Ocala City Council Agenda - Final
Tuesday, July 7, 2026

Meeting Information

Location
Ocala City Hall
110 SE Watula Avenue
Second Floor - Council Chambers
Ocala, Florida

https://www.ocalafl.gov/meetings

Time
4:00 PM

Council Members
Ire Bethea Sr., Council President
Jay A. Musleh, Pro Tem
Kristen Dreyer
James P. Hilty Sr.
Barry Mansfield

Mayor
Ben Marciano

City Manager
Peter Lee

Mission Statement

The City of Ocala provides fiscally responsible services consistent with the community's current and future expectations.

City Council's Strategic Priorities

Priority 1: Economic hub
Priority 2: Fiscally sustainable
Priority 3: Engaged workforce
Priority 4: Operational excellence
Priority 5: Quality of place

WELCOME!
Citizens are encouraged to participate in City of Ocala meetings. Speakers wishing to provide public comments to the City Council should complete a written public comment form and shall submit said form to the City Clerk prior to the meeting being called to order. Unless otherwise permitted, no person shall be permitted to provide public comments to City Council if they have not completed and submitted a public comment card prior to the meeting being called to order. Speakers will be limited to 3 (three) minutes. Additional time may be granted by the Council President. When recognized, state name and address. Citizen groups are asked to name a spokesperson.

The City of Ocala encourages civility in public discourse and requests that speakers limit their comments to specific motions and direct their comments to the Council. Cell phones should be turned off or set to vibrate.

The order of agenda items may be changed if deemed appropriate by City Council.

Citizens are encouraged to provide comments in writing to the City Clerk before meetings for inclusion into the public record. Citizens may also provide input to council members via office visits, phone calls, letters and e-mail that will become public record. In some instances, i.e., Quasi-Judicial Hearings, these particular contacts may be prohibited.

APPEALS
Any person who desires to appeal any decision at this meeting will need a record of the proceedings and for this purpose may need to ensure that a verbatim record of the proceedings is made that includes the testimony and evidence upon which the appeal is made.

ADA COMPLIANCE
If reasonable accommodations are needed for you to participate in this meeting, please call the City Manager's Office at 352-629-8401 at least 48 hours in advance so arrangements can be made.

1. Call to Order

2. Roll Call

2a. New Employees
- Layton Word, Electric
- Thomas Valenti, Information Technology
- Jameel Barnes, Procurement
- Caspian Cameron, Water Resources
- Kamila Falcon, Water Resources
- Amber Lopez, Water Resources
- William Nelson, Water Resources
- Peyton Schooley, Water Resources
- Corey Sherrod, Water Resources
- Matteo Villacorta, Water Resources

3. Public Notice

4. Proclamations and Awards

4a. Presentation of the Mayor's Citizen Recognition Award to Alina Stoothoff

4b. Presentation of the Parks and Recreation Month Proclamation to Director of Recreation and Parks Kathy Crile, Assistant Director of Recreation and Parks Bill Rodriguez, and division head staff members

5. Presentations

6. Consent Agenda

Consent Agenda items are considered to be routine and will be enacted by one roll call vote. There will be no separate discussion of these items unless members of Council or the public request specific items to be removed for separate discussion and action.

6a. SunTran 2026 Public Transit Agency Safety Plan annual update as required by the Federal Transit Administration 49 Code of Federal Regulations Part 673

Presentation By: Tom Duncan

6b. Budget Resolution 2026-148 to amend the Fiscal Year 2025-26 budget to accept and appropriate funds from the Bureau of Justice Assistance to reimburse expenses relating to the Bulletproof Vest Partnership Program funds in the amount of $22,854 **BR-2026-148**

Presentation By: Michael Balken

6c. Budget Resolution 2026-149 to amend the Fiscal Year 2025-26 budget to appropriate funds from the Police Trust and Agency Fund Reserve for the purchase of a tested single-purpose explosives detection K9 in the amount of $15,800 **BR-2026-149**

Presentation By: Michael Balken

6d. Contract with JRD & Associates to perform a Growth Management Department fee study pertaining to development and building permit fees, with a not-to-exceed amount of $91,546

Presentation By: Jeff Shrum

6e. Budget Resolution 2026-150 to amend the Fiscal Year 2025-26 budget to transfer funds from the Building Fund Reserve for Fund Balance for a fee study in the amount of $42,558 **BR-2026-150**

Presentation By: Jeff Shrum

6f. Award of the contract for rehabilitation of the Johnson residence located at 2015 NW First Street to The Ford Design Group, LLC, for a total project cost not to exceed $52,000

Presentation By: James Haynes

6g. TBMI Commercial Outparcel Development Conceptual Subdivision

Presentation By: Aubrey Hale

6h. Mockingbird Ridge Conceptual Subdivision

Presentation By: Aubrey Hale

6i. Estoppel certificate for Gabriels Winghouse, LLC ground lease

Presentation By: Matthew Grow

6j. Estoppel certificate for Londons Landholdings, LLC ground lease

Presentation By: Matthew Grow

6k. Removal of Recreation Commission member Reinaldo Mercado

Presentation By: Kathy Crile

6l. Appointment of Charles Hannah to the Municipal Code Enforcement Board as an alternate

Presentation By: Angel Jacobs

6m. City Council meeting minutes

Presentation By: Angel Jacobs

7. Consent Agenda Items Held for Discussion

Should any items be removed from the Consent Agenda for discussion, they will be discussed at this time.

8. Introduction and First Readings of Ordinances

(Second and Final Reading - July 21, 2026)

8a. Ordinance 2026-21 amending Chapter 43, Article V, Code of Ordinances, City of Ocala, Florida (Police Officers' Retirement System), to conform to the 2025-2028 Collective Bargaining Agreement Between the City of Ocala and the Fraternal Order of Police — **ORD-2026-21**

9. Public Hearings / Second and Final Readings / Adoption of Ordinances

9a. Resolution 2026-42 for the downtown event zone to allow alcoholic beverage sales (beer, wine, and liquor) as part of the Christmas-in-July event on July 25, 2026 (Quasi-Judicial) — **RES-2026-42**

Presentation By: Endira Madraveren

9b. Resolution 2026-43 to abrogate portions of public rights-of-way appearing on the Lake Louise Estates Plat, Plat Book F, Page 114, and Lake Louise Manor Plat, Plat Book G, Page 58-61, of the public records of Marion County, Florida, approximately 7.21 acres. (Case ABR25-0008) (Quasi-Judicial) — **RES-2026-43**

Presentation By: Endira Madraveren

9c. Ordinance 2026-19 to rezone from O-1, Office District, to B-2A, Limited Business Commercial District, for property located at 619 SE 17th Street (Parcel 2917-002-000), approximately 2.04 acres (Case ZON26-0002) (Quasi-Judicial)

Presentation By: Aubrey Hale

Introduced by: James P. Hilty Sr

10. General Business

10a. Fourth amendment for a five-year renewal of the interlocal agreement with Marion County for the disposal of the City's household hazardous and electronic waste items, with a total contract value of $141,325

Presentation By: Darren Park

10b. Additional expenditures under the contract with Cogent Communications, Inc. for an aggregate expenditure of $439,600

Presentation By: Kenneth Jamerson

10c. Renewal of employee paid insurance plans for dental, vision, voluntary life insurance, group Medicare, short-term disability, pet insurance, legal services, identity theft protection, cancer/accident/critical illness benefits, and voluntary retiree life insurance, and the renewal of City paid insurance plans for basic life and accidental death and dismemberment insurance in the amount of $183,250, long-term disability in the amount of $353,632, employee assistance program services in the amount of $19,709, flexible spending account administration in the amount of $8,665, and health insurance administration fees in an amount not to exceed $795,000 for the October 1, 2026 through September 30, 2027 plan year

Presentation By: Todd Swanson

10d. One-year renewal of contract with Tyler Technologies for ongoing service and maintenance costs for the City's financial and human resource enterprise software, Munis, with an estimated expenditure amount of $267,546

Presentation By: Kelly Vann

10e. Purchase of a four-drum cable puller/tensioner trailer from Altec, Inc., utilizing a Sourcewell Contract in the amount of $164,643

Presentation By: John King

10f. Utilization of the Florida Sheriffs Association agreement with Nextran Truck Centers for the purchase of a Mack refuse chassis for Public Works, in the amount of $299,604

Presentation By: John King

10g. Selection of applicants to fill vacancies on the Recreation Commission

Presentation By: Angel Jacobs

FORMAL TITLE:
SunTran 2026 Public Transit Agency Safety Plan annual update as required by the Federal Transit Administration 49 Code of Federal Regulations Part 673

OCALA'S RELEVANT STRATEGIC GOALS:
Quality of Place, Operational Excellence

PROOF OF PUBLICATION:
N/A

BACKGROUND:
On November 17, 2020, the City Council approved SunTran's Public Transportation Agency Safety Plan (PTASP), which was developed in accordance with the requirements of 49 Code of Federal Regulations (CFR) Part 673. The PTASP establishes the Safety Management System (SMS) framework for SunTran and outlines the policies, procedures, and responsibilities necessary to support the safe operation of the transit system. The plan governs the administrative personnel responsible for the oversight, authority, and management of SunTran. It defines safety-related responsibilities for the contracted service provider overseeing transit operations and fleet maintenance. Federal and state regulations require the PTASP to be reviewed and updated annually. Pursuant to the plan, the annual review must be completed by June 1, after which the Accountable Executive must approve the updated document and submit it to the City Council for formal adoption and certification of compliance by July 15.

Upon review of prior PTASP-required annual approvals, it was found that approval by the Oversight Authority (City Council) did not occur. Recognizing this oversight, staff is requesting City Council approval of the 2026 PTASP.

This annual update includes several minor administrative revisions, including updates to agency information to reflect position changes, revisions to the organizational chart to reflect staffing changes, and updates to safety performance targets based on the most current available performance data. Specific PTASP 2026 revisions are noted as follows:

- Agency Information, Page 8, Position Change

- Organizational Chart, Page 23, Staff Changes
- Safety Performance Targets, Page 14, Updated Data

FINDINGS AND CONCLUSIONS:

Staff reviewed the proposed revisions and determined that with the minor annual updates, the PTASP remains compliant with all applicable federal and state requirements.

The City Manager has approved the updated 2026 PTASP.

Staff recommends approval.

SECTION 1: Establishment of Public Transportation Agency Safety Plan (PTASP)

This document serves as the City of Ocala's Public Transportation Agency Plan (PTASP) for its Bus Transit system (SunTran) located in Ocala/Marion County Florida. It is intended to encompass all current and future operations, services and projects and applies to all activities which involve planning, design, procurement, installation and testing of equipment or facilities, operations, maintenance, support activities, and the environment in which the transit system operates.

1.1 Public Transportation Agency Safety Plan (PTASP) Rule

The City of Ocala (SunTran) is committed to comprehensive safety planning. As an operator of a small public transportation system that receives Federal Financial assistance under Title 49 of the United States Code (USC), the City of Ocala subject to FTA's 49 CFR Part 673 Final Rule and as delineated in Florida Administrative Code Section 14-90.004(1), has adopted the principles and methods of Safety Management Systems as the basis for enhancing the safety of its public transportation system. The plan incorporates the framework and principles of SMS for the City of Ocala (SunTran) Transit operations and all applicable Contract organization(s) to the extent practical and consistent with applicable requirements for each SMS component as indicated below:

The City of Ocala has established a Public Transportation Agency Safety Plan (PTASP) that meets or exceeds the General Requirements of 49 CFR Part 673 Final Rule and of Florida Administrative Code (FAC) 14-90.004 and establishes the SMS policies for the City of Ocala Administrative employees delegated with Administration oversight, authority and responsibility for SunTran's transit system as well as all employees for the Contractor organization awarded oversight, authority and responsibility for SunTran's Operation and Fleet Maintenance services. Each share a responsibility and commitment to comprehensive safety planning.

See Attachment RATP Dev PTASP
See Attachment RATP Dev Policy Statement
See Attachment RATP Dev Safety Management Policy

1.2 General PTASP Requirements

The PTASP adheres to the fundamentals and framework of SMS and reflects the specific safety objectives, standards and priorities for SunTran and the City of Ocala including the following required elements:

- ✓ The Safety Plan and subsequent updates will be signed by the Accountable Executive and approved by the City of Ocala City Council
- ✓ The Safety Plan documents the processes and activities related to SMS implementation
- ✓ The Safety Plan includes performance targets based on the safety performance criteria established under the National Public Transportation Safety Plan (NSP), and the state of good repair standards established in the regulations that implement the National Transit Asset Management System and included in the NSP.
- ✓ The Safety Plan will comply with the minimum performance standards authorized through the National Public Transportation Safety Plan (NSP)
- ✓ The City of Ocala will establish a process and timeline for conducting an annual review and update of the Safety Plan
- ✓ The City of Ocala and Contractor will maintain the Safety Plan in accordance with the recordkeeping requirements in subpart D of Part 673

1.21 Issuance and Update

The SMS plan will be reviewed and updated, as applicable, annually beginning on the date of issuance. Safety Committee are involved in plan development and updates, as required under 49 CFR part 673. The Safety Committee consist of an equal number of frontline transit worker representatives and SunTran management representatives.

Immediate changes to the Public Transportation Agency Safety Plan SMS procedures deemed paramount to safety mitigation may be authorized by the Operations/Fleet Maintenance Contractor's Regional Executive via a signed SMS Immediate Policy Amendment Change Memo that has been reviewed and approved by the City's Transit Manager/SMS Chief Safety Officer.

For these immediate changes, the Contractor General Manager (CONTR GM) will be responsible for ensuring communication to all concerned parties through established internal communication venues and the update will be noted on the PTASP Activity Log by the Contractor Operations Manager (CONTR OM).

1.22 Scope and Objectives

The SMS has been established consistent with business needs and regulatory impetus. The SMS is designed to reduce safety risks to an acceptable level through a continuous process of hazard identification and safety risk management practices to achieve the following goals:

- ➢ Reducing transit safety, employee, and environmental risks by better managing the City of Ocala's Transit's safety risks and setting goals to eliminate or reduce risks.
- ➢ Communication of safety risks to employees and their roles and responsibilities related to risks.
- ➢ Increase awareness of safety issues at all levels, thereby providing a better framework/structure for management to play a leadership role in addressing safety concerns
- ➢ Continuous improvement of Contractor organization SMS and risk controls.
- ➢ Compliance with all applicable state and federal regulations.

- Foster a culture of change management so that safety issues are identified, and risks are eliminated or reduced in the planning process and delays or other impediments to business goals are avoided.

The SMS applies specifically to all contract organizations subject to Florida Department of Transportation and the Federal Transit Administration regulation on SMS and all City of Ocala Transit operations.

1.23 Agency Overview

Marion County is in north central Florida and is bordered by seven counties: Alachua and Putnam to the north, Volusia and Lake to the east, Sumter and Citrus to the south, and Levy to the west. According to the 2010 Census, the county includes a total area of 1,663 square miles, with 1,585 square miles of land and 78 square miles of water. The population of Marion County is concentrated in the county seat of Ocala, which is also the largest city, located in the geographic center of the county.

SunTran has been in operation since 1998 and provides fixed-schedule service on seven routes in Marion County, mostly centered in Ocala, with one route operating from Ocala to the Silver Springs Shores area southeast of Ocala. Most routes operate 5:00 AM–10:00 PM on weekdays and Saturdays.

On July 1, 2019, SunTran moved from the oversight of the Ocala Marion Transportation Planning Organization (TPO) to the City of Ocala and is now a division of the City's Growth Management Department. All transit system administration, planning and fiscal oversight is conducted by the City's Growth Management Department. The SunTran system's seven fixed bus routes daily operations and maintenance are contracted through a third-party company, (RATPDEV). RATPDEV contracts SunTran's paratransit services through Marion Transit Services (MTS).
Capital assets that SunTran owns, operates, and has a direct capital responsibility comprises the following asset categories:

Rolling Stock
- Fifteen (15) Vehicles for transporting of passengers;
- Five (5) Non-revenue service vehicles for use in its daily operations

Equipment
- One (1) Rotary Lift used for vehicle maintenance

Facilities
- One (1) Maintenance Facility located on the City of Ocala Annex property at 1805 NE 30th Avenue, Building 900, Ocala, Florida
- Two (2) hubs serving as major transfer stations for the fixed-route services, including the Downtown/Central Transfer Station, also known as Ocala Union Station, and the Marion County Health Department Transfer Station.

1.24 Transit Agency Information

City of Ocala – Public Transit Bus System	
Transit Agency Name	SUNTRAN
Transit Agency Address	201 SE 3rd St., 2nd Floor, Ocala , FL 34471
Name and Title of Accountable Executive	Tom Duncan, Transit Administrator - Growth Management

Relevant Documentation (Title and Location)	**A copy of the approved Public Transportation Agency Safety Plan (PTASP) is maintained on file in the Growth Management Department Transit Division Office of the Transit Manager/Chief Safety Officer**	

1.31 Plan Development Approval and Certification of Compliance

The City of Ocala Growth Management Department's Transit Manager/City SMS Executive ensures that the Public Transportation Agency Safety Plan is developed, implemented, and maintained in an appropriate and effective manner. The Contract Operator (RATP Dev) with members of the Safety Committee are involved in the process developing/updating the plan, identifying, and assisting with mitigating hazards to include operator assaults.

The Safety Management System operates under a principle of continuous improvement. Therefore, the PTASP will also have ongoing updates as necessary including changes that will be implemented immediately. Any changes in policy, organization, rules, regulations, or operations necessitating plan adjustments are to be accomplished within the established approval guidelines of this plan and require review and approval by the Accountable Executive and/or Chief Safety Officer. All updates to the plan will be recorded on the PTASP activity log of this plan.

1.32 Plan Annual Review and Modification

The City Transit Manager (CSO) and Contract Operator (RATP Dev) will jointly review and update the PTASP by **June 1st of each year**. The process for reviewing and revising the PTASP includes a thorough review of the current PTASP by the Growth Management Department Transit Management Team and the Contract Operator (RATP Dev) with Oversight of SunTran's Operations and Fleet Maintenance Department.

The annual review will include updates as needed to reflect changes in SunTran's organizational structure, procedures, equipment, facilities, and operating environment. At the time of the annual review, participants will also discuss performance targets and any other safety hazards identified previously. The Transit Manager will notify the Florida Transportation Department of Transportation (FDOT) and Marion County TPO staff in writing of any proposed changes to the Public Transportation Agency Safety Plan (PTASP) for review and approval as appropriate prior to making changes.

The Chief Safety Officer will then present the updated PTASP to the Accountable Executive for review and approval. The Accountable Executive will approve and then submit to the City of Ocala City Council for approval and certification of compliance by July 15th of each year. All annual review updates to the plan will be recorded on the PTASP activity log of this plan.

1.4 Safety Objectives and Performance Targets

It is the mission of SunTran to provide safe reliable public transit services to the City of Ocala and its community. To implement the City of Ocala's safety policies, goals and objectives; this plan requires coordination, integration, communication, and cooperation among all directors, managers, supervisors, departments and SunTran employees.

The City of Ocala has set the following performance measures for the Safety Committee to set targets for the safety risk reduction program, as required by 49 U.S.C. 5329(d) and 49 CFR § 673.19(d)(2). Under the new Bipartisan Infrastructure Law requirements, the Safety Committee must establish these targets using a 3-year rolling average of the data the agency submits to the NTD.

In addition to the requirements set forth in the NSP, the safety performance targets for System Reliability correlate to the requisites identified in 49 CFR 625 for the City of Ocala TAM, which is further referenced in the NSP. In accordance with 49 CFR 673, the following Performance Criteria are measured:

1. Major Events
2. Major Events Rate
3. Collision
4. Collision Rate

8. Fatalities Rate
9. Transit Workers Fatalities
10. Injuries
11. Injuries Rate
12. Transit Workers Injuries Rate
13. Assault on Transit Workers
14. Assault on Transit Workers Rate

To define SPT rates, SunTran must first identify its Safety Performance Indicators (SPI). SPIs are specific data points that must be monitored to track the agency's overall safety performance. SPIs illustrate the ability of SunTran to fulfill its SPTs. Data sets that support performance metrics include, but are not limited to:

	National PTASP Numbering	Measure
1	Measure 1a	Major Safety Events
2	Measure 1b	Major Safety Events - Rate per 100,000 Revenue Miles
3	Measure 1	Collisions
4	Measure 1.1	Collisions - Rate per 100,000 Revenue Miles
5	Measure 1.1.1	Pedestrian Collisions - Rate per 100,000 Revenue Miles
6	Measure 1.1.2	Vehicular Collisions - Rate per 100,000 Revenue Miles
7	Measure 2a	Fatalities
8	Measure 2b	Fatalities - Rate per 100,000 Revenue Miles

9	Measure 2.1	Transit Worker Fatalities - Rate per 100,000 Revenue Miles
10	Measure 3a	Injuries
11	Measure 3b	Injuries - Rate per 100,000 Revenue Miles
12	Measure 3.1	Transit Worker Injuries - Rate per 100,000 Revenue Miles
13	Measure 4a	Assaults on Transit Workers
14	Measure 4b	Assaults on Transit Workers - Rate per 100,000 Revenue Miles
15	Measure 5	System Reliability (Mean Distance Between Major Mechanical Failures)

PERFORMANCE INDICATORS		
Safety Performance Target Criteria	**Safety Performance Indicators**	**Description**
Major Events	a). Major Event Rate	This includes all safety and security major events as defined by the NTD.
	b). Collision Rate	This includes all collisions reported to the NTD, divided by VRM.
	c). Pedestrian Collision Rate	This includes all collisions "with a person," as defined by the NTD, divided by VRM.
	d). Vehicular Collision Rate	This includes all collisions "with a motor vehicle," as defined by the NTD, divided by VRM.
Fatalities	a). Fatality Rate	This includes all fatalities as defined by the NTD, divided by VRM.
	b). Transit Worker Fatality Rate	This includes all transit worker fatalities as defined by the NTD, including the categories "Transit Employee/Contractor," "Transit Vehicle Operator," and "Other Transit Staff," divided by VRM.
Injuries	a). Injury Rate	This includes all injuries as defined by the NTD, divided by VRM.
	b). Transit Worker Injury Rate	This includes all transit worker injuries as defined by the NTD, including the categories "Transit Employee/Contractor," "Transit Vehicle Operator," and "Other Transit Staff," divided by VRM.
Assault on Transit Worker	a). Rate of Assaults on Transit Workers	This includes all assaults on transit workers as defined by the NTD
System Reliability	a). Mean distance between major mechanical failures, by mode	This includes Major Mechanical System failures as defined by the NTD.

For all SPT rates, the total number of events will be multiplied by 100,000 Vehicle Revenue Miles (VRM), then divided by the total number of VRMs traveled in the previous fiscal year.

The formula used in determining the event rate is detailed below:

MODE EVENT RATE = EVENT COUNT X 100,000 VRM
TOTAL NUMBER OF (MODE) REVENUE MILES

Once the actual event rate is established, SunTran will use any of the following strategies to establish the initial SPT per the NSP:
1. Five -Year Trends
2. Number and Rate Reduction
3. Benchmarking

1.41 Fatality Rate

A reportable fatality is a death due to any of the following:

1. Collision, including suicides
2. Fire
3. Hazardous Materials Spill
4. Act of God (i.e., hurricane, earthquake)
5. Other safety events

Fatalities that occur because of illnesses or other natural causes - including individuals who are
found deceased, are not reportable and are thus not required to be measured as part of the Safety
Performance criteria.

1.42 Injury Rate

An injury is defined as harm to a person, requiring that person to be transported from the scene of an incident to a hospital or medical facility for treatment. This includes any damage or harm to persons that requires immediate medical attention away from the scene because a reportable event must be reported as an injury. Reportable events further require monitoring of serious injuries as well as injuries where an individual seeks medical care several hours after an event or in the days following an event. The Injury Rate is thus based on NTD Reporting Criteria.

1.43 Safety Event Rate

A Safety Event also referred to as an Event, is defined as any Accident, Incident, or Occurrence.
The Safety Event Rate by mode is calculated using the following equation:

1.44 Safety Event Rate

Safety and performance of SunTran are collectively dependent, in part, on the condition of its assets. When transit assets are not in the state of good repair, the likelihood of a consequential event occurring increases, as well as the likely impact against the system. Therefore, system reliability metrics illustrate the relationship between safety and asset condition. The data collected for system reliability should support and provide input into The City of Ocala TAM.

1.45 Risk Reduction Performance Targets

SunTran's Safety Committee shall establish performance targets for the risk reduction program using a 3-year rolling average of the data submitted by the City of Ocala to the National Transit

Database under section **5335. 5329(d)(4)(A)**. SunTran shall establish a risk reduction program for transit operations to improve safety by reducing the number and rates of accidents, injuries, and assaults on transit employees based on data submitted to the National Transit Database. 5329(d)(1)(I)

SunTran's risk reduction program shall include:

- Vehicular and Pedestrian Accidents – reduction of vehicular and pedestrian accidents involving buses that includes measures to reduce visibility impairments for bus operators that contribute to accidents, including retrofits to buses in revenue service and specifications for future procurements that reduce visibility impairments 5329(d)(1)(I)(i)

- Transit Worker Assaults – the mitigation of assaults on transit workers, including the deployment of assault mitigation infrastructure and technology on buses, including barriers to restrict the unwanted entry of individuals and objects into the workstations of bus operators when a risk analysis performed by the safety committee determines that such barriers or other measures would reduce assaults on transit workers and injuries to transit workers. 5329(d)(1)(I)(ii)

- SunTran's Safety Committee Meetings will meet on a regular basis. See Attachment – Safety Committee Meetings.

1.5 Commonly Used Acronyms

The following acronyms apply to all related information in this manual:

Acronym	Term
ADA	Americans with Disabilities Act of 1990
AE	Accountable Executive
ALARP	As Low as Reasonably Practicable
ASP	Agency Safety Plan (also referred to as PTASP in Part 673)
CFR	Code of Federal Regulations
CONTR	Contractor
CSO	Chief Safety Officer
DIR	Director
CONTR GM	Contractor General Manager
CONTR OM	Contractor Operations Manager
CONTR FM	Contractor Fleet Manager
FAC	Florida Administrative Code
FDOT	Florida Department of Transportation
FTA	Federal Transportation Administration
NSP	National Public Transportation Safety Plan
NTD	National Transit Database
NTSB	National Transportation Safety Board
PTASP	Public Transit Agency Safety Plan (Replaces SSPP)
SA	Safety Assurance
SMS	Safety Management System
SMT	Site Management Team
SRA	Safety Risk Assessment
SRM	Safety Risk Management
SSP	System Security Plan
SSPP	System Safety Program Plan (Replaced by TASP)
TASC	Transit Agency Safety Council
TAM	Transit Asset Management

1.51 Definitions of Terms Used in the Agency Safety Plan

The following definitions apply to all related information in this manual.

Accident – an Event that involves any of the following: a loss of life; a report of a serious injury to a person; a collision of public transit vehicles; an evacuation for life safety reasons; at any time, whatever the cause.

Accountable Executive –a single, identifiable person who has ultimate responsibility for carrying out the agency's Public Transportation Agency Safety Plan (PTASP) and Transit Asset Management Plan (TAMP); and control or direction over the human and capital resources needed to develop and maintain both the agency's PTASP, in accordance with 49 U.S.C. 5329(d), and the agency's TAMP, in accordance with 49 U.S.C. 5326.

Audit – an examination of records and related materials, including, but not limited to, those related to financial accounts.

Chief Safety Officer or SMS Executive- an adequately trained individual who has the responsibility for safety and reports directly to a transit agency's chief executive officer, general manager, president, or equivalent officer.

Contractor –entity that provides operations or maintenance services to a transit agency under a contract and is accountable on the terms of the contract.

Corrective Action Plan – a plan developed by recipient that describes the actions the recipient will take to minimize, mitigate, correct, or eliminate risks and hazards, and the schedule for taking those actions. Either a State Safety Oversight Agency (FDOT), or FTA may require SunTran to develop and carry out a corrective action plan.

Equivalent Authority –an entity that carries out duties similar to that of a Board of Directors for a recipient or sub recipient of FTA funds under 49 U.S.C. Chapter 53, including sufficient authority to review and approve a recipient or sub recipient's Public Transportation Agency Safety Plan.

External Service Provider – performs operations, maintenance, safety, or risk management services related to transit service delivery from outside a recipient's immediate organizational structure and work is performed under an inter or intra governmental agreement, statute or regulation, not a contract.

Event – any Accident, Incident, or Occurrence.

Florida Department of Transportation (FDOT) – state agency that administers rules and regulations as outlined in Florida Administrative Code Chapter 14-90

Florida Administrative Code Chapter 14-90 – is the official compilation of the administrative rules and regulations of state agencies that outlines state law regarding bus systems specific to operational, maintenance, and safety rules concerning public transportation.

Hazard – any real or potential condition that can cause injury, illness, or death; damage to or loss of the facilities, equipment, rolling stock, or infrastructure of the transit system or damage to the environment.

Hazard Report – a report filed regarding a hazard identified in the workplace.

Incident - an Event that involves any of the following: a personal injury that is not a serious injury, one or more injuries requiring medical transport; or damage to facilities, equipment, rolling stock, or infrastructure that disrupts the operations of the transit agency.

Investigation – the process of determining the casual and contributing factors of an accident, incident or hazard for purpose of preventing reoccurrence and mitigating risk to the lowest manageable level practicable.

National Public Transportation Safety Plan – a plan to improve the safety of all public transit systems that receive Federal financial assistance under 49 U.S.C. Chapter 53.

Near Miss – a safety event where conditions with potential to generate an accident, incident, or occurrence existed, but where an accident, incident, or occurrence did not occur because the conditions were contained by chance or by existing safety risk mitigations.

Near Miss Report – a report filed from a narrowly avoided collision or other accident.
Occurrence - an event without any personal injury in which any damage to facilities, equipment, rolling stock, or infrastructure does not disrupt the operations of the transit agency.
Operator –a public transportation system provider of public transportation as defined under 49 U.S.C. 5302.
Performance Measure –an expression based on a quantifiable indicator of performance or condition that is used to establish targets and to assess progress toward meeting the established targets as prescribed by the National Public Transportation Safety Plan for the following: 1) fatalities; 2) injuries; 3) safety events; and 4) system reliability
Performance Target – a specific quantifiable safety performance level related to safety management activities established in the National Public Transportation Safety Plan (NSP)
Public Transportation Agency Safety Plan (PTASP)– a documented comprehensive agency safety plan as required by 49 U.S.C. 5329 and Part 673.
Recipient – a State or local government authority, or any other operator of public transportation that receives financial assistance under 49 U.S.C. Chapter 53. The Ter, "recipient" includes State Safety Oversight Agencies.
Recordable Injury – Injury resulting in lost time at work.
Reporting Manager – An employee's direct supervisor.
Risk – the composite of predicted severity and likelihood of the potential effect of a hazard
Risk Assessment - – a systematic study or examination and determination of a hazard to establish the significance or value of the risk.
Risk Mitigation – a method or methods to eliminate or reduce the effects of hazards to its lowest manageable level practicable.
Root Cause – The exact cause of an incident or accident where had the root cause found not to be present, the accident or incident would not have happened.
Safety Assurance – the processes within the transit agency's Safety Management System that functions to ensure the implementation and effectiveness of safety risk mitigation; and to ensure that the transit agency meets or exceeds its safety objectives and activities through the collection, analysis, and assessment of information.
Safety Management Policy – the transit agency's documented commitment to safety, which defines the agency's safety objectives and the accountabilities and responsibilities of its employees regarding safety.
Safety Management System – the formal, top-down organization-wide approach to managing safety risk and assuring effectiveness of the agency's safety risk mitigation. SMS includes effective systematic procedures, practices, and policies for managing risks and hazards.
Safety Performance Target – a performance target related to safety management activities.
Safety Promotion –a combination of training and communication of safety information to support SMS policy and procedure practices throughout the transit agency as applied to the agency's public transportation system.
Safety Review - an on-site assessment to determine if a bus transit system has adequate safety management controls in place and functioning in accordance with the safety standards provided and incorporated by reference in this rule chapter.
Safety Risk Management – a process within the transit agency's Agency Safety Plan for identifying hazards and analyzing, assessing, and mitigating safety risk.

Serious Injury – an injury which (1) requires hospitalization for more than 48 hours, commencing within 7 days from the date the injury was received; (2) results in a fracture of any bone (except simple fractures of fingers, toes, or noses); (3) causes severe hemorrhages, nerve, muscle, or tendon damage; (4) involves an internal organ; or (5) involves second or third-degree burns, or any burns affecting more than 5 percent of the body surface.
Small Public Transportation Provider – means a recipient or sub recipient of Federal financial assistance under U.S.C. 5307 that has one hundred (100) or fewer vehicles in peak revenue service and does not operate a rail fixed guideway public transportation system.
State of good repair –the condition in which a capital asset can operate at a full level of performance.
State Safety Oversight Agency – an agency established by a State that meets the requirements and performs the functions specified by 49 U.S.C. 5329€ and the regulations set forth in 49 CFR part 659 or 49 CFR part 674.
SunTran – the City of Ocala's Fixed Route/ADA public transportation system serving the City of Ocala and Marion County, Florida
Transit Agency –an operator of a public transportation system
Transit Asset Management (TAM)– the strategic and systematic practice of procuring, operating, inspecting, maintaining, rehabilitating, and replacing transit capital assets to manage their performance, risks, costs over their life cycles, for purpose of providing safe, cost effective, and reliable public transportation, as required by 49 U.S.C. 5326 and 49 CFR Part 625.
Transit Asset Management Plan (TAMP) – a plan developed for SunTran pursuant to 49 CFR part 625 that includes, at minimum, capital asset inventories and condition assessments, decision support tools, and investment prioritization.

SECTION 2: Safety Accountability and Responsibilities

The City of Ocala establishes the necessary authorities, accountabilities, and responsibilities for the management of safety among the following individuals: City of Ocala Transit Agency (SunTran), the awarded Contractor for Operations and Fleet Maintenance (RAPT Dev), and members of the Safety Committee, as they relate to the development and management of SMS.

The Safety Committee consist of an equal number of frontline transit worker representatives and SunTran management representatives. Each functional area provides distinct roles and carries out specific safety management responsibilities to ensure the protection of passengers, employees, the community served and City of Ocala property.

All employees at all levels are expected to conduct work in the safest manner possible in accordance with approved site procedures and policies that enhances employee health and safety. Active employee engagement in the promotion and safe reporting of hazards is paramount to the SMS Framework and the success of the City's Public Transportation Agency Safety Plan (PTASP) at both the City level and Contractor level. The Contractor's Key SMS Staff is responsible for implementing SMS processes outlined in the City of Ocala's PTASP fostering a safety culture that promotes safety awareness, training and encourages effective employee safety reporting and communication. The

Contractor will perform Safety Assurance activities, including documentation, internal controls, monitoring and auditing of their departmental compliance with the PTASP and other supporting programs, plans and procedures. The Contractor is also responsible for identifying and reporting all safety hazards to the Chief Safety Officer working together to develop and implement strategies to eliminate and/or mitigate hazard risk to the lowest level practicable.

The SMS Safety Council is the driving force for ensuring that reported safety items are appropriately addressed, concluded and tested. The City of Ocala Transit Manager and the Contractor (RAPT Dev) General Manager will also implement and use safety committees to review and evaluate SunTran's safety- related processes, activities, and issues.

2.1 SMS Organizational Structure and Roles and Responsibilities

The City of Ocala has developed an SMS organizational structure for SunTran that ensures effective and efficient operation of the Public Transportation Agency Safety Plan (PTASP) and gives assurance that, with visible and explicit support from executive management and through an open communication system for employee safety reporting, all staff will have a proactive role in fostering a safety culture that promotes Safety as its number one (1) priority.

2.11 City of Ocala SMS Key Staff Roles and Responsibilities

(Accountable Executive) - City Growth Management Department Transit Administrator

The City of Ocala Growth Management Transit Administrator has been designated as the Accountable Executive for the Public Transportation Agency Safety Plan (PTASP) and meets the requirements specified in 49 CFR Part 673.5 and 673.23(d)(1). The Administrator is accountable for ensuring that the PTASP is effectively implemented throughout the SunTran transit system, and ensuring action is taken, as necessary, to address any substandard safety performance in SunTran's PTASP. The Administrator may delegate specific responsibilities, but the ultimate responsibility and accountability for the implementation and maintenance of the Public Transportation Agency Safety Plan (PTASP) and Transit Asset Management (TAM) Plan for SunTran; with control or direction over the human and capital resources needed to develop and maintain both the PTASP in accordance with 49 USC 5329; and the TAM Plan in accordance with 49 USC 5326; rests with the Administrator.

(Chief Safety Officer/City SMS Executive) - City Growth Management Transit Manager

The Accountable Executive has designated the Growth Management Department Transit Manager as the City's Chief Safety Officer (CSO) / SMS Executive who has authority and responsibility for development of SMS policies and procedures and day-to-day implementation and operation of the City's PTASP. The Transit Manager holds a direct line of reporting to the Transit Administrator and will assist in ensuring that resources are available to achieve the outcomes of the SMS. The Chief Safety Officer/City SMS Executive has key responsibility to include but not limited to the following:

- Full implementation of the SMS across the SunTran Transit System reviewing and updating the PTASP at least annually
- Provide guidance of SMS processes to all delegated City staff that have line and technical management responsibilities for SunTran under the SMS
- Ensure integration with Public Safety and Emergency Management personnel that have input into, or output from the SMS for emergencies and abnormal operations and return to normal operations developing plans and procedures in support of the transit system's public safety and emergency management activities
- Develop criteria and establish the provision and use of performance measure dashboards to monitor SMS safety performance targets and overall Operations and Fleet Maintenance activities for SunTran with collaborative support from the Contractor (RATP Dev) identified Key SMS employees.

See Attachment Safety Committee.

2.12 Contractor SMS Key Staff Roles and Responsibilities

(Site SMS Executive) - General Manager

The General Manager has been designated as the Site SMS Executive and is responsible for providing strategic direction and leadership in accordance with the City's PTASP assuring full compliance from all contractor level employees in accordance with all rules and regulations outlined in the PTASP and the City of Ocala's contractual agreement for Operations and Fleet Maintenance of SunTran's transit system.

The General Manager in coordination with members of the Safety Committee are responsible for ensuring accountability for SMS performance at the highest level and throughout the agency to meet all safety performance objectives outlined by the City of Ocala (Suntran) Transit System and that appropriate allocation of resources are available (i.e. funding, staffing, training materials, etc.).

The Site SMS Executive has key responsibility to include but not limited to the following:

- Ensure safety information moves up, down, and across the agency
- Effectively communicate roles and responsibilities to all relevant individuals with support from the City of Ocala and Corporate Regional Executive(s)
- Ensure that all system changes are evaluated, coordinated, documented and approved by the Chief Safety Officer in compliance with the risk management and safety assurance processes adopted within the PTASP
- Ensure that all employees will be adequately trained in safety performance and awareness fostering a culture where Safety is number one (1) priority
- Ensure that the employee safety reporting program component is implemented without reprisal.

See Attachment Safety Committee.

(SMS Manager / Site Operations Safety Liaison) - Operations Manager

The Chief Safety Officer has appointed the Contractor Operations Manager (CONTR OM); having ***subject matter expertise*** in SMS implementation, day-to day operation of SMS, and the tools and activities required for SMS documentation; as the SMS Manager to assist with the development of the Public Transportation Agency Safety Plan (PTASP) and provide assistance for the implementation phases of the PTASP for the City and at the site level. The SMS Manager has key responsibility to include but not limited to the following:

- Assist the City Chief Safety Officer with the three SMS Implementation Phases (Phase 1 – Planning, Organization and Policy Development, Phase 2 - Safety Risk Management and Phase 3 – Safety Assurance)
- Draft the Public Transportation Agency Safety Plan (PTASP) and other safety policy documents related to SMS implementation for the City of Ocala and Contractor (RATP Dev)
- Establish criteria and guidance for the activities and tools for hazard identification and analysis at the site level
- Develop hazard identification, analysis, safety risk evaluation and mitigation documentation; and develop and deliver training to relevant personnel at site level
- Assist with development of SunTran's employee safety reporting program
- Assist with development of safety performance monitoring and measurement tools and activities and provide periodic reports on safety performance advising senior management on safety matters

- ❖ Maintain all SMS safety management documentation
- ❖ Plan and organize safety training and
- ❖ Assist with Transit Agency Safety Council / Safety Committee planning

In addition, the Operations Manager as Site Operations Safety Liaison will provide department leadership in the implementation, operation, and performance of all SunTran Operations SMS activities in compliance with the PTASP with assistance from the Site Safety Officer and other Dispatch personnel.

(Site Fleet Safety Liaison) - Maintenance Manager

The Maintenance Manager as Site Fleet Safety Liaison will provide department leadership in the implementation, operation and performance of all SunTran Fleet Maintenance SMS activities in compliance with the PTASP with assistance from the Site Safety Officer. The Maintenance Manager will manage and coordinate function related reporting, monitoring and auditing of the Maintenance department ensuring that safety measures and procedures are in place for system reliability.

(Site Safety Officer) – Dispatch Supervisor

The Site Safety Officer will assist the SMS Manager/Operations Manager with the Safety Risk Management and Safety Assurance components at the site level ensuring that appropriate safety procedures and guidelines are followed for evaluating and mitigating safety hazards to the lowest level reasonably practicable. The Safety Officer will also serve as chairperson for the Site Safety Committee and will conduct field observations.

Supervisors

Supervisors are tasked with familiarizing employees under their supervision of all safety requirements and hazards associated with the work to be performed through open communication and training. They will work and collaborate with the Safety Officer and Department Managers responding to identified hazards and incidents that impact safety performance and targets and assist with risk mitigation to eliminate and/or minimize the risk to the lowest level reasonably practicable.

Frontline Employees

All employees are required to become familiar with the safety procedures for their assigned work activity and adopt a culture where safety is priority. Employees are expected to perform their work safely and call attention to hazards that may impact that safety performance. All mishaps and incidents must be reported to the immediate Supervisor and/or Safety Liaison in accordance with established requirements for the protection of themselves, co-workers, customers, facilities, and equipment.

2.13 SMS Safety Council/Committee Roles and Responsibilities

Transit Agency Safety Council - TASC

The Transit Agency Safety Council (TASC) is comprised of key staff from both the city level and contractor level that have the capability to employ multiple disciplines for SunTran; having access to high level budgeting solutions; to meet and mitigate hazards to the lowest level reasonably practicable. The council will work to develop action plans to ensure adequate resources are available to achieve the outcomes of SMS. TASC meetings will be held monthly (or as often as needed).

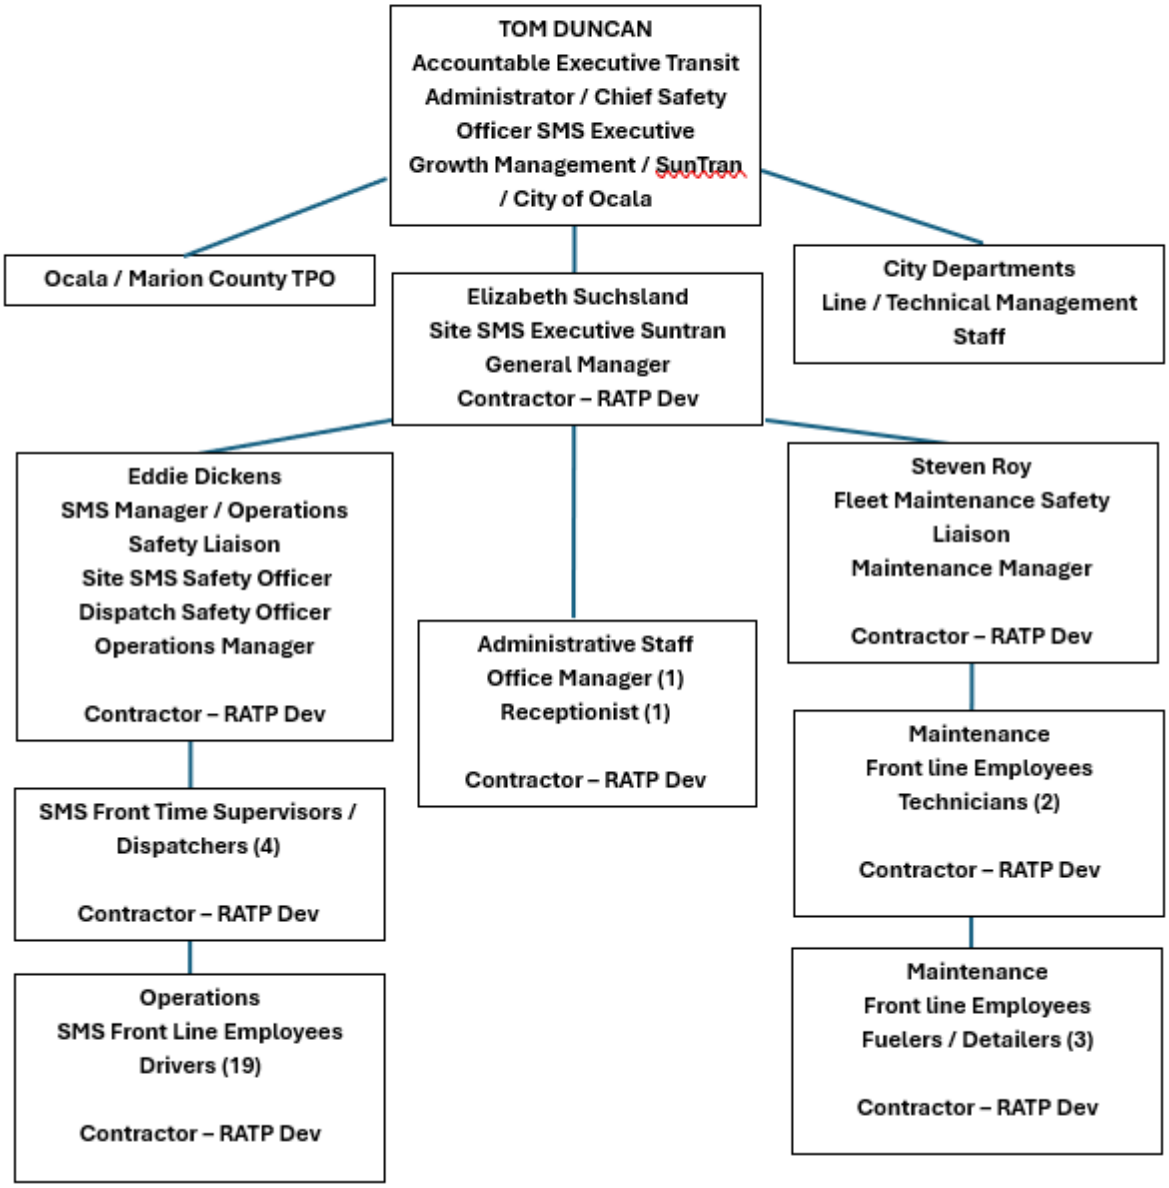
Safety Committee

SunTran will establish a Safety Committee that is convened by a joint labor–management process and that consists of an equal number of frontline employee representatives and management Representatives per 49 U.S.C § 5329(d)(5)(i) and 5329(d)(5)(A). The Safety Committee will bring Contractor level management and employees together to achieve and maintain a safe, healthy workplace.

2.14 SunTran's SMS Key Personnel Contact Information

City of Ocala SMS Key Personnel

Name	Position/SMS Role	Contact Information
Tom Duncan	Transit Administrator - Growth Management SunTran 201 SE 3rd Street, 2nd Floor, Ocala	(352) 209-1771



Contractor (RATP Dev) SMS Key Personnel

Name	Position/SMS Role	Contact Information
Elizabeth Suchsland	General Manager / SMS Site Executive 1805 NE 30th Ave, Building 900, Ocala	(352) 401-6939
Eddie Dickens	Operations Manager/SMS Manager/SMS Operations Safety Liaison 1805 NE 30th Ave, Building 900, Ocala	(352) 401-6958
Steven Roy	Maintenance Manager/SMS Fleet Safety Liaison 1805 NE 30th Ave, Building 900, Ocala	(352) 401-6746
Eddie Santiago	Dispatch Supervisor/SMS 1805 NE 30th Ave, Building 900, Ocala	(352) 401-6475
Gary Simpson	Bus Operator 1805 NE 30th Ave, Building 900, Ocala	(786) 897-7713

2.141 Safety Committee Responsibilities

- Approving the ASP and any updates to the ASP
- Identify and recommend risk-based mitigations or strategies necessary to reduce the likelihood and severity of consequences identified through the agency's safety risk assessment [49 U.S.C § 5329(d)(5)(A)(iii)]
- Identify mitigations or strategies that maybe ineffective, inappropriate, or were not implemented as intended [49 U.S.C § 5329(d)(5)(A)(iii)]
- Identifying safety deficiencies for purposes of continuous improvement [49 U.S.C §5329(d)(5)(A)(iii)]
- Establishing performance targets for the agency's risk reduction program
- The committee will review and jointly evaluate all safety hazards reported and make recommendations to improve safety. Meetings will be held bi-monthly (or as often as needed) and may include program reviews, injury reviews, and reviews of employee concerns.

SunTran's SMS Organizational Chart

SECTION 3: Safety Management Policy

3.1 Introduction

Component 1 of the SMS structure is the **Safety Management Policy**. The Safety Management Policy is the keystone of SunTran's SMS and it provides direction for effective Safety Risk Management, Safety Assurance, and Safety Promotion. **Per 49 CFR 673**, SunTran must establish the following sub-components of the Safety Management Policy including the new requirements as listed in the **Bipartisan Infrastructure Law changes to 49 U.S.C § 5329(d)**:

- 673.23(a) Safety Management Policy Statement.
- 673.23(a) Organizational Accountabilities and Responsibilities.
- 673.23(b) Employee Reporting Program
- 673.11(6)(b) Integration with Public Safety and Emergency Management
- 673.23(d) Accountabilities and Responsibilities
- 673.31 Documentation and Recordkeeping

The Safety Management Policy thus assists the City of Ocala in assuring management's involvement and commitment to the SMS and agency-wide safety improvement by laying out the policies and procedures required to carry out the SMS. This is only accomplished through a clearly defined statement that defines the organizational structures, effectively identifies accountabilities and SMS planning efforts.

SunTran's Safety Management policy will be communicated throughout the organization.

See Attachment SMS Commitment Page.

3.2 SunTran's Management Policy Statement

The City of Ocala is committed to providing a safe, comfortable, and accessible transit service as a viable means of mobility to the citizens and visitors of Ocala/Marion County. Safety is the number one (1) priority and is a core value to SunTran. To ensure the highest level of safety performance, the City of Ocala will implement, develop and improve strategies, management systems, and the processes to ensure that all our activities uphold to the highest level of safety performance.

We will develop and embed a safety culture in all our activities that recognizes the importance and value of effective safety management and acknowledge that safety is paramount always. Delegated Executive Management will lead all transit service activities, from project planning through operations and maintenance with a balanced allocation of organizational resources to support this goal. Any outside contractor who is in service to SunTran has the duty to adhere to the City's Public Transportation Agency Safety Plan (PTASP); to recognize, report and correct hazards; to work in a safe manner; to promote safety awareness; and to actively assist in accident prevention.

All levels of management and all employees are accountable for the delivery of the highest level of safety performance, starting with the Director of Growth Management. The Transit Manager is responsible for ensuring that all employees and contractors will support safety management by ensuring that hazards are identified and reported and that all reasonable steps are taken to perform activities established as part of the Safety Management System (SMS). Each department manager is also responsible for implementing the SMS in their

transit area of responsibility and actively support and promote the SMS ensuring staff compliance with all processes and procedures. We will also work to ensure that all frontline transit employees are provided with adequate and appropriate safety information and training and are competent in safety matters.

For passengers and employees of SunTran, the city will minimize the safety risk associated with transit service to its lowest level practicable and whenever possible, exceed legislative and regulatory requirements and standards. We will foster an open communication system whereby employees at all levels are encouraged to report all safety hazards and concerns without fear of reprisal.

The City of Ocala has established safety performance targets for SunTran to help measure the overall effectiveness of its processes and ensure the transit system meets the City's PTASP safety objectives. The city will evaluate ongoing SunTran's SMS performance by analyzing key safety performance indicators, reviewing inspections, investigations and corrective action reports, and auditing the processes that support the SMS which will become the basis for revising or developing safety objectives, safety performance targets and plans with the goal of continuous safety improvement.

The City of Ocala will:

- Provide appropriate resources to comply with all federal, state, and local safety-related requirements, rules, and standards for development and implementation of SMS activities within the Public Transportation Agency Safety Plan (PTASP).

- Enhance hazard identification and analysis, and safety risk evaluation activities to include: (1) establish and measure our safety performance against realistic, data-driven safety performance indicators and targets; (2) develop an employee safety reporting program that supports continuous improvement and (4) ensure externally supplied systems and services meet all transit safety performance standards.

- Ensure that no action will be taken against any employee who discloses a safety concern through the employee safety reporting program (unless disclosure indicates, beyond any reasonable doubt, an illegal act, gross negligence, or a deliberate or willful disregard of regulations or procedures).

The SMS Executive Management Team for (SunTran) hereby adopts the principles and methods of Safety Management Systems (SMS) as the basis for enhancing the safety of public transportation. All rules, regulations, policies, guidance, best practices, and technical assistance administered will, to the extent practical and consistent with legal and other applicable requirements, follow the principles and methods of SMS.

The signatures in this section attest that this plan is understood, accepted and approved; and that the Key SMS Management Team is fully committed to implementing SMS through the City's Public Transportation Agency Safety Plan (PTASP) and achieving its safety goals and objectives.

Annual Safety Certification and Adoption

Date: XXXX
Name: City of Ocala
SunTran
Address: 1805 NE 30th Avenue
Building 900
Ocala, FL 34470

In accordance with FTA 49 CFR Part 673 Final Rule, the bus system named above hereby adopts and certifies to the following:

1. The adoption of the City of Ocala Safety Management System (SMS) for calendar year 2025-2026

2. Compliance with adopted standards of the Public Transportation Agency Safety Plan (PTASP), for calendar year 2025-2026

3. Performance of safety inspections on all buses operated in accordance with Rule 14-90.009, for calendar year 2025-2026

Title: City of Ocala, City Manager

Signature: _____
Name: Tom Duncan
Title: Transit Administrator • Growth Management/SunTran

3.3 Safety Management Policy Communication

In accordance with 673.29(b), the City of Ocala will ensure that all employees are aware of any policies, activities, and procedures that are related to their safety-related roles and responsibilities. Employee engagement is crucial to a functioning Safety Management System. All employees and contractors will support safety management by ensuring that hazards are identified and reported.

The City of Ocala (SunTran) recognizes that communication is the essential component to the promotion of its safety objectives, target and safety culture and will use a variety of methods to communicate issues important to the operation of the SMS. The Public Transportation Agency Safety Plan (PTASP) will be made available to all employees and will be maintained and kept in an accessible electronic file and in hard copy format by Key SMS Personnel in locations accessible to all employees under their supervision and management.

Additionally in accordance with 49 U.S.C § 5329(d)(1)(H), SunTran shall establish a comprehensive staff training program for the operations and maintenance personnel and personnel directly responsible for safety of the recipient that includes the completion of a safety training program, continuing safety education and training, and **de-escalation training**.

3.31 Safety Management Policy Communication Methods

Communication systems will be put in place to enable greater awareness of SunTran's safety objectives and performance targets as well as provide on-going safety communication from top, down and across the agency. This strategy will complement existing safety communication channels to make everyone aware of SMS-related safety issues and their roles and responsibilities related to those issues.
Safety communication will comprise both internal and external communication tools/venues to include face to face meetings and interactions, posting and/or distribution of bulletins, department notices, and memoranda. All posted information can be found at a central location in each department area easily accessible to employees. Other communication methods include posters, signs, brochures, training materials, rule books, and operating procedures.

3.311 Internal Communication

SunTran's comprehensive employee safety communication program includes the following elements:

- Initial SMS Training for all existing employees and new hires with signed acknowledgement
- Regular Employee Bulletin Board Announcements and Safety Alerts
- Intranet/Telephone and/or Email Communications
- Regular safety meetings and/or training sessions
- Safety advisories (local and corporate)
- Facility/department safety inspections and audits with written reports and follow-up responses to employees as appropriate

3.312 External Communication

The City of Ocala recognizes that certain information may not be appropriate for external communication to the public unless required by federal, state or local regulations.
Therefore, any information regarding general SMS operation and specific risks identified will only be communicated to the appropriate governing body in consultation with Risk

Management/Accountable Executive/ Chief Safety Officer and other City Administrator entities where appropriate.

3.4 Employee Safety Reporting Program

The City of Ocala understands that SMS is dependent upon ongoing management commitment to communication. One of management's most important responsibilities under SMS is to encourage and motivate others to want to communicate openly, authentically and without concern for reprisal.

The City of Ocala and its Contract Provider (RATP Dev) communicates safety and safety performance information throughout SunTran that conveys information on hazards and safety risks relevant to employees' roles and responsibilities and informs employees of safety actions taken in response to reports submitted through an employee safety reporting program, among other information.

All employees have the responsibility to report any adverse safety conditions; events or acts; any observed or foreseeable hazards; and any safety concerns. Employees may report via the following methods:

- Reporting directly to a Key SMS staff member of their own area or another area
- Reporting directly to the Department Manager
- Reporting directly to the Dispatch Safety Committee Chairperson
- Reporting directly to the General Manager and or City Transit Manager
- Reporting via email, text, voice or written document to any of the above
- Reporting directly (in person) to the immediate supervisor

All employees also have the option of reporting anonymously at any time. Employees who do not report anonymously will receive feedback from the key SMS staff member in their area as to the disposition of the report.

Any person receiving a report of a hazard will immediately notify the key SMS staff member in his or her department.

All reports will be documented and investigated in a timely manner. All Hazards determined to be unacceptable and undesirable by the Safety Liaison for the Operations and/or Fleet Maintenance Department will be referred to the City Transit Manager/Chief Safety Officer and Contractor General Manager/SMS Executive to ensure it is addressed immediately with mitigation or elimination. The hazard will be tracked by the SMS Manager and the corrective action plan will be monitored through full resolution by the designated SMS Executive and FDOT when appropriate. (Further outlined in Part II Section 5 Safety Risk Management Process).

3.41 Employee Protected – Self Reporting

The following self-reported (employees committing violations and subsequently reporting themselves to management) violations can be reported as an initial instance without disciplinary action:

- Traffic Signal violations not resulting in an accident, injury or damage to property.
- Failure to report an adverse event immediately, but within 4 hours of occurrence. All information connected to the investigation of the reported event will fall under this protection
- Hours of Service violations.
- Reporting a safety concern that investigation reveals is not valid.
- Failure to wear proper PPE.

- ❖ Operating a revenue vehicle without proper equipment and uniform, including carrying the CDL on the employee's person.
- ❖ Fatigue that presents an unacceptable hazardous condition if duties are continued.

A second instance of a self-reported violation will be evaluated by SunTran's General Manager or the appropriate Department Manager to determine if circumstances warrant disciplinary action.
A third instance of the same violation will result in disciplinary action, whether self-reported or not.

3.42 Employee Unprotected - Self Reporting

No willful violations will be subject to self-reporting protections. This includes but is not limited to any violations of Drug and Alcohol policies or requirements, criminal acts, or failure to report any criminal acts immediately.

3.5 Integration with Public Safety and Emergency Management

The Emergency Management Division of the Marion County Sheriff's Office is Marion County's lead agency for coordination of emergency and disaster response activities to ensure a cooperative effort in response to all aspects of disasters. The Emergency Management Division is responsible for developing and coordinating programs that protect the public's health and safety from large scale hazards and natural disasters. Emergency management's objective is to provide a comprehensive and aggressive emergency preparedness response, recovery, and mitigation program to save lives, protect property and reduce the effects of disasters in Marion County.
The City of Ocala and Marion County Comprehensive Emergency Management Plan (CEMP) provides a framework that allows staff to plan, prepare for and respond to disaster events. The CEMP also lays out the purposes necessary to allow the Ocala community to recover from a wide range of disasters that adversely affect health, safety, or general welfare of Ocala residents. The City's CEMP is required to integrate with the State of Florida's Plan so that all efforts complement each other's. Per Marion County's Comprehensive Emergency Management Plan (CEMP), the Marion County Transit Services is the lead agency for any type of transportation emergency support. However, The City of Ocala and SunTran system is trained and ready to provide transportation support as needed.

Marion County Emergency Management will coordinate emergency operations Countywide to ensure a cooperative effort in response to all aspects of disasters. The objectives of the plan include:

- ❖ Minimize suffering, loss of life, personal injury, and damage to property resulting from emergency and disaster conditions
- ❖ Minimize disaster related material shortages and service system disruptions which would adversely affect the City's residents and economy
- ❖ Provide immediate relief for our community and enhance short and long-range recovery following a disaster; and
- ❖ Provide training and support to enable City personnel to respond adequately to disastrous situations.

Periodic exercises, drills, and training sessions will occur to test the City's department plans, to assure that all personnel and departments are familiar with the CEMP and assure that the CEMP remains valid and effective.

SunTran's Contractor (RATP Dev) General Manager and Management Team will coordinate and plan the activities for emergency and disaster response involving the City of Ocala's transit services.

3.6 SMS Plan Documentation and Recordkeeping

The City of Ocala understands the importance of continuous monitoring and reporting of the status of the SMS program. At all times, the City of Ocala/(SunTran) maintains documents that set forth and support its Public Transportation Agency Safety Plan, including implementation of SMS and results from SMS processes and activities that are included in whole, or by reference, that describe the programs, policies, and procedures that the City of Ocala uses to carry out the PTASP. The City of Ocala maintains these documents for a minimum of three years.

In addition to any documents or records required elsewhere by Part 673, SunTran maintains perpetually records of:

- Safety risk mitigations developed in accordance with 673.25
- Results from SunTran performance assessments as required under 673.27; and
- Employee safety training taken for purposes of compliance with this part and in accordance with the requirements of **49 CFR 673.**

In accordance with the City's PTASP, the Contractor SMS Manager is responsible for the maintenance of the documentation for SunTran's Safety Risk Management Process and Safety Hazard and Risk Assessment Log for the transit site. Each month, a report will be submitted to the Contractor General Manager and City Transit Manager on the status of SMS deficiencies and failure; corrective actions for SMS gaps identified; and internal control department safety audits and corrective actions. The Site SMS Executive/Contractor General Manger will provide a monthly status summary to the Chief Safety Officer/City Transit Manager on issues needing immediate attention regarding SMS compliance, including unacceptable or undesirable hazards, and resource allocation for corrective action. (Plan documentation and recordkeeping is further described in Section 5.5).

The PTASP will be kept in electronic as well as hard copy format and will be readily available for access upon request by the FTA, other Federal entities as required, the Florida Department of Transportation (FDOT), Marion County TPO and all SunTran transit personnel.

SECTION 4: Safety Risk Management Process

4.1 Introduction

The City of Ocala has established a Safety Risk Management (SRM) process for all elements of its public transportation system including employees, contractors, infrastructure, vehicles and equipment, revenue and non-revenue service activities as well as collaborations with emergency management personnel (i.e. first responders or other local agency employees). All management, staff, contractors, and suppliers are required to implement safety risk management methodology and safety and system assurance throughout the planning, testing, and operational phases of public transportation projects. Safety Hazards that cannot be eliminated are to be controlled by mitigation to the level that is "as low as reasonably practicable" (ALARP). Safety Risk hazard identification and resolution is a system process managed by the City's Transit Manager/ Chief Safety Officer (CSO) with assistance from the Contractor SMS Site Manager for (RATP Dev) and other Key SMS Organizational staff. The City's Transit Manager/Chief Safety Officer with support from the Transit Agency Safety Council (TASC) and Contractor Key SMS Staff will conduct formal analyses for all identified safety hazards resulting from system audits, operational or other changes, safety analysis in design and procurement contracts to include the following:

Identification of potential/existing safety hazards

- Assessment of severity and probability of occurrence/reoccurrence of each potential safety risk
- Timely awareness of safety hazards for those who must resolve them
- Ability to track and control safety risks through all phases of a project's life cycle; and
- Formal Safety and Security Certification where applicable

The SRM component is comprised of the processes, activities, and tools necessary to identify and analyze hazards and evaluate safety risks in its operations and supporting activities. The City of Ocala recognizes the need to ensure use of both a proactive (i.e., employee safety reporting) and reactive (i.e., safety event investigation) approach to the reporting and investigation of safety hazards and the need to carefully examine whether the agency has taken sufficient precautions to minimize the harm, or if further mitigations are necessary. Safety hazard identification, assessment and mitigation is the core element of the City's PTASP, requiring timely correction of unsafe conditions, ideally before serious accident, injury or damage occurs. The methodology employed by the formal SMS process for safety hazard identification and risk management of resolution allows the City of Ocala to examine how organizational factors such as (i.e,. allocation of resources, established operational procedures, frontline supervision and training, and human performance issues) contribute to incidents, accidents, and near miss occurrences. SMS builds on this experience by increasing the focus on safety hazard identification across the agency and broadening the scope of safety data collection and assessment, promoting, and fostering a safety culture that encourages proactive safety reporting and safety risk management.

The Safety Risk Management process is comprised of the following activities each having specific procedures and accountabilities to ensure that the safety hazard has been mitigated to the level "as low as reasonably practicable".

- Identification, analysis, and evaluation of safety hazards,
- Safety risk assessment
- Safety risk mitigation, and
- Documented system SRM tracking
- Strategies to minimize exposure to infectious diseases, consistent with Centers for Disease Control and Prevention or State health authority guidelines

The following outlines in detail the established criteria for each of the above listed activities to identify, evaluate and prioritize the safety risk associated with potential consequences; and is committed to the allocation of resources necessary to address the potential consequences of these hazards.

4.2 Safety Hazard Identification and Analysis

The City's objective of hazard identification and risk assessment is to identify and define hazardous conditions likelihood and enter them into the hazard mitigation process before those conditions or associated actions cause or contribute to an accident. Although it is virtually impossible for the City to identify every hazard, there are two basic time-tested methods used for orderly identification of hazards: inductive and deductive.
The inductive hazard identification method consists of an analysis of system components to identify their respective failure modes and the effects they will have on the total system. This method assumes the failure of single elements or events and, through analysis, determines the potential consequential effects on the system or subsystem. The City of Ocala uses

inductive hazard identification at the onset of new capital projects to ensure that potential, but not yet realized, hazards are addressed.

Techniques commonly used for inductive hazard identification include:

- Preliminary Hazard Analysis (PHA)
- Sub-System Hazard Analysis (SSHA)
- Operating Hazard Analysis (OHA)

The deductive hazard identification method involves defining an undesired effect or event (e.g., collision, derailment, or fire) and then deducing the possible conditions or system component faults (or combinations thereof) which are necessary to cause the undesired effect or event. The technique most commonly used for deductive hazard identification is Fault Tree Analysis.

Conversely, accident analysis is an example of deductive identification of hazards that have been physically realized. SunTran deduces from the accident and the circumstances of the accident how the mitigation of hazards could take place.

4.3 Methods of Safety Hazard Identification

Every employee is required to report all hazard or unsafe conditions to his/her Supervisor, Department Manager or other appropriate authority as defined in the PTASP. However, employees may also communicate the identification of a potential hazard directly to the City's Transit Manager/CSO or any safety staff member verbally or in writing or by communicating through other established communication channels within the Employee Safety Reporting Program. The City of Ocala defines **hazard** and **risk** as the following:
Hazard – (*any real or potential condition that can cause injury, illness, or death; damage to or loss of the facilities, equipment, rolling stock, or infrastructure of the transit system or damage to the environment*).
Risk - (*the composite of predicted severity and likelihood of the potential effect of a hazard*)
Safety hazards may be identified using different internal and external sources such as those listed in the following table. SunTran applies risk assessment criteria to the identified hazards based on their estimated severity and likelihood of occurrence to determine acceptance of the risk or need for corrective action to further reduce the risk to the lowest level reasonably practicable.

(*This table is intended to illustrate typical activities and is not intended to be all inclusive*).

Table 1 Typical Safety Hazard Identification Activities and Schedule

Activities	Schedule
Conduct formal analyses prepared and submitted by contractors	As required by contract
Conduct informal observations, inspections and analyses	Daily
Conduct design reviews as part of design process	As required by contract
Field inspections and observations during project construction and testing	Daily during project duration
Field observations and inspections of regular and special operations	Daily
Review of control logs, operations records and reports	Daily & Monthly Reporting
Review maintenance activities, reports and records	Daily & Monthly Reporting
Rules Compliance activities	Daily

Review and investigate employee and passenger observations and complaints	Daily
Perform safety trends analysis	Daily & Monthly
Perform investigations of hazards, adverse advents, close calls (near misses) and safety reports	As required
Formal inspections and audits	Per inspection and audit cycle
Review external agency reports and recommendations	As required
Participate in and conduct peer reviews of other transit properties	As required
Safety Committee, Drivers' and All Staff Meetings	Monthly

For SunTran, most safety hazards typically are identified in the field and reported to Dispatch and are entered on a Daily Operations Log completed by the Dispatch Supervisor on Duty. These hazards are addressed immediately by the responsible departments through established plans, protocols and procedures and corrective measures and ***do not require entry*** onto the Safety Hazard and Risk Assessment log as indicated in this plan.

Safety hazards which are not resolved at the operating, maintenance or other front-line department level are appropriately reported to and investigated by the affected Operations or Fleet Maintenance department SMS Safety Liaison. If the Department Safety Liaison assesses the reported safety hazard to be severe enough to require changes to operating procedures, maintenance procedures, and or training programs, the matter will then progress to the SMS Manager to record the safety hazard on the event log and present to the Site Safety Committee to assist with safety risk mitigation and/or elimination of the hazard. The Contractor Site SMS Executive will be the person responsible for monitoring all corrective actions through its full resolution. The CSO/Transit Manager for the City may also be notified to provide support through full resolution.

If there is a significant severity of the safety hazard (i.e., poses a real and immediate threat to life, property, or the environment) or risk frequency of the hazard, such as the occurrence of accidents, the CSO/Transit Manager for the City will be notified immediately and be brought to the attention of the Accountable Executive for immediate intervention/action. When the hazard requires other resources to eliminate or mitigate to lowest level reasonably acceptable, it may merit an assessment by the Transit Agency Safety Council (TASC). TASC will assess the severity and frequency of the risk and create a formal corrective action plan per its CAP process to mitigate or resolve the safety hazard. The CSO/Transit Manager is the person responsible for monitoring all formal corrective action plans through its full resolution.

In accordance with the FTA and FDOT standard requirements, if it is determined that the final risk assessment of the hazard identified is "unacceptable" using the criteria and assessment process specified in its PTASP, the City of Ocala will notify the FDOT within 24 hours following the determination. The City Transit Manager will transmit an electronic copy via email or a hard copy via fax of the appropriately completed worksheets, forms or other materials documenting the unacceptable hazard. Status reports of the unacceptable hazard investigation will be submitted via email at least monthly, by the 10th of each month, until the investigation is completed.

Upon the completion of the investigation of the "unacceptable" hazard, a Final Hazard Investigation report will be submitted to FDOT for review and final approval that includes a description of activities, findings, identified casual factors, and a corrective action plan, if applicable. The report is not to be considered final until all conditions are met and the report is approved by the FDOT.

4.4 Safety Risk Assessment / Safety Risk Assessment Process

The City of Ocala assesses safety risk associated with identified safety hazards using its safety risk assessment process. This includes an assessment of the likelihood and severity of the consequences of hazards, including existing mitigations, and prioritizing hazards based on safety risk. The City of Ocala defines hazard severity categories as a quantitative measure of the worst credible safety hazard resulting from a personnel error, environmental conditions, design inadequacies, and procedural deficiencies for a system or component failure or malfunction as indicated in Table II below.

Table II safety hazard severity table

category	description	hazard definition
1	Catastrophic	Operating conditions are such that human error, environment, design deficiencies, element, sub-system or component failure or procedural deficiencies may cause dire events resulting in major system loss, thereby requiring immediate cessation of the unsafe activity or operation.
2	Critical	Operating conditions are such that human error, environment, design deficiencies, element, sub-system or component failure or procedural deficiencies may cause severe harm to persons or major system damage thereby requiring immediate action including immediate cessation of the unsafe activity or operation.
3	Marginal	Operating conditions may cause minor harm or minor system damage such that human error, environment, design deficiencies, element, sub-system or component failure or procedural deficiencies can be counteracted or controlled without serious injury, illness or major system damage.
4	Negligible	Operating conditions are such that human error, environment, design deficiencies, element, sub-system or component failure or procedural deficiencies will result in no, or less than minor, harm or system damage.

The City of Ocala describes the likelihood that a hazard may occur in potential occurrences per unit of time, events, items or activity. The City of Ocala derives qualitative hazard probability from research, analysis, and evaluation of safety data from the operating experience of SunTran and/or other similar transit authorities.
A qualitative hazard likelihood ranking for SunTran is as follows in Table III:

Table III Hazard Likelihood Table

Frequency	Description	Probability
Frequent	A	Likely to occur frequently to an individual item. Continuously experienced in the fleet inventory.
Probable	B	Will occur several times in life of an item; will occur frequently in fleet/inventory.
Occasional	C	Likely to occur sometime in life of an item; will occur several times in fleet/inventory.

Frequency	Description	Probability
Remote	D	Unlikely, but possible to occur in life of an item; unlikely but can be expected to occur in fleet/inventory.
Improbable	E	So unlikely, it can be assumed occurrence will not be experienced to an individual item; unlikely to occur but possible in fleet/inventory.
Eliminated	F	Hazard is incapable of occurring.

Before implementation of any corrective action, The City of Ocala has established a hazard safety risk severity category (1 through 4) and a likelihood ranking (A through E) which are combined to form a numerical value called a Risk Index, reflecting both severity and probability of occurrence for each identified hazard. SunTran assigns a Risk Index to a hazard before implementation of any corrective action. The range of likelihood Risk Indices is shown in the following matrix.

Table IV Safety Hazard Risk Index

Frequency of Occurrence	1 Catastrophic	2 Critical	3 Marginal	4 Negligible
(A) Frequent	1A	2A	3A	4A
(B) Probable	1B	2B	3B	4B
(C) Occasional	1C	2C	3C	4C
(D) Remote	1D	2D	3D	4D
(E) Improbable	1E	2E	3E	4E
(F) Eliminated	N/A	N/A	N/A	N/A

4.42 Safety Risk Mitigation

The City of Ocala acts to eliminate identified safety hazards or to reduce the associated risk. In accordance with the risk acceptance criteria below, the City eliminates “unacceptable” hazards or reduces their associated risk to an acceptable level. If this is impossible or impractical, alternatives are recommended to the appropriate City’s transit management decision makers.

The risk assessment and acceptance criteria assist’s SunTran’s management in understanding the amount of risk involved by accepting the safety hazard relative to the costs (schedule, dollars, operations, etc.) to reduce the hazard’s risk to an acceptable level. The following table identifies the hazard acceptance criteria:

Table V Safety Hazard Risk Acceptance Criteria

	Hazard Risk Index	Decision Authority	Special Conditions
	1A, 1B, 2A, 2B, 3A	Unacceptable	Requires immediate resolution
	1C, 1D, 2C, 2D, 3B, 3C	Undesirable	Requires Chief Safety Officer review and concurrence from the Accountable Executive
	1E, 2E, 3D, 3E, 4A, 4B	Acceptable with Review	Requires Chief Safety Officer and Transit Agency Safety Council (TASC) review

	4C, 4D, 4E	Acceptable	None

The order of precedence for satisfying system safety requirements and resolving (eliminating or controlling) hazards for SunTran is as follows:

- **Design for Minimum Risk -** The primary safety effort during the design phase of a project will be an attempt to eliminate hazards through design selections (e.g., fail safe, redundancy).
- **Incorporate Safety Devices**. Hazards that cannot be eliminated or controlled through design selection are controlled to an acceptable level through use of fixed, automatic or other protective safety design features or devices, including PPE.
- **Provide Warning Devices -** Where it is not possible to preclude the existence or occurrence of a hazard through design selection or use of safety devices, warning devices will be installed for the timely detection of the hazard condition and the generation of an adequate warning signal.
- **Develop Special Procedures, Equipment and Training -** Where it is not possible to eliminate or reduce the magnitude of an existing or potential hazard through design selection or the use of safety and warning devices; special procedures, including the use of personal protective equipment, will be developed by (The City of Ocala or its Contractors, as required) to control the hazard. All applicable personnel are trained on the procedures and equipment in accordance with SunTran's Standard Operating Procedures.

See Attachment LYTX System

4.43 Safety Hazard Notifications, Thresholds and Reporting

This section describes the process used by SunTran to conduct accident/incident/hazard investigations, notify appropriate external agencies, and document these activities.

4.44 Safety Risk Management Meetings

To ensure an on-going involvement in SunTran's safety hazard management process, the FDOT will be invited to participate in meetings held at least quarterly in conjunction with the Transit Agency Safety Council (TASC) to review the Safety Hazard Risk Assessment and Tracking Log, Corrective Action Plan Monitoring Log, and the other SunTran activities associated with the hazard management process. The City Transit Manager will submit to FDOT a proposed date and location for the meeting and a proposed agenda.

During the meetings, FDOT may request and review any records maintained by SunTran documenting the results of its hazard management process. If these records are not available at the meetings, SunTran will transmit them via email or in hard copy via mail or fax after the conclusion of the meeting.

SunTran will prepare meeting minutes from each meeting, being sure to document any identified action items or required activities. The meeting minutes are prepared and submitted to the City Transit Manager for TASC committee approval at the next meeting.

4.45 Corrective Action Plan Procedures

SunTran applies risk assessment criteria to the identified hazards based on their estimated severity and likelihood of occurrence to determine acceptance of the risk or the need for corrective action to further reduce the risk. In accordance with FDOT requirements, SunTran

is required to develop corrective action plans for various deficiencies and hazards identified through on-site safety and security review process, accident or hazard investigations, internal safety or security reviews. Either THE FDOT or the City of Ocala may identify need for corrective actions. If the FDOT identifies a need for corrective action, it will notify the City of Ocala in writing.

4.46 Causes for Initiation of Corrective Action Plan:

- **On Site FDOT or FTA Safety and Security Review** – Upon receipt of the final report for an external regulatory agency safety or security review, the City of Ocala will develop a corrective action plan to correct identified deficiencies and submit the CAP as required
- **Accident/Incident/Hazard Investigations –** Regardless of the agency conducting the investigation process, any final report indicating findings and recommendations for addressing deficiencies or unsafe conditions with SunTran will be the primary responsibility of the City's Operations and Maintenance Contractor SMS Staff to correct. Upon receipt of the final report, the Contractor will have 15 calendar days to develop a corrective action plan or methodology to correct identified deficiencies.
- **Internal Safety and Security Review -** If the City of Ocala finds areas of non-compliance during internal audits of SunTran's Agency Safety Plan or Security and Emergency Preparedness Plan, those areas of non-compliance must be remedied by a corrective action plan within 30 calendar days. If FDOT rejects SunTran's annual safety or security audit report, the City will have **15 calendar days** to develop a corrective action plan to correct identified deficiencies.

4.47 Corrective Action Plan Required Components:

- Identified noted Hazard or deficiency.
- Date Corrective Action Plan was opened.
- Process, Plan or Mechanism to address and resolve deficiency.
- Deadline for implementation of Plan of Action.
- Departments and Persons who will be responsible for implementation.

4.5 Safety Hazard Risk Documentation and Monitoring / Safety Hazard and Risk Management Documentation

The Site Operations and Fleet Maintenance Safety Liaisons are responsible to appropriately document the following information for safety hazards identified in their respective areas, including:

- How the safety hazard was recognized and reported
- A description of the safety hazard and the immediate corrective action(s) taken
- The Initial Risk Assessment, based on the likelihood and severity of the hazard if nothing was done and using the risk assessment matrix in the City of Ocala's PTASP Chapter 5 Safety Risk Management Process (Sections 5.1.0 – 5.6.0)
- Results of the investigation, including the circumstances, events and causal factors(s) leading up to the safety hazard
- Additional corrective action that was or will be done to reduce the likelihood and/or severity of the safety risk (including schedule and responsibility)
- The Final Risk Assessment, based on the likelihood of the safety hazard to occur and its likely severity when the proposed corrective action/resolution is in place.

This information will be submitted at least weekly to the Site SMS Manager to review and monitor each department's compliance with Safety Risk Management (SRM) activities. The SMS Manager will ensure that any deficiencies or failures in this area are immediately documented and transmitted to the appropriate SMS personnel for corrective action.

4.52 Safety Hazard and Risk Assessment Tracking

The City of Ocala has established a Safety Hazard and Risk Assessment Log for SunTran which reflects the consolidation of information in the Safety Risk Management (SRM) process. The Safety Hazard and Risk Assessment log contains all safety hazards meeting the unacceptable or undesirable thresholds. The Log includes the following required information:

- **ID Number** – refers to the number assigned to the hazard by SunTran.
- **Safety Hazard Description** – refers to a brief narrative summary of the hazard – what it is; where it is located; what elements it is comprised of; and element of SunTran's operation affected by the hazard (i.e., facilities, vehicles, personnel training and procedures, etc.).
- **Date Identified** – refers to the date the hazard was identified at SunTran.
- **Safety Hazard Source** – indicates the mechanism used to identify the hazard, (i.e., operator report, near miss, accident investigation, results of internal safety or security review/audit, rules compliance or training program; maintenance failure, facility, equipment or vehicle inspection, trend analysis, formal hazard analysis, etc.).
- **Safety Hazard Risk Index** – refers to the hazard severity and hazard frequency (or risk index) ratings initially assigned to the hazard by SunTran.
- **Safety Hazard Mitigation/CAPs** – refers to the actions recommended by the City of Ocala on behalf of SunTran to address the hazard and bring it into a level of risk acceptable to management.
- **Status** – refers to the status of the recommendations. Status may be designed as pending, open, in progress, or closed.

In accordance with the City's PTASP the Contractor SMS Manager is responsible for the maintenance of the Safety Risk Management Process and Safety Hazard and Risk Assessment Log for the transit site. The Contractor SMS Manager will ensure that all defined criteria for safety hazard identification and safety risk assessment is entered and a safety risk rating has been assigned. The following are specific safety hazards that must be immediately reported to the Chief Safety Officer/City Transit Manager when identified; whether it is mitigated at the Contractor Management level and/or at the City of Ocala level:

- All Unacceptable Safety Hazard Risks;
- Safety Risks identified from audits from outside agencies (FDOT, SSO, FTA and OSHA);
- Safety Risks identified from accident investigations;
- Safety Hazards where corrective action will cost more than $5,000; or
- When warranted by the SMS Site Executive

Table VI Sample Safety Hazard and Risk Assessment Tracking Log

#	Identified Hazard	Hazard Description	Risk before Mitigation Measures			Risk Elimination or Mitigation Measures	Risk After Mitigation Measures			Verification
			Severity	Likelihood	Risk Hazard Index		Severity	Likelihood	Risk Hazard Index	
EXAMPLE	New large cutaways have a blind spot in the right front corner of the vehicles	Cannot see vehicles and pedestrians near the right front corner of the vehicle causing near misses and or possible vehicle and pedestrian strikes.	II	A	**High**	**1.Oder different model of cutaway going forward** **2.Attach blind spot mirrors and/or body cameras to increase visibility and reduce likelihood of an accident** **3. Provide training to all operators on blind spot avoidance and awareness techniques**	**II**	**C**	**Medium**	**Instances of near miss, pedestrian strikes, and vehicle strikes in small cutaways are zero for last year.**
1					**#N/A**					
2					**#N/A**					

The Tracking Log is submitted by the 10th of each month to the City of Ocala Transit Manager/Chief Safety Officer. The Transit Manager reviews the Monthly Safety Hazard and Risk Assessment Tracking Log and forwards any questions or requests for information to the Contractor (RATP Dev). In addition, the City of Ocala conducts at minimum quarterly meetings with the Contractor (RATP Dev) to review the Tracking Log and the other activities associated with the safety risk management process. An invitation along with an agenda will also be sent to the Grants Manager for FDOT and Marion County Transportation Planning Office (TPO) for the quarterly meeting. The quarterly safety risk management meetings are discussed further in other sections.

4.6 Exposure to Infectious Disease

SunTran has developed a safety plan for Exposure to Infectious Diseases to minimize the exposure
of the public, personnel, and property to hazards and unsafe conditions, and consistent with guidelines of the Centers for Disease Control (CDC), and Prevention for a State health authority, minimize
exposure to infectious disease [49 U.S.C § (5329(d)(1)(D)].

- SunTran would consider identifying mitigations or strategies related to exposure to infectious diseases through the Safety Risk Management process described in Section 4.41: Safety Risk Assessment Process

SECTION 5: Safety Assurance

Safety Assurance is accomplished through implementation of safety oversight and risk monitoring activities. Safety performance measures are used to select improvement targets, monitor safety performance, and encourage continuous improvements in service delivery. As the City of Ocala implements its SMS, several activities will be initiated, and tools will be developed to support these safety oversight and risk monitoring activities. Safety assurance includes safety reviews, evaluations, inspections, as well as safety data collection, tracking and analysis from various resources, including investigations; and development of Key Performance Indicators (KPI's).

The City of Ocala has developed and implemented a safety assurance process for SunTran consistent with 49 CFR Part 673 to ensure SunTran complies with or exceeds the established safety standards set forth in the PTASP and Chapter 14-90, FAC Requirements. These processes will allow the City of Ocala to:

- ❖ Monitor SunTran for compliance with, and sufficiency of, the agency's procedures for operations and maintenance
- ❖ Monitor SunTran operations to identify hazards not identified through the Safety Risk Management process (per 49 CFR 673.25)
- ❖ Monitor SunTran operations to identify any safety risk mitigations that may be ineffective, inappropriate, or were not implemented as intended
- ❖ Conduct investigations of safety events, including the identification of casual factors; and
- ❖ Monitor information reported through any internal safety reporting programs.

Results from the above processes are compared against recent performance trends: monthly, quarterly, and annually by the City of Ocala and Contractor SMS Key Staff to determine where action needs to be taken. The Transit Manager/Chief Safety Officer will review the performance of individual safety risk mitigations during scheduled Safety Committee/Council meetings, based on the reporting schedule determined. The SMS Manager enters any identified non-compliant or ineffective activities, including mitigations, back into the SRM process for re-evaluation by the Site Safety Committee and/or Transit Agency Safety Council (TASC) with oversight by the City of Ocala and Contractor SMS Executives (City Transit Manager and Contractor General Manager).

These processes will provide the confidence to the City of Ocala leadership that the organization and system is functioning at an acceptable level of safety.

See Attachment Approval Page.

5.1 Safety Performance Measuring and Monitoring Activities

The City of Ocala has established safety objectives; performance targets and performance measures in coordination with its Contract Provider (RATP Dev), FDOT and Marion County TPO in compliance with all requirements set forth in FTA's Public Transportation Safety

Agency Plan (PTASP) and the National Public Transportation Safety Plan (NSP). The initial focus of SunTran's performance measure and established safety performance targets is based on existing data delivered to the National Transit database (NTD) for:

- Major Safety Events
- Major Safety Events - Rate per 100,000 Revenue
- Miles
- Collisions
- Collisions - Rate per 100,000 Revenue Miles
- Pedestrian Collisions - Rate per 100,000 Revenue
- Miles
- Vehicular Collisions - Rate per 100,000 Revenue
- Miles
- Fatalities
- Fatalities - Rate per 100,000 Revenue Miles
- Transit Worker Fatalities - Rate per 100,000
- Revenue Miles
- Injuries
- Injuries - Rate per 100,000 Revenue Miles
- Transit Worker Injuries - Rate per 100,000
- Revenue Miles
- Assaults on Transit Workers
- Assaults on Transit Workers - Rate per 100,000
- Revenue Miles
- System Reliability (Mean Distance Between Major

See Attachment NTD Reports.
See Attachment Monday.com

Mechanical Failures)Collection and Analysis, Internal Safety Audit Processes, Accident and Incident Reporting and Investigation, Internal System Safety Audit and Review, Drug and Alcohol Program and Medical Monitoring, and Employee Safety Reporting and Training.

SunTran will maintain 100% compliance with all safety performance requirements through use of the following performance measure activities:

- ❖ Safety audits; informal inspections
- ❖ Regular safety review of onboard camera footage to assess drivers and specific incidents
- ❖ Employee safety reporting program
- ❖ Investigation of safety occurrences
- ❖ Daily data gathering and monitoring of data related to service delivery; and
- ❖ Regular vehicle inspections and preventive maintenance.
- ❖ Adherence to schedules set and acceptable measures
- ❖ Appropriate corrective action plans (CAPS) for findings and reasonable timeframe for closure of CAPS in coordination with federal, state, and local oversight agencies as necessary

5.2 Transit Asset Management/State of Good Repair

The City of Ocala also addresses the requirements of 49 CFR Parts 625 and 630, Transit Asset Management (TAM) and State of Good Repair (SGR), through the City's *Transit Asset Management Plan*, which includes TAM and SGR performance measures. The TAM Plan allows SunTran to predict the impact of its polices and investment justification decisions on the condition of its assets throughout the asset's life cycle and enhances the ability to maintain SGR by proactively investing in an asset before the asset's condition deteriorates to an unacceptable level. The goal of these policies is to allow the City of Ocala to determine and predict the cost to improve SunTran asset condition(s) at various stages of the asset life cycle while balancing prioritization of capital, operating, and expansion needs. The two foundational criteria of SGR performance measures are ULB and Condition.

5.3 Operations and Maintenance Rules and Procedures

Bus Operations are strictly governed by policies and procedures outlined in the Standard Operating Procedures (SOPs) Rule Book, and Operations Manuals prepared by the Contractor Organization. Fleet Maintenance rules and procedures are contained in the Maintenance Plan and manufacturers' manuals. These publications cover all rules and procedures that are necessary to operate a safe and efficient bus system.

Review of Operations and Maintenance Rules and procedures are conducted as necessary by the Chief safety Officer and Contractor General Manager. These reviews are conducted when system monitoring and data analysis imply that either the SOPs or rules are not effective or when change or expansion occurs. Review also occurs annually during the internal safety audit process.

All rules compliance findings of non-compliance are evaluated by the Contractor General Manager and Chief Safety Officer, and where appropriate, are managed through SunTran's safety hazard risk management process in compliance with Part II (Safety Risk Management) of this Safety Plan.

5.4 Operations Personnel Rules Compliance

Daily inspections of operators are required prior to pull-out. Dispatch Supervisors enforce rules and procedures in the field by observing, correcting, and documenting safety-related behaviors and activities of operators and system elements. Daily and weekly operational checks are made in the field that include but are not limited to:

- Speed checks (yards, intersections)
- Observation checks for time and load
- General observations of vehicles, signals, and system for deficiencies; and
- Follow up on patron complaints
- Performance of ride checks to ensure operator rules compliance during revenue operations

Periodic spot checks are made as result of an accident, request, and/or at random. Management may also conduct random checks that include but are not limited to:

- General vehicle operation
- Attention to duty
- Signal compliance
- Door operation

5.5 Maintenance Personnel Rules Compliance

Maintenance Supervisors enforce rules and procedures by observing and monitoring employee and contractor performance on the bus system and at worksite. Rules and procedures monitored and observed for compliance include but are not limited to:

- General safety
- Proper use of tools, equipment and machinery
- Proper use of personal protective equipment
- Right-of-way safety
- Fire safety
- Material handling and storage
- Quality Assurance inspections, and audits of procedures, including rule compliance

5.6 Facilities and Safety Equipment Inspections

An essential element of SunTran's Safety Management program is regular inspection of all bus system facilities and safety-critical equipment on a regular basis according to company policies and SOPs, equipment manufacturer's guidelines and recommendations, and as required by local, state, and federal regulations. In addition, facilities and equipment are also inspected by departments and/or Safety staff as result of accident reports. Inspections are documented on checklists, filled out at time of inspection to assure a consistent level of monitoring and general maintenance. The checklists and written reports are issued following the inspections and all action items are put into the work order system.

All Sun Tran administrative and maintenance buildings comply with applicable code requirements and have various fire/life safety features that may include:

- Fire extinguishers and alarms
- Handrails and guardrails
- Fences and gates
- Sprinkler systems
- Emergency exits and lighting
- Emergency communications systems
- Emergency shower
- Eyewash stations
- Chemical/paint safety

Facility inspections are performed monthly. Critical items/conditions disclosed during inspection are repaired immediately. Non-critical items/conditions are cycled through work order procedure. Any items identified by maintenance as critical issues are evaluated by the City's Facility Director, and where appropriate, are managed through SunTran's hazard management process in compliance with this PTASP.

The frequency of equipment inspections depends upon the level of hazard associated with operation, industry standards, and contractor supplier recommendations.

5.7 Vehicle Maintenance and Inspections

The Fleet Maintenance Director is responsible for ensuring that a Maintenance Plan that follows FAC 14-90 has been developed and implemented by the agency and that all vehicles operated are regularly and systematically inspected, maintained, and lubricated according to the agency's Maintenance Plan and Preventative Maintenance Guidelines.

Suntran's vehicle maintenance plan will ensure that all buses operated, and all parts and accessories on such buses, including those specified in Rule 14-90.007, F.A.C., and any additional parts and accessories which may affect safety of operation, including frame and frame assemblies, suspension systems, axles and attaching parts, wheels and rims, and steering systems, are regularly and systematically inspected, maintained, and lubricated to standards that meet or exceed the bus manufacturer's recommendations and requirements.

The Fleet Maintenance Department has several audit checks in place to ensure that inspections are being properly conducted and completed. These audit checks include performing audits of the maintenance inspection and testing, doing monthly reviews of number inspections scheduled vs. number completed, and ensuring equipment is thoroughly checked through the preventive maintenance program procedures.

5.71 Pre-Trip and Post Trip Inspections

Drivers are required to perform daily Pre-Trip and Post-Trip vehicle inspections prior to operating the assigned vehicle, during routes, and after all route schedules are completed. The pre-trip inspection includes an inspection of the following parts and devices to ascertain that they are in safe condition and in good working order:

- Service brakes
- Parking brakes
- Tires and wheels
- Steering
- Horn
- Lighting devices
- Windshield wipers
- Rear vision mirrors
- Passenger doors
- Exhaust system
- Equipment for transporting wheelchairs
- Safety, security, and emergency equipment

During the scheduled trips and at the end of the day, the operator will note any additional findings and submit the daily vehicle inspection forms. The process and form(s) to be utilized for daily vehicle inspections is included in the agency's preventative maintenance guidelines. The daily vehicle inspection forms must be complete with the operator's signature and a check in each box to document that the items are "OK" or a defect is noted in the comments section. If the driver finds any mechanical or other problems that could compromise the safety of the vehicle at any point, the drivers will immediately inform the Maintenance Director and the vehicle will not be scheduled for service until repaired. Failure to report deficiencies by drivers may result in an administrative action taken against the employee.

The Maintenance Director will review the daily inspections and document the corrective actions taken as a result of any deficiencies identified by the operator. Daily inspection records will be retained for a minimum of two weeks. The Maintenance Director will periodically conduct vehicle inspections behind the drivers who have completed the vehicle inspections to ensure that the daily vehicle inspections are adequately performed. Once defects are noted they will be prioritized and sorted into categories for repairs. Once a defect is noted on the inspection form and repaired, the documentation will be attached to the work/repair order and filed in the maintenance files.

5.72 Preventative Maintenance

A preventative maintenance schedule is implemented to inspect for safety hazards and to

maintain vehicles in a manner conforming to safety regulations.

Suntran will perform scheduled preventive maintenance on all vehicles at every 6,000 miles according to the agency's maintenance plan. As preventative maintenance inspections are scheduled by projected mileage, the agency will allow ±600 miles deviations in mileage interval, so long as the actual mileage interval meets the manufacturer's recommended maintenance schedule. Inspections are performed in 6,000 miles intervals.

Table VI Preventive Maintenance Inspection Table

❖ Vehicle Equipment	❖ Cycles
Revenue and Non-Revenue Vehicles	Fluids, including, but not limited to, oil and antifreeze are tested regularly as part of the general maintenance warranty, and contract compliance procedures. A preventive maintenance plan is in place for all ADA-mandated accessibility features. Maintenance checks are performed for wheelchair lifts on bus fleet. Lifts are routinely scheduled for maintenance at the manufacturer's recommended intervals.

When a vehicle is due for an inspection; it will be taken out of service until the inspection is completed. This allows a series of repairs to be carried out while minimizing costs and optimizing the number of operational vehicles. If a vehicle is "down" for an extended period of time due to unavoidable circumstances, preventative maintenance will be temporarily suspended until the vehicle can be returned to service. However, the annual inspection will be conducted on all vehicles regardless of "up/down" status and/or mileage accrued.

Preventive maintenance activities are continuously monitored by the Maintenance Fleet Director and assigned Maintenance personnel. The Maintenance Director will regularly perform Quality Control (QC)/Quality Assurance (QA) checks to ensure that the inspections and repairs, both in-house and contracted, are completed, and documented properly. Each vehicle will have a written record documenting preventive maintenance, regular maintenance, inspections, lubrication, and repairs performed. Such records will be maintained for at least four years and include, at a minimum, the following information:

- Identification of the bus, the make, model, and license number or other means of positive identification and ownership
- Date, mileage, description, and each type of inspection, maintenance, lubrication, or repair performed
- If not owned by Suntran, the name of any person furnishing a vehicle
- The name and address of any entity or contractor performing an inspection, maintenance, lubrication, or repair

For tracking purposes, a maintenance log will be kept containing vehicle ID, make and type of vehicle, year, model, special equipment, inspections, maintenance and lubrication intervals, and date or mileage when services are due.

5.73 Bus Safety Inspections

Bus Safety inspections are also part of the maintenance inspections and are performed at least once every year on all buses operated by Suntran and contracted service providers. The Maintenance Director is responsible for ensuring that each individual performing a bus safety inspection is qualified as follows:

- Understands the requirements set forth in Rule 14-90 and can identify defective components.

- Is knowledgeable of and has mastered the methods, procedures, tools, and equipment used when performing an inspection.

- Has at least one year of training and/or experience as a mechanic or inspector in a vehicle maintenance program and has sufficient general knowledge of buses owned and operated by the bus transit system to recognize deficiencies or mechanical defects.

Each bus receiving a safety inspection shall be checked for compliance with the requirements for safety devices and equipment as referenced or specified by Rule 14-90. Specific operable equipment and devices as required by Rule 14-90 include the following as applicable to Type I and II buses:

- Horn
- Windshield wipers
- Mirrors
- Wiring and batteries
- Service and parking brakes
- Warning devices
- Directional signals
- Hazard warning signals
- Lighting systems and signaling devices
- Handrails and stanchions
- Standee line and warning
- Doors and brake interlock devices
- Step-wells and flooring
- Emergency exits
- Tires and wheels
- Suspension system
- Steering system
- Exhaust system
- Seat belts
- Safety equipment
- Equipment for transporting wheelchairs
- Working speedometer

A safety inspection report will be prepared by the individual(s) performing the inspection and will include the following:

- Identification of the individual(s) performing the inspection

- Identification of the bus transit system operating the bus

- The date of the inspection

- Identification of the bus inspected

- Identification of the equipment and devices inspected including the identification of equipment and devices found deficient or defective

- Identification of corrective action(s) for any deficient or defective items found and date(s) of completion of corrective action(s)

Records of annual safety inspections and documentation of any required corrective actions will be retained for a minimum of four years for compliance review. Daily inspection reports will be kept for a minimum of two weeks.

5.74 Vehicle Equipment Program Documentation

Maintenance personnel maintain a variety of vehicle maintenance documentation including accurate time records on each vehicle, service dates, work order details (inspections, repairs, and overhauls), and all Preventative Maintenance Inspection (PMI) data, as well as documentation for facility/equipment inspections. Preventive, corrective, and scheduled maintenance is tracked through spreadsheets and/or database to perform failure analyses and determine remedial actions. Records of each vehicle are sufficiently detailed to quickly determine the life of sub-assemblies, and to enable trend analysis. The City of Ocala and SunTran management also review equipment trends for planning purposes.

The scope of the bus/non-revenue vehicle maintenance plan is to provide safe, clean, reliable transit service to SunTran customers through the adoption and implementation of sound maintenance practices as prescribed by law and based on SunTran's experience and expertise. The bus/non-revenue vehicle maintenance plan is implemented daily through the conduct of normal business operations. All bus/non-revenue vehicle maintenance checklists include recommended manufacture, supplier, or builder procedures, programs, and guidelines. The current systems provide notification to management if scheduled intervals are missed, and corrective action is taken.

5.8 Safety Data Acquisition and Analysis

The City of Ocala understands that implementing and maintaining a robust SMS requires acquiring safety-related data from various sources and analyzing and distributing that data to adequately control hazards, ensure continuous improvement, inform SunTran management and staff of safety-related system status, ensure the appropriation of sufficient resources to address system hazards, and identify appropriate mitigations for newly emerging or latent hazards as well as meet external reporting requirements. Trend analysis is performed on safety data as a means of identifying hazards, effective or ineffective mitigations, and contributing factors of adverse events.

5.81 Data Acquisition

Safety data is collected, documented and analyzed from numerous sources by all departments. Sources include but are not limited to:

- Accident/Incident Reports
- External agency Reports and Publications
- City Official Concerns
- Claims Reports
- Daily Operations Reports
- Maintenance Reports
- Employee Concerns
- Employee Occupational Injury Reports
- FTA Bulletins and Safety Advisories
- Homeland Security Alerts
- Internal Audit Reports
- FDOT/FTA Reviews
- Passenger Concerns

- Field Inspections, Assessments and Observations
- Safety Meetings
- Special Occurrence Reports
- Police Reports, concerns and investigations

Safety data collection also involves obtaining technical information, data and reports for use in systems development of program elements. Sources for such data include but are not limited to:

- Department of Homeland Security (DHS)
- Environmental Protection Agency (EPA)
- Federal Transit Administration (FTA)
- FDOT
- State & Federal Statutes
- Safety Data Sheets (SDS)
- National Transportation Institute (NTI)
- Occupational Safety and Health Administration (OSHA)

Other data and information sources include building codes and professional society guidelines, and information technology and cybersecurity standards organizations.

5.82 Safety Data Analysis

Used as part of the hazard management process, data collection and analysis are used to identify hazards before they cause accidents by such techniques as trend analysis. Analysis of safety data will help the City of Ocala improve system performance, not only in respect to safety, but also in overall delivery of service to the public. The results of such analysis will be shared with agency staff and law enforcement agencies on, at minimum, an annual basis for awareness and support.

SunTran's Operations and Fleet Maintenance departments under the direction of Key SMS Personnel collect and track their safety-related data to identify causal factors and undesirable trends, including those related to hazards. The investigation may include interviews, testing and analysis of related documentation. Identified hazards are tracked and findings requiring corrective action are submitted to the SMS Manager and the other SunTran department(s) for review, assessment, concurrence, and discussion of further appropriate mitigations. The City's Transit Manager/Chief Safety Officer reviews all safety data analysis, and verifies compliance with SMS and this PTASP, and provides expert advice to SunTran Management and the Transit Agency Safety Council (TASC).

5.83 Safety Data Access

To ensure that all departments can properly fulfill their respective responsibilities for collecting, analyzing, and distributing hazard-related data, SunTran's respective departments collect, analyze and report on requisite data as indicated in Table VII.

Table VII Data Access Table

Minimum Required Data	Provider
Accident records, near-miss records, employee injury forms, and related accident data	Operations
Operator training programs and records	Operations Training
Maintenance training programs and records	Maintenance Training
Accident/incident investigation reports, complaints and hazards	Operations/City and SunTran Administration

Minimum Required Data	Provider
Medical Services information	Operations, Human Resources
Right-of-Way Allocation records	Growth Management Infrastructure/Procurement/Operations
Safety records of individual division employees relative to accidents and rule violations	Operations
Records of inspections, maintenance work, accident-related activities and emergency responses	Maintenance
Modifications to equipment and facilities	Maintenance and City Growth Management Capital Program
System-wide policies and procedures, operating orders and general notices	Chief Safety Officer/ Growth Management/Infrastructure
Complete and current personnel files	Contractor General Manager/Human Resources
Contractor's safety-related programs and procedures	Contractor General Manager/City Growth Management Transit Manager
List of hazardous materials and equipment	Maintenance, Operations
Employee Concerns	All Departments & Functions

Please note this table represents major categories of data, and does not list all sources or data collected, analyzed, and reported upon by the City of Ocala for SunTran.

5.84 Internal Safety Audit Process

Internal safety reviews and inspections are critical components of an integrated system safety program. All departments are required to assess internally their own compliance with SMS through the authority and oversight of the Key SMS Personnel in each department. The SMS Executives for both the City and Contractor (City Transit Manager and Contractor General Manager) will provide both support to the programs in development of compliance documentation and assessment checklists, and direct oversight of the program by means of its own safety and security audit program under the direction of the City Growth Management Director/Accountable Executive.

The internal audit program will encompass all SMS requirements as laid out in this PTASP, and in the departmental documentation detailing how the SMS program is implemented within each department/functional area and will be conducted starting November 1 of each calendar year and ending prior to the end of the same calendar year utilizing the internal audit checklist included in the Appendix.

5.85 System Safety and Security Audit Objectives

The Internal Safety and Security Audit Process is a proactive approach to verify that the City of Ocala's SMS is robust, has been properly implemented, all foreseeable hazards have been identified and properly mitigated, and continuous improvement is achieved. Additionally, compliance with this PTASP is assessed through the audit process. Specifically, the Internal Safety and Security Audit Process is implemented to:

- To assess the effectiveness of safety and security programs
- To identify process deficiencies

- To identify hazards in the operational system and verify current mitigations are effective
- To identify weaknesses in system safety and system security programs
- To verify that corrective actions are being closed efficiently and to evaluate their effectiveness
- To recommend system safety and system security improvements
- To provide management with an assessment of the system safety and system security program
- To assure continuing evaluation of safety and security-related programs, issues, awareness, and reporting.

5.86 Corrective Actions

In accordance with FDOT requirements, SunTran is required to develop corrective action plans for various deficiencies and hazards identified through on-site safety and security review process, accident or hazard investigations, and internal safety or security reviews. Either THE FDOT or the City of Ocala may identify the need for corrective actions. If the FDOT identifies a need for corrective action, it will notify the City of Ocala in writing. All Corrective Actions will be appropriately reported to the FDOT per SunTran's procedures previously outlined in Section 4 - Safety Risk Management Process.

5.87 Compliance with Local, State and Federal Requirements

All SunTran employees are required to comply with all applicable federal, state and local statutory requirements. This includes licensing, motor vehicle and street operations statutes, and labor law.

5.88 Drug and Alcohol Program and Medical Monitoring

SunTran maintains a Zero Tolerance drug and alcohol program in compliance with U.S. Department of Transportation and Federal Transit Administration regulations and to ensure the safe operation and maintenance of systems and equipment. The program includes criteria for random testing of safety sensitive personnel and testing for cause either accident related or from observed behavior.
Drug and alcohol testing and information about drug and alcohol abuse is included in SunTran's Drug and Alcohol Policy. The program is administered by SunTran's Drug and Alcohol Substance Abuse Program Manager which includes verification of compliance with the program and training. Training is given to all employees during orientation training. Revisions to the program are distributed to all employees and if necessary, follow-up training is also provided. Compliance and knowledge of the program is accomplished through direct supervision of employees and annual refresher training.

SunTran's Medical Examination requirements include a pre-employment examination for applicants, an examination at least once every two (2) years for exiting drivers, and a return to duty examination for any driver prior to returning to duty after having been off duty for 30 days or more due to an illness, medical condition, or injury. Employees may be required to take physical examinations at other times if management deems it necessary. SunTran will not allow a driver to operate a transit vehicle without having on file a completed medical examination certificate dated within the past 24 months.

5.9 Accident and Incident Reporting, Investigation and Corrective Action Plans

This section outlines the actions to be taken by all employees for any safety event related to SunTran Transit vehicles, passengers, employees or property while either operating vehicles and/or performing other job -related tasks. An event is defined as any accident, incident or occurrence. Each is further defined as follows:

The definition of an **accident** is an event that involves any of the following: a loss of life; a report of a serious injury to a person; a collision of public transit vehicles; a runaway train; an evacuation for life safety reasons; or any derailment of a rail transit vehicle, at any location, at any time, whatever the cause. The definition of an **incident** is an event that involves any of the following: a personal injury that is not a serious injury, one or more injuries requiring medical transport; or damage to facilities, equipment, rolling stock, or infrastructure that disrupts the operations of a transit agency. The definition of an **occurrence** is an event without any personal injury in which any damage to facilities, equipment, rolling stock, or infrastructure does not disrupt the operations of the transit agency. The definition of a **near miss** is a safety event where conditions with potential to generate an accident, incident, or occurrence existed, but where an accident, incident, or occurrence did not occur because the conditions were contained by chance or by existing safety risk mitigations.

Any event involving a bus or taking place on property controlled by a transit system and resulting in a fatality, injury, or property damage will be investigated by Suntran. All events included but not limited to the following, will be investigated:

- A fatality, where an individual is confirmed dead within 30 days of a bus transit system related event, excluding suicides and deaths from illnesses.
- Injuries requiring immediate medical attention away from the scene for two or more individuals.
- Property damage to bus transit system buses, non-bus transit system vehicles, other bus system property or facilities, or any other property. SunTran will have the discretion to investigate events resulting in property damage less than $1,000.
- Evacuation of a bus due to a life safety event where there is imminent danger to passengers on the bus, excluding evacuations due to operational issues.
- Injuries involving medical attention away from the scene for two or more individuals.
- SunTran senior staff will review incident log to track and trend issues annually.

5.91 Procedures for Reporting Accident, Incident or Occurrence

Operators shall immediately report the accident to the dispatcher by radio. The dispatcher will contact the supervisor and the police. Operators should report any injury so that the dispatcher can send ambulance service if required. Supervisors will be sent to the scene depending on the severity of the event at the discretion of the Operations Manager.

The following are the procedures for reporting accidents, incidents or occurrences for the Contract Provider (RATP Dev) Operations and Maintenance department personnel:

5.92 Employee Responsibilities:

- All employees must immediately report any accident, incident or occurrence to the Department Manager/Supervisor or Dispatcher on duty regardless of injury or property damage
- Employees must complete all required reporting paperwork providing details and supporting documentation as necessary on the same day or next day if after hours

5.93 If the event involves a passenger vehicle:

- Remain calm and assess the situation
- Secure the vehicle (Set Brake, place in neutral & turn on 4-way hazards)
- Contact Dispatch via radio
- Provide dispatch with exact location, description of accident, number and type of injuries
- Secure the scene (Not to move the vehicle unless directed by emergency responders or Supervisors. Place triangles and assist passengers with first aid (if warranted)
- Request passengers to fill out courtesy comment cards and obtain other witness statements if available
- Obtain facts about the other vehicles involved and begin filling out accident or incident paperwork
- Give only information requested by Law Enforcement (DO NOT discuss the accident with anyone other than law Enforcement and Supervisor and DO NOT make any statements concerning liability).
- Under no circumstances should an operator leave the scene of an accident prior to the arrival of Law Enforcement unless directed to do so by a supervisor or other accident investigator.
- Supervisor on scene will be the primary accident investigator and will secure medical assistance and or triage the scene to mitigate further damage or injury.
- The primary accident investigator will take photos, collect witness/passenger courtesy comment cards, interview passengers and other witnesses if allowed, review video, and begin supervisor incident reporting paperwork. They will also be responsible for determining post-accident FTA drug and alcohol testing as applicable.
- The Employee Accident or Incident report should be completed and submitted to the department Manager the same day during working hours, or, next day if the accident or incident occurred during non-business hours.

5.94 Supervisor/Manager Responsibilities:

- Once report is submitted to the appropriate department Manager, all information regarding the accident or incident will then be reviewed, investigated, and forwarded to the Contractor General Manager for final review.
- The original report with all signatures and supporting documentation should be followed by mail or hand delivery within two (2) business days to the SMS Manager.
- The City Transit Manager will be notified of all accidents or incidents that involve loss of life, serious injury and or property damage or loss

5.95 Procedures for Reporting Near Miss

The City of Ocala's PTASP requires proactive reporting of safety hazards or safety concerns on the part of all employees to maintain a proactive position on risk. Each employee, regardless of his or her position within the organization, is expected to cooperate in all aspects of safety reporting. When an employee becomes aware of a hazard or near miss,

they shall submit a report at the end of the shift using one of the following two reporting forms: 1) SunTran's Hazard Incident Report Form or 2) SunTran Driver's View Form for any system deficiencies, road hazards, passenger concerns, etc. that require the attention of management for resolution.
A full investigation may not be required for all near misses. In this case, the Department Manager/Safety Liaison, will determine the level of investigation appropriate to effectively address the report and will forward the final completed investigation report and other documentation to the SMS Manager who will be responsible for documenting and recording on the hazard event tracking log.
When the contributing or causal factor is not readily determined the SMS Safety Liaison for the respective department will review and conduct the follow-up investigations using same procedures as outlined for other safety events.

5.96 Accident or Incident Investigation and Corrective Action

As with any investigation, time is of the essence, therefore SunTran's SMS Management team will promptly and thoroughly investigate all safety events that result in product, service, and employee safety risk. Every effort will be made to conclude investigations within 7 business days of the incident. Investigations are a methodical search into an event where information relating to factors that may have caused or contributed to the event are discovered.
The investigation process is comprised of the following three phases:

1) **Phase 1 - Initial Investigation and interview** – (In this phase, all relevant and pertinent information is obtained and documented accordingly)
2) **Phase 2 - Root Cause Determination** – (In this phase contributing or causal factors are identified, assessed)
3) **Phase 3 - Prevention/Corrective Action stage** – In this phase recommendations/strategies for corrective action to eliminate or reduce risk is implemented

Assigned personnel will gather all relevant documentation and forward their initial report findings along with supporting documentation to the Site SMS Manager for entry into the Hazard Safety Log. The following documents are required to be submitted in the event of an **accident or incident**:

- Accident or Incident Report from Employee and Supervisor Report
- Police report (if apply)
- FTA Post Accident Drug and Alcohol Testing Decision Form
- Any additional documentation (optional)

The following documents are required to be submitted in the event of **occurrence or near miss**:

- SunTran Driver View Form and/or SunTran Incident Report
- SMS Hazard Near Miss Employee Reporting Form
- Any additional documentation (optional)

The SMS Site Manager with assistance from the Department Safety Liaisons and Safety Officer will review and evaluate documentation provided to determine causal or contributing factors from findings that identify risk that require further course of actions. Based on the hazard analysis matrix included herein the appropriate mitigation will be implemented for acceptable and non-acceptable hazards.

As detailed in SunTran Risk Management Process an investigation report is prepared and submitted to the Safety Committee for review for all safety events to determine if:

- the safety event was preventable or non-preventable,
- requires discipline and/or retraining
- the causal factor(s) indicate(s) that a safety hazard contributed to or was present during the event; and
- the accident appears to involve underlying organizational causal factors beyond just individual employee behavior.

The SMS Site Manager will then forward findings to the appropriate departments to develop a corrective action plan (CAP) where appropriate. A formal corrective action process may not be necessary for every safety event. In all cases all pertinent information for each safety event will be tracked on the hazard log and followed through to completion. The CAP form will be assigned a number and placed on the hazard log with the corresponding hazard for tracking purposes.

The corrective action plan will contain:

a. Action to be taken
b. Proposed completion date
c. Individual or department responsible for implementation

The SMS Site Manager will follow up the accident or incident accordingly and inform Contractor General Manager and City Chief Safety Officer of the progress. The Site SMS Manager will also submit at minimum monthly updates as well as a copy of all reports identifying need for a formal corrective action plan. When corrective actions are completed, the Site SMS Manager will enter a close date on the Hazard Safety Log.

5.97 SMS Documentation and Recordkeeping for Safety Events

The City of Ocala maintains documented procedures for conducting safety investigations of events (accidents, incidents, and occurrences, or near miss as defined by FTA) to find causal and contributing factors and review the existing mitigations in place at the time of the event. These procedures also reflect all traffic safety reporting and investigation requirements established by the City and State. The Chief Safety Officer has assigned the SMS Site Manager to maintain all documentation of SunTran's investigation policies, processes, forms, checklists, activities, and results. Accident or incident documentation will be filed and maintained in electronic and paper copy in the SMS Site Manager/Operation's Manager's office.

SECTION 6: Safety Promotion

This section outlines SunTran's commitment to safety communication and competencies and training for all employees and contractors directly responsible for safety including refresher training.

6.01 Safety Communication

The City of Ocala fosters open and robust communication regarding safety between all levels of SunTran and understands that SMS is dependent upon ongoing management commitment to communication. In addition, the Chief Safety Officer supports all other departments in ensuring that safety messaging and awareness are communicated effectively within each department.

One of management's most important responsibilities under SMS is to encourage and motivate others to want to communicate openly, authentically and without concern for reprisal. Representative of the City's commitment is our employee safety reporting policy and program as described in Section 3 - Safety Management Policy of the PTASP. The Employee Safety Reporting Program sets forth the requirements for both the formal and informal reporting that supports our SMS. Employees are required and encouraged to report hazards, take responsibility for safety in their tasks and work areas, educate themselves on safety in addition to formal training, and attend safety briefings, trainings, activities and events.
Finally, all levels of the agency are required, through formal and informal communications, to ensure that safety information is disseminated throughout the agency. SunTran uses notices, posters and bulletins to ensure all employees are aware of the agency's and their own safety commitments and requirements.

6.02 Communication Method

SunTran communicates safety and safety performance information throughout that conveys information on hazards and safety risks relevant to employees' roles and responsibilities and informs employees of safety actions taken in response to reports submitted through an employee safety reporting program, among other information.
Methods of communicating safety information to SunTran employees include face-to-face meetings and interactions, posting and/or distribution of bulletins, department notices, and memoranda. Posted information can be found at a central location in each department easily accessible to employees. Other communication methods include posters, signs, brochures, training materials, rule books, and operating procedures.
SunTran's comprehensive employee safety program includes the following elements:

- Facility/location safety inspections and audits with written reports and follow-up responses to employees as appropriate;
- Periodic employee awareness training;
- Monthly safety committee meetings;
- Special request employee safety training programs;
- Safety posters and notices

6.03 Safety Competencies and Training

The City of Ocala has established a comprehensive safety training program for operations, maintenance, and personnel directly responsible for the safety of SunTran which includes the completion of a safety training program, continuing safety education and training, and **de-escalation training. 5329(d)(1)(H)**
Additional areas of focus for training include:

- **Safety and Security Training**: Training is consistent with the employee's responsibilities to includes safety and security overviews including continuing safety education and training, incident/accident investigation, report requirements, emergency preparedness, and hazard identification.

- **Operator Training**: The Safety Security & Training Department is responsible for operator training for the Fixed Route which includes BOS and BRT, Paratransit, and Trolley Operators, which includes standard bus operating procedures, defensive driving, common bus emergencies, passenger relations, workplace violence, active shooter response, de-escalation training, continuing safety education and training, and emergency communications.

- **Maintenance Training**: The Superintendent of Training and Technical Services is responsible for the training of maintenance personnel. Training for bus maintenance personnel consists of instruction in maintenance best practices/industry standards, maintenance policy/procedures, de-escalation training, continuing safety education and training, and hazardous materials control.

Training mechanisms include classroom, written and video communications, field exercises, and drills. There are formal training programs for operators and employees involved in maintenance activities. These include training classes, training manuals, lesson plans and field observation.
Testing is conducted as necessary to ensure training effectiveness and all safety training is documented. Tests are given to all new operators to ensure knowledge. Refresher and In-Service training of operators can occur as result of accident investigations, long-term absences, and observations. General refresher training for all operators is scheduled on annual cycle. The frequency and amount of training conducted by the various departments depends upon regulatory requirements and the level of hazard associated with the operation. The Chief Safety Officer will work together with SunTran's Operations and Maintenance Contract service provider to ensure that safety elements are included in the curricula and that safety information is disseminated to affected employees. More specifically, this effort includes:

- Identifying requirements for all RTA training as it impacts safety. This encompasses New Employee and Refresher training related to procedures and equipment including manufacturers training and retraining requirements identified as result of accident investigations.
- Reviewing all training programs for safety adequacy
- Assessing the effectiveness of training courses and on-the-job experience
- Providing specific training with specialized curricula to operators, mechanics, and emergency response personnel with the introduction of new vehicle technologies.

6.11 Policy 1 – Employees must actively participate in new employee training relevant to the specific job being performed.

- Training curriculum must be based on federal, state, local, company and contract requirements, incorporating national standards when applicable.
- Training curriculum must be comprehensive and sufficient in length to enable employees to safely and confidently operate in their work environment.
- Employees must be trained for all assigned tasks and equipment used on the job.
- Employees must complete all required hours of each training program.
- Employee performance must be evaluated and documented upon completion of each training program.
- Employees must complete a final written exam upon completion of applicable training programs.

- Training curriculum must be linked to the performance objectives for which employees will be evaluated while on the job.
- Supervisors and Managers will not authorize or instruct any employee to perform work for which employee has not been trained.

6.12 Policy 2 – Employees must actively participate in refresher training or in-service education programs when new requirement, duties, tasks, systems or processes are added or introduced as part of job requirements.

- New requirements include but are not limited to:
- Vehicles, equipment, machinery, tools
- Chemicals or materials
- Laws, regulations, standards, policies or procedures
- Transfer to a new job
- Leave of absence
- Special circumstances or conditions requiring additional training
- Supervisors must coordinate refresher training for employees based on current operating trends. Refresher training should be used for accident prevention and trend reversal.
- Supervisors must ensure that refresher training is provided annually for each employee based on state and contract requirements.
- Supervisors must inform employees when in-service training is required, and provide information regarding the date and time of training.
- Employees who refuse to comply with refresher or in-service training requirements will be subject to disciplinary action.

6.13 Policy 3 – Employees must attend and participate in mandatory, regularly scheduled safety meetings.

- Supervisors must inform employees of the date and time of safety meetings.
- Supervisors must arrange for make-up meetings in event that an employee is absent from a safety meeting.
- Supervisors must ensure that employees have access to and check bulletin boards, orders, and safety notices daily.

6.14 Policy 4 – New Operators must complete all required hours of New Operator Training, including both classroom and Behind-The-Wheel (BTW) hours.

- New Operator curriculum must be based on national training standards, incorporating all federal, state, local, company, and contract requirements.
- New Operators must be evaluated after completion of each Classroom and Behind-The-Wheel (BTW) training module.
- Hours are defined as actual driving hours behind the wheel, or “hands on the wheel time.”
- Make-up driving or classroom sessions must be provided for employees who are absent or short on hour requirements.

- ❖ Operators must complete a final written exam upon completion of New Operator Training.
- ❖ Training progress and verification of program completion must be documented and kept in the employee's file.
- ❖ Supervisors or Managers will not authorize or instruct any Operator to operate vehicles for which the Operator has not received proper training.
- ❖ Supervisors must ensure that training curriculum meets all required hours as mandated by specific client, state, local or contractual requirements.
- ❖ Supervisors must ensure that all Instructors have access to standardized training materials in order to teach key subject areas appropriately.
- ❖ Training curriculum must be reviewed and evaluated annually to ensure that training content is relevant, appropriate, and up to date.

6.15 Policy 5 – Operators must successfully pass on-board evaluations at the end of the training process and before being released to revenue service.

- ❖ Supervisors or other qualified personnel must board the bus and observe the Operator while operating the vehicle.
- ❖ Operator Evaluation forms must be completed and kept in the Operator's file.
- ❖ Supervisors or other qualified personnel must conduct an additional evaluation within 30 days after release into the field for all new Operators.

6.16 Policy 6 – Employees responsible for operating a vehicle must actively participate in post-accident training following a preventable accident.

- ❖ Post-accident training content will be based on the root cause of the accident.
- ❖ Operators must complete post-accident training prior to returning to driving duties.
- ❖ Operator performance must be documented and kept on file, showing that the Operator re-mastered the learning points/driving skills associated with the accident.

6.17 Policy 7 - System-wide SMS Training

All Key SMS personnel, including Departmental Key SMS personnel, the SMS Executive, and the Chief Safety Officer must receive their FTA certifications through TSI according to the requirements above within 3 years from the date of this Plan. The Accountable Executive will be certified through the FTA-mandated training for that position once FTA has implemented the requisite training program through TSI.

SunTran has also implemented an internal SMS training program to educate all employees on their roles in SMS and the requirements of the Safety Plan. This training is tailored to the employee's responsibilities and is broken down into three levels:

1) Executive Management Level, also including Departmental Key SMS Personnel
2) Technical Management Level (Supervisors, Superintendents, area Managers)
3) Front Line Employees

This training will be implemented over the next 2 years as the City of Ocala implements its SMS program system-wide; the program will then be ongoing through SunTran's New Employee Training program. All employees will receive training in the PTASP and their SMS responsibilities before they begin work at SunTran.

6.18 Policy 8 – Safety Related Training

To ensure that all operations and maintenance personnel performing safety-related work are appropriately trained, qualified, and certified on an ongoing basis as needed, SunTran has established the following categorized safety-related training programs.

Safety-related work at SunTran is defined as vehicle operation; maintenance of vehicles, equipment, infrastructure, and facilities; operations and maintenance direct supervision; and operations dispatch.

Table I Safety-Related Work Training Categories

Training	Operator	Supervisor	Maintenance
Bus Operator Training	✓		
Bus Equipment Maintenance Training			✓
Service Supervisor Training		✓	
Maintenance Inspection Training			✓
Post-Accident Retraining	✓		
Operator Extended Absence Training	✓		
Communications/Dispatch Training		✓	
Standard Operating Procedures (SOP) Training	✓	✓	✓

LIMITED SHARING

SECTION 7: State of Florida Rule 14-90 Requirements

6.18.0 Security Program Plan

In accordance with Rule 14-90, The City of Ocala (SunTran) Transit Division has adopted, and implemented a Security Program Plan (SSP), which covers the security portion of the system safety program. The SSP contains information about prevention, mitigation, preparedness, response, recovery, and associated organizational responsibilities.

Per Rule 14-90, the SPP has been adopted separately from the SMS. Bus transit systems are prohibited by Section 119.071(3) (2), Florida Statutes, from publicly disclosing the SPP, as applicable under any circumstance. The document is maintained in a secured location by management and given only to the applicable personnel within the agencies and departments responsible for activities in the plan. On site access to the SPP is granted to regulatory authorities (FDOT, FTA, etc.) on an as needed basis. Select portions of the SPP may be shared with employees depending on their job responsibilities.

6.18.1 Hazard and Security Plan Training

SunTran offers all drivers training on Safety and Security – the training program is as follows: Transit Safety Institute (TSI) computer-based training offers a classroom setting and discussion to ensure material is adequately covered.

- Inspecting for Security
- Identifying threat
- Threats and Management Steps

National Safety Institute and FTA Federal Transit Administration. Directs and offers presentations in a classroom discussion in following areas.

- System Security Awareness (Warning Signs) 20 min Video
- Vehicle Pre-Trip Inspection and Post Trip Inspection - Drivers are instructed in classroom and instructed when performing an actual inspection. All Drivers perform a pre-trip inspection before taking any vehicle on the road. This is part of the training for a new driver as well as continued training for all SunTran Drivers. This education is part theory and part practical training.
- Drivers receive instruction for hazardous materials on the bus. The information is reviewed at the start of new hire bus orientation, during quarterly refresher training, including Emergency Management training that details what is hazardous that should not be transported.
- Observation by Employees includes suspicious activity. Drivers receive instruction from (TSI) Transportation Safety Institute training program with discussion and videos giving drivers a look at how to handle situations, and how to identify threats on their daily route.
- Driver Management Security Situations – The Customer Service training has detailed instruction that includes how an operator should respond to passenger situations.

    a. Review the rules with the passengers
    b. Complaints and defusing arguments – reviewed in driver training
    c. Calling into dispatch for back-up
    d. Maintaining control of the vehicle and reporting all incidents.

All Drivers must report any Incident or Hazard concern to the Dispatcher and or Supervisor. All drivers will receive instruction on how to report or write up any safety event or incident that takes place on or during the daily route.

6.18.2 State of Florida Minimum Operational, Safety and Maintenance Requirements

To establish a plan for selecting and training operators. The Contractor Operations Manager is responsible for overall compliance with all operating and driving requirements including the recruiting, training, and supervision of employees including drivers pursuant to Rule 14-90.

6.18.3 Qualification and Background Checks

The Contractor Operations Manager is responsible for ensuring that the following minimum standards are met when hiring new drivers:

1. Completed Employment Application
2. Must possess Valid Class B or C Florida driving license with "P" endorsement.
3. Successful completion of the DOT pre-employment drug test.
4. Conduct Criminal background check and driving records check including, but not limited to, the following items.

- Valid Driver's License check
- Social Security Number validations
- Criminal history background check
- Employment reference checks
- Employment physical including, eye examination, Federal Transportation Administration (FTA) alcohol and drug-screening test

5. Signed acknowledgement of receipt and agreement to comply with drug-free workplace policy
6. Successful completion of required orientation, training and testing to demonstrate and ensure adequate skills and capabilities to safely operate each type of bus before driving on a street or highway.
7. Signed acknowledgement of receipt of operational policies and procedures manual(s)

The Contractor Operations Manager shall ensure that all driver license records are reviewed and copies of the review results indicating the licenses are valid are placed in personnel files and maintained for five (5) years. A Driver License Verification List will be used to track the expiration dates of all licenses to ensure validity. Per the Employee handbook, all drivers are required to report to the supervisor immediately of receiving a ticket or having an accident while in their personal vehicle. Employees must notify management within two (2) weeks if there are any other changes in the status of driver licenses. The General Manager will perform criminal background and Motor Vehicle Record checks annually.

6.18.4 Medical Exams (Pre-employment and During employment)

The Contractor General Manager must administer an acceptable medical examination program for CDL driver positions and other applicable personnel. This includes the following:

- Employees may be required to take physical examinations at other times if management deems it necessary. Physical examinations will be scheduled for the employee by the administrative staff. Continued employment is contingent upon taking and satisfactorily passing physical examinations.

- All examinations will be recorded on Form 725-030-11 for transit system

drivers. The medical examinations will be performed by an approved licensed, Doctor of Medicine or Osteopathy, Physician Assistant, registered Nurse practitioner, or ophthalmologist/optometrist (visual section only). The health professional performing the examination will maintain the original executed form and issue a certification copy to the Transit Operator that will be placed in the employee's file. The Contractor Operations Managers will not allow any driver to operate a transit vehicle without having a completed medical examination certification dated within the past twenty-four (24) months. All employee records are retained for a minimum of four years past employment.

- All information will be in a DOT Drivers Physical Exams Log. The log will provide employee name, next due date, years approved. A file of original DOT paperwork will be kept for reference. The operator will receive a copy to comply with driving standards.

6.18.5 Training, Testing, and Supervision

The safe operation of vehicles and the safe transportation of passengers is one of SunTran's highest priorities. Our passengers depend on the knowledge, judgment, and skills of the drivers for their safety and welfare. The training program prepares drivers for these responsibilities but must also go beyond the initial new hire training.

The Operations Manager will develop and maintain a Training Manual for new hire training and testing of employees as part of the Safety Training Program. The training manual shall include but not be limited to the following topics:

1. Communication and handling of unsafe conditions, security threats, and emergencies.
2. Familiarization and operation of safety and emergency equipment, wheelchair lift/ramp equipment, and restraining devices.
3. Application and compliance with all applicable federal and state laws, rules and regulations.
4. Communications- Cellular and electronic devices policy.
5. Drug free workplace Policy.
6. Daily vehicle inspection form completion pursuant to Rule 14-90.006, F.A.C.
7. Training and testing to demonstrate and ensure adequate skills and capabilities to safely operate each type of bus. A vehicle checklist filled out and signed by the operators and driver trainees will be maintained documenting completion of training and testing.
8. Bus transit systems shall provide written operational and safety procedures to all bus drivers before driving on streets or highways unsupervised.
9. A Driver Final Road Evaluation will be conducted by the General Manager before releasing a driver out on their own
10. In addition, all drivers will complete a defensive driver course and a distracted driving course. This includes a Driver evaluation every three (3) years that will review vehicle inspection, Wheelchair loading and Securement, following a Behind the Wheel road test.

The assigned Driver Trainer is responsible for training all New Hire's and Continuing Education. All driver training adheres to (Rule 14-90.004). Records detailing administered training for each employee shall be maintained for five (5) years. At a minimum training will include:

TRAINING TOPICS	
Transit system safety and operational policies/procedures (TAPTCO / TSI)	Vehicle & Equipment Inspections
Basic operations and maneuvering	Equipment Familiarization
Boarding and alighting passengers	Operation of wheelchair lifts & ramps
Handling of emergencies & security threats	Radio Procedures
Defensive driving (must be taken every three years)	Use of electronic devices/wireless communications
Passenger assistance and securement	Driving conditions
Security & threat awareness	SMS Principles & Employee Safety Hazard Reporting
Applicable Local, State, & Federal laws, rules, & regulations	Substance abuse policy

6.18.6 Refresher Training/Continuing Education

SunTran will provide ongoing opportunities for drivers to practice their skills. Annual refresher quarterly training and continuing education will be provided and designed to keep the drivers up to date on safety issues/trends and to build confidence to better perform job duties in a safe accident-free manner. The types of instruction will include:

Classroom instruction – eLearning.
Behind the Wheel Evaluations.
Safety Instructional Videos.
Safety alerts and continuing education on current changes or topics that may affect Transit drivers.

6.18.7 Substance Abuse (Drug & Alcohol) Testing

SunTran is committed to providing safe, dependable, and economical transportation service to its passengers. It is the agency's goal to provide a safe, healthy and satisfying working environment, free of the potential dangers posed by a safety-sensitive employee's use of prohibited drugs or misuse of alcohol. In meeting these goals, it is our policy to:

- Assure that employees are not impaired in their ability to perform assigned duties in a safe productive and healthy manner.
- Create a work place environment free from the adverse effects of drug and alcohol abuse or misuse.
- Prohibit the unlawful manufacture, distribution, dispensing, possession, or use of controlled substances.
- Encourage employees to seek professional assistance when substance abuse adversely affects their ability to perform their assigned duties.

This complies with the Federal Transit Administration regulations codified as 49 CFR Part 655, as amended and USDOT regulations codified as 49 CFR Part 40. All other provisions are implemented under the authority of the United States Department of Transportation (USDOT) and the Federal Transit Administration (FTA).

The General Manager and Operations Manager are responsible for the administration and oversight of the program. This includes all testing and reporting to FTA. Along with the Drug and Alcohol Management Information System (DAMIS) reporting on a yearly basis.

6.18.8 Employee Training

Safety-sensitive employees will receive at least 60 minutes of training on the effects and consequences of prohibited drug use on personal health, safety, and the work environment, and on the signs and symptoms that may indicate prohibited drug use. Including, 60 minutes on the physical, behavioral and performance indicators of probable alcohol use.
Supervisors who make reasonable suspicion determinations shall receive at least 60 minutes of training on the physical, behavioral and performance indicators of probable drug use and 60 minutes on the physical, behavioral and performance indicators of probable alcohol use.
All employees receive a copy of the Substance Abuse Management Policy. This includes ongoing annual training requirements for safety sensitive employees.

6.18.9 Preventive Maintenance

A preventative maintenance schedule is implemented to inspect for safety hazards and to maintain vehicles in a manner conforming to safety regulations. SunTran will perform scheduled preventive maintenance on all vehicles at A-6,000 miles, B-12,000 miles, C-24,000 miles, D-48,000 miles, and E-72,000 miles.), every 6,000-mile interval following the sequence “A”, “B”, “A”, “C”, according to the agency’s maintenance plan. As preventative maintenance inspections are scheduled by projected mileage, the agency will allow ±500 mile deviations in mileage interval, so long as the actual mileage interval meets the manufacturer’s recommended maintenance schedule. Inspection “A” will be performed every 6,000 miles, inspection “B” will be performed every 12,000 miles, and inspection “C” will be performed every 24,000 miles on each vehicle. D is performed at 48,000 miles and E at 72,000 miles. Safety inspections are part of the maintenance inspections and will be performed at least once every year with inspection type “C” on each vehicle. When a vehicle is due for an inspection, it will be taken out of service until the inspection is completed. This allows a series of repairs to be carried out while minimizing costs and optimizing the number of operational vehicles. If a vehicle is “down” for an extended period due to unavoidable circumstances, preventative maintenance will temporarily be suspended until the vehicle can be returned to service. However, the annual inspection will be conducted on all vehicles regardless of “up/down” status and/or mileage accrued.

SunTran’s Fleet Maintenance Manager will regularly perform Quality Control (QC)/Quality Assurance (QA) checks to ensure that the inspections and repairs, both in-house and contracted, are completed and documented properly. Each vehicle will have a written record documenting preventive maintenance, regular maintenance, inspections, lubrication and repairs performed. Such records will be maintained for at least four years and include, at a minimum, the following information:

- Identification of the bus, the make, model, and license number or other means of positive identification and ownership.
- Date, mileage, description, and each type of inspection, maintenance, lubrication, or repair performed.
- The name and address of any entity or contractor performing an inspection, maintenance, lubrication, or repair.

For tracking purposes, a maintenance log will be kept containing vehicle ID, make and type of vehicle, year, model, special equipment, inspections, maintenance and lubrication intervals, and date or mileage when services are due. When needed a report can be printed for auditing purposes.

6.19 Bus Safety Inspections

Safety inspections are part of the maintenance inspections and are performed at least once every year on all buses operated by SunTran and contracted service providers. The

Contractor Fleet Maintenance Manager is responsible for ensuring that each individual performing a bus safety inspection is qualified as follows:

- ❖ Understands the requirements set forth in Rule 14-90 and can identify defective components.
- ❖ Is knowledgeable of and has mastered the methods, procedures, tools, and equipment used when performing an inspection.
- ❖ Has at least one year of training and/or experience as a mechanic or inspector in a vehicle maintenance program and has sufficient general knowledge of buses owned and operated by the bus transit system to recognize deficiencies or mechanical defects.

Each bus receiving a safety inspection shall be checked for compliance with the requirements for safety devices and equipment as referenced or specified by Rule 14-90. Specific operable equipment and devices as required by Rule 14-90 include the following as applicable to Type I and II buses:

1) Horn
2) Windshield wipers
3) Mirrors
4) Wiring and batteries
5) Service and parking brakes
6) Warning devices
7) Directional signals
8) Hazard warning signals
9) Lighting systems and signaling devices
10) Handrails and stanchions
11) Standee line and warning
12) Doors and brake interlock devices
13) Step-wells and flooring
14) Emergency exits
15) Tires and wheels
16) Suspension system
17) Steering system
18) Exhaust system
19) Seat belts
20) Safety equipment
21) Equipment for transporting wheelchairs
22) Working speedometer

A safety inspection report will be prepared by the individual(s) performing the inspection and will include the following:

- ❖ Identification of the individual(s) performing the inspection.
- ❖ Identification of the bus transit system operating the bus.
- ❖ The date of the inspection.
- ❖ Identification of the bus inspected.
- ❖ Identification of the equipment and devices inspected including the identification of equipment and devices found deficient or defective.
- ❖ Identification of corrective action(s) for any deficient or defective items found and date(s) of completion of corrective action(s).

Records of annual safety inspections and documentation of any required corrective actions will be retained for a minimum of four years for compliance review.

6.19.1 Transit Vehicle Failures

SunTran follows these guidelines for mechanical failures. If a Bus breaks down offsite away from the Transit Center, or we receive a phone call from the driver or by two-way radio, the process is as follows:

- Missing belt or a Brake Issue, the vehicle will be towed into Fleet.
- Electrical issues, Fleet may send road repair, or the vehicle will be towed.
- Vehicle Checklists sheets, Service Due remove from service send to Fleet maintenance same day or next day.
- Lift problem, remove from service send to Fleet maintenance for repair that same day.
- Brake issue; remove from service send to Fleet maintenance for repair that same day.
- Steering issue; remove from service send to Fleet maintenance for repair that same day. All vehicles for repair are placed into a serve area. Once repaired by Fleet maintenance, all completed vehicles are placed in line for use.

The Managers, Supervisors, and Dispatchers follow this process for the safe performance of all transit vehicles and equipment.

6.2 Vehicle and Equipment Standards Procurement Criteria

SunTran will procure vehicles utilizing the Transit Research-Inspection-Procurement Services (TRIPS) program, formerly known as the Florida Vehicle Procurement Program (FVPP), and the Florida Consortium and other State Programs strictly adhering to the vehicle equipment standards and procurement criteria specified in 14-90.007.

- All buses procured and operated must meet the following minimum standards, as applicable:

    a. The capability and strength to carry the maximum allowed load and not exceed the manufacturer's gross vehicle weight rating (GVWR), gross axle weighting, or tire rating.

    b. Structural integrity that mitigates or minimizes the adverse effects of collisions.

    c. Federal Motor Vehicle Safety Standards (FMVSS), 49 C.F.R. Part 571, Sections 102, 103, 104, 105, 108, 207, 209, 210, 217, 302, 403, and 404, October 1, 2008, hereby incorporated by reference.

- Proof of strength and structural integrity tests on new buses procured will be submitted by manufacturers or bus transit systems to the Department.

In addition, every bus operated by the agency will be equipped as follows:

- Mirrors. There shall be two exterior rear vision mirrors, one at each side. The mirrors shall be firmly attached to the outside of the bus and so located as to reflect to the driver a view of the highway to the rear along both sides of the vehicle. Each exterior rear vision mirror, on Type I buses shall have a minimum reflective surface of 50 square inches. Neither the mirror nor the mounting shall protrude farther than the widest part of the vehicle body except to the extent necessary to produce a field of view meeting or exceeding the requirements of

this section. All Type I buses shall, in addition to the above requirements, be equipped with an inside rear vision mirror capable of giving the driver a clear view of seated and standing passengers. Buses having a passenger exit door that is located inconveniently for the driver's visual control shall be equipped with additional interior mirrors to enable the driver to view the passenger exit door. In lieu of interior mirrors, trailer buses and articulated buses may be equipped with closed circuit video systems or adult monitors in voice control with the driver.

- Wiring and Batteries. Electrical wiring shall be maintained so as not to come in contact with moving parts, heated surfaces, or be subject to chafing or abrasion which may cause insulation to become worn. Every Type I bus manufactured on or after February 7, 1988, shall be equipped with a storage battery electrical power main disconnect switch. The disconnect switch shall be practicably located in an accessible location adjacent to or near to the battery and be legibly and permanently marked for identification. Every storage battery on a public-

- sector bus shall be mounted with proper retainment devices in a compartment which provides adequate ventilation and drainage.

- Brake Interlock Systems. All Type I buses having a rear exit door shall be equipped with a rear exit door/brake interlock that automatically applies the brake upon driver activation of the rear exit door to the open position. Brake interlock application shall remain activated until deactivated by the driver and the rear exit door returns to the closed position. The rear exit door brake interlock on such buses shall be equipped with an identified override switch enabling emergency release of the brake interlock function. The override switch shall not be located within reach of the seated driver. Air pressure application to the brake during brake interlock operation, on buses equipped with rear exit door/brake interlock, shall be regulated at the equipment's original manufacturer's specifications.

- Standee Line and Warning. Every bus designed and constructed to allow standees shall be plainly marked with a line of contrasting color at least two inches wide, or be equipped with some other means to indicate that all passengers are prohibited from occupying a space forward of a perpendicular plane drawn through the rear of the driver's seat and perpendicular to the longitudinal axis of the bus. A sign shall be posted at or near the front of the bus stating that it is a violation for a bus to be operated with passengers occupying an area forward of the line.

  Handrails and Stanchions. Every bus designed and constructed to allow standees shall be equipped with overhead handrails for standee passengers. Overhead handrails shall be continuous, except for a gap at the rear exit door, and terminate into vertical stanchions or turn up into a ceiling fastener. Every Type I and Type II bus designed for carrying more than 16 passengers shall be equipped with handrails, stanchions, or bars at least 10 inches long and installed to permit safe on-board circulation, seating and standing assistance, and boarding and alighting by elderly and handicapped persons. Type I buses shall be equipped with a safety bar and panel directly behind each entry and exit stepwell.

