Please review the violations and how to abate them as follows:

***Compliance Requested on or before: 05/15/2025***

***Violations:***

***Section 82-182. - Dangerous buildings declared nuisance; abatement required; time limits.***

The roof is in a state of decay, deterioration, or dilapidation on both the primary structure and any accessory structures.

The building, or portions thereof, are in such condition that they constitute a public nuisance.

Wood around the windows is decayed.

Plumbing associated with potential gray water (barber shop) is not properly secured for drainage, allowing water to discharge onto the ground near walkways and stairs.

The exterior staircase and adjacent wall are pulling away from the main structure.

An additional step has been installed at the upstairs doorway, potentially obstructing safe egress.

Exterior lighting fixtures have exposed wiring above both the upstairs and downstairs doorways.
