Subject: FW: Opposing apartments across from Saddlewood Elementary

Hey Aubrey this was sent to the Zoning Inbox last night.

Good evening,
I am writing you in regards to opposing the construction of the apartments across from Saddlewood Elementary. Adding these apartments will cause added issues to the already congested area. As someone that lives in the neighborhood, a parent of a Saddlewood student and a teacher at this school; we cannot take on more growth in this area! As it is, our school is already over crowded with students (with NO way to expand to meet the incoming influx of students) and the traffic in this area is horrific. If these units are added, we will have a lot more traffic that will effect the neighboring neighborhoods as well as the businesses near by. Not to mention that the traffic near Sam's Club to our 4 way stop has caused many bad accidents throughout the years. The safety of our students, parents, staff and school as a whole is important. We cannot take on more growth in this already over crowded area. Please reconsider this area of land to be used for something other than housing. Thank you for your time and your attention to this matter.

Dear Members of Marion County Commission,

Please vote no on the development of the apartment complex across the street from Saddlewood Elementary School. That complex will create a traffic nightmare on a two lane road.

Saddlewood Elementary is already overcrowded. As a retired educator with forty one years experience, I know what overcrowding can do to the students and faculty in a school.

There is already a traffic problem in that area. Please don't make it worse.

Thank you for your consideration of this matter.

Sharon Maynard