- Flooring, Steps, and Thresholds. Flooring, steps, and thresholds on all buses shall have slip resistant surfaces without protruding or sharp edges, lips, or overhangs, in order to prevent tripping hazards. All step edges and thresholds shall have a band of color(s) running the full width of the step or edge which contrasts with the step tread and riser, either light-on-dark or dark-on-light.
- Doors. Power activated doors on all buses shall be equipped with a manual device designed to release door closing pressure.

- Emergency Exits. All buses shall have an emergency exit door, or in lieu thereof, shall be provided with emergency escape push-out windows. Each emergency escape window shall be in the form of a parallelogram with dimensions not less than 18" by 24", and each shall contain an area of not less than 432 square inches. There shall be a sufficient number of push-out or kick-out windows in each vehicle to provide a total escape area equivalent to 67 square inches per seat, including the driver's seat. No less than 40% of the total escape area shall be on one side of the vehicle. Emergency escape kick-out or push-out windows and emergency exit doors shall be conspicuously marked with a sign or light and shall always be kept in good working order so that they may be readily opened in an emergency. All such windows and doors shall not be obstructed either inside or outside so as to hinder escape. Buses equipped with an auxiliary door for emergency exit shall be equipped with an audible alarm and light indicating to the driver when a door is ajar or opened while the engine is running. Supplemental security locks operable by a key are prohibited on emergency exit doors unless these security locks are equipped and connected with an ignition interlock system or an audio-visual alarm located in the driver's compartment. Any supplemental security lock system used on emergency exits shall be kept unlocked whenever a bus is in operation.

  - Tires and Wheels. Tires shall be properly inflated in accordance with manufacturer's recommendations.

    i. No bus shall be operated with a tread groove pattern depth:

       1. Less than 4/32 (1/8) of an inch, measured at any point on a major tread groove for tires on the steering axle of all buses. The measurements shall not be made where tie bars, humps, or fillets are located.
       2. Less than 2/32 (1/16) of an inch, measured at any point on a major tread groove for all other tires of all buses. The measurements shall not be made where tie bars, humps, or fillets are located.

    ii. No bus shall be operated with recapped, regrooved, or retreaded tires on the steering axle.

    iii. Wheels shall be visibly free from cracks and distortions and shall not have missing, cracked, or broken mounting lugs.

- Suspension. The suspension system of all buses, including springs, air bags, and all other suspension parts, shall be free from cracks, leaks, or any other defect which may cause its impairment or failure to function properly.

- Steering and Front Axle. The steering system of all buses shall have no indication of leaks which would or may cause its impairment to function properly, and shall be free from cracks and excessive wear of components that may cause excessive free play or loose motion in the steering system or above normal effort in steering control.

- Seat Belts. Every ~~bus~~ shall be equipped with an adjustable driver's restraining belt in compliance with the requirements of FMVSS 209, "Seat Belt Assemblies" 49 571.209 October 1, 2008, and FMVSS 210, "Seat Belt Assembly Anchorages" 49 C. F. R. 571.210 October 1,2008, hereby incorporated by reference.

- Safety Equipment. Every bus shall be equipped with one fully charged dry chemical or carbon dioxide fire extinguisher, having at least a 1A:BC rating and bearing the label of Underwriter's Laboratory, Inc. The fire extinguishers shall be maintained as follows:

    i. Each fire extinguisher shall be securely mounted on the bus in a conspicuous place or a clearly marked compartment and be readily accessible.

    ii. Each fire extinguisher shall be maintained in efficient operating condition and equipped with some means of determining if it is fully charged.

    iii. Every Type I bus shall be equipped with portable red reflector warning devices in compliance with Section 316.300, Florida Statutes.

- Persons with Disabilities. Buses used for the purpose of transporting individuals with disabilities shall meet the requirements set forth in 49 C.F.R. Part 38, October 1, 2008, hereby incorporated by reference, as well as the following:

    i. Installation of a wheelchair lift or ramp shall not cause the manufacturer's GVWR, gross axle weight rating, or tire rating to be exceeded.

    ii. Except in locations within 3 1/2 inches of the bus floor, all readily accessible exposed edges or other hazardous protrusions of parts of wheelchair lift assemblies or ramps that are located in the passenger compartment shall be padded with energy absorbing material to mitigate injury in normal use and in case of a collision. This requirement shall also apply to parts of the bus associated with the operation of the lift or ramp.

    iii. The controls for operating the lift shall be at a location where the bus driver or lift attendant has a full view, unobstructed by passengers, of the lift platform, its entrance and exit, and the wheelchair passenger, either directly or with partial assistance of mirrors. Lifts located entirely to the rear of the driver's seat shall not be operable from the driver's seat, but shall have an override control at the driver's position that can be activated to prevent the lift from being operated by the other controls (except for emergency manual operation upon power failure).

    iv. The installation of the wheelchair lift or ramp and its controls and the method of attachment in the bus body or chassis shall not diminish the structural integrity of the bus nor cause a hazardous imbalance of the bus. No part of

the assembly, when installed and stowed, shall extend laterally beyond the normal side contour of the bus or vertically beyond the lowest part of the rim of the wheel closest to the lift.

v. Each wheelchair lift or ramp assembly shall be legibly and permanently marked by the manufacturer or installer with the following information:

1. The manufacturer's name and address.
2. The month and year of manufacture.
3. A certificate that the wheelchair lift or ramp securement devices, and their installation, conform to State of Florida requirements applicable to accessible buses.

- Wheelchairs. Wheelchair lifts, ramps, securement devices, and restraints shall be inspected and maintained as required by this rule chapter. Instructions for normal and emergency operation of the lift or ramp shall be carried or displayed in every bus.

6.21 Hazard and Security Plan (HSP)

In accordance with Rule 14-90.004(2), SunTran has adopted, and implemented a Hazard and Security Plan (HSP), often referred to as the Security Program Plan (SPP), which covers the hazard and security portion of the system safety program. The HSP contains information about prevention, mitigation, preparedness, response, recovery, and associated organizational responsibilities. The purpose of the HSP/SPP is to specify:

- Actions required of employees on a daily, weekly, monthly, and annual basis to prevent or reduce the likelihood of security and emergency events from occurring, and to mitigate the effects of those events that do occur.
- Measures needed to prepare for incidents occurring within the transportation system and in the surrounding community.
- Agency procedures that should be established to respond to security hazards and emergencies that affect the system and its customers.
- Formal processes to recover from routine security events or major emergencies.
- Roles, responsibilities, and interagency coordination required to respond to a disaster or security event.

6.3 Records Management

14-90 requires that system safety documents be maintained and retained by the agency for at least four years. Records of daily bus inspections and any corrective action documentation must be retained by the agency for a minimum of two weeks.

The General Manager for SunTran is responsible for implementing a records management program that includes maintenance, retention, distribution, and safe disposal of all safety and security records of the agency in compliance with state and federal regulations.

All safety and security documents of the agency Hazard Safety Plan will be periodically revised, as needed, to ensure that they are up to date. Revisions and updates will be communicated with employees, contractors, and regulatory agencies as they occur or as deemed necessary by the management depending on the nature of the revision or update. The HSP is considered a confidential document and will be retained in a secure location by management.

SunTran will maintain and retain the following records for at least four years:

- ❖ Records of bus driver background checks and qualifications (Contractor General Manager)
- ❖ Detailed descriptions of training administered and completed by each bus driver (Contractor Operations Manager).
- ❖ A record of each bus driver's duty status, which will include total days, worked, on-duty hours, driving hours, and time of reporting on and off duty each day (Payroll).
- ❖ Event investigation reports, corrective action plans, and related supporting documentation (City of Ocala Transit Manager or assigned Contractor designee).
- ❖ Records of preventive maintenance, regular maintenance, inspections, lubrication, and repairs performed for each bus (Fleet Maintenance Manager).
- ❖ Records of annual safety inspections and documentation of any required corrective actions (City of Ocala Transit Manager).
- ❖ Completed and signed CDL Medical cards for each bus driver (Contractor Operations Manager).

In addition, SunTran will retain records of daily bus inspections and any corrective action documentation for a minimum of two weeks.
An organized electronic filing system will be maintained by the agency and adequately backed up to prevent potential loss of information. All sensitive personnel records will be protected from public access. When ready for disposal, both paper and electronic data will be disposed of in a secure manner ensuring that critical information is protected.

6.31 Safety Data

Understanding safety data is an important step towards allocating important and scarce resources to implement safety program elements. Safety data relative to transit provider operations can be used to determine safety trends in system operation. The following data will be collected and retained by SunTran on an ongoing basis:

- ❖ Accident and incident data.
- ❖ Maintenance data including daily vehicle inspection forms.
- ❖ Passenger claims and complaints.
- ❖ Records of crimes and rule violations occurring in and around the transit agency.

The data will be analyzed by SunTran management both qualitatively and quantitatively for safety hazard identification, resolution and risk management purposes. The analysis will be conducted and will account for frequency, severity, causal factors, and acceptability of occurrences. The analysis results will be useful for identifying necessary actions to minimize safety risks. Analysis of safety data will also help improve system performance, not only in respect to safety, but also in overall delivery of service to the public. In addition, trend analyses of safety data can help determine the effectiveness of safety initiatives that have been implemented. The results of such analysis will be shared with agency staff and/or law enforcement agencies on, at minimum, an annual basis for awareness and support.

6.32 Operating and Driving Requirements

14-90.006 requires that bus transit systems establish operational and driving requirements. The 14-90 requirements relating to this section are noted below and presented as general text.

The Contractor Operations Manager is responsible for overall compliance with all operating

and driving requirements.

It is the responsibility of every SunTran employee who performs driving and/or operational duties to strictly adhere to the following requirements:

a. Under no circumstances is a driver allowed to operate a vehicle without having the appropriate and valid driver's license in his or her possession.

b. Commercial operators are not permitted to drive a bus when his or her driver license has been suspended, cancelled, or revoked. A driver who receives a notice that his or her license to operate a motor vehicle has been suspended, cancelled, or revoked is required to notify his or her supervisor of the contents of the notice immediately, if possible, otherwise no later than the end of the business day following the day he or she received the notice. Violation of this policy may result in disciplinary actions including suspension or termination of employment.

c. SunTran management will annually check Motor Vehicle Records (MVR) for all commercial operators for investigating information on license suspensions, revocations, accidents, traffic violations, unpaid summons, etc. SunTran's Operations Management will also check driver license status of each driver utilizing the FDOT website - https://www6.hsmv.state.fl.us/DLCheck/main.jsp.

d. Buses must be operated at all times in compliance with applicable traffic regulations, ordinances, and laws of the jurisdiction in which they are being operated.

e. Rule 14-90 defines "On Duty" and "Off Duty" status of commercial operators as follows:

1. "On Duty" means the status of the driver from the time he or she begins work, or is required to be in readiness to work, until the time the driver is relieved from work and all responsibility for performing work. "On Duty" includes all time spent by the driver as follows:

    a. Waiting to be dispatched at bus transit system terminals, facilities, or other private or public property, unless the driver has been completely relieved from duty by the bus transit system.

    b. Inspecting, servicing, or conditioning any vehicle.

    c. Driving

    d. Remaining in readiness to operate a vehicle. (stand-by)

    e. Repairing, obtaining assistance, or remaining in attendance in or about a disabled vehicle.

2. "Off-Duty" means any time the driver is not on duty, required to be in readiness to work, or under any responsibility to perform work. Such time shall not be counted towards the maximum allowed on-duty hours within a 24-hour period.

f. Commercial operators are not permitted to drive more than 12 hours in a 24-hour period, or drive after having been on duty for 16 hours in a 24-hour period. A driver is not permitted to drive until the requirement of a minimum eight consecutive hours of off-duty time has been fulfilled. A driver's work period begins from the time he or she first reports for duty to his or her employer. A driver is permitted to exceed his or her regulated hours in order to reach a regularly established relief or dispatch point, provided the additional driving time does not exceed one hour.

g. Commercial operators are not permitted to be on duty more than 72 hours in any period of seven consecutive days; however, any 24 consecutive hours of off duty time shall constitute the end of any such period of seven consecutive days. A driver who has reached the maximum 72 hours of on duty time during the seven consecutive days is required to have a minimum of 24 consecutive hours of off duty time prior to returning to on duty status.

h. A driver is permitted to drive for more than the regulated hours for the safety and protection of the public when conditions such as adverse weather, disaster, security threat, a road or traffic condition, medical emergency, or an accident occur.

i. Commercial operators are not permitted to drive a bus when his or her ability is impaired, or likely to be impaired, by fatigue, illness, or other causes, likely to create an unsafe condition.

j. Commercial operators will not report for duty or operate any vehicle while under the influence of alcohol or any other substance, legal or illegal, that may impair driving ability. All employees are required to comply with agency's Substance Abuse Policy.

k. Commercial operators are required to conduct daily vehicle inspections and reporting of all defects and deficiencies likely to affect safe operation or cause mechanical malfunctions.

l. Commercial operators are required to immediately report any defect or deficiency that may affect safe operations or cause mechanical malfunctions. Any defect or deficiency found shall be properly documented on a Vehicle Inspection form and should be submitted to the Operations Supervisor.

m. The Supervisor will review the list of daily inspection reports that have a problem listed and document corrective actions taken as a result of any deficiencies identified by daily inspections. The Operations Supervisor will submit the deficiencies to Maintenance Department for correction.

n. A bus with any passenger doors in the open position will not be operated with passengers aboard. The doors will not be opened until the bus is stopped. A bus with any inoperable passenger door will not be operated with passengers aboard, except to move a bus to a safe location.

o. Commercial operators will ensure that during darkness, interior lighting and lighting in stepwells on buses shall be sufficient for passengers to enter and exit safely. Adherence to pre-trip inspection requirements help insure the ability of this requirement to be met.

p. Passengers will not be permitted in the stepwells of any bus while the bus is in motion, or to occupy an area forward of the standee line.

q. Passengers will not be permitted to stand on buses not designed and constructed for that purpose.

r. Buses will not be refueled in a closed building. The fueling of buses when passengers are being carried will be reduced to the minimum number of times necessary during such transportation.

s. Commercial operators are required to be properly secured to the driver's seat with a restraining belt at all times while the bus is in motion.

t. Buses will not be left unattended with passengers aboard for longer than 15 minutes. The parking or holding brake device will be properly set at any time the bus is left unattended.

u. Buses will not be left unattended in an unsafe condition with passengers aboard at any time.

v. Commercial operators are prohibited from leaving keys in the vehicle for any reason at any time the bus is left unattended.

w. Transit vehicles will not be used at any time for uses other than those that are authorized and permitted according to state and federal program requirements.

Noncompliance with these requirements may result in disciplinary actions including suspension or termination of employment.

6.33 Qualification and Selection of Commercial Operators

14-90.004(3) requires bus transit systems establish criteria and procedures for the selection, qualification, and training of all commercial operators. The criteria shall include the following:
(a) Driver qualifications and background checks meeting minimum hiring standards.
(b) Driving and criminal background checks for all new commercial operators.
(c) Verification and documentation of valid driver licenses for all employees who drive buses.
(d) Training and testing to demonstrate and ensure adequate skills and capabilities to safely operate each type of bus or bus combination before driving on a street or highway unsupervised.
(e) Bus transit systems shall provide written operational and safety procedures to all bus commercial operators before driving on streets or highways unsupervised.
(f) The provisions in paragraphs (d) and (e), above, shall not apply to personnel licensed and authorized by the bus transit system to drive, move, or road test a bus in order to perform repairs or maintenance services when it has been determined that such temporary operation does not create unsafe operating conditions or create a hazard to public safety.
(g) Bus transit systems shall maintain the following records for at least four years:
1. Records of bus driver background checks and qualifications.
2. Detailed descriptions of training administered and completed by each bus driver.
3. A record of each bus driver's duty status which shall include total days worked, on-duty hours, driving hours, and time of reporting on and off duty each day.
(h) Each bus transit system shall establish a drug-free workplace policy statement in accordance with 49 C.F.R. Part 32 and a substance abuse management and testing program in accordance with 49 C.F.R. Parts 40 and 655, October 1, 2009, hereby incorporated by reference.
(i) Bus transit systems shall require that commercial operators write and submit a daily bus inspection report pursuant to Rule 14-90.006, F.A.C.

SunTran is responsible for ensuring that the following minimum standards are met when hiring new commercial operators:

- Must possess a valid Florida driving license of appropriate class and endorsements.
- Criminal background check (with local law enforcement and the Florida Department of Law Enforcement) and driving records check including, but not limited to, the following items:
  - Complete Driving records through the Florida Department of Motor Vehicles.
  - E-Verify is used to determine the right to work in the USA.
  - Level 2 Background Check through the Florida Department of Law Enforcement.
  - Employment reference checks.
  - Complete employment application.
  - Successful completion of pre-employment physical including an eye examination and drug-screening test.
  - Signed acknowledgement of receipt and agreement to comply with drug-free workplace policy.
  - Successful completion of required orientation, training and testing to demonstrate and ensure adequate skills and capabilities to safely operate each type of bus or bus combination before driving on a street or highway unsupervised.
  - Signed acknowledgment of receipt and compliance with the following written operations and safety procedures before driving on a street or highway unsupervised:
    1. Communication and handling of unsafe conditions, security threats, and emergencies.

2. Familiarization and operation of safety and emergency equipment, wheelchair lift equipment, and restraining devices.
3. Application and compliance with all applicable federal and state laws, rules, and regulations.

❖ Commercial operators are required to write and submit a daily bus inspection report pursuant to Rule 14-90.006, F.A.C.

❖ Personnel licensed and authorized by the bus transit system to drive, move, or road test a bus in order to perform repairs or maintenance services when it has been determined that such temporary operation does not create unsafe operating conditions or create a hazard to public safety are not bound to the following two provisions**:**

1. Training and testing to demonstrate and ensure adequate skills and capabilities to safely operate each type of bus or bus combination before driving on a street or highway unsupervised.
2. Bus transit systems shall provide written operational and safety procedures to all bus commercial operators before driving on streets or highways unsupervised.

Noncompliance with any regulatory or agency specific requirement may result in an employee administrative action up to and including suspension or termination of employment. It is the policy of SunTran to screen applicants to eliminate those that pose a safety or security threat to the agency or would not be able to carry out agency safety and security policies.

6.34 Driver Safety Training and Testing

14-90.004(3) establishes driver training and testing requirements to demonstrate and ensure adequate skills and capabilities to safely operate each type of bus or bus combination before driving on a street or highway unsupervised.

All employees and commercial operators of SunTran and all contract service providers are required to complete all training and testing requirements to demonstrate and ensure adequate skills and capabilities to safely operate each type of bus or bus combination before driving on a street or highway unsupervised.

The Operations Manager will develop and maintain a Training Manual for new hire training and testing of employees as part of the Safety Training Program. The manual will contain training course content, curriculum, lesson plans, and testing requirements. All training and testing activities will be adequately documented by the designated Driver Trainer. The Driver Trainer is responsible for conducting and documenting all training and testing activities utilizing a certification process. Noncompliance with any regulatory or agency specific guideline or requirement may result in suspension or termination of employment.

The following section discusses the training and testing programs to be administered by the Driver Trainer.

6.35 Initial Driver Training and Testing

Upon hire and prior to being placed into road service, all commercial operators are required to complete training and testing in the following areas:

a. Bus transit system safety and operational policies and procedures.
b. Operational bus and equipment pre-trip and post trip inspections for all vehicle types.
c. Emergency equipment familiarization.

d. Basic operations and maneuvering.
e. Boarding and alighting passengers.
f. Operation of wheelchair lift and other special equipment.
g. Defensive driving.
h. Passenger assistance and securement.
i. Handling of emergencies and security threats.
j. Security and threat awareness, follows Chapter 14-90 Regulations.
k. Driving conditions.

As part of the driver training program, specific procedures have been incorporated within to instruct the driver on how to safely approach and depart from a transit bus stop to avoid contact with pedestrians and other hazards.

In addition, new commercial operators are required to undergo an operator evaluation with an experienced driver trainer. A new-hire training record must be completed to ensure the employee has received all required 14-90 training and information before being authorized for over-the-road service.
After successful completion of each training and testing module, the agency is required to document and record the satisfactory completion of the employee's training and submit to the Driver Trainer. Certificates of completion will be maintained in the driver files for a minimum of 4 years.

All newly hired employees are also provided instructional training by the Operations Manager per agency's HSP. Commercial operators are given instruction in SunTran rules and standard operating procedures in the following areas:

- ❖ General rules of the agency including employee conduct codes.
- ❖ Personal appearance and conduct, covering uniforms, grooming, and employee conduct.
- ❖ Customer service, covering expectations of employees when dealing with the public, including instruction on how, to whom to report security incidents, and types of individuals and/or situations to be aware of and report.
- ❖ Traffic laws, covers applicable traffic-related laws and regulations, drug and alcohol testing, and drug and alcohol use restrictions.
- ❖ Fare handling covers fare collection procedures and provides instruction in dealing with fare disputes, conflict resolution, and notification of security personnel.
- ❖ Americans with Disabilities Act requirements, provides instruction in complying with ADA requirements and providing service to disabled patrons.
- ❖ Radio procedures, which provides instruction on radio procedure for both routine and emergency radio traffic. Including instruction on reporting crimes, suspicious acts, and potentially hazardous situations.
- ❖ Report writing, which provides instruction on report writing, and reporting requirements.
- ❖ Substance abuse policy, which implements a drug and alcohol testing program.
- ❖ Occupational Safety and Health Administration (OSHA) standards, covering blood borne pathogens and other occupational exposure to health hazards.
- ❖

6.36 Wireless Communication

According to 14-90.004, bus transit systems must implement a wireless communication plan and procedure that provides for the safe operation of the bus transit vehicle. The wireless communication plan and procedure shall assure that:

a. The use of a personal wireless communication device is prohibited while the transit vehicle is in motion, and

b. All personal wireless communications devices are turned off with any earpieces removed from the operator's ear while occupying the driver's seat.

A policy on the use of a wireless communications device issued to the operator by the bus transit system for business related purposes must be developed that assure:

a. Guidelines are developed that allow for the use of a wireless communications device in emergency situations, and

b. The use of a wireless communications device does not interfere with the operator's safety related duties.

Also, bus transit systems shall develop a driver educational training program addressing:

a. The proper use of a wireless communications device issued to the operator by the Bus Transit System while in the performance of their safety related duties, and

b. The hazards associated with driving and utilizing a wireless communications device.

"Wireless communication device" means an electronic or electrical device capable of remote communication. Examples include cell phones, personal digital assistants (PDAs) and portable computers (commonly called laptop computers). "Personal wireless communications device" means an electronic or electrical device that was not provided by the bus transit system for business purposes. "Use of a wireless communication device" means use of a mobile telephone or other electronic or electrical device, hands-on or hands-free, to conduct an oral communication; to place or receive a telephone call; to send or read electronic mail or a text message; to play a game; to navigate the Internet; to play, view, or listen to a video; to play, view, or listen to a television broadcast; to play or listen to music; to execute a computational function, or to perform any other function that is not necessary for the health or safety of the person and that entails the risk of distracting the employee from a safety-critical task. Use of an electronic or electrical device that enhances the individual's physical ability to perform, such as a hearing aid, is not included in this definition.

SunTran requires all commercial operators to fully comply with the following wireless communication policies.

Policies on the use of a personal wireless communication device:

a. The use of a personal wireless communication device is prohibited while the transit vehicle is in motion.

b. All personal wireless communication devices must be turned off with any earpieces removed from the operator's ear while occupying the driver's seat.

c. In an emergency, if a driver is unable to use the radio (e.g., driver is separated from the vehicle due to a need to evacuate, or the radio is inoperable because it is beyond the radio coverage area, or other malfunction), a personal cellular phone may be used to contact the agency. In such situation, the driver must park the vehicle in a safe place off the road and call the direct line to the dispatcher.

d. Commercial operators are not permitted to use any wireless communication device issued by the bus transit system while the transit vehicle is in motion except brief radio communications with the dispatcher. If the driver must use the radio for a long duration, he/she must stop the vehicle in a safe place off the road.

e. The use of a wireless communication device is prohibited while loading or unloading a wheelchair patron or while conducting any other safety related duty that require the driver's undivided attention. If wireless communication is necessary, the driver will use a company issued wireless communication device before or upon completion of the safety related task.

f. Employees are permitted to use wireless communication devices issued by the bus transit system in the following situations –

1. A driver needing to communicate with the dispatcher and vise-versa.
2. A driver requesting medical or emergency assistance.
3. A driver reporting an illegal activity, a traffic accident, a road hazard, or a safety or security threat.
4. A Limited English Proficient person needs translation service.

SunTran requires all employees to follow the radio operating procedures. In addition, SunTran has developed a driver educational training and testing program on the proper use of a wireless communications device while in the performance of safety related duties and hazards associated with driving and utilizing these devices. The wireless communications device training and testing is included in Driver Training which all commercial operators are required to complete upon hire, before driving on a street or highway unsupervised.

6.37 On-Going/Refresher Training and Testing

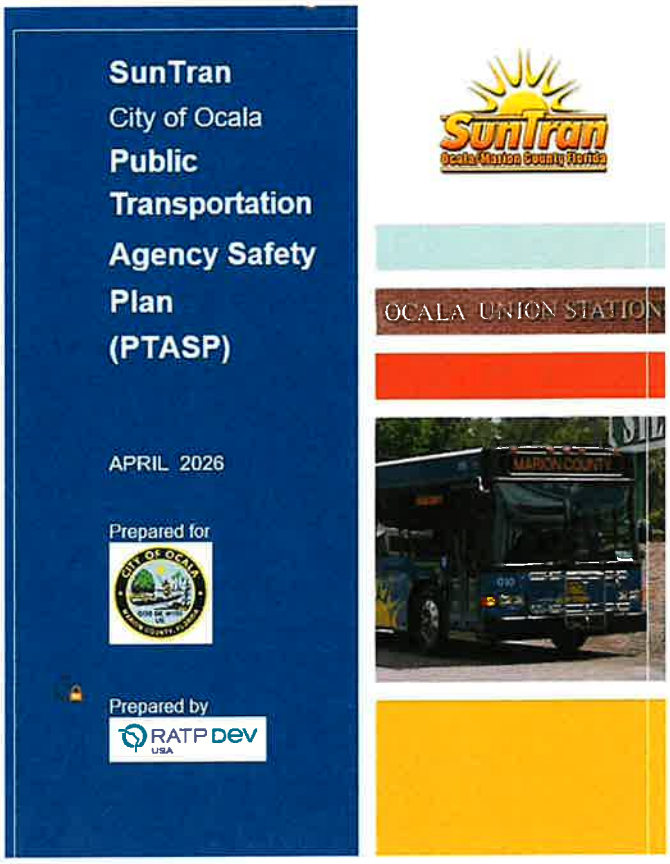
The Operations Manager will develop and maintain a Training Manual for ongoing and refresher training and testing of employees. The manual will contain training course content, curriculum, lesson plans, and testing requirements. On-going/refresher training and testing sessions will be conducted as necessary to remain compliant with Rule 14-90. The commercial operators are required to attend training and testing in all areas specified by Rule 14-90 at least once every three years. All training and testing activities are to be recorded and retained in files for a minimum of four years.

6.38 Remedial Training and Testing

SunTran will employ remedial training for commercial operators who have been involved in a serious collision or have developed unsafe driving behavior or other driving problems. Other causes for remedial training may include persistent customer complaints, supervisor recommendations, or a result of ongoing evaluations. Depending on the circumstances, the Operations Manager will determine the appropriate remedial training and testing, the results of which will also be documented and retained in files.

6.39 NIMS Training

The National Incident Management System (NIMS) provides a consistent nationwide template to enable all government, private sector, and nongovernmental organizations to work together during domestic incidents (http://www.fema.gov/emergency/nims/). The NIMS system requires that transit agencies comply with number of specific activities to ensure personnel who will be conducting activities in response to emergencies use the standard Incident Command System (ICS).



SunTran HSP requires that management staff take available NIMS training to understand this requirement and to coordinate regularly with outside organizations to prepare for coordinated responses to incidents. All training and testing activities will also be recorded and retained in files.

CITY OF OCALA
PUBLIC TRANSPORTATION SAFETY PLAN
PTASP 2026 UPDATE

RATP Dev / SunTran – Ocala – Safety Committee

The Safety Team commits to working to meet or exceed the Federal Transit Administration's Public Transportation Safety Plan (PTASP) / Safety Management System (SMS) requirements This Team takes safety and security in a serious manner and commits to keeping SunTran and its employees and passengers safety.

Each Team Member has committed to work to meet the goals of the Safety Management System, by committing to Remove or Reduce Risk, Do it Right, the First Time, Every Time, and No Unsafe Behaviors.

The Safety Committee is scheduled to meet on a bi-monthly basis. Agendas for the Safety Meeting, Safety Meeting Attendance Records, and notes of action will be kept on file in the General Manager's office.

The Safety Committee is responsible for the following:

- Approving the ASP and any updates to the ASP
- Identify and recommend risk-based mitigations or strategies necessary to reduce the likelihood and severity of consequences identified through the agency's safety risk assessment [49 U.S.C § 5329(d)(5)(A)(iii)]
- Identify mitigations or strategies that maybe ineffective, inappropriate, or were not implemented as intended [49 U.S.C § 5329(d)(5)(A)(iii)]
- Identifying safety deficiencies for purposes of continuous improvement [49 U.S.C §5329(d)(5)(A)(iii)]
- Establishing performance targets for the agency's risk reduction program

Agenda Items

1. Bikes / Bike Racks

    a. RATP Dev revised policy expected to be completed next year. Until then we will continue to operate under existing policies.
    b. Oversized tires. RATP Dev Regional Safety Manager is requesting additional information on the specific bike. Eddie Dickens and Liz Suchsland will work to film a video, take additional pictures, etc. Following this, the RATP Dev Regional Safety Manager will approve / disapprove our recommendations.

2. PTASP – Update to RATP Dev and City Staff next week.

3. Open Discussion

As a RATP Dev / Ocala SunTran Team Member,

I have received and commit to the goals outlined by the Safety Management System, Remove or Reduce Risk, Do it Right, the First Time, Every Time, and No Unsafe Behaviors.

PRINT NAME

Safety Management System

Mission

Remove or Reduce Risk

Vision

Do it Right, the First Time, Everytime

Values

No Unsafe Behaviors

Hazard Identification

Unsafe Behaviors

Following too closely
Unprepared for what is coming
Not being prepared for what is around you
Not communicating with other drivers or pedestrians
Speeding
Rushing
Backing without a spotter or GOAL
Not rocking & rolling to see around blind spots
Turning without using your reference points
Not adjusting your mirrors to minimize blind spots
Operating unsafe equipment
Having confrontations or heated discussions with passengers
Distractions – texting, dialing, or reading maps
Rolling through stop signs
Driving too fast for conditions
Driver fatigue
Slips, trips & falls
Drugs & alcohol

Hazard Mitigation

Remove or Reduce Risk

1 Leave room / Always stay back at least four seconds
2 Look ahead
3 Look around
4 Communicate
5 Stay within posted speed limits
6 Be in control, take your time. If late, stay late
7 Avoid backing the bus or use a spotter or GOAL
8 Rock & roll for turns
9 Use your reference points
10 Adjust your mirrors
11 Do a thorough Pre & Post Trip and only operate a safe vehicle
12 Smile and be polite at all times. Use Verbal Judo
13 Focus on the driving
14 Always stop at stop signs
15 Slow down and pull back for rain, snow, ice or fog
16 Get enough sleep, always be alert and awake
17 Always keep your balance, no rushing, use three point contact
18 Never be under the influence of drugs or alcohol

TAPTCO
TRANSIT AND PARATRANSIT COMPANY

Professionals apply these practices every day

TAPTCO
TRANSIT AND PARATRANSIT COMPANY

Operating the vehicle safely is of critical importance.

When you follow all the practices on the right side of this card, and avoid the behaviors on the left side of the card, you will be operating safely.

Please study these 18 safe practices and commit, as a professional operator, to follow these safe behaviors at all times.

Safety Management Policy Letter

February 2025

Dear RATP Dev USA Teammates,

Our mission is to move the country through safe, equitable, reliable, and cost-effective public transportation. Safety is a core value and to accomplish our mission we are committed to implementing a world class, industry-leading Safety Management System (SMS) that is designed to proactively manage and reduce safety risks. Simply put, we take action before accidents or injuries (known as safety and security events) have the opportunity to occur.

To continue advancing safety throughout RATP Dev USA, we are publishing a new Safety Management Policy and Public Transportation Agency Safety Plan that clearly states what "being safe" really means to us. Being safe is an intentional and disciplined level of performance that we strive to achieve every day. The key principles are:

1) We **understand our safety and security risks**, what is being done about them, and how well our actions are working.
2) We take **proactive action** to reduce safety and security risks and **prevent** safety and security events from occurring.
3) We **apply lessons learned** from our performance and make **continuous** safety and security improvements.
4) We are **encouraged and empowered to voice safety and security concerns** across all levels of the company without fear of reprisal.

By living these principles, we keep passengers, pedestrians, third parties, each other, and our assets free from harm and deliver on our promise to provide the communities we serve with safe, equitable, reliable, and cost-effective public transportation. Take a moment to reflect and renew your commitment to living our values, starting with safety.

1.0 Transit Agency Information

The CEO is ultimately accountable for ensuring that SMS is implemented throughout RATP Dev USA in accordance with this Public Transportation Agency Safety Plan (ASP). Additionally, the CEO is accountable for ensuring action is taken to address substandard performance in RATP Dev USA's SMS when required. The Senior Vice President (SVP) of Safety and Industrial Engineering has been designated as the SMS Executive by and reports directly to the CEO. The SVP of Safety and Industrial Engineering is a safety professional that has been adequately trained, holding both the U.S. Department of Transportation (DOT) Transit Safety and Security Program (TSSP) and Public Transportation Safety Certification Training Program (PTSCTP) certificates (among other credentials). The SVP of Safety and Industrial Engineering has been empowered with the responsibility for day-to-day implementation and operation of RATP Dev USA's SMS.

Version Number and Updates

The complete history of successive versions of this plan.

Version Number	Section/Pages Affected	Reason for Change	Date Issued
1.0	New document	First version of Public Transportation Agency Safety Plan under 49 CFR Part 673.	Feb 2021
2.0	2, 3, 4, 6, 7, 12, 13, 14, 20, 25,26,28, 29, 31	2023 update	Mar 2023
3.0	Entire document	2025 update, which is a complete refresh in alignment with leadership change at the CEO and Safety levels.	Feb 2025

Annual Review and Update of the Public Transportation Agency Safety Plan		
Timeline	**Activity or Milestone**	**Responsibility**
January 1 to December 31	ASP is made available year-round on RATP Dev USA's Safety Resource Hub for review and comment. Comments are also accepted directly through email and other means.	The VP of Safety and Security ensures the document is posted and ensures the opportunity to review and provide feedback is promoted. All comments (regardless of how they are received) will be captured and considered for incorporation as part of the annual revision cycle.
Dec 1-31	Conduct general review and draft ASP revision	The VP of Safety and Security will perform an inventory of inputs resulting from comments made, investigations, policy changes, safety action plans, and other sources. This review will include partnering with Human Resources and Operations to ensure interconnected policies, procedures, work instructions, job responsibilities (etc.) that may be affected are accounted for and addressed.
Jan 1-15	Finalize ASP draft	After the final performance data for the year has been processed, the VP of Safety and Security will finalize the ASP draft by updating the proposed safety performance targets.
Jan 15-31	Executive Council (EXCO) comment period	The proposed draft ASP revision is submitted to the EXCO for their review with feedback sent back to the VP of Safety and Security.
Feb 1-15	Finalize ASP Revision	The VP of Safety and Security ensures comments received on the proposed draft ASP revision are addressed.
Feb 16-29	EXCO review and approval period	A final review is conducted to ensure all required feedback has been addressed. The CEO and EXCO approve the ASP.
Mar 1	ASP Revision Published	The VP of Safety and Security partners with Business Development and Marketing to communicate, distribute, and promote the publishing of the latest ASP and to ensure safety training and New Employee Orientation are updated (along with other training courses, as applicable).

3.0 Safety Performance Targets

Safety performance targets are set in alignment with the FTA's guidance as specified in the National Transportation Safety Plan. RATP Dev USA's safety performance targets are established annually and strive to achieve year-over-year improvement. Continued implementation of the SMS strategy defined in this ASP reflects how RATP Dev USA intends to meet and exceed these safety performance targets.

3.1 Safety Performance Target: Fatalities

In accordance with the FTA NTD Policy Manual, RATP Dev USA tracks the total number of overall fatalities and transit worker fatalities resulting from safety or security events, excluding those that occur because of illnesses, drug overdoses, or other natural causes (including individuals who are found deceased). RATP Dev USA's commitment is that no customer, employee, pedestrian, or any other human should ever experience a fatality because of the company's performance. Fatalities are tracked as a hard count with performance tracked monthly and cumulatively.

Metric	2024 Result	2025 Bus/PT Target	2025 Rail Target
Fatality Count	1	0	0
Fatality Rate	0.001	0.00	0.00
Formula: (Number of all fatalities x 100,000) / Monthly Total Service Mileage			
Transit Worker Fatality Count	0	0	0
Transit Worker Fatality Rate	0.00	0.00	0.00
Formula: (Number of transit worker fatalities x 100,000) / Monthly Total Service Mileage			

3.2 Safety Performance Target: Major Event Rate

The FTA NTD Policy Manual specifies reporting thresholds for minor and major safety events. Additionally, major events are considered any safety or security event that meet the threshold for Level 2 or above in RATP Dev USA's reporting matrix, which is available on the Safety Resource Hub (company's intranet). RATP Dev USA intends to reduce its major event rate by a minimum of 10% year over year with performance tracked monthly and cumulatively.

Metric	2024 Result Count	2024 Result Rate	2025 Target Count	2025 Target Rate
Major Safety or Security Events	193	0.25	174	0.22
Formula: (Number of Major Events x 100,000) / Monthly Total Service Mileage = Major Event Rate				

3.3 Safety Performance Target: Accident Frequency Rates

The accident frequency rate (AFR) and preventable accident frequency rate (P-AFR) track the number of both major and non-major collisions experienced. A collision includes hitting fixed objects, vehicles, and any other contact that results in fatality, injury, or property damage as specified by the NTD Policy Manual. RATP Dev USA intends to reduce its AFR by a minimum of 15% and P-AFR by a minimum of 10% year over year with performance tracked monthly and cumulatively.

Metric	2024 Bus/PT Result	2025 Bus/PT Target	2024 Rail Result	2025 Rail Target
Accident Count	1870	1589	35	29
AFR	2.42	2.06	11.53	9.8
Formula: (Number of Collisions x 100,000) / Monthly Total Service Mileage = AFR				
Preventable Accident Count	773	696	11	10
P-AFR	1.00	0.90	3.63	3.29
Formula: (Number of Preventable Collisions x 100,000) / Monthly Total Service Mileage = P-AFR				

3.4 Safety Performance Target: Pedestrian Collision Rate

Pedestrian strikes are a top risk for RATP Dev USA and the transportation industry. RATP Dev USA intends to reduce its pedestrian collision rate by a minimum of 20% year over year with performance tracked monthly and cumulatively.

Metric	2024 Result Count	2025 Target Count	2024 Result Rate	2025 Target Rate
Pedestrian Collisions	14	11	0.02	0.014
Formula: (Number of Pedestrian Strikes x 100,000) / Monthly Total Service Mileage				

3.5 Safety Performance Target: Vehicular Collision Rate

The vehicular collision rate will include collisions with all forms of motorized vehicles (cars, buses, motorcycles, etc.). The KPI was introduced by the FTA in 2024. This new metric will be measured throughout the course of 2024 with trends measured month-over-month. Specific targets for year-over-year improvements will be established starting in 2025.

3.6 Safety Performance Target: Injury Frequency Rates

In accordance with the NTD Policy Manual, an injury is defined as an employee, passenger, or third-party experiencing harm that required immediate medical attention away from the scene because of safety event. RATP tracks injury frequency rates (IFR) using both the labor hours-based Occupational Safety

and Health Administration (OSHA) methodology as well as the FTA's mileage-based methodology. RATP Dev USA intends to reduce the Occupational Safety and Health (OSH) IFR and IFR-LTI (lost time injuries) by 10%. The FTA IFR rate includes employees, passenger, pedestrian, and third-party injuries and the FTA's transit worker injury rate is specific to all transit employees. RATP Dev USA intends to reduce the FTA IFR and Transit Worker IFR by 10%.

Metric	2024 Result Count	2025 Target Count	2024 Result Rate	2025 Target Rate
OSH IFR	353	318	3.77	3.40
Formula: (Number of Employee Injuries / Total Hours Worked) x 200,000 hours				
OSH IFR-LTI	159	143	1.73	1.56
Formula: (Number of Employee Lost Time Injuries / Total Hours Worked) x 200,000 hours				
FTA IFR	666	599	0.86	0.77
Formula: (Number of all injuries x 100,000) / Monthly Total Service Mileage				
FTA Transit Worker IFR	353	318	0.46	0.41
Formula: (Number of employee injuries x 100,000) / Monthly Total Service Mileage				

3.7 Safety Performance Target: Transit Worker Assaults

The overall transportation industry is experiencing a growing trend in assaults on transit workers, especially operators. The NTD Policy Manual defines a transit worker assault as a circumstance in which an individual knowingly interferes with, disables, or incapacitates a transit worker while the transit worker is performing their duties. The KPI was introduced by the FTA in 2024. This new metric will be measured throughout the course of 2024 with trends measured month-over-month. Specific targets for year-over-year improvements will be established starting in 2025.

3.8 Safety Performance Target: System Reliability Rate

RATP Dev USA is committed to maintaining our clients' assets in a state-of-good-repair, which is foundational producing consistent, repeatable outcomes that create an environment conducive to a safe experience. In accordance with NTD Policy Manual, system reliability is measured based on the number of major mechanical failures experienced, which is defined as failure of some mechanical element of the revenue vehicle not caused by a collision, natural disaster, or vandalism, which prevent a vehicle from completing or starting a scheduled revenue trip because actual movement is limited or because of safety concerns. The system reliability rate is a new metric that will be measured throughout the course of 2024 with specific targets set for year-over-year improvements starting in 2025.

3.9 Safety Performance Target: Worker's Compensation Claims Rate

The Worker's Compensation (WC) claims rate is regarded as a safety performance KPI because when safety events occur, employees are injured and claims are filed. Therefore, a progressive reduction in claims is considered an outcome of an effective SMS. The rate is measured based on the number of

claims per 1,000 employees. The 2024 rate of 5.7 was worse year-over-year compared to 2023 but historically low compared to performance data going back to 2020. The company will seek to achieve a new historic low in 2025 by achieving a rate of 4.9 or lower, equating to a 15% improvement.

Metric	2023 Result	2024 Result	2025 Target
WC Claims Rate	5.0	5.7	4.9

3.10 Safety Performance Target: Auto Liability Claims Rate

The Auto Liability (AL) claims rate is regarded as a safety performance KPI because when safety events occur people are injured, and property is damaged resulting in claims filed. Therefore, a progressive reduction in claims is considered an outcome of an effective SMS. The rate is measured based on the number of claims per 10,000 service miles. The 2024 rate of .14 was a significant improvement compared to 2023 (.18) but approximately flat compared to historical performance data going back to 2020. The company will seek to achieve a new historic low in 2025 by achieving a rate of .12 or lower, equating to a 15% improvement.

Metric	2023 Result	2024 Result	2025 Target
AL Claims Rate	.18	.14	.12

4.0 Safety Management Policy

The safety management policy component of RATP Dev USA's SMS has been designed to meet the requirements established by the FTA and RATP Dev. In accordance with 49 CFR Part 673.23 *Safety Management Policy* this section of the ASP address the requirements for a safety management policy and safety management policy statement; outlines the plan for communicating the safety management policy; defines necessary organizational authorities, accountabilities, and responsibilities; describes RATP Dev USA's Employee Voluntary Safety Reporting Program; and specifies the plan forward for refreshing existing and establishing new safety related policies.

4.1 Safety Management Policy Statement

RATP Dev USA's Safety Management Policy and Safety Management Policy Statement have been included in this ASP as Appendix A and Appendix B.

4.2 Safety Management Policy Communication

RATP Dev USA's Safety Management Policy and Safety Policy Statement will be actively communicated throughout the company. A variety of communications techniques will be used to achieve this communication with the intent of reaching every employee. Upon receiving approval of by the CEO, the VP of Safety and Security will partner with Senior Director of Marketing and Communications to announce the updated policy and provide the documents to the general managers (GMs) of every location through email. The GMs will be required to print the Safety Management Policy and Safety Management Policy Statement and place them on bulletin boards, making the documents physically accessible to employees. GMs and Safety Managers (SMs) will be directed to announce the policies availability and provide an overview of the policy during their monthly safety meetings with represented employees. The VP of Safety and Security will provide a PowerPoint presentation to assist GMs and SMs with their communication and engagement. All employees will be invited to review the policy and either provide feedback directly to their management or directly to the corporate safety department through the employee voluntary safety reporting program. The Safety Management Policy will also be posted on the Safety Resource Hub, a web-based SharePoint site available through the company's intranet that serves as the centralized locations for all safety information.

4.3 Necessary Authorities, Accountabilities, and Responsibilities

The success of SMS depends on support from across the company. At a minimum, every employee at RATP Dev USA has the responsibility to report safety concerns when they are identified. This responsibility includes actively engaging in the process described in section 4.4 *Employee Voluntary Safety Reporting*. This section expands on the necessary authorities, accountabilities, and responsibilities identified in P/I 10.8 *Safety Management Policy*. The following Responsible (R), Accountable (A), Contributor (C), and Informed (I) matrix summarizes the support required from RATP Dev leadership and key staff to ensure the successful development and implementation of SMS. The ensuing sub-sections expand on the matrix to outline the specific needs identified for each position.

Role and Title		Safety Management Policy	Safety Risk Management	Safety Assurance	Safety Promotion
Accountable Executive	Chief Executive Officer	R	R	R	R
SMS Executive	Senior Vice President of Safety and Industrial Engineering	A	A	A	A
Agency Leadership and Executive Management	Senior Vice President of Operations	A	A	A	A
	Senior Vice President of Risk	C	C	C	C
	Chief People Officer	C	C	C	C
	Chief Financial Officer	C	C	C	C
	Chief Development Officer	C	C	C	C
Key Staff	VP of Safety and Security	A	A	A	A
	Regional Safety Directors	A	A	A	A
	Regional Operations Directors	A	A	A	A
	General Managers	A	A	A	A
	Operations Managers	A	A	A	A
	Safety Managers	A	A	A	A

4.3.1 Accountable Executive

The CEO is RATP Dev USA's Accountable Executive. The CEO is ultimately responsible for RATP Dev USA's safety performance. The CEO makes policy and resource decisions, supports the implementation of safety action plans, approves safety strategic initiatives, and oversees daily operations of the company. The CEO champions safety at the company to ensure that all employees understand that safety comes first. The CEO has designated the SVP of Safety and Industrial Engineering as the SMS executive, a position that reports directly to him.

4.3.2 SMS Executive

RATP Dev USA's SVP of Safety and Industrial Engineering has been designated as the company's SMS Executive and reports directly to the CEO. The SVP of Safety and Industrial Engineering is a safety professional that has been adequately trained, holding both the DOT TSSP and PTSCTP certificates (among other credentials). The SVP of Safety and Industrial Engineering has been empowered with the responsibility for day-to-day development and implementation of RATP Dev USA's SMS.

4.3.3 Agency Leadership and Executive Management

RATP Dev USA's Executive Council (EXCO) are the company's agency leadership and executive management. The EXCO is composed of the CEO's direct reports: SVP of Operations, SVP of Risk, SVP of Safety and Industrial Engineering, Chief People Officer, Chief Financial Officer, and Chief Development Officer. The SVP of Operations is accountable for the SMS along with the SVP of Safety and Industrial Engineering. The Operations Department is ultimately responsible for working together with the Safety Department to ensure the SMS is implemented, effective, and continuously improving. The SVP of Risk contributes to the safety strategy, provides input based on claims data, and helps set safety performance targets. The Chief People Officer contributes to the safety strategy and incorporates safety principles into the human resources program to include the employee handbook, hiring selection and onboarding processes, policy development, and employee engagement campaigns. The Chief Financial Officer contributes by collaborating with the safety department to determine their annual budget, support funding for key safety initiatives, track the safety program's financial performance in terms of negotiated insurance premiums and worker's compensation and auto liability claims cost reductions. The Chief Development Officer contributes by utilizing the communications and marketing team to help communicate safety information across the company, assists with implementing key safety strategic initiatives to include providing products and branding, and assists the safety department with logos, graphics, designs, and messaging.

4.3.4 Key Staff

The safety department includes a VP of Safety and Security and three regional safety directors. The operations department includes five operations directors. These safety and operational leaders are accountable for working together to develop and implement the company's SMS. The alignment of operations and safety on the strategy to develop and implement the SMS is foundational to the strategy's success. Collectively, safety and operations engage the field, which is compost of 35 locations that each have General Managers (GMs), Operations Managers (OMs) and Safety Managers (SMs). At the local level, the GM functions as an Accountable Executive and the SM functions as the SMS Executive. The GM manages their budget, controls human and capital resources, and they are held accountable for providing safe, quality operations for clients and the communities served. By implementing the SMS, SMs work with GMs and OMs to ensure the locations safety risks are understood, prioritized, and identifies the mitigations required to continuously improve safety performance. The GMs assign funding and resources against safety risks and OMs are responsible for working closely with SMs to apply those resources to drive safety risk mitigations, which translates into the systematic reduction in the quantity and severity of safety events and claims costs.

4.4 Employee Voluntary Safety Reporting Program

RATP Dev USA requires all employees to identify hazards, mitigate them immediately if possible, and to report them. This includes reporting a close call when involved directly or witnessing a near-miss incident, or if a reported safety concern persists. RATP Dev USA strives for a culture where employees feel comfortable verbally reporting their safety concerns to their direct supervisor, safety management, or senior management as soon as they are discovered. However, there may be circumstances where employees prefer reporting outside their chain of command to maintain confidentiality and to avoid the potential for retaliation. RATP Dev USA's Safety Management Policy specifically prohibits retaliation, but the concern may still exist. Consequently, the company has implemented and Employee Voluntary Safety Reporting Program. Every location's SM is responsible for ensuring the Employee Voluntary Safety Reporting Program flyer is posted. Employees can simply scan a QR code or they can email safetyreport@ratpdev.com. Employees can choose to remain confidential with identifying themselves and providing contact information optional although providing this information is encouraged. Upon receiving an employee voluntary safety report, the VP of Safety and Security reviews every report with their applicable regional safety directors. The safety directors work with their operational counterparts, GMs, and SMs to investigate the report, assess the risk, and determine the appropriate mitigation plan forward. All risk mitigations will be incorporated into each location's safety action plan. The regional safety director will coordinate to ensure the reporter receives regular updates through the review, investigation, assessment, and mitigation process. A critical component of the Employee Voluntary Safety Reporting Program is assuring the reporter their voice was heard, their reports is being actively addressed, and ultimately, what actions are being taken in response. There are conditions when a reporting employee could be subject to discipline, specifically:

- The employee's action or lack of action was intended to damage RATP Dev USA's equipment
- The employee's action or lack of action purposely places others in danger
- The employee's action or lack of action involved a criminal offense
- The employee's action or lack of action violated a traffic safety law leading to a citation
- The employee's behavior involved substance abuse
- The report contains falsified information

5.0 Safety Risk Management

The Safety Risk Management component of RATP Dev USA's SMS has been designed to meet the requirements established by the FTA and RATP Dev. In accordance with 49 CFR Part 673.25 *Safety Risk Management*, this section of the ASP includes: safety risk identification, safety risk assessment, and safety risk mitigation (corrective and preventive actions). The safety risk management process is the engine of RATP Dev USA's SMS, which is designed to enable proactive detection of safety risk and drive actions before a safety event has the opportunity occur. Through systematic implementation across the company, the quantity and severity of RATP Dev USA's accidents, injuries, property damage, and association claims will continue to progressively trend down even while the company continues on a consistent growth trajectory year-over-year.

5.1 Safety Risk Identification

The first step in the Safety Risk Management process is to identify safety risks (any real or potential condition that can cause injury, illness, or death; damage to or loss of facilities, equipment, rolling stock, or infrastructure of a public transportation system; or damage to the environment). The safety risk identification approach is data-driven and therefore, RATP Dev USA collects safety data from a variety of sources that are reviewed and analyzed to identify safety risks. Safety data is categorized as either lagging indicators and leading indicators. Lagging indicator data reflects the near-misses and safety events that have occurred also known as realized risks. Leading indicator data reflects behaviors and reports that are regarded as precursors to experiencing a safety event. The following data sources have been made available to all GMs and SMs:

- Lagging indicator data sources
    - SafeTracker software captures all near-miss and safety event reports and investigations
    - Fleet Response software captures all auto liability claims data
    - Helmsman software captures all worker's compensation claims data
    - Qlik Sense Business Intelligence tool tracks trends against safety performance targets

- Leading indicator data sources
    - Telematics software captures and trends operator risky behaviors
    - Internal and external audit findings
    - Employee voluntary safety reports
    - Reports from the FTA, clients, industry, or other external entities

GMs, SM, and OMs are expected to work together to use all these data sources to detect patterns and trends that indicate systemic risks exist on an ongoing basis. The local teams have the ability to engage with their operations and safety directors on assistance in reviewing the data. The risks identified are then captured in the risk register and action planning tool, Monday.com.

5.2 Safety Risk Assessment

The identified risks are subjected to an assessment based on the likelihood and severity formula benchmarked from MIL-STD-882E *System Safety Standard Practice*. Likelihood is measured based on the frequency (or how often risk is expected to occur). A combination of quantitative and qualitative data is used to assess likelihood. The leading and lagging indicators are considered along with existing mitigations in place, employee reporting, feedback from safety and operations management, results from safety assurance oversight, and findings from internal audits, the FTA, RATP Dev (Paris), or other entities. Determining likelihood is ultimately and exercise in interpreting data. The qualitative guideline specified in the table below is from the MIL-STD-882E criteria. The quantitative guideline is intended to help inform users interpretation based on exposure population. For example, if a particular intersection is prone to safety events, the exposure population would assess the ratio of how often a buses pass through that intersection compared to how often near-misses, safety events, or risky behaviors are detected to help determine the frequency rating.

Probability	Value	Qualitative Guideline	Quantitative Guideline
Frequent	A	Opportunity for risk to be realized expected to occur often	Probability of occurrence greater than or equal to 10^{-1} (10%) of exposure population
Probable	B	Opportunity for risk to be realized expected on a recurring basis	Probability of occurrence less than 10^{-1} (10%) but greater than or equal to 10^{-2} (1%) of exposure population
Occasional	C	Opportunity for risk to be realized expected to occur	Probability of occurrence less than 10^{-2} (1%) but greater than or equal to 10^{-3} (0.1%) of exposure population
Remote	D	Opportunity for risk to be realized not expected to occur but possible	Probability of occurrence less than 10^{-3} (0.1%) but greater than or equal to 10^{-6} (0.0001%) of exposure population
Improbable	E	Opportunity for risk to be realized not expected to occur and almost inconceivable	Probability of occurrence less than 10^{-6} (0.0001%) of exposure population

Severity is measured based on the consequences expected from the risk occurring. A combination of quantitative and qualitative inputs is also used to assess severity. Historical safety performance indicators such as the nature of the injury experienced, extent of property damage, and length of service disruption are reviewed along with existing mitigations, employee reporting, feedback from safety and operations management, results from safety assurance oversight, and findings from internal audits, the FTA, RATP Dev (Paris), or other entities. After likelihood is assessed, the GMs and SMs assess the severity of each risk based on a discussion and interpretation of this data. The MIL-STD-882E severity scale has a number-based value range from 1 to 4. The lower the number value assigned, the more severe the consequence is expected to be as reflected in the following table.

Severity	Value	Meaning
Catastrophic	1	Risk realization expected to result in one or more of the following: death, permanent total disability, loss of passenger/crew occupied volume with equipment damage causing separations in structure, infrastructure damage that suspends service through the affected area for greater than 24 hours.
Critical	2	Risk realization expected to result in one or more of the following: permanent partial disability, injuries/illness that results in hospitalization, loss of passenger/crew occupied volume with equipment damage that causes openings but no separations in structure, infrastructure damage that suspends service through the affected area for greater than 2 and up to 24 hours.
Marginal	3	Risk realization expected to result in one or more of the following: injury or illness resulting in one or more lost work day(s), loss of passenger/crew occupied volume with equipment damage that causes no openings in structure, infrastructure damage that suspends service through the affected area for more than 30 minutes and up to 2 hours.
Negligible	4	Risk realization expected to result in one or more of the following: injury or occupational illness that does not result in a lost work day, no loss of passenger/crew occupied volume, equipment or infrastructure damage that does not suspend service nor cause a delay through the affected area for more than a maximum of 30 minutes.

The assessment of likelihood and severity of a given safety risk is based on the totality of the circumstances associated with each. Upon completing the risk assessment for each risk, the GM or SM enters the results Monday.com. The following MIL-STD-88SE risk matrix is used with grading criteria resulting in the assessment for each risk depicted as either high (red), serious (orange), medium (yellow) or low (green), determining how the safety risks will be prioritized.

Risk Probability	Risk Severity			
	Catastrophic 1	Critical 2	Marginal 3	Negligible 4
Frequent – A	**1A**	**2A**	**3A**	**4A**
Probable – B	**1B**	**2B**	**3B**	**4B**
Occasional – C	**1C**	**2C**	**3C**	**4C**
Remote – D	**1D**	**2D**	**3D**	**4D**
Improbable – E	**1E**	**2E**	**3E**	**4E**

Risk Index		
Red	1A, 2A, 1B, 2B, 1C	Risk mitigating safety action plan required and reviewed at monthly safety meeting with SVP of Operations and SVP of Safety and Industrial Engineering
Orange	3A, 3B, 2C, 1D	Risk mitigating safety action plan required and reviewed at monthly safety meeting with SVP of Operations and SVP of Safety and Industrial Engineering
Yellow	4A, 4B, 3C, 2D, 3D, 1E, 2E, 3E	Risk mitigation safety action plan required and reviewed with regional Operation and Safety Directors.
Green	4C, 4D, 4E	Risk effectively mitigated with completed actions in place. The risk is under local GM and SM monitoring.

5.3 Safety Risk Mitigation

After the risk assessment is complete, the risk mitigation step involves determining what actions need to be taken to reduce them as low as reasonably practicable. The risks assessed as high are prioritized accordingly, followed by serious risks, then medium risks, and low risks (as required). The SMs perform research to determine whether there are risk mitigations already in place as well as any other mitigations that are already in work (e.g., as part of the safety action plan). The following criteria (based on the *Hierarchy of Controls*) is applied when developing risk mitigations:

- Elimination: Mitigations designed into the operation that eliminate the potential for exposure to risk (e.g., *the station is shut down when an escalator malfunctions, eliminating the possibility of customers getting hurt while using them as stairs*)
- Substitution: Mitigations designed into the operation that result in avoiding the potential for risk exposure (e.g., *the station remains open when an escalator malfunctions, but customers are re-directed to actual stairs or elevators to avoid use of the malfunctioning escalator*)
- Engineering Controls: Mitigations designed into the operation that trigger controls when the potential for risk exposure increases (e.g., *an automatic gate is activated when an escalator shuts down, creating a barrier that deters customers from using them as stairs*)
- Administrative Controls: Mitigations designed to change human performance or behaviors in response to the risk (e.g., *every three minutes, the station will announce the escalator is out of service and advise customers to use the actual stairs or elevators*)
- Personal Protective Equipment (PPE): Mitigations designed to protect from exposure to the risk while an activity is performed (e.g., *an attendant will hand out helmets to customers so in case they fall while climbing a shutdown escalator, their head is protected*).

The mitigation criteria are applied with the most feasible and effective mitigations prioritized accordingly. Any risk mitigations that require additional resources (personnel, funding, etc.) are escalated to regional Safety and Operations Directors and ultimately, the SVP of Operations and SVP of Safety and Industrial Engineering as needed. After the risk mitigation actions are determined, they are incorporated into Monday.com as safety action plans. GMs and SMs are responsible for ensuring every risk mitigation is specific, measurable, achievable, relevant, and time-sensitive with clear owners assigned. GMs are responsible for ensuring that safety action plans are implemented and maintained to stay current. GMs and SMs regularly review their safety performance to determine if their safety action plan is effectively mitigating their safety risks as intended and adjust as needs dictate. An effective safety action plan results in progressively a downward trend in safety events, property damage, injuries and ultimately, translates to progressively lower worker's compensation and auto liability claims rate as well as lower expense when claims do occur. GMs are required to participate in monthly safety meetings where they report on their top safety risks, actions being taken to mitigate them, and KPIs used to measure effectiveness. These meetings provide EXCO leadership with the opportunity to review each location's implementation of the safety risk management process and provide direction.

6.0 Safety Assurance

The Safety Assurance component of RATP Dev USA's SMS has been designed to meet the requirements established by the FTA and RATP Dev. In accordance with 49 CFR Part 673.27 *Safety Assurance*, this section of the ASP includes safety performance monitoring and measurement; safety event reporting and investigation; management of change; and continuous improvement. Additionally, the safety assurance component includes a focus on integrated claims management. If safety risk management is the engine of the SMS, safety assurance provides the fuel. The results of safety assurance are fed back into the safety risk management process, creating a systematic approach that drives continuous improvement by progressively strengthening safety actions plans.

6.1 Safety Performance Monitoring and Measurement

There are two fundamental objectives of safety performance monitoring and measurement. The first objective is to ensure that safety risk mitigations are being complied with or implemented as intended. The second objective is to measure the effectiveness of the risk mitigations to reduce the risk of having a safety event or injury as intended. To monitor compliance, each location is required to implement a variety of techniques.

6.1.1 Annual Self Assessments and Monthly Internal Controls

Each location is required to complete a self-assessment on an annual basis. The self-assessment requires each location to assess their compliance in the following control areas:

1) Commercial Driver License (CDL)
2) DOT Medical
3) Training
4) Drug and Alcohol Testing
5) Telematics (DriveCam)
6) Working Hours as defined in CBAs
7) Preventative Maintenance Inspections
8) Corrective Maintenance

In each of these areas, locations are required to rate their compliance using the following criteria:

- Rating 1 – No SOP has been established for the control area
- Rating 2 – SOP in place but internal controls (oversight) has been applied
- Rating 3 – SOP in place and internal control in place but has experienced a significant failure
- Rating 4 – SOP in place and internal control in place and working as intended

In any area where the location is reporting their maturity to be at a rating of 2 or less, they are required to work with the corporate safety department to incorporate actions into their safety action plans that will result in achieving a level 4 rating. By the 15th of every month, the managers of safety sensitive functions of each location (Operations, Dispatch, and Maintenance) are required to complete an audit internal control checklist designed to ensure that RATP dev USA is maintaining compliance in each of the control areas and proactively detecting and correcting non-compliances before they have an increase safety risk. The internal control checklists are web-based and available the following links:

- Dispatch/Traffic Internal Control Monthly Self-Assessment

- Maintenance Internal Control Monthly Self-Assessment
- Operations Internal Control Monthly Self-Assessment

Additionally, on a quarterly basis, the location's safety managers are required to complete an internal control assessment. This safety-level internal control randomly observes and samples the operation from an objective, independent perspective that encompasses all aspects of the local organization. The internal control is due for completion by the end of each quarter on a calendar year basis with the results reported to the applicable regional safety director for review and coordination with operations regional leadership and general management. The results of all internal control activity inform the continuous improvement of safety action plans.

- Safety Internal Control Monthly Self-Assessment

6.1.2 RATP Dev Corporate Audits

Parent company RATP Dev's Technical Department comes to the United States from Paris to audit four locations annually. The scope of these audits includes operations, maintenance, safety, and support functions. The audits report on good practices taking place within the location, findings or items requiring an improvement action to ensure a risk is adequately controlled, and major findings or items requiring an immediate improvement action to ensure a significant risk is adequately controlled. The risk may be safety related or may have a significant impact on operational or financial performance. All findings are captured in RATP Dev's SmartSheet software. Each location's safety manager is required to incorporate all safety-related findings and major findings into their safety action plans in Monday.com to ensure they actions taken are tracked and managed to completion.

6.1.3 RATP Dev USA Corporate Audits and Health Check Reviews

The safety department conducts audits that include every operating contract on a triennial basis. The audits focus on training compliance, records management, and risk mitigation. The safety manager of each location is required to incorporate the findings from RATP Dev USA corporate audits into their safety action plans in Monday.com to ensure the actions taken in response are managed to completion. Additionally, the Director of Quality and Standards reports directly to the SVP of Safety and Industrial Engineering. The Director of Quality conducts 3-4 health check reviews a year as directed by the CEO. The health check reviews encompass operations, maintenance, and safety and are designed to provide recommendations to locations on how they can continuously improve their performance. However, any safety risks discovered during the health check review without mitigations in place are required to be incorporated into the location's safety action plan.

6.1.4 Telematics Oversight

All RATP Dev USA operating contracts and the majority of management contracts have a DriveCam telematics system in place. This technology tracks over 70 risky behaviors such as speeding, hard braking, following distance, incomplete stops, mobility device usage, seat belt compliance, etc. The telematics systems are installed on both revenue and non-revenue vehicles. GMs and SMs are required to use this technology to track the performance of their operators. Telematics data provides a key source of leading indicators or precursor behaviors that can be addressed before a safety event or injury occurs. Therefore, GMs and SMs are expected to coach operators on risk behaviors in a timely manner with a target of having the coaching sessions within three days of the event. GMs are expected to

negotiate progressive discipline policies in their CBAs so that operators that are not responding to the coaching are held accountable progressively to include termination if required. Refer to the RATP Dev USA Telematics Policy for more information.

6.1.5 Qlik Sense for Performance Monitoring

RATP Dev USA's KPIs for Safety, People, Operations, and Finance are visualized using the business intelligence tool, Qlik Sense. Qlik Sense enables the GMs and their staff to monitor their progress against the established safety performance targets (refer to section 3.0 for RATP Dev USA's safety performance targets). The effectiveness of their safety action plans is assessed based on KPI performance. If the safety action plans are working as intended, then safety performance should be trending favorably month-over-month. Conversely, if safety performance is flat or trending unfavorably month-over-month, then safety action plans should be re-evaluated with new actions or refreshed priorities to ensure they are current and aligned with the evolving nature of dynamic transit operations. Ultimately, safety action plans are not considered effective until they are effective mitigating risk, which translate to downward trends in safety KPIs. These trends are tracked at the location, regional, and company level. The safety regional directors also monitor these trends, assess the quality of safety action plans, conduct site visits, and provide subject matter expertise to assist locations in continuously improving their safety actions plans.

6.1.6 Additional Performance Monitoring Best Practices

Each location is also expected to implement a variety of best practices to monitor performance and verify compliance. These best practices include road checks performed by operations supervisors. These checks involve supervisors riding the bus and observing operators comply with traffic laws, training requirements, and customer service. Another best practice includes trail checks, where supervisors in non-revenue vehicles follow revenue vehicles and monitor their performance for speed, braking, traffic law compliance, etc. Locations are encouraged to adopt a mystery rider program where anonymous riders complete a checklist or questionnaire evaluating their experience with the service. Each location implements a system of tracking findings and actions taken to address them. Systemic or recurring findings are required to be incorporated into each location's safety action plan for additional tracking, oversight, and support from the corporate safety department.

6.2 Safety and Security Event Reporting and Investigation

A safety or security event is defined as an unexpected outcome resulting in injury or death; damage to or loss of the facilities, equipment, rolling stock, or infrastructure of a public transportation system; or damage to the environment. RATP Dev USA has established a reporting matrix that specifies the criteria for five reporting levels (0-4) based on the severity of the safety or security event experienced. All safety and security events (regardless of level) are required to be reported in RATP Dev USA's safety software SafeTracker. GMs are required to ensure all safety and security events are reported promptly. Level 0s and 1s are required to be reported with 24 hours of occurring. Level 2s are required to be reported within six hours of occurring. Level 3s are required to be reported within four hours of occurring. Level 4s are required to be reported immediately or within one hour of occurring. All Level 1-4 safety and security events are required to be investigated. After completing the initial report. The investigation is required to collect information that is used to determine causal factors, corrective and preventive actions, and enable claims management:

- Pictures from the event scene
- Video from telematics system
- Operator statement / Witness statements (if applicable)
- Operator drug and alcohol testing results
- Supervisor report
- Police report
- Maintenance Work Orders and Purchase Orders

All the information collected as part of conducting the investigation is required to be uploaded into SafeTracker and also Fleet Response for auto liability claims. The data is essential for enable litigation defense when required and subrogating against another driver when they are at-fault. After the investigation is completed, the report should move from draft status in SafeTracker to complete. The lessons learned from all safety and security event investigations are captured in the locations safety action plan to drive continuous improvement. The GM is required to attend the company's Executive Accident Review Board (EARB) for all Level 2-4 Safety and Security Events. The EARB is a weekly meeting chaired by the CEO and includes safety and operations leadership as well as the applicable GMs and their support staff based on the events that have occurred. At the EARB, GMs are required to present on the event that occurred, the results of the investigation, and the actions being taken to effectively mitigate the risk of the same or similar event from re-occurring. All actions reported at the EARB are required to be incorporated into the location's safety action plan and managed as part of their overall effort to systematically reduce safety risks.

6.3 Management of Change

Any change to an existing transit operation has the potential to introduce safety risks. Change comes in a variety of forms to include new employees, equipment, routes, service levels, etc. RATP Dev USA will apply the safety risk management process described in section 5.0 to proactively identify, assess, and mitigate the risks introduced by change. GMs are required to work with their clients to understand the changes planned in the future. This includes service level changes to be introduced as part of the run cut process that takes place three to four times annually (depending on location) or future equipment changes as part of long-term fleet planning, or introduction of new modes such as micro-transit or on-demand services. By anticipating change, GMs and SMs have the ability to apply the safety risk management process and incorporate mitigating actions into their safety action plans proactively before the changes are implemented and associated risk has the opportunity to cause harm. Additionally, all employees are responsible for reporting safety concerns or risks associated with change. The frontline transit workers are often directly experiencing change in terms of new buses, streetcars, or other equipment, new route adjustments or frequencies, and other forms of change. These changes have the potential to introduce safety risks and all employees have a responsibility to proactively report their safety risks or concerns associated with change in an effort to proactively mitigate them.

6.4 Continuous Improvement

The systematic approach to continuous improvement includes: (1) identification of deficiencies in the company's SMS; (2) identification of deficiencies in performance against safety targets; (3) complying with any requirements established by RATP Dev, State Safety Oversight Agencies, FTA, state DOTs, or other entities; (4) mitigating safety risks based on implementing the SMS safety risk management and

safety assurance processes. The safety assurance component of RATP Dev USA's SMS is designed specifically to achieve these objectives.

1) The company actively seeks to identify deficiencies in the company's SMS by making this ASP available to all employees for review and feedback on the Safety Resource Hub (RATP Dev USA intranet). Additionally, the company will take advantage of the FTA's offer to conduct courtesy reviews of ASPs through the Technical Assistance Center (TAC) and incorporate their feedback. The safety department leads monthly safety reviews that include every location to report on their progress on managing risks through the implementation of effective safety risk management and safety assurance processes. RATP Dev and RATP Dev USA also implement corporate level audits and health check reviews designed to proactively assess the company's SMS in action and use the results to correct any deficiencies identified.

2) The company tracks its safety performance targets using the business intelligence tool, Qlik Sense. The dashboard enables the identification of deficiencies by visualizing progress month over month for each safety performance target and specifies the direction on how performance its trending, which is highlighted in either green (downward), yellow (flat), or red (upward). GMs are required to report on their performance at monthly safety reviews and explain how the mitigations in their safety actions plans align to what the KPIs are signaling. The ultimate effectiveness of a safety action plan is determined by its impact the KPIs that measure RATP Dev USA's safety performance targets.

3) The company implements internal controls required by RATP Dev and receives corporate audits from the parent company annually. The FTA conducts triennial reviews and state DOTs conduct periodic audits as well. The company evaluates all of the findings received and assesses them using the safety risk management process described in section 5.0 and either develops a separate corrective action plan or incorporates actions into their overall safety action plan, depending on the scope and magnitude of the effort required to address the finding. All feedback from reviews and audits are considered opportunities to drive continuous improvement of the company's SMS.

4) Regardless of their safety performance, every location in RATP Dev USA is required to actively maintain and implement a safety action plan. The safety action plan is driven by the results of the safety risk management process (section 5.0), which is fueled by the results of safety assurance activities (section 6.0). The audits, reviews, KPIs, risky behaviors, lessons learned from other locations ensure that even top performing locations have a wealth of data used to inform their safety action plans and drive continuous improvement.

6.5 Integrated Claims Management

The risk and safety departments have collaborated to establish a robust tool using Monday.com to effectively manage WC claims (pictured below). The tool enables the corporate and local teams to have a clear and shared understanding of exactly how many open WC claims are open, the status of each open claim, and the next step required. The objective is to support injured employees while managing claims as efficiently as possible to closure. Additionally, the safety and risk departments are developing a tool customized to manage AL claims, which is scheduled for implementation across the company over the course of the second quarter (Q2) of 2025.

7.0 Safety Promotion

The Safety Promotion component of RATP Dev USA's SMS has been designed to meet the requirements established by the FTA and RATP Dev. In accordance with 49 CFR Part 673.29 *Safety Promotion*, this section of the ASP includes: safety competencies and training as well as safety communication. The ultimate purpose of safety promotion is to shape and reinforce the safety culture required to ensure the long-term, sustained effectiveness of SMS. At RATP Dev USA, safety is value and the vision to achieve a safety culture where every employee has a fundamental understanding of the company's safety program and feels comfortable voicing safety concerns and reporting risks without fear of retribution.

7.1 RATP Dev USA Values

RATP Dev USA's values are Safet, United, Caring, Effective, and Daring. Safety is the first company value because the company emphasizes that safety is critical and informs every action, decision, and effort. The company is committed to maintaining a secure and healthy environment for everyone at work whether that's in the office, in a maintenance shop, or on the road. The united is value is about sharing knowledge, experiences, and ideas with each other. Especially, with approximately 40 locations across the country, RATP Dev USA's fosters a united culture that learns from one another, sharing best practices and creating a culture conducive to continuous improvement. Caring is the value that reminds us to never forget who we are working for. RATP Dev USA provides and essential community service that is there when people need us the most. The effective value is about honoring the commitment to do what we say we are going to do. Safety is essential to delivering effective, quality service that is on time, every time. The daring value is about taking on new challenges and pursuing new opportunities. RATP Dev USA seeks to be a healthy, growing business that is diversified, which can only be accomplished by establishing new relationships and taking on new challenges.

7.2 Safety Competencies and Training

RATP Dev USA's safety training program is foundational to putting the company's values into action. The training program provides courses designed for management, supervisors and functions designated as sensitive by the U.S. DOT and RATP Dev (operators, dispatchers, and mechanics). As the safety program continuously improves, the safety training program also evolves to incorporate training on trending risk areas, best practices, lessons learned, and input from external sources such as RATP Dev's Technical Department and the FTA. The safety training and safety assurance functions complement each other to ensure the training administered is being applied and working as intended. The findings from safety assurance oversight are incorporated into the safety risk management process, resulting in a continuously improving safety action plan that systematically drives training program improvements.

7.2.1 Safety Management Training

All RATP Dev USA GMs and SMs receive instructor-led, classroom-based safety management training conducted by the safety and risk departments. The training covers the principles of RATP Dev USA's SMS (Safety Policy, Safety Risk Management, Safety Assurance, and Safety Promotion). The training course proceeds to train the GMs and SMs on how to use the tools provided to proactively manage their safety risks to continuously improve performance. Specifically, the safety management course covers:

- How to use SafeTracker, the company's software for safety and security event reporting, investigation, and data collection
- How to use Fleet Response, the company's software for managing AL claims.
- How to use TriageNow and Helsman, RATP Dev USA's tools for managing WC claims.
- How to use DriveCam telematics technology to detect and address risky behaviors.
- How to response to employee voluntary safety reports.
- How to use Qlik Sense, the company's business intelligence tool that is used for KPI tracking as well as data trending and analysis.
- How to use internal controls, audits, trail checks, mystery riders and other safety assurance oversight to proactive detect and systemically improve safety risk management
- How to use all the data from safety and security events, WC and AL claims, telematics, voluntary safety reports, and safety assurance oversight to create dynamic, data driven safety actions plans in Monday.com that reflect
    - The prioritized safety risks facing the operation
    - The actions being taken to mitigate them
    - The KPIs used to measure effectiveness

7.2.2 Operator Safety Training

RATP Dev USA safety training for new operators includes a minimum of 120 hours of training (15 days). The company combines the principles of SMS with curriculum incorporated from the Transit and Paratransit Company (TAPTCO), which is recognized as the industry standard for safety training in transit. RATP Dev classroom training includes the LLC methodology (Look Ahead, Look Around, Leave Room, Communicate), drug and alcohol training, defensive driving, customer service, sensitivity/empathy training, accident and emergency procedures, and mobility device loading and securement procedures. Training for new CDL operators includes the coursework outlined below, with a minimum of 40 additional hours of Behind-The-Wheel (BTW) training and a minimum of 40 additional hours of one-on-one training in revenue service.

7.2.2.1 Classroom Skills Training

RATP Dev USA's training for new operators involves a detailed examination of the rules, policies, and safety procedures. Initial operator training includes a minimum 40 hours of classroom instruction, with a strong emphasis on developing the necessary skills to operate the vehicles, assist customers, understand the routes, adhere to manifests, and drive defensively. The classroom training includes:

- Operator manual, employee rulebook and uniform requirements
- Courteous and professional customer relations
- Radio communication procedures and codes; Defensive driving; safety and accident prevention
- Sensitivity training with an emphasis on working with individuals with disabilities
- Revenue vehicle types technical and safety training

Additionally, RATP Dev USA's comprehensive operator training curriculum focuses on achieving excellence in customer service. Customer service modules are included in new hire and refresher training. Customer service training is delivered using different training techniques, such as classroom training, BTW training, role-playing exercises, and verbal de-escalation training. The company's scenario-based training sessions feature the following themes:

- Winning Attitude – Operator sets the tone for being courteous and patient
- Communication Skills – Body language, tone, eye contact
- Conflict Resolution – Knowing personal / common triggers.
- Customers with Disabilities – ADA Compliance, passenger rights, and sensitivity
- Resources – Available policy and performance expectations
- A Self-evaluation Module – Evaluates one's behavior
- Customer Loyalty – Customer assistance, positive experiences, and feedback

7.2.2.2 ADA Compliance and Mobility Device Securement Training

RATP Dev USA understands that we are providing an essential service to the communities we serve and this service includes supporting the most vulnerable among us. The company takes the preparation to serve people with disabilities seriously. Operators are trained to be sensitive and patient when interacting with customers. At least eight hours of operator classroom training is spent on sensitivity training with regards to serving older adults and people with disabilities. New operator training also includes an emphasis on proper wheelchair and scooter boarding, securement, and alighting. Additionally, the training ensures that operators understand all American with Disabilities Act (ADA) laws and passenger rights.

7.2.2.3 Behind-the-Wheel Training

RATP Dev USA's BTW training allows trainees to implement classroom lessons in a controlled operations environment, prior to in-revenue service training. Operators complete 40 hours of BTW service and must demonstrate mastery of BTW operations and procedures before they can begin the next stage of training. Examples of BTW coursework include:

- Pre-trip vehicle inspection and defect reporting
- Wheelchair and scooter lifts and accessibility devices
- Revenue vehicle type familiarization and maneuvers, including acceleration, deceleration, and turning
- Route and schedule or manifest adherence
- Application of defensive driving techniques
- Onboard equipment storage and usage

7.2.2.4 Cadet Training

Once operators have successfully completed a BTW assessment for non-revenue service training and passed a mastery test covering classroom training content, they will enter the cadet phase of training for a minimum of 40 hours. Cadet training includes the application of classroom procedures as well as BTW training. Certified senior operators who support operator training are qualified as instructors based on a safe driving record, a proven record of professional driving experience, and demonstrated ability to provide high-quality customer service.

7.2.2.5 Operator Refresher Training (Annual and Post Safety Event)

To ensure operators are prepared and continuously supported, RATP Dev creates retraining opportunities on an annual basis and as needs dictate based on performance. In mandatory annual refresher training, operators refresh their fundamental safety skills and get training on the latest advancements based on lessons learned and efforts to continuously improve. For example, refreshing training includes a review of selected customer service reports or safety and security events, which provide an opportunity to reflect and determine if the training provided was applied in each of the situations. Additionally, retaining classes will be provided for operators who have had one or more of the following occurrences in the previous 12 months:

- Preventable Accidents – Operators that had a preventable accident will receive defensive driving retraining and an onboard evaluation
- Non-Preventable Accidents – Operators that had two non-preventable accidents will receive defensive driving retraining and an onboard evaluation
- Customer Service – Operators who are charged with verified customer service complaints will receive customer service retraining
- ADA Violations – Operators who are found to violate ADA policies and procedures receive counseling, discipline, and a retraining of four hours.

7.2.3 Road Supervisor Training

Initial training for road supervisors is a minimum of 40 hours supplemented with on-the-job training and mentoring. Supervisors are educated on all the functions of service supervision, operator management, system software, and radio communications. Road supervisors are trained in customer relations skills and operating policies to handle customer service inquiries and concerns. Supervisors are given customer service training so they can respond appropriately to customers in various situations. This training includes strategies for de-escalating situations when responding to calls for assistance with passengers. At the end of their training, supervisors are proficient in the following areas:

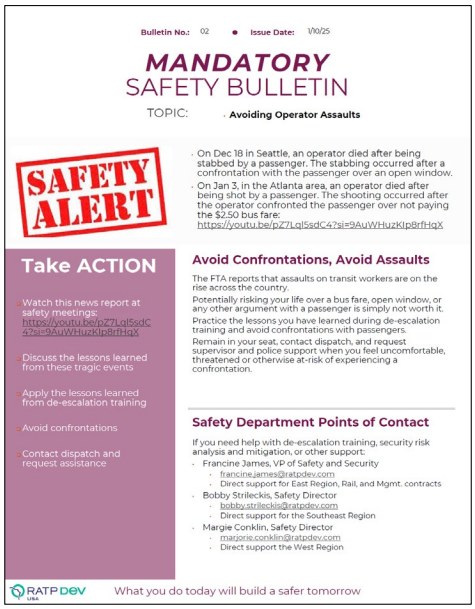
- Daily documentation of service operations, discrepancies, and actions
- Coach/mentor operators and dispatch to enhance service delivery
- Manage communication and escalation of concerns, safety/security events, or medical emergencies
- Monitor schedule compliance and operator performance time
- Support management and maintenance to maintain a high level of performance
- Ensure daily paperwork is complete and accurate prior to the end of shift

7.2.4 Dispatch Training

RATP Dev USA hires experienced operators or supervisors to become dispatchers. Dispatchers are responsible for coordinating the safe movement of revenue vehicles and communicate directly with operators when required. Dispatchers receive on-the-job training to include how to use dispatching software, how to manage the operation's schedule efficiently, and how to follow special instructions to support operators during road calls, emergencies, safety or security event reporting, and how to address any other issues that surface outside of standard operations.

7.2.5 Maintenance Training

RATP Dev USA has a corporate maintenance director that works with maintenance management at each location to ensure mechanics are trained to meet the needs of each location's specific fleet. This on-the-job training includes servicing and repairing vehicles, maintenance software and technology, tools and equipment, service updates and technical bulletins, and complying with safety procedures to include use of personal protective equipment. Additionally, the corporate safety department recommends that all mechanics complete OSHA 30-Hour Training (for general industry). The content of OSHA safety training includes:



- Hazard Communication (HAZCOM)
- Hazardous Materials (HAZMAT)
- Fall Protection
- Ergonomics
- Bloodborne Pathogens
- Lockout / Tagout (Electrical Safety)
- Personal Protective Equipment
- Fire Prevention and Protection
- Welding and cutting
- Machine Guarding

7.3 Safety Communication

RATP Dev USA implements a variety of safety communication techniques to engage the workforce and shape the company's culture. The safety department issues a series of different types of safety bulletins to enhance safety knowledge, share best practices, and mandate compliance with emerging requirements when needed. The company's monthly newsletter and Blink app regularly features safety messaging, celebrates safety accomplishments, and recognizes employees for safe performance. A dedicated meeting cadence includes monthly safety meetings, monthly all-hands safety manager meetings, monthly safety meetings held locally with frontline employees, and the weekly Executive Accident Review Board (EARB) chaired by the CEO. Additionally, the safety department partners with operations and local teams to launch targets engagement campaigns and initiatives that are data driven based on safety performance trends. All this information is continuously maintained and made available on a web-based safety resource hub that provides a centralized location for processes, procedures, training materials, videos, job aids, and all other safety related materials in one place.

7.3.1 Safety Bulletins

A foundational component of RATP Dev USA's communication strategy is to engage through as series of bulletins issued by the safety department. There are three types of safety bulletins: informational, recommended, and mandatory. The informational safety bulletins contain no compliance requirements but share information such as the latest industry trends, seasonal changes, explanations of regulatory requirements, and provide guidance on SMS principles. The recommended safety bulletins share best practices, lessons learned, examples from other locations or industries but compliance with a recommendation is not required. The mandatory safety bulletins issue requirements that must be complied with by every effected location. For example, if a defective vehicle component is discovered that has the potential to cause a fire, a mandatory safety bulletin would be issued requiring a maintenance action to remove and replace the potentially faulty component proactively on all effected vehicles. The GMs and SMs are required to post safety bulletins on the bulletin board in their employee lounges and share relevant information from safety bulletins at their monthly safety meetings. The GMs and SMs are also required to update their safety action plans with requirements that come from mandatory safety bulletins. The safety and operations directors have the responsibility for performing oversight to verify compliance with mandatory safety bulletin requirements.

Bulletin No.: 02 • Issue Date: 1/10/25

MANDATORY
SAFETY BULLETIN

TOPIC: Avoiding Operator Assaults

SAFETY ALERT

- On Dec 18 in Seattle, an operator died after being stabbed by a passenger. The stabbing occurred after a confrontation with the passenger over an open window.
- On Jan 3, in the Atlanta area, an operator died after being shot by a passenger. The shooting occurred after the operator confronted the passenger over not paying the $2.50 bus fare:

Take ACTION

- Watch this news report at safety meetings
https://youtu.be/pZ7LqI5sdC47si=9AuWHuzKIp8rfHqX
- Discuss the lessons learned from these tragic events
- Apply the lessons learned from de-escalation training
- Avoid confrontations
- Contact dispatch and request assistance

Avoid Confrontations, Avoid Assaults

The FTA reports that assaults on transit workers are on the rise across the country.
Potentially risking your life over a bus fare, open window, or any other argument with a passenger is simply not worth it.
Practice the lessons you have learned during de-escalation training and avoid confrontations with passengers.
Remain in your seat, contact dispatch, and request supervisor and police support when you feel uncomfortable, threatened or otherwise at-risk of experiencing a confrontation.

Safety Department Points of Contact

If you need help with de-escalation training, security risk analysis and mitigation, or other support:
- Francine James, VP of Safety and Security
  - francine.james@ratpdev.com
  - Direct support for East Region, Rail, and Mgmt. contracts
- Bobby Strileckis, Safety Director
  - bobby.strileckis@ratpdev.com
  - Direct support for the Southeast Region
- Margie Conklin, Safety Director
  - margie.conklin@ratpdev.com
  - Direct support the West Region

RATP DEV USA What you do today will build a safer tomorrow

7.3.2 Focus Newsletter and Blink

The business development and marketing department publish a monthly company newsletter that highlights the great work and community engagement that takes place across the company. The safety department works closely with the business development and marketing department to ensure the newsletter consistently features safety messaging, celebrates safety accomplishments, and recognizes employees for safe performance. Additionally, the company has implemented Blink app, which is a mobile-first, all-in-one communication and collaboration platform designed specifically for engagement with front line workers. All employees can make posts, share messages, videos, alerts, and other information that directly reaches the frontline workforce and allows them to acknowledge, comment, and communicate directly through the platform.

SANTA MARIA REGIONAL TRANSIT UNVEILS NEW MICROTRANSIT SERVICE
THE COMET: FIRST BATTERY ELECTRIC BUS
WSTA Hosts TAPTCO Certified Instructor Training, Welcomes Eight New Certified Trainers in NC
~ Submitted by Brandie Peterson
The Winston-Salem Transit Authority (WSTA) recently hosted a TAPTCO (Transit & Paratransit Company) Certified Instructor Training class, resulting in the certification of eight (8) new trainers. The program, held at WSTA's facility, aims to enhance safety and operational excellence within RATP Dev USA's NC locations.
The newly certified trainers are now equipped to implement TAPTCO's nationally recognized safety programs across North Carolina. The course covered key areas such as defensive driving, passenger management, and emergency response, ensuring the trainers are well-prepared to uphold the highest standards in transit operations.
With these new certifications, North Carolina continues to strengthen its commitment to safe and efficient transportation services.

7.3.3 Safety Meeting Cadence

The corporate safety department conducts monthly safety meetings for each region (east, southeast, west, seasonal, management/rail). At the meetings, the corporate safety department discusses any new safety bulletins that have been published, any new campaigns or initiatives, as well as other activities such as planned corporate audits, location visits, etc. At these meetings, the GMs are required to provide reports out on 1) the top safety risks facing their operation; 2) the safety action plans in place to mitigate those risks; and 3) the KPIs that measure the effectiveness of their safety risk. The reports include a discussion around what actions are working well, what other locations are doing, and where opportunities for improvement exist. The GMs work with their SMs to strengthen and continuously improve their actions plans based on the feedback. The safety department also holds a monthly all-hands safety meeting with all the SMs in the company. This safety-specific meeting is intended to engage safety managers on expectations specifically for implementing the company's SMS to include best practices, lessons learned, examples from locations across the company, and corporate feedback. As the safety program evolves, the expectations for the SMs continue to evolve and this meeting provides the forum where those expectations are communicated and discussed to achieve a shared understanding across the corporate and field levels. The EARB is a weekly meeting chaired by the CEO that reviews all the NTD major accidents (also known as Level 2s and 3s in the safety event reporting matrix). The safety department also includes significant near-misses and employee voluntary safety reports. At this meeting, the GMs are required to present the results of the investigation conducted in in detail with video, pictures, and other information and then present the actions that will be taken to effectively mitigate the underlying risk. The actions reported are then incorporated into their safety action plans in Monday.com for implementation and oversight.

7.3.4 Targeted Safety Campaigns

The corporate safety department partners with the operations department and locations to implement targeted campaigns based on emerging trends in safety performance. For example, in 2024 an intersection safety awareness campaign was launched after a spike in pedestrian strikes revealed they were occurring at intersections. The campaign required all operators to be re-trained in the safety skills required to maneuver through intersections safely (among other actions). The campaign was successful in snapping the trend and improving safety performance. Additionally, there is a seasonality to safety performance. The timeframe from Memorial Day in May through Labor Day in September is commonly referred to as the 101 critical days of summer. Across a variety of industries safety events tend to trend higher during this period, which is attributed to an increase in distraction brought about by significant change (for example, kids being out of school, vacation being planned, adjusting to summer heat, etc.). Each year, RATP Dev USA launches a summer safety campaign designed to mitigate the effects of heat with the goal of mitigating the anticipated upward trend. A similar trend can occur after the transition to wintertime, as freezing temperatures, icy conditions, and holiday preparations create an environment conducive to elevated levels of risk and distraction that adversely affect safety performance. The GMs and SMs of each location are required to work collaboratively with corporate operational and safety leadership to implement targeted campaigns that respond to trends, seasonality, and anticipated elevation in risk levels – before safety events have the opportunity to occur.

7.3.5 Safety and Operations Resource Hubs

The safety and industrial engineering department maintains the safety resource hub, which is a SharePoint based website available on the company intranet that provides a one-stop-shop for safety bulletins, training materials, campaign information, and all other safety related information. By providing a centralized location for all safety resources, any employee can start with the safety resource hub when they are looking for the latest safety bulletin, this plan, or any other information. Additionally, the safety and industrial engineering department maintains the operations resource hub, which encompasses all the best practices, standards, and procedures covering finance, human resources, safety, management, operations, maintenance, customer service, and ethics. All the resources have been integrated into the *GM Digital Binder* providing an easily navigable tool that enables operational leaders to conduct business consistent with values and standards of RATP Dev USA.

8.0 Additional Information

Supporting Documentation
49 CFR Part 670 Public Transportation Safety Program
49 CFR Part 673 Public Transportation Agency Safety Plan
National Public Transportation Safety Plan (April 2024)
RATP Dev USA Employee Handbook

8.1 Definitions of Special Terms

Term	Definition
Accountable Executive	A single, identifiable person who has ultimate responsibility for carrying out the Public Transportation Agency Safety Plan of a transit agency; responsibility for carrying out the transit agency's Transit Asset Management Plan; and control or direction over the human and capital resources needed to develop and maintain both the transit agency's Public Transportation Agency Safety Plan, in accordance with 49 U.S.C. 5329(d), and the transit agency's Transit Asset Management Plan in accordance with 49 U.S.C. 5326.
Injury	Any harm to persons as a result of an event that requires immediate medical attention away from the scene.
Investigation	The process of determining the causal and contributing factors of a safety event, for the purpose of preventing recurrence and mitigating safety risk.
Performance Measure	An expression based on a quantifiable indicator of performance or condition that is used to establish targets and to assess progress toward meeting the established targets.
Public Transportation Agency Safety Plan	The documented comprehensive agency safety plan for a transit agency that is required by 49 U.S.C. 5329 and 49 CFR Part 673.
Safety	Freedom from unintentional harm.
Safety Assurance	Processes within a transit agency's SMS that functions to ensure the implementation and effectiveness of safety risk mitigation, and to ensure that the transit agency meets or exceeds its safety objectives through the collection, analysis, and assessment of information.

Safety Event	An unexpected outcome resulting in injury or death; damage to or loss of the facilities, equipment, rolling stock, or infrastructure of a public transportation system; or damage to the environment.
SMS Executive	Chief Safety Officer or equivalent that is an adequately trained individual who has responsibility for safety and reports directly to a transit agency's chief executive officer, general manager, president, or equivalent officer.
Safety Management Policy	A transit agency's documented commitment to safety, which defines the transit agency's safety objectives and the accountabilities and responsibilities for the management of safety.
Safety Management System	The formal, organization-wide approach to managing safety risk and assuring the effectiveness of a transit agency's safety risk mitigation. SMS includes systematic procedures, practices, and policies for managing hazards and safety risk.
Safety Performance Target	A quantifiable level of performance or condition, expressed as a value for the measure, related to safety management activities, to be achieved within a specified time period.
Safety Promotion	A combination of training and communication of safety information to support SMS as applied to the agency's public transportation system.
Safety Risk	The composite of predicted likelihood and severity of a potential consequence of a hazard.
Safety Risk Assessment	The formal activity whereby a transit agency determines Safety Risk Management priorities by establishing the significance or value of its safety risks.
Safety Risk Management	A process within a transit agency's Public Transportation Agency Safety Plan for identifying, analyzing, assessing, and mitigating the safety risk of their potential consequences.
Safety Risk Mitigation	A method(s) to eliminate or reduce the likelihood and severity of a potential consequence of a safety risk.
Security	Freedom from intentional harm.
Transit Worker	Any employee, contractor, or volunteer working on behalf of the public transit agency.

8.2 Acronyms

Acronym	Word or Phrase
ADA	Americans with Disabilities Act
ASP	Agency Safety Plan
BTW	Behind-The-Wheel
CBA	Collective Bargaining Agreement
CDL	Commercial Driver's License
CEO	Chief Executive Officer
CFO	Chief Financial Officer
CPO	Chief People Officer
DOT	Department of Transportation
EXCO	Executive Council
FTA	Federal Transit Administration
GM	General Manager
KPI	Key Performance Indicator
MIL-STD	Military Standard
OSHA	Occupational Safety and Health Administration
PPE	Personal Protective Equipment
PTASP	Public Transportation Agency Safety Plan
SM	Safety Manager
SMS	Safety Management System
SOP	Standard Operating Procedure
SVP	Senior Vice President
TAPTCO	Transit and Paratransit Company

Appendix A – Safety Management Policy

LIMITED SHARING

Title Safety Management Policy	Effective Date February 15, 2025
Approver Matthew Booterbaugh	Revision Date NEW

1) Purpose.
   a) The vision of RATP Dev USA is to become the transit industry leader in safety.
   b) The mission is to achieve this vision by developing and implementing a world class, industry-leading Safety Management System (SMS).
   c) The purpose of this safety management policy is to establish RATP Dev USA's commitment to the development, implementation, and continuous improvement of an integrated SMS that encompasses both operational and occupational safety requirements in accordance with:
      i) 49 CFR Part § 673 Public Transportation Agency Safety Plan
      ii) 29 CFR Part § 1910 Occupational Safety and Health Standards
      iii) RATP Dev WE SAFE Safety Policy (RDSA_SAF_Policy_Safety)
      iv) State Safety Oversight Agency (SSOA) Program Standards (for rail operations)
      v) RATP Dev USA's Public Transportation Agency Safety Plan (ASP)

2) Scope.
   a) This policy applies to all RATP Dev USA employees to include those working under both operating and management contracts across all modes (bus, paratransit, and rail).

3) Definitions.
   a) **Accountable Executive** – In accordance with 49 CFR Part § 673.23(d)(1) and 49 CFR Part § 673.5 accountable executive means a single, identifiable person who has ultimate responsibility for developing and implementing the SMS by providing control and direction over human and capital resources.
      i) At the corporate level, RATP Dev USA's accountable executive is the Chief Executive Officer (CEO).
      ii) At the location level, RATP Dev USA's accountable executives are the General Managers (GMs).
   b) **Agency Leadership and Executive Management** – In accordance with 49 CFR Part § 673.23(d)(3), agency leadership and executive management means members of RATP Dev USA's leadership team, other than the accountable executive or SMS executive, who have authorities and responsibilities for day-to-day implementation and operation of the SMS.
      i) At the corporate level, RATP Dev USA's leadership includes the Executive Council (EXCO) who are the CEO's direct reports and the Senior Leadership Team (SLT) who are director level and above.
      ii) At the location level, RATP Dev USA's leadership includes the GMs, their Assistant General Managers (AGMs), and designated key staff.

c) **Executive Council (EXCO)** – The EXCO is composed of the CEO's direct reports. Specifically, the Chief Financial Officer (CFO), Chief People Officer (CPO), Chief Development Officer (CDO), Senior Vice President (SVP) of Operations, SVP of Safety and Industrial Engineering, and SVP of Risk.

d) **Key Staff** – In accordance with 49 CFR Part § 673.23(d)(4), staff, groups of staff, or committees designated to support the accountable executive and SMS executive in developing, implementing, and operating SMS.

   i) At the corporate level, the CEO designates key staff in coordination with the EXCO and formally identifies them in the ASP.

   ii) At the location level, the GM designates key staff in coordination with their leadership teams, and formally identifies them in the location-specific ASP.

e) **Public Transportation Agency Safety Plan** – RATP Dev USA's plan for becoming the industry leader in safety through the development and implementation of a world class SMS.

f) **Safety Assurance** – In accordance with 49 CFR Part § 673.5, safety assurance is the third component of SMS and reflects processes within RATP Dev USA's ASP that provide oversight to verify compliance, investigation to determine root cause and corrective action, and data analysis to measure effectiveness. The results of safety assurance activities are incorporated into the safety risk management component of SMS to create a systematic loop that drives continuous improvement.

g) **Safety Culture** – An environment conducive to employees feeling encouraged and empowered to voice safety concerns across all levels of the organization to include using RATP Dev USA's voluntary employee safety reporting program without fear of reprisal.

h) **Safety Management Policy** – In accordance with 49 CFR Part § 673.5, Safety Management Policy is the first component of the SMS and formalizes RATP Dev USA's commitment to developing and implementing a world class, industry leading safety program.

i) **Safety Promotion** – In accordance with 49 CFR Part § 673.5, safety promotion is the fourth component of the SMS and reflects RATP Dev USA's training and engagement efforts to shape safety culture.

j) **Safety Risk Management** – In accordance with 49 CFR Part § 673.5, safety risk management is the second component of the SMS and reflects a process for proactively identifying, assessing, and mitigating safety risk with an emphasis on taking action before a safety event occurs.

   i) At the corporate level, the SMS executive is the Senior Vice President of Safety and Industrial Engineering.

   ii) At the location level, the SMS executive is the Safety Manager (SM) or the GM may serve in this capacity at small locations where no dedicated SM exists.

k) **SMS Executive** – In accordance with 49 CFR Part § 673.23(d)(2), the SMS executive is the Chief Safety Officer or equivalent that reports directly to and has been designated by the Accountable Executive with responsibility for day-to-day implementation and operation of the SMS.

l) **SMS** – In accordance with 49 CFR § 673.5, SMS is the proactive, systematic, organization-wide approach to managing safety risk and assuring the effectiveness of safety risk mitigations.

   i) At the corporate level, the safety department is responsible for leading the effort to develop and oversee implementation of RATP Dev USA's SMS as defined in the company's ASP.

   ii) At the location level, the GM is responsible for working with corporate and leading the implementation of the SMS in accordance with the company's ASP and additional requirements as applicable.

4) General Policy.

a) RATP Dev USA's SMS is composed of four components:

i) Safety Management Policy

ii) Safety Risk Management

iii) Safety Assurance

iv) Safety Promotion

b) **Safety Management Policy Requirements.** RATP Dev USA's ASP incorporates and expands upon the following requirements to comply with applicable laws, regulations, and RATP Dev requirements. Refer to ASP Section 2.0 Safety Management Policy for more information.

i) Safety Management Policy Statement: In accordance with 49 CFR Part § 673.23(a):

(1) At the corporate level, the CEO is responsible for signing a Safety Management Policy Statement that includes RATP Dev USA's safety objectives on an annual basis. RATP Dev USA's Safety Management Policy Statement has been included as an appendix to this policy.

(2) At the location level, GMs are responsible for establishing and signing Safety Management Policy Statements on an annual basis and maintaining them.

(3) All employees are responsible for knowing that safety is a top value at the company, a safety management policy is in place, the policy is accessible to them, and questions or feedback can be provided directly to their management or to corporate safety through the employee voluntary safety reporting program.

ii) Employee Voluntary Safety Reporting Program: In accordance with 49 CFR Part § 673.23(b):

(1) At the corporate level, the safety department is responsible for maintaining an employee voluntary safety reporting program that allows transit workers to report safety concerns, including assaults on transit workers, near-misses, and unsafe acts and conditions to senior management. The program protects transit workers who report safety conditions to senior management.

(2) At the location level, GMs and their staff are responsible for actively promoting the employee voluntary safety reporting program, posting the information needed for employees to access and use the reporting mechanism, working with corporate to disposition reports, taking action when deemed necessary, and following up with employees to ensure they know their voices are being heard.

(3) All employees are responsible for reporting safety risks or concerns when they are identified. Employee feedback, especially from the front line is foundational to proactive safety risk management. Employees are encouraged to report safety concerns directly to the leadership or through the employee voluntary safety reporting program.

(4) There are conditions when a reporting employee could be subject to discipline, specifically:

(a) The employee's action or lack of action was intended to damage RATP Dev USA's equipment

(b) The employee's action or lack of action purposely places others in danger

(c) The employee's action or lack of action involved a criminal offense

(d) The employee's action or lack of action violated a traffic safety law leading to a citation

(e) The employee's behavior involved substance abuse

(f) The report contains falsified information

iii) Communication: In accordance with 49 CFR Part § 673.23(c):

(1) At the corporate level, the safety department is responsible for communicating this Safety Management Policy throughout the organization using email, monthly safety meetings, and other forms of communication in an effort to reach every employee.

(2) At the location level, GMs and their staff are responsible for communicating this Safety Management Policy at local safety meetings, posting the policy where the information is accessible to frontline employees, and using other forms of communication to reinforce the effort to reach every employee.

(3) All employees have the responsibility to review the safety management policy, ask questions, provide feedback, and contribute to continuously improving the policy.

iv) Necessary Authorities, Accountabilities, and Responsibilities: In accordance with 49 CFR Part § 673.23(d), RATP Dev USA has established the necessary authorities, accountabilities, and responsibilities for each of the following roles in the ASP:

(1) The CEO is the Accountable Executive at the corporate level.

(2) The GMs are the Accountable Executives as the location level.

(3) The SVP of Safety and Industrial Engineering is the SMS Executive at the corporate level.

(4) The safety managers are the SMS Executives at the location level (GMs may also serve in this role at smaller locations).

(5) The EXCO are the company's leadership and executive management at the corporate level.

(6) The AGMs and designated staff are the company's leadership at the local level.

(7) Key Staff are designated by the CEO at the corporate level and GMs designated key staff at the local level; these designations are captured in the ASP.

(a) The corporate safety directors are responsible for driving implementation of this Safety Management Policy and ASP.

(b) The corporate operations directors are responsible for overseeing implementation of this Safety Management Policy and ASP.

(c) The corporate operations and safety directors work together to drive the successful implementation of the company's SMS.

c) **Safety Risk Management Requirements.** In accordance with 49 CFR Part § 673.25(a), RATP Dev USA describes the safety risk management process in the ASP, including the methods for conducting safety risk identification, safety risk assessment, and safety risk mitigation.

i) Safety Risk Identification: In accordance with 49 CFR Part § 673.25(b), RATP Dev USA describes the method for identification of safety risks in the ASP. The methodology includes considering the following sources for data and information used in the identification of safety risks (1) leading and lagging indicator data from safety event reporting, claims, trends in Key Performance Indicators (KPIs), (2) risky behaviors detected by telematics; (3) data and information provided by an oversight authority, including but not limited to FTA, the State, or as applicable, the State Safety Oversight Agency having jurisdiction; (4) data and information regarding exposure to infectious disease provided by the Center for Disease Control (CDC) or a State health authority; (5) results from safety assurance activities to verify compliance and measure effectiveness of operations performance; (6) employee voluntary safety reporting.

(1) At the corporate level, the safety department is responsible for developing, training, and overseeing implementation of the safety risk management standards that include risk identification through research and data driven analysis.

(2) At the location level, the GMs and SMs are responsible for meeting corporate safety risk management standards for risk identification by collecting the data, performing risk analysis, and interpreting the results to proactively identify their safety risks.

(3) All employees are responsible for promptly reporting safety risks and concerns, providing recommendations on how to mitigate risks, and following-up or escalating when needed to ensure action is taken to effectively mitigate.

ii) Safety Risk Assessment: In accordance with 49 CFR Part § 673.25(c), RATP Dev USA describes the method for assessing safety risks in the ASP. The methodology includes assessing the likelihood of realizing the safety risk and severity of the consequences with existing mitigations considered. The safety risks shall be prioritized based on the results of the assessment.

(1) At the corporate level, the safety department is responsible for developing, training, and overseeing implementation of the safety risk management standards that include performing risk assessments to prioritize identified risks in accordance with the MIL-STD-882E methodology.

(2) At the location level, the GMs and SMs are responsible for meeting corporate safety risk management standards for risk assessment by applying the MIL-STD-882E methodology resulting in prioritization of risks based on their likelihood to occur and severity of consequences.

(3) All employees should maintain for understanding the top risks facing their operation, which is based on the results of the location's safety risk assessment. Employees are responsible for engaging in a constructive dialogue about the risks, how they are mitigated, and opportunities for improvement.

iii) Safety Risk Mitigation: In accordance with 49 CFR Part § 673.25(d), RATP Dev USA describes the method for identifying the required safety risk mitigations as a result of conducting safety risk assessments to reduce the likelihood of an occurrence and severity of the potential consequences. In addition to risk assessments, the company considers the following sources for risk mitigation: (1) guidance provided by oversight authorities to include the FTA and RATP Dev; (2) guidelines to prevent or control exposure to infectious diseases provided by the CDC or a State health authority.

(1) At the corporate level, the safety department is responsible for developing, training, and overseeing implementation of the safety risk management standards that include developing mitigations that proactively reduce safety risks, resulting in the systematic reduction of safety events and claims.

(2) At the location level, the GMs and SMs are responsible for meeting corporate safety risk management standards for risk mitigation by applying developing and implementing safety action plans that are specific, measurable, achievable, relevant, and time sensitive. The safety action plans must be continuously maintained with actions, completion dates, and personnel assigned to stay current with the constantly changing risk exposure associated with dynamic transit operations.

(3) All employees are responsible for complying with actions designed to mitigate risk. Continuously improving safety performance is an inherent responsibility of all transit workers. Employees are responsible for providing feedback on how well risk mitigations are working and recommend ways to improve them and propose additional or alternative mitigations.

d) **Safety Assurance Requirements.** In accordance with 49 CFR Part § 673.27(a), RATP Dev USA describes the safety assurance process in the ASP to include safety performance monitoring and measurement, safety event reporting and investigation, management of change, and continuous improvement.

i) Safety Performance Monitoring: In accordance with 49 CFR Part § 673.27(b), RATP Dev USA describes the methods of safety performance monitoring in the ASP. The monitoring is designed to assure compliance with, and effectiveness of: (1) operations and maintenance standard operating procedures; (2) safety risk mitigations as reflected in safety action plans; (3) information reported through the employee voluntary safety reporting program; (4) KPIs to identify trends that inform proactive risk mitigations.

(1) At the corporate level, the safety department is responsible for developing, training, and overseeing implementation of safety assurance standards for safety performance monitoring. This includes providing templates for standard operating procedures, overseeing safety action plans, reviewing the quality of safety investigations, engaging locations on employee voluntary safety reports to achieve effective resolution, and providing tools to visualize KPIs.

(2) At the location level, the GMs and SMs are responsible for meeting corporate safety assurance standards for safety performance monitoring by maintaining standard operating procedures; implementing effective safety action plans; conducting thorough investigations into safety events; working with the corporate safety department to address employee voluntary safety reports; and monitoring and acting on trends detected in KPIs.

(3) Employees are responsible for understanding their safety performance, which can come from telematics systems, coaching, passenger feedback, and other sources. Employees are responsible for working with oversight activities, understanding the results, providing feedback, and making adjustments based on the lessons learned.

ii) Safety/Security Event Reporting and Investigation: A safety or security event means an unexpected outcome resulting in injury or death; damage to or loss of the facilities, equipment, rolling stock, or infrastructure of a public transportation system; or damage to the environment.

(1) At the corporate level, the safety department is responsible for maintaining the incident notification matrix that specifies reporting requirements based on the nature and severity of the safety or security event. The safety department facilitates partners with field on ensure investigations are performed thoroughly with a focus on causal factors and corrective and preventive actions that will effectively mitigate the risk of recurrence. The safety department facilitates the Executive Accident Review Board (EARB) designed to ensure high-severity safety or security events (as defined by the notification matrix) have visibility at CEO and SVP levels with ability to provide leadership direction to further drive thorough investigations and effective action planning.

(2) At the location level, the GMs are responsible for promptly reporting safety or security events. Specifically, any security or safety event at Level 2 or above in the notification matrix shall be reported to the GMs corresponding operations director within four hours of becoming aware of the event. The event must be reported in RATP Dev's safety software within the same time period. GMs are responsible for working with the safety department, operations department, and their staff to ensure thorough investigations are conducted that focus on underlying causal factors and lessons learned, which are used to inform robust corrective and preventive actions that are incorporated into the locations safety action plan. GMs are required to present their safety or security events, investigation findings, and planned actions at EARBs.

(3) All employees are responsible for cooperating fully with safety reporting and investigation requirements. This responsibility includes promptly reporting safety or security events when they

occur, providing detailed statements, completing drug and alcohol testing when required, and providing any additional information that can help effectively mitigate the risk of a recurrence.

iii) Management of Change: In accordance with 49 CFR Part § 673.27(c), RATP Dev USA describes how change is managed in the ASP to include identifying and assessing changes that may introduce risk to safety performance. The safety risk management process shall be used to evaluate how a change may impact safety performance and determine how those risks are managed.

(1) At the corporate level, the safety department is responsible for developing, training, and overseeing implementation of the safety assurance standards for change management. This includes guidance on how to apply the safety risk management approach to identify, assess, and mitigate the risk(s) introduced by change, which comes in a variety of forms such as new equipment, new personnel, new routes or service levels, etc.

(2) At the location level, the GMs and SMs are responsible for meeting corporate safety assurance standards for change management by working with safety department to proactively identify changes coming to the operation and applying the safety risk management approach to identify, assess, and mitigate the risk(s) resulting from the changes being introduced.

(3) All employees are responsible for reporting safety concerns or risks associated with change. The frontline transit workers are often experiencing change in terms of new buses, streetcars, or other equipment, new route adjustments or frequencies, and other forms of change. These changes have the potential to introduce risk and all employees have a responsibility to proactively report their safety risks or concerns associated with change in an effort to proactively mitigate them.

iv) Continuous Improvement: In accordance with 49 CFR Part § 673.27(d), RATP Dev USA describes its method of continuous improvement in the ASP to include a process for assessing safety performance and under the direction of the CEO. The systematic approach to continuous improvement includes: (1) identification of deficiencies in the company's SMS; (2) identification of deficiencies in performance against safety targets; (3) complying with any requirements established by RATP Dev, State Safety Oversight Agencies, FTA, state DOTs, or other entities; (4) mitigating safety risks based on implementing the SMS safety risk management and safety assurance processes.

(1) At the corporate level, the safety department is responsible for developing, training, and overseeing implementation of the safety assurance standards for continuous improvement. This includes conducting audits of training programs, supporting FTA triennial audits, facilitating RATP Dev corporate audits, requiring mitigations that target company-wide systemic risks, and implementing additional initiatives that are designed to strengthen the company's SMS.

(2) At the location level, the GMs and SMs are responsible for meeting corporate safety assurance standards for continuous improvement by preparing for and supporting RATP Dev USA audits, RATP Dev corporate audits, FTA triennial audits, implementing companywide risk mitigations, and implementing additional companywide initiatives that are designed to strengthen the company's SMS. GMs and SMs are responsible for ensuring all findings resulting from audits are incorporated into safety action plans and effectively resolved.

(3) There is always room for improvement and often, frontline transit workers know these opportunities better than anyone. All employees have a responsibility to communicate opportunities to improve safety by either reporting them directly to their management or using the employee voluntary safety reporting program.

e) **Safety Promotion Requirements.** RATP Dev USA's ASP incorporates and expands upon the following requirements in an effort to cultivate a safety culture that is foundational to the development and implementation of an industry-leading, world class safety program.

i) Competencies and Training: In accordance with 49 CFR Part § 673.29(a), RATP Dev USA describes its safety training program for those directly responsible for safety in the ASP. For the frontline workforce, The RATP Dev USA certified instructor program incorporates the Transit and Paratransit Company (TAPTCO) industry standard. For location managers, the safety management training program incorporates SMS principles and best practices to include use of internal processes and tools that enable effective implementation. The safety training program shall be continuously improved in alignment with the development and implementation of the SMS.

(1) At the corporate level, the safety department is responsible for developing and facilitating the implementation of training standards as described in the ASP.

(2) At the location level, GMs, SMs, as well as operations and training managers (where applicable) are responsible for meeting corporate training standards by implementing processes, investing resources, and managing their employees to ensure compliance with all training requirements. GMs and SMs are responsible for ensuring that employee and training records are maintained, managed, and retrievable.

(3) All employees are responsible for completing their training requirements. This responsibility includes knowing that your training records are on file, current, and complete. Management and employees have joint responsibility for ensuring that all training requirements are met and that employee records properly reflect training completion and currency.

ii) Safety Communication: In accordance with 49 CFR Part § 673.29(b), RATP Dev USA describes how safety performance information is communicated throughout the company in the ASP. The communication and engagement approach includes a safety meeting cadence, mandatory and informational safety bulletins, a safety resource hub, field visits, a safety bulletin board, and employee recognition. Transit workers are informed of the safety risks relevant to their roles and responsibilities and the mitigations (actions being taken) at monthly safety meetings, posts on bulletin boards, coaching sessions, and other forms of communication and engagement.

(1) At the corporate level, the safety department is responsible for conducting monthly safety meetings, issuing safety bulletins, maintaining the safety resource hub, managing the employee voluntary safety reporting program, conducting field visits, facilitating the executive accident review board, and continuously engaging to ensure RATP Dev USA's safety program reaches every employee.

(2) At the location level, GMs and SMs are responsible for holding safety meetings with the frontline workforce, disseminating and complying with safety bulletin requirements, addressing employee voluntary safety reports, participating in the executive accident review board, and developing creative ways to engage the workforce to ensure the safety program reaches every employee.

(3) All employees are responsible for knowing where they can access the latest safety information whether online or physically. Employees are responsible for knowing they have a voice and have the ability to use it either by communicating directly with their management or using the voluntary employee safety reporting program. Employees are responsible for actively participating in their locations safety meeting cadence, complying with training requirements, safety campaigns, and related activities designed to continuously improve safety performance.

Appendix B – Safety Management Policy Statement

LIMITED SHARING

Safety Management Policy Statement

Corporate

In support of RATP Dev USA's vision of being the transportation industry leader in safety and the company's Public Transportation Agency Safety Plan (PTASP), as the quality choice in public transportation, we are committed to continuously improving our safety performance through the development and implementation of a world class, robust Safety Management System (SMS).

COMMITMENT TO SAFETY MANAGEMENT SYSTEM

RATP Dev USA is committed to developing and delivering high quality transit systems, while operating in a manner that continuously improves the operational safety of our services and occupational safety for our employees. RATP Dev USA is committed to the implementation and continuous improvement of an effective SMS aligned with applicable regulatory standards and requirements. Successful implementation of a robust SMS reflects the following outcomes:

- We (all employees) are encouraged and empowered to voice safety and security concerns without fear of reprisal
- We take proactive action in response to safety risks to prevent injuries and safety/security events from occurring
- We know if our actions are working by measuring their effectiveness and we make adjustments when needed
- We apply lessons learned from our safety performance to drive continuous improvement

RATP Dev USA will provide the necessary financial and human resources to develop, implement, and oversee the SMS. Be establishing an industry leading, world class SMS, RATP Dev USA will systematically integrate proactive safety risk reduction practices into operations management that encompass service delivery, rolling stock and facility maintenance, and support services to continuously advance toward achieving the stated outcomes.

2025 RATP DEV USA SAFETY PERFORMANCE TARGETS

- Fatalities: The target is always zero
- Major Event Rate: Reduce Level 2/3 events by at least 10%
- Preventable AFR (P-AFR) – Reduce preventable safety and security events by at least 10%
- Injury Frequency Rate for Loss Time Injuries (IFR-LTI) – Reduce LTIs by at least 10%

0 – Fatalities Target

0.22 – Major Event Rate Target

0.90 – P-AFR Target

1.56 – IFR-LTI Target

0.014 – Pedestrian Collision Rate

2025 RATP DEV USA SAFETY OBJECTIVES

- Refresh RATP Dev USA's Public Transportation Agency Safety Plan
- Expand RATP Dev USA's Safety Key Performance Indicators
- Introduce company standards for Safety Risk Management and Safety Assurance
- Continuously improve Safety Action Plans
- Implement the Employee Voluntary Safety Reporting Program
- Incorporate the latest telematics capability and other safety technologies
- Complete rollout of the claims management process for worker's comp and auto liability
- Centralize and digitize recordkeeping
- Provide safety training for managers and frontline transit workers
- Perform internal audits, support RATP Dev and FTA Triennial audits to drive compliance and improvement

SAFETY STARTS WITH ME

ALL Managers have the responsibility to ensure that safe work conditions are maintained in their assigned work areas for all employees, clients, visitors, and contractors in accordance with regulatory, contractual, CBA, and company requirements. **ALL Employees** shall perform their jobs safely in accordance with regulatory, contractual, CBA, and company requirements. Employees shall promptly report safety risks to their supervision or through the voluntary safety reporting program.

Title Safety Management Policy	Effective Date February 15, 2025
Approver Matthew Booterbaugh	Revision Date NEW

1) Purpose.
   a) The vision of RATP Dev USA is to become the transit industry leader in safety.
   b) The mission is to achieve this vision by developing and implementing a world class, industry-leading Safety Management System (SMS).
   c) The purpose of this safety management policy is to establish RATP Dev USA's commitment to the development, implementation, and continuous improvement of an integrated SMS that encompasses both operational and occupational safety requirements in accordance with:
      i) 49 CFR Part § 673 Public Transportation Agency Safety Plan
      ii) 29 CFR Part § 1910 Occupational Safety and Health Standards
      iii) RATP Dev WE SAFE Safety Policy (RDSA_SAF_Policy_Safety)
      iv) State Safety Oversight Agency (SSOA) Program Standards (for rail operations)
      v) RATP Dev USA's Public Transportation Agency Safety Plan (ASP)

2) Scope.
   a) This policy applies to all RATP Dev USA employees to include those working under both operating and management contracts across all modes (bus, paratransit, and rail).

3) Definitions.
   a) **Accountable Executive** – In accordance with 49 CFR Part § 673.23(d)(1) and 49 CFR Part § 673.5 accountable executive means a single, identifiable person who has ultimate responsibility for developing and implementing the SMS by providing control and direction over human and capital resources.
      i) At the corporate level, RATP Dev USA's accountable executive is the Chief Executive Officer (CEO).
      ii) At the location level, RATP Dev USA's accountable executives are the General Managers (GMs).
   b) **Agency Leadership and Executive Management** – In accordance with 49 CFR Part § 673.23(d)(3), agency leadership and executive management means members of RATP Dev USA's leadership team, other than the accountable executive or SMS executive, who have authorities and responsibilities for day-to-day implementation and operation of the SMS.
      i) At the corporate level, RATP Dev USA's leadership includes the Executive Council (EXCO) who are the CEO's direct reports and the Senior Leadership Team (SLT) who are director level and above.
      ii) At the location level, RATP Dev USA's leadership includes the GMs, their Assistant General Managers (AGMs), and designated key staff.

c) **Executive Council (EXCO)** – The EXCO is composed of the CEO's direct reports. Specifically, the Chief Financial Officer (CFO), Chief People Officer (CPO), Chief Development Officer (CDO), Senior Vice President (SVP) of Operations, SVP of Safety and Industrial Engineering, and SVP of Risk.

d) **Key Staff** – In accordance with 49 CFR Part § 673.23(d)(4), staff, groups of staff, or committees designated to support the accountable executive and SMS executive in developing, implementing, and operating SMS.

   i) At the corporate level, the CEO designates key staff in coordination with the EXCO and formally identifies them in the ASP.

   ii) At the location level, the GM designates key staff in coordination with their leadership teams, and formally identifies them in the location-specific ASP.

e) **Public Transportation Agency Safety Plan** – RATP Dev USA's plan for becoming the industry leader in safety through the development and implementation of a world class SMS.

f) **Safety Assurance** – In accordance with 49 CFR Part § 673.5, safety assurance is the third component of SMS and reflects processes within RATP Dev USA's ASP that provide oversight to verify compliance, investigation to determine root cause and corrective action, and data analysis to measure effectiveness. The results of safety assurance activities are incorporated into the safety risk management component of SMS to create a systematic loop that drives continuous improvement.

g) **Safety Culture** – An environment conducive to employees feeling encouraged and empowered to voice safety concerns across all levels of the organization to include using RATP Dev USA's voluntary employee safety reporting program without fear of reprisal.

h) **Safety Management Policy** – In accordance with 49 CFR Part § 673.5, Safety Management Policy is the first component of the SMS and formalizes RATP Dev USA's commitment to developing and implementing a world class, industry leading safety program.

i) **Safety Promotion** – In accordance with 49 CFR Part § 673.5, safety promotion is the fourth component of the SMS and reflects RATP Dev USA's training and engagement efforts to shape safety culture.

j) **Safety Risk Management** – In accordance with 49 CFR Part § 673.5, safety risk management is the second component of the SMS and reflects a process for proactively identifying, assessing, and mitigating safety risk with an emphasis on taking action before a safety event occurs.

   i) At the corporate level, the SMS executive is the Senior Vice President of Safety and Industrial Engineering.

   ii) At the location level, the SMS executive is the Safety Manager (SM) or the GM may serve in this capacity at small locations where no dedicated SM exists.

k) **SMS Executive** – In accordance with 49 CFR Part § 673.23(d)(2), the SMS executive is the Chief Safety Officer or equivalent that reports directly to and has been designated by the Accountable Executive with responsibility for day-to-day implementation and operation of the SMS.

l) **SMS** – In accordance with 49 CFR § 673.5, SMS is the proactive, systematic, organization-wide approach to managing safety risk and assuring the effectiveness of safety risk mitigations.

   i) At the corporate level, the safety department is responsible for leading the effort to develop and oversee implementation of RATP Dev USA's SMS as defined in the company's ASP.

   ii) At the location level, the GM is responsible for working with corporate and leading the implementation of the SMS in accordance with the company's ASP and additional requirements as applicable.

4) General Policy.

a) RATP Dev USA's SMS is composed of four components:

i) Safety Management Policy

ii) Safety Risk Management

iii) Safety Assurance

iv) Safety Promotion

b) **Safety Management Policy Requirements.** RATP Dev USA's ASP incorporates and expands upon the following requirements to comply with applicable laws, regulations, and RATP Dev requirements. Refer to ASP Section 2.0 Safety Management Policy for more information.

i) Safety Management Policy Statement: In accordance with 49 CFR Part § 673.23(a):

(1) At the corporate level, the CEO is responsible for signing a Safety Management Policy Statement that includes RATP Dev USA's safety objectives on an annual basis. RATP Dev USA's Safety Management Policy Statement has been included as an appendix to this policy.

(2) At the location level, GMs are responsible for establishing and signing Safety Management Policy Statements on an annual basis and maintaining them.

(3) All employees are responsible for knowing that safety is a top value at the company, a safety management policy is in place, the policy is accessible to them, and questions or feedback can be provided directly to their management or to corporate safety through the employee voluntary safety reporting program.

ii) Employee Voluntary Safety Reporting Program: In accordance with 49 CFR Part § 673.23(b):

(1) At the corporate level, the safety department is responsible for maintaining an employee voluntary safety reporting program that allows transit workers to report safety concerns, including assaults on transit workers, near-misses, and unsafe acts and conditions to senior management. The program protects transit workers who report safety conditions to senior management.

(2) At the location level, GMs and their staff are responsible for actively promoting the employee voluntary safety reporting program, posting the information needed for employees to access and use the reporting mechanism, working with corporate to disposition reports, taking action when deemed necessary, and following up with employees to ensure they know their voices are being heard.

(3) All employees are responsible for reporting safety risks or concerns when they are identified. Employee feedback, especially from the front line is foundational to proactive safety risk management. Employees are encouraged to report safety concerns directly to the leadership or through the employee voluntary safety reporting program.

(4) There are conditions when a reporting employee could be subject to discipline, specifically:

(a) The employee's action or lack of action was intended to damage RATP Dev USA's equipment

(b) The employee's action or lack of action purposely places others in danger

(c) The employee's action or lack of action involved a criminal offense

(d) The employee's action or lack of action violated a traffic safety law leading to a citation

(e) The employee's behavior involved substance abuse

(f) The report contains falsified information

iii) Communication: In accordance with 49 CFR Part § 673.23(c):

(1) At the corporate level, the safety department is responsible for communicating this Safety Management Policy throughout the organization using email, monthly safety meetings, and other forms of communication in an effort to reach every employee.

(2) At the location level, GMs and their staff are responsible for communicating this Safety Management Policy at local safety meetings, posting the policy where the information is accessible to frontline employees, and using other forms of communication to reinforce the effort to reach every employee.

(3) All employees have the responsibility to review the safety management policy, ask questions, provide feedback, and contribute to continuously improving the policy.

iv) Necessary Authorities, Accountabilities, and Responsibilities: In accordance with 49 CFR Part § 673.23(d), RATP Dev USA has established the necessary authorities, accountabilities, and responsibilities for each of the following roles in the ASP:

(1) The CEO is the Accountable Executive at the corporate level.

(2) The GMs are the Accountable Executives as the location level.

(3) The SVP of Safety and Industrial Engineering is the SMS Executive at the corporate level.

(4) The safety managers are the SMS Executives at the location level (GMs may also serve in this role at smaller locations).

(5) The EXCO are the company's leadership and executive management at the corporate level.

(6) The AGMs and designated staff are the company's leadership at the local level.

(7) Key Staff are designated by the CEO at the corporate level and GMs designated key staff at the local level; these designations are captured in the ASP.

(a) The corporate safety directors are responsible for driving implementation of this Safety Management Policy and ASP.

(b) The corporate operations directors are responsible for overseeing implementation of this Safety Management Policy and ASP.

(c) The corporate operations and safety directors work together to drive the successful implementation of the company's SMS.

c) **Safety Risk Management Requirements.** In accordance with 49 CFR Part § 673.25(a), RATP Dev USA describes the safety risk management process in the ASP, including the methods for conducting safety risk identification, safety risk assessment, and safety risk mitigation.

i) Safety Risk Identification: In accordance with 49 CFR Part § 673.25(b), RATP Dev USA describes the method for identification of safety risks in the ASP. The methodology includes considering the following sources for data and information used in the identification of safety risks (1) leading and lagging indicator data from safety event reporting, claims, trends in Key Performance Indicators (KPIs), (2) risky behaviors detected by telematics; (3) data and information provided by an oversight authority, including but not limited to FTA, the State, or as applicable, the State Safety Oversight Agency having jurisdiction; (4) data and information regarding exposure to infectious disease provided by the Center for Disease Control (CDC) or a State health authority; (5) results from safety assurance activities to verify compliance and measure effectiveness of operations performance; (6) employee voluntary safety reporting.

(1) At the corporate level, the safety department is responsible for developing, training, and overseeing implementation of the safety risk management standards that include risk identification through research and data driven analysis.

(2) At the location level, the GMs and SMs are responsible for meeting corporate safety risk management standards for risk identification by collecting the data, performing risk analysis, and interpreting the results to proactively identify their safety risks.

(3) All employees are responsible for promptly reporting safety risks and concerns, providing recommendations on how to mitigate risks, and following-up or escalating when needed to ensure action is taken to effectively mitigate.

ii) Safety Risk Assessment: In accordance with 49 CFR Part § 673.25(c), RATP Dev USA describes the method for assessing safety risks in the ASP. The methodology includes assessing the likelihood of realizing the safety risk and severity of the consequences with existing mitigations considered. The safety risks shall be prioritized based on the results of the assessment.

(1) At the corporate level, the safety department is responsible for developing, training, and overseeing implementation of the safety risk management standards that include performing risk assessments to prioritize identified risks in accordance with the MIL-STD-882E methodology.

(2) At the location level, the GMs and SMs are responsible for meeting corporate safety risk management standards for risk assessment by applying the MIL-STD-882E methodology resulting in prioritization of risks based on their likelihood to occur and severity of consequences.

(3) All employees should maintain for understanding the top risks facing their operation, which is based on the results of the location's safety risk assessment. Employees are responsible for engaging in a constructive dialogue about the risks, how they are mitigated, and opportunities for improvement.

iii) Safety Risk Mitigation: In accordance with 49 CFR Part § 673.25(d), RATP Dev USA describes the method for identifying the required safety risk mitigations as a result of conducting safety risk assessments to reduce the likelihood of an occurrence and severity of the potential consequences. In addition to risk assessments, the company considers the following sources for risk mitigation: (1) guidance provided by oversight authorities to include the FTA and RATP Dev; (2) guidelines to prevent or control exposure to infectious diseases provided by the CDC or a State health authority.

(1) At the corporate level, the safety department is responsible for developing, training, and overseeing implementation of the safety risk management standards that include developing mitigations that proactively reduce safety risks, resulting in the systematic reduction of safety events and claims.

(2) At the location level, the GMs and SMs are responsible for meeting corporate safety risk management standards for risk mitigation by applying developing and implementing safety action plans that are specific, measurable, achievable, relevant, and time sensitive. The safety action plans must be continuously maintained with actions, completion dates, and personnel assigned to stay current with the constantly changing risk exposure associated with dynamic transit operations.

(3) All employees are responsible for complying with actions designed to mitigate risk. Continuously improving safety performance is an inherent responsibility of all transit workers. Employees are responsible for providing feedback on how well risk mitigations are working and recommend ways to improve them and propose additional or alternative mitigations.

d) **Safety Assurance Requirements.** In accordance with 49 CFR Part § 673.27(a), RATP Dev USA describes the safety assurance process in the ASP to include safety performance monitoring and measurement, safety event reporting and investigation, management of change, and continuous improvement.

i) Safety Performance Monitoring: In accordance with 49 CFR Part § 673.27(b), RATP Dev USA describes the methods of safety performance monitoring in the ASP. The monitoring is designed to assure compliance with, and effectiveness of: (1) operations and maintenance standard operating procedures; (2) safety risk mitigations as reflected in safety action plans; (3) information reported through the employee voluntary safety reporting program; (4) KPIs to identify trends that inform proactive risk mitigations.

(1) At the corporate level, the safety department is responsible for developing, training, and overseeing implementation of safety assurance standards for safety performance monitoring. This includes providing templates for standard operating procedures, overseeing safety action plans, reviewing the quality of safety investigations, engaging locations on employee voluntary safety reports to achieve effective resolution, and providing tools to visualize KPIs.

(2) At the location level, the GMs and SMs are responsible for meeting corporate safety assurance standards for safety performance monitoring by maintaining standard operating procedures; implementing effective safety action plans; conducting thorough investigations into safety events; working with the corporate safety department to address employee voluntary safety reports; and monitoring and acting on trends detected in KPIs.

(3) Employees are responsible for understanding their safety performance, which can come from telematics systems, coaching, passenger feedback, and other sources. Employees are responsible for working with oversight activities, understanding the results, providing feedback, and making adjustments based on the lessons learned.

ii) Safety/Security Event Reporting and Investigation: A safety or security event means an unexpected outcome resulting in injury or death; damage to or loss of the facilities, equipment, rolling stock, or infrastructure of a public transportation system; or damage to the environment.

(1) At the corporate level, the safety department is responsible for maintaining the incident notification matrix that specifies reporting requirements based on the nature and severity of the safety or security event. The safety department facilitates partners with field on ensure investigations are performed thoroughly with a focus on causal factors and corrective and preventive actions that will effectively mitigate the risk of recurrence. The safety department facilitates the Executive Accident Review Board (EARB) designed to ensure high-severity safety or security events (as defined by the notification matrix) have visibility at CEO and SVP levels with ability to provide leadership direction to further drive thorough investigations and effective action planning.

(2) At the location level, the GMs are responsible for promptly reporting safety or security events. Specifically, any security or safety event at Level 2 or above in the notification matrix shall be reported to the GMs corresponding operations director within four hours of becoming aware of the event. The event must be reported in RATP Dev's safety software within the same time period. GMs are responsible for working with the safety department, operations department, and their staff to ensure thorough investigations are conducted that focus on underlying causal factors and lessons learned, which are used to inform robust corrective and preventive actions that are incorporated into the locations safety action plan. GMs are required to present their safety or security events, investigation findings, and planned actions at EARBs.

(3) All employees are responsible for cooperating fully with safety reporting and investigation requirements. This responsibility includes promptly reporting safety or security events when they

occur, providing detailed statements, completing drug and alcohol testing when required, and providing any additional information that can help effectively mitigate the risk of a recurrence.

iii) Management of Change: In accordance with 49 CFR Part § 673.27(c), RATP Dev USA describes how change is managed in the ASP to include identifying and assessing changes that may introduce risk to safety performance. The safety risk management process shall be used to evaluate how a change may impact safety performance and determine how those risks are managed.

(1) At the corporate level, the safety department is responsible for developing, training, and overseeing implementation of the safety assurance standards for change management. This includes guidance on how to apply the safety risk management approach to identify, assess, and mitigate the risk(s) introduced by change, which comes in a variety of forms such as new equipment, new personnel, new routes or service levels, etc.

(2) At the location level, the GMs and SMs are responsible for meeting corporate safety assurance standards for change management by working with safety department to proactively identify changes coming to the operation and applying the safety risk management approach to identify, assess, and mitigate the risk(s) resulting from the changes being introduced.

(3) All employees are responsible for reporting safety concerns or risks associated with change. The frontline transit workers are often experiencing change in terms of new buses, streetcars, or other equipment, new route adjustments or frequencies, and other forms of change. These changes have the potential to introduce risk and all employees have a responsibility to proactively report their safety risks or concerns associated with change in an effort to proactively mitigate them.

iv) Continuous Improvement: In accordance with 49 CFR Part § 673.27(d), RATP Dev USA describes its method of continuous improvement in the ASP to include a process for assessing safety performance and under the direction of the CEO. The systematic approach to continuous improvement includes: (1) identification of deficiencies in the company's SMS; (2) identification of deficiencies in performance against safety targets; (3) complying with any requirements established by RATP Dev, State Safety Oversight Agencies, FTA, state DOTs, or other entities; (4) mitigating safety risks based on implementing the SMS safety risk management and safety assurance processes.

(1) At the corporate level, the safety department is responsible for developing, training, and overseeing implementation of the safety assurance standards for continuous improvement. This includes conducting audits of training programs, supporting FTA triennial audits, facilitating RATP Dev corporate audits, requiring mitigations that target company-wide systemic risks, and implementing additional initiatives that are designed to strengthen the company's SMS.

(2) At the location level, the GMs and SMs are responsible for meeting corporate safety assurance standards for continuous improvement by preparing for and supporting RATP Dev USA audits, RATP Dev corporate audits, FTA triennial audits, implementing companywide risk mitigations, and implementing additional companywide initiatives that are designed to strengthen the company's SMS. GMs and SMs are responsible for ensuring all findings resulting from audits are incorporated into safety action plans and effectively resolved.

(3) There is always room for improvement and often, frontline transit workers know these opportunities better than anyone. All employees have a responsibility to communicate opportunities to improve safety by either reporting them directly to their management or using the employee voluntary safety reporting program.

e) **Safety Promotion Requirements.** RATP Dev USA's ASP incorporates and expands upon the following requirements in an effort to cultivate a safety culture that is foundational to the development and implementation of an industry-leading, world class safety program.

i) Competencies and Training: In accordance with 49 CFR Part § 673.29(a), RATP Dev USA describes its safety training program for those directly responsible for safety in the ASP. For the frontline workforce, The RATP Dev USA certified instructor program incorporates the Transit and Paratransit Company (TAPTCO) industry standard. For location managers, the safety management training program incorporates SMS principles and best practices to include use of internal processes and tools that enable effective implementation. The safety training program shall be continuously improved in alignment with the development and implementation of the SMS.

(1) At the corporate level, the safety department is responsible for developing and facilitating the implementation of training standards as described in the ASP.

(2) At the location level, GMs, SMs, as well as operations and training managers (where applicable) are responsible for meeting corporate training standards by implementing processes, investing resources, and managing their employees to ensure compliance with all training requirements. GMs and SMs are responsible for ensuring that employee and training records are maintained, managed, and retrievable.

(3) All employees are responsible for completing their training requirements. This responsibility includes knowing that your training records are on file, current, and complete. Management and employees have joint responsibility for ensuring that all training requirements are met and that employee records properly reflect training completion and currency.

ii) Safety Communication: In accordance with 49 CFR Part § 673.29(b), RATP Dev USA describes how safety performance information is communicated throughout the company in the ASP. The communication and engagement approach includes a safety meeting cadence, mandatory and informational safety bulletins, a safety resource hub, field visits, a safety bulletin board, and employee recognition. Transit workers are informed of the safety risks relevant to their roles and responsibilities and the mitigations (actions being taken) at monthly safety meetings, posts on bulletin boards, coaching sessions, and other forms of communication and engagement.

(1) At the corporate level, the safety department is responsible for conducting monthly safety meetings, issuing safety bulletins, maintaining the safety resource hub, managing the employee voluntary safety reporting program, conducting field visits, facilitating the executive accident review board, and continuously engaging to ensure RATP Dev USA's safety program reaches every employee.

(2) At the location level, GMs and SMs are responsible for holding safety meetings with the frontline workforce, disseminating and complying with safety bulletin requirements, addressing employee voluntary safety reports, participating in the executive accident review board, and developing creative ways to engage the workforce to ensure the safety program reaches every employee.

(3) All employees are responsible for knowing where they can access the latest safety information whether online or physically. Employees are responsible for knowing they have a voice and have the ability to use it either by communicating directly with their management or using the voluntary employee safety reporting program. Employees are responsible for actively participating in their locations safety meeting cadence, complying with training requirements, safety campaigns, and related activities designed to continuously improve safety performance.

CHAPTER 14-90
EQUIPMENT AND OPERATIONAL SAFETY STANDARDS FOR BUS TRANSIT SYSTEMS

14-90.001 Scope (Repealed)
14-90.002 Definitions
14-90.003 Department Responsibilities and Authority (Repealed)
14-90.004 Bus Transit System Operational Standards
14-90.0041 Medical Examinations for Bus Transit System Drivers
14-90.005 Transit Bus Accidents (Repealed)
14-90.006 Operational and Driving Requirements
14-90.007 Vehicle Equipment Standards and Procurement Criteria
14-90.008 Standards for Accessible Buses (Repealed)
14-90.009 Bus Safety Inspections
14-90.010 Certification
14-90.011 Inspection of Buses By Law Enforcement Officers (Repealed)
14-90.012 Safety and Security Inspections and Reviews

14-90.001 Scope.

Rulemaking Authority 334.044(2), 341.061(2)(a) FS. Law Implemented 344.044(12), (21), 341.041(3), 341.061(2) FS. History–New 9-7-87, Amended 11-10-92, 8-2-94, Repealed 8-7-05.

14-90.002 Definitions.

Terms used in this rule chapter shall mean as defined in Section 341.031, F.S., in addition:

(1) "Bus" means any motor vehicle, other than a taxicab, which is designed or constructed for the public transport of persons for compensation and is owned, operated, leased, or controlled by a bus transit system. Buses are designated in two categories:

(a) Type I means over 22 feet in length, including bumpers.

(b) Type II means 22 feet or less in length, including bumpers and paratransit type vehicles, such as minibuses, standard vans, modified vans, station wagons, and sedans.

(2) "Bus Transit System" means a community transportation coordinator; a public transit provider; or a private contract transit provider which owns, operates, leases, or controls buses or taxicabs where such transportation consists of continuous or recurring transportation under the same contract; or a privately owned or operated transit provider that receives operational or capital funding from the Department and owns, operates, leases, or controls buses, other than nonpublic sector buses that provides transportation services available for use by the general riding public.

(3) "Community Transportation Coordinator" means a provider of transportation services or an entity that ensures such services are provided by another bus transit system.

(4) "Department" means the Florida Department of Transportation.

(5) "Drive" or "Operate" means all time spent at the controls of a bus in operation.

(6) "Driver" means any person trained and designated to drive a bus on a street or highway being used for the public transport of persons for compensation.

(7) "FMVSS" means the Federal Motor Vehicle Safety Standards in effect at the time the bus or component is manufactured.

(8) "For Compensation" means for money, property, or anything else of value whether paid, received, or realized, directly or indirectly.

(9) "Manufacturer" means the original producer of the chassis, the producer of any type of bus, or the producer of equipment installed on any bus for the purpose of transporting individuals with disabilities.

(10) "Off-Duty" means any time the driver is not on duty, required to be in readiness to work, or under any responsibility to perform work. Such time shall not be counted towards the maximum allowed on-duty hours within a 24-hour period.

(11) "On Duty" means the status of the driver from the time he or she begins work, or is required to be in readiness to work, until the time the driver is relieved from work and all responsibility for performing work. "On Duty" includes all time spent by the driver as follows:

(a) Waiting to be dispatched at bus transit system terminals, facilities, or other private or public property, unless the driver has been completely relieved from duty by the bus transit system.

(b) Inspecting, servicing, or conditioning any vehicle.

(c) Driving.

(d) Remaining in readiness to operate a vehicle (stand-by).

(e) Repairing, obtaining assistance, or remaining in attendance in or about a disabled vehicle.

(12) "Passenger" means a person who is on board, boarding, or alighting from a bus for the purposes of public transport.

