# OCALA Case Details - No Attachments

City of Ocala

**Case Number**  
**CE26-0496**

INITIAL	CAN	4/2/2026	4/3/2026	COMPLETED	<p>On April 2, 2026, at approximately 1300, I was requested by my supervisor to respond to the area of 24 NW 6th Terr to stand by for a OPD search warrant to be executed. I was informed OPD had requested Code Enforcement be present to document any Code Violations on the property as well as any property in proximity, I observed various violations outside but was unable to complete my overall investigation due to prolonged police activity and was unable to photograph any violations due to police and suspects on the property. I responded the following morning and observed and noted a derelict vehicle (Nissan Sentra) in driveway without a DMV tag, a roof which appears to have been recently replaced without a permit (2023 shows brown roof, now black). Wood fence around rear of property is leaning and in need of general repair. Junk and debris on property generally including old doors in rear. All visual inspections and photographs were obtained from the street and the right-of-way area.</p>
					<p>On April 6, 2026, I obtained Body Camera Footage from the Ocala Police Department Records Division showing a walk-thru of the residence pursuant to a search warrant. In the video, and confirmed via conversation with an OPD officer, it was confirmed the single-family residence has been converted to a duplex, encompassing "units 1 and 2." Within the video was clear evidence of unpermitted work, including definitive separation between the "units." Unit 2 was videoed first and showed a full kitchen facility with sink, oven, and microwave, plus a single bedroom, closet, and 1 full bathroom (sink, toilet, and shower.) What appeared to be a new water heater was also visible in the corner of the "living area" of "unit 2." "Unit 1" walked directly into a living/kitchen area housing a sink,</p>

CASE WORK	RDH	4/6/2026	4/6/2026	COMPLETED	<p>oven, and microwave all resembling "unit 2" kitchen equipment, then showed to have 2 bedrooms and 1 full bathroom (Sink, toilet, and bath).</p> <p>Overall, this entire structure is comprised of 2 kitchens, 2 living areas, 3 bedrooms, and 2 bathrooms; however, previous sale listings on Realtor.com and Marion County Property Appraiser confirm this to have been a single-family residence of only 2 bedrooms and 1 bathroom.</p> <p>Under a previous owner and code enforcement case, I had been inside the home during an inspection and am familiar with the interior layout. Upon entry through the front door of what is now "unit 1," the home opened into a large open living area with the kitchen at the rear of the home (west side of residence). The two bedrooms and single bathroom were along the northern side of the home. Now, in viewing the body-camera footage, it is evident that what once was a large open living area, is now closed off to accommodate the bedroom, closet, and bathroom of "unit 2," and "unit 1" now is direct access in the new kitchen area. Additionally, the entrance to "unit 2" used to be a window only, not a door for entry.</p> <p>Sometime in early 2025, immediately after the property sold to the current owner (Sold in December 2024) I was in the area and observed a white, unmarked van, appearing to be a commercial van often used in construction or property management parked in front of the residence. Individuals were on scene, and plywood and construction lumber was in the front lawn. I checked the permitting database and confirmed no permits in review or issued for active construction,</p>
-----------	-----	----------	----------	-----------	---

# OCALA Case Details - No Attachments

City of Ocala

**Case Number**  
**CE26-0496**

						<p>so I stopped to make contact. Upon stopping, all doors to the residence immediately closed, and an individual put someone on the phone with me claiming to be the property manager. A search of my city cell phone's text history confirmed the date to be February 13, 2025, and the individual I spoke with was Christian Pestana and 305-609-6847. He was immediately defensive and informed me to leave the home or he would sue the city. At that time, without entry to the home, I had no evidence to rely on of unpermitted work, so I left the scene. As of today, the ownership remains the same as that day when construction appeared to be in progress. Furthermore, having been in the residence prior to the sell, I can confirm significant work has been performed without required permits. I have notified the Building Department for further conversation on the matter regarding next steps or involvement with their department and will proceed with code enforcement action in coordination with them.</p> <p>Based on the circumstances, this scenario will be divided amongst two seperate cases. Case CE26-0467 will be to pursue compliance on non-life safety violations. This case, CE26-0496, is to pursue the immediate life safety violations.</p>
FOLLOW UP	GEM	4/8/2026	4/8/2026	COMPLETED		<p>McClellan completed a follow-up inspection to code's initial review of body camera footage and was allowed inside unit 2 for an inspection. Photos attached to case file.</p>

