TABLE OF CONTENTS

General Contract Details	p.1
Customer Information	p.3
Keywords & Company Information	p.8

CUSTOMER INFORMATION

1a. Table of awarded special item number(s) with appropriate cross-reference to item descriptions and awarded price(s).

SINs	Recovery	SIN Title
339950	339950/RC	Signs
OLM	OLM/RC	Order Level Materials

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. See Page 5

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item. See Page 5

2. Maximum order:

SINs	Maximum Order
339950	\$250,000.00
OLM	\$250,000.00

3. Minimum order: \$100

4. Geographic coverage (delivery area). Domestic

5. Point(s) of production (city, county, and State or foreign country). 7620 Cetronia Rd Allentown, PA 18106

6. Discount from list prices or statement of net price. Government Net Prices (discounts already deducted.)

7. Quantity discounts. None

8. Prompt payment terms. Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions. Net 30 days

9. Foreign items (list items by country of origin). Not Applicable

10a. Time of delivery. 30 DARO (Contact Vendor for Expedited Delivery).

10b. Expedited Delivery. Items available for expedited delivery are noted in this price list. Contact Contractor

- 18a. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable). Not Applicable
- 18b. Terms and conditions for any other services (if applicable). Not Applicable
19. List of service and distribution points (if applicable). Not Applicable
20. List of participating dealers (if applicable). Not Applicable
21. Preventive maintenance (if applicable). Not Applicable
- 22a. Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants). Not Applicable
- 22b. If applicable, indicate that Section 508 compliance information is available for the information and communications technology (ICT) products and services and show where full details can be found (e.g. contractor's website or other location.) ICT accessibility standards can be found at:
<https://www.Section508.gov/>. Not Applicable
23. Unique Entity Identifier (UEI) number. JC1ZMM5JM5W3
24. Notification regarding registration in System for Award Management (SAM) database. Contractor registered and active in SAM.

COMPANY INFORMATION

In 1990, Byron Zerphy, founder and president of Solar Technology Inc., had an idea. He saw that advanced-warning arrow boards used in highway construction zones used fuel-consuming internal combustion engines to operate. In addition to requiring constant refueling, internal combustion engines need frequent maintenance and are noisy, dirty, and pollute the environment.

He knew that he could innovate a better product. He could develop equipment powered by a technologically advanced solar energy system that would require no fuel, no maintenance, and would be quiet and clean. So, he went to work in the garage of his rented house in Allentown, PA and with the help and support of his wife, Diane, Solar Technology, Inc. was born. Drawing on his electrical engineering and computer science background, Byron designed and built the world's first arrow board that derived 100% of its energy requirements from the sun. Nearly two decades later, solar power is the industry standard for running portable traffic control equipment.

Over the years, SolarTech has continued to lead the industry in technological advances. From the first full-matrix LED signs in 1998 to free communications to all message and arrow boards in 2017. We are committed to the mission of innovative product design and advanced manufacturing techniques that continually increase the value added to the products we produce and the services we provide. Byron wouldn't have it any other way.
