INSPECTIONS

INITIAL	SMS	2/19/2026	2/19/2026	NON COMPLIANT		<p>On 02/19/2026, I have responded out to the property in reference to a police complaint (deriving from a citizen's call) about feral cats that are occupying the property. We (Code Enforcement Officer Hannah and I) have responded out to the property. He has obtained information from the responding officer that the property owner is deceased, and a neighbor was complaining about the feral cats that were jumping through the window and entering the premises. We have observed a broken window to the front of the property. In addition to this, from the alleyway, we have also observed that the extension of the building (serving as a carport) appears to be in poor shape. Building Inspector McClellan has informed us that the structure does constitute as "Dangerous" under the definition of a "Dangerous Structure". In addition to this, it is unsecured due to the broken window. The property is vacant. There are no active probate cases for the property listed on the "Clerk of Courts" site at this time (with the death certificate filed on 10/2025).. I did attempt to contact Animal Control (of Marion County) to request a trap. However, they are unable to set up a trap to catch the cats due to requiring property owner's permission and someone to monitor the trap. View attachments. NOVPH generation assigned to Admin, and inspections have been scheduled.</p>