## NOTICE OF VIOLATION AND PUBLIC HEARING

04/10/2026

SALOM ORLANDO  
1420 WINSTON RD  
MAITLAND, FL. 32751-3650

Respondent(s) \_\_\_\_\_ /

**Location of Violation:** 24 NW 6TH TER|2856-003-017

**Case Number:** CE26-0496

**Inspector Assigned:** Charles Hannah

**Required Compliance Date:**

**Public Hearing Date & Time:** 04/29/2026 10:30

**Violation(s) and How to Abate:**

\*COMPLIANCE IS IMMEDIATELY\*

SECTION 122-51 BUILDING PERMIT REQUIRED

Section 82-182. - Dangerous buildings declared nuisance; abatement required; time limits.

Single Family residence split and converted into a duplex through complete interior renovation without permits or required approvals. Additional violations include dangerous electrical conditions on the exterior.

A design professional and state licensed contractor is required to obtain plans and permits for a complete interior renovation already completed and bring the entire structure into compliance with the current Florida Building Code. An alternative compliance method is obtaining a demolition permit and demolishing the structure.

Additionally, the structure shall be vacated as per a "Dangerous Structure" posting by the City of Ocala Building Department, due to dangerous conditions presenting an eminent threat to the safety of any occupants.

Exterior renovations without permits includes a re-roof without required permits and exterior door without permits to "unit 2." These items shall be included in the complete set of plans and permits for renovations or may be abated through demolition of the structure.

Dear property owner, or agent,

You are hereby notified that the above listed violation(s) exists relating to the City of Ocala Code of Ordinances.

This correspondence will serve as notification that the above stated violation(s) must be corrected by the date indicated. **IT SHALL BE THE RESPONSIBILITY OF YOU, THE RESPONDENT, TO REQUEST A RE-INSPECTION TO VERIFY COMPLIANCE ON, OR BEFORE THIS DATE.** If you, the respondent, fails to verify compliance on or before the aforementioned date, or if the code inspector elects to proceed to a public hearing even after compliance is met, the public hearing will be conducted on the date at time indicated at:

*City of Ocala - City Hall – 2<sup>nd</sup> Floor (Council Chambers)  
110 SE Watula Avenue Ocala, FL 34471*

The Municipal Code Enforcement Board/Special Magistrate has the authority to levy fines up to \$250 per day for a first violation and up to \$500 per day for a repeat violation, and to levy a lien on the real and personal property of the violator(s). A cost of prosecution will be levied in this case pursuant to Florida Statutes section 162.07(2).

You are entitled to be represented by counsel, present testimony, and evidence, and to testify on your behalf. Subpoenas for witnesses and for records, surveys, plats, and other materials may be requested and will be issued by this Board/ Special Magistrate through the office of the City Clerk of the City of Ocala, Florida. If you should decide to appeal any decision made by this Code Enforcement Board/Special Magistrate with respect to any matter considered at this meeting, you will need a record of the proceedings, and that, for such purpose, you may need to ensure that a verbatim record of the proceedings is made, on which the appeal is to be based.

*IF SPECIAL ACCOMMODATIONS ARE NEEDED FOR YOU TO ATTEND OR PARTICIPATE IN THIS MEETING, PLEASE CALL 48 HOURS IN ADVANCE SO ARRANGEMENTS CAN BE MADE. PLEASE CALL THE SECRETARY OF THE MUNICIPAL CODE ENFORCEMENT BOARD/SPECIAL MAGISTRATE AT (352) 629-8309 TO MAKE SPECIAL ARRANGEMENTS.*

For further information regarding your code enforcement case, you may contact the person assigned to your case by email or telephone below:

**Violation(s) and How to Abate:**  
\*COMPLIANCE IS IMMEDIATELY\*

**SECTION 122-51 BUILDING PERMIT REQUIRED**  
Section 82-182. - Dangerous buildings declared nuisance; abatement required; time limits.  
Single Family residence split and converted into a duplex through complete interior renovation without permits or required approvals. Additional violations include dangerous electrical conditions on the exterior.

A design professional and state licensed contractor is required to obtain plans and permits for complete interior renovation already completed and bring the entire structure into compliance with the current Florida Building Code. An alternative compliance method is obtaining a demolition permit and demolishing the structure.

Additionally, the structure shall be vacated as per a "Dangerous Structure" posting by the City of Ocala Building Department, due to dangerous conditions presenting an eminent threat to the safety of any occupants.

