

Request Exception to Procurement/Contracting/P-Card Policies

Approval Status

Approved

Select exception type:

Procurement

Reason for procurement exception:

Urgent Operational Need

Enter a brief description of your exception request:

After evaluating the equipment for Well #3 of our Water Treatment Plant, it was determined that the well #3 pump and column pipe need to be replaced. Layne's solution is a Simflo pump DESIGNED AND MADE IN THE USA with a 10-12 day lead time. A quote and supporting documents on the replacement are attached. We would like to prepare and present it to council at the second meeting in May along with the previous 2 quotes for the same project. Completed project cost including previous task is \$116,392.00.

Attach all documents related to the exception that can assist the Contracting Officer's decision.
