Project: This project involves replacing windows in the sunroom of the home.

A summary of the work item and quotes received are presented in Table 1.

Table 1. Application summary.

Work Item	1 st Quote	2 nd Quote	Recommended Grant (75%)
Replacing windows	\$ 38,343	\$26,890	\$20,000

Findings and Conclusion:

- The home was built in 1948.
- The windows of the sunroom are original to the structure and are not all in working order.
- The improvements will increase the energy efficiency of the home.
- In addition to added energy efficiency, replacing the windows will also provide significant ventilation, maintenance, and safety improvements.
- The application meets the requirements and is eligible for grant consideration.

The Grant Review Committee (GRC) visited the property on April 15, 2025. The home was found to be in good condition, well maintained, and a good candidate for this grant program. Please refer to the images below for highlights of the existing condition. The full application is also attached.

"1,392 structures, representing approximately 68.4 percent of the structures in the East Ocala CRA have issues concerning Quality of Structure....a concentration of older, poorly maintained and

deteriorated buildings creates many negative influences in an area including a loss of economic status, a lack of interest in new development, and increased occurrence of crime, and decreased revenues for businesses." - The East Ocala Redevelopment Plan

CITY OF OCALA – COMMUNITY REDEVELOPMENT AGENCY EAST OCALA REDEVELOPMENT AREA RESIDENTIAL PROPERTY IMPROVEMENT GRANT PROGRAM

One of the statutory functions of a Community Redevelopment Agency (CRA) is to undertake activities that facilitate the redevelopment and improvement of properties. Incentive programs aimed at encouraging private investment into properties have proven to be a successful activity to carry out this redevelopment function.

Additionally, the appearance and use of buildings and structures is the basis of the public's overall impression of Ocala as it plays an important role in marketing Ocala as a special place. Improving the physical appearance and use of buildings will promote the attraction and retention of business operations and promote economic growth.

Goal 1: Strategies include – Provision of grants for properties which add value in the CRA and increase the potential for property redevelopment.

Goal 2: Restore value and prominence to gateways, corridor segments and crossroads by enhancing their physical appearance and visually differentiating their special character.

Goal 3: Improve vacant, dilapidated and nuisance properties which are barriers to corridor redevelopment and negatively impact the value of corridors and neighborhoods.

Only work begun after approval by the Ocala CRA (CRA) will be eligible for a grant.

Work in progress or performed before approval will not be eligible.

HOW TO GET STARTED

Step 1: Gather two quotes; both should include the same scope of work (if painting yourself, print paint costs from paint suppliers).

Step 2: Complete the grant application attached or visit <https://ocalafl.civicserve.com/> to complete the online.

Step 3: Submit application and other required application materials by due date.

There are three ways to submit an application;

Design Pressure (DP), Performance Class, and Performance Grade (PG) are certified by a third party organization, in many cases the Window and Door Manufacturers Association (WDMA). The certification requires the performance of at least one product of the product line to be tested in accordance with the applicable performance standards and verified by an independent party. The certification indicates that the product(s) of the product line passed the applicable tests. The certification does not apply to mulled and/or product combinations unless noted. Actual product results will vary and change over the products life.

For more performance information along with information on Florida Product Approval System (FPAS) Number and Texas Dept. of Insurance (TDI) number go to www.pella.com/performance.

Including during the construction period, casement windows should never be left open and unlocked for prolong periods or during high wind conditions to avoid sash detachment/damage.

Actual sizes tested for documented STC and OITC ratings may vary from the ASTM E 1425 sizes to better represent Pella product offering.

STC and OITC ratings shown may be conservatively based on products tested with thinner panes of glass.

STC and OITC ratings may be from test results from an equivalent product.

In such event, Buyer(s) will be entitled to keep the products.

ARTICLE 4 - CHANGES. Deletion of specific Goods shall be subject to the terms of the Cancellation provision of these Terms and Conditions.

ARTICLE 5 - ACCEPTANCE OF WORK. All work performed and materials supplied under this Contract shall be deemed in full compliance unless Seller is notified by Buyer(s) in writing to the contrary within five (5) days following substantial completion of installation.

ARTICLE 6 - TIME FOR COMPLETION. The work described under the terms of this Contract shall begin on or about the date indicated. Seller shall provide Buyer(s) with at least seventy-two (72) hours notice of the commencement of work on the Project. Seller shall make reasonable effort to complete the Project in a timely manner but there is no guarantee that shipment and installation will occur on the proposed date. Seller, installer and Pella shall not be liable for any direct, indirect or consequential damage or loss caused by delay in shipment or delay in installation for any reason.

