**FLORIDA MUNICIPAL POWER AGENCY
JOINT PURCHASE PROJECT
TERMS AND CONDITIONS**

The Florida Municipal Power Agency (FMPA) was formed in 1978 for the purpose of providing a means for its members to benefit from a joint association of fellow municipally-owned utilities, including joint purchasing of services, materials, supplies, and equipment utilized in the generation, transmission, and distribution of electricity.

In July of 1994 by action of its Board of Directors FMPA created a Project for the joint purchasing of services, materials, supplies, and equipment utilized in the generation, transmission, and distribution of electricity.

Those FMPA members desiring to share in the benefits of joint purchasing of services, materials, supplies and equipment have executed a Project Agreement with FMPA and are a Participating Member of the Project.

The Procurement Agreement between FMPA and the Project Participants provides for FMPA to administer the Project for the selection, bidding, and awarding of services, materials, supplies, and equipment utilized by the Project Participating Member and for the Project Participating Member to secure services, materials, supplies, and equipment through this Project, thus enjoying the benefits resulting from collaborative purchasing.
