AFFIDAVIT IN LIEU OF PERSONAL APPEARANCE

Code Violation Hearing – January 8, 2026
Case: 2023_10164

I, **Francesco Galluccio**, being duly sworn, hereby state as follows:

1. I am one of the owners of the property located at **215 S. Pine Ave., Ocala, Florida**. This statement is made based upon my personal knowledge.
2. I am currently **out of the country** and am unable to physically attend the Code Violation Hearing scheduled for **January 8, 2026**. My property manager, **Samuel Rivera**, is authorized to appear and speak on my behalf.
3. I submit this affidavit to outline the sequence of events concerning **Permit HAR24-1488** (installation of 13 mini-split systems) and **Permit SITE24-0108** (exterior landscaping), for the Board's consideration.

MINI-SPLIT PERMIT – HAR24-1488

4. In **December 2024**, Building Permit **HAR24-1488** was obtained for the installation of **13 mini-split systems** at the property.
5. On **June 23, 2025**, the contractor of record **personally attended** the City of Ocala Permitting Department to extend Permit HAR24-1488. At that time:
   - A **$150 permit extension fee** was paid **(See Exhibit A)**;
   - A **site layout** showing the exterior condenser and all 13 interior units and **AHRI Certificate** was provided **(See Exhibit B)**.
6. In **November 2025**, I contacted the City of Ocala Permitting Department and Hector, Environmental Inspector from Code Enforcement Division to advise that the mini-split installation had been completed and that we were prepared to schedule a **final inspection**.
7. On **December 2, 2025**, I received a voicemail from the Permitting Department advising that Permit HAR24-1488 had expired in **September 2025** and that a **second extension request** would be required, subject to approval by the City's Building Official. This was the first time I became aware that a permit extension was valid for only **90 days**, rather than the original six-month term. This misunderstanding was an oversight on my part and not intentional.
8. On **December 18, 2025**, I submitted an **online Permit Extension Request** for Permit HAR24-1488 **(See Exhibit C)**.
9. On the same date, **December 18, 2025**, a **Notice of Violation and Public Hearing** was posted at the property. I immediately contacted **Jeff Guilbault, Environmental Inspector**, and left a voicemail explaining the steps that had already been taken.
10. On **December 22, 2025**, I again contacted the Permitting Department and left a voicemail requesting an update on the extension request.
11. On **December 26, 2025**, I received an email from **Lacey Ritchie, Permit Technician**, stating that upon review it was determined the permit had never been fully issued due to a "task" sent in ProjectDox on **December 17, 2024**, for which plans were allegedly never uploaded **(See Exhibit D)**. However, those plans were **physically provided** by the contractor when the extension was processed and paid on **June 23, 2025**.
12. On **December 29, 2025**, I spoke with **Liana Lucas, Permit Technician**, who advised that the City Official handling the matter on June 23, 2025 **should not have accepted the physical plans or processed the extension fee**, and that this was an administrative error.
13. On **January 6, 2026**, a **new permit, HAR26-0002**, was filed with the City of Ocala for the same 13 mini-split systems. A **Notice of Commencement** will be filed shortly, followed by scheduling of the **final inspection**.

LANDSCAPING PERMIT – SITE24-0108

14. Permit **SITE24-0108** for exterior landscaping was properly issued and expired in **December 2025.** This permit was **renewed on December 29, 2025** and is currently active until **March 2026.**

GOOD-FAITH COMPLIANCE

15. This motel is owned by my wife and I. We have invested significant time, effort, and financial resources into improving the property.
16. Due to unforeseen circumstances and the current economic environment, we experienced financial constraints. As a result, we prioritized completing the mini-split installations and necessary cosmetic improvements to the guest rooms.
17. At all times, we have acted **in good faith,** remained transparent, and made every effort to comply with City requirements. Any issues related to the mini-split permit resulted from **miscommunication and administrative error,** not willful neglect or refusal to comply.
18. Based on the actions taken, permits renewed and refiled, and inspections pending, I respectfully request that the Board consider this matter resolved and **remove any associated violations and penalties,** if any.

I thank the Board for its time and consideration.

Respectfully submitted,

Francesco Galluccio

The Department of Energy has published updated energy efficiency metrics for central air conditioners and heat pumps. This publication reflects both the 1987 metric (SEER) and the 2023 metric (SEER2). Efficiency requirements are published at 10 C.F.R. 430.32(c). Please refer to www.AHRInet.org for more information about updated energy efficiency metrics.

Permit/Application Extension Request

Permit Number	HAR24-1488
Job Address	215 S Pine Ave, Ocala, Florida, 34471
Contact Name	Franceso Galluccio
Contact E-mail	admin@shamrockcoveinn.com
Contact Phone Number	(407) 930-9799
Please state the reason for the permit extension below:	We are writing to respectfully request an extension of our permit. When we renewed the permit in June, we were under the belief that the renewal included a six-month extension, consistent with the original permit timeframe. We now understand that this was a misunderstanding on our part, and we apologize for any confusion this may have caused. Several weeks ago, we contacted the department to schedule our final inspection; however, we did not receive a return phone call. We are eager to complete the process, obtain our final inspection, and have the permit properly closed. We are a small, husband-and-wife team, not a large organization, and we have been doing our best to comply with all requirements. Our only goal is to complete the final inspection and bring this permit to a successful close. We kindly ask that you consider our request for an extension and advise us on the necessary steps to finalize this permit. We truly appreciate your time, understanding, and consideration. Thank you for your assistance.

Good afternoon,

Please see the below response from our building official. Please let us know if you have any questions.

In reviewing this request, I have determined that the permit was never fully issued. A 'task" was sent to the applicant in Projectdox on December 17, 2024, but plans were never uploaded in response. Therefore, the plan review for the project was never completed. This is therefore still considered to be a permit application, and as such is deemed to be abandoned after 180 days of inactivity. Even if the extension request previously received was applied to the application, it would have expired in September of 2025. Therefore, this permit is deemed to be abandoned pursuant to the Florida Building Code. To proceed with the project a new permit application will need to be submitted, along with plans as previously required, but never provided by the applicant.

Thank you,

Lacey Ritchie
