SUPPORT THE CITY OF OCALA PUBLIC ART AGENCY FUND

Did you know that public art in Ocala is 87% higher per capita than the City of Chicago? Our robust public art collections is comprised of murals, sculptures, galleries, and more.

The City of Ocala Cultural Arts is dedicated to enhancing our public spaces and transforming ordinary spaces into destinations for everyone to experience. As part of this function, Cultural Arts administers the Public Art Program, and encourages artists locally, nationally, and internationally to consider participation in the Program. The Program is City-wide and encompasses both public and private property.

Cultural Arts is also responsible for maintaining over eighty artworks already installed as a part of the Program, as well as determining whether to accept proposed donations of artwork and curatorial work associated with the collection.