ARTICLE 7 - PROBLEMATIC SITE CONDITIONS. If Seller is aware of conditions that make installation difficult, inefficient, or otherwise compromise the performance of the Products, including such conditions as water infiltration, mold, damaged or rotted framing or structural members, termites, wiring, or plumbing that must be moved, construction defects, lead paint, or asbestos, Seller shall have no obligation under this agreement to repair such conditions, but Seller may notify Buyer(s) of such conditions and the Contract Price shall be amended for any cost increases resulting from such conditions. If, in Seller's opinion, site conditions render performance hazardous or impracticable, it shall so notify Buyer(s) and the Contract may be terminated pursuant to Article 8 of this Contract. Seller may become aware of such conditions but is not responsible for discovering such conditions, determining the extent of such conditions, repairing such conditions or notifying Buyer(s) of such conditions.

ARTICLE 8 - SELLER'S TERMINATION. Seller, in its sole discretion, may terminate this Contract if the work is stopped for a period of thirty (30) consecutive days through no fault of Seller; or for conditions described in Article 7 above or if Buyer(s) defaults on any of its obligations contained in this Contract and does not cure said defaults within a reasonable period of time. In the event of such termination, Seller is entitled to recover from Buyer(s) such remedies as set forth under the cancellation provision (Article 3) contained in this Contract and any sums owed under the Contract, including the recovery of reasonable attorneys' fees incurred in the exercise of Seller's rights under this Contract.

Seller's or Pella's stain and paint color samples are produced as accurately as possible; however, actual colors may vary from these samples and from batch to batch. Because wood is a natural product, each window or door will display its own personality with regard to variation in color, texture, and grain pattern. Natural wood variations include distinctive grain patterns or unusual shadings and color. Buyer(s) may have been shown stain and paint samples in the color of Buyer(s)' choosing that show some, but not all, of the possible variations that can occur during the finishing process. Due to the nature of using natural products, Seller or Pella cannot be responsible for the actual degree of variation that occurs in Buyer(s)' window or door purchase. If the Buyer(s) elects finishing by the Seller, Seller warrants the finishing only as set forth in the separate 2-Year Finishing Warranty. The 2-Year Finishing Warranty is available from Seller upon request and may (but need not) be attached hereto or enclosed herewith. Where applicable, all terms and limitations of the 2-Year Finishing Warranty are made a part of this Contract as if expressly set forth herein. If finishing is not selected from the Seller or from the factory, Buyer(s) is responsible for finishing. THERE ARE NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT SHALL SELLER OR PELLA OR ITS SUBSIDIARIES BE LIABLE FOR ANY INDIRECT, SPECIAL, CONSEQUENTIAL, OR INCIDENTAL DAMAGES ARISING OUT OF OR RELATED TO THE PRODUCT OR WORK.

ARTICLE 12 - SUBCONTRACTORS. Seller may contract with subcontractors to perform some or all of the installation work. Buyer(s) authorizes Seller to utilize subcontractors for all or any portion of the work.

ARTICLE 13 - DELIVERY. The Buyer(s) agrees that the product can be delivered without the Buyer(s) being present and agrees to accept the Seller's shipping documents as proof of delivery. Buyer(s) is responsible for making available an area at the Project suitable for unloading the goods. Buyer(s) assumes all risk of loss or damage to goods once delivered. Within 7 -days after delivery, the Buyer(s) agree to provide the Seller notice in writing of any discrepancy between the product(s) ordered and the product(s) delivered. If the Buyer(s) does not provide notice within the 7 -day period, the Buyer(s) waives any rights of rejection and accepts the product(s) as is.

ARTICLE 14 - MISCELLANEOUS PROVISIONS. Seller offers this service and products, and Buyer(s) accepts them, subject to the foregoing conditions of sale and limitations of warranty and liability, which may be modified only by written contract signed by a duly authorized representative of Seller. This Contract contains the entire understanding of the parties concerning the subject matter hereof and supersedes all previous understandings relating thereto, whether oral or written. If any one or more of the provisions of this Contract shall be held to be invalid, illegal, or unenforceable, the validity, legality, and enforceability of the remaining provisions of the Contract shall not be affected. Buyer(s) may not assign this Contract, in whole or in part, without prior written consent of Seller.
