**Project Title**

SW/NW 44th Avenue Phase 2

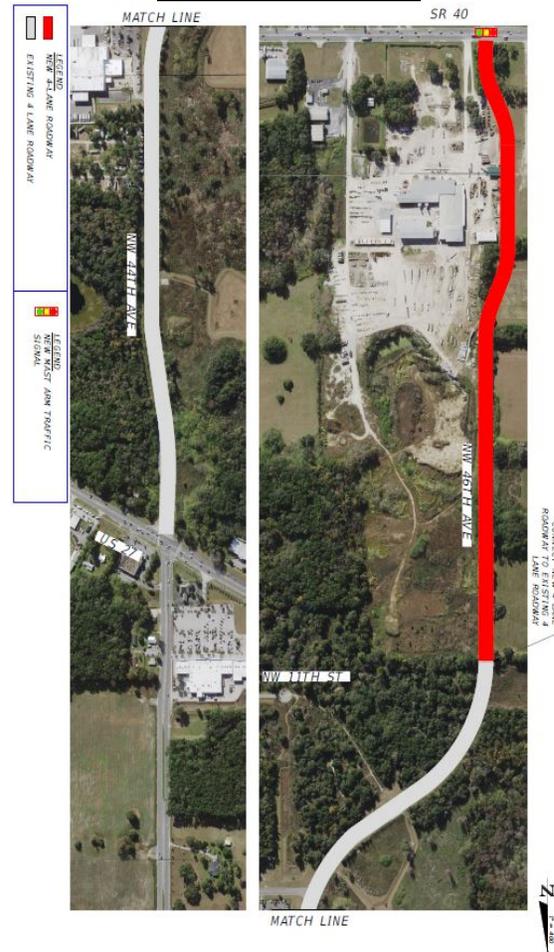

**Project Location**

NW 46th Avenue from SR 40 to NW 11th Street

**Project Description/Justification**

Project scope includes construction of a new four-lane roadway on NW 46th Avenue (aka SW 44th Avenue) from SR 40 to NW 11th Street (approximately 0.80 mile), connecting to the existing four-lane roadway from NW 11th Street to US 27. This will complete the NW 46th Avenue four-lane corridor from SR 40 to US 27. New street lighting and fiber will be installed. Additionally, a new mast arm signal will be installed at the intersection of SR 40 & NW 46th Avenue when warranted. Project is expected to expand and stimulate economic opportunities along the SW 46th Avenue (aka SW 44th Avenue) Corridor; improve the capacity of the road system in northwest Ocala; increase access and mobility for all users including to/from the Ocala International Airport located within 2 miles of the project; reduce travel-time and travel costs to all users; and provide an alternative parallel roadway for incident management on I-75.

**Relevant Graphic Details**

**Strategic Goals Relevance**

Quality of Place

**Project's Return on Investment**

This project will provide improved roadway safety, connectivity, and capacity in southwest Ocala, which will expand and stimulate economic opportunities.