(13) "Paratransit" means those elements of public transit which provide service between specific origins and destinations selected by the individual user with such service being provided at a time that is agreed upon by the user and the provider of the service. Paratransit service is provided by taxis, limousines, "dial-a-ride" buses, and other demand-responsive operations that are characterized by their nonscheduled, non-fixed route nature.

(14) "Safe Condition" means a condition where hazards are reduced to the lowest level feasible and substantial compliance exists with all safety rules, regulations, and requirements.

(15) "Safety Review" means an on-site assessment to determine if a bus transit system has adequate safety management controls in place and functioning in accordance with the safety standards provided and incorporated by reference in this rule chapter.

(16) "Security" means freedom from harm resulting from intentional acts against passengers, employees, equipment, and facilities.

(17) "Security Program Plan" or "SPP" means a document developed and adopted by the bus transit system detailing its policies, objectives, responsibilities, and procedures for the protection and defense of the system and persons from intentional acts of harm.

(18) "Security Review" means an on-site assessment to determine if a bus transit system has security management controls in place and functioning in accordance with the security requirements provided in this rule chapter.

(19) "System Safety Program Plan" or "SSPP" means a document developed and adopted by the bus transit system detailing its policies, objectives, responsibilities, and procedures against injuries or damage.

(20) "Taxicab" means any motor vehicle of nine passenger capacity or less, including the driver, engaged in the general transportation of persons for compensation, not on a regular schedule, between fixed termini, or over regular routes, where such vehicle does not provide transportation services as a result of a contractual agreement with a bus transit system.

(21) "Trailer Bus" means a trailing or towed vehicle designed or used for the transportation of more than 10 persons, e.g., tram buses.

(22) "Twenty-four Hour Period" or "24-Hour Period" means the consecutive time beginning at 12:00.01 a.m. to 12:00.00 a.m.

(23) "Unsafe Condition" means anything which endangers human life or property.

(24) "Personal wireless communications device" means an electronic or electrical device that was not provided by the bus transit system for business purposes.

(25) "Use of a wireless communications device" means use of a mobile telephone or other electronic or electrical device, hands-on or hands-free, to conduct an oral communication; to place or receive a telephone call; to send or read electronic mail or a text message; to play a game; to navigate the Internet; to play, view, or listen to a video; to play, view, or listen to a television broadcast; to play or listen to music; or to execute a computational function. Use of an electronic or electrical device that enhances the individual's physical ability to perform, such as a hearing aid, is not included in this definition.

(26) "Wireless communications device" means an electronic or electrical device capable of remote communication. Examples include cell phones, personal digital assistants (PDAs) and portable computers (commonly called laptop computers).

Rulemaking Authority 334.044(2), 341.061(2), 341.041(3), 341.031 FS. Law Implemented 341.041(3), 341.061(2) FS. History–New 9-7-87, Amended 11-10-92, 8-7-05, 9-16-10.

14-90.003 Department Responsibilities and Authority.

Rulemaking Authority 334.044(2), 341.061(2)(a) FS. Law Implemented 341.041(3), 341.061(2) FS. History–New 9-7-87, Amended 11-10-92, Repealed 8-7-05.

14-90.004 Bus Transit System Operational Standards.

(1) Each bus transit system shall develop and adopt an SSPP that complies with or exceeds the established safety standards set

forth in this rule chapter.

(a) The SSPP shall address the following safety elements and requirements:

1. Safety policies and responsibilities.

2. Vehicle and equipment standards and procurement criteria.

3. Operational standards and procedures.

4. Bus driver and employee selection.

5. Driving requirements.

6. Bus driver and employee training. As part of the driver training program, specific procedures, and training shall be implemented to instruct the driver on how to safely approach and depart from a transit bus stop to avoid contact with pedestians and other hazards.

7. Vehicle maintenance.

8. Investigations of events described under subsection 14-90.004(5), F.A.C.

9. Hazard identification and resolution.

10. Equipment for transporting wheelchairs.

11. Safety data acquisition and analysis.

12. A wireless communication plan and procedure that provides for the safe operation of the bus transit vehicle. The wireless communication plan and procedure shall assure that:

a. The use of a personal wireless communication device is prohibited while the transit vehicle is in motion, and

b. All personal wireless communications devices are turned off with any earpieces removed from the operator's ear while occupying the driver's seat.

13. A policy on the use of a wireless communications device issued to the operator by the bus transit system for business related purposes. Policies developed shall assure that:

a. Guidelines are developed that allow for the use of a wireless communications device in emergency situations, and

b. The use of a wireless communications device does not interfere with the operator's safety related duties.

14. The Bus Transit System shall develop a driver educational training program addressing:

a. The proper use of a wireless communications device issued to the operator by the Bus Transit System while in the performance of their safety related duties, and

b. The hazards associated with driving and utilizing a wireless communications device.

15. Safety standards for private contract bus transit system(s) that provide(s) continuous or recurring transportation services for compensation as a result of a contractual agreement with the bus transit system.

(b) Each bus transit system shall implement and comply with the SSPP during the operation of the system.

(c) Each bus transit system shall require that all operable transit buses be inspected at least once per year in accordance with established standards.

(d) Each bus transit system shall submit an annual safety certification to the Department verifying the following:

1. Adoption of an SSPP, which meets or exceeds the established standards set forth in this rule chapter.

2. Compliance with its adopted SSPP and that safety inspections have been performed at least once a year on all buses operated by the bus transit system, by persons meeting the requirements set forth in Rule 14-90.009, F.A.C.

(e) Bus transit systems shall immediately suspend affected system service operations if, at any time, continued operation of the system, or a portion thereof, poses an immediate danger to public safety.

(2) Each bus transit system shall develop and adopt an SPP that meets or exceeds the security requirements set forth in this rule chapter. The SPP shall be adopted separately from the SSPP.

(a) The SPP shall address the following security requirements:

1. Security policies, goals, and objectives.

2. Organization, roles, and responsibilities.

3. Emergency management processes and procedures for mitigation, preparedness, response, and recovery.

4. Procedures for investigation of events described under subsection 14-90.004(5), F.A.C.

5. Procedures for the establishment of interfaces with emergency response organizations.

6. Procedures for interagency coordination with local law enforcement jurisdictions.

7. Employee security and threat awareness training programs.

8. Security data acquisition and analysis.

9. Emergency preparedness drills and exercises.

10. Requirements for private contract transit providers that engage in continuous or recurring transportation services for compensation as a result of a contractual agreement with the bus transit system.

11. Procedures for SPP maintenance and distribution.

(b) Each bus transit system shall implement and comply with the SPP during the operation of the system.

(c) Bus transit systems that engage in a contract with a private contract transit provider shall:

1. Establish minimum security requirements which apply to private contract transit providers.

2. Monitor and assure that each private contract transit provider complies with established security requirements during the term of the contract.

(d) Bus transit systems are prohibited by Section 119.071(3)(a), F.S., from publicly disclosing the SPP or the security portion of the SSPP, as applicable, under any circumstance.

(3) Bus transit systems shall establish criteria and procedures for the selection, qualification, and training of all drivers. The criteria shall include the following:

(a) Driver qualifications and background checks meeting minimum hiring standards.

(b) Driving and criminal background checks for all new drivers.

(c) Verification and documentation of valid driver licenses for all employees who drive buses.

(d) Training and testing to demonstrate and ensure adequate skills and capabilities to safely operate each type of bus or bus combination before driving on a street or highway unsupervised. As a minimum requirement, drivers shall be given explicit instructional and procedural training and testing in the following areas:

1. Bus transit system safety and operational policies and procedures.

2. Operational bus and equipment inspections.

3. Bus equipment familiarization.

4. Basic operations and maneuvering.

5. Boarding and alighting passengers.

6. Operation of wheelchair lifts and other special equipment.

7. Defensive driving.

8. Passenger assistance and securement.

9. Handling of emergencies and security threats.

10. Security and threat awareness.

11. Driving conditions.

(e) Bus transit systems shall provide written operational and safety procedures to all bus drivers before driving on streets or highways unsupervised. At a minimum, these procedures and instructions shall address the following:

1. Communication and handling of unsafe conditions, security threats, and emergencies.

2. Familiarization and operation of safety and emergency equipment, wheelchair lift equipment, and restraining devices.

3. Application and compliance with all applicable federal and state laws, rules, and regulations.

(f) The provisions in paragraphs (d) and (e), above, shall not apply to personnel licensed and authorized by the bus transit system to drive, move, or road test a bus in order to perform repairs or maintenance services when it has been determined that such temporary operation does not create unsafe operating conditions or create a hazard to public safety.

(g) Bus transit systems shall maintain the following records for at least four years:

1. Records of bus driver background checks and qualifications.

2. Detailed descriptions of training administered and completed by each bus driver.

3. A record of each bus driver's duty status which shall include total days worked, on-duty hours, driving hours, and time of reporting on and off duty each day.

(h) Each bus transit system shall establish a drug-free workplace policy statement in accordance with 49 C.F.R. Part 32 and a substance abuse management and testing program in accordance with 49 C.F.R. Parts 40 and 655, October 1, 2009, hereby incorporated by reference.

(i) Bus transit systems shall require that drivers write and submit a daily bus inspection report pursuant to Rule 14-90.006, F.A.C.

(4) Bus transit systems shall establish a maintenance plan and procedures for preventative and routine maintenance for all buses operated. The maintenance plan and procedures shall assure that:

(a) All buses operated, and all parts and accessories on such buses, including those specified in Rule 14-90.007, F.A.C., and any additional parts and accessories which may affect safety of operation, including frame and frame assemblies, suspension systems, axles and attaching parts, wheels and rims, and steering systems, are regularly and systematically inspected, maintained, and lubricated to standards that meet or exceed the bus manufacturer's recommendations and requirements.

(b) A recording and tracking system is established for the types of inspections, maintenance, and lubrication intervals documenting the date or mileage when these services are due. Required maintenance inspections shall be more comprehensive than daily inspections performed by the driver.

(c) Proper preventive maintenance is performed when a bus is assigned away from the system's regular maintenance facility or when maintenance services are performed under contract.

(d) Records are maintained and provide written documentation of preventive maintenance, regular maintenance, inspections, lubrication, and repairs performed for each bus under their control. Such records shall be maintained by the bus transit system for at least four years and, at a minimum, provide the following information:

1. Identification of the bus, the make, model, and license number, or other means of positive identification and ownership.

2. Date, mileage, description, and each type of inspection, maintenance, lubrication, or repair performed.

3. If not owned by the bus transit system, the name of any person furnishing a bus.

4. The name and address of any entity or contractor performing an inspection, maintenance, lubrication, or repair.

(5) Each bus transit system shall investigate, or cause to be investigated, any event involving a bus or taking place on bus transit system controlled property resulting in a fatality, injury, or property damage as follows:

(a) A fatality, where an individual is confirmed dead within 30 days of a bus transit system related event, excluding suicides and deaths from illnesses.

(b) Injuries requiring immediate medical attention away from the scene for two or more individuals.

(c) Property damage to bus transit system buses, non-bus transit system vehicles, other bus system property or facilities, or any other property. The bus transit system shall have the discretion to investigate events resulting in property damage less than $1,000.

(d) Evacuation of a bus due to a life safety event where there is imminent danger to passengers on the bus, excluding evacuations due to operational issues.

(6) Each investigation shall be documented in a final report that includes a description of investigation activities, identified causal factors, and any identified corrective action plan.

(a) Each corrective action plan shall identify the action to be taken by the bus transit system and the schedule for its implementation.

(b) The bus transit system shall monitor and track the implementation of each corrective action plan.

(7) Investigation reports, corrective action plans, and related supporting documentation shall be maintained by the bus transit system for a minimum of four years from the date of completion of the investigation.

Rulemaking Authority 334.044(2), 341.061(2) FS. Law Implemented 119.071, 341.041(3), 341.061(1)(b), 341.061(2)(a) FS. History–New 9-7-87, Amended 11-10-92, 8-7-05, 6-24-08, 9-16-10.

14-90.0041 Medical Examinations for Bus Transit System Drivers.

(1) Bus transit systems shall establish medical examination requirements for all applicants to driver positions and for existing drivers. The medical examination requirements shall include a pre-employment examination for applicants, an examination at least once every two years for existing drivers, and a return to duty examination for any driver prior to returning to duty after having been off duty for 30 or more days due to an illness, medical condition, or injury.

(2) Medical examinations shall be performed and recorded according to qualification standards adopted by the bus transit system, provided the medical examination qualification standards adopted by the bus transit system meet or exceed those provided in Department Form Number 725-030-11, Medical Examination Report for Bus Transit System Driver, Rev. 05/09, hereby incorporated by reference. Copies of Form Number 725-030-11 are available from the Florida Department of Transportation, Public Transit Office, 605 Suwannee Street, Mail Station 26, Tallahassee, Florida 32399-0450 or on-line at www.dot.state.fl.us/transit.

(3) Medical examinations shall be performed by a Doctor of Medicine or Osteopathy, Physician Assistant, or Advanced Registered Nurse Practitioner licensed or certified by the State of Florida. If medical examinations are performed by a Physician

Assistant or Advanced Registered Nurse Practitioner, they must be performed under the supervision or review of a Doctor of Medicine or Osteopathy.

(a) An ophthalmologist or optometrist licensed by the State of Florida may perform as much of the medical examination as pertains to visual acuity, field of vision, and color recognition.

(b) Upon completion of the medical examination, the medical examiner shall complete, sign, and date the medical examination form and maintain the original at his or her office.

(c) Upon completion of the medical examination, the examiner shall complete, sign, and date the medical examination certificate and provide a copy to the driver's employer. If the transit agency decides to adopt qualification standards other than those listed in Department form 725-030-11, the adopted standard's medical examination certificate or a signed letter from the medical examiner attesting to the completion of a medical examination shall be given to the transit agency in lieu of the Department's medical examination certificate. The adopted standards medical certification or letter must provide all of the information required on the Department's medical examination certificate.

(d) Upon completion of the medical examination the driver shall provide their driver license number, signature, and date on the medical examination certificate.

(4) Bus transit systems shall have on file a completed and signed medical examination certificate or a signed letter from the medical examiner attesting to the completion of a medical examination for each bus driver, dated within the past 24 months.

(a) Medical examination certificates or a signed letter from the medical examiner attesting to the completion of a medical examination of the employee bus drivers shall be maintained by the bus transit system for a minimum of four years from the date of the examination.

(b) Bus Transit Systems shall not allow a driver to operate a transit bus without having on file a completed medical examination certificate or a signed letter from the medical examiner attesting to the completion of a medical examination dated within the past 24 months.

Rulemaking Authority 334.044(2), 341.061(2) FS. Law Implemented 334.044(12), 341.041(3), 341.061(1)(a), (b), (2) FS. History–New 11-10-92, Amended 8-7-05, 6-24-08, 9-16-10.

14-90.005 Transit Bus Accidents.

Rulemaking Authority 334.044(2), 341.061(2)(a) FS. Law Implemented 341.041(3), 341.061(2) FS. History–New 9-7-87, Amended 11-10-92, Repealed 8-7-05.

14-90.006 Operational and Driving Requirements.

(1) Bus transit systems shall not permit a driver to drive a bus when such driver's license has been suspended, cancelled, or revoked. Bus transit systems shall require a driver who receives a notice that his or her license to operate a motor vehicle has been suspended, cancelled, or revoked to notify his or her employer of the contents of the notice immediately, no later than the end of the business day following the day he or she received the notice.

(2) Buses shall be operated at all times in compliance with applicable traffic regulations, ordinances, and laws of the jurisdiction in which they are being operated.

(3) A driver shall not be permitted or required to drive more than 12 hours in a 24-hour period, or drive after having been on duty for 16 hours in a 24-hour period. A driver shall not be permitted to drive until the requirement of a minimum eight consecutive hours of off-duty time has been fulfilled. A driver's work period shall begin from the time he or she first reports for duty to his or her employer. A driver is permitted to exceed his or her regulated hours in order to reach a regularly established relief or dispatch point, provided the additional driving time does not exceed one hour.

(4) To ensure uniform interpretation of subsections 14-90.002(10), (11), (22) and 14-90.006(3), F.A.C., the following practical applications are provided:

(a) A driver is required to drive from 4 a.m. – 8 a.m., off-duty from 8 a.m. – 3 p.m., then required to drive from 3 p.m. – 11 p.m. Driving hours and on-duty hours are the same. 4 hours + 8 hours = 12 hours driving. This driver has met the maximum allowed driving hours within a 24-hour period and cannot be permitted or required to drive until a minimum eight consecutive hours off-duty has been fulfilled. This driver cannot be permitted or allowed to drive before 7 a.m.

(b) A driver is required to drive from 4 a.m. – 8 a.m., off-duty from 8 a.m. – 11 a.m., then required to be on-duty, not driving, from 11 a.m. – 11 p.m. Driving hours = 4 hours and on-duty not driving hours = 12 hours for a total of 16 hours on-duty. This driver

has met the maximum allowed on-duty hours within a 24-hour period and cannot be permitted or required to drive until a minimum eight consecutive hours off-duty has been fulfilled. This driver cannot be permitted or allowed to drive before 7 a.m.

(c) A driver is required to be on-duty, not driving, from 4 a.m. – 8 a.m., off-duty from 8 a.m. – 11 a.m., then on-duty, not driving from 11 a.m. – 11 p.m. On-duty not driving hours = 4 hours + 12 hours for a total of 16 hours on-duty. This driver has met the maximum allowed on-duty hours within a 24-hour period and cannot be permitted or required to drive until a minimum eight consecutive hours off-duty has been fulfilled. The driver cannot be permitted or allowed to drive before 7 a.m.

(d) A driver is required to be on-duty, not driving, from 4 a.m. – 8 a.m., then off-duty from 8 a.m. – 11 a.m., then on-duty, driving from 11 a.m. – 11 p.m. On-duty, not driving hours = 4 hours and on-duty driving hours = 12 hours for a total of 16 hours on-duty. This driver has met the maximum allowed driving and on-duty hours within a 24-hour period and cannot be permitted or required to drive until a minimum eight consecutive hours off-duty has been fulfilled. This driver cannot be permitted or allowed to drive before 7 a.m.

(5) A driver shall not be permitted or required to be on duty more than 72 hours in any period of seven consecutive days; however, any 24 consecutive hours of off duty time shall constitute the end of any such period of seven consecutive days. A driver who has reached the maximum 72 hours of on duty time during the seven consecutive days shall be required to have a minimum of 24 consecutive hours off duty prior to returning to on duty status.

(6) A driver is permitted to drive for more than the regulated hours for the safety and protection of the public when conditions such as adverse weather, disaster, security threat, a road or traffic condition, medical emergency, or an accident occur.

(7) Bus transit systems shall not permit or require any driver to drive a bus when his or her ability is impaired, or likely to be impaired, by fatigue, illness, or other causes, likely to create an unsafe condition.

(8) Bus transit systems shall require pre-operational or daily inspection and reporting of all defects and deficiencies likely to affect safe operation or cause mechanical malfunctions.

(a) An inspection or test shall be made of the following parts and devices to ascertain that they are in safe condition and in good working order:

1. Service brakes.
2. Parking brakes.
3. Tires and wheels.
4. Steering.
5. Horn.
6. Lighting devices.
7. Windshield wipers.
8. Rear vision mirrors.
9. Passenger doors.
10. Exhaust system.
11. Equipment for transporting wheelchairs.
12. Safety, security, and emergency equipment.

(b) Bus transit systems shall review daily inspection reports and document corrective actions taken as a result of any deficiencies identified by daily inspections.

(c) Bus transit systems shall retain records of daily bus inspections and any corrective action documentation a minimum of two weeks.

(9) A bus with any passenger door in the open position shall not be operated with passengers aboard. The doors shall not be opened until the bus is stopped. A bus with any inoperable passenger door shall not be operated with passengers aboard, except to move a bus to a safe location.

(10) During darkness, interior lighting and lighting in stepwells on buses shall be sufficient for passengers to enter and exit safely.

(11) Passengers shall not be permitted in the stepwells of any bus while the bus is in motion, or to occupy an area forward of the standee line.

(12) Passengers shall not be permitted to stand on buses not designed and constructed for that purpose.

(13) Buses shall not be refueled in a closed building. The fueling of buses when passengers are being carried shall be reduced to the minimum number of times necessary during such transportation.

(14) Bus transit systems shall require the driver to be properly secured to the driver's seat with a restraining belt at all times while the bus is in motion.

(15) Buses shall not be left unattended with passengers aboard for longer than 15 minutes. The parking or holding brake device shall be properly set at any time the bus is left unattended.

(16) Buses shall not be left unattended in an unsafe condition with passengers aboard at any time.

Rulemaking Authority 334.044(2), 341.041(3), 341.061(2)(a) FS. Law Implemented 341.061(2) FS. History–New 9-7-87, Amended 5-31-89, 11-10-92, 8-7-05, 6-24-08, 9-16-10.

14-90.007 Vehicle Equipment Standards and Procurement Criteria.

(1) Every bus transit system shall ensure that buses procured and operated meet the following minimum standards:

(a) The capability and strength to carry the maximum allowed load and not exceed the manufacturer's gross vehicle weight rating (GVWR), gross axle weighting, or tire rating.

(b) Structural integrity that mitigates or minimizes the adverse effects of collisions.

(c) Federal Motor Vehicle Safety Standards (FMVSS), 49 C.F.R. Part 571, Sections 102, 103, 104, 105, 108, 207, 209, 210, 217, 302, 403 and 404, Rev. 10/09, hereby incorporated by reference.

(2) Proof of strength and structural integrity tests on new buses procured shall be submitted by manufacturers or bus transit systems to the Department.

(3) In addition to the above, every bus operated in this state shall be equipped as follows:

(a) Mirrors. There shall be two exterior rear vision mirrors, one at each side. The mirrors shall be firmly attached to the outside of the bus and located as to reflect to the driver a view of the highway to the rear along both sides of the vehicle. Each exterior rear vision mirror, on Type I buses, shall have a minimum reflective surface of 50 square inches. Neither the mirror nor the mounting shall protrude farther than the widest part of the vehicle body except to the extent necessary to produce a field of view meeting or exceeding the requirements of this section. All Type I buses shall, in addition to the above requirements, be equipped with an inside rear vision mirror capable of giving the driver a clear view of seated and standing passengers. Buses having a passenger exit door that is located inconveniently for the driver's visual control shall be equipped with additional interior mirrors to enable the driver to view the passenger exit door. In lieu of interior mirrors, trailer buses and articulated buses may be equipped with closed circuit video systems or adult monitors in voice control with the driver.

(b) Wiring and Batteries. Electrical wiring shall be maintained so as not to come in contact with moving parts, heated surfaces, or be subject to chafing or abrasion which may cause insulation to become worn. Every Type I bus manufactured on or after February 7, 1988, shall be equipped with a storage battery electrical power main disconnect switch. The disconnect switch shall be practicably located in an accessible location adjacent to or near to the battery and be legibly and permanently marked for identification. Every storage battery on a public-sector bus shall be mounted with proper retainment devices in a compartment which provides adequate ventilation and drainage.

(c) Brake Interlock Systems. All Type I buses having a rear exit door shall be equipped with a rear exit door/brake interlock that automatically applies the brake upon driver activation of the rear exit door to the open position. Brake interlock application shall remain activated until deactivated by the driver and the rear exit door returns to the closed position. The rear exit door brake interlock on such buses shall be equipped with an identified override switch enabling emergency release of the brake interlock function. The override switch shall not be located within reach of the seated driver. Air pressure application to the brake during brake interlock operation, on buses equipped with rear exit door/brake interlock, shall be regulated at the equipment's original manufacturer's specifications.

(4) Standee Line and Warning. Every bus designed and constructed to allow standees shall be plainly marked with a line of contrasting color at least two inches wide, or be equipped with some other means to indicate that all passengers are prohibited from occupying a space forward of a perpendicular plane drawn through the rear of the driver's seat and perpendicular to the longitudinal axis of the bus. A sign shall be posted at or near the front of the bus stating that it is a violation for a bus to be operated with passengers occupying an area forward of the line.

(5) Handrails and Stanchions. Every bus designed and constructed to allow standees shall be equipped with overhead handrails for standee passengers. Overhead handrails shall be continuous, except for a gap at the rear exit door, and terminate into vertical stanchions or turn up into a ceiling fastener. Every Type I and Type II bus designed for carrying more than 16 passengers shall be equipped with handrails, stanchions, or bars at least 10 inches long and installed to permit safe on-board circulation, seating and

standing assistance, and boarding and alighting by elderly and handicapped persons. Type I buses shall be equipped with a safety bar and panel directly behind each entry and exit stepwell.

(6) Flooring, Steps, and Thresholds. Flooring, steps, and thresholds on all buses shall have slip resistant surfaces without protruding or sharp edges, lips, or overhangs, in order to prevent tripping hazards. All step edges and thresholds shall have a band of color(s) running the full width of the step or edge which contrasts with the step tread and riser, either light-on-dark or dark-on-light.

(7) Doors. Power activated doors on all buses shall be equipped with a manual device designed to release door closing pressure.

(8) Emergency Exits. All buses shall have an emergency exit door, or in lieu thereof, shall be provided with emergency escape push-out windows. Each emergency escape window shall be in the form of a parallelogram with dimensions of not less than 18" by 24", and each shall contain an area of not less than 432 square inches. There shall be a sufficient number of push-out or kick-out windows in each vehicle to provide a total escape area equivalent to 67 square inches per seat, including the driver's seat. No less than 40% of the total escape area shall be on one side of the vehicle. Emergency escape kick-out or push-out windows and emergency exit doors shall be conspicuously marked with a sign or light and shall always be kept in good working order so that they may be readily opened in an emergency. All such windows and doors shall not be obstructed, either inside or outside, so as to hinder escape. Buses equipped with an auxiliary door for emergency exit shall be equipped with an audible alarm and light indicating to the driver when a door is ajar or opened while the engine is running. Supplemental security locks operable by a key are prohibited on emergency exit doors unless these security locks are equipped and connected with an ignition interlock system or an audio visual alarm located in the driver's compartment. Any supplemental security lock system used on emergency exits shall be kept unlocked whenever a bus is in operation.

(9) Tires and Wheels. Tires shall be properly inflated in accordance with manufacturer's recommendations.

(a) No bus shall be operated with a tread groove pattern depth:

1. Less than 4/32 (1/8) of an inch, measured at any point on a major tread groove for tires on the steering axle of all buses. The measurements shall not be made where tie bars, humps, or fillets are located.

2. Less than 2/32 (1/16) of an inch, measured at any point on a major tread groove for all other tires of all buses. The measurements shall not be made where tie bars, humps, or fillets are located.

(b) No bus shall be operated with recapped, regrooved, or retreaded tires on the steering axle.

(c) Wheels shall be visibly free from cracks and distortions and shall not have missing, cracked, or broken mounting lugs.

(10) Suspension. The suspension system of all buses, including springs, air bags, and all other suspension parts shall be free from cracks, leaks, or any other defect which may cause its impairment or failure to function properly.

(11) Steering and Front Axle. The steering system of all buses shall have no indication of leaks which would or may cause its impairment to function properly, and shall be free from cracks and excessive wear of components that may cause excessive free play or loose motion in the steering system or above normal effort in steering control.

(12) Seat Belts. Every bus shall be equipped with an adjustable driver's restraining belt in compliance with the requirements of FMVSS 209, "Seat Belt Assemblies" 49 C.F.R. 571.209, Rev. 10/09, and FMVSS 210, "Seat Belt Assembly Anchorages" 49 C.F.R. 571.210, Rev. 10/09, hereby incorporated by reference.

(13) Safety Equipment. Every bus shall be equipped with one fully charged dry chemical or carbon dioxide fire extinguisher, having at least a 1A:BC rating, and bearing the label of Underwriter's Laboratory, Inc. The fire extinguishers shall be maintained as follows:

(a) Each fire extinguisher shall be securely mounted on the bus in a conspicuous place or in a clearly marked compartment and be readily accessible.

(b) Each fire extinguisher shall be maintained in efficient operating condition and be equipped with some means of determining if it is fully charged.

(c) Every Type I bus shall be equipped with portable red reflector warning devices in compliance with Section 316.300, F.S.

(14) Persons with Disabilities. Buses used for the purpose of transporting individuals with disabilities shall meet the requirements set forth in 49 C.F.R. Part 38, Rev. 10/09 hereby incorporated by reference, as well as the following:

(a) Installation of a wheelchair lift or ramp shall not cause the manufacturer's GVWR, gross axle weight rating, or tire rating to be exceeded.

(b) Except in locations within 3 1/2 inches of the bus floor, all readily accessible exposed edges or other hazardous protrusions of parts of wheelchair lift assemblies or ramps that are located in the passenger compartment shall be padded with energy absorbing material to mitigate injury in normal use and in case of a collision. This requirement shall also apply to parts of the bus associated

with the operation of the lift or ramp.

(c) The controls for operating the lift shall be at a location where the bus driver or lift attendant has a full view, unobstructed by passengers, of the lift platform, its entrance and exit, and the wheelchair passenger, either directly or with partial assistance of mirrors. Lifts located entirely to the rear of the driver's seat shall not be operable from the driver's seat, but shall have an override control at the driver's position that can be activated to prevent the lift from being operated by the other controls (except for emergency manual operation upon power failure).

(d) The installation of the wheelchair lift or ramp and its controls and the method of attachment in the bus body or chassis shall not diminish the structural integrity of the bus nor cause a hazardous imbalance of the bus. No part of the assembly, when installed and stowed, shall extend laterally beyond the normal side contour of the bus, nor vertically beyond the lowest part of the rim of the wheel closest to the lift.

(e) Each wheelchair lift or ramp assembly shall be legibly and permanently marked by the manufacturer or installer with the following information:

1. The manufacturer's name and address.

2. The month and year of manufacture.

3. A certificate that the wheelchair lift or ramp securement devices, and their installation, conform to State of Florida requirements applicable to accessible buses.

(15) Wheelchairs. Wheelchair lifts, ramps, securement devices, and restraints shall be inspected and maintained as required by this rule chapter. Instructions for normal and emergency operation of the lift or ramp shall be carried or displayed in every bus.

Rulemaking Authority 334.044(2), 341.041(3), 341.061(2)(a) FS. Law Implemented 341.061(2)(a) FS. History–New 9-7-87, Amended 11-10-92, 8-2-94, 8-7-05, 6-24-08, 9-16-10.

14-90.008 Standards for Accessible Buses.

Rulemaking Authority 334.044(2), 341.061(2)(a) FS. Law Implemented 341.041(3), 341.061(2) FS. History–New 9-7-87, Amended 11-10-92, Repealed 8-7-05.

14-90.009 Bus Safety Inspections.

(1) Each bus transit system shall require that all buses operated by such bus transit system, and all buses operated by a private contract transit provider, be inspected at least annually in accordance with bus inspection procedures set forth in this rule.

(2) It shall be the bus transit system's responsibility to ensure that each individual performing a bus safety inspection is qualified as follows:

(a) Understands the requirements set forth in this rule chapter and can identify defective components.

(b) Is knowledgeable of and has mastered the methods, procedures, tools, and equipment used when performing an inspection.

(c) Has at least one year of training and/or experience as a mechanic or inspector in a vehicle maintenance program, and has sufficient general knowledge of buses owned and operated by the bus transit system to recognize deficiencies or mechanical defects.

(3) Each bus receiving a safety inspection shall be checked for compliance with the requirements for safety devices and equipment, as referenced or specified herein. Specific operable equipment and devices as required by this rule chapter, include the following as applicable to Type I and II buses:

(a) Horn.

(b) Windshield wipers.

(c) Mirrors.

(d) Wiring and batteries.

(e) Service and parking brakes.

(f) Warning devices.

(g) Directional signals.

(h) Hazard warning signals.

(i) Lighting systems and signaling devices.

(j) Handrails and stanchions.

(k) Standee line and warning.

(l) Doors and brake interlock devices.

(m) Stepwells and flooring.
(n) Emergency exits
(o) Tires and wheels.
(p) Suspension system.
(q) Steering system.
(r) Exhaust system.
(s) Seat belts.
(t) Safety equipment.
(u) Equipment for transporting wheelchairs.
(v) Working speedometer.
(4) A safety inspection report shall be prepared by the individual(s) performing the inspection and shall include the following:
(a) Identification of the individual(s) performing the inspection.
(b) Identification of the bus transit system operating the bus.
(c) The date of the inspection.
(d) Identification of the bus inspected.
(e) Identification of the equipment and devices inspected including the identification of equipment and devices found deficient or defective.
(f) Identification of corrective action(s) for any deficient or defective items found and date(s) of completion of corrective action(s).
(5) Records of annual safety inspections and documentation of any required corrective actions shall be retained a minimum of four years by the bus transit system for compliance review.

Rulemaking Authority 334.044(2), 341.041(3), 341.061(2)(a) FS. Law Implemented 341.061(2) FS. History–New 9-7-87, Amended 11-10-92, 8-7-05, 9-16-10.

14-90.010 Certification.
(1) Each bus transit system shall annually submit a safety and security certification to the Department. The certification shall be submitted no later than February 15, for the prior calendar year period. The certification shall attest to the following:
(a) The adoption of an SSPP and an SPP in accordance with established standards set forth in this rule chapter.
(b) Compliance with its adopted SSPP and SPP.
(c) Performance of safety inspections on all buses operated by the system in accordance with this rule chapter.
(d) Reviews of the SSPP and SPP have been conducted to ensure they are up to date.
(2) The certification shall include:
(a) The name and address of the bus transit system, and the name and address of the entity(ies) who performed bus safety inspections and security assessments during the prior calendar year, if different from that of the bus transit system.
(b) A statement signed by an officer or person directly responsible for management of the bus transit system attesting to compliance with this rule chapter.

Rulemaking Authority 334.044(2), 341.041(3), 341.061(2) FS. Law Implemented 334.044(28), 341.061(1), 341.061(2) FS. History–New 9-7-87, Amended 8-7-05, 9-16-10.

14-90.011 Inspection of Buses by Law Enforcement Officers.

Rulemaking Authority 334.044(2), 341.061(2)(a) FS. Law Implemented 341.041(3), 341.061(2), 316.610 FS. History–New 9-7-87, Repealed 8-7-05.

14-90.012 Safety and Security Inspections and Reviews.
(1) The Department, or its contractor, shall conduct inspections of bus transit systems to ascertain compliance with the provisions of this rule chapter.
(2) The Department, or its contractor, shall conduct safety and security reviews of any bus transit system the Department believes to be in noncompliance with its SSPP or SPP, or providing passenger service operations in an unsafe manner, or if there is

evidence of an immediate danger to public safety. The Department shall prepare and submit a report of the review to the affected bus transit system. The report shall be submitted to the bus transit system within three business days of completion of the review and shall contain the following:

(a) Identification of the findings, including a detailed description of any deficiency.

(b) Required corrective action and a schedule for implementation of the corrective action to be taken for each deficiency.

(c) Any required suspension of bus transit system service, should the Department determine the continued operation of the service, or a portion thereof, poses an immediate danger to public safety.

(3) The Department shall initiate the following actions to suspend the affected bus transit system service if any deficiency or unsafe condition exists, to the extent that the continued operation of the system, or a portion thereof, poses an immediate danger or threat to public safety.

(a) Immediately notify the affected bus transit system of the unsafe condition, followed by a certified letter describing the deficiency or unsafe condition. The notification shall include the following:

1. The required corrective action for the deficiency or unsafe condition.

2. The requirement for the bus transit system to certify, in writing to the Department, the completion of the required corrective action in accordance with an established implementation schedule.

(b) Conduct an on-site review of the bus transit system to verify the correction of the deficiency in accordance with this rule and the established implementation schedule.

(c) Suspend affected passenger service operations if the bus transit system fails to correct the deficiency in accordance with this rule and the established implementation schedule.

Rulemaking Authority 334.044(2), 341.041(3), 341.061(2)(a) FS. Law Implemented 334.044(28), 341.041(3), 341.061(1)(d), 341.061(2)(c) FS. History–New 11-10-92, Amended 8-7-05, 9-16-10.

CITY OF OCALA
PUBLIC TRANSPORTATION SAFETY PLAN
PTASP 2026 UPDATE

RATP DEV USA

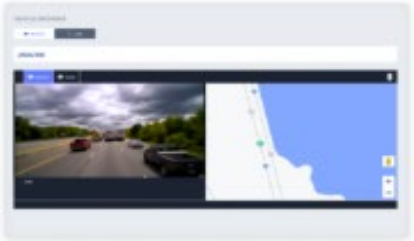
LYTX

A true safety and productivity powerhouse

See how our state-of-the-art fleet dash cams power our advanced solutions.

Accurately identify risk

Our DriveCam® cameras do more than simply capture video. They are engineered with award-winning machine vision and artificial intelligence (MV+AI) technology to accurately identify and categorize driving risk as it occurs.



Detect and deter distracted driving

With MV+AI, our intelligent devices are designed to proactively target risky driving behaviors and alert[1] drivers to help them self-correct unsafe behaviors in the moment. Through alerting, drivers are empowered to make better choices behind the wheel, before an accident occurs.

Understand what's happening

Beyond powerful safety features, our DriveCam cameras unlock an invaluable bird's eye view into what is truly happening in and around fleet vehicles in near real-time*. It's the critical context operations' managers need to make informed decisions, beyond simple dots on a map.

Access the answers you need

With up to 400* hours of reliable, continual video recording, fleet managers can rest assured knowing video footage is accessible if, when, and where they need it. It's an added layer of visibility into exactly what happened, and the evidence needed to exonerate drivers or settle claims more quickly.

Monday. Com

Monday.com is used for project management, allow us to track progress on minimizing safety risks, setting goals, and to make improvements to safety processes and procedures.

Introduction to monday.com

3 min read

Welcome to monday.com - the Work OS that provides you with all of the no-code building blocks so you can shape your workflows, your way. Here, you can run every aspect of your work by layering industry-specific products on top of the Work OS. Combine building blocks, like apps and integrations, to customize anything you need to improve the way your business runs. Let's take a look at what makes monday.com Work OS so unique.

Your workflows your way

monday.com offers 3 end-to-end products to choose from to run the core of your business. Our products are dedicated solutions built on top of our Work OS and designed to answer the needs of specific industries and verticals. You can add as many products to your account as you need so your team can manage anything and everything in one place.

Title 49 —Transportation
Subtitle B —Other Regulations Relating to Transportation
Chapter VI —Federal Transit Administration, Department of Transportation
Part 673 —Public Transportation Agency Safety Plans
Subpart B —Safety Plans

Authority: 49 U.S.C. 5329, 5334; 49 CFR 1.91.
Source: 89 FR 25738, Apr. 11, 2024, unless otherwise noted.

§ 673.11 General requirements.

(a) A transit agency or State must establish a Public Transportation Agency Safety Plan that meets the requirements of this part and, at a minimum, consists of the following elements:

(1) The Public Transportation Agency Safety Plan, and subsequent updates, must be signed by the Accountable Executive and approved by—

(i) For a large urbanized area provider, the Safety Committee established pursuant to § 673.19, followed by the transit agency's Board of Directors or an equivalent entity; or

(ii) For all other transit agencies, the transit agency's Board of Directors or an equivalent entity.

(2) The Public Transportation Agency Safety Plan must document the processes and activities related to Safety Management System (SMS) implementation, as required under subpart D of this part.

(3) The Public Transportation Agency Safety Plan must include annual safety performance targets based on the safety performance measures established under the National Public Transportation Safety Plan. Safety performance targets for the safety risk reduction program are only required for large urbanized area providers.

(4) The Public Transportation Agency Safety Plan must address all applicable requirements and standards as set forth in FTA's Public Transportation Safety Program and the National Public Transportation Safety Plan. Compliance with the minimum safety performance standards authorized under 49 U.S.C. 5329(b)(2)(C) is not required until standards have been established through the public notice and comment process.

(5) Each transit agency must establish a process and timeline for conducting an annual review and update of the Public Transportation Agency Safety Plan.

(6) A rail transit agency must include or incorporate by reference in its Public Transportation Agency Safety Plan:

(i) An emergency preparedness and response plan or procedures that addresses, at a minimum, the assignment of transit worker responsibilities during an emergency; and coordination with Federal, State, regional, and local officials with roles and responsibilities for emergency preparedness and response in the transit agency's service area;

(ii) Any policies and procedures regarding rail transit workers on the roadway the rail transit agency has issued; and

(iii) The transit agency's policies and procedures developed in consultation with the State Safety Oversight Agency to provide access and required data for the State Safety Oversight Agency's risk-based inspection program.

(7) The Public Transportation Agency Safety Plan of each large urbanized area provider must include a safety risk reduction program for transit operations to improve safety performance by reducing the number and rates of safety events, injuries, and assaults on transit workers. The safety risk reduction program must, at a minimum:

(i) Address the reduction and mitigation of vehicular and pedestrian safety events involving transit vehicles that includes safety risk mitigations consistent with § 673.25(d)(3);

(ii) Address the reduction and mitigation of assaults on transit workers that includes safety risk mitigations consistent with § 673.25(d)(4);

(iii) Include the safety performance targets set by the Safety Committee pursuant to § 673.19(d)(2) for the safety risk reduction program performance measures established in the National Public Transportation Safety Plan. These targets must be set—

(A) Based on a three-year rolling average of the data submitted by the large urbanized area provider to the National Transit Database (NTD);

(B) For all modes of public transportation; and

(C) Based on the level of detail the large urbanized area provider is required to report to the NTD. The Safety Committee is not required to set a target for a performance measure until the large urbanized area provider has been required to report three years of data to the NTD corresponding to such performance measure.

(iv) Include or incorporate by reference the safety risk mitigations identified and recommended by the Safety Committee as described in § 673.25(d)(5).

(b) A transit agency may develop one Public Transportation Agency Safety Plan for all modes of service or may develop a Public Transportation Agency Safety Plan for each mode of service not subject to safety regulation by another Federal entity.

(c) A transit agency must maintain its Public Transportation Agency Safety Plan in accordance with the recordkeeping requirements in subpart E of this part.

(d) A State must draft and certify a Public Transportation Agency Safety Plan on behalf of any small public transportation provider that is located in that State. A State is not required to draft a Public Transportation Agency Safety Plan for a small public transportation provider if that transit agency notifies the State that it will draft its own plan. In each instance, the transit agency must carry out the plan. If a State drafts and certifies a Public Transportation Agency Safety Plan on behalf of a transit agency, and the transit agency later opts to draft and certify its own Public Transportation Agency Safety Plan, then the transit agency must notify the State. The transit agency has one year from the date of the notification to draft and certify a Public Transportation Agency Safety Plan that is compliant with this part. The Public Transportation Agency Safety Plan drafted by the State will remain in effect until the transit agency drafts its own Public Transportation Agency Safety Plan.

(e) Agencies that operate passenger ferries regulated by the United States Coast Guard (USCG) or rail fixed guideway public transportation service regulated by the Federal Railroad Administration (FRA) are not required to develop Public Transportation Agency Safety Plans for those modes of service.

File #: BR-2026-148 Agenda Item #: 6b.

Submitted By: Lafayetta Hodges / Susan Dobson

Presentation By: Michael Balken

Department: Police

FORMAL TITLE:
Budget Resolution 2026-148 to amend the Fiscal Year 2025-26 budget to accept and appropriate funds from the Bureau of Justice Assistance to reimburse expenses relating to the Bulletproof Vest Partnership Program funds in the amount of $22,854

OCALA'S RELEVANT STRATEGIC GOALS:
Quality of Place

PROOF OF PUBLICATION:
N/A

BACKGROUND:
The Patrick Leahy Bulletproof Vest Partnership (BVP), created by the Bulletproof Vest Partnership Grant Act of 1998, is a unique U.S. Department of Justice initiative that provides a critical resource to state and local law enforcement. Bulletproof vests have a five-year life span. Grants are available from the U.S. Department of Justice to assist agencies with 50 percent of the funding to replace expired vests and to purchase new bulletproof vests.

FINDINGS AND CONCLUSIONS:
On May 22, 2026, the Ocala Police Department was notified that the Bureau of Justice Assistance approved funding for the Fiscal Year 2025 Bulletproof Vest Partnership (BVP) in the amount of $22,854. This grant will allow the agency to purchase new bulletproof vests. A required 50 percent match of $22,854 is budgeted for Fiscal Year 2025-26.

FISCAL IMPACT:
$22,854 is required for the 50 percent match of the grant from account 001-018-822-521-52-52010. MUNIS Contract # 260789.

BUDGET RESOLUTION 2026-148

A RESOLUTION TO AMEND THE FISCAL YEAR 2025-26 BUDGET TO ACCEPT AND APPROPRIATE FUNDS FROM THE U.S. DEPARTMENT OF JUSTICE FOR THE PURCHASE OF BULLETPROOF VESTS TOTALING $22,854

WHEREAS, the safety and protection of law enforcement officers is of utmost importance to the City of Ocala; and

WHEREAS, bulletproof vests have a limited five-year lifespan, and grants are available to assist agencies with funding to replace and purchase new vests for law enforcement officers; and

WHEREAS, on May 22, 2026, the Ocala Police Department received award notification through the Bulletproof Vest Program, funded by the Bureau of Justice, Office of Justice Programs, and U.S. Department of Justice for the purchase of bulletproof vests effective upon execution through August 31, 2027; and

WHEREAS, the Ocala Police Department's budget includes funding for the required 50% grant match.

NOW THEREFORE, BE IT RESOLVED THAT THE CITY COUNCIL OF THE CITY OF OCALA, FLORIDA, duly assembled in regular session, that the Fiscal Year 2025-2026 budget be amended as outlined below to accept and appropriate a grant totaling $22,854 from the U.S. Department of Justice to purchase bulletproof vests.

NEWS from BJA

OFFICE OF JUSTICE PROGRAMS • BUREAU OF JUSTICE ASSISTANCE

Dear Applicant,

The Office of Justice Programs' Bureau of Justice Assistance (BJA) is pleased to inform you that your jurisdiction will receive an award under the fiscal year (FY) 2025 Bulletproof Vest Partnership (BVP) program. These funds have been posted to your account in the BVP System. A complete list of FY 2025 BVP awards is available online here: https://bja.ojp.gov/funding/fy25-bvp-awards.pdf.

Important: Jurisdictions *must* be registered and include updated banking information in the System for Award Management (SAM) to receive reimbursement.

For more information about renewing and updating your existing SAM registration, or registering in SAM as a new entity, please visit https://sam.gov/content/help.

The FY 2025 award may be used for National Institute of Justice (NIJ) compliant armored vests which were ordered after April 1, 2025. The deadline to request payments from the FY 2025 award is August 31, 2027 or until all available funds have been requested. Awards will not be extended past that date, and any unused funds will be forfeited.

As a reminder, body armor vests purchased with BVP funds must have been tested through the NIJ Compliance Testing Program and found to comply with the most current NIJ body armor standards, appear on the NIJ Compliant Products List as of the date the body armor was ordered, be uniquely fitted, and be made in the United States. In addition, a written mandatory wear policy for uniformed patrol officers must have been in place at the time of application.

The federal portion of the costs for body armor vests purchased under the BVP Program may not exceed 50 percent. However, jurisdictions may request a financial or natural disaster hardship waiver during the payment request process and receive up to 100 percent of the cost of each body armor vest submitted for reimbursement. Additional information regarding match waivers can be found in the BVP FAQs. Detailed instructions on the process for requesting a waiver and the documentation required can be found in the Submitting Payment Requests in BVP User Guide.

Please contact the BVP Help Desk at 1-877-758-3787 or email vests@usdoj.gov if you have any questions regarding the above information. Please also visit the BVP website for additional information regarding the BVP Program.

Sincerely,

BVP Program Support Team
Bureau of Justice Assistance

Submitted By: Sarah Gifford / Susan Dobson

Presentation By: Michael Balken

Department: Police

FORMAL TITLE:
Budget Resolution 2026-149 to amend the Fiscal Year 2025-26 budget to appropriate funds from the Police Trust and Agency Fund Reserve for the purchase of a tested single-purpose explosives detection K9 in the amount of $15,800

OCALA'S RELEVANT STRATEGIC GOALS:
Quality of Place, Operational Excellence

PROOF OF PUBLICATION:
N/A

BACKGROUND:
The Police Trust and Agency Fund was created to deposit revenues received from federal, criminal, administrative, or civil forfeiture proceedings.

FINDINGS AND CONCLUSIONS:
The acquisition of a specialized single-purpose K9 with explosive detection capabilities will enhance community safety by conducting general open-air sniffs, protective sweeps of critical infrastructure, protective sniffs at special events, and sniffs for explosive materials associated with criminal activity.

FISCAL IMPACT:
The transfer of $15,800 to account 610-018-808-521-68-67010 (Collections/Other Fixed Asset) will fund the purchase of a single-purpose explosive detection K9.

BUDGET RESOLUTION 2026-149

A RESOLUTION TO AMEND THE FISCAL YEAR 2025-26 BUDGET TO TRANSFER FUNDS FROM THE POLICE TRUST AND AGENCY FUND RESERVE FOR THE PURCHASE OF A SINGLE-PURPOSE K9 IN THE AMOUNT OF $15,800

WHEREAS, the designated account in the Police Trust and Agency Fund was created to deposit revenues received from federal, criminal, administrative, or civil forfeiture proceedings; and

WHEREAS, the Ocala Police Department requires specialized equipment and tools to enhance operational efficiency and better serve the community; and

WHEREAS, the utilization of $15,800 in funds will enhance both public and police safety through the acquisition of a specialized single-purpose explosives detection K9.

NOW THEREFORE, BE IT RESOLVED THAT THE CITY COUNCIL OF THE CITY OF OCALA, FLORIDA, duly assembled in regular session, that the Fiscal Year 2025-26 budget be amended as outlined below:

SOURCE:

610-099-999-521-81-99999	Reserve for Fund Balance	$15,800

USE:

610-018-808-521-68-67010	Collections/Other Fixed Assets	$15,800

This resolution adopted this _____ day of _____, 2026.

Department: Growth Management

FORMAL TITLE:
Contract with JRD & Associates to perform a Growth Management Department fee study pertaining to development and building permit fees, with a not-to-exceed amount of $91,546

OCALA'S RELEVANT STRATEGIC GOALS:
Fiscally Sustainable, Operational Excellence

PROOF OF PUBLICATION:
N/A

BACKGROUND:
The City of Ocala's Growth Management Department is seeking approval to utilize JRD & Associates under the Federal Government Services Administration (GSA) competitively awarded Professional Services Contract (GS-10F-0265Y) to study and recommend modifications to the current adopted fee schedule and associated processes to ensure compliance with state law.

Recent state legislative actions have resulted in House Bills (HB) 399 and 803, which impose specific requirements on the City to evaluate the language, methodologies, and fee amounts related to development, building permitting, and inspections. Having a consultant with expertise in conducting fee studies will ensure a professional, comprehensive, and unbiased evaluation of our fee schedule for compliance with state law and minimize the impact on staff as they perform their regular duties. The recent legislation regarding local government fees includes:

- **HB 399**, approved by Governor DeSantis on March 27, 2026. **Development Fees** - This bill requires: *"The amount of any application fee associated with a development permit or development order must reasonably relate to the direct and reasonable indirect costs associated with the review, processing, and final disposition of the application and must be published on the municipality's fee schedule. The fee may not be based on a percentage of construction costs, site costs, or project valuation."*
    - **Effective Date: January 1, 2027.**

- **HB 803**, approved by Governor DeSantis on May 6, 2026. **Building Permit Fees** - This bill requires local governments to ensure their fees specifically address permits for which private providers are used. More specifically, the legislation requires that fees be based on the costs incurred by the local jurisdiction, including the labor costs of personnel providing such services and clerical and supervisory assistance.
    - **Effective Date: July 1, 2026.**

FINDINGS AND CONCLUSIONS:

Working with Procurement staff, Growth Management staff evaluated multiple vendors. At the conclusion, JRD & Associates was identified as offering the best overall value. The proposed contract contemplates $38,958 for Building Division services and $45,388 for other Growth Management services for a total amount of $84,346. Although travel was not included in the base proposal, staff and the consultant have determined that up to six trips to Ocala may be necessary: three trips for each study (Building and Development). Specifically, the three potential trips are to conduct a project kickoff, provide a mid-point progress update, and deliver a final presentation, all of which are necessary to complete the project. Where possible, these trips may be replaced with virtual meetings. The inclusion of the six trips could add $7,200 to the project cost, bringing the total contract amount not to exceed $91,546.

In comparison of bid submittals, the next lowest bidder, ISF, submitted a proposal of $195,000, approximately $103,454 higher than the proposal from JRD & Associates.

The proposed duration for the overall project is being split into two phases. To address the more immediate effective date of July 1, 2026, included in HB 803, the first phase of the study will cover the building permitting fees, with an approximate eight-to-10-week duration. The second phase of the study will address HB 399, effective January 1, 2027, which addresses development-related (Growth Management) fees, with an approximate 12-week completion period.

The consultant provided examples of past fee study presentations conducted for the cities of South Miami and Pinecrest. Additionally, the Chief Building Official of South Miami provided a strong recommendation for JRD & Associates. She highlighted their successful completion of a previous fee study for the City of Coral Gables and specifically commended the firm’s exceptional communication throughout the process.

Staff recommends approval of the contract award to JRD & Associates.

FISCAL IMPACT:
Funding for this project is available in Fiscal Year 2025-26:

- Account 001-016-061-515-51-31010 (Professional Services/other - Planning) in the amount of $48,988 (includes three travel events $3,600).
- A Budget Resolution is provided on the same agenda to transfer funds from the Building Fund Reserve for Fund Balance (115-099-999-524-81-99999) to the Professional Services/other account (115-016-061-524-52-3101) in the amount of $42,558 (includes three travel events $3,600).

PROCUREMENT REVIEW:
These services were procured in compliance with the City’s procurement policy.

LEGAL REVIEW:

This Agreement will be reviewed and approved for form and legality by City Attorney, William E. Sexton.

COOPERATIVE PURCHASING AGREEMENT FOR MANAGEMENT AND FINANCIAL CONSULTING SERVICES

THIS COOPERATIVE PURCHASING AGREEMENT FOR MANAGEMENT AND FINANCIAL CONSULTING SERVICES ("Piggyback Agreement") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City") and **JRD & ASSOCIATES, INC.**, a for-profit corporation duly organized and authorized to do business in the state of Florida (EIN: 65-0627780) ("Consultant" or "Contractor").

WHEREAS, after a competitive procurement process, the Federal General Services Administration (GSA) entered into a Multiple Award Schedule Contract with JRD & Associates, Inc. for the provision of management and financial consulting services, GSA Award Number GS-10F-0265Y (the "GSA Agreement"); and

WHEREAS, in accordance with Chapter 287, Florida Statutes and the City of Ocala's contracting and procurement policies and procedures, City has the legal authority to "piggyback" the purchase of goods and services as contracted by another governmental entity as a form of inter-governmental cooperative purchasing when seeking to utilize the same or similar services provided for in said contract; and

WHEREAS, City desires to purchase labor, services, and materials for the provision of management and financial consulting services pursuant to essentially the same terms and conditions provided under the GSA Agreement as applicable and amended by the terms and conditions of this Piggyback Agreement; and

WHEREAS, Consultant agrees to extend the terms, conditions, and pricing of the GSA Agreement to the City of Ocala, subject to the terms and conditions of the Piggyback Agreement.

NOW THEREFORE, in consideration of the foregoing recitals, the following mutual covenants and conditions, and other good and valuable consideration, City and Consultant agree as follows:

1. **RECITALS.** City and Consultant hereby represent, warrant, and agree that the Recitals set forth above are true and correct and are incorporated herein by reference.
2. **DEFINITIONS.** As used in this Piggyback Agreement, the following terms shall have the meaning specified below:
   A. **Piggyback Agreement:** shall mean this Cooperative Purchasing Agreement for Management and Financial Consulting Services as it may from time to time be amended or modified pursuant to its terms and provisions.
   B. **GSA Agreement:** shall mean the Multiple Award Schedule Contract between the General Services Administration and JRD & Associates, Inc. and its exhibits, as amended and attached hereto as **Exhibit A – GSA Agreement.**
3. **INCORPORATION OF GSA AGREEMENT.** The GSA Agreement attached hereto as **Exhibit A** is hereby incorporated by reference as if set forth herein in its entirety. However, to the extent that any terms and conditions set forth in the GSA Agreement conflict with any of the amended or supplemental terms and conditions set forth in this Piggyback Agreement, then the amended and supplemental terms and conditions set forth in this Piggyback Agreement shall be given precedence.
4. **CONTRACT DOCUMENTS.** The Contract Documents which comprise the entire understanding between City and Consultant shall only include this Agreement and those documents listed in

this section as Exhibits to this Agreement. Each of these documents are incorporated herein by reference for all purposes. If there is a conflict between the terms of this Agreement and the Contract Documents, then the terms of this Agreement shall control, amend, and supersede any conflicting terms contained in the remaining Contract Documents.

Exhibits to Agreement: The Exhibits to this Agreement are as follows:

A. Exhibit A: GSA Agreement (A-1 through A-213)

B. Exhibit B: Consultant Pricing (B-1 through B-6)

5. **AMENDED TERMS AND CONDITIONS.** The following terms and conditions of the GSA Agreement are modified and replaced, in their entirety, as follows:

A. **COMPENSATION.** City shall pay Consultant a price not to exceed the maximum limiting amount of **NINETY-ONE THOUSAND, FIVE HUNDRED FORTY-SIX AND NO/100 DOLLARS ($91,546)** over the contract term for the performance of the work and in accordance with the contract documents based on the most current prices set forth in **Exhibit A – GSA Agreement**.

B. **TIME FOR PERFORMANCE.** This Agreement shall become effective and commence on **MONTH, DAY, YEAR** and continue through and including **MONTH, DAY, YEAR**.

C. **Invoice Submission**. All invoices submitted by Consultant shall include the City Contract Number, an assigned Invoice Number, and Invoice Date. Consultant shall submit the original invoice through the responsible City Project Manager at: **City of Ocala Growth Management Department**, **201 SE 3rd Street, Second Floor, Ocala, Florida 34471**; Attn: **Matt Leibfried** E-Mail: mleibfried@ocalafl.gov; Office: 352-629-8203.

D. **Payment of Invoices by City**. The City Project Manager must review and approve all invoices prior to payment. City Project Manager's approval shall not be unreasonably withheld, conditioned, or delayed. Payments by City shall be made no later than the time periods established in section 218.735, Florida Statutes.

E. **Withholding of Payment**. City reserves the right to withhold, in whole or in part, payment for any and all work that: (i) has not been completed by Consultant; (ii) is inadequate or defective and has not been remedied or resolved in a manner satisfactory to the City Project Manager; or (iii) which fails to comply with any term, condition, or other requirement under this Agreement. Any payment withheld shall be released and remitted to Consultant within **THIRTY (30)** calendar days of the Consultant's remedy or resolution of the inadequacy or defect.

F. **Excess Funds**. If due to mistake or any other reason Consultant receives payment under this Agreement in excess of what is provided for by the Agreement, Consultant shall promptly notify City upon discovery of the receipt of the overpayment. Any overpayment shall be refunded to City within **THIRTY (30)** days of Consultant's receipt of the overpayment or must also include interest calculated from the date of the overpayment at the interest rate for judgments at the highest rate as allowed by law.

G. **Amounts Due to the City.** Consultant must be current and remain current in all obligations due to the City during the performance of services under the Agreement. Payments to Consultant may be offset by any delinquent amounts due to the City or fees and/or charges owed to the City.

H. **Tax Exemption**. City is exempt from all federal excise and state sales taxes (State of Florida Consumer's Certification of Exemption 85-8012621655C-9). The City's Employer Identification Number is 59-60000392. Consultant shall not be exempted from paying sales tax to its suppliers for materials to fulfill contractual obligations with the City, nor will Consultant be authorized to use City's Tax Exemption Number for securing materials listed herein.

6. **COMMERCIAL AUTO LIABILITY INSURANCE**. Consultant shall procure, maintain, and keep in full force, effect, and good standing for the life of this Agreement a policy of commercial auto liability insurance with a minimum combined single limit of One Million Dollars ($1,000,000) per occurrence for bodily injury and property damage arising out of Consultant's operations and covering all owned, hired, scheduled, and non-owned automobiles utilized in said operations. If Consultant does not own vehicles, Consultant shall maintain coverage for hired and non-owned automobile liability, which may be satisfied by way of endorsement to Consultant's Commercial General Liability policy or separate Commercial Automobile Liability policy.

7. **GENERAL LIABILITY INSURANCE.** Consultant shall procure and maintain, for the life of this Agreement, commercial general liability insurance with minimum coverage limits not less than:

   A. One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) aggregate limit for bodily injury, property damage, and personal and advertising injury; and
   B. One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) aggregate limit for products and completed operations.
   C. Policy must include coverage for contractual liability and independent contractors.
   D. Policy must include Additional Insured coverage in favor of the City that is no less restrictive than that afforded under the CG 20 26 04 13 Additional Insured Form.

8. **WORKERS' COMPENSATION AND EMPLOYER'S LIABILITY.** Worker's Compensation insurance shall be provided by Consultant as required by Chapter 440, Florida Statutes, or any other applicable state or federal law, including the U.S. Longshoremen's and Harbor Workers Compensation Act and the Jones Act.

   A. Consultant shall similarly require any and all subcontractors to afford such coverage for all of its employees as required by applicable law.

   B. Consultant shall waive and shall ensure that Consultant's insurance carrier waives, all subrogation rights against the City of Ocala and its officers, employees, and volunteers for all losses or damages. Consultant's policy shall be endorsed with WC 00 03 13 Waiver of our Right to Recover from Others or its equivalent.

   C. Exceptions and exemptions to this Section may be allowed at the discretion of the City's Risk Manager on a case-by-case basis in accordance with Florida Statutes and shall be evidenced by a separate waiver.

9. **ADDITIONAL INSURANCE REQUIREMENTS.**
   A. Consultant's insurance coverage shall be primary insurance for all applicable policies. The limits of coverage under each policy maintained by Consultant shall not be interpreted as limiting Consultant's liability or obligations under this Agreement. City does not in any way represent that these types or amounts of insurance are sufficient or adequate enough to protect Consultant's interests or liabilities or to protect Consultant from claims that may arise

out of or result from the negligent acts, errors, or omissions of Consultant, any of its agents or subcontractors, or for anyone whose negligent act(s) Consultant may be liable.

B. No insurance shall be provided by the City for Consultant under this Agreement and Consultant shall be fully and solely responsible for any costs or expenses incurred as a result of a coverage deductible, co-insurance penalty, or self-insured retention to include any loss not covered because of the operation of such deductible, co-insurance penalty, self-insured retention, or coverage exclusion or limitation.

C. **Certificates of Insurance**. No work shall be commenced by Consultant under this Agreement until the required Certificate of Insurance and endorsements have been provided nor shall Consultant allow any subcontractor to commence work until all similarly required certificates and endorsements of the subcontractor have also been provided. Work shall not continue after expiration (or cancellation) of the Certificate of Insurance and work shall not resume until a new Certificate of Insurance has been provided. **Consultant shall provide evidence of insurance in the form of a valid Certificate of Insurance (binders are unacceptable) prior to the start of work contemplated under this Agreement to: City of Ocala. Attention: Procurement & Contracting Department, Address: 110 SE Watula Avenue, Third Floor, Ocala Florida 34471, E-Mail: vendors@ocalafl.gov.** Consultant's Certificate of Insurance and required endorsements shall be issued by an agency authorized to do business in the State of Florida with an A.M. Best Rating of A or better. The Certificate of Insurance shall indicate whether coverage is being provided under a claims-made or occurrence form. If any coverage is provided on a claims-made form, the Certificate of Insurance must show a retroactive date, which shall be the effective date of the initial contract or prior.

D. **City as Additional Insured**. The City of Ocala shall be named as an Additional Insured and Certificate Holder on all liability policies identified in this Section with the exception of Workers' Compensation, Auto Liability (except when required by Risk Management) and Professional Liability policies**. Workers Compensation policy must contain a Waiver of Subrogation in favor of the City**.

E. **Notice of Cancellation of Insurance**. Consultant's Certificate of Insurance shall provide **THIRTY (30) DAY** notice of cancellation, **TEN (10) DAY** notice if cancellation is for non-payment of premium. In the vent that Consultant's insurer is unable to accommodate the cancellation notice requirement, it shall be the responsibility of Consultant to provide the proper notice. Such notification shall be in writing by registered mail, return receipt requested, and addressed to the certificate holder. Additional copies may be sent to the City of Ocala at vendors@ocalafl.gov.

F. **Failure to Maintain Coverage**. The insurance policies and coverages set forth above are required and providing proof of and maintaining insurance of the types and with such terms and limits set forth above is a material obligation of Consultant. Consultant's failure to obtain or maintain in full force and effect any insurance coverage required under this Agreement shall constitute material breach of this Agreement.

G. **Severability of Interests**. Consultant shall arrange for its liability insurance to include or be endorsed to include a severability of interests/cross-liability provision so that the "City of Ocala" (where named as an additional insured) will be treated as if a separate policy were in existence, but without increasing the policy limits.

10. **PUBLIC RECORDS.** Consultant shall comply with all applicable provisions of the Florida Public Records Act, Chapter 119, Florida Statutes. Specifically, Consultant shall:

A. Keep and maintain public records required by the public agency to perform the service.

B. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if Consultant does not transfer the records to the public agency.

D. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of Consultant or keep and maintain public records required by the public agency to perform the service. If Consultant transfers all public records to the public agency upon completion of the contract, Consultant shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Consultant keeps and maintains public records upon completion of the contract, Consultant shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: CITY OF OCALA, OFFICE OF THE CITY CLERK; 352-629-8266; E-mail: clerk@ocalafl.gov; City Hall, 110 SE Watula Avenue, Ocala, FL 34471.

11. **AUDIT.** Consultant shall comply and cooperate immediately with any inspections, reviews, investigations, or audits relating to this Agreement as deemed necessary by the Florida Office of the Inspector General, the City's Internal or External auditors or by any other Florida official with proper authority.

12. **PUBLICITY.** Consultant shall not use City's name, logo, seal or other likeness in any press release, marketing materials, or other public announcement without City's prior written approval.

13. **E-VERIFY.** Pursuant to section 448.095, Consultant shall register with and use the U.S. Department of Homeland Security's ("DHS") E-Verify System, accessible at https://e-verify.uscis.gov/emp, to verify the work authorization status of all newly hired employees. Consultant shall obtain affidavits from any and all subcontractors in accordance with paragraph 2(b) of section 448.095, Florida Statutes, and maintain copies of such affidavits for the duration of this Agreement. By entering into this Agreement, Consultant certifies and ensures that it utilizes and will continue to utilize the DHS E-Verify System for the duration of this Agreement and any subsequent renewals of same. Consultant understands that failure to comply with the requirements of this section shall result in the termination of this Agreement and Consultant may lose the ability to be awarded a public contract for a minimum of one (1) year after the date on which the Agreement was terminated. Consultant shall provide a copy of its DHS Memorandum

of Understanding upon City's request. Please visit www.e-verify.gov for more information regarding the E-Verify System.

14. **CONFLICT OF INTEREST.** Consultant is required to have disclosed, with the submission of their bid, the name of any officer, director, or agent who may be employed by the City. Consultant shall further disclose the name of any City employee who owns, directly or indirectly, any interest in Consultant's business or any affiliated business entity. Any additional conflicts of interest that may occur during the contract term must be disclosed to the City of Ocala Procurement Department.

15. **WAIVER.** The failure or delay of any party at any time to require performance by another party of any provision of this Agreement, even if known, shall not affect the right of such party to require performance of that provision or to exercise any right, power or remedy hereunder. Any waiver by any party of any breach of any provision of this Agreement should not be construed as a waiver of any continuing or succeeding breach of such provision, a waiver of the provision itself, or a waiver of any right, power or remedy under this Agreement. No notice to or demand on any party in any circumstance shall, of itself, entitle such party to any other or further notice or demand in similar or other circumstances.

16. **SEVERABILITY OF ILLEGAL PROVISIONS.** Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the applicable law. Should any portion of this Agreement be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Agreement.

17. **INDEMNITY.** Consultant shall indemnify City and its elected officials, employees and volunteers against, and hold City and its elected officials, employees and volunteers harmless from, all damages, claims, losses, costs, and expenses, including reasonable attorneys' fees, which City or its elected officials, employees or volunteers may sustain, or which may be asserted against City or its elected officials, employees or volunteers, arising out of the activities contemplated by this Agreement including, without limitation, harm or personal injury to third persons during the term of this Agreement to the extent attributable to the actions of Consultant, its agents, and employees.

18. **NO WAIVER OF SOVEREIGN IMMUNITY.** Nothing herein is intended to waive sovereign immunity by the City to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

19. **NOTICES.** All notices, certifications or communications required by this Agreement shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by e-mail. All notices shall be addressed to the respective parties as follows:

If to Consultant:

JRD & Associates, Inc.

20. **ATTORNEYS' FEES.** If any civil action, arbitration or other legal proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party shall be entitled to recover reasonable attorneys' fees, sales and use taxes, court costs and all expenses reasonably incurred even if not taxable as court costs (including, without limitation, all such fees, taxes, costs and expenses incident to arbitration, appellate, bankruptcy and post-judgment proceedings), incurred in that civil action, arbitration or legal proceeding, in addition to any other relief to which such party or parties may be entitled. Attorneys' fees shall include, without limitation, paralegal fees, investigative fees, administrative costs, sales and use taxes and all other charges reasonably billed by the attorney to the prevailing party.

21. **JURY WAIVER.** IN ANY CIVIL ACTION, COUNTERCLAIM, OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF, CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY ANY OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION. EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.

22. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.

23. **JURISDICTION AND VENUE.** The parties acknowledge that a majority of the negotiations, anticipated performance and execution of this Agreement occurred or shall occur in Marion County, Florida. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought only in the courts of record of the State of Florida in Marion County or the United States District Court, Middle District of Florida, Ocala Division. Each party consents to the exclusive jurisdiction of such court in any such civil action or legal proceeding and waives any

objection to the laying of venue of any such civil action or legal proceeding in such court and/or the right to bring an action or proceeding in any other court. Service of any court paper may be effected on such party by mail, as provided in this Agreement, or in such other manner as may be provided under applicable laws, rules of procedures or local rules.

24. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all whom shall be bound by the provisions hereof.
25. **MUTUALITY OF NEGOTIATION.** Consultant and City acknowledge that this Agreement is a result of negotiations between Consultant and City, and the Agreement shall not be construed in favor of, or against, either party because of that party having been more involved in the drafting of the Agreement.
26. **SECTION HEADINGS.** The section headings herein are included for convenience only and shall not be deemed to be a part of this Agreement.
27. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or because of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.
28. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both parties to this Agreement.
29. **COUNTERPARTS.** This Agreement may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.
30. **ELECTRONIC SIGNATURE(S).** Consultant, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.
31. **ENTIRE AGREEMENT.** This Agreement, including exhibits, (if any) constitutes the entire Agreement between the parties hereto with respect to the subject matter hereof. There are no other representations, warranties, promises, agreements or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. No course of prior dealings between the parties and no usage of trade shall be relevant or admissible to supplement, explain, or vary any of the terms of this Agreement. No representations, understandings, or agreements have been made or relied upon in the making of this Agreement other than those specifically set forth herein.
32. **LEGAL AUTHORITY**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement on _____.

52.203-3 GRATUITIES (APR 1984)

(a) The right of the Contractor to proceed may be terminated by written notice if, after notice and hearing, the agency head or a designee determines that the Contractor, its agent, or another representative—

(1) Offered or gave a gratuity (e.g., an entertainment or gift) to an officer, official, or employee of the Government; and

(2) Intended, by the gratuity, to obtain a contract or favorable treatment under a contract.

(b) The facts supporting this determination may be reviewed by any court having lawful jurisdiction.

(c) If this contract is terminated under paragraph (a) above, the Government is entitled—

(1) To pursue the same remedies as in a breach of the contract; and

(2) In addition to any other damages provided by law, to exemplary damages of not less than 3 nor more than 10 times the cost incurred by the Contractor in giving gratuities to the person concerned, as determined by the agency head or a designee. (This subparagraph (c)(2) is applicable only if this contract uses money appropriated to the Department of Defense.)

(d) The rights and remedies of the Government provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

52.224-1 PRIVACY ACT NOTIFICATION (APR 1984)

The Contractor will be required to design, develop, or operate a system of records on individuals, to accomplish an agency function subject to the Privacy Act of 1974, Public Law 93-579, December 31, 1974 (5 U.S.C. 552a) and applicable agency regulations. Violation of the Act may involve the imposition of criminal penalties.

52.224-2 PRIVACY ACT (APR 1984)

(a) The Contractor agrees to—

(1) Comply with the Privacy Act of 1974 (the Act) and the agency rules and regulations issued under the Act in the design, development, or operation of any system of records on individuals to accomplish an agency function when the contract specifically identifies—

(i) The systems of records; and

(ii) The design, development, or operation work that the Contractor is to perform;

(2) Include the Privacy Act notification contained in this contract in every solicitation and resulting subcontract and in every subcontract awarded without a solicitation, when the work statement in the proposed subcontract requires the redesign, development, or operation of a system of records on individuals that is subject to the Act; and

(3) Include this clause, including this subparagraph (3), in all subcontracts awarded under this contract which requires the design, development, or operation of such a system of records.

(b) In the event of violations of the Act, a civil action may be brought against the agency involved when the violation concerns the design, development, or operation of a system of records on individuals to accomplish an agency function, and criminal penalties may be imposed upon the officers or employees

of the agency when the violation concerns the operation of a system of records on individuals to accomplish an agency function. For purposes of the Act, when the contract is for the operation of a system of records on individuals to accomplish an agency function, the Contractor is considered to be an employee of the agency.

(c) (1) "*Operation of a system of records*," as used in this clause, means performance of any of the activities associated with maintaining the system of records, including the collection, use, and dissemination of records.

(2) "*Record*," as used in this clause, means any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, education, financial transactions, medical history, and criminal or employment history and that contains the person's name, or the identifying number, symbol, or other identifying particular assigned to the individual, such as a fingerprint or voiceprint or a photograph.

(3) "*System of records on individuals*," as used in this clause, means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual.

52.228-5 INSURANCE—WORK ON A GOVERNMENT INSTALLATION (JAN 1997)

(a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.

(b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective—

(1) For such period as the laws of the State in which this contract is to be performed prescribe; or

(2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

52.229-1 STATE AND LOCAL TAXES (APR 1984)

Notwithstanding the terms of the Federal, State, and Local Taxes clause, the contract price excludes all State and local taxes levied on or measured by the contract or sales price of the services or completed supplies furnished under this contract. The Contractor shall state separately on its invoices taxes excluded from the contract price, and the Government agrees either to pay the amount of the taxes to the Contractor or provide evidence necessary to sustain an exemption.

52.232-37 MULTIPLE PAYMENT ARRANGEMENTS (MAY 1999)

This contract or agreement provides for payments to the Contractor through several alternative methods. The applicability of specific methods of payment and the designation of the payment office(s) are either stated—

(a) Elsewhere in this contract or agreement; or

(b) In individual orders placed under this contract or agreement.

52.237-2 PROTECTION OF GOVERNMENT BUILDINGS, EQUIPMENT, AND VEGETATION (APR 1984)

The Contractor shall use reasonable care to avoid damaging existing buildings, equipment, and vegetation on the Government installation. If the Contractor's failure to use reasonable care causes damage to any of this property, the Contractor shall replace or repair the damage at no expense to the Government as the Contracting Officer directs. If the Contractor fails or refuses to make such repair or replacement, the Contractor shall be liable for the cost, which may be deducted from the contract price.

52.237-3 CONTINUITY OF SERVICES (JAN 1991)

(a) The Contractor recognizes that the services under this contract are vital to the Government and must be continued without interruption and that, upon contract expiration, a successor, either the Government or another contractor, may continue them. The Contractor agrees to—

(1) Furnish phase-in training; and

(2) Exercise its best efforts and cooperation to effect an orderly and efficient transition to a successor.

(b) The Contractor shall, upon the Contracting Officer’s written notice, (1) furnish phase-in, phase-out services for up to 90 days after this contract expires and (2) negotiate in good faith a plan with a successor to determine the nature and extent of phase-in, phase-out services required. The plan shall specify a training program and a date for transferring responsibilities for each division of work described in the plan, and shall be subject to the Contracting Officer’s approval. The Contractor shall provide sufficient experienced personnel during the phase-in, phase-out period to ensure that the services called for by this contract are maintained at the required level of proficiency.

(c) The Contractor shall allow as many personnel as practicable to remain on the job to help the successor maintain the continuity and consistency of the services required by this contract. The Contractor also shall disclose necessary personnel records and allow the successor to conduct on-site interviews with these employees. If selected employees are agreeable to the change, the Contractor shall release them at a mutually agreeable date and negotiate transfer of their earned fringe benefits to the successor.

(d) The Contractor shall be reimbursed for all reasonable phase-in, phase-out costs (*i.e.*, costs incurred within the agreed period after contract expiration that result from phase-in, phase-out operations) and a fee (profit) not to exceed a pro rata portion of the fee (profit) under this contract.

52.242-13 BANKRUPTCY (JUL 1995)

In the event the Contractor enters into proceedings relating to bankruptcy, whether voluntary or involuntary, the Contractor agrees to furnish, by certified mail or electronic commerce method authorized by the contract, written notification of the bankruptcy to the Contracting Officer responsible for administering the contract. This notification shall be furnished within five days of the initiation of the proceedings relating to bankruptcy filing. This notification shall include the date on which the bankruptcy petition was filed, the identity of the court in which the bankruptcy petition was filed, and a listing of Government contract numbers and contracting offices for all Government contracts against which final payment has not been made. This obligation remains in effect until final payment under this contract.

52.242-15 STOP-WORK ORDER (AUG 1989)

(a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either —

(1) Cancel the stop-work order; or

(2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if —

(1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and

(2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

52.247-32 F.O.B. ORIGIN, FREIGHT PREPAID (FEB 2006)

(a) The term "f.o.b. origin, freight prepaid," as used in this clause, means—

(1) Free of expense to the Government delivered—

(i) On board the indicated type of conveyance of the carrier (or of the Government, if specified) at a designated point in the city, county, and State from which the shipments will be made and from which line-haul transportation service (as distinguished from switching, local drayage, or other terminal service) will begin;

(ii) To, and placed on, the carrier's wharf (at ship-side, within reach of the ship's loading tackle, when the shipping point is within a port area having water transportation service) or the carrier's freight station;

(iii) To a U.S. Postal Service facility; or

(iv) If stated in the solicitation, to any Government-designated point located within the same city or commercial zone as the f.o.b. origin point specified in the contract (the Federal Motor Carrier Safety Administration prescribes commercial zones at Subpart B of 49 CFR part 372); and

(2) The cost of transportation, ultimately the Government's obligation, is prepaid by the Contractor to the point specified in the contract.

(b) The Contractor shall—

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment in conformance with carrier requirements to protect the goods and to ensure assessment of the lowest applicable transportation charge;

(2) (i) Order specified carrier equipment when requested by the Government; or

(ii) If not specified, order appropriate carrier equipment not in excess of capacity to accommodate shipment;

(3) Deliver the shipment in good order and condition to the carrier, and load, stow, trim, block, and/or brace carload or truckload shipment (when loaded by the Contractor) on or in the carrier's conveyance as required by carrier rules and regulations;

(4) Be responsible for any loss of and/or damage to the goods—

(i) Occurring before delivery to the carrier;

(ii) Resulting from improper packing or marking; or

(iii) Resulting from improper loading, stowing, trimming, blocking, and/or bracing of the shipment, if loaded by the Contractor on or in the carrier's conveyance;

(5) Prepare a bill of lading or other transportation receipt. The bill of lading shall show—

(i) A description of the shipment in terms of the governing freight classification or tariff (or Government rate tender) under which lowest freight rates are applicable;

(ii) The seals affixed to the conveyance with their serial numbers or other identification;

(iii) Lengths and capacities of cars or trucks ordered and furnished;

(iv) Other pertinent information required to effect prompt delivery to the consignee, including name, delivery address, postal address and ZIP code of consignee, routing, etc.;

(v) Special instructions or annotations requested by the ordering agency for bills of lading; e.g., "This shipment is the property of, and the freight charges paid to the carrier(s) will be reimbursed by, the Government"; and

(vi) The signature of the carrier's agent and the date the shipment is received by the carrier;

(6) Distribute the copies of the bill of lading, or other transportation receipts, as directed by the ordering agency; and

(7) Prepay all freight charges to the extent specified in the contract.

(c) These Contractor responsibilities are specified for performance at the plant or plants at which these supplies are to be finally inspected and accepted, unless the facilities for shipment by carrier's equipment are not available at the Contractor's plant, in which case the responsibilities shall be performed f.o.b. the point or points in the same or nearest city where the specified carrier's facilities are

available; subject, however, to the following qualifications:

(1) If the Contractor's shipping plant is located in the State of Alaska or Hawaii, the Contractor shall deliver the supplies listed for shipment outside Alaska or Hawaii to the port of loading in Alaska or Hawaii, respectively, as specified in the contract, at Contractor's expense, and to that extent the contract shall be "f.o.b. destination."

(2) Notwithstanding subparagraph (c)(1) of this clause, if the Contractor's shipping plant is located in the State of Hawaii, and the contract requires delivery to be made by container service, the Contractor shall deliver the supplies, at the Contractor's expense to the container yard in the same or nearest city where seavan container service is available.

52.247-34 F.O.B. DESTINATION (NOV 1991)

(a) The term "f.o.b. destination," as used in this clause, means—

(1) Free of expense to the Government, on board the carrier's conveyance, at a specified delivery point where the consignee's facility (plant, warehouse, store, lot, or other location to which shipment can be made) is located; and

(2) Supplies shall be delivered to the destination consignee's wharf (if destination is a port city and supplies are for export), warehouse unloading platform, or receiving dock, at the expense of the Contractor. The Government shall not be liable for any delivery, storage, demurrage, accessorial, or other charges involved before the actual delivery (or "constructive placement" as defined in carrier tariffs) of the supplies to the destination, unless such charges are caused by an act or order of the Government acting in its contractual capacity. If rail carrier is used, supplies shall be delivered to the specified unloading platform of the consignee. If motor carrier (including "piggyback") is used, supplies shall be delivered to truck tailgate at the unloading platform of the consignee, except when the supplies delivered meet the requirements of Item 568 of the National Motor Freight Classification for "heavy or bulky freight." When supplies meeting the requirements of the referenced Item 568 are delivered, unloading (including movement to the tailgate) shall be performed by the consignee, with assistance from the truck driver, if requested. If the Contractor uses rail carrier or freight forwarder for less than carload shipments, the Contractor shall ensure that the carrier will furnish tailgate delivery, when required, if transfer to truck is required to complete delivery to consignee.

(b) The Contractor shall—

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment in conformance with carrier requirements;

(2) Prepare and distribute commercial bills of lading;

(3) Deliver the shipment in good order and condition to the point of delivery specified in the contract;

(4) Be responsible for any loss of and/or damage to the goods occurring before receipt of the shipment by the consignee at the delivery point specified in the contract;

(5) Furnish a delivery schedule and designate the mode of delivering carrier; and

(6) Pay and bear all charges to the specified point of delivery.

52.247-38 F.O.B. INLAND CARRIER, POINT OF EXPORTATION

(FEB 2006)

(a) The term "f.o.b. inland carrier, point of exportation," as used in this clause, means free of expense to the Government, on board the conveyance of the inland carrier, delivered to the specified point of exportation.

(b) The Contractor shall—

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment for ocean transportation in conformance with carrier requirements to protect the goods and to ensure assessment of the lowest applicable transportation charge;

(2) Prepare and distribute commercial bills of lading or other transportation receipt;

(3) (i) Deliver the shipment in good order and condition in or on the conveyance of the carrier on the date or within the period specified; and

(ii) Pay and bear all applicable charges, including transportation costs, to the point of delivery specified in the contract;

(4) Be responsible for any loss of and/or damage to the goods occurring before delivery of the shipment to the point of delivery in the contract; and

(5) At the Government's request and expense, assist in obtaining the documents required for (i) exportation or (ii) importation at destination.

52.247-39 F.O.B. INLAND POINT, COUNTRY OF IMPORTATION (APR 1984)

(a) The term "f.o.b. inland point, country of importation," as used in this clause, means free of expense to the Government, on board the indicated type of conveyance of the carrier, delivered to the specified inland point where the consignee's facility is located.

(b) The Contractor shall—

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment for ocean transportation in conformance with carrier requirements to protect the goods;

(2) (i) Deliver, in or on the inland carrier's conveyance, the shipment in good order and condition to the specified inland point where the consignee's facility is located; and

(ii) Pay and bear all applicable charges incurred up to the point of delivery, including transportation costs; export, import, or other fees or taxes; costs of landing; wharfage costs; customs duties and costs of certificates of origin; consular invoices; and other documents that may be required for importation; and

(3) Be responsible for any loss of and/or damage to the goods until their arrival on or in the carrier's conveyance at the specified inland point.

52.247-68 REPORT OF SHIPMENT (REPSHIP) (FEB 2006)

(a) Definition. Domestic destination, as used in this clause, means—

(1) A destination within the contiguous United States; or

(2) If shipment originates in Alaska or Hawaii, a destination in Alaska or Hawaii, respectively.

(b) Unless otherwise directed by the Contracting Officer, the Contractor shall—

(1) Send a prepaid notice of shipment to the consignee transportation officer—

(i) For all shipments of—

(A) Classified material, protected sensitive, and protected controlled material;

(B) Explosives and poisons, class 1, division 1.1, 1.2 and 1.3; class 2, division 2.3 and class 6, division 6.1;

(C) Radioactive materials requiring the use of a III bar label; or

(ii) When a truckload/carload shipment of supplies weighing 20,000 pounds or more, or a shipment of less weight that occupies the full visible capacity of a railway car or motor vehicle, is given to any carrier (common, contract, or private) for transportation to a domestic destination (other than a port for export);

(2) Transmits the notice by rapid means to be received by the consignee transportation officer at least 24 hours before the arrival of the shipment; and

(3) Send, to the receiving transportation officer, the bill of lading or letter or other document containing the following information and prominently identified as a “Report of Shipment” or “REPSHIP FOR T.O.”

RESHIP FOR T.O. 81 JUN 01
TRANSPORTATION OFFICER, DEFENSE DEPOT, MEMPHIS, TN.
SHIPPED YOUR DEPOT 1981 JUN 1
540 CTNS MENS COTTON TROUSERS, 30,240 LB, 1782 CUBE, VIA XX-YY*
IN CAR NO. XX 123456**-BL***-C98000031****CONTRACT DLA_____
ETA*****-JUNE 5 JONES & CO., JERSEY CITY N.J.

552.203-71 RESTRICTION ON ADVERTISING (SEP 1999)

The Contractor shall not refer to this contract in commercial advertising or similar promotions in such a manner as to state or imply that the product or service provided is endorsed or preferred by the White House, the Executive Office of the President, or any other element of the Federal Government, or is considered by these entities to be superior to other products or services. Any advertisement by the Contractor, including price-off coupons, that refers to a military resale activity shall contain the following statement: "This advertisement is neither paid for nor sponsored, in whole or in part, by any element of the United States Government."

552.211-73 MARKING (FEB 1996)

(a) *General requirements*. Interior packages, if any, and exterior shipping containers shall be marked as specified elsewhere in the contract. Additional marking requirements may be specified on delivery orders issued under the contract. If not otherwise specified, interior packages and exterior shipping containers shall be marked in accordance with the following standards.

(1) *Deliveries to civilian activities.* Supplies shall be marked in accordance with Federal Standard 123, edition in effect on the date of issuance of the solicitation.

(2) *Deliveries to military activities*. Supplies shall be marked in accordance with Military

Standard 129, edition in effect on the date of issuance of the solicitation.

(b) *Improperly marked material*. When Government inspection and acceptance are at destination, and delivered supplies are not marked in accordance with contract requirements, the Government has the right, without prior notice to the Contractor to perform the required marking, by contract or otherwise, and charge the Contractor, therefor at the rate specified elsewhere in this contract. This right is not exclusive, and is in addition to other rights or remedies provided for in this contract.

552.211-75 PRESERVATION, PACKAGING, AND PACKING (FEB 1996) (ALTERNATE I - MAY 2003)

Unless otherwise specified, all items shall be preserved, packaged, and packed in accordance with normal commercial practices, as defined in the applicable commodity specification. Packaging and packing shall comply with the requirements of the Uniform Freight Classification and the National Motor Freight Classification (issue in effect at time of shipment) and each shipping container of each item in a shipment shall be of uniform size and content, except for residual quantities. Where special or unusual packing is specified in an order, but not specifically provided for by the contract, such packing details must be the subject of an agreement independently arrived at between the ordering activity and the Contractor.

552.211-77 PACKING LIST (FEB 1996) (ALTERNATE I – MAY 2003)

(a) A packing list or other suitable shipping document shall accompany each shipment and shall indicate: (1) Name and address of consignor; (2) Name and complete address of consignee; (3) Ordering activity order or requisition number; (4) Government bill of lading number covering the shipment (if any); and (5) Description of the material shipped, including item number, quantity, number of containers, and package number (if any).

(b) When payment will be made by Ordering activity commercial credit card, in addition to the information in (a) above, the packing list or shipping document shall include: (1) Cardholder name and telephone number; and (2) the term "Credit Card."

552.223-70 HAZARDOUS SUBSTANCES (MAY 1989)

(a) If the packaged items to be delivered under this contract are of a hazardous substance and ordinarily are intended or considered to be for use as a household item, this contract is subject to the Federal Hazardous Substances Act, as amended (15 U.S.C. 1261-1276), implementing regulations thereof (16 CFR Chapter II(c)), and Federal Standard No. 123, Marking for Shipment (Civil Agencies), issue in effect on the date of this solicitation.

(b) The packaged items to be delivered under this contract are subject to the preparation of shipping documents, the preparation of items for transportation, shipping container construction, package making, package labeling, when required, shipper's certification of compliance, and transport vehicle placarding in accordance with Parts 171 through 178 of 49 CFR and the Hazardous Materials Transportation Act.

(c) The minimum packaging acceptable for packaging Department of Transportation regulated hazardous materials shall be those in 49 CFR 173.

552.223-71 NONCONFORMING HAZARDOUS MATERIALS (SEP 1999)

(a) Nonconforming supplies that contain hazardous material or that may expose persons who handle or transport the supplies to hazardous material and which require replacement under the inspection and/or warranty clauses of this contract shall be reshipped to the Contractor at the Contractor's expense. The

Contractor agrees to accept return of these nonconforming supplies and to pay all costs occasioned by their return.

(b) "Hazardous materials," as used in this clause, includes any material defined as hazardous under the latest version of Federal Standard No. 313 (including revisions adopted during the term of the contract).

(c) If the Contractor fails to provide acceptable disposition instructions for the nonconforming supplies within 10 days from the date of the Government's request (or such longer period as may be agreed to between the Contracting Officer and the Contractor), or fails to accept return of the reshipped nonconforming supplies, such failure: (1) may be interpreted as a willful failure to perform, (2) may result in termination of the contract for default and (3) shall be considered by the Contracting Officer in determining the responsibility of the Contractor for any future award (see FAR 9.104-3(b) and 9.406-2).

(d) Pending final resolution of any dispute, the Contractor shall promptly comply with the decision of the Contracting Officer.

552.229-70 FEDERAL, STATE, AND LOCAL TAXES (APR 1984)

The contract price includes all applicable Federal, State, and local taxes. No adjustment will be made to cover taxes which may subsequently be imposed on this transaction or changes in the rates of currently applicable taxes. However, the Government will, upon the request of the Contractor, furnish evidence appropriate to establish exemption from any tax from which the Government is exempt and which was not included in the contract price.

552.229-71 FEDERAL EXCISE TAX—DC GOVERNMENT (SEP 1999)

If the District of Columbia cites an Internal Revenue Tax Exempt Certificate Number on orders placed under this contract, the Contractor shall bill shipments to the District of Columbia at prices exclusive of Federal excise tax and show the amount of such tax on the invoice.

552.232-23 ASSIGNMENT OF CLAIMS (SEP 1999)

Because this is a requirements or indefinite quantity contract under which more than one agency may place orders, paragraph (a) of the Assignment of Claims clause (FAR 52.232-23) is inapplicable and the following is substituted therefor:

In order to prevent confusion and delay in making payment, the Contractor shall not assign any claim(s) for amounts due or to become due under this contract. However, the Contractor is permitted to assign separately to a bank, trust company, or other financial institution, including any Federal lending agency, under the provisions of the Assignment of Claims Act, as amended, 31 U.S.C. 3727, 41 U.S.C. 15 (hereinafter referred to as "the Act"), all amounts due or to become due under any order amounting to $1,000 or more issued by any Government agency under this contract. Any such assignment takes effect only if and when the assignee files written notice of the assignment together with a true copy of the instrument of assignment with the contracting officer issuing the order and the finance office designated in the order to make payment. Unless otherwise stated in the order, payments to an assignee of any amounts due or to become due under any order assigned may, to the extent specified in the Act, be subject to reduction or set-off.

52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

For contract clauses which are contained in the Federal Acquisition Regulation (FAR) the address

552.211-89	NON-MANUFACTURED WOOD PACKAGING MATERIAL FOR EXPORT (JUL 2016)	Clause
552.229-71	FEDERAL EXCISE TAX - C GOVERNMENT (SEP 1999)	Clause
552.252-6	AUTHORIZED DEVIATIONS IN CLAUSES (NOV 2021) (DEVIATION FAR 52.252-6)	Clause

52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within by written notice to the Contractor within 30 calendar days before the contract expiration date..

52.246-4 INSPECTION OF SERVICES—FIXED-PRICE (AUG 1996) (DEVIATION - MAY 2003)

(a) Definition: "Services," as used in this clause, includes services performed, workmanship, and material furnished or utilized in the performance of services.

(b) The Contractor shall provide and maintain an inspection system acceptable to the ordering activity covering the services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the ordering activity during contract performance and for as long afterwards as the contract requires.

(c) The ordering activity has the right to inspect and test all services called for by the contract, to the extent practicable at all times and places during the term of the contract. The ordering activity shall perform inspections and tests in a manner that will not unduly delay the work.

(d) If the ordering activity performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties.

(e) If any of the services do not conform with contract requirements, the ordering activity may require the Contractor to perform the services again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by reperformance, the ordering activity may—

(1) Require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and

(2) Reduce the contract price to reflect the reduced value of the services performed.

(f) If the Contractor fails to promptly perform the services again or to take the necessary action to ensure future performance in conformity with contract requirements, the ordering activity may--

(1) By contract or otherwise, perform the services and charge to the Contractor any cost incurred by the ordering activity that is directly related to the performance of such service; or

(2) Terminate the contract for default.

52.223-9 ESTIMATE OF PERCENTAGE OF RECOVERED MATERIAL CONTENT FOR EPA-DESIGNATED ITEMS (MAY 2008)

(a) Definitions. As used in this clause#

Postconsumer material means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Postconsumer material is a part of the broader category of “recovered material.”

Recovered material means waste materials and by-products recovered or diverted from solid waste, but the term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process.

(b) The Contractor, on completion of this contract, shall#

(1) Estimate the percentage of the total recovered material content for EPA-designated item(s) delivered and/or used in contract performance, including, if applicable, the percentage of post-consumer material content; and

(2) Submit this estimate to X.

552.246-78 INSPECTION AT DESTINATION (JUL 2009)

Inspection of all purchases under this contract will be made at destination by an authorized Government representative.

52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within To be determined at the task order level; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least To be determined at the task order level days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed To be determined at the task order level (months) (years).

52.204-9 PERSONAL IDENTITY VERIFICATION OF CONTRACTOR PERSONNEL (JAN 2011)

(a) The Contractor shall comply with agency personal identity verification procedures identified in the contract that implement Homeland Security Presidential Directive-12 (HSPD-12), Office of Management and Budget (OMB) guidance M-05-24, and Federal Information Processing Standards Publication (FIPS PUB) Number 201.

(b) The Contractor shall account for all forms of Government-provided identification issued to the Contractor employees in connection with performance under this contract. The Contractor shall return such identification to the issuing agency at the earliest of any of the following, unless otherwise determined by the Government:

(1) When no longer needed for contract performance.

(2) Upon completion of the Contractor employee's employment.

(3) Upon contract completion or termination.

(c) The Contracting Officer may delay final payment under a contract if the Contractor fails to comply with these requirements.

(d) The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts when the subcontractor's employees are required to have routine physical access to a Federally controlled facility and/or routine access to a Federally-controlled information system. It shall be the responsibility of the prime Contractor to return such identification to the issuing agency in accordance with the terms set forth in paragraph (b) of this section, unless otherwise approved in writing by the Contracting Officer.

52.245-9 USE AND CHARGES (APR 2012)

(a) *Definitions.* Definitions applicable to this contract are provided in the clause at 52.245-1, Government Property. Additional definitions as used in this clause include:

"Rental period" means the calendar period during which Government property is made available for nongovernmental purposes.

"Rental time" means the number of hours, to the nearest whole hour, rented property is actually used for nongovernmental purposes. It includes time to set up the property for such purposes, perform required maintenance, and restore the property to its condition prior to rental (less normal wear and tear).

(b) *Use of Government property.* The Contractor may use the Government property without charge in the performance of —

(1) Contracts with the Government that specifically authorize such use without charge;

(2) Subcontracts of any tier under Government prime contracts if the Contracting Officer having cognizance of the prime contract —

(i) Approves a subcontract specifically authorizing such use; or

(ii) Otherwise authorizes such use in writing; and

(3) Other work, if the Contracting Officer specifically authorizes in writing use without charge for such work.

(c) *Rental.* If granted written permission by the Contracting Officer, or if it is specifically provided for in the Schedule, the Contractor may use the Government property (except material) for a rental fee for work other than that provided in paragraph (b) of this clause. Authorizing such use of the Government property does not waive any rights of the Government to terminate the Contractor's right to use the Government property. The rental fee shall be determined in accordance with the following paragraphs.

(d) General.

(1) Rental requests shall be submitted to the Administrative Contracting Officer (ACO), identify the property for which rental is requested, propose a rental period, and compute an estimated rental charge by using the Contractor's best estimate of rental time in the formulae described in paragraph (e) of this clause.

(2) The Contractor shall not use Government property for nongovernmental purposes, including Independent Research and Development, until a rental charge for real property, or estimated rental charge for other property, is agreed upon. Rented property shall be used only on a non-interference basis.

(e) Rental charge.—

(1) Real property and associated fixtures.

(i) The Contractor shall obtain, at its expense, a property appraisal from an independent licensed, accredited, or certified appraiser that computes a monthly, daily, or hourly rental rate for comparable commercial property. The appraisal may be used to compute rentals under this clause throughout its effective period or, if an effective period is not stated in the appraisal, for one year following the date the appraisal was performed. The Contractor shall submit the appraisal to the ACO at least 30 days prior to the date the property is needed for nongovernmental use. Except as provided in paragraph (e)(1)(iii) of this clause, the ACO shall use the appraisal rental rate to determine a reasonable rental charge.

(ii) Rental charges shall be determined by multiplying the rental time by the appraisal rental rate expressed as a rate per hour. Monthly or daily appraisal rental rates shall be divided by 720 or 24, respectively, to determine an hourly rental rate.

(iii) When the ACO believes the appraisal rental rate is unreasonable, the ACO shall promptly notify the Contractor. The parties may agree on an alternative means for computing a reasonable rental charge.

(iv) The Contractor shall obtain, at its expense, additional property appraisals in the same manner as provided in paragraph (e)(1)(i) if the effective period has expired and the Contractor desires the continued use of property for nongovernmental use. The Contractor may obtain additional appraisals within the effective period of the current appraisal if the market prices decrease substantially.

(2) *Other Government property.* The Contractor may elect to compute the rental charge using the appraisal method described in paragraph (e)(1) of this clause subject to the constraints therein or the following formula in which rental time shall be expressed in increments of not less than one hour with portions of hours rounded to the next higher hour: The hourly rental charge is calculated by multiplying 2 percent of the acquisition cost by the hours of rental time, and dividing by 720.

(3) *Alternative methodology.* The Contractor may request consideration of an alternative basis for computing the rental charge if it considers the monthly rental rate or a time-based rental

unreasonable or impractical.

(f) Rental payments.

(1) Rent is due 60 days following completion of the rental period or as otherwise specified in the contract. The Contractor shall compute the rental due, and furnish records or other supporting data in sufficient detail to permit the ACO to verify the rental time and computation. Payment shall be made by check payable to the Treasurer of the United States and sent to the contract administration office identified in this contract, unless otherwise specified by the Contracting Officer.

(2) Interest will be charged if payment is not made by the date specified in paragraph (f)(1) of this clause. Interest will accrue at the "Renegotiation Board Interest Rate" (published in the Federal Register semiannually on or about January 1st and July 1st) for the period in which the rent is due.

(3) The Government's acceptance of any rental payment under this clause, in whole or in part, shall not be construed as a waiver or relinquishment of any rights it may have against the Contractor stemming from the Contractor's unauthorized use of Government property or any other failure to perform this contract according to its terms.

(g) *Use revocation*. At any time during the rental period, the Government may revoke nongovernmental use authorization and require the Contractor, at the Contractor's expense, to return the property to the Government, restore the property to its pre-rental condition (less normal wear and tear), or both.

(h) *Unauthorized use*. The unauthorized use of Government property can subject a person to fines, imprisonment, or both, under 18 U.S.C. 641.

52.216-19 ORDER LIMITATIONS (OCT 1995)

(a) *Minimum order*. When the Government requires supplies or services covered by this contract in an amount of less than TBD [*insert dollar figure or quantity*], the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) *Maximum order*. The Contractor is not obligated to honor —

(1) Any order for a single item in excess of See SIN Specific Information [*insert dollar figure or quantity*];

(2) Any order for a combination of items in excess of See SIN Specific Information [*insert dollar figure or quantity*]; or

(3) A series of orders from the same ordering office within TBD days that together call for quantities exceeding the limitation in paragraph (b)(1) or (2) of this section.

(c) If this is a requirements contract (*i.e.*, includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within TBD days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

Note: Regulation 52.216-19
"Due to a system limitation, a Maximum Order value of $250,000 has been identified for the Order-Level Materials SIN. However, as Order-Level Materials are only acquired in direct support of an individual task or delivery order, the contractor's right to decline an order as outlined in FAR 52.216-19 Order Limitations paragraph (b) Maximum Order shall be based on the SINs that are the primary basis or purpose of the order, not the Maximum Order value associated with the Order-Level Materials SIN.

Additionally, Ordering agencies are reminded that the Maximum Order value identified for a Schedule SIN does not limit the value of an individual task or delivery order. Ordering limitations and procedures applicable to task or delivery orders inclusive of Order-Level Materials are outlined in GSAR 552.238-115, Special Ordering Procedures for the Acquisition of Order-Level Materials."

52.222-42 STATEMENT OF EQUIVALENT RATES FOR FEDERAL HIRES (MAY 2014)

In compliance with the Service Contract Labor Standards statute and the regulations of the Secretary of Labor (29 CFR part 4), this clause identifies the classes of service employees expected to be employed under the contract and states the wages and fringe benefits payable to each if they were employed by the contracting agency subject to the provisions of 5 U.S.C. 5341 or 5332.

This Statement is for Information Only: It Is Not a Wage Determination

Employee Class	Monetary Wage – Fringe Benefits
To be determined at the task order level	To be determined at the task order level
To be determined at the task order level	To be determined at the task order level
To be determined at the task order level	To be determined at the task order level

52.227-14 RIGHTS IN DATA--GENERAL (MAY 2014)

(a) *Definitions.* As used in this clause –

“Computer database” or “database” means a collection of recorded information in a form capable of, and for the purpose of, being stored in, processed, and operated on by a computer. The term does not include computer software.

“Computer software” –

(1) Means

(i) Computer programs that comprise a series of instructions, rules, routines, or statements, regardless of the media in which recorded, that allow or cause a computer to perform a specific operation or series of operations; and

(ii) Recorded information comprising source code listings, design details, algorithms, processes, flow charts, formulas, and related material that would enable the computer

program to be produced, created, or compiled.

(2) Does not include computer databases or computer software documentation.

“Computer software documentation” means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or provide instructions for using the software.

“Data” means recorded information, regardless of form or the media on which it may be recorded. The term includes technical data and computer software. The term does not include information incidental to contract administration, such as financial, administrative, cost or pricing, or management information.

“Form, fit, and function data” means data relating to items, components, or processes that are sufficient to enable physical and functional interchangeability, and data identifying source, size, configuration, mating and attachment characteristics, functional characteristics, and performance requirements. For computer software it means data identifying source, functional characteristics, and performance requirements but specifically excludes the source code, algorithms, processes, formulas, and flow charts of the software.

“Limited rights” means the rights of the Government in limited rights data as set forth in the Limited Rights Notice of paragraph (g)(3) if included in this clause.

“Limited rights data” means data, other than computer software, that embody trade secrets or are commercial or financial and confidential or privileged, to the extent that such data pertain to items, components, or processes developed at private expense, including minor modifications.

“Restricted computer software” means computer software developed at private expense and that is a trade secret, is commercial or financial and confidential or privileged, or is copyrighted computer software, including minor modifications of the computer software.

“Restricted rights” as used in this clause, means the rights of the Government in restricted computer software, as set forth in a Restricted Rights Notice of paragraph (g) if included in this clause, or as otherwise may be provided in a collateral agreement incorporated in and made part of this contract, including minor modifications of such computer software.

“Technical data” means recorded information (regardless of the form or method of the recording) of a scientific or technical nature (including computer databases and computer software documentation). This term does not include computer software or financial, administrative, cost or pricing, or management data or other information incidental to contract administration. The term includes recorded information of a scientific or technical nature that is included in computer databases (See 41 U.S.C. 116).

“Unlimited rights” means the rights of the Government to use, disclose, reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly, in any manner and for any purpose, and to have or permit others to do so.

(b) Allocation of rights.

(1) Except as provided in paragraph (c) of this clause, the Government shall have unlimited rights in--

(i) Data first produced in the performance of this contract;

(ii) Form, fit, and function data delivered under this contract;

(iii) Data delivered under this contract (except for restricted computer software) that constitute manuals or instructional and training material for installation, operation, or

routine maintenance and repair of items, components, or processes delivered or furnished for use under this contract; and

(iv) All other data delivered under this contract unless provided otherwise for limited rights data or restricted computer software in accordance with paragraph (g) of this clause.

(2) The Contractor shall have the right to--

(i) Assert copyright in data first produced in the performance of this contract to the extent provided in paragraph (c)(1) of this clause;

(ii) Use, release to others, reproduce, distribute, or publish any data first produced or specifically used by the Contractor in the performance of this contract, unless provided otherwise in paragraph (d) of this clause;

(iii) Substantiate the use of, add, or correct limited rights, restricted rights, or copyright notices and to take other appropriate action, in accordance with paragraphs (e) and (f) of this clause; and

(iv) Protect from unauthorized disclosure and use those data that are limited rights data or restricted computer software to the extent provided in paragraph (g) of this clause.

(c) Copyright--

(1) Data first produced in the performance of this contract.

(i) Unless provided otherwise in paragraph (d) of this clause, the Contractor may, without prior approval of the Contracting Officer, assert copyright in scientific and technical articles based on or containing data first produced in the performance of this contract and published in academic, technical or professional journals, symposia proceedings, or similar works. The prior, express written permission of the Contracting Officer is required to assert copyright in all other data first produced in the performance of this contract.

(ii) When authorized to assert copyright to the data, the Contractor shall affix the applicable copyright notices of 17 U.S.C. 401 or 402, and an acknowledgment of Government sponsorship (including contract number).

(iii) For data other than computer software, the Contractor grants to the Government, and others acting on its behalf, a paid-up, nonexclusive, irrevocable, worldwide license in such copyrighted data to reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly by or on behalf of the Government. For computer software, the Contractor grants to the Government, and others acting on its behalf, a paid-up, nonexclusive, irrevocable, worldwide license in such copyrighted computer software to reproduce, prepare derivative works, and perform publicly and display publicly (but not to distribute copies to the public) by or on behalf of the Government.

(2) *Data not first produced in the performance of this contract*. The Contractor shall not, without the prior written permission of the Contracting Officer, incorporate in data delivered under this contract any data not first produced in the performance of this contract unless the Contractor--

(i) Identifies the data; and

(ii) Grants to the Government, or acquires on its behalf, a license of the same scope as set forth in paragraph (c)(1) of this clause or, if such data are restricted computer software, the Government shall acquire a copyright license as set forth in paragraph (g)(4) of this

clause (if included in this contract) or as otherwise provided in a collateral agreement incorporated in or made part of this contract.

(3) *Removal of copyright notices*. The Government will not remove any authorized copyright notices placed on data pursuant to this paragraph (c), and will include such notices on all reproductions of the data.

(d) *Release, publication, and use of data*. The Contractor shall have the right to use, release to others, reproduce, distribute, or publish any data first produced or specifically used by the Contractor in the performance of this contract, except--

(1) As prohibited by Federal law or regulation (e.g., export control or national security laws or regulations);

(2) As expressly set forth in this contract; or

(3) If the Contractor receives or is given access to data necessary for the performance of this contract that contain restrictive markings, the Contractor shall treat the data in accordance with such markings unless specifically authorized otherwise in writing by the Contracting Officer.

(e) Unauthorized marking of data.

(1) Notwithstanding any other provisions of this contract concerning inspection or acceptance, if any data delivered under this contract are marked with the notices specified in paragraph (g) (3) or (g) (4) if included in this clause, and use of the notices is not authorized by this clause, or if the data bears any other restrictive or limiting markings not authorized by this contract, the Contracting Officer may at any time either return the data to the Contractor, or cancel or ignore the markings. However, pursuant to 41 U.S.C. 4703, the following procedures shall apply prior to canceling or ignoring the markings.

(i) The Contracting Officer will make written inquiry to the Contractor affording the Contractor 60 days from receipt of the inquiry to provide written justification to substantiate the propriety of the markings;

(ii) If the Contractor fails to respond or fails to provide written justification to substantiate the propriety of the markings within the 60-day period (or a longer time approved in writing by the Contracting Officer for good cause shown), the Government shall have the right to cancel or ignore the markings at any time after said period and the data will no longer be made subject to any disclosure prohibitions.

(iii) If the Contractor provides written justification to substantiate the propriety of the markings within the period set in paragraph (e)(1)(i) of this clause, the Contracting Officer will consider such written justification and determine whether or not the markings are to be cancelled or ignored. If the Contracting Officer determines that the markings are authorized, the Contractor will be so notified in writing. If the Contracting Officer determines, with concurrence of the head of the contracting activity, that the markings are not authorized, the Contracting Officer will furnish the Contractor a written determination, which determination will become the final agency decision regarding the appropriateness of the markings unless the Contractor files suit in a court of competent jurisdiction within 90 days of receipt of the Contracting Officer's decision. The Government will continue to abide by the markings under this paragraph (e)(1)(iii) until final resolution of the matter either by the Contracting Officer's determination becoming final (in which instance the Government will thereafter have the right to cancel or ignore the markings at any time and the data will no longer be made subject to any disclosure prohibitions), or by final disposition of the matter by court decision if suit is filed.

(2) The time limits in the procedures set forth in paragraph (e)(1) of this clause may be modified in accordance with agency regulations implementing the Freedom of Information Act (5 U.S.C.

552) if necessary to respond to a request thereunder.

(3) Except to the extent the Government's action occurs as the result of final disposition of the matter by a court of competent jurisdiction, the Contractor is not precluded by paragraph (e) of the clause from bringing a claim, in accordance with the Disputes clause of this contract, that may arise as the result of the Government removing or ignoring authorized markings on data delivered under this contract.

(f) Omitted or incorrect markings.

(1) Data delivered to the Government without any restrictive markings shall be deemed to have been furnished with unlimited rights. The Government is not liable for the disclosure, use, or reproduction of such data.

(2) If the unmarked data has not been disclosed without restriction outside the Government, the Contractor may request, within 6 months (or a longer time approved by the Contracting Officer in writing for good cause shown) after delivery of the data, permission to have authorized notices placed on the data at the Contractor's expense. The Contracting Officer may agree to do so if the Contractor--

(i) Identifies the data to which the omitted notice is to be applied;

(ii) Demonstrates that the omission of the notice was inadvertent;

(iii) Establishes that the proposed notice is authorized; and

(iv) Acknowledges that the Government has no liability for the disclosure, use, or reproduction of any data made prior to the addition of the notice or resulting from the omission of the notice.

(3) If data has been marked with an incorrect notice, the Contracting Officer may--

(i) Permit correction of the notice at the Contractor's expense if the Contractor identifies the data and demonstrates that the correct notice is authorized; or

(ii) Correct any incorrect notices.

(g) Protection of limited rights data and restricted computer software.

(1) The Contractor may withhold from delivery qualifying limited rights data or restricted computer software that are not data identified in paragraphs (b)(1)(i), (ii), and (iii) of this clause. As a condition to this withholding, the Contractor shall--

(i) Identify the data being withheld; and

(ii) Furnish form, fit, and function data instead.

(2) Limited rights data that are formatted as a computer database for delivery to the Government shall be treated as limited rights data and not restricted computer software.

(3) [Reserved]

(h) *Subcontracting.* The Contractor shall obtain from its subcontractors all data and rights therein necessary to fulfill the Contractor's obligations to the Government under this contract. If a subcontractor refuses to accept terms affording the Government those rights, the Contractor shall promptly notify the Contracting Officer of the refusal and shall not proceed with the subcontract award without authorization in writing from the Contracting Officer.

(i) *Relationship to patents or other rights*. Nothing contained in this clause shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Government.

52.232-17 INTEREST (MAY 2014) (DEVIATION – MAY 2003)

(a) Except as otherwise provided in this contract under a Price Reduction for Defective Certified Cost or Pricing Data clause or a Cost Accounting Standards clause, all amounts that become payable by the Contractor to the ordering activity under this contract (net of any applicable tax credit under the Internal Revenue Code (26 U.S.C. 1481)) shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, as provided in paragraph (b) of this clause, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid.

(b) Amounts shall be due at the earliest of the following dates:

(1) The date fixed under this contract.

(2) The date of the first written demand for payment consistent with this contract, including any demand resulting from a default termination.

(3) The date the ordering activity transmits to the Contractor a proposed supplemental agreement to confirm completed negotiations establishing the amount of debt.

(4) If this contract provides for revision of prices, the date of written notice to the Contractor stating the amount of refund payable in connection with a pricing proposal or a negotiated pricing agreement not confirmed by contract modification.

(c) The interest charge made under this clause may be reduced under the procedures prescribed in 32.614-2 of the Federal Acquisition Regulation in effect on the date of this contract.

52.204-19 INCORPORATION BY REFERENCE OF REPRESENTATIONS AND CERTIFICATIONS (DEC 2014)

The Contractor's representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

552.223-73 PRESERVATION, PACKAGING, PACKING, MARKING AND LABELING OF HAZARDOUS MATERIALS (HAZMAT) FOR SHIPMENTS (JUN 2015)

(a) *Definition*. *United States*, as used in this clause, means the 48 adjoining U.S. States, Alaska, Hawaii, and U.S. territories and possessions, such as Puerto Rico.

(b) Preservation, packaging, packing, marking and labeling of hazardous materials for export shipment outside the United States in all transport modes shall comply with the following, as applicable:

(1) International Maritime Dangerous Goods (IMDG) Code as established by the International Maritime Organization (IMO).

(2) U.S. Department of Transportation (DOT) Hazardous Material Regulation (HMR) 49 CFR parts 171 through 180. (Note: Classifications permitted by the HMR, but not permitted by the IMDG code, such as Consumer Commodities classed as ORM–D, shall be packaged in accordance with the IMDG Code and dual-marked with both Consumer Commodity and IMDG

marking and labeling.)

(3) Occupational Safety and Health Administration (OSHA) Regulation 29 CFR part 1910.1200.

(4) International Air Transport Association (IATA), Dangerous Goods Regulation and/or International Civil Aviation Organization (ICAO), Technical Instructions.

(5) AFMAN 24–204, Air Force Inter- Service Manual, Preparing Hazardous Materials For Military Air Shipments.

(6) Any preservation, packaging, packing, marking and labeling requirements contained elsewhere in this solicitation and contract.

(c) Preservation, packaging, packing, marking and labeling of hazardous materials for domestic shipments within the United States in all transport modes shall comply with the following; as applicable:

(1) U.S. Department of Transportation (DOT) Hazardous Material Regulation (HMR) 49 CFR parts 171 through 180.

(2) Occupational Safety and Health Administration (OSHA) Regulation 29 CFR part 1910.1200.

(3) Any preservation, packaging, packing, marking and labeling requirements contained elsewhere in this solicitation and contract.

(d) Hazardous Material Packages designated for outside the United States destinations through Forwarding Points, Distribution Centers, or Container Consolidation Points (CCPs) shall comply with the IMDG, IATA, ICAO or AFMAN 24–204 codes, as applicable.

(e) The test certification data showing compliance with performance-oriented packaging or UN-approved packaging requirements shall be made available to GSA contract administration/management representatives or regulatory inspectors upon request.

552.228-5 GOVERNMENT AS ADDITIONAL INSURED (JAN 2016)

(a) This clause supplements the requirements set forth in FAR clause 52.228-5, Insurance–Work on a Government Installation.

(b) Each insurance policy required under this contract, other than workers' compensation insurance, shall contain an endorsement naming the United States as an additional insured with respect to operations performed under this contract. The insurance carrier is required to waive all subrogation rights against any of the named insured.

552.211-89 NON-MANUFACTURED WOOD PACKAGING MATERIAL FOR EXPORT (JUL 2016)

(a) *Definitions:*

IPPC Country: Countries of the European Union (EU) or any other country endorsing the International Plant Protection Convention (IPPC) "Guidelines for Regulating Wood Packaging Material in International Trade," approved March 15, 2002. A listing of countries participating in the IPPC is found at http://www.aphis.usda.gov/import_export/plants/plants_exports/wpm/country/index.shtml

Non-Manufactured wood, is also called solid wood and defined as wood packing other than that comprised wholly of wood-based products such as plywood, particle board, oriented strand board, veneer, wood wool, and similar materials, which has been created using glue, heat and pressure or a

combination thereof.

Packaged material, and Solid Wood Packing Material (SWPM), for purposes of this clause, is defined as each separate and distinct material that by itself or in combination with other materials forms the container providing a means of protecting and handling a product. This includes, but is not limited to, pallets, dunnage, crating, packing blocks, drums, load boards, pallet collars, and skids.

(b) Non-manufactured wood pallets and other non-manufactured wood packaging material used to pack items for delivery to or through IPPC countries must be marked and properly treated in accordance with IPPC guidelines.

(c) This requirement applies whether the shipment is direct to the end user or through a Government designated consolidation point. Packaging that does not conform to IPPC guidelines will be refused entry, destroyed or treated prior to entry.

(d) For Department of Defense distribution facilities or freight consolidation points, all non-manufactured wood pallets or packaging material with a probability of entering countries endorsing the IPPC Guidelines must be treated and marked in accordance with DLA 47.305-1 (available at http://farsite.hill.af.mil/archive/Dlad/Rev5/PART47.htm), and MIL-STD-2073-1, Standard Practice for Military Packaging (and any future revision).

(e) Pallets and packing material shipped to FAS distribution facilities designated for possible delivery to the countries endorsing the IPPC Guidelines will comply with DLAD 47.305-1, and MIL-STD-2073-1.

(f) Delays in delivery caused by non-complying pallets or wood package material will not be considered as beyond the control of the Contractor. Any applicable Government expense incurred as a result of the Contractor's failure to provide appropriate pallets or package material shall be reimbursed by the Contractor. Expenses may include the applicable cost for repackage, handling and return shipping, or the destruction of solid wood packaging material.

52.224-3 PRIVACY TRAINING (JAN 2017)

(a) *Definition*. As used in this clause, "personally identifiable information" means information that can be used to distinguish or trace an individual's identity, either alone or when combined with other information that is linked or linkable to a specific individual. (*See Office of Management and Budget (OMB) Circular A-130, Managing Federal Information as a Strategic Resource*).

(b) The Contractor shall ensure that initial privacy training, and annual privacy training thereafter, is completed by contractor employees who–

(1) Have access to a system of records;

(2) Create, collect, use, process, store, maintain, disseminate, disclose, dispose, or otherwise handle personally identifiable information on behalf of an agency; or

(3) Design, develop, maintain, or operate a system of records (see also FAR subpart 24.1 and 39.105).

(c) (1) Privacy training shall address the key elements necessary for ensuring the safeguarding of personally identifiable information or a system of records. The training shall be role-based, provide foundational as well as more advanced levels of training, and have measures in place to test the knowledge level of users. At a minimum, the privacy training shall cover —

(i) The provisions of the Privacy Act of 1974 (5 U.S.C. 552a), including penalties for violations of the Act;

(ii) The appropriate handling and safeguarding of personally identifiable information;

(iii) The authorized and official use of a system of records or any other personally identifiable information;

(iv) The restriction on the use of unauthorized equipment to create, collect, use, process, store, maintain, disseminate, disclose, dispose or otherwise access personally identifiable information;

(v) The prohibition against the unauthorized use of a system of records or unauthorized disclosure, access, handling, or use of personally identifiable information; and

(vi) The procedures to be followed in the event of a suspected or confirmed breach of a system of records or the unauthorized disclosure, access, handling, or use of personally identifiable information (see OMB guidance for Preparing for and Responding to a Breach of Personally Identifiable Information).

(2) Completion of an agency-developed or agency-conducted training course shall be deemed to satisfy these elements.

(d) The Contractor shall maintain and, upon request, provide documentation of completion of privacy training to the Contracting Officer.

(e) The Contractor shall not allow any employee access to a system of records, or permit any employee to create, collect, use, process, store, maintain, disseminate, disclose, dispose or otherwise handle personally identifiable information, or to design, develop, maintain, or operate a system of records unless the employee has completed privacy training, as required by this clause.

(f) The substance of this clause, including this paragraph (f), shall be included in all subcontracts under this contract, when subcontractor employees will–

(1) Have access to a system of records;

(2) Create, collect, use, process, store, maintain, disseminate, disclose, dispose, or otherwise handle personally identifiable information; or

(3) Design, develop, maintain, or operate a system of records.

52.242-5 PAYMENTS TO SMALL BUSINESS SUBCONTRACTORS (JAN 2017)

(a) *Definitions.* As used in this clause —

Reduced payment means a payment that is for less than the amount agreed upon in a subcontract in accordance with its terms and conditions, for supplies and services for which the Government has paid the prime contractor.

Untimely payment means a payment that is more than 90 days past due under the terms and conditions of a subcontract, for supplies and services for which the Government has paid the prime contractor.

(b) *Notice*. The Contractor shall notify the Contracting Officer, in writing, not later than 14 days after —

(1) A small business subcontractor was entitled to payment under the terms and conditions of the subcontract; and

(2) The Contractor —

(i) Made a reduced or untimely payment to the small business subcontractor; or

(ii) Failed to make a payment, which is now untimely.

(c) *Content of notice*. The Contractor shall include the reason(s) for making the reduced or untimely payment in any notice required under paragraph (b) of this clause.

52.232-33 PAYMENT BY ELECTRONIC FUNDS TRANSFER-SYSTEM FOR AWARD MANAGEMENT (OCT 2018)

(a) Method of payment.

(1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT), except as provided in paragraph (a)(2) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either—

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the Government to extend the payment due date until such time as the Government can make payment by EFT (but see paragraph (d) of this clause).

(b) *Contractor's EFT information*. The Government shall make payment to the Contractor using the EFT information contained in the System for Award Management (SAM). In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to SAM.

(c) *Mechanisms for EFT payment*. The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR Part 210.

(d) *Suspension of payment*. If the Contractor's EFT information in SAM is incorrect, then the Government need not make payment to the Contractor under this contract until correct EFT information is entered into SAM; and any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(e) Liability for uncompleted or erroneous transfers.

(1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for—

(i) Making a correct payment;

(ii) Paying any prompt payment penalty due; and

(iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and—

(i) If the funds are no longer under the control of the payment office, the Government is

deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment, and the provisions of paragraph (d) of this clause shall apply.

(f) *EFT and prompt payment*. A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(g) *EFT and assignment of claims*. If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall register separately in SAM and shall be paid by EFT in accordance with the terms of this clause. Notwithstanding any other requirement of this contract, payment to an ultimate recipient other than the Contractor, or a financial institution properly recognized under an assignment of claims pursuant to Subpart 32.8, is not permitted. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.

(h) *Liability for change of EFT information by financial agent*. The Government is not liable for errors resulting from changes to EFT information made by the Contractor's financial agent.

(i) *Payment information*. The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address contained in SAM.

552.238-107 TRAFFIC RELEASE (SUPPLIES) (MAY 2019)

Supplies ordered by GSA for export will not be shipped by the Contractor until shipping instructions are received from GSA. To obtain shipping instructions, the Contractor shall forward completed copies of GSA Form 1611, Application for Shipping Instructions and Notice of Availability, to the GSA office designated on the purchase order at least 15 days prior to the anticipated shipping date. Copies of GSA Form 1611 will be furnished to the Contractor with the purchase order. Failure to comply with this requirement could result in nonacceptance of the material by authorities at the port of exportation. When supplies for export are ordered by other Government agencies the Contractor should obtain shipping instructions from the ordering agency.

552.238-86 DELIVERY SCHEDULE (MAY 2019)

(a) *Time of delivery*. The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO) in the case of F.O.B. Destination prices; or to place of shipment in transit in the case of F.O.B. Origin prices, as set forth below. Offerors shall insert in the "Time of Delivery (days ARO)" column in the schedule of Items a definite number of calendar days within which delivery will be made. In no case shall the offered delivery time exceed the Contractor's normal business practice. The Government requires the Contractor's normal delivery time, as long as it is less than the "stated" delivery time(s) shown below. If the Offeror does not insert a delivery time in the schedule of

items, the Offeror will be deemed to offer delivery in accordance with the Government's stated delivery time, as stated below [*The contracting officer shall insert the solicited items or Special Item Numbers (SIN) as well as a reasonable delivery time that corresponds with each item or SIN, if known*]:

Items or group of items (special item no. or nomenclature)

_____

Government's stated delivery time (days ARO)

_____

Contractor's delivery time

_____

(b) *Expedited delivery times*. For those items that can be delivered quicker than the delivery times in paragraph (a) of this clause, the Offeror is requested to insert below, a time (hours/days ARO) that delivery can be made when expedited delivery is requested.

Items or group of items (special item no. or nomenclature)

_____

Expedited delivery time (hours/days ARO)

_____

(c) Overnight and 2-Day delivery times. Ordering activities may require overnight or 2-day delivery. The Offeror is requested to annotate its price list or by separate attachment identify the items that can be delivered overnight or within 2 days. Contractors offering such delivery services will be required to state in the cover sheet to its FSS price list details concerning this service.

552.238-89 DELIVERIES TO THE U.S. POSTAL SERVICE (MAY 2019)

(a) *Applicability*. This clause applies to orders placed for the U.S. Postal Service (USPS) and accepted by the Contractor for the delivery of supplies to a USPS facility (consignee).

(b) *Mode/method of transportation*. Unless the Contracting Officer grants a waiver of this requirement, any shipment that meets the USPS requirements for mailability (i.e., 70 pounds or less, combined length and girth not more than 108 inches, etc.) delivery shall be accomplished via the use of the USPS. Other commercial services shall not be used, but this does not preclude the Contractor from making delivery by the use of the Contractor's own vehicles.

(c) *Time of delivery*. Notwithstanding the required time for delivery to destination as may be specified elsewhere in this contract, if shipments under this clause are mailed not later than five (5) calendar days before the required delivery date, delivery shall be deemed to have been made timely.

552.238-90 CHARACTERISTICS OF ELECTRIC CURRENT (MAY 2019)

Contractors supplying equipment which uses electrical current are required to supply equipment suitable for the electrical system at the location at which the equipment is to be used as specified on the order.

552.238-91 MARKING AND DOCUMENTATION REQUIREMENTS FOR SHIPPING (MAY 2019)

(a) *Responsibility*. It shall be the responsibility of the ordering activity to determine the full marking

and documentation requirements necessary under the various methods of shipment authorized by the contract.

(b) *Documentation*. In the event the ordering activity fails to provide the essential information and documentation, the Contractor shall, within three days after receipt of order, contact the ordering activity and advise them accordingly. The Contractor shall not proceed with any shipment requiring transshipment via U.S. Government facilities without the prerequisites stated in paragraph (c) of this section.

(c) *Direct shipments*. The Contractor shall mark all items ordered against this contract with indelible ink, paint or fluid, as follows:

(1) Traffic Management or Transportation Officer at FINAL destination.

(2) Ordering Supply Account Number.

(3) Account number.

(4) Delivery Order or Purchase Order Number.

(5) National Stock Number, if applicable; or Contractor's item number.

(6) Box _____ of _____ Boxes.

(7) Nomenclature (brief description of items).

552.238-92 VENDOR MANAGED INVENTORY (VMI) PROGRAM (MAY 2019)

(a) The term “Vendor Managed Inventory” describes a system in which the Contractor monitors and maintains specified inventory levels for selected items at designated stocking points. VMI enables the Contractor to plan production and shipping more efficiently. Stocking points benefit from reduced inventory but steady stock levels.

(b) Contractors that commercially provide a VMI-type system may enter into similar partnerships with ordering agencies under a Blanket Purchase Agreement.

552.238-93 ORDER ACKNOWLEDGMENT (MAY 2019)

Contractors shall acknowledge only those orders which state “Order Acknowledgment Required.” These orders shall be acknowledged within 10 calendar days after receipt. Such acknowledgment shall be sent to the ordering activity placing the order and contain information pertinent to the order, including the anticipated delivery date.

552.238-94 ACCELERATED DELIVERY REQUIREMENTS (MAY 2019)

When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, the ordering activity is encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within three (3) business days after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

552.238-95 SEPARATE CHARGE FOR PERFORMANCE ORIENTED PACKAGING (POP) (MAY 2019)

(a) Offerors are requested to list the hazardous material item to which the separate charge applies in the spaces provided in this paragraph or on a separate attachment. The final price shall be quoted separately at the order level and, if considered reasonable, will be accepted as part of the order.

ITEMS	
SINS or Descriptive Name of Articles (as appropriate)	Charge for Performance Oriented

(b) Ordering activities will not be obligated to utilize the Contractor's services for Performance Oriented Packaging, and they may obtain such services elsewhere if desired. However, the Contractor shall provide items in Performance Oriented Packaging when such packing is specified on the delivery order. The Contractor's contract price and the charge for Performance Oriented Packaging will be shown as separate entries on the delivery order.

552.238-96 SEPARATE CHARGE FOR DELIVERY WITHIN CONSIGNEE'S PREMISES (MAY 2019) 538.273(d)(20)

(a) Offerors are requested to insert, in the spaces provided below or by attachment hereto, a separate charge for “Delivery Within Consignee's Premises” applicable to each shipping container to be shipped. (Articles which are comparable in size and weight, and for which the same charge is applicable, should be grouped under an appropriate item description.) These additional charges will be accepted as part of the award, if considered reasonable, and shall be included in the Contractor's published catalog and/or price list.

(b) Ordering activities are not obligated to issue orders on the basis of “Delivery Within Consignee's Premises,” and Contractors may refuse delivery on that basis provided such refusal is communicated in writing to the ordering activity issuing such orders within 5 days of the receipt of such order by the Contractor and provided further, that delivery is made in accordance with the other delivery requirements of the contract. Failure of the Contractor to submit this notification within the time specified shall constitute acceptance to furnish “Delivery Within Consignee's Premises” at the additional charge awarded. When an ordering activity issues an order on the basis of “Delivery Within Consignee's Premises” at the accepted additional charge awarded and the Contractor accepts such orders on that basis, the Contractor will be obligated to provide delivery “F.o.b. Destination, Within Consignee's Premises” in accordance with FAR 52.247-35, which is then incorporated by reference, with the exception that an additional charge as provided herein is allowed for such services. Unless otherwise stipulated by the Offeror, the additional charges awarded hereunder may be applied to any delivery within the 48 contiguous States and the District of Columbia.

(c) When exercising their option to issue orders on the basis of delivery service as provided herein, ordering activities will specify “Delivery Within Consignee's Premises” on the order, and will indicate the exact location to which delivery is to be made. The Contractor's delivery price and the additional charge(s) for “Delivery Within Consignee's Premises” will be shown as separate entries on the order..

ITEMS	
(NSNs or Special Item Numbers or Descriptive Name of Articles)	Additional Charge (Per shipping container) FOR “DELIVERY WITHIN CONSIGNEE'S PREMISES”

552.238-100 TRANSSHIPMENTS (MAY 2019)

(a) The Contractor shall complete two (2) DD Forms 1387, Military Shipment Labels and, if applicable, four copies of DD Form 1387-2, Special Handling/Data Certification-used when shipping chemicals, dangerous cargo, etc.

(1) Two copies of the DD Form 1387 will be attached to each shipping container delivered to the port Transportation Officer for subsequent transshipment by the Government as otherwise provided for under the terms of this contract.

(2) These forms will be attached to one end and one side, not on the top or bottom, of the container.

(3) The Contractor will complete the bottom line of these forms, which pertains to the number of pieces, weight and cube of each piece, using U.S. weight and cubic measures. Weights will be rounded off to the nearest pound. (One kg = 2.2 U.S. pounds; one cubic meter = 35.3156 cubic feet.)

(b) In addition, if the cargo consists of chemicals, or is dangerous, one copy of the DD Form 1387-2 will be attached to the container, and three copies will be furnished to the Transportation Officer with the Bill of Lading.

(c) Dangerous cargo will not be intermingled with non-dangerous cargo in the same container.

(d) Copies of the above forms and preparation instructions will be obtained from the ordering activity issuing the Delivery Order. Reproduced copies of the forms are acceptable.

(e) Failure to include DD Form 1387, and DD Form 1387-2, if applicable, on each shipping container will result in rejection of shipment by the port Transportation Officer.

552.238-101 FOREIGN TAXES AND DUTIES (MAY 2019)

Prices offered must be net, delivered, f.o.b. to the destinations accepted by the Government.

(a) The Contractor warrants that such prices do not include any tax, duty, customs fees, or other foreign Governmental costs, assessments, or similar charges from which the U.S. Government is exempt.

(b) Standard commercial export packaging, including containerization, if necessary, packaging, preservation, and/or marking are included in the pricing offered and accepted by the Government.

552.238-102 ENGLISH LANGUAGE AND U.S. DOLLAR REQUIREMENTS (MAY 2019)

(a) All documents produced by the Contractor to fulfill requirements of this contract including, but not limited to, Federal Supply Schedule catalogs and price lists, must reflect all terms and conditions in the English language.

(b) U.S. dollar equivalency, if applicable, will be based on the rates published in the “Treasury Reporting Rates of Exchange” in effect as of the date of the agency's purchase order or in effect during the time period specified elsewhere in this contract.

552.238-103 ELECTRONIC COMMERCE (MAY 2019)

(a) General background. The Federal Acquisition Streamlining Act (FASA) of 1994 requires the Government to evolve its acquisition process from one driven by paper to an expedited process based on electronic commerce/electronic data interchange (EC/EDI). EC/EDI encompasses more than merely automating manual processes and eliminating paper transactions. EC/EDI improves business processes (e.g. procurement, finance, logistics) into a fully electronic environment and fundamentally changes the way organizations operate.

(b) Trading partners and Value-Added Networks (VAN's).

(1) Within the electronic commerce architecture, electronic documents (e.g., orders, invoices, etc.) are carried between the Federal Government's procuring office and Contractors (now known as “trading partners”). These transactions are carried by commercial telecommunications companies called Value-Added Networks (VAN's).

(2) EDI can be performed using commercially available hardware, software, and telecommunications. The selection of a VAN is a business decision Contractors must make. There are many different VAN's which provide a variety of electronic services and different pricing strategies. If the VAN only provides communications services, you may also need a software translation package.

(c) Registration instructions. To perform EDI with the Government, Contractors shall register as a trading partner. Contractors will provide regular business information, banking information, and EDI capabilities to all agencies in this single registration. A central repository of all trading partners is the Systems for Award Management (SAM) http://www.sam.gov. Contractors shall follow the instructions on the SAM website regarding how to register for EDI.

(d) Implementation conventions. All EDI transactions must comply with the Federal Implementation Conventions (ICs). The ICs are available on a registry maintained by the National Institute of Standards and Technology (NIST). It is accessible via the INTERNET at http://www.nist.gov/itl. ICs are available for common business documents such as Purchase Order, Price Sales Catalog, Invoice, Request for Quotes, etc.

(e) Additional information. GSA has additional information available for Contractors who are interested in using EC/EDI on its website, http://www.gsa.gov.

(f) GSA Advantage!®.

(1) GSA Advantage!® uses electronic commerce to receive catalogs, invoices and text messages; and to send purchase orders, application advice, and functional acknowledgments. GSA Advantage!® enables customers to:

(i) Perform database searches across all contracts by manufacturer; manufacturer's model/part number; Contractor; and generic supply categories.

(ii) Generate EDI delivery orders to Contractors, generate EDI delivery orders from the Federal Supply Service to Contractors, or download files to create their own delivery orders.

(iii) Use the credit card.

(2) GSA Advantage!® may be accessed via the GSA Home Page. The Internet address is: http://www.gsa.gov.

Note: Regulation 552.238-103
Note: All contractors are required to comply with GSA's established catalog submission and maintenance rules to ensure accurate and complete electronic commerce representation.

Detailed instructions and guidance can be found in the FAS Catalog Platform (FCP) Help Page at: https://catalog.gsa.gov/help.

552.238-104 DISSEMINATION OF INFORMATION BY CONTRACTOR (MAY 2019)

The Government will provide the Contractor with a single copy of the resulting Federal Supply Schedule contract award documents. However, it is the responsibility of the Contractor to furnish all sales outlets authorized to participate in the performance of the contract with the terms, conditions, pricing schedule, and other appropriate information.

552.238-106 INTERPRETATION OF CONTRACT REQUIREMENTS (MAY 2019)

No interpretation of any provision of this contract, including applicable specifications, shall be binding on the Government unless furnished or agreed to in writing by the Contracting Officer or his designated representative.

552.238-70 COVER PAGE FOR WORLDWIDE FEDERAL SUPPLY SCHEDULES (MAY 2019) FOR ALL GEOGRAPHIC AREAS

Solicitation No. 47QSMD20R0001 Refresh 0031

Federal Supply Schedule Contract for All Geographic Areas.

(a) Federal Supply Classification (FSC) GROUP: Various
PART: Various
SECTION: Various
SUPPLY: Various
FSC CLASS(ES)/PRODUCT CODE(S)/NAICS: Various

(b) STANDARD INDUSTRY GROUP: Various
SERVICE: Various
SERVICE CODE(S)/NAICS: Various

552.238-79 CANCELLATION (MAY 2019)

Either party may cancel this contract in whole or in part by providing written notice. The cancellation will take effect 30 calendar days after the other party receives the notice of cancellation. If the Contractor elects to cancel this contract, the Government will not reimburse the minimum guarantee.

552.238-83 EXAMINATION OF RECORDS BY GSA (FEDERAL SUPPLY SCHEDULES) (MAY 2019)

The Contractor agrees that the Administrator of General Services or any duly authorized representative shall have access to and the right to examine any books, documents, papers and records of the contractor involving transactions related to this contract for overbillings, billing errors, compliance with contract clauses 552.238-81, Price Reductions and 552.238-80, Industrial Funding Fee and Sales Reporting. This authority shall expire 3 years after final payment. The basic contract and each option shall be treated as separate contracts for purposes of applying this clause.

Note: Regulation 552.238-83

The types of books, documents, papers and records shall include but are not to be limited to:

- Eligible users of the GSA Sources of Supply and Services, as defined by OGP 4800.2I and/or subsequent orders,
- Basis of Award customers, 552.238-81 Price Reductions, and 552.238-80 Industrial Funding Fee and Sales Reporting,
- Verifying CSP-1 Form accuracy and completeness,
- GSA MAS Contractor Team Arrangements (CTAs), and
- Authorized Dealers incorporated into the MAS contract by the Contracting Officer.

552.238-84 DISCOUNTS FOR PROMPT PAYMENT (MAY 2019)

(a) Discounts for early payment (hereinafter referred to as “discounts” or “the discount”) will be considered in evaluating the relationship of the Offeror's concessions to the Government vis-a-vis the Offeror's concessions to its commercial and Federal non-schedule customers, but only to the extent indicated in this clause.

(b) Discounts will not be considered to determine the low Offeror in the situation described in the “Offers on Identical Products” provision of this solicitation.

(c) Uneconomical discounts will not be considered as meeting the criteria for award established by the Government. In this connection, a discount will be considered uneconomical if the annualized rate of return for earning the discount is lower than the “value of funds” rate established by the Department of the Treasury and published quarterly in the Federal Register. The “value of funds” rate applied will be the rate in effect on the date specified for the receipt of offers.

(d) Discounts for early payment may be offered either in the original offer or on individual invoices submitted under the resulting contract. Discounts offered will be taken by the ordering activity if payment is made within the discount period specified.

(e) Discounts that are included in offers become a part of the resulting contracts and are binding on the Contractor for all orders placed under the contract. Discounts offered only on individual invoices will be binding on the Contractor only for the particular invoice on which the discount is offered.

(f) In connection with any discount offered for prompt payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the date on which an electronic funds transfer was made.

552.238-85 CONTRACTOR'S BILLING RESPONSIBILITIES (MAY 2019)

(a) The Contractor is required to perform all billings made pursuant to this contract. However, if the Contractor has dealers that participate on the contract and the billing/payment process by the Contractor for sales made by the dealer is a significant administrative burden, the following alternative procedures may be used. Where dealers are allowed by the Contractor to bill ordering activities and accept payment in the Contractor's name, the Contractor agrees to obtain from all dealers participating in the performance of the contract a written agreement, which will require dealers to

(1) Comply with the same terms and conditions as the Contractor for sales made under the contract;

(2) Maintain a system of reporting sales under the contract to the manufacturer, which includes

(i) The date of sale;

(ii) The ordering activity to which the sale was made;

(iii) The service or supply/model sold;

(iv) The quantity of each service or supply/model sold;

(v) The price at which it was sold, including discounts; and

(vi) All other significant sales data.

(3) Be subject to audit by the Government, with respect to sales made under the contract; and

(4) Place orders and accept payments in the name of the Contractor in care of the dealer.

(b) An agreement between a Contractor and its dealers pursuant to this procedure will not establish privity of contract between dealers and the Government.

552.238-87 DELIVERY PRICES (MAY 2019)

(a) Prices offered must cover delivery as provided below to destinations located within the 48 contiguous States and the District of Columbia.

(1) Delivery to the door of the specified Government activity by freight or express common carriers on articles for which store-door delivery is provided, free or subject to a charge, pursuant to regularly published tariffs duly filed with the Federal and/or State regulatory bodies governing such carrier; or, at the option of the Contractor, by parcel post on mailable articles, or by the Contractor's vehicle. Where store-door delivery is subject to a charge, the Contractor shall place the notation “Delivery Service Requested” on bills of lading covering such shipments, and pay such charge and add the actual cost thereof as a separate item to his invoice.

(2) Delivery to siding at destinations when specified by the ordering office, if delivery is not covered under paragraph (a)(1) of this section.

(3) Delivery to the freight station nearest destination when delivery is not covered under paragraph (a)(1) or (2) of this section.

(b) The Offeror shall indicate in the offer whether or not prices submitted cover delivery f.o.b. destination in Alaska, Hawaii, and the Commonwealth of Puerto Rico.

(c) When deliveries are made to destinations outside the contiguous 48 States; i.e., Alaska, Hawaii, and the Commonwealth of Puerto Rico, and are not covered by paragraph (b), above, the following conditions will apply:

(1) Delivery will be f.o.b. inland carrier, point of exportation (FAR 52.247-38), with the transportation charges to be paid by the Government from point of exportation to destination in Alaska, Hawaii, or the Commonwealth of Puerto Rico, as designated by the ordering office. The Contractor shall add the actual cost of transportation to destination from the point of exportation in the 48 contiguous States nearest to the designated destination. Such costs will, in all cases, be based upon the lowest regularly established rates on file with the Interstate Commerce Commission, the U.S. Maritime Commission (if shipped by water), or any State regulatory body, or those published by the U.S. Postal Service; and must be supported by paid freight or express receipt or by a statement of parcel post charges including weight of shipment.