Notary Public, State of Florida

April 8<sup>th</sup>, 2026

RE: Parcel #2856-003-017, 24 NW 6<sup>th</sup> Terrace, Ocala, Fl.

To Whom It May Concern:

On April 2, 2026, the property was served with a search warrant by the Ocala Police Department. On April 6, 2026, a video collected during the search warrant was submitted to the City of Ocala Code Enforcement. Upon review of the footage, the following findings have been made by the City of Ocala Building Department:

**Observed Violations Via Video Evidence**

- SFR split into two units without permits.
- Missing fire rated wall
- Unpermitted electrical work (dangerous conditions to include unpermitted work and missing Dead Front Cover)
- Unpermitted plumbing work (additional kitchen and bathroom)
- Missing dedicated heat source

*\*Note: This may not be a complete list of all violations at this location.*

*\*\* Deconstruction will be required for any and all repairs due to work being unpermitted – FBC110.1*

**The following building code violation exist:**

***Florida Building Code 2023 - Existing Building***

***Section 202 – General Definitions***

***DANGEROUS.*** Any building, structure or portion thereof that meets any of the conditions described below shall be deemed dangerous:

- 1. The building or structure has collapsed, has partially collapsed, has moved off its foundation, or lacks the necessary support of the ground.*
- 2. There exists a significant risk of collapse, detachment or dislodgement of any portion, member, appurtenance or ornamentation of the building or structure under service loads.*

***UNSAFE.*** Buildings, structures or equipment that are unsanitary, or that are deficient due to inadequate means of egress facilities, inadequate light and ventilation, or that constitute a fire hazard, or in which the structure or individual structural members meet the definition of “Dangerous,” or that are otherwise dangerous to human life or the public welfare, or that involve illegal or improper occupancy or inadequate maintenance shall be deemed unsafe. A vacant structure that is not secured against entry shall be deemed unsafe.

**The following City of Ocala – Code of Ordinances violation exist (Building(s) Only):**

***Section 82-181 - Definitions.***

***All structures which have any or all of the following conditions, such that the life, health, property or safety of the occupants or the general public are endangered, are deemed dangerous buildings:***

- (1) Any means of egress or portion thereof is not of adequate size or is not arranged to provide a safe path of travel in case of fire or panic.*

- (2) Any means of egress or portion thereof, such as but not limited to fire doors, closing devices and fire resistive ratings, is in disrepair or in a dilapidated or inoperable condition such that the means of egress could be rendered unsafe in case of fire or panic.
- (3) The stress in any material member, or portion thereof, due to all imposed loads, including dead load, exceeds the stresses allowed in the provisions of the building code, standard fire prevention code or other laws and ordinances of the city.
- (4) The building, structure or portion thereof has been damaged by fire, flood, earthquake, wind or other cause to the extent that the structural integrity of the structure is less than it was prior to the damage and is less than the minimum requirement established by the provisions of the building code, standard fire prevention code or other laws and ordinances of the city.
- (5) Any exterior appendage or portion of the structure is not securely fastened, attached or anchored such that it is capable of resisting wind, seismic or similar loads as required by the provisions of the building code, standard fire prevention code or other laws and ordinances of the city.
- (6) For any reason, the building, structure or portion thereof is manifestly unsafe or unsanitary for the purpose for which it is being used.
- (7) The building, structure or portion thereof, as a result of decay, deterioration or dilapidation, is likely to fully or partially collapse.
- (8) The building, structure or portion thereof has been constructed or maintained in violation of a specific requirement of the building code, standard fire prevention code or other laws and ordinances of the city.
- (9) The building, structure or portion thereof is in such a condition as to constitute a public nuisance.
- (10) The building, structure or portion thereof is unsafe, unsanitary or not provided with adequate egress, or constitutes a fire hazard, or is otherwise dangerous to human life, or, in relation to existing use, constitutes a hazard to safety or health by reason of inadequate maintenance, dilapidation, obsolescence or abandonment.

**Section 82-182 - Dangerous buildings declared nuisance: abatement required: time limits.**

- (a) All dangerous buildings are declared to be public nuisances, and shall be repaired, vacated or demolished as provided in this article. The owner of any structure which constitutes a nuisance shall cause the abatement of the nuisance within 30 days pursuant to this article or in the manner allowed by the building official.
- (b) In appropriate cases, and for good cause, the building official may grant a 30-day extension to the time specified in subsection (a) of this section. Any permit so issued shall state the variance allowed and the compelling reason therefore.
- (c) Any variance from subsections (a) and (b) of this section must be granted by the code enforcement board.

