLIGATION BY FEDERAL GOVERNMENT. The U.S. federal government is not a party to this Contract or any purchase by a Participating Entity and is not subject to any obligations or liabilities to the Participating Entity, Supplier, or any other party pertaining to any matter resulting from the Contract or any purchase by an authorized user.

O. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS. The Contractor acknowledges that 31 U.S.C. 38 (Administrative Remedies for False Claims and Statements) applies to the Supplier's actions pertaining to this Contract or any purchase by a Participating Entity.

P. FEDERAL DEBT. The Supplier certifies that it is non-delinquent in its repayment of any federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowance, and benefit overpayments.

Q. CONFLICTS OF INTEREST. The Supplier must notify the U.S. Office of General Services, Sourcewell, and Participating Entity as soon as possible if this Contract or any aspect related to the anticipated work under this Contract raises an actual or potential conflict of interest (as described in 2 C.F.R. Part 200). The Supplier must explain the actual or potential conflict in writing in sufficient detail so that the U.S. Office of General Services, Sourcewell, and Participating Entity are able to assess the actual or potential conflict; and provide any additional information as necessary or requested.

R. U.S. EXECUTIVE ORDER 13224. The Supplier, and its subcontractors, must comply with U.S. Executive Order 13224 and U.S. Laws that prohibit transactions with and provision of resources and support to individuals and organizations associated with terrorism.

S. PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT. To the extent applicable, Supplier certifies that during the term of this Contract it will comply with applicable requirements of 2 C.F.R. § 200.216.

T. DOMESTIC PREFERENCES FOR PROCUREMENTS. To the extent applicable, Supplier certifies that during the term of this Contract will comply with applicable requirements of 2 C.F.R. § 200.322.

22. CANCELLATION

Sourcewell or Supplier may cancel this Contract at any time, with or without cause, upon 60 days' written notice to the other party. However, Sourcewell may cancel this Contract immediately upon discovery of a material defect in any certification made in Supplier's

DocuSign Envelope ID: 3703E756-A66A-41A9-A823-858569931E35

Proposal. Cancellation of this Contract does not relieve either party of financial, product, or service obligations incurred or accrued prior to cancellation.

9	Proposer's other contacts for this proposal, if any (name, title, address, email address & phone):	Maria Gutierrez, Contract Administrator, contract.administrator_us@getac.com, (949) 247-4114	

Table 2: Company Information and Financial Strength

Line Item	Question	Response *	
10	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	For over 30 years, Getac has worked collaboratively with Resellers and End Users to identify, consult, develop, and deploy rugged computing solutions across a wide range of sectors; such as public safety, warehousing, transportation, manufacturing, utility, telecom and military / defense. As the 2nd largest rugged IT manufacturer in the world, Getac is tremendously proud of the impacts we have made in helping leverage technology to support the changing role of mobile data terminals in various government entities and our goal is to provide solutions that enhance operations and reduce total cost of rugged mobile data terminal ownership. Getac's current lineup of products include 8 rugged laptops and 8 rugged tablets that feature a rang of screen sizes and features to meet the need of all rugged users.	*
11	What are your company's expectations in the event of an award?	As a Sourcewell contract holder, Getac plans to utilize this cooperative contract to support a more efficient procurement method for our thousands of customers. We understand the time and cost associated with competitive bidding and look to reduce this procurement challenge for our customers across the US and Canada. We are eager to utilize a robust marketing and training plan to introduce Sourcewell to our customers as a viable procurement method for future procurements.	*
12	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	Sine 2016, Getac has consistently grown in sales from $130M in 2016 to $200M in 2021. Please see "Getac Financial Review" document attached. You may also view our past financial reports at https://en.getacgroup.com/investors/reports.php	*
13	What is your US market share for the solutions that you are proposing?	Getac currently maintains over 60% market share in the Federal space to include DoD and maintains 35% market share across rugged laptops, tablets, and related accessories and peripherals.	*
14	What is your Canadian market share for the solutions that you are proposing?	Getac currently maintains over 25% market share in the rugged laptops and tablet space in Canada.	*
15	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	No.	*
16	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	As an Original Equipment Manufacturer (OEM) since 1989, Getac has been providing rugged computing solutions for demanding professionals in extreme environments. Getac was established as a joint venture with GE Aerospace to supply defense electronic products. As the 2nd largest rugged manufacturer in the world, with sales over $41.3B, Getac is an industry leader in the rugged IT space. Rugged is all we do! We have also established key partnerships with major MDT providers like Havis, Gamber Johnson, Lind, Absolute, and Getac Video Solutions to entire our products have an ecosystem that support an effective and efficient end user solution. We have over 120 North American-based employees that provide Sales, Service and Support to the Getac customer and utilize a strong lineup of 1100+ certified resellers to work directly with the end user and/or customer to ensure the best value rugged IT solution for the buyer.	*
17	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	As a manufacturer, Getac is ISO 9001 and ISO 14001 certified. All of our devices also carry a MIL-STD 810H certification (required to officially be called "rugged") and are Ingress Protection (IP) rated for protections against sand, liquids, and other ingress damage. All Getac devices are EPEAT certified Bronze or better to ensure energy efficiency and carry all necessary US and Canadian UL certification. Our device also maintain the NETREADY designation for us across emergency service communication channels.	*
18	Provide all "Suspension or Debarment" information that has applied to your organization during the past ten years.	N/A	*

Over 30+ purchase orders from 5 - 320 qty since 2017	$3,100,000+	*
United States Air Force	Government	Alabama - AL	On USAF IT contract (currently QEB) to provide contract to provide rugged laptops and tablets to AF personnel for command and control, mission planning, flightline maintenance, situational awareness and tactical communication.	Over 30+ purchase orders from 5 - 400 qty since 2018	$3,800,000+	*

Table 6: Ability to Sell and Deliver Service

Describe your company's capability to meet the needs of Sourcewell participating entities across the US and Canada, as applicable. Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *	
26	Sales force.	Getac sales force is led by Larry D'Onofrio and supports North America Public Sector sales including all organizations covered by the Sourcewell Cooperative. Larry's team include 12 Regional Sales Managers (RSMs), geographically assigned and posses over 146 years of Rugged Information Technology sales experience. Our RSMs work directly with national and regional certified resellers and end users to develop the best value information technology rugged solution for the interested organization.	*

27	Dealer network or other distribution methods.	Our certified reseller network includes over 1100 Getac certified resellers, including large, small, and diversity business networks. A brief listing of successful Getac resellers include: Brite Datasource Mobility PCN Strategies *DuraTech USA *SHI *GST NWN Barcodes Island Tech Services Cas Severn Glacier Computing *Mobile Rugged Computers Ramco Rugged RCN Midwest Public Safety *USC Canterbury *Preferred Communications Compar Code 3 Insight Howard CDW *Companies identified with current diversity qualifications.	*
28	Service force.	Getac Service force is led by Derek Suzuki and a team of over thirty US-based developers, engineers, technical support specialists, field service specialist. Getac also maintains an Order Operations 12-member team led by Cheryl Wynkoop and provides purchasing manager order fulfillment specialists, demo loan specialists, and order operations specialists to ensure a seamless order experience from receipt of PO to customer delivery. All Getac Service tools and reports are available to the end user on our 24/7 Customer Portal.	*
29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	When an end user shows an interest in purchasing Getac equipment, we will assign certified regional reseller to support the development of the SKU# and Purchase Order. Once Getac has received the PO from the reseller, we will place the order with our factory and coordinate delivery and installation (if necessary). All Getac customers will have a Getac RSM and Reseller POC assigned to each sale.	*

30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	a. In Service Warranty - Customer support is available by calling 1-866-394-3822 or email at Getac.Support@Getac.com. End user may initiate all in-warranty requests by logging in to the Service Portal at https://support.getac.com/Portal/SetLanguage?languageCode=us. b. Out of Warranty (OOW) Services - Should a hardware problem arise requiring service for an out of warranty device our customer can follow this simple process. 1. Visit https://usrma.Getac.com/ and register as a new user 2. Once logged in, a customer will select Create Service request and Follow the prompts 3. Customers may generate a quote and save it to their account for 30 days 4. Once the quote is paid for on the Portal, an RMA is issued along with shipping labels. 5. All prices include time and material plus round-trip shipping Customer Complaints and Service-related Issues – Initial complaints and service-related issues are handled through Getac's Level 1 Technical Support. If an issue which requires escalation, a Getac Level 2/3 Technical Support Representative or Professional Services Manager will take over the case through resolution. An acknowledgement with appropriate follow up communication should take place throughout the research until resolution. Response Time (pre-CV19/Post CV19) – Getac provides technical support for Getac branded product for the following hours of operations: • Level 1 Technical Support is offered 7 days a week x 24 hours per day x 365 days a year. This would consist of basic troubleshooting, product use and service questions. • Level 2 Technical Support is offered from 8am – 6pm ET, M – F, excluding holiday / Response time when escalated from Level 1 is within 4 business hours. • Level 3 Technical Support is available from 7am – 6pm PT M-F, excluding holidays / Response time when escalated from Level 2 is by next business day. Case Management - All complaints received via email or phone call are captured in Getac's case management software and each customer contact is time stamped. Each escalation has a running time capture with escalation notification sent to all team members. This ensures the fastest response from the first available resource (Level 2/3, Prof Svc Mgr) to address the issue.	*
31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	As the second largest rugged laptop and tablet manufacturer in the world, Getac is proud to provide our rugged lineup of products to the Sourcewell participating entities. We are unique to the IT industry because "Rugged Is All We Do." Since 1989, Getac has sought to grow our North American presence and the use of cooperative contracts like Sourcewell, provides efficient and cost effective procurement opportunities for our nations' public sector and non-profit industry. Getac is prepared for additional growth this contract may afford and is currently operating our total manufacturing capability at 70%.	*
32	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	Our Getac sales force and support include Canadian assets including Regional Sales Managers and Certified Repair Centers centrally located in Canada.	*
33	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	Getac currently supports all geographic area of the United States and Canada.	*
34	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	Getac does not forsee any issues servicing the Sourcewell participating entity sectors.	*
35	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	Getac does not have any specific contract requirements or restrictions that would apply to participating entities in Alaska, Hawaii, or other US Territories.	*

Table 7: Marketing Plan

Line Item	Question	Response *	

36	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	Upon contract award for the new Contract, Getac plans to promote the contract award through internal and external communications as approved by the Agreement Administrator. The goal of marketing the contract is not only to communicate the value proposition, benefits, and the Sourcewell and Getac story, but also to emphasize Getac's commitment and flexibility in delivering and promoting Sourcewell and/or State-specific standards and savings as appropriate and approved by the Agreement Administrator and the participating agencies. To ensure effective marketing plan execution, the Getac Contract Representative, with the collaboration of the Agreement Administrator and designated participating agencies, will develop a plan annually that will help in promoting contract awareness and value for the contract. Getac looks forward to reviewing and discussing the proposed plan with after award.	*
37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	The Marketing plan will include several key features: Press Release: Getac will collaborate with the designated Agreement Administrator and other designated contacts to prepare and distribute a press release, after approval, announcing the contract award to Getac. Once a press release is written and approved, and with permission, Getac will manage all efforts with the media. The press release will be sent to all government industry publications and released over the business wire for pickup by major media. Getac will also leverage the announcement over social media sites to include LinkedIn, Facebook, and Twitter. As required under the contract, all marketing materials will be provided for review, modification and approval prior to distribution. Communication will not be released without approval in writing from the Agreement Administrator. Advertising: Getac will drive contract awareness and product/service promotions under the contract through Getac web banners on https://www.getac.com/us/ and our Platinum Tier Certified Resellers promoting the contract value proposition and product/service promotions through web banners provides an opportunity to reach a large audience of procuring entities. Web banners have a "call to action" inviting the reader to contact Getac URL for pricing and information. Getac will distribute periodic email newsletters and promotions to eligible procuring entities throughout the contract term. These email promotions will provide the most current ongoing promotions. As required under the contract, all marketing materials will be provided to the Agreement Administrator for review, modification and approval prior to distribution. Communication will not be released without approval in writing from the Agreement Administrator. Web Presence: The Getac Sourcewell contract website that is in development with a potential landing page named https://sourcewell.getac.us/ will offer customers extensive information on the contract, products, certified resellers, warranty, pricing and more. Getac will continue to make improvements throughout the contract term to provide information to potential Sourcewell procurement entities. The website will provide a dropdown menu of the participating agencies and guide the user to a state specific page to facilitate procurement efforts. Each state website will be personalized, as allowed by and as approved by the Participating Agencies Procurement official, to meet the needs of the organization and maintain the approved format.	*
38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Marketing Events & Forums: Getac will participate in annual marketing events annually and attend other Sourcewell events. The Getac Primary Account Representative will attend events along with the Contract Program Management team and potential management team members. The Getac Primary Account Representative and other Program Management team members will meet with participating agencies throughout the year to review participating agencies marketing plans and events, which may include management. Getac, in partnership with our Platinum tiered certified resellers, may schedule seminars in local major cities to review the latest IT trends and new Getac products with both local agencies and Getac authorized partners. Getac will work with the Agreement Administrator, designated Sourcewell teams and/or participating agencies to make them aware of these events or schedule additional seminar events or Webinars. Events will provide important information to agencies on contracts specifics including product scope, ordering information, price lists, and how to save more using this contract. As allowed and approved by the Agreement Administrator, Getac agency-approved partners can assist in the marketing activities in this section to promote the contract through telemarketing/email/social media campaigns, events and distribution of Agreement Administrator approved marketing documents. This will allow Getac to reach even more agencies for contract awareness.	*
39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	Due to the highly customized nature of each and every rugged laptop and tablet Getac manufacturers, we do not offer E-procurement service for initial procurement. Once a Getac customer, customers will be provided a User Log In to purchase additional accessories, peripherals as needed and approved under the terms of the contract.	*

Table 8: Value-Added Attributes

Line Item	Question	Response *	
40	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	All Getac products will come with an operating manual and access to training materials via the online customer portal at no additional cost to the buyer. Getac may also be able to provide additional training and support as requested at no additional cost to the procurement agency.	*
41	Describe any technological advances that your proposed products or services offer.	1. Our revolutionary LumiBond® 2.0 touchscreen technology, which bonds the display glass with the touch panel and LCD, creating a single pane that is more durable and readable, and offers better contrast and more crisp colors than other rugged laptop display. It features four advanced touch modes (Touch, Glove or Pen mode, plus an optional Digitizer mode), and the included hard-tip stylus enables you to capture signatures and take more precise notes on drawings, maps, or forms. 2. Main chassis structure is precision cast using Magnesium Alloy, an incredibly strong structural metal that also happens to be one of the lightest in the world for its strength. We combined that with an advanced rugged polymer in areas of less impact and rubberized absorption polymer at the main points of contact. Our devices have been independently tested and certified to MIL-STD-810H and MIL-STD461G standards. 3. Hot-swappable dual-battery design allows for potentially everlasting, uninterrupted battery life. This enables you to remove one of the two rechargeable batteries and replace it with a fresh battery without ever shutting down apps or your Windows OS. 4. AT&T FirstNet Ready®, offers an easy-to-carry profile, a comfortable touchscreen, and more power to run your general office and industry-specific applications with ease for first responders. 5. Most of our models' offer the newest and fastest wired and wireless connection options available. Thunderbolt™ 4 offers 40 Gbps data sharing with other devices, while Wi-Fi 6 (802.11ax) offers nearly five times speedier WLAN connectivity than the previous generation, and more reliability in dense deployments. The new Bluetooth 5.2 standard enhances connectivity with various Low-Power Wide-Area (LPWA) devices, while Wireless WAN with integrated GPS/GLONASS receiver, incorporating the latest Sierra Wireless module, delivers advanced air interface connectivity, including LTE-Advanced (LTE-A). 6. All Getac devices come with an entire lineup of accessories and peripherals including multiple battery charging stations, hands straps and holders, detachable keyboards, stylus' just to name a few.	*
42	Describe any “green” initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	In response to the trend of international environmental protection, such as the requirements of product greening, toxic free, hazard free and environmentally friendly design, packaging, and recyclability, the Company has developed "Regulations for Getac Environmental Load Control" and "Getac Green Product Operating Procedures" and other related operating procedures and regulations, to actively promote overall product greening internally, and require all Getac suppliers to cooperate with the requirements of Getac environmental control regulations, not only to meet the requirements specified in the domestic and international environmental protection laws and regulations, so that the products can be successfully marketed globally, but also with stricter demand of self-expectation to meet the requirements of customers, while fulfilling the corporate responsibility and emphasizing the importance of environmental protection. We are also making it easier for customers to reduce waste by designing easily recyclable products and working with our Certified reseller partners to offer environmentally friendly packaging services and solutions for large scale device deployments.	*
43	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	Getac cares about the environment. We have implemented strict policies to ensure our material parts, products, packing and manufacturing processes are environmentally friendly. We are proud to partner with organizations around the globe to bring awareness and help implement solutions to the environmental issues the world is facing. As a certified green manufacturer Getac has been independently tested and received environmental certifications including EPEAT®, RoHS Directive, REACH Regulation, and ENERGY STAR®. We believe in, and actively pursue innovation that will continue to lessen the environmental impact of electronics manufacturing to improve the quality of human life and protect the planet. Getac has set the Company's environmental policy with the goal of “Care for Environment, Sustainable Recycling,” clearly set for cherishing the earth's resources, complying with national environmental laws and regulations. Getac is committed to promoting green production, fulfilling our responsibility to protect the earth, through standard operation procedures; we include water resources management, energy management, wastewater, waste, and air pollution prevention in our daily management. All Getac's factories scrupulously abide by the environmental laws and regulations of the plant locations, and all factories have obtained the environmental management system certification of ISO14001 or the same level, and all plants have completed the new version certification of ISO14001:2015 at the end of 2019.	*

