1. Agreement

Except as set forth above, the terms and conditions of the applicable agreement between you and Oracle (including any updated URL Terms or other applicable web based terms in effect as of the date of this document) shall apply to the products and/or services set forth on this document. This document is non-cancellable and all fees are non-refundable, unless otherwise explicitly stated in this document or in the Agreement. For clarity, the Service Start Date shall be the date this document is signed by you, unless a different date is specified as the Service Start Date.

*attached The Oracle Data Processing Agreement covering the NetSuite services, which may be found at <https://www.oracle.com/corporate/contracts/cloud-services/> ("Data Processing Agreement"), is incorporated herein by this reference and describes how Oracle will process Personal Data (as defined therein) that Customer provides to Oracle as part of Oracle's provision of the NetSuite services to Customer under this Estimate/Order Form ("order"), unless otherwise stated in the Data Processing Agreement or this order. Customer's signature on this order constitutes Customer's agreement to the Data Processing Agreement, unless stated otherwise in the Subscription Services Agreement or License Agreement that governs this order. This Data Processing Agreement only applies to NetSuite services included in this order and does not apply to the following services that may be included in this order: Mobile Push Notifications (a feature of the NetSuite for iPhone Mobile Application), any NetSuite POS Cloud Services, any NetSuite Payroll services, OrderMotion, TribeHR, Light CMS, or any other services identified by Oracle as being excluded from the applicability of this Data Processing Agreement. The Data Processing Agreement also does not apply to any (1) demonstration accounts, trials, beta releases, release preview or other similar versions of the services or (2) any features, services or products which are provided pursuant to a separate agreement or by a party other than Oracle (as defined in the Data Processing Agreement) (e.g. where Oracle is merely a billing/collection agent) including but not limited to Celigo and PACEJET. For purposes of this order, (1) the definition of "Services Agreement" in Section 11 is deleted and replaced in its entirety with the following definition: "Services Agreement" means (i) the applicable order for the Services you have purchased from Oracle; (ii) the applicable master agreement referenced in the applicable order; (iii) the Privacy Policy found at <https://www.oracle.com/legal/privacy/> (or other location as may be updated by Oracle), and (iv) the Data Security Addendum found at <https://www.oracle.com/corporate/contracts/cloud-services/netsuite/cloud-delivery-policies.html>; and (2) references to the "Cloud Hosting and Delivery Policies" in the Privacy Code for Processing Personal Information of Customer Individuals, shall be replaced by the applicable Data Security Addendum found at <https://www.oracle.com/corporate/contracts/cloud-services/netsuite/>.

Customer may have access to enable and use additional features within the NetSuite Cloud Service subject to acceptance of in-application terms and conditions ("In-application Terms"). Customer's use of any such additional features within the NetSuite Cloud Service is governed by the "NetSuite Cloud Services In-Application Supplemental Terms and disclaimers" document (the "Supplemental Terms"), found at <https://www.oracle.com/corporate/contracts/cloud-services/netsuite/other-terms.html> (or other URL as may be updated by Oracle) which contains In-application Terms that may be presented to Customer to accept when enabling or using certain features within the Cloud Services. In event of conflict or inconsistency between the Supplemental Terms and the In-Application Terms presented within the NetSuite application, the Supplemental Terms document shall take precedence. The Supplemental Terms are applicable to Customer if Customer is using the applicable features and are in addition to the terms contained in the Agreement. The Supplemental Terms may be updated at any time by Oracle to include additional terms required to use features, or updates to existing features within the Cloud Service, and Customer's use of those features is considered acceptance of the Supplemental Terms.

Data Processing Agreement for Oracle Services

(“Data Processing Agreement”)

Version June 26, 2019

1. Scope and Applicability

1.1 This Data Processing Agreement applies to Oracle’s Processing of Personal Information on Your behalf as a Processor for the provision of the Services specified in Your Services Agreement. Unless otherwise expressly stated in Your Services Agreement, this version of the Data Processing Agreement shall be effective and remain in force for the term of Your Services Agreement.

1.2 In addition, any Processing of Personal Information subject to Applicable European Data Protection Law is subject to the additional terms of the [European DPA Addendum](#) set out in Exhibit 1 and the Oracle Processor Code referenced therein.

2. Responsibility for Processing of Personal Information and Your instructions

2.1 You are a Controller and Oracle is a Processor for the Processing of Personal Information as part of the provision of the Services. Each party is responsible for compliance with its respective obligations under Applicable Data Protection Law.

2.2 Oracle will Process Personal Information solely for the purpose of providing the Services in accordance with the Services Agreement and this Data Processing Agreement.

