<p>SECTION 122-51 BUILDING PERMIT REQUIRED</p>	<p>STEPHANI SMITH</p>	<p>5/19/2025</p>				<p>Please ensure that all expired permits are finalized (passing a final inspection through the Permitting Department). Ensure that the permits applied for (or in review) are followed through (either voiding the permit if no work was conducted/the job was cancelled, reapplying and re-issuing the permit if work was conducted, etc). In addition to this, obtain an "after-the-fact" permit for the fence installation and bollard pole installation on the property. You may contact the Permitting Department at (352)-629-8421 or at building@ocalafl.gov. Over 20 permits have been discovered in an unfinished state. Refer to the permit list for further.</p> <p>**USE FOR NOVPH** Please ensure that all expired permits are finalized (passing a final inspection through the Permitting Department). INITIAL	SMS	5/15/2025	5/15/2025	NON COMPLIANT	<p>On 05/15/2025, a message was received from the Code Enforcement group chat by Admin about a new fence installation at the apartment complex along with the entry/exit of the complex off of NE 14th ST being completely blocked off. I have went to the property, and I have documented the new chain-link fence installation along NE 30th AVE and NE 14th ST. The sole entryway/exit off of NE 14th ST for the apartment complex has been completely closed off with the extension of the chain-link fence and the installation of bollard poles. In addition to this, Admin has also highlighted the fact that multiple permits pertaining to the apartment complex has either expired or has not even been issued. View attachments. An inspection has been scheduled to perform a further in-depth analysis of these delinquent permits along with obtaining any other relevant information for this case such as the site plan for the apartment complex from Planning and Zoning.</p>

CASE WORK	SMS	5/19/2025	5/19/2025	COMPLETED	<p>On 05/15/2025, 05/16/2025, and 05/19/2025, I have researched the CS permitting module and I have through 52 subsites and parent site for any delinquent permits (such as those that never passed a final inspection and expired, they still remain in a review status, etc). I have found approximately 20 delinquent permits through my research with the bulk of these permits being related to HVAC changeouts. I have compiled all 20 of these permits with a small page of each permit in addition to a whole list of the permits that are in a delinquent status. I have then e-mailed one of the planners to the Planning and Zoning Department for a copy of the original site plan (if applicable), and what would be required from the Planning and Zoning Department's side (such as a site plan for the changes made or a site permit).</p> <p>Soon after, I have received a response from a member of the Planning and Zoning Department. They have informed (and confirmed with me) that there are no permits, application for the fence, or site plan to permit them to change the flow of traffic. They have also informed me that a site plan permit and a minor site plan is the least that would be required for this scope of work that was conducted at the property. I have also spoken to a technician from the Permitting Department, and they also have informed me that the bollard poles would also require a permit. View attachments. A Double Fee request has been sent. CLTO generation assigned to Admin, and a Follow-Up has been scheduled.</p>

FOLLOW UP	SMS	7/2/2025	7/2/2025	COMPLETED	On 07/02/2025, I have re-inspected the property in reference to fencing installed without a permit and expired (or incomplete) permits. I have observed no active permit(s) applied and/or issued in relation to the fence installation. In addition to this, many of the other permits (such as expired HVAC permits) remain in the same and unchanged state. I have then spoken to John of Alan Quality Fence, and have requested an update. He has informed me that he was confused with the applications listed on the website. Therefore, I have provided him with the phone number to the Planning and Zoning Department along with what he needs to obtain (site plan permit). View attachments. Set inspection to monitor progress. If no progress is made by next inspection, a consideration for a NOVPH will be made.
CASE WORK	SMS	7/24/2025	7/24/2025	NON COMPLIANT	On 07/24/2025, I have re-inspected the property in reference to the fence installation and yellow bollard installation without a site plan and site permits in addition to the multiple delinquent permits discovered at the property (such as HVAC changeouts not having a final inspection). I have observed that the delinquent permits still remain in the same and expired state, in addition to no new applications applied and/or issued for the work done relating to the fencing throughout the property along with the yellow bollard poles (that closed off one entry and exit into the apartment complex). View attachments. NOVPH generation assigned to Admin, and inspections have been scheduled.

CASE WORK	SMS	10/6/2025	10/20/2025	NON COMPLIANT	On 10/20/2025, I have re-inspected the property in reference to FENC25-0016. The permit was applied for on 08/06/2025, and the plans corrections have been returned on 08/20/2025. Since then, no new updates related to the permit itself. View attachments. E-mail reminder sent to the contractor. If no change by next inspection, send to NOVPH.
CASE WORK	SMS	10/21/2025	10/21/2025	NON COMPLIANT	On 10/21/2025, I have received additional information from the contractor that pulled the permit for the fence that Andy Kesselring was currently working on a site plan for the apartment complex. They have applied for the minor site plan on 10/07/2025, and is still currently in the review process (SPLM25-0019). Set inspection to monitor progress.
CASE WORK	SMS	11/20/2025	11/20/2025	NON COMPLIANT	On 11/20/2025, I have re-inspected the property in reference to the fencing installed without a permit. As of 11/20/2025, SLPM25-0019 (for site plan) is still currently in review. View attachments. Set inspection to monitor progress.