**Section 82-183. - Unsafe electrical conditions, authority to discontinue electrical service.**

- (a) Whenever it shall come to the attention of the director of electric utilities or the building official that electrical wiring, conduits or fixtures in any structure which is being supplied with electrical energy by a utility, is found in an unsafe or dangerous condition to either persons or property, or that such wiring, conduits or fixtures for any reason constitutes a fire menace, the building official shall notify the owner or occupant of such structure, or the person against whom the bill for such electrical energy is made, of such unsafe and dangerous condition. If such condition is not corrected within three days from the giving of such notice, the utility shall forthwith discontinue the furnishing of such electrical energy to such structure until such dangerous condition is corrected to the satisfaction of the building official under provisions of applicable ordinances.
- (b) If, in the opinion of both the director of electric utilities and the building official, the electrical wiring, conduits, connections or fixtures in any structure are in such dangerous condition as to render the further supplying of

electrical energy to be used through such wiring, conduits, connections and fixtures a serious menace to either persons or property or a serious fire hazard, the building official may immediately discontinue the supplying of electrical energy to such structure without any prior notice. In such event, he shall notify the owner occupant of such structure, or the person against whom the charge for such service is made, of the reason for such discontinuance as soon as possible, and such service of electrical energy to such structure shall be discontinued until such electrical wiring shall have been repaired or the dangerous condition thereof corrected to the satisfaction of the director of electric utilities or the building official.

(c) If service of electrical energy is discontinued under the provisions of this article, the usual cutoff and installation charges shall be made.

**Section 82-184 - Standards for ordering repair, vacation or demolition.**

The following standards shall be followed in substance by the building official and the code enforcement board or special magistrate in ordering repair, vacation or demolition under this article:

- (1) If the dangerous building can reasonably be repaired so that it will no longer exist in violation of the terms of this article, it shall be ordered repaired.
- (2) If the dangerous building is in such condition as to make it dangerous to the health, morals, safety or general welfare of its occupants, it shall be ordered to be vacated.
- (3) In any case where the repair, restoration or replacement of any part of the structure, including the removal of any work done in violation of the building code, standard fire prevention code or other laws and ordinances of the city, exceeds 50 percent of the assessed value of the dangerous structure, it shall be demolished. The owner of a dangerous building shall be given the option, whenever possible, of either demolishing such structure or repairing it so that it will no longer exist in violation of the terms of this article.
- (4) In all cases where a structure cannot be repaired so that it will no longer exist in violation of the terms of this article, it shall be demolished.

\*Note: This may not be a complete list of all violations at this location.

**Repair(s) or Demolition(s) will require permits:**

**Florida Building Code**

**Section 105 – Permits**

105.1 Required. Any owner or owner's authorized agent who intends to construct, enlarge, alter, repair, move, demol-ish or change the occupancy of a building or structure, or to erect, install, enlarge, alter, repair, remove, convert or replace any impact-resistant coverings, electrical, gas, mechanical or plumbing system, the installation of which is regulated by this code, or to cause any such work to be per-formed, shall first make application to the building official and obtain the required permit.

**City of Ocala – Code of Ordinances**

**Section 122-51. – Building permit required**

No building or other structure shall be erected, moved, added to or structurally altered without a permit therefor issued by the building official. The building official shall not issue any permit except in conformity with the provisions of this chapter and other applicable city regulations.

### **Evaluation and repair schedule**

*It is vital that a Design Professional per Florida Statutes 471/481 completes an overall evaluation of the property to include all buildings and units. The Design Professional should document all issues, and all corrective actions needed with a schedule for corrective actions.*

*A licensed contractor is required to submit engineered plans for all modifications necessary to either restore the structure to a single-family residence or convert it to a duplex. Conversion to a duplex may require additional approvals from Planning and Zoning. Alternatively, a permit may be obtained for the demolition of the structure(s). At any time, the Certificate of Occupancy may be revoked, and utility services—including electric, gas, and water—may be disconnected in accordance with FBC Sections 111.4, 112.1, and 112.3.*

#### **111.4 Revocation.**

The building official is authorized to, in writing, suspend or revoke a certificate of occupancy or completion issued under the provisions of this code wherever the certificate is issued in error, or on the basis of incorrect information supplied, or where it is determined that the building or structure or portion thereof is in violation of any ordinance or regulation or any of the provisions of this code.