(2) The right is reserved to ordering agencies to furnish Government bills of lading.

552.238-97 PARTS AND SERVICE (MAY 2019)

(a) For equipment under items listed in the schedule of items or services on which offers are submitted, the Contractor represents by submission of this offer that parts and services (including the performing of warranty or guarantee service) are now available from dealers or distributors serving the areas of ultimate overseas destination or that such facilities will be established and will be maintained throughout the contract period. If a new servicing facility is to be established, the facility shall be established no later than the beginning of the contract period.

(b) Each Contractor shall be fully responsible for the services to be performed by the named servicing facilities, or by such facilities to be established, and fully guarantees performance of such services if the original service proves unsatisfactory.

(c) Contractors are requested to provide the Ordering Activity, the names and addresses of all supply and service points maintained in the geographic area in which the Contractor will perform. Please indicate opposite each point whether or not a complete stock of repair parts for items offered is carried at that point, and whether or not mechanical service is available.

552.238-98 CLAUSES FOR OVERSEAS COVERAGE (MAY 2019)

(a) 52.214-34 Submission of Offers in the English Language

(b) 52.214-35 Submission of Offers in U.S. Currency

(c) 552.238-90 Characteristics of Electric Current

(d) 552.238-91 Marking and Documentation Requirements Per Shipment

(e) 552.238-97 Parts and Service

(f) 552.238-99 Delivery Prices Overseas

(g) 552.238-100 Transshipments

(h) 552.238-101 Foreign Taxes and Duties

(i) 52.247-34 FOB Destination

(j) 52.247-38 FOB Inland Carrier, Point of Exportation

(k) 52.247-39 FOB Inland Point, Country of Importation

552.238-99 DELIVERY PRICES OVERSEAS (MAY 2019)

(a) Prices offered must cover delivery to destinations as provided as follows:

(1) Direct delivery to consignee. F.O.B. Inland Point, Country of Importation (FAR 52.247-39). (Offeror should indicate countries where direct delivery will be provided.)

(2) Delivery to overseas assembly point for transshipment when specified by the ordering activity, if delivery is not covered under paragraph (1), above.

(3) Delivery to the overseas port of entry when delivery is not covered under paragraph (a)(1) or (2) of this section.

(b) Geographic area(s)/countries/zones which are intended to be covered must be identified in the offer.

52.216-32 TASK-ORDER AND DELIVERY-ORDER OMBUDSMAN (SEP 2019) (ALT I SEP 2019)

(a) In accordance with 41 U.S.C. 4106(g), the Agency has designated the following task-order and delivery-order Ombudsman for this contract. The Ombudsman must review complaints from the Contractor concerning all task-order and delivery-order actions for this contract and ensure the Contractor is afforded a fair opportunity for consideration in the award of orders, consistent with the procedures in the contract.

[Contracting Officer to insert name, address, telephone number, and email address for the Agency Ombudsman or provide the URL address where this information may be found.]

(b) Consulting an ombudsman does not alter or postpone the timeline for any other process (e.g., protests).

(c) Before consulting with the Ombudsman, the Contractor is encouraged to first address complaints with the Contracting Officer for resolution. When requested by the Contractor, the Ombudsman may keep the identity of the concerned party or entity confidential, unless prohibited by law or agency procedure.

(d) Contracts used by multiple agencies.

(1) This is a contract that is used by multiple agencies. Complaints from Contractors concerning orders placed under contracts used by multiple agencies are primarily reviewed by the task-order and delivery-order Ombudsman for the ordering activity.

(2) The ordering activity has designated the following task-order and delivery-order Ombudsman for this order:

[The ordering activity's contracting officer to insert the name, address, telephone number, and email address for the ordering activity's Ombudsman or provide the URL address where this information may be found.]

(3) Before consulting with the task-order and delivery-order Ombudsman for the ordering activity, the Contractor is encouraged to first address complaints with the ordering activity's Contracting Officer for resolution. When requested by the Contractor, the task-order and delivery-order Ombudsman for the ordering activity may keep the identity of the concerned party or entity confidential, unless prohibited by law or agency procedure.

End of clause

52.219-13 NOTICE OF SET-ASIDE OF ORDERS (MAR 2020)

(a) The Contracting Officer may set aside orders for the small business concerns identified in 19.000(a)(3).

(b) The Contracting Officer will give notice of the order or orders, if any, to be set aside for small business concerns identified in 19.000(a)(3) and the applicable small business program. This notice, and its

restrictions, will apply only to the specific orders that have been set aside for any of the small business concerns identified in 19.000(a)(3).

End of clause

552.238-77 SUBMISSION AND DISTRIBUTION OF AUTHORIZED FEDERAL SUPPLY SCHEDULE PRICE LISTS (MAR 2020)

(a) The Contractor shall submit its Authorized Federal Supply Schedule Price List on a common-use electronic medium as prescribed by GSA. Some structured data entry in a prescribed format may be required.

(b) Eligible ordering activities will utilize GSA's online shopping and ordering system to review a Contractors' price lists.

End of clause

Note: Regulation 552.238-77
Contractors must follow the detailed guidance and requirements provided in the Requirements after getting a MAS contract page (https://www.gsa.gov/buy-through-us/purchasing-programs/multiple-award-schedule/help-with-mas-contracts-to-sell-to-government/requirements-after-getting-a-mas-contract?gsaredirect=mascontractrequirements) when submitting electronic data for inclusion on the GSA Advantage! website.

52.202-1 DEFINITIONS (JUN 2020)

When a solicitation provision or contract clause uses a word or term that is defined in the Federal Acquisition Regulation (FAR), the word or term has the same meaning as the definition in FAR 2.101 in effect at the time the solicitation was issued, unless-

(a) The solicitation, or amended solicitation, provides a different definition;

(b) The contracting parties agree to a different definition;

(c) The part, subpart, or section of the FAR where the provision or clause is prescribed provides a different meaning;

(d) The word or term is defined in FAR part 31, for use in the cost principles and procedures; or

(e) The word or term defines an acquisition-related threshold, and if the threshold is adjusted for inflation as set forth in FAR 1.109(a), then the changed threshold applies throughout the remaining term of the contract, unless there is a subsequent threshold adjustment; see FAR 1.109(d).

52.225-19 Contractor Personnel in a Designated Operational Area or Supporting a Diplomatic or Consular Mission Outside the United States (MaY 2020)

(a) Definitions. As used in this clause--

Chief of mission means the principal officer in charge of a diplomatic mission of the United States or of a United States office abroad which is designated by the Secretary of State as diplomatic in nature,

including any individual assigned under section 502(c) of the Foreign Service Act of 1980 (Pub. L. 96-465) to be temporarily in charge of such a mission or office.

Combatant commander means the commander of a unified or specified combatant command established in accordance with 10 U.S.C. 161. Designated operational area means a geographic area designated by the combatant commander or subordinate joint force commander for the conduct or support of specified military operations.

Supporting a diplomatic or consular mission means performing outside the United States under a contract administered by Federal agency personnel who are subject to the direction of a chief of mission.

(b) *General.*

(1) This clause applies when Contractor personnel are required to perform outside the United States--

(i) In a designated operational area during--

(A) Contingency operations;

(B) Humanitarian or peacekeeping operations; or

(C) Other military operations; or military exercises, when designated by the Combatant Commander; or

(ii) When supporting a diplomatic or consular mission--

(A) That has been designated by the Department of State as a danger pay post (see https://aoprals.state.gov/); or

(B) That the Contracting Officer has indicated is subject to this clause.

(2) Contract performance may require work in dangerous or austere conditions. Except as otherwise provided in the contract, the Contractor accepts the risks associated with required contract performance in such operations.

(3) Contractor personnel are civilians.

(i) Except as provided in paragraph (b)(3)(ii) of this clause, and in accordance with paragraph (i)(3) of this clause, Contractor personnel are only authorized to use deadly force in self-defense.

(ii) Contractor personnel performing security functions are also authorized to use deadly force when use of such force reasonably appears necessary to execute their security mission to protect assets/persons, consistent with the terms and conditions contained in the contract or with their job description and terms of employment.

(4) Service performed by Contractor personnel subject to this clause is not active duty or service under 38 U.S.C. 106 note.

(c) *Support.* Unless specified elsewhere in the contract, the Contractor is responsible for all logistical and security support required for Contractor personnel engaged in this contract.

(d) *Compliance with laws and regulations.* The Contractor shall comply with, and shall ensure that its personnel in the designated operational area or supporting the diplomatic or consular mission are familiar with and comply with, all applicable--

(1) United States, host country, and third country national laws;

(2) Treaties and international agreements;

(3) United States regulations, directives, instructions, policies, and procedures; and

(4) Force protection, security, health, or safety orders, directives, and instructions issued by the Chief of Mission or the Combatant Commander; however, only the Contracting Officer is authorized to modify the terms and conditions of the contract.

(e) *Preliminary personnel requirements.*

(1) Specific requirements for paragraphs (e)(2)(i) through (e)(2)(vi) of this clause will be set forth in the statement of work, or elsewhere in the contract.

(2) Before Contractor personnel depart from the United States or a third country, and before Contractor personnel residing in the host country begin contract performance in the designated operational area or supporting the diplomatic or consular mission, the Contractor shall ensure the following:

(i) All required security and background checks are complete and acceptable.

(ii) All personnel are medically and physically fit and have received all required vaccinations.

(iii) All personnel have all necessary passports, visas, entry permits, and other documents required for Contractor personnel to enter and exit the foreign country, including those required for in-transit countries.

(iv) All personnel have received--

(A) A country clearance or special area clearance, if required by the chief of mission; and

(B) Theater clearance, if required by the Combatant Commander.

(v) All personnel have received personal security training. The training must at a minimum--

(A) Cover safety and security issues facing employees overseas;

(B) Identify safety and security contingency planning activities; and

(C) Identify ways to utilize safety and security personnel and other resources appropriately.

(vi) All personnel have received isolated personnel training, if specified in the contract. Isolated personnel are military or civilian personnel separated from their unit or organization in an environment requiring them to survive, evade, or escape while awaiting rescue or recovery.

(vii) All personnel who are U.S. citizens are registered with the U.S. Embassy or Consulate with jurisdiction over the area of operations on-line at http://www.travel.state.gov.

(3) The Contractor shall notify all personnel who are not a host country national or ordinarily resident in the host country that--

(i) If this contract is with the Department of Defense, or the contract relates to supporting the mission of the Department of Defense outside the United States, such employees, and dependents residing with such employees, who engage in conduct outside the United States that would constitute an offense punishable by imprisonment for more than one year if the conduct had been engaged in within the special maritime and territorial jurisdiction of the United States, may potentially be subject to the criminal jurisdiction of the United States (see the Military Extraterritorial Jurisdiction Act of 2000 (18 U.S.C. 3261 et seq.);

(ii) Pursuant to the War Crimes Act, 18 U.S.C. 2441, Federal criminal jurisdiction also extends to conduct that is determined to constitute a war crime when committed by a civilian national of the United States; and

(iii) Other laws may provide for prosecution of U.S. nationals who commit offenses on the premises of United States diplomatic, consular, military or other United States Government missions outside the United States (18 U.S.C. 7(9)).

(f) *Processing and departure points.* The Contractor shall require its personnel who are arriving from outside the area of performance to perform in the designated operational area or supporting the diplomatic or consular mission to--

(1) Process through the departure center designated in the contract or complete another process as directed by the Contracting Officer;

(2) Use a specific point of departure and transportation mode as directed by the Contracting Officer; and

(3) Process through a reception center as designated by the Contracting Officer upon arrival at the place of performance.

(g) *Personnel data.*

(1) Unless personnel data requirements are otherwise specified in the contract, the Contractor shall establish and maintain with the designated Government official a current list of all Contractor personnel in the areas of performance. The Contracting Officer will inform the Contractor of the Government official designated to receive this data and the appropriate system to use for this effort.

(2) The Contractor shall ensure that all employees on this list have a current record of emergency data, for notification of next of kin, on file with both the Contractor and the designated Government official.

(h) *Contractor personnel.* The Contracting Officer may direct the Contractor, at its own expense, to remove and replace any Contractor personnel who fail to comply with or violate applicable requirements of this contract. Such action may be taken at the Government's discretion without prejudice to its rights under any other provision of this contract, including termination for default or cause.

(i) *Weapons.*

(1) If the Contracting Officer, subject to the approval of the Combatant Commander or the Chief of Mission, authorizes the carrying of weapons--

(i) The Contracting Officer may authorize an approved Contractor to issue Contractor-owned weapons and ammunition to specified employees; or

(ii) The To be determined at the task order level [*Contracting Officer to specify individual, e.g., Contracting Officer Representative, Regional Security Officer, etc,*] may

issue Government-furnished weapons and ammunition to the Contractor for issuance to specified Contractor employees.

(2) The Contractor shall provide to the Contracting Officer a specific list of personnel for whom authorization to carry a weapon is requested.

(3) The Contractor shall ensure that its personnel who are authorized to carry weapons--

(i) Are adequately trained to carry and use them--

(A) Safely;

(B) With full understanding of, and adherence to, the rules of the use of force issued by the Combatant Commander or the Chief of Mission; and

(C) In compliance with applicable agency policies, agreements, rules, regulations, and other applicable law;

(ii) Are not barred from possession of a firearm by 18 U.S.C. 922; and

(iii) Adhere to all guidance and orders issued by the Combatant Commander or the Chief of Mission regarding possession, use, safety, and accountability of weapons and ammunition.

(4) Upon revocation by the Contracting Officer of the Contractor's authorization to possess weapons, the Contractor shall ensure that all Government-furnished weapons and unexpended ammunition are returned as directed by the Contracting Officer.

(5) Whether or not weapons are Government-furnished, all liability for the use of any weapon by Contractor personnel rests solely with the Contractor and the Contractor employee using such weapon.

(j) *Vehicle or equipment licenses*. Contractor personnel shall possess the required licenses to operate all vehicles or equipment necessary to perform the contract in the area of performance.

(k) *Military clothing and protective equipment.*

(1) Contractor personnel are prohibited from wearing military clothing unless specifically authorized by the Combatant Commander. If authorized to wear military clothing, Contractor personnel must wear distinctive patches, armbands, nametags, or headgear, in order to be distinguishable from military personnel, consistent with force protection measures.

(2) Contractor personnel may wear specific items required for safety and security, such as ballistic, nuclear, biological, or chemical protective equipment.

(l) *Evacuation.*

(1) If the Chief of Mission or Combatant Commander orders a mandatory evacuation of some or all personnel, the Government will provide to United States and third country national Contractor personnel the level of assistance provided to private United States citizens.

(2) In the event of a non-mandatory evacuation order, the Contractor shall maintain personnel on location sufficient to meet contractual obligations unless instructed to evacuate by the Contracting Officer.

(m) *Personnel recovery*.

(1) In the case of isolated, missing, detained, captured or abducted Contractor personnel, the Government will assist in personnel recovery actions.

(2) Personnel recovery may occur through military action, action by non-governmental organizations, other Government-approved action, diplomatic initiatives, or through any combination of these options.

(3) The Department of Defense has primary responsibility for recovering DoD contract service employees and, when requested, will provide personnel recovery support to other agencies in accordance with DoD Directive 2310.2, Personnel Recovery.

(n) *Notification and return of personal effects.*

(1) The Contractor shall be responsible for notification of the employee-designated next of kin, and notification as soon as possible to the U.S. Consul responsible for the area in which the event occurred, if the employee--

(i) Dies;

(ii) Requires evacuation due to an injury; or

(iii) Is isolated, missing, detained, captured, or abducted.

(2) The Contractor shall also be responsible for the return of all personal effects of deceased or missing Contractor personnel, if appropriate, to next of kin.

(o) *Mortuary affairs*. Mortuary affairs for Contractor personnel who die in the area of performance will be handled as follows:

(1) If this contract was awarded by DoD, the remains of Contractor personnel will be handled in accordance with DoD Directive 1300.22, Mortuary Affairs Policy.

(2) (i) If this contract was awarded by an agency other than DoD, the Contractor is responsible for the return of the remains of Contractor personnel from the point of identification of the remains to the location specified by the employee or next of kin, as applicable, except as provided in paragraph (o)(2)(ii) of this clause.

(ii) In accordance with 10 U.S.C. 1486, the Department of Defense may provide, on a reimbursable basis, mortuary support for the disposition of remains and personal effects of all U.S. citizens upon the request of the Department of State.

(p) *Changes*. In addition to the changes otherwise authorized by the Changes clause of this contract, the Contracting Officer may, at any time, by written order identified as a change order, make changes in place of performance or Government-furnished facilities, equipment, material, services, or site. Any change order issued in accordance with this paragraph shall be subject to the provisions of the Changes clause of this contract.

(q) *Subcontracts.* The Contractor shall incorporate the substance of this clause, including this paragraph (q), in all subcontracts that require subcontractor personnel to perform outside the United States--

(1) In a designated operational area during--

(i) Contingency operations;

(ii) Humanitarian or peacekeeping operations;or

(iii) Other military operations; or military exercises, when designated by the Combatant

Commander; or

(2) When supporting a diplomatic or consular mission--

(i) That has been designated by the Department of State as a danger pay post (see https://aoprals.state.gov/);or

(ii) That the Contracting Officer has indicated is subject to this clause.

52.216-18 ORDERING (AUG 2020)

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from TBD through TBD.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) A delivery order or task order is considered "issued" when--

(1) If sent by mail (includes transmittal by U.S. mail or private delivery service), the Government deposits the order in the mail;

(2) If sent by fax, the Government transmits the order to the Contractor's fax number; or

(3) If sent electronically, the Government either--

(i) Posts a copy of the delivery order or task order to a Government document access system, and notice is sent to the Contractor; or

(ii) Distributes the delivery order or task order via email to the Contractor's email address.

(d) Orders may be issued by methods other than those enumerated in this clause only if authorized in the contract.

52.228-3 WORKER'S COMPENSATION INSURANCE (DEFENSE BASE ACT) (JUL 2014)

(a) The Contractor shall

(1) Before commencing performance under this contract, establish provisions to provide for the payment of disability compensation and medical benefits to covered employees and death benefits to their eligible survivors, by purchasing workers' compensation insurance or qualifying as a self-insurer under the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 932) as extended by the Defense Base Act (42 U.S.C.1651, *etseq.*), and continue to maintain provisions to provide such Defense Base Act benefits until contract performance is completed;

(2) Within ten days of an employee's injury or death or from the date the Contractor has knowledge of the injury or death, submit Form LS-202 (Employee's First Report of Injury or Occupational Illness) to the Department of Labor in accordance with the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 930(a), 20 CFR 702.201 to 702.203);

(3) Pay all compensation due for disability or death within the time frames required by the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 914, 20 CFR 702.231 and 703.232);

(4) Provide for medical care as required by the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 907, 20 CFR 702.402 and 702.419);

(5) If controverting the right to compensation, submit Form LS-207 (Notice of Controversion of

Right to Compensation) to the Department of Labor in accordance with the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 914(d), 20 CFR 702.251);

(6) Immediately upon making the first payment of compensation in any case, submit Form LS-206 (Payment Of Compensation Without Award) to the Department of Labor in accordance with the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 914(c), 20 CFR 702.234);

(7) When payments are suspended or when making the final payment, submit Form LS-208 (Notice of Final Payment or Suspension of Compensation Payments) to the Department of Labor in accordance with the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 914(c) and (g), 20 CFR 702.234 and 702.235); and

(8) Adhere to all other provisions of the Longshore and Harbor Workers' Compensation Act as extended by the Defense Base Act, and Department of Labor regulations at 20 CFR Parts 701 to 704.

(b) For additional information on the Longshore and Harbor Workers' Compensation Act requirements see http://www.dol.gov/owcp/dlhwc/lsdba.htm.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts to which the Defense Base Act applies.

(End of clause)

552.252-6 AUTHORIZED DEVIATIONS IN CLAUSES (NOV 2021) (DEVIATION FAR 52.252-6)

(a) Deviations to FAR clauses. This solicitation or contract identifies any authorized deviation to a Federal Acquisition Regulation (FAR) (48 CFR chapter 1) clause by the addition of "(DEVIATION FAR (clause number))" after the date of the clause.

(b) Deviations to GSAR clauses. This solicitation or contract identifies any authorized deviation to a General Services Administration Acquisition Regulation (GSAR) (48 CFR chapter 5) clause by the addition of "(DEVIATION)" after the date of the clause.

(c) "Substantially the same as" clauses. Changes in wording of clauses prescribed for use on a "substantially the same as" basis are not considered deviations.

(End of Clause)

52.245-1 GOVERNMENT PROPERTY (SEP 2021)

(a) *Definitions.* As used in this clause-

Cannibalize means to remove parts from Government property for use or for installation on other Government property.

Contractor-acquired property means property acquired, fabricated, or otherwise provided by the Contractor for performing a contract, and to which the Government has title.

Contractor inventory means-

(1) Any property acquired by and in the possession of a Contractor or subcontractor under a contract for which title is vested in the Government and which exceeds the amounts needed to complete full performance under the entire contract;

(2) Any property that the Government is obligated or has the option to take over under any type of contract, e.g., as a result either of any changes in the specifications or plans thereunder or of the

termination of the contract (or subcontract thereunder), before completion of the work, for the convenience or at the option of the Government; and

(3) Government-furnished property that exceeds the amounts needed to complete full performance under the entire contract.

Contractor's managerial personnel means the Contractor's directors, officers, managers, superintendents, or equivalent representatives who have supervision or direction of-

(1) All or substantially all of the Contractor's business;

(2) All or substantially all of the Contractor's operation at any one plant or separate location; or

(3) A separate and complete major industrial operation.

Demilitarization means rendering a product unusable for, and not restorable to, the purpose for which it was designed or is customarily used.

Discrepancies incident to shipment means any differences (e.g., count or condition) between the items documented to have been shipped and items actually received.

Equipment means a tangible item that is functionally complete for its intended purpose, durable, nonexpendable, and needed for the performance of a contract. Equipment is not intended for sale, and does not ordinarily lose its identity or become a component part of another article when put into use. Equipment does not include material, real property, special test equipment or special tooling.

Government-furnished property means property in the possession of, or directly acquired by, the Government and subsequently furnished to the Contractor for performance of a contract. Government-furnished property includes, but is not limited to, spares and property furnished for repair, maintenance, overhaul, or modification. Government-furnished property also includes contractor-acquired property if the contractor-acquired property is a deliverable under a cost contract when accepted by the Government for continued use under the contract.

Government property means all property owned or leased by the Government. Government property includes both Government- furnished and Contractor-acquired property. Government property includes material, equipment, special tooling, special test equipment, and real property. Government property does not include intellectual property and software.

Loss of Government property means unintended, unforeseen or accidental loss, damage or destruction to Government property that reduces the Government's expected economic benefits of the property. Loss of Government property does not include purposeful destructive testing, obsolescence, normal wear and tear or manufacturing defects. Loss of Government property includes, but is not limited to-

(1) Items that cannot be found after a reasonable search;

(2) Theft;

(3) Damage resulting in unexpected harm to property requiring repair to restore the item to usable condition; or

(4) Destruction resulting from incidents that render the item useless for its intended purpose or beyond economical repair.

Material means property that may be consumed or expended during the performance of a contract, component parts of a higher assembly, or items that lose their individual identity through incorporation into an end item. Material does not include equipment, special tooling, special test equipment or real

property.

Nonseverable means property that cannot be removed after construction or installation without substantial loss of value or damage to the installed property or to the premises where installed.

Precious metals means silver, gold, platinum, palladium, iridium, osmium, rhodium, and ruthenium.

Production scrap means unusable material resulting from production, engineering, operations and maintenance, repair, and research and development contract activities. Production scrap may have value when re-melted or reprocessed, e.g., textile and metal clippings, borings, and faulty castings and forgings.

Property means all tangible property, both real and personal.

Property Administrator means an authorized representative of the Contracting Officer appointed in accordance with agency procedures, responsible for administering the contract requirements and obligations relating to Government property in the possession of a Contractor.

Property records means the records created and maintained by the contractor in support of its stewardship responsibilities for the management of Government property.

Provide means to furnish, as in Government-furnished property, or to acquire, as in contractor-acquired property.

Real property See Federal Management Regulation 102-71.20 (41 CFR 102-71.20).

Sensitive property means property potentially dangerous to the public safety or security if stolen, lost, or misplaced, or that shall be subject to exceptional physical security, protection, control, and accountability. Examples include weapons, ammunition, explosives, controlled substances, radioactive materials, hazardous materials or wastes, or precious metals.

Unit acquisition cost means-

(1) For Government-furnished property, the dollar value assigned by the Government and identified in the contract; and

(2) For contractor-acquired property, the cost derived from the Contractor's records that reflect consistently applied generally accepted accounting principles.

(b) *Property management.*

(1) The Contractor shall have a system of internal controls to manage (control, use, preserve, protect, repair, and maintain) Government property in its possession. The system shall be adequate to satisfy the requirements of this clause. In doing so, the Contractor shall initiate and maintain the processes, systems, procedures, records, and methodologies necessary for effective and efficient control of Government property. The Contractor shall disclose any significant changes to its property management system to the Property Administrator prior to implementation of the changes. The Contractor may employ customary commercial practices, voluntary consensus standards, or industry-leading practices and standards that provide effective and efficient Government property management that are necessary and appropriate for the performance of this contract (except where inconsistent with law or regulation).

(2) The Contractor's responsibility extends from the initial acquisition and receipt of property, through stewardship, custody, and use until formally relieved of responsibility by authorized means, including delivery, consumption, expending, sale (as surplus property), or other disposition, or via a completed investigation, evaluation, and final determination for lost property. This requirement applies to all Government property under the Contractor's accountability, stewardship, possession or control, including its vendors or subcontractors (see paragraph (f)(1)(v) of this clause).

(3) The Contractor shall include the requirements of this clause in all subcontracts under which Government property is acquired or furnished for subcontract performance.

(4) The Contractor shall establish and maintain procedures necessary to assess its property management system effectiveness and shall perform periodic internal reviews, surveillances, self assessments, or audits. Significant findings or results of such reviews and audits pertaining to Government property shall be made available to the Property Administrator.

(c) *Use of Government property.*

(1) The Contractor shall use Government property, either furnished or acquired under this contract, only for performing this contract, unless otherwise provided for in this contract or approved by the Contracting Officer.

(2) Modifications or alterations of Government property are prohibited, unless they are-

(i) Reasonable and necessary due to the scope of work under this contract or its terms and conditions;

(ii) Required for normal maintenance; or

(iii) Otherwise authorized by the Contracting Officer.

(3) The Contractor shall not cannibalize Government property unless otherwise provided for in this contract or approved by the Contracting Officer.

(d) *Government-furnished property.*

(1) The Government shall deliver to the Contractor the Government-furnished property described in this contract. The Government shall furnish related data and information needed for the intended use of the property. The warranties of suitability of use and timely delivery of Government-furnished property do not apply to property acquired or fabricated by the Contractor as contractor-acquired property and subsequently transferred to another contract with this Contractor.

(2) The delivery and/or performance dates specified in this contract are based upon the expectation that the Government-furnished property will be suitable for contract performance and will be delivered to the Contractor by the dates stated in the contract.

(i) If the property is not delivered to the Contractor by the dates stated in the contract, the Contracting Officer shall, upon the Contractor's timely written request, consider an equitable adjustment to the contract.

(ii) In the event property is received by the Contractor, or for Government-furnished property after receipt and installation, in a condition not suitable for its intended use, the Contracting Officer shall, upon the Contractor's timely written request, advise the Contractor on a course of action to remedy the problem. Such action may include repairing, replacing, modifying, returning, or otherwise disposing of the property at the Government's expense. Upon completion of the required action(s), the Contracting Officer shall consider an equitable adjustment to the contract (see also paragraph (f)(1)(ii)(A) of this clause).

(iii) The Government may, at its option, furnish property in an "as-is" condition. The Contractor will be given the opportunity to inspect such property prior to the property being provided. In such cases, the Government makes no warranty with respect to the serviceability and/or suitability of the property for contract performance. Any repairs, replacement, and/or refurbishment shall be at the Contractor's expense.

(3)

(i) The Contracting Officer may by written notice, at any time-

(A) Increase or decrease the amount of Government-furnished property under this contract;

(B) Substitute other Government-furnished property for the property previously furnished, to be furnished, or to be acquired by the Contractor for the Government under this contract; or

(C) Withdraw authority to use property.

(ii) Upon completion of any action(s) under paragraph (d)(3)(i) of this clause, and the Contractor's timely written request, the Contracting Officer shall consider an equitable adjustment to the contract.

(e) *Title to Government property.*

(1) All Government-furnished property and all property acquired by the Contractor, title to which vests in the Government under this paragraph (collectively referred to as "Government property"), is subject to the provisions of this clause. The Government shall retain title to all Government-furnished property. Title to Government property shall not be affected by its incorporation into or attachment to any property not owned by the Government, nor shall Government property become a fixture or lose its identity as personal property by being attached to any real property.

(2) Title vests in the Government for all property acquired or fabricated by the Contractor in accordance with the financing provisions or other specific requirements for passage of title in the contract. Under fixed price type contracts, in the absence of financing provisions or other specific requirements for passage of title in the contract, the Contractor retains title to all property acquired by the Contractor for use on the contract, except for property identified as a deliverable end item. If a deliverable item is to be retained by the Contractor for use after inspection and acceptance by the Government, it shall be made accountable to the contract through a contract modification listing the item as Government-furnished property.

(3) *Title under Cost-Reimbursement or Time-and-Material Contracts or Cost-Reimbursable line items under Fixed-Price contracts*.

(i) Title to all property purchased by the Contractor for which the Contractor is entitled to be reimbursed as a direct item of cost under this contract shall pass to and vest in the Government upon the vendor's delivery of such property.

(ii) Title to all other property, the cost of which is reimbursable to the Contractor, shall pass to and vest in the Government upon-

(A) Issuance of the property for use in contract performance;

(B) Commencement of processing of the property for use in contract performance; or

(C) Reimbursement of the cost of the property by the Government, whichever occurs first.

(f) *Contractor plans and systems*.

(1) Contractors shall establish and implement property management plans, systems, and procedures at the contract, program, site or entity level to enable the following outcomes:

(i) *Acquisition of Property.* The Contractor shall document that all property was acquired consistent with its engineering, production planning, and property control operations.

(ii) *Receipt of Government Property*. The Contractor shall receive Government property and

document the receipt, record the information necessary to meet the record requirements of paragraph (f)(1)(iii)(A)(*1*) through (*5*) of this clause, identify as Government owned in a manner appropriate to the type of property (*e.g.*, stamp, tag, mark, or other identification), and manage any discrepancies incident to shipment.

(A) *Government-furnished property*. The Contractor shall furnish a written statement to the Property Administrator containing all relevant facts, such as cause or condition and a recommended course(s) of action, if overages, shortages, or damages and/or other discrepancies are discovered upon receipt of Government-furnished property.

(B) *Contractor-acquired property*. The Contractor shall take all actions necessary to adjust for overages, shortages, damage and/or other discrepancies discovered upon receipt, in shipment of Contractor-acquired property from a vendor or supplier, so as to ensure the proper allocability and allowability of associated costs.

(iii) *Records of Government property*. The Contractor shall create and maintain records of all Government property accountable to the contract, including Government-furnished and Contractor-acquired property.

(A) Property records shall enable a complete, current, auditable record of all transactions and shall, unless otherwise approved by the Property Administrator, contain the following:

(1) The name, part number and description, National Stock Number (if needed for additional item identification tracking and/or disposition), and other data elements as necessary and required in accordance with the terms and conditions of the contract.

(2) Quantity received (or fabricated), issued, and balance-on-hand.

(3) Unit acquisition cost.

(4) Unique-item identifier or equivalent (if available and necessary for individual item tracking).

(5) Unit of measure.

(6) Accountable contract number or equivalent code designation.

(7) Location.

(8) Disposition.

(9) Posting reference and date of transaction.

(10) Date placed in service (if required in accordance with the terms and conditions of the contract).

(B) *Use of a Receipt and Issue System for Government Material*. When approved by the Property Administrator, the Contractor may maintain, in lieu of formal property records, a file of appropriately cross-referenced documents evidencing receipt, issue, and use of material that is issued for immediate consumption.

(iv) *Physical inventory*. The Contractor shall periodically perform, record, and disclose physical inventory results. A final physical inventory shall be performed upon contract completion or termination. The Property Administrator may waive this final inventory requirement, depending on the circumstances (*e.g.*, overall reliability of the Contractor's system or the property is to be transferred to a follow-on contract).

(v) *Subcontractor control*.

(A) The Contractor shall award subcontracts that clearly identify items to be provided and the extent of any restrictions or limitations on their use. The Contractor shall ensure appropriate flow down of contract terms and conditions (*e.g.*, extent of liability for loss of Government property.

(B) The Contractor shall assure its subcontracts are properly administered and reviews are periodically performed to determine the adequacy of the subcontractor's property management system.

(vi) *Reports*. The Contractor shall have a process to create and provide reports of discrepancies, loss of Government property, physical inventory results, audits and self-assessments, corrective actions, and other property-related reports as directed by the Contracting Officer.

(vii) *Relief of stewardship responsibility and liability*. The Contractor shall have a process to enable the prompt recognition, investigation, disclosure and reporting of loss of Government property, including losses that occur at subcontractor or alternate site locations.

(A) This process shall include the corrective actions necessary to prevent recurrence.

(B) Unless otherwise directed by the Property Administrator, the Contractor shall investigate and report to the Government all incidents of property loss as soon as the facts become known. Such reports shall, at a minimum, contain the following information:

(1) Date of incident (if known).

(2) The data elements required under (f)(1)(iii)(A).

(3) Quantity.

(4) Accountable contract number.

(5) A statement indicating current or future need.

(6) Unit acquisition cost, or if applicable, estimated sales proceeds, estimated repair or replacement costs.

(7) All known interests in commingled material of which includes Government material.

(8) Cause and corrective action taken or to be taken to prevent recurrence.

(9) A statement that the Government will receive compensation covering the loss of Government property, in the event the Contractor was or will be reimbursed or compensated.

(10) Copies of all supporting documentation.

(11) Last known location.

(12) A statement that the property did or did not contain sensitive, export controlled, hazardous, or toxic material, and that the appropriate agencies and authorities were notified.

(C) Unless the contract provides otherwise, the Contractor shall be relieved of stewardship responsibility and liability for property when-

(1) Such property is consumed or expended, reasonably and properly, or otherwise accounted for, in the performance of the contract, including reasonable inventory adjustments of material as determined by the Property Administrator;

(2) Property Administrator grants relief of responsibility and liability for loss of Government property;

(3) Property is delivered or shipped from the Contractor's plant, under Government instructions, except when shipment is to a subcontractor or other location of the Contractor; or

(4) Property is disposed of in accordance with paragraphs (j) and (k) of this clause.

(viii) *Utilizing Government property*.

(A) The Contractor shall utilize, consume, move, and store Government Property only as authorized under this contract. The Contractor shall promptly disclose and report Government property in its possession that is excess to contract performance.

(B) Unless otherwise authorized in this contract or by the Property Administrator the Contractor shall not commingle Government material with material not owned by the Government.

(ix) *Maintenance*. The Contractor shall properly maintain Government property. The Contractor's maintenance program shall enable the identification, disclosure, and performance of normal and routine preventative maintenance and repair. The Contractor shall disclose and report to the Property Administrator the need for replacement and/or capital rehabilitation.

(x) *Property closeout*. The Contractor shall promptly perform and report to the Property Administrator contract property closeout, to include reporting, investigating and securing closure of all loss of Government property cases; physically inventorying all property upon termination or completion of this contract; and disposing of items at the time they are determined to be excess to contractual needs.

(2) The Contractor shall establish and maintain Government accounting source data, as may be required by this contract, particularly in the areas of recognition of acquisitions, loss of Government property, and disposition of material and equipment.

(g) Systems analysis.

(1) The Government shall have access to the Contractor's premises and all Government property, at reasonable times, for the purposes of reviewing, inspecting and evaluating the Contractor's property management plan(s), systems, procedures, records, and supporting documentation that pertains to Government property. This access includes all site locations and, with the Contractor's consent, all subcontractor premises.

(2) Records of Government property shall be readily available to authorized Government personnel and shall be appropriately safeguarded.

(3) Should it be determined by the Government that the Contractor's (or subcontractor's) property management practices are inadequate or not acceptable for the effective management and control of Government property under this contract, or present an undue risk to the Government, the Contractor shall prepare a corrective action plan when requested by the Property Administrator and take all necessary corrective actions as specified by the schedule within the corrective action plan.

(h) *Contractor Liability for Government Property.*

(1) Unless otherwise provided for in the contract, the Contractor shall not be liable for loss of Government property furnished or acquired under this contract, except when any one of the following applies-

(i) The risk is covered by insurance or the Contractor is otherwise reimbursed (to the extent of such insurance or reimbursement). The allowability of insurance costs shall be determined in accordance with 31.205-19.

(ii) Loss of Government property that is the result of willful misconduct or lack of good faith on the part of the Contractor's managerial personnel.

(iii) The Contracting Officer has, in writing, revoked the Government's assumption of risk for loss of Government property due to a determination under paragraph (g) of this clause that the Contractor's property management practices are inadequate, and/or present an undue risk to the Government, and the Contractor failed to take timely corrective action. If the Contractor can establish by clear and convincing evidence that the loss of Government property occurred while the Contractor had adequate property management practices or the loss did not result from the Contractor's failure to maintain adequate property management practices, the Contractor shall not be held liable.

(2) The Contractor shall take all reasonable actions necessary to protect the property from further loss. The Contractor shall separate the damaged and undamaged property, place all the affected property in the best possible order, and take such other action as the Property Administrator directs.

(3) The Contractor shall do nothing to prejudice the Government's rights to recover against third parties for any loss of Government property.

(4) The Contractor shall reimburse the Government for loss of Government property, to the extent that the Contractor is financially liable for such loss, as directed by the Contracting Officer.

(5) Upon the request of the Contracting Officer, the Contractor shall, at the Government's expense, furnish to the Government all reasonable assistance and cooperation, including the prosecution of suit and the execution of instruments of assignment in favor of the Government in obtaining recovery.

(i) *Equitable adjustment*. Equitable adjustments under this clause shall be made in accordance with the procedures of the Changes clause. However, the Government shall not be liable for breach of contract for the following:

(1) Any delay in delivery of Government-furnished property.

(2) Delivery of Government-furnished property in a condition not suitable for its intended use.

(3) An increase, decrease, or substitution of Government-furnished property.

(4) Failure to repair or replace Government property for which the Government is responsible.

(j) *Contractor inventory disposal*. Except as otherwise provided for in this contract, the Contractor shall not dispose of Contractor inventory until authorized to do so by the Plant Clearance Officer or authorizing official.

(1) Predisposal requirements.

(i) If the Contractor determines that the property has the potential to fulfill requirements under other contracts, the Contractor, in consultation with the Property Administrator, shall request that the Contracting Officer transfer the property to the contract in question, or provide authorization for use, as appropriate. In lieu of transferring the property, the Contracting Officer may authorize the Contractor to credit the costs of Contractor-acquired property (material only) to the losing contract, and debit the gaining contract with the corresponding cost, when such material is needed for use on another contract. Property no longer needed shall be considered contractor inventory.

(ii) For any remaining Contractor-acquired property, the Contractor may purchase the property at the unit acquisition cost if desired or make reasonable efforts to return unused property to the appropriate supplier at fair market value (less, if applicable, a reasonable restocking fee that is consistent with the supplier's customary practices.)

(2) *Inventory disposal schedules*.

(i) Absent separate contract terms and conditions for property disposition, and provided the property was not reutilized, transferred, or otherwise disposed of, the Contractor, as directed by the Plant Clearance Officer or authorizing official, shall use Standard Form 1428, Inventory Disposal Schedule or electronic equivalent, to identify and report-

(A) Government-furnished property that is no longer required for performance of this contract;

(B) Contractor-acquired property, to which the Government has obtained title under paragraph (e) of this clause, which is no longer required for performance of that contract; and

(C) Termination inventory.

(ii) The Contractor may annotate inventory disposal schedules to identify property the Contractor wishes to purchase from the Government, in the event that the property is offered for sale.

(iii) Separate inventory disposal schedules are required for aircraft in any condition, flight safety critical aircraft parts, and other items as directed by the Plant Clearance Officer.

(iv) The Contractor shall provide the information required by FAR 52.245-1(f)(1)(iii) along with the following:

(A) Any additional information that may facilitate understanding of the property's intended use.

(B) For work-in-progress, the estimated percentage of completion.

(C) For precious metals in raw or bulk form, the type of metal and estimated weight.

(D) For hazardous material or property contaminated with hazardous material, the type of hazardous material.

(E) For metals in mill product form, the form, shape, treatment, hardness, temper, specification (commercial or Government) and dimensions (thickness, width and length).

(v) Property with the same description, condition code, and reporting location may be grouped in a single line item.

(vi) Scrap should be reported by "lot" along with metal content, estimated weight and estimated value.

(3) *Submission requirements*.

(i) The Contractor shall submit inventory disposal schedules to the Plant Clearance Officer no later than-

(A) 30 days following the Contractor's determination that a property item is no longer required for performance of this contract;

(B) 60 days, or such longer period as may be approved by the Plant Clearance Officer, following completion of contract deliveries or performance; or

(C) 120 days, or such longer period as may be approved by the Termination Contracting Officer, following contract termination in whole or in part.

(ii) Unless the Plant Clearance Officer determines otherwise, the Contractor need not identify or report production scrap on inventory disposal schedules, and may process and dispose of production

scrap in accordance with its own internal scrap procedures. The processing and disposal of other types of Government-owned scrap will be conducted in accordance with the terms and conditions of the contract or Plant Clearance Officer direction, as appropriate.

(4) *Corrections*. The Plant Clearance Officer may-

(i) Reject a schedule for cause (*e.g.*, contains errors, determined to be inaccurate); and

(ii) Require the Contractor to correct an inventory disposal schedule.

(5) *Post submission adjustments*. The Contractor shall notify the Plant Clearance Officer at least 10 working days in advance of its intent to remove an item from an approved inventory disposal schedule. Upon approval of the Plant Clearance Officer, or upon expiration of the notice period, the Contractor may make the necessary adjustments to the inventory schedule.

(6) *Storage*.

(i) The Contractor shall store the property identified on an inventory disposal schedule pending receipt of disposal instructions. The Government's failure to furnish disposal instructions within 120 days following acceptance of an inventory disposal schedule may entitle the Contractor to an equitable adjustment for costs incurred to store such property on or after the 121 st day.

(ii) The Contractor shall obtain the Plant Clearance Officer's approval to remove property from the premises where the property is currently located prior to receipt of final disposition instructions. If approval is granted, any costs incurred by the Contractor to transport or store the property shall not increase the price or fee of any Government contract. The storage area shall be appropriate for assuring the property's physical safety and suitability for use. Approval does not relieve the Contractor of any liability for such property under this contract.

(7) Disposition instructions.

(i) The Contractor shall prepare for shipment, deliver f.o.b. origin, or dispose of Contractor inventory as directed by the Plant Clearance Officer. Unless otherwise directed by the Contracting Officer or by the Plant Clearance Officer, the Contractor shall remove and destroy any markings identifying the property as U.S. Government-owned property prior to its disposal.

(ii) The Contracting Officer may require the Contractor to demilitarize the property prior to shipment or disposal. In such cases, the Contractor may be entitled to an equitable adjustment under paragraph (i) of this clause.

(8) *Disposal proceeds*. As directed by the Contracting Officer, the Contractor shall credit the net proceeds from the disposal of Contractor inventory to the contract, or to the Treasury of the United States as miscellaneous receipts.

(9) *Subcontractor inventory disposal schedules*. The Contractor shall require its Subcontractors to submit inventory disposal schedules to the Contractor in accordance with the requirements of paragraph (j)(3) of this clause.

(k) *Abandonment of Government property*.

(1) The Government shall not abandon sensitive property or termination inventory without the Contractor's written consent.

(2) The Government, upon notice to the Contractor, may abandon any nonsensitive property in place, at which time all obligations of the Government regarding such property shall cease.

(3) Absent contract terms and conditions to the contrary, the Government may abandon parts

removed and replaced from property as a result of normal maintenance actions, or removed from property as a result of the repair, maintenance, overhaul, or modification process.

(4) The Government has no obligation to restore or rehabilitate the Contractor's premises under any circumstances; however, if Government-furnished property is withdrawn or is unsuitable for the intended use, or if other Government property is substituted, then the equitable adjustment under paragraph (i) of this clause may properly include restoration or rehabilitation costs.

(l) *Communication.* All communications under this clause shall be in writing.

(m) *Contracts outside the United States.* If this contract is to be performed outside of the United States and its outlying areas, the words "Government" and "Government-furnished" (wherever they appear in this clause) shall be construed as "United States Government" and "United States Government-furnished," respectively.

(End of clause)

52.203-13 Contractor Code of Business Ethics and Conduct (NOV 2021)

(a) Definitions. As used in this clause –

Agent means any individual, including a director, an officer, an employee, or an independent Contractor, authorized to act on behalf of the organization.

Full cooperation -

(1) Means disclosure to the Government of the information sufficient for law enforcement to identify the nature and extent of the offense and the individuals responsible for the conduct. It includes providing timely and complete response to Government auditors' and investigators' request for documents and access to employees with information;

(2) Does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not require –

(i) A Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine; or

(ii) Any officer, director, owner, or employee of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; and

(3) Does not restrict a Contractor from -

(i) Conducting an internal investigation; or

(ii) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

Subcontract means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract.

Subcontractor means any supplier, distributor, vendor, or firm that furnished supplies or services to or

for a prime contractor or another subcontractor.

United States means the 50 States, the District of Columbia, and outlying areas.

(b) Code of business ethics and conduct.

(1) Within 30 days after contract award, unless the Contracting Officer establishes a longer time period, the Contractor shall -

(i) Have a written code of business ethics and conduct;

(ii) Make a copy of the code available to each employee engaged in performance of the contract.

(2) The Contractor shall -

(i) Exercise due diligence to prevent and detect criminal conduct; and

(ii) Otherwise promote an organizational culture that encourages ethical conduct and a commitment to compliance with the law.

(3) (i) The Contractor shall timely disclose, in writing, to the agency Office of the Inspector General (OIG), with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of this contract or any subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed -

(A) A violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the United States Code; or

(B) A violation of the civil False Claims Act (31 U.S.C. 3729-3733).

(ii) The Government, to the extent permitted by law and regulation, will safeguard and treat information obtained pursuant to the Contractor's disclosure as confidential where the information has been marked “confidential“ or “proprietary” by the company. To the extent permitted by law and regulation, such information will not be released by the Government to the public pursuant to a Freedom of Information Act request, 5 U.S.C. Section 552, without prior notification to the Contractor. The Government may transfer documents provided by the Contractor to any department or agency within the Executive Branch if the information relates to matters within the organization's jurisdiction.

(iii) If the violation relates to an order against a Governmentwide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the Contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract.

(c) Business ethics awareness and compliance program and internal control system. This paragraph (c) does not apply if the Contractor has represented itself as a small business concern pursuant to the award of this contract or if this contract is for the acquisition of a commercial product or commercial service as defined at FAR 2.101. The Contractor shall establish the following within 90 days after contract award, unless the Contracting Officer establishes a longer time period:

(1) An ongoing business ethics awareness and compliance program.

(i) This program shall include reasonable steps to communicate periodically and in a practical manner the Contractor's standards and procedures and other aspects of the

Contractor's business ethics awareness and compliance program and internal control system, by conducting effective training programs and otherwise disseminating information appropriate to an individual's respective roles and responsibilities.

(ii) The training conducted under this program shall be provided to the Contractor's principals and employees, and as appropriate, the Contractor's agents and subcontractors.

(2) An internal control system.

(i) The Contractor's internal control system shall –

(A) Establish standards and procedures to facilitate timely discovery of improper conduct in connection with Government contracts; and

(B) Ensure corrective measures are promptly instituted and carried out.

(ii) At a minimum, the Contractor's internal control system shall provide for the following:

(A) Assignment of responsibility at a sufficiently high level and adequate resources to ensure effectiveness of the business ethics awareness and compliance program and internal control system.

(B) Reasonable efforts not to include an individual as a principal, whom due diligence would have exposed as having engaged in conduct that is in conflict with the Contractor's code of business ethics and conduct.

(C) Periodic reviews of company business practices, procedures, policies, and internal controls for compliance with the Contractor's code of business ethics and conduct and the special requirements of Government contracting, including -

(1) Monitoring and auditing to detect criminal conduct;

(2) Periodic evaluation of the effectiveness of the business ethics awareness and compliance program and internal control system, especially if criminal conduct has been detected; and

(3) Periodic assessment of the risk of criminal conduct, with appropriate steps to design, implement, or modify the business ethics awareness and compliance program and the internal control system as necessary to reduce the risk of criminal conduct identified through this process.

(D) An internal reporting mechanism, such as a hotline, which allows for anonymity or confidentiality, by which employees may report suspected instances of improper conduct, and instructions that encourage employees to make such reports.

(E) Disciplinary action for improper conduct or for failing to take reasonable steps to prevent or detect improper conduct.

(F) Timely disclosure, in writing, to the agency OIG, with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of any Government contract performed by the Contractor or a subcontractor thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed a violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 U.S.C. or a violation of the civil False Claims Act (31 U.S.C. 3729-3733).

(1) If a violation relates to more than one Government contract, the Contractor may make the disclosure to the agency OIG and Contracting Officer responsible for the largest dollar value contract impacted by the violation.

(2) If the violation relates to an order against a Governmentwide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract, and the respective agencies' contracting officers.

(3) The disclosure requirement for an individual contract continues until at least 3 years after final payment on the contract.

(4) The Government will safeguard such disclosures in accordance with paragraph (b)(3)(ii) of this clause.

(G) Full cooperation with any Government agencies responsible for audits, investigations, or corrective actions.

(d) *Subcontracts.*

(1) The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts that exceed the threshold specified in FAR 3.1004(a) on the date of subcontract award and have a performance period of more than 120 days.

(2) In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.

552.238-111 ENVIRONMENTAL PROTECTION AGENCY REGISTRATION REQUIREMENT (JAN 2022)

(a) With respect to the products described in this solicitation which require registration with the Environmental Protection Agency (EPA), as required by the Federal Insecticide, Fungicide, and Rodenticide Act, Section 3, Registration of Pesticides, awards will be made only for such products that have been assigned an EPA registration number, prior to the time of bid opening.

(b) The offeror shall insert in the spaces provided in this section, the manufacturer's and/or distributor's name and the “EPA Registration Number” for each item offered. Any offer which does not specify a current “EPA Registration Number” in effect for the duration of the contract period, and including the manufacturer's and/or distributor's name will be rejected.

Items			
Item Numbers	Name of Manufacturer / Distributor	EPA Registration Number	Date of Expiration

(c) If, during the performance of a contract awarded as a result of this solicitation, the EPA Registration Number for products being furnished is terminated, withdrawn, canceled, or suspended, and such action does not arise out of causes beyond the control, and with the fault or negligence of the Contractor or subcontractor, the Government may terminate the contract pursuant to either the Default Clause or

Termination for Cause Paragraph (contained in the clause 52.212-4, Contract Terms and Conditions-Commercial Products and Commercial Services), whichever is applicable to the resultant contract.

552.238-78 IDENTIFICATION OF PRODUCTS THAT HAVE ENVIRONMENTAL ATTRIBUTES (JAN 2022)

(a) Several laws, Executive orders, and Agency directives require Federal buyers to purchase products that are less harmful to the environment, when they are life cycle cost-effective (see FAR Subpart 23.7). The U.S. General Services Administration (GSA) requires contractors to highlight environmental products under Federal Supply Service schedule contracts in various communications media (e.g., publications and electronic formats).

(b) *Definitions*. As used in this clause —

"Energy-efficient product" means a product that–

(1) Meets Department of Energy and Environmental Protection Agency criteria for use of the ENERGY STAR® trademark label; or

(2) Is in the upper 25 percent of efficiency for all similar products as designated by the Department of Energy's Federal Energy Management Program.

"GSA Advantage!" is an on-line shopping mall and ordering system that provides customers with access to products and services under GSA contracts.

"Other environmental attributes" refers to product characteristics that provide environmental benefits, excluding recovered materials and energy and water efficiency. Several examples of these characteristics are biodegradable, recyclable, reduced pollutants, ozone safe, and low volatile organic compounds (VOCs).

"Post-consumer material" means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Postconsumer material is part of the broader category of "recovered material." The Environmental Protection Agency (EPA) has developed a list of EPA-designated products in their Comprehensive Procurement Guidelines (CPGs) to provide Federal agencies with purchasing recommendations on specific products in a Recovered Materials Advisory Notice (RMAN). The RMAN contains recommended recovered and post-consumer material content levels for the specific products designated by EPA (40 CFR part 247 and http://www.epa.gov/cpg/).

"Recovered materials" means waste materials and by-products recovered or diverted from solid waste, but the term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process (Executive Order 13101 and 42 U.S.C. 6903(19) and http://www.epa.gov/cpg/). For paper and paper products, see the definition at FAR 11.301 (42 U.S.C. 6962(h)).

"Remanufactured" means factory rebuilt to original specifications.

"Renewable energy" means energy produced by solar, wind, geothermal, and biomass power

"Renewable energy technology" means –

(1) Technologies that use renewable energy to provide light, heat, cooling, or mechanical or electrical energy for use in facilities or other activities; or

(2) The use of integrated whole-building designs that rely upon renewable energy resources, including passive solar design.

(c) Identification Requirements.

(1) The offeror must identify products that —

(i) Are compliant with the recovered and post-consumer material content levels recommended in the Recovered Materials Advisory Notices (RMANs) for EPA-designated products in the CPG program (http://www.epa.gov/cpg/);

(ii) Contain recovered materials that either do not meet the recommended levels in the RMANs or are not EPA-designated products in the CPG program (see FAR 23.401 and http://www.epa.gov/cpg/);

(iii) Are energy-efficient, as defined by either ENERGY STAR® and/or FEMP's designated top 25th percentile levels (see ENERGY STAR® at http://www.energystar.gov/ and FEMP at http://www.eere.energy.gov/femp/procurement/);

(iv) Are water-efficient

(v) Use renewable energy technology;

(vi) Are remanufactured; and

(vii) Have other environmental attributes.

(2) These identifications must be made in each of the offeror's following mediums:

(i) The offer itself.

(ii) Printed commercial catalogs, brochures, and pricelists.

(iii) Online product website.

(iv) Electronic data submission for GSA Advantage! submitted via GSA's Schedules Input Program (SIP) software or the Electronic Data Inter-change (EDI). Offerors can use the SIP or EDI methods to indicate environmental and other attributes for each product that are translated into respective icons in GSA Advantage!.

(d) An offeror, in identifying an item with an environmental attribute, must possess evidence or rely on a reasonable basis to substantiate the claim (see 16 CFR part 260, Guides for the Use of Environmental Marketing Claims). The Government will accept an offeror's claim of an product's environmental attribute on the basis of—

(1) Participation in a Federal agency sponsored program (e.g., the EPA and DOE ENERGY STAR® product labeling program);

(2) Verification by an independent organization that specializes in certifying such claims; or

(3) Possession of competent and reliable evidence. For any test, analysis, research, study, or other evidence to be “competent and reliable,” it must have been conducted and evaluated in an objective manner by persons qualified to do so, using procedures generally accepted in the profession to yield accurate and reliable results.

52.203-6 RESTRICTIONS ON SUBCONTRACTOR SALES TO THE

GOVERNMENT (JUN 2020) (ALTERNATE I-NOV 2021)

(a) Except as provided in (b) below, the Contractor shall not enter into any agreement with an actual or prospective subcontractor, nor otherwise act in any manner, which has or may have the effect of restricting sales by such subcontractors directly to the Government of any item or process (including computer software) made or furnished by the subcontractor under this contract or under any follow-on production contract.

(b) The prohibition in paragraph (a) of this clause does not preclude the Contractor from asserting rights that are otherwise authorized by law or regulation. For acquisitions of commercial products or commercial services). the prohibition in paragraph (a) applies only to the extent that any agreement restricting sales by subcontractors results in the Federal Government being treated differently from any other prospective purchaser for the sale of the commercial product(s) and commercial service(s).

(c) The Contractor agrees to incorporate the substance of this clause, including this paragraph (c), in all subcontracts under this contract which exceed the simplified acquisition threshold, as defined in Federal Acquisition Regulation 2.101 on the date of subcontract award.

552.238-116 OPTION TO EXTEND THE TERM OF THE FSS CONTRACT (MAR 2022)

(a) The Government may require continued performance of this contract for an additional 5 year period. This option may be exercised up to three times.

(b) The Contracting Officer may exercise the option by providing written notice to the Contractor 30 days before the contract expires.

(End of Clause)

552.238-73 IDENTIFICATION OF ELECTRONIC OFFICE EQUIPMENT PROVIDING ACCESSIBILITY FOR INDIVIDUALS WITH DISABILITIES (MAR 2022)

(a) Definitions.

"Electronic office equipment accessibility" means the application/configuration of electronic office equipment (includes hardware, software and firmware) in a manner that accommodates the functional limitations of individuals with disabilities so as to promote productivity and provide access to work related and/or public information resources.

"Individuals with Disabilities" mean qualified individuals with impairments as cited in 29 U.S.C. 705(20) who can benefit from electronic office equipment accessibility.

"Special peripheral" means a special needs aid that provides access to electronic equipment that is otherwise inaccessible to individuals with disabilities.

(b) The offeror is encouraged to identify in its offer, and include in any commercial catalogs and pricelists accepted by the Contracting Officer, office equipment, including any special peripheral, that will facilitate electronic office equipment accessibility for individuals with disabilities. Identification should include the type of disability accommodated and how the users with that disability would be helped.

End of clause

C-FSS-370 CONTRACTOR TASKS / SPECIAL REQUIREMENTS (DEC 2022)

(a) *Security clearances*. The Contractor may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule (MAS).

(b) *Travel*. The Contractor may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by FAR part 31, and are reimbursable by the ordering agency or can be priced as a fixed price item on orders placed under MAS. Travel in performance of a task order will only be reimbursable to the extent authorized by the ordering agency. The Industrial Funding Fee does not apply to travel and per diem charges.

(c) *Certifications, licenses and accreditations*. As a commercial practice, the Contractor may be required to obtain/possess any variety of certifications, licenses, and accreditations for specific Federal Supply Code (FSC)/Product Service Code (PSC) classifications offered. All costs associated with obtaining/ possessing such certifications, licenses, and accreditations should be factored into the price offered under MAS.

(d) *Insurance*. As a commercial practice, the Contractor may be required to obtain/possess insurance coverage for specific FSC/PSC classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under MAS.

(e) *Personnel*. The Contractor may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering agencies may require prior approval of additions or replacements to key personnel.

(f) *Organizational conflicts of interest*. Where there may be an organizational conflict of interest as determined by the ordering agency, the Contractor's participation in such an order may be restricted in accordance with FAR part 9.5.

(g) *Documentation/Standards*. The Contractor may be requested to provide products or services in accordance with rules, regulations, Office of Management and Budget orders, standards and documentation as specified by the order.

(h) *Data/Deliverable requirements*. Any required data/deliverables at the order level will be specified or negotiated by the ordering agency.

(i) *Government-furnished property*. As specified by the order, the Government may provide property, equipment, materials or resources as necessary.

(j) *Availability of funds*. Many ordering agencies operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government's obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.

(k) *Overtime*. For professional services, the labor rates in the Schedule should not vary by virtue of the Contractor having worked overtime. For services applicable to the Service Contract Act (as identified in the Schedule), the labor rates in the Schedule will vary as governed by labor laws (usually assessed a time and a half of the labor rate).

(End of clause)

I-FSS-40 CONTRACTOR TEAM ARRANGEMENTS (DEC 2022)

Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with GSAR clause 52.238-80, Industrial Funding Fee and Sales Reporting (i.e., each contractor participating in a contractor team arrangement must report sales and remit the Industrial Funding Fee for all products and services provided under its individual contract).

(End of clause)

G-FSS-900-C CONTACT FOR CONTRACT ADMINISTRATION (DEC 2022)

Offerors should complete paragraphs (a) and (b) of this clause if providing both domestic and overseas delivery. Complete paragraph (a) of this clause if providing domestic delivery only. Complete paragraph (b) of this clause if providing overseas delivery only.

The Contractor shall designate a person to serve as the contract administrator for the contract both domestically and overseas. The contract administrator is responsible for overall compliance with contract terms and conditions. The contract administrator is also the responsible official for issues concerning GSAR clause 552.238-80, Industrial Funding Fee and Sales Reporting, including reviews of Contractor records. The Contractor's designation of representatives to handle certain functions under this contract does not relieve the contract administrator of responsibility for contract compliance. Any changes to the designated individual must be provided to the Contracting Officer in writing, with the proposed effective date of the change.

(a) *Domestic*.

(End of provision)

I-FSS-106 GUARANTEED MINIMUM (DEC 2022)

(a) The guaranteed minimum that the Government agrees to order during the period of this contract is $2,500. If the Contractor receives total orders for less than $2,500 during the term of the contract, the Government will pay the difference between the amount ordered and $2,500.

(b) Payment of any amount due under this clause shall be contingent upon the Contractor's timely submission of reportable sales and fees and receipt of the close-out sales report pursuant to GSAR clause 552.238-80, Industrial Funding Fee and Sales Reporting.

(c) The guaranteed minimum applies only if the contract expires or contract cancellation is initiated by the Government. The guaranteed minimum does not apply if the contract is terminated for cause or if the contract is canceled at the request of the Contractor.

52.232-40 PROVIDING ACCELERATED PAYMENTS TO SMALL BUSINESS SUBCONTRACTORS (MAR 2023)

(a)
(1) In accordance with 31 U.S.C. 3903 and 10 U.S.C. 3801, within 15 days after receipt of accelerated payments from the Government, the Contractor shall make accelerated payments to its small business subcontractors under this contract, to the maximum extent practicable and prior to when such payment is otherwise required under the applicable contract or subcontract, after receipt of a proper invoice and all other required documentation from the small business subcontractor.
(2) The Contractor agrees to make such payments to its small business subcontractors without any further consideration from or fees charged to the subcontractor.
(b) The acceleration of payments under this clause does not provide any new rights under the Prompt Payment Act.
(c) Include the substance of this clause, including this paragraph (c), in all subcontracts with small business concerns, including subcontracts with small business concerns for the acquisition of commercial products or commercial services.

(End of clause)

552.219-74 SECTION 8(a) DIRECT AWARD (SEP 1999)

(a) This contract is issued as a direct award between the contracting activity and the 8(a)Contractor pursuant to the Memorandum of Understanding between the Small Business Administration (SBA) and the General Services Administration. SBA retains the responsibility for 8(a)certifications, 8(a)eligibility determinations, and related issues, and will provide counseling and assistance to the 8(a)contractor under the 8(a)program. The cognizant SBA district office is:

[Complete at time of award]

(b) The contracting activity is responsible for administering the contract and taking any action on behalf of the Government under the terms and conditions of the contract. However, the contracting activity shall give advance notice to SBA before it issues a final notice terminating performance, either in whole or in part, under the contract. The contracting activity shall also coordinate with SBA prior to processing any advance payments or novation agreements. The contracting activity may assign contract administration functions to a contract administration office.

(c) The Contractor agrees:

(1)To notify the Contracting Officer, simultaneous with its notification to SBA (as required by SBA's 8(a)regulations), when the owner or owners upon whom 8(a)eligibility is based plan to relinquish ownership or control of the concern. Consistent with 15 U.S.C. 637(a)(21), transfer of ownership or control shall result in termination of the contract for convenience, unless SBA waives the requirement for termination prior to the actual relinquishing of ownership and control.

(2)To the requirements of 52.219-14, Limitations on Subcontracting.

(End of clause)

552.238-117 PRICE ADJUSTMENT—FAILURE TO PROVIDE ACCURATE INFORMATION (OCT 2023)

(a) The Government, at its election, may reduce the price of this contract or contract modification if the Contracting Officer determines after award of this contract or contract modification that the price negotiated was increased by a significant amount because the Contractor failed to:

(1) provide information required by this solicitation/contract or otherwise requested by the Government; or

(2) submit information that was current, accurate, and complete; or

(3) disclose changes in the Contractor's commercial pricelist(s), discounts or discounting policies which occurred after the original submission and prior to the completion of negotiations.

(b) The Government will consider information submitted to be current, accurate and complete if the data is current, accurate and complete as of 14 calendar days prior to the date it is submitted.

(c) If any reduction in the contract price under this clause reduces the price for items for which payment was made prior to the date of the modification reflecting the price reduction, the Contractor shall be liable to and shall pay the United States—

(1) The amount of the overpayment; and

(2) Simple interest on the amount of such overpayment to be computed from the date(s) of overpayment to the Contractor to the date the Government is repaid by the Contractor at the applicable underpayment rate effective each quarter prescribed by the Secretary of Treasury under 26 U.S.C.6621(a)(2).

(d) Failure to agree on the amount of the decrease shall be resolved as a dispute.

(e) In addition to the remedy in paragraph (a) of this clause, the Government may terminate this contract for default. The rights and remedies of the Government specified herein are not exclusive, and are in addition to any other rights and remedies provided by law or under this contract.

(End of clause)

I-FSS-639 CONTRACT SALES CRITERIA (SEP 2023)

The Federal Supply Schedule (FSS) Contracting Officer may decide not to exercise the first option to extend the term of the contract if the Contractor's reported sales are not expected to exceed $100,000 within the first 60 months following contract award. The FSS Contracting Officer may

decide not to exercise subsequent options to extend the term of the contract if the Contractor's reported sales did not exceed $125,000 each 60 month period thereafter.

(End of clause)

552.212-71 CONTRACT TERMS AND CONDITIONS APPLICABLE TO GSA ACQUISITIONS OF COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (OCT 2023)

(a) The Contractor agrees to comply with any clause that is incorporated herein by reference to implement agency policy applicable to acquisition of commercial products, including commercial components, and commercial services. The clause in effect based on the applicable regulation cited on the date the solicitation is issued applies unless otherwise stated herein. The Contracting Officer should check the clauses in paragraph (b) that apply or delete the clauses that do not apply from the list. The Contracting Officer may add the date of the clause if desired for clarity. The GSAR clauses[ ]in paragraph (b) of this section are incorporated by reference.

(End of Clause)

552.212-72 CONTRACT TERMS AND CONDITIONS REQUIRED TO IMPLEMENT STATUTES OR EXECUTIVE ORDERS APPLICABLE TO GSA ACQUISITION OF COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (OCT 2023)

The Contractor agrees to comply with any provision or clause that is incorporated herein by reference to implement provisions of law or Executive Orders applicable to acquisition of commercial items or components. The provision or clause in effect based on the applicable regulation cited on the date the solicitation is issued applies unless otherwise stated herein. The contracting officer should either check the provisions and clauses that apply or delete the provisions and clauses that do not apply from the lists in paragraphs (a) and (b). The contracting officer may add the date of the provision or clause if desired for clarity. The GSAR following provisions in paragraph (a) and GSAR clauses [in paragraph (b)] are incorporated by reference.

(End of Clause)

52.225-5 TRADE AGREEMENTS (NOV 2023)

(a) Definitions. As used in this clause-

“Caribbean Basin country end product”—

(1) Means an article that-

(i) (A) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(B) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed; and

(ii) Is not excluded from duty-free treatment for Caribbean countries under 19 U.S.C.2703 (b).

(A) For this reason, the following articles are not Caribbean Basin country end products:

(1) Tuna prepared or preserved in any manner in airtight containers;

(2) Petroleum, or any product derived from petroleum;

(3) Watches and watch parts (including cases, bracelets, and straps) of whatever type including, but not limited to, mechanical, quartz digital, or quartz analog, if such watches or watch parts contain any material that is the product of any country to which the Harmonized Tariff Schedule of the United States (HTSUS) column2 rates of duty apply (i.e., Afghanistan, Cuba, Laos, North Korea, and Vietnam); and

(4) Certain of the following: textiles and apparel articles; footwear, handbags, luggage, flat goods, work gloves, and leather wearing apparel; or handloomed, handmade, and folklore articles;

(B) Access to the HTSUS to determine duty-free status of articles of these

types is available at https://usitc.gov/tata/hts/index.htm. In particular, see the following:

(1) General Note3(c), Products Eligible for Special Tariff treatment.

(2) General Note17, Products of Countries Designated as Beneficiary Countries under the United States-Caribbean Basin Trade Partnership Act of 2000.

(3) Section XXII, Chapter 98, Subchapter II, Articles Exported and Returned, Advanced or Improved Abroad, U.S. Note7(b).

(4) Section XXII, Chapter 98, Subchapter XX, Goods Eligible for Special Tariff Benefits under the United States-Caribbean Basin Trade Partnership Act; and

(2) Refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the acquisition, includes services (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

"Designated country" means any of the following countries:

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as "the Separate Customs Territory of Taiwan, Penghu, Kinmen and Matsu (Chinese Taipei)"), Ukraine, or United Kingdom);

(2) A Free Trade Agreement (FTA) country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Oman, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo,

Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

"Designated country end product" means a WTO GPA country end product, an FTA country end product, a least developed country end product, or a Caribbean Basin country end product.

"End product" means those articles, materials, and supplies to be acquired under the contract for public use.

"Free Trade Agreement country end product" means an article that-

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement (FTA) country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in an FTA country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

"Least developed country end product" means an article that-

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product, includes services (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

"United States" means the 50 States, the District of Columbia, and outlying areas.

"U.S.-made end product" means an article that is mined, produced, or manufactured in the United States or that is substantially transformed in the United States into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed.

"WTO GPA country end product" means an article that-

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services, (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

(b) Delivery of end products. The Contracting Officer has determined that the WTO GPA and FTAs apply to this acquisition. Unless otherwise specified, these trade agreements apply to all items in the Schedule. The Contractor shall deliver under this contract only U.S.-made or designated country end products except to the extent that, in its offer, it specified delivery of other end products in the provision entitled "Trade Agreements Certificate."

End of clause

552.212-4 CONTRACT TERMS AND CONDITIONS—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (DEVIATION FAR 52.212-4) (JAN 2023)

(a) Inspection/Acceptance. The Contractor shall only tender for acceptance those items

that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post acceptance rights-

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) Assignment. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(c) Changes. Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) Disputes. This contract is subject to 41 U.S.C. chapter 71, Contract Disputes. Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at Federal Acquisition Regulation (FAR) 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) Definitions. The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

(f) Excusable delays. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(g) Invoice.

(1) The Contractor shall submit an original invoice and three copies (or electronic invoice, if authorized) to the address designated in the contract to receive invoices. An invoice must include-

(i) Name and address of the Contractor;

(ii) Invoice date and number;

(iii) Contract number, line item number and, if applicable, the order number;

(iv) Description, quantity, unit of measure, unit price and extended price of the items delivered;

(v) Shipping number and date of shipment, including the bill of lading number and weight of shipment if shipped on Government bill of lading;

(vi) Terms of any discount for prompt payment offered;

(vii) Name and address of official to whom payment is to be sent;

(viii) Name, title, and phone number of person to notify in event of defective invoice; and

(ix) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(x) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision, contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer-System for Award Management, or 52.232-34, Payment by Electronic Funds Transfer-Other Than System for Award Management), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(2) The due date for making invoice payments by the designated payment office is the later of the following two events:

(i) The 10th day after the designated billing office receives a proper invoice from the Contractor. If the designated billing office fails to annotate the invoice with the date of receipt at the time of receipt, the invoice payment due date shall be the 10th day after the date of the Contractor's invoice; provided the Contractor submitted a proper invoice and no disagreement exists over quantity, quality, or Contractor compliance with contract requirements.

(ii) The 10th day after Government acceptance of supplies delivered or services performed by the Contractor.

(h) Patent indemnity. The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(i) Payment.-

(1) Items accepted. Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract.

(2) Prompt payment. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR Part 1315.

(3) Electronic Funds Transfer (EFT). If the Government makes payment by EFT, see 52.212-5(b) for the appropriate EFT clause.

(4) Discount. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(5) Overpayments. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall-

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the-

(A) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(B) Affected contract number and delivery order number, if applicable;

(C) Affected line item or subline item, if applicable; and

(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(6) Interest.

(i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, as provided in (i)(6)(v) of this clause, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) Final decisions. The Contracting Officer will issue a final decision as required by 33.211 if–

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt within 30 days;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see 32.607-2).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on-

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in FAR 32.608-2 in effect on the date of this contract.

(j) Risk of loss. Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or

(2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

(k) Taxes. The contract price includes all applicable Federal, State, and local taxes and duties.

(l) Termination for the Government's convenience. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) Title. Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) Warranty. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) Limitation of liability. Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) Other compliances. The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) Compliance with laws unique to Government contracts. The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to

influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. chapter 37, Contract Work Hours and Safety Standards; 41 U.S.C. chapter 87, Kickbacks; 49 U.S.C. 40118, Fly American; and 41 U.S.C. chapter 21 relating to procurement integrity.

(s) Order of precedence. Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order:

(1) The schedule of supplies/services.

(2) The Assignments, Disputes, Payments, Invoice, Other Compliances, Compliance with Laws Unique to Government Contracts, Unauthorized Obligations, and Commercial Supplier Agreements - Unenforceable Clauses paragraphs of this clause.

(3) The clause at 52.212-5.

(4) Addenda to this solicitation or contract, including any commercial supplier agreements as amended by the Commercial Supplier Agreements -Unenforceable Clauses provision.

(5) Solicitation provisions if this is a solicitation.

(6) Other paragraphs of this clause.

(7) The Standard Form 1449.

(8) Other documents, exhibits, and attachments.

(9) The specification.

(t) [Reserved]

(u) Unauthorized Obligations.

(1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any commercial supplier agreement (as defined in 502.101) that includes any language, provision, or clause requiring the Government to pay any future fees, penalties, interest, legal costs or to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such language, provision, or clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the commercial supplier agreement. If the commercial supplier agreement is invoked through an “I agree” click box or other comparable mechanism (e.g., “click-wrap” or “browse-wrap” agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such language, provision, or clause is deemed to be stricken from the commercial supplier agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification or any other payment by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(v) Incorporation by reference. The Contractor’s representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

(w) *Commercial supplier agreements unenforceable clauses.*When any supply or service acquired under this contract is subject to a commercial supplier agreement (as defined in 502.101), the following language shall be deemed incorporated into the commercial supplier agreement. As used herein, "this agreement" means the commercial supplier agreement:

(1) Notwithstanding any other provision of this agreement, when the end user is an agency or instrumentality of the U.S. Government, the following shall apply:

(i) *Applicability*. This agreement is a part of a contract between the commercial supplier and the U.S. Government for the acquisition of the supply or service that necessitates a license or other similar legal instrument (including all contracts, task orders, and delivery orders under FAR 12).

(ii) *End user*. This agreement shall bind the ordering activity as end user but shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

(iii) *Law and disputes*. This agreement is governed by Federal law.

(A) Any language purporting to subject the U.S. Government to the laws of a U.S. state, U.S. territory, district, or municipality, or a foreign nation, except where Federal law expressly provides for the application of such laws, is hereby deleted.

(B) Any language requiring dispute resolution in a specific forum or venue that is different from that prescribed by applicable Federal law is hereby deleted.

(C) Any language prescribing a different time period for bringing an action than that prescribed by applicable Federal law in relation to a dispute is hereby deleted.

(iv) *Continued performance*. The supplier or licensor shall not unilaterally revoke, terminate or suspend any rights granted to the Government except as allowed by this contract. If the supplier or licensor believes the ordering activity to be in breach of the agreement, it shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while continuing performance as set forth in subparagraph (d) (Disputes).c

(v) *Arbitration; equitable or injunctive relief*. In the event of a claim or dispute arising under or relating to this agreement, a binding arbitration shall not be used unless specifically authorized by agency guidance, and equitable or injunctive relief, including the award of attorney fees, costs or interest, may be awarded against the U.S. Government only when explicitly provided by statute (e.g., Prompt Payment Act or Equal Access to Justice Act).

(vi) *Updating terms*.

(A) After award, the contractor may unilaterally revise commercial supplier agreement terms: if they are not material. A material change is defined as:

(1) Terms that change Government rights or obligations;

(2) Terms that increase Government prices;

(3) Terms that decrease overall level of service; or

(4) Terms that limit any other Government right addressed elsewhere in this contract.

(B) For revisions that will materially change the terms of the

contract, the revised commercial supplier agreement must be incorporated into the contract using a bilateral modification.

(C) Any agreement license terms or conditions unilaterally revised subsequent to award that are inconsistent with any material term or provision of this contract shall not be enforceable against the Government, and the Government shall not be deemed to have consented to them.

(vii) *No automatic renewals*. If any license or service tied to periodic payment is provided under this agreement (e.g., annual software maintenance or annual lease term), such license or service shall not renew automatically upon expiration of its current term without prior express consent by an authorized Government representative.

(viii) *Indemnification*. Any clause of this agreement requiring the commercial supplier or licensor to defend or indemnify the end user is hereby amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with 28 U.S.C. 516.

(ix) *Audits*. Any clause of this agreement permitting the commercial supplier or licensor to audit the end user's compliance with this agreement is hereby amended as follows:

(A) Discrepancies found in an audit may result in a charge by the commercial supplier or licensor to the ordering activity. Any resulting invoice must comply with the proper invoicing requirements specified in the underlying Government contract or order.

(B) (B) This charge, if disputed by the ordering activity, will be resolved in accordance with subparagraph (d) (Disputes) through the Disputes clause at 552.212-4(d); no payment obligation shall arise on the part of the ordering activity until the conclusion of the dispute process.

(C) (C) Any audit requested by the contractor will be performed at the contractor's expense, without reimbursement by the Government.

(x) *Taxes or surcharges*. Any taxes or surcharges which the commercial supplier or licensor seeks to pass along to the Government as end user will be governed by the terms of the underlying Government contract or order and, in any event, must be submitted to the Contracting Officer for a determination of applicability prior to invoicing unless specifically agreed to otherwise in the Government contract.

(xi) *Non-assignment*. This agreement may not be assigned, nor may any rights or obligations thereunder be delegated, without the Government's prior approval, except as expressly permitted under subparagraph (b) of this clause.

(xii) *Confidential information*. If this agreement includes a confidentiality clause, such clause is hereby amended to state that neither the agreement nor the contract price list, as applicable, shall be deemed "confidential information." Issues regarding release of "unit pricing" will be resolved consistent with the Freedom of Information Act. Notwithstanding anything in this agreement to the contrary, the Government may retain any confidential information as required by law, regulation or its internal document retention procedures for legal, regulatory or compliance purposes; provided, however, that all such retained confidential information will continue to be subject to the confidentiality obligations of this agreement.

(2) If any language, provision, or clause of this agreement conflicts or is

inconsistent with the preceding paragraph (w)(1), the language, provisions, or clause of paragraph (w)(1) shall prevail to the extent of such inconsistency.

(End of clause)

Note: Regulation 552.212-4
This clause applies to fixed price orders.

52.203-17 CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS (NOV 2023)

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies established at 41 U.S.C. 4712 and Federal Acquisition Regulation (FAR) 3.900 through 3.905.

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in FAR 3.900 through 3.905.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts.

(End of clause)

552.238-105 DELIVERIES BEYOND THE CONTRACTUAL PERIOD - PLACING OF ORDERS (MAR 2024)

n accordance with the GSAR clause at 552.238-113, Authorities Supporting Use of Federal Supply Schedule Contracts, this contract covers all requirements that may be ordered, as distinguished from delivered during the contract term. This is for the purpose of providing continuity of supply or operations by permitting ordering activities to place orders as requirements arise in the normal course of operations. Accordingly, any order mailed (or received, if forwarded by other 7 means than through the mail) to the Contractor on or before the expiration date of the contract and providing for delivery within the number of days specified in the contract, shall constitute a valid order.

(End of clause)

552.238-112 DEFINITIONS- FEDERAL SUPPLY SCHEDULE CONTRACTS (MAR 2024)

As used in this contract,

Eligible means an entity that meets the requirements prescribed by statute, regulation, or other authority for purposes of being able to use Federal Supply Schedule (FSS) contracts. Information about FSS eligibility is available at https://www.gsa.gov/eligibilitydeterminations.

Ordering activity (also called “ordering agency” and “ordering office”) means an entity that is eligible to place orders or establish blanket purchase agreements (BPA) under this contract.

(End of clause)

552.238-113 AUTHORITIES SUPPORTING USE OF FEDERAL

SUPPLY SCHEDULE CONTRACTS (MAR 2024)

(a) Ordering activities are able to use Federal Supply Schedule (FSS) contracts based upon a number of statutes, regulations, and other authorities. Authorities allowing ordering activities use of FSS contracts include, but are not limited to:.

(1) 25 U.S.C. 1660g(e), which provides for the use by urban Indian organizations, as defined in 25 U.S.C. 1603, for the purposes of carrying out a contract or grant pursuant to 25 U.S.C. chapter 18, subchapter IV.

(2) 25 U.S.C. 2507, which provides for the use by tribally controlled schools, as defined in 25 U.S.C. 2511, for the purposes of carrying out a grant pursuant to 25 U.S.C. chapter 27 (known as the Tribally Controlled Schools Act).

(3) 25 U.S.C. 4111(j), which provides for the use by Indian Tribes, as defined in 25 U.S.C. 4103, and tribally designated housing entities, as defined in 25 U.S.C. 4103, for the purposes of carrying out a contract, grant, or cooperative agreement pursuant to 25 U.S.C. chapter 43 (known as the Native American Housing Assistance and Self Determination Act (NAHASDA)).

(4) 25 U.S.C. 5324(k), which provides for the use by Tribal organizations, as defined in 25 U.S.C 5304, for the purposes of carrying out a contract, grant, or cooperative agreement pursuant to 25 U.S.C. chapter 46 (known as the Indian Self-Determination and Education Assistance Act (ISDEAA)).

(5) 25 U.S.C. 5370 and 25 U.S.C. 5396, which provides for the use by Indian Tribes, as defined in 25 U.S.C. 5304, for the purpose of carrying out a compact or funding agreement pursuant to 25 U.S.C. chapter 46 (known as ISDEAA).

(6) 40 U.S.C. 113(d), which provides for the use by the Senate, the House of Representatives, and the Architect of the Capitol (including any building, activity, or function under the direction of the Architect of the Capitol).

(7) 40 U.S.C. 501, which provides for the use by executive agencies as defined in 5 U.S.C. 105.

(8) 40 U.S.C. 502(a), which provides for the use by Federal agencies as defined in 40 U.S.C. 102, the District of Columbia, and mixed-ownership Government corporations as defined in 31 U.S.C. 9101.

(9) 40 U.S.C. 502(b), which provides for the use by qualified nonprofit agencies for other severely disabled, as defined in 41 U.S.C. 8501(6), and qualified nonprofit agencies for the blind, as defined in 41 U.S.C. 8501(7), for the purposes of making or providing to the Government a commodity or service that has been determined by the Committee for Purchase From People Who Are Blind or Severely Disabled under 41 U.S.C. 8503 to be suitable for procurement by the Government.

(10) 40 U.S.C. 502(c), which provides for the use by State or local governments, as defined in 40 U.S.C. 502(c)(3)(A), for the purpose of purchasing the types of supplies and services described in 40 U.S.C. 502(c). The types of supplies and services described in 40 U.S.C. 502(c) are limited to those available in the Information Technology Category and the Security and Protection Category (or any successor categories). The GSA program implementing this authority is the Cooperative Purchasing program.

(11) 40 U.S.C. 502(d), which provides for the use by State or local governments, as defined in 40 U.S.C. 502(c)(3)(A), for the purposes of facilitating disaster preparedness or response, facilitating recovery from a major disaster declared by the President under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.), or facilitating recovery from terrorism, nuclear, biological, chemical, or radiological attack. The GSA program implementing this authority is the Disaster Purchasing program.

(12) 40 U.S.C. 502(e), which provides for the use by the American National Red Cross and other qualified organizations, as defined in 40 U.S.C. 502(e)(3). Purchases under this authority by the American National Red Cross shall be used in furtherance of the purposes of the American National Red Cross set forth in 36 U.S.C. 300102. Purchases under this authority by other qualified organizations shall be used in furtherance of purposes determined to be appropriate to facilitate emergency preparedness and disaster relief and set forth in guidance by the Administrator of General Services, in consultation with the Administrator of the Federal Emergency Management Agency.

(13) 42 U.S.C. 247d, which provides for the use by State or local governments, as defined in 40 U.S.C.502(c)(3)(A), when a public health emergency has been declared by the Secretary of Health and Human Services under section 319 of the Public Health Services Act. The GSA program implementing this authority is the Public Health Emergencies program.

(14) FAR subpart 51.1, which provides for the use by contractors, including subcontractors, when such use is authorized pursuant to FAR subpart 51.1.

(End of clause)

552.238-114 USE OF FEDERAL SUPPLY SCHEDULE CONTRACTS BY NON-FEDERAL ENTITIES (MAR 2024)

(a) Definition — Non-Federal entity, as used in this clause, means any State, local, territorial, or Tribal government, or any instrumentality thereof (including any local educational agency or institution of higher education); and any other non-Federal organization (e.g., a qualified nonprofit agency as defined in 40 U.S.C. 502(b)

(b) Responsibilities. Eligible non-Federal entities are responsible for complying with—

(1) FSS ordering guidance. Information about GSA's FSS contracts, including ordering guidance is available at https://www.gsa.gov/schedules

(2) Any conditions of the underlying authority(ies) supporting the use of FSS contracts (e.g., 40 U.S.C. 502(c) limits purchases to specific supplies and services available under FSS contracts).

(c) Acceptance. (1) The Contractor is encouraged, but not obligated, to accept orders from eligible non-Federal entities under this contract. The Contractor may, within 5 business days of receipt of an order, reject an order from an eligible non-Federal entity for any reason. However, purchase card orders must be rejected within 24 hours of receipt of the order. Failure to reject an order within these timeframes shall constitute acceptance.

(2) The Contractor is encouraged, but not obligated, to enter into blanket purchase agreements (BPAs) with eligible non-Federal entities under the terms of this contract. The Contractor should respond to any requests to enter into a BPA within 5 business days of receipt of the request.

(d) Conditions of acceptance. If the Contractor accepts an order from or enters into a BPA with an eligible non-Federal entity under this contract, the following conditions apply:

(1) For orders, a separate contract is formed between the Contractor and the eligible non-Federal entity (herein “the parties”). For BPAs, a separate agreement is formed between the parties.

(2) The resultant order or BPA shall incorporate by reference all the terms and conditions of this contract except for:

(i)FAR clause 52.233-1, Disputes, and

(ii)Paragraphs (d) Disputes, (h) Patent indemnity, and (r) Compliance with laws unique to Government contracts, of GSAR clause 552.212-4, Contract Terms and Conditions—Commercial Products and Commercial Services.

(3) The U.S. Government is not liable for the performance or nonperformance of any order or BPA entered into under this contract by the parties. Disputes which cannot be resolved by the parties may be litigated in any State or Federal court with jurisdiction over the parties, applying Federal procurement law, including statutes, regulations, and case law, and, if pertinent, the Uniform Commercial Code. To the extent authorized by law, the parties are encouraged to resolve disputes through alternative dispute resolution.

(4) Neither party will look to, primarily or in any secondary capacity, or file any claim against the U.S. Government or any of its agencies with respect to any failure of performance by the other party.

(e) Additional terms and conditions. Terms and conditions required by statute, ordinance, regulation, or as otherwise required by an eligible non-Federal entity may be made a part of an order or a BPA to the extent that these terms and conditions do not conflict with the terms and conditions of this contract. The Contractor should review any such additional terms and conditions prior to accepting an order or entering into a BPA with an eligible non-Federal entity.

(f) Payment. (1) The Contractor is responsible for obtaining all payments due to the Contractor from the eligible non-Federal entity under the terms and conditions of the order or the BPA entered into under this contract, without recourse to the U.S. Government or any of its agencies that awarded this contract or administer this contract.

(2) If an eligible non-Federal entity is subject to a State prompt payment law, the terms and conditions of the applicable State law apply to the orders placed under this contract by such entities. If an eligible non-Federal entity is not subject to a State prompt payment law, the terms and conditions of paragraph (i) of the GSAR clause at 552.212-4, apply to such entities in the same manner as to Federal entities.

(g) Fee and sales reporting. The requirements of the GSAR clause at 552.238-80, Industrial Funding Fee and Sales Reporting, apply to any sales to eligible non-Federal entities under this contract.

(End of clause)

52.223-5 POLLUTION PREVENTION AND RIGHT-TO-KNOW INFORMATION (MAY 2024)

(a) *Definitions.* As used in this clause—

Toxic chemical means a chemical or chemical category listed in 40 CFR 372.65.

(b) Federal facilities are required to comply with the provisions of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) (42 U.S.C. 11001-11050), and the Pollution Prevention Act of 1990 (PPA) (42 U.S.C. 13101-13109).

(c) The Contractor shall provide all information needed by the Federal facility to comply with the following:

(1) The emergency planning reporting requirements of Section 302 of EPCRA.

(2) The emergency notice requirements of Section 304 of EPCRA.

(3) The list of Material Safety Data Sheets, required by Section 311 of EPCRA.

(4) The emergency and hazardous chemical inventory forms of Section 312 of EPCRA.

(5) The toxic chemical release inventory of Section 313 of EPCRA, which includes the reduction and recycling information required by Section 6607 of PPA.

52.226-8 ENCOURAGING CONTRACTOR POLICIES TO BAN TEXT MESSAGING WHILE DRIVING (MAY 2024)

(a) *Definitions*. As used in this clause –

"*Driving*" –

(1) Means operating a motor vehicle on an active roadway with the motor running, including while temporarily stationary because of traffic, a traffic light, stop sign, or otherwise.

(2) Does not include operating a motor vehicle with or without the motor running when one has pulled over to the side of, or off, an active roadway and has halted in a location where one can safely remain stationary.

"*Text messaging*" means reading from or entering data into any handheld or other electronic device, including for the purpose of short message service texting, e-mailing, instant messaging, obtaining navigational information, or engaging in any other form of electronic data retrieval or electronic data communication. The term does not include glancing at or listening to a navigational device that is secured in a commercially designed holder affixed to the vehicle, provided that the destination and route are programmed into the device either before driving or while stopped in a location off the roadway where it is safe and legal to park.

(b) This clause implements Executive Order 13513, Federal Leadership on Reducing Text Messaging while Driving, dated October 1, 2009.

(c) The Contractor should –

(1) Adopt and enforce policies that ban text messaging while driving –

(i) Company-owned or -rented vehicles or Government-owned vehicles; or

(ii) Privately-owned vehicles when on official Government business or when performing any work for or on behalf of the Government.

(2) Conduct initiatives in a manner commensurate with the size of the business, such as –

(i) Establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving; and

(ii) Education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

(d) *Subcontracts*. The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts that exceed the micro-purchase threshold.

552.238-88 GSA ADVANTAGE!®. (JULY 2024)

(a) The Contractor shall participate in the GSA Advantage!® online shopping service. Information and instructions regarding Contractor participation are contained in clause 552.238-103, Electronic Commerce.

(b) The Contractor shall refer to contract clauses 552.238-77, Submission and Distribution of Authorized FSS Price Lists (which provides for submission of price lists on a common-use electronic medium), and 552.238-82, Modifications (which addresses electronic file updates).

(c) Single-use plastic (SUP) free packaging icon. Contractors are encouraged to utilize the GSA Advantage!® single-use plastic (SUP) free packaging icon when applicable (see 552.238-118). The offeror may include in their price list if the contractor is providing SUP free packaging (either for shipping or as part of the product packaging) at either a price premium or discount (see 552.238-119).

(End of clause)

552.219-18 NOTIFICATION OF COMPETITION LIMITED TO ELIGIBLE 8(a) PARTICIPANTS (MAY 2024) (DEVIATION FAR 52.219-18)

(a) Offers are solicited only from:

(1) Small business concerns expressly certified by the Small Business Administration (SBA) for
participation in SBA's 8(a) Program and which meet the following criteria at the time of submission of offer—

(i) The Offeror is in conformance with the 8(a) support limitation set forth in its approved business plan; and

(ii) The Offeror is in conformance with the Business Activity Targets set forth in its approved business plan or any remedial action directed by the SBA.;

(2) A joint venture, in which at least one of the 8(a) program participants that is a party to the joint venture complies with the criteria set forth in paragraph (a)(1) of this clause, that complies with 13 CFR 124.513(c); or

(3) A joint venture—

(i) That is comprised of a mentor and an 8(a) protégé with an approved mentor-protégé agreement under the 8(a) program;
(ii) In which at least one of the 8(a) program participants that is a party to the joint venture complies with the criteria set forth in paragraph (a)(1) of this clause; and
(iii) That complies with 13 CFR 124.513(c).

(b) By submission of its offer, the Offeror represents that it meets the applicable criteria set forth in
paragraph (a) of this clause.

(c) Any award resulting from this solicitation will be made directly by the Contracting Officer to the
successful 8(a) offeror selected through the evaluation criteria set forth in this solicitation. A
Contracting Officer may consider a joint venture for contract award. SBA does not approve joint
ventures for competitive awards, but see 13 CFR 124.501(g) for SBA's determination of participant
eligibility.

(d) The Contractor will notify the Contracting Officer in writing immediately upon entering any
agreement (either oral or written) to transfer all or part of its stock.

(End of clause)

552.212-4 CONTRACT TERMS AND CONDITIONS—COMMERCIAL PRODUCTS AND

COMMERCIAL SERVICES (ALTERNATE I NOV 2021) (DEVIATION FAR 52.212-4) (JAN 2023)

(a) Inspection/Acceptance.

(1) The Government has the right to inspect and test all materials furnished and services performed under this contract, to the extent practicable at all places and times, including the period of performance, and in any event before acceptance. The Government may also inspect the plant or plants of the Contractor or any subcontractor engaged in contract performance. The Government will perform inspections and tests in a manner that will not unduly delay the work.

(2) If the Government performs inspection or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.

(3) Unless otherwise specified in the contract, the Government will accept or reject services and materials at the place of delivery as promptly as practicable after delivery, and they will be presumed accepted 60 days after the date of delivery, unless accepted earlier.

(4) At any time during contract performance, but not later than 6 months (or such other time as may be specified in the contract) after acceptance of the services or materials last delivered under this contract, the Government may require the Contractor to replace or correct services or materials that at time of delivery failed to meet contract requirements. Except as otherwise specified in paragraph (a)(6) of this clause, the cost of replacement or correction shall be determined under paragraph (i) of this clause, but the "hourly rate" for labor hours incurred in the replacement or correction shall be reduced to exclude that portion of the rate attributable to profit. Unless otherwise specified below, the portion of the "hourly rate" attributable to profit shall be 10 percent. The Contractor shall not tender for acceptance materials and services required to be replaced or corrected without disclosing the former requirement for replacement or correction, and, when required, shall disclose the corrective action taken. [*Insert portion of labor rate attributable to profit.*]

(5) (i) If the Contractor fails to proceed with reasonable promptness to perform required replacement or correction, and if the replacement or correction can be performed within the ceiling price (or the ceiling price as increased by the Government), the Government may-

(A) By contract or otherwise, perform the replacement or correction, charge to the Contractor any increased cost, or deduct such increased cost from any amounts paid or due under this contract; or

(B) Terminate this contract for cause.

(ii) Failure to agree to the amount of increased cost to be charged to the Contractor shall be a dispute under the Disputes clause of the contract.

(6) Notwithstanding paragraphs (a)(4) and (5) above, the Government may at any time require the Contractor to remedy by correction or replacement, without cost to the Government, any failure by the Contractor to comply with the requirements of this contract, if the failure is due to-

(i) Fraud, lack of good faith, or willful misconduct on the part of the Contractor's managerial personnel; or

(ii) The conduct of one or more of the Contractor’s employees selected or retained by the Contractor after any of the Contractor’s managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.

(7) This clause applies in the same manner and to the same extent to corrected or replacement materials or services as to materials and services originally delivered under this contract.

(8) The Contractor has no obligation or liability under this contract to correct or replace materials and services that at time of delivery do not meet contract requirements, except as provided in this clause or as may be otherwise specified in the contract.

(9) Unless otherwise specified in the contract, the Contractor's obligation to correct or replace Government-furnished property shall be governed by the clause pertaining to Government property.

(b) Assignment. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(c) Changes. Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) Disputes. This contract is subject to 41 U.S.C. chapter 71, Contract Disputes. Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at Federal Acquisition Regulation (FAR) 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) Definitions.

(1) The clause at FAR 52.202-1, Definitions, is incorporated herein by reference. As used in this clause-

(i) "Direct materials" means those materials that enter directly into the end product, or that are used or consumed directly in connection with the furnishing of the end product or service.

(ii) "Hourly rate" means the rate(s) prescribed in the contract for payment for labor that meets the labor category qualifications of a labor category specified in the contract that are-

(A) Performed by the contractor;

(B) Performed by the subcontractors; or

(C) Transferred between divisions, subsidiaries, or affiliates of the contractor under a common control.

(iii) "Materials" means-

(A) Direct materials, including supplies transferred between divisions, subsidiaries, or affiliates of the contractor under a common control;

(B) Subcontracts for supplies and incidental services for which there is not a labor category specified in the contract;

(C) Other direct costs (e.g., incidental services for which there is not a labor category specified in the contract, travel, computer usage charges, etc.);

(D) The following subcontracts for services which are specifically excluded from the hourly rate: [Insert any subcontracts for services to be excluded from the hourly rates prescribed in the schedule.]; and

(E) Indirect costs specifically provided for in this clause.

(iv) "Subcontract" means any contract, as defined in FAR subpart 2.1, entered into with a subcontractor to furnish supplies or services for performance of the prime contract or a subcontract including transfers between divisions, subsidiaries, or affiliates of a contractor or subcontractor. It includes, but is not limited to, purchase orders, and changes and modifications to purchase orders.

(f) Excusable delays. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(g) Invoice.

(1) The Contractor shall submit an original invoice and three copies (or electronic invoice, if authorized) to the address designated in the contract to receive invoices. An invoice must include-

(i) Name and address of the Contractor;

(ii) Invoice date and number;

(iii) Contract number, line item number and, if applicable, the order number;

(iv) Description, quantity, unit of measure, unit price and extended price of the items delivered;

(v) Shipping number and date of shipment, including the bill of lading number and weight of shipment if shipped on Government bill of lading;

(vi) Terms of any discount for prompt payment offered;

(vii) Name and address of official to whom payment is to be sent;

(viii) Name, title, and phone number of person to notify in event of defective invoice; and

(ix) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(x) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision, contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer-System for Award Management, or 52.232-34, Payment by Electronic Funds Transfer-Other Than System for Award Management), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(2) The due date for making invoice payments by the designated payment office is the later of the following two events:

(i) The 10th day after the designated billing office receives a proper invoice from the Contractor. If the designated billing office fails to annotate the invoice with the date of receipt at the time of receipt, the invoice payment due date shall be the 10th day after the date of the Contractor's invoice; provided the Contractor submitted a proper invoice and no disagreement exists over quantity, quality, or Contractor compliance with contract requirements.

(ii) The 10th day after Government acceptance of supplies delivered or services performed by the Contractor.

(h) Patent indemnity. The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(i) Payment.-

(1) *Work performed.* The Government will pay the Contractor as follows upon the submission of commercial invoices approved by the Contracting Officer:

(i) *Hourly rate*.

(A) The amounts shall be computed by multiplying the appropriate hourly rates prescribed in the contract by the number of direct labor hours performed. Fractional parts of an hour shall be payable on a prorated basis.

(B) The rates shall be paid for all labor performed on the contract that meets the labor qualifications specified in the contract. Labor hours incurred to perform tasks for which labor qualifications were specified in the contract will not be paid to the extent the work is performed by individuals that do not meet the qualifications specified in the contract, unless specifically authorized by the Contracting Officer.

(C) Invoices may be submitted once each month (or at more frequent intervals, if approved by the Contracting Officer) to the Contracting Officer or the authorized representative.

(D) When requested by the Contracting Officer or the authorized representative, the
Contractor shall substantiate invoices (including any subcontractor hours reimbursed at the hourly rate in the schedule) by evidence of actual payment, individual daily job timecards, records that verify the employees meet the qualifications for the labor categories specified in the contract, or other substantiation specified in the contract.

(E) Unless the Schedule prescribes otherwise, the hourly rates in the Schedule shall not be varied by virtue of the Contractor having performed work on an overtime basis.

(*1)* If no overtime rates are provided in the Schedule and the Contracting Officer approves overtime work in advance, overtime rates shall be negotiated.

(*2*) Failure to agree upon these overtime rates shall be treated as a dispute under the Disputes clause of this contract.

(*3*) If the Schedule provides rates for overtime, the premium portion of those rates will be reimbursable only to the extent the overtime is approved by the Contracting Officer.

(ii) *Materials*.

(A) If the Contractor furnishes materials that meet the definition of a commercial product at FAR 2.101, the price to be paid for such materials shall not exceed the Contractor's established catalog or market price, adjusted to reflect the-(1) Quantities being acquired; and(2) Any modifications necessary because of contract requirements.

(B) Except as provided for in paragraph (i)(1)(ii)(A) and (D)(2) of this clause, the Government will reimburse the Contractor the actual cost of materials (less any rebates, refunds, or discounts received by the contractor that are identifiable to the contract) provided the Contractor-(1) Has made payments for materials in accordance with the terms and conditions of the agreement or invoice; or(2) Makes these payments within 30 days of the submission of the Contractor's payment request to the Government and such payment is in accordance with the terms and conditions of the agreement or invoice.

(C) To the extent able, the Contractor shall-(1) Obtain materials at the most advantageous prices available with due regard to securing prompt delivery of satisfactory materials; and(2) Give credit to the Government for cash and trade discounts, rebates, scrap, commissions, and other amounts that are identifiable to the contract.

(D) Other Costs. Unless listed below, other direct and indirect costs will not be reimbursed.(1) Other Direct Costs. The Government will reimburse the Contractor on the basis of actual cost for the following, provided such costs comply with the requirements in paragraph (i)(1)(ii)(B) of this clause:[Insert each element of other direct costs (e.g., travel, computer usage charges, etc. Insert "None" if no reimbursement for other direct costs will be provided. If this is an indefinite delivery contract, the Contracting Officer may insert "Each order must list separately the elements of other direct charge(s) for that order or, if no reimbursement for other direct costs will be provided, insert 'None'."](2) Indirect Costs (Material Handling, Subcontract Administration, etc.). The Government will reimburse the Contractor for indirect costs on a pro-rata basis over the period of contract performance at the following fixed price:[Insert a fixed amount for the indirect costs and payment schedule. Insert "$0" if no fixed price reimbursement for indirect costs will be provided. (If this is an indefinite delivery contract, the Contracting Officer may insert "Each order must list separately the fixed amount for the indirect costs and payment schedule or, if no reimbursement for indirect costs, insert 'None')."]

(2) *Total cost*. It is estimated that the total cost to the Government for the performance of this contract shall not exceed the ceiling price set forth in the Schedule and the Contractor agrees to use its best efforts to perform the work specified in the Schedule and all obligations under this contract within such ceiling price. If at any time the Contractor has reason to believe that the hourly rate payments and material costs that will accrue in performing this contract in the next succeeding 30 days, if added to all other payments and costs previously accrued, will exceed 85 percent of the ceiling price in the Schedule, the Contractor shall notify the Contracting Officer giving a revised estimate of the total price to the Government for performing this contract with supporting reasons and documentation. If at any time during the performance of this contract, the Contractor has reason to believe that the total price to the Government for performing this contract will be substantially greater or less than

the then stated ceiling price, the Contractor shall so notify the Contracting Officer, giving a revised estimate of the total price for performing this contract, with supporting reasons and documentation. If at any time during performance of this contract, the Government has reason to believe that the work to be required in performing this contract will be substantially greater or less than the stated ceiling price, the Contracting Officer will so advise the Contractor, giving the then revised estimate of the total amount of effort to be required under the contract.

(3) *Ceiling price*. The Government will not be obligated to pay the Contractor any amount in excess of the ceiling price in the Schedule, and the Contractor shall not be obligated to continue performance if to do so would exceed the ceiling price set forth in the Schedule, unless and until the Contracting Officer notifies the Contractor in writing that the ceiling price has been increased and specifies in the notice a revised ceiling that shall constitute the ceiling price for performance under this contract. When and to the extent that the ceiling price set forth in the Schedule has been increased, any hours expended and material costs incurred by the Contractor in excess of the ceiling price before the increase shall be allowable to the same extent as if the hours expended and material costs had been incurred after the increase in the ceiling price.

(4) *Access to records*. At any time before final payment under this contract, the Contracting Officer (or authorized representative) will have access to the following (access shall be limited to the listing below unless otherwise agreed to by the Contractor and the Contracting Officer):

(i) Records that verify that the employees whose time has been included in any invoice meet the qualifications for the labor categories specified in the contract;

(ii) For labor hours (including any subcontractor hours reimbursed at the hourly rate in the schedule), when timecards are required as substantiation for payment-

(A) The original timecards (paper-based or electronic);

(B) The Contractor's timekeeping procedures;

(C) Contractor records that show the distribution of labor between jobs or contracts; and

(D) Employees whose time has been included in any invoice for the purpose of verifying that these employees have worked the hours shown on the invoices.

(iii) For material and subcontract costs that are reimbursed on the basis of actual cost-

(A) Any invoices or subcontract agreements substantiating material costs; and

(B) Any documents supporting payment of those invoices.

(5) *Overpayments/Underpayments.* Each payment previously made shall be subject to reduction to the extent of amounts, on preceding invoices, that are found by the Contracting Officer not to have been properly payable and shall also be subject to reduction for overpayments or to increase for underpayments. The Contractor shall promptly pay any such reduction within 30 days unless the parties agree otherwise. The Government within 30 days will pay any such increases, unless the parties agree otherwise. The Contractor's payment will be made by check. If the Contractor becomes aware of a duplicate invoice payment or that the Government has otherwise overpaid on an invoice payment, the Contractor shall-

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the-

(A) Circumstances of the overpayment (*e.g.*, duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(B) Affected contract number and delivery order number, if applicable;

(C) Affected line item or subline item, if applicable; and

(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(6)(i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury, as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, and then at the rate applicable for each six month period as established by the Secretary until the amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) *Final Decisions*. The Contracting Officer will issue a final decision as required by 33.211 if-

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt in a timely manner;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see FAR 32.607-2).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on-

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in FAR 32.608-2 in effect on the date of this contract.

(viii) Upon receipt and approval of the invoice designated by the Contractor as the "completion invoice" and supporting documentation, and upon compliance by the Contractor with all terms of this contract, any outstanding balances will be paid within 30 days unless the parties agree otherwise. The completion invoice, and supporting documentation, shall be submitted by the Contractor as promptly as practicable following completion of the work under this contract, but in no event later than 1 year (or such longer period as the Contracting Officer may approve in writing) from the date of completion.

(7) *Release of claims*. The Contractor, and each assignee under an assignment entered into under this contract and in effect at the time of final payment under this contract, shall execute and deliver, at the time of and as a condition precedent to final payment under this contract, a release discharging the Government, its officers, agents, and employees of and from all liabilities, obligations, and claims arising out of or under this contract, subject only to the following exceptions.

(i) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible to exact statement by the Contractor.

(ii) Claims, together with reasonable incidental expenses, based upon the liabilities of the Contractor to third parties arising out of performing this contract, that are not known to the Contractor on the date of the execution of the release, and of which the Contractor gives notice in writing to the Contracting Officer not more than 6 years after the date of the release or the date of any notice to the Contractor that the Government is prepared to make final payment, whichever is earlier.

(iii) Claims for reimbursement of costs (other than expenses of the Contractor by reason of its indemnification of the Government against patent liability), including reasonable incidental expenses, incurred by the Contractor under the terms of this contract relating to patents.

(8) *Prompt payment*. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR part 1315.

(9) *Electronic Funds Transfer (EFT)*. If the Government makes payment by EFT, see 52.212-5(b) for the appropriate EFT clause.

(10) *Discount*. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(j) Risk of loss. Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or

(2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

(k) Taxes. The contract price includes all applicable Federal, State, and local taxes and duties.

(l) Termination for the Government’s convenience. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid an amount for direct

labor hours (as defined in the Schedule of the contract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the contract, less any hourly rate payments already made to the Contractor plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system that have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

(m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) Title. Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) Warranty. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) Limitation of liability. Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) Other compliances. The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) Compliance with laws unique to Government contracts. The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. chapter 37, Contract Work Hours and Safety Standards; 41 U.S.C. chapter 87, Kickbacks; 49 U.S.C. 40118, Fly American; and 41 U.S.C. chapter 21 relating to procurement integrity.

(s) Order of precedence. Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order:

(1) The schedule of supplies/services.

(2) The Assignments, Disputes, Payments, Invoice, Other Compliances, Compliance with Laws Unique to Government Contracts, Unauthorized Obligations, and Commercial Supplier Agreements - Unenforceable Clauses paragraphs of this clause.

(3) The clause at 52.212-5.

(4) Addenda to this solicitation or contract, including any commercial supplier agreements as amended by the Commercial Supplier Agreements -Unenforceable Clauses provision.

(5) Solicitation provisions if this is a solicitation.

(6) Other paragraphs of this clause.

(7) The Standard Form 1449.

(8) Other documents, exhibits, and attachments.

(9) The specification.

(t) [Reserved]

(u) Unauthorized Obligations.

(1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any commercial supplier agreement (as defined in 502.101) that includes any language, provision, or clause requiring the Government to pay any future fees, penalties, interest, legal costs or to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such language, provision, or clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the commercial supplier agreement. If the commercial supplier agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such language, provision, or clause is deemed to be stricken from the commercial supplier agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification or any other payment by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(v) Incorporation by reference. The Contractor's representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

(w) *Commercial supplier agreements unenforceable clauses.*When any supply or service acquired under this contract is subject to a commercial supplier agreement (as defined in 502.101), the following language shall be deemed incorporated into the commercial supplier agreement. As used herein, "this agreement" means the commercial supplier agreement:

(1) Notwithstanding any other provision of this agreement, when the end user is an agency or instrumentality of the U.S. Government, the following shall apply:

(i) *Applicability*. This agreement is a part of a contract between the commercial supplier and the U.S. Government for the acquisition of the supply or service that necessitates a license or other similar legal instrument (including all contracts, task orders, and delivery orders under FAR 12).

(ii) *End user*. This agreement shall bind the ordering activity as end user but shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

(iii) *Law and disputes*. This agreement is governed by Federal law.

(A) Any language purporting to subject the U.S. Government to the laws of a U.S. state, U.S. territory, district, or municipality, or a foreign nation, except where Federal law expressly provides for the application of such laws, is hereby deleted.

(B) Any language requiring dispute resolution in a specific forum or venue that is

different from that prescribed by applicable Federal law is hereby deleted.

(C) Any language prescribing a different time period for bringing an action than that prescribed by applicable Federal law in relation to a dispute is hereby deleted.

(iv) *Continued performance*. The supplier or licensor shall not unilaterally revoke, terminate or suspend any rights granted to the Government except as allowed by this contract. If the supplier or licensor believes the ordering activity to be in breach of the agreement, it shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while continuing performance as set forth in subparagraph (d) (Disputes).c

(v) *Arbitration; equitable or injunctive relief*. In the event of a claim or dispute arising under or relating to this agreement, a binding arbitration shall not be used unless specifically authorized by agency guidance, and equitable or injunctive relief, including the award of attorney fees, costs or interest, may be awarded against the U.S. Government only when explicitly provided by statute (e.g., Prompt Payment Act or Equal Access to Justice Act).

(vi) *Updating terms*.

(A) After award, the contractor may unilaterally revise commercial supplier agreement terms: if they are not material. A material change is defined as:

(1) Terms that change Government rights or obligations;

(2) Terms that increase Government prices;

(3) Terms that decrease overall level of service; or

(4) Terms that limit any other Government right addressed elsewhere in this contract.

(B) For revisions that will materially change the terms of the contract, the revised commercial supplier agreement must be incorporated into the contract using a bilateral modification.

(C) Any agreement license terms or conditions unilaterally revised subsequent to award that are inconsistent with any material term or provision of this contract shall not be enforceable against the Government, and the Government shall not be deemed to have consented to them.

(vii) *No automatic renewals*. If any license or service tied to periodic payment is provided under this agreement (e.g., annual software maintenance or annual lease term), such license or service shall not renew automatically upon expiration of its current term without prior express consent by an authorized Government representative.

(viii) *Indemnification*. Any clause of this agreement requiring the commercial supplier or licensor to defend or indemnify the end user is hereby amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with 28 U.S.C. 516.

(ix) *Audits*. Any clause of this agreement permitting the commercial supplier or licensor to audit the end user's compliance with this agreement is hereby amended as follows:

(A) Discrepancies found in an audit may result in a charge by the commercial supplier or licensor to the ordering activity. Any resulting invoice must

comply with the proper invoicing requirements specified in the underlying Government contract or order.

(B) (B) This charge, if disputed by the ordering activity, will be resolved in accordance with subparagraph (d) (Disputes) through the Disputes clause at 552.212-4(d); no payment obligation shall arise on the part of the ordering activity until the conclusion of the dispute process.

(C) (C) Any audit requested by the contractor will be performed at the contractor's expense, without reimbursement by the Government.

(x) *Taxes or surcharges*. Any taxes or surcharges which the commercial supplier or licensor seeks to pass along to the Government as end user will be governed by the terms of the underlying Government contract or order and, in any event, must be submitted to the Contracting Officer for a determination of applicability prior to invoicing unless specifically agreed to otherwise in the Government contract.

(xi) *Non-assignment*. This agreement may not be assigned, nor may any rights or obligations thereunder be delegated, without the Government's prior approval, except as expressly permitted under subparagraph (b) of this clause.

(xii) *Confidential information*. If this agreement includes a confidentiality clause, such clause is hereby amended to state that neither the agreement nor the contract price list, as applicable, shall be deemed "confidential information." Issues regarding release of "unit pricing" will be resolved consistent with the Freedom of Information Act. Notwithstanding anything in this agreement to the contrary, the Government may retain any confidential information as required by law, regulation or its internal document retention procedures for legal, regulatory or compliance purposes; provided, however, that all such retained confidential information will continue to be subject to the confidentiality obligations of this agreement.

(2) If any language, provision, or clause of this agreement conflicts or is inconsistent with the preceding paragraph (w)(1), the language, provisions, or clause of paragraph (w)(1) shall prevail to the extent of such inconsistency.

(End of clause)

Note: Regulation 552.212-4
This clause applies to Time-and-Materials or Labor Hour orders.

552.238-119 SINGLE-USE PLASTIC (SUP) FREE PACKAGING AVAILABILITY (JUL 2024)

(a) Definitions. As used in this clause—

Single-use plastic (SUP) packaging means any plastic used for the containment, protection, handling, delivery, or presentation of goods by a producer for a consumer with the intent of being used once and then discarded, recycled or disposed of immediately after its contents have been used or unpackaged, and typically not refilled or otherwise reused by the producer. Packaging includes, but is not limited to brand packaging, grouped packaging, shipping packaging, ancillary packaging, and redundant packaging.

Single-use plastic (SUP) free packaging means product or shipping containment materials free of

single-use plastic. Other attributes of single-use plastic free packaging may include the following: use of minimal materials, will be reused multiple times, or produces less emissions compared to traditional manufacturing or distribution. These additional attributes alone do not qualify as SUP free. Examples may include, but are not limited, to corrugated cardboard, paper products, and paper backed tape.

(b) General. The Contractor, in connection with this contract, is encouraged to—

(1) Evaluate their products for redundant or unnecessary packaging that can be eliminated without affecting quality.

(2) Package all products for shipment according to the Government's instructions or, if there are no instructions, in a manner sufficient to ensure that the products are delivered in undamaged condition with as little plastic waste material as possible.

(3) Limit the use of plastic packaging materials that have a high likelihood of not being reused or recycled, as appropriate (e.g., plastic casing or wrapping).

(4) Adopt SUP free packaging to the maximum extent practicable, as appropriate.

(c) Procedures.

(1) Price premiums and discounts. For any single-use plastic (SUP) free packaging identified per 552.238-118, Single-use Plastic (SUP) Free Packaging Identification, the Contractor may include in the submitted price list (see the Schedule, also referred to as MAS, solicitation instructions for submitting price list SUP free packaging). The submitted FSS contract price list may include a separate means of displaying information regarding product packaging. If the Contractor is providing SUP free packaging at either a price premium or discount, this should be clearly identified in the submitted price list.

(2) Submission requirements. As additional SUP free packaging becomes available, the Contractor is encouraged to notify GSA of these changes, and is responsible for keeping all electronic catalog data current

(3) Identification of SUP free packaging. For easy identification of SUP free packaging, once available, GSA will use a SUP free packaging icon in GSA Advantage!®.

(i) Offerors who provide SUP free packaging and want to benefit from the GSA Advantage!® SUP free packaging icon must provide the information required in 552.238-118, Single-use Plastic (SUP) Free Packaging Identification.

(ii) The Contractor is encouraged to place the GSA logo and GSA Advantage!® SUP free packaging icon on their website and FSS price list for applicable supplies, see https://www.gsa.gov/logos. If the Contractor elects to use the GSA logo or icon, the website must clearly distinguish between those items awarded on the GSA contract and any other items offered by the Contractor on an open market basis.

(d) Reliability. Accuracy of information and computation of prices for this clause is the responsibility of the Contractor. In addition to the other remedies available in the contract, the remedies may include, but are not limited to, the following:

(1) SUP free packaging is provided at a higher rate but different packaging is received, the Government may pursue corrective action.

(2) If SUP free packaging is utilized, but the product received is damaged, the Contractor shall replace the item, refund the item, or the Government may pursue corrective action.

(3) Inclusion of incorrect information in the price list regarding SUP free packaging may cause

the Contractor to correct and resubmit the price list.

(4) Failure to correct applicable information for this clause, may constitute sufficient cause for termination, pursuant to FAR 52.212-4, Contract Terms and Condition-Commercial Products and Commercial Services, or remedies as provided by law.

(End of clause)

I-FSS-600 CONTRACT PRICE LISTS (DEC 2022)

(a) *Electronic Contract Data*.

(1) At the time of award, the Contractor will be provided instructions for submitting electronic contract data in a prescribed format as required by GSAR clause 552.238-77, Submission and Distribution of Authorized Federal Supply Schedule (FSS) Price Lists.

(2) The Contractor will have a choice to transmit its file submissions electronically through Electronic Data Interchange (EDI) in accordance with the Federal Implementation Convention (IC) or use the application made available at the time of award. The Contractor's electronic files must be complete, correct, readable, virus free, and contain only those supplies and services, prices, and terms and conditions that were accepted by the Government. They will be added to GSA's electronic ordering system known as GSA Advantage!®, a menu driven database system that provides online access to contract ordering information, terms and conditions, current pricing, and the option to create an electronic order. The Contractor's electronic files must be received no later than 30 days after award. Contractors should refer to the GSAR clause at 552.238-88, GSA Advantage!®, for further information.

(3) Further details on EDI, ICs, and GSA Advantage! ® can be found in GSAR clause 552.238-103, Electronic Commerce.

(4) The Contractor is encouraged to place the GSA logo on their website for those supplies or services covered by this contract. Contractors may link the GSA logo to their FSS price list. Only GSA Schedule holders may use the GSA logo, which is at https://www.gsa.gov/logos. All resultant "web price lists" shown on the Contractor's website must be in accordance with paragraph (b)(3)(ii) of this clause and nothing other than what was accepted/awarded by the Government may be included. If the Contractor elects to use contract identifiers on its website (either logos or contact number) the website must clearly distinguish between those items awarded on the contract and any other items offered by the Contractor on an open market basis.

(5) The Contractor is responsible for keeping all electronic catalogs data current, accurate and complete, e.g., prices, product deletions and replacements, etc.

(b) *Federal Supply Schedule Price Lists*.

(1) The Contractor must prepare and distribute an FSS price list as required by GSAR clause 552.238-77, Submission and Distribution of Authorized Federal Supply Schedule (FSS) Price Lists.

(2) The Contractor must prepare an FSS price list by composing a price list in which only those items, terms, and conditions accepted by the Government are included, and which contain only net prices, based upon the commercial price list or commercial market prices less discounts accepted by the Government. The cover page of the FSS price list must include the following statement: "Prices Shown Herein are Net (discount deducted)".

(3) The cover page of the FSS price list must include the following information prepared in the following format:

GENERAL SERVICES ADMINISTRATION

Federal Acquisition Service Authorized Federal Supply Schedule FSS Price List

Online access to contract ordering information, terms and conditions, pricing, and the option to create an electronic delivery order are available through GSA Advantage!®. The website for GSA Advantage!® is: https://www.GSAAdvantage.gov.

Schedule title

FSC Group, Part, and Section or Standard Industrial Group (as applicable)

FSC Class(es)/Product Code(s) and/or Service Codes (as applicable).

Contract number

Contract period

Contractor's name, address, and phone number (include toll free WATS number and FAX number, if applicable)

Contractor’s internet address/website where Schedule information can be found (as applicable)

Contract administration source (if different from preceding entry)

Business size

For more information on ordering go to the following website: https://www.gsa.gov/schedules.

CUSTOMER INFORMATION: The following information should be placed under this heading in consecutively numbered paragraphs in the sequence set forth below. If this information is placed in another part of the FSS price list, a table of contents must be shown on the cover page that refers to the exact location of the information.
1a. Table of awarded special item number(s) with appropriate cross reference to item descriptions and awarded price(s).
1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment discounts, or any other concession affecting price. Contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply.
1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility, and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, the Contractor shall insert “Not applicable” for this item.
2. Maximum order.
3. Minimum order.
4. Geographic coverage (delivery area).
5. Point(s) of production (city, county, and State or foreign country).
6. Discount from list prices or statement of net price.
7. Quantity discounts.
8. Prompt payment terms. The Contractor must insert the following statement after identifying the prompt payment terms: "Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions."
9. Foreign items (list items by country of origin).
10a. Time of delivery. (Contractor insert number of days.)
10b. Expedited Delivery. The Contractor must insert the sentence “Items available for expedited delivery are noted in this price list.” under this heading. The Contractor may use a symbol of its choosing to highlight items in its FSS price list that have expedited delivery.
10c. Overnight and 2-day delivery. The Contractor must indicate whether overnight and 2-day delivery are available. Also, the Contractor must indicate that the ordering activity may contact the Contractor for rates for overnight and 2-day delivery.

10d. Urgent Requirements. The Contractor must note in its FSS price list that ordering agencies can request accelerated delivery for urgent requirements.
11. F.O.B. point(s).
12a. Ordering address(es).
12b. Ordering procedures: See Federal Acquisition Regulation (FAR) 8.405-3.
13. Payment address(es).
14. Warranty provision.
15. Export packing charges, if applicable.
16. Terms and conditions of rental, maintenance, and repair (if applicable).
17. Terms and conditions of installation (if applicable).
18a. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable).
18b. Terms and conditions for any other services (if applicable).
19. List of service and distribution points (if applicable).
20. List of participating dealers (if applicable).
21. Preventive maintenance (if applicable).
22a. Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants).
22b. If applicable, indicate that Section 508 compliance information is available for the information and communications technology (ICT) products and services offered and show where full details can be found (e.g., Contractor's website or other location). ICT accessibility standards can be found at https://www.section508.gov/.
23. Unique Entity Identifier (UEI) number.
24. Notification regarding registration in the System for Award Management (SAM) database.

(4) Amendments to the FSS price lists must include on the cover page the same information as the current FSS price list plus the title "Supplement No. (sequentially numbered)" and the effective date(s) of such supplements.

(5) Accuracy of information and computation of prices is the responsibility of the Contractor.

(6) Inclusion of incorrect information in the FSS price list will cause the Contractor to resubmit/correct the FSS price list, and may constitute sufficient cause for termination, pursuant to GSA clause 552.212-4, Contract Terms and Conditions—Commercial Products and Commercial Services, and application of any other remedies as provided by law—including monetary recovery.

(End of clause)

Note: Regulation I-FSS-600
- All Commercial Off the Shelf (COTS) and commercial type products are prohibited from being duplicated and published to the Text File posted on the GSA Advantage environment (includes GSA eLibrary and GSA eBuy).

- All Commercial Off the Shelf (COTS) and commercial type products should be published for sale on GSA Advantage OR to the Text File posted on the GSA Advantage environment (includes GSA eLibrary and GSA eBuy).

- All Services offerings are prohibited from being duplicated and published to the Price List generated by the FAS Catalog Platform (FCP) AND the Text File posted on the GSA Advantage environment (includes GSA eLibrary and GSA eBuy).

- All Service offerings should be published to a Price List generated by FCP OR to the Text File posted on the GSA Advantage environment (includes GSA eLibrary and GSA eBuy).

552.238-120 ECONOMIC PRICE ADJUSTMENT—FEDERAL SUPPLY SCHEDULE CONTRACTS (SEP 2024)

Price adjustments include price increases and price decreases. Adjustments will be considered as follows:

(a) Definition. Economic price adjustment method, as used in this clause, means the agreed upon procedures by which pricing may be adjusted throughout the contract period to include, but not limited to, the mechanism(s) to be used to adjust pricing (e.g., adjustments based on established pricing), the pricing subject to adjustment, and any other requirements (e.g., timing, frequency, limits on increases).

(b) General. This contract provides for economic price adjustment (EPA) to contract pricing based on the established EPA method. EPA provides for the increase and decrease to stated contract pricing upon the occurrence of specified conditions described in the EPA method, such as market index changes or unforeseeable significant changes in market conditions.

(c) Exceptions. This clause does not cover—

(1) Adjustments based on statute, Executive Order, or regulation (e.g., Service Contract Labor Standards (41 U.S.C. chapter 67) and AbilityOne procurements (FAR subpart 8.7));

(2) Adjustments based on a change clause (e.g., paragraph (c) of GSAR clause 552.212-4, Contract Terms and Conditions—Commercial Products and Commercial Services (FAR DEVIATION 52.212-4));

(3) Price reductions made under GSAR clause 552.238-81, Price Reductions;

(4) Adjustments based on GSAR clause 552.238-117, Price Adjustment-Failure to Provide Accurate Information; and

(5) Adjustments based on a contract clause that authorizes an adjustment based on specified actions or conditions.

(d) Economic price adjustment method. The EPA method may be revised through mutual agreement of the parties. In the event of a conflict between the EPA method and this contract, the contract shall control.

(e) Submission requirements. The Contractor shall submit EPA requests to the Federal Supply Schedule (FSS) Contracting Officer pursuant to the EPA method. EPA requests shall fully conform to the requirements of the EPA method and include sufficient information to support the request. The FSS Contracting Officer may request additional information from the Contractor.

(f) Contracting Officer responsibilities. The FSS Contracting Officer will— (1) Review the EPA request to ensure conformance with the EPA method, (2) Make a determination. The FSS Contracting Officer may use any information (e.g., market research) deemed necessary to support their determination. The FSS Contracting Officer may determine to— (i) Accept the EPA request either in whole or in part, (ii) Reject the EPA request either in whole or in part, or (iii) Take any other action deemed to be in the best interest of the Government (e.g., negotiate a more favorable EPA). (3) Notify the Contractor of their determination, and (4) Modify the contract, as applicable, to reflect the determination. Contract items that need to be removed from the contract as a result of rejection or an inability to reach agreement are to be removed in accordance with 552.238-79, Cancellation.

(g) Effective date. EPA requests approved by the FSS Contracting Officer under this clause shall apply to orders issued on or after the effective date of the contract modification. Blanket Purchase Agreements (BPAs) may be modified by the ordering agency in accordance with the terms and conditions of the BPA.

(h) Update of contract pricing and catalog data. The Contractor shall update its FSS pricing and any other FSS catalog data in accordance with the terms and conditions of this contract.

(End of clause)

Note: Regulation 552.238-120
Note: For fixed escalations, increases can only be applied on an annual basis on the anniversary date of contract award due to system limitations.

I-FSS-644 PRODUCTS OFFERED AND SOLD BY VENDORS OTHER THAN THE MANUFACTURER (NOV 2025)

(a) Applicability. This clause applies to offerings and sales of products made by Contractors other than the manufacturer of such products. This clause applies specifically to, but is not limited to, Contractors who are resellers and distributors. This clause does not apply to Contractors who are also the manufacturer of the product(s) being offered and sold under this contract.

(b) Terms of Offering and Sales. Contractors must not offer or sell products under this contract for which they do not have authorization, as applicable.

(1) Manufacturer Authorization Program. For products that manufacturers manage through any "authorized supplier", "controlled distribution", or other similar program, the Contractor must be included in such a program to offer and sell products to the Government. The Government will rely on information provided by the manufacturer to identify such authority, to the extent provided by the manufacturer.

(2) Manufacturer Prohibitions. The Contractor must not offer or sell any product under this contract that the manufacturer of the product has prohibited the Contractor from offering or selling.

(c) Discrepancies. In the event that the Government becomes aware of any discrepancy regarding a Contractor's authorization or manufacturer prohibition, the Federal Supply Schedule (FSS) Contracting Officer will give written notice of such discrepancy to the Contractor. The Contractor shall have 30 days to respond to the discrepancy. Failure to respond to or resolve (as applicable) a notice of discrepancy may result in cancellation of this contract, in whole or in part, in accordance with GSAR clause 552.238-79, Cancellation.

(End of clause)

52.209-6 PROTECTING THE GOVERNMENT'S INTEREST WHEN SUBCONTRACTING WITH CONTRACTORS DEBARRED, SUSPENDED, PROPOSED FOR DEBARMENT, OR VOLUNTARILY EXCLUDED (JAN 2025) (DEVIATION NOV 2025)

(a) *Definition.* As used in this clause—

Commercially available off-the-shelf (COTS) item

(1) Means any item of supply (including construction material) that is–

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

(b) The Government suspends or debars Contractors to protect the Government's interests. Other

than a subcontract for a commercially available off-the-shelf item, the Contractor shall not enter into any subcontract, in excess of the threshold specified in FAR 9.405-2(b) on the date of subcontract award, with a Contractor that is debarred, suspended, or proposed for debarment by any executive agency unless a compelling reason exists to do so.

(c) The Contractor shall require each proposed subcontractor whose subcontract will exceed the threshold specified in FAR 9.405-2(b) on the date of subcontract award, other than a subcontractor providing a commercially available off-the-shelf item, to disclose to the Contractor, in writing, whether as of the time of award of the subcontract, the subcontractor, or its principals, is or is not debarred, suspended, proposed for debarment, or voluntarily excluded by the Federal Government.

(d) A corporate officer or a designee of the Contractor shall notify the Contracting Officer, in writing, before entering into a subcontract with a party (other than a subcontractor providing a commercially available off-the-shelf item) that is debarred, suspended, proposed for debarment, or voluntarily excluded (see FAR 9.404 for information on the System for Award Management (SAM) Exclusions). The notice must include the following:

(1) The name of the subcontractor.

(2) The Contractor’s knowledge of the reasons for the subcontractor being listed with an exclusion in SAM.

(3) The compelling reason(s) for doing business with the subcontractor notwithstanding its being listed with an exclusion in SAM.

(4) The systems and procedures the Contractor has established to ensure that it is fully protecting the Government's interests when dealing with such subcontractor in view of the specific basis for the party's debarment, suspension, proposed debarment, or voluntary exclusion.

(e) *Subcontracts*. Unless this is a contract for the acquisition of commercial products or commercial services, the Contractor shall include the requirements of this clause, including this paragraph (e) (appropriately modified for the identification of the parties), in each subcontract that—

(1) Exceeds the threshold specified in FAR 9.405-2(b) on the date of subcontract award; and

(2) Is not a subcontract for commercially available off-the-shelf items.

(End of clause)

52.223-2 REPORTING OF BIOBASED PRODUCTS UNDER SERVICE AND CONSTRUCTION CONTRACTS (MAY 2024) (DEVIATION NOV 2025)

(a) *Definitions.* As used in this clause—

Biobased product means a product determined by the U.S. Department of Agriculture (USDA) to be a commercial product or industrial product (other than food or feed) that is composed, in whole or in significant part, of biological products, including renewable domestic agricultural materials and forestry materials, or that is an intermediate ingredient or feedstock. The term includes, with respect to forestry materials, forest products that meet biobased content requirements, notwithstanding the market share the product holds, the age of the product, or whether the market for the product is new or emerging. (7 U.S.C. 8101) (7 CFR 4270.2).

USDA-designated product category a generic grouping of biobased products that are listed by USDA in a procurement guideline (7 CFR part 4270) and for which USDA has provided minimum biobased content standards (see https://www.biopreferred.gov/resources/categories.html).

(b) *Requirement*. The Contractor shall—

(1) Report to https://www.sam.gov, with a copy to the Contracting Officer, on the product types and dollar value of any biobased products in USDA-designated product categories purchased by the Contractor during the previous Government fiscal year, between October 1 and September 30; and

(2) Submit this report no later than—

(i) October 31 of each year during contract performance; and

(ii) At the end of contract performance.

(End of clause)

(Note: This is an FSS reproduction using word processing software) **STANDARD FORM 1449** (10-95) **(BACK)**

52.204-7 SYSTEM FOR AWARD MANAGEMENT (NOV 2024) (DEVIATION NOV 2025)

The Offeror shall have an active Federal Government contracts registration in the System for Award Management (SAM) when submitting an offer or quotation in response to this solicitation and at the time of award. As part of the SAM registration process, the Government collects information, as described in paragraphs (b) through (d) of this provision, that is necessary to identify the Offeror and for the Offeror to be awarded Federal Government contracts. To register in SAM, go to https://www.sam.gov. Allow for processing time when registering in SAM. If the Offeror is not registered in SAM, it should register immediately after receiving this solicitation.

(a) Definitions. As used in this provision—

Commercial and Government Entity (CAGE) code has the meaning provided in the clause at the Federal Acquisition Regulation (FAR) 52.204-13, System for Award Management—Maintenance, of this solicitation.

Electronic Funds Transfer (EFT) indicator means a bank account identifier to establish additional System for Award Management records for identifying alternative EFT accounts (see part 32) for the same entity.

Highest-level owner means the entity that owns or controls an immediate owner of the offeror, or that owns or controls one or more entities that control an immediate

owner of the offeror. No entity owns or exercises control of the highest-level owner. Immediate owner means an entity, other than the offeror, that has direct control of the offeror. Indicators of control include, but are not limited to, one or more of the following: ownership or interlocking management, identity of interests among family members, shared facilities and equipment, and the common use of employees. There may be more than one immediate owner (e.g., joint ventures) Predecessor means an entity whose assets were acquired by the offeror or another entity (most often through merger or acquisition) and whose affairs are now carried out by the offeror or the other entity under a new name.
Taxpayer identification number means the number required by the Internal Revenue Service (IRS) to be used by the offeror to report income tax and other returns. It may be either a Social Security Number or an Employer Identification Number.
Unique entity identifier means a number or other identifier used to identify a specific commercial, nonprofit, or Government entity. See www.sam.gov for the designated entity for establishing unique entity identifiers.
(b) Identifiers. The Offeror shall obtain and provide the following identifying information:
(1) Unique entity identifier (UEI).
(i) The Offeror shall obtain a UEI to register in SAM. The Government will independently validate the existence and uniqueness of the Offeror before assigning a UEI to the Offeror. Go to https://www.sam.gov for instructions on obtaining a UEI.
(ii) The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation “Unique Entity Identifier” followed by the UEI that identifies the Offeror's name and address exactly as stated in the offer. The Offeror shall also enter its EFT indicator, if applicable. (iii) The Contracting Officer will use the UEI to verify that the Offeror has an active Federal Government contracts registration in SAM.
(iii) The Contracting Officer will use the UEI to verify that the Offeror has an active Federal Government contracts registration in SAM.
(2) Taxpayer identification number (TIN).
(i) The Offeror shall provide its TIN or related information to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d); reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M; and implementing regulations issued by the IRS. The Offeror shall consent for TIN validation; and
(3) Commercial and Government Entity (CAGE) code.
(i) The Offeror shall provide a CAGE code and legal business name (Do not use a “doing business as” name) for—
(A) Itself;
(B) Its immediate owner(s), if any;
(C) Its highest-level owner, if any; and
(D) Any predecessor(s), or predecessor of an Offeror’s predecessor, that held a Federal contract or grant within the last three years.
(ii) If the Offeror is in the United States or its outlying areas and does not already have a CAGE code assigned, the DLA CAGE Branch will assign a CAGE code to the Offeror as a part of the SAM registration process. For information on obtaining a CAGE code go to https://cage.dla.mil/.
(iii) The Offeror shall get from any immediate and/or highest-level owner(s) their respective CAGE code(s) to provide the code(s) as part of the registration (FAR 52.204-7(b)(3)(i)).
(iv) If the Offeror is located outside of the United States or its outlying areas, and does not already have a CAGE code assigned, the Offeror may obtain a CAGE code as indicated in the following table.

If the Offeror is…	Then…
Located in a country that is a member of the North Atlantic Treaty Organization (NATO) or a sponsored nation	Contact the appropriate National Codification Bureau (https://www.nato.int/structur/ac/135/about/contacts)
Located in a country that is not a member of NATO or a sponsored nation	Contact the NATO Support and Procurement Agency (NSPA) (https://eportal.nspa.nato.int/AC135Public/scage/CageLis

(c) Representations and certifications.
(1) The following FAR solicitation provisions contain entity-level representations and certifications that the Offeror shall submit as part of their Federal Government contracts registration in SAM:

Provision	Title	Date
52.204-5	Women-Owned Business (Other Than Small Business)	Oct 2014
52.209-2	Prohibition on Contracting with Inverted Domestic Corporations— Representation	Nov 2015
52.209-5	Certification Regarding Responsibility Matters	Aug 2020
52.209-11	Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law	Feb 2016
52.219-1	Small Business Program Representations	Feb 2024
52.219-1 Alt I	Small Business Program Representations, with its Alternate I	Feb 2024
52.226-2	Historically Black College or University and Minority Institution Representation	Oct 2014

(2) By submitting its offer, the Offeror verifies that, as of the date of its offer, its representations and certifications posted electronically in SAM for the provisions listed in paragraph (c)(1) of this provision are current, accurate, and complete. The Offeror's representations and certifications in SAM are hereby incorporated by reference into its offer.

(d) Other information. The Offeror shall provide more information on its business operations and type that is necessary to be considered for award of certain contracts and financial information necessary to receive payment under contracts.

(End of provision)

52.247-64 PREFERENCE FOR PRIVATELY OWNED U.S.-FLAG COMMERCIAL VESSELS (NOV 2021) (DEVIATION NOV 2025)

(a) Except as provided in paragraph (e) of this clause, the Cargo Preference Act of 1954 (46 U.S.C. 55305) requires that Federal departments and agencies shall transport in privately owned U.S.-flag commercial vessels at least 50 percent of the gross tonnage of equipment, materials, or commodities that may be transported in ocean vessels (computed separately for dry bulk carriers, dry cargo liners, and tankers). Such transportation shall be accomplished when any equipment, materials, or commodities, located within or outside the United States, that may be transported by ocean vessel are—

(1) Acquired for a U.S. Government agency account;

(2) Furnished to, or for the account of, any foreign nation without provision for reimbursement;

(3) Furnished for the account of a foreign nation in connection with which the United States advances funds or credits, or guarantees the convertibility of foreign currencies; or

(4) Acquired with advance of funds, loans, or guaranties made by or on behalf of the United States.

(b) The Contractor shall use privately owned U.S.-flag commercial vessels to ship at least 50 percent of the gross tonnage involved under this contract (computed separately for dry bulk carriers, dry cargo liners, and tankers) whenever shipping any equipment, materials, or commodities under the conditions set forth in paragraph (a) above, to the extent that such vessels are available at rates that are fair and reasonable for privately owned U.S.-flag commercial vessels.

(c)

(1) The Contractor shall submit one legible copy of a rated on-board ocean bill of lading for each shipment to both

(i) the Contracting Officer and

(ii) the Office of Cargo Preference, Maritime Administration (MAR-590), 400 Seventh Street, SW, Washington, DC 20590. Subcontractor bills of lading shall be submitted through the Prime Contractor.

(2) The Contractor shall furnish these bill of lading copies

(i) within 20 working days of the date of loading for shipments originating in the United States, or

(ii) within 30 working days for shipments originating outside the United States. Each bill of lading copy shall contain the following information:

(A) Sponsoring U.S. Government agency.

(B) Name of vessel.

(C) Vessel flag of registry.

(D) Date of loading.

(E) Port of loading.

(F) Port of final discharge.

(G) Description of commodity.

(H) Gross weight in pounds and cubic feet if available.

(I) Total ocean freight revenue in U.S. dollars.

(d) The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts or purchase orders under this contract, except those described in paragraph (e)(4).

(e) The requirement in paragraph (a) does not apply to—

(1) Cargoes carried in vessels as required or authorized by law or treaty;

(2) Ocean transportation between foreign countries of supplies purchased with foreign currencies made available, or derived from funds that are made available, under the Foreign Assistance Act of 1961 (22 U.S.C. 2353);

(3) Shipments of classified supplies when the classification prohibits the use of non-Government vessels; and

(4) Subcontracts or purchase orders for the acquisition of commercial products or commercial services unless—

(i) This contract is—

(A) A contract or agreement for ocean transportation services; or

(B) A construction contract; or

(ii) The supplies being transported are—

(A) Items the Contractor is reselling or distributing to the Government without adding value. (Generally, the Contractor does not add value to the items when it subcontracts items for f.o.b. destination shipment); or

(B) Shipped in direct support of U.S. military—

(1) Contingency operations;

(2) Exercises; or

(3) Forces deployed in connection with United Nations or North

Atlantic Treaty Organization humanitarian or peacekeeping operations.

(f) Guidance regarding fair and reasonable rates for privately owned U.S.-flag commercial vessels may be obtained from the Office of Costs and Rates, Maritime Administration, 400 Seventh Street, SW, Washington, DC 20590, Phone: 202-366-4610.

(End of clause)

52.222-54 EMPLOYMENT ELIGIBILITY VERIFICATION (JAN 2025) (DEVIATION NOV 2025)

(a) *Definitions*. As used in this clause-

Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply that is—

(i) A commercial product (as defined in paragraph (1) of the definition of “commercial product” at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products. Per 46 CFR 525.1 (c)(2), "bulk cargo" means cargo that is loaded and carried in bulk onboard ship without mark or count, in a loose unpackaged form, having homogenous characteristics. Bulk cargo loaded into intermodal equipment, except LASH or Seabee barges, is subject to mark and count and, therefore, ceases to be bulk cargo.

Employee assigned to the contract means an employee who was hired after November 6, 1986 (after November 27, 2009 in the Commonwealth of the Northern Mariana Islands), who is directly performing work, in the United States, under a contract that is required to include the clause prescribed at 22.1802-2. An employee is not considered to be directly performing work under a contract if the employee-

(1) Normally performs support work, such as indirect or overhead functions; and

(2) Does not perform any substantial duties applicable to the contract.

Subcontract means any contract, as defined in 2.101, entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

Subcontractor means any supplier, distributor, vendor, or firm that furnishes supplies or services

to or for a prime Contractor or another subcontractor.

United States, as defined in 8 U.S.C. 1101(a)(38), means the 50 States, the District of Columbia, Puerto Rico, Guam, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands.

(b) *Enrollment and verification requirements*.

(1) If the Contractor is not enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor must-

(i) *Enroll*. Enroll as a Federal Contractor in the E-Verify program within 30 calendar days of contract award;

(ii) *Verify all new employees*. Within 90 calendar days of enrollment in the E-Verify program, begin to use E-Verify to initiate verification of employment eligibility of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); and

(iii) *Verify employees assigned to the contract*. For each employee assigned to the contract, initiate verification within 90 calendar days after date of enrollment or within 30 calendar days of the employee's assignment to the contract, whichever date is later (but see paragraph (b)(4) of this section).