2.3 In addition to Your instructions incorporated into the Services Agreement, You may provide additional instructions in writing to Oracle with regard to Processing of Personal Information in accordance with Applicable Data Protection Law. Oracle will promptly comply with all such instructions to the extent necessary for Oracle to (i) comply with its Processor obligations under Applicable Data Protection Law; or (ii) assist You to comply with Your Controller obligations under Applicable Data Protection Law relevant to Your use of the Services.

2.4 Oracle will follow Your instructions at no additional cost to You and within the timeframes reasonably necessary for You to comply with your obligations under Applicable Data Protection Law. To the extent Oracle expects to incur additional charges or fees not covered by the fees for Services payable under the Services Agreement, such as additional license or third party contractor fees, it will promptly inform You thereof upon receiving Your instructions. Without prejudice to Oracle’s obligation to comply with Your instructions, the parties will then negotiate in good faith with respect to any such charges or fees.

2.5 Unless otherwise specified in the Services Agreement, You may not provide Oracle with any sensitive or special Personal Information that imposes specific data security or data protection obligations on Oracle in addition to or different from those specified in the Data Processing Agreement or Services Agreement.

3. Privacy Inquiries and Requests from Individuals

3.1 If You receive a request or inquiry from an Individual related to Personal Information processed by

Oracle for the provision of Services, You can either (i) securely access Your Services environment that holds Personal Information to address the request, or (ii) to the extent such access is not available to You, submit a “service request” via My Oracle Support (or other applicable primary support tool or support contact provided for the Services, such as Your project manager) with detailed written instructions to Oracle on how to assist You with such request.

3.2 If Oracle directly receives any requests or inquiries from Individuals that have identified You as the Controller, it will promptly pass on such requests to You without responding to the Individual. Otherwise, Oracle will advise the Individual to identify and contact the relevant controller(s).

4. Oracle Affiliates and Third Party Subprocessors

4.1 To the extent Oracle engages Third Party Subprocessors and/or Oracle Affiliates to Process Personal Information, such entities shall be subject to the same level of data protection and security as Oracle under the terms of the Services Agreement. Oracle is responsible for the performance of the Oracle Affiliates’ and Third Party Subprocessors’ obligations in compliance with the terms of this Data Processing Agreement and Applicable Data Protection Law.

5. Cross-border data transfers

5.1 Without prejudice to any applicable regional data center restrictions for hosted Services specified in Your Services Agreement, Oracle may Process Personal Information globally as necessary to perform the Services.

5.2 To the extent such global access involves a transfer of Personal Information subject to cross-border transfer restrictions under Applicable Data Protection Law, such transfers shall be subject to (i) for transfers to Oracle Affiliates, the terms of the Oracle Intra-Company Data Transfer and Mandate Agreement, which requires all transfers of Personal Information to be made in compliance with Applicable Data Protection Law and all applicable Oracle security and data privacy policies and standards globally; and (ii) for transfers to Third Party Subprocessors, security and data privacy requirements consistent with the relevant requirements of this Data Processing Agreement and Applicable Data Protection Law.

6. Security and Confidentiality

6.1 Oracle has implemented and will maintain appropriate technical and organizational security measures for the Processing of Personal Information designed to prevent accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to Personal Information. These security measures govern all areas of security applicable to the Services, including physical access, system access, data access, transmission and encryption, input, data backup, data segregation and security oversight, enforcement and other security controls and measures. Additional details regarding the specific security measures that apply to the Services You have ordered are set out in the relevant security practices for these Services:

- For **Cloud Services**: Oracle’s Hosting & Delivery Policies, available at <http://www.oracle.com/us/corporate/contracts/cloud-services/index.html>;
- For **NetSuite (NSGBU) Services**: NetSuite’s Terms of Service, available at: <http://www.netsuite.com/portal/resource/terms-of-service.shtml>;
- For **Global Customer Support Services**: Oracle’s Global Customer Support Security Practices available at: <https://www.oracle.com/support/policies.html>;

- For **Consulting and Advanced Customer Support (ACS) Services**: Oracle's Consulting and ACS Security Practices available at: <http://www.oracle.com/us/corporate/contracts/consulting-services/index.html>.

6.2 All Oracle and Oracle Affiliates employees, as well as any Third Party Subprocessors that Process Personal Information, are subject to appropriate written confidentiality arrangements, including confidentiality agreements, regular training on information protection, and compliance with Oracle policies concerning protection of confidential information.

7. Audit Rights

7.1 You may audit Oracle's compliance with its obligations under this Data Processing Agreement up to once per year. In addition, to the extent required by Applicable Data Protection Law, You or Your Regulator may perform more frequent audits.

7.2 If a third party is to conduct the audit, the third party must be mutually agreed to by You and Oracle (except if such third party is a Regulator). Oracle will not unreasonably withhold its consent to a third party auditor requested by You. The third party must execute a written confidentiality agreement acceptable to Oracle or otherwise be bound by a statutory or legal confidentiality obligation.

