

## Staff Report: Rezoning

Case No. ZON24-45826

Planning & Zoning Commission: November 13, 2024

City Council (1<sup>st</sup> Reading): December 3, 2024

City Council (Adoption): December 17, 2024

**Applicant/Property Owner:**

Clausson P. Lexow, Trustee

**Project Planner:**

Emily W. Johnson, AICP

**Amendment Request:**

Rezone the subject property from R-1, Single-Family Residential, to B-2, Community Business.

### Subject Property Information

Acres:

±15.00 acres

Parcel(s)#:

21466-000-00

Location:

Approximately 660-feet northwest of the intersection at NW 35<sup>th</sup> Avenue Road and NW 21<sup>st</sup> Street and approximately 130-feet west of I-75

Existing use:

Vacant/Undeveloped

Future Land Use Designation:

Employment Center

Zoning Designation(s):

R-1, Single-Family Residential

Special District(s)/Plans(s):

West Ocala Vision and Community Plan (2011)

Approved Agreement(s):

Future Land Use Policy 18.29 (Ordinance No. 5935)

**Figure 1. Aerial Location Map**

**Adjacent Property Information**

<b>Direction</b>	<b>Future Land Use</b>	<b>Zoning District</b>	<b>Current Use</b>
<b>North</b>	Employment Center	B-2, Community Business	Warehouse and Distribution Center (Fedex)
<b>South</b>	Medium Intensity/Special District	PD, Planned Development	Mixed-use development with hospital (UF Health Ocala Neighborhood Hospital)
<b>East</b>	Employment Center	M-1, Light Industrial PD, Planned Development	Drainage Retention Areas for Fedex and UF Health Ocala Neighborhood Hospital
<b>West</b>	Medium Intensity/Special District	B-2, Community Business	Motel (Howard Johnson), adjacent to I-75

**Applicant Request**

The applicant has submitted a petition to rezone the subject property from R-1, Single-Family Residential, to B-2, Community Business, in order to bring the zoning into compliance with the underlying Employment Center future land use classification.

**Background:**

The approximate 15-acre subject property is currently undeveloped and heavily wooded. It is bordered to the west by I-75. Access to the property is provided via a 20-foot-wide access easement along the northern boundary of parcel 21465-006-00 which connects to NW 35<sup>th</sup> Avenue Road. This access easement is identified in the approved PD, Planned Development (PD21-44384) and on the approved Site Plan SPL22-44660) for the development located to the south and east UF Health Shands Ocala.

- On November 4, 2008, City Council adopted a Future Land Use Map (FLUM) Amendment LUC08-0022 through Ordinance 5934, which changed the future land use of the subject property from Low Density Residential to Retail Services. At the time of the land use change, the property was planned to be developed as a retail shopping center to complement the industrial park to the north. A Future Land Use Policy (FLUP) was subsequently adopted through Ordinance 5935 and originally numbered as Policy 12.31 and was renumbered as Policy 18.32 with adoption of Ordinance 2013-13 amending the Comprehensive Plan pursuant to the 2035 Ocala Vision Plan. The Policy number was again readjusted to 18.29 with the adoption of the Evaluation and Appraisal Report (EAR) amendments adopted by Ordinance 2021-20. The Future Land Use Element Policy imposes the following development conditions on the subject property:
  1. The aggregate development of the Amendment Parcel along with the aggregate development for the property associated with Case LUC08-0005 shall not exceed what was previously adopted under the City and Council future land use designations;
  2. Prior to final development approval, the property owner will be required to submit a traffic study, capacity reservation and development plan that is consistent with the City’s Traffic Study Guidelines and Concurrency Management System;

3. The property owner/developer will be required to provide (as to required improvements for which proportionate share payments may or must be made under the City's Code of Ordinances) required proportionate share contribution payments; and
4. The developer/property owner shall coordinate with FDOT, Marion County and the City to formulate an Access Management Plan that takes into account the existing roadway network, including I-75, US 27, NW 27<sup>th</sup> Avenue and NW 35<sup>th</sup> Street and is consistent with the proposed MEC industrial park/retail development adjacent to the north and east.