#### **112.1 Connection of service utilities.**

A person shall not make connections from a utility, source of energy, fuel or power to any building or system that is regulated by this code for which a *permit* is required, until released by the *building official*.

#### **112.3 Authority to disconnect service utilities.**

The *building official* shall have the authority to authorize disconnection of utility service to the building, structure or system regulated by this code and the referenced codes and standards set forth in Section 101.4 in case of emergency where necessary to eliminate an immediate hazard to life or property or where such utility connection has been made without the approval required by Section 112.1 or 112.2. The *building official* shall notify the serving utility, and wherever possible the *owner* and occupant of the building, structure or service system of the decision to disconnect prior to taking such action. If not notified prior to disconnecting, the *owner* or occupant of the building, structure or service system shall be notified in writing, as soon as practical thereafter.

Sincerely,

Greg McClellan

**WARNING**

**ELECTRIC WATER HEATER**

**CAUTION**

FOR SAFE INSTALLATION AND OPERATION - Follow the instructions in the Use and Care Manual provided. A replacement copy may be obtained by writing the manufacturer.  
 This appliance must be installed in accordance with the manufacturer's instructions, local codes, utility company requirements, and/or in the absence of local codes, the latest edition of the National Electrical Code.

**FOR YOUR SAFETY - DO NOT** store or use gasoline or other flammable vapors and liquids in the vicinity of this or any other appliance. Keep rags and other combustibles away.

**CAUTION -** Hotter water increases the risk of scald injury. See use and Care Manual for instructions before changing the temperature setting.

**WARNING -** Any thermostat setting above 125°F (52°C) may cause severe burns and consume energy unnecessarily.

Power supply must be shut off before removing access panels prior to adjusting thermostat(s) or resetting temperature limiting control.

**CAUTION -** Risk of electric shock. Connect branch circuit equipment grounding means to water pipes. For detailed information refer to Use and Care Manual. USE COPPER CONDUIT (TYPE ETC.)

Units must be full of water before being energized to avoid damaging the heating element(s).

**WATER LEAKAGE -** Regardless of the material from which a water heater is constructed, it will at some time leak due to the corrosive action of water. This water heater must not be located in an area where leakage will result in damage to adjacent property. It is recommended that a drip pan be installed under the water heater. See Use and Care Manual for details.

April 8, 2026

400 Royal Avenue, Suite 100, Ocala, Florida, 34475

To: Mr. Mike Cantrell

On April 8, 2026, the property was visited with a search warrant by the Ocala Police Department. On April 8, 2026, a video collected during the search warrant was submitted to the City of Ocala Code Enforcement. Upon review of the footage, the following findings have been made by the City of Ocala Building Department:

**Observed Violations (The Video Footage)**

- 5th floor area was empty without permits.
- Missing fire exit sign.
- Unpermitted electrical work (dangerous conditions for safety) in penthouse and missing load head (ceiling).
- Unpermitted plumbing work (additional kitchen and bathroom).
- Missing fire detection device.

"Note: This was not an a complete list of violations at this location. All violations will be required for any and all repairs due to work being performed." (1/18/2022)

**The following building code violation exist:**

**Florida Building Code 2020 - Occupancy Building**  
Section 905.1 - Structural Requirements  
905.1.1.1 Any building, structure or portion thereof that meets any of the criteria are described below shall be deemed dangerous:

- 1. The building or structure has collapsed, has partially collapsed, has moved off its foundation, or onto the necessary support of the ground.
- 2. There exists a significant risk of collapse, detachment or displacement of any portion, member, component or arrangement of the building or structure under service loads.

**EXISTING BUILDING, STRUCTURE OR EQUIPMENT** that are hazardous, or that are dangerous due to inadequate repairs of exterior finishes, masonry, light and ventilation, or that constitute a fire hazard, or in which the structure or building structural members meet the definition of "dangerous," or that are otherwise dangerous to human life or the public welfare, or that create illegal or improper occupancy or hazardous environment shall be deemed unsafe. A repair structure shall not be deemed unsafe until the structural strength.

**The following City of Ocala - Code of Ordinances violation exist: (Building Code)**

**Section 82-182 - Dangerous.**  
All structures which have any or all of the following conditions, such that the life, health, property or safety of the neighborhood or the general public, are endangered, are deemed dangerous buildings:  
(1) Any member of frame or portion thereof is not designed for or is not adequate to provide a safe path of travel in case of fire or panic.
