COMMENTS / QUESTIONS / CONCERNS

Young children should not be allowed to drive golf carts as they do in the Historic District and Woodfields. They do not know basic driving rules putting themselves in danger.

Great idea

My only concern is parking - it's already a big reason people avoid coming downtown or complain about coming - so as long as they have a specific parking area, like Citizens Circle, I think it will be fine. If it's going to add to the parking problem, it won't be great for business.

There needs to be a flashing light at the 3 way stop in front of Big Hammock. People run that stop sign all the time. I see people almost get hit weekly.

There is barely enough parking as is.

I welcome the golf carts but I ask that they have designated parking so they will not take any other spaces that are for cars.

We support the expansion.

I'd like to see the time limited to early evening, before dark for safety reasons

It would be great for downtown business viability!

Please expand.

Much needed!

Worried about car drivers being aware of golf carts and golf cart drivers following safety rules

Please bring them all

We would love to see the golf cart area expanded to downtown.

Love it!

No, in fact we are excited to see what it brings to our amazing downtown.

Like I mentioned during the meeting, I'm not against golf carts downtown. I think it would increase the traffic for certain businesses, I do have a concern with the parking situation as it is today. So if there will be a designated space for them, I'm all for it! I also have a concern for road traffic on weekends after 10pm, I've seen people driving big trucks around and not really paying attention to other cars, let alone pedestrians.

Where are they going to park and will they be subject to meters the same way cars are?

Concern is golf carts taking up valuable parking spaces for paying customers and visitors. (Mustard Seed)

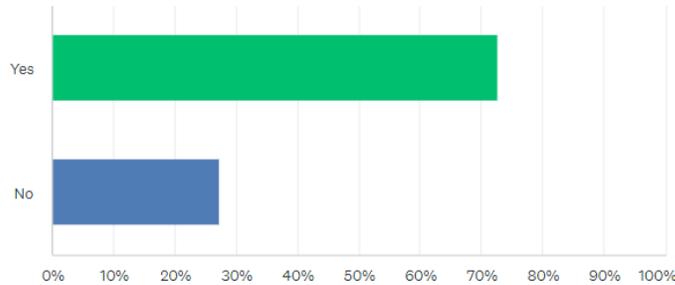

Bring them down!

We would love to expand to Tusawilla Park for Access to the Reilly, Max and park.

I don't think they should be expanded (DeBolt)

Do you feel an expansion of the golf cart boundary would increase visibility of your business?

Yes	72.73%	24
No	27.27%	9
TOTAL		33

If City Council were reviewing this ordinance change today, how likely would you be to support the initiative?

Answered: 34 Skipped: 0

ANSWER CHOICES	RESPONSES	
Extremely likely	55.88%	19
Very likely	17.65%	6
Somewhat likely	5.88%	2
Not so likely	14.71%	5
Not at all likely	5.88%	2
TOTAL		34

IF YOU ARE NOT IN SUPPORT OF THIS INITIATIVE, PLEASE EXPLAIN YOUR CONCERNS.

Traffic moves too fast for golf carts to compete. Must have a drivers license? Are we a golf community? If we are a golf community should we have golf paths? [\(Gallery on Magnolia\)](#)

Pedestrian safety should come before an expansion for golf carts. Flashing lights should be added to pedestrian crossings. There are too many speeding vehicles that run the stop sign in front of Big Hammock coming down 1st Ave. Our windows face the road and we hear the screeching tires and horns blowing. We see people running the stop signs. Let's protect the people and get that under control first before we expand the golf carts pls. [\(Soleil Bakery\)](#)

Parking is really rough right now, people in golf cart range currently walk, Uber, or drive themselves, the addition of a bunch of golfcarts doesn't fix that situation, and also low key encourages drunk driving, albeit in a golf cart. You'd be surprised how many people don't consider driving drunk on a golf cart to be wrong (visit the villages). If you want to address the parking problem, Which is on of the kickers of this thing, then dont block off and reserve all the parking outside of the circle of the main square. Tldr: people with carts will come downtown anyways, we don't need a buncha carts rolling around. Do not want to turn into the villages. [\(The Keep\)](#)

Very likely only if safety factors are considered [\(Brick City Center for the Arts\)](#)

I'm also a little concerned that our parking lot will be used for golf carts and the. Use up space that our members need to access the gym. [\(Iron Legion\)](#)

I am supportive, if I can learn more about the parking of the golf carts. [\(Agapanthus\)](#)

Explained Above [\(Mustard Seed\)](#)