44	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	N/A	*
45	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	As an OEM, Getac is the only global rugged IT manufacturer that builds every device from the ground up. Our ability to forecast sales and manufacturer in spite of global market supply fluctuations ensures our customer have the fastest delivery time available in the industry. Despite global supply chain issues in 2020 and 2021, Getac has maintained a <60 day delivery timeline as our competitors are regularly shipping at 120 - 180 days after receipt of purchase order.	*

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
46	Do your warranties cover all products, parts, and labor?	Our S410 comes standard with a Limited 3 Year Warranty and all other products come standard with a 3 Year Bumper to Bumper Warranty that includes accidental coverage. Additional warranty for Year 4/5/6 may be purchased for an additional fee. Getacs warranty obligations for this hardware product are limited to the terms set forth below: Getac, Inc. warrants this Getac-branded rugged computer against defects in materials and workmanship under normal use and damage that occurs due to accidental acts and exposure to environmental conditions for a period of THREE (3) YEARS from the date of purchase by the original end-user purchaser (“Warranty Period”). This warranty only applies to products sold by Getac or its Authorized Distributors or Dealers and only where the products are used and serviced within North America or its Authorized Service Providers’ territories. Warranty coverage only applies to service carried out by a Getac Authorized Service Provider. If a hardware defect arises and a valid claim is received within the Warranty Period, at its option and to the extent permitted by law, Getac will either repair the defect at no charge, using new or refurbished replacement parts, or exchange the product with a product that is new or which has been manufactured from new or serviceable used parts and is at least functionally equivalent to the original product. A replacement product or part, including a user installable part that has been installed in accordance with instructions provided by Getac, assumes the remaining warranty of the original product or ninety (90) days from the date of replacement or repair, whichever provides longer coverage for you. When a product or part is exchanged, any replacement product becomes your property and the replaced item becomes Getacs property. Parts provided by Getac in fulfillment of its warranty obligation must be used in products for which warranty service is claimed. Please review "Warranty Card" attached for additional warranty information.	*

47	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	Exclusions and Limitations - This Limited Warranty applies only to Getac-branded hardware products manufactured by or for Getac that can be identified by the “Getac” trademark, trade name, or logo affixed to them. The Limited Warranty does not apply to any non-Getac hardware products, co-branded hardware products (whether or not displaying a “powered by Getac” trademark, trade name, or logo affixed to them) or any software, even if packaged or sold with Getac hardware. Manufacturers, suppliers, or publishers, other than Getac, may provide their own warranties to the end user purchaser, but Getac, in so far as permitted by law, provides their products “as is”. Software distributed by Getac with or without the Getac brand name (including, but not limited to system software) is not covered under this Limited Warranty. Refer to the licensing agreement accompanying the software for details of your rights with respect to its use. Getac does not warrant that the operation of the product will be uninterrupted or error-free. Getac is not responsible for damage arising from failure to follow instructions relating to the product’s use. Batteries supplied with the product are covered under the warranty for one (1) year from date of purchase. A battery furnished under the warranty is covered for the remaining period of the one year warranty on the original battery or ninety (90) days from the date of replacement or repair, whichever provides longer coverage for you. The LCD, touchscreen, hard drive/SSD, motherboard, and keyboard are limited to one repair/replacement per part component per 12 month period for damage that occurs due to accidental acts and exposure to environmental conditions. This warranty does not apply to: (a) loss or theft; (b) fire; (c) submersion; (d) acts of god; (e) acts of war; (f) virus-inflicted damage; (g) improper use, intentional misuse or abuse; (h) improper maintenance or modification by anyone other than Getac or a Getac Authorized Service Provider; (i) a product or part that has been modified to alter functionality or capability without the written permission of Getac; (j) a product on which any Getac serial number has been removed or defaced; (k) data recovery from hard drive failure; (l) All consumable items; such as screen protection films, logo badges, labels, cleaning cloths, carry cases, manuals, cables, straps, belts, holsters, tethers, stylus, digitizer pens, and harnesses and any other options and accessories not listed above or covered under a separate warranty. (m) to cosmetic damage that does not affect the functionality of the system, including but not limited to scratches, dents and numerals, letters, icons and symbols silkscreened onto unit keycaps and numerals, letters, icons and symbols silkscreened onto unit cabinet; or (n) negligence (o) operation of product outside the published environmental or electrical parameters (p) use of supplies or parts not meeting Getac’s specifications Please review "Warranty Card" attached for restrictions and other limitations.	*

48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Technicians do not need to travel to perform warranty repairs. Warranty Repair Description - Getac offers an industry-leading warranty (bumper-to-bumper) on our products for a minimum of 3-years (semi-rugged product require service upgrade), which includes accidental damage. With one of the lowest annual failure rates in the computer industry, Getac computers are built-to-survive. If one does need repair, we want to make it as convenient as possible. That's why Getac rugged computers are serviced by FedEx Logistics - a fast, convenient and reliable service so you can quickly get back to doing what you do best. For minor repairs, Getac's Self-Maintainer Program lets customers opt to have replacement parts shipped directly to them. Device Support - Getac employs a multi-layered support structure, at no cost to the End User that includes a Solutions Architect, Field Service Engineer, and a 3-Tier Technical Support team. In addition, Getac's 24/7 technical support is available via email at GetacSupport_US@Getac.com or by phone at +1 (866) EZ-GETAC [+1 (866) 394-3822]. All support requests via phone or email are logged in our internal ticketing system and assigned to the appropriate resource. Escalation to product or software engineering is engaged as needed. The Getac Service Portal allows real-time tracking of hardware repairs and history. For technical support incidents, a ticket # is generated for every request and on-going and final resolution can be obtained by referring to previously assigned ticket #. Getac does not use "off-shore" technical support.	*

49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	No. Getac repair services are available in US and Canada. For Level I/II Repairs – Getac Self-Maintainer Program empowers in house technicians to provide immediate services to defective unit for minor repairs. For Level I and Level II repairs, the Getac Self-Maintainer Program allows you to perform warranty repairs on Getac products. Instead of shipping products to Getac's US-based Repair Center, the defective part can be swapped out by your own technicians. This allows you keep possession of your products and minimize downtime. Self-Maintainer repairs include all parts, and materials at no additional cost. Common cosmetic repairs like hatch door replacement are also included. Getac provides training for your team as part of the Self- Maintainer Program with an emphasis on parts replacement, product use and Getac's Service System processing. Upon successful completion of training, Getac supplies you an initial stock of seed parts to inventory at your location. When a repair is needed, your technician diagnoses the problem, creates an RMA in Getac's Online Service System (GSS) then removes the required part from Getac consigned inventory and repairs the unit. To replenish the inventory, simply place the defective part in the used part box, put a copy of the RMA inside, write the RMA number on the outside of the box and return it to Getac. Upon receipt of the defective part, Getac will ship out a replacement part to you. When you receive the new part, place it into inventory for future repairs. To ensure our high standard for repair is met, Getac has established the following qualification requirements for the Self-Maintainer Program: • Repairs are limited to customer owned product—150-unit minimum • Must be a current Getac USA customer in good business standing • Must have Service and Spare Parts Agreement in place with Getac • Must have qualified technicians on staff capable of repairing Getac products • Must have a dedicated environment and tools appropriate to repair products • Maintain product repair information and problem codes in the Getac Service Portal for product tracking and spare part replenishment Level III Repairs - FedEx TechConnect Program was designed to offer fast, convenient, reliable service repairs that can be initiated 24 hours a day, 7 days a week on Getac Service Portal. With one of the lowest annual failure rates in the computer industry, Getac computers are built to survive. If one does need repair beyond the Level I & Level II Self-Maintainer program, we want to make it as convenient as possible. Getac has partnered with FedEx TechConnect, a fast, convenient, reliable service repair center located in Memphis, TN. The End-of- runway location ensures shorter time in transit for express shipments and 3 day or less transit by FedEx Ground for most of the US. Warranty repairs can be initiated 24 hours a day, 7 days a week on the Getac service portal. With over 1,800 FedEx Office locations nationwide, it's easy to find a convenient drop-off location to and US-based end user. Once the device is shipped to the end of runway state of the art facility, technology repair specialists, certified by Getac, provide diagnostics, repair, re-image and upgrade services with quality assurance methodologies designed to verify that everything is working properly. All Getac warranty repairs are performed by expert technicians using only Getac original production parts. Every repair comes with online three-stage tracking of the inbound shipment to the repair center, during repair or upgrade, and the return shipment back to the designated location. With the 24/7 online monitored chain of custody, your system is always either with FedEx or you. Average repair time, excluding shipping, is 3.1 days.	*
50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	All Third Party products warranty will be passed to the original equipment manufacturer. Third Party Product Warranty Services – All third-party product warranty procurement processes, descriptions, and contact information will be available on a link at the Sourcewell/Getac website under Third Party products.	*

51	What are your proposed exchange and return programs and policies?	In accordance with generally accepted rugged manufacturing return and exchange policies, Getac does not allow exchanges or returns on any delivered products. each product is custom made-to-order and will only be promptly replaced if it arrives Dead-On-Arrival (DOA). Getac RSMs and certified resellers take great care to support the buyer through the procurement process to ensure the exact device(s) order meet and/or exceed all desired end user specifications.	*

52	Describe any service contract options for the items included in your proposal.	Additional Accessory/Service Warranty Details Peripherals - Getac peripherals come with at least 1-year warranty as standard. However, should you wish to extend the warranty on your Getac device, it makes sense to do the same for your peripherals. • We can offer extensions to year 2 ~ 5 from the standard warranty on Getac or 3rd party accessory, keyboard, docks and rugged power supplies. • If your accessory fails, log onto our Getac Service Portal and request a repair. Once returned, your accessory will be repaired, tested and shipped back to you. • If you work to a longer refresh cycle or are looking to extend your current devices working life email us at GetacSupport_US@Getac.com or by phone at +1 (866) EZ-GETAC [+1 (866) 394-3822] to discuss additional warranty extensions options. Batteries - We pride ourselves on the quality of batteries and their ability to perform throughout a full day. However, batteries are considered to be “consumable” as there are limitations on the recharge cycles of all batteries. Since batteries are consumable products, the industry standard and that of Getac is to provide a 1-year warranty. • You can extend this with our Battery Warranty so that should it fail we will send you a replacement battery. • A battery is considered good if it maintains 50% of its charge capacity during the warranty period. Expedited Service - For customers who want their mission-critical equipment repaired faster, we have two options for expedited service available for an additional fee. No more internal challenges waiting for estimates and approvals, just report your product issue via our Service Request system and we’ll take care of the rest Option 1 - Express Care Option 2 - Priority Care 2 Days Shipping Overnight Shipping Line Hopping Priority Front of Queue Priority 2 Days Repair 1 Day Repair To ensure that our high standard for repair is met, Getac has established the following qualification requirements for the Expedited Service Program: • Must purchase Expedited Service Program with Getac product at the same time. • All purchases are recorded in the Getac Service System. When devices need repair, register the service request (SR), which will automatically generate expedited service information in SR. • Getac provides a 3-year expedited service for 3-year warranty products, and provides a 5-year expedited service for 5-year warranty products. • Accessories are not included in this program Extended Warranty - Extend your standard warranty from 3 years up to 5 years, for specific projects we can offer up to 7 years of extended warranty. Getac’s standard warranty for fully rugged devices includes the Bumper-to-Bumper warranty which covers accidental damage. The Extended Warranty covers any repairs in the same manner as the standard warranty. • Getac provides coverage for failures due to defects in materials or workmanship that occur with normal use. • All system components are covered under the extended warranty, except consumable items. • Purchase the Extended Warranty option at the point of sale or within 3 months of purchasing your Getac device. Keep Your Hard Drive Warranty (KYHW) - Getac is experienced in dealing with security-industry customers that require top-level security to protect the data on their devices. For these customers, we can ship you a replacement HDD / SSD. • Getac takes reasonable precautions to protect your data while it is in our hands. However, some customers’ devices hold sensitive data that they cannot take any risks. Keep Your Hard Drive warranty option is designed for these customers. If you handle data of a sensitive nature, for national security or commercial reasons, then add this to your warranty.	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
53	Describe your payment terms and accepted payment methods.	The value-added reseller partners supporting this contract have specific focuses on State and Local Government entities. These partners are aligned with the Getac Public Sector team and receive additional support from Getac's Field Sales organization. This alignment ensures partners have the proper support and competence to master the requirements set forth by the partnering government end users. The appointed resellers include large national organizations as well as local partners who often provide additional services around product deployment and implementation of Getac devices. These value- added resellers will work directly with the participating agencies to provide both pre- and post- sales support, quotes, as well as installation and implementation services. Getac's value-added resellers will be the primary points of contact for acceptance of orders, invoicing, and payment. Payment terms are generally Net30. These value-added resellers will source all Getac solutions and services through Getac's appointed distribution partners, who have a direct purchasing relationship with Getac, the manufacturer. Upon receiving a fully executed purchase order from the government end user, the value-added reseller will issue purchase order to one of the appointed distributor partners. The purchase order to distribution will include a copy of the end customer's purchase order for the purpose of tracking and reporting as indicated below.	*
54	Describe any leasing or financing options available for use by educational or governmental entities.	Paul Levand Vice-President of Business Development "On the North Coast of America" 216-496-6711 plevand@rivercapital.com | www.rivercapital.com	*
55	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	Getac is prepared to accept the buyers standard transaction documents and do use any mandatory forms, SLAs or T&Cs in connection with award.	*
56	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	No. ACH preferred method of payment.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *	
57	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Getac will provide a minimum discount off MSRP by Category. Additional discounts may be offered at the discretion of the certified Getac reseller. See" Getac Proposed Pricing Sheet" for additional details.	*
58	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Getac pricing sheet includes SKU, Description, MSRP, % Off Discount by Category, and Proposed Sourcewell NTE price. See "Getac Proposed Pricing Sheet."	*
59	Describe any quantity or volume discounts or rebate programs that you offer.	Getac does not offer quantity or volume discounts or rebate programs. They may be offered by the certified reseller.	*
60	Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.	Getac does not sell open market items and only sells Getac labeled products and related accessories and peripherals. All SKUs and descriptions and NLT price can be reviewed on the "Getac Proposed Pricing Sheet."	*
61	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Getac does not have additional costs associated with the purchase of items identified in the "Getac Proposed Pricing Sheet."	*
62	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Freight, delivery and/or shipping is included in the price of the device.	*
63	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Freight, delivery and/or shipping is included in the price of the device.	*
64	Describe any unique distribution and/or delivery methods or options offered in your proposal.	N/A	*