(2) If the Contractor is enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor must use E-Verify to initiate verification of employment eligibility of-

(i) *All new employees*.

(A) *Enrolled 90 calendar days or more*. The Contractor must initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); or

(B) *Enrolled less than 90 calendar days*. Within 90 calendar days after enrollment as a Federal Contractor in E-Verify, the Contractor must initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); or

(ii) *Employees assigned to the contract*. For each employee assigned to the contract, the Contractor must initiate verification within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever date is later (but see

paragraph (b)(4) of this section).

(3) If the Contractor is an institution of higher education (as defined at 20 U.S.C. 1001(a)); a State or local government or the government of a Federally recognized Indian tribe; or a surety performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond, the Contractor may choose to verify only employees assigned to the contract, whether existing employees or new hires. The Contractor must follow the applicable verification requirements at (b)(1) or (b)(2) respectively, except that any requirement for verification of new employees applies only to new employees assigned to the contract.

(4) *Option to verify employment eligibility of all employees*. The Contractor may elect to verify all existing employees hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), rather than just those employees assigned to the contract. The Contractor must initiate verification for each existing employee working in the United States who was hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), within 180 calendar days of-

(i) Enrollment in the E-Verify program; or

(ii) Notification to E-Verify Operations of the Contractor's decision to exercise this option, using the contact information provided in the E-Verify program Memorandum of Understanding (MOU).

(5) The Contractor must comply, for the period of performance of this contract, with the requirements of the E-Verify program MOU.

(i) The Department of Homeland Security (DHS) or the Social Security Administration (SSA) may terminate the Contractor's MOU and deny access to the E-Verify system in accordance with the terms of the MOU. In such case, the Contractor will be referred to a suspending and debarring official.

(ii) During the period between termination of the MOU and a decision by the suspending and debarring official whether to suspend or debar, the Contractor is excused from its obligations under paragraph (b) of this clause. If the Contractor is not suspended, debarred, or subject to a voluntary exclusion, then the Contractor must reenroll in E-Verify.

(c) *Web site*. Information on registration for and use of the E-Verify program can be obtained via the Internet at the Department of Homeland Security Web site: https://www.e-Verify.gov.

(d) *Individuals previously verified*. The Contractor is not required by this clause to perform additional employment verification using E-Verify for any employee-

(1) Whose employment eligibility was previously verified by the Contractor through the E-Verify

program;

(2) Who has been granted and holds an active U.S. Government security clearance for access to confidential, secret, or top secret information in accordance with the National Industrial Security Program Operating Manual; or

(3) Who has undergone a completed background investigation and been issued credentials pursuant to Homeland Security Presidential Directive (HSPD)-12, Policy for a Common Identification Standard for Federal Employees and Contractors.

(e) *Subcontracts*. The Contractor must include the requirements of this clause, including this paragraph (e) (appropriately modified for identification of the parties), in each subcontract that-

(1) Is for—

(i) Services (except for commercial services that are part of the purchase of a COTS item (or an item that would be a COTS item, but for minor modifications), performed by the COTS provider, and are normally provided for that COTS item); or

(ii) Construction;

(2) Has a value of more than $3,500; and

(3) Includes work performed in the United States.

(End of clause)

52.222-53 EXEMPTION FROM APPLICATION OF THE SERVICE CONTRACT LABOR STANDARDS TO CONTRACTS FOR CERTAIN SERVICES-REQUIREMENTS (MAY 2014) (DEVIATION NOV 2025)

(a) The services under this contract are offered and sold regularly to non-Governmental customers, and are provided by the Contractor to the general public in substantial quantities in the course of normal business operations.

(b) The contract services are furnished at prices that are, or are based on, established catalog or market prices. An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the Contractor, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public. An "established market price" is a current price, established in the usual course of ordinary and usual trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or Contractor.

(c) Each service employee who will perform the services under the contract will spend only a small portion of his or her time (a monthly average of less than 20 percent of the available hours on an annualized basis, or less than 20 percent of available hours during the contract period if the contract period is less than a month) servicing the Government contract.

(d) The Contractor uses the same compensation (wage and fringe benefits) plan for all service employees performing work under the contract as the Contractor uses for these employees and for equivalent employees servicing commercial customers.

(e)

(1) Except for services identified in FAR 22.1002-1(f)(1)(iv), the subcontractor for exempt services must be selected for award based on other factors in addition to price or cost with the combination of other factors at least as important as price or cost; or

(2) A subcontract for exempt services must be awarded on a sole source basis.

(f) The Contractor is responsible for compliance with all the conditions of this exemption by its subcontractors. The Contractor must determine in advance, based on the nature of the subcontract requirements and knowledge of the practices of likely subcontractors, that all or nearly all likely subcontractors will meet the conditions in paragraphs (a) through (d) of this clause. If the services are currently being performed under a subcontract, the Contractor must consider the practices of the existing subcontractor in making a determination regarding the conditions in paragraphs (a) through (d) of this clause. If the Contractor has reason to doubt the validity of the certification, the requirements of the Service Contract Labor Standards statute must be included in the subcontract.

(g) If the Department of Labor determines that any conditions for exemption at paragraphs (a) through (e) of this clause have not been met, the exemption must be deemed inapplicable, and the contract must become subject to the Service Contract Labor Standards statute. In such case, the procedures in at 29 CFR 4.123(e)(2)(iii) and 29 CFR 4.5(c) will be followed.

(h) The Contractor must include the substance of this clause, including this paragraph (h), in subcontracts for exempt services under this contract.

(End of clause)

52.222-50 COMBATING TRAFFICKING IN PERSONS (OCT 2025) (DEVIATION NOV 2025)

(a) *Definitions.* As used in this clause-

Agent means any individual, including a director, an officer, an employee, or an independent contractor, authorized to act on behalf of the organization.

Coercion means-

(1) Threats of serious harm to or physical restraint against any person;

(2) Any scheme, plan, or pattern intended to cause a person to believe that failure to perform an act would result in serious harm to or physical restraint against any person; or

(3) The abuse or threatened abuse of the legal process.

Commercial sex act means any sex act on account of which anything of value is given to or received by any person.

Commercially available off-the-shelf (COTS) item —

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" at Federal Acquisition Regulation (FAR) 2.101;

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

Debt bondage means the status or condition of a debtor arising from a pledge by the debtor of his or her personal services or of those of a person under his or her control as a security for debt, if the value of those services as reasonably assessed is not applied toward the liquidation of the debt or the length and nature of those services are not respectively limited and defined.

Employee means an employee of the Contractor directly engaged in the performance of work under the contract who has other than a minimal impact or involvement in contract performance.

Forced Labor means knowingly providing or obtaining the labor or services of a person-

(1) By threats of serious harm to, or physical restraint against, that person or another person;

(2) By means of any scheme, plan, or pattern intended to cause the person to believe that, if the person did not perform such labor or services, that person or another person would suffer serious harm or physical restraint; or

(3) By means of the abuse or threatened abuse of law or the legal process.

Involuntary servitude includes a condition of servitude induced by means of-

(1) Any scheme, plan, or pattern intended to cause a person to believe that, if the person did not

enter into or continue in such conditions, that person or another person would suffer serious harm or physical restraint; or

(2) The abuse or threatened abuse of the legal process.

Recruitment fees means fees of any type, including charges, costs, assessments, or other financial obligations, that are associated with the recruiting process, regardless of the time, manner, or location of imposition or collection of the fee.

(1) Recruitment fees include, but are not limited to, the following fees (when they are associated with the recruiting process) for-

(i) Soliciting, identifying, considering, interviewing, referring, retaining, transferring, selecting, training, providing orientation to, skills testing, recommending, or placing employees or potential employees;

(ii) Advertising;

(iii) Obtaining permanent or temporary labor certification, including any associated fees;

(iv) Processing applications and petitions;

(v) Acquiring visas, including any associated fees;

(vi) Acquiring photographs and identity or immigration documents, such as passports, including any associated fees;

(vii) Accessing the job opportunity, including required medical examinations and immunizations; background, reference, and security clearance checks and examinations; and additional certifications;

(viii) An employer's recruiters, agents or attorneys, or other notary or legal fees;

(ix) Language interpretation or translation, arranging for or accompanying on travel, or providing other advice to employees or potential employees;

(x) Government-mandated fees, such as border crossing fees, levies, or worker welfare funds;

(xi) Transportation and subsistence costs-

(A) While in transit, including, but not limited to, airfare or costs of other modes of transportation, terminal fees, and travel taxes associated with travel from the country of origin to the country of performance and the return journey upon the end of employment; and

(B) From the airport or disembarkation point to the worksite;

(xii) Security deposits, bonds, and insurance; and

(xiii) Equipment charges.

(2) A recruitment fee, as described in the introductory text of this definition, is a recruitment fee, regardless of whether the payment is-

(i) Paid in property or money;

(ii) Deducted from wages;

(iii) Paid back in wage or benefit concessions;

(iv) Paid back as a kickback, bribe, in-kind payment, free labor, tip, or tribute; or

(v) Collected by an employer or a third party, whether licensed or unlicensed, including, but not limited to-

(A) Agents;

(B) Labor brokers;

(C) Recruiters;

(D) Staffing firms (including private employment and placement firms);

(E) Subsidiaries/affiliates of the employer;

(F) Any agent or employee of such entities; and

(G) Subcontractors at all tiers.

Severe forms of trafficking in persons means-

(1) Sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age; or

(2) The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

Sex trafficking means the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act.

Subcontract means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract.

Subcontractor means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime contractor or another subcontractor.

United States means the 50 States, the District of Columbia, and outlying areas.

(b) *Policy.* The United States Government has adopted a policy prohibiting trafficking in persons including the trafficking-related activities of this clause. Contractors, contractor employees, and their agents must not—

(1) Engage in severe forms of trafficking in persons during the period of performance of the contract;

(2) Procure commercial sex acts during the period of performance of the contract;

(3) Use forced labor in the performance of the contract;

(4) Destroy, conceal, confiscate, or otherwise deny access by an employee to the employee's identity or immigration documents, such as passports or drivers' licenses, regardless of issuing authority;

(5)

(i) Use misleading or fraudulent practices during the recruitment of employees or offering of employment, such as failing to disclose, in a format and language understood by the employee or potential employee, basic information or making material misrepresentations during the recruitment of employees regarding the key terms and conditions of employment, including wages and fringe benefits, the location of work, the living conditions, housing and associated costs (if employer or agent provided or arranged), any significant costs to be charged to the employee or potential employee, and, if applicable, the hazardous nature of the work;

(ii) Use recruiters that do not comply with local labor laws of the country in which the recruiting takes place;

(6) Charge employees or potential employees recruitment fees;

(7)

(i) Fail to provide return transportation or pay for the cost of return transportation upon the end of employment-

(A) For an employee who is not a national of the country in which the work is taking place and who was brought into that country for the purpose of working on a U.S. Government contract or subcontract (for portions of contracts performed outside the United States); or

(B) For an employee who is not a United States national and who was brought into the United States for the purpose of working on a U.S. Government contract or subcontract, if the payment of such costs is required under existing temporary worker programs or pursuant to a written agreement with the employee (for

portions of contracts performed inside the United States); except that—

(ii) The requirements of paragraphs (b)(7)(i) of this clause must not apply to an employee who is—

(A) Legally permitted to remain in the country of employment and who chooses to do so; or

(B) Exempted by an authorized official of the contracting agency from the requirement to provide return transportation or pay for the cost of return transportation;

(iii) The requirements of paragraph (b)(7)(i) of this clause are modified for a victim of trafficking in persons who is seeking victim services or legal redress in the country of employment, or for a witness in an enforcement action related to trafficking in persons. The contractor must provide the return transportation or pay the cost of return transportation in a way that does not obstruct the victim services, legal redress, or witness activity. For example, the contractor must not only offer return transportation to a witness at a time when the witness is still needed to testify. This paragraph does not apply when the exemptions at paragraph (b)(7)(ii) of this clause apply.

(8) Provide or arrange housing that fails to meet the host country housing and safety standards; or

(9) If required by law or contract, fail to provide an employment contract, recruitment agreement, or other required work document in writing. Such written work document must be in a language the employee understands. If the employee must relocate to perform the work, the work document must be provided to the employee at least five days prior to the employee relocating. The employee's work document must include, but is not limited to, details about work description, wages, prohibition on charging recruitment fees, work location(s), living accommodations and associated costs, time off, roundtrip transportation arrangements, grievance process, and the content of applicable laws and regulations that prohibit trafficking in persons.

(c) *Contractor requirements*. The Contractor must-

(1) Notify its employees and agents of-

(i) The United States Government's policy prohibiting trafficking in persons, described in paragraph (b) of this clause; and

(ii) The actions that will be taken against employees or agents for violations of this policy. Such actions for employees may include, but are not limited to, removal from the contract, reduction in benefits, or termination of employment; and

(2) Take appropriate action, up to and including termination, against employees, agents, or

subcontractors that violate the policy in paragraph (b) of this clause.

(d) *Notification.*

(1) The Contractor must inform the Contracting Officer and the agency Inspector General immediately of—

(i) Any credible information it receives from any source (including host country law enforcement) that alleges a Contractor employee, subcontractor, subcontractor employee, or their agent has engaged in conduct that violates the policy in paragraph (b) of this clause (see also 18 U.S.C. 1351, Fraud in Foreign Labor Contracting, and 52.203-13(b)(3)(i)(A), if that clause is included in the solicitation or contract, which requires disclosure to the agency Office of the Inspector General when the Contractor has credible evidence of fraud); and

(ii) Any actions taken against a Contractor employee, subcontractor, subcontractor employee, or their agent pursuant to this clause.

(2) If the allegation may be associated with more than one contract, the Contractor must inform the contracting officer for the contract with the highest dollar value.

(e) *Remedies.* In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements of paragraphs (c), (d), (g), (h), or (i) of this clause may result in—

(1) Requiring the Contractor to remove a Contractor employee or employees from the performance of the contract;

(2) Requiring the Contractor to terminate a subcontract;

(3) Suspension of contract payments until the Contractor has taken appropriate remedial action;

(4) Loss of award fee, consistent with the award fee plan, for the performance period in which the Government determined Contractor non-compliance;

(5) Declining to exercise available options under the contract;

(6) Termination of the contract for default or cause, in accordance with the termination clause of this contract; or

(7) Suspension or debarment.

(f) *Mitigating and aggravating factors.* When determining remedies, the Contracting Officer may consider the following:

(1) *Mitigating factors*. The Contractor had a Trafficking in Persons compliance plan or an awareness program at the time of the violation, was in compliance with the plan, and has taken

appropriate remedial actions for the violation, that may include reparation to victims for such violations.

(2) *Aggravating factors*. The Contractor failed to abate an alleged violation or enforce the requirements of a compliance plan, when directed by the Contracting Officer to do so.

(g) *Full cooperation*.

(1) The Contractor must, at a minimum—

(i) Disclose to the agency Inspector General information sufficient to identify the nature and extent of an offense and the individuals responsible for the conduct;

(ii) Provide timely and complete responses to Government auditors' and investigators' requests for documents;

(iii) Cooperate fully in providing reasonable access to its facilities and staff (both inside and outside the U.S.) to allow contracting agencies and other responsible Federal agencies to conduct audits, investigations, or other actions to ascertain compliance with the Trafficking Victims Protection Act of 2000 (22 U.S.C. chapter 78), E.O. 13627, or any other applicable law or regulation establishing restrictions on trafficking in persons, the procurement of commercial sex acts, or the use of forced labor; and

(iv) Protect all employees suspected of being victims of or witnesses to prohibited activities, prior to returning to the country from which the employee was recruited, and must not prevent or hinder the ability of these employees from cooperating fully with Government authorities.

(2) The requirement for full cooperation does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not-

(i) Require the Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine;

(ii) Require any officer, director, owner, employee, or agent of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; or

(iii) Restrict the Contractor from—

(A) Conducting an internal investigation; or

(B) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

(h) *Compliance plan*.

(1) This paragraph (h) applies to any portion of the contract that—

(i) Is for supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and

(ii) Has an estimated value that exceeds $550,000.

(2) The Contractor must maintain a compliance plan during the performance of the contract that is appropriate—

(i) To the size and complexity of the contract; and

(ii) To the nature and scope of the activities to be performed for the Government, including the number of non-United States citizens expected to be employed and the risk that the contract or subcontract will involve services or supplies susceptible to trafficking in persons.

(3) *Minimum requirements*. The compliance plan must include, at a minimum, the following:

(i) An awareness program to inform contractor employees about the Government's policy prohibiting trafficking-related activities described in paragraph (b) of this clause, the activities prohibited, and the actions that will be taken against the employee for violations. Additional information about Trafficking in Persons and examples of awareness programs can be found at the Web site for the Department of State's Office to Monitor and Combat Trafficking in Persons at http://www.state.gov/j/tip/.

(ii) A process for employees to report, without fear of retaliation, activity inconsistent with the policy prohibiting trafficking in persons, including a means to make available to all employees the hotline phone number of the Global Human Trafficking Hotline at 1-844-888-FREE and its email address at help@befree.org.

(iii) A recruitment and wage plan that only permits the use of recruitment companies with trained employees, prohibits charging recruitment fees to the employee or potential employee, and ensures that wages meet applicable host-country legal requirements or explains any variance.

(iv) A housing plan, if the Contractor or subcontractor intends to provide or arrange housing, that ensures that the housing meets host-country housing and safety standards.

(v) Procedures to prevent agents and subcontractors at any tier and at any dollar value from engaging in trafficking in persons (including activities in paragraph (b) of this clause) and to monitor, detect, and terminate any agents, subcontracts, or subcontractor employees that have engaged in such activities.

(4) *Posting*.

(i) The Contractor must post the relevant contents of the compliance plan, no later than the initiation of contract performance, at the workplace (unless the work is to be performed in the field or not in a fixed location) and on the Contractor's Web site (if one is maintained). If posting at the workplace or on the Web site is impracticable, the Contractor must provide the relevant contents of the compliance plan to each worker in writing.

(ii) The Contractor must provide the compliance plan to the Contracting Officer upon request.

(5) *Certification*. Annually after receiving an award, the Contractor must submit a certification to the Contracting Officer that—

(i) It has implemented a compliance plan to prevent any prohibited activities identified at paragraph (b) of this clause and to monitor, detect, and terminate any agent, subcontract or subcontractor employee engaging in prohibited activities; and

(ii) After having conducted due diligence, either—

(A) To the best of the Contractor's knowledge and belief, neither it nor any of its agents, subcontractors, or their agents is engaged in any such activities; or

(B) If abuses relating to any of the prohibited activities identified in paragraph (b) of this clause have been found, the Contractor or subcontractor has taken the appropriate remedial and referral actions.

(i) *Subcontracts*.

(1) The Contractor must include the substance of this clause, including this paragraph (i), in all subcontracts and in all contracts with agents. The requirements in paragraph (h) of this clause apply only to any portion of the subcontract that—

(i) Is for supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and

(ii) Has an estimated value that exceeds $550,000.

(2) If any subcontractor is required by this clause to submit a certification, the Contractor must require submission prior to the award of the subcontract and annually thereafter. The certification must cover the items in paragraph (h)(5) of this clause.

(End of clause)

52.222-37 EMPLOYMENT REPORTS ON VETERANS (JUN 2020) (DEVIATION NOV 2025)

(a) *Definitions.* As used in this clause, "active duty wartime or campaign badge veteran," "Armed Forces service medal veteran," "disabled veteran," "protected veteran," and "recently separated veteran," have the meanings given in Federal Acquisition Regulation (FAR) 22.1301.

(b) Unless the Contractor is a State or local government agency, the Contractor must report at least annually, as required by the Secretary of Labor, on-

(1) The total number of employees in the contractor's workforce, by job category and hiring location, who are protected veterans (*i.e.*, active duty wartime or campaign badge veterans, Armed Forces service medal veterans, disabled veterans, and recently separated veterans);

(2) The total number of new employees hired during the period covered by the report, and of the total, the number of protected veterans (*i.e.*, active duty wartime or campaign badge veterans, Armed Forces service medal veterans, disabled veterans, and recently separated veterans); and

(3) The maximum number and minimum number of employees of the Contractor or subcontractor during the period covered by the report.

(c) The Contractor must report the above items by filing the VETS-4212 "Federal Contractor Veterans' Employment Report" (see "VETS-4212 Federal Contractor Reporting" and "Filing Your VETS-4212 Report" at http://www.dol.gov/vets/vets4212.htm).

(d) The Contractor must file VETS-4212 Reports no later than September 30 of each year.

(e) The employment activity report required by paragraphs (b)(2) and (b)(3) of this clause must reflect total new hires, and maximum and minimum number of employees, during the most recent 12–month period preceding the ending date selected for the report.

(f) The number of veterans reported must be based on data known to the contractor when completing the VETS-4212. The contractor's knowledge of veterans status may be obtained in a variety of ways, including an invitation to applicants to self-identify (in accordance with 41 CFR 60-300.42), voluntary self-disclosure by employees, or actual knowledge of veteran status by the contractor. This paragraph does not relieve an employer of liability for discrimination under 38 U.S.C. 4212.

(g) The Contractor must insert the terms of this clause in subcontracts valued at or above the threshold specified in FAR 22.1302-1(b) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary of Labor.

(End of clause)

52.222-36 EQUAL OPPORTUNITY FOR WORKERS WITH DISABILITIES (JUN 2020) (DEVIATION NOV 2025)

(a) Equal opportunity clause. The Contractor must abide by the requirements of the equal opportunity clause at 41 CFR 60-741.5(a), as of March 24, 2014. This clause prohibits discrimination against qualified individuals on the basis of disability, and requires affirmative action by the Contractor to employ and advance in employment qualified individuals with disabilities.

(b) Subcontracts. The Contractor must include the terms of this clause in every subcontract or purchase order in excess of the threshold specified in Federal Acquisition Regulation (FAR) 22.1401-2(a)(1) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary, so that such provisions will be binding upon each subcontractor or vendor. The Contractor must act as specified by the Director, Office of Federal Contract Compliance Programs of the U.S. Department of Labor, to enforce the terms, including action for noncompliance. Such necessary changes in language may be made as shall be appropriate to identify properly the parties and their undertakings.

(End of clause)

52.222-35 EQUAL OPPORTUNITY FOR VETERANS (JUN 2020) (DEVIATION NOV 2025)

(a) *Definitions.* As used in this clause-

"Active duty wartime or campaign badge veteran," "Armed Forces service medal veteran," "disabled veteran," "protected veteran," "qualified disabled veteran," and "recently separated veteran" have the meanings given at Federal Acquisition Regulation (FAR) 22.1301.

(b) Equal opportunity requirements. The Contractor must abide by the requirements of 38 U.S.C. 4212(a)(1) and (2). These requirements prohibit discrimination against qualified protected veterans, and require affirmative action by the Contractor to employ and advance in employment qualified protected veterans.

(c) Subcontracts. The Contractor must insert the terms of this clause in subcontracts valued at or above the threshold specified in FAR 22.1302-1(a)(2) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary of Labor. The Contractor must act as specified by the Director, Office of Federal Contract Compliance Programs, to enforce the terms, including action for noncompliance. Such necessary changes in language may be made as shall be appropriate to identify properly the parties and their undertakings.

(End of clause)

52.204-13 SYSTEM FOR AWARD MANAGEMENT-MAINTENANCE (OCT 2018) (DEVIATION NOV 2025)

(a) *Definitions*. As used in this clause—

Commercial and Government Entity code means—

(1) An identifier assigned to entities located in the United States or its outlying areas by the Defense Logistics Agency (DLA) Commercial and Government Entity (CAGE) Branch to identify a commercial or government entity by unique location (referred to as "CAGE code"); or

(2) An identifier assigned by a member of the North Atlantic Treaty Organization (NATO) or by the NATO Support and Procurement Agency to entities located outside the United States and its outlying areas that the DLA CAGE Branch records and maintains in the CAGE master file (referred to as "NCAGE code").

Unique Entity Identifier (UEI) means an identifier used to identify a specific commercial, nonprofit, or Government entity.

(b) *Active registration*.

(1) The Contractor shall maintain an active Federal Government contracts registration in the System for Award Management (SAM) at https://www.sam.gov during contract performance and through final payment under this contract. To maintain an active registration in SAM, the Contractor shall review at least annually its registration in SAM and validate that the information is current, accurate, and complete.

(2) The Contractor is responsible for the currency, accuracy, and completeness of the information provided within SAM, and for any liability resulting from the Government's reliance on inaccurate or incomplete information. Updating SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(c) *Novation and change-of-name agreements*.

(1) If the Contractor has legally changed its business name or "doing business as" name (whichever is shown on the contract), or has transferred the assets used to perform the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in part 42 of the Federal Acquisition Regulation (FAR), the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to —

(i) Change the legal business name in SAM;

(ii) Comply with the requirements of FAR part 42; and

(iii) Agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor shall provide with its written notification sufficient documentation to support the legally changed name.

(2) If the Contractor fails to comply with the requirements of paragraph (c)(1) of this clause, or fails to perform the agreement at paragraph (c)(1)(iii) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(d) *Assignees*.

(1) The Contractor shall not change the legal business name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see FAR part 32). Assignees shall be separately registered in SAM.

(2) Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be incorrect information within the meaning of the "Suspension of Payment" paragraph of the EFT clause of this contract.

(e) Unique entity identifier (UEI). The Contractor shall ensure that its UEI is maintained throughout the life of the contract.

(f) Commercial and Government Entity (CAGE) code. The Contractor shall ensure that the CAGE code is maintained throughout the life of the contract. To update a CAGE code, the Contractor shall initiate the change by updating its SAM registration.

(g) Communicating changes. The Contractor shall communicate any change to its UEI or CAGE code to the Contracting Officer within 30 days after the change, so a modification can be issued to update the UEI or CAGE code on this contract. A change in the UEI does not necessarily require a novation.

(End of clause)

52.233-4 APPLICABLE LAW FOR BREACH OF CONTRACT CLAIM (OCT 2004) (DEVIATION NOV 2025)

United States law will apply to resolve any claim of breach of this contract.

(End of clause)

52.233-3 PROTEST AFTER AWARD (AUG 1996) (DEVIATION NOV 2025)

(a) Upon receipt of a stop-work order, the Contractor must immediately comply with its terms and take all reasonable steps to minimize incurring costs allocable to the work covered by the order during the period of work stoppage. After receiving the final decision in the protest, the Contracting Officer must either—

(1) Cancel the stop-work order; or

(2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled either before or after a final decision in the protest, the Contractor must resume work. The Contracting Officer must make an equitable adjustment in the delivery schedule or contract price, or both, and the contract must be modified, in writing, accordingly, if—

(1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and

(2) The Contractor asserts its right to an adjustment within 30 days after the end of the period of work stoppage; provided, that if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon a proposal submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer must allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer must allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

(e) The Government's rights to terminate this contract at any time are not affected by action taken under this clause.

(f) If, as the result of the Contractor's intentional or negligent misstatement, misrepresentation, or miscertification, a protest related to this contract is sustained, and the Government pays costs, the Government may require the Contractor to reimburse the Government the amount of such costs. In addition to any other remedy available, and pursuant to the requirements of subpart 32.6, the Government may collect this debt by offsetting the amount against any payment due the Contractor under any contract between the Contractor and the Government.

(End of clause)

52.233-1 DISPUTES (MAY 2014) (DEVIATION NOV 2025)

(a) Definitions. As used in this clause-

Claim means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract

terms, or other relief arising under or relating to this contract. However, a written demand or written assertion by the Contractor seeking the payment of money exceeding $100,000 is not a claim under 41 U.S.C. chapter 71 until certified. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim under 41 U.S.C. chapter 71. The submission may be converted to a claim under 41 U.S.C. chapter 71, by complying with the submission and certification requirements of this clause, if it is disputed either as to liability or amount or is not acted upon in a reasonable time.

Defective certification means a certification that alters or otherwise deviates from the language in paragraph (d)(2)(iii) of this clause or which is not executed by a person authorized to bind the contractor with respect to the claim. Failure to certify must not be deemed to be a defective certification.

(b) This contract is subject to 41 U.S.C. chapter 71, Contract Disputes.

(c) Except as provided in 41 U.S.C. chapter 71, all disputes arising under or relating to this contract must be resolved under this clause.

(d)

(1) A claim by the Contractor must be made in writing and, unless otherwise stated in this contract, submitted within 6 years after accrual of the claim to the Contracting Officer for a written decision. A claim by the Government against the Contractor must be subject to a written decision by the Contracting Officer.

(2)

(i) The Contractor must provide the certification specified in paragraph (d)(2)(iii) of this clause when submitting any claim exceeding $100,000.

(ii) The certification requirement does not apply to issues in controversy that have not been submitted as all or part of a claim.

(iii) The certification must state as follows: “I certify that the claim is made in good faith; that the supporting data are accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the contract adjustment for which the Contractor believes the Government is liable; and that I am authorized to certify the claim on behalf of the Contractor.”

(3) The certification may be executed by any person authorized to bind the Contractor with respect to the claim.

(e) For Contractor claims of $100,000 or less, the Contracting Officer must, if requested in writing by the Contractor, render a decision within 60 days of the request. For Contractor-certified claims

over $100,000, the Contracting Officer must, within 60 days, decide the claim or notify the Contractor of the date by which the decision will be made.

(f) The Contracting Officer's decision must be final unless the Contractor appeals or files a suit as provided in 41 U.S.C. chapter 71.

(g) If the claim by the Contractor is submitted to the Contracting Officer or a claim by the Government is presented to the Contractor, the parties, by mutual consent, may agree to use alternative dispute resolution (ADR). If the Contractor refuses an offer for ADR, the Contractor must inform the Contracting Officer, in writing, of the Contractor's specific reasons for rejecting the offer.

(h)

(1) The Government must pay interest on the amount found due and unpaid from the date that-

(i) The Contracting Officer receives the claim (certified, if required); or

(ii) Payment otherwise would be due, if that date is later, until the date of payment.

(2) For claims having defective certifications, interest must be paid from the date that the Contracting Officer initially receives the claim. Simple interest on claims must be paid at the rate, fixed by the Secretary of the Treasury as provided in the Act, which applies to the period during which the Contracting Officer receives the claim and then at the rate that applies for each 6-month period as fixed by the Treasury Secretary while the claim is pending.

(i) The Contractor must proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract. The Contractor must comply with any decision of the Contracting Officer.

(End of clause)

52.223-7 NOTICE OF RADIOACTIVE MATERIALS (JAN 1997) (DEVIATION NOV 2025)

(a) The Contractor shall notify the Contracting Officer or designee, in writing, writing, To be determined at thetask order level days prior to the delivery of, or prior to completion of any servicing required by this contract of, items containing either (1) radioactive material requiring specific licensing under the regulations issued pursuant to the Atomic Energy Act of 1954, as amended, as set forth in title 10 of the Code of Federal Regulations, in effect on the date of this contract, or (2) other radioactive material not requiring specific licensing in which the specific activity is greater than 0.002 microcuries per gram or the activity per item equals or exceeds 0.01 microcuries. Such notice shall specify the part or parts of the items which contain radioactive materials, a description of the materials, the name and activity of the isotope, the manufacturer of

the materials, and any other information known to the Contractor which will put users of the items on notice as to the hazards involved.

(b) If there has been no change affecting the quantity of activity, or the characteristics and composition of the radioactive material from deliveries under this contract or prior contracts, the Contractor may request that the Contracting Officer or designee waive the notice requirement in paragraph (a) of this clause. Any such request shall—

(1) Be submitted in writing;

(2) State that the quantity of activity, characteristics, and composition of the radioactive material have not changed; and

(3) Cite the contract number on which the prior notification was submitted and the contracting office to which it was submitted.

(c) All items, parts, or subassemblies which contain radioactive materials in which the specific activity is greater than 0.002 microcuries per gram or activity per item equals or exceeds 0.01 microcuries, and all containers in which such items, parts or subassemblies are delivered to the Government shall be clearly marked and labeled as required by the latest revision of MIL-STD 129 in effect on the date of the contract.

(d) This clause, including this paragraph (d), shall be inserted in all subcontracts for radioactive materials meeting the criteria in paragraph (a) of this clause.

* The Contracting Officer shall insert the number of days required in advance of delivery of the item or completion of the servicing to assure that required licenses are obtained and appropriate personnel are notified to institute any necessary safety and health precautions.

(End of clause)

52.223-3 HAZARDOUS MATERIAL IDENTIFICATION AND SAFETY DATA (FEB 2021) (ALTERNATE I - JUL 1995) (DEVIATION NOV 2025)

(a) *Hazardous material*, as used in this clause, includes any material defined as hazardous under the latest version of Federal Standard No. 313 (including revisions adopted during the term of the contract).

(b) The Offeror must list any hazardous material, as defined in paragraph (a) of this clause, to be delivered under this contract. The hazardous material shall be properly identified and include any applicable identification number, such as National Stock Number or Special Item Number. This information shall also be included on the Safety Data Sheet submitted under this contract.

Material (If none, insert *None*) Identification No.

_____ _____

_____ _____

_____ _____

(c) This list must be updated during performance of the contract whenever the Contractor determines that any other material to be delivered under this contract is hazardous.

(d) The apparently successful offeror agrees to submit, for each item as required prior to award, a Safety Data Sheet, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous material identified in paragraph (b) of this clause. Data shall be submitted in accordance with Federal Standard No. 313, whether or not the apparently successful offeror is the actual manufacturer of these items. Failure to submit the Safety Data Sheet prior to award may result in the apparently successful offeror being considered nonresponsible and ineligible for award.

(e) If, after award, there is a change in the composition of the item(s) or a revision to Federal Standard No. 313, which renders incomplete or inaccurate the data submitted under paragraph (d) of this clause, the Contractor shall promptly notify the Contracting Officer and resubmit the data.

(f) Neither the requirements of this clause nor any act or failure to act by the Government shall relieve the Contractor of any responsibility or liability for the safety of Government, Contractor, or subcontractor personnel or property.

(g) Nothing contained in this clause shall relieve the Contractor from complying with applicable Federal, State, and local laws, codes, ordinances, and regulations (including the obtaining of licenses and permits) in connection with hazardous material.

(h) The Government's rights in data furnished under this contract with respect to hazardous material are as follows:

(1) To use, duplicate and disclose any data to which this clause is applicable. The purposes of this right are to—

(i) Apprise personnel of the hazards to which they may be exposed in using, handling, packaging, transporting, or disposing of hazardous materials;

(ii) Obtain medical treatment for those affected by the material; and

(iii) Have others use, duplicate, and disclose the data for the Government for these purposes.

(2) To use, duplicate, and disclose data furnished under this clause, in accordance with subparagraph (h)(1) of this clause, in precedence over any other clause of this contract providing for rights in data.

(3) The Government is not precluded from using similar or identical data acquired from other sources.

(i) Except as provided in paragraph (i)(2) the Contractor shall prepare and submit a sufficient number of Safety Data Sheets (SDS's), meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous materials identified in paragraph (b) of this clause.

(1) For items shipped to consignees, the Contractor shall include a copy of the SDS with the packing list or other suitable shipping document which accompanies each shipment. Alternatively, the Contractor is permitted to transmit SDS's to consignees in advance of receipt of shipments by consignees, if authorized in writing by the Contracting Officer.

(2) For items shipped to consignees identified by mailing address as agency depots, distribution centers or customer supply centers, the Contractor shall provide one copy of the SDS's in or on each shipping container. If affixed to the outside of each container, the SDS must be placed in a weather resistant envelope.

(End of clause)

52.223-11 OZONE-DEPLETING SUBSTANCES (MAY 2024) (DEVIATION NOV 2025)

(a) *Definition.* As used in this clause–

Ozone-depleting substance means any substance the Environmental Protection Agency designates in 40 CFR part 82 as—

(1) Class I, including, but not limited to, chlorofluorocarbons, halons, carbon tetrachloride, and methyl chloroform; or

(2) Class II, including, but not limited to, hydrochlorofluorocarbons.

(b) Requirement. In accordance with 40 CFR 82.84(a)(5), the Contractor shall label products that contain or are manufactured with ozone-depleting substances in the manner and to the extent required by 42 U.S.C. 7671j(b), (c), (d), and (e) and 40 CFR part 82, subpart E, as follows:

Warning: Contains (or manufactured with, if applicable) *_____, a substance(s) which harm(s) public health and environment by destroying ozone in the upper atmosphere.

* The Contractor shall insert the name of the substance(s).

(End of clause)

52.219-8 UTILIZATION OF SMALL BUSINESS CONCERNS (JAN 2025) (DEVIATION NOV 2025)

(a) Definitions. As used in this contract—

HUBZone small business concern means a small business concern that meets the requirements described in 13 CFR 126.200, certified by the Small Business Administration (SBA) and designated by SBA as a HUBZone small business concern in the Small Business Search (SBS) and the System for Award Management (SAM).

Service-disabled veteran-owned small business (SDVOSB) concern means an SDVOSB concern that meets the requirements described in 13 CFR 128.300, is certified by SBA, and is designated by SBA as an SDVOSB concern in SBS and SAM.

Small business concern means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation and qualified as a small business under the criteria and size standards in 13 CFR part 121, including the size standard that corresponds to the NAICS code assigned to the contract or subcontract.

Small disadvantaged business (SDB) concern means a small business concern under the size standard applicable to the acquisition, that-

(1) Is at least 51 percent unconditionally and directly owned (as defined at 13 CFR 124.105) by-

(i) One or more socially disadvantaged (as defined at 13 CFR 124.103) and economically disadvantaged (as defined at 13 CFR 124.104) individuals who are citizens of the United States; and

(ii) Each individual claiming economic disadvantage has a net worth not exceeding the threshold at 13 CFR 124.104(c)(2) after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); and

(2) The management and daily business operations of which are controlled (as defined at 13.CFR 124.106) by individuals, who meet the criteria in paragraphs (1)(i) and (ii) of this definition.

Veteran-owned small business (VOSB) concern means a small business concern-

(1) Not less than 51 percent of which is owned and controlled by one or more veterans (as defined at 38 U.S.C.101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

(2) The management and daily business operations of which are controlled by one or more veterans.

Women-owned small business (WOSB) concern means a small business concern-

(1) That is at least 51 percent owned by one or more women, or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women;

(2) Whose management and daily business operations are controlled by one or more women; and

(3) That is certified by SBA or an approved third- party certifier in accordance with 13 CFR 127.300 and is designated by SBA as a WOSB concern in SBS and SAM.

(b) It is the policy of the United States that small business concerns, VOSB concerns, SDVOSB concerns, HUBZone small business concerns, SDB concerns, and WOSB concerns shall have the maximum practicable opportunity to participate in performing contracts let by any Federal agency, including contracts and subcontracts for subsystems, assemblies, components, and related services for major systems. It is further the policy of the United States that its prime contractors establish procedures to ensure the timely payment of amounts due pursuant to the terms of their

subcontracts with small business concerns, VOSB concerns, SDVOSB concerns, HUBZone small business concerns, SDB concerns, and WOSB concerns.

(c) (1) A joint venture qualifies as a small business concern if—

(i) Each party to the joint venture qualifies as small under the size standard for the solicitation; or

(ii) The protégé is small under the size standard for the solicitation in a joint venture comprised of a mentor and protégé with an approved mentor-protégé agreement under a SBA mentor-protégé program. (See 13 CFR 125.9(d).)

(2) A joint venture qualifies as a HUBZone small business concern if it complies with the requirements in 13 CFR 126.616(a) through (c).

(d) The Contractor hereby agrees to carry out this policy in the awarding of subcontracts to the fullest extent consistent with efficient contract performance. The Contractor further agrees to cooperate in any studies or surveys as may be conducted by the Small Business Administration or the awarding agency of the as may be necessary to determine the extent of the Contractor's compliance with this clause.

(e) (1) Unless the Contractor has reason to question the representation, it may accept a subcontractor's written representations of its size and socioeconomic status as a small business or SDB, if the subcontractor represents that the size and socioeconomic status representations with its offer are current, accurate, and complete as of the date of the offer for the subcontract.

(2) Unless the Contractor has reason to question the representation, it may accept a subcontractor's representations of its size and socioeconomic status as a small business or SDB in the System for Award Management (SAM) if the subcontractor—

(i) Is registered in SAM; and

(ii) Represents that the size and socioeconomic status representations made in SAM are current, accurate and complete as of the date of the offer for the subcontract.

(3) The Contractor may not require that the subcontractor register in SAM for the purposes of representing size or socioeconomic status in connection with a subcontract.

(4) A contractor acting in good faith is not liable for misrepresentations made by its subcontractors regarding the subcontractor's size or socioeconomic status.

(5) The Contractor shall confirm that a subcontractor representing itself as a HUBZone small business concern, VOSB, SDVOSB, or WOSB concern is certified by SBA by checking SAM or SBS at https://search.certifications.sba.gov/.

(End of clause)

52.219-33 NONMANUFACTURER RULE (SEP 2021) (DEVIATION NOV 2025)

(a) *Definitions.* As used in this clause—

Manufacturer means the concern that transforms raw materials, miscellaneous parts, or components into the end item. Concerns that only minimally alter the item being procured do not qualify as manufacturers of the end item. Concerns that add substances, parts, or components to an existing end item to modify its performance will not be considered the end item manufacturer, where those identical modifications can be performed by and are available from the manufacturer of the existing end item.

Nonmanufacturer means a concern, including a supplier, that provides an end item it did not manufacture, process, or produce.

(b) *Applicability*.

(1) This clause does not apply to contracts awarded pursuant to the unrestricted portion of a partial set-aside or to a contractor that is the manufacturer of the product or end item.

(2) This clause applies to—

(i) Contracts that have been awarded pursuant to a set-aside for any of the small business concerns identified in 19.000(a)(3);

(ii) Contracts that have been awarded on a sole-source basis in accordance with sections 19.105, 19.106, 19.107, and 19.108;

(iii) Orders expected to exceed the simplified acquisition threshold and that are set aside for small business under multiple-award contracts, as described in 8.4 and 16.5;

(iv) Orders, regardless of dollar value, that are set aside in accordance with sections 19.105, 19.106, 19.107, and 19.108 under multiple-award contracts as described in 8.4 and 16.5; and

(v) Contracts using the HUBZone price evaluation preference to award to a HUBZone concern unless the Contractor waived the evaluation preference.

(c) *Requirements.*

(1) The Contractor shall—

(i) Provide an end item that a small business has manufactured, processed, or produced in the United States or its outlying areas; for kit assemblers who are nonmanufacturers, see paragraph (c)(2) of this clause instead;

(ii) Be primarily engaged in the retail or wholesale trade and normally sell the type of item being supplied; and

(iii) Take ownership or possession of the item(s) with its personnel, equipment, or facilities in a manner consistent with industry practice; for example, providing storage, transportation, or delivery.

(2) When the end item being acquired is a kit of supplies, at least 50 percent of the total cost of the components of the kit shall be manufactured, processed, or produced in the United States or its outlying areas by small business concerns.

(End of clause)

52.219-30 NOTICE OF SET-ASIDE FOR, OR SOLE-SOURCE AWARD TO, WOMEN-OWNED SMALL BUSINESS CONCERNS ELIGIBLE UNDER THE WOMEN-OWNED SMALL BUSINESS PROGRAM (OCT 2022) (DEVIATION NOV 2025)

(a) *Definition*.
Women-owned small business (WOSB) concern eligible under the WOSB Program (in accordance with 13 CFR part 127), as used in this clause, means a small business concern that is at least 51 percent directly and

unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States, and the concern is certified by SBA or an approved third party certifier in accordance with 13 CFR 127.300 as a WOSB. A certified EDWOSB is automatically eligible as a certified WOSB.

(b) *Applicability*. This clause applies only to—

(1) Contracts that have been set aside for, or awarded on a sole-source basis to, WOSB concerns eligible under the WOSB Program;

(2) Part or parts of a multiple-award contract that have been set aside for WOSB concerns eligible under the WOSB Program; and

(3) Orders set aside for WOSB concerns eligible under the WOSB Program, under multiple-award contracts as described in 8.4 and 16.5.

(c) *General.*

(1) Offers are solicited only from certified WOSB concerns eligible under the WOSB Program. Offers received from concerns that are not certified WOSB concerns eligible under the WOSB Program shall not be considered

(2) Any award resulting from this solicitation will be made to a certified WOSB concern eligible under the WOSB Program.

(d) *Joint venture*. A joint venture may be considered a WOSB concern eligible under the WOSB Program if—

(1) At least one party to the joint venture complies with the criteria defined in paragraph (a) and (c)(1) of this clause, and 13 CFR 127.506(c); and

(2) Each party to the joint venture qualifies as small under the size standard for the solicitation, or the protégé is small under the size standard for the solicitation in a joint venture comprised of a mentor and protégé with an approved mentor-protégé agreement under the SBA mentor-protégé program.

(e) In a joint venture that complies with paragraph (d) of this clause, the WOSB party or parties to the joint venture shall perform at least 40 percent of the work performed by the joint venture. Work performed by the WOSB party or parties to the joint venture must be more than administrative functions.

(End of clause)

52.219-3 NOTICE OF HUBZONE SET-ASIDE OR SOLE-SOURCE AWARD (OCT 2022) (DEVIATION NOV 2025)

(a) *Definition. HUBZone small business concern*, as used in this clause, means a small business concern, certified by the Small Business Administration (SBA), that appears on the List of Qualified HUBZone Small Business Concerns maintained by the SBA (13 CFR 126.103).

(b) *Applicability*. This clause applies only to-

(1) Contracts that have been set aside or awarded on a sole-source basis to, HUBZone small business concerns;

(2) Part or parts of a multiple-award contract that have been set aside for HUBZone small business concerns; and

(3) Orders set aside for HUBZone small business concerns under multiple-award contracts as described in 8.4 and 16.5

(c) *General.*

(1) Offers are solicited only from HUBZone small business concerns. Offers received from concerns that are not HUBZone small business concerns will not be considered.

(2) Any award resulting from this solicitation will be made to a HUBZone small business concern.

(d) *Joint venture*. A joint venture may be considered a HUBZone concern if—

(1) At least one party to the joint venture is a HUBZone small business concern and complies with 13 CFR 126.616(c); and

(2) Each party to the joint venture qualifies as small under the size standard for the solicitation, or the protégé is small under the size standard for the solicitation in a joint venture comprised of a mentor and protégé with an approved mentor-protégé agreement under the SBA mentor-protégé program.

(e) A HUBZone joint venture agrees that, in the performance of the contract, at least 40 percent of the aggregate work performed by the joint venture shall be completed by the HUBZone small business parties to the joint venture. Work performed by the HUBZone small business party or parties to the joint venture must be more than administrative functions.

(End of Clause)

52.219-29 NOTICE OF SET-ASIDE FOR, OR SOLE-SOURCE AWARD TO, ECONOMICALLY DISADVANTAGED WOMEN-OWNED SMALL BUSINESS CONCERNS (OCT 2022) (DEVIATION NOV 2025)

(a) *Definition*—

Economically disadvantaged women-owned small business (EDWOSB) concern as used in this clause, means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States and who are economically disadvantaged in accordance with 13 CFR part 127, and is certified pursuant to 13 CFR 127.300 as an EDWOSB. It automatically qualifies as a women-owned small business (WOSB) concern eligible under the WOSB Program.

(b) *Applicability*. This clause applies only to—

(1) Contracts that have been set aside for, or awarded on a sole-source basis to, EDWOSB concerns;

(2) Part or parts of a multiple-award contract that have been set aside for EDWOSB concerns; and

(3) Orders set aside for EDWOSB concerns under multiple-award contracts as described in 8.4 and 16.5.

(c) *General*.

(1) Offers are solicited only from certified EDWOSB concerns. Offers received from concerns that are not certified EDWOSB concerns will not be considered.

(2) Any award resulting from this solicitation will be made to a certified EDWOSB concern.

(d) *Joint venture*. A joint venture may be considered an EDWOSB concern if—

(1) At least one party to the joint venture complies with the criteria defined in paragraph (a) and paragraph (c)(1) of this clause, and 13 CFR 127.506(c); and

(2) Each party to the joint venture qualifies as small under the size standard for the solicitation, or the protégé is small under the size standard for the solicitation in a joint venture comprised of a mentor and protégé with an approved mentor-protégé agreement under the SBA mentor-protégé program.

(e) In a joint venture that complies with paragraph (d) of this clause, the EDWOSB party or parties to the joint venture shall perform at least 40 percent of the work performed by the joint venture. Work performed by the EDWOSB party or parties to the joint venture must be more than administrative functions.

(End of clause)

52.219-28 POSTAWARD SMALL BUSINESS PROGRAM REREPRESENTATION (JAN 2025) (DEVIATION NOV 2025)

(a) *Definitions.* As used in this clause—

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern—

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause.

(2) *Affiliates*, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was a small business concern, a small disadvantaged business concern, or a joint venture that was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts-

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at https://www.sba.gov/document/support--table-size-standards.

(d) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition—

(1) Was set aside for small business and has a value above the simplified acquisition threshold;

(2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or

(3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation(s) required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting officer in writing within the timeframes specified in paragraph (b) of this clause, that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

(1) The Contractor represents that it # is, # is not a small business concern under *NAICS Code* _____ assigned to *contract number* _____.

(2) *[Complete only if the Contractor represented itself as a small business concern in paragraph (g)(1) of this clause*.] The Contractor represents that it # is, # is not, a small disadvantaged business concern as defined in 13 CFR 124.1001.

(3) *Women-owned small business* (WOSB) joint venture eligible under the WOSB Program. The Contractor represents that it # is, # is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [*The Contractor shall enter the name and unique entity identifier of each party to the joint venture:* __.]

(4) *Economically disadvantaged women-owned small business (EDWOSB) joint venture*. The Contractor represents that it # is, # is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [*The Contractor shall enter the name and unique entity identifier of each party to the joint venture:* __ .]

(5) *Service-disabled veteran-owned small business (SDVOSB) joint venture eligible under the SDVOSB Program.* The Contractor represents that it # is, # is not an SDVOSB joint venture eligible under the SDVOSB Program that complies with the requirements of 13 CFR 128.402. [*The Contractor shall enter the name and unique entity identifier of each party to the joint venture:* __.]

(6) *HUBZone joint venture eligible under the HUBZone Program*.[*Complete only if the offeror is a HUBZone small business concern*.] The offeror represents, as part of its offer, that It # is, # is not a HUBZone joint venture that complies with the requirements of 13 CFR 126.616(a) through (c). [*The Contractor shall enter the name and unique entity identifier of each party to the joint venture:* _____.] Each HUBZone small business concern participating in the HUBZone joint venture must be certified as a HUBZone concern. [*Contractor to sign and date and insert authorized signer's name and title*._____]

(End of clause)

52.219-27 NOTICE OF SET-ASIDE FOR, OR SOLE-SOURCE AWARD TO, SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESS (SDVOSB) CONCERNS ELIGIBLE UNDER THE SDVOSB PROGRAM (FEB 2024) (DEVIATION NOV 2025)

(a) *Definition.*

Service-disabled veteran-owned small business (SDVOSB) concern means a small business concern—

(1)

(i) Not less than 51 percent of which is owned and controlled by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran; or

(2) A small business concern eligible under the SDVOSB Program in accordance with 13 CFR part 128 (see FAR 19.106).

(3) *Service-disabled veteran*, as used in this definition, means a veteran as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16) and who is registered in the Beneficiary Identification and Records Locator Subsystem, or successor system that is maintained by the Department of Veterans Affairs' Veterans Benefits Administration, as a service-disabled veteran.

Service-disabled veteran-owned small business (SDVOSB) concern eligible under the SDVOSB Program means an SDVOSB concern that is designated in the System for Award Management (SAM) as certified by the Small Business Administration (SBA) in accordance with 13 CFR 128.300.

Service-disabled veteran-owned small business (SDVOSB) Program means a program that authorizes contracting officers to limit competition, including award on a sole-source basis, to SDVOSB concerns eligible under the SDVOSB Program.

(b) *Applicability*. This clause applies only to—

(1) Contracts that have been set aside for, or awarded on a sole-source basis to, SDVOSB concerns eligible under the SDVOSB Program;

(2) Part or parts of a multiple-award contract that have been set aside for SDVOSB concerns eligible under the SDVOSB Program; and

(3) Orders set aside for SDVOSB concerns eligible under the SDVOSB Program, under

multiple-award contracts as described in 8.4 and 16.5.

(c) *General*.

(1) Offers are solicited only from concerns designated in SAM as SDVOSB concerns certified by SBA. Offers received from concerns that are not SDVOSB concerns certified by SBA will not be considered.

(2) Any award resulting from this solicitation will be made only to a concern designated in SAM as an SDVOSB certified by SBA.

(d) A joint venture may be considered an SDVOSB concern if the managing partner of the joint venture complies with the criteria defined in paragraph (a) of this clause and 13 CFR 128.402.

(e) In a joint venture that complies with paragraph (d) of this clause, the SDVOSB party or parties to the joint venture shall perform at least 40 percent of the work performed by the joint venture. Work performed by the SDVOSB party or parties to the joint venture must be more than administrative functions.

(End of clause)

52.219-16 LIQUIDATED DAMAGES—SUBCONTRACTING PLAN (SEP 2021) (DEVIATION NOV 2025)

(a) The Government will measure performance by applying the percentage goals to the total actual subcontracting dollars, or, if a commercial plan is involved, to the pro rata share of actual subcontracting dollars attributable to Government contracts covered by the commercial plan. If, at contract completion or, in the case of a commercial plan, at the close of the fiscal year for which the plan is applicable, the Contractor has failed to meet its subcontracting goals and the Contracting Officer decides in accordance with paragraph

(b) of this clause that the Contractor failed to make a good faith effort to comply with its subcontracting plan, established in accordance with the clause in this contract entitled “Small Business Subcontracting Plan,” the Contractor shall pay the Government liquidated damages in a stated amount. The amount of probable damages attributable to the Contractor's failure to comply shall equal the actual dollar amount by which the Contractor failed to achieve each subcontract goal. (b) Before the Contracting Officer makes a final decision that the Contractor has failed to make a good faith effort to comply with the subcontracting plan, the Contracting Officer shall give the Contractor written notice specifying the failure and permitting the Contractor to demonstrate the good faith efforts it made and to discuss the matter. The Contracting Officer may take failure to respond to the notice as an admission that no valid explanation exists. If, after consideration of all the pertinent data, the Contracting Officer finds that the Contractor failed to make a good faith effort to comply with the subcontracting plan, the Contracting Officer will issue a final decision to that effect and require that the Contractor pay the Government liquidated damages as provided in paragraph (a) of this clause.

(c) With respect to commercial plans, the Contracting Officer who approved the plan will perform the functions of the Contracting Officer under this clause on behalf of all agencies with contracts covered by the commercial plan.

(d) The Contractor has the right of appeal, under the clause in this contract entitled, Disputes, from any final decision of the Contracting Officer.

(e) Liquidated damages shall be in addition to any other remedies that the Government may have.

(End of clause)

52.219-14 LIMITATIONS ON SUBCONTRACTING (OCT 2022) (DEVIATION NOV 2025)

(a) This clause does not apply to the unrestricted portion of a partial set-aside.

(b) *Definition. Similarly situated entity*, as used in this clause, means a first-tier subcontractor, including an independent contractor, that—

(1) Has the same small business program status as that which qualified the prime contractor for the award (e.g., for a small business set-aside contract, any small business concern, without regard to its socioeconomic status); and

(2) Is considered small for the size standard under the North American Industry Classification System (NAICS) code the prime contractor assigned to the subcontract.

(c) *Applicability*. This clause applies only to—

(1) Contracts that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(2) Part or parts of a multiple-award contract that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(3) Contracts that have been awarded on a sole-source basis in accordance with sections 19.105, 19.106, 19.107, and 19.108;

(4) Orders expected to exceed the simplified acquisition threshold and that are set aside for small business concerns under multiple-award contracts, as described in 8.4 and 16.5;

(5) Orders, regardless of dollar value, that are set aside in accordance with sections 19.105, 19.106, 19.107, and 19.108 under multiple-award contracts, as described in 8.4 and 16.5; and

(6) Contracts using the HUBZone price evaluation preference to award to a HUBZone small business concern unless the concern waived the evaluation preference.

(d) *Independent contractors*. An independent contractor shall be considered a subcontractor.

(e) By submission of an offer and execution of a contract, the Contractor agrees that in performance of a contract assigned a North American Industry Classification System (NAICS) code for—

(1) Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for contract performance to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract;

(2) Supplies (other than procurement from a nonmanufacturer of such supplies), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the 50 percent limitation shall apply only to the supply portion of the contract;

(3) General construction, it will not pay more than 85 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the

prime contractor's 85 percent subcontract amount that cannot be exceeded; or

(4) Construction by special trade contractors, it will not pay more than 75 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 75 percent subcontract amount that cannot be exceeded.

(f) The Contractor shall comply with the limitations on subcontracting as follows:

(1) For contracts, in accordance with paragraphs (c)(1), (2), (3) and (6) of this clause—

[*Contracting Officer check as appropriate*.]

By the end of the base term of the contract and then by the end of each subsequent option period; or

By the end of the performance period for each order issued under the contract.

(2) For orders, in accordance with paragraphs (c)(4) and (5) of this clause, by the end of the performance period for the order.

(g) A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (e) of this clause will be performed by the aggregate of the joint venture participants.

(1) In a joint venture comprised of a small business protégé and its mentor approved by the Small Business Administration, the small business protégé shall perform at least 40 percent of the work performed by the joint venture. Work performed by the small business protégé in the joint venture must be more than administrative functions.

(2) In an 8(a) joint venture, the 8(a) participant(s) shall perform at least 40 percent of the work performed by the joint venture. Work performed by the 8(a) participants in the joint venture must be more than administrative functions.

(End of clause)

52.215-21 REQUIREMENTS FOR CERTIFIED COST OR PRICING DATA AND DATA OTHER THAN CERTIFIED COST ORPRICING DATA-MODIFICATIONS (NOV 2021) (ALTERNATE IV -OCT 2010) (DEVIATION NOV 2025)

(a) Submission of certified cost or pricing data is not required.

(b) Provide data described below:

(1) Information required by the clause at 552.238-82, Modifications (Multiple Award Schedule).

(2) Any additional supporting information requested by the Contracting Officer. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether the price(s) offered is fair and reasonable.

(3) By submitting a request for modification, the Contractor grants the Contracting Officer or an authorized representative the right to examine, at any time before agreeing to a modification, books, records, documents, papers, and other directly pertinent records to verify the pricing, sales and other data related to the supplies or services proposed in order to determine the reasonableness of price(s). Access does not extend to Contractor(s) cost or profit information or other data relevant solely to the Contractor(s) determination of the prices to be offered in the catalog or marketplace.

(End of clause)

52.209-10 PROHIBITION ON CONTRACTING WITH INVERTED DOMESTIC CORPORATIONS (NOV 2015) (DEVIATION NOV 2025)

(a) *Definitions.* As used in this clause-

Inverted domestic corporation means a foreign incorporated entity that meets the definition of an inverted domestic corporation under 6 U.S.C. 395(b), applied in accordance with the rules and definitions of 6 U.S.C. 395(c).

Subsidiary means an entity in which more than 50 percent of the entity is owned—

(1) Directly by a parent corporation; or

(2) Through another subsidiary of a parent corporation.

(b) If the contractor reorganizes as an inverted domestic corporation or becomes a subsidiary of an inverted domestic corporation at any time during the period of performance of this contract, applicable law may prohibit the Government from paying for Contractor activities performed after the date when it becomes an inverted domestic corporation or subsidiary. The Government may seek any available remedies in the event the Contractor fails to perform in accordance with the terms and conditions of the contract as a result of Government action under this clause.

(c) Exceptions to this prohibition are located at 9.108-3.

(d) In the event the Contractor becomes either an inverted domestic corporation, or a subsidiary of an inverted domestic corporation during contract performance, the Contractor shall give written notice to the Contracting Officer within five business days from the date of the inversion event.

(End of clause)

52.204-15 SERVICE CONTRACT REPORTING REQUIREMENTS FOR INDEFINITE-DELIVERY CONTRACTS (OCT 2016) (DEVIATION NOV 2025)

(a) *Definition.* As used in this clause—

First-tier subcontract means a subcontract awarded directly by the Contractor to acquire supplies or services (including construction) for performing a prime contract. It does not include the Contractor's supplier agreements with vendors, such as long-term arrangements for materials or supplies that benefit multiple contracts and/or the costs of which are normally applied to a contractor's general and administrative expenses or indirect costs.

(b) *Requirement.* The Contractor shall report, according to paragraphs (c) and (d) of this clause, annually by October 31, for services performed during the preceding Government fiscal year (October 1-September 30) under this contract for orders that exceed the thresholds established in

4.303(b).

(c) *Report elements*. The Contractor shall report the following information:

(1) Contract number and order number.

(2) The total dollar amount invoiced for services performed during the previous Government fiscal year under the order.

(3) The number of Contractor direct labor hours expended on the services performed during the previous Government fiscal year.

(4) Data reported by subcontractors under paragraph (f) of this clause.

(d) *Remedies*. The Contractor shall submit the information required in paragraph (c) of this clause in the System for Award Management (SAM) at https://www.sam.gov (see SAM User Guide). If the Contractor fails to submit the report in a timely manner, the Contracting Officer will exercise appropriate contractual remedies. In addition, the Contracting Officer will make the Contractor's failure to comply with the reporting requirements a part of the Contractor's performance information under the Federal Acquisition Regulation part 42.

(e) *Review*. Agencies will review Contractor-reported information for reasonableness and consistency with available contract information. If the agency believes that revisions to the Contractor’s reported information are warranted, the agency will notify the Contractor no later than November 15. By November 30, the Contractor shall revise the report, or put its reason in writing for the agency.

(f) *First-tier subcontracts*.

(1) The Contractor shall require each first-tier subcontractor providing services under this contract, with subcontract(s) each valued at or above the thresholds set forth in 4.303(b), to provide the following detailed information to the Contractor in sufficient time to submit the report:

(i) Subcontract number (including subcontractor name and unique entity identifier); and

(ii) The number of first-tier subcontractor direct-labor hours expended on the services performed during the previous Government fiscal year.

(2) The Contractor shall tell the subcontractor that the information will be made available to the public as required by section 743 of Division C of the Consolidated Appropriations Act, 2010.

(End of clause)

52.204-10 52.204-10, REPORTING EXECUTIVE COMPENSATION AND FIRST-TIER SUBCONTRACT AWARDS (JUN 2020) (DEVIATION NOV 2025)

(a) Definitions. As used in this clause:
Executive means officers, managing partners, or any other employees in management positions.
First-tier subcontract means a subcontract awarded directly by the Contractor to acquire supplies or services (including construction) for performing a prime contract. It does not include the Contractor's supplier agreements with vendors, such as long-term arrangements for materials or supplies that benefit multiple contracts and/or the costs of which are normally applied to a contractor's general and administrative expenses or indirect costs.
Month of award means the month in which the Contracting Officer signs a contract or the month in which the Contractor signs a first-tier subcontract.
Total compensation means the cash and noncash dollar value earned by the executive during the Contractor's preceding fiscal year and includes the information described at 17 CFR 229.402(c)(2).
(b) Requirement. Section 2(d)(2) of the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. 109-282), as amended by section 6202 of the Government Funding Transparency Act of 2008 (Pub. L. 110- 252), requires the Contractor to report information on subcontract awards. The law requires all reported information be made public; therefore, the Contractor is responsible for notifying its subcontractors that the required information will be made public. Nothing in this clause requires disclosing classified information.
(c) Reporting. Unless otherwise directed by the Contracting Officer, or as provided in paragraph (f) of this clause, the Contractor shall report the following in the System for Award Management at https://www.sam.gov as follows:
(1) Executive compensation of the prime contractor. The Contractor shall report the names and total compensation of each of the five most highly compensated executives for its preceding completed fiscal year, if—
(i) In the Contractor's preceding fiscal year, the Contractor received—
(A) 80 percent or more of its annual gross revenues from Federal contracts (and subcontracts); loans, grants (and subgrants); cooperative agreements; and other forms of Federal financial assistance; and
(B) $25,000,000 or more in annual gross revenues from Federal contracts (and subcontracts); loans, grants (and subgrants); cooperative agreements; and other forms of Federal financial assistance; and
(ii) The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at http://www.sec.gov/answers/execomp.htm.).
(2) First-tier subcontract information. The Contractor shall report the following information by the end of the month following the month of award of each first-tier subcontract award:
(i) Unique entity identifier for the subcontractor receiving the award and for the subcontractor's ultimate parent company, if the subcontractor has a parent company.
(ii) Name of the subcontractor.
(iii) Amount of the subcontract award.
(iv) Date of the subcontract award.
(v) A description of the products or services (including construction) being provided under the subcontract, including the overall purpose and expected outcomes or results of the subcontract.
(vi) The subcontract number assigned by the Prime Contractor.
(vii) Subcontractor's physical address.
(viii) Subcontractor's primary performance location.

(ix) The prime contract number, and order number if applicable.
(x) Awarding agency name and code.
(xi) Funding agency name and code.
(xii) Government contracting office code.
(xiii) The applicable North American Industry Classification System code.

(3) Executive compensation of the first-tier subcontractor. The Contractor shall report by the end of the month following the month of award of a first-tier subcontract award and annually thereafter (calculated from the prime contract award date) the names and total compensation of each of the five most highly compensated executives for that subcontractor in the subcontractor's preceding completed fiscal year, if—

(i) In the subcontractor's preceding fiscal year, the subcontractor received—
(A) 80 percent or more of its annual gross revenues from Federal contracts (and subcontracts); loans, grants (and subgrants); cooperative agreements; and other forms of Federal financial assistance; and
(B) $25,000,000 or more in annual gross revenues from Federal contracts (and subcontracts); loans, grants (and subgrants); cooperative agreements; and other forms of Federal financial assistance; and

(ii) The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986 (see http://www.sec.gov/answers/execomp.htm).

(d) Restriction. The Contractor shall not split or break down subcontracts to a value below the threshold at the Federal Acquisition Regulation 4.208(e), on the date of subcontract award, to avoid the reporting requirements in paragraph (c) of this clause.
(e) Duration. Continued reporting on first-tier subcontracts is not required unless one of the reported data elements changes during the performance of the subcontract. The Contractor is not required to make further reports after a first-tier subcontract expires.
(f) Exceptions. (1) If the Contractor in the previous tax year had gross income, from all sources, under $300,000, the Contractor is exempt from the requirement to report subcontractor awards.

(2) If a subcontractor in the previous tax year had gross income from all sources under $300,000, the Contractor does not need to report awards for that subcontractor.

(g) Prepopulated data. The Subcontract Reports in SAM will prepopulate with some information from SAM and the Federal Procurement Data System (FPDS). If the FPDS information is incorrect, the Contractor should notify the Contracting Officer. If the SAM information is incorrect, the Contractor is responsible for correcting this information.

(End of clause)

52.208-9 CONTRACTOR USE OF MANDATORY SOURCES OF SUPPLY OR SERVICES (MAY 2014) (DEVIATION NOV 2025)

(a) Certain supplies or services to be provided under this contract for use by the Government are required by law to be obtained from nonprofit agencies participating in the program operated by the Committee for Purchase From People Who Are Blind or Severely Disabled (the Committee) under 41 U.S.C. 8504. The Committee operates under

the name AbilityOne Commission. Additionally, some of these supplies are available from the Defense Logistics Agency (DLA), the General Services Administration (GSA), or the Department of Veterans Affairs (VA). The Contractor shall obtain mandatory supplies or services to be provided for Government use under this contract from the specific sources indicated in the contract schedule.

(b) The Contractor shall immediately notify the Contracting Officer if a mandatory source is unable to provide the supplies or services by the time required, or if the quality of supplies or services provided by the mandatory source is unsatisfactory. The Contractor shall not purchase the supplies or services from other sources until the Contracting Officer has notified the Contractor that the Committee or an AbilityOne central nonprofit agency has authorized purchase from other sources.

(c) Price and delivery information for the mandatory supplies is available from the Contracting Officer for the supplies obtained through the DLA/GSA/VA distribution facilities. For mandatory supplies or services that are not available from DLA/GSA/VA, price and delivery information is available from the appropriate central nonprofit agency. Payments shall be made directly to the source making delivery. Points of contact for AbilityOne central nonprofit agencies are:

(1) National Industries for the Blind (www.NIB.org), 1310 Braddock Place, Alexandria, VA 22314-1691, (703) 310-0500; and

(2) NISH/SourceAmerica (www.SourceAmerica.org), 8401 Old Courthouse Road, Vienna, VA 22182, (571) 226-4660.

(End of clause)

52.232-36 PAYMENT BY THIRD PARTY (MAY 2014) (DEVIATION NOV 2025)

(a) *General*.

(1) Except as provided in paragraph (a)(2) of this clause, the Contractor agrees to accept payments due under this contract, through payment by a third party in lieu of payment directly from the Government, in accordance with the terms of this clause. The third party and, if applicable, the particular Governmentwide commercial purchase card to be used are identified elsewhere in this contract.

(2) The Governmentwide commercial purchase card is not authorized as a method of payment during any period the System for Award Management (SAM) indicates that the Contractor has delinquent debt that is subject to collection under the Treasury Offset Program (TOP). Information

on TOP is available at https://www.fiscal.treasury.gov/TOP/. If the SAM subsequently indicates that the Contractor no longer has delinquent debt, the Contractor may request the Contracting Officer to authorize payment by Governmentwide commercial purchase card.

(b) *Contractor payment request*.

(1) Except as provided in paragraph (b)(2) of this clause, the Contractor shall make payment requests through a charge to the Government account with the third party, at the time and for the amount due in accordance with those clauses of this contract that authorize the Contractor to submit invoices, contract financing requests, other payment requests, or as provided in other clauses providing for payment to the Contractor.

(2) When the Contracting Officer has notified the Contractor that the Governmentwide commercial purchase card is no longer an authorized method of payment, the Contractor shall make such payment requests in accordance with instructions provided by the Contracting Officer during the period when the purchase card is not authorized.

(c) *Payment*. The Contractor and the third party shall agree that payments due under this contract shall be made upon submittal of payment requests to the third party in accordance with the terms and conditions of an agreement between the Contractor, the Contractor's financial agent (if any), and the third party and its agents (if any). No payment shall be due the Contractor until such agreement is made. Payments made or due by the third party under this clause are not payments made by the Government and are not subject to the Prompt Payment Act or any implementation thereof in this contract.

(d) *Documentation*. Documentation of each charge against the Government's account shall be provided to the Contracting Officer upon request.

(e) *Assignment of claims*. Notwithstanding any other provision of this contract, if any payment is made under this clause, then no payment under this contract shall be assigned under the provisions of the assignment of claims terms of this contract or the Assignment of Claims Act of 1940, (31 U.S.C. 3727, 41 U.S.C. 6305).

(f) *Other payment terms*. The other payment terms of this contract shall govern the content and submission of payment requests. If any clause requires information or documents in or with the payment request, that is not provided in the third party agreement referenced in paragraph (c) of this clause, the Contractor shall obtain instructions from the Contracting Officer before submitting such a payment request.

(End of clause)

52.216-22 INDEFINITE QUANTITY (OCT 1995) (DEVIATION NOV 2025)

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum." The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum."

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the ordering period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order, which may include order options to be exercised after the ordering period of this contract but before the end of the period of performance of the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order, including options exercised, to the same extent as if the order were completed during the contract's ordering period; provided, that the Contractor shall not be required to make any deliveries under this contract after the completion of customer order, including options, 60 months following the expiration of the FSS contract ordering period.

(End of clause)

52.240-93 BASIC SAFEGUARDING OF COVERED CONTRACTOR INFORMATION SYSTEMS (NOV 2025) (DEVIATION)

(a) Definitions. As used in this clause—

Covered contractor information system means an information system that is owned or operated by a contractor that processes, stores, or transmits Federal contract information.

Federal contract information—

(1) Means information, not intended for public release, that is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government; but

(2) Does not include information provided by the Government to the public (such as on public websites) or simple transactional information (such as information necessary to process payments).

Information means any communication or representation of knowledge such as facts, data, or opinions, in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual (Committee on National Security Systems Instruction (CNSSI)

4009).

Information system means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information (44 U.S.C. 3502).

Safeguarding means measures or controls that are prescribed to protect information systems.

(b) *Safeguarding requirements.*

(1) Basic requirements. The Contractor shall safeguard its covered contractor information systems by implementing, at minimum, the following security controls:

(i) Limit information system access to authorized users, processes acting on behalf of authorized users, or devices (including other information systems).

(ii) Limit information system access to the types of transactions and functions that authorized users are permitted to execute.

(iii) Verify and control/limit connections to and use of external information systems.

(iv) Control information posted or processed on publicly accessible information systems.

(v) Identify information system users, processes acting on behalf of users, or devices.

(vi) Authenticate (or verify) the identities of those users, processes, or devices, as a prerequisite to allowing access to organizational information systems.

(vii) Sanitize or destroy information system media containing Federal Contract Information before disposal or release for reuse.

(viii) Limit physical access to organizational information systems, equipment, and the respective operating environments to authorized individuals.

(ix) Escort visitors and monitor visitor activity; maintain audit logs of physical access; and control and manage physical access devices.

(x) Monitor, control, and protect organizational communications (i.e., information transmitted or received by organizational information systems) at the external boundaries and key internal boundaries of the information systems.

(xi) Implement subnetworks for publicly accessible system components that are physically or logically separated from internal networks.

(xii) Identify, report, and correct information and information system flaws in a timely manner.

(xiii) Provide protection from malicious code at appropriate locations within organizational information systems.

(xiv) Update malicious code protection mechanisms when new releases are available.

(xv) Perform periodic scans of the information system and real-time scans of files from external sources as files are downloaded, opened, or executed.

(2) Other requirements. This clause does not relieve the Contractor of any other specific safeguarding requirements specified by Federal departments and agencies relating to covered

contractor information systems generally or other Federal safeguarding requirements for controlled unclassified information (CUI) as established by Executive Order 13556.

(c) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (c), in subcontracts under this contract (including subcontracts for the acquisition of commercial products, other than commercially available off-the-shelf items, or commercial services), in which the subcontractor may have Federal contract information residing in or transiting through its information system.

(End of clause)

52.208-90 GOVERNMENT SUPPLY SOURCES (NOV 2025) (DEVIATION)

The Contracting Officer may issue the Contractor an authorization to use Government supply sources in the performance of this contract. Title to all property acquired by the Contractor under such an authorization shall vest in the Government unless otherwise specified in the contract. The provisions of the clause at FAR 52.245-1, Government Property, apply to all property acquired under such authorization.

(End of clause)

52.209-9 UPDATES OF PUBLICLY AVAILABLE INFORMATION REGARDING RESPONSIBILITY MATTERS (OCT 2018) (DEVIATION NOV 2025)

(a) The Contractor shall update the information in the Federal Awardee Performance and Integrity Information System (FAPIIS) on a semi-annual basis, throughout the life of the contract, by posting the required information in the System for Award Management via https://www.sam.gov.
(b) All information posted in FAPIIS on or after April 15, 2011, except past performance reviews, will be publicly available. FAPIIS consists of two segments—
(1) The non-public segment, into which Government officials and the Contractor post information, which can only be viewed by-
(i) Government personnel and authorized users performing business on behalf of the Government; or
(ii) The Contractor, when viewing data on itself; and
(2) The publicly-available segment, to which all data in the non-public segment of FAPIIS is automatically transferred after a waiting period of 14 calendar days, except for-
(i) Past performance reviews required by part 42.
(ii) Information that was entered prior to April 15, 2011; or
(iii) Information that is withdrawn during the 14-calendar-day waiting period by the Government official who posted it in accordance with paragraph (c)(1) of this clause.
(c) The Contractor will receive notification when the Government posts new information to the Contractor's record.
(1) If the Contractor asserts in writing within 7 calendar days, to the Government official who posted the information, that some of the information posted to the non-public segment of FAPIIS is covered by a disclosure exemption under the Freedom of Information Act, the Government official who posted the information

must within 7 calendar days remove the posting from FAPIIS and resolve the issue in accordance with agency Freedom of Information procedures, prior to reposting the releasable information. The contractor must cite 52.209-9 and request removal within 7 calendar days of the posting to FAPIIS.
(2) The Contractor will also have an opportunity to post comments regarding information that the Government has posted. FAPIIS will retain the comments as long as the associated information is retained, i.e., for a total period of 6 years. Contractor comments will remain a part of the record unless the Contractor revises them.
(3) All information posted in FAPIIS on or after April 15, 2011, except past performance reviews, will be publicly available (section 3010 of Pub. L. 111-212).

(d) The Government will handle public requests for system information posted prior to April 15, 2011, under Freedom of Information Act procedures, including, where appropriate, procedures promulgated under E.O. 12600.

(End of clause)

(Note: This is an FSS reproduction using word processing software) **STANDARD FORM 1449** (10-95) **(BACK)**

52.223-23 SUSTAINABLE PRODUCTS (MAY 2024) (DEVIATION NOV 2025)

(a) *Definitions.* As used in this clause—

Sustainable product means—

(1) A product that contains recovered material designated by the EPA under the Comprehensive Procurement Guidelines (42 U.S.C. 6962) (40 CFR part 247) (https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program#products).

(2) An energy-efficient product or low standby power device (42 U.S.C. 8259b) (10 CFR part 436, subpart C) (https://www.energy.gov/eere/femp/search-energy-efficient-products, https://www.energystar.gov/products?s=mega, and https://www.energy.gov/femp/low-standby-power-product-list).

(3) A biobased product that meets the content requirements of the USDA under the BioPreferred® program (7 U.S.C. 8102) (7 CFR Part 4270) (https://www.biopreferred.gov/).

(4) A substance identified in the EPA's Significant New Alternatives Policy (SNAP) program as a safe alternative to an ozone-depleting substance (42 U.S.C. 7671l) (40 CFR part 82, subpart G) (https://www.epa.gov/snap/unacceptable-and-acceptable-substitutes-tables).

(b) *Requirements*. The Government has identified in the statement of work or elsewhere in the contract the sustainable products that are required during the performance of this contract. The Contractor shall ensure that it provides sustainable products as required by this contract, when the products are—

(1) Delivered to the Government;

(2) Furnished for use by the Government;

(3) Incorporated into the construction of a public building or public work; or

(c) Furnished for use in performing services under this contract, where the cost of the products is a direct cost to this contract.

End of clause

52.203-19 PROHIBITION ON REQUIRING CERTAIN INTERNAL CONFIDENTIALITY AGREEMENTS OR STATEMENTS (JAN 2017)

(a) Definitions. As used in this clause-
Internal confidentiality agreement or statement means a confidentiality agreement or any other written statement that the contractor requires any of its employees or subcontractors to sign regarding nondisclosure of contractor information, except that it does not include confidentiality agreements arising out of civil litigation or confidentiality agreements that contractor employees or subcontractors sign at the behest of a Federal agency.
Subcontract means any contract as defined in subpart 2.1 entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.
Subcontractor means any supplier, distributor, vendor, or firm (including a consultant) that furnishes supplies or services to or for a prime contractor or another subcontractor.
(b) The Contractor shall not require its employees or subcontractors to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting waste, fraud, or abuse related to the performance of a Government contract to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information (e.g., agency Office of the Inspector General).
(c) The Contractor shall notify current employees and subcontractors that prohibitions and restrictions of any preexisting internal confidentiality agreements or statements covered by this clause, to the extent that such prohibitions and restrictions are inconsistent with the prohibitions of this clause, are no longer in effect.
(d) The prohibition in paragraph (b) of this clause does not contravene requirements applicable to Standard Form 312 (Classified Information Nondisclosure Agreement), Form 4414 (Sensitive Compartmented Information Nondisclosure Agreement), or any other form issued by a Federal department or agency governing the nondisclosure of classified information.
(e) In accordance with section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015, (Pub. L. 113-235), and its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions) use of funds appropriated (or otherwise made available) is prohibited, if the Government determines that the Contractor is not in compliance with the provisions of this clause.
(f) The Contractor shall include the substance of this clause, including this paragraph (f), in subcontracts under such contracts.

(End of clause)

552.238-80 INDUSTRIAL FUNDING FEE AND SALES REPORTING (DEC 2025)(GSAR DEVIATION)

(a) Definition. Transactional data, as used in this clause, encompasses the historical details of the products or services delivered by the Contractor during the performance of task or delivery orders issued against this contract.

(b) Reporting of transactional data. The Contractor must report all transactional data under this contract as follows:

(1) The Contractor must electronically report transactional data by utilizing the reporting system at an internet website designated by the General Services Administration (GSA) or by uploading the data according to GSA instructions. GSA will post registration instructions and reporting procedures on the Vendor Support Center website at https://vsc.gsa.gov. The reporting system website address, as well as registration instructions and reporting procedures, will be provided at the time of award or inclusion of this clause in the contract.

(2) The Contractor must provide, at no additional cost to the Government, the following transactional data elements, as applicable:

(i) Contract or Blanket Purchase Agreement (BPA) Number.

(ii) Delivery/Task Order Number/Procurement Instrument Identifier (PIID).

(iii) Non Federal Entity.

(iv) Description of Deliverable.

(v) Manufacturer Name.

(vi) Manufacturer Part Number.

(vii) Unit of Measure.

(viii) Quantity of Item Sold.

(ix) Universal Product Code.

(x) Price Paid Per Unit.

(xi) Total Price.

(xii) Special Item Number (SIN).

(xiii) Agency Name (for OS4 SINs only).

(xiv) Tier 3 Agency Name (for OS4 SINs only).

(3) The Contractor may provide, at no additional cost to the Government, the following transactional data elements, as applicable:

(i) Order Date.

(ii) Ship Date.

(iii) Zip Code Shipped To.

(iv) Federal Customer - Treasury Agency Code.

(4) Based on the reporting points listed in paragraph (b)(8) of this clause, the Contractor must report transactional data within 30 calendar days from the last calendar day of the month. If there was no contract activity during the month, the Contractor must submit a confirmation of no reportable transactional data within 30 calendar days of the last calendar day of the month.

(5) The Contractor must report transactional data elements with an associated monetary value (e.g., price paid per unit and total price) in U.S. dollars.

(6) The reported price paid per unit and total price must include the Industrial Funding Fee (IFF).

(7) The Contractor must maintain a consistent accounting method of transactional data reporting, based on the Contractor's established commercial accounting practice.

(8) Reporting Points.

(i) The acceptable points at which transactional data may be reported include—

(A) Issuance of an invoice; or

(B) Receipt of payment.

(ii) The Contractor must determine whether to report transactional data on the basis of invoices issued or payments received.

(9) The Contractor must furnish transactional data reports, including confirmation of no transactional data, through physical completion of the last outstanding task or delivery order of the contract.

(10) Unless otherwise expressly stated by the ordering activity, orders that contain classified information or other or information that would compromise national security are exempt from this reporting requirement.

(11) This clause does not exempt the Contractor from fulfilling reporting requirements contained elsewhere in the contract.

(12) GSA reserves the unilateral right to change reporting instructions, reporting procedures, and transactional data elements (including adding data elements to the elements in paragraphs (b)(2) and (b)(3) pursuant to 507.103(b)(4) other applicable authority), following 60 calendar days advance notification to the Contractor.

(c) Industrial Funding Fee. (1) This contract includes an IFF charged on orders placed against this contract. The IFF is paid by the authorized ordering activity but remitted to GSA by the Contractor. The IFF reimburses GSA for the costs of operating the Federal Supply Schedule program, as set forth in 40 U.S.C. 321. Net operating revenues generated by the IFF are also applied to fund initiatives benefiting other authorized GSA programs, in accordance with 40 U.S.C. 321.

(2) GSA has the unilateral right to change the IFF amount at any time, but not more than once per year. GSA will provide reasonable notice prior to the effective date of any change. GSA will post notice of the current IFF on the Vendor Support Center website at https://vsc.gsa.gov.

(3) Offerors must include the IFF in their prices. The IFF is included in the awarded price(s) and reflected in the total amount charged to ordering activities. The IFF will not be included in the price of non-contract items purchased pursuant to a separate contracting authority, such as a Governmentwide Acquisition Contract (GWAC); a separately awarded Federal Acquisition Regulation (FAR) part 12, 13, 14, or 15 procurement; or a non-FAR contract.

(4) The Contractor must remit the IFF to GSA in U.S. dollars within 30 calendar days after the last calendar day of the reporting quarter; final payment must be remitted within 30 calendar days after physical completion of the last outstanding task order or delivery order issued against the contract.

(5) GSA reserves the unilateral right to change remittance instructions following 60 calendar days' advance notification to the Contractor.

(6) The Contractor's failure to remit the full amount of the IFF within 30 calendar days after the end of the applicable reporting period constitutes a contract debt to the United States Government under the terms of FAR subpart 32.6. The Government may exercise all rights under the Debt Collection Improvement Act of 1996, including withholding or offsetting payments and interest on the debt (see FAR clause 52.232-17). If the Contractor fails to submit the required transactional data reports, falsifies them, or fails to timely pay the IFF, these reasons constitute sufficient cause for the Government to terminate the contract for cause.

End of Clause

Note: Regulation 552.238-80
GSA is implementing the data elements outlined below for TDR reporting. The first four data elements are transitioning from optional to mandatory. The remaining data elements are newly added as of Refresh 31 and are mandatory for reporting as of the date the data elements become available for reporting in the FAS Sales Reporting Portal (SRP).

(GSA/FAS will update this posting in advance when that occurs).

i. Ship Date - This data element is applicable only to MAS product transactions
ii. Order Date - This data element is applicable to only MAS product transactions
iii. Zip Code Shipped to - This data element is applicable to only MAS product transactions
iv. Federal Customer - Treasury Agency Code. This data element is applicable to all offering types.
v. Cloud Service Type. This data element is only required to be reported for transactions under the Cloud SIN (518210C - Cloud Computing and Cloud Related IT Professional Services).
vi. Unique Catalog Identifier (UCID). This data element will apply to any offerings that include a UCID in the awarded Price List / Catalog. The field is not applicable to Fixed Price service contract order types/contracts.
vii. Order Type. This data element is applicable to all offering types.
viii. Order Discount. This data element is applicable only in limited circumstances to Highly configurable (HCP), configurable services (CS), and the Cloud SIN. Worksite. This data element is applicable for services transactions only under Time and Material and Labor Hour contract types. See worksite definitions in the FAS Catalog Platform (FCP) Services Plus File which is available on the FCP help page.

GSA is also implementing adjustments to Description of Deliverable data element entry instructions and processes for uploading Performance Work Statements (PWS), Statement of Objectives (SOO), Statement of Work (SOW), invoices, and Bill of Materials in specific situations. See implementation adjustments below:

- FAS requests additional information to be reported under the existing Description of Deliverable data element to provide greater detail about what is being acquired.
- For Professional and SCA/SCLS firm fixed price service contract order types above $1 million, vendors must upload PWS/SOO/SOW one time upon initial task order award in the Sales Reporting Portal.

- For Highly Configurable Products (HCP) where the contractor is awarded a manufacturer/family/series of products and awarded MAS pricing is a defined discount off of the vendors commercial pricing, and Configurable Services (CS) orders regardless of dollar value, vendors must upload invoice/Bill of Materials (BOM)/etc with a breakdown of products for each line reported.

Data elements must be completed if they are present in the FAS SRP template. Note that some data elements (vii-ix above) are not yet available in the FAS SRP template.

552.238-81 PRICE REDUCTIONS (DEC 2025)(GSAR DEVIATION)

(a) The Government may request from the Contractor, and the Contractor may provide to the Government, a temporary or permanent price reduction at any time during the contract period.

(b) The Contractor may offer the Contracting Officer a voluntary price reduction at any time during the contract period.

552.238-82 MODIFICATIONS (FEDERAL SUPPLY SCHEDULES) (DEC 2025)(GSAR DEVIATION)

(a) General. The Contractor may request a contract modification by submitting a request to the Contracting Officer for approval, except as noted in paragraph (d) of this clause. At a minimum, every request shall describe the proposed change(s) and provide the rationale for the requested change(s).
(b) Types of Modifications.

(1) Additional items/additional SINs. When requesting additions, the Contractor must submit the following information:

(i) Information about the new item(s) or the item(s) under the new SIN(s) must be submitted in accordance with the instructions in the solicitation.
(ii) Delivery time(s) for the new item(s) or the item(s) under the new SIN(s) must be submitted in accordance with the request for proposal.
(iii) Production point(s) for the new item(s) or the item(s) under the new SIN(s) must be submitted if required by FAR clause 52.215-6.
(iv) Hazardous Material information (if applicable) must be submitted as required by FAR clause 52.223-3. (v) Any information that may be necessary to assure compliance with FAR clause 52.225-1.

(2) Deletions. The Contractor must provide an explanation for the deletion. The Government reserves the right to reject any subsequent offer of the same item or a substantially equal item at a higher price during the same contract period, if the Contracting Officer determines that the higher price is unreasonable compared to the price of the deleted item.

(c) Effective dates. The effective date of any modification is the date specified in the modification.
(d) Electronic file updates. The Contractor shall update electronic file submissions to reflect all modifications. For additional items or SINs, the Contractor shall obtain the Contracting Officer's approval before transmitting changes. Contract modifications will not be made effective until the Government receives the electronic file updates. The Contractor may transmit price reductions, item deletions, and corrections without prior approval.
(e) Electronic submission of modification requests is mandatory via eMod (https://eoffer.gsa.gov/), unless otherwise stated in the electronic submission standards and requirements at the Vendor Support Center website https://vsc.gsa.gov/vsc/). If the electronic submissions standards and requirements information is updated at the Vendor Support Center website, Contractors will be notified prior to the effective date of the change.

52.222-1 NOTICE TO THE GOVERNMENT OF LABOR DISPUTES (FEB 1997) (DEVIATION NOV 2025)

If the Contractor has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this contract, the Contractor must immediately give notice, including all relevant information, to the Contracting Officer.

52.222-40 52.222-40, NOTIFICATION OF EMPLOYEE RIGHTS UNDER THE NATIONAL LABOR RELATIONS ACT (DEC 2010) (DEVIATION NOV 2025)

(a) During the term of this contract, the Contractor must post an employee notice, of such size and in such form, and containing such content as prescribed by the Secretary of Labor, in conspicuous places in and about its plants and offices where employees covered by the National Labor Relations Act engage in activities relating to the performance of the contract, including all places where notices to employees are customarily posted both physically and electronically, in the languages employees speak, in accordance with 29 CFR471.2 (d) and (f).

(1) Physical posting of the employee notice must be in conspicuous places in and about the Contractor's plants and offices so that the notice is prominent and readily seen by employees who are covered by the National Labor Relations Act and engage in activities related to the performance of the contract.

(2) If the Contractor customarily posts notices to employees electronically, then the Contractor must also post the required notice electronically by displaying prominently, on any Web site that is maintained by the Contractor and is customarily used for notices to employees about terms and conditions of employment, a link to the Department of Labor's Web site that contains the full text of the poster. The link to the Department's Web site, as referenced in (b)(3) of this section, must read, "Important Notice about Employee Rights to Organize and Bargain Collectively with Their Employers."

(b) This required employee notice, printed by the Department of Labor, may be-

(1) Obtained from the Division of Interpretations and Standards, Office of Labor-Management Standards, U.S. Department of Labor, 200 Constitution Avenue, NW., Room N-5609, Washington, DC 20210, (202) 693-0123, or from any field office of the Office of Labor–Management Standards or Office of Federal Contract Compliance Programs;

(2) Provided by the Federal contracting agency if requested;

(3) Downloaded from the Office of Labor–Management Standards Web site at http://www.dol.gov/olms/regs/compliance/EO13496.htm; or

(4) Reproduced and used as exact duplicate copies of the Department of Labor's official poster.

(c) The required text of the employee notice referred to in this clause is located at Appendix A, Subpart A, 29 CFR Part 471.

(d) The Contractor must comply with all provisions of the employee notice and related rules, regulations, and orders of the Secretary of Labor.

(e) In the event that the Contractor does not comply with the requirements set forth in paragraphs (a) through (d) of this clause, this contract may be terminated or suspended in whole or in part, and the Contractor may be suspended or debarred in accordance with 29 CFR 471.14 and subpart 9.4. Such other sanctions or remedies may be imposed as are provided by 29 CFR part 471, which implements Executive Order 13496 or as otherwise provided by law.

(f) Subcontracts.

(1) The Contractor must include the substance of this clause, including this paragraph (f), in every subcontract that exceeds $10,000 and will be performed wholly or partially in the United States, unless exempted by the rules, regulations, or orders of the Secretary of Labor issued pursuant to section 3 of

Executive Order 13496 of January 30, 2009, so that such provisions will be binding upon each subcontractor.

(2) The Contractor must not procure supplies or services in a way designed to avoid the applicability of Executive Order 13496 or this clause.

(3) The Contractor must take such action with respect to any such subcontract as may be directed by the Secretary of Labor as a means of enforcing such provisions, including the imposition of sanctions for noncompliance.

(4) However, if the Contractor becomes involved in litigation with a subcontractor, or is threatened with such involvement, as a result of such direction, the Contractor may request the United States, through the Secretary of Labor, to enter into such litigation to protect the interests of the United States.

(End of clause)

52.222-41 SERVICE CONTRACT LABOR STANDARDS (AUG 2018) (DEVIATION NOV 2025)

(a) *Definitions*. As used in this clause—

Contractor, when this clause is used in any subcontract, must be deemed to refer to the subcontractor, except in the term "Government Prime Contractor."

Service employee means any person engaged in the performance of this contract other than any person employed in a bona fide executive, administrative, or professional capacity, as these terms are defined in Part 541 of Title 29, *Code of Federal Regulations*, as revised. It includes all such persons regardless of any contractual relationship that may be alleged to exist between a Contractor or subcontractor and such persons.

(b) *Applicability*. This contract is subject to the following provisions and to all other applicable provisions of 41 U.S.C. chapter 67, Service Contract Labor Standards, and regulations of the Secretary of Labor (29 CFR Part 4). This clause does not apply to contracts or subcontracts administratively exempted by the Secretary of Labor or exempted by 41 U.S.C. 6702, as interpreted in Subpart C of 29 CFR Part 4.

(c) Compensation.

(1) Each service employee employed in the performance of this contract by the Contractor or any subcontractor must be paid not less than the minimum monetary wages and must be furnished fringe benefits in accordance with the wages and fringe benefits determined by the Secretary of Labor, or authorized representative, as specified in any wage determination attached to this contract.

(2)

(i) If a wage determination is attached to this contract, the Contractor must classify any class of service employee which is not listed therein and which is to be employed under the contract (*i.e.*, the work to be performed is not performed by any classification listed in the wage determination) so as to provide a reasonable relationship (*i.e.*, appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed class of employees must be paid the monetary wages and furnished the fringe benefits as are determined pursuant to the procedures in this paragraph (c).

(ii) This conforming procedure must be initiated by the Contractor prior to the performance of contract work by the unlisted class of employee. The Contractor must submit Standard Form (SF) 1444, Request For Authorization of Additional Classification and Rate, to the Contracting Officer

no later than 30 days after the unlisted class of employee performs any contract work. The Contracting Officer must review the proposed classification and rate and promptly submit the completed SF 1444 (which must include information regarding the agreement or disagreement of the employees' authorized representatives or the employees themselves together with the agency recommendation), and all pertinent information to the Wage and Hour *Division, U.S.* Department of Labor. The Wage and Hour Division will approve, modify, or disapprove the action or render a final determination in the event of disagreement within 30 days of receipt or will notify the Contracting Officer within 30 days of receipt that additional time is necessary.

(iii) The final determination of the conformance action by the Wage and Hour Division must be transmitted to the Contracting Officer who must promptly notify the Contractor of the action taken. Each affected employee must be furnished by the Contractor with a written copy of such determination or it must be posted as a part of the wage determination.

(iv)

(A) The process of establishing wage and fringe benefit rates that bear a reasonable relationship to those listed in a wage determination cannot be reduced to any single formula. The approach used may vary from wage determination to wage determination depending on the circumstances. Standard wage and salary administration practices which rank various job classifications by pay grade pursuant to point schemes or other job factors may, for example, be relied upon. Guidance may also be obtained from the way different jobs are rated under Federal pay systems (Federal Wage Board Pay System and the General Schedule) or from other wage determinations issued in the same locality. Basic to the establishment of any conformable wage rate(s) is the concept that a pay relationship should be maintained between job classifications based on the skill required and the duties performed.

(B) In the case of a contract modification, an exercise of an option, or extension of an existing contract, or in any other case where a Contractor succeeds a contract under which the classification in question was previously conformed pursuant to paragraph (c) of this clause, a new conformed wage rate and fringe benefits may be assigned to the conformed classification by indexing (*i.e.*, adjusting) the previous conformed rate and fringe benefits by an amount equal to the average (mean) percentage increase (or decrease, where appropriate) between the wages and fringe benefits specified for all classifications to be used on the contract which are listed in the current wage determination, and those specified for the corresponding classifications in the previously applicable wage determination. Where conforming actions are accomplished in accordance with this paragraph prior to the performance of contract work by the unlisted class of employees, the Contractor must advise the Contracting Officer of the action taken but the other procedures in subdivision (c)(2)(ii) of this clause need not be followed.

(C) No employee engaged in performing work on this contract must in any event be paid less than the currently applicable minimum wage specified under section 6(a)(1) of the Fair Labor Standards Act of1938, as amended.

(v) The wage rate and fringe benefits finally determined under this subparagraph (c)(2) of this clause must be paid to all employees performing in the classification from the first day on which contract work is performed by them in the classification. Failure to pay the unlisted employees the compensation agreed upon by the interested parties and/or finally determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Service Contract Labor Standards statute and this contract.

(vi) Upon discovery of failure to comply with subparagraph (c)(2) of this clause, the Wage and Hour Division must make a final determination of conformed classification, wage rate, and/or fringe benefits which must be retroactive to the date such class or classes of employees commenced contract work.

(3) *Adjustment of compensation*. If the term of this contract is more than 1 year, the minimum monetary wages and fringe benefits required to be paid or furnished thereunder to service employees under this

contract must be subject to adjustment after 1 year and not less often than once every 2 years, under wage determinations issued by the Wage and Hour Division.

(d) *Obligation to furnish fringe benefits*. The Contractor or subcontractor may discharge the obligation to furnish fringe benefits specified in the attachment or determined under subparagraph (c)(2) of this clause by furnishing equivalent combinations of bona fide fringe benefits, or by making equivalent or differential cash payments, only in accordance with Subpart D of 29 CFR Part 4.

(e) *Minimum wage*. In the absence of a minimum wage attachment for this contract, neither the Contractor nor any subcontractor under this contract shall pay any person performing work under this contract (regardless of whether the person is a service employee) less than the minimum wage specified by section 6(a)(1) of the Fair Labor Standards Act of1938. Nothing in this clause shall relieve the Contractor or any subcontractor of any other obligation under law or contract for payment of a higher wage to any employee.

(f) *Successor contracts*. If this contract succeeds a contract subject to the Service Contract Labor Standards statute under which substantially the same services were furnished in the same locality and service employees were paid wages and fringe benefits provided for in a collective bargaining agreement, in the absence of the minimum wage attachment for this contract setting forth such collectively bargained wage rates and fringe benefits, neither the Contractor nor any subcontractor under this contract shall pay any service employee performing any of the contract work (regardless of whether or not such employee was employed under the predecessor contract), less than the wages and fringe benefits provided for in such collective bargaining agreement, to which such employee would have been entitled if employed under the predecessor contract, including accrued wages and fringe benefits and any prospective increases in wages and fringe benefits provided for under such agreement. No Contractor or subcontractor under this contract may be relieved of the foregoing obligation unless the limitations of 29 CFR 4.1 b(b) apply or unless the Secretary of Labor or the Secretary's authorized representative finds, after a hearing as provided in 29 CFR 4.10 that the wages and/or fringe benefits provided for in such agreement are substantially at variance with those which prevail for services of a character similar in the locality, or determines, as provided in 29 CFR 4.11, that the collective bargaining agreement applicable to service employees employed under the predecessor contract was not entered into as a result of arm's length negotiations. Where it is found in accordance with the review procedures provided in 29 CFR 4.10 and/or 4.11 and parts 6 and 8 that some or all of the wages and/or fringe benefits contained in a predecessor Contractor's collective bargaining agreement are substantially at variance with those which prevail for services of a character similar in the locality, and/or that the collective bargaining agreement applicable to service employees employed under the predecessor contract was not entered into as a result of arm's length negotiations, the Department will issue a new or revised wage determination setting forth the applicable wage rates and fringe benefits. Such determination must be made part of the contract or subcontract, in accordance with the decision of the Administrator, the Administrative Law Judge, or the Administrative Review Board, as the case may be, irrespective of whether such issuance occurs prior to or after the award of a contract or subcontract (53 Comp. Gen. 401 (1973)). In the case of a wage determination issued solely as a result of a finding of substantial variance, such determination must be effective as of the date of the final administrative decision.

(g) *Notification to employees*. The Contractor and any subcontractor under this contract must notify each service employee commencing work on this contract of the minimum monetary wage and any fringe benefits required to be paid pursuant to this contract, or must post the wage determination attached to this contract. The poster provided by the Department of Labor (Publication WH 1313) must be posted in a prominent and accessible place at the worksite. Failure to comply with this requirement is a violation of 41 U.S.C. 6703 and of this contract.

(h) *Safe and sanitary working conditions*. The Contractor or subcontractor must not permit any part of the services called for by this contract to be performed in buildings or surroundings or under working conditions provided by or under the control or supervision of the Contractor or subcontractor which are unsanitary, hazardous, or dangerous to the health or safety of the service employees. The Contractor or subcontractor must comply with the safety and health standards applied under 29 CFR Part 1925.

(i) *Records*.

(1) The Contractor and each subcontractor performing work subject to the Service Contract Labor Standards statute must make and maintain for 3 years from the completion of the work, and make them available for inspection and transcription by authorized representatives of the Wage and Hour *Division, a* record of the following:

(i) For each employee subject to the Service Contract Labor Standards statute-

(A) Name and address and social security number;

(B) Correct work classification or classifications, rate or rates of monetary wages paid and fringe benefits p provided, rate or rates of payments in lieu of fringe benefits, and total daily and weekly compensation;

(C) Daily and weekly hours worked by each employee; and

(D) Any deductions, rebates, or refunds from the total daily or weekly compensation of each employee.

(ii) For those classes of service employees not included in any wage determination attached to this contract, wage rates or fringe benefits determined by the interested parties or by the Administrator or authorized representative under the terms of paragraph (c) of this clause. A copy of the report required by subdivision (c)(2)(ii) of this clause will fulfill this requirement.

(iii) Any list of the predecessor Contractor's employees which had been furnished to the Contractor as prescribed by paragraph (n) of this clause.

(2) The Contractor must also make available a copy of this contract for inspection or transcription by authorized representatives of the Wage and Hour Division.

(3) Failure to make and maintain or to make available these records for inspection and transcription shall be a violation of the regulations and this contract, and in the case of failure to produce these records, the Contracting Officer, upon direction of the Department of Labor and notification to the Contractor, must take action to cause suspension of any further payment or advance of funds until the violation ceases.

(4) The Contractor must permit authorized representatives of the Wage and Hour Division to conduct interviews with employees at the worksite during normal working hours.

(j) *Pay periods*. The Contractor must unconditionally pay to each employee subject to the Service Contract Labor Standards statute all wages due free and clear and without subsequent deduction (except as otherwise provided by law or regulations, 29 CFR Part 4), rebate, or kickback on any account. These payments must be made no later than one pay period following the end of the regular pay period in which the wages were earned or accrued. A pay period under this statute may not be of any duration longer than semi-monthly.

(k) *Withholding of payments and termination of contract*. The Contracting Officer must withhold or cause to be withheld from the Government Prime Contractor under this or any other Government contract with the Prime Contractor such sums as an appropriate official of the Department of Labor requests or such sums as the Contracting Officer decides may be necessary to pay underpaid employees employed by the Contractor or subcontractor. In the event of failure to pay any employees subject to the Service Contract Labor Standards statute all or part of the wages or fringe benefits due under the Service Contract Labor Standards statute, the Contracting Officer may, after authorization or by direction of the Department of Labor and written notification to the Contractor, take action to cause suspension of any further payment or advance of funds until such violations have ceased. Additionally, any failure to comply with the requirements of this clause may be grounds for termination of the right to proceed with the contract work. In such event, the Government may enter into other contracts or

arrangements for completion of the work, charging the Contractor in default with any additional cost.

(l) *Subcontracts*. The Contractor agrees to insert this clause in all subcontracts subject to the Service Contract Labor Standards statute.

(m) *Collective bargaining agreements applicable to service employees*. If wages to be paid or fringe benefits to be furnished any service employees employed by the Government Prime Contractor or any subcontractor under the contract are provided for in a collective bargaining agreement which is or will be effective during any period in which the contract is being performed, the Government Prime Contractor must report such fact to the Contracting Officer, together with full information as to the application and accrual of such wages and fringe benefits, including any prospective increases, to service employees engaged in work on the contract, and a copy of the collective bargaining agreement. Such report must be made upon commencing performance of the contract, in the case of collective bargaining agreements effective at such time, and in the case of such agreements or provisions or amendments thereof effective at a later time during the period of contract performance such agreements must be reported promptly after negotiation thereof.

(n) *Seniority list*. Not less than 10 days prior to completion of any contract being performed at a Federal facility where service employees may be retained in the performance of the succeeding contract and subject to a wage determination which contains vacation or other benefit provisions based upon length of service with a Contractor (predecessor) or successor (29 CFR 4.173), the incumbent Prime Contractor must furnish the Contracting Officer a certified list of the names of all service employees on the Contractor's or subcontractor's payroll during the last month of contract performance. Such list must also contain anniversary dates of employment on the contract either with the current or predecessor Contractors of each such service employee. The Contracting Officer must turn over such list to the successor Contractor at the commencement of the succeeding contract.

(o) *Rulings and interpretations*. Rulings and interpretations of the Service Contract Labor Standards statute are contained in Regulations, 29 CFR Part 4.

(p) *Contractor's Representation*.

(1) By entering into this contract, the Contractor (and officials thereof) represents that neither it nor any person or firm who has a substantial interest in the Contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of the sanctions imposed under 41 U.S.C. 6706.

(2) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract under 41 U.S.C. 6706.

(3) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

(q) *Variations, tolerances, and exemptions involving employment*. Notwithstanding any of the provisions in paragraphs (b) through (o) of this clause, the following employees may be employed in accordance with the following variations, tolerances, and exemptions, which the Secretary of Labor, pursuant to 41 U.S.C. 6707 prior to its amendment by Pub.L.92-473, found to be necessary and proper in the public interest or to avoid serious impairment of the conduct of Government business:

(1) Apprentices, student-learners, and workers whose earning capacity is impaired by age, physical or mental deficiency, or injury may be employed at wages lower than the minimum wages otherwise required by 41 U.S.C. 6703(1) without diminishing any fringe benefits or cash payments in lieu thereof required under 41 U.S.C. 6703(2), in accordance with the conditions and procedures prescribed for the employment of apprentices, student-learners, persons with disabilities, and disabled clients of work centers under section 14 of the Fair Labor Standards Act of 1938, in the regulations issued by the Administrator (29 CFR parts 520, 521, 524, and 525).

(2) The Administrator will issue certificates under the statute for the employment of apprentices, student-learners, persons with disabilities, or disabled clients of work centers not subject to the Fair Labor Standards Act of 1938, or subject to different minimum rates of pay under the two statutes,

authorizing appropriate rates of minimum wages (but without changing requirements concerning fringe benefits or supplementary cash payments in lieu thereof), applying procedures prescribed by the applicable regulations issued under the Fair Labor Standards Act of 1938 (29 CFR parts 520, 521, 524, and 525).

(3) The Administrator will also withdraw, annul, or cancel such certificates in accordance with the regulations in 29 CFR parts 525 and 528.

(r) *Apprentices*. Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed and individually registered in a bona fide apprenticeship program registered with a State Apprenticeship Agency which is recognized by the U.S. Department of Labor, or if no such recognized agency exists in a State, under a program registered with the Office of Apprenticeship and Training, Employer, and Labor Services (OATELS), U.S. Department of Labor. Any employee who is not registered as an apprentice in an approved program must be paid the wage rate and fringe benefits contained in the applicable wage determination for the journeyman classification of work actually performed. The wage rates paid apprentices must not be less than the wage rate for their level of progress set forth in the registered program, expressed as the appropriate percentage of the journeyman's rate contained in the applicable wage determination. The allowable ratio of apprentices to journeymen employed on the contract work in any craft classification must not be greater than the ratio permitted to the Contractor as to his entire work force under the registered program.

(s) *Tips*. An employee engaged in an occupation in which the employee customarily and regularly receives more than $30 a month in tips may have the amount of these tips credited by the employer against the minimum wage required by 41 U.S.C. 6703(1), in accordance with section 3(m) of the Fair Labor Standards Act and Regulations, 29 CFR Part 531. However, the amount of credit must not exceed $1.34 per hour beginning January 1,1981. To use this provision-

(1) The employer must inform tipped employees about this tip credit allowance before the credit is utilized;

(2) The employees must be allowed to retain all tips (individually or through a pooling arrangement and regardless of whether the employer elects to take a credit for tips received);

(3) The employer must be able to show by records that the employee receives at least the applicable Service Contract Labor Standards minimum wage through the combination of direct wages and tip credit; and

(4) The use of such tip credit must have been permitted under any predecessor collective bargaining agreement applicable by virtue of 41 U.S.C. 6707(c).

(t) *Disputes concerning labor standards*. The U.S. Department of Labor has set forth in 29 CFR parts 4, 6, and 8 procedures for resolving disputes concerning labor standards requirements. Such disputes must be resolved in accordance with those procedures and not the Disputes clause of this contract. Disputes within the meaning of this clause include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(End of clause)

52.222-43 FAIR LABOR STANDARDS ACT AND SERVICE CONTRACT LABOR STANDARDS-PRICE ADJUSTMENT (MULTIPLE YEAR AND OPTION CONTRACTS) (AUG 2018) (DEVIATION NOV 2025)

(a) This clause applies to both contracts subject to area prevailing wage determinations and contracts

subject to collective bargaining agreements.

(b) The Contractor warrants that the prices in this contract do not include any allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(c) The wage determination, issued under the Service Contract Labor Standards statute, (41 U.S.C. chapter 67), by the Administrator, Wage and Hour *Division, U.S.* Department of Labor, current on the anniversary date of a multiple year contract or the beginning of each renewal option period, must apply to this contract. If no such determination has been made applicable to this contract, then the Federal minimum wage as established by section 6(a)(1) of the Fair Labor Standards Act of1938, as amended, (29 U.S.C. 206) current on the anniversary date of a multiple year contract or the beginning of each renewal option period, must apply to this contract.

(d) The contract price, contract unit price labor rates, or fixed hourly labor rates will be adjusted to reflect the Contractor's actual increase or decrease in applicable wages and fringe benefits to the extent that the increase is made to comply with or the decrease is voluntarily made by the Contractor as a result of:

(1) The Department of Labor wage determination applicable on the anniversary date of the multiple year contract, or at the beginning of the renewal option period. For example, the prior year wage determination required a minimum wage rate of $4.00 per hour. The Contractor chose to pay $4.10. The new wage determination increases the minimum rate to $4.50 per hour. Even if the Contractor voluntarily increases the rate to $4.75 per hour, the allowable price adjustment is $.40 per hour;

(2) An increased or decreased wage determination otherwise applied to the contract by operation of law; or

(3) An amendment to the Fair Labor Standards Act of1938 that is enacted after award of this contract, affects the minimum wage, and becomes applicable to this contract under law.

(e) Any adjustment will be limited to increases or decreases in wages and fringe benefits as described in paragraph (d) of this clause, and the accompanying increases or decreases in social security and unemployment taxes and workers' compensation insurance, but must not otherwise include any amount for general and administrative costs, overhead, or profit.

(f) The Contractor must notify the Contracting Officer of any increase claimed under this clause within 30 days after receiving a new wage determination unless this notification period is extended in writing by the Contracting Officer. The Contractor must promptly notify the Contracting Officer of any decrease under this clause, but nothing in the clause shall preclude the Government from asserting a claim within the period permitted by law. The notice must contain a statement of the amount claimed and the change in fixed hourly rates (if this is a time-and-materials or labor-hour contract), and any relevant supporting data, including payroll records, that the Contracting Officer may reasonably require. Upon agreement of the parties, the contract price, contract unit price labor rates, or fixed hourly rates must be modified in writing. The Contractor must continue performance pending agreement on or determination of any such adjustment and its effective date.

(g) The Contracting Officer or an authorized representative must have access to and the right to examine any directly pertinent books, documents, papers and records of the Contractor until the expiration of 3 years after final payment under the contract.

(End of clause)

52.222-49 SERVICE CONTRACT LABOR STANDARDS-PLACE OF PERFORMANCE UNKNOWN (MAY 2014) (DEVIATION NOV 2025)

(a) This contract is subject to the Service Contract Labor Standards statute, and the place of performance was unknown when the solicitation was issued. In addition to places or areas identified in

wage determinations, if any, attached to the solicitation, wage determinations have also been requested for the following: _____ *[insert places or areas]*. The Contracting Officer will request wage determinations for additional places or areas of performance if asked to do so in writing by _____ *[insert time and date]*.

(b) Offerors who intend to perform in a place or area of performance for which a wage determination has not been attached or requested may nevertheless submit bids or proposals. However, a wage determination must be requested and incorporated in the resultant contract retroactive to the date of contract award, and there shall be no adjustment in the contract price.

52.222-51 EXEMPTION FROM APPLICATION OF THE SERVICE CONTRACT LABOR STANDARDS TO CONTRACTS FOR MAINTENANCE, CALIBRATION, OR REPAIR OF CERTAIN EQUIPMENT-REQUIREMENTS (MAY 2014) (DEVIATION NOV 2025)

(a) The items of equipment to be serviced under this contract are used regularly for other than Government purposes, and are sold or traded by the Contractor in substantial quantities to the general public in the course of normal business operations.

(b) The services must be furnished at prices which are, or are based on, established catalog or market prices for the maintenance, calibration, or repair of equipment.

(1) An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the Contractor, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public.

(2) An "established market price" is a current price, established in the usual course of trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or Contractor.

(c) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract must be the same as that used for these employees and for equivalent employees servicing the same equipment of commercial customers.

(d) The Contractor is responsible for compliance with all the conditions of this exemption by its subcontractors. The Contractor must determine the applicability of this exemption to any subcontract on or before subcontract award. In making a judgment that the exemption applies, the Contractor must consider all factors and make an affirmative determination that all of the conditions in paragraphs (a) through (c) of this clause will be met.

(e) If the Department of Labor determines that any conditions for exemption in paragraphs (a) through (c) of this clause have not been met, the exemption shall be deemed inapplicable, and the contract shall become subject to the Service Contract Labor Standards statute. In such case, the procedures at 29 CFR 4.123(e)(1)(iv) and 29 CFR 4.5(c) will be followed.

(f) The Contractor must include the substance of this clause, including this paragraph (f), in subcontracts for exempt services under this contract.

(End of clause)

52.222-55 MINIMUM WAGES FOR CONTRACTOR WORKERS UNDER EXECUTIVE ORDER 14026 (JAN 2022) (DEVIATION NOV

2025)

(a) *Definitions.* As used in this clause—

United States means the 50 states, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, Johnston Island, Wake Island, and the outer Continental Shelf as defined in the Outer Continental Shelf Lands Act (43 U.S.C. 1331, *et seq.*).

Worker—

(1)

(i) Means any person engaged in performing work on, or in connection with, a contract covered by Executive Order 14026, and —

(A) Whose wages under such contract are governed by the Fair Labor Standards Act (29 U.S.C. chapter 8), the Service Contract Labor Standards statute (41 U.S.C. chapter 67), or the Wage Rate Requirements (Construction) statute (40 U.S.C. chapter 31, subchapter IV);

(B) Other than individuals employed in a bona fide executive, administrative, or professional capacity, as those terms are defined in 29 CFR part 541; and

(C) Regardless of the contractual relationship alleged to exist between the individual and the employer.

(ii) Includes workers performing on, or in connection with, the contract whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(c).

(iii) Also includes any person working on, or in connection with, the contract and individually registered in a bona fide apprenticeship or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship.

(2)

(i) A worker performs *on* a contract if the worker directly performs the specific services called for by the contract; and

(ii) A worker performs *in connection with* a contract if the worker's work activities are necessary to the performance of a contract but are not the specific services called for by the contract.

(b) *Executive Order minimum wage rate.*

(1) The Contractor must pay to workers, while performing in the United States, and performing on, or in connection with, this contract, a minimum hourly wage rate of $15.00 per hour beginning January 30, 2022.

(2) The Contractor must adjust the minimum wage paid, if necessary, beginning January 1, 2023, and annually thereafter, to meet the applicable annual E.O. minimum wage. The Administrator of the Department of Labor's Wage and Hour Division (the Administrator) will publish annual determinations in the Federal Register no later than 90 days before the effective date of the new E.O. minimum wage rate. The Administrator will also publish the applicable E.O. minimum wage on https://www.sam.gov (or any successor Web site), and a general notice on all wage determinations issued under the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, that will provide information on the E.O. minimum wage and how to obtain annual updates. The applicable published E.O. minimum wage is incorporated by reference into this contract.

(3)

(i) The Contractor may request a price adjustment only after the effective date of the new annual E.O. minimum wage determination. Prices will be adjusted only for increased labor costs (including subcontractor labor costs) as a result of an increase in the annual E.O. minimum wage, and for associated labor costs (including those for subcontractors). Associated labor costs must include increases or decreases that result from changes in social security and unemployment taxes and workers' compensation insurance, but will not otherwise include any amount for general and administrative costs, overhead, or profit.

(ii) Subcontractors may be entitled to adjustments due to the new minimum wage, pursuant to paragraph (b)(2). Contractors must consider any subcontractor requests for such price adjustment.

(iii) The Contracting Officer must not adjust the contract price under this clause for any costs other than those identified in paragraph (b)(3)(i) of this clause, and must not provide duplicate price adjustments with any price adjustment under clauses implementing the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute.

(4) The Contractor warrants that the prices in this contract do not include allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(5) A pay period under this clause may not be longer than semi-monthly, but may be shorter to comply with any applicable law or other requirement under this contract establishing a shorter pay period. Workers must be paid no later than one pay period following the end of the regular pay period in which such wages were earned or accrued.

(6) The Contractor must pay, unconditionally to each worker, all wages due free and clear without subsequent rebate or kickback. The Contractor may make deductions that reduce a worker's wages below the E.O. minimum wage rate only if done in accordance with 29 CFR 23.230, Deductions.

(7) The Contractor must not discharge any part of its minimum wage obligation under this clause by furnishing fringe benefits or, with respect to workers whose wages are governed by the Service Contract Labor Standards statute, the cash equivalent thereof.

(8) Nothing in this clause shall excuse the Contractor from compliance with any applicable Federal or State prevailing wage law or any applicable law or municipal ordinance or any applicable contract establishing a minimum wage higher than the E.O. 14026 minimum wage. However, wage increases under such other laws or municipal ordinances are not subject to price adjustment under this subpart.

(9) The Contractor must pay the E.O. minimum wage rate whenever it is higher than any applicable collective bargaining agreement(s) wage rate.

(10) The Contractor must follow the policies and procedures in 29 CFR 23.240(b) and 23.280 for treatment of workers engaged in an occupation in which they customarily and regularly receive more than $30 a month in tips.

(c)

(1) This clause applies to workers as defined in paragraph (a). As provided in that definition—

(i) Workers are covered regardless of the contractual relationship alleged to exist between the contractor or subcontractor and the worker;

(ii) Workers with disabilities whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(c) are covered; and

(iii) Workers who are registered in a bona fide apprenticeship program or training program registered with the Department of Labor's Employment and Training Administration, Office of

Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship, are covered.

(2) This clause does not apply to—

(i) Fair Labor Standards Act (FLSA)-covered individuals performing in connection with contracts covered by the E.O., *i.e.* those individuals who perform duties necessary to the performance of the contract, but who are not directly engaged in performing the specific work called for by the contract, and who spend less than 20 percent of their hours worked in a particular workweek performing in connection with such contracts;

(ii) Individuals exempted from the minimum wage requirements of the FLSA under 29 U.S.C. 213(a) and 214(a) and (b), unless otherwise covered by the Service Contract Labor Standards statute, or the Wage Rate Requirements (Construction) statute. These individuals include but are not limited to—

(A) Learners, apprentices, or messengers whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(a);

(B) Students whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(b); and

(C) Those employed in a bona fide executive, administrative, or professional capacity (29 U.S.C. 213(a)(1) and 29 CFR part 541).

(d) *Notice.* The Contractor must notify all workers performing work on, or in connection with, this contract of the applicable E.O. minimum wage rate under this clause. With respect to workers covered by the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, the Contractor may meet this requirement by posting, in a prominent and accessible place at the worksite, the applicable wage determination under those statutes. With respect to workers whose wages are governed by the FLSA, the Contractor must post notice, utilizing the poster provided by the Administrator, which can be obtained at www.dol.gov/agencies/whd/government-contracts, in a prominent and accessible place at the worksite. Contractors that customarily post notices to workers electronically may post the notice electronically provided the electronic posting is displayed prominently on any Web site that is maintained by the contractor, whether external or internal, and customarily used for notices to workers about terms and conditions of employment.

(e) *Payroll Records.*

(1) The Contractor must make and maintain records, for three years after completion of the work, containing the following information for each worker:

(i) Name, address, and social security number;

(ii) The worker's occupation(s) or classification(s);

(iii) The rate or rates of wages paid;

(iv) The number of daily and weekly hours worked by each worker;

(v) Any deductions made; and

(vi) Total wages paid.

(2) The Contractor must make records pursuant to paragraph (e)(1) of this clause available for inspection and transcription by authorized representatives of the Administrator. The Contractor must also make such records available upon request of the Contracting Officer.

(3) The Contractor must make a copy of the contract available, as applicable, for inspection or transcription by authorized representatives of the Administrator.

(4) Failure to comply with this paragraph (e) shall be a violation of 29 CFR 23.260 and this contract. Upon direction of the Administrator or upon the Contracting Officer's own action, payment must be withheld until such time as the noncompliance is corrected.

(5) Nothing in this clause limits or otherwise modifies the Contractor's payroll and recordkeeping obligations, if any, under the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, the Fair Labor Standards Act, or any other applicable law.

(f) *Access.* The Contractor must permit authorized representatives of the Administrator to conduct investigations, including interviewing workers at the worksite during normal working hours.

(g) *Withholding.* The Contracting Officer, upon his or her own action or upon written request of the Administrator, must withhold funds or cause funds to be withheld, from the Contractor under this or any other Federal contract with the same Contractor, sufficient to pay workers the full amount of wages required by this clause.

(h) *Disputes.* Department of Labor has set forth in 29 CFR 23.510, Disputes concerning contractor compliance, the procedures for resolving disputes concerning a contractor's compliance with Department of Labor regulations at 29 CFR part 23. Such disputes must be resolved in accordance with those procedures and not the Disputes clause of this contract. These disputes include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the Department of Labor, or the workers or their representatives.

(i) *Antiretaliation.* The Contractor must not discharge or in any other manner discriminate against any worker because such worker has filed any complaint or instituted or caused to be instituted any proceeding under or related to compliance with the E.O. or this clause, or has testified or is about to testify in any such proceeding.

(j) *Subcontractor compliance.* The Contractor is responsible for subcontractor compliance with the requirements of this clause and may be held liable for unpaid wages due subcontractor workers.

(k) *Subcontracts.* The Contractor must include the substance of this clause, including this paragraph (k) in all subcontracts, regardless of dollar value, that are subject to the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, and are to be performed in whole or in part in the United States.

(End of clause)

52.222-3 CONVICT LABOR (JUN 2003) (DEVIATION NOV 2025)

(a) Except as provided in paragraph (b) of this clause, the Contractor must not employ in the performance of this contract any person undergoing a sentence of imprisonment imposed by any court of a State, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, or the U.S. Virgin Islands.

(b) The Contractor is not prohibited from employing persons—

(1) On parole or probation to work at paid employment during the term of their sentence;

(2) Who have been pardoned or who have served their terms; or

(3) Confined for violation of the laws of any of the States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, or the U.S. Virgin Islands who are authorized to

work at paid employment in the community under the laws of such jurisdiction, if-

(i) The worker is paid or is in an approved work training program on a voluntary basis;

(ii) Representatives of local union central bodies or similar labor union organizations have been consulted;

(iii) Such paid employment will not result in the displacement of employed workers, or be applied in skills, crafts, or trades in which there is a surplus of available gainful labor in the locality, or impair existing contracts for services;

(iv) The rates of pay and other conditions of employment will not be less than those paid or provided for work of a similar nature in the locality in which the work is being performed; and

(v) The Attorney General of the United States has certified that the work-release laws or regulations of the jurisdiction involved are in conformity with the requirements of Executive Order11755, as amended by Executive Orders 12608 and 12943.

(End of clause)

52.244-6 SUBCONTRACTS FOR COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (OCT 2025) (DEVIATION NOV 2025)

(a) *Definitions.* As used in this clause—

Commercial product, commercial service and nondevelopmental item have the meanings contained in Federal Acquisition Regulation (FAR) 2.101.

Subcontract has the meaning at FAR 44.401

(b) *Requirements.*

(1) To the maximum extent practicable, the Contractor shall incorporate, and require its subcontractors at all tiers to incorporate, commercial products, commercial services, or non-developmental items as components of items to be supplied under this contract.

(2) If a clause in the following table is included in the contract, the Contractor shall insert the clause in subcontracts for commercial products or commercial services and must flow down the requirements of the clause to subcontracts as indicated in the specific clause:

Number	Title	Date
52.203-13	Contractor Code of Business Ethics and Conduct	NOV 2021
52.203-17	Contractor Employee Whistleblower Rights	NOV 2023
52.203-19	Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements	JAN 2017

52.204-9	Personal Identity Verification of Contractor Personnel	JAN 2011
52.219-8 *	Utilization of Small Business Concerns	JAN 2025
52.222-35	Equal Opportunity for Veterans	JUN 2020
52.222-36	Equal Opportunity for Workers with Disabilities	JUN 2020
52.222-37	Employment Reports on Veterans	JUN 2020
52.222-40	Notification of Employee Rights Under the National Labor Relations Act	DEC 2010
52.222-41	Service Contract Labor Standards	AUG 2018
52.222-50	Combating Trafficking in Persons	NOV 2021
52.222-50 with Alt I	Combating Trafficking in Persons, with its Alternate I	MAR 2015
52.222-51	Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment—Requirements	MAY 2014
52.222-53	Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services—Requirements	MAY 2014
52.222-54	Employment Eligibility Verification	JAN 2025
52.222-62	Paid Sick Leave Under Executive Order 13706	JAN 2022
52.224-3	Privacy Training	JAN 2017

52.224-3 with Alt I	Privacy Training, with Alternate I	JAN 2017
52.225-26	Contractors Performing Private Security Functions Outside the United States	OCT 2016
52.232-40	Providing Accelerated Payments to Small Business Subcontractors	MAR 2023
52.240-91	Security Prohibitions and Exclusions	DATE
52.240-91 with Alt I	Security Prohibitions and Exclusions, with its Alternate I	DATE
52.240-92	Security Requirements	DATE
52.240-92 with Alt II	Security Requirements, with its Alternate II	DATE
52.247-64	Preference for Privately Owned U.S.-Flag Commercial Vessels	NOV 2021

* Include only if the subcontract offers further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds the applicable threshold specified in FAR 19.109(a) on the date of subcontract award, the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(c) *Subcontracts*. The Contractor shall include the terms of this clause, including this paragraph (c), in subcontracts awarded under this contract.

(End of clause)

52.219-9 SMALL BUSINESS SUBCONTRACTING PLAN (JAN 2025) (ALTERNATE II – FEB 2026) (DEVIATION FEB 2026)

(a) This clause does not apply to small business concerns.

(b) *Definitions.* As used in this clause—

Alaska Native Corporation (ANC) means any Regional Corporation, Village Corporation, Urban Corporation, or Group Corporation organized under the laws of the State of Alaska in accordance with the Alaska Native Claims Settlement Act (43 U.S.C. 1601, *et seq.*) and which is considered a minority and economically disadvantaged concern under the criteria at 43 U.S.C. 1626(e)(1). This

definition also includes ANC direct and indirect subsidiary corporations, joint ventures, and partnerships that meet the requirements of 43 U.S.C. 1626(e)(2).

Commercial plan means a subcontracting plan (including goals) that covers the offeror's fiscal year and that applies to the entire production of commercial products and commercial services sold by either the entire company or a portion thereof (*e.g.*, division, plant, or product line).

Commercial product means a product that satisfies the definition of "commercial product" in Federal Acquisition Regulation (FAR) 2.101.

Commercial service means a service that satisfies the definition of "commercial service" in FAR 2.101.

Indian tribe means any Indian tribe, band, group, pueblo, or community, including native villages and native groups (including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.), that is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs in accordance with 25 U.S.C. 1452(c). This definition also includes Indian-owned economic enterprises that meet the requirements of 25 U.S.C. 1452(e).

Individual subcontracting plan means a subcontracting plan that covers the entire contract period (including option periods), applies to a specific contract, and has goals that are based on the offeror's planned subcontracting in support of the specific contract, except that indirect costs incurred for common or joint purposes may be allocated on a prorated basis to the contract.

Master subcontracting plan means a subcontracting plan that contains all the required elements of an individual subcontracting plan, except goals, and may be incorporated into individual subcontracting plans, provided the master subcontracting plan has been approved.

Reduced payment means a payment for less than the amount agreed upon in a subcontract in accordance with its terms and conditions, for supplies and services for which the Government has paid the prime contractor.

Subcontract means any agreement (other than one involving an employer-employee relationship) entered into by a Federal Government prime contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

Subcontracting Plan Reporting (SPR) means the electronic subcontracting reporting system at SAM.gov for small business subcontracting program reporting.

Total contract dollars means the final anticipated dollar value, including the dollar value of all options.

Untimely payment means a payment to a subcontractor that is more than 90 days past due under

the terms and conditions of a subcontract for supplies and services for which the Government has paid the prime contractor.

(c)

(1) The Offeror shall include with its proposal, submitted in response to this solicitation, a subcontracting plan that separately addresses subcontracting with small business, veteran-owned small business (VOSB), service-disabled veteran-owned small business (SDVOSB), HUBZone small business, small disadvantaged business (SDB), and women-owned small business (WOSB) concerns. If the Offeror is submitting an individual subcontracting plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The Contracting Officer shall include the plan in and make it a part of the resultant contract. The Offeror shall negotiate the subcontracting plan within the timeframe specified by the Contracting Officer. If the Offeror fails to submit and negotiate a subcontracting plan, the Offeror shall not be eligible for award of a contract.

(2)

(i) Unless the Contractor has reason to question the representations, it may accept a subcontractor's written representations of its size and socioeconomic status as a small business or SDB, if the subcontractor represents that the size and socioeconomic status representations with its offer are current, accurate, and complete as of the date of the offer for the subcontract.

(ii) Unless the Contractor has reason to question the representations, it may accept a subcontractor's representations of its size and socioeconomic status as a small business or SDB in the System for Award Management (SAM) if—

(A) The subcontractor is registered in SAM; and

(B) The subcontractor represents that the size and socioeconomic status representations made in SAM are current, accurate and complete as of the date of the offer for the subcontract.

(iii) The Contractor may not require that the subcontractor register in SAM for the purposes of representing size or socioeconomic status in connection with a subcontract.

(iv) A contractor acting in good faith is not liable for misrepresentations made by its subcontractors regarding the subcontractor's size or SDB status.

(v) In order to be eligible as a VOSB, SDVOSB, HUBZone small business, or WOSB concern, subcontractor under a subcontracting plan, the small business must be certified by the Small Business Administration (SBA) as that socioeconomic status. SBA certifications are in the Small Business Search (SBS) website at https://search.certifications.sba.gov/.

(d) The Offeror's subcontracting plan shall include the following:

(1) Separate goals, expressed in terms of total dollars subcontracted, and as a percentage of total planned subcontracting dollars, for the use of small business, VOSB, SDVOSB, HUBZone small business, SDB, and WOSB concerns as subcontractors. For individual subcontracting plans, and if required by the Contracting Officer, goals shall also be expressed in terms of percentage of total contract dollars, in addition to the goals expressed as a percentage of total subcontract dollars. The Offeror shall include all subcontracts that contribute to contract performance and may include a proportionate share of products and services that are normally allocated as indirect costs. In accordance with 15 U.S.C. 657r(a), an Offeror that is a mentor with an SBA-approved mentor-protégé agreement (see 13 CFR 125.9) and awards a subcontract to its protégé may apply the costs incurred for training it provides to its protégé toward its subcontracting plan goals, if the protégé is a covered territory business or the protégé's principal office is located in the Commonwealth of Puerto Rico. In accordance with 43 U.S.C. 1626—

(i) Count subcontracts awarded to an ANC or Indian tribe toward the subcontracting goals for small business and small disadvantaged business concerns, regardless of the size or SBA certification status of the ANC or Indian tribe; and

(ii) If one or more subcontractors are in the subcontract tier between the prime Contractor and the ANC or Indian tribe, then the ANC or Indian tribe shall designate the appropriate Contractor(s) to count the subcontract towards its small business and small disadvantaged business subcontracting goals.

(A) In most cases, the appropriate Contractor is the Contractor that awarded the subcontract to the ANC or Indian tribe.

(B) If the ANC or Indian tribe designates more than one Contractor to count the subcontract toward its goals, the ANC or Indian tribe shall designate only a portion of the total subcontract award to each Contractor. The sum of the amounts designated to various Contractors cannot exceed the total value of the subcontract.

(C) The ANC or Indian tribe shall give a copy of the written designation to the Contracting Officer, the prime Contractor, and the subcontractors between the prime Contractor and the ANC or Indian tribe within 30 days of the date of the subcontract award.

(D) If the Contracting Officer does not receive a copy of the ANC's or the Indian tribe's written designation within 30 days of the subcontract award, the Contracting Officer will consider the Contractor that awarded the subcontract to the ANC or Indian tribe the designated Contractor.

(2) A statement of–

(i) Total dollars planned to be subcontracted for an individual subcontracting plan; or the Offeror's total projected sales, expressed in dollars, and the total value of projected subcontracts, including all indirect costs except as described in paragraph (g) of this clause, to support the sales for a commercial plan;

(ii) Total dollars planned to be subcontracted to small business concerns (including ANC and Indian tribes);

(iii) Total dollars planned to be subcontracted to veteran-owned small business concerns;

(iv) Total dollars planned to be subcontracted to service-disabled veteran-owned small business;

(v) Total dollars planned to be subcontracted to HUBZone small business concerns;

(vi) Total dollars planned to be subcontracted to small disadvantaged business concerns (including ANCs and Indian tribes); and

(vii) Total dollars planned to be subcontracted to women-owned small business concerns.

(3) A description of the principal types of supplies and services to be subcontracted, and an identification of the types planned for subcontracting to-

(i) Small business concerns;

(ii) Veteran-owned small business concerns;

(iii) Service-disabled veteran-owned small business concerns;

(iv) HUBZone small business concerns;

(v) Small disadvantaged business concerns; and

(vi) Women-owned small business concerns.

(4) A description of the method used to develop the subcontracting goals in paragraph (d)(1) of this clause.

(5) A description of the method used to identify potential sources for solicitation purposes (*e.g.*, existing company source lists, SAM, veterans service organizations, the National Minority Purchasing Council Vendor Information Service, the Research and Information Division of the Minority Business Development Agency in the Department of Commerce, or small, HUBZone, small disadvantaged, and women-owned small business trade associations). A firm may rely on the information contained in SAM as an accurate representation of a concern's size and ownership characteristics for the purposes of maintaining a small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, and women-owned small business source list. Use of SAM as its source list does not relieve a firm of its responsibilities (*e.g.*, outreach, assistance, counseling, or publicizing subcontracting opportunities) in this clause.

(6) A statement as to whether or not the Offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with–

(i) Small business concerns (including ANC and Indian tribes);

(ii) Veteran-owned small business concerns;

(iii) Service-disabled veteran-owned small business concerns;

(iv) HUBZone small business concerns;

(v) Small disadvantaged business concerns (including ANC and Indian tribes); and

(vi) Women-owned small business concerns.

(7) The name of the individual employed by the Offeror who will administer the Offeror's subcontracting program, and a description of the duties of the individual.

(8) A description of the efforts the Offeror will make to assure that small business, VOSB, SDVOSB, HUBZone small business, SDB, and WOSB concerns have an equitable opportunity to compete for subcontracts.

(9) Assurances that the Offeror will include the clause of this contract entitled "Utilization of Small Business Concerns" in all subcontracts that offer further subcontracting opportunities, and that the Offeror will require all subcontractors (except small business concerns, including entities that are treated as small business concerns by statute for certain purposes (*e.g.*, ANCs, see 13 CFR 125.3(b)(2))) that receive subcontracts in excess of the applicable threshold specified in FAR 19.109(a) on the date

of subcontract award, with further subcontracting possibilities to adopt a subcontracting plan that complies with the requirements of this clause.

(10) Assurances that the Offeror will–

(i) Cooperate in any studies or surveys as may be required;

(ii) Submit periodic reports so the Government can determine the extent of compliance by the Contractor with the subcontracting plan;

(iii) Include subcontracting data for each order when reporting subcontracting achievements for indefinite-delivery, indefinite-quantity contracts with individual subcontracting plans where the contract is intended for use by multiple agencies;

(iv) Submit the Individual Subcontract Report (ISR) and/or the Summary Subcontract Report (SSR), in accordance with paragraph (l) of this clause using the SPR. The reports shall provide information on subcontract awards to small business concerns (including ANCs and Indian tribes that are not small businesses), veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns (including ANCs and Indian tribes that have not been certified by SBA as small disadvantaged businesses), women-owned small business concerns, and for NASA only, Historically Black Colleges and Universities and Minority Institutions. Reporting shall be in accordance with this clause, or as provided in agency regulations;

(v) Ensure that its subcontractors with subcontracting plans agree to submit the ISR and/or the SSR using SPR;

(vi) Provide its prime contract number, its unique entity identifier, and the e-mail address of the Offeror’s official responsible for acknowledging receipt of or rejecting the ISRs, to all first-tier subcontractors with subcontracting plans so they can enter this information into the SPR when submitting their ISRs; and

(vii) Require that each subcontractor with a subcontracting plan provide the prime contract number, its own unique entity identifier, and the e-mail address of the subcontractor’s official responsible for acknowledging receipt of or rejecting the ISRs, to its subcontractors with subcontracting plans.

(11) A description of the types of records that will be maintained concerning procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of the Offeror's efforts to locate small business,

VOSB, SDVOSB, HUBZone small business, SDB, and WOSB concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

(i) Source lists (*e.g.*, SAM), guides, and other data that identify small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns.

(ii) Organizations contacted in an attempt to locate sources that are small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concerns.

(iii) Records on each subcontract solicitation resulting in an award of more than the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, indicating-

(A) Whether small business concerns were solicited and, if not, why not;

(B) Whether veteran-owned small business concerns were solicited and, if not, why not;

(C) Whether service-disabled veteran-owned small business concerns were solicited and, if not, why not;

(D) Whether HUBZone small business concerns were solicited and, if not, why not;

(E) Whether small disadvantaged business concerns were solicited and, if not, why not;

(F) Whether women-owned small business concerns were solicited and, if not, why not; and

(G) If applicable, the reason award was not made to a small business concern.

(iv) Records of any outreach efforts to contact-

(A) Trade associations;

(B) Business development organizations;

(C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged, service-disabled veteran-owned, and women-owned small business sources; and

(D) Veterans service organizations.

(v) Records of internal guidance and encouragement provided to buyers through-

(A) Workshops, seminars, training, etc.; and

(B) Monitoring performance to evaluate compliance with the program's requirements.

(vi) On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply with this requirement.

(12) Assurances that the Offeror will make a good faith effort to acquire articles, equipment, supplies, services, or materials, or obtain the performance of construction work from the small business concerns that it used in preparing the bid or proposal, in the same or greater scope, amount, and quality used in preparing and submitting the bid or proposal. Responding to a request for a quote does not constitute use in preparing a bid or proposal. The Offeror used a small business concern in preparing the bid or proposal if–

(i) The Offeror identifies the small business concern as a subcontractor in the bid or proposal or associated small business subcontracting plan, to furnish certain supplies or perform a portion of the subcontract; or

(ii) The Offeror used the small business concern's pricing or cost information or technical expertise in preparing the bid or proposal, where there is written evidence of an intent or understanding that the small business concern will be awarded a subcontract for the related work if the Offeror is awarded the contract.

(13) Assurances that the Contractor will provide the Contracting Officer with a written explanation if the Contractor fails to acquire articles, equipment, supplies, services, or materials or obtain the performance of construction work as described in paragraph (d)(12) of this clause. The Contractor shall submit the written explanation to the Contracting Officer within 30 days of contract completion.

(14) Assurances that the Contractor will not prohibit a subcontractor from discussing with the Contracting Officer any material matter pertaining to payment to or utilization of a subcontractor.

(15) Assurances that the Contractor will pay its small business subcontractors on time and in accordance with the terms and conditions of the underlying subcontract, and notify the Contracting Officer when the prime contractor makes either a reduced or an untimely payment to a small business subcontractor (see 52.242-5).

(e) In order to effectively implement this plan to the extent consistent with efficient contract performance, the Contractor shall perform the following functions:

(1) Assist small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns by arranging solicitations, time for the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the Contractor's lists of potential small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.

(2) Provide adequate and timely consideration of the potentialities of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in all "make-or-buy" decisions.

(3) Counsel and discuss subcontracting opportunities with representatives of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business firms.

(4) Confirm that a subcontractor representing itself as a HUBZone small business concern is certified by SBA as a HUBZone small business concern by accessing SAM or by accessing the Small Business Search (SBS) at https://search.certifications.sba.gov/.

(5) Provide notice to subcontractors concerning penalties and remedies for misrepresentations of business status as small, veteran-owned small business, HUBZone small, small disadvantaged, or women-owned small business for the purpose of obtaining a subcontract that is to be included as part or all of a goal contained in the Contractor's subcontracting plan.

(6) For all competitive subcontracts over the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, in which a small business concern received a small business preference, upon determination of the successful subcontract offeror, prior to award of the subcontract the Contractor must inform each unsuccessful small business subcontract offeror in writing of the name and location of the apparent successful offeror and if the successful subcontract offeror is a small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concern.

(7) Assign each subcontract the NAICS code and corresponding size standard that best describes the principal purpose of the subcontract.

(f) A master subcontracting plan on a plant or division-wide basis that contains all the elements required by paragraph (d) of this clause, except goals, may be incorporated by reference as a part of the subcontracting plan required of the Offeror by this clause; provided-

(1) The master subcontracting plan has been approved;

(2) The Offeror ensures that the master subcontracting plan is updated as necessary and provides copies of the approved master subcontracting plan, including evidence of its approval, to the Contracting Officer; and

(3) Goals and any deviations from the master subcontracting plan deemed necessary by the Contracting Officer to satisfy the requirements of this contract are set forth in the individual subcontracting plan.

(g) A commercial plan is the preferred type of subcontracting plan for contractors furnishing commercial products and commercial services. The commercial plan shall relate to the offeror's planned subcontracting generally, for both commercial and Government business, rather than solely to the Government contract. Once the Contractor's commercial plan has been approved, the Government will not require another subcontracting plan from the same Contractor while the plan remains in effect, as long as the product or service being provided by the Contractor continues to meet the definition of a commercial product or commercial service. A Contractor with a commercial plan shall comply with the reporting requirements stated in paragraph (d)(10) of this clause by submitting one SSR in SPR for all contracts covered by its commercial plan. A Contractor authorized to use a commercial subcontracting plan shall include in its subcontracting goals and in its SSR all indirect costs, with the exception of those such as the following: Employee salaries and benefits; payments for petty cash; depreciation; interest; income taxes; property taxes; lease payments; bank fees; fines, claims, and dues; original equipment manufacturer relationships during warranty periods (negotiated up front with the product); utilities and other services purchased from a municipality or an entity solely authorized by the municipality to provide those services in a particular geographical region; and philanthropic contributions. This report shall be monitored in SPR by the agency that approved the plan. This report shall be submitted within 45 days after the end of the Government's fiscal year.

