Award Start Date: 8/14/2023

Original Award End Date: 3/30/2030

Current Award End Date: 3/30/2030

Award Executive Summary: The FY2023 application is to request FY2022 Section 5307 funds apportioned to the Ocala UZA, FL in the amount of \$1,891,824 to cover capital and operating expenses for the provision of SunTran fixed-route service for the period from 07/01/2023 through 06/30/2028. The non-federal local share is \$552,000 from the City of Ocala and Marion County. The State of Florida is providing \$197,471 in Toll Revenue Credits as the 20% match to the capital and operating match in the amount of \$549,939.

The application utilizes funding for capital and operating expenses for the provision of SunTran service as well as ADA paratransit services. The City expends operating and capital cost of contracting funds for its Type 1 Service Contract with RATP Dev. The operating assistance expenses were determined by reviewing NTD data, our Type 1 Service Contract with RATP Dev, and invoices or other records of payments for SunTran expenses organized by the Department's Fiscal Manager. Funding will also be used to rebuild two Turtle Top cut-away engines and transmissions and replacement of related mechanical parts. Upgrades and maintenance of our Avail Intelligent Transportation System (ITS) and 800 MHz radio system will also be funded by this grant. The SunTran ITS activities are in compliance with the City of Ocala's ITS plan.

The SunTran facility is located within the City of Ocala complex and is secured by the City. Additional security measures are addressed as part of the maintenance contract with RATP Dev. In 2022, the City of Ocala added key card security locks as well as security cameras to the SunTran Administration and Maintenance Facility. The City has included \$20,000 for installing additional lighting for the SunTran facility where the buses are parked and also to add safety lighting and cameras to the rear of the two Turtle Top cut-aways to prevent rear-end collisions. ALI 11.44.09 is satisfying the 1% security requirement.

The City of Ocala receives FTA 5307 funds through FDOT, in accordance with FTA procedures for urbanized areas with populations below 200,000. Matching local funds are from the City of Ocala and Marion County, Florida. FTA funds are also matched using State Transit Block Grant funds and toll revenue credits were used to match FTA funds for capital expenditures. The City of Ocala will follow all 3rd party procurement policies as defined in C4220.1F (Third Party Contracting Guidance). The

City of Ocala will ensure contractors procured will not be on the FTA Suspension and Debarment list.

The budget for this grant includes an FTA allocation of \$1,891,824, state funding of \$549,939, local funding of \$552,000 and TDC funding of \$197,471.

In addition to FTAs Buy America Act, which requires that the steel, iron, and manufactured goods used in an FTA-funded project are produced in the United States (49 U.S.C. 5323(j)(1)), the Build America, Buy America Act (BABA) (Public Law 117-58, div. G 70914(a)) now requires that construction materials used in infrastructure projects are also produced in the United States. Refer to terms and conditions in FTAs Master Agreement Section 15. The BABA requirement applies to this grant, in addition to the Buy America Act, except to the extent a waiver of either requirements may apply.