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
65	b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
66	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	Upon award, GETAC will have a master price file/catalog set up that include the guaranteed category discounts along with the scope of products allowed under the contract and thresholds tied to each part number as approved by the Administrator defined in the awarded Master Agreement. During each setup process, these price files are reviewed by contract and pricing operations personnel for accuracy as part of GETAC's contract compliance and pricing management business processes. These same reviews and approvals occur each time a product is added, or a contract modification is received. GETAC's price file/catalog of products under each category is tied systematically to the MSRP list price and tied to the discounts that automatically pre-calculate the price file/catalog in accordance with the discount that is reflected and flowed to the contract website and the Inside Sales Representatives' quoting tool. The GETAC system that houses the price list/catalogs were recently audited to ensure compliance, and GETAC agrees to conduct random checks during the term of to ensure quotes provided are at the discount off list price he contracts as required. Getac will conduct a quarterly self-audit, that will sample a minimum of one tenth of one percent (.001) of orders with a maximum of 100 audits per quarter conducted. For example: Up to 1,000 sales = 1 audit; 10,000 sales = 10 audits; Up to 100,000 sales = 100 audits. This will be a random sample of orders and invoices and must include documentation of pricing. Summary findings will be reported to Lead Agency with actions to correct documented findings. GETAC audits purchase orders and corresponding invoices randomly on a quarterly basis under existing contracts today and will continue this process under a new awarded contract. The website, quotes and invoices generated through GETAC systems are based on the contract number tied to a specific price file/catalog for pricing and systematically flows. GETAC agrees to conduct random checks during the term of the contract as required. Quotes automatically reflect the discount off GETAC's list price as required under the contract, and invoices will reflect the lowest price at the time the product ships. If an order is received for GETAC-branded product and a price decrease was generated prior to shipment, the procuring entity will receive the price decrease reflected on the invoice, providing them additional savings.	*
67	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	The Contract Administrator will be responsible to provide quarterly and annual sales reports to Getac leadership team and cooridnate with our training and marketing teams to produce materials to encourage Sourcewell contract use. After the first year baseline sales, the Contract administrator with direction from the Executive team, will establish increase sales goals and RSMs will be expected to meet sales goals in order to achieve the highest level of annual bonus payouts.	*
68	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	1.25%	*

Table 14A: Depth and Breadth of Offered Equipment Products and Services

Line Item	Question	Response *	
69	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	Getac offers rugged computing product lines of all sizes including rugged notebooks, rugged tablets, rugged handheld for federal, education, military, public sector, utility, manufacturing, transportation & logistics, insurance, automotive maintenance, and field-service customers. Currently Getac has over 19,300 devices valued at $82.5M deployed in Federal Government (Non-Military), including transit authorities, public utilities and services, emergency preparedness organizations, judicial support and services and other NGOs. Getac currently manufacturers Rugged Laptops ranging in screen size from 11.6" to 15.6." Getac currently manufactures Rugged Tablets and Handheld PCs ranging in screen size from 7" to 14" and has both Windows and Android OS available. Please review the "Getac Lineup Card" for detailed specifications for each device proposed in this RFB.	*
70	Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.	We do not wish to add subcategories. We have listed our products based on minimum specifications identified in the RFP. We will have an "Accessory/Peripheral" category. See below. Rugged Laptop Category - X600, X500, B360, S410, V110 Rugged Tablet Category - A140, K120, F110, UX10, T800 Rugged Handheld PC Category - ZX10, ZX70(Android OS) Accessories/Peripherals - Power Adapters, Stylus Pens, Digitizer Pen, Carry Bag, Dual Battery Charger, High Capacity Battery, Keyboard Dock, Multi-Bay Charger, Office Dock, Hand strap, Shoulder strap, Screen Protector, Standard battery, Vehicle dock	*

Table 148: Depth and 8readth of Offered Equipment Products and Services

Indicate below if the listed types or classes of equipment, products, and services are offered within your proposal. Provide additional comments in the text box provided, as necessary.

Line Item	Category or Type	Offered	Comments	
71	Law Enforcement duty gear	○ Yes ◉ No	N/A	*
72	Traffic safety enforcement equipment, devices, and instruments	◉ Yes ○ No	Getac solutions are built to improve upon the computer-aided dispatch software (CAD) and police records management system (RMS) you already use. Writing citations, collision reports, and DUI arrest reports has never been easier thanks to Getac solutions. With our rugged devices, you can write, sync, and submit all the documents required from the field electronically, saving time, and reducing errors. Getac rugged devices are built with law enforcement in mind, providing you access to information to stay situationally aware as you protect and serve. Whether on patrol or during an emergency, Getac devices allow you to remain in contact with command, dispatch, and your fellow officers to make sure everyone is safe and informed.	*
73	Crime scene management and evidence collection equipment and supplies	○ Yes ◉ No	N/A	*
74	Tactical and EOD equipment (with the exception of those items excluded in subsections 2. or 3. of RFP)	◉ Yes ○ No	ANSI rated rugged devices available for EOD environments	*
75	Services related to the offering of the solutions in subsections above, such as training, installation, testing, maintenance, warranty programs, and technical support	○ Yes ◉ No	N/A	*

Exceptions to Terms, Conditions, or Specifications Form

Only those Proposer Exceptions to Terms, Conditions, or Specifications that have been accepted by Sourcewell have been incorporated into the contract text.

Documents

Ensure your submission document(s) conforms to the following:

1. Documents in PDF format are preferred. Documents in Word, Excel, or compatible formats may also be provided.

2. Documents should NOT have a security password, as Sourcewell may not be able to open the file. It is your sole responsibility to ensure that the uploaded document(s) are not either defective, corrupted or blank and that the documents can be opened and viewed by Sourcewell.

3. Sourcewell may reject any response where any document(s) cannot be opened and viewed by Sourcewell.

4. If you need to upload more than one (1) document for a single item, you should combine the documents into one zipped file. If the zipped file contains more than one (1) document, ensure each document is named, in relation to the submission format item responding to. For example, if responding to the Marketing Plan category save the document as "Marketing Plan."

Addenda, Terms and Conditions

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.

2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.

3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.

4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.

5. The contents of the Proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or legally authorized agent of the Proposer and will not be communicated to any such persons prior to Due Date of this solicitation.

6. If awarded a contract, the Proposer will provide to Sourcewell Participating Entities the equipment, products, and services in accordance with the terms, conditions, and scope of a resulting contract.

7. The Proposer possesses, or will possess before delivering any equipment, products, or services, all applicable licenses or certifications necessary to deliver such equipment, products, or services under any resulting contract.

8. The Proposer agrees to deliver equipment, products, and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.

9. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.

10. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.

11. Proposer its employees, agents, and subcontractors are not:
    1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: https://www.treasury.gov/ofac/downloads/sdnlist.pdf;

    2. Included on the government-wide exclusions lists in the United States System for Award Management found at: https://sam.gov/SAM/; or

    3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated

by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this solicitation.

☑ By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - Tammy Tubbs, Capture Manager, Getac, Inc.

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.

Department: Electric Utility

FORMAL TITLE:
Reallocation of over-collected Power Cost Adjustment funds to mitigate the impact of un-anticipated increase in the bulk power cost expenditures incurred during Fiscal Year 2025, in the amount of $3,701,630

OCALA'S RELEVANT STRATEGIC GOALS:
Fiscally Sustainable

PROOF OF PUBLICATION:
N/A

BACKGROUND:
The Power Cost Adjustment (PCA) rate serves as the mechanism through which fluctuations, both positive and negative, in power costs are passed through to customers. Power costs and sales are reviewed monthly to project potential over- or under-collections for the year. Although the PCA may be adjusted as frequently as monthly, recent practice has been to make limited adjustments to promote rate stability for customers.

At the close of Fiscal Year 2024-25, the PCA program reflected an over-collection relative to actual power costs incurred. The over-collection amount, totaling $3,701,630, was primarily due to a prior-year adjustment, favorable market conditions earlier in the fiscal year, and a largely conservative rate-setting practice. Concurrently, the Utility experienced an increase in bulk power costs totaling $6,968,957, driven by heightened market demand during the year, and resulting in expenditures that exceeded the adopted budget. Early projections indicated that $112 million would be sufficient to cover the Fiscal Year 2024-25 expenditures; however, the actual bulk power cost totaled approximately $119 million by the end of the year.

FINDINGS AND CONCLUSIONS:
The Rate Stabilization Policy establishes a reserve funding range of 15 to 25 percent of projected fuel costs. As of September 30, 2025, the reserve is funded at approximately 23 percent of the power cost and is in compliance with policy requirements.

To ensure the Electric Utilities Fund maintains its required cash-on-hand and remains adequately prepared for unforeseen operational or market-related contingencies, staff recommend that the Fiscal Year 2024-25 PCA over-collection be transferred to the Utility Reserve Fund. This strategic allocation will help absorb

unanticipated increases in bulk power costs while preserving the department's reserve requirements and strengthening long-term utility fund stability and resilience.

FISCAL IMPACT:
The reallocation of $3,701,630 of over-collected PCA funds will support the Electric Utility Fund in offsetting the total of $6,968,957 in unanticipated bulk power cost increases incurred during Fiscal Year 2024-25.

City Council Report
Power Cost Adjustment Projection

September 2025

On October 14, 2025, staff participated in a rate call with FMPA. Based on their current rate projections and our sales projections, an over-collection of $3,701,630 will be recorded for the fiscal year ending September 30, 2025.

FMPA updates its rate projections monthly, and staff will continue to monitor and provide monthly updates. Staff will continue to monitor the PCA and make recommendations as necessary.

Projected Annual Power Costs:		$119,000,984
Projected Annual kWh Sales:		1,349,079,532
PCA Rate for: 9/30/2025		$0.02815
Cumulative Over(Under) Collection:	September	$2,439,628
Carryover of Previous Year:		$1,262,002
Projected Over(Under) Collection:	9/30/2025	$3,701,630

BUDGET RESOLUTION 2026-114

A RESOLUTION AMENDING THE FISCAL YEAR 2024-25 BUDGET TO OFFSET UNANTICIPATED BULK POWER EXPENSE BY TRANSFERING THE POWER COST ADJUSTMENT OVER-COLLECTION TO THE ELECTRIC UTILITY RESERVE IN THE AMOUNT OF $3,701,630

WHEREAS, at the close of Fiscal Year 2025, the PCA program reflected an over-collection of revenues totaling $3,701,630; and

WHEREAS, during Fiscal Year 2025, the Utility experienced an increase in bulk power costs totaling $6,968,957**,** driven by heightened market demand, resulting in expenditures that exceeded the adopted budget; and

WHEREAS, early projections estimated that $112 million would be sufficient to cover Fiscal Year 2025 bulk power expenditures, but actual costs reached approximately $119 million by year-end; and

WHEREAS, the reallocation of $3,701,630 in over-collected PCA funds will support the Electric Utility Fund in offsetting the total of $6,968,957 in unanticipated bulk power cost increases incurred during Fiscal Year 2025.

NOW THEREFORE, BE IT RESOLVED THAT THE CITY COUNCIL OF THE CITY OF OCALA, FLORIDA, duly assembled in regular session, that the Fiscal Year 2024-25 budget be amended as outlined below:

SOURCE:

457-369-000-000-16-39211	Miscellaneous Revenues	$3,701,630

USE:

Department: Water & Sewer

FORMAL TITLE:
Piggyback agreement with USSI, LLC for inflow abatement and related services with an estimated aggregate expenditure of $190,000

OCALA'S RELEVANT STRATEGIC GOALS:
Operational Excellence

PROOF OF PUBLICATION:
N/A

BACKGROUND:
The Water Resources Department is requesting approval to award a piggyback agreement to USSI, LLC, for inflow abatement services, which include maintenance hole inspections, chimney sealing, rain dish installation, smoke testing, installation of cleanout caps and plugs, and the preparation of a comprehensive final report.

Water Resources conducts sewer smoke testing as part of its efforts to maintain and assess the integrity of the City of Ocala's sanitary sewer system. Smoke testing is used to detect leaks, cracks, illegal sewer line connections, and prevent stormwater infiltration and sewer overflows. Testing also identifies plumbing defects that may allow sewer gases to enter into commercial and residential buildings.

FINDINGS AND CONCLUSIONS:
The Water Resources Department has an ongoing need for the provision of smoke testing and inflow and infiltration (I&I) services for its sanitary sewer system.

USSI, LLC (USSI) provides wastewater inflow abatement technologies and related services. The services offered by USSI will include smoke testing and report preparation, sealing of manhole chimneys, replacing cleanout caps, installation of cleanout pipes, lift station basin reports, manhole inspections, and lift station area infiltration investigation and monitoring.

After a competitive solicitation process, Seminole County, Florida, awarded Contract No. IFB-604974-25/LAS (the "Seminole County Agreement") to USSI for the provision of smoke testing and I&I services for a term of

three (3) years, commencing May 21, 2025, and ending May 21, 2028. The Seminole County Agreement offers two successive periods not to exceed one (1) year each upon mutual agreement between the parties.

On October 21, 2025, after evaluation of the Seminole County Agreement, Procurement and Contracting staff granted the Water Resources Department's request for a procurement exception to piggyback the Seminole County Agreement for the provision of inflow abatement and related services. The Seminole County Agreement was competitively bid and USSI has agreed to extend to the City of Ocala the same highly competitive pricing, which maximizes best value for the City.

Staff recommends approval.

FISCAL IMPACT:
Funding for this agreement has been budgeted for Fiscal Year 2025-26 under account string 455-030-300-535-53-46010. Funds will be budgeted for future fiscal years throughout the remaining term of this agreement.

Expenditures will be tracked under Munis Contract No. WRS/260106.

PROCUREMENT REVIEW:
The procurement of these goods and services was conducted in compliance with the City's Procurement Policy.

LEGAL REVIEW:
This Agreement has been reviewed and approved for form and legality by City Attorney, William E. Sexton.

COOPERATIVE PURCHASING AGREEMENT FOR SMOKE TESTING AND I & I SERVICES

THIS COOPERATIVE PURCHASING AGREEMENT FOR SMOKE TESTING AND I & I SERVICES ("Piggyback Agreement") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City") and **USSI LLC**, a limited liability company duly organized and authorized to do business in the state of Florida (EIN: 65-0891727) ("Contractor").

WHEREAS, after a competitive procurement process, Seminole County entered into a Term Contract for Smoke Testing and I & I Services with USSI LLC, Contract Number IFB-604974-25/LAS (the "Seminole County Agreement"); and

WHEREAS, in accordance with Chapter 287, Florida Statutes and the City of Ocala's contracting and procurement policies and procedures, City has the legal authority to "piggyback" the purchase of goods and services as contracted by another governmental entity as a form of inter-governmental cooperative purchasing when seeking to utilize the same or similar services provided for in said contract; and

WHEREAS, City desires to purchase labor, services, and materials for the provision of smoke testing and I & I services pursuant to essentially the same terms and conditions provided under the Seminole County Agreement as applicable and amended by the terms and conditions of this Piggyback Agreement; and

WHEREAS, Contractor agrees to extend the terms, conditions, and pricing of the Seminole County Agreement to the City of Ocala, subject to the terms and conditions of the Piggyback Agreement.

