Stacey Ferrante
City of Ocala
sferrante@ocalafl.gov

Ms. Ferrante,

The Town of Longboat Key has accepted R&M Service Solutions as the sole contractor responding to the advertised bid for construction services. We also recognized that RMSS fully complies with the Town's requirement that all work performed on the Public Water System must be carried out by Florida Department of Environmental Protection (FDEP) certified operators.

This requirement is consistent with industry standards and state regulations, which mandate that all utility employees working on an active potable water system hold the appropriate FDEP certification.

R&M Service Solutions confirms that they have qualified operators on staff who will perform all work related to the Public Water System in accordance with these standards.

If you have any questions, don't hesitate to reach out to the Public Works Department at (941)316-1988.

Sincerely,

A handwritten signature in black ink, appearing to read "Jessie Camburn".

Jessie Camburn
Utilities Manager