(h) The Contracting Officer will consider prior compliance of the Offeror with other such subcontracting plans under previous contracts in determining the responsibility of the Offeror for award of the contract.

(i) A contract may have no more than one subcontracting plan. When a contract modification exceeds the subcontracting plan threshold in FAR 19.109(a), or an option is

exercised, the goals of the existing subcontracting plan shall be amended to reflect any new subcontracting opportunities. When the goals in a subcontracting plan are amended, these goal changes do not apply retroactively.

(j) Subcontracting plans are not required from subcontractors when the prime contract is awarded under FAR part 12, Acquisition of Commercial Products and Commercial Services, or when the subcontractor provides a commercial product or commercial service subject to the clause at FAR 52.244-6, Subcontracts for Commercial Products and Commercial Services, under a prime contract.

(k) The Contracting Officer will consider failure of the Contractor or subcontractor to comply in good faith with the clause of this contract entitled "Utilization Of Small Business Concerns," or an approved plan required by this clause, a material breach of the contract and may consider the failure in any past performance evaluation of the Contractor.

(l) The Contractor shall submit ISRs and SSRs using the web-based SPR. Do not include purchases from a corporation, company, or subdivision that is an affiliate of the Contractor or subcontractor in these reports. Treat subcontract awards by affiliates as subcontract awards by the Contractor. Limit subcontract award data reported by the Contractor and subcontractors to awards made to their immediate next-tier subcontractors. The Contractor and its subcontractors cannot take credit for awards made to lower tier subcontractors, unless the Contractor or subcontractor has been designated to receive a small business or SDB credit from an ANC or Indian tribe. Include in these reports only subcontracts involving performance in the United States or its outlying areas, with the exception of subcontracts under a contract awarded by the State Department or any other agency that has statutory or regulatory authority to require subcontracting plans for subcontracts performed outside the United States and its outlying areas

(1) *ISR*. This report is not required for commercial plans. The report is required for each contract containing an individual subcontracting plan.

(i) The report shall be submitted semi-annually during contract performance for the periods ending March 31 and September 30. A report is also required for each contract within 45 days of contract completion. Reports are due 45 days after the close of each reporting period, unless otherwise directed by the Contracting Officer. Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or the previous reporting period. When notified of any anomaly, discrepancy, or error in the ISR, the Contractor shall submit a corrected report within 30 days of receiving the notice.

(ii)

(A) When a subcontracting plan contains separate goals for the base period of the contract and each option, the dollar goal inserted on this report shall be the sum of the base period through the current option; for example, for a report submitted after the second option is exercised, the dollar goal would be the sum of the goals for the basic contract, the first option, and the second option.

(B) If a subcontracting plan has been added to the contract pursuant to 19.302-1 or 19.301(e), the Contractor shall report its achievements on a cumulative basis from the date of incorporation of the subcontracting plan into the contract.

(iii) When a subcontracting plan includes indirect costs in the goals, include these costs in this report.

(iv) In the case of a subcontract with a subcontracting plan, the responsibility to monitor the ISR belongs to the entity that awarded the subcontract.

(2) *SSR.*

(i) Reports submitted under individual subcontracting plans–

(A) This report encompasses all subcontracting under prime contracts and subcontracts with an executive agency, regardless of the dollar value of the subcontracts. This report also includes indirect costs on a prorated basis when the indirect costs are excluded from the subcontracting goals.

(B) The report may be submitted on a corporate, company or subdivision (*e.g.* plant or division operating as a separate profit center) basis, unless otherwise directed by the agency.

(C) If the Contractor or a subcontractor is performing work for more than one executive agency, a separate report shall be submitted to each executive agency covering only that agency's contracts, provided at least one of that agency's contracts is over the applicable threshold specified in FAR 19.109(a), and the contract contains a subcontracting plan. For DoD, a consolidated report shall be submitted for all contracts awarded by military departments/agencies and/or subcontracts awarded by DoD prime contractors.

(D) The report shall be submitted annually by November 14 for the twelve month period ending September 30. When a Contracting Officer rejects an SSR, the Contractor shall submit a revised report within 30 days of receiving the notice of SSR rejection.

(E) Subcontract awards that are related to work for more than one executive agency shall be appropriately allocated.

(F) The responsibility to monitor SSRs in SPR, including SSRs submitted by subcontractors with subcontracting plans, belongs to the Government agency awarding the prime contracts unless stated otherwise in the contract.

(ii) *Reports submitted under a commercial plan-*

(A) The report shall include all subcontract awards under the commercial plan in effect during the Government's fiscal year and all indirect costs.

(B) The report shall be submitted annually, within thirty days after the end of the Government's fiscal year.

(C) If a Contractor has a commercial plan and is performing work for more than one executive agency, the Contractor shall specify the percentage of dollars attributable to each agency.

(D) The responsibility to monitor SSRs for commercial plans belongs to the Government agency that approved the commercial plan.

(End of clause)

52.219-6 NOTICE OF TOTAL SMALL BUSINESS SET-ASIDE (NOV 2020) (ALTERNATE I MAR 2020) (DEVIATION NOV 2025)

(a) Definition. Small business concern, as used in this clause—

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the size standards in this solicitation.

(2) Affiliates, as used in paragraph (a)(1) of this clause, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) Applicability. This clause applies only to-

(1) Contracts that have been set aside for small business concerns; and

(2) Orders set aside for small business concerns under multiple-award contracts as described in 8.4 and 16.5.

(c) General.

(1) Offers are solicited only from small business concerns and Federal Prison Industries, Inc. (FPI). Offers received from concerns that are not small business concerns or FPI shall be considered nonresponsive and will be rejected.

(2) Any award resulting from this solicitation will be made to either a small business concern or FPI.

(End of clause)

52.240-91 SECURITY PROHIBITIONS AND EXCLUSIONS (NOV 2025) (ALTERNATE I - NOV 2025) (DEVIATION)

(a) *Definitions.* As used in this clause—

American Security Drone Act-covered foreign entity means an entity included on a list that the Federal Acquisition Security Council (FASC) develops and maintains and publishes in the System for Award Management (SAM) at https://www.sam.gov (section 1822 of Pub. L. 118-31, 41 U.S.C. 3901 note prec.).

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (e.g., connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (e.g., fiber optic, coaxial cable, Ethernet).

Covered application means the social networking service TikTok or any successor application or service developed or provided by ByteDance Limited or an entity owned by ByteDance Limited.

Covered article, as defined in 41 U.S.C. 4713(k), means:

(1) Information technology, as defined in 40 U.S.C. 11101, including cloud computing services of all types;

(2) Telecommunications equipment or telecommunications service, as those terms are defined in section 3 of the Communications Act of 1934 (47 U.S.C. 153);

(3) The processing of information on a Federal or non-Federal information system, subject to the requirements of the Controlled Unclassified Information program (see 32 CFR part 2002); or

(4) Hardware, systems, devices, software, or services that include embedded or incidental information technology.

Covered foreign country means The People's Republic of China.

Covered telecommunications equipment or services means—

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means—

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled—

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

FASC-prohibited unmanned aircraft system means an unmanned aircraft system manufactured or assembled by an American Security Drone Act—covered foreign entity.

FASCSA order means any of the following orders issued under the Federal Acquisition Supply Chain Security Act (FASCSA) requiring removing covered articles from executive agency information systems or excluding one or more named sources or named covered articles from executive agency procurement actions, as described in 41 CFR 201-1.303(d) and (e):

(1) The Secretary of Homeland Security may issue FASCSA orders that apply to civilian agencies, to the extent not covered by paragraph (2) or (3) of this definition. This type of FASCSA order may be referred to as a Department of Homeland Security (DHS) FASCSA order.

(2) The Secretary of Defense may issue FASCSA orders that apply to the Department of Defense (DoD) and national security systems other than sensitive compartmented information systems. This type of FASCSA order may be referred to as a DoD FASCSA order.

(3) The Director of National Intelligence (DNI) may issue FASCSA orders that apply to the intelligence community and sensitive compartmented information systems, to the extent not covered by paragraph (2) of this definition. This type of FASCSA order may be referred to as a DNI FASCSA order.

Information technology, as defined in 40 U.S.C. 11101(6)—

(1) Means any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the executive agency, if the equipment is used by the executive agency directly or is used by a contractor under a contract with the executive agency that requires the use—

(i) Of that equipment; or

(ii) Of that equipment to a significant extent in the performance of a service or the furnishing of a product;

(2) Includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources; but

(3) Does not include any equipment acquired by a Federal contractor incidental to a Federal contract.

Intelligence community, as defined by 50 U.S.C. 3003(4), means the following—

(1) The Office of the Director of National Intelligence;

(2) The Central Intelligence Agency;

(3) The National Security Agency;

(4) The Defense Intelligence Agency;

(5) The National Geospatial-Intelligence Agency;

(6) The National Reconnaissance Office;

(7) Other offices within the Department of Defense for the collection of specialized national intelligence through reconnaissance programs;

(8) The intelligence elements of the Army, the Navy, the Air Force, the Marine Corps, the Coast Guard, the Federal Bureau of Investigation, the Drug Enforcement Administration, and the Department of Energy;

(9) The Bureau of Intelligence and Research of the Department of State;

(10) The Office of Intelligence and Analysis of the Department of the Treasury;

(11) The Office of Intelligence and Analysis of the Department of Homeland Security; or

(12) Such other elements of any department or agency as may be designated by the President, or designated jointly by the Director of National Intelligence and the head of the department or agency concerned, as an element of the intelligence community.

Interconnection arrangements means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (e.g., connecting a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

Kaspersky Lab-covered article means any hardware, software, or service that—

(1) Is developed or provided by a Kaspersky Lab-covered entity;

(2) Includes any hardware, software, or service developed or provided in whole or in part by a Kaspersky Lab-covered entity; or

(3) Contains components using any hardware or software developed in whole or in part by a Kaspersky Lab-covered entity.

Kaspersky Lab-covered entity means—

(1) Kaspersky Lab;

(2) Any successor entity to Kaspersky Lab, including any change in name, e.g., “Kaspersky”;

(3) Any entity that controls, is controlled by, or is under common control with Kaspersky Lab; or

(4) Any entity of which Kaspersky Lab has a majority ownership.

National security system, as defined in 44 U.S.C. 3552, means any information system (including any telecommunications system) used or operated by an agency or by a contractor of an agency, or other organization on behalf of an agency—

(1) The function, operation, or use of which involves intelligence activities; involves cryptologic activities related to national security; involves command and control of military forces; involves equipment that is an integral part of a weapon or weapons system; or is critical to the direct fulfillment of military or intelligence missions, but does not include a system that is to be used for routine administrative and business applications (including payroll, finance, logistics, and personnel management applications); or

(2) Is protected at all times by procedures established for information that have been specifically authorized under criteria established by an Executive order or an Act of Congress to be kept classified in the interest of national defense or foreign policy.

Roaming means cellular communications services (e.g., voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

Sensitive compartmented information means classified information concerning or derived from intelligence sources, methods, or analytical processes, which is required to be handled within formal access control systems established by the Director of National Intelligence.

Sensitive compartmented information system means a national security system authorized to process or store sensitive compartmented information.

Source means a non-Federal supplier, or potential supplier, of products or services, at any tier.

Subsidiary means an entity in which more than 50 percent of the entity is owned directly by a parent corporation or through another subsidiary of a parent corporation.

Substantial or essential component means any component necessary for the proper function or performance of a piece of equipment, system, or service.

Unmanned aircraft means an aircraft that is operated without the possibility of direct human intervention from within or on the aircraft (49 U.S.C. 44801(11)).

Unmanned aircraft system means an unmanned aircraft and associated elements (including communication links and the components that control the unmanned aircraft) that are required for the

operator to operate safely and efficiently in the national airspace system (49 U.S.C. 44801(12)).

(b) *Prohibitions on providing or using specific products or services in performance of contract.* Unless a waiver or exception applies, the Contractor is prohibited from providing any products or services to the Government or using in the performance of the contract any of the following:

(1) A covered application on any information technology owned or managed by the Government, or on any information technology used or provided by the Contractor under this contract, including equipment provided by the Contractor's employees (section 102 of Division R of the Consolidated Appropriations Act, 2023 (Pub. L. 117-328));

(2) A Kaspersky Lab-covered article (Section 1634 of Division A of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91));

(3) Covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system (paragraphs (a)(1)(A) of section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232)). This does not prohibit contractors from providing—

(i) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) Prohibition on unmanned aircraft systems manufactured or assembled by American Security Drone Act—covered foreign entities.

(1) Prohibition. The Contractor is prohibited from—

(i) Delivering any FASC-prohibited unmanned aircraft system, which includes unmanned aircraft (i.e., drones) and associated elements (sections 1823 and 1826 of American Security Drone Act of 2023, within the National Defense Authorization Act for Fiscal Year 2024, Pub. L. 118-31, Div. A, Title XVIII, Subtitle B, 41 U.S.C. 3901 note prec.);

(ii) On or after December 22, 2025, operating a FASC-prohibited unmanned aircraft system in the performance of the contract (section 1824 of Pub. L. 118-31); and

(iii) On or after December 22, 2025, using Federal funds to procure or operate a FASC-prohibited unmanned aircraft system (section 1825 of Pub. L. 118-31).

(2) *Procedures*. The Contractor shall search SAM for the FASC-maintained list of American Security Drone Act—covered foreign entities before proposing, or using in performance of the contract, any unmanned aircraft system. Also, the Contractor shall ensure any effort or expenditure associated with a FASC-prohibited unmanned aircraft system is consistent with a corresponding exemption, exception, or waiver determination expressly stated in the contract.

(3) *Exemptions, exceptions, and waivers*. The prohibitions in paragraph (c) of this clause do not apply where the agency has determined an exemption, exception, or waiver applies, and the contract indicates that such a determination has been made. See sections 1823 through 1825 and 1832 of Public Law 118-31 for statutory requirements pertaining to exemptions, exceptions, and waivers.

(d) *Prohibition on using or providing specific products or services or conducting certain transactions regardless of connection to contract.*

(1) *Certain telecommunications and video surveillance equipment, systems, or services*.

(i) Unless an applicable waiver has been issued by the Government, the Contractor cannot use any equipment, systems, or services that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system (paragraph (a)(1)(B) of section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232)).

(ii) This prohibition applies to using covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. This does not prohibit the contractor from using—

(A) A service that connects to the facilities of a third party, such as backhaul, roaming, or interconnection arrangements; or

(B) Telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) *Office of Foreign Assets Control Restrictions*.

(i) Except as authorized by the Office of Foreign Assets Control (OFAC) in the Department of the Treasury, the Contractor shall not acquire, for use in the performance of this contract, any supplies or services if any proclamation, Executive order, or statute administered by OFAC, or if OFAC's implementing regulations at 31 CFR chapter V, would prohibit such a transaction by a person subject to the jurisdiction of the United States.

(ii) Except as authorized by OFAC, most transactions involving Cuba, Iran, and Sudan are prohibited, as are most imports from Burma or North Korea, into the United States or its outlying areas.

(A) For lists of entities and individuals subject to economic sanctions, see OFAC's List of Specially Designated Nationals and Blocked Persons at https://home.treasury.gov/policy-issues/financial-sanctions/specially-designated-nationals-and-blocked-persons-list

(B) For more information about these restrictions, as well as updates, see OFAC's regulations at 31 CFR chapter V and at https://home.treasury.gov/policy-issues/office-of-foreign-assets-control-sanctions-programs-and-information.

(C) To conduct electronic screens of potential parties to regulated transactions, see the consolidated screening list at https://www.trade.gov/consolidated-screening-list, which consolidates multiple export screening lists of the Departments of Commerce, State, and the Treasury.

(3) *Sudan prohibition*. The Contractor is prohibited from conducting any restricted business operations in Sudan in accordance with Accountability and Divestment Act of 2007 (Pub. L. 110-174).

(4) *Iran prohibitions*.

(i) Unless an exception applies according to paragraph (d)(4)(iii) or the Government grants a waiver, the contractor shall not engage in certain activities or transactions relating to Iran (section 6(b)(1)(A) of Iran Sanctions Act (50 U.S.C. 1701 note).

(ii) Unless an exception applies according to paragraph (d)(4)(iii) or the Government grants a waiver, contractor shall not export certain sensitive technology to Iran, as determined by the President, and has an active exclusion in SAM (22 U.S.C. 8515).

(iii) The prohibition in paragraphs (d)(4)(i) and (d)(4)(ii) do not apply if the acquisition is subject to trade agreements and the offeror certifies that all the offered products are designated

country end products or designated country construction material (see part 25).

(iv) Unless an exception applies or the Government grants a waiver, contractors are prohibited from knowingly engaging in any significant transaction (i.e., over $15,000) with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked according to the International Emergency Economic Powers Act (section 6(b)(1)(B) of Iran Sanctions Act (50 U.S.C. 1701 note)).

(e) *Governmentwide exclusion and removal orders*.

(1) Contractors are prohibited from providing or using as part of the performance of the contract any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by any applicable FASCSA orders identified by the checkbox(es) in this paragraph (e)(1). [*Contracting Officer must select either "yes" or "no" for each of the following types of FASCSA orders*:]

Yes X No ____ DHS FASCSA Order

Yes X No ____ DoD FASCSA Order

Yes X No ____ DNI FASCSA Order

(2) The Contractor shall search for the phrase "FASCSA order" in the System for Award Management (SAM) at https://www.sam.gov to locate applicable FASCSA orders.

(3) The Government may identify in the solicitation other FASCSA orders that are not in SAM, which are effective and apply to the solicitation and resulting contract.

(4) A FASCSA order issued after the date of solicitation applies to this contract only if added by an amendment to the solicitation or modification to the contract (see FAR 40.204-1(c)).

(f) *Reasonable inquiry*. The contractor shall conduct a reasonable inquiry to determine if there are any prohibited products or services. The inquiry will look at any information in the entity's possession but does not need to include an internal or third-party audit.

(g) *Removal of prohibited products and services*. For Federal Supply Schedules, Governmentwide acquisition contracts, multi-agency contracts or any other procurement instrument intended for use by multiple agencies, upon notification from the Contracting Officer, during the performance of the contract, the Contractor shall promptly make any necessary changes or modifications to remove any product or service produced or provided by a source that this clause prohibits.

(h) *General report*.

(1) If the Contractor identifies or is notified by any source, (including a subcontractor at any tier), that any product or service provided or used (or to be provided or used) during contract performance does not comply with any prohibition in this clause, then the Contractor shall report the following information, or as much information is known, in writing to the contracting office as identified in paragraph (h)(2) within 72 hours:

(i) Contract number and order number, if applicable;

(ii) The specific prohibition the product or service is not complying with;

(iii) A description of the products or services that the Contractor identifies or has reason to suspect is prohibited (include brand; model number, such as the original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable);

(iv) The entity that produced the product or service (include entity name, unique entity identifier, Contractor and Government Entity (CAGE) code, facilities responsible for design, fabrication, assembly, packaging, and test of the product, and whether the entity was the OEM or a distributor (provide manufacturer codes and distributor codes used for the product));

(v) Description of the functionality of the product or service and how that functionality impacts the risk to the product or service;

(vi) An explanation of any factors relevant to determining if the product or service should be permitted by an applicable exception, exemption, or waiver (if the contractor would like the Government to consider a waiver, and asks for such a waiver);

(vii) Whether alternative products or services are available that would comply with the prohibition;

(viii) If the product or service is related to item maintenance, include the following information on the item being maintained:

(A) Brand;

(B) Model number, OEM number, manufacturer part number, or wholesaler number; and

(C) Item description, as applicable.

(ix) Any readily available information about mitigation actions implemented or recommended.

(2) If a report must be submitted to a contracting office, the Contractor shall submit the report as follows:

(i) If a Department of Defense contracting office, the Contractor shall report to the website at https://dibnet.dod.mil.

(ii) For all other contracting offices, the Contractor shall report to the Contracting Officer.

(iii) For indefinite delivery contracts, the Contractor shall report to both the contracting office for the indefinite delivery contract and the contracting office for any affected order.

(3) If the report provided does not contain any of the information required by paragraph (h)(1) of this clause, and the contractor later discovers new information that is required by paragraph (h)(1) of this clause, then the contractor shall submit a subsequent report within 72 hours of discovering the new information.

(4) The contractor shall also report the information in paragraph (h)(1) if the contractor wishes to ask for a waiver of the requirements of a new FASCSA order being applied through modification.

(i) *New FASCSA orders report.*

(1) During contract performance, the Contractor shall review SAM at least once every three months, or as advised by the Contracting Officer, to check for covered articles subject to FASCSA order(s), or for products or services produced by a source subject to FASCSA order(s) not currently identified under paragraph (e) of this clause.

(2) If the Contractor identifies a new FASCSA order(s) that could impact their supply chain, then the Contractor shall conduct a reasonable inquiry to identify whether a covered article or product or

service produced or provided by a source subject to the FASCSA order(s) was provided to the Government or used during contract performance. The inquiry will look at any information in the entity's possession but does not need to include an internal or third-party audit.

(3) The Contractor shall submit a report to the contracting office identified in paragraph (h)(2) of this clause if the Contractor identifies, including through any notification by a subcontractor at any tier, that a covered article or product or service produced or provided by a source was provided to the Government or used during contract performance and is subject to a FASCSA order(s). For indefinite delivery contracts, the Contractor shall report to both the contracting office for the indefinite delivery contract and the contracting office for any affected order. The Contractor shall report the following information within 72 hours for each covered article or each product or service produced or provided by a source, where the covered article or source is subject to a FASCSA order:

(i) Contract number and order number, if applicable;

(ii) Name of the covered article or source subject to a FASCSA order;

(iii) The specific FASCSA order the product or service does not comply with;

(iv) The elements of (h)(1)(iii) through (ix) of this clause.

(j) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (j) but excluding subparagraphs (d)(1) and (i)(1), in all subcontracts and other contractual instruments, including subcontracts for acquiring commercial products or commercial services.

(End of clause)

52.222–62 PAID SICK LEAVE UNDER EXECUTIVE ORDER 13706 (JAN 2022) (DEVIATION NOV 2025)

(a) *Definitions*. As used in this clause (in accordance with 29 CFR 13.2)-

Child, "domestic partner", and "domestic violence" have the meaning given in 29 CFR 13.2.

Employee –

(1)

(i) Means any person engaged in performing work on or in connection with a contract covered by Executive Order (E.O.) 13706; and

(A) Whose wages under such contract are governed by the Service Contract Labor Standards statute (41 U.S.C. chapter 67), the Wage Rate Requirements (Construction) statute (40 U.S.C. chapter 31, subchapter IV), or the Fair Labor Standards Act (29 U.S.C. chapter 8);

(B) Including employees who qualify for an exemption from the Fair Labor Standards Act's minimum wage and overtime provisions;

(C) Regardless of the contractual relationship alleged to exist between the individual and the employer; and

(ii) Includes any person performing work on or in connection with the contract and individually registered in a bona fide apprenticeship or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship.

(2)

(i) An employee performs "on" a contract if the employee directly performs the specific services called for by the contract; and

(ii) An employee performs "in connection with" a contract if the employee's work activities are necessary to the performance of a contract but are not the specific services called for by the contract.

Individual related by blood or affinity whose close association with the employee is the equivalent of a family relationship has the meaning given in 29 CFR 13.2.

Multiemployer plan means a plan to which more than one employer is required to contribute and which is maintained pursuant to one or more collective bargaining agreements between one or more employee organizations and more than one employer.

Paid sick leave means compensated absence from employment that is required by E.O. 13706 and 29 CFR Part 13.

Parent, "sexual assault", "spouse", and "stalking" have the meaning given in 29 CFR 13.2. *United States* means the 50 States and the District of Columbia.

(b) *Executive Order 13706.*

(1) This contract is subject to E.O. 13706 and the regulations issued by the Secretary of Labor in 29 CFR Part 13 pursuant to the E.O.

(2) If this contract is not performed wholly within the United States, this clause only applies with respect to that part of the contract that is performed within the United States.

(c) *Paid sick leave*. The Contractor must-

(1) Permit each employee engaged in performing work on or in connection with this contract to earn not less than 1 hour of paid sick leave for every 30 hours worked;

(2) Allow accrual and use of paid sick leave as required by E.O. 13706 and 29 CFR Part 13;

(3) Comply with the accrual, use, and other requirements set forth in 29 CFR 13.5 and 13.6, which are incorporated by reference in this contract;

(4) Provide paid sick leave to all employees when due free and clear and without subsequent deduction (except as otherwise provided by 29 CFR 13.24), rebate, or kickback on any account;

(5) Provide pay and benefits for paid sick leave used no later than one pay period following the end of the regular pay period in which the paid sick leave was taken; and

(6) Be responsible for the compliance by any subcontractor with the requirements of E.O. 13706, 29 CFR Part 13, and this clause.

(d) Contractors may fulfill their obligations under E.O. 13706 and 29 CFR Part 13 jointly with other contractors through a multiemployer plan, or may fulfill their obligations through an individual fund, plan, or program (see 29 CFR 13.8).

(e) *Withholding.* The Contracting Officer must, upon his or her own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the Contractor under this or any other Federal contract with the same Contractor, so much of the accrued payments or advances as may be considered necessary to pay employees the full amount owed to compensate for any violation of the requirements of E.O. 13706, 29 CFR Part 13, or this clause, including-

(1) Any pay and/or benefits denied or lost by reason of the violation;

(2) Other actual monetary losses sustained as a direct result of the violation; and

(3) Liquidated damages.

(f) *Payment suspension/contract termination/contractor debarment.*

(1) In the event of a failure to comply with E.O. 13706, 29 CFR Part 13, or this clause, the contracting agency may, on its own action or after authorization or by direction of the Department of Labor and written notification to the Contractor take action to cause suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(2) Any failure to comply with the requirements of this clause may be grounds for termination for default or cause.

(3) A breach of the contract clause may be grounds for debarment as a contractor and subcontractor as provided in 29 CFR 13.52.

(g) The paid sick leave required by E.O. 13706, 29 CFR Part 13, and this clause is in

addition to the Contractor's obligations under the Service Contract Labor Standards statute and Wage Rate Requirements (Construction) statute, and the Contractor may not receive credit toward its prevailing wage or fringe benefit obligations under those Acts for any paid sick leave provided in satisfaction of the requirements of E.O. 13706 and 29 CFR Part 13.

(h) Nothing in E.O. 13706 or 29 CFR Part 13 shall excuse noncompliance with or supersede any applicable Federal or State law, any applicable law or municipal ordinance, or a collective bargaining agreement requiring greater paid sick leave or leave rights than those established under E.O. 13706 and 29 CFR Part 13.

(i) *Recordkeeping*.

(1) The Contractor must make and maintain, for no less than three (3) years from the completion of the work on the contract, records containing the following information for each employee, which the Contractor must make available upon request for inspection, copying, and transcription by authorized representatives of the Administrator of the Wage and Hour Division of the Department of Labor:

(i) Name, address, and social security number of each employee.

(ii) The employee's occupation(s) or classification(s).

(iii) The rate or rates of wages paid (including all pay and benefits provided).

(iv) The number of daily and weekly hours worked.

(v) Any deductions made.

(vi) The total wages paid (including all pay and benefits provided) each pay period.

(vii) A copy of notifications to employees of the amount of paid sick leave the employee has accrued, as required under 29 CFR 13.5(a)(2).

(viii) A copy of employees' requests to use paid sick leave, if in writing, or, if not in writing, any other records reflecting such employee requests.

(ix) Dates and amounts of paid sick leave taken by employees (unless the Contractor's paid time off policy satisfies the requirements of E.O. 13706 and 29 CFR Part 13 as described in 29 CFR 13.5(f)(5), leave must be designated in records as paid sick leave pursuant to E.O. 13706).

(x) A copy of any written responses to employees' requests to use paid sick leave, including explanations for any denials of such requests, as required under 29 CFR 13.5(d)(3).

(xi) Any records reflecting the certification and documentation the Contractor may require an employee to provide under 29 CFR 13.5(e), including copies of any certification or documentation provided by an employee.

(xii) Any other records showing any tracking of or calculations related to an employee's accrual or use of paid sick leave.

(xiii) The relevant contract.

(xiv) The regular pay and benefits provided to an employee for each use of paid sick leave.

(xv) Any financial payment made for unused paid sick leave upon a separation from employment intended, pursuant to 29 CFR 13.5(b)(5), to relieve the Contractor from the obligation to reinstate such paid sick leave as otherwise required by 29 CFR 13.5(b)(4).

(2)

(i) If the Contractor wishes to distinguish between an employee’s covered and noncovered work, the Contractor must keep records or other proof reflecting such distinctions. Only if the Contractor adequately segregates the employee's time will time spent on noncovered work be excluded from hours worked counted toward the accrual of paid sick leave. Similarly, only if the Contractor adequately segregates the employee's time may the Contractor properly refuse an employee's request to use paid sick leave on the ground that the employee was scheduled to perform noncovered work during the time he or she asked to use paid sick leave.

(ii) If the Contractor estimates covered hours worked by an employee who performs work in connection with contracts covered by the E.O. pursuant to 29 CFR 13.5(a)(1)(i) or (iii), the Contractor must keep records or other proof of the verifiable information on which such estimates are reasonably based. Only if the Contractor relies on an estimate that is reasonable and based on verifiable information will an employee's time spent in connection with noncovered work be excluded from hours worked counted toward the accrual of paid sick leave. If the Contractor estimates the amount of time an employee spends performing in connection with contracts covered by the E.O., the Contractor must permit the employee to use his or her paid sick leave during any work time for the Contractor.

(3) In the event the Contractor is not obligated by the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, or the Fair Labor Standards Act to keep records of an employee's hours worked, such as because the employee is

exempt from the Fair Labor Standards Act's minimum wage and overtime requirements, and the Contractor chooses to use the assumption permitted by 29 CFR 13.5(a)(1)(iii), the Contractor is excused from the requirement in paragraph (i)(1)(iv) of this clause and 29 CFR 13.25(a)(4) to keep records of the employee's number of daily and weekly hours worked.

(4)

(i) Records relating to medical histories or domestic violence, sexual assault, or stalking, created for purposes of E.O. 13706, whether of an employee or an employee's child, parent, spouse, domestic partner, or other individual related by blood or affinity whose close association with the employee is the equivalent of a family relationship, must be maintained as confidential records in separate files/records from the usual personnel files.

(ii) If the confidentiality requirements of the Genetic Information Nondiscrimination Act of 2008 (GINA), section 503 of the Rehabilitation Act of 1973, and/or the Americans with Disabilities Act (ADA) apply to records or documents created to comply with the recordkeeping requirements in this contract clause, the records and documents must also be maintained in compliance with the confidentiality requirements of the GINA, section 503 of the Rehabilitation Act of 1973, and/or ADA as described in 29 CFR 1635.9, 41 CFR 60-741.23(d), and 29 CFR 1630.14(c)(1), respectively.

(iii) The Contractor must not disclose any documentation used to verify the need to use 3 or more consecutive days of paid sick leave for the purposes listed in 29 CFR 13.5(c)(1)(iv) (as described in 29 CFR 13.5(e)(1)(ii)) and must maintain confidentiality about any domestic abuse, sexual assault, or stalking, unless the employee consents or when disclosure is required by law.

(5) The Contractor must permit authorized representatives of the Wage and Hour Division to conduct interviews with employees at the worksite during normal working hours.

(6) Nothing in this contract clause limits or otherwise modifies the Contractor's recordkeeping obligations, if any, under the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, the Fair Labor Standards Act, the Family and Medical Leave Act, E.O. 14026, their respective implementing regulations, or any other applicable law.

(j) Interference/discrimination.

(1) The Contractor must not in any manner interfere with an employee's accrual or use of

paid sick leave as required by E.O. 13706 or 29 CFR Part 13. Interference includes, but is not limited to-

(i) Miscalculating the amount of paid sick leave an employee has accrued;

(ii) Denying or unreasonably delaying a response to a proper request to use paid sick leave;

(iii) Discouraging an employee from using paid sick leave;

(iv) Reducing an employee's accrued paid sick leave by more than the amount of such leave used;

(v) Transferring an employee to work on contracts not covered by the E.O. to prevent the accrual or use of paid sick leave;

(vi) Disclosing confidential information contained in certification or other documentation provided to verify the need to use paid sick leave; or

(vii) Making the use of paid sick leave contingent on the employee's finding a replacement worker or the fulfillment of the Contractor's operational needs.

(2) The Contractor must not discharge or in any other manner discriminate against any employee for–

(i) Using, or attempting to use, paid sick leave as provided for under E.O. 13706 and 29 CFR Part 13;

(ii) Filing any complaint, initiating any proceeding, or otherwise asserting any right or claim under E.O. 13706 and 29 CFR Part 13;

(iii) Cooperating in any investigation or testifying in any proceeding under E.O. 13706 and 29 CFR Part 13; or

(iv) Informing any other person about his or her rights under E.O. 13706 and 29 CFR Part 13.

(k) *Notice*. The Contractor must notify all employees performing work on or in connection with a contract covered by the E.O. of the paid sick leave requirements of E.O. 13706, 29 CFR Part 13, and this clause by posting a notice provided by the Department of Labor in a prominent and accessible place at the worksite so it may be readily seen by employees. Contractors that customarily post notices to employees electronically may post the notice electronically, provided such electronic posting is displayed prominently on any Web site that is maintained by the Contractor, whether external or internal, and customarily used for notices to employees about terms and

conditions of employment.

(l) *Disputes concerning labor standards*. Disputes related to the application of E.O. 13706 to this contract must not be subject to the general disputes clause of the contract. Such disputes must be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Part 13. Disputes within the meaning of this contract clause include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the Department of Labor, or the employees or their representatives.

(m) *Subcontracts*. The Contractor must insert the substance of this clause, including this paragraph (m), in all subcontracts, regardless of dollar value, that are subject to the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, and are to be performed in whole or in part in the United States.

(End of clause)

52.222-19 CHILD LABOR-COOPERATION WITH AUTHORITIES AND REMEDIES (MAR 2026) (DEVIATION NOV 2025)

(a) *Applicability*. This clause does not apply to the extent that the Contractor is supplying end products mined, produced, or manufactured in-

(1) Israel, and the anticipated value of the acquisition is $50,000 or more;

(2) Mexico, and the anticipated value of the acquisition is $105,767 or more; or

(3) Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Italy, Japan, Korea, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan, Ukraine, or the United Kingdom and the anticipated value of the acquisition is $174,000 or more.

(b) *Cooperation with Authorities*. To enforce the laws prohibiting the manufacture or importation of products mined, produced, or manufactured by forced or indentured child labor, authorized officials may need to conduct investigations to determine whether forced or indentured child labor was used to mine, produce, or manufacture any product furnished under this contract. If the solicitation includes the provision 52.222-18, Certification Regarding Knowledge of Child Labor for Listed End Products, the Contractor agrees to cooperate fully with authorized officials of the contracting agency, the Department of the Treasury, or the Department of Justice by providing reasonable access to records, documents, persons, or premises upon reasonable request by the authorized officials.

(c) *Violations*. The Government may impose remedies set forth in paragraph (d) for the following violations:

(1) The Contractor has submitted a false certification regarding knowledge of the use of forced or indentured child labor for listed end products.

(2) The Contractor has failed to cooperate, if required, in accordance with paragraph (b) of this clause, with an investigation of the use of forced or indentured child labor by an Inspector General, Attorney General, or the Secretary of the Treasury.

(3) The Contractor uses forced or indentured child labor in its mining, production, or manufacturing processes.

(4) The Contractor has furnished under the contract end products or components that have been mined, produced, or manufactured wholly or in part by forced or indentured child labor. (The Government will not pursue remedies at paragraph (d)(2) or paragraph (d)(3) of this clause unless sufficient evidence indicates that the Contractor knew of the violation.)

(d) Remedies.

(1) The Contracting Officer may terminate the contract.

(2) The suspending and debarring official may suspend the Contractor in accordance with procedures in FAR subpart 9.4.

(3) The suspending and debarring official may debar the Contractor for a period not to exceed 3 years in accordance with the procedures in FAR subpart 9.4.

(End of clause)

June 5, 2026

Jasmine Dieguez
One-Stop Permit Manager
City of Ocala
201 SE 3rd St, 2nd Floor
Ocala, FL 34471

Dear Ms. Dieguez:

On behalf of JRD & Associates, Inc. (JRD), I am pleased to submit this proposal to examine and reassess the City of Ocala Building permit fees. Specifically, we will perform the following:

Task 1 – Assess the impact of legislative changes at the State of Florida on Building permitting operations and finances.

Task 2 – Assess the actual costs of providing City services related to the above-noted fees.

Task 3 – Review permit activity for the past three fiscal years for residential and commercial construction, to include value of construction, square footage, project type (e.g., new, remodel, etc.), and permit fee charged.

Task 4 – Assess/develop a cost allocation methodology to capture support costs from City departments for the services covered by the fees and determine the City's fully-burdened hourly cost of providing such services.

Task 5 – Review current City Building permit fee schedule to assess how the City currently charges Building permit fees.

Task 6 – Develop Building permit fees, inclusive of administrative support, plan reviews, and inspections for all trades for residential and commercial construction based on project square footage. Develop flat fees for specific projects (e.g., bathroom remodel) where appropriate and requested.

Task 7 – Develop administrative fees for permits where private providers are utilized and for residential projects that are under $7,500 value of construction that do not require permits per State law.

Task 8 – Estimate the percentage of permits where private providers will be utilized and determine the potential impact on Building permit revenue.

Jasmine Dieguez
Page 2

Task 9 – Propose a concise, easy to understand fee structure that ensures adequate fee revenue to recover the City's fully-burdened cost of providing services.

Task 10 – Build into Building permit fee schedule private provider discounts as mandated by State law.

Task 11 – Conduct a comparison for sample projects of current City Building permit fees charged versus proposed Building permit fees.

Task 12 – To the extent possible, project future revenue based on the proposed fee schedule.

Task 13 – Present results, findings, and recommendations.

The fee including for the tasks depicted will be $38,958 plus travel expenses (approximately $1,200 for two JRD personnel for one trip from Miami to Ocala), with an anticipated timeline of two months from Notice to Proceed. This fee is based on JRD's Federal GSA contract (contract number GS-10F-0265Y) approved rates as depicted in the cost build-up below:

	Rate	Hours	Fee
Principal	$371.72	50	$18,586
Consultant	$174.72	100	$17,472
Analyst	$96.65	30	$2,900
		Total	$38,958

The fee including all expenses for the tasks depicted will be $38,958 plus travel expenses, with an anticipated timeline of two months from Notice to Proceed. I thank you in advance for your consideration.

Sincerely,

Jorge R. Duyos, P.E.
President

Jasmine Dieguez
One-Stop Permit Manager
City of Ocala
201 SE 3rd St, 2nd Floor
Ocala, FL 34471

Dear Ms. Dieguez:

On behalf of JRD & Associates, Inc. (JRD), I am pleased to submit this proposal to examine and reassess the City of Ocala Planning/Zoning/Development, Signage, and License/Certification fees. Specifically, we will perform the following:

Task 1 – Assess the actual costs of providing City services related to the above-noted fees.

Task 2 – Review activity for these fees for the past three fiscal years.

Task 3 – Review the current City fee schedule to assess how the City currently charges these fees.

Task 4 – Determine the levels of effort and resources required for the services provided which are covered by these fees, and their associated costs.

Task 5 – Propose a concise, easy to understand fee structure that ensures adequate fee revenue to recover the City's fully-burdened cost of providing these services. Identify additions and deletions to the current fee schedule for services being currently provided but not charged, and for services no longer being provided for which there is a fee.

Task 6 – Conduct a comparison of these fees, where appropriate, against those charged, for up to three municipalities as agreed to by JRD and the City.

Task 7 – To the extent possible, project future revenue based on the proposed fee schedule.

Task 8 – Present results, findings, and recommendations.

The fee including for the tasks depicted will be $45,388 plus travel expenses (approximately $1,200 for two JRD personnel for one trip from Miami to Ocala), with an anticipated timeline of three months from Notice to Proceed. This fee is based on JRD's Federal GSA contract (contract number GS-10F-0265Y) approved rates as depicted in the cost build-up below:

Jasmine Dieguez
Page 2

	Rate	Hours	Fee
Principal	$371.72	60	$22,303
Consultant	$174.72	110	$19,219
Analyst	$96.65	40	$3,866
		Total	$45,388

Thank you.

Sincerely,

Jorge R. Duyos, P.E.
President

From: City of Ocala - Contracting Officer
To: Matthew Leibfried; David C. Williams
Subject: Your policy exception has been approved.
Date: Monday, June 8, 2026 3:12:01 PM

Your policy exception has been **approved**.

Approval Comments: SJRoberts@ocalafl.org
The department is approved to utilize the General Services Administration (GSA) Multiple Award Schedule GS-10F-0265Y to utilize JRD & Associates, Inc., to update and revise existing processes for City's Building and Permitting Divisions. As a political subdivision of the state of Florida, the City of Ocala qualifies as an eligible user of cooperative purchasing agreements like the GSA Multiple Award Schedule. GSA contracts are negotiated by the federal government with the intent of securing equal to or better "most favored customer" pricing plus a discount offered to GSA and other authorized purchasers. The underlying agreement for Professional Services Contract is through April 11, 2027 and has been evaluated and determined by Growth Management Department to be cost-effective and afford the City best value. PLEASE ESTABLISH A MUNIS CONTRACT NUMBER FOR THIS CONTRACT SO THAT EXPENDITURES CAN BE ADEQUATELY ATTACHED. YOU WILL NEED TO ISSUE A CONTRACTING REQUEST SO THAT A CONTRACT WITH THE CITY'S TERMS AND CONDITIONS CAN BE PREPARED. THIS WILL NEED TO BE TAKEN TO COUNCIL FOR APPROVAL. PLEASE ENSURE A COPY OF THIS EXCEPTION APPROVAL IS ATTACHED TO THE MUNIS CONTRACT, YOUR CONTRACT DRAFT REQUEST, AND THE COUNCIL AGENDA ITEM.

Procurement/Contract/P-Card Exception

Select exception type: Procurement

Reason for procurement exception: Piggyback Request in Lieu of Bid

The City of Ocala's Growth Management (Permitting and Building) is seeking approval to utilize JRD & Associates under GSA's competitively awarded Professional Services Contract (GS-10F-0265Y) to support the need to update and revise existing processes. Updating the City's existing processes is an immediate requirement as laid out in House Bill 803. HB 803 contains specific requirements that will require the Citty's Building Division and Permitting teams to adjust

Enter a brief description of your exception request:	and update language, methodologies, and fee amounts related to the permitting and inspection process. The Governor has signed this legislation into law, and it will take effect on July 1, 2026. Several vendors were contacted and JRD & Associates offered the best value. JRD & Associates' price is approximately $91,546.00 - Building Department Services ($38,958.00) and the remaining Growth Management Services ($45,388.00). While the proposal does not include travel, it provides a $1,200 allowance per trip. We have determined that three trips—covering the project kick-off, a mid-point update, and the final presentation—are necessary, totaling an additional $3,600 for each study. The next lowest vendor was ISF and they quoted $195,000 which is approximately $103,454.00 more than JRD & Associates. The proposed duration is phased out with building services performed first, at 8 weeks and remaining growth management services following, at 12 weeks. During our discussion, Jorge demonstrated extensive experience working with various municipalities and shared insights on addressing challenges related to upcoming legislation, such as House Bill 803. He provided examples of past fee study presentations conducted for the City of South Miami and Pinecrest. Furthermore, I spoke with the Chief Building Official of South Miami, who highly recommended JRD & Associates. She noted their previous successful fee study for the City of Coral Gables and specifically commended the firm's excellent communication. We also discussed growth management services and JRD & Associates' current work with the City of Doral to review planning, zoning, and public works fees. Jorge detailed how fee structures can include tiered options or built-in incentives tailored to specific service needs, supported by comparables from municipalities such as Marion, Gainesville, and surrounding cities.

Jasmine Dieguez
One-Stop Permit Manager
City of Ocala
201 SE 3rd St, 2nd Floor
Ocala, FL 34471

Dear Ms. Dieguez:

On behalf of JRD & Associates, Inc. (JRD), I am pleased to submit this proposal to examine and reassess the City of Ocala Building permit fees. Specifically, we will perform the following:

Task 1 – Assess the impact of legislative changes at the State of Florida on Building permitting operations and finances.

Task 2 – Assess the actual costs of providing City services related to the above-noted fees.

Task 3 – Review permit activity for the past three fiscal years for residential and commercial construction, to include value of construction, square footage, project type (e.g., new, remodel, etc.), and permit fee charged.

Task 4 – Assess/develop a cost allocation methodology to capture support costs from City departments for the services covered by the fees and determine the City's fully-burdened hourly cost of providing such services.

Task 5 – Review current City Building permit fee schedule to assess how the City currently charges Building permit fees.

Task 6 – Develop Building permit fees, inclusive of administrative support, plan reviews, and inspections for all trades for residential and commercial construction based on project square footage. Develop flat fees for specific projects (e.g., bathroom remodel) where appropriate and requested.

Task 7 – Develop administrative fees for permits where private providers are utilized and for residential projects that are under $7,500 value of construction that do not require permits per State law.

Task 8 – Estimate the percentage of permits where private providers will be utilized and determine the potential impact on Building permit revenue.

Task 9 – Propose a concise, easy to understand fee structure that ensures adequate fee revenue to recover the City's fully-burdened cost of providing services.

Task 10 – Build into Building permit fee schedule private provider discounts as mandated by State law.

Task 11 – Conduct a comparison for sample projects of current City Building permit fees charged versus proposed Building permit fees.

Task 12 – To the extent possible, project future revenue based on the proposed fee schedule.

Task 13 – Present results, findings, and recommendations.

The fee including for the tasks depicted will be $38,958 plus travel expenses (approximately $1,200 for two JRD personnel for one trip from Miami to Ocala), with an anticipated timeline of two months from Notice to Proceed. This fee is based on JRD's Federal GSA contract (contract number GS-10F-0265Y) approved rates as depicted in the cost build-up below:

	Rate	Hours	Fee
Principal	$371.72	50	$18,586
Consultant	$174.72	100	$17,472
Analyst	$96.65	30	$2,900
		Total	$38,958

The fee including all expenses for the tasks depicted will be $38,958 plus travel expenses, with an anticipated timeline of two months from Notice to Proceed. I thank you in advance for your consideration.

Sincerely,

Jorge R. Duyos, P.E.
President

25010 - Boiler Tender	31-2010
25040 - Sewage Plant Operator	31-2020
25070 - Stationary Engineer	31-9011
25190 - Ventilation Equipment Tender	31-9091
25210 - Water Treatment Plant Operator	31-9092
27004 - Alarm Monitor	31-9094
27007 - Baggage Inspector	31-9095
27008 - Corrections Officer	31-9096
27010 - Court Security Officer	31-9097
27030 - Detection Dog Handler	31-909X
27040 - Detention Officer	33-0000
27070 - Firefighter	33-1011
27101 - Guard I	33-1012
27102 - Guard II	33-1021
27131 - Police Officer I	33-1091
27132 - Police Officer II	33-1099
28041 - Carnival Equipment Operator	33-2011
28042 - Carnival Equipment Repairer	33-2020
28043 - Carnival Worker	33-3011
28210 - Gate Attendant/Gate Tender	33-3012
28310 - Lifeguard	33-3021
28350 - Park Attendant (Aide)	33-3031
28510 - Recreation Aide/Health Facility Attendant	33-3041
28515 - Recreation Specialist	33-3050
28630 - Sports Official	33-9011
28690 - Swimming Pool Operator	33-9021
29010 - Blocker And Bracer	33-9030
29020 - Hatch Tender	33-9091
29030 - Line Handler	33-9093
29041 - Stevedore I	33-9094
29042 - Stevedore II	33-909X

30010 - Air Traffic Control Specialist, Center (HFO)	35-0000
30011 - Air Traffic Control Specialist, Station (HFO)	35-1011
30012 - Air Traffic Control Specialist, Terminal (HFO)	35-1012
30021 - Archeological Technician I	35-2010
30022 - Archeological Technician II	35-2021
30023 - Archeological Technician III	35-3011
30030 - Cartographic Technician	35-3023
30040 - Civil Engineering Technician	35-3031
30051 - Cryogenic Technician I	35-3041
30052 - Cryogenic Technician II	35-9011
30061 - Drafter/CAD Operator I	35-9021
30062 - Drafter/CAD Operator II	35-9031
30063 - Drafter/CAD Operator III	35-9099
30064 - Drafter/CAD Operator IV	37-0000
30081 - Engineering Technician I	37-1011
30082 - Engineering Technician II	37-1012
30083 - Engineering Technician III	37-201X
30084 - Engineering Technician IV	37-2012
30085 - Engineering Technician V	37-2021
30086 - Engineering Technician VI	37-3011
30090 - Environmental Technician	37-3013
30095 - Evidence Control Specialist	37-301X
30210 - Laboratory Technician	39-0000
30221 - Latent Fingerprint Technician I	39-1000
30222 - Latent Fingerprint Technician II	39-2011
30240 - Mathematical Technician	39-2021
30361 - Paralegal/Legal Assistant I	39-3010
30362 - Paralegal/Legal Assistant II	39-3031
30363 - Paralegal/Legal Assistant III	39-30XX
30364 - Paralegal/Legal Assistant IV	39-40XX
30375 - Petroleum Supply Specialist	39-4031
30390 - Photo-Optics Technician	39-5011
30395 - Radiation Control Technician	39-5012
30461 - Technical Writer I	39-5092
30462 - Technical Writer II	39-5094
30463 - Technical Writer III	39-509X

30491 - Unexploded Ordnance (UXO) Technician I	39-6010
30492 - Unexploded Ordnance (UXO) Technician II	39-7010
30493 - Unexploded Ordnance (UXO) Technician III	39-9011
30494 - Unexploded (UXO) Safety Escort	39-9031
30495 - Unexploded (UXO) Sweep Personnel	39-9032
30501 - Weather Forecaster I	39-9041
30502 - Weather Forecaster II	39-9099
30620 - Weather Observer, Combined Upper Air Or	41-0000
30621 - Weather Observer, Senior	41-1011
31010 - Airplane Pilot	41-1012
31020 - Bus Aide	41-2010
31030 - Bus Driver	41-2021
31043 - Driver Courier	41-2022
31260 - Parking and Lot Attendant	41-2031
31290 - Shuttle Bus Driver	41-3011
31310 - Taxi Driver	41-3021
31361 - Truckdriver, Light	41-3031
31362 - Truckdriver, Medium	41-3041
31363 - Truckdriver, Heavy	41-3091
31364 - Truckdriver, Tractor-Trailer	41-4010
99020 - Cabin Safety Specialist	41-9010
99030 - Cashier	41-9020
99050 - Desk Clerk	41-9031
99095 - Embalmer	41-9041
99130 - Flight Follower	41-9091
99251 - Laboratory Animal Caretaker I	41-9099
99252 - Laboratory Animal Caretaker II	43-0000
99260 - Marketing Analyst	43-1011
99310 - Mortician	43-2011
99410 - Pest Controller	43-2021
99510 - Photofinishing Worker	43-2099
99710 - Recycling Laborer	43-3011
99711 - Recycling Specialist	43-3021
99730 - Refuse Collector	43-3031
99810 - Sales Clerk	43-3041
99820 - School Crossing Guard	43-3051
99830 - Survey Party Chief	43-3061
99831 - Surveying Aide	43-3071
99832 - Surveying Technician	43-3099
99840 - Vending Machine Attendant	43-4011
99841 - Vending Machine Repairer	43-4021

_of_labor_statistics_standard_occupational_class_code Description
Management occupations
Chief executives
General and operations managers
Legislators
Advertising and promotions managers
Marketing managers
Sales managers
Public relations and fundraising managers
Administrative services managers
Facilities managers
Computer and information systems managers
Financial managers
Compensation and benefits managers
Human resources managers
Training and development managers
Industrial production managers
Purchasing managers
Transportation, storage, and distribution managers
Farmers, ranchers, and other agricultural managers
Construction managers
Education and childcare administrators
Architectural and engineering managers
Food service managers
Funeral home managers
Entertainment and recreation managers
Lodging managers
Medical and health services managers
Natural sciences managers
Postmasters and mail superintendents
Property, real estate, and community association managers

Social and community service managers
Emergency management directors
Personal service managers, all other
Managers, all other
Business and financial operations occupations
Agents and business managers of artists, performers, and athletes
Buyers and purchasing agents, farm products
Wholesale and retail buyers, except farm products
Purchasing agents, except wholesale, retail, and farm products
Claims adjusters, appraisers, examiners, and investigators
Compliance officers
Cost estimators
Human resources workers
Compensation, benefits, and job analysis specialists
Training and development specialists
Logisticians
Project management specialists
Management analysts
Meeting, convention, and event planners
Fundraisers
Market research analysts and marketing specialists
Business operations specialists, all other
Accountants and auditors
Property appraisers and assessors
Budget analysts
Credit analysts
Financial and investment analysts
Personal financial advisors
Insurance underwriters
Financial examiners
Credit counselors and loan officers
Tax examiners and collectors, and revenue agents
Tax preparers
Other financial specialists
Computer and mathematical occupations
Computer and information research scientists
Computer systems analysts
Information security analysts

Computer programmers
Software developers
Software quality assurance analysts and testers
Web developers
Web and digital interface designers
Computer support specialists
Database administrators and architects
Network and computer systems administrators
Computer network architects
Computer occupations, all other
Actuaries
Mathematicians
Operations research analysts
Statisticians
Other mathematical science occupations
Architecture and engineering occupations
Architects, except landscape and naval
Landscape architects
Surveyors, cartographers, and photogrammetrists
Aerospace engineers
Agricultural engineers
Bioengineers and biomedical engineers
Chemical engineers
Civil engineers
Computer hardware engineers
Electrical and electronics engineers
Environmental engineers
Industrial engineers, including health and safety
Marine engineers and naval architects
Materials engineers
Mechanical engineers
Mining and geological engineers, including mining safety engineers
Nuclear engineers
Petroleum engineers
Engineers, all other
Architectural and civil drafters
Other drafters

Electrical and electronic engineering technologists and technicians
Other engineering technologists and technicians, except drafters
Surveying and mapping technicians
Life, physical, and social science occupations
Agricultural and food scientists
Biological scientists
Conservation scientists and foresters
Medical scientists
Life scientists, all other
Astronomers and physicists
Atmospheric and space scientists
Chemists and materials scientists
Environmental scientists and specialists, including health
Geoscientists and hydrologists, except geographers
Physical scientists, all other
Economists
Survey researchers
Clinical and counseling psychologists
School psychologists
Other psychologists
Sociologists
Urban and regional planners
Miscellaneous social scientists and related workers
Agricultural and food science technicians
Biological technicians
Chemical technicians
Environmental science and geoscience technicians
Nuclear technicians
Social science research assistants
Other life, physical, and social science technicians
Occupational health and safety specialists and technicians
Community and social service occupations
Substance abuse and behavioral disorder counselors
Educational, guidance, and career counselors and advisors

Marriage and family therapists
Mental health counselors
Rehabilitation counselors
Counselors, all other
Child, family, and school social workers
Healthcare social workers
Mental health and substance abuse social workers
Social workers, all other
Probation officers and correctional treatment specialists
Social and human service assistants
Other community and social service specialists
Clergy
Directors, religious activities and education
Religious workers, all other
Legal occupations
Lawyers
Judicial law clerks
Judges, magistrates, and other judicial workers
Paralegals and legal assistants
Title examiners, abstractors, and searchers
Legal support workers, all other
Education, training, and library occupations
Postsecondary teachers
Preschool and kindergarten teachers
Elementary and middle school teachers
Secondary school teachers
Special education teachers
Tutors
Other teachers and instructors
Archivists, curators, and museum technicians
Librarians and media collections specialists
Library technicians
Teaching assistants

Other educational instruction and library workers
Arts, design, entertainment, sports, and media occupations
Artists and related workers
Commercial and industrial designers
Fashion designers
Floral designers
Graphic designers
Interior designers
Merchandise displayers and window trimmers
Other designers
Actors
Producers and directors
Athletes and sports competitors
Coaches and scouts
Umpires, referees, and other sports officials
Dancers and choreographers
Music directors and composers
Musicians and singers
Disc jockeys, except radio
Entertainers and performers, sports and related workers, all other
Broadcast announcers and radio disc jockeys
News analysts, reporters, and journalists
Public relations specialists
Editors
Technical writers
Writers and authors
Interpreters and translators
Court reporters and simultaneous captioners
Media and communication workers, all other
Broadcast, sound, and lighting technicians
Photographers
Television, video, and film camera operators and editors
Media and communication equipment workers, all other
Healthcare practitioners and technical occupations
Chiropractors
Dentists
Dietitians and nutritionists
Optometrists
Pharmacists

Emergency medicine physicians
Radiologists
Other physicians
Surgeons
Physician assistants
Podiatrists
Audiologists
Occupational therapists
Physical therapists
Radiation therapists
Recreational therapists
Respiratory therapists
Speech-language pathologists
Exercise physiologists
Therapists, all other
Veterinarians
Registered nurses
Nurse anesthetists
Nurse midwives
Nurse practitioners
Acupuncturists
Healthcare diagnosing or treating practitioners, all other
Clinical laboratory technologists and technicians
Dental hygienists
Cardiovascular technologists and technicians
Diagnostic medical sonographers
Radiologic technologists and technicians
Magnetic resonance imaging technologists
Nuclear medicine technologists and medical dosimetrists
Emergency medical technicians
Paramedics
Pharmacy technicians
Psychiatric technicians
Surgical technologists
Veterinary technologists and technicians
Dietetic technicians and ophthalmic medical technicians
Licensed practical and licensed vocational nurses
Medical records specialists
Opticians, dispensing
Miscellaneous health technologists and technicians
Other healthcare practitioners and technical occupations

Healthcare support occupations
Home health aides
Personal care aides
Nursing assistants
Orderlies and psychiatric aides
Occupational therapy assistants and aides
Physical therapist assistants and aides
Massage therapists
Dental assistants
Medical assistants
Medical transcriptionists
Pharmacy aides
Veterinary assistants and laboratory animal caretakers
Phlebotomists
Other healthcare support workers
Protective service occupations
First-line supervisors of correctional officers
First-line supervisors of police and detectives
First-line supervisors of firefighting and prevention workers
First-line supervisors of security workers
First-line supervisors of protective service workers, all other
Firefighters
Fire inspectors
Bailiffs
Correctional officers and jailers
Detectives and criminal investigators
Fish and game wardens
Parking enforcement workers
Police officers
Animal control workers
Private detectives and investigators
Security guards and gambling surveillance officers
Crossing guards and flaggers
Transportation security screeners
School bus monitors
Other protective service workers

Food preparation and serving related occupations
Chefs and head cooks
First-line supervisors of food preparation and serving workers
Cooks
Food preparation workers
Bartenders
Fast food and counter workers
Waiters and waitresses
Food servers, nonrestaurant
Dining room and cafeteria attendants and bartender helpers
Dishwashers
Hosts and hostesses, restaurant, lounge, and coffee shop
Food preparation and serving related workers, all other
Building and grounds cleaning and maintenance occupations
First-line supervisors of housekeeping and janitorial workers
First-line supervisors of landscaping, lawn service, and groundskeeping w
Janitors and building cleaners
Maids and housekeeping cleaners
Pest control workers
Landscaping and groundskeeping workers
Tree trimmers and pruners
Other grounds maintenance workers
Personal care and service occupations
Supervisors of personal care and service workers
Animal trainers
Animal caretakers
Gambling services workers
Ushers, lobby attendants, and ticket takers
Other entertainment attendants and related workers
Embalmers, crematory operators, and funeral attendants
Morticians, undertakers, and funeral arrangers
Barbers
Hairdressers, hairstylists, and cosmetologists
Manicurists and pedicurists
Skincare specialists
Other personal appearance workers

Baggage porters, bellhops, and concierges
Tour and travel guides
Childcare workers
Exercise trainers and group fitness instructors
Recreation workers
Residential advisors
Personal care and service workers, all other
Sales and related occupations
First-line supervisors of retail sales workers
First-line supervisors of non-retail sales workers
Cashiers
Counter and rental clerks
Parts salespersons
Retail salespersons
Advertising sales agents
Insurance sales agents
Securities, commodities, and financial services sales agents
Travel agents
Sales representatives of services, except advertising, insurance, financia
Sales representatives, wholesale and manufacturing
Models, demonstrators, and product promoters
Real estate brokers and sales agents
Sales engineers
Telemarketers
Door-to-door sales workers, news and street vendors, and related worke
Sales and related workers, all other
Office and administrative support occupations
First-line supervisors of office and administrative support workers
Switchboard operators, including answering service
Telephone operators
Communications equipment operators, all other
Bill and account collectors
Billing and posting clerks
Bookkeeping, accounting, and auditing clerks
Gambling cage workers
Payroll and timekeeping clerks
Procurement clerks
Tellers
Financial clerks, all other
Brokerage clerks
Correspondence clerks
Court, municipal, and license clerks

Credit authorizers, checkers, and clerks
Customer service representatives
Eligibility interviewers, government programs
File clerks
Hotel, motel, and resort desk clerks
Interviewers, except eligibility and loan
Library assistants, clerical
Loan interviewers and clerks
New accounts clerks
Order clerks
Human resources assistants, except payroll and timekeeping
Receptionists and information clerks
Reservation and transportation ticket agents and travel clerks
Information and record clerks, all other
Cargo and freight agents
Couriers and messengers
Public safety telecommunicators
Dispatchers, except police, fire, and ambulance
Meter readers, utilities
Postal service clerks
Postal service mail carriers
Postal service mail sorters, processors, and processing machine operato
Production, planning, and expediting clerks
Shipping, receiving, and inventory clerks
Weighers, measurers, checkers, and samplers, recordkeeping
Executive secretaries and executive administrative assistants
Legal secretaries and administrative assistants
Medical secretaries and administrative assistants
Secretaries and administrative assistants, except legal, medical, and exe
Data entry keyers
Word processors and typists
Desktop publishers
Insurance claims and policy processing clerks
Mail clerks and mail machine operators, except postal service
Office clerks, general
Office machine operators, except computer
Proofreaders and copy markers
Statistical assistants
Office and administrative support workers, all other
Farming, fishing, and forestry occupations
First-line supervisors of farming, fishing, and forestry workers
Agricultural inspectors
Animal breeders
Graders and sorters, agricultural products

Miscellaneous agricultural workers
Fishing and hunting workers
Forest and conservation workers
Logging workers
Construction and extraction occupations
First-line supervisors of construction trades and extraction workers
Boilermakers
Brickmasons, blockmasons, and stonemasons
Carpenters
Carpet, floor, and tile installers and finishers
Cement masons, concrete finishers, and terrazzo workers
Construction laborers
Construction equipment operators
Drywall installers, ceiling tile installers, and tapers
Electricians
Glaziers
Insulation workers
Painters and paperhangers
Pipelayers
Plumbers, pipefitters, and steamfitters
Plasterers and stucco masons
Reinforcing iron and rebar workers
Roofers
Sheet metal workers
Structural iron and steel workers
Solar photovoltaic installers
Helpers, construction trades
Construction and building inspectors
Elevator and escalator installers and repairers
Fence erectors
Hazardous materials removal workers
Highway maintenance workers
Rail-track laying and maintenance equipment operators
Septic tank servicers and sewer pipe cleaners
Miscellaneous construction and related workers
Derrick, rotary drill, and service unit operators, oil and gas
Excavating and loading machine and dragline operators, surface mining
Earth drillers, except oil and gas
Explosives workers, ordnance handling experts, and blasters
Underground mining machine operators
Roustabouts, oil and gas
Other extraction workers
Installation, maintenance, and repair occupations
First-line supervisors of mechanics, installers, and repairers

Computer, automated teller, and office machine repairers
Radio and telecommunications equipment installers and repairers
Avionics technicians
Electric motor, power tool, and related repairers
Electrical and electronics installers and repairers, transportation equipme
Electrical and electronics repairers, industrial and utility
Electronic equipment installers and repairers, motor vehicles
Audiovisual equipment installers and repairers
Security and fire alarm systems installers
Aircraft mechanics and service technicians
Automotive body and related repairers
Automotive glass installers and repairers
Automotive service technicians and mechanics
Bus and truck mechanics and diesel engine specialists
Heavy vehicle and mobile equipment service technicians and mechanics
Small engine mechanics
Miscellaneous vehicle and mobile equipment mechanics, installers, and r
Control and valve installers and repairers
Heating, air conditioning, and refrigeration mechanics and installers
Home appliance repairers
Industrial and refractory machinery mechanics
Maintenance and repair workers, general
Maintenance workers, machinery
Millwrights
Electrical power-line installers and repairers
Telecommunications line installers and repairers
Precision instrument and equipment repairers
Wind turbine service technicians
Coin, vending, and amusement machine servicers and repairers
Commercial divers
Locksmiths and safe repairers
Manufactured building and mobile home installers
Riggers
Helpers--installation, maintenance, and repair workers
Other installation, maintenance, and repair workers
Production occupations
First-line supervisors of production and operating workers
Aircraft structure, surfaces, rigging, and systems assemblers
Electrical, electronics, and electromechanical assemblers
Engine and other machine assemblers
Structural metal fabricators and fitters
Other assemblers and fabricators
Bakers
Butchers and other meat, poultry, and fish processing workers

Food and tobacco roasting, baking, and drying machine operators and te
Food batchmakers
Food cooking machine operators and tenders
Food processing workers, all other
Computer numerically controlled tool operators and programmers
Forming machine setters, operators, and tenders, metal and plastic
Cutting, punching, and press machine setters, operators, and tenders, m
Grinding, lapping, polishing, and buffing machine tool setters, operators,
Other machine tool setters, operators, and tenders, metal and plastic
Machinists
Metal furnace operators, tenders, pourers, and casters
Model makers and patternmakers, metal and plastic

File #: BR-2026-150 Agenda Item #: 6e.

Submitted By: Jasmine Dieguez

Presentation By: Jeff Shrum

Department: Growth Management

FORMAL TITLE:
Budget Resolution 2026-150 to amend the Fiscal Year 2025-26 budget to transfer funds from the Building Fund Reserve for Fund Balance for a fee study in the amount of $42,558

OCALA'S RELEVANT STRATEGIC GOALS:
Fiscally Sustainable, Operational Excellence

PROOF OF PUBLICATION:
N/A

BACKGROUND:
To ensure full compliance with the upcoming legislation outlined in House Bill 803, the funds will support the establishment of a service contract to conduct a comprehensive fee study for the Growth Management Department. This initiative marks a significant milestone, as it will be the first fee study ever performed for the City of Ocala Growth Management Department, providing a foundation for improved transparency, accountability, and operational insight.

FINDINGS AND CONCLUSIONS:
Funds are needed for the City of Ocala Building Division to enter into a $91,546 contract with JRD & Associates to conduct a comprehensive fee study of existing Growth Management Department fees. The Building Division can allocate $42,558 ($38,958 plus $3,600 for travel expenses) from the Building Reserve Fund Balance to cover phase one Building Division Services. The remaining phase of the contract will be paid out of general funds for professional services allocated to the Planning Division.

Staff recommends approval.

BUDGET RESOLUTION 2026-150

A RESOLUTION TO AMEND THE FISCAL YEAR 2025-26 BUDGET TO TRANSFER FUNDS FROM THE BUILDING FUND RESERVE FOR FUND BALANCE FOR A FEE STUDY TOTALING $42,558

WHEREAS, the City of Ocala's building reserves are maintained within the Building Fund Reserve for Fund Balance; and

WHEREAS, a portion of the Building Reserve for Fund Balance, in the amount of $42,558, will be transferred to the Professional Services - Other account for a fee study.

NOW THEREFORE, BE IT RESOLVED THAT THE CITY COUNCIL OF THE CITY OF OCALA, FLORIDA, duly assembled in regular session, that the Fiscal Year 2025-26 budget be amended as outlined below.

Department: Community Development Services

FORMAL TITLE:
Award of the contract for rehabilitation of the Johnson residence located at 2015 NW First Street to The Ford Design Group, LLC, for a total project cost not to exceed $52,000

OCALA'S RELEVANT STRATEGIC GOALS:
Quality of Place

PROOF OF PUBLICATION:
Bid released to public: 5/12/2026

BACKGROUND:
The City of Ocala provides housing rehabilitation assistance to low-income homeowners. The Consolidated Plan, approved by the Department of Housing and Urban Development (HUD), includes the rehabilitation and reconstruction of owner-occupied housing for income-qualified applicants. Evaluation of the Johnson residence at 2015 NW First Street revealed a need to replace the HVAC, upgrade the plumbing and electrical, replace the water heater and kitchen cabinets, remodel the hall bathroom, replace exterior doors, make interior repairs, paint the interior, replace the appliances with energy-efficient ones, replace the windows, and replace the flooring in the laundry room.

FINDINGS AND CONCLUSIONS:
Services for this project were solicited in compliance with the City's procurement process and in accordance with grant and program guidelines. On May 12, 2026, the City issued an Invitation to Bid (ITB) No.: CDS/260655 for the rehabilitation of the Johnson residence. The ITB closed on May 28, 2026, with five bidders responding. The Ford Design Group, LLC, of Orlando, Florida, was found to be the lowest responsible bidder at $52,000.

Bidder Name	Office Location	Total Bid Amount
The Ford Design Group, LLC	Orlando, FL	**$ 52,000.00**
DMS Contractors, LLC	Dania Beach, FL	$ 58,764.00
Universal Contracting Services	Tampa, FL	$ 58,995.00
Next Dimension Construction, Inc	Summerfield, FL	$ 68,657.00
Ulloa Management Group, LLC	Saint Augustine, FL	$ 86,638.00

Funding for this project is available through the City's Community Development Block Grant. Staff recommends approval.

FISCAL IMPACT:
346-060-644-554-55-34010 $52,000

PROCUREMENT REVIEW:
These services were procured in compliance with the City's procurement policy.

LEGAL REVIEW:
This Agreement will be reviewed and approved for form and legality by City Attorney, William E. Sexton.

CONTRACT# CDS/260655

AGREEMENT FOR SHIP/HOME/CDBG HOUSING REHABILITATION

THIS AGREEMENT FOR SHIP/HOME/CDBG HOUSING REHABILITATION ("Agreement") is entered into by and between the **CITY OF OCALA**, a Florida municipal corporation ("City"), **JOYCE JONHSON** ("Owner"), and **THE FORD DESIGN GROUP, LLC**, a limited liability company duly organized and authorized to do business in the state of Florida (EIN: 01-0859010) ("Contractor").

R E C I T A L S :

WHEREAS, on May 12, 2026, City issued an invitation to bid ("ITB") for the provision of rehabilitation work on a residential home located at 2015 NW 1st Street, Ocala Florida, 34475, ITB No.: CDS/260655 (the "Solicitation"); and

WHEREAS, five (5) firms responded to the Solicitation and, after consideration of price and other evaluation factors set forth in the Solicitation, the bid submitted by The Ford Design Group, LLC , was found to be the lowest; and

WHEREAS, Contractor was chosen as the intended awardee for the rehabilitation work on a residential home located at 2015 NW 1st Street, Ocala Florida, 34475, (the "Project"); and

WHEREAS, Contractor certifies that Contractor and its subcontractors, if any, are qualified and possess the required licensure and skill to perform the work required for the Project; and

NOW THEREFORE, in consideration of the foregoing recitals, the following mutual covenants and conditions, and other good and valuable consideration, City and Contractor agree as follows:

TERMS OF AGREEMENT:

1. **RECITALS**. City and Contractor hereby represent, warrant, and agree that the Recitals set forth above are true and correct and are incorporated herein by reference.
2. **CONTRACT DOCUMENTS**. The Contract Documents which comprise the entire understanding between City and Contractor shall only include: (a) this Agreement; (b) those documents listed in this section as Exhibits to this Agreement; (c) the City's Solicitation for the Project and the bid submitted by Contractor in response to same (the "Solicitation Documents"); and (d) those documents identified in the Project Specifications section of this Agreement. Each of these documents are incorporated herein by reference for all purposes. If there is a conflict between the terms of this Agreement and the Contract Documents, then the terms of this Agreement shall control, amend, and supersede any conflicting terms contained in the remaining Contract Documents.

   A. **Exhibits to Agreement**: The Exhibits to this Agreement are as follows:
   Exhibit A: Scope of Work (A-1 through A-4)
   Exhibit B: Work Write Up (B-1 through B-7)
   Exhibit C: Asbestos Survey Report (C-1 through C-29)

   If there is a conflict between the individual Exhibits regarding the scope of work to be performed, then any identified inconsistency shall be resolved by giving precedence in the following order: (1) Exhibit A; then (2) Exhibit B; then (3) Exhibit C.

3. **SCOPE OF SERVICES.** Contractor shall provide all materials, labor, supervision, tools, accessories, equipment, permits, fees, testing, inspections, certifications, and all other things necessary for Contractor to perform its obligations under this Agreement as set forth in the attached **Exhibit A - Scope of Work** and the Contract Documents. The Scope of Work under this Agreement may only be adjusted by written amendment executed by both parties.

4. **PROJECT SPECIFICATIONS.** This project will require the Contractor to have the following specifications and documents, which are incorporated by reference:

   A. **City of Ocala Rehabilitation Standards Manual** available at: https://www.ocalafl.gov/home/showpublisheddocument/504/637545378827730000;
   B. **City of Ocala Metering Enclosure and Equipment Standards** available at: https://www.ocalafl.gov/home/showpublisheddocument/328/637632311592430000;
   C. **Florida Building Code (Most Recent Edition)** available at: https://floridabuilding.gov/c/default.aspx.
   D. **Standard Specifications for Construction of Streets, Stormwater, Traffic, Water and Sewer Infrastructures (January 11, 2024)** available at: https://www.ocalafl.gov/home/showpublisheddocument/26969

   In the event of a conflict between the individual Project Specifications regarding the scope of work to be performed, then the specification with the more restrictive provision shall take precedence over the others.

5. **COMPENSATION.** City shall pay Contractor, on behalf of Owner, a maximum limiting amount of **FIFTY-TWO THOUSAND AND NO/100 DOLLARS ($52,000)** (the "Contract Sum") as full and complete compensation for the timely and satisfactory completion of the work in compliance with the Contract Documents. The Contract Sum under this Agreement may only be adjusted by written amendment executed by both parties.

   A. **Monthly Progress Payments**: The compensation amount under this section shall be paid by City, monthly, based upon a percentage of completion of the work as invoiced by Contractor and approved by City. The compensation sought under this Agreement is subject to the express terms of this Agreement and any applicable Federal and/or state laws.

   B. **Project Schedule and Progress Reports**. A progress report and updated project schedule must be submitted with each monthly pay request indicating the percent of services completed to date. This report will serve as support for payment to Contractor and the basis for payment in the event project is suspended or abandoned.

   C. **Invoice Submission**. Contractor must invoice at least once a month. All invoices submitted by Contractor shall include the City Contract Number, an assigned Invoice Number, and an Invoice Date. Contractor shall be provided with a cover sheet for invoicing. This cover sheet must be filled out correctly and submitted with each invoice. Contractor shall submit the original invoice through the responsible City Project Manager at: **City of Ocala Community Development Services Department,** Attn: **Chris Lewis,** E-Mail: **clewis@ocalafl.gov** Address: **201 SE 3rd Street 2nd Floor, Ocala, Florida 34471,**

D. **Payment of Invoices by City**. The City Project Manager must review and approve all invoices prior to payment. City Project Manager's approval shall not be unreasonably withheld, conditioned, or delayed. Payments by City shall be made no later than the time periods established in section 218.735, Florida Statutes.

E. **Withholding of Payment**. City reserves the right to withhold, in whole or in part, payment for any and all work that: (i) has not been completed by Contractor; (ii) is inadequate or defective and has not been remedied or resolved in a manner satisfactory to the City Project Manager; (iii) which fails to comply with any term, condition, or other requirement under this Agreement; or for (iv) representations provided in Contractor's billing statements that are wholly or partially inaccurate. Any payment withheld shall be released and remitted to Contractor within **THIRTY (30)** calendar days of the Contractor's remedy or resolution of the inadequacy or defect.

F. **Excess Funds**. If due to mistake or any other reason Contractor receives payment under this Agreement in excess of what is provided for by the Agreement, Contractor shall promptly notify City upon discovery of the receipt of the overpayment. Any overpayment shall be refunded to City within **THIRTY (30)** days of Contractor's receipt of the overpayment or must also include interest calculated from the date of the overpayment at the interest rate for judgments at the highest rate as allowed by law.

G. **Amounts Due to the City**. Contractor must be current and remain current in all obligations due to the City during the performance of services under this Agreement. Payments to Contractor may be offset by any delinquent amounts due to the City or fees and/or charges owed to the City.

H. **Tax Exemption**. City is exempt from all federal excise and state sales taxes (State of Florida Consumer's Certification of Exemption 85-8012621655C-9). The City's Employer Identification Number is 59-60000392. Contractor shall not be exempted from paying sales tax to its suppliers for materials to fulfill contractual obligations with the City, nor will Contractor be authorized to use City's Tax Exemption Number for securing materials listed herein.

6. **TIME FOR PERFORMANCE**. Time is of the essence with respect to the performance of all duties, obligations, and responsibilities set forth in this Agreement and the Contract Documents.

A. Contractor shall mobilize and commence work no later than **TEN (10)** working days from the date of issuance of a Notice to Proceed for the project by City. **At no time will the Contractor be allowed to lag behind**.

B. **All work shall be substantially completed by Contractor in a manner satisfactory to the City Project Manager and ready for final payment within SIXTY (60) days of the start date indicated on the Notice to Proceed.**

C. **Weather Days**. Contractor shall submit a written request to the City Project Manager (email is the preferred method) for additional days for which work is suspended or delayed by weather. Weather days shall be reconciled with each monthly pay application for the

time period in which the application is submitted and shall be final. Contractor performance and execution of work will be considered in the determination for granting additional days.

D. **Lead Time**. The maximum acceptable lead time on materials is two (2) weeks. The City shall issue a Notice to Proceed (NTP) upon notification of the receipt of materials by the Contractor.

E. The Time for Performance under this Agreement may only be adjusted by Change Order, in the sole and absolute discretion of City. Any request for an extension of the Time for Performance must be submitted in a writing delivered to the City Project Manager, along with all supporting data, within **THREE (3)** calendar days of the occurrence of the event giving rise to the need for adjustment unless the City allows an additional period of time to ascertain more accurate data. All requests for adjustments in the Contract Time shall be determined by City.

F. As to any delay, inefficiency, or interference in this performance of this Agreement caused by any act or failure to act by City, the Contractor's sole remedy shall be the entitlement of an extension of time to complete the performance of the affected work in accordance with the Contract Documents. Contractor agrees to make no claim for extra or additional costs attributable to said delays, inefficiencies, or interference, except as provided in this Agreement.

G. None of the provisions of this section shall exclude City's right of recovery for damages caused by delays or inefficiencies caused by any act or failure to act by Contractor, to include costs incurred by City for the procurement of additional professional services.

7. **FORCE MAJEURE**. Neither party shall be liable for delay, damage, or failure in the performance of any obligation under this Agreement if such delay, damage, or failure is due to causes beyond its reasonable control, including without limitation: fire, flood, strikes and labor disputes, acts of war, acts of nature, terrorism, civil unrest, acts or delays in acting of the government of the United States or the several states, judicial orders, decrees or restrictions, or any other like reason which is beyond the control of the respective party ("Force Majeure"). The party affected by any event of force majeure shall use reasonable efforts to remedy, remove, or mitigate such event and the effects thereof with all reasonable dispatch.

   A. The party affected by force majeure shall provide the other party with full particulars thereof including, but not limited to, the nature, details, and expected duration thereof as soon as it becomes aware.

   B. When force majeure circumstances arise, the parties shall negotiate in good faith any modifications of the terms of this Agreement that may be necessary or appropriate in order to arrive at an equitable solution. Contractor performance shall be extended for a number of days equal to the duration of the force majeure. Contractor shall be entitled to an extension of time only and, in no event, shall Contractor be entitled to any increased costs, additional compensation, or damages of any type resulting from such force majeure delays.

8. **INSPECTION AND ACCEPTANCE OF THE WORK**. Contractor shall report its progress to the City Project Manager as set forth herein. All services, work, and materials provided by Contractor under this Agreement shall be provided to the satisfaction and approval of the City Project Manager.

   A. The City Project Manager shall decide all questions regarding the quality, acceptability, and/or fitness of materials furnished, or workmanship performed, the rate of progress of the work, the interpretation of the plans and specifications, and the acceptable fulfillment of the Agreement, in his or her sole discretion, based upon both the requirements set forth by City and the information provided by Contractor in its Proposal. The authority vested in the City Project Manager pursuant to this paragraph shall be confined to the direction or specification of what is to be performed under this Agreement and shall not extend to the actual execution of the work.

   B. Neither the City Project Manager's review of Contractor's work nor recommendations made by City Project Manager pursuant to this Agreement will impose on City Project Manager any responsibility to supervise, direct, or control Contractor's work in progress or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident Contractor's furnishing and performing the work.

9. **TERMINATION AND DEFAULT**. Either party, upon determination that the other party has failed or refused to perform or is otherwise in breach of any obligation or provision under this Agreement or the Contract Documents, may give written notice of default to the defaulting party in the manner specified for the giving of notices herein. Termination of this Agreement by either party for any reason shall have no effect upon the rights or duties accruing to the parties prior to termination.

   A. **Termination by City for Cause**. City shall have the right to terminate this Agreement immediately, in whole or in part, upon the failure of Contractor to carry out any obligation, term, or condition of this Agreement. City's election to terminate the Agreement for default shall be communicated by providing Contractor written notice of termination in the manner specified for the giving of notices herein. Any notice of termination given to Contractor by City shall be effective immediately, unless otherwise provided therein, upon the occurrence of any one or more of the following events:

      (1) Contractor fails to timely and properly perform any of the services set forth in the specifications of the Agreement;

      (2) Contractor provides material that does not meet the specifications of the Agreement;

      (3) Contractor fails to complete the work required within the time stipulated in the Agreement; or

      (4) Contractor fails to make progress in the performance of the Agreement and/or gives City reason to believe that Contractor cannot or will not perform to the requirements of the Agreement.

B. **Contractor's Opportunity to Cure Default**. City may, in its sole discretion, provide Contractor with an opportunity to cure the violations set forth in City's notice of default to Contractor. Contractor shall commence to cure the violations immediately and shall diligently and continuously prosecute such cure to completion within a reasonable time as determined by City. If the violations are not corrected within the time determined to be reasonable by City or to the reasonable satisfaction of City, City may, without further notice, declare Contractor to be in breach of this Agreement and pursue all remedies available at law or equity, to include termination of this Agreement without further notice.

C. **City's Remedies Upon Contractor Default**. In the event that Contractor fails to cure any default under this Agreement within the time period specified in this section, City may pursue any remedies available at law or equity, including, without limitation, the following:

(1) City shall be entitled to terminate this Agreement without further notice.

(2) City shall be entitled to hire another contractor to complete the required work in accordance with the needs of City;

(3) City shall be entitled to recover from Contractor all damages, costs, and attorney's fees arising from Contractor's default prior to termination; and

(4) City shall be entitled to recovery from Contractor any actual excess costs by: (i) deduction from any unpaid balances owed to Contractor; or (ii) any other remedy as provided by law.

D. **Termination for Convenience**. City reserves the right to terminate this Agreement in whole or in part at any time for the convenience of City without penalty or recourse. The City Project Manager shall provide written notice of the termination. Upon receipt of the notice, Contractor shall immediately discontinue all work as directed in the notice, notify all subcontractors of the effective date of the termination, and minimize all further costs to City including, but not limited to, the placing of any and all orders for materials, facilities, or supplies, in connection with its performance under this Agreement. Contractor shall be entitled to receive compensation solely for: (1) the actual cost of the work completed in conformity with this Agreement; and/or (2) such other costs incurred by Contractor as permitted under this Agreement and approved by City.

10. **LIQUIDATED DAMAGES FOR LATE COMPLETION**. The parties agree that it would be extremely difficult and impracticable under the presently known facts and anticipated circumstances to ascertain and fix the actual damages that City and its residents would incur should Contractor fail to achieve Final Completion and readiness for final payment by the dates specified for each under the terms of this Agreement. Accordingly, the parties agree that should Contractor fail to achieve Final Completion by the date specified, then Contractor shall pay City, as liquidated damages and not as a penalty, the sum of **TWO HUNDRED FIFTY AND NO/100 DOLLARS ($250)** per day for each calendar day of unexcused delay in achieving Final Completion beyond the date specified for Final Completion in the Contract Documents.

A. **No Waiver of Rights or Liabilities**. Permitting Contractor to continue and finish the work, or any part thereof, beyond the dates specified for Substantial Completion and/or Final

Completion and readiness for final payment shall not operate as a waiver on the part of the City of any of its rights under this Agreement. Any liquidated damages assessed pursuant to this section shall not relieve Contractor from liability for any damages or costs of other contractors caused by a failure of Contractor to complete the work as agreed.

B. **Right to Withhold or Deduct Damages**. When liquidated damages are due and owing, City shall have the right to: (1) deduct the liquidated damages from any money in its hands or from any money otherwise due or to become due to Contractor; or to (2) initiate any applicable dispute resolution procedure for the recovery of liquidated damages within the times specified under this Agreement.

C. **Non-Cumulative**. The parties agree and understand that the amounts set forth under this section for liquidated damages are not cumulative with one another. The amount set forth as liquidated damages for Contractor's failure to achieve Substantial Completion shall be assessed upon default and continue until Substantial Completion is attained. The amount set forth as liquidated damages for Contractor's failure to achieve Final Completion and readiness for payment shall be assessed after Substantial Completion is attained and apply until Final Completion is attained.

D. **Additional Costs.** In addition to the liquidated damages set forth under this section, Contractor agrees to pay all costs and expenses incurred by City due to Contractor's delay in performance to include inspection fees, superintendence costs, and travel expenses.

E. **Injunctive Relief.** The parties acknowledge that monetary damages may not be a sufficient remedy for Contractor's failure to achieve Substantial Completion or Final Completion in accordance with the terms of this Agreement, and that City shall be entitled, in addition to all other rights or remedies in law and equity, to seek injunctive relief.

11. **WARRANTY.** Contractor warrants that all labor, materials, and equipment furnished under the agreement are new, of the type and quality required for the Project, and installed in a good and workmanlike manner in accordance with the Contract Documents.

A. Contractor shall guarantee that the work shall be free from any defects in workmanship for a period of not less than **ONE (1) YEAR** from the date of Final Completion.

B. Contractor shall guarantee that the materials provided shall be free from any defects for the longer of: (1) **ONE (1) YEAR** from the date of Final Completion; or (2) the period of warranty provided by any supplier or manufacturer.

C. Contractor shall obtain for the benefit of City and Owner all standard warranties of subcontractors, suppliers, and manufacturers of all material, equipment, or supplies manufactured, furnished, or installed. All written warranties for work, materials, or equipment supplied must be provided to the City Project Manager before final payment will be authorized.

12. **DELAYS AND DAMAGES.** The Contractor agrees to make no claim for extra or additional costs attributable to any delays, inefficiencies, or interference in the performance of this contract occasioned by any act or omission to act by the City except as provided in the

Agreement. The Contractor also agrees that any such delay, inefficiency, or interference shall be compensated for solely by an extension of time to complete the performance of the work in accordance with the provision in the standard specification.

13. **PERFORMANCE EVALUATION**. At the end of the contract, City may evaluate Contractor's performance. Any such evaluation will become public record.

14. **NOTICE REGARDING FAILURE TO FULFILL AGREEMENT**. Any contractor who enters into an Agreement with the City of Ocala and fails to complete the contract term, for any reason, shall be subject to future bidding suspension for a period of **ONE (1)** year and bid debarment for a period of up to **THREE (3)** years for serious contract failures.

15. **CONTRACTOR REPRESENTATIONS**. Contractor expressly represents that:

    A. Contractor has read and is fully familiar with all the terms and conditions of this Agreement, the Contract Documents, and other related data and acknowledges that they are sufficient in scope and detail to indicate and convey understanding of all terms and conditions of the work to be performed by Contractor under this Agreement.

    B. Contractor has disclosed, in writing, all known conflicts, errors, inconsistencies, discrepancies, or omissions discovered by Contractor in the Contract Documents, and that the City's written resolution of same is acceptable to Contractor.

    C. Contractor has had an opportunity to visit, has visited, or has had an opportunity to examine and ask questions regarding the sites upon which the work is to be performed and is satisfied with the site conditions that may affect cost, progress, and performance of the work, as observable or determinable by Contractor's own investigation.

    D. Contractor is satisfied with the site conditions that may affect cost, progress, and performance of the work, as observable or determinable by Contractor's own investigation.

    E. Contractor is familiar with all local, state, and Federal laws, regulations, and ordinances which may affect cost, progress, or its performance under this Agreement whatsoever.

    F. **Public Entity Crimes.** Neither Contractor, its parent corporations, subsidiaries, members, shareholders, partners, officers, directors, or executives, nor any of its affiliates, contractors, suppliers, subcontractors, or consultants under this Agreement have been placed on the convicted vendor list following a conviction of a public entity crime. Contractor understands that a "public entity crime" as defined in section 287.133(1)(g), Florida Statutes, is "a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States…" Contractor further understands that any person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime: (1) may not submit a bid, proposal, or reply on a contract: (a) to provide any goods or services to a public entity; (b) for the construction or repair of a public building or public work; or (c) for leases of real property to a public entity; (2) may not be awarded or perform work as a contractor, supplier, subcontractor, or

consultant under a contract with any public entity; and (3) may not transact business with any public entity in excess of the threshold amount provided in section 287.017, Florida Statutes, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

16. **OWNER'S RESPONSIBILITIES**. Except as otherwise specifically provided for in this Agreement, the following provisions are the responsibility of Owner:

A. **Cooperation**. Owner shall cooperate with City and Contractor during the performance of the work. Owner hereby designates City as its agent to oversee and approve Contractor's work and to authorize payment to Contractor for approved invoices.

B. **Access**. Owner shall grant access to the property subject to this Agreement. Owner may continue to occupy the property subject to this Agreement during Contractor's performance of the work unless otherwise agreed to by City, Contractor, and Owner. City shall not be responsible for relocating Owner during the pendency of the work.

C. **Personal Property and Storage**. Owner agrees to remove any personal property within the project construction area so as to not interfere with the progress of the work. Owner shall ensure Contractor has easy access in and around the project construction area for the operation of equipment required for the performance of the work. Owner will allow for the necessary movement and replacement of rugs, furniture, and/or storage boxes as necessary for Contractor's performance of the work. Owner shall be responsible for procuring at Owner's sole expense any needed external storage. City shall not be liable for damage to Owner's personal property due to Owner's failure to remove said personal property pursuant to this section.

D. **Pets**. Owner shall secure any and all pets in a location which does not interfere with the performance of the work or the Contractor's ability to fulfill its requirements under this Agreement. All pets shall be the sole responsibility of the Owner at all times hereunder.

E. **Utilities.** Owner shall furnish and allow the use of electricity and water by Contractor at no additional cost to City or Contractor during Contractor's performance of the work.

F. **License to Photograph Property**. Owner expressly grants to City the right to photograph or film images of the property subject to this Agreement, including the exterior and interior of the home or other structure, for documentation, education, and publicity purposes provided that such use shall not be for commercial purposes.

G. **Color Coordination.** All colors for all materials shall be chosen by Owner at the time of execution of this Agreement from the pre-selected options provided by the Community Development Services Department. This section applies, but is not limited to, color selection for roofing, windows, interior and exterior paint, cabinets, flooring, plumbing fixtures, doors, trim, and appliances.

H. **Homeowner's Insurance**. No insurance is provided by City under this contract to cover Owner. City recommends that Owner obtain a homeowner's insurance or other

comparable policy that is sufficient and adequate to produce Owner's interests and/or liabilities.

l. **Lien on Property.**

(1) Owner agrees to occupy and remain in possession of the property subject to this Agreement for a period of not less than **FIVE (5) YEARS** from the date of execution of this Agreement.

(2) Owner shall execute a Deferred Mortgage Loan equal to the total cost of rehabilitation set forth in the mortgage documents which names the City of Ocala as the lien holder. In the event that the amount set forth on the original Deferred Mortgage Loan does not represent the final cost of the rehabilitation services performed under this Agreement, Owner agrees to execute an amendment to the Deferred Mortgage Loan to reflect the true total cost of rehabilitation upon City's request.

(3) Owner's failure to comply with the provisions set forth herein shall constitute an event of default which may result in the acceleration of the repayment of the mortgage loan balance by Owner.

17. **CONTRACTOR RESPONSIBILITIES**. Except as otherwise specifically provided for in this Agreement, the following provisions are the responsibility of Contractor:

A. Contractor shall competently and efficiently supervise, inspect, and direct all work to be performed under this Agreement, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the work in accordance with the Contract Documents. Contractor shall be responsible to see that the finished work complies accurately with the contract and the intent thereof.

B. Contractor shall have a competent resident job superintendent at the project worksite. Contractor's superintendent shall be the Contractor's primary representative at the project worksite and shall have authority to act on behalf of Contractor. Any and all directives given to the superintendent shall be binding on Contractor.

C. Contractor shall be solely responsible for the means, methods, techniques, sequences, or procedures of construction and safety precautions or programs incident thereto.

D. Contractor shall comply with all local, state, and Federal laws, regulations, and ordinances which may affect cost, progress, or its performance under this Agreement, to include obtaining all permits, licenses, and other authorizations necessary for the prosecution of the work and be responsible for all costs associated with same.

E. Contractor shall operate and cause all construction equipment and materials supplied for or intended to be utilized in the Project to be operated and stored in only those areas prescribed by City. This includes the operations of workmen.

F. Contractor shall be fully responsible for receipt, inspection, acceptance, handling, and storage of all construction equipment and materials supplied for or intended to be utilized in the Project, whether furnished by Contractor or City. Contractor shall be responsible for

providing adequate safeguards to prevent loss, theft, damage, or commingling with other materials or projects.

G. Contractor shall be fully responsible for all acts and omissions of its subcontractors, employees, and other persons or organizations directly or indirectly employed by them.

H. Contractor shall utilize competent employees during the performance of the work. At the request of City, Contractor shall replace any incompetent, unfaithful, abusive, and/or disorderly person under Contractor's employ. City and Contractor shall each promptly notify the other of any complaints received. Smoking is prohibited at the Project worksite and Contractor shall ensure that its employees, subcontractors, and employees of its subcontractors abide by City's smoking regulations.

I. All Contractor and subcontractor vehicles shall have their company names located on the sides and all personnel shall be required to wear company attire. Contractor shall coordinate services with the City's Project Manager.

J. Contractor understands the use and/or possession of alcohol or drugs on a work site is strictly prohibited. This is defined as either coming to the work site under the influence of alcohol/drugs or the use of alcohol/drugs on the work site. Contractor shall inform its subcontractors and employees of this policy. This policy shall be enforced at all times, including lunch, and before and after working hours on the site. Violation of this policy by Contractor, its employees, or its subcontractors shall be grounds for immediate termination of this Agreement by City and/or Owner.

K. Normal working hours shall be from 8:00 a.m. to 5:00 p.m., Monday through Friday. Any changes in the work hours must be agreed to by City, Owner, Contractor, and any subcontractors.

L. Contractor shall not display any signs, posters, or other advertising matter in or on any part of work or around the site thereof without the specific approval in writing by City.

M. Contractor shall promptly secure all necessary permits, inspections and approvals required and allow al inspections of all work by authorized personnel.

N. Contractor shall continue its performance under this Agreement during the pendency of any dispute or disagreement arising out of or relating to this Agreement, except as Contractor and City may otherwise agree in writing.

18. **RESPONSIBILITIES OF CITY.** Except as otherwise specifically provided for in this Agreement, the following provisions are the responsibility of Contractor:

A. City shall serve as agent for Owner and administer this Agreement for Owner as it is necessary to ensure the satisfactory performance of this Agreement.

B. City shall pay Contractor on behalf of Owner for the timely and satisfactory performance of the Work required under this Agreement.

C. City will require and enforce Contractor compliance with the terms, conditions, and procedures set forth in this Agreement.

D. City shall issue all communications to Contractor. City has the authority to request changes in the work in accordance with the terms of this Agreement and with the terms in **Exhibit A – Scope of Work.** City has the authority to stop work or to suspend any work for any reason.

19. **NO EXCLUSIVITY**. It is expressly understood and agreed by the parties that this is not an exclusive agreement. Nothing in this Agreement shall be construed as creating any exclusive arrangement with Contractor or as prohibit City from either acquiring similar, equal, or like goods and/or services or from executing additional contracts with other entities or sources.

20. **RIGHT OF ACCESS AND OTHER WORK PERFORMED BY THIRD PARTIES**. City may perform additional work related to the Project itself, or have additional work performed by utility service companies, or let other direct contracts therefore which shall contain General Conditions similar to these. Contractor shall afford the utility service companies and the other contractors who are parties to such direct contracts (or City if City is performing the additional work with City's employees) reasonable opportunity for the introduction and storage of materials and equipment and the execution of work and shall properly connect and coordinate his work with theirs.

    A. If any part of Contractor's work depends for proper execution or results upon the work of any such other contractor or utility service company (or City), Contractor shall inspect and promptly report to City in writing any latent or apparent defects or deficiencies in such work that render it unsuitable for such proper execution and results. Contractor's failure to so report shall constitute an acceptance of the other work as fit and proper for integration with Contractor's work except for latent or non-apparent defects and deficiencies in the other work.

    B. Contractor shall do all cutting, fitting, and patching of work that may be required to make the parts come together properly and integrate with such other work. Contractor shall not endanger any work of others by cutting, excavating, or otherwise altering their work, and will only cut or alter their work with the written consent of City.

21. **STORAGE OF MATERIALS/EQUIPMENT**. Contractor shall be fully responsible for receipt, inspection, acceptance, handling, and storage of equipment and materials (whether furnished by Contractor or City) to be utilized in the performance of or incorporated into the work.

22. **APPLICABLE FEDERAL PROVISIONS**.

    A. **Civil Rights Act of 1964**. Under Title VI of the Civil Rights Act of 1964, no person shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.

    B. **Equal Employment Opportunity**. Contractor shall comply with all provisions of Executive Order No. 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

C. **Copeland Anti-Kickback Act**. Contractor shall comply with the provisions with the Copeland "Anti-Kickback" Act (18 U.S.C. 874), as supplemented by Department of Labor regulations (29 CFR part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States").

D. **Compliance in the Provision of Training, Employment, and Business Opportunities**. The work to be performed under this Agreement is on a project assisted under a program providing direct Federal financial assistance from the Department of Housing and Urban Development (the "Department") and is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701. The parties to this Agreement shall comply with the provisions of Section 3 and the regulations issued pursuant thereto by the Secretary of Housing and Urban Development set forth in 24 CFR 134, and all applicable rules and orders of the Department issued thereunder prior to the execution of this Agreement. The parties certify and agree that they are under no contractual or other disability which would prevent them from complying with these requirements.

23. **COMMERCIAL AUTO LIABILITY INSURANCE.** Contractor shall procure, maintain, and keep in full force, effect, and good standing for the life of the contract a policy of Commercial Auto Liability insurance with a combined single limit of not less than One Million Dollars ($1,000,000) per occurrence for Bodily Injury and Property Damage arising out of Contractor's operations and covering all owned, leased, hired, scheduled, and non-owned automobiles utilized in said operations. If Contractor does not own vehicles, Contractor shall maintain coverage for hired and non-owned automobile liability, which may be satisfied by way of endorsement to Contractor's Commercial General Liability policy or separate Commercial Automobile Liability policy.

24. **COMMERCIAL GENERAL LIABILITY INSURANCE.** Contractor shall procure, maintain, and keep in full force, effect, and good standing for the life of this Agreement a policy of commercial general liability insurance with limits not less than:

    A. One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) aggregate (or project aggregate, if a construction project) for bodily injury, property damage, and personal and advertising injury; and

    B. One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) aggregate (or project aggregate, if a construction project) for products and completed operations.

    C. Policy must include coverage for contractual liability and independent contractors.

    D. Policy must include Additional Insured coverage in favor of the City that is no less restrictive than that afforded under the CG 20 26 04 13 Additional Insured Form.

25. **WORKERS' COMPENSATION AND EMPLOYER'S LIABILITY.** Worker's Compensation insurance shall be provided by Contractor as required by Chapter 440, Florida Statutes, or any other applicable state or federal law, including the U.S. Longshoremen's and Harbor Workers Compensation Act and the Jones Act.

A. Contractor shall similarly require any and all subcontractors to afford such coverage for all of its employees as required by applicable law.

B. Contractor shall waive and shall ensure that Contractor's insurance carrier waives, all subrogation rights against the City of Ocala and its officers, employees, and volunteers for all losses or damages. Contractor's policy shall be endorsed with WC 00 03 13 Waiver of our Right to Recover from Others or its equivalent.

C. Exceptions and exemptions to this Section may be allowed at the discretion of the City's Risk Manager on a case-by-case basis in accordance with Florida Statutes and shall be evidenced by a separate waiver.

26. **ADDITIONAL INSURANCE REQUIREMENTS.**

A. Contractor's insurance coverage shall be primary insurance for all applicable policies. The limits of coverage under each policy maintained by Contractor shall not be interpreted as limiting Contractor's liability or obligations under this Agreement. City does not in any way represent that these types or amounts of insurance are sufficient or adequate enough to protect Contractor's interests or liabilities or to protect Contractor from claims that may arise out of or result from the negligent acts, errors, or omissions of Contractor, any of its agents or subcontractors, or for anyone whose negligent act(s) Contractor may be liable.

B. No insurance shall be provided by the City for Contractor under this Agreement and Contractor shall be fully and solely responsible for any costs or expenses incurred as a result of a coverage deductible, or co-insurance penalty to include any loss not covered because of the operation of such deductible, co-insurance penalty, or coverage exclusion or limitation.

C. **Certificates of Insurance**. No work shall be commenced by Contractor under this Agreement until the required Certificate of Insurance and endorsements have been provided nor shall Contractor allow any subcontractor to commence work until all similarly required certificates and endorsements of the subcontractor have also been provided. Work shall not continue after expiration (or cancellation) of the Certificate of Insurance and work shall not resume until a new Certificate of Insurance has been provided. **Contractor shall provide evidence of insurance in the form of a valid Certificate of Insurance (binders are unacceptable) prior to the start of work contemplated under this Agreement to: City of Ocala. Attention: Procurement & Contracting Department, Address: 110 SE Watula Avenue, Third Floor, Ocala Florida 34471, E-Mail: vendors@ocalafl.gov.** Contractor's Certificate of Insurance and required endorsements shall be issued by an agency authorized to do business in the State of Florida with an A.M. Best Rating of A or better. The Certificate of Insurance shall indicate whether coverage is being provided under a claims-made or occurrence form. If any coverage is provided on a claims-made form, the Certificate of Insurance must show a retroactive date, which shall be the effective date of the initial contract or prior.

D. **City as an Additional Insured**. The City of Ocala shall be named as an Additional Insured and Certificate Holder on all liability policies identified in this Section with the exception

of Workers' Compensation and Professional Liability policies. **Workers Compensation policy must contain a Waiver of Subrogation in favor of the City**.

E. **Notice of Cancellation of Insurance**. Contractor's Certificate of Insurance shall provide **THIRTY (30) DAY** notice of cancellation, **TEN (10) DAY** notice if cancellation is for non-payment of premium. In the event that Contractor's insurer is unable to accommodate the cancellation notice requirement, it shall be the responsibility of Contractor to provide the proper notice. Such notification shall be in writing by registered mail, return receipt requested, and addressed to the certificate holder. Additional copies may be sent to the City of Ocala at vendors@ocalafl.gov.

F. **Failure to Maintain Coverage**. The insurance policies and coverages set forth above are required and providing proof of and maintaining insurance of the types and with such terms and limits set forth above is a material obligation of Contractor. Contractor's failure to obtain or maintain in full force and effect any insurance coverage required under this Agreement shall constitute material breach of this Agreement.

G. **Severability of Interests**. Contractor shall arrange for its liability insurance to include, or be endorsed to include, a severability of interests/cross-liability provision so that the "City of Ocala" (where named as an additional insured) will be treated as if a separate policy were in existence, but without increasing the policy limits.

27. **SAFETY/ENVIRONMENTAL.** Contractor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the Work. Contractor shall make an effort to detect hazardous conditions and shall take prompt action where necessary to avoid accident, injury or property damage. EPA, DEP, OSHA and all other applicable safety laws and ordinances shall be followed as well as American National Standards Institute Safety Standards. Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury, or loss to:

    A. All employees on the work and other persons that may be affected thereby;

    B. All work, materials, and equipment to be incorporated therein, whether in storage on or off the site; and

    C. Other property at the site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, and utilities not designated for removal, relocation, or replacement in the course of construction.

    All, injury, or loss to any property caused, directly or indirectly, in whole or in part, by Contractor, any subcontractor, or anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, shall be remedied by Contractor. Contractor's duties and responsibilities for the safety and protection of the work shall continue until such time as the work is completed and accepted by City.

28. **TRAFFIC CONTROL AND BARRICADES.** The Contractor shall mitigate impact on local traffic conditions to all extents possible. The Contractor is responsible for establishing and maintaining appropriate traffic control and barricades. The Contractor shall provide sufficient

signing, flagging, and barricading to ensure the safety of vehicular and pedestrian traffic at all locations where work is being done under this Agreement.

A. In addition to the requirements set forth in the Solicitation, the Contractor shall maintain at all times a good and sufficient fence, railing or barrier around all exposed portions of said work in such a manner as to warn vehicular and pedestrian traffic of hazardous conditions.

B. Should Contractor fail to properly barricade his work or stored material sites in the manner outlined above, the City may have the necessary barricading done, and all cost incurred for said barricading shall be charged to the Contractor.

29. **WORK SITE AND CLEANUP.** Contractor shall confine construction equipment, stored materials, and the operations of workers to only those areas prescribed by City. Daily, during the progress of the work, Contractor shall keep the premises free from accumulations of waste materials, rubbish, and all other debris resulting from the work. At the completion of the work, Contractor shall remove all waste materials, rubbish, and debris from and about the premises, as well as all tools, appliances, construction equipment and machinery, and surplus materials, and shall leave the site clean and ready for occupancy by Owner. Contractor shall provide an inventory listing of all surplus materials in an area designated by City. Contractor shall restore to their original condition those portions of the site not designated or alteration by the Contract.

30. **NON-DISCRIMINATORY EMPLOYMENT PRACTICES**. During the performance of the contract, the Contractor shall not discriminate against any employee or applicant for employment because of race, color, religion, ancestry, national origin, sex, pregnancy, age, disability, sexual orientation, gender identity, marital or domestic partner status, familial status, or veteran status and shall take affirmative action to ensure that an employee or applicant is afforded equal employment opportunities without discrimination. Such action shall be taken with reference to, but not limited to: recruitment, employment, termination, rates of pay or other forms of compensation and selection for training or retraining, including apprenticeship and on-the-job training.

31. **SUBCONTRACTORS.** Nothing in this Agreement shall be construed to create, impose, or give rise to any duty owed by City or its representatives to any subcontractor of Contractor or any other persons or organizations having a direct contract with Contractor, nor shall it create any obligation on the part of City or its representatives to pay or seek payment of any monies to any subcontractor of Contractor or any other persons or organizations having a direct contract with Contractor, except as may otherwise be required by law. City shall not be responsible for the acts or omissions of any Contractor, subcontractor, or of any of their agents or employees, nor shall it create any obligation on the part of City or its representatives to pay or to seek the payment of any monies to any subcontractor or other person or organization, except as may otherwise be required by law.

32. **EMERGENCIES**. In an emergency affecting the welfare and safety of life or property, Contractor, without special instruction or authorization from the City Project Manager, is

hereby permitted, authorized, and directed to act at its own discretion to prevent threatened loss or injury. Except in the case of an emergency requiring immediate remedial work, any work performed after regular working hours, on Saturdays, Sundays, or legal holidays, shall be performed without additional expense to the City unless such work has been specifically requested and approved by the City Project Manager. Contractor shall be required to provide to the City Project Manager with the names, addresses and telephone numbers of those representatives who can be contacted at any time in case of emergency. Contractor's emergency representatives must be fully authorized and equipped to correct unsafe or excessively inconvenient conditions on short notice by City or public inspectors.

33. **INDEPENDENT CONTRACTOR STATUS.** Contractor acknowledges and agrees that under this Agreement, Contractor and any agent or employee of Contractor shall be deemed at all times to be an independent contractor and shall be wholly responsible for the manner in which it performs the services and work required under this Agreement. Neither Contractor nor its agents or employees shall represent or hold themselves out to be employees of City at any time. Neither Contractor nor its agents or employees shall have employee status with City. Nothing in this Agreement shall constitute or be construed to create any intent on the part of either party to create an agency relationship, partnership, employer-employee relationship, joint venture relationship, or any other relationship which would allow City to exercise control or discretion over the manner or methods employed by Contractor in its performance of its obligations under this Agreement.

34. **ACCESS TO FACILITIES.** City shall provide Contractor with access to all City facilities as is reasonably necessary for Contractor to perform its obligations under this Agreement.

35. **ASSIGNMENT.** Neither party may assign its rights or obligations under this Agreement to any third party without the prior express approval of the other party, which shall not be unreasonably withheld.

36. **RIGHT OF CITY TO TAKE OVER CONTRACT.** Should the work to be performed by Contractor under this Agreement be abandoned, or should Contractor become insolvent, or if Contractor shall assign or sublet the work to be performed hereunder without the written consent of City, the City Project Manager shall have the power and right to hire and acquire additional men and equipment, supply additional material, and perform such work as deemed necessary for the completion of this Agreement. Under these circumstances, all expenses and costs actually incurred by City to accomplish such completion shall be credited to City along with amounts attributable to any other elements of damage and certified by the City Project Manager. The City Project Manager's certification as to the amount of such liability shall be final and conclusive.

37. **PUBLIC RECORDS.** The Contractor shall comply with all applicable provisions of the Florida Public Records Act, Chapter 119, Florida Statutes. Specifically, the Contractor shall:

    A. Keep and maintain public records required by the public agency to perform the service.

    B. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied

within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the public agency.

D. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: CITY OF OCALA, OFFICE OF THE CITY CLERK; 352-629-8266; E-mail: clerk@ocalafl.gov; City Hall, 110 SE Watula Avenue, Ocala, FL 34471.

38. **AUDIT.** Contractor shall comply and cooperate immediately with any inspections, reviews, investigations, or audits relating to this Agreement as deemed necessary by the Florida Office of the Inspector General, the City's Internal or External auditors or by any other Florida official with proper authority.

39. **PUBLICITY.** Contractor shall not use City's name, logo, seal or other likeness in any press release, marketing materials, or other public announcement without City's prior written approval.

40. **E-VERIFY.** Pursuant to section 448.095, Contractor shall register with and use the U.S. Department of Homeland Security's ("DHS") E-Verify System, accessible at https://e-verify.uscis.gov/emp, to verify the work authorization status of all newly hired employees. Contractor shall obtain affidavits from any and all subcontractors in accordance with paragraph 2(b) of section 448.095, Florida Statutes, and maintain copies of such affidavits for the duration of this Agreement. By entering into this Agreement, Contractor certifies and ensures that it utilizes and will continue to utilize the DHS E-Verify System for the duration of this Agreement and any subsequent renewals of same. Contractor understands that failure to comply with the requirements of this section shall result in the termination of this Agreement

and Contractor may lose the ability to be awarded a public contract for a minimum of one (1) year after the date on which the Agreement was terminated. Contractor shall provide a copy of its DHS Memorandum of Understanding upon City's request. Please visit www.e-verify.gov for more information regarding the E-Verify System.

41. **CONFLICT OF INTEREST.** Contractor is required to have disclosed, with the submission of their bid, the name of any officer, director, or agent who may be employed by the City. Contractor shall further disclose the name of any City employee who owns, directly or indirectly, any interest in Contractor's business or any affiliated business entity. Any additional conflicts of interest that may occur during the contract term must be disclosed to the City of Ocala Procurement Department.

42. **WAIVER.** The failure or delay of any party at any time to require performance by another party of any provision of this Agreement, even if known, shall not affect the right of such party to require performance of that provision or to exercise any right, power, or remedy hereunder. Any waiver by any party of any breach of any provision of this Agreement should not be construed as a waiver of any continuing or succeeding breach of such provision, a waiver of the provision itself, or a waiver of any right, power, or remedy under this Agreement. No notice to or demand on any party in any circumstance shall, of itself, entitle such party to any other or further notice or demand in similar or other circumstances.

43. **SEVERABILITY OF ILLEGAL PROVISIONS.** Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the applicable law. Should any portion of this Agreement be declared invalid for any reason, such declaration shall have no effect upon the remaining portions of this Agreement.

44. **INDEMNITY.** Contractor and Owner shall indemnify City and its elected officials, employees and volunteers against, and hold City and its elected officials, employees and volunteers harmless from, all damages, claims, losses, costs, and expenses, including reasonable attorneys' fees, which City or its elected officials, employees or volunteers may sustain, or which may be asserted against City or its elected officials, employees or volunteers, arising out of the activities contemplated by this Agreement including, without limitation, harm or personal injury to third persons during the term of this Agreement to the extent attributable to the actions of Contractor, Owner, their agents, and their employees.

45. **NO WAIVER OF SOVEREIGN IMMUNITY.** Nothing herein is intended to waive sovereign immunity by the City to which sovereign immunity may be applicable, or of any rights or limits of liability existing under Florida Statute § 768.28. This term shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until any proceeding brought under this Agreement is barred by any applicable statute of limitations.

46. **NOTICES.** All notices, certifications or communications required by this Agreement shall be given in writing and shall be deemed delivered when personally served, or when received if by facsimile transmission with a confirming copy mailed by registered or certified mail, postage prepaid, return receipt requested. Notices can be concurrently delivered by e-mail. All notices shall be addressed to the respective parties as follows:

If to Contractor:	The Ford Design Group, LLC Attention: Zurny Ford 111 N. Orange Avenue Phone: 321-231-4518 E-mail: fordrecovery@gmail.com
If to City of Ocala as Agent for Owner:	Patricia Lewis, Interim Director City of Ocala 110 SE Watula Avenue, Third Floor Ocala, Florida 34471 Phone: 352-629-8343 E-mail: notices@ocalafl.gov
Copy to:	William E. Sexton, Esq., City Attorney City of Ocala 110 SE Watula Avenue, Third Floor Ocala, Florida 34471 Phone: 352-401-3972 E-mail: cityattorney@ocalafl.gov

47. **ATTORNEYS' FEES.** If any civil action, arbitration or other legal proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party shall be entitled to recover reasonable attorneys' fees, sales and use taxes, court costs and all expenses reasonably incurred even if not taxable as court costs (including, without limitation, all such fees, taxes, costs and expenses incident to arbitration, appellate, bankruptcy and post-judgment proceedings), incurred in that civil action, arbitration or legal proceeding, in addition to any other relief to which such party or parties may be entitled. Attorneys' fees shall include, without limitation, paralegal fees, investigative fees, administrative costs, sales and use taxes and all other charges reasonably billed by the attorney to the prevailing party.

48. **JURY WAIVER.** IN ANY CIVIL ACTION, COUNTERCLAIM ,OR PROCEEDING, WHETHER AT LAW OR IN EQUITY, WHICH ARISES OUT OF, CONCERNS, OR RELATES TO THIS AGREEMENT, ANY AND ALL TRANSACTIONS CONTEMPLATED HEREUNDER, THE PERFORMANCE HEREOF, OR THE RELATIONSHIP CREATED HEREBY, WHETHER SOUNDING IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, TRIAL SHALL BE TO A COURT OF COMPETENT JURISDICTION AND NOT TO A JURY. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. NEITHER PARTY HAS MADE OR RELIED UPON ANY ORAL REPRESENTATIONS TO OR BY ANY OTHER PARTY REGARDING THE ENFORCEABILITY OF THIS PROVISION.

EACH PARTY HAS READ AND UNDERSTANDS THE EFFECT OF THIS JURY WAIVER PROVISION.

49. **GOVERNING LAW.** This Agreement is and shall be deemed to be a contract entered and made pursuant to the laws of the State of Florida and shall in all respects be governed, construed, applied and enforced in accordance with the laws of the State of Florida.
50. **JURISDICTION AND VENUE.** The parties acknowledge that a majority of the negotiations, anticipated performance and execution of this Agreement occurred or shall occur in Marion County, Florida. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought only in the courts of record of the State of Florida in Marion County or the United States District Court, Middle District of Florida, Ocala Division. Each party consents to the exclusive jurisdiction of such court in any such civil action or legal proceeding and waives any objection to the laying of venue of any such civil action or legal proceeding in such court and/or the right to bring an action or proceeding in any other court. Service of any court paper may be effected on such party by mail, as provided in this Agreement, or in such other manner as may be provided under applicable laws, rules of procedures or local rules.
51. **REFERENCE TO PARTIES.** Each reference herein to the parties shall be deemed to include their successors, assigns, heirs, administrators, and legal representatives, all of whom shall be bound by the provisions hereof.
52. **MUTUALITY OF NEGOTIATION.** Contractor and City acknowledge that this Agreement is a result of negotiations between Contractor and City, and the Agreement shall not be construed in favor of, or against, either party because of that party having been more involved in the drafting of the Agreement.
53. **SECTION HEADINGS.** The section headings herein are included for convenience only and shall not be deemed to be a part of this Agreement.
54. **RIGHTS OF THIRD PARTIES.** Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or because of this Agreement on any persons other than the parties hereto and their respective legal representatives, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action over or against any party to this Agreement.
55. **AMENDMENT.** No amendment to this Agreement shall be effective except those agreed to in writing and signed by both parties to this Agreement.
56. **COUNTERPARTS.** This Agreement may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.
57. **ELECTRONIC SIGNATURE(S).** Contractor, if and by offering an electronic signature in any form whatsoever, will accept and agree to be bound by said electronic signature to all terms and conditions of this Agreement. Further, a duplicate or copy of the Agreement that contains a duplicated or non-original signature will be treated the same as an original, signed copy of this original Agreement for all purposes.

58. **ENTIRE AGREEMENT.** This Agreement, including exhibits, (if any) constitutes the entire Agreement between the parties hereto with respect to the subject matter hereof. There are no other representations, warranties, promises, agreements, or understandings, oral, written or implied, among the Parties, except to the extent reference is made thereto in this Agreement. No course of prior dealings between the parties and no usage of trade shall be relevant or admissible to supplement, explain, or vary any of the terms of this Agreement. No representations, understandings, or agreements have been made or relied upon in the making of this Agreement other than those specifically set forth herein.
59. **LEGAL AUTHORITY**. Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement on the dates set forth below.

BACKGROUND

1. Contractor shall perform rehabilitation work on a residential home located at **2015 NW 1st Street, Ocala, FL, 34475.**
2. Contractor will provide all labor, materials, and equipment necessary to perform the services in strict accordance with the rehabilitation specifications, guidelines, and the Florida Building Code.

PERMIT AND SPECIFICATION REQUIREMENTS

1. **Permits Required:** Contractor will be responsible for obtaining the following City of Ocala permits at no additional cost to the City:
   - Building
   - Mechanical
   - Electrical
   - Plumbing
2. No work shall commence, nor will any permits be issued, until all associated contracts have been approved and signed by all applicable parties involved.
3. **Estimated Permit Cost/Allowance:** $300.00
4. **Permit Fee Schedule:** For information regarding permitting fees, visit the following link: https://www.ocalafl.org/home/showpublisheddocument/490/637545367420930000
5. **Specifications:** All work shall comply with the rehabilitation specifications and guidelines outlined in the Florida Building Code: https://floridabuilding.org/c/default.aspx
6. **Work Summaries and Reports:**
   A. Exhibit A – Scope of Work
   B. Exhibit B – Price Proposal
   C. Exhibit C – Work Write Up
   D. Exhibit D – Asbestos Survey Report

PROJECT SUMMARY

1. This work includes but is not limited to the following:
   - Plumbing
   - Hall Bath
   - HVAC
   - Electrical
   - Water Heater
   - Exterior doors
   - Kitchen Cabinets
   - Interior Repairs
   - Interior Painting
   - Appliances

- Flooring in Laundry Room
- Windows

2. Work shall be coordinated with the City Project Manager, Chris Lewis, 629-8333 or 425-7686, clewis@ocalafl.gov.

CONTRACTOR RESPONSIBILITIES

1. The Contractor shall complete all work performed under this contract in accordance with the policies and procedures of the City of Ocala and all applicable State of Florida and Federal laws, policies, procedures, codes, and guidelines.
2. The Contractor is responsible for purchasing the permits and ensuring that the hired subcontractors purchase their required permits.
3. Each rehabilitation job shall have the required permits (i.e., building permit, plumbing permit, electrical permit, and H.A.R.V. permit).
   A. The Contractor is responsible for purchasing the permits and ensuring that his/her sub-contractors purchase their required permits.
   B. All electrical, plumbing, mechanical, and structural inspections must be made by the City of Ocala Growth Management Department.
      i. The Contractor is required to notify the Growth Management Department, (352) 629-8421 for each of the required inspections.
      ii. When calling for an inspection, Contractor will need the address, owner's name, contractor (on plumbing and electrical inspections, the plumber or electrician is the contractor), and the permit number.
      iii. The City Project Manager shall sign each request for payment form as approved.
      iv. When an inspection is called into the Growth Management Department before 9:00 AM, the inspections will be made by noon. All inspections called before 2:00 PM will be made by 5:00 PM.
      v. The City of Ocala Growth Management Department makes "same-day" inspections.
4. The Contractor must have sufficient equipment to complete work. The City will not pay for rental of additional equipment, purchases of equipment, etc.
5. Construction shall be performed in compliance with all requirements and instructions of applicable manufacturers.
6. Work shall be completed immediately.
7. If the Contractor is advised to leave a property by the property owner or their representative, the Contractor shall leave at once without altercation. Contractor shall then contact the City Project Manager within 24 hours and advise of the reason for not completing the assigned project.
8. Contractor is responsible for all wages, taxes, and workers' compensation of all employees.
9. Contractor is responsible for any damages, including but not limited to buildings, curbing, pavement, landscaping, or irrigation systems, caused by their activity. Should any public or private property be damaged or destroyed, the Contractor, at their expense, shall repair or make restoration as acceptable

to the City of destroyed or damaged property no later than one (1) month from the date damage occurred.

CONSTRUCTION WORK AREAS, SITE HOUSEKEEPING, AND CLEANUP

1. Provide on-site sanitary facilities as required by governing agencies.
2. **Waste/Debris:** The Contractor shall keep the premises free at all times from the accumulation of waste materials and rubbish caused by operations and employees. Contractor will provide approved containers for the collection and disposal of waste materials, debris, and rubbish. Contractor shall legally dispose of debris. At least once weekly, dispose of such waste materials, debris, and rubbish off-site.
3. Contractor to supply an appropriately sized construction skip for demolition/construction debris.
4. **Cleanup:** Periodic cleanup to avoid hazards or interference with operations at the site, and to leave the site in a reasonable, neat condition. The work site will be completely cleaned after each day of work.
5. **Final Cleaning:** Upon completion of work, clean the entire work area/project site as applicable.
   A. Leave the work and adjacent areas affected in a cleaned condition satisfactory to the City Project Manager.
   B. The Contractor shall clean and remove from the premises all surplus and discarded materials, rubbish, and temporary structures, and shall restore acceptably all property, both public and private, which has been damaged during the prosecution of the work and shall have the work in a neat and presentable condition. *Note: Any debris shall be removed from the premises. New construction debris, trash, etc., shall not be left or buried on site.*
   C. Broom clean exterior paved driveways and hose clean sidewalks and concrete exposed surfaces if impacted by work or included in the work area.
   D. All furnishings and equipment shall be placed back in the original locations.

CONTRACTOR EMPLOYEES AND EQUIPMENT

1. Contractor must utilize competent employees in performing the work. Employees performing the work must be properly licensed or qualified as required by the scope.
2. Contractor must provide a valid telephone number, email, and address to the City Project Manager. The phone must be answered during normal working hours, or voicemail must be available to take a message.
3. At the request of the City, the Contractor must replace any incompetent, unfaithful, abusive, or disorderly person in their employment. The City and the Contractor must each be promptly notified by the other of any complaints received.
4. The employees of the Contractor must wear suitable work clothes and personal protective equipment as defined by OSHA (hard hats, bucket harnesses, etc.) and meeting Manual on Uniform Traffic Control Devices (MUTCD) and National Electrical Safety Code (NESC) requirements as indicated for all work conducted and be as clean and in as good appearance as the job conditions permit.
5. Contractor will operate as an independent contractor and not as an agent, representative, partner or employee of the City of Ocala, and shall control their operations at the work site, and be solely responsible for the acts or omissions of their employees.

6. No smoking is allowed on City property or projects.
7. Contractor, employees, and subcontractors will be courteous to the public at all times while at the work site.
8. Contractor shall possess and maintain sufficient equipment to complete the work described herein. Contractor's equipment shall be in good repair, and the Contractor shall have a qualified operator to maintain the care of the equipment. All operators must be trained in the proper use and care of equipment. A list of equipment shall be provided to the City upon request.
9. All company trucks must have a visible logo on the outside.
10. All employees must wear at all times a shirt with the company logo and/or a badge with picture ID, company name, and employee name.

SUB-CONTRACTORS

1. Contractor shall not assign, sublet, or transfer any of the rights and/or duties under the terms of this agreement without the written approval of the City.
2. Contractor must perform a minimum of **30%** of the work with their forces.

SAFETY

1. The Contractor is solely responsible for ensuring safety during demolition and construction, and for conformance to all applicable OSHA standards; and local, state, and national codes concerning safety provisions for their employees, sub-contractors, all building and site occupants, staff, public, and all persons in or around the work area.
2. Job site visits by City staff do not constitute approval, awareness, or liability for any hazardous condition.
3. Contractor shall be responsible for securing their equipment, materials, clothing, and other property.
4. Prior to completion, storage and adequate protection of all material and equipment will be the Contractor’s responsibility.
5. The Contractor will exercise every necessary precaution for the safety of the property and the protection of any and all persons and/or property located adjacent to or making passage through said property. All claims and repairs are to be made by the Contractor in a timely manner (48 hours).
6. In no event shall the City be responsible for any damages to any of the Contractor's equipment, materials, property, or clothing lost, damaged, destroyed, or stolen.

Rehabilitation Specification: GRNT CDBG

CRA: West Ocala

Applicant: Joyce Johnson

Address: 2015 NW 1st St

Parcel #: 2260-148-002

Work must comply with the current **Florida Building Code.**

TYPES OF PERMITS REQUIRED:

☒ Building ☐ Roofing ☒ Plumbing ☒ Electrical ☒ Mechanical ☐ Gas

CONTRACTORS REQUIRED:

☒ General/Builder/Residential ☐ Roofing ☒ Plumbing ☒ Electrical ☒ HVAC ☐ Gas ☐ Specialty

The project must be fully completed within 60 days.

GENERAL CONDITIONS

1. It is the responsibility of the Contractor and/or sub-contractors to obtain all required permits necessary to perform the work described above and to properly post/display them clearly at the job site.
2. It is also the responsibility of the Contractor and sub-contractors to ensure all required inspections are requested and passed, up to and including the final inspections from the City of Ocala Building Department and the Community Development Services Department.
3. Due to this being an owner-occupied residence, the Contractor MUST coordinate with the Owner and City of Ocala Building Department/Inspectors when requesting the necessary inspections for this project. Owner may move out during construction.
4. All references to equivalent imply the substituted goods/materials must meet or exceed the specifications of the brand requested.

Contractors shall follow best practices when mold, asbestos and/or lead is present in affected areas as per mold/lead/asbestos reports.

Item 1 – Plumbing

1. Unclog all sewer drain lines, sinks, toilets, etc. as needed.
2. Replace all water shut off valves with quarter turn shut off valves.
3. Replace all supply lines.
4. Replace hose bibs, install vacuum breakers on all hose bibs.
5. Check and replace clean out caps as necessary if broken or missing.

Item 2 – Hall bath

1. Provide and Install new Delta "ActivTouch" shower head/hand shower combo, *Model 51900 OR Equivalent* with slide bar.
2. Provide and install new ADA height, elongated white 2-piece toilet, WaterSense Certified, 1.28gpf, w/chrome flush lever and soft-close seat/lid.
3. Provide and install new ¼ -turn supply stop and supply line, new wax ring and new flange or stainless-steel flange repair ring (if broken or damaged) and nylon flange bolts (suggested). Ensure new toilet is level and secured properly and does not leak, use matching grout or caulk around base of new toilet at floor.
4. Provide and install new LED bathroom general lighting.
5. Reinstall existing medicine cabinet.
6. Install new vanity countertop/lavatory, match existing size, with Delta Foundations Single-Handle Low-Arc Bathroom Faucet Model # B510LF-PPU-12
7. Touch up interior paint to match as required.

Item 3 – HVAC

1. **This work will require a permit**
2. Remove and properly dispose of existing HVAC system, air handler, condenser unit, copper lines and condensate pipe and pump, etc.
3. Drywall walls/ceiling in furnace closet or build closet in most suitable location. Line return air box with duct board.
4. Provide and install completely new, properly-sized to home, electric heat pump style HVAC system, including ALL new copper lines and condensate pipes and condensate pump (if needed), pipe insulation and any other related components.
5. Install fresh air and return air as required by code.
6. Ensure that new condensate line empties a minimum of 12" away from the side walls of the home and is secured per code.
7. Provide and install new thermostat wires for ALL new equipment. If electrical supplies and disconnects are sized properly to handle new system, they may be re-used, otherwise it will be the Contractor's

responsibility to provide and install new electrical wiring and disconnects required for new HVAC Equipment.

8. Provide and install NEW circuit breakers for air handler, heat strips and compressor where necessary.
9. New HVAC unit MUST be a minimum of 16 SEER2 and MUST be Energy Star Certified in Florida. Install emergency drain pan with float switch if needed (observed rust, mold, algae, etc.).
10. Install new/replace all flex ducts and register boxes. All joint connections shall be sealed with mastic (fiber reinforced, water-based, high-velocity duct sealant).
11. Check clean and sanitize existing metal ductwork. Repair/replace insulation as needed. All joint connections shall be sealed with mastic (fiber reinforced, water-based, high-velocity duct sealant).
12. Provide and install a secondary "wet" switch as a safety backup to the gravity condensate.
13. If existing plenum base is damaged, rotted or in any way deteriorated, provide and install ALL necessary materials to properly repair or rebuild the plenum with duct board or if metal, then replace with metal.
14. Provide and install new standard filter box (if needed) and install new filter(s), minimum of MERV-5 Rating or better, in a readily accessible manner. Filter size should be common and readily available at any chain retail store such as Walmart. Install return air filter grille for filter.
15. Provide and install a new digital, programable thermostat, matched/compatible with the new system. Owners' thermostat can be used if functional. Ensure that new thermostat (if used) is designed to utilize the maximum functionality of the new HVAC systems' capabilities (temperature and humidity control and programing) and energy efficiency.
16. Install new properly sized registers and returns as needed, throughout home and make all necessary repairs to home in all locations a component is removed or replaced.
17. If required by code or for permit, obtain and provide energy calculations and Manual D & J and AHRI Reports.
18. Copies of all documents, including signed energy calculations, Manual D & J and AHRI Reports, warranty information and ALL paperwork required for any energy rebates that the Owner may be eligible for must be made and provided to Owner and City Project Manager at Rehab Final Inspection.
19. Provide Owner with basic instruction of how to operate new HVAC system/thermostat, filter change schedule and instruction on suggested service intervals.
20. Contractor shall repair/paint any areas damaged due to replacement.
21. Air handler shall be installed in hall closet.
22. Contractor shall repair/paint any areas damaged due to replacement.\
23. Where line sets are run vertically on the exterior wall, cover with Rectorseal (equal/better) wall duct kit.

Item 4 – Electrical

1. **Interior:**
2. Label panel as specific as possible to identify location for receptacles, lights, equipment, rooms, etc.

3. Replace all switches/receptacles throughout interior/exterior. Code required receptacles/switches that are not currently GFCI protected outlets/switches, shall be replaced to meet current code. Provide and install all materials needed to change all breakers to GFCI/AFCI, breakers per code.
4. Replace all interior/exterior light fixtures.
5. Kitchen/laundry light: Good Earth Model#FP1247-AL5-48LFC-G
6. BR/LR/DR: Harbor Breeze Model#RLG52NWZ5L
7. Hall light: Project Source Model#MXL1140-L12K9027W
8. Exterior light: Project Source Model 5290101012
9. Bathrooms: Comparable to existing.

10. Exterior:

11. Install new exterior GFCI outlet at condenser location, front and rear (if not installed). Install new weatherproof in-use boxes and receptacles.

12. Smoke/CO Alarms:

13. Remove and properly dispose of all old smoke alarms and mounting plates throughout the home.
14. Provide and install new CO/smoke combo alarms, throughout home. Minimum, one smoke alarm in each sleeping space and one combo CO/smoke alarm in each common-area immediately adjacent to sleeping space(s), must have 10-year non-serviceable battery.
15. Existing locations where smoke alarms were previously located should be used, if possible, otherwise the old locations must be repaired and painted to "best match" of surrounding walls, texture and color.
16. Any devices requiring new wiring circuits/switches shall be included in the total price.
17. Any sub panels not needed can be removed.
18. Install necessary electrical wiring/circuits for HVAC system (air handler and/or condenser).
19. Install necessary electrical wiring/circuits for water heater system.
20. Install necessary electrical receptacle/wiring/circuits for electric range.
21. Install code required kitchen receptacles.
22. Kitchen countertops shall have no less than 4 receptacles.
23. Contractor may be required to coordinate with other contractors during repairs.

Item 5 – Water heater

1. Drain, remove, and properly dispose of old water heater.
2. Remove and dispose of old cold-water valve and associated piping.
3. Provide and install all materials needed to properly reconstruct hot and cold-water supplies to and from the new water heater to all necessary connections (Laundry, bathroom, kitchen, etc.)
4. Provide and install new ¼-turn, brass ball valve at hot and cold-water lines, per code. Provide all other

pipes, fittings and materials needed to properly complete the installation of the new water heater to all hot and cold water supplies to and from the new water heater to all necessary connections (Laundry, bathroom, kitchen, etc.)

5. Provide and install new 50 gallon, dual element 5500/5500-Watt, standard electric water heater, with minimum 9-year warranty, per code. Suggested model Rheem Model#XE50M09CG55U0, Equal/Better. Installation shall include thermal expansion tank, water heater blanket and insulation for hot/cold water lines.
6. Provide and install new pan and drain.
7. Secure water heater per code.
8. Contractor shall provide any electrical connections, if required, to water heater as/per code with properly sized circuit breaker, to ensure safe operation of water heater.
9. Ensure all equipment has been properly registered and that all warranty registrations, paperwork, or documents have been filled out and provided to the owner. Provide copy of same information (not including full operator's manual(s)) to Owner at Final Inspection.
10. Contractor shall follow best practices when working with asbestos and/or lead on Rehab projects

Item 6 – Exterior doors

1. Replace back exterior door trim (brickmold weather resistant)
2. Patch/repair damaged surrounding wall area.
3. Provide and install door viewer, Model DS238, OR equivalent, into each entry door, at a height agreed to by owner. Color shall match door hardware.
4. Provide and install matching Lever-Style, Kwikset "SmartKey" Entry Locksets with deadbolts, keyed alike, (key to owner keys) to front and back door. Provide "re-keying tool" and instructions to owner at Final Inspection. Finish color of lock hardware, hinges, and thresholds shall be selected by owner following full execution of this Agreement.
5. Install storm door on front door Larson Model#59018032 to include all hardware and bottom door sweep.

Item 7 – Kitchen Cabinets

1. Remove and dispose of all existing kitchen cabinets, backsplashes, countertops.
2. Provide and install prefabricated cabinets with hardwood facings. Layout should match existing base and wall cabinets. Include ADA compliant door and drawer hardware ($3-$5 min. price range each). Provide 2 extra pieces of hardware.
3. Provide and install new microwave range hood(Frigidaire Model#FMOS184LBF).
4. Provide and install Formica countertops with 4-inch backsplash, color will be selected by homeowner.
5. Install new 8" stainless steel double bowl sink with single lever Delta faucet with sprayer, includes all related plumbing, water supplies and shut off valves.
6. Repair/remove surrounding drywall as needed and install new drywall as needed. Match texture.
7. Provide and apply 2 or more (if necessary), full-coverage coats of Sherwin-Williams ProMar 200 Zero VOC Interior Latex, equal or better.
8. Appliance colors shall be picked by Owner.

Item 8 – Interior Repairs

1. Replace 1 interior BR door slab with 6 panel matching slab.
2. Provide and apply 2 or more (if necessary), full-coverage coats of Sherwin-Williams ProMar 200 Zero VOC Interior Latex, equal or better.
3. Install 2 new lever door handle Kwikset Model #300DL equal/better.
4. Install door stops behind all interior doors Reliabuilt Model#20940BBXLG.
5. Install off-set hinges on bathroom doors.

Item 9 –Interior painting

1. Provide and apply "Kilz" (equal or better) stain resistant primer to all walls/ceilings and new and/or unpainted drywall as needed throughout.
2. Paint kitchen and laundry room.
3. Provide and apply 2 or more (if necessary), full-coverage coats of Sherwin-Williams ProMar 200 Zero VOC Interior Latex, equal or better.
4. Ceilings shall be painted flat, walls/doors/trim to be painted semi-gloss.

Item 10 –Appliances

1. Install Frigidaire dishwasher Model#FDPC4221AS
2. Install Frigidaire range Model#FCRE3052BB

Item 11 –Flooring-Laundry Room

1. Prep floors so that it is clean, dry and level. If necessary, install 1/2" plywood throughout to make a smooth surface. Provide and install new Waterproof Vinyl Plank (minimum price $3/s.f.) flooring throughout bathroom and home. Floors shall be installed according to manufacturers' specifications.
2. Provide and install proper transitions where needed.
3. Provide and install new base molding and/or shoe molding around full perimeter of flooring.
4. Repair ceramic tile floor in kitchen. Match as close as possible or color coordinate.
5. Flooring shall be installed as per manufacturer specifications.

Item 12 –Windows

1. Contractor shall follow best practices when asbestos and/or lead are present in affected areas as per lead/asbestos reports.
2. Remove and properly dispose of 3 windows (kitchen, 2 BRs).
3. Provide new, install and seal (Sashco – Big Stretch Elastomeric Caulk or Equal) new, ENERGY Star Certified (for Florida), vinyl or fiberglass, single-hung, (match existing) windows shall be insulated, Low-E, argon filled windows w/screens in all window locations on the home, size-to-match, except where the code requires something different.
4. Ensure units are properly fastened and completely sealed around frames per code.

5. Window color shall be white unless owner directs something different.
6. Provide and install new trim to the interior and if necessary, to the exterior (stucco patch, rot-proof trim, etc.), around window openings, as needed, to Ensure a clean and complete, "Like-New" (Matching) finished appearance.
7. If an electrical outlet is in such a location as to be affected by this requirement, it is the responsibility of the contractor to make necessary accommodations to properly relocate the outlet per code.
8. Repair openings (interior and exterior), sills (sills should match existing) when damaged or if/when opening must be modified for egress. If sills are missing, then install marble sills. Opening shall be "like new" upon completion. Egress requirements are the responsibility of the Contractor.
9. Replace shutters if installed, sized for new windows as needed.
10. Paint (2 coats plus primer) any new exposed material to match surrounding area. Use Sherwin-Williams "SuperPaint Exterior Acrylic Latex" (or equal/better per data sheet).

Item P – Permits

This amount of $300.00 is the estimated permit cost/allowance for this project.

At project closeout and before final payment, Contractor shall submit to Owner, a 3-ring binder to include:

Prime Contractor's information w/warranty

Sub-contractor information

Appliance warranties

Registered roof warranty and claim information

All owner manuals/instructions

Provide a list of the manufacturer, type, sheen/finish and color of all coatings used and the respective locations where they were applied, to the owner

Color choices (**all color/product choices and/or changes to previously agreed upon choices shall be done in writing**)

Also, to City Project Manager:

Final Payment Affidavit

Attic insulation certificate

Owner's final acceptance of the work

Material and/or Contractor lien releases

I. INTRODUCTION

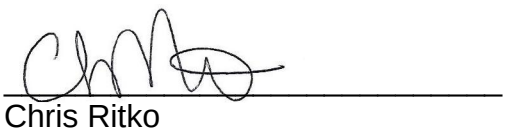
Property Address: 2015 NW 1st Street
Ocala, FL 34475

Property Owner: Joyce Johnson

Survey Performed For: City of Ocala, Community Development Services
201 SE 3rd Street, 2nd Floor, Ocala, FL 34471

Survey Performed By: Chris Ritko, Asbestos Building Inspector

Company: DK Environmental & Construction Services
8786 Sonoma Coast Drive
Winter Garden, FL 34787
407-614-4572



Date of On-Site Survey: February 25, 2025

Date of Report: March 03, 2025

DK Environmental & Construction Services, Inc. (DKE) has completed a limited Asbestos Survey at the property address listed above. This report contains the results of the Survey. The purpose of this Survey was to identify the presence of asbestos-containing materials that may be disturbed during planned renovation. This limited Asbestos Survey report presents data that describes the location of asbestos-containing material (ACM) identified in the subject property. This Survey was conducted on site by an EPA-trained professional asbestos building inspector.

This report is intended for the exclusive use of our client. The findings are relevant to the conditions observed during the physical process of performing the Survey. These findings should not be treated as absolute, nor should they be relied upon to represent conditions at significantly later dates.

We appreciate the opportunity to provide environmental consulting services to your organization. If you have any questions or need additional assistance, please call (407)614-4572.

Chris Ritko
Asbestos Building Inspector
196473

II. SURVEY SUMMARY

On February 25, 2025 an Asbestos Survey was performed at 2015 NW 1st Street, Ocala, FL 34475. The property is a single-family detached dwelling. It is approximately 1,150 square feet and was constructed in 1995.

The purpose of this Survey was to identify the presence of asbestos-containing materials that may be disturbed during planned renovation. Limited bulk samples were collected and AHERA protocols were adhered to.

The Asbestos Survey consisted of three basic procedures: 1) conducting a visual inspection of the property; 2) identifying homogeneous areas (HAs) of suspect surfacing, thermal system insulation, and miscellaneous materials; and 3) sampling accessible, friable, and non-friable suspect materials. Some building components may have been inaccessible at the time of this screening, or were not tested because they were covered by other building materials (paneling, tile, siding, etc.). It is possible that ACBMs may be hidden by these materials.

The property was visually inspected for the presence of building materials that are suspected to contain asbestos. With regard to asbestos, bulk material samples were collected and analyzed for asbestos content. These services were performed exercising the customary skill and competence of consulting professionals in the relevant disciplines in this region.

Bulk samples of identified suspect ACM were collected and placed into individual containers for transport to a National Voluntary Lab Accreditation Program (NVLAP)/American Industrial Hygiene Association (AIHA)-accredited laboratory for analysis. The collection of bulk samples consisted of physically removing a small piece of material and placing it in a marked, airtight container. The sample container identification numbers were also recorded in the field notes.

III. ASBESTOS OVERVIEW

Asbestos is a generic name given to a fibrous variety of naturally occurring minerals that have been used for many years in commercial products, based on specific properties of the minerals. Asbestos occurs in fiber bundles, which are composed of long and thin fibers that can be easily separated from one another. These mineral products possess high tensile strength, flexibility, resistance to chemical and thermal degradation, and high electrical resistance. The minerals are easily woven into various types of textiles, fabrics, cloths, sheets, panels, or mixed into adhesives, coatings, surfacing materials and cement products. Typically asbestos-containing building materials (ACBM) are segregated into three categories: Thermal System Insulation (TSI) usually found on pipes, boilers, and HVAC ducts; surfacing materials such as sprayed or troweled-on fireproofing and insulation, and plasters; and miscellaneous materials including vinyl composite floor tiles, floor sheeting, adhesives, roofing materials, window glazing and cement products.