7.3 To request an audit, You must submit a detailed proposed audit plan to Oracle at least two weeks in advance of the proposed audit date. The proposed audit plan must describe the proposed scope, duration, and start date of the audit. Oracle will review the proposed audit plan and provide You with any concerns or questions. Oracle will work cooperatively with You to agree on a final audit plan.

7.4 The audit must be conducted during regular business hours at the applicable facility, subject to the agreed final audit plan and Oracle's health and safety or other relevant policies, and may not unreasonably interfere with Oracle business activities.

7.5 Upon completion of the audit, You will provide Oracle with a copy of the audit report, which is subject to the confidentiality terms of Your Services Agreement. You may use the audit reports only for the purposes of meeting Your regulatory audit requirements and/or confirming compliance with the requirements of this Data Processing Agreement.

7.6 Each party will bear its own costs in relation to the audit, unless Oracle promptly informs you upon reviewing Your audit plan that it expects to incur additional charges or fees in the performance of the audit that are not covered by the fees payable under Your Services Agreement, such as additional license or third party contractor fees. The parties will negotiate in good faith with respect to any such charges or fees.

7.7 Without prejudice to the rights granted in Section 7.1 above, if the requested audit scope is addressed in a SOC, ISO, NIST, PCI DSS, HIPAA or similar audit report issued by a qualified third party auditor within the prior twelve months and Oracle provides such report to You confirming there are no known material changes in the controls audited, You agree to accept the findings presented in the third party audit report in lieu of requesting an audit of the same controls covered by the report.

8. Incident Management and Breach Notification

8.1 Oracle has implemented controls and policies designed to detect and promptly respond to incidents that create suspicion of or indicate destruction, loss, alteration, unauthorized disclosure or access to

Personal Information transmitted, stored or otherwise Processed. Oracle will promptly define escalation paths to investigate such incidents in order to confirm if a Personal Information Breach has occurred, and to take reasonable measures designed to identify the root cause(s) of the Personal Information Breach, mitigate any possible adverse effects and prevent a recurrence.

8.2 Oracle will notify you of a confirmed Personal Information Breach without undue delay but at the latest within 24 hours. As information regarding the Personal Information Breach is collected or otherwise reasonably becomes available to Oracle, Oracle will also provide You with (i) a description of the nature and reasonably anticipated consequences of the Personal Information Breach; (ii) the measures taken to mitigate any possible adverse effects and prevent a recurrence; and (iii) where possible, information about the types of Personal Information that were the subject of the Personal Information Breach. You agree to coordinate with Oracle on the content of Your intended public statements or required notices for the affected Individuals and/or notices to the relevant Regulators regarding the Personal Information Breach.

9. Return and Deletion of Personal Information

9.1 Upon termination of the Services, Oracle will promptly return, including by providing available data retrieval functionality, or delete any remaining copies of Personal Information on Oracle systems or Services environments, except as otherwise stated in the Services Agreement.

9.2 For Personal Information held on Your systems or environments, or for Services for which no data retrieval functionality is provided by Oracle as part of the Services, You are advised to take appropriate action to back up or otherwise store separately any Personal Information while the production Services environment is still active prior to termination.

10. Legal Requirements

10.1 Oracle may be required by law to provide access to Personal Information, such as to comply with a subpoena or other legal process, or to respond to government requests, including public and government authorities for national security and/or law enforcement purposes.

10.2 Oracle will promptly inform You of requests to provide access to Personal Information, unless otherwise required by law.

4.3 Within fourteen (14) calendar days of Oracle providing such notice to You under Section 4.2 above, You may object to the intended involvement of a Third Party Subprocessor or Oracle Affiliate in the performance of the Services, providing objective justifiable grounds related to the ability of such Third Party Subprocessor or Oracle Affiliate to adequately protect Personal Information in accordance with the Data Processing Agreement or Applicable European Data Protection Law in writing by submitting a "service

request” via (i) My Oracle Support (or other applicable primary support tool) or (ii) for ACS and Consulting Services, the project manager for the Services. You and Oracle will work together in good faith to find a mutually acceptable resolution to address such objection, including but not limited to reviewing additional documentation supporting the Third Party Subprocessor’s or Oracle Affiliate’s compliance with the Data Processing Agreement or Applicable European Data Protection Law, or delivering the Services without the involvement of such Third Party Subprocessor. To the extent You and Oracle do not reach a mutually acceptable resolution within a reasonable timeframe, You shall have the right to terminate the relevant Services (i) upon serving thirty (30) days prior notice; (ii) without liability to You or Oracle and (iii) without relieving You from Your payment obligations under the Services Agreement up to the date of termination.