NOW THEREFORE, in consideration of the foregoing recitals, the following mutual covenants and conditions, and other good and valuable consideration, City and Contractor agree as follows:

1. **RECITALS.** City and Contractor hereby represent, warrant, and agree that the Recitals set forth above are true and correct and are incorporated herein by reference.
2. **DEFINITIONS.** As used in this Piggyback Agreement, the following terms shall have the meaning specified below:
   A. **Piggyback Agreement:** shall mean this Cooperative Purchasing Agreement for smoke testing and gravity wastewater sewer systems as it may from time to time be amended or modified pursuant to its terms and provisions.
   B. **Seminole County Agreement:** shall mean the Agreement for smoke testing and gravity wastewater sewer systems between Seminole County and USSI LLC and its exhibits, as amended and attached hereto as **Exhibit A – Seminole County Agreement.**
3. **INCORPORATION OF THE SEMINOLE COUNTY AGREEMENT.** The Seminole County Agreement attached hereto as **Exhibit A** is hereby incorporated by reference as if set forth herein in its entirety. However, to the extent that any terms and conditions set forth in the Seminole County Agreement conflict with any of the amended or supplemental terms and conditions set forth in this Piggyback Agreement, then the amended and supplemental terms and conditions set forth in this Piggyback Agreement shall be given precedence.
4. **CONTRACT DOCUMENTS.** The Contract Documents which comprise the entire understanding between City and Contractor shall only include this Agreement and those documents listed in this section as Exhibits to this Agreement. Each of these documents are incorporated herein by reference for all purposes. If there is a conflict between the terms of this Agreement and the

Docusign Envelope ID: 728434EF-6E73-41E9-A95B-7351B9066DC1

Contract Documents, then the terms of this Agreement shall control, amend, and supersede any conflicting terms contained in the remaining Contract Documents.

Exhibits to Agreement: The Exhibits to this Agreement are as follows:

A. Exhibit A: Seminole County Agreement (A-1 through A-48)

B. Exhibit B: Letter of Approval (B-1)

5. **AMENDED TERMS AND CONDITIONS.** The following terms and conditions of the Seminole County Agreement are modified and replaced, in their entirety, as follows:

A. The terms "County," or "Seminole County" shall be replaced and intended to refer to the "City of Ocala."

B. **COMPENSATION.** City shall pay Contractor a price not to exceed the maximum limiting amount of **ONE HUNDRED NINETY THOUSAND AND NO/100 DOLLARS ($190,000)** over the contract term for the performance of the work and in accordance with the contract documents based on the most current prices set forth in **Exhibit A – Seminole County Agreement**.

C. **TIME FOR PERFORMANCE.** This Agreement shall become effective and commence on **NOVEMBER 18, 2025,** and continue through and including **MAY 21, 2028**.

D. **Invoice Submission**. All invoices submitted by Contractor shall include the City Contract Number, an assigned Invoice Number, and Invoice Date. Contractor shall submit the original invoice through the responsible City Project Manager at: : **City of Ocala Water Resources** Address: **1805 NE 30th Avenue, Bldg. 600, Ocala, Florida 34470** Attn: **Stacey Ferrante** Email: sferrante@ocalafl.gov Office: **352-351-6772**.

E. **Payment of Invoices by City**. The City Project Manager must review and approve all invoices prior to payment. City Project Manager's approval shall not be unreasonably withheld, conditioned, or delayed. Payments by City shall be made no later than the time periods established in section 218.735, Florida Statutes.

F. **Withholding of Payment**. City reserves the right to withhold, in whole or in part, payment for any and all work that: (i) has not been completed by Contractor; (ii) is inadequate or defective and has not been remedied or resolved in a manner satisfactory to the City Project Manager; or (iii) which fails to comply with any term, condition, or other requirement under this Agreement. Any payment withheld shall be released and remitted to Contractor within **THIRTY (30)** calendar days of the Contractor's remedy or resolution of the inadequacy or defect.

G. **Excess Funds**. If due to mistake or any other reason Contractor receives payment under this Agreement in excess of what is provided for by the Agreement, Contractor shall promptly notify City upon discovery of the receipt of the overpayment. Any overpayment shall be refunded to City within **THIRTY (30)** days of Contractor's receipt of the overpayment or must also include interest calculated from the date of the overpayment at the interest rate for judgments at the highest rate as allowed by law.

H. **Amounts Due to the City.** Contractor must be current and remain current in all obligations due to the City during the performance of services under the Agreement. Payments to Contractor may be offset by any delinquent amounts due to the City or fees and/or charges owed to the City.

Docusign Envelope ID: 728434EF-6E73-41E9-A95B-7351B9066DC1

I. **Tax Exemption**. City is exempt from all federal excise and state sales taxes (State of Florida Consumer's Certification of Exemption 85-8012621655C-9). The City's Employer Identification Number is 59-60000392. Contractor shall not be exempted from paying sales tax to its suppliers for materials to fulfill contractual obligations with the City, nor will Contractor be authorized to use City's Tax Exemption Number for securing materials listed herein.

6. **COMMERCIAL AUTO LIABILITY INSURANCE**. Contractor shall procure, maintain, and keep in full force, effect, and good standing for the life of this Agreement a policy of commercial auto liability insurance with a minimum combined single limit of One Million Dollars ($1,000,000) per occurrence for bodily injury and property damage arising out of Contractor's operations and covering all owned, hired, scheduled, and non-owned automobiles utilized in said operations. If Contractor does not own vehicles, Contractor shall maintain coverage for hired and non-owned automobile liability, which may be satisfied by way of endorsement to Contractor's Commercial General Liability policy or separate Commercial Automobile Liability policy.

7. **GENERAL LIABILITY INSURANCE.** Contractor shall procure and maintain, for the life of this Agreement, commercial general liability insurance with minimum coverage limits not less than:

   A. One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) aggregate limit for bodily injury, property damage, and personal and advertising injury; and
   B. One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) aggregate limit for products and completed operations.
   C. Policy must include coverage for contractual liability and independent contractors.
   D. Policy must include Additional Insured coverage in favor of the City that is no less restrictive than that afforded under the CG 20 26 04 13 Additional Insured Form.

8. **WORKERS' COMPENSATION AND EMPLOYER'S LIABILITY.** Worker's Compensation insurance shall be provided by Contractor as required by Chapter 440, Florida Statutes, or any other applicable state or federal law, including the U.S. Longshoremen's and Harbor Workers Compensation Act and the Jones Act.

   A. Contractor shall similarly require any and all subcontractors to afford such coverage for all of its employees as required by applicable law.

   B. Contractor shall waive and shall ensure that Contractor's insurance carrier waives, all subrogation rights against the City of Ocala and its officers, employees, and volunteers for all losses or damages. Contractor's policy shall be endorsed with WC 00 03 13 Waiver of our Right to Recover from Others or its equivalent.

   C. Exceptions and exemptions to this Section may be allowed at the discretion of the City's Risk Manager on a case-by-case basis in accordance with Florida Statutes and shall be evidenced by a separate waiver.

9. **ADDITIONAL INSURANCE REQUIREMENTS.**
   A. Contractor's insurance coverage shall be primary insurance for all applicable policies. The limits of coverage under each policy maintained by Contractor shall not be interpreted as limiting Contractor's liability or obligations under this Agreement. City does not in any way represent that these types or amounts of insurance are sufficient or adequate enough to protect Contractor's interests or liabilities or to protect Contractor from claims that may arise

Docusign Envelope ID: 728434EF-6E73-41E9-A95B-7351B9066DC1

out of or result from the negligent acts, errors, or omissions of Contractor, any of its agents or subcontractors, or for anyone whose negligent act(s) Contractor may be liable.

B. No insurance shall be provided by the City for Contractor under this Agreement and Contractor shall be fully and solely responsible for any costs or expenses incurred as a result of a coverage deductible, co-insurance penalty, or self-insured retention to include any loss not covered because of the operation of such deductible, co-insurance penalty, self-insured retention, or coverage exclusion or limitation.

C. **Certificates of Insurance**. No work shall be commenced by Contractor under this Agreement until the required Certificate of Insurance and endorsements have been provided nor shall Contractor allow any subcontractor to commence work until all similarly required certificates and endorsements of the subcontractor have also been provided. Work shall not continue after expiration (or cancellation) of the Certificate of Insurance and work shall not resume until a new Certificate of Insurance has been provided. **Contractor shall provide evidence of insurance in the form of a valid Certificate of Insurance (binders are unacceptable) prior to the start of work contemplated under this Agreement to: City of Ocala. Attention: Procurement & Contracting Department, Address: 110 SE Watula Avenue, Third Floor, Ocala Florida 34471, E-Mail: vendors@ocalafl.gov.** Contractor's Certificate of Insurance and required endorsements shall be issued by an agency authorized to do business in the State of Florida with an A.M. Best Rating of A or better. The Certificate of Insurance shall indicate whether coverage is being provided under a claims-made or occurrence form. If any coverage is provided on a claims-made form, the Certificate of Insurance must show a retroactive date, which shall be the effective date of the initial contract or prior.

D. **City as Additional Insured**. The City of Ocala shall be named as an Additional Insured and Certificate Holder on all liability policies identified in this Section with the exception of Workers' Compensation, Auto Liability (except when required by Risk Management) and Professional Liability policies**. Workers Compensation policy must contain a Waiver of Subrogation in favor of the City**.

E. **Notice of Cancellation of Insurance**. Contractor's Certificate of Insurance shall provide **THIRTY (30) DAY** notice of cancellation, **TEN (10) DAY** notice if cancellation is for non-payment of premium. In the event that Contractor's insurer is unable to accommodate the cancellation notice requirement, it shall be the responsibility of Contractor to provide the proper notice. Such notification shall be in writing by registered mail, return receipt requested, and addressed to the certificate holder. Additional copies may be sent to the City of Ocala at vendors@ocalafl.gov.

F. **Failure to Maintain Coverage**. The insurance policies and coverages set forth above are required and providing proof of and maintaining insurance of the types and with such terms and limits set forth above is a material obligation of Contractor. Contractor's failure to obtain or maintain in full force and effect any insurance coverage required under this Agreement shall constitute material breach of this Agreement.

G. **Severability of Interests**. Contractor shall arrange for its liability insurance to include or be endorsed to include a severability of interests/cross-liability provision so that the "City of Ocala" (where named as an additional insured) will be treated as if a separate policy were in existence, but without increasing the policy limits.

10. **PUBLIC RECORDS.** Contractor shall comply with all applicable provisions of the Florida Public Records Act, Chapter 119, Florida Statutes. Specifically, Contractor shall:

A. Keep and maintain public records required by the public agency to perform the service.

Docusign Envelope ID: 728434EF-6E73-41E9-A95B-7351B9066DC1

B. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if Contractor does not transfer the records to the public agency.

D. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of Contractor or keep and maintain public records required by the public agency to perform the service. If Contractor transfers all public records to the public agency upon completion of the contract, Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Contractor keeps and maintains public records upon completion of the contract, Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: CITY OF OCALA, OFFICE OF THE CITY CLERK; 352-629-8266; E-mail: clerk@ocalafl.gov; City Hall, 110 SE Watula Avenue, Ocala, FL 34471.

11. **AUDIT.** Contractor shall comply and cooperate immediately with any inspections, reviews, investigations, or audits relating to this Agreement as deemed necessary by the Florida Office of the Inspector General, the City's Internal or External auditors or by any other Florida official with proper authority.

12. **PUBLICITY.** Contractor shall not use City's name, logo, seal or other likeness in any press release, marketing materials, or other public announcement without City's prior written approval.

13. **E-VERIFY.** Pursuant to section 448.095, Contractor shall register with and use the U.S. Department of Homeland Security's ("DHS") E-Verify System, accessible at https://e-verify.uscis.gov/emp, to verify the work authorization status of all newly hired employees. Contractor shall obtain affidavits from any and all subcontractors in accordance with paragraph 2(b) of section 448.095, Florida Statutes, and maintain copies of such affidavits for the duration of this Agreement. By entering into this Agreement, Contractor certifies and ensures that it utilizes and will continue to utilize the DHS E-Verify System for the duration of this Agreement and any subsequent renewals of same. Contractor understands that failure to comply with the requirements of this section shall result in the termination of this Agreement and Contractor may lose the ability to be awarded a public contract for a minimum of one (1) year after the date on which the Agreement was terminated. Contractor shall provide a copy of its DHS Memorandum

Docusign Envelope ID: 728434EF-6E73-41E9-A95B-7351B9066DC1

of Understanding upon City's request. Please visit www.e-verify.gov for more information regarding the E-Verify System.

14. **CONFLICT OF INTEREST.** Contractor is required to have disclosed, with the submission of their bid, the name of any officer, director, or agent who may be employed by the City. Contractor shall further disclose the name of any City employee who owns, directly or indirectly, any interest in Contractor's business or any affiliated business entity. Any additional conflicts of interest that may occur during the contract term must be disclosed to the City of Ocala Procurement Department.

15. **WAIVER.** The failure or delay of any party at any time to require performance by another party of any provision of this Agreement, even if known, shall not affect the right of such party to require performance of that provision or to exercise any right, power or remedy hereunder. Any waiver by any party of any breach of any provision of this Agreement should not be construed as a waiver of any continuing or succeeding breach of such provision, a waiver of the provision itself, or a waiver of any right, power or remedy under this Agreement. No notice to or demand on any party in any circumstance shall, of itself, entitle such party to any other or further notice or demand in similar or other circumstances.

16. **SEVERABILITY OF ILLEGAL PROVISIONS.** Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the applicable law. Should any portion of this Agreement be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Agreement.

17. **INDEMNITY.** Contractor shall indemnify City and its elected officials, employees and volunteers against, and hold City and its elected officials, employees and volunteers harmless from, all damages, claims, losses, costs, and expenses, including reasonable attorneys' fees, which City or its elected officials, employees or volunteers may sustain, or which may be asserted against City or its elected officials, employees or volunteers, arising out of the activities contemplated by this Agreement including, without limitation, harm or personal injury to third persons during the term of this Agreement to the extent attributable to the actions of Contractor, its agents, and employees.

18. **NO WAIVER OF SOVEREIGN IMMUNITY.** Nothing herein is intended to waive sovereign immunity by the City to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

19. **NOTICES.** All notices, certifications or communications required by this Agreement shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by e-mail. All notices shall be addressed to the respective parties as follows:

20. **ATTORNEYS' FEES.** If any civil action, arbitration or other legal proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party shall be entitled to recover reasonable attorneys' fees, sales and use taxes, court costs and all expenses reasonably incurred even if not taxable as court costs (including, without limitation, all such fees, taxes, costs and expenses incident to arbitration, appellate, bankruptcy and post-judgment proceedings), incurred in that civil action, arbitration or legal proceeding, in addition to any other relief to which such party or parties may be entitled. Attorneys' fees shall include, without limitation, paralegal fees, investigative fees, administrative costs, sales and use taxes and all other charges reasonably billed by the attorney to the prevailing party.

21. **JURY WAIVER.** IN ANY CIVIL ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF, CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY ANY OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.

22. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.

23. **JURISDICTION AND VENUE.** The parties acknowledge that a majority of the negotiations, anticipated performance and execution of this Agreement occurred or shall occur in Marion County, Florida. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought only in the courts of record of the State of Florida in Marion County or the United States District Court, Middle District of Florida, Ocala Division. Each party consents to the exclusive jurisdiction of such court in any such civil action or legal proceeding and waives any

Docusign Envelope ID: 728434EF-6E73-41E9-A95B-7351B9066DC1

objection to the laying of venue of any such civil action or legal proceeding in such court and/or the right to bring an action or proceeding in any other court. Service of any court paper may be effected on such party by mail, as provided in this Agreement, or in such other manner as may be provided under applicable laws, rules of procedures or local rules.

24. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all whom shall be bound by the provisions hereof.
25. **MUTUALITY OF NEGOTIATION.** Contractor and City acknowledge that this Agreement is a result of negotiations between Contractor and City, and the Agreement shall not be construed in favor of, or against, either party because of that party having been more involved in the drafting of the Agreement.
26. **SECTION HEADINGS.** The section headings herein are included for convenience only and shall not be deemed to be a part of this Agreement.
27. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or because of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.
28. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both parties to this Agreement.
29. **COUNTERPARTS.** This Agreement may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.
30. **ELECTRONIC SIGNATURE(S).** Contractor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.
31. **ENTIRE AGREEMENT.** This Agreement, including exhibits, (if any) constitutes the entire Agreement between the parties hereto with respect to the subject matter hereof. There are no other representations, warranties, promises, agreements or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. No course of prior dealings between the parties and no usage of trade shall be relevant or admissible to supplement, explain, or vary any of the terms of this Agreement. No representations, understandings, or agreements have been made or relied upon in the making of this Agreement other than those specifically set forth herein.
32. **LEGAL AUTHORITY**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

Docusign Envelope ID: 728434EF-6E73-41E9-A95B-7351B9066DC1

IN WITNESS WHEREOF, the parties have executed this Agreement on _____.

TERM CONTRACT FOR SMOKE TESTING AND I&I SERVICES FOR SEMINOLE COUNTY WASTEWATER COLLECTION SYSTEM (IFB-604974-25/LAS)

THIS AGREEMENT is dated as of the 21st day of May 2025, by and between **USSI LLC.,** duly authorized to conduct business in the State of Florida, whose address is 752 Commerce Drive, #15, Venice, FL 34292, in this Agreement referred to as "CONTRACTOR", and **SEMINOLE COUNTY**, a charter county and political subdivision of the State of Florida, whose address is Seminole County Services Building, 1101 E. 1st Street, Sanford, Florida 32771, in this Agreement referred to as "COUNTY".

W I T N E S S E T H:

WHEREAS, COUNTY desires to retain the services of a competent and qualified contractor to provide smoke testing and all related work on wastewater gravity sewer systems for Seminole County; and

WHEREAS, COUNTY has requested and received expressions of interest for the retention of services of contractors; and

WHEREAS, CONTRACTOR is competent and qualified to provide materials and services to COUNTY, and desires to provide materials and services according to the terms and conditions stated in this Agreement,

NOW, THEREFORE, in consideration of the mutual understandings and covenants set forth in this Agreement, COUNTY and CONTRACTOR agree as follows:

Section 1. Materials and/or Services. COUNTY hereby retains CONTRACTOR to provide materials and services as further described in the Scope of Services attached as Exhibit A and made a part of this Agreement. CONTRACTOR is also bound by all requirements as contained in the solicitation package, all addenda to this package, and CONTRACTOR's

submission in response to this solicitation. Required materials and services will be specifically enumerated, described, and depicted in the Purchase Orders authorizing purchase of specific materials and services. This Agreement standing alone does not authorize the purchase of materials and services or require COUNTY to place any orders for work.

Section 2. Term. This Agreement takes effect on the date of its execution by COUNTY and continues for a period of three (3) years. At the sole option of COUNTY, this Agreement may be renewed for two (2) successive periods not to exceed one (1) year each. Renewals are wholly contingent on the availability of funds. Expiration of the term of this Agreement will have no effect upon Purchase Orders issued pursuant to this Agreement and prior to the expiration date. Obligations entered by both parties under such Purchase Orders will remain in effect until delivery and acceptance of the materials authorized by the respective Purchase Order. The first three (3) months of the initial term are considered probationary. During the probationary period, COUNTY may immediately terminate this Agreement at any time, with or without cause, upon written notice to CONTRACTOR.

Section 3. Authorization for Materials and/or Services. Authorization for provision of materials and services by CONTRACTOR under this Agreement must be in the form of written Purchase Orders issued and executed by COUNTY. A sample Purchase Order is attached as Exhibit B. Each Purchase Order will describe the materials and services required, state the dates for delivery of materials and services, and establish the amount and method of payment. The Purchase Orders must be issued under and incorporate the terms of this Agreement. COUNTY makes no covenant or promise as to the number of available Purchase Orders or that CONTRACTOR will perform any Purchase Order for COUNTY during the life of this Agreement. COUNTY reserves the right to contract with other parties for the services contemplated by this Agreement when it is determined by COUNTY to be in the best interest of COUNTY to do so.

Page 2 of 42

Docusign Envelope ID: 728434EF-6E73-41E9-A95B-7351B9066DC1

Section 4. Time for Completion. The materials and services to be provided by CONTRACTOR will be delivered, as specified in such Purchase Orders as may be issued under this Agreement, within the time specified in the Purchase Order.

Section 5. Compensation. COUNTY shall compensate CONTRACTOR for the materials and services provided for under this Agreement on a Fixed Fee basis at the rates as outlined in Exhibit C. When a Purchase Order is issued on a Fixed Fee basis, then the applicable Purchase Order Fixed Fee amount will include any and all reimbursable expenses and will be based on the unit pricing attached to this Agreement, or as reduced in the quoting process leading to specific Purchase Orders.

Section 6. Payment and Billing.

(a) CONTRACTOR shall supply all materials and services required by the Purchase Order, but in no event will CONTRACTOR be paid more than the negotiated Fixed Fee amount stated within each Purchase Order.

(b) For Purchase Orders issued on a Fixed Fee basis, CONTRACTOR may invoice the amount due based on the percentage of total Purchase Order materials and services actually provided, but in no event may the invoice amount exceed a percentage of the Fixed Fee amount equal to a percentage of the total services actually completed.

(c) COUNTY shall make payments to CONTRACTOR when requested as materials and services are provided, but not more than once monthly. Each Purchase Order will be invoiced separately. At the close of each calendar month, CONTRACTOR shall render to COUNTY an itemized invoice, properly dated, describing any materials and services provided, the cost of the materials and services provided, the name and address of CONTRACTOR, Purchase Order Number, Contract Number, and any other information required by this Agreement.

(d) Submittal instructions for invoices are as follows:

Page 3 of 42

Docusign Envelope ID: 728434EF-6E73-41E9-A95B-7351B9066DC1

(1) The original invoice must be emailed to:

AP@SeminoleClerk.org

(2) The original invoice may also be mailed or delivered to:

Director of County Comptroller's Office
Seminole County Board of County Commissioners
P.O. Box 8080
Sanford, FL 32772-8080

(3) A copy of the invoice must be sent to:

Seminole County Utilities Operations Division
500 W Lake Mary Boulevard
Sanford, FL 32773

(e) Upon review and approval of CONTRACTOR's invoice, COUNTY shall pay CONTRACTOR the approved amount in accordance with the terms as set forth in Chapter 218, Part VII, Florida Statutes.

(f) The COUNTY's performance and obligation to pay under this Agreement is wholly contingent upon the COUNTY's receipt of sufficient appropriation.

Section 7. General Terms of Payment and Billing.

(a) Upon satisfactory delivery of materials and services required under this Agreement and upon acceptance of the materials and services by COUNTY, CONTRACTOR may invoice COUNTY for the full amount of compensation provided for under the terms of this Agreement less any amount already paid by COUNTY.

(b) COUNTY may perform or have performed an audit of the records of CONTRACTOR at any time during the term of this Agreement and after final payment to support final payment under this Agreement. Audits may be performed at a time mutually agreeable to CONTRACTOR and COUNTY. Total compensation to CONTRACTOR may be determined subsequent to an audit as provided for in this Section and the total compensation so determined

will be used to calculate final payment to CONTRACTOR. Performance of this audit will not delay final payment as provided by subsection (a) of this Section.

(c) CONTRACTOR shall maintain all books, documents, papers, accounting records, and other evidence pertaining to materials and services provided under this Agreement in such a manner as will readily conform to the terms of this Agreement. CONTRACTOR shall make such materials available at CONTRACTOR's office at all reasonable times during the term of this Agreement and for five (5) years from the date of final payment under the contract for audit or inspection as provided for in subsection (b) of this Section.

(d) In the event any audit or inspection conducted after final payment but within the period provided in paragraph (c) of this Section reveals any overpayment by COUNTY under the terms of the Agreement, CONTRACTOR shall refund such overpayment to COUNTY within thirty (30) days of notice by COUNTY.

Section 8. No Waiver by Forbearance. COUNTY's review of, approval and acceptance of, or payment for the materials or services required under this Agreement does not operate as a waiver of any rights under this Agreement, or of any cause of action arising out of the performance of this Agreement. CONTRACTOR is and will always remain liable to COUNTY in accordance with applicable law for any and all damages to COUNTY caused by CONTRACTOR's negligent or wrongful provision of any of the materials or services provided under this Agreement.

Section 9. Termination.

(a) COUNTY may, by written notice to CONTRACTOR, terminate this Agreement or any Purchase Order issued under this Agreement, in whole or in part, at any time, either for COUNTY's convenience or because of the failure of CONTRACTOR to fulfill its obligations under this Agreement. Upon receipt of such notice, CONTRACTOR shall immediately discontinue all services affected, unless the notice directs otherwise, and deliver to COUNTY all

data, drawings, specifications, reports, estimates, summaries, and any and all such other information and materials of whatever type or nature as may have been accumulated by CONTRACTOR in performing this Agreement, whether completed or in process.

(b) If the termination is for the convenience of COUNTY, CONTRACTOR will be paid compensation for services performed to the date of termination.

(c) If the termination is due to the failure of CONTRACTOR to fulfill its obligations under this Agreement, COUNTY may take over the work and carry it to completion by other agreements or otherwise. In such case, CONTRACTOR will be liable to COUNTY for all reasonable additional costs associated with CONTRACTOR's failure to fulfill its obligations under this Agreement.

(d) CONTRACTOR will not be liable for such additional costs if the failure to perform the Agreement arises without any fault or negligence of CONTRACTOR, but CONTRACTOR will be responsible and liable for the actions by its subcontractors, agents, employees, persons, and entities of a similar type or nature. Matters beyond the fault or negligence of CONTRACTOR include acts of God or of the public enemy, acts of COUNTY in its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather, but in every case the failure to perform must be beyond the control and without any fault or negligence of CONTRACTOR.

(e) If after notice of termination for CONTRACTOR's failure to fulfill its obligations under this Agreement it is determined that CONTRACTOR had not so failed, the termination will be conclusively deemed to have been effected for the convenience of COUNTY. In such event, adjustment in the Agreement price will be made as provided in subsection (b) of this Section.

(f) The rights and remedies of COUNTY provided for in this Section are in addition and supplemental to any and all other rights and remedies provided by law or under this Agreement.

Section 10. Conflict with Contract Documents. Wherever the terms of this Agreement conflict with any Purchase Order issued pursuant to it or any other contract documents, including bids or proposals previously submitted by CONTRACTOR, this Agreement will prevail. For the avoidance of doubt, bid/proposals and any other documents submitted by CONTRACTOR are not incorporated into this Agreement, unless expressly stated otherwise.

Section 11. Equal Opportunity Employment. CONTRACTOR shall not discriminate against any employee or applicant for employment for work under this Agreement because of race, color, religion, sex, age, disability, or national origin. CONTRACTOR shall take steps to ensure that applicants are employed and employees are treated during employment without regard to race, color, religion, sex, age, disability, or national origin. This provision includes, but is not limited to the following: employment, upgrading, demotion or transfer, recruitment advertising, layoff or termination, rates of pay or other forms of compensation and selection for training including apprenticeship.

Section 12. No Contingent Fees. CONTRACTOR warrants that it has not employed or retained any company or person other than a bona fide employee working solely for CONTRACTOR to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for CONTRACTOR, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from award or making of this Agreement. For the breach or violation of this provision, COUNTY will have the right to terminate the Agreement at its sole discretion without liability and

to deduct from the Agreement price or otherwise recover the full amount of such fee, commission, percentage, gift, or consideration.

Section 13. Conflict of Interest.

(a) CONTRACTOR shall not engage in any action that would create a conflict of interest in the performance of its obligations pursuant to this Agreement with COUNTY or violate or cause others to violate the provisions of Chapter 112, Part III, Florida Statutes, relating to ethics in government.

(b) CONTRACTOR hereby certifies that no officer, agent, or employee of COUNTY has any material interest (as defined in Section 112.312(15), Florida Statutes, as over 5%), either directly or indirectly, in the business of CONTRACTOR to be conducted under this Agreement and that no such person will have any such interest at any time during the term of this Agreement.

Section 14. Assignment. Neither this Agreement nor any interest in it may be assigned, transferred, or otherwise encumbered under any circumstances by either party without prior written consent of the other party and in such cases only by a document of equal dignity with this Agreement.

Section 15. Subcontractors. CONTRACTOR shall first secure the prior written approval of COUNTY before engaging or contracting for the services of any subcontractors under this Agreement. CONTRACTOR will remain fully responsible to COUNTY for the services of any subcontractors under this Agreement.

Section 16. Indemnification of COUNTY. To the fullest extent permitted by law, CONTRACTOR shall hold harmless, release, and indemnify COUNTY, its commissioners, officers, employees, and agents from any and all claims, losses, damages, costs, attorney fees, and lawsuits for damages arising from, allegedly arising from, or related to CONTRACTOR's provision of materials or services under this Agreement caused by CONTRACTOR's act or

omission in the performance of this Agreement. This provision is not to be construed as a waiver by COUNTY of its sovereign immunity, except to the extent waived pursuant to Section 768.28, Florida Statutes, as this statute may be amended from time to time.

Section 17. Insurance.

(a) CONTRACTOR, at its sole expense, shall maintain the insurance required under this Section at all times throughout the duration of this Agreement and have this insurance approved by COUNTY's Risk Manager with the Resource Management Department. CONTRACTOR shall immediately provide written notice to the COUNTY upon receipt of notice of cancellation of an insurance policy or a decision to terminate an insurance policy.

(1) CONTRACTOR shall require and ensure that each of its sub-vendors or subcontractors providing services under this Agreement, if any, procures and maintains insurance of the types and to the limits specified in this Agreement until the completion of their respective services.

(2) Neither approval by COUNTY nor failure by COUNTY to disapprove the insurance furnished by CONTRACTOR will relieve CONTRACTOR of its full responsibility for liability, damages, and accidents.

(3) Neither COUNTY's review of the coverage afforded by or the provisions of the policies of insurance purchased and maintained by CONTRACTOR in accordance with this Section, nor COUNTY's decisions to raise or not to raise any objections about either or both, in any way relieves or decreases the liability of CONTRACTOR.

(4) If COUNTY elects to raise an objection to the coverage afforded by or the provisions of the insurance furnished, then CONTRACTOR shall promptly provide to COUNTY such additional information as COUNTY may reasonably request, and CONTRACTOR shall remedy any deficiencies in the policies of insurance within ten (10) days.

(5) COUNTY's authority to object to insurance does not in any way whatsoever give rise to any duty on the part of COUNTY to exercise this authority for the benefit of CONTRACTOR or any other party.

(b) General Requirements.

(1) Before commencing work, CONTRACTOR shall furnish COUNTY with a current Certificate of Insurance on a current ACORD Form signed by an authorized representative of the insurer evidencing the insurance required by this Section and Exhibit D. **The Certificate must have the Agreement number for this Agreement clearly marked on its face**, and including the following as Certificate Holder:

Seminole County, Florida
Seminole County Services Building
1101 East 1st Street
Sanford, Florida 32771

The Certificate of Insurance must evidence and all policies must be endorsed to provide the COUNTY with not less than thirty (30) days (10 days for non-payment) written notice prior to the cancellation or non-renewal of coverage directly from the Insurer and without additional action of the Insured or Broker. Until such time as the insurance is no longer required to be maintained, CONTRACTOR shall provide COUNTY with a renewal or replacement Certificate of Insurance within ten (10) days after the expiration or replacement of the insurance for which a previous certificate has been provided.

(2) In addition to providing the Certificate of Insurance, upon request of the COUNTY, CONTRACTOR shall provide COUNTY with a certified copy of each of the policies of insurance providing the coverage required by this Agreement within thirty (30) days after receipt of the request. Certified copies of policies may only be provided by the Insurer, not the agent or broker.

Docusign Envelope ID: 728434EF-6E73-41E9-A95B-7351B9066DC1

(3) Deductible and self-insured retention amounts must be declared to and approved by COUNTY and must be reduced or eliminated upon written request from COUNTY. The risk of loss within the deductible amount, if any, in the insurance purchased and maintained pursuant to this document must be borne by CONTRACTOR.