Friable asbestos-containing material (ACM), is defined as any material containing more than one percent (1%) asbestos as determined using the method specified in Appendix A, Subpart F, 40 CFR Part 763, Section 1, Polarized Light Microscopy (PLM), that, when dry, can be crumbled, pulverized or reduced to powder by hand pressure. (Sec. 61.141)

Non-friable ACM is any material containing more than one percent (1%) asbestos as determined using the method specified in Appendix A, Supbart F, 40 CFR Part 763, Section 1, Polarized Light Microscopy (PLM), that, when dry, cannot be crumbled, pulverized, or reduced to powder by hand pressure. EPA also defines two categories of non-friable ACM, Category I and Category II non-friable ACM, which are described later in this guidance.

"Regulated Asbestos-Containing Material" (RACM) is (a) friable asbestos material, (b) Category I non-friable ACM that has become friable, (c) Category I non-friable ACM that will be or has been subjected to sanding, grinding, cutting or abrading, or (d) Category II non-friable ACM that has a high probability of becoming or has become crumbled, pulverized, or reduced to powder by the forces expected to act on the material in the course of demolition or renovation operations.

The EPA's National Emission Standard for Hazardous Air Pollutants (NESHAP) regulations and the Florida Department of Environmental Protection (FDEP) Asbestos program regulate the removal and disposal of asbestos-containing building materials (any material containing more than 1% asbestos).

Potential effects on workers or occupants in buildings where asbestos-containing materials (ACM) are present may occur when exposure to asbestos fibers is caused by deterioration, damage or renovation disturbance of ACBMs. Federal regulations pertaining to asbestos include 40 Code of Federal Regulations (CFR) 763 (a subchapter of the Toxic Substance Control Act (TSCA)); Occupational Safety and Health Act (OSHA) 29 CFR 1910 Subpart Z and 29 CFR 1926 Subpart Z.

Asbestos NESHAP regulations must be followed for demolitions and/or renovations of facilities with at least 260 linear feet of regulated asbestos-containing materials (RACM) on pipes, 160 square feet of regulated asbestos-containing materials on other facility components, or at least 35 cubic feet of facility components where the amount of RACM previously removed from pipes and other facility components could not be measured before stripping. If dimensions fall below these thresholds, Asbestos NESHAP regulations need not be followed for demolition and/or renovation activities.

IV. LIMITATIONS

This report has been prepared to assist in evaluating the potential presence of asbestos-containing material in the property. The objective of this assessment was to perform the work with care, exercising the customary skill and competence of consulting professionals in the relevant disciplines in this region. The conclusions presented in this report are professional opinions based upon visual observations of the site at the time of DKE's investigation and the results of laboratory analysis. The opinions presented herein apply to site conditions existing at the time of our investigation and those reasonably foreseeable. DKE cannot act as insurers, and no express or implied representation or warrant is included or intended in our report except that our work was performed, within the limits prescribed by our client, with the customary thoroughness and competence of our profession at the time and place the services were rendered. DKE cannot and will not warrant that this Asbestos Survey that was requested by the client will satisfy the dictates of, or provide a legal defense in connection with, any environmental laws or regulations. It is the responsibility of the client to know and abide by all applicable laws, regulations, and standards. The results reported and conclusions reached by DKE are solely for the benefit of the client. The results and opinions in this report, based solely upon the conditions found on the property as of the date of the Survey, will be valid only as of the date of the Survey.

Please note that the test results relate only to those homogeneous materials tested. If conditions or materials, other than those addressed in this report are encountered during the planned renovation/demolition activities, DKE should be contacted to assess the potential impact of these materials or conditions relative to the findings or recommendations included herein. The survey was performed by observing suspect materials throughout the structure where accessible. DKE must emphasize that it is not possible to look within every location of a building. The visual survey documents only general locations of suspect materials but does not determine exact boundaries. Concealed locations of asbestos may exist at the subject property, and the levels may vary from those stated in this report. There may be variations in the composition of materials which appear similar. Materials may be hidden from view and not accessible. No attempt was made to disassemble equipment or demolish structural elements and finishes as this is beyond the scope of our authorized services. Visual observations were made only at safe and convenient locations. Due to these limitations, wall voids, flooring under carpet, building cavities and mechanical equipment, and other areas may contain unreported asbestos-containing materials. Suspect materials not previously identified in this report may be encountered during any renovation/demolition activity. These materials should be assumed asbestos containing material until sample collection and subsequent analysis prove otherwise. Unsafe structures should be assumed to contain asbestos materials unless the suspect material is noted as sampled. All fire doors should be assumed asbestos containing material since disassembly of locks and/or other work to access the door insulation is not possible.

V. ANALYTICAL RESULTS

Samples were analyzed by Hayes Microbial Consulting in Midlothian, VA. Hayes Microbial Consulting is an American Industrial Hygiene Association (AIHA)-accredited laboratory.

All samples were analyzed utilizing Polarized Light Microscopy (PLM) according to EPA Method 600/R-93/116. Any material that contains greater that one percent asbestos is considered an ACM and must be handled according to the Occupational Safety and Health Administration (OSHA), EPA and applicable state and local regulations.

The following table contains information regarding bulk samples found to contain asbestos by definition. The laboratory report has also been included at the end of this report.

Bulk Collection and Sample Analysis Results

Sample Number	*Description*	*Condition*	*Friable*	*Asbestos Percent and Type*	*Location/ Amount*	*NESHAP Category*

VI. ASBESTOS RECOMMENDATIONS

Asbestos NESHAP regulations must be followed for demolitions and/or renovations of facilities with at least 260 linear feet of regulated asbestos-containing materials (RACM) on pipes, 160 square feet of regulated asbestos-containing materials on other facility components, or at least 35 cubic feet of facility components where the amount of RACM previously removed from pipes and other facility components could not be measured before stripping. If dimensions fall below these thresholds, Asbestos NESHAP regulations need not be followed for demolition and/or renovation activities.

The EPA and NESHAP recommend that a point-counting procedure be utilized for confirmation of asbestos percentage in friable materials that are visually estimated by PLM methodology to contain less than 10% asbestos. The 400 Point Count Procedure referenced in EPA 600/M4-82-020 (1987) and EPA 600/R-93/116 (1993) is commonly employed. Without the material being point counted or if point counting determined that material contains greater than one percent asbestos, it would be deemed an asbestos containing material and would need to be removed by a Florida licensed asbestos contractor prior to disturbance.

Disturbances to Asbestos Containing Materials:

- Should be performed by a Florida Licensed Asbestos Abatement Contractor

- U.S. Occupational Safety and Health Administration (OSHA) regulations apply to the disturbance of material; containing any percentage of asbestos fibers as outlined in 29 CFR 1926.1101-OSHA's Asbestos Standard for the Construction Industry. The contractor will need to comply with the specific training, duties and responsibilities outlined in this CFR.

- OSHA 29 CFR 1910.1001. OSHA 29 CFR 1910.1001 requires the communication of information concerning asbestos hazards. Employees engaged in work activities with installed ACM may be exposed to asbestos fibers. The owner or operator should take the necessary steps to reduce the potential for disturbance.

EPA National Emission Standards for Hazardous Air Pollutants (NESHAP) is applicable to amounts of asbestos that contains at least 260 linear feet on pipes or at least 160 square feet on other facility components, or (ii) At least 35 cubic feet off facility components where the length or area could not be measured previously.

The EPA's National Emission Standard for Hazardous Air Pollutants (NESHAP) regulations and the Florida Department of Environmental Protection (DEP) Asbestos program regulate the removal and disposal of asbestos-containing building materials. The Florida Department of Environmental Protection (DEP) administers an asbestos removal program under Chapter 62-257, Florida Administrative Code. The Asbestos NESHAP has been adopted by reference in section 62-204.800, Florida Administrative Code. The program's intent is to minimize the release of asbestos fibers during activities involving the processing, handling, and disposal of asbestos-containing material.

The regulations of these agencies require the removal of friable asbestos-containing materials prior to extensive renovation or demolition projects, and the removal of non-friable asbestos-containing materials that may be rendered friable in the course of renovation or demolition projects. Only a Florida licensed asbestos contractor using properly trained, certified, and licensed asbestos workers can perform asbestos removal projects in Florida. Air monitoring during and after abatement activities is also recommended to document the fiber levels inside and outside the abatement work area.

The asbestos NESHAP requires that an asbestos trained person be on site i.e. 40 CFR 61.145 (c) (8) states in part "no RACM shall be stripped, removed, or otherwise handled or disturbed at a facility regulated by this section unless at least one on-site representative, such as a foreman or management level person or other authorized person, trained in the provisions of this regulation and the means of complying with them is present."

DEP recommends that this "trained person" be on site when non-friable ACM is present so that developing problems can be caught early and corrected without delay. In addition, the regulations require the owner of the building and/or the operator to notify the applicable DEP District Office or Local Pollution Control

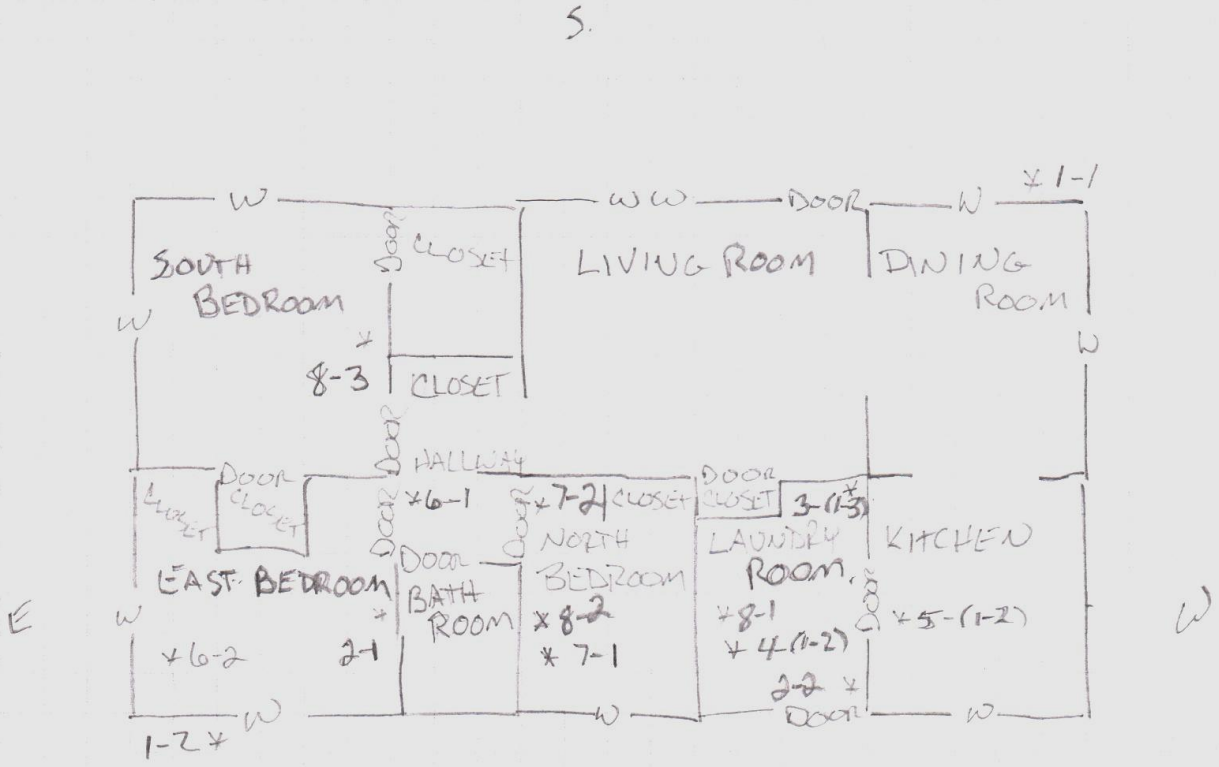
Agency before any demolition, or before renovations of buildings that contain a certain threshold amount of asbestos or asbestos containing materials.

Florida requires the submission of a 10-Day Notification for all renovations and demolitions of facilities with at least 260 linear feet of regulated asbestos-containing materials (RACM), 160 square feet of regulated asbestos containing materials on other facility components, or at least 35 cubic feet off facility components. Asbestos waste requires disposal at an approved solid waste disposal facility.

Local agencies may also have specific requirements for demolition/renovation projects involving asbestos-containing building materials.

OSHA 29 CFR 1910.1001 requires the communication of information concerning asbestos hazards. Employees engaged in work activities with installed ACM may be exposed to asbestos fibers. The owner or operator should take the necessary steps to reduce the potential for disturbance.

29 CFR 1926.1101- OSHA's Asbestos Standard for the Construction Industry does apply to the abatement, renovation and/or demolition of all buildings identified with asbestos containing material. The contractor will need to comply with the specific training, duties and responsibilities outlined in this CFR.



If asbestos containing materials identified within, or on, the property will be disturbed or otherwise caused to become friable within the scope of the renovation, they should be removed from the structures prior to the maneuvers taking place according to applicable regulations.

No other recommendations regarding asbestos containing materials are required at this time. In the event concealed building materials are discovered during future renovation or demolition activities, which are suspected to contain asbestos, the materials should be sampled and analyzed to confirm the presence of asbestos prior to the disturbing such materials.

X. GLOSSARY

Active waste disposal site: any disposal site other than an inactive site.

Adequately wet: sufficiently mix or penetrate with liquid to prevent the release of particulates. If visible emissions are observed coming from asbestos-containing material, then that material has not been adequately wetted. However, the absence of visible emissions is not sufficient evidence of being adequately wet.

Asbestos: the asbestiform varieties of serpentinite (chrysotile), riebeckite (crocidolite), cummingtonite-grunerite, anthophyllite, and actinolite-tremolite.

Asbestos-containing waste materials: mill tailings or any waste that contains commercial asbestos and is generated by a source subject to the provisions of this subpart. This term includes filters from control devices, friable asbestos waste material, and bags or other similar packaging contaminated with commercial asbestos. As applied to demolition and renovation operations, this term also includes regulated asbestos-containing material waste and materials contaminated with asbestos including disposable equipment and clothing.

Asbestos mill: any facility engaged in converting, or in any intermediate step in converting, asbestos ore into commercial asbestos. Outside storage of asbestos material is not considered a part of the asbestos mill.

Asbestos tailings: any solid waste that contains asbestos and is a product of asbestos mining or milling operations.

Asbestos waste from control devices: any waste material that contains asbestos and is collected by a pollution control device.

Category I non-friable asbestos-containing material (ACM): asbestos-containing packings, gaskets, resilient floor covering, and asphalt roofing products containing more than 1 percent asbestos as determined using the method specified in appendix E, subpart E, 40 CFR part 763, section 1, Polarized Light Microscopy.

Category II non-friable ACM: any material, excluding Category I non-friable ACM, containing more than 1 percent asbestos as determined using the methods specified in appendix E, subpart E, 40 CFR part 763, section 1, Polarized Light Microscopy that, when dry, cannot be crumbled, pulverized, or reduced to powder by hand pressure.

Commercial asbestos: any material containing asbestos that is extracted from ore and has value because of its asbestos content.

Cutting: to penetrate with a sharp-edged instrument and includes sawing, but

does not include shearing, slicing, or punching.

Demolition: the wrecking or taking out of any load-supporting structural member of a facility together with any related handling operations or the intentional burning of any facility.

Emergency renovation operation: a renovation operation that was not planned but results from a sudden, unexpected event that, if not immediately attended to, presents a safety or public health hazard, is necessary to protect equipment from damage, or is necessary to avoid imposing an unreasonable financial burden. This term includes operations necessitated by nonroutine failures of equipment.

Fabricating: any processing (e.g., cutting, sawing, drilling) of a manufactured product that contains commercial asbestos, with the exception of processing at temporary sites (field fabricating) for the construction or restoration of facilities. In the case of friction products, fabricating includes bonding, debonding, grinding, sawing, drilling, or other similar operations performed as part of fabricating.

Facility: any institutional, commercial, public, industrial, or residential structure, installation, or building (including any structure, installation, or building containing condominiums or individual dwelling units operated as a residential cooperative, but excluding residential buildings having four or fewer dwelling units); any ship; and any active or inactive waste disposal site. For purposes of this definition, any building, structure, or installation that contains a loft used as a dwelling is not considered a residential structure, installation, or building. Any structure, installation or building that was previously subject to this subpart is not excluded, regardless of its current use or function.

Facility component: any part of a facility including equipment.

Friable asbestos material: any material containing more than 1 percent asbestos as determined using the method specified in appendix E, subpart E, 40 CFR part 763 section 1, Polarized Light Microscopy, that, when dry, can be crumbled, pulverized, or reduced to powder by hand pressure. If the asbestos content is less than 10 percent as determined by a method other than point counting by polarized light microscopy (PLM), verify the asbestos content by point counting using PLM.

Fugitive source: any source of emissions not controlled by an air pollution control device.

Glove bag: a sealed compartment with attached inner gloves used for the handling of asbestos-containing materials. Properly installed and used, glove bags provide a small work area enclosure typically used for small-scale asbestos stripping operations. Information on glove-bag installation, equipment and supplies, and work practices is contained in the Occupational Safety and Health

Administration's (OSHA's) final rule on occupational exposure to asbestos (appendix G to 29 CFR 1926.58).

Grinding: to reduce to powder or small fragments and includes mechanical chipping or drilling.

In poor condition: the binding of the material is losing its integrity as indicated by peeling, cracking, or crumbling of the material.

Inactive waste disposal site: any disposal site or portion of it where additional asbestos-containing waste material has not been deposited within the past year.
Installation means any building or structure or any group of buildings or structures at a single demolition or renovation site that are under the control of the same owner or operator (or owner or operator under common control).

Leak-tight: solids or liquids cannot escape or spill out. It also means dust-tight.

Malfunction: any sudden and unavoidable failure of air pollution control equipment or process equipment or of a process to operate in a normal or usual manner so that emissions of asbestos are increased. Failures of equipment shall not be considered malfunctions if they are caused in any way by poor maintenance, careless operation, or any other preventable upset conditions, equipment breakdown, or process failure.

Manufacturing: the combining of commercial asbestos-or, in the case of woven friction products, the combining of textiles containing commercial asbestos-with any other material(s), including commercial asbestos, and the processing of this combination into a product. Chlorine production is considered a part of manufacturing.

Natural barrier: a natural object that effectively precludes or deters access. Natural barriers include physical obstacles such as cliffs, lakes or other large bodies of water, deep and wide ravines, and mountains. Remoteness by itself is not a natural barrier.

Non-friable asbestos-containing material: any material containing more than 1 percent asbestos as determined using the method specified in appendix E, subpart E, 40 CFR part 763, section 1, Polarized Light Microscopy, that, when dry, cannot be crumbled, pulverized, or reduced to powder by hand pressure.

Nonscheduled renovation operation: a renovation operation necessitated by the routine failure of equipment, which is expected to occur within a given period based on past operating experience, but for which an exact date cannot be predicted.

Outside air: the air outside buildings and structures, including, but not limited to, the air under a bridge or in an open air ferry dock.

Owner or operator of a demolition or renovation activity: any person who owns, leases, operates, controls, or supervises the facility being demolished or renovated or any person who owns, leases, operates, controls, or supervises the demolition or renovation operation, or both.

Particulate asbestos material: finely divided particles of asbestos or material containing asbestos.

Planned renovation operations: a renovation operation, or a number of such operations, in which some RACM will be removed or stripped within a given period of time and that can be predicted. Individual nonscheduled operations are included if a number of such operations can be predicted to occur during a given period of time based on operating experience.

Regulated asbestos-containing material (RACM): (a) Friable asbestos material, (b) Category I non-friable ACM that has become friable, (c) Category I non-friable ACM that will be or has been subjected to sanding, grinding, cutting, or abrading, or (d) Category II non-friable ACM that has a high probability of becoming or has become crumbled, pulverized, or reduced to powder by the forces expected to act on the material in the course of demolition or renovation operations regulated by this subpart.

Remove: to take out RACM or facility components that contain or are covered with RACM from any facility.

Renovation: altering a facility or one or more facility components in any way, including the stripping or removal of RACM from a facility component. Operations in which load-supporting structural members are wrecked or taken out are demolitions.

Resilient floor covering: asbestos-containing floor tile, including asphalt and vinyl floor tile, and sheet vinyl floor covering containing more than 1 percent asbestos as determined using polarized light microscopy according to the method specified in appendix E, subpart E, 40 CFR part 763, Section 1, Polarized Light Microscopy.

Roadways: surfaces on which vehicles travel. This term includes public and private highways, roads, streets, parking areas, and driveways.

Strip: to take off RACM from any part of a facility or facility components.

Structural member: any load-supporting member of a facility, such as beams and load supporting walls; or any nonload-supporting member, such as ceilings and nonload-supporting walls.

Visible emissions: any emissions, which are visually detectable without the aid of instruments, coming from RACM or asbestos-containing waste material, or from any asbestos milling, manufacturing, or fabricating operation. This does not include condensed, uncombined water vapor.

Waste generator: any owner or operator of a source covered by this subpart whose act or process produces asbestos-containing waste material.

Waste shipment record: the shipping document, required to be originated and signed by the waste generator, used to track and substantiate the disposition of asbestos-containing waste material.

Working day: Monday through Friday and includes holidays that fall on any of the days Monday through Friday.

RE: Demolition Asbestos Survey
Single-Family Detached Dwelling
2015 NW 1st Street
Ocala, FL 34475

Dear Client:

Pursuant to your request, a demolition Asbestos Survey was performed at the referenced property. The survey was performed to visually identify homogenous areas that need to have bulk samples collected for laboratory analysis in order to determine the presence of Asbestos-Containing Building Materials within the structure. The scope of work for this survey included sampling and analysis of suspect building materials. On February 25, 2025, a limited Asbestos Survey was performed at 2015 NW 1st Street, Ocala, Florida. The property consists of an approximate 1,150 square-foot single-family detached dwelling constructed in 1995. The structure is scheduled for renovation.

Eighteen (18) samples of suspect materials were collected and submitted to Hayes Microbial Consulting (Hayes), an American Industrial Hygiene Association (AIHA)-accredited laboratory in, Midlothian, VA, for laboratory analysis. Due to the presence of additional layers in the collected samples, 35 samples were identified and analyzed by the laboratory. All samples were analyzed utilizing Polarized Light Microscopy (PLM) according to EPA Method 600/R-93/116. Materials must contain greater than 1% asbestos to be regulated.

Analytical results revealed that none of the homogeneous areas sampled contained asbestos in concentrations >1% by PLM analysis.

In accordance with the OSHA Asbestos Standard for the Construction Industry (29 CFR 1926.1101), demolition of a building with ACM left in place falls under the definition of removal of installed ACM. The removal of installed ACM is either Class I or Class II asbestos work, and all applicable requirements of this standard apply. Whether such demolition is Class I asbestos work or Class II asbestos work is determined by the type of ACM left in place. If any asbestos-containing thermal system insulation or surfacing material is left installed in the building, then the work being performed is Class I asbestos work. If the ACM left installed in the building does not include any thermal system insulation or surfacing material, then the work being performed is Class II asbestos work.

Suspect ACMs encountered during renovation/demolition activities that are not identified in this survey should be assumed to contain asbestos or be sampled by an AHERA-certified inspector and analyzed by an accredited laboratory.

Sincerely,

K. Dawn Blackledge, P.G., LAC

Asbestos Analysis Information

Analysis Details	All samples were received in acceptable condition unless otherwise noted on the report. This report must not be used by the client to claim product certification, approval, or endorsement by AIHA, NIST, NVLAP, NY ELAP, or any agency. The results relate only to the items tested. Hayes Microbial Consulting reserves the right to dispose of all samples after a period of 60 days in compliance with state and federal guidelines.
PLM Analysis	All Polarized Light Microscopy (PLM) results include an inherent uncertainty of measurement associated with estimating percentages by PLM. Materials with interfering matrix, low asbestos content, or small fiber size may require additional analysis via TEM Analysis.
TEM Analysis	Analysis by TEM is capable of providing positive identification of asbestos type(s) and semi-quantitation of asbestos content.
Definitions	'None Detected' - Below the detected reporting limit of 1% unless point counting is performed, then the detected reporting limit is .25%.
New York ELAP	Per NY ELAP198.6 (NOB), TEM is the only reliable method to declare an NOB material as Non-Asbestos Containing. Any NY ELAP samples that are subcontracted to another laboratory will display the name and ELAP Lab Identification number in the report page heading of those samples. The original report provided to Hayes Microbial Consulting is available upon request.

Presentation By: Aubrey Hale

Department: Growth Management

FORMAL TITLE:
TBMI Commercial Outparcel Development Conceptual Subdivision

OCALA'S RELEVANT STRATEGIC GOALS:
Economic Hub

PROOF OF PUBLICATION:
N/A

BACKGROUND:
The proposed project is a commercial subdivision comprising seven lots and two tracts totaling 35.01 acres.

The developer is TBMI II, LLC.

Kimley-Horn and Associates prepared the plan.

The property is zoned Planned Development (PD).

Key Points:

- A traffic study has been approved for this development.
- Access to the adjacent publicly maintained roadways was established under the PD plan approved for this development.
- The plan proposes a 50-foot-wide, future cross-access and utility easement, which will provide access to lots three, four, five, and six. If any of these lots are developed separately from the others, construction of the cross-access road will be required in accordance with the subdivision improvement plan.
- A 50-foot right-of-way is proposed for access to lots one and two and will be constructed with the subdivision improvements.
- The proposed road, potable water, gravity sewer, and drainage system will be privately maintained by

the association established for the development.

- The lift station and force main are proposed for public maintenance.

Updated Conceptual Subdivision Plan:

- After the Planning and Zoning Commission hearing, staff worked with the applicant to include a note on the attached "Updated Sheet CS02: Conceptual Subdivision Plan." Specifically, this note provides further clarification to ensure that no internal lot access directly to adjacent publicly maintained roadways is addressed through the Developer's Agreement.

FINDINGS AND CONCLUSIONS:

- The conceptual subdivision plan is designed in accordance with the approved PD Plan and Standards Book.

- Access to the individual lots will be from the internal road system. No lot within the subdivision will have direct access to the adjacent publicly maintained roadways (as further clarified in the updated Sheet CSO2).

- Site plans are required at the time of individual lot development.

- The future cross-access road will not be constructed if a single development is proposed for lots three through six.

- The conceptual subdivision plan (Case No. SUB25-0011) was recommended for approval by the Planning and Zoning Commission on June 8, 2026.

Staff recommends approval of the Conceptual Subdivision Plan, including the attached Updated Sheet CS02.

FISCAL IMPACT:
The City will assume maintenance responsibility of the force main and lift station following the standard maintenance period.

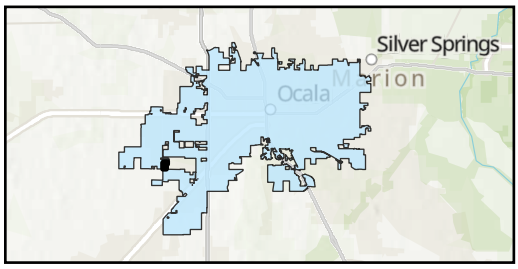
RE: TBMI COMMERCIAL OUTPARCEL DEVELOPMENT (SUB25-0011)



To Whom it May Concern:

The City Engineer's Office, in accordance with the completion of staff review, recommends approval of the conceptual subdivision plan consisting of seven lots and two tracts for commercial development on 35.01 acres subject to submittal of the developer's agreement, with the improvement plan submittal, to address construction and maintenance of the proposed improvements prior to submittal of the final plat application.

Sincerely,

Sean Lanier, PE, CFM,
City Engineer

CONCEPTUAL SUBDIVISION PLAN FOR

TBMI COMMERCIAL OUTPARCEL DEVELOPMENT

CITY OF OCALA, FLORIDA

A PORTION OF SECTION 28 , TOWNSHIP 15 SOUTH, RANGE 21 EAST

MAY 2026

GENERAL NOTES

PARCEL NUMBER:
23817-002-00

PROJECT AREA:
±35.01 ACRES

LAND USE:
LOW INTENSITY (LI)

PRESENT ZONING:
PLANNED DEVELOPMENT (PD)

ABUTTING ZONING:
NORTH – PLANNED DEVELOPMENT (PD – CITY OF OCALA)
SOUTH – ROW (SW 38TH ST.)
EAST – A-1 (MARION COUNTY)
WEST – ROW (SW 60TH AVE.)

NUMBER OF LOTS:
7

NUMBER OF TRACTS:
STORMWATER TRACT: 1
LIFT STATION TRACT: 1

WATER:
POTABLE WATER WILL BE PROVIDED BY CITY OF OCALA.

SEWER:
WASTEWATER WILL BE PROVIDED BY CITY OF OCALA.

GARBAGE:
SOLID WASTE WILL BE PROVIDED BY CITY OF OCALA.

ROADWAYS:
ALL PROPOSED ROADWAYS WILL BE PRIVATELY OWNED AND MAINTAINED.

EASEMENTS:
ALL EASEMENTS ARE DESIGNATED ON THE PLANS.

FUTURE CROSS ACCESS ROAD
FUTURE CROSS ACCESS ROAD SHALL BE CONSTRUCTED PER THE IMPROVEMENT PLANS AND DEDICATED AS RIGHT-OF-WAY SHOULD ANY OF LOTS 4, 5, OR 6 DEVELOPED SEPARATELY FROM THE OTHERS.

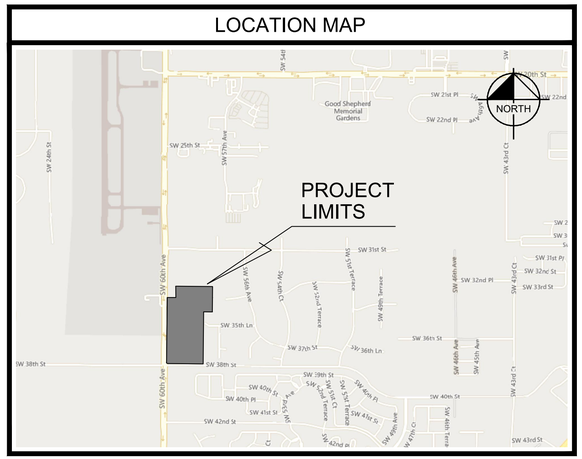
BUFFERS:
ALL BUFFERS WILL BE IN ACCORDANCE WITH THE SITE'S PD STANDARDS – APPROVED MARCH 21, 2023 UNDER RESOLUTIONS 2023-19 AND 2023-41.

TREE LOCATIONS:
EXISTING TREES ARE SHOWN ON THE SURVEY.

TREE PRESERVATION REQUIREMENTS:
EXISTING VIABLE SHADE TREES SHALL BE PRESERVED WITHIN EACH LOT AS REQUIRED IN SEC. 118-101.b OF THE CITY OF OCALA CODE OF ORDINANCES. IF THE REQUIRED NUMBER OF SHADE TREES CANNOT BE PRESERVED AT THE TIME OF A LOT'S DEVELOPMENT, THEN EACH DEVELOPER SHALL MITIGATE PER SEC. 118-101.b. TO PROVIDE THE REQUIRED REPLACEMENT INCHES OR MAKE A PAYMENT INTO THE CITY'S TREE MITIGATION FUND.

VERTICAL DATUM:
VERTICAL CONTROL FOR THIS CONCEPTUAL PLAN IS BASED ON THE BOUNDARY AND TOPOGRAPHIC SURVEY PREPARED BY JCH CONSULTING GROUP. REFER TO THE SURVEY FOR COMPLETE DATUM, CONTROL, AND BENCHMARK INFORMATION.

TRAFFIC:
THE PROPOSED DEVELOPMENT IS INCLUDED WITHIN A PREVIOUSLY APPROVED MARION COUNTY TRAFFIC STUDY (AR #30111 – "TBMI PD"). THE CITY OF OCALA HAS ALSO APPROVED A TRAFFIC IMPACT ANALYSIS FOR THIS PROJECT ON AUGUST 3, 2023. PLEASE REFER TO TIA22-44948 FOR THE APPROVED TRAFFIC IMPACT ANALYSIS.



FEMA DESIGNATION:
PER FEMA FIRM PANELS 12083C0514E EFFECTIVE APRIL 19, 2017, THE ENTIRETY OF THE PROJECT AREA LIES IN FLOOD ZONE 'X', AN AREA OF MINIMAL FLOODING.

DRAINAGE SUMMARY:
THIS PROJECT SHALL UTILIZE ON-SITE WATER RETENTION AREAS SIZED TO MEET THE REGULATORY REQUIREMENTS OF THE CITY OF OCALA AND THE SOUTHWEST FLORIDA WATER MANAGEMENT DISTRICT. LOTS 1 AND 2 WILL BE REQUIRED TO MAINTAIN ALL RUNOFF ON-SITE. TRACT 1 HAS BEEN DESIGNED TO ACCOMMODATE THE RUNOFF FROM LOTS 3-6 AND THE PROPOSED ROADWAY. ALL DRAINAGE AREAS WILL BE OWNED AND MAINTAINED BY THE PROPERTY OWNER.

ADDITIONAL NOTES:

6. LOCAL STREETS WITHIN PROJECT WILL BE PRIVATELY OWNED AND MAINTAINED. ALL LOCAL STREETS TO BE DESIGNED AND CONSTRUCTED AT A LATER DATE.
7. IRRIGATION, BUFFERS AND LANDSCAPING WILL BE CONSTRUCTED WITH THE SITE IMPROVEMENTS.
8. DEVELOPMENT OF THE PROPERTY AS SHOWN ON THIS PLAN IS SUBJECT TO THE TERMS AND CONDITIONS OF THE APPROVED "TBMI II" PD PLAN (PD22-44929).
9. SOLID WASTE IMPACT FEE IS DUE FOR AND PAYABLE FOR EACH OUTPARCEL AT THE TIME OF DEVELOPMENT. THE COST WILL BE BASED ON FEE ESTABLISHED AT THE TIME.
10. PROPOSED FIRE MAINS AND FIRE HYDRANTS TO BE INSTALLED, COMPLETED, PRESSURE TESTED, RECEIVED FDEP LETTER OF CLEARANCE, ACCEPTABLY FLOW TESTED AND OTHERWISE SATISFACTORY TO BE PLACED IN SERVICE PRIOR TO VERTICAL BUILDING CONSTRUCTION WORK. EXCEPTION: FULLY-FUNCTIONAL EXISTING FIRE HYDRANTS WITHIN 400 FEET OF THE PROPOSED BUILDING OR APPROVAL BE THE OCALA FIRE/RESCUE DEPARTMENT FIRE MARSHAL. NFPA 1 6TH ED-18.5.3.

LEGAL DESCRIPTION:

PARCEL 1:

THAT PORTION OF LAND IN THE SOUTHWEST 1/4 OF SECTION 28, TOWNSHIP 15 SOUTH, RANGE 21 EAST AND LYING SOUTH OF TIMBERWOOD, AS PER PLAT BOOK S, PAGES 148 AND 149, LYING WEST OF TIMBERWOOD THIRD ADDITION, AS PER PLAT BOOK Y, PAGES 64 THROUGH 69, ALL IN THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA, AND LYING EAST OF S.W. 60TH AVENUE, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS: COMMENCING AT A CONCRETE MONUMENT MARKED PERMANENT REFERENCE MONUMENT NO. 1 AT THE NORTHWEST CORNER OF LOT 1, BLOCK G OF TIMBERWOOD THIRD ADDITION, AS PER PLAT BOOK Y, PAGES 64 THROUGH 69 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA, AND PROCEED NORTH 89°56'59" WEST (FIELD MEASURE – NORTH 89°57'54" WEST) ALONG THE SOUTH BOUNDARY LINE OF TIMBERWOOD SUBDIVISION AS PER PLAT BOOK S, PAGES 148 AND 149 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA AND ALONG THE SOUTH RIGHT OF WAY LINE OF S.W. 31ST STREET, A DISTANCE OF 202.43 FEET TO A CONCRETE MONUMENT; THENCE CONTINUE NORTH 89°56'59" WEST ALONG SAID SOUTH BOUNDARY LINE AND SOUTH RIGHT OF WAY LINE A DISTANCE OF 663.75 FEET (FIELD MEASURE – NORTH 89°57'54" WEST 663.71 FEET), TO A CONCRETE MONUMENT AS SHOWN ON SAID PLAT AT THE POINT OF CURVATURE OF A CURVE BEING CONCAVE NORTHERLY, HAVING A RADIUS DISTANCE OF 540.00 FEET AND A CENTRAL ANGLE OF 10°55'29", THENCE WESTERLY ALONG SAID SOUTH RIGHT OF WAY LINE, AND ALONG SAID CURVE, AN ARC DISTANCE OF 102.96 FEET THROUGH A CHORD BEARING AND DISTANCE OF NORTH 84°29'18" WEST 102.81 FEET (FIELD MEASURE NORTH 84°07'34" WEST 102.99 FEET) TO A CONCRETE MONUMENT AS SHOWN ON SAID PLAT, AT A POINT OF REVERSE CURVE OF A CURVE BEING CONCAVE SOUTHERLY HAVING A RADIUS DISTANCE OF 460.00 FEET AND A CENTRAL ANGLE OF 10°58'39"; THENCE WESTERLY ALONG SAID SOUTH RIGHT OF WAY LINE AND ALONG SAID CURVE AN ARC DISTANCE OF 88.13 FEET, THROUGH A CHORD BEARING AND DISTANCE OF NORTH 84°30'53" WEST 88.00 FEET (FIELD MEASURE – NORTH 84°59'27" WEST 87.86 FEET), TO A CONCRETE MONUMENT AT THE POINT OF CURVATURE, AS SHOWN ON SAID PLAT; THENCE SOUTH 89°59'50" WEST ALONG SAID SOUTH RIGHT OF WAY LINE, A DISTANCE OF 279.92 FEET, (FIELD MEASURE – NORTH 89°46'27" WEST 279.73 FEET), TO A CONCRETE MONUMENT AS SHOWN ON SAID PLAT AT THE POINT OF TANGENCY OF SAID CURVE, BEING CONCAVE SOUTHERLY HAVING A RADIUS DISTANCE OF 800.00 FEET AND A CENTRAL ANGLE OF 06°21'20", THENCE WESTERLY ALONG SAID SOUTH RIGHT OF WAY LINE, AND ALONG SAID CURVE, AN ARC DISTANCE OF 88.74 FEET THROUGH A CHORD BEARING AND DISTANCE OF SOUTH 86°49'11" WEST 88.70 FEET (FIELD MEASURE – SOUTH 86°03'17" WEST, 88.88 FEET) TO A CONCRETE MONUMENT AS SHOWN ON SAID PLAT AT THE POINT OF REVERSE CURVE, BEING CONCAVE NORTHERLY HAVING A RADIUS DISTANCE OF 827.00 FEET AND A CENTRAL ANGLE OF 04°20'59", THENCE WESTERLY ALONG SAID SOUTH RIGHT OF WAY LINE AND ALONG SAID CURVE AN ARC DISTANCE OF 62.79 FEET THROUGH A CHORD BEARING AND DISTANCE OF SOUTH 85°48'59" WEST 62.77 FEET (FIELD MEASURE – SOUTH 85°49'28" WEST 62.78 FEET) TO A CONCRETE MONUMENT AS SHOWN ON SAID PLAT AT THE POINT OF REVERSE CURVE, BEING CONCAVE SOUTHEASTERLY HAVING A RADIUS DISTANCE OF 30.00 FEET, AND A CENTRAL ANGLE OF 87°59'38", THENCE SOUTHWESTERLY ALONG SAID SOUTH RIGHT OF WAY LINE AND ALONG SAID ARC A DISTANCE OF 46.07 FEET, THROUGH A CHORD BEARING AND DISTANCE OF SOUTH 43°59'41" WEST 41.68 FEET (FIELD MEASURE – SOUTH 44°04'50" WEST 41.62 FEET) TO A CONCRETE MONUMENT AS SHOWN ON SAID PLAT, SAID POINT ALSO BEING ON THE EAST RIGHT OF WAY LINE OF S.W. 60TH AVENUE, (BEING 100 FEET WIDE); THENCE SOUTH 00°00'08" EAST ALONG SAID EAST RIGHT OF WAY LINE, A DISTANCE OF 730.52 FEET (FIELD MEASURE – SOUTH 00°00'12" EAST 730.39 FEET) TO A CONCRETE MONUMENT AT THE NORTHWEST CORNER OF THE WATER RETENTION AREA AND TO THE POINT OF BEGINNING OF PARCEL NO. B-C AS DESCRIBED HEREIN; THENCE CONTINUE SOUTH 00°00'08" EAST ALONG SAID WEST RIGHT OF WAY LINE AND ALONG THE WEST BOUNDARY OF SAID WATER RETENTION AREA, A DISTANCE OF 300.00 FEET (FIELD MEASURE – SOUTH 00°01'56" EAST 300.17 FEET) TO A CONCRETE MONUMENT AT THE SOUTHWEST CORNER OF SAID WATER RETENTION AREA AND TO THE POINT OF BEGINNING OF PARCEL NO. B-C AS DESCRIBED HEREIN; THENCE CONTINUE SOUTH 00°00'08" EAST ALONG SAID WEST RIGHT OF WAY LINE, A DISTANCE OF 1475.12 FEET (FIELD MEASURE SOUTH 00°00'54" EAST 1475.12 FEET) TO A CONCRETE MONUMENT AT THE POINT OF CURVATURE OF A CURVE CONCAVE NORTHEASTERLY HAVING A RADIUS DISTANCE OF 25.00 FEET AND A CENTRAL ANGLE OF 89°56'22", SAID POINT BEING NORTH 89°50'53" EAST 49.92 FEET AND NORTH 00°04'37" EAST 64.83 FEET FROM THE SOUTHWEST CORNER OF SECTION 28, TOWNSHIP 15 SOUTH, RANGE 21 EAST, THENCE SOUTHEASTERLY ALONG THE NORTH RIGHT OF WAY LINE OF S.W. 38TH STREET, AND ALONG SAID CURVE, AN ARC DISTANCE OF 39.24 FEET, THROUGH A FIELD MEASURED CHORD BEARING AND DISTANCE OF SOUTH 45°01'27" EAST 35.31 FEET TO A CONCRETE MONUMENT AT THE POINT OF TANGENCY OF SAID CURVE; THENCE SOUTH 89°57'16" EAST 40 FEET NORTH OF AND PARALLEL TO THE SOUTH BOUNDARY LINE OF SAID SECTION 28 AND ALONG SAID NORTH RIGHT OF WAY LINE, A DISTANCE OF 806.53 FEET TO A CONCRETE MONUMENT MARKED PERMANENT REFERENCE MONUMENT NO. 8 AT THE SOUTHWEST CORNER OF LOT 5, BLOCK G, AS PER AFORESAID PLAT OF TIMBERWOOD THIRD ADDITION; THENCE NORTH 0°00'05" WEST ALONG THE WEST BOUNDARY LINE OF SAID TIMBERWOOD THIRD ADDITION, A DISTANCE OF 1182.68 FEET (FIELD MEASURE – NORTH 00°00'53" WEST 1182.70 FEET) TO A CONCRETE MONUMENT MARKED PERMANENT REFERENCE MONUMENT NO. 7; THENCE SOUTH 89°56'56" EAST ALONG SAID NORTH BOUNDARY LINE OF LOT 15, BLOCK G, OF SAID TIMBERWOOD THIRD ADDITION, A DISTANCE OF 199.17 FEET (FIELD MEASURE – SOUTH 89°59'40" EAST 199.22 FEET) TO A CONCRETE MONUMENT MARKED PERMANENT REFERENCE MONUMENT NO. 6; THENCE NORTH 00°00'05" WEST ALONG SAID WEST BOUNDARY LINE A DISTANCE OF 575.90 FEET (FIELD MEASURE – NORTH 00°01'03" WEST 575.88 FEET) TO A CONCRETE MONUMENT THAT IS SOUTH 00°00'05" EAST A DISTANCE OF 5.03 FEET FROM A CONCRETE MONUMENT MARKED PERMANENT REFERENCE MONUMENT NO. 5; THENCE SOUTH 89°59'56" EAST 0.50 FEET NORTH OF AND PARALLEL WITH A BOARD FENCE LINE, A DISTANCE OF 830.84 FEET TO A CONCRETE MONUMENT ON THE EAST BOUNDARY LINE OF THE AFORESAID WATER RETENTION AREA, SAID POINT IS SOUTH 00°00'08" EAST A DISTANCE OF 42.46 FEET FROM A CONCRETE MONUMENT AT THE NORTHEAST CORNER OF SAID WATER RETENTION AREA; THENCE SOUTH 00°00'08" EAST ALONG THE SAID EAST BOUNDARY LINE, A DISTANCE OF 257.54 FEET (FIELD MEASURE – SOUTH 00°05'11" EAST 257.44 FEET) TO A CONCRETE MONUMENT AT THE SOUTHEAST CORNER OF THE SAID WATER RETENTION AREA; THENCE SOUTH 89°59'52" WEST A DISTANCE OF 200.00 FEET (FIELD MEASURE – SOUTH 89°54'45" WEST 200.23 FEET) TO A CONCRETE MONUMENT AT THE SOUTHWEST CORNER OF SAID WATER RETENTION AREA AND TO THE POINT OF BEGINNING OF PARCEL NO. B-C. SAID PARCEL NO. B-C LYING AND BEING SITUATE IN MARION COUNTY, FLORIDA.

SURVEY NOTES:

1. DATE OF FIELD SURVEY: SEPTEMBER 25, 2025.
2. BEARINGS AND COORDINATES SHOWN HEREON ARE BASED ON THE FLORIDA STATE PLANE COORDINATE SYSTEM, WEST ZONE, NORTH AMERICAN DATUM OF 1983 (NAD 83), WITH 2011 ADJUSTMENT AS DERIVED FROM THE FLORIDA DEPARTMENT OF TRANSPORTATION VIRTUAL REFERENCE STATION NETWORK.
3. BASED ON THE FEDERAL EMERGENCY MANAGEMENT AGENCY'S FLOOD INSURANCE RATE MAP (FIRM), COMMUNITY PANEL NO. PANEL NO.12083O512E, PANEL NO. 12083C0514E, EFFECTIVE DATE OF APRIL 19, 2017. THE PROPERTY DESCRIBED HEREON LIES WITHIN FLOOD ZONES "X" AN AREA OF REDUCED FLOOD HAZARD AREA.
4. UNDERGROUND FOUNDATIONS AND UTILITIES WERE NOT LOCATED AS PART OF THIS SURVEY.
5. NORTH–SOUTH AND EAST–WEST TIES TO FOUND MONUMENTATION AND IMPROVEMENTS ARE BASED ON CARDINAL DIRECTION.
6. THE ACCURACY OF THE SURVEY MEASUREMENTS USED FOR THIS SURVEY MEETS OR EXCEEDS THE EXPECTED USE OF THE PROPERTY DESCRIBED HEREON. (SUBURBAN) 1 FOOT IN 7,500 FEET.
7. ADDITIONS OR DELETIONS TO SURVEY MAPS BY OTHER THAN THE SIGNING PARTY OR PARTIES IS PROHIBITED WITHOUT WRITTEN CONSENT OF THE SIGNING PARTY OR PARTIES.
8. THIS SURVEY DEPICTS THE PROPERTY AS IT EXISTED ON THE SURVEY DATE, NOT NECESSARILY THE SIGNATURE DATE.
9. THIS SURVEY HAS BEEN PREPARED FOR THE EXCLUSIVE BENEFIT OF THE PARTY(IES) NAMED HEREON, AND SHALL NOT BE DUPLICATED OR RELIED UPON BY ANY OTHER INDIVIDUAL OR ENTITY WITHOUT AUTHORIZATION FROM JCH CONSULTING GROUP, INC.
10. SUBJECT TO RIGHTS OF WAY, RESTRICTIONS, EASEMENTS AND RESERVATIONS OF RECORD. PUBLIC RECORDS NOT SEARCHED BY JCH CONSULTING GROUP, INC.
11. ORIENTATION FOR THE IMPROVEMENTS SHOWN HEREON SHOULD NOT BE USED TO RECONSTRUCT BOUNDARY LINES.
12. TOPOGRAPHIC DATA AND TREE LOCATIONS ARE BASED ON AREA AS SPECIFIED BY CLIENT.
13. VERTICAL DATUM IS BASED ON CITY OF OCALA CONTROL POINT 0012, HAVING AN ELEVATION OF 81.82 FEET (NAVD 1988), AS PROVIDED BY THE CITY OF OCALA IN 2008. THE CITY SURVEY DEPARTMENT HAS SUBSEQUENTLY PROVIDED A REVISED ELEVATION OF 81.68 FEET (NAVD 1988) FOR THE SAME CONTROL POINT. ALL ELEVATIONS SHOWN HEREON ARE BASED ON THE 2008 VALUE.
14. STORM DRAINAGE AS SHOWN ALONG S.W. 60TH AVENUE IS BASED ON MARION COUNTY AS–BUILTS SURVEY, PREPARED BY ROYDEN A. BARTH JR. PSM NO.3201, DATED 08/23/2007, FILE RECORD 44027494.000.
15. EASEMENT RECORDED IN OFFICIAL RECORDS BOOK 2627, PAGE 562, AFFECTS THE SUBJECT PARCEL. THE LOCATION OF SAID EASEMENT CANNOT BE DEPICTED HEREON AS THE ORIGINAL WORK ORDER OR SUPPORTING DOCUMENTATION IDENTIFYING ITS LOCATION HAS BEEN PURGED FROM THE CITY OF OCALA RECORDS.

SURVEYOR'S CERTIFICATE:

I HEREBY CERTIFY THIS SURVEY MEETS THE APPLICABLE STANDARDS OF PRACTICE AS SET FORTH BY THE FLORIDA BOARD OF PROFESSIONAL SURVEYORS AND MAPPERS IN CHAPTER 5J17.050–.052, PURSUANT TO SECTION 472.027, FLORIDA STATUTES.

60TH AVENUE PARCELS
PLANNED DEVELOPMENT

FOR

TBMI II, LLC

CITY OF OCALA, FLORIDA

PD PLANS

PARCEL ID 23817-002-00 & 23817-002-02

SECTION 28, TOWNSHIP 15 SOUTH, RANGE 21 EAST

MARCH 2023

GENERAL NOTES

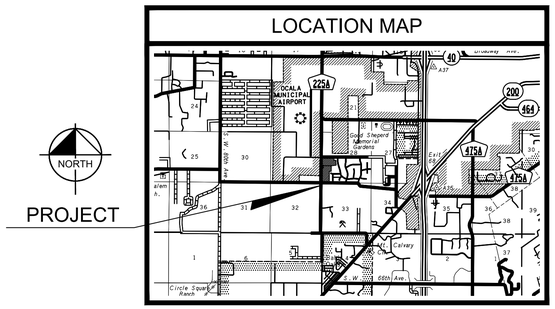
WATER:
POTABLE WATER WILL BE PROVIDED BY CITY OF OCALA.

SEWER:
WASTEWATER WILL BE PROVIDED BY CITY OF OCALA.

FEMA DESIGNATION:
PER FEMA FIRM PANELS NUMBERS 12083C0512E & 12083C05E EFFECTIVE APRIL 19, 2017, A SMALL PORTION OF THE PROJECT AREA LIES IN ZONE 'X', AN AREA DETERMINED TO BE OUTSIDE THE 0.2% ANNUAL CHANCE FLOOD PLAIN, ACCORDING TO THE FEDERAL EMERGENCY MANAGEMENT AGENCY FLOOD INSURANCE RATE MAP.

DRAINAGE SUMMARY:
THIS PROJECT SHALL UTILIZE ON-SITE WATER RETENTION AREAS SIZED TO MEET THE REGULATORY REQUIREMENTS OF THE CITY OF OCALA AND THE SOUTHWEST FLORIDA WATER MANAGEMENT DISTRICT. ALL RETENTION AREAS AND DRAINAGE SYSTEM WILL BE OWNED AND MAINTAINED BY THE PROPERTY OWNER.

MAINTENANCE:
THE PROPERTY OWNER SHALL PROVIDE PERPETUAL MAINTENANCE FOR THE PRIVATE STREETS, NEW & REPLACEMENT STREET SIGNS, DRAINAGE SYSTEMS AND COMMON AREAS OF THE DEVELOPMENT AND FOR OPERATION AND MAINTENANCE OF ALL PRIVATE FACILITIES. ROADS DESIGNATED FOR DEDICATION TO THE PUBLIC SHALL BE MAINTAINED BY THE CITY OF OCALA.



SPECIAL NOTES

THE PLANNED DEVELOPMENT SHALL BE IN COMPLIANCE WITH ALL CONDITIONS OF ORDINANCE 2022-62.

1. ALLOWABLE USES SHALL BE CONSISTENT WITH ALLOWABLE USES IN LOW INTENSITY FUTURE LAND USE CATEGORY, AS DEFINED IN THE CITY OF OCALA COMPREHENSIVE PLAN. THE MAXIMUM ALLOWABLE INTENSITY OF THE OVERALL DEVELOPMENT PLAN SHALL NOT EXCEED THE PM PEAK HOUR NET NEW TRIPS EQUIVALENT TO 600,000 SQUARE FEET OF COMMERCIAL DEVELOPMENT, AS DEFINED IN THE INSTITUTE OF TRANSPORTATION ENGINEER'S TRIP GENERATION MANUAL, LATEST EDITION.
2. THE PROPERTY OWNER/DEVELOPER WILL BE REQUIRED TO SUBMIT A TRAFFIC IMPACT ANALYSIS THAT IS CONSISTENT WITH THE CITY'S TRAFFIC STUDY GUIDELINES AND CONCURRENCY MANAGEMENT SYSTEM. THE PROPERTY OWNER/DEVELOPER WILL BE REQUIRED TO PROVIDE ALL NECESSARY TRAFFIC IMPROVEMENTS MITIGATIONS AS DETERMINED BY A TRAFFIC ANALYSIS.
3. PER CODE OF ORDINANCES SECTION 122-942(a)(4), THERE SHALL BE A MINIMUM OPEN SPACE REQUIREMENT OF 25% OF THE TOTAL GROSS ACREAGE FOR ALL DEVELOPMENT IN ANY PD PROJECT. AT LEAST 10% OF THE TOTAL REQUIRED OPEN SPACE SHALL BE IN USABLE AGGREGATE FORM. AGGREGATE OPEN SPACE IS DEFINED AS COMMON OPEN SPACE AREAS THAT IS DESIGNED AND INTENDED FOR USE BY THE OCCUPANTS/RESIDENTS OF A PD.
4. AT THE TIME OF SITE PLAN OR SUBDIVISION PLANS FOR EACH AREA IN THE PD, A TREE SURVEY AND TREE MITIGATION PLANS ARE REQUIRED PURSUANT TO THE CITY OF OCALA CODE OF ORDINANCES.
5. ALL LANDSCAPING AND IRRIGATION DESIGN PLANS FOR THE ENTIRE PD ARE REQUIRED TO BE COMPLETED BY A REGISTERED LANDSCAPE ARCHITECT. AN ARBORIST OR EQUIVALENT HORTICULTURAL PROFESSIONAL SHALL EVALUATE THE TREES ONSITE, PROVIDE NECESSARY TREE PRESERVATION REQUIREMENTS, AND BE INVOLVED IN THE SITE CLEARING PROCESS TO ENSURE THE HEALTHY SURVIVAL OF ALL TREES SHOWN TO BE SAVED ON ANY FINAL LANDSCAPE PLANS.
6. ALL SITE PLANS SHALL CONTAIN DETAILS PERTAINING TO THE STREET TREE AND LANDSCAPING DESIGN FOR ALL INTERIOR ROADS.
7. PRIOR TO APPROVAL OF ANY SITE PLAN, AN ENVIRONMENTAL ASSESSMENT MEETING THE REQUIREMENTS OF THE CITY OF OCALA LAND DEVELOPMENT CODE MUST BE APPROVED BY THE CITY OF OCALA.
8. AN AVIGATION EASEMENT MUST BE PLACED ON THE ENTIRE 61.39 ACRES AS WELL AS MEET ALL REQUIREMENTS OF FLORIDA STATUTE CHAPTER 333 AIRPORT ZONING. THIS ALSO INCLUDES THE REQUIREMENT TO OBTAIN PERMITTING FROM THE DEPARTMENT OF TRANSPORTATION PRIOR TO ANY CONSTRUCTION.
9. ALL IMPACT FEES WILL BE DETERMINED AT SITE PLAN REVIEW FOR EACH PARCEL.
10. ALL NEW FREESTANDING SIGNAGE TO BE LOCATED ON THE AMENDMENT PARCEL OR ANY PORTION THEREOF AT THE TIME OF DEVELOPMENT SHALL BE LIMITED TO GROUND MOUNTED SIGNAGE STRUCTURES. THE FINAL DESIGN, LOCATIONS, AND NUMBER OF FREESTANDING SIGNS SHALL BE REVIEWED AND APPROVED AS PART OF THE SITE PLAN OR SUBDIVISION PLAN PROCESS.

LEGAL DESCRIPTION: (PROVIDED BY OTHERS)

Parcel 1

That portion of land in the Southwest 1/4 of Section 28, Township 15 South, Range 21 East and lying South of Timberwood, as per Plat Book S, Pages 148 and 149, lying West of Timberwood Third Addition, as per Plat Book Y, Pages 64 through 69, all in the Public Records of Marion County, Florida, and lying East of S.W. 60th Avenue, being more particularly described as follows:

Commencing at a concrete monument marked Permanent Reference monument No. 1 at

the Northwest corner of Lot 1, Block G of Timberwood Third Addition, as per Plat Book Y, Pages 64 through 69 of the Public Records of Marion County, Florida, and proceed North 89 degrees 56 minutes 59 seconds West (field measure - North 89 degrees 57 minutes 54 seconds West) along the South boundary line of Timberwood Subdivision as per Plat Book S, Pages 148 and 149 of the Public Records of Marion County, Florida and along the South right of way line of S.W. 31st Street, a distance of 202.43 feet to a concrete monument; thence continue North 89 degrees 56 minutes 59 seconds West along said South boundary line and South right of way line a distance of 663.75 feet (field measure - North 89 degrees 57 minutes 54 seconds West 663.71 feet), to a

concrete monument as shown on said plat at the Point of Curvature of a curve being concave Northerly, having a radius distance of 540.00 feet and a central angle of 10 degrees 55 minutes 29 seconds; thence Westerly along said South right of way line, and along said curve, an arc distance of 102.96 feet through a chord bearing and distance of North 84 degrees 29 minutes 18 seconds West 102.81 feet (field measure - North 84 degrees 07 minutes 34 seconds West 102.99 feet) to a concrete monument as shown on said plat, at a Point of Reverse Curve of a curve being concave Southerly having a radius distance of 460.00 feet and a central angle of 10 degrees 58 minutes 39 seconds; thence Westerly along said South right of way line and along said curve and arc distance of 88.13 feet, through a chord bearing and distance of North 84 degrees 30 minutes 53 seconds West, 88.00 feet (field measure - North 84 degrees 59 minutes

27 seconds West 87.86 feet), to a concrete monument at the Point of Curvature, as shown on said plat; thence South 89 degrees 59 minutes 50 seconds West along said South right of way line, a distance of 279.92 feet, (field measure - North 89 degrees 46 minutes 27 seconds West 279.73 feet), to a concrete monument as shown on said plat at the Point of Tangency of said curve, being concave Southerly having a radius distance of 800.00 feet and a central angle of 06 degrees 21 minutes 20 seconds; thence Westerly along said South right of way line, and along said curve, an arc distance of 88.74 feet, through a chord bearing and distance of South 86 degrees 49 minutes 11 seconds West, 88.70 feet (field measure - South 86 degrees 03 minutes 17 seconds West 88.88 feet), to a concrete monument as shown on said plat at the Point of Reverse Curve, being concave Northerly having a radius distance of 827.00 feet and a central angle of 04 degrees 20 minutes 59 seconds; thence Westerly along said South right of way line and along said curve an arc distance of 62.79 feet through a chord bearing and distance of South 85 degrees 48 minutes 59 seconds West 62.77 feet (field measure - South 85 degrees 49 minutes 28 seconds West 62.78 feet) to a concrete monument as shown on said plat at the Point

of Reverse Curve, being concave Southeasterly having a radius distance of 30.00 feet, and a central angle of 87 degrees 59 minutes 38 seconds; thence Southwesterly along said South right of way line and along said curve, an arc distance of 46.07 feet, through a chord bearing and distance of South 43 degrees 59 minutes 41 seconds West, 41.68 feet (field measure - South 44 degrees 04 minutes 50 seconds West 41 .62 feet) to a concrete monument as shown on said plat, said point also being on the East right of way line of S.W. 60th Avenue, (being 100 feet wide); thence South 00 degrees 00 minutes 08 seconds East along said East right of way line, a distance of 730.52 feet (field measure - South 00 degrees 00 minutes 12 seconds East 730.39 feet) to a concrete monument at the Northwest corner of the Water Retention Area, as shown on said plat, thence continue South 00 degrees 00 minutes 08 seconds East along said right of way line and along

the West boundary of said Water Retention Area, a distance of 300.00 feet (field measure - South 00 degrees 01 minutes 56 seconds East 300.17 feet) to a concrete monument at the Southwest corner of said Water Retention Area and to the Point of Beginning of Parcel No. B-C as described herein; thence continue South 00 degrees 00 minutes 08 seconds East along said East right of way line, a distance of 1475.12 feet (field measure - South 00 degrees 00 minutes 54 seconds East 1475.12 feet) to a concrete monument at the Point of Curvature of a curve concave Northeasterly having a radius distance of 25.00 feet and a central angle of 89 degrees 56 minutes 22 seconds, said point being North 89 degrees 50 minutes 53 seconds East 49.92 feet and North 00 degrees 04 minutes 37 seconds East 64.83 feet from the Southwest corner of Section 28, Township 15 South, Range 21 East, thence Southeasterly along the North right of way line of S.W. 38th Street, and along said curve, an arc distance of 39.24 feet, through a field measured chord bearing and distance of South 45 degrees 01 minutes 27 seconds East 35.31 feet to a concrete monument at the Point of Tangency of said curve; thence South 89 degrees 57

minutes 16 seconds East, 40 feet North of and parallel to the South boundary line of said Section 28 and along said North right of way line, a distance of 806.53 feet to a concrete monument marked Permanent Reference Monument No. 8 at the Southwest corner of Lot 5, Block Q, as per aforesaid Plat of Timberwood Third Addition; thence North 0 degrees 00 minutes 05 seconds West along the West boundary line of said Timberwood Third Addition, a distance of 1182.68 feet (field measure - North 00 degrees 00 minutes 57 seconds West 1182.70 feet) to a concrete monument marked Permanent Reference monument No. 7; thence South 89 degrees 56 minutes 56 seconds East along said North boundary line of Lot 15, Block G of said Timberwood Third Addition, a distance of 199.17 feet (field measure - South 89 degrees 59 minutes 40 seconds East 199.22 feet) to a concrete monument marked Permanent Reference monument No. 6; thence North 00 degrees 00 minutes 05 seconds West along said West boundary line a distance

of 575.90 feet (field measure - North 00 degrees 01 minutes 03 seconds West 575.88 feet) to a concrete monument that is South 00 degrees 00 minutes 05 seconds East a distance of 5.03 feet from a concrete monument marked Permanent Reference monument No. 5; thence South 89 degrees 59 minutes 56 seconds West, 0.50 feet North of and parallel with board fence line, a distance of 830.84 feet to a concrete monument on the East boundary line of the aforesaid Water Retention Area, said point is South 00 degrees 00 minutes 08 seconds East a distance of 42.46 feet from a concrete monument at the Northeast corner of said Water Retention Area; thence South 00 degrees 00 minutes 08 seconds East along the said East boundary line, a distance of 257.54 feet (field measure - South 00 degrees 05 minutes 11 seconds East 257.44 feet) to a concrete monument at the Southeast corner of the said Water Retention Area; thence South 89 degrees 59 minutes 52 seconds East a distance of 200.00 feet (field measure - South 89 degrees 54 minutes 45 seconds West 200.23 feet) to a concrete monument at the Southwest corner of said Water Retention Area and to the Point of Beginning of Parcel No. B-C. Said Parcel

No. B-C lying and being situate in Marion County, Florida.

PARCEL 2

That portion of land in the Southwest 1/4 of Section 28, Township 15 South, Range 21 East and lying South of Timberwood as per Plat Book S, Pages 148 and 149, lying West of Timberwood Third Addition as per Plat Book Y, Pages 64 through 69, all in the Public Records of Marion County, Florida and lying East of S.W. 60th Avenue, being more particularly described as follows:

Commencing at a concrete monument marked Permanent Reference Monument No. 1 at the Northwest corner of Lot 1 , Block G of Timberwood Third Addition as per Plat Book Y, Pages 64 through 69 of the Public Records of Marion County, Florida and proceed North 89 degrees 56 minutes 59 seconds West (field measure - North 89 degrees 57 minutes 54 seconds West), along the South boundary line of Timberwood Subdivision as per Plat Book S, Pages 148 and 149 of the Public Records of Marion County, Florida, and along the South right of way line of S.W. 31st Street a distance of 202.43 feet to a concrete monument at the Point of Beginning of Parcel 2 as described herein; thence continue North 89 degrees 56 minutes 59 seconds West, along said South boundary line and South right of way line a distance of 663.75 feet (field measure - North 89 degrees 57 minutes 54 seconds West 663.71 feet) to a concrete monument as shown on said plat at the Point of Curvature of a curve being concave Northerly, having a radius distance of 540.00 feet and a central angle of 10 degrees 55 minutes 29 seconds; thence Westerly along said South right of way line, and along said curve an arc distance of 102.96 feet

through a chord bearing and distance of North 84 degrees 29 minutes 18 seconds West, 102.81 feet (field measure - North 84 degrees 07 minutes 34 seconds West 102.99 feet), to concrete monument as shown on said plat at a Point of Reverse Curve of a curve being concave Southerly, having a radius distance of 460.00 feet, and a central angle of 10 degrees 58 minutes 39 seconds; thence Westerly along said South right of way line and along said curve an arc distance of 88.13 feet, through a chord bearing and distance of North 84 degrees 30 minutes 53 seconds West 88.00 feet (field measure- North 84 degrees 59 minutes 27 seconds West, 87.86 feet) to a concrete monument at the Point of Curvature as shown on said plat; thence South 89 degrees 59 minutes 50 seconds West, along said South right of way line distance of 279.92 feet (field measure - North 89 degrees 46 minutes 27 seconds West, 279.73 feet) to a concrete monument as shown on said plat, at the Point of Tangency of said curve, being concave Southerly, having a radius distance of 800.00 feet and a central angle of 06 degrees 21 minutes 20 seconds; thence Westerly along said South right of way line and along said curve an arc distance of 88.74 feet, through a chord bearing and distance of South 86 degrees 49 minutes 11

seconds West 88.70 feet (field measure - South 86 degrees 03 minutes 17 seconds West, 88.88 feet) to a concrete monument as shown on said plat at the Point of Reverse Curve, being concave Northerly having a radius distance of 827.00 feet and a central angle of 04 degrees 20 minutes 59 seconds; thence Westerly along said South right of way line and along said curve an arc distance of 62.79 feet through a chord bearing and distance of South 85 degrees 48 minutes 59 seconds West, 62.77 feet (field measure - South 85 degrees 19 minutes 28 seconds West, 62.78 feet); to concrete monument as shown on said plat at the Point of Reverse Curve, being concave Southeasterly having a radius distance of 30.00 feet and a central angle of 87 degrees 59 minutes 38 seconds; thence Southwesterly along said South right of way line and along said curve an arc distance of 46.07 feet, through chord bearing and distance of South 43 degrees 59 minutes 41 seconds West, 41.68 feet (field measure - South 44 degrees 04 minutes 50 seconds West 41.62 feet) to a concrete monument as shown on said plat, said point also being on the

East right of way line of S.W. 60th Avenue (being 100 feet wide); thence South 00 degrees 00 minutes 08 seconds East, along said East right of way line a distance of 730.52 feet (field measure - South 00 degrees 00 minutes 12 seconds East, 730.39 feet) to a concrete monument at the Northwest corner of the water Retention Area as shown on said plat; thence departing from said East right of way line, North 89 degrees 59 minutes 52 seconds East, along the North boundary line of said water Retention area a distance of 200.00 feet (field measure - North 89 degrees 57 minutes 41 seconds East 199.95 feet) to a concrete monument at the Northeast corner of said water Retention Area; thence South 00 degrees 00 minutes 08 seconds East, along the East boundary line of said water Retention Area a distance of 42.46 feet (field measure - South 00 degrees 05 minutes 11 seconds East, 42.46 feet) to a concrete monument; thence departing from said East boundary line, North 89 degrees 59 minutes 56 seconds East, 0.50 feet North of and parallel with a board fence line a distance of 830.84 feet to a concrete monument on the West boundary line of D.RA No. 2 of Block G of aforesaid Timberwood Third Addition; thence North 00 degrees 00 minutes 05 seconds West, along said West boundary line

a distance of 5.03 feet (field measure - North 00 degrees 01 minutes 03 seconds West, 5.03 feet) to a concrete monument marked Permanent Reference monument No. 5; thence North 89 degrees 59 minutes 55 seconds East, along the North boundary line of said D.R.A. No. 2, a distance of 80.00 feet (field measure - North 89 degrees 59 minutes 35 seconds East, 80.00 feet) to a concrete monument marked Permanent Reference monument No. 4; thence North 82 degrees 03 minutes 12 seconds East, along the North boundary line of Lots 5 and 6 of said Block G, a distance of 435.15 feet (field measure - North 82 degrees 04 minutes 35 seconds East 435.10 feet) to a concrete monument marked Permanent Reference monument No. 3, said point being on a curve, concave Easterly and having a radius distance of 2730.00 feet and central angle of 07 degrees 57 minutes 51 seconds; thence Northerly along the West boundary line of Block G of said Timberwood Third Addition, along said curve an arc distance of 379.17 feet, through a chord bearing and distance of North 03 degrees 55 minutes 52 seconds West, 379.17

feet (field measure - North 03 degrees 56 minutes 28 seconds West, 379.35 feet) to a concrete monument marked Permanent Reference monument No. 2, at the Point of Curvature of said curve; thence North 00 degrees 03 minutes 04 seconds East, along said West boundary line a distance of 134.00 feet (field measure - North 00 degrees 03 minutes 04 seconds East, 134.00 feet) to a concrete monument at the Southeast corner of Tract No. 1 (A One Acre Tract); thence departing from said West boundary line North 89 degrees 57 minutes 54 seconds West, a distance of 202.35 feet to the Southwest corner of said Tract No, 1; thence North 00 degrees 01 minutes 41 seconds East, a distance of 216.00 feet to a concrete monument at the Northwest corner of Tract No. 1 and to the Point of Beginning. Said Parcel 2 lying and being situate in Marion County, Florida.

LESS AND EXCEPT all that portion of land noted and shown as a 30 foot drainage right of way as recorded in the Plat of Timberwood, as per Plat Book S, Page 148 and 149 of the Public Records of Marion County, Florida; and Being subject to a 30 foot drainage Easement "A" as shown on the Recorded Plat of Timberwood as per Plat Book S, Pages 148 and 149 of the Public Records of Marion County, Florida.

INTRODUCTION

The "60th Avenue Parcels Planned Development" is approximately 61.4 acres located within the City of Ocala (the City), East of SW 60th Avenue and North of SW 38th Street. The Planned Development (PD) comprises of the TBMI II property (parcels: 23817-002-00 and 23817-002-02). The property is located within an area of the City that includes a diverse mix of existing land uses that support the goals defined in the City's Comprehensive Plan.

The "60th Avenue Parcels Planned Development" consists of a diverse development program that allows commercial and mixed-use development generally adjacent to SW 60th Avenue, transitioning to residential uses for the remainder of the PD area.

The PD Plan for "60th Avenue Parcels Planned Development" provides a blueprint for the preferred development patterns, design qualities, and transportation systems, at a conceptual level for this project.

Consistent with requirements for a PD Plan, these PD Standards ("Standards") establish project objectives that are appropriate for planning. It is expected that during review for "60th Avenue Parcels Planned Development", the following activities will take place:

1. Site Plans and/or Subdivision Plans will be prepared and submitted through the City of Ocala development review process showing more detailed site plans, open space areas, circulation routes, access locations, etc., as required by the current City of Ocala procedures.

2. Updates to the Standards may be amended if needed to reflect the design of the tract.

3. Adjustments to the Standards contained in this document will be submitted by the developer and approved by the City, per the requirements of Section 122-946 of the Code of Ordinances.

These Standards serve as the foundation for the planning and development efforts of the plan, following the provisions of the City's PD district and Low Intensity Land Use classification. In compliance with the City's PD requirements, the PD Plan is comprised of several components intended to provide assurance that the development of the property complies with the requirements of the City's Comprehensive Plan and Chapter 122 of the Code of Ordinances. The PD Plan and Standards are the culmination of a comprehensive and collaborative planning process designed to provide the framework for development within this area.

The Standards have been prepared to encourage and regulate the commercial mixed-use and residential use of the development in accordance with this document, including building and site design elements, which help ensure the provision of sound and sustainable land use planning. These components are more fully described and presented throughout this document and include the PD Plan, delineation and identification of Planning Area and Standards for development. This application is consistent with the City of Ocala's Low Intensity Land Use classification and PD zoning district.

The PD Plan identifies and graphically depicts the Planning Areas or "Tracts" and provides the land uses and density/intensity envisioned within each area. The "Tracts" have been noted in Table 1 below to further identify respective design standards and other guiding principles.

These Standards may be amended, as permitted in Sec. 122-946, by the Applicant and/or their designee, from time to time, to reflect changes in market conditions and development processes. The PD Plan includes standards that have been developed based on existing site features, available infrastructure, the City's overall vision for the area and similarly situated residential developments. The PD Plan provides a

sustainable land use which is compatible internally and with adjacent properties. The standards provide flexibility to best respond to current and future market forces, changes in building and development patterns, and community demographics. The project's proposed densities and intensities are consistent with the Low Intensity Land Use classification of the City's adopted Comprehensive Plan.

Table 1: 60th Avenue Parcels Plan Tracts

Tract	Generalized Land Use	Intent
COM-RES	Mixed-Use Commercial and Residential	Mixed-use commercial/retail, office, and similar uses, including highway commercial uses as generally located along arterial highways or major roadway intersections. Development within this Tract may be in the form of a singular building with one tenant, singular building with multiple tenants and/or series of buildings/lots. Other uses that are allowed, but not required, within this Tract include medical, assisted living, educational and any other use generally consistent with these development types. Residential uses that complement the commercial and similar uses are allowed, but not required, such as multi-family residences, single family residences, and live/work style residences.
RES	Residential	Residential use consisting of single-family detached and multi-family dwelling units. Single-family residential neighborhoods will allow for varying lot sizes to provide opportunity for different economic and social needs. Multi-family neighborhoods will allow for a variety of densities and unit types. This land use allows units such as single family detached, duplexes, townhomes, villas, garden apartments, and multi-family apartments.

OVERALL GUIDING PRINCIPLES

This PD Master Plan is intended to allow a cohesive blend of commercial and residential uses across the property. Each development Tract within the PD will develop into a safe, attractive, sustainable, connected, and economically viable use.

- The commercial uses shall include those uses permitted under the “Low Intensity” future land use category and are envisioned to include highway commercial uses such as shopping centers, gas and convenience stores, pharmacy, sit-down and fast-food restaurants, general retail and office uses, and open space uses.
- Residential uses will follow principles that promote a high-quality neighborhood development and encourages a sense of place and community. These principles include a diversity of housing styles, shapes, and materials to create variety. Different housing types shall be integrated architecturally in order to give the developments a harmonious appearance. A variety of roof heights, pitches and materials are encouraged. Landscaping should link the neighborhoods to other developments and open spaces.

The following guiding principles are intended to provide a framework for development and provide for implementation of the overall vision.

- Buildings should be organized and arranged to reinforce the primary street edges, to provide for transit opportunities (when appropriate), and to complement the topography, vegetation, or other natural features of the site.
- The overall site design intent shall be to strengthen building-to-street relationships and to reinforce a balance between pedestrian and vehicular movements. The location of a building entrance is a key design element that can enhance or detract from a strong building/pedestrian connection. Emphasis shall be placed on logical and rational building entrances and the connection to the primary road frontage of the building.
- The location and design of surface parking is important in establishing the character of the project. Surface parking shall generally be designed as described in Section 122, Article V, Division 29, and Article VI of the Code of Ordinances.
- The project architecture shall promote and enhance a pedestrian scale and orientation on any façade facing a street, through building articulation, transparency, or other design treatments.
- Building form should articulate site access points and other points of interest to assist in pedestrian and vehicular wayfinding.
- Buildings should be articulated to highlight access to building entrances and public/common spaces. Design elements may include but not limited to, canopies, overhangs, recesses, projections, arcades, arches, or display windows.
- The street network should be safe and interconnected, and should support multiple modes of travel including vehicular, bicycling, and pedestrian users. Streets and the roadway network should promote pedestrian activity in a safe and comfortable environment.
- Vehicular service areas for multiple buildings are encouraged to be consolidated whenever possible.
- Access driveways have been designed and are shown to minimize congestion.
- Sidewalks have been designed to allow pedestrian connections between developments.

REVIEWED

TBMI II
5/22/2026
THESE PLANS HAVE BEEN REVIEWED FOR COMPLIANCE WITH ALL CODES WHICH THE CITY OF OCALA ENFORCES. IF THERE ARE ANY ERRORS OR OMISSIONS MADE BY THE PERSON(S) REVIEWING THE PLANS, THIS DOES NOT PRECLUDE THE ENFORCEMENT OF THESE CODES AND NO CERTIFICATE OF OCCUPANCY WILL BE ISSUED UNTIL THE SAID CODE VIOLATION(S) ARE CORRECTED.

- Pedestrian and automobile traffic should be separated to the extent possible. Where such traffic conflicts occur, consideration should be given to special paving or similar techniques to clearly mark such crossings.
- Large parking areas should contain clearly defined pedestrian corridors to provide safe access to adjacent buildings.
- Crosswalks may use enhanced paving materials that are complementary to adjacent development.
- Public space may be coordinated with water management facilities to provide amenities, such as water feature overlooks, or paths.
- Driveway and parking lot areas should be illuminated for safe maneuvering of motor vehicles. Lighting assemblies along driveways shall be consistent in type and color, with those used in the common areas and should generally not exceed 35 feet in height; pedestrian level lighting should generally not exceed 16 feet in height and shall be used adjacent to existing residential. Light fixtures may allow for additional elements such as non-commercial banners or hanging planters. Lighting should include cut-off fixtures, where appropriate, and light shall not spill beyond parcel boundaries.

DEVELOPMENT STANDARDS

This PD is intended to provide for flexibility in design while meeting the City's intent for development in this region. These standards and supporting application materials allow for proper development with intent to minimize impacts to and from adjoining land uses. Site development must be ever mindful of the emphasis on pedestrian connectivity with safe and inviting design addressing convenient access for walking and bicycling for users of the area. Such emphasis shall be achieved at all development stages. The overall program distribution may be adjusted according to the needs of the community, providing the total densities and intensities included in the PD Plan are not exceeded. The "SW 60th Avenue Parcels" PD Plan provides appropriate buffers, setbacks, and development standards to mitigate impacts to existing adjoining uses.

Land uses shall be in accordance with the standards contained within this PD Plan.

This PD Standards book is intended to communicate the general design intent of the project. When the opportunity arises to present a superior design alternative that may not adhere to each and every standard in this book, The City of Ocala may permit such superior design alternative through an administrative review and approval of the referenced project.

Table 2: Development Standards for Commercial and Residential Mixed-Use

Standard	Requirements
Tract size (acres ±)	±11.88 acres
Maximum Lot Coverage (FAR)	0.75
Minimum Front Setback	10-feet
Minimum Lot Size	N/A
Maximum Building Height	Buildings may not exceed 45 feet in height as defined by the City of Ocala Land Development Code.
Parking	Parking shall be pursuant to Section 122, Article V, Division 29, and Article VI of the Code of Ordinances. Developments may provide shared parking facilities as permitted by City Code or by parking study, as allowed under Section 122-1016.
Signage	Signage shall be based on the proposed use and shall be determined at the Site Plan or Subdivision Plan development stage. All business signage within the Planned Development shall be ground mounted signage. Pedestrian and Internal Wayfinding Signage may be provided and shall not be included in the overall site signage calculation. Signage shall be in accordance with the approved PD Plan and subject to the requirements of Chapter 110 of the Code of Ordinances.
Buffers	Buffers shall comply with 122-260, except where shown otherwise on the PD Plan. Buffers and landscaping are proposed to be provided based on the type and intensity of development.

Standard	Requirements
Open Space	25% minimum. See notes and site data on plan. Open space shall be clustered into larger tracts/areas. Aggregate Open Space is provided by the overall PD via common area retention facilities, pedestrian facilities, and common area landscaping. Each PD tract plan must demonstrate that the required Open Space areas are provided compliant with Section 122-942 of the Code of Ordinances.
Building Materials	Building Materials for shopping centers and qualifying single retail store developments as defined in 122-3 shall be consistent with the standards included Section 122-923. Building materials for all other buildings shall be determined and reviewed at the time of Site Plan review for development of tracts or sub-tracts.
Building Articulation	Building Articulation for Retail/Commercial uses (single use greater than 35,000 gsf or multiuse with at least one use greater than 25,000 gsf) shall be consistent with the Section 122-923.
Accent Materials	Accent features shall be provided to ensure an aesthetically pleasing development and may include elements reflected in the illustrative graphics and photographs included in the PD Plan and PD Standards including but not limited to pavers, landscape islands with vertical plantings, accent building materials, and other architectural features.
Tracts and Roadway Alignment	Tract acreage and delineation/boundary may be adjusted at the time of the final development plan for engineering and planning considerations.
Access	Tracts shall provide at least one access to a public or private road as generally illustrated on the PD Plan. The number and location of access points to internal roadways may be modified during the Site Plan or Subdivision Plan review process.
Landscape	Landscaping planted within the PD shall meet all requirements in Chapter 118 of the City of Ocala Code of Ordinances. Additionally, no fruit-bearing plant species shall be planted within the PD due to proximity to the Ocala International Airport.
Tree Preservation Requirements	Existing viable shade trees shall be preserved within the PD as required in Sec. 118-101.b of the City of Ocala Code of Ordinances. If the required number of shade trees cannot be preserved at the time of a parcel's development, then each developer shall mitigate per Sec. 118-101.b to provide the required replacement inches or make a payment into the City's tree mitigation fund.
Minimum Tree Coverage	Post-development tree coverage within the PD shall comply with all requirements in Sec.118 of the City of Ocala of Ordinances.

Table 3: Development Standards for Residential Use

Standard	Requirements
Tract size (acres+/-)	± 49.52 acres
Intensity (Minimum and maximum FAR)	0.0 (min), 0.50 (max)
Minimum Front Setbacks (feet)[1]	10-feet
Minimum Lot Size ·	N/A
Building Height	No building, as defined by the City of Ocala Code of Ordinances, shall exceed 45-feet in height. No habitable multi-family structures shall be permitted within the 100-foot setback height restricted area along the northern and eastern boundaries of the property. Ancillary non-habitable structures may be permitted within the 100-foot setback height-restricted area. Such structures shall not exceed 35-feet in height. Ancillary non-habitable structures include garages, carports, walls, fences, pools, and sheds.
Building Materials	Residential Building Construction Standards shall meet the minimum requirements defined on pages 10-12 of this document.
Building Service Areas	Buildings shall be organized to group the utilitarian functions away from the public view from public streets. Delivery and loading operations, HVAC equipment, dumpster locations, backflow preventers and other utility and service functions shall be incorporated into the overall design of the building and landscaping.
Dumpsters	Dumpsters shall be screened consistent with City standards; with construction materials that complement the primary building.
Parking	Parking shall be pursuant to Article VI of the Land Development Code. Developments may provide shared parking facilities as permitted by City Code or detailed parking study.
Utilities	Utilities should be located/buried such that tree installations are possible.
Lighting	Lighting assemblies along driveways shall be consistent in type and color and should generally not exceed 16 feet in height; pedestrian level lighting should generally not exceed 16 feet in height. Lighting should be directed away from adjacent properties and no more than 1 foot candle is permitted beyond property lines. Light fixtures may allow for additional elements such as banners or hanging planters.
Signage	Signage shall be based on the proposed use and shall be determined at the Site Plan or Subdivision Plan development stage. All business signage within the Planned Development shall be ground mounted signage. Pedestrian and Internal Wayfinding Signage may be provided and shall not be included in the overall site signage calculation. Signage shall be in accordance with the approved PD Plan and subject to the requirements of Chapter 110 of the Code of Ordinances.

RESIDENTIAL CONSTRUCTION STANDARDS

1. GENERAL

a. Brick veneer, masonry blocks or stucco exterior walls shall be grouted or caulked airtight.

b. At the penetration of exterior walls by pipes, ducts, or conduits, the space between the wall and pipes, ducts or conduits shall be caulked or filled with mortar.

c. Window and/or through-the-wall ventilation units (excluding bathroom and dryer exhaust units) shall not be used.

d. Through-the-wall door mailboxes shall not be used.

2. EXTERIOR WALLS

a. Exterior wall assemblies other than as described in this section shall have a laboratory sound transmission class rating of at least STC-39, exclusive of windows and exterior wall penetrations.

b. Masonry walls having a surface weight of at least 25 pounds per square foot do not require a furred (stud) interior wall. At least one surface of concrete block walls shall be plastered or painted with heavy "bridging" paint.

c. Stud walls shall be at least 4-inch in nominal depth and shall be finished on the outside with siding-on-sheathing, stucco, or brick veneer.

1) Interior surface of the exterior walls shall be of gypsum board or plaster at least ½-inch thick, installed on the studs.

2) Continuous composition board, plywood or gypsum board sheathing at least ½-inch thick shall cover the exterior side of the wall studs behind wood or metal siding. Asphalt or wood shake shingles are acceptable in lieu of siding.

3) Sheathing panels shall be butted tightly and covered on the exterior with overlapping building paper. The top and bottom edges of the sheathing shall be sealed.

4) Insulation material at least 2-inch thick shall be installed continuously throughout the cavity space behind the exterior sheathing and between wall studs. Insulation shall be glass fiber or mineral wool.

3. WINDOWS

a. Windows other than as described in this section shall have a laboratory sound transmission class rating of at least STC-28.

b. Glass shall be at least 3/16-inch thick.

c. All operable windows shall be weather stripped and airtight when closed so as to conform to an air infiltration test not to exceed 0.5 cubic foot per minute per foot of crack length in accordance with ASTM E -283-65-T.

d. Glass of fixed-sash windows shall be sealed in an airtight manner with a non-hardening sealant, or a soft elastomer gasket or glazing tape.

e. The perimeter of window frames shall be sealed airtight to the exterior wall construction with a sealant conforming to one of the following Federal Specifications: TT-S-00227, TT-S-00230, or TT-S-00153.

f. The total area of glass in both windows and doors in sleeping spaces shall not exceed 20% of the floor area.

4. DOORS

a. Doors, other than as described in this section shall have a laboratory sound transmission class rating of at least STC-28.

b. All exterior side-hinged doors shall be solid-core wood or insulated hollow metal at least 1-3/4-inch thick and shall be fully weather stripped.

c. Exterior sliding doors shall be weather stripped with an efficient airtight gasket system with performance as specified in Paragraph 3.c. above. The glass in the sliding doors shall be at least 3/16-inch thick.

d. Glass in doors shall be sealed in an airtight non-hardening sealant or in soft elastomer gasket or glazing tape.

e. The perimeter of door frames shall be sealed airtight to the exterior wall construction as described in Paragraph 3.e. above.

5. ROOFS

a. Combined roof and ceiling construction other than described in this Paragraph and Paragraph 6 shall have a laboratory sound transmission class rating of at least STC-39.

b. With an attic or rafter space at least 6-inch deep, and with a ceiling below, the roof shall consist of closely butted ½-inch composition board, plywood or gypsum board sheathing topped by roofing as required.

c. If the underside of the roof is exposed, or if the attic or rafter spacing is less than 6-inch, the roof construction shall have a surface weight of at least 25 pounds per square foot. Rafters, joists, or other framing may not be included in the surface weight calculation.

d. Window or dome skylights shall have a laboratory sound transmission class rating of at least STC-28.

6. CEILINGS

a. Gypsum board or plaster ceilings at least ½-inch thick shall be provided where required by Paragraph 5.b. above. Ceilings shall be substantially airtight, with a minimum number of penetrations.

b. Glass fiber or mineral wool insulation at least 2-inch thick shall be provided above the ceiling between joists.

7. FLOORS

a. Openings to any crawl spaces below the floor of the lowest occupied rooms shall not exceed 2% of the floor space area of the occupied rooms.

8. VENTILATION

a. Each residential unit shall be equipped with a mechanical ventilation system that is standard for residential use pursuant to the generally applicable building code (without mechanical makeup air requirements), which system shall provide the minimum air circulation and fresh air supply requirements according to the generally applicable building code for use of the occupied rooms without the need to open any windows, doors, or other openings to the exterior.

b. Gravity vent openings in attic shall not exceed code minimum in number and size.

c. If a fan is used for forced ventilation, the attic inlet and discharge openings shall be fitted with sheet metal transfer ducts of at least 20-gauge steel, which shall be lined with 1-inch-thick coated glass fiber and shall be at least 5 feet long with one 90-degree bend.

d. All vent ducts connecting the interior space to the outdoors, excepting domestic range exhaust ducts, shall contain at least a 5-foot length of internal sound absorbing duct lining. Each duct shall be provided with a bend in the duct such that there is no direct line of sight through the duct from the venting cross section to the room-opening cross section.

e. Duct lining shall be coated glass fiber duct liner at least 1-inch thick.

f. Domestic range exhaust ducts connecting the interior space to the outdoors shall contain a baffle plate across the exterior termination which allows proper ventilation. The dimensions of the baffle plate should extend at least one diameter beyond the line of sight into the vent duct. The baffle plate shall be of the same material and thickness as the bent duct material.

g. Fireplaces shall be provided with well-fitted dampers.

SIGNAGE STANDARDS

Corner Commercial Parcel

60th Ave Commercial Parcels

Residential Neighborhood Entry Signs

Notes:

1. All signs must be ground monument signage.
2. All signs must have consistent base and cap design, colors, and materials.
3. Signs may be internally illuminated, have backlit channel letters and designs, or be illuminated by ground mounted up lights. No electric message boards shall be permitted. Residential Neighborhood entry signs shall not be internally illuminated.
4. A unique wall-mounted design for the residential entry signs may be proposed provided it delivers the same quality of design and is within the size limitation noted.
5. Internal signs not on the external streets, building mounted signage, wayfinding, etc. shall be per the City of Ocala Land Development Code.
6. Commercial signage on 60th Avenue shall be limited to one sign per parcel with a minimum spacing of 150 feet between signs.

Submitted By: Karen Cupp

Presentation By: Aubrey Hale

Department: Growth Management

FORMAL TITLE:
Mockingbird Ridge Conceptual Subdivision

OCALA'S RELEVANT STRATEGIC GOALS:
Quality of Place

PROOF OF PUBLICATION:
N/A

BACKGROUND:
This conceptual subdivision is for Mockingbird Ridge Phases 1-3 of the four-phase Mockingbird Ridge Planned Development. Proposed Phases 1-3 comprise a single-family residential subdivision with 493 lots, five tracts, and 3.74 miles of roadway on 169.38 acres.

The developer is Boyd Development LLC.

The plan was prepared by Kimley-Horn & Associates.

The property is zoned Planned Development (PD) and is part of the Heathbrook Development of Regional Impact.

Key Points:

- The concept plan identifies three phases for the development of this subdivision.

- Lot Setbacks: Front - 20 feet
  Side - five feet (20 feet for street side-yard setback)
  Rear - 10 feet

- Lots will be a minimum of 50 feet wide, with a minimum lot area of 6,000 square feet.

- The typical residential right-of-way is 50 feet with curb and gutter, 10-foot utility easements, and five-

foot sidewalks on both sides.

- Roadways, drainage retention areas, and the conveyance system are proposed for private maintenance by the Homeowners' Association (HOA) and Community Development District (CDD).

- Potable water and sanitary sewer systems will be publicly maintained following the standard one-year maintenance period.

FINDINGS AND CONCLUSIONS:

- The conceptual subdivision plan is designed in accordance with the approved PD plan and Standards Book.

- A developer's agreement for the subdivision is required with the improvement plan submittal and must be approved and recorded prior to submitting the final plat application.

- The amenity center, shown as Tract C, requires a site plan for development.

- The conceptual subdivision plan (Case No. SUB25-0016) was recommended for approval by the Planning and Zoning Commission on June 8, 2026.

Staff recommends approval.

FISCAL IMPACT:
The City will assume responsibility for maintenance of the potable water and sanitary sewer systems following the standard maintenance period.

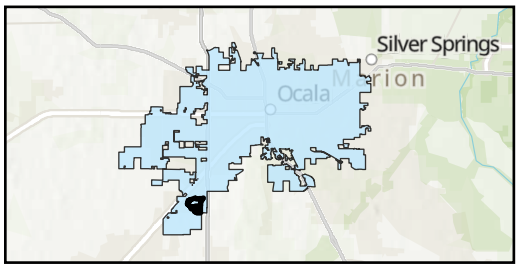
RE: Mockingbird Ridge (SUB25-0016)



To Whom it May Concern:

The City Engineer's Office, in accordance with the completion of staff review, recommends approval of the conceptual subdivision plan for this 493-lot single-family residential development on 169.38 acres with 3.74 miles of roadway subject to submittal of the developer's agreement, with the improvement plan submittal, to address construction and maintenance of the proposed improvements prior to submittal of the final plat application.

Sincerely,

Sean Lanier, PE, CFM,
City Engineer

EAST - ROW (SW 49TH AVENUE ROAD)
SOUTH - ROW (SW 66TH STREET)
WEST - ROW (SW 61ST ROAD) HEATH BROOK PUD-02 & PUD-03

LAND USE: LI - (LOW INTENSITY)

PROJECT AREA: 169.38 ACRES

PROPOSED ROAD LENGTH: 3.74 MILES

PROPOSED LOTS: 493 LOTS

WATER
POTABLE WATER WILL BE PROVIDED BY THE CITY OF OCALA.

SEWER
WASTEWATER WILL BE PROVIDED BY THE CITY OF OCALA.

GARBAGE
SOLID WASTE PICKUP WILL BE PROVIDED BY THE CITY OF OCALA.

ROADWAYS
A COMMUNITY DEVELOPMENT DISTRICT (CDD) SHALL PROVIDE PERPETUAL MAINTENANCE FOR THE PRIVATE STREETS, AND NEW, & REPLACEMENT STREET SIGNS.

COMMON AREAS
ALL COMMON AREAS WILL BE MAINTAINED BY THE CDD.

EASEMENTS
ALL EASEMENTS ARE DESIGNATED ON THE PLANS.

TREE LOCATION
EXISTING TREES ARE SHOWN ON THE SURVEY.

FEMA DESIGNATION:
FLOOD CERTIFICATION:
PROPERTY LIES IN FLOOD ZONE "X" - AN AREA OF MINIMAL FLOODING AND FLOOD ZONE "AE" - AN AREA WITH A 1% OF ANNUAL CHANCE FLOODING, PER THE FLOOD INSURANCE RATE MAP NO. 12083C0514E, COMMUNITY PANEL NO. 120330 0514 E & 120160 0514 E EFFECTIVE APRIL 19, 2017.

DRAINAGE
THE DRAINAGE AREAS WILL BE PRIVATELY MAINTAINED BY THE CDD.

LOCAL BENCHMARK
VERTICAL DATUM BASED ON CITY OF OCALA ENGINEERING DEPARTMENT CONTROL POINT 0012, ELEVATION 81.82' (NAVD-1988).

ADDITIONAL NOTES
- LOCAL STREETS BEHIND GATED ACCESS WILL BE PRIVATELY MAINTAINED (DESIGN SPEED 30 MPH, POSTED 25 MPH).
- RESIDENTIAL IRRIGATION IS VIA POTABLE WATER SYSTEM.
- DEVELOPMENT OF THE PROPERTY AS SHOWN ON THIS PLAN IS SUBJECT TO THE TERMS AND CONDITIONS OF THE HEATH BROOK PLANNED UNIT DEVELOPMENT 02.
- SOLID WASTE IMPACT FEE IS DUE AND PAYABLE FOR EACH RESIDENTIAL UNIT AT THE TIME OF FINAL PLAT. THE COST IS BASED ON FEE ESTABLISHED AT THAT TIME (CURRENTLY $265.00 PER BUILDABLE LOT).
- PROPOSED FIRE MAINS AND FIRE HYDRANTS TO BE INSTALLED, COMPLETED, PRESSURE TESTED, RECEIVE FDEP LETTER OF CLEARANCE, ACCEPTABLY FLOW TESTED AND OTHERWISE SATISFACTORY TO BE PLACED IN SERVICE PRIOR TO VERTICAL BUILDING CONSTRUCTION WORK. EXCEPTION: FULLY-FUNCTIONAL EXISTING FIRE HYDRANTS WITHIN 400 FEET OF THE PROPOSED BUILDING OR APPROVAL BY THE OCALA FIRE/RESCUE DEPARTMENT FIRE MARSHAL. NFPA 1 6TH ED - 18.5.3.

TRAFFIC STATEMENT

CALCULATIONS ARE IN ACCORDANCE WITH THE APPROVED HEATH BROOK DRI DEVELOPMENT ORDER AND RELATED CONCURRENCY AGREEMENT. THE AMENDED AND RESTATED DEVELOPMENT ORDER (ARDO) IS RECORDED AT O.R. BOOK 6840, PAGE 824, AND THE FIRST AMENDMENT TO THE ARDO IS RECORDED AT O.R. BOOK 7948, PAGE 840 PUBLIC RECORDS OF MARION COUNTY, FLORIDA.

THE PROPOSED DEVELOPMENT WILL CONSIST OF 592 RESIDENTIAL DWELLING UNITS. SINGLE FAMILY HOMES (GATED COMMUNITY) RATE APPLIES. A TRIP RATE OF 0.60 TRIPS PER DWELLING UNIT AND INTERNAL CAPTURE DISCOUNT OF 22% IS APPLIED PER THE APPROVED TRAFFIC STUDY FOR THE DRI (TIA03-0004 APPROVED 8/3/2005).

GROSS TRIPS = 592 S.F.R. (GATED) X 0.60 = 355
PM PEAK HOUR TRIPS = 355 X 0.78 = 277

REQUIRED TRIPS: 277
PROVIDED TRIPS: 277 TRIPS HAS BEEN ASSIGNED BY OCALA TROPHY TO THE OWNER OF MOCKINGBIRD RIDGE. PER ASSIGNMENT OF TRIPS AND AGREEMENT TO PURCHASE IMPACT FEE CREDITS RECORDED IN MARION COUNTY O.R. BK 8714 PGS 1556-1563.

THE TRIP GENERATION FOR THE PROJECT IS WITHIN THE TRIP ALLOTMENTS WITHIN THE PUD ZONING AND HEATH BROOK DRI.

CITY OF OCALA - MINIMUM TREE COVERAGE REQUIREMENTS

Per City of Ocala Code of Ordinances, Article II, Sec. 118-101(a.): Any proposed developmend shall confirm to the following minimum tree coverage requirements: (1.) On sites other than those zoned industrial and GU (airport/non-aviation), shade trees shall be provided on a basis of one shade tree per every 5,000 SF of total site of the area. Preserved trees shall be 4" DBH or larger (regulated) and be of a species as included in 'Shade Tree' definition of Sec. 118-32. Definitions. Proposed shade trees shall be 3-1/2" caliper minimum and Florida No. 1. (4.) Ornamental trees may be used in lieu of up to 25% of required shade trees unless industrial (beyond the first 50-ac) and sizes zoned GU, in which they may be used up to 50%. Two ornamental trees, 1-1/2" cal. and 6' ht., must be proposed for each required shade tree. 5.) When 10 or more shade trees are required, a minimum of 25% of required shade trees must be Live Oaks.

Total Site Area	7378193	SF
Site Zone	Other than IND/GU	
Required Shade Trees at 1 shade tree per 5,000 SF	1476	Trees
Preseved Shade Trees	0	Trees
Proposed Shade Trees	0	Assumed
Proposed Shade Trees being replaced with Ornamental Trees (2:1)	0	Assumed
Proposed Ornamental Trees	0	x % Shade Trees
Required Amount of Live Oaks (25%)	369	Trees
Amount of Live Oaks, Preserved + Proposed (25%)	369	Trees
Total Shade Trees On Project (Preserved + Proposed)	0	Trees
Difference / Requirement Met	-1476	NOT MET

CITY OF OCALA - PRESERVATION OF EXISTING TREES

Per City of Ocala Code of Ordinances, Article II, Sec. 118-101(b.): Existing viable shade trees shall be retained on the develpoed site per the following minimum standards.

Total Site Area	169.38	AC
Existing Viable Shade Trees	759	Trees
Resulting Shade Trees Per Acre	5.0	Trees
Category of Resulting Shade Trees Per Acre	65% Preserved	
Required As Preserved: 65%	494	Trees
Preserved Viable Shade Trees	0	Trees
Difference / Requirement Met	-494	NOT MET
NOTE: As design progresses, efforts will be made to preserve as many viable shade trees beyond the minimum requirement as possible. A tree preservation and removal plan will be provided with the project's forthcoming Site Development Review submittal.		
NOTE: If the minimum is reduced due to hardship, then the diameters of the largest existing shade trees that had to be removed will be made up with replacement 3-1/2" cal. proposed shade trees. These will be planted in addition to the above requirements.		
Total DBH of largest 494 removed trees	12156	IN
Resulting Replacement Trees, in addition to above requirements	3474	Trees

SECTION 3, TOWNSHIP 16 SOUTH, RANGE 21 EAST
MARION COUNTY, FLORIDA

DESCRIPTION:

PER TITLE COMMITMENT NO. 111164959, ISSUED BY FIRST AMERICAN TITLE INSURANCE COMPANY FOR CALATLANTIC NATIONAL TITLE SOLUTIONS, LLC, ISSUING OFFICE FILE NO. 110041–002603–FL, BEARING A COMMITMENT DATE OF MARCH 6, 2026.

WEST PARCEL A PORTION OF SECTION 3, TOWNSHIP 16 SOUTH, RANGE 21 EAST, MARION COUNTY, FLORIDA AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCE AT THE N.E. CORNER OF SAID SECTION 3; THENCE ALONG THE EAST BOUNDARY OF SAID SECTION 3, S.00°21'31"W., A DISTANCE OF 1426.51 FEET TO A POINT ON THE NORTH BOUNDARY OF PARCEL 1 OF LANDS DESCRIBED IN OFFICIAL RECORDS BOOK 6076, PAGE 578 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; THENCE DEPARTING THE EAST BOUNDARY OF SAID SECTION 3, ALONG SAID NORTH BOUNDARY OF PARCEL 1, N.89°40'29"W., A DISTANCE OF 589.37 FEET TO A POINT ON A CURVE, CONCAVE NORTHWEST, HAVING A RADIUS OF 535.00 FEET, A CENTRAL ANGLE OF 22°52'00" AND A CHORD BEARING AND DISTANCE OF S.55°24'48"W., 212.10 FEET; THENCE SOUTHWESTERLY ALONG THE ARC OF SAID CURVE AND SAID NORTH BOUNDARY, A DISTANCE OF 213.52 FEET TO THE POINT OF TANGENCY; THENCE CONTINUE ALONG SAID NORTH BOUNDARY, S.66°51'50"W., A DISTANCE OF 95.09 FEET TO A POINT ON THE WESTERLY RIGHT OF WAY LINE OF S.W. 49TH AVENUE ROAD (BEING A 125 FOOT PROPOSED RIGHT OF WAY), SAID POINT BEING THE POINT OF BEGINNING, SAID POINT ALSO BEING ON A CURVE, CONCAVE NORTHWEST, HAVING A RADIUS OF 1935.00 FEET, A CENTRAL ANGLE OF 04°03'21" AND A CHORD BEARING AND DISTANCE OF S.26°51'28"W., 136.95 FEET; THENCE DEPARTING SAID NORTH BOUNDARY, SOUTHWESTERLY ALONG THE ARC OF SAID CURVE AND PROPOSED RIGHT OF WAY LINE, A DISTANCE OF 136.98 FEET TO A POINT OF TANGENCY; THENCE CONTINUE ALONG SAID PROPOSED RIGHT OF WAY LINE, S.28°53'09"W., A DISTANCE OF 878.03 FEET TO THE POINT OF CURVATURE OF A CURVE, CONCAVE SOUTHEAST, HAVING A RADIUS OF 2065.00 FEET, A CENTRAL ANGLE OF 27°46'38" AND A CHORD BEARING AND DISTANCE OF S.14°59'50"W., 991.35 FEET; THENCE SOUTHEASTERLY ALONG THE ARC OF SAID CURVE AND PROPOSED RIGHT OF WAY LINE, A DISTANCE OF 1001.12 FEET TO A POINT OF TANGENCY; THENCE CONTINUE ALONG SAID PROPOSED RIGHT OF WAY LINE THE FOLLOWING FOUR (4) COURSES: S.01°06'31"W., A DISTANCE OF 1454.30 FEET; THENCE S.10°11'56"W., A DISTANCE OF 50.64 FEET; THENCE S.01°06'31"W., A DISTANCE OF 220.97 FEET; THENCE S.46°03'29"W., A DISTANCE OF 42.46 FEET TO A POINT ON THE NORTH RIGHT OF WAY LINE OF S.W. 66TH STREET (BEING A 80 FOOT RIGHT OF WAY); THENCE DEPARTING SAID PROPOSED RIGHT OF WAY LINE, ALONG THE NORTH RIGHT OF WAY LINE OF S.W. 66TH STREET, N.89°01'22"W., A DISTANCE OF 750.93 FEET TO THE S.E. CORNER OF TRACT C, PRESERVE AT HEATH BROOK PHASE 1, ACCORDING TO THE PLAT THEREOF, RECORDED IN PLAT BOOK 10, PAGE 171 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; THENCE DEPARTING SAID NORTH RIGHT OF WAY LINE, ALONG THE EASTERLY BOUNDARY OF SAID PRESERVE AT HEATH BROOK PHASE 1, N.00°57'33"E., A DISTANCE OF 39.86 FEET TO A POINT ON A NON TANGENT CURVE, CONCAVE SOUTHEAST, HAVING A RADIUS OF 170.00 FEET, A CENTRAL ANGLE OF 81°21'50" AND A CHORD BEARING AND DISTANCE OF N.13°00'20"E., 221.63 FEET; THENCE NORTHEASTERLY ALONG THE ARC OF SAID CURVE AND SAID EASTERLY BOUNDARY, A DISTANCE OF 241.41 FEET TO THE END OF SAID CURVE; THENCE CONTINUE ALONG SAID EASTERLY BOUNDARY, N.33°13'50"W., A DISTANCE OF 80.26 FEET TO A POINT ON THE NORTHEASTERLY RIGHT OF WAY LINE OF S.W. 61ST ROAD (BEING A 60 FOOT RIGHT OF WAY), SAID POINT ALSO BEING ON A NON TANGENT CURVE, CONCAVE NORTHWEST, HAVING A RADIUS OF 470.00 FEET, A CENTRAL ANGLE OF 62°00'29" AND A CHORD BEARING AND DISTANCE OF S.87°39'49"W., 484.19 FEET; THENCE SOUTHWESTERLY ALONG THE ARC OF SAID CURVE AND SAID NORTHEASTERLY RIGHT OF WAY LINE, A DISTANCE OF 508.66 FEET TO THE POINT OF CURVATURE OF A REVERSE CURVE, CONCAVE SOUTHWEST, HAVING A RADIUS OF 1530.00 FEET, A CENTRAL ANGLE OF 02°46'12" AND A CHORD BEARING AND DISTANCE OF N.62°42'13"W., 73.96 FEET; THENCE NORTHWESTERLY ALONG THE ARC OF SAID CURVE AND SAID NORTHEASTERLY RIGHT OF WAY LINE, A DISTANCE OF 73.97 FEET TO A POINT ON THE AFOREMENTIONED EASTERLY BOUNDARY OF PRESERVE AT HEATH BROOK PHASE 1; THENCE DEPARTING SAID NORTHEASTERLY RIGHT OF WAY LINE, ALONG SAID EASTERLY BOUNDARY THE FOLLOWING THREE (3) COURSES: N.00°59'25"E., A DISTANCE OF 464.48 FEET; THENCE N.62°38'30"E., A DISTANCE OF 763.22 FEET; THENCE N.04°52'09"W., A DISTANCE OF 307.19 FEET TO A POINT ON THE NORTHERLY BOUNDARY OF SAID PRESERVE AT HEATH BROOK PHASE 1, SAID POINT ALSO BEING THE POINT OF CURVATURE OF A CURVE, CONCAVE SOUTHWEST, HAVING A RADIUS OF 235.00 FEET, A CENTRAL ANGLE OF 108°42'06" AND A CHORD BEARING AND DISTANCE OF N.59°12'39"W., 381.92 FEET; THENCE DEPARTING SAID EASTERLY BOUNDARY, NORTHWESTERLY ALONG THE ARC OF SAID CURVE AND SAID NORTHERLY BOUNDARY, A DISTANCE OF 445.84 FEET TO THE POINT OF TANGENCY; THENCE CONTINUE ALONG SAID NORTHERLY BOUNDARY THE FOLLOWING THREE (3) COURSES: S.66°26'10"W., A DISTANCE OF 418.30 FEET TO THE POINT OF CURVATURE OF A CURVE, CONCAVE SOUTHEAST, HAVING A RADIUS OF 785.00 FEET, A CENTRAL ANGLE OF 10°44'10" AND A CHORD BEARING AND DISTANCE OF S.61°07'53"W., 146.88 FEET; THENCE SOUTHWESTERLY ALONG THE ARC OF SAID CURVE, A DISTANCE OF 147.09 FEET TO THE POINT OF TANGENCY; THENCE S.55°40'59"W., A DISTANCE OF 771.51 FEET TO A POINT ON THE AFOREMENTIONED NORTHEASTERLY RIGHT OF WAY LINE OF S.W. 61ST ROAD (RIGHT OF WAY WIDTH VARIES), SAID POINT ALSO BEING ON A CURVE, CONCAVE NORTHEAST, HAVING A RADIUS OF 660.00 FEET, A CENTRAL ANGLE OF 24°23'50" AND A CHORD BEARING AND DISTANCE OF N.19°34'17"W., 278.92 FEET; THENCE DEPARTING SAID NORTHERLY BOUNDARY, NORTHEASTERLY ALONG THE ARC OF SAID CURVE AND SAID NORTHEASTERLY RIGHT OF WAY LINE, A DISTANCE OF 281.04 FEET TO THE POINT OF CURVATURE OF A REVERSE CURVE, CONCAVE SOUTHWEST, HAVING A RADIUS OF 600.00 FEET, A CENTRAL ANGLE OF 46°34'18" AND A CHORD BEARING AND DISTANCE OF N.30°40'44"W., 474.38 FEET; THENCE NORTHWESTERLY ALONG THE ARC OF SAID CURVE AND SAID NORTHEASTERLY RIGHT OF WAY LINE, A DISTANCE OF 487.70 FEET TO THE POINT OF TANGENCY; THENCE CONTINUE ALONG SAID NORTHEASTERLY RIGHT OF WAY LINE THE FOLLOWING FIVE (5) COURSES: N.53°57'47"W., A DISTANCE OF 439.92 FEET TO THE POINT OF CURVATURE OF A CURVE, CONCAVE NORTHEAST, HAVING A RADIUS OF 250.00 FEET, A CENTRAL ANGLE OF 16°14'43" AND A CHORD BEARING AND DISTANCE OF N.45°53'16"W., 70.65 FEET; THENCE NORTHWESTERLY ALONG THE ARC OF SAID CURVE, A DISTANCE OF 70.88 FEET TO THE POINT OF REVERSE CURVATURE OF A CURVE, CONCAVE SOUTHWEST, HAVING A RADIUS OF 250.00 FEET, A CENTRAL ANGLE OF 16°14'52" AND A CHORD BEARING AND DISTANCE OF N.45°47'1"W., 70.66 FEET; THENCE NORTHWESTERLY ALONG THE ARC OF SAID CURVE, A DISTANCE OF 70.89 FEET TO THE POINT TANGENCY; THENCE N.54°00'09"W., A DISTANCE OF 184.37 FEET TO THE POINT OF CURVATURE OF A CURVE, CONCAVE EAST, HAVING A RADIUS OF 25.00 FEET, A CENTRAL ANGLE OF 85°49'50" AND A CHORD BEARING AND DISTANCE OF N.10°52'01"W., 34.05 FEET; THENCE NORTHEASTERLY ALONG THE ARC OF SAID CURVE, A DISTANCE OF 37.45 FEET TO A POINT ON THE EASTERLY RIGHT OF WAY LINE OF S.W. 49TH ROAD (BEING A 60 FOOT RIGHT OF WAY), SAID POINT ALSO BEING ON A CURVE, CONCAVE NORTHWEST, HAVING A RADIUS OF 1175.53 FEET, A CENTRAL ANGLE OF 19°41'13" AND A CHORD BEARING AND DISTANCE OF N.24°14'47"E., 401.93 FEET; THENCE DEPARTING SAID NORTHEASTERLY RIGHT OF WAY LINE, NORTHEASTERLY ALONG THE ARC OF SAID CURVE AND SAID EASTERLY RIGHT OF WAY LINE, A DISTANCE OF 403.91 FEET TO THE POINT OF TANGENCY; THENCE CONTINUE ALONG SAID EASTERLY RIGHT OF WAY LINE, N.11°56'07"E., A DISTANCE OF 222.29 FEET TO THE POINT OF CURVATURE OF A CURVE, CONCAVE NORTHWEST, HAVING A RADIUS OF 1628.55 FEET, A CENTRAL ANGLE OF 08°44'01" AND A CHORD BEARING AND DISTANCE OF N.08°03'28"E., 248.00 FEET; THENCE NORTHEASTERLY ALONG THE ARC OF SAID CURVE AND SAID EASTERLY RIGHT OF WAY LINE, A DISTANCE OF 248.24 FEET TO A POINT ON THE AFOREMENTIONED NORTH BOUNDARY OF PARCEL 1 OF LANDS DESCRIBED IN OFFICIAL RECORDS BOOK 6076, PAGE 578 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; THENCE DEPARTING SAID EASTERLY RIGHT OF WAY LINE, ALONG SAID NORTH BOUNDARY OF PARCEL 1 THE FOLLOWING ELEVEN (11) COURSES: S.86°19'12"E., A DISTANCE OF 198.87 FEET TO THE POINT OF CURVATURE OF A CURVE, CONCAVE NORTHWEST, HAVING A RADIUS OF 185.00 FEET, A CENTRAL ANGLE OF 68°59'49" AND A CHORD BEARING AND DISTANCE OF N.59°06'24"E., 209.56 FEET; THENCE NORTHEASTERLY ALONG THE ARC OF SAID CURVE, A DISTANCE OF 222.78 FEET TO THE POINT OF REVERSE CURVATURE OF A CURVE, CONCAVE SOUTHEAST, HAVING A RADIUS OF 150.00 FEET, A CENTRAL ANGLE OF 56°46'29" AND A CHORD BEARING AND DISTANCE OF N.52°56'29"E., 142.63 FEET; THENCE NORTHEASTERLY ALONG THE ARC OF SAID CURVE, A DISTANCE OF 148.64 FEET TO THE POINT OF REVERSE CURVATURE OF A CURVE, CONCAVE NORTHWEST, HAVING A RADIUS OF 770.00 FEET, A CENTRAL ANGLE OF 11°07'32" AND A CHORD BEARING AND DISTANCE OF N.75°52'00"E., 149.28 FEET; THENCE SOUTHEASTERLY ALONG THE ARC OF SAID CURVE, A DISTANCE OF 149.52 FEET TO THE POINT OF TANGENCY; THENCE N.70°12'55"E., A DISTANCE OF 1042.03 FEET TO A POINT ON A NON TANGENT CURVE, CONCAVE NORTHEAST, HAVING A RADIUS OF 1305.00 FEET, A CENTRAL ANGLE OF 16°19'08" AND A CHORD BEARING AND DISTANCE OF S.65°19'16"E., 370.43 FEET; THENCE SOUTHEASTERLY ALONG THE ARC OF SAID CURVE, A DISTANCE OF 371.69 FEET TO THE POINT OF COMPOUND CURVATURE OF A CURVE, CONCAVE NORTH, HAVING A RADIUS OF 960.00 FEET, A CENTRAL ANGLE OF 25°06'00" AND A CHORD BEARING AND DISTANCE OF S.86°02'09"E., 417.20 FEET; THENCE NORTHEASTERLY ALONG THE ARC OF SAID CURVE, A DISTANCE OF 420.56 FEET TO THE POINT OF TANGENCY; THENCE N.81°24'42"E., A DISTANCE OF 375.87 FEET TO THE POINT OF CURVATURE OF A CURVE, CONCAVE SOUTHWEST, HAVING A RADIUS OF 425.04 FEET, A CENTRAL ANGLE OF 60°39'51" AND A CHORD BEARING AND DISTANCE OF S.68°15'30"E., 429.30 FEET; THENCE SOUTHEASTERLY ALONG THE ARC OF SAID CURVE, A DISTANCE OF 450.03 FEET TO THE POINT OF CUSP OF A CURVE, CONCAVE SOUTHEAST, HAVING A RADIUS OF 340.00 FEET, A CENTRAL ANGLE OF 44°11'41" AND A CHORD BEARING AND DISTANCE OF N.44°47'46"E., 255.80 FEET; THENCE NORTHEASTERLY ALONG THE ARC OF SAID CURVE, A DISTANCE OF 262.26 FEET TO THE POINT OF TANGENCY; THENCE N.66°51'50"E., A DISTANCE OF 351.44 FEET TO THE POINT OF BEGINNING.

SCHEDULE B-2 ITEMS:

ABSTRACT INFORMATION WAS PROVIDED BY TITLE COMMITMENT NO. 111164959, ISSUED BY FIRST AMERICAN TITLE INSURANCE COMPANY FOR CALATLANTIC NATIONAL TITLE SOLUTIONS, LLC, BEARING AN COMMITMENT DATE OF MARCH 6, 2026. THE FOLLOWING NOTES CORRESPOND TO SCHEDULE B SECTION 2 ITEMS:

ITEM 9: EASEMENT GRANTED TO FLORIDA POWER CORPORATION RECORDED IN BOOK 18, PAGE 310, AFFECTS SUBJECT PROPERTY AND IS SHOWN HEREON, SUBORDINATE AGREEMENT IN BOOK 8453, PAGE 505, DOES NOT AFFECT SUBJECT PROPERTY, AREA FALLS IN THE NEW DEDICATED RIGHT OF WAY FOR SW 49TH AVENUE ROAD AND IS SHOWN HEREON.

ITEM 10: EASEMENT GRANTED TO FLORIDA POWER CORPORATION RECORDED IN BOOK 19, PAGE 669 AFFECTS SUBJECT PROPERTY AND IS SHOWN HEREON.

ITEM 11: EASEMENT GRANTED TO FLORIDA POWER CORPORATION RECORDED IN BOOK 19, PAGE 670 AFFECTS SUBJECT PROPERTY AND IS SHOWN HEREON.

ITEM 12: EASEMENT GRANTED TO FLORIDA POWER CORPORATION RECORDED IN BOOK 19, PAGE 671 AFFECTS SUBJECT PROPERTY AND IS SHOWN HEREON.

ITEM 13: DEFINITION OF ACCESS EASEMENT RECORDED IN BOOK 52, PAGE 202, DOES NOT AFFECT SUBJECT PROPERTY AND IS SHOWN HEREON.

ITEM 14: EASEMENT GRANTED TO FLORIDA POWER CORPORATION RECORDED IN BOOK 156, PAGE 225 AFFECTS SUBJECT PROPERTY, SAID EASEMENT SUPERSEDES AND CANCELS EASEMENT IN BOOK 18, PAGE 310 FROM ITEM 9 ABOVE. LOCATION OF WHICH CANNOT BE DETERMINED.

ITEM 15: ELECTRIC UTILITY RIGHT OF WAY EASEMENT GRANTED TO SUMTER ELECTRIC COOPERATIVE, INC. AS RECORDED IN BOOK 248, PAGE 196 AFFECTS THE SUBJECT PROPERTY, IS BLANKET IN NATURE AND CONTAINS NO SPECIFIC LOCATION. THE AREA AFFECTED BY EASEMENT IS THE NORTH HALF OF SECTION 3, TOWNSHIP 16 SOUTH, RANGE 21 EAST. SUBORDINATE OF UTILITY INTEREST RECORDED IN BOOK 8826, PAGE 1806 AS AFFECTED BY SUBORDINATE OF UTILITY INTEREST RECORDED IN BOOK 8826, PAGE 1816 AS AFFECTED BY SUBORDINATE OF UTILITY INTEREST RECORDED IN BOOK 8826, PAGE 1821 DO NOT AFFECT SUBJECT PROPERTY.

ITEM 16: RIGHT OF WAY EASEMENT GRANTED TO SUMTER ELECTRIC COOPERATIVE, INC. RECORDED IN BOOK 992, PAGE 210 AFFECTS SUBJECT PROPERTY, IS BLANKET IN NATURE AND CONTAINS NO SPECIFIC LOCATION.

ITEM 17: RESOLUTION NO. 99–130 RECORDED IN BOOK 2704, PAGE 1330, AGREEMENT RECORDED IN BOOK 2704, PAGE 1380, NOTICE RECORDED IN BOOK 2705, PAGE 265, NOTICE RECORDED IN BOOK 2757, PAGE 478, ASSIGNMENT AND ALLOCATION OF DEVELOPMENT RIGHTS RECORDED IN BOOK 3071, PAGE 521, DEVELOPER'S AGREEMENT RECORDED IN BOOK 3099, PAGE 372, FIRST AMENDMENT RECORDED IN BOOK 3100, PAGE 759, RESOLUTION NO. 2002–35 RECORDED IN BOOK 3143, PAGE 1600, AGREEMENT RECORDED IN BOOK 3143, PAGE 1621, AGREEMENT RECORDED IN BOOK 3277, PAGE 369, AGREEMENT RECORDED IN BOOK 3277, PAGE 493, RE–ALLOCATION OF DEVELOPMENT RIGHTS RECORDED IN BOOK 3327, PAGE 553, ASSIGNMENT AND ALLOCATION OF DEVELOPMENT RIGHTS RECORDED IN BOOK 3348, PAGE 118, AGREEMENT RECORDED IN BOOK 3383, PAGE 1758, AGREEMENT RECORDED IN BOOK 3557, PAGE 1685, RESOLUTION NO. 2003–116 RECORDED IN BOOK 3557, PAGE 1690 AND RE–RECORDED IN BOOK 3628, PAGE 1058, AGREEMENT RECORDED IN BOOK 3628, PAGE 1045, NOTIFICATION RECORDED IN BOOK 3994, PAGE 162, NOTICE RECORDED IN BOOK 4087, PAGE 907, NOTIFICATION RECORDED IN BOOK 4291, PAGE 1418, NOTICE RECORDED IN BOOK 4324, PAGE 856, AGREEMENT RECORDED IN BOOK 4717, PAGE 1, AGREEMENT RECORDED IN BOOK 4720, PAGE 971 AND 9TH AMENDMENT TO DEVELOPER'S AGREEMENT RECORDED IN BOOK 5786, PAGE 1854, TENTH AMENDMENT RECORDED IN BOOK 6451, PAGE 1549; DEVELOPERS AGREEMENT RECORDED IN BOOK 7549, PAGE 831 AFFECT SUBJECT PROPERTY.

ITEM 18: DECLARATION OF COVENANTS, CONDITIONS, RESTRICTIONS AND EASEMENTS RECORDED IN BOOK 3587, PAGE 1612 AND RE–RECORDED IN BOOK 3654, PAGE 1395, AMENDED IN BOOK 4442, PAGE 1874, AMENDED IN BOOK 5481, PAGE 1518 AND AMENDMENT IN BOOK 5624, PAGE 581, AFFECT SUBJECT PROPERTY.

ITEM 19: TEMPORARY ROADWAY AND UTILITY EASEMENT AGREEMENT RECORDED IN BOOK 3728, PAGE 1045 INCLUDES ADJACENT PROPERTY, BUT DOES NOT DIRECTLY AFFECT SUBJECT PROPERTY.

ITEM 20: DECLARATION OF EASEMENT RECORDED IN BOOK 4809, PAGE 877 AFFECTS SUBJECT PROPERTY.

ITEM 21: ASSIGNMENT OF TRIPS AND AGREEMENT TO PURCHASE IMPACT FEE CREDITS RECORDED IN BOOK 8714, PAGE 1556 AFFECTS SUBJECT PROPERTY.

NOTES:

1. *DATE OF FIELD SURVEY: MARCH 27, 2026.*
2. *SUBJECT TO RIGHTS OF WAY, RESTRICTIONS, EASEMENTS AND RESERVATIONS OF RECORD.*
3. *UNLESS OTHERWISE SHOWN, UNDERGROUND IMPROVEMENTS NOT LOCATED.*
4. *PUBLIC RECORDS NOT SEARCHED BY R.M. BARRINEAU & ASSOCIATES, INC.*
5. *BEARINGS AND STATE PLANE COORDINATES DEPICTED HEREON ARE GRID, WEST FLORIDA ZONE, NAD–83 (CORS96) EPOCH: 2002.0000), BASED ON TRIMBLE VIRTUAL REFERENCE STATION NETWORK.*
6. *ORIENTATION FOR THE IMPROVEMENTS SHOWN HEREON SHOULD NOT BE USED TO RECONSTRUCT BOUNDARY LINES.*
7. *ADDITIONS OR DELETIONS TO SURVEY MAPS BY OTHER THAN THE SIGNING PARTY OR PARTIES IS PROHIBITED WITHOUT WRITTEN CONSENT OF THE SIGNING PARTY OR PARTIES.*
8. *THIS SURVEY DEPICTS THE PROPERTY AS IT EXISTED ON THE SURVEY DATE, NOT NECESSARILY THE SIGNATURE DATE.*
9. *THIS SURVEY HAS BEEN PREPARED FOR THE EXCLUSIVE BENEFIT OF THE PARTY(IES) NAMED HEREON, AND SHALL NOT BE DUPLICATED OR RELIED UPON BY ANY OTHER INDIVIDUAL OR ENTITY WITHOUT AUTHORIZATION FROM R.M. BARRINEAU & ASSOCIATES, INC.*
10. *ALL ABOVE GROUND IMPROVEMENTS ARE SHOWN HEREON.*
11. *THERE IS NO OBSERVED EVIDENCE OF EARTHMOVING ON THE SUBJECT PARCEL AT THE TIME OF THE SURVEY.*
12. *THERE IS NO OBSERVED EVIDENCE OF SOLID WASTE DUMPING OR LANDFILL ON THE SUBJECT PARCEL AT THE TIME OF THE SURVEY.*
13. *THERE IS NO OBSERVED EVIDENCE OF CONTEMPLATED ROADWAY CHANGES OR CONSTRUCTION ON THE SUBJECT PARCEL AT THE TIME OF THE SURVEY.*
14. *THERE IS NO OBSERVED EVIDENCE OF SIDEWALK CONSTRUCTION OR REPAIRS ON THE SUBJECT PARCEL AT THE TIME OF THE SURVEY.*
15. *THERE IS NO VISIBLE EVIDENCE OF ANY MINING, DRILLING OR EXPLORATION ON THE SUBJECT PARCEL AT THE TIME OF THE SURVEY.*
16. *FIELD MEASUREMENTS DO NOT EXCEED THE MAXIMUM RELATIVE POSITIONAL PRECISION SET FORTH BY THE CURRENT ALTA/NSPS MINIMUM STANDARD DETAIL REQUIREMENTS.*
17. *VERTICAL DATUM BASED ON CITY OF OCALA ENGINEERING DEPARTMENT CONTROL POINT 0012, ELEVATION 81.82' (NAVD–88).*
18. *SUBJECT PARCEL HAS DIRECT ACCESS AND IS CONTIGUOUS TO PUBLICLY DEDICATED RIGHT OF WAY ON SW 49TH STREET, SW 61ST ROAD, SW 66TH STREET AND PROPOSED SW 49TH AVENUE ROAD.*
19. *SUBJECT PARCEL IS CONTIGUOUS WITH ADJOINING PARCELS ALONG THEIR COMMON BOUNDARY LINES WITHOUT GAP, GORE, OVERLAP OR HIATUS.*

SURVEYOR'S CERTIFICATION:

TO LENNAR HOMES, LLC, A FLORIDA LIMITED LIABILITY COMPANY, LWL LAW, PLLC, A FLORIDA PROFESSIONAL LIMITED LIABILITY COMPANY, FIRST AMERICAN TITLE INSURANCE COMPANY AND CALATLANTIC NATIONAL TITLE SOLUTIONS, LLC. THIS IS TO CERTIFY THAT THIS MAP OR PLAT AND THE SURVEY ON WHICH IT IS BASED WERE MADE IN ACCORDANCE WITH THE 2021 MINIMUM STANDARD DETAIL REQUIREMENTS FOR ALTA/NSPS LAND TITLE SURVEYS, JOINTLY ESTABLISHED AND ADOPTED BY ALTA AND NSPS, AND INCLUDES ITEMS 1, 2, 3, 4, 6(a), 8, 11(a), 13, 14, 16, 17, 18, 19 AND 20 OF TABLE A THEREOF.

THE FIELD WORK WAS COMPLETED ON MARCH 27, 2026.

DATE OF PLAT OR MAP: MAY 4, 2026.

GENERAL NOTES

LAND USE DEVELOPMENT DATA

PARCEL IDENTIFICATION NUMBER: 23875-000-01 & 35364-000-00

PRESENT ZONING: HEATH BROOK PUD-02

ABUTTING ZONING: NORTH - HEATH BROOK PD
EAST - ROW (I-75)
SOUTH - ROW (SW 66TH STREET)
WEST - ROW (SW 61ST ROAD) HEATH BROOK PUD-02 & PUD-03

LAND USE: LI - (LOW INTENSITY)

WATER
POTABLE WATER WILL BE PROVIDED BY THE CITY OF OCALA.

SEWER
WASTEWATER WILL BE PROVIDED BY THE CITY OF OCALA.

FEMA DESIGNATION:
FLOOD CERTIFICATION:
PROPERTY LIES IN FLOOD ZONE "X" - AN AREA OF MINIMAL FLOODING AND FLOOD ZONE "AE" - AN AREA WITH A 1% OF ANNUAL CHANCE FLOODING, PER THE FLOOD INSURANCE RATE MAP NO. 12083C0514E, 12083C0518E, 12083C0702E, AND 12083C0706E EFFECTIVE APRIL 19, 2017.

DRAINAGE SUMMARY:
THIS PROJECT SHALL UTILIZE ON-SITE WATER RETENTION AREAS SIZED TO MEET THE REGULATORY REQUIREMENTS OF THE CITY OF OCALA AND THE SOUTHWEST FLORIDA WATER MANAGEMENT DISTRICT. ALL RETENTION AREAS AND DRAINAGE SYSTEM WILL BE OWNED AND MAINTAINED BY THE PROPERTY OWNER.

MAINTENANCE:
THE PROPERTY OWNER SHALL PROVIDE PERPETUAL MAINTENANCE FOR THE PRIVATE STREETS, NEW & REPLACEMENT STREET SIGNS. DRAINAGE SYSTEMS AND COMMON AREAS OF THE DEVELOPMENT AND FOR OPERATION AND MAINTENANCE OF ALL PRIVATE FACILITIES. ROADS DESIGNATED FOR DEDICATION TO THE PUBLIC SHALL BE MAINTAINED BY THE CITY OF OCALA, SW 49TH AVENUE ROAD WILL BE MAINTAINED BY MARION COUNTY.

TRAFFIC STATEMENT

CALCULATIONS ARE IN ACCORDANCE WITH THE APPROVED HEATH BROOK DRI DEVELOPMENT ORDER AND RELATED CONCURRENCY AGREEMENT. THE AMENDED AND RESTATED DEVELOPMENT ORDER (ARDO) IS RECORDED AT O.R. BOOK 6840, PAGE 824, AND THE FIRST AMENDMENT TO THE ARDO IS RECORDED AT O.R. BOOK 7948, PAGE 840 PUBLIC RECORDS OF MARION COUNTY, FLORIDA.

THE PROPOSED DEVELOPMENT WILL CONSIST OF 592 RESIDENTIAL DWELLING UNITS. SINGLE FAMILY HOMES (GATED COMMUNITY) RATE APPLIES. A TRIP RATE OF 0.60 TRIPS PER DWELLING UNIT AND INTERNAL CAPTURE DISCOUNT OF 22% IS APPLIED PER THE APPROVED TRAFFIC STUDY FOR THE DRI (TIA03-0004 APPROVED 8/3/2005).

GROSS TRIPS = 592 S.F.R. (GATED) X 0.60 = 355
PM PEAK HOUR TRIPS = 355 X 0.78 = 277

REQUIRED TRIPS: 277
PROVIDED TRIPS: 277 TRIPS HAS BEEN ASSIGNED BY OCALA TROPHY TO THE OWNER OF MOCKINGBIRD RIDGE, PER ASSIGNMENT OF TRIPS AND AGREEMENT TO PURCHASE IMPACT FEE CREDITS RECORDED IN MARION COUNTY O.R. BK 8714 PGS 1556-1563.

NOTES (EXISTING HEATHBROOK PUD CONDITIONS)

1. PHASE DESIGNATIONS SHOWN HEREIN ARE FOR REFERENCE PURPOSES ONLY, AND DO NOT NECESSARILY REFLECT THE ORDER IN WHICH THE PHASE WILL BE DEVELOPED.
2. THE CONNECTIONS TO SW 66TH STREET (WILLIAM ROAD) AND THE 100' R/W ALONG THE EASTERN PROPERTY ARE CONDITIONS OF THE DEVELOPMENT ORDER, AND ARE SUBJECT TO THOSE CONDITIONS.
3. THE AREAS DESIGNATED PUD-2, PUD-3, AND PUD 5 ARE MIXED USE RESIDENTIAL PLANNED UNIT DEVELOPMENTS (PUD'S).
4. THE FOLLOWING SIGN STANDARDS ARE PROPOSED WITH THIS APPROVAL:

A: PROJECT IDENTIFICATION SIGNS ON MAIN COLLECTOR ENTRANCES FROM SR 200 OR SW 49TH AVENUE SHALL BE PER THE CITY'S LAND DEVELOPMENT REGULATIONS SECTION 110-152 AND/OR SECTION 110-153 FOR NON-RESIDENTIAL USES.

B: RESIDENTIAL PUD IDENTIFICATION SIGNS SHALL BE ALLOWED LOCATED AT THE PRINCIPAL ENTRANCES TO INDIVIDUAL SUBDIVISIONS, WITH A MAXIMUM AREA OF 60 SQUARE FEET EACH.

C: PARCEL AND CLUBHOUSE IDENTIFICATION SIGNS SHALL BE ALLOWED AT PRINCIPAL ENTRANCES TO EACH PARCEL, WITH A MAXIMUM AREA OF 24 SQUARE FEET EACH.

A SIGN DESIGN PACKAGE WILL BE SUBMITTED WITH THE CONCEPTUAL SITE PLAN OR FINAL SITE PLAN PER LDC SECTION 110-163.

5. 20% OF THE TOTAL GROSS ACREAGE OF NON-RESIDENTIAL USES SHALL BE OPEN SPACE.
6. THE INTERNAL CIRCULATION AND ACCESS POINTS BETWEEN TRACTS AND EXTERNAL ACCESS POINTS TO PUBLIC ROADWAYS MAY VARY IN LOCATION FROM THE LOCATIONS AS SHOWN ON THE REVISED PUD MASTER PLAN AS SUCH IS REFINED AT SITE PLAN APPROVAL.
7. TRACTS SHALL PROVIDE CROSS ACCESS FOR ALL NON-RESIDENTIAL LOTS.
8. SAMPLE ARCHITECTURAL ELEVATIONS SHALL BE PROVIDED DURING SITE PLAN REVIEW FOR EACH TRACT CONSISTENT WITH LDC SECTION 122-216(I) AND THE HEATH BROOK ARCHITECTURAL GUIDELINES.
9. EXISTING TREES SHALL BE SURVEYED PRIOR TO THE APPROVAL OF ANY TRACT'S SITE PLAN OR FINAL PUD PLAN.
10. THIS PROJECT IS SUBJECT TO THE HEATH BROOK DRI DEVELOPMENT ORDER UNTIL SUCH TIME AS IT EXPIRES OR IS RESCINDED.
11. SUBSEQUENT SITE PLANS ADJACENT TO SR 200, TARTAN ROAD, AND/OR SW 49TH AVENUE SHALL ADHERE TO THE ADOPTED HEATH BROOK LANDSCAPE GUIDELINES.
12. AGRICULTURE SHALL CONTINUE TO BE AN ALLOWED USE IN AREAS THAT HAVE NOT BEEN DEVELOPED FOR A DIFFERENT ALLOWED USE.
13. ALL PROPOSED ROADWAY ALIGNMENTS SHOWN HEREON ARE SUBJECT TO CHANGE.

NOTE:

1. EXISTING VIABLE SHADE TREES SHALL BE PRESERVED WITHIN THE PD AS REQUIRED IN SEC. 118-101.b OF THE CITY OF OCALA CODE OF ORDINANCES. IF THE REQUIRED NUMBER OF SHADE TREES CANNOT BE PRESERVED AT THE TIME OF A PARCEL'S DEVELOPMENT. THEN EACH DEVELOPER SHALL MITIGATE PER SEC. 118-101.b TO PROVIDE THE REQUIRED REPLACEMENT INCHES OR MAKE A PAYMENT INTO THE CITY'S MITIGATION FUND.
2. POST-DEVELOPMENT TREE COVERAGE WITHIN THE PD SHALL COMPLY WITH ALL REQUIREMENTS IN SEC. 118 OF THE CITY OF OCALA CODE OF ORDINANCES.
3. EACH DEVELOPMENT WITHIN THE PD SHALL MEET THE REQUIREMENTS IN SECTIONS 122-1001 THROUGH122-1016 OF THE CITY OF OCALA CODE OF ORDINANCES.
4. BUILDINGS SHALL FACE PUBLIC STREETS OR INTERNAL ROADWAYS.
5. THE FOLLOWING SIGN STANDARDS ARE PROPOSED WITH THIS APPROVAL:
   - A: RESIDENTIAL IDENTIFICATION SIGNS SHALL BE ALLOWED AT THE PERIMETER LOCATIONS SHOWN ON THE PD PLAN. ARCHITECTURAL STANDARDS SHALL BE PER THE HEATHBROOK LANDSCAPE AND ARCHITECTURAL DESIGN GUIDELINES.
   - B: INTERNAL RESIDENTIAL PD IDENTIFICATION SIGNS SHALL BE ALLOWED LOCATED AT THE PRINCIPAL ENTRANCES TO INDIVIDUAL SUBDIVISIONS, WITH A MAXIMUM AREA OF 60 SQUARE FEET EACH.
   - C: PARCEL AND CLUBHOUSE IDENTIFICATION SIGNS SHALL BE ALLOWED AT PRINCIPAL ENTRANCES TO EACH PARCEL, WITH A MAXIMUM AREA OF 24 SQUARE FEET EACH.
   - D: MAXIMUM SIGN HEIGHT SHALL BE PER THE GROUND MOUNTED MONUMENT SIGNAGE DETAIL (THIS SHEET) AND THE HEATHBROOK ARCHITECTURAL GUIDELINES.
   - E: GROUND MOUNTED MONUMENT SIGNAGE STREET SETBACKS SHALL BE PER THE DETAIL (THIS SHEET) AND THE HEATHBROOK ARCHITECTURAL GUIDELINES.
6. PER LDC SECTION 122-942(A)(4) THERE SHALL BE A MINIMUM OF 25 PERCENT OPEN SPACE FOR THE TOTAL GROSS ACREAGE WITHIN THE ENTIRETY OF THE PD. THIS FIGURE MAY BE CALCULATED AT THE TIME OF INDIVIDUAL SITE PLAN APPROVAL BASED ON THE TOTAL OPEN SPACE INCLUDED IN PREVIOUSLY DEVELOPED AREAS OF THE PD AND THE DEVELOPMENT PROPOSED IN THE INDIVIDUAL SITE PLAN. PER THE LDC, OPEN SPACE CAN INCLUDE THE STREETSCAPE, SIDEWALK, AND AREAS OF STREET RIGHT-OF-WAY OUTSIDE OF THE PAVED AREAS. AT LEAST 10 PERCENT OF THE TOTAL REQUIRED OPEN SPACE SHALL BE IN USABLE AGGREGATE FORM. AGGREGATE OPEN SPACE IS DEFINED AS COMMON OPEN SPACE AREAS THAT IS DESIGNED AND INTENDED FOR USE BY THE OCCUPANTS/RESIDENTS OF A PD.
7. THE INTERNAL CIRCULATION AND ACCESS POINTS TO EXTERNAL ROADWAYS MAY VARY IN LOCATION FROM THE LOCATION SHOWN ON THIS PLAN AND WILL BE REFINED DURING SITE PLAN SUBMITTAL.
8. SAMPLE ARCHITECTURAL ELEVATIONS SHALL BE PROVIDED DURING SITE PLAN REVIEW FOR EACH DEVELOPMENT CONSISTENT WITH LDC SECTION 122-216(T) AND THE HEATH BROOK ARCHITECTURAL GUIDELINES.
9. EXISTING TREES SHALL BE SURVEYED PRIOR TO THE APPROVAL OF ANY INDIVIDUAL SITE PLAN.
10. THIS PROJECT IS SUBJECT TO THE HEATH BROOK DRI DEVELOPMENT ORDER UNTIL SUCH TIME AS IT EXPIRES OR IS RESCINDED.
11. AGRICULTURE SHALL CONTINUE TO BE AN ALLOWED USE IN AREAS THAT HAVE NOT BEEN DEVELOPED FOR A DIFFERENT ALLOWED USE.
12. DRA LOCATIONS SUBJECT TO CHANGE; NOT ALL PROPOSED DRAS ARE SHOWN ON THIS PLAN.
13. ALL PROPOSED ROADWAY ALIGNMENTS SHOWN HEREON ARE SUBJECT TO CHANGE.
14. THE LOCATION OF FIRE HYDRANTS SHALL BE PROVIDED ON THE INDIVIDUAL FINAL SITE DEVELOPMENT PLAN(S).
15. COMPLIANCE WITH THE LDC REQUIREMENTS PERTAINING TO FLOODPLAINS WILL BE ADDRESSED DURING THE FINAL SITE DEVELOPMENT PLAN REVIEW PROCESS.
16. AT THE OWNER'S DISCRETION, THE ENTRANCE TO PHASE 2 (FROM SW 49TH ROAD) MAY BE REMOVED/CLOSED ONCE ACCESS TO PHASE 3 (FROM TARTAN ROAD) IS CONSTRUCTED.

INTRODUCTION

The “Mockingbird Ridge Planned Development” is approximately 282 acres located within the City of Ocala (the City), inside the Heath Brook Development of Regional Impact (DRI). The Planned Development (PD) comprises of the 42nd Street Flyover, LLC properties (Parcels 23875-000-01 and 35364-000-00). The properties are located within an area of the City that includes a diverse mix of existing land uses that support the goals defined in the City’s Comprehensive Plan.

The “Mockingbird Ridge Planned Development” consists of a residential development program that intends to update the existing PUD-02 zoning to PD. The PUD-02 zoning is no longer supported by the City of Ocala and this zoning update must be completed prior to further development. Any reference to “Planned Unit Development” or “PUD”, are hereby replaced with “Planned Development” and “PD”. This project remains a part of the Heath Brook DRI, and the following standards are intended to maintain consistency with the design guidelines of the DRI.

The “Mockingbird Ridge Planned Development” provides a conceptual level blueprint for the preferred development patterns, design qualities, and transportation systems for the project.