\*It is noted that, development condition one of the adopted future land use policy, includes language which states "previously adopted under the City and Council future land use designation." This appears to be a scrivener's error and should read; "previously adopted under the City and County future land use designation".

- On June 13, 2012, the City transmitted the adoption of a Land Use Blending Overlay (LUBO) through Ordinance 2012-30, which designated the subject property as part of an overall 503.84-acre mixed-use development without fixed Future Land Use Map classification boundaries. The LUBO restricted the total development to not exceed what was previously allowed by the county and city future land uses, or 1,128,970 Average Daily Trips (ADT).
- On January 22, 2013, City Council adopted Comprehensive Plan Amendments consistent with the 2035 Vision, which eliminated the Retail Services Future Land Use Classification and the LUBO. The subject property is currently designated with an Employment Center Future Land Use.

### **Staff Analysis**

#### ***Factual Support***

The subject property has not been rezoned since the adoption of the Employment Center future land use change. As a result, the existing R-1 zoning designation for the subject property remains inconsistent with the Employment Center future land use, pursuant to Ocala Code of Ordinances Section 122-244.

The subject property lies within the West Ocala Vision and Community Plan (2011) study area. The West Ocala Vision identified six districts, including an Employment Center district, in which the subject property resides. The intent of the Plan's Employment Center district is to promote a regionally important and vibrant hub for business, enterprise, research and development, and employment activities.

B-2, Community Business zoning is consistent with the Employment Center land use designation but restricts residential uses.

**Comparison of Zoning District Standards**

	<b>Zoning District</b>	<b>Intent and Purpose</b>	<b>Minimum Lot Area</b>	<b>Maximum Building Height</b>
<b>Existing</b>	R-1, Single-Family Residential	Intended to preserve established single-family neighborhoods and to provide for new areas of low and moderate density single-family development.	27,000 square feet	35 feet
<b>Proposed</b>	B-2, Community Business	Intended for community businesses, including retail sales, personal and business services, and all office uses. Businesses shall be based on walk-in trade, rather than delivery of supplies and large commodities.	10,000 square feet	50 feet

Also see Exhibit A: Permitted Uses Table below.

**Consistency with Comprehensive Plan and Land Development Regulations**

1. The requested zoning change is consistent with the following Objectives and Policies of the City of Ocala Future Land Use Element:

- a. Future Land Use Element Policy 6.5: Employment Center. The intent of the Employment Center land use is to provide a regionally-important hub for business, enterprise, research and development, and employment activities. Employment Centers are generally single use districts, but may include more than one (1) use if there are appropriate buffers and transitions between complementary uses. Permitted uses shall include a primary use and may include a secondary use. Primary uses are industrial, office and commercial. Secondary uses are public, recreation, institutional, and residential, as well as educational facilities. There are no form requirements in this land use category.

Access is primarily from major collectors, arterials, or limited-access highways. The primary modes of transportation include automobiles, trucks, freight rail, bus, and commuter rail transit. Provisions should be made for walking, bicycles, and transit.

There is no minimum density and intensity in this future land use category. The maximum density and intensity before any incentives is 24 dwelling units per gross acre or 2.00 FAR. The location and application of incentives shall be set forth in the Land Development Code.

*Staff Comment: The Employment Center Future Land Use classification identifies commercial as a primary use and emphasizes that the area is a regionally important hub for business and employment activities. The proposed B-2 zoning district is consistent with the existing Employment Center land use classification, whereas the existing R-1 zoning district is not.*

- b. Future Land Use Element Policy 7.2: City guidelines shall be context-sensitive to providing appropriate transitions between adjacent land uses with particular emphasis on building compatibility between neighborhoods and non-residential uses.