(4) The insurer's cost of defense, including attorney's fees and attorney's fees on appeal, must not be included within the policy limits, but must remain the responsibility of the insurer for all General Liability, Auto Liability, Employers' Liability, and Umbrella Liability coverages.

(5) In the event of loss covered by Property Insurance, the proceeds of a claim must be paid to COUNTY and COUNTY shall apportion the proceeds between COUNTY and CONTRACTOR as their interests may appear.

(6) Additional Insured: Seminole County, Florida, its commissioners, officials, officers, and employees must be included as Additional Insureds under General Liability, Umbrella Liability, Business Auto Liability, Pollution Liability, and Cyber Liability policies. Such is only applicable if the aforementioned policies are required per this Agreement or Exhibit D. Such policies shall provide exception to any "Insured versus Insured" exclusion for claims brought by or on behalf of Additional Insureds.

(7) Coverage: The insurance provided by CONTRACTOR pursuant to this Agreement must apply on a primary and non-contributory basis and any other insurance or self-insurance maintained by the Seminole County Board of County Commissioners or COUNTY's officials, officers, or employees must be in excess of and not contributing with the insurance provided by CONTRACTOR.

(8) Waiver of Subrogation: All policies must be endorsed to provide a Waiver of Subrogation clause in favor of the Seminole County, Florida and its respective officials, officers,

and employees. This Waiver of Subrogation requirement does not apply to any policy that includes a condition that specifically prohibits such an endorsement or voids coverage should the Named Insured enter into such an agreement on a pre-loss basis.

(9) Provision: Commercial General Liability and Umbrella Liability Policies, if required by this Agreement or Exhibit D, must be provided on an occurrence rather than a claims-made basis.

(c) Insurance Company Requirements. Insurance companies providing the insurance must meet the following requirements.

(1) Such companies must be either: (a) authorized by maintaining Certificates of Authority or Letters of Eligibility issued to the companies by the Florida Office of Insurance Regulation to conduct business in the State of Florida, or (b) with respect only to the coverage required by this Agreement for Workers' Compensation/Employers' Liability, authorized as a group self-insurer by Section 624.4621, Florida Statutes, as this statute may be amended from time to time.

(2) In addition, such companies other than those authorized by Section 624.4621, Florida Statutes, as this statute may be amended from time to time, must have and maintain a Best's Rating of "A-" or better and a Financial Size Category of "VII" or better according to A.M. Best Company.

(3) If, during the period which an insurance company is providing the insurance coverage required by this Agreement, an insurance company, (A) loses its Certificate of Authority or Letter of Eligibility, (B) no longer complies with Section 624.4621, Florida Statutes, as this statute may be amended from time to time, or (C) fails to maintain the Best's Rating and Financial Size Category, then CONTRACTOR shall immediately notify COUNTY as soon as CONTRACTOR has knowledge of any such circumstance and, upon request of COUNTY,

immediately replace the insurance coverage provided by the insurance company with a different insurance company meeting the requirements of this Agreement. Until such time as CONTRACTOR has replaced the unacceptable insurer with an insurer acceptable to the COUNTY, CONTRACTOR will be deemed to be in default of this Agreement.

(d) Specifications. Without limiting any of the other obligations or liabilities of CONTRACTOR, CONTRACTOR, at CONTRACTOR's sole expense, shall procure, maintain, and keep in force amounts and types of insurance conforming to the minimum requirements set forth in Exhibit D. Except as otherwise specified in this Agreement, the insurance must become effective prior to the commencement of work by CONTRACTOR and must be maintained in force until final completion or such other time as required by this Agreement. The amounts and types of insurance must conform to the following minimum requirements:

(1) Workers' Compensation/Employers' Liability.

(A) CONTRACTOR's insurance must cover CONTRACTOR and its subcontractors of every tier for those sources of liability which would be covered by the latest edition of the standard Workers' Compensation and Employers Liability Policy (NCCI Form WC 00 00 00 A), as filed for use in Florida by the National Council on Compensation Insurance. In addition to coverage for the Florida Workers' Compensation Act, where appropriate, coverage is to be included for the United States Longshoremen and Harbor Workers' Compensation Act, Federal Employers' Liability Act and any other applicable federal or state law.

(B) Subject to the restrictions of coverage found in the standard Workers' Compensation and Employers Liability Policy, there must be no maximum limit on the amount of coverage for liability imposed by the Florida Workers' Compensation Act, and if applicable, the United States Longshoremen's and Harbor Workers' Compensation Act or any other

coverage customarily insured under Part One of the standard Workers' Compensation and Employers Liability Policy.

(C) The minimum limits to be maintained by CONTRACTOR are as specified in Exhibit D.

(D) If CONTRACTOR asserts an exemption to the provisions of Chapter 440, Florida Statutes, Workers' Compensation, as this statute may be amended from time to time, CONTRACTOR shall provide notification to COUNTY's Risk Manager with the Resource Management Department and shall complete the COUNTY's Workers' Compensation Waiver Request. Approval of exemption is subject to COUNTY's sole discretion. If approved, the named individuals listed in COUNTY'S approved exemption will be the only individuals authorized to perform work under this Agreement.

(E) Any vendor or contractor, including CONTRACTOR, using an employee leasing company must complete the COUNTY'S Leased Employee Affidavit.

(2) Commercial General Liability.

(A) CONTRACTOR's insurance must cover CONTRACTOR for those sources of liability which would be covered by the latest edition of the standard Commercial General Liability Coverage Form (ISO Form CG 00 01), as filed for use in the State of Florida by the Insurance Services Office, or equivalent acceptable to COUNTY. Such coverage must not contain any endorsements excluding or limiting Products/Completed Operations, Contractual Liability, or Separation of Insureds. If CONTRACTOR's work, or work under its direction, control, or sub-contract, requires blasting, explosive conditions, or underground operations, the comprehensive general liability coverage shall contain no exclusion relative to blasting, explosion, collapse of structures, or damage to underground property.

(B) ISO Endorsement CG 20 10 or CG 20 26 and CG 20 37 or their equivalent must be used to provide such Additional Insured status.

(C) The minimum limits to be maintained by CONTRACTOR are as specified in Exhibit D.

(3) Business Auto Liability.

(A) CONTRACTOR's insurance must cover CONTRACTOR for those sources of liability which would be covered by Section II of the latest edition of the standard Business Auto Policy (ISO Form CA 00 01), as filed for use in the State of Florida by the Insurance Services Office. Coverage must include owned, non-owned, and hired autos or any auto. In the event CONTRACTOR does not own automobiles, CONTRACTOR shall maintain coverage for hired and non-owned auto liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy. If the contract involves operations governed by Sections 29 or 30 of the Motor Carrier Act of 1980, endorsement MCS-90 is required.

(B) If CONTRACTOR'S operations involve pollutants as defined in the ISO Form CA 00 01, Form CA9948, Pollution Liability – Broadened Coverage for Covered Autos, is required.

(C) The minimum limits to be maintained by CONTRACTOR are as specified in Exhibit D.

(4) Excess/Umbrella Liability.

(A) CONTRACTOR's insurance must follow form above the Commercial General Liability, Automobile Liability, and Employer's Liability policies.

(B) The minimum limits to be maintained by CONTRACTOR are as specified in Exhibit D.

(5) Pollution Liability.

(A) CONTRACTOR's insurance must cover CONTRACTOR for all of the following:

1. Bodily injury, sickness, disease, mental anguish, or shock sustained by any person, including death.

2. Property damage including physical injury to or destruction of tangible property including the resulting loss of use of such property, cleanup costs, and the loss of use of tangible property that has not been physically injured or destroyed.

3. Defense costs including costs, charges, and expenses incurred in the investigation, adjustment, or defense of claims for such compensatory damages.

(B) If CONTRACTOR is operating a hazardous or non-hazardous treatment, storage, or disposal facility, coverage for losses that arise from the insured facility that is accepting the waste.

(C) Coverage must apply to sudden and non-sudden pollution conditions including the discharge, dispersal, release or escape of smoke, vapors, soot, fumes, acids, alkalis, toxic chemicals, liquids or gases, waste materials or other irritants, contaminants or pollutants into or upon land, the atmosphere or any watercourse or body of water, which results in Bodily Injury or Property Damage.

(D) The minimum limits to be maintained by CONTRACTOR are as specified in Exhibit D.

(e) The maintenance of the insurance coverage set forth in this Section may not be construed to limit or have the effect of limiting CONTRACTOR's liability under the provisions of Section 16 concerning indemnification or any other provision of this Agreement.

Section 18. Dispute Resolution.

(a) In the event of a dispute related to any performance or payment obligation arising under this Agreement, the parties shall exhaust COUNTY administrative dispute resolution procedures prior to filing a lawsuit or otherwise pursuing legal remedies. COUNTY administrative dispute resolution procedures for proper invoice and payment disputes are set forth in Section 22.15, "Prompt Payment Procedures," Seminole County Administrative Code. COUNTY administrative dispute resolution procedures for contract claims related to this Agreement, other than for proper invoice and payment disputes, are set forth in Section 220.11, "Contract Claims," Seminole County Code of Ordinances.

(b) In any lawsuit or legal proceeding arising under this Agreement, CONTRACTOR hereby waives any claim or defense based on facts or evidentiary materials that were not presented for consideration in COUNTY administrative dispute resolution procedures set forth in subsection (a) above of which CONTRACTOR had knowledge and failed to present during COUNTY administrative dispute resolution procedures.

(c) In the event that COUNTY administrative dispute resolution procedures are exhausted and a lawsuit or legal proceeding is filed, the parties shall exercise best efforts to resolve disputes through voluntary mediation and to select a mutually acceptable mediator. The parties participating in the voluntary mediation shall share the costs of mediation equally.

Section 19. Representatives of COUNTY and CONTRACTOR.

(a) It is recognized that questions in the day to day conduct of performance pursuant to this Agreement may arise. Upon request by CONTRACTOR, COUNTY shall designate and advise CONTRACTOR in writing of one or more of its employees to whom to address all communications pertaining to the day to day conduct of this Agreement. The designated

representative will have the authority to transmit instructions, receive information, and interpret and define COUNTY's policy and decisions pertinent to the work covered by this Agreement.

(b) At all times during the normal work week, CONTRACTOR shall designate or appoint one or more representatives who are authorized to act on behalf of CONTRACTOR and bind CONTRACTOR regarding all matters involving the conduct of the performance pursuant to this Agreement, and who will keep COUNTY continually and effectively advised of such designation.

Section 20. All Prior Agreements Superseded. This Agreement incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained in this Agreement and the parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained or referred to in this document. Accordingly, it is agreed that no deviation from the terms of this Agreement may be predicated upon any prior representations or agreements, whether oral or written.

Section 21. Modifications, Amendments, or Alterations. No modification, amendment, or alteration in the terms or conditions contained in this Agreement will be effective unless contained in a written amendment executed with the same formality and of equal dignity with this Agreement.

Section 22. Independent Contractor. Nothing in this Agreement is intended or may be construed as in any manner creating or establishing a relationship of co-partners between the parties, or as constituting CONTRACTOR (including its officers, employees, and agents) as an agent, representative, or employee of COUNTY for any purpose or in any manner whatsoever. CONTRACTOR is and will remain forever an independent contractor with respect to all services performed under this Agreement.

Section 23. Employee Status. Persons employed by CONTRACTOR in the performance of services and functions pursuant to this Agreement have no claim to pension, workers' compensation, unemployment compensation, civil service, or other employee rights or privileges granted to COUNTY's officers and employees, either by operation of law or by COUNTY.

Section 24. Services Not Provided For. No claim for services provided by CONTRACTOR not specifically provided for in this Agreement will be honored by COUNTY.

Section 25. Public Records Law.

(a) CONTRACTOR acknowledges COUNTY's obligations under Article 1, Section 24, Florida Constitution and Chapter 119, Florida Statutes, to release public records to members of the public upon request. CONTRACTOR acknowledges that COUNTY is required to comply with Article 1, Section 24, Florida Constitution and Chapter 119, Florida Statutes, in the handling of the materials created under this Agreement and this statute controls over the terms of this Agreement. Upon COUNTY's request, CONTRACTOR shall provide COUNTY with all requested public records in CONTRACTOR's possession, or shall allow COUNTY to inspect or copy the requested records within a reasonable time and at a cost that does not exceed costs as provided under Chapter 119, Florida Statutes.

(b) CONTRACTOR specifically acknowledges its obligations to comply with Section 119.0701, Florida Statutes, with regard to public records and shall perform the following:

(1) CONTRACTOR shall keep and maintain public records that ordinarily and necessarily would be required by COUNTY in order to perform the services required under this Agreement,

(2) CONTRACTOR shall provide COUNTY with access to public records on the same terms and conditions that COUNTY would provide the records and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

(3) CONTRACTOR shall ensure public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed, except as authorized by law.

(c) Upon termination of this Agreement, CONTRACTOR shall transfer, at no cost to COUNTY, all public records in possession of CONTRACTOR, or keep and maintain public records required by COUNTY under this Agreement. If CONTRACTOR transfers all public records to COUNTY upon completion of this Agreement, CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If CONTRACTOR keeps and maintains the public records upon completion of this Agreement, CONTRACTOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to COUNTY, upon request of COUNTY, in a format that is compatible with the information technology systems of COUNTY.

(d) Failure to comply with this Section will be deemed a material breach of this Agreement for which COUNTY may terminate this Agreement immediately upon written notice to CONTRACTOR. CONTRACTOR may also be subject to statutory penalties as set forth in Section 119.10, Florida Statutes.

(e) **IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO CONTRACTOR's DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTRACTOR MAY CONTACT THE CUSTODIAN OF PUBLIC RECORDS, THE SEMINOLE COUNTY PURCHASING AND CONTRACTS MANAGER, AT 407-665-7116,**

Section 26. Governing Law, Jurisdiction, and Venue. The laws of the State of Florida govern the validity, enforcement, and interpretation of this Agreement. The sole jurisdiction and venue for any legal action in connection with this Agreement will be in the courts of Seminole County, Florida.

Section 27. Compliance with Laws and Regulations. In providing all services pursuant to this Agreement, CONTRACTOR shall abide by all statutes, ordinances, rules, and regulations pertaining to or regulating the provision of such services, including those now in effect and subsequently adopted. Any violation of these statutes, ordinances, rules, or regulations will constitute a material breach of this Agreement and will entitle COUNTY to terminate this Agreement immediately upon delivery of written notice of termination to CONTRACTOR.

Section 28. Patents and Royalties. Unless otherwise provided, CONTRACTOR is solely responsible for obtaining the right to use any patented or copyrighted materials in the performance of this Agreement. CONTRACTOR, without exception, shall indemnify and save harmless COUNTY and its employees from liability of any nature or kind, including costs and expenses for or on account of any copyrighted, patented, or unpatented invention, process, or article manufactured or supplied by CONTRACTOR. In the event of any claim against COUNTY of copyright or patent infringement, COUNTY shall promptly provide written notification to CONTRACTOR. If such a claim is made, CONTRACTOR shall use its best efforts to promptly purchase for COUNTY the legitimate version of any infringing products or services or procure a license from the patent or copyright holder at no cost to COUNTY that will allow continued use of the service or product. If none of these alternatives are reasonably available, COUNTY shall

return the article on request to CONTRACTOR and receive reimbursement, if any, as may be determined by a court of competent jurisdiction.

Section 29. Notices. Whenever either party desires to give notice to the other, it must be given by written notice, sent by registered or certified United States mail, return receipt requested, addressed to the party for whom it is intended at the place last specified. The place for giving of notice will remain such until it has been changed by written notice in compliance with the provisions of this Section. For the present, the parties designate the following as the respective places for giving of notice:

For COUNTY:

Seminole County Utilities Operations Division
500 W. Lake Mary Boulevard
Sanford, FL 32773

With a copy to:

Seminole County Purchasing & Contracts Division
1301 E. Second Street
Sanford, FL 32771

For CONTRACTOR:

USSI LLC
752 Commerce Drive #15
Venice, FL 34292

Section 30. Rights At Law Retained. The rights and remedies of COUNTY provided for under this Agreement are in addition and supplemental to any other rights and remedies provided by law.

