Subject: FW: 583 home development proposed at Heathbrook

Hello,

Not sure if this is a proposed development within the City's jurisdiction or not.

Paige McFatten

Administrative Specialist II
City Clerks Office

Subject: 583 home development proposed at Heathbrook

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I am very much opposed to the proposed 583 home expansion of Heathbrook. Once again, you need to stop all of these proposed developments from being constructed until the City and County can improve the roads, schools and other infrastructure so that it can handle the CURRENT and future populations! Currently it is virtually impossible to get around Ocala without being in standstill traffic ESPECIALLY in this area. It is unacceptable and you all can stop this until these improvements are made! Do any of you know what a building moratorium is?

By the way, there is an almost 400 unit apartment complex across from Saddlewood Elementary sitting virtually vacant. Why can't the existing housing locations handle the population? Let the existing empty homes, townhomes, condos and apartments fill up instead of allowing more?

Please consider a "no" vote on this project.