*Staff Comment: The proposed B-2 is consistent with the surrounding area, which is primarily characterized by employment center and commercial healthcare uses. The uses allowed within*

*the B-2 zoning district would provide for an appropriate transition between the existing Employment Center land use and the adjacent Medium Intensity/Special District land use.*

- c. Future Land Use Element Policy 12.1: The City shall require that all development have adequate services and facilities including water, roads, sewage collection and treatment, stormwater drainage, recreation, and solid waste disposal, to the extent required by state law, other provisions of this Comprehensive Plan, or the City’s Land Development Code.

*Staff Comment: As identified in the Level of Service Analysis, public facilities exist to service the subject property.*

- 2. The requested rezoning is consistent with the West Ocala Vision and Community Plan:
  - a. Recommendation 15 – Employment Center District: The intent of the Employment Center land use category is to promote a regionally important and vibrant hub for business, enterprise, research and development, and employment activities.
- 3. The requested rezoning is consistent with the following Sections of the City of Ocala Code of Ordinances:
  - a. Section 122-133(b)(1): The application requests to rezone parcel or parcels that are a minimum of 30,000 square feet of area not separated by a right-of-way for a street, a street, or a drainage retention area.

*Staff Comment: The subject property contains approximately 15.00 acres and meets the requirements for consideration of rezoning set forth by the Code of Ordinances.*

- b. Section 122-244 – District criteria: Zoning districts allowed under the current land use classification.

<b>Employment Center</b>	O-1, OP, B-1, B-1A, <b>B-2</b> , B-2A, B-4, B-5, SC, M-1, M-2, M-3, G-U, INST, A-1, PD, FBC
--------------------------	---

*Staff Comment: As indicated in Section 122-244 above, the B-2 zoning district is a permitted district within the subject property’s current Employment Center future land use.*

**Level of Service (LOS)**

**Transportation:** The 2023 congestion management data from the Ocala-Marion TPO for the affected roadway is provided below.

- **Adopted LOS / Available Capacity:**

Road/ Street Name	Lanes	Speed Limit	Functional Classification	Adopted LOS	LOS Capacity	2023 AADT	Existing LOS
NW 35 <sup>th</sup> Ave	4	40 MPH	Local	E	67,770	9,800	B

Developments proposing to generate 100 or more net new PM peak hour trips are required to submit a traffic study as part of the site plan review. The affected segment of NW 35<sup>th</sup> Avenue is currently operating above the adopted Level of Service.

**Potable Water:** City utilities are available at this location; connections will be determined during the site plan or subdivision review process. A city water main runs along NW 35<sup>th</sup> Avenue Road.

- *Adopted Level of Service (LOS) Potable Water:* 300 gallons per day (gpd) per equivalent residential unit (ERU), or the equivalent of 167 gallons per capita daily (gpcd).
- *Available Capacity:* Capacity is available. The permitted capacity of the City's water system is 24.4 million gallons daily (mgd).

**Sanitary Sewer:** City utilities are available at this location; connections will be determined during the site plan or subdivision review process. City gravity mains run along NW 35<sup>th</sup> Avenue Road.

- *Adopted Level of Service (LOS) Sanitary Sewer:* 250 gallons per day (gpd) per equivalent residential unit (ERU), or the equivalent of 80 gallons per capita daily (gpcd).
- *Available Capacity:* Capacity is available. The permitted capacity of Water Reclamation Facility #2 is 6.5 million gallons daily (mgd) and the permitted capacity of Water Reclamation Facility #3 is 4.0 million gallons daily (mgd).

**Solid Waste:** The subject property is located within the City's service area; refuse pickup will be determined during the site plan or subdivision review process.

- *Adopted Level of Service (LOS) Solid Waste:* 0.0112 pounds per square foot of occupied building space per day for nonresidential development.
- *Available Capacity:* Solid waste is transported to facilities outside of the City.