FOLLOW UP	SMS	4/22/2026	4/22/2026	COMPLETED	<p>On 04/22/2026, I have re-inspected the property in reference to SPLM25-0019. There has been no additional updates in reference to the site plan itself. I have spoken to one of the members of the Planning and Zoning Department shortly after in reference to this particular site plan. They have informed me that they did not receive any re-submittals or any additional comments since January (of 01/23/2026). They have informed me that they needed dimensions and measurements to accompany the site plan that they have submitted. The case has started back in 05/15/2025 (nearly a year ago) with the minor site plan being submitted on 10/07/2025. There has been no additional progress notated with the minor site plan. Along with this, it appears that the delinquent permits remains as-is. NOVPH generation assigned to Admin, and inspections have been scheduled.</p>
CASE WORK	SMS	5/14/2026	5/14/2026	COMPLETED	<p>On 05/14/2026, I have re-inspected the property in reference to a NOVPH compliance inspection. The fencing encircling the property remains, and there is no additional comments for the site plan (SPLM25-0019) since 01/23/2026. In addition to this, permits still remain in a delinquent state. Bollard poles have been removed, but other than this, there are no other changes. View attachments.</p>
CASE REVIEW	JLB	5/21/2026	5/21/2026	COMPLETED	<p>After speaking with Permitting staff and the Chief Building Official, any permits labeled "CLOSED – NO FINAL INSPECTION" from around 2020 are considered closed permits with no further code enforcement action required. The remaining violations concern the installed fence and any alterations to parking lot traffic flow completed without the required site plan approval and permit (s).</p>

<p>HEARING INSPECTION</p>	<p>SMS</p>	<p>6/8/2026</p>	<p>6/8/2026</p>	<p>COMPLETED</p>	<p>On 06/08/2026, while I was assigned as a Code Inspector for the City of Ocala, I conducted a hearing inspection at 2950 NE 14th St. regarding active Code Enforcement Case CE25-0422. The purpose of this inspection was to verify compliance with the violations documented during the initial inspection conducted on 05/15/2025.</p> <p>During the initial inspection, a newly installed chain-link fence was observed along NE 30th Ave. and NE 14th St. It was further documented that the sole vehicular entry and exit point serving the apartment complex from NE 14th St. had been completely obstructed by the fence extension and the installation of bollard poles. The initial investigation also identified permitting concerns associated with these improvements and determined that site plan review approval would be required.</p> <p>Upon inspection on 06/08/2026, I observed that the conditions documented during the initial inspection remain unchanged. The chain-link fence continues to obstruct the former entry and exit point from NE 14th St., and no corrective measures have been taken to restore access or otherwise bring the property into compliance.</p> <p>A review of available records revealed that Site Plan Application SPLM25-00149 remains under review and has not been approved as of the date of this inspection. Additionally, Permit FENC25-0016 has been inactive for 209 days and has been deemed abandoned in accordance with Florida Building Code Section 105.3.2 and Florida Statutes Section 553.79 due to inactivity exceeding 180 days. The permit record contains the following notation:</p> <p>"Permit inactive for 209 days. Application deemed abandoned in accordance with FBC Section 105.3.2 and F.S. 553.79 due to inactivity exceeding 180</p>

						<p>days." According to Planning and Zoning staff, the remaining outstanding items necessary for completion of the site plan review consist of corrections identified by Stephanie Galarza. The property owner was notified of these required corrections on 01/15/2026. Based on my observations and review of the case file, the violations documented under Case CE25-0422 continue to exist. The obstructed access point remains in place, the required site plan approval has not been obtained, and the associated fence permit application has been deemed abandoned. Therefore, the property remains in violation and non-compliant at this time. ~LE</p>

RE: 26788-001-00 | 2950 NE 14TH ST OCALA, FLORIDA

Dear Property Owner:

Many times, homeowners and business owners are unaware of violations of the City of Ocala's Code of Ordinances existing on their property. A complaint has been reported to, or a violation was personally observed by a City of Ocala Code Enforcement Officer on the referenced property listed above. Please review the violations and how to abate them as follows:

Compliance Requested on or before: 06/20/2025

Violations:

SECTION 122-51 BUILDING PERMIT REQUIRED

Please ensure that all expired permits are finalized (passing a final inspection through the Permitting Department). Ensure that the permits applied for (or in review) are followed through (either voiding the permit if no work was conducted/the job was cancelled, reapplying and re-issuing the permit if work was conducted, etc). In addition to this, obtain an "after-the-fact" permit for the fence installation and bollard pole installation on the property. You may contact the Permitting Department at (352)-629-8421 or at building@ocalafl.gov. Over 20 permits have been discovered in an unfinished state. Refer to the permit list for further.