Consistent with requirements for a PD Plan, these PD Standards (“Standards”) establish project objectives that are appropriate for planning. It is expected that during review for “Mockingbird Ridge Planned Development”, the following activities will take place:

1. Subdivision Plans and/or Site Plans will be prepared and submitted through the City of Ocala development review process showing more detailed residential development plans, circulation routes, amenity/open space areas, access locations, etc., as required by the current City of Ocala procedures.

2. Updates to the Standards may be amended, if needed, to reflect the design of the tract.

3. Adjustments to the Standards contained in this document will be submitted by the developer and approved by the City, per the requirements of Section 122-946 of the Code of Ordinances.

These Standards serve as the foundation for the planning and development efforts of the project, following the provisions of the City's PD zoning and Low Intensity land use classification. The PD Plan and Standards are the culmination of a comprehensive and collaborative planning process designed to provide the framework for development within this area.

These Standards may be amended, as permitted in Sec. 122-946, by the Applicant and/or their designee, from time to time, to reflect changes in market conditions and development processes. The PD Plan includes standards that have been developed based on existing site features, available infrastructure, the City's overall vision for the area and similarly situated residential developments. The PD Plan provides a development program which is compatible within the Heath Brook DRI and with adjacent properties. The Standards provide flexibility to best respond to current and future market forces, changes in building and development patterns, and community demographics.

Exhibit G

Landscape Guidelines for Single Family Housing in HeathBrook Ocala, FL

March 29, 2004

1.0 Pod Entrance

Pod owner shall be responsible for the entrance into a Single Family pod. The entrance shall be constructed in the same character and materials as set forth in the landscape plans for Tartan Road.

1.1 Walls: Two (2) curved entry walls of the style and materials detailed in Figure 1 and 3.

1.2 Lighting:

- Street Lighting will consist of three (3) Wadsworth Series Double-Armed Lights with Utility Granville Luminaires.
- Each Entry Wall will be lit with two (2) 4' Raybar sign lights.
- Each Washington Palm will have one (1) Stonco L38BZ - Ground mounted 12" high (black or bronze).

1.3 Landscape: Clusters of 5 Washington Palms *(Washington robusta)* are to be located behind each Entrance Walls. In addition, one (1) Ligustrum tree (*Ligustrum lucidum*) will be located at the corner of each wall. Shrubs and groundcovers will also be used to improve the visual character of the corner (See Figure 1 and 2). St. Augustine 'Floratam' will be used for all sodded areas. All landscaped areas are to be mulched with 2-3" of pine bark "mini-nuggets". A fully automatic irrigation system with 100% coverage shall also be installed for all landscaped areas.

1.4 Signage: Entry wall signage shall be in accordance with the character set forth along Tartan Road in the Entrance Plans by Land Design Group, Inc. See Figure 3 for style, materials, and dimensions.

1.5 If necessary, an alternate entrance design including a Gate/Guard House may be submitted to the Ocala Limited Trophy Partnership for approval.

All landscape and construction drawings will be submitted for Architectural Review prior to construction.

2.0 Community Road Frontage (ie: Tartan Road)

2.1 Fencing: The Pod owner shall be responsible for diagonal White PVC Fencing along the entire Community Road frontage. The fencing shall begin at Pod Entrance Walls and connect to fencing at adjacent parcels. Columns shall be spaced approximately 160' apart. Column spacing should begin at Pod Entrance Walls and terminate at the corner of each pod property line along Tartan Road. See Figure 3

REVIEWED
for Code Compliance
City of Ocala Growth Management
PD25-0007
MOCKINGBIRD RIDGE, LLC
5/22/2026
THESE PLANS HAVE BEEN REVIEWED FOR COMPLIANCE WITH ALL CODES WHICH THE CITY OF OCALA ENFORCES. IF THERE ARE ANY ERRORS OR OMISSIONS MADE BY THE PERSON(S) REVIEWING THE PLANS, THIS DOES NOT PRECLUDE THE ENFORCEMENT OF THESE CODES AND NO CERTIFICATE OF OCCUPANCY WILL BE ISSUED UNTIL THE SAID CODE VIOLATION(S) ARE CORRECTED.

2.2 Landscape: No tree with a caliper of 6" or greater shall be removed without the approval of the Architectural Review Board as set forth by Ocala Trophy Limited Partnership. After tree replacement requirements have been met for this phase of the development, all additional caliper inches will be credited to the Ocala Trophy Limited Partnership for HeathBrook.

A 25' bermed landscape buffer shall occur along the community road frontage. The following plant material shall be included within the landscape buffer (See Figure 4):

- 15-gallon Slash Pines (*Pinus elliottii)*
- 30-gallon Southern Magnolias *(Magnolia grandiflora)*,
- A double row of 3-gallon Wax Myrtles (*Myrica cerifera)* shall be located every 3'.

St. Augustine 'Floratam' will be used for all sodded areas. All landscaped areas are to be mulched with 2-3" of pine bark mulch "mini-nuggets". A fully automatic irrigation system with 100% coverage shall also be installed.

3.0 Pod Interior

3.1 Common Areas: Common areas are to compose at least 25% of the parcel acreage. These areas can include landscape buffers, storm water retention, and open park space.

3.2 Lighting: Wadsworth Series with Utility Granville Luminaires (single arm) shall be located every 150' within Right-of-way (ROW) at lot line intersections.

3.3 Landscape: A 25' bermed landscape buffer must be maintained around the entire perimeter of the parcel boundary. See Figure 4.

St. Augustine 'Floratam' will be used for all sodded areas; however, common areas of low exposure such as parks and landscape buffers (not including those fronting on Tartan Road) may be seeded with Bahia or other alternative grassing. Alternatives to sod must be submitted to Ocala Trophy Limited Partnership for approval.

No tree with a caliper of 6" or greater shall be removed without the approval of the Architectural Review Board.

3.4 Signage: All interior signage must be submitted to the Ocala Trophy Limited Partnership for approval.

4.0 Single Family Residential Lots – Landscape Plan Review Criteria

The following landscape criteria will be the responsibility of the individual home builder:

4.1 Site Plan

Scaled drawing which will include the following:

a. Location of proposed house, porches, pool, garage, driveway, mailbox, and fences with applicable setbacks. A current tree survey with the locations of existing trees must also be included with site plan.

b. Minimum setbacks as per City of Ocala and HeathBrook Single Family Architectural Standards.

c. Statement indicating ground floor elevations above existing natural grade. All units shall have one (1) 6" step above the existing grade.

4.2 Landscape Plans

Scale drawings shall include the following:

a. Location of existing trees, proposed house, porches, pool, garage, driveway, mailbox, and fences with agreeable setbacks.

b. Location of all proposed plantings with a listing of each plant type and size.

c. The individual homebuilder shall install one (1) 3 ½" caliper Live Oaks *(Quercus virginiana)* within the ROW at the corner of every other lot throughout the residential pod (referred to as "street Live Oak")

d. Landscape plans shall have the following minimum:

- One (1) shade tree (in addition to the street Live Oaks) with a 3 ½" caliper selected from approved plant list and meeting City of Ocala code requirements. Height and spread are per variety (see approved tree list). Three (3) palms with 10' c.t. used in a cluster may replace the required shade tree. Lots 80' and above shall require two (2) shade trees in addition to the street Live Oaks.
- Two (2) ornamental trees of a 30 gallon container size from the approved ornamental tree list (caliper, height, and spread per variety). Lots 80' and above shall require three (3) ornamental trees.
- Complete shrub coverage with 3-gallon shrubs selected from the approved shrub list. All elevations shall receive a continuous hedge with shrubs spaced 3' oc and a minimum of 24" from walls. All garages and carports (side opening) will be screened from adjacent property for the length of the side elevation with approved shrub/screening plants.
- Front elevations shall have an average depth of 8' with appropriate trees, shrubs and groundcovers to ensure a dimensional layering to transform from lawn area to house wall. (See approved ground cover and other plant material list). Lots

80' and above shall require front elevations to have an average landscape depth of 12'.

Effort should be made to provide both textured and color variations within the plantings to provide contrast and interests to the home landscape.

- All sod shall be St. Augustine 'Floratam' or 'Bitter Blue' for shady locations.
- Mulch shall be pine bark "mini-nuggets" only with a depth of 2-3". Large natural areas (if they occur) may use pine straw at a depth of 5-6".
- The lawn and landscape maintenance will adhere to the guidelines set forth in the *Florida Yards and Neighborhoods.*
- Outdoor lighting should be specified and located on all landscape plans and subject to approval by the Architectural Review Board (ARB).
- 100% of the property, including ROW, shall be irrigated with a fully automatic irrigation system with 100% coverage.
- Location and type of all fences, including the height, style, and material, will be submitted for review. There will be no chain link fence of any kind.
- Mailbox selections must be submitted to the Ocala Trophy Limited Partnership for approval.

PUD Covenants and Restrictions for Single Family Development

1.0 Pod Entrance

The entrance to a Single Family pod shall be constructed in the same character and materials as set forth in the landscape plans for Tartan Road and will include:

1.1 Walls: Two (2) curved entry walls of the style and materials detailed in Figure 3, Entrance Pod Walls). See also Figure 1.

1.2 Lighting:

- Street Lighting will be three (3) Hancock Series #308 Double-Armed Lights located in medians (See Figure 1).
- Each Entry Wall will be lit with two (2) 4' Raybar sign lights
- Each Washington Palm and Ligustrum tree will have one (1) Stonco L38BZ - Ground mounted 12" high (black or bronze)

1.3 Landscape:

- Clusters of 5 Washington Palms *(Washington robusta)* are to be located behind each Entrance Wall and each lighted with one (1) 12" high Stonco L38BZ ground mounted light (black or bronze).
- Two (2) Ligustrum trees (*Ligustrum lucidum*) will be located for each wall and each lighted with one (1) 12" high Stonco L38BZ ground mounted light (black or bronze).
- Shrubs and groundcovers will also be used to improve the visual character of the corner (See Figure 1 and 2).
- St. Augustine 'Floratam' will be used for all sodded areas.
- All landscaped areas are to be mulched with 2-3" of pine bark "mini-nuggets".
- A fully automatic irrigation system with 100% overlap of coverage shall also be installed for all landscaped areas.

1.4 Signage: Entry wall signage shall be in accordance with the character set forth along Tartan Road in the Entrance Plans by Land Design. See Figure 3 for style, materials, and dimensions.

All landscape and construction drawings will be submitted for Architectural Review prior to construction.

2.0 Community Road Frontage (i.e. Tartan Road)

2.1 Fencing: White Three-Board PVC Fencing shall be located along PUD boundary where "Community Road" frontage occurs. Columns shall be located every 150' within fencing. (See Figure 3)

Exhibit "G"

2.2 Landscape: No tree with a caliper of 6" or greater shall be removed without the approval of the Architectural Review Board as set forth by the Siemens Group.

The following plant material shall be included within a bermed 35' landscape buffer (See Figure 4):

- 3 ½" caliper Live Oaks (*Quercus virginiana*) shall be located every 60' along Tartan Road.
- Groups of five (5) 15-gallon Slash Pines (*Pinus elliottii)*
- Groups of three (3) 30-gallon Southern Magnolias D.D. Blanchard *(Magnolia grandiflora).*
- A single row of 3-gallon Wax Myrtles (*Myrica cerifera)* shall be located every 3'.
- St. Augustine 'Floratam' will be used for all sodded areas.
- All landscaped areas are to be mulched with 2-3" of pine bark mulch "mini-nuggets".
- A fully automatic irrigation system with 100% overlap of coverage shall also be installed.

3.0 PUD Interior

3.1 Common Areas: Common areas are to compose at least 25% of the PUD acreage. These areas can include landscape buffers, storm water retention, and open park space.

3.2 Lighting:

- Hancock Series #308, Single Arm shall be located every 150' within Right-of-way (ROW) at lot line intersections.
- Where parking exists for the PUD amenities, one (1) Hancock #308 light shall occur for every ten (10) parking spaces.
- All walkways and paths within the common areas and amenities shall include one (1) Adjusta-post 5GL mounted on a 12" riser (bronze) every 25'.

3.3 Landscape: No tree with a caliper of 6" or greater shall be removed without the approval of the Architectural Review Board.

- 3½" caliper Live Oaks *(Quercus virginiana)* shall be located within the ROW at the corner of every other lot throughout the PUD.
- A 25' landscape buffer must be maintained around the entire perimeter of the PUD boundary. Boundaries adjacent to high-use lands and along roadways shall require a bermed 35' landscape buffer (See Figure 4).

3.4 Hardscape:

- A 5' concrete sidewalk shall be located within the ROW on at least one side of interior streets. These sidewalks shall connect with the trail and path system of the common areas.

- Mailboxes are to be one post per two lots. Style by Land Design Group (See Figure 6).

3.5 Signage:

- All project signage (i.e. *Clubhouse, Tennis Courts*, etc.) may be of the design and style of owner; however, approval must be obtained from the Architectural Review Board.
- All street signage will conform to the style and materials set forth by Land Design Group.
  See Figure 5.

4.0 Single Family Residential Lots – Landscape Plan Review Criteria

4.1 Site Plan

Scaled drawing which will include the following:

a. Location of proposed house, porches, pool, garage, driveway, mailbox, and fences with applicable setbacks.
b. Minimum setbacks as per City of Ocala and HeathBrook codes.
c. Statement indicating ground floor elevations above existing natural grade. All units will be set 12" above existing grade with two (2) 6" steps. No at grade front porch or entry.

4.2 Landscape Plans

Scale drawings should include the following:

a. Location of proposed house, porches, pool, garage, driveway, mailbox, and fences with applicable setbacks.
b. Location of all proposed plantings with a listing of each plant type and size.
c. Landscape plans shall have the following minimum:
   - Three (3) shade trees (not including street Live Oaks) with a 3 ½" caliper selected from approved plant list and meeting City of Ocala code requirements. Height and spread are per variety (see approved tree list). Three (3) palms with 10' c.t. used in a cluster may replace two of the required shade trees.
   - Four (4) ornamental trees of a 30 gallon container size from the approved ornamental tree list (caliper, height, and spread per variety)
   - Complete shrub coverage with 3-gallon shrubs selected from the approved shrub list. All elevations shall receive a continuous hedge with shrubs spaced 3' oc and a minimum of 24" from walls. All garages and carports (side opening) will be screened from adjacent property for the length of the side elevation with approved shrub/screening plants.
   - Front elevations shall have an average depth of 12' with appropriate trees, shrubs and groundcovers to ensure a dimensional layering to transform from lawn area to house wall. (See approved ground cover and other plant material list)

Rx
nt: Existing Heath Brook Landscape and Architectural Guidelines (RES-2012-35 : Substantial

HEATH BROOK MASTER
Residential Architectural Standards

1.0 Minimum dwelling square footage requirements:

Minimum dwelling square footage shall be 1400 square feet on 50 to 54 foot wide lots.
Minimum dwelling square footage shall be 1500 square feet on 55 to 64 foot wide lots.
Minimum dwelling square footage shall be 1600 square feet on 65 to 79 foot wide lots.
Minimum dwelling square footage shall be 2000 square feet on 80 to 89 foot wide lots.
Minimum dwelling square footage shall be 2000 square feet on 90 to 99 foot wide lots.
Minimum dwelling square footage shall be 2500 square feet on 100 to 120 foot wide lots.

Minimum square footage must be heated and cooled.

2.0 Yard set backs:

Side Yard Setbacks:
50 to 69-foot wide lots are to have a 5-foot side yard set back minimum.
70 to 79-foot wide lots are to have a 5 foot side yard set back minimum.
80 to 89-foot wide lots are to have a 7 foot side yard set back minimum.
90 to 99-foot wide lots are to have a 7 foot foot side yard set back minimum.
100 foot wide lots and greater are to have a 10 foot side yard set back minimum.

Front yard Setbacks:
50 to 69-foot wide lots are to have a 20-foot front yard set back minimum.
70 to 79-foot wide lots are to have a 20foot front yard set back minimum.
80 to 89-foot wide lots are to have a 25 foot front yard set back minimum.
90 to 99-foot wide lots are to have a 25 foot front side yard set back minimum.
100 foot wide lots and greater are to have a 30 foot side yard set back minimum.

Rear Yard Setback:
50 to 69-foot wide lots are to have a 10-foot rear year set back minimum.
70 to 79-foot wide lots are to have a 10 foot rear yard setback minimum.
80 to 89-foot wide lots are to have a 15 foot rear yard setback minimum.
90 to 99-foot wide lots are to have a 15 foot rear yard setback minimum
100 foot wide lots and greater are to have a 20 foot rear yard setback minimum

Driveway Setback:
50 to 69-foot wide lots driveway setback shall be a minimum of 3 feet.
70 to 79-foot wide lots shall have a driveway setback of a minimum of 5 feet.
80 to 89-foot wide lots shall have a driveway setback of a minimum of 5 feet.
90 to 99-foot wide lots shall have a driveway setback of a minimum of 7 feet.
100 foot wide lots and greater shall have a driveway setback of a minimum of 10 feet.

3.0 Foundations: Exposed rough masonry foundations shall be faced with stone, brick or stucco.

4.0 Windows: All elevations must have windows. Windows are encouraged to be vertically oriented with Height 11/2 times the width or more except at the side elevations. Windows other than wood must be anodized or electrostatically painted.

4.e.g

Rx ... DEC 17 2004(FRI) 14:22
t: Existing Heath Brook Landscape and Architectural Guidelines (RES-2012-35 : Substantial

5.0 Exterior Walls: Vertical transitions of dissimilar materials shall be made at an inside joint. Non-masonry materials shall terminate on a base of concrete or stucco. All colors must be in contractor submittal package and approved by the DRB. Earth tones and pastels are encouraged in keeping with the overall development.

6.0 Ceiling Heights: Minimum ceiling height is eight feet with vaulted ceilings. Minimum ceiling height shall be eight feet eight inches for flat ceilings.

7.0 Roof Pitch and Roofing Types: The minimum roof pitch is 6:12. Roofs shall be tile or 30+ year architectural or dimensional textured fiberglass shingles. There shall be no flat roofs; maximum roof height is 35 feet measured from finished ground floor to mean height between ridge and soffit.

8.0 Garage: Each dwelling shall have an attached or detached garage designed for a minimum of two automobiles.

9.0 Driveways: Driveways shall be a minimum of 16 feet wide and 20 feet deep at the entrance of the garage. Driveways shall be of stable and permanent materials: concrete, cast pavers brick or stone. Minimum car drive way shall be 12 feet asphalt. Loose stone or asphalt driveways are not permitted.

10.0 Accessory Structures: No structure of a temporary character, storage shed, trailer, tent, mobile home or recreational vehicle shall be permitted on any Lots within the Properties at any time or used at any time as a residence, either temporarily or permanently, except by the Declarant, its affiliates, Declarant's Permittees on Participating Builders during construction. Permanent Accessory Structures shall be permitted in front or side yards, or in setbacks. Permanent Accessory Structures must be used for human habitation and therefore be under air. Plans shall be submitted to the ARB for approval prior to construction. Permanent Accessory Structures not attached to the house must mimic the style of the house and comply with setback restrictions.

11.0 Signs. No sign of any kind shall be displayed to the public view on any Lot or Common Areas, except as authorized by Declarant or DRB (in locations and in accordance with applicable design standards). Declarant may authorize Declarant, its affiliates, Declarant's Permittees or Participating Builders to place signs on the Properties for advertising purposes during the construction and sales period. No sign of any kind which shall be visible outside the Unit shall be permitted to be placed inside a Unit or on the outside walls of such Unit, or on any fences on the Properties, nor on the Common Areas, nor on dedicated areas, nor on entryways or any vehicles within the Properties, except such as are authorized by Declarant or DRB.

12.0 Pets, Livestock and Poultry. Each Unit Owner or Occupancy (regardless of the number of joint owners or occupants) may maintain not more than two (2) household pets in his Unit, provided that the pets are not kept, bred or maintained for any commercial purpose and do not become a nuisance or annoyance to other Owners. No reptiles, wildlife, livestock or poultry of any kind shall be kept on any Lot or any Common Area. All pets (including cats) must be kept on a leash of a length that affords reasonable control over the pet at all times when outside the Unit. No household pets shall be permitted to leave excretions on any Common Areas, except areas designated by the association, and Owners shall be responsible to clean-up any such improper excretions. For purposes hereof, "household pets" means dogs, cats and other animals expressly permitted by the Association, if any. Nothing contained herein shall prohibit the keeping of fish or domestic (household type) birds, as long as the latter are kept indoors and do not become a source of annoyance to neighbors. Pets shall also be subject to all applicable rules.

13.0 Commercial Trucks, Trailers, Campers and Boats. No motorcycle, boat, trailer, camper, travel trailer, recreational vehicle, mobile home, or other powered or non-powered vehicle, other than private passenger vehicle, shall be parked or maintained on any lot or public right-of-way, except in an enclosed garage. No commercial vehicle of any kind shall be permitted on any lot except vehicles owned by the lot owner not exceeding three-quarter tons and must be parked in an enclosed garage; and except vendors providing temporary services to the lot owner. All private passenger vehicles shall be parked within an enclosed garage, unless all spaces for private passenger vehicles, of which there must be two pursuant to Architectural Guidelines, are occupied by a private passenger vehicle, commercial vehicle, recreational vehicle, camper, trailer, or boat. All vehicles parked within the driveway must be in good condition, and

Rx P. [illegible] DEC 13 2004/FRI 14:22
nt: Existing Heath Brook Landscape and Architectural Guidelines (RES-2012-35 : Substantial
[illegible] 2004 [illegible]

any vehicle, which is unlicensed or cannot operate on its own power, shall not remain in the driveway for more than 24 hours. No major repair of any vehicle shall be made on the lot. Overnight on street parking is prohibited. Restrictions if any, on commercial trucks, trailers, campers and boats (particularly as to the parking or storage thereof) shall be imposed and enforced by the Association; provided, however, that no commercial trucks, trailers, campers or boats shall be parked or stored within the Common Areas if the Association prohibits such parking or storage by regulation or otherwise.

Subject to applicable laws and ordinances, any vehicle parked in violation of these or other restrictions contained herein or in the rules and regulations now or hereafter adopted may be towed by the Association at the sole expense of the owner of such vehicle if such vehicle remains in violation for a period of 24 hours from the time a notice of violation is placed on the vehicle. The Association shall not be liable to the Owner of such vehicle for trespass, conversion or otherwise, nor guilty of any criminal act, by reason of such towing and once the notice is posted, neither its removal, nor failure of the owner to receive it for any other reason, shall be grounds for relief of any kind. For purposes of this paragraph, "vehicle" shall also mean campers, mobile homes and trailers. An affidavit of the person posting the aforesaid notice stating that it was properly posted shall be conclusive evidence of proper posting.

14.0 Garbage and Trash Disposal. No garbage, refuse, trash or rubbish shall be deposited except as permitted by the Association. The requirements from time to time of the applicable governmental authority, trash collection company or the Association (which may, but shall not be required to, provide solid waste removal services) for disposal or collection of waste shall be complied with. All equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition. All solid waste containers shall comply with the standards adopted by the Association (or the DRB) for such containers (the latter to control over the former in the event of conflict). Garbage containers shall be kept inside garage except for the day of garbage collection.

15.0 Exterior Antennas, Etc. No Owner shall install any exterior antenna satellite dishes or similar equipment on any Lot, or the Common Areas or Improvement thereon, unless such antennae, satellite dishes and similar equipment are approved by the DRB conform to the conditions and requirements imposed by the DRB. No radio or short-wave operations of any kind shall be permitted to operate on any Common Areas or any Unit. The Declarant may erect an antenna, a master antenna, or a cable television antenna for the use of all the Owners, and Declarant grants and hereby reserves easements for such purposes as more particularly set forth in Article 11. Notwithstanding the foregoing, to facilitate compliance with the Telecommunications Act of 1996, the following provisions apply to installation of DBS, MDS, ITFS, and LMDC dishes less than one (1) meter in diameter, and TVBS antennas:

15.1 No payment of any fee shall be required as a condition of installation.

15.2 All installations shall be integrated into dwelling design and shall be a maximum of 24" in diameter. All wiring shall be in conduit and painted to match dwelling. Antennas and must be placed on the Lot in a location which is not visible from any street.

15.3 The Owner must take reasonable measures to screen the installation. "Reasonable" means an Installation that is consistent with the overall landscape standards of Heath Brook Hills.

16.0 Trees, Shrubs and Artificial Vegetation all plantings shall be from the DRB approved plant list. No tree or shrub, the trunk of which exceeds six (6) inches in diameter, may be cut down, destroyed or removed from any Lot or Common Areas without the prior approval of the DRB. All Lots shall, upon completion of a Dwelling Unit and prior to any person occupying the Dwelling Unit, be fully landscaped, grassed and irrigated with 100% coverage in accordance with plans submitted to, and approved by the DRB. The entire yard shall be sodded with grass approved by the DRB. The Owner shall maintain all shrubbery; grass, trees and other landscaping installed on their Lot in a neat, clean, orderly and healthy condition. Decorative rock yards, paved yards, or yards in which the principal ground cover is other than grass are specifically prohibited. No artificial grass shrubbery, trees, or other artificial vegetation or landscaping, or potted shrubbery, trees, vegetation or sculptural landscape décor shall be permitted outside the Dwelling unit except that live shrubbery, trees or other vegetation in uniformly designed and attractive pots may be displayed on porches, patios, or at the entrance areas of a Dwelling Unit.

Pac

17.0 Swimming pools: Pool decking shall conform to pool industry standards. Pools and spas shall be built in ground and integrated with the house. Pool screen shall follow the form of the dwelling not extend higher than the dwellings roof and shall not be visible from the street. Pool equipment shall be screened by a wall or planting from neighbors and street. Pool equipments shall be located in rear or side yards only. Rear pool edge shall be a minimum of 4 feet from the rear property line for lots from 50 to 89 feet wide and a 10 foot set back for lots 90 feet wide and greater. Pools shall remain in rear yard setback except in courtyard plans.

18.0 Air Conditioning Units: Air Conditioning units shall be located in side or rear yards of lot. No air conditioning units shall be located in front yards. All units shall be screened from view of neighbors and streets with a wall or plantings. Compressors located in side yards must meet a SPL rating of 85 decibel or less.

19.0 Exterior Lighting. All exterior lighting shall be designed so as to not disturb neighbors. All exterior lighting shall be subject to prior approval by the DRB.

20.0 Games and Play Structures. -All game or play structures shall be located at the rear of the Lot and 10 feet from any property line(s)or on the inside portion of corner Lots within the setback lines. All game and play structures shall be screened from view from any street. No platform, doghouse, playhouse, game or play structures of a similar kind or nature shall be constructed on any part of the Lot located in front of the rear (wall) line of any Unit(s) constructed on the Lot, and any such structure must have the prior approval of the DRB.

21.0 Fences and Walls. The composition, location, color and height of any fence or wall to be constructed on any Lot are subject to the approval of the DRB. The DRB shall, among other things, require that the composition of any fence or wall be consistent with the material used in the surrounding buildings, be harmonious with the style of the house and other fences, if any. All fences shall be constructed of permanent material with a painted finish. Fences shall be a maximum of six feet high along rear and side yards and not extend past a line extending from the front of the dwelling, except in courtyard houses. No chain link or wood fences shall be permitted on any Lot or portion thereof, unless installed by Declarant, its affiliates, Declarant's Permittees or Participating Builders during construction periods or as otherwise approved by Declarant or the DRB.

22.0 Mailbox and Paper box: Shall be project type and style as selected by DRB.

23.0 Flagpoles: Flagpoles shall be attached to the house. Only U.S. flags shall be displayed no other flags will be allowed.

24.0 Solar Collectors: Collectors shall be integrated into the roof design on rear of roof. Color and form of collectors shall harmonize with roofing. No storage tanks shall be permitted on roof. Equipment located on ground shall be located in rear or side yard and screened from street and neighbors with walls or planting. Equipment is not permitted in front yard.

25.0 Tanks: Tanks shall be underground or in side or rear yards screened from street and neighbors by walls or plantings. Tanks are not permitted in front yards.

26.0 Utilities Connections. Permanent building connections for all utilities installed after the date hereof, including but not limited to, water, electricity, telephone and television, shall be run underground from the proper connecting points to the structure in such a manner to be acceptable to the governing utility authority. The foregoing shall not apply, however, to transmission lines, transformers and other equipment installed by public utility companies. Above ground transformers shall be landscaped along with adjacent residence and screened from view.

27.0 Off-Street Motor Vehicles. No motorized vehicle may be operated off of paved roadways and drives except as specifically approved in writing by the Association for the purpose of maintenance, construction or similar purposes and except as operated by the Association or its contractors, subcontractors or

Department: Aviation

FORMAL TITLE:
Estoppel certificate for Gabriels Winghouse, LLC ground lease

OCALA'S RELEVANT STRATEGIC GOALS:
Quality of Place, Operational Excellence

PROOF OF PUBLICATION:
N/A

BACKGROUND:
On November 15, 2016, the City Council approved a ground lease with Gabriels Winghouse, LLC at the Ocala International Airport, which was subsequently amended in 2017 and 2021. The tenant has requested that the City execute an estoppel certificate regarding the lease's financing and title matters.

FINDINGS AND CONCLUSIONS:
The estoppel certificate confirms that the lease and its amendments remain in full force and effect, that rent is current, and that the City is not aware of any defaults, claims, liens, or offsets under the lease.

Execution of the estoppel certificate does not modify the terms of the lease or create any additional obligations for the City.

Staff recommends approval.

FISCAL IMPACT:
None.

PROCUREMENT REVIEW:

CITY OF OCALA, FLORIDA

ESTOPPEL CERTIFICATE

THIS ESTOPPEL CERTIFICATE is given this 7th day of July 2026 by the CITY OF OCALA, FLORIDA, a Florida municipal corporation, whose address is 110 S.E. Watula Avenue, Ocala, Florida 34471, and in conjunction herewith the CITY OF OCALA, FLORIDA certifies as follows:

Lease Agreement(s):

• GROUND LEASE AT AIRPORT Agreement dated November 15, 2016 between the City of Ocala, Florida, a Florida municipal corporation (Landlord), and Gabriels Wing House, LLC, a Florida limited liability company (Tenant); together with

• Amendment Number 1 to GROUND LEASE AT AIRPORT Agreement dated April 26, 2017 for the premises as defined therein (aforesaid November 15, 2016 lease agreement), located at the Ocala International Airport; together with

• Amendment Number 2 to GROUND LEASE AT AIRPORT Agreement dated January 1, 2021 for the premises as defined therein (aforesaid April 26, 2017 lease amendment no. 1), located at the Ocala International Airport.

THE UNDERSIGNED, as Lessor (Landlord) with regard to the aforementioned lease agreement(s), hereby certifies to Kelli D. Larsen, as Title Agent for Boss Law, as Title Underwriter; and to TRUIST BANK, as the Administrative Agent, Lender and Mortgagee on that certain first leasehold mortgage on the lease as may be amended, as follows:

1. The aforementioned lease agreement(s) remain in full force and effect;

2. There has been no default in the payment of rent under said lease agreement(s);

3. There are no defaults under any other terms, covenants or conditions of said lease agreement(s);

4. There are no charges which the Lessor (Landlord) claims to be additional liens upon the leasehold estate; and

5. There are no defenses, claims against the Lessee (Tenant) or offsets which are presently known to the Lessor (Landlord) in respect to the aforementioned lease agreement(s).

Department: Recreation and Parks

FORMAL TITLE:
Removal of Recreation Commission member Reinaldo Mercado

OCALA'S RELEVANT STRATEGIC GOALS:
Operational Excellence, Quality of Place

PROOF OF PUBLICATION:
N/A

BACKGROUND:

Mr. Reinaldo Mercado was appointed to the Recreation Commission in May 2024. Since his appointment, Mr. Mercado has consistently failed to attend scheduled Commission meetings and has not responded to communications from City staff.

Commission members are expected to participate regularly and engage in Commission activities to ensure full representation and effective operation. Despite multiple attempts by staff to encourage participation, Mr. Mercado has not fulfilled these responsibilities. His continued absence has limited the Commission's ability to conduct business with the full benefit of its appointed membership.

Approval of this item will leave the remainder of the March 1, 2024, to March 1, 2028, term vacant. There are three applications for Council's consideration in a later agenda item for appointment to two vacancies, including this newly created vacancy.

FINDINGS AND CONCLUSIONS:
To maintain the effectiveness of the Recreation Commission, staff recommends that Mr. Mercado's appointment be vacated and that the position be opened for a new appointment.

FORMAL TITLE:
Appointment of Charles Hannah to the Municipal Code Enforcement Board as an alternate

OCALA'S RELEVANT STRATEGIC GOALS:
Operational Excellence, Quality of Place

PROOF OF PUBLICATION:
N/A

BACKGROUND:
The Code Enforcement Division enforces codes governing zoning, nuisance abatement, contracting and permitting requirements of the City of Ocala and the State of Florida, occupational licenses, sign codes, alcohol location permits, and other local ordinances and state statutes. The Municipal Code Enforcement Board hears cases relating to code violations.

The Municipal Code Enforcement Board currently has two vacancies for alternates. They serve on the board as voting members in the event of a board member's absence to ensure a quorum. Mr. Charles Hannah has submitted his application for consideration for this position, which comes with no term expiration.

3. Public Notice

4. Proclamations and Awards

5. Presentations

5a. Presentation of the Mayor's Citizen Recognition Award to Eddie Leedy

Mayor Marciano presented the Mayor's citizen award to Eddy Leedy for his outstanding work to the community.

5b. 2026 Citizens Academy Graduation

Information Officer Greg Davis introduced and presented certificates to Citizens Acadmy graduates.

City Manager Lee introduced the Future Leader intern group. Staff Development and Training Administrator Alex Schnortz explained this group was selected from 110 applicants, and they will be spending the next six weeks as interns in departments across the City for practical work experience.

Council Member Dreyer said she briefly met some of the interns earlier and found them very impressive. She believes they represent a bright future, praised their commitment to showing up during their free time, and wished them all good luck.

5c. Presentation of America 250 flag from Ocala Main Street to City of Ocala for display

during the 250th anniversary celebration of the signing of the Declaration of Independence.

Sarah Lambert, Executive Director of Ocala Main Street, presented the City with an America 250 flag as a gesture of partnership and announced a week of historical programming and events leading up to a July 3rd picnic in the park.

5d. Upward Communities Keeping Ocala's Workforce Close to Home

Jason Roberts, founder of Upward Communities, explained that his company partners with public entities to privately fund and build high-quality single-family home communities for essential workers. He described their model as fully privately financed with no tax increases, aimed at helping staff afford to live where they work. He asked the City for permission to begin a formal investigative process to see whether Ocala's workforce has a need for this type of housing solution.

Council Member Dreyer spoke positively on exploring the project. City Manager Lee explained staff is willing to poll City employees.

Council Member Hilty commented on having available property approved.

Council Member Musleh agreed to possibly partnering with MCPS.

6. Consent Agenda

Consent Agenda items are considered to be routine and will be enacted by one roll call vote. There will be no separate discussion of these items unless members of Council or the public request specific items to be removed for separate discussion and action.

RESULT: APPROVED THE CONSENT AGENDA

MOVER: James P. Hilty Sr

7. Consent Agenda Items Held for Discussion

Should any items be removed from the Consent Agenda for discussion, they will be discussed at this time.

8. Introduction and First Readings of Ordinances

(Second and Final Reading - July 7, 2026)

8a. Ordinance 2026-19 to rezone from O-1, Office District, to B-2A, Limited Business Commercial District, for property located at 619 SE 17th Street (Parcel 2917-002-000), approximately 2.04 acres (Case ZON26-0002) (Quasi-Judicial)

Introduced By: James P. Hilty Sr

9. Public Hearings / Second and Final Readings / Adoption of Ordinances

9a. Resolution 2026-41 to abrogate the segment of SW 25th Street between blocks 91 and 111, as shown on the West End Ocala Plat, Plat Book A, Page 78, of the public records of Marion County, Florida. (Parcel 22714-111-03), approximately 0.179 acres. (Case ABR26-0001) (Quasi-Judicial).

Endira Madraveren explained that Legacy View Church is requesting to close and absorb a segment of SW 25th Street that was only recently discovered during survey work. Earlier approvals for the church's site plan and parking remain valid but depend on this street abrogation. Planning and Zoning unanimously recommended approval, and staff also supports it.

There being no further discussion the motion carried by roll call vote.

RESULT: ADOPTED

10b. Purchase of Laser Shot Judgment Training System in the amount of $160,610

Presentation By: Joshua Sasso

Joshua Sasso explained that the Police Department is adopting a new multi-screen, interactive training system that lets instructors escalate or de-escalate scenarios and allows officers to practice with their actual weapons and realistic nighttime conditions.

Mayor Marciano commented he is in support of this item.

Council Pro Tem Musleh asked how this differs from the training he went through a couple of years earlier. Police Chief Balken clarified that this system replaces the old, outdated VR headset setup. He noted the new system uses live-action scenarios, far more realism, and better supports de-escalation training.

RESULT: APPROVED

11. Internal Auditor's Report

12. City Manager's Report

- **2026/2027 Strategic Planning Session Draft Executive Summary**

13. Ocala Police Department Report

Chief Balken reported that officers continue to handle substantial mental-health and substance-abuse-related calls, noting 382 Baker Act and Marchman Act cases in the first five months of the year-a 14 percent increase and on track to match last year's totals. Over the past

two-week period, the department responded to about 7,200 incidents, with 65 percent being proactive efforts; 310 were criminal cases resulting in 248 arrests. Officers conducted 937 traffic stops and investigated 141 crashes, a slight decrease. Detectives made several significant arrests, including a suspect attempting to meet a minor and another with multiple warrants, an altered firearm, and drugs. Several major cases also concluded in court, with three individuals receiving a combined 25 years for charges including DUI manslaughter and drug trafficking. Additionally, a joint traffic operation with the sheriff's office produced over 100 stops, four citations, and 11 arrests.

14. Ocala Fire Rescue Department Report

Chief Welborn reported that during the two-week period, the department responded to 998 calls, bringing the yearly total to 12,400. Rescue 1 handled the most calls at 171, and Engine 4 led on the engine side. Crews responded to 83 motor vehicle accidents and a total of 149 across the city, along with two structure fires and 22 community paramedic or court-related calls. He also highlighted the hiring of two new firefighter-EMTs and noted that on June 27th, personnel will join Marion County first responders for a PTSD Awareness Walk at the McPherson Complex.

15. City Attorney's Report

16. Public Comments

Ellie Burrage 1315 SE Silver Springs Place Apt 12. discuss the American system of economics as advocated by Promethean Action and make it relevant to City business

Ellie Burrage, 1315 SE Silver Springs Place, Apt. 12, spoke about Promethian Action and restoring the American economic system

Ellie Burrage discussed Promethean Action, a political movement advocating a return to Alexander Hamilton's "American System" of economics, emphasizing domestic manufacturing, infrastructure investment, and government-industry partnership. She argued that the decline of U.S. manufacturing stems from abandoning this model and encouraged local leaders to strengthen Ocala's infrastructure, support key industries, expand workforce training, and prioritize economic development. She closed by urging officials and citizens to learn more about the movement through its online videos and thanked the council for their service.

- Tuesday, August 18, 2026 - City Council meeting - 4:00pm - Council Chambers
- Tuesday, August 25, 2026 - TPO Meeting - 3:00pm - Marion County Board of County Commissions Auditorium

17a. Monthly budget-to-actual report and Capital Improvement Project status report as of April 30, 2026

17b. Fire Assessment update and request to establish a date for the public hearing

CFO Janice Mitchell explained that, due to ongoing union negotiations, the city will move forward this year with only the fire assessment tax roll update rather than a full study, which will be completed next year. She outlined the legally required September public hearing schedule and recommended holding a special meeting on Wednesday, September 9 at 5 p.m. to serve as both the fire assessment hearing and the first budget hearing. Council agreed to this preferred date.

17c. Fully Executed Contracts Under $50,000

18. Comments by Mayor

- **New turn lane at 7th and 32nd**

- **Acknowledgement of Marion County Sheriff Department's execution of a child predator sting**

Mayor Marciano praised recent law-enforcement efforts, highlighting a major sheriff's sting that caught 50 child predators and noting the city's own full-time focus that has resulted in 49 arrests since January. He stressed the importance of internet safety, urged parents to monitor their children's device use, and emphasized that the community is committed to removing these offenders from the streets.

19. Comments by City Council Members

- **Council Member Dreyer discussed her concerns about potential data centers in Ocala**

Council Member Dreyer asked staff to determine whether data centers are an allowable use under the city's comprehensive plan, identify where they could go, and explore the

possibility of a moratorium to avoid being caught off guard. City Manager Lee responded that staff will prepare a survey of how other jurisdictions are handling data centers and provide an outline of possible approaches.

Department: Finance

FORMAL TITLE:
Ordinance 2026-21 amending Chapter 43, Article V, Code of Ordinances, City of Ocala, Florida (Police Officers' Retirement System), to conform to the 2025-2028 Collective Bargaining Agreement Between the City of Ocala and the Fraternal Order of Police

---

OCALA'S RELEVANT STRATEGIC GOALS:
Fiscally Sustainable

PROOF OF PUBLICATION:
N/A

BACKGROUND:
The City of Ocala and the Florida State Fraternal Order of Police Lodge #129 successfully negotiated and executed a Collective Bargaining Agreement effective October 1, 2025, through September 30, 2028. As part of those negotiations, the parties agreed to several modifications to the Police Officers' Retirement System.
The negotiated pension changes were implemented administratively beginning October 1, 2025, consistent with the terms of the Collective Bargaining Agreement. However, several provisions require amendments to Chapter 43, Article V of the City Code to incorporate the agreed-upon changes into the governing ordinance formally.
The proposed ordinance amends the Police Officers' Retirement System to:

- Increase employee pension contributions from 8 percent to 9 percent of salary.
- Establish a 5 percent contribution requirement for members entering the Deferred Retirement Option Plan (DROP) on or after October 1, 2025.
- Create a cost-of-living adjustment (COLA) fund for eligible future retirees.
- Revise the allocation of Chapter 185 premium tax revenues.
- Modify supplemental benefit provisions.
- Establish revised DROP interest crediting provisions for members entering DROP on or after October 1, 2025.

• Provide transitional provisions for current members and retirees.

These amendments are intended to codify the pension provisions negotiated through collective bargaining and align the City Code with current retirement plan administration.

FINDINGS AND CONCLUSIONS:

The proposed ordinance brings Chapter 43, Article V of the City Code into conformity with the pension provisions negotiated and agreed upon in the current Collective Bargaining Agreement between the City and the Fraternal Order of Police.

Approval of the ordinance will formally codify the retirement benefit structure currently being administered and ensure consistency between the Collective Bargaining Agreement, retirement plan documents, and City Code. Staff recommends approval.

FISCAL IMPACT:

The fiscal impacts associated with these pension modifications were evaluated and incorporated during collective bargaining negotiations and actuarial review of the Police Officers' Retirement System.

The ordinance includes increases in employee contributions, revised Chapter 185 revenue allocations, the creation of a COLA fund, and modifications to DROP provisions. These changes are intended to support the long-term sustainability of the retirement system while providing future retirement benefits consistent with the negotiated agreement.

No additional budget amendment is required.

ORDINANCE 2026-21

AN ORDINANCE OF THE CITY OF OCALA, FLORIDA AMENDING AND REVISING CHAPTER 43, ARTICLE V, *CODE OF ORDINANCES, CITY OF OCALA, FLORIDA*, (POLICE OFFICERS' RETIREMENT SYSTEM), TO CONFORM TO THE 2025-2028 COLLECTIVE BARGAINING AGREEMENT BETWEEN THE CITY OF OCALA, FLORIDA AND THE FRATERNAL ORDER OF POLICE; AMENDING MEMBER CONTRIBUTION RATES; PROVIDING FOR DROP CONTRIBUTIONS; ESTABLISHING A COST OF LIVING ADJUSTMENT FUND; REVISING CHAPTER 185 REVENUE ALLOCATION; LIMITING SUPPLEMENTAIL BENEFITS; AMENDING DROP INTEREST PROVISIONS; PROVIDING TRANSITIONAL PROVISIONS; PROVIDING DIRECTION TO STAFF; PROVIDING DIRECTION TO THE CODIFIER; REPEALING INCONSISTENT AND/OR CONFLICTING PROVISONS; PROVIDING

FOR SEVERABILITY OF ORDINANCE PROVISIONS; PROVIDING FOR MODIFICATIONS ARISING FROM CONSIDERATION AT A PUBLIC HEARING; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Ocala, Florida, in accordance with its *Charter*, the *Code of Ordinances, City of Ocala, Florida* and Florida law, operates a paid, professional law enforcement agency called the Ocala Police Department; and

WHEREAS, the Florida State Fraternal Order of Police Lodge #129 (hereinafter referred to as "FOP, Lodge #129") provides representation and collective bargaining services to the men and women who serve the City of Ocala, Florida and its citizens as employees of the Ocala Police Department; and

WHEREAS, for many years, the City of Ocala, Florida and FOP, Lodge #129 have had a collective bargaining agreement which formally outlined the details of their relationship vis-à-vis the employment of police officers by the City of Ocala, Florida; and

WHEREAS, in or about mid-to late 2025, through a series of cooperative negotiations, the City of Ocala, Florida and the FOP, Lodge #129 agreed upon updated terms and conditions for their relationship which were reduced to writing and which became the *Collective Bargaining Agreement between the City of Ocala and Florida State Fraternal Order of Police Lodge #129 (October 1, 2025 through September 30, 2028)* (hereinafter referred to as the "CBA"); and

WHEREAS, included in the CBA were changes to the policies and procedures utilized by the City of Ocala, Florida for the operation and management of its police department; and

WHEREAS, it was the intent of both the City of Ocala, Florida and FOP, Lodge #129 that the aforementioned updates to their collective bargaining agreement be effective at the outset of the next fiscal year, October 1, 2025; and

WHEREAS, the City of Ocala, Florida implemented the aforementioned updates to the collective bargaining agreement effective on October 1, 2025; and

WHEREAS, the City Council of the City of Ocala, Florida now desires to amend Chapter 43, Article V, *Code of Ordinances, City of Ocala, Florida*, so as to bring said code provision into compliance with aforementioned updates which have been in effect since October 1, 2025, as agreed upon by the City of Ocala and the FOP, Lodge #129 in the CBA; and

WHEREAS, the City Council of the City of Ocala, Florida finds and determines that this ordinance and the amendment to Chapter 43, Article V, *Code of Ordinances, City of Ocala, Florida*, contained herein, is intended to and does protect the health, safety and welfare of the citizens of Ocala, Florida; and

WHEREAS, the City Council of the City of Ocala, Florida finds and determines that this ordinance and the amendment to Chapter 43, Article V, *Code of Ordinances, City of Ocala, Florida*, contained herein is in the best interest of the City of Ocala, Florida and its citizens; and

NOW THEREFORE, be it ordained, by the City Council of the City of Ocala, Florida, in regular session, as follows:

Section 1. Ratification, Adoption and Incorporation of Recitals.

The City Council of the City of Ocala, Florida ratifies the above-outlined recitals as true and correct; adopts and incorporates them herein as part and parcel of this ordinance.

Section 2. Purpose and Authority for Ordinance.

This ordinance is adopted for the purpose of amending and revising Chapter 43, Article V, *Code of Ordinances, City of Ocala, Florida*, so as to bring said code provision into conformity with the changes agreed to by the City of Ocala, Florida and the Florida State Fraternal Order of Police Lodge #129 and is adopted pursuant to the authority granted by Chapter 166, *Florida Statutes*; and other relevant provisions of Florida and federal law.

Section 3. Amendment of Chapter 43, Article V, *Code of Ordinances, City of Ocala, Florida*.

A. Section 43-115(a)(1), *Code of Ordinances, City of Ocala, Florida*, is hereby amended by replacement in its entirety with the following:

Each member of the system shall be required to make regular contributions to the fund in the amount of eight nine percent (9%) of his salary.

B. Section 43-115(a)(3), *Code of Ordinances, City of Ocala, Florida*, is hereby created and shall state as follows:

(3) *DROP Member Contributions.* Each member entering the Deferred Retirement Option Plan (DROP) on or after October 1, 2025, shall contribute five percent (5%) of salary to the Plan for the purpose of funding the COLA Fund established herein.

C. A new Section 43-115(e), *Code of Ordinances, City of Ocala, Florida*, is hereby created and shall state as follows:

(e) *Chapter 185 Allocation.* Beginning with Chapter 185 premium tax revenues received in calendar year 2026, the first Three Hundred Thousand Dollars ($300,000.00) received annually shall be applied to reduce the City's required contribution to the Plan. Fifty percent (50%) of Chapter 185 revenues received in excess of $300,000.00 shall be applied to the COLA Fund and fifty percent (50%) shall be applied to offset the City's required contribution.

D. Section 43-116(f), *Code of Ordinances, City of Ocala, Florida*, is hereby deleted in its entirety.

E. Section 43-116(g), *Code of Ordinances, City of Ocala, Florida*, is hereby amended by replacement in its entirety with the following:

(g) Limitation on Supplemental Benefits. Effective November 1, 2015, and consistent with collective bargaining agreements in effect thereafter, no supplemental benefit shall accrue for service performed after November 1, 2015, except as expressly provided in this Article. Nothing herein shall be construed to impair benefits vested prior to that date.

F. Section 43-116(h), *Code of Ordinances, City of Ocala, Florida*, is hereby deleted in its entirety.

G. A new Section 43-140, *Code of Ordinances, City of Ocala, Florida*, is hereby created and shall state as follows:

43-140. Cost of Living Adjustment (COLA) Fund.

(a) Establishment. Effective October 1, 2025, a Cost-of-Living Adjustment (COLA) Fund is established to provide a lifetime COLA benefit to eligible retirees.

(b) Funding Sources. The COLA Fund shall be funded by:

(1) Fifty percent (50%) of Chapter 185 revenues in excess of $300,000.00 beginning in calendar year 2026;

(2) Member contributions in excess of eight percent (8%) of salary;

(3) Five percent (5%) contributions made by DROP members; and

(4) Net investment return attributable to the Fund.

(c) Eligibility.

(1) COLA benefits shall be payable only to members who retire or separate from service on or after October 1, 2025;

(2) COLA benefits shall be payable only for the lifetime of the retiree;

(3) COLA benefits shall not be payable to survivors.

(d) Service Credit Calculation.

(1) A full year shall mean twelve (12) completed months;

(2) A month shall be deemed complete if the member is in service more than fifteen (15) days in a calendar month;

(3) In-line-of-duty deaths and in-line-of-duty disabilities shall be treated as having at least twenty-five (25) years of credited service for COLA purposes;

(4) Deferred vested members shall begin receiving COLA benefits at their early or normal retirement date, when benefits commence.

(e) Asset-Based Distribution. COLA benefits shall be payable only to the extent sufficient assets exist in the COLA Fund and no COLA benefit is guaranteed.

H. A new Section 43-141, *Code of Ordinances, City of Ocala, Florida*, is hereby created and shall state as follows:

43-141. DROP Interest Provisions.

(a) Members entering DROP on or after October 1, 2025, shall earn interest on their DROP balances at a rate equal to the market rate of return on pension fund investments for the preceding plan year, net of investment-related expenses, with a minimum of one percent (1%) and a maximum of three percent (3%).

(b) Members entering DROP prior to October 1, 2025, shall continue to receive interest in accordance with the provisions in effect at the time of entry.

Section 4. Direction to Staff.

The City Council of the City of Ocala, Florida directs staff to take any and all steps necessary to effectuate the adoption and implementation of this ordinance; and all other matters as provided for above and herein as well as to ensure the orderly and effective administration and implementation of the intent of this ordinance and the specific matters outlined herein.

Section 5. Direction to the Codifier.

It is the intention of the City Council of the City of Ocala, Florida that (1) this ordinance shall become and be made a part of the *Code of Ordinances, City of Ocala, Florida*, (2) the sections and paragraphs of this ordinance may be renumbered or relettered in order to accomplish said intention; (3) terms or headings not affecting the intent of this ordinance may be changed to further accomplish said intention; and (4) any scrivener's error(s) contained herein which do not affect the intent of this ordinance be corrected with the authorization of the City Manager or their designee and without the need for additional public hearings or consideration by the City Council.

Section 6. Repealing Inconsistent and/or Conflicting Provisions.

The City Council of the City of Ocala, Florida hereby specifically repeals, to the extent of any such conflict, any and all ordinances, resolutions, policies, procedures and/or other articles which are conflicting and/or inconsistent with this ordinance and the intent and direction provided by the City Council herein.

Section 7. Severability of Ordinance Provisions.

If any section, phrase, sentence or portion of this ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, it is the intent of the City Council of the City of Ocala, Florida that (1) such portion shall be deemed a separate, distinct and independent provision; (2) such holding shall not affect the validity of the remaining portions hereof; and (3) this ordinance be adopted as though any such provision was not included herein.

Section 8. Modifications Arising from Consideration at a Public Hearing.

It is the intention of the City Council of the City of Ocala, Florida that (1) the provisions of this ordinance may be modified as a result of its consideration by the City Council of matters that may arise during the public hearing(s) at which this ordinance is considered; and (2) any such modifications shall be incorporated into the final version of this ordinance.

Section 9. Effective Date of Ordinance.

This ordinance shall become effective immediately upon approval by the Mayor or becoming law without such approval.

The remainder of this page intentionally left blank.

PASSED AND ADOPTED, in a regular session with a quorum present and voting, by the City Council of the City of Ocala, Florida this ____ day of July 2026.

Submitted By: Michelle Taylor

Presentation By: Endira Madraveren

Department: Growth Management

FORMAL TITLE:
Resolution 2026-42 for the downtown event zone to allow alcoholic beverage sales (beer, wine, and liquor) as part of the Christmas-in-July event on July 25, 2026 (Quasi-Judicial)

OCALA'S RELEVANT STRATEGIC GOALS:
Economic Hub, Quality of Place

PROOF OF PUBLICATION:
N/A

BACKGROUND:
Southern Vine on Broadway, LLC, doing business as (DBA) Black Sheep on Broadway, has applied for a downtown event zone permit for on-premise licensed vendors located along SW Broadway Street between SW First Avenue and SW Second Avenue to be allowed to sell beer, wine, and liquor as part of the event from 2 to 8 p.m. The Christmas-in-July event will occur in the downtown event zone on Saturday, July 25, 2026. The following vendors will be participating:

- Black Sheep on Broadway
- District Bar & Kitchen

The following vendors will not be participating or are located outside of the downtown event zone:

- Sipping Grounds
- Symmetry Coffee Co.
- Say Taco
- Katya Vineyards
- Bank Street Patio Bar & Grille
- Big Hammock Brewery & Bites
- Brick City Southern Kitchen & Whisky Bar
- Harry's Seafood Bar & Grille
- Hilton Garden Inn Ocala Downtown

- Sushi Bistro of Ocala
- The Tipsy Skipper Ocala
- Mutiny Bar Ocala
- Ivy on the Square
- Marion Theater
- Agapanthus
- Baron's Creek Vineyards
- The Lodge Ocala
- O'Malley's Alley
- Downtown Billiards
- Cantina Tex Mex Tequila Bar
- Mark's Prime Steakhouse
- Marion Cultural Alliance at Brick City Center for the Arts
- Mellow Mushroom Ocala
- La Terrazza at 18 South

Southern Vine on Broadway, LLC, has provided a certificate of liability insuring the City of Ocala. The organization hosting the event is working with the Ocala Police Department and other City departments on the event layout, including street closures and any additional state licensing or permit requirements.

FINDINGS AND CONCLUSIONS:
Section 6-9 of the City's Code of Ordinances provides an exception to allow for possession and consumption of alcoholic beverages on streets, sidewalks, and public parking facilities, inside the downtown event zone during the event times. This shall include only alcohol sales by on-premises licensed vendors within the downtown event zone. *Section 6-9* states that such special events must be recognized and approved by a resolution approved by the City Council at a public hearing.

This proposed Christmas-in-July Downtown Event Zone would be the first event of 2026. Section 6-9(c)(4) provides for up to 12 annual permitted downtown events.

FISCAL IMPACT:
N/A

PROCUREMENT REVIEW:

RESOLUTION 2026-42

A RESOLUTION OF THE CITY OF OCALA, FLORIDA, PROVIDING FOR APPROVAL BY THE OCALA CITY COUNCIL FOR THE POSSESSION AND CONSUMPTION OF ALCOHOLIC BEVERAGES (BEER, WINE, AND LIQUOR) FOR A DOWNTOWN EVENT ZONE SPECIAL EVENT (CHRISTMAS IN JULY) ON SATURDAY, JULY 25, 2026. HELD IN DOWNTOWN OCALA

WHEREAS, Section 6-9 of the Code of Ordinances, City of Ocala, Florida, provides an exception to allow for the possession and consumption of alcoholic beverages on streets, sidewalks, and public parking facilities for special events in the downtown event zone; and

WHEREAS, Section 6-9 states that such special events must be recognized and approved by resolution of the City Council at a public hearing; and

WHEREAS, the Christmas in July event will take place in the approved downtown event zone on Saturday, July 26, 2026, closing SW Broadway St between SW 1st Ave and SW 2nd; and

WHEREAS, Southern Vine on Broadway, LLC, doing business as (DBA) Black Sheep on Broadway has provided a list, shown below, of all licensed vendors within the event zone who will be participating and who will not be participating; and

WHEREAS, Southern Vine on Broadway, LLC, DBA Black Sheep on Broadway, has provided a description of the types and colors of open containers used during this special event. They will provide clear disposable cups with a "Christmas in July" sticker featuring a palm tree and sunset; and

WHEREAS, the Southern Vine on Broadway, LLC, DBA Black Sheep on Broadway, is the first event in 2026, of 12 annual permitted downtown events allowed by Section 6-9(c)(4); and

WHEREAS, the Ocala Police Department has reviewed this request for alcoholic beverages and has determined that four officers will be on-site to provide security throughout the event.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF OCALA, FLORIDA, in regular session duly assembled as follows:

This resolution adopted this _____ day of _____, 2026.

Permit No. _____

INFORMATION REGARDING ALCOHOLIC BEVERAGE LOCATION PERMITS

When applying for a permit an applicant may seek more than one type of location permit for the same location, as described in the application form.

A location permit granted by the City maybe granted to an individual, group of individuals or any legal entity recognized by the State of Florida, but any such permit granted shall not be transferable to another party or to a location other than that described in the original application.

It is unlawful for anyone to sell alcoholic beverages within five (500) hundred feet of a church, school, or daycare facility.

Applicants requesting on-premise consumption outside an enclosed building shall submit an application for a public hearing. A site plan must be submitted with the application and shall be reviewed by the building, planning and fire departments. The notice for the public hearing shall conform to the requirements as indicated in Section 3-25, paragraph (c). At the public hearing, the city council shall consider this request as a separate issue and shall be guided by the criteria listed below:

(1) The size and location of the portion of property to be used for outside consumption;
(2) Ingress/egress to the outside area;
(3) The proximity of the outside area to schools, churches, public recreation areas, public buildings, and areas of public assembly, taking into consideration noise and light intrusion;
(4) The proximity of the outside area to established residential areas, taking into consideration noise and light intrusion;
(5) The proximity of the establishment to other establishments operating outside consumption;
(6) Hours of operation; and
(7) Screening and buffering.

Excessive or disturbing noise is a violation of Section 34-171 of the City's Code of Ordinances. The Ocala Police Department may terminate any event which is considered to be in violation of this code. A fine of $180 may be imposed for contravention of the noise regulation.

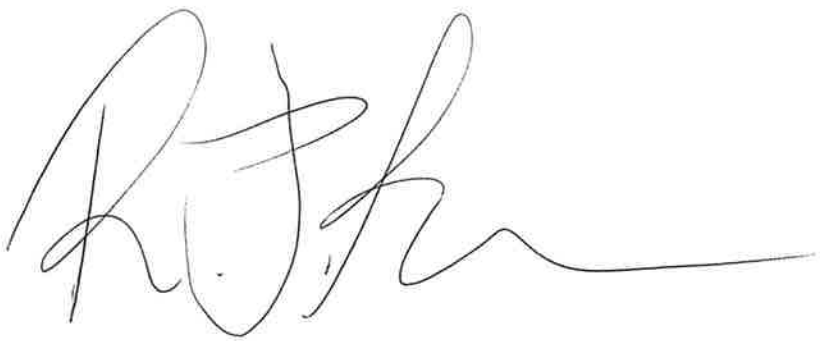
To Whom It May Concern,

The Marion County Literacy Council is pleased to acknowledge that we are the designated beneficiary of the Christmas in July Block Party scheduled for July 25, 2026, in downtown Ocala.



We are aware of and fully support this event and appreciate the efforts of the organizers to raise awareness and funds on behalf of the Marion County Literacy Council. We understand that a portion of the event proceeds will benefit our organization and help support our mission of providing literacy services and educational opportunities throughout Marion County.

We are grateful for the community partnership involved in making this event possible and look forward to its success.

Should you require any additional information, please do not hesitate to contact us.

Sincerely,

Robert Jenkins
Board President
Marion County Literacy Council

RE: Letter of Permission for Use of Valet Parking Area
Friday, June 12, 2026

To Whom It May Concern,

I, Don Gulling, owner/authorized representative of the property located adjacent to Broadway in Downtown Ocala (116 to 122 SW Broadway), hereby grant permission for the use of the valet parking area associated with my property for the Christmas in July Block Party scheduled for Saturday, July 25, 2026.

I understand that this event will require the temporary closure of a portion of Broadway and that the valet parking area may be utilized as part of the event operations, pedestrian flow, staging, or related activities as approved by the City of Ocala.

I have no objection to the temporary road closure or the use of my parking spaces for this event and support its operation as presented by the event organizers.

If additional information is needed, I can be contacted directly.

Sincerely,

Donald Gulling, Manager

File #: RES-2026-43 Agenda Item #: 9b.

Submitted By: Endira Madraveren

Presentation By: Endira Madraveren

Department: Growth Management

STAFF RECOMMENDATION (Motion Ready):
Resolution 2026-43 to abrogate portions of public rights-of-way appearing on the Lake Louise Estates Plat, Plat Book F, Page 114, and Lake Louise Manor Plat, Plat Book G, Page 58-61, of the public records of Marion County, Florida, approximately 7.21 acres. (Case ABR25-0008) (Quasi-Judicial)

OCALA'S RELEVANT STRATEGIC GOALS:
Quality of Place

PROOF OF PUBLICATION:
N/A

BACKGROUND:

- Petitioner/ Property Owner: Lake Louise, LLC
- Agent: John Rudnianyn

Key Points:
The applicant is requesting to abrogate portions of public rights-of-way appearing on the Lake Louise Estates Plat, Plat Book F, Page 114, and Lake Louise Manor Plat, Plat Book G, Page 58-61, of the public records of Marion County, Florida.

50-foot rights-of-way requesting abrogation include portions of:

- SW First Avenue (Idlewood Drive)
- SW Second Court (Shoreland Drive)
- SW 30th Street (St. Jude Terrace)
- Lakewood Drive
- Parcel 3
- St. Mary's Place
- SW 25th Lane (Sunset Boulevard)

Rights-of-way with varying widths include portions of:

- SW 26th Street (Sunset Boulevard)

Rights-of-way are described in greater detail in Exhibits A and B.

Zoning and Land Use Details:
Lake Louise Estates, Lake Louise Manor, and the First Addition Plats were originally platted for the development of single-family residential as well as public rights-of-way to service these homes. The single-family residential and public rights-of-way remain mostly undeveloped. Moving forward, the property owner must vacate plats and easements if future development differs from the current plat and right-of-way configuration.

In 2022, 88.73 acres were annexed into the City to provide municipal services to the property. Low-Intensity future land use and a Future Land Use Policy (FLUP) were adopted in May 2022. The FLUP governs density, buffers, access, and traffic, and mandates zoning for Planned Development (PD). The FLUP requires a maximum density of 1,146 dwelling units; any proposed business uses would require a density reduction. Also in 2022, a PD was approved, which is consistent with the future land use and FLUP.

Planning and Commission
The proposed abrogation was presented to the Planning and Zoning Commission on June 8, 2026. There were no public comments; however, one letter of objection (see attached agenda item) was presented to the Commission for their review. The Planning and Zoning Commission voted five to zero to recommend approval to the City Council.

FINDINGS AND CONCLUSIONS:

- There were no concerns or objections raised by City staff or any utility provider.
- The request is to abrogate portions of public rights-of-way appearing on the Lake Louise Estates Plat, Plat Book F, Page 114, and Lake Louise Manor Plat, Plat Book G, Page 58-61, of the public records of Marion County, Florida.
- One objection letter was received (see attached agenda item).

Staff recommends approval.

FISCAL IMPACT:
N/A

PROCUREMENT REVIEW:
N/A

LEGAL REVIEW:
The resolution is pending review by the City Attorney, William E. Sexton.

ALTERNATIVE:

- Approve with changes.
- Deny
- Table

RESOLUTION 2026-43

A RESOLUTION FOR THE ABROGATION AND VACATION OF PORTIONS OF PUBLIC RIGHTS-OF-WAY APPEARING ON THE LAKE LOUISE ESTATES PLAT, PLAT BOOK F, PAGE 114, AND LAKE LOUISE MANOR PLAT, PLAT BOOK G, PAGE 58-61, OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA.

WHEREAS, application has heretofore been made by LAKE LOUISE, LLC, a Florida limited liability company ("Applicant") has heretofore made an application for the abrogation of portions of rights- of- way (the "Abrogated Right-of-way") in Ocala, Marion County, Florida, as hereinafter more particularly described; and

WHEREAS, the City of Ocala is the owner of the right-of-way described above; and

WHEREAS, the applicant is seeking to abrogate the rights-of-way to allow for the development of their project; and

WHEREAS, the proposed abrogation was submitted to all appropriate utilities for consideration and no comments or objections were raised.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF OCALA, FLORIDA, in regular session as follows:

1. Portions of public rights-of-way appearing on the Lake Louise Estates Plat, Plat Book F, Page 114, and Lake Louise Manor Plat, Plat Book G, Page 58-61, of the public records of Marion County, Florida. being more particularly described as follows:

   S.W. 6TH AVENUE (MEMORY LANE) & S.W. 28TH STREET (SUNRISE DRIVE):

   THAT PORTION OF S.W. 6TH AVENUE AND S.W. 28TH STREET (PUBLIC RIGHTS-OF-WAY 50 FEET WIDE, FORMERLY KNOWN AS MEMORY LANE AND SUNRISE DRIVE, RESPECTIVELY, AND AS ESTABLISHED OF RECORD BY VIRTUE OF THE DEDICATION APPEARING ON LAKE LOUISE ESTATES, ACCORDING TO THE PLAT THEREOF AS RECORDED IN PLAT BOOK F, AT PAGE 114, OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA) AND LYING WITHIN THE FOLLOWING DESCRIBED PARCEL:

   PARCEL 1:

   PORTIONS OF LOTS 13 AND 14, BLOCK C, AND LOTS 1, 2, 3, 8, 9, 10, 11 AND 12, BLOCK D, AND A PORTION OF MEMORY LANE AND SUNRISE DRIVE (PUBLIC RIGHTS-OF-WAY 50 FEET WIDE), ALL OF LAKE LOUISE ESTATES, ACCORDING TO THE PLAT THEREOF, RECORDED IN PLAT BOOK F, PAGE 114 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

   COMMENCE AT THE N.W. CORNER OF LOT 7, BLOCK D OF SAID LAKE LOUISE ESTATES; THENCE ALONG THE NORTH BOUNDARY OF SAID LOT 7, S.89°36'30"E., A DISTANCE OF 200.35 FEET TO THE POINT OF BEGINNING. THENCE DEPARTING THE NORTH BOUNDARY OF SAID LOT 7, ALONG THE WEST BOUNDARY OF LOTS 8 AND 9, BLOCK D OF SAID LAKE LOUISE ESTATES, N.00°16'28"E., 524.90 FEET TO THE S.E. OF LOT 3, BLOCK D OF SAID LAKE LOUISE ESTATES; THENCE

DEPARTING SAID WEST BOUNDARY, ALONG THE SOUTH BOUNDARY OF SAID LOT 3, N.89° 35'33"W., A DISTANCE OF 200.13 FEET TO A POINT ON THE EAST RIGHT OF WAY LINE OF S.W. 7TH AVENUE, ALSO KNOWN AS LEMON AVENUE, BEING A RIGHT OF WAY WIDTH THAT VARIES; THENCE DEPARTING THE SOUTH BOUNDARY OF SAID LOT 3, ALONG SAID EAST RIGHT OF WAY LINE, N.00°20'22"E., A DISTANCE OF 585.27 FEET TO THE POINT OF CURVATURE OF A CURVE, CONCAVE SOUTHEASTERLY, HAVING A RADIUS OF 50.00 FEET, A CENTRAL ANGLE OF 89°01'09" AND A CHORD BEARING AND DISTANCE OF N.45°28'07"E., 70.10 FEET; THENCE NORTHEASTERLY ALONG SAID EAST RIGHT OF WAY LINE AND THE ARC OF SAID CURVE, A DISTANCE OF 77.68 FEET TO A POINT ON THE SOUTH RIGHT OF WAY LINE OF S.W. 26TH STREET, ALSO KNOWN AS SUNSET BOULEVARD, BEING A RIGHT OF WAY WIDTH THAT VARIES; THENCE DEPARTING SAID EAST RIGHT OF WAY LINE, ALONG SAID SOUTH RIGHT OF WAY LINE, S.89°50'59"E., A DISTANCE OF 299.86 FEET TO THE POINT OF CURVATURE OF A CURVE, CONCAVE SOUTHWESTERLY, HAVING A RADIUS OF 50.00 FEET, A CENTRAL ANGLE OF 90°18'28" AND A CHORD BEARING AND DISTANCE OF S.44°54'51"E., 70.90 FEET; THENCE SOUTHEASTERLY ALONG SAID SOUTH RIGHT OF WAY LINE AND THE ARC OF SAID CURVE, A DISTANCE OF 78.81 FEET TO A POINT ON THE WEST RIGHT OF WAY LINE OF S.W. 6TH AVENUE, ALSO KNOWN AS MEMORY LANE, BEING A FIFTY FOOT RIGHT OF WAY; THENCE DEPARTING SAID SOUTH RIGHT OF WAY LINE, ALONG SAID WEST RIGHT OF WAY LINE, S.00°18'25"W., A DISTANCE OF 926.72 FEET; THENCE DEPARTING SAID WEST RIGHT OF WAY LINE, S.77°28'22"E., A DISTANCE OF 86.21 FEET TO A POINT ON THE SOUTH RIGHT OF WAY LINE OF S.W. 28TH STREET, ALSO KNOWN AS SUNRISE DRIVE, BEING A FIFTY FOOT RIGHT OF WAY, SAID POINT ALSO BEING THE N.E. CORNER OF AFOREMENTIONED LOT 13, BLOCK C; THENCE DEPARTING SAID SOUTH RIGHT OF WAY LINE, ALONG THE EAST BOUNDARY OF SAID LOT 13, BLOCK C, S.37°17'29"E., A DISTANCE OF 200.37 FEET TO THE S.E. CORNER OF SAID LOT 13, BLOCK C; SAID POINT ALSO BEING ON A CURVE, CONCAVE SOUTHEASTERLY, HAVING A RADIUS OF 950.00 FEET, A CENTRAL ANGLE OF 00°44'59" AND A CHORD BEARING AND DISTANCE OF S.52°03'52"W., 12.43 FEET; THENCE DEPARTING SAID EAST BOUNDARY, ALONG SAID SOUTH BOUNDARY, SOUTHWESTERLY ALONG THE ARC OF SAID CURVE,, A DISTANCE OF 12.43 FEET; THENCE DEPARTING SAID SOUTH BOUNDARY, N.89°36'30"W., A DISTANCE OF 396.54 FEET TO THE POINT OF BEGINNING. SAID LANDS CONTAINING 8.80 ACRES, MORE OR LESS.

S.W. 26TH STREET (SUNSET BOULEVARD); S.W. 28TH STREET (SUNRISE DRIVE); ST. MARY'S PLACE, AND LAKEWOOD DRIVE, AND SIESTA DRIVE:

THAT PORTION OF S.W. 26TH STREET (A PUBLIC RIGHT-OF-WAY OF VARYING WIDTH BETWEEN 50 FEET AND 80 FEET, FORMERLY KNOWN AS SUNSET BOULEVARD); THAT PORTION OF S.W. 28TH STREET (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE, FORMERLY KNOWN AS SUNRISE DRIVE); THAT PORTION OF ST. MARY'S PLACE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE); THAT PORTION OF LAKEWOOD DRIVE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE), AND THAT PORTION OF SIESTA DRIVE (A PUBLIC RIGHT-OF-WAY 50 FET WIDE), ALL AS ESTABLISHED OF RECORD BY VIRTUE OF THE DEDICATION APPEARING ON LAKE LOUISE ESTATES, ACCORDING TO THE PLAT THEREOF AS RECORDED IN PLAT BOOK F, AT PAGE 114, OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA, AND LYING WITHIN PARCEL 3 AS DESCRIBED FURTHER BELOW, LESS AND EXCEPT ANY PORTION THEREOF THAT LIES WITHIN THE PORTION PREVIOUSLY VACATED BY VIRTUE OF RESOLUTION 2022-54, A COPY OF WHICH IS RECORDED IN OFFICIAL RECORDS BOOK 7894, AT PAGE 1627, OF SAID PUBLIC RECORDS:

S.W. 25TH LANE (SUNSET BOULEVARD) AND SIESTA DRIVE:

THAT PORTION OF S.W. 25TH LANE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE, FORMERLY KNOWN AS SUNSET BOULEVARD), AND THAT PORTION OF SIESTA DRIVE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE), ALL AS ESTABLISHED OF RECORD BY VIRTUE OF THE DEDICATION APPEARING ON LAKE LOUISE MANOR, ACCORDING TO THE PLAT THEREOF AS RECORDED IN PLAT BOOK G, AT PAGE 58, OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA, AND LYING WITHIN PARCEL 3 AS DESCRIBED FURTHER BELOW, LESS AND EXCEPT ANY PORTION THEREOF THAT LIES WITHIN THE PORTION PREVIOUSLY VACATED BY VIRTUE OF RESOLUTION 2022-54, A COPY OF WHICH IS RECORDED IN OFFICIAL RECORDS BOOK 7894, AT PAGE 1627, OF SAID PUBLIC RECORDS:

S.W. 2ND COURT (SHORELAND DRIVE) AND S.W. 1ST AVENUE (IDLEWOOD DRIVE):

THAT PORTION OF S.W. 2ND COURT (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE, FORMERLY KNOWN AS SHORELAND DRIVE) AND THAT PORTION OF S.W. 1ST AVENUE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE, FORMERLY KNOWN AS IDLEWOOD DRIVE), ALL AS ESTABLISHED OF RECORD BY VIRTUE OF THE DEDICATION APPEARING ON FIRST ADDITION TO LAKE LOUISE MANOR, ACCORDING TO THE PLAT THEREOF AS RECORDED IN PLAT BOOK G, AT PAGE 61, OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA, AND LYING WITHIN PARCEL 3 AS DESCRIBED FURTHER BELOW:

PARCEL 3:

A PORTION OF LOT 10, BLOCK A; PORTIONS OF LOTS 7 AND 8, BLOCK C; ALL OF LOTS 9 AND 10, BLOCK C; LOTS 1 THROUGH 9, BLOCK E; LOTS 1 THROUGH 9, BLOCK F; LOTS 7 THROUGH 14, BLOCK G; A PORTION OF SUNSET BOULEVARD (A PUBLIC RIGHT-OF-WAY OF VARYING WIDTH BETWEEN 50 FEET AND 80 FEET); A PORTION OF SUNRISE DRIVE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE); A PORTION OF SIESTA DRIVE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE); A PORTION OF ST. MARY'S PLACE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE), AND A PORTION OF LAKEWOOD DRIVE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE), ALL OF LAKE LOUISE ESTATES, ACCORDING TO THE PLAT THEREOF, RECORDED IN PLAT BOOK F, PAGE 114 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; AND LOTS 1 THROUGH 5, BLOCK A; LOTS 1 THROUGH 23, BLOCK B; PORTIONS OF LOTS 1 THROUGH 3 AND LOT 4, BLOCK C; A PORTION OF SUNSET BOULEVARD (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE), AND A PORTION OF SIESTA DRIVE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE), ALL OF LAKE LOUISE MANOR, ACCORDING TO THE PLAT THEREOF, RECORDED IN PLAT BOOK G, PAGE 58, OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; AND LOTS 5 THROUGH 12, BLOCK C; LOTS 1 THROUGH 21, BLOCK D; A PORTION OF IDLEWOOD DRIVE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE), AND A PORTION OF SHORELAND DRIVE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE), ALL OF FIRST ADDITION TO LAKE LOUISE MANOR, ACCORDING TO THE PLAT THEREOF, RECORDED IN PLAT BOOK G, PAGE 61, OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; AND A PORTION OF THE NORTH 100 FEET OF LOT 4 AND A PORTION OF THE SOUTH 1/2 OF LOT 22 OF MCINTOSH SUBDIVISION OF WEST 1/2 OF THE SANCHEZ GRANT, ACCORDING THE PLAT THEREOF, RECORDED IN PLAT BOOK E, PAGE 4 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA, AND A PORTION OF PARCEL 5 "LAKE LOUISE" AS RECORDED IN OFFICIAL RECORDS BOOK 6643, PAGE 228 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; ALL LANDS LYING IN MARION COUNTY, FLORIDA AND BEING

MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCE AT THE N.W. CORNER OF LOT 7, BLOCK D OF SAID LAKE LOUIS ESTATES; THENCE ALONG THE NORTH BOUNDARY OF SAID LOT 7 AND THE EXTENSION THEREOF, S.89°36'30"E., A DISTANCE OF 310.66 FEET TO A POINT ON THE SOUTH RIGHT OF WAY LINE OF S.W. 28TH STREET (SUNRISE DRIVE)(PLAT) (BEING A FIFTY FOOT RIGHT OF WAY), SAID POINT ALSO BEING ON A CURVE, CONCAVE SOUTHERLY, HAVING A RADIUS OF 1150.00 FEET, A CENTRAL ANGLE OF 33° 44'24" AND A CHORD BEARING AND DISTANCE OF N.57°28'54"E., 667.46 FEET; THENCE NORTHEASTERLY, ALONG THE ARC OF SAID CURVE AND SAID SOUTH RIGHT OF WAY LINE, A DISTANCE OF 677.20 FEET TO THE POINT OF BEGINNING, SAID POINT ALSO BEING THE N.E. CORNER OF LOT 11, BLOCK C OF SAID LAKE LOUISE ESTATES; THENCE DEPARTING SAID SOUTH RIGHT OF WAY LINE, N.14°05'58"W., A DISTANCE OF 85.22 FEET TO A POINT ON THE NORTH RIGHT OF WAY LINE OF SAID S.W. 28TH STREET, SAID POINT ALSO BEING THE INTERSECTION OF A NON -TANGENT CURVE, CONCAVE NORTHWESTERLY, HAVING A RADIUS OF 50.00 FEET, A CENTRAL ANGLE OF 71°56'59" AND CHORD BEARING AND DISTANCE OF S.36°16'21"W., 58.74 FEET; THENCE SOUTHWESTERLY, ALONG THE ARC OF SAID CURVE AND SAID NORTH RIGHT OF WAY LINE, A DISTANCE OF 62.79 FEET TO A POINT OF REVERSE CURVATURE OF A CURVE, CONCAVE SOUTHERLY, HAVING A RADIUS OF 1200.00 FEET, A CENTRAL ANGLE OF 15°18'20" AND A CHORD BEARING AND DISTANCE OF S.64°36'03"W., 319.61 FEET; THENCE SOUTHWESTERLY, ALONG THE ARC OF SAID CURVE AND SAID NORTH RIGHT OF WAY LINE, A DISTANCE OF 320.56 FEET TO A POINT OF REVERSE CURVATURE OF A CURVE, CONCAVE NORTHEASTERLY, HAVING A RADIUS OF 50.00 FEET, A CENTRAL ANGLE OF 123°20'37" AND A CHORD BEARING AND DISTANCE OF N.61° 22'49"W., 88.02 FEET; THENCE SOUTHWESTERLY AND NORTHWESTERLY ALONG THE ARC OF SAID CURVE AND SAID NORTH RIGHT OF WAY LINE, A DISTANCE OF 107.64 FEET TO THE POINT OF TANGENCY, SAID POINT ALSO BEING ON THE EAST RIGHT OF WAY LINE OF S.W. 6TH AVENUE (MEMORY LANE)(PLAT) (BEING A FIFTY FOOT RIGHT OF WAY); THENCE DEPARTING SAID NORTH RIGHT OF WAY LINE, ALONG SAID EAST RIGHT OF WAY LINE, N.00°17'48"E., A DISTANCE OF 1280.91 FEET TO THE POINT OF CURVATURE OF A CURVE, CONCAVE WESTERLY, HAVING A RADIUS OF 37.50 FEET, A CENTRAL ANGLE OF 138°09'43" AND CHORD BEARING AND DISTANCE OF N.20°36'26"W., 70.06 FEET; THENCE NORTHWESTERLY ALONG THE ARC OF SAID CURVE AND SAID EAST RIGHT OF WAY LINE, A DISTANCE OF 90.43 FEET TO THE S.W. CORNER OF LOT 7, BLOCK G OF AFOREMENTIONED LAKE LOUISE ESTATES; THENCE DEPARTING SAID EAST RIGHT OF WAY LINE, ALONG THE WEST BOUNDARY OF SAID LOT 7, N.00°09'34"E., A DISTANCE OF 104.61 FEET TO THE N.W. CORNER OF SAID LOT 7; THENCE DEPARTING SAID WEST BOUNDARY, ALONG THE EAST BOUNDARY OF LANDS DESCRIBED IN OFFICIAL RECORDS BOOK 7036, PAGE 828 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA, N.00°09'34"E., A DISTANCE OF 98.99 FEET TO THE N.E. CORNER OF SAID LANDS, SAID POINT ALSO BEING ON THE NORTH BOUNDARY OF LOT 4 OF AFOREMENTIONED MCINTOSH SUBDIVISION; THENCE DEPARTING SAID EAST BOUNDARY, ALONG THE NORTH BOUNDARY OF SAID LOT 4 AND THE NORTH BOUNDARY OF THE SOUTH 1/2 OF LOT 22 OF SAID MCINTOSH SUBDIVISION, S.89°35'16"E., A DISTANCE OF 535.16 FEET TO A POINT ON THE SOUTHWESTERLY RIGHT OF WAY LINE OF CSX TRANSPORTATION RAILROAD (RIGHT OF WAY WIDTH VARIES); THENCE DEPARTING SAID NORTH BOUNDARIES, ALONG SAID SOUTHWESTERLY RIGHT OF WAY LINE THE FOLLOWING FOUR (4) COURSES: S.46° 43'10"E., A DISTANCE OF 526.19 FEET; THENCE S.47°15'02"E., A DISTANCE OF 36.70 FEET; THENCE S.42°13'07"W., A DISTANCE OF 5.00 FEET; THENCE S.52°00'38"E., A DISTANCE OF 292.29 FEET TO A POINT ON THE WEST RIGHT OF WAY LINE OF S.W. 3RD AVENUE (CENTRAL AVENUE)(PLAT) (BEING A FIFTY FOOT RIGHT OF WAY); THENCE DEPARTING SAID SOUTHWESTERLY RIGHT OF WAY LINE, ALONG THE WEST RIGHT OF WAY LINE OF SAID S.W. 3RD AVENUE, S.00°13'57"W., A DISTANCE OF 1470.26 FEET TO THE N.W. CORNER OF AFOREMENTIONED FIRST ADDITION TO LAKE LOUISE MANOR, SAID POINT ALSO BEING ON THE SOUTH RIGHT OF WAY LINE OF S.W. 29TH STREET ROAD (SIESTA DRIVE)(PLAT) (BEING A FIFTY FOOT RIGHT OF WAY); THENCE

DEPARTING SAID WEST RIGHT OF WAY LINE, ALONG THE SOUTH RIGHT OF WAY LINE OF SAID S.W. 29TH STREET ROAD, S.89°44'50"E., A DISTANCE OF 527.79 FEET TO A POINT ON THE WEST RIGHT OF WAY LINE OF S.W. 1ST COURT (SIESTA DRIVE)(PLAT) (BEING A FIFTY FOOT RIGHT OF WAY), SAID POINT ALSO BEING THE POINT OF CURVATURE OF A CURVE, CONCAVE SOUTHWESTERLY, HAVING A RADIUS OF 50.84 FEET, A CENTRAL ANGLE OF 89°22'36" AND A CHORD BEARING AND DISTANCE OF S.45°03'04"E., 71.51 FEET; THENCE DEPARTING SAID SOUTH RIGHT OF WAY LINE, SOUTHEASTERLY, ALONG THE ARC OF SAID CURVE AND SAID WEST RIGHT OF WAY LINE, A DISTANCE OF 79.31 FEET TO THE POINT OF TANGENCY; THENCE CONTINUE ALONG SAID WEST RIGHT OF WAY LINE, S.00°22'57"E., A DISTANCE OF 449.20 FEET TO THE POINT OF CURVATURE OF A CURVE, CONCAVE NORTHEASTERLY, HAVING A RADIUS OF 100.84 FEET, A CENTRAL ANGLE OF 89°21'50" AND A CHORD BEARING AND DISTANCE OF S.45°03'49"E., 141.82 FEET; THENCE SOUTHEASTERLY ALONG THE ARC OF SAID CURVE AND SAID WEST RIGHT OF WAY LINE, A DISTANCE OF 157.28 FEET TO THE POINT OF TANGENCY, SAID POINT ALSO BEING ON THE SOUTH RIGHT OF WAY LINE OF S.W. 31ST STREET (SIESTA DRIVE)(PLAT) (BEING A FIFTY FOOT RIGHT OF WAY); THENCE DEPARTING SAID WEST RIGHT OF WAY LINE, ALONG SAID SOUTH RIGHT OF WAY LINE, S.89°44'48"E., A DISTANCE OF 135.70 FEET TO THE POINT OF CURVATURE OF A CURVE, CONCAVE SOUTHWESTERLY, HAVING A RADIUS OF 50.00 FEET, A CENTRAL ANGLE OF 102°37'52" AND A CHORD BEARING AND DISTANCE OF S.38°25'43"E., 78.06 FEET; THENCE SOUTHEASTERLY ALONG THE ARC OF SAID CURVE AND SAID SOUTH RIGHT OF WAY LINE, A DISTANCE OF 89.56 FEET TO THE END OF SAID CURVE; THENCE DEPARTING SAID SOUTH RIGHT OF WAY LINE, S.77°06'43"E., A DISTANCE OF 50.00 FEET TO A POINT ON THE SOUTH RIGHT OF WAY LINE OF S.W. 1ST AVENUE (IDLEWOOD DRIVE)(PLAT) (BEING A FIFTY FOOT RIGHT OF WAY), SAID POINT ALSO BEING ON A CURVE, CONCAVE NORTHWESTERLY, HAVING A RADIUS OF 292.00 FEET, A CENTRAL ANGLE OF 77°08'37' AND CHORD BEARING AND DISTANCE OF S.52° 00'51"W., 364.12 FEET; THENCE SOUTHWESTERLY ALONG THE ARC OF SAID CURVE AND SAID SOUTH RIGHT OF WAY LINE, A DISTANCE OF 393.15 FEET TO THE POINT OF TANGENCY; THENCE CONTINUE ALONG SAID SOUTH RIGHT OF WAY LINE, S.89°59'59"W., A DISTANCE OF 335.41 FEET TO A POINT ON THE WEST RIGHT OF WAY LINE OF S.W. 2ND COURT (SHORELAND DRIVE)(PLAT) (BEING A FIFTY FOOT RIGHT OF WAY); THENCE DEPARTING SAID SOUTH RIGHT OF WAY LINE, ALONG SAID WEST RIGHT OF WAY LINE, N.00°03'55"E., A DISTANCE OF 218.74 FEET TO THE N.E. CORNER OF LOT 13, BLOCK C OF AFOREMENTIONED FIRST ADDITION TO LAKE LOUISE MANOR; THENCE DEPARTING SAID WEST RIGHT OF WAY LINE, ALONG THE NORTH BOUNDARY OF SAID LOT 13, N.89°30'15"W., A DISTANCE OF 156.33 FEET TO THE N.W. CORNER OF SAID LOT 13; THENCE DEPARTING THE NORTH BOUNDARY OF SAID LOT 13, ALONG THE WEST BOUNDARY OF BLOCK C OF SAID FIRST ADDITION TO LAKE LOUISE MANOR THE FOLLOWING TWO (2) COURSES: S.06° 27'54"W., A DISTANCE OF 100.59 FEET; THENCE S.16°57'44"W., A DISTANCE OF 104.54 FEET TO A POINT ON THE NORTH RIGHT OF WAY LINE OF S.W. 32ND STREET PER "SE/SW 31ST STREET RIGHT OF WAY MAP" AS RECORDED IN RIGHT OF WAY MAP BOOK 1, PAGE 65 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; THENCE DEPARTING THE WEST BOUNDARY OF SAID BLOCK C, ALONG SAID NORTH RIGHT OF WAY LINE, N.89°44'06"W., A DISTANCE OF 414.25 FEET TO THE EAST BOUNDARY OF LANDS DESCRIBED IN OFFICIAL RECORDS BOOK 8162, PAGE 798 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; THENCE DEPARTING SAID NORTH RIGHT OF WAY LINE, ALONG SAID EAST BOUNDARY THE FOLLOWING FOUR (4) COURSES: N.12°35'46"W., A DISTANCE OF 271.73 FEET; THENCE N.19°02'32"E., A DISTANCE OF 91.14 FEET; THENCE N.28° 48'08"E., A DISTANCE OF 175.08 FEET; THENCE N.61°11'52"W., A DISTANCE OF 60.87 FEET TO THE S.E. CORNER OF LOT 10, BLOCK A OF AFOREMENTIONED LAKE LOUISE ESTATES, SAID POINT ALSO BEING A POINT ON THE NORTH BOUNDARY OF DRAINAGE RETENTION AREA NO. 5 AS DESCRIBED IN RIGHT OF WAY TAKING RECORDED IN OFFICIAL RECORDS BOOK 4037, PAGE 1322 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; THENCE DEPARTING THE EAST BOUNDARY OF SAID LANDS, ALONG THE NORTH BOUNDARY OF SAID DRAINAGE RETENTION AREA NO. 5, N.58°06'36"W., A DISTANCE OF 239.74 FEET TO A POINT ON THE EAST BOUNDARY OF LANDS DESCRIBED IN OFFICIAL RECORDS BOOK 8164, PAGE 1048 OF THE PUBLIC RECORDS OF

Staff Report

Case No. ABR25-0008
Planning & Zoning Commission: June 8, 2026
City Council (Adoption): July 7, 2026

Applicant/Property Owner:	Lake Louise, LLC
Agent:	John Rudnianyn
Project Planner:	Endira Madraveren, AICP
Applicant Request:	A request to abrogate portions public rights-of-way appearing on the Lake Louise Estates Plat, Plat Book F, Page 114, and Lake Louise Manor Plat, Plat Book G, Page 58-61, of the public records of Marion County, Florida.
Zoning District:	PD, Planned Development
Future Land Use:	Low Intensity
Parcel Information	
Acres:	±7.21 acres
Location:	located between SW 3rd Avenue and SW 6th Avenue, generally north of SW 28th Street, but including the westerly extension of SW 29th Street (Siesta Drive), and south of the CSX Transportation Railroad right-of-way, located north of SW 32 Street and south of SW 29th Street.
Existing use:	Undeveloped
Special District(s)/Plan(s):	N/A
Overlay(s):	N/A

Figure 1. Aerial Location Map

Adjacent Property Information

Direction	Future Land Use	Zoning District	Current Use
North	Commerce District (County) High Residential (County)	M-1 (County) R-3 (County)	Railroad Multi-Family residential
East	Low Intensity (City) Medium Residential (County)	OP, Office Park (City) R-1 (County)	Undeveloped Single-family residential
South	Medium Residential (County) Public (County)	R-1 (County) R-1 (County)	Single-family residential DRA
West	Medium Residential (County) Public (County)	R-1 (County) A-1 (County)	Single-family residential Undeveloped

Applicant Request

The applicant is requesting to abrogate portions of public rights-of-way appearing on the Lake Louise Estates Plat, Plat Book F, Page 114, and Lake Louise Manor Plat, Plat Book G, Page 58-61, of the public records of Marion County, Florida.

Background

The Lake Louise Estates (Plat Book F, Page 114) was recorded in June of the year 1959, while Lake Louise Manor (Plat Book G, page 58) was recorded May the following year 1960, with the First Addition to Lake Louise Manor recorded in July 1960. The platted subdivisions are primarily undeveloped. The property owners must vacate the underlying plats, lots, easements, and rights-of-way for portions of Lake Louise Estates, Lake Louise Manor and First Addition to Lake Louise Manor, if development occurs other than the approved plats.

An 88.73-acre portion of the above listed plats was annexed into the City to obtain city services in 2022. It was originally platted for single-family development, but most lots and infrastructure were not developed. Low Intensity land use and an associated future land use policy (FLUP) was approved in May 2022. The FLUP controls the maximum number of dwelling units, as well as identifying buffers, circulation, access, and traffic concurrency. It includes, but is not limited to, a requirement that the property be developed as a Planned Development (PD). A maximum of 1,146 dwelling units may be

developed and that number shall be reduced based on any neighborhood business proposed within the PD. The FLUP also requires that access be maintained or provided to existing single-family homes internal to the property. Development of the PD will require the vacation of the underlying plats, lots, and rights-of-way for portions of Lake Louise Estates, Lake Louise Manor and First Addition to Lake Louise Manor.

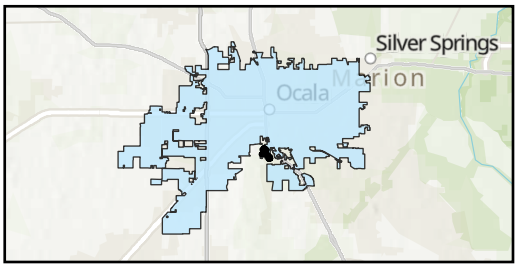
Staff Analysis

The subject right-of-way contains no existing infrastructure or easements. The proposed abrogation of these rights-of-ways will not adversely impact any adjacent properties. If approved, the applicant and other benefiting parcel(s) will assume responsibility for the maintenance of their respective portions of the abrogated area.

This abrogation request is considered a part of phase 2 of the approved PD. An adjoining property owner raised a concern that existing unimproved right-of-way that provides a potential connection between SW 29th Street and SW 32nd Street would be abrogated. The applicant amended the application to preserve the access/connection. However, the exact location for connection has not been determined at this time as development plans have not been submitted for review. Therefore, it is appropriate that the existing access/connection remain in place at this time. As future development plans are submitted, staff will review to ensure that traffic from the development functions appropriately.

Utility Responses

The utility responses are summarized as follows:



Utility	***Date***	***Response***
CenturyLink/Lumen: Cloey Kranock	3/30/2026	It was determined that there are no objections with respect to the areas proposed for vacation as shown and/or described. It is the intent and understanding of CenturyLink that this Vacation shall not reduce our rights to any other existing easement or rights we have on this site or in the area.
Cox Communications: Paul Christopher	12/8/2022	No Objection.
Spectrum: Dwayne Leachman	1/21/2026	This would be Cox Cable facilities in the area and not Spectrum. No facilities or objection.
TECO: Landon Meahl	11/18/2022	No Objection.
Electric (OEU): JD Purcell	04/28/2026	No objection.
Water Resources: Richard Ragosta	11/18/2025	Water Resources Engineering has no utilities within the areas for abrogation. Water Resources Engineering has no objections at this location.
Commercial Sanitation: Dwayne Drake	11/21/2025	No Objection.
Fiber: Kevin Hooker	11/18/2025	No facilities or objection.
Transportation Engineering: Noel Cooper	11/25/2025	No Objection.
Stormwater Engineering: Peter Williams	11/19/2025	No City of Ocala assets.
Surveying R. Kelly Roberts	1/22/2026	Legal Description issues resolved. No objection.

Staff Findings and Recommendation

Staff recommends approval to abrogate portions public rights-of-way appearing on the Lake Louise Estates Plat, Plat Book F, Page 114, and Lake Louise Manor Plat, Plat Book G, Page 58-61, of the public records of Marion County, Florida.

Staff Recommendation:	***Approval***

Yes. The proposed abrogation of public right-of-way includes a combined total of 7.21 acres, more or less.

I was wrapping up a MS Teams meeting when you called and attempted to call you back within about 30 seconds, but your line was busy. When I finally got it to ring, it took me to voice mail. I assume this is what you were calling about, but if not, please call me back at your convenience.

Kelly, can I ask you for one additional favor – do you have a total number of acres to be abrogated with the Lake Louise case that you helped us with back in January?

Subject: RE: Review Request | ABR25-0008 Lake Louise LLC

Emily:

I spoke with Travis Barrineau, Surveyor of Record on behalf of Lake Louise, LLC, concerning the descriptions he previously prepared to describe the portions of public rights-of-way intended for abrogation pursuant to the above referenced application. Travis confirmed to me that the intent by the applicant is to essentially abrogate the portions that lie within the boundaries of Parcels 1through 4, inclusive, as shown on the Boundary Survey that accompanied the application (copy attached here for your benefit).

Due to complications caused by the geometric elements of rights-of-way, lots, etc., established by the plats of Lake Louise Estates, Lake Louise Manor and First Addition to Lake Louise Manor, the description initially produced by Travis towards the goal of using a simple approach (which frequently work for these applications) creates ambiguities in interpretation as to the intended portion of rights-of-way to be abrogated. As a result, I am of the opinion that this approach had to be modified somewhat in order to produce descriptions that remove the ambiguities and potential for uncertainty by those who will be required to interpret the description to understand the limits of lands which will be subject to the official action of the city, assuming the application is approved.

I took the liberty of preparing a draft version of the approach I think suitably addresses my concerns. As descriptions for the above referenced Parcels 1 through 4 had been previously provided by the applicant in metes and bounds format, I utilized those where appropriate to qualify the portions proposed for abrogation. This was further complicated a bit as a result of Resolution 2022-54 (OR Book 7894, page 1627), previously executed by the city and affecting some of the rights-of-way within Parcel 3. For that reason, those applicable segments also

include an exception for the portions previously vacated by the resolution.

I also performed computational analysis of the metes and bounds descriptions of Parcels 1 and 3 as provided with the application. The description of Parcel 1 appears to have a dimensional error resulting in a misclosure of 1.00 foot. After some comparison to the plats, I have highlighted the most likely segment of the description to contain the error in red within the Parcel 1 description. In addition, I supplemented the preamble of both Parcels 1 and 3 to include those segments of right-of-way that lie between the referenced lots or portions thereof that are included in each parcel.

It's taken a bit of time to get through this today, but I believe the description should be sufficient once Travis confirms or corrects the dimensional error within the Parcel 1 description. It would also be appropriate for him to perform a general cursory check of the description to ensure we're both on the same page as to the suitability of this description to describe the relevant portions of public rights-of-way sought for abrogation pursuant to this application.

In addition to the ones referenced above, I've included the other relevant documents that may be beneficial to you concerning the draft of the revised description. Once Travis deals with the apparent dimensional error in the Parcel 1 description, and assuming he is good with the approach and format of the balance of the description, Emily should be able to proceed with the balance of the process.

Please reach out should you have additional questions.

Elizabeth:

My apologies for the delayed response.

I was awaiting a call from Travis so we could chat about a few questions I had, and he returned my call a short while ago. I will be able to complete my work on this now and hope to have it wrapped up by the end of the day today, at which time I'll provide my comments back to Emily so she may continue the process from there.

Good afternoon Elizabeth — this is what staff estimated to be abrogated, based on the survey that was provided with the application.

Can you please confirm the list of roads that **are** being abrogated? This will make it easier for Kelly to review the legal description and staff to ensure the maps are correct.

Good Afternoon Emily,

The roads listed with City Assets on the attached Review Report are not requested to be abrogated.

- SW 26th Street – the portion requested is between Lot 1 and Lot 9.
- SW 29th Street Rd – the portion requested is between Lot 8 Block D, and Lot 13 Block C.
- SW 1st Avenue – not requested to be abrogated.

I've copied our Surveyor, Travis, on this email in case any additional information is needed. Please let me know how you would like me to proceed.

Good morning,

Thank you for providing the legal description, Elizabeth. Please be advised that we have been made aware that some City assets lie within the rights-of-way proposed to be abrogated. This infrastructure will need to remain, and easements will need to be granted prior to the abrogation. As discussed in the Teams meeting we had with John and Rachel, we will need the easement documents provided prior to taking the abrogation forward, at the direction of the City Attorney.

If you have any questions, please do not hesitate to contact me.

Good Morning Emily,

Please find attached an updated Legal Description for the Lake Louise road abrogation. I've also added it our online application. Let me know if any additional information is needed.

Thanks,

Elizabeth Schor

Good afternoon,

I just wanted to follow up on the below; if the requested information is not provided by Friday, December 12th, your abrogation request will not be able to move forward on the January hearing dates.

Best regards,

Emily W. Johnson, AICP

Good morning,

Please see the below comments from the city surveyor — it appears that there is a deficiency in the description of the rights-of-way to be abrogated. I have copied Kelly on this email to assist you with any questions.

Best regards,

Subject: RE: Review Request | ABR25-0008 Lake Louise LLC

Emily:

I finally got to your email a little while ago to begin to review your request. Contrary to your email, I didn't find the application attached, only the description in MS Word format and a copy of the survey. From a cursory review, it appears that the applicant is requesting to abrogate the public rights-of-way that lie with the limits of Parcels 1 through 4, inclusive. However, the description as written does not describe any reference to the rights-of-way that you describe in your email but they do generally appear to agree with the extent of the lands shown on the Boundary Survey. We are slammed here in survey and the timing of this request with the holiday and my schedule further challenges the review.

It will take a good bit of time for me to conduct a thorough review of the description provided. Unfortunately, I will be out of the office next week and am scheduled to return on Tuesday, December 2. Consequently, I'm reaching out to inform you of my quick findings so you can contact the applicant about the deficiency unless there is more information that you haven't shared with me that may actually describe the rights-of-way that are intended for abrogation.

I will be checking email from time to time and will look for a reply from you. That said, the best I can offer at this point is to dive into this when I return to the office and push to get through it as quickly as I can, but it will take several hours at a minimum.

R. Kelly Roberts, P.S.M.

PARCEL 1:

PORTIONS OF LOTS 13 AND 14, BLOCK C, AND LOTS 1, 2, 3, 8, 9, 10, 11 AND 12, BLOCK D, AND A PORTION OF MEMORY LANE AND SUNRISE DRIVE (PUBLIC RIGHTS-OF-WAY 50 FEET WIDE), ALL OF LAKE LOUISE ESTATES, ACCORDING TO THE PLAT THEREOF, RECORDED IN PLAT BOOK F, PAGE 114 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCE AT THE N.W. CORNER OF LOT 7, BLOCK D OF SAID LAKE LOUISE ESTATES; THENCE ALONG THE NORTH BOUNDARY OF SAID LOT 7, S.89°36'30"E., A DISTANCE OF 200.35 FEET TO THE POINT OF BEGINNING. THENCE DEPARTING THE NORTH BOUNDARY OF SAID LOT 7, ALONG THE WEST BOUNDARY OF LOTS 8 AND 9, BLOCK D OF SAID LAKE LOUISE ESTATES, N.00°16'28"E., 524.90 FEET TO THE S.E. OF LOT 3, BLOCK D OF SAID LAKE LOUISE ESTATES; THENCE DEPARTING SAID WEST BOUNDARY, ALONG THE SOUTH BOUNDARY OF SAID LOT 3, N.89°35'33"W., A DISTANCE OF 200.13 FEET TO A POINT ON THE EAST RIGHT OF WAY LINE OF S.W. 7TH AVENUE, ALSO KNOWN AS LEMON AVENUE, BEING A RIGHT OF WAY WIDTH THAT VARIES; THENCE DEPARTING THE SOUTH BOUNDARY OF SAID LOT 3, ALONG SAID EAST RIGHT OF WAY LINE, N.00°20'22"E., A DISTANCE OF 585.27 FEET TO THE POINT OF CURVATURE OF A CURVE, CONCAVE SOUTHEASTERLY, HAVING A RADIUS OF 50.00 FEET, A CENTRAL ANGLE OF 89°01'09" AND A CHORD BEARING AND DISTANCE OF N.45°28'07"E., 70.10 FEET; THENCE NORTHEASTERLY ALONG SAID EAST RIGHT OF WAY LINE AND THE ARC OF SAID CURVE, A DISTANCE OF 77.68 FEET TO A POINT ON THE SOUTH RIGHT OF WAY LINE OF S.W. 26TH STREET, ALSO KNOWN AS SUNSET BOULEVARD, BEING A RIGHT OF WAY WIDTH THAT VARIES; THENCE DEPARTING SAID EAST RIGHT OF WAY LINE, ALONG SAID SOUTH RIGHT OF WAY LINE, S.89°50'59"E., A DISTANCE OF 299.86 FEET TO THE POINT OF CURVATURE OF A CURVE, CONCAVE SOUTHWESTERLY, HAVING A RADIUS OF 50.00 FEET, A CENTRAL ANGLE OF 90°18'28" AND A CHORD BEARING AND DISTANCE OF S.44°54'51"E., 70.90 FEET; THENCE SOUTHEASTERLY ALONG SAID SOUTH RIGHT OF WAY LINE AND THE ARC OF SAID CURVE, A DISTANCE OF 78.81 FEET TO A POINT ON THE WEST RIGHT OF WAY LINE OF S.W. 6TH AVENUE, ALSO KNOWN AS MEMORY LANE, BEING A FIFTY FOOT RIGHT OF WAY; THENCE DEPARTING SAID SOUTH RIGHT OF WAY LINE, ALONG SAID WEST RIGHT OF WAY LINE, S.00°18'25"W., A DISTANCE OF 926.72 FEET; THENCE DEPARTING SAID WEST RIGHT OF WAY LINE, S.77°28'22"E., A DISTANCE OF 86.21 FEET TO A POINT ON THE SOUTH RIGHT OF WAY LINE OF S.W. 28TH STREET, ALSO KNOWN AS SUNRISE DRIVE, BEING A FIFTY FOOT RIGHT OF WAY, SAID POINT ALSO BEING THE N.E. CORNER OF AFOREMENTIONED LOT 13, BLOCK C; THENCE DEPARTING SAID SOUTH RIGHT OF WAY LINE, ALONG THE EAST BOUNDARY OF SAID LOT 13,

BLOCK C, S.37°17'29"E., A DISTANCE OF 200.37 FEET TO THE S.E. CORNER OF SAID LOT 13, BLOCK C; SAID POINT ALSO BEING ON A CURVE, CONCAVE SOUTHEASTERLY, HAVING A RADIUS OF 950.00 FEET, A CENTRAL ANGLE OF 00°44'59" AND A CHORD BEARING AND DISTANCE OF S.52°03'52"W., 12.43 FEET; THENCE DEPARTING SAID EAST BOUNDARY, ALONG SAID SOUTH BOUNDARY, SOUTHWESTERLY ALONG THE ARC OF SAID CURVE,, A DISTANCE OF 12.43 FEET; THENCE DEPARTING SAID SOUTH BOUNDARY, N.89°36'30"W., A DISTANCE OF 396.54 FEET TO THE POINT OF BEGINNING. SAID LANDS CONTAINING 8.80 ACRES, MORE OR LESS.

S.W. 26TH STREET (SUNSET BOULEVARD); S.W. 28TH STREET (SUNRISE DRIVE); ST. MARY'S PLACE, AND LAKEWOOD DRIVE, AND SIESTA DRIVE:

THAT PORTION OF S.W. 26TH STREET (A PUBLIC RIGHT-OF-WAY OF VARYING WIDTH BETWEEN 50 FEET AND 80 FEET, FORMERLY KNOWN AS SUNSET BOULEVARD); THAT PORTION OF S.W. 28TH STREET (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE, FORMERLY KNOWN AS SUNRISE DRIVE); THAT PORTION OF ST. MARY'S PLACE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE); THAT PORTION OF LAKEWOOD DRIVE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE), AND THAT PORTION OF SIESTA DRIVE (A PUBLIC RIGHT-OF-WAY 50 FET WIDE), ALL AS ESTABLISHED OF RECORD BY VIRTUE OF THE DEDICATION APPEARING ON LAKE LOUISE ESTATES, ACCORDING TO THE PLAT THEREOF AS RECORDED IN PLAT BOOK F, AT PAGE 114, OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA, AND LYING WITHIN PARCEL 3 AS DESCRIBED FURTHER BELOW, LESS AND EXCEPT ANY PORTION THEREOF THAT LIES WITHIN THE PORTION PREVIOUSLY VACATED BY VIRTUE OF RESOLUTION 2022-54, A COPY OF WHICH IS RECORDED IN OFFICIAL RECORDS BOOK 7894, AT PAGE 1627, OF SAID PUBLIC RECORDS:

S.W. 25TH LANE (SUNSET BOULEVARD) AND SIESTA DRIVE:

THAT PORTION OF S.W. 25TH LANE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE, FORMERLY KNOWN AS SUNSET BOULEVARD), AND THAT PORTION OF SIESTA DRIVE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE), ALL AS ESTABLISHED OF RECORD BY VIRTUE OF THE DEDICATION APPEARING ON LAKE LOUISE MANOR, ACCORDING TO THE PLAT THEREOF AS RECORDED IN PLAT BOOK G, AT PAGE 58, OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA, AND LYING WITHIN PARCEL 3 AS DESCRIBED FURTHER BELOW, LESS AND EXCEPT ANY PORTION THEREOF THAT LIES WITHIN THE PORTION PREVIOUSLY VACATED BY VIRTUE OF RESOLUTION 2022-54, A COPY OF WHICH IS RECORDED IN OFFICIAL RECORDS BOOK 7894, AT PAGE 1627, OF SAID PUBLIC RECORDS:

S.W. 2ND COURT (SHORELAND DRIVE) AND S.W. 1ST AVENUE (IDLEWOOD DRIVE):

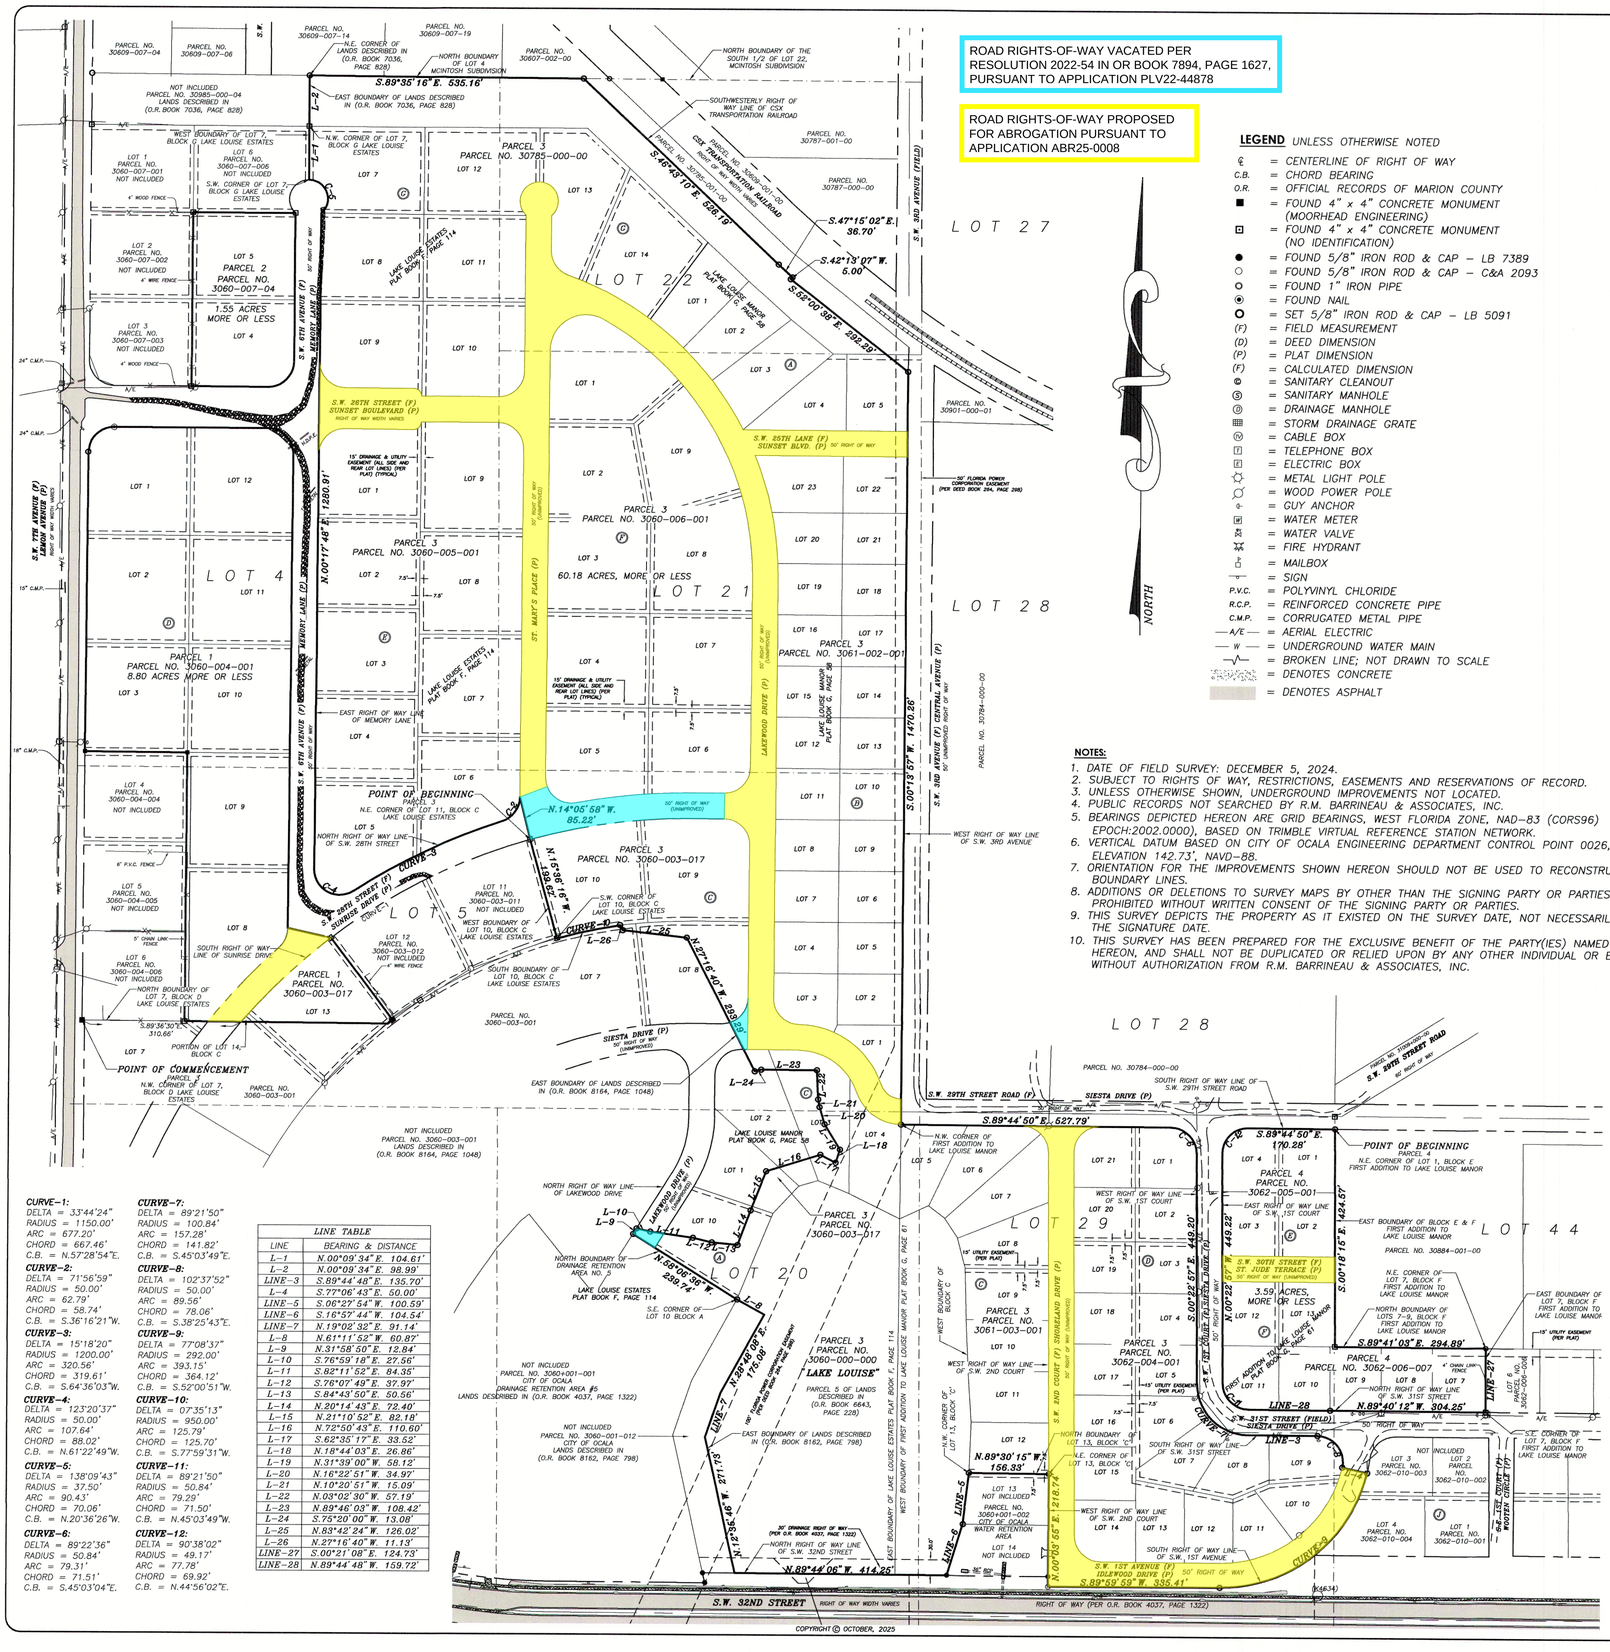
THAT PORTION OF S.W. 2ND COURT (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE, FORMERLY KNOWN AS SHORELAND DRIVE) AND THAT PORTION OF S.W. 1ST AVENUE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE, FORMERLY KNOWN AS IDLEWOOD DRIVE), ALL AS ESTABLISHED OF RECORD BY VIRTUE OF THE DEDICATION APPEARING ON FIRST ADDITION TO LAKE LOUISE MANOR, ACCORDING TO THE PLAT THEREOF AS RECORDED IN PLAT BOOK G, AT PAGE 61, OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA, AND LYING WITHIN PARCEL 3 AS DESCRIBED FURTHER BELOW:

PARCEL 3:

A PORTION OF LOT 10, BLOCK A; PORTIONS OF LOTS 7 AND 8, BLOCK C; ALL OF LOTS 9 AND 10, BLOCK C; LOTS 1 THROUGH 9, BLOCK E; LOTS 1 THROUGH 9, BLOCK F; LOTS 7 THROUGH 14, BLOCK G; A PORTION OF SUNSET BOULEVARD (A PUBLIC RIGHT-OF-WAY OF VARYING WIDTH BETWEEN

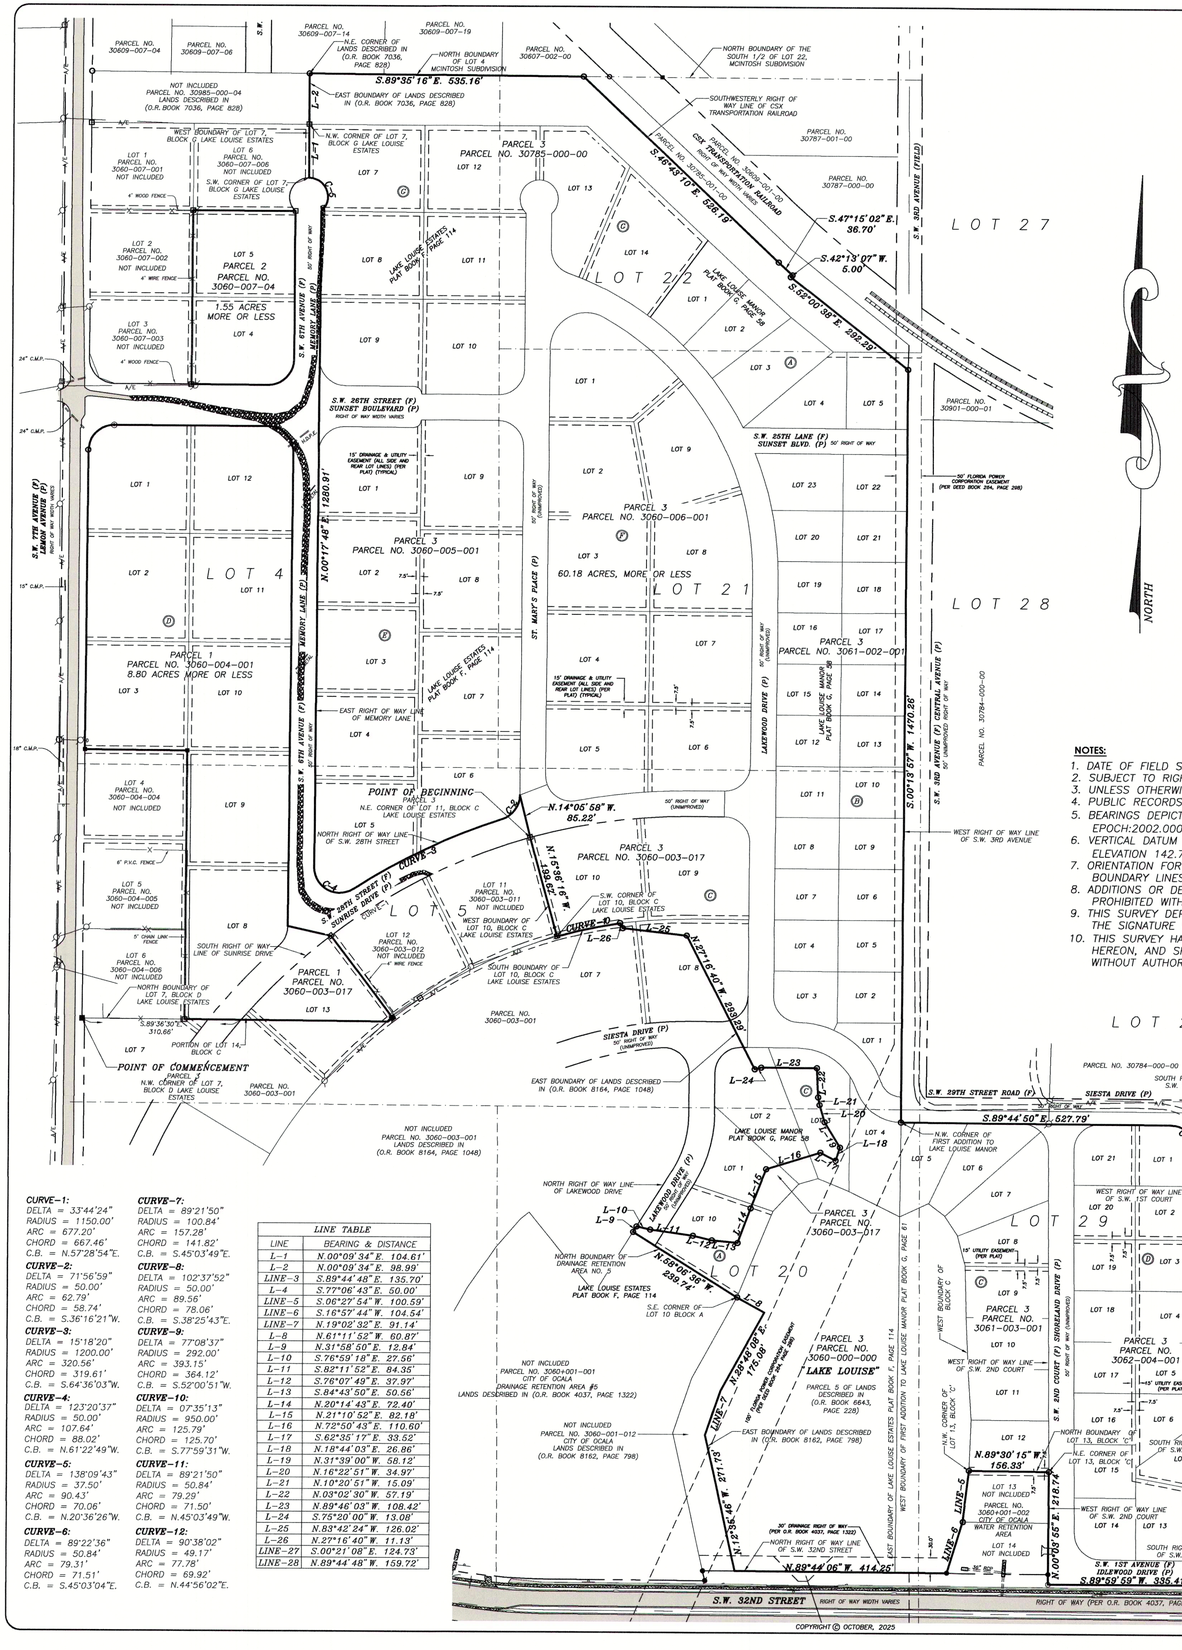
50 FEET AND 80 FEET); A PORTION OF SUNRISE DRIVE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE); A PORTION OF SIESTA DRIVE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE); A PORTION OF ST. MARY'S PLACE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE), AND A PORTION OF LAKEWOOD DRIVE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE), ALL OF LAKE LOUISE ESTATES, ACCORDING TO THE PLAT THEREOF, RECORDED IN PLAT BOOK F, PAGE 114 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; AND LOTS 1 THROUGH 5, BLOCK A; LOTS 1 THROUGH 23, BLOCK B; PORTIONS OF LOTS 1 THROUGH 3 AND LOT 4, BLOCK C; A PORTION OF SUNSET BOULEVARD (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE), AND A PORTION OF SIESTA DRIVE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE), ALL OF LAKE LOUISE MANOR, ACCORDING TO THE PLAT THEREOF, RECORDED IN PLAT BOOK G, PAGE 58, OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; AND LOTS 5 THROUGH 12, BLOCK C; LOTS 1 THROUGH 21, BLOCK D; A PORTION OF IDLEWOOD DRIVE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE), AND A PORTION OF SHORELAND DRIVE (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE), ALL OF FIRST ADDITION TO LAKE LOUISE MANOR, ACCORDING TO THE PLAT THEREOF, RECORDED IN PLAT BOOK G, PAGE 61, OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; AND A PORTION OF THE NORTH 100 FEET OF LOT 4 AND A PORTION OF THE SOUTH 1/2 OF LOT 22 OF MCINTOSH SUBDIVISION OF WEST 1/2 OF THE SANCHEZ GRANT, ACCORDING THE PLAT THEREOF, RECORDED IN PLAT BOOK E, PAGE 4 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA, AND A PORTION OF PARCEL 5 "LAKE LOUISE" AS RECORDED IN OFFICIAL RECORDS BOOK 6643, PAGE 228 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; ALL LANDS LYING IN MARION COUNTY, FLORIDA AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCE AT THE N.W. CORNER OF LOT 7, BLOCK D OF SAID LAKE LOUIS ESTATES; THENCE ALONG THE NORTH BOUNDARY OF SAID LOT 7 AND THE EXTENSION THEREOF, S.89°36'30"E., A DISTANCE OF 310.66 FEET TO A POINT ON THE SOUTH RIGHT OF WAY LINE OF S.W. 28TH STREET (SUNRISE DRIVE)(PLAT) (BEING A FIFTY FOOT RIGHT OF WAY), SAID POINT ALSO BEING ON A CURVE, CONCAVE SOUTHERLY, HAVING A RADIUS OF 1150.00 FEET, A CENTRAL ANGLE OF 33°44'24" AND A CHORD BEARING AND DISTANCE OF N.57°28'54"E., 667.46 FEET; THENCE NORTHEASTERLY, ALONG THE ARC OF SAID CURVE AND SAID SOUTH RIGHT OF WAY LINE, A DISTANCE OF 677.20 FEET TO THE POINT OF BEGINNING, SAID POINT ALSO BEING THE N.E. CORNER OF LOT 11, BLOCK C OF SAID LAKE LOUISE ESTATES; THENCE DEPARTING SAID SOUTH RIGHT OF WAY LINE, N.14°05'58"W., A DISTANCE OF 85.22 FEET TO A POINT ON THE NORTH RIGHT OF WAY LINE OF SAID S.W. 28TH STREET, SAID POINT ALSO BEING THE INTERSECTION OF A NON-TANGENT CURVE, CONCAVE NORTHWESTERLY, HAVING A RADIUS OF 50.00 FEET, A CENTRAL ANGLE OF 71°56'59" AND CHORD BEARING AND DISTANCE OF S.36°16'21"W., 58.74 FEET; THENCE SOUTHWESTERLY, ALONG THE ARC OF SAID CURVE AND SAID NORTH RIGHT OF WAY LINE, A DISTANCE OF 62.79 FEET TO A POINT OF REVERSE CURVATURE OF A CURVE, CONCAVE SOUTHERLY, HAVING A RADIUS OF 1200.00 FEET, A CENTRAL ANGLE OF 15°18'20" AND A CHORD BEARING AND DISTANCE OF S.64°36'03"W., 319.61 FEET; THENCE SOUTHWESTERLY, ALONG THE ARC OF SAID CURVE AND SAID NORTH RIGHT OF WAY LINE, A DISTANCE OF 320.56 FEET TO A POINT OF REVERSE CURVATURE OF A CURVE, CONCAVE NORTHEASTERLY, HAVING A RADIUS OF 50.00 FEET, A CENTRAL ANGLE OF 123°20'37" AND A CHORD BEARING AND DISTANCE OF N.61°22'49"W., 88.02 FEET; THENCE SOUTHWESTERLY AND NORTHWESTERLY ALONG THE ARC OF SAID CURVE AND SAID NORTH RIGHT OF WAY LINE, A DISTANCE OF 107.64 FEET TO THE POINT OF TANGENCY, SAID POINT ALSO BEING ON THE EAST RIGHT OF WAY LINE OF S.W. 6TH AVENUE (MEMORY LANE)(PLAT) (BEING A FIFTY FOOT RIGHT OF WAY); THENCE DEPARTING SAID NORTH RIGHT OF WAY LINE, ALONG SAID EAST RIGHT OF WAY LINE, N.00°17'48"E., A DISTANCE OF 1280.91 FEET TO THE POINT OF CURVATURE OF A CURVE, CONCAVE WESTERLY, HAVING A RADIUS OF 37.50 FEET, A CENTRAL ANGLE OF 138°09'43" AND CHORD BEARING AND DISTANCE OF



N.20°36'26"W., 70.06 FEET; THENCE NORTHWESTERLY ALONG THE ARC OF SAID CURVE AND SAID EAST RIGHT OF WAY LINE, A DISTANCE OF 90.43 FEET TO THE S.W. CORNER OF LOT 7, BLOCK G OF AFOREMENTIONED LAKE LOUISE ESTATES; THENCE DEPARTING SAID EAST RIGHT OF WAY LINE, ALONG THE WEST BOUNDARY OF SAID LOT 7, N.00°09'34"E., A DISTANCE OF 104.61 FEET TO THE N.W. CORNER OF SAID LOT 7; THENCE DEPARTING SAID WEST BOUNDARY, ALONG THE EAST BOUNDARY OF LANDS DESCRIBED IN OFFICIAL RECORDS BOOK 7036, PAGE 828 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA, N.00°09'34"E., A DISTANCE OF 98.99 FEET TO THE N.E. CORNER OF SAID LANDS, SAID POINT ALSO BEING ON THE NORTH BOUNDARY OF LOT 4 OF AFOREMENTIONED MCINTOSH SUBDIVISION; THENCE DEPARTING SAID EAST BOUNDARY, ALONG THE NORTH BOUNDARY OF SAID LOT 4 AND THE NORTH BOUNDARY OF THE SOUTH 1/2 OF LOT 22 OF SAID MCINTOSH SUBDIVISION, S.89°35'16"E., A DISTANCE OF 535.16 FEET TO A POINT ON THE SOUTHWESTERLY RIGHT OF WAY LINE OF CSX TRANSPORTATION RAILROAD (RIGHT OF WAY WIDTH VARIES); THENCE DEPARTING SAID NORTH BOUNDARIES, ALONG SAID SOUTHWESTERLY RIGHT OF WAY LINE THE FOLLOWING FOUR (4) COURSES: S.46°43'10"E., A DISTANCE OF 526.19 FEET; THENCE S.47°15'02"E., A DISTANCE OF 36.70 FEET; THENCE S.42°13'07"W., A DISTANCE OF 5.00 FEET; THENCE S.52°00'38"E., A DISTANCE OF 292.29 FEET TO A POINT ON THE WEST RIGHT OF WAY LINE OF S.W. 3RD AVENUE (CENTRAL AVENUE)(PLAT) (BEING A FIFTY FOOT RIGHT OF WAY); THENCE DEPARTING SAID SOUTHWESTERLY RIGHT OF WAY LINE, ALONG THE WEST RIGHT OF WAY LINE OF SAID S.W. 3RD AVENUE, S.00°13'57"W., A DISTANCE OF 1470.26 FEET TO THE N.W. CORNER OF AFOREMENTIONED FIRST ADDITION TO LAKE LOUISE MANOR, SAID POINT ALSO BEING ON THE SOUTH RIGHT OF WAY LINE OF S.W. 29TH STREET ROAD (SIESTA DRIVE)(PLAT) (BEING A FIFTY FOOT RIGHT OF WAY); THENCE DEPARTING SAID WEST RIGHT OF WAY LINE, ALONG THE SOUTH RIGHT OF WAY LINE OF SAID S.W. 29TH STREET ROAD, S.89°44'50"E., A DISTANCE OF 527.79 FEET TO A POINT ON THE WEST RIGHT OF WAY LINE OF S.W. 1ST COURT (SIESTA DRIVE)(PLAT) (BEING A FIFTY FOOT RIGHT OF WAY), SAID POINT ALSO BEING THE POINT OF CURVATURE OF A CURVE, CONCAVE SOUTHWESTERLY, HAVING A RADIUS OF 50.84 FEET, A CENTRAL ANGLE OF 89°22'36" AND A CHORD BEARING AND DISTANCE OF S.45°03'04"E., 71.51 FEET; THENCE DEPARTING SAID SOUTH RIGHT OF WAY LINE, SOUTHEASTERLY, ALONG THE ARC OF SAID CURVE AND SAID WEST RIGHT OF WAY LINE, A DISTANCE OF 79.31 FEET TO THE POINT OF TANGENCY; THENCE CONTINUE ALONG SAID WEST RIGHT OF WAY LINE, S.00°22'57"E., A DISTANCE OF 449.20 FEET TO THE POINT OF CURVATURE OF A CURVE, CONCAVE NORTHEASTERLY, HAVING A RADIUS OF 100.84 FEET, A CENTRAL ANGLE OF 89°21'50" AND A CHORD BEARING AND DISTANCE OF S.45°03'49"E., 141.82 FEET; THENCE SOUTHEASTERLY ALONG THE ARC OF SAID CURVE AND SAID WEST RIGHT OF WAY LINE, A DISTANCE OF 157.28 FEET TO THE POINT OF TANGENCY, SAID POINT ALSO BEING ON THE SOUTH RIGHT OF WAY LINE OF S.W. 31ST STREET (SIESTA DRIVE)(PLAT) (BEING A FIFTY FOOT RIGHT OF WAY); THENCE DEPARTING SAID WEST RIGHT OF WAY LINE, ALONG SAID SOUTH RIGHT OF WAY LINE, S.89°44'48"E., A DISTANCE OF 135.70 FEET TO THE POINT OF CURVATURE OF A CURVE, CONCAVE SOUTHWESTERLY, HAVING A RADIUS OF 50.00 FEET, A CENTRAL ANGLE OF 102°37'52" AND A CHORD BEARING AND DISTANCE OF S.38°25'43"E., 78.06 FEET; THENCE SOUTHEASTERLY ALONG THE ARC OF SAID CURVE AND SAID SOUTH RIGHT OF WAY LINE, A DISTANCE OF 89.56 FEET TO THE END OF SAID CURVE; THENCE DEPARTING SAID SOUTH RIGHT OF WAY LINE, S.77°06'43"E., A DISTANCE OF 50.00 FEET TO A POINT ON THE SOUTH RIGHT OF WAY LINE OF S.W. 1ST AVENUE (IDLEWOOD DRIVE)(PLAT) (BEING A FIFTY FOOT RIGHT OF WAY), SAID POINT ALSO BEING ON A CURVE, CONCAVE NORTHWESTERLY, HAVING A RADIUS OF 292.00 FEET, A CENTRAL ANGLE OF 77°08'37' AND CHORD BEARING AND DISTANCE OF S.52°00'51"W., 364.12 FEET; THENCE SOUTHWESTERLY ALONG THE ARC OF SAID CURVE AND SAID SOUTH RIGHT OF WAY LINE, A DISTANCE OF 393.15 FEET TO THE POINT OF TANGENCY; THENCE CONTINUE ALONG SAID

SOUTH RIGHT OF WAY LINE, S.89°59'59"W., A DISTANCE OF 335.41 FEET TO A POINT ON THE WEST RIGHT OF WAY LINE OF S.W. 2ND COURT (SHORELAND DRIVE)(PLAT) (BEING A FIFTY FOOT RIGHT OF WAY); THENCE DEPARTING SAID SOUTH RIGHT OF WAY LINE, ALONG SAID WEST RIGHT OF WAY LINE, N.00°03'55"E., A DISTANCE OF 218.74 FEET TO THE N.E. CORNER OF LOT 13, BLOCK C OF AFOREMENTIONED FIRST ADDITION TO LAKE LOUISE MANOR; THENCE DEPARTING SAID WEST RIGHT OF WAY LINE, ALONG THE NORTH BOUNDARY OF SAID LOT 13, N.89°30'15"W., A DISTANCE OF 156.33 FEET TO THE N.W. CORNER OF SAID LOT 13; THENCE DEPARTING THE NORTH BOUNDARY OF SAID LOT 13, ALONG THE WEST BOUNDARY OF BLOCK C OF SAID FIRST ADDITION TO LAKE LOUISE MANOR THE FOLLOWING TWO (2) COURSES: S.06°27'54"W., A DISTANCE OF 100.59 FEET; THENCE S.16°57'44"W., A DISTANCE OF 104.54 FEET TO A POINT ON THE NORTH RIGHT OF WAY LINE OF S.W. 32ND STREET PER "SE/SW 31ST STREET RIGHT OF WAY MAP" AS RECORDED IN RIGHT OF WAY MAP BOOK 1, PAGE 65 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; THENCE DEPARTING THE WEST BOUNDARY OF SAID BLOCK C, ALONG SAID NORTH RIGHT OF WAY LINE, N.89°44'06"W., A DISTANCE OF 414.25 FEET TO THE EAST BOUNDARY OF LANDS DESCRIBED IN OFFICIAL RECORDS BOOK 8162, PAGE 798 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; THENCE DEPARTING SAID NORTH RIGHT OF WAY LINE, ALONG SAID EAST BOUNDARY THE FOLLOWING FOUR (4) COURSES: N.12°35'46"W., A DISTANCE OF 271.73 FEET; THENCE N.19°02'32"E., A DISTANCE OF 91.14 FEET; THENCE N.28°48'08"E., A DISTANCE OF 175.08 FEET; THENCE N.61°11'52"W., A DISTANCE OF 60.87 FEET TO THE S.E. CORNER OF LOT 10, BLOCK A OF AFOREMENTIONED LAKE LOUISE ESTATES, SAID POINT ALSO BEING A POINT ON THE NORTH BOUNDARY OF DRAINAGE RETENTION AREA NO. 5 AS DESCRIBED IN RIGHT OF WAY TAKING RECORDED IN OFFICIAL RECORDS BOOK 4037, PAGE 1322 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; THENCE DEPARTING THE EAST BOUNDARY OF SAID LANDS, ALONG THE NORTH BOUNDARY OF SAID DRAINAGE RETENTION AREA NO. 5, N.58°06'36"W., A DISTANCE OF 239.74 FEET TO A POINT ON THE EAST BOUNDARY OF LANDS DESCRIBED IN OFFICIAL RECORDS BOOK 8164, PAGE 1048 OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA; THENCE DEPARTING SAID NORTH BOUNDARY, ALONG SAID EAST BOUNDARY THE FOLLOWING NINETEEN (19) COURSES: N.31°58'50"E., A DISTANCE OF 12.84 FEET; THENCE S.76°59'18"E., A DISTANCE OF 27.56 FEET; THENCE S.82°11'52"E, A DISTANCE OF 84.35 FEET; THENCE S.76°07'49"E., A DISTANCE OF 37.97 FEET; THENCE S.84°43'50"E., A DISTANCE OF 50.56 FEET; THENCE N.20°14'43"E., A DISTANCE OF 72.40 FEET; THENCE N.21°10'52"E., A DISTANCE OF 82.18 FEET; THENCE N.72°50'43"E., A DISTANCE OF 110.60 FEET; THENCE S.62°35'17"E., A DISTANCE OF 33.52 FEET; THENCE N.18°44'03"E., A DISTANCE OF 26.86 FEET; THENCE N.31°39'00"W., A DISTANCE OF 58.12 FEET; THENCE N.16°22'51"W., A DISTANCE OF 34.97 FEET; THENCE N.10°20'51"W., A DISTANCE OF 15.09 FEET; THENCE N.03°02'30"W., A DISTANCE OF 57.19 FEET; THENCE N.89°46'03"W., A DISTANCE OF 108.42 FEET; THENCE S.75°20'00"W., A DISTANCE OF 13.08 FEET; THENCE N.27°16'40"W., A DISTANCE OF 293.29 FEET; THENCE N.83°42'24"W., A DISTANCE OF 126.02 FEET; THENCE N.27°16'40"W., A DISTANCE OF 11.13 FEET TO A POINT ON THE SOUTH BOUNDARY OF LOT 10, BLOCK C OF THE AFOREMENTIONED LAKE LOUISE ESTATES, SAID POINT ALSO BEING ON A CURVE, CONCAVE SOUTHERLY, HAVING A RADIUS OF 950.00 FEET, A CENTRAL ANGLE OF 07°35'13" AND CHORD BEARING AND DISTANCE OF S.77°59'31"W., 125.70 FEET; THENCE SOUTHWESTERLY, ALONG THE ARC OF SAID CURVE AND SAID SOUTH BOUNDARY, A DISTANCE OF 125.79 FEET TO THE S.W. CORNER OF SAID LOT 10; THENCE DEPARTING THE SOUTH BOUNDARY OF SAID LOT 10, ALONG THE WEST BOUNDARY OF SAID LOT 10, N.15°36'16"W, A DISTANCE OF 199.67 FEET TO THE POINT OF BEGINNING. SAID LANDS CONTAINING 60.18 ACRES, MORE OR LESS.



S.W. 30TH STREET (ST. JUDE TERRACE):

THAT PORTION OF S.W. 30TH STREET (A PUBLIC RIGHT-OF-WAY 50 FEET WIDE, FORMERLY KNOWN AS ST. JUDE TERRACE, AS ESTABLISHED OF RECORD BY VIRTUE OF THE DEDICATION APPEARING ON FIRST ADDITION TO LAKE LOUISE MANOR, ACCORDING TO THE PLAT THEREOF AS RECORDED IN PLAT BOOK G, AT PAGE 61, OF THE PUBLIC RECORDS OF MARION COUNTY, FLORIDA) LYING BETWEEN BLOCKS E AND F AND LYING EAST OF THE EXTENSION OF THE EAST RIGHT-OF-WAY LINE OF SIESTA DRIVE AS SHOWN ON SAID PLAT.
