To City of Ocala - Fleet Management Department

Wear Gloves Inc. is a 501©3 non-profit agency in Ocala with the primary goal of allowing folks in need to earn the help they need. The City of Ocala has been a great partner in helping us accomplish our work, primarily helping folks move from difficult situations including homelessness into a sustainable place to live.

We are in immediate need of a truck and do not have the funds available to acquire one at this time. We are currently using personal vehicles to support our work initiatives and it has become more of a problem as we add more clients each week. If there is an older truck available, we would greatly appreciate it

Thank you for supporting this important work.

Ken Kebrdle
Wear Gloves Chairman