Section 31. Headings and Captions. All headings and captions contained in this Agreement are provided for convenience only, do not constitute a part of this Agreement, and may not be used to define, describe, interpret or construe any provision of this Agreement.

Section 32. E-Verify System Registration.

(a) CONTRACTOR must register with and use the E-Verify system to verify the work

authorization status of all new employees prior to entering into this Agreement with COUNTY. If COUNTY provides written approval to CONTRACTOR for engaging with or contracting for the services of any subcontractors under this Agreement, CONTRACTOR must require certification from the subcontractor that at the time of certification, the subcontractor does not employ, contract, or subcontract with an unauthorized alien. CONTRACTOR must maintain a copy of the foregoing certification from the subcontractor for the duration of the agreement with the subcontractor.

(b) If COUNTY has a good faith belief that CONTRACTOR has knowingly violated this Section, COUNTY shall terminate this Agreement. If COUNTY terminates this Agreement with CONTRACTOR, CONTRACTOR may not be awarded a public contract for at least one (1) year after the date on which this Agreement is terminated. If COUNTY has a good faith belief that a subcontractor knowingly violated this Section, but CONTRACTOR otherwise complied with this Section, COUNTY must promptly notify CONTRACTOR and order CONTRACTOR to immediately terminate its agreement with the subcontractor.

(c) CONTRACTOR shall execute and return the Affidavit of E-Verify Requirements Compliance, attached to this Agreement as Exhibit E, to COUNTY.

Section 33. Foreign Country of Concern Attestation. When providing services to COUNTY involving access to personally identifiable information, as defined in Section 501.171, Florida Statutes, CONTRACTOR shall also execute and return the Foreign Country of Concern Attestation, attached and incorporated to this Agreement as Exhibit F. Through this attestation, CONTRACTOR affirms that it is neither owned nor controlled by a government of a Foreign Country of Concern, nor organized under the laws of such a country, as required by section 287.138, Florida Statutes.

Section 34. Anti-Human Trafficking Affidavit. In accordance with Section 787.06(13), Florida Statutes, CONTRACTOR shall attest under penalty of perjury, that CONTRACTOR does

Exhibit A- Scope of Services

INTRODUCTION AND INTENT
The purpose of these specifications is to provide guidance for contracting services to Seminole County Utilities Department, specifically for smoke testing and related work on wastewater gravity sewer systems operated and maintained by Seminole County Utilities Department.

RESPONSIBILITIES OF CONTRACTOR
The following tasks shall be performed by the Contractor within wastewater pumping station collection basins designated by the County, or specific sewer shed basins identified by the county for the purpose of smoke testing.

SECTION 1. INSPECTING MANHOLES
Inspect manholes for damage, leakage or other operating or structural problems. This inspection should include documentation of adverse conditions (including a photograph) and GPS location. All data should be correlated to the manhole asset number provided by the County Utilities Engineering Department's GIS specialist or designated individual. It is not intended that manhole inspections meet the standards of NASSCO's MACP, but they must provide adequate information to indicate the need for follow up owner investigation and potential action. Should the Contractor provide NASSCO MACP inspections, the County will accept the standard. At a minimum, manhole inspections shall include the following data attributes:

- Owner provided unique identifier
- Date of inspection
- GPS XY coordinates
- Closest street address
- Ring & Cover material
- Chimney material
- Manhole type ("brick" or "pre-cast")
- Manhole lined? ("yes" or "no")
- Liner Type ("none", "cementitious", "epoxy", "other")
- Steps ("yes" or "no")
- Downstream Pipe Material (NASSCO material codes)
- Pipe Size Outgoing
- Pipe Size Incoming
- Manhole Depth (fractional feet)
- Frame Diameter (inches)
- Cover Diameter (inches)
- Ring & Cover Condition
- Manhole Wall Condition
- Step Condition
- Invert Condition
- Roots Present
- Corrosion Present
- General Condition
- Comments
- Flows to Manhole ID

Inspection results shall be provided by wastewater lift station basin and organized in a spreadsheet or database table. Results shall be provided electronically. The County reserves the right to specify deliverable format conducive to County specific reporting standards. Should the county require specific deliverables, the County will provide format for Contractor to utilize, or County and Contractor can develop desired deliverables based on metrics agreed upon between both parties.

SECTION 2. SEALING MANHOLE CHIMNEYS

The work covered under this section includes, but is not limited to, all labor, equipment, materials, supervision and any other efforts required to seal the manhole chimney as outlined herein. The intent of the chimney seal is to prevent inflow from the area beneath the rim of the manhole, but above the cone. The chimney includes the ring, cement extensions, lift rings, brick or cement used to raise the manhole ring.

The chimney seal shall be installed using ElastaSeal® internal manhole sealing system or equivalent as approved by the Engineer (approval will be based on parameters below and installed experience in the southeastern United States) that specifies a primer material to stick to the concrete, and a flexible seal. The seal is to be of an aramid fiber reinforced flexible, but resistant, material to account for surface loading changes that create most chimney damage. The sealing materials shall have the following parameters:

Primer coat:

- Specific gravity > 1.0
- >90 % solids as measured by ASTM D2369
- Elongation 650 +/- 50 as measured by ASTM D412
- Adhesive strength > 700 psi on steel or concrete as measured by Eclometer 109
- Tensile strength = 3200 +/- 50 psi as measured by ASTM D412
- Tear resistance =325 +/- IO psi as measured by ASTM D624
- Nonflammable as measured by ASTM D-93 in a Pensky-Martens closed cup
- Temperature Range -65 to 200 F
- Minimal water absorption capacity (<0.5%)

Topcoat:

- Specific gravity> 1.0
- >99 % solids as measured by ASTM D2369
- As applied, solids greater than 70%
- Ultimate Elongation equal to or greater than 850% +/- 50 as measured by ASTM D412
- Elongation as applied equal to or greater than 325% +/- 10 as measured by ASTM D412
- Adhesive strength> 700 psi on steel or concrete as measured by Eclometer 109
- Tensile strength = 2300 +/- 50 psi as measured by ASTM D412
- Tear resistance =345 +/- 10 psi as measured by ASTM D624
- Nonflammable as measured by ASTM D-93 in a Pensky-Martens closed cup
- Temperature Range -65 to 200 F
- Kevlar® fiber (Aramid Fiber Reinforcer)
- Minimal water absorption capacity (<0.5%)
- Shore A Hardness equal to 75 +/- 5 as measured by ASTM 2240

Neither material shall contain VOCs. The final sealing system shall remain flexible with time to

account for surface loading variations.

Kevlar™ is a registered Trademark of E.I. DuPont Corporation

Seal coat shall be resistant to damage after 14 days of immersion in:

- Salt
- Gasoline
- Hydrogen sulfide
- Antifreeze
- Low pH

Primer and topcoat shall have, as a minimum, a five (5) year warranty. This warranty shall dictate that any repairs within the warranty period shall include the labor and materials necessary to repair or re-coat the manhole chimney.

Installation

- All loose mortar, concrete brick or other materials shall be removed by the Contractor as they would interfere with seal performance and adhesion.
- High pressure sandblast chimney and ring to create a dry, clean surface. Surface shall be clean from dust and moisture.
- Mastic Primer coat shall be applied to clean chimney material and applied in accordance with manufacturer instructions. Coating shall cure for a minimum of 30 minutes or as specified by the manufacturer prior to application of lining
- Lining material shall be applied on top of primer in accordance with manufacturer instructions.
- The primer and lining shall have a finished, dry thickness greater than 120mil.
- The manhole shall be opened once to install primer and liner to minimize disruptions to traffic.
  - NOTE: Concrete must be at least 28 days old with a compressive strength of 3500psi prior to application of sealant.
  - NOTE: If the manhole chimney is in such a state of disrepair that it cannot accommodate the proper installation sealer, the Contractor shall make a notation in the comment section of the manhole inspection report to provide the County the opportunity to repair or replace it.

SECTION 3. INSTALLATION OF RAIN DISHES

The work covered under this section includes, but is not limited to all labor, equipment, materials, supervision and any other efforts required to install rain dishes in manholes. Dishes shall be effective in keeping out rain, sand, dirt chemical spills and other materials from entering manhole.

Certified Copy - Grant Maloy

Page 28 of 42

Docusign Envelope ID: 728434EF-6E73-41E9-A95B-7351B9066DC1

The rain dish shall be Inflow Defender™ manhole inflow dish or equivalent, as approved by the County Engineer, consisting of the following:

- The inflow dish body shall be manufactured from high density polyethylene material, comply with UL Standard, 94-HB, and meet all associated ASTM specifications related to Prime HDPE 250. Dish thickness shall be a uniform .125 inches thick. Inflow dish body to be fabricated with molded ribbing members in bowl area for structural integrity. Inflow dish to have smooth radius molded edges for additional strength and prevention of cracking.
- The gasket seal shall be made of closed cell neoprene material and have a pressure sensitive adhesive on one side for adhering to inflow dish body, seating rim. Gasket to be .5 inches wide and shall have a minimum thickness of .125 inches.
- The lift strap shall be made from a woven nylon material, securely adhered to the inflow dish body interior, with a corrosion resistant fastener assembly consisting of no less than two washers with the largest being no smaller than 1.25 inches.
- For proper abatement results, the inflow dish, when installed, must seat fully flush within the manhole frame rim seat area. Frame must be cleaned of all dirt and debris prior to installation.
- Manufacturer shall have five-year warranty on manhole inflow dishes standard. Manufacture date molded into inflow dish body. Gasket Seal does not need to be included in the warranty.
- To ensure proper fit with manholes, inflow dishes will be manufactured to specific measurements field obtained by contractor.

Alternative inflow dish manufacturer must provide engineer with their inflow dish specifications and samples for review and acceptance.

Installation

- Remove manhole cover
- Contractor shall wipe all manhole ring flange area to remove soil and moisture from the interior of ring.
- Measure manhole interior to find smallest diameter.
- Install appropriate rain dish.

A list of manholes receiving rain dishes shall be provided to the County.

SECTION 4. SMOKE TESTING

The Contractor shall furnish all items (labor, equipment, materials and supervision) necessary to complete smoke testing of all assigned basins.
Smoke Testing will be used to determine the sources of entry into the collection system of surface waters (surface inflow) on both public and private property. This includes catch basins, stormwater, ground water, irrigation, or other forms of water intrusion into the collection system.

- The sources of entry into the collection system of illegal connections on both public and private property such as downspout connections or industrial connections, yard drains, or cooling water.
- The sources of entry into the collection system due to broken or missing cleanouts
- Lost manholes.
- Breaks in the main sewers or laterals that leach to the surface

Certified Copy - Grant Maloy

Page 29 of 42

Docusign Envelope ID: 728434EF-6E73-41E9-A95B-7351B9066DC1

- Contractor shall document each case of improper entry or damage to the collection system and provide a report which will include the physical address, GPS coordinates, a detailed map indicating the breach point and include photographic proof of same to the County.

Preparations

- Smoke testing of all collections systems may affect occupants of buildings connected to the line being tested. Factors such as defects in the sewer system of buildings, dry traps, defective wax beneath toilets, terminated vents or breaks, missing or unsealed cleanouts of any kind will cause smoke to enter the building. It is imperative to avoid a public relations problem caused by panic or alarm if workers or residents suddenly see smoke in their building.
- Adequate preparation plus notification of all residents by door hanger a minimum of 72 hours in advance of smoke testing shall be the responsibility of the Contractor. All customer notification material must be presented to the Utility for acceptance prior to use.
- It shall be the responsibility of the Contractor to provide adequate notification to the fire department, police department and emergency services of the anticipated smoke testing schedule and to notify the departments at the start of each day in an area to avoid the departments diverting their attention to false alarms caused by smoke testing.
- It shall be the responsibility of the Contractor to ensure that all operators who participate in the smoke testing be fully trained and briefed in the handling of residents and business owners who discover smoke in their buildings or in their yards.
- It shall be the responsibility of the contractor to assure that all operators involved in smoke testing be trained that any smoke in a building is an indication of sewer gases from the sewer entering the building and to advise the homeowner that immediate action to correct the problem is needed for the health and safety of the building occupants.
- The County reserves the right to require contractor to coordinate some or all public communications with the County's Public Information Office or other designated body specified by the County.

Operation

At the start of each operation, the smoke blower will be located over the manhole. (Smoke testing shall not be conducted on windy or wet days). The blower will be started, and liquid smoke will be deployed. Smoke bombs are not to be used. As soon as the liquid smoke has been blown into the manhole, the operators and recorders shall be instructed to move out according to prearranged plans to canvas the area affected by the smoke testing. Observers will look for smoke rising from the ground that may indicate:

- The sources of entry into the collection system of surface waters (surface inflow) on both public and private property. This includes catch basins, storm sewer or irrigation.
- The sources of entry into the collection system of illegal connections on both public and private property such as downspout connections or industrial connections, yard drains, or cooling water.
- The sources of entry into the collection system due to broken or missing cleanouts.
- Lost manholes
- Brakes in the main sewers or laterals that leach to the surface

Observers will pay particular attention to smoke rising around the foundation of the house where the service pipe likely enters the building.

Recording
Contractor shall employ electronic means to document each case of improper entry or damage to the collection system. These electronic means shall embed the collected information directly into the file of each defect to avoid recording errors.

As a minimum, smoke testing observations will include:

- Wastewater lift station basin identifier
- The street address
- GPS coordinates of observation
- A digital photograph illustrating the observation (minimum of 5 megapixel)
- Specific notes to permit follow-up activity (source, reason, location)
- Type of break ("lateral", "manhole", "main")
- Ring & Cover Break ("broken", "alignment", " missing", "seating")
- Lateral Break ("open" or "broken")
- Material Type of Cleanout
- Size of Cleanout (diameter)
- Private or Public

The contractor shall locate the observations along with the recorded information on a detailed map and report to the Utility. Locations and call outs for each defect shall be included on the map. Paint a mark on the street, using green temporary marking chalk, to assist the Utility in finding defects for follow-up activity.

Reports will be provided to the Utility no later than five (5) business days from the completion of any given section or basin. Reports will be provided in hardcopy and electronic format.

Smoke Test Result Reporting
Contractor shall document each case of improper entry or damage to the collection system and provide best case estimate as to the flow and cost incurred by the Utility because of the defect. To accomplish this, the observers will:

- Record the type of defect
- Record the severity of the defect
- Record the topography influencing the defect
- Record the volumes of smoke emanating from the defect

Contractor shall apply the recorded information to generate a detailed report to the Utility which will:

- Estimate the number of gallons entering the various defects per one-inch rain fall
- Estimate the number of gallons entering the smoked area per one-inch rain fall
- Estimate the cost to process the inflow entering the various defects per one-inch rain fall
- Estimate the cost to process the inflow entering the smoked area per one-inch rain fall

Provide a detailed estimate of the percentage of inflow and cost to process the inflow, broken down into four categories:

- Lift station
- Chimney Sections
- Ring and Cover
- Laterals

SECTION 5. INSTALLATION OF CLEANOUT CAPS

The work covered under this section includes, but is not limited to all labor, equipment, materials, supervision and any other efforts required to replace cleanout caps where necessary within the Utility's control.

Minor cleanout repairs, limited to replacement of missing or broken cap, coupling or riser (limited to 12" below grade) can be performed by the Contractor provide the homeowner agrees and signs a release. It is expected that the Contractor will attempt to notify the homeowner and acquire approval to perform the repairs (limited to those identified above).

Where applicable, these locations shall be correlated to smoke test observation locations.

