CASE WORK	RSM	9/23/2025	9/23/2025	NON COMPLIANT	STATUS CHECK	On 9-23-25, I checked on the status of the case since posting and noted no activity insofar as applying for/obtaining any required permits in regard to the interior construction or unpermitted signage or site plan.
CASE WORK	RSM	9/17/2025	9/17/2025	NON COMPLIANT		On 9-17-25, I posted the NOVPH (Notice of Violation & Public Hearing) to the property. I completed an Affidavit of Posting which was submitted to Admin. Photos were uploaded and follow-up was scheduled accordingly.
FOLLOW UP	RSM	10/8/2025	10/8/2025	NON COMPLIANT	COMPLIANCE DATE ON NOVPH	On 10-8-25, I checked the status of the property and note the violations remained. A check of the city's permit database showed that that no site plan or permits had been applied for / obtained. Although some of the signage had been removed, several remained. The fence was still in a state of disrepair with some of the portions now braced with wood posts etc. Under 82-3 section D (3) All damaged or missing portions of a fence shall be replaced with comparable materials and shall be attached to the existing portion of the fence in the same or like manner. Fences shall not be externally braced in lieu of replacing or repairing posts, columns or other structural members. Case to proceed to hearing. Photos attached.
						On 9-10-25, I, accompanied by Chief Code Official Hollingsworth, Fire Inspector Clayton Anderson, Building Project Manager Thomas and Project Building Inspector McClellan responded to the property to conduct an inspection. This stemmed from reports of multiple unlicensed businesses being operated from the property and potential unpermitted building and parcel modifications that had taken place. Upon arrival, I noted that fence on the property was in a state of disrepair. The building, was a one-story unit with multiple garage bay doors with adjoining offices.

INITIAL	RSM	9/10/2025	9/10/2025	NON COMPLIANT	<p>The first occupied unit inspected was #1304 (no signage). In this bay, there was obvious and apparent vehicle work being performed. There were numerous off road vehicles in the garage and what appeared to be freshly painted vehicles. The electrical panel in this bay had exposed wiring and no cover plate. There were also some visible wires hanging/wrapped around the ceiling frames. Additionally, there was a portion of the rear wall that was partially enclosed with visible studs. This was deemed unpermitted work. In speaking with the male subject (Carols). He initially claimed that he was not running any business from the garage, saying that he was simply using the space to work on his own car,4-wheelers etc. However, further conversation revealed that he stated he was buying these vehicles in Pennsylvania, repairing them and then selling them on Facebook.</p> <p>The next occupied unit inspected was unit # 1308 (advertised with signage as LTM Motorsports. In this unit, there was also a portion of the rear wall where a previous door opening had been enclosed without a permit. It was also learned that there was no valid, city issued business tax receipt for this business which was addressed in a separate code case.</p> <p>The next unit #1308 1/2 or 1308 B was advertised with signage as (Hotcar LLC). This unit was cited for no BTR and unpermitted signage. There was no one present at this location during the time of inspection.</p> <p>The next (unit 1310) advertised with signage as Hollywood Motorcycles LLC was unoccupied however there was no valid BTR on file with the city (separate code case) and there were no permits on file for the signage.</p> <p>The next unit (#1316) verbally identified as Santini Auto Group LLC) also had some exposed electrical</p>

					<p>issues on the exterior where it appeared that light fixture had been removed leaving the wires exposed. Additionally there was no BTR found to be on file with the city (separate code case). In the rear of this bay, there was also a section of the wall where a previous door opening had been enclosed without a permit.</p> <p>The next unit (#1316 C) on the rear of the building and advertised with unpermitted signage of P & M Auto Services could not be confirmed as a legitimate business and there was no BTR on file with the city (separate Code Case) .</p> <p>The next unit (1316 B) on the rear of the building and advertised with unpermitted signage of Rally Auto Sales could not be confirmed as a legitimate business but was listed also under the name of Vectra Express. There was no BTR on file with the city (separate Code Case) .</p> <p>The next unit (#1314 C) with unpermitted signage advertised as Flow Auto Sales was unoccupied. There was no active BTR located on file with the city. (separate code case)</p> <p>The next unit (# 1314 ?) on the rear of the building and advertised with unpermitted signage was Venture Motors. There was no active BTR located on file with the city (separate code case). Additionally, the building inspector noted a large hole above the garage door.</p> <p>Also in the rear of the building it was noted that there had been modifications to the parcel in the form of adding and roping off parking areas which would require a site plan.</p> <p>Additionally, there were also numerous junked vehicles deemed derelict as there were no legitimate business associated with these vehicles. Photos were taken of the noted issues and uploaded to the report. A request was submitted to Admin. to generate a NOVPH (Notice of</p>