SECTION 122-212 SITE PLAN APPROVAL REQUIRED

It shall be unlawful for any person to conduct any of the following activities on a parcel:(1) Construction of a new building or structure, or expansion of an existing building or structure. (2) Alteration, change or modification of any parcel. (3)Site work, including changing of grade. A required site plan must satisfy all the city requirements. A site plan permit and/or minor site plan is required for the fence installation, bollard pole installation, and the alteration to the flow of traffic at the apartment complex. Contact the Planning and Zoning Department at (352)-629-8404 to begin the process of the application to a site plan permit and minor site plan or restore the apartment complex to the original state.

Our goal is to assist you in becoming compliant with City Code. The City of Ocala Code Enforcement believes a reasonable time to correct the above violation(s) would be by the date indicated. Should the violation(s) continue beyond the time specified for correction, the case may proceed to the Code Board/Special Magistrate for a hearing.

You may contact the officer assigned as indicated below. We appreciate all your efforts to help the City of Ocala, and our division in keeping Ocala a clean and safe place to live.

STEPHANI SMITH,
Code Enforcement Officer

Dear property owner, or agent,

You are hereby notified that the above listed violation(s) exists relating to the City of Ocala Code of Ordinances.

This correspondence will serve as notification that the above stated violation(s) must be corrected by the date indicated. **IT SHALL BE THE RESPONSIBILITY OF YOU, THE RESPONDENT, TO REQUEST A RE-INSPECTION TO VERIFY COMPLIANCE ON, OR BEFORE THIS DATE.** If you, the respondent, fails to verify compliance on or before the aforementioned date, or if the code inspector elects to proceed to a public hearing even after compliance is met, the public hearing will be conducted on the date at time indicated at:

*City of Ocala - City Hall – 2nd Floor (Council Chambers)
110 SE Watula Avenue Ocala, FL 34471*

The Municipal Code Enforcement Board/Special Magistrate has the authority to levy fines up to \$250 per day for a first violation and up to \$500 per day for a repeat violation, and to levy a lien on the real and personal property of the violator(s). A cost of prosecution will be levied in this case pursuant to Florida Statutes section 162.07(2).

You are entitled to be represented by counsel, present testimony, and evidence, and to testify on your behalf. Subpoenas for witnesses and for records, surveys, plats, and other materials may be requested and will be issued by this Board/ Special Magistrate through the office of the City Clerk of the City of Ocala, Florida. If you should decide to appeal any decision made by this Code Enforcement Board/Special Magistrate with respect to any matter considered at this meeting, you will need a record of the proceedings, and that, for such purpose, you may need to ensure that a verbatim record of the proceedings is made, on which the appeal is to be based.

IF SPECIAL ACCOMMODATIONS ARE NEEDED FOR YOU TO ATTEND OR PARTICIPATE IN THIS MEETING, PLEASE CALL 48 HOURS IN ADVANCE SO ARRANGEMENTS CAN BE MADE. PLEASE CALL THE SECRETARY OF THE MUNICIPAL CODE ENFORCEMENT BOARD/SPECIAL MAGISTRATE AT (352) 629-8309 TO MAKE SPECIAL ARRANGEMENTS.

For further information regarding your code enforcement case, you may contact the person assigned to your case by email or telephone below:

Good Afternoon,

I am going through a list of open permits for property address 2950 NE 14th ST. There is a list of a few expired permits relating to HVAC permits dating back from as early as 2014 and the latest being 2021. Please ensure that if performing work such as HVAC change-outs, that once the work is ready to be inspected, to schedule a final inspection (which can be done through the Permitting Department at 352-629-8421). I do realize that the most recent of permits may have occurred during the pandemic. For the more recent permits, if the work was completed, please ensure that the permits do pass a final inspection.

I have included an attachment of the compiled screenshots of the permits.

Thank you,

Hi Stephani, this property is zoned R-3, multifamily and was built in 1972 with a total of 48 units and LDR requires two access entries for units exceeding 16 dwelling units and fence permit is required for any commercial property. This property is a commercial property because it has multiple units. Unfortunately, I could not find the site plan because of the age of the development. It appears the roadway is FDOT controlled, and the applicant would probably need to correspond with FDOT and coordinate with our traffic department as well. I will keep search for the site plan as soon as I find it, I will let you know.

Good Morning,

I have received a complaint at an apartment complex located at 2590 NE 14th ST. It appears that the apartment complex has installed a chain-link fence, and has blocked off one of the entryways/exits to this apartment complex (altering the traffic pattern since now there is only one way in and out). By any chance, do you have the original site plan of this apartment complex? For something such as a fence installation, would a site permit be required for the work in addition to the bollard poll installation?

Thank you and have a good day,

I looked at the parcel 26788-001-00 and I do not see any permits, or any application for the fence or any site plan that permits them to alter the flow and internal circulation of traffic. They would need at least a site permit or a minor site plan to address the access and circulation issues created. They would also need a fence for the after the fact fence that was constructed without a permit.