SECTION 6. INSTALLATION OF CLEANOUT PLUG (Optional Activity)

The Utility may elect to install cleanout plugs, in lieu of cleanout caps. The County's representative will make this decision based on the potential for repeated damage to cleanout caps resulting in continued inflow into the collection system.

The work covered under this section includes, but is not limited to all labor, equipment, materials, supervision and any other efforts required to install LDL® or equivalent plugs in the broken or open cleanouts within the Utility's control during smoke testing.

The plug shall be an LDL® Clean-Out Plug or equivalent consisting of the following:

- Plug body shall be molded, one-piece, synthetic urethane polymer material designed to align and seal cleanout.
- Inner seal of plug shat 1 consist of a PVC material fabricated with an internal tapered, beveled seat with a thickness of .187 in and overall height of 1.25 in.
- Plug will not permit gases to escape past it.
- Plug will not permit sewage to flow past it.
- Plug will be removable by utility crews from the surface using embedded hardware molded into the plug body with a corrosion resistant material
- Retrieval hasp and hardware shat l be made of corrosion resistant material and shall protrude at least one inch above the plug body and have a thickness of0. l 87 in.
- Plug shall have embedded steel to permit surface detection by metal detector.

Installation

- Remove cleanout cap (broken or otherwise).
- Contractor shall wipe all cleanouts to remove soil and moisture from the interior of cleanout stack. All loose materials shall be removed by Contractor as they would interfere with plug.
- Contractor will scuff the interior of stack with a file hone.
- Swab interior scuffed area with PVC cleaner.
- Swab exterior of inner seal ring of plug with PVC cleaner.
- Apply PVC glue to interior walls of cleanout and exterior of inner seal ring of plug.
- With surface tools, slide inner seal ring into appropriate point in cleanout. Align with depth gauge installation tool. Twist to glue in place.
- Let cure for 60 seconds.
- Install plug.

Page 32 of 42

Docusign Envelope ID: 728434EF-6E73-41E9-A95B-7351B9066DC1

NOTE: If the clean-out stack is in such a state of disrepair that it cannot accommodate the proper installation of the cleanout plug, the Contractor shall make a notation in the comment section of the smoke testing report to provide the Utility the opportunity to repair or replace it.

Where applicable, these locations shall be correlated to smoke test observation locations.

SECTION 7. REPORT

The Contractor shall furnish all items (labor, equipment, materials and supervision) necessary to complete a project report. The project report will provide the Utility with a record of work completed and observations made throughout the project. A spreadsheet containing the following will be provided as part of the report:

Manholes

- Frame - type, size and general condition of frame and cover
- Chimney - type, general condition and existence of liner in chimney
- Barrel and invert - type, general condition
- Pipes - type, sizes, number of pipes in manholes
- Depth and conditions of manhole, noting any invasion of roots or corrosion in manhole structure

Cleanouts (included for all requiring cap replacement)

- Depth and condition of the cleanout, noting any invasion of roots in service line or damage

The Utility shall provide a map of the collection system within the project area. The map will label each manhole and sewer cleanout with a unique identifier. This identifier shall be used to reference to work performed and observations made.

SECTION 8. LIFT STATION BASIN INFILTRATION INVESTIGATION

Conduct field investigation to determine the volume of infiltration entering the collection system through structural defects. Identify gravity mains for follow-up CCTV based on upstream and downstream manhole water levels and estimated flow rates. Investigations should be performed during periods of low use - as defined by the Utility's diurnal curves.

Methodology to be used for the investigation shall be documented and followed. Observed data used to reach conclusions or make recommendations must be provided in the report. Recommendation provided in the report should be prioritize in order of significance.

SECTION 9. EXCEPTIONS

It is the intent of Seminole County to have specific processes completed within this project scope to a standard acceptable to the County. Due to the standard requested, some specific products or processes are outlined in this scope. Should a contractor desire to utilize different materials or processes as outlined in this scope, the County can approve, at the County's discretion, a different

material or process. Before any variance from the original scope is approved, the County and Contractor must come to a specified agreement before the change can take place, and the change cannot increase costs as identified in the bid form.

SECTION 10. EMERGENCY NOTIFICATIONS

As contractors work throughout the Seminole County service area, encounters with unsafe situations may arise. Any unsafe condition uncovered by the contractor must be reported to the County immediately upon discovery. Unsafe condition examples can be a found depression, leaking water or sewer, damaged sewer infrastructure, etc. Some specific instances of dangerous or unusual situations are vertical misalignments, specifically manholes, where a manhole cover ¼ inch or more out of vertical alignment with the sidewalk is actionable to report. If any unsafe or actionable situation is discovered, the contractor shall document the findings and report it to the project manager for Seminole County, or contact the customer service department at 407-665-2110, or via email at wscustomerservice@seminolecountyfl.gov.

1. Acceptance/Entire Agreement. This Purchase Order ("PO") is entered into between Seminole County, Florida ("County") and the Supplier referenced herein (individually, referred to as "Party," and collectively, "Parties"). By accepting this PO, Supplier accepts all Terms and Conditions contained herein. This PO, including specifications and drawings, if any, and referenced documents, such as solicitations and responses constitutes the entire agreement between the Parties. Whenever terms and conditions of Main Agreement, if any, conflict with any PO issued pursuant to Main Agreement, Main Agreement will control.

2. Inspection. Notwithstanding any prior payment or inspection, all goods/services are subject to inspection/rejection by County at any time, including during manufacture, construction or preparation. To the extent a PO requires a series of performances by Supplier, County reserves right to cancel remainder of PO if goods/services provided during the term of PO are non-conforming or otherwise rejected. Without limiting any rights County may have, County, at its sole option, may require Supplier, at Supplier's expense to: (a) promptly repair or replace any or all rejected goods, or to cure or re-perform any or all rejected services; or (b) refund price of any or all rejected goods or services. All rejected goods will be held for Supplier's prompt inspection at Supplier's risk. Nothing contained in PO will relieve Supplier's obligation of testing, inspection and quality control.

3. Packing & Shipping. Unless otherwise specified, all goods must be packed, packaged, marked and prepared for shipment in a manner that is: (a) in accordance with good commercial practice; (b) acceptable to common carriers for shipment at the lowest rate for the particular good; (c) in accordance with local, state, and federal regulations; and (d) protected against weather. Supplier must mark all containers with necessary lifting, handling, shipping information, PO number, date of shipment and the name of the consignee and consignor. An itemized packing sheet must accompany each shipment.

4. Delivery; Risk of Loss. All goods are FOB destination, and risk of loss will remain with Supplier until delivery by Supplier and acceptance by County. Goods delivered by Supplier that are damaged, defective, or otherwise fail to conform to PO may be rejected by County or held by County at Supplier's risk and expense. County may charge Supplier for cost(s) to inspect, unpack, repack, store and re-ship rejected goods.

5. Delivery of Excess Quantities. If Supplier delivers excess quantities of goods without prior written authorization from County, excess quantities of goods may be returned to Supplier at Supplier's expense.

6. Time is of the Essence. Time is of the essence for delivery of goods /services under PO. Failure to meet delivery schedules or deliver within a reasonable time, as determined by County, entitles County to seek all remedies available at law or in equity. County reserves right to cancel any PO and procure goods/services elsewhere if delivery is not timely. Supplier agrees to reimburse County for all costs incurred in enforcing its rights. Failure of County to cancel PO, acceptance, or payment will not be deemed a waiver of County's right to cancel remainder of PO. Delivery date or time in PO may be extended if Supplier provides a written request in advance of originally scheduled delivery date and time and County agrees to delayed delivery in writing prior to originally scheduled delivery date and time.

7. Warranties. Supplier warrants to County that all goods/services covered by PO conform strictly to specifications, drawings or samples specified or furnished by County, and are free from: (a) defects in title; and (b) latent or patent defects in material or workmanship. If no quality is specified by County, Supplier warrants to County that goods/services are of the best grade of their respective kinds, meet or exceed applicable standards for industry represented, are merchantable (as to goods) and are fit for County's particular purpose. Supplier warrants that at the time County accepts the goods/services, the goods/services will have been produced, sold, delivered and furnished in strict compliance with all applicable federal and state laws, regulations, ordinances, rules, labor agreements and working conditions to which goods/services are subject. Supplier warrants the title to goods furnished under PO is valid, transfer of such title to County is rightful and goods are free of any claims or liens of any nature whatsoever, whether rightful or otherwise, of any person, corporation, partnership or association. All applicable manufacturers' warranties must be furnished to County at time of delivery of goods or completion of service. All warranties are cumulative and are in addition to any other express or implied warranties provided by law.

8. Indemnification. To the fullest extent permitted by law, Supplier assumes any and all liability for damages, breach of PO, loss or injury of any kind or nature whatsoever to persons or property caused by, resulting from or related to the goods/services provided under PO. To the fullest extent permitted by law, Supplier shall indemnify and hold harmless County, its commissioners, officers, employees and agents from and against any and all claims, damages, demands, lawsuits, losses, costs and expenses, including attorneys' fees, patent, copyright or trademark infringement, judgments, decrees of whatsoever nature which County may incur as a result of claims, demands, lawsuits or causes of action of any kind or nature arising from, caused by or related to goods/services furnished by Supplier, its officers, employees, agents, partners, principals or subcontractors. Remedies afforded to County by this section are cumulative with and in no way affect any other legal remedy County may have under PO or at law. Supplier's obligations under PO must not be limited by any insurance coverage or by any provision in or exclusion or omission from any policy of insurance.

9. Insurance. Supplier, at its sole expense, shall maintain insurance coverage acceptable to County. All policies must name County as an additional insured. All Insurance Certificates must be provided to the Purchasing and Contracts Division within ten (10) days of request. Supplier shall notify County, in writing, of any cancellation, material change, or alteration to Supplier's Certificate of Insurance.

10. Modifications. PO may be modified or rescinded in writing by County.

11. Material Safety Data Sheets. At time of delivery, Supplier agrees to provide County with a current Material Safety Data Sheet for any hazardous chemicals or toxic substances, as required by law.

12. Pricing. Supplier agrees that pricing included on PO shall remain firm through and until delivery of goods and/or completion of services, unless otherwise agreed to by the Parties in writing.

13. Invoicing & Payment. After delivery of goods/services by Supplier and acceptance by the County, the Supplier must electronically submit an original invoice via email to AP@seminoleclerk.org or may mail the invoice, if electronic invoice is not available, to: Seminole County Clerk of the Circuit Court and Comptroller, P.O. Box 8080, Sanford, Florida 32772. Invoices must be billed at pricing stipulated on PO and must include the County's Purchase Order Number. Thereafter, all payments and interest on any late payments will be paid in compliance with Florida Prompt Payment Act, §218. 70, Florida Statutes.

14. Taxes. County is exempt from Florida sales tax, federal taxes on transportation charges and any federal excise tax. County will not reimburse Supplier for taxes paid.

15. Termination. County may terminate PO, in whole or in part, at any time, either for County's convenience or because of Supplier's failure to fulfill its obligations under PO, by written notice to Supplier. Upon receipt of written notice, Supplier must discontinue all deliveries affected unless written notice directs otherwise. In the event of termination, County will be liable only for materials procured, work completed or services rendered or supplies partially fabricated, within the authorization of PO. In no event will County be liable for incidental or consequential damages by reason of such termination.

16. Equal Opportunity Employer. County is an Equal Employment Opportunity ("EEO") employer, and as such, requires all Suppliers to comply with EEO regulations with regards to race, color, religion, sex, national origin, age, disability or genetic information, as may be applicable to Supplier. Any subcontracts entered into, as authorized by County, must make reference to this clause with the same degree of application being encouraged.

17. Assignment. Supplier may not assign, transfer, or subcontract PO or any right or obligation under it without County's written consent. Any purported assignment, transfer, or subcontract will be null and void.

18. Venue & Applicable Law. The laws of the State of Florida govern validity, enforcement, and interpretation of PO. The sole jurisdiction and venue for any legal action in connection with PO will be in the courts of Seminole County, Florida.

19. Fiscal Non-Funding. In the event sufficient budgeted funds are not available for payment to Supplier for a new fiscal period, County shall notify Supplier of such occurrence and PO will terminate on the last day of the current fiscal period without penalty or expense to County.

20. Public Records. Supplier acknowledges that PO and any related financial records, audits, reports, plans, correspondence and other documents may be subject to disclosure to members of the public pursuant to Chapter 119, Florida Statutes. Supplier shall maintain all public records and, upon request, provide a copy of requested records or allow records to be inspected within a reasonable time. Supplier shall also ensure that any public records that are exempt or confidential from disclosure are not disclosed except as authorized by law. In event Supplier fails to abide by provisions of Chapter 119, Florida Statutes, County may, without prejudice to any other right or remedy and after giving Supplier seven (7) days written notice, during which period Supplier still fails to allow access to such documents, terminate PO. **IF SUPPLIER HAS QUESTIONS REGARDING APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO SUPPLIER' S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO PO, CONTACT CUSTODIAN OF PUBLIC RECORDS AT: 407-665-7116, PURCH@SEMINOLECOUNTYFL.GOV, PURCHASING AND CONTRACTS DIVISION, 1301 E. SECOND STREET, SANFORD, FL 32771.**

21. Right to Audit Records. County will be entitled to audit the books and records of Supplier to the extent that the books and records relate to this PO. Supplier must maintain books and records relating to this PO for a period of three (3) years from the date of final payment under the PO, unless the County authorizes otherwise in writing.

22. Severability. If any section, sentence, clause, phrase or portion of PO are, for any reason, held invalid or unconstitutional by any court of competent jurisdiction, such portion will be deemed separate, distinct, and independent and such holding will not affect validity of remaining portion of PO.

23. Headings & Captions. All headings and captions contained in PO are provided for convenience only, do not constitute a part of PO, and may not be used to define, describe, interpret or construe any provision of PO.

Agreement Number: IFB-604974-25/LAS

AFFIDAVIT OF E-VERIFY REQUIREMENTS COMPLIANCE

The CONSULTANT/CONTRACTOR agrees to comply with section 448.095, Florida Statutes, and to incorporate in all subcontracts the obligation to comply with section 448.095, Florida Statutes.

1. The CONSULTANT/CONTRACTOR shall utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the CONSULTANT during the term of the Agreement and shall expressly require any subcontractors performing work or providing services pursuant to the Agreement to likewise utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the Agreement term.

2. That the CONSULTANT/CONTRACTOR understands and agrees that its failure to comply with the verification requirements of Section 448.095, Florida Statutes or its failure to ensure that all employees and subcontractors performing work under Agreement Number IFB-604974-25/LAS are legally authorized to work in the United States and the State of Florida, constitutes a breach of this Agreement for which Seminole County may immediately terminate the Agreement without notice and without penalty. The CONSULTANT/CONTRACTOR further understands and agrees that in the event of such termination, the CONSULTANT/CONTRACTOR shall be liable to the county for any costs incurred by the County as a result of the CONSULTANT'S/CONTRACTOR'S breach. HUMAN TRAFFICKING AFFIDAVIT

CONTRACT # IFB-604974-25/LAS

In compliance with Section 787.06(13), Florida Statutes, this Affidavit must be completed by an officer or representative of a nongovernmental entity that is executing, renewing, or extending a contract with Seminole County (the "Governmental Entity").

The undersigned, on behalf of the entity listed below (the "Nongovernmental Entity"), hereby attests under penalty of perjury as follows:

1. I am over the age of 18 and I have personal knowledge of the matters set forth herein.

2. I am an officer or representative of USSI,LLC, a non-governmental entity and I am authorized to provide this affidavit on behalf of such.

3. Nongovernmental Entity, and any of its subsidiaries or affiliates, do not use coercion for labor or services, as those terms are defined in Section 787.06, Florida Statutes, as may be amended from time to time.

4. If, at any time in the future, Nongovernmental Entity does use coercion for labor or services, Nongovernmental Entity will immediately notify Seminole County and no contracts may be executed, renewed, or extended between the parties.

5. I have read the foregoing affidavit and confirm that the facts stated in it are true, and are made for the benefit of, and reliance by Seminole County.