**Parks and Recreation Facilities:**

- *Adopted Level of Service (LOS) Solid Waste:* 4.6 developed park acres per 1,000 population for each Regional Park Service Area (RPSA).
- *Available Capacity:* Capacity is available. The City's 69,283 population requires 318.70 developed park acres. The city currently owns and maintains 622.27 developed park acres, pursuant to the Fall 2024 Activity Guide released by the Recreation and Parks Department.

**Other Public Facilities:**

The following public facilities do not have adopted Level of Service standards and are provided as additional information.

**Stormwater:** The subject property is not located within a FEMA Flood Zone. The subject property was evaluated during the Ocala Flood Study and has a Base Flood Elevation (BFE) of 68.00. For any future redevelopment, runoff must be retained on-site to match pre-development conditions. Facilities must be designed to provide flood protection for a 100 year, 24-hour storm event.

**Electric:** The subject property is currently serviced by Ocala Electric Utility.

**Fiber:** City utilities are available at this location; connections will be determined during the site plan or subdivision review process. A City fiber optic cable runs along NW 35<sup>th</sup> Avenue Road.

**Fire Service:** Ocala Fire Rescue Station #1 is located 2.6 miles from the subject property, at 505 NW Martin Luther King Jr. Avenue. This distance exceeds the desired industry standard of 1.5 miles for fire service by 1.1 miles.

**Schools:** This rezoning is not anticipated to impact Schools.

***Conclusions***

**Property History:** Pursuant to Ocala Code of Ordinances Section 122-244, the current R-1 zoning district is not compatible with the existing Employment Center future land use. The subject property

was not rezoned after the adoption of the land use change(s). Rezoning to the requested B-2 zoning district will bring the subject property into compliance with the underlying Employment Center land use classification.

**Land Development Code / Comprehensive Plan Consistency:** Pursuant to Code of Ordinances Section 122-286 properties in the requested B-2 zoning district shall be at least 100-foot-wide and contain at least 10,000 square feet. The subject property meets the minimum lot width and area requirements of the B-2 zoning district. The requested B-2 zoning district is consistent with the existing Employment Center future land use classification pursuant to Code of Ordinances Section 122-244. The underlying Employment Center Future Land Use classification has a maximum intensity of 2.0 Floor Area Ratio (FAR) for nonresidential development. Based on the 15.00-acre size of the subject property, there would be a potential for 1,306,800 square feet of building area; however, development of the subject property is limited in scale by the restrictions of FLUP 18.29. The total development of the subject property, as well as the parcels affected by the LUBO cannot exceed 1,128,970 Average Daily Trips (ADT) as established through a Traffic Study. Any future development will have to meet the requirements for site plan approval, including the traffic study requirements provided in the City of Ocala Traffic Impact Analysis Guidelines.

**Zoning Comparison:** The existing R-1 zoning district is primarily intended for single-family residential neighborhood development. The proposed B-2 zoning district would expand non-residential uses which are more aligned with the Employment Center land use and compatible with the development of the surrounding area, which are included in the attached permitted uses table.

**Surrounding Area / Compatibility:** The proposed B-2 is compatible with the surrounding area, which is primarily characterized by employment and commercial healthcare uses. The UF Health Ocala Neighborhood Hospital, located to the south and east, is part of a mixed-use development and provides access to the subject property via an easement. The subject property is also directly adjacent to B-2, and M-1, Light Industrial, uses located within the Ocala/Marion County Commerce Center.

### **Staff Findings and Recommendation**

- The subject property must be rezoned to provide consistency with the existing Employment Center Future Land Use classification pursuant to Code of Ordinances Section 122-244.
- The rezoning would allow for the development of non-residential uses which are more appropriately aligned with the Employment Center future land use and with the existing development of the surrounding area.
- The request is consistent with the West Ocala Vision and Community Plan, the Comprehensive Plan, and the City's Code of Ordinances.
- No Level of Service issues have been identified for public facilities as a result of the zoning amendment.
